French Authorities Step Up Drive; Four Reds Arrested

Three Pro-Communist Newsmen And Defense Plant Draftsman Held; Defense Ministry Institutes Legal Action Against Communist Heads

Paris, Feb. 26 (AP)—Three pro-Communist newsmen and a defense plant draftsman were held by police today in a drive against persons trying to aid defense secrets.

Their arrests were announced following a report from a government source that the defense ministry had instituted legal action against the 84-man central committee of the French Communist party.

Those held were identified as: Pierre Jun, editor-in-chief of the Communist picture weekly, "Reverdis."

Jacques Friedland, one of Jun's staff.

Robert Penillat, business manager of "France D'Aboard," weekly organ of the pro-Communist resistance movement.

Bertrand Jouenne, a draftsman for the National Central Aviation Construction Co.

An interior ministry communiqué said the police "for some time" had been watching the activities of certain persons looking for defense information.

The semi-official France Presse Agency said 15 persons were questioned yesterday and 11 released as a result of the police drive. Some newspapers said as many as 30 were picked up.

Earlier the interior ministry said Friedland was carrying documents "involving the national defense" when he was picked up outside Communist party headquarters. The documents were to be turned over to the public prosecutor.

Police raided the offices of three Communist and pro-Communist publications, as well as a publishing house, as they spread their dragnet.

The complaint against the central committee, it was reported, charged attempts to incite the French army to revolt.

The Communist situation in France, a sore spot to the government for years, came to a head Thursday night when the lower house of Parliament formally denounced French Communist leaders for alleged treasonable statements.

The complaint against the Communist central committee, as yet neither confirmed nor denied by the defense ministry's office, was reported to be based on statements in posters and in the Communist newspaper "L'Humanite" during a prolonged coal strike last fall.

The Communist organs called on French troops, who took over the mines, not to fire on strikers, even though Communist strike leaders had ordered the miners to sabotage the mines.

In an allied government move, the justice minister asked for a lifting of the parliamentary immunity of Marcel Cachin, aged French Communist leader.

Cachin is director of "L'Humanite." This paper has printed the oft-repeated Communist slogan of recent months that "the French people will never make war against Russia." Parliament is expected to discuss his case next Friday.

Dissolve Labor Confederation

Caracas, Venezuela, Feb. 25 (AP)—A military junta which seized control of Venezuela last November has dissolved the Confederation of Venezuelan Workers. Its leaders were alleged to be attempting to seize power.

Junta leaders said there were indications the confederation—composed of most of the labor unions in Venezuela—intended to embarrass the military government by calling a general work stoppage.

Allegiance To Russia

France Comes Up Against Hard Truth That Communists Owe First Allegiance To Russia; Developments Leading To Revelation; What Thorez Said; Position

By DeWITT MacKENZIE

The grave clash between the Paris government and the country's powerful communist party has brought France again up against the fact that all communists, irrespective of birth, regard themselves as owing allegiance first to Russia.

This fresh drama can be best understood by taking the last act and then working back. Yesterday a high government source in Paris said War Minister Ramadier was taking legal action against the Central Committee of the French Communist Party for allegedly instigating the army to revolt.

Ramadier's statement was said to be based on statements made in posters and the Red daily "L'Humanite" during the miners' strike last autumn. These statements revolved about the theme that "France never will fight the Soviet Union."

Troops and police were sent to occupy the mines, and bloody clashes followed before the strike was broken.

We now move back to the preceding act. The reported government action followed a speech in parliament Tuesday by Maurice Thorez, communist party secretary general

Principal Defendant In Bulgaria Pleads Guilty

Third To Plead Guilty In Two Days During Trial Of Treason And Espionage

Sofia, Bulgaria, Feb. 26 (AP) The Rev. Vassil Georgiev Ziapkov, main defendant in the treason trial of 15 Protestant churchmen, pleaded guilty in court today to charges of treason and espionage. He was the third defendant to plead guilty in two days.

Ziapkov, 48-year-old Congregational church pastor, was religious representative of the United Evangelical churches, made up of several protestant denominations in Bulgaria.

The government accused him of being the principal conspirator with a number of high British and American figures and political representatives. Charges of black market money dealings also were placed against all the defendants.

Ziapkov was preceded to the stand by the Rev. Yanko Ivanov, Methodist church head. Ivanov, the second defendant to testify, denounced himself for seven hours and ended by declaring he had seen the light and no longer feared Communism.

The first was Nikola Naumov, Baptist church head, who testified yesterday at the opening of the trial. Small, bald and crippled, the 48-year-old Ivanov began his testimony yesterday and continued it today in a calm, detailed recital.

Sketch Plan To Paralyze Senate

Southerners To Halt Committee Meetings In Filibuster

Washington, Feb. 26 (AP)—Southern senators mapped a maneuver today to virtually paralyze Senate activities during their expected filibuster against a change in the rules of debate.

Senator Russell (D-Ga.) said today the Dixie group will halt committee meetings while the Senate is in session. That would throw a heavy block on some top administration bills.

Normally, senators are busy working on bills in committees while the Senate meets. But this can be done only by unanimous consent of the members.

"We will insist," Russell told reporters, "that the members remain on the floor to hear our arguments against a rules change."

Most of President Truman's legislative program is now in the committee stage. If the Southerners go through with their plan, the committees would have only the morning and evening hours left for their work.

Russell said Senator George (D-Ga.), a veteran of 26 years in the Senate, will lead off the debate when a motion is made to bring up an anti-filibuster resolution.

Egyptians Start Evacuate Troops

Tel Aviv, Israel, Feb. 26 (AP)—The evacuation of the Egyptian garrison at Faluja, in the northwestern Negev desert, began today, U. N. sources announced.

The operation involves about 3,000 Egyptian soldiers trapped in the little coastal plain village five months ago, and is being carried out in accordance with the Israeli-Egyptian armistice agreement signed at Rhodes on Thursday.

A similar measure in the form of a five year term bill was passed by a special session of the General Assembly in 1938, but the law was allowed to expire at the end of the designated period.

Little Dummy Provides Money

Boston, Feb. 26 (AP)—A little dummy is putting Bernice Liberator, 21, through college.

Bernice, a third generation ventriloquist, says she and her dummy "Tommy," are scraping up money in three night engagements a week to finance a liberal arts course at Boston University.

Her grandfather, who practiced voice-throwing as a hobby, and her father, a professional, taught her the art.

Stolen Safe Is Lost In Getaway

Elkin, Feb. 26 (AP)—Thieves laboriously hauled a safe away from the Elkin Lumber and Manufacturing Company in a company truck today.

But a few minutes later, they lost the strongbox, which contained \$300 in cash and records.

The safe, intact except for minor damage, was found near a highway yesterday in the Lomax community. Officers said it apparently had bounced out of the truck.

Russia Demands U. S. Kill Order Ending Mission

Strong Protest Over Directive Cancelling Repatriation Work In Zone

Moscow, Feb. 26 (AP)—Russia has demanded in a stiff note to the American embassy that American occupation authorities in Germany and Austria cancel an order closing the Soviet repatriation missions there March 1.

Russian papers gave prominent position today to a Tass dispatch concerning the Russian protest. The official news agency story said the note was delivered to the embassy Feb. 24—just a week before the deadline set up by Gen. Lucius D. Clay, U.S. military governor in Germany.

(Clay made his request Feb. 18. The Army said he took this step because the mission's repatriation activities had "virtually ceased.")

The note, Tass said, demanded that American authorities "take measures assuring normal conditions" for the work of the Soviet missions.

The note referred to repatriation agreements at Yalta and Potsdam and to a United Nations resolution of Nov. 17, 1947 on the subject. It claimed the United States had no right to interfere with repatriation work in any way or to close the Soviet mission.

The U.N. resolution urged all nations to adopt measures for early return of refugees and displaced persons to their country of origin.

The Tass story said a note on the same subject was delivered to the British embassy in Moscow on the same day.

Iowa Farms Take Top '48 Income

California Close Second; North Carolina Shows Drop

Washington, Feb. 26 (AP)—Iowa captured top national honors in 1948 cash farm income, but showed a smaller margin over its traditional rival, California, than in 1947.

The Agriculture Department reported today that Iowa's 1948 cash farm receipts came to \$2,354,733,000 while California rang up \$2,207,639,000.

Texas was third with \$1,953,014,000, just missing the \$2,000,000,000 mark for the second straight year. Illinois earned the fourth spot with receipts of \$1,835,897,000. Both these states occupied the same respective positions in 1947.

Iowa's 1948 total was down from the 1947 high of \$2,397,987,000, but California's was ahead of the 1947 figure of \$2,164,705,000.

In the United States, 1948 cash farm receipts advanced about three percent over 1947, from \$30,186,299,000 to \$31,018,703,000.

The department noted, however, that farmers' net income for 1948 has been tentatively estimated at \$17,400,000,000, down about \$400,000,000 from the previous year. This two percent decline in net returns was the first in 10 years.

North Carolina's cash farm receipts were \$759,670,000 for 1948 against \$762,350,000 for 1947.

New Road Blocks Set Up By Reds

Berlin, Feb. 26 (AP)—New Soviet road blocks appeared today on the American sector borders of Berlin, where blockade runners have been involved in recent shooting incidents.

Eastern police built concrete traps, iron fences and piled paving stones at strategic points in an effort to choke the considerable traffic from the Russian zone to blockaded western Berlin.

Babson Discusses Farm Prices

Babson Park, Fla., Feb. 25—Of course farm prices will ultimately be dependent upon supply and demand. With or without Parity they are bound to sell lower. Whenever great surpluses occur in any product, black markets develop. Potatoes, which cannot be preserved may be thrown overboard; but the public will never stand for throwing wheat, corn and other cereals overboard.

The cost of living for 1949 will be less than that for 1948.

What About Parity? The above does not mean that the Parity Subsidy which the farmer now gets will be eliminated. It may automatically and gradually be decreased; but parity for farm products is here to stay. Farmers may at least feel that they are going to be taken care of as have other groups.

The Government does not compel the farmer to sell at any definite price, but rather merely offered to "loan" the farmer a parity price of his product. The Government calls it a "loan"; but it really is not a loan because, unlike other loans, it

Resent No Auto Inspection Made

Number Of Drivers At Lanes Said Peeved By Shutdown

Raleigh, Feb. 26 (AP)—There's no figuring people, Arthur T. Moore mused today after the General Assembly killed the motor vehicle inspection program he headed.

When the deadline set by Moore for the start of inspection last night passed around yesterday, he said, supervisors reported many motorists waiting in line expressed resentment that their cars would not be checked.

And it was public sentiment against the program that legislators said led them to knock out inspections, Moore reflected.

The lane-closing order was sent out by Moore shortly after the House completed action on repeal legislation.

About 285 employees, from Moore on down, are affected by the repeal. Some 50 of them have been dropped already, and the rest will be laid off in 30 days, officials said.

The state also has on its hands inspection equipment valued at about \$200,000.

Meanwhile, Senator L. H. Fountain of Edgecombe said he is still at work on amendments to an inspection-reviving bill he introduced last week. He hopes to have the amendments ready for Senate Roads Committee consideration on Tuesday or Wednesday.

Dutch Decide To Free Indonesian Gov't Leaders

The Hague, Feb. 26 (AP)—The Dutch government decided today to release leaders of the Indonesian republic and speed up the transfer of sovereignty over the rich islands to a federal regime.

President Soekarno, Premier Mohammed Hatta and other republicans were captured when Dutch parachute troops seized Jogjakarta, their capital, Dec. 19. The Dutch called the move "police station."

The United Nations Security Council on Dec. 28 ordered the release of the republicans within 24 hours.

The Netherlands also convoked a round table conference here for March 12 to discuss with republican leaders plans for an interim government in Indonesia.

Republican Counter-Attack Promised If Truman 'Tours'

Claims Italians Obligated To Aid Red Army Forces

Communist Boss Says Duty-Bound To Help Russians If Fighting In Italy

Rome, Feb. 26 (AP)—Italy's communist chief, Palmiro Togliatti declared today in a published interview that the Italian people would have the "duty to aid in the most efficient way" any Russian army which might be required to pursue "an aggressor" on Italian soil.

Togliatti did not specify what form he thought this aid should take. His statement, however, went further than last Tuesday's declaration by French communist leader Maurice Thorez, who said French communists would welcome Russian soldiers if they ever had to chase an enemy onto French soil.

The French Chamber of Deputies voted a condemnation Thursday night of French communist leadership in connection with the statement. There were reports yesterday that the French government had instituted legal action against the 84-man Central Committee of the French Communist Party.

Some Frenchmen regarded the Thorez statement as next door to treason.

Togliatti's interview appeared today in the rightist newspaper, Giornale Della Sera. The communists of both France and Italy number about 5,000,000.

Togliatti, in written replies to two questions, pledged support similar to that suggested by Thorez, but added:

"I have no information to support the idea that the Soviet Union has the slightest intention of attacking any country x x x."

Then he continued: "As to the hypothesis that a Russian army would pursue on our soil an aggressor, I think in this case the Italian people x x x would have the evident duty to aid in the most efficient way the Soviet army in order to give that aggressor the lesson he deserves."

Claim Many Held In Forced Labor

Inquiry Group Told Virtual Slavery In Parts Of America

New York, Feb. 26 (AP)—Thousands of Americans are being held under forced labor conditions, according to testimony before a special inquiry commission here.

Witnesses claim that virtual slavery exists among many Southern sharecroppers, and that laborers in several areas are held in bondage by poor pay, usury and sometimes, by armed guards.

The conditions were described yesterday at a hearing of the Commission of Inquiry Into Forced Labor, an unofficial group which previously heard testimony about forced labor in Communist-dominated lands.

Rowland Watts, Baltimore attorney and national secretary of the Workers Defense League, said an estimated 20,000 families are in peonage in Georgia, Florida, Alabama, Mississippi, Louisiana and Arkansas.

Most of them are Negroes, he said, but there are many whites.

Dr. C. Leroy Hacker, Negro Methodist minister and former professor at Bethune Cookman College, Daytona Beach, Fla., said he had found peons or debt slaves in the turpentine industry in Florida.

Some of them are housed in enclosed compounds guarded by armed men, he said.

Engine And Four Cars Derailed

Springfield, Mo., Feb. 26 (AP)—The locomotive and four mail cars of the Frisco Railroad's Will Rogers passenger train were derailed and three crewmen were injured early today.

Frank Fulton, 60, of Newburg, engineer, was the most seriously injured. Fulton, a mail clerk and another crewman were brought to a hospital here.

The wreck of the westbound train occurred about 40 miles east of here.

Steady Exodus

Prague, Feb. 26 (AP)—Between 6,000 and 7,000 persons fled Czechoslovakia in the last two months of 1948, the official Communist newspaper Rude Pravo reported today.

The exodus, which Rude Pravo called a "political emigration," started after the Communists took over complete control of the country. A week-long celebration is being held in Prague to commemorate the Communist coup of February, 1948.

Army Plans Keep 127,000 In Japan

Distribution Of Armed Forces For 1949 Are Revealed

Washington, Feb. 26 (AP)—The army intends to keep about 127,000 soldiers in Japan for the next year—mainly to keep the peace, but ready to fight if the former enemy country is attacked.

This is the number of soldiers the United States had there last year.

The plans for distributing the 577,000 men the army would have under appropriations proposed for the year beginning next July 1 were announced yesterday.

In a news conference which followed, Gen. J. Lawton Collins, army vice chief of staff, made clear just what was meant by a reference to the "tactical mission" for occupation troops in Japan and Germany.

"If Japan were attacked and our troops were there," he told a questioning reporter, "they certainly would fight, I can assure you."

The army also announced plans to double its strength in Alaska, and reduce slightly the number of troops it has in Europe.

The present force of about 96,000 men in Germany will be cut to about 92,000 during the next year.

Royal said last night if war broke out in Europe, "we believe we can hold our ground in the initial stages."

Cheaper To Let Sawdust Burn

Peachland, N.C., Feb. 26 (AP)—A pile of sawdust, more than 150 feet high and an acre in area, was burning freely near here today.

But Capt. Wilbur Griffith, Fifth Corps chemical officer at Fort Bragg, said it would be cheaper to let the pile burn itself out. He added there was no danger of the fire spreading.

After a plane flight over the spectacularly-burning heap this morning he decided it would be too costly to attempt to extinguish the blaze with chemicals.

Rents Zoom As Ceilings Taken Off Few Units

Greensboro, N. C., Feb. 26 (AP)—Rent ceilings were taken off 14 dwelling units in Greensboro in the three months ended Jan. 31. The area rent director said today the rapidity with which these rents have shot up following decontrol has been a shock to us.

Rent director W. W. Boulineau said his office studied the 14 dwelling units decontrolled here from last Nov. 1 through Jan. 31. He announced:

1. Rents climbed to a total of \$76 a month compared to the previous ceiling of \$48.

2. The average rise was 105 per cent above the previous ceiling. Although the total rental amount did not double, the average boost was more than 100 per cent because some units rented for higher amounts even before decontrol.

Brewster Says Strong Backtalk Ahead If President Takes Congressional Program To Country In A Stumping Tour

Washington, Feb. 26 (AP)—Republicans promised today a "vicious" political counter-attack if President Truman takes the fight for his congressional program to the country in a stumping tour.

Senator Brewster (R-Me.) told reporters there won't be any "sweetness and light" about his party's backtalk in defense of the Republican record in the 80th and 81st Congresses.

"There is no question that, so far as the Republican record is concerned, it will be very proudly and vigorously presented to the country" the Maine senator said.

National Chairman Hugh D. Scott Jr. chipped in with the observation that he will "let the President continue to criticize the Democrats while the Republicans go to work."

Scott agreed at a meeting yesterday with the Senate campaign committee headed by Brewster and the Senate Republican Policy Committee, headed by Senator Taft of Ohio, to enlarge congressional membership on a national policy committee.

The policy group is charged with deciding whether to hold a national Republican policy conference next fall.

Taft told reporters he doesn't think much of the idea, but he said he wouldn't oppose it vigorously if others want it.

Meanwhile, Republicans, moved in on Mr. Truman's attack in his Jefferson-Jackson dinner speech, on the "special interests" he said are trying to hold up his program in Congress. It was in that speech the President indicated he might stump the country in support of his legislative program.

Brewster said the President showed that he is "irritated" that Congress hasn't done more.

Senator Lucas of Illinois, the Democratic leader, retorted that the Republicans are "still smarting" over their November election defeat and "just can't take it."

Brewster read the menu of the Jefferson-Jackson \$100 a plate dinner. He said it was like Belshazzar's feast.

Thumbing hurriedly through a Bible, Senator Paul (D-Me.) came up with a description of the Belshazzar affair in the Book of Daniel.

"Obviously," Pepper said, "Belshazzar was a Republican king. The last feast of Belshazzar was when the Republicans were in power."

Then Senator Langer (R-Ind.) bawled up to say that he looked at the Jefferson-Jackson dinner crowd on television and didn't find any "common people" there.

Pepper replied that the country could be thankful "that a few rich men have hit the sawdust trail of democracy."

Everyone filing a return gets a \$600 exemption for himself; \$600 for his wife, if she had no income and doesn't file or else files jointly with her husband; and \$600 for each dependent.

If the wife had any income at all—for example, \$1—no exemption can be claimed for her unless she files a return, either separately or jointly with her husband.

But—if she had income of \$600 or more, she must file a return anyway, either separately or jointly.

So a couple stands to lose money for her—if she had under \$600 income and doesn't file jointly with her husband, for, as pointed out, otherwise the \$600 exemption is lost.

A dependent is any person—age doesn't count—who is closely related to you and who more than half of his or her income from you in 1948.

But you can't claim a dependent if you have any other dependents. (Continued on page three)

Long-Form Problems

If Your Income For 1948 Was \$5,000 Or More, You Must Make Your Tax Return On The 1040 Long-Form; Some Of The Problems Encountered And Their Explanation

By JAMES MARLOW

Washington, Feb. 26 (AP)—If your 1948 income was \$5,000 or more, you must make your tax return on the 1040 long-form.

Some problems of unmarried and married people in using the long form will be explained in this sixth of a 12-story series.

The next, seventh, story will show how these problems work, in examples of filling out the long-form.

So save this sixth story for use with the seventh. Today's explanations will not be repeated in the seventh story although they'll be examined more fully in later stories in the series.

In 1902 at the State Normal at Greensboro, an association was organized which has proved one of the most practical agencies in promoting progress and advancement in every line of school work, the state has ever known. It was given the name of the Woman's Betterment Association, and it has shown itself to be suitably named.

Joint Program For Brotherhood Week Is Staged

By EARLINE JOYNER Brotherhood Week was observed jointly by the Future Homemakers of America chapter of Greenville High School and the New Homemakers of America chapter of Eppes High School, with a program given by the FHA chapter, on Tuesday morning, February 22 at Eppes High School. This was the second presentation of this kind between the two organizations, in an effort to bring about better understanding and relationship among all youth of the city.

The program was very highly enjoyed by everyone present. It consisted of several musical selections, vocal and piano and a review of past, present and future activities of the FHA chapter. A very interesting and attractive scrapbook was displayed by the group, showing some of the programs and activities sponsored by the chapter.

At the close of the program, the FHA representatives, several student teachers of ECTC and their club adviser, Mrs. Helm, were taken on a tour of the Home Economics department.

At the weekly supper meeting of the Kiwanis Club last night Ed Bloom, producer of the Kiwanis minstrel, announced that the annual show will be presented at auditorium at the college sometime in April.

Mrs. Marie Smith Wallace, assistant director of the show, gave an interesting outline of the dance feature of the minstrel and listed volunteers for the performances. Her husband, Jack Wallace, was a special guest of the club. Frank Casey, talented ECTC student and musician, entertained with several numbers on his accordion. President Arthur Tripp presided.

Dr. John O. Reynolds, chairman of the Sponsored Young Organizations, announced that the charter for the recently organized Key Club, composed of 18 high school students, will be presented in April by Past President Nathan C. Brooks.

Several farmers and a group of Farmville Kiwanians and Kenneth Wickham of Southampton, England were guests of the club.

Tomorrow's Gardens

By the Greenville Garden Club

Although we have devoted this space for the last two issues to camellias, so many questions are asked Garden Club members that we shall discuss a little further these loveliest of flowering shrubs.

When we see them as they are now blooming in many parts of Greenville it makes us all enthusiastic. If we have several we convince ourselves that we must have as many more as our space permits and if we do not own any we feel that we must make a beginning and have at least one or two.

The great bushes covered with blossoms are breath taking in their beauty but what can be more thrilling than to have a small bush blooming for the first time with even one or two perfect flowers. We think of them as slow growers and they are slow when compared to many short-lived species but many of them grow quite rapidly and we must remember that we are planting for future generations as well as our own.

Some varieties are too tender for our Greenville climate although even those which do well in sheltered places but there are literally hundreds which will grow and flourish here.

Usually when we buy a new plant or shrub we have to rely on a fancy picture or a seedsmen's enthusiastic description of his product but now we can look around us and select types which we too would like to have.

It is not too late to plant them now but early fall is an ideal time. In answer to a question often asked, this is the time to fertilize camellias. Use a special azalea-camellia fertilizer which makes the soil acid. Our good old purpose garden fertilizers are not for these plants which sicken and die in an alkaline soil. For a large plant follow directions on the package. Small plants may have a tablespoonful a month for the next four months. Fertilize large plants again in late March or early April.

Buy your camellias carefully, care for them wisely and you too will become a member of the ever growing clan of camellia enthusiasts.

Announcement We are glad to announce a reduction in price of one cent a quart for sweet and lactic milk beginning March first. As promised sometime ago that we would reduce the price on milk as soon as possible, we are now in a position to lower the cost of production a small amount and therefore take great pleasure in passing this saving on to our customers. Our local farmers advise us that they will soon be in a position to deliver us larger quantities of grade "A" milk, and if this source of supply is sufficient the saving in freight will allow us to make another reduction in the near future and will advise you as soon as possible. Nation That Freed Philippines And France Tries Cow-Rescue

Yukon, Oklahoma, Feb. 26—(AP)—The great nation that liberated France and freed the Philippines bent its mighty energy to freedom's latest task today.

Getting Grady the cow out of her silo. What started as a farm problem for cattle rancher Bill Mach (rhymes with mock) has turned into an international free-for-all. Even the Canadians are on to it. Now that the suggestions for springing Grady are in (by the hundreds from most of North America) action may begin.

With luck, Grady could be sprung today. If not, she has a quiet weekend lined up in her 40-foot concrete silo. She took up residence there Tuesday when she bolted from a cow doctor. Fleeting in terror, she squeezed her bulk—incidentally through a 17 by 25 1/2 inch steel frame silo feed door.

Mach hasn't been able to get her out—but not for want of advice from ever more distant points.

Here are today's liberation plans: The Denver Post's farm editor, Ralph Partridge, flew here with an eminent veterinarian last night—carrying what he called "secret cow-freing equipment." He wouldn't say what it was, but he has permission from Mach to try it if it doesn't look too tough for Grady—a purebred Hereford worth \$1,000. "After all," said Mach, "we want a cow, not a carcass."

The second plan, less mysterious but quite realistic, was put forth by the silo's builders—the Interlocking Stave Silo Co. of Wichita, Kansas.

Mach has been afraid to knock a hole in the silo wall for fear of bringing the whole silo down on the cow.

But queried by the Associated Press, Interlocking's President B. M. Radcliff took a robust view—

"A layman might have trouble doing it," he said, "but one of our technicians can remove the cow by taking out a number of concrete staves from the silo. The staves can be replaced by new ones without danger of damage."

If these plans come to naught Mach has enough other suggestions to last him the rest of Grady's lifetime. A derrick is probably the most popular idea.

"I heard from 44 or 45 states yesterday, including Canada," Mach said. "They all had ideas. I can't understand it—all this fuss for just one cow. People are sure kind-hearted."

Bleeding Youth Seeks Aid At Police Station

Lester M. Sutton, white youth, walked in to the police station at the City Hall last night about 9:30 holding his left arm and leaving a trail of blood, and told officers that he had cut himself with a razor blade and needed medical attention. An officer escorted the wounded man over to the fire station and the emergency rescue truck carried him to a hospital. His wound was sewed up and a police car carried him to his home. When he arrived there his father fainted when he saw his bloody clothes, they said. Police authorities said Sutton left a trail of blood from the service station back of the telephone office. Beyond saying that he had cut himself, Sutton did not give police any other information. He had a package of safety razor blades in a pocket, they said. He lives five miles west of here on the Farmville highway.

Colored People Of County Generous In Polio Donations

In the meetings yesterday of contributions to the Infantile Paralysis Fund it should have been shown that the colored city schools contributed \$448.79 and the county colored schools \$23.79 a total of \$472.58. The Pitt County Negro Business and Professional League gave \$10 and the Cosmetologists' (colored) Club \$5. Total contributions to the polio fund by colored people, \$1,291.58, June H. Rose, Pitt County chairman of the National Infantile Paralysis Foundation, said. The general campaign for the polio fund this year netted \$11,000.86, considerably more than last year.

Police Arrest Aged Negro On Charge Breaking, Entering

Police are holding John Worsley, 64-year-old Negro, who lives at 113 Greene street, on the charge of breaking and entering the home of Mrs. Mary McCrary, 107 Summit street, and the larceny of a table radio set valued at \$25. He will be tried in Police court Monday morning.

Police Court

In Police Court yesterday Judge J. W. H. Roberts disposed of the following cases: John T. Worthington, colored, charged with breaking and entering the home of Dr. Paul Fitzgerald on West Fifth street, was bound over to Superior Court under \$1,000 bond. Will Jones paid \$15 for being drunk. Henry A. Snotherly paid \$30 for speeding. Jesse D. Roberts, colored, was given 30 days at the county home for trespass.

DEPUTY TO ASSIST MAKING STATE INCOME TAX RETURNS
Deputy Collector A. T. Powell, Jr. representing the North Carolina Department of Revenue, will be at the courthouse in Greenville from March 2 to March 15 to assist individuals and firms in making out their state income tax returns.

Long-Form . . .

(Continued from page one)

pendent anyone who had income of \$500 or more—which means you lose the \$600 exemption for him. So long as he had less than \$600 income, he wouldn't have to file a return. But if his income was \$600 or more, although under \$600, you couldn't claim an exemption for him.

Husband-wife filing— If you aren't sure whether, in your particular case, separate or joint filing will save money for you, work out your tax both ways.

The reason it was said earlier that husbands and wives almost always will save money by filing jointly, whether the wife had income or not, is this:

They'll get the benefit of the new law Congress passed for married people last year. It permits couples to "split" their income, as if each were claiming half of the total.

Deductions— Every unmarried person who files return is allowed a personal deduction—for things like medical expenses, charity, taxes, interest—of 10 percent of his income up to a limit deduction of \$1,000.

That—meaning a 10 per cent deduction—is standard for unmarried people, without itemizing. If they want to claim more than 10 percent they must itemize.

Take three unmarried examples, their income, and the standard deduction allowed them: Smith—\$8,000 income, \$600 deduction; Jones—\$10,000 income, \$1,000 deduction; Brown—\$20,000 income, \$1,000 deduction.

But—and this is important—it's different with married people.

Even when the wife didn't have a dime of income, a married couple filing a joint return gets a standard deduction of 10 per cent of their income up to a limit of \$1,000. Example: their income was \$9,000—deduction, \$900; or their income was \$15,000—deduction no more than \$1,000.

But a husband filing a return alone—that is, separately—even when the wife had no income, is

Probes Ashes In Hunt For Child

Asheboro, Feb. 26—(AP)—Sheriff Ben Morgan wants to find out if the pile of ashes he examined while searching for a deformed 2 1/2 year old child contains human bones and teeth.

Clarence Overman, 29, a sawmill worker, said his crippled daughter Mary, died and that he and his wife burned the body in the rear of their shack, Morgan reported.

Overman and his Chicago-born wife, Rita, are being held on a charge of abandoning the child.

Morgan, sheriff of Randolph County, said neighbors complained the child had been mistreated, and when the case was investigated, the 2 1/2 year-old girl could not be found. Overman first said he had taken his daughter to Chicago and left her with a bar-room acquaintance named "Mike Remenshl." Feb. 2. Chicago police were unable to locate anyone by that name.

Sheriff Morgan said Overman led him to the pile of ashes yesterday and related that he burned the child's body. Morgan did not disclose his intended method but asserted "I am going to have an expert analysis of the material we found."

When husband and wife file separate returns, neither is allowed more than \$500 standard deduction for each.

Major Issues Of Atlantic Pact Now Ironed Out

Washington, Feb. 26—(AP)—Most major issues of the proposed North Atlantic Security treaty have been ironed out and the pact probably will get its final polishing in the next two weeks.

Secretary of State Acheson indicated as much at a news conference yesterday. Excellent headway is being made on the whole project, he said.

Along with the work on the treaty, Acheson told reporters, a separate program calling for American military aid to the Atlantic pact powers is being prepared for Congress.

No total cost figure on the arms program has yet been worked out. Officials said, but it probably will require around \$1,000,000,000 for the year starting next July 1.

Leading Tar Heel Industrialist Dies Suddenly

Winston-Salem, N. C., Feb. 26—(AP)—S. Clay Williams, 64 chairman of the board of directors of R. J. Reynolds Tobacco Company and one of the nation's leading industrialists, died at his country home near here last night.

He had been in poor health for some time but appeared at his office yesterday as usual. He died shortly before midnight.

Williams, a native of Mooresville, had been associated with the Reynolds company since 1917. He joined the firm as assistant general counsel and in succeeding years rose to general counsel, vice-president, president, and vice-chairman of the board. He had been chairman of the board since 1935.

He served as chairman of the National Recovery Administration in 1934-35 and had been a member of the business advisory council of the U. S. Department of Commerce since 1933.

give her for having put an end to the exploitation of man by man, to have set up a regime which ends economic crises, and which, in advocating peace, expresses the deep sentiments of the people. They want to drag France into such a monstrous war—a France destined to furnish the infantry to be sacrificed."

The National Assembly the following day voted condemnation of French communist leaders for alleged treasonable statements, and expressed confidence in the government to punish them. During the debate Premier Henri Queuille threatened to take legal action against the communist leaders for attempting to "undermine the morale of the nation and the army."

However, the assembly rejected a motion calling on the government to prosecute Thores on specific charges of treason or incitement to treason. Thores' statement of course is based on the idea of aggression against Russia by America and the other western powers, including France. Does he believe the west has aggressive designs?

Well, that's the line Moscow takes and Thores is bound to accept it. Perhaps Russia does believe it.

In any event it's clear that French communists, like the communists in any other country, give their allegiance to Moscow in all matters affecting Russia and communism. That's one thing which makes the solution of the "cold war" so difficult.

Air Ownership?

Kingston, Tenn., Feb. 26—Does a man own the air above his land?

Farmer Charlie Jarnigan claims that he does, in a cross-bill to a chancery court suit.

Three airport owners are asking Chancellor Joe Carden to rule that Jarnigan placed six 30-foot-high iron poles on his land next to the Harriman, Tenn., airport "to harass and cause a hazard to the users of the air strip."

Won First Place In Oratory Test

Frederick Brooks, Jr., of Greenville high school this morning won first place in the annual American Legion Oratorical contest for Pitt county.

Sue Jackson of Ayden took second place and Evelyn Hodges of Winterville was in third place.

Each of the contestants presented an original talk on a particular portion of the Constitution of the United States. The \$25 in prize money was divided between the three first place contestants with Brooks getting \$12.50, Jackson \$7.50 and Hodges \$5.

Judges in the contest which was at the high school were H. B. Clay H. A. Coleman, and L. F. Brewster members of the faculty of East Carolina Teachers College.

Superintendent J. H. Rose is Legionaire contest chairman for Pitt county, and R. B. Starling is contest director.

Took Cigars And Left 'Payment'

High Point, N. C., Feb. 26—(AP)—A thief this week stole a box of cigars from a car here. But left a stolen basketball uniform in payment.

W. F. Harris reported the theft of 49 ten-cent cigars from his car parked near the Elks Club.

Last week, Ralph Brown, who plays for a High Point church basketball team, reported that his basketball shirt and shorts were stolen from a locker in Greensboro.

N.C. Republican Gets Assignment

Raleigh, N. C., Feb. 26—(AP)—A Republican held the reins in the Senate today—but not a single Tar Heel Democrat displayed alarm. Nor did the GOP have any illusions about it.

Dr. C. A. Peterson of Spruce Pine, Mitchell County—one of the Senate's two Republicans and one of the 13 in the General Assembly—got the assignment of presiding over the upper House for its routine Saturday session.

Drop Deadline For Labor Bill

Washington, Feb. 26—(AP)—Senate leaders today abandoned plans to try to push the Truman labor bill through Congress by April 1.

"It's now apparent that we can't make it by that time," said Senator Lucas (D-Ill.), the majority leader. Lucas added, however, that the Democrats have no intention of taking the priority label off the labor measure. He said action will be "just as fast as possible."

World War veterans. These subsidies started in a small way, but here again, they have constantly increased. Labor has received a subsidy Government supporting labor unions and permitting us consumers to be assessed for increased wages.

Perhaps the greatest subsidy is that paid to unneeded government employees. To supply these and other funds income taxes were invented. It is well to remind younger readers that the normal income tax in 1913 was only 1 or 2 per cent and the highest tax for the richest people went up to only 5 per cent. This has gradually been increased so that the normal is now over 20 per cent and the taxes gradually increase so that the rich people pay over 70 per cent, the farmer is justified in asking that he likewise be taken care of as well as these useless government employees in unnecessary government bureaus.

The Farmers Future
Many talk of Parity as a temporary affair, but I can assure farmers that it will be just as permanent as tariffs, soldiers' pensions, labor legislation and income taxes. The Parity program may be adjusted from time to time in accordance with general business conditions; but farmers can depend upon it forevermore. I forecast that from now on whatever the Administration the farmer will be taken care of as he should be.

The above is one reason why I am optimistic on good farm property as insurance. Large commercial farms may be attacked as other large corporations, although they also deserve protection. I believe, however, that the small sustenance farms which are fairly near good communities are an excellent insurance. Every family should own such a sustenance farm somewhere. This does not mean to leave a good city job and go into farming as a business. I do not recommend small farming as a business, but I do rec-

Scrap Iron Drive Starts March 5

On March 5 and 6, the Greenville Lion's Club will conduct a scrap iron drive. The proceeds received by the Lion's Club from the sale of this iron will be used by it for benevolent purposes, and, in particular, in aid to the blind.

All persons or businesses having scrap iron lying in and around their home or place of business are asked to call either of the following telephone numbers at once: 3728-3813 or 2215. The name and address of the person calling will be taken, and members of the Lion's Club will call on either the 5th or 6th to pick up the scrap iron.

It is not necessary to place the iron on the street or to gather it in a pile. The collectors will be glad to gather it wherever the same might be.

If you have scrap iron you wish to donate to a good cause, call either of the following phone numbers: 3728, 3813 or 2215.

commend it as an insurance, and as a place to live and get your food, clothing and necessary shelter in case of World War III. Furthermore, as people wake up to the importance of such insurance, these farms will become more in demand and hence, should be a good investment if bought at a right price.

Chapter 13
"Some men," Ducal added, turning his gaze on Rivers, "are not afraid to die — yet are fearful of a lesser punishment. Such as might scar their beauty. Bashan can slice off a man's ear as neatly as you would lop the head from a chicken."
"If he tries that with me, he's apt to lose more than an ear," Rivers retorted.
"Let me show him," Bashan suggested.
"I've no intention of having an ear cropped," Rivers replied. "Try it at your own risk!"
Bashan cackled gleefully.
"Now who brags?" he demanded. His blood was at fever pitch, his ability with that great blade almost uncanny. But as the blades clashed and rang, the candle light breaking back from them in a myriad of shaking flames, the watchers began to perceive that here Bashan had met at least his equal. Each stroke was turned aside, each thrust parried.
It was deadly desperate work. The

breath of both men was coming faster, sweat starting on their faces. Ducal saw that Rivers was merely defending. Here was a swordsman as polished and natural as Bashan, with an extra modicum of skill — some trick of the wrist and dangerous counterthrust as deadly as it was rare.
Bashan thrust desperately. His foot slipped. To save himself and parry the blow was not easy for Rivers, and the next instant Bashan was impaled on his sword.
But the thrust was through the shoulder, high up. Bad enough for the moment, but a man like Bashan would quickly be around again.
Silence fell, while the candles flickered, shadows moving like ghostly hands. Rivers broke the silence.
"The bleeding should be stopped," he said.
"Of course," Ducal agreed, and motioned to Diknon and one of the slaves. There was no emotion on any face.
"He met his match," Ducal pronounced. "Never a man so good but that somewhere there's a better. Boy, show the gentlemen to the East Room. You will spend the night with us, sir. The hour is late."
It was half a suggestion, half an order, but Rivers was willing. He was shown to a great, high-ceilinged room on the second floor, its walls handsomely paneled. There was no balcony outside this room, and it was a long way to the ground.
The moon was a half-circle, almost dwarfed by stars in the darkest, lean slanting shapes prowled. Rivers counted seven, questing noses to the ground or lifting suspicious heads. Hounds, unleashed by night, to guard the grounds. With gun or sword, a man might fend off part of the pack. But it would be a losing game. Shrugging, Rivers pulled off his boots.
The shadows seemed to waver, and a chill crept along his spine. Something was there, something that had not been there before. Then his heart commenced beating again as he saw that it was Maria.
She seemed to have entered through the solid wall, but he guessed that one of the panels had slid aside, which was not surprising in such a house. She caught her breath as she saw that he was awake, then advanced. Her whisper came softly.
"You must leave here — at once!"
Rivers said. "But what's it all about?"
"If you stay here, they will murder you," she said. "They will come secretly, as I did, while you sleep."
The incredulity on his face seemed to infuriate her. She seized his arm, shaking him.
"Don't you understand?" she cried. "They hate him — but Bashan is of Montfort blood! And Montfort blood is never allowed to go unavenged. Why do you think I came?"
"What about the dogs?"
"I'll get you past them. They know me. Take my hand — and move silently!"
He followed, past the panel which slid silently back into place, leaving them in pitch-blackness. There were turnings, a stairway to descend, but Maria moved confidently. Again a panel moved, and they were out in the less stifling gloom of a big room. At the door she slid the bolts back and they were outside, in the night.
The hounds came questing, savage-looking brutes which became gentle as kittens as Maria's word. So long as she held his hand, they made no move to molest him, but set off again on their endless quest of the grounds.
They reached the wall. With the gate closed, these walls were formidable barriers, either for coming or going. But on this side, occasional wires grew. Maria looked at him expectantly.
"We must climb to the top," she said.
That much was easy. But Rivers could see the additional barrier of iron bars, set into the solid masonry, their spiked tops pointing inhospitably toward the stars.
They gained the top, flushed and breathless. The brightness of soft eyes reflected back the moonlight. But it seemed to Rivers that he saw fear in them now.
"We must get down, as soon as we can," she whispered, and he realized that they were silhouetted up here. There was barely room to stand, by clinging to the bars. To climb over them was out of the question. They were spaced too close to squeeze between.

Tonight's Games
7:30 — New Bern vs Greenville (Consolation Game)
8:45 — Kinston vs Washington (Championship)

The Kinston Red Devils and the Washington Pam Pack reached the finals in the Northeastern Conference basketball tournament here last night by posting victories at Wright gymnasium before a capacity audience of 1,500 spectators.

The Kinston Red Devils eliminated New Bern by a margin of 34 to 30; and the Pam Pack of Washington trounced the Phantoms of Greenville 44 to 24. Tonight's finals will find top-seeded Kinston playing the Washington Pam Pack for the championship crown which will be preceded by a consolation game between New Bern and Greenville the runners-up.

Two field goals in the final minutes of play by Doug Bruton after the score had been knotted at 30-all proved the margin of victory for the favored Red Devils of Kinston in the opening battle last night.

In one of the best games so far seen in tournament play, the New Bern Bears, who were fourth seeded in this year's play, gave the Red Devils a real scare before going down in defeat.

During the first quarter of the game the score ran nip and tuck and ended in a five-all tie. During the second quarter found both teams running neck and neck with the score tied at 12-12 in final second of play and Doug Bruton again came through with a field goal to give the Kinston lads a 14 to 12 lead at the half.

The third quarter found New Bern trailing by one point during most of this period until the closing minutes when Sonny Russell one of the finest players seen on the court during the tournament came through with two field goals in quick succession to put the Bears in front at this stage of the game 22 to 21.

During the fourth quarter proved another nip and tuck battle with the scoring being tied at this period at 26-all, 28-all and 30-all, with the lead changing from one to the other.

Doug Bruton scored a total of 15 points to set the pace for the Red Devils, while Sonny Russell scored a total of 18 points to lead the losers.

The lineups: Kinston: Forwards—Bruton 15, Williams 6, J. Aldridge 0; Centers—Hodges 0, McDaniell 0; Guards—Whaley 9, Collins 4. New Bern: Forwards—Connolly 2, Brown 4, Gaskins 2; Center—Russell 18; Guards—Taylor 0, Carden 4.

Washington 44, Greenville 24
Playing a game for below the game played in the opening rounds against the Elizabeth City quint the Washington Pam Pack had little trouble last night as they defeated the Greenville Phantoms 44 to 24.

Only during the first quarter did the Greensies put a scrap fight to the Pam Pack on even terms as the first period ended in a deadlock at 6-all. However, in the opening minutes of the second period Adrian Bowen put the Pam Pack out in front, a lead which they kept for the remainder of the game and at the half way mark were out front 20-11.

Punching Pete... by Pap

Pete Mead takes considerable ribbing from the boys around the eastern gymnasiums because he has his own private training quarters back home in Grand Rapids, Mich. Pete was born in Truman, Ark., where his father was a highly successful farmer, but he has since adopted Grand Rapids as his hometown. Mead began boxing as an amateur at 16, and gradually made Grand Rapids his headquarters. He turned professional late in 1943 and had a few pro bouts before he went into the Army. After three years in the service in Germany and France, he returned home in 1946 to resume his boxing career.

A millionaire manufacturer in Grand Rapids, J. C. Miller, took a personal interest in Mead and built a private gymnasium for his fighting. Training under nearly perfect conditions, Pete has developed into one of the leading contenders for the middleweight crown. He lives in Grand Rapids most of the year and has been adopted by Michigan fans as a hometown product.

The list of Mead's ring victories is an impressive one. He won decisions over Sonny Horne, Charley Ziviz, Britzie Ziviz, Herbie Kronowitz, Tony Ricco, Vinnie Rossano, Bill Poi and Al Thornton. His knockout victories include Joey DeJohn, Sal Richie, Clem Fitzgerald, Reuben Shank, Lou Rousse and Mel Hawkins. He is a hard, damaging puncher and an able boxer. His snappy left jab is one of the best.

Bethel, Jamesville Meet In Class B Playoff Final

By CHARLES JOYNER
Farmville, Feb. 26.—The Bethel Indians, defending champions, and Jamesville advanced to the finals last night in the state Class B playoffs in the Farmville gymnasium by posting victories over their opponents.

Bethel eliminated a strong Colerain five by the score of 34-28 in the opening game of the two day dribble-derby, and Jamesville trounced Vanceboro 35-20 in the first night's final game.

The Bethel Indians were stretched to the limit in handling Colerain a 34-28 loss in the opening round of the Class B tourney.

Bethel took the lead early in the game but was caught midway in the first period by Colerain which pushed on in front 11-10 at the end of the first quarter and 21-18 at the close of the third. The Indians came from behind, however, to hold a 14-13 advantage at the half and score a 34-28 victory.

Bill Smith, recently shifted from guard to forward, sparked for the winners with 20 points and Cedric Pierce led the Colerain five with 12. Jamesville, winner of the ACC basketball tournament at Wilson, met with little difficulty in disposing of Vanceboro 35-20 in the play-off.

Track And Field Stars Competing

Chapel Hill, N.C., Feb. 26.—(AP)—About 500 college and schoolboy track and field men competed for top honors today in the Southern Conference indoor games here.

The University of Maryland delegation was favored to take the conference crown, while Georgia Tech and Tennessee were rated strongest contenders for team honors in the non-conference division.

Thirteen of the 16 Southern Conference schools were represented. The host University of North Carolina squad won the conference title in last year's event which was staged under the name of the Southern Invitation. The Tar Heels also took the title last time the games were affiliated with the Southern Conference. That was in 1942.

Thomas Jefferson High School of Richmond, Va., was back again to defend its 1948 scholastic title, and Duke's freshmen tried for a repeat of their last year's win in the college yearling division.

Navy, winner in the non-conference class last year did not enter.

New Suspension For Top Jockey

Oldsmar, Fla., Feb. 26.—(AP)—Howard Craig, the leading rider at Sunshine Park, has been suspended for the rest of the meeting.

The track stewards ordered him off the track horses for rough riding astride Scotch Roar in Thursday's fifth race. It was the third time he had been disqualified this season.

Rough Going For Apps And Lenoir Rhyne In Games

Elkin, N.C., Feb. 26.—(AP)—Appalachian and Lenoir Rhyne will battle it out here tonight for the North State Conference basketball playoff championship.

Appalachian's Mountaineers won their way to the finals by downing East Carolina Teachers last night, 69 to 62, while Lenoir Rhyne outlasted Guilford, 42 to 40.

Tonight's title game will have the single elimination tournament's second-seeded club — Appalachian — against the sixth-ranked team. First-seeded Catawba and the other top bracketed outfits fell by the wayside in the opening day's firing Thursday.

Last night's games proved rough going for both finalists East Carolina at one time in the first half held a nine-point lead over Appalachian and the victors could manage only a 28-26 advantage at half-time.

It was the same for Lenoir Rhyne which trailed 37 to 34 at one time in the second half only to recover and slip by the Quakers at the final gun.

Right after the second period started, the Pirates again surged to the front by the pace began to tell. Appalachian began to retrieve the ball off the backboards and possession meant the game.

County Basketball Tourney Play Starts Here Monday

Games Scheduled At Wright Gym For Every Night Of Next Week With Exception Of Thursday Evening

By BERT MOYE
The annual Pitt County Basketball tournament will open in the Wright gymnasium at East Carolina Teachers College on Monday evening at 6:00 o'clock with boys' and girls' teams in the high schools of the county participating. Play will be every night next week with the exception of Thursday night, when no games are scheduled.

The opening rounds of the tourney will be held on Monday, Tuesday and Wednesday evenings, with the semi-finals on Friday night and the finals on Saturday night.

In the boys' division, the Bethel Indians are top-seeded by reason of their perfect record in county play this season and they will be out to defend their championship which they gained last year by defeating the Farmville boys 25 to 23 in the finals. The Ayden boys are second seeded in this year's tournament with Winterville being third seeded.

In the girls' division Ayden is the top-seeded team, with Arthur second and Farmville third. The Farmville lasses will be out to defend their crown in this year's tourney, having defeated the Grimesland lasses last year in the finals 17 to 12.

Sportsmanship, championship and all-tournament awards will be presented following the final games with Mr. D. H. Conley, Supt. of Pitt County schools making the awards.

Six teams in each of the girls' and boys' division drew byes in the opening round of play. In the girls' division, Grifton, Bethel, Arthur, Farmville, Chicod and Ayden drew byes. While in the boys' division Bethel, Chicod, Farmville, Ayden, Winterville and Grimesland drew byes.

Officials for the tournament have been secured from ECTC and will be Holscher, Hayes, Clover and Polhill.

Following is the official schedule of play for the opening rounds:
Monday, Feb. 28
6:00—Winterville vs Stokes (girls)
7:00—Grifton vs Arthur (boys)
8:30—Grimesland vs Belvoir (girls)
9:30—Belvoir vs Stokes (boys)
Tuesday, March 1
6:00—Bethel vs Arthur (girls)
7:00—Farmville vs Chicod (boys)
8:30—Chicod vs Ayden (girls)
9:30—Winterville vs Grimesland (boys)

Wednesday, March 2
6:00—Grifton vs winner of Winterville-Stokes (girls)

Courage In Fight Ring Is Common, But Chalk Up Pete Mead As Tops

7:00—Bethel vs winner of Belvoir-Stokes (girls)
8:30—Farmville vs winner of Grimesland-Belvoir (girls)
9:30—Ayden vs winner of Grifton-Arthur (boys)

New York, Feb. 26.—(AP)—For grit and guts in the fight game, mark down Pete Mead as a leading contender.

The Grand Rapids, Mich., middleweight isn't listed among the ranking fighters in his division. Maybe his seven round knockout victory last night in Madison Square Garden over Joey De John of Syracuse won't move him up too far.

But for a courageous, sensational comeback against long odds, you've got to give a hand to the chopped up Michigan brawler.

He was knocked down twice for nine counts—in the third and fifth rounds. Blood was streaming down his face from deep cuts on his right cheek, over his right eye, and from his nose, when he came back in the seventh round of the scheduled ten.

De John already had chalked up five of the six frames when the 22-year-old Syracuse socker came out to end the blood-letting. He moved in with a right. Mead stood his ground and they belted each other with all they had as the 11,042 crowd let go with roar after roar.

Suddenly, Mead, an 11 to 5 underdog, clipped De John and he went down for nine. Up he came and down he went again for nine. The third time he fell referee Johnny Burns didn't even count. The time was 2:43 of the seventh.

Herman Reich, Cleveland outfield rookie, is that rare major league prospect who throws left handed and bats right handed.

Speedboat Race Marks In Sight

Miami, Fla., Feb. 26.—(AP)—Several speed marks for outboard motorboats appeared in jeopardy today as Miami's 36th annual Biscayne Bay Regatta opened.

A record entry of 129 race drivers — 13 of whom are world-record holders in different classes—are competing in the nautical classic. Outboard events will be held today.

Williams Lands Second 'Catch'

Naples, Fla., Feb. 26.—(AP)—Ted Williams, reported to have landed a \$100,000 contract with the Boston Red Sox, yesterday landed the biggest fishing catch of the day. He, his pretty wife Doris and a friend brought in 30 kingfish and a bonita.

When asked by reporters about his new contract, to be signed in Sarasota March 6, Williams replied he would "rather not say anything about it."

Baseball Figures Compete In New Golf Tournament

Miami, Fla., Feb. 26.—(AP)—Forty-nine celebrities of professional baseball discard bats mitts and chest protectors today to compete in the first postwar renewal of the National Baseball Players' Golf Tournament.

Competitors include active big leaguers, umpires, minor league managers and owners and former big leaguers.

To be played over the Miami country 6,326 yard course, the two day event has turned out the biggest field in the tourney's history.

Two of baseball's most influential men, Commissioner A. B. (Happy) Chandler and Minor League President George M. Trautman, are among the contestants.
