Acknowledge Big Casualties For National Armies

One Army Group Believed Virtually Wiped Out By Communist Troops

Nanking, Dec. 9—(AP)—Government military sources admitted today that Chinese Communists have inflicted heavy casualties on three encircled army groups on Nanking's approaches.

They said the 16th army group was believed to have been virtually wiped out. The 16th and the two other groups garrisoned Suchow until last week, when they withdrew southward in an effort to relieve the trapped 12th army group in the Suchow sector.

The military sources said the groups had reorganized and now are resuming attacks in an attempt to break through the Reds. They described the Communists as suffering heavy losses also.

Much depends upon whether the former Suchow garrison can join the 12th at Suchow—45 miles south of Suchow—and both forces back to the new Hwai River defense line, 65 miles northwest of the Chinese capital.

Neutral military observers estimated the former Suchow garrison has lost one third of its strength since abandoning the base to the Reds. Dec. 1. The three groups have been reported to embody a combat strength of 110,000, although the garrison—including rear echelon personnel—was placed at 250,000.

Neither side has reported whether any sizable numbers of troops were captured in the fall of Suchow. However, pilots flying the last planes in the Suchow airfield said government soldiers crowded the airfield in wild confusion shortly before the city was captured.

The estimate of government casualties seems to tally with a Communist broadcast last night. The Red radio said more than 30,000 troops were lost to the three army groups.

Qualified Nationalist sources continued to make no claim to support government information agency reports that the 12th army group had broken out of encirclement near Suchow and joined with troops from the Hwai River line.

Public Officials To Inspect Bugg Island Dam Site

Buggs Island, Va., Dec. 9—(AP)—Some 450 public officials of Virginia and North Carolina are expected to come here tomorrow for the inspection of the Buggs Island dam site.

The ceremonies incident to the inspection will get under way at 10 a. m. at the Buggs Island Community Center in Castle Heights.

Lieutenant General Raymond A. Wheeler, chief of Army Engineers, will give an illustrated address on the dam project and the proposed Roanoke River development. He will be introduced by Colonel George Derby, district engineer.

Governor William M. Tucker of Virginia will attend the ceremonies. Governor B. G. Cherry of North Carolina will be represented and Governor-elect Kerr Scott is expected to be present.

Members of legislatures of the two states and congressmen from both states also are expected to be present.

DEATH SENTENCE Budapest, Hungary, Dec. 9—(AP)—A people's court today sentenced a former director of the Hungarian subsidiary of Standard Oil Company (N. J.) to death today on charges that he attempted to overthrow the state. Two other officials got jail terms.

A Very Strange Story

With All The Investigations Of The Washington Spy Case, Appearances Point To A Very Incomplete Job By All Concerned; Some Fair And Pertinent Questions

By JAMES MARLOW

Washington, Dec. 9—(AP)—The Washington spy case is a very strange story in more ways than one.

This will try to show why. For more than a year a special New York federal grand jury investigated an alleged pre-war Communist spy ring in this country.

In this investigation it was aided by the Department of Justice which is supposed to protect this country against spies.

But the grand jury put up the shutters last summer without naming anyone as a spy or proving there was a spy ring.

Meanwhile the House Un-American Activities Committee began holding hearings on an alleged pre-war Communist spy ring here.

In this it was helped by its own staff of investigators who have had a lot of experience in trying to ferret out Communists.

The committee called in a batch of the same witnesses the New York grand jury had looked over. The committee's hearings started last summer and lasted for weeks. In walked Whittaker Chambers, 47 years old.

Chambers said he had been a member of the Communist party from 1924 until he quit in 1937.

Marshall Plan Spending In Second Year Gets Scrutiny

Washington, Dec. 9—(AP)—Proposed second-year spending for the Marshall Plan—estimated at around \$4,500,000,000—gets its first scrutiny today from bi-partisan Foreign policy leaders in Congress.

Sensators Connally (D-Tex.) who once again will head the Foreign Relations committee, and Senator Vandenberg (R-Mich.) the retiring chairman, arranged a meeting with budget experts of the Economic Cooperation Administration.

The best available spending estimate for the year beginning July 1 is about \$40,000,000 less than the present \$4,500,000,000 appropriation for European recovery.

But the figure is neither official nor final. Officials said it is simply "as close as anybody's guess, right now."

If economic aid to China is in-

creased and lumped with the European spending, the total will rise. Also, ECA experts to take over from the army the administration of Korean relief, which now runs about \$100,000,000 a year.

Connally indicated to a reporter in advance of today's talks that he would be concerned more with how Congress should handle ECA's money problems than with the sums involved.

The agency started operating last April 3. By current reckoning its present funds will run out next April 2—leaving three moneyless months before the start of the new fiscal year July 1 and ECA's so-called "second annual program."

ECA Chief Paul G. Hoffman has said he will ask about \$1,250,000,000 to fill the three-month gap. He has made no statements on the second

annual program, except that it probably will cost less than the first year because of progress so far made.

What the result in Congress may be of the battle currently raging between ECA and the maritime commission remains to be seen. It could cost ECA some friends among legislators who represent shipping areas.

Hoffman has given notice that on January 1 he will stop giving American shippers a 50 per cent share of "bulk goods" recovery shipments to Europe. ECA is not warranted, he said, in maintaining the 50 per cent rate, in view of the higher cargo rates of American vessels.

The maritime commission yesterday held a special two-hour meeting at which, it was learned, the agency drafted a strong protest to President Truman against the ECA decision.

Largest Bomber Makes Record Non-Stop Flight

Giant B-36 Flies From Fort Worth To Honolulu And Back, Non-Stop, Carrying 'Useful Bomb Load' To Halfway Mark

Fort Worth, Tex., Dec. 9—(AP)—The biggest bomber has made its greatest flight.

The Air Force announced today that its giant pride, a B-36, flew non-stop from Fort Worth to Honolulu and return, breaking its own record.

At 7 p. m. (CST) last night, 35 hours and more than 8,000 miles after takeoff time, the great silver ship touched down at this city's Carswell Air Field.

And it had carried "a useful bomb load" to the halfway mark, dropping the bombs in the ocean off Honolulu.

Brig. Gen. J. B. Montgomery of the Strategic Air Command made the announcement here—after hours of official silence.

"It is the best the B-36 has ever done, but it was a routine training flight—well within the capabilities of the bomber," said the general. "It was in excess of 8,000 miles."

Crewed by 15 men, the ship flew from Fort Worth to Honolulu by way of San Diego, Calif., and returned via San Francisco.

"From San Francisco, it did not fly directly to Fort Worth," said Montgomery. "It flew to the east of Fort Worth and then returned."

It was a Pearl Harbor day flight that began about 8 a. m. (CST) Dec. 7.

Built to carry 10,000 pounds of bombs 10,000 miles, the superbomber staggers the imagination of the public and the men who fly it. It's as big as three five-room houses and its 67-foot tall is as high as a four-story building. It has groaned into the air at its full gross weight of 278,000 pounds. No other plane ever toted such a load.

Its amazing wings stretch 230 feet—almost the length of a football field—and they flap lazily in flight. And the 36 is so long—163 feet—its crewmen use a little scooter on rails to zip from nose to tail.

Six pusher engines shove the superbomber along at better than 350 miles per hour.

Doing His Best For Estonians

Washington, Dec. 9—(AP)—President Truman said at his press conference today that he was doing his best to prevent the deportation of a group of Estonians who sailed to America from Sweden in a small boat. He added he didn't know whether it would require legislation to prevent their return to their Soviet-dominated homeland.

Israel's Bid To Join UN Failing

Paris, Dec. 9—(AP)—Israel's bid to become the 59th member of the United Nations this year appeared today to be doomed to failure. It is stymied in the Security Council.

A move to slash all controversial features from Britain's resolution for a Palestine settlement, already twice revised, developed as the general assembly sought to clear up its work for adjournment Saturday night.

Further debate, and perhaps decisions, on parts of the Palestine question are due Friday in the General Assembly, in the Security Council and in the Security Council's seven-nation Palestine committee.

A major east-west issue in the Political committee was settled last night. The committee approved 41 to 6 a resolution endorsing the work of the U. N. Korean commission, providing for a new commission, recognizing the Korean republic of U. S. occupied South Korea as a legal government and recommending withdrawal of occupation troops "as early as practicable."

The resolution was sponsored by Australia, China and the United States. Only the Soviet bloc voted No. Russia, which occupies North Korea, has refused to permit the U. N. commission to operate in that territory.

The general assembly voted 32 to 0 to continue the U. N. appeal for children another year. All countries were urged to support it.

The assembly approved 33 to 0 a Swedish resolution asking the Security Council to reconsider 12 rejected applications for U. N. membership. Israel is No. 13 on the list of applicants.

Found Fortune In Cleaning Garage

Monrovia, Calif., Dec. 9—(AP)—A painting, discovered in a dusty crate in a garage here, was identified by art dealers today as one done three centuries ago by the famed Belgian artist Frank Snyders. They appraised it at \$4,000 to \$5,000.

The find was made by James Moir as he cleaned the garage. The painting was bequeathed to Moir 25 years ago by George Ward, steamship company scion.

It is a picture of dead game. Snyders was noted for his works picturing animals and still life. He died in 1657.

ABC Raid Finds Two Big Stills In Beaufort County

Pitt County ABC Officers J. M. Ward and Claude Manning and Beaufort County ABC Officers Clyde Stubbs and Francis Eddings destroyed and destroyed two 75-gallon moonshine whiskey stills late Wednesday afternoon in the Clark's Neck section of Beaufort County. One of the stills was on Tranter's Creek.

The officers destroyed 2,000 gallons and sugar and cornmeal mash and 60 gallons of "yuletide spirits." The distilleries were not far apart. They were being fired with brick coal, almost smokeless. The stills had a 50-gallon steam boiler and two copper condensers. The mash was contained in six 200-gallon barrel fermenters and 19 50-gallon barrel fermenters. The stills appeared to have been in operation as late as Tuesday night, the officers said.

October Highway Deaths Reach 76

Raleigh, N.C., Dec. 9—(AP)—The Motor Vehicles Department reported yesterday that during October 76 persons lost their lives on North Carolina's highways. In October, 1947, 78 fatalities were recorded.

The state's traffic fatality toll for the year through October stands at 584.

The department also reported that during November 5666 persons lost their driving licenses because of driving while drunk. This compares with 906 in November of last year.

Layoffs Affect Cleveland Area

Cleveland, Dec. 9—(AP)—More than 40,000 workers in the greater Cleveland area have been notified of layoffs.

The Apex Electrical and Manufacturing Co. dropped 300 last week and will drop 300 more on Jan. 1. President Clarence G. Frantz said the action was caused by a "government curb on installment buying."

Plans Completed For Enlarging Of Jarvis Memorial

Final floor plans for the expansion of worship and educational facilities for Jarvis Memorial Methodist Church have been completed, Ollie Van Nortwick, Junior, announced last night to the Board of Stewards of the church at their monthly meeting held in the Ellington Class Room of the Educational Building. He told them that printings of the plans and a colored picture of the enlarged structures would be put in the vestibule of the church in a week or two depending on the drying of the special ink used.

The Building Committee has gone as far as it can now until action is taken by the congregation; so no dates or figures are available. Plans call for keeping the main body of the church—the part used for worship—the same width but to double its length. The Educational building will be more than twice its present length.

Carrying out the expansion program will be divided into three phases with adequate worship facilities accessible continuously. The first phase calls for adding to the length of the present Educational building—just adding on at the rear of the present structure.

The second phase calls for expansion of the main auditorium of the church to twice its present length and the addition of a balcony.

The third phase calls for removing that portion of the present Educational building lying between the main body of the church and that part of the present Educational building built in 1925; thus leaving a park space between the main church and the Educational building about thirty feet wide. In this third phase there will be a complete renovation of that part of the present Educational building left standing.

Public announcement of all of this called Lyman Crompton, chairman of the Building Fund Committee, to remark that the Building Committee have the stewards where they have got to go to work raising more money. He announced that he had on hand last night \$78,578.84 which he said had been raised without much effort on anybody's part. There is still a long way to go, Mr. Crompton told his co-workers. The plan is to have a concentrated drive between last night and Christmas and each steward was given an assignment.

Assails Secrecy Over Royal Baby

London, Dec. 9—(AP)—Lord Beaverbrook's Evening Standard took Buckingham Palace to task today for secrecy about Princess Elizabeth's 26-day old baby.

"Only a favored few know what he looks like or how he is progressing," complained the "Londoner's Diary" column. "No bulletin has been issued since Dec. 3."

"Why this secrecy? The whole world is waiting to know about the baby. But Buckingham Palace officials refuse all details."

COLUMNIST PASSES Hendersonville, N.C., Dec. 9—(AP) Robert Quillen, newspaperman and columnist of Fountain Inn, S.C., died today in a nursing home.

Russians Complain Anew Of Air Corridor Violations

Berlin, Dec. 9—(AP)—Russian military authorities complained anew today that American airlift planes had violated four-power regulations in flying over the Soviet zone.

Soviet air safety officers listed 16 alleged offenses in the past 16 days. A Russian letter said most of the "incidents" involved four-engine C-54's flying at heights as low as 333 feet.

Lieut. I. Komarov, acting Soviet chief of air control, recommended that American craft fly 3,300 feet or higher in the zonal corridors and over the Berlin area "independent of weather conditions."

Without acknowledging or denying the incidents, Capt. Vincent H. Goodkin, U. S. air safety officer, replied in a letter simply "Our pilots have been briefed and will continue to be briefed to abide by the rules of flight."

One specific case listed by the Russians said that on Nov. 18 an American craft allegedly "came out of the clouds" at Jüterbog and "spurred a Soviet fighter plane by pursuing it." They claimed the Russian plane averted a collision only by diving quickly.

Sunny skies speeded the airlift again today. Yesterday's total of 6,133 tons brought to Berlin was the second largest in the airlift's history.

Earlier, bickering between eastern sector and western sector Berliners centered on mail and garbage.

The Soviet-controlled state railway refused to provide freight cars to carry away garbage from the two-thirds of Berlin under British French and American occupation.

Smouldering Arab Feud Flares Again In Dispute

Cairo, Dec. 9—(AP)—Smouldering Arab differences over control of Palestine flared anew today. This time Amin El Hussein, exiled Mufti of Jerusalem, said such action would amount to accepting the principle of partition of the Holy Land.

The Palestine Congress in a conference at Jericho last week asked Abdullah to become king of Palestine. A reliable informant said yesterday the Amman government would proclaim Abdullah king of Palestine on Monday. The informant said a new Trans-Jordan government would be formed with a Trans-Jordan premier, eight Palestinian ministers and six Trans-Jordanian ministers.

Plans Completed For Enlarging Of Jarvis Memorial

Floor Plan For Expanded Facilities; Completed; Three Phases In Work

By WYATT BROWN

Final floor plans for the expansion of worship and educational facilities for Jarvis Memorial Methodist Church have been completed, Ollie Van Nortwick, Junior, announced last night to the Board of Stewards of the church at their monthly meeting held in the Ellington Class Room of the Educational Building. He told them that printings of the plans and a colored picture of the enlarged structures would be put in the vestibule of the church in a week or two depending on the drying of the special ink used.

The Building Committee has gone as far as it can now until action is taken by the congregation; so no dates or figures are available. Plans call for keeping the main body of the church—the part used for worship—the same width but to double its length. The Educational building will be more than twice its present length.

Carrying out the expansion program will be divided into three phases with adequate worship facilities accessible continuously. The first phase calls for adding to the length of the present Educational building—just adding on at the rear of the present structure.

The second phase calls for expansion of the main auditorium of the church to twice its present length and the addition of a balcony.

The third phase calls for removing that portion of the present Educational building lying between the main body of the church and that part of the present Educational building built in 1925; thus leaving a park space between the main church and the Educational building about thirty feet wide. In this third phase there will be a complete renovation of that part of the present Educational building left standing.

Public announcement of all of this called Lyman Crompton, chairman of the Building Fund Committee, to remark that the Building Committee have the stewards where they have got to go to work raising more money. He announced that he had on hand last night \$78,578.84 which he said had been raised without much effort on anybody's part. There is still a long way to go, Mr. Ormond told his co-workers. The plan is to have a concentrated drive between last night and Christmas and each steward was given an assignment.

Relax Checks On Yugoslav Trade

Washington, Dec. 9—(AP)—The American government is cautiously easing its restraints on trade with Yugoslavia. The purpose is to give Marshal Tito some slight help in his struggle to survive against Russian opposition.

Authorities here are extremely reluctant to discuss the situation at all but it was learned that this government through export license controls is now permitting some goods to go to Yugoslavia which formerly would have been prohibited to obtain in the United States.

Well informed authorities say there is no tendency to regard Tito as pro-capitalist and anti-Communist. Rather he is regarded here as an anti-capitalist critic of the western world. But his split with the Kremlin gives him a unique position which it is to the advantage of the western countries to use in the cold war with Russia.

Tito split with the Russian-dominated Cominform months ago and has amazed American experts on Communism by surviving this long under constant Cominform attack. Yugoslavia is suffering a partial blockade by Russian bloc countries and is not able to obtain all the materials it needs for survival. For example, according to information reaching here, the Yugoslavs are not getting oil from either Albania or Romania.

Presumably if they do obtain oil from western sources, the deal will be handled indirectly with American or other oil interests in the Mediterranean area.

State Dept. Reveals New Safeguards Put In Effect

Washington, Dec. 9—(AP)—State Department officials said today their vital codes are under constant checks to prevent the betrayal of American secrets to foreign governments.

Whether prewar diplomatic messages between Washington and American embassies abroad were as secure from prying eyes is in grave doubt as a result of disclosures during the congressional spy inquiry.

However, Acting Secretary of State Lovett said yesterday the whole system of safeguarding such messages has been transformed in recent years. He declared the codes now are as secure as experts know how to make them.

Complicated machines are used in the State Department, as well as in the armed services, to change the wording of official messages into gibberish which—at least in theory—only another, identically set machine can reduce to the original form.

Officials said that in addition a special cryptographic unit makes frequent spot checks for any signs of flaws. Any suspicion that the code has been compromised brings an immediate order to change it.

In 1937 and 1938 such a change would have meant destroying code books used to decipher messages. Those were the years during which large numbers of "top secret" and other classified documents were pilfered from the State Department and copied by a Communist spy ring, the House Un-American Activities Committee has been told.

Even now, officials said, a basic change in the communications security system may be difficult and expensive.

British To Send Reinforcements Into Hong Kong

Singapore, Dec. 9—(AP)—The British army announced today it is sending reinforcements to Hong Kong "in view of the deteriorating situation in China."

A communique announcing the departure by the year's end, said the second battalion of the sixth Gurkha Rifles was going to the British crown colony. Informed military sources said the outfit's departure had been speeded up because of the Communist advance south through China.

Congressional Spy Inquiry Is Still Red Herring To Truman

Probers Assail 'Red Herring' Viewpoint

Angry Flare-Up By Committee Members; Nixon Says Facts Uncovered Disprove Label; Speed Up Inquiry

Washington, Dec. 9—(AP)—President Truman again called the Congressional spy hearings a Red herring today and said the committee conducting them is a dead end.

That brought an angry flare back from members of the House Committee on Un-American Activities who in the past 19 days have turned up allegedly stolen secret state department documents and say they are about to expose the people who stole them.

Rep. Nixon (R-Calif.) said that in the light of evidence the Committee has uncovered "the President's statement is a flagrant flaunting of the national interests of the people."

And it is apparent, he told reporters, that the only way the facts are going to be uncovered is through the committee.

Nixon said the President, "by continuing to obstruct the committee, is helping to keep the facts about the stealing of America's top secrets by the Communists from the American people."

Acting chairman Mundt (R-SD) said that it was inconceivable to him that Mr. Truman would repeat the Red herring remark.

"If he considers the investigation a Red Herring," Mundt said, "I challenge him to authorize us to publish the documents in toto in the press. The state department says they are so starting that to release them even now would imperil the national security. If this is a Red herring, let's publish them."

Rep. Mundt told reporters he be-

However, President Says Attorney General Will See Law Enforced In Connection With Documents Stolen From State Department

Washington, Dec. 9—(AP)—President Truman said today he still believes the Congressional inquiry into Communist spy activities is a Red herring.

That was his reply when asked about it at a news conference. At the same time, he said that Attorney General Clark will see that the law is enforced in connection with documents stolen from the State Department.

The House Un-American Activities committee, probing into alleged Communist espionage, has received from Whittaker Chambers a bunch of documents allegedly stolen from the State Department back in 1937 and 1938.

Chambers, now a senior editor of Time Magazine, says he was a courier in those years for a Red spy ring.

Chambers has testified that Alger Hiss, then a State department official, was among those who slipped him documents.

Hiss has denied that. He is now president of the Carnegie Foundation for international peace.

Alluding to the papers Chambers produced, a reporter told Mr. Truman that there seemed to be incontrovertible evidence that highly secret documents had been taken from the State Department.

The President repeated that the Attorney General will take all steps necessary in the case.

A reporter asked to know whether Mr. Truman felt that the inquiry is still a Red herring.

The President called it that on several occasions during the summer and fall when he was campaigning. He asserted at that time that the Republican-directed investigation was intended to divert attention from lack of Congressional action on high prices.

In reply to today's question, Mr. Truman said the people seem to think the inquiry still is a Red herring.

"Do you?" A reporter persisted. "The President replied that yes, he did."

The President then was asked whether he had given any instructions to the justice department in the case. He replied again that the department knew what to do and would do it. He said he has talked over the matter with the Attorney General.

He said the justice department will follow the law in the matter. Then he added rather sharply that he has no intention of getting into a controversy with this dead committee—an allusion to the fact that the House committee, as now constituted, will go out of business when the new Congress meets in January and Democrats take control of Congressional machinery.

A reporter, asked whether the President felt the committee should be abolished.

Mr. Truman replied that Congress would have to take care of that matter. He suggested that his questioner see the speaker of the House of Representatives for his answer.

While Mr. Truman was holding his conference, the House committee was meeting in a closed session at the capitol.

Vital Codes Said Closely Watched

State Dept. Reveals New Safeguards Put In Effect

Washington, Dec. 9—(AP)—State Department officials said today their vital codes are under constant checks to prevent the betrayal of American secrets to foreign governments.

Whether prewar diplomatic messages between Washington and American embassies abroad were as secure from prying eyes is in grave doubt as a result of disclosures during the congressional spy inquiry.

However, Acting Secretary of State Lovett said yesterday the whole system of safeguarding such messages has been transformed in recent years. He declared the codes now are as secure as experts know how to make them.

Complicated machines are used in the State Department, as well as in the armed services, to change the wording of official messages into gibberish which—at least in theory—only another, identically set machine can reduce to the original form.

Officials said that in addition a special cryptographic unit makes frequent spot checks for any signs of flaws. Any suspicion that the code has been compromised brings an immediate order to change it.

In 1937 and 1938 such a change would have meant destroying code books used to decipher messages. Those were the years during which large numbers of "top secret" and other classified documents were pilfered from the State Department and copied by a Communist spy ring, the House Un-American Activities Committee has been told.

A Service League Cook Book makes an attractive and worthwhile Christmas gift, and yet they are inexpensive. Get yours from Ellington Book Store. All proceeds go to the Laughinghouse hospital bed fund.

Mrs. Brown Hostess To Thalian Club

Mrs. W. W. Brown was hostess to the Thalian Book Club Tuesday, November 30. After a delicious buffet luncheon, the president, Mrs. Edmund Waldrop, called a business meeting. Each member contributed her share of a TB bond that the club had gladly elected to purchase at the last meeting.

Mrs. Bruce Sugg then introduced Mrs. John Collins Jr., who gave a reading on "The Byrd's Christmas Carol." It was charmingly done and everyone thoroughly enjoyed the story about a lovely little sick girl who could bring so much joy to a large poor family at Christmas time.

After the reading the books were exchanged and the meeting adjourned.

P. T. A. Council Holds Dinner Meeting

On Monday evening, November 29, the Pitt County Council of Parent-Teacher Associations held its annual dinner meeting at the Winterville high school with the principals of the schools as guests.

The tables were attractively arranged with Christmas greens and candles. A most fitting setting for the delicious turkey dinner which followed.

The program for the evening consisted of a panel discussion on "What the P. T. A. Can Mean to a Community," conducted by Mrs. Paul Davenport, program chairman.

Participants were Mr. Walter Latham, principal; Miss Reba Proctor, supervisor; Mrs. Cecil Garrington, president; Mrs. Scott Topping, of Pantego, director of district area; Mrs. W. J. Stell, state membership chairman and Mrs. W. F. Little, Dr. Allen Hurlburt of the faculty of East Carolina Teachers College summarized the program and Dr. Hurlburt brought out the following points:

The parents and the school should form a partnership in working for the welfare of the child through the P. T. A., the common meeting ground.

It is the function of the P. T. A. to study the needs of its own community and adopt the four point program to these needs, namely, education, world understanding, health and home and family life.

The discussion proved so interesting and beneficial that it was suggested that it be continued in the near future.

American Legion Auxiliary

The American Legion Auxiliary will meet with Mrs. Woodrow Worthington in Winterville, Monday, December 13, at 3:30.

SOCIAL CALENDAR

THURSDAY

7:30 p. m.—Christmas meeting of Business and Professional Women's Club at Sheppard Memorial Library.
8:00 p. m.—Carrie Wilson class of Immanuel Baptist Church meets with Mrs. G. B. Jones.
8:00 p. m.—Mrs. James Long and Mrs. H. R. Goodall will be hostesses to the T. E. L. class of Memorial Baptist Church at the home of Mrs. Goodall.
8:30 p. m.—Rehearsal for Lewis-Terry wedding at Pentecostal Holiness Church.
9:30 p. m.—Mr. and Mrs. W. M. Pollard will entertain the Lewis-Terry wedding party and out-of-town guests.

FRIDAY

1:00 p. m.—9:30 p. m.—Garden Club Christmas Show at the Woman's Club.
3:00 p. m.—First performance by the Teachers Playhouse and the Women's Chorus of East Carolina Teachers College of the medieval church drama, "The Coventry Nativity Play." The first four performances will be in the Austin auditorium, and will be open to the public.
5:00 p. m.—The wedding of Miss Eleanor Marie Terry and Willie Jacob Lewis will take place in the Pentecostal Holiness Church.
5:30 p. m.—Mr. and Mrs. L. N. Terry will entertain at a reception at 207 Lewis street, honoring the Lewis-Terry wedding party.

6:30 p. m.—Kiwanis Club.
7:00 p. m.—Greenville Alumni chapter of E. C. T. C. meets in room 127 Austin building for supper meeting. Dr. Messick, guest speaker.
7:30 p. m.—Red Men meet.
8:00 p. m. to 11:00 p. m.—Dance at Recreation Center for high school students and young people, chaperoned by the Junior Woman's Club.

8:15 p. m.—Special performance of "The Coventry Nativity Play" for the public.
SATURDAY
9:30 a. m.—9:30 p. m.—Garden Club Christmas Show at the Woman's Club.
SATURDAY
3:30 p. m.—Literature Department of the Woman's Club will meet at the home of Mrs. J. D. Messick.

SUNDAY
8:15 p. m.—Third performance of "The Coventry Nativity Play" by the Teachers Playhouse and the Women's Chorus of East Carolina Teachers College. The fourth performance will take place on Monday, December 13, at 4:00 in the afternoon; and a special performance for the Epes High School for Negroes will take place there on Tuesday afternoon, December 14, at 2:00 p. m.

The famous duck, named for the reddish-yellow coloring, is a night feeder, and consequently very little is known about the habits of this bird.

Winterville F.H.A. held its regular meeting on December 2, 1948. The meeting was called to order by the president Emogene Nobles had charge of the devotional. Ruth Little led us in our club prayer which was followed by the creed.

During the business session we discussed and decided to buy our F.H.A. creed to frame, scales for recording our weight, scrapbook for our historian to keep records of the F.H.A. activities, and a minute book for our secretary. It was also decided by the club to have a social before Christmas. Each girl is to bring a gift costing about twenty-five cents.

The meeting was adjourned to meet again at the next regular meeting date.

Wilma Wiggins, Reporter

Christmas Tableaux To Be Presented

Plans are being completed for the presentation of the annual Christmas tableaux by the First Presbyterian Church. The three scenes depicting the Christmas story will be shown on Tuesday, Wednesday and Thursday of next week, December 14-16. On the first night the appearance of the angels to the shepherds will be represented. The last two will show the adoration of the shepherds and of the wise men. Christmas music and Scripture passages will accompany the tableaux which will last from 7:30 until 9:00 clock on each of the evenings.

The Rev. L. W. Topping and Mrs. Fred Haar are co-chairmen, in charge of the general planning of the tableaux. Mr. Ashley Corbin is vice-chairman. The committees are as follows:
Music: Mrs. T. M. Watson, chairman; Mrs. Guy Smith, Miss Gladys Reichard, Mrs. Dink James.
Angels: Mrs. Edward Tyler, chairman; Miss Kate Lewis, Mrs. Shotwell, Mrs. Hunter Irving, Mrs. Roy Coburn, Miss Ann Duke.

Shepherds: Mrs. Arthur Corey chairman; Mrs. Linda Stokes, Mrs. Earl Stokes, Mrs. Stanley Daughtridge.
Mary and Joseph: Mrs. Ed Harvey chairman; Mrs. Withers Harvey.

Wise Men: Mrs. N. O. Warren, chairman; Miss Iva Shelburn, Mrs. Clifton Stokes, Mrs. N. S. Beard.
Decorations: Hunter Keck, chairman; Mr. J. J. Jones, Mr. Ken Beatty, Mr. Howard Moyer, Mr. Linda Stokes, Mr. and Mrs. Bryan Brown, Mr. Woodrow Corbett, Mr. James Ficklen.

Background decorations: Mr. Ashley Corbin, chairman; Mrs. Ed Tyler, Mrs. L. W. Topping.
Manger decorations: Hilliard Vines.
Lights and loudspeaker: Mr. and Mrs. Bryan Brown, Mr. Clyde Landring.
Publicity: Miss Martha Stribling.

Radio Station WGTC has agreed to broadcast the music and Scripture of the tableaux for a half hour on each of the three evenings. The exact time of the broadcast will be announced later.

Men's Club Holds Supper Meeting

The monthly meeting of the Presbyterian Men's Club was held in the dining room of the church on Wednesday evening, December 8th for one of their finest meetings of fellowship, fun and feasting. There were 59 men present together with their guests and visitors. Visiting with us on this occasion were: Mr. D. W. Richardson, Wilmington, Roy Ferguson, Charlotte, Bill Beatty, Raleigh, Ham Grinnell, Nat Harrison, Dr. Ruribert and Dr. Beecher Flanagan all of Greenville.

The ladies of the church in their usual fine way prepared a wonderfully appetizing menu, consisting of turkey with all the extras. The tables were artistically decorated with the Christmas motif, and special favors were placed at each plate.

The meeting was opened with the singing of the doxology, the invocation and blessing by the Pastor Rev. Leonard Topping. Dr. Carl Adams was called on to thank the ladies for the wonderful supper and this he did in glowing terms.

Men's Club Holds Supper Meeting

After supper the feature of this occasion was the enjoyment of the quartet singing of James Ray Pittman, Aubrey Tilley, Ed Conway and Tige Gardner with Mrs. Christine Smith at the piano. These boys gave us some good old Barber Shop harmony with "Get away Jordan"—I Get the Blues When It Rains, and several other numbers. They were roundly applauded and came back for several encores. Mrs. Smith concluded this part of the program in playing several Christmas carols with the entire group joining in the singing.

Several short talks were made by some of the men, then Bill Kyzer, Carl Whitfield, Ed Tyler, Bancroft Moseley Bryan own and the Preacher indulged in some short story telling. This was topped by Dr. Fred Haar, who let it be understood he was a Pediatric, and his job was that of attending to the Infirmary. The meeting was adjourned with Bancroft Moseley pronouncing the benediction.

Believes Russia Ultimate Victim Of Iron Curtain

New York, Dec. 9—(AP)—Russia's iron curtain ultimately will be "more disastrous to those it shut in than to us whom it shuts out," says U.S. Supreme Court Justice Robert H. Jackson.

Justice Jackson told the New York County Lawyers Association last night he doubts the wisdom of "many people who think we have to do something—even if something violent—to break through the Soviet Iron Curtain" and that "we must somehow penetrate it with information, news and our own ideology."

He said that what this country would need to fear would be an "open-minded, tolerant and inquiring Soviet Union, thirsting for truth."

"If they want to handicap themselves by closing the Soviet Union's

eyes and ears to the actions and thoughts of the western world, I do not think it strengthens them against us," Justice Jackson said.

"If they want to send their scientists to Siberia because they do not make the cold facts of science, such as genetics, support Soviet political theories, I condemn it as inhumane, but I don't think it imperils our security."

"If it is necessary to maintain Kremlin control over the diversified and scattered Russian people by banishing thought and research, art and drama that is out of step with their politics, we may deplore it; but we need not lose sleep about it endangering us."

Jackson served as chief American prosecutor at the Nuremberg trials of top Nazi war leaders.

Reports Women 'Talk Less' When It Comes To Criminal Matters

Cleveland, Dec. 9—(AP)—Do women really talk more than men? Maybe in some things. But when it comes to criminal matters, they definitely don't says detective Lt. David E. Kerr, head of the police

Joint Hostesses Honor Bride-Elect

On Wednesday afternoon, Dec. 1, Mrs. W. J. Lewis and her daughter, Janice, honored Miss Eleanor Marie Terry, bride-elect, at a tea at their home on Raleigh Avenue.

Guests were greeted by Mrs. Frank Moseley, who introduced them to the receiving line, composed of the hostess and the honor guest, and her mother, Mrs. L. N. Terry of Aulander. Miss Janice Lewis directed the guests to the dining room.

The dining room table was covered with an imported lace cloth and centered with seven burning tapers, surrounded by greenery and red berries. Open faced sandwiches, cheese and ham biscuits, nuts, pickles and mints were served. Mrs. Curtis Rogerson poured the tea. Miss Betty Branch provided music during the tea hour.

Between fifty and sixty guests called during the hour.

homicide squad here.

In a radio interview at the press club last night he declared: "There's no trouble finding the woman in the case. But it's really tough making her talk. Women are the hardest to get a confession from."

LEADER — Dr. Frances Scott of Northampton, Mass., president of National Federation of Business and Professional Women and a physician for 30 years, poses during N. Y. visit.

Plan Christmas The King's Daughters

Mrs. E. W. Harvey was hostess to the Patient Circle of The King's Daughters Tuesday night, December 7.

The president, Mrs. Clara Moya Shackell, announced that the Christmas committee will function by all members considering themselves active on this committee with Mrs. W. M. Scales, Miss Mary Wells and Mrs. George Benfro, chairmen. All members are to meet at the home of Mrs. Hortense Moya, 611 Evans street, Friday night, December 17, to pack Christmas boxes for the needy of the community.

Mrs. J. H. Randolph, in charge of the program for the evening, introduced Miss Bettie Anne Young. Miss Young presented a reading that proved beautiful and inspirational on the meaning of Christmas. After this impressive entertainment the hostess served delicious refreshments decorated in keeping with the Yuletide season.

New members are Miss Ellen Proctor, Miss Jane Hancock, Mrs. Alice Keel, and Mrs. Dorothy Trotman.

Garden Club Christmas Show

Tables of every kind will give endless pleasure and infinite suggestions to all who attend the Christmas Show at the Woman's Club Friday and Saturday.

Children's tables with the gayest decorations imaginable, others featuring every conceivable type of holiday entertaining, such as family tables for Christmas morning, for formal and informal dinners.

Others will be arranged for every phase of holiday entertaining from an informal chili supper and dessert table to an exquisite table for the lucky girl who is a Christmas bride.

Since tea parties are such a happy part of the Christmas season special attention has been given to this and several tables arranged, among them a Victorian tea table, tea by the fire, as well as those for more formal occasions.

Under the direction of Mrs. H. L. Rivers, these promise to delight the observer.

Strength FOR THE DAY

FREEDOM OF A YIELDED WILL

Here is a fine personal witness on the reality of God's leading when one really prays with faith:
"In 1937 I was out of work," writes Jack Bannick in a recent issue of "Clear Horizons." "A job was opened with a certain company, and I prayed for help in obtaining it. That was my will, what I thought would be best for me. I did not get that job, but without contact from me a man I scarcely knew telephoned and offered me a job with his company. The job I prayed for exists no more. The company is bankrupt. The job God saw fit to place before me was very good and brought me increased earnings and executive responsibilities. . . . I know from experience that if I leave things to God, trust Him, and pray without selfish intent, God's will turns out to be best for me in the end."
Few people know the real meaning of the prayer, "Not my will, but thine be done." To pray thus and to mean it requires a lot of faith; it involves a rigid spiritual discipline. But what rewards when the spiritual achievement is really made! As Jesus prayed that prayer, his very blood mixed with his sweat and ran down over his face. But when finally he yielded completely, he had peace.
All of which is a pattern for us, and the charter of our spiritual emancipation.

Around Capitol Square

By LYNN NISBET
DUMB—A group of state employees were discussing the prospective changes in high ranking appointive personnel when the Scott administration gets underway. The talk turned to two or three officials who were very active against Kerr Scott in the primary, but who are now hopeful they may be retained in their more or less lucrative positions. At this point one of the conferees injected the observation: "If they are that dumb, then they are too dumb to hold the jobs and they ought to be fired." Selah.
o-o-o

MISQUOTE—Several reporters deliberately misquoted Governor-elect Kerr Scott Tuesday and the capitol press crowd has been arguing ever since about whether they were kind or not. The newsmen were waiting for the morning press conference with Governor Cherry when Scott unexpectedly showed up. He hadn't seen a newspaper story of that day containing a statement by Charles Flack, whose resignation as chief clerk of the utilities commission Scott had requested. When he had been shown and had read the statement the incoming governor quipped: "He's a good talker, ain't he?" Some papers quoted him correctly, but several changed his quip to read "ain't he." Later the new governor said that since "ain't" is grammatically correct may be that was what he said.
AIN'T—But he did say "ain't," and ain't is a good word. It has more punch and everybody knows what it means. Another oldtimer in the group recalled that the late Senator J. W. Bailey made very effective use of the ain't contraction. Few men in public life have had a better vocabulary or made more effective use of words than the late Senator. In speaking and in writing he made every word count and "ain't" was one of his favorites. Kerr Scott would not claim the scholarly attainments of Senator Bailey, but he also can use simple words effectively. And he said "ain't."
o-o-o

RESIGNATIONS—In connection with anticipated changes in appointive positions there has been a lot of talk about resignations, requested or otherwise. It is of common knowledge that the eleven members of the highway and public works commission have discussed on bloc resignations prior to January 1. Latest word on this is the matter will come up for further discussion at the scheduled December 22 meeting of the commission. Hathaway Corcoran's resignation, has already tendered his resignation to Governor Cherry effective December 31.
MOTIVES—Other resignations are expected, and rumor has it they will be motivated by widely different sentiments. Very few of the top flight appointive officials supported Scott for governor and they recognize that political practice calls for their replacement. Some will resign with the primary purpose of embarrassing the new governor by precipitating replacement appoint-

McNaught Syndicate, Inc., N.Y.C. REC-MANNING

ments before he is ready to make them. Some will offer resignations, coupled with pledge of continuing service until such time as the governor can find suitable replacement. In order to prevent embarrassment. And others will not bother to resign at all but will continue to supervise their offices until replaced by new appointees. Whatever other things can be charged to the new governor he is not dumb, and he can easily tell which officials are tendering resignations to embarrass him and which are trying to avoid embarrassment. It should be recorded to the credit of appointive office holders that very few come in the category of those who want to embarrass the governor. Nearly all of them want to see the Scott administration succeed and carry on the record of progress established during the past half century, even though they voted for another candidate for governor. The very few deliberate trouble makers are not getting far in their efforts to promote discord of the second part over family history.
The only way for a husband to get at the real truth of the matter is to stay home and find out what makes a wife so tired. What are her problems? How does she meet them? Last week I was bedfast in my own four-room castle with a tumult in my toes that the doctor called a rheumatoid infection. I had a good chance to observe the work routine of my wife, Frances. Illness often sharpens the senses, and I think I have finally found out why wives get weary.
If your household is anything like mine, this is the way the day goes: The good wife cooks and eats breakfast and carries out the dishes to the sink. Then she goes back to bed and lies down for a few minutes.
Up she jumps and goes in and feverishly does the dishes. She flops on the couch and rests. She jumps up and does the beds. She flops on the love seat and makes out a grocery list. She jumps up to answer the phone. She flops down on the couch. She bounces up to go to the door. No, she tells the man, she doesn't want to buy a four-volume history of Abyssinia.
She flops on the love seat—she leaps up and buzzes the cleaner around the rug—she sags down on the couch—she's up and pawing at the furniture with a rag—she's back on the love seat—she's up as the phone rings again—she sighs back to the couch to read the shopping ads—she's up to let in the grocery boy—she swoons again briefly on the love seat—
And so the day wears. She's up—she's down—she's down—she's up. I felt I was in a position to offer Frances my findings.
"A motor car burns more gasoline going through a traffic-crowded street, where it has to stop and start, than if it goes on a quiet road," I said.
"Housewives could climb the Washington monument with the strength they waste flopping down and getting up all day long. Either they should stay up longer and get more work done, or else lie down longer and get more rest."
When I asked Frances what she thought of this theory, she said: "I don't care for your use of the word flop. And as for your theory, all I think it shows is that you are well enough to go back to work."
I guess my theory was a flop—I mean a failure. But it also explains why husbands come home tired. They sit at their desks, then get up and go to the water cooler to keep from tackling a problem. They come back flop in their chair, rustle some papers—and back to the water cooler. They're up—they're down—they're down—they're up.
No wonder a man comes home weary. He's spent the whole day at the office flopping, too—one way or another.

Boyle's Column

By HAL BOYLE
New York—(AP)—A man comes home from his toll and finds waiting for him there a wife as weary as if she had spent the whole day wrestling an alligator.
When he asks, "how come, baby?" He is told wistfully:
"Man works from sun to sun, but woman's work is never done."
This doesn't clarify the mystery at all. For the average husband is convinced that if there is one person who has an easier life than his boss—it's his wife. He can't understand how she can get so worn out when he has been breaking his back earning enough money to buy gadgets to make her housework simple.
And it does no good at all for him to wonder out loud:
"I remember mom used to get tired, too, sometimes. But she had house full of kids. And of course she did all the laundry and ironing and even raised chickens in the backyard after eggs got up to 40 cents a dozen. But how anybody could get tired straightening up this dinky little apartment is—"
"I am not your mother," says the wife, "and besides—"
And the subject of her fatigue is lost in an argument between the party of the first part and the party

WASHINGTON LETTER

Washington — Margaret Truman is more determined than ever to be a success as an opera singer despite the increasing formality, fuss and festivities crowding her life as the President's daughter.
The blonde 24-year-old coloratura soprano has already made her radio and concert stage debut. She is eager now for a tryout in opera. On one occasion she told newsmen she hopes for an opportunity to try out for two or three operas early next year or in the spring. She already has decided in what operas she wants to sing—"Lucia," "Rigoletto" and perhaps "La Traviata." She didn't say what opera company.
Margaret came back to the capital from Florida with a beautiful sun tan, a new short fluffy hair-do and renewed enthusiasm for carrying out the career she has mapped out for herself. Last September she put aside thoughts of this career temporarily to help "pop," as she calls the President, in his campaign. She traveled with him across the country and back on his campaign trips. He described her as his "greatest asset."
Margaret started her musical career when she was seven years old, learning to play the piano on the old family upright back in Independence, Mo. About eight years ago she started studying voice. The wife of one of her father's World War I buddies, Mrs. Thomas J. Strickler, was her teacher.
Margaret spent each summer in Independence, even after the family had moved to Washington when Mr. Truman became a senator.
During her college days at George Washington University here, where she was graduated in May 1947, Margaret sang briefly with the University glee club, and informally, for intimate gatherings of her Pi Beta Phi sorority sisters. At Gunston Hall, from which she previously was graduated, she put in a required hour a week with the school choir.
Late in the fall of 1946, without any fanfare and no publicity whatever she she up and quit the family circle to study voice in New York, taking an apartment with Mrs. Strickler.
Margaret has shown she has determination not to be daunted by circumstances. Her Detroit radio debut the following year had to be postponed a week because she came down with laryngitis. She had to call off her concert stage debut to fly to the bedside of her seriously ill grandmother.
This debut she finally made in Pittsburgh on Oct. 17, 1947. Later she followed this up with a tour in which she proved herself a "good trouper."
She said recently she hadn't sung on her father's campaign trips because her singing was "nonpolitical."

GOVERNOR — Chester Bowles, former O.F.A. Administrator, is the new Democratic governor-elect of Connecticut.

not connote opprobrium or reprehensibility.

Judge Edward S. Delaplaine, Jr., added in a scholarly analysis of slang that the term "screwball" may signify:

"Either (1) a peculiar or eccentric person, like crackbrain, cracknut, queer potato and queer specimen, or (2) a stupid or insane person, like batty, bug-house, crazy, boob, dippy, screw-loose and soft-head.

It is not a criminal offense, however, he said.

The court of appeals decision upheld a Montgomery county jury which held that James T. Crouch of Silver Spring was wronged when a neighbor charged him with disorderly conduct after Crouch allegedly called him a "screwball."

Crouch sued the neighbor, Capt. Thomas J. Kennedy, Navy Medical officer for malicious prosecution and was awarded \$1,400 damages. Capt. Kennedy appealed the decision.

Salvation Army May Lose \$2,500 Under Ordinance

Winston-Salem, N.C., Dec. 9.—(AP)—The Salvation Army figures its Christmas cheer campaign stands to lose \$2,500 because of a city ordinance.

Officials say they sustained losses because the city cut off transcribed carols formerly heard over the speaker systems at downtown kettle booths. The city put an end to the carols Monday afternoon by invoking its anti-sound system ordinance.

Brigadier J. M. Satterfield counted a loss of \$52 for the remainder of that afternoon. The "take" of the kettles on Tuesday, he reported, was \$100 below the corresponding day of last year's drive.

"This readily shows," said the Salvation Army brigadier, "that we will be at least \$2,500 to \$3,000 less than we got in last year, which is a very serious situation."

Truman's Letter Encourages Boy

Perth Amboy, N.J., Dec. 9.—(AP)—A letter from President Truman has resulted in a "200 per cent" improvement for a 15-year-old boy, critically burned by 50,000 volts of electricity, according to his nurses.

Frankie Wojciechowski came in contact with a live wire on a railroad siding Oct. 9. He has been in Perth Amboy General Hospital since.

The boy's badly burned legs were amputated in an attempt to save his life. Nurses said he became dependent when the operation failed to improve his condition.

Frankie and his nurses said they did not know how the President heard of Frankie's condition.

The boy said yesterday he almost had given up hope of becoming a machine operator.

"But if Truman can win when everyone said he didn't have a chance, I guess I can," he said.

The President's letter read: "I am told that you have been

Truman Village Would 'Explain' Vote For Dewey

Truman, Minn., Dec. 9.—(AP)—The village of Truman wants to "get right" with President Truman.

In the Nov. 2 general election the chief executive's Minnesota community nameake cast 216 votes for him while giving 275 to Gov. Thomas E. Dewey of New York, his Republican opponent.

A delegation of ten commercial club members starts for Washington Saturday to try to "explain away" those Dewey ballots.

Don Peterson, editor of the Truman Tribune and head of the committee, said the trip was arranged to "sort of atone for letting our namesake down."

The group has a White House appointment, Monday or Tuesday, he reported.

very brave and cheerful through some trying times. Such a fine spirit is a splendid asset and it gives me great pleasure to send you this word of good wishes. Keep the chin up!

With your many friends counting on you, I know you will not let them down."

Buyers Old Wells

Saluda, S.C., Dec. 9.—(AP)—Zed Duffie, a well digger, is out to buy all the old wells he can find.

Modern waterworks have displaced many old wells, but he nevertheless finds business good. He buys old ones and removes their casings for use in new wells. The casings have become rare items.

But for the curious who always want to know why he wants old wells, Zed has a stock reply:

"I cut 'em up and make post holes out of them."

Draws Crowds

Miami—(AP)—Sightseers from two national conventions here shattered all off-season attendance records at the Hialeah race track. A single day non-racing total of 15,000 visitors was set during the National Letter Carriers convention. The four days the American Legion convention was in session a total of 27,700 sightseers visited Hialeah.

Friction matches were first made in England in 1827.

Files Suit Over Alleged Delay In Getting Message

Fort Mill, S.C., Dec. 9.—(AP)—Col. Elliott Springs, multimillionaire textile manufacturer, has filed a \$2,500 suit against the Western Union Telegraph Company for an alleged delay in the delivery of a cablegram.

The complaint, filed with the county clerk of court, alleges that a cablegram advising Springs of his wife's safe arrival in Bermuda was delayed almost 36 hours in the Charlotte, N.C., Western Union office.

Mrs. Springs arrived in Bermuda by air at 6 p.m. Saturday, October 18, and immediately cabled her husband in Fort Mill. The message allegedly was received in Charlotte three hours later but was not delivered to Springs until Monday morning, October 18.

The delay caused the widely-known mill owner mental anguish, the complaint says.

A certain Indian fish gets food (insects) by shooting jets of water at them and knocking them into the water.

NOTICE

I, W. A. Dunn, will grind your corn into meal every Saturday, beginning December 11th. Also sell you lumber at all times.

Rector's Favorite Peach Gingles (Clip and file)

Use enough buttered muffin or custard cups to serve your family. Half-fill with sweetened sliced peaches (fresh or canned), dot with Wilson's Clear Brook Butter or Certified Margarine and sprinkle lightly with nutmeg. Place in 350°F. oven while you make batter for top.

Mix your favorite gingerbread batter and pour over hot peaches, filling muffin cups only two-thirds full. Return to oven for about 25 minutes to bake gingerbread. Serve slightly warm.

Good to the last crumb Any fruit's good

Pastor Presents Plans For Year

By WYATT BROWN

Plans for the coming year were presented by Reverend Leon Russell, the pastor, to the Board of Stewards of Jarvis Memorial Methodist Church last night. He explained that it was not a program to become a slave to but "a program to achieve a balance in the church life." Reverend Russell said he was giving copies of the program to all the officials and leaders in the church.

A letter from Bishop W. W. Peete to Reverend Robert W. Bradshaw thanking him and his co-workers for the fine entertainment of the Annual Methodist Conference in November of this year. The Bishop was high in his praise of the fine way Reverend Bradshaw had organized the local church's part.

John G. Fleming, chairman of a special fund raising committee for the Methodist Orphanage, announced that his committee had raised and sent off to the Orphanage \$1,268.36 to date.

It was announced last night that an open house would be observed at the parsonage for Jarvis Memorial members by Reverend Leon Russell and his wife on January 1, 1946 from eight to ten p.m.

New Technique To Reduce Tooth Decay Described

New York, Dec. 6 (AP)—Dr. Leon Lieber of Sydenham Hospital told a Greater New York dental meeting yesterday about a new technique which, he said, may reduce tooth decay by 90 per cent.

Here is how he said it works: Exposed surfaces of the teeth are swabbed for one minute with a 40 per cent solution of zinc chloride. Then, one minute later, a 20 per cent solution of potassium ferri-cyanide is applied over the first chemical coating.

"That's all there is to it," said Dr. Lieber.

WORRIED LOOK—Phyllis Jean Pavao, 3, seems worried as she minds 5-week-old twin brothers, William and Willard, at San Francisco before leaving on clipper plane for Honolulu with parents, Mr. and Mrs. William Pavao of Petersburg, Alaska.

Will Ask Assembly To Up Unemployment Benefit Pay

Raleigh, N. C., Dec. 6 (P)—The 1946 General Assembly will be asked to increase benefits to jobless workers and decrease collections from employers.

The state employment security commission's advisory council outlined such a plan at a meeting yesterday. Commission chairman Henry E. Kendall said that, as a result of the meeting, the general assembly would be asked to raise the minimum weekly unemployment payment from \$4 to \$5 and the maximum from \$20 to \$25.

The legislators also will be asked to reduce the amount collected from North Carolina employers covered by the program by an estimated \$6,500,000 annually.

Kendall explained the reduction would be accomplished by rewriting the formula by which employers are taxed under the state employment security act.

In addition to increasing weekly payments, the council's proposals would allow employed workers to draw payments for up to 20 weeks and on salaries of up to \$3,000. The present limitations are 16 weeks and \$2,080.

North Carolina has had an employment security program since 1936. During that time, employers' contributions and interest have totaled \$180,726,692.51. Jobless workers have collected a total of 42,794,228.33. As of Dec. 1, the balance remaining in the fund totaled \$151,511,186.26.

Baby Saved By Rare Operation

Winston-Salem, Dec. 6 (AP)—A rare, critical operation apparently had resulted today in saving the life of a newly born Negro baby.

Dr. H. Rembert Malloy, attending surgeon at Kate Blitting Reynolds Hospital, performed the operation last week two and one-half hours after the infant had been born with its intestines on the outside of its body. Dr. Malloy said medical records listed 96 similar previous operations, but that 50 per cent had resulted in death. He said the child had progressed steadily since an incision was made in the abdomen and the intestines were placed in normal position.

Washington (AP)—Aviation engineers suggest that rockets at the end of World War II were in about the same stage of development as were airplanes at the end of World War I.

Meditates In Jail

Los Angeles, Dec. 6 (P)—A minister meditated on speeding and on a parkway and to other traffic violations. Judge Roger A. Pfaff fined him \$50.

The Rev. Harold A. Lindsay, Pasadena minister, pleaded guilty yesterday to speeding 70 miles an hour on a parkway and to other traffic violations. Judge Roger A. Pfaff fined him \$50.

"Your honor, I thought I would get more consideration," said the minister.

"An automobile driven 70 miles an hour is just as dangerous in the hands of a minister as any other man," said the judge.

"You're being sacrilegious," said the minister.

"Don't call me sacrilegious in my court," snapped the judge.

"I'm going to give you three days

in jail to meditate about your attitude toward this court and our traffic laws."

The Greenhead mallard duck is the most plentiful and best known of all American waterfowl.

Baldpate ducks are closely related to European pigeons.

CHEVROLET
ADVANCE-DESIGN HEAVY-DUTY TRUCKS

Only Chevrolet Heavy-Duty Trucks offer all these extra-value features!

- Quicker, easier and quieter in operation, Chevrolet's new 4-SPEED SYNCHRO-MESH TRANSMISSION in one-ton and heavier duty models enables the driver to maintain speed and momentum on grades.
- Another Chevrolet innovation, the new SPINED REAR AXLE HUB CONNECTION insures added strength and greater durability in heavy hauling.
- Chevrolet's famous CAB THAT "BREATHES" brings you all-weather comfort. Outside air is drawn in and used air is forced out. Heated in cold weather.
- The power-packed Chevrolet LOAD-MASTER VALVE-IN-HEAD ENGINE, world-famous for economy, is now even more durable and efficient in operation.

Plus • The Flexi-Mounted Cab • Unrivaled, all-steel cab construction • All-round visibility with rear-corner windows • New, heavier springs • Full-floating Hypoid rear axles in 3/4-ton and heavier duty models • Hydraulic power brakes on 2-ton models • Ball-bearing steering • Wide base wheels • Standard cab-to-axle dimensions • Multiple color options

*Heating and ventilating system and rear corner windows with deluxe equipment optional at extra cost.

There's a mighty big difference in heavy-duty trucks and you'll know it the moment you hit the highway in one of Chevrolet's new heavy-weight haulers. For there's a rock-solid quality, an ease of handling and pull-away power in these Advance-Design trucks. But discover the facts yourself. Compare values! Then—compare prices! You'll find that only Chevrolet trucks have 3-WAY THRIFT—low cost of operation, low cost of upkeep and the lowest list prices in the entire truck field.

Not Vindictive But A Pleasure

Ferth Amboy, N. J. Dec. 8—(AP)—Police Recorder Louis F. Selye was making a quiet walk last night when he said, a familiar face stuck itself in front of his.

opened court the first prisoner before him was his accoster of the night before—up for the 28th time on a drunk and disorderly charge. Police finally had taken the man into custody after he found several other city officials to berate.

Deadly Battles In Animal And Insect Kingdoms

Lumberton, N.C. Dec. 8—(AP)—Thrilling action is abroad among the animal and insect kingdoms of Robeson County. The Robesonian published two battles-to-death struggles in recent times.

B. Sam Edwards reported that a cat, staring up into a large oak tree at a street intersection was attacked by a squirrel. The squirrel held grimly to the tabby's throat for some time, and when he turned loose the cat was dead. The squirrel scampered back up the tree to gnaw another notch in his favorite limb.

A physician reported seeing a fight break out between a German Shepherd and a bulldog. The whirling dogs overturned a hive of bees, he reported, and in a matter of minutes the swarm of mad bees stung both dogs to death.

Both the Dominican Republic and Spain claim to have the remains of Christopher Columbus buried with their borders.

ELECTED—Joseph Allen Frear, Jr., 45, president of a retail fuel and milk firm at Dover, Del., will represent his state as a Democrat in the U.S. Senate for the next six years.

Israeli Invasion?

Paris, Dec. 8—(AP)—The British said today they have private information that Jewish armed forces have invaded Trans-Jordan.

Harold Beely, British United Nations delegate, told the Security Council's Palestine Committee if the information proved true, it would "oblige Britain to take action envisaged in its treaty with that Arab country."

Beely did not specify the size of the forces reported to be involved.

Much Real Estate Changes Hands Here

The real estate market in Greenville took a rise Monday when K. W. Cobb and W. Z. Morton sold \$15,000 worth of lots in Eppes Park, a development for colored people in the western part of the city. The park was named in honor of the late Charles M. Eppes, faithful Negro educator and community leader.

The real estate promoters reported the sale of \$10,000 worth of property in Bethel, some of the Blount holdings.

The Eppes Park property is some of the most desirable in Greenville and will increase in value as time goes on, observers of real estate transactions said today.

Believes Russia Slow On A-Bomb

New York, Dec. 8—(AP)—A top-ranking atomic scientist says he does not believe Russia has an atom bomb now or will have one until "sometime in the 1950s."

Dr. Karl T. Compton, chairman of the U.S. military establishment's research and development board, made the statement last night.

"On the other hand, I'll admit it's dangerous to underestimate your enemy," he added.

Thousand-Pound Safe Is Stolen

Shelby, N.C. Dec. 8—(AP)—Thieves last night stole a 1,000-pound safe from the Western Union here. Company officials said it contained \$1,150 in savings bonds and \$125 in cash.

The thieves entered by breaking a rear door glass, rolled the safe from the front to the rear of the building and hoisted it onto a vehicle whose tire tracks showed in an alley.

The earliest use of the phrase "almighty dollar" is attributed to Washington Irving, in 1837.

In the Finest Tradition of the Old South

**Southern Manor
FRUIT CAKES**

Taste the superb quality in every delicious bite!

Pitt 4-H Delegate To National Congress Tells Of Experiences

(Editor's note: Two members of Pitt County 4-H clubs, Hazel Garis of Farmville and Curtis Lee of Fectelus, have recently returned from Chicago where they attended the National 4-H Congress. The following is an article written by Miss Garis about the Chicago trip.)

First of all I want to thank the Farmville Chamber of Commerce, Pitt County Farm Bureau, Farmville Rotary Club, Farmville Senior 4-H Club, and the Langs 4-H Club for the most wonderful trip I have ever had the experience of enjoying.

Saturday night we went to the National Barn Dance and saw Lulu Bell and Scotty and the rest of the cast. A group of us went back stage and talked to them. We wanted to know about them, and they wanted to know all about the National 4-H Club Congress. They were most amusing and entertaining.

NEW RELIEF! FROM MISERIES OF **Dad's Coughing Cold..**

VAPORUB STEAM
BRINGS RELIEF WITH EVERY BREATH

You know what wonderful relief you get when you rub on Vicks VapoRub!

Now... when you have a nagging, raspy cough due to a cold, here's a special way to use Vicks VapoRub. It's VapoRub Steam and it brings grand relief in a hurry!

Put a good spoonful of Vicks VapoRub in a bowl of boiling water or vaporizer. Then... inhale the soothing VapoRub Steam. The medicated vapors penetrate direct to cold-congested upper bronchial tubes and bring relief with every single breath! Try it!

VICKS VAPORUB

I met the other 27 North Carolina delegates in Durham, November 26 about 2 o'clock. Everyone was introduced and by the time we left we felt as if we had known each other always. That's the way of the 4-H'ers.

We had a special train on which to travel and had supper on the diner of the Norfolk and Western Railway. We had excellent menus from which to choose, therefore it was difficult to decide what to order. Most of the time we would try something that we had never had before and found it was delicious.

Singing was enjoyed by everyone of the trip up. Since we had our National 4-H recreational leader with us, we were never quiet for a minute.

The Virginia delegation accompanied us on the trip, so we were really a big family.

The pullman was hooked to our coach, and we were ready to retire about twelve. Of course, none of us could sleep. We were too thrilled and wanted to take everything in! We were fortunate enough to be able to see some of the mountains, although we went through most of them at night. North Carolina, Virginia, West Virginia, Kentucky, Indiana, Ohio, and Illinois are the states we traveled through. We changed trains in Cincinnati, Ohio at the Union Terminal, which is the largest station in the world, and it is really beautiful. I have never seen anything to compare with it. Mirrors completely surrounded the building.

We arrived in Chicago about one o'clock Saturday and went to the Stevens Hotel, which is one of the largest in the world.

Sunday morning we attended Church at the Chicago Temple, which is the First Methodist Church of Chicago and heard the Rev. Charles R. Goff. His sermon was very inspiring and he made everyone feel "at home."

We had lunch at the Forum Cafeteria preceding general assembly in the Grand Ballroom of the Stevens Hotel. Dr. Regina Westcott of Milwaukee, Wis., spoke on the "Happy Life with Self and Family."

My roommate and I met some girls from Nebraska whom we liked very much. Of course we were kidded about "you all." They invited us to have supper with them at the Harrison Hotel. They told us about the things they liked and did in Nebraska, while we told them of North Carolina. Some of their ways are different from ours, and it was difficult to make them understand certain conditions in our state. That was one of the most enjoyable meals I had, because they were so entertaining and had that western accent.

Sunday night we were the guests of the Chicago Sunday Evening Club in Orchestra Hall in the Heart of the Loop. The speaker was Gerald Kennedy, the Bishop of the Methodist Church of Portland, Oregon. The choir rendered many inspiring hymns.

Breakfast and entertainment were sponsored by the Firestone Tire and Rubber Co. in the Grand Ballroom of the Stevens Hotel. After the delicious breakfast, music was furnished by the Sunrise Serenaders, The Three Fishermen, The Brigadeans, Eddie Brackett, Bob Evans, Ann Canova and, last but

not least Judy Canova, entertained us. It was enough to listen to Judy Canova over the radio, but it was a double thrill to see her in action! She is great. A small group of us got a chance to talk to her, and it is very amusing to see the way she can change from her real personality to her stage personality.

We went from the Stevens Hotel to Van Buren Street to the Illinois Central Station and boarded a train to the museum of Science and Industry. The things I enjoyed most were the Telephone Research, Blind Flying, Museum and Santa Fe Railroad, the story of Phosphorus and the wheels of a century. It was impossible for us to see everything, so we visited certain sections of it and in that way understood it better.

The International Harvester Company gave us a luncheon in the Grand Ballroom of the Stevens Hotel. After that, Joey Bishop was the master of ceremonies and the "Clown Prince" of comedy, Dick Burns, the Dining Sitters, Jack Gwynne and Co., and Jackie Rand entertained us for quite a while. All of them were really grand.

General Assembly was held in the Exhibition Hall of the Stevens Hotel. Dr. John Hannah, president of Michigan State College, gave an interesting talk on "The Field of the Future." After that, discussions were held and certain groups asked questions on his topic and he answered them.

We were the guests of Thomas E. Wilson Co. at a dinner in the Grand Ballroom. After the delicious dinner, sport celebrities entertained us. Some of them were Frank Aschenbrenner, Lou Boudreau, Paul Christman, Babe Didrikson, Bob Feller, John Lujack, Lloyd Mangrum, Ted Williams. One of the features of this party was the first National Preview of an outstanding new moving picture, Walt Disney's "So Dear To My Heart," and the personal appearance of Bobby Driscoll, 11 year old star of the picture. It was the story of an Indiana farm boy and his little black lamb.

The girls had a separate program from the boys on Tuesday. We boarded a special motor coach for the Edgewater Beach Hotel on Chicago's lake shore. After the deli-

cious meal, Fred Waring and his Pennsylvanians entertained us. I had heard him on the radio but to actually see him lead his musicians was the thrill of a lifetime. The unforgettable part of the program was hearing the new 4-H song "A Place in the Sun" which Waring himself has just written. The whole 4-H world will soon be hearing this music, but we have the privilege of saying we heard its first notes.

Everyone assembled in the lobby of the Stevens Hotel to see the motor coaches for Trianon Ballroom. There we had a Friendship Party sponsored by the Spool Cotton Co. Music was furnished by Slid Sherman and his band. We learned many new things. Some like square dancing and others like dancing, we had dancing in two ballrooms. It was one of the most enjoyable dances I have ever attended!

Sears, Roebuck and Co. gave us a delicious breakfast in the Grand Ballroom of the Stevens Hotel. After this Nancy Evans, Johnnie O'Brien and Jackie Rand entertained us.

General Motors gave us a delicious meal in the Grand Ballroom of the Palmer House. One of the most inspiring courses of this meal was the dessert. All the lights were turned out and icecream frozen in dome shapes was put on ice. Then under the ice they had lights to make the ice cream appear lighted in the shape of 4-H and it was colored green and white, our 4-H colors. For entertainment, we had the Meriel Abbot Dancers, Stan Fisher, D'Angelo and Vanya, Dance Artists, Robert Lamouret and his orchestra.

After this we went to the Matinee Horse show and toured the International Livestock Exposition at the Amphitheater. A supper was served

"Old at 40, 50, 60?"
— Man, You're Crazy

Forget your age! Thousands are peppy at 70. Try "pepping up" with Oxyren. Contains tonic for weak, rundown feeling due solely to body's lack of iron which many men and women call "old." Try Oxyren Tonic Tablets for pep, younger feeling, this very day. New "get acquainted" size now 40c.

by the Curtiss Candy Co. in the Arena of the International Livestock Exposition. We could then look at some of the exhibits. Everyone had to get with their own state for a 4-H Club parade. At this time Gene Autry was introduced to us and told us how much he thought the 4-H Clubs of America had helped the rural youth. Of course, he couldn't get by without singing for us!

The Chicago Museum of Natural History was our next destination. There people, plants, and animals were illustrated. It is really amusing to see how real the stuffed animals look. Some have artificial skins while some others have their real skin fitted over a hollow mold.

We were the guests of J. T. Kraft in the Grand Ball room at the Stevens at a Farewell Luncheon. After the delicious luncheon, Mr. Kraft spoke to us for a short time. Then we had beautiful selections sung to us by the Kraft Choral Club.

The annual 4-H Banquet was held in the Grand Ballroom, Stevens Hotel. After the very delicious meal, "The Green Promise" starring Marquerite Chapman, Walter Brennan and Robert Paige was shown. It was an inspiring story of the work and achievements of the boys and girls who make up the 4-H organization. After the picture the stars appeared in performance. I hope it will soon be in our own theater so that every boy and girl and man and woman can see it.

It really shows how much the 4-H Clubs help the rural youth of today.

After this wonderful banquet and picture, there was a dance in the Ballroom of the Stevens. It was our last get-together and I am sure everyone enjoyed it as much as anything we had.

Friday morning, we went shopping at Marshall Field which is one of the largest shopping centers in the world.

The first free public bath in this country was established in Chicago in 1904.

During World War II, the U. S. Navy for the first time had more installed diesel power than steam power.

Pirates Go Through Paces For Two Conference Games

Coach Porter Pleased With Results Of Practice; Locals To Meet High Point And Catawba Over Weekend

By EUGENE PRICE
Coach Howard Porter was well pleased yesterday at the afternoon practice performance of his East Carolina Teachers College Pirates basketball five as they went through their paces in preparation for two North State conference contests this weekend.

The Pirates coach reported that a chest injury hampering ace forward Charlie Bill Moye was responding to treatment and that Charlie Bill worked out with the team yesterday. It is still problematical whether or not Moye will start against High Point Friday night.

But big Jack Everton, the Pirate six foot seven inch forward from Columbia, N. C., was showing up very well yesterday and will probably be Porter's number one threat to top the two weekend games. The lanky forward scored half the ECTC points when they topped Portsmouth 36 to 28 here last week.

The Buc reserves were showing up particularly well yesterday according to Porter. "They are looking better than I thought they were," he declared.

Nine of the ECTC squad members will go on the two game trip this weekend. Players making the trip will be Charlie Bill Moye, Jack Everton, Ben Harrison, Frank Macmillan, Len Bauer, Eddie Tanner, Louis Collins, Bob Shuford, and Jimmy Fly. Also traveling with the team will be Manager Jack Davis and Coach Porter.

The team will spend Friday night at High Point after playing the Panthers and journey over to play Catawba Saturday, returning here Sunday.

The next home game for the Pirates will be played here December 14 against the Norfolk Naval Air Station, the team which miscued on a fight here for a previous game and wound up in Greenville, S. C.

Louis And Conn Finish Training For Exhibition

Chicago, Dec. 9—(AP)—Both heavyweight champion Joe Louis and Billy Conn, the Pittsburgh Irishman, have finished training for their six-round exhibition bout tomorrow night in the International Amphitheater.

Louis said he'll weigh about 220 when the fighters step on the scales in the Illinois Athletic Commission offices tomorrow. That's just five pounds over his weight for his last title defense, against Jersey Joe Walcott, whom he kayoed.

Conn said he expects to weigh 180, or seven pounds over his top fighting weight.

Marshall Miles, manager of Louis said that a cut over the champion's eye, administered by Johnny Shkor in Boston, Nov. 8, had been reopened in training. He said, however, he will ask the commission not to stop the bout if the cut is reopened by Conn.

Phantoms Play In Rocky Mount For Season Opener

Greenville High school's Green Phantoms travel to Rocky Mount tonight for their 1948-49 basketball curtain raiser. They play their first home game here Tuesday night against Wilson.

Coach Bo Farley's boys will enter the game tonight minus the services of Joe Alligood, second high scorer last season and one of the Phantoms' number one hopes this year. Alligood injured a leg during the football season and will probably not see any court action until the locals open their Northeastern Conference schedule against Kinston January 7.

Probably constituting Coach Farley's starting five in tonight's game will be Jimmy Cox, whose prowess on the gridiron this season won high acclaim around the conference and section; John Farley, lanky Sam Northrop, Joe Sawyer and Howard Proctor.

Northrop, who stands something like six feet, two inches tall, will hold down the Phantom center position while Sawyer and Proctor will be the forwards.

In practice yesterday the Phantoms showed improvement in their field goal department. Until yesterday.

Miami Scene Of Big Tournament

Miami, Fla., Dec. 9—(AP)—The first major tournament of the winter circuit, the \$10,000 Miami Open begins today at Miami Springs golf course, Sammy Snead, Lloyd Mangrum and Jimmy Demaret are hailed as the men to beat.

Snead, three times winner of the grueling 72-hole tournament, carries a slight edge as favorite and is ranked a three to one choice among the bet takers.

Smiling Jimmy Demaret, defending champion, equalled the tournament record with 267 last year and could repeat over the re-designed 6,735-yard layout.

Mangrum is gunning for top PGA money earning honors and could edge out Ben Hogan for the 1948 money man by either winning the tournament or taking second place.

The pros regard Snead, from White Sulphur Springs, W. Va., as the odds on favorite. The lengthened course is to Snead's advantage for his driving and long game is his principal asset. His weakness is putting and chipping.

For the first time in several years, Ben Hogan is missing from the big-name pro list.

Forbid Bullfight At Gator Bowl

Jacksonville, Fla., Dec. 9—(AP)—There'll be no bullfight in the Gator Bowl Saturday.

After six local organizations protested on the grounds that the bull might get hurt, Mayor C. Frank Whitehead announced the city would not permit the scheduled exhibition.

Guardsmen Trim Southwood Quint By 63-28 Margin

Greenville's National Guard basketball team looked like the team to beat in the Tobacco Belt Conference last night as they annexed an easy 63 to 28 loop win over the Southwood cagers in the armory here.

It was the second conference victory for the locals against a single defeat suffered in their first game. It was Southwood's first game.

Dick Palmer set the pace for the Greenville club, racking up a total of 25 points to bring his total in two games to 47 points.

The locals were in the lead all the way, never once being in trouble. Halftime score gave the Guardsmen a 26 to 9 advantage.

High scorer for the losers was Williams with 9 points. A return game will be played at Southwood tonight. Lineups: Greenville: J. T. Williams (10), Palmer (25), Jackson (2), Sellers (3), C. Williams (3), Minges (4), Bailey (2), Musselwhite (9), Lautares (4).

Southwood: Potter, Dawson (2), Taylor (2), Allen (5), Williams (9), Hill (4), C. Keilum (4), W. Keilum (2).

Officials: Terrill and Hayes; Timer: Stanley Hathway; Scorer: Bob Carson.

Hoosiers Reopen Big-Time Tilts

By the Associated Press
North Carolina college basketball fans, their appetites whetted by a score of warm-up games, were ready for the real thing today.

And from Raleigh where Coach Everett Case's N.C. State lads laid forth, there was assurance that they would get what they want tomorrow night. It's then that the "Hoosier Hotshots" reopen the big-time basketball that carried them to national heights last season.

The Casemen will take on West Virginia, one of the only four clubs that licked the Statemen last season.

Tonight's program offers the fans three tussles. Lenoir Rhyne goes to Presbyterian in South Carolina; Catawba is at the University of North Carolina and Guilford entertains the powerful Hanes Hosierymen.

The state's three college quints that saw action last night fared well against independent outfits. Duke, relying on its two platoon system and the steady eye of Ben Collins, a 13-pointer, whipped the McCrary Eagles, 70-51. A last-minute surge gave High Point a 58-49 triumph over Chatham Mills and Appalachian jumped on the Kannapolis

Chico, Dec. 9—In scheduled basketball games here Tuesday night, Chicod High School's boys and girls cage teams split a double-header with the Winterville High teams.

The Chicod girls posted a 27 to 20 victory with Shirley Buck leading the way with 12 points. Langston made 11 points for the losers. The Winterville boys gained a 43 to 27 win over the Chicod boys. Nobles led the Winterville fire with 17 points and Castelloe came up next with 15 to help cage the win. Kenneth Mills was high scorer for the Chicod squad with 8 points and Max Lewis following with 7 points.

Pro-Football To Set New High In Gate Receipts

Chicago, Dec. 9—(AP)—An all time high in gate receipts for professional football in Chicago may be set at Wrigley Field Sunday when the Bears and Cardinals meet for the Western division title of the National football league.

When the Bears defeated the Cardinals in Comiskey park in an early season night game, 28 to 17, the attendance was 61,123, capacity for White Sox Park.

The crowd may pass that figure at Wrigley field Sunday. About 3,000 circus seats have been added to handle the overflow crowd. The Bears front office said thousands of seat requests have been rejected.

Yale and Columbia have met 26 times on the gridiron since their first encounter in 1872.

Fleming Named All-Conference Football Eleven

Bobby Fleming, outstanding guard on the Greenville High School football team, was named on the Northeastern All-Conference team for the second consecutive year. It was announced last night at the fall meeting of the conference coaches in New Bern.

Tackle Bland and Tailback Jimmy Cox of the Greenville squad received honorable mentions in the All-Conference selections.

The All Northeastern Conference team is selected by the players in the conference, with each team picking the best team from all its opponents. Players nominated are given two points for first team votes and one point for second team votes.

First team: Ends—Russell, New Bern; A. Haskin, Edenton.
Tackles—Hodges, Kinston; Owens, Elizabeth City.
Guards—Fleming, Greenville; McPherson, Elizabeth City.
Center—Bruton, Kinston.
Backs—Wheeler, Edenton; Whaley, Kinston; Byrd, Kinston; Dixon, Washington.

Highlighting the meeting of the conference coaches last night was the making of a new conference rule under which no team in the conference may begin fall football practice before August 15.

Schedules for conference baseball was set up as was the schedule for next fall's conference football games.

The schedules will be announced at a later date.
Reliable sources at the coaches' meeting last night said it has been rumored that Tarboro will withdraw from the Northeastern Conference at the end of this year, but no official announcement has been made by Tarboro school officials. "Too much competition" in the Northeastern Conference is reported to be the reason for the rumored withdrawal.
Syracuse has played Western Conference opponents 19 times in football, winning seven contests and tying another.
Jim Foley, fullback and quarterback on the Syracuse football team, is a brother of John Foley, who called the plays for the Orange last fall.

just as I got there. I opened the door, and ducked inside, and started to give the driver the Zaralis dame's address, but I didn't go through with it. I didn't because at that moment a thin-faced, funny-looking character stroled by. Not fast, and not slow. Rather, just the right pace to be abreast of the open taxi-cab door, so as to catch what I said. Maybe a tall put on me by Bierman, or maybe a tall put on me by somebody I didn't know. Then again, maybe I was all wet. However, I decided to play it the sure way, if possible. "Radio City!" I barked at the cab driver, and pulled the door shut. (To be continued)

The Chicago fire of 1871 killed more than 200, made nearly 100,000 homeless, destroyed 17,450 buildings, and caused damage estimated at \$200,000,000.

NOTICE In The Superior Court North Carolina
Pitt County
Mary Dell H. Seymour
Vs.
Harvey Lee Seymour

The defendant above named will take notice that an action entitled as above has been commenced in the Superior Court of Pitt County, North Carolina, for the purpose of securing an absolute divorce, and the defendant will further take notice that he is required to appear before the Clerk of the Superior Court of Pitt County, at his office in Greenville, North Carolina, on the 13th day of December, 1948, or within twenty (20) days thereafter, and answer or demur to the complaint filed in this action, or the plaintiff will apply to the court for the relief demanded in her complaint.

D. T. HOUSE, JR., Clerk Superior Court Pitt County.
J. B. James, Atty.
Nov. 16-17-48wks.

NOTICE OF SALE OF REAL PROPERTY BY TRUSTEE Under and by virtue of the power and authority contained in that certain deed of trust executed by Joseph Daniel and wife, Louisa Daniel to John Mitchell, Trustee, on the 2nd day of January, 1948, recorded in Book D-25 at page 38 in the office of the Register of Deeds of Pitt County, North Carolina, default having been made in the payment of the indebtedness therein secured and the owner of the indebtedness therein secured having called upon said Trustee to foreclose said deed of trust, the undersigned Trustee will, on Monday, December 20, 1948, at the courthouse door, in Greenville, North Carolina, at 12:00 noon, offer for sale and sell to the highest bidder for cash the following described real property:

That certain parcel or tract of land situated and being in Pactolus Township, Pitt County, North Carolina, and specifically described as follows: Bounded on the north by the land of Ash Tripp, on the east by the J. P. Fleming land, on the south by the Mizelle land, now owned by Joseph Daniel, and on the west by the land of J. L. Perkins containing 65 acres more or less, and being the same tract of land upon which Joseph Daniel and wife, Louisa Daniel now reside.

The purchaser will be required to make a deposit of ten per cent of his bid to await confirmation of the sale and show his good faith in the bidding.

NOTICE In The Superior Court North Carolina
Pitt County
John H. Cameron
Vs.
Mary Dupree Cameron

The above named defendant, Mary Dupree Cameron, will take notice that an action as above entitled has been commenced in the Superior Court of Pitt County, North Carolina, by the plaintiff, to secure an absolute divorce from the defendant upon the grounds that the plaintiff and the defendant have

lived separate and apart for more than two years next preceding the institution of this action; and the defendant will further take notice that she is required to appear at the office of the Clerk of the Superior Court of Pitt County, in the Court House in Greenville, North Carolina, within twenty days after the 16th day of December, 1948 and either answer or demur to the complaint filed in said action, or the plaintiff will apply to the court for the relief demanded in said complaint.

D. T. HOUSE, JR., Clerk of the Superior Court.

Mayor Back At Desk; Reviews Civic Projects Now Under Way

By CHESTER WALSH
Mayor Jack Boyd, who is recuperating from a recent illness, was in his office at the City Hall for a short while today and appeared to be steadily regaining his health. He will preside at tonight's meeting of the Board of Aldermen at 7:30.

The mayor reviewed some of the important projects now under way for the progress and development of Greenville.

He said the installing of curbing and gutters on East Fifth street extension is nearing completion. Starting at Elm street—a through state highway—the State Highway and Public Works Commission will pave the roadway to 100 feet wide beyond Key Brown's on the right and John G. Clark's home on the left of East Fifth street. The city is bearing the expense of installing manholes and storm sewers.

Colony

The project of widening West Fifth street from Elizabeth street to the city limits is well advanced. Storm sewers have been laid and the road will be widened by the Highway Commission. Necessary dwellings and trees were removed by the city. Mayor Boyd said he expects the paving of this street, a heavily traveled highway, to get under way in the near future. The paving will be 40 feet from curb to curb. It is understood.

The contract has been let for paving Dickinson Avenue from Albemarle street to the city limits 40 feet wide has been let. The Highway Commission will do the widening of the roadway. This is one of the main traffic arteries into and out of Greenville. The city moved necessary trees and the Utilities Commission did the laying of necessary pipes. The Board of Aldermen, at a recent meeting, passed an ordinance establishing the property line on this part of Dickinson Avenue at 50 feet from the center of the roadway, Mayor Boyd said.

Tired Kidneys Often Bring Sleepless Nights

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty urination with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 60 years. Doan's give happy relief and will help the 15 million of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

GHS Chorus To Present Program

Handel's Messiah will be presented by the Greenville high school mixed chorus in the high school auditorium Sunday afternoon at 5 o'clock as part of the annual Christmas program presented by the high school students.

During the past several years the high school mixed chorus under the direction of Miss Ona Shindler has gained a wide reputation for fine musical presentations, and this year will be composed of 124 high school boys and girls. Soloists featured in the presentation of the Messiah will be Mrs. Moya Dail, soprano; Miss Gladys Reichard, alto; Dan Vornholt, tenor, and E. O. Parkinson Jr., bass. Accompanists will be Mrs. Guy V. Smith and Mrs. Karl V. Gilbert.

The Christmas program will open with the mixed chorus professional "O Come All Ye Faithful." The Rev. Roscoe C. Hauser Jr. will read the scripture and lead the prayer.

The Greenville police department's ball and floor show to be held at Wright auditorium at East Carolina Teachers College Wednesday night, December 15, will be a brilliant affair. Master of Ceremonies Ell Bloom said today. Rodney Roberts' "Music Majors" orchestra will provide the music. Police are selling tickets for a dollar. The ball is for the benefit of the Police Association.

Shot Two Geese

The police department had a complaint from J. L. Parkerson, East 10th Street, yesterday that a white man shot two geese with a shotgun on his place. The intruder disappeared when he was approached, police said. Authorities are investigating.

Roy F. Smith Serving With Atlantic Fleet

Roy F. Smith, commissaryman third class, USN, of 302 West Second St., Ayden, N.C., is serving aboard the attack transport USS Okanogan with the Atlantic Fleet. Smith, who entered the naval service Oct. 24, 1944, received his recruit training at the Naval Training Center, Baltimore, Md.

Coventry Nativity At College Friday Christmas Feature

By CHESTER WALSH
The Coventry Nativity Play, which will be presented by the Teachers' Playhouse, assisted by the Women's Chorus of East Carolina Teachers' College, in five performances in Austin auditorium beginning Friday night, December 10, at 8:15, will be a major event of the pre-Christmas season on the campus and in Greenville. This 500-year-old play, dating back to medieval times, is the type one seldom has opportunity to see and can hardly afford to miss. Tickets are 60c and are now on sale.

The College Playhouse are as good as any other dramatic group in North Carolina. This production is something out of the ordinary and will approach the best professional performances in excellence. People here will appreciate the opportunity of seeing The Coventry Nativity Play and obtain a better understanding of its significance. The members of the cast are first rate; they love the work and enjoy presenting this early drama of such wonderful and intrinsic historical value and religious inspiration.

RECREATION PROGRAM

The city recreation commission announced today that until further notice there will be games of basketball and volleyball, and also the teaching of both, by Bill Kittrell, at the High school auditorium on Saturday afternoons and holidays from 2 to six.

More Like Winter

Chilling drizzling rain and a north wind sent the temperature here down to 46 last night. The mercury in the official thermometer still registered 46 at 8 a.m. today. At 10:30 a.m. it had dropped to 44 degrees. Rainfall during the night was slightly over one-third of an inch, the U.S. Department of Commerce Department weather observer here reported.

NEW ACTING HEAD

Raleigh, N.C., Dec. 9—(AP)—The new acting head of the State Department of Agriculture's Division of Markets is Harry T. Wescott.

Declaration Of . . .

(Continued from page one)
... movement in Italy, by extension, to any similar movement elsewhere. The Fascist Society was created by Mussolini to oppose Bolshevism. Then Hitler appropriated the general idea and founded Nazism—also to combat Communism.

A Very Strange . . .

(Continued from page one)
of Chambers, neither the un-American activities committee, with its staff of trained investigators, nor the Department of Justice, with its huge staff of trained investigators. Chambers, all by himself and without prodding from them, came up with the first batch of papers. A committee order produced the rest.

It seems fair to ask: What kind of police work is that? Why didn't the committee and the Department of Justice dig harder into Chambers for some evidence to support his charges?

The committee now is blaming the Justice Department for not having done a more thorough job. That seems justified. But the same charge can be made against the committee.

In view of what's happened in this case so far—I think anyone with police experience would call it pretty sloppy work—it seems fair to ask these questions:

What kind of anti-spy protection do we have in this country anyway? Just how good is it?

Is it likely that the Soviets, who had a big spy ring in Canada, didn't, or don't, have a bigger ring in this country? The United States is, after all, far more powerful and potentially dangerous rival.

Just what has the Justice Department done about finding the answer to that one?

N.Y. Cotton

New York, Dec. 9—(AP)—Cotton futures opened 25 cents a bale higher to 20 cents lower.

Noon prices were 40 to 75 cents a bale lower than the previous close. Dec. 32.25, March 32.21 and May 32.02.

Hog Market

Raleigh, Dec. 9—(AP)—(NCDA)—Hog prices irregular. Tops of \$21 at Lumberton; \$20.75 at Kinston, Rocky Mount, Tarboro, and Wilson; \$20.50 at Greenville, Goldsboro, Washington and Richmond.

Poultry and Eggs

Raleigh, Dec. 9—(AP)—(NCDA)—Fryers and broilers steady to one cent weaker with 2 1-2 to 2 3-4 pound weights at 36; eggs steady, A large 63.

N.Y. Stock Market

New York, Dec. 9—(AP)—The stock market followed a straight and narrow course today. Most issues strayed only fractionally from the previous close and numerous stocks didn't move at all.

Traders were still inclined to seek out special situations rather than the usual pivotal stocks. Corporation news, too, played a more important part in market strategy than has been the case recently.
