

Russians Attend Army Day Party; Relax Marks Ban

But No Indication Attitude Softening Toward Allies In Divided Berlin

Berlin, April 7—(AP)—The Russians made two moves last night in contradiction to their recent actions and statements but responsible American officials saw no indication the Soviet attitude was softening.

The Russians sent some of their top officials to an American party in honor of Army Day and they partially lifted their ban against the allied-sponsored West mark in this cold war city.

But Berliners who picked up today's Russian-controlled newspapers noticed no change.

They saw the same old Communist propaganda accusing the British and Americans of everything from warmongering to white slavery.

Overhead they heard the continual roar of the tireless airlift bringing food and supplies over the Russian blockade.

The Russian-controlled press did not mention that V. S. Semionov, Soviet ambassador to their zone of Germany, and Lt. Gen. M. I. Dravin, deputy military governor of the Russian zone, showed up at the Army Day reception tendered by Maj. Gen. George D. Hays, deputy to Gen. Lucius D. Clay.

It was the first American party attended by high Russian officials since the Soviets walked out on the four-power council here and imposed their blockade of the city's Western sectors.

Hays, the host at the party, said he was "very pleased the Russians accepted the invitation. That's all there is to it, as far as I can see."

The Russians' partial recognition of the West mark was interpreted by American officials as a matter of necessity. The Soviets announced the West mark would be accepted in payment for fares and freight at railway stations in the Western sectors.

The Russians control the Eastern German railway system and the city's elevated railway.

Hays, the host at the party, said he was "very pleased the Russians accepted the invitation. That's all there is to it, as far as I can see."

Burning Hospital Wing Traps Babies, 11 Die

Fifteen babies were trapped in this burning wing of St. Anthony hospital at Effingham, Ill., and at least 11 of them perished. The spreading fire raced to all parts of the hospital and more than 50 persons were reported to have perished. Many leaped to death from burning rooms. (AP Wirephoto).

Hopes Budget Can Absorb Arms Cost

Truman Said Aiming At Taking Care Of Proposed Outlay To Arm Allies With Digging Into Sum Planned For Defense Forces

Washington, April 7—(AP)—President Truman reportedly hopes to absorb within his \$11,920,000,000 budget more than all of a proposed outlay of about \$1,250,000,000 to arm western European countries in the Atlantic alliance.

This may be accomplished largely by digging into the \$15,000,000,000 already assigned to the Army, Navy and Air Force for the year beginning July 1.

At the same time, as part of the new program, the administration is virtually committed to develop a strategic plan for defense of the western world. This eventually may shift some of the nation's military power out of the United States and into the European area.

This was indicated by Defense Department spokesmen in Army Day speeches yesterday and the day before.

How long it may take to accomplish this realignment under the North Atlantic treaty is an open question, but some think it will take three or four years to make the Atlantic pact countries in western Europe relatively secure against any Russian invasion.

The government's experts give two principal reasons for this. One is that leading western officials do not believe war is imminent. They assume there is time to build up strength.

The other reason is that economy recovery in Europe has priority over military recovery and arms will be shipped to the Atlantic countries in relatively small quantities.

Mr. Truman is expected to submit the new defense treaty to the Senate in a day or so. It was signed here Monday by the United States, Britain, France and nine other nations.

Red Radio Hints War Resumption

Charge Chinese Nationalists Building Up Armed Power

Nanking, April 7—(AP)—The Communist radio tonight laid the groundwork for immediate resumption of China's long and bloody civil war.

In a broadcast heard in Shanghai, the radio charged the government with using the long truce to build up its armed might.

The only course open to the Reds is to cross the Yangtze, wipe out the Kuomintang bandit army and capture alive every war criminal, the radio said.

It did not say whether the Reds would move before the expiration of their ultimatum to the government to surrender by Tuesday.

The broadcast charged 1,000,000 men had been added to the scattered Nationalist army of 3,500,000. Earlier Acting President Li Tsung-jen reportedly rejected the Red ultimatum in its present form. If he is unable to wrangle concessions, the war may be on again.

Li has ordered Premier Ho Ying-chin back from Canton to help him frame a formal reply. It must be given by Saturday.

Clem persuaded the capital. The ultimatum fell like a bombshell yesterday. Many were shocked and resentful. Peace talks were supposed to be underway in Peiping.

Foreign diplomats informed their governments of the sudden Red demands.

In brief, the ultimatum demanded formation by Saturday of a joint committee to supervise surrender of Nationalist armies by Tuesday.

Red troops will cross the Yangtze River into South China if the terms are not met, the ultimatum said.

Magic In The Senate

Two World Wars Have Seen Great Changes In The World; New Nations, Change In American Outlook, Problems Were Adjusted; Changes For The Better

By JAMES MARLOW

Washington, April 7—(AP)—It must be magic.

Vice President Barkley looks out over the Senate. Not enough senators there. He orders the bells rung. All over the Capitol Senate bells ring.

Senators come skating in through the swinging doors and sit down. Barkley tells the clerk to call the roll.

There are 96 members of the Senate but when the clerk gets through he says only 49 of them are present.

Barkley announces there are 49 senators present. Then the magic starts.

The next day the Congressional Record comes out and says that when the roll was called 89 senators were present. And it quotes Barkley as saying 89 were present.

This burns Barkley up. He knows what he said. He said only 49 were present.

So he gives the Senate a large piece of his mind, dead serious. He says:

ators answered to their names, and that the chair (meaning Barkley) had said that 89 senators has answered to their names.

"That was not true. The chair did not say there were 89 senators who answered to their names because it was not true, and the chair authorized nobody to change the record to make the chair say there were 89 senators present when there were only 49 senators present."

How come? A senator can't divide himself in half like a ham sandwich and be two places at a time.

If a senator is not in the Senate at roll call, he must be somewhere else. But if he's some place else how can the record say he's in the Senate?

Easy. He can come in later and get somebody like the clerk to mark him down as present when he wasn't present.

And that's what must have happened because Barkley goes on and tells the Senate:

"The Record shows that 89 sen-

Nominates Early

Washington, April 7—(AP)—President Truman today nominated Stephen T. Early, long time former White House secretary, to be undersecretary of defense.

The appointment fills a new post created by a law Mr. Truman signed on Saturday.

The idea is that the undersecretary will, in effect, be "general manager" of the military establishment, handling many details and leaving secretary of defense Louis A. Johnson more time for dealing with policy matters.

Solons Worried Over Pact Costs

Support Idea Part Of Money Come From Allocation

Washington, April 7—(AP)—Senators worried about the cost of arming Europe today threw strong support behind a suggestion that at least part of the money must come from funds already asked for defense spending.

Lawmakers from both parties—including both critics and backers of the rearmament program—responded with all but unanimous support for that idea when asked for comment.

The suggestion was offered by Dr. Edwin G. Nourse, chairman of the President's council of economic advisers.

In a statement to military leaders, released yesterday with President Truman's approval after it had been delivered, said of the North Atlantic pact:

"We cannot afford to make the costs of its implementation a simple addition to other military plans as they stood before the new alignment.

"Rather we must rework the whole operational and financial plan so as to gain maximum security with minimum strain on our economy."

This and similar careful phrases meant to the lawmakers that a large part of the cost of arming the 12 nations joined against Russian aggression in the new pact must come out of the \$15,000,000,000 defense budget for the year starting July 1.

Senate Democratic leader Lucas of Illinois said: "If that is true, it will definitely aid in ratification of the pact and it may eliminate dangers of a fiscal deficit this year."

Chairman Connally of the Senate Foreign Relations committee commented that "if projected expenses in behalf of the North Atlantic pact can be incorporated or absorbed by the United States military budget, it will be a fine thing."

No More Money Amendments For Revival Of ERP

Washington, April 7—(AP)—A group of economy minded senators today dropped the fight to cut the \$5,580,000,000 bill for another 15 months of aid to western Europe.

Their decision came as the senate neared a final vote on the aid measure in this 12th day of debate.

"There'll be no more money amendments," senator Wherry (R-Neb) told reporters.

Wherry was one of those who fought to cut Foreign aid spending. But every effort by the group—mainly Republican although including a few Democrats—was overwhelmed by a determined majority.

Democratic Leader Lucas (Ill.) and Senator Connally (D-Tex) predicted the final vote would be reached late this afternoon.

Farm Costs Now At Record Level

Washington, April 7—(AP)—The cost of buying and equipping a farm of adequate size is at a record level, the Agriculture department said today.

Another Record Crop For Wheat Seen By Experts

Farmers Out For Another Billion-Bushel Mark; Conditions Above Normal

Kansas City, April 7—(AP)—They're making up the spring books once again on what some call the biggest gamble of all—the wheat crop.

And this year there's less hedging on the harvest talk than there has been in a long time. Maybe it's because they've grown used to billion bushel wheat crops in these parts.

There's no doubt about it—the wheat farmers are out for another. If it happens it'll be the sixth in a row. The fields in the southwest are greening up now. At this time, there's generally a lot of double-talk. Not so this year.

The men, who are gambling against weather, rust, the Hessian fly and what have you, already are talking of the coming harvest in June and July in glowing adjectives.

The farmers have gone all out in the bread grain sweepstakes. Spurred by that last chance to cash in on the full 90 per cent of parity support price or a figure close to \$2.00 a bushel, they've sown every bit of acreage they could into wheat.

A. W. Erickson, Minneapolis, Minn. private crop expert, says it looks like they've made a good bet. He calls wheat prospects in southwest Kansas "very good." He generally is considered one of the most reliable men in the business of wheat predicting. Behind his analysis is an inspection trip through western Kansas.

He reports wheat conditions in southwest Kansas are better than 100 per cent of normal. The late spring has helped the situation, as he sees it. It has retarded wheat at a time when rapid growth might have weakened it should a late spring freeze show up.

There are plenty of others to agree with him.

Last year's spring and winter wheat crop amounted to 1,288,000,000 bushels. The all-time wheat mark was in 1947. The total then was 1,344,919,000 bushels. The winter wheat record that year was 1,068,000,000 bushels.

The heavy planting is due mainly to the farmer's effort to score one last monetary cinch before the Aiken act becomes effective in 1950.

Effingham Plans Rebuild Hospital

Dead Or Missing In Fire Now Estimated At Nearly 74

Effingham, Ill., April 7—(AP)—Grief-stricken Effingham buried more of the dead today from the St. Anthony's hospital fire as firemen searched the ruins for additional bodies.

The dead or missing in Tuesday's devastating fire was estimated at 74. Sixty-nine bodies have been recovered from the mass of debris said the Catholic Chancery office which governed the hospital. All except seven have been identified.

The bodies of five others, still listed as missing, are believed buried in the blackened ruins of the 3 1/2 story brick hospital building.

Plans already are underway for a new and bigger hospital to replace the 62-year-old institution. Mayor H. B. Rinehart proclaimed a memorial holiday for next Tuesday. Civic leaders of this south central Illinois farming community of 8,000 prepared to start a six-day campaign to raise \$325,000.

Tentative plans are for building a \$2,500,000 150-bed hospital to replace the old hospital. State and federal financial aid is expected. The Order of St. Francis, a Catholic nursing order which builds and operates hospitals, has pledged \$325,000. The Order had operated St. Anthony's since it was built.

An Effingham business man opened the fund with a \$5,000 pledge. There have been some contributions from outside the city.

New Farm Program Offered To Aid Consumers, Farmers

Malik Defends Trial Of Churchmen Before UN

Sent To Senate

Raleigh, N. C., April 7—(AP)—The house today passed and sent to the senate the mammoth biennial appropriations measure. The bill was approved 76 to 35 on third reading.

Economy forces, which were defeated yesterday in a move to slash \$13,000,000 from the public school budget, gave up their fight today and voted to speed the measure to the senate.

There the bill, which calls for spending approximately \$417,250,000 during the next biennium to operate state agencies, institutions and the schools, is expected to bring bitter wrangling. A senate economy group is believed to be much stronger than their house allies.

Malik said the charter of the world organization specifically forbids outside interference in the domestic affairs of nations.

"This ought to be remembered by those who are wont to stick their noses in other people's back yards," he said.

Malik added: "The charter does not contemplate shielding criminals and traitors and renegades."

He assailed Cardinal Mindszenty.

Few Areas Keep 'Daylight' Time

City-Dominated States In Northeast To Make Change

New York, April 7—(AP)—The city-dominated states in the northeastern sector of the United States will cling to the daylight saving system this year but they have not won converts elsewhere in the nation.

In fact, the number of Americans enjoying the extra hour of sunlight in the evening will be smaller in 1949, since populous California does not plan to use "fast time" as it did in 1948.

Nearly all communities using daylight saving will go on the new time at 2 a. m. April 24. It will extend five months until Sept. 25.

A nation-wide survey indicates at least one-third of the nation's 145,000,000 citizens will live under the new time for the late spring and summer.

It continues to have its great appeal for golfers, gardeners, commuters, and other lovers of the great outdoors. Farmers oppose it just as much as ever; they insist the cows recognize only standard time.

State legislatures, frequently, dominantly display hostility to traditional saving. This year was no exception.

Maryland is one state in which "fast time" has won new friends. Several rural holdouts have capitulated, including Centerville, one of the staunchest holdouts, which voted 185 to 118 for the system at a referendum.

In neighboring Virginia, on the other hand, Norfolk balloted against daylight saving at the election last November. It had used the system previously.

Raps Critics Of Housing Program

Washington, April 7—(AP)—The administration told Congress today that its multi-billion dollar public housing and slum clearance program is not socialism but the best way to head it off.

Lashing back at those who have applied the obnoxious term of "socialism" to the program, Housing Administrator Raymond M. Foley in effect turned the accusation back on them.

The plan, he told the House Banking Committee, would be "a first effective bulwark against the inroads of socialism or communism."

Having signed the 12-nation Atlantic defensive pact we immediately come up against the uncomfortable question of how it is to be implemented if there is aggression.

We have part of our answer in blunt army day addresses by high brass from our military establishment. With a unanimity which would only be inspired, they made it crystal clear that American troops must be stationed in Europe as long as the cold war lasts.

Does that shock you? Well, it shouldn't though it certainly is a disturbing thought. There's no use building a handsome automobile body if you don't put an engine in it. An Atlantic Alliance without backing would be just so many senseless words which would have the hollow sound of hammering on an empty barrel. Secretary of the Army Royal put it like this in Chicago:

"We could not win a world war in a matter of days or weeks or months. Nor in the foreseeable future could we achieve victory by standing on our shores and throw-

Administration Would Set Up 'Total Farm Income' Goal To Partially Replace Parity System; Brannan Outlines Plan To Committees

Russian Defends Iron Curtain Trials And Demands UN Keep Hands Off; Says Charter Not For 'Renegades'

Lake Success, April 7—(AP)—Russia today defended the communist trials of Josef Cardinal Mindszenty and other clergymen behind the Iron Curtain and demanded that the UN keep hands off.

Soviet Deputy Foreign Minister Jakob A. Malik opened before the general assembly's 14-nation steering committee a vigorous attempt to block a UN airing of the prosecutions of churchmen in Hungary and Bulgaria.

Malik said the charter of the world organization specifically forbids outside interference in the domestic affairs of nations.

"This ought to be remembered by those who are wont to stick their noses in other people's back yards," he said.

Malik added: "The charter does not contemplate shielding criminals and traitors and renegades."

Administration Would Set Up 'Total Farm Income' Goal To Partially Replace Parity System; Brannan Outlines Plan To Committees

Washington, April 7—(AP)—The Truman Administration offered a new farm program today aimed at giving consumers a "real break on food prices and farmers a stable, fair income."

It would use many of the economic devices now employed by the government. But it would make a major change designed to put more meat, milk, other dairy products, eggs, and poultry in retail stores at lower price tags.

Secretary of Agriculture Brannan outlined the plan before a joint meeting of the House and Senate Agriculture Committees. It is the Administration's substitute for the Aiken farm law passed by the Republican 80th Congress.

The new program—like the present one—would use the mechanism of government price or income guarantees to farmers.

But unlike the present program, the government would not attempt to hold up, or put a floor under, market prices of foods making up 75 per cent of the farm output. Instead, it would allow prices to move freely in response of supply and demand. It now buys and holds off the market enough of these foods to keep prices at farm guaranteed levels.

In times of big supplies of most items, prices would drop below present levels. The farmer would get government payments to supplement money he received from sale of his products.

For example, under the present program, the government strives to keep prices of eggs from dropping below 35 cents a dozen on the farm. It does this by buying and removing from the market enough of the supply to keep prices from going below 35 cents.

Under the new plan, the government would not interfere with the price movement. If prices dropped to 25 cents, for instance, the consumer would be allowed to get them at that price.

The farmer would get a payment from the government covering the difference between the market price and the return which the program said he should receive. In this case, the payment would be 10 cents a dozen.

This new support system would be used for meat animals, milk, butter, eggs, poultry, fruits and vegetables. These products provide three-fourths of annual farm income.

The present system of supporting prices of non-perishable and storable crops—corn, wheat, and other grains, cotton, tobacco, peanuts, soybeans, flaxseed, dry beans and peas and wool—would be kept. This system provides for government removal of the price-depressing surplus from the market by means of loans and purchases.

Brannan told the committees the direct payment method would "not only protect farmers, but would give consumers a real break" on prices.

He said he could give no close estimate at this time as to the cost to the taxpayers of operating the new program. But he felt certain it would be less than costs under the present program.

Abandoning the parity system, the

Mr. and Mrs. W. J. Moore attended the Anales festival at Wilmington Friday through Sunday.

Mr. and Mrs. Marshall Wooten of Baltimore, Md., are visiting Mr. and Mrs. Henry Wooten at Cedar Lane drive.

Mr. and Mrs. Charlie Marston of Hillsdale have returned from a trip to New York.

Miss Evelyn Lawrence of Woman's College, Greensboro, visited her parents, Rev. and Mrs. C. A. Lawrence, last week-end.

Mrs. Allen Wooten of Rocky Mount and Mrs. Henry Wooten attended the Presbyterian meeting at the First Presbyterian Church Monday.

Dr. and Mrs. Beecher Flanagan, Miss Annie Sue Perry, Dallas Whitford, Fodie Hodges, Ola Forrest, Mrs. Thomas Duboise and Newman Lewis are attending the N. C. E. A. state convention in Asheville.

**Spanish Students Have Fiesta**  
Once again it is time for another Pan American Fiesta. Tomorrow night, April 8, the Spanish classes of the Greenville high school will present a Fiesta. Come, take a trip through Latin America with Uncle Sam and Miss Latin America. This year a new feature will be added, music by Coo's Latin Americans. In addition to the souvenirs, the auditorium will be gaily decorated, prizes will be given for the best costume, refreshments will be sold, and an original floor show will be given by the 50 Spanish students. This promises to be one of the gayest affairs of the year. Come and have a good time from 7:30 to 10. Be sure to wear your gayest costume and win a prize. Admission 15c for singles and 25c for couples.

**Square Dance**  
At Griffon Gym. Music by "The Bob Garris Swingbillies," Saturday, April 8. Admission 50 cents. Sponsored by the Senior class. Time 8:30 to 11.

**Presbyterian Youth Fellowship**  
The Presbyterian Youth Fellowship of Albemarle Presbytery, which embraces 23 churches, will hold their spring rally April 10 in the First Presbyterian Church of Goldsboro, at 3 o'clock with Charles Williams of Rocky Mount, presiding. Rev. John M. McMullen of Richmond, Va., new director of Assembly's Youth Work, will be inspirational speaker. Election of officers and presentation of new theme picture and hymn will be features of the session to which all Presbyterians between 15 and 24 years are invited. Each should bring a picnic supper and 25 cents.

THE DAILY REFLECTOR  
April 7, 1909

The new board of directors of the state's prison board at their initial meeting yesterday set the salaries for the new officers. Superintendent \$2500 per annum, reduced from \$3000; prison clerk \$1500, reduced from \$2,000; prison physician \$75 per month. Regular shirt walet weather the last few days.

## Quarterly Meeting Of Young People

**Bethel.**—The quarterly meeting of the Young People's P. H. Sunday school class met for the second time Saturday evening, April 2, at 7:30 in the home of Miss Mary Rollins. The class president, Miss Annie Ford Carson, presided. The minutes of the December meeting were read and corrected. There being no old business, new business items were approached. The first being an open discussion on the selection of a name for the class. The name "Faith, Hope, Charity" was suggested by Mary Rollins. Motion was made and carried to adopt same and that the class be known by the initials F.H.C. The second item mentioned was that of purchasing a light for the pulpit. Motion was also made and adopted to purchase same. A committee composed of Mr. Dan Nicholson and Mr. Robert B. Whitley was appointed to investigate and make purchase. A "Ways and Means" committee was also appointed to work out plans for financial progress. Those chosen to act on this committee were as follows: Mrs. Jimmy Smith, Mrs. R. B. Whitley and Mrs. George Abeyonias. There being no other business, the meeting adjourned. The group was entertained with interesting games, etc., led by Miss Annie Ford Carson.

The hostess, Miss Mary Rollins, served delicious club sandwiches, toasted nuts and hot chocolate. Easter scheme was carried out in refreshments.

**Masonic Notice**

## SOCIAL CALENDAR

### THURSDAY

7:30 p. m.—V. F. W. Post 7023 regular supper meeting and installation of new post officers at V. F. W. club.

8:00 p. m.—Marilyn Maxwell of Greenville, senior, and Rupert Browning, Junior, students of music at East Carolina Teachers College, will give a recital of solo works for the piano and two piano numbers in Austin auditorium. The public is invited.

### FRIDAY

3:30 p. m.—The American Home department of the Woman's Club will meet at the club house. Miss Kate Lewis, guest speaker.

6:30 p. m.—Dutch dinner given by the Greenville chapter of the Alumni Association of East Carolina Teachers College in the college dining hall.

6:30 p. m.—Kiwans Club. 7:00 p. m.—The wedding of Miss Helen Rowland and Mr. Marshall Fields will take place in the Eighth Street Christian Church.

7:30 p. m.—Red Men meet. 8:00 p. m.—The Beta Gamma chapter will meet with Mrs. R. W. Shiplette, 206 E. Ninth St.

in dressed in that functional uniform of 1947 vintage-blue jeans and bobby sox. The city crowds stared at her bobby sox and loafers, gaped at the white boys' shirt she wore buttoned hit-and-miss fashion over her rolled-up dungarees. You could see from the glances that the others were not prepared for the sight.

In studied silence they watched the "unfashionable miss" just as if they hadn't lived with this unkempt get-up in their own households for a long time. Finally, the poised young girl gave them their bridge conversation for the week. She succeeded in bid on a powder horn, complete with buckshot, took its chain and anchored it to her wide leather belt.

Mothers wore an expression that seemed to say "I hope this doesn't start a new fad." The girl who was the object of interest walked out with a bemused expression on her face which seemed to say, "Well, I guess that'll learn you."

At last count there were very few urban teenagers who looked as if they'd been members of the brigade. Most of them seem to have come through the dungaree shambles unscathed, however. Also, Mom saved plenty on the clothing budget. It still is fun to wear blue jeans occasionally and as one girl said "I don't see any reason why we are criticized for wearing blue jeans at playtime when Mom years ill-fitting house-coats and other get-ups around the house."

Dicty and corny square talk seems to have gone down the drainpipe and hardly ever do you hear a phrase such as the dated "gastric plastic" which was teenage lingo for slow rhythm. Now that the kids really go in for slow cadence they say they take it "slow and easy." In the quiet dignity of their new ladylike demeanor, some phrases have been briefed down, so they are not entirely devoid of their own jargon. "Who hopped?" definitely has more dignity when it is "who hop" spoken in cultured Americanese. "What-dat" meaning "What's that" also puts you in the teenage social register for 1949.

**Spring Beauty Tip**... Dissolve one teaspoonful of boric acid in one pint of good quality witch hazel, add enough powdered milk to make a good consistency which will pour well. Keep it in a little bottle on your dressing table and use whenever you think of it. Also helps dry pimples, 'tis said.

**Music Menage**... Ray Gilbert's Coca-Rosa and Pin Striped Pants, Roy Acuff's "Tennessee Waltz," Bob Aicher's "Money Marbles and Chalk," Sonny Parker's "Gamblin' Woman," Bill Lawrence's "Dreamer with a Penny," Spike Jones' "Ya Wanna Buy a Bunny?" Pee Wee King "Waltz of the Alamo."

## A Lenten Prayer

The More Abundant Life  
The free gift of God is eternal life... Romans 6:23. Read John 6:34-40.

The promise of the life more abundant is often understood to mean no more than a fuller intellectual and ethical experience. It certainly includes that, but, in the Master's meaning, is infinitely more. It is "the life of the Ages," a full sharing in the eternity of God. Belief is important, but more than mere belief in immortality is the acceptance of the gift. He who possesses it possesses all things, things past and things to come.

The gift of eternal life is in the present tense. Those who receive it are not only ready to die, they also know how to live. Endowed with the qualities of the everlasting, their lives show forth the richness of all spiritual fruits. By bolts of agony Christ conquered, one by one, the enemies of mankind; and the last great enemy, death. The death which he conquered was more terrible than physical death: it was the death of love in a world of sin. And the life which he gave is more than physical life: it is the abundant life of those who dwell in the Father's mansions.

Let Us Pray: Teach us, O Christ, the gain of dying unto self that we may live unto thee. And cause our hearts to overflow with gratitude for the gift of thine undying love. Amen.

day. Mr. Leslie Yelverton, Jr. of Chapel Hill was weekend guest of his parents, Mr. and Mrs. L. F. Yelverton.

A. C. Gay, Jr., was home from Wake Forest last week on his spring vacation with his parents, Mr. and Mrs. A. C. Gay, Sr. He returned to Wake Forest Sunday.

S-Sgt. William Bryant Owens has a furlough until the 12th of April. He expects to leave for Germany soon thereafter.

Mr. Horace Owens of Cherry Point, Mr. and Mrs. C. W. Brown and children and Mrs. Katie Owens of Raleigh were weekend guests of Mr. and Mrs. Luther Owens of Fountain, Route 1.

Mrs. W. R. Williams and daughter, Tiptoe, of Nashville were guests of Mr. and Mrs. F. L. Eagles Tuesday.

## A Great Relief For Acid Indigestion, Stomach Distress

A corrected stomach condition will cause you to feel comfortable immediately. Yes, this fact has been tested and proved by Doctors. So why wait when there is no need to continually carry a lump in your stomach and feel miserable after every meal. An appetizing portion of SSS Tonic before meals does wonders for the stomach. This famous medicine contains no soda or other alkalis, which usually retard digestion. Instead, SSS Tonic with its highly potent ingredients works to tone-up the stomach so it may release its own digestive juice (hydrochloric acid) to break-up food for body use and tissue repair. SSS Tonic has helped hundreds of thousands of people, without any organic trouble or focal infection, to really feel better, more vigorous, better able to enjoy living. Take none less than this effectively-proved medicine to relieve your misery. Take up to tone-up your stomach, whet the appetite, build-up blood strength! Get SSS Tonic from any Drug Store today. Take Only The Best

## Red Oak News

There has been much sickness in our community lately. We have missed our members so much at Sunday school. Measles has visited nearly every home where there are children. Mr. C. W. Bright has been confined to the Pitt General Hospital for the last few days. We hope he is much improved by now. Mrs. Almata Page has been ill at her home recently, but is much improved now. Late news last night from Mrs. Walter Langley is that her daughter, Shirley, is still critically ill at Duke Hospital. She is conscious at times but Mrs. Langley says there is no possible chance of her coming home soon. The doctors there are giving her the best of care and all good wishes of the community are extended to her and her family. Special note: The Steering Committee of Red Oak will meet at 6 o'clock Sunday afternoon immediately after practice is held for the Easter Pageant. They will meet at the church. The following people are on the committee: Messrs. Leroy James, Penner L. Allen and Joe Joyner of the church board; Mrs. Ola Kittrell, Mr. Thurman Page and Mrs. B. L. Tyson of Circle No. 1; Mrs. Travis Crawford, Mrs. Amos Evans and Mrs. George Haddock of Circle No. 2. It is hoped that every person on the committee will be present. Some good work has been accomplished on remodeling the stage in our community building. The men are working on days that it is too wet to work on the farm. They have worked part of two days this week, and it will take about one more day's good work to complete it. The Youthful Workers Club of Red Oak is sponsoring this project and several of the young men are helping with the work. It was a great pleasure to visit the recently remodeled Mt. Pleasant Christian Church last Sunday. Rev. Madden, a missionary to Japan for the past fifty-four years, was the speaker. There has been a great change in the physical set-up in that little church nestled on the edge of the road, away from the busy highway. First of all you notice the grounds which have been cleaned and sown with grass. Pretty shrubbery has been placed around the doors. When you enter the church you can hardly believe your eyes if you have ever visited the church before. Four new Sunday school rooms, with folding doors, a new choir loft, a new baptistry and two large new heaters have been added. The stained glass windows with blue and cream predominating cast a soft glow over the interior and the colors are repeated in the blue velvet drapes around the choir loft. The floors have been sanded and refinished until they almost look too

### Thirty-Five To Sing In Cantata

Thirty-five singers from the city will make up the group of soloists and the chorus for the Easter cantata "Olivet to Calvary," which will be given Sunday evening at eight o'clock at the Jarvis Memorial Methodist Church. Included in the number are members of church choirs of the city and other musicians.

The cantata, which will be given on Palm Sunday, begins with music descriptive of the Savior's entrance into Jerusalem and his welcome by crowds waving palm branches and singing hosannas. It closes with a scene at the cross and the singing of R. Redhead's setting of "Rock of Ages." The music, appropriate to Holy Week, was composed by J. H. Maunder.

E. O. Parkinson, Jr. is directing the group and Mrs. Paul Toll is pianist. The Greenville Music Club is sponsor.

Leading part in the cantata are the following: sopranos, Mrs. Howard Bodkin, Mrs. Frank Booth, Mrs. Herbert Carter, Mrs. Moye Dall, Mrs. J. Lavenport, Mrs. H. G. Haney, Miss Jeanne Hooke, Mrs. John Karsnok, Mrs. Joe Lupton, Mrs. Herbert W. ... Mrs. R. R. Willmann, Mrs. J. D. Wilson Jr.; altos, Mrs. H. A.

### Report Douglas' Eye In Bad Shape

Southampton, Eng., April 7—(AP)—U.S. Ambassador Lewis Douglas was examined today by King George's surgeon-oculist, Sir Stewart Duke-Elder.

A spokesman at Southampton Free Eye Hospital said the condition of the ambassador, who snagged a fish hook in his left eye while trout fishing Monday, remains serious.

Douglas' 20-year-old daughter, Sharman, visited him this morning. She brought a message of sympathy from Dean Acheson, U.S. Secretary of State.

The orchid is one of the largest flower families.

More than 40 different species of orchids grow in some states.

### Second Financial Drive For Clinic

For the second time since assuming control the board of directors of the Pitt County Negro Clinic is fostering a financial drive.

The goal is \$5,000 in order to retire all indebtedness of the clinic. The board is making appeals to all civic minded citizens of the county asking them to give their financial and moral support in the effort. Their workers aim to contact every organization in the city and county; every church, and then go on a house-to-house campaign.

Through the schools the group will get in touch with the student population of Greenville and county.

J. W. Grimes and Rev. Reeves, co-chairmen of the drive, asked wholehearted support from the community.

### Men's Glee Club To Give Concert Here Tomorrow

The men's glee club of the University of North Carolina will present a concert in Greenville on April 8 at 8:00 p.m. in Wright auditorium, East Carolina Teachers College.

The glee club, which has given concerts throughout the state, is composed of about 100 of the finest male voices on the University campus. In addition to concerts throughout the state, it has appeared on the National Broadcasting Company network, and, for its splendid performance, received national recognition. Present plans call for a New York appearance next year.

Many of this year's members of the glee club have sung in all the post-war concerts of the glee club. In addition, much new talent has been selected from the 7,000 students now enrolled at Chapel Hill.

The glee club is being presented in Greenville under the sponsorship of the Greenville Lions Club. The price of admission is \$1.00 for adults and 50c for students. Tickets may be obtained from Biggs Drug Store or from any member of the local Lions Club.

### Dog Attacks Child On Street, Police Department Reports

Mrs. B. M. Hall, 1106 Forbes Street, yesterday swore out a warrant against John R. Carrington, 318 11th Street, charging that his collie dog bit her child, Bennett Hall Jr., on a leg while on the street, inflicting a painful wound. A physician treated the boy, a police report stated.

Police had information that Carrington had sent his dog out of town, and that he had contacted the boy's mother about taking care of any damage done. The case will be tried in Police Court Friday morning.

### Spring Recital Of College Band Earns Applause

The concert band of East Carolina Teachers College appeared in a spring recital last night in the Wright building on the campus. Directed by Herbert L. Carter of the college faculty, the 50-member musical organization presented a program of music by composers ranging from the classical school to the moderns.

An audience of approximately 400 people from campus and town were present to hear the band, and many others heard the concert over the facilities of the local radio station.

Particularly popular with the audience was a group of marches, including "His Honor" by Fillmore, the march from Prokofiev's "Love for Three Oranges," Alford's "Purple Carnival," and a Sousa number given as an encore. Among other selections on the program were Gustav Holst's "Second Suite in F" based on country tunes of Old England; the rhythmic "Caribbean Sketch" by San Juan; Franck's familiar sacred number "Panis Angelicus"; and "Pavanne" by Gould.

The band was warmly applauded by the audience, and comments following the concert indicated appreciation of the program given by the college group.

### Over Fifty Attend Navy Reserve Talk; Plan Second Meet

More than 50 men of the Greenville area met last night at the court house to hear Commander W. I. Corbett, assistant director of naval reserve in the sixth naval district, discuss the possibilities of a naval reserve unit in Greenville.

Approximately 35 members of the naval reserve and former navy personnel made application last night to the sixth naval district headquarters for assignment of a composit reserve unit in Greenville. Membership in the unit will be open to all members of the reserve and former navy personnel including Waves. The next meeting of the group will be held at the city hall Tuesday night at 7:45 it was announced last night.

Commander Corbett explained the methods of forming a reserve unit, and pointed out the retirement benefits which may accumulate through membership in a reserve unit.

### J. R. NEWELL NEW MANAGER WESTERN UNION OFFICE

J. R. Newell, a native of Rocky Mount, is the new manager of the Western Union Telegraph Company's office here. He has been with the company 24 years. He has managed offices in numerous Virginia cities and was manager at Kinston for some time. Appointment of Newell as manager here was another step the company is making to improve the service in Greenville, it is understood. Incidentally, he is looking for a place to live.

Four and three fourths billion pounds of fish are caught annually in the United States.

### Faster Rocket

New York, April 7—(AP)—Development of a rocket engine that may carry an airplane at the unprecedented speed of more than 1,600 miles an hour is nearing completion.

The Curtiss-Wright Corp. is building the power unit for a new Air Force plane, the X-2, which is said to be designed to fly faster than any known aircraft.

The firm announced yesterday that work on the power unit is in its final stages at its Caldwell, N.J., plant.

### FTA Officers Installed Tuesday

New officers of the Future Teachers of America at East Carolina Teachers College were installed at a meeting held on the campus Tuesday afternoon of this week. Helen Ayscue of Henderson became president of the group and, along with other recently chosen officers, will hold office during the 1949-1950 term.

Also installed as officers at the Tuesday meeting were Cleo Simmons, Snow Hill, vice president; Miles Buck, Syracuse, N. Y., member of the membership committee; Sarah Jane Hester, Hurdle Mills, Donald Brown, Ayden, and Jacquelyn Maston, Elizabeth City, secretaries; Carolyn Howerton, Wooddale, treasurer; Bill Reams, Winterville, historian; Patricia Williams, Wilmington, and June Pritchard, Montclair, N. J., librarians; Elizabeth Ann Konegny, Seven Springs, reporter; Anita Gulledege, Raeford, program chairman; and Dorothy Midgette, Waves, social chairman.

After the installation service Francis Lee Neel of the college art department talked to members on various types of art work in the public schools and exhibited student work in his classes at the college. Ellen Joyce Clark, senior from Everetts, reported on recent additions to the membership of the group; and Emma L. Hooper, faculty advisor, discussed the work in teacher recruitment done this spring by the college FTA chapter.

### Police Report Shows Decrease Law Violations

By CHESTER WALSH  
Police Chief Lester D. Page's monthly report to the Board of Aldermen indicates that there has been a considerable decrease in the number of law violations in March of this year as compared to last year.

The police made 136 arrests, the majority of them being for traffic violations. Twenty-two persons were arrested for being drunk, seven of them for driving while drunk. Two persons were arrested for health laws concerning sanitation, and they were convicted in Police Court. Numerous complaints about dogs running at large were made to the police.

The report shows that among the 136 arrests made during March, 62 were white—55 males, 7 females; 74 were colored—68 males, 6 females. Police answered during the month 340 calls; made 238 investigations; had 215 complaints; found 17 doors of business places open after dark; and investigated 21 accidents.

Compared with other cities of the same size, Greenville, since the police cars were equipped with radios, has shown a considerable decrease in the number of violations, the record shows.

### Investigators At Loss In Hunt For Banker, Money

Madison, Wis., April 7—(AP)—Federal investigators want to know what happened to John Gill and \$150,000 from his father's bank. But they said today they had no immediate prospects of finding out.

The 44-year-old former assistant cashier of the bank of Madison has been named in a federal complaint signed by his father, president Norman P. Gill, charging the younger man with making false entries. John Gill disappeared March 21, leaving his wife and four children in their Madison home. An audit had disclosed irregularities in his checks accounts.

U. S. Attorney, Charles H. Cashin said neither his office nor the FBI had a lead to follow.

### Declares Bible Bans Rain-Making Effort

Johannesburg (AP) Experiments in artificial rain-making are "another Tower of Babel that will never see completion," declares Rev. J. J. Jordan. He was commenting on the unanimous decision of two communities of the Dutch Reformed Church to petition the South African prime minister to introduce legislation prohibiting such experiments. The Scriptures made it clear that none but God could control rain, it was declared.

**Strength FOR THE DAY**

**WATCH OUT FOR TOLERANCE**

We live in an age of abundant tolerance. It's the style now to be tolerant. Nothing is so disliked today as intolerance.

There is a reason for this, of course. A dozen or more years of the Nazis with their cruel intolerance gave us enough of that evil to last for a long time. And then, again, in this country especially, the abundance of comforts make us tolerant. With three good meals a day, a roof over our heads, a good job, and an automobile, we are not too anxious to go out and start a crusade against some evil.

Intolerance is a hateful reality. It can twist one's personality into meanness and bitterness. But tolerance also can become a vice. If we are tolerant of evils in our community and do nothing but shrug our shoulders over them, we are leaving undone the things we ought to do and demonstrating, as the Prayer of Confession says, that there is no health in us. If we tolerate mediocrity in ourselves, that too is bad. But the worst tolerance we can ever exercise is tolerance toward our sins and weaknesses.

Life is a struggle. Evil is moral disease. If we are ever going to amount to anything, it will take the best we have to bring us to success. This is true in school, in business circles, in politics, in research. It is even more true in the cultivation of moral character.

**Around Capitol Square**

**TOKEN**—Organized labor, which has been given several mild rebuffs by this legislature, won a token victory in getting favorable report from the house committee on manufactures and labor for the minimum wage bill for women workers. Since the measure originally provided only 40 cents an hour as the minimum wage, and it was amended to entirely exempt florists, and to count tips and gratuities as "wages" earned by hotel and restaurant employees, the victory was slight. It consisted solely in getting committee recognition of the principle of minimum wage legislation at state level.

**CLOSE**—The committee vote was close enough on these amendments to indicate probable passage of the bill in the house. For one of the few times this session a chairman was forced to break a tie in a committee. The vote on the florists amendment was 7-7 and Chairman Harry Greene cast the deciding ballot for adoption. The amendment on tips won by a 9-8 vote.

**TIPS**—The committee indulged in interesting discussion of tips and gratuities. It was unanimously agreed the system constitutes an evil but nobody knew how to handle it. It also was agreed that the tipping custom makes the public pay the wages of employees at places where patrons have already paid for the service, but that it is impossible to check what the tips amount to.

**BACKFIRE**—One of the chief topics of conversation around the capitol Wednesday was what effect Governor Scott's castigation of lobbyists would have. Immediate reaction was that the caustic criticism would backfire against the governor. One evidence of that attitude was motion by Rep. Sherry Cavness of Guilford that courtesy of the lobby be extended to Harry Buchanan of Hendersonville. Buchanan is chairman of the theatre owners legislative committee and was singled out by Governor Scott as worst offender in lobbying against the "Go Forward" program.

**PRIVILEGE**—Rep. Clarence Hathaway rose to point of personal privilege to voice resentment at misleading news stories in the News and Observer about his vote on the road bond bill. The reference to Hathaway came in a story about Scott's statement on the lobbyist situation. The Gates representative said he thought erroneous newspaper stories, apparently designed for propaganda purposes, constituted worse lobbying than that which goes on around the capitol building.

**OYSTERS**—While the house in committee of the whole was debating the university item in the appropriations bill, Rep. T. J. Collier of Pamlico walked to the rear of the speaker's stand for a smoke. Collier is an eloquent exponent of the oyster industry and one of his colleagues suggested he ought to feed the rest of them more oysters

so they could talk better. "Trouble is," the Pamlico man, "the more oysters we feed 'em the more children we have to educate, and we might not improve the situation."

**TUITION**—Debate revolved around the recently announced increased tuition at the university, and how much the appropriation would have to be increased in order to prevent the tuition raise. Some of the members were surprised to learn that the overall difference for all three units would amount to more than a million and a half dollars for the biennium. Chairman Taylor and others on the appropriations committee who have been battling to hold down spending insisted upon leaving the tuition figure at the new rate of \$150 for in state students. Reps. Sam Worthington and John Umstead led the argument in favor of requiring lower tuition rates, even if the general fund allocation had to be upped. There was also involved the technical question of divided authority between the legislature and the board of trustees on this matter.

If she suspected the ordeal ahead, she gave no sign.

As quickly as possible we moved by elevator to the fifth floor. We came into a long room full of strange furniture and men in strange cloaks.

A sudden cloud of doubt sailed across the girl's face. My heart sank a little, too, for I wasn't sure just what lay ahead either. The whole mission might have been abandoned right then except for Frances. Women always have the courage in an emergency.

"Don't be afraid," said Frances. "Come on. The way you two look you'd think somebody was going to be murdered."

Well, I felt murder was a possibility—if anything happened to that girl.

The next moment she was seated in a chair, and one of the strange men was coming at her with a sharp instrument. The girl looked tensely ahead of her—and saw her own tense face staring back from a mirror.

Nina, our Godchild, at the ripe old age of 19 months was about to get her first department store haircut.

As the scissors snipped off a bright blonde lock her face wrinkled and she let out a cry—the immortal feminine wail over loss.

J. C. Capt. director of the Census Bureau, reminds us that enumerators find folks in odd places... trailer cities which have sprung up around resort towns, in shacks of the "jungles" sometimes found adjoining city trash dumps.

"They will enumerate desert prospectors in the heat of Death Valley," he says, "sheep herders on wind-chilled plateaus high in the western Rockies. They will travel the swamps of the Mississippi delta in small boats to find and tally the muskrat trappers there, and six months before the counting begins in any of the states they will travel by dog sled to count noses in remote Eskimo villages above the Arctic Circle."

About 1,000,000 maps are being prepared to help enumerators cover the ground. "This map work requires great care," Mr. Capt. told me. "Boundaries must be clearly and accurately marked to insure complete coverage and to prevent overlapping. Because natural boundaries do not always stay fixed, and legal boundaries change constantly, this is a most difficult task. One type of change is caused by nature. The Mississippi River is one of the worst offenders." Mr. Capt. says. Shifting sands have caused changes in county, city and even state boundary lines.

Man-made boundaries change even more frequently and in far greater number between one census and the next, making thousands of maps used in 1940 obsolete for 1950. Each year many new city, ward and other municipal boundaries are established.

Mr. Capt. says that the 1950 census takers will be provided with two comparatively new tools. The first is a detailed city map showing all structures such as office buildings, apartment buildings, houses, etc. The second tool is an aerial photograph which provides the enumerator with an eagle's-eye view of the area he is to canvass.

**WASHINGTON LETTER.. by Jane Eads**

Washington—Not a single dwelling place in the United States will be overlooked by the army of census takers when April rolls around next year. Takers of the 1950 census seek information from us all, whether we live in a modern skyscraper apartment in the big city or a converted boxcar in an abandoned railroad siding.

J. C. Capt. director of the Census Bureau, reminds us that enumerators find folks in odd places... trailer cities which have sprung up around resort towns, in shacks of the "jungles" sometimes found adjoining city trash dumps.

"They will enumerate desert prospectors in the heat of Death Valley," he says, "sheep herders on wind-chilled plateaus high in the western Rockies. They will travel the swamps of the Mississippi delta in small boats to find and tally the muskrat trappers there, and six months before the counting begins in any of the states they will travel by dog sled to count noses in remote Eskimo villages above the Arctic Circle."

About 1,000,000 maps are being prepared to help enumerators cover the ground. "This map work requires great care," Mr. Capt. told me. "Boundaries must be clearly and accurately marked to insure complete coverage and to prevent overlapping. Because natural boundaries do not always stay fixed, and legal boundaries change constantly, this is a most difficult task. One type of change is caused by nature. The Mississippi River is one of the worst offenders." Mr. Capt. says. Shifting sands have caused changes in county, city and even state boundary lines.

Man-made boundaries change even more frequently and in far greater number between one census and the next, making thousands of maps used in 1940 obsolete for 1950. Each year many new city, ward and other municipal boundaries are established.

Mr. Capt. says that the 1950 census takers will be provided with two comparatively new tools. The first is a detailed city map showing all structures such as office buildings, apartment buildings, houses, etc. The second tool is an aerial photograph which provides the enumerator with an eagle's-eye view of the area he is to canvass.

**Boyle's Column**

By HAL BOYLE

New York (AP)—It is something to see a girl of 19 turn into a young lady in ten minutes.

Only one thing can cause that—a sudden realization on her part that there is more to life than she has known.

I had a small part in such a drama the other day. Frances and I helped a neighbor girl over one of those emotional hurdles by which people grow up.

It was something to remember. And for us the experience held a little bonus of gladness, merely because we were there in a strange experience of terror and beauty to the girl—and shared it with her.

I was waiting on the sidewalk in midtown when the cab rolled up with Frances and our neighbor. Neither reached for her purse to pay the hackie—what woman does when a man's handy to carry out his chief privilege?—so I forked over the cash. The cabby winked at the girl, and got a blank look back.

We walked together into the big building—two ladies and a watchdog. The girl put her hand in mine and gave me a small smile of confidence. She had led a sheltered life.

**House Approves Gas Tax Increase**

Raleigh, N. C., April 6 (AP)—The House today continued its study of the huge biennial appropriations bill after passing rural roads legislation in the form Governor Scott wants it.

By a vote of 103 to 2, the lower chamber passed on third reading a bill to increase the state's gasoline tax by one cent and to authorize an election on issuance of \$300,000,000 in rural road bonds.

The bill now goes back to the Senate for concurrence in House amendments.

Artificial lures or "flies" were used as early as 300 A.D. according to the writings of Aelian, a Macedonian.

In 1653, Isaac Walton described 12 fishermen's flies to imitate insects which fish were thought to like.

# County Draft Board Counts 135 Delinquent Registrants

Mrs. Selma Evans, chief clerk of the Pitt county draft board, said today the board has a list of 135 delinquent registrants who have not returned questionnaires to the local board.

If questionnaires from these men are not filed with the board in the near future, Mrs. Evans said, they will be reported to the federal authorities and be subject to prosecution under the selective service act.

The chief clerk of the local board stated that questionnaires have been mailed to all registrants in Pitt county between the ages of 19 and 26 years, and men in this age group who have not received questionnaires should contact the draft board. Some of the questionnaires have been returned to the board because of the wrong address, and some have not been returned at all, she said.

All registrants who change their addresses are requested to inform the draft board at its new offices in the Munford building.

The following list of delinquent registrants was released today by Mrs. Evans who requested that anyone knowing the addresses of the below named men to contact the Pitt county draft board.

John D. McLawhorn, Luther Howard Bass, Walter Lee Moore, Lawrence Elbert Hardy, Chester Robert

son, John Ivey Jones, James W. McCry, Frank Phillips, Jr., George T. Plummer.

Callisia Hardy, Hubert Alexander Nelson, William James Crandell, Robert Dewey Harris, Leon Hopkins, Jr., John Bryant, Jr., Myers Davis, Charlie Cherry, Jr., Willie James White, Willie Jenkins.

William Earl Jones, Louis Perkins, Glenn Wooten, William Gibbs Moore, Moses Carmon, Jr., Sylvester Howard, John Harris, Walter William Bullock, Herman Lee Nalls, Moses Wooten, John Ivey Worthington.

Robert Lee Sheppard, Cammie Grimes, Jr., James Robert Williams, Allen Adams, Jr., Charlie Thomas Wells, Charles E. Dixon, Norman G. Chafin, Humbles Quinerly, John Boyd, James Earl Weldon, Ralph Harry Heidenreich, Walter Williams.

## Last Army Day?

Washington, April 7—(AP)—The nation may have observed its last Army Day.

Secretary of Defense Johnson wound up Army Day ceremonies last night by announcing that, with President Truman's approval, Congress will be asked to junk the special days for each service and substitute one celebration on "Armed Forces Day."

Besides the April 6 Army observance, there is now an Air Force Day, September 18; Navy Day, October 27; and Marine Day, November 10.

Johnson named no date for the proposed Armed Forces Day, but Admiral Louis E. Denfeld, Chief of Naval Operations, had this suggestion:

Make it September 2, the anniversary date of the Japanese surrender which ended World War II.

Smith, William Henry Moore, Walter Blount, Jr., Abram Acklin, Delma G. Harris, Paul Turner Upchurch, William Redditt, Jack Walter Braxton, Simon E. Corbett, Willie Lang Gray.

## Burned Hospital Death Trap For More Than 50

Spectators gaze in awe at the smoldering ruins of St. Anthony's hospital at Effingham, Ill., in which more than 50 persons perished in a raging fire. Uncounted bodies are still strewn on upper floors. A nurse said 30 patients were on the third floor "and I don't believe any of them got out." (AP Wirephoto).

## Mix-Up Delayed Rites 2 Months

Hamburg, Germany—(AP)—A woman's corpse lay for two months in the morgue at Schweim because of

a mix-up over her funeral, the German magazine "Neue Illustrate" reported. The body was in a coffin believed to be empty.

The woman's adopted daughter did nothing about the funeral because she thought her nephew had seen to it. The nephew thought it had been arranged by the adopted daughter.

The dragon fly is one of the swiftest fliers in the insect world.

# Banker Paid Debts With Cash He Took From Vault

New York, April 7—(AP)—Before bank official Richard Crowe made his flight to Florida, he paid 100 debts and dumped \$600,000 in bonds into New York harbor, a government attorney says.

# Union's Leader Claims Backing

San Francisco, April 7—(AP)—Harry Bridges claimed an overwhelming vote of confidence from his leftwing longshore union today in his attack on policies of the national CIO.

The attorney said the husky, 41-year-old banker had packed his bag with "as much currency as he could carry"—\$183,660 in cash from the vault of the branch bank where he was assistant manager.

Crowe, with only some small change in his pocket, was returned here by plane from Florida yesterday—ten days after he disappeared. Tanned but grim as he stepped from a plane at La Guardia Field, Crowe was whisked away by FBI agents. He said he did not "want to talk to anybody."

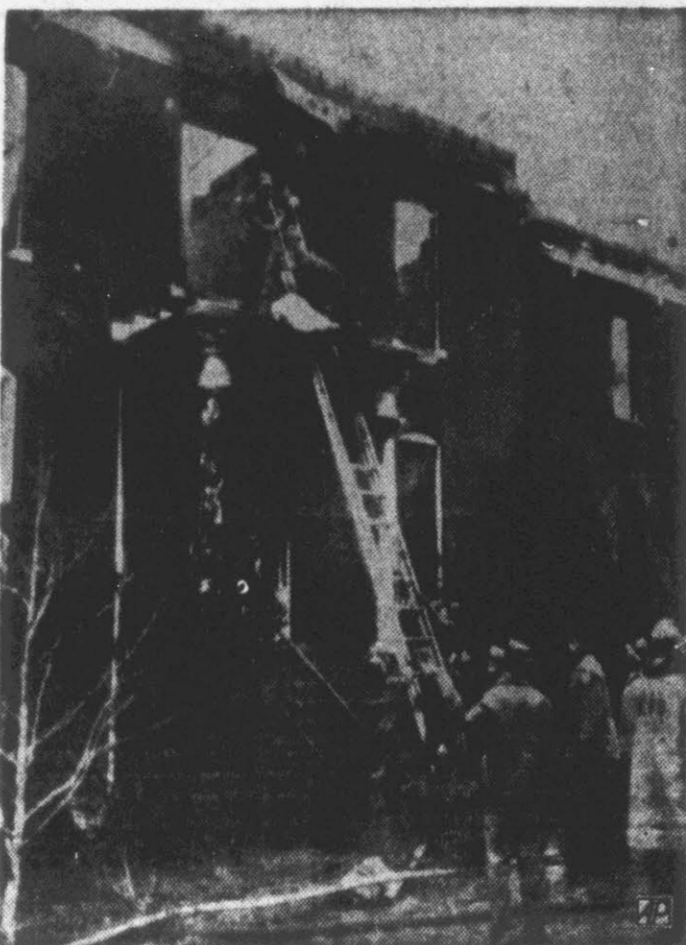

At his arraignment, he said "I plead guilty." But Federal Judge Alfred C. Cox told him he did not need to plead at that time if he waived a preliminary hearing.

Crowe said he would waive the hearing. Bail of \$100,000, set at an arraignment in Tampa, Fla., was continued. A grand jury now must act on the federal embezzlement charge.

His wife, Mrs. Honora Wall Crowe, and her brother, Major Frank Wall, visited him before the arraignment.

In contrast to his glum mood on his arrival here, passengers said that on the plane trip from Florida Crowe joked and chatted and acted as if he were on a "pleasure cruise."

# Fire Victim Brought From Ruins

A child victim of St. Anthony's hospital fire at Effingham, Ill., is lowered from the burned-out nursery room on the second story. More than 50 persons were reported dead in the disaster. Eight of the victims were babies. (AP Wirephoto)

# Snyder Stresses Economic Safety

Boston, April 7—(AP)—Secretary of the Treasury John W. Snyder says the nation should not let its preparedness program cause crippling disorders to its economy.

Snyder told the Boston chapter of the military order of the world was last night that Communism "thrives upon economic and social distress."

"The manner in which we conduct our economic affairs at home," he said, "has a vital influence on economic progress in most other regions of the world."

"It is not enough to support an Army, Navy and an Air Force. We must also maintain a high standard of civilian, economic and spiritual health."

He said that failure to do this not only would affect our own economic well-being but would "jeopardize in many countries the very existence of Democratic institutions."

# Almost A Habit

watchman's watch, stolen three times in six years, was recovered yesterday for the third time by the same policeman.

Back in 1944 Herman Zeaman an Arlington Ferns special watchman now retired, reported his home was looted and a watch stolen. It was recovered by Pvt. James Powell.

In 1945, Zeaman's home was again looted, the watch was again stolen, and it was again recovered by Powell, by then a precinct detective.

And, last Feb. 17, Zeaman was held up and robbed of \$21 and of course, the watch. Yesterday Powell, now a detective sergeant, found it in a pawnshop. A 22-year old man has been arrested.

# Indict Nine For Exporting Arms

Los Angeles, April 7—(AP)—Eight men and one woman are under federal indictments charging them with conspiring to ship airplanes and equipment to Palestine.

They are accused of violating the export control law and neutrality act.

A federal grand jury returned an indictment yesterday against Adolph W. Schwimmer, ex-president of Service Airways, Inc. of New York; Ray Selk, former vice president of Los Angeles; William Sosnow and J. Leonard, both of New York; Sam R. Lewis, Los Angeles; Leo Gardner, formerly North Hollywood, Calif.; Herman N. Greenspan, Las Vegas, Nev., and Abraham J. Levin, North Hollywood.

The government accuses them of shipping several planes, aircraft motors and radio equipment to Palestine without export licenses or State Department permission.

# Plan Check-Up On Injured Knee

Houston, Texas, April 7—(AP)—Walker Cooper, the New York Giants' veteran catcher, will leave for St. Louis late this week to have Dr. Robert F. Hyland check his injured knee. Although the knee is still lame Cooper has been used regularly.

The Giants whipped the Cleveland Indians yesterday, 10-4, to take a 4-3 lead in their exhibition series with the world champions. Sid Gordon and Johnny Mize hit home runs for the victors. It was No. 11 for Gordon and the 29th for the Giants in 32 games.

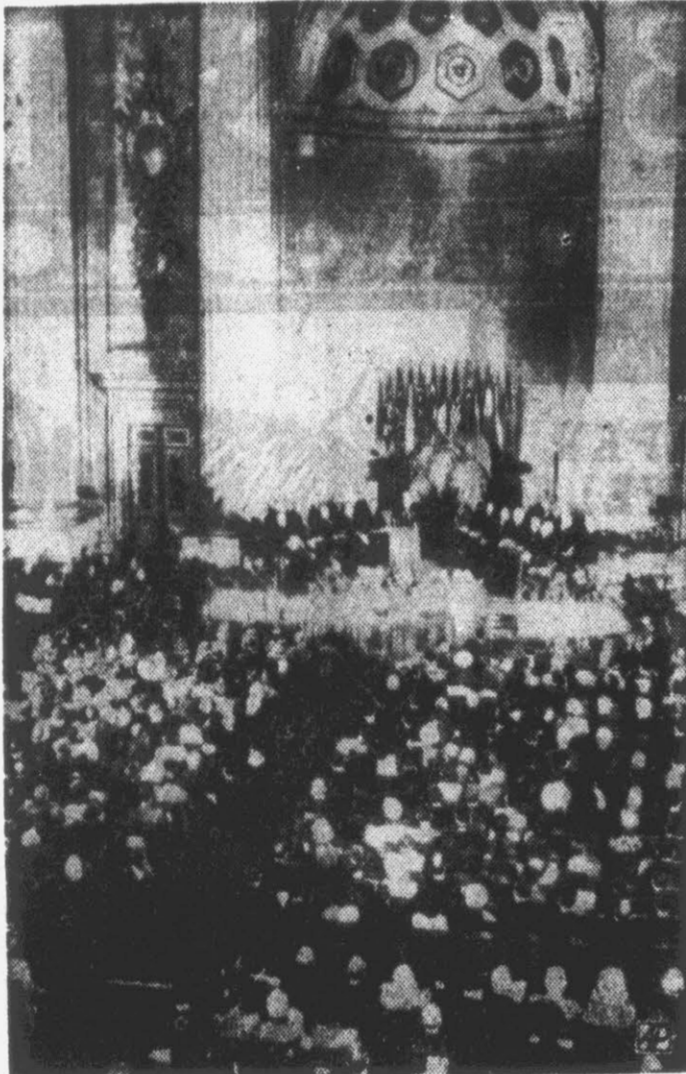

# Onslow Hopeful Over 'Big Five'

Beaumont, Tex., April 7—(AP)—Jack Onslow, Chicago White Sox manager, appeared optimistic today about his "Big Five" pitchers as the Sox awaited a night game with the Beaumont Texas League team.

Onslow has indicated he'd assign the heavy firing to Allen Gettel, Randy Gumpert, Marino Pierotti, Howie Judson and Bill Wright.

Last night at San Antonio, Gettel pitched all the way for the Sox to defeat the Pittsburgh Pirates 7 to 1. Gettel gave up only three hits. The Sox collected 10 safeties off three Pirate hurlers.

# Full House At Treaty Signing

Invited guests fill every chair in the State Department auditorium at Washington for the signing of the Atlantic defense pact. Paul-Henri Spaak of Belgium is speaking on the rostrum. Seated on stage are foreign ministers and ambassadors of the signing nations. (AP Wirephoto)

# Revival Draws Crowds Memorial Baptist Church

By CHESTER W. LISH  
Another large congregation, with many persons from out of town, heard Rev. Nathan C. Brooks, pastor of Earle Street Baptist Church, Greenville, South Carolina, preach an eloquent and impressive sermon last night, in the week's revival being held in the "edifice which was the birthplace of the North Carolina State Baptist Convention."

Lorenzo Durham of Charlotte, minister of music, directed an appropriate service of gospel songs and sang a solo. The High School Quartet, under direction of Miss Ona S. dier, sang "The Old Rugged Cross" and in the choir. A feature of the revival service was the singing of the junior choir under direction of Mr. Durham.

Rev. Richard E. Hardaway, pastor of the church, welcomed the congregation. A dozen additions to the church were made.

The revival services will continue through Sunday night, with a special service Saturday night.

Rev. Mr. Brooks, who is a son of Mr. and Mrs. Nathan C. Brooks of Greenville, is a wonderful preacher—practical, understanding and convincing. Last night he used as his lesson and text the 12th chapter, ninth verse of Paul's message to the Romans.

Services are held each evening at 8 o'clock and short worship services are held at 3 o'clock in the mornings, and the early meetings are dismissed in time for children to get to school on time, and likewise for those who go to work. Pastor Hardaway extends an invitation to the public to attend.

# Tells How Woman Was Bombing Squadron Jinx

London—(AP)—She became known as the Femme Fatale of the bomber squadron.

Dr. D. Stafford-Clark, wartime medical officer with the Royal Air Force, told her story in an article on "Flying Stress" in the Journal of Mental Science.

An attractive officer in the Women's Auxiliary Air Force got dates with many of the fliers in the squadron. Then one day they stopped.

"Two men she's been out with had got killed on an open out with had told her, 'you're a jinx. You carry the kiss of death.'"

The doctor wrote: "One captain went so far as to forbid any member of his crew to take her out on pain of expulsion from the crew. 'There was no point in adding to the risk,' he said.

# Women Voters Sweep Election; Want Fire Siren

Bronson, Kas., April 7—(AP)—It looks like the women of Bronson have a good chance of getting that new town fire siren.

This town of 400 elected a woman mayor in Tuesday's municipal election. They also put some women in the town council.

One of the main issues in the women's campaign was a new fire siren. The present one, the women claimed, is too old, takes too much time to start and is inconvenient. They want a modern siren which the town's fire department can start directly from her switchboard.

The new mayor, Mrs. Ray Clark received 43 votes to 41 for her closest opponent, Forrest Stewart.

In 1916, Georgia Tech eked out a 22-0 decision over Cumberland, largest score ever made in a collegiate football game.

**Flag Dropped On North Pole By Big Superfort**

Fairbanks, Alaska, April 7—(AP)—Forty years ago it took Adm. Robert E. Peary 38 days to go 473 miles and plant the American flag on the North Pole.

Yesterday the B-29 Superfortress crew of the "Polar Queen" flew the 1,820 miles from Elson Air Force base near here to the Pole in 7 hours and 40 minutes.

There, on top of the world, at 12:14 a.m. (EST), a flag billowed out and floated down on the frozen ice cap.

Capt. Earl F. Dunphy of Crowley La., headed the 13 crewmen aboard. Air Force officials here said the flag-dropping trip was routine. Such flights have been made regularly the past two years.

**INDIAN POSTAL REPORT**  
New Delhi, India—(AP)—With only 10 per cent of her 325 million people literate, India in 1948 handled 226,000 letters and post cards. Indian post offices sold stamps and stationery last year to the value of 46 million dollars.

**Polish Children Get Food Relief**

Warsaw, Poland—(AP)—Polish headquarters of the United Nations children's emergency funds says supplementary foods were supplied to 700,000 Polish children during February.

Paul White, of Buffalo, N. Y., director for Poland, reported UNICEF thus far had sent supplies into Poland valued at \$9,400,000. The United States, Australia, Canada and Great Britain were the chief sources of supply in February.

**Tobacco Plant Shortage Seen**

Darlington, S. C., April 7—(AP)—Farm agents said today that there may be an acute shortage of tobacco plants throughout this section this spring. They said an outbreak of Blue Mold in plant beds had reduced the settings.

In some sections, they said, Blue Mold has practically stripped plant beds.

# Only Red Radio Breaks Silence Of North China

Shanghai, April 7—(AP)—The silence that has settled over Communist China is broken now only by the Red radio.

The silence came when all foreign correspondents in Peiping were ordered to cease gathering and sending out news.

Chinese correspondents of newspapers in Nationalist China quietly ceased functioning in Communist areas.

Recently, the Communist radio has been publishing accounts of what it says goes on in that area. Previously it had devoted itself largely to attacks on Nationalist leaders and "American imperialism."

For instance, the radio announced the resumption of mail service between the Communist North and the Nationalist South.

It listed what could be mailed—newspapers, printed matter, commercial leaflets, samples of goods, business contracts and parcels. There was no mention of personal letters. The Reds set postal rates.

Another broadcast says money soon can be transmitted.

Another piece of news to listeners in the south is what is happening to the Nationalist armies that surrendered at Peiping.

Some are joining the Red army. But the Communist broadcasts say at least 21,000 of them have registered to be returned to their homes. Thirty-eight per cent live in Nationalist areas and will be permitted to go home.

# Littlest Words Are Most Used

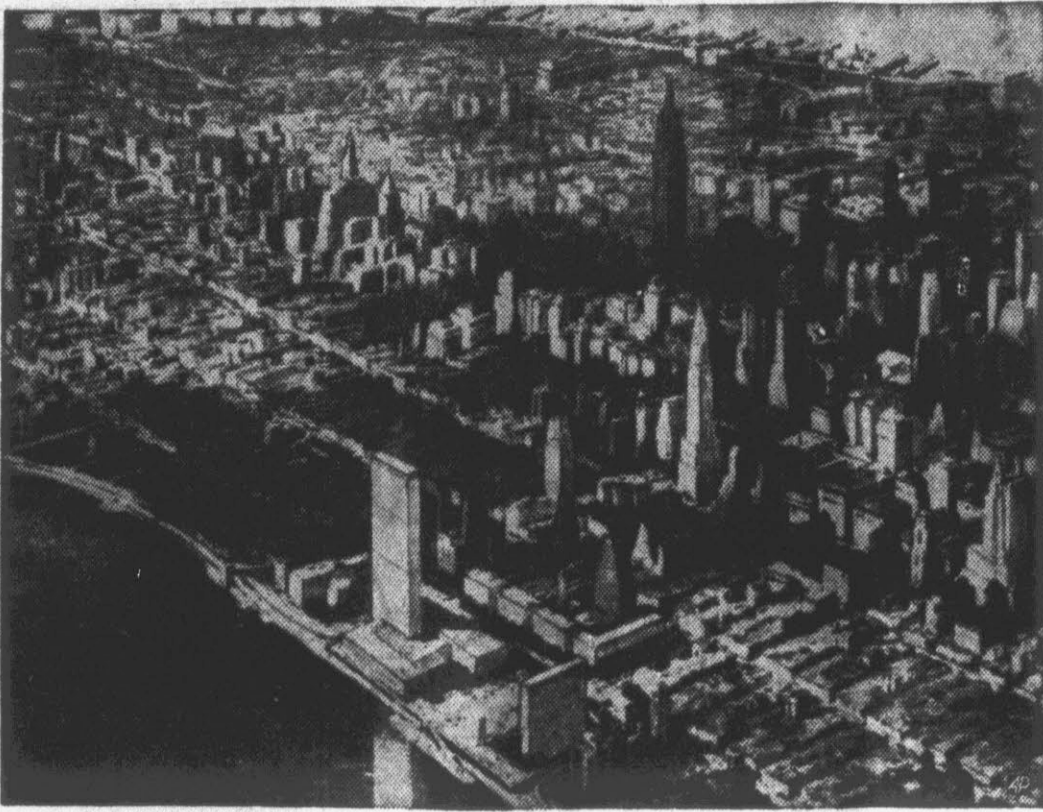

Chicago—(AP)—The little words are the big favorites.

Dr. Ernest Horn, professor of education at the University of Iowa, makes that clear in an article written for Childcraft books. He reports that ten words turned up most often in an analysis of 5,000,000 words written by adults. The words are: I, the, and, to, a, you, of, in, we and for.

Only four of the fifty words used most frequently have more than one syllable. They are very, letter, about and any.

Joe Gordon of the Cleveland Indians has been named to the second base post on the American League All-Star team eight times.

# United Nations Ignore A-Bomb Await Fate For Headless Chicken

VULNERABLE — The U. N. capitol drawn into the East River edge of mid-Manhattan.

By HOWARD W. BLAKESLEE (P) Science Editor

New York—The new home of the United Nations is going to be built without defenses against atom bombs.

Completion is planned by the latter part of 1950.

The main building, like a deck of cards standing on end, will be 39 stories, 500 feet high, and especially vulnerable in one way.

Every room is to be on the outside, and more than most structures, this skyscraper is designed as a vast pile of windows.

They are the danger points. Atom bombs would shatter this glass and turn it into jagged, flying shrapnel.

A bomb within a mile probably would smash every window, from top to bottom, and on both sides. At two miles most of the windows might go. And some would be broken at greater distances, in numbers large enough to menace life.

Atom-bomb proofing was not considered in the plans. Wallace K. Harrison, chief architect of this world capital, said:

"I think the United Nations might be regarded as a sanctuary from bombs."

A handicap is the fact that

surrounding Manhattan island, far from being a sanctuary, is one of the world's best targets for the thing that an atom bomb does best, namely, disruption of business, finance, leadership and production. The new capital is rising five miles north of the financial district, which is one luscious home target. Five miles is enough protection. But this great structure is a part of midtown, which also is a prize target. The buildings are at the edge of midtown, not far enough for protection.

The United Nations might have chosen a style of architecture reported by both the Manhattan District and the United States strategic bombing survey a building that would have been safe at half a mile or a little less. This would have been windowless, but no details have been given out.

The moral effect of the peace capitol pioneering a bomb-proof building has not been discussed. But a point of view not dissimilar is sponsored by the United States Atomic Energy Commission. This is advice to keep in mind that the stronger defense is the best educated population.

The commissioners have recommended buildings where the emphasis is on improved service and utility, "because those improvements automatically carry some additional protection against atom bombs."

The new building of the United Nations is in one way an example of what the commission means. The side walls are to be of a metal mesh, holding glass. This was done for durability and architectural beauty. But it also furnishes an outer wall with an unusual protection against atom bombs. This mesh may stop the concussion from ripping the surface into shreds that fly about killing and maiming.

There are two other buildings, both low enough to receive some protection from the surrounding city provided an atom bomb is exploded close to the ground. One is the meeting hall, 56 feet high, and the other the General Assembly, with a sloping roof running from 60 to 80 feet.

All the buildings are steel frame, which means that they will not topple. A bomb within half a mile would strip away walls and some floors, leaving mostly a skeleton, with some warping.

Los Angeles, April 7—(AP)—Lazarus, the headless rooster, will learn Saturday whether another attempt will be made to execute him.

The three-and-a-half-pound fryer cheated the frying pan by remaining very much alive after losing his head at 2 p.m. last Saturday.

Dr. Alan Ross, a veterinarian who took the bird in tow from its original purchaser, Mrs. Martha Green, must appear in court Saturday to answer a charge filed against him. He is accused of violating a state penal code section governing custody of maimed or mutilated animals.

The complaint was issued yesterday by Justice of the Peace Stanley Moffatt of nearby Huntington Park. It was requested by agents of the Society for the Prevention of Cruelty to Animals.

Dr. Ross says the decapitated bird, which is fed with an eyedropper, may be valuable for research. He told SPCA agents he will fight it out in the courts.

DIVORCE CLEARS WAY Paris, April 7—(AP)—A divorce decree was entered today dissolving the marriage of Prince Aly Khan and his British-born wife.

This leaves the Prince free to marry American film actress Rita Hayworth.

The duck hawk is reported to be the fastest flying bird in the United States.

# Japan Will Get Unsold Products Set For Export

Tokyo—(AP)—About 30,000,000 yen worth of unsold and substandard export products—ranging from linens to locomotives—are to be placed on Japan's domestic market soon.

(At the official conversion rate of 270 to \$1, that is more than \$111,000,000 worth. It is somewhat less at going prices.)

In addition, about one-third of that amount—11,000,000,000 yen—in such products already is funneling into the domestic economy. The newspaper "Mainichi" blames "the

accumulation of this stupendous bulk of unsold export goods" to "the blind production programs of manufacturing in disregard of the tastes of trade customers."

The locomotives were made under a contract that was cancelled. Other items to be sold include Christmas toys and decorations, textiles, machinery, leather, rubber and cel-

luloid goods. Although apparently grumpy about failure to sell in foreign exchange, "Mainichi" observed that at any rate the Japanese wardrobe should be enhanced.

**Ham For Easter? Of Course!**

A Wilson's ham! Tradition just wouldn't have it any other way—for extra tenderness and delicious flavor. When Dad's carving knife cuts deep into the festive Wilson's Certified or Tender Made ham the whole family will smile with anticipation—you'll smile, too.

Which is Which???

You may choose a Wilson's Certified (orange wrapper) that requires 15 to 25 minutes roasting time per pound. Or select easy-does-it Wilson's Tender Made (yellow wrapper) which comes cooked (ready-to-serve cold or to be heated 5 to 10 minutes per pound). You will find both of these splendid hams very tender and very mild. Buy your Wilson Ham NOW and be assured of America's finest ham for Easter.

And, Just Because It's Easter

Why not trim the ham with a sprinkling of spring flowers? The pictured carrot flowers are so easy to make. They're graceful and such a delightful color alongside those juicy slices from a W-O-N-D-E-R-F-U-L Wilson's Easter Ham.

Complete and explicit step by step baking directions are wrapped with each Wilson Ham (pineapple glaze and all). Easter dinner is assured when you buy Wilson's.

**CARROT FLOWERS FOR YOUR WILSON EASTER HAM**

Choose a rather large carrot and let it warm to room temperature before you start work. Carrots become too brittle for easy handling when chilled. Clean and scrape the carrot as usual. Then cut 5 gashes the full length of carrot and deep enough to form petals. Run a skewer down through center of the carrot.

Slice THINLY and let the circles fall into a bowl of cold water. Chill thoroughly overnight to curl. The gashes will open to form petals. Use parsley stems with just a bit of parsley leaf on tip end for the stamens and stems, and pull through the center hole. Arrange the flowers casually, scattered over the platter and on the shank end of the ham where they will not be in the carver's way.

Best wishes for a Happy Easter from the Staff of the Rector Kitchens

### News Blackout Comes To Close

Washington, April 7—(AP)—Washington's 25-hour newspaper blackout is over.

Striking AFL Pressmen who began a surprise walkout at 6 p. m. (EST Tuesday) returned to work at 7:05 p. m. yesterday on orders of their International President.

The quick strike halted publication of the Washington Post, the Evening Star, the Times-Herald and the News.

Pressmen of local 6 of the AFL Printing Pressmen's Union said they walked off their jobs because efforts to negotiate a new contract to replace the one that expired Feb. 7 had failed.

Publishers said the 100 Pressmen involved were still protected by the old contract pending settlement on a new one. They said the pressmen violated a contract clause calling for advance notice of such a walkout.

Louis A. Lopez, the Union's International representative, said the strike was "unauthorized."

Publishers and three vice presidents of the Union's International body will resume negotiations today. The publishers yesterday said they would not negotiate as long as pressmen were on strike.

Failure of the Washington papers to publish yesterday left thousands of government officials, Congressmen and others without a ready source of news.

### Cases Tried In County Court

The following cases were tried in County Court Tuesday:

Abandonment and non-support: Bernice L. Ward, colored, guilty.

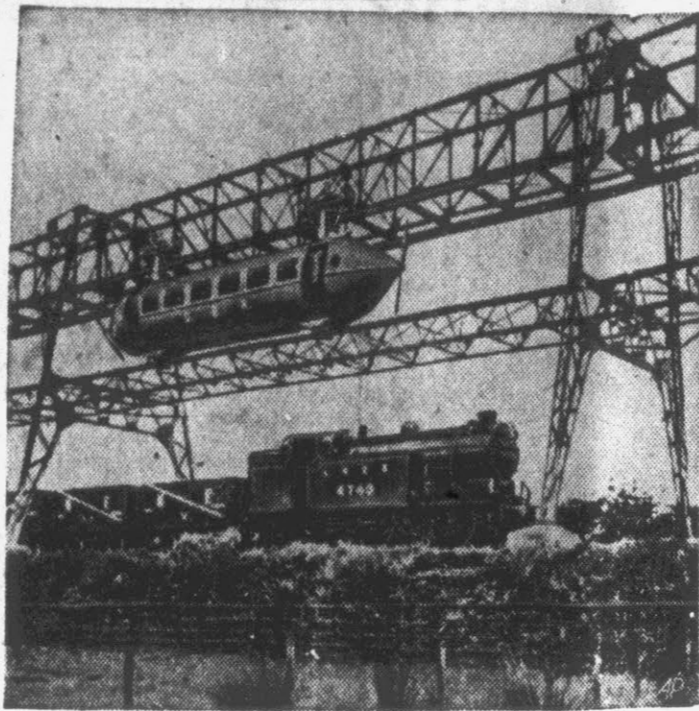

Non-support: John Conway, Jr., ordered to pay \$25 a month for support of his child; Earl Gay, ordered to catch up on back payments; Vann Carroll, ordered to pay \$12 a week for support.

Julian T. Speller paid \$10 and costs for driving while drunk and his driver's license was ordered revoked for a year.

Assault with a deadly weapon: Charlie Durham, continued; John Tom Hester, was not guilty.

John Howard, colored, possession illegal liquor, 90 days on the roads,

### A 'Railplane' Does Exist, And Dreams Spur Inventor

RAILPLANE — A fuselage without wings on "el" structure.

By ARTHUR W. WHITE

London —(AP)—The only place you'd expect to find George Bennie's "railplane" is in a dream.

His strange-looking conveyance, half-train, half-plane, looks like a big cigar. It has a propeller fore and aft, carries 50 passengers—and whizzes silently along an overhead rail 16 feet from the ground. Claimed speed: 200 miles an hour.

Bennie is a Scottish inventor. He says his brainchild is an answer to an air age problem: how to whisk travellers between congested cities and outlying airports without losing valuable time in traffic.

Bennie, 49, a consulting engineer, first thought of his "railplane" and built a working prototype over a railroad at Milngavie, Scotland, 20 years ago. It's still there. He's been trying to get one into regular passenger service ever since.

Made of duraluminum, an aluminum alloy, the 52 feet long car is suspended high above the ground from a rail on a steel girder. The girder is supported every 80 feet by steel pylons. The practice stretch

sentence suspended on payment of \$50.

Hugh Stocks and Harold Manning

of rail is 400 feet long.

Bennie's ambitious plans call for "railplanes"—powered by gasoline engines driving their two propellers—to follow each other along the rail at 60-second intervals. They would glide back on an adjoining rail. He figures 3,000 passengers could be transported hourly. Ordinary traffic would flow underneath.

Brakes? "The driver just reverses the propellers," Bennie explains. "There's a secondary rail-gripping system too."

The inventor's greatest ambition is to link the center of London with bustling London airport, 15 miles away. Airline buses take 45 minutes. Bennie says his invention could zip it in five.

After that? "New York, Paris, Rome—they'll want it," he believes.

But he hasn't convinced the skeptical Ministry of Transport boss of Britain's nationalized railroads and airlines. The Ministry turned down his request for \$1,200,000 to build a one-mile test stretch near London.

each were fined \$50 and costs for possessing slot machines. The machines were ordered confiscated.

Thurman Mills was not guilty.

Nathan Joe Hardee, drunk and disorderly and assault with a deadly weapon, pleaded guilty to being drunk. He was given four months on the roads, suspended on payment of \$50 and costs and he was placed on probation for two years.

WOMEN CONVENE

Chapel Hill, N. C., April 7—(AP)—Prominent North Carolina women came here today for a two-day session to organize a State League of Women Voters.

New Orleans lies below the high-water levels of the Mississippi, the Gulf of Mexico, and Lake Pontchartrain.

## Georgia Teachers Talking Exodus After Tax Defeat

Atlanta, April 7.—(AP)—Smarting under the state's refusal to hike school funds, more than 100 Georgia teachers today rallied behind a leave-the-classroom campaign. First reaction to the voters' defeat of proposed new taxes came in two rural northwest Georgia counties—Polk and Chatahoochee. Two teachers in Chatahoochee quit and County School Superintendent C. B. Akin said others are debating whether to walk out. Teachers in Polk county voted not

Charles Rutledge (above) is in the Chatham Field guard house at Savannah, Ga., because he claims he has been absent without leave from the army since 1918. He said he skipped from Norfolk, Va., Nov. 12, 1918, after serving about a year in the army during World War I. (AP Photo.)

to hold classes today and tomorrow. They invited teachers of 10 other counties in that district to join in the "recess."

State School Superintendent M. D. Collins predicted a mass exodus of teachers by the end of the current school year. He estimated 5,000 or more will leave their classrooms for higher paying jobs in other states.

The protest came as a direct result of Tuesday's referendum on a proposal to increase taxes in Georgia by \$46,000,000 to expand education, health, welfare and other state services. The plan was beaten down three to one. If it had been approved, schools would have received \$23,000,000 in additional funds.

Teachers in the Polk County Education Association voted 86 to 2 for the two-day "recess." They agreed to meet again Sunday to decide whether to return to classrooms or extend the walkout.

Ten schools, about 115 teachers and 3,500 students are affected by the teachers' "recess." Assistant State Superintendent J. I. Allman said Akin reported his office was "full of mad teachers" Tuesday night when returns showed the referendum had failed.

## Deserted Vessel Report Recalls Another 'Ghost'

Cape Hatteras, N. C., April 7.—(AP)—Reports yesterday of a deserted schooner drifting off the Carolina coast reminded old timers of another ghost ship that broke up near here.

It was the five-masted schooner Carrol A. Deering, which grounded on Diamond shoals in January of 1921. Coast guardsmen sighted the vessel under full sail. When rescue crews arrived near the ship they sighted no life aboard.

Coast guardsmen boarding the vessel found a cat to be the only living thing aboard. Food was found on the galley table and stove. The previous afternoon the Deering had spoken to Cape Lookout lightship 60 miles to the southward. Crew members of the lightship said there seemed to be a state of disorder and no discipline aboard the vessel as it moved northward. The passing vessels asked the lightship to report by wireless that she had lost her rudder. It so happened that the lightship's wireless was out of order, so she could not comply.

Later, the lightship crew sighted a steamer moving southward. She carried a wireless antenna. When she came nearer, the lightship signaled her to stand by for a message. But instead, the steamer changed course abruptly eastward, and crew members were seen unfastening a tarpaulin over the name of the counter. Investigators speculated that pirates might have done away with the Deering's crew. No trace ever was found of the crew nor of its Master, a Captain Worley, who shipped out of Maine. The Deering's wrecked bow today is on Ocracoke beach south of here.

## Salmon Loaf Made With Riceland Rice

Woman's greatest problem these days seems to be: "How to serve delicious, nourishing meals and still stay within the family food budget."

Here's the answer, as plain to see as the Riceland brand name on a package of rice: "Serve thrifty, delicious, energy-rich Riceland Rice some way—every day."

But how? Well, there are more than 200 different, delicious ways to serve Riceland Rice... as a breakfast cereal... and in all soups... and in dozens of thrifty casserole main dishes (with meat or fish or sea food or fowl or cheese or tomatoes, peas, celery, mixed vegetables, or any delicious combination of these you prefer)... and in croquettes, patties, griddle cakes... and in puddings and desserts.

Riceland Rice is the world's most versatile food-stretcher. Just keep a bowl of cooked Riceland Rice in your refrigerator. (It will keep perfectly for days and days.) Then whenever you have leftovers, mix them with cooked Riceland Rice, onion, green pepper, celery or tomatoes and, presto! you have a delicious main-dish casserole or loaf!

Or, get a can of salmon and make this thrifty Riceland Rice Salmon Loaf:

### Riceland Rice Salmon Loaf

- 1 cup cooked Riceland Rice
- 3/4 cup buttered bread crumbs
- 2 eggs, beaten
- 1/2 teaspoon salt
- 1/2 teaspoon celery salt
- 1/2 teaspoon pepper
- 1 tablespoon chopped onion
- 1 tablespoon chopped parsley
- 1 tablespoon chopped pimento
- 4 cups flaked canned salmon

Combine ingredients in the order listed and place in a buttered loaf pan or ring mold. Bake in a moderate oven, 350 degrees, for 30 or 40 minutes. Turn onto a serving platter.

Serve loaf with buttered peas and carrots or, if ring mold is used, fill the center with this complementary vegetable mixture.

Garnish with radishes, pickles and lemon slices. Serve with cream sauce or lemon sauce.

Remember that the success of your loaf depends upon the quality of rice used. So be sure

to use genuine Riceland Rice, the perfect-cooking rice that's always deliciously fluffy. It's quick and easy to cook. Here's how:

**To Cook Riceland Rice:** Put 1 cup of Riceland Rice, 1 teaspoon of salt and 2 cups of cold water in a large saucepan and cover with a tight-fitting lid. Set over a hot flame until it boils vigorously. Then reduce the heat as low as possible and simmer for 14 minutes more, during which time the water will be absorbed, making the rice deliciously tender. Remove the lid, permit the rice to steam dry to the desired consistency and the grains will be separate and fluffy. Always use Riceland Rice for best results.

It's smart to cook more Riceland Rice than needed so you'll have some handy in your refrigerator "Riceland Rice Bowl" to serve a different way—every day.

### Riceland Rice Is Easy To Cook! Tender! Fluffy!

To get the best results with this recipe and all rice recipes, be sure to use Riceland Rice. It's the world's most delicious rice—grown in the heart of the quality rice belt of America. Only the choice, perfect-cooking rice grains are packed in Riceland packages.

This quality rice is quick and easy to cook. Riceland Rice cooks deliciously tender with white, fluffy, individual grains.

Most grocers now feature this better-cooking, wonderfully-delicious, packaged rice—and at economical prices, too! Riceland Rice costs only one-cent a serving.

# Kinston Takes 7-4 Victory Over Greenies With Rally

### Locals Held Eagles To One Hit And One Run In First Seven Innings, But Five Runs In The Eighth Loosened Hold

By BERT MOYE

Manager Steve Collins' Kinston Eagles, after being held to one lone hit and one run in the first seven innings of play, got to the top of the eighth with five runs in the eighth frame, and then went on to score a 7 to 4 win over the Greenville Greenies in an exhibition game between the two Coastal Plain League clubs here yesterday afternoon.

In the eighth Anderson, Eagles shortstop, started off things rolling with a double, Stern doubled, scoring Anderson. Barrow singled to bring home Stern. Timm sacrificed, Messenheimer walked, Manager Steve Collins singled, scoring Barrow, and then Messenheimer scored when Second Baseman Boswell of the Greenies threw wild to third. Moss singled. White reached first on an error by First Baseman Anderson, and then Collins scored from third on a passed ball by Catcher Pasquale.

They scored singletons in the fourth and ninth frames. In the fourth White reached first on Boswell's error at second, advanced to second on an infield out and came home when Hepler doubled down the left field foul line. In the ninth, Hepler walked, stole second, went to third on an infield out and scored on Timm's timely single.

Greenville took a 3-0 lead in the second frame when they scored as many runs on two hits, two walks and a wild pitch. Pete Gillespie and Bob Denier walked, Norman Clark doubled into right field to bring home Gillespie and Denier; a wild pitch enabled Clark to advance to third, and an infield hit by Willard Mauney brought him home.

They added another run in the fifth when Bob Cohen singled, Gillespie walked and Billy Boswell singled to bring him home. Rookie Norman Clark pitched the first three frames for the Greenies and held the Eagles hitless and scoreless. Junior Yohn, who pitched for the Greenies last season, pitched the next three frames allowing the Eagles only one hit and one run, which was unearned. Then Chris Romeo started in the seventh and after pitching one and two-thirds innings in which he allowed six hits and five runs, was relieved by Jimmy Lewey, who held them to two hits and one run.

The Eagles likewise used three hurlers. Johnson pitched the first three frames, allowing three hits and as many runs. He was relieved by Hart, a lefthander, in the fourth who hurled the next three frames, and he allowed one run and three hits. Then Charlie Timm pitched the fourth frame.

Morrow hits and throws right handed and is expected to take a regular berth in the outfield this season. He is married and the father of three children. This marks his first time that he has managed a professional team.

## Sport Slants by Pap

Handy Hurler... Pap

It is generally conceded that Hank Behrman has a goodly share of pitching talent, but he is likely to hurt a team by his light regard for training rules. For this season, there is a great diversity of opinion among the experts as to how much the big right hander can help the New York Giants. To the extent of \$50,000? That's the sum the Giants were reported to have shelled out to get Hank from the Brooklyn Dodgers.

With the Dodgers, Behrman has been pretty much of a disappointment. His one good season was in 1946, when he worked in 47 games and posted a record of 11 victories and five defeats, working mainly in relief roles. Leo Durocher was handling the Dodgers that season, and he seemed to have the combination for making Behrman click on the mound. No doubt Durocher had that fact in mind when he pressed President Horace Stoneham to purchase the fun-loving Hank. If Hank clicks as Durocher hopes he will, he is easily worth the purchase price.

In pocketing the bundle of cash which he received for Behrman, Branch Rickey at the same time got rid of a headache. Rickey admits that Behrman has the equipment to be a fine hurler but he lost patience with Hank's light-hearted ways and gave up on him during the winter. It is doubtful that any other club would have cared to match the figure the Giants gave up for him.

## Mickey Owen Begins Defense In Suit Filed By Jorge Pasquel For \$127,000

Springfield, Mo., April 7—(AP)—The defense begins its case today in a federal court suit in which Jorge Pasquel, former president of the Mexican baseball league, is asking \$127,500 from ex-Major League Catcher Mickey Owen.

Owen, who jumped to the Mexican league following stretches in the majors with the St. Louis Cardinals and Brooklyn Dodgers and service in the U. S. Navy, has a counter claim of \$93,000 against Pasquel.

Owen yesterday contended that Pasquel, in firing him, owed him \$51,426.50 on the contract alone. He charged the Mexican millionaire was the one guilty of breach of contract.

Owen told the jury that he had trouble with players only once during his stay in Mexico—that spat with Claro Duany, Cuban outfielder on an opposing team.

Victor B. Harris, of St. Louis, attorney for Pasquel, claims Owen had trouble with his own Vera Cruz teammates as manager, especially Negroes and Cubans, and had one fight.

Score by innings:  
Kinston 000 100 051—7 9 9  
Greenville 030 010 000—4 9 3  
Johnson, Hart (4), Timm (7) and Moss, Sanders (7), Clark, Yohn (4), Romeo (7), Lewey (8) and Cobb Pasquale (5).

## Cary Middlecoff Rated Favorite In Master's Play

Augusta, Ga., April 7—(AP)—Dr. Cary Middlecoff, the former Memphis dentist was the favorite today in the first round of the masters golf tournament.

A recently discovered putting touch, together with consistency of his green-to-tee game, made Sammy Snead the No. 3 man to beat over the damp and gusty August national course of 6,900 yards.

Other picks in this field of champions rank this way: Jimmy Demaret, Byron Nelson, defending champion Claude Harmon, and amateur Frank Stranahan.

The 1932 British amateur champion is in the midst of a comeback which finds him with "a spot of trouble with my woods."

Best known of the international set is Bobby Locke from Johannesburg, South Africa. This is Locke's third masters.

This is Middlecoff's big year so far. His highlights of 1949 are runner-up at the Houston Invitational; winner at the Rio Grande Valley open; runner up at the St. Petersburg open; winner of the Miami four-ball, and partner of Jim Ferrier in winning the Jacksonville open.

A strong west wind, Dixie's April sun and a close cropping of fairways yesterday got the "course that Bobby Jones built" back in championship playing shape after heavy weekend rains.

Greenville golfers won their third victory of the season at the local club yesterday swamping the Kinston team 20 to 35 in the fourth round of Coastal Golf Association play.

Reynolds May of the Greenville team was medalist for the afternoon with a 74 for the 18 holes. The Greenville victory coupled with Tarboro's defeat of New Bern yesterday moved Greenville into top place in the association standings or in a tie for the top place, Harold Thomas, local pro said today.

Low scorers for the Greenville team were R. May, 74; E. Duff, 76; E. Webb, 76; M. B. Massey, 76; W. L. Allen, 77; H. Waldrop, 78; D. Larkins, 79.

The Greenville team will host to Farmville here next Wednesday afternoon.

## Hails Wehmeier As 'Standout'

Pensacola, Fla., April 7—(AP)—Herman Wehmeier, 22-year-old righthander, may be the "standout pitcher" the Cincinnati Reds have been looking for, Manager Bucky Walters said today.

"He's made a terrific impression on me this spring," said Walters. "He's much faster and seems to have a better idea of what he is doing. If he can get over his change-of-pace pitch with any degree of consistency this season, he'll be worth his weight in old gold."

Wehmeier, a Cincinnati, won 11 and lost eight last year in his first full season with the Reds.

CLUBS READY  
Salisbury, N.C., April 7—(AP)—Directors of the North Carolina State League discussed routine business in a final meeting here yesterday before the opening of the league season April 22.

All clubs reported ready for the season.

## Phantoms Play

Greenville High School's Phantoms travel to Roanoke Rapids tomorrow gunning for their second Northeastern conference baseball victory.

The locals, who defeated Edenton 4-3 in their opener, have been rained out ever since.

Next Tuesday they play Kinston and on Friday travel to Elizabeth City to complete a four-game out of town schedule.

The next home game for the locals will be played here Tuesday, April 19 when the Phantoms entertain the Washington Pam Pack.

## Coach Takes Up Syracuse Eleven

Syracuse, N.Y., April 7—(AP)—Floyd B. Schwartzwalder, who made a big winner of little Muhlenberg College, today takes over the job of restoring Syracuse University to football supremacy.

The little-known Muhlenberg magician succeeds Reaves (Ribs) Baysinger, whose 1948 orange team salvaged only one game in a nine-game schedule.

Schwartzwalder's appointment was announced last night by Athletic Director Lewis P. Andreas. He said the new coach would have full power to select his assistants.

Significantly, perhaps, Schwartzwalder was accompanied here from Allentown, Pa., by Bud Barker, his Muhlenberg backfield coach and coach of basketball.

Schwartzwalder, 39, a graduate of West Virginia University, will be introduced to the Syracuse squad tonight at the annual block "S" dinner.

They will begin a closer acquaintance Monday when spring practice sessions open. He also will introduce the single-wing Syracuseans to the winged-T formation.

Fishing files are wound by hand, using waxed silk thread to hold the materials in place.

## Bobby Doerr's Ambition Is To Win In World Series

### High Point Tops Pirate Netters

The East Carolina Teachers College netters lost their fourth consecutive tennis match of the season yesterday when High Point's high-flying Panthers edged out a 4-3 win at High Point.

The top singles match of the day saw ECTC's number one man John Heath defeat Jake Steele 8-6, 6-4. Heath and Williams edged Steele and N. Maddux 6-4, 3-5, 10-8 in the hottest match of the evening.

It was the 20th consecutive victory for the High Point team. The two teams meet again this afternoon.

Summary: Singles: H. Maddux (HP) defeated Williams 6-3, 6-0; Hansell (ECTC) defeated N. Maddux 6-4, 6-4; Heath (ECTC) defeated Steele 8-6, 6-4; Glaesner (HP) defeated Bass 6-1, 10-8; Melvin (HP) defeated Holland 6-4, 6-1.

Doubles—H. Maddux and Melvin (HP) defeated Hansell and Bass 6-3, 6-4; Heath and Williams (ECTC) defeated Steele and N. Maddux 6-4, 8-6, 10-8.

Doerr, a quiet fellow who seldom breaks into print unless he hits a home run, thinks 1949 is the year for him and the Red Sox.

There is an air of easy confidence on the Red Sox bench this spring. The players were relaxed and loose as they broke camp after a long training siege.

A year ago, they were tense and tight. Joe McCarthy was their new manager. All they knew about Mars Joe was what they had read in the papers. They didn't know what to expect.

Now they think they can win a pennant for him.

## League Meet

An important session of the league's directors has been called at Greenville for 2:30 p. m. Friday, and it will be determined whether the Coastal Plain League will add another rookie, limited service man or veteran to make the roster conform to the 16-player minimum required by the National Association of Minor Leagues.

## Californians Win Boxing Honors

Boston, April 7—(AP)—Three Oakland, Calif., youngsters headed for home today wearing 1949 National AAU boxing crowns.

And one of them, Maurice Harper, 18-year-old schoolboy, could boast he was the outstanding battler in the bulky field of 184 that started in the AAU's 61st tournament here Monday afternoon.

Harper gained the top individual honors by knocking out defending champion Eugene Linscott of Grand Rapids, Mich., in the second round of their 147-pound final bout last night. Oaklanders Johnny Ortega and Jimmy Mitchell also became titlists.

THEY OUGHTA BE A LAW!

## On Murder's Skirts

By Terry Adler

Chapter 18  
"Aren't you coming?" Ellen called impatiently.  
Raff hurried down after her and they both went out into the snow-covered street. He helped her into the car, then went around the other side and got in himself.  
"That's over, now I'm just as relieved as can be that Paul isn't the culprit," Ellen said. "You know, he's so darned stubborn, and when he's been drinking, there's no telling what he might do."  
Raff said nothing. He started the car with a jerk.  
"What do we do now?" she asked.  
"Nothing," He sounded angry. She looked at him inquiringly. He gave all his attention to his driving.  
"May I ask where we are going?" she said meekly.  
"I'm taking you home."  
"I thought you wanted to go up to the lab. I managed to get hold of the key to Dr. Hubbard's office."  
"That won't be necessary," he said shortly.  
"But I don't understand. Aren't you planning to do anything more about this? You haven't solved it, have you?"  
He didn't say anything for a moment. Then, "The coroner's office will be notified first thing tomorrow morning."

"You know very well what I mean. Is that what's responsible for this sudden freeze?"  
"Look, sister, I don't give a hank how you conduct your personal affairs."  
"Don't you? I'm sorry to hear that." She sounded as if she weren't convinced. "I was beginning to hope jealousy had reared its lovely head," she added softly.  
Raff looked up and grinned.  
"You know, you're quite a gal. If you ever get out of this mess, look me up. I'd like to try my hand at collecting some of that lipstick myself."  
"Just what is that supposed to mean?" There was no smile on her lips now.  
"That I could give Russell a run for his money."  
"No—I mean about my getting out of a mess."  
"Oh, come now. It was a good try. But I'm not completely stupid, although I admit it took me an awfully long time to catch on."  
"And what—have you finally caught on to?"  
"Wily, Hubbard's murderer, of course."  
"You have! Who is it?"  
"Why, you, my dear. Is it a surprise?"  
She gasped. Finally she broke out into a genuinely merry laugh. "You know, I think you're crazy. For a minute I thought you were serious."  
"Figure it out for yourself," he said coldly, "you had the opportunity and the motive."  
She stopped laughing suddenly. "Wait a minute," she said. "You're serious."  
"Yes," he said shortly. "I'm sorry about it, but I am serious."  
He met her gaze as she stared at him steadily.  
(To be continued)

## Eli Bloom States Kiwanis Minstrel Jokes Streamlined

Eli Bloom, producer of the annual Kiwanis minstrel show, to be presented at the college two nights, April 13 and 14, for the benefit of the Kiwanis club's underprivileged child fund, said today that the show will be better this year—that some new talent has been discovered among children, under Marie Smith Wallace's direction, and that some fine talent from E. C. T. C. will appear in the minstrel.  
Bloom said the jokes will be "streamlined" this year; the dancing numbers will be better, and the music will be sparkling. All seats will be reserved. Tickets are now on sale by Kiwanians and J. Hicks Corey, 515 Dickinson Avenue. Nearly all tickets for the first night's performance have been sold.  
All money derived from the minstrel is used for underprivileged child work, President Arthur Tripp said.

**\$25,000 FOUNTAIN SCHOOL DISTRICT, PITT COUNTY, NORTH CAROLINA SCHOOL BONDS**  
Sealed bids will be received until 11 o'clock A. M., Eastern Standard Time, April 19, 1949, by the undersigned at its office in the City of Raleigh, N. C., for \$25,000 School Bonds to be issued by Pitt County, North Carolina, and in behalf of the Fountain School District, dated February 1, 1949, and maturing annually, February 1, in numerical order, lowest numbers first, \$1,000 1950, and \$1,500 1951 to 1956, inclusive, without option of prior payment. There will be no auction.  
Denomination \$500; principal and semi-annual interest (F and A 1) payable in legal tender in New York City or Greenville, North Carolina, at holder's option; coupon bonds; delivery on or about May 10, 1949, at place of purchaser's choice. The bonds are payable from an unlimited tax to be levied upon all taxable property in the Fountain School District. The bonds were authorized at an election in the district, 77 votes for and 4 against.  
Bidders are requested to name the interest rate or rates, not exceeding six per cent per annum, in multiples of one-fourth of one per cent. Each bid may name one rate for part of the bonds (having the earliest maturities) and another rate or rates for the balance, but no bid may name more than three rates, and each bidder must specify in his bid the amount of bonds of each rate. Each rate bid must be for bonds of consecutive maturities. The bonds will be awarded to the bidder offering to purchase the bonds at the lowest interest cost, such cost to be determined by deducting the total amount of the premium bid from the aggregate amount of interest upon all of the bonds until their respective maturities. No bid of less than par and accrued interest will be entertained.  
Bids must be on a form to be furnished with additional information by the undersigned, enclosed in a sealed envelope marked "Proposal for Bonds," and must be accompanied by a certified check upon an incorporated bank or trust company, payable unconditionally to the order of the State Treasurer of North Carolina, for \$500.  
The approving opinion of Mitchell and Pershing, New York City, will be furnished the purchaser. The right to reject all bids is reserved.  
**LOCAL GOVERNMENT COMMISSION**  
By W. E. Easterling, Secretary of the Commission.

**NOTICE OF SALE**  
North Carolina  
Pitt County  
Under and by virtue of the authority and power vested in the undersigned executor of the estate of Annie M. Person and pursuant to further authority and instructions of the Board of Trustees of the one-half undivided interest of the late Annie M. Person in and to that certain house and lot in the City of Greenville located on the Southeast side of East Eighth Street, being No. 110 according to the plan of the City of Greenville, will be sold at public auction to the highest bidder for cash at the Court House door in the City of Greenville on Saturday, April 9, 1949, at 12:00 o'clock noon.  
At the same time and place and contemporaneously therewith, the other one-half undivided interest in and to said house and lot, the said one-half undivided interest being the property of "The Trustees of the Methodist Orphanage of Raleigh, North Carolina, Inc." will also be offered for sale at public auction to the highest bidder for cash.  
The sale will be final and no confirmation of Court is required. The successful bidder will be required to deposit 10 per cent of the amount of his bid immediately and complete the payment of the purchase price upon delivery of proper conveyances.  
The property may be inspected by appointment with Sam B. Underwood, Jr., attorney at law, Greenville, North Carolina.  
Dated this 26th day of March, 1949.  
L. C. LARKIN, Executor of the Estate of Annie M. Person, deceased.

### Cancer Society Begins Drive At Dinner-Meet

County and city campaign officials for the annual drive for funds for the American Cancer Society were guests of Mr. and Mrs. W. H. Woodard at a dinner-meeting in the Woman's Club building Tuesday evening at 7:00. E. Y. Floyd of Raleigh, State campaign chairman for the American Cancer Society, was guest speaker.

W. W. Speight, county campaign chairman, introduced Mrs. W. H. Woodard as hostess for the evening and as representing Mr. Woodard who as treasurer, is a member of the executive board of the county organization. Other members of the executive board were introduced by Mrs. B. McKay Johnson, county commander, and included Dr. J. L. Winstead, chairman; Dr. G. G. Dixon, Dr. T. G. Basnight and K. T. Futrelle.

Mayor Jack Boyd, Jr. introduced the main speaker for the evening E. Y. Floyd, state campaign chairman, who spoke on the work of the American Cancer Society. Mr. Floyd, formerly a tobacco specialist at State College and now with the Plant Food Institute, was appointed state campaign chairman by Governor Scott. Mr. Floyd's friendship and dealings with farmers and people in communities all over the state equip him to further the aim of having civic organizations and farm organizations work together to fight cancer. Mr. Floyd expressed concern at the fact that there are more deaths from cancer in rural areas per capita than in urban areas, probably due to lack of knowledge of the seven symptoms. Mr. Floyd stressed the importance of each family acquiring knowledge of the seven danger signals of cancer and how best to use the knowledge already known to medical science.

A year-round information center will be located at 314 Evans Street in Greenville and a cancer detection clinic for examination and treatment is now located in Kinston. Services of this clinic are free to everyone over 40 and available to those younger by appointment. Local doctors are anxious to render service toward the detection and treatment of cancer and the Pitt County Medical Society and the

State Medical Society support the work of the American Cancer Society. Mr. Floyd pointed out that the Cancer Society works with local health officers for those who are in uncomfortable circumstances and helps to make known new discoveries in the detection and cure of cancer.

In explaining how money contributed to the American Cancer Society is used, Mr. Floyd quoted from one of the Society's information booklets:

"This is how your dollar works: 60 cents is retained within your state to finance the local education and service programs. Education means: 1. Informing the public of cancer danger signs and what to do about them. 2. Providing the medical profession with the latest information and techniques of diagnosing and treating cancer. Service means: 1. Establishing and maintaining detection and clinical facilities for treatment and cure of cancer. 2. Providing cancer patients with nursing and volunteer aid, dressings, etc.

"25 cents is sent to the national headquarters and is used to finance a nationwide research program. "15 cents is sent to national headquarters to: 1. Coordinate and administer this huge cancer program. 2. Prepare educational devices such as literature, films, exhibits, radio newspaper, and magazine publicity for both lay public and medical profession."

### Science Club To Finish Program

Student members of the science club at East Carolina Teachers College will complete on Friday of this week a series of programs on energy given on the campus and at several schools in this section during the past two months. The "Mobile Program," combining talks and demonstrations by student of physics, chemistry, and biology, has been so well received that plans are now in preparation for a similar program for 1949-1950 and for a larger number of engagements next year in the public schools.

Off-campus engagements have been at Atlantic Christian College in Wilson, and to high schools at Farmville and Ayden, and include this week's program in Rocky Mount. The itinerary was arranged with the help of Dr. H. J. McGinnis, director of the Bureau of Field Services at East Carolina.

### Syrian Gov't Leaders Resign

Damascus, April 7—(AP)—President Al Sayed Shukri Al Kuwaly and Premier Khaled Bey Azem, whose government was overthrown by a military coup March 30, resigned today.

Both men have been under arrest since Brig. Husni Zayim, army chief of staff, seized power in a bloodless revolution and set up a junta.

### Waldrop In Line To Head Tarheel Bankers' Group

J. Herbert Waldrop, vice-president and cashier of the Guaranty Bank and Trust Company, and vice-president of the North Carolina Bankers' Association, is in line to be elected president of the association at its annual meeting at the Carolina Hotel in Pinehurst May 2 and 3, according to Fred W. Greene, executive secretary. It is the custom of the bankers to choose the vice-president to head the association the following year, he stated.

John F. McNair, Jr., president of the association, and executive vice-president of The State Bank at Laurinburg, will preside.

The main speakers at the opening session on the morning of May 2 are scheduled to be Dr. Charles W. Williams, head of the Department of Economics and Commerce, University of Louisville, Ky., and Wiley P. Mitchell, Jr., of Youngsville, winner of the State-wide Association-sponsored soil conservation public speaking contest.

Carlyle Emery, vice-president, Ruthrauff and Ryan Company, Inc., Chicago; and Dr. James A. Jones, Myers Park Presbyterian Church, Charlotte, will speak at the Tuesday morning session.

Installation of newly elected officers is also scheduled for this session.

Tuesday evening, May 3, the annual banquet and dance will be given. During the banquet, certificates will be awarded to new members of the 50-Year club.

Several recreational activities are planned, including a golf tournament, skeet shooting match, and a bridge tournament.

Committee chairmen for the convention are: Irving Bull, Wachovia Bank and Trust Company, Winston-Salem; L. B. Creath, Carolina Bank, Pinehurst; Mrs. John McNair, Jr., Laurinburg; James K. Paul, First National Bank, Winston-Salem; A. G. Small, Guaranty Bank and Trust Company, Elizabeth City.

Serving with the chairmen on the committee are: N. S. Calhoun, Jr., American Trust Company, Charlotte; Yates Faison, American Trust Company, Charlotte; R. M. Finley, First-Citizens Bank and Trust Company, Raleigh; Meade H. Willis, Jr., Wachovia Bank and Trust Company, Winston-Salem.

Warren, O., April 7—(AP)—A homemade dynamite bomb which heavily damaged a Negro Doctor's incomplete \$60,000 home was set off in spite motivated by race prejudice, the doctor's wife told police today. When the building was started last June, said Mrs. Anita Brown the family received two threats that they would never be allowed to move into the neighborhood.

### Can't Pay 'Em

Tokyo, April 7—(AP)—The top moneylender in Japan last year, the finance ministry said today, was moneylender Masamitsu Moriaki. His income was estimated at \$6,000,000 yen (about \$325,000). But, the Ministry complained he hasn't paid his taxes. "I have loaned 150,000,000 yen to others," Moriaki said "I have no cash."

### More Liquor And Racing Measures Given Approval

Raleigh, N. C., April 7—(AP)—Despite murmurs of opposition, more bills to allow cities to vote on ABC liquor stores and to let counties ballot on racing and gambling were approved by legislative committees today.

The senate committee on propositions and grievances gave its blessing to measures to permit liquor store elections in Salisbury, Spencer and East Spencer and its house counterpart approved a liquor election bill for the town of Hertford. The house committee also approved a measure providing a liquor store vote in Winston-Salem and Forsyth county.

The senate committee okayed a bill to allow an election in Pasquotank county on legalizing racing and gambling, a measure to allow dog racing in New Hanover, and one to legalize bingo playing in Dare county.

### Post-War Liquor Coming On Mart

Washington, April 7—(AP)—The first wave of post-war made whiskey will nearly double the nation's "wet" stock this fall—putting a damper on prices.

### Magic . . .

(Continued from page one) "The chair realizes that the habit was grown up of placing the names of senators on the roll call and the clerks at a desk tell the chair that sometimes the sheet is kept at the desk two or three hours after the roll call in order that senators who come in later may have their name recorded."

But no more, Barkley says—unless a senator is someplace on Senate business, like a committee meeting. Then he is really busy for the Senate, Barkley says, and when the bells ring for a roll call he can phone in and say "Mark me present" and it's okay.

But no more of this stuff of getting yourself marked "here" when you're off someplace or just get in late for work, says Barkley.

But why does it mean so much to a senator to get himself marked "present"? Because if any of the folks back home are checking up on him, they can read the record and see whether he's on the job.

### District Debate Contest Staged

A district contest of the North Carolina High School Debate Union will be held at East Carolina Teachers College today and will bring to the campus approximately 50 debaters and coaches from schools in the eastern section of the state.

Those participating in contests here will be winners in preliminary debates among various schools of this area. The affirmative and the negative team chosen as winners in the district meet at East Carolina will debate in the annual state contest to be staged in Chapel Hill later in the spring.

Sixteen teams will debate on a topic dealing with world federation. They represent high schools as follows: Perquimans of Hertford, Scotland Neck, Williamston, Edenton, Richlands, Greenville, Washington, Grainger of Kinston, Rocky Mount, Pantego, and Weldon.

College faculty members will act as judges in the debates, and members of the Jarvis Forensic Club at East Carolina will assist in arranging and carrying out the programs given during the day.

Dr. Meredith N. Posey, professor of English at East Carolina, is director of debates for the eastern district. He will preside at the opening session.

### Has Warning On Anti-Spy Fight; Guard Liberties

Washington, April 7—(AP)—Senator Ferguson (R-Mich) cautioned today against carrying the peacetime battle against spies and saboteurs so far that it interferes with freedom of speech and the press.

He told reporters that before he approves a bill proposed by the administration to tighten internal security laws he wants to find out "just what they are trying to do."

Ferguson is a member of a senate judiciary subcommittee whose hearings on the measure were due to wind up today.

### U.S. Army . . .

(Continued from page one) forts to air strikes. And he pointed out that "at present the balance of military power is centered in the United States, 3,000 miles from the heart of Europe."

As a matter of fact, since we must maintain a big standing army anyway, there is no special hardship involved in having some of it stationed in Europe. Actually it would be a valuable peace-time assignment for our men educationally. And of course, their presence would be calculated to lessen the chances of war.

Secretary Royal said he didn't believe war was imminent, and that he didn't mean his talk to sound warlike. However, he thought the

### ...And A Hopeful Smile

New York, April 7—(AP)—Morton Krouse, a 255-pound singing teacher who likes penny chocolates, sidled up to a subway vending machine with a penny and a hopeful smile.

He put the penny in the slot and pulled the lever. Nothing happened. In fact, nothing happened 46 times over an eight months period. It was most distressing, for Krouse does like those penny chocolates, he says.

Sighing, he'd take out a diary each time and put a black mark

after the name of the vending machine firm—the New York Subways Advertising Co.

He wrote the company. Nothing happened. Finally, by golly, he sued—for 46 cents.

In small claims court today a grave faced attorney for the company stepped forward with a check for \$1.71, covering \$1.25 for the cost of a summons—and 46 cents.

Morton Krouse, a 255 singing teacher who likes penny chocolates, headed for a subway with a penny and a hopeful smile.

### IN GRIPPING DRAMA

Phyllis Calvert and Melvyn Douglas co-starring in "My Own True Love" unusual film drama at Colony Friday and Saturday.

best way to prevent hostilities is to let it be known that America is ready for them. That's a thought which it may be useful to carry a step further. If there is war it won't be because of the Atlantic pact but despite it. The pact is expected by the signatories to be a powerful deterrent of war. Thus it may become the medium for creating a more conciliatory spirit.

We can't rule out the possibility that, once it is clear the cold war is at a stalemate in Europe, the east and west may be able to solve some of their differences. As I reached this point in our column the following news dispatch was laid on my desk from Berlin:

High Russian officers came to an American army day reception for the first time since Berlin was divided in two. Apparently they had changed their minds about the party at the last minute. Such high Russian officials had not attended any such allied gathering since they imposed the blockade on Berlin and walked out of the four power councils.

### New Farm . . .

(Continued from page one) new plan would set up a total farm income goal—a goal designed to assure agriculture at least as much buying power as it had in the first ten years of the previous 12-year period. In other words, the minimum income goal for 1950 would be the average buying power agriculture had in the 1939-48 period.

Under this plan, the minimum income goal for 1950 would be \$26,234,000,000. This compared with a record of \$3,019,000,000 in 1948 and with \$7,877,000,000 in 1939, when most farm prices were depressed.

After determining the minimum income goal, the program then would determine a corresponding schedule of commodity price or return guarantees.

### N.Y. Cotton

New York, April 7—(AP)—Cotton futures opened 20 cents a bale lower to 10 cents higher. Noon prices were 10 to 75 cents a bale higher than the previous close. May 32.25, July 31.53 and Oct. 28.92.

### Hog Market

Raleigh, April 7—(AP)—(NCDA)—Hog prices steady to slightly weaker. Tops of \$18 at Rocky Mount; \$17.75 at Kinston and Tarboro; \$17.50 at Greenville, Wilson, Goldsboro, Washington; \$18.25 at Richmond.

### Poultry and Eggs

Raleigh, April 7—(AP)—(NCDA)—Fryers and broilers steady at 30; eggs steady. A large 44.

### N.Y. Stock Market

New York, April 7—(AP)—The stock market moved in aimless fashion today. Trading activity dropped to the slowest rate of the week and most issues strayed only fractionally up or down from the previous close. Gains and losses were fairly evenly balanced.

**Some Prefer Coal and Wood Ranges**  
It's an old custom to use a coal and wood cook range and we are not going to try to convince you that you should not do so. However, if you prefer to continue to use these ranges we are ready to help you fulfill your needs.  
A complete line of coal and wood cook stoves and ranges in iron and combination steel top with white enamel front. At the new low prices.
