Seek To Require Bargaining With Foreman's Union

Association Turns To Congress To Obtain Collective Bargaining Right

Washington, Feb. 17.—(AP)—The Foreman's Association of America today asked Congress to require employers to bargain collectively with foremen.

Carl Brown, the Association President, made the appeal in a statement prepared for the Senate labor committee.

The committee late yesterday was asked by the Ford Motor Company to keep on the books a Taft-Hartley law provision which, while not barring the formation of Foremen's Unions, denies to such groups the collective bargaining rights granted to other unions.

William T. Gossett, vice-president and general counsel of the Ford Company, told the committee "we know from actual experience" that the Foremen's Association "that unionization of supervisors is unworkable."

Brown asked that the whole Taft-Hartley law be repealed and that the old Wagner act be substituted for it. Under that act, the National Labor Relations Board finally held that employers were required to bargain collectively with Foremen's Unions.

The labor committee is considering an administration bill which would scrap the T-H law and replace it with a modified Wagner act. It would again grant organized foremen the same bargaining rights which unions of rank-and-file workers have.

Brown told the committee that under the Taft-Hartley law "many employers are imposing the same unsatisfactory conditions of employment upon foremen as were imposed upon other groups of employees" prior to enactment of the original Wagner act in 1935.

Gossett, on the other hand, said that a return to the old set-up which required recognition of foremen would cut production efficiency and lead to higher costs and prices.

Gossett said that in the days when Ford dealt with the Foreman's Association the Union "relentlessly continued its efforts to drive a wedge between our Foremen and other members of our management team."

Liquor Cashed In Tobacco Barn

Winston-Salem, N. C., Feb. 17.—(AP)—Winston-Salem police and Forsyth Sheriff's deputies last night seized 118 cases and five fifth of high-priced bonded whiskey.

The arrested Abner Shutt, alias Albert, after finding the whisky in a tobacco barn on his property, six miles from Winston-Salem on the Jonesville road.

Fair And Cool For Carolinas

By the ASSOCIATED PRESS
Cooler but fair weather was in prospect for North Carolina and South Carolina today, tonight, and tomorrow, after a long spell of summer temperatures.

The forecast indicated temperatures would be near freezing in the mountains tonight, and generally about 10 degrees lower than they were yesterday.

Approve Loan To Blizzard Areas

Washington, Feb. 17.—(AP)—The House Agriculture committee unanimously approved today \$14,000,000 in loan funds for farmers in the blizzard battered areas of the west and southwest.

Chairman Cooley (D-NC) announced he will ask immediate passage by the House.

Atlantic Pact Debate

Senate Traditionally Reluctant To Pledge America To War In Advance Of Any Conflict; Correspondent Recalls 1920 And What Came After; Background

By DeWITT MacKENZIE
Secretary of State Acheson yesterday entered the warm debate over the projected North Atlantic Alliance with the declaration that the United States proposes to make it an effective security pact.

This followed Monday's Senate discussion which demonstrated there was strong opposition to making any pledge which would lead other members of the Alliance to expect American-armed aid to be automatic in case they are attacked. That is to say, the opponents wouldn't pledge the country to war in advance of the event, but would make the decision when the crisis arose.

Because of this there is uneasiness among other prospective Alliance members who want absolute assurances of American aid. The countries concerned, besides America, are Canada, Britain, France, Belgium, the Netherlands and Luxembourg. Norway and Denmark also are considering joining, and there might be others.

Mother Assumes Son's Affliction

Mrs. Robert Slater (seated) of Windsor, Ontario, prayed for 19 years to assume the affliction of her son, Joseph, (right) who was completely paralyzed as result of an operation. A short time ago, she received a crippling spine injury—and Joseph has confounded doctors by achieving complete recovery. (AP Wirephoto).

House Passes On TVA Expansion

Request For Furthering Of Federal Entry In Power Industry Is Up To Senate; Republicans Lose Bitter Fight

Washington, Feb. 17.—(AP)—It is up to the Senate now to pass on the Tennessee Valley Authority's request for money to build a steam electric plant.

The House approved \$2,500,000 for the new Johnsonville, Tenn. plant in passing a deficiency appropriation bill yesterday.

It also okayed \$450,000 to enable TVA to install more generators in two hydro-electric plants at Chickamauga Dam and at Guntersville Dam.

The items were in a \$471,898,177 money measure to pay off the expected year-end bills for about three dozen federal agencies.

There were 10 hours of free-wheeling debate behind it when it finally passed the House 367 to 19 Republican drives against the measure were beaten back three times winding up in a 237-to-148 vote which defeated a move to send it back to the Appropriations Committee for changes.

The bill is to finance the agencies: (Continued on page eight)

Names Diplomat New Ambassador

Washington, Feb. 17.—(AP)—President Truman today nominated H. Merle Cochran, veteran Career Diplomat, to be Ambassador to Pakistan.

Cochran is United States representative in the United Nations commission for Indonesia and is now in Batavia, Java. The state department said he will go to his new post at Karachi as soon as conditions in Indonesia warrant.

Senator's Wife Kept In Hospital

Mooresville, Feb. 17.—(AP)—Mrs. Olin D. Johnston, wife of South Carolina's junior senator, will remain in Lowrance Hospital here two or three more days. She was injured yesterday in an automobile accident near here.

Senator Johnston, who remained here overnight with friends, said he hoped he and his wife would reach Washington by next Monday.

Favorable Vote

Raleigh, Feb. 17.—(AP)—The House Roads Committee today voted unanimously to give a favorable report to a measure which would authorize an election on issuance of \$200,000,000 in bonds for improving rural roads.

The vote came after the House and Senate Roads committees had held a joint session. The Senate committee scheduled a meeting for 9:30 tomorrow to vote on the bond issue bill.

Your columnist saw the dramatic signing of that treaty in the Palace

Army Sentences Accused Spy To Term In Prison

Twenty Years At Hard Labor For Defendant; Secrecy Cloaks Details

Munich, Germany, Feb. 17.—(AP)—The U.S. Army, partially lifting a heavy veil of secrecy from a spy trial, today publicly sentenced Frontisek Klecka, 31-year-old writer on the Orient Express, to 20 years at hard labor.

The eight-man U.S. Military Commission, ordered by Gen. Lucius D. Clay to relax its secrecy, made known the name of the first defendant and invited the press to hear the verdict—but it did not reveal the specific charge against Klecka.

Neither would it give any details of the testimony taken in the past two days behind locked doors. The proceedings concern a Czechoslovak spying case.

The Orient Express is a famous train which threads its way through central Europe and the Balkans between France and Turkey.

Klecka, a tall, slender man with brown, wavy hair and an intelligent appearance, seemed stunned by the sentence. He had entered the courtroom jauntily, toying with a locket picture of a pretty brunette.

When Brig. Gen. John L. McKee announced the decision, Klecka's lips tightened. Then he spoke. An interpreter said Klecka had said in Czech: "I am not guilty."

Gen. McKee had refused to reveal Klecka's nationality. The 30 persons arrested last November on charges of spying for Czechoslovakia were of several nationalities.

Klecka's name was disclosed on Army orders from Frankfurt. The military commission also was ordered to announce the verdict. The trials still will be held in secret however.

When the trial began yesterday the eight-man military commission hearing the case refused to say how many persons were being tried and did not reveal any names and said even the verdict would not be announced.

Gen. Clay, American commander in Germany, last night began an investigation to see if any supervisory really was necessary to protect the security of the United States.

Approve Ending Oleo Restraints

Raleigh, N. C., Feb. 17.—(AP)—Legislation to remove restrictions on use of oleomargarine in North Carolina was given a nod of approval by the Senate Agriculture committee today.

The group favorably reported a measure which would repeal a license tax on wholesalers of Oleo and permit serving of colored Oleo in public eating places. The bill would allow service of colored Oleo provided each serving is marked and a notice that it is served as displayed in the restaurant.

Identify Aged Victim Of Fire

Wilmington, N.C., Feb. 17.—(AP)—Two sons today identified a body found in ruins of Hotel Orion as that of their father, J. R. Mallard, Sr., 70, of Charlotte.

The body was recovered yesterday. The positive identification was made by bridge work and clothing. The aged man was known to have entered the five-story 100-room postelry four hours before it burned Jan. 21.

N.C. Legislators Warned Against More Tax Levies

Raleigh, Feb. 17.—(AP)—Opposition to Governor Scott's call for new taxes has been sounded in another quarter of the General Assembly.

Senator Lee B. Weathers of Cleveland yesterday spoke out against any new levies and suggested that permanent improvements bills might be trimmed to increase other funds.

He read a statement to the Joint Appropriations Committee. The committee, running through more than half of the proposed general fund budget, added \$687,383 to the recommendations of the Advisory Budget Commission.

A joint finance subcommittee

Transit Strike Wears Philadelphia Patience

Philadelphia, Feb. 17.—(AP)—Philadelphia's millions showed signs of losing their good humor as the city's transit strike stretched into a full week today.

Hiking and automobile travel still substituted for trolley, bus and subway and taxi services on the seventh day of commuter tie-up.

But people generally were tired of inconvenience. Auto horns were quiet during the first day of bumper-to-bumper trips down the city's main thoroughfares now honk loudly as motorists' tempers flare.

The hitch-hiker's thumb frequently is ignored.

West Europe Still Hopes U.S. Will Give Military Support

Washington, Feb. 17.—(AP)—Western European nations were reported still hopeful today of obtaining American agreement to some open promise of military support in the proposed North Atlantic security treaty.

Diplomatic informants predicted that when the Europeans next meet with Secretary of State Acheson they will again press on this point.

They are seeking to include in the defense clause of the treaty the clearest possible statement of unity of the forces of the West against any future aggressor.

They are expected to urge on Acheson some reference at least to the possibility of military action by all of the members of the security

organization in event of an attack. It is understood that, provided the "military" reference was subordinate to other kinds of action along diplomatic and political lines, Senator Vandenberg (R-Mich.) would have no personal objection to the wording.

Vandenberg's concern is reported to be with the idea that the treaty should conform strictly to the spirit of the United Nations charter which military action is listed as the last of many steps to be taken in stopping or preventing an aggression. The senator's position is important because of his leadership among Republicans on foreign policy.

Acheson himself indicated yesterday that the problem is largely one of wording rather than a question of intent.

He told a news conference that there are no real differences between himself and Senate leaders "in regard to the objectives which this government is seeking to accomplish."

The major difficulty in making a completely explicit statement of this purpose in the treaty arises, officials say, from the constitutional provision that only Congress has the power to declare war.

Along with this is the immediate and practical political problem of drafting, in a manner acceptable to the Senate, whatever commitments the United States government may be willing to undertake short of an actual promise to declare war.

Denies U.S. Will End Occupation

Washington, Feb. 17.—(AP)—The United States doesn't intend to abandon Japan to Russia in case war should come, Secretary of the Army Royall says.

He made his point clear yesterday in a news conference at which he flatly denied ever having said otherwise.

When Royall visited Japan recently he held a conference with reporters. Later, stories from Tokyo—not carried by the Associated Press—quoted a high level authority, since identified as Royall, as saying American forces would pull out of Japan in the event of an attack.

The Secretary told reporters at the Pentagon he had said no such thing.

"On the contrary," he said, "I stated that we did not plan to change our forces in Japan and that we were prepared to meet all comers."

AP Reporter Russell Brines, who attended the Tokyo conference, said Royall told newsmen there that hypothetically, the United States was entitled to withdraw from Japan any time it wanted to. However, Brines added, "He said many times there would be no immediate change in the occupation."

At no time, the AP reporter said did Royall or any other high American official give any indication that the United States actually was considering withdrawing from the occupied nation.

Snows, Floods In West Stranding Scattered Areas

By the ASSOCIATED PRESS
Mountainous snows and flood waters in some areas of the storm-stricken West isolated several communities today, stranding thousands of persons.

Food and fuel shortages in some of the snowbound Wyoming towns became more acute. The misery of ranch families mounted. At least a dozen small towns and several ranches in the Elko, Nev., area were marooned. Residents declared an informal "state of emergency," and private and Army pilots flew food into the area.

Flood waters in Fysh Valley on the Olympic Peninsula isolated five northwestern Washington communities. Several other towns were threatened. Snow slides roared into Pacific Northwest mountain passes impeding rail and road travel across Washington.

U.S. Minister Leaves Hungary

Budapest, Hungary, Feb. 17.—(AP)—United States Minister Selden Chapin left Budapest by plane with his wife today. Declared persons non grata by the Hungarian government he has been called home by the State Department for "consultations."

He has reservations booked on the Queen Elizabeth for Saturday.

United Nations To Hear Truman Global Program

Washington, Feb. 17.—(AP)—The United States will be ready early next week to give the United Nations a broad general picture of President Truman's "bold new program" to aid backward areas.

This was disclosed today by an American delegation spokesman. He said Assistant Secretary of State Willard L. Thorp now is in Washington drafting a speech which will amplify the program for the economic and social council.

Informed quarters said no concrete program has yet taken shape. But Thorp definitely will give the council a "preliminary" outline of what Mr. Truman had in mind.

These quarters said Thorp may cover such questions as what the U.N. can do in the field of technical assistance to under-developed areas, what individual governments can do and possibly what private industry can do to give financial aid.

It was understood that Thorp would make no commitments as to just how far the United States is prepared to go, either in providing technical assistance or financial backing.

The financing of the program, it was pointed out, must be approved by Congress and for this reason no specific expenditures can be proposed at this time.

Thorp will address the council Monday on the world economic situation and will deliver his speech on the President's program later in the week when the council begins general debate on the questions of economic development and technical assistance to backward areas.

The council, meanwhile, was scheduled to resume debate today on the U.S. proposal for an investigation of slave labor in Russia. A vote was expected yesterday but the council became involved in a long procedural wrangle and did not get to the slave labor issue.

The Security Council was called for a 2 p.m. (EST) session at the request of Russia to consider the deadlock question of selecting a governor for the free territory of Trieste. This was expected to produce another east-west clash.

Storms Looming On Civil Rights

Washington, Feb. 17.—(AP)—Rent controls seemed sure today to be continued, but perhaps in weaker and shorter form than President Truman has requested.

A check of some leading members of the House Banking Committee, now considering the legislation, indicated this line of thinking:

1. Continuation of rent ceilings for 12 to 14 months. Mr. Truman has requested two years.

2. A ban on mass eviction of tenants. Some landlords have threatened to withdraw their rental property from the market if rent ceilings are extended.

3. Power for the rent administrator to sue for damages where landlords overcharge tenants. But the Administration may not get its requested authority to bring criminal action, with fine and imprisonment on conviction, against property owners who violate the rent law.

Tenants now have a right to sue for rent overcharges. But the Administration contends that the fear of eviction prevents them from taking their complaints to the courts.

It now is uncertain whether Congress will grant the Administration request for authority (a) to extend the areas covered by rent controls and (b) to restore controls over several classes of rental property previously decontrolled.

A minority report from Senator Stennis gave vent to the feelings of Southern Senators who want to be free to talk as long as they please against anti-poll tax, anti-lynching and other civil rights bills.

In the background was a complaint from Americans for Democratic Action that Senate Democratic leaders are taking "a defeatist attitude" on tightening up Senate rules to choke off filibusters.

Apparently the first real wrangle on the Senate floor over the proposition will be delayed until February 28. Democratic leaders may call it up for action then, although they haven't said so officially.

Senator Taft said yesterday after a meeting of the Senate GOP policy committee that the Republicans hope it will be taken up then.

With the proposal on the calendar, any Senator can move at any time to bring it up for action. But once that is done, Southerners have made clear they intend to filibuster against it.

Part Of The Problem

West Europe Needs Our Muscles To Back Up Proposed Alliance; Just A Scrap Of Paper Unless Senate Approves; How Far Can They Depend On Us? Issues

By JAMES MARLOW
Washington, Feb. 17.—(AP)—It's like telling a pal "We have to protect each other and if anybody slugs you, you can count on me."

The pal says "Count on you, how?" And you get red and confused and you can't answer.

That's how it is with us now after all the talk about a North Atlantic pact.

Our State Department has been talking for months with Canada and the nations of western Europe about an agreement.

The purpose is to protect all of us against an attack by communism. If those other countries fall, we'll be practically alone in the world.

We're stronger than they are and they need us. But we need them, too.

All the work on the agreement has been done quietly. It isn't finished yet. And none of it has been made public.

And when it is completed, it will be a worthless scrap of paper unless the Senate approves. So it has a long way to go.

But these questions will hit the heart of any agreement between

\$65,000 In Bonds Sold To Improve School Plants

The sale of \$65,000 in bonds of the Belvoir-Falkland school district to Griffin and Vaden, Inc. of Raleigh has been confirmed, D. H. Conley, superintendent of Pitt County schools said today.

The bonds were purchased at an interest rate of 2 1/2 per cent on the first \$40,000 and interest rate of 3 3/4 per cent on the remaining \$25,000.

Conley said proceeds from the bond sale will be used to build a gymnasium at Belvoir and for improvements at the schools at Belvoir and Falkland.

'Brain Trust' To Speed Recovery

Paris, Feb. 17.—(AP)—High-ranking representatives of 19 European recovery program areas agreed today to set up a brain trust to speed the revival of this continent.

Foreign Ministers, economic Ministers and top officials of the areas met for more than two hours on the recommendations of a special Ministerial committee. They agreed to set up an executive council of cabinet rank, headed by Paul-Henry Spaak, Premier and Foreign Minister of Belgium.

The council will advise the governments of the areas on the recovery program and will coordinate their efforts.

The council will meet in Brussels on Feb. 22. It will have a permanent secretariat in Brussels.

8:00 p. m.—Fidelis class of Memorial Baptist Church meets at the home of Mrs. R. McK. Johnson. Mesdames A. C. Howard, E. S. Webb and Royce Hunsucker, assisting hostesses.

FRIDAY
3:30 p. m.—Garden Club meets at the club house.

6:30 p. m.—Elwanis club.

7:00 p. m.—Red Men meet.

7:30 p. m.—Rehearsal for Kilpatrick-Joyner wedding in the Eighth Street Christian Church.

8:00 p. m.—Miss Lelia Higga will make a gallery talk on Scal-amandre silks in the art gallery.

9:00 p. m.—Mr. and Mrs. Frank M. Kilpatrick will entertain at a dinner party honoring the Kilpatrick-Joyner wedding party at their home in Ayden.

SATURDAY
7:30 p. m.—The wedding of Miss Jenny C. Joyner and Frank Kilpatrick, Jr., will take place in the Eighth Street Christian Church.

8:15 p. m.—Mr. and Mrs. N. R. Joyner will entertain at a reception in compliment to the Kilpatrick-Joyner wedding party.

Miss Higgs Gives Talk On Fabrics

On Tuesday at 1 o'clock Mrs. K. B. Pace was gracious hostess to the Athenium Book Club at her home on Summit Street. A red, white and blue motif was cleverly carried out in the table decorations and throughout the home.

After a delicious luncheon there was a short business meeting. Mrs. Pace then introduced Miss Lelia Higgs who gave a brief resume of the Scal-amandre historic fabrics.

The club then adjourned to Shepard Memorial Library to view a display of these fabrics and to listen to an interesting historical sketch of each sample by Miss Higgs.

Guests for the afternoon were Mrs. Louis Schinner, Mrs. J. B. Kirtrell Jr. and Miss Lelia Higgs.

Club Pays Tribute To Mrs. Woodward

Mrs. G.B.W. Hadley was gracious hostess to the Sans Souci Book Club Wednesday afternoon, February 16, at 3:30 o'clock. Artistic arrangements of spring flowers throughout the rooms added much enjoyment to the afternoon.

Mrs. W. I. Wooten, president, opened the meeting with a beautiful tribute to Mrs. George Woodward. In part Mrs. Wooten said, "In the death of Rosalind Woodward, Sans Souci has lost one of its charter members, whose love and loyalty to its aims and to its members, her friends, have been outstanding characteristics through 45 years."

"Two years ago when I was trying to prepare a history of the Sans Souci Club, it was she who gave me most help. I went to her home and we reminisced for an hour and she enjoyed every minute of it, recalling many interesting experiences that a less interested person might have forgotten. We shall miss her at our meetings for she was always present when it was physically possible. We shall miss her companionship and friendly smile."

Mrs. Wooten then appointed a committee to prepare suitable resolutions expressing the club's loss.

Mrs. Hadley presented Miss Betty Anne Young, who in a very charming manner gave a comprehensive and interesting review of Dr. A. J. Cronin's latest book, "Shannon's Way." She evidenced sympathetic understanding of young Doctor Shannon and Jean Law and carried her listeners through the many crises and vicissitudes they had to face to their heights of ecstasy and Dr. Shannon's ultimate success.

"Hatter's Castle," published in 1944, which was compared with the work of Dickens, Hardy and Balzac, with his later books, have established the writer as a leading novelist.

Following his delightful program the hostess served a delicious salad course with hot coffee and cake, assisted by Mrs. Herbert Hadley, Mrs. Jake Hadley and Miss Marty Hadley.

Mrs. T. J. Moore was a club guest for the afternoon.

Mrs. Taylor Hostess To Round Table

The Round Table Book Club had a delightful meeting on Tuesday afternoon with Mrs. R. R. Taylor. Lovely arrangements of spring flowers added to the attractiveness of the home. Mrs. H. L. Carr, a former member of the club, was a guest.

The president, Mrs. E. R. Brown, after presiding over a short business session, turned the meeting over to the program chairman, Mrs. Sprull Spain, who presented Mrs. C. E. Oakley as leader for the afternoon.

Mrs. Oakley's subject, "American Railroads," was treated in a most interesting and entertaining manner. She gave the history from earliest beginnings to the present "train of tomorrow," interspersing her talk with humorous incidents and descriptions. The driving of the golden spikes which first joined a railroad from the East to one from the West; the contribution of one road in particular, the Atchison, Topeka and Santa Fe, to the area which it served; the famous Harvey Houses and Harvey Girls were interesting items.

The hostess served congealed fruit salad, potato chips, hot rolls and ham sandwiches, and homemade cake with coffee.

Inter Se Club Meets With Mrs. Webb

Mrs. Ercell Webb was hostess to the Inter Se Book Club Tuesday afternoon at her home on Harding Street.

Mrs. L. M. Buchanan, president, welcomed the special guests and presided over a short business meeting.

Following the business Mrs. Reynolds May presented a program on the "Life and Works of Eugene Field," the beloved poet of child life, who has also been called the first and greatest of the columnists.

Mrs. Webb, assisted by little Miss Sara Webb, served a delicious salad course with coffee at the close of the program.

The special guests for the afternoon were Mrs. Wesley Harvey, Mrs. H. R. Goodall and Mrs. L. E. Dewey and Mrs. Charles Huff of Wichita, Kansas.

The Children's Corner

Sheppard Memorial Library
By MRS. ROSCOE HAUSER
THE CADMUS FAMILY COMES TO TOWN
Chapter III

At the stroke of two, a young girl entered the library door. This was Sue, of course, and even though she was already twelve years old, she felt as excited as Peggy had when she stepped into the building which was to come to mean so much to her in future years.

Sue was greeted by the lady at the desk, who directed her to the Children's Room, and told her where she could find the many different book groups.

One glance around the large and cheery room made Sue decide that Dickie had been right not to hurry home. If she were to really enjoy and appreciate all the library had

to offer, she would first have to know what it was.

A magazine rack at one side of the room held the latest issues of magazines for children and young people, and at the other side of the room was an open bookcase holding sets of encyclopedias particularly designed and written for the younger set, Compton's Pictured, the Junior Britannica and Children's Classics.

The story book shelves she found to the left of the entry, and the hundreds of books displayed made Sue hungry for time to do more reading. In the far left corner between the windows were shelves of books with stories of religion, beautiful picture books of the wonderful adventures and lives of the heroes and heroines of those books. In this corner, too, were books of all sizes and colors telling the fairy stories and folk lore of all the world.

Across the room, in the opposite corner, Sue found the shelves that Dickie had been so excited about—the wonderful Maud and Miska Peterham books with picture stories of coal, and oil, and cotton, and many of the other necessities of our daily lives which we take so for granted. Hobby books on sewing,

plastics, woodcarving, doll making and every other possible hobby.

The next set of shelves contained poetry, history, geography, plays and biography, many so colorful and beautifully illustrated that Sue decided "it wouldn't be like homework at all to be reading school subjects from books like these."

In the last corner Sue found the books for little children, and as she took one after another from the shelf, she wondered if there would ever be time to read all these beautiful books, and funny books, and "teaching a lesson" books to Peggy.

Sue returned to the story book shelves and looked until she found the names of authors beginning with D, because she had read a story once by Marguerite De Angeli, and hoped to find another by this writer. There she found half a dozen, to her great delight, and chose "Henner's Lydia," which was about a Pennsylvania Amish girl, and "Up the Hill," about a little Polish girl. Miss De Angeli is one of those remarkable writers who also illustrates her own books, and they are all exceptionally lovely, not only in content, but in delineation.

Sue went back to the far corner to pick out "The Lollipop Factory and Lots of Others," by Mary Et-

ting, a bright new book with many fine clear pictures, and the story of how different things are made in factories, such as lollipops and dolls and pencils.

Pitt Courthouse Job Approved In Final Inspection

By CHESTER WALSH
The Pitt County Board of Commissioners and Architect A. J. Maxwell, Jr., of Goldsboro, inspected the courthouse yesterday and checked the work of V. P. Loftis Company, Charlotte contractor, and approved the job. M. Brown Hodges of Grifton is chairman of the board.

The project of improving and altering the courthouse, ordered by a grand jury some time ago, was originally estimated to cost about \$90,000. After work was started it was learned that there were other improvements to be made, especially on the roof, which was leaking. The 72 tons of clay tiling on the roof was removed and replaced with copper sheeting. The cornices, galvanized iron, were found to be rust-

ed and useless and they were replaced with copper. The architect and the commissioners complimented the contractor for handling the job in such a satisfactory manner, and they praised P. D. Chamblee, Jr., engineer in charge, for his cooperation. County officials said some nice things about Chamblee for his cooperation in not interrupting activities in the courthouse while repairs were being made. J. E. Cox an official of the V. P. Loftis Company, here for the final inspection, thanked officials for their part in facilitating the work.

Speaks In Wilson

Earl Bunting, managing director of the National Association of Manufacturers and former NAM president, who will speak at the annual banquet of the Wilson Chamber of Commerce on Friday, February 18 at 7:15 p. m., at the Cherry Hotel, in Wilson.

er said. New seats are to be installed in the courtroom.

The courthouse was built in 1910—39 years ago. The total cost of the alterations and repairs was about \$115,000, considerably more than the structure cost when it was built.

Closing Date Of N.C. Composers Contest Mar. 31

The annual contest for North Carolina composers, sponsored by the North Carolina Federation of Music Clubs, was scheduled to close Feb. 10, 1949. The closing date for the contest has been extended to March 31, according to Dr. Rudolph R. Williams, East Carolina Teachers College, Greenville.

This contest is open to all composers who are now residents of this state as well as those born in this state and residing in other states. There are two divisions of the contest, one for Professionals and the other for Amateurs. There are classes for solo works and choral works in each division. In addition, there are classes for instrumental quintets and orchestral works in the Professional Division, and hymntunes, piano duos, and instrumental ensembles in the amateur division. A composer may enter as many compositions as he desires but all his entries must be in the same division.

Supporters Of Clinic Plan To Clear Up Debts
 At a joint meeting of the board

of directors and the Pitt County Negro clinic Sunday, plans were made to clear up the standing debts of the clinic which could be liquidated.
 Plans also were made for a dinner on Sunday, February 20 at the C. M. Epps high school home eco-

nomies building at which time all ministers in Pitt county will be invited to discuss ways and means to maintain the clinic.
 Mayor J. H. Boyd was present at the meeting and in his extemporaneous talk said he could not conceive of people not providing a place in this day and time for their babies to be born. The speaker continued by saying people should get away from ante-bellum, savage practice of mid-wives.

Mitchum Moved To Prison Farm; Right At Home
 Los Angeles, Feb. 17 - (AP) - Robert Mitchum, who started his movie career as a cowboy, yesterday began his stay in the Wayside Prison Honor Farm by milking a cow—and quite expertly, too.
 Denying he had ever milked, the husky actor showed considerable skill in helping Daisy Mae, a prison farm cow, produce a bucket of milk. Mitchum and seven other prisoners were taken to the farm yesterday from the county jail. Today the film hero begins his new job of making cement blocks. He will toil with 24 other prisoners seven hours a day.
 Mitchum hated to leave his cell in the jail narcotics ward. He said he felt some men at the honor camp might resent his being in the movies. Also, he added, "My wife came to see me every day there." She can only visit him on Sundays at the farm.
 The cornerstone of the nation's capitol was laid in Washington in 1793, but the government did not move into the city until 1800.
 Georgetown, once a suburb of Washington, is older than the capital city and was named in honor of Britain's George II.

System Installs 75,000th Phone Near Smithfield

The Carolina Telephone and Telegraph Company will connect the 75,000th telephone to its system on Friday, February 18, 1949. The installation will be made at the Johnson County Home near Smithfield, North Carolina. The newly constructed rural line by which the Johnson County Home will be served will also serve other subscribers in this community.

The company, which operates 95 exchanges in Eastern North Carolina, added 11,064 telephones to its system in 1948. This was the largest gain experienced in any similar period. The construction projects scheduled for 1949 forecast another year of great expansion in both urban and rural sections.

Steel-Making Capacity Is Too Low Says Union Boss

Pittsburgh, Feb. 17—(AP)—Phil Murray, president of the CIO and the United Steelworkers of America, says there is insufficient steel-making capacity in the U. S. for "a high level of prosperity and employment."

Murray said last night he has informed Rep. Drent Spence (D-Ky) chairman of the House Banking and Currency committee, that the steel workers "believe the very foundation of the economy may depend on whether or not the steel-making capacity is expanded to meet current and future needs."

The Union leader, convalescing from an appendicitis operation, said he told Spence in a telegram that "steel is the real bottleneck which is holding back needed production

in a whole network of industries." Murray said his union is prepared to show that "industry figures on capacity increases and expansion are greatly inflated." He said he hoped to present testimony whenever the committee holds hearings on an administration bill to give the government power to build industrial plants if needed to speed production. Murray said industrialists have been "poor prophets regarding the length of the (steel) shortage."

The Moa, giant New Zealand bird which has been extinct for 500 years, reached a height sometimes surpassing ten feet and a weight of 500 pounds.

Wilson's Weekly Bulletin from the Rector Kitchens

GOOD HEARTY BREAKFASTS with pork sausage are budget-savers. February weather in all climates presents colder days against which we must warm our bodies comfortably. What can do this more tastily than Wilson's mild and savory Pure Pork Sausages?

Tests Prove Good Breakfasts Pay Off
Scientific tests prove good breakfasts furnish a third of your day's food needs. A dandy team for a good start on any day is Wilson's Certified Pure Pork Sausage with griddle cakes, served with plenty of Clearbrook Butter or Certified Margarine and syrup or lightly sprinkled with powdered sugar. This combination will fortify your family for a good morning's work. We call it a "Wake-Up" breakfast here at the Rector Kitchens. Wilson's Certified Pure Pork Sausage, and Griddle Cakes, smell so savory on the stove it hustles the laggards.

SAUSAGE GRIDDLE CAKES

Sift together well:

- 1 1/2 cups sifted flour
- 3/4 teaspoon baking powder
- 1/2 teaspoon salt
- 3 tablespoons sugar

Combine the liquid ingredients:

- 1 beaten Clearbrook egg
- 1 1/4 cup milk
- 3 tablespoons melted sausage drippings and

1/4 to 1/2 cup partially cooked sausage meat or cut up links

Pour the liquids into the flour mixture and stir until flour is moist. Do not stir more than is needed to mix. Bake on a griddle that has been slowly heated to a moderate heat. Serve hot with butter, or margarine and syrup, or powdered sugar, and the rest of the pound of sausage, fried according to directions on the Wilson package. Makes 1 1/2 dozen cakes. 1 cup milk will make thick pancakes and 1 1/4 cups thin ones. The 1 1/4 cup measure of milk makes cakes of moderate thickness. Vary the amount of milk to suit your preference.

The Wilson label protects your table

COLONY FRI.-SAT.

Adele Mara and Gig Young are romantically involved in "Wake of the Red Witch" throbbing drama of the sea.

Servicemen Get Special Course On Atom Effects

Washington, Feb. 17—(AP)—A series of six-week courses to instruct members of the armed forces in dealing with the effects of atomic or radiological attacks has been started by the air force.

The courses are being held at Kessler Air Force base, Biloxi, Miss., under direction of the technical division of the air training command. The first class was composed entirely of air force officers and men. The second, now in progress, includes students from the air force, army, navy, coast guard and public health service. Normally there are about 40 students in a class.

Officers and men from all levels of command are being assigned to take the course. When they finish they return to their units and prepare plans to deal with radiological problems which conceivably could confront their organizations. Also they will instruct others in their units in the use of Geiger counters, pocket dosimeters, film badges and other instruments used to detect the presence of radiation or to measure the degree of individual radiological exposure. The curriculum has been approved by the atomic energy commission.

Parents Sued By Their Children

Chicago, Feb. 17—(AP)—The Joseph Krasons are being sued by their four children, who claimed they turned over earnings of \$30,980 in return for room, board, clothing and small allowances.

The children, all now married, asked an accounting of the money they said they gave their parents during periods ranging from three to seven years. The Superior Court suit contended the parents, now separated, had agreed to take out the money for board and invest the remainder, to be returned on request. It was filed yesterday.

But, the suit said, the Krasons cashed some of the children's government savings bonds and converted the cash to their own use. The suit asked for an accounting, an injunction to restrain the parents from disposing of the savings and a court order to repay the funds.

Priests Tried In Polish Tribunal

Warsaw, Poland, Feb. 17—(AP)—A Polish military tribunal started the trial today of two Catholic priests accused of collaborating with an underground band. The priests, the Rev. Kazimierz Fertak and the Rev. Wiktor Lubinski, are charged with "absolving murderers of responsibility and instigating them to further crimes." Five members of the outlawed National armed forces, which oppose the government, are co-defendants.

With Margaret For Birthday

New York, Feb. 17—(AP)—Mrs. Harry S. Truman is in New York to be with her daughter, Margaret, on the latter's 25th birthday today. Mrs. Truman arrived by train last night and will return to Washington tomorrow. Margaret is in New York preparing for a concert tour.

Farm Bureau Has New President

Asheville, N.C., Feb. 17—(AP)—A.C. Edwards of Hookerton today began a term as president of the North Carolina Farm Bureau Federation. Other new officers are Perry N. Taylor of White Plains, vice president; and R. Flake Shaw of Greensboro, executive vice president. They were named at a closed session of the federation's annual convention here yesterday.

Georgetown University, oldest Jesuit University in the United States, was founded in 1789.

Patrolman Has Severe Shock By 2,400 Volt Wire

Grimesland, Feb. 17—(AP)—Policeman Josh Ham of Grimesland, the "lamp-lighter" in Grimesland, had a narrow escape from electrocution last night when a long pole he uses to turn on the switch to start the street lights burning accidentally contacted a 2,400-volt electric wire and he was hurled to the ground. Ernest Elks, passing at the time, found Ham groaning on the ground unconscious. W. R. Bunn, lineman for the town of Grimesland took the stricken man to a Washington hospital and no physician was available, he said. Bunn then brought Ham to Pitt General hospital in Greenville where he was treated and released. The lineman at Grimesland said this morning that Ham was able to be out today, but he still is suffering from the results of the 2,400-volt shock.

Alaskan Airman Tells Of Battle With Passenger

Anchorage, Alaska, Feb. 17—(AP)—An Alaska flier told today how he batted a passenger for 15 minutes while his plane dipped and flipped 7,000 feet above Alaska mountains. Pilot Don Dorothy said he finally knocked out the man, Lorado Bello, 36, a San Francisco Filipino, with a fire extinguisher. Dorothy said Bello, the five-five Place aircraft's only passenger, struck him without warning on the head. At one time during the struggle Bello got a stranglehold which the pilot finally broke by whipping the plane into a quick roll. After knocking the passenger out, Dorothy sent word of the struggle ahead to Anchorage and Marshal's deputies met the plane at the field.

Valuable Hound Entangled In Wire Fence Loses Leg

Della, pure-bred hound owned by A. D. Spain of the Belvoir community, got tangled in a wire fence this morning and in the dog's efforts to get away, its front leg was broken at the knee and badly lacerated. Dr. Joseph U. Bateman, veterinary surgeon, amputated the dog's leg. Spain owner of the dog said she is one of the best hunters in Pitt county and a great pet at his home and with those who have hunted with her.

Record Amount

Washington, Feb. 17—(AP)—The average family paid a record amount of \$657 for its "market basket" of food in 1948, the Agriculture Department said today.

This is 7 per cent, or \$45, more than it paid in 1947, the previous record year. The market basket contains quantities of farm food products equal to the 1935-39 average annual purchases per family of three consumers. Marketing charges accounted for \$328 of the \$657 market basket. The farmer got the remaining \$329.

Had Scare When Tree Fell On Car

Four persons narrowly escaped serious injury shortly after one o'clock yesterday afternoon when a tree fell on a car on the Shepherd Mill pond road in the Stokes community.

Highway Patrolman Dick Chadwick who investigated the accident said loggers were cutting trees along the edge of the road and a tree fell across the road hitting a passing automobile driven by John Frank Warren, age 60, of Robersonville.

Patrolman Chadwick quoted Warren as saying he saw the tree falling across the road, and just did get the car stopped in time to prevent serious injury to its occupants. The tree crashed down across the hood of the car causing damage estimated by the patrolman at several hundred dollars.

The occupants of the car were frightened, but none were injured Chadwick said. In the car with Warren at the time of the accident were his wife Mrs. J. H. Cherry and Mrs. William Warren.

Fire Department Gives Service In Burning Fields

Greenville fire equipment yesterday assisted in burning brush and grass at several points in the city and suburbs, Chief George Gardner said today. No alarms were turned in during the 24-hour period. The Chief requested that property owners who plan to burn grass call the department and a truck will be sent to take care of the situation if the fire endangers buildings.

Great Show

The "Follies of 1948," minstrel and musical comedy show, sponsored by the veterans at East Carolina Teachers College last night was a great success and approved by a large audience. Eli Bloom, of Kewanee, Minn., and Marie Smith Wallace, head of Marie's School of the Dance, directed the show. A second performance will be given at Austin auditorium at the college tonight. Tickets will be on sale at the door.

KIDNEYS MUST REMOVE EXCESS ACIDS

Help 15 Miles of Kidney Tubes Flush Out Poisonous Waste
When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Riceland Rice Tutti-Fruitti Dessert Is Delicious Tutti-Fruitti Made With Riceland Rice

Here's a wonderful dessert your family will want you to serve again and again. It's as interesting as its name: Riceland Rice Tutti-Fruitti.

This economical dessert is quick and easy to make. You can make Riceland Rice Tutti-Fruitti with all sorts of delightful variations—to express your own originality (and to use the kinds of dried or candied fruits you have on hand).

But there's one ingredient which should not be varied. That's the brand of rice used. Always use perfect-cooking Riceland Rice in this and all rice recipes. Riceland Rice is the world's most delicious rice. Only choice, perfect-cooking rice grains are packed in Riceland packages. That's why Riceland Rice is quick and easy to cook deliciously tender with white, fluffy individual grains.

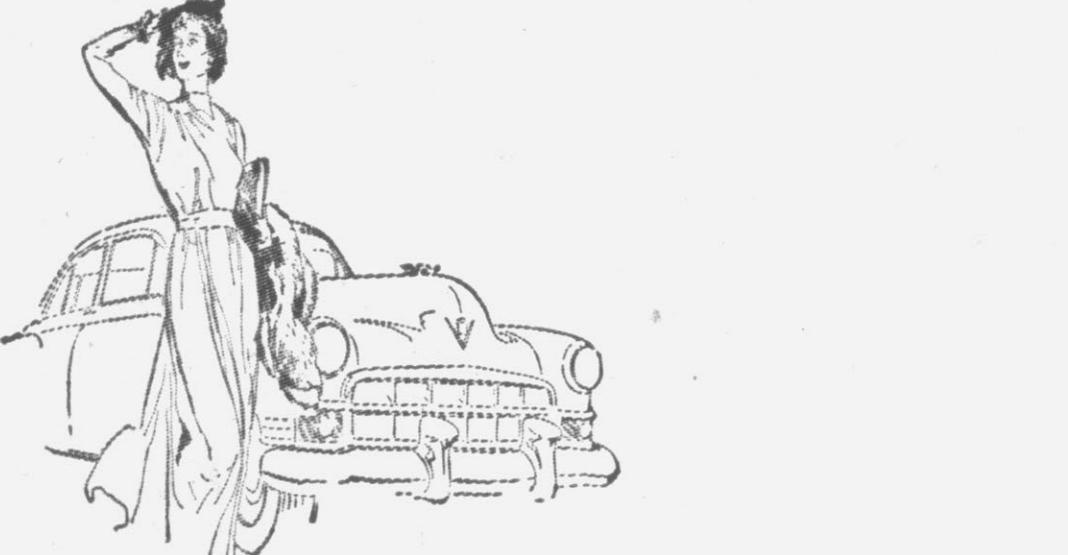

So don't use a substitute for genuine Riceland Rice. Most grocers now feature this perfect-cooking rice and if your grocer doesn't yet have genuine Riceland Rice, he can easily get it for you.

With genuine Riceland Rice, all rice cookery is simple—and making Riceland Rice Tutti-Fruitti is just as easy as this:

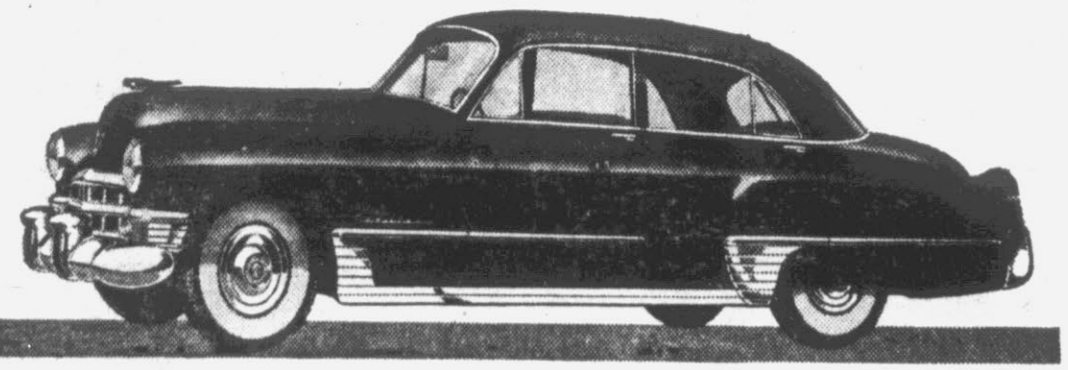

- Riceland Rice Tutti-Fruitti**
- 3 cups cooked Riceland Rice
 - 1 cup milk
 - 1/2 cup cream or top milk
 - 1/2 cup sugar
 - 1/2 teaspoon cinnamon
 - 1/2 teaspoon nutmeg
 - 1/2 cup raisins
 - 2 tablespoons candied lemon peel, cut fine
 - 8 marshmallows, cut into pieces
 - 1/2 teaspoon vanilla
 - 1/2 teaspoon lemon extract
- Mix all ingredients together, except the flavoring, in the top of a double boiler or a heavy heavy saucepan. Cook over low heat for about half an hour. Add flavorings and cool. Serve with cream or top milk.
- This recipe calls for cooked Riceland Rice. This wonderful rice can be cooked ahead of time and kept handy in your refrigerator—ready for this and other delicious rich dishes. Here's the best and easiest way to cook Riceland Rice for all uses:
- To Cook Riceland Rice: Put 2 cups of Riceland Rice, 2 teaspoons of salt and 4 cups of cold water in a large saucepan and cover with a tight-fitting lid. Set over a hot flame until it boils vigorously. Then reduce the heat as low as possible and simmer for 14 minutes more, during which time the water will be absorbed, making the rice deliciously tender. Remove the lid, permit the rice to steam dry to the desired consistency and the grains will be separate and fluffy. Always use Riceland Rice for best results.

Riceland Rice Is Easy To Cook! Tender! Fluffy!

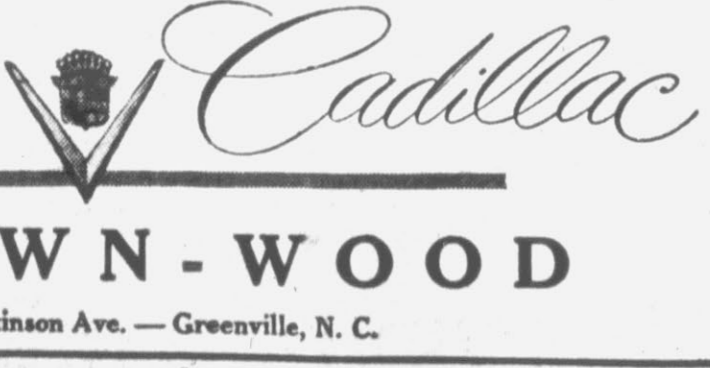

To get the best results with this recipe and all rice recipes, be sure to use Riceland Rice. It's the world's most delicious rice—grown in the heart of the quality rice belt of America. Only the choice, perfect-cooking rice grains are packed in Riceland packages. This quality rice is quick and easy to cook. Riceland Rice cooks deliciously tender with white, fluffy, individual grains. Most grocers now feature this better-cooking, wonderfully-delicious, packaged rice—and at economical prices, too! Riceland Rice costs only one-cent a serving.

The Nicest Distance Between Two Points

To ride in a Cadillac is to experience the supreme satisfaction that can be derived from personal transportation. The person at the wheel is the quickest to sense this—for he is the special beneficiary of Cadillac comfort. He enjoys, of course—in common with the other occupants of the car—the matchless benefits of Cadillac balance and springing and roadability. But he enjoys, in addition, the driving ease of a feather-light steering wheel; a quick, powerful, responsive motor that knows no counterpart for agility and smoothness; big, dominant brakes that are as soft to the pedal as sponge rubber; and an over-all sure-footedness on the highway that reduces driving strain to the minimum. Somebody has said that, once you have driven a Cadillac, you're unhappy at the wheel of any other car. Certain it is that a ride in a Cadillac—whether as driver or passenger—is the nicest distance between two points! Have you driven a 1949 Cadillac—or ridden in one? If not, you ought to do so. You are welcome in our showrooms at any time.

ECTC Boxers Meet Rugged Opposition Saturday Night

Boxing Bucs Leave For Washington, D. C. Friday Morning For What May Be Stiff Competition; Team "Looks Good"

By EUGENE PRICE

East Carolina's boxing Buccaneers went through their heaviest workout of the year yesterday as they prepared for a ten bout match with American University in Washington, D. C., Saturday night.

The local leatherslingers who, under the guidance of Coach Jim Johnson, have racked up five team match wins against a single loss this season, will leave for Washington Friday morning.

Ten fighters and Coaches Johnson and Johnny Long will make the trip.

The Washington team, though it has lost two and tied one match this season, is expected to offer East Carolina some of its stiffest competition of the year. East Carolina at the same time boasts a team which can hold its own against nearly any intercollegiate outfit in this area, in the opinion of the coaches and all the fans who have seen them fight this year.

Both coaches declared yesterday that the Buc team was "looking good" for the Saturday night match. The team is expected to be in its top shape of the year, the boys being fully aware that they will probably run into stiff competition.

The Greeks established colonies along the Spanish Mediterranean coast in the sixth century B. C.

Spain's area is 194,947 square miles.

Phantoms Play Host To Roanoke Rapids Quintet

Coach Bo Farley's Greenville High School Phantoms wind up their 1949 Northeastern conference basketball schedule here tomorrow night when they play host to the Yellow Jacket basketballers of Roanoke Rapids.

The locals defeated the Jackets on their home court in a previous contest this season by running up an early lead and stemming a Rapids rally in the closing minutes of the game.

Coach Farley's boys will be out for win number eight in conference play. They have lost only four games this season.

The Greenville Juniors who highlighted a very successful season last week by downing the Edenton Juniors 49 to seven will take on the Rapids JV's in a preliminary beginning at six-thirty. They will be gunning for win number 15, a total which includes the scalps of two class AA Jayvee teams and every Junior team in the Northeastern conference.

Grimesland Split Winterville Bill

Grimesland and Winterville high school basketball teams split a doubleheader in Grimesland last night with the Winterville girls edging the Grimesland sextet 26 to 24 and the Grimesland boys edging out a 48 to 44 victory.

Both games were thrillers from start to finish as both losing teams rallied beautifully in the last half. In the boys game the victorious Grimesland quint, paced by Elks, jumped to a 30 to 18 halftime advantage. But with McGlohan and Loftin leading the way the Winterville boys fought back in the last half and only two field goals marked the difference in the final score.

Elks racked up 18 points for the winners and Jackson tossed in 12. Tucker contributed eight to the Grimesland cause. For Winterville McGlohan scored 12; Loftin scored 11 and Castello accounted for five.

The girls game saw Winterville grab a 14 to 8 lead at the first half. But the lassies from Grimesland fought back to knot the count in the final period. In the closing seconds Winterville again forged ahead and took the contest by two points.

Langston and Tyson with 11 and 8 points respectively paced the winners. Susie Tyler and Jean Hardee with 10 and 9 points scored high for the losers.

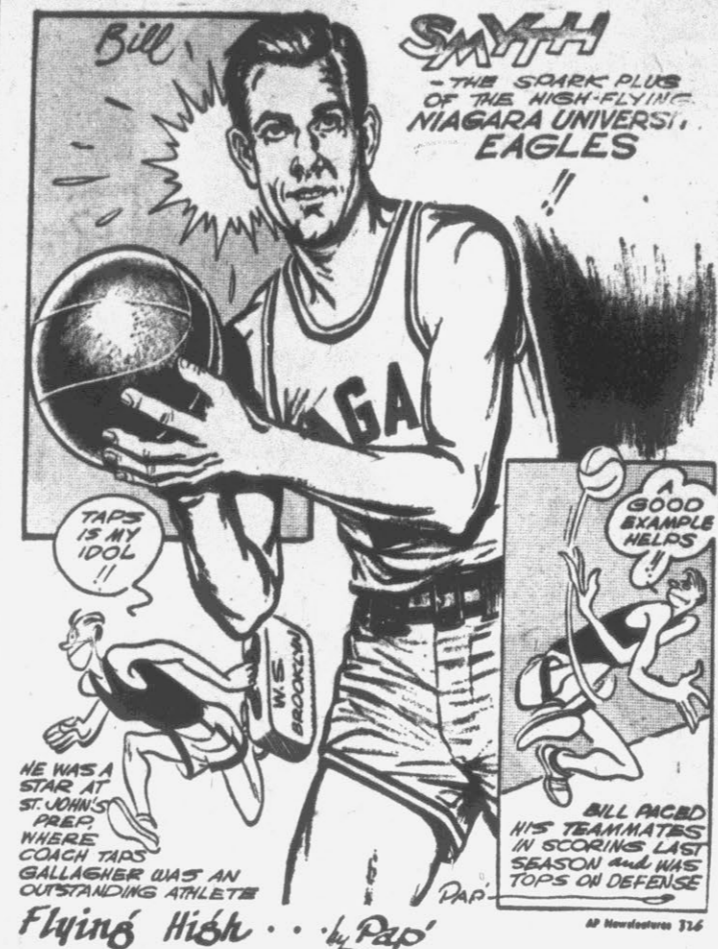

Grimesland plays host to the Arthur cagers tonight and West Edgemore tomorrow night.

Has 317 Points For Cage Record

Pittsburgh, Feb. 17—(AP)—Sammy Davis is the holder of the new individual basketball season's scoring record at the University of Pittsburgh.

He chalked up 18 points last night as Pitt dropped a 64-61 decision to West Virginia to run his total for the year to 317 with four games to go. Charley Hyatt established the old mark of 314 during the 1929-30 season.

Snort Slants by Pap

Moye Is ECTC'S Choice For North State Honors

East Carolina Teachers College proudly submits its number one candidate for All North State Conference honors.

He is team captain Charlie Bill Moye, a Greenville trick shot artist who has won the respect of all his opponents and the admiration of basketball fans all over the state.

Moye, a forward who was third high scorer in the conference last year, was overlooked at the end of the 1947-48 season when they passed out the all-conference honors.

This season, his last year of eligibility in North State play, he has been very impressive. Despite his being benched for three games in mid season because of a foot injury, he has chalked up 128 points.

A very colorful player, Charlie Bill is locally regarded as the top trick shot specialist in the conference or ever to play in this vicinity. He plays a hard, pressing ball game, scoring from almost every angle imaginable.

Moye is one of East Carolina's

greatest hopes for a good showing in the North State tournament in Elkin next week. He will be seen in his last home game for the Pirates here Saturday night when the locals play host to Atlantic Christian in the battle for the Bohunk Bucket.

Ranking contender for All-North State Conference honors is Charlie Bill Moye, team captain of the East Carolina Teachers College Pirates. He has averaged 16 points a game for the past six games since returning to the East Carolina lineup after a midseason foot injury.

Only Hogan Out Of Houston Play

Houston, Tex., Feb. 17—(AP)—Only injured Ben Hogan was missing today as 150 golfers teed off in the first round of the \$100,000 Houston Open Tournament.

George Sneyter, Professional Golf Association tournament director, said all regular members of the PGA winter circuit except Hogan have checked in at the new and difficult Pine Forest Country Club course.

All but a handful this week took their first look at the year-old, 6510-yard layout that has a par 72 and is littered with pine trees, traps and water hazards.

The course record is 69, but Pine Forest isn't old enough to have taken much of a par drubbing.

Houston fans have boosted two native Texans into positions as favorites.

They are the top money winners of the current winter tour—Jimmie Demaret, the colorful Houstonian who plays out of Ojai, Calif., and Lloyd Mangrum, a native of Dallas but now a Chicago resident.

Demaret, current money leader with \$5,862.50, saw his 1949 tournament income pass the idle Mangrum last Sunday when he played his best 18-holes of the season to gain a tie for fifth place in the Texas Open at San Antonio.

boys with a 23-45 victory. Mumford led the losers with 12 points followed by Ewell with 7 points, Wade 3 and Rogers 1.

Jenkins led the winners with 15 points followed by McCormick with 9, Bullock with 8 and Harrington with 4 points.

Bottled in Kentucky

MAKE BETTER CORN, COTTON WITH ARMOUR'S FERTILIZER

Before you plant cotton and corn this year, it will pay you to figure on using Armour's Big Crop Fertilizers. Growers all through this area of the state testify that Armour's helps them make better crops that earn extra profits at harvest time.

Corn and cotton yields are increased, the quality of the crop is improved by Armour's active plant foods. Growers also praise Armour's fine mechanical condition, that makes for easy drilling. In every respect, Armour's demonstrates its crop-making superiority year after year. No wonder that Armour users will generally accept no substitute once they've given these reliable plant foods a real trial.

Armour's Big Crop Fertilizers have been the standard of quality in plant foods for over fifty years. Order a supply now and be ready for corn and cotton planting time. Your Armour Agent has the analyses you need. See him right away.

Santa Anita's Richest Derby Seen Saturday

Arcadia, Calif., Feb. 17—(AP)—The 12th edition of the \$100,000 Santa Anita Derby Saturday may be the richest in its history.

It appears that no less than 12 candidates will answer the call for the mile and one-eighth event, which would mean a purse of \$137,800.

In 1947 the purse was \$134,925 and on trust hauled down a net \$81,750 for owner E. O. Stice.

If 12 start this time, the net purse will be \$99,700 to the winner.

The lineup of three-year-olds still figures as follows:

The favored team of Olympia and Ocean Drive from the Fred W. Hooper Jr. stable; Count Victor, So La Cl. Admiral Lea, Hayseed, Stone Age, Swap Out, Audacious Man, Old Rockport, Duplicator and Bolero.

Same Old Story; Duke Still Rates 2 More Chances

Durham, N. C., Feb. 17—"Will history repeat?"

That's the sixty-four dollar question on the Duke University campus this week, and it hasn't a thing to do with courses taught by the history professors.

It's a query put forth by those basketball fans who remember the storybook finish that slipped Duke's Blue Devils into last year's Southern Conference tournament.

The 1949 setting is identical; the same teams will play the leading roles; and, as a matter of fact, the Duke squad will present practically the same cast which starred in last year's comeback.

The 1948 setting had the Blue Devils behind the 8-ball. They had just dropped a pair of long games to Clemson and N. C. State. They had rallied to beat Virginia (a triumph that added no-color to the conference picture), and they needed to win their two remaining games or miss their first basketball playoff.

The '49 Devils are using the same script. They fell into hot water last week when they bowed to George Washington and N. C. State, and they came back Saturday to defeat Georgia Tech, a non-conference foe.

Once again, they must win their two remaining games or enter the conference tournament as spectators.

The teams Duke defeated last year to qualify were Wake Forest and North Carolina. These same arch-rivals once again stand in the way, and the first of them will be met here Saturday night. A Wake Forest win will definitely and finally knock Duke out of the race, and the odds are far from being against the Deacons since they posted a 52-50 decision over the Blue Devils three weeks ago.

Of course, there is no guarantee that the Blue Devils will be among the tournament actives even if they win those remaining games, for a .500 average may not be good enough but as long as their hopes are alive the Blue Devils will hold a share of the attention in the conference area.

Basketball Scores

- Villanova 86 Fort Dix 39
- Kentucky 85 Mississippi 81

Grifton, Ayden Divide Twin Bill

In a Pitt County Conference game Tuesday night, Grifton's girls took a game from the Ayden girls by one point. Phillips leading the Bulldogs with 13 points followed by McLawhorn with 10 points, Mumford with 9 points and Braxton with 7 points held Ayden to a 39 to 38 victory.

Turnage led the Tornadoes with 19 points followed by Whithurst with 10 points and Wooten with 9. The guards did some excellent floor play.

The Ayden boys defeated Grifton

Arky Vaughan To Play With Seals

San Francisco, Feb. 17—(AP)—Floyd (Arky) Vaughan, National League batting leader in 1935 with a .385 average, will play with the San Francisco Seals of the Pacific Coast League this season.

Vaughan, who played with the Pittsburgh Pirates while winning the National League hitting title, later moved to the Brooklyn Dodgers.

San Francisco Manager Frank (Lefty) O'Doul said he will probably use Vaughan in left field.

Yale Looms As Entry In Tourney

New York, Feb. 17—(AP)—Yale's hopes of getting the bid to represent district one (New England) in the coming NCAA basketball eliminations brightened last night as the Eli Brubber Dartmouth, 71-43.

With Tony Lavelli rimming nine field goals and five free throws for 23 points Yale had an easy time retaining its top rung in the Eastern intercollegiate (IVY) league.

Thain Simon, defenseman of the St. Louis Flyers of the American Hockey League, was Canadian Henley single sculling champion in 1940.

Don't Read This! IF YOU DON'T HAVE A GOOD LAWN PLANT CENTIPEDE GRASS

The new grass from Huan, China, imported by the U. S. Government to provide permanent lawns for the SOUTH. It needs no mowing or artificial watering after becoming established. Grows in the shade under trees, on any kind of soil—even on beach sand. Ground preparation unnecessary. Plant among any grasses or weeds now on the land. Eradicates all other grasses and weeds. We are the growers from original stock. BE SURE WITH PURE CULTURE CENTIPEDE. Write for information NOW for early planting.

Death's Bright Angel
By ARCHIE JOSCELYN

Chapter 5
Rivers was silent, reforming his estimate of the wily Don Fernando. Here was an old romance of Spain—and since Don Fernando had been in New Orleans a year ago, his must date farther back. It must have been a brief, whirlwind courtship, and having won her, Don Fernando had sailed away to adventures in this Western world, probably with the best intentions. But time had cooled the butterfly Fernando. Probably he had been slow to confess that to her. And again, if his guess was correct, Donna Dolores, hot-blooded and adventurous herself, had decided to surprise him, to sail to Florida and there to marry her tardy lover.

Apparently her arrival had proved embarrassing to Don Fernando. She was but a child—eighteen or so at most, yet a mature and gracious woman. And Don Fernando had chosen this way out of a dilemma—the two of them on board the *Lovely Maria*, New Orleans bound. Himself playing the part of Don Fernando, entrusted with the woman whom Gonzales was supposed to love! That was the awkward part of it, which put a climax to his mounting suspicions of the man. He cursed the man under his breath, even while one part of him rejoiced that he was here and playing the part. Seldom had he been so mixed in his own mind.

They moved to the rail as the sails began to fill. The ripple of moonlight on the water was like spilled quicksilver, the outlines of the shore fading. The Gay Countess was low down to the horizon. "Here comes my duenna—dear soul," Donna Dolores whispered, and her fingers touched his own on the rail, as if by accident, and remained there, her little finger curling about his own bigger one.

These years of absence helped to account for her not knowing that he was not the real Don Fernando. The duenna, a lady of ample girth and uncertain years, with a good-natured, perspiring face, did not approach too closely. "Just think, Fernando," Donna Dolores went on. "It is nearly three years since I have been in your arms—until, tonight. You have been adventuring while I waited at home.

They moved to the rail as the sails began to fill. The ripple of moonlight on the water was like spilled quicksilver, the outlines of the shore fading. The Gay Countess was low down to the horizon. "Here comes my duenna—dear soul," Donna Dolores whispered, and her fingers touched his own on the rail, as if by accident, and remained there, her little finger curling about his own bigger one.

at was a hint that Donna Dolores and her duenna should be ashore. He read on. Montfort House you will find remote, aloof and unapproachable to most. But you will be received. From there on, I leave all to your native wit and resource, which I deem sufficient." (To be continued)

Colored News

Notice to the F. T. A.-C. I. O. members. Through a mistake there was no date given for the meeting which is tonight, Thursday, at 7:30. It is important that you should be at the Church of God in Christ, Mrs. Annie F. Little Rec. Sec.

The Pastor's Aid Club of Sycamore Hill Baptist Church will meet at the home of Mrs. Cindy Sims Monday night, February 22, at 7:30. All members are asked to be present.

The Les Amis Social Club met recently with the following members: Mesdames Sarah Bralley, Beatrice Moye, Mabel Lang, Thelma Elliott and Mamie Paige Hall. The last meeting was at the home of Mrs. Hall on McKinley Avenue. Business was transacted, after which the members participated in a round table discussion on current topics. The hostess served a delicious salad course. The Valentine motif was cleverly carried out in attractive decorations of Valentines.

Members present were Mesdames Bradley, Lawrence, Brinkley and Hall. Officers of the club are Mrs. Sarah Bradley, president, Mrs. B. C. Moye, secretary-treasurer and Mrs. T. A. Lawrence, reporter.

To all men who are members and those who were once members of the Y. M. C. A.: You are requested to be present at the Y. M. C. A. building Thursday night, February 17, at 8 o'clock. Business of importance claims your attention. Our future activities will depend on the outcome of the meeting. By the president.

The Sunrise Usher Board will meet at the home of Miss Ellen Lovitt Sunday, February 20, at 4 p. m. All members are asked to please be present. Mamie Dixon, reporter.

The Star of Zion Usher Board No. 2 of York Memorial A. M. E. Zion Church will give a fish fry Friday night, February 18, at the home of Mrs. Oliver Sherrod, 613 Clark Street. Admission 35c per plate.

Sealed bids will be received in the office of the Right of Way Engineers, State Highway Commission Washington, N. C., until February 23, 1949, for moving buildings on highway project between Ormondsville and Ballards Cross Roads. For location and information contact above office. Feb. 17-19-21.

NOTICE OF SALE

Pitt County
Under and by virtue of that certain Deed of Trust executed by Albert Barrett and wife, Callie Barrett to F. M. Wooten, Trustee, dated the 6th day of June, 1947, and recorded

A Real Relief For Stomach Distress, Acid Indigestion

Yes, this fact has been time-tested and proved by Doctors. Better days will be yours, too. So why wait when there is no need to continually swell-up like a balloon and feel miserable after every meal.

An appetizing portion of SSS Tonic before meals does wonders for the stomach. This famous medicine contains no soda or other alkalis, which usually retard digestion. Instead, SSS Tonic with its highly potent ingredients works to tone-up the stomach so it may release its own digestive juice (hydrochloric acid) to break-up food for body use and tissue repair.

SSS Tonic has helped hundreds of thousands of people, without any organic trouble or focal infection, to really feel better, more vigorous, better able to enjoy living.

Take none less than this effectively-proved medicine to relieve your misery. Take SSS to tone-up your stomach, whet the appetite, build-up blood strength! Get SSS Tonic from any Drug Store today.

Take Only The Best

In the Office of the Register of Deeds of Pitt County in Book H-24 at page 133, I shall offer for sale at public auction at the Court House door in Greenville at 12:00 Noon, Monday, March 14th, 1949, to the highest bidder for cash, the following described real estate:

Being in Winterville Township, and described as follows: Starting in the Blount line at Long Branch running North about 100 yards to the Snow Hill public road; thence West about 300 yards with the said Snow Hill public road to a stake;

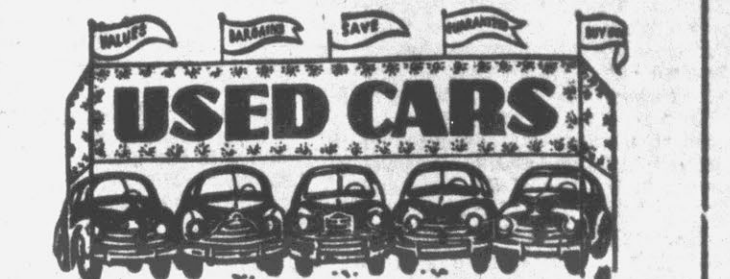

thence South with Jordan Nobles' line about 150 yards to a stake; thence running a Northwestwardly direction to Long Branch and thence up Long Branch to the beginning so it will contain 50 acres.

This tract is known as the May land. Reference is hereby made to deed recorded in Book L-11 at page 503 in the Register of Deeds of Pitt County.

This the 11th day of February, 1949.

F. M. WOOTEN, JR., Trustee

Improvements In Crop Practices Noted In Lecture

Whether the economy of the New Bright Leaf Tobacco Belt of the inner coastal plain of North Carolina is properly balanced for an ideal year of life is doubtful, Dr. P. W. Picklesimer told members of the Faculty Lecture Club of East Carolina Teachers College Wednesday evening. Dr. Picklesimer, head of the college geography department, pointed out, however, that encouraging signs of better adjustment in this rich area are to be found in present methods and practices of diversifying crops and in improvements in the use of the land and its products.

He emphasized in his talk the suitability of the belt to tobacco farming and the richness of forest resources as chief factors in the present economy of the area, which embraces approximately 5000 square miles in the eastern section of North Carolina.

Tobacco farming, the chief industry of the belt, is made possible,

Dr. Picklesimer said, only by the stuffing of inferior soils with commercial fertilizers. No mineral resources are found, he stated, and "only a scrap of manufacturing industry" has been established. Much food is still imported into the area, he pointed out, in spite of the importance of the commercial vegetable industry in the southwestern portion of the belt.

The dominance of agricultural activities in the belt, he explained, is due to such factors as the smooth surface of the land and the easily tilled soils of the region, a climate favorable to a variety of crops, and the building in recent years of railroads and a fine system of highways.

The prevalence of bog lands, the poor quality of much of the soil, and the prevalence of a number of troublesome weeds, he cited as unfavorable to productivity in the area.

At present, Dr. Picklesimer said, there are 174 forest-industry plants in operation in the area, and these are distributed widely. The furniture industry of the Piedmont section of the state provides a ready market, he stated. The fact that the consumer centers of the Northeast are within easy trucking distance is also favorable to forest industry. A few large mills and many portable saw mills supply such products as lumber, cross ties, veneers, mine props, piles and poles.

Dr. Picklesimer traced the growth of settlements in the belt. Only five

Imported News

Buenos Aires, Feb. 17—(AP)—Foreign newspapers flown here sold out in a matter of minutes today as a printers strike kept Buenos Aires newspapers from publishing for the 10th day. Newspapers from Montevideo, Uruguay, and Santiago, Chile, are arriving by plane. Newspapers here meanwhile have increased use of radio to broadcast news.

Towns have populations of more than 10,000, he stated. The larger centers of population he classified by function as tobacco markets, truck markets and county seats.

George M. Cargile Funeral On Friday

George Murray Cargile, 66, died at his home in Parmele, Wednesday night at 11 o'clock after suffering a heart attack Wednesday morning. Funeral services will be conducted in the Parmele Methodist Church Friday afternoon at three o'clock by Rev. Sidney Boone, Methodist Minister of Rocky Mount, assisted by Rev. Hilary Worthington, pastor, and the Rev. J. M. Perry, Christian minister of Robersonville, and burial will be in the Robersonville cemetery. The body will remain at the S. G. Wilkerson and Sons Funeral home in Robersonville until Friday morning at ten o'clock at which time it will be carried to the home and will be placed in the church one hour prior to the time of services.

Mr. Cargile was born and reared in Madison county in western North Carolina. He was employed by the Western Union Telegraph Company for 32 years, going to Parmele in 1929, as a linesman. He was retired about two years ago because of ill health. He was a member of Parmele Methodist Church.

Surviving are his wife, Mrs. Mary Cargile; two sons; Winston and Alton Cargile of the home; a daughter, Barbara Jean Cargile of the home, and a sister, Mrs. James Merrill of Mars Hill.

Declares Postal Dept. Should Be Non-Political

Washington, Feb. 17—(AP)—The Hoover commission said today the Post Office department should be taken out of politics.

The Postmaster General, it said, should not be allowed to head a national political committee, and the postmasters throughout the country should be career men chosen from within the postal service and not subject to confirmation by the Senate.

These were the highlights of a report to Congress by the 12-member commission created last year to report on organization of the executive branch of the government. Former President Herbert Hoover is chairman.

The report on the postoffice department was the fourth of more than 15 due to reach Congress by March 13.

Join In Attacks On Yugoslavia

Prague, Czechoslovakia, Feb. 17—(AP)—Czechoslovakia and Hungary have joined other cominform nations in attacking Yugoslavia as hostile to Soviet Russia.

Romania, Poland and Russia, herself, previously rebuffed Yugoslav protests over being left out of the new economic council of mutual aid (ECMA) — the Russian answer to the Marshall Plan.

Asks Confirmation Of 700 Postmasters

Washington, Feb. 17—(AP)—President Truman today sent to the Senate for its confirmation approximately 700 postmaster nominations.

The White House said most of the nominations are of men previously named by Mr. Truman during the last session of the 80th Congress. Confirmation of their appointments was held up by the Republican-controlled Senate.

Raleigh Official To Speak Kiwanis Meeting Friday

Roy Braden, city manager at Raleigh, will be guest speaker at the Kiwanis Club's weekly supper meeting Friday night at 6:30. Charles P. Gaskins, chairman of the Public Affairs Committee, will have charge of the program. Edmund Waldrop will introduce the speaker. President Arthur Tripp will preside.

Will Tell Story Of Opera On Air Show

Leon Jackson of Pikesville, senior at East Carolina Teachers College will be commentator on the second Sunday evening program of recording music sponsored by the Greenville Music Club and broadcast over WTOG of Greenville.

The program for Sunday, Feb. 20, will be made up of music from Bizet's opera "Carmen." Jackson will give the story of the opera and comment on the music presented over the air. The program will begin at 6:00 o'clock and will last half an hour.

Part Of The . . .

(Continued from page one) any President, present or future power to make war?

This country never before has entered a military alliance before getting into a war.

The fact that this is a problem now shows how far we've moved from the isolationism that kept us out of the League of Nations.

Now the question is: do we go all the way, promising armed help? Or do we give some sort of half-promise that may leave our allies jittery and, in the end, leave us without allies at all?

All this is part of the problem of working out the North Atlantic agreement.

Cadiz, Spain, was a Phoenician colony in the 11th century B. C., and was then known as Gades.

The wren is one of the few bird families in which the plumage of the male and female are alike.

Cold Weather

The temperature in the Greenville area went down to 45 degrees last night and at 8 a.m. today it was 48 degrees. The thermometer ascended to the unusual February high of 56 degrees Tuesday, the weather bureau observer here stated today.

Atlantic Pact . . .

(Continued from page one) of Versailles. He saw the big three—Wilson, Clemenceau and Lloyd George—descend to the Palace gardens in response to the demand of the vast crowd. There the trio walked arm in arm among the eager throng, while thousands crowded about in an effort to touch them with adoring fingers—and secret-service men averted blood for fear of some "accident" to one of the great men.

That probably was the crowning moment in the lives of the big three. Much of the tribute of the multitude was for the achievement of the League of Nations, the hope of universal peace.

Yet a little later the covenant went on the rocks of that article, committing America to fight in advance of the event.

The interesting and pertinent fact remains that when the second World War came, America was on the firing line without having committed herself in advance. Most observers believe self-interest, if nothing else, would again see her on the battle front should a major conflict develop.

House Passes . . .

(Continued from page one) until the close of this fiscal year June 30.

An amendment by Rep. Taber (R-N.Y.) to pass the TVA plant funds from the bill was defeated by a teller (non-record) vote of 182 to 105 after warm debate.

During the House debate the steam plant, which is planned to alleviate a severe power shortage expected in 1951-52, was described by Taber as "unnecessary."

Other opponents characterized the steam capacity expansion of the system as "a step toward socialism."

N.Y. Cotton

New York, Feb. 17—(AP)—Cotton futures opened 5 to 30 cents a bale lower today.

Noon prices were 35 cents a bale higher to 1 cent lower than the previous close. March 32.34, May 32.15 and July 31.13.

N.Y. Stock Market

New York, Feb. 17—(AP)—Demand for stocks broadened today and leading issues advanced fractions to around 2 points.

Trading expanded to the fastest rate in days as prices curved upward, which is usually considered an encouraging sign by bullishly minded traders.

- Adjustable Pressure Wringer — easily set for every kind of fabric... every thickness. Five wringer positions. Famous Thor bar release assures safety.
- White Porcelain Enamel Tub — easy to clean. Big, family-size loads are no problem for the Thor.
- Thor 3-Help Electro-Rinse — sudses soap in less than a minute, saves time and wear on clothes. Power rinses right in the Thor — removes all suds and soap when washing's done — no spilling, no wet messy floors.
- Suds-Sealing Tub Cover — avoids splashing, keeps floors dry. Heavy, long-lasting water-tight band.
- Functional, Modern Design — large, free-rolling casters — compact clean lines — gleaming white finish — easy to move and store.

YOU'LL WANT A THOR AUTOMATIC GLADIRON, TOO!

See our One-Minute Shirt Demonstration... see how the Gladiron makes hardest-to-iron pieces easy, how it folds to store in a closet, how little it costs.

The Strangest Devil...
who ever loved a woman or ran a ship into its grave!
