Air Force Assails Three-Way Unity

Joins Army In Attacking National Defense Set-Up As Inadequate And Expensive; Symington Says Merger Resulted In TriPLICATION

Washington, April 13 (AP)—The Air Force joined the Army today in publicly blasting the existing national defense set up as inadequate and expensive.

Secretary of Air Symington, appearing at a closed-door session of the Senate Armed Services Committee Thursday, declared the present unification law "has not worked satisfactorily."

"We have tried out this half-measure organization and there is unanimous agreement that it is inadequate," Symington said.

He added that former Secretary of Defense Forrestal "has constantly been a referee of three brawls as he tried to operate his job."

Like Secretary of the Army Rogers, who said much the same thing in an open session of the committee yesterday, Symington said the civilian defense chief never will be able to ride herd on the quarreling Army, Navy and Air Force unless he is given much greater power.

Such authority, he said, "could save billions annually."

That could be accomplished, Symington added, by operating the Defense Department "from a fresh start as against trying to haul together three independent units, each with its own training, procurement and a like life."

When such a merger of functions was adopted in the San Francisco defense region, he said, it ended a "triplication in warehousing, in transportation, and so forth."

Just as Royall did, Symington urged dropping the civilian heads of the Army, Navy and Air Force from their present ranks to the position of undersecretaries.

Both officials went considerably beyond the measure intended to tighten up the unification of the three services which is now before the Senate committee.

The bill would make the chairmanship of the Joint Chiefs of Staff now held temporarily by Gen. Dwight D. Eisenhower a permanent job. The chairman would be top military adviser to the President and Secretary of Defense.

Both Royall and Symington gave that their complete backing.

As now set up the Joint Chiefs must make decisions by unanimous vote. Royall called that an "absurdity" and Symington's testimony went further.

"One member of the Joint Chiefs of Staff," the Air Secretary said, can "gut the decisions of the other two."

Port Of London Near Paralyzed By Big Strike

London, April 13 (AP)—The great port of London was all but paralyzed for the third day today by a dockers' strike.

The National Dock Labor Board, calling the walkout "Communist exploited," said 15,021 men and 84 ships have been made idle. It said imported food for rationed Britain lay in the holds of many of the ships.

UN Sidetracks Admitting Israel In Surprise Vote

Acceptance Of New Member Virtually Anticipated Prior To Showdown

New York, April 13 (AP)—Britain and the Arab countries are expected to make a last futile gesture of opposition today against immediate admission of Israel as the 59th member of the United Nations.

The general assembly was called for an 11 a. m. session at Flushing Meadow Park to decide whether Israel's membership bid should be acted upon by the 58 member nations without further preliminaries.

The assembly's 14-nation steering action on the Israel application, but British and Arab spokesmen indicated they at least would make an effort to send the application to a committee for full discussion.

There appeared to be no doubt that the delegates would vote to place the bid directly before a plenary meeting of the assembly. There also was little doubt that when the vote comes Israel will be seated.

U. N. officials were so sure of Israel's approval that they have erected extra flag poles for the Israeli flag in the circle before the assembly hall in Flushing Meadow and before U. N. headquarters at Lake Success.

President Chaim Weizmann of Israel is due to arrive in New York by air this morning. He will be on hand when the assembly finally votes—probably some time next week—for the admission of the new middle east country, Israel. Foreign Minister Moshe Shartek (Shertok) also is in New York.

In two long meetings yesterday, the assembly formally placed two more controversial issues on the list of questions to be debated at this spring session. One of these was the Communist government prosecution of Josef Cardinal Mindszenty in Hungary and of 15 protestant clergymen in Bulgaria. The other was the Dutch-Indonesian conflict.

After today's plenary discussions, the delegates are expected to switch back to Lake Success for a new round of committee debates. The 58-nation political committee then will resume debate on the disposition of Italy's pre war colonies.

Fish Hog Jowls Out Of River

Fayetteville, N. C., April 13 (AP)—Nearby residents were fishing 12,000 pounds of hog jowls from the South river today after a truck plunged off the bridge on route 102 into the water.

J. W. Murphy of Kinston, driver and Harold Manning of Hookerton, his companion, swam to safety after the 20-foot plunge. However, 14 stitches were required to close a scalp wound of Murphy.

Delay Trial Of Superintendent

Rockingham, April 13 (AP)—The trial of Supt. N. L. Carpenter of the State Prison Camp here has been postponed until the July term of superior court.

The case, in which Carpenter is charged with undue punishment of a prisoner, was continued when called for trial yesterday.

keeps up its present slow rate. It's doubtful much of the program President Truman promised the voters last November can get through. But, then, it's doubtful much of it would be passed anyway.

Altogether now the senate has been talking about six weeks. Except for a couple of days spent on passing new rent control, the senate has used those two weeks on just two main subjects: Civil Rights and the Marshall plan. Everything else had to wait.

See Fast Action On Compromising Foreign Aid Bills

Leaders In House And Senate See Little Difficulty In Settling Difference

Washington, April 13 (AP)—House and Senate tried today for a quick compromise over the \$200,000,000 difference in their foreign aid bills.

Chairman Kee (D-W.Va.) of the House Foreign Affairs Committee figured the matter could be settled swiftly. Chairman Connally (D-Tex.) of the Senate Foreign Relations Committee said it might take two or three days.

Five members from each committee buckled down to the task. They got the job after the House okayed a \$5,380,000,000 bill yesterday by a better than 7 to 1 margin—354 to 48. The Senate passed its own higher-priced bill last Friday by a 10 to 1 edge, 70 to 7.

Both measures are pointed in the same direction—continuation of the European Recovery Program for another 18 months, until June 30, 1950. The cash will have to come along later in a separate appropriation bill.

The Economic Cooperation Administration, which runs the recovery program, asked for a \$5,580,000,000 bill, and that is what the Senate voted: \$1,150,000,000 of it to tide ECA over until June 30, \$4,280,000,000 for the next year, and contract authority up to \$150,000,000.

The House kept the \$4,380,000,000 for next year intact. But it denied the contract authority, and it cut \$90,000,000 from the fund for the remainder of this fiscal year.

However, the House tossed in an investment guarantee feature which might mean an extra \$72,000,000 in private aid. Under it, the government would grant private business certain guarantees up to that figure for investing in European recovery projects. The government wouldn't guarantee anybody against ordinary business risks. An investor would have a guarantee that he could turn into dollars any profits made in foreign currency. And he would have a guarantee against losses caused by confiscation, riot, war or revolution.

History Made In Eclipse Of Moon

First 'Black Eclipse' In Over 100 Years Say Scientists

New York, April 13 (AP)—The moon made astronomical history last night. It disappeared—for an hour. Scientists said the "black eclipse" was the first one like it here in more than 100 years.

The event also calked up another 20th century milestone—the advent of drawing room sky-gazing. The solar spectacle was piped into thousands of homes via television.

It appeared on screens in bars and taverns too, and touched off gripes by those who preferred their customary boxing and wrestling programs.

"It ain't proper," said one Times Square bar patron. "If anybody wants to see the moon, he ought to go outdoors."

That's what many did. The top of Empire State Building was jammed as the moon slid into the shadow of the earth, and gradually became invisible.

Others stood in the streets and on doorsteps to watch the show. The phenomenon could be seen on half the earth's surface—wherever it was night at the time it occurred.

Authorities at Hayden Planetarium said that, as viewed in New York, the moon was completely blacked out, whereas in a normal full eclipse it shines with a dull red glow.

The last time a "black eclipse" took place was in 1844, the planetarium said. There have been several full eclipses of the moon since then, the last one in 1948, but none of them black.

Money For Vets

Washington, April 13 (AP)—The House today overwhelmingly passed an emergency \$395,880,000 bill to provide educational and unemployment benefits to veterans for the next three months. The measure now goes to the Senate.

President Truman asked for the extra money on Monday. He cited an increase in the number of jobless veterans since January 1 and higher GI education and training costs due to bigger allowances voted by the last Congress.

Mr. Truman said that of the original \$2,629,977,894 given to the Veterans' Administration for the benefits program this fiscal year, there is only enough left for about ten more days. The fiscal year ends on June 30.

Payments out of the fund were about \$344,000,000 last month. They are expected to average \$271,000,000 in April, May and June.

Scott Is Handed Another Setback

Reorganized Highway Commission Dies In Committee

Raleigh, N.C., April 13 (AP)—Governor Scott suffered another rebuff at the hands of the Senate Roads Committee today when the committee killed measures to reorganize the State Highway Commission.

The committee also amended a measure to increase maximum weight limits of vehicles using the highways and reported it favorably. A House-passed bill giving the Highway Commission power to designate certain highways as "heavy duty" roads was postponed indefinitely despite a plea from Chief Highway Engineer W. H. Rogers that the commission needed the power.

The committee killed a House-passed measure providing for the naming of two associate highway commissioners in each of the state's 10 highway divisions and a Senate bill providing for three associate commissioners in each division.

Instead, the committee reported favorably a substitute bill to require each highway commissioner to make monthly visits to the county seat of each county in his division to hear road requests.

Senator D. L. Ward of Craven read the committee a letter from Commission Chairman Dr. Henry W. Jordan that "the Governor would believe the House measure providing for associate highway commissioners to act in an advisory capacity to the regular commissioners had considerable merit."

Ships Collide In Delaware Bay

Marcus Hook, Pa., April 13 (AP)—A tanker and a freighter collided in heavy fog in the Delaware Bay early today. Fire burned fiercely aboard the ships for five hours before being brought under control.

There were no casualties. The ships that rammcd into each other were the 13,000-ton oil tanker Pennsylvania Sun and the freighter American Attorney, a 7,607-ton freighter.

POWER IS UPHELD

Raleigh, N. C., April 13 (AP)—The senate today killed by a vote of 25 to 19 a bill which would have taken from the Governor power to fill vacancies in the state's representation in the U. S. Senate.

Raleigh, N. C., April 13 (AP)—A \$500,000 issue of Thomasville water street, sewer and park bonds was sold by the local government commission yesterday.

Housewives Told New Program To Cut Food Prices

But Farm Leader Contradicts Agriculture Secretary; Points To Bread Prices

Washington, April 13 (AP)—The Administration put in a bid today for housewife support of its new farm program, promising cheaper food.

But on Capitol Hill Rep. Pace (D-Ga.), a top farm leader, declared the program gives no assurances that food prices will come down. Instead, he said, it might mean merely bigger profits for the middlemen who handle, process and sell the things people eat.

Look at wheat, Pace suggested: A big drop in the price paid the farmer hasn't lessened the price the housewife pays for bread.

A battle shaped up between backers of: (1) the present principle whereby the government takes over surpluses so farmers can get fair prices in the market places, and (2) the new proposal that would let many foods sell as low as the markets offer, with the government paying the difference between what the farmers sell for and what the government considers a fair price.

The support by government loans on surplus production is effective this year. Any new program will not take over until 1950.

Secretary of Agriculture Brannan made the play for housewife backing of the new farm policy proposal in a speech before the economic action conference of the Co-operative League of the United States. He said:

1. He expects the government will be buying pork within 60 days to hold prices up, and he does not know where it can be stored.

2. About \$5,000,000 a week is being spent to take potatoes out of the market "so the price stays high, and it doesn't make sense to him—the American people don't have to write their laws so that this kind of system is perpetuated."

3. It's becoming difficult to find a market in the armed services or in Europe for food stuffs bought under the present price support program.

"We will have spent \$50,000,000 by the end of this year," he told the consumer group. "In maintaining a price (for eggs) of 35 cents a dozen to the farmer, if we don't get rid of these frozen or dried eggs in two years, we will take a big loss."

"Under the new program, we would let the price of eggs to consumers go down and use the \$50,000,000 to pay the farmer to go on producing and keep that price of 35 cents a dozen."

"That's all there is to the recommendations we have made to Congress."

All In Cemetery

Springfield, Mass., April 13 (AP)—"Any kids" asked a landlord.

The query was put to a Westover Field soldier, desperately seeking an apartment.

"Yes," replied the soldier with a sad expression. "But they're in the cemetery."

The soldier's wife brushed away a tear.

Fight Over Naval Aviation Swirls In House; Vote Near

Reparation List Of Factories Reduced

Three-Power Agreement Announced To Provide Germans With More Industries Than Previously Set By Allies

Washington, April 13 (AP)—The United States, Britain and France today announced a sharp cut in the number of factories to be removed from Western Germany.

All or part of 159 plants are to be removed from the reparations list previously agreed upon.

Expanding on an announcement from the State Department, Secretary of the Army Royall told a news conference that a further three-power agreement will be made public soon prohibiting some German industries entirely and restricting others as a war-preventive measure.

Royall said this agreement will also ease present limitations on 10 industries.

For one thing, German shipbuilding will be removed from the prohibited list. It will be permitted on a restricted basis.

Some new industries will be added to the present prohibited list. Royall said Germany will welcome the decision to retain all or part of 159 plants previously scheduled to be knocked down and shipped to allied countries. But he indicated he anticipated the Germans will be less pleased with the new prohibited list.

The State Department announced the amount of equipment formerly scheduled for removal but now to be left there varies among the 159 plants "from a single piece

of equipment in a plant to the entire equipment of an operating factory."

"The equipment which will be retained in Germany is located in 22 plants in the steel industry, 88 metal working plants, 22 chemical plants and seven plants in the non-ferrous metal industries," the announcement said.

Five of the steel industry plants, it was explained, produce crude steel and these will raise Western Germany's steelmaking capacity by 165,000 tons a year. That will give Western Germany a total capacity of about 11,465,000 tons annually.

The production ceiling of 11,000,000 tons a year remains.

Simultaneously with the State Department announcement, the British and French Foreign Offices were due to release their own statements on the same agreement.

of equipment in a plant to the entire equipment of an operating factory."

"The equipment which will be retained in Germany is located in 22 plants in the steel industry, 88 metal working plants, 22 chemical plants and seven plants in the non-ferrous metal industries," the announcement said.

Spending Bill Is Cut For Senate

Chamber Due To Get Measure From Committee Today

Raleigh, April 13 (AP)—The Senate was expected to get from its appropriations committee today a trimmed biennial spending bill totaling about \$28,500,000.

The appropriations group yesterday, by a 12-11 vote, trimmed a House-passed \$417,000,000 measure for operation of state agencies and institutions during the next two years. The economy-minded senators' reductions in the bill amounted to \$21,502,000.

The public school budget came in for the biggest slash. The committee voted to reduce the "next year school" budget by \$20,720,246. That left it at about \$175,000,000, or \$5,000,000 more than was recommended by the Advisory Budget Commission.

The Senate group voted out a House provision that the state's \$30,000,000 postwar reserve fund be used to help balance the budget, which, as approved by the House, exceeded anticipated revenues by about \$7,000,000.

Backers Of Bigger Naval Aviation Force Want To Give Navy More Wings And Claim To Have Enough Support To Boost Appropriation

Washington, April 13 (AP)—A fight over Naval Aviation swirled today in the house around a record peacetime \$16,000,000 Army-Navy Air Force bill.

Backers of a bigger Naval Aviation Force want to add about \$300,000,000 to the bill to give the Navy more wings.

They include such influential members as Chairman Winson (D-Ga.) of the Armed services committee, and Reps. Sikes (D-Pa.) Shepherd (D-Calif.) and Short (R-Mo.).

In advance of a showdown vote late today, they claimed enough support to raise the Navy's share of the big bill to at least \$5,318,873,000, or \$300,000,000 more than the appropriations committee has approved.

The extra money, in the form of contract authorization, would permit the Navy to acquire 1,361 new planes during the next fiscal year beginning July 1 instead of the 943 provided by the committee, Winson said.

While the appropriations committee made no cut in budget bureau estimates for Naval Aviation for the 12 months, Winson told newsmen the effect of the committee action would be to have 5,658 Navy planes at the end of 1955 instead of the 5,166 contemplated.

Rep. Short, top Republican member of the Armed services committee, accused the appropriations group of having "cut the heart out of Naval aviation."

There were no moves in sight to make other major alterations in the bill.

The bill came before the house with a statement from Rep. Mahon (D-Tex.) chairman of a subcommittee that wrote it, that "if war comes soon" the \$16,000,000 will be too little.

The appropriations committee said top military leaders believe that the year starting on July 1 will not see the United States at war.

The bill's actual total of \$16,000,000 includes \$2,629,207,000 in contract authorization. The rest is cash. It is \$59,990,100 in cash and \$277,750,000 in contract authority more than President Truman requested, almost all the increase having been assigned to the Air Force to build toward a 70-group Air defense.

It provides for a military force of 4,753,100 officers and men, of whom 1,844,300 would be in regular service and others in the National Guard and reserve units.

Of the total spending availability, the army would receive \$4,481,834,200, the Navy \$4,375,327,000 cash and \$643,546,000 contract authority, and the air force \$4,222,954,000 cash and \$1,992,755,000 contract authority. Rounding out the bill's total are \$189,000,000 for retirement pay of the armed services and \$3,700,000 for the National Security resources board.

Defeat Walnut Cove ABC Vote

Raleigh, N. C., April 13 (AP)—By a vote of 47 to 48, the house today defeated a bill calling for an election in the town of Walnut Cove on legalizing ABC stores.

The vote followed another lengthy debate on the issue of permitting municipalities to vote on liquor stores.

GOP Speeds Up Political Drive

Scott And Republicans Agree On 1950 Plan

Washington, April 13 (AP)—Rep. Joseph W. Martin (R-Mass.) named three House members today to serve on the Republican National Policy Committee. Capitol Hill Republicans have now reached agreement with GOP Chairman Hugh D. Scott, Jr., on 1950 campaign tactics.

Martin, the party's leader in the House, picked Reps. Leonard Hall of New York, Francis Case of South Dakota and Donald L. Jackson of California for the policy group set up by the GOP National Committee at its January meeting in Omaha.

Senate members will be Owen Brewster of Maine, Henry Cabot Lodge, Jr., of Massachusetts and Hugh Butler of Nebraska.

Indications are that Republican governors will pick Alfred E. Driessell of New Jersey, Frank Carlson of Kansas and Arthur B. Langlie of Washington or some other far westerner for their representatives on the group.

The moves to speed the GOP vote drive organization included an informal agreement between Scott and Congress leaders on the roles of the Senate, House and national committees. They came in the wake of generally favorable political reaction to President Truman's two informal visits to Capitol Hill yesterday.

In one of these Mr. Truman lunched with senators of both parties. Then, in a chatty, 475-word speech to the Senate, he expressed hope that history will judge as "not in vain" his "level best" efforts to serve the American people.

Press Group To Meet In Kinston

Kinston, April 13 (AP)—The Eastern Carolina Press Association will hold its spring sessions here Friday and Saturday.

President C. A. Eury of New Bern announced today that Associate Justice Sam J. Ervin, Jr., of the State Supreme Court, will be the guest speaker.

More About Congress

Haggling Over Issues Holds Up Senate Action While House Races Through A Lot Of Legislation; How So Much Talk Slows Them; House Has Limited Debate

Washington, April 13 (AP)—I'd be a pretty puzzled pigeon if I'd been sitting out in the middle of the United States the past two weeks, trying to figure out Congress.

The talkative senate, with only 96 members, took two weeks to approve the Marshall plan for Europe for another year; but the house with 435 members took only about 17 hours.

For those two weeks the senate spent almost every minute haggling over the Marshall plan; except for the 17 hours on the plan, the house used the two weeks to race through a lot of other things.

'Death Warrant' For Dairy Cows In Oleo Tax Bill

Washington, April 13 (AP)—Senator Wiley (R-Wis) said today a bill to repeal oleomargarine taxes would "sign the death warrant for 2,000,000 dairy cattle."

In testimony prepared for the senate finance committee, he declared:

"The best dairy economists in the nation have predicted that if oleo is permitted fraudulently to take the place of butter and to drive butter from the market, there will be a slaughter of an estimated 2,000,000 head of dairy cattle."

U. S. Relief Worker In Czechoslovakia Is Held

Prague, Czechoslovakia, April 13 (AP)—Miss Vlasta Vraz, head of the American Relief for Czechoslovakia here since 1945, has been under arrest since last Saturday, charged with political activity, it was disclosed by the United States embassy today.

Miss Vraz's home address was listed as 2101 South Elmwood Street, Berwyn, Ill., a suburb of Chicago. Miss Vraz was planning to leave for the United States in the middle of May for a holiday. She told friends recently she was not certain she would return to Czechoslovakia.

Most Veterans Expected To Pay GI Loans Issued

Washington, April 13 (AP)—The Veterans Administration served notice today that it expects most veterans to pay up on their GI loans, in full or in part.

Debts to the government resulting from defaulted loans will be waived only in "meritorious cases," the agency said.

England Is Up In Arms Again Over Prospect Of Having To Eat American Corn Meal Or Hominy Grits

England is up in arms again over the prospect of having to eat American corn meal or hominy grits—and there's the deuce to pay.

The upheaval started when amazed Britons read in their newspapers that these two products would be going to Europe in great quantities soon as part of the European Recovery Plan shipments. The reaction was general and explosive. An AP dispatch summed it up in this blunt British comment:

"Now the Tanks expect us to eat the ruddy stuff!"

40 Years Ago Today

THE DAILY REFLECTOR
April 13, 1909

Several of the merchants are now closing their stores at 7 o'clock evenings except on Saturday.

Heber Tripp left this morning for San Francisco to take a position there. We regret to lose Heber as a citizen of Greenville but wish him success in his new home.

Wake Forest students are great winners in debates with students of other colleges, but usually get beaten in baseball games. Pretty good indication which branch of training is given most attention at Wake Forest.

Bear Grass Trio at Chisold School
The Bear Grass Trio will be at Chisold high school Friday night, April 15, sponsored by the League of Grove Hill Free Will Baptist Church. Admission 40 cents for adults, 30 cents for children. The proceeds will go for the building of the new church.

Easter Flowers
When you order Easter flowers at Greenville Floral Co., you have guaranteed satisfaction of quality, freshness and prompt delivery. Call us now. Phone 2627, under new management. Caleb C. and Minnie J. Huneycutt.

Students Visit Williamsburg
Williamsburg, Va.—A group of 38 students from the Third Street school in Greenville, N. C., were here recently touring this one-time colonial capital city that has been restored to its appearance of the 18th century by John D. Rockefeller, Jr.

The students were accompanied by Miss Lela Brown Standell. They were given a special escorted tour of several of the buildings that have been restored or reconstructed to the way they looked two centuries ago and saw the setting in which many significant acts in the struggle for independence took place. Referred to by educators as a "living laboratory" of early American history, Williamsburg is annually visited by more than a half million persons.

Taylor's Service Sta.—2:00-2:15
Simpson—2:45-3:00

SOCIAL CALENDAR

WEDNESDAY

8:00 p. m.—Greenville White Shrine No. 7 will meet in the Masonic Temple.

8:00 p. m.—Carrie Wilson class of Emmanuel Baptist Church meets with Mrs. C. W. Willard.

THURSDAY

10:00 a. m.—"A Day Apart" service at the Methodist church.

1:30 p. m.—George B. Singletary chapter, U. D. C., meets at the home of Mrs. E. W. Harvey, Mrs. E. B. Ferguson assisting hostess.

2:30 p. m.—The Hortense Mays Junior Circle of The King's Daughters will meet in Sheppard Memorial Library.

4:30 p. m.—Business and Professional Woman's club meets at the Woman's Club.

7 to 9 p. m.—An open house featuring exhibits and demonstrations will be held by the science department at East Carolina Teachers College in the Flanagan building. A popular lecture on astronomy by Prof. R. M. Helms at 7:45 and an opportunity to use the college telescope will take place in the quadrangle between the Flanagan building and Cotten hall. The public is invited to attend the open house and to hear the lecture.

8:00 p. m.—Mrs. Leo Jenkins will be hostess to the Arles Book club at her home on Eastern street.

FRIDAY

6:30 p. m.—Kiwanis club.

7:30 p. m.—Red Men meet.

8:00 p. m.—Mrs. D. E. Todd and Mrs. Tige Gardner entertain at the home of Mrs. Gardner honoring Miss Doris Buck, bride-elect.

SATURDAY

4:30 to 5:30 p. m.—Mrs. Henry Andrews, Jr., entertains as tea at the home of Mrs. Henry Andrews, Sr., honoring Miss Faye Duval, bride-elect.

Holy Week Services Begin In Afternoon

Special Holy Week services at St. Peter's Catholic Church begins this afternoon with Stations of the Cross at 4 o'clock.

Mass will be celebrated in the church at 7 o'clock Thursday morning with a holy hour at 8 p. m. At 7 o'clock Friday morning, there will be a mass at the church, with services from 2 to 3 p. m. and Watching at the Tomb at 3 p. m.

On Saturday, mass will be held at the church at 7 o'clock and on Easter Sunday, at 10 o'clock.

Rev. Nelson's Sister Dies in New Jersey

Rev. and Mrs. J. A. Nelson, Miss Beverly Nelson and Jack Nelson left today for Livingston, N. J., to attend the funeral of Rev. Nelson's sister Mrs. S. M. Conable, who died suddenly Tuesday morning.

Funeral services will be at the home, 10 Hickory Place, Livingston, on Friday afternoon at 2:30.

Service League Hears Reports On Work Accomplished

At the regular monthly meeting of the Service League which was held on Monday morning at the Sheppard Memorial Library, Mrs. James T. Little, president, reviewed the purpose and main object of the organization—that of improving the social, economic, educational, cultural and civic conditions of the community through volunteer services rendered by League members. She urged each member to make a careful check to determine if she was conscientiously performing her duties and emphasized the importance of each one always striving to fulfill the services promised.

Following her talk Mrs. Little, speaking for the projects chairman, who was unable to be present, called for volunteers to do typing and assist generally in preparation for the T. J. B. mobile unit which will come to Greenville the first week in June. Workers were also secured to work at the Thrift Shop and at the hospital.

Mrs. R. C. Stokes, Jr., gave a financial report of the Leaninghouse hospital bed fund which included a \$5 donation and said that during March hospitalization had been provided for two babies for a total of 20 days.

Two layettes were placed during the last month and members were asked to offer their services in preparing additional ones to have on hand for the summer months.

Mrs. W. B. Bost, reporting for the Greenville Emergency Charity Fund committee, said that two families are victims of desertion by the father, and the other a victim of loss of home by fire, had been helped, as well as three sick children who needed assistance.

The most eagerly awaited report was that from the children's Little Theatre committee concerning the recent presentation of the marionette show "Pinochio." Mrs. Hunter Irving, chairman, said that the undertaking had been a credit to the Service League and that the League in turn felt amply rewarded for the hard work it entailed by the delight and joy it brought to the children. She expressed deep gratitude for the generous donations made by the Kiwanians, Lions and Rotarians which made it possible for many of the underprivileged to attend. Mrs. J. S. Mays, corresponding secretary, was instructed to write letters of thanks to all who cooperated so wholeheartedly in this venture. Mrs. L. T. Shotwell, then gave a financial statement of the performances.

Prior to adjournment Mrs. Little appointed Mrs. Tyson Billie and Mrs. J. S. Mays to serve as a steering committee for the annual League luncheon and Mrs. R. C. Stokes, Jr., and Mrs. J. H. Thomas as a nominating committee to submit names for the election of new officers for next year.

The Literature Department met Tuesday, April 12th, at the home of Mrs. F. P. Brooks. Pink azales and other spring flowers brightened the rooms with Easter colors. Mrs. J. C. Galloway and Mrs. C. A. Scruggs assisted Mrs. Brooks in serving little cakes decorated with Easter eggs, coffee, ice cream and salted pecans.

At the short business meeting Mrs. Wornholt urged everyone to help put over tag day for the cancer drive, next Saturday, April 16.

Mrs. Walter Krausnick then continued her interesting discussion of Toynbee's ideas. This time she discussed Toynbee's belief that we must have a great religious awakening if our civilization is not to go down into oblivion as have many others before us. According to Toynbee, she said in conclusion, if our civilization is to live, we shall have to build a cooperative world government; reach some sort of compromise between socialism and capitalism; and put our political and economic thinking and actions on a firm spiritual foundation. We now have to learn to love our neighbors as ourselves.

The group discussion that followed this excellent and thought-provoking analysis of Toynbee's thinking was earnest and stimulating.

Mrs. Bill Sermons urged all to attend book club day May 3.

Guests were Mrs. John Karnak and Mrs. F. F. Brooks of Kinston.

The next meeting of the Literature Department will be held on April 26.

Mrs. Krausnick Leads Club Discussion

A Lenten Prayer

The Benediction of Silence

Let all the earth keep silence . . . Habakkuk 2:20. Read Psalm 66.

For a day and two nights the record is silent. The Master remains in Bethany or in the country-side, counseling his disciples and keeping the silence alone.

Now let there be thanksgiving for the boon of silence. The voices of confusion are hushed; the approvals and disapprovals of the world are come to naught; the insistent claims of self within us are still. Deep calleth unto deep; the depths of God speaking to the depths within us. Strivings cease and by communion are we healed.

There is a silence of this world, fraught with cowardly fear. When we refuse to speak the truth that should be witnessed, the very stones will cry it out, and their cry will reprove our cowardice.

But there is also "the silence of eternity interpreted by love." It seeks the listening heart, and speaks with the voice of certainty. But it speaks only when the will is made one with the perfect will of the Father.

Let Us Pray in silence beginning with the Master's prayer for complete surrender. Not my will, but thine be done . . .

. . . in the name of thy dear Son, Amen.

a tonette band which will play "There's Music in the Air," "Lullaby" and a medley of marches.

Three numbers, "The Heavens Resound," "Chimpanecas," and "Joshua Fit the Battle of Jericho" by a high school glee club will conclude Belvoir - Falkland's part of the program.

No Mid-Week Service

There will be no mid-week service at the First Presbyterian Church tonight. The sacrament of the Lord's Supper will be observed on Friday night at 8 o'clock.

Many Are Attending Pre-Easter Services

Good crowds are attending the

Beta Gamma Meets With Mrs. Shiplett

The Beta Gamma chapter of the Beta Sigma Phi held its regular meeting at the home of Mrs. R. W. Shiplett Friday night, April 8, with the president, Margaret Clark, presiding.

Muriel Shotwell gave an interesting sketch on the origin, history and present status of the organization. The sorority life of the organization was presented by Jamie Shiplett. Lena Belle King led in the discussion on the purpose of Beta Sigma Phi in which all members participated.

It was decided that the members would help with the cancer drive on Saturday, April 16th.

The sorority had as its guest Mrs. J. Key Brown, who is our chapter sponsor and also an honorary member.

Open House of Science Department

Everyone is cordially invited to attend "open house" of the Science Department of East Carolina Teachers College, located on the third floor of the Flanagan building, between the hours of 7 and 9 p. m. on April 14.

"Open house" will be held in collaboration with high school day and exhibits will be on display for high school students and other visitors between the hours of 9 and 11:30 a. m. and 2 and 4 p. m.

F. T. A. Meeting Postponed

The meeting of the F. T. A. of Third Street School, scheduled for today, has been postponed until next Wednesday because of the death of Miss Janie Lyster, who for years was a teacher in the school.

CONVICT ESCAPES

Wilson, April 13—(AP)—Robert L. Jackson, a Negro convict, escaped before dawn today from the Wilson prison camp. He was sentenced in Cabarrus County in 1947 to seven to ten years for assault with intent to kill.

Cancer Society Drive In City Is Well Under Way

The American Cancer Society's campaign for the City of Greenville, sponsored by the Greenville Woman's Club, is well underway. Some 200 Greenville men and women, working on educational and fund raising programs, are helping the people to strike back at cancer.

Contributions to the fund raising drive can be made at the booth in front of the Glamor Shop. Mrs. Aubrey Taylor, of the Junior Woman's Club, is in charge. Assisting her are: Mrs. E. W. Shiplett; Mrs. R. E. Webb; Mrs. Clyde Hollowell; Mrs. Harold E. Alder; Mrs. Henry L. Brown; Mrs. Kenneth H. Mercer; Mrs. Charles Marsten; Mrs. Jack Moye, Jr.; Mrs. Godfrey Oakley; and Mrs. J. B. Tyndall.

At this booth or from your doctor you can get information about the cancer detection clinic set up at Kinston to serve this area. Leaflets are also available describing the seven danger signals of cancer.

Now canvassing the city are volunteers who are working on both the fund raising and the educational programs. These canvassers are:

District 1—Mrs. Clay Burnette; Mrs. Maude Swaine; Mrs. Peggy Tyndall; Mrs. Friend.

District 2—Mrs. J. L. Corey; Mrs. A. C. Tadlock; Mrs. J. D. Aman; Mrs. Bill Swindell; Mrs. J. B. Jackson; Mrs. R. L. Cole-

District 15—Mrs. C. W. Snell, captain; Mrs. Bruce Clark; Mrs. Charles Huron; Mrs. F. E. Riddick; Mrs. W. L. Whedbee.

District 16—Mrs. Charles Marsten, captain; Mrs. Jack Moye, Jr.; Mrs. Thurmond Dale.

District 17—Mrs. Maude Swartz, captain; Mrs. Carl Adams.

College—Mrs. R. R. Willmann, captain; Mrs. J. D. Messick; Mrs. P. C. Scott; Mrs. Jim Johnson; Mrs. Allen Hurlburt; Mrs. H. L. Carter; Mrs. W. W. Smiley; Mrs. J. K. Long; Mr. John Reynolds.

Mt. Pleasant News

Mount Pleasant Christian Church will observe its third Sunrise service at 5:26 a. m. Sunday, April 17. The Tribute of the Flowers will be presented by nine girls. Those to take part are Gail Stancill, Frances Mayo, Nerita Mayo, Betty Sue Stanton, Vivian McLawhorn, Edna Randolph, Mary Elizabeth Mayo, Lela Gray Harris and Dolores Briley.

The adult choir will present Christ is Risen in story and song. Mrs. J. L. Harris will be the reader. A trio composed of Ralph Sullivan, Clifford Sullivan and Pat McLawhorn will sing a special number.

The public is invited.

At the regular church service on Sunday, April 3, Mr. M. C. Madden was guest speaker. Mr. Madden, who is 81 years old, has been a missionary in Japan for 34 years. It was an inspiration to hear him tell of his experiences in Japan.

Several members of the church met Sunday afternoon to formulate plans for the Roanoke Christian Convention which will be held at the church May 28 and 29.

Plans are underway for a youth revival during the summer. The date will be announced later.

The adult class met Monday night, April 4, in the community building. There were 25 present. Hostesses were Mrs. Herbert Randolph and Mrs. Gladys Forbes.

'Open House' On High School Day

Events of High School Day at the college tomorrow (Thursday) will include an open house featuring exhibits and demonstrations in the laboratories and a "star gazing" session and lecture on astronomy by R. M. Helms of the faculty. The public is invited to attend the open house from 7:00 to 9:00 in the evening and to hear the lecture at 7:45 and use the college telescope.

The lecture will be informal and popular in type. The astronomical telescope will be used to observe Saturn and the moon. The lecture will deal largely with the better known stars, their constellations and galaxies.

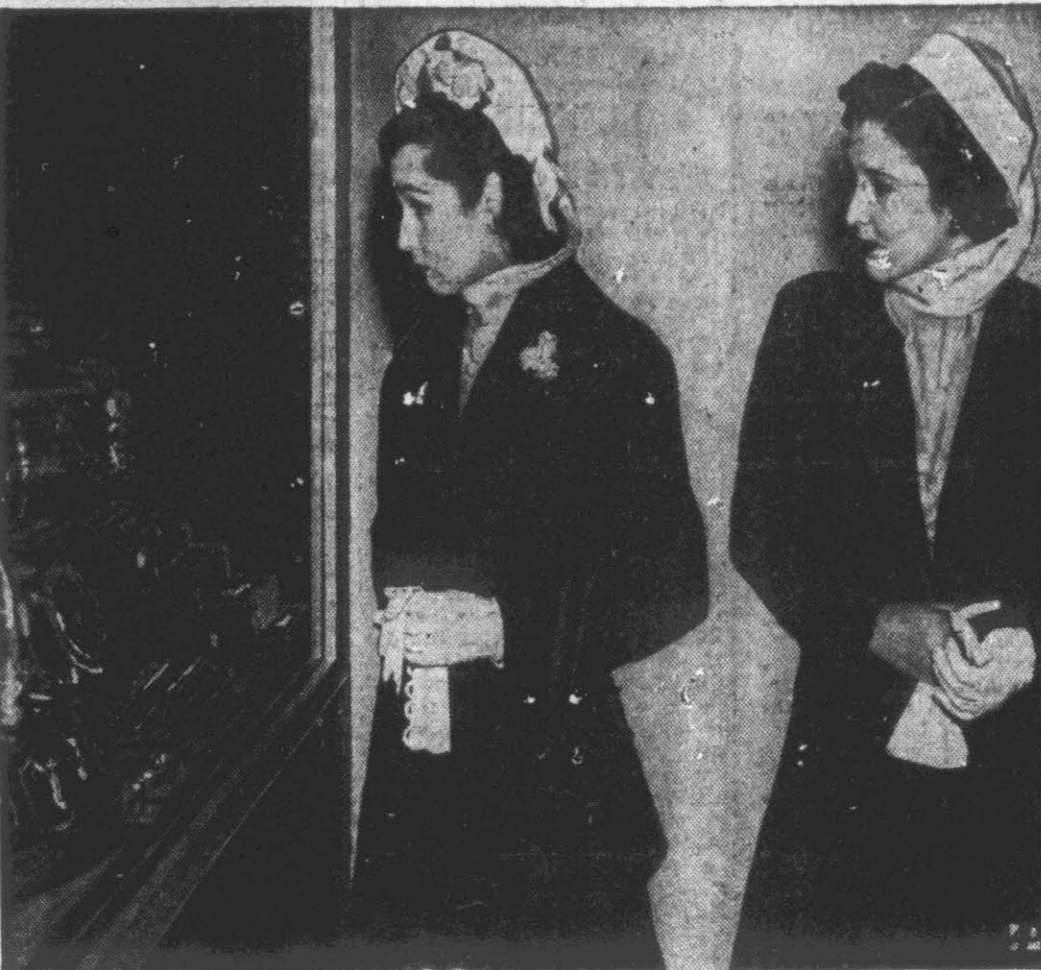

Turkey Meeting To Be Held Tomorrow

A meeting to discuss the proper methods of raising, managing and handling turkeys will be held tomorrow afternoon at 3 o'clock in the auditorium of the agricultural building here.

L. W. Harrick, Jr., turkey specialist with the state college extension service will lead the discussion. County agent S. C. Winchester said.

During World War II, the U. S. Shipbuilding industry was the largest single user of steel in the country.

A mole, unfed for 12 hours will starve to death.

ROYALTY GOES TO THE FAIR—Princesses Fawzia (left) and Falza (right), sisters of King Fares of Egypt, inspect a jewelry exhibit at a miniature "World's Fair" in Cairo. Two hundred acres are devoted to Egypt's progress in industry, science, agriculture and welfare.

Dr. Hardin Craig Addresses Club

Dr. Hardin Craig, eminent scholar in the field of Renaissance English literature and professor of English at the University of North Carolina, spoke Monday evening at a meeting of the Faculty Lecture Club of East Carolina Teachers College on the subject "All Kinds and Conditions of Men: A Lecture on Shakespeare."

Approximately 75 faculty members and their guests, including advanced students of English at the college, were present for the meeting in the auditorium of the Flanagan building on the campus.

Dr. Meredith N. Posey, president, introducing Dr. Craig to the audience, outlined the accomplishments of the speaker as an educator, writer, and lecturer.

Dr. Craig's address was a philosophical discussion of Shakespeare's view of mankind. Discussing Shakespeare as a representative of the thought of the Renaissance, Dr. Craig indicated that Shakespeare's conception of man's nature differs from modern conceptions in many ways but remains timeless in its appeal and in its truth. Shakespeare, he said, understood and sympathized with all kinds and conditions of men; and all kinds and conditions of men can read his works and derive pleasure and inspiration from them.

Following the lecture, members of the club entertained in honor of Dr. Craig at an informal reception in the parlors of the Flanagan building.

Student Nurses Go Before Board

Winston-Salem, April 13—(AP)—More than 150 student nurses came here today for examinations before the State Board of Nurses Examiners.

Among those seeking clearance for professional nursing in the state are 112 white applicants and 40 Negroes.

Results of the two-day examinations will not be announced until summer.

Experts To Talk On Handling Potatoes

Proper methods of handling Irish potatoes from the time of digging until marketed will be discussed at the Bethel high school Tuesday afternoon at 3 o'clock.

Pitt county Agent S. C. Winchester said today speakers from State Experiment stations and the State College extension service will be at the Bethel meeting to lead the discussions.

Fountain Social News

The Fountain P. T. A. held its regular meeting Wednesday evening in the school auditorium with a full house.

During the business session the following new officers were elected: Mrs. Jasper Morgan, president; Mrs. J. W. Baker, vice president; Mrs. Albert Bell, secretary and Roscoe Bell, treasurer. Delegates were appointed to attend the district council meeting.

Arrangements were made for assistants to help with the pre-school clinic to be held Monday, April 11.

Mrs. R. A. Fountain, chairman for the cancer drive presented Mr. D. H. Conley, superintendent of Pitt county schools, who asked the people of Fountain community to support the cancer drive and introduced Dr. Morgan who showed us a picture on the subject of cancer and made a most interesting talk.

After the picture Mr. Conley announced that the bonds for the new colored school building and repairs for the white school would be floated May 10.

The second grade presented a short program entitled, "Good Neighbors." After which Mrs. Baker, principal, announced the second grade winning with most parents present. There were 275 members present. She issued an invitation to everyone to visit the rooms before leaving.

Sue Lilly, Fountain Route 1, was

Destructive Windstorms Sweep Across Georgia Bringing Death

Manchester, Ga., April 13—(AP)—Four Negroes were killed and 32 injured last night when destructive windstorms struck chain-farm areas across Georgia. Property damage was high.

Manchester, Zebulon and Griffin, in west central Georgia, were hit by tornado winds. A pint-sized tornado cut through a rural area in Walker county in extreme northwest Georgia. It did little damage.

The Bethany community near McDonough, in central Georgia, was raked by strong winds a few hours later. Two Negro children were killed and five other members of the same family injured when their house folded under the impact of the wind.

The whirling winds first hit at Manchester at 6:30 a. m., then moved northeastward and struck Zebulon and Griffin. Property damage was expected to run into the hundreds of thousands of dollars.

A Negro was crushed to death at Manchester by a toppling freight car, and a companion was seriously injured. The Red Cross said 19 others were injured when the winds destroyed 12 Negro homes and damaged 15 others.

Power lines were knocked down, trees snapped off and the walls of three main street business houses

Young Roosevelt Says He Would Fight 'Coalition'

crumbled. City manager William C. McClomere estimated Manchester damage at \$100,000.

At Zebulon, a Negro was killed and two persons injured. Several tenant houses were destroyed. A peach packing shed and a canning plant were demolished and the courthouse was damaged.

The storm then hopped 15 miles to Griffin, where five persons were injured slightly and 30 to 25 homes damaged.

Roofs were lifted from several homes, a warehouse and the east Griffin Baptist church. Members of the Women's Missionary Society heard the winds coming and ran from the Baptist church just before the roof caved in. All escaped unscathed.

The windstorms were accompanied by heavy rain and hail.

New York, April 13—(AP)—Franklin D. Roosevelt Jr., facing three opponents in a contest for a vacant Congress seat, says he wants to be elected so he can "fight against the reactionary coalition of Republicans and Dixiecrats."

Addressing a Liberal party meeting last night, Roosevelt said the coalition "killed the civil rights bill and the housing bill and passed the Taft-Hartley Act."

The late President's lawyer son, seeking the seat left vacant by the death of Rep. Sol Bloom, veteran Democratic congressman said Tammany Hall would not have renominated Bloom if he had lived.

Roosevelt has been rejected by Tammany Hall leaders for the Democratic nomination in the Democratic 20th District on Manhattan's West Side.

He quoted Hugo E. Rogers, leader of Tammany Hall, as telling him that "if Sol Bloom had lived he would not have been renominated, because I am not interested in statesmen but in politicians."

Roosevelt said "that clinched my decision to run on a free, untrammeled level of Democratic liberalism."

He said he wants to "carry on in the footsteps and traditions of liberal and progressive government that Sol Bloom fought for during the last 20 years."

VOTE SCHOOL BONDS
Reidsville, April 13—(AP)—Incomplete returns today showed that Rockingham County voted almost 3 to 1 in favor of a \$4,600,000 school improvement bond issue yesterday.

Death Sentence

Bremen, Germany, April 13—(AP)—The death sentence was imposed yesterday on a 39-year-old ship's steward, Bodo Fries, for the murder of two young boys. He was convicted by a German court after testifying that he saw the youngsters in 1945 and 1947 while possessed with "the urge to kill someone."

Fries also told the court he cut up the body of one of his victims and served some of the flesh to his family, telling them it was pork.

the floor show when she danced to "Chapanequa."

In the costume contest Dwight Garrett and Kitty Smith won first prize, coffee and bananas. Arturo Andrade and Anne McCrary won second prize, chewing gum. These prizes are typical products of Latin America. The fiesta is the highlight of the year for the Spanish classes and is an outgrowth of class work. The purpose of the fiesta is educational and recreational.

Local Students Take Honors At Lexington Meet

Winning out over approximately sixty entrants, Ruel W. Tyson, co-editor of "Green Lights," took first prize in the current events contest at the Southern Interscholastic Press Association Convention last Friday in Lexington, Virginia, at Washington Lee University.

"Green Lights," Greenville high school newspaper, topped honors at this convention also by winning the first place award for secondary schools having an enrollment from 670-700.

Although Tyson's first place score was approximately 72 per cent on the test, the grade did not authentically indicate the height of his achievement, as O. W. Riegel, head of the Washington-Lee journalism department, stressed the difficult examination.

Bette Anne Young, co-editor, Mrs. Clem B. Utley, adviser, James Harvey Ward and John Karunak also attended the meeting.

Girl Ruled Heir To \$1,000,000 From Big Estate

Baltimore, April 13—(AP)—About \$1,000,000 of the fortune amassed by Isaac E. Emerson, the "headache king," is to go to his granddaughter, 24-year-old Margaret Emerson McCormack.

Circuit Judge E. Paul Mason made the decision here yesterday.

Emerson, who founded the drug company bearing his name and famous for the manufacture of Bromo-Seltzer, died in 1931. He left about \$6,000,000 in a trust which expires in 1941.

A little more than 17 per cent of the estate was willed to Emerson's stepson, the late Frederick C. McCormack of Morningside Pier, N. Y. He committed suicide in a New York hotel two years ago.

Emerson gave the University of North Carolina the athletic field which bears his name.

FBI Is Holding Factory Worker In Bank Robbery

Winston-Salem, N.C., April 13—(AP)—The FBI is holding a 32-year-old box factory worker who it said admitted robbing the Commercial Bank in nearby Stokesdale last month.

Special Agent Charles W. Brown said William R. Barkley of Winston-Salem has admitted that he robbed the bank of \$781.

Brown reported that Barkley was recognized yesterday after he was recognized by J. O. Richardson, a teller of the bank, as the gunman who forced bank employees into a vault and escaped with the money.

Barkley, being held under bond of \$5,000, will be tried at the next term of federal court in Greensboro, Brown said.

5 doctors prove this plan breaks the laxative habit

If you take laxatives regularly—here's how you can stop!

Because 5 New York doctors now have proved you may lose the laxative habit. And establish your natural powers of regularity. Slightly-three per cent of the cases tested did it. So can you!

Stop taking whatever you now take. Instead: Every night for one week take 2 Carter's Pills. Second week—once each night. Third week—once every other night. Then—nothing! Every day: drink eight glasses of water; eat a definite time for regularity.

Five New York doctors proved this plan can break the laxative habit.

How can a laxative break the laxative habit? Because Carter's Pills "unblock" the lower digestive tract and from then on let it make use of its own natural powers.

Further—Carter's Pills contains no habit-forming drugs.

Break the laxative habit... with Carter's Pills... and be regular naturally.

When worry, overeating, overwork make you irregular temporarily—take Carter's Pills. Get Carter's Pills at any drugstore for 3¢ a day. You'll be grateful the rest of your life.

... are foremost in White's BIG SHOE DEPT.

When buying SHOES, you consider (1) Style, (2) Wearing Qualities and (3) Price! You get "All Three" and at a very low price at White's Shoe Dept. Look over these values... then come in and let us show you how you can S-A-V-E. You won't be "high-pressed" into buying! We consider it a pleasure to show you our Superior Lines of Shoes at the Lowest Prices anywhere, for the quality offered.

5 doctors prove this plan breaks the laxative habit

HERE'S NEW HOPE FOR UNSIGHTLY SKIN TROUBLES

Doctor's discovery hailed as "Wonder Formula" gets results in difficult cases; exposes and inhibits growth of germs present in ACNE. New treatment bypasses your appearance!

Your unsightly, externally caused skin troubles... the stubborn pimples, blackheads and red, burning skin that embarrass... may now yield to a new treatment developed by a group of physicians.

These doctors found that in many such cases there is a sub-surface infection due to various types of germs. This new treatment exposes and inhibits the growth of these germs. After endless experiments and tests on thousands of cases, this new formula called ENCA Cream is now available at any drug store. When ENCA Cream is applied to the skin, this 3-way action takes place:

(1) ENCA's flesh-tinted film instantly conceals unsightly skin blemishes—immediately improving your appearance.

(2) The new anti-biotic ingredients are held

in contact with the skin for hours, to expose germs and inhibit their growth.

(3) With germ growth inhibited, unsightly surface skin eruptions can be controlled and helped to heal. Thousands are amazed to see quick improvement after everything else has failed. Regardless of how stubborn your case, you owe it to yourself to try this new treatment.

MONEY BACK GUARANTEE

Don't continue to suffer the embarrassing handicap of unsightly skin. Get ENCA CREAM from your druggist today. Use as directed. If, in just one week you don't see quick improvement—if your unsightly skin does not look and feel better and better—just return the jar and your druggist will refund full purchase price. Get ENCA CREAM today!

enca Cream Developed in the laboratories of a great Medical University with TYROTHRICIN

Tennis, Golf And Baseball Are Scheduled For ECTC Tomorrow

Buccaneers Play Host To Three Visiting Teams From Elon; Student Guests May See Three-Sports Event

By EUGENE PRICE
Followers of tennis, golf and baseball look to East Carolina Teachers College tomorrow when the Buccaneers of ECTC play host to the netters, golfers and baseballers of Elon.

It will be High School Senior Day at ECTC and high school students from all over the state will be on hand for the three sport events which will get underway tomorrow afternoon.

Tomorrow's events mark the second meeting of the year for the teams. The Fighting Christian netters and baseballers defeated the locals in a similar meeting in Elon two weeks ago while the ECTC golfers brought back the lone Buccaneer victory.

Coach Jack Boone announced early this week that he would probably start Hal Whitehurst, a rookie hurler for the Bucs. Whitehurst racked up a 12-1 win pitching for the Fairmount Braves of the Norfolk City League last season and did relief pitching in the Pirates' lone North State Conference win.

In their previous clash Elon knocked off the locals nine to three, capitalizing on five East Carolina errors. Three ECTC pitchers were used in that game with Buck Wilson, Bob McCotter and Bill Pulp taking turns in that order. Elon collected 10 hits to ECTC's nine.

The golf match saw the East Carolina team score a sweeping victory with Bill Stall Mote Massey, Mill Zellin, Ben Harrison and Charlie Bill Morye all showing up very well. The locals scored a 19 and one half to seven and one half win. It was the first match of the season for the local golfers who were undefeated last year.

The tennis teams had the closest match of the day at Elon and the netters of the two schools will probably provide an equally hot exhibition here tomorrow. The Elon netters won four to three at Elon. Williams, Bass and Holland scored wins for the Bucs. Winstead set the pace for the Elon outfit.

The 1949 Hembledonian trotting classic at Goshen, N. Y. Aug 10, will be worth approximately \$67,000—an increase of \$7,000 over last year.

Sport Slants by Pap

Manager Casey Stengel saw enough of Gene Woodling in the Pacific Coast League last season to convince him that the freshman outfielder can fit into the Yankee picture. Woodling paced the Coast League batters with an average of .385 and batted in 107 runs. Even more important was the fact that he had developed a batting style that enabled him to pull the ball, something he wasn't able to do when he was up with the Cleveland Indians for 61 games in 1948.

It was Lefty O'Doul who advised Woodling to learn to pull his drives.

Fill In For Joe It Takes Two To

Terre Haute, Ind., April 13—(AP)—Hank Bauer and Gene Woodling will alternate in center field for the New York Yankees until the return of Joe DiMaggio.

Meyer Tells Why Hugh Casey Best Control Pitcher

Birmingham, Ala., April 13—(AP)—"The best pitcher I've ever seen." That's quite a compliment, especially coming from Manager Bill Meyer of the Pittsburgh Pirates. He's usually quite conservative.

The subject of the superlative is not some youngster expected to win 20 games this season. It's an old-time relief pitcher, Hugh Casey, ex-Brooklyn Dodger, who probably won't get a single starting assignment with the Buccos this year.

"I've never seen anyone like him," commented Meyer. "He is in control of the situation every time he takes the mound. A manager doesn't have to worry about him getting free with bases on balls.

"That's what makes him a great relief pitcher."

Meyer grinned reflectively. "You remember the game early in the spring against the St. Louis Browns. The one we tied 7-7 in 12 innings?" he asked. "Well, let me tell you something about Casey that day."

"He came into the game in the ninth after the Browns had tied the score," continued Meyer. "The first batter got ahead of Casey, I thought, two balls and nothing.

"Then Hugh proceeded to retire him. But not before he was two and two, then three and two.

"When he came to the bench, he said, 'I guess you were worried?' I said, 'No, it's pretty early, and perhaps your control was just a little bad.'"

"Never worry about me out there, Bill," said Casey. "I just wanted to find out if I still could do it. That's why the first two pitches I threw were balls. I was just testing myself to see whether or not I could still throw the ball where I wanted."

Indians Shoot At Attendance Mark

Knoxville, Tenn., April 13—(AP)—With a 201,000 attendance for the Grapefruit season already marked up, the Cleveland Indians are shooting for a new exhibition record before the spring season ends in New York Sunday.

The New York Yankees drew 225,000 in 1946 for an unofficial spring record with five games remaining with the Giants—the last two to be played in New York this weekend—a total attendance of 250,000 might be reached by the Tribe.

Rained Out

Greenville's first of a three-game series with the Dunn-Ewin club of the Tobacco State League was rained out at Dunn last night. However, the two teams are scheduled to meet here today and the third game in the series will be played here Sunday afternoon at 2:30 o'clock.

The Greenies will have an off day tomorrow, as the game at Wilmington with the Pirates there has been cancelled. The boys will swing into action again Friday when they play the Smithfield Leafs a return game at Smithfield.

On Saturday of this week Manager Pappy Williams and his boys will face one of the best, if not the best, college teams in the state when they meet the Demon Deacons of Wake Forest College in an exhibition game. The Deacons at this time are sporting eight straight victories against no defeats. Tonight the Deacons are scheduled to play Roanoke Rapids of the Coastal Plain League.

Another Look At Dimaggio's Heel

Baltimore, April 13—(AP)—Johns Hopkins Hospital surgeons repaired to take another look today at Joe DiMaggio's heel—the heel which means so much to the New York Yankees' pennant chances.

The big slugger may be here for 10 days or more. He will be lost to his club for the season curtain-raiser next Tuesday—but Joe has no thoughts of retiring from the game.

He checked in at the hospital shortly before 2 a.m. He said he was "dead tired" after a flight from Texas and declined to answer any questions.

It was the \$100,000-a-year center-fielder's fifth trip to Johns Hopkins in two years.

In 1947, a bone growth, or "spur" was taken from his left heel.

Before the 1948 season, Dr. George Bennett removed bone chips from his throwing arm.

Without him, New York would have little chance of figuring in the American League pennant race.

Chandler Talks With American League Figures

Chicago, April 13—(AP)—Club owners and representatives of the American League meet with Commissioner A. B. Chandler today to line up baseball's latest defense strategy against player suits.

Today's session completes current discussions. Chandler and National League officials held a similar parley at Cincinnati last Friday.

No official statement is expected to be made. Mum was the word following the National League convocation and the same is expected today.

The suit against organized baseball for \$2,500,000 by Max Lanier and Fred Martin, former St. Louis Cardinals pitchers, is booked for April 23. Settling off the legal attack is the still pending \$500,000 damage suit by Danny Gardella, ex New York Giants outfielder.

Mr. Busher Out Of Running For Kentucky Derby

New York, April 13—(AP)—Mr. Busher has failed to regain his "racing edge" and so another big name is out of the Kentucky Derby.

Mrs. Elizabeth Graham, owner of the Maine Chance Farm, told an adviser yesterday that the hard-luck son of War Admiral definitely will not face the barrier in the Louisville classic May 7.

This is the second withdrawal of one of the leading Derby contenders in the last ten days.

On April 5 Blue Peter, champion two-year-old of 1948 and winter book Derby favorite at 3-1, was pulled out because of an internal ailment.

Mr. Busher was fourth on the money-winning list among last year's two-year-olds.

Mikan's Playing To Decide Title

St. Paul, Minn., April 13—(AP)—The spotlight will be on George Mikan tonight when the Minneapolis Lakers seek a playoff decision at the expense of the Washington Capitols.

The Lakers hold a three to two lead in the best of seven series for the Basketball Association of America Championship.

The three games played in Washington proved disastrous for Minneapolis. The Lakers dropped two to the Caps and Mikan, their spark-plug center, fractured his wrist in the Saturday tilt.

Comiskey Wants Winning Complex

Memphis, April 13—(AP)—Chuck Comiskey, young vice-president of the Chicago White Sox, thinks the American League tallenders of 1948 must develop a winning complex.

He has backed up Manager Jack Onslow's demands that the Sox "beat down every minute" in exhibitions to gain a victory.

Base Attack On Sacrifice Bunt

Atlanta, Ga., April 13—(AP)—Unless double-play matters change for the better, the sacrifice bunt probably will remain the keystone of the Philadelphia Athletics' attack.

The players may argue against it, and even Manager Connie Mack concedes the sacrifice usually reduces the possibility of a big inning, but he has figures to prove that other methods of producing runs are too risky.

BEST PITCHING JOB
Houston, Tex., April 13—(AP)—Bob Rush fashioned the best pitching job of the Chicago Cubs exhibition tour last night by blanking the St. Louis Cardinals 4 to 0 with a four-hitter.

Kinston Wallops G H S By 18-6 With Big Inning

Kinston's Red Devils teed off in the bottom of the seventh inning for 12 runs to defeat the Greenville High School Phantoms 18 to six in Kinston last night.

Remarkably enough, it was a scoreless ball game until the bottom of the sixth inning.

In the lower half of the sixth the Kinston crew broke the ice to score two runs on hits and take a momentary lead. In the top of the seventh, however, Greenville capitalized on errors to shove across six runs before the rally was extinguished by the Devils.

It was the bottom of the seventh when Kinston hitters found the range and Greenville players put on a comedy of errors that the score took a big jump in favor of the home team. Kinston ran the count up to 14 to six and added two more runs in the eighth to top off the night.

Bobby Fiye was on the hill for the Greenville team until the seventh and pitched commendable baseball until that fatal inning. He was relieved by Bland who later was replaced by Valwright.

Yankees' Rookie For Kansas City

New York, April 13—(AP)—Divinity Student Paul Hinrichs, the most talked of rookie in the camp of the New York Yankees, will pitch for Kansas City of the American Association this year.

Hinrichs, given a bonus of around \$50,000 to sign with the Yankee organization, was brought to camp to help pitch batting practice. The recruit, however, was so impressive that the Yanks seriously considered retaining him.

The 23-year-old righthander allowed only one run in 19 innings in exhibition games. The Dallas Eagles of the Texas League for whom he pitched in 1948, scored on Hinrichs Monday to break his run of 16 consecutive scoreless innings.

Manager Casey Stengel decided yesterday to leave Hinrichs with Kansas City, the club that owns his contract. Stengel said he did not want Hinrichs with the Yanks where he might be only the ninth or tenth member of the mound staff.

With Kansas City Hinrichs will get the proper amount of work Stengel explained. Should the Yanks need him they always could buy his contract and call him up.

Barkley Says Permanent Party Split May Have Tragic Result

Birmingham, Ala., April 13—(AP)—Vice President Alben W. Barkley told Alabama Democrats last night that any permanent party split would have tragic results.

He did not mention by name the State's Rights movement which carried Alabama and three other southern states last November. Nor did he speak directly of the Civil Rights proposals which led to the party split.

But he did assert that "minority parties," however sincere their members, "are unwittingly playing into the hands of those who would destroy us."

He also declared the "equal rights" clause in the party platform must "mean equal rights to enjoy the fruits of our nation."

"Otherwise, it is but a sham and a pretense," he said, "and will be used against us."

Barkley spoke at a \$15-a-plate Jefferson-Jackson day dinner, held to raise funds for the national Democratic treasury.

Barkley was introduced by Senator Walter Hill (D-Ala.) speaking from Washington via loudspeaker. Senator John Sparkman (D-Ala.) also spoke briefly, also from Washington. Both had announced they would attend the dinner, but said they were detained in Washington by important legislation.

Gov. James E. Folsom and others prominent in state politics also were here, but some of the top-ranking party members were absent by choice.

Those not on hand included Governor T. McCorvey, state Democratic chairman, and Col. Marion T. Rushon, Democratic National Committeeman from Alabama. Both were prominent in the states' rights movement last year.

Senior Scouts Complete Outing

The Greenville senior scout unit returned Sunday from a week-end outing at Duck Creek where they were the guests of James Keel and Leon Roebuck.

Unit Director Allan Powell said today new officers elected by members of the senior scout unit are Paul Conway, guide; Milton Foley, assistant guide; Ralph Smiley, secretary-treasurer; Troy Wilson, chairman of the indoor committee; Johnny Aman, chairman of outdoor committee; Floyd Hendrix, Jr., chairman of the service committee; and Lewis Howe, chairman of the social committee.

TORCHBEARER ON CANVAS—Denise Taylor, 21, works in London on a painting of her fiancé, John Marks, 25, medical student, torchbearer for the 1948 14th Olympiad.

His Piano Takes Boredom Out Of Junior's Practice

Philadelphia, April 13—(AP)—Louis Luberoff says he's got the answer for mothers who despair of making their children practice the piano.

He's built a different kind of piano. It looks like a spinet. But underneath these separate "rills" that open on top of the piano you find, from right to left, a record player, a radio, and a recorder.

The name of the three-in-one instrument is the "trio-art" piano and it went on sale today.

How will it make Johnny practice his scales when he'd rather be out playing baseball?

Luberoff explains. Put on a recording of what Johnny is supposed to play and while the record spins, Johnny can play right along with the recording artist. The motor of the turntable has changeable speeds so Johnny and artist can get together.

And just to make sure that Johnny knows how he sounds, he can turn another gadget on the piano and cut a record of his own playing.

Luberoff, who designed the pipe organ for Philadelphia's convention hall and the ballroom of the Waldorf-Astoria Hotel in New York, said his new piano has unlimited uses in the educational field and entertainment world.

Entertainers, with the air of recordings can literally become a one-man band, Luberoff said.

Just imagine playing a duet with Duchin or Harmonizing with Horowitz.

With a three-in-one piano you can do it, says Luberoff.

It is believed that platinum was brought to Europe for the first time in 1841 from Cartagena, Colombia, by a Jamaican assayer.

Qualities Listed For President

Chapel Hill, April 13—(AP)—A student group has set down a list of qualifications it believes the new president of the University of North Carolina should have. Six basic qualifications are listed.

The University presidency was vacated recently when Dr. Frank P. Graham resigned to become a United States senator.

Here are the qualifications listed by the Student Council of the Greater University of North Carolina:

1. That he be an educator, a man who understands, respects, and encourages free student thought.
2. A man of character and great courage of conviction who stands on intellectual integrity.
3. An administrator aware of the problems peculiar to education who will look with equal interest upon the welfare and needs of the three schools (North Carolina State College at Raleigh, Woman's College at Greensboro, and the university here.)
4. A man whose knowledge and understanding will influence the affairs of our time.
5. A man who appreciates the problems and traditions peculiar to this region of the country.
6. A man whose life reflects religious zeal.

Reveals Russia Renewed Offer To Lift Siege

London, April 13—(AP)—A Diplomatic informant said today Russia has recently renewed her offer to lift the Berlin blockade if four talks on Germany are resumed.

Such an offer, however, would not materially affect the Berlin situation, since the allies have insisted all along that the blockade must be lifted first before any four talks on Germany. The Russians have insisted on calling the four-power conference first.

The informant, a specialist in German affairs, declined to be identified, even by nationality. He did not say where the newest approach was made, but presumably it was in Berlin. Asked whether the American, British and French authorities were approached jointly or individually, the informant replied: "This is a Washington story."

Criminal Superior Court Here April 18; To Try O'Neal Case

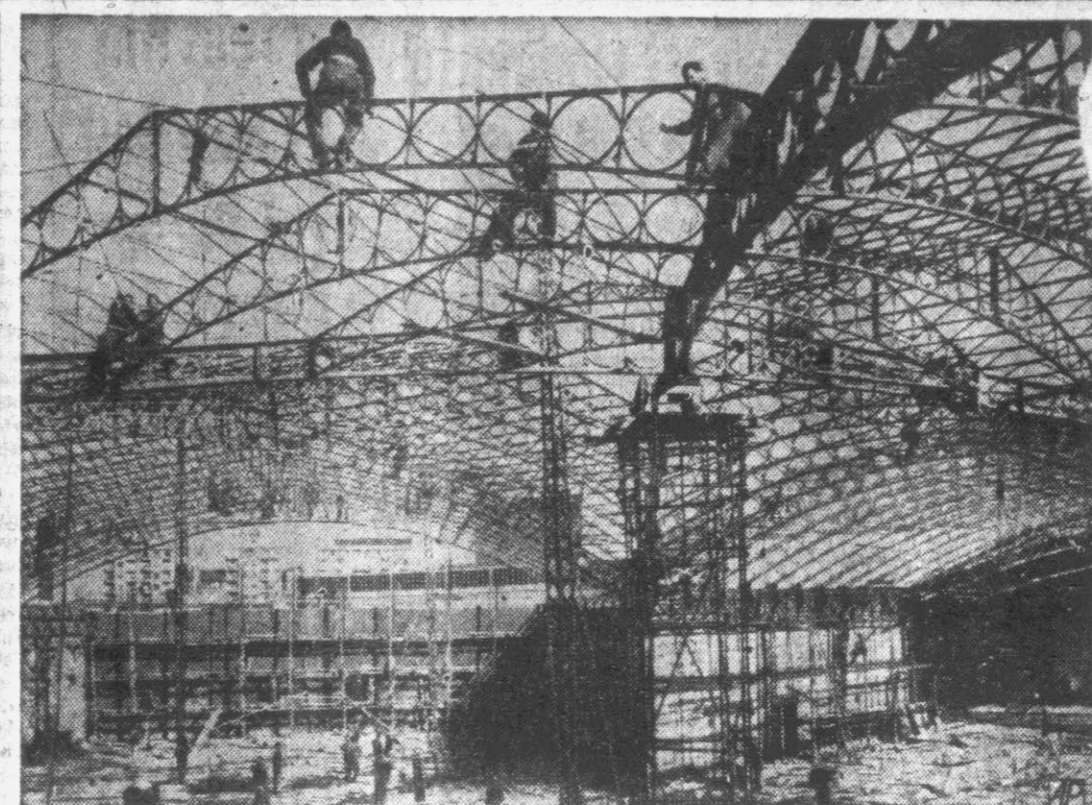

Judge Clawson L. Williams of Sanford will preside over a two weeks term of criminal Superior Court beginning the week of April 18.

Bennie and Lloyd Ray Daniels, Negro youths, who are charged with the murder of William Benjamin O'Neal, taxicab driver at a rural point near here the night of February 5, will be tried at this term of court. Judge R. Hunt Parker of Rossmore Rapids, while presiding here last month, when the grand jury indicted the two men, appointed Attorneys Arthur B. Corey and W. W. (Bill) Speight as counsel for the two defendants.

An unusually heavy docket will confront the Lee county jurist when he comes here, Solicitor W. J. (Dick) Bundy said today.

It is believed that warm blooded animals originated in the Permian period of geology.

The Kentucky Futurity, one of the oldest events in harness racing will be worth an estimated \$60,000 this year.

PREPARING FOR MILAN FAIR—Workmen set beams for the roof of one of the exhibition halls at the Milan Fair, fourth since the end of the war. More than 1,000,000 square feet of space will be devoted to displays which last year attracted 2,400,000 visitors.

Low Clouds Obscure Moon Eclipse; None Here Saw Phenomena

Clouds in the sky last night prevented people in the Greenville area from witnessing the total eclipse of the moon. The shadow of the earth blackened the moon for nearly an hour. The eclipse ended shortly after midnight.

Nearly one-half an inch of rain fell during the night, and this morning. Rainfall for the month totals nearly two inches. The local Weather Bureau reported that the highest temperature yesterday was 74 degrees in the afternoon. The mercury went down to 59 during the night and at 8 a. m. today is 63 degrees, and steadily rising.

Only ten percent of U. S. foreign commerce was carried in American ships at the close of the 19th century.

Only ten percent of U. S. foreign commerce was carried in American ships at the close of the 19th century.

To Broadcast On College Campus

East Carolina Teachers College will open a campus radio station on Thursday and will broadcast a program for the first time on the occasion of High School Day at the college. The program will be broadcast from 2:00 to 2:30 in the afternoon over the facilities of Station WGTO of Greenville.

President John D. Messick of the college will give a short talk on the program for the afternoon. Also among those participating will be Dr. Howard J. McGinnis, director of the Bureau of Field Service and chairman for High School Day. Interviews with high school students present on the campus for the day will be a special feature of the broadcast.

Paul McNickle of Washington, D. C., will act as student announcer for college program. Miles Buck of Syracuse, N. Y., will serve as student program director. Edward J. Rutan of the faculty of the department of English is in charge of the radio workshop at the college, which will plan and carry out programs given over the college station.

The original name of the French city of LeHavre was Le Havre de Grace.

"The New Thrill"

Sycamore Hill Baptist Church Choir Wins Praise

By WYATT BROWN
A delightful, inspired and sensitive rendition of the Easter Cantata "Life Eternal" by Fred B. Holton was presented twice on Palm Sunday by the Senior Choir of Sycamore Hill Baptist Church under the direction of Arthur L. Norcott. With rare feeling for pianissimo and with full realization of crescendos the choir sang as only a well drilled choir of music lovers can.

The solos were handled by Evelyn Harris, Watson Tucker, Doris Lynch, Suetette Thompson, Mildred Thompson, Herman Walters, Joan Beatty, Hubert Walters, Anna Whitehurst, and Carlton McGilone. Though all did their part competently Doris Lynch and Herman Walters seemed in the best voice for the performance in the afternoon. Each knew his part and did it well transcending pedantry into true inspired singing effecting an unusual impact on the congregation.

Arthur Norcott comes in for mention for his contribution as director and accompanist. He has earned himself an enviable reputation in his accomplishments in pageants, choir work and special programs. Both singers and director did themselves proud with their gift of voice and hard work of preparation.

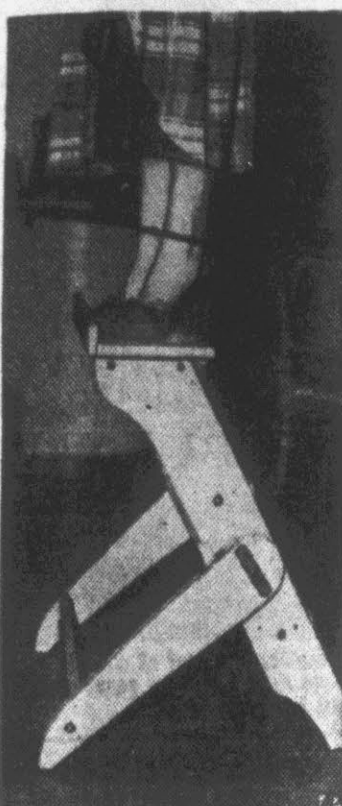

Quite spontaneously at the conclusion of the Cantata Mayor Boyd secured permission to utter words of praise for the fine performance he had just witnessed as a member of the congregation for the afternoon rendition. He praised the choir and director for their inspiration with their music and for their contribution to the cultural life of the community.

Herman Walters is president of the Senior Choir. The members of the Junior Ladies Auxiliary of the Sycamore Hill Baptist Church had the choir loft and rostrum most effectively and attractively decorated for the occasion. It is worth remarking that there are at least two whole families members of the choir. There was no question as to the singers' love of music and of their Christ for their voices and souls were in the singing.

The Irish Free State was separated from Great Britain in 1922.

Quick, Long-Lasting HEADACHE Relief CAPUDINE

SAFETY LADDER
—A ladder, shown in New York, is said to be safe from tips or slides, and folds for storage.

Irishman Says Schools Too Big

Belfast, Northern Ireland—(AP)—American schools are too big and aren't tough enough, according to an Irish teacher.

Joseph King Carson, secretary of the Ulster Teachers Union, said discipline in American schools was "certainly a lot less rigorous" than it is in Ireland.

After visiting Washington and New York as a member of the executives of the World Organization of the Teaching Profession, Carson said that the U.S. schools with as many as 2,000 pupils failed to give children the personal guidance they need. He said schools of up to 500 pupils are big enough.

More merchant seamen lost their lives during the invasion of Mindore island in the Philippines in World War II than did soldiers who participated in the action.

Fact Finding To Try End Strike

New York, April 13—(AP)—A Presidential fact-finding board has launched efforts to end a month-long agency tieup which the company says is costing it \$2,000,000 a week in revenue.

The board completed organizing yesterday, and issued an appeal for the agency to resume operations, and the 10,000 idle workers to return to their jobs in the Metropolitan area. But there was no immediate sign of a break of the deadlock between the agency and the AFL Brotherhood of Railway and Steamship clerks, the major union involved.

Daniel J. Sullivan, the Union's district chairman, said none of his members had accepted a company bid to 4,000 employees to return to their jobs.

He said there would be no back-to-work movement until the company called in all its idle employees.

Meanwhile, the company said the idle workers were losing \$600,000 a week in pay.

Total cost of the stoppage and embargo on shipments into, and out of this area has climbed past the \$10,000,000 mark.

Drama Critics Pick Broadway's Best Of Season

New York, April 13—(AP)—The New York Drama Critics Circle has named "Death of a Salesman" as Broadway's best play for the 1948-49 season.

The play, by Arthur Miller, is the story of a salesman who devotes his life to his company, only to realize at last the futility of his work. It stars Lee J. Cobb.

The Critics Circle yesterday also named the Richard Rodgers and Oscar Hammerstein 2nd production of "South Pacific" as the best musical, and "The Mad Woman of Chailot" as the best foreign play. The latter is Maurice Valency's adaptation of a French comedy by Jean Giraudoux.

Because they regarded the custom as heathenish, the Puritans at one time tried to abolish the use of the ring at wedding ceremonies.

Vic Sorrell, former Detroit Tiger pitching ace, is coaching the North Carolina State baseball team for the fourth season.

CLAY PIPES TO ORDER— Pipe bowls, holding heads of a ship captain, an African woman and Sir Walter Raleigh, are produced by the Goedewaagen plant in Gouda, Holland. Some bowls, made by a secret process, conceal a picture in the clay which becomes visible after use.

Okay Four More ABC Elections

Raleigh, N.C., April 12—(AP)—The House Committee on Proposals and Grievances today approved four more measures to permit towns to hold elections on legalizing ABC liquor stores.

The committee gave a favorable report to a House bill to allow an

Boston Teams Will Meet Today

Hartford, Conn., April 13—(AP)—One of the largest crowds in Hartford's baseball history is expected at Bulkeley Stadium today when the Boston Braves and Boston Red Sox play another game in their spring exhibition series.

It will open as a battle of southpaws with Mickey Harris nominated to start for Marce Joe McCarthy's Red Sox and Warren Spahn listed as Billy Southworth's choice to open for the Tribe.

Wedding Rings Set With Gems

Wedding rings were set with gems during the Middle Ages and the Renaissance.

Safety Award To North Carolina

Chicago, April 13—(AP)—Massachusetts and Washington, D. C., today were named grand award winners in the National Safety Council's 1948 national traffic safety contest.

Five other states and 18 other cities won divisional honors in the annual nationwide competition in which all 48 states and 478 cities participated.

The top state award was the second won by Massachusetts, which previously held first position in 1937. It also was the second victory for Washington as the city most deserving of the grand award. It first won the award in 1946.

The winning state and city were selected for doing, in the opinion of the judges, the most that could be done practically for traffic safety. North Carolina won first place in the southern division. No second place was awarded.

Colored News

All members of F. T. A.-C. I. O. are asked to attend the regular membership meeting Thursday night, April 14, at 7:30 at the Hollins Church in New Town on Clark street. C. A. Simmons, chairman.

The public is invited to attend a teenage tea party at Mrs. Laura Bush's cafe Friday night, April 15, at 8 o'clock. Admission 25c.

We are all aware of the fact that our Lord and Saviour entered into Jerusalem on Palm Sunday. This week is known as the passion week of Christ. In keeping with the passion week, the superintendent of the Sycamore Hill Baptist Sunday school, Mr. W. D. Miller, will give a radio talk over WGTC Thursday

evening at 10:05. Subject, "The Crucified Lord." Be sure to hear the helpful talk.

There will be a barbecue luncheon given at Mrs. Laura Bush's cafe on W. 12th street Monday from 12 noon until 6 p. m. for the benefit of the Pastor's Aid club of Sycamore Hill Baptist Church. The public is invited to come and buy a plate at 75c per plate.

There will be no meeting of the club until further notice.

THERE OUGHTA BE A LAW!

On Murder's Skirts

By Terry Adler

Chapter 23

"What do we do now?" Ellen queried.

"Now we find out who else has borrowed the key from the janitor recently."

"Swell," she said. "You know, I really think we're getting somewhere."

"What's the name of the janitor?"

"His name is Al Vall and he doesn't have a phone. But I have his address on file in my office."

"Good. Let's get it and get out of here."

As they turned to go he flashed the light around the room for a last look. On the seat of the late professor's chair near his desk lay a small dark object. Raff went over and picked it up. He heard Ellen gasp and whirled around.

A circle of light flowed from a flashlight at the door.

"But, Miss Carter—it was a singing voice with a heavy accent—you have given me a fright. I thought it must be a burglar."

Raff's flashlight came up and the light caught the newcomer full in the face. He was slight of build with a very white face and a black mustache.

In his hand he held a syringe full of fluid.

"Dr. Verek!" Ellen exclaimed. "What are you doing here?"

"The very same question I was going to ask you," Verek laughed.

fifteen. He seemed very happy.

"Was he the only one here?"

"Yes. No, wait a minute. I think Bill Griffith was here, too. I did not look." Verek sighed. "What a tragedy. And he wasn't such an old man, either." He held out his hand to Raff. "Good night, Dr. Rafferty. We must come together some time. It will be good to talk of research."

Raff held out his hand and found he was still clutching the small dark object he had picked up from Hubbard's chair. It was a pen. He turned it in his hand. It bore the initials "H.F."

"Ah," said Verek. "You have found Dr. Fenton's pen. He will be most happy. He was looking for it this afternoon."

Absolutely Silent Room Too Much For Humans

Fort Monmouth, N. J., April 12—(AP)—Silence—dead, absolute silence. Have you ever wondered what it would be like?

Not the stillness of a quiet room, but no noise at all.

Take a tip from the Army Signal Corps engineers—it's no fun. They tried it and said they couldn't stand it.

The tests were made in a new "silent chamber" perfected by the Signal Corps to help reduce the noise of military equipment.

About 30 minutes of absolute silence was just about all anyone could stand. After 30 minutes the engineers became uneasy. After a few hours, the Army said, the dead silence produced "pronounced adverse psychology effects."

The room is used to measure the noise of field equipment. The Army said even a small electric generator in the field was enough to reveal the position of the soldier and endanger his life. Now engineers can find out just how much noise it makes and quiet it enough to prevent detection.

Signal Corps officials said the walls, floor and ceiling of the new chamber are covered with wedge-shaped hunks of fiberglass, pointing out into the room. The pieces are bound at the large ends to an electrostatic shield. The shield is grounded to remove any surplus energy. There is complete stillness in the room.

The Army said microphones, headphones, and loud-speakers are among the items being tested. Messages can be read from outside the room. All sounds are absorbed by the fiberglass wedges and turned into heat.

But the room wouldn't do for a radio station. Spokesmen said musical tones are flat, monotonous and very dull in an absolutely soundproofed room.

Kiwanis Minstrel Show Two Nights

By CHESTER WALSH

The Greenville Kiwanis Club's annual minstrel show for the benefit of the underprivileged child fund will be presented under direction of Eli Bloom at Austin auditorium at the college tonight at 8:15. The minstrel draws people here from a wide area of Eastern Carolina and about 20 members of the Smithfield Kiwanis Club will attend tonight.

The jokes have been streamlined and there are eight "end men" to provide some sparkling humor and comedy. The scene and lighting effects are better than ever. The Kiwanis chorus has some of the best voices in town. The dance numbers, with pretty girls and a boys' dancing specialty, and a dance by some talented small children, looking at them during rehearsal, will make a hit. The Kiwanis Quartet is singing new songs. The chorus will sing the old songs of the South. The orchestra of college boys, directed by Leon Jackson will provide sparkling music.

All seats are reserved. Tickets are on sale by members and at the office of J. Hicks Corey, 526 Dickinson Avenue, and at the door. The minstrel will be presented tonight and tomorrow night. President Arthur Tripp will make an important announcement at the opening of the show.

Money derived from the Kiwanis minstrel is used strictly for underprivileged children, to assist college students getting started in school, for crippled children and providing for hospitalization and treatment of underprivileged children.

Rites Thursday For Mrs. W. M. McArthur

Funeral services for Mrs. Beattie Starkey McArthur, 74, who died at her home near Bell Arthur early Tuesday morning, will be conducted at the home at 3 o'clock Thursday afternoon by her pastor, Rev. Key Taylor, Methodist minister of Walstonburg, and burial will be in Greenwood cemetery. Active pallbearers will be Marshall Starkey, H. L. Lewis, Jr., John Ervin Wilkerson, Mack Ervin, George Denmark, Charles P. Gaskins, Oscar White, and B. S. Warren Jr. Members of the Board of Stewards of the Bell Arthur Methodist Church will be

honorary pallbearers. Mrs. McArthur was born and reared in Pitt County and was married to W. M. McArthur, who died in 1937. She was a member of the Bell Arthur Methodist Church.

Surviving are seven sons: Stuart McArthur of Robersonville, Alvin, Dan, Lindsay, and Joe McArthur, all of Greenville, Robert McArthur of Clearwater, Florida, and Elbert McArthur of Kinston; four daughters: Mrs. John Koger and Miss Ethel McArthur of Clearwater, Florida, Miss Emma McArthur of Knoxville, Tenn., and Miss Annie McArthur of the home; 13 grandchildren; and a sister, Miss Emma Starkey of Kinston.

PLAYMATES—Little Kirsten Pedersen and Trumpa, an elk, study the weather from a window of the Pedersen home in Sandemar, Sweden. The animal lost its mother the day it was born, was adopted by Kirsten's parents and now plays with the children and follows them around like a dog.

HOW U. S. WORKER'S BUYING POWER HAS BOOMED

Airlift Kept Going By Replacements, Check-Up

Frankfurt, Germany—(AP)—It takes 888 engines to keep American airlift planes zooming through the corridors to Berlin. Air force maintenance crews work on a 24-hour-a-day seven days a week schedule. During January they made four engine changes a day on airlift planes. It takes nearly two days to install a new engine. Each weighs roughly 2,400 pounds.

The average life on an engine is 192 trips to Berlin. The grind of three day flights to Berlin quickly wears out engines—and many other parts. But as a part wears out it is replaced. So the planes do not wear out as your automobile wears out.

Air Force officials say not a single airlift plane has been scrapped—except those which have crashed—during the grueling months of supplying Berlin with food and fuel.

An airlift plane plods through the corridors to the former German capital for about four months before it is shuttled back to the U. S. for overhaul. It flies an average of eight hours a day. Some days it will be in the air 12 or 14 hours. And some days it will squat on the ground for overhaul. The pilots and crew inspect each plane daily for defects. After about 12 trips to and from Berlin it gets what the Air Force calls a 50-hour inspection. About 150 items on the plane are checked.

Up In Arms . . .

(Continued from page one) go on short rations rather than experiment with corn meal.

Now the issue has to be fought out again. I suspect that if John Bull would give corn products a good trial we should find him liking them. Some of the best corn bread and muffins I ever have eaten are made

by an English gal. That's my wife. Actually it isn't strange that England isn't familiar with the ways of preparing corn (maize, they call it) for the table. It's too cold in Britain to grow maize, and what little they have imported has been for pigs and poultry. The same is true of other cold countries of Europe, but there are parts of the continent where great quantities of maize are grown.

Romania is one of the big corn-growing countries and I have seen fields of maize there so extensive that they reminded me of the American corn belt. Corn is a major crop in Bulgaria, too. And in the great market-place of the ancient city of Philippopolis I have seen hundreds of peasant munching corn-on-the-cob, even as you and I.

So, given time, England may get accustomed to corn and like it.

More About . . .

(Continued from page one) was defeated—for the time being, anyway.

So, besides talking for days on the Marshall plan itself, the senate talked for days on the amendments.

It was different in the house. There amendments were offered, too, but on some of them each Congressman who wanted to speak was limited to about 50 seconds.

But even after all the talk in both houses, the last word hasn't been said on the Marshall plan.

For all both houses did was approve letting the Marshall plan continue for another year. But—and this is important—it hasn't voted any money to keep it going.

It will get around to voting on the money in a few weeks. That will certainly mean more senate debate and more proposals to cut down the money for it. The house, of course, will do a quicker job.

N. Y. Cotton

New York, April 13—(AP)—Cotton futures opened 25 to 30 cents a bale higher.

Noon prices were unchanged to 40 cents a bale higher than the previous close. May 32.72, July 31.90 and October 28.92.
