It is easy enough to be pleasant. The girl you surely can find. But the buggy, be careful in choosing. Be sure it's the "Flanagan Kind." The back's just right for your comfort. To insure a most pleasurable ride. And your arm seems to naturally fit it. As the girl nestles close by your side. Fifty years from today if you live it. This sonnet will come fresh to your mind: As you gaze on the still perfect buggy. That is branded the "Flanagan Kind."

A Lenten Prayer

The Power of Prayer
And all things, whatsoever ye shall ask in prayer, believing, ye shall receive. Matthew 11:22. Read John 17:1-4.

One cannot imagine Jesus facing his supreme agony except as sustained by the power of constant prayer. Throughout his ministry he had drawn apart to a secret place to commune with the Father. Strengthened by a power not himself, he set his face steadfastly toward Jerusalem. And now in the final week, he faces the opposition of Pharisees and Sadducees, the tyranny of High Priest and the judgment of Governor, the agony of the garden and the passion of the cross, only by virtue of a communion with God so complete as to mean the full surrender of his will to the divine.

Many of these prayers are recorded for us. They move us to the high throne of grace. But we may only surmise the earnest petitions of those nights of the last week when, after the threatening events of each day, he, with his disciples, went out to Bethany. Let us give thanks to the Father for the power he gave to Jesus, even the power to endure the cross.

Let Us Pray: Unto thee, our heavenly Father, we are grateful, that in thy boundless generosity, thou hast given also unto us the gift of prayer, and without stint, hast offered us thy strength, saying, Ask, and ye shall receive. Through Jesus' name. Amen.

Mrs. Settle Speaks Before Church Group

Grifton.—On Sunday afternoon Mrs. Thomas Gower had as guests for an interesting meeting the members of the Cammie Gray Guild of the Christian Church in Greenville of which she was a former member, the Junior Workers Council of the Christian Church here and the book club members.

Mrs. Agnes Settle of Greenville was guest speaker and gave in a most impressive manner a talk which was appropriate for the approaching Easter season. This had to do with the Bible story of the women who went to the tomb to see after the body of their dead Lord, and how He said to them, "Go Tell My Disciples," with this she said it was to the women that he spoke and told them to tell others of his death and resurrection and that this was also a task for us today.

At the tea hour Mrs. Gower assisted by Mrs. Eleanor Gower who poured tea and Miss Louise Mewborn served cookies and nuts.

The home was decorated with bowls of dogwood and other spring flowers.

Fields-Rowland

The candlelight wedding of Miss Helen Mae Rowland, daughter of Mr. and Mrs. S. L. Rowland of this city, and Mr. Marshall Fields, son of Mr. and Mrs. M. D. Fields of Goldsboro, took place on April 8th in the Eighth Street Christian Church with Dr. H. G. Haney, pastor of the bride, officiating. Music was rendered by Mrs. Boykin and soloist, Miss Barbara Clement. The bride was attired in a navy blue gabardine suit, navy blue hat, accessories of pink and she carried a prayer book topped with pink roses and white satin streamer. The maid of honor was a cousin of the bride, Jean Cayton, of Farmville. She wore a fuchsia dress with navy accessories and corsage of white carnations. The best man was a brother of the groom, John Fields, of Goldsboro. The bride was given in marriage by her father. The ushers were Mr. John A. Kovalchick, Jr., of Pennsylvania and Mr. Paul McNickle of Washington, D. C.

The bride's mother wore a beige suit with green accessories and corsage of red roses. The groom's mother wore a brown suit with brown and white accessories and corsage of red roses.

After the ceremony the bride's parents entertained the wedding party, out of town guests, relatives,

Strength FOR THE DAY

Big Questions Indeed
Fifty years from now, the generation then alive will be standing at the threshold of a new century. Who will be leading America at that time? What kind of men will hold offices of prominence and power? Right at this moment, sleeping in some cradle is a boy—or perhaps a girl—in whose hands the destiny of our country may rest fifty years from today.

Some future scientist is at this moment crying lustily because his 4-hour feeding has been delayed. Some military genius, perhaps, is seated on the floor in a humble home playing with blocks. We see the boys and girls as they skip along, going to school and coming back again, and so seldom do we realize that here are tomorrow's leaders. We say, casually, "Oh, yes, they will be running things thirty years from now," but how much do we realize the import of those words? How are all these children being prepared to meet overwhelming issues?

Let us keep in mind that character must always come first; and also let us remember this added truth—that stable character is almost invariably the result of religious faith. It may be that that boy who is throwing his hat up into the air and going through monkeyshines is one of God's great prophets; that girl who is laughing at him may in the future be a composer or a poet or the mother of a world leader.

WHERE ARE YOURS?

We're always open to suggestions for the good of our city and we don't object to constructive criticism. Our columns are open at all times for full expression of our citizens on public matters whether or not their opinions coincide with ours. On the other hand we do object to anonymous jabs from persons who apparently are afraid to take exception to what we do and say except behind the screen of anonymity.

Yesterday we received a written suggestion for a news item but the party making the suggestion not only declined to sign his or her name to the note but ended with "Bet you don't have the guts to do it."

Ordinarily anonymous communications go into the waste basket without even the courtesy of acknowledgement in print but whoever the "bird" is who wrote this note has left himself or herself open for us to ask the question:

"WHERE ARE YOURS?"

PYRAMID CLUBS AGAINST THE LAW

For several days the Pyramid Club idea has been sweeping this city like a brush fire before a high wind and if those who are sponsoring or taking part in the venture don't watch out they are going to get singed by the blaze they've started. The scheme is a sucker game just like the chain of dimes that flared up a few years ago and was smashed by the government for fraudulent use of the mails. The only difference the operators are new trying to stay out of the federal courts by carrying on the lottery by personal contact instead of through the mails.

Regardless of how it is carried on the pyramid club

Danger! High Voltage!

FACT 1 - NATIONAL LEADERS OF THE UNITED ELECTRICAL WORKERS UNION ARE OPENLY PRO-COMMUNIST!

FACT 2 - THE COMMUNISTS IN AMERICA HAVE VOWED TO SUPPORT RUSSIA IN EVENT OF AN ATTACK AGAINST THE UNITED STATES!

idea is an out and out lottery and persons taking part in it, or inviting others to become a party to it are liable to indictment for both operating a lottery and for conspiracy to violate the anti-lottery laws.

Police Chief Lester Page has declared that his department will investigate all reports of pyramid club activities and where sufficient information is found warrants will be issued for the offending parties.

Around Capitol Square

By LYNN NISBET
LIGHTER—While congress is working over international agreements and the North Carolina legislature is tied up with senate and house differences over road bonds and appropriations, let's take the rest of us take time out for consideration of matters in lighter vein. The ensuing paragraphs will be devoted to matters personal and impersonal, pertinent and impertinent, and sometimes all four classifications will apply.

There was the instance when Roger Kiser of Scotland was arguing in house against any cut in the school teacher salary schedule. Kiser, a former school teacher, had told several colleagues he expected to go back into the teaching profession this fall. So John Regan of Robeson asked if his (Kiser's) interest was welfare of the school children or increase in his own salary. Speaker Ramsey quickly ruled the Scotland representative did not have to answer that question. He didn't answer it and Regan later said he knew the question was inappropriate but he just wanted to get it to the "jury"—in this case the house membership.

girl." There isn't much the average man does here to show how spring affects him. He wears a brighter necktie. He dawdles and day dreams more. And I think the doodling on his desk pad changes in a subtle way. But that would take a cryptographic Dr. Kenney to interpret.

The girls, as always, are more demonstrative. Oh, the girls, the beautiful girls of New York. They break out in more colorful dresses. They plump in unexpected places. And is it only imagination that there is more of a waggle in their walk? The key receptionists show a thawing heart and she turneth away the salesman at the door without wrath. A gleam comes into the housewife's eye. She wraps an old cloth about her head. Dust rises. The furniture makes its semi-annual trek around the living room to the tune of her husband's creaking joints.

Boyle's Column

By HAL BOYLE
New York—(AP)—Ya-a-a-WWW-W-W-N-N-NNN!

I guess spring is really here. Spring fever is anyway. And the season of gentle melancholy and pleasant foolishness is upon us.

It is a time of dreamy peace for the common man, and his mind and body prepares for the chemistry of summer. But it is also a time of great wars. Ambitious leaders through all history have picked this season to unleash the armies they have built up through the winter. The ground has firmed for the martial foot.

But this year looks like another of the years the world treasures—a year of peace. The bugle hangs on the wall, brightly polished but unblown. No mighty armies are massed for attack... that we know of in small surprises. Spring comes to the city in small surprises. Down where I live you can tell it best by the sudden increase of perambulators. The poor man on the lower east side may never hope to own a motor car. But he will go without a suit to see that his new baby rides in the finest buggy in the neighborhood.

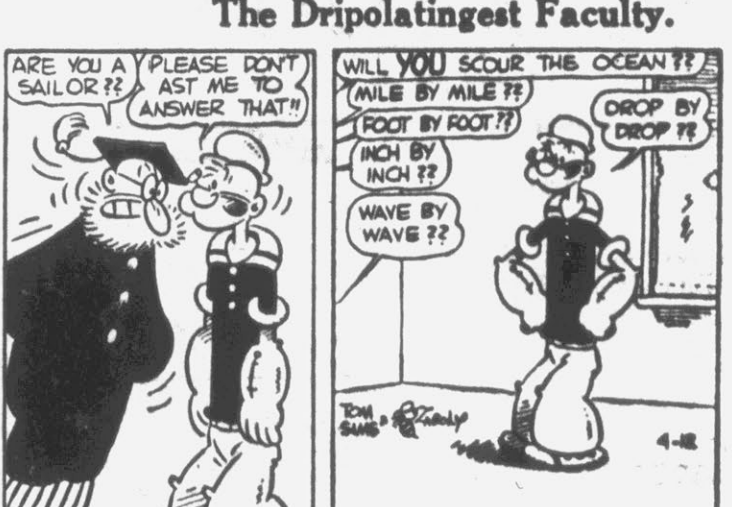

A day arrives when the air wears a chill in the shade and a sudden softness in the sun. And the side-walks bloom with thousands of baby buggies, alive with posterity and the voices of tomorrow.

Across the East river a few buds burst open on the tree that grows in Brooklyn. And here in Manhattan you'd think the cold skyscrapers themselves would erupt in greenery—thrust out limbs and leaves to catch the warmth. And perhaps some day they will, and turn this stony wilderness into a green garden of the spirit.

You can live all your life and never see a robin or a bluebird, the heralds of spring elsewhere. But the pigeons aren't a bad substitute. The pavement is alive with their courtships—love underfoot—and their cooing can be heard half a block.

Up in Central Park they begin to put out the boats for the sailors. People often have wondered why sailors fresh from the sea go there to row boats around the lake. There is no mystery about it. They go there because, as one sailor told me, "It's a wonderful place to meet

Pravda Asserts Hunt For Noah's Ark Is For Spying

Moscow, April 12—(AP)—An expedition started by two Greensboro, N.C. men to search for Noah's ark was branded by Pravda today as a spy outfit. The archaeologists are heading for the Turkish-Soviet frontier.

Promoter of the expedition is Dr. E. Aaron Smith, head of a Bible school at Greensboro. Others with him include Egerton Sykes.

The official communist party newspaper asserted that British, American and Dutch expeditions were heading for Mount Ararat, where the ark is believed to have come to rest and where the Turkish boundary meets that of the Armenian Republic of the U. S. R. R.

In London, however, one of the American archaeologists said today he really will be looking for Noah's ark on a trip to the Soviet border. He scoffed at the charge by Pravda that he was bent on spying.

The archaeologist—Egerton Sykes of Greensboro, said he and Dr. Smith have been trying for some time to raise money for an expedition to Mount Ararat in Turkey on the Armenian frontier. He says he is convinced the ark is still there, and has records which indicate this. Sykes said he had publicly specified that he and his fellow searchers—Smith and Hans Roosen of Holland—will stay on the Turkish side.

Roosen, a 19-year-old student, was described by Pravda as an international agent.

Sykes said he hopes to begin the

expedition in June. Turkish authorities already have given their O.K.

"What does all this biblical masquerade mean?" Pravda demanded. "It is quite enough to look at a map to understand the meaning of the biblical amusements of the Anglo-American imperialists, x x x the true purposes of such expeditions are as far from archeology as is Egerton Sykes from his grandfather, Noah."

The newspaper said Sykes will head the British expedition. It identified him as a former British press attaché at Warsaw and communications officer for the British embassy at Tehran. It did not name heads of the other two reported expeditions.

The Russians have become increasingly sensitive about excursions approaching their borders. Recently they waged a weeks-long propaganda campaign accusing Finland of having permitted spies to operate near their border in the guise of wolf hunters.

W. C. T. U. Notes

The W. C. T. U. met in the lovely little home of Mrs. Charles Rumley last Friday at 3:30 p. m. Mrs. Briggs, the president, gave the devotional and a talk which was very timely. She based her remarks on Acts 26, 11 to 18. She appealed to the group to not be discouraged even though the legislature had denied us the referendum. She told of Paul who at times became discouraged. His life long ambition was to go to Rome, but not as a prisoner. His greatest episode was written to the church at Rome. For a third of a century he had preached to the then civilized world to Jews, Greeks, Gentiles and barbarians. Now after a fall and winter in storm at sea the old soldier of the cross was to go to Rome. With great joy the church at Rome prepared to meet him. Paul had landed in Italy and was coming up the Apian Way. The church went out to meet him for one greater than Caesar was coming to preach to them. Upon landing Paul was tired and heavy hearted because he was going to Rome as a prisoner. But when he saw the church coming to meet him he thanked God and took courage. Mrs. Briggs said, two of the greatest elements of character are examples of Christian gratitude and courage. The greatest need in members is a deeper, higher and greater courageous faith and to stand together for total abstinence.

The business meeting was centered around plans for the state convention which is to meet in Greenville in October.

Mrs. Rumley served delicious refreshments.

Members of the Pitt County Home Demonstration clubs sponsored a Fashion Show of homemade garments in cooperating with the Greenville Women's Club in celebrating National Art Week. The dress revue was held at the Woman's Club on Saturday, April 3, at 3:00 p. m.

Mrs. R. B. Starling, president of Pitt County Federation of Home Demonstration Clubs was commentator. In her striking manner she told of the new trends for spring-fitted bodice, easy skirt, open neckline often with big collars, fly-away cuffs, scattered pins, longer pearls and ropes of pearls. These trends were observed as the 4-H girls and Home Demonstration club members modeled their outfits which were so carefully constructed.

Models were: Nannette Whitehurst, Lella Davenport, Elizabeth Brewer, Neel Dupree, Woody Manning, Shirley Gaskins, Mrs. Roy Edwards, Mrs. James A. Chauncey, Mrs. J. Howard Barnhill, Mrs. J. D. Science Program Is Planned At College For Student Guests

The science department at East Carolina Teachers College will hold open house Thursday, April 14, in observance of High School Day at the college and will stage an all-day program in honor of public school seniors who will be guests on the campus.

The student science club and other students of science at the college, with the aid of faculty members of the department, have planned the program for the day. Those in charge of exhibits and demonstrations extend an invitation to the public to visit the department next Thursday.

Exhibits in chemistry, biology, physics, astronomy, photography, and general science will be a display. Laboratories will be open, and science students will be present to welcome guests and show them through the department.

Among exhibits will be reproductions on a small scale of industrial methods of making various products, such as aspirin, perfumes, and sulfuric acid. A number of business organizations, among them Eastman Kodak, Standard Oil, General Electric, and Morton's Salt, have contributed or lent material. Plant and animal exhibits, primarily of native species collected by students and staff members of the department, will be exhibited. Collections of insectivorous plants and of shells from the Carolina coast will be included. Demonstrations in the laboratories will be conducted by students and will include work in such subjects as analytical chemistry, bacteriology, photography, and electricity.

The college museum will be open for inspection. In the evening a popular lecture on astronomy given out of doors has been planned, and visitors will be given an opportunity to use the telescope.

Board of Officers Meets

Calmly Relates Two Murders And Eating Flesh Of Victim

Bremen, Germany, April 12—(AP)—A German ship's steward calmly told in court today that he killed two young boys and served some of the flesh of one of them to his unsuspecting family.

"I just had the urge to kill someone," Bodo Fries, 39, testified. He showed no emotion.

Fries is charged with murdering the two boys in 1945 and 1947. He is not charged with cannibalism as there's no such offense in German law.

The parents of both slain boys, Ernst Sprenger, 12, and Wolfgang Windrat, 9, were in court to hear Fries tell of the crimes.

Spectators crammed the court. There was gasps when Fries testified that at one time he was a cook for an American army unit in Bremen.

The defendant said his first victim was Wolfgang Windrat, whom he lured into the woods and killed with a club. "I just had to do it," he said. He described how he put the body in a sack and buried it.

The Sprenger boy was similarly murdered. Fries said he made friends with him when they both worked on a railroad.

"One day I had the urge to kill him," Fries said.

After killing the boy with a hatchet, Fries said, he was startled by some people in the neighborhood. So he hid the boy in some bushes instead of burying it as planned.

He said he picked up the liver and a piece of the thigh from the hacked body and hid them in his rucksack.

When he arrived home, he said, "I told my wife I had bought some pork and liver. We had it for supper the same day."

"I had to eat it so as not to make my wife and mother suspicious," he said.

Asked by the court whether he thought of his own seven-year-old son when he ate the flesh, he replied "No."

Fries was known in his neighborhood as a good family man. Police said he had no previous criminal record.

Professor Has Headache Cures

Auckland, New Zealand—(AP)—Want to avoid a hangover headache?

The advice of visiting Professor G. W. Pickering, professor of Medicine at the University of London, is worth trying out.

It is: Drink a pint of water before going to bed after the party.

"That's a real tip," the Professor told reporters.

He as a couple of other tips, too. One is a 150-year-old prescription for clearing a migraine headache in a flash. You just hold a finger against the carotid artery (the big one) in the neck.

There is a catch about this cure. Take the finger away and the headache returns.

Professor Pickering is sure a tired headache is caused by maintained contraction of facial muscles.

"When you wrinkle your forehead and screw up your eyes you are a candidate for a headache," says the professor. "Relax your face and you'll avoid it."

The professor knows the cause of about every headache there is.

"But," he says, "we are still having trouble discovering how to avoid them."

Navy physicians reported yesterday that the 57-year-old official, who retired at the end of last month, is suffering from "occupational fatigue," which is "directly the result of excessive work during the war and postwar years."

Eclipse Tonight

Washington, April 12—(AP)—Tonight will bring an eclipse of the moon.

If you're up and about 9:28 p.m. Eastern Standard Time, you'll see the moon enter the earth's shadow.

The eclipse will be total at 11:11 p.m.

At 12:54 a.m. it will be practically over.

If the weather is clear, the phenomenon should be visible all over North America.

Demand Popcorn In Movie Houses

Salem, Ore., April 12—(AP)—Theater owners contend an Oregon legislative bill to ban popcorn and peanuts from movie houses is un-American.

They said so at a Senate committee hearing on the bill last night.

The nine sponsors of the bill object to having to watch movies while listening to nearby popcorn eaters.

As the hearing opened Sen. Jack Bain, Portland Democrat, distributed free popcorn to the 50 spectators.

The spectators made so much noise eating that the committee ordered the sergeant-at-arms to pick up the popcorn and throw it away.

Ted R. Gamble, chairman of the board of the Theater Owners of America, said the small theaters would lose money without selling popcorn.

"The theaters are filled to capacity only four hours a week," Gamble said, "so people don't have to sit next to popcorn eaters. Seventy-five per cent of our patrons eat and want it."

"Most theaters sell it in noiseless boxes, anyway. This bill is un-American."

The only witness for the bill was Don Madison Salem, who said popcorn keeps him away from the movies.

Uncertain Result In Bond Election

By LYNN NISBET
Raleigh, April 12—Although a thousand school teachers who were present at the final NCEA session at Asheville Saturday voted unanimous endorsement of the \$200 million bond issues, many of those present doubted the bonds would be approved by the people.

This sentiment was especially strong among superintendents, whose duties require closer contact with fiscal matters.

Classroom teachers were less fearful of results. Every school man with whom your reporter talked was strong for the bond issues himself.

Each one cited instances of personal knowledge where impassable roads for school buses and inadequate school house equipment had resulted in waste and inefficiency.

Time after time reference was made to the Georgia election last week. These references were apologetic, for most Tar Heels don't like to be compared with Georgia.

At the same time the superintendents interpret the Georgia election as evidence that people just won't vote for more taxes—directly or indirectly.

When reminded that many North Carolina counties have recently voted bonds for hospitals and school houses, one superintendent said his people would probably vote bonds in the county, to be used under local administration, but he doubted they would authorize bond issues by the state.

Merchant Prince Of London Dies

London, April 12—(AP)—Harry Gordon Selfridge, American-born merchant prince of London who once entertained kings, died with only \$6,176 to his name.

The size of his estate was disclosed when his will was filed for probate today. He died in May, 1947.

Selfridge made and lost two fortunes.

Twenty letters, including six pitchers, are available for duty on the North Carolina State baseball team this season.

The Merchants' Association at a recent meeting went on record as favoring Wednesday, April 20, as the beginning of the Wednesday afternoon half-holidays for the summer. Early closing will be observed until about a week before the tobacco market opens in late August.

No Bus Service For Capital City

Columbia, S.C., April 12—(AP)—South Carolina's capital city remained without bus service today as the result of an electrical workers' union strike against the South Carolina Electric and Gas Company.

The bus drivers and mechanics officially are not on strike but they refused to cross the electrical workers' picket line around company buildings. The strike began early yesterday.

Negotiations for a settlement of the dispute meanwhile were at a standstill. Conference continued between company officials and federal-state labor conciliators and between labor union representatives and the conciliators, but no progress was reported.

The strike's main issue is one of wages. The electrical workers seek a 13.9 per cent increase to put them on what they say would be an "equal" scale with South Carolina Power Company employees at Charleston. But the company, which owns S. C. Power, has offered only a seven per cent increase.

About 425 electrical employees are involved. The company serves about 14,000 gas and 40,000 electric power consumers in all or part of Richland, Fairfield, Union, Newberry, Saluda, Edgefield, Aiken, Lexington, Calhoun and Orangeburg Counties.

Normal electric services have not been interrupted because supervisory, non-union personnel of the company quickly took over operations.

Reports Theft Of Meat From His Smokehouse

John Ogeary, who lives on highway 43 near Cox's Mill, reported to sheriff's officers about 10:30 last night the theft of approximately 400 pounds of meat from his smoke house.

Deputy Sheriff Lloyd Manning and Captain Dorsey of the Greenville police department who investigated the theft quoted Ogeary as saying he lost 12 hams weighing about 15 pounds each, six shoulders weighing about 12 pounds each and 10 smoked sides weighing about 15 pounds each.

Ogeary told the officers there was only one shoulder left hanging in his smoke house when he returned home about 10 o'clock last night and found the smoke house door open.

Officers are continuing their investigation.

Discrepancies In Kidnap Story Told By Father

Beverly Hills, Calif., April 12—(AP) Police Chief C. B. Anderson

said today that a Beverly Hills dress shop owner had reported that his five-year-old son was kidnapped and ransomed for \$33,000.

"However," said the chief, "there are discrepancies in the story."

Anderson identified the boy as Joey Goodman, son of Mr. and Mrs. Joe Goodman. He said Goodman told him that the boy was picked up by

the alleged abductor on a pretext of taking him to the Page Military Academy which he attends.

The chief added that when he questioned the child, he said that he recognized his abductor and that he had seen him talk with his father in his home.

Los Angeles police and the FBI declined comment on the case.

Greenies Top Kinston, 10-2, Sparked By Big First Frame

By BERT MOYE
 Manager Pappy Williams and his Greenville Greenies trounced the Kinston Eagles, 10 to 2, in an exhibition game played between the two Coastal Plain League clubs here yesterday afternoon. The win for the Greenies now gives them an even break with the Eagles in their exhibition series, the Eagles winning the first tilt 7 to 4 last week.

The Greenies put across five runs in the first frame on a double, three singles, aided by three walks and an error and then coasted to vic-

Mikan's Injured Wrist Is Key Factor In BAA Test

Washington, April 12—(AP)—How badly is George Mikan's wrist injured?
 That is the top question today as the Minneapolis Lakers and Washington Capitols move to St. Paul's auditorium for the sixth game in the Basketball Association of America championship playoff.

The best of seven series classic now stands: Minneapolis 3, Washington 2.

The former De Paul University ace was comparatively ineffective against Washington in last night's battle which the Caps won, 74-65. He netted 23 markers, but his all-around defensive play was weak and his rebound power practically nil.

It was a sad sight for fans to watch Mikan, acclaimed to be the greatest basketball player of the current era, looked like just another player last night against the brilliant Washington quint.

Dr. William Tobin, Georgetown Hospital physician, told Mikan yesterday not to play. He asked Mikan to permit his wrist to be put in a cast.

Mikan refused and the doctor bandaged the Laker star's wrist and forearm in felt and gauze.

How badly his injury was aggravated in last night's fray remains to be seen. Tobin told Mikan before the game that if he played his wrist would be in worse condition for Wednesday's game than it was for last night's fray.

Despite the fact they are trailing by one game, eastern bookmakers after watching last night's game made Washington a 2-1 favorite to cop the series.

Plucky Pirate... by Pap

In the strangest deal of the past winter, which featured a number of peculiar transactions in the baseball marts, Pitcher Murry Dickson was transferred from the St. Louis Cardinals to the Pittsburgh Pirates. It was strictly a cash deal, with \$125,000 generally conceded to be the figure which the Pirates paid for Dickson. The Gaints had made a bid for Dickson, but their offer, said to be higher than the Pirates', was rejected. The fact that the deal was made without the knowledge or consent of Eddie Dyer, manager of the Cardinals, causes many an arched eyebrow when the matter is mentioned.

The matter of the Cardinal play-

Highway Deaths Show Big Jump In North Carolina

Raleigh, April 12—(AP)—A 20 per cent increase in North Carolina highway fatalities this year has been reported by Motor Vehicles Commissioner Landon C. Rosser.

Through April 1, 170 persons were killed in accidents on streets and highways in the state. The 1948 toll up to April 1 was 143.

Rosser said an unusually low toll in February of last year was the chief cause of the difference. Because of extremely bad weather during most of that month, he explained, fatalities were only 38. In February of this year the toll was 67.

Sidelights—Bob Cohen's one hand running catch of Collins' fly to deep right field in the fifth frame... The fast work of Joe Pasquale in the backstop position, especially his catch of Stern's foul ball in the first frame... Norman Clark was credited with the win and in addition to his fine work on the mound it was his timely single in the first frame that brought in two Greenville runs... Greenville made the only double play of the game in the fourth inning—Clark to Pasquale to Williams... Kinston had 3 men stranded on bases, the Greenies had 10... The great hustling displayed by the Greenies during the contest despite the fact that they won the game in the first frame... Greenville used 17 men in the game, Kinston used 16.

The Greenies journey up to Dunn this afternoon where they meet the Dunn-Erwin club of the Tobacco State League in its first night contest of the season. The two teams will play a return game here Wednesday—the time depending on the weather conditions. Thursday the Greenies have an off day but on Friday they journey to Smithfield to meet that club in a return game. They come back here Saturday when they meet Wake Forest College in what is promised to be one of the most colorful games to be seen in this section this season.

Manager Pappy Williams announced last night the release of Billy Boswell, limited service infielder from Meridian, Miss, and Billy Edney, rookie catcher, also from Meridian, Miss. At the same time it was announced the signing of Herman Mason of Burlington, N. C. Mason is a limited service infielder and plays shortstop. Last year he was with Andalusia, Ala., club of the Alabama State League, a class D League.

The final round-up of managers in the Coastal Plain League concerns Joe Antolick, new manager of the Tarboro Tars; "Pepper" Martin, the new skipper of the Rocky Mount Leafs; and Steve Collins, the Kinston Eagle's skipper.

Joe Antolick, the Tarboro Athletics new manager, is a native of Catawque, Pa., and last year managed Moultrie. Brought up by the Philadelphia Phils, he was farmed out to Washington in 1944. The following year he moved to Utica and then managed the Stoudsburg, Pa. team in 1946. In 1947 he managed Eastern, Md., in the Eastern Shore League. He is a catcher and 29 years old.

Quentin "Pepper" Martin, the new manager for the Rocky Mount Leafs this season, is a veteran outfielder. Last year with the Rocky Mount club he played in a total of 136 games, was sixth in batting honors in the league with a .366 mark for the season. He collected a total of 207 hits in 563 trips to the plate, which included 32 two-baggers, 8 triples and 16 home runs. He knocked in a total of 133 runs. As an outfielder with the Leafs he made 205 putouts, 8 assists, 11 errors, for a fielding average of .951 per cent. He succeeds Turkey Tyson, who will play for the Raleigh Capitals this season.

Returning to the Kinston Eagles this season is Steve Collins, veteran second sacker, Collins, who joined the Eagles as manager in 1947, hit .358, drove in 87 runs, led the league in double with 41, hit six homers and eight triples, and fanned 28 times. In 1948 his record was as follows—Batting average, .311; runs batted in, 80; home runs, 11; four triples and 32 two baggers and fanned only 10 times.

Schoolboy Rowe Prefers Baseball

Louisville, Ky., April 12—(AP)—Schoolboy Rowe isn't ready to quit baseball just yet.

The Philadelphia Phillies pitcher revealed yesterday he had turned down an offer of \$14,500 a year to act as a good-will ambassador for an automotive concern and would remain in baseball—at least another year.

The Phils came here today for a two-game series with the Cincinnati Reds.

Dodgers To Play Major Leaguers

Charlotte, N.C., April 12—(AP)—The Brooklyn Dodgers, who have been feasting on minor league opposition, take on the Washington Senators today. The Brooks haven't faced a major league foe since March 27 when they were beaten, 3-1, by the Philadelphia Athletics.

Manager Burt Shotton has selected Lefty Joe Hatten to open against the Nats with Righthander Ralph Branca to finish up.

Athletics Keep At Top During Exhibition Play

New York, April 12—(AP)—The Philadelphia Athletics, for the fourth consecutive week, today rode at the top of the American League in exhibition play.

Connie Mack's crew won five games without suffering a setback during the week to boost its record to 20 victories against six defeats for a .769 mark. The A's have scored 13 of their victories against minor league teams.

Meanwhile, Brooklyn stayed in front in the National League. The Dodgers have won 18 games and lost seven for a .729 record.

The Dodgers also have posted 13 triumphs against minor league opposition. The Brooks scored nine straight against minor league foes before the Atlanta Crackers of the Southern Association dumped them twice over the weekend.

The standings including "B" games:

Ron Northey Is Still Prospect For Card's Job

Houston, Tex., April 12—(AP)—Ron Northey may win a regular berth in the St. Louis Cardinals outfield yet.

He stepped into the lineup last night when Red Schoendienst who had been playing center complained of a sore back. Ron pounded out a three-run homer, singled and walked as he paced the Cards to a 7-1 victory over the Chicago Cubs.

With Northey in the outfield, Manager Eddie Dyer could return Schoendienst to second base and the St. Louis outfield would have a more familiar look.

Harry Brecheen will hurl for St. Louis in tonight's game against the Cubs.

Pirates Prepare To Take On Elon

The East Carolina Teachers College Pirates went through an inter-squad game yesterday as they prepared to meet an invasion of the Cleveland Fighting Christians here Thursday.

Ben Hester, varsity third sacker, watched yesterday's practice from the sidelines. He told a Reflector reporter that he had dropped baseball. "I just wasn't satisfied with the kind of ball I was playing," Hester, who has started every game so far with the Bucs, said.

Coach Jack Boone meanwhile has Charlie Regan and Fred Soles working out in the hot corner. Both boys are good hitters.

The Pirates will probably use hurling Hal Whitehurst on the hill against Elon. Coach Boone said. The Virginia righthander pitched to a 12 wins, one loss record for the Fairmount Braves in the Norfolk City League last year.

Bauer Takes Up DiMaggio's Job

Fort Worth, Tex., April 12—(AP)—Hank Bauer, spelling the ailing Joe DiMaggio, is hitting at a wicked clip for the New York Yankees.

Bauer homered and singled in three trips to the plate yesterday after relieving DiMaggio in the Yankees' 9-6 triumph over the Dallas Eagles at Dallas. Bauer now has hit safely in six of his last seven times at bat.

Wally Westlake Sets Fast Pace For Pittsburgh

Birmingham, Ala., April 12—(AP)—Wally Westlake, husky outfielder who was sniffing a year ago, may provide the answer to the Pittsburgh Pirates' pennant hopes.

Westlake has been hitting the Grapefruit League pitchers as if he owned them and he's always been a dependable man in the outfield. Manager Billy Meyer says "this is Westlake's year" and if the sophomore Buc manager is correct it could easily be "the Pirates' year."

In 60 trips, Westlake has compiled a .406 batting average. That's second only to Catcher Eddie Fitzgerald who has hit .435 in 24 appearances.

Meyer, of course, doesn't expect Westlake to continue his torrid pace. The Buc skipper will be well satisfied if Westlake hits .300 or better, something he's failed to accomplish in his two seasons with the Bucs.

About mid-summer last year, Westlake began to hear rumors the Bucs were thinking of trading him. He went to Meyer who said there was nothing to the report. Just get out there and play ball, Meyer told him.

From that moment, Westlake showed improvement. He played in 132 games and brought his batting average up to .285. That was 12 points better than in his first season with the Pirates, but far below the .315 he compiled for Oakland of the Pacific Coast League in 1946.

Meyer says Westlake has continued to show all-around improvement this spring. Eight of his 28 hits have gone for extra bases and he's driven in 18 runs, more than any other Pirate.

Snead Happy As Masters Winner

Sam Snead grins broadly as sports writers interview him just after he won the Masters Golf tournament at Augusta, Ga. He took the championship with a score of 282 for 72 holes. (AP Wirephoto).

Boston Red Sox And Cleveland Indians Appear American League Tops

Orangeburg, S.C., April 12—(AP)—It looks from here like the Boston Red Sox over the Cleveland Indians in a two-club race for the American League pennant.

New York and possibly Philadelphia have a look-in on the big prize but the Red Sox and Indians carry the heavy guns. Detroit needs plenty of breaks to figure in the race and St. Louis, Washington and Chicago are in over their heads.

The Oct. 2 finish (not guaranteed):

1. Boston
2. Cleveland
3. New York
4. Philadelphia
5. Detroit
6. St. Louis
7. Washington
8. Chicago

A year ago most American League owners feared a Boston runaway and hoped the Yankees could make it a race. Cleveland, with all its veterans having their best years, upset the apple cart.

Sid Gordon Living Up To His Rep As Heavy Hitter

New York, April 12—(AP)—Sid Gordon is the lone major league home run hitter living up to his reputation this spring.

Soaking Sidney, one of 17 players who hit 20 or more homers last year, has belted 11 out of the park for the New York Giants in this conditioning period.

The Giant third baseman, who hit 30 home runs last year, has hit two for the circuit in one game three times in exhibition games.

Gordon's teammate, Johnny Mize, who tied Pittsburgh's Ralph Kiner for the league crown at 40 each last year, has socked five in Grapefruit League competition. Mize seldom hits for distance during the training grind. He got four last spring. Kiner has three homers to his credit, including a grand slam.

Stan Musial, who walloped 39

homers for the St. Louis Cardinals in 1948, also has hit the jackpot only three times so far. Hank Sauer, the Cincinnati mauler, has slammed three homers, quite a drop from his pace of last summer when he connected for 35.

Joe DiMaggio, who led the American League in home runs with 39 last year, still is looking for his first 1948 home run. The New York Yankee star, however, has been shackled with a heel injury and has performed infrequently.

Cleveland's Joe Gordon, runner-up to DiMaggio in the home run derby with 32, has whacked four out of the lot in pre-season play. Gordon's teammate, Ken Keltner, who hit 31 four-baggers last year, has only two to his credit. Boston's Ted Williams, who produced 26 in '48, also has found the promised land only twice this spring.

Girl Pitches Shutout Against Men In ECTC Intramural Softball Game

Ann Hester, an East Carolina Teachers College freshman from Oxford, pitched a no hit, no run game yesterday for a boys' softball team.

Pitching in the opening game of the ECTC intramural league, the athletic Oxford lass shut out the Blueblues five to nothing to give her team, the Geeks, their opening victory.

Ann in the only girl in the league last summer she pitched for the

with the Cleveland Indians, says Manager Lou Boudreau.

Minoza was called into spring training as an infielder, but was moved into the outfield Saturday because Boudreau believes he has a better chance to stay than as a third baseman.

When the Indians beat the New York Giants at Texarkana yesterday 9-3, Minoza hit a homer with one on and handled his first fielding chance—an easy pop fly.

George Earnshaw, now the Philadelphia Phils' pitching coach, won 98 games and lost 88 in six seasons as a pitcher with the Philadelphia Athletics.

B. B. McKnight All-girls team at Oxford and hurled a no-hitter for the Lucky Strike team at Durham.

It was reported yesterday that she will be making a tour this summer with the McKnight team which will put on exhibitions all over the country and some parts of Canada.

In the game here yesterday she struck out four batters and walked two. Roger Thrift, a candidate for a berth in the Coastal Plains League was leading hitter for the winners with two for two.

Memorial Rites Planned Today

Warm Springs (Ga.), April 12—(AP)—Simple memorial services will be held this afternoon in the little White House here, where Franklin D. Roosevelt died four years ago today.

Ceremonies will be brief, with music and short talks. Exercises also will be held in the chapel where the late President used to worship. The pew he occupied is to be marked with a brass plaque.

Now the Yanks, with Joe DiMaggio still the big question mark, an uncertain factor. Boston and Cleveland are the teams to bet.

If the Red Sox get consistent pitching they have the power to break the race wide open. The bats of Ted Williams, Vern Stephens and Bobby Doerr pack a tremendous wallop.

Joe McCarthy, starting his second year as Sox manager, figured to get more pitching help from Tex Hughson and Mickey Harris, who were of little value last season. Ted Kramer, Joe Dobson and Mel Parnell form the nucleus of a great fair staff. Hughson can make all the difference if he pitches up to his spring form.

Cleveland should get much better pitching than the Sox from the Feller, Gene Bearden, Bob Lemon and Steve Gromek. Manager Lou Boudreau, the "player of the year" in 1948, fields the best infield in baseball unless Veterans Ken Keltner and Joe Gordon should slip.

Boston, left at the post but hardly can better its July and August performance. The Indians led a lasting imprint by going into Fenway Park and beating the Red Sox in their own back yard in the playoff game for the pennant.

Another year like 1948 for Boudreau, Keltner, Gordon, Mitchell Lemon and Bearden and the "Sultan" seems to be asking too much.

The Yankee fortunes really hinge on DiMaggio slow to recuperate after an operation for removal of a spur from his heel.

Without DiMaggio, the Yanks are just another club with good pitching. With the Yankee clipper clicking on all cylinders, they could be in the race again.

Big Bond Fixed For Suspect In Safe Cracking

Fayetteville, N.C., April 12—(AP)—A bond of \$25,000 was set here today for a self-styled gambler who was bound over to the Cumberland Superior Court on charges of cracking a safe in the Hamont Drug Store Friday.

Police Chief L. F. Worrall said James S. Orren, Jr., 30, was suspected of 25 other safe crackings in the Carolinas, Tennessee and Virginia.

When arrested in Raleigh Saturday, Orren gave his name as James Boren Wilson, of Glendive, Mont. He was quoted as saying he had no occupation but lived by gambling.

Police said they arrested him while he was having his automobile "souped-up." They reported finding him with \$587, some safe cracking tools, and loaded dice.

Chapter 22

"No," she whispered. "No, I don't—I can't believe it—that someone would want to poison me!"

"Ellen"—his voice was urgent—"don't you think we ought to let the police know right away?"

She bit her lip. "But you promised," she begged.

Finally she nodded, her head wearily. "You're probably right. But don't call them right away. Wait just until morning. I think I'd like to tell Mrs. Bray what's in store for her first. And nothing more will happen until morning."

"Okay, Ellen, if you say so."

He looked at her, scrutinizing her face with some concern.

"How would you like to get into some clothes and go up to Hubbard's office?"

She dashed into the bedroom. It was eight minutes later when she came out. Under her coat she had on black corduroy slacks and a soft green turtle-neck sweater. Green fuzzy ear-muffs covered her ears.

"Have you got the key to the inner office?" he asked.

"Right here." She handed him the key. They went out, locking the door behind them.

Fresh snow had fallen and sparkled under the street lights. The drive to the campus took only seven minutes.

"We'll take this flashlight," Raff said. "No sense putting the big light on and announcing to the whole campus what we're doing."

They walked through the soft snow and Ellen unlocked the main front door of the building.

They walked down the hall quickly and through Ellen's office to the door leading to Hubbard's inner office.

Raff took the key Ellen had given him earlier and fitted it into the keyhole. The key turned easily. He turned the knob but the door remained shut. He frowned and turned the key again. The door opened easily.

"This door wasn't shut," Raff told her.

"That's peculiar," said Ellen. "I don't know who could have un-locked it."

"Who else has a key?"

"No one, I told you that this afternoon. No one but Dr. Hubbard and the janitor."

"Bray must have had one," he reminded her.

"Yes, that's right. That never occurred to me before. He must have had one in order to have gotten in here that Sunday night."

so that anyone breathing it for, say, ten minutes would get a fatal dose."

"So Dr. Hubbard really was murdered."

"The answer is yes. As it turns out, Bray wasn't talking through his hat. And that's why he paid for it with his life."

PRELIMINARY CERTIFICATE OF DISSOLUTION

State of North Carolina,
Department of State
To All to Whom These Presents May Come—Greeting:

Whereas, it appears to my satisfaction, by duly authenticated record of the proceedings for the voluntary dissolution thereof by the unanimous consent of all the stockholders, deposited in my office, that the Greenville Auto Finance Company, a corporation of this State, whose principal office is situated at No. 821, Dickinson Avenue in the City of Greenville, County of Pitt, State of North Carolina (Robert I. Cohen being the agent therein and in charge thereof, upon whom process may be served), had complied with the requirements of Chapter 55, General Statutes, entitled "Corporations," preliminary to the issuing of this Certificate of Dissolution:

Now therefore, I, Thad Eure, Secretary of State of the State of North Carolina, do hereby certify that the said corporation did, on the 6th day of April, 1949, file in my office a duly executed and attested consent in writing to the dissolution of said corporation, executed by all the stockholders thereof, which said consent and the record of the proceedings aforesaid are now on file in my said office as provided by law.

In testimony whereof, I have hereunto set my hand and affixed my official seal at Raleigh, this 6th day of April, A. D. 1949.

THAD EURE, Secretary of State.

Allen and Parrot, Attorneys.

Rotarians Hear Talk On Cancer

By WYATT BROWN

The Rotarians were shown a movie revealing the quackery practiced upon unsuspecting persons in connection with cancer last night at their regular weekly dinner meeting.

Mrs. B. McK. Johnson, County Commander of the Pitt County Unit of the American Cancer Society, presided over the program with a period of answers to questions posed by the Rotarians. Dr. John Winstead who had charge of the program related two brief case histories about cancer illustrative of proper and improper attention to the illness.

Mrs. Johnson explained that her appearance and the movie were not in connection with the current fund raising drive for cancer but part of the year round cancer education

which the County Unit carries on. In answer to the question on how the local press cooperated with the educational work Mrs. Johnson cited the amount of material, front page stories and headlines, seen in the local paper and then commented that they had been most cooperative though of course not using all the material available.

The movie showed how innocent persons were lured out of their money, permitted to suffer, and afforded no cure by quack doctors—some even permitted to die if not killed. A commentary with the movie urged everyone to go to their local County Medical Society before choosing a place for treatment and to understand that radium, X-ray and surgery are the only acceptable treatment for cancer. Mr. C. V. Morgan projected the movie.

Leighton Blount was a guest of the club last night. Jacob Linsay of the Kinston Rotary Club was a visitor. Rotary Annual Ladies' night will be held on April 25 at 6:30 at the Country Club. Ernest L. Willard, Club President, presided.

Pactolus Group Active Workers In Ruritan Club

The Pactolus Ruritan Club, at its supper meeting last night, had a large attendance. The members discussed numerous projects with interest, and special attention was given to rural electrification plans for some areas of this part of the state. President Johnny Overton presided.

J. E. Winslow, prominent Greenville businessman and farmer, was elected an honorary member of the Pactolus Ruritan Club for life for his outstanding service to farmers and other interests of Pitt county.

In line with its policy of supporting churches, the Pactolus Ruritanians will attend church services Easter Sunday in a body.

Sam C. Winchester, Pitt County farm agent, introduced the speaker of the evening, R. R. (Railroad) Bennett, former county farm agent here. Winchester and Bennett showed pictures of different diseases which affect tobacco plants, and they explained how farmers may successfully combat the plant enemies. Bennett explained that some losses on farm crops are due to improper cultivating, harvesting and curing of the leaf.

the building committee and stated that funds are now being raised for the construction of a chapel in Greenville. J. T. Baldrice, representing the Mutual Improvement Association, reported that plans are under way for organizing a Boy Scout troop, to be sponsored by the church.

Traveling missionaries of the Goldsboro district of the church will hold a special conference here August 1. A. A. Wiggins of Goldsboro participated in the meeting.

Announce Death

Mr. and Mrs. Lindsey Earl Kittrell announce the birth and death of a daughter at Pitt General hospital on Tuesday, April 12, 1949.

Mrs. Kittrell is the former Miss Margaret Nisbet of Greenville.

Dr. Crisp Speaker Community Chapel Ruritan Club

Dr. S. M. Crisp, prominent Greenville physician, was guest speaker at the Community Chapel Ruritan Club's supper meeting at the American Legion Club in Greenville last night. He spoke on "Better Health." He gave some timely and valuable advice on maintaining good health and enumerated some practices in daily life which will contribute much to maintaining good health. President S. T. Porter, Jr., presided.

Noel Lee, Jr., of Pactolus, governor of this Ruritan district and Roy Baker and Paul Edwards of Pactolus were special guests. Thirty members attended the meeting.

The Community Chapel Ruritanians will attend services at Black Jack Free Will Baptist Church Easter Sunday.

Miss Janie Lyerly Died Last Night Asheville Hospital

Miss Janie Lyerly, native of Hickory, teacher in the Greenville schools since 1922, died at an Asheville hospital last night. Funeral services will be held at her home in Hickory Wednesday at 3 p. m.

Miss Lyerly, one of the best and most conscientious teachers in the Greenville schools, taught at Third Street school for many years. She was elected principal of the school and served for a time. She preferred to teach without the responsibility of the principalship and resigned and continued her work as teacher.

June H. Rose, superintendent of schools today paid lofty tribute to Miss Lyerly's sterling character, her ability as a teacher, and her talent for passing along worthwhile information to young people. "Miss Lyerly," Supt. Rose said, "was a great teacher; a fine disseminator of the 'good neighbor' spirit; a friend to young people, and a teacher who reached out to the parents of the children she taught and mingled her teaching with a fine spirit of cooperation and mutual understanding."

Miss Lyerly began her teaching career at Hickory in 1918. Then she taught in the Smithfield schools for four years. She accepted Supt. Rose's invitation in 1922 to come and teach in the Greenville schools. "Her record here is outstanding. Our teachers paid her tribute. The children, through the years, have manifested their love of her and their appreciation of her fine services as a teacher," Mr. Rose said.

Holy Week Services Being Held Each Day

Holy Week Services are in progress at St. Paul's Episcopal every day during this week. On Wednesday there will be celebrations of Holy Communion at 7:30 a. m. and 10 a. m. The afternoon Service of Evening Prayer at 5 p. m. will mark the last of these daily services which have been held all during the Lenten Season.

On Thursday there will be a celebration of the Holy Communion at 7:30 a. m., and then the traditional Maundy Thursday Service will begin at 7:30 p. m., to commemorate the Institution of the Sacrament by our Lord.

The three hour service on Good Friday will begin at 12 noon and continue until 3 p. m., with the recitor, the Rev. Roscoe C. Hauser, Jr., conducting this service and delivering the introductory address, while the Rev. Leon Russell, pastor of the Jarvis Memorial Methodist Church will deliver the addresses on the Seven Last Words from the Cross.

On Saturday, Easter Eve, Holy Baptism will be administered at 4 p. m. in the Church.

Church Conference Held Here Sunday

The Greenville branch of the Church of Jesus Christ of Latter Day Saints (Mormon) held its first conference in the Greenville area last Sunday. Dr. N. M. Jorgenson, branch president, conducted the meeting. Elder G. W. Barrett was the speaker. Dinner was served by the Greenville Branch Relief Society. Nearly 100 members of the church attended the morning and afternoon sessions.

The purpose of the annual conference is to inform the district officers and local members of the progress being made within the branch church and its auxiliaries. Elder D. B. Tanner reported for

county board of education after citizens of the Clarke's Neck section expressed unwillingness for their children to return to the Pactolus school after having attended the Grimesland school for two years. Students of the Clarke's Neck section of the Pactolus school district have been attending the Grimesland school since fire destroyed the Pactolus school almost two years ago.

Wait Before . . .

(Continued from page one)

"Now take it easy before you throw your hat in the air because we'll have to wait to see whether it really turns out as fine as it's supposed to do."

The Atlantic pact may be a fine and wonderful thing, and it may throw a block on Russia and save the western world, but first we have to see how it really works and whether Congress votes enough money to help our allies get armed.

In short, I'm trying to say: Just saying it's fine and wonderful isn't enough; making it that way is the important thing, because the world is caught in a hurricane and the sea is running high.

And as far as Germany goes, there may be plenty of trouble ahead, because we and Britain and France have slipped some vetoes into the agreement on Germany.

And sometime if France doesn't like something, whom, in goes the veto. And sometime if we don't like something, whom, in goes the veto. And now some of the Germans—German Socialists taking part in setting up the new government—are sore as hens over some of the rules that we and Britain and France are laying down, the things we're telling the new German Republic it can't do before it's even born.

All three whipped Germany and have their troops there, and don't want Germany to get too muscular again. Telling the Germans what they can do is the right of the victor; but the Germans, or some of them, don't seem happy. So that may mean trouble in the future.

So all I'm saying is that every time I hear about something great the Diplomats do, I listen for the little man, and he always makes that tapping sound and says:

"It may turn out wonderfully well, but take a cool look before you shoot off firecrackers."

ing property in countries overrun by the Nazi troops but of exploiting slave labor.

The main works at Essen sprawled across the countryside for seven miles like a colossal dragon. It was an amazing sight, as I found when I toured that area at the end of the war.

Of course allied bombing had played havoc with the factories and machinery, but you knew that these were potentially a menace to world peace, if not carefully controlled.

Colored News

We are all aware of the fact that our Lord and Saviour of the world entered into Jerusalem on Palm Sunday. This week is known as the passion week of Christ. In keeping with this passion week, Mr. W. D. Miller, superintendent of Sycamore Hill Baptist Sunday school, will be a radio speaker over WGTC Thursday at 10:05 p. m. Subject, "The Crucified Lord." The Easter program will close at the church on Sunday at 8 p. m. Be sure and listen to this interesting talk.

The Matrons social club met at the home of Mrs. Smiley Wilson on April 6. The hostess served a delicious repast of sandwiches and tea.

The next meeting will be at the home of Mrs. Amy Whitehead on April 20. There will be no meeting this week.

N.Y. Cotton

New York, April 12—(AP)—Cotton futures opened 10 to 25 cents a bale higher.

Noon prices were 45 cents a bale lower to 20 cents higher than the previous close. May 32.58, July 31.77 and October 28.85.

Hog Market

Raleigh, April 12—(AP)—(NCDA)—Hog prices weaker. Tops of \$17 at Kinston, Rocky Mount, Tarboro, Greenville, Wilson, Goldsboro, and Washington; \$17.50 at Richmond.

Poultry and Eggs

Raleigh, April 12—(AP)—(NCDA)—Fryers and broilers slightly weaker at mostly 30 with few at 29; eggs steady. A large 45.

N.Y. Stock Market

New York, April 12—(AP)—A boost in the Standard Oil (NJ) dividend helped stop an early down trend in the stock market today.

The morning decline was not a full-fledged retreat but losses, mostly in fractions, held a majority. After the dividend news, selling pressure let up and some declines were shaded or even converted into minor gains. Most stocks, though, were still lower.
