Rep. Sol Bloom Stricken, Dies Of Heart Attack

Familiar Figure In Nation's Capital For Almost 30 Years Dies Suddenly

Washington, March 8—(AP)—Rep. Sol Bloom, who rose from a childhood of near-poverty to riches and world prominence, died suddenly last night.

The colorful New York Democrat, chairman of the House Foreign Affairs Committee and a familiar figure in the nation's capital for almost 30 years, was stricken with a heart attack at the naval hospital in Bethesda, Md., almost on the eve of his 79th birthday.

The veteran lawmaker's death caught him at the top of a fabulous career. It included such varied pursuits as song-writing, acting, business enterprises—which reportedly made him a millionaire before he was 20—and finally a seat in Congress and a position as one of the most prominent makers of American foreign policy.

Bloom was a man with many friends and few enemies. His death brought expressions of regret flooding from officials and the congressmen with whom he had served continuously for 27 years.

President Truman said he was "shocked and saddened" at the news and commented that the congressman from New York "will be greatly missed and widely mourned."

Secretary of State Acheson termed Bloom "a bulwark for the foreign affairs of the United States" and observed that his death "a grievous loss to the whole country is to me the loss of an old and dear friend."

And Republican House Leader Martin (Maas) also mourned him as "a personal friend for a good many years and one I had learned to admire and respect."

Bloom's birthday—which he had planned to celebrate as usual by throwing one huge party for friends and newsmen, and another bigger one for needy children—was just two days off.

In 1923, Bloom accepted the Democratic nomination for Congress in New York's 19th district—for many years a Republican stronghold Bloom's district never went Republican again.

Bloom became chairman of the House Foreign Affairs Committee in 1939. Known as an administrator, he led the House fight for virtually every foreign affairs proposal sent to Congress by his friend, Franklin D. Roosevelt.

Perhaps his greatest contribution was in helping to lay the groundwork for American participation in the United Nations. A delegate to the San Francisco conference of 1945, he was one of the signers of the United Nations charter—a fact he proudly recorded in his congressional biography.

Truman Accepts New Degree And Raps Communism

Winter Park, Fla., March 8—(AP)—President Truman declared here today that the intelligence of struggling peoples in front of the "iron curtain" offers the world's "best hope" for peace.

"We may not know what is behind the iron curtain," Mr. Truman said in a new attack on Communism, "but we do know that the intelligence of the people in the emattled Democracies of Europe, who live in front of the iron curtain, is the world's best hope today."

The cap-and-gown chief executive was presented with the degree of Doctor of Humanities by President Hamilton Holt of 64-year-old Rollins College.

A Chance Encounter On Notorious Devil's Island Again Recalled; Incidents Of The Trip; A Mysterious Convict; A Letter From Island Completes Story

By DeWITT MacCARTHY

There has just come to my hand this final chapter to the story of a sensational French killer whom I encountered in 1933 during a never-to-be-forgotten visit to France's notorious devil's island penal colony off the Guiana coast of South America.

The several days I spent on those mysterious Isles were a great adventure, for the authorities told me I was the first foreign correspondent ever permitted there. Over them hung the aura of past terrors and heartbreaks which form a tragic chapter of the world's penal history.

Sealed In On Bet

Don Haynes, ex-seaman from Ashland, Ore., sits in a barred and sealed automobile at Los Angeles Saturday. He plans to remain in the car 14 months to collect a \$25,000 bet. He started from home two weeks ago and plans to visit all 48 states. The interior of his new sedan contains a bed, chemical lavatory, collapsible bathtub, mechanical exerciser, and hole in the floor to stretch his legs. Doors are welded shut, but a hydraulic jack will free him in case of accident or sickness. (AP Wire photo).

Alleged Points In Treaty Disclosed

Diplomatic Writers In London Say Atlantic Pact Includes Joint Preparations, Consultations And Immediate Aid If Attacked

London, March 8—(AP)—Diplomatic writers published last night what they said were details of the proposed North Atlantic defense pact. They said the treaty would be signed in Washington before the end of March.

Representatives of the powers negotiating the pact met with U. S. Secretary of State Dean Acheson in Washington yesterday and said afterward they were almost finished with the task of writing the treaty.

The Alliance is a 20-year pledge that all signers will resist with military force an armed attack on any signer, said Frederick Kuh, London correspondent of the Chicago Sunday Times.

Kuh said the draft recognizes, however, that only Congress can commit the U. S. to war by stating "this treaty shall be ratified by each of the parties in accordance with their constitutional processes."

Oppose Division Of ABC Profits

Commissioners On Record Against Umstead Measure

Pitt County commissioners went on record yesterday as opposing a bill in the General Assembly which would give to the state 15 per cent of gross profits from ABC sales in the counties of the state which have ABC stores.

The bill was introduced in the legislature by Senator John Umstead of Orange County.

Tom Perkins, constable of the Carolina township, appeared before the commissioners as spokesman for the other constables of the county and requested that township constables be compensated from the ABC law enforcement fund to supplement their fees. The commissioners recommended to the county ABC board that possibilities be investigated and arrangements be made.

Gov't Sets Fast Pace In Handling Tax Refunds

Washington, March 8—(AP)—Refunds for overpayment of 1948 income taxes already have hit a 2,000,000 clip. They're averaging about \$50 each.

It's a record for speed, officials said today, pointing out that the deadline for filing 1948 income tax returns is still a week off.

The hot prospect for a refund—four out of five taxpayers are likely to get them—induced the early refund-filing that made such early refunding possible.

Officials don't know exactly how many of the 55,000,000 return-makers filed early. It's estimated, however, that some 10,000,000 already have drawn around \$500,000,000 in refunds.

Some officials guess that perhaps 40,000,000 taxpayers will end up with refunds amounting to something like \$2,000,000,000, biggest reverse tax-money flow of the kind in history.

These figures relate strictly to refunds in cases where the return show on their face the taxes collected via withholding from pay exceed the total amount of tax due in 1948. Cases of complicated tax questions aren't counted.

Chief reason for the record flow of refunds is that when the income tax cut was voted last spring, it was made retroactive to the start of 1948, but withholding rates weren't reduced into line until after last May 1.

For that reason, many taxpayers were "over-withheld" for the first four months of 1948 and they're entitled to get their money back now.

A factor of almost equal importance is the considerable number of persons who took seasonal jobs changed jobs with an interval between, or got a temporary layoff from work during 1948 for one reason or another.

Inventor's Heirs Want Ten Pairs Of Shoes Back

Dayton, O., March 8—(AP)—The heirs of Orville Wright want 10 pairs of the late inventor's shoes returned to them by the Goodwill Industries.

The shoes were given to the organization last week and Goodwill announced they would be sold at a sale. Then, Robert E. Watkins, Goodwill's executive director, called off the sale after the heirs protested the publicity.

Yesterday, Milton Wright, a nephew of the airplane's co-inventor, asked to have the shoes back and said Goodwill was trying "to capitalize on the name of Orville Wright."

Ask Governor To Appoint Warren

Washington, N.C., March 8—(AP)—Beaufort County's Commissioner today asked Gov. Scott to appoint Comptroller General Lindsay Warren to the Senate.

The commissioners telegraphed the governor after adopting a resolution urging that Warren be appointed to the seat of the late Senator J. M. Broughton. Warren, a native of Beaufort County, formerly represented this district in Congress.

Dulles Declares War Fear Fading Among Officials

Claims He Knows Of No Nation Who Now Believes Soviet Planing Attack

Cleveland, March 8—(AP)—John Foster Dulles, U. S. delegate to the United Nations, said today he knows no responsible official of any nation who believes Russia "now plans conquest by open military aggression."

He addressed representatives of more than 35,000,000 American Protestants gathered here to examine major issues threatening world peace. The conference is sponsored by the Department of International Justice and Goodwill and the Federal Council of the Churches of Christ in America.

In a speech prepared for delivery to the 400 delegates representing 37 denominations and allied religious bodies Dulles declared some persons "talk about war as something that Soviet policy makes inevitable."

"But," he added, "so far as it is humanly possible to judge, the Soviet government, under conditions now prevailing, does not contemplate the use of war as an instrument of its national policy."

"I do not know any responsible high official, military or civilian, in this government or any other government, who believes that the Soviet state now plans conquest by open military aggression."

Dulles said "many today feel that history is repeating itself and that forces beyond our control are irresistibly dragging us into another war."

A primary task of this study conference, he said, is to "dispel such a mood of fatalism."

Rally To Defense Of Postal Cards

Congressmen Balk At Raising Price To Two Cents

Washington, March 8—(AP)—Congressional friends of the penny post card hollered bloody murder today as plans to mark it up to two cents.

The plans are those of the Post-office Department, which is going into the red at the rate of half a billion dollars this year.

"Diabolical," declared Rep. Edwin A. Hall (R-NY) today. "Astirne. Impossible."

"Raising the penny post card to two cents is the best way I know of making the poor man shoulder the postoffice deficit. It's an American institution. It must not be abolished."

"Never," says Rep. Jenison (R-Ill.); "it will double the cost of romance and put the penny post card in limbo with the five-cent cigar."

Rep. Priest (D-Tenn.) has also rallied to the defense: "The penny post card is one thing in government that ought to stay as it is."

Rep. Halleck (R-Ind.), with an eye on zooming postal deficits, considers the plight of the penny card something of a dilemma for Congress.

"It's a long standing tradition," he acknowledged, "and it's sometimes called the poor man's business. I don't like to raise postal rates, but in my book it has got to be done somewhere."

Postmaster General Jesse M. Donaldson has no romantic ideas about the penny post card in the face of a \$550,000,000 deficit. It is putting the Postoffice Department in the hole to the sum of \$57,000,000 this year.

He carried 288 gallons of gasoline. The exact message of the long distance hop awaits an official check of his sealed instruments, but flight sponsors estimated it between 4,999 and 5,010.

He circled the field, then came in for a perfect landing.

The lanky pilot taxied his Beechcraft Bonanza "Waikiki Beech" along the runway, stopping at a hangar.

His plane was followed by an ambulance and two fire trucks.

Hundreds of persons immediately swarmed around the plane as Odom brought it to a stop at 12:09 p. m.

Royall Repeats Hope To Retire

Raleigh, March 8—(AP)—Army Secretary Kenneth Royall today reiterated that he wanted to "return home whenever I could do so in good conscience."

House Committee Approves Employment Security Fund

Washington, March 8—(AP)—The House Appropriations committee, noting an upward trend in jobless figures, today approved \$135,000,000 for the bureau of employment security for the year starting July 1. And if that turns out to be too little for the next fiscal year, the committee said, it will raise the limit to \$157,500,000.

But the group said that, despite the rise in the number of jobless, employment prospects "appear relatively good" for the coming months.

The fund is used for grants to states for handling unemployment compensation programs. The agency got \$130,000,000 for the current year. Another \$10,000,000 grant is awaiting senate action.

The unemployment fund is one of the large items in a \$2,211,794,085 money bill the committee sent to the House floor for debate tomorrow. It would finance the labor department, federal security agency, national

mediation board and railroad retirement board.

Altogether, the amount the committee made available is less than one per cent below the President's budget requests.

By agencies, the bill carries these cash allotments: Labor department, \$16,550,000. That includes a cut of \$216,000 which the group applied entirely to international labor activities, saying it had too little information on that field.

Federal security agency, \$1,478,426,585, a cut of \$23,055,400 from budget estimates. The agency's contract authority, however, is \$9,300,000 above budget requests.

National mediation board \$928,500 requested.

Railroad retirement board \$715,889,000 as requested.

The measure would let the labor department expand its statistical surveys and restore its program of training state factory inspectors.

In addition, it provides for expanded activity in the fields of mental health, cancer and heart disease research; and enlarged vocational rehabilitation program; and continuation of nationwide anti-tuberculosis X-ray tests.

The committee approved for the bureau of veterans' reemployment rights the full budget estimate of \$270,000—\$52,500 more than Congress voted for this year. Spokesmen for veterans groups has testified that there are about 700,000 unemployed vets.

But the committee recommended cuts in grants to states for hospital construction and general health programs, saying local agencies apparently are not in a position to take advantage of larger grants.

The group held up funds for the National labor relations board and the federal mediation and conciliation service, until their status, which is affected by pending labor legislation, becomes clear.

Nursery Rhyme Doesn't Apply

Miss Eula Ely, children's ward nurse at Parkland hospital in Dallas, Texas, has trouble applying the nursery rhyme about "this little piggy went to market" to the feet of little Mike Hartin, age 14 months. Mike has six toes on each foot. He seems to enjoy the treatment. Doctors say they plan to make the tot's feet normal. (AP Wirephoto).

Kill Old Charge

Washington, March 8—(AP)—A 50-year-old Washington Negro was free today of a 23-year-old murder charge.

Held here on a charge of murdering his brother-in-law in Asheville, N. C., in 1926, Rochell Young won his release through a U. S. Court of appeals decision. The appellate court reversed a district court decision which would have meant Young's return to North Carolina to face the charge.

Odom Completes Distance Flight

Sets 5,000 Mile Non-Stop Record For Small Planes

Teterboro, N. J., March 8—(AP)—Big Bill Odom soared in from Honolulu shortly after noon today setting a 5,000 mile world's non-stop record for light planes.

The 29-year-old former World War II ferry pilot, already holder of the world-circling speed record, touched down his tiny monoplane at this North Jersey airport at 12:06 p. m. (EST) 36 hours and one minute after leaving Honolulu.

It was Odom's second attempt to bring his single engine, 189-horsepower plane non-stop from Honolulu to Teterboro, which is about four miles west of New York City across the Hudson river.

He carried 288 gallons of gasoline. The exact message of the long distance hop awaits an official check of his sealed instruments, but flight sponsors estimated it between 4,999 and 5,010.

Odom streaked over the field at 12:05 p. m. exactly 36 hours after taking off at Honolulu.

Churchmen Given Life Sentences

Sofia, March 8—(AP)—The four top defendants in Bulgaria's spy trial of Protestant churchmen were sentenced today to life imprisonment.

They are Vassil Ziapkov, 48, Congregationalist minister; Niko Ivanov, 48, Methodist; Nikola Nandev, 48, Baptist; and Georgi Cherven, 46, Pentecostal. Each was fined 1,000,000 leva, or about \$3,750.

The Moscow trained prosecutor Dimitar Georgiev had demanded terms for each add long prison terms for 11 other churchmen on trial with them. All were accused of spying for the United States and Britain and of black market currency dealings. Ziapkov also was accused of treason.

The four leading defendants were sentenced additionally to loss of civil rights and confiscation of all property.

Ziapkov, the main defendant and religious representative of the Protestant denominations, was ac-

quainted with the U. S. Senate arrived in Raleigh by train early this morning. They included Senator Clyde R. Hoy, Broughton's North Carolina colleague, and Senators Forrest C. Donnell (D-SC); James P. Kem (R-Mo.); Olin D. Johnston (D-SC); Herbert R. O'Connor (Md.); Robert S. Kerr (D-Okla.); John Stennis (D-Miss.); Leverett Saltonstall (Mass.); Raymond E. Scott Declines Job As Senator

Governor Sees Too Much To Do In Present Position

Raleigh, March 8—(AP)—Governor Scott today rejected a suggestion that he make arrangements so that he could step down as governor and succeed J. Melville Broughton in the U. S. Senate.

It would be possible for the governor to resign under an agreement with Lieut. Gov. H. P. Taylor and then receive the senatorial appointment.

"I would not consider such a proposition," the governor said. "The people of North Carolina have given a definite assignment. I would not

House Republicans Talk Limits To Rent Control

Washington, March 8—(AP)—House Republican leaders talked today of only a 90-day continuation of rent controls. The Senate situation raised a question of whether there will be any rent curbs at all after March 31.

Rep. Martin of Massachusetts, No. 1 Republican in the House, reported that a majority of the House GOP Policy Committee has taken a stand for the 90-day idea. Congress could then "take another look in June," he said.

Present rent controls expire March 31.

Senator Myers (D-Pa.) went before the Senate Banking Committee to urge approval of his bill for a 27-month extension. Myers with CIO backing, wants the Senate to pass a stronger measure than the one approved by the House Banking Committee last Friday, for 15 months. President Truman asked two years.

Whether the Senate will ever get an opportunity to act on any extension bill depends on a number of factors. These all lead back to the current Southern filibuster to save the filibuster.

If Congress fails to act to extend the current rent control law past March 31, there is little chance that

See Similarity In Safe-Cracking

Fairmont, March 8—(AP)—Officers today described the \$5,500 cracking of a church safe here Sunday night as similar to a Lumberton safe-blowing job a month ago.

Sheriff Willis Britt said there had been no arrests in either case.

"The drilling was exactly alike on both safes," Sheriff Britt reported. The First Baptist Church was entered after services Sunday night.

Broughton Rites Draw Delegation To State Capital

Barkley Leads Large Group; State Officials To Attend Last Services

Raleigh, March 8—(AP)—North Carolina's capital was in mourning today as it prepared to hold funeral services for distinguished son—U. S. Sen. J. Melville Broughton.

Flags atop the state capital were flown at half staff in honor of Broughton who served the state as governor during World War II and who went to the Senate only two months ago.

The state's junior senator died in Washington Sunday morning of a heart attack.

Vice President Alben W. Barkley led a large delegation to the nation's capital to attend the funeral.

Governor Scott also attended the services. Members of the state legislature planned to assemble in a body.

The services were scheduled 3 p. m. at the Tabernacle Church where Broughton was one of its most active members and where he taught a Sunday school class named in his honor.

The body was to lie in state in the church from 10 a. m. until the hour of the funeral. Plans were to follow in Matthews Memorial park.

The Rev. F. O. Milton, Tabernacle Church pastor, was to conduct the services, assisted by the Rev. Edward Hughes Pruden, pastor of the First Baptist Church in Washington.

Barkley was expected to arrive by plane during the morning accompanied by Senator J. Howard McGrath of Rhode Island, National Democratic chairman, Army Secretary Kenneth Royal of Goldsboro, Undersecretary of State James E. Webb of Oxford; Assistant Army Secretary Gordon Gray of Winston-Salem and members of the North Carolina delegation in Congress.

Members of an official delegation from the U. S. Senate arrived in Raleigh by train early this morning. They included Senator Clyde R. Hoy, Broughton's North Carolina colleague, and Senators Forrest C. Donnell (D-SC); James P. Kem (R-Mo.); Olin D. Johnston (D-SC); Herbert R. O'Connor (Md.); Robert S. Can See Neither Freeze, Frost

By The Associated Press

The freezing, frost, weather appears to be over in the Carolinas, for tonight and tomorrow, at least.

The forecast indicated the mercury would reach 60 generally today—a few degrees lower in the mountains, a few higher along the coast.

But the weatherman could see neither frost nor freeze for the night or early morning hours.

Invite Margaret To Sing In Show

Cambridge, Mass., March 8—(AP)—Miss Margaret Truman, daughter of the President, was acclaimed "Our Women of the Year" today by the Harvard Hasty Pudding Club.

And the old social and dramatic club invited her to be "the first woman in 101 years to sing in a Hasty Pudding show."

In the letter, signed by Club President Alan Winslow, Miss Truman was informed she could sing anything—anything at all except a Yale song.

About The Filibuster

Issues Involved; Two Kinds Of Filibustering; How It Can Be Stopped; Why It Is A Hard Strategy To Beat; Showdown Stage; Minority Powers; Arguments

By JAMES MARLOW

Washington, March 8—(AP)—Here's an ABC on the Senate filibuster fight which gets up a head of steam this week.

Several things are involved: The fate of President's Truman's civil rights program; the ability, or failure, of Southern Democrats to block it; and the right, or ability, of a minority to block the will of a majority.

A filibuster—unlimited speech-making—happens only in the Senate never in the House. There's a House rule limiting debate. Not in the Senate.

A Lenten Prayer

"Made and Preserved Us a Nation"
Blessed is the nation whose God is the Lord... Psalms 33:12 Read Hagai 2:4-5.

We do not live alone nor die alone. He hath set the solitary in families. Then he set families into tribes and gathered tribes into nations. The very thought of the fatherhood of God means the brotherhood of man. As God is love, we are made for love, being in his image.

In the community life and in the large movements of history, God shows his moral judgments and brings mankind, through suffering, to his everlasting kingdom.

Nations, as well as persons, are wholly dependent upon God. False patriotism seeks selfish national ends. True patriotism prays that the nation "under God" may find the ways of justice and the paths of peace.

So long as the poor suffer, so long as races and classes are superior and inferior, and armies clash on fields of war, so long does mankind desecrate the gift of community.

As individuals pray: "What must I do to be saved?" so must there come world penitence and world hope that the kingdom come and the will be done on earth as it is in heaven.

Let Us Pray: "God of the nations, hear us yet, lest we forget, lest we forget." Forge us on the anvils of our times; shape us in the fires of pain, that we may learn to live peacefully with all men. In the name of Christ. Amen.

THE DAILY REFLECTOR
March 8, 1909

The 1909 session of the General Assembly has been marked by its conservatism and wisdom. The members are certainly entitled to the thanks of the people of the entire state both for what they have done and what they did not do. There were able men in both branches and their acts showed plainly that they were governed in their deliberations by conscientious convictions and not influenced by lobbyists or wielders of party lashes.

Circle No. 1 of the Wesleyan Service Guild met at Mrs. V. P. Scoville's home Monday night, March 7. Fourteen members were present. Miss Bernice Powell, president, presided over the business session. Half of the members responded to attend the district Guild conference to be held in Rocky Mount on April 9 and 10. Mrs. V. P. Scoville gave the devotionals. Miss Oleivia Zahniser spoke on the timely topic of "Human Values in Labor Questions." She started with the labor situation a century ago and stressed the fact that we should see all sides of the labor question at the present time and impartially seek justice. Delicious refreshments were served graciously by the hostesses—Miss Frances Gross, Mrs. V. P. Scoville, Miss Oleivia Zahniser and Mrs. H. A. Hendrix. It was a very interesting and profitable meeting.

Torchbearers Class Meeting
The Torchbearers class of the Memorial Baptist Church held its regular monthly meeting on Monday night, February 28, in the church parlor with Mrs. Aubrey Taylor, Mrs. Henry Harris, Mrs. Bob Whitard, Jr., and Mrs. Henry Swain as hostesses.

After the business session, the 20 girls present were served delicious refreshments.

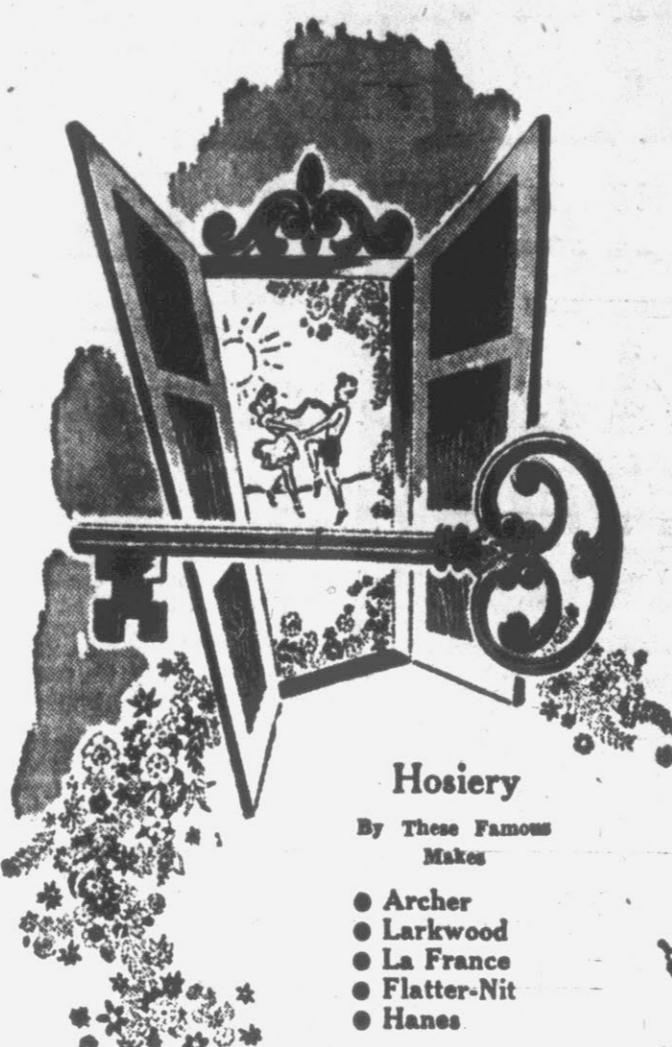

Card of Appreciation
We wish to express our sincere appreciation to each and everyone of our friends who so lovingly administered to our needs during our recent bereavement. The lovely floral tributes, words of sympathy and every act of kindness helped to lighten our sorrow.

Tax Evasion Is Charged Tar Heel

Rockingham, N.C., March 8.—(AP) A Charlotte shoe store operator, charged with attempted income tax evasion, was indicted by a federal grand jury yesterday.
The grand jury returned true bills against Al Goodman. The government has charged him with attempting to evade income taxes for three years totalling \$76,171.82.
U. S. District Attorney Bryce R. Holt said the charges cover the years 1942, 1943 and 1944.

Ancient Babylonians and Egyptians early learned to measure time accurately by the sundial.
In the five seasons from 1943-44 to 1947-48, Kentucky's basketball teams posted a .908 winning average with 139 victories and 14 losses.

Courthouse May Be In Shape For March 21 Term

By CHESTER WALSH
County authorities expect the chairs for the courtroom for the courthouse to be shipped here in time to have them installed and ready for the civil term of Superior Court, scheduled for the week of March 21. A Goldsboro firm, which has the contract to provide the chairs, has indicated that they will arrive here in time for the two terms of court. Incidentally, the courtroom has been renovated and given a much-needed coat of paint. The ceiling has been lowered to improve and facilitate acoustics; the floor has been covered with tiling; a new jury box has been installed, and the witness stand has been provided with suitable seating arrangements. The windows have been shaded with venetian blinds; the lighting facilities have been changed and the illumination now is shaded to avoid glare.

There is an interesting story about the improvements at the courthouse. The improvements, including a new copper sheathing roof to supplant the old heavy tile roofing; providing of rest room and toilet facilities; added conveniences in the offices of the sheriff, clerk of Superior Court and the register of deeds were needed. One outstanding feature of the improvements in the building is the installation of a rest room and other facilities for women jurors.

Since the contractor, V. P. Loftis Company of Charlotte, completed the work, W. J. Leggett, jailer and custodian of the courthouse building, has been "dressing up" the courthouse lawn and planting and trimming shrubbery and having a general cleanup of the property.

Several grand juries during the "war years" recommended to the County Commissioners that they clean up the building, do some painting and otherwise provide needed conveniences. The orders were ignored until Judge Henry L. Stevens of Warsaw was presiding here about a year ago and warned the commissioners that if they did not do something about improving the building, he would bring each of them up before the grand jury when he came here again. Incidentally, the courthouse has been modernized. The work is done. The total cost of it was about \$115,000, considerably more than the building cost when it was erected in 1919.

Judge Clawson L. Williams of Sanford, who is riding the Fifth Judicial Circuit the first six months of this year, will preside over a civil term of court here the week of March 21. The Lee County jurist also will preside over the criminal term to be held the week of March 28.

At this criminal term Leora and Bunnie Daniel, Negro youths of rural points, will be tried for the murder of William Benjamin O'Neal, taxicab driver, who was killed at a lonely place between here and Grimsland on the night of February 5.

Woman's Club Hears W. W. Smiley

Mr. W. W. Smiley, director of the library at East Carolina Teachers College, spoke at a general meeting of the Woman's Club on Friday, March 4. Mr. Smiley spoke on the subject "Winners of the Mayflower Cup Award to North Carolina writers" explaining the origin and administration of the award and then giving a short biographical sketch of each winner together with a brief review of the various winning works. Among the eighteen authors who have won the award are Archibald Henderson, of the University of North Carolina, with his "Bernard Shaw, Playboy and Prophet"; Jonathan Daniels for "A Southerner Discovers the South"; Mrs. Bernice Kelly Harris for her novel "Puritan"; and Josephus Daniels for his historical work "Wilson Era, Years of Peace, 1910-1917." Interspersing his comments on the authors and their works with pertinent humorous anecdotes, Mr. Smiley provided a most interesting and informative program for the club members.

Following the program a business meeting was held with the club president, Mrs. J. Vance Perkins, presiding. The report of the nominating committee was heard and

the following slate of officers elected by the membership: Mrs. R. R. Willmann, president; Mrs. J. Vance Perkins, first vice president; Mrs. James E. Phelps, second vice president; Mrs. Arthur Corey, recording secretary; Mrs. Clara Moye Shackell, corresponding secretary; Mrs. George Renfro, treasurer; Mrs. H. S. Ragsdale, historian; and Mrs. J. C. Clifford Jr., reporter.

Delegates nominated by the club to attend the state convention in Goldsboro on April 19, 20 and 21 were Mrs. Vance Perkins, Mrs. George Renfro, Mrs. J. Key Brown, and Mrs. J. D. Messick with Mrs. Dan Vornholt, Mrs. Arthur Corey, Mrs. James Phelps and Mrs. S. L. Daughtridge as alternates.

The club membership voted to support recommendations of a nine man commission asking that a bill be presented in the legislature forbidding the pollution of streams in North Carolina. The bill is deemed necessary from the standpoints of health and conservation.

Contributions were received for the O'Neal fund. Mrs. R. R. Willmann reported on the public hearing before the joint Appropriations and Education Committees of the Legislature held in Raleigh March 3.

A speech clinic for club members conducted by Dr. Lucile Charles of the ECTC faculty was announced. Three sessions are planned, beginning Wednesday evening, March 9, at 8:00. All club members interested in public speaking are invited to attend.

The Greenville Woman's Club voted to enter a national contest sponsored by the National Federation of Women's Clubs and the Kroger Company in which competing clubs will be awarded cash prizes according to the merit of completed projects in community improvement.

Following the business meeting, refreshments consisting of assorted sandwiches, cookies, nuts and spiced tea were served from the tea table which was attractively spread with a lace tablecloth and centered with a bouquet of crabapple and forsythia blossoms. Hostesses were Mrs. J. D. Aman, chairman, Mesdames Robert May, Hortense Moye, Bruce Hooker, Ed Ricks, Louella Stancill, James Worsley, C. T. Mumford, Helen A. Snyder, C. E. Oakley, H. G. Haney, Charles Horne, Bill Sermons, Harvey Ward, W. R. Jones, J. E. Phelps and N. M. Jorgensen. Mrs. W. R. Jones and Mrs. C. T. Mumford presided at the tea table.

Strength FOR THE DAY

FIX YOUR MOUTH. A minister stood before a group of boys and girls and showed them in succession a number of crude sketches of the human face. One was the picture of man whose mouth turned up at the corners in a jolly laugh. Another was the picture of a man, the corners of whose mouth turned down. Pointing to the latter picture the minister asked, "Now, what's the matter with this picture?" and a little girl stole the show when she sang out, "His mouth's upside down." Nothing is more tiresome than the grin which some people keep upon their faces after having read in a book or learned in a course of lectures that it always pays to smile and appear happy. One can always detect that artificial, set smile as soon as it appears, and it is something which is tiresome indeed to behold. But how different the person whose heart appears to be literally bursting with chuckles, whose face is radiant with a smile as bright as morning sun and as natural as the greenery of the landscape in spring. There are some folk whose mouths naturally turn up. They may not be the salt of the earth, keeping their life from going rotten, but certainly they are the sugar of the earth, keeping life sweet amid its manifold complexities. For many a person the word of counsel should be, "Brother, stand before a mirror and fix your mouth; it's upside down."

Around Capitol Square

SENATOR—News of the death of Senator J. M. Broughton shocked Capitol Square more than any event in recent years; but that shock severe as it was, did not prevent immediate speculation about his successor. Governor Scott will make the appointment, effective until the 1950 general election when the voters of the state will elect a senator for the remaining four years of the full term. Incidentally, the 1950 election will be the first in memory of most voters when this state elects two senators at the same time. COMPLICATIONS—The dual election to be required next year adds complications to the selection of an appointee now. Custom dictates that one senator come from the east, one from the west. This is and has been for many years dispute about the east-west dividing line. Senator Clyde Hoy is definitely from the west and his seat in all probability will be filled by a westerner in 1950—either his reelection or a new senator from that area. The late Senator Broughton was definitely from the east, succeeding Senator W. B. Umstead who had been appointed to fill out the term of Senator Bailey, both of whom also were definitely eastern.

sequent elections does not make the post attractive for those who desire to hold on to the office. Within the past fifty years only two senators have been appointed—Cameron Morrison by Governor Gardner to succeed Senator Lee Overman, and William Umstead by Governor Cherry to succeed Senator J. W. Bailey. Both were defeated at the next election. That record leads to prediction by some observers that Governor Scott will not seek a senator who will not be a candidate in 1950.

NAMES—Almost everybody who is of senatorial age and who has had any part in recent political activities has been suggested as a possible appointee. Complete list of those suggested cannot be compiled but it includes Lindsay Warren, Kenneth Royall, Jonathan Daniels, L. Y. Ballentine, Harold Cooley Capus Waynick, L. P. McLendon, Everett Jordan, Mayne Albright, Willis Smith, William T. Jeyner, William B. Umstead, W. P. Horton, Wade Barber, Mrs. J. M. Broughton, Miss Susie Sharpe—and so on through the roster of state citizenship.

PROSPECTS—Some of these suggestions are obviously absurd several have definite probabilities. Some of those mentioned openly fought Scott in the primary, some vigorously worked for him, while others accorded indifferent support. It is axiomatic in politics that awards are made not as compensation for past service but as a guarantee of future support. Most frequently named prospects are Capus Waynick and William Umstead, with Kenneth Royall and Everett Jordan coming next in order. There is neither time nor space here for attempted analysis of prospects. It is easy to get wagers that none of this top four will be named. (Your reporter will put up little money that the new senator will not come out of that group.)

Boyle's Column

By GEORGE TUCKER. New York—(AP)—Max Gordon is not a man for small talk. "Nothing older than yesterday is worth talking about," he says. Now Max Gordon is a famous theatrical producer. He is a man of the world. Statesmen on both sides of the ocean are his confidants. Twice he survived nervous

breakdowns. Once the stock market wiped him out. With his background, Max ought to be able to charm the birds out of the trees if he wished. He has everything a great conversationalist needs—years of rich experience, friends of distinction. But he doesn't go in much for idle conversation. He volunteers nothing. Max was born in the slums of the East Side and his father was pants presser. He began in burlesque, booked acts for vaudeville, and finally became an independent producer in 1930.

Since then his judgment has backed between 60 and 70 shows, among them "Roberta," "Design For Living," "His Master's Voice," "The Shining Hour," "The Great Waltz," "Jubilee," "The Women," "Abe Lincoln In Illinois," "Dodsworth," "My Sister Eileen," and "Born Yesterday." So I went to see him the other day and asked him to talk about himself. "What's there to say?" "Oh, come now, nobody could put on that many plays without having things happen!" "They've been written." "No disappointments?" "I never had any." "Then tell me about your successes."

"If it happened before yesterday, I close my mind to them. I never remember things older than yesterday." "Didn't you once try to get Walter Huston to play 'Dodsworth'?" "Didn't they say he was in Washington? Didn't you ransack the hotels, looking for him? And after you had failed, didn't you run into Huston out riding? Didn't you close the deal on horseback?" "Yes." "What happened?" "Just what you said happened." I knew Max Gordon was frugal with words, but I tried again. "I have heard," I said, "of a young playwright who once sold you a one act play. He needed a \$50 advance to get married, and you gave it to him. Who was it?" "Eugene O'Neill." "That's what I mean," I cried, happy at last to get going. "Tell me more of the Eugene O'Neills, the warmer things of life, the anecdotes, the high spots of your career." "There never was but one Eugene O'Neill." Gordon is a sturdy, compact man, with owlish eyes. They are wide open as he stares at you. He has a framed message from Winston

Churchill on the wall, and a picture of Bernard Baruch. He also has two telephones on his desk, and when they ring he sits there quietly, a receiver at each ear, until the calls are completed. Then he hangs up. This happened while I was there, but he changed the routine. He said, "Okay, I'll meet you in ten minutes." He swung his chair around to me. "This has been going on twenty minutes. How long will it last? I'm hungry." "The chance encounter that Noel Coward could have expanded into a five-act comedy never happened to you, did it, Mr. Gordon?" "No."

The casual luncheon that would have provided Alexander Woodcott with four Sunday night broadcasts didn't either, did it, Mr. Gordon? "It begins to look as if no luncheon is going to happen to me." I hope Max got a good one. With plenty of talking serum sprinkled in his coffee.

WASHINGTON LETTER

By JANE KADS. Washington—There are lots of stories about the late Gen. George Patton, and new stories keep cropping up all the time. Here's the latest: Patton was a lieutenant-colonel in 1940, in command of the Army's Cavalry Post at Fort Meyer, Va. At a Saturday morning drill, a former junior officer of his recalls, Patton suddenly came galloping out on the parade ground shouting "Halt that battery, halt that battery!" He then proceeded to bowl out the battery commander as only George Patton could bowl a man out because the harness adjustments were not right on some of the horses. Another officer came galloping out on the field, the artillery battalion commander, who was junior to Patton. "You can't criticize an officer of mine in front of his men," said the officer, a major. Patton turned a blistering eye on him and in white heat curly ordered: "Both of you report to me at headquarters after the drill." The two, the captain along with the major, marched into Patton's office, not knowing what to expect. They were good friends. Patton and the captain spent their spare time building model ships together. "You know you're wrong," said the major, "criticizing an officer in front of his men." "You're right," said Patton. And nothing more ever was said about the matter.

Church Members Support Rector

New York, March 8.—(AP)—An embattled Protestant Episcopal rector, defying his bishop's order that he vacate a Brooklyn pulpit, has won a vote of confidence from his parishioners.

A meeting of members of Holy Trinity Church voted 261 to 27 last night to oust the nine vestrymen who had petitioned Bishop James P. De Wolfe to remove the rector, the Rev. John Howard Melish, D.D.

The vestry majority acted against Dr. Melish because he refused to curb the "outside activities" of his son and assistant rector, the Rev. William Hoard Melish. These activities include chairmanship of the National Council of American-Soviet Friendship, which is on Attorney General Tom Clark's list of subversive groups.

Two lay parishioners who represent the vestrymen last night said the meeting was "illegal" and would be contested in a civil court.

Dr. Melish, 74 years old and rector of the church for 45 years, told the parishioners after the vote: "We shall go forward in our work with the inspiration that you are behind us. We thank God with a deep gratitude for your support."

Dr. Melish, whose removal would put this son out automatically, had said they both were willin' to step

Cupid At Work In Picket Lines

Los Angeles, March 8.—(AP)—That little man, Dan Cupid, Esq., even walks the picket lines.

Alice Hammerstein, 27, daughter of composer Oscar Hammerstein, and Philip Mathies, 41, a writer, say they plan to marry tomorrow at Santa Barbara. It will be the first marriage for each.

The couple said they met while both were picketing a studio during the 1946 movie strike.

County 4-H Club Members Join In Celebrating National Week

More than 645 4-H boys and girls from all over the county are joining in celebrating National Week with other young people throughout the United States, Alaska, Hawaii and Puerto Rico in observance of the 4-H Club Week. The theme for 1949 is "Better Living for a Better World."

The largest rural organization for boys and girls and has as its main objective the training of rural youths through the 4-H's: Head, Heart, Hands and Health. The 4-H members in Pitt County "learn by doing" some phase of homemaking or agriculture under the guidance of Miss Marjorie Shearin, assistant home demonstration agent, and C. J. Goodmon, assistant county agent.

In observance of the national 4-H week, members of the organization in Pitt county are carrying special projects, participation in special school programs, and presenting radio programs.

Radio station WGTC in Greenville will carry a special 4-H radio program this afternoon at 5 o'clock presented by members of the Belvoir Junior and Senior 4-H clubs. Other 4-H radio programs will be presented at 5 o'clock Thursday afternoon by members of the Bell Arthur junior and senior clubs, and Friday afternoon at the same time by members of the Chicod Junior and senior clubs.

Sit-Down Strike By Coal Miners Still Going On

Callison, Pa., March 8—(AP)—Thirty soft coal miners refused today to leave the mine where they staged a sit-down strike.

The sit-down began yesterday with a total of 60 miners participating. Thirty came to the surface last night but Thomas Knee, committeeman of local No. 1056, United Mine Workers, said the others intended "to stay down there until this thing is settled."

Knee said the miners, employed by the Argyle Coal Company want a "more equitable distribution of work."

The Union official said the sit-down resulted from the fact the company failed to follow a "turn-about" system under which two groups of miners would alternate working hours every other week.

Nebraskans Toil To Defeat Flood

Crete, Neb., March 8—(AP)—College boys and National Guardsmen worked shoulder to shoulder at the dikes today as a flood crest bore down on this southeast Nebraska town.

Already water overflowed several city blocks. The sewage disposal plant was out of commission, and sewers had backed into the high school gym and a creamery.

Evacuated families were being taken to Sokol Hall, the community center. At the city hall, official records were being moved out of the basement and in the city library, books were being moved to the upper floors.

Thomas J. Aron, mayor of this town of 3,038, described the situation as extremely critical. He said four Army Engineers rescue squads were enroute to Crete from St. Joseph, Mo.

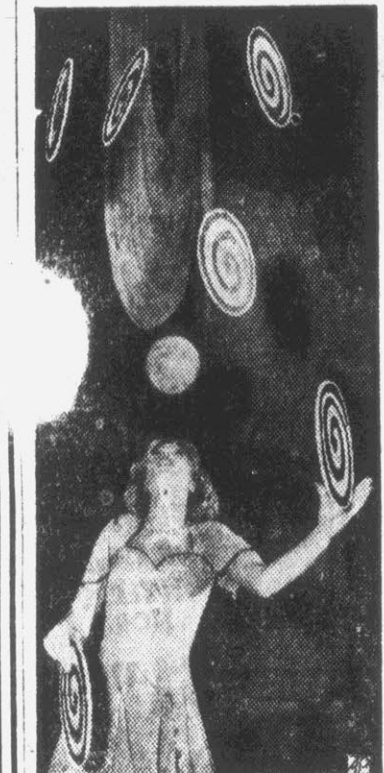

Almost all the male students in Crete's Doane College were already on sandbag duty along with the local National Guard company and Red Cross workers.

Yesterday, the normally puny Big Blue River, swelled to a width of two miles and swept down on Seaward, driving at least 40 families from their homes before the water began to drop. Downstream Beatrice, a city of 11,000 which would get the flood crest after Crete, also looked to its dikes and made emergency preparations.

Other Nebraska streams caused less trouble.

Although the first wallpaper used in America was imported, by 1750 a Philadelphia manufacturer had established a good business in making them.

Comfort with the "custom" touch!

Why do we believe that the new 1949 Lincoln Cosmopolitan is so much more luxuriously comfortable than other automobiles?

Simply because of the many extra "custom" touches this fine car has received—such as these:

- The broad choice of rich interior upholstery—and the elegant appointments you're offered.
- The deeper, more restful, foam-rubber cushioned seats you enjoy—and the ample leg room in front of them.
- The exceptional one-piece curved safety glass windshield almost five feet wide! (What a comfort to your eyes as you drive!)

—The push-button windows! (This is so luxurious an automobile, they're "standard equipment.")

—The superbly smooth, ultra-relaxing ride . . . and that heavenly soundproofed freedom from road noises.

—The comforting safety of those powerful new brakes—unsurpassed for safe, gentle stopping.

—The thrilling smoothness of that powerful, yet thrifty great new Lincoln V-type "Eight"!

Here is motoring comfort at its very finest. Why not enjoy a thrilling sample of all this comfort soon? You can drive a Lincoln Cosmopolitan for the asking! Just call us today!

Big Parade To Be Highlight In Spring Opening Event Thursday

One of the highlights of Greenville's Spring Opening Thursday, Friday and Saturday will be the mammoth parade to be staged here Thursday afternoon at four o'clock. The big parade ushering in the spring season will include the Greenville High School band, East Carolina Teachers College band, Eppes High School band and will feature giant balloons in the form of rabbits, eggs and Humpty-Dumpty, suggestive of the approaching Easter season.

Children under 12 years of age in costume, will take part in the parade and prizes will be awarded for the best costumes. Prizes will include a scooter, doll, tricycle, pair of shoes, live rabbit, Bon-bonies and other articles that will please the children.

A committee from the Junior Woman's Club, Mrs. Clay Burnette, Mrs. Kenneth Mercer, Mrs. Sam Weeks and Mrs. E. K. Allen, will act as judges.

The parade will usher in Greenville's Spring Opening that will continue through Friday and Saturday. Leading merchants in every line of business will have special displays of new spring merchandise.

Numbers for the children that will participate in the parade can be secured at the Merchants Association office, City Hall, or mothers may call and be assigned a number to be used by her child.

Pictured above is Humpty-Dumpty, one of the giant balloons that will feature Greenville's Spring Opening parade here Thursday afternoon at 4 o'clock.

Light Dockets In Police Court Here During Past Week

Unusually light dockets have featured the Police Court here the past several weeks. Only eight cases were called at yesterday's session. Judge J. W. H. Roberts presided.

Hubert Drewery, colored, convicted of assault on a female, was given six months on the roads, sentence suspended on condition that he pay \$25 fine, and he was placed on probation for two years.

Mrs. Harry Baraky was fined \$10 for crashing a red traffic light.

Amos Williams, colored, paid \$14 for a traffic violation.

Fredie Hodges paid \$10 for not stopping at a "stop" sign.

Henry Harris, colored, paid \$25 for not having a driver's license.

Robert Harrington, drunk, was given 30 days on the roads.

Charles J. Ellison, colored, reckless driving, \$20 and his driver's license was ordered revoked for three months.

A Real Relief For Stomach Distress, Acid Indigestion

Yes, this fact has been time-tested and proved by Doctors. Better days will be yours, too. So why wait when there is no need to continually swell-up like a balloon and feel miserable after every meal.

An appetizing portion of SSS Tonic before meals does wonders for the stomach. This famous medicine contains no soda or other alkalis, which usually retard digestion. Instead, SSS Tonic with its highly potent ingredients works to tone-up the stomach so it may release its own digestive juice (hydrochloric acid) to break-up food for body use and tissue repair.

SSS Tonic has helped hundreds of thousands of people, without any organic trouble or focal infection, to really feel better, more vigorous, better able to enjoy living. Take none less than this effectively-proved medicine to relieve your misery. Take SSS to tone-up your stomach, when the appetite bulge-up blood strength! Get SSS Tonic from any drug store today. Only Two Vacancies In Invitational Remaining

Being Tendered To CCNY And San Francisco Eastern N.C. Lineup Almost Set

March 8—(AP)—With minor and sectional bids already under way, the post-season basketball picture was rapidly taking shape today.

Only two teams remained to be selected for the National Invitational Tournament which is scheduled for Madison Square Garden March 12-14-15. The bids were tendered to the City College of New York and San Francisco yesterday.

The C.C.N.Y. selection came somewhat as a surprise, for many observers figured the Beavers would have to get over New York University in the Garden tonight before being picked. However, Asa Bushnell and his committee, apparently figured Nat Holman's crew was the class of the metropolitan area with or without a loss to N.Y.U.

City College with 17 victories and six losses and San Francisco, which sports a 21-5 mark, thus join Kentucky, Western Kentucky, St. Louis and Bradley in the N.I.T.

The Eastern N.C.A.C. lineup is almost set, too, with the official selection of Villanova for the district two place.

The Wildcats dumped Georgetown, 65-57, last night.

The other three Eastern spots have been taken by Yale, Ivy League leader; Kentucky, which will play in both the N.C.A.A. and N.I.T. tournaments; and Illinois, the Big Nine champion.

The western teams have not been decided as yet although Wyoming seems a shoe-in for district seven. The other three, however, still are in doubt.

Rivals Torgeson For First Base

Bradenton, Fla., March 8—(AP)—Surprise of the Boston Braves' training camp is Ray Sanders. In the off season Earl Torgeson was conceded the first base duties. But Sanders, a first sacker who was out of the game all of 1947 with a broken arm and who made a shaky comeback in the minors last season, is hitting the ball harder and farther than any other candidate for the National League champions.

PLAY FOR TITLE

The New '49 PONTIAC

North...South...East...West America likes Pontiac best!

In their own words below, the automotive editors of America's leading newspapers graphically record the nation-wide triumph which the 1949 Pontiac scored on its introduction a few weeks ago. Read what they say. Then come in and see the great new car that has created the greatest public enthusiasm in Pontiac history.

San Francisco: "Pontiac's 'forty niners' shot quickly into popular favor on their initial showing here. Their 'new look' and astonishing low price tags winning immediate approval and rightly so from record crowds because of these two features to say nothing of their mechanical advancement and improved riding qualities."

Detroit: "Public reception of new Pontiac was up to the highest expectations of company's officials. It looks like another good year for the division judging by customers' enthusiasm."

New York: "Beauty of appearance combined with advanced utility and styling of Pontiac models drew much attention from big crowds at dealers' showrooms in New York."

Los Angeles: "Despite 15-degree weather thousands of fashion-conscious Dallasites kept Pontiac dealers' showrooms filled throughout Introduction Day. They were impressed with new styling key-note enthusiastic approval."

Chicago: "Public reception of new Pontiac was up to the highest expectations of company's officials. It looks like another good year for the division judging by customers' enthusiasm."

Sport Slants by Pap

Swift Sophomore

Proud papas of promising young athletes might well follow the example of Robert C. Mealey, Sr., father of the sensational sophomore Cornell track ace who romped off with the National A. A. U. indoor 1,000 yard championship. Young Bob turned in the fastest time of the current indoor campaign for the 1,000 yard run, 2:13.9, in his surprise triumph over Marcel Hanenne, of France, and others in the star-studded field.

Papa Mealey had been an outstanding runner for Loughlin Lyceum and the 13th Regiment right after the first world war and his coach was the famous Peter L. Walters.

Cincinnati's Hopes Lie In Blackwell's Showing

Tampa, Fla., March 8—(AP)—Ewell Blackwell is the big "if" of the Cincinnati Reds in their first spring training season under Manager Bucky Walters.

Little hope for improvement in the Reds' seventh-place finish of last season can be seen unless the ailing Blackwell, who reported some 15 to 20 pounds overweight, can gain a semblance of his 1947 form.

Thin and gaunt after undergoing a serious kidney operation as recently as Jan. 20, Blackwell probably won't be able to take a turn on the mound for several weeks. He's sure he'll be as good as ever.

It was Blackwell's arm trouble, dimming his record from 22 wins in '47 to a poor 7-9 season last year, that ruined the Reds and forced Johnny Neun to retire as manager. The entire club was built around Blacky. When he failed they all went down.

Walters, immersed in the details of running his first camp, is trying to protect the Reds against another Blackwell disaster. He has high hopes that Blacky will make it but he's making other plans—just in case.

Those other plans involve younger pitchers—fellows like Harry Perkowski who won 22 at Tulsa, Bud Lively who had a 15-4 mark for the same Texas League club and Eddie Brant, the fireballer with a 15-victory year at Syracuse to recommend him.

If the need arises, Walters may take a turn on the hill. He hopes it won't be necessary but he's preparing for all emergencies.

The Pacific Ocean covers one-third of the earth's surface.

Hall Of Fame

Chapel Hill, March 8—Photographs of two of the University of North Carolina's great basketball players of the past and of its brilliant 1924 team will be hung in the famous Helms Athletic Foundation's Hall of Fame at Los Angeles.

A request has been received by the University to forward these pictures to the Helms Foundation.

The two players are Jack Cobb, picked by Helms as "player of the year" in 1924, and George Glamack, named "player of the year" in 1940 and 1941.

'Hot Potato' For Bowling Bosses

Atlantic City, March 18—(AP)—The executive directors of the American Bowling Congress begin today a three-day meeting with a "hot potato" in their hands.

They are to decide whether or not to recommend admission of Negroes and other colored men to the congress.

In the past two years they have opposed a change in a constitutional clause that restricts membership to "individuals of the white male sex."

Pressure brought to bear on the ABC for a change has strengthened considerably in the past year. One ABC official said the pressure will get stronger if delegates to the ABC convention Friday vote to keep the restrictive clause.

Yesterday Johnny Small, 42-year-old Chicagoan rolled into first place in the all-events with a 1941 total. He paired with Carl Berger to land second place in the doubles with 1294. He tied the individual high single with a 289 game and established an individual high three game score by totaling 722.

Top Track Stars Compete May 28 In Atlanta Meet

Atlanta, March 8—(AP)—The top track stars of the Southern and Southeastern conferences will compete May 28 on the Georgia Tech track in their first inter-conference meet.

Track committees of each conference will pick teams, normally selecting the first, second and third finishers in earlier conference meets.

Fifteen events—six field and nine running—will be included in the Atlanta meet.

In 1933 twelve colleges in Louisiana, Kentucky, Tennessee, Georgia, Florida, Alabama and Mississippi divorced themselves from the Southern conference and named their new league the Southeastern.

Colleges in Virginia, Maryland and North and South Carolina retained their Southern grouping.

Prior to the 1933 break up an annual track meet was held but the two conferences never have competed directly against each other. This year's meet is expected to be the first of annual events.

Officials Named For Durham Play

Durham, March 6—(AP)—Officials for the state-wide high school basketball tournament opening in Duke's indoor stadium here Thursday afternoon were announced today by L. J. (Hap) Perry, executive secretary for the North Carolina High School Athletic Association.

The officials chosen to work the three-day cage carnival are Jerry Husser, Mocksville; Reed Staton, Winston-Salem; Frank Murray, Chapel Hill; Jim Hayworth, Chapel Hill; Joe Mills, Apex; and Jim Mills, Raleigh.

Mexican League Raps Raids By U.S. Clubs On Their Top Players

POOL-SIDE SERVICE—Ted Clark, keeper at the Lincoln Park Zoo, Chicago, feeds herring to Betty, an 11-year-old sea lion he trained to stand on her tail while eating.

Mexican City, March 8—(AP)—Turn about's not fair play—no! When U.S. baseball takes Mexican players, say the Mexicans.

Three years ago the ambitious little Mexican league was raiding U.S. clubs for players. Now, says the league, U.S. minor league clubs are enticing away their home-grown swatters and fielders. And they want it stopped.

Eduardo Quijano Pittman, president of the Mexican league, said yesterday he had been writing about it for two months to U.S. baseball boss A. B. Chandler and George Trautman, top man of the minors. Chandler's secretary said Sunday the czar was ready to tell U.S. clubs to stop it.

The Mexicans are specifically wroth up about two cases—Jose Bache, shortstop under contract to the Nuevo Laredo, Mexican club; and Felipe Montemayor, Monterrey's outfielder. They showed up in uniforms of the Los Angeles Angels for an exhibition game against Oakland Sunday.

The Los Angeles club said they were only there for a try-out. But Mexican fans asked: "Why a try-out if they aren't thinking of signing them?"

Quijano, who succeeded Jorge Pasquel as president of the Mexican league, said the raiding started last year. His bill of complaint said Beto Avila jumped from the Puebla, Mexico, club to the Cleveland Indians, while Ciudad Juarez snared three players from other Mexican clubs.

Ciudad Juarez, in Mexico, counts as a U.S. club because it is in the Arizona-Texas league. Quijano said more than 25 Mexican players have been signed by U.S. minor league clubs this year.

About 30 U.S. players jumped to Mexico in 1946-47. Most of them were banned from U.S. baseball for five years and none of them are here now.

Report Comedian 'Seriously Ill'; Ordered To Rest

Philadelphia, March 8—(AP)—Comedian Joe E. Brown is described as "quite ill" today as a result of recurring malaria, contracted while entertaining American troops in the South Pacific.

The entertainer who made an asset of an oversized smile was forced to quit the cast of Mary Chase's stage comedy, "Harvey," yesterday. James Dunn took over the leading role of Elwood Dowd, the tipsy character with an imaginary rabbit.

Brown's physician, Dr. Louis Chodoff, said the 56-year-old comedian must remain in his quarters at the Ritz-Carlton Hotel for several days of rest.

Along with the late Ernie Pyle Brown was awarded the Bronze Star for meritorious service in entertaining troops during World War II.

'Banished' Players Split Over Struggle In Courts

New York, March 8—(AP)—Baseball's chastised children—the players who jumped to the Mexican league—were divided today on the course to follow in the game's struggle in the courts.

John L. Flynn, New York attorney, said suits totaling millions would be filed sometime today in behalf of a group of men on the banished list.

He declined to identify the players or say how many are in the group. He conferred at length yesterday with pitchers Max Lanier and Fred Martin, formerly of the St. Louis Cardinals.

Meanwhile, Mickey Owen, former Brooklyn catcher who also is one of those sweating out five-year suspensions, has been carrying on a vigorous campaign to influence his companions to forget about the courts.

"We all want to play baseball, and it's a cinch we never will again if we try to sue the game," Owen said.

There has been talk that baseball commissioner A. B. Chandler might lift the bans.

Owen said Flynn had contacted him, promising a good thing but "I turned him down."

Kentucky Is Voted Basketball Title

Final Associated Press Poll Tabs Wildcats As Tops; Receive 136 Of 161 First Place Votes

New York, March 8—(AP)—Kentucky's Wildcats are national collegiate basketball champions of the 1948-1949 season and Illinois, Villanova, UCLA, Wyoming and Rice join them as leaders of their own particular ballclubs.

These were conclusions of the final Associated Press poll, in which 161 writers and broadcasters throughout the country made their picks on both a national and sectional basis.

They were asked to vote for the top ten teams in the country and the top five in their own regions.

The Olympic-seasoned Kentuckians, who appear headed for one of the greatest sweeps in college cage history, won the No. 1 national spot hands down, surprising no one.

They received 136 of the 161 first place votes and wound up with a total of 1946 points that left the other teams straggling behind in this order: Oklahoma A. and M., St. Louis, Illinois, Western Kentucky, Minnesota, Bradley, San Francisco, Tulane and Bowling Green.

Sectional sentiment offered some interesting departures from the overall selections but not in the case of Kentucky which held its own in southern voting.

The Wildcats clinched first place in the South standings with 28 of the 27 first place votes. Western Kentucky, a brush state final the Cats don't play during the campaign, got the other two.

Villanova, which clinched the second district NCAA tournament bid last night, was a heavy favorite in the east, scoring 164 points to 112 for Yale and the Elis' Tony Lavell.

Take A Break

Chapel Hill, N.C., March 8.—North Carolina's Blue Dolphins, winners last week of the Southern Conference swimming championships for the seventh time in eight appearances, are taking it easy this week but plan to go to work soon for the NCAA championships here March 24-26.

The team will pass up the Eastern intercollegiate, scheduled at Princeton University March 18-19. "Our boys are not in the best of shape," Coach Ralph Casey said, "and I want to have them ready for the NCAA. They will be swimming against the best in the land then, including Olympic champions, and we would like to be able to do a little something although I doubt if we have much chance."

Bethel Dropped By Clayton Five

Wilson, March 8.—The Clayton High School basketball team won its way into the State Class B final last night by eliminating the Bethel five, 34-33, here in ACC gym before a capacity crowd.

Guard Charlie Wall, who scored only one point during the game for Clayton, dropped in his free throw for the game-winning point with only 30 seconds remaining game to break a 33-33 tie in favor of Clayton.

The Bethel quint had a 16-14 edge at halftime.

Bobby Poole led the Clayton scoring with 15 points, and Bill Smith led Bethel with eight points.

Lineups: Clayton (34)—forwards Gully 5, Poole 15; centers, Underwood 4; guards, Bagley 7, Barbour 7, Wall 13; forwards, Hemingway 2, House 1; centers, Smith 8; guards, E. Keel 7, Whitehurst 6, W. Keel 7, Tetterton 2.

BRYAN BROWN HOST TONIGHT TO KIWANIS DIRECTORS

J. Bryan Brown, manager of the Colonial Oil Company, and a director of the Greenville Kiwanis Club will be host at supper to the officers and directors of the Kiwanis Club at the American Legion Home, on Evans street, tonight at 7 o'clock.

It is an old custom in Kiwanis for an officer or a director to entertain the officers and directors at the monthly meeting either at their home or elsewhere for supper.

Although annually rated as a basketball power, the University of Kentucky has not had an undefeated cage season since 1911-12.

Tennessee's basketball team has defeated Kentucky more times than any other cage squad—27 times in 80 tries.

Yale had the better national rating. Kentucky finished the regular season and its successful Southeastern Conference tournament bid with 29 victories and one defeat.

The team will try for a grand slam by playing in both the national invitation and NCAA tournaments, the two major post-season tests.

Carolina Fighters Win First Bouts In Eastern Golden Gloves Tourney

New York, March 8—(AP)—Four fighters representing the Carolinas fought their way past opponents in first round battles in the Eastern Golden Gloves Tournament of Champions here last night. But two other Carolinians were outpunched.

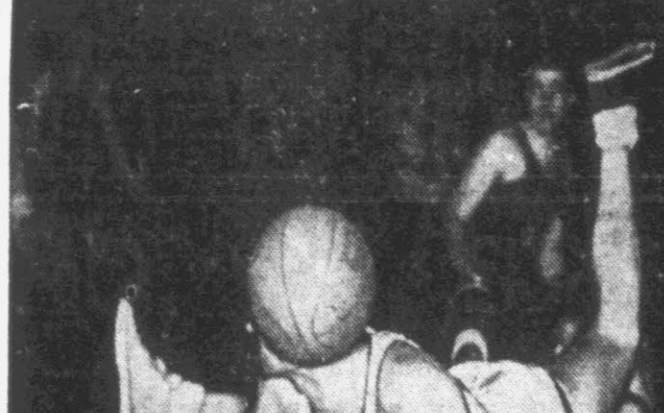

Charles McCollum, light heavyweight of the 506th Airborne Infantry of Fort Bragg, scored one of the tournament's biggest upsets. Belted around freely in the first round, the paratrooper staged a game comeback to win a three-round decision over Israel Quicon, defending champion from Puerto Rico.

American League Said Financing Buying Of Club

Sarasota, Fla., March 18—(AP)—A usually reliable baseball source today said the American League financed the De Witt brothers' purchase of the controlling interest in the St. Louis Browns a month ago.

Bill and Charlie De Witt, who on Feb. 2, bought the 56 per cent of the stock which Richard G. Muckerman owned, received a loan of \$300,000 from the American League the source said. There is no restriction in the baseball code against such action.

In all, the De Witts gained the majority stock for \$935,000 of which they did not pay a single cent out of their own pockets. He added:

"The De Witts paid off a \$200,000 note owned by the Brown management with part of the money they got from the American League. They also made the initial payment of \$100,000 to Muckerman. He still holds the rest of the notes, totalling \$835,000.

"The American League has become the first mortgagee. As I understand it, the league must get its money first before Muckerman can begin to collect. If the De Witts can't pay, the league can take over the franchise.

"One of the provisions the De Witts had to accept in order to be granted the loan was that they couldn't sell another player to a rival club without the consent of the league. That probably is why they were forced to back down on the sale of Bobby Dillinger and Gerry Priddy after getting feelers from several clubs."

The informant predicted the De Witts may move the franchise to the Pacific coast in a couple of years.

Big Kansas City Cage Marathon Gets Under Way

Kansas City, March 8—(AP)—Sixteen more teams jump into first round play today in the National Association of Intercollegiate Basketball Tournament.

Eight games also were played yesterday to start the six-day cage marathon.

Advancing to the second round yesterday were Emporia (Kas.) State, St. Thomas of St. Paul, Brigham Young University, Eastern Illinois College, Hamline University, San Jose (Calif.) State and Indiana Central.

Hamline, NAIB champion in 1943 and the most highly regarded team in this meet, rolled over Arkansas State of Jonesboro, 76-43.

In other first round games, the Emporia (Kas.) State Hornets whipped Mississippi Delta State, 67-57, with a strong rally in the last nine minutes of play.

The Indiana State Sycamores, whipped by the University of Louisville (Ky.) in the finals last year, beat Eastern New Mexico College, 60-42.

New Farmville High School Band Is Developing; Will Parade At Raleigh

Farmville, March 8.—Organized in September, the Farmville high school band is rapidly developing into a polished outfit. The band gave a concert 7 weeks after practices were started and just before Christmas the band paraded through the business section of town, "drumming up" support for the drive to purchase uniforms.

The uniforms arrived a few days ago and the band made its first full dress appearance Wednesday night at the gymnasium in a program which featured basketball games between the Kiwanians and Rotarians, and another game between the Jaycees and the GIs. The band played Friday and Saturday nights of last week at the Pitt County basketball tournament in Greenville.

On Friday, March 11, the band will give a full length concert in the high school auditorium. About two weeks ago 20 members of the band participated in a band clinic at East Carolina Teachers College, Greenville, and several of the local bandmen played in a concert presented by band members from all over eastern North Carolina.

The band has accepted an invitation, presented by Frank I. Watson, potentate of the Sudan Temple of the Shrine, to participate in the Shrine parade to be held in Raleigh on Thursday, May 19.

Principal Sam D. Bundy states the school is grateful for the cooperation of the individuals, clubs and all who have generously supported the band.

The 60 boys and girls in the band have worked hard and have shown an unusual amount of interest. N.C. Maenhout, the band director, has been diligent in his efforts to produce a band here. Much of the success of the band can be attributed to the time, talent and efforts he has expended.

All in all, the organization and development of the band have been a splendid example of cooperation on the part of the townspeople, the pupils and the faculty.

Rotarians Hear Of Trip Abroad

By WYATT BROWN

The Rotarians were entertained last night by a recounting of the visit to Europe during the Christmas season of Frank M. Wooten, Jr. Mr. Wooten said he was no expert on Europe nor did he stay long enough to have an opinion about the significance of what he saw but that he would just relate what he saw and heard. His travels took him to London, Paris, Monte Carlo and several places in Switzerland.

R. E. (Dick) Evans was a guest of the club. Leo Grutch of Graham was a visiting Rotarian. A. R. Barrett was greeted as a baby Rotarian. James Fleming presented the program. Ernest L. Willard, club president, presided.

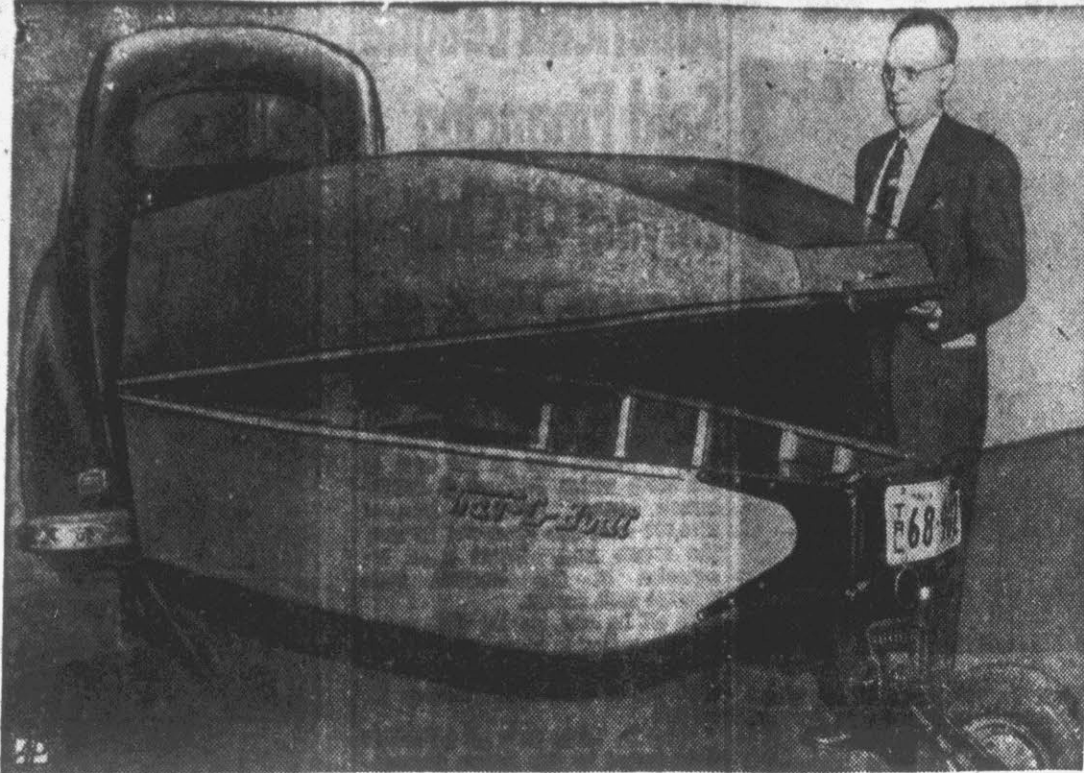

Mrs. Polly Little told the Rotarians about the Service League sponsored marionette show to be in Greenville April 4 and 5. She urged the Rotarians to come and help themselves stay young and to contribute to the purchase also of tickets for children who would be unable to afford one. Such free tickets she explained would be handled quietly by the principals of the different schools. The quality of the show would be of the best, she said, since they had carefully investigated the performance and performers from every angle.

Boy Starts His Life Sentence

Lewiston, Idaho, March 8.—(AP)—Mike Foley, a 15-year-old Idaho farm boy, began serving a life sentence today for the shotgun slaying of his mother.

The youth pleaded guilty to second degree murder. He also admitted shooting his 12-year-old brother to death because he "didn't like them."

Chief Goes West

Waverly, Tenn., March 8.—(AP)—Chief Eagle Feather says his wife can keep her scalp—he's buried the hatchet and is headed west.

The white-haired patriarch, just three years short of a hundred, is moving to quieter stamping grounds where he won't be bothered with legal or matrimonial troubles.

According to Sheriff Trent Westbrook, the chief became involved with the law the other day when he tried to remove his wife's scalp with a knife during a quarrel. Neighbors arrived barely in time to keep Princess Silverheels' hair intact.

The princess had the old Cherokee hauled off to jail on an assault charge.

The next day when the princess withdrew the charge, the chief told the sheriff that Silverheels was hiding stolen corn and swore out a warrant charging larceny.

Silverheels was arrested, says Westbrook, but was released pending the court hearing yesterday.

At that time Eagle Feather and Silverheels appeared before Magistrate Joe Parks, and agreed to drop the charges against each other.

Soured by all this, the chief declared glumly he will "sell out" and head west, maybe to see a son in Indianapolis. Wherever he goes, he grunted, he will go alone. No squaws will be allowed.

Greenville Police Investigate Robbery

Greenville police are investigating a breaking and entering robbery at the home of Henrietta Stell, colored, 310 East First Street, some time between midnight and dawn today.

Police said the robber cut a screen and raised a window to gain entrance to the house and took \$12.50 from Henrietta Spell's pocketbook. The family was away from home at the time.

Her husband's earnings as a convict laborer average seven pence (11 2-3 cents) weekly.

Man-Made Frost Is New Boon To Cotton Farmers

Los Angeles, March 8.—(AP)—Out of chemical laboratories has come man-made "frost" to aid the cotton farmer.

Defoliants which cause the leaves to drop from the cotton plant, facilitating the harvest, were described to the National Cotton Council's eleventh annual meeting yesterday by Elwood H. Smith, Casa Grande, Ariz., grower.

Accuse Three Of Kidnaping Negro

Opelousas, La., March 8.—(AP)—Three white men have been charged with kidnaping a Negro who told officers he broke away after they snatched him from a jail and flipped a coin to see who would lynch him.

Sheriff Clayton Gullbeau said the charges were filed yesterday against the three 24 hours after the abduction which brought swarms of deputies speeding to the scene.

He said the charges were filed against Maxile Savoy, Ariel Ledoux and Edward Miller, of near Eunice La., in this northern fringe of the French Cajun country.

The Negro, 22-year-old Edward Honeycut, has been placed in a Baton Rouge jail, about 40 miles to the east of Opelousas, for safe-keeping.

Honeycut is charged with rape in a case involving a white woman. District Attorney J. Y. Fontenot said.

The Negro gave himself up to a marshal in Krotz Springs, La., after he escaped from the white men on the banks of a river 30 miles away.

Sheriff Gullbeau said he believed only the three men were involved. Each man is held under \$5,000 bond he added.

harvest is well along or completed by the time real frost can be expected to defoliate the plants, Smith said. Defoliation by chemicals enables machines to harvest a higher percentage of cotton with less leaf trash, considerably improving the grade of the lint cotton.

European Money Bill Is Approved

Washington, March 8.—(AP)—A bill promising the nations of western Europe \$5,800,000,000 in second year Marshall plan aid has successfully passed its first major hurdle in congress.

The measure, authorizing the full sum asked by the Economic Cooperation Administration, was unanimously approved late yesterday by the Senate Foreign Relations committee.

Start Selecting Jury For Trial Of Top Communists

New York, March 8.—(AP)—Selection of a jury has started in the conspiracy trial of eleven top Communist leaders after almost two months of argument and bitter wrangling.

Defense lawyers scraped the bottom of the legal barrel yesterday in a last-ditch fight against starting the actual trial.

But federal judge Harold R. Medina turned down a batch of motions and called in a group of prospective jurors.

The panel of 60 that walked into

court included four Negroes and about 20 women—two of the groups the defense has charged are discriminated against in jury service.

Almost all the time since the pre-trial proceedings opened Jan. 17 had been consumed by the defense's unsuccessful attack on the jury-picking system.

Court was adjourned after three of the panel had been excused from service for personal reasons. More prospective jurors will be examined today.

The judge told the panel the trial might last two months or more.

The Death of Bright Angel

Chapter 31
The waterway was as Don Fernando had described. A sluggish stream, more like a backwater of the river than a separate entity. The Alligators lay along the shore, or moved like reluctant logs stirring to life at their approach. Birds thronged the trees, waterfowl clustered on the lake.

A native pilot went with them, for there was plenty of water, but there were shoals and snags for the unwary. At the edge of the lake, almost invisible from where the ship passed, something caught Rivers' eye. He surveyed it through the glass with mounting interest.

Half-hidden by vegetation, partly in the mud and water, was the remains of a big boat. The pilot explained its history.

"It was French," he grinned. "A longboat, with a twelve-pounder in it. They sneaked up here, figgerin' to teach us a lesson for the disrespect we showed 'em. The surprise was on the other foot. She's been layin' there wrecked for near a year. The gun's still there, just above the water-line—you can see the sun on it."

Donna Dolores approached, and shivered as she looked about at the encircling woods.

"With you, I am happy to be here," she said. "But otherwise I do not like it, Fernando. It is so lonely. Like—like as if one was going into a trap. You can almost see it closing behind."

That was too apt a description for comfort. And Don Fernando, he knew, would have no scruples if it suited his plans. Yet he had brought the Gay Countess in here ahead of them. If they could go in, they could come out again.

Dusk was upon the land when they sighted the Countess at anchor. There was a long, log warehouse, with other buildings clustered about. Overflowing and spilling out around them was produce—aromatic, not particularly friendly to unattended nostrils, but representing a fortune left to rot unless it could soon be moved.

They spent the night on board, but were stirring an hour before dawn, Rivers being mindful of getting out of town before anyone should be abroad to wonder at his appearance. Birds were singing, and there was the sound of a rooster crowing—a familiar sound which seemed somehow out of place, back in here.

The wagon was waiting, with a good looking team hitched to it. A Dutch wagon, well-built for such all but roadless lands. They journeyed past occasional cabins where settlers greeted them with a frank and friendly interest.

Not the least pleasant part was cooking their meals over an open fire. At which task Donna Dolores proved surprisingly adept.

"Do you not think that I would make a good pioneer?" she asked. "Oh, I like this country—I would like to be one of these people to tame it."

about himself. And other events were on the march.

It was dusk when they came back to the warehouse. Rivers had timed their arrival so that he would not be conspicuous. Now his glance sharpened in the fading light, and he drove the remaining distance at a faster pace.

It was Donna Dolores who voiced the question, with a faint echo of the dismay which had so suddenly come to him, in her voice.

"The ships? Where are they, Fernando? They're gone!"

Urges Modification Of Old Inspection Program

Greenville, N. C., March 5—(P)—The committee for traffic safety has urged the legislature to set up a new inspection program to take the place of the old one which it killed last year.

At its first meeting since it was reappointed by Governor Scott, the committee urged creation of a state committee to study establishment of traffic violation bureaus or traffic counts to handle traffic violations.

The group specifically gave backing to an inspection program such as that embodied in a bill by Senator L. E. Fountain of Edgecombe and opposed proposals to have the job done by the State Highway patrol or by private garages.

The Fountain bill, which would have required one annual inspection and put at least one state-operated inspection lane in each county, was rejected by the senate roads committee last week after it adopted a substitute measure calling for inspections to be handled by the Highway patrol.

At a conference with Governor Scott, a delegation from the committee got his approval of the group's

Southern Solons Ready For Full Day Of Talking

Washington, March 5—(AP)—Southern Democrats—given a breathing spell today by a western Republican—squared off to talk for a full day each in the Senate's filibuster.

By agreement with the southerners, Senator Cain (R-Wash) was given time for a lengthy attack on President Truman's nomination of Mon C. Wallgren as chairman of the National Resources Security board.

Cain may be good for most of today's session, which Democratic Leader Lucas of Illinois plans to keep going into the night in the first get-tough effort to break a talkathon.

When Cain gets through, the southerners had Senators McClellan of Arkansas and Lyndon Johnson of Texas on tap for talk about a motion by Lucas to take up a proposed change in the Senate rules.

Catawba Loses Old Story Teller

Hickory, N. C., March 5—(AP)—Death has stilled the tongue of one of Catawba County's favorite story tellers.

John Wesley Seagle, who had been active as a cobbler until he was 93, died yesterday at the age of 101.

His memory supplied him with many tales of pre-Confederate war days and he often retold stories, related to him as a boy, of North Carolinians who left for California's gold rush in '49.

Health Department has moved into the Skinner building, corner of Third and Washington Streets.

The Health Department was authorized to go ahead with the annual insect control program and an additional \$500 for the purchase of another truck. The fund will be supplemented by the state in order to provide a more extended program.

The register of deeds, county accountant and county attorney were authorized to act in the disposition of dead and semi-dead records in their respective departments. The action has already been approved by the state department of archives and history.

The tax supervisor was directed to proceed with suits for delinquent taxes and conduct land sales where necessary for collection for taxes for 1945, 1946 and 1947.

Additional insurance on the courthouse building and equipment was ordered purchased.

Resolutions approving two Chicod township roads to be placed in the state system were approved. Petition for the Cannon road was presented by M. W. Smith and petition for the road "leading from Gaskins road to the Lamb-Lovick place" was presented by B. N. Worthington.

Several minor routine matters also received attention of the commissioners.

Credit Women To Organize Club In Greenville

By CHESTER WALSH

Plans are being worked out for the organizing of a Credit Women's Breakfast Club in Greenville, and the project has been endorsed by the Merchants' Association. Incidentally, the Rocky Mount Breakfast Club is sponsoring the movement here. The club would be a member of a national organization which was organized for progressive civic activities in 1930. The first assembly here will be a supper meeting at the American Legion Home Monday night, March 14, at 7:30.

Qualifications for membership is extended to women engaged in credit activity who desire to better fit themselves to perform their duties and to increase their knowledge of methods and procedures of credits and collections. The great objective of the association is to stimulate good thinking; increase knowledge of the principles of courtesy, service and understanding. The purpose of the Credit Women's Breakfast Club is to make women more open-minded and receptive to progressive ideas. The club will help women to better evaluate their own work and to exchange knowledge of their own experiences, and project ideas which will tend toward making them more efficient in their work.

Executive Secretary Cora S. Powell of the Greenville Merchants' Association suggested today that women employed in credits attend the meeting of the Credit Women's Breakfast Club's first meeting. She said that the Rocky Mount and Goldsboro clubs will be represented at the meeting here March 14, at 7:30 p.m.

Ask For Coal

Berlin, March 5—(AP)—Blockaded West Berliners, shivering in a belated cold wave, are asking for more coal.

So far, there is no official indication that they will get any. The average Berliner has received only about 27 pounds of coal all winter long. He has had to heat his home almost entirely with firewood. Officials tried to conserve the meager amounts of coal which can be flown in over the Russian blockade.

It was an unusually mild winter here and Berliners didn't complain much—until the cold wave hit last week. Then they began to protest.

Her Allergy Puts Dog In Doghouse

Oklahoma City, March 5—(AP)—Scottie's nothing but an eye sore to Margaret Ryan.

The dog has dandruff and doctors say Miss Ryan is allergic to it. That means Scottie will have to swap his comfortable place on the living room rug for the doghouse his 17-year-old master, Tommy Ryan, is building.

Right now he's stopping at a dog hotel—but he isn't the only one who has moved out.

Miss Ryan is living in a hotel until all traces of Scottie and his dandruff are removed from the household.

The young church secretary developed an ulcer on the corner of her eye three months ago. An operation healed immediately and doctors moved her to a downtown hotel.

A bit homesick, she returned home to visit her parents. Three hours later she was back in the hospital with another eye ulcer and another operation.

Home is in her heart but right now it's where she hangs her hat and will be until Scottie gets in the doghouse.

take advantage of a state and national tragedy to further any personal ambition."

The governor said he would not act hastily in naming the successor to Broughton who died in Washington Sunday. He said that names of a number of "well-qualified" candidates have been presented to him and he would take time to consider them all.

Scott said he received about 1,000 telegrams yesterday in addition to phone calls suggesting a successor to Broughton and he remarked that "evidently there is some sort of campaign on."

He said that it seems to boil down to "about 12 names," adding "we have all the pressure we can listen to and will be unable to acknowledge" all the messages his office has received on the subject.

There was a pile of unopened telegrams on the desk of Charles Parker, the governor's secretary, this morning.

The governor asserted he definitely would not fill the vacancy this week.

Suicide Ruled In Plunge To Death

Sanford, March 5—(AP)—Dr. J. H. Byerly, Lee County coroner, yesterday made a ruling of suicide in the death of Benjamin Wicker, 20-year-old Negro.

Sheriff Glenn Buchanan said Wicker dived into a 45-foot well Sunday and broke his neck.

The youth's father, Will Wicker said the youth was not normal mentally.

Hints Successor For Sec. Royall

Washington, March 5—(AP)—Senator Brewster (R-Me.) said today "it's a pretty good guess" that John S. Franklin, New York shipping official, will be named to succeed Secretary of the Army Kenneth C. Royall.

Brewster said last week that Royall's resignation could be expected within a month. Persons close to President Truman have hinted that it probably will be announced by the White House April 1 or 15.

The diplomatic correspondent of the Liberal News Chronicle said the U. S. Canada, Britain, Belgium, Holland, Luxembourg and perhaps Norway would be the "foundation members." He said Denmark, Italy, Portugal and Iceland would be invited to join later.

From Washington it was reported that chairman Connally of the Senate Foreign Relations committee had dropped his opposition to inclusion of Italy in the pact.

Kuh said his digest of the pact's terms was obtained from "British sources."

Closing A . . .

(Continued from page one)

weeks ago when he wrote me from the prison colony, saying he was soon to be released and asking if I could help him get to America. His letter came through the salvation army which does a wonderful work in French Guiana.

Of course there wasn't a chance for me to get Phillipponet into America, but I wrote to the Salvation Army for further details. Yesterday I got an answer from a French army major who had handled my letter in the absence of the Salvation army officer.

The major said Phillipponet was being liberated and sent to France (the penal colony is in process of being liquidated). The doctor, by the way, had committed suicide by poison.

Phillipponet figured a man with his record wouldn't stand much chance back home, and wanted to get a fresh start. He thought he would try to get to Canada and then apply for admission to the United States. The major said Phillipponet probably would write to me in due course. Then came this postscript:

"I was about to sign and post this letter when an ex-convict brought me the news of the death of Phillipponet. He was very well yesterday but died this morning in his room, of an apoplexy of the heart.

"So his future is all settled."

About The . . .

(Continued from page one)

The argument: "Some day I may be opposed to something and want to filibuster. If I shut off somebody's filibuster now, mine may be shut off some other time."

The Southern Democratic senators although members of Mr. Truman's own party, long ago announced they'd filibuster to prevent Mr. Truman's civil rights program from passing.

Mr. Truman intended this program to be of particular benefit to Negroes. Mr. Truman and his aides decided to have a showdown on whether the program could get through the senate.

The senate now has reached the showdown stage. Whether enough senators will vote to shut off a Southern filibuster. (The big issue is a proposed rules change which would permit a two-thirds vote to shut off debate on a motion. Such a vote now can stop debate on an actual bill. The business before the senate now is a motion to take up the proposed rules change.

In passing an ordinary bill, only a majority senate vote is needed.

The Southerners will win and block the civil rights program this session if—

Enough northern Democrats and Republicans sympathize with them and refuse to vote for ending debate.

But the Southerners are in a minority in the senate. If they didn't filibuster, a majority of senators probably would vote for the program.

So all this raises a problem: Should a minority in this country be able to block the will of the majority? Almost everything Congress does is by majority vote.

But supporters of the filibuster argue it's of grave importance that minority rights be protected by the filibuster. They say it keeps the majority from over-riding a minority.

This always comes back to the question: What minority are you
