Election Result Strengthens U. S. In World Affairs

Bi-Partisan Foreign Policy Is Bolstered; UN Delegation Is Strengthened

Paris, Nov. 4.—(AP)—United Nations circles today predicted strengthening of America's predominant role in world affairs, a result of President Truman's return to office.

While both the American and Foreign delegations here still sought to overcome their surprise at the election news and its implications, several principal factors emerged:

There will be no waiting period before a new President takes office.

Furthermore, the President in the future will count on support from his party in both houses of Congress.

The position of the American government thus is fixed firmly for at least the next two years.

The United States bi-partisan Foreign Policy is being strengthened. All comments from Republican leaders as expressed or received here have emphasized the continuity of bi-partisan policies.

This was stressed in a statement from John Foster Dulles, member of the American delegation and Republican Foreign Affairs expert.

American delegation members noted that Gov. Dewey himself also emphasized this point.

These factors are expected to result almost immediately in the production of a more self-confident American delegation.

A one word comment by Russian deputy Foreign Minister Andrei Y. Vishinsky—"amazing"—remained the reaction of nearly all U. N. leaders as the scope of Mr. Truman's victory became apparent.

The victory of approved internationalists in Illinois and Minnesota also drew the attention of delegates sensitive to the impact of American politics on world affairs.

Mrs. Eleanor Roosevelt, a U. N. delegate, termed the election result a demonstration of how labor can organize to get out the vote.

French quarters, who privately rejoiced in Mr. Truman's victory, maintained scrupulous neutrality in their official comment.

One spokesman said the French government knew America's Foreign Policy was bi-partisan and therefore was not at stake in the election.

Other French quarters said the victory gave the President a new stature in the world as one of its leading statesmen in his own right.

Mr. Truman no longer is riding the late President Roosevelt's coat-tails, they said.

Want Dulles To Remain With UN

Paris, Nov. 4.—(AP)—Influential United Nations delegates, including one prime minister, say they want John Foster Dulles to remain on U. N. service.

Dulles plans at this stage to continue in Paris as a member of the United States delegation to the United Nations Assembly.

As foreign affairs adviser to Gov. Thomas E. Dewey, Dulles had planned to go back to New York in a few days for talks with Dewey if he had won the presidency.

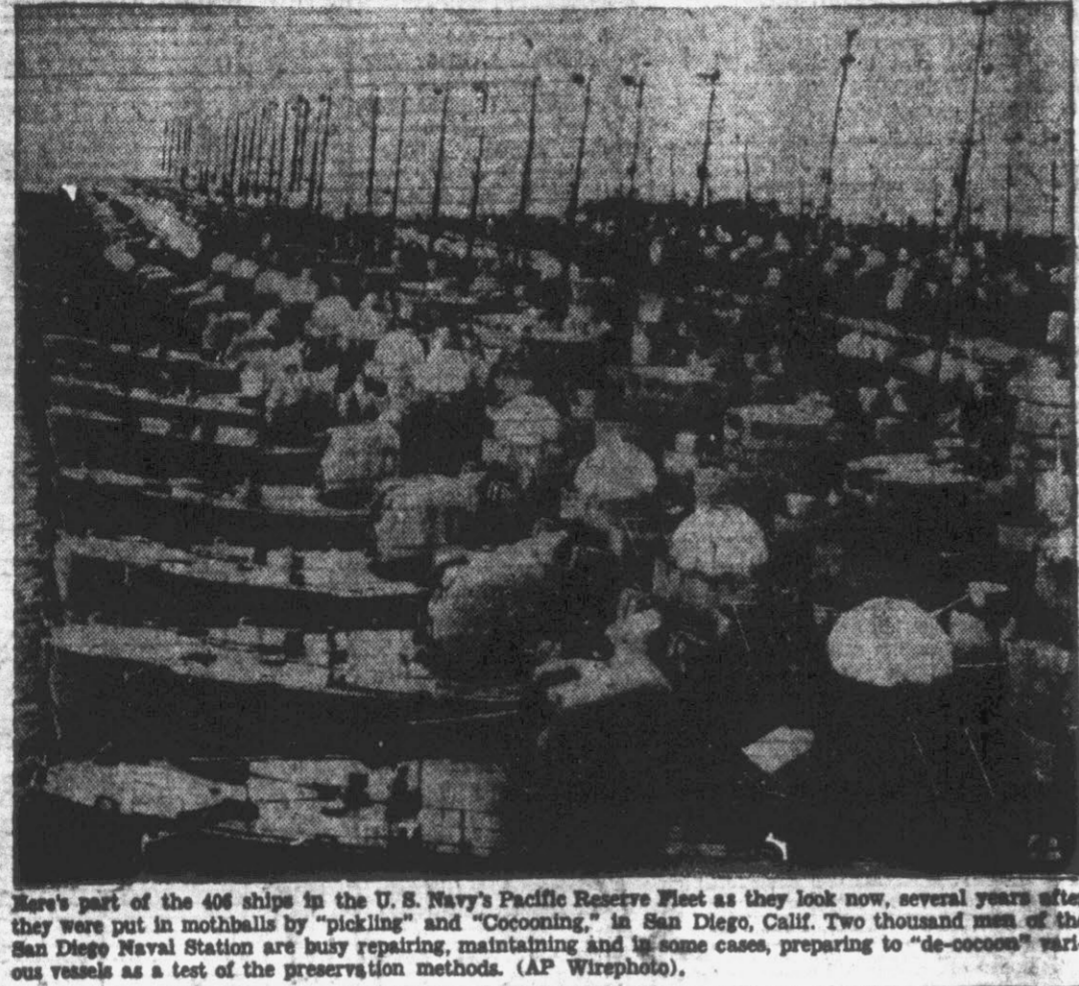

Japan Found Guilty of Waging Aggressive War

Tokyo, Nov. 4.—(AP)—Japan today was convicted of waging aggressive wars against China, Russia, Britain, the United States and other Western powers.

The conviction by the international military tribunal for the Far East came in the long trial of former Premier Hideki Tojo and 24 co-defendants on war crimes charges.

They looked sleepy as reading of the judgment began.

Navy's 'Life Insurance' Fleet

Here's part of the 406 ships in the U. S. Navy's Pacific Reserve Fleet as they look now, several years after they were put in mothballs by "pickling" and "cocooning" in San Diego, Calif. Two thousand men of the San Diego Naval Station are busy repairing, maintaining and in some cases, preparing to "de-cocoon" various vessels as a test of the preservation methods. (AP Wirephoto).

Church Program Keynoted By Bishop Peele In Session

By WYATT BROWN

The 1948 Annual Conference of the Methodist Church, holding its sessions in Jarvis Memorial this week, this morning voted down a recommendation by the board of hospitals and homes that each church have an apportionment placed on it for the support of an old age peoples home in Durham.

Promoters of the proposal said on the floor of the conference that the recommendation was made because they felt that action by last year's conference was a commitment to follow through with the plans this year.

In opposition to the recommendation, it was stated in the discussion that retired ministers prefer living in district homes rather than in a centralized home for the aged.

Another speaker said he felt the churches have all the apportionments they want.

The first session of the conference opened last night with a communion service followed by a business meeting in connection with the communion service.

Bishop W. W. Peele who is presiding over the conference sounded the key-note of the sessions and indicated the theme of the church's program for the next four years.

The business last night consisted of getting organized, reports of district Superintendents, presentation of special causes, and distribution of copies of the proposed budget for the coming year by Gurney P. Hood of Raleigh.

Speaking in a brief meditation preceding the communion service Bishop Peele brought out the difference between ministering for the sake of "hungry" people and the efficacy of ministering to "hungry" people because they are God's people.

He told his congregation which was composed in part of all the preachers in the North Carolina Conference that they were interested in the theme of the program for the next quadrennium—"For Christ."

Post-Election Issues Foreign Policy Appears To Be Dominated By Question Of How Much Money And Goods Is U. S. Able And Willing To Throw Into Fight Against Communism

By JOHN M. HIGHTOWER

Washington, Nov. 4.—(AP)—President Truman's post-election foreign policy appears certain to be dominated by this single great issue: How much more money and goods is the United States willing and able to throw into the cold war against Russia?

Diplomatic authorities say that on Mr. Truman's answer to this question will largely depend the scope, perhaps even the effectiveness of the whole stop-Communism program during his second term in the White House.

The question arises specifically in connection with three critical areas of the world: Western Europe—The non-Communist countries in this sector of the cold war front want both a military alliance and lend-lease arms aid.

The cost of this new lend-lease has been guessed by military experts at from \$2,000,000,000 a year and would make heavy demands on steel and other basic American industrial supplies.

China—The United States is confronted with an immediate crisis in

Truman Appears Assured Of 304 Electoral Votes

Dewey Seems Certain To Carry 16 States With 189 Electoral Votes

Washington, Nov. 4.—(AP)—With about 94 percent of the vote counted, President Truman had won or appeared assured of victory in 28 states with a total of 304 electoral votes.

Gov. Thomas E. Dewey seemed certain to carry 16 states with 189 electoral votes, 77 short of the 268 needed to capture the presidency.

On the basis of incomplete returns at 9:30 a. m., EST, today, only two states—California and Idaho—conceivably could shift against the President.

And in both states, Mr. Truman's lead appeared sufficient to give him their combined 29 electoral votes.

With 5,527 of California's 14,992 precincts unreported Mr. Truman had 1,530,153 votes to Dewey's 1,478,238. California has 25 electoral votes.

In Idaho, with 99 of the state's 834 precincts unreported Mr. Truman led 105,395 to 99,502.

The only state now in the Dewey column which conceivably could shift to Mr. Truman is Indiana with 13 electoral votes.

With 967 of the state's 4,066 precincts still unreported Dewey held a lead of 77,280 to 76,993.

In popular vote, returns from 122,349 of the country's 135,884 voting units gave Mr. Truman 22,288,519, Dewey 20,490,065. Henry A. Wallace, the Progressive party candidate, had 1,038,781 votes and J. Strom Thurmond, the States' Rights candidate 654,903.

On the basis of incomplete returns Thurmond, the governor of South Carolina, carried four states—Alabama, Louisiana, Mississippi and South Carolina, with a total of 38 electoral votes.

Governor Dewey Back In Albany Warm Welcome By Sympathetic Gathering At Station

Albany, N. Y., Nov. 4.—(AP)—Gov. Thomas E. Dewey quietly went back about the business of being governor of New York today.

The defeated Republican presidential candidate returned to the state capital from New York last night just nine hours after he had rejected the election to President Truman.

Dewey and his family got a warm welcome from a crowd of several hundred persons assembled at the rail station.

It was a crowd in sharp contrast with the shouting throngs which greeted him on his campaign travels.

This one was a sympathetic gathering. There was applause and some cheers but there was a note of restraint in keeping with Dewey's disappointment over losing the election.

The first to greet him was Kenneth McAffer, Albany County Republican chairman.

Grasping McAffer's hand, Dewey smiled broadly and said: "How are you, Ken? It was nice of you to meet me down here."

With the governor on the trip from New York, where he voted and received the election returns, were Mrs. Dewey, their sons, Thomas, 16 and John, 13, and the governor's 70-year-old mother.

Aides said Dewey would take it easy at the executive mansion today, attending only to the most urgent state business.

He told a news conference in New York yesterday he hadn't made any plans yet for a vacation, but that he would like to get down to his farm home at Pawlings, N.Y., for at least a weekend as soon as possible.

Wallace Defeat Surprised Them

Moscow, Nov. 4.—(AP)—Moscow newspapers gave prominent play today to President Truman's election victory and featured his pledge to strive for world peace.

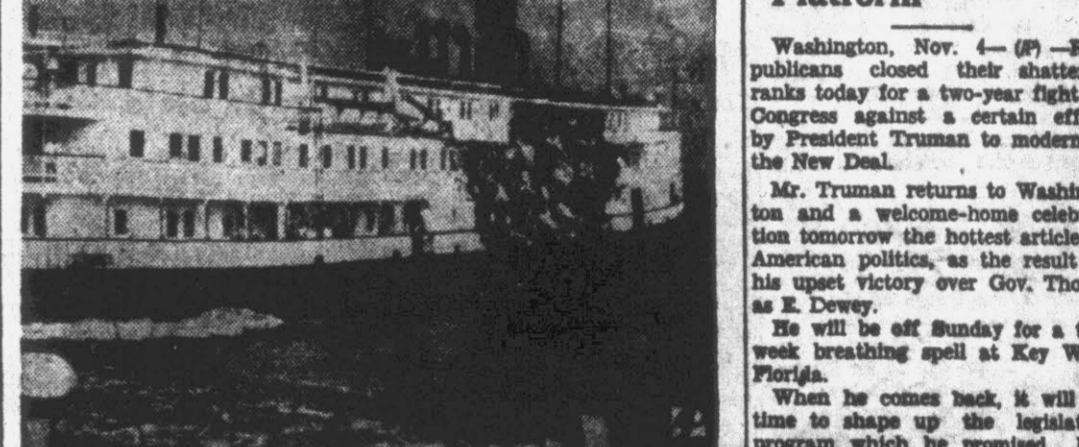

A Tass news agency dispatch from New York commented briefly that Henry Wallace received about 1,000,000 votes. Many Russians in this capital appeared surprised, however, that the third party candidate did not win, and asked Americans here why Wallace was defeated.

When the result of the U. S. presidential election reached United Nations circles in Paris, A. A. Aruntian, a Russian delegate who also is a member of the Soviet foreign affairs department, told American newsmen the outcome "really makes little difference (abroad) because of your bi-partisan foreign policy."

Republicans Look For Two Year Fight In Washington

Ship Collision Kills Passenger

Close Ranks For Struggle Against Effort By President To Modernize New Deal; Chastened GOP Will Not Oppose All Of Demo Platform

Her starboard side ripped open, the passenger steamship, District of Columbia, is pulled off Hampton near Norfolk, Va., after a collision in which Miss Marion E. McWhorter of Tifton, Ga., was killed. The vessel collided with a tanker in a dense fog. Miss McWhorter, a passenger on the District of Columbia, was crushed to death in her stateroom. Three others were injured. The passenger ship was run aground after the crash. A navy tug (foreground) is pulling her off the bar. (AP Wire photo).

Washington, Nov. 4.—(AP)—Republicans closed their shattered ranks today for a two-year fight in Congress against a certain effort by President Truman to modernize the New Deal.

Mr. Truman returns to Washington and a welcome-home celebration tomorrow the hottest article in American politics, as the result of his upset victory over Gov. Thomas E. Dewey.

He will be off Sunday for a two week breathing spell at Key West, Fla.

When he comes back, it will be time to shape up the legislative program which he promised last night will be based on the Democratic party platform.

Mr. Truman told a home-town victory celebration in Independence, Mo., he wants every citizen to help him carry out his "tremendous responsibility for the peace and welfare of the world."

"I am going to do the very best I can to carry out that Democratic platform as I promised to do in my speeches around the country," he said.

Besides efforts toward winning a lasting peace, the platform pledged such things as (1) curbing "Republican inflation," (2) "Comprehensive" housing legislation and (3) tax reduction. However, it is possible to do without unbalancing the nation's economy.

The platform also called for repeal of the Taft-Hartley act, (4) a 10-hour minimum wage to replace the present 40-hour week, (5) a national health security program, (6) Federal aid to education, (7) a farm price support program (7) repeal of the oleo tax, and (8) strengthening of civil rights.

Election-chastened Republicans won't oppose all of those. In fact, Dewey was for some of them.

The Republican leadership there will remain the same, with Rep. Joseph W. Martin, Jr. (Mass.) backing the House minority and Senator Robert A. Taft (Ohio) continuing to run things pretty much on the republican side of the Senate.

Taft shrugged off the election results with the observation that they proved it is almost impossible "to put an administration out of office at the very peak of a prosperity boom."

Taft and Martin are likely to figure that the battered GOP's best chance for a comeback in 1950 rests with making Mr. Truman look bad on his campaign promises.

Now his party has control by an apparent 260 to 174 margin over the Republicans in the House (there is one minor party member) and a certain 54 to 42 edge in the Senate.

Whether Mr. Truman can get much more in the way of legislation out of such a Democratic-controlled Congress remains to be seen.

(Continued on page twelve)

Russians Again Reject Atomic Energy Control

Vishinsky Completely Turns Down Western Plan Saying U. S. Does Not Want International Atomic Control

Paris, Nov. 4.—(AP)—Russia rejected completely today a Western plan for the control of atomic energy.

Soviet Delegate Andrei Y. Vishinsky told the United Nations General Assembly the United States does not want international atomic control.

Vishinsky brought President Truman into the atomic debate again. He quoted the American President as saying recently in Milwaukee that the United States must continue to develop atomic weapons until the "correct" form of international control is in effect.

Russians Again Reject Atomic Energy Control

Key West Plans Greet President

Big Celebration Is Scheduled For Vacationing Truman

Key West, Fla., Nov. 4.—(AP)—Plans were made today for a mammoth celebration when President Truman arrives at his favorite vacation retreat Sunday.

On his four previous visits to this southernmost city in the United States, Mr. Truman's request for "no celebration" has been respected. This time it will be different.

Mayor Maitland Adams has designated Sunday as "Harry S. Truman Day in Key West."

The city plans to give its most famous tourist a hero's welcome. It plans to decorate the streets and turn out the Key West high school band.

Adams said he would request pastors of all churches to ask divine guidance for President Truman during the trying years ahead.

At the naval station, workmen meanwhile began putting final touches to the "Little White House," a rambling two story frame dwelling on the station grounds. All hurricane damage at the grounds has been repaired.

Poll Takers Still Trying Find Reason For Error

New York, Nov. 4.—(AP)—The poll takers were still combing through statistics today—trying to find out why their figures misled them into forecasting the election defeat of President Truman.

Latest comment from one of the country's major public opinion researchers came last night from Elmo Roper, director of the Fortune magazine poll.

"I don't know why I was wrong," he said.

Roper predicted on Sept. 9 that Gov. Thomas E. Dewey would get 52.2 per cent of the vote compared to 37.3 for Truman. He said then that a Dewey victory was so clearly indicated that no further surveys would be made.

"I could not have been more wrong," said Roper. "The thing that bothers me most is that at this moment I don't know why I was wrong. But I certainly propose to find out."

He suggested several "possibilities" that might have caused the mistake.

"Perhaps," he said, "the abnormality by night 15 per cent 'don't know' vote we received last August did not distribute equally to both major candidates as it has in the past, but that this time it all went to Truman."

"Or it could have been, he added, "that the labor vote, brought out to the polls more quietly but more efficiently this time, turned the tables."

"Or it might be that, as we found out in a poll done late in the campaign, the people are strongly pro-New Deal and perhaps they see the objectives of the Roosevelt program imperiled," he said.

"Perhaps, but I don't know."

Adjourns Court

Superior Court was adjourned today on account of the death of Judge J. Paul Edwards of Snow Hill, at Memorial Hospital in Kingston early today. He is survived by his wife, Mrs. Nina Louise Edwards and others. Funeral arrangements had not been made this morning.

America Still United

A Russian Admits Outcome Of Election Makes Little Difference Abroad Because Of Bi-Partisan Policy; No Weaknesses Here; Why The Oppressed Look To U

By DeWITT MacKENZIE

When the result of the U. S. presidential election reached United Nations circles in Paris, A. A. Aruntian, a Russian delegate who also is a member of the Soviet foreign affairs department, told American newsmen the outcome "really makes little difference (abroad) because of your bi-partisan foreign policy."

That seems to be a shrewd appraisal of the position from the standpoint of international affairs. It is recognition of the vital fact that the rival political parties stand together when faced with a foreign crisis. Apropos of this we see Governor Dewey telling President Truman in a message of congratulations: "I urge all Americans to unite behind you in support of every effort to keep our nation strong and free and establish peace in the world."

## 40 Years Ago Today

THE DAILY REFLECTOR  
November 4, 1908

The discount of 10 per cent on bills paid by the 4th of the month inaugurated by the water and light commission is working well. It turned colder all of a sudden last night. Be glad that another election does not come soon. How much have you seen cotton so up since the election? The fellows who said North Carolina would go for Taft will have to guess again. No use arguing about how it happened.

### To Observe World Community Day

The Greenville Council of Church Women will observe World Community Day on Friday, November 5, at 10 a. m. in the Eighth Street Christian Church.  
Rev. Henry G. Ruark, pastor of the University Methodist Church in Chapel Hill, will speak on "Peace Is My Responsibility."  
Every church woman of Greenville is invited to attend and enjoy the fellowship of this occasion.

### University Women Of North Carolina Active In State

The North Carolina division of the American Association of University Women held its fall state board meeting and workshop last week. Fifty-eight registered delegates represented 23 institutions of higher learning, including the University of Utrecht, Holland, and the University of Paris, France.  
Dr. Gillie A. Larrew, head of the department of mathematics at Randolph-Macon Woman's College and vice-president of the South Atlantic Region of the American Association of University Women, was the banquet speaker. She presented the philosophy and the techniques of the national organization.  
Plans for the year were outlined and discussed by the state chairman and the branch presidents.  
Delegates from Greenville were Miss Nell Stallings, president of the Greenville branch, Mrs. D. S. Spain, state secretary, and Mrs. Robert Lee Humber, state president.

### Truman Invited See Analysts In 'Crow Banquet'

Washington, Nov. 4—(AP)—President Truman got an invitation today to watch those who predicted his defeat at crow.

### Nobel Prize For British Writer

Stockholm, Nov. 4—(AP)—The Swedish academy today voted the 1948 Nobel prize in literature to Thomas Stearns Eliot, American-born British poet, dramatist and essayist.  
Eliot, who is 60, was born in St. Louis, Mo., but carved out his literary career in England and became a British subject in 1927.

# N. C. Democrats' Dreams Are Beginning To Come True Now

Raleigh, Nov. 4—(AP)—North Carolina Democrats saw their dreams begin to come true today. Superior Judge Wilson Warlick of Newton, whose nomination as federal judge was not confirmed by a Republican Senate during the summer, appeared sure of the job.

Rep. R. L. Doughton, veteran legislator from the Ninth district, undoubtedly will resume the chairmanship of the Ways and Means Committee; and Rep. Harold Cooley of the Fourth district moves up to the chairmanship of the Agriculture Committee.  
The Democratic sweep of Tuesday also put two other Tar Heels in position to move up.

Rep. Graham A. Barden of the Third district will become second-ranking majority member of the Education and Labor Committee, and Rep. John H. Kerr of the Second district will be third ranking majority member of the Appropriations Committee.

Warlick, long on the state bench, jumped back into the picture in a post-election statement by Senator Clyde R. Hoey who, counting other political plums to be handed out, said he would place Warlick's name in nomination upon the reconvening of Congress.

A proposed constitutional amendment to increase the pay of legislators continued to see-saw. Returns from 97 of 198 precincts gave 126,968 votes for the amendment and 124,311 against.  
In numerous precincts, counting of the amendments vote was postponed pending the official county canvasses.  
One to permit a majority vote to carry special elections, instead of a count against registration, was safely ahead. The electorate apparently, however, had turned down proposals to increase debt limits on state, counties and cities governments and to increase tax levies for general fund purposes.

### Prague Boasts Of Its Clean Streets, Parks

Prague—(AP)—Prague has 3,000 street cleaners and it costs the city \$3,000,000 to keep the capital clean each year, it was disclosed when the city celebrated a special "week of cleanliness." Prague calls itself "The Golden City" but it has adopted a new slogan: "The most beautiful and cleanest city."  
"All histories for the 1948 competition should be mailed to Mrs. Clyde A. Milner, Guilford College, North Carolina, before November 20, 1948."

### College Women Offer Awards In Competition

Mrs. Robert Lee Humber, president of the North Carolina Division of the American Association of University Women, sent in today the following announcement about a state history competition:

"This competition is to stimulate, among the people of the counties of North Carolina, an interest in their own history.  
"The history shall be a readable treatise of literary and historical value, describing the life, customs, and achievements of a North Carolina County from its origin to the present day.  
"This competition shall be held annually. If in any year the best history appears not to be worthy of recognition in the judgment of the Board of Awards, no award will be made that year.  
"Any North Carolina County history written within the last ten years is eligible for the first award, which will be conferred at the meeting of the State Literary and Historical Association in December, 1948."

"The North Carolina Division of the American Association of University Women will present the Literary and Historical Association of North Carolina with a plaque. At the time of the award the name of the author, the title of the work, and the year shall be engraved upon the plaque for permanent record. This plaque is to be placed in the Hall of History. A trophy cup similarly engraved will be awarded to the author of the history selected by the Board of Awards.  
"The Board of Awards will consist of five persons, three women and two men, selected by the North Carolina County History Committee of the American Association of University Women.  
"All histories for the 1948 competition should be mailed to Mrs. Clyde A. Milner, Guilford College, North Carolina, before November 20, 1948."

### Truman Triumph Pleases Britain

London, Nov. 4—(AP)—Britain's joy over the results of the American election was reflected today in banner headlines in London newspapers. Some samples:  
"The States Go Wild About 'H-a-r-r-y' (Mirror).  
"Harry's Secret Weapon Was People" (News Chronicle).  
"Truman Did It All Single-Handed" (Mail).  
"He Ain't No Churchill But What The Heck" (Express).  
"Now Truman Has It All His Own Way" (Graphic).

About 175 million gears are used in making five million automotive vehicles.

### Accuse Reds Of Reign Of Terror

Paris, Nov. 4—(AP)—The French government today accused the Communists of sabotage in the strike bound fields, as it pushed for new laws to curb labor violence.

The Interior Ministry charged strikers are trying to maintain a reign of terror in the coal fields to keep miners from going back to work.  
Coal digging machines have been wrecked, heavy dirt-laden carts have been thrown into the pits, mine elevators have been destroyed and administrative offices have been pillaged, the ministry said.  
The automobiles of many non-Communist mine leaders have been burned, their homes attacked and the child of one badly hurt by acid, the statement said.

Some 30 per cent of the 140,000 miners on the morning shift were back on the job in mines heavily guarded by thousands of police and soldiers. The month-old tieup has cost France nearly 5,000,000 tons of unmined coal.

### Truman Triumph Pleases Britain

London, Nov. 4—(AP)—Britain's joy over the results of the American election was reflected today in banner headlines in London newspapers. Some samples:  
"The States Go Wild About 'H-a-r-r-y' (Mirror).  
"Harry's Secret Weapon Was People" (News Chronicle).  
"Truman Did It All Single-Handed" (Mail).  
"He Ain't No Churchill But What The Heck" (Express).  
"Now Truman Has It All His Own Way" (Graphic).

About 175 million gears are used in making five million automotive vehicles.

Villanova players who have faced Army teams for the past five seasons, regard the current West Point aggregation as the hardest-hitting of all.  
The Chicago Stags won the highest scoring team in the Basketball Association of America last season, notching 3,640 points in 46 games for an average of 75.5.

**Chinese Shorten  
Defensive Lines**

Nanking, Nov. 4—(AP)—Nationalist China today drew its defense lines closer to Nanking as its leaders hoped for some miracle to save the country from the threat of Communist conquest.

Faced with a cabinet crisis, economic collapse, and the loss of numerical superiority over his Communist foes, Chiang Kai-shek appeared determined to carry on the fight against the Reds.

A demand for an end of the struggle and a coalition with the Communists—which is openly favored by many as an unhappy but the only remaining solution of the nation's problems—still has not figured in

**Thunderstorms**

Thunder storms, accompanied by much lightning, last night and early today, provided freakish weather for this section of the state, when winter is due to start in about six weeks. Nearly two inches of rain fell here during last night—1.96 inches, to be correct, according to Mrs. C. E. Maiden, weather observer here for the U. S. Department of Commerce.

Highest temperature here yesterday was 60 degrees. The lowest recorded this week was Monday, when the mercury registered 45 degrees at night. At 8 a. m. today the weather bureau thermometer was 65 degrees and rising.

It appeared that the government's last remaining forces in central China were being moved into position to block Red Gen. Chen Yi should he attempt a thrust in strength past Suchow, 170 miles north of the National capital.

**Missing Airman  
Won Election;  
No Trace Found**

Lewiston, Idaho, Nov. 4—(P)—Joe Rosenkrans won his first political victory in Tuesday's election, but he doesn't know it yet.

In fact, the 5,447 Perce county voters who elected him State Representative on the Democratic ticket aren't even sure Joe is alive. Rosenkrans and another Lewiston man, W. J. Bolick, haven't been seen since Oct. 24. On that stormy Sunday their red Stinson plane disappeared in the wilds of the Selway-Lochsa area of North Central Idaho.

Air and ground searchers have found no trace of the men.

But Rosenkrans' wife, who has offered \$5,000 to the person finding him, and his fellow Democrats, who continued to work unflaggingly for his election, still were hopeful today.

**Inflation Again  
Mounts In China**

Shanghai, Nov. 4—(P)—It was just like old times in Shanghai today. Prices, thawed out from the ices at which the government froze them in August, soared.

Bank interest rates were 75 per cent a month, department store prices leaped 300 per cent, hotel rates 200 per cent, dairy products 450 per cent, bakeries 300 per cent, butchers 700 per cent, and rice 480 per cent.

**Self Help**

Shanghai, Nov. 4—(P)—The American owned Evening Post-Mercury led off its editorial comment on the American election today with this line:

"They laughed when Harry Truman sat down at the piano figuring the Missouri walk with one finger was his limit."

The editorial concluded a reference to Chinese hopes for more American aid with "God Helps him who helps himself. Look at Harry."

**Teen-Age Dance**

There will be a teen-age dance on Friday night at 8 o'clock at the recreation center, sponsored by the Student Council and chartered by the members of the Junior Womens club.

**DEATH CLAIMED BOTH**

North East, Pa., Nov. 4—(P)—George H. Selkreg, 66, and his wife, 77 celebrated their 61st wedding anniversary last week. Yesterday both died of heart attacks, Selkreg at 3:45 p. m. his wife two hours later.

Nearly one billion pounds of cod used annually to pack seafood in the United States.

**GOOD NEWS  
FOR SICK PEOPLE**

**STOMACH AILMENTS, WEAK KIDNEYS,  
RHEUMATIC PAINS, ARTHRITIS, NEURITIS**

and such complaints as Headaches, Nervousness, Acids, Toxins, Bloating, Lack of Vitality, Energy, Poor Appetite.

**Drugless Health!**

REGARDLESS of how long you have been a sufferer and how many medicines you have tried before, you can now hope for relief if you try GEO-MINERAL, the wonderful mineral aid. Feel and enjoy the results one week after you start taking it. GEO-MINERAL comes from the earth—Nature's laboratory. Contains NO alcohol, NO preservatives, NO oil, NO harmful drugs, NO dope, is NOT habit forming. Contains ONLY Nature's minerals, the oldest, most reliable remedy for rheumatism, arthritis, kidney and stomach ailments, highly recommended by the medical profession.

FOR THOUSANDS of years ever since Hippocrates was the father of medicine, minerals and other natural medicines were a reliable remedy for most of the common ailments. GEO-MINERAL will enrich your blood, help to make you strong, full of pep, life and energy. If you suffer from nutritional anemia, nervousness, lack of vitality and energy see what GEO-MINERAL will do for you.

**Amazing Results**

MEDICAL records show 85% of men and women over 35 suffer from nutritional mineral-iron anemia. When you feel nervous, dull, tired, irritable, have dizzy spells, no ambition to work or play, a poor appetite, when your eyes lack that bright spark, and your mind brilliance, when headaches get the best of you, and you feel old before your time, and life seems not worth living, with worry-wearing you down—if may be simply lack of minerals in your blood. GEO-MINERAL is then what you need.

**RHEUMATISM, arthritis** are dreadful diseases. Acid condition in the blood is often their cause. What could be the remedy? For thousands of years, minerals have been used to relieve the pain and suffering of these ill. People, on the advice of their doctors, go to mineral springs to find cure, or relief. The late President Roosevelt used to go to Warm Springs in Georgia. He was helped or would not have gone there twice a year.

**Wonder Minerals**

YEAR after year, people rush to mineral springs and spas, to drink and bathe in their miraculous water. We have all heard of the wonderful springs of Lourdes, France, and famous Thronion in ancient Greece where, according to legend, Hercules, the god of eternal strength and youth, drank its waters and bathed in it to be forever young.

GEO-MINERAL contains minerals you get at the world's best

"We wish to state that after selling Geo-Mineral for eight months, this product has broken all sales records in the medicine line in our drug store"—reports Jack Wright, owner of Economy Drug Co., Anderson, S. C. "Users report almost miraculous results helping sufferers with rheumatism, arthritis, weak kidneys, and various stomach ailments. We believe that there exist very few items on the drug-gist's shelf with the merit of this natural mineral medicine. Of thousands of bottles sold on guarantee basis, there have been very few refunds."

spring. Watch your elimination from your bowels a day or two after using it. The waste, black as the color of your shoes, will start to break away, and you will SEE it! Also examine your urine. You may see impurities—poisonous waste—coming out of your kidneys, relieving you. And then realize the priceless value of GEO-MINERAL.

**100% Guaranteed!**

WE URGE everyone to try GEO-MINERAL. Do not hesitate one moment. Go to your drug store now. Get one bottle. Use it one week. If you are not 100 per cent satisfied, we will refund your money.

REGARDLESS of how long you have been suffering, and how many medicines you have tried before, GEO-MINERAL may be the remedy you need!

TRY it today! It may do wonders for you—and be the best investment for your health. Make you feel, eat, sleep, work and enjoy life better.

## Strength FOR THE DAY

**BELIEVE FOR THE HIGH THINGS**  
There is something very strange about the way appetite behaves itself in the scheme of life. Feed an appetite, and strangely enough it is not appeased. It simply builds up an added capacity for more.

Everyone is conscious of this in the matter of food. The more we eat, the more we want to eat. The same is true of all other appetites. Feed them, and they become tyrannical. The urge of appetite and the law of habit blend and create a situation which becomes very compelling.

But there is a good side to all this. People can develop appetites for good things. There can be appetites for mental and spiritual things which are as strong, if not stronger, than the appetites some people build up for food and the grosser urgings. Anyone who has ever read St. Francis Desiles books on devotion realizes that there was a man whose appetite for heavenly things was as sharp as some men's appetites become for worldly things.

The secret of the matter is that we can develop an appetite for life's higher values if we resign ourselves to them and let them have their way with us. This is the way appetites develop in all fields, good as well as bad. We can develop an appetite for the higher things of life if we will.

### TRUMAN THE PRESIDENT

It would be going too far to say that Harry S. Truman is a self-made man, but after the sweeping victory to which he carried the Democratic party in Tuesday's election, there are few who can deny that Harry S. Truman is a self-made president.

When the campaign got underway early in the fall, Truman was deserted on every hand by many of the former leaders in his party and he was left virtually alone to take up his own fight and the fight of his party. Truman took up the banner of the Democratic party which was tattered and torn after the Philadelphia convention, and practically single-handedly through his own efforts and against terrific odds, carried out the campaign which brought the Democrats their surprising victory.

For his victory in the election, Truman is obligated to no pressure groups or bands of individuals. He is obligated only to the voters of the nation who flocked to the polls to give him his victory.

Truman is securely in the driver's seat and well backed by a Democratic Congress. He is in one of the best positions of any president in United States history to give the people an efficient, smooth working government. He has no election debts to pay and has no obligations to show partiality to any groups or individuals.

The people of the nation are looking to President Harry S. Truman to surround himself with competent, intelligent men in his cabinet and in key positions in the government; and to clean out the "dead wood" which has accumulated in Washington during the past 16 years.

He is now in a position to be President of this country in deed as well as in name. May God help him and help his country if he fails to

squarely face and wisely meet the vast responsibilities placed upon his shoulders by his fellow American citizens.

### METHODISTS GAVE US OUR START

Whether the Methodist Conference would like to take credit for it or not, that body more than fifty years ago was to an extent responsible for the appearance of a daily newspaper in Greenville that might not have come into being until much later. As a result of what transpired here nearly 57 years ago The Daily Reflector might claim the Methodist Conference as its god-father.

Here's the story, as it was passed on to us, of the circumstances under which The Reflector, then a semi-weekly, became a daily newspaper.

In the late fall of 1891 the North Carolina Methodist Conference held its annual meeting in Greenville. The late David J. Whichard, then publisher of the Reflector, realizing that the delegates and the townspeople would like the news of the conference each day as it transpired, decided to issue a daily bulletin during the season. Therefore each day during the conference the miniature issue of the Reflector carrying other local as well as conference news was distributed to the delegates and throughout the town.

As planned, the project

was carried out just for the week of the conference but so great had been the reception of the daily issue on the part of the townspeople that following the conference there were many requests that the daily newspaper be resumed. As a result of these continued requests over a three-year period the Reflector became a daily newspaper on Dec. 10, 1894, for a month's trial period during which time it was to be decided whether or not the project would be continued.

From that day on The Reflector, despite many hardships in those early days has continued as Pitt County's daily newspaper.

We hope that we have filled and will continue to fill our niche in the affairs of this community in such a manner that our good Methodist brethren will have no hesitancy in acknowledging their "godchild."

## Around Capitol Square

**By LYNN NISBET**  
STEADFAST—As this is written Thomas E. Dewey has just conceded election of Harry Truman as President of the United States. It seems certain that Democrats will control both branches of the national Congress. North Carolina has sustained its record, broken only once since the reconstruction era, of standing steadfast for the regular Democratic party. This situation occasions gratification among capitol square folk generally, but it also imposes a tremendously heavy responsibility.

**STRATEGIC**—North Carolina will occupy a very strategic position in the national administration. This will be true even, if some quirk of

ery subject under the sun and soil. There are booklets containing complete information on such things as decay and termite damage in houses, on home tanning, on useful and ornamental gourds, herb gardens, sour cream, the incubation of chickens and peanut growing.

But one of the most fascinating services of the USDA is its clip sheet, sent periodically to more than 1,300 persons who request it. Sample subjects contained in the clip sheet: "Chicken in the Mink," "Chigger Freedom," "Taps for lice" and "Rambling Spuds."

Take the "Chicken in the Mink" item. It describes how the poultry-raiding habits of wild mink provided a tip for economy in the feeding of mink raised in captivity. "For years," the article says, "horse meat and fish have been staples in supply of the meat these animals require. However, the supply of horse meat is increasingly scarce and expensive these days. Fondness of mink for poultry suggested feeding mink the wastes from poultry dressing—plants, heads, feet, entrails." The USDA report that last season experimenters at the US Fur Animal Experiment Station, Saratoga Springs, N. Y. found that both adult mink and kits thrived on this diet, which is much cheaper. The USDA estimates about 1,000,000 mink, raised on farms or mink "ranches" in the United States in 1947, supplied more than half of the pelts for these luxurious coats.

In "Taps for Lice" Dr. E. K. Kipping, in charge of USDA's department of Entomology and Plant Quarantine, reports that it is now generally conceded that louse-borne typhus, which was formerly recognized as one of the diseases of major importance to man, is now one of minor concern. "This is due chiefly to the highly effective performance of DDT in eradicating lice," he says. "Chigger-proof clothing that will stay that way for the life of the garment is a definite possibility, says the clip sheet. "Two organic compounds, which can be used to impregnate cloth have remained laudably to chiggers after seven launderings," it says. The compounds are listed as phenyl carbonate and X.

"Most Value For Your Money"

### Story With A Moral

By HAL BOYLE

New York—(AP)—It was the year 2248, and horses ruled the earth. A hay field had gathered at upside down, the fashionable new human racing park. They were there to watch a picked field of people compete on a fast track in the biggest race of the season. The horses sat in the stands, wearing sun glasses.

Chopping past the clubhouse, a society reporter with her pencil in her teeth hurriedly scribbled an item and tossed it to her copy point to trot back to the office. It read: "Happiest filly at the track today was Sandy Lady, wearing a new mink blanket from Paris. Her seat-mate, as usual, was tall dark and handsome War Fever, owner of the biggest stable of racing humans in history. He wore a diamond-studded collar."

But Sandy Lady really wasn't happy at all. She was having a lovers quarrel with her beau—Big War Fever.

"I simply won't marry you until you settle down and quit sowing your wild oats," she said tearfully, shaking her blonde mane out of her eyes.

"Racing is immortal. I'm not going to prance to the altar with any horse that spends all his time watching people run around a track. There's more to life than that."

"Well, a horse has to have some fun," snorted War Fever.

"Yes, but I expect to marry a real horse—not just a rich clothes-man," whined Sandy Lady softly.

"Besides it must be terribly expensive to keep a stable of racing humans."

"Oh, I have to hire a few plugs to shower and exercise them," said War Fever.

"But how about the feed?"

"They generally run best on beef-steak."

"But isn't that expensive, dear?"

"Well, it ain't hay!" laughed War Fever.

"Please, dear," said Sandy Lady. "Give up this human racing business. We could live in clover the rest of our days."

"You forget we owners of racing humans have a big responsibility," grumbled War Fever.

"Such as?"

"Well, we're trying to improve the breed," said the stallion lamely.

Sandy Lady merely gave him a withering look and turned away. War Fever switched his tail thoughtfully. He realized it would be a horse on him if he didn't hoof the mark. This filly wasn't fooling. "Tell you what I'll do, he said. "Did you notice that chubby brunette girl they were saddling up as we came in?"

"Oh, you mean Jane Doe, the one with the pretty brown eyes?"

"That's that just like a filly—judging a racing human by the eyes," laughed War Fever. "Anyway, she's supposed to be the fastest thing on two legs. She's racing my prize man Richard Roe."

"Where do they find anybody to think up such odd names for people?" murmured Sandy Lady.

"Never mind that," said War Fever. "Here's the deal. If my Richard Roe comes in first he'll be the first gelding ever to win 1,000,000 sales of timothy—and that certainly is hay."

"But the race is a tossup. Tell you what I'll do. If Jane Roe wins, I'll sell my stable tomorrow and we'll get married the next day. But if Richard Roe wins I get to keep my stable for a year after the wedding. Are you game?"

It took only a second for Sandy Lady to make up her mind.

"Yes!"

### Mercy Flight Is Slowed By Poor Flying Weather

Westover Airforce Base, Mass., Nov. 4—(AP)—Bad weather slowed the mercy flight carrying a four-year-old Texas girl to Boston in a left or death mission against leukemia.

The airforce here reported that C-47 which took off yesterday from San Antonio was forced to land at Greenville airforce base in South Carolina and was still weathered in there this morning.

The girl, Brenda Joyce Perkins, was accompanied by her father, Staff Sgt. Austin L. Perkins. The plane carried plasma for any needed transfusions during the flight.

Westover officials said the plane got off it would probably land here since other fields in the area reported they were closed in by weather.

A cash register may have as many as 250 gears.

### Vote Was Right But Guess Wrong

Raleigh, Nov. 4—The voters of North Carolina let this reporter down. The Republicans did the worst job of it, the Democrats did pretty good, while the Progressives really came through.

In a story published early in the week prediction was made that the total vote in North Carolina would be 900,000, and that percentage distribution would be 50 per cent Democrat, 43-44 per cent Republican, 6-7 per cent Dixiecrat and less than one per cent Wallace Progressive.

At this writing totals have not been compiled, but it looks like a vote of less than 800,000 with Democrats copying about 60 per cent, Republicans about 31 per cent, Dixiecrats nearly nine and Progressives less than one per cent of the total.

Which means that North Carolinians this year voted about as usual, and that the much ballyhooed "difference" temporary in party affiliation failed to develop. It also means that North Carolinians to perhaps greater extent than people in some other states, recognize party responsibility as contrasted with peculiar personal qualities of the individual candidate. This last fact was emphasized in the relative narrow difference in total vote of all Democratic candidates.

### Vote Fits Name

Eighty-Eight, Ky., Nov. 4—(AP)—Eighty-Eighters split their vote in Tuesday's Presidential election.

The unofficial tabulation in this south-central Kentucky town gave Truman 88, Dewey 88.

## THE WILKEN FAMILY BLENDED WHISKEY

**Wilson's Weekly Bulletin**

from the Rector Kitchens

Good Food Can Be Very Simple

Simple foods are always popular so I was not at all surprised to find a famous Tea Room listing among their "Famous Foods" a casserole of Corned Beef Hash with a "Very Special Sauce."

In spite of its 90c a portion cost, many folks were ordering it, for it was really very good; so was the sauce! As we all ate our hash and liked it, I could not help but think how 90c could get not only two cans of Wilson's Certified meaty and mighty good Corned Beef Hash and all the sauce fixin's to make six folks just as happy, but best of all it would take only two turns of the wrist in the kitchen to do it!

**Wilson's Corned Beef Hash**

Simple foods are always popular so I was not at all surprised to find a famous Tea Room listing among their "Famous Foods" a casserole of Corned Beef Hash with a "Very Special Sauce."

In spite of its 90c a portion cost, many folks were ordering it, for it was really very good; so was the sauce! As we all ate our hash and liked it, I could not help but think how 90c could get not only two cans of Wilson's Certified meaty and mighty good Corned Beef Hash and all the sauce fixin's to make six folks just as happy, but best of all it would take only two turns of the wrist in the kitchen to do it!

**Famous Corned Beef Hash Casserole with Sauce** (Clip and File)

In an oiled casserole or three individual ones (4 inch size) or four, if 3 inch size, place:

1 can Wilson's Certified Corned Beef Hash and  
1/2 cup cream or evaporated milk, undiluted

Blend, then sprinkle over the top a mixture of:  
2 tablespoons Wilson's CLEARBROOK Butter or Certified Margarine, melted and  
1/4 cup fine dry breadcrumbs

Bake in a moderate oven (350° F.) 15 minutes. Garnish hash with parsley and stuffed olive or a half hard-cooked Wilson's CLEARBROOK egg white filled with the sauce. Serve to three or four accompanied with a chilled salad of shredded raw carrots and cut up raisins moistened with Wilson's Mayonnaise and then arranged in a crisp, frilly lettuce cup.

**VERY SPECIAL SAUCE**

Blend together to make a smooth sauce:  
1 1/2 oz. (1/2 pkg.) Cream Cheese  
1/4 teaspoon cream or evaporated milk undiluted and  
1/4 teaspoon onion horseradish juice

You get this juice by squeezing the pulp out of a spoonful of bottled horseradish. The pulp is objectionable only because it makes the sauce seem lumpy if added. Serve sauce chilled, in an oiled hard-cooked Wilson's CLEARBROOK egg white or petite paper ramekin.

This hash casserole with salad, milk and dessert makes a fine meal!

### Tobacco Auction Prices Drop Off

TOBACCO

Raleigh, N. C., Nov. 4—(AP)—Most fine-cured tobacco grades chalked up losses in yesterday's auctions on the old and middle belts.

Reports on the previous day's trading on eastern North Carolina belt markets noted a similar trend, sending the day's average to \$43 per hundred pounds, down \$4.48 from Monday.

Declines on old and middle belts yesterday held mainly to \$1 to \$3, although a few grades in small volume showed greater losses.

### First Greenville Girl In Regular 'WAVES'

Miss Nina Bell Redditt, of Greenville, is the first girl from this area to join the U.S. Navy WAVES under the new Navy enlistment program which provides that WAVES are

now Regular Navy, instead of their previous reserve classification.

Miss Redditt, disbursing clerk, USN, is the daughter of Mr. and Mrs. L. B. Redditt of 7th and Charles Sts., and is now enjoying her first leave since re-entry into the naval service. She is now temporarily attached to Naval Receiving Station, Washington, D.C.

### LAUGHING HEADLINE

Detroit, Nov. 4—(AP)—The Detroit Free Press in its final edition today put this headline over the story of President Truman's election victory:

"Truman: 304  
"Polsters: 0"

Some gears are as small as pin-heads.

### Now She Shops "Cash and Carry"

Without Painful Backache

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys.

The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's gives lasting relief and will help the 15 million of kidney troubles flush out poisons, waste from your blood. Get Doan's Pills.

# Pirates Not Yet Convinced Can't Break Losing Streak

### Three Games To Go This Season And Hope Still Thrives As Squad Looks To High Point And Atlantic Christian

With a string of five straight losses branding them an underdog in almost any ball game and with but three more games left in the 1948 season, the Purple Pirates of East Carolina Teachers college looked over their prospects for breaking into the win column today and decided that all hope was not yet lost.

They figure that with three more games they have as many chances of winning. One of these chances is in the "monkey" category however, since their next opponent is undefeated Appalachian who has yielded to five conference wins including one over West Carolina who handed the Pirates a 30 to nothing drubbing.

The Pirates' last two games are expected to afford their best chances of gaining a win to brighten up their record just a wee bit. November 13 they engage High Point at Wilmington, and November 20 they entertain the Atlantic Christian eleven in the season finale.

High Point has a North State conference record of three wins and as many losses. They have scored over Guilford, Mon and Atlantic Christian. Mon toppled ECTC six to nothing.

Atlantic Christian, ECTC's traditional rival in the battle for the Bohunk Trophy (a old wooden bucket now in possession of the Pi-

## Out For Season

Stan Peel, East Carolina Teachers College stellar end, will view the remaining ECTC grid contests from the sidelines. Head Coach Jim Johnson announced last night that the dislocated elbow Peel sustained in scrimmage Tuesday has forced the big end to the sidelines for the rest of the season.

Peel, a third year man on the ECTC squad, is the fourth of the original starting linemen to be benched because of injuries. Two other first string linemen were forced to drop football because of personal problems.

Coach Johnson had anticipated using Peel as an alternate at center to strengthen that position weakened by the loss of Buck Wilson who suffered a leg injury early in the season.

Duke Cockrell, varsity guard, has been temporarily sidelined with a knee injury.

## Candidates For All-America On Display Saturday

Chapel Hill, N. C., Nov. 4—The All-American balloting season has already opened and the gentlemen who evaluate the abilities of Saturday's heroes to tab them for spots on mythical elevens which never take the field will have their eyes on this bustling village Saturday.

When North Carolina's Tar Heels combat William and Mary's Indians in Kenan Stadium, at least five performers who are on the selectors' charts will be in competition, two of them in the same position.

Four of them are on the host team, the unbeaten and untied legions of Carl Snavely who have won 18 consecutive games over two seasons. They are the greats whom the experts consider as having led the Tar Heels to victories over Texas, Georgia, N. C. State, Wake Forest, L. S. U., and Tennessee during the current campaign.

## Posted Good Record

East Lansing, Mich.—(AP)—John F. Macklin, Michigan State College football coach from 1911 through 1915, produced teams that won 29 games and lost only five. One of them, the 1913 aggregation, was the only undefeated club in Spartan history. The college's new giant stadium is named after Macklin.

## Seek Grid Opponent For Friday, Nov. 19

Farmville High is now installing its football field and is seeking a game with some team to be played in Farmville on Friday, November 19. Any team with an open date, and interested in playing in Farmville on that date for a guarantee, will call Sam D. Bundy, principal, or Ebert Moye, coach.

## Back To Sugar Bowl

East Lansing, Mich.—(AP)—Michigan State College's boxing team will participate in the Sugar Bowl sports carnival at New Orleans this winter for the second straight year. The Spartans' boxers will face Louisiana State.

## Durocher Laughs At Mize 'Trade'

New York, Nov. 4—(AP)—Everybody and his brother has "traded" Johnny Mize away from the New York Giants since the close of the 1948 baseball season. That is, everybody but his manager, Leo Durocher.

"Every time I pick up a newspaper, I read where Mize has been offered to another club," Leo laughingly told a gathering of newsmen yesterday. "Who did the offering? It wasn't I. It wasn't Mr. Stoneham (Horace Stoneham, club president). Then who could it have been? The mystery man?"

Durocher stated emphatically that he has not discussed his slugging first baseman with any team. He did admit he had talked with several clubs about Walker Cooper, his big catcher, among others.

Durocher said he couldn't understand why people should get the impression he was eager to peddle Mize.

"When I make up my lineup each day I start with 'cleanup spot—Mize.' Then I worry about the other places."

## 'Stone Wall' By Rambling Wreck

New York, Nov. 4—(AP)—Georgia Tech's Engineers, past masters at designing football razzle dazzle, are concentrating this season on nice simple stone walls, also of the gridiron variety.

The latest statistics, released today by the National Collegiate Athletic Bureau, show they're doing the best job in the country.

The Tech line, which came along 10 years too late to be known as the seven blocks of granite, has given ground at the rate of a little better than one yard per try.

The team's overall defensive ability has held its six opponents to 795 yards in 321 plays, about 2 1/2 yards per play. The Engineers also have given up the lowest number of points this season. Only Florida, Tulane and Duke each scored seven points.

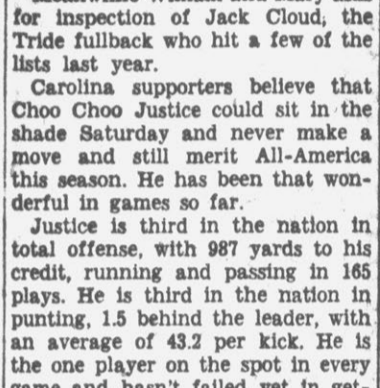

For the season Georgia Tech has allowed its rivals 132 1/2 yards per game. It's also the best team against ground plays, giving up an average of 48 yards per game.

The national leaders: Total defense Georgia Tech, 132.5 yards average yield per game to rushes and passes; North Carolina, 159.7; Army, 162.7; North Carolina State, 166.7; Maryland, 167.3; Northwestern, 171.2; Minnesota, 171.8; Arkansas, 176.7; Villanova, 177.7; Tennessee, 178.3.

## Bon of Cage Tutor

Detroit—(AP)—Fred Engle, Jr., ace recruit quarterback of the Detroit Lions of the National Football League, is the son of Arizona University's basketball coach.

## They're mighty good folks to have around...

These four good people have worked for this company a total of 105 years. The average for all 28,000 Esso Standard Oil workers today is almost 14 years with the company!

*In a time like this, workers like these are mighty good ones to have on the job—good not just for the company, but also for you.*

Their extra measure of skill, experience and job loyalty is setting amazing records in production to help meet an all-time record high demand for gasoline and heating oil and other products.

One reason these extra-good workers are here today is simply the extra-good jobs they have at Esso Standard.

Over 30 years ago, the company set up an unusual "good jobs policy." It was based on the belief that better jobs would mean better workers, and that would mean a better company.

Since then, with our workers, we have developed plans which give every Esso Standard worker such job advantages as:

uniformly good wage scales... vacations with pay... special benefits in case of sickness or accidents... chance to advance in the company... cash savings in a Thrift Plan... fair treatment at all job levels... and planned retirement with steady income assured for life.

All this was done as a matter of good business. It has given good business results. Not a strike or major work disturbance in over 30 years. Steady, skillful workers on the job. Records in production when the country needs record supply of product. Yes...they're mighty good folks to have around, from your point of view and from ours!

Bottled in Kentucky

## Golfer Is Fined For No 'Fore'

Carlisle, Eng.—(AP)—A golfer who failed to yell "fore" was assessed damages of \$73 pounds (\$3,492) in favor of a fellow player who was struck in the right eye with the ball and blinded.

Ordering George Alderson to pay the damages to Daniel Watson, Justice Sir Frederic Sellers ruled: "The law is clear that on a golf course there is a duty to take reasonable care that no injury is done to those who are on the course or taking part in the game."

### Grid Prediction Prizes To Cost Tailor \$22,248

Denver, Nov. 4—(AP)—More than 400 persons found a football bargain to suit them.

And as a result, Harry Bitman, owner of a small independent tailoring business in Denver, figures he will have to spend \$22,248.

Here is how it all came about:

Bitman's firm, the Harman Tailors, sponsors a weekly contest in which a free suit is offered for the contestant sending in the best prediction on the outcome of ten of the nation's top football games.

Last week 412 persons came up with ten winners (a perfect score) and the rules stipulate that all persons naming ten winners will receive suits.

The odds against one person picking ten football winners are strictly from astronomy. When 412 turned the trick Bitman was behind a very black eight ball.

In his way of figuring that's \$22,248 worth of suits, enough to send most small businessmen into bankruptcy.

"I've spent five years building up my business and I'm not going to watch on all those people," he said. "They'll all get suits as fast as we can make them."

In addition to the monetary outlay, production of the garments will surely tax his small factory which turns out seven suits a day.

The contest had been rolling along since the beginning of the football season with only one winner a week the first five weeks.

### Play On Friday

The Farmville Red Devils will play South Edgecombe High School in Farmville on Friday of this week at 3:15 p.m.

Farmville's team has won four of six games played this year and will be gunning for its fifth win. In a previous game this season, Farmville trounced South Edgecombe by a score of 25 to 6, but a much closer game is expected Friday.

### Baseball Boosts Attendance Mark

Columbus, O., Nov. 4—(AP)—A total of 63,765,991 persons, an increase of 2,374,716 over 1947, saw America's 90 professional baseball leagues in action this year.

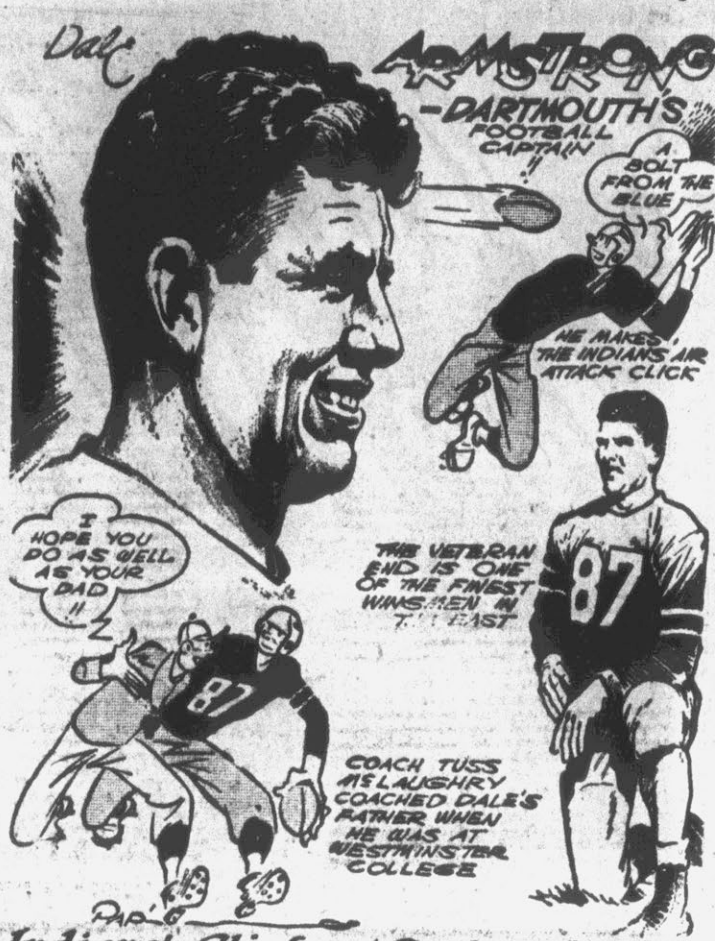

The major leagues drew 20,942,345—the National 9,793,077 and the American 11,150,216—and today George M. Trautman, president of the minors, announced the 38 leagues under his jurisdiction attracted 42,822,948.

Paid admissions for the minor circuits totaled 40,949,028, but the overall mark was 1,305,910 above last year's record of 41,516,736. Thus the minors shattered attendance records for the third straight year.

Each of the triple-A and double-A loops drew more than 2,000,000 fans. With the Pacific Coast League soaring to 3,383,774, while three of the four Class A circuits went over the million mark. Only the brand new Central League fell under the coveted figure, its total being 498,769 paid.

Coach Bob Grievie's Syracuse University cross-country team was undefeated last season.

### Sport Slants by Pap

Indians' Chief... by Pap

Judged by Ivey League standards, Dartmouth has a pretty fair football team. After losing to Pennsylvania, 26-13, in the opening game of the season, the Indians galloped to triumph over Holy Cross, Colgate and Harvard to live up to the pre-season expectations.

The one thing the Indians have been able to do this season is move the ball. They have scored at least twice in each game and, against Colgate, scored seven times. The starting forward wall is rugged and in Captain Dale Armstrong has one of the finest ends in the east. Back of substantial reserve strength from tackle to tackle makes the line vulnerable in a rugged game, however.

Coach Tuss McLaughry has come up with a talented sophomore named Johnny Clayton for his T-form smooth operator. He is an excellent forward passer and has the poise of a veteran. Clayton had to be good to oust such capable veterans as Joe Sullivan and Hal Pitkin from the starting lineup. Dartmouth has the well-rounded attack, via ground and air, to give every one of its future opponents a busy afternoon.

### Similarity Seen In State And National Campaigns

By LYNN NISBET

Raleigh, Nov. 4—The similarity of the Dewey-Truman campaign for the presidency and the Johnson-Scott campaign for the gubernatorial nomination in North Carolina last spring has been noted by numerous observers since Tuesday.

Chief occupation of capitol square folks the past day or so has been talking about the election, listening to radio resumes of returns, and laughing at antics of pollsters and all-wise commentators trying to get off the limbs they found themselves on as result of Tuesday's voting.

The state primary and national election campaigns were closely analogous. Results of both tend to show that political leadership doesn't lead to the degree I used to or at least seemed to think it did.

A year before the primary Charles M. Johnson had surface assurance of the nomination for governor. Nearly all the practical politicians supported him, most of the "big money" backed him, and claims were made on every hand that he "had the governorship in the bag."

So Kerr Scott moved into the picture, busted up the neat arrangement and got himself nominated and elected governor of North Carolina.

A year ago all the smart pollsters and dopsters had Dewey elected president. Newspapers throughout the nation, including several in North Carolina, got on the Dewey bandwagon. Big money backed him and up to the night before election day the smart boys were betting long odds on him.

So Harry Truman moved into the picture, busted up the neat arrangement and got himself elected president of the United States.

Both Scott and Dewey had lots of efficient help, but throughout their campaigns it was evident that even those lending most aid doubted the outcome. Major part of the burden in both cases was carried by the candidates themselves. All the smart folks knew they didn't have

### STRAIGHT TALK FOR BRAN EATERS!

Certainly bran aids in relieving constipation caused by lack of diet-bulk. But there's one bran that really *lasts good*, too... NABISCO 100% BRAN! What's more, this superb bran is "fine-milled" to make it easy-acting—gentler than you ever thought a bran could be! (If constipation continues, see a doctor.)

### Gridiron Gossip

By "BOO BOO" BUTLER

The Greenville High Jr. Varsity will be host to Elizabeth City at Guy Smith stadium this afternoon. The Yellow Jackets will be looking for their second win. The Phantoms will be out for revenge since the Elizabeth City Varsity beat the Greenville Varsity.

Out of nowhere Coach Jim Johnson called signal drills in yesterday's practice session. The Pirates also worked on their pass offense. Coach Johnson had no remarks on the outcome of the game with Appalachian Saturday night in Boone.

Duke Cockwell, first string guard, will probably see limited action Saturday because of a leg injury that he received in the scrimmage session Tuesday afternoon. With Cockwell hurt, let's take a look at the starting line-up: at end end, Wetherington; left tackle, Kilpatrick.

Left guard, Ellis. He stepped into the starting line up when Baggett dropped out of school. At center, Joe Polilli. He has been shaken up a lot lately. I hope he can last.

Right guard, Cockwell or Bass. It all depends on how Cockwell's leg injury comes along.

Right tackle, Kenneth Booth, who is stepping in for big John Wyatt. Wyatt received a shoulder injury and will be out for the season.

Right end, Yardrough. Yardrough replaces Stanley Peel. Peel hurt his arm and will not be able to see any action.

Quarterback, Holscher; right half, Wood; left half, Darby; fullback, Smith.

The Washington Pam Pack had another hard workout yesterday afternoon in preparation for their visit to Edenton this weekend. The Aces from Edenton are undefeated in conference play while the Pam Pack has dropped one. Bill Swiehl, who is assistant coach at Washington, was on hand last Friday night in Hertford. Edenton took the game 18 to 4. Bill was asked what he thought of the Edenton team; he replied, "This Wheeler boy looks good." He gave no comment on the squad as a whole.

Did you know—The first football suits were worn by Navy in 1879, according to Walter Camp, famous football authority. They were sleeveless jackets of canvas, laced in front, and drawn tight to fit the body. Such suits offered little handhold for tackling, and it is recorded that one team actually greased itself to foil tacklers. The suits proved so slippery that the opposing team protested, and "greased suits" were banned.

"Doc" Newton, head football coach

### Baseball Heads Lay Plans For Chicago Meeting

Cincinnati, Nov. 4—(AP)—Baseball's bigwigs—members of the major and minor league executive councils—called on Commissioner A. B. Chandler today to complete plans for the annual meeting of baseball clubs in Chicago next month. The meeting will continue through tomorrow.

Representing the major leagues are Ford Frick, president of the National League; Will Harridge, president of the American League; Warren Giles, president of the Cincinnati Reds, and Leslie O'Connor, retiring vice-president and general manager of the Chicago White Sox.

Here to look after the interests of the minors are George M. Trautman, president of the National Association of Professional Baseball Clubs.

### Jumper Titlest Will Be A Smith

New York, Nov. 4—(AP)—If one Smith doesn't capture the Open Jumper championship at the National Horse Show this year, another probably will.

The two Smiths whose jumpers have taken all the blue ribbons between them as the show moves into its third day at Madison Square Garden are Morton W. (Cap) Smith of Middleburg, Va., and Sterling Smith of Ravenna, Ohio.

at Guilford College, is having trouble. Yesterday afternoon only 20 men reported to practice; not even enough to scrimmage. Out of the 20, six were in light gear. In a statement to the press, Newton said, "if we don't have enough to play Saturday against Lenoir Rhyne, I'll play myself. It's been quite a while since I donned a uniform but I bet I can do just as good as some of these young fellows." As soon as Coach Clarence Stasovich of High Point heard the story, he sent a telegram to Newton saying, "I could stop you myself, you old goat."

The Greenville Phantoms are quiet this weekend, but will play host to Roanoke Rapids next weekend at Guy Smith Stadium.

## THERE OUGHTA BE A LAW!

## The Dancing Heart BY EMILY NOBLE

Chapter 7

Rosalie Meeghan's mother died in the hospital ten days after the girl's return. It came suddenly in the girl's mind that she had been expected hourly for a long time. And as usually also happens after all the years of devotion Rosalie was not with her at the end. Not that it would have made much difference, as the poor woman had never been conscious of her return.

It was Father Touhey himself who went to break the news to Rosalie. He knew she would be home, just ready to go out with Joe Monahan, who was boxing in the semi-finals of the amateur tournament that night.

He saw two cars and a group of excited people in front of Rosalie's house, and sighed a little. It would have been better if it had been later and the bibel enthusiasts had already gone with their champion and his sweetheart. But he had been seen and there was no chance of delay. He drew a deep breath as Pat Bulger hurried up to him, hat in hand.

"And how is Mrs. Meeghan, poor soul, Father?"

"She is dead, my son."

Pat's lips moved in a swift prayer; then he spoke again.

State Optometric Society are Dr. E. Alan Blinnar of Hickory, president; Dr. K. W. Ramsey of Marion, president-elect; Dr. John T. High of Rocky Mount, Dr. G. C. Hodgens of Raleigh, Dr. L. R. Michaels of Graham, Dr. Ben B. Boss of Hickory, vice president; and Dr. C. C. Morrison of Salisbury, secretary-treasurer.

ores Harris, daughter of Mr. and Mrs. Arthur A. Harris, 204 Ridge-way street, Greenville, thanking her for gifts she sent her, has been interpreted and she may obtain it by calling at the Reflector office. Robert Lee Rumber, who lived in Europe many years, interpreted the letter and wrote it in English.

## Bids Opened For New Gymnasium

At its monthly meeting this morning the Pitt County Board of Education opened bids for work to be done in construction of a new gymnasium at the Stokes school.

Bids for constructing the floor, dressing room and foundations of the building were opened and discussed, but the bids were held for inspection and a decision will be announced later.

Bidding on the project were W. G. Dunn who bid \$11,062.50 and Willard Lewis who bid \$14,096.31.

## Superior Court Resumes Session

Cases disposed of in Superior Court here Monday afternoon included the following:

Carlton Jackson was not guilty of an immorality charge.

Rommel J. Jones, several worthless checks, and being drunk, was given 60 days on the roads.

Roy Dixon, sale of liquor, two cases, was given 12 months on the roads, with a recommendation that he receive medical treatment.

The grand jury returned several true bills.

The court resumed its session today after being recessed yesterday for Election Day.

## Optometrists Hold Meeting High Point

The annual fall educational meeting of the North Carolina State Optometric Society was held in High Point at Hotel Sheraton last Sunday and Monday.

Two sessions featured the opening session of the two-day meeting: From 1:30 to 3 p. m., Dr. R. L. Wilson of Shelby delivered a lecture on "Visual Training." From 3:30 until 4:30 p. m., Dr. Clyde Erwin, state superintendent of public instruction, spoke on "The Problems of the School Child." At 4:30, Dr. Wilson continued his discussion on "Visual Training."

In the evening Dr. Henry B. Day Jr. of Raleigh conducted an open forum.

On Monday the entire day was devoted to business matters of the state society.

Officers of the North Carolina

## NOTICE OF RENTAL OF REAL PROPERTY

Under and by virtue of the authority conferred upon me as guardian of the estate of the late Pennie White, I will offer for rent for the year 1949, at public outcry and to the highest bidder, at the Courthouse door in the City of Greenville, at 12:00 o'clock on Saturday, November 20, 1948 the following farm lands:

Being that certain piece or parcel of land in Greenville Township just south of the Farmville-Greenville Highway and adjoining the lands of Alvin Bunting, Heber Allen and others, and known as the Pennie White farm, containing approximately 27 acres of cleared land, to be allotted on this farm in 1948 was 5.8 acres.

The terms of rental shall be cash. This the 27th day of October, 1948. BEN TRIPP, Guardian for Pennie White.

J. W. H. Roberts, Atty for Guardian. Oct. 28-Nov. 4-11-48

## NOTICE OF PUBLIC RENTAL

Under and by virtue of the power contained in the last will and testament of L. A. Randolph, deceased, the undersigned Guaranty Bank and Trust Company, Trustee, will, at the Court House Door, Greenville, North Carolina, at 12:00 Noon, Wednesday, November 24, 1948, offer for public rental for the year 1949 to the highest bidder for cash the following described tract of farm land:

Known as the L. A. Randolph home place, and lying and being in Greenville Township, Pitt County, North Carolina, and located approximately one-half (1-2) mile north of Greenville, on the Greenville-Bethel highway. The same contains 15 acres, more or less, with the said 15 acres being cleared land, and having had a tobacco allotment of 3.7 acres for the year 1948. There is excepted from the above the home located on said tract of land, together with 3 acres of land contiguous thereto, leaving approximately 12 acres of cleared land for rent.

This the 3rd day of November, 1948.

Cases Tried In Police Court

By CHESTER WALSH
Judge J. W. H. Roberts, in Police Court Monday, disposed of the following cases.
Yealey G. Turner of Kinston, entering and larceny, waived preliminary hearing and he was bound.

over to Superior court without bond. He is charged with robbing the safe at the Wagner Marshburn Motor Company's place on Western Dickinson Avenue last September 10. Judgment was suspended in the cases of Albert Guerrero, in which he was charged with reckless driving and not having a driver's license, on condition that he pay \$15 and \$25 fines.
Willie J. Clark colored was not guilty of assault with a deadly weapon.

DIE IN STAMPEDE
Tokyo, Nov. 4.—(AP)—Two boys were killed and 21 other persons were injured in a stampede today when the gates of a baseball stadium were opened for the first game between Tokyo's professional Giants and a group of ALT stars. There was no admission fee.
Carolina Elks Association, made his official visitation.
Reports of the activities of Elks lodges in North Carolina indicated that they are going along in a good way in community services, George Skinner, a past exalted ruler of the Kinston lodge and state president, said. Visiting Elks at the Kinston meeting included those from Greenville, New Bern and Goldsboro. A barbecue supper was served before the meeting.

MOVIE MANAGER HOST TO NEWSPAPER CARRIER BOYS
Manager T. Y. Walker will be host to the newspaper carrier boys who carry the Daily Reflector at a showing of the film "Four Feathers" Friday night at 7:30.

GET TIME OFF
Washington, Nov. 4.—(AP)—Government workers will be excused from their jobs for two hours tomorrow so they can welcome victorious President Truman home.
Church Program . . .
(Continued from page one) and His Church—because it affords them an opportunity to minister to God's people.
This meditation was followed by the administration of the Lord's Supper by the Bishop and the District Superintendent of the Conference—B. B. Slaughter, J. H. Miller, H. B. Porter, E. L. Hilman, H. C. Smith, A. J. Hobbs and W. L. Clegg.
The business was initiated by the organization of the conference for the year. Following this A. R. White of Richmond, Virginia, representing the Methodist Publishing House presented the conference with a check for \$4,995.36 as its portion of the earnings of the Publishing House which each year are allocated among all the conferences in Methodism to the support of retired preachers.
Then the district superintendents of the Durham, Fayetteville, and Elizabeth City districts gave their annual reports, each presented a layman to tell about lay activity in each district. They reported on organizational activity, membership, building and improvements and other facts to reveal the work of the year.
At this point the proposed budget for the coming year was presented in mimeographed sheets to each member of the conference. It is the proposal drawn up by the Commission on World Service and Finance of which Gurney P. Hood of Raleigh is chairman.
Besides the normal items of the conference budget there were two new items. The first calls for the creation of the Methodist College Foundation of North Carolina with a \$10,000,000 capital. This idea has already been adopted by the Western North Carolina Conference. Reverend J. G. Phillips, executive secretary of the North Carolina

Methodist Conference Board of Christian Education said. Adoption or rejection by this conference will be accomplished by the end of the week.
The second new item is a plan to insure each member of the North Carolina Conference for \$1,000, the premium to be paid by the conference under a group insurance policy. This, too, will be decided on this week.
Dr. Goble, president of Greensboro College, spoke briefly to the conference last night on higher education by Methodist institutions. Reverend R. W. Bradshaw told the members of the conference he was aware of the parking problem for member cars. He told them of the city's gesture to help by charging no parking meter fee for any time. Then he pointed out the parking places being set aside for the delegates. Each has been marked with a sign, Johnathan Overton, chairman of the Parking Committee, said in an effort to get the cooperation of the people of Greenville for this week.
Today's sessions of the conference took up the financial budget and other routine items until 3 p.m. when Dr. Harold Bosley, dean of the Duke University Divinity School, will preach. At 5:30 p.m. the Duke University banquet will be held at the dining hall on East Carolina Teachers College campus.
The evening sessions will involve the presentation of the theme of the church's program for the next four years—"For Christ and His Church"—by Reverend R. W. Bradshaw which was adopted by the Methodist General Conference, the law making body of the church, in Boston May of this year. Following Mr. Bradshaw's factual presentation Dr. Harold Bosley will deliver an inspirational sermon on the theme. This session will be broadcast over WTCC for the church will not hold the delegates and all the interested persons in the city.

America Still . . .
(Continued from page one)
tion. Of course the situation is simplified by the fact that Washington's policy regarding the Bolshevik aggression already has been defined under the Truman administration and that this regime is being continued. The broad principles under which America is proceeding are well known.
Naturally one would expect developments of policy to meet future emergencies. The defense against Communism is the greatest international problem with which the new American government will have to deal, and it hardly can be expected that this will be solved without resorting to new measures. However, we must assume that future strategy will be based on established principles.
We have seen, for example, the actual working of the policy of helping needy countries defend themselves against Red aggression. The Marshall plan for European rehabilitation already is in full operation. American military preparedness for emergencies is moving apace.
These things are out in the open for all to see. So the whole world knows what President Truman's fundamental policies are and what trend he is likely to pursue in his new term. The world knows too (or should know for its own good) that Americans stand together in emergencies, irrespective of politics.

Republicans . . .
(Continued from page one)
seen.
Southern Democrats who have never been too enthusiastic about some of his policies will be back in the saddle as chairmen of many of the important committees.
They may have a new respect for Mr. Truman as a political windmill who can chop down the opposition at the ballot boxes. But a lot of them think the President carried Southern states simply because he was the Democratic candidate and not because—for instance—he advocated repeal of the Taft-Hartley act.
The States' Rights party, headed by Gov. J. Strom Thurmond of South Carolina, served notice it will continue its fight against the President's civil rights program.

N.Y. Cotton
New York, Nov. 4.—(AP)—Cotton futures opened unchanged to 25 cents a bale higher.
Noon prices were 65 cents to \$1.60 a bale higher than the previous close.

Hog Market
Raleigh, Nov. 4.—(AP)—(NCDA)—Hog prices \$1 to \$1.50 weaker, \$22.75 at Kinston and Wilson; \$22.25 at Greenville, Goldsboro and Washington.

Poultry and Eggs
Raleigh, Nov. 4.—(AP)—(NCDA)—Fryers and broilers steady at 34-35; eggs steady, A large 64.

N.Y. Stock Market
New York, Nov. 4.—(AP)—Heavy buying drove the stock market upward today after yesterday's post-election crack-up. Snapping out of the worst break in two years, leading issues advanced fractions to more than 3 points.
