Plan To 'Get Out'
Pitt County Vote

YDC Prepared To Help Voters Get To Polls; Chairman Of Board Of Elections Says Everything Is In Order For Balloting Tomorrow

Members of the Young Democrat clubs of Pitt county and the first congressional district were preparing today to "get out the vote" in Eastern North Carolina for tomorrow's election.

"We are prepared to help people get to the polls in any way we can tomorrow," commented Miss Adeline Jones of Greenville, chairman of the Young Democrat organization in the first district. "If a person needs anything from a ride to the polls to a baby sitter to keep the baby while you go, just contact me or the Young Democrat who will be stationed at the balloting place in your precinct," Miss Jones said.

She stated that there will be a person stationed at each ballot box in the county tomorrow to see that the registered persons for each precinct are able to get transportation to the polls.

J. Henry Harrell, chairman of the Pitt County board of elections said today that everything is in order for the balloting to begin tomorrow morning at 6:30. The polls will close at 6:30 tomorrow afternoon.

Harrell estimated there are "fully 17,000 and probably more" voters in the county registered for election. The highest number ever to vote in a primary in Pitt county was just over 11,000, Harrell said. In the national election of 1944 Pitt county cast 8,900 votes, 4,922 for President Roosevelt and 4,000 for Candidate Dewey.

The Daily Reflector's customary election night party will begin shortly after the polls close tomorrow night and county, state and national election returns will be announced over the public address system in front of the Reflector office until the outcome of the national election is evident.

Recover Twelve
Bodies In Army
Plane Wreckage

Oklahoma City, Nov. 1.—(AP)—State Highway Patrol headquarters reported today that 12 bodies had been recovered from the crash of an Army airplane near Muldrow, Okla.

Highway Patrolman Harry Davis reported from Muldrow that witnesses saw the plane, identified as an Army type, apparently in trouble over Muldrow about 11 a.m. It exploded in the air, the witnesses said.

The trooper said the plane's fuselage crashed north of Muldrow about three quarters of a mile from where the wings and engine fell.

He said four bodies were found one mile from the fuselage and the other eight in or near that wreckage.

Greenville's Community Chest drive last week netted only \$5,581. Treasurer Johnny Overton reported this morning.

The amount is slightly over half of the \$10,500 goal set for the drive.

Prospects For Japan

Has Not Yet Reached Stability, But Post-War Recovery Is Noticeable; How Japan And China Compare Today; Production And Confidence Among The People

By RUSSELL BRINES

Tokyo—Japan has not yet reached stability, but it appears almost rock-ribbed by comparison with China.

This is the conclusion I drew from a month's vacation on the continent. The din of clamorous China was still in my ears on returning to the outward calm of this occupied country.

The differences between the two countries are even greater now than they were a year ago, when I made another swing across China.

In Japan the ideological war is continuous and so are the battles for political power. But under the occupation they are being fought in the bloodless arenas of argument and political maneuvering.

Even in Shanghai and Hong Kong, far from China's civil war fronts, it is impossible to escape the violence of China's struggle.

The fall of Tsinan, capital of Shantung province, increased the tension and apprehension in South China.

The Japanese preface their disputes with a recapitulation of their new civil rights, even though they still do not appear to understand them fully. Even the Communists talk about these rights.

But in Shanghai the people are

Chemists Study
Mystery Deaths
In Dense 'Smog'

Look For Cause Of Malady Which Took Lives Of 20 In Thirty-Six Hours

Donora, Pa., Nov. 1.—(AP)—Chemists studied their test tubes today looking for the cause of the mysterious malady which took the lives of 20 elderly people in 36 hours.

The malady struck this Monongahela River industrial town of 13,500 late last Friday as a smothering mixture of fog and smoke lay low over the valley for the third straight day.

Old time residents couldn't recall ever seeing such a dense smog, as the combination of fog and smoke is known, but it caused no ill effects until early Saturday morning.

Then the town's eight doctors were besieged by calls from asthma and cardiac sufferers. Before midnight 14 men and four women had died.

Nearby hospitals were jammed with people finding it hard to breathe. An emergency aid station was set up and hurried calls went out for oxygen equipment.

A doctor estimated the town's medical men treated between 400 and 500 cases.

The fog lifted yesterday and the number of sufferers eased off but there were two more deaths—both men. At least 32 people remained in the Charlier-Monessen and Monongahela Memorial Hospitals, two of them critical.

The State Department of Health sent in a team of chemists headed by Dr. Joseph Shilen of the Industrial Hygiene Bureau. The American Steel and Wire Company, largest industry in the town and a subsidiary of the U. S. Steel Corporation, called on the independent hygiene corporation of Pittsburgh to join with state authorities in analyzing the air over Donora.

Numerous tests were made yesterday and others were planned for today. Dr. Shilen said he hoped to have a report on the first tests this afternoon.

"But it is my guess," he added, "that we will not find anything worthwhile. The greater part of the fog had passed by the time we got into operation."

General Hodge
Takes Command
At Fort Bragg

Fort Bragg, N.C., Nov. 1.—(AP)—Lt. Gen. John Reed Hodge today formally assumed command at Ft. Bragg.

The former commander of U. S. forces in Korea arrived here yesterday. He was greeted by Maj. Gen. Leroy Irwin, who has been transferred from post commander here to the post of chief of Army intelligence in Washington.

Gen. Irwin today escorted Gen. Hodge to the post parade grounds where the new commander received a 16-gun salute and was presented the flag of honor of the 82nd Airborne Division.

A native of Galconia, Ill., Gen. Hodge during World War II led U. S. troops in the Okinawa, Leyte, Solomons, and New Georgia invasions in the Southwest Pacific. He returned to this country from Korea Sept. 1.

Mukden Bombed
As Communists
Occupy Key City

Chiang Kai-shek To Continue War; U.S. Citizens Told Leave North China

Nanking, Nov. 1.—(AP)—Mukden was bombed today by Chinese government planes shortly after the Communists completed occupation of the city.

There were many bomb explosions, including several within two blocks of the United States consulate. Casualties and damage were not known.

The bombing gave immediate point to the words of President Chiang Kai-shek, who told his Kuomintang (Government Party) Central Committee today that China "must accept the lessons of defeat by the Communists and fight on."

There was no hint of surrender from the weary Chinese leader, whose government has been shaken to its foundation by the wholesale defeats of his troops in the last three weeks.

In his first official appearance since his return from two weeks in the north where the cream of his armies were destroyed or went over to the Reds, Chiang declared:

"We have had reverses in the northeast (Manchuria) but the Communists are not yet in a position to directly menace North China."

American authorities meanwhile instructed U. S. citizens to prepare to leave North China.

Communist troops, with Mukden in their grasp, are expected to seize the rest of the great Japanese-developed industrial empire of Manchuria within three weeks.

Unconfirmed reports circulated in Peiping Chinese newspaper circles that the 53rd army in Mukden moved and went over to the Communists.

Late Mukden plane arrivals in Peiping said they saw nothing to indicate the garrison was trying to run the 100-mile Communist gauntlet to the southern port of Yingkou.

Heavy Rains And
Fog Came With
Total Eclipse

Nairobi, Kenya, Nov. 1.—(AP)—The heaviest rain, clouds and fog in the history of Nairobi coincided with this morning's total eclipse of the sun.

At dawn visibility on the main streets was down to a few yards and on the Ngong Hills, in the center of the path traced by the sun's shadow, the mist blotted out the landscape. No phases of the eclipse here visible until the sun was re-emerging. At the time the eclipse was total, the darkness was almost complete and the temperature dropped sharply.

The Helwan observatory in Cairo announced the sun was partially eclipsed as it rose over Egypt at 6:00 a. m. (11:00 p. m. EST). The eclipse continued until 6:38 a. m. (11:38 p. m. EST).

Cherry Believes
Truman To Win
Tar Heel Votes

Raleigh, N. C., Nov. 1.—(AP)—Governor Cherry said today he believed President Truman would win North Carolina's electoral votes in tomorrow's general election.

The Governor said he thought if 800,000 voters turn out in the state, it will be a large vote.

"The Governor also said he thought the voters would return a solidly Democratic delegation to Congress and that Republican gains in some counties for Congress of the General Assembly would be offset by Democratic victories elsewhere.

The Republicans are making strong attempts to capture the eighth, ninth and tenth Congressional districts, the Governor said.

Soviet-Led Body
Demands Treaty

Berlin, Nov. 1.—(AP)—The Soviet-led German people's council has issued a weekend declaration demanding a peace treaty with "an all-German government" under which all occupation forces would be withdrawn within a year of the signing of the treaty.

The declaration said that if the western powers "now hinder the conclusion of an all-German peace treaty, the continued presence of their occupation troops and administrative organs amounts to colonial annexation of German territory and colonial enslavement of the German people."

Polio Toll Now
Raised To 2,406

Raleigh, N. C., Nov. 1.—(AP)—Six cases of polio reported to the State Board of Health today included three of October onset, two September and one July.

The new cases brought the State's total for the year to 2,406. Six cases reported one case each. They were Ashe, Carteret, Gaston, Sampson, Transylvania and Wilkes.

'Mandate' Vote

New York, Nov. 1.—(AP)—A heavy "mandate" vote for President Truman and the rest of the Democratic ticket is urged by Mrs. Eleanor Roosevelt.

"I still believe in the Democratic party and its leadership," the President's widow said by transcription from Paris last night on a Democratic campaign broadcast (ABC).

Mrs. Roosevelt said President Truman "has made his record clear, x x x He has shown courage, but he needs the people's mandate to help him if he is going to be our president. He must know that they want progressive Democrats in the Senate and in the Congress."

"I think," Mrs. Roosevelt said, "that many people may feel an anxiety as they look at the record of the last Congress, as to what might happen if the people do not go out and vote for progressive liberals x x x."

Guardsmen Quit
Tennessee Town

Threatened Mob Violence Evaporates After Troops Arrive

Loudon, Tenn., Nov. 1.—(AP)—National Guardsmen withdrew from this middle east Tennessee town yesterday after their commander reported that "the situation is under control."

The troops came here Saturday on orders of Gov. Jim McCard on Sheriff Henry McDonald and Mayor E. E. Watkins reported tension was too high for safety. Five fighter planes flew over the town, but returned to their base at Nashville a little later.

Shortly after the troops left, Dist. Atty. Gen. Beecher Witt warned at nearby Madisonville that "any man who incites or takes part in mob violence will be indicted."

The tension and threatened mob violence grew out of the automobile death Oct. 23 of Knoxville hillbilly singer Ray Brewster.

Sheriff McDonald and a deputy, Clifford Hughes, are charged with responsibility in Brewster's death. They are free under \$5,000 bond pending a grand jury hearing.

The two officers said Brewster was killed when he left a highway near here during a chase to serve a larceny warrant on him. They said Brewster twice tried to ram their car with his.

The county and city offices and banks and the ABC stores will be closed tomorrow—Tuesday, general election day.

Joke Backfired

Detroit, Nov. 1.—(AP)—It seemed like a good gag at the time but Alphonse Harper of Highland Park said it wasn't a bit funny any more.

He told Detroit police that an acquaintance tried to borrow a dollar from him on the East Side early today. Harper reached in his pocket and handed the man a \$1,000 bill, according to his complaint.

"It was a joke," detectives quoted him. "I thought it would be funny to give him the grand and then watch him faint."

But the friend did not faint. He ran. And he held onto the \$1,000 bill, according to Harper. Detectives are looking for him.

Russian Soldiers
Blamed In Death
Of U. S. Official

Austrian Police Ordered Permit No One Visit Witness In Hospital

Vienna, Nov. 1.—(AP)—Four Russian soldiers were blamed today for bludgeoning an American official to death and savagely beating his Austrian girl companion.

Irving Ross, 38, an official here of the Economic Cooperation Administration (ECA), was found dead early yesterday in his abandoned automobile in the Soviet sector of Vienna.

Anna Sutkenha, Ross' companion, told Austrian police she and Ross were riding in the Soviet sector when four Russian soldiers stopped them near the south railway station. Two of the Russians tried to enter the car, she said, and when Ross resisted, they beat him over the head with their rifle butts.

Austrian police officials said today they had orders from district Russian headquarters that no one be allowed to visit Miss Sutkenha in Kaiser Franz Josef hospital. This applied to personal visits and "all police investigators."

The American provost marshal said a request for permission for U. S. investigators to visit her already had been sent to the Russians. This is a normal procedure, he said, in cases in which one occupying power wishes to interview someone in the zone of another occupier.

U. S. Army investigators said "there are many questions to which we lack answers" including a motive for the vicious beatings.

Unofficial American sources said Miss Sutkenha was the last of a number of persons Ross was driving home from a Saturday night party.

One theory American investigators are considering is that Miss Sutkenha, described by Austrian police as an Austrian, may be a Russian native in Austria as a displaced person.

An Austrian police official described the slaying as "the most brutal I have ever seen." Police said Ross' skull had been crushed by blows and that his body bore wounds indicating he had been bayoneted. The car was spattered with blood.

Wallace Asserts
FDR Had Third
Party In Mind

New York, Nov. 1.—(AP)—Henry A. Wallace, winding up his Presidential campaign, said last night that President Roosevelt had planned to build a third party if he could not "clean house in the Democratic party."

Wallace said the late President disclosed the third party plan in 1938 to him and Rexford Guy Tugwell, then a top Presidential adviser.

The Progressive Party Presidential candidate said in campaign speeches that Roosevelt "laid the plan aside temporarily because of the war" but intended to take it up again.

The plan, Wallace said, was dropped at Roosevelt's death because "the Democratic party was taken over by Wall Street men whom Roosevelt called in to help win the war and whom he ran—they didn't run him."

N. C. Vote May
Be Affected By
Rain Tomorrow

By The Associated Press
A forecast of rain for parts of the Carolinas today and tomorrow may affect the size of the vote in the general election.

In past elections rain has diminished the anticipated vote total, particularly in rural areas.

For North Carolina showers were expected over the east portion today and over the extreme west portion tomorrow. Rain was predicted for the east and south portions of South Carolina today, and for the extreme northwest portion tomorrow.

Temperatures were expected to be somewhat lower today, but mild weather was the outlook for tomorrow.

Decree Deposes
Exiled Peruvian

Lima, Peru, Nov. 1.—(AP)—A group of young military men took over the operation of Peru's government today after a three-day bloodless revolution.

Gen. Manuel Odría officially assumed office as provisional President yesterday. One of his first acts was to read a decree officially deposing Jose Luis Bustamante, the middle-of-the-road President who is now an exile in Argentina.

Bustamante served three years of his six-year term.

Cheyenne, Wyo.—(AP)—Gov. Lester C. Hunt, attending a rodeo noticed a pretty girl ruefully eyeing a stretch of muddy track she had to cross. He approached her and said a few words, to which the girl, Marjane Albright, nodded eagerly. So the governor carried her piggy-back across the mud.

Final Plea For Votes Tonight From Living Room Of His Big White Frame Home; Will Learn Results Wednesday

Independence, Mo., Nov. 1.—(AP)—President Truman strode again today the streets where he played as a boy as he waited with the home-folks for the nation to vote tomorrow.

It was 7 a. m. in Independence when he left his home for a brisk, 20-minute walk around the old neighborhood, accompanied by two Secret Service agents.

He stopped for a bit to chat with friends at the garage of Ray Willis, who has been repairing the Truman family car for years, and waved or shook hands with early risers he saw on the streets.

There was a threat of rain in the air as he drove later to nearby Kansas City where he had breakfast with the Red Cross of Constantine in the first of a round of Masonic engagements.

After that he rested at his suite in the Hotel Muehlbach before going to the Kansas City club for lunch.

Mr. Truman makes a final appeal to the American people tonight, for the heavy vote on which he pinned his hope for another term in the White House.

He closes his case with the nationwide broadcast at 10:30 p. m.

Vote Predictions
Are Optimistic

Big Candidates Voice Confidence On Eve Of Election

By THE ASSOCIATED PRESS
Election Eve—As usual—finds the major Presidential candidates confident of victory.

President Truman, speaking in St. Louis Saturday night, said the people, through the Democratic party, "are going to win this election."

Gov. Thomas E. Dewey, the Republican nominee, told a New York City audience it was the "eve of victory" for the GOP.

Truman has predicted a vote of 80,000,000. He says a heavy vote "is always good news for the Democratic party."

Herbert Brownell, Jr., GOP campaign manager, looks for a \$2,000,000 turnout with a margin of at least 3,000,000 for Dewey.

Gov. J. Strom Thurmond, States Rights candidate, predicted his ticket will receive "millions of votes" and prevent either Truman or Dewey from enacting an anti-job discrimination law.

Henry Wallace, describing the 1948 campaign as only one battle in a long war, says that regardless of the outcome his Progressive party will fight on.

The Electoral Votes

Keep Your Eyes On The Electoral Votes Tomorrow; How A Leader In Popular Vote Could Lose To Candidate With Electoral Votes Of Twelve States; A Review

By JAMES MARLOW

Washington, Nov. 1.—(AP)—Keep your eye on the electoral votes when the election returns start rolling in tomorrow night.

There are 531 electoral votes divided up among the states. The candidate who gets a majority of them—266—wins.

Why those 531 electoral votes? Because they equal almost total number of people the 48 states have in Congress: 96 Senators and 435 House members.

Each state is entitled to a number of electoral votes equal to the number of people it has in Congress. For example:

There are 47 New York state people in Congress: the two Senators and 45 House members.

Say Republican Thomas E. Dewey gets 3,000,000 votes in New York, and Democrat Harry S. Truman gets 2,999,999.

Then Dewey, although receiving only more popular vote than Truman, gets all of New York's 47 electoral votes.

Upwards Of 50 Million
Citizens Expected
To Visit Polls Tomorrow; Truman
And Dewey Voice
Confidence; Senate
Battle Draws Attention

By The Associated Press
Harry S. Truman and Thomas Edmund Dewey came to the fork in the presidential trail today.

Tomorrow the people will beckon one of them on.

The Democrat who holds the White House lease and the Republican who holds high hope of breaking it planned only the customary get out and vote appeals for tonight's windup to a long and exhausting campaign.

Depending on how those pleas are heeded—and the weather—upwards of 50,000,000 citizens will visit the polls. They will decide, among other things, which party will control the next congress—and especially the Senate.

But for all the oratory, energy and dollars expended in trying to sway the world's greatest court of public opinion, only time can tell whether the winner and his party will relish victory through each of the next four years.

The cold war in Europe and the hot war in China underscore the unfinished task of the peacemakers. At home high prices leave unmanaged whether the current boom will turn into a bust.

For Dewey it is a second try—and the first time the Republican party has left its banner in the hands of a defeated candidate. When New York governor test a close popular vote decision to the camp in 1944, but Franklin Delano Roosevelt's fourth term victory in the electoral college was a whopping 432 to 99.

For Truman it is an uphill race to win his own right the mantle that fell upon him—as he put it—with "the whole weight of the moon and stars" and "all the planets" when Roosevelt died April 12, 1945. From the heights of popularity in the months that followed, Truman had to put down rebellion in his own party last summer. He was not completely successful.

But the President stoutly disputes the poll takers who show Dewey far in the lead. Even without the votes he will lose in the south to States Rights Democrat J. Strom Thurmond and elsewhere to Progressive Party Candidate Henry Wallace, Truman insisted in his campaign windup that he is going to win.

"The north, the south, the east and the west are falling in line," he declared at St. Louis Saturday night.

For his part, Dewey too was confident. He spoke of "the eve of victory" as he closed his campaign in New York's Madison Square Garden—the city where he rose to fame as a racket busting district attorney.

Dewey then went to his Pawling, N. Y., farm to rest until he returns to New York late today to vote and await the outcome.

Delegates Rest Until Election

Paris, Nov. 1.—(AP)—American delegates to the United Nations scattered through western Europe on brief holidays today as the world body marked time pending the result of the American elections tomorrow.

Informed sources said, however, that the "vacation" trips of American diplomats were concerned with laying the foundation for future moves in the battle against Communism.

The delegates had an extra-long weekend as the U. N. recessed because Nov. 1, All Saints Day, is a national holiday in France.

John Foster Dulles, Foreign Affairs adviser to Gov. Thomas E. Dewey and possible secretary of state if the Republican candidate wins in tomorrow's election, flew to Scandinavia for conferences with Danish, Norwegian and Swedish leaders.

The subject of the informal talks was said to be possible adherence by the three Northern nations to the projected north Atlantic security pact. The pact would add the United States and Canada to the five Nations of the western European union—Britain, France, Belgium, the Netherlands and Luxembourg.

Secretary of State George C. Marshall was in Britain for talks with Prime Minister Clement Attlee and Foreign Secretary Ernest Bevin.

Capt. Lester Jones Regains His Health

Capt. Lester Jones of Greenville, commander of Troop A, composed of the northeastern counties, State Highway Patrol, who underwent a serious operation at Veterans' Hospital Mount Alto, in Washington, D.C., several weeks ago, is recuperating satisfactorily and he hopes to return shortly to his home here, a card from the popular officer today stated.

Capt. Jones was among the first men to be appointed to the Highway Patrol many years ago. Sgt. S. G. Lewis, stationed at Rocky Mount, has been substituting for Capt. Jones during his illness and had made a lot of friends here.

Australia Will Hunt Prisoners Of War

Canberra.—(AP)—The Australian government plans to round up 40 escaped German and Italian prisoners of war and internees. They will be deported to their own countries. Immigration Minister Arthur A. Caldwell said they will not be allowed to return to Australia.

Met Head-On

Edison, Ga., Nov. 1.—(AP)—Two trainmen were killed and 11 persons injured last night when two Seaboard Airline trains collided head-on here.

A passenger train and a freight rammed each other at this small southwest Georgia town, leaving the locomotives mangled and battered and twisted steel. All passenger coaches remained on the tracks.

Favor Canes For Embryo Soldiers

London.—(AP)—"Spare the rod, spoil the soldier," the British Army believes — and parents of cadets agree. The war office says that it asks permission of parents of all boys in military schools to cane their children "if the occasion should arise." Seventy-five percent of the parents approve of the canings.

The old fashioned punishment of caning is better than such punishments as keeping the boys in to do extra work, a war office spokesman explained.

Stassen To Fire GOP 'Last Shot'

Charlotte, N. C., Nov. 1.—(AP)—Former Governor Harold Stassen of Minnesota will fire the Republican party's final oratorical big gun in the campaign in North Carolina in Charlotte tonight.

His Charlotte address is scheduled to end a whirlwind trip starting with his early afternoon arrival at Charlotte airport. The program called for state Republican chairman Sim Delapp (Cal D & L) of Lexington and other party leaders to meet him and escort him to Lexington for a brief address at Davidson county's courthouse.

Winterville P. T. A. will meet Thursday evening at 7:30 in the high school auditorium. Parents are urged to attend.

A LESSON FROM THE CHINESE

● The story is told that the Chinese pay the doctor to keep them well, and if they contract illness, the doctor pays them instead. Whether or not this story is true, the general idea is sound. Serious illness often can be prevented by regular health examinations. Form a habit of visiting your doctor often—at least twice a year. If you do not have a family physician, we will be glad to recommend several from whom you can make your selection.

Abdullah Hopes To Unite Arabs And Bring Peace

Amman, Trans-Jordan, Nov. 1.—(AP)—King Abdullah of Trans-Jordan declared today he is "determined to bring peace" to Palestine's Arabs and to avoid disagreement and disunity among the Arab nations.

His speech from the throne to the opening of Trans-Jordan's parliament coincided with the arrival here of delegations from Arab cities of Palestine asking his help.

Chiefs of Arab tribes and civil leaders from the Palestine cities of Hebron, Bethlehem, Gaza, Beer-sheba and Nablus pledged their

loyalty to the Trans-Jordan monarch.

The king said the Arab states had faced the end of the British mandate in Palestine last May "unprepared, without means of fighting."

Accused Robbers Waive Hearing

By CHESTER WALSH

In Police Court today, George Wesley Turner, 20-year-old Kinston youth, who is charged with breaking, entering and larceny of money from a safe in the Wagner-Marshburn Company's place, on western Dickinson Avenue, last September 10, waived preliminary hearing before Judge J. W. H. Roberts, and he was ordered held in jail without bond for Superior Court.

Police Chief L. T. Lusk of Farmville and Greenville Detectives M. E. Corbett and Capt. Dorsey arrested Turner and William Hales, 20-year-old Kenly youth, in Charlotte last week in connection with safecracking jobs in Greenville, Farmville and Kenly.

Police said the safe at the Wagner-Marshburn Motor Company's place here was rolled from the office to a rest-room and that the safe-cracker used one of the company's acetylene torches to burn off the combination. Authorities also said the safes in Farmville and Kenly were opened by the acetylene method.

William Hales, who is in jail here with Turner, is charged with receiving stolen money from Turner in Farmville. He waived hearing in Farmville last week and is being held here for trial in Superior Court.

William Earl Lewis, 41, of Kinston, who was arrested in Wilson about 10 days ago on suspicion of complicity in Turner's operations was released last Friday, after it was established that he was not connected with the robberies.

Superior Court Convened Today

Judge J. Paul Frizzelle of Snow Hill is presiding over a one-week mixed term of Superior Court at the City Hall this week.

The sessions will be devoted to trial of criminal cases, Fifth District Judicial Solicitor W. J. (Dick) Bundy said today. The court was to be recessed this afternoon until Wednesday morning on account of the general election Tuesday.

Cases scheduled on the calendar for hearing today were: Daniel Brown and James Brown, charged with assault with a deadly weapon with intent to kill; Will Jones and Leon R. Tyson, burglary; Henry Faircloth, false pretense; Zeno Brown, secret assault; Sam Langley, arson; and William H. Green, attempted rape.

Passenger Dies As Ships Collide In Hampton Roads

Norfolk, Va., Nov. 1.—(AP)—A collision between a passenger steamer and a tanker in Hampton Roads yesterday resulted in the death of a woman passenger on the steamer and injuries to three others.

The dead was Marion E. McWhorter, 22, of Tifton, Ga. She was a field representative of the Bureau of Labor Statistics, Labor Department, Washington.

Captain E. H. Eaton, of Washington, skipper of the steamer District of Columbia, told an investigating officer that they tried to avoid the crash, which occurred in a heavy morning fog. He said the tide was too strong and the steamer side-swiped the tanker.

Male Tax Takes Place Of Poll Tax In Village

Louisville, Colo. — (AP) — Although Colorado has no poll tax, male citizens in Louisville, a northern Colorado town of 2,700, have to pony up a \$3 tax every year. Either that or do four hours' work for the city at 75 cents per hour.

The tax has been in effect since 1882 and catches every male between 21 and 60 except war veterans and city firemen. "It's a very handy when it comes time to clean out the curbs and gutters in the spring," said John A. Dionigini, city clerk and recorder. "Of course some people mistake it for a regular poll tax and think it applies to voting." But it doesn't. If you're a Louisville male, you pay it whether you want to vote or not.

Greeks Postpone Threat To Quit

Athens, Nov. 1.—(AP)—The unstable Greek government has postponed temporarily its threat to resign. It will carry on for another eight or ten days, an authoritative source said yesterday.

King Paul is reported to have intervened in favor of Prime Minister Themistokles Sophoulis' remaining as head of the coalition government.

Sophoulis, who also is leader of the Liberal party, has split with his deputy leader, Sophocles Venizelos. The latter has demanded a cabinet reshuffle.

An authoritative source said the two men had agreed on a postponement of the show-down. This course was reportedly recommended, when Venizelos saw the king Saturday night. United States authorities in Greece were understood to be opposed to any cabinet reorganization at this time.

Assert Reds Too Smart To Fight

Berlin—(AP)—The Germans are being told that the Russians are smarter than Hitler—too smart to start a war with the west.

This is the theme of a pamphlet put out by American Military Government. It is one of a series distributed in Germany and described as "reliable interpretation" of the world situation. The pamphlet is called "Russia — The Story of a Great Bluff." It was written by Franz Borkenau, professor of modern history at the University of Marburg in the U.S. zone of Germany.

Wide Open Scramble Ahead In Selecting Star Backfield

No Individual Standouts This Season; Several Candidates Strengthen Their Positions In Weekend Games

New York, Nov. 1.—(AP)—If picking the national college football champion this year is tough—with every sector offering a candidate—selection of the All-America backfield promises to be tougher.

There have been no individual standouts of the Johnny Lujack and Bob Chappuis stripe of last year. As the season moves down the backstretch, a wide open scramble looms for individual honors.

A number of athletes strengthen their bids with outstanding performances over the weekend as the nation's nine unbeaten and untied powers kept their records unblemished.

The present campaign, in fact, hasn't had such a one-day rash of backfield heroics.

Doak Walker, Southern Methodist's sophomore member of last year's honor quartet, hit his stride against Texas. Stan Heath, Nevada's passing wizard, went on an aerial rampage to write a new collegiate record.

Emil Sitko emerged as the new spearhead of Notre Dame's Irish while glittering exploits were turned in also by Jack Jensen of California, Norm Van Brocklin of Oregon, Chuck Ortman of Michigan, Francis (Red) Bagnell of Penn. and Army's crack touchdown tandem, Gil Steinhilber and Bobby Jack Stuart.

Meanwhile, a new appraisal of the nation's top teams was in order even though all advanced in unbroken phalanx.

Michigan's Wolverines, ranked first for two weeks running, puffed past a hard-to-convince Illinois, 28-20, while two of the South's unblemished giants, North Carolina and Georgia Tech, had their hands full with a couple of neighborhood foes.

North Carolina, with Charlie Justice heaving two touchdown passes, topped Tennessee, 14 to 7, with one Vol scoring run nullified by a penalty. Tech rallied in the last half to vanquish Duke, 19-7.

California's Golden Bears, bidding for a Rose Bowl spot, edged past Southern Cal, 13-7, thanks to some fine ball-carrying by Jensen.

The other four major unbeaten teams to see action—Notre Dame, Army, Pennsylvania and Nevada—turned in smashing, one-sided victories. Clemson, the ninth member of the perfect list, played Friday, beating Boston College.

Coach Lefty James is extremely high on Lynn (Pete) Dorset, Cornell's sharp-shooting little quarterback and insists that his ace is the equal of any college player operating under the center in the T-formation. Dorset is the hardest worker on the squad and the lightest. He is a fine all-around football player despite the fact that the spotlight has been focused on his passing since the occasion last fall when he passed Princeton dizzy, completing ten passes in ten attempts.

Cornell's running game clicked until Hillary Chollet was forced to the sidelines nursing injuries in the Army game. The advent of Jeffrey Fleischmann, a rugged sophomore who has been battering opposing

Cuban To Lead Class 'B' Loop

Port Lauderdale, Fla., Nov. 1.—(AP)—The Florida International Baseball League today became a Class "B" circuit with Merita Acosta of Havana the new president.

Acosta was named president pro tem at the director's annual meeting here yesterday, succeeding Judge Wayne Allen of Miami. Allen had served as head of the Class "C" loop since it was organized in 1946.

Acosta is president of the Havana Cubans and a former Washington player. He will serve until a permanent president is elected in Tampa, Nov. 14.

An 'Off-Day' For Satchel Paige

Los Angeles, Nov. 1.—(AP)—Old Satch Paige, still going on the exhibition circuit, had his ears pinned back yesterday. Bob Lemon's All-Stars reached him for eight runs, eight hits in five frames and an 8-4 win over the Kansas City Royals.

Lemon gave up three runs, five hits in five innings. A crowd of 14,625 looked on at Wrigley Field.

Justice Wants A 'Good Year' For Fullback Rodgers

Knoxville, Tenn., Nov. 1.—(AP)—The fired-up Tennessee football team held Charlie Justice to only 47 yards in 13 running attempts, but Coach Bob Neyland of Tennessee said today:

"It isn't the things that Justice does that hurt. It's the things you have to do to prevent him from cutting loose."

In this day of extreme football specialization, the handsome, quiet North Carolina halfback is one of the few triple threat men who really works at the trade.

His running bottled up by Tennessee, he rifled two touchdown passes to keep his team among the unbeaten of the land. He got off a quick kick for 14 yards, and plenty other punts for more than 40.

Before the present season started, carrying with it the hope for him of All-America recognition, Justice said:

"All I want is for Hosea Rodgers to have a good year."

Rodgers is the big North Carolina fullback who is the "two" of the "one-two" North Carolina offensive punch. If any team stops Justice, then Rodgers cuts up the center of the line.

"Hosea won our last three games for us," says Justice, to which Hosea says, "Aw shucks."

Justice doesn't look to be fast, but is remarkably so. He keeps his feet and has a wonderful sense of balance. He gets by would-be tacklers not by running over them, but by drifting up, giving them his hips, and easing off just as they encircle him with their arms.

He got his nickname of "Choo Choo" from a commodore at Baltimore who said, as he reeled off a long touchdown run, "That boy runs like a choo-choo train."

He is thoroughly superstitious. When he found he came to Knoxville without the old half cent coin he considers his lucky piece he so upset he considered telephoning his wife to try to have it fetched over the mountains in time for the game with Tennessee.

North State Top Scorers Advance

By THE ASSOCIATED PRESS

Leading scores of the North State conference fattened their totals over the week-end.

Three players chalked up their touchdowns each in their teams' victories—Lee Spears of Catawba, Bill Loyd of High Point and Frank Tingley of Elon. Appalachian's Herman Bryson got two.

Fullback Spears also converted for three points in Catawba 21 to 6 win over Presbyterian to send his total for the season to 80 and a healthy lead over his nearest opponent, Bryson, with 66 points.

Wingback Tingley's three tallies in his team's 37 to 12 win over Newport News Apprentice left him with 24 points for the year. Loyd's total rose to 36 points as High Point tripped Guilford 35 to 27. His teammate, Collins, also has 36 points.

Speacht of Catawba, Murdock of Appalachian, and Maulsby of Guilford have 30 points each. Tied with Tingley at 24 points are Evans of High Point, Scholl of Guilford, Monroe of WCTC, and Winner of Guilford.

Appalachian, with a record of 5 wins against no setbacks, continued to pace the conference. Catawba and WCTC are tied for second with 3-1 records. High Point, Lenoir-Rhyne and Elon are tied for third place.

New York, Nov. 1.—(AP)—Big league professional basketball gets into full swing this week with the Basketball Association of America joining the National League on the courts.

The National circuit began activity Saturday night.

St. Louis plays at Indianapolis tonight in the BAA bid lifter. All 12 clubs will get started before the end of the week.

The Baltimore Bullets are defending champions of the circuit, which added teams from the rival National League during the off-season.

Alabama won 30 straight football games on its home field between Nov. 14, 1913 and Nov. 11, 1921.

Gridiron Gossip

By "BOO BOO" BUTLER

ECTC's starting line was dealt another shocking blow Saturday when word was received that Silas Baggett, 170-lb. first-string guard, dropped out of school. "Sally," as he is known to his friends, started every game but one for the Pirates this year. He first entered ECTC at the first of the '47 season; that is when he impressed Johnson very much. His skill to elude blockers and to throw the ball carrier for a loss not only caught the coaches' eyes but several of the spectators.

Just before the first game of the '47 season Baggett had to drop out of school because of financial conditions beyond his control.

Coach Johnson with a little money on hand asked Baggett to give it another try this year. He was working with the Bell Telephone Company at this time. At the beginning of football season, he dropped his job and came to ECTC to look a self-help job to help him with his expenditures. At night he would go from room to room selling hot dogs and during the daytime he would look after the drink box. This is entirely too much for someone who is putting in full time on the football field, but he did it. Coach Johnson said, "Baggett dropped out of school because he had too much of a mental, physical strain on him. His school work and his work on the outside was too great a burden on him." He didn't say anything to Coach Johnson when he left because he realized that Coach was doing everything in his power to help him along in school. If Coach Johnson had had the money to pay Baggett's way straight through school like other college, he would have had more time to spend on his studies, and football.

Brooklyn, N. Y.—(AP)—Among the former Dodgers who saw action in the Pacific Coast League during the past season were Ernie Lombardi, Harry Lavagetto, Tom Seaver, Alex Kampouris, Ed Basinski, Pete Coscarart, Jack Graham and Ed Albosta. Former Dodger manager Casey Stengel piloted the Oakland Oaks and Frank (Lefty) O'Doul, ex-Dodger right fielder, managed the San Francisco Seals.

Qualifying Play

Pinehurst, Nov. 1.—(AP)—Qualifying play was carded at the Pinehurst Country Club today to complete the field for the 45th annual North and South Open Gold tournament beginning tomorrow.

The 72-hole, \$7,500 tournament will conclude with a 36-hole final program Thursday.

Today's leading qualifier will join a select list of players already eligible by virtue of achievements in other major events during the past year.

Defending Champion Jim Turnesa of Elmsford, N. Y., winner a year ago with a four-under par 284, heads a field that includes most of the leading professionals and a sprinkling of the better amateurs.

New Record For Aerialist Baugh

New York, Nov. 1.—(AP)—Berlin has its air but the National Football League still has the air arm—Sammy Baugh.

Baugh, the air general of the Washington Redskins, has added another passing record to his collection that includes four lifetime marks.

The veteran quarterback gained 446 yards through the air yesterday as he pitched the Redskins to a 59-21 victory over the Boston Yanks.

Baugh completed 17 of 24 attempts and hurled four touchdown passes in surpassing the former mark of 433 yards, in a single game set by Sid Luckman of the Chicago Bears on Nov. 14, 1943, against the New York Giants.

The field day enabled Baugh to increase his record lifetime totals in attempts to 2,214; completions to 1,275; yards gained by passing to 16,397 and touchdown passes to 13. The 'Skins also set a new team mark for yards gained by passing, gaining 501 yards to break the previous mark of 488 set by the Bears also on Nov. 14, 1943.

Chicago Talking Baseball Trades

Chicago, Nov. 1.—(AP)—Trade winds were blowing on the Chicago baseball front today, but it was hard to tell which way and how strong.

Both the Cubs, who reportedly are dangling first baseman Eddie Waitkus and catcher Clyde McCullough as barter-bait, and the White Sox, whose most salable player presumably is infielder Don Kolloway, held executive huddles aimed at bolstering their last-place finishers.

Owner Horace Stoneham and Manager Leo Durocher of the New York Giants dropped in at Wrigley Field yesterday to see the football Giants get trimmed by the Chicago Bears, 35-14, and also to chat baseball business with the Cubs.

If they offered catcher Walker Cooper and first sacker Johnny Mize for an opening bid, they got a cold shoulder from Manager Charley Grimm of the Cubs, who told reporters:

"I'm definitely not interested in Cooper or Mize. And I don't believe the Giants will trade anybody else."

With Owner P. K. Wrigley and General-Manager Jimmy Gallagher, Grimm spent most of last weekend listening to reports of Cub scouts and farm system business managers. Grimm planned further talks today on trade prospects with Wrigley and Gallagher.

Racing Cyclists In Four-Way Tie

Chicago, Nov. 1.—(AP)—A four-way tie for first resulted after last night's spill-marked opening session of the 47th International six-day bike race at the International Amphitheater.

At 90 miles, Cesare Moretti of Milan, Italy, and Rene Cyr of Montreal, Que.; Angelo DeBacco, Newark, N.J., and Charley Bergna, Paterson, N. J.; Roger De Corte and Alvaro Goretzki, Milan, and Ferdinand Grillo, Casablanca, Morocco, all were a lap up on the field.

Four Proposed Constitutional Changes To Be Decided Tuesday

IN JAP DRYDOCK—The Repose, U.S. hospital ship, is painted and overhauled at the former Japanese naval base at Yokosuka. The drydock handles ships which formerly had to return to Honolulu or the west coast for repairs.

Raleigh, N. C., (AP)—North Carolina voters will decide on four proposed changes in the state constitution when they go to the polls Tuesday.

If adopted, the four amendments would:

1. Increase the pay of members of the General Assembly.
2. Remove the present constitutional debt limitation on the state, counties and municipalities.
3. Increase the maximum tax which counties may levy for general purposes from 15 cents to 25 cents on the \$100 valuation.
4. Eliminate the practice of voting against the registration in special elections held to authorize bond issues or tax levies.

The legislative pay amendment this week received the support of W. Kerr Scott, Democratic nominee for Governor, who said "unless we adjust legislative compensation in line with current living costs, we face the danger of making the General Assembly a 'rich man's club'."

The amendment would increase the pay of legislators from \$600 to \$1,200 per session and the pay of presiding officers from \$700 to \$1,500 per session.

The present constitutional pay provision was adopted by amendment in 1928. Many legislators, point out that living costs have more than doubled in the past 20 years, have complained they cannot make ends meet on their salaries and that they have to dig into their own pockets to pay the costs of living in Raleigh during legislative sessions.

The proposed amendment on debt limitations would insert this provision in the constitution:

"The general assembly shall have the power to contract debts and to pledge the faith and credit of the state and to authorize counties and municipalities to contract debts and pledge their faith and credit."

The amendment would remove any limitation on the power of the general assembly to borrow money in the name of the state. It also would remove present limitations on cities and counties in contracting debt, but it would keep borrowing by the local units under the control of the legislature.

The constitution now provides that the state may borrow money to pay an existing debt, in anticipation of taxes, to supply a casual deficit and to suppress riots or insurrections or repel invasions. For any other purposes, the state cannot borrow more than two-thirds the amount the debt was reduced in the preceding biennium without a vote of the people.

The constitution also provides that "the general assembly shall have no power to give or lend the credit of the state in aid of any person, association or corporation x x x."

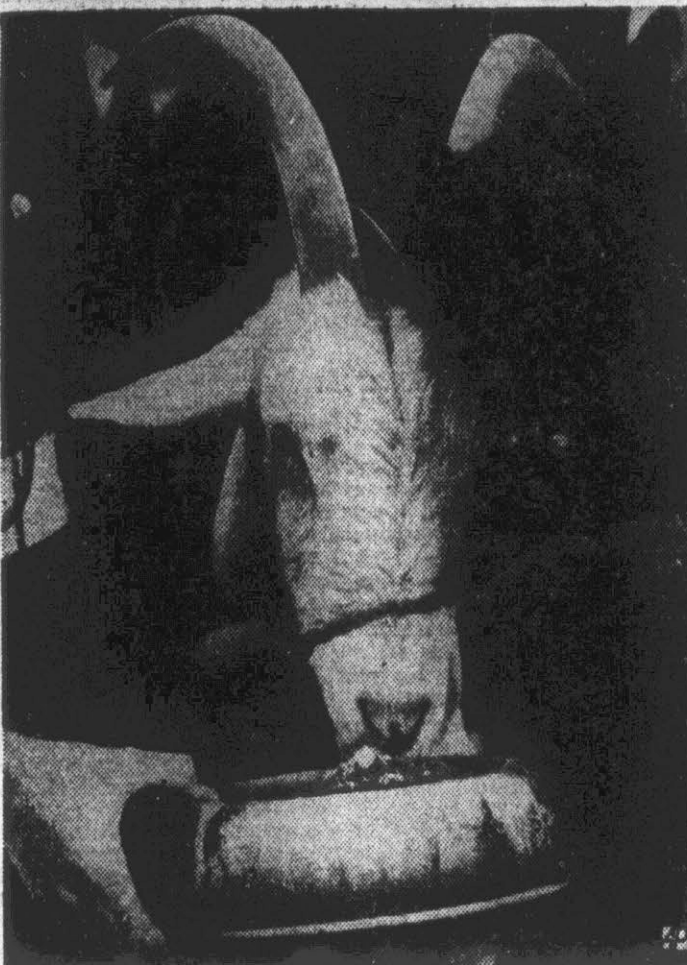

The amendment, if adopted, would eliminate this provision. Under the present provision, cities and counties cannot borrow in excess of two-thirds the amount they deducted their debt during the preceding fiscal year unless an election is held and the people approve.

Those favoring the amendment point out that the present provision makes it difficult for counties and cities which are debt-free to borrow, but makes it easy for those debt-laden.

The third amendment proposed would increase the amount of taxes which counties may levy for general purposes from 15 cents to 25 cents on the \$100 valuation.

Its proponents say it was proposed because revenues realized from the 15-cent levy have proven inadequate to finance general expenses of the counties.

The last of the four amendments would make it so that a majority of those voting instead of a majority of the registration would suffice to carry special elections on bond issues or tax levies.

Commissions In Army Offered

The United States Army is offering qualified civilians direct commissions as second lieutenants in the Reserve Officer Corps with two years immediate active duty in one of four branches of service, according to a statement issued today by M-Sgt. D. D. Boswell, commanding officer of the local Army and Air Force Recruiting Station.

In order to build up the reserve components of the Army, these commissions will be granted in the Infantry, Cavalry, Field Artillery and the Anti-Aircraft and Guided Missile branches. Those qualifying will be called to immediate active duty for a period of not less than two years. Prior to actual duty with troops, the newly commissioned officers will be given a twelve week training course.

Qualifications for these commissions are as follows: male citizen of the United States, be 19 years of age but not have reached 32nd birthday, have one year of previous military service in one of the armed forces, physically fit, have two years of college training, attain a score of 110 or higher on the Army General Classification Test, and be willing to accept active duty for not less than two years at the time of commissioning. No commissions will be granted men who are currently attending college or who will be attending college at the time of commissioning.

Women In The Church

The United Council of Church Women has endorsed the "call to prayer" made on behalf of UN delegates and leaders of nations by the Laymen's Movement for a Christian World. "Many thousands of church women are pledged to pray daily for world leaders and for 'increasing awareness of God's presence in my own heart and mind so that I may understand and undertake my part in helping to create and maintain a peaceful world.'" When the UN is in session there are many women who visit the sessions and pray silently for the delegates.

Reported increase in drinking of alcoholic liquor by women and by youth are major causes of the movement by the Catholic Total Abstinence Union of America to organize branches in every Roman Catholic diocese of the country in the near future. The Union has 50,000 members, each a signer of a lifetime pledge of abstinence.

Vera Michaels Dean, economist, recently told a group of leading churchmen in Columbus, Ohio. "Three years of the UN, and even twenty-five years of the League of Nations, are but a moment in World history. Human institutions grow slowly. Our own democratic institutions are not merely the product of our own brief history. We were the fortunate inheritors of the democratic traditions evolved for centuries by the English people. It may well be that a fully functioning international organization may not develop into our lifetime. But some time it will develop—and meanwhile it is the responsibility of this nation, and of everyone of us as citizens of this great democracy to

contribute in every way we can to the growth of international organization."

North Carolina Expected Stay Democratic In Tuesday Voting

By LYNN NISBET

Raleigh, Nov. 1.—North Carolina will give a clear, though narrow, majority to the regular Democratic Truman-Barkley presidential ticket, will elect the regular Democratic nominees for all state offices by approximate three-to-two majorities; will return to the national Congress a completely Democratic delegation, and will hold Republican membership in the state House of Representatives to twenty or less.

That prediction made on election eve is based on information obtained from personal visits to all sections of the state and interviews with people from every county during the past sixty days, much of it double-checked by telephone or letter within the past week.

The total vote will be the largest ever cast in the state, if scouts of this department have accurately gauged sentiment. Chances are raised for a vote in excess of 900,000 despite efforts of party workers to push a million. The western half of the state will almost certainly break all voting records, but the east has shown inclination to by-pass the general election to as great—perhaps greater—extent than usual. Two years ago the first congressional

ANTIQUE DOLL—Aleen Eylee holds a rubber doll made in the U.S. about 1860 at antique fair in New York. The doll is owned by Mrs. Frederick Smart of Boston.

district voted 11,201 votes in the general election for Congress, while the twelfth district with comparable population, voted 72,221. In 1944, latest presidential year, the first district voted 36,288 while the twelfth came through with 81,007.

The twelfth, eleventh, tenth and ninth districts are expected to break all voting records in 1948. Because of some disaffection with the national platform there is probability of lighter than normal vote in the east. It won't affect election of the congressmen but may affect the rest of the ticket.

Three congressmen—Deane, Jones and Doughton—will have very narrow margins and Bulwinkle can barely be called "safe," though chances favor election of Democrats in all four of these close districts.

The presidential picture is more muddled. Resentment against President Truman which occasioned real concern immediately following the Philadelphia convention has materially lessened. The Wallace Progressives have never been considered a real threat in this state, and the

States Rights or Dixiecrat movement failed to achieve the importance its promoters hoped. Desperate efforts to revive waning interest in the movement during the past few days have apparently failed. Effect of the Dixiecrats has been to encourage some unenthusiastic Democrats to stay at home, and some independents to vote for Dewey. Few observers will be surprised if the presidential total vote falls twenty- to twenty-five thousand below the totals for the state ticket. That was the case in 1928, but in every subsequent election the presidential totals have exceeded the vote for governor.

Taking into account all factors and based on a total vote of 900,000, the presidential candidates will probably come through with these approximate standings: Truman, 440,000 to 450,000 (49 to 50 percent); Dewey, 390,000 to 400,000 (about 44 percent); Thurmond, 50,000 to 60,000 (about six percent) and Wallace whatever is left—in no case more than 9,000 or one percent of the total.

A few people with whom these figures have been checked think the Truman percentage too low, both Dewey and Thurmond too high. A much larger number think the Truman estimate far too high and Thurmond way below his probable strength. A group of seven newspaper men in a hotel room Friday night made separate estimates and when compared they ranged from a Dewey plurality of 35,000 to a Truman plurality of 40,000. That indicates how much guess work and prejudice goes in the business of estimating probable election results.

State Highway Employees Group Has Supper Meet

18—STATE HWAY

By CHESTER WALSH

The North Carolina State Highway Employees' Association, Pitt County unit, was host at a supper meeting at the State Highway division garage, on the Bethel highway, on a recent night, to its members and numerous public and other officials and some of their wives. Jasper Phillips of Kinston was toastmaster. Steamed oysters and all of the "trimmings" were served. Chairman Phillips called on Pitt County's members of the General Assembly, State Highway Department and association officials and some of the guests for short talks. The meeting was inspiring. The talks revealed that the State Highway Employees' Association is working for the best interests of the highway department and its members. The speakers were Earl A. Crump of Wilson, the association's state president; W. H. Rogers, Jr., of Raleigh, assistant state highway commissioner; S. O. Worthington of Greenville and Frank Kilpatrick of Ayden, members of the lower house of the General Assembly, and Dr. Paul Jones of Farmville, member of the State Senate; Leroy Jones of Beaufort County, member of the lower house of the General Assembly; J. L. Harris, chairman of unit 2; J. L. McDonald of Greenville, local unit secretary; President Paul Harris and Secretary-Treasurer E. D. Credle of Greenville, respectively, of the Pitt County unit; Miss Annie Laurie Askew, Mrs. Chester Walsh, vice-chairman of the Pitt County Young Democrats, and Chester Walsh, and others.

A business meeting was held at the conclusion of the feasting and social festivities.

Ken Keltner of the Cleveland Indians hit more home runs this season than ever before in his career.

Home Demonstration Clubs To Hear Hollander In Meeting Here Friday

The Annual Achievement Day

Program of the Pitt County Federation of Home Demonstration Clubs will be held in the auditorium of the Memorial Baptist Church on Friday afternoon, November 5, at 2:00 o'clock. Mrs. Rieha Oud, Prins Mauritslaan 26, Haarlem, Holland, will be the guest speaker.

Mrs. Oud was born on a farm in South Africa, went to a farm school and boarding school in a nearby town, then on to Cape Town where she had two years' training as a teacher. She then went to college where she took a three-year training course as domestic science teacher. She was sent to Scotland where she took her diploma in dressmaking, high class cookery and public demonstration.

In London she worked for some months at the King's College for Women. Returning to South Africa, she taught domestic science at the girls' school. Shortly afterward, she was married and came to Haarlem where she adapted to a strange country and people. She has a son 15 years old and a daughter 11.

In 1930 she attended the AOWW conference in London. She knew the work of the country women because in South Africa her mother was the secretary for the Association of Country Women of the Union of South Africa. As a child she went to their meetings with her mother and when home from college gave them demonstrations.

In 1939, because of her father's illness, her mother was unable to go to the AOWW London conference and Mrs. Oud went in her place. Upon her return to Holland she joined the local branch of the Dutch Country Women's Association and later became its secretary. After the war, she became a member of the North Holland Executive Committee and at present she holds the office of vice president for North Holland.

MRS. RIEHA OUD

Since the war, she has been giving lectures to the branches and frequent broadcasts. She also writes fairly regularly in one of the weeklies.

Robbery Spoiled By Hallowe'en

Chicago, Nov. 1.—(P)—Hallowe'en spooks, goblins and the like were too much competition for a robber at Jackson's South Side Tavern. The robber told Felix Casey, the 79-year-old bartender, to hand over

the money. Casey looked him over. He looked like the booby-prize winner at a costume party, Casey ignored him.

The gunman flashed his pistol at the customer. They wouldn't mind either. No one realized he meant business—until he gave up and ran out of the door—emptyhanded.

Just A 'Lull'

Molite, Ill., Nov. 1.—(AP)—The calm which tavern owners here had after the jailing of Marie Van Muehlebrock, 36, was just a brief lull before another storm.

Within a few hours after Marie had been locked up in the pokie, charged with disturbing the peace, her mother, Elaine, took up the crusade in behalf of homeless dogs and cats.

The storm first broke on Oct. 5. Marie had solicited some tavern-owners for contributions toward a fund with which to provide a shelter for the stray animals. She said the

proprietors took a much too dim view of the project.

From that time until last Friday, she had signed ten complaints, accusing nine tavern owners of illegal possession of gambling devices. The last of the ten accused her of tossing a pop bottle through a window of his establishment and Marie was hustled off to the county jail in lieu of \$500 bail. The tavern keeper posted bond.

Then Mrs. Van Muehlebrock took up the fight. She has signed complaints against three tavern-keepers, including one already accused by her daughter.

Unusual Weather Too Good To Last, Joe Joyner Says

By CHESTER WALSH

If Joe Joyner's pet groundhog, at his home near Greenville, is as good a weather prognosticator now as it has been in the past, bad weather—rain and wind—is going to feature tomorrow, Election Day, when everybody will be hoping for good weather and an unusually heavy vote in the presidential election.

The hibernating varmint rambled a short time in the sun this morning, and when the sun crossed the meridian at noon, it headed for its cage and tucked its fuzzy body under a pile of straw and leaves for a long hibernating sleep. Joyner told a reporter. He suggested that now is a good time to fill coal bins and oil tanks.

Incidentally, Indian Summer weather has been prevailing here for nearly a week, with the thermometer

ranging in the 70s. The good weather prevailing enabled late harvesters to gather their peanuts and hay and farmers to get ahead for what is predicted to be a hard winter, farmers said.

The highest temperature recorded on the Weather Bureau thermometer here the past week was last Friday, when the mercury soared around 78 degrees. Yesterday it was 77. At 8 a.m. today the temperature was 57. At noon it registered 74 and was rising.

Rainfall in the Greenville area during October totaled about four inches. Last June there was slightly over one-half an inch of rain during that month, Mrs. C. E. Malden, observer here for the U.S. Department of Commerce, said. Winter begins Tuesday, December 21.

Negro Woman Victim Knife Attack Gets Total 52 Stitches

Allen Streeter, 45-year-old Negro tobacco worker, 309 Long street, was arrested yesterday by Greenville police and charged with assaulting his wife, Lula Belle Streeter, 19, with a knife with intent to kill her shortly after noon Sunday.

Police quoted Streeter as saying that his wife did not stay at home and attend to her duties. While she was visiting at a neighbor's house Sunday, police said, Streeter accosted her there and after a few words attacked her with a knife, inflicting wounds which required 52 stitches by a physician at Pitt General hospital. The woman was taken to her home. She had been cut about an arm, on her back, chest and hands.

Tax Collections Again Fall Off

Greensboro, Nov. 1.—(P)—Another drop in the collection of Federal taxes in North Carolina last month brought a prediction today from Charles H. Robertson, Collector, that payments for the current fiscal year will be \$100,000,000 or more under the year which ended last June.

Robertson reported that collections in October totaled \$87,896,213.07, which was 16,225,737.11 under the \$104,121,950.18 paid in Oct. 1947.

Charge Negro With Knife Assault On Two Men At Fair

Paul Koonce, colored, of Greenville, who is charged with assaulting with a deadly weapon (knife) Bryant Atkinson of near Farmville and James A. Morgan of near Macclesfield, both colored, on the midway at the fairgrounds last Friday night, will be tried in Police Court next Friday morning.

Police said the three men had an altercation and that during the mixup Koonce slashed at Atkinson and Morgan and inflicted painful but serious wounds. Koonce fled. Officers arrested him at his home here yesterday.

Bonds Are Safeguards Against Business Bust

By Charles T. Fisher, Jr., President National Bank of Detroit Detroit, Michigan

Processing of our ten million savings bond confirms our conviction that continued investment by individuals in savings bonds is one of the greatest voluntary safeguards against inflation or recession.

We have always believed this and have emphasized it in practically all of our advertising since the introduction of defense and war bonds. We are rendering all possible service in facilitating and expediting voluntary payroll allotment plans in factories and offices for savings bond investments. Detroit has responded splendidly and our efforts will be intensified.

Plead Guilty To Treason Charge

Bucharest, Romania, Nov. 1.—(P)—Eleven Romanians pleaded guilty yesterday to charges of plotting with American and British representatives to overthrow the Romanian government.

The defendants threw themselves on the mercy of the court. A verdict will be handed down Tuesday. Conviction of high treason, with which they are charged, carried an automatic penalty of life imprisonment at hard labor.
