

China Offers To Halt Bitter War

Propose Peace Negotiations But Next Move Left To Communists; Separate Peace Terms Reached In North China; Deal Not Yet Completed

Nanking, Jan. 20—(AP)—The government tonight offered to halt hostilities and talk peace in China's civil war but left to the Communists the next move.

In North China a separate peace agreement suitable to both sides reportedly has been reached but not put into effect. This agreement would cover only that part of North China still in government hands.

The Kuomintang (Government) party's powerful central political council today approved the cabinet's resolution calling for a cease fire order and the beginning of peace negotiations.

President Chiang Kai-shek has not spoken. But government spokesman, Shen Chang-huan, obviously speaking with Chiang's knowledge and approval, made it plain the government considers its responsibility for peace ended for the time being and that it is now left to the Communists.

Said Shen:

"There will be no more peace overtures until the Communists have expressed their desire for a similar halt in hostilities. Then and then only will the National Government consider ordering a cease fire and sending a delegation to discuss negotiations."

Chiang may override both the executive Yuan and the Kuomintang. The Communist have remained silent since their tough leader, Mao Tse-tung, last week told the National Government if it wanted peace to put down its guns.

(From Peiping, Spencer Moosa, Associated Press correspondent, got through a dispatch saying terms agreeable in principle to both sides had been reached there. He quoted a member of a peace delegation to the Communists as saying the terms call for the surrender of Peiping and all North China. Moosa cautioned these terms had not been put into effect.

(Under the Peiping terms, said Moosa's source, Peiping and Kweisui I. Suiyuan Province, would be handed over to the Reds. The Nationalist commander in the north, Gen. Fu Tso-yi, would step down and be removed from the Communist "war criminals" list. Moosa warned the deal had not been completed and might yet slip, but the Nationalist position in North China seemed hopeless.)

Chiang was invited to preside over the Kuomintang political council meeting but did not attend. The right wing clique tried to block the move for a negotiated peace.

The government prepared to shift at least some of its ministries to Canton tomorrow. Premier Sun Fo won the support of a majority of the council members and the cabinet for a quick end to the war which virtually has brought the National Government to its knees.

Observers took Chiang's absence as a sign to mean that he was letting party members sweat over the peace problem and then will come to his own decision when he gets ready.

SENSITIVE

San Francisco, Jan. 20—(AP)—The newest subdivision of San Francisco's police department is officially named the sex detail. But the name seems indelicate to one member of the detail. He reiterated the office door: "Birds and Bees Detail."

Meeting 'Big Shots'

Washington's Excited About The Inauguration Today, And Why Not? Shaking Hands With Important People And Seeing Parades; What Psychologists Say

By JAMES MARLOW

Washington, Jan. 20—(AP)—So you'd like to shake hands with the President and watch the big parade today till your head, I guess. This town is purple with excitement over President Truman's inauguration and the parade afterwards.

People are always eager to shake the hand of an important man and they come running for a parade here or anywhere.

But why? Why has that always been true? I called a group of psychologists and asked them. And I got these answers:

Why people go out of their way to shake hands with an important man—

"If you can shake hands with a big-shot, it makes you feel like a bit of a big-shot yourself. It makes you feel, if only a little, that you're shaking in his power and the important things he's done.

And if you feel defeated or frustrated deep within yourself, as so many people do, it is an easy trick of the mind to feel like something of a winner for a change by contact with a successful man.

Besides, there's something special about shaking hands with a king, or President, or big banker, or famous soldier. Not everyone has a chance like that. Therefore, it's special.

Full Recognition Of Israel By U. S. Is Expected Soon

American Government Grants \$100 Million Loan; More Promised During '49

Washington, Jan. 20—(AP)—Full American diplomatic recognition of Israel appears certain sometime next week as a follow-up to a \$100,000,000 loan to the new Jewish nation.

The American government took a big step toward this objective yesterday by granting the loan to the provisional Israeli government—\$35,000,000 immediately and \$65,000,000 more during the year.

President Truman last May 14—a few minutes after the new state was proclaimed—recognized it as a "de facto" government, meaning that the United States regards it as in fact the ruling authority there. Last Oct. 24 he announced he had ordered quick handling of loan applications from Israel. Full recognition is called "de jure."

The loan approval makes American money available to develop Israel's agriculture and industry. Also, coming six days before elections are held in the Jewish state, it reflects United States confidence in Israel's future.

Government officials told a reporter that barring an election upset the State Department will extend full diplomatic recognition to Israel shortly after the January 25 elections.

Only a totally unexpected victory by the Communists or extreme left wing Socialists could cause the State Department to stop or delay its plans to broaden the limited "de facto" recognition.

The present conservative Socialist party headed by David Ben Gurion is heavily favored to win a majority of the 120 seats in the Israeli Parliament. Government officials said his chances for victory undoubtedly have increased since the loan was announced.

Rural Health Is Theme Of Meet

Chapel Hill, N.C., Jan. 20—(AP)—Rural health in North Carolina will be the keynote of a big conference planned here March 11.

Details of the second annual North Carolina rural health conference were announced yesterday by Dr. Fred C. Hubbard who said that several hundred health agricultural, medical and welfare leaders are expected to attend.

The event is sponsored jointly by the State Medical Society and the North Carolina Good Health Association.

For 29 Minutes

Washington, Jan. 20—(AP)—For 29 minutes today, the United States had no President.

The constitution says the Presidential term shall end at noon on Jan. 20.

Technically, then, Harry S. Truman's term ended at noon and he was only a President-elect and not a President.

He officially began his new term upon taking the oath at 12:29 p. m. EST.

No one in official Washington was concerned about the lapse.

Beauty Saved Her

"Too pretty to prosecute!" That was the reason given by Associate City Counselor Roy A. Fish of St. Louis in asking for dismissal of careless driving charges against 23-year-old Jean H. Klein (above), a dress designer. Besides, he said, witnesses were lacking. The judge dismissed the case. (AP Wire-photo).

Pleads Guilty To Forgery Charges

J. E. Allen Expected To Be Sentenced Sometime Today

Warrenton, N. C., Jan. 20—(AP)—J. Edward Allen, convicted yesterday on false pretense charges, pleaded guilty to forgery and nolo contendere on embezzlement charges in Warren County court today.

Judge Walter J. Bone was expected to pass sentence on the former Warren county schools superintendent later in the day.

A Warren jury yesterday deliberated less than 20 minutes before it returned with a guilty verdict on charges that Allen embezzled approximately \$1,600 by issuing checks to pay expenses of a school that was not in operation. The state contended that Allen himself cashed these checks.

Allen was charged with embezzling a total of \$24,327.75 in state school funds and with forgery on more than 100 counts. After the court received the pleas today, Solicitor Ernest R. Tyler said he was taking a nolo prods on charges that Allen embezzled some \$20,572.85 in county school funds.

(A plea of nolo contendere by a defendant means that he makes no contention on the charges and leaves it up to the state to prove its case.)

In the false pretense trial, which required only two days, the state charged that Allen defrauded the state of about \$1,600 by falsifying school records. The state contended that Allen issued checks for a school that was not in operation and then cashed the checks himself.

Allen, who resigned last fall after indictments were brought against him, served for 29 years as Warren superintendent of schools.

Committee OK's Pay Boosts For State Justices

Raleigh, N.C., Jan. 20—(AP)—Salary boosts for Supreme Court justices and Superior Court judges got an okay from a Senate committee today.

Two bills, introduced in the Senate Tuesday, were favorably reported. They would increase the pay of Supreme Court justices to \$15,000. Superior Court judges would get \$10,000, with an additional \$2,500 a year for expenses.

Senator John C. Rodman of Beaufort, chairman of Judiciary Committee I, said that no salary increase has been granted to either Supreme Court justices or Superior Court judges since 1927. There have been, however, increases made in the expense allowances granted, he said.

Burley Prices Hit Season Low

Louisville, Ky., Jan. 20—(AP)—Burley tobacco prices hit a new seasonal low for the second successive day in Kentucky yesterday.

A decline of 22 cents a hundred pounds followed Tuesday's sharp drop of \$1.57. The state department of agriculture reported total sales also dropped to 10,964,638 pounds, lowest of the season.

Payments to growers amounted to \$4,806,108.75 for an average of \$4.40 a pound.

Historic Oath

Washington, Jan. 20—(AP)—The oath of office Harry S. Truman takes today as President—the same sweeping pledge made by his predecessors over the past 169 years—is just 35 words long:

"I do solemnly swear that I will faithfully execute the office of President of the United States, and will to the best of my ability, preserve, protect and defend the Constitution of the United States."

It is laid down in those words in the Constitution.

Agencies Asking Increased Outlay In State Budget

Five State Agencies Would Add Over \$4 Millions To Commission's Budget

Raleigh, Jan. 20—(AP)—Requests for larger appropriations than those recommended by the Advisory Budget Commission were presented to the joint Appropriations Committee yesterday by five state agencies.

The funds sought would add \$4,357,847 to the Budget Commission's proposed outlays.

The State Board of Health presented the largest request—addition of \$3,370,720 to the 1949-51 of \$2,464,967 proposed by the commission. Most of the increase would go to state aid to counties.

The State Board of Public Welfare asked \$70,000 more to increase indigent aid and \$240,000 for county administrative units during the next biennium.

Other agencies heard were: The N.C. State Art Society, which sought to boost its recommended \$10,000 biennial appropriation to \$32,142 for additional personnel and to meet increased costs.

The State Veterans Commission which asked the \$420,386 proposed for it during the next biennium be increased by \$19,000, for adjustment of the director's salary and employment of three more persons.

The N.C. Merit System Council which requested a \$5,785 addition to the \$49,285 recommended for it in 1949-51, to adjust differences caused in estimating the amount it would get from the federal government.

Six more agencies were allotted time today for budget requests: the North Carolina Symphony Orchestra, Oxford Colored Orphanage, the Department of Conservation and Development, the Orthopedic Hospital, the Confederate Women's Home, and the Department of Revenue.

Polio Tag Day Is Set For Jan. 22

Students From ECTC To Be In Charge Of Solicitations

Polio Tag Day will be Saturday January 22, according to Mayor J. H. Boyd in his Proclamation issued Wednesday. According to Dr. Lee Jenkins, director of the Pitt county drive to raise \$11,500 to fight infantile paralysis, students who visit the Baptist Student Center, 404 E. Eighth Street, have been given permission to be in charge of solicitations in the streets of Greenville.

Some sixty or more ECTC students will be at various stations to receive contributions for this drive. Each donor will be given a Polio tag to be worn on his lapel. Working with this project are Vance Lockamy, Rocky Mount student who will be in charge of locating strategic stations and Faye Howard, president of the Baptist Student Union.

Sherman Parks of Renfrew Printing Company is donating the 2500 Polio tags.

Students will work two at a station and the taking in the largest amount of money will receive a gift from the Baptist Student Center.

Asiatic Nations Convene To Discuss Indonesia Strife

New Delhi, India, Jan. 20—(AP)—Prime Minister Jawaharlal Nehru of India labeled the Dutch action and policies in Indonesia today "a challenge to newly awakened Asia."

Opening the 20-nation Asian conference on Indonesia, he told the delegates and observers their immediate objective should be restoration of conditions existing before the Dutch attack on the Indonesian republic.

Then, he declared, the republic would be able to negotiate with the Dutch as a free government.

He said the next step should be "elimination of colonialism," adding that "Asia will no longer brook any interference with her freedom."

Nehru said the conference, representing "half the circumference of the globe and the greater part of its population," was viewed by the

Official Probe Ordered For Fatal Ship Collision

New York, Jan. 20—(AP)—An official probe today was ordered into the flaming collision of an oil tanker and the Cutter Eastwind, with a toll of 11 coast guardsmen feared dead and 20 injured.

The injured, some in serious condition, were brought here late yesterday aboard rescue vessels, and taken to Marine Hospital on Staten Island.

The 10,000-ton tanker Gulfstream, which plowed into the cutter in fog and darkness off the New Jersey coast early yesterday, limped into New York harbor last night.

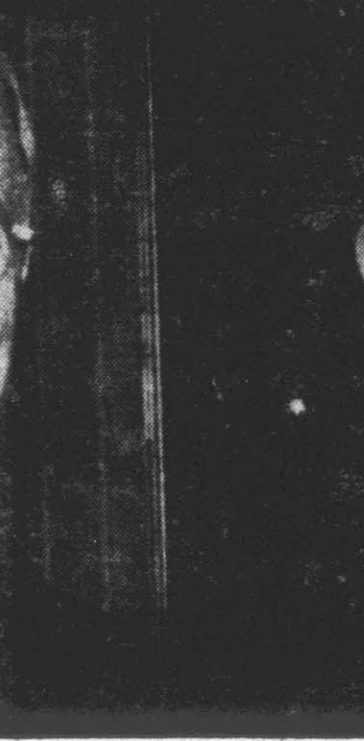

The Eastwind, a whole in its starboard side and its superstructure twisted and charred from a seven-hour fire, was being towed here by another coast guard cutter, the

Truman Takes Office With Pledge To Work For Peace

President and Vice President Sworn In Today

HARRY S. TRUMAN

ALBEN W. BARKLEY

Promises To Strive For Peace, Plenty And Freedom; Fighting Inaugural Speech Brands Communism Chief Threat To His Goals And A Breeder Of War

By The Associated Press

Washington, Jan. 20—(AP)—Harry S. Truman took on leadership of the nation for four more years today with a pledge to strive for worldwide "peace, plenty and freedom."

In a fighting inaugural speech, he branded Communism the chief threat to those aims and a breeder of war.

It was the climactic moment of inauguration day for the 64-year-old, one-time Missouri farm boy who, over all odds, had won a White House term in his own right.

He accepted that term by placing his left hand on Bibles opened to the beatitudes and the ten commandments, raised his right hand to God, and swore to serve the nation faithfully in the uncertain years ahead.

Chief Justice Vinson administered the oath. The scene was the east front of the capitol, bathed in the brilliant sparkle of a bright, winter sun.

Just before Mr. Truman, Alben W. Barkley, 71 year old veteran Kentucky Senator, was sworn in as vice President.

Truman's immediate range of Mr. Truman's voice from the steps of the capitol were thousands of Americans. By Radio, millions of others in this country and abroad heard him. Television carried the scene as far west as the Mississippi.

Stretching along Pennsylvania Avenue to see the after-inauguration parade were an estimated million people or more.

Mr. Truman turned from the solemn oath-taking to address the nation—and the world. He proposed two main lines of attack against the Communist threat.

First, he flatly promised: "We will provide military advice and equipment to free nations which will cooperate with us in the maintenance of peace and security."

Second, he said the country will undertake "a bold new program" to help the world's needy areas with American scientific and industrial skill.

To these, Mr. Truman added a pledge of "unflinching support" of the United Nations and continued programs for world economic recovery.

Pitt Commissioners Promise Consider ABC Profit Division

Charges 'Gag' In Labor Law Talks

Taft Denies Filibuster Accusation In Senate Group

Washington, Jan. 20—(AP)—Senator Taft (R-Ohio) said today that Senator Pepper (D-Fla.) is trying to slap a "gag" on the Senate Labor Committee in handling labor legislation.

Taft made the statement in reply to a contention by Pepper that Taft is turning to filibuster tactics in an effort to block repeal of the Taft-Hartley law.

"It's no filibuster," Taft told a reporter. "It is rather an attempt by Senator Pepper to impose a gag rule on the labor committee."

Earlier this week Pepper had notified the committee that at its meeting tomorrow he will move to send to the Senate floor immediately a bill to repeal the Taft-Hartley law and restore the old Wagner Act. Pepper wants no hearings on the measure.

Taft shot back that he will counter the Pepper motion by offering a series of amendments "one by one."

"If necessary I will offer all the main provisions of the Taft-Hartley law as amendments," Taft said. He figured it would take the committee at least two weeks to debate his proposals.

"Senator Pepper is trying to prevent hearings on this vitally important issue," Taft said. "If he insists on doing that, then the only thing to do is to offer amendments that will give the committee a chance to discuss the merits of the case."

Israeli And Arab Talks Progress

First Draft Of Compromise On Negev Dispute Prepared

Rhodes, Jan. 20—(AP)—Armistice negotiations between Israel and two Arab neighbors—Egypt and Lebanon—are reported in a decisive stage.

An authoritative source in Rhodes said last night Dr. Ralph Bunche acting United Nations mediator, has submitted to Israel and Egypt the first draft of a compromise on the disputed Negev desert.

A reliable source in Tel Aviv said the first draft of an Israeli-Lebanese agreement was written yesterday at the Lebanese frontier village of Ras En Nagura.

The Rhodes informant said the Israeli-Egyptian compromise brings together the conflicting viewpoints of the two nations on the strategic southern Palestine desert. He said it also involves troop withdrawal and a reduction in the numbers of soldiers on both sides in that area.

Complete details of the compromise were not available. Bunche has pledged both the Israeli and Egyptian delegations to secrecy.

The Israeli-Lebanese agreement was drawn up between representatives of the two governments, the Tel Aviv informant said. He said the delegations returned to their respective capitals to present the yet unsigned drafts for the approval of their home governments.

Elias Sassoon, expert on Near Eastern affairs in the Israeli foreign ministry, had been called home from the Egyptian-Israeli talks in Rhodes to head the negotiations with Lebanon.

Earlier a reliable source in Nahrariya, Palestine, said a Lebanese-Israeli agreement had been signed yesterday.

There has been no information of any progress in reported talks between Israel and Trans-Jordan.

Would Reduce Car Inspections

Raleigh, N. C., Jan. 20—(AP)—A reduction in the number of motor vehicle inspections required from two to one annually was proposed in the bill introduced in the Senate today.

The measure would amend the 1947 registration law that required every motor vehicle, trailer or semi-trailer to be inspected twice a year by the department of motor vehicles.

31 Casualties

Washington, Jan. 20—(AP)—Thirty-one casualties of the Coast Guard cutter Eastwind and the S.S. Gulfstream were announced today by the U.S. Coast Guard here.

Eleven men are missing and 20 injured as the result of the fog-caused collision off the New Jersey coast yesterday. All are members of the Coast Guard.

Officials would not say if any bodies had been recovered.

Denies Aspiring To Chairmanship Of ABC Board

County Commissioner Marvin Smith of Chocoll said today he does "not aspire to the office of chairman of the Pitt County ABC Board as reported by yesterday's Reflector as being rumored in the county."

"I don't have any aspiration to be a member of that board," Smith said. "I have never said that I would like the job and have no idea of asking for it. Where the rumor got started, I do not know."

The article in yesterday's Reflector said it had been rumored that County Commissioners Marvin Smith and J. Vance Perkins were among those who were named as possible candidates for the chairmanship of the county ABC board, an office which became vacant this week at the death of Charles O'H. Horne, who held the post for 13 years.

Unprofitable Quarrel

Indonesian Crisis Now Involves Dutch, Indonesia, The United Nations And The Conference Of Asiatic Countries; Bad Situation; The Dutch Argument

By DeWITT MacKENZIE

The Indonesian crisis has resolved itself into a highly unprofitable quarrel in which the Dutch are the focus of action not only by the United Nations but by a great conference of Asiatic countries in New Delhi.

As things stand the Security Council of the United Nations faces possible loss of prestige because of a rebuff by the Netherlands. On top of that the imbroglio threatens to widen the gap which already existed between the western world and the east.

It is an altogether nasty situation and one which could have far-reaching consequences.

The core of this trouble of course is the strife between the Dutch and the revolutionary republic of Indonesia. The Republicans demand immediate independence, whereas the "mother country" has a plan—which they don't trust—for the gradual establishment of sovereignty not only for the republic but for all the Indonesian Archipelago.

What brought the situation to a head was the recent Dutch military "police action" in the republic for the avowed purpose of suppressing subversive activities. When the U. N. Security Council tried to halt this show, the Dutch gave it the cold shoulder. The Netherlands govern-

ment takes the position that this is an internal problem over which the U. N. has no jurisdiction.

That was a rebuff which the U. N. couldn't take lying down without losing face the world over. It created a situation which virtually forces the peace organization to take further action to sustain its authority.

This fact has been emphasized by the action of India in calling a conference of Asiatic states which is opening in New Delhi today. Prime Minister Nehru, who fathered this parley, aims at getting a solution of the Indonesian strife.

The Security Council likely will be called on to consider an American plan for settlement of the Indonesian problem. This calls for the establishment of a sovereign United States of Indonesia by April 1, 1950. It envisages creation of an interim federal government not later than March 15, 1949, and withdrawal of Dutch troops prior to establishment of the new federation.

The Dutch have rejected this, although they already have announced a somewhat similar project. The difference between this and the American plan lies chiefly in the fact that the Dutch program is pre-

## 40 Years Ago Today

THE DAILY REFLECTOR  
January 20, 1909

A short sketch on the life and style of writing of the almost forgotten poet, Edward Goddard Tucker, was read by Mrs. C. S. Forbes at a meeting of the Sans Souci Book club on Tuesday afternoon.

Wednesday's weather was too beautiful to last, but you will appreciate that kind when it comes back.

The principal reason for trade being retarded in the southern territory is the low price of cotton, prices ranging up to 9 3/4 cents.

**A RESOLUTION OF RESPECT**  
We, the members of Greenville Chapter No. 149, Order of the Eastern Star of Greenville, N. C., bowing in humility and submission, wish to present the following resolution:

Whereas, God in his infinite love and wisdom, saw fit to call unto himself our dear sister, Annie Blibro, a loved member of our order, and

Whereas, we believe that the Golden Chain now broken will be restored in perfect unity and beauty in the Great Beyond,

Be it resolved,  
1. That we express our gratitude for the service our sister rendered to the chapter and hold her memory in high esteem.

2. That we extend our sympathy to the dear husband, sons and other bereaved members of her family.

3. That we enter a copy of these resolutions upon the records of our resolutions upon the records of our chapter and that a copy be sent to the family, to The Daily Reflector and to the Tar Heel Star News for publication.

Respectfully submitted,

were Bob Hinson, Mrs. Bob Allen of Farmville, Mrs. W. R. Gay of Green Sea, S.C., and Mrs. Alice Windham of Norfolk, Va. Guests were greeted at the front door and introduced to the receiving line by Mr. and Mrs. Elbert Holmes. The receiving line was composed of Mr. and Mrs. Bundy, their children and grandchildren, Mr. and Mrs. W. J. Bundy of Greenville, their daughter, Mrs. John A. Harper Jr. of Rocky Mount, Mr. and Mrs. Sam D. Bundy and sons, Sam and James Henry, Mr. and Mrs. W. E. Joyner directed the way to the dining room where Mrs. W. H. Moore Jr. and Mrs. Graham McAdams presided at the punch bowl. Misses Ann and Jean Bynum, Nancy Lou Moore, Gayle Flanagan served gold and white, mints individual cakes iced in gold and white, and nuts.

The table, spread with a white cut-work cloth, was centered with an old fashioned nosegay made of Golden Dawn roses and white carnations, edged with yellow jonquills and gold laced fern tied with gold satin ribbon. Leading from the main nosegay on the gold streamers were Mrs. W. H. Moore Jr. and Mrs. Graham McAdams presided at the punch bowl. Misses Ann and Jean Bynum, Nancy Lou Moore, Gayle Flanagan served gold and white, mints individual cakes iced in gold and white, and nuts.

Directing the guests to the gift room were Mr. and Mrs. Ernest Pettaway and receiving in the gift room were Mr. and Mrs. Claude Joyner, Mrs. W. A. McAdams presided over the register. Dr. and Mrs. R. T. Williams said the good-byes. Gold roses and candles in crystal holders were used in other parts of the house.

Out-of-town guests included Mr. and Mrs. C. A. Seifert, New Bern; J. J. Elks, Mrs. Lela B. Hoell, Grimesland; Rev. L. B. Manning, Fountain; Miss Mae Windham, Mrs. John P. Parker, Norfolk, Va.; Mr. and Mrs. Jesse Gay, Miss Ruby Burch, Mrs. Mary Bailey, Mrs. W. I. Shackelford, Miss Lillian Corbett, Mr. and Mrs. O. W. Bailey, Mr. and Mrs. A. J. Craft, Walstonburg; Rev. and Mrs. Leon Gray, Oxford; Dr. and Mrs. J. M. Barrett, Mr. and Mrs. Ed R. W. Mr. and Mrs. D. H. Conley, Greenville.

**Birth Announcement**  
Mr. and Mrs. Jean Cabot Webb, of Bell Arthur, announce the birth of a son, Jean Cabot, Jr., on Monday, January 17, in Pitt General hospital.  
Mrs. Webb is the former Miss Helen Willoughby, of Bell Arthur.

## Name Local Woman Head Cancer Fight

Appointment of Mrs. B. McK. Johnson as commander to direct the activities of the American Cancer Society's Field Army in Pitt County was announced today in McCall, State Commander. Mrs. Johnson, served as city chairman for the society in its campaign for funds last spring.

"We are fortunate that a person of Mrs. B. McK. Johnson's ability heads the lay program in its urgent work of fighting against the toll of preventable deaths that cancer takes," Mrs. Marshall declared.

"Thanks to the unprecedented financial support by the public, the Society this year is in an advantageous position to gain important objectives in its fight to bring cancer under control in North Carolina. And the volunteer leadership of Mrs. Johnson is of tremendous assistance."

## Junior Chamber To Elect Officers At Meeting Tonight

The Junior Chamber of Commerce at its supper meeting at the Olive Towne Inn tonight at 8:30 will elect new officers and directors for 1949. President B. B. Sugg, Jr. will preside.

Sixty girls from East Carolina Teachers College will present a program of songs.

Two new members will be inducted. The board of directors will meet one hour previous to the regular meeting.

Dear Judy

You've got to have a heart to be a baby sitter, says Marion Lowndes, author of "A Manual for Baby Sitters (Little, Brown). Her advice to the thousands of girls, boys, grandmothers and ex-GI's who make spare money as sitters is to be the kind of a baby sitter they would want to employ for their own children.

Sitters she talked with said that what they would like under those circumstances is a kind, patient, understanding person who likes children.

Today, the author estimates some 20,000,000 children are too young to be left alone day or night. She finds them thoroughly dependent upon the sitter, whose duty is, to "keep them happy; keep them safe."

Some of the essentials of the art of baby sitting suggested by Mrs. Lowndes are:

Get the facts as to the number of children in the household before accepting the sitting.

Be prompt and dependable. Bring your own sweater, watch, food if you think you'll need it.

Get all the details on where to get help if a crisis arises. Know (1) the number where the parent can be reached; (2) the doctor's number; (3) how to call the police; (4) how to call the fire department.

Use burglar tactics in getting a layout of the house—you should know where light switches, telephone, clothes for the baby are located before the mother leaves.

Keep constant watch to guard against accidents. Do not administer medicines or take care of anything but superficial cuts or injuries.

You don't have to worry about letting a baby cry, says Mrs. Lowndes. However, listen for a few minutes to discover whether it is a complaining cry or something more serious.

Play games with the young children keeping in mind that they are fascinated by everyday things such as clothespins, magazines, newspapers, seed catalogues, boxes, soda straws, lumps of sugar, combs, knitting yarn short ends of lace, scratch pads, pencils, rubber bands, etc.

You've probably had attacks of insomnia so the idea of lying awake in bed doesn't appeal to you. Put yourself in the child's place then, who was put to bed before he was sleepy, and must lie awake in a dark room. Naturally, he'll find excuses to get up occasionally—he will call for water, ask to go to the bathroom, and dream up excuses at fifteen or twenty minute intervals. Mrs. Lowndes advises that he doesn't want to be a pest, he just can't relax.

Besides having all telephone numbers for emergencies, the sitter should learn how the stove works, how to regulate the heat, where diapers are kept, baby's feeding schedule, sleeping preferences, whether family pets are friendly.

And, in case of fire, kids, Mrs. Lowndes reminds you that your first duty is to the baby—never mind anything else until you have him safe. A house can be replaced, but you can't replace a baby.

## Vivian

**NEW RELIEF! WHEN COLDS CAUSE Croupy Coughs**

Mother, you know what wonderful relief you get when you rub on Vicks VapoRub! Now...when your child wakes up in the night tormented with a croupy cough of a cold, here's a special way to use Vicks VapoRub. It's VapoRub Steam—and it brings relief almost instantly!

Put a good spoonful of Vicks VapoRub in a bowl of boiling water or vaporizer. Then...let your child breathe in the soothing VapoRub Steam. Medicated vapors penetrate deep into cold-congested upper bronchial tubes and bring relief with every breath!

## Local Industry Expanding Fast

Greenville's newest industry, the local plant of the American Lady Corset company, is expanding operations daily, according to Charles R. Poole, vice president of the company and manager of the Greenville plant.

"We are expanding operations in Greenville as rapidly as possible and really faster than we had expected," Poole said in an interview yesterday. The plant, which began production in mid-September now employs approximately 90 people, and Poole stated that between five and 10 new workers a day will be hired during the next 10 days beginning Monday. "When we reach our peak production, which probably will be next fall," Poole said, "we will employ approximately 300 people in the Greenville plant. By this spring approximately 200 people will be working in the local plant."

At the present time, the plant is producing 14 different styles of corsets, brassiers and bandeaus with each style being produced in three lengths and four colors. Included in the plant's production lists are "American Lady" and "Miss Today" products, and next week the plant will begin turning out "Artist Model" brassiers and bandeaus.

The plant is now producing approximately 98 dozen garments daily, and at peak production Poole said, the plant will produce about 450 dozen garments daily.

### Police Of Fountain Host To Officers At Barbecue Supper

The Fountain police department was host at a barbecue supper at headquarters in Fountain Tuesday night to law enforcement officers of the area. Chief J. A. Wheeler welcomed the guests. Rev. R. L. West, Baptist minister, was master of ceremonies. Mayor J. L. Peck and other city officials were present. Special guests included Capt. Lester Jones, commander of the State Highway Patrol here, Capt. Paul Crawford of the State Prison and J. M. Ward and other ABC officers and other officers. Thirty-five guests were present.

### BACKACHE, LEG PAINS MAY BE DANGER SIGN Of Tired Kidneys

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause' nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 60 years. Doan's gives happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

GOVERNOR'S BARBECUE—Governor Fuller Warren of Florida takes a steak from the fire at the grand barbecue, which celebrated his inauguration in Tallahassee.

NOMINATED—Dean Acheson, named by President Truman to succeed Gen. George C. Marshall as Secretary of State, smiles as he sits at his desk in Washington.

### Pleasant Weather In Contrast Heavy Snows Of Last Year

By CHESTER WALSH

The weather in the Greenville area today was in contrast to that of about a year ago. The temperature at 8 a.m. today was 42 degrees with a clear sky and brilliant sunshine.

Last year, January 24, three inches of snow fell here. On the 28th and 31st one-half an inch of snow fell, and snow remained on the ground until well into February. On February 1 last year seven and eight-tenths inches of snow fell and on February 10th a snowfall of 10 1/4 inches blanketed the countryside and stalled transportation and mail service for several days. Snow remained on the ground until February 14.

The temperature last January 25 dropped to 13 degrees above zero. The mercury hovered around 16

degrees above zero last February 2 and 3. The temperature last January 1 was 13 degrees and on February 27 the weather bureau thermometer registered 78 degrees.

The highest temperature recorded here this month was 76 degrees on January 18. Highest temperature yesterday was 73 degrees, Mrs. C. E. Maiden, weather observer here for the U.S. Department of Agriculture, reported.

Less than one inch of rain has fallen here this month.

## Strength FOR THE DAY

**RAVAGES OF SUCCESS**  
Have you ever encountered a person who could endure sorrow but who could not endure success?  
There are some people in whom strong moral character never seems to manifest itself until they encounter in their lives some appalling situation. Then they stand up like heroes. Success came to them, and they were weak, flabby, compromising. They went with the crowd. They learned all the shibboleths of worldly living and hurried them at what they called Puritanism. They were miserable, timeservers, until one day something happened of a calamitous nature. They suddenly forgot to be fools and became instead real heroes whom everybody admired.

Strange, is it not, the way human character grows strong under bludgeoning and weak under coddling? A great religious revival is taking place in Hungary at the present time, and a Hungarian leader said recently that this revival was not in spite of the bombing, suffering and persecution through which the nation has passed in recent years but because of these things. Sound morality seems to have a better chance in lives, nations, and eras which are afflicted than in lives, nations, and eras which are prosperous and comfortable.

Sorrow can be surmounted, but it takes a real hero to escape the ravages of success.

### PITT COUNTY AND POLIO

With last year's toll of North Carolina youths killed or crippled by polio still fresh in the minds of the people of the state, there should be little hesitation on the part of anyone to contribute to the March of Dimes, which this year will have to be a March of Dollars to meet the expenses of treating the increased number of polio victims.

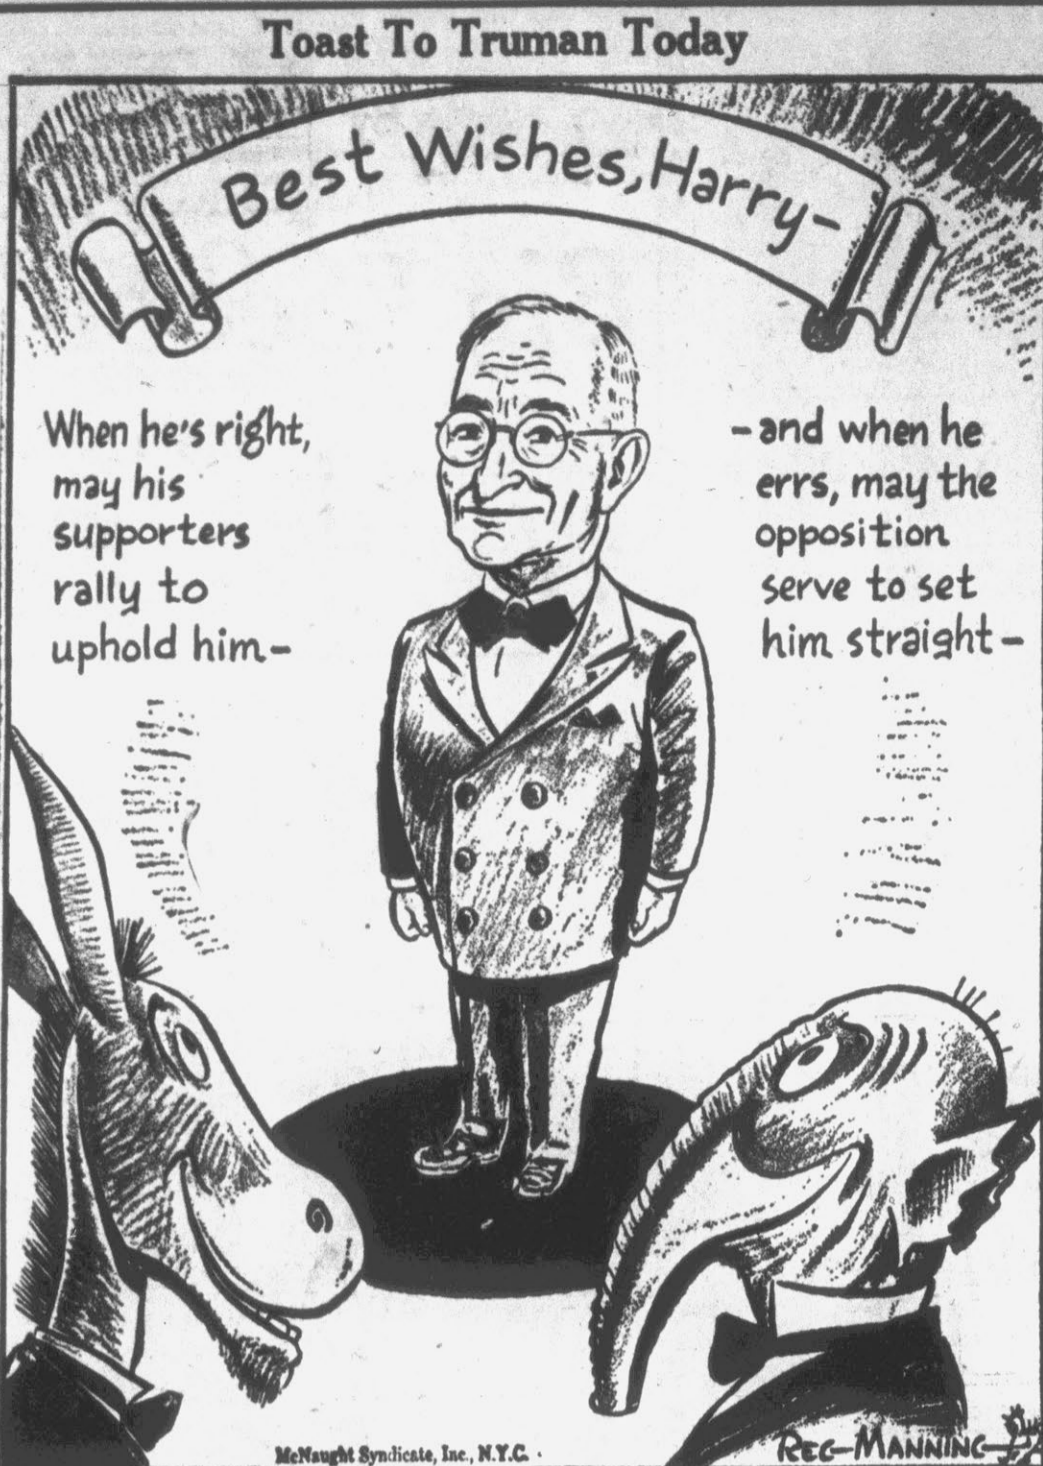

Polio strikes any time, anywhere, and at anyone. Pitt county was fortunate in 1948 because its number of cases was small compared to some other counties of the state; even though the number was large for Pitt county, and the cost of treating the victims almost completely drained the reserve built up in the county polio fund over a period of years. Now it is time to replenish the polio fund in Pitt county and to build up again the resources with which to fight this dreaded disease.

Pitt county this year has been asked to raise \$12,200 in the polio drive, to meet the current expense of treating last year's polio victims, and to be prepared to afford treatment to new victims should the disease strike heavily again this year.

Each gift to the Pitt County Polio fund is another weapon with which to fight the dreaded cripple which threatens the lives and happiness of the young people of Pitt county, our state and our nation.

### Around Capitol Square

**PATTERN**—A new pattern of financing operations of the state department of agriculture, which might well result in destroying the identity and integrity of the agriculture fund as distinct from the general fund, is being studied. The plan was presented to joint meeting of senate and house committee

McNaught Syndicate, Inc., N.Y.C. REC-MANNING

Thursday, pursuant to resolution adopted by the board on Wednesday.

**FAR-REACHING**—The proposed new plan will be far reaching in its effect, and is made necessary by the rapidly broadening services rendered by the department to all segments of the state's citizenship. It was outlined by Commissioner L. Y. Ballentine at the first board meeting of his administration, and was unanimously approved by the board. It does not immediately contemplate integrating departmental revenue and appropriations into the general fund account, but that will be the practical if not technical effect.

**DESPERATE**—Expanded services of the department during the period of highest costs make the fiscal position of the department precarious, if not desperate. For many years the agriculture fund has maintained a reserve working fund ranging from \$300,000 to \$800,000 at end of each biennium. Present approved appropriations pitted against anticipated revenue indicate a deficit of only \$11,000 at June 30, 1951. That is admittedly unsafe, unsound and dangerous to continuing operation, and it comes at a time when demands for service are growing rapidly. Large part of the demand comes from, and service is rendered to, elements of citizenship not directly related to agriculture or farming. For that reason it seems logical to the board that the general fund should share a larger portion of the burden, and substantially larger allocations are requested from general fund sources. The commissioner and board members think the present hodge-podge system of utilizing these general fund moneys is unsound.

**DIVERSION**—There has been a lot of talk in the past about diverting special highway and agriculture funds to other than specified purposes. The diversion of services to the departments can be as serious but has received little attention. The agriculture folks now complain that if they are to continue checking coal dealer scales, administering the pure food and drug laws attempt to control insect infestation, promote improved marketing and many other things not properly chargeable to inspection fees paid by farm purchasers of fertilizer and seed, they must have additional money from the general fund.

**DUAL**—When the policy of keeping the agriculture fund separate was first adopted the department

### Boyle's Column

By HAL BOYLE  
New York—(AP)—Women's hats don't just happen. They are made to happen.

And there is quite a story behind the first hat of the land today—the hat that America's first lady will wear in Washington after husband Harry's swearing in ceremony.

Bess Truman's inaugural reception that proves we do live in one world. It is a kind of United Nations hat-welding together the artistic talents of Arid Africa, Italy, France and Hungary. The price—undisclosed—is strictly American.

"There is only one hat of this kind in the world—and there will never be another," said Suzanne Remy, petite French designer.

"And it will be worn just once. After that it will be put in the Smithsonian Institution, where they also have a hat worn by Martha

# Growing A Beard Is Civic Project

Winston-Salem, N.C., Jan. 20—(AP)—If you see a fellow with a bushy black beard, lend him a helping hand. He may be from Forsyth County.

As a part of the county's centennial celebration, scheduled for May, Forsyth men by the dozens are swearing off razor blades to see how many whiskers they can sprout by then.

Even Police Chief John M. Vold has given his official blessing to the project. The Twin City's force soon may resemble London's bobbies in their best days.

Joe King, local artist and ventriloquist and head of the beard-growing endeavor, yesterday issued copies of the formal membership application in the Forsyth County Bush-Growers League, Inc.

It says: "This is to certify that I, being a good civic-minded citizen or resident of Forsyth County, do hereby agree to do my civic duty and grow a moustache, null beard, goat-tee or sideburns as a part of the celebration to be held in May, 1949, in honor of the pioneers that built our great county that we now enjoy."

The membership blank is flanked with the picture of a man with a moustache and chin whiskers. In the corners it has a razor blade, shaving brush and a couple of shaving mugs.

Civic groups have joined in the project. A goal of 10,000 whisker-producing members has been set for the project by the Forsyth County centennial beard committee.

**ACTRESS AND BABY**—Film Actress Mona Freeman, who is Mrs. Pat Nerney, checks curlers and hair net she has just put on her year-old daughter, Monie, at her Los Angeles home.

### BOXES FOR FINES

Hendersonville, Jan. 20—(AP)—City officials here have authorized installation of trial parking fine boxes on parking meters. Mayor A. V. Edwards said the purpose was to save persons receiving summonses for overtime parking from having to appear in court. Instead of parking tickets, a special envelope is placed in the fine box or dropped in the mails.

All colors are seen as various shades of gray by a person with congenital color blindness.

### Warns About Fires

Fitt County Fire Warden N.S. (Kid) Tyson today warned farmers and others in rural sections to take precautionary measures to prevent forest fires this year. He urged that care be used in burning off tobacco plant beds and brush and grass. A state law requires landowners planning to burn brush to notify adjoining neighbors. The fire warden said careless smokers were responsible for more than 900 forest fires last year.

today were 10 to 20 below zero. Some snow fell in the Dakotas and occasional blizzard conditions were forecast.

Rockford's 21 below compared to a low of 4 above at Chicago—some 80 miles away. Moline, in northwestern Illinois, reported a low of -15. There were sub-zero marks in Iowa, Wisconsin, Minnesota, Nebraska, Montana and sections of Michigan.

The cold air moved into the North Atlantic Coast and Gulf states but temperatures were reported around normal. Some snow fell in the far southwest and rain fell in California.

### Death Plunge By Mother, Child

New York, Jan. 20—(AP)—A mother kissed her five-year-old daughter on a subway platform, gripped her by the hand and plunged both of them to death under a train entering the station yesterday. The victims were Mrs. Mae Balis-

ky, 31, and daughter Victoria. The husband and father, Edward Balisky, a welder, said later his wife has been unhappy occasionally following an operation last year. Total color blindness is extremely rare. The steppes, broad, level tracts of land without forests, are usually associated with Russia but they actually begin near the border of Holland and extend across northern Germany, Russia and Siberia, almost to the Pacific ocean.

## Sub-Zero Belt Is Numbed By Cold

Chicago, Jan. 20—(AP)—The winter season's coldest weather numbed the northern plains and most of the Midwest today.

A sub-zero belt extended from Montana into Illinois. The mercury plunged to 33 below in Pembina, N.D., and across the cold front eastward into Illinois. Rockford reported a reading of 21 below. Temperatures didn't get above zero in some parts of the arctic area all day yesterday and federal forecasters didn't expect much relief until Friday. The highest temperatures predicted for North Dakota

## Pre-Dawn Blaze In Independence

Independence, Mo., Jan. 20—(AP)—A pre-dawn fire in near zero weather raged through a half block of business buildings in President Truman's hometown this inauguration day, causing damage approaching \$1,000,000.

The downtown fire was only eight blocks from the summer White House. Fire Chief D. A. Kincaid said damage may run as high as \$1,000,000. It was one of the worst fires in the more than 100 years of Independence's history.

No one was reported injured but 30 persons were evacuated from a residential building as the fire spread to the accompaniment of exploding small arms ammunition in a hardware store.

Five fire companies from early Kansas City and two from a suburban district helped four Independence companies in bringing the fire under control after a three hour before dawn battle in three above temperature.

Windows were blown out by the small arms ammunition explosions. Electric lights went off momentarily. Three brick buildings—one three stories and the others two stories—were destroyed. Several other businesses were damaged by smoke and water.

## Three Fighter Planes Collide Over Germany

Neuburg, Germany, Jan. 20—(AP)—Three American fighter planes collided in the air over southern Germany today, killing two of the pilots.

The third pilot baled out and was reported in "fairly good condition." The U.S. Air Force said the three F-47 planes—a modernized version of the P-47 Thunderbolt—collided while on a formation flight.

The collision took place 10 miles south of Neuburg, where the planes were based.

Names of the pilots were withheld pending notification of next of kin.

## Akin to Automatic Propulsion!

White sidewall tires available at additional cost.

When the great new Cadillac engine was in the final stages of development, a Cadillac engineer made a test run up Pike's Peak. "It felt," he said upon his return, "as if the car were moving by automatic propulsion." When you drive a 1949 Cadillac—powered by this magnificent new engine—you will understand what the engineer was talking about. The power flow is so smooth—and the supply of power so seemingly inexhaustible—that the driver is scarcely aware of the engine's existence. Owners are finding that this smooth, even, effortless flow

of power does far more than increase the car's agility. It adds immeasurably to handling ease and maneuverability. It increases the confidence of the person at the wheel, and thereby makes him a better driver. And it increases the car's over-all safety to a remarkable degree. It has long been true that a search for the finest leads inevitably to Cadillac. But, today, the sign posts are marked so plainly that searching is not required. There is, literally, nowhere else to go—if you want the ultimate in motor car quality and satisfaction.

**SNOWGIRL IN THE ALPS**— Marie-Christine Gardes (above), 4, carries her skis in the snow, to join the grown-ups enjoying the sport at Courcheval, French winter resort in the Alps at Savoy.

terminating at a reception and ball for Governor and Mrs. Scott.

Yesterday the Scotts were honored guests at a huge luncheon given by the society officers. John Slear, formerly of Charlotte, is president. There were more than 200 present. Many smaller parties were sche-

duled for visiting Tar Heels too. Rep. Chatham (D-NC) was host at one of these.

And, of course, many North Carolinians made the rounds of the bigger festivities, centering about President and Mrs. Truman. A lot of them are included in the embassy

parties also. Former Gov. R. Gregg Cherry joined the multitude of Tar Heels in town for inaugural events.

John A. Lang, president of the North Carolina Democratic Club of Washington, announced the state float for the inaugural parade was all paid for before parade time.

Rocky Mount's Uncle Sam had a place in the parade as the (A. O. Davis, that is) has done in 13 annual hometown parades.

Governor Scott, whose three-day calendar in Washington called for all the major inaugural festivities, and many minor ones in addition to the parties put on for him by North Carolinians, was continually on the go.

### Elderly Victim Of Hit-and-Run Auto Still Improving

James P. Freeman, 86-year-old white man of Farmville, who was knocked down and seriously injured by a hit-and-run motorist on Tar River bridge last week, is still in a serious condition at Pitt General Hospital, but continues to show signs of improvement. Freeman was injured while walking across the bridge. Police have information that the car that struck him slowed up, but did not stop and sped away when another car approached. Freeman was partly scalped, suffered a fractured skull and shoulder and other injuries. He has not recovered consciousness sufficiently to give a coherent story of the accident. Police and the State Highway patrol are continuing their investigation.

### Would Tighten Control Of Pills

Raleigh, N.C., Jan. 20—(AP)—Tightening of laws controlling certain types of headache pills—often used in "roof balls"—has been recommended by the State Board of Agriculture.

The board favored a proposal by Dr. E. W. Constable, state chemist, that the legislature be asked to amend state laws to require a doctor's prescription for retail sale of drugs containing "any quantity of amidoxyline, barbituric acid, pituitary, thyroid, or their derivatives."

The troy weight comes from Troyes, France, an important trading center where 5,760 grains became the unit for weighing bullion.

# Soviet Vise Cramps Economic Life In Berlin; Can Make Out

lin, Jan. 20—(AP)—The vise around Berlin by the Soviets is cramping the city's economic life. American officials say factories are running short of materials and cash. Factories are using raw materials faster than they are getting but critical firms are receiving what they need," says a U. S. government official who is in a position to know. He hopes that the time will come when the air lift can bring in materials as fast as they are used. "The long-term outlook is optimistic—but I don't know about next few months." His official says that "between 30 and 40 percent of preblockade production is being maintained in Berlin. Another way, this means the Soviet blockade has sliced 60 to 70 percent from the city's output. This means that the allied forces of this blockaded city are in danger of economic collapse, as stated by Communist propaganda. American officials here give an

emphatic "no." And they list three reasons: 1. Nobody in Berlin is starving. Berliners with empty stomachs would capitulate to the Soviets but Operation Vittles is providing Berliners with a better diet than the French (English or Belgian peoples get (except for English fresh vegetables.) 2. The spirit of Berliners. Their chins are up. Many who live on the Soviet sector border spend hours daily walking to wooded sections of the allied sectors to get fuel rather than step into the eastern sector for coal. 3. Expansion of the allied air lift. This will increase the volume of fuel and raw materials for Berlin's factories. Critical factories still are humming at capacity. They supply minimum essentials for repair of city buses and utilities. Such factories get the fuel and materials they need. Other factories which the western powers want to operate are handicapped by scarcities. But they are shipping to western Germany some machine tools, coal mining, telecommunications and electrical equip-

## C-OfC To Hold Important Meet

The Greenville Chamber of Commerce will hold an all-member meeting tomorrow night in the court room of the city hall at 8 o'clock, to act on recommendations of the executive committee on a revision of the organization's constitution and by-laws, and to discuss projects for this year's work. Charles B. Bissette, president of the organization, urged all members to be present, and to be prepared to make suggestions in civil cases which will promote the "growth of the community, and welfare of its citizens as a whole." Expected to be discussed at the meeting, according to officials of the local chamber of commerce, are programs for bringing more business to Greenville and plans for encouraging more new industries to locate in the city.

## Considers Bill Aimed At Jurors

Raleigh, N. C., Jan. 20—(AP)—A bill aimed at curbing the power of "bull-headed" jurors in civil cases is under consideration by Senator R. N. Simms, Jr., of Wake. At a meeting of Senate Judiciary committee 11 yesterday, Senator Simms said he was considering introduction of legislation under which a majority of nine or 10 jurors would be sufficient for a verdict in civil cases. The law now requires a unanimous verdict of the 12 jurors.

The use of barley-corns (grains of barley) in measurement still survives in shoe numbers, which run by thirds of an inch or "barley-corns."

## Colored News

The Star of Zion Usher Board No. 2 of York Memorial A. M. E. Zion Church will give a skating party in the basement of the church Friday night, January 21, admission 10c. Refreshments will be served.

The Sunrise Usher Board of Corner Stone Baptist Church will meet at the home of Mr. Levy Jones Sunday, January 23, at 4 p. m. Mrs. Lillian Jones, president. Mrs. Mamie Dixon, secretary.

The Pitt County Negro Clinic presents a deluxe fashion review and high hat minstrel Friday night, January 21, at 8 o'clock at Epps High School auditorium.

Mrs. Louise Hopkins was hostess to the Senior Ladies' Auxiliary of Sycamore Hill Baptist Church. About 26 regular members attended. Those who were welcomed back were Mrs. Ruth Hardy and Mrs. Lula Simmons. Two new persons became members, namely Miss Sallie Phillips and Mrs. Vivian Shivers. A short but constructive program was rendered. It consisted of two poems by Mrs. Julia Barnhill and Miss Flora Phillips and a solo by Mrs. Rosa Langley. The meeting and the delicious salad course were enjoyed by all. The meeting next Sunday will be with Mrs. Rosa Langley.

from the Rector's Kitchens

**TASTY MEAT** with apricots is truly a flavor combination of merit. The platter is colorful, and the tender rounds of smoked, sugar-cured pork are a choice bit of good eating. To make this delicious entree you may either start with uncooked Wilson's Certified Tasty Meat or with the leftover meat. In both cases the fork-tender, cooked Tasty Meat slices are heated in and served with the accompanying fruit sauce. You will find the fruit flavor enhances the meat flavor to perfection, and vice versa.

**Tasty Meat with Apricots...**  
Slice off from the piece:  
6 (1 1/2 inch) slices of Wilson's Certified Tasty Meat must be cooked. So, for every raw slice add:  
1 cup water  
Cover, then gently and slowly cook to fork tenderness. Either use a slow oven (325°F.) or cook on top of the stove in a double boiler, over water, for about two hours. (Using a temperature-controlled oven or a double boiler will insure the tender meat slices against the toughening effects of high heat. Slices of meat are more sensitive to too much heat than larger pieces, because the heat can penetrate to the very center and toughen the meat all the way through, almost before you notice the over-heating.) Wash and pick over:  
1 cup dried apricots  
Let soak one hour or more in:  
2 cups water  
Then add and cook until apricots are tender:  
5 whole cloves and  
3 tablespoons sugar  
when tender and cooked down to a sauce consistency, add:  
1 tablespoon lemon juice  
Pour the hot sauce over the drained, fork-tender Tasty Meat slices and cover. Put back into oven or double boiler for half an hour of savory cooking together. Garnish with sprigs of celery and serve hot to four.  
\*For example from a dinner of Tasty Meat simmered with vegetables.  
See Saturday Evening Post, January 22 issue.  
The Wilson label protects your table.

# Farley Cagers Take Wins In Playing Roanoke Rapids

Coach Bo Farley's Greenville high school Phantoms fought down a last quarter rally last night to defeat the Roanoke Rapids Yellow Jackets 29 to 28 to cap their third Northeastern conference basketball game. The Farley coached Jayvees topped the Roanoke Rapids leads 35 to 16 in the preliminary game played at Roanoke Rapids.

Though they led by 10 to 12 points throughout most of the game the Greenville cagers had to freeze the ball for the last 25 seconds of the last quarter in order to stem a Roanoke Rapids comeback which brought them from 10 points behind to knot the score with 25 seconds to go.

Joe Alligood scored the winning Greenville point of a free throw and the Farley men froze the ball the last few seconds to win the contest.

John Farley paced the Phantoms with 19 points and Alligood got 11.

Book took scoring laurels for the tooters with 11 points.

In the Jayvee game the Greenville team led throughout and never once did the Roanoke Rapids boys threaten to take the lead. Sidney Briley led the way with 12 points.

Lineup:

Varsity Game		R. Rapids	
Greenville	Pos	R. Rapids	
Sawyer (3)	F	Rook (11)	
Alligood (11)	F	Clemmer (10)	
Ward	F	Hasty (4)	
Northrop (8)	G	Wheeler (3)	
Earley (12)	G	Warren (9)	
Fleming	G	Hines (1)	
Cox (4)	G	Edwards	

Jayvee Game		R. Rapids	
Greenville	Pos	R. Rapids	
Dillingier (8)	F	Smith (1)

Briley (12)	G	Hurst (2)	
Higgs	G	Gaskins (4)	
Farley	F		
Sideris	F		
Aman (3)	G		
Scott	G		
Ormond	G		

It is estimated that Americans read 400 million books a year.

## Ticket Orders

Durham, Jan. 20—(AP)—Ticket orders for the annual Southern Conference basketball tournament will be accepted beginning Feb. 10, Duke Athletic Director Eddie Cameron announced today.

Cameron, chairman of the conference basketball committee, said that only mail orders will be taken.

The 28th annual event will be held in Duke's indoor stadium March 2-5 before the customary capacity crowds of close to 3,000.

The eight competing teams will be selected at a Feb. 27 meeting at Durham.

## Leonard Anxious To Prove Worth

Philadelphia, Jan. 20—(AP)—Dutch Leonard, two months away from 39 is eager to prove to the Chicago Cubs that he's young enough to pitch winning major league ball.

"The way they're writing about me (in Chicago) you might think I was baseball's Methuselah," Dutch told a newspaper yesterday.

Dutch knuckled for the Philadelphia Phillies the past two seasons—and now is on the Cub payroll.

At least Leonard has reason to believe he is. The Cubs obtained him this winter from the Blue Jays in a player swap that brought Eddie Waitkus and Hank Borowy to the Phils.

"I've only heard a few words from the Cubs since the deal was made," Dutch said, "so I don't know what they're going to offer me for 1949 but general manager Jim Gallagher and field manager Charlie Grimm seemed happy about making the trade to get me."

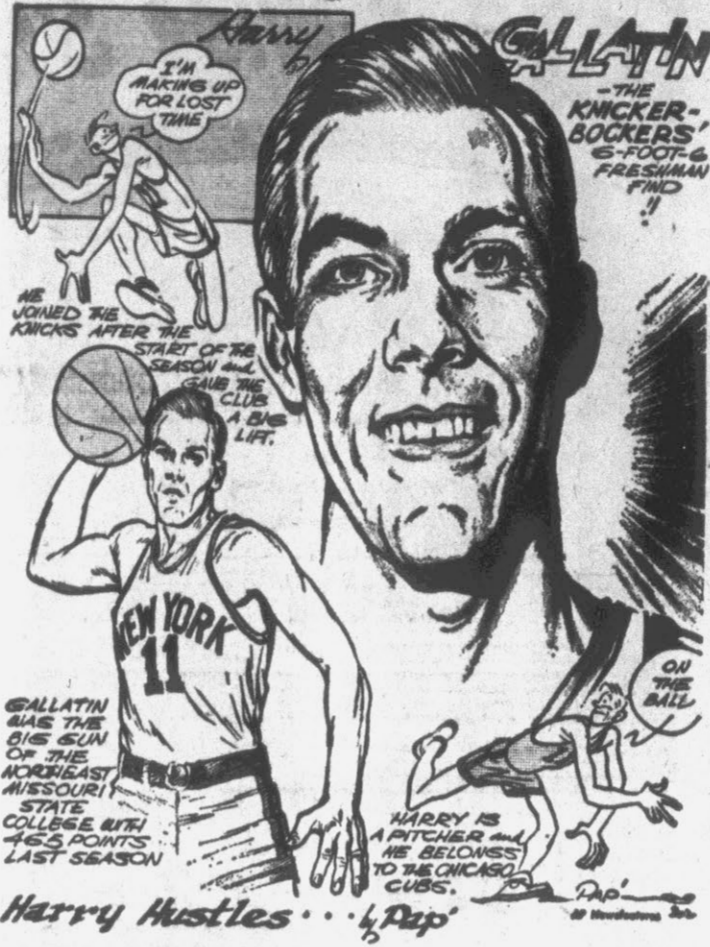

Dutch came up to the major leagues in 1939 and except for a two-year back-track stretch with Atlanta of the Southern Association has always hurled in the big time.

## Winterville And Arthur Divided Twin Cage Bill

Arthur and Winterville schools divided honors Tuesday night in a basketball doubleheader with Arthur taking the girls game 49 to 38 and the Winterville boys walking away with a 57 to 13 victory.

The girls game was Arthur all the way with Virginia Crawford leading the way with a total of 29 points. Langston of Winterville was next high with 21 points. Both teams

## WCTC Player Is Again Leading Circuit Scoring

By the Associated Press

Bob McGinn, plucky forward for WeWestern Carolina Teachers, was back on top of the North State Conference's scoring race today.

McGinn bucketed 16 points last night as Coach Tuck McConnell's Catamounts nosed out the independent Monroe Clippers, 46-44, at Asheville.

Following the pattern already established by other North State quints this season, the game was a nip-and-tuck affair from start to finish. The Clippers led 27-24 at halftime but McGinn's accuracy made the difference in the final half.

Only one scrap is booked tonight. Appalachian entertains Georgia Teachers College in a non-conference game at Boone.

## Defensive Stars Meet Top Quint

New York, Jan. 20—(AP)—Oklahoma A. and M. will throw up the best defense in college basketball tonight against St. Louis University, acclaimed the nation's No. 1 team.

Hank Da's athletes, specialists in the same defense, have held their opponents to an average of 35 points a game so far this season.

If they can limit St. Louis' Ed Macauley and his mates to this figure, the Aggies should be able to crack the Billiken's winning string, which now stretches to 11.

## Grifton Bulldogs Capture Twin Bill

Grifton—In a scheduled game played here Tuesday night, the Grifton high school boys and girls basketball teams won a double victory against Belvoir. The boys won 43-28 and the girls took a 32-20, decision.

E. Braxton led the girls with 27 points, followed by F. Phillips with 3 and N. Mumford with 2 points. M. Pollard led the Belvoir girls with 8 points, Jones 6, C. Pollard 4 and Brown 2.

R. Mumford led the winning boys team with 20 points, followed by Ewell with 11; R. Lewis with 5, Phillips and Rogers 2 each, and Barfield and J. Jackson and Avery with one point each. Leggett led the Belvoir quint with 8 points to his credit, followed by Barnhill with 7.

On Friday night, Grifton's Bulldogs will entertain Chicod in a doubleheader at the Grifton Gym with the games scheduled to start at 7:30.

## Substitutes Whole Team To Win Basketball Games

Pullman, Wash., Jan. 20—(AP)—Backers of the "hurry-scurry" style of basketball must be puzzled by the Washington State College record of 17 victories and only one loss.

The Cougars have won those 17 games, including four straight in conference play, with an average of only 52.5 points per game. Defense, something that the old folks will remember, is the answer. The opponents have averaged 43.1 in each contest.

Defense isn't the only answer, though.

The formula for the winning club involves an ace 'defensive' forward, a 'platoon' substitution system and three quarterbacks.

It sounds like a fine scheme for the football field, but it's also doing wonders for Coach Jack Trel, head basketball coach at Washington State since 1929.

The verbally tricky "platoon" substitution system for football is an old story for He's been using it since 1944 under the name of unit substitution.

The Washington State coach experimented in 1940 with substituting whole teams and liked well he adopted it permanently next year. Now the starting takes the floor for six minutes, a new 'platoon' of five men over for two minutes, or longer they're doing well.

Three pitchers in the American League won 20 or more games in 1948. Twenty-game winners Bob Lemon and Gene Bearden of the Cleveland Indians. Hal Nauer of Detroit won 21.

## Justice Missed Physical Check

Chapel Hill, N. C., Jan. 20—(AP)—Charles (Choo Choo) Justice, the University of North Carolina's all-America halfback, was scheduled to make another try at getting a physical checkup today.

Plans for his much-publicized checkup called for him to enter the University infirmary yesterday but he arrived too late from Norfolk, Va.

## HER SECRET STAR

By Bonnie C. Hall

Chapter 11  
Dr. Newton stopped the car and Betty's jaw dropped in surprise. Was he calling her bluff, or would he actually let her get out and walk home? Before she could decide whether to back down or make good her threat, he laid a hand on her arm and said in a placating voice: "There, there now. Take it easy, young lady. You didn't let me finish. You'll probably be madder than ever when I do. The truth is, I'm not even sure we'll get as far as the beach. If we do, the afternoon will be practically gone."  
"But why? It's just a little after one. And it's only five miles to Aiden—so Aunt Minniebelle says. There's nothing wrong with the car, is there?"  
"No. Nothing wrong with this jalopy." He patted the steering wheel fondly.  
"Well, I might as well tell you. There was a phone call just before I started. Sorry—but I've got to see a patient over on the wrong side of town. I'm afraid I'll have to ask you to sit in the car and wait. I may be detained for some time. It's the Harper family—the town's pet peeve. I never know what I'll run into out there."  
"Oh, is that all?" said Betty, feeling a little foolish now. "I'm sorry I was so hateful. Those last minute calls are to be expected. After all..."  
JOB WANTED AS FARM OVERSEER. 15 years experience. H. H. Weathington, Winterville, N. C., P. O. Box 63. 18-cod-3

FOR SALE—A GOOD MILCH COW. Reason for selling, owner will be away from home a couple of months. Phone 286, Grifton, N. C. 20-3

ly my affair."  
Betty said pleasantly, "I don't mind waiting. Of course I'm sorry these people are sick, but—well, I'm glad for you. You're getting daytime customers. Phoozy to the beach trip. It doesn't matter if we don't get there at all."  
Her words had just the opposite effect to what she'd intended. He frowned and said:  
"You can skip the soft soap too, if you don't mind. I know how you feel. I know how unreasonable girls are. Go ahead and get mad, say what you mean. Say I brought you out on false pretenses. Say I trumped this thing up just to disappoint you. Say the Harpers got sick on purpose, just to spoil your trip to the beach. Say if I were any part of a gentleman, I'd let them stew in their own juice, because I made a date with you first. Go ahead—say it!"  
Betty felt that she should resent this, but she could only regard him with compassionate eyes. This was a new and strange George Newton.  
He was no longer the aloof, taciturn doctor, thinking only of his patients. He was a man who had been deeply hurt at some time and was striking back, blindly and without regard for the innocent bystander. He was not striking at her—not really. She must remember that.  
"I honestly meant it when I said I wouldn't mind missing the beach trip. I might even be able to help you a little bit. Goodness knows I'm not really a nurse and I'm far from perfect, but I do feel that a doctor's first obligation is to his sick patients. And I don't think I'm different from most girls. Anyhow, whether you believe me or not, I did mean what I said."  
"I believe you did." He smiled down at her and, before she realized what was happening, he had leaned over and kissed her hard on the mouth. "You're a sweet kid, Betty," he said.  
"Why, you—you kissed me," she stammered a little nonsensically, pressing her hand to her lips.  
"Yes—so I did." He frowned and started the car.  
It was not until they were stopping in a driveway that they spoke again. Then Betty said what had been in the back of her mind for some little time:  
"You must have loved her a lot—that girl, I mean—to be able to forgive her and blame yourself."  
"Yes," he acknowledged promptly. "I loved her so much I married her. It's all over now. She's free, and I've learned my lesson. From here on out I'm having nothing to do with love and marriage. Being a doctor is a fulltime job. However, I didn't intend to bore you with my life story. Matter of fact, it's the part of the South Boston episode that I much prefer not to talk about."  
Before she could recover herself, he had picked up his bag, climbed out of the car, and was striding across the cluttered lawn toward the Harpers' front door.

# Negro Executive Sees Opportunity

Gastonia, N. C., Jan. 20—(P)—A Negro insurance executive said here last night that "the Negro will always find opportunities in the south but he must grasp them when they present themselves."

E. W. Mitchell of Winston-Salem spoke before the annual meeting of Excelsior Credit Union, a Negro finance corporation. "To often," Mitchell asserted, "we get the idea that being a colored man is a 100 per cent handicap. There was never anything further from the truth."

"I've seen breadlines in Birmingham, Ala.," he declared, "that stretched for five blocks. That was during the depression. These lines were all white. And within a few blocks Negroes were at work in factories on jobs that white men would have been glad to have. Do you think that Negroes will be kicked out of their jobs if we have another depression? Not on your life. The Lord and the good white people of the south won't let that happen."

## Judge Warlick's Appointment To Be Considered

Washington, Jan. 20—(P)—Senator Broughton (D-NC) said today a Senate Judiciary subcommittee will meet informally Monday to consider the nomination of Judge Wilson Warlick, of Newton, to be federal judge of the Western district of North Carolina.

Broughton is a member of the subcommittee. Warlick, a Superior court judge was first nominated by President Truman last year to succeed Judge Yates Webb, of Shelby, who retired. The Judiciary committee failed to present his nomination to the Senate for confirmation. Mr. Truman nominated him again recently. Former U. S. Attorney D. E. Henderson was named acting judge last fall, succeeding Webb.

## Legion Post Meets In New Home; Band Has 30 Members

Pitt County Post No. 39 American Legion, at its supper meeting at the new Legion home, 621 Evans Street, Tuesday night, discussed at length plans for operating the new headquarters and providing equipment. James S. Jenkins presided for Commander T. K. Fountain. Fred M. Stokes, chairman of the House Committee, reported that equipment will be provided as soon as possible.

A feature of the meeting was the report that 30 musicians had joined the Legion under direction of a committee headed by Jenkins and assisted by Fire Chief George Gardner. Band practice will start shortly. Bandmasters Herbert Carter of East Carolina Teachers College, John R. Arant, of the Greenville High School, and Newton Maehout of the Farmville High School, are giving their time to directing the band. The band will practice Wednesday nights at 8 o'clock at the Greenville High School band room on Cotanche Street.

## Proceedings In Civil Term Court

In civil Superior Court yesterday, divorce decrees on the grounds of two years' separation were granted to Will Smith vs. Nancy Parker Smith and Ollie Mack Mooring vs. Dorothy Mooring, the last named colored.

In the action of W. F. Stokes and J. B. Conleton Jr., trading as Stokes and Conleton, vs. D. Archie Edwards, Don Casey and Thomas E. Casey, trading as Edwards, Casey & Son, J. H. James and J. H. James Jr., and Robert Johnson and J. F. Sherman, trading as Johnson-Sherman Company, involving \$1,700 for oil burners, Judge J.W.H. Roberts, counsel for the defendants, entered a demurrer to the judgment. Counsel told the court that insufficient facts were submitted for cause of action. The court sustained the demurrer and ordered that Edwards, Casey & Sons recover of the plaintiffs their costs, to be taxed by the clerk of Superior Court.

## Can Give Polio Dimes In Parking Meters

Small printed signs have appeared on the Greenville parking meters which read "It doesn't give you time, but drop a dime in the parking meter for the March of Dimes." City officials agreed to turn over to the Pitt County March of Dimes drive all the dimes which are collected in the city parking meters this week, and in addition, the county March of Dimes drive will be given the total receipts of the parking meters for one day this week, Mayor J. H. Boyd said.

## President Took Time For Prayer

Washington, Jan. 20—(P)—President Truman turned to the quiet of St. John's church this morning for a brief period of prayer and meditation before his inauguration. Mrs. Truman, their daughter, Margaret, and a few close friends were the only ones asked to attend with him. The visit was kept secret from the horde of visitors in Washington for Mr. Truman's oath-taking. Only the Rev. C. Leslie Glen, rector of the Episcopal church near the White House, and a few members of his staff and church knew the Presidential party was coming.

## Paving Projects Will Be Started Some Time In March

The street paving projects scheduled for West Fifth street, Highway No. 43, to Falkland; Dickinson Avenue, Highway No. 114, and East Fifth street, Highway No. 264, will be started about March 15, Frank Brown Paving Company, which has the contracts, said today. The thoroughfares will be widened to eliminate bottlenecks in local and through motor vehicle traffic, Mayor Jack Boyd of Greenville stated. The State Highway and Public Works commission will defray costs of the paving.

## Unprofitable . . .

(Continued from page one) visional on developments whereas the Washington proposal pins the thing down specifically so that independence would be achieved with time-table precision.

Why do the Dutch reject this U. S. plan as "unparalleled interference?" Informed circles tell me that the Dutch feel that American protection implies distrust of Holland's intentions. The Dutch are sore at the implication, it is said, rather than at the terms of the proposal.

Well, that seems like splitting hairs rather fine, but one can see the Dutch argument. Indeed, we can go further and point out that more than a few critics of Holland actually do claim that she is maneuvering to maintain her position in Indonesia, one of the richest parts of her Empire. This is denied by the Netherlands. That leaves the argument to be settled by developments.

## Meeting . . .

(Continued from page one) and zips around town, feeling much bigger. And, by watching a big parade, a lot of people who get no attention themselves throw themselves mentally into the parade and are the center of attraction.

I hope I didn't spoil anything here for people who just like to shake a great man's paw or watch a parade without having to analyze themselves to find the reason.

But two of the psychologists told me about themselves. One of them got an invitation to the White House and went gladly, hoping to meet Mr. Truman and shake his hand. Later he told his children about it. They felt puffed up and seemed a little more respectful to him. The other one said he shook hands with an unsuccessful Presidential candidate years ago, when he was a small boy, and for years afterwards managed to mention it frequently to his friends.

## Truman Takes . . .

(Continued on page ten) have to find the means to carry out Mr. Truman's programs were scattered before him.

In earlier messages this year, the Chief Executive already had told the lawmakers he would ask funds later to supply arms to nations entering into a security pact with the United States.

His speech today raised the probability of yet another message; to outline in more detail the "bold program" for economic aid to the more than half the people of the world who he said are living in conditions approaching misery.

Diplomats of many lands were present to hear him. "Our aim," Mr. Truman said "should be to help the free people of the world, through their own efforts, to produce more food, more clothing, more materials for housing, and more mechanical power to lighten their burdens. We invite other countries to pool their technological resources in this undertaking."

A white frame platform with towering columns, built across the front steps of the capitol building was the setting for the inaugural ceremony at noon (EST). Out front there were seats for 17,500 and standing room for another 100,000.

First there was the vice-presidential oath for Senator Alben W. Barkley of Kentucky. Then it was Mr. Truman's turn to hold aloft his right hand and repeat after Chief Justice Vinson of the Supreme Court:

"I do solemnly swear that I will faithfully execute the office of President of the United States and will, to the best of my ability, protect and defend the constitution—so help me God."

Then, time out for the Chief Executive to snatch a fast snack. After that, the inaugural parade—two and a half hours of it with Mr. Truman himself leading the procession triumphantly down to the White House.

Seven miles of costly glittering floats, dozens of bands and bugle corps, plenty of famous people, Missouri mules, beautiful girls, a steam calliope. And by way of showing off America's might in these troubled times: Legions of military men, precise West Point Cadets, Navy Naval Academy Midshipmen, Tanks, Guns, 700 fighting planes droning through the sky, almost everything except the Battleship Missouri.

## Hog Market

Raleigh, Jan. 20—(AP)—(NCDA)—Hog prices steady to weaker. Tops of \$19.75 at Kinston, Rocky Mount, Tarboro, Wilson, and Clinton; \$19.50 at Greenville, Goldsboro, Washington.

A MOTION PICTURE AS POWERFUL AS MAN'S INSTINCT FOR SURVIVAL . . . AND WOMAN'S NEED FOR LOVE!!
