

## Seek Armistice As Solution For Arab-Israeli War

### Resolution Offered In Security Council; Jews Protest Losing Ground

Paris, Nov. 15.—(AP)—Canada demanded today that the United Nations order Jews and Arabs to negotiate an immediate armistice in Palestine.

Gen. A. G. L. McNaughton offered a new resolution to the Security Council following closely suggestions of setting mediator Ralph Bunche. The Canadian draft calls the Palestine situation a threat to peace. It said an armistice is a necessary bridge between the broken truce and a final settlement.

The resolution called on the Jews and Arabs to negotiate either directly or through Bunche to set up a permanent armistice demarcation lines. It asked for a withdrawal and reduction of Israeli and Arab troops to maintain the armistice.

Informed circles said the United States has shown great interest in the original Bunche proposal to replace the truce with an armistice. These sources said U.S. delegation members talked with Israeli and some Arab delegates.

The Security Council has before it a proposal to extend the U.N. truce now in effect in the Negev desert of southern Palestine to all of the Holy Land.

The Assembly's Steering Committee also scheduled a meeting to act on a proposal by Herbert V. E. E. of Australia, the Assembly president, to set up a special 30-nation committee to debate the year-old Palestine war.

The report of the new American move came amidst strong Israeli protests against an order for Jewish troops to withdraw from southern Negev.

Israeli officials here and in Tel Aviv protested the order of Dr. Ralph J. Bunche, acting U.N. Palestine mediator, received in Tel Aviv yesterday. The order calls on Israeli forces to withdraw from Negev territory from the Egyptian army since last Oct. 14 and turn over the town of Beer Sheva to the Arabs. The U.N. previously had ordered that hostilities cease on Oct. 14.

## Hungarian Says He Is Guilty Of Treason In Trial

Budapest, Hungary, Nov. 15.—(AP)—Victor Csoranyi, 29-year-old Hungarian diplomat, pleaded guilty today to charges of "traitorous activities" with British and American agents.

The court ordered a secret hearing to question Csoranyi.

Csoranyi, formerly stationed in Washington, was pale as he heard the prosecutor read the indictment. It included these allegations:

That Csoranyi negotiated with American diplomats to help President Zoltan Tildy, his father-in-law, escape from Hungary.

That he issued forged passports, became an agent of "imperialist powers" and connected his traitorous activities with infamous profiteering, smuggling out gold and foreign currency.

## Court Upholds Portal Pay Law

Washington, Nov. 15.—(AP)—The Supreme Court today upheld the action of Congress in knocking out claims by workers for some \$6,000,000 in back "portal-to-portal" pay.

The high court refused in an order to review a lower court decision that the law Congress passed in 1947 retroactively canceled overtime pay claims made by a group of Maryland workers.

## History Of America

There Is A Treasure Of Knowledge In Studying American History; Influences And Trends Of The Past Known By Few; Suggested Works For Reading

By JAMES MARLOW

Washington, Nov. 15.—(AP)—Do you ever wish you knew more about American history?

A man I know—he's about 35 and has been through a university—recently told me he knows practically nothing about American history.

He told me: "I had some in school but I forgot it. Now I've reached that point where I want to know how we got where we are, and why."

He's laying out a reading program for himself. He works and has a family. And he said: "Come January, I'll start. It may take me years to get all I want. That is all right. There's no rush. I'll read whenever I can, at night at home after work, or on week-ends. And I'll take time out for other reading. But I'll plug away at history."

Maybe you would like to do what this man is going to do. And maybe you're puzzled to know where or how to start.

So the following books are given here in the hope they may be of some help.

They're my own choice. You may quarrel with some of them. But

## Chinese Communists Push On As Nationalist Defenses Crack

Nanking, Nov. 15.—(AP)—Red threats to Nanking increased today as Communists surged southward from the Suichow area.

A mounting breakup of Nationalist forces along the outer approaches to the capital was reflected in reports from the war area.

Neutral reports said Suichow was isolated. Others had a mechanized force fighting its way to the relief of trapped government troops east of the city.

Communist forces reached Suichow, 135 miles northwest of Nanking. One report said the town was captured by the Reds.

The railroad, connecting Pukow, across the Yangtze from Nanking, and Suichow, had been cut in several places. Government reinforcements moving up from Nanking.

## Condition Of Princess And Heir 'Satisfactory'

### Doctors' Bulletin Says Elizabeth And Infant Prince Had Some Sleep During Night; Church Bells Peal

London, Nov. 15.—(AP)—Buckingham Palace flashed word to a jubilant Britain today that the condition of Princess Elizabeth and her new son "is satisfactory."

The doctors who attended the birth at 9:14 (4:14 p.m., EST) last night visited the mother and baby early this morning while church bells pealed and joyous crowds clustered at the palace gates.

They issued this bulletin: "Her Royal Highness Princess Elizabeth has had some sleep during the night. Her condition and that of the infant prince is satisfactory."

The baby weighed seven pounds six ounces. Members of the court said he was a lovely boy, a really splendid baby, and a "bunny" lad.

Court doctors said the wording of the doctors' bulletin, referring to "some" sleep, indicated the princess did not have an entirely restful night.

But the birth evidently was untroubled and the labor short. The baby arrived so quickly some officials called to the palace for the birth still were on the way when the prince was born.

The baby was born in a specially prepared room on the second floor of the palace.

Britain and the overseas dominions gave the infant who may one day rule the empire a royal welcome today.

Last night's momentous news of the birth came in a terse announcement from the doctors attending the princess. Joyous thousands, who had waited for hours in the mild November evening, heard of the safe delivery nearly an hour after the birth.

## Convict Unable Escape Sheriff

Wentworth, Nov. 15.—(AP)—Convict Tom Bullins can't get away from the Rockingham County Sheriff's men.

The 39-year-old Reidsville native was captured in a woods near here yesterday by Deputy Charles C. Case. Bullins had escaped from the Avery County prison camp two weeks ago. He was brought to the county jail here by Deputies Case, John Carter and J. S. Doyle.

Two years ago he had escaped from the Sandy Ridge prison camp. He was recaptured that time by Carter.

### PORTRAIT UNVEILED

Raleigh, N.C., Nov. 15.—(AP)—A portrait of the late George Ross Pou, former state auditor, was unveiled in ceremonies here today.

were reported stranded in spots along the line. There were no reports from Suichow itself.

Charles Hayes of Salem, Mass., pilot of a plane that flew out 25 Catholic missionaries to Shanghai, said there were signs of heavy fighting near the Suichow airport, five miles east of the city.

On the political front President Chiang Kai-shek and top leaders met in Nanking to discuss a protest to the United Nations against alleged Russian aid to the Reds. Reliable sources said no decision was reached but indicated a possible government statement later.

Talk of a "war cabinet" without Chiang died down.

In a desperate effort to save the Suichow situation, the government reportedly had thrown some of the city, 90 miles southwest of Peking.

## Pastor Is Given Farewell Service

### Hundreds Attend Un- ion Service Honor- ing Rev. Bradshaw

Hundreds of Greenville people gathered at the Jarvis Memorial Methodist Church last night in a union church service in honor of the Reverend Robert W. Bradshaw, who this week will go to Wilson as minister of the Wilson Methodist Church.

Pastors of the other churches of the city were on the rostrum with Rev. Bradshaw, and took part in the service. Rev. G. H. Hanes of the Christian Church spoke briefly of Reverend Bradshaw's work in Greenville during the last five years and what it has meant to people and the churches of the Greenville community.

Reverend Bradshaw's sermon last night was the last one he will deliver as pastor of the Jarvis Memorial Church.

At the church service at the Methodist Church yesterday morning, Reverend and Mrs. Bradshaw were presented with watches as gifts from the church membership.

The presentation was made by J. Herbert Waldrop on behalf of the members of the church.

Last night at the Young Peoples' meeting at the Methodist Church, Reverend Bradshaw was presented a gift of money from the young people of his church to be used for foreign mission work in Africa.

They gave him the money to give to Linwood Blackburn, a former president of the Conference Youth Fellowship, who is doing missionary work in Angola West Africa, Reverend Bradshaw said.

Reverend Bradshaw will leave Wednesday for Wilson to begin work at his new church.

## Quiz Sculptor's Son In Slayings

Boca Raton, Fla., Nov. 15.—(AP)—Police authorities today questioned Franco Lazzari, 24, son of Leno Lazzari, noted sculptor who was found shot to death with his wife in his studio-home near here yesterday.

Young Lazzari was picked up at his Palm Beach apartment early today by Walter Minton, Sheriff's chief deputy, and detective Varne LeForge of the Palm Beach police department.

A dead pilot, victim of a ground crash between his plane and another Mustang, was the ship's only occupant. He was Capt. Phillip Bonner 28-year-old Indianapolis veteran of the second World War.

## President Sends Congratulations

Key West, Fla., Nov. 15.—(AP)—President Truman today messaged his congratulations to Princess Elizabeth on the birth of the Prince Sunday night.

His message to Her Royal Highness, addressed to Buckingham Palace, asserted:

"Mrs. Truman and I are delighted at the news of the birth of your son and felicitate you and the Duke upon this happy occasion."

## Believes People Should Be Heard

Raleigh, N.C., Nov. 15.—(AP)—The people should let Congress know what they want done about the problem of peace, says Rep. Harold D. Cooley.

Speaking yesterday at a meeting of the board of directors of the North Carolina Junior Chamber of Commerce, Cooley said, "I think we are moving toward the goals of peace as rapidly as the people of America will permit the government to go."

The 75-year-old Green, who was eight years old when the AFL was formed in 1881, was expected to claim for the federation a large share of credit for President Truman's re-election.

## Wallacites List Top Legislation

Chicago, Nov. 15.—(AP)—The national committee of the Progressive party has spelled out a list of jobs on which it intends to ask the new Democratic-controlled Congress to get busy.

At the top of the list which includes proposed legislation on labor, agriculture, inflation, housing, taxation, civil rights and public health and welfare is a renewed plea for reopening negotiations with the Soviet Union.

Manchurian port of Hulatao into the battle. Also, three government divisions were landed at Lianyungang, eastern terminus of the Luning-hai railroad. They started a diversionary westward move.

A small detachment of Leathernecks was flown from Tientsin, U. S. navy base, to protect the American consulate at Tientsin and help evacuate Americans from North China. Nationalist soldiers looted Tientsin food shops Thursday. The whole area faces Communist occupation if the Reds win out at Suichow.

Fall of Peking, capital of Hopei Province, was reported imminent. Official quarters in Peking confirmed the evacuation of government regulars and top officials from the city, 90 miles southwest of Peking.

## President Silent On Decisions As To New Cabinet

Company Comes And Goes At Southern 'White House' But Secrets Kept

Key West, Fla., Nov. 15.—(AP)—Company comes and goes at the Southern "White House" with no one outside any wiser about administration decisions or the makeup of the new cabinet.

There was no statement from President Truman on a suggestion by Trygve Lie, United Nations secretary-general and Herbert E. E. President of the UN General Assembly, that the four "big powers" resume negotiations looking to ending the Berlin stalemate.

Nor would the President comment on reports from parts that secretary of defense Forrestal had left it to the chief executive when he should resign from the cabinet.

Senator Alben W. Barkley, vice President-elect; Senator H. Howard McGrath, Democratic National chairman and Leslie L. Biffle, director of the Democratic National committee in the Senate, would say nothing as they moved out of Mr. Truman's vacation retreat.

Matthew J. Connelly and Charles G. Ross, Presidential secretaries, were moving in from Washington. Also coming down was Gov. Mon C. Wallgren of Washington State, a Presidential pal, who was defeated for re-election in November. It's reported he will be offered a top administration post.

The three were flying here by plane with David K. Niles, administrative assistant in charge of problems of minorities.

Barkley, McGrath and Biffle drove to Miami and Palm Beach by automobile with William Boyle, Washington lawyer and a special assistant to McGrath on the National committee. All plan to be back in Washington about Wednesday.

The President planned to issue a message of congratulations on the birth of a son to Princess Elizabeth. Meanwhile, he renewed his support of the "good neighbor" policy with a statement asserting that the peoples of the American republics "must continue to work together for their economic and social progress."

## Man Clawed By Tiger On Loose

Stoneham, Mass., Nov. 15.—(AP)—One man was bitten and clawed as more than 150 other persons escaped uninjured when a full-grown male tiger broke loose from his cage yesterday at Middlesex Falls zoo.

James McCarthy, 37, assistant curator of the zoo, suffered a compound fracture of the arm and several deep cuts when he attempted to hold shut the cage door.

After breaking loose, the tiger attacked a lion housed in a nearby cage, enabling visitors to escape through doors on both ends of the zoo's long house.

## Fire At Falkland

Fire of unknown origin destroyed the house occupied by J. B. Waters, on the outskirts of Falkland Saturday night. The building and contents were a total loss. The family was away from home when the fire was discovered. Hugh Smith owns the property.

## AFL Demands Swift End Of Taft-Hartley Checks

Cincinnati, Nov. 15.—(AP)—The American Federation of Labor key noted the start of its 67th convention today with a demand for swift repeal of the Taft-Hartley Act and the re-shaping of a strong Labor Department.

President William Green, who has set the tone of every convention since 1924, was scheduled to open this one. He was to be followed by Secretary of Labor Maurice J. Tobin, who has informal approval from the AFL for his plans to rebuild the Labor Department. Sharp appropriations cuts and agency transfers by the Republican-controlled 80th Congress have drastically reduced its size in the last two years.

The 75-year-old Green, who was eight years old when the AFL was formed in 1881, was expected to claim for the federation a large share of credit for President Truman's re-election.

## Discuss Possibility Of GOP Senate Shakeups

Washington, Nov. 15.—(AP)—The possibility that Senator Taft of Ohio may decide to give up his Senate GOP leadership post is being discussed in Republican congressional circles today.

Taft, away on a trip to Europe, may face a fight if he wants to remain as chairman of the Senate Republican Policy Committee.

Some colleagues who class themselves as GOP liberals already are calling for a shakeup in their party's high command.

Their contention is that the reelection of the GOP-controlled 80th Congress—which Taft helped write contributed not only to the defeat of Gov. Thomas E. Dewey, the presi-

dential nominee, but to the party's loss of both Houses in the November 2 election.

There is little doubt that if these Republicans make an issue of this convention, Taft would fight to retain the leadership.

On the other hand, some of the Ohio senator's friends say that if Taft isn't challenged openly, he may wish to step out of his own accord.

They point out that Taft faces a re-election battle in Ohio in 1950. President Truman carried the state, which also elected a Democratic governor.

Taft may figure, his friends said, that any formal leadership duties would take so much time they would hamper his re-election campaign.

## Missing Girl Found In Army Hospital

Miss Lydia Briggs, daughter of Rev. and Mrs. W. T. C. Briggs, of Greenville, employed by the Army Counter-Intelligence Service in Germany has been reported found in a hospital at Wiesbaden after being listed as "missing" since October 27. Her disappearance touched off an intensive hunt in western Germany. Hospital authorities were of the opinion that Miss Briggs had advised her organization in Frankfurt as to her whereabouts.

The patrolman reported that J. E. Whitaker, who lives on the Potosi road, drove out of his driveway Sunday morning and collided head-on with a car driven by Miss Anna Windham of Route 5, Greenville. Whitaker received a broken rib. Roland Bessie of Norfolk, Va., a passenger in Miss Windham's car, suffered lacerations, bruises and contusions. Miss Bessie suffered a broken wrist and other injuries.

Highway patrolman arrested Zeta dayn, Tripp, 60, of near Bethel, Sunday afternoon and charged him with driving while drunk and assault with a deadly weapon—an automobile. The investigating officer said Tripp, driving on the dirt road between the Stokes highway and Whitaker's station, collided with three colored children who were walking with a wagon on the side of the road. The injured children are Earl, 6; Ray, 10; and Marion, 3 years old. One of them was hospitalized.

Patrolman arrested James Allen Baker, 19, of near Ayden, and charged him with reckless driving after he had lost control of his car Sunday afternoon on the new Bellair highway, damaged a wooden bridge and his car had gone some distance and then turned over. The officers said Baker had a mirrorless escape from death. James Gray, 22, a passenger in Baker's car, received cuts on a shoulder and the head and other injuries. Baker will be tried Friday in Police Court.

A highway patrolman from Farmville reported that a taxicab driven by Frank Johnson, 21, of Farmville, collided with the rear end of a car driven by Billy Drake, 18, of near Farmville. The vehicles were damaged. The officer arrested Johnson on the charge of reckless driving.

The Farmville highway patrolman said he arrested William Tyson of Trenton, 18, Sunday about 6 p.m., and charged him with reckless driving after he lost control of his car on a dirt road in Greene county and wrecked it. Tyson will be tried in Recorder's Court in Snow Hill.

## Marshall To Reply For Pres. Truman

Secretary Of State Will Answer United Nations Leaders' Appeal For Berlin Peace Addressed To President

Paris, Nov. 15.—(AP)—An informed source said today Secretary of State Marshall will answer for President Truman a United Nations leaders' appeal for a Berlin peace.

UN Secretary-General Trygve Lie and Herbert V. E. E. of Australia, president of the general assembly, dispatched letters Saturday to the chief executives of the Big Four powers asking for four power talks to settle the Berlin crisis.

The letters were sent to Mr. Truman, Prime Minister Stalin, Prime Minister Clement Attlee of Britain and Premier Henri Queuille of France.

The source said Marshall will answer the Lie-Evatt peace letter as soon as he and the British and French foreign ministers hold full consultations. Marshall, British Minister of State Necton McNeil and French Foreign Secretary Robert Schuman are expected to meet tomorrow or at least exchange their views on the letter at that time the source said.

It was indicated that every phase of the American-British-French consultations will be relayed to President Truman.

The source said, however, that Marshall, acting in his capacity as spokesman for the United States on foreign affairs, actually will answer the letter.

The United Nations looked to the American answer for a cue to the success or failure of the peace appeal.

UN circles said the Lie-Evatt appeal was aimed at the American president in the hope he would agree to meet the other three if he felt the moral weight of the UN was behind such a meeting.

UN officials said privately they expected Stalin would agree quickly to the appeal. Dispatches from Moscow said foreign diplomats in the Russian capital believe Stalin will accept.

## March Of Dimes Value Is Shown

New York, Nov. 15.—(AP)—An estimated 110,000 infantile paralysis patients have been assisted financially through the march of dimes during its eleven years.

The total, including about 20,000 during 1948, was reported today by Dr. Hart E. Van Riper, medical director of the National Foundation for Infantile Paralysis.

## Halifax Union Is 'Reluctant'

Halifax, N. S., Nov. 15.—(AP)—J. J. Campbell, president of the Halifax Longshoremen's Association (AFL), said today this port's 2,000 stevedores do not feel inclined to work on ships diverted here from strike-bound U. S. ports, "and have ceased to do so."

The Longshoremen will, however, continue to work ships whose original destination was Halifax, he said.

## 'Red' Dean Tells Europe's Fears

New York, Nov. 15.—(AP)—The very Rev. Dr. Hewlett Johnson, so-called "Red Dean" of Canterbury, says the "idea of America being imperialistic is now growing in Europe."

And the idea "brings a terrible fear with it," the church England Prelate said last night at a dinner sponsored by a committee wel-

come him on his lecture tour.

There was no statement from President Truman on a suggestion by Trygve Lie, United Nations secretary-general and Herbert E. E. President of the UN General Assembly, that the four "big powers" resume negotiations looking to ending the Berlin stalemate.

Nor would the President comment on reports from parts that secretary of defense Forrestal had left it to the chief executive when he should resign from the cabinet.

Senator Alben W. Barkley, vice President-elect; Senator H. Howard McGrath, Democratic National chairman and Leslie L. Biffle, director of the Democratic National committee in the Senate, would say nothing as they moved out of Mr. Truman's vacation retreat.

Matthew J. Connelly and Charles G. Ross, Presidential secretaries, were moving in from Washington. Also coming down was Gov. Mon C. Wallgren of Washington State, a Presidential pal, who was defeated for re-election in November. It's reported he will be offered a top administration post.

The three were flying here by plane with David K. Niles, administrative assistant in charge of problems of minorities.

Barkley, McGrath and Biffle drove to Miami and Palm Beach by automobile with William Boyle, Washington lawyer and a special assistant to McGrath on the National committee. All plan to be back in Washington about Wednesday.

The President planned to issue a message of congratulations on the birth of a son to Princess Elizabeth. Meanwhile, he renewed his support of the "good neighbor" policy with a statement asserting that the peoples of the American republics "must continue to work together for their economic and social progress."

After flying home from an interrupted California vacation, the mayor gave assurance yesterday that New York City's flow of vital supplies, including food and fuel, is not being interrupted by the strike.

A total of 65,000 ILM members, including stevedores and other dock workers, are idle in East Coast ports as a result of a stalemate in a wage dispute. About 300 ships were tied up at the start of week-end, and the total was expected to increase today.

The O'Dwyer-Ryan conference was concerned particularly with the 15,000-odd longshoremen in the Port of New York. It was expected, however, that any settlement reached would end the strike also in Boston, Philadelphia, Baltimore, Wilmington, Del., Hampton Roads, Va., and other East Coast ports.

O'Dwyer, who has had considerable success in settling strikes here, conferred by telephone with Cyrus S. Ching, director of the U.S. Mediation and Conciliation Service. The mayor had offered the service the city's cooperation in efforts to end the walkout in principal ports along the 700-mile stretch of Atlantic Seaboard from Portland, Me., to Hampton Roads, Va.

## Social and Personal

All items for this page received after 10:30 A. M. will be published the following day. Dial 2366 9:30 A. M. to Noon - 1:30 to 4:30 P. M.

Mr. and Mrs. E. E. Calvert of Lexington, Ky., who have been here during the tobacco season, left today for their home in Kentucky.

Mr. and Mrs. P. L. Goodson have returned from Newport News, Va., where they visited Mr. and Mrs. George Goodson.

Bobby Fleming is recuperating in Pitt General hospital from an operation for appendicitis on Friday.

Circles of Memorial Baptist Church to Meet for Mission Study

All circles of Memorial Baptist Church will meet Thursday afternoon at 8:30 for mission study at the church. The class will be taught by a group of college girls using the book, "Light for the Whole World." Those in attendance will bring sandwiches and supper will be served at the church.

V. F. W. Auxiliary to Meet  
The V. F. W. Auxiliary will hold its regular monthly meeting Friday at 8 p. m. at the club house at the air port.

**For HEADACHE**  
Capudine relieves headache fast because it's liquid. Its ingredients are already dissolved - it's ready to begin acting the minute it enters the system. It also soothes nerves and relieves the pain. See only a doctor.

**LIQUID CAPUDINE**

Grimesland F. T. A. Meets Tuesday  
Grimesland F. T. A. will meet Tuesday evening at 7:30 in the Grimesland High School auditorium. After the business meeting Mr. Clay of the social studies department of E. C. T. C. will speak.

Reedy Branch Church to Sponsor Supper

The auxiliaries of Reedy Branch Church are sponsoring a supper Wednesday night, November 17, at the Winterville high school lunch room from 6 to 8 p. m. Tickets for adults, \$1.00, children 50c. The public is invited to come and eat a fine meal with us.

School of Christmas Decorations  
Be sure to attend the School of Christmas Decorations by Mrs. J. L. Weller of Norfolk, Va., on Friday, November 19, at the Woman's Club, sponsored by the Garden Club.

3:30 p. m. - Lecture, "The Making of Wreaths, Garlands, Sprays and Swags" with demonstrations.  
7:30 p. m. - Lecture, "Yuletide Decorations for the Home."  
Mrs. Weller will exhibit table, mantle and doorway decorations, also many party food ideas for the Yuletide.

Coffee Hour to Honor New Members of Service League  
The Executive Board of the Service League will entertain at a coffee hour on Friday morning at 11 o'clock at the home of Mrs. J. T. Little in honor of the new members.

North America has two species of wolves, the red and the grey.

## 40 Years Ago Today

THE DAILY REFLECTOR  
November 15, 1908  
November half gone.

There was a big frost this morning. Foxes are fat and the people in the country are catching them. The End of the Century club will meet with Mrs. F. C. Harding Tuesday afternoon at 3:30. Oysters were selling at 30 cents a quart, 25 cents a peck in the shell.

Play to Be Presented at Chiloc

Do you like to laugh? Then, by all means, see the excruciatingly funny play "Meet the Husband" when it is played by the Honor Council of Chiloc High School on November 17, in the Chiloc High School auditorium. It is a sure cure for the blues, as it abounds with humorous situations, laughable characters and witty dialogue. It starts off like a three-act play and never lets up through the entire three acts. Most farce comedies are alike, but "Meet the Husband" has an entirely different twist, and has been chosen by Mrs. Newman Lewis from among dozens of other comedies. The local cast is enthusiastic over the possibilities of the play and are portraying their respective parts with a seriousness that is amusing in such an inexperienced group. They realize that in order to make the audience laugh they must appear as earnest as possible, thereby making the play and characters appear true to life.

The characters are Gregory Sargent, Otis Walls; Lily Benson, Christine Stancill; Frank Humphries, Mary F. Porter; Frank Carruthers, Bruce Hudson; Caroline Stanton, Naomi Rouse; June Caskey, Shirley R. Buck; Pania Petroff, Betty Lou Stokes; Carter Carruthers, Elmo Caskey.

## Provost Guard Entertains Here

By HILDA LAUGHINGHOUSE  
On Thursday night, November 11, the Provost Guard entertained the ladies and other distinguished guests at the Airport Inn at seven-thirty.

The tables were very beautifully and artistically decorated with "Horns of Plenty" consisting of all fruits available. A delicious turkey dinner was served with all the trimmings. James W. Brewer, captain of Provost Guard, was master of ceremonies and introduced all guests: Mr. and Mrs. Clarence Parker of Elizabeth City; Otis Banks, Drago Man of Sudan Temple, Raleigh; George Ailes, treasurer of Sudan Temple, New Bern; W. J. Bundy, past Potentate of Sudan Temple and Mrs. Bundy; J. R. Tanner, Master of Ceremonies of Wrecking Crew and Mrs. Tanner. The invocation was given by Kelly Rowe, Sgt. of Provost Guard. While dinner was being served, Rodney Roberts and his musicians entertained with beautiful dinner music and from nine until twelve everyone danced to the beautiful music of the orchestra.

Birth Announcement

Staff Sgt. and Mrs. Norman B. Stokes announce the birth of a daughter, Norma Jean, on November 5, 1948, in 183rd general hospital, Fort Richardson, Alaska. Mrs. Stokes is the former Miss Jennie Faggett of this city.

Birth Announcement

Mr. and Mrs. Joseph J. Stroud announce the birth of a daughter, Lucy Elizabeth, on November 5, in Presbyterian hospital in Charlotte. Mrs. Stroud is the former Miss Marnie Rowlette, of Greenville.

## Semi-Siamese Red Rooster Crows In Tenor Or Baritone

Bill Drum has a Hampshire Red rooster, six months old, a freak of nature that crows in a deep baritone and high tenor. The high

rooster, a vigorous specimen of the breed, was hatched with four legs, two of them servicable for locomotion, the other two, ornamental. Drum's pet, "Baltimore Red," is his name, had two talk, but his owner cut off one of them to make the extra two legs visible.  
The rooster is Siamese "twin-ned" by nature in various other ways. The fowl was hatched at Drum's Hatchery and Feed Store, Fifth and Washington streets, and is on exhibition there now. One of its peculiarities is that "Baltimore Red" crows in high tenor in the mornings, and in deep baritone later in the day.

## Regional ACE Meeting Held At College Here

Six branches of the Association for Childhood Education, represented by approximately 75 members from Eastern North Carolina, held a regional conference on the campus at East Carolina Teachers College Saturday. Present for a morning and a luncheon meeting at the Greenville Woman's Club were members of ACE branches in Rocky Mount, Wilson, Goldsboro, Greenville, Wayne County and East Carolina Teachers College.

Alberta L. Meyer of St. Louis and Washington, D.C., teacher and national fellow of the ACE for 1948-1949, and Dean Leo W. Jenkins of East Carolina were principal speakers. Both developed in their talks the conference theme "Bettering Human Relationships for Children." Dean Jenkins, speaking at the morning session on the campus, gave a ten-point program designed to help teachers in guiding children toward a better understanding of themselves and others and a more sympathetic understanding of their fellowmen. In the course of his talk he stressed the major aim of education as teaching pupils to think rather than to develop skills, made a plea for instilling a love of peace in the heart of the child, warned against a too frequent neglect of the highly gifted child, and evaluated a number of methods of teaching.

Miss Meyer outlined at the luncheon meeting the Plan of Action of the ACE and discussed the work of the organization as carried out by individuals, branches, and committees, both nationally and internationally. Making a plea for better understanding among diverse groups, she illustrated her remarks by giving many examples from her experiences as a teacher in the St. Louis public schools.

Mrs. Ellen L. Carroll, president of the Greenville branch of the ACE, presided at the morning session. Millie Moore, Rocky Mount teacher and second vice president of the state ACE, acted as chairman at the luncheon meeting.

### Third St. School News

**Second Grade News**  
The second grade took a nice walk through the woods. We picked red, yellow, green and brown leaves. We decorated our room with the pretty colored leaves. No two leaves were exactly alike.

We had a fine party Wednesday. Cathryn Ratcliffe brought her cards so that we could play bingo. J. P. Edwards and Dallas Eason gave us the corn to play with. We had lots of fun.

**Third Grade News**  
We go to the library at 9:30 on Thursday and Monday. We like to read the books. They are good.

Alice Butts came back to school Wednesday.

We will get our English books and arithmetic books soon. We have our spelling books and our reading books.

We had a spelling match this morning. The boys beat the girls five to one—Wayne Wells.

Johnny Law's mother came to school this morning—Hubert Leggett.

We have had a very nice time lately. Mrs. Parkinson, Mrs. Coltrain, Mrs. Ellington, Mrs. Stancill and Mrs. John Laws have visited us.

**Our Current Events**  
Each Monday we talk about current events. We get the current events from the newspapers and magazines. We tell about President Truman and Kerr Scott and other important people in the country.—Doris Elks, grade 4.

**Our Fates**  
The fifth grade is going to get some fates. Our music teacher, Miss Hook, said she would get her friend to order them for us. All of the people in our room are going to get one. We want to work hard so that our class will be able to play some Christmas songs.—Yvonne Stokes, grade 5.

**Colonial Life**  
Our class is learning many interesting things about life in the colonial days. We are making furniture, a log cabin, the girls are dressing dolls like colonial women. The boys and girls are gathering food like that used in colonial days. We saw a picture on Colonial Life in New England. We learned much from this picture. We are having fun studying colonial life.—Patricia Smith and David Butts, grade 6.

**Our Fish and Turtle**  
We have some gold fish in the fifth grade. We bought them with our class money. Jerline Sullivan and Arline Nichols are in charge of them. Jerry Drum and Ann Jackson brought two little turtles. Our room is proud of the fish and turtles.

**Julius Caesar**  
We saw a picture show about Julius Caesar Tuesday. Julius Caesar was a great Roman general. After Brutus had killed Caesar he went and told the people of Rome about what he had done. He thought they would be pleased, but instead they were angry and were going to kill him and his friends. Brutus and his friends fled from the city and were not killed. At Caesar's funeral Mark Antony made a great speech that made the people more angry than before. Julius Caesar's nephew, Augustus Caesar became the first emperor of Rome.—Ann Howie, grade 6.

In the sixth grade we are learning many songs. The songs we have learned are "Now the Day is Over," "Dainty Dancer," and many others. Someday we are planning to have a radio program. Bobby Starkey, sixth grade.

**Revocations**  
Raleigh, Nov. 15—(AP)—During October 788 motorists in the state lost their driving licenses because of drunken driving, the State Department of Motor Vehicles reported today.

This brought to 7,230 the total of revocations in 1948 for that offense. Last month's total was 284 higher than that for October 1947, when there were 592 drunken driving convictions.

## Strength FOR THE DAY

### DO ALL MEN HAVE THEIR PRICE?

Abraham Lincoln always tried to make sure before he took a case that his client was innocent of any wrong and that full justice was on his side.

Occasionally he was fooled. Once, as a case progressed, it became evident that Lincoln's client was a rascal who had made his case seem plausible by lying to his lawyer. Lincoln finally left the courtroom. After a few minutes the judge sent a tipstaff to find Lincoln. He was at the hotel room across the street washing his hands, trying, as he said, to get his client's dirt washed off. He sent word back to the judge that he was through with the case.

There is a modern writer who claims that all idealists compromise. They start out well, but eventually the game of life makes them cut corners and finally justify everything that makes them richer or more comfortable.

Such writers should remember not only Abraham Lincoln, who died many years ago, but the countless obscure men and women in this and every age who won't dirty their hands with evil for any price or for any person.

### PUBLIC SCHOOLS

American Education Week officially came to a close Saturday, but the work of the school teachers all over the country goes on from day to day as men and women in every community devote their time to instructing the youth of America.

The theme "Visit Your School" which was featured throughout American Education Week could well be observed by parents through the year for the betterment of the school systems of the country. Keeping in close contact with the schools is the obligation of the parents of children who are attending the schools, for only through public support can the schools of the country progress.

Facilities are sorely taxed at the present time with new buildings and equipment needed in almost every school system in the country. It is the responsibility of the tax payers to keep in touch with the schools to see just what things are needed and to know what projects should be supported for the good of the young people of the country. From the group now in the public schools the United States will draw its leaders not many years hence.

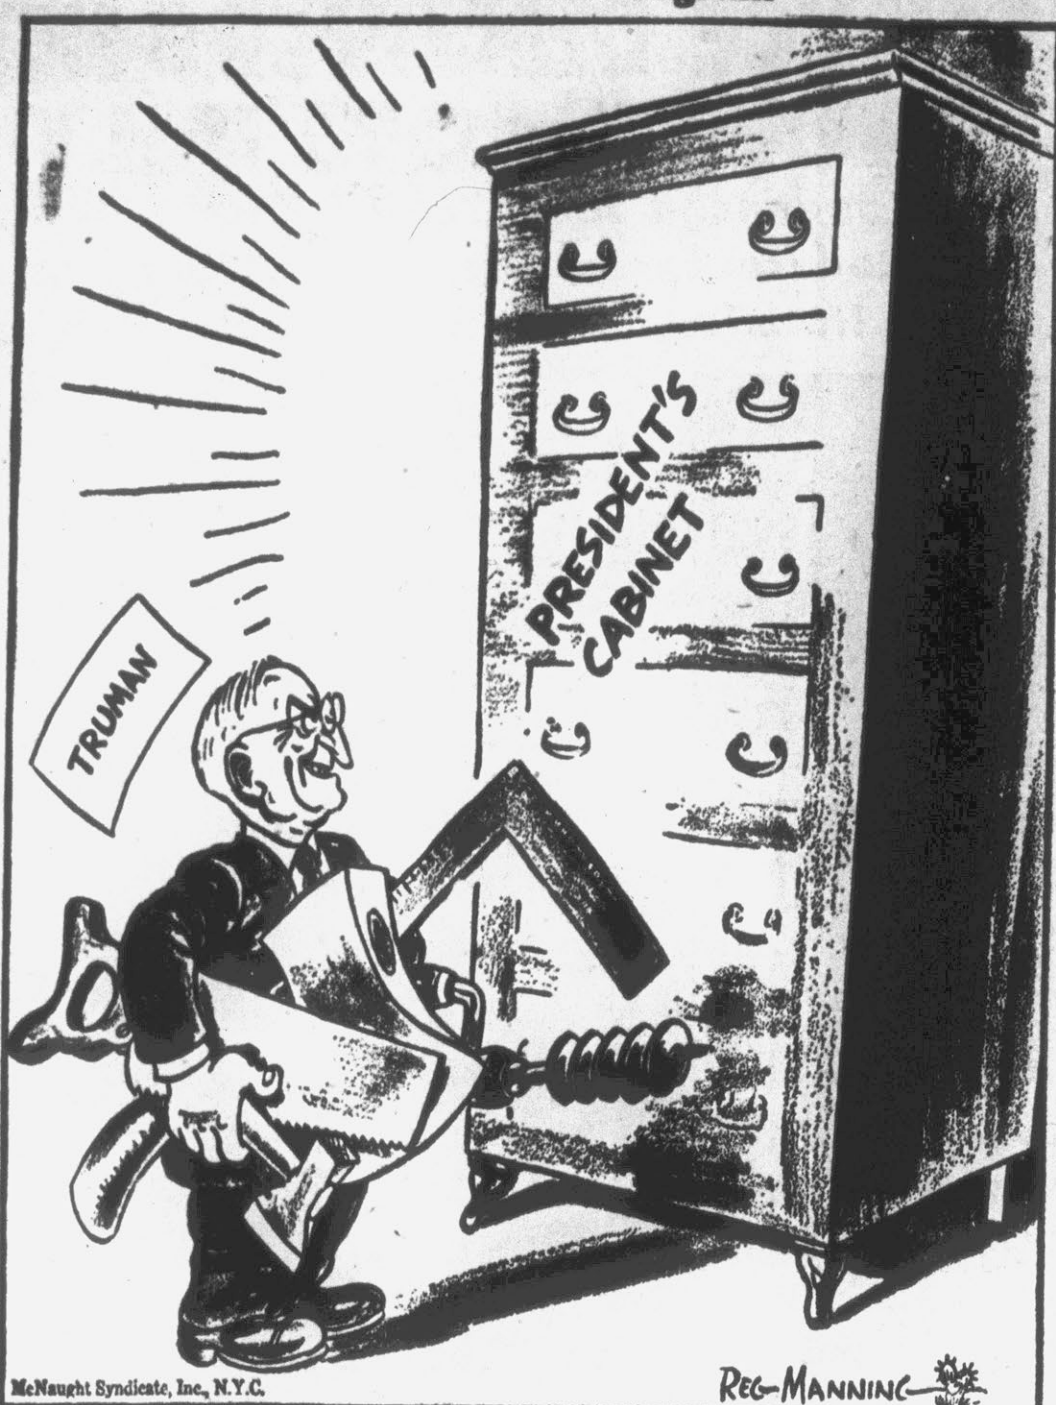

The public schools of the country are the backbone of education in the United States, and they deserve attention not only during American Education Week, but every week in the year.

## Around Capitol Square

By LYNN NISBET

PRETTY—Every day brings new evidence that North Carolina is "sitting pretty" with respect to national influence by reason of the election. Marquis Childs, well known columnist, suggests a conference on race relations and says it should be held in North Carolina because here it would be in an atmosphere of fairness. Strategic positions of Tar Heels in Congress have been widely publicized, as has the large voice of Joe Blythe in national committee policy-making. These facts are overt

## Reconstruction Program

McNaught Syndicate, Inc., N.Y.C.

REG-MANNING

and obvious. There are others less obvious but no less significant.

**CASHING-IN**—Practical politicians are not reluctant to cash in on this situation. Despite protestations to the contrary, there is such a thing as political gratitude. Even though winners of the 1948 elections are already looking to 1950 and 1952 they are not forgetting 1948.

While promissory notes are being issued for two and four years ahead, there are some outstanding checks for immediate cashing.

**TIMING**—One business man who takes some part in politics has called attention to the time element involved. He reminds that banking practice requires presentation of a check within reasonable time or the maker has lessened responsibility for its payment. His thought is that right now is the time for North Carolina to press claims for consideration in allocation of federal money for rural electrification, ports development, aid to hospitals and other similar items. He insists he doesn't mean to be greedy, and he doubts wisdom of government going so deeply into business and social assistance. But—if the money is to be spent somewhere and if North Carolinians must pay their full share of it, he sees no propriety in asking that it be disbursed for benefit of friends rather than those who showed no inclination to be "nice" to the Democratic national ticket.

**METHOD** The anonymously quoted business man, who asked that his name not be used, confesses he doesn't know just how to get about presenting the state's claim. He does think there are people in North Carolina with sufficient ability to work out plans for state progress with governmental cooperation. One immediate item will be to press the fight for equitable adjustment in freight rates, and for legislation that would encourage competitive transportation by water, air, pipelines and other vehicles. The state is behind national resources, he said, and still much farther behind its own possibilities. By taking the lead in sponsoring corrective measures North Carolina will serve itself and the entire south to good advantage. Early completion of the Blue Ridge Parkway and further utilization of national forest areas may be immediate objectives.

**ENFORCEMENT**—Analysis of reports on traffic law violations for October indicate more vigorous enforcement of the law. Convictions for moving violations not serious enough to cause forfeit of driving license

decreased about 25 percent as compared with October of last year. At the same time, decline in arrests for faulty equipment dropped 60 percent and use of improper lights 70 percent. Motor vehicle department officials credit these big declines to effectiveness of the mechanical inspection program.

**REVOCATIONS**—In the realm of more serious offenses resulting in revocation or suspension of driving license there was substantial increase over last October, the number jumping from 799 to 1,357. Liquor, as usual, played the biggest part in these offenses. Of the total number of revocations and suspensions 1,033 involved liquor—driving drunk, transporting, aiding and abetting in liquor offenses. Excessive speed was the next largest single item in the list, accounting for 42 license forfeitures during the month.

## Boyle's Column

New York (AP)—The Battle of Tunisia, combat forge of the modern American Army, is six years and a world away.

Now in November it seems far off and long ago indeed. The issues fought out in the six-month campaign in that patch of North African wasteland and desert now are almost forgotten in the sweep of new world events.

But the men who fought and survived in Tunisia can never forget it. They remember it as the land where they lost their youth and learned the bitter duty of men in war.

On this date in 1942—only a week after they landed—the troops were still full of the wonderment of Africa. In his heart the soldier felt himself another Stanley looking for Livingstone. It took a little time for him to understand why they called it "The Dark Continent."

Hope was high in everyone. Algeria and Casablanca had fallen in a three-day skirmish with the French. Tunis looked like it might be almost as easy.

Down in French Morocco Maj. Gen. George S. Patton—so confident of promotion he had sailed from America with a third star in his flag—was chafing. He was annoyed because Montgomery's desert rats had thrown back Field Marshal Rommel at El Alamein. Patton had wanted that glory for himself.

A tight censorship had been clamped on all mail sent home. One cunning mountain boy tried in this

way to let his folks know where he was:

"I can't tell you where we are," he wrote, "but I always did tell you, ma, that I'd end up in that place where colored ladies run around bare naked. But so far I haven't seen any."

At this time the troops were so confident of quick victory in Europe they would have laughed if you had told them it was three invasions and almost three years away. But the old professional soldiers knew better.

"We'll be lucky if it's all over by 1947," said a colonel who had fought in the first World War. And then the Army ran into its first real foreign mud—and its first real Germans. The Germans came by ship and plane to Tunisia. They came with faster planes and heavier tanks than the Allies had, and they threw the Allies back from Tunisia.

The cold winds came and the war settled into a wintry stalemate. Shivering Americans awoke to find water left overnight in their helmets had frozen into ice chunks. They borrowed blankets and clothing from the better-supplied British.

And both British and Americans learned with a shock that courage and a democratic tradition weren't enough to defeat a Nazi with a heavier-gunned tank. The mud was as disheartening as the enemy. One pilot, after walking from his plane to a tent, took off his flight boots and put them on a scale. They weighed 29 pounds.

It took a startling defeat at Kasrine Gap to awake the Allies to the danger of underestimating their foe. That sad lesson taught them the only way to whip the Germans was to outgun and outman them—in the air as well as on the land.

And that was the only final victory in Tunisia was won—by massing superior power. In spring the American Second Corps rode from the southern desert to the northern Tunisian wheat country through land beautiful with flowers. But as they passed the fields of crimson poppies on the way to Bizerte and Tunis they remembered the blood of friends shed there in the long months of winter.

And they thought of their own youth—lost and buried there, too. No boy who had gone through the Battle of Tunisia could ever be a boy again.

But he had become a soldier.

## RELIEF AT LAST For Your COUGH

Cremulsion relieves promptly because it goes right to the seat of the trouble in the lungs, loosens and expels germ laden phlegm and aids nature to soothe and heal raw, tender, inflamed bronchial passages. Tell your druggist to sell you a bottle of Cremulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

**CREMULSION**  
for Coughs, Chest Colds, Bronchitis

## Seven Orphaned In Twin Shooting

Kentland, Ind., Nov. 15—(AP)—Seven children, six of them of one family, were orphaned yesterday by a double shooting in the town of Goodland, eight miles east of here.

Mrs. Ethel Bobbitt, 45-year-old widow mother of six of the youngsters, was killed by two blasts from a shotgun as she and her 11-year-old son, Donald, were pre-

## Women In The Church

The outstanding woman educator of China, and the first woman in the nation's long history to become president of a college, is Dr. Wu Yi-Pang, now celebrating her twentieth year as head of Ginling College for Women in Nanking. This college, founded by the Methodist Church thirty-three years ago, is one of the two liberal arts colleges for women in all China, and enrolls 480 students. Dr. Wu is an alumna of Ginling, and holds M.A. (in biology) and Ph.D. degrees from the University of Michigan. She is an active Christian, and has been her country's delegate to many international gatherings; she was the first woman to sign the United Nations Charter, delegate to the World Council of Churches Assembly, Amsterdam, delegate to the International Women's Council's Conference at Madras, and to Harvard's tercentenary celebration.

"Jesus is not taught; he is caught" through the contagious living of Christianity by those who know him as their personal leader, says Miss Elizabeth M. Lee, of Pittsburgh, Pa., in telling why the Woman's Society of Christian Service (Methodist Church) of which she is an executive, is seeking 1000 of "the Church's choicest young women" as missionaries, and 100,000 more women a member of the Society. "The world calls for hundreds of young people to serve in the far places. The call is to strengthen and lengthen the work at home—schools, social centers, children's homes, hospitals and social centers; abroad, the Christian movement wants to be where large harvests are to be expected if only there are gleaners."

When Mrs. Stanley A. McGee—former Marion Hurst, missionary nurse—was transferred with her husband, from Kunming to Chungking, lepers in Chungking inserted this in the Central China Daily News: "We are so unfortunate as to become victims of this malignant disease, leprosy. We have become social outcasts and extremely painful and miserable. Fortunately, the government gave us an asylum. In the last year we have had Mrs. Stanley A. McGee, wife of the American consul, who, disregarding the nobility of her own person, has been able to get into near access to the lepers. She cures us in person. She does not keep herself away from the sufferers. She washes our sores and dresses our abscesses. Her virtuous conduct can indeed make us remember her throughout our lives."

There are about 4,000 species of moths in America.

paring to leave home for evening church services. State Trooper Leon Apple said she was killed by George Martin, a 46-year-old paper hanger with whom she had been keeping company. The body of Martin, widower and father of a daughter who lives with an uncle in Brook, Ind., was found in his home shot to death with the same gun. The trooper quoted Donald Bobbitt as saying Martin burst into the home and shot at Mrs. Bobbitt after shouting "You're not going anywhere." The boys fled out the back door as the shots were fired.

## Automobile Robbed Of Four Hub Caps

R. S. Eiks, 1909 East Fifth Street, reported to police the other day that sometime during the night someone had stolen four hub caps from his automobile parked near his home, and that the vandals also stole a cigarette lighter from the dashboard.

**HAIR-RAISING STORY**  
Jackie Coogan, now 34, reported to police yesterday the theft from his car of his toupee.

## Carver Library News

November 14 to 20, Book Week is being observed at the Carver Library.

Sunday, November 14, the Carver Library presented the six high schools of Pitt County in an "Evening Hour of Music in the Eppes High School auditorium. The following schools participated: Farmville, Bethel, Winterville, Ayden, Grimesland and Greenville. This was the beginning of our series of Book Week program.

Please visit your library, and get a book to read. Gibbon says, "A taste for books is the pleasure and glory of my life; I would not exchange it for the richest Indies." Monday, November 15, from 4 to 5 A Story Hour, Miss F. A. Phillips, teacher of the Fleming Street School, children from the 1, 2 and third grades are invited to present.

Wednesday, November 17, from 2 p.m. to 8 p.m.—Open House. Wednesday, November 17 at 8:15 listen to Mrs. B. C. Maye, librarian of Robinson High School Library over WGTC. Friday, November 19, Story Hour, Mrs. C. V. Chase Marshall, Elementary Teacher at Fleming Street School. Children from the 4th to 7th grades are invited. Certificates will be given to the Vacation Reading club children who read fifteen books. Books and posters are displayed in Midget Beauty Shop window on Albemarle Avenue and Roy Charles Beauty Shop, Atlantic Avenue. Mrs. M. B. Allen, chairman, Library Board. Mrs. Belle M. Atkinson, Librarian

### Game Wardens Amazed By Jeep-Riding Hunters

Salt Lake City, Nov. 15—(AP)—You can't catch a jeep on horseback. Of that game wardens are sure.

The big game season was rugged this year. Game wardens were jolted right out of their saddles by the little four-wheeled army wagons whizzing hunters up and down Rocky Canyon trails horses had trouble negotiating. It was bus-burn all on wheels, leaving the wardens out of breath besides putting a dent in their drive to halt illegal deer shooting.

They hadn't thought of jeeps. "You can hear the things cracking down through the brush a mile away," said Rulon Francis, Morgan game warden. "By the time you get there the darn thing is over in the next county. It's absolutely amazing where they took those things this year."

Amazing is right. Merrill Hand, chief deputy warden, said he found jeeps operating through oak brush on the Wasatch Range where his horse was barely able to scramble. "We spotted one jeep at the head of a canyon," he said, "and it took us 30 minutes on horses to get over

the same ground." He cited numerous cases where wardens had heard firing in remote areas. When they arrived the only thing left was evidence of illegal deer kills—and jeep tracks.

Heretofore, hunters, on foot or horseback, traveled slow enough so that deer didn't become boxed up in canyons. Mobile transportation, Hand said, doesn't give the deer a chance to escape. Traveling in jeeps, hunters can speed up to the head of a canyon and trap every deer below.

Surveying the havoc wrought during the past deer season, wardens feel jeeps will change the entire big game picture.

### Tulane Fighting For Bowl Entry

New Orleans, Nov. 15—(AP)—Tulane's Green Wave, which few people took seriously two months ago, has fought its way to a virtually certain invitation for a New Year's Day appearance.

### Pirates Put Up Formidable First Half Fight But Bow, 30-7; Kovach Scores Lone Touchdown; Locals Get 'Last Chance' Saturday

By EUGENE PRICE  
Wilmington, N.C.—Potent High Point College annexed its fourth North State Conference victory here Saturday night by overpowering a scrappy East Carolina Teachers College eleven, 30 to 7.

It marked the seventh consecutive defeat for the Pirates of ECTC whose lone remaining chance of winning this season presents itself Saturday night at Greenville against Atlantic Christian College.

High Point, a 21-point favorite, found a formidable foe in East Carolina, particularly in the first half. High Point held a slim nine to seven lead at halftime.

The first score of the game came early in the opening period when High Point Halfback Face Evans passed 16 yards to Halfback Elderton, in the ECTC end zone to climax a 70-yard down-field march. Evans converted to give High Point a 7 to 0 lead.

East Carolina came back hard in the same period and with a few seconds remaining in the first quarter, Halfback Michael Kovach broke off tackle for a 66-yard run to give the Pirates their first and only touchdown of the game. Garrol Bass, guard, booted the point.

In the second period, ECTC found itself back on its own six yard line. The Pirates went into punt formation but Eddie Yarbrough was spilled behind the goal line by Morris to give the High Point aggregation a safety two-point lead.

The ECTC defense which had put up a magnificent battle in the first half began to crumble in the final two periods of the game as the heavier and more experienced High Point squad increased its offensive vigor. In a sustained drive in the third period the boys from High Point brought the ball down to the ECTC 12 from where Bill Lloyd knifed off tackle for the score. Again Evans kicked the point to put High Point out front 16 to 7.

Gordon intercepted an ECTC pass early in the fourth quarter and scampered 35 yards to paydirt. Evans' placement put the Pirates of ECTC behind 23 to 7.

Brewer, High Point guard, recovered an ECTC fumble on the Pirates 30-yard line in the last few minutes of play. Gondoli, reserve halfback, gained down to the 11 on a reverse and Lloyd bucked off guard for the tally. Evans kicked his fourth consecutive extra point to make the final score: High Point 30, ECTC 7.

Statistics gave ECTC three first downs, and High Point 16; 100 net yards rushing for ECTC and 193 for High Point.

Lloyd and Evans proved the big

### Important Yard

Chicago, Nov. 15—(AP)—Northwestern gained 101 yards rushing against Notre Dame and if it had been 102 the outcome may have been different.

Anyway, that's the way Wildcat Coach Bob Volz likes to think about it. That extra yard which failed showed up early in the first quarter when Fullback Art Miskowski herded the Wildcats on an inspired 57 yard drive to the Irish 2. Then Halfback Frank Aschenbrenner hit a brick wall and failed to pick up the needed 36 inches for a first down.

"That was the big play," observed Volz. "If we had made that first down, it may have been different."

### Gridiron Gossip

By "BOO BOO" BUTLER

Russell Wheeler, 172 lb. tailback for the Edenton Aces, continued his bid for all conference honors as he led his team to a 32-0 victory over Columbia Friday night in Edenton. Wheeler scored the third and fourth touchdowns on 39 and 29 yard runs. He set up the other tallies on long runs in the middle field and also completed 8 out of 11 passes.

The Kinston Red Devils, in winning their eleventh straight football game, clinched the Northeast title Friday night by downing the Washington Pam Pack 12-0. The Red Devils held their rivals scoreless in their last five starts. Kinston scored in the first and second periods, the second period score coming on a pass interception by Bobby Hodges who raced 35 yards for paydirt. Kinston ends their season this week, playing host to Edenton.

Roanoke Rapids, led by Vance Stewart, took a 12-0 victory from Greenville Friday night. Coach Danny Cagle was well pleased with the outcome. He said, and I quote, "I thought for a minute that Greenville was going to do as they did last year. In the last three minutes they scored a touchdown to tie the score and in forty-five seconds before the game ended, they scored another to win. The line remembered what happened, and bore down."

A fumble and a blocked kick set up two of the touchdowns Elizabeth City collected in taking New Bern 18-0 at Elizabeth City. It was the fifth win in a row for the Yellow Jackets.

Coach "Shot" Cox of Tarboro is still singing the blues. His eleven went down to defeat again Friday as Spring Hope took the Tars 14-7 in a "homecoming" game. The loss was number 14 in a row for the Tars.

Last week some boys from A.C. came over and painted up the ECTC campus. There wasn't much said about it . . . the guys took it as a joke and let it go. On Friday night several of the boys from ECTC visited AC; they had some of this washable paint, and they "washed" almost everything over there. The cops were called, and a lot of noise was made. What's the matter, AC, can't you take it? "If you can't take it, don't try to dish it out."

Saturday's results in the North State Conference:  
High Point 30 ECTC 7  
Lenoir-Rhyne 13 Elon 6  
Catawba 33 Guilford 6  
Appalachian 27 ACC 6  
\*WCTC 32 Emory & Henry 13  
\*Signifies non-conference.

The Appalachian Mountaineers clinched the North State Conference title by defeating AC 27 to 6 Saturday night in Rocky Mount. The Mountaineers, favored by 35 points, were held scoreless in the second and fourth periods. At the half they led 14-0, adding two more TD's in the third period. ACC's only score came in the closing minutes of the game.

Coach Jim Johnson had better prepare his pass defense this week because when he and his Pirates meet ACC Friday night at Guy Smith Stadium, he will see an aerial show that is worth seeing. Harry Helmer, who pitched for the Rocky Mount Leafs in the CPL, is doing the chunking.

Earl Bartholome, forward of the Minneapolis Millers of the U. S. Hockey League, is playing his 16th season of pro hockey.

guns of the High Point backfield while Chapman and Hooper led the forward wall. Wetherington, Young, Kilpatrick and Ellis were the standouts in the ECTC line.

### Appalachian Has Conference Title

By the ASSOCIATED PRESS  
Undeclared, once-tied Appalachian State wears the 1948 North State Conference football crown.

The Mountaineers, with eight victories and a tie through the season, clinched the title Saturday night with a 27-6 victory over a game but out-manned Atlantic Christian eleven.

It was the first time since 1939 that the Mountaineers won a conference championship. They won it twice before that year. It was also the first time in seven years that any team besides Catawba won the championship.

Catawba's Indians clinched the runnerup spot with a 33-6 decision over the Guilford Quakers. Fullback Lee Spars scored three touchdowns and booted three placekicks to take the individual scoring lead with a total of 104 points.

Appalachian, meanwhile, already selected to play in the Burley Bowl game at Johnson City, Tenn., Nov. 25, has been sent a feeler to play in the Tangerine Bowl at Orlando, Fla., New Year's night.

The report on the Tangerine Bowl feeler came yesterday from Bowl Committee Chairman Larry Satriano, who said feelers also had been sent to Wofford College of Spartanburg, S. C., and other schools.

### Arthur, Grifton Split Basketball Double Header

Arthur school opened their 1948 basketball season this week by splitting a double-header with Grifton high school.

The girls' game proved to be the thriller of the evening as the lead changed several times throughout the first half of the game. The Arthur girls forged out in front during the second half, but were barely able to hold their lead with the final scoring being 40 to 39 in favor of Arthur.

Virginia Crawford, Arthur school, was the leading scorer with 22 points. N. Mumford of Grifton was next high with 19 points. The game was hard fought and close all the way.

Grifton boys evened things up during the evening by defeating a green and inexperienced Arthur boys team by the score of 27 to 19. The Arthur boys are expected to show improvement as the season progresses and as they obtain a little more experience.

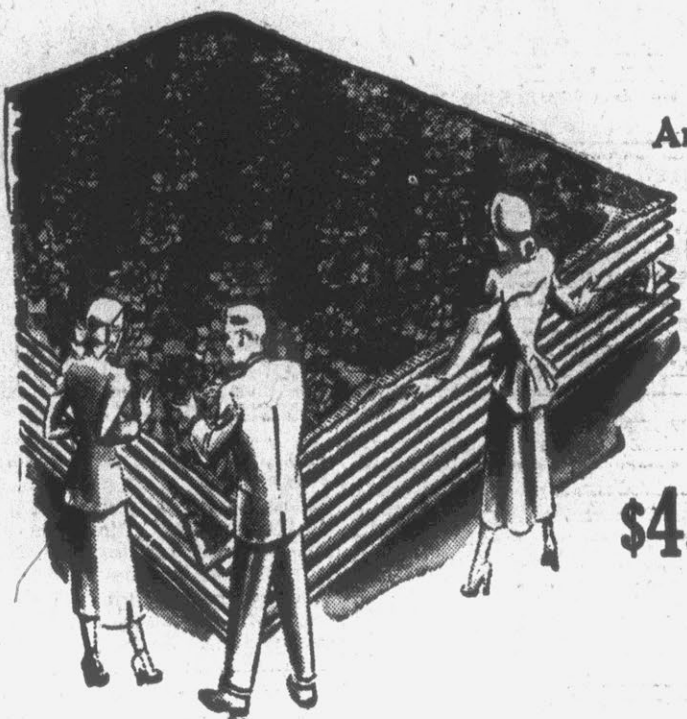

### Permit Transfer Of Franchise

Newark, N. J., Nov. 15—(AP)—Official permission for transfer of the Newark Bears International Baseball League franchise to another city was granted over the weekend.

League directors, meeting in New York, voted approval of the transfer to a city agreeable to the league. There was talk, meanwhile, that the franchise might be shifted to Reading, Pa.

## The Dancing Heart

BY EMILY NOBLE

Chapter 16

"I was just about to ring your  
bell, Rosalie. May I come in?" Ros-  
alie knew Roy was watching from  
the elevator, she had no idea who  
this elegant girl was, but she smiled  
at her as if at an old friend.

"Do come in, of course. Goodbye,  
Roy. I'll see you tomorrow."  
The stranger was brown, and moved  
with a little athletic step. Once  
they were in the living room she  
held out her hand.

"I'd better introduce myself right  
away. I am Winnie. I hope you  
friends call me Winnie. I hope you  
will, since I fear I can only think  
of you as Rosalie. Wayne never calls  
you anything else."

"Of course I know. You are the  
girl from San Francisco that Wayne  
Kahler is going to marry. How nice  
of you to come to see me. How did  
you ever find me? How is Wayne?  
Is he here with you? Are you mar-  
ried already? Oh, what a bunch of  
questions. Please sit down and for-  
give me. Can I offer you a drink?"

Winnie laughed and sat on the  
edge of a chair. "You can't offer  
me anything so good as your bub-  
bling enthusiasm. But I was sure  
you would be like that or I never  
would have had the nerve to burst  
in on you like this. I should have  
written or phoned but—well, I did  
want to surprise you a little, es-  
pecially after seeing you dance. I  
just managed to catch your last  
performance. It was splendid."

"I'm so glad you liked it. What  
was he hiding out in the hall?"  
"Wayne is in San Francisco. I just  
came to do some shopping—and to  
see you."

Rosalie nodded. "I'm glad you  
came to see me. And you mustn't  
judge me because I threw Roy out.  
He accompanies me and is a fine  
musician, but also a pest. But I do  
want to know about Wayne. When  
is the wedding to be?"

"It isn't I've decided not to marry  
him."  
"When did this happen?" gasped  
Rosalie.

"Just now. Since I've seen you.  
No, I'm not crazy or even particu-  
larly impulsive, but I want to do  
what's right. Right away I not only  
see that you are beautiful and I  
like you, but I see why Wayne loves  
you as much as he does."

"Wayne? Loves me? Winnie, don't  
be foolish. Wayne loves you."  
"Thanks for the Winnie. You're  
as sweet as you are beautiful. But

father still calls them."  
Rosalie brought ov  
that stood on the plan  
Winnie's eyes open.  
"Why, it's—it's—"  
"I thought so. He picked me up  
on the train after I had success-  
fully squeezed my money out of  
Wayne's father. Did Wayne tell you  
about Joe who beat him up? Well,  
I slapped Joe and went into a res-  
taurant to get away from him and  
there was Rex. Rex Hall. Doesn't  
it look like fate?"  
Winnie winked broadly. "I'm from  
San Francisco. We consider our-  
selves clever out there. I'm anxious  
to meet this Rex. It is just possi-  
ble."

"I might remember me. I wonder  
he would say."  
"I think he would remember you  
well enough." Rosalie spoke quietly.  
"I know Rex is no saint. But  
he knows the theatre and he says  
he can make a star of me. Be sure  
to tell Wayne that. Or shall I tell  
him?"  
(To be continued)

## WHAT IS AN EXTENSION TELEPHONE?

An extension telephone is an extra telephone instru-  
ment attached to your present line. It can be placed  
in your home or place of business. Since the telephone  
instruments are again available we are happy to an-  
nounce that **EXTENSION TELEPHONE SERVICE IS  
AVAILABLE AGAIN.**

Main telephone service however is still on the "hard-  
to-get" list because production of the central office  
equipment and lead covered cable needed to extend  
our present facilities, is slow and delivery dates un-  
certain. We shall continue however to install main  
telephones where we have the necessary outside fa-  
cilities and central office equipment.

## Laud Police For Difficult Work

The Executive Committee of the Greenville Tobacco Board of Trade has sent to Police Chief Lester D. Page a letter congratulating him and his department on the "excellent work" done by the Greenville policemen during the tobacco season.

The letter said in part, "Your department has impressed upon us the fact that in addition to being guardians of the peace that they are friendly and courteous gentlemen."

"You have succeeded admirably in the difficult and dual role of keeping order, and at the same time treating the farmers and businessmen who came to this city to sell tobacco in a friendly and courteous manner."

The letter was signed by W. S. Root, president of the Tobacco Board of Trade, R. E. Rogers, M. V. Jones, L. S. Ficklen, G. V. Smith, James T. Keel, R. M. Garrett and W. L. Whedbee.

Informal gatherings and discussions between parents and teachers at the high school were among the features of the celebration of American Education week in Greenville. Shown above is a group in one of the classrooms following a play and musical program given in the high school auditorium.

## New Warship On Navy Trial Run

Quincy, Mass., Nov. 15—(AP)—The world's most powerful cruiser, the U.S.S. Des Moines, put to sea today on her builder's trial.

By a slender technicality, the vessel was still the baby of the Fore River Shipyard of the Bethlehem Steel Company, which assembled, shaped and welded her lethal 17,000 tons. There was no danger, however, that the Navy would not exercise its priority and break out a commission pennant on the Des Moines tomorrow.

The Navy calls her the world's heaviest "heavy" cruiser, capable of travelling in "excess of 30 knots." First of a new class she also is the first naval vessel to mount a completely automatic, rapid-fire battery of 8-inch guns. These, nine in number, are called in ballistic parlance 8-inch 55-calibre rifles. Multiply 8x55 and that gives their length—440 inches, or more than 36 feet.

## Baptist Meeting Opens Tomorrow

Charlotte, N.C., Nov. 15—(AP)—Two meetings will be held here tonight preliminary to tomorrow's opening of the annual session of the North Carolina Baptist State Convention. They are a state-wide meeting of Baptist laymen and a meeting of the State Baptist Pastors' Conference.

The Rev. J. W. Suttle of Shelby, president of the Baptist State Convention, will be in charge of the convention sessions which will run through Thursday.

## Virginia Opens Unique Agency

Richmond, Va., Nov. 15—(AP)—Virginia's newest public health agency is open for business now in its long-range search for an answer to the "lost week end."

It is the Bureau of Alcohol Studies and Rehabilitation of the State

Department of Health, an agency unique in the nation. Its progress over the next few years will be watched by authorities in public health and public administration throughout the United States.

## VFW Post Pushing Membership Drive

The Charles Gray Morgan Post 7032, Veterans of Foreign Wars, launched their membership drive for 1949 on November 4. The first week's report was said most encouraging with fifty percent of the 1948 strength paid up for 1949.

Past Commanders Walter Lewis and Larry Averette are team captains, and hope to make their goal of one hundred percent renewal by December 31.

## Our Greatest . . .

(Continued from page one)  
A religious person can't subscribe to the evils of aggression and totalitarianism. Hitler followed a similar line with his totalitarianism. He tried his best to destroy religion in Germany.

Another hot fight has been waged in the social committee over freedom of speech and of the press. An article upholding these freedoms was adopted with the Soviet bloc voting solidly against it.

In this atmosphere of conflict between democracy and totalitarianism the work on the bill of human rights has proceeded slowly. The declaration as thus far dealt with provides for the fundamental freedoms of the man in the street. Dr. Charles Malik, Lebanese ambassador to Washington, who was one of the drafters of the declaration, has said that it may be "America's greatest weapon of psychological warfare—more important even than possession of the atomic bomb."

## History . . .

(Continued from page one)  
History of the American People by Ernest Ludlow Bogart. Social development—"The Growth of American Thought" by Merle Curti. This stimulating book may awaken you to ideas you never knew influenced our history.

Foreign affairs—"A Diplomatic History of the American People" by Thomas A. Bailey. You can understand our foreign relations better after this.

## N.Y. Cotton

New York, Nov. 15—(AP)—Cotton futures opened unchanged to 30 cents a bale higher. Noon prices were 20 to 30 cents a bale higher than the previous close. Dec. 31.74, March 31.72 and May 31.60.

## Hog Market

Raleigh, Nov. 15—(AP)—(NCDA)—Hog prices weaker. Tops of \$21 at Winston, Rocky Mount, Tarboro, Wilson and Fayetteville; \$20.75 at Greenville, Goldsboro, Washington and Lumberton.

## Poultry and Eggs

Raleigh, Nov. 15—(AP)—(NCDA)—Fryers and broilers steady at 34-35; eggs steady, A large 65-67.

## N.Y. Stock Market

New York, Nov. 15—(AP)—Paced by rails, the stock market moved higher today. After a slow start, it gathered momentum steadily, and leading issues pushed up by fractions to more than a point in later trading.
