

Education Board Asks State For Increased Funds

Would Give Teachers Pay Hikes Averaging 59 Percent; Aid For Local Units

Raleigh, N.C., Nov. 12—(AP)—Funds to give public school teachers pay increases averaging about 59 percent were requested by the State Board of Education today.

Board officials appeared before the Advisory Budget Commission to ask for an appropriation of \$109,138,391 for the first year of the 1949-51 biennium and \$111,754,876 the second year.

Also put forward was a request that \$50,000,000 be appropriated from the general fund surplus to aid local units in the construction of school buildings.

Controller Paul Reid told the commission that the budget proposed spending of \$87,509,370 the first year and \$90,213,900 the second year for instructional salaries.

This, he said, would provide a minimum salary of \$2,400 a year and a maximum of \$3,600 for teachers with a certificate and a maximum of \$3,900 for teachers with graduate certificates. He estimated that the average teacher would receive \$3,087 the first year of the biennium compared with the present average of \$1,843.

A total of \$52,296,200 was spent by the state to operate the schools last year and \$55,852,883 is being spent this year. Spending for instructional salaries last year totaled \$49,514,290 and \$52,321,522 is being spent this year.

The proposed budget would provide principals an average salary of \$4,200 a year compared with the present average of \$3,230 and superintendents an average of \$6,025 compared with \$4,885.

Reid also said that the funds requested would enable the Board of Education to reduce the average teacher load from 32 to 30 pupils. This would necessitate an increase in the number of teachers, and Reid said the requests contemplated a total of 27,786 teachers and principals the first year of the biennium and 28,523 the second as compared with about 25,500 now employed.

Reid said the Board of Education felt the state "should undertake to provide the type and quality of education for which the people claim they are willing to pay."

Start Hunt For U.S. Intelligence Agent 'Overdue'

Frankfurt, Germany, Nov. 12—(AP)—U. S. Army authorities said today a pretty American brunette employed by the Counter-Intelligence Corps has been missing since Oct. 27.

A wide search is being made through West Germany for the girl, identified as Lydia Briggs, 26, of 1104 Forbes street, Greenville, N.C. The girl had a two-day leave of absence starting Wednesday, Oct. 27, but telephoned her room mate she would not be back at work the following Monday.

She also phoned her brother, Lt. John C. Briggs, in Nuernberg, saying she would not see him over the weekend as planned.

There has been no clue as to what prompted her change of plans.

Arms-For-Europe Plan Is Backed By Vandenberg

Washington, Nov. 12—(AP)—A new GOP pledge to help friendly nations regain their feet defensively raised administration hopes today for Republican backing of the forthcoming arms-for-Europe program.

In a declaration aimed pointedly at Moscow, Senator Vandenberg of Michigan put his fellow Congressional Republicans on record—as nearly as any one man can—in favor of helping western Europe to defend itself.

"While never neglecting prudent conservation of our own resources, we shall aid other friendly, independent nations to stand on their own feet in defense of their own freedom. Western civilization shall survive."

Vandenberg put this warning to Moscow on top of another assertion: That it would be a dangerous miscalculation for the Kremlin to believe that President Truman's election means any softening in American opposition to further Russian expansion.

While he did not specifically prom-

Airlift Reduced By German Fogs

Berlin, Nov. 12—(AP)—Fog over western Germany continued to reduce the allied airlift to blockaded Berlin this morning.

American landing bases at Frankfurt and Wiesbaden were fogbound for the second (straight) day.

However, American planes were shifted to the northern bases in the British zone and supply transports from those fields were landing at both Tempelhof and Gatow airports here.

Nationalists Win Bloody Round One

Claim Routing Of Nine Red Columns After Twenty Massive Charges; Planes Strafe Attackers; Battle Not Decisive

Nanking, Nov. 12—(AP)—Savage Nationalist attacks reportedly routed nine red columns at the Grand Canal today in the mammoth Sushow battle.

The Communists, pro-government newspapers said, withdrew in disorder, leaving 37,000 dead and wounded. They had tried to sneak 135,000 Tainan veterans across the canal for an attack on Sushow's left flank, 30 miles east of the government bastion.

(The Communist radio heard in Peiping, said the Reds were annihilating the Seventh National Army Corps east of Sushow and had cooped up the Second Army Corps west of the town. The Red radio said two National divisions went over to the Communists on Monday north of Sushow.)

The fight at the canal was bloody. The Nationalists were credited with turning back more than 20 Red charges. The Reds, reports said, were using what the Chinese call "human sea" tactics—waves of men charging almost shoulder to shoulder.

Automatic weapons and low

flying strafing planes took a heavy toll. The newspapers called it a major victory. But observers agreed that at best it might only delay the Red. The big battle of Sushow, largest in Asiatic history, is still to be decided. More than 1,000,000 combatants have been committed by the warring Chinese factions.

The Catholic newspaper, Yi Shih Pao, said President Chiang Kai-Shek flew to Sushow, 170 miles to the northwest, during the canal battle. This report was not confirmed. But it was obvious that the government was now throwing as many planes as possible into the struggle.

Foreign diplomats in Nanking generally expected Chiang to order the capital transferred southward in view of his decision to carry on what he calls his "eight years of war" against the Reds.

Several said, however, that such a move "must be made soon or no diplomats will be able to accompany it." That was how critically they viewed Nanking's future.

Tojo To Hang...Says War Crimes Tribunal

Six Of His Top Fol- lowers Also To Die; Life Imprisonment For 16; Shorter Prison Terms For Others

Tokyo, Nov. 12—(AP)—Death on the gallows was decreed today for Hideki Tojo, the cold, calculating Japanese who led his country to ruin in the world's bloodiest war, and six of his 34 top leaders.

Life imprisonment was meted out to 16 others, including the Marquis Koki Kido, close adviser to the emperor.

A seventeenth, Shigenori Tojo, foreign minister at the time of the Pearl Harbor attack, drew 30 years in prison.

Aging, peg-legged Mamoru Shigemitsu, the statesman who bobbed aboard the battleship Missouri to sign the surrender terms in Tokyo Bay, got seven years imprisonment.

An 11-nation court convicted all 28 defendants of war crimes. It set for more than two and a half years. It took only 21 minutes to read the sentences.

Sir William Webb of Australia, president of the court, pronounced the sentences in a deathly silent and packed courtroom. Each man filed in separately and stood in an otherwise empty prisoner's dock to hear his sentence. Each attempted to subdue emotion, but varied reactions were noticeable.

Tojo took his death sentence with a wan smile. He bowed politely to the court as did most of the other men.

Seventy-four year old Gen. Jiro Minami, former war minister, seemed befuddled and surprised with his sentence of life imprisonment. Gen. Hiroshi Oshima, former ambassador to Germany, stood arrogantly as he was sentenced to life and stalked

Washington Schedule Timetable Tentatively Set For Coming Events; State Of Union Message, Budget Message, Inauguration, Or- ganizing Congress, Legislation Program Plans

By JAMES MARLOW

Washington, Nov. 12—(AP)—A timetable tentatively set for coming events; State of Union message, Budget message, Inauguration, Organizing Congress, Legislation program plans.

Washington, Nov. 12—(AP)—Washington is like a train which has just pulled out of one big station and is racing on to the next.

The stop it just left was November 2, election day. The next big one is January 3, when the new Congress, the 81st, sits down to work.

A few days later President Truman will hand Congress his State of the Union message—his program for 1949—and his budget message.

Then on January 20—inauguration day—he will be sworn in as President. Then the show starts.

Meanwhile, a lot of wood is being thrown on the fire to keep the engine going.

This will explain what is happening now and what will happen.

Mr. Truman is conferring at Key West, Fla., with some of his top aides on what he and his Democrats should do in 1949, and how to do it.

But here in Washington government departments began months ago to figure how much each of them will need next year to carry out its job.

All these estimates, after a lot of checking, are put together in a big book, big as a New York telephone directory, called the budget.

McGrath Sees No Vindictiveness

Believes President Is Willing To 'Forgive' Straying Demos

Key West, Fla., Nov. 12—(AP)—Three members of President Truman's top Democratic command interrupted their conferences with the Chief Executive today for a flying trip to Havana.

Senator Alben W. Barkley, the vice president-elect; Senator J. Edward McGrath, Democratic national chairman; and Leslie L. Biffle, director of the Senate Democratic Policy Committee, planned to be gone only a few hours, however.

McGrath flew here from Washington yesterday to step up the pace of discussions looking to a reorganization of the Administration.

He would not comment on what recommendations he had in mind, but told reporters he believed the President would forgive the "venial" sins by Democratic officials, if they were not the "mortal" sins that "kill the soul."

At the same time, other sources close to the President said there would be numerous changes in top level jobs. In addition to some in the cabinet, as the aftermath of the presidential election campaign.

They agreed with McGrath that Mr. Truman is not in a vindictive mood, but said that he was well aware where his strongest support came from.

Holy Land Peace Talks Under Way

Tel Aviv, Israel, Nov. 12—(AP)—A high authority said today direct negotiations to explore the possibilities of a Palestine peace are under way between Israel and all the Arab powers.

This information, which came unofficially from the Israeli Foreign office, said in some contacts definite progress had been made, but "in every instance it is Britain rather than the Arab government which is blocking the way to agreement on terms."

Montgomery And Dutch Hold Talk

The Hague, Nov. 12—(AP)—Field Marshal Lord Montgomery has conferred here with Dutch defense chiefs, a government statement said today.

Montgomery is the top general of the Western European Alliance, to which the Netherlands adheres. In the conference were the Dutch chiefs of staff, the ministers of war and navy, Premier Willem Drees and Prince Bernhard, inspector general of the army and navy, Montgomery will visit Belgium, Luxembourg and France next.

Japs Showing No A-Bomb Effects

Boston, Nov. 12—(AP)—The Japanese do not have any special fear of atomic bombing and the new babies of Hiroshima are not the "crop of freaks" some scientists predicted, Brig. Gen. Crawford F. Sams said today.

"I don't want to knock down the effects of Atomic bombing," Gen. Sams said. "I'm just reporting what I've found and so far we haven't found any of the things that were expected among the Japanese people."

SEIZE PAPERS

Paris, Nov. 12—(AP)—French police today seized early editions of the Communist newspaper L'Humanite, which assailed their handling of demonstrators in street fighting along the Champs Elysees yesterday.

Solon Calls For Special Session On Aid To China

Senator Bridges Urges President To Sum- mon Congress For Quick Action

Washington, Nov. 12—(AP)—Senator Bridges (R-NH) today urged President Truman to call an immediate special session of Congress to consider aid for China.

Bridges made the suggestion in a statement issued from his office here.

The Republican Senator is chairman of the special "Watch dog Congressional committee" on Foreign aid. That group has set up to keep check on the Multi-Billion dollar expenditures of this country for foreign aid both in Europe and the Far East.

Bridges said he fears that unless American aid is made effective immediately the Communists will take "over the whole of China, lock, stock and barrel."

A special session of Congress, he said, would allow the administration "to place the real facts before Congress and the American public" regarding the Chinese situation.

He said that Congress should be able to take any speedy action necessary on the basis of such facts.

Bridges said, "Those Communist forces now spreading over all of North China are no simple group of indigenous patriots," but are controlled from the Kremlin in Moscow, and are part of the world wide Communist movement.

Unless effective American aid is available, Bridges said, the Communists may even sweep into control of Nanking and Shanghai.

Bridges said the Chinese Communists now are "gnawing out the vitals of our friend and ally, China."

Shipping Tie-Up Zero Hour Near

Fear Bottling Up Of Nearly All Shipping On Three Coasts

New York, Nov. 12—(AP)—The zero hour nearest today in a Stevedores' strike that threatens to spread the length of the Atlantic seaboard and to the Gulf coast.

The bottling-up of virtually all American shipping on three coasts was feared, since western ports already are tied up by a maritime strike that began more than two months ago.

Ultimate scope of the east coast walkout, which to date has disrupted operations in several major ports, hinged on the final tally today of ballots by some 65,000 Longshoremen.

A Union official predicted the vote will be against acceptance of a proposed wage settlement.

This, he said, would extend the waterfront shutdown from Portland Me., to Hampton Roads, Va., and subsequently to South Atlantic and Gulf Coast cities where workers have agreed to follow the lead of East Coast dock hands.

Thousands of Longshoremen are idle now in New York, Boston, Philadelphia, and Wilmington, Del., where locals of the AFL International Association already have already have rejected the proposed agreement.

The strike, which began here three days ago and snowballed from port to port, has immobilized scores of vessels. They have remained tied up at piers, with the owners unable to unload incoming cargoes or take on new ones.

Fifteen Former Nazi Guards Die For War Crimes

Munich, Germany, Nov. 12—(AP)—Fifteen former guards at the Mauthausen concentration camp were hanged today for slaying more than 4,000 wartime inmates, including 4 British and Americans.

They had been convicted by an American war crimes court of exterminating inmates by various methods, including shooting, hanging, beating, trampling, drowning, suffocation and injections.

Thirteen of those sent to the gallows this morning were S.S. Storm Troops men. Two were inmates who turned on their fellow prisoners.

The executions raised to 58 the number of war criminals hanged at Landsberg Prison in the past month.

The hanging of 15 men today set a new high for the series of executions which began at Landsberg four weeks ago.

Today's hangings left 81 of an original list of 139 convicted war criminals awaiting execution.

Despite protests from German church leaders the U.S. Army has refused to halt the hangings.

Oppose Airing Deadlock In UN General Assembly

Paris, Nov. 12—(AP)—Russia and the Western powers were reported today to be opposed to airing the delicate Berlin deadlock in the United Nations General Assembly.

Reliable sources said Argentine Foreign Minister Juan A. Bramuglia, November president of the Security Council, has asked U.N. Secretary-General Trygve Lie not to step into the Berlin case.

Sources close to Bramuglia said he was planning to deliver a similar message to Herbert V. Evatt, Australian external affairs minister and president of the assembly, who has been reported ready to raise the Berlin issue in the 58-nation assembly.

Bramuglia's visit to Lie followed a series of conferences between him and delegates from the Western and neutral nations on the Security Council.

Lie earlier this week had instructed U.N. legal and financial experts to study the Berlin monetary question. This was on the theory that only the issue of making the Soviet zone mark Berlin's sole currency really prevented an accord which would result in lifting of the Soviet blockade.

In the negotiations by the neutrals last month to end the deadlock between East and West over Berlin, the two sides could not agree on whether the blockade should be lifted before the Soviet mark was made Berlin's only currency—or vice versa.

Greek Coalition Cabinet Resigns

King To Consult With Tsaldaris On Possi- ble Steps

Athens, Nov. 12—(AP)—Premier Themistocles Sophoulis handed the resignation of his Coalition Greek government to King Paul today. The King accepted it.

Sophoulis said the King would summon Foreign Minister Constantin Tsaldaris, leader of the Populist Party, to the Palace to discuss the cabinet crisis before asking any leader or group to form a new government.

Sophoulis' Coalition Liberal-populist cabinet had been in power since Sept. 7, 1947.

Tsaldaris still is at United Nations session in Paris. Sophoulis called him last night, asking him to return, but so far there has been no indication of when he would arrive.

Political observers expect the King also will call leaders of other parties for consultations.

Sophoulis resigned under pressure from Sophoulis Venizelos, Deputy leader of his own liberal party.

Venizelos charged the government in 14 months had failed to suppress the Communist rebellion and lacked the confidence of the Greek people. He claimed enough support from his followers in the liberal party to combine with opposition parties and overthrow the government in Parliament.

Decide Extent Of Defense Alliance

Number Of Nations To Be Included At Start Will Be Set

Washington, Nov. 12—(AP)—Top western diplomats will try to decide soon, perhaps next week, whether to expand the proposed Atlantic defense alliance from seven to at least 12 nations of the outset.

An answer to this question will be high on the program when the Ambassadors from Britain, Canada, France, Belgium, Holland and Luxembourg meet with undersecretary of state Robert A. Lovett.

Behind closed doors, they will discuss specific plans for welding Europe's free nations into a giant defense belt supported by American arms and dollars.

If all goes well, invitations to join the alliance would then go out to the governments of Italy, Portugal, Norway, Denmark, Iceland and perhaps Ireland.

Counties accepting would be asked to send delegates to a full fledged defense conference some time in December. A formal alliance would be written at this meeting, pledged each nation to aid the rest in the event of attack.

To put teeth into this alliance, the state department currently is planning to ask Congress for several billion dollars needed to buy arms and munitions for member countries.

What Can America Do?

No Satisfactory Answer As To What, If Anything, Can Be Done To Save Chiang Kai-Shek's Regime From Utter Collapse; The Stakes; Burden Left To China

By DEWITT MacKENZIE

The question of what—if anything—America can do within reason to save Chiang Kai-Shek's Nationalist regime from utter collapse in face of the Chinese Communist onslaught has received no satisfactory answer thus far.

Hourly the situation becomes more critical. What is said to be the greatest battle in Chinese history is being fought along the Sushow front northwest of the national capital of Nanking on the mighty Yangtze River. Government experts estimate that more than a million men—with the Communists having a slight numerical advantage—are locked in a struggle which has as one objective the possession of the capital.

Actually not only the fate of Nanking is in the balance, but control of all North-Central China. It is one of the most important engagements of the entire Red rebellion.

On top of this military crisis the political and economic situations continue a shocking deterioration. China is in a state of chaos.

The first major shipment of American guns and ammunition to China since the Red victories in Manchuria is said unofficially in

Western power delegates reported by told Bramuglia the Berlin case should remain in the Security Council and not become the target of political oratory in the assembly. They said such a step would reduce the chances of an ultimate settlement.

Sources close to Bramuglia said Russia also did not want the issue brought up in the assembly, although possibly for different reasons. The Russians never wanted the Security Council, or any U.N. agency, brought into the case. They have insisted all German problems are in the province of the Foreign Ministers Council of the Big Four powers.

City Attorney R. B. Lee was requested to draw an ordinance amending the present parking meter ordinance, in compliance with recommendations of a recent joint conference of an aldermen's committee and directors of the Merchants' Association. It was stated that the parking meter ordinance specifies a state number of meters. To change placement of meters or remove them, the ordinance should be amended.

The matter of appropriating a sum of money for the Merchants Association as part of the expenses of decorating the streets for the Santa Claus parade and the Christmas holidays was referred to the mayor and the Finance Committee with power to act, since this item was not budgeted.

The board received a petition to alternate the parking of cars on Cotanche street, between Second and Third streets, from one side to the other each 30 days. The board agreed to make the change each 90 days.

W. H. Taff proposed to the board that the city pay one-half of the sidewalk between his home and a house being built by Mack Smith, on west Fifth street.

The board received a complaint about service stations and garages emptying cylinder oil and grease in the city's storm sewers. It was stated that the lubricants tend to stop up the sewers. Another complaint was made about a quantity of salt near Swift and Company's plant, on 10th street, that is going into the sewers and damaging them.

Police Chief Lester D. Page offered some recommendations for improving and speeding up traffic in the city. They were referred to a committee.

The City Recreation Commission made its report. Alderman James E. Collins recommended that the police use courtesy cards with out-of-town motorists who violate the parking meter law.

Guy Evans was appointed a member of the Port Terminal Commission to serve the unexpired term of C. W. Howard, resigned. His selection already had been approved by the city council commissioners.

The board turned down a petition from store keepers to permit grocery stores in outlying sections to keep open two hours on Sunday.

Miss Briggs left New York in November of last year for Germany and was accompanied on the trip by her brother, Lt. John C. Briggs, and his wife and child. She took a position with the German Youth Administration after she arrived in Germany on December 8 and worked with German girls teaching them knitting, sewing, English, and directing recreational work.

A recent article on the German Youth Administration in National Geographic magazine mentioned Miss Briggs' work.

According to Miss Briggs' parents, she took a job with the Army Counter-Intelligence Corps about September 1.

The last letter her parents received from her was dated October 20.

Miss Briggs attended Edenton and Chowan high schools and East Carolina Teachers College where she was an honor student. She was employed by Asheville physicians as a laboratory technician and later worked as a laboratory technician for Dr. F. P. Brooks of Greenville for about two and one-half years.

For a period during the war, Miss Briggs did X-ray work at Fort Bragg.

Progressives In Policy Huddle

Chicago, Nov. 12—(AP)—Progressive party leaders met today to adopt legislative and political programs for the coming year.

Henry A. Wallace, the party's unsuccessful candidate for President in last week's election, went into a huddle with state directors of the Progressives.

One leading delegate to the

Crash-Landing Ended Attempt

Longview, Tex., Nov. 12—(AP)—The attempt of endurance fliers Fred Vinmont and Bert Simons to crack the world's record of 728 hours ended last night in a crash-landing. The two men had been in the air 539 hours when they were forced to come down about 11 p.m. (CST). Vinmont suffered a fractured nose in the landing.

Sees Launching Of New Soviet 'Peace Offensive'

Paris, Nov. 12—(AP)—High western delegation sources said today Russia has launched a new "propaganda peace offensive" around the world. The West, they said, plans to meet it at every point.

One leading delegate to the

United Nations assembly told reporters privately that Russia is exploiting the reported possibility of a meeting between President Truman and Prime Minister Stalin for such propaganda purposes.

The delegate, who would not permit reporters to identify him, said the Russians are becoming more and more disturbed because, despite their propaganda, the line-up in the assembly against them is 53 to 4. Their propaganda had more effect when the assembly was meeting in New York, the delegate said, but here the West consistently has won bigger majorities.

Therefore the Russians seized upon the Truman-Stalin conference idea in an effort to dent the western position, and turned all their propaganda guns loose on it, the delegate added.

The United States delegation to the assembly, meanwhile, refused to say anything on the reports of a possible meeting of Stalin and Mr. Truman. They maintained their position that they knew nothing about it here.

The delegation spokesman would not confirm or deny whether the subject would be discussed by U.S. Secretary of State Marshall and President Truman when Marshall returns to Washington.

There was no indication at the U.N. headquarters as to when Marshall will return to the United States.

Zones Paralyzed
By Big Walkout

Frankfurt, Germany, Nov. 12—(AP)—A one-day strike by millions of Germans protesting the mounting cost of living virtually paralyzed the British and American zones today although some workers disregarded the strike call.

Aldermen Meet; Hear Complaints And Proposals

Take Up Parking Problems; Street Decorations And Damage To Storm Sewers

Mayor Pro-Tem L. B. Buchanan presided over the Board of Aldermen's meeting at the City Hall last night in the absence of Mayor Jack Boyd, who is recuperating from an illness.

City Attorney R. B. Lee was requested to draw an ordinance amending the present parking meter ordinance, in compliance with recommendations of a recent joint conference of an aldermen's committee and directors of the Merchants' Association. It was stated that the parking meter ordinance specifies a state number of meters. To change placement of meters or remove them, the ordinance should be amended.

The matter of appropriating a sum of money for the Merchants Association as part of the expenses of decorating the streets for the Santa Claus parade and the Christmas holidays was referred to the mayor and the Finance Committee with power to act, since this item was not budgeted.

The board received a petition to alternate the parking of cars on Cotanche street, between Second and Third streets, from one side to the other each 30 days. The board agreed to make the change each 90 days.

Note of Thanks
We wish to thank our many friends for their kindness and sympathy shown us during the recent death of our husband and father.

Presents Sonata At Meeting Of Music Club Tuesday Night

Mrs. Eleanor Ethridge, pianist, played Brahms' "Sonata in F Minor" before the Greenville Music Club, meeting Tuesday evening at the home of Mr. and Mrs. J. B. James on East Fifth Street.

Mrs. Toll's performance of the five-part number showed both her skill as technician and her sympathetic interpretation of the work and was enthusiastically received by members of the club. Before playing the sonata, Mrs. Toll talked on the life and work of Brahms, and explained the development of the sonata form. Dr. Karl V. Gilbert of the faculty of East Carolina Teachers College introduced Mrs. Toll.

Mrs. Rudolph R. Willmann, president of the club, conducted a business session at which members voted to have a dinner meeting December 14. On account of the large membership of the club, it was decided to have some future meeting at the city Woman's Club. Mrs. J. Herbert Waldrop reported on a recent meeting of the district branch of the North Carolina Federation of Music Clubs in Robersonville, which was attended by eight members of the Greenville Music club.

A committee to investigate the possibility of providing a scholarship for a music student at East Carolina Teachers College was appointed by Mrs. Willmann. Members are J. B. James, Charles White, Mrs. J. Herbert Waldrop, Mrs. Guy Smith, Miss Gussie Kuykendall, and John

THE DAILY REFLECTOR

November 12, 1908
The Training School buildings being pushed to completion, a municipal building for the near future, the Odd Fellows building and a public building not so far away, looks good for Greenville.

November has given us pretty weather so far.
Dry pine wood, cut and ready for use at \$4.00 a cord.

Dr. Jenkins Speaks To P.T.A. Group

On Monday night, Nov. 8, a large group of parents, teachers and interested citizens met in the high school auditorium in observance of American Education Week. The meeting was held under the sponsorship of the three Parent-Teacher Associations, with Mrs. W. J. Stell presiding.

Two musical numbers by the combined school glee clubs, under the direction of Miss Jean Hooks, was an enjoyable part of the program. A brief outline of Parent-Teacher objectives on a national, state and local level was given by Mrs. Stell. Mrs. J. Paul Davenport, Sr., past district director, was recognized and she impressed upon the group the potential power of the P.T.A. membership in Greenville.

Dr. Leo Jenkins, Dean of East Carolina Teachers College, was the principal speaker of the evening and presented the theme for Education Week. Dr. Jenkins said that we should re-evaluate ourselves and our schools, then we should decide if we are doing our part as parents and if the schools are meeting the needs of our children.

The meeting was then opened for problems pertaining to our schools questions and discussion of any here in Greenville. The questions and discussion showed that our citizens are giving a great deal of thought to our school needs, and are anxious to get busy and do something now about them. Mr. June Rose, superintendent, and members of the school board answered all questions and these questions were numerous and varied. The outstanding thought brought out time and again was what we could do now to relieve the crowded conditions and make our necessary improvements in our schools. A motion was made and carried, that the school board be requested to have a survey of our schools made by an expert to determine what is necessary to relieve the situation at this time without launching on a large scale building program.

It was a very informative and thought provoking meeting and some action should result, as the group was made up of citizens from every section of our city.

Christian Church Announcements
Harvest Home Sunday will be kept at the Eighth Street Christian Church at the regular services on Sunday morning at 11 o'clock. The pastor has announced to speak on the theme "The Tabernacle of God is With Men." The church will be decorated with the fruit of the harvest, autumn leaves, corn, wheat, tobacco, peanuts, cotton and other crops. It is the glad harvest season which from time immemorial has been the season of rejoicing among all peoples. Especially among the people of God who come to worship and praise Him for his manifold blessings.

Every member of the church is urged to come on Sunday and out of the blessings we have received return a goodly portion as a love offering which will be applied to the church's indebtedness. The officers of the church request all members to be present and in this way no general solicitation will be necessary.

Tons of low grade diamonds and diamond dust are used by industry for abrasives.

C. Clifford.
The home of Mr. and Mrs. James made an attractive setting for the meeting. Arrangements of chrysanthemums were used throughout the reception room. The dining table was covered with a lace cloth and lighted by tapers in silver candelabra. Miss Lilah Gaut poured coffee. Other hosts and hostesses included Mr. and Mrs. John C. Clifford, Mrs. H. A. Hendrix, Miss Ruth Lambie, and Willard T. Kyzer.

Mr. and Mrs. Yancey Honored At Dinner

Oxford.—On Wednesday evening, November 3, Mr. and Mrs. Andrew Jamieson entertained Mr. and Mrs. Clement Yancey with a buffet supper at their home. The entire lower floor was in suite and was artistically decorated with fall flowers. Guests were invited into the dining room by Mrs. Jamieson, who was assisted in serving a delicious turkey dinner, by Miss Sophronia Cooper. At the conclusion of the main course guests were again invited into the dining room where a delicious ice course was served.

After dinner, tables were cleared and the guests were invited to participate in the two contests reminiscent of weddings. Mrs. Willis Hancock was the recipient of the prize for answering the largest number of wedding questions with flower names. Mrs. William T. Yancey, Jr., a recent bride, won the prize for writing the best letter using song titles. Later everyone joined in playing charades which proved to be amusing and entertaining.

Mrs. Jamieson remembered Mrs. Clement Yancey with linen tea napkins. About twenty guests enjoyed an evening of delightful entertainment.

Hens can be made to lay eggs with vari-colored yolks if they are fed certain dyes.

Rehearsals Open For Production

Rehearsals for the "Follies of 1948," musical production sponsored by the Veterans College began this week, under the direction of El Bloom, Greenville attorney, and Mrs. Marie Wallace, teacher of dancing in the city. Campus performances, several of which are being planned, are scheduled for February, the exact dates to be announced later. Arrangements for a tour of several towns in eastern North Carolina, also now in progress, are as yet tentative. Last year the Veterans took their play "Follies of 1948" to Ayden and Ahoskie.

The Veterans show has become an annual event at the college. This year's production is headed by Keith Kilpatrick of Winston, president of the club.

CIGARET BAN

Nanking, Nov. 12.—(AP)—Cigarettes were banned in the northwestern Chinese province of Ningxia today.

Gov. Ma Hung-wei banned them under an austerity program. He gave dealers 15 days to get their stocks out of the desert province.

U.S. food packers sell their goods through more than 750,000 retail outlets.

ANNOUNCEMENT

Effective November 14, the Hotel Proctor News Stand will be under new management. A fine line of cigars and other smoking necessities will be available, plus current magazines, local and out-of-town newspapers, small gifts and candies. Your patronage is invited and we cordially solicit your magazine and newspaper subscriptions. For the present we will be on duty Sundays and every evening until 9 o'clock. In the meantime our clerk Miss Helen Craft will be pleased to serve you.

Sincerely yours,

EVELYN BEASLEY & ADA R. JONES

"More Precious
Than Jewels"

Recently one of our subscribers wrote us, "I consider my telephone more precious than jewels." She explained that a telephone call had speedily brought medical aid when her child was critically injured. You might think this an extreme example of the endless services which only a telephone can offer. Actually, it is typical of the way telephones are used in emergencies every day everywhere. That is why we are making every effort to provide telephone service for everyone who wants it—and with all possible speed.

Tomorrow's Garden
By
The Greenville Garden Club

These are busy days in the garden. Now that bulbs are in the ground and perennials divided, it is time for planting roses. Most growers agree that fall is the ideal time for rose planting in Eastern North Carolina.

Doubtless each person who succeeds with roses has some special trick, for in spite of the old bushes, one sometimes sees making luxuriant growth with almost no care, this is not an ideal rose section.

There are however a few planting instructions which we believe all will agree are essential.

Preparation of the soil is all important. If the garden space is all sand as many of ours seem to be then bring in some clay for the roses. Have the holes dug 18 inches to 24 inches deep, put a shovelful of clay in the bottom, then well rotted manure if available, then the top soil. Commercial fertilizer may be used if necessary, mixed according to directions with top soil. A successful rose grower said many years ago that he would rather have a ten cent rose in a dollar hole than vice versa.

It is a wise plan, when possible, to prepare the holes for the roses several days in advance so the soil may settle. Choose a sunny location for the rose beds and place the roses two feet apart. The plants will shade their own roots while the top growth reveals in sun light.

If your roses have not been pruned, cut the tops back to six or eight inches and the roots ten to twelve inches. Soak the roots in a tub of water for an hour before planting. When setting the plants let the roots spread out and place the bush so that the graft is just below the surface of the soil. Pack the soil very firmly about the roots.

Whether the roses are planted singly or in beds a mulch is beneficial. Use well rotted manure, pine straw or leaves.

Remember Friday, November 19, when Mrs. J. A. Waller of Norfolk, Va., will demonstrate and lecture on Holiday Decorations at the Woman's Club.

The larvae of the clothes moth eat wool, fur, feathers, hair and other animal fibers, but will not touch cotton, linen, silk, rayon or nylon.

Appearing in the famous play adapted from Dickens' *A Tale of Two Cities*, Mr. Brian Ahern presents an unforgettable character in his self-sacrifice, even to death. The presentation is one of the GREAT SCENES FROM GREAT PLAYS produced by the Protestant Episcopal Church, with the cooperation of the Episcopal Actors-Guild. A program is on the air every Friday evening at 8:00 eastern standard time, and corresponding hours in the other time zones. Over all Mutual Broadcasting stations and many independent stations.

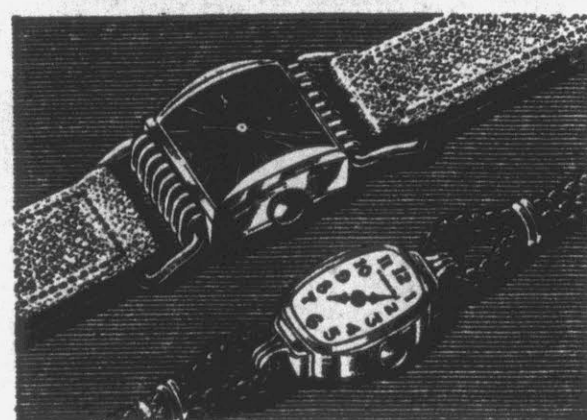

This will be the seventh in a series of radio dramas to be broadcast over WGTC by Protestant Episcopal families of St. Paul's Church, Greenville.

Weather Observer Cheerful Person In Rain Or Shine

By CHESTER WALSH

The weather observer in the Greenville area for the U. S. Department is a cheerful person, whether it's rain or sunshine. Mrs. C. T. Maiden's services to the government, the community, travelers and those who plan to go fishing or hunting or to football games, is valuable. Her record with the federal government is creditable. She provides information for the State Highway Patrol, the sheriff, police of Greenville and other Pitt county towns that is helpful.

The "weatherman," we mean the "cheerful lady" who records temperatures and rainfall, reported today that the lowest temperature last night was 36 degrees—a considerable drop; that the mercury stood at 42 at 8 a. m. today. She reported that there has been 3.03 inches of rain during November.

Strength FOR THE DAY

THE GOLDEN KEY

There are some people who never seem to get over the tragic experience of death, when it touches a loved one or a friend.

It is easy to understand, of course, how parents who have lost a child will feel the poignant sorrow of that loss as long as they live. The same is true when husbands or wives are torn from each other in like fashion. But for so many people the very experience of death itself is so shocking that whether it comes to an aged member of the family or to a child or to a person in middle age, the experience seems in itself to be so inconceivably dreadful that many find it impossible to recover from its effects.

But why should this be? Every human being that has ever lived has experienced death, and all now living upon the face of the earth will eventually experience it. Do you think a good God would make the whole race go through an experience which is essentially dreadful and tragic? No. "Death," as Milton said, "is the golden key that opens the palace of eternity." If we could only be conscious of the reality of that bright, heavenly world which is nearer to us, probably, than any of us suspect, we would not regard as cruel and tragic the things which God sends eventually upon all his children.

Around Capitol Square

OVERWORKED—The advisory budget commission has heard much during the past few weeks, as its predecessors have for years, about state employees leaving North Carolina because of lower salaries here, or because they can do so much better in private employ than working for the state. For that reason almost every agency, institution and department asks for more than anticipated uniform salary raises. There is suspicion in some quarters that this particular appeal has been overworked. It is not being emphasized as much this year as it was during preparation of the 1947 budget. There is good reason for the lessened emphasis. Fewer people are leaving state employ. There are not so many chances for larger money with less work as were available during and immediately after the shocking war.

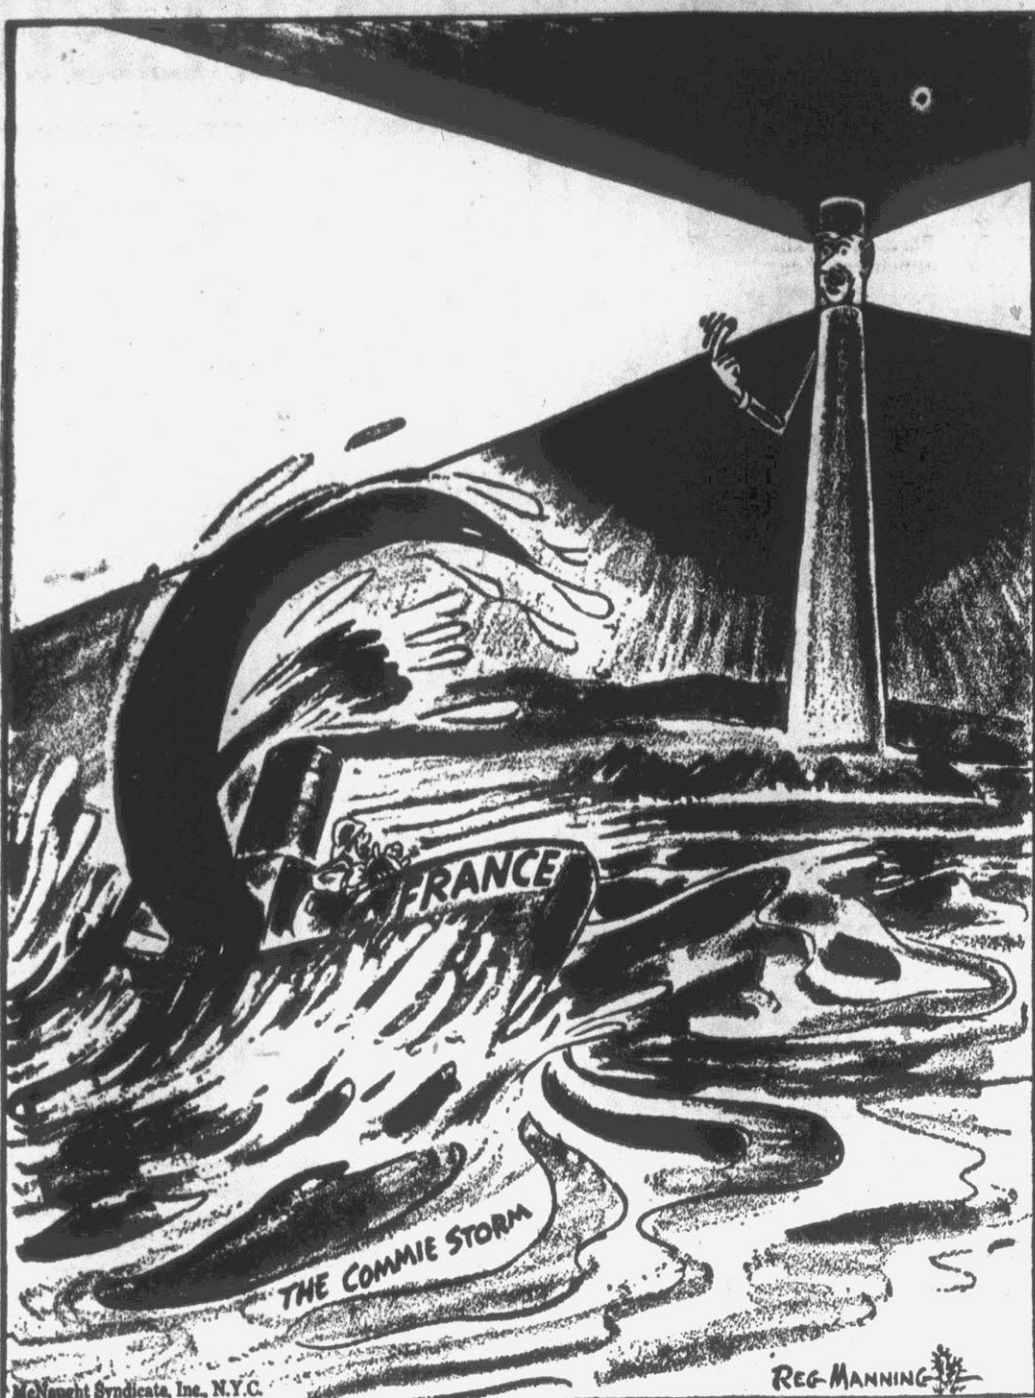

NORMAL—One faithful attendant at all budget hearings said he has never been impressed by the argument. He notes that it is a perfectly normal condition for many state employees to seek not only better pay but more opportunity for advancement in outside industry. He amplified his position by saying that the state does a good job of training men for executive leadership. When there are three or four good men in subordinate positions, and only one place at the top, two or three of them have to leave or stagnate. Similar changes are constantly being made among non-governmental employees and for the same reason.

INCREASE—State salaries will be raised by the next legislature. Just how much nobody knows yet. Indications are there may be, as has been the case in the past, a graduated scale which will approximate a total of 20 to 25 percent in the aggregate salary account. That will make 1949 salaries just about double the scale which prevailed in 1941, more than double in some classifications. With increased costs in other items—such as maintenance and repairs, travel, fuel and food for institutions, the general fund appropriations this year will have to be three times or more the 1941 amount.

FIVE-DAY—The five-day week for state offices is accorded slim chance in the next general assembly. The state employees' association is backing the proposal and almost certainly will sponsor a bill to effectuate it. On the other hand, the idea is frowned upon by Governor Kerr Scott, who dislikes it even more than Governor Cherry. Interviews with members of the advisory budget commission disclose very scant sympathy for the plan. The two employee groups, one composed of highway workers and the other made up from the rest of the departments, are both supporting propositions to separate personnel supervision from the budget bureau, but the highway workers are not keen for the five day program.

SERVICE—Governor Scott puts his reason for opposing all-day closing on Saturday in very simple words. He says: "The people of North Carolina are paying for full time service and they are entitled

The Gale—And DeGaulle

to it." That is essentially the same position taken by Governor Cherry when he declined to support the 1947 bill for a five day week.

CLERKS—Second in importance only to the presiding officers are the principle clerks of senate and house. So far as can be learned Ray Byerly, veteran of many senate sessions, will have no opposition for that post. Mrs. Annie Cooper, principal clerk of the house for the past two assemblies and a part of the 1948 session is facing opposition in the person of Walter Lee Horton, long time employee of the motor vehicles department. Horton has written all of the Democratic members-elect soliciting support.

HANDS-OFF—Although some effort has been made to involve Governor Scott in the matter, the governor has stated he regards that as sole prerogative of the house and that he has not and will not attempt to influence any vote. Mrs. Cooper has a record of efficiency and is personally very popular with members, having served as journal clerk for several years before being promoted to the top place. Because she worked in Johnson headquarters during the primary some people had assumed Governor Scott might attempt to block her re-election. The new governor has made it clear he will take no such attitude.

Boyle's Column

By HAL BOYLE
New York.—(AP)—The best safecrackers in the business aren't in business for themselves.

They are a secret corps of experienced men trained by safe manufacturers to foil professional yeg-men, help and advise police—and open locked strongboxes themselves in case of emergency.

"It takes ten years or more to school a good safecracker," smiled John Mosler, 26. He is a fourth generation member of a family which has been making safes and bank vaults for 100 years.

"We get calls all the time to open safes for people who forget the combinations."

"We keep the identity of our men secret, and we don't like to divulge much about them. We don't want them kidnapped."

That isn't an idle fear. Once a group of Chicago gamblers learned the identity of a Mosler expert and summoned him in the dead of night to a downtown address.

He was then forced into a car and driven to a gambling den operated by the gang. It turned out the gamblers had lost the combination to their own safe. The expert drilled it open for them the gamblers then handed him a \$50 bill and sent him on his way.

Young Mosler said burglaries are rising and predicts "a tremendous increase" in the event of a financial depression.

"Safecracking is largely a depression industry," he said. "During the war thousands of factory workers became familiar with electric drills and explosives. If times get bad, some of them are sure to turn to safe blowing."

But burglars are much less of a problem than fire.

"The public generally doesn't understand the difference between a safe and a money chest," said Mosler. "A safe is burglar-resistant but its chief function is to protect business records against fire."

"Insurance men have found that only 43 per cent of businesses whose records have been destroyed by fire are ever able to open again."

A money chest, on the other hand, is designed primarily to protect large amounts of cash, jewelry or securities against burglary rather than fire.

"Any safe built before 1920 isn't likely to be very safe either from fire or burglary," Mosler said. "We've learned a lot in the last quarter century."

"A smart yegg might be able to open an old safe by touch, but it is impossible for him to do so with a modern safe. This Jimmy Valentine stuff is pretty much baloney."

Where is the best place to keep a safe?

"If it is a large safe with a money chest welded inside," said Mosler, "Don't hide it. Put it out in the open under a spotlight if you want to."

"Unless he can cart it off to a place where he can work at it at leisure, any smart safecracker will take one look at it and pass it by. He'd rather tackle one of the old chestboxes—there are plenty still around."

The Mosler firm, largest in the world, built the door for the vault at Fort Knox that guards the nation's gold. It also turned out the safe that held George Washington's wooden false teeth at the New York World's Fair.

"We've kept at least one step ahead of the burglars," said Mosler. "Our

biggest problem now is to build safes and vaults against the atom bomb."

Poppy Day Sales Said Big Success

The Buddy Poppy Day held in Greenville last Saturday was very successful according to Mrs. John B. Fleming, Poppy Day chairman. A total of \$98.88 was received for the sale of the Buddy Poppies. Part of this will be forwarded to the National Buddy Poppy Committee for use with the hospitalized veterans who made the Poppies, part will go to the VFW National Home in Easton Rapids, Mich., and the remainder will be utilized by the local VFW Post and its Auxiliary to assist local needy veterans and their families.

Carol F. Chauncey, commander of the local VFW Post and Mrs. Fleming wish to extend their appreciation in behalf of the VFW and its Auxiliary to the following firms for their generous cooperation in donating space for booths: Belk-Tyler, Bissettes, J. C. Penney, Brody's, A and P Tea Co., Pollards' Super Market, Guaranty Bank and its Dickinson Avenue Branch, and Postmaster J. Knott Proctor. They would like to thank also Station WGTC, Daily Reflector, everyone who volunteered to help sell the Poppies, and the citizens of Greenville and Pitt County for their wholehearted support of the Buddy Poppy Campaign.

The larvae of one moth can destroy as much wool in one year as twelve sheep can produce.

Represent ECTC At Conference

East Carolina Teachers College was represented at the North Carolina College conference held this week in Greensboro by a number of staff members who hold offices and committee assignments in the organization. Those present at the conference were President John D. Messick, member of the executive committee; Dean Leo W. Jenkins, member of the committee on collaboration with the State Department of Public Instruction; Registrar J. K. Long, member of the committee on college admission; Dr. A. D. Frank, member of the committee on standards; and Dr. E. R.

Browning, member of the committee on cooperative research. The conference, held at the O. Henry Hotel, was the twenty-eighth annual meeting of the organization group of leading educators of the state and has as its purpose furthering higher education in North Carolina.

J. D. Riggs Serving On Seaplane Tender

John D. Riggs, machinist's mate, first class, USN, son of Mr. and Mrs. A. P. Riggs of Route 2, Greenville, N.C., is serving aboard the seaplane tender USS Curtiss, which recently returned from a Naval Reserve Training Cruise to Acapulco, Mexico, with the First Task Fleet. Many of the personnel visited

Mexico City traveling via chartered bus and airplane.

Plan Organizing Local Orchestra

The East Carolina Orchestra, a music group made up of performers from East Carolina Teachers College, the city of Greenville, and other towns and communities nearby will be organized on the college campus Monday evening, November 15. Dr. Rudolph R. Willmann, director of the department of music at East Carolina, has been working on plans for the formation of such a group for more than a year and will serve as organizer and director. Rehearsals will begin on Monday evening, when a large number of musicians of this vicinity are expected to be present.

Musicians who can read standard orchestra music are invited by Dr. Willmann to become members of the orchestra and to attend the meeting Monday evening at 7:30 o'clock in the Wright building on the campus.

W. R. Gladson Rites Scheduled Sunday

W. R. (Bob) Gladson, 52, died at the home of his daughter, Mrs. Speight Wadford, 1215 Washington Street, Thursday morning at 11:20 o'clock. He suffered a stroke two weeks ago and had been critically ill since then. Funeral services will be conducted at the S. G. Wilkerson & Sons Funeral Home Sunday afternoon at 3 o'clock by Elder J. B. Roberts, Primitive Baptist minister of Farmville, and burial will be in the Allen family cemetery near Greenville.

Mr. Gladson spent all his life in the Greenville community and had been a farmer until his retirement about 15 years ago. Surviving are two sons, Willie R. and Woodrow W. Gladson, both of Greenville; three daughters, Mrs. Wadford, Mrs. Ruth Turner and Mrs. Stephen Edwards, all of Greenville.

ville; 10 grandchildren; and two brothers, Ed Gladson of Sparta and J. Z. Gladson of Greenville.

Will Quit Work With Bookmobile

The resignation of Miss Frances Bartlett, bookmobile librarian, was announced today by Miss Irene Hester, Librarian, Sheppard Memorial Library. The resignation of Miss Bartlett, whose approaching marriage has been announced, will be effective Dec. 8th.

Miss Bartlett has been on the staff of the library since August 1947, and has been bookmobile librarian since the service was started in April 1948.

A replacement for Miss Bartlett has not been selected but the library committee hopes to make a selection soon and cause no interruption in the bookmobile service which has proven so popular in the county.

Elected To Post In Student Movement

Mars Hill—Clarke Davis, 408 East Fifth street Greenville, has been elected vice-president of the Methodist students movement of Mars Hill college.

Of the 933 students enrolled at the college 86 are Methodist. Most of these belong to the Methodist student movement which strives to keep in touch with their home churches and to cooperate with other religious groups and organizations on the campus.

It is the larvae of moths—not the adult miller—which eats cloth. They come from eggs which the moth lays in clothing and use the cloth as their food.

STOMACH AILMENTS, WEAK KIDNEYS, RHEUMATIC PAINS, ARTHRITIS, NEURITIS and such complaints as Headaches, Nervousness, Acids, Toxins, Bloating, Lack of Vitality, Energy, Poor Appetite, Underweight, Dizzy Spells. Drugless Health!

NO MATTER how long you have been suffering from stomach, kidney and rheumatic distress, and what drugs you have tried before, you can now, hope for relief if you take GEO-MINERAL. With your eyes SEE the results seven days after you start taking it.

DRUGGISTS, Chemists cannot make GEO-MINERAL. It comes from the earth—Nature's laboratory. Contains NO dope, NO alcohol, NO oil. ONLY Nature's minerals—the oldest, most reliable remedy for rheumatism, arthritis, kidney and stomach ailments.

Wonder Minerals FOR THOUSANDS of years our forefathers, on advice of doctors, go to mineral springs to get cure, or relief. The late President Roosevelt used to go to Mineral Springs in Georgia. He was helped or would not have gone there twice a year.

WE HAVE all heard of the miraculous springs of Lourdes, France, and famous Throton in ancient Greece, where, according to legend, Hercules, the god of eternal strength and youth, drank its waters and helped to be forever young.

IF YOU ARE a sufferer, and can not go to the mineral springs, try GEO-MINERAL, which contains a blend of the same minerals that can be found at the world's best springs. The minerals in it may work miracles.

Amazing Results WATCH your elimination from your bowels two or three days after you start using GEO-MINERAL. The waste, black as coal, will break away and you will SEE it! Also coming your urine. You may see impurities—poisonous waste—coming out of your kidneys, and feel the relief. Be sure to watch for all this to realize its priceless value.

MEDICAL records show 65% of men and women over 35 suffer from nutritional mineral-iron anemia. When you feel nervous, dull, tired, lazy, have dizzy spells, no ambition to work or play, a poor appetite when your eyes lack that bright spark and your mind brilliance, when headaches get the best of you, and you feel old before your time, and life seems not worth living, with weary wearing you down—it may be simply lack of minerals in your blood. GEO-MINERAL is then what you need.

100% Guaranteed! WE URGE everyone to try GEO-MINERAL. Do not hesitate one moment. Go to your drug store now. Get one bottle. Use it one week. If you are not 100 per cent satisfied, we will refund your money.

REGARDLESS of how long you have been suffering, and how many medicines you have tried before, GEO-MINERAL may be the remedy you need!

TRY it today! It may do wonders for you—and be the best investment for your health. Make you feel, eat, sleep, work and enjoy life better. GEO-MINERAL: 1 bottle \$1.18, 6 for \$6.00.

"We have sold Geo-Mineral for the last six months and it has been one of the best selling drug items we have ever handled"—say Porter Bros., pharmacists of Concord, N. C. "Users report amazing results in many instances, and we personally believe Geo-Mineral is a good medicine for purposes as indicated, and recommend it to sufferers who have tried other medicines with little if any results. They may discover that Geo-Mineral is what they have probably been needing and looking for—we unhesitatingly recommend it."

Local Club Hears Turkish Speaker

Pitt County Executive club members last night heard Miss Ismet Sanli, Turkish delegate to the United Nations conference and the San Francisco conference, discuss world conditions and the importance of Turkey and the Near East in obtaining world peace. Dr. J. D. Mesick, club president, presided at the dinner meeting.

"No machinery will work without popular good will behind it," said Miss Sanli as she pointed the way to world peace through world understanding between the peoples as well as the governments of the different nations.

The speaker emphasized the strategic position of Turkey as the only major gap in the arc of fortifications of the Soviet Union, and traced the pattern of Turkish-Russian relations since 1923 when Turkey became a republic. "Turkey," she said, "has always played an important part in geopolitics because it is the connecting link between Europe and the East, and if war comes between Russia and the western powers, Turkey will be the country which will fight the delaying action while the United States prepares herself."

"Turkey has been the only country to completely mobilize since the close of the war, but she had to do it to protect herself from the Russians," she said. "Even when we were at the San Francisco conference we were expecting an attack on our country at any time."

Urges Purchase Of Saving Bonds

As part of a national promotion of U.S. Savings Bonds beginning Armistice Day, J. H. Waldrop, chairman of the Pitt County Savings Bonds Committee, today urged residents in the county to put away all the surplus cash they can in E. F. and G. Bonds and to help the committee sell bonds to their neighbors.

"This is not a national bond drive such as we had last spring in the Security Loan," Mr. Waldrop explained, "but a special campaign with three aims: to add more payroll savers to the 7,500,000 wage and salary earners who are now buying bonds regularly through payroll allotments; to get more bond depositors to sign up on the Bond-a-Month Plan, and to urge farmers to build up their financial reserves in these safe bonds."

In the rural phase of the campaign, the goal is to reach every possible farm family and urge them to build up their financial reserves against the future by investing as much as possible of their current crop money in savings bonds. In this the county savings bond committee will have the help of implement dealer members of the National Retail Farm Equipment Association, which is backing the farm bond campaign nationally.

Southwest Africa is one-fifth larger than Texas.

NOTICE OF ADMINISTRATOR'S SALE OF PERSONAL PROPERTY

Notice is hereby given that pursuant to law the undersigned administrator of the estate of J. S. Dixon, deceased, late of Pitt County, North Carolina, will on Friday, the 19th day of November, 1948, at 1 o'clock, A. M., on the premises of the late J. S. Dixon about 1 mile east of Black Jack, offer for sale and sell to the highest bidder for cash, the following described personal property:

4 mules; 1 tobacco planter; 2 carts; 3 tobacco trucks; several plows; gear for mules; 1 wagon; rakes, shovels and hoes; 1 tobacco sprayer; 2 fertilizer sowers; 1 cut-away harrow; 1 smoothing harrow; 1 corn planter; 1 hole digger; and other miscellaneous items of personal property.

On the 29th day of October, 1948, MRS. MARTY W. DIXON, Administrator of the Estate of J. S. Dixon, deceased.

Harding & Lee, Attys.

NOTICE
An Ordinance Providing For The Licensing Of Dogs Within The Corporate Limits Of The City Of Greenville; Prohibiting Dogs From Running At Large; Authorizing The Impounding And Destruction Of Dogs; Providing A Penalty For Its Violation; And Repealing All Ordinances In Conflict Herewith.

The Board of Aldermen Of The City Of Greenville Do Ordain:

Section 1. Definition of Terms: As used in this ordinance, unless the context otherwise indicates:

"Dog" shall be intended to mean both male and female.

"Owner" shall be intended to mean any person or persons, firm, Association or Corporation owning, keeping, or harboring a dog.

"At Large" shall be intended to mean off the premises of the owner, and not under the control either by leash, cord, chain or otherwise.

Section 2. License and Registration Required. All dogs kept, harbored, or maintained by the owner or owners in the City of Greenville from and after the effective date of this ordinance shall be licensed and registered if more than 13 weeks of age. Dog licenses shall be issued by Police Department upon payment of a license tax of \$1.00 for each male or spayed female, and \$2.00 for each unspayed female. The owner shall state at the time application is made for such license and upon printed forms provided for such purpose his name and address, and the name, breed, color and sex of each dog owned or kept by him. The provisions of this Section shall not be intended to apply to dogs whose owners are non-residents temporarily within the city, nor to dogs brought into the city for the purpose of participating in any dog show, nor to "seeing-eye" dogs properly trained to assist blind persons when such dogs are actually being used for the purpose of aiding such persons in going from place to place.

Section 3. Tags and Collar. Upon payment of the license fee, the Police Department shall issue to the owner a license certificate and a metallic tag for each dog so licensed. The license so issued shall run for a period of one year, or until June 30th next after its issuance, whichever is earliest. The shape or col-

or of the tag shall be changed every year and shall be stamped thereon the year for which it was issued and the number corresponding with the number on the certificate. Every owner shall be required to provide each dog with a collar to which the license tag must be attached, and shall cause the collar and tag to be constantly worn. In case a dog tag is lost or destroyed, a duplicate will be issued by the proper person upon presentation of a receipt showing the payment of the license fee for the current year, and the payment of 50 cents fee for the duplicate tag. Dog tags shall not be transferable from one dog to another and no refunds shall be made on any dog license fee because of death of the dog or the owner's leaving the city before the expiration of the license period, or otherwise.

Section 4. Running At Large Prohibited. No owner or keeper of any dog shall permit such dog to run at large.

Section 5. Impounding. The Board of Aldermen shall, from time to time as the necessity required, appoint a poundmaster (or otherwise designate some official) whose duty it shall be to apprehend any dog running at large contrary to the provisions of Section 4 hereof, and to impound such dog in the City pound or in some other suitable place. The poundmaster, or such other designated official, upon receiving any dog shall make a complete registry thereof entering the breed, color, and sex of such dog and whether licensed or not. If licensed he shall enter the name and address of the owner and the number of the license tag. Licensed dogs shall be separated from unlicensed dogs at all times, and males from females.

Section 6. Notice To Owner And Redemption. Not later than three days after the impounding of any dog the owner shall be notified, or if the owner of the dog is unknown or the dog is unlicensed, written notice shall be posted for five days at the place where such dog is impounded describing the dog and the place and time of taking. The owner of any dog so impounded may reclaim such dog upon payment of the license fee, if unpaid, a fee of \$5.00 for impounding, and a fee of \$1.00 per day for keeping such dog.

Section 7. Disposition Of Unclaimed Or Infected Dogs. It shall be the duty of the poundmaster (or other designated official) to keep all dogs so impounded for a period of six days. If at the expiration of six days from the date of notice of the owner or the posting of the notice, such dog shall not have been reclaimed, it may be destroyed. Any unlicensed dog required by any ordinance to be licensed, or any dog which appears to be suffering from rabies or affected with hydrophobia, mange or other infectious or dangerous diseases, shall not be released but may be forthwith destroyed. "Provided, however, that if in the opinion of the poundmaster any dog so impounded, either licensed or unlicensed hereunder, shall need medical treatment, the poundmaster may place such dog under the care of a licensed veterinarian and the cost of such treatment shall be paid by the owner as a part of the fee for keeping such dog."

Section 8. Disposition Of Dangerous or Vicious Dogs. If any dangerous, fierce or vicious dog so found running at large cannot be safely caught and impounded by the poundmaster (or other designated officials), such dog may be slain by any policeman, the poundmaster, or other designated officials forthwith.

Section 9. Rabies Notice. If any dog is believed to have rabies or has been bitten by a dog suspected of having rabies, such dog shall be confined securely by a leash or chain within a safe enclosure on the owner's premises and shall be

placed under the observation of a veterinarian at the expense of the owner for a period of two weeks. The owner shall notify the poundmaster of the fact that the dog has been exposed to rabies and at his discretion the poundmaster is empowered to have such dog removed from the owner's premises to a veterinary hospital and there placed under observation for a period of two weeks at the expense of the owner. In lieu of the foregoing provisions of this section, the dog may be destroyed with the consent of the owner.

Section 10. Vaccination. It shall be unlawful for the owner of any dog more than 13 weeks of age to keep, harbor or maintain such dog unless it shall have been vaccinated with anti-rabies vaccine within one year preceding the date on which such dog is kept, maintained or harbored.

Section 11. Penalties. Any owner who shall violate any of the provisions of this ordinance shall be guilty of a misdemeanor and upon conviction shall be fined \$5.00 for each offense.

Section 12. Repeal Of Conflicting Ordinances. All existing ordinances of the City of Greenville are hereby repealed in so far as they may be inconsistent with the provisions of this ordinance.

Section 13. Separability Of Provisions. It is the intention of the Board of Aldermen of the City of Greenville that each separate provision of this ordinance shall be deemed independent of all other provisions herein, and it is the further intention of the said Board of Aldermen that if any provision of this

ordinance shall be declared invalid, all other provisions thereof shall remain valid and enforceable.

Section 14. Effective Date. This ordinance shall be in full force and effect 10 days from and after its adoption, approval and publication; Adopted this 2 day of September, 1948.

J. H. BOYD, Mayor
Attest: J. O. Duval, City Clerk.

Pirates Show Fighting Spirit; Set For Game

Stung by instructions from their coaches that they had lost their pep and desire to win, the East Carolina Teachers College Buccaneers bristled as they went through heavy workouts and scrimmages this week.

In an amazing show of offensive life the starting eleven shoved over four touchdowns in a scrimmage game yesterday and completely smothered the reserves who have a defense usually equal to that of the regulars.

Coach Jim Johnson, beaming at the renewed life shown by the squad, declared that his rejuvenated Pirates were travelling to Wilmington to win. They tangle with High Point at Wilmington Saturday night.

"The boys really want to defeat High Point," Johnson said. "A win over High Point would mean more to the team than beating Atlantic Christian, the team's arch rivals," Johnson declared. "Because if we beat High Point we will have done something."

At the close of Thursday's practice Johnson gathered his squad around him. The boys listened silently as he spoke. "You have a lot to fight for Saturday night," he began. "You're an underdog. A win over High Point would be something you could point to with pride. Many of you boys have played in the stadium at Wilmington and you have played good football. The folks there remember the spirit and fight you have shown down there and will be looking for a good game Saturday."

"Coach Boone and I feel that you boys have confidence in yourselves," he continued. "We have hoped that you would win these last two games at least. If you're going to win either of them, make it this one. A win over High Point would mean more than one over Atlantic Christian. But don't go out there to win this one for your coaches. . . win this one for yourselves," he concluded.

The team broke for the dressing room with a yell. "I believe they really want to beat High Point," Johnson said.

Backfield Coach Jack Boone and Johnson both declared that the team was showing more fight than it has exhibited all season. The Pirates are expected to try every trick in the books, including one of the most unorthodox defensive lineups ever seen here to stop High Point. The diversity of the Buccaneer attack is evidenced in a summary of their inter-squad scrimmage game. Four touchdowns were made—all on different plays. One was scored on an end run, another on an end around, one on a pass

Furman's Prexy Says Good Grid Team Too Costly

Atlanta, Nov. 12—(AP)—College football has gone professional to the point that when "some of the big stars turn to professional football they have to take a cut in salary."

That's the opinion of Dr. John L. Plyler, President of Furman University at Greenville, S. C.

And the little colleges with limited athletic funds can't hope to keep pace with the big schools who have ways and means of attracting top grid talent, the educator said at an alumni meeting here last night.

"The day when you could get a good football player for his tuition and college expenses is long gone," Dr. Plyler continued.

He estimated the cost of an "average, good" football team these days at \$100,000 a year. "Big time" teams run from \$250,000 to \$600,000 annually, he said.

"We just don't have that kind of money to throw around at Furman," he added.

"At least if we have I can't find it—and I've been looking."

"Don't think these swivel-hipped, tip-toeing quarterbacks don't cost money. The situation in 'amateur' college football is such that when some of the big stars turn to professional football they have to take a cut in salary."

Sometimes, he added, loyalty to the school will hold a good player, but "even the gift of a new automobile or a similar inducement generally is not enough to attract top-flighters."

"A while back," Dr. Plyler continued, "the national collegiate athletic association got out what it called a 'sanity code,' but most of the big coaches all over the country called it an 'insanity code' because they don't want amateur football."

The "sanity code" limits the amount of assistance a school can give its athletes.

Bobby Jones Up After Operation

Atlanta, Nov. 12—(AP)—Famed Golfer Bobby Jones is up and about his Emory hospital room after an operation to relieve pressure on his spinal cord.

Hospital authorities said the grand-slam champion's condition is "entirely satisfactory" and that he will be released within two weeks. The operation was performed Oct. 30.

Penn Drills For Cadets' Attack

PENN DRILLS—18 Philadelphia, Nov. 12—(AP)—The University of Pennsylvania football team is taking every possible means of preparing for the expected outside running attack by Army in tomorrow's game at Franklin Field.

For the third straight day, Coach George Munger yesterday put his first team through hard drill, using the Jayvee squad to simulate the Cadets' running and passing attack.

Ted Webster, Syracuse swimming mentor, is coaching his 16th team for the Orange.

and one on a plunge through the middle.

Doug Bryant, a dynamic fullback from Rocky Mount, and Frank Maennie, triple threat quarterback from New Jersey, will probably spark the Buccaneer offense. Coach Johnson is also expecting plenty of show from John Smith, George Wood, Michael Kovach and Bill Darby in the backfield.

Coach Johnson reported that Bob Bradley, a big redheaded end from Rocky Mount, would see plenty of action in the High Point game. A reserve, Bradley this week has played one of the most outstanding defensive games of the year. Jim Danks, a line backer-up, has also been doing a bangup job and will see plenty of action Saturday according to Johnson.

Dixie Schools Welcome Yankee Football Players

Atlanta, Nov. 12—(AP)—The decision in the war between the states still many rankle a little in Dixie but down here there's nothing but love for those Yankee football players.

These football tourists who carry pigskin carapaces are down in numbers—113 of them at South-eastern Conference schools alone—and about 40 of them are among Dixie's most beloved.

Who did the wooing which brought them south is a question too hot to argue here. Some no doubt proposed football employment themselves and others no doubt were prompted to come South for fame, fun, funds and football—to say nothing of a free education.

The money attraction to come South was shut off last winter when the Southeastern Conference became pure with all the rest under the NCAA code.

However, the other attractions still must be strong as freshmen squad rosters bristle with names of states and cities a long way from the States Rights country.

In one case a Northern state—Pennsylvania—has more football players in the Southeast than Kentucky, a state in the conference. Pennsylvania has 39 loyal sons in Dixie doing well while Kentucky has only 31.

Ohio is the second ranking producer of Yankee football talent in the South—24 Ohioans strayed from Ohio State, Miami, Cincinnati and the University of the South. Illinois, Northwestern, Ex. Al., missed 15 players and Indiana missed ten.

Chicod Cagers Chalk Up Wins

On Tuesday the Chicod boys and girls basketball team defeated Hooker with a score of 39 to 21 for the Chicod boys and a score of 41 to 28 for the Chicod girls.

Hazel Adams was high scorer for the winners with 18 points. Williams tallied 15 points for the losers.

Max Lewis made 18 points for the Chicod boys. Hill tallied 8 for the losers.

The two teams play each other again on November 19, at Chicod.

The Nile river in flood rises about 40 feet.

Green Phantoms And Yellow Jacks To Play Tonight

Coach Bo Farley's Green Phantoms tangle tonight with the Roanoke Rapids Yellow Jacks in this last home game of the season at Guy Smith Stadium at 8 o'clock.

The Yellow Jacks will be a favorite over the Green Phantoms but the Farley men will not forget the 14-6 upset they pulled against the Jacks in Roanoke Rapids last year, scoring 14 points in the last 4 minutes of play.

Bobby Fleming, Phantom guard who is making a bid for all-conference honors, will be sidelined tonight because of a neck injury.

Joe Alligood, reserve tailback and G-man kicker, will be out because of injuries.

Probable starting lineup for the Phantoms will be Conway kicker, Crawford and Roberson guards, Lee and Bland tackles, Northrop and Edwards ends, Morgan, wingback, Farley blocking back, Bland, fullback, Cox, tailback.

Gridiron Gossip

By "BOO BOO" BUTLER

Today's Games in the North Eastern Conference
Roanoke Rapids at Greenville
Washington at Kinston
New Bern at Elizabeth City

Roanoke Rapids will be the guests of the Greenville Phantoms tonight at Guy Smith Stadium in a North Eastern conference loop. The battle is expected to be one of the best that has been played in Guy Smith Stadium this year. The fans who were fortunate enough to see the game last year played in Roanoke Rapids will remember the thrilling climax. With only seconds to go the Phantoms pushed a tally across to win the game. Roanoke Rapids over Greenville in a gam that will keep you on your toes the entire sixty minutes.

Elizabeth City will have an easy night of it as they play host to the New Bern Bears. The Bears will launch one of the best passing attacks in the conference but the Yellow Jacks just have too much power and experience. Elizabeth City over New Bern by two touchdowns.

The game that the football fans of Kinston and Washington has been waiting for will be played tonight in Kinston. The game will determine the "champs" of the North Eastern conference. However, if the Post Pack from Washington should upset the Kinston Red Devils, it will be all tied up, but I don't think it will happen. Kinston over Washington by seven points.

Picking the linemen of the week in the Appalachian-MOTO game in the final two.

He came from behind to top Clar last week at Boone wasn't any once Owens of Martinsville, Va., who trouble at all. There were only finished with 279, and defending seven votes cast out of the 175. Champion Clayton Heafner of Char. They all went for Kenneth Booth, lotte, who wound up in third place the 180 lb. freshman tackle from with 282.

Heafner went into the final 36 placed John Wyatt in the starting holes with a low of 133, Owens with line-up and played a whole of a ball game. If you remember, I 134.

Palmer's first prize money was said last week that he would have \$300. Owens got \$150 and Heafner to hurdle to fill the shoes of Wyatt, \$100.

Earlier this year, Palmer won the most every one of the tackles the Philadelphia Inquirer Tournament. Pirates made. He broke through He tied for first in the Portland the offense seven times to throw Open but lost the playoff. He won the Mountaineers fifty six yards the 1947 Western Open.

The part of a hen's egg which is The Pirates had a light workout edible is 76 per cent water.

yesterday afternoon, as they rested

up for the game with High Point Saturday night in Wilmington. Practice was stopped for a while as Coach Johnson talked to his boys on school "spirit." He told them that he had rather for them to beat High Point than ACC. "I'm not going to be here next year. It's been rumored around here but I'll confirm the statement. "I won't be here next year and I would appreciate it very much if you will win this game for me." At five o'clock the boys went into the dressing room the first time they have been in that early in a long time. The probable starting lineup will be Worthington and Young at ends, Kilpatrick and Booth at tackles, Ellis and Bass at guards, Polk at center, Darby and Wood at half-backs, Smith at fullback and Holcher or McNamee at quarterback slot.

ORDER AND NOTICE OF ELEC-
TION OF A DRAINAGE
COMMISSIONER
In The Superior Court
Before The Clerk

North Carolina,
Edgecombe County
In The Matter of
Edgecombe County Drainage
District No. 2

Having been informed by the
Board of Drainage Commissioners
of the Edgecombe County Drainage
District No. 2 that the term of of-
fice of one of its members, viz: Com-
missioner Paul E. Whitehurst, ex-
pired on the 30th day of September,
1948, and the law providing that the
clerk provide for an election of his
successor.

It is hereby ordered that an elec-
tion be held at the court room of the
Edgecombe County Courthouse in
Tarboro, North Carolina, at 11 o-

The Dancing Heart

BY EMILY NOBLE

Chapter 14
It was Bella Durfee who brought
the news to the Monahans as they
sat about the dining room after a
belated supper. Pat Bulger had work-
ed even later than usual and had
come home even more tired than
usual. Mrs. Monahan had waited
for him because she always waited
for him—she thought he deserved
that much consideration in return
for all he had done and was doing
for her, also because she hoped
Lottie would go home. And Lottie
had not only stayed but gone on
talking, talking, talking.
Joe had come in just before Pat
and, much as she loved him, his
mother had groaned at sight of him.
She had been telling Lottie he
wouldn't be home until late as he
was taking Bella Durfee to the early
evening show at Paly's. There was
an Irish picture there, at least Hol-
lywood's idea of Ireland. She had al-
most snapped at Joe.
"Where is Bella?"
He had fallen into a chair and
sighed. It was almost a growl. "Why
should I know where she is? I have
enough to worry me."
Mrs. Monahan expected Bella to
come bursting in wild with rage be-
cause Bella, like Lottie, wasn't one
to hide her hurts in a dark corner
as Joe did.
And instead Bella came bursting
in with the news that Rosalie was
dancing at Paly's. It was a bombshell
to make even Joe sit up straight
and stare. Pat voiced the general
amazement, beer glass in hand.
"You're makin' it up, Bella. You
know you are."
"I am not. I saw her. I borrowed
someone's opera glasses to be sure.
It is Rosalie. It is billed as Irish
Dance by Rosalie."
Lottie laughed mockingly. "You're
just saying it because you're mad
at Joe for standing you up, I bet."
Pat banged the table so hard the
dishes danced. "Will you shut your
big mouth and let her tell us what
happened. If it's really our Rosalie
we're going to see her tonight and
pack the theatre every night so
she'll be a success. She's our Ros-
alie." He jumped up and knocked
over his half filled beer glass in his
enthusiasm.
Mrs. Monahan caught his hand.
"Take it easy, Pat. I don't like to
give Lottie right in anything, but
what chance is there of our Rosalie
bein' so grand all at once? The

clock, A. M., on Saturday, the 13th,
day of November, 1948, to vote for
a drainage commissioner to succeed
Commissioner Whitehurst. Each in-
dividual landowner within said Dis-
trict will be qualified to vote at this
election and shall be entitled to cast
the number of votes equaling the
number of acres of land owned by
him included in the boundaries of
the said District. The Court will ap-
point as the drainage commissioner
to succeed Commissioner White-
hurst the one receiving a majority of
votes cast at said election, or, if
no one receives the vote of a ma-
jority of such landowners, the Court
will appoint said commissioner from
those receiving the highest number
of votes cast.

It is further ordered that a copy
of this notice be posted at the court-
house door of the Edgecombe Coun-
ty Courthouse in Tarboro, at the
Courthouse door of the Pitt County
Courthouse in Greenville, and at five
conspicuous public places within the
said Edgecombe County Drainage
District No. 2, and that it be pub-
lished in The Tarboro Southerner,
a newspaper of general circulation
within Edgecombe County, and in
The Daily Reflector, a newspaper of
general circulation within Pitt
County, for two publications prior
to the date of said election.

This the 30th day of November,
1948.
W. S. BARCOCK, Clerk Superior
Court Edgecombe County.

Wasn't she good, Bella?"
Bella stood looking at Joe, who
was not looking at her at all. She
turned slowly to Pat and shrugged
elaborately.
Mrs. Monahan heaved herself to
her feet. "Don't talk." She gave Pat
a gay shove. "Put on a clean shirt
and your Sunday suit."
"But I'll miss the dance. I want
to see her do the laughing steps."
"You'll see it all tomorrow night.
Bring her here in a cab and then
Joe can see her home later. I'll
attend to fixin' some tea and gettin'
rid o' that Bella Durfee."
"And me, too, I suppose," snapped
Lottie.
"Why not?" Mrs. Monahan was
cool. "You can go out with Pat now
and borrow some money, which is
most likely all you came after any-
way."
Pat went to her and gave her a
kiss. "So long as I got a dime you
can have it for Tuffy. What's the
good o' big wages if you can't do a
little good?"
"I know you would. He always
asks about you in his letters, Pat."
Pat came hurrying out and in a
minute he and Lottie were gone.
For a little space the fat woman sat
immobily, enjoying the silence bro-
ken only by the ticking of the kitchen
clock and the sound of a radio from
the house on the next street. The
place always seemed so peaceful
after Lottie left.
But there were things to do. She
mustn't sit there dreaming. Time
was slipping away. She turned her
head and called through the flat.
"Bella. Could you come here a
minute?"
It was Joe who came back slowly
an intent to kiss her.
"Where's Pat? And Lottie?"
"Pat has gone to get Rosalie at
the stage door. Lottie has gone,
thank God."
Joe drew a deep breath. "I sent
Bella home."
His mother took his brown hand.
"You really love Rosalie, don't you?"
"Yes, Mom."
"I'm sure she loves you, too. Only
she may not realize it yet."
"I'll try to make her understand,
Mom."

50 WORDS or LESS

ON

'WHY I AM GLAD

Hill's

CAME to GREENVILLE

Will win a free trip to New York if your letter
is chosen to be the best letter mailed to HILL'S
in Greenville. You must be at least 16 years of
age to be eligible.

A free trip to New York for one week with ex-
penses paid . . . an ideal trip for that second
honeymoon . . . or if you are unmarried, you
may choose any companion you wish for this
exciting adventure.

You may travel by plane, train, or car. Free
hotel accommodations . . . expenses for shows,
night clubs, sight-seeing tours, and enjoy the
glamor of the night life and thrill to the bright
lights on the ever glamorous Broadway.

The free trip to New York entitles Milady to
visit the Ideal Beauty Shop and Mrs. Dail will
give her a hair-do (as only Mrs. Dail can)
which she will always remember . . . a cold
wave permanent . . . then to C. Heber Forbes
Ladies' Shop and select the wardrobe suitable
for the trip up to \$100.00 anything she prefers
... Then off to The Bootery for her choice of
shoes and bag to match, together with two love-
ly pairs of nylons. She will then be privileged
to visit J. A. Collins & Son for the luggage she
prefers for this thrilling trip.

Now for the man . . . He must look the part to
take the trip with Milady. We would first
send him to the Hotel Proctor Barber Shop and
have him fixed up

Charles StarrettGrange Talks Repeal For
Federal Margarine Taxes

Portland, Me., Nov. 12 — (AP)—Repeal of federal oleo taxes may get the Grange's support.

That would be a turn-about on the part of the big farm organization. It has sided with butter's champions in the protracted margarine-butter war.

Now, State Master C. P. Key of South Carolina said last night, there's a "general feeling" for repeal in the organization, "providing, of course, means can be found to protect the consumer against fraudulent sales of margarine as butter."

Key is chairman of a special oleo committee that will report to the current national Grange convention here.

It was formed after margarine supporters failed, in the last congressional session, to get rid of the 10 cents a pound levy on colored margarine. The Grange fought repeal then.

Another committee member, State Master Harry B. Caldwell of North Carolina, said he thought the consumer could be protected

by making sale of margarine as butter a violation of the pure food laws.

The committee has members from butter states and from states producing soybeans and cottonseed—whose oils go into oleo.

Congressmen from these states taking opposite sides on the issue in the last Congress, threatened farm bloc unity.

The Grange's legislative agent, J. T. Sanders, told the convention yesterday the controversy will undoubtedly come up again in the 81st Congress.

Pleasant Memories
Of Armistice Day
Exercises in City

By CHESTER WALSH

Armistice Day exercises and the parade yesterday were the best held here since during the early part of World War II. The Marines from Cherry Point and the Airborne detachment from Fort Bragg were features of the cavalcade. The college, the high school and Eppes' Negro high school bands did fine, American Legion officials said. The parade started on time and made a wonderful impression.

Col. Ted Fountain, commander of the American Legion post, who presided, directed the program with efficiency.

General Hal Turnage's and Congressman Herbert Bonner's addresses were timely and inspiring. The VFW firing squad in uniform, and the Nations' Guard artillery battery made good showings.

Col. Owen Marshoun, chief marshal of the parade, expressed appreciation of the cooperation of the

Says Soviet Propaganda
Is Preparation For War

Paris, Nov. 12 — (AP)—A United States delegate told the United Nations today Russia is using "shrill government-directed propaganda to prepare its people for war."

The American, Frederick H. Osborn, told the General Assembly's Political Committee there can be no disarmament until Russia stops threatening the world with Communist aggression.

Osborn said Russia has 4,000,000 men under arms and that Soviet-dominated states have an additional 2,800,000. This, he said, adds up to 250 combat divisions, five times the combined forces of all the Western European nations.

Russia's policies since the end of World War II have not helped to bring about international confidence, he said.

The American said that Russian workers are "kept in fear of war by the Soviet government" and that the Russian citizens hear only the news their government wants them to hear.

There is some evidence, Osborn said, that some Russian leaders hold "a warped, twisted view of conditions outside the Soviet Union."

Osborn told the committee there "is every evidence that the Soviet Union is actively trying to prevent the reconstruction and improvement of living conditions in Europe."

He said Russia "is actively pursuing a policy of world revolution," while the United States is cooperating with Western Europe in a program of reconstruction.

Participants, J. Con Lanier, chairman of the speakers' committee, did fine work, and Frank Taylor, chairman of the refreshment committee, and Respass did a good job feeding the nearly 700 delegates and special guests. Police did fine work handling the crowds.

Veterans of Foreign Wars gave color to the celebration when they dropped poppies from planes over the exercises and cemeteries in tribute to the war dead.

The Negro American Legion contingent in the parade made a fine showing.

Ban Lifted On
Married Cadets

Washington, Nov. 12 — (AP)—The still expanding Air Force has changed its mind about married men as aviation cadets.

It announced today that beginning next Monday it will accept applications by married men who meet previously established requirements. The ban on married cadets was imposed several months ago.

London, Nov. 12 — (AP)—A world-record baby shower for Princess Elizabeth's first born may overflow into many humbler British homes.

The Princess has let it be known she would like other babies arriving the same day as hers to share many hundreds of layettes given to her by loyal subjects and admirers the world over. The birth of Elizabeth's baby is expected some time this weekend.

UN Schedule

Paris, Nov. 12 — (AP)—The United Nations has scheduled 243 major meetings for the next month in an effort to complete the work of the current assembly.

Andrew W. Cordier, executive assistant to Secretary-General Trygve Lie, said today these meetings are scheduled to end Dec. 11. This is three days after a recently set target date for final adjournment.

Lock Aldridge In
Central Prison

Raleigh, N. C., Nov. 12 — (AP)—Ray Aldridge, skinny little ex-convict, was lodged in central prison here early today.

Aldridge, 21 of Gastonia, was brought to prison under an order revoking his parole, later he will have to return to Gastonia and face a charge of killing police patrolman J. E. (Red) English.

He was brought to central prison by Charlie Brown, prison transfer officer.

A warrant charging him with murder was signed yesterday.

Aldridge said he did considerable drinking early last Sunday morning and capped it all by taking a "Good Ball"—a habituate pill. He said he blanked out after that and does not remember what happened.

Here's what Gastonia police Chief J. C. Elliot says Aldridge did: "Drove his parents from their home—with a rifle."

"Fired upon and wounded patrolmen English, 31 and Ray Smith, 24, who came to arrest him."

"Kept 50 police officers at bay with a two-hour barrage while resisting more than 600 rounds of ammunition fired into the two story frame home."

"Wounded two of the more than 1,000 curious who surrounded the scene. (They were Henry Chastain and James Ayers, already discharged from the hospital.)"

Washington . . .

(Continued from page one) that they have a majority in both Houses of Congress—will reorganize the various committees, such as those on labor, commerce, banking, and so on.

In the 80th Congress, the one going out of business this year, the Republicans had a majority, so on every committee the Republicans outnumbered the Democrats.

In the new Congress the Democrats will out enough Republicans from each committee to make sure each has a majority of Democrats on it. And each committee will be

run by a Democratic chairman. It's these committees which will be the key to the Congress and to the success or failure of Mr. Truman's campaign promises.

Is the Taft-Hartley Act to be wiped out and maybe a new labor law set up in its place?

You can be sure the committees on labor in the House and Senate will hold hearings on that. Congress generally follows the ideas or recommendations of its committees.

So you can sit back and wait. It will be months before you have a chance to see whether Mr. Truman's Democratic Congress is going to go along with him.

What Can . . .

(Continued from page one) economically. Once economic rehabilitation was achieved, the government could conquer the Communists in Northern China and reunite the country.

If you will look at your maps and refresh your minds on the manner in which the great Yangtze cuts China in two from east to west, you will see the significance of Chen's argument. At first glance this plan would seem to be an over-simplification of the problem but the more one studies it, the more reasonable it looks as a possible solution.

As things now stand China must assume most of the burden of working out her own problem. She has had much help from America, and she is getting more. However, there is no indication that the United States intends to take over the job of cleaning out the Chinese Bolsheviks.

These cold truths lend support to Dr. Chen's idea of consolidating the government effort south of the Yangtze until Nationalist China gains economic strength. As a matter of fact, Chen told me he had submitted this suggestion to the government. It will be interesting to see what happens to the proposal.

Tojo To Hang . . .

(Continued from page one) away without the polite bow. Japanese greeted the sentences in varied ways. Some said they thought more would be hanged and others said they were sorry for the defendants.

N.Y. Cotton

New York, Nov. 12 — (AP)—Cotton futures opened 5 to 3 cents a bale lower.

Noon prices were 35 cents a bale lower to 15 cents higher than the previous close. Dec. 31.43, March 31.46 and May 31.31.

Hog Market

Raleigh, Nov. 12 — (AP)—(NCDA)—Hog prices weaker. Tops of \$21.75 at Rocky Mount; \$21.50 at Kinston, Tarboro, Wilson, and Fayetteville; \$21.25 at Greenville, Goldsboro, Washington and Richmond.

Poultry and Eggs

Raleigh, Nov. 12 — (AP)—(NCDA)—Fryers and broilers steady at 34-35; eggs steady, A large 65-67.

N.Y. Stock Market

New York, Nov. 12 — (AP)—The stock market moved ahead at slow speed today. Gains of fractions to more than a point were liberally scattered through the list.
