

Battle Joined On Road To Nanking

Greatest Battle In Chinese History Begins; Fate Of North Central China Hangs In Balance; Martial Law Restores Order In Rioting Cities

Nanking, Nov. 11—(AP)—The greatest battle in Chinese history—involving more than 1,000,000 men by government estimate—was joined today along the Yangtze today with Communist troops having a slight numerical advantage.

Government spokesman Lt. Gen. Teng Wen-yi said the battle was joined along the Suowu defense line which guards the road to the National capital.

Teng said government troops out-fought the Reds during the opening phases of the battle but that they had made successive withdrawals to "shorten their lines."

He said Reds under General Chen Yi, Liu Po-cheng and Chen Keng already were throwing all available manpower into the fight, on which hinges the fate of North Central China.

The government, too, was bringing up reinforcements, Teng said, with some troops from along the Peiping-Hankow railroad line already moved into combat.

Teng said the Reds had hurled 21 armies numbering 500,000 men into the battle.

(Communist broadcasts heard in San Francisco by the Associated Press said the Reds have bottled up 300,000 government troops in the Suowu area.)

The government spokesman said the Communists had already suffered 30,000 casualties around Suowu. He said that was more than three times the number suffered by government troops.

Government warplanes of all descriptions from Nanking were hurled into the battle, described by Teng as larger and more bitter than any fought during the Sino-Japanese war.

In Nanking and Shanghai martial law was declared after food riots had disrupted the routine in both cities yesterday.

Food riots erupted in Nanking. Residents calmed down from yesterday's hysteria. But in Shanghai many of the riotous scenes were being set off of the city to safety in the country.

On the political front, the official Central News Agency said Premier Wang Wen-hao had withdrawn his resignation and agreed to continue in office under a new policy.

Rigid domestic censorship prevailed. The right of mass meetings was cancelled. Strikes were prohibited both by workers and merchants. All American military groups moved out rapidly their wives and children. They were flown to Tientsin, northeast of here, and Shanghai, where they were placed immediately aboard an Army transport.

Other foreigners were growing restless. British, French, Australian and other consulates in Shanghai said they had no evacuation orders. They indicated an emergency plan had been worked out in Shanghai to be effected if the situation got worse. All admitted that a good many of their nationals were leaving voluntarily, which accounted for a tremendous increase in bookings at air and shipping lines.

Heavy Cruiser Is Sunk In 6 Hours

Seattle, Nov. 11—(AP)—The heavy cruiser Pensacola, survivor of an atomic bombing, took every punch the navy could throw for six hours and 30 minutes yesterday and then quietly sank.

The first task fleet undertook the job of sinking the ship in practice maneuvers 90 miles off the Washington coast.

The veteran of 13 battles with the Japanese was listing far to port just before she went down.

Speculation over the report of a possible meeting between President Truman and Marshal Stalin in Moscow has swept both hemispheres like a prairie fire, demonstrating anew the intensity of world-interest in any such parley.

It's note-worthy that the Moscow press has given heavy play to this report which was carried by Tass, the Soviet news agency. Tass attributed the information to an item by the Washington Times Herald, evidently referring to a column by T. S. Coffin.

The story has met with mixed reception. U. S. undersecretary of State Lovett said yesterday he knew nothing to substantiate the idea of such a meeting. Presidential press secretary Eben Ayers, who is with the chief executive at Key West, offered no comment but recalled Mr. Truman's repeated assertions that he would be glad to talk with Stalin any time the Soviet chief wishes to come to America.

Of course Mr. Truman did have a plan to send chief Justice Vinson to Russia recently, but secretary of state Marshall persuaded the President not to do that. However, the

President left the door open for possible consideration of a similar mission. In view of this it is interesting to see L'Osservatore Romano, the Vatican organ which frequently reflects the views of Pope Pius, expressing hope that the American elections have paved the way for a Truman-Stalin meeting.

And from well-informed American sources in Paris comes the sidelight that Messrs Truman and Marshall are expected to confer shortly over the whole field of America's relations with Russia.

Well, what of the advisability of such a meeting—assuming that it could be arranged?

Most observers appear to regard the proposition with much doubt, as being a two-edged sword which might do some good but could do much harm.

On the credit side one can see that it would give vast satisfaction to those who feel we are missing a bet by not attempting such a direct approach. Furthermore it would put America on record as having gone the limit in trying to achieve peace.

Shipping Tie-Up Starts As Dock Strike Spreads

Longshoremen's Strikes On East And West Coasts May Be Joined In Gulf

New York, Nov. 11—(AP)—A major part of America's shipping was crippled today by longshoremen's strikes on the east and west coasts.

The port of New York—foremost in the world's commerce—was almost paralyzed as thousands of men stood idle.

The blits also hit the important harbors of Philadelphia and Boston, where other thousands joined a rank-and-file protest against a wage settlement negotiated by AFL union leaders.

Spread of the walkout to additional ports from Portland, Me., to Hampton Roads, Va., by tonight or tomorrow was feared.

A Gulf coast stoppage has been promised if the east coast strike becomes official and complete.

A crippling west coast strike of CIO unions has idled ships and men from Alaska to Mexico for many weeks.

There was a possibility, however, that the east coast walkout might be short-lived.

The S.S. America, queen of the U.S. Merchant Marine, was due to steam into the New York strike area today with nearly 1,444 passengers from Europe. They faced the possibility of being turned away as passengers did on several ships sailing and arriving yesterday.

The British liner Mauretania, which had been due here tomorrow with more than 1,500 passengers from Southampton, has been diverted to Halifax, Nova Scotia. Special trains will carry passengers from there to New York and other major U.S. cities.

Effects of the east coast strike on Marshall Plan shipments was uncertain.

The fate of cargoes on ships still at sea and bound here was a major problem for maritime companies.

Special police patrols guarded the New York waterfront round-the-clock, but all was peaceful.

Up to 10,000 of New York's 25,000-odd members of the AFL International Longshoremen's Association (ILA) were reported to have joined the walkout which began before dawn yesterday.

Custom house figures showed 41 ships were affected here immediately in addition to 16 already lying idle as a result of the west coast strike.

Royall Asks For Unity In Support Of Pres. Truman

Birmingham, Ala. Nov. 11—(AP)—Secretary of the Army Royall, speaking from one of the strongholds of the states Righters today called for a United America in support of President Truman.

"The election was a great demonstration of American Democracy," Royall said in an address prepared for an Armistice Day luncheon.

Despite the closeness of the vote at least two of the leading losers promptly and cheerfully offered support to our President.

"I am confident that this example of Mr. Dewey and Mr. Truman will be followed by the voters of all parties."

Royall said two principal mistakes made between world wars I and II were longing for peace without strength to support it and disunity in foreign affairs.

President left the door open for possible consideration of a similar mission. In view of this it is interesting to see L'Osservatore Romano, the Vatican organ which frequently reflects the views of Pope Pius, expressing hope that the American elections have paved the way for a Truman-Stalin meeting.

Munitions Ready For Shipment To Chinese Gov't

First Big Shipment Of Guns, Ammunition Since Red Sweep Is Prepared

Washington, Nov. 11—(AP)—The first major shipment of American guns and ammunition to China since the Communist sweep in Manchuria was said today to be nearly ready for departure.

The report lacked details and official confirmation. But it came from both Chinese and American sources after the state department disclosed that more than \$12,000,000 has been withdrawn by China from the \$125,000,000 Congress vote this year for military assistance.

Most of the money has been paid over to the army for arms, ammunition, vehicles and radios which the Nanking government has said Generalissimo Chiang Kai-shek's Nationalist forces must have to stem the Communist advance in North China. Shipments thus far have been confined largely to equipment rather than actual weapons and ammunition informants said.

The defense department has authorized from President Truman to help China by turning over supplies from U. S. military stocks. The Chinese must pay what it costs to replace the supplies.

Other developments meanwhile testified to the urgent attention being given China's plight by top level administration officials.

Recovery administration Paul G. Hoffman, for instance, said it is "definitely a possibility, but not a probability" that he will make an on-the-spot survey.

His idea would be to determine for himself what economic help the Chinese need and how it can be supplied with threatening to spread farther southward into Nationalist areas.

Earlier, associates had said he expected to make the trip to China next month "unless the situation by that time becomes too dangerous or improper." This reference presumably was to political changes which might occur in China as a result of any further reverses by the Nationalists.

Same Old Story

Paris, Nov. 11—(AP)—Russia charged anew today that Britain and the United States wrecked attempts to end the Berlin deadlock.

In an angry speech, Soviet Deputy Foreign Minister Andrei Y. Vishinsky told the 58-member United Nations Political committee:

"We were told if we took one step in the Berlin question, then international confidence would prevail. We did take that step, but it was wrecked."

Vishinsky said Britain and the United States "simply crossed out and pigeon-holed" agreements with Russia in Moscow on the Berlin deadlock, as well as agreements reached at Yalta in 1945.

The agreement on the Soviet blockade of Berlin reached by the four big powers in Moscow failed at the Berlin level of the negotiations over Russian demands for continued controls over traffic. A neutral nations' resolution seeking to mediate the Berlin conflict was vetoed in the Security Council by Vishinsky.

Denham Asserts Labor Law Still To Be Enforced

NLRB Counsel Says Taft-Hartley Act Not Yet Repealed; Same Policy Ahead

Washington, Nov. 11—(AP)—Despite the Administration's pledge to seek repeal of the Taft-Hartley Labor Law, its chief agent, Robert N. Denham, intends to follow a "business as usual" policy.

Denham said in an interview today he will keep on administering the Republicans' sponsored labor law "as if nothing had happened," so long as it is on the books.

He has some ideas of his own for changing it, but "nobody has asked me for any so far."

A number of labor leaders have suggested privately since President Truman's upset election victory that Denham either should resign or be ousted in a revision of the law's terms.

But to questions about his future, the 65-year-old general counsel of the National Labor Relations Board responded:

"I am still general counsel and I will be until the law is changed. 'Nobody has asked me for my resignation yet,' he laughed.

As general counsel at a \$12,000 annual salary, Denham has a four-year term dating from his July, 1947, Senate confirmation to the post. He recognizes, however, that his tenure can be changed by amending the law.

A lifetime Texas cowhand with a colorful career, Denham was an NLRB trial examiner when Mr. Truman appointed him general counsel after Congress enacted the Taft-Hartley law over the presidential veto.

The new labor law built up the general counsel's position to one that labor unions have said made Denham a virtual "labor czar."

Whereas the NLRB under the Wagner Act had been a conciliator, and jury over labor cases, it became simply a deciding court under the Taft-Hartley law. Full power over prosecutions was given to the general counsel's office.

Denham, a Republican, quickly stirred the wrath of labor unions by his right enforcement of the new law. At the outset he ruled that the NLRB's CIO union could sue the NLRB's officials until top officers of the two groups signed the controversial non-Communist affidavit.

PTA Council In Meet Wednesday

The initial meeting of the Greenville Parent Teachers Association City Council for the new school year was held Wednesday afternoon, November 10, in the Third Street School.

Mrs. E. O. Parkinson, Jr., president, presided and welcomed as new members of the council Mrs. R. P. Rogers, president of the Training School PTA, and Mrs. J. T. Cheatham, president of the Third Street School PTA. The West Greenville School PTA was represented by Mrs. W. J. Stell in the absence of the president, Mrs. C. B. West.

There was considerable discussion of the needs of the elementary schools in the city. As a result of this discussion finding committees are to be appointed by the president of the Parent Teachers Association of each of the schools. These committees are to make a survey of the requirements most urgently needed to put these schools in first class condition. A consolidated report is to be prepared as quickly as possible for presentation at a called meeting of the council.

Students Appear On Recent Music Recital

STUDENTS—14
The department of music at East Carolina Teachers College sponsored recently the first student recital of the 1948-1949 term. A number of talented students now enrolled in the department were presented in the department. Selections on the program included works for voice, piano, flute, clarinet, and trumpet.

Among those taking part in the program was Rodney Roberts of Greenville, junior at the college and son of Judge and Mrs. J. W. H. Roberts.

With Nina Abernethy of Rocky Mount as accompanist, Roberts sang as the opening number on the program "Dedication" by Franks.

Stress Good Will In Music Theme

Students of music at East Carolina Teachers College conducted chapel exercises at noon Tuesday, at which national anthems made up a program held in honor of Armistice Day and based on the idea of good will among peoples of the world.

Leon Jackson of Pikeville, acting as chairman, stated the purpose of the program and made brief comments on the numbers.

Solo performers were Nina Abernethy of Rocky Mount, who played the Chinese and Japanese anthems arranged for the oboe, and Elizabeth Drake, pianist, of the faculty. The Brass Ensemble of eight players gave the national hymn of Old Russia, arranged by Leon Jackson, and the "Marseilles" arranged by Robert Gaskins of New Bern. The College Singers, a group of ten men and women, sang a group of anthems.

Members of the Brass Ensemble are Edward Benson and Lee Rogers, Jr., Rocky Mount; Spencer Rollins, Jr., Henderson; Herbert Dale and Rodney Roberts, Greenville; Harold W. Grant, Selma; Robert Gaskins, New Bern; and Boyd Elliott, Thomasville. The College Singers include Annette Hughes, Willard, accompanist; Betty Groom, Joyce Warren, and Alexander Livesay, Rocky Mount; Patricia Scott, Haver-

Divert Wright Plane's Route

New York, Nov. 11 (AP)—The Kitty Hawk is taking a roundabout route home after 28 years on foreign soil.

The Wright Brothers' historic plane is on the British liner Mauretania, which has been diverted from New York to Halifax, Nova Scotia, because of the longshoremen's strike here.

The plane, in which the late Wilbur and Orville Wright made their famous flight almost 45 years ago is headed for America's aviation shrine at Washington, D. C.

Returns After Tour Of Duty On Island

Headquarters, 20th Air Force, Guam—Technician Fourth Grade Moses Barrett, son of Mrs. Nahalie Barrett of nearby Winterville, N.C., has returned to the United States after completing an overseas tour on this island.

During the past war Barrett spent quite some time at the Army Medical Center in Washington, D.C., working as a surgical technician there. Reenlisting in late 1945 he joined a construction engineer company and later arrived on Guam where he was assigned to 822nd heavy maintenance and construction unit, a part of the Far East Air Forces. Prior to entering the services T-4 Barrett was an embalmer's assistant at Greenville.

Relate Advances In Europe Due To Marshall Plan

New York, Nov. 11 (AP)—The British ambassador to the U. S., Sir Oliver Franks, says the Marshall Plan has helped Britain "see its way out of the woods."

Speaking last night at the annual dinner of the Academy of Political Science, Sir Oliver termed the foreign aid program a gesture of "magnanimity and generosity."

Another speaker at the academy's sessions yesterday, Oris V. Wells, chief of the United States Bureau of Agricultural Economics, said restoration of European agriculture was proceeding on schedule under the Marshall Plan.

He said indications were that agricultural production would be back up to pre-war levels by 1951-52.

All Flue-Cured Markets Closed

Raleigh, Nov. 11 (AP)—All flue-cured tobacco markets were closed today because it was Armistice Day.

Markets of the Old and Middle belts yesterday saw mixed price trends. On the Old belt, the majority of better quality offerings were steady to slightly higher. But most medium and lower qualities declined.

Most grades of leaf, smoking leaf and cutters advanced slightly on the Middle belt. Slight drops were shown by lugs, primings and non-descript.

In a single year, more than 100 billion container units of all kinds are made in the United States for packing goods sold at retail.

Veered Seaward

Cape Hatteras, N.C., Nov. 11 (AP)—A tropical storm, which lost most of its force as it moved northward, no longer was a threat to the North Carolina coast today.

The storm, blowing up suddenly from the South Atlantic, brushed North Carolina's Outer Banks yesterday with high winds and heavy seas. But shortly after midnight, it veered seaward and began losing its force. It was moving northeastward about 22 miles per hour.

No major damage to coastal property or shipping was reported.

Strength FOR THE DAY

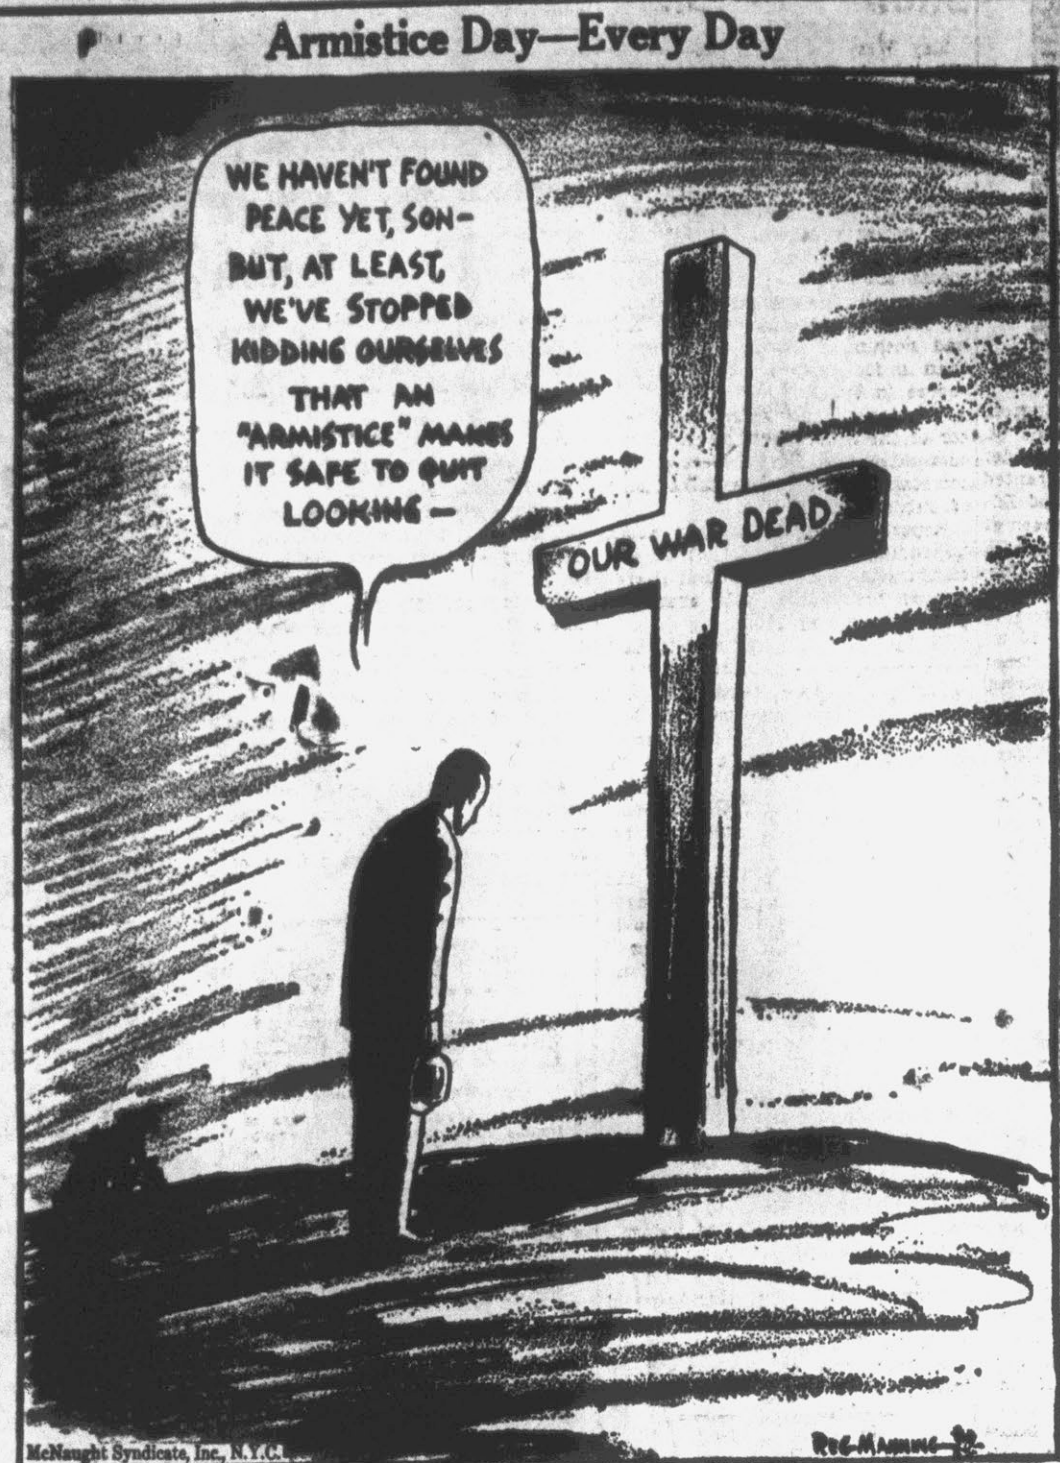

A PRAYER FOR PEACE
God of the nations, in whose hands all people of the world may rest in security, give us confidence that in these days of trial we will not be forsaken of Thee. We have passed through valleys of darkness, and we are not sure even yet that our feet are in the pathways of peace. Against Thy kingdom, principles and powers still conspire, and the ambitions of men still rise up to defy Thy holy will.
But Thou, O God, who are love and peace incarnate, give Thy Spirit to Thy children in every tribe and nation. Cause men to see with divine simplicity that there is no cause for quarrel between the common peoples of the earth, that strife destroys all things we most desire, and that war is a dreadful sin against the love and sovereignty of God. Sustain Thy power those leaders who seek peace and pursue it, and curb with Thine Almighty hand the ambitions and enterprises of those who would recklessly plunge themselves and us into war.
In all our ways may we acknowledge Thee to the end that true prosperity, the security of household, and the right to live, love and work become indeed the possession of every child of Thine upon the earth. Strengthen Thy Church in all its branches, that men may be led to put their trust in the Prince of Peace and to give their hearts completely to the service of men.

WASHINGTON LETTER

WASHINGTON LETTERS
Washington—What is believed to be the greatest and most complete genealogical library in the United States, where the family histories of many Americans may be traced, will be dedicated here in October. The library will be housed in the newly reconstructed auditorium of Memorial Continental Hall, which adjoins the Daughters of the American Revolution's Constitution Hall.
Thousands of books, manuscripts and papers, records of wills, births, deaths and other vital data bearing on family histories are included in the library's vast collection. Many of the data have been copied from inscriptions in old family Bibles, old church records and tombstones in village cemeteries, and from early military and courthouse records. The information is being continuously assembled, compiled and indexed.
The library will be open to the public and available to all genealogists. Meanwhile construction is under way on the DAR's new \$900,000 Administration Building, which will connect Memorial Continental Hall and Constitution Hall. The new building is scheduled for completion in time for the meeting of the Society's next Continental Congress, the latter part of April 1949.
Miss Katherine Mathies of Seymour, Conn., 3rd vice president general of the DAR, has just contributed \$36,000 toward the building fund. Miss Mathies has specified the sum is to be used for the construction of a voting room in the new building. DAR meetings are attended by much secrecy. Voting in the past has been conducted in a small room on the basement floor of Constitution Hall. After the voting tellers are locked in this room, sometimes for hours, until a complete tally is made. In presenting her donation, Miss Mathies explained:
"Voting ought to be a pleasure, not an ordeal. Voting places generally are an abomination and need modernization."

Boyle's Column

By HAL BOYLE
New York. (AP)—The Crown Prince of the radio giveaway shows passed out more than \$1,000,000 a year.
And this queen variety of wireless philanthropy pays Mark Goodson at the age of 33 more than the President of the United States gets. His net take is better than \$100,000. How much better is his own secret.
Goodson won a Phi Beta Kappa key at the University of California in 1937 for knowing the right answers. But today his six-figure income comes from asking questions over the air.
He has six network quiz programs, and is probably the most successful young radio producer in the business. Among his shows are "Hit the Jackpot," "Time's Avastin," "Winner Take All," and "Stop This

But today Goodson's invisible realm, like the British Empire, has its troubles. Comedian Fred Allen and the Federal Communications Commission are threatening to stop the music of his private cash register.
The FCC has under consideration rules to ban or regulate programs which "buy the audience" by inducing listeners to tune in chiefly in the hope of winning prizes.
Allen is currently engaged in a one-man war against the giveaway. He has posted \$5,000 bond to insure any of his listeners against the loss of any prize they might have won by listening to any rival program.
Goodson thinks Allen's campaign is only a reflection of the comedian's annoyance because "stop the music" aired over a competing network knocked the funnyman out of a top hooper rating last spring. The most recent hooper poll, however, showed Allen again ahead of the musical quiz show.
"Frankly, I was flattered to have one of America's best comedians throwing rocks at us," said Goodson. "But we aren't going to throw any rocks back at him over the air."
We feel that the man at the dial is the one who should decide what he listens to—not a comedian or a Federal Bureau.
He denies that "audience participation" shows—he dislikes the term "giveaways"—are only nuisance programs that attract mums.
"Audience participation shows are about the oldest thing in radio," he said, "but only about twelve percent of the network programs can be classed as this type."
"They all aren't bad, and they all aren't successful. As many so-called giveaway shows have failed as have succeeded."
"It's my honest belief that quiz shows and audiences are considerably above the national average in intelligence and educational background."
"The shows are competitive and appeal to eager, competitive people. Most people realize they have perhaps only one chance in 20,000,000 to win a prize. They tune in for the excitement and entertainment—and I don't think entertainment has to be justified."
Goodson believes he will win what he calls his fight against "the Goliaths of the radio industry."
"The right to tune in is as free as the American ballot," he said. "We'll have quiz shows over the radio just as long as we have baseball or any other game."

Truman-Stalin . . .

(Continued from page one)
even though the effort failed.
On the other hand there would be the danger that the move would be interpreted as appeasement—a term which forever will be associated with British Prime Minister Chamberlain's efforts to placate Hitler. Such an interpretation would give Moscow propaganda with which to convince their own people, and doubtful foreign nations, of Red Russian supremacy.
Then there is the very definite danger that the Moscow, after smoking the pipe of peace, might employ the following period of trustful tranquility for the expansion of their fifth column projects in foreign countries. That's a tough suggestion to have to make, but past experience shows that it is in the cards. Employment of the double-cross not only is one of the cardinal methods of Bolshevism, but is actually part of the written code.
Analyzing . . .
(Continued from page one)
for Mr. Truman? For example, people like these:
The ones who voted a straight Democratic ticket simply because they always have voted that way, and their families before them.
And those whom Mr. Truman pumped full of fear of Wall Street, or a bust, if the Republicans won. And the ones who admired Mr. Truman for his uphill fight and gave a sympathy vote to the underdog because they didn't see much other ground on which to choose between the candidates.
Or those who approved his promised program, which is a New Deal program; or those who accepted Mr. Truman's description of the Republicans as a bunch of do-nothing obstructionists.
Or those who resented what they thought was Dewey's coldness and his failure to state his case clearly. Or those who felt insulted because they looked upon what he said as pious generalities and platitudes.

Large Audience Attends Choric Drama At School

By MRS. CHESTER WALKER
The Greenville High School Dramatic and Glee Club presented a choric drama, "Unto Us the Living," to an overflow audience last night.

The message of the drama by Harold G. Sliker was that "Mah, the two-legged joker," should not forget that millions fought and died in many far away places and the responsibility for building a peaceful world for all people has been given "Unto Us the Living."

It was chosen as a pre-Armistice Day drama "lest we forget" those who paid the supreme sacrifice in order that peace might be won and not that we "should hide ourselves in closets and behind fences."

Forced Heart To Resume Beating

Point Pleasant, N.J., Nov. 10—(AP)—The anesthetist turned to Dr. Henry S. Ivory during a minor abdominal operation on a woman patient yesterday to report that her heart had stopped beating.

In another moment, the patient stopped breathing. Dr. Ivory started artificial respiration, called for heart and restorative stimulants. They proved unavailing.

The chief of the Jersey Shore General hospital staff made his decision immediately. He cut through the girl's chest wall, reached into the chest cavity and began to force her heart to pump again by manipulating the delicate organ with his hands. Soon the heart was pumping on its own.

Today, the patient, Miss Rose Havens of Lakewood, a former navy hospital aide, was reported in fair condition by Mrs. Josephine Fraser, acting supervisor of nurses at the hospital.

Mrs. Fraser said the operation had been performed before when dire emergencies demanded such drastic steps.

To: THE KYRON COMPANY

Gentlemen:

I want you to know how thrilled I am with the way your Kyron plan helped me lose fat.

I'm 18 years old and weighed 212 pounds. I had to wear size 44 and could never dress like other girls. I was ashamed to go any place.

Then I took Kyron for 3 weeks and lost 21½ pounds. I felt peppier than ever before. When I went to my doctor, he said my health was improved and I should keep on taking Kyron.

In about 2½ months I was down to 125 pounds. Now I wear size 12 and am I happy. My skin looks so much nicer and I feel wonderful. Now I'm having dates and fun.

I feel like telling everybody who's fat and unhappy to take Kyron like I did so they can look slim and pretty.

Thank you so much for my wonderful results with Kyron.

Fished In Sleep, Angler Is Fined

New Westminster, B. C., Nov. 7. (AP)—A magistrate fined a fisherman \$25 yesterday for fishing in his sleep.

Ed Simmons of Steveston told Magistrate H. J. Pohnston he set his net at 3 a.m. and set an alarm to awaken him at 5 a.m. The alarm failed to awaken him and a fisheries patrol found Simmons, still asleep and with his net still in position, at 7:50 a.m.—an hour after the fishing season closed. The magistrate disregarded Simmons' plea that "there was no conscious violation."

Wonderful Riceland Rice Pudding Is Family Favorite

Quick, Thrifty Dessert: Riceland Rice Pudding

Here's the recipe for a wonderful dessert your family will want at least once a week. And that will be good news for your food budget because Riceland Rice Pudding is very inexpensive. It's quick and easy to make. Nourishing and so easily digestible it can be served to very small children.

For best results, be sure to use Riceland Rice. It's the world's most delicious rice—grown in the heart of the quality rice belt of America.

Delicious Riceland Rice Pudding

1 cup cooked Riceland Rice
2 cups milk
2 eggs, separated
¼ cup sugar
¼ teaspoon salt
¼ teaspoon vanilla

To cook Riceland Rice: Put 2 cups of Riceland Rice, 2 teaspoons of salt and 4 cups of cold water in a large saucepan and cover with a tight-fitting lid. Set over a hot flame until it boils vigorously. Then reduce the heat as low as possible and simmer for 14 minutes more, during which time the water will be absorbed, making the rice deliciously tender. Remove the lid, permit the rice to steam dry to the desired consistency and the grains will be separate and fluffy. Always use Riceland Rice for best results.

To make pudding: Add cooked Riceland Rice to milk and heat to scalding point in top of a double boiler. Beat egg yolks with sugar. Add hot Riceland Rice and milk mixture slowly to egg yolks and sugar, beating vigorously. Pour all back into the top of the double boiler and cook over hot water until thick. Fold in raisins or chopped fruits if desired. Place in a buttered casserole or pudding pan. Cover with meringue and bake in a 350 degree oven until the meringue is lightly browned.

To make meringue: Beat egg whites until stiff. Gradually add four tablespoons sugar, beating until the meringue will stand in peaks. Spread over top of pudding.

Scoutmasters Training Course Is Slated To Be Held At Camp Charles

If you're interested in Scouting! You won't want to miss the Scoutmasters Training Course to be held at Camp Charles Saturday night and Sunday, Nov. 13 and 14. This is the greatest chance to learn more about the game of scouting that has been offered yet.

According to an announcement today by Freeman E. Self, Scout Executive for the East Carolina Council of the Boy Scouts, the course will start promptly at three o'clock Saturday afternoon with outdoor demonstrations. The indoor sessions of the course will get under way at 7:35 o'clock following a supper held on the camp grounds.

"The course," says Mr. Self, "is to give the new and experienced Scout Leaders the 'know how' to operate a fine Scout Troop. This training," continued the Executive, "will feature motion pictures and demonstrations by the leading experts on Scouting in North Carolina and perhaps the country."

The only cost of the course, Scout Officials said this morning, will be two dollars per person to cover the costs of meals. The other equipment for personal use must be furnished by those attending. As a last warning, Scout Officials said to come prepared to live outdoors. Bring blankets, personal needs and what-

ever you think you may want during the course.

The training course will be divided into two parts, the Basic Scoutmasters Training Course and the Advanced Scoutmasters Training Course. The latter will be a discussion course in "getting the meat out of the coconut" in Troop operation for the Scoutmaster who has already completed the Basic course.

"Those who wish to attend," said Mr. Self, "are urged to notify the East Carolina Council office in Wilkesville immediately. Plans must be completed for the number who wish to attend."

Red Oak News

Dear friends,
We take this means of telling u

that we had a wonderful time last night at our Kountrie Auchum! Minnie of our fine friends was there from Greenville, Winterville, Renston and other communities. They enjoyed a real kountrie supper of kountrie ham, collards, sweet taters, tater salad, hot corn cakes, rolls, oceans of coffee and pickles et cetera et cetera. Mister E. Lie Bloom came in kinda late. He looked mighty week and holler-led. He said he hadn't eaten anything for five days becuz he was saving himself plenty of room for that supper. When he left, he looked like he had put on tin extra lbs.

When Mister and Misses Tie Wagner left, they had so many collards, turn-ups, pecans, kakes, candy and taters that we think they mought be a goin to open up a grocery stor. Effern they do, be shure and trade with them fur they air fine people.

Little Sister Icy Lettie Junior had more fun then a barrel of mun- kles. He bought so much candy that he will be sweet fur a long time.

Mister and Missus Icy Little are the proud owners of a ducks thes mourning. I think the ducks is very happy to go an live or be gobbled up by such a fine family.

We wonder why Mister Tom Wilson had sich a wonderful look in his I when he bought that darlin lettie baby dress! We wonder! Congratulations Tom!

We wish we could call by name all ov the fine people who came and helped two make thes I of the most suck-cessful things we have ever dun in our Red Oak kommunitie.

Honistly, Mister Wood-ro Worthington frum Winterville bought so meny dressed chickens, that we sold him a pot too cook them in.

Kuntrie eggs, hams, salt-pork, ba-

meal, meel, a million kans of kand froots, vegetables et cetera and apruns! It looked like the clothes line of Misses Fennel Allen, after she had dun a week's wash, when I walked in.

By the way, the hoss that Mister Fennel Allen was goin to give us died, so he brung a duck instid. That was all-rite tho, becuz the duck brought more then the hoss would hev brung.

Hats off to all the fine folks who brung all the stuff to sell, to those who came to buy, to all who helped in every way.

The members of Red Oak Christian Church, the little white church by the side of the road, wish to say "Thank you, and may God bless you now and forever more."

Because of its many islands, Korea has 11,000 miles of coast line.

Farley's Phantoms Prep For Final Home Contest

Coach Bo Farley's Greenville Phantoms settled down to heavy workouts yesterday as they prepared for their final home game of the Northeastern Conference football season. The local aggregation plays host to Coach Cagle's Roanoke Rapids Yellow Jackets here Friday night.

It will be the final home appearance for all but two of Coach Farley's varsity "starters" and indications are that Bobby Fleming, Greenville's candidate for All-Conference honors, will be inactive for the contest.

Coach Farley said last night that a neck injury sustained by the 180-pound guard has not healed enough for him to play as yet. He said Mac Crawford would probably start in Fleming's guard position.

Greenville will enter its final home contest as underdogs. The Rapid Jackets have marked up three conference wins to Greenville. The competition encountered by Roanoke Rapids has been powerful. Coach Cagle's boys downed Elizabeth City six to nothing where as the Jackets of Elizabeth City bowed over Greenville 19 to nothing.

The local ball club is looking for a strong foe and went through their paces this week with the realization that they are underdogs and that it will take everything and a few breaks to beat Roanoke Rapids.

Coach Farley admitted his boys had little chance against the powerful Rapid aggregation. "But we look pretty good in scrimmage today," he commented. He was sure that the Phantoms would meet Roanoke Rapids with the same stubborn resistance they have presented to other Northeastern teams this season. Roanoke Rapids may win but they will have to fight for it, he opined.

Sein's Believing

Detroit—(AP)—Coach Bo McMillin of the Detroit Lions of the National Football League wants all his second guessers to do their "quarterbacking" from a first-hand knowledge. Says Bo: "I don't mind if our critics speak on what they see for themselves from the stands. But when they stay away and talk strictly from hear-say, that gets my dander up."

Yankees Willing To Sell Newark

Newark, N. J., Nov. 11—(AP)—Now that the New York Yankees have admitted they want to unload the costly Newark Bears franchise of the Triple A International League, the only question that remains to be answered is:

How are the Yanks going to get rid of the Bears?

Co-owner Dan Topping finally confirmed yesterday the rumors that the Bears are for sale.

He added that he's probably be able to clarify the situation today after a meeting among George Weiss, Yankees general manager, Parks Carroll, a Bear executive, and Frank Shaughnessy, International League President.

"It doesn't look like we're going to move the club in 1948," Topping admitted, "but it is for sale."

There are several major league clubs that might be interested in buying the Bears—if only to own a Triple A club. The club that buys, however, will have to be willing to lose money in return for the development of players, for the Bears have been in the red for several years.

Prominent among the possibilities is Cleveland, one of the clubs which neither owns nor has a working agreement with a Triple A team.

Hogan Has Title Added To Many Golfing Honors

Chicago, Nov. 11—(AP)—Big money-winner Ben Hogan has added the title of "Golf of the Year" to the many honors he has captured on the links.

The tiny Texan, who has earned \$32,112 in the Professional Golfers' Association tournaments thus far in 1948, was elected to the honor in a poll conducted among members of the press and radio, the PGA office announced yesterday.

Runnerup to Hogan was Lloyd Mangrum, who also is second to Hogan in money winnings. Skip Alexander and Jim Demaret were the only others to receive mention in the balloting.

Hogan will receive his award at the PGA's annual meeting which opens Dec. 1 in Dunedin, Fla.

CARRAWAY ELECTED

Notre Dame And Northwestern In 'Game Of Year'

Evanson, Ill., Nov. 11—(AP)—What looks here like "the game of the year" will jam 50,000 football fans into Notre Dame Stadium Saturday to see the Irish and Northwestern play in the last scrap of their current series. The game was a complete sellout last Aug. 4.

The game and the halt have been returning to the practice sessions all week long so that both teams will be at near top physical peaks.

Northwestern holds a definite edge in the fight for the Rose Bowl assignment Jan. 1, and the Wildcat platoon of powerful backs may spell a lot of trouble for the Irish.

Don Burson, quarterback from Lakewood, O., had directed the Northwestern backs on offense this year with the exception of the Syracuse game, when he was in the hospital. His passes hit for two touchdowns in the Wildcats' 19 to 16 victory over Minnesota.

He also pitched one against Ohio State. He has thrown for 405 yards on 28 completions in 67 tries this fall.

Halfbacks Frank Aschenbrenner, Johnny Miller, Ed Tunnell and Tom Worthington have dashed for 673 yards in seven games. Miller, a sophomore from Chicago, wrecked Ohio State with two last-half touchdowns and an average of close to 10 yards per try.

Coach Bob Voight's fullbacks, Art Murakowski and Gasper Perricone, run hard and run well and pack a wallop that keeps their foes under pressure.

Murakowski has carried the ball for 511 yards and a 5.6 average. Perricone is the current leader among Western Conference ground gainers with a 6.2 average although he has been plagued with injuries this year.

Northwestern always has been able to offer Notre Dame a stubborn battle and this year's meeting probably will be no exception.

Ice Captains

New York—(AP)—Three of the six National Hockey League teams are being led on the ice this season by new captains. Gaye Stewart is heading Chicago, Butch Bouchard, Montreal and Ted Kennedy is captain of the Toronto Maple Leafs.

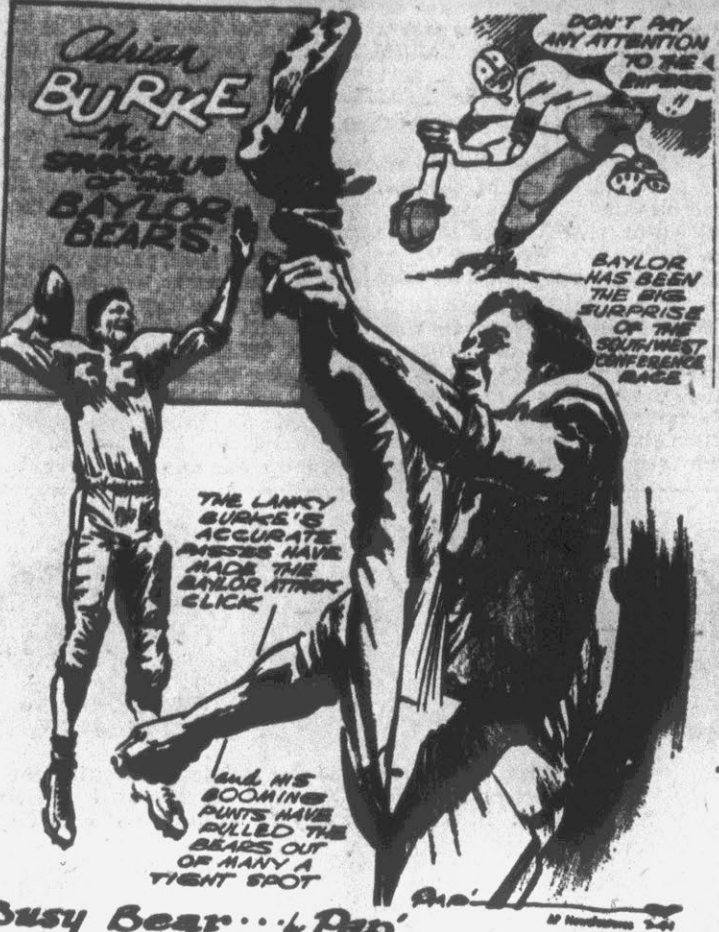

Milt Schmidt of Boston, Neil Colville of New York and Sid Abel of Detroit are the holdovers.

Back At Books

East Lansing, Mich.—(AP)—Marty Hansen, former Michigan State College baseball captain, is back at the books after his first season in professional ball. A shortstop, Hansen fielded brilliantly and batted .263 for the Philadelphia Phillies.

Gridiron Gossip

By "BOO BOO" BUTLER

Announcement was made yesterday that the West Chester Teachers College football team will meet Appalachian in the Thanksgiving Afternoon Burley Bowl in Johnson City, Tenn.

The Pennsylvanians have lost only to the University of Delaware while winning six games. They are coached by Glenn Killinger, former head coach at Carolina Pre-Flight.

The West Chester Teachers beat Carson-Newman 20-6 in the Burley Bowl last year, then going on to the Cigar Bowl in Tampa, Fla. on January 1 where the team was beaten by Missouri Valley, 27-6.

Appalachian has been undefeated this year and is favored over the Pennsylvanians.

The A. C. Bulldogs drilled into its second scrimmage of the week yesterday as they prepared for Saturday's game with Appalachian State Teachers in Rocky Mount.

Coach Bob Spangler told his boys that, "We have a good chance to upset the favored App. All we have to do is stop this so called Blanchard 'Jr.' Herman Bryan. And I know I have the line to do it."

Improving through the season the Bulldogs line is now called one of the best in the North State Conference.

The center of the line was strengthened this week with the return of Charles (Ned) Ligon, ACC's candidate for All North State Conference guard.

The ETOC Pirates were divided equally this afternoon in an hour scrimmage. The two teams as usual were called White and Blue. The scrimmage brought out some of the best running we have seen this year. For the Whites it was Mike Bill Darby, and the Blues, Freshman Doug Bryant from Rocky Mount. The Blues came thru with a 15 to 13 victory and it was well earned. Both teams were full of spirit and the "want" to play.

The Pirates play High Point Saturday night in Wilmington. The High Point eleven is favored by 21 points. I'll take ETOC on that basis. They might beat the Pirates, but if the Pirates play like I think they will someone is going to be awfully surprised.

Did you know—Saturday night at Boone, ETOC's Fullback Doug Bryant averaged 21 3-4 yards every time he carried the ball. On two kickoffs he lugged the leather 33 and 27 yards. He ran 5 running plays from the line of scrimmage going off tackle one time for 30 yards—40 yards through the line—70 yards run back on kick off—not bad for a Freshman who

Detroit Buys Up Aaron Robinson

Detroit, Nov. 11—(AP)—The Detroit Tigers are digging for added punching power to put at the disposal of the man who succeeds the discharged Steve O'Neill as manager.

They hope to get some of it from Aaron Robinson, Chicago White Sox catcher obtained yesterday in a swap for Fitcher Billy Pierce.

Robinson comes to Detroit in a straight player deal. The swap was engineered at the Major League draft meeting in Cincinnati by Tiger General Manager Billy Evans in conversations with Frank Lane, New general manager of the Sox.

Robinson, 32-year-old former New York Yankees catcher who went to the White Sox in a trade for pitcher Ed Lopat a year ago, hit only .248 for the White Sox. He batted right handed.

It's believed he'll deliver the long ball more frequently here, however, for he's a strong left-hand hitter and will be aiming for Briggs Stadium's moderately short 385-foot right field fence.

Former All-American Has Brand New Son

Burbank, Calif., Nov. 11—(AP)—The baby's named Kelly but it's a girl, 7 pounds, 11 1-2 ounces, born Tuesday night to actress Elyse Knox.

Papa is Tom Marmos, radio broadcaster and former Michigan all America football hero. The Marmoses have another daughter, Sharon, three.

Coach Danny Cagel of Roanoke Rapids is taking no chance for an upset when the Yellow Jackets invade the Phantoms at Gray Smith Stadium—the Yellow Jackets were handed an upset last year by Coach Bo Farley's eleven. The Yellow Jackets have been working all week on a pass defense and a good running attack. Led by Fullback "Bubba" Matthews the Jackets are expected to stay on the ground the entire game unless they find it necessary to take to the air. That's what beat us last week," quoted Coach Cagel. "We would throw a pass and they would catch it. I don't intend to let it happen again."

Coaching the ball only seven times.

The Dancing Heart

BY EMILY NOBLE

Chapter 13
Rosalee stood up slowly. She could feel her cheeks burning.
"I was a fool to come here now."
He chuckled. "No girl has ever told me that, and really meant it. You have been most sensible. Did you think I was in the habit of extending invitations to every girl I meet?"
For a second she felt like slapping him as she had slapped Joe Monahan last night, but that one impulsive gesture had already gotten her into this strange predicament. If she hadn't slapped Joe she would not have gone into the little French restaurant, wouldn't have met Rex Hall again after having quite forgotten him, wouldn't be here now instead of at the reception desk in Mr. Pickering's office where she be-
longed.

"It is clear I shouldn't have come here at all, Mr. Hall, but I assure you I only did so to tell you that I am not interested in a stage career. Not in the least. Moreover—"
She stopped talking because a tall, lean, gray-haired man had slipped into the room and seated himself at the small upright piano in the corner. He just sat with his lean hands on the keys and his tired eyes turned toward Rex, who leaned back in his chair.

"Tell Roy what you want him to play, Rosalee. He knows practically everything that was ever written. Just do any dance at all."
"I have no intention of dancing at all."

"Play 'Rosie O'Grady,' Roy. All the Irish dance to that if they're not too old to lift a hoof."
The lean man merely transferred his eyes to her and began to play without a glance at the keyboard. It was skilful playing marked by a stressed rhythm which seemed to stir her feet.

Daisy Winters came in and leaned against the door. Daisy's voice was sharp above the music.
"I wanna see if this is a dance or what I think it is."

It was clear Daisy had not only come in but was now blocking the door to keep Miss Garden out. Rex threw back his sleek, dark head and laughed.
"You're in the way, Daisy. Come on over and have a ringside seat."

"I'll do that."
She left the door so fast that the dignified Miss Garden almost fell into the room where she stood angrily.

"I couldn't keep her out, Mr. Hall." "Quite all right. I want you to see Miss Meehgan dance, too. She was taught by an old lady too fat to move. Go ahead, Rosalee."

The pianist smiled wearily. "All right, girlie."
It was what Mrs. Monahan used to say. Without meaning to she began to dance. She was furious at everybody, ready to burst into tears, but she danced. She was defending an old lady too fat to move, defend-
ing her from cheap theatrical scorn. She was dancing for Mrs. Monahan, not for them at all. She didn't look at them or care what they thought.

The melody and rhythm suddenly changed and she danced lighter, faster, spinning about as she had in Mrs. Monahan's narrow living room. The music ended neatly with her. There was a dead silence only half broken by Roy's quick whisper. "That was swell." It needed Daisy's snort of contempt to kill the spell of the wild Irish dance. Daisy's nose was in the air as if a skunk had gotten into the room.

"Do you call that a routine?" Rex crunched out the cigarette that was almost burning his fingertips. His eyes were shining but his voice

Bob Lee and his orchestra will play for the annual Thanksgiving Dance here Wednesday night, Nov. 4, at the Armory from 9 p. m. 'til one, under the sponsorship of the Veterans of Foreign Wars.

"I told you dancing never tires me. I'm Irish."
Roy got up slowly from the piano. "Will you want me any more this morning, Mr. Hall?"
Rosalee reached out and caught his hand impulsively. "I want you. I want you to play for me. Please help if—if you don't have something else you must do."

The last words were a definite appeal. Daisy stood up furious. "Let Roy go get his liquor. He'll hate your guts if you don't." Rex got up, caught Daisy's arm and fairly thrust her out of the room. Roy's pale face was even paler as he faced Rosalee.

"I'll be happy to play for you if I can help at all."
Rex came and clapped him on the shoulder. "Sure you can help. She asked for you, and from now on Rosalee Meehgan gets anything she asks for around here. Honey—we're goin' places."

Wilson's Weekly Bulletin

This Week's Economy Food News Is Tasty Meat!
This new Wilson product is just what the name implies—Tasty Meat. It is, in fact, the choicest muscle area from the pork shoulder, smoked and cured the savory Wilson way. No bone, no waste and just enough fatty tissue to make it really GOOD! Tasty Meats average about two pounds. They are a perfect selection for ham flavor on a close budget.

Choice Cut, Meaty Too
Being choice meat, Wilson's Certified Tasty Meat is tender enough for slicing and broiling. You can open roast it at 300-350° F. or steam, then slice it for a beautiful finish that comes sparkling to your dinner table. Another time you will like to simmer Tasty Meat very gently on top of the stove (Dutch Oven style) or in a covered kettle in a slow oven (300° F.).
Glaze it, too, if you like, and let the colorful vegetable garnish the platter. Any single vegetable or favorite combination will be good. We liked the delightful French ensemble pictured here the best.

Tasty Meat
With Haricquin Vegetables
Cut each vegetable differently and do not over cook. Place in a Dutch oven, or roaster with a cover:
5 carrots, scalloped with a French knife or fork, then sliced
4 turnips (white or yellow ones), cut Juliennes
3 onions, minced
1 head lettuce, shredded fine
2 to 4 cups string beans, split lengthwise i. e. Frenched
2 tablespoons vinegar
2 tablespoons Wilson's CLEARBROOK Butter or Certified Margarine
1 teaspoon salt and
1/2 teaspoon pepper
Cover and place on top of stove about five minutes, to heat vegetables through.
Then add:
1 head cauliflower, sectioned
Remove Tasty Meat from its wrapper. If you have a meat thermometer, insert it in the very center of:
1 Wilson's Certified Tasty Meat (about 2 lbs.)
Place Tasty Meat on top of vegetables. Cover and put in a slow oven (300° F.) until meat and vegetables are cooked. The thermometer will read 170° F. when meat is done and the vegetables will be fork tender. It will take 1 1/2 to 2 hours cooking time depending on thickness of the meat, or about 35 minutes per pound. The vegetables will require 1 1/4 hours cooking time.
Should the vegetables get done before the meat, remove the meat to a rack. Brush with ham glaze (1/4 cup brown sugar, 1/2 teaspoon dry mustard, 1 tablespoon vinegar, 1 tablespoon water cooked to a slush). Return coated meat to oven just long enough to set the glaze 15-30 minutes, or broil for five minutes. Serve hot with vegetable border.
The vegetables add flavor, color and sweetness.
Tasty meat gives a succulent surprise to the vegetables.

To The Rescue

Alameda, Calif., Nov. 11—(AP)—An SOS, strictly from hunger, fetched a giant Mars flying boat today to the rescue of a modern Noah's Ark.

Elephants and tropical birds consigned to American zoos are desperately short of food, radioed the SS Swarthmore Victory 1000 miles off shore.

A free translation of the animal SOS—save our stomachs—bustled the Navy out after (1) authorization from Washington for a new kind of operation vittles and (2) a dozen loads of hay and 2,500 meal worms. The Navy got both.

Early this morning the plane took off with the feed waterproof packed on floats and parachute rigged for dropping near the zoo ship. But if the sea is calm, the plane may transfer its cargo to one of the ship's boats.

Besides eight baby elephants and the worm-eating exotic birds, the Pacific Far East line ship has monkeys, sun bears, tree ducks, king cobras, pythons and golden cats. Most of the animals came from Siam.

Cause of the short rations wasn't explained, but the distress signal indicated the elephants and birds were making a ruckus about it.

Opposes Meeting With Joe Stalin

London, Nov. 11—(AP)—Prime Minister Attlee said today that he does not favor a meeting with President Truman and Prime Minister Stalin to discuss international problems.

"Peace problems," he told a questioner in the House of Commons, "are best discussed through the United Nations and the usual channels, and I do not myself think it is an advantage to try to supersede these by some special meeting."

W. R. GLADSON DIED TODAY AT HOME OF DAUGHTER

W. R. (Bob) Dawson, 82, died at the home of his daughter, Mrs. Speight Watford, 1215 Washington Street, at 11:20 a.m. today. He suffered a stroke of paralysis about two weeks ago. Funeral arrangements had not been made.

ABC Officers Find Boys At Liquor Still Near Here

Pitt County ABC officers arrested two Negro boys Wednesday afternoon in the English Chapel section, south of Greenville, and charged them with removing an illicit liquor still. They are Curtis Lee Smith, 14, and Charlie Metts, Jr., 15. The officers quoted Metts as saying that they were assisting Curtis Smith's father to move the still equipment. John (Red) Smith evaded capture. They issued a warrant for him, but he had not been apprehended today. The two boys are being held for a hearing by the juvenile court judge.

Hoover Outlines Streamline Plan

Washington, Nov. 11—(AP)—Former President Herbert Hoover today urged a "strengthened" labor department and the removal of 20,000 postmasterships from politics. He also advocated the creation of a better-paid career service in government.

Hoover spoke as chairman of the 12-member bi-partisan commission on organization of the Executive branch. He gave reporters several tentative findings of the commission's "task forces" on streamlining the Federal establishment.

He predicted the final recommendations, if adopted after being presented to Congress in January, will save "a good many million dollars" when placed in operation for "say five years."

On the question of rebuilding the labor department, stripped of many functions by the Republican-controlled 80th Congress, the former Republican President said: "The thinking is to strengthen the labor department."

"We're not going to tear anything out of it, as some people have thought."

SEEK CHURCH MERGER

Detroit, Nov. 11—(AP)—A proposal designed to pave the way to eventual merger of the various Lutheran church groups was before the ninth biennial convention of the American Lutheran conference today.

Miniatures (finely worked portraits on ivory or metal) took their names originally from the fact they were painted with minium (native cinnabar or lead).

WHAT IS AN EXTENSION TELEPHONE?

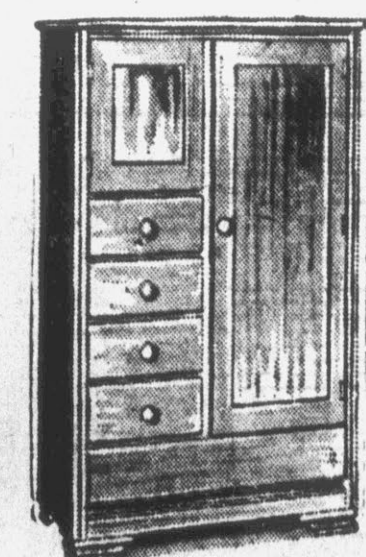

An extension telephone is an extra telephone instrument attached to your present line. It can be placed in your home or place of business. Since the telephone instruments are again available we are happy to announce that EXTENSION TELEPHONE SERVICE IS AVAILABLE AGAIN.

Main telephone service however is still on the "hard-to-get" list because production of the central office equipment and lead covered cable needed to extend our present facilities, is slow and delivery dates uncertain. We shall continue however to install main telephones where we have the necessary outside facilities and central office equipment.
