Commissioners Advocate Change Auto Inspections

Recommended Action For N.C. Assembly Occupies Much Of Meet Monday

Recommended action for the North Carolina General Assembly took up a good deal of time in the Pitt county commissioners' meeting here yesterday as the commissioners asked for a legislative enabling act and recommended a change in the motor vehicle inspection law.

The commissioners went to record as favoring a change in the motor vehicle inspection law to have inspection of cars and trucks required only once each year instead of semi-annually.

Wants Reform In Writing Of Laws

Columbus, Ga., Feb. 8—(AP)—State Representative John L. Smith wants to reform lawmakers' lawmaking language.

China's War Has Brief Skirmish

Nanking, Feb. 8—(AP)—China's dormant civil war flared into a light fight on the Yangtze today.

Huge Drug Cache Found By Police

New York, Feb. 8—(AP)—A cache of drugs smuggled into this country and estimated to be worth \$2,631,562.50 at retail was found by police in an upper East Side tenement last night.

Labor Law Problems

Congress Over A Barrel In Trying To Write A New Labor Law; Half Measures Not Enough; The Extremes; Fairness to Employers & Employees; Bill 'Fair to All'

By JAMES MARLOW

Washington, Feb. 8—(AP)—Congress is over a barrel, and it's a beautiful sight, in trying to write a new labor law to control big strikes that might damage the public health or welfare.

The board, having done that, would give a decision. Both sides would have to accept it. But, to be fair to the union such a law would have to make any decision by the board retroactive. For example: A union wants to strike Jan. 1. The government stops it and sets up an arbitration board. On May 1, five months later, the board gives its decision: A raise of 10 cents an hour for the union. All of the boss couldn't give the raise, starting May 1. He'd have to make it retroactive, a raise of 10 cents an hour, dating back to Jan. 1 when the government said the union couldn't strike.

Robbed, Beaten, Murdered, Mutilated

The above picture shows the sprawled body of William O'Neal as it was found by the authorities Sunday morning. O'Neal was the victim of "one of the most brutal crimes ever committed in Pitt County" in the view of investigating officers. A picture of O'Neal's taxicab as it was found near the scene of the crime is shown on page six. (Official Police Photo)

Suspects Confess To Brutal Slaying Of Local Cab Driver

Final Arrest Made Early Today; Negroes Lodged In Undisclosed Jail; Reportedly Murdered For Three Dollars

By CHESTER WALSH
Pitt County authorities have solved the brutal murder and robbery of William Benjamin O'Neal, 29-year-old taxicab driver at a rural point between Greenville and Grimesland last Saturday night.

Leora Daniel, 18, and Bessie Daniel, 19, Negro farm laborers and cousins, are being held in jail at a distant city on charges of murder and robbery.

Sheriff Tyson, State Highway Patrolmen, Greenville police and Washington officers, co-operating in spreading the net to apprehend the alleged slayers, arrested Leora Daniel Sunday night near Stokes. Early today they arrested Bessie Daniel at the home of a blind man near Winterville.

Sheriff Tyson said both men had confessed to slaying the taxi driver at a rural point last Saturday night. He quoted the two Negroes as saying that O'Neal put up a desperate fight, and that their loot taken from the dead man's pockets totaled only three dollars. Authorities were so hot on the fugitives' trail that they never had a chance to spend the three one-dollar bills.

O'Neal's murder was one of the most brutal crimes ever committed in Pitt County, authorities said. When he resisted their attempt to rob him, they dragged him from the car and assaulted him with knives, bricks and tobacco sticks. O'Neal's skull was crushed, his neck broken; the facial bones were crushed and nearly all of his teeth were knocked out. While he was prostrate on the ground his assailants pounded his head with a brick. All of the bones in one of the victim's hands were broken; apparently when he held it up to protect his head.

Evidence at the scene of the crime led officers to believe O'Neal's attackers tortured him before he died and mutilated his body afterwards. His back bore nearly a score of knife wounds, two of them being so deep and straight that officers said they must have carved their victim like a butcher cutting meat.

Bessie Daniel is the son of David Daniel, a tenant of the Vance Corey farm, near Winterville. Leora Daniel is the son of Alice Daniel, who lives on the Bruce McLawhorn farm, five miles east of Greenville, and about two miles from the back of Pinky Whitehurst's service station. The murder and robbery was committed about 900 yards from Leora Daniel's mother's home.

Reports On Polio Fund Incomplete

County Chapter Can Count \$6,177; Some Areas Still Silent

Money received so far by the Pitt County Chapter of the National Infantile Paralysis Foundation in the 1949 campaign amounts to \$6,177.38. J. H. Rose said today. Of this amount, the city of Greenville has raised \$4,338.55.

The rest of the county has raised \$1,838.83. Ayden, Grimesland, Bethel and Farmville, and a few other areas have not been heard from yet. Neither has there been a report on the Negro division up to the present time.

Receipts to date are as follows: County schools—Grifton \$287.16; Pactivos \$104.38; Chicod \$271.21; Stokes \$88.93; Winterville \$500; Fairland \$107; Fountain \$508.15; Arthur \$72.

City schools—Third Street \$201.10; West Greenville \$257.98; High School \$447.38; Training School \$175.20.

Other sources — ECTC \$1132.52; coin boxes \$179.61; parking meters \$175.57; Home Demonstration clubs \$87; Cosmetologist Club \$5; Pitt Negro Business and Professional League \$10; President's Ball (sponsored by Lions Club) \$13.51; Junior Chamber of Commerce \$100; Kiwanis Club \$775; contributors in business district \$1078.47.

Little Time For Senate Hearing On Labor Bill

Washington, Feb. 8—(AP)—New signs of stormy weather for the Administration labor bill were hung out today, with only three days left of the scheduled 10-day Senate hearings.

Vatican Readies Strong Protest

Vatican City, Feb. 8—(AP)—Pope Pius XII heard news of the sentencing of Josef Cardinal Mindszenty "with the most profound sorrow," a Vatican source reported today.

Schedule 'Dollar Day' For Feb. 10

Greenville Merchants Prepare For Semi-Annual Event

By CHESTER WALSH
Thursday, February 10, is "Dollar Day" in Greenville — always an important event for the shoppers of Eastern Carolina — and the Merchants' Association is sponsoring it. "Dollar Day" in Greenville is a semi-annual trade event. Merchants, members of the association, are announcing in advertisements today special values which will merit the confidence of the buying public in Greenville as the shopping center of Eastern Carolina.

Stores in the Merchants' Association group have arranged for extra sales people on "Dollar Day." Special displays of merchandise offered at unusually low prices will feature the stores.

Executive Secretary Cora S. Powell has announced that "Dollar Day" will be a holiday for the parking meters in Greenville. Local and out-of-town shoppers will find ample parking space in the shopping districts, she said.

City officials and merchants request that local motorists give consideration to the many buyers who will come here Thursday to do their shopping. It has been suggested that business people and their employees park their cars away from the shopping district.

Greenville merchants will have up the "welcome sign" for shoppers on "Dollar Day" Thursday.

Stringent Rent Control Curbs Asked House Group

Washington, Feb. 8—(AP)—The Administration indicated today that if given new powers by Congress, it will roll back "black market" rents. Jail sentences or fines could be a charge against landlords who charge illegally high rentals.

Timothy E. Woods, housing expert, told the House Banking Committee that thousands of tenants have given into landlord demands for higher rents, under threat of eviction. This, said Woods, has caused "a gradual break of the legal ceiling."

"Given the alternative of paying black market rents or being evicted," Woods said, "tenants choose to pay the overcharge without complaint."

To curb "the growing black mar-

Voting Machines Given Impetus In Proposed Bill

By GIL GILLINGS
Raleigh, Feb. 8—(AP)—Voting machines were given new impetus last week with a bill introduced in the house by Representative Blue of Moore.

West Again Hit By Fresh Snows; Relief Is Slowed

Trains Snowbound; State Of Emergency In Idaho; Houses Buried By Snow

By the ASSOCIATED PRESS
Strong winds piled fresh drifts of snow over the western states today bringing new hardships to the snowbound, storm-weary area.

Relief operations, by land and in the air, were halted or sharply curtailed in many parts of the western blizzard disaster area.

Some 25 Union Pacific trains were snowbound in Wyoming stranding more than 4,000 travelers. A state of emergency was declared in Idaho. At Rawlins, Wyo., where houses were buried by the wind-whipped snow, the mayor appealed for state aid to meet "a state of first degree emergency."

Gusts of 40 miles an hour whipped across the northern Rockies into the western range lands of Nebraska and the Dakotas today. The gale-like winds and new snow moved into the storm-stricken plains after sweeping over the Rocky Mountain region, northern California and the Pacific Northwest.

Temperatures tumbled in the Plains states as a cold wave spread over the north central states. Generally fair weather prevails over the eastern half of the country.

The air force hazy to eastern Nevada livestock was halted by the new storm and at Ely, Nev., George Swallow, secretary of the United Stockmen's Association, said "The situation is desperate. Right now we're in the worst condition we've been in since the emergency set in."

Reports of livestock losses were incomplete. Surveys showed that 4,180 of 349,000 head of cattle died in the Broken Bow, Neb., area in Campbell County, Wyo., a check indicated 7,500 of 95,000 cattle lost and 13,000 out of 70,000 sheep dead.

Chester P. Seelye, range management chief of the Bureau of Land Management, said the Utah livestock industry "is in danger of being wiped out unless we get a break in the weather."

Demand Anti-Red Oath In Schools

Oklahoma City, Feb. 8—(AP)—By a vote of 102 to 7 the Oklahoma House of Representatives passed a bill late yesterday demanding an anti-Red oath from all school teachers and college students in state supported schools. It now goes to the Senate.

During debate there were allegations that hired Communists were enrolled as students at the University of Oklahoma.

Several legislators told of reported communist activity on the campus at Norman.

Donate Big Sum To Cancer Study

New York, Feb. 8—(AP)—A check for \$1,528,167 from 10,000 General Motors automobile dealers throughout the country to be used for cancer and other medical research was received last night.

Alfred P. Sloan Jr., chairman of the board of General Motors and donor of the Sloan-Kettering Institute for Cancer Research, received the check at a dinner in his honor.

Will Ask Assembly For City Election

Aldermen Authorize City Attorney To Draw Up Bill Which Would Permit Calling Vote On City Managership Here

The Greenville Board of Aldermen last night unanimously passed a resolution authorizing the city attorney to draw up a bill to be presented to the General Assembly which would authorize the local aldermen to call an election on the city manager form of government for Greenville.

Should the proposed bill be passed by the General Assembly, the petition signed by 25 per cent of the city's qualified voters will not be necessary before the election can be called, as is required under the North Carolina general statute dealing with the change in form of city governments.

Last night's meeting was a continuation of an adjourned meeting Thursday night at which an election on the city manager form of government was the principal matter of business.

The resolution presented by Alderman J. Edmund Waldrop, called for the vote of the city manager form of government in Greenville to be held at the time of the city election in May. The resolution as amended by the Aldermen set July,

1951 as the date the city manager system will become effective if the referendum is passed by the voters of the city.

In other matters of business, the officials discussed the need of repairing Second Street, and the needs of the city fire department. Alderman L. M. Buchanan moved committees be appointed to investigate the situation, and report to the board at the next regular meeting at which time the advisability of calling a city bond election for the recommended improvements will be discussed.

Police Chief Lester Page recommended to the aldermen that the beer and wine license of W. D. Cherry be revoked, and the board ordered that Cherry be cited for a hearing at the next regular meeting of the Board of Aldermen to show cause why his beer and wine licenses should not be revoked.

The Brookgreen subdivision was taken into the city limits by a vote of the board, and a recommendation of the cemetery committee that certain trees in the Greenwood cemetery be removed was accepted.

Sets 'Bargain Price' On European Relief

Name New Head Greek Guerrillas

Replaces Markos As President Of Red 'Free Greece'

Athens, Feb. 8—(AP)—John Ioannides, former chief of the Communist underground squads in Greece, has been named temporary president of the guerrilla government. This was reported today by the Greek army, on the basis of a rebel radio broadcast.

Ioannides replaces Gen. Markos Vafiades, who proclaimed and headed the Communist government or "Free Greece." A Greek army spokesman said Friday Markos was believed to have been executed by the rebels for failing to conquer Greece.

The broadcast issued a statement attributed to Markos, giving his reasons for resigning the presidency and command of the rebel forces. He was quoted as saying:

"The state of my health after the Grammos campaign has been deteriorating steadily and did not permit me to respond to my serious and difficult duties. This is compelling me to resign office as president of the provisional democratic government, all my other duties and command of the democratic army."

Another announcement said Ioannides had been named vice president and acting president until "a definite solution is found." The rebels announced in December 1947 that Ioannides had been named deputy premier and interior minister of the communist government.

Reorganization Bill Is Passed By House Vote

Washington, Feb. 8—(AP)—President Truman's quest for broad power to reorganize the government rested with the Senate today, following government approval by the House.

The bill to give the President permanent authority to reshuffle a sprawling array of executive agencies—subject to a veto by Congress—got its OK in the House last night by a thumping 356-9 margin.

Aside from the veto provision and another setting up special treatment for seven agencies, the bill would give Mr. Truman practically a free hand in streamlining the complex executive establishment, which in 30 years has grown from 350 to 1-800 agencies and from 570,000 to 2,100,000 employees.

Style Designer Lifts Hemlines

Paris, Feb. 8—(AP)—The man who lowered hemlines from knee to calf for the New Look a year and a half ago is raising them again this spring.

Christian Dior's new spring fashions put the skirt inches 16 inches from the ground—four inches higher than his famed New Look. It's also higher than any other designer has shown to date.

Fair Question

Cincinnati, Feb. 8—(AP)—City Detective Floyd Niswonger got a straight answer to a straight question yesterday.

"How did you get into this country?" he asked a man picked up on suspicion of illegal entry into the United States.

"Mister, I'm a full-blooded Sioux Indian. I was born here," the man replied. "How did you get here?"

Life Term Given Mindszenty; Six Others 'Guilty'

Death Demand Rejected; Three Day Trial Comes To Swift Conclusion

Budapest, Hungary, Feb. 8—(AP)—The Hungarian People's Court today convicted Josef Cardinal Mindszenty of treason and sentenced him to life imprisonment.

The 56-year-old primate of this predominantly Catholic country also was found guilty of trying to overthrow the Communist government and speculating in foreign currency. The court rejected prosecutor Gyula Elapi's demand for a death sentence, but ordered the confiscation of the Cardinal's possessions.

All six of the Cardinal's co-defendants were convicted, three of them on the treason charge. Their sentences ranged from three years to life.

The court ordered that all the co-defendants be deprived of their jobs, fortunes or political rights.

The sentences were handed down after a swift three-day trial by a five-man court composed of the professional jurist, Vilmos Olthya, and four associates drawn from a workers' panel.

The defendants may appeal to a higher court which can overrule the lower court or reduce the sentences within 10 days. As an alternative they may ask the court for permission to beg clemency of President Appad Szakasits, a pro-Communist. The court considers whether the defendant is "worthy" before granting such permission.

Cardinal Mindszenty is the first Primate of the Catholic Church to face the penal measures of a government while actually a member of the Sacred College of Cardinals. He stood quietly, hands folded, face expressionless as Judge Olthya pronounced the court's findings.

The spectators visibly relaxed when it was finally disclosed that the Cardinal had been sentenced to life imprisonment—not death.

Senators To Go Into Causes Of High Prices

Washington, Feb. 8—(AP)—The Senate Banking Committee decided unanimously today to investigate what is keeping retail and consumer prices so high.

Chairman Maybank (D-SC) said public hearings may start next week. Factual data developed by the study, he added, could be used later in passing upon President Truman's request for stand-by government controls as part of the Administration's anti-inflation program.

The committee acted while secretary of agriculture Brannan was telling Congress the Nation's biggest task now is setting up an economic program that will conquer "the evil of boom-and-bust." The secretary said the fate of Democracy rests on the success of the United States in maintaining economic stability.

The program includes economic aid for Turkey and Greece. But there was no request for help for the embattled government of Nationalist China, nor for Korea.

Huffman said he will make an "interim proposal" on China later "together with certain suggested modifications in the China aid act itself."

Truman Salutes Scout Movement

New York, Feb. 8—(AP)—President, who is honorary president of the Boy Scouts of America, saluted the Nation's 2,221,157 Scouts last night on the eve of the BSA's 39th birthday.

He praised the Scouts' forthcoming crusade to "strengthen the arm of liberty."

In a two-year campaign the BSA will seek to swell the enrollment and prepare the boys for participating citizenship.

Coble Sworn In For Highway Job

Raleigh, N. C., Feb. 8—(AP)—George S. Coble of Lexington was sworn in today as a member of the State Highway Commission.

Associated Justice A. A. F. Seawell administered the oath to the Lexington dairyman in a ceremony held in the Governor's office.

TREASON, Feb. 8—(AP)—Despite cries of "Heresy" and "Traitor"—when the Sunland-Tujunga Telephone Co. completes installation of a dial system here next Sunday, the exchange prefix for this loyal Southern California community will be—Florida.

Increased Knowledge

Post-War Period Marked By Greater Knowledge Of World Affairs By Average Citizen; New-Found Education Stems From Paradoxical Source, Bolshevism

By DeWITT MacKENZIE

One of the striking developments of the post-war period is the increased knowledge of world affairs possessed by the average citizen of the United States and other democracies.

I've been encountering this phenomenon both at home and abroad, in my correspondence and through travel. And it's not alone the grown-ups who are posted on world events.

Secondary school students are quite prepared these days to discuss foreign affairs. That fact speaks well not only for scholastic instruction but for home influence.

The global war of course has been partly responsible for this change. Our fighting men have been sent to the four corners of the earth. Not only have we had in order to keep track of them, but they have brought home to us much that is new.

However, most of our new-found education comes from another and paradoxical source. That is Bolshevism, which has stepped out of the dark ages in a new guise and is making aggression against the rest of the world.

Did you ever stop to think how greatly our lives are affected by this Red world revolution?

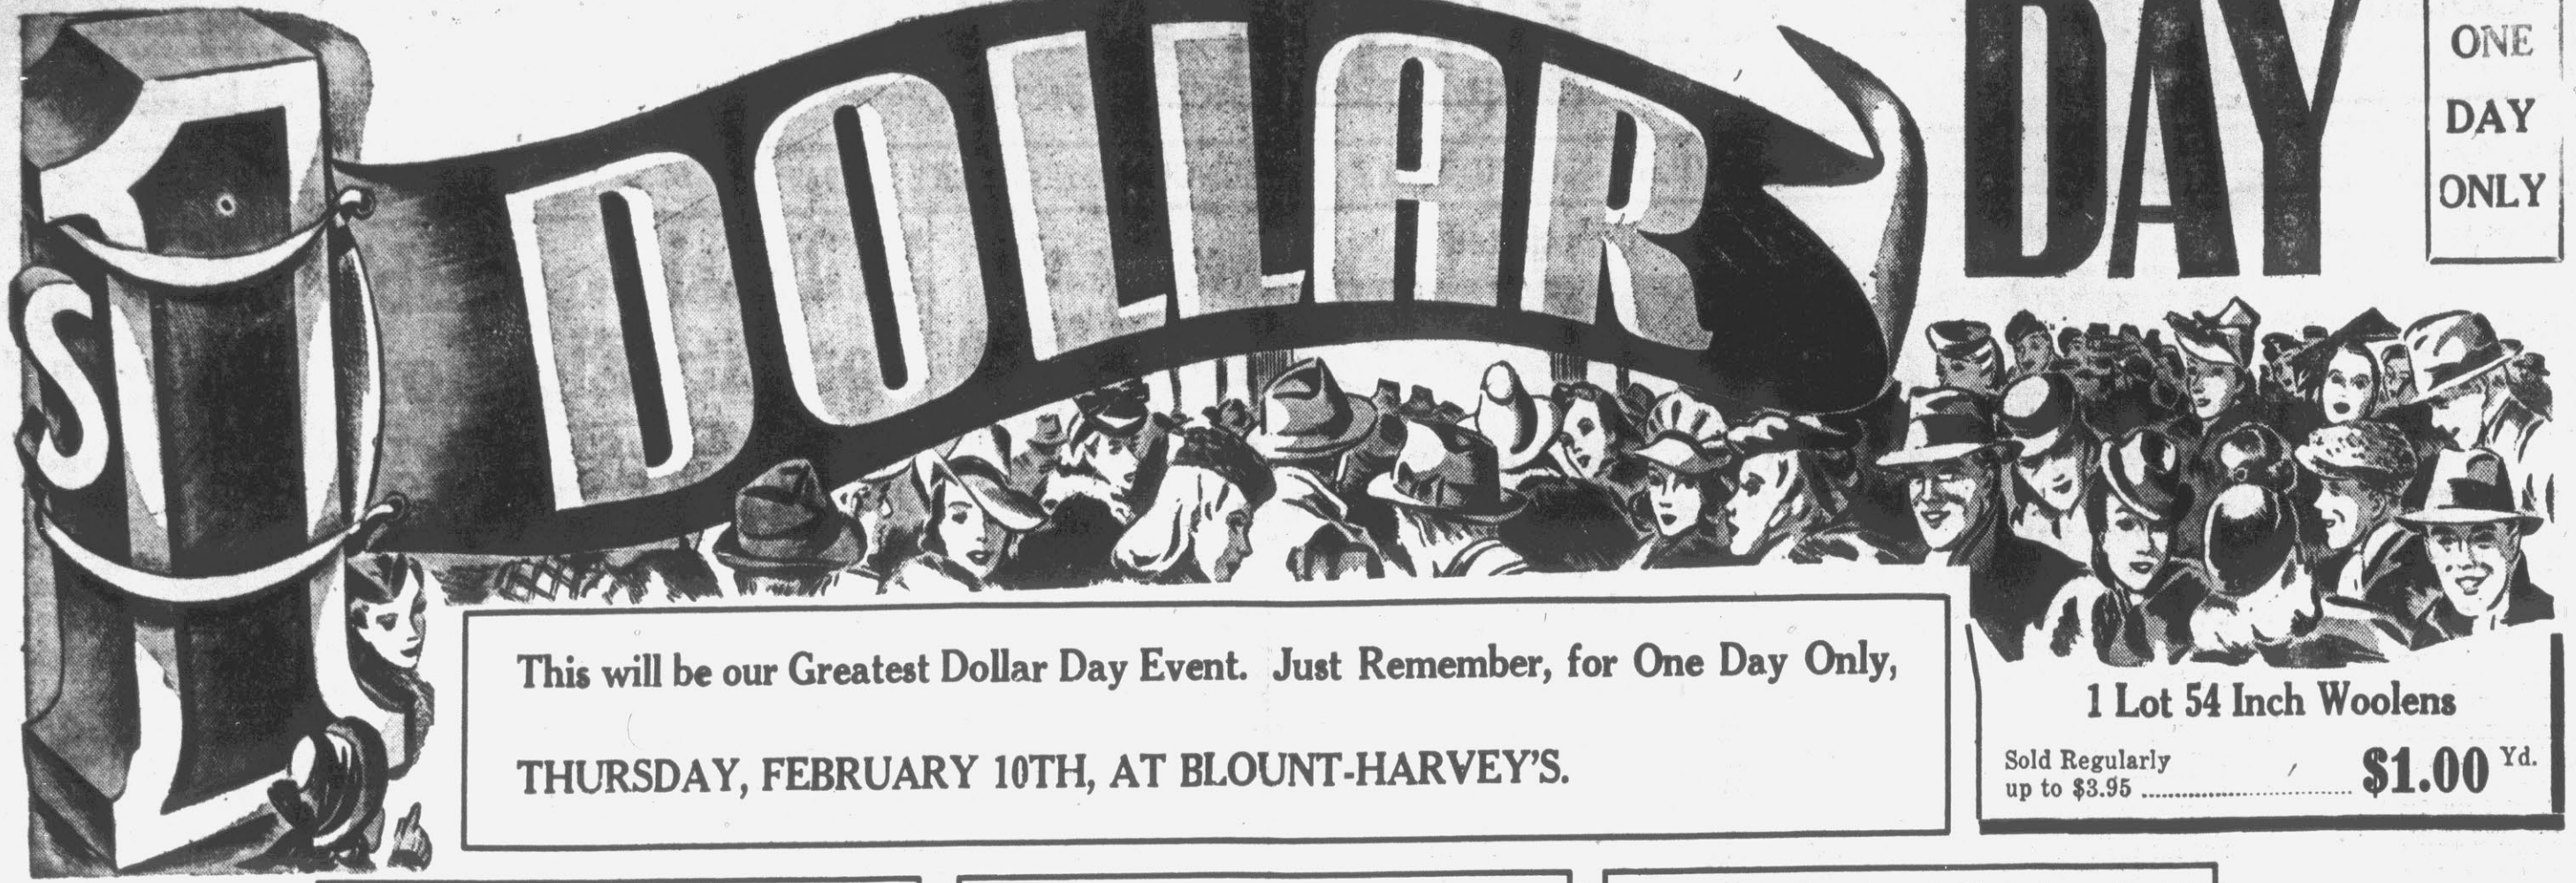

We live in a state of constant suspense. Spies and fifth columnists are working everywhere, aiming at the overthrow of our government.

The high cost of living is due in part to the unsettled conditions of the world. Our taxes are swollen to defray expenses for defense against the Red aggression. We have to maintain a great Army, Navy and Air Force because of the Bolshevist menace.

Our wealth is being poured out to help many nations defend themselves against the Red plague. There's aid for China, aid for Turkey, aid for Greece, aid for all Western Europe through the Marshall Plan which Russia is trying her best to disrupt. We even make a special contribution to maintain the United Nations which the Muscovites use as a Red sounding board for propaganda.

So in one way and another our lives are affected by Red aggression. Small wonder, then, that most citi-

## Baptist Business Women's Circles Hold Meet Here

Members of the executive board of the Federation of Business Woman's Circles of the Roanoke Association met Sunday afternoon at the Memorial Baptist Church adopting constitution for the Federation and making plans for the spring meeting to be held in Farmville on March 17.

Local officers of the Federation are: Mrs. Chester Walsh, president; Miss Grace Smith, secretary; Mrs. J. A. Neilson, adviser; Mrs. G. B. Jones, Mrs. C. C. Christopher, Jr. and Miss Louise Galphin, BWC chairmen.

The Inabelle Coleman Circle of the hostess church entertained at a tea at the Baptist Student Center 401 East Eighth Street, in honor of the executive board.

The Center was decorated throughout in lovely arrangements of spring flowers, magnolia leaves and gaidiol. The dining room table was centered with an arrangement of Dutch iris and yellow jonquils, flanked by six tall yellow tapers tied with lavender tulle bows carrying out the W.M.S. colors of lavender and gold. Mrs. R. E. Hardway poured tea and the officers of the Eula Andrews Circle passed cookies, cheese biscuits, and mints. Officers of the Coleman Circle assisted in receiving guests. Mrs. J. B. Spilman presided at the guest register.

Mrs. Ruel W. Tyson, Mrs. Clem Garner and Miss Louise Galphin were in charge of arrangement committee for the tea, assisted by Miss Gloria Blanton, Baptist Student Secretary. Baptist college students directed guests in a tour of the Center.

## Post-War Spy Trial Scheduled

Heidelberg, Germany, Feb. 8.—(AP)—A German woman accused of spying for Czechoslovakia will be tried Feb. 14 in the first spy trial by Americans in Germany since the war, it was announced today.

U. S. army headquarters said the woman is Elfriede Zirik, 33, a Sudeten German who lived in Czechoslovakia before the war. She is the first to be tried of 20 persons arrested on Nov 2 as members of a Czechoslovak spy ring.

## 40 Years Ago Today

THE DAILY REFLECTOR  
February 5, 1909

Express offices are booze joints now. We hope the day is not far distant when the law will break up such shipments.  
A bond issue to take care of the schools and the insane and the blind and the deaf and dumb, will most likely meet the approval of most of the state, even if it is tried to make politics of it.

## Altrusa Club Holds Business Meeting

The Altrusa Club held its regular monthly meeting Tuesday, February 1, at the Old Towne Inn with Mrs. J. B. Spilman, president, presiding. In the business meeting the president discussed the duties and activities of each member. An open forum and round table discussion was enjoyed by all members present. An invitation was extended the club to visit an exhibit of textiles from the Scalander Museum of Textiles of New York, opening Wednesday at the Art Gallery in the Shepard Memorial Library.

Invitations were also extended to all members to attend the Altrusa International's 1949 convention to be held June 21 through 26 at Banff, Alberta, Canada. Olive Ansler Timmer, leading book reviewer and radio commentator, is chairman of the convention. She is arranging a program that will make all delegates glad they visited Banff. Special trains will be arranged to attend the convention.

Note: Members. It is to your advantage to attend all Altrusa meetings.  
Note: Everyone unanimously voted to express appreciation of the wonderful meeting in the absence of the program and the program chairman. Members present were: Mrs. J. B. Spilman, Emma Evans, Cora Powell, Clara Gower, Bess Lowe, Mamie Chandler, Mae Harvey and Mary M. Dunn.

**Strength FOR THE DAY**  
PROMISE OF STRENGTH  
"They that wait upon the Lord shall renew their strength. Not just the people that pray, and work, and keep everlastingly seeking after the good life, but also the people who wait. Sometimes we feel that we are going to attain to our full spiritual strength. But the Bible tells us that waiting upon the Lord is just as necessary as seeking after Him. After we ask, we are to wait for his answer. After we strive, we are to wait for his reward. After action there is to be rest. After asking, seeking, striving, we are to wait quietly in full expectation that his promises will be fulfilled. Not just the workers and the prayers find God, but also those who wait. "They that wait upon the Lord shall renew their strength."

**A WORTHY CAUSE**  
Ben O'Neal, tall and straight ex-convict, was born in 1920. Four months after he was born his father was stricken with flu. His father died not long after. Ben, the oldest of six children, was four months old. The mother took over and held the family together. In 1942 Ben joined the army. In 1944 his mother buried his father and on that same day his mother got a telegram from the War Department saying Ben was missing in action. With her courage and character she survived the double torture. Later came the word that Ben was a prisoner of war and for fifteen months he was in a German prison camp.

By and by peace came. Ben was honorably discharged from the U.S. Army and came home. He went to work at various jobs. A little over a year ago he entered the auto mechanics course at the Greenville City Schools for veterans. About the same time he married a Greenville girl, Margaret Virginia Dixon. They lived in a little cottage on Cotton Mill Hill in two rooms. Ben's mother lived with them. Ben loved his mother and swore that he would always take care of her because she had been so good to him and the others. His mother is getting old.

Ben's wife, Virginia is going to have a baby in a few months. Ben had bought a little piece of land 50x100 ft., and had made a small payment on it. He had hoped to build a little house on this some day with his own hands. After he finished at school each day Ben drove the taxi long hours in order to pay for the little piece of land and get ready to build the small house. He had bought some furniture and that is only partially paid for.

Ben had high hopes of becoming father of a family and living in his own little home, but that is all changed now because Ben was brutally murdered and mutilated Saturday night. He will not live on that little piece of earth he had attempted to buy.

Yesterday his mother had to get together \$50.00 to buy a little piece of earth to put Ben's body in.

Ben was clean, quiet and upright, tall and straight. He was a good soldier and a good citizen. Now Ben's mother and Ben's wife have nothing. There will be a little help from the government to help pay burial expenses but nothing else.

Grateful American citizens living in Greenville now have an opportunity to show their gratitude for Ben and his service to his country by doing something for Ben's wife, Ben's unborn child, and Ben's mother. Often times individuals and organizations in the community, civic clubs, veterans organizations and women's clubs are looking around to find a worthy cause upon which to share their generosity. Here is that cause now. Here is the opportunity.

**Around Capitol Square**  
By LYNN NISBET  
COURTS—Statements frequently heard last fall that superior courts throughout North Carolina were having heavier than usual business are substantiated by the docket facing the supreme court as it begins the spring term. The calendar book in Clerk Newton's office lists sixteen cases for the first week which begins Tuesday, and thirty-one for the second week. Some of these cases involve matters of general interest, some concern only one or two litigants, but each has possibility of influence on the entire state.

**CRIME**—Thirty-three of the 47 cases for the first two weeks dealt with litigation in civil action. Fourteen are appeals from conviction for crime, three involving capital felonies.

**SEX**—Sex crimes are increasing and several of the early cases deal with this phase of law violation. Increase in sex crime, however, is not as rapid as some have thought. Statistics of the department of justice over a period of years show steady but fast increase in 10,727 convictions in the state superior courts of which 467 or 4.35 per cent were for sex crimes. The year 1947 showed 12,814 convictions, of which 588 or 4.59 per cent were for the sex classification. While sex crimes are definitely on the increase, so are all other crimes and the ratio is not much different.

**ARGUMENTS**—Not all the cases docketed will be argued. Arguments will be heard in thirteen cases this week and twenty-four next week. The supreme court justices, however, will have to give consideration to the others and experience has taught them that some of the simplest looking issues develop into the most difficult to decide.

**CRIPS**—Sometimes the learned justices get caught in a jam by reason of this fact. Behind their dignity the justices are very human and folksy, and most of them have been sense of humor. Two of them were talking informally the other day and confessed that sometimes they selected causes for special study because they looked especially like a college boy trying to pick a "crip" course, only to find they had chosen one of the hardest

**Boyle's Column**  
By HAL BOYLE  
New York—(AP)—Science has got around to finding out that women live longer than men. Now it wants to know why.

Well, the Bunsen Bureau Brigade can quit annoying laboratory mice looking for the answer to that one. I can tell them:

The average woman outlives the average man because she wants to—and he wants her to. That's all there is to it.

It's a simple matter of pride, civilization and erosion.

Some scientists have held man's shorter life span is due to the fact he lives more dangerously. Dr. J. B. Hamilton of Long Island University blames it, on the other hand, to the male sex hormone. He says this raised the metabolic rate and causes men to burn up their food and oxygen at a faster rate than women.

But it seems to the Poor Man's Philosopher that both these scientific theories overlook the fundamental factor—the human one, the desire of both sexes that the fe-

**W. C. T. U. Notes**  
The February meeting of the W. C. T. U. was held last Wednesday afternoon in the Methodist Church. Mrs. Hutch W. Ward gave the devotional. Mrs. Ward read verses from the 5th chapter of James. She read a splendid article written by the national president taken from the Ten Commandments. The devotional was closed with prayer.

The speaker for the occasion was Dr. H. G. Haney, pastor of Eighth Street Christian Church.

After complimenting the organization and its work, Dr. Haney proceeded to say that the organization and indeed all Christian men and women should be working at the present time; namely, the rehabilitation of the alcoholics of the nation; the securing legislation to safeguard all gains made by temperance educa-

### Drag River For Unknown Victim

Miami, Fla., Feb. 8.—(AP)—The Miami river was dragged today for the body of a man on a police tip that he had been shot and dumped in by a North Carolinian.

Detective Sgt. John L. Deas gave these details:

A North Carolina woman called for protection from her husband. She said he had shot a man and threw the body in the river. She hadn't seen the alleged victim before.

Blood stains were found near the river bank.

Police did not give the woman's name.

**Newspapers In Raincoats**  
 Port Washington, N. Y.—(AP)—Newspapers are given raincoats here on wet days. The local newsman wraps the newspaper up in a wax paper bag before delivering it.

**RASH ROBBERY**  
 Shelby, N. C., Feb. 7.—(AP)—Someone early today broke into the Royal Cleaners, looted the safe of \$500, and escaped.

The place is next door to the Shelby Police station.

*Dear Judy,*

Remember back when you were no bigger than a minute how you used to love to play grocery store or butcher shop?

Well, young high school people at the Foods Trade Vocational School in New York have a super deluxe grocery store, complete with 1500 items, butcher shop and bake shop right in their school!

Of course there is a gimmick... all the students are interested in going into business where a knowledge of baking, culinary arts, meat merchandising, merchandising of food stuffs and meat cutting is required. They may work at anything from oven man or meat boner to fry cook.

Miss Lynne Newnham, of Rocky Mount and Carolina Beach, whose engagement to Bernard C. West, of Greenville and Wilmington, is announced by her parents, Mr. and Mrs. L. A. Newnham of Carolina Beach. Mr. West is the son of Mrs. C. B. West, Sr., and the late Mr. West, of Greenville. The wedding will take place Friday, February 11, at 5:45 p. m. in the Carolina Beach Presbyterian Church.

The kids work hard at it. Whereas the regular academic school course is 5 hours a day, they study 6 hours, have no study period in school. Instead of pure math, their applied mathematics includes bookkeeping and business accounting. Science courses stress such things as enzymes, what happens to yeast when heat is applied, what effect heat has on cooking materials, etc.

All the students begin with the food merchandising course—basic for general knowledge. They learn about canning, packaging, bottling, sizes, quantity, retail, wholesale work.

Meat is sent from wholesalers to be prepared by students in their own butcher shop, complete with chopping blocks, refrigeration, show cases. They handle from five to 15 tons of meat per shipment. The kids are good, too.

Mr. Simonson, school principal, says: "These students have to be 100 per cent at the job. If they weren't wholesalers would stop supplying us with the meat. Then how would we keep up the butcher shop?"

The bake shop is also on a self-supporting basis. The kids sell cakes they bake to students and teachers and to other schools in the neighborhood to help allay upkeep costs.

Students learn how to plan and cook a complete menu. To prove it recently, they cooked a luncheon for The Partridge Club (a luncheon club comprising food purveyors and others of the hotel industry). One chef of a large hotel—member of the club—said: "I don't think my own staff could have done a better job." The students of the 5th and 6th terms cooked a delicious meal from steaming bean soup to turkey to cake.

When they are graduated the kids receive a regular high school diploma with special commendation for cooking, baking, meat or grocery work. Many of them then go into apprenticeships at hotels, meat packing and food stuff houses, later into business for themselves.

Mrs. Roy Smith was a guest of friends at ECTC Tuesday.

Mr. and Mrs. Elbert Tyson Jr. and Mrs. Elbert Tyson, Lawrence, Edwin and Jack Tyson attended the Song Festival at Red Oak Christian Church Sunday afternoon. The Tyson quartette rendered two vocal selections. They were accompanied by Mrs. Elbert Tyson Jr.

On Sunday morning the quartette rendered several selections at the Sunday school convention at the Baptist church at King's Crossroads.

Mr. and Mrs. G. L. Tyson attended the Song Festival at Red Oak Christian Church Sunday afternoon. Mr. and Mrs. Douglas Jones of

Danville, Va., were weekend guests of Mr. and Mrs. L. R. Jones.

Mr. and Mrs. B. L. Bateman and family were Sunday guests of Mr. and Mrs. Moses Tyson.

Mr. and Mrs. R. N. Childress of Greenville, Mrs. Verna Joyner and Harold Joyner were Goldsboro visitors Saturday afternoon.

Mr. and Mrs. Dick Stanley and

family of the Lang's Community spent Sunday at the home of Mr. and Mrs. Owen Tyson.

Mr. and Mrs. Linwood Baker of Scotland Neck were Ballard's visitors Saturday evening.

Edwin Tyson, student at Duke University, spent the weekend at home and was a Fayetteville visitor Saturday.

Glenn Cobb of Brooklyn, N.Y., and Kinchen Cobb of Greenville visited their aunt and cousin, Mrs. Josie McArthur, on Saturday afternoon.

Mrs. Verna Joyner, Mrs. Ray Crawford, Mrs. Glimmer Nichols and Harold Joyner attended the funeral of Mrs. Cobb in Farmville on Friday afternoon.

### Vivian Ballard's X Roads News

Rev. Phillip Cory, pastor of the Fountain, Falkland and Boyd Memorial Presbyterian Churches, was guest speaker at Ballard's Church Sunday morning.

Mr. and Mrs. P. J. Elks, Mary Elizabeth, Sue Worthington, Virginia, Eva Lee Henry Dunn, Virginia, Vina Crawford, Jo Ann, Louise Tyson, Eunice Little and George Hines attended a district social meeting of the Presbyterian Church in Rocky Mount last Friday evening.

Mr. and Mrs. Tom Bradley of Baltimore, Md., en route to Florida, were guests of Mrs. Annie Flanagan Sunday. They also were guests of Mrs. E. H. Roberson in Raeford for a few hours Sunday evening.

Mrs. J. R. Jones, has returned to her home after spending a month with her daughter, Mrs. Bille Oglesby, in Auburn, Ala.

### Educator Speaker At Rotary Meeting

Dr. Carlyle Campbell, president of Meredith College, Raleigh, and a member of Governor Scott's Education Commission, speaker at the Greenville Rotary Club's supper meeting last night, said "North Carolina has the highest teaching load of any state in the Union, with an average of 43 pupils in average daily attendance per teacher. Our southern neighbors have an average teaching load of approximately 25," he added. June H. Rose had charge of the program.

### Funeral Services For Mrs. Patterson

Mrs. Lettie M. Patterson, 87, died at 2:30 a. m. today at the home of her daughter, Mrs. J. L. Windom, near Pactolus, after a long illness. Funeral services will be conducted at Wilkerson's Funeral Home Wednesday at 7:30 p. m. by Rev. C. J. Haskett, Free Will Baptist minister of Greenville. Burial will be in Greenwood Cemetery.

Mrs. Patterson was born in Germantown, N. C., spent her early life in Richmond, Va. She was married to Felix Patterson in 1892. He died in 1914. She lived in Bennettsville, S. C., until coming here to live with her daughter, Mrs. Windom, in August, 1948. She was a member of First Baptist Church of Bennettsville.

Surviving are four daughters, Mrs. Elise Hopkins of Brooklyn, N. Y.; Mrs. J. L. Windom of near Pactolus; Mrs. George Colton of Southern Pines; and Mrs. S. W. Abernathy of Mt. Holly; 18 grandchildren and nine great grandchildren.

### A Real Relief For Stomach Distress, Acid Indigestion

Yes, this fact has been time-tested and proved by Doctors. Better days will be yours, too, so why wait when there is no need to continue to swell up like a balloon and feel miserable after every meal.

An appetizing portion of SSS Tonic before meals does wonders for the stomach. This famous medicine contains no soda or oil or alkalies, which usually retard digestion. Instead, SSS Tonic with its highly potent ingredients works to tone up the stomach so it may release its own digestive juice (hydrochloric acid) to break-up food for body use and tissue repair.

SSS Tonic has helped hundreds of thousands of people, without any organic trouble or local infection, to really feel better, more vigorous, better able to enjoy living.

Take none less than this effectively-proved medicine to relieve your misery. Take SSS to tone-up your stomach, whet the appetite, build-up blood strength! Get SSS Tonic from any Drug Store today. Take Only The Best

### Mute Witness To Murder

The tactical driven by William O'Neal gave testimony to the force of the struggle between the victim and his assailants. Papers and other objects which were taken from O'Neal's pockets were strewn on the floor and running-board. (Official Police Photo)

### Luby J. Letchworth Buried Winterville

Funeral services for Luby J. Letchworth, 34, a farmer, who died in Pitt General Hospital Sunday at noon after a short illness, were conducted at the home in Winterville Monday afternoon by Rev. Ralph Johnson, Pentecostal Holiness minister of Greenville. Burial was in the Winterville cemetery.

Mr. Letchworth was born in Greene County and attended school at La Grange. He was an employee of P. R. Taylor & Co. in Ayden. He was a member of the Woodmen of the World.

Surviving are his parents, Mr. and Mrs. M. L. Letchworth of Winterville; five brothers, J. H. and Lyman R. Letchworth of Greenville; L. Tom Letchworth and Milton E. Letchworth of Williamston and Linwood R. Letchworth of the home; three sisters, Mrs. John McLawhorn of Cox's Mill, Miss Ada Gray Letchworth of the home and Mrs. Larry E. McLawhorn of Greenville and four nephews and four nieces.

### William C. Ross Died At Hospital

William Charles Ross, 47, died at Tayloe hospital in Washington, N. C., at 12:20 a. m. today after being ill for several years. Funeral services will be held at the home in Grimesland, Wednesday at 3 p. m. and burial will be in Greenwood cemetery in Greenville.

Mr. Ross was born at Edward and went to Grimesland when a young man.

Surviving are his wife, Mrs. Vivian Morris Ross; three sons, William Arthur Ross, of the U. S. army, now stationed at Fort Jackson, S. C., and George Ross and Luther Ross of the home; two brothers, John Ross of Bell Arthur and Peter Ross of Grimesland; and two sisters, Mrs. Harvey Lane of Rose Hill and Mrs. Pittman Stocks of Greenville.

### Increased . . .

zens of the democracies should be making it their business to study developments and personalities involved in this cold war.

Thus it is that even young students have come to know the outstanding facts and personalities on both sides of the conflict. Of course not everybody has been able to place a correct interpretation on all the facts which they have absorbed. But by and large America knows the truth about the menace of Bolshevism and how it must be handled. That is so of Europe, too. Indeed, such wretched slave-states as Czechoslovakia and Poland and Hungary are learning from cruel experience what Communism means.

### Labor Law . . .

against such a law. So Congress is faced with the job of trying to work out something which won't go to the extremes and at the same time act as a kind of brake on a big strike.

It may try one of these devices: Power to delay a strike or only stop it temporarily. For example:

A law giving the President authority to ask a union not to strike for 30 or 60 days after the date on which it wanted to strike. The idea of the delay would be to give the union and employer just that much more time to reach an agreement.

This law, although not giving the President power to order no strike for 30 or 60 days, would, in effect, be the same thing. Unions almost

certainly would agree to the President's request for a delay. But after that time, if there was no agreement, the union would be free to strike without any written power in law for the President to halt the strike.

### Colored News

The Star of Zion Usher Board No. 2 of A. M. E. Zion Church met at the home of Sis Lula Maxwell, 608 Wyatt street on February 6. The meeting was called to order by the president, Mr. Elton T. Savage. The scripture lesson was read by the chief usher, prayer by Mr. Augustus Smith. After business discussion, and collection of dues the meeting was adjourned to meet at the home of Mrs. Annie Mae Battle, 104 Side Street Sunday, February 13.

### NOTICE OF TRUSTEE'S SALE OF REAL ESTATE UNDER DEED OF TRUST

Under and by virtue of the power of sale contained in that certain deed of trust from R. A. Hollingsworth and his wife, Mary L. Hollingsworth, to Wachovia Bank and Trust Company, Trustee, bearing date of September 23, 1947, and recorded in Book Z-24 at page 400 in the office of the Register of Deeds of Pitt County, North Carolina, default having been made in the payment of the debt therein secured according to its terms and provisions and the lawful holder of the note so secured having called upon the said trustee to foreclose thereon, the undersigned Trustee will on Monday, the 14th day of February, 1949, at 12:00 o'clock, Noon, in front of the courthouse door in Greenville, N. C., expose to public sale to the highest bidder for cash the following described real estate:

That certain lot or parcel of land, with the permanent improvements thereon, situate, lying and being in the City of Greenville, Pitt County, North Carolina, and on the West side of Sunset Avenue, and being Lot No. Twenty-Five (25) in Block "B" of the Hillsdale Subdivision "as shown on Map of survey made by W. C. Dresbach & Son, C. E., and Surveyors, and being more particularly described as follows:

Beginning at an iron stake in the western property line of Sunset Avenue, said iron stake being located at a point South 8 degs. 30 mins. West 380 feet from the southwest corner of the intersection of Sunset Avenue and Arlington Drive, and running thence North 81 degs. 30 mins. West 150 feet to an iron stake, cornering thence South 8 degs. 30 mins. West

75 feet to an iron stake, cornering thence South 81 degs. 30 mins. East 150 feet to an iron stake in the western property line of Sunset Avenue, cornering thence North 8 degs. 30 mins. East with the western property line of Sunset Avenue 75 feet to the iron stake at the beginning. The above described property, being the same conveyed by R. M. Garrett and his wife, Frances D. Garrett, to R. A. Hollingsworth and wife, Mary L. Hollingsworth, by deed dated September 23, 1947, and filed for registration in the office of the Register of Deeds of Pitt County, on September 23, 1947, together with all heating, plumbing and lighting fixtures now or hereafter attached to or used in connection with the said real estate.

The proposed purchaser at said sale will be required to deposit with the Clerk of the Superior Court of Pitt County cash or certified check equivalent to 10 per cent of his bid to show his good faith in his bidding pending the confirmation of the sale by the Court.

This the 12th day of January, 1949. WACHOVIA BANK & TRUST

### Greenville High School News

"The course of true love never did run smoothly," Annie Laurie's struggle to find her true lover substantiates this old proverb, as the audience on Thursday evening in the OHS auditorium will see. However, Annie's cousin, Jeanie MacLaren's true love runs smoothly indeed, for Lord Donald Gregory, the tall and dashing Scottish landlord, sweeps Jeanie—who seems quite willing in her demure manner—along in a torrent of affection and true love.

The regal figure of Bettie Anne Young, as Jeanie, and the handsome person of Sam Fleming, as her lover, Lord Gregory, present a perfect job of casting. Their characteristics will carry the audience back to the Scotland of romance, chiv-

airy, and color of the lad and lass in love. When Lord Gregory gazes at the flaming beauty of his only love and says, "Jeanie! Oh my dear Jeanie!" such a romantic scene will never again be portrayed on the OHS stage.

"Annie Laurie" will not be the first stage venture for either Bettie Anne or Sam Fleming. As a dramatic and speech student of Mrs. J. H. Rose, Bettie Anne has a wealth of stage experience, while Sam gained much dramatic poise in "Unto Us The Living," a dramatized choric drama, given during American Education Week.

Most Likely To Succeed (senior superlative), co-editor of Green Lights, president of the National Honor Society, chief marshal, and vice president of the NFL make "Red," as Bettie Anne is called by her friends, one of the most prominent members of the class of 1940.

If any OHS student wants to find something in the library they know immediately who to ask, for Sam

Fleming spends much of his time, as a member of the library club, helping there. No one in the audience of "Unto Us The Living" will forget his stirring performance as the chronicler, a leading role in this production. Though this is only his first year as a member of the dramatics class, Sam has contributed much to this group, as well as finding a welcome outlet for his stage talents.

When you see the tall figure of Sam, portraying Lord Gregory, enter and say to Jeanie in his soft romantic voice, I bring to fair Jeanie a wee bob o' of daisies I picked from the glen," you'll know the course of true love will run smoothly for these two lovers.

### Piney Grove News

It's funny, but the things you want to do the most—are the things you always put off until another day. That truly tells you why this

column of news is so seldom reported.

As reported in the Red Oak News, we really had a wonderful Community Hymn Festival. Each choir rendered such beautiful selections. We are looking forward to having the next sing at Piney Grove the fifth Sunday in May.

Sunday school pins were presented the first of the year—from the first year pin to the eleventh year pin. Around seventy-five of our members received these perfect attendance pins. We are very proud of this number and even prouder of the way our Sunday school continues to grow. Last Sunday we had 140 present.

The Junior Ladies' Auxiliary will meet Monday night, February 14th, at the home of Mrs. Joe Lupton. These young ladies are really an asset to their church, for they are doing such splendid work.

Shirley Langley, a seven year old girl who attended our Sunday school regularly, has been confined to her

home for several weeks now, and this morning she was to leave for Duke Hospital for further treatment. After taking up a donation for Shirley this past Sunday morning a money tree was fixed for her of over \$30. We do hope she'll soon be able to be out again and that her courageous spirit will not falter.

Mr. Roy Avery, who is attending King's Business College, Raleigh, N. C., was home for the weekend. I might add that Roy was one of those to receive a perfect attendance pin. This certainly should encourage others to make an extra effort to attend their Sunday school regularly.

Mr. and Mrs. J. H. Tucker and Mr. and Mrs. H. P. Tyson spent the day in Golsboro Monday. The Youthful Workers' Club met the 31st of January, and although only a few were present, we had a nice meeting. But I do wish there were some way to get our old members back on the roll. It's such a wonderful organization, but it grows

weaker and weaker. Plans are being made now to present a variety show and we do need you. How about it? Shall I look for you at the next meeting? I hope so. Watch this paper for the date.

The official name of Westminster Abbey is the Collegiate Church of St. Peter.

# Catamounts Overtake Bucs To Eke Out 52-50 Decision

### Winning Field Goal Sunk From Mid-Court In Final Minute Of Play; Pirates Held Comfortable Lead At Halftime

By EUGENE PRICE

West Carolina's mighty Catamounts came from behind an 18 point disadvantage here last night to defeat the East Carolina Teachers College Pirates 52 to 50 in the last minute of play. Joe Fountain, Catamount forward, sank the winning field goal from midcourt in the last minute of the game to give the boys from the west their eighth North State Conference victory.

Coach Howard Porter's Pirates were in the lead all the way until the final WCTC field goal. At halftime the Bucs were enjoying a 28 to 15 lead.

But Coach Tuck McConnell's Catamounts, rallying beautifully in the closing minutes of play, closed the gap in the final period. Bob McGinn, North State scoring leader who was held to four points in the first half, came through with 13 points in the last period offensive. It was he who, with little more than a minute to play, sank in the tying goal.

High scoring honors of the evening went to ECTC's number one candidate for All-Conference honors, Charlie Bill Moyer. The Buc-cancer team captain tossed in goals from every angle to score nine field goals and four free throws for a total of 22 points.

Three ECTC starters fouled out in the waning minutes of the last half. Len Bauer, Fitz Fennell and Moyer all went out by way of the five foul route for the Bucs.

The Catamounts and Buccaneers renew their opposition tonight when they tangle at Wright auditorium at 8 o'clock.

In a preliminary game last night the Pirate Jayvees scored an easy 45 to 20 win over the Greenville National Guardsmen. Phil Brown and Bob Blake with 11 and Bill Davis with 10 set the winning pace for the Junior Bucs. Mears scored seven for the losers.

### Game Of Year?

By The Associated Press  
North Carolina State's Wolf-pack and Wake Forest's Deacons play what may be the No. 1 game of the year in the Southern conference tonight.

The "Hoosier Hotshots" and the Deacons square off for the second time this season in memorial auditorium at Raleigh. Wake Forest won the first meeting, 52-49. The Deacons triumph snapped a 27-game winning streak the "Hotshots" had rolled up in conference play. And State wants to get even with the Deacons.

### Welterweights Lose In Britain

London, Feb. 8—(AP)—Two United States welterweights lost decisions on a big buildup, transatlantic fight card last night and some London sports writers said today they had been "oversold."

Over ten pounds each, Tony Janiro of Youngstown, O., bowed to British welter champion Henry Hall of Sheffield and Billy Graham of New York lost to Welshman Eddie Thomas, a coal miner.

### Basketball Scores

By The Associated Press  
Ohio State 72 Indiana 59.  
Michigan 40 Wisconsin 38.  
Illinois 85 Northwestern 66.  
Purdue 54 Iowa 46.  
St. Thomas 45 Hamline 43.  
Vanderbilt 64 Mississippi 52.  
William and Mary 73 Furman 60.  
Hampden-Sydney 60 Richmond 57.  
West Carolina Teachers 52 East Carolina Teachers 50.  
George-Washington 81 South Carolina 51.

### Kentucky Clings To Cage Rating

New York, Feb. 8—(AP)—Kentucky's Olympic-seasoned veterans held a firmer grip today on the No. 1 rung in the national college basketball standings.

Adolph Rupp's gifted proteges gained more than half the first place votes cast in the weekly Associated Press poll and pulled 65 points in front of St. Louis' Billikens, their only conquerors.

The Wildcats snatched first place from St. Louis last week and solidified their position this time with 41 of the 72 No. 1 votes by sports writers and broadcasters.

This enabled them to pile up an overall 670 points compared with 605 for the Billikens, who defeated them 42-40 in the Sugar Bowl at New Orleans.

Oklahoma A. and M., the defensive giant which holds a verdict over the Billikens in its 14-2 record, is third in the standings with 675 points. The Aggies received eight first place votes.

### Hold Meeting Of Coastal Golf Association

The 1949 organization meeting of the Coastal Golf Association was held at the Hotel Kinston last night with all member clubs represented. The official schedule will begin March 16 with Greenville playing host to Tarboro. Plymouth requested permission to withdraw from the association and Tarboro was selected to complete the six team league—Smithfield, Kinston, Farmville, New Bern and Greenville the other members.

Fred Hussey of New Bern was elected president and Doc Lewis also of New Bern, secretary-treasurer to take the offices held by Simon Moyer, Jr., and Dave Mosier of Greenville, in 1948.

### Sees 'Dogfight' In Nat'l League

Rochester, N.Y., Feb. 8—(AP)—Eddie Dyer, manager of the St. Louis Cardinals, predicts the National League race this season would be "a dog fight" with "no weak teams."

Dyer said last night Boston would be particularly strong if "Pete Reiser can make a comeback." He termed Brooklyn another threat and declared there was "no greater man in baseball for assembling great young ballplayers" than Branch Rickey.

Stockholm, Feb. 8—(AP)—Thanks to smooth-stroking Peggy McLean of New York, the United States now holds the women's table tennis championship of the world.

### Willie Pep Cool, Confident In His Coming Rematch

Hartford, Conn., Feb. 8—(AP)—Willie Pep, coolly confident of regaining his featherweight title Friday night at Madison Square Garden, admits he took Sandy Saddler too lightly last October 29.

"I didn't think he was a good fighter," said Willie in his steaming dressing room yesterday after a good six-round workout. It still pains him to remember the night he was flattened by spindle-legged Sandy in four rounds, losing his prized crown.

"After all, I saw Jock Leslie knock him out right here in my home town," Pep added. "Then last time when I was getting ready for the fight I sparred with Humberto Sierra. He beat Saddler and he kept telling me every day 'You win, you win easy.' I got to believing him."

"Then when I got to the weigh-in and I saw how skinny he was, I said to myself 'You'll have no trouble with this guy.' I sure was wrong."

Pep, dead serious about the rematch, shook his head as though still trying to shake off those left uppercut Saddler landed at close range.

"Sure, I knew he was a turnover southpaw," he said, "but like I said I didn't think he could fight. First thing off the bat he hits me in the eye with a left hand and I'm half blinded. Everything happened in the first round."

"I fought stronger punchers Chalky Wright the guy I won the title from, hit harder. But this fellow surprised me."

### Phantoms Prepare For 'Invasion' By Pam Pack

The Greenville High School Phantoms prepped in ECTC's Wright gymnasium yesterday, getting ready for Wednesday night's invasion by the Washington Pam Pack.

The Pack, losers only to Kinston's conference leading Red Devils, topped the locals 49 to 29 in Washington last Friday.

Coach Bo Farley's charges, who were held to six points in the first half of the initial clash with the Pam Pack, went through their paces yesterday determined to wreck revenge on the boys from Washington.

The locals traded blow for blow with the second place Pam Pack in the last half of the Friday night game, even after three of the starting Greenville five were sidelined with fouls.

The game will be played in the ECTC Wright auditorium. The local Jayvees who scored their 11th victory Friday by downing the Washington Juniors 33 to 18 will be featured against the Junior Pack in a preliminary game.

### Louis Agrees To Mexican Divorce

Chicago, Feb. 8—(AP)—Joe Louis, heavyweight boxing champion since 1937, says he has agreed to a Mexican divorce by his wife, Marva. They were divorced in 1945, but later remarried.

The 34-year-old champion said his wife had gone to Mexico and that, at her request, he had appeared before the Mexican consulate here to sign and forward consent to the court proceedings.

"Any further statements must be made by Mrs. Louis," Louis said.

### Close Shave For Ezzard Charles

Philadelphia, Feb. 8—(AP)—Ezzard Charles looked forward today to a possible June title match with Joe Louis and back to a close shave against 214-pound Johnny Haynes of New York.

Charles, 179-pound Cincinnati, had one of the narrowest escapes of his ring career last night in beating Haynes via a knockout at 2:38 of the eighth furious round of their scheduled 10-rounder.

Charles converted his speed and bounce into victory with a right uppercut that knocked Haynes flat on his back in the eighth.

Haynes, a 6 foot 4 giant, got to one knee at eight but stayed there as he was counted out. A minute before, Haynes had been bombarding Charles across the ring with a series of slashing rights to the head. It appeared that Charles was on the way to defeat.

### Boxing Team To Meet Goldsboro Club On Friday

The East Carolina Teachers College boxing team will invade the Goldsboro Athletic Club ring Friday night in a return match featuring 10 bouts. Coach Jim Johnson of ECTC announced today.

The program for the Friday night fights had not been completed at the time of the announcement but Johnson said he was carrying his

entire squad to Goldsboro for the match. David declined the Raleigh Golden Gloves light heavyweight champion here three weeks ago when the ECTC team scored a seven to two win over the Goldsboro boys.

## THERE OUGHTA BE A LAW

## By FAGALLY and SHORTY

## HER SECRET STAR

By Bennis C. Hall

Chapter 27  
"Fast?" Betty repeated. "It must be midnight. You've been asleep for hours. What on earth happened? I never saw such a place." She laughed when she said it and he laughed too.

"Not for hours," he said, looking at his watch. "And it's just a little after eleven o'clock. You'd think that no-good Harper would come home sometime."

help. I don't want her doing a single thing."  
"I'll stick around. I—I—well, I just hate to face it," the man confessed.

Betty, who had avoided looking at Harper during the doctor's pronouncement, glanced at him now. To her astonishment, his eyes were brimming with tears. He was obviously trying to pretend they weren't there.

"You don't mean we've got to stay here till he comes? After all, you are a doctor, not a baby sitter."  
"I wasn't waiting for Harper," he said. "But somebody should be here. Mrs. Harper's had a pretty bad time of it. She fell and sprained her hip; it would happen when she was two months pregnant, and there was very little I could do."

If she had been surprised at Mr. Harper's tears, she was astonished at what he was doing now.

He was still seated in the rocker, but he was not rocking. He had learned over toward the window and was blowing his breath upon it. As she watched, Betty saw him begin to polish the window vigorously, as if trying to remove some invisible speck. When he had finished, he looked out, seemingly enraptured. So it wasn't Mrs. Harper's star at all, Betty thought. It was Mr. Harper's. Or maybe it belonged to both of them. She hoped so. The Harpers were indeed a strange family.

**WANTED — ONE SMALL BAND**  
saw, one small lathe, one small sander, one table saw, one cut-off saw and a shaper. Any one or all of these. Dial 2971 after 5 o'clock. At Wilkerson's new funeral home from 7:30 until 5. J. B. Latham, 1003 Evans Street.

They were in the car on the way home when George Newton said something that made Betty wonder if he hadn't been reading her mind.

"A doctor should be married. He needs a wife and the background of a home."  
"Yes—yes, of course," Betty agreed. "I'm glad you've changed your mind. I remember one time you said you were through with such nonsense as love. Maybe you didn't give your marriage a chance." Betty's hands were clenched tight in her lap, but her voice did not waver. "I'm glad you've decided to marry. I'm assuming you have decided, of course."

**REGISTERED WIRE — HAIRED**  
terrier puppies for sale. These aristocrats of show dogs are ready for delivery. Contact J. S. Jenkins, Dial 2063. 8-3

They were in the car on the way home when George Newton said something that made Betty wonder if he hadn't been reading her mind.

"A doctor should be married. He needs a wife and the background of a home."  
"Yes—yes, of course," Betty agreed. "I'm glad you've changed your mind. I remember one time you said you were through with such nonsense as love. Maybe you didn't give your marriage a chance." Betty's hands were clenched tight in her lap, but her voice did not waver. "I'm glad you've decided to marry. I'm assuming you have decided, of course."

You're just joking. I'm sure it's all settled. And I'm glad—very glad." Betty felt that she had to repeat it if only to convince herself she was honestly glad.

Newton was puzzled. This was an odd conversation, he thought. Were they talking at cross purposes, or was Betty trying to help him propose? He needed no help. He knew what he wanted. It had taken him a long time to find out, but he knew now.

In a minute, when they got to a place that was less public, he would pull the car over to the side of the road and stop. Then he would put his arms around her and tell her the right way.

Then Betty softly said: "I—I think I should tell you my secret too. Jack and I became engaged to-night. We plan to get married before Christmas."

They drove the rest of the way in silence. As he helped her out of the car in front of the house he thanked her profusely—too profusely—for coming to his rescue at the Harpers'. Not until she was in the house and up in her room did she realize that he had not wished her happiness.

Well, that was all right too, she told herself, blinking back the tears. She and Jack would find happiness anyhow. She would make it her business to see that they did. What was the matter with Doctor George Newton? Had he forgotten his manners? Or didn't he think anybody should get married, but himself?

(To be continued)

### Scott To Talk On School Issues

Raleigh, Feb. 8—(AP)—Governor Scott will tell the legislature and the people of the state his ideas on public school issues Thursday night. The General Assembly last night invited the governor to deliver a special message on "Schools and School Buildings" to a joint legislative session at 8 p.m. Thursday night.

The governor's office announced today that the message would be broadcast.

The governor's decision to deliver a special school message followed a request by lawmakers who called on him last week and urged him to place the schools on a par with his rural road program.

It followed also a show of strength by legislators favoring greater state support for the schools. A substitute House bill to appropriate \$50,000,000 to aid counties in building schools now bears the signatures of more than a majority of the House membership. One of its sponsors said it would be presented at a meeting of the House Education Committee tomorrow.

Many of the same group are fighting for higher pay for school teachers.

### \$38,000 Bull To Be On The Menu

Des Moines, Feb. 8—(AP)—Prince Rupert, the \$38,000 Herford bull which never produced a penny's worth of offspring, was headed today for an ignoble demise in the slaughterer's chamber.

The decision to dispatch Rupert was taken by Gov. Roy Turner of Oklahoma after the blue-blooded animal remained sterile despite five years of corrective treatment including a pituitary operation.

### States Righters To Have Bureau

Birmingham, Ala., Feb. 8—(AP)—Leaders of the States Rights movement plan to install a national bureau in Washington to combat what they term "a menace to the liberty and freedom of the American people."

The group's executive committee, headed by former Gov. Ben Laney of Arkansas, approved this action yesterday at a meeting of States Rights Democrats here.

### Gen. Chennault Is New Father

Shanghai, Feb. 8—(AP)—Retired U. S. Air Force Maj. Gen. Claire Chennault, 59, today became the father of a baby girl in Canton, his commercial airline office here was advised.

The daughter, named Claire Anna, weighed seven and a half pounds. The mother, the former Anna Chan, Chinese newspaper woman, was reported doing fine.

**POISON AIDS THIEVES**  
Simla, India—(AP)—Thieves in the East Punjab Railway were operating on a new technique before they were found out and 14 of them arrested. Dressed in military uniform, they used to offer poisoned food to traveling military officers. After the victims became unconscious the thieves stole their belongings.

Composer Richard Wagner took part in a German political revolution and, as a result, was a refugee in Switzerland for about 10 years.

### Call Conference

Washington, Feb. 8—(AP)—A meeting of ambassadors of countries negotiating a North Atlantic Defense Alliance was called today in the midst of American discussions with Norway about the proposed pact.

The State Department announced a meeting with the North Atlantic powers—Canada, Britain, France, Belgium, the Netherlands and Luxembourg—would be held in the afternoon.

### Television Goes Big For France

Paris—(AP)—France is taking to television. By the end of the year four different transmitters will be operating in the country.

It hasn't reached the point where television receivers are being installed to attract crowds in sidewalk cafes or as an added attraction to a "Can Can" show. But 10,000 sets are registered in Paris. Officials believe that there are many more unregistered sets.

Radio sets in France are registered and each set owner has to pay a tax of about two dollars a year. Although it has been customary with radio to let taxes pay for progress and keep the airways free of commercials, Radiovision Television is considering selling time to sponsors.

This revolutionary move on the European Airways is being held up by Communists. A spokesman said recently that if the airways are opened to advertising the wealthy Communist Party of France will be one of the first customers. The matter of "discrimination," he said has been delaying a decision.

At present there is only one television transmitter. That is on the Eiffel Tower. By the end of this year there will be a second transmitter operating in Paris, one in Lyon and one in Lille.

### N.Y. Cotton

New York, Feb. 8—(AP)—Cotton futures opened 5 to 40 cents a bale higher.

Noon prices were 50 to 70 cents a bale lower than the previous close. March 31.83, May 31.59 and July 30.41.

### Hog Market

Raleigh, Feb. 8—(AP)—(NCDA)—Hogs weaker. Tops of \$18.26 at Kinston, Rocky Mount, Tarboro, Greenville, Wilson, Goldsboro, Washington.

### Poultry and Eggs

Raleigh, Feb. 8—(AP)—(NCDA)—Fryers and broilers about steady at 25; eggs steady, A large 46.

### N.Y. Stock Market

New York, Feb. 8—(AP)—Prices leaned a trifle to the plus side in a see-saw stock market today. Buying interest was not strong enough to produce a definite forward movement but, at the same time, was enough to take care of only moderate selling pressure.

## Mystery Behind Note Shortage

Colombo, Ceylon—(AP)—Ceylon youngest of Britain's dominions, is out to sell itself as "the playground of southeast Asia." The idea is to boost annual tourist (nearly \$20 million).

The program calls for a large advertising campaign, provision of more accommodations for tourists, a clean-up of hawkers and dishonest dealers in gems and, in general, efforts to find tourists, wherever they may be.

For instance, an attempt is being made to interest Americans working in Saudi Arabia's oilfields in spending their holidays in Ceylon. Cedric Senaratna, secretary of the government tourist bureau, says he hopes to have 400 of them arrive every two months to cool off at Newara Eliya, 6,200-foot high resort 112 miles east of Colombo. Senaratna also is working for stopovers by passenger vessels which now pass up Ceylon.

The government is extending its resthouses, where a couple may get food and lodging for 20 rupees a day. There are 115 resthouses now, spotted at tourist centers throughout the island.

## Finns Ignoring Soviet Neighbor

Helsinki—(AP)—The Finns seem to have found a way to talk about the Russians. There was a time after the war when Russia and Russians appeared to dominate, or at least, weigh down, almost every conversation here.

Not so any more. "Where," asked a Finn, "shall we have dinner?" Recalling his last trip to a restaurant here more than two years ago, a visitor replied, "Does it make any difference?"

The Finn smiled. "Food isn't rationed anymore, you know." He was proud and justly so.

They went to an extremely nice restaurant atop one of Helsinki's fine buildings. Everything went beautifully, especially as fine a pair of lamb chops as you can find this side of Paris.

"During the war" said the Finn, "we didn't dance. We're doing it now." Hours had passed and the visitor met a lot of Finns and still there hadn't been a word about Russia. It was left to him to bring it up.

"Oh, Russia," said a young engineer. "You Americans get too excited about the Russians. Look, we live beside them and we seem to be getting on."

"That," the visitor remembered, "was quite an observation for a Finn."

Geneva—(AP)—The Swiss Federal Council has announced that Switzerland, which is in the United Nations, will enter the International Refugee Organization in the near future.

Switzerland, it is understood, will make part of her contribution to IRO through services to refugees now in Switzerland and the rest of it in money. Her total share is approximately \$1,500,000.

Switzerland already is a member of the United Nations, Educational Scientific and Cultural Organization and the Food and Agricultural Organization.

**Poles Are Told Employment Up**  
POLES ARE 18  
Warsaw, Poland—(AP)—Employment in Poland is steadily rising as the government pushes its gigantic program of national reconstruction.

Dr. Tadenusz Dietrich, chairman of the Central Planning Board, told parliament employment of wage earners jumped from 3,000,000 in 1946 to 4,110,000 by the end of 1948 and was continuing to rise.

Dietrich added that in the years 1946 to 1948, employment in state industry increased by 40 per cent; by five times in state building enterprises; by six times in state retail trade and by two times in co-operatives.

The walrus is closely related to the seal and sea lion.

# Boom In Home Building Believed Over; Temporarily, At Least

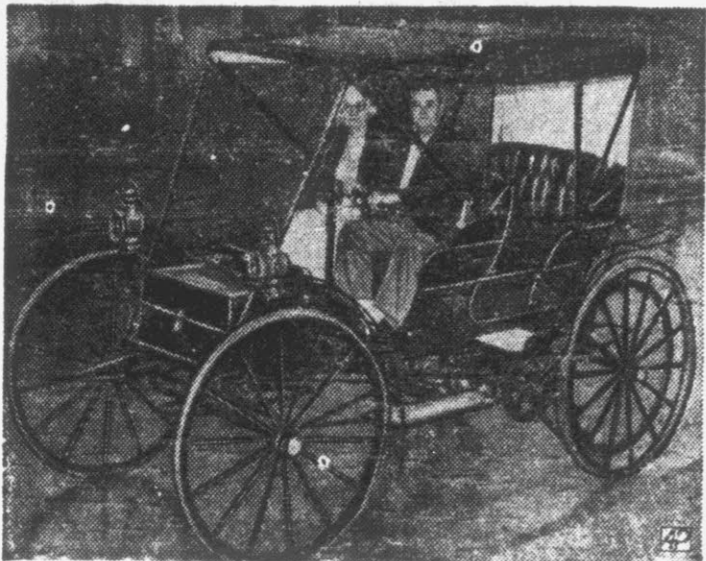

By CLARA BEACH  
Washington—The boom in home building is over, at least temporarily. The end of the housing boom after the first World War came in 1925—4 years before the whole economy began to disintegrate. But leading economists here see no such dire portent in this drop in housing production.

The main reason, as they interpret it, that the builders have been putting up houses for the carriage trade. And now the boom is off the market. Most of the people who were badly in need of houses after the war and could afford to pay high prices for them are taken care of. The peak of that demand passed in late 1946 and early 1947.

The people who still want to invest in the new, relatively high priced homes, moreover, aren't finding it so easy to finance them as they did a year or two ago. Interest rates have gone up a bit. Some sellers are requiring larger down payments. And veterans, who used to do a large part of the buying, are finding it harder to get loans. Lenders do not consider the government's financing arrangements for veterans as attractive as they once did.

"In general," said one prominent economist in the housing field, "people are losing faith in the housing market at the present prices."

The Housing Act of 1948 doesn't get them to have had much effect on the home construction industry. That act contained most of the financing features of the finance the building and buying of homes costing about \$11,000 or less.

'09 ROLLS IN '49—Mrs. C. J. Ried rides with her son, C. H. Ried, Vance, Ala., in their 1909 Holsman car.

The sponsor of the act, Rep. Wolcott (R-Mich) predicted that as a result of it 1,000,000 new non-farm dwelling units would be started in 1948.

As now estimated by the Labor Department, however, the housing starts totaled only 925,000. The monthly total of new houses started to drop in June, and it went down steadily from then on. The drop wasn't seasonal. The winter building lull ordinarily doesn't come until October.

The experts in the Commerce and Labor Departments predict that only 875,000 housing starts will be made in 1949. Even if the Taft-Ellender-Wagner bill is passed, which political observers think is certain, it will mean no more than an extra 30,000 to 35,000 additional housing starts during the year.

## Kettering Named Head Of Cancer Drive For 1949

The American Cancer Society has announced the appointment of Charles F. Kettering industrialist and scientist, as chairman of its 1949 fund-raising campaign.

In announcing the appointment, Eric Johnston chairman of the board of the Society, termed Kettering "an ideal choice" to spearhead the nationwide drive.

"Because of Mr. Kettering's unparalleled contribution to research both in the industrial and medical fields," Johnston said, "he is well fitted to direct the fund-raising activities of the 60 divisions of the American Cancer Society."

"His leadership should prove a great inspiration to every one of the thousands of volunteers who are fighting cancer," Johnston added. Kettering accepted the appointment as a new challenge, and said he would approach the job with optimism.

He is no newcomer to cancer control. Since 1925 when he established the C. F. Kettering Foundation for Biological Research, he has been closely allied with various phases of medical research. In 1943 he became co-sponsor of the Sloan-Kettering Institute for Cancer Research, the vast investigative branch of Memorial Hospital in New York City, the largest institution of its kind in the world.

As an inventor and an industrialist who fathered many of America's automotive and electrical advances, he believes research is the key to most of our problems.

"We are not at the end of our progress," he said. "There is no direction to go but forward. It is man's destiny to ponder on the riddle of existence and as a by-product of his wonderment, to improve life on this earth."

Kettering's first official act was to call upon 60 divisions of the ACS to raise a minimum of \$14,500,000 or the support of research, detection and diagnostic facilities and public and professional education.

## Poland Expands Marxist Theme

Warsaw, Poland —(AP)—Poland plans to spend nearly \$200,000,000 this year in pushing her Communist directed "cultural offensive". The Communist-dominated ministry of education says it is rapidly expanding educational facilities for Poles, with the accent upon affording every advantage possible to the children of workers and peasants.

Libraries, filled with literature of the Marxist-Leninist theme, and being set up in every strategic village in Poland. An official estimate said 3,600,000 children were going to school this year. Seventy per cent of them come from peasant families.

## Big Turkey Crop In Pennsylvania

Philadelphia—(AP)—Pennsylvania growers predict they will raise 1,441,000 turkeys in 1949.

The state agriculture department reports that if the growers' plans are carried out it means an autumn crop within 19,000 of the all time record raised in 1945.

Major factors fostering increased production include a plentiful supply of feed and the strong demand for turkey before and during the holiday season.

A federal-state survey discloses there will be a 25 per cent increase in turkey growing nationally.

## Wake Forest Spring Enrollment Reveals Only Small Decrease

Wake Forest, N.C., Feb. 8.—Final enrollment figures for the spring term at Wake Forest were released this week, revealing a drop of only 107 from the fall registration of 1907 students. The decrease was not as great as had been expected by some officials of the college. Of the 1800 students, 1635 are in the liberal arts school and 165 in the school of law. Eight hundred and ninety five are veterans, enrolled under the GI Bill of Rights, a decrease of only 37 from the fall semester.

### Pilot-Training Tests Scheduled

An Air Force officer will arrive in Fayetteville on 15 February to interview young men interested in pilot training and a career as an officer in the U.S. Air Force. Capt. Ralph W. Ferrese, of the local Air

my and Air Force Recruiting Station, announced today. The visiting officer will have headquarters at the Army and Air Force Recruiting Station located at 207 Franklin Street in Fayetteville, and will give preliminary examinations to applicants for Aviation Cadet training.

Applicants must be between the ages of 20 and 28½ and must have two years of college or the ability to pass an equivalent examination. Capt. Ferrese explained that under a recent ruling both single and married men now are eligible for the

plilot and officer training. The next Aviation Cadet class begins April 4. Basic training is given at a number of bases in Texas, including Randolph Air Force Base, where the student learn to fly the T-6 "Texan."

After eight months the cadets progress to advanced training either in single-engine P-51 "Mustangs" and F-80 jet-propelled "Shooting Stars" at Williams Air Force Base near Phoenix, Arizona and Las Vegas Air Force Base, Las Vegas, Nevada, or they train in B-25 "Mitchell" twin-engine bombers at Barksdale Air Force Base, Shreveport, Louisiana, or Enid Air Force Base, Enid, Oklahoma.

"The Air Force depends upon its Aviation Cadet Program for its future pilots and leaders," said the captain. "The value of the flight training has been estimated at \$35,000. It includes academic instruction in aircraft engineering, meteorology, navigation, communications and a number of other aviation subjects."

Since the days of William the Conqueror, every English sovereign except Edward V and Edward VIII has been crowned in Westminster Abbey.

**EASY ON ICE**— Andra McLaughlin, 15, who will represent the U. S. in the world figure skating championships at Paris, Feb. 16, 17 and 18, works out at the Brooklyn, N. Y. Ice Palace.

### Dairy Barn Goes All Automatic

Stillwater, Okla.—(AP)—It's all done by levers in Oklahoma A and M's \$248,000 dairy barn. Milkers stand in a pit. The cows walk in and the milking machine is attached. Cows are milked in three minutes. The milk goes into a glass tank on the wall. It is automatically weighed and then, at pull of a lever, goes woosh, down a pipe to the cooling room.

There are places in the big barn for 1,000 tons of hay and 4,000 bushels of grain. Four silos hold 800 tons. There are quarters for eight attendants and the dairy herd.

**FREAK ACCIDENT**  
Rock Island, Ill.—(AP)—When J. G. Winters drove into a filling station, his auto bumped into Donald

Sylvester's car. Sylvester was in the machine but he was injured anyway. When he leaped out of the way and looked back to see what was go-

### Moscow Readies Building Project

Moscow.—(AP)—It has been officially announced that nearly 1,000 buildings are scheduled to go up in the Capital this year. This is about twice as many as were built last year, when Moscow exceeded the peak pre-war construction pace of 1940.

Roughly the same rate of progress is scheduled also for other branches of municipal economy, such as improvement of housing, streets, and the transport services.

A highlight of the building development is the laying of the cornerstone for the new Moscow University.

The University will be located on the Lenin Hills, the highest point around Moscow.

### Claims Cemetery Is Good Bedroom

Brisbane.—(AP)—If you're a hitchhiker, take a tip from an Aussie and sleep in a cemetery.

Francis Keaney, 18, university student, gives the advice. He has hitchhiked a few thousand miles down under.

### 'Honest John'

Hollywood, Feb. 7.—(AP)—Actor George Tobias is a happy man today because John D. Griffin is an honest one.

Griffin told police yesterday he found a slip of paper near an intersection. It was a highly negotiable check made out to cash for \$20,000.79. It was signed by Tobias.

Honest John turned it over to police.

### Beer Tax Nets Impressive Sum

Raleigh, Feb. 8.—Beer taxes collected by the State in January totaled \$499,114.85, the State Department of Revenue reported today.

The figure is approximately \$99,000 less than gross beer excise collections in January of 1948, and \$169,000 above collections last December. Half of the excise tax is distributed annually to counties and municipalities which license beer sales.

The tax totals do not include the state sales tax on beer or license taxes levied by the federal and local governments.

## Prelate Awaits Verdict On Communist Charges

New York—The drug aureomycin brings quick recoveries from virus pneumonia, three New York physicians report. Aureomycin is made by thread-shaped molds that live in the soil. They belong to the same family as those that make streptomycin, another potent antibiotic.

**CONDUCTOR**—Eduard Van Beinum (above), 47-year-old conductor of the famous Concertgebouw, of Holland, has been appointed conductor of the London Philharmonic Orchestra.

Given in pill form, aureomycin knocks the fever in virus pneumonia down to normal within 12 to 48 hours, the physicians said. They are Dr. Yale Knesewand, Jr., Harry M. Rose, and Count Dillon Gibson of the College of Physicians and Surgeons, Columbia University, and the Presbyterian Hospital.

The drug worked for people who weren't helped by penicillin or sulfa drugs, they said in a report in the "American Journal of Medicine." It not only brought the fever down, but brought general improvement. Patients recovered without trouble when they received the pills for four or five days. In two patients, the fever returned when the drug treatment was stopped too soon.

Virus pneumonia differs from the more common types of pneumonia, which are caused by germs, the pneumococci. Just what causes the rarer "virus" pneumonia isn't exactly known, but doctors suspect it may be a virus. Viruses are organisms, tinier than bacteria, which live only in tissue cells.

Aureomycin's quick action in this kind of pneumonia suggests that it may have some kind of anti-viral effect, the New Yorkers said. Many drugs work against bacteria, which live outside the body cells. But scientists have been searching for some which will go farther and hit at the viruses, which do their work so differently.

Aureomycin was discovered last year by Dr. Benjamin M. Duggar of the Lederle Laboratories Divi-

son, American Cyanamid Co. It is effective against many bacteria. But it goes farther. It cures diseases caused by organisms tinier than bacteria, and known as Rickettsias. Among these diseases are Rocky Mountain spotted fever, typhus and scrub typhus and Q fever. On the ladder of disease germ life, the Rickettsias lie somewhere between bacteria, at the top, and viruses, at the bottom.

## Local Negroes Plan Recreation Center On Cotanche Street

By J. H. DONALDSON

The Negro Civic League of Greenville has made its initial payment on two houses, one situated on the Northwest corner of First and Cotanche streets and the other one next to it. This property, which belonged to Reynolds May and D. A. Evans was purchased for the purpose of developing it for recreation and other activities.

We are urging all civic-minded Negroes of Greenville to contribute towards this project as the property is deeded to the "Negro Civic League" which means that it belongs to all Negroes in Greenville.

All donations may be mailed or given to the Secretary, Mrs. Vivian Shivers, 616 Clark street. "Certainly, you will help us to help you."

C. C. McGlone was appointed to collect all rents and attend to the upkeep of the property for the time being.

The following persons were elected as trustees:

Rev. J. A. Nimmo, Mrs. Elizabeth Kearney, Rev. P. H. Munord, C. C. McGlone, Mrs. Madeline Bradley, Clarence Bradley and J. H. Donaldson.

The ancient ancestors of Whales were land animals.

### Russia Will Get Western Reading

Moscow—(AP)—The Publishing House of Fine Literature will put out 40 books by western authors in 1949.

These in lude: The selected works of Mark Twain in two volumes. A collection of short stories and separate novels by Theodore Dreiser. The latest works of Sinclair Lewis. Other American writers also will be represented.

The English classical writers will be represented by Dickens, Fielding, Smollett, Sterne and Goethe.

The Indian writer Mulk Raj Anand and "Coolie" is to be published in Russian this year.

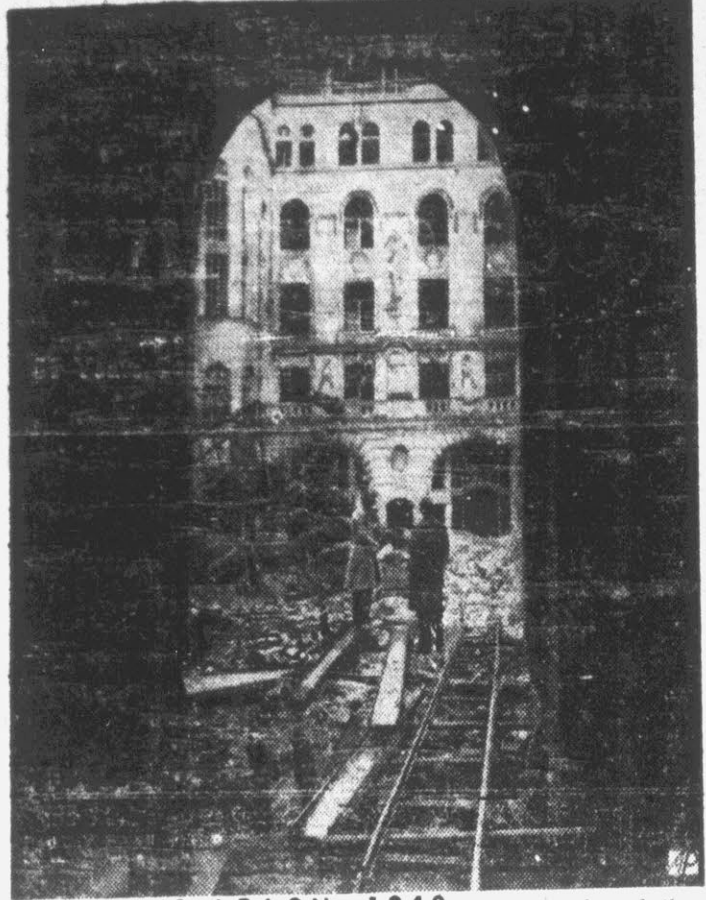

Chinese classical poetry will be published extensively.

According to A. Kotov, director of the State Publishing House for Fine Literature, a six volume edition of Pushkin's complete works will be issued in 1949.

A prominent place in the publishing house's plans is occupied by Russian classical literature. About 25,000 titles are scheduled for this year.

"In spite of the huge book printing programs, which increase from year to year," says an announcement, "the market is still far from glutted. It is only a matter of hours for new books to be sold out in Soviet book stores. (Moscow alone has about 400 bookstores.) Everywhere in the country the demand is greater than the supply."

The year's biggest editions are scheduled for the works of V. I. Lenin. The final volumes of a 40-volume edition of his collected works are to appear in 1949. The edition is a half million.

BERLIN'S ADLON, 1949 — A casualty of the Battle of Berlin, the famous Hotel Adlon is again operating with sixty rooms. Above is the rubble-strewn inner courtyard.

### Britain Coining Shilling Trouble

London—(AP)—Britain is having coin trouble.

A new cupro-nickel shilling piece is being minted, and it's five-thousandths of an inch thicker than the

old type.

The new ones don't fit well into many household gas meters. And some people have had trouble working them into telephone coin boxes.

Gas companies are advising customers not to use them unless it's really necessary. Sometimes they get stuck.
