Chinese Sources Say Reds Halted On Suchow Front

Claim Major Victory But Final Outcome Of Big Battle Still Doubtful

Nanking, Nov. 16 (AP)—The Chinese government claimed a major victory on the Suchow front tonight to climax a confused day which still left the final outcome of the battle for the approach to Nanking in doubt.

Pro-government newspapers splashed their buildings with red posters and exploded firecrackers to call attention to placards announcing that the Communists had been routed northeast of Suchow and were withdrawing northeastward.

That news, circulated by the defense ministry's official military news agency, was in direct contrast to the generally accepted reports from other sources that the government control of the whole Suchow area was tottering.

The U.S. embassy warned some 7,000 Americans to get out of China now or risk "hazardous conditions."

Government spokesman Hollington Tong denied reports that Suchow had fallen or even was threatened with Red capture. He told the Associated Press:

"The city is firmly in our hands and the Reds are withdrawing to the northeastward."

The Kounming Daily News, quoting a Chinese air force source, said reconnaissance planes had spotted a general Communist withdrawal northward from the Suchow front.

Neutral observers, however, continued to eye the reports with considerable reserve and plans went ahead for evacuation of American civilians and some others.

The government's return to the regular rationing of rice has considerably eased the food problem. U.S. Economic Aid Director Roger Lapham arrived in Nanking today with former Ambassador William C. Bullitt, who is speaking the Chinese situation for Congress.

He lunched with U.S. Ambassador J. Leighton Stuart before arranging for a meeting with President Chiang Kai-Shek.

U.S. embassy dependents are being evacuated immediately. The embassy said the majority would go to Manila to await clarification of the Chinese situation.

Jacques Meyer, French ambassador and Dean of the Diplomatic Corps, called a meeting of the heads of all missions in Nanking to discuss measures for the safety of diplomatic personnel and the possibility of China's moving its capital.

Leaf Mart Price Trends Mixed

Raleigh, Nov. 16 (AP)—Price trends were mixed yesterday on the Old and Middle belt rice-cured-to-bacco markets.

Most leaf grades registered losses on the Old belt, though most averages for grades in other groups showed slight gains.

On the Middle belt, leaf was steady to slightly lower. Lugs, primings and nondescript were firm to slightly higher. Smoking leaf and cutters remained at previous levels.

Sea-Going Queens Held Up By Shipping Walkout

New York, Nov. 16 (AP)—The Queens of the American and British passenger fleets were dock-bound today as a strike blockade of East Coast shipping grew tighter.

Longshoremen sealed off Canadian ports from use as havens for ships which normally would dock at New York or other harbors in the strike area.

The United States Lines' S. S. America, pride of the U. S. Merchant Marine, was held in port here instead of sailing today for Europe. Hundreds of prospective passengers were stranded in hotels.

Ground Broken

Using the same spade with which Governor Thomas J. Jarvis broke ground July 2, 1908, for the first building to be erected at East Carolina Teachers College, Raleigh yesterday repeated the ceremony for a new dormitory for men at the college.

Garrett, chairman of the building committee of the Board of Trustees, removed the first shovel of dirt from the site facing Ninth Street on which East Carolina's new \$488,388.60 residence hall for men will be built. Contracts were let early in October, and work is ready to begin.

Dr. John D. Messick, college president; Eric G. Flannagan of Henderson, architect of the building, and F. D. Duncan, college business manager, were among those present for the occasion. No formal ceremony was held.

The spade used by Gov. Jar-

vis is kept in the Board Room of the Administration Building on the campus and is used at anniversaries of the beginning of the college. According to the official college bulletin "Robert Herring Wright" published December, 1938, Governor Jarvis dug so vigorously during the 1908 ceremony that his wife had to warn him that the weather was too hot for such strenuous labor. The spade, the bulletin says, "was to be painted silver color, mounted, and kept as a memento of the occasion."

Whatever the cause, it never got the new look; it is still a sturdy, work-a-day looking shovel. But it grew today in historical glamor.

The new dormitory at East Carolina will stand in a grove of trees which make a beautiful setting. A brick building with three floors, it will provide living quarters for 216 men students.

Report Progress In Polio Research

Research Director Of Nat'l Foundation Encouraged

New York, Nov. 16 (AP)—Recent substantial progress in scientific research into infantile paralysis was reported today by Dr. Harry M. Weaver, director of research of the National Foundation for Infantile Paralysis.

He said the research program during the eleven years of the Foundation's existence has been concerned largely with determining what problems had to be solved—and with devising methods for their solution—before control of polio could be hoped for.

In a report prepared for a session of the fourth annual conference of women state advisers of the foundation, he said:

"While it is not our intent to imply that this knowledge has been entirely obtained, it is important to realize that today we are much nearer that objective than we were even one year ago."

"For example, it used to be quite generally agreed that infantile paralysis was a mysterious disease that did not behave in accordance with fundamental laws governing all other contagious and infectious diseases. The results of National Foundation supported studies now have largely exploded this concept. It has been shown that monkeys can be effectively and safely vaccinated against the experimental disease, and that poliomyelitis antibodies do develop and function like other bacterial and viral antibodies. x x x

"We have learned that clinical poliomyelitis is not a single disease, but rather a family of diseases. x x x Another sign of progress is the knowledge that destruction of nerve cells and consequent crippling is not associated with every human case of infantile paralysis. x x x And finally, we have learned that a perfect state of health affords no protection against this disease. On the contrary, experimental evidence indicates strongly that increased resistance to virus infections may result from nutritional deficiencies."

NAMED CHAIRMAN

Paris, Nov. 16 (AP)—Gen. Carlos P. Romulo of the Philippines was elected chairman today of the second 48-nation political committee of the United Nations Assembly.

Political Profit

Raleigh, N. C., Nov. 16 (AP)—The North Carolina headquarters of the Democratic National committee finished the political campaign with a profit of \$5,693.35.

A financial report sent to Washington yesterday shows that the state office took in \$5,985.67 for the National committee and paid out \$1,212.31 for expenses.

State director of finance John Perkins, Jr., of Trenton listed himself as the biggest contributor—an even \$500.

Calls For Change In GOP Control

Nat'l Committeeman Demands Party 'Housecleaning'

Washington, Nov. 16 (AP)—The showdown on a change in the Republican National committee's leadership seems likely today to be postponed until early next year.

Clarence Budington Kelland, Arizona National committeeman, has demanded that the Republicans fire what he called the "Albany group" from party control.

Kelland's letters to National committeemen and state leaders found chairman Hugh D. Scott Jr., and other top GOP officials vacationing. Hence there was no immediate reply to Kelland's suggestion that the Republicans clean house "from top to bottom." But committee aides said a meeting will be held, probably shortly after the first of the year.

At which any member can air his views.

Kelland, who rode the "victory special" of Gov. Thomas E. Dewey through Arizona, came up yesterday with his criticism of what he called the "arrogant" campaign put on by the defeated Presidential nominee.

"The Albany group provided the candidate with smug, shallow, insincere speeches," Kelland wrote fellow committeemen, adding:

"It was a contemptuous campaign, contemptuous alike of our antagonists and our friends."

He suggested that the committee meet quickly and get about the business of tossing out the officials he said Dewey and his organization had "imposed" on the National committee.

Chairmen Named To Head Sale Of Christmas Seals

Fifteen To Head Pitt Committees; Seal Sale Sponsored By Service League

Fifteen chairmen have been named to head committees directing the 1948 Christmas Seal Sale in each of Pitt County's municipalities, according to an announcement yesterday by Mr. J. H. Waldrop, president of the Pitt County Tuberculosis Association.

Each community will also have its local committee which will work in close cooperation with the county committee, thereby insuring that every resident of Pitt County will have an opportunity to take active part in the annual fund-raising appeal. Mr. Waldrop said. Proceeds of the county's Seal Sale will be used to support the 1948 tuberculosis control program of the Pitt County Tuberculosis Association.

The Seal Sale in Greenville will be sponsored by the Service League with Mrs. Joseph E. Mayo as chairman and Mrs. Richard E. Evans as co-chairman. The community chairmen are: Mrs. Stinson Ross, Ayden; Mrs. J. T. Dupree, Belvoir; Mrs. Earl Hemby, Bell Arthur; Mrs. Bob Young, Bethel; Miss Annie Carroll, Chocoma; Mrs. G. H. Pittman, Falkland; Miss Tabitha DeViventi, Farmville, sponsored by the Literary Club; Mrs. Adrian Gardner, Fountain, sponsored by the Junior Woman's Club; Miss Bert Johnson, Grifton; Miss Jennie Outlaw, Grimesland; Mrs. J. Paul Davenport, Pactiville; Mrs. J. B. Cogleton, Stokes; Mrs. Woodrow Worthington, Winterville. The chairmen of the Negro Seal Sale are Mr. W. H. Davenport, Greenville, and Mr. H. B. Sugg, Farmville.

In announcing the names of the local chairmen, Mr. Waldrop said he was fortunate in having such willing and enthusiastic co-workers to help make the campaign a success.

"These men and women, who I know will work tirelessly for the success of the Seal Sale, he said, 'offer their services to the campaign because they are aware of its importance to community health. The success of our community fight against tuberculosis depends in large measure on the success of the Seal Sale. Unstinting support of the Pitt County Tuberculosis Association is a responsibility of each of us.'"

Working against that theory, however, is an apparently widespread feeling on Capitol Hill that the European recovery effort has been operating satisfactorily under Hoffman's leadership.

However, he sent his congratulations to President William Green and expressed regret that he could not attend in person to discuss "the tremendous challenge that faces us both at home and abroad today."

"The American Federation of Labor," looking back over its many years of service to American workers, may well be proud of what it has accomplished in their behalf," the President said.

"Your leaders were responsible for the establishment of the United States Department of Labor, under William B. Wilson, its first secretary. Your unions have set an example for labor throughout the world in the support of principles of progressive liberalism."

"The AFL has been a leader in helping to bring about enactment of the broad program on social legislation which has improved the standard of living of so many of our people. The Federation, I am sure, will continue to work with wisdom and perseverance in the interest of still further improvement of our way of life and in safeguarding the Democratic principles which have made us strong."

"Your unions and all patriotic Americans can be assured of my full support in carrying forward a program for the benefit of all the people of our nation."

RECORD MARLIN
Panama, Panama, Nov. 16 (AP)—Ernest L. Stahl, a United States employee of the Panama Canal today claimed a Western Hemisphere record for a 776-pound black marlin he caught Sunday.

Rodzinski Now
In Nursing Home
London, Nov. 16 (AP)—Arthur Rodzinski, the American conductor, is suffering from pneumonia in a suburban nursing home. Rodzinski arrived here by air from the United States Sunday.

His agent reported that his doctor "hoped to have him back on his feet toward the end of the month."

Declares Brunettes
Outnumber Blondes
And The Redheads
Chicago (AP)—Are there more brunettes than blondes?
Andre Basil, hair stylist at Chicago's Ambassador Hotel, says there are. During his 25 years of designing women's coiffures, he figures he has cut 21,910,000 hairs. Of the 78,250 hair cuts he has given women over the world, he said the proportion of brunettes, blondes and redheads was 60 per cent, 25 per cent and 15 per cent respectively.

ONLY ONE FOR TEN
Raleigh, N. C., Nov. 16 (AP)—North Carolina has but one cow for every 10 persons while the national average is one cow for five, a group of dairy specialists was told today.

Election Costs

Washington, Nov. 16 (AP)—What price re-election?

That's the amount U.S. Senator Burnet E. Maybank (D-SC) named in his report on his general election campaign expenditures.

The 58 cents was spent in sending two required reports on campaign expenditures and contributions to the secretary of the Senate by registered mail. He listed no contributions.

Maybank may become head of the Senate Banking Committee. He is second-ranking Democrat on the committee, but the ranking Democrat—Senator Wagner of New York—is ill.

Maybank's Republican opponent, J. Bates Gerald of Charleston, reported total expenditures of \$24.35, and no contributions.

Talk Promotion For A. Harriman

May Be Given Stronger Hand In Truman's New Term

Washington, Nov. 16 (AP)—Speculation mounted today that W. Averell Harriman, the Marshall Plan ambassador-at-large, may be dealt a more potent hand in President Truman's new term.

Lower echelons of the Economic Cooperation Administration bussed with reports that Harriman, a multi-millionaire and staunch Democratic party supporter, might:

1. Replace Republican Paul G. Hoffman as ECA administrator. Harriman, as ECA's special representative in Europe, now is No. 2 man in the recovery agency.

2. Or as rumored previously, become Secretary of State if and when George C. Marshall steps down as he has indicated he wishes to do. The State Department, with Mr. Truman's backing, could make his influence felt in the otherwise independent Marshall Plan operations.

Harriman, Washington - bound from his Paris ECA headquarters, was due to arrive today.

One subordinate official was referring to the fact that by the end of January—that is, after Mr. Truman's inauguration—Harriman "will be running ECA, in name or in fact."

Working against that theory, however, is an apparently widespread feeling on Capitol Hill that the European recovery effort has been operating satisfactorily under Hoffman's leadership.

However, he sent his congratulations to President William Green and expressed regret that he could not attend in person to discuss "the tremendous challenge that faces us both at home and abroad today."

"The American Federation of Labor," looking back over its many years of service to American workers, may well be proud of what it has accomplished in their behalf," the President said.

"Your leaders were responsible for the establishment of the United States Department of Labor, under William B. Wilson, its first secretary. Your unions have set an example for labor throughout the world in the support of principles of progressive liberalism."

"The AFL has been a leader in helping to bring about enactment of the broad program on social legislation which has improved the standard of living of so many of our people. The Federation, I am sure, will continue to work with wisdom and perseverance in the interest of still further improvement of our way of life and in safeguarding the Democratic principles which have made us strong."

"Your unions and all patriotic Americans can be assured of my full support in carrying forward a program for the benefit of all the people of our nation."

Truman Firm In Announcing Refusal By U.S. To Negotiate

Israel, Arab Nations Order Armistice By

Security Council Orders Arabs And Jews To Establish Immediate Armistice In Palestine; Terms Announced

Paris, Nov. 16 (AP)—The United Nations Security Council ordered Arabs and Jews today to establish an immediate armistice in Palestine. The council's order said an armistice would "facilitate the transition from the present truce to a permanent peace in Palestine."

The council voted on the resolution in sections. Russia and the Soviet Ukraine abstained. Previously, the council rejected a Russian proposal calling for the immediate establishment of a formal peace.

The resolution adopted was submitted by Canada, with the support of Belgium and France. The council rejected a Syrian attempt to amend the resolution to widen a Negro withdrawal order to include the Galilee front in northern Palestine. Only Syria, China and Belgium supported the amendment. The remaining eight nations abstained.

The United States, Belgium, Colombia, Britain, Argentina, France, Canada and China supported the resolution's original text after the Syrian amendment failed.

The United States opposed the Soviet resolution on the grounds that establishment of a formal peace at once is not practicable.

Truman Pledges To Back Program

Message To AFL Convention Praises Union's Progress

Cincinnati, Nov. 16 (AP)—President Truman messaged the American Federation of Labor today he would enlarge the labor department and support of program of legislation "for the benefit of all the people."

Mr. Truman made no mention of the recent election or the part played by organized labor in it.

However, he sent his congratulations to President William Green and expressed regret that he could not attend in person to discuss "the tremendous challenge that faces us both at home and abroad today."

"The American Federation of Labor," looking back over its many years of service to American workers, may well be proud of what it has accomplished in their behalf," the President said.

"Your leaders were responsible for the establishment of the United States Department of Labor, under William B. Wilson, its first secretary. Your unions have set an example for labor throughout the world in the support of principles of progressive liberalism."

The United States opposed the Soviet resolution on the grounds that establishment of a formal peace at once is not practicable.

Object To Firing Berlin Official

Soviet Action Illegal Declare American Authorities

Berlin, Nov. 16 (AP)—American authorities today declared illegal Russian order firing Ernst Reuter, anti-Communist socialist, as chief of the transport and public utilities department of the Berlin city government.

An order published by Col. Alexei Jellensky, acting Soviet commandant, said Reuter was dismissed for incompetence and neglect of duty. Jellensky said he was appointing a new man to the post.

U. S. authorities said they regarded the Russian act as another step in the Communist campaign to wreck the predominantly anti-Communist city administration and withdraw the Soviet sector of the city from its control.

William T. Babcock, U. S. Deputy commandant, said:

"The Russians can't fire Reuter. He is an elected official responsible to the four powers and only four power action can remove him. Such attempts at unilateral action are contrary to the city's constitution, which the Russians have approved."

Actually, Reuter, one-time Communist turned socialist, has already been operating from an office in western Berlin. He also is a member of the city council, which has been meeting in western Berlin since Communist demonstrations last September forced it to move from the Soviet sector city hall.

Fire At Store

Fire that originated in a defective fuse caused about \$500 damage at the store of Talmage Hill, colored, at the corner of Centerville and Imperial streets about noon today, Fire Chief Gardner said. The alarm was sent in from Box 154.

Wants Inauguration To Be Fanciest In US History

Washington, Nov. 16 (AP)—President Truman's inauguration January 20 will be the fanciest in the nation's history, if the man in charge of it has his way.

Melvin D. Heldreth, chairman of the inauguration committee, set that as his goal yesterday at a meeting with District of Columbia officials less than 24 hours after his appointment. He sketched this tentative outline:

The week in which the big day comes would be designed Inaugural Week, and all government workers would get a Thursday-through-Sunday holiday.

No Four-Power Talks On Germany Until Russia Lifts Berlin Blockade; No Plans To Meet With Stalin; Moscow Insists On Negotiations

Key West, Fla., Nov. 16 (AP)—President Truman said flatly today the United States will not resume four-power negotiations on Germany until Soviet Russia lifts its Berlin blockade.

At the same time, he told a news conference that he will review the entire international situation with Secretary of State Marshall and moving ECA Administrator Harriman at the White House Nov. 22.

Mr. Truman made it clear that:

1. He has no plans for a meeting with Premier Stalin.

He said he will not leave Washington for such a conference, but that his invitation to Stalin, to visit Washington still stands.

2. He has no plans to send an Embassy to Moscow, talking with Stalin. He considered sending Chief Justice Vinson on such a mission during the closing days of the election campaign, but Marshall talked him out of it.

3. He is asking the Bi-Partisan commission on organization of the executive branch of the government to continue its work. The commission is headed by former President Hoover.

London, Nov. 16 (AP)—The Soviet government declared today it still insists on taking up the whole question of Germany on any negotiations with the west on the Berlin crisis.

The Soviet position was stated in a reply to suggestions by two United Nations officials, Secretary General Trygve Lie and President H. V. Evatt, that the big four and the Berlin crisis in the interests of world peace.

Paris, Nov. 16 (AP)—A French government spokesman said today French officials were in talks with the United States and Britain regarding the Berlin issue, but hopes the Berlin issue can be solved by conciliation.

The spokesman, Francois Mitterand, issued the statement following a cabinet meeting. Mitterand is the French secretary of State for information.

The cabinet approved the text of a note Foreign Minister Robert Schuman intends to send to Secretary General Trygve Lie and President H. V. Evatt of the United Nations in reply to their appeal last week for direct four power talks on Berlin.

The government also circulated a statement denying recent suggestions in the French press that the Foreign Ministry, the Premier's office and the President's office were not in agreement on the appeal for Berlin talks.

Foreign Ministers of the United States, Britain and France were to meet late today to draft coordinated replies to the letters, according to U. S. British and French official spokesmen.

RAILROADERS LAID OFF

New York, Nov. 16 (AP)—Approximately 1,000 railroad workers were laid off today as the longshoremen's strike tightened its grip on East Coast shipping.

Elizabeth And Baby Doing Well

London, Nov. 16 (AP)—All was reported well today with Princess Elizabeth and her new son as relatives gathered to peek at the two-day-old prince who may be Britain's next king.

Buckingham Palace spread this news in a bulletin issued by royal physicians.

Social and Personal

All items for this page received after 10:00 A. M. will be published the following day. Call 3000 9:30 A. M. to Noon — 1:30 to 4:30 P. M.

Mrs. Elphie Rottorf left yesterday for Huntington, W. Va., where she will spend several weeks.

B. J. Adams underwent a major operation yesterday in Duke hospital.

Mrs. Gertrude Twissdale of Henderson, N. C., is visiting her sister, Mrs. Allen E. Taft.

Mrs. J. K. Proctor, Mrs. J. O. Howard and Mrs. E. L. Henderson left today for Augusta, Ga., to spend a week attending a Girl Scout meeting.

Dr. and Mrs. C. F. Keusenkamp attended a meeting of the N. C. Chiropractors Association in Winston-Salem at the Robert E. Lee hotel Friday and Saturday.

Jarvis Hall Students Entertained Sunday Afternoon At A Tea

Students of East Carolina Teachers College living in Jarvis Hall, women's dormitory, entertained Sunday afternoon at a tea at which staff members and students of the college were guests. The tea was the first of a series of three social affairs which will be given during the school year by residents of women's dormitories.

Guests were welcomed to Jarvis Hall by Miss Lola Stephenson of Willow Springs, who received at the door. In the receiving line were Miss Ruth White, assistant dean of women at the college, and student officers of the dormitory. These included Misses Christine Lilly, Williamson, president; Dolores Phthisis, Edenton; Barbara Redditt, Aurora; Margaret Cartledge, Tarboro; Geraldine Weathers, Shelby; Mary Elizabeth Mills, Aurora; Sammy Lee Jones, Bunker; and Virginia Whitehurst, Robertsonville.

Others who assisted in entertaining were Miss Mary Wallace Foy Pollockville, who kept the guest book; Miss Kathleen Venters of the college staff; and Miss Penny Stewart of Lillington.

The reception rooms of Jarvis Hall were attractively decorated for the tea in a color scheme of yellow and white. A centerpiece of chrysanthemums was used on the table, which was covered with a lace cloth. Pouring tea were Misses Mary Payne of Washington and Louise Caviness of Holly Springs.

Several hundred guests called between the hours of three and five to enjoy the hospitality of the students of Jarvis Hall.

Art Gallery to Feature Photography

On Thursday, November 18, an exhibit of photography, both amateur and professional, will open in the local art gallery on the second floor of Sheppard Memorial Library.

Many local people whose hobby is taking pictures have already entered some of their work. Among those who are exhibiting are Will Whedbee, Charles White, Dr. Herbert Hadley, Frederick Brooks, Walter Wilson and Donald Rose. Anyone interested in entering something in the show is asked to phone Mrs. H. S. Ragdale or Mrs. J. H. B. Moore at once. All exhibits must be at the gallery not later than seven o'clock Wednesday evening.

An outstanding feature of the exhibit will be fifteen Salon prints sent by Eastman Kodak Company especially for this show.

The gallery is open every afternoon from two to five. All exhibits are entirely free. Magazines and books showing pictures of current

Arden Items

These cold mornings remind us that hog killing time is fast approaching and oh! what recollection of sitting around the smoldering fire and broiling the melts and liver.

There were something like 350 hogs of cotton sold on this market last week. From present indications some 500 or more hogs will be sold here this week. It is coming in at a rapid rate and the hearts of our merchants rejoice with exceeding great joy.

The electric wood saw is as welcome a visitor to our wood piles as Santa Claus is to the little ones.

exhibits throughout the country and information about artists are always available. The public is cordially invited to visit the gallery.

School Children's Exhibit Closes Wednesday

An exhibit of the prize winning paintings selected from the annual art contest of the elementary schools of the state, which has proven very popular in the local gallery since November first will close on Wednesday. An interesting addition to the exhibit has been a collection of paper mache animals made by pupils of Francis Neal in the Art Department at E. C. T. C.

Directors of the gallery arranged a preview showing of the exhibit with the elementary school teachers of the Greenville City schools as special guests and at which time Mr. Neal gave a demonstration in the making of paper mache animals.

Many of the teachers in the county schools and from neighboring counties have visited the exhibit. Several teachers have been so interested that they have returned with a group of their pupils.

Parents and the public generally are especially invited to visit the gallery and see the type of art work being done throughout the state in the elementary schools. Paintings, drawings and block prints are included in the show.

West Greenville P. T. A.

The regular monthly meeting of the P. T. A. will meet at the West Greenville school Wednesday afternoon at 3:30.

Belvoir-Falkland PTA To Hold Meet.

The Belvoir-Falkland Parent-Teacher Association will meet on Wednesday night at the Belvoir High School at 7:30. "Book Week" will be the theme of the meeting.

Miss Spain's eighth grade students will present a play on that subject entitled, "The 99th Question." Mrs. Tyson's seventh grade students will dramatize a portion of Booth "Pardoning" Penrod.

An attendance trophy, now held by the seventh grade, will be awarded to the grade with the highest percentage of parents present at the PTA meeting each month. Miss Patti Jenkins is chairman of the Program Committee. F. H. Hodges is principal of the Belvoir school. W. A. Ross is president of the PTA. The public is invited to attend the meeting.

SOCIAL CALENDAR

TUESDAY

7:45 p. m.—E. C. T. C. Faculty Wives Club meets in New Classroom building.

7:45 p. m.—Piano recital by pupils of Eleanor E. Toll in Sheppard Memorial Library. Pupils from the third through the ninth grades will be featured.

8:00 p. m.—St. Elizabeth's chapter of the Episcopal Church meets in the parish house.

8:00 p. m.—T. E. L. class of Memorial Baptist Church meets at the church with Mrs. E. E. Fisher, hostess.

8:00 p. m.—Chapter 140 of the Eastern Star meets.

6:30 p. m.—Kiwanis Club.

7:30 p. m.—Red Men meet.

7:30 p. m.—Lecture by Mrs. Weller on "Yuletide Decorations for the Home" at the Woman's Club.

8:00 p. m.—The V. F. W. Auxiliary will hold its regular monthly meeting at the club house.

International Honor For Edwin E. Rawl

Officers of the Kiwanis Club of Greenville were informed today of the appointment of Edwin E. Rawl to the Kiwanis International Committee on Programs and Music.

In announcing his appointees for the coming year, J. Belmont Mosser, St. Marys, Pa., industrialist and president of Kiwanis International said the organization's various committees will carry on a broad program of activities in cooperation with 3,000 Kiwanis clubs throughout the United States, Canada, Alaska and Hawaii.

Appointment to a Kiwanis International committee, Mosser said, recognizes a Kiwanian's long service to the organization and his interest in a specialized field of endeavor.

Birth Announcement

Mr. and Mrs. John David Bridgers, of Durham, announce the birth of a son, Samuel L. Bridgers, II, on Tuesday, November 16, in Duke hospital.

Birth Announcement

Mr. and Mrs. Linwood J. Hardee announce the birth of a daughter on November 15 in Pitt General hospital.

Woman's Club Hears Interesting Talk

The Greenville Woman's Club met Friday afternoon, November 13 at 3:30 o'clock at the Woman's Club for a business meeting and program. The American Home Department, Mrs. C. E. Oakley, chairman, was in charge of the program. Mrs. Arthur Conner introduced as speaker for the afternoon Mrs. Clara Moyer Shackell who spoke about Sally Southall Cotton. Mrs. Shackell's talk was interesting and informative. The extraordinary vitality, ingenuity and originality of Mrs. Cotton was clearly brought out during the course of the talk. Mrs. Cotton was described as a pioneer club-woman who contributed much toward bettering the educational and political lot of women, who possessed rich spiritual and intellectual qualities and who is still helping women students through the Sally Southall Cotton Loan Fund.

Following Mrs. Shackell's address, Mrs. J. L. Fleming spoke briefly of Mrs. Cotton as she knew her.

Mrs. J. Vance Perkins presided at the business meeting. Mrs. Key Brown announced a program of Holiday Decorations by Mrs. J. A. Walker of Norfolk for Friday, November 19. Mrs. E. K. Allen, president of the Junior Woman's Club, announced that a net profit of \$406.24 had been realized from the annual Tag Day, which will be given to the Watson Memorial Fund. It was announced that a two volume edition of "Furniture Treasury" by Wallace Nutting, had been presented to the Sheppard Memorial Library by the Woman's Club in observance of National Book Week.

The following new members were welcomed into the club: Mrs. W. S. Krausnik, Mrs. W. D. Brown, Mrs. T. G. Bantist, Sr., Mrs. J. G. Lauters, Mrs. Lloyd Mills, Mrs. J. C. Clifford, Jr., Mrs. M. N. Posey, Mrs. J. G. Riddick, Mrs. E. L. Baker and Mrs. C. A. Scruggs.

Following the business meeting and program a refreshment course of fruit cake, cheese biscuits and coffee was served to approximately 60 members. Tables and mantle were decorated with greens and fall flowers.

Christian Science Service "Mortals and Immortals" was the subject of the Lesson-Sermon in all Christian Science Churches and Societies on Sunday, Nov. 14. Golden Text: Romans 8: 13. "If ye live after the flesh, ye shall die; but if ye through the Spirit do mortify the deeds of the body, ye shall live."

Among the citations comprising the Lesson-Sermon were the following from the Bible: "Now this I say brethren, that flesh and blood cannot inherit the Kingdom of God; neither doth corruption inherit it."

corruption. For this corruptible must put on incorruption, and this mortal must put on immortality" (I Cor. 15: 50, 53). And from "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The great spiritual fact must be brought out that man is, not shall be, perfect and immortal." (page 428.)

Parties Honor Miss Hunsucker

Mrs. Vernon White and Mrs. Mamie C. Liverman entertained at a bridge party, honoring Miss Annie Sue Hunsucker, bride-elect, Thursday and Friday nights at the home of Mrs. Liverman in Winterville.

The living room and dining-room, amply, were beautifully decorated with yellow and white chrysanthemums and ivy.

As guests arrived they were invited into the dining room where punch, nuts, cookies and cheese straws were served from a beautifully appointed table artistically arranged with yellow and white chrysanthemums and ivy, flanked by silver candleholders in which white tapers burned.

Centering a table in the living room was a beautiful bride doll under an arch of greenery surrounded by bridal tulle. The bride's place was marked with a lovely corsage.

After several progressions, covers were laid for five tables each night. Each table was centered with an arrangement of yellow flowers. The hostesses, assisted by Mrs. Ernest Spain and Miss Jean Anne Liverman, served a delicious salad plate, carrying out the yellow and white motif, attractively arranged with a lighted candle on each plate.

Miss Hunsucker was remembered with crystal in her chosen pattern. High score prizes were awarded Mrs. Nelson Hunsucker, Mrs. Bythall Boettie, Mrs. Jessie Rollins and Mrs. M. T. Speer.

School of Christmas Decoration
A program on Christmas decorations will be given by Mrs. J. L. Weller of Norfolk, Virginia, Friday, November 19 at Woman's Club.

Two demonstrations will be given, one in afternoon from 3:30 to 5:30 and one in evening from 7:30 to 9:30. A nominal fee of 50c for each session will be charged all non Garden Club members.

The public is cordially invited to attend and observe the making of these decorations. It will aid greatly in giving ideas and suggestions to be used in the individual homes, giving Greenville a more festive air for the holiday season.

Olla Ray Boyd Is Set To Run For Office In 1953

Pinetown, N. C., Nov. 15.—(AP)—Olla Ray Boyd, Pinetown pig breeder, today became the first candidate to announce publicly for the 1952 gubernatorial race.

Boyd, whose latest letter-head also states that he will be a candidate for President of the United States in 1968, ran sixth in a six-man race in the May 26th Democratic primary for the Governorship.

The six-foot, four-inch, 277-pound bachelor has polled a total of 4,189 votes the two times he has made a pass at the Governorship in primaries.

'Honorable Mention' In Tarboro Contest

Emily Pierce of Falkland won an honorable mention in a letter writing contest recently sponsored by radio station WOPB in Tarboro.

There were over 400 letters written on "Why Every Farm Family Should Have A Good Milk Cow." The winner of the contest was awarded a purebred, registered Guernsey heifer.

Greenville New Bern Morehead City

Purebred Swine Sale Scheduled Friday Morning

A purebred swine sale will be held Friday morning at 11 o'clock at the Greenville livestock sales yards on the Fictolus highway. Sponsoring the sale are the Greenville Chamber of Commerce, the North Carolina Agricultural extension service and the North Carolina purebred swine breeders association.

Approximately 28 hogs of four breeds will be offered for sale in this the second annual purebred swine auction held in Greenville. Up for sale will be hogs of four breeds, Duroc Jersey, Poland China, Berkshire, and Ohio Improved Chester whites.

Offered for sale will be bred gilts, open gilts and boars of each of the breeds. County Agent Sam Winchester said.

Whedbee To Go Into Burley Belt

W. L. Whedbee, sales supervisor for the Greenville tobacco market, will leave this week for the burley tobacco belt where he will supervise sales in Kentucky, Indiana, Ohio and West Virginia.

Whedbee will make his headquarters in Lexington, Ky. and will oversee auction sales in the four states in the interest of promotion of fair trade practices for the Burley Auction Warehouse association.

"Books tell the story" is the theme of the observance this year.

Book Week was first observed in 1919 under the guidance of Franklin K. Mathews, Chief Boy Scout Librarian. Long interested in boys' reading he wished to arouse greater interest in books for children. Observed for many years in this country Book Week has now become an international celebration.

Although Book Week is not now limited to children special emphasis is placed on books for children. A special exhibit has been arranged in the children's room of the library. Arranged under a blue sky with white clouds representing special groups of books are some of the recent children's books illustrating the general theme of the observance.

For the adults two exhibits have been arranged. The exhibit in the library features new fall publications, an interesting and attractive group of books. In the window of Blount-Harvey's Store an exhibit has been arranged on U.S.-Russian Relations.

The Greenville Woman's Club, long interested and active in the library, has presented the library a copy of Wallace Nutting's "Furniture Treasury" as its part in the Book Week observance. The book, out-of-print for some time, is outstanding in the field of period furniture and a valuable addition to the library shelves.

A committee composed of Mrs. E. S. Ragdale and Mrs. J. E. James from the Saks Book Club has decorated the library with a variety of harvest fruits and fall flowers for the week.

The library urges both children and adults, in groups or individually, to visit the library during the coming week. The library belongs to Greenville and to Pitt County—and all are urged to take advantage of its service.

VFW Posts Hold District Meeting

Good fellowship and comradeship prevailed when the new Second District of the Veterans of Foreign Wars held their first meeting in Greenville Sunday, November 14, at the VFW club.

The delegates of the Posts in the Second District were welcomed to the meeting and the club by Carroll F. Chauncey, commander of the local VFW post. After the welcome by Commander Chauncey a business meeting was held in which several items of interest to the district were discussed. Elections were held for the new officers of the district with the following men being elected: Larry Averette, past commander of the Greenville post, district commander; Glenn Hayes, Winston, senior vice commander; Earl Putrelle, Goldsboro, junior vice commander; Ralph Tucker, Greenville, quartermaster; and Sam Wilson, Washington, chaplain. Installation of the officers was conducted by Thomas Lanyon, past national deputy chief.

After his election, District Commander Averette announced that the next district meeting would be held in Goldsboro in February. Also several policies were discussed and adopted which will mean a great deal toward making a stronger district.

Delegates attending the meeting were Francis Eddings, Sam Wilson, Orville Robertson, Doland Woolard, Jesse Hooges and James H. Hodges of Washington; R. L. Webber, Clarence Davis, Jake Joyner, R. B. Newton, Jr., George M. Allen and Claude Tyson of Farmville; James A. Hatch, Jr., Joe Edwards, Earl Putrelle, Richard Reeves and Thomas Lanyon of Goldsboro; Floyd Gray, Glenn Hayes, William Baker, Roland Miller, Raymond Jarmon and Sam Elmore of Winston; Carroll Chauncey, Earl Alder, Walter Lewis, Jack Whitely, George Johnson, Evey Forrest, Horace Vincent, William J. Williams, Marvin Norris, Eamie Blanchard, Peter Nett, Walter Beddard, and Jimmy Hubbard of Greenville.

Chloed P. T. A.
On Thursday night, November 18, at 7:30 p. m., the monthly meeting of the Chloed P. T. A. will be held in the school auditorium. Mrs. Roy Cumeo will render special music, accompanied by Miss Wilma Lewis. The speaker of the evening will be Dr. McGinnis of East Carolina Teachers College.
Mrs. Smith, publicity chairman.

Presbyterian Announcements
The men of the First Presbyterian Church will have their supper and fellowship meeting Tuesday evening at 6:30 in the basement of the church. Dr. John D. Messick will be the speaker for the occasion.

Prayer Meeting Wednesday Night
Regular mid-week worship service Wednesday evening at 7:30. A special program on religious education will be presented. All officers and teachers of the Sunday School are urged to be present.

Colored News

The Matron's Social Club will meet November 17 at the home of Mrs. Mary Brewington, Pitt Street Extension. Mrs. Gertrude Latham, president.

Rev. P. H. Mumford reminds the members of York Memorial Church of the special effort next Sunday for closing of the conference year. The conference will convene here next Tuesday evening at 7:30 p. m. with Bishop John W. Martin presiding. All members of the senior choir are asked to be present for the opening of the conference. This service will be followed by the Holy Communion and organization.

All members and friends who have planned to take delegates will please prepare for them on the 23rd, since the conference will open on that date.

The famous Gaskins singers of New Bern will appear at Ropes High school Sunday, November 21, at 8 p. m. This program is being sponsored by York Memorial Church in the interest of the conference. Advance tickets 50c, admission at the door 75c. You may purchase your tickets at Midgett's Beauty Shop, Shivers Beauty Shop, Mrs. Mary Payton, C. H. Allen, Allie Green.

Mable Phillips, B. T. Reeves, O. B. Myers, Naomi Dupree Beauty Shop, G. V. Marshamond, Lola Telf, Evelyn Glover, Fred Cal Eldora Vines, Glo-Priscilla and bring your friends.

Robinson Union School Library
Winterville, N. C.

In the colorful setting of a country fair, favorite children's books came to life as one of the features of the Annual Book Week celebration at the Robinson Union School library Monday under the supervision of the librarian, Mrs. B. C. Mays.

Students are busily taking part in a book week quiz composed of favorite stories, characters, authors and titles. Winners will be announced and prizes awarded Friday at the chapel hour when student library assistants will present a play representing Dr. Doolittle, Little Women, King Arthur, Heidi, Little Blacknose, The Magic Walking Stick and the Librarian.

We have in our library a 16 inch record by Frederic G. Melchior, "The Joys of Reading." Each class has been invited in the library to hear this record, see displays of dolls representing students favorite book characters and become familiar with books and libraries.

Visit your school library for reading is the door to all sorts of interesting knowledge and enjoyment.

TB Clinic

Dr. J. M. Barrett, acting health officer, today called attention to the free tuberculosis clinic that will be held at the offices of Dr. A. M. Mumford, in Winterville, on Friday, November 19, 2 to 4 p. m.

The clinic will be conducted by Dr. Mumford. Patients both white and colored from any part of the county are eligible to attend the clinic.

This is one of the regular monthly clinics held in Pitt County and is made possible through the Tuberculosis Christmas Seal Sale.

Strength FOR THE DAY

THE GREAT ILLUSION
Desire plays very strange tricks upon us. The things we are quite sure we want more than anything else in the world very often turn out to be things which, when we get them, give us no satisfaction at all.

It is amazing how we can look back upon past experiences and blow them up to such immense proportions of satisfaction that they seem positively heavenly in their capacity to give satisfaction. We look to the future and imagine how happy we would be if this or that should happen to us. The prosaic old present generally gets a kick and a promise from most of us. It is lacking in glamour and bristling with all sorts of unpleasant responsibilities; but even in that situation which we call the present, we so often imagine that we would be happy if we stood in somebody else's shoes or had somebody else's material advantages or occupied somebody else's enviable position.

All this is illusion. Jesus urged men to be humble not only because the spirit of humility is morally sound but also because humble people live in the present and get their joy out of things as they are. The truly happy are the people who have learned to appreciate what they have, be that much or little. Happiness is to be found right in our own hearts. It comes as the result of taking life the way we find it and making the best out of it every day.

THE HUMAN ELEMENT

With automobiles, as with most everything else, one has to consider the human element involved; and according to the report by the State Motor Vehicle Department, the human element is becoming responsible for a greater percentage of auto accidents in the state.

The department report for October shows a 60 per cent decline in arrests made for faulty equipment, and a 70 per cent decline in arrests made for improper lights as compared with October a year ago. The same report shows a decrease of 25 per cent in arrests for offenses not serious enough to warrant revocation of operators' licenses, but the number of licenses revoked last month jumped to 1,257 as compared with 799 in October, 1948.

The state auto inspection program seems to be making the highways much safer as far as the vehicles themselves are concerned, but what to do with the careless drivers who apparently always infest the highways and byways of the state remains a problem.

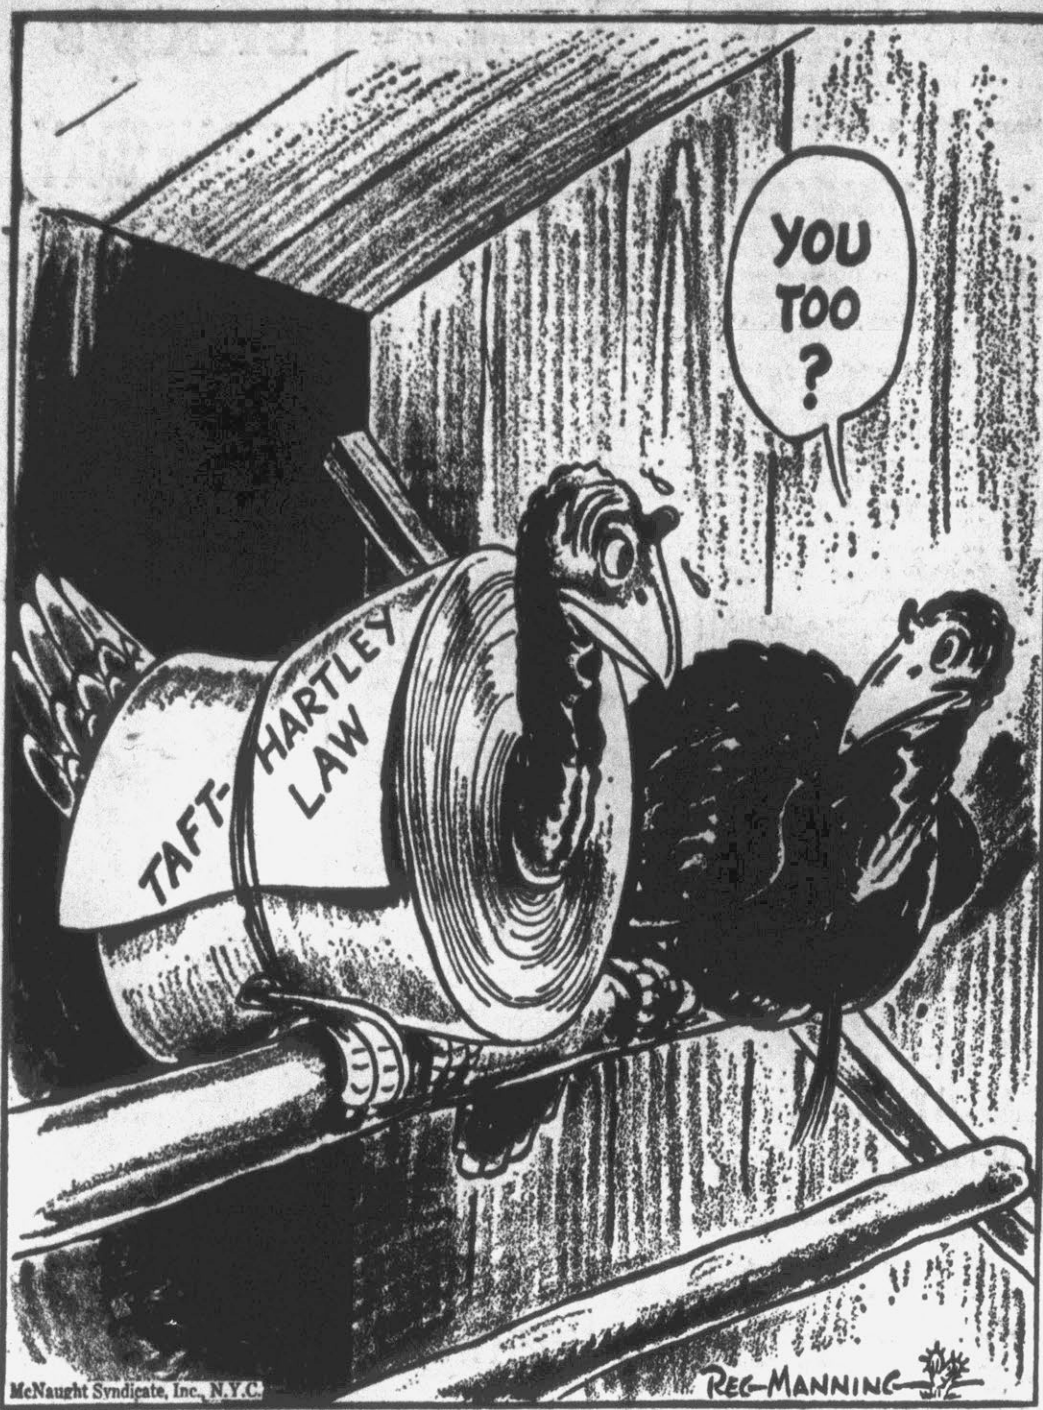

In Pitt County alone during the past week-end patrolmen reported 12 persons injured in automobile accidents. Fortunately there were no fatal accidents in the county.

The state can make and enforce all sorts of laws in an attempt to make the highways safe, but the careful driving which will prevent most accidents must be supplied by the people who drive the cars.

Around Capitol Square

DEVIATION — Ever since the state of North Carolina began collecting a tax on gasoline there has been protest against use of any part

Axe Bait

of the gas tax receipts for any purpose other than construction and maintenance of public roads. So effective has been publicity on this point that the word "diversion" has assumed in popular concept only the restricted application to highway funds.

AGRICULTURE — In presenting appropriation needs before the budget commission last week and in an address before the Stateville Lions Club Monday night, Dave Coltrane, commissioner of agriculture, pointed out that just as serious—perhaps more serious—diversion of agricultural funds has been practiced. The situation with respect to the agriculture fund is approaching acute stage, largely because so many non-agricultural functions have been charged against it.

SOURCES — The agriculture fund on current basis collected about \$850,000 a year. Roughly \$600,000 of that amount comes from inspection fees of fertilizer, feed and seed; the other \$150,000 from various services for which token charge is made, such as poultry and livestock vaccination, grading of eggs and vegetables. There are several general fund allocations as such quasi-agricultural services as credit union administration, testing of scales for weighing coal and checking measurements of pulpwood and window curtains. These general fund allocations added to the inspection fees provides annual income of slightly under a million dollars a year. But—and this is the danger signal—currently budgeted spending is well above a million dollars annually.

RED LIGHT — Coltrane points out that this discrepancy between gross income and budgeted spending will, before end of the present biennium, wipe out all the war-time accumulated "surplus" and leave the department charged with responsibility for services and not a dime to pay for them. He thinks that is a red light demanding stop—or other provision for revenue.

EXTRANEOUS — One of the things the highway and petroleum folks have complained about is that the state collects nearly two million dollars a year for inspection of gasoline, kerosene and some types of fuel oil, spends less than one-fourth of that on actual inspection, the balance going into the general fund. At the same time, the department of agriculture laboratories are testing anti-freeze mixtures—and charging the cost up to the agriculture fund, paid almost chiefly by farmers for fertilizer,

feed and seed inspections.

DIFFERENCES — There are admitted differences in the "diversions" of highway receipts and the agriculture fund. While gasoline tax money is allocated for such items as highway patrol, paroles, probation and what have you, the highway and public works commission has little if any responsibility for administration of these functions. Services performed at expense of the agriculture fund, even though only distantly related to farming, are administered by the department of agriculture. Careful analysis of the issues shows that this is a distinction without much difference. It is just as hard for the average taxpayer to understand why part of the highway toll he pays at the gas tank should finance the probation commission, as it is for the farmer to understand why part of the inspection fee he pays for having his fertilizer tested should be used to regulate a coal dealer's scales.

INSPECTION — Besides this ethical discrepancy there is involved a basic legal principle as to whether inspection fees can be charged to produce revenue above the actual cost of inspection. Fact is, the North Carolina department of agriculture is working now under a compromise arrangement conditioned upon all fertilizer inspection fees collected being used for agricultural research and promotion.

Whether testing anti-freeze, checking yard sticks in dry goods stores and supervising credit unions in industrial plants come under the head of agriculture research and promotion in a question to which the answer may have to be found.

Boyle's Column

By HAL BOYLE
New York — (AP) — His Royal Highness in diapers, the Prince of Edinburgh, was born into a dying industry.

It is the business of being a king. And for the two-day, self-presumptive to the British throne—he's next in line after his mama — it doesn't look like business will be too good.

The kid will probably grow up to wish secretly that he could drop that "Prince of Edinburgh" moniker and list himself in the London phone book as "P. E. Dinburgh, public relations consultant."

For—either as prince or king—about the only real job he will have to do is act as salesman, major domo

and press agent for the British empire. He will be only a symbol. And symbols don't have as much fun as people.

Suppose after he is on the hot seat—the throne—he wants to throw a cocktail party for his social equals. Who'll he invite? Today there are barely enough kings to make three decks of cards—not counting the jokers thrown out of their palaces in recent years.

Of the 64 countries listed in the 1947 Debrett's Peerage only thirteen are ruled by kings, two by emperors, one by a shah. But 40 are headed by presidents.

And presidents now pack more muscle than kings. One of the infant Prince of Edinburgh's distant relatives was a famous president—George Washington. But the little prince can't aspire to that office. He was born in the wrong place for it.

He isn't exactly a barefoot boy with a crown. He'll inherit enough money to keep him in lullabys forever.

But what a life he has to look forward to! He can't sneak off to the old swimmin' hole with the boys from the other side of the railroad track. He can't chalk naughty words on fences, because palaces don't have fences. They gave him a 41-gun salute at birth, but they won't ever let him play with firecrackers. Certainly not on the 4th of July anyway.

He will be surrounded by equestrian, foreign language tutors, dancing masters—all the red tape of royalty. But if he does break the palace's house rules, he shouldn't have to worry about his mother spanking him. Princess Elizabeth is president of the National Society for the Prevention of Cruelty to Children.

Later as king—if he survives his rule-ridden childhood—his chief duty each morning will be to call up the prime minister and say: "Whom do I greet today, boss, and what uniform do I wear? Or have you written something you want me to read to Parliament?"

And the best answer he can hope for is: "Nothing on the docket, kingle. Why don't you take the day off, and catch up on your stamp collection?"

The young prince stands to inherit a shrinking empire. With the Irish taking another walk and Palestine, Burma and India on their own, the King of England has less and less to protect.

But if his job appears to have a diminishing future, it can also be shown it never was a particularly healthy profession in the past.

Of the 59 men and women who have ruled England since 827 — leaving out those two upstart round-headed commoners, the Cromwells — only six reached the Biblical life span of 70 years. And only 12 even managed to achieve the age at which the American government pays a social security pension—65.

Five of the 59 were killed in battle, three murdered, three deposed. One died of grief, one was beheaded—and one abdicated after marrying an American grass widow.

The job of being king isn't even as good as a post on the Supreme Court, where you can hold on as long as you earn a good conduct medal. Twenty-three of England's 59 monarchs lasted ten years or less. None ever got a second term.

So it's hard to know whether to send the bonny new Prince of Edinburgh congratulations or condolences. Poor little rich boy! He could go further as plain Mr. P. E. Dinburgh.

For today "mister" is the best title on earth. It gives a man a chance to make a name and a fame for himself such as no king can enjoy. Ask Mister Churchill—an ace above a king.

Solution of Yesterday's Puzzle

Jaycees Sponsor Comedy Drama Here December 6

By CHESTER WALSH
The original New York cast will present Tennessee Williams' comedy drama, "The Glass Menagerie," at the Greenville Junior Chamber of Commerce Monday night, December 6, at 8:15. Robert Leigh, the producer and appearing in the part, is a brother of Vivien Leigh, the heroine in the movie version of "Gone With the Wind." George Jean Nathan, distinguished dramatic critic, said of "The Glass Menagerie": "Far and away the theater's greatest evening; the season's most beautiful theatrical venture."

The Greenville Junior Chamber of Commerce is sponsoring the play here. "The Glass Menagerie" had two years' run on Broadway in New York. The play is the heart-warming and humorous story of a mother's attempt to marry off her daughter to a soldier. Tennessee Williams, its author, is currently being acclaimed for his second hit, "Streetcar Named Desire," which was recently featured in Life Magazine.

"The Glass Menagerie" is the only play in three years to receive the Drama Critics' Award. All seats for the show December 6 are reserved. Tickets are on sale at the Globe Hardware Company's store, opposite the City Hall. The prices are \$1 for students; all others, \$1.20 and \$1.80, tax included. Jaycee President B. B. Sugg, Jr., announced today that advance sale of tickets is very heavy, especially to out-of-town persons.

E. L. Evans Serving With Army Hospital

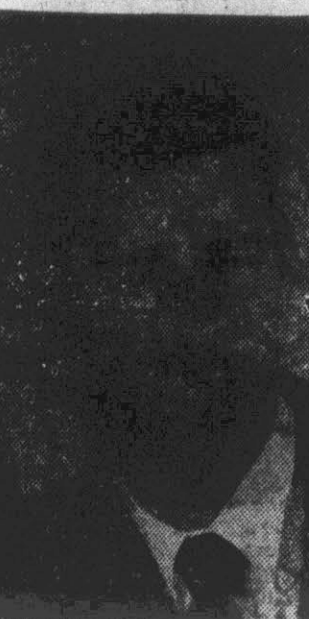

Private First Class Ervin L. Evans of Greenville is now serving with the 118th Medical Station Hospital in Fukuoka, Kyushu, Japan. Pvt. Evans entered the Army on December 3, 1947 at Fort Bragg and after completing his infantry basic training at Camp Fanning, Texas, he was sent to Japan.

Rotarians Told Printing History

By WYATT BROWN
Printing from the Gutenberg Bible down to the one hundred thousand newspapers per hour presses was related last night by Rotarians Wendell Smiley and Sherman Parks to the Rotary Club and their guests. Smiley is librarian at East Carolina Teachers College and he spoke on printing in its early stages. Sherman Parks, who is in the printing business, told about printing in its developments in the United States.

In 1464 Gutenberg printed 250 copies of the 42-line Vulgate Bible on paper and 225 copies on parchment being the earliest printing in Europe. 770 A.D. saw block printing in China; 1041 A.D. the first movable type in China; but the European discovery occurred in 1440 independent of the Chinese developments Mr. Smiley brought out. There were 100 printing presses in the United States in 1778 mostly on the seaboard and used primarily for printing newspapers and books. By 1830 the printing industry had become independent of Europe and was producing superior equipment, Mr. Parks related. He went on to tell that a man named Church invented the first typesetting machine in the year 1822. Many others were patented but never proved commercially feasible. The first linotype was invented by Mergenthaler in 1865 and a few years later was in commercial use in New York City. Printing equipment was being made of metal, was power driven and was becoming more automatic in every way. 1930 saw the development of the magazine such as "Life" where one ton of paper is fed each hour to the press and it comes out a bound magazine printed in five colors. Newspapers are printed on rotary presses producing from

BRAN EATERS-TAKE NOTICE!

Anyone who's constipated due to lack of diet-bulk will find that NABISCO 100% BRAN helps bring relief. Furthermore, this finer-flavored bran makes a really tasty breakfast dish... and because of NABISCO's finer-milling process, it's milder-acting—more gentle on you. (Consult a doctor if constipation persists.)

Nurses Observe Diamond Jubilee

By CHESTER WALSH
This is "National Nursing Week"—the 75th anniversary of the establishment of the profession for service to mankind. During the week tribute will be paid to the "women of personal service" in observance of the Diamond Jubilee. The Registered Nurses' Association of Pitt County, which holds its regular meeting next week, will have a special program in observance of the occasion. Governor Cherry has issued a proclamation about the nurses' anniversary in which he paid tribute to the memory of Linda Richards, the first professional nurse. Pitt General Hospital and Dr. Joseph Smith's Clinic paid tribute to the women who unselfishly minister to the sick and afflicted. The Pitt County Medical and Dental Society likewise recognized the importance of the Diamond Jubilee of nursing. The nurses here have an exhibit in Lewis's window on Evans street that is very interesting.

It is appropriate in the celebration of the Diamond Jubilee of nursing that the memory of Linda Richards, in addition to being interested in her profession and in proper care of her patients was, as was many of her contemporaries, one who thought about the future of nursing. This is evidenced by her activities during her career. Not only did she organize 12 nursing schools based on the Florence Nightingale system, but she was also instrumental in founding what has developed into the present Division of Nursing Education at Teachers' College, Columbia University, New York.

Returns From Sales Institute In Georgia

W. G. (Billy) Norman, sales manager of the White Chevrolet Co., has returned from Savannah, Ga., after training in the newest methods of merchandising automobiles and trucks.

The Institute is Chevrolet's first step in an aggressive selling campaign to prepare for the eventual return of the "buyers' market." At the Institute, the local sales manager was joined by sales managers from approximately 40 other Chevrolet dealerships in this region. The regional meeting is one of several being held currently in all parts of the country, whereby Chevrolet will train approximately 2,500 sales managers. The "faculty" at the sales managers' "school" is composed of members of the Chevrolet wholesale organization who have been carefully selected for their practical knowledge and especially trained to present and discuss all phases of retail selling.

75 to 100,000 copies of a complete newspaper per hour. Mr. Parks indicated some of the many activities allied to the printing industry. Dr. A. D. Frank and K. T. Putrelle were guests of the club last night. The Rotarians decided to choose a Junior Rotarian each month; this will be under the Youth Work Committee of which Guy Evans is chairman. The program was presented by Floyd Hendrix, chairman of the Vocational Service Committee. Ernest L. Willard, club president, presided.

ART IN DELICATESSEN—Gloria Spinoza hands her painting, titled "Painting of My Friend," to Maurice Paul for exhibit in his New York delicatessen. First annual art show of work by customers is being held in the food shop.

Car And Truck In Collision Monday On Bethel Highway

A car driven by Norwood M. Anderson, a salesman from Norfolk, Va., collided with the rear end of a pickup truck driven by Roosevelt Gardner, colored, Route 3, Greenville, on the Bethel highway yesterday afternoon about four miles from Bethel. A highway patrolman said eight colored persons riding in the truck had narrow escapes when the car crashed into the truck. Both vehicles were badly damaged. The patrolman arrested Anderson and charged him with reckless driving.

This the 15th day of November, 1948.

Michigan Extends Poll Lead Over Notre Dame In Ratings

Tar Heels Move Up One Notch To Fifth Place On Strength Of Smashing Victory Over Terps; Army Ranked Third

New York, Nov. 16—(AP)—With only one more game to play, Michigan has taken a commanding lead in the race to be named the best football team of the year.

The Wolverines moved more than 300 points ahead of runner-up Notre Dame by grabbing 130 first place votes in the weekly Associated Press poll of football writers and broadcasters.

They had a total of 1,952 points compared with 1,721 for the Irish, who led at the end of the regular season vote last year.

Army is in third place with 1,426 and California in fourth with 1,288. North Carolina, with 1,034, climbed from sixth to fifth in the strength of its smashing victory over Maryland.

Completing the first ten, in order, are Penn State, Northwestern, Oklahoma, Clemson and Southern Methodist.

The mighty men of Michigan grew in prestige by swamping Indiana, 54-0, Saturday while their main challengers, Notre Dame and Army, were shouldering through in the hardest way.

The Irish had to rally late to beat out Northwestern 13-7, while the Colts won in the last 30 seconds over Pennsylvania, 26-20.

The extent that the Wolverines rose in favor is reflected in the distribution of first place votes. Notre Dame, which had the largest batch of these, last week, received only 27 compared with Michigan's 130.

Army got three. California was voted the best team by 16 participants, and North Carolina by eleven.

Pirates Groom For Grid Battle With Old Rivals

The Buccaneers of East Carolina and the Bulldogs of Atlantic Christian College are preparing this week for the gridiron classic of the year—at least in the opinion of the students of the two colleges.

Friday night the two squads meet in Greenville's Guy Smith Stadium in the annual battle for the Bo-Hunk Trophy.

The Bo-Hunk Trophy is the product of an idea hit upon in 1939 by Jack Daniels and Johnnie Yavorski, then sports editors of the student publication of ECTC and AC respectively. The trophy itself is nothing more than an old oaken bucket with a lot of sentiment attached.

Rivals in every sport, the two colleges fight for possession of the Bucket in the gridiron, in the gym, and on the baseball diamond and tennis court. The Bucket goes to the winner of each event to keep till the other college wins in a sport.

At present the precious pall is in possession of the Pirates of ECTC by virtue of a tennis match they won last spring.

But back to the Friday night football game—coaches at both schools are grooming their squads for the encounter. If statistics mean anything, it will be a tossup.

An unusual aspect of the game will be its effect on the conference standing of the two teams. Rather than deciding a conference champion, the game will decide the loop doormat. Neither team has won a conference game all season. AC has dropped six and ECTC has bowed in five conference affairs. Should AC acclaim revenge for the 12 to seven defeat handed them in the same classic last year, the Pirates of ECTC would become the cellar occupiers.

Despite their unenviable records this season, the team winning the Bo-Hunk battle will mark the 1948 season down in the "successful season" column. But that promises to be a hard job for either squad.

Michigan plays Ohio State this week at Columbus and a convincing triumph may clinch them the season's No. 1 position.

Notre Dame plays Washington two weeks hence and Southern California on Dec. 4. Army closes with Navy Nov. 27.

The point standings on a 10-9-8-7-6-5-4-3-2-1 basis (first place votes in parentheses):

1. Michigan (130) 1,952
2. Notre Dame (27) 1,721
3. Army (3) 1,426
4. California (16) 1,288
5. North Carolina (11) 1,034
6. Penn State (3) 883
7. Northwestern 652
8. Oklahoma (5) 471
9. Clemson (9) 466
10. Southern Methodist 440

Gridiron Gossip

By "BOO BOO" BUTLER

For the third consecutive year the American Business Club of High Point will honor the North State Conference's most outstanding football player.

Plans for the annual event were announced last night by Brooks Retzel of High Point, a club member.

The player named will be the honor guest at the club's third annual banquet to be held at the Sheraton Hotel in High Point Tuesday night, November 30.

W. D. Carmichael, comptroller of the University of North Carolina, will be the guest speaker. Carmichael, long interested in athletic activities at the university, is a former athlete himself, having been a star in basketball.

The club has established a trophy to be presented to the North State's outstanding gridder at the conclusion of the season. The two previous winners have both been Catawba College athletes. Tony Georgiana, fullback, won it in 1944 and Ray Yagiello, tackle, was named in 1947.

The North Carolina chapter of the Southern Conference Sports Writers Association will vote on the player in addition to usual balloting of the nine coaches of the conference.

The banquet will be held at the conclusion of the conference's annual fall meeting which will be held at High Point during the afternoon of November 30. Conference representatives will be guests of the club.

Mr. J. B. Cummings, who is chairman of the intercollegiate athletics at East Carolina Teachers College, will represent the Pirates and college at the meeting.

Coach Jim Johnson and his Pirates had a light workout yesterday afternoon as the 18 men who reported to practice chose up and played tag football. Coach Johnson said that several of the boys had "make up work" to do yesterday but he expected them all back to practice today. He also stated that there wouldn't be too much heavy scrimmage this week, as they prepare for their final game of the '48 season with A.C. at Guy Smith Stadium Friday night.

North State Standings

	W	L	T	PCT.
Appalachian	7	0	1	.938
Catawba	4	1	0	.800
WCTC	3	1	0	.750
Lenoir-Rhyne	4	2	1	.643
High Point	4	3	0	.571
Elon	3	2	0	.600
Gulford	2	3	0	.400
ECTC	0	5	0	.000
ACC	0	6	0	.000

Lee Spears of Catawba, who is leading the North State Conference in scoring with 104 points, or runner-up Herman Bryson of Appalachian with 102 points, will probably be named the outstanding player in the North State Conference on Nov. 30. As it stands now it looks as a toss-up between the two.

Ezzard Charles Answers Champ With Knockout

Cincinnati, Nov. 16—(AP)—Ezzard Charles went right out and flattened a big 200-pound heavyweight last night just a few hours after Joe Louis said the Cincinnati should "stay among the light heavies."

Charles, Cincinnati's 178-pound hope for the world's heavyweight boxing championship, needed seven rounds to put Walter Hafer of Mayville, Ky., away but he was punching sharply and had Hafer down four times before the knockout wallop.

A crowd of 4,843 paid \$20,577.40 to see the fight in the music hall arena. Earlier in the day Louis had said in Cleveland that he once felt Charles looked like the "most dangerous" of the heavyweight contenders but that he has changed his mind.

Bengal Boss

Detroit, Nov. 16—(AP)—Red Rolfe whipped into his new job of manager of the Detroit Tigers today as eagerly as if he was going after a hot one at third.

The former New York Yankee third base star, more recently head of the Tiger farm system, quickly set up a policy.

"We're going to have a hustling ball club or know the reason why," he said.

Rolfe, who has never managed a pro ball team, was the surprise choice of the Tiger front office as successor to the dismissed Steve O'Neill.

Sport Slants by Pap

Notre Dame's failure to score in the final period against Indiana snapped at 33 the string of periods in which the Irish had scored at least one touchdown. This fact was featured in practically every report of the 42-6 triumph Notre Dame chalked up at the expense of the Hoosiers while the revelation that this was the 19th straight triumph of the Irish and the 25th without a defeat was but casually mentioned.

Obviously, great things are expected of Notre Dame on the gridiron. Coach Frank Leahy wasn't interested in continuing his impressive string of scoring by periods for he refrained from using his stars in the second half when the Irish had piled up a 35-point lead.

The Notre Dame team has done all things well, under all sorts of conditions this fall and must be rated at least the equal of any collegiate team in the country. It has showed power and deception on offense and poise and strength on defense. In Frank Tripucka, the Irish have a masterful quarterback under center. Emil Sitko and Johnny Penell are great runners. On the line, Marty Wendell, Bill Fischer, Leon Hart and Bill Wightkin are standouts on offense and defense. With the great depth of material at Notre Dame, the spirit has to be good because every player has to hustle for his job.

Old-Time Boxer Dies Of Attack

San Francisco, Nov. 16—(AP)—A heart ailment was fatal yesterday to Joseph F. Haggerty, who fought as a lightweight boxer at the turn of the century under the name "Spider" Welch. He was 66.

Haggerty piled up a string of knockouts in 1900 and 1901. His career was set back by a 1904 defeat by Battling Nelson, once lightweight champion.

The wolf sometimes is called the "shark of the plains."

Billy Conn Wins Comeback Fight

Macon, Ga., Nov. 16—(AP)—Billy Conn, who lost two chances at Joe Louis' heavyweight crown, started a comeback jaunt last night when he scored a technical knockout over gangling Mike O'Dowd of New York in the ninth round of a scheduled ten-round here.

The handsome Pittsburgher floored O'Dowd three times in the eighth round, and hardly worked up a sweat in doing it.

College Football Setting Great Offensive Season

New York, Nov. 16—(AP)—Maybe it's the inflation, maybe not—but college football is headed for its greatest offensive year in history.

When the curtain rings down in the next few weeks the campaign will have produced the highest scores, most touchdowns, most passes and most total yards of any season since the sport was introduced the middle of the last century.

At the rate they're going, the major college teams are going to rack up 2,000 points more than last year, which was the best scoring season on record.

The National Collegiate Athletic Bureau, which keeps track of such things, says the 121 colleges listed in the major class have scored 17,432 points in 954 games so far.

Last year's total—which is a dead goaling—was 16,653. Teams are averaging 18.7 points a game compared with last year's 16.7.

There are 191 games to go.

A new record is bound to be set in touchdown production. In 1947 there were 2,775. Already there have been 2,567. So you can count on at least 300 more TD's than ever before.

Service Teams In 'Vittles' Bowl

Berlin—(AP)—Add to the American football "bowl games" the "Vittles Bowl."

The newcomer is named after "operation vittles"—the Allied airlift which is supplying Western Berlin over the Russian land blockade.

It will be played in Western Germany between service teams. Proceeds will go to the U.S. Army's German Youth Activities Fund to give Christmas parties for German youngsters.

Blended Whiskey. 86 Proof. 70% Grain Neutral Spirits.

Winterville Group Owns Registered Jersey Bull

Members of the Winterville veterans farm training class are the proud owners of the 1,300 pound purebred, registered Jersey bull "Aster Observing Design," the only registered Jersey bull in Pitt county.

W. R. McGowan, A. D. McGowan and Martin Anderson of Winterville attended a purebred cattle auction in Goldsboro Friday with the idea of purchasing the bull for the class and placing him with someone in the county, but the members of the class decided to keep the bull themselves.

The bull is being kept on Ben Forrest's farm near Black Jack, and a spokesman for the Winterville class said he is available for service to cattle owners of the county who contact either the Winterville veterans farm training class or Ben Forrest.

The bull purchased by the Winterville class is now five years old, and is a five star bull with 26 credits. When he was a calf he sold for \$1,000 to the Benevolent plantation of Georgetown, S. C. Melvin Cording, president of the Eastern North Carolina Jersey Cattle club said, "The bull bought by the Winterville organization is one of the

finest bulls of the Jersey breed." "Aster Observing Design" is pedigree goes back three generations to the bull "Lewis Oxford" which is said to be the greatest bull of the Jersey breed.

Cotton Stalks Are In Blossom Again

Cotton stalks are in bloom again in this section, especially in the Winterville community. George Cox of Winterville, fire department chief, farmer and generally useful community worker, reported today that there was a profusion of cotton blossoms in his old cotton field today and that others were budding out. The unusual Indian summer weather has caused some trees and shrubs to bud. Dandelions are in bloom again on the courthouse lawn and near the high school. Incidentally, morning glories are still blooming in Morning Glory Valley, that area east of the high school where the boys practice football and baseball. The hillside there was a mass of morning glory blossoms this morning, although frost has occurred several times this autumn.

Dress Rehearsal For Student Congress Is Held

A practice session of the Eastern Carolina Student Congress convened last evening at 7:30 with Greenville High as host. Bills were introduced providing federal aid for prison reforms, for building recreation centers, and federal aid for education. Accepting Canada for England's war debt was proposed by one congressman, and a change in the electoral college was proposed by another. Other bills concerning school affairs required the teaching of speech to all school pupils, a semester study of American Government, and two years of physical education.

Augusta Overton's bill proposed voting rights for all high school seniors; and Senator Smiley's federal housing program was approved by the Senate, but was defeated in the House. Only two bills passed both houses. One was introduced in the Senate by Sam Northrop and it classified revealing atomic secrets as "treason" with punishment as such. Congresswoman Clark's resolution favoring federal aid to education, after passing in the House, was approved unanimously in the Senate. November 26-27 are the dates for

Cases Tried In Police Court

In Police Court last Friday Judge Jimmy Roberts found D. L. Hardy guilty of driving while drunk and hit-and-run. The court fined him \$100 and costs and recommended that his license be revoked for a year.

Proctor Boyd, driving without an operator's license and while drunk, was given six months on the roads, sentence suspended on condition that he pay \$100 and costs.

William R. Griffin, driving while drunk, was given six months on the roads, sentence suspended on condition that he pay \$100 and costs, and his driver's license was ordered revoked for a year. Jonah Reese, colored, was not guilty of assault with a deadly weapon. Speeding: Lon M. Oresar, \$20; N. J. Harrison, \$20. Drunk: George F. Hadley, Sylvester Vick, Adrian Johnson, Alvin R. Griffin and Rufus G. Davis, each paid \$15; Riley Clemmons, colored, 30 days in jail, suspended on payment of \$15.

Prayer for judgment was continued in the case of Helen E. Stocks, for reckless driving.

In Police Court Monday morning Judge Jimmy Roberts disposed of the following cases: Willis B. Yarrell, colored, larceny, 60 days on the roads, suspended on payment of \$25 and \$30 to the prosecuting witness.

Simon S. Congleton was not guilty of a traffic violation. John Ivey Jones was given 30 days, suspended on payment of \$25 and costs. Sudie Mae Lee and Hazel Mayo, both colored, paid \$50 each, costs deducted, for assault with a deadly weapon.

Drunk: Ernest C. Boyette, \$15; Roscoe Sutton, colored, \$15; Roosevelt Roberson, colored, \$30; Sam Blandford, \$15; James Knight, colored, \$15; Herbert Dixon, colored, \$20; Claude R. Cradle, colored, \$15; Thomas R. Simmons, colored, \$15; James Grey, \$15 and \$10 to a hospital.

Thomas M. Mashburn Died Duke Hospital

Thomas M. Mashburn, Jr., 36, died at Duke Hospital Monday night at 10:10 o'clock after being ill several months.

Funeral services will be conducted at Hanes' Funeral Chapel in Greensboro Wednesday afternoon at 2 o'clock. Burial will be in Forest Lawn Cemetery, Greensboro.

Mr. Mashburn was born in Waynesville and attended the public schools in Salisbury. He later attended the University of North Carolina and became a certified public accountant and had been connected with A. M. Pullen and Company for several years. He was a member of the First Baptist Church of Greensboro.

Surviving are his wife, the former Christine Wilkerson of Greenville; a son, Herbert Marion Mashburn; his mother, Mrs. T. M. Mashburn, Sr., of Greensboro; a brother, Harry W. Mashburn of Greensboro; and two sisters, Mrs. C. D. Harris of Alexandria, Va., and Miss Mildred Mashburn of Greensboro.

KIWANIANS WILL ATTEND CHURCH IN BODY SUNDAY

The members of the Greenville Kiwanis Club will attend Eighth Street Christian Church in a body next Sunday at 11 a. m. Dr. Davis L. Moore, chairman of the Committee on Support of Churches, announced today. Dr. H. Glenn Haney, pastor of the church, a Kiwanian, will preach a special sermon. It is an old custom in Kiwanis for the members to attend at stated times churches whose pastors are members of the club.

L. F. (Monk) Mills Died This Morning

L. F. (Monk) Mills, 73 died at his home near Black Jack at 4:45 o'clock this morning. He suffered a stroke of paralysis three months ago and had been critically ill since that time.

Funeral services will be conducted at Black Jack Free Will Baptist Church Wednesday afternoon at 3 o'clock by the pastor, Rev. J. R. Davidson. Burial will be in the Churchyard. The body will be taken to the Church one hour prior to the time of services.

Active pallbearers will be Elijah and Lester Mills, G. H. Rouse, Zeno Dixon, Glenn Gaskins and Marvin McLawhorn.

Mr. Mills, son of Nabe and Martha Hards Mills, was born, reared, and spent all of his life in the Black Jack community. He was married to Miss Queenie Haddock, who died September 11, 1944. He was a member of the Black Jack Free Will Baptist church.

Surviving are a son, Roy L. Mills of the home; a daughter, Mrs. Heber A. Dixon of Black Jack; seven grandchildren; nine great grandchildren; two brothers, Ed Mills of Simpson and Nabe Mills of near Ayden; and three sisters, Mrs. John Adams, and Mrs. Marcellus Page of near Greenville, and Mrs. Martha Hardee of Black Jack.

COURTHOUSE GETTING COPPER ROOF TO REPLACE TILING

The courthouse roof is now being covered with heavy copper sheeting to replace the red Spanish tile. The copper roofing, the V. P. Loftis Co., Charlotte, contractors, stated, will endure indefinitely. Each piece of tile taken from the roof weighed about six pounds and the total weight of the tile was 72 tons. Good progress is being made on remodeling the building, a county official said.

CAPT. JONES IMPROVING

Capt. Lester Jones, commander of Troop A State Highway Patrol, continues to improve after an operation some weeks ago at Veteran's Hospital, Mount Alto, near Washington D. C., a member of his family said today.

Letter To . . .

(Continued from page one) The stories were sort of breathless, but tucked away in them was something that indicates you'll need luck.

They said half the world rejoiced at your birth. That was the half that is friendly to England. What of the other half?

For one thing, there's a terrible war in China. It may change the history of Asia and, in time, the world, too. The 400,000,000 struggling Chinese, who have plenty of babies, can't be expected to clap hands because another one was born in London.

And the 350,000,000 people of India—wracked with hunger and poverty and loaded down with babies—wouldn't dance in the dusty roads just because you came along.

And I can't believe your arrival caused a single skip in the heartbeat of the Kremlin men or their friends in the other Communist countries of Europe. They despise kings.

More than that. They're in a long, slow, steady struggle to take over the world. If they do, it will include you, too.

As I said, I wish you a happy life. But from what I can see of

NOTICE TO CREDITORS

Having qualified as executor of the Estate of R. E. Harris, Jr., deceased, late of Pitt County, North Carolina, this is to notify all persons having claims against the estate of said deceased to exhibit them to the undersigned on or before the 15th day of November, 1948, or this notice will be pleaded in bar of their recovery. All persons indebted to said estate will please make immediate payment.

This 15th day of November, 1948.

J. B. JAMES, Executor Estate R. E. Harris, Jr. Nov. 16-17w-6wks.

Prince Of . . .

(Continued from page one) The nobility will be stream-lined. Long before then the house of Lords will have been reformed, and likely will be composed of elected representatives instead of hereditary Lords as at present. As a matter of fact, while nobility probably won't be abolished it will be awarded merit solely and will not be passed on from father to son. That is, titles will be purely honorary and without special prerogatives.

As for the kingship, that already is symbolic. Of course the King has much influence by virtue of his position and wide knowledge of the Empire, but he is subject to the will of his people. We had plenty of evidence of that in Edward VIII's abdication as the result of his battle with the cabinet over his desire to make Mrs. Simpson Queen.

N.Y. Cotton

New York, Nov. 16.—(AP)—Cotton futures opened unchanged to 15 cents a bale lower. Noon prices were 25 cents a bale higher to 10 cents lower than the previous close. Dec. 31.84, March 31.84 and May 31.71.

Hog Market

Raleigh, Nov. 16.—(AP)—(NCDA)—Hogs steady. Kinston, Rocky Mount, Tarboro and Wilson 21. Greenville, Goldsboro, Washington and Richmond 20.75.

Poultry and Eggs

Raleigh, Nov. 16.—(AP)—(NCDA)—Fryers and broilers fully steady at 35, with a few at 34. Eggs steady, A large 65 to 67.

N.Y. Stock Market

New York, Nov. 16.—(AP)—Broad demand lifted the stock market for the third session in a row today. Brisk activity developed from the opening bell onward. Offerings came out liberally, though, and gains generally ranged around a point or less. Many Wall Streeters took the view that extreme apprehension over policies of the new administration has run its course and that favorable items in the domestic news picture deserve more consideration.
