

Strike At Ford Starts At Noon; 65,000 Walk Out

Assembly Lines Stop; Over 100,000 Workers To Feel Pinch In Nine Days

Detroit, May 5 (AP)—Ford Motor Co. was hit by the second major strike in its history today as 65,000 Union members walked out at noon (EST).

Final, desperate peace talks, pressed right up to the deadline, failed to settle a dispute over speed of production.

Some 62,000 shouting workers streamed out the gates of the big Rouge plant. At the Lincoln-Mercury plant, another 3,000 left their jobs.

Assembly lines, whose speed had been the subject of wrangling for months, ground to a stop.

And so, Ford was hit by the first major walkout since the bloody 10-day battle in 1941 when the UAW-CIO first gained recognition.

Within nine days, the company said, the strike would tie up most of the worldwide industrial empire and hit 106,000 production workers.

Despite the walkout peace talks between top ranking union and company representatives continued beyond the noon strike deadline.

There still was no sign of a settlement, but the fact that talks were continuing left the door open for a quick agreement.

The talks were taking place several miles from the plants.

Ford vice president John S. Bugas reported several minutes after noon that there was "no hope of a settlement in sight." A similar report came from a top union negotiator.

President Walter Reuther of the UAW entered negotiations today for the first time. He and the company, however, could find no basis for agreement on his final proposal.

Strikers' soup kitchens were made ready and picketing instructions were issued, according to a UAW spokesman.

The spokesman also said that the Union had told Rouge Blast furnace operators to let their fires go out gradually and that Union members had been warned not to harm company property.

In the course of the night Unionists were reported fitting up strike banners and signs and laying plans for a demonstration at the factory gates.

Management, preparing for "any eventuality," began removing records late yesterday. It ceased this, however, upon Union assurance that the administration building would not be picketed and that employees there would be permitted to work.

Teams of company and Union negotiators met for three hours yesterday afternoon and for two and a half hours last night.

Neither side commented at the recess. At the conclusion of the night session a company spokesman said "nothing was settled."

Animals Entered In Rocky Mount Fat Stock Show

Six Pitt county 4-H club boys and three Pitt county farmers have animals entered in the Rocky Mount fat stock show which was held yesterday and today in the Edgecombe town.

Five of the Pitt county stock growers entered hogs in the show and one entered a beef calf.

Representing Pitt county at the stock show are Joseph Hathaway of Belvoir, Charles Hagan of Belvoir, Milton Spain of Belvoir, William Harris of Belvoir, Robert Thomas, Jimmy Singleton of Farmville, C. H. Carraway of Farmville, Joe Moya, Jr. of Farmville, and James Taylor of Farmville.

Soviet Goal The Same

Remember, Just Because You Change Your Tactics Does Not Mean You've Changed Your Mind About What You Want; Keep Fingers Crossed On Future Actions

By JAMES MARLOW

Washington, May 5 (AP)—When you change your tactics, it doesn't mean you've changed your mind about what you want. Maybe you've just changed your way of trying to get it.

Just keep that in the top of your head in the months, and maybe years, ahead as new dealings begin between Russia on one side and this country and the other Western democracies on the other.

With the lifting of the Berlin blockade, it's clear the Russians have lost a battle in the cold war—but not necessarily the war. The Berlin blockade was just part of a big engagement.

So hold your breath and your hats, keep your fingers crossed, don't build your hopes high, and wait and see what happens.

The Communists made it plain long ago that their goal is to take over the world. Nothing has happened to indicate they've changed their mind. If they shift their tactics, it doesn't mean their goal has changed.

They've taken over Eastern Europe and, remembering what their goal is, you don't have to be a

Shanghai Guardsmen On Watch For Reds

Members of Shanghai's crack police force, armed with rifles and machine guns, scan the horizon for Communist troops from the roof of Broadway Mansion on the Bund. At the time, there was no sign of approaching Reds but the rumble of artillery was heard to the northwest of Shanghai. (AP Wirephoto via radio from Shanghai).

Communists Of China, Burma And North Korea Form Alliance

Action Announced As Part Of Joint Struggle Against American And British Imperialism; Reds Continue China Drive

Shanghai, May 5 (AP)—Chinese Communists have joined in a Russian-blessed alliance with North Korean and Burmese Reds, the official Chinese Central News Agency said today.

The Communist action was announced as part of "the joint struggle against American and British imperialism," the Nationalist agency said.

If true, the "mutual defense pact" would stretch a 3,500-mile Red arc from the Sea of Japan to the Indian Ocean—an arc encompassing hundreds of millions of people. There was no confirmation of the pact from other sources, however.

Chinese Red armies, meanwhile, slashed across south central China, with these developments reported:

1. As government forces prepared to yield Hankow, shakly central China fortress-city, a Red offensive posed a sharpening threat to their escape route.

2. Formosa sources reported the return of Generalissimo Chiang Kai-shek from Red-encircled Shanghai to that big island haven. By contrast,

Destructive Fire Here Last Night

Perkins Lumber Co. Mill Blaze Near \$15,000 Damage

Fire believed to have been caused by a defective electric wire destroyed the boiler room at the Perkins Lumber Company's mill, 14th and Evans streets, about 2 a.m. today.

The three boilers and the brick walls were all that remained of the building today. Assistant Fire Chief Jasper Jones estimated the damage at between \$10,000 and \$15,000.

The firemen subdued the flames in about two hours.

The assistant chief said the department was called in time to confine the fire to the boiler room and prevent its spreading to the lumber yard. He said the brick walls helped to prevent the flames from spreading.

'Slow Boat' Sunk

London, May 5 (AP)—The British broadcasting Corporation sank the "slow boat" to China today.

BBC ruled the tune off the air "for the time being, in deference to the families of British sailors who were killed in the recent Yangtze River incidents."

First word of the ban came when Larry Adler, American harmonica player, was told he would not be permitted to include the song in a medley he had scheduled for a broadcast Saturday.

Advices Business To Limit Growth

Washington, May 5 (AP)—Senator Flanders (R-Vt.) told businessmen today that "voluntary limits" should be imposed on the growth of great corporations.

In an address prepared for the final session of the United States Chamber of Commerce annual meeting, Flanders said that while the people are "well-armed" against monopolies, there are other dangers in the "unrestricted trend toward great economic empires."

He indicated a belief that major damage still is suffered by small business as a result of this trend.

The breaking up of Standard Oil Co. holdings by the Supreme Court years ago "apparently did no harm to the investors and no harm to the public as purchasers," he said.

"In fact, it may, I believe, be fairly argued that nothing but good results have followed from it."

Bigness in labor and bigness in government also came under fire in a 37th annual meeting drew toward a close.

The attack on "government growth, government power, and the spending and taxing that go with it" was launched by Everett M. Dirksen, former Republican member of the House from Illinois, while former New Deal official Donald R. Richberg held that labor has demonstrated its "irresponsible ill-formed, incompetence to exercise the great powers that are inherent in its big organization."

Predict Further Easing In Living Costs Lie Ahead

Washington, May 5 (AP)—President Truman's top economic adviser forecast today "a further easing" of the cost of living.

Dr. Edwin G. Nourse, chairman of the Council of Economic Advisors said "We are still in a period of healthy disinflation."

Nourse and fellow members of the council called at the White House to give their monthly report to Mr. Truman on the economic picture.

The written report to the President was not made public, but Nourse told reporters some of the main points in it. He said:

"I expect some further easing in the cost of living."

Nourse said the cost of living in March was 3.2 per cent under the peak of August 1948 but that there was a slight although not important upturn in April.

Measles Cases For April Rise

Raleigh, N. C., May 5 (AP)—About 4,266 cases of measles—an above average number—were reported in the state during April.

However, Dr. Charles P. Stevick of the state board of health said there is no cause for alarm. He said an increased incidence of the disease is expected about every other year.

Urge Admission Of Israel In UN

New York, May 5 (AP)—New appeals for admission of Israel to the United Nations topped a day-long round of celebrations yesterday of the new Jewish nation's first anniversary.

The appeal was voiced by a half dozen speakers, including Gov. Thomas E. Dewey, who joined Israel's president, Dr. Chaim Weizmann, in tracing Israel's first-year achievements and her needs and hopes for the future.

They spoke before some 2,000 persons at a dinner at the Waldorf-Astoria Hotel, following an afternoon outdoor rally that drew a surging, cheering throng of 150,000 to Madison Square Park.

A dozen persons were injured in the crush, three requiring medical treatment.

Another overflow crowd jammed Carnegie Hall last night for a third gathering celebrating Israel's independence day.

From Washington, President Truman sent an "independence anniversary" message, expressing "heartiest congratulations and sincere good wishes" to Dr. Weizmann and the "people of Israel."

Weizmann replied, saying "The people of Israel will never forget America's help leading toward formation of the new state."

Among the day's speakers were U. S. Senators Henry Cabot Lodge Jr. (R-Mass) and Paul H. Douglas (D-Ill.), Mayor William O'Dwyer and Dr. Abba Hillel Silver, head of the Zionist Emergency Council. All of them called for Israel's admission to the U. N.

RESIGN IN PROTEST

Chattanooga, Tenn., May 5 (AP)—Several members resigned from the Olive Street Baptist church last night after the Rev. Robert Linkous, an acknowledged member of the Ku Klux Klan, was re-elected pastor.

C. R. Tolar Appointed New Head Of Highway Patrol

Raleigh, May 5 (AP)—Motor Vehicles Commissioner L. C. Rosser announced today appointment of C. R. Tolar as commander of the State Highway Patrol.

Rosser said the appointment was made with the approval of Governor Scott.

Tolar, who is 39, will be sworn in as patrol commander tomorrow. He will have the rank of colonel.

He succeeds H. J. Hatcher who resigned a day before Scott was sworn in as governor.

Two Scotland Neck officers last week swore in an affidavit that they cited Tolar on a speeding charge last November and that Tolar told them they should not arrest him because he was going to be commander of the State Highway Patrol.

Tolar said today he had "no comment" to make on the statement by the officers. He also said he had not discussed the matter with Governor Scott.

He called attention to a statement made by Fred Bixon of Raleigh that he was present at the time and did not hear Tolar make any remarks.

Tolar, a native of Robeson County, is a Raleigh automobile dealer. He attended N. C. State College and was a strong Scott supporter in the gubernatorial campaign last year.

Charges Russian Offer Kept From U. S. Public

Washington, May 5 (AP)—Henry A. Wallace declared today that a Russian offer on March 21 to lift the Berlin blockade was deliberately withheld from the public because the State Department feared it might block the North Atlantic pact.

He said the State Department held up news of the Russian "concession" for over a month "because it explodes the myth on which the North Atlantic pact is based and destroys the basis on which it is being sold to the American people."

Wallace, former vice president and now head of the Progressive party, was one of seven witnesses scheduled to testify before the Senate Foreign Relations Committee today to argue against the 12-nation defense alliance.

The committee is laying the groundwork for a vote on the treaty

Greater Battle For All Germany Now Faces West

Winners In Berlin Must Now Gird For New Victory To Break Iron Curtain

Berlin, May 5 (AP)—The western powers, victorious in the cold battle for Berlin, come now to the greater struggle for all of Germany.

Many international observers here believe that a victory for the westerners in this struggle would shatter the Russians' iron curtain. Eastern Europe traditionally depends heavily on Germany for the supplies it needs—supplies which it is doubtful Russia alone can provide.

Russia's failure to attain her goal of getting the western powers from Berlin with the blockade obviously spells a western victory in the Berlin phase.

The next phase will open with the forthcoming four-power meetings in Paris, called in connection with the agreement announced in New York yesterday to end the blockades and seek a settlement of the whole German problem.

Top American officials in Germany expect the Russians, at the Paris meetings, will shift from a policy of obstruction to one of feigned, limited cooperation, designed to give them the strongest possible voice in a central German government merging the eastern and western zones.

These officials predict the Soviet bargainers will make certain concessions, even to the point allowing satellite nations to seek renewed economic ties with the west to relieve economic distress before they become too restive.

Russia, these Americans believe, realize her get-tough policy with the

(Continued on page eight)

Governor Again Questions Prices Asks 9 Oil Companies To Explain Gasoline Price Hike

Raleigh, N. C., May 5 (AP)—Governor Scott today made public a telegram he has sent presidents of nine oil companies asking them why they recently followed the lead of Esso Standard Oil Company in boosting the price of gasoline in North Carolina.

The governor said his telegram went to presidents of the following companies: Atlantic Refining, Cities Services, Gulf, Sinclair, Shell, Soccony Vacuum, Texas, Pure and American.

The telegram follows: "Several days ago I wired the Esso Standard Oil Company requesting they advise why they raised the price of gasoline in this area in the face of the largest net earnings in the history of their companies, and I would like an answer to the following questions:

"1. Why did your company immediately follow the lead of Standard Oil in raising the price of gasoline?"

"2. Was this action the result of a secret agreement among oil companies to manipulate price changes practically in concert?"

"3. Did you provide in your price raise any additional margin of profit for your jobbers and dealers?"

"I would like an answer at your earliest convenience."

Berlin Blockade To End On May 12; Ministers To Meet

Chart New Plans In Labor Law Battles

Public Predictions Of Victory In Both Camps Fighting Over T-H Law; Private Comments Are More Restrained

Washington, May 5 (AP)—Labor legislation strategists in both branches of Congress charted new battle plans today even as the smoke of the hectic house scrap still swirled.

Public predictions of final victory came from both camps—that is, from (1) those who want to get rid of the Taft-Hartley law, and (2) those who want to keep most of it.

But there was a note of restraint—even gloom—in the private comments of some legislators.

This is the situation: In the House, the Wood bill to keep much of the T-H law on the books is back in the labor committee—fired there yesterday by a narrow-squeak vote of 212 to 209. The house sent the measure back to the committee for further study and hence reversed its acceptance of the bill on Tuesday, 217 to 203.

Yesterday's surprise action means there is no labor bill before the house at present, and the Taft-Hartley law still stands. It also means the Truman administration can launch another drive, starting in the labor committee, for house approval of its Taft-Hartley repeal bill—which got no place in this week's debate. However, the indications are

Democratic leaders will concentrate instead of a compromise measure which would keep some of the T-H provisions.

In the senate, the opening of labor legislation debate still appears to be about a month in the future. GOP Senators Taft (Ohio), Smith (N.J.) and Donnell (Mo.) all members of the Senate labor committee—introduced a new labor bill which Taft told the senate would "retain the best features of the Taft-Hartley law."

The administration's Thomas-Lesinski bill would junk the T-H law and replace it with a modified version of the old Wagner act.

The Taft-Smith-Donnell measure, actually in the form of five big amendments to the administration bill, would repeal the Taft-Hartley law in name, then re-enact much of it.

The North Carolina Supreme Court yesterday ruled that \$250,000 of bonds voted for by the people of Greenville in 1940 for school improvement program are valid and may be issued by the city.

The ruling was handed down in the case of J. C. Waldron and others vs. M. Brown Hodges, et al., which was a friendly suit filed in March to determine whether the bonds passed by a vote of the people of the Greenville school district in 1940 still could be issued without another vote on the matter.

J. H. Rose, superintendent of city schools, said today the city school board will meet tomorrow to sign contracts for the construction of an eight classroom Negro elementary school on which construction has been delayed pending the decision by the Supreme court.

Low bids for the construction of the building, accepted by the school board in April, totaled \$76,519. Work on the project will begin as soon as possible, Rose said.

The new elementary school is to be located on a 14 acre plot of land owned by the city in the Cooperfield section of Greenville. In addition to the eight class rooms, plans of the building call for an auditorium, office, and lunchroom and kitchen.

Waynick Pleased By Nomination Welcomes Opportunity To Be Ambassador To Nicaragua

Raleigh, May 5 (AP)—State Democratic Chairman Caspus Waynick, 59, was nominated by President Truman yesterday as ambassador to Nicaragua.

The President already has sent Waynick's name to the Senate for confirmation.

If the appointment is confirmed by the Senate, Waynick said he would resign as chairman of the State Democratic Executive Committee. He was elected last August succeeding Wilkins P. Norton of Pittsboro.

His successor will be named by the executive committee which usually follows wishes of the governor.

Waynick, who speaks Spanish fluently, said he welcomed the opportunity to take the Central American post.

"I have a great admiration for the culture of our Latin American neighbors and some knowledge of their interesting history," he said. "The Nicaraguan assignment is particularly pleasant for me."

Waynick served as an associate manager of Governor Scott's campaign for the Democratic nomination for governor.

Waynick, who has lived in Raleigh for 13 of the past 15 years was mentioned as a possible U. S. senator following the recent death of Senator J. Melville Broughton. The post eventually was given to Dr. Frank P. Graham, then president of the Great University of North Carolina.

Columbus County Asks ABC Vote

Whiteville, N. C., May 5 (AP)—An ABC store election on a countywide basis has been requested by the Columbus county board of commissioners. The request was transmitted to the board of elections.

The legislature authorized 18 cities and towns in the state to hold liquor store elections, but the bills provided that municipal elections could not be held if a countywide election is called within 60 days after ratification of the acts.

Sears Opens New Charlotte Store

Charlotte, N. C., May 5 (AP)—Sears, Roebuck and Co. opened a huge new store here today. An official estimated property and building costs at \$3,000,000. The establishment, with parking facilities, covers two city blocks.

It is situated on North Tryon Street six blocks north of Charlotte's business hub, Independence Square. The store employs more than 750 workers.

Rudisill Said On Appointee List

Raleigh, May 5 (AP)—Sources close to Governor Scott said today that J. C. Rudisill of Newton had been appointed a Superior Court judge.

Formal announcement of the appointment is expected from the governor's office during the day.

The new judge will fill the vacancy left by the resignation of Judge Wilson Warlick, who stepped down as resident judge of the 16th judicial district to become a federal judge.

Counter Blockade Of Soviet Zone To End Simultaneously; Clay Says Airlift To Continue Build Up Emergency Back-Log

Washington, May 5 (AP)—The Russian blockade of Berlin will be lifted May 12 under a Big Four agreement announced today.

The "Western powers" counter blockade of the Soviet zone of Germany will be ended at the same time.

The Council of Foreign Ministers will meet in Paris May 23 "to consider questions relating to Germany, and problems arising out of the situation in Berlin, including also the question of currency in Berlin."

The four power communique, climaxing more than two months of intense negotiation, was issued simultaneously in Moscow, London, Paris and Washington—as well as in New York where the Berlin deal was worked out at the headquarters of the United Nations.

The document was an extraordinary display of harmony after more than a year of tension and conflict—sometimes marked by fears of actual war.

At the same hour the brief statement was made public, a copy was handed to Trygve Lie, United Nations secretary general.

Lie also was given a letter from the Western powers asking him to advise the U. N. Security Council "that a settlement has been reached among the four powers regarding the blockade."

The official statement itself marks the beginning of the end of one of the most critical situations in the postwar struggle between Russia and the Western powers.

It will require the full week from now to May 12 to make the complicated arrangements for restoring normal rail, highway and barge traffic between Germany's first city and the Western occupation zones.

But while the desperate necessity for the airlift now will be at an end, officials made plain they have no intention of abandoning it either suddenly or completely.

In Berlin, the retiring American military governor, Gen. Lucius D. Clay, said he expects the aerial operation to continue until the Western sector of the German capital has a stockpile of at least 200,000 tons of supplies. That would mean about one month.

Even then, the planes and men in all probability will be kept under standby orders.

Washington officials regard the continued operation of the airlift as a sort of insurance against the possibility that if the approaching negotiations for a settlement of broader German problems become difficult, the Russians might be tempted to restore the blockade.

Actually, best informed authorities consider this possibility remote because they believe the Russians have suffered a first class defeat in the Battle for Berlin. Thus they reason that this defeat rather than any impulsive desire to adopt conciliatory gestures toward the West, prompted the Soviet agreement announced today.

The blockade first was imposed more than a year ago and since the middle of last summer the restrictions have been as complete as the Russians could make them. The Soviet purposes were regarded by the Western Allies up to that, to drive the German economy into a state of collapse.

The Soviets would have succeeded in precipitating a war—had it not been for the success of the airlift operation.

REBUKES HENRY Washington, May 5 (AP)—Senator Vandenberg (R-Mich.) rebuked Henry Wallace to his face today for insisting before the world "that your country is imperialistic in attitude and objectives."

Where To Stop Reds

Why Dulles Warns War 'Highly Probable' If U. S. Does Not Ratify Atlantic Pact; A Hypothetical Situation; A Different World Situation From Last Year

By DeWITT MacKENZIE

John Foster Dulles told the Senate Foreign Relations Committee yesterday that "war is highly probable" if the United States doesn't ratify the North Atlantic treaty.

That's a mighty blunt statement to come from the American delegate to the United Nations. It challenges analysts. Why would war be highly probable?

Without trying to read Mr. Dulles' mind, I believe we can get our answer by going back to a hypothetical situation which this column discussed long ago. This is that if Russia should be able to establish communism across western Europe to the English channel, another world war would be inevitable.

America and Britain then would stand alone among the great powers against the Bolshevik drive.

The corollary to this hypothetical situation is that, if it is to be avoided, the communist offensive must be held on the line which it now occupies through central Europe. The only thing which will hold it there is a strong and united western Europe.

Since time is of the essence, that

unity and strength can be provided only through some such alliance as the Atlantic pact.

That would be my explanation. Mr. Dulles told the committee it is dealing with a totally different world situation now than it was a year ago. Then the pact was only being discussed but now it has been formally signed. To repudiate it now, he said, would indicate a change in America's viewpoint and this would make other countries change their plans.

"Out of that," Dulles added, "would come a war."

While this testimony was being given, Russia and the three western powers got together in New York and agreed to lift the Berlin blockade and counter blockade measures. They further agreed to resume meetings of the long dormant big four foreign ministers' council.

The blockade are expected to be lifted May 12 and the foreign ministers are scheduled to assemble May 23.

While this in itself doesn't mean either peace on earth or good will

French "Thank You" Train Paintings In Local Art Gallery

On Saturday, May 7th, an exhibit selected from the many gifts that came in the North Carolina car of the French "Merci Train" will open in the local Art Gallery on the second floor of Sheppard Memorial Library and will be on display for the month of May.

The exhibition is made up of more than half a hundred oils, watercolors, prints, engravings, etchings and photographs sent by the people of France to the people of North Carolina. Many of the gifts show careful thought on the part of the donors, as for instance, the framed facsimile of the page on which the word, "America" was first suggested as a name for the new world; or the portrait bust of Count de Grasse, admiral with the French Fleet at Yorktown. In some cases the artists sent their own work; in others, paintings or prints were purchased or given from family collections. There is an engraving sent by the Louvre Museum; an oil from the City of Paris, a small portrait of Sarah Bernhardt—mentioned only a few. With some came personal greetings: a mother who lost a son in the recent war sent treasured war medals; a police officer sent copies of sheet music of his own composition to the police of North Carolina. A number of items are included from the "Comity France-Amerique of Strasbourg"—There are written expressions of gratitude similar to that of the artists who sent a painting, saying: "Through the train of French gratitude, our thanks to you for the many things you brought us since the days were dark for our country. We continually felt America's heart beating beside us."

The public is cordially invited to visit the exhibit. School children and French classes have a special invitation. On Tuesday, May 10, at 3 o'clock Mrs. Robert L. Humber will give a gallery talk.

The average adult male brain weighs 49 ounces and the average adult female brain weighs 44 ounces.

Hit-And-Run Driver Injures Small Boy Playing In Street

An unknown hit-and-run automobile driver struck and painfully injured Austin Johnson, 12-year-old Negro boy, while playing in the street here last night. The injured lad was taken to a hospital for treatment. Police quoted Henry Station, motorist, who was going east on Fleming Street, as saying that the hit-run car struck the boy while passing him. He took him to the hospital. Police had information that Johnson and Noah Langley were wrestling in the street when the accident occurred. Johnson was injured about the head and bruised. Police are continuing their investigation.

Funeral Services For Robbie W. Dail

Robbie W. Dail, 33, owner of Dail's Hatchery in Ayden, died Wednesday morning at 6:30 o'clock in a Richmond, Va., hospital after four days' critical illness. Funeral services will be conducted in the Free Will Baptist Church in Ayden Friday afternoon at 4 o'clock by Rev. J. C. Moxe, Free Will Baptist minister of Snow Hill, assisted by Elder J. B. Roberts, Primitive Baptist minister of Farmville. Burial will be in the Ayden cemetery. The body will be carried to the church one hour prior to the time of services.

Mr. Dail, son of Mr. and Mrs. George Dail of Winterville, was born and reared near Winterville and attended the Ayden schools graduating in 1932. He attended North Carolina State College for one year and graduated from Richmond Business College in 1936. Mr. Dail had worked in Tarboro with Jimmie Spiers Hatchery and with the Farmer's Mutual Exchange at Williamston and Greenville, later going in the hatchery business for himself in 1940. He was a member

of Bethany Free Will Baptist Church and a member of the Ayden Rotary Club. He was president of North Carolina Hatchery Association.

Pitt FHA Holds Rally On May 13

The Pitt county Future Homemakers of America will hold their annual county rally, Thursday May 12, at Whichards Beach. Seven schools from the county will be present for the rally which will feature the election of the officers for the next year.

Two Greenville high school girls, Pat Simpson and Margie Tripp are running for county secretary. Serving as the campaign managers for the candidates are Anne Cahoon and Elenor Alphin and Louise Batson respectively.

About 30 students from Greenville high school will attend the meeting which will start at 4:00 and last until 9:30, with a picnic lunch, election of officers, and swimming as part of the program.

Mrs. Edna B. James, teacher of home economics, serves as the sponsor for the local F. H. A. club. The president of the club is Anne Cahoon.

The seven clubs from Pitt county which will take part in the county rally are, Chicod, Farmville, Bethel, Ayden, Winterville, Grimesland, and Greenville.

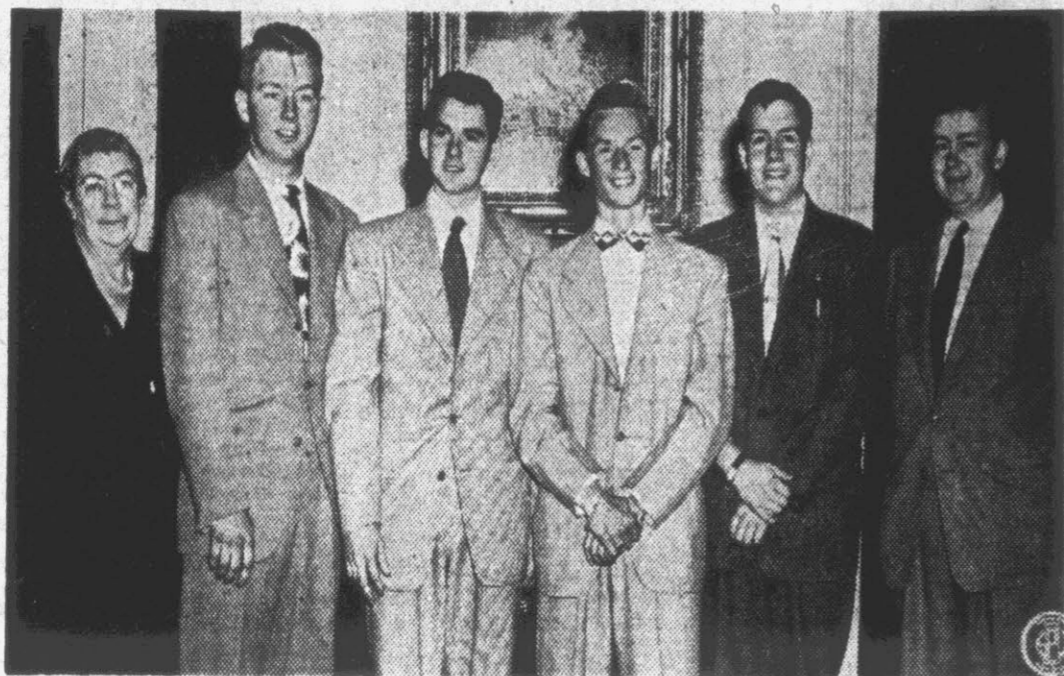

Recently the Greenville F. H. A. sent delegates to the state Future Homemakers of America meeting held in Raleigh.

ED WILLIFORD WILL BE HOST AT SUPPER MEETING

The Greenville Kiwanis Club's officers and directors will hold a monthly meeting at the American Legion Home, 621 Evans street, Monday night, May 9, at 7 o'clock. Edgar H. Williford, member of the Board of Directors, will be host to the group at supper. It is an old Kiwanis custom for an officer or director to entertain officers and directors at supper at business meetings. President Arthur Tripp will preside.

Most common of all home repair work is painting, the report showed. Either the exterior or some room of the interior is painted in about a third of all U. S. homes in every average year.

High School Debate Finalists

Here are the finalists and their coaches in the statewide high school debating contest held at the University of North Carolina. They emerged from the semi-finals and competed against each other in the last lap of the championship. Roxboro, the winner, was presented the Aycock Memorial cup by the University's intercollegiate debaters. Left to right: Mrs. A. F. Nichols, Roxboro coach; James Ramsey and Jack Weatherston, Roxboro negative debating team, and Rodney Fulcher and Frederick Brooks, Jr., Greenville, affirmative debaters, and their coach, R. B. Starling.

Rescuers Desperately Work In Shifts To Save Trapped Miners

Byrnes To Give Berlin Reaction

Spartanburg, S.C., May 5—(AP)—Former Secretary of State James Byrnes left today for Charleston, where he will address the South Carolina Bar Association tonight.

Byrnes will give his reaction to the lifting of the Berlin blockade by the Soviet government. He also will review his efforts as secretary to negotiate a German peace treaty, and will reveal some yet undisclosed Soviet demands which he believes will confront the Paris council meeting May 23.

AWOL Soldier Held In Slaying

Hartford, Conn., May 5—(AP)—Police Chief Michael A. Godfrey announced today the arrest of a soldier who, he said, had admitted the slaying of Miss Emma B. Flynn in a Hartford downtown hotel.

Godfrey identified the soldier as Robert Gunning, 23, who, he reported, is AWOL from the 82nd Airborne Division at Fort Bragg, N.C. Gunning was arrested at his Heath Street home here early today and when picked up, according to Godfrey, was wearing a bloody shirt.

Girardville, Pa., May 5—(AP)—

Miners working in squads of three began a desperate race today to build an air duct toward four men trapped deep in a burning anthracite mine.

There has been no sign or sound from the men since the fire was discovered shortly before Tuesday midnight. At that time they were 800 or more feet below the surface. Nevertheless their friends and families above ground clung to the hope that the men had sealed off a chamber from the smoke and gas and were out of the reach of water rising after a breakdown of the pumping system.

The rescue workers, wearing gas masks, were in dangerous carbon monoxide gas as they were lowered below the surface. Repeated efforts to send men wearing masks and fireproof asbestos suits into the mine had failed because of smoke and heat.

The operations plan was to divide the shaft into two sections. A huge fan was being rushed to the mine to blow fresh air down one side. The other side would carry to the surface smoke and gases forced out by the good air.

While two of the men worked as fast as possible with hammer and saw, the third aimed a light on the work scene and kept careful watch on a device measuring the percentage of gas in the atmosphere.

Meanwhile other workers strove to improve the mine ventilating system. Installing pumps at air ducts scattered through the nearby hills. Compressors pumped air under pressure into the shaft and ventilating fans were in operation in the effort to clear away smoke and fumes.

A night force of eight men was in the shaft—the No. 5 colliery of the Gilberton Coal Company—when fire broke out Tuesday night. Four miners managed to reach the surface, although partially overcome by smoke and gases.

Elaborate Dance Revue Tonight And Tomorrow

BY CHESTER WALSH

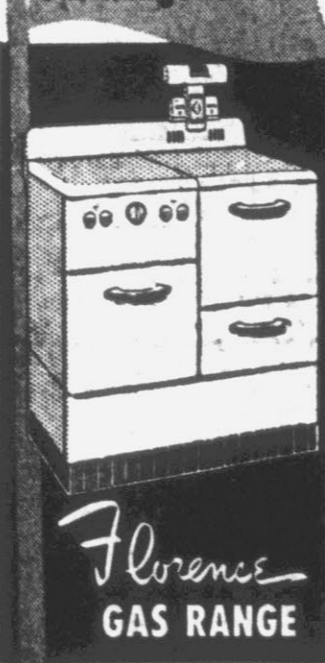

Marie Smith Wallace's School of the Dance will present at Austin auditorium at the college tonight and tomorrow night one of the most elaborate dance revue programs ever presented in Greenville. The show starts at 8:15.

A preview of rehearsals indicates that the show is going to be great. More than 100 dancers will participate and they will wear during the show more than 400 costumes. Christine Smith, accompanist at Kiwanis minstrel shows, will provide the music for the sparkling dance numbers, which will include ballroom, tap, toe and acrobatic dancing. The costumes are elaborate, the specialty individual and group numbers are original and unique. The lighting effects are spectacular. All of the participating dancers are students of Marie's School of the Dance.

The Junior Woman's Club is sponsoring the event. Proceeds will be for the benefit of the Dr. Watson Fund for the children's wing at Pitt General Hospital.

Tickets are on sale downtown today and will be on sale at the door tonight. All seats are reserved.

Strength FOR THE DAY

NO BE USED WITH CARE
It is over a good thing to take a vow?

There are some who say no. To do so, they maintain, indicates that we do not have will power enough to make ourselves do what is right unless we are bolstered up by much solemn swearing. They point out furthermore that oaths, like good resolutions, are easily broken, and when once a person has vowed to do a thing and has not done it, his character is seriously impaired.

But there are others who maintain that there is nothing which supports one in a course of right action so effectively as to make a public avowal of the course of action he intends to take. By so doing he puts himself on record. Not only is he supported thereafter by a sense of pride, but those who have taken vows and found it beneficial to do so declare that the solemn declaration to do a thing, either privately or publicly made, releases unlimited powers within one which contribute to its ultimate achievement.

A vow is a very solemn thing, and what the Book of Common Prayer says about marriage holds good in the case of all solemnly taken vows. They are not to be entered into unadvisedly or lightly; but reverently, discreetly, soberly, and in the fear of God. When they are, they frequently constitute powerful support in the achieving of good ends.

and continuing engineering staff.

MAGNITUDE — Waynick added another interesting item. He says North Carolina has more than ten percent of all the public roads in the United States under full state control. There are approximately three million miles of roads in the country, 400,000 of them under state control, of which North Carolina has about 65,000 miles.

FAST — The new highway commission cannot really buckle down to the big job until result of the June 4 bond election is known. The new ports authority must get busy quick and work fast. The act issuing seven and a half million dollars in bonds for port development provides that the bonds must be printed, sold, signed and delivered by July 1. That was the reason given by Governor Scott for speeding up these appointments ahead of some others past due. The ports folks will have a busy seven weeks getting ready to start their development projects.

Somebody Told Me...
By I. J. (JACK) EDWARDS, JR.

Many years ago there was a man by the name of Soales who would n't take "girl" for an answer, and because of that man's determination Greenville is a different town today. The difference is that our population is one greater than it would have been—Walter Morehead Soales, Jr., otherwise known as "Booger," "Skillet," "Walty" or "that insurance salesman was here looking for you."

That name is no accident. Booger's grandfather had eight girls and was still waiting for a boy when W. M. Senior was born. Therefore, the boy was named Walterstill.

Booger can be called one of Greenville's colorful characters, and one of the city's most ardent sports enthusiasts. I asked him to give me, in black and white, one man's observations on the 1949 Greenville baseball team, which follows:

"Although Bert Mose's fine column 'Diamond Dust' is devoted entirely to sports and gives the Reflector readers a very adequate coverage of the local baseball picture, I would like to say a word about our fine team.

For years Greenville has been one of, if not the hottest, baseball towns in the Coastal Plain League, if not the entire state. But baseball fans (with the exception of a few die-hards) are like any other enthusiast—they like for their teams to possess fight and spirit, even if their ways are not winning.

"For the past three years at the first of the season, despite the fact that the Greenvilles were going nowhere fast, countless fans poured through the turnpikes to a tune that kept Mr. Guy Smith spilling from ear to ear. But after a few weeks the fans sensed the listless type of ball being played, and the crowd stayed away in droves.

"Three years running the Greenville club was the doormat of the town, was done by her two aids—Emanuel T. Spier and Arthur Cavasani.

"They have been with my husband and me so long they are almost like sons," she said.

"Those in the industry say, however, that Mrs. Crocetti is a shrewd and capable executive who knows every detail of the contracting.

"One of the biggest problems is to keep the tilesetters happy," she said. "They are skilled craftsmen, and they are as temperamental as any artist."

"They work in teams—a tilesetter and his helper. And we call them 'husband and wife.' A good team is something like a happy marriage. They want to stay together.

"But if the team quarrels and the two men don't work well with each other—well, one of them has to take a trip to Reno."

About 75 per cent of the tilesetters are of Italian descent. Many have been with the firm since its founding, and Mrs. Crocetti keeps in close touch with their families—their births, marriages, sicknesses.

"Often they want me to advise them on what their sons should study in school," she laughed.

Mrs. Crocetti has soft brown eyes and graying hair. She looks more like a motherly housewife than a career woman. And she likes that. She still writes a column of home advice for an Italian paper here. She also has written a cook book and has 1,500 recipes—all of which she tested in her own kitchen.

"Right now I'm going in for things a little out of the ordinary," she said, "like rabbit, frog legs and tripe dishes."

She has three children. One son teaches sociology. Another is a graduate student in psychology. Her daughter, Emma, 17, is in college here.

"The only one in the family who wants to go into the tile business is my three-year-old grandson," she said. "He wants to drive a truck for me."

The population of Argentine has a larger percentage of people of European descent than any other Latin American republic.

Around Capitol Square

TRANSPORTATION — The new state highway and public works commission was sworn in Wednesday. Members of the reorganized state ports authority took their oaths of office Thursday. Directors of state-owned railroads will be appointed next month. These appointments will complete the board of transportation under state supervision. Governor Scott has said that working together they have opportunity to launch North Carolina upon the greatest era of prosperity in its history.

AUDIENCE — So many people came to witness the highway swearing-in ceremonies the group had to move from the governor's office upstairs to the hall of the house of representatives. More than 100 people were on hand, including most of the top ranking highway department personnel. Present to pay tribute to their successors were at least two retiring highway commissioners — George Kane and J. A. Bridger. Governor Scott commented on the crowd, said it looked better than the grand assembly on school and road bonds. The governor asked everybody present to get behind the bonds and help the campaign which is just getting underway. The audience responded in such way as to leave no doubt about majority sentiment of that particular group.

SHUFFLING — Governor Scott has complained that the engineers have dominated the highway commission, and he is known to favor the plan of transferring division engineers to new areas. Some of listeners interpreted his comment that "these commissioners put their ideas into effect" as indication some shuffling may be done.

STABILITY — Just a few minutes before the governor made that observation, Capus Waynick, former highway chairman, Scott's campaign manager last spring, and presently state Democratic chairman recalled for a small group on the sidelines some commission history. As originally contemplated and as practiced during the first ten years of state control over highways, the commission was non-political. It was during the Gardner regime that custom was inaugurated for the new governor to name his own followers on the commission. The reason the highway system has withstood this political impact has been the stable

Boyle's Column
By HAL BOYLE

New York (P)—Mrs. Mary Crocetti, who loved to putter about the kitchen, has the biggest ceiling problem in America today.

She is a plump, pleasant woman of 50 who operates a \$1,000,000 a-year business, one of the nation's largest tile contracting firms.

Her workmen now are installing clay tile on the twin ceilings of the new \$80,000,000 tunnel that will link Brooklyn and Manhattan. "They are the longest ever installed in the United States—9,117 feet," she said. "That will take about 3,200,000 set by hand."

At a desk in the small, two-room office in the Bronx from which she directs her nation-wide business, Mrs. Crocetti talked shyly of how as a widow she had made a success in an industry dominated by men.

"Being a woman is no handicap," she smiled, "because I have such a reliable group of men working under me."

"My husband and I both worked on Italian language newspapers here a quarter century ago. But my husband opposed Mussolini at a time when many people still favored him."

Forced to enter another field, her husband, G. M. Crocetti, became a tile contractor. The business grew through the years and at his death in 1943 Mrs. Crocetti took over.

WASHINGTON LETTER
By JANE EADS

Washington—The U. S. Marine Corps Band, oldest and perhaps busiest organized musical group in America, is about to begin its summer season of famed open air concerts to the delight of capitalists and visiting music-lovers.

Organized by Drum Major named Farr in Philadelphia in 1798, the band gave Washington its first open air concert in 1800. Now an 85-man unit, it figures in all official activities, from small White House receptions to inaugurations, and at all big dinners at which the President appears.

At the last inauguration the entire band played at the oath-taking ceremonies at the Capitol, marched and played in the parade, broke up into three orchestras to play for the President's reception at the National Art Gallery and gave forth its nostalgic, sprightly airs with enduring enthusiasm through the small hours at the wind-up ball.

"We were tired, but we loved it," band leader Maj. William F. Santelmann told me. Maj. Santelmann joined the band as a violin and euphonium player back in 1923 while his father, Capt. William H. Santelmann, was leader. The older Santelmann joined the band in 1888. It was then under the direction of Lt. Comdr. John Philip Sousa. He was made leader in 1898 and served until 1927, longer than any leader ever served.

The son, William F., was made leader in 1940.

When the band turns out for formal full-dress occasions, it's a beautiful sight. The men wear red coats dating back longer than anyone can remember. The red band jackets are trimmed with black broad, with shoulder knots, white cord over the left arm and white belt. Special red coats were designed for the orchestra, when it was formed in 1902, be-

cause the shoulder knots got in the way of such instruments as the violins. On other than strictly formal occasions the band members wear the dress blue uniform of the regular marines.

During the summer the band plays on the Capitol grounds each Wednesday night through June, July and August. Monday nights it plays on the grounds of the Marine Barracks. It gives several other weekly concerts at local veterans' hospitals and makes several radio broadcasts.

In the fall the band goes on tour across the country for six to nine weeks. In the 58 years since Sousa started the tours, it has played in nearly every town of any size in the United States and in every state.

Costs Of Gen'l Assembly Far Exceeded Estimates

By LYNN NISBET
 Raleigh, May 5.—The general assembly of 1947 appropriated only \$225,000 for expenses of the 1949 session, but the late legislature will have spent more than \$300,000 when all bills are paid.

As of April 30 the legislative account was overdrawn to the amount of \$68,517.56. To that date total spending had been \$293,517.56. There remains a lot of clerical work, printing and indexing the session laws and other items which are expected to run the total beyond \$300,000.

Says It's Normal To Be Lopsided

Albuquerque, N. M., May 5.—(AP)—Are you lopsided? Then you're probably normal.

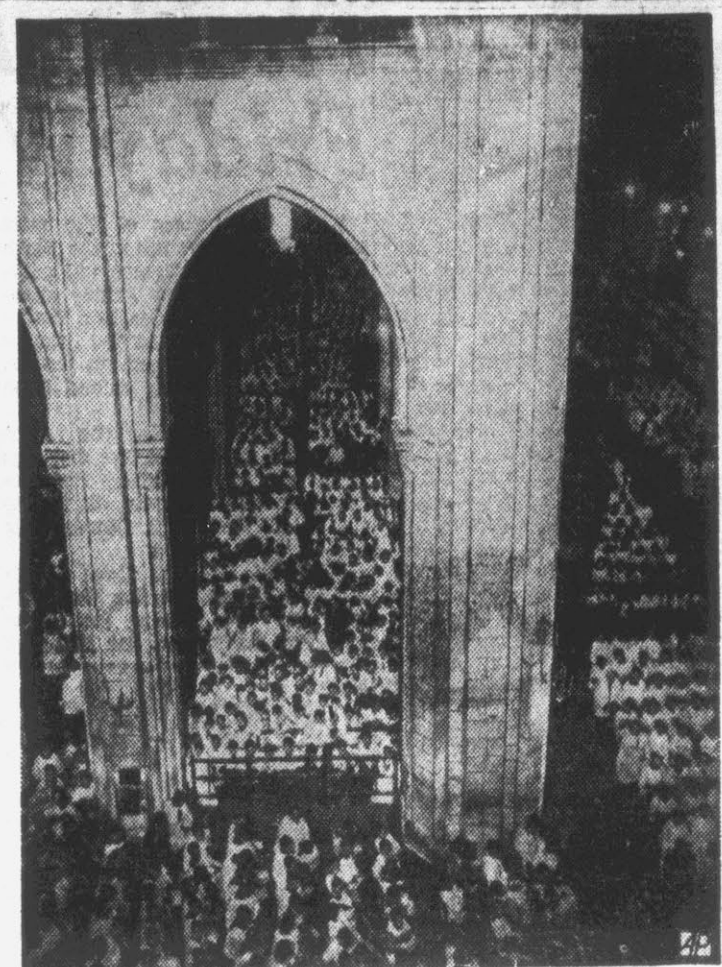

A New Mexico University anthropology class has just completed a study of the physical characteristics of 300 men selected from the student body at random.

Here are some of the findings: Most of the right-handed men's noses tilted to the right, their right shoulders sagged and there was more flesh on the right side of their faces. Almost every man's left foot was larger than his right. Right-handed men tended to have broader right hands and slightly longer left legs. Most of the men claimed a slightly greater height than the tape measure proved.

A few suggestions that Mother will appreciate Sunday Morning. Remember, this is Her Day, so don't forget her.

Indian Princes Are Losing Estates For Fixed Salary

New Delhi—(AP)—The Nizam of Hyderabad, once reputed the world's richest man, is being shorn of his private landed property in return for a fixed privy purse.

His 7,000 square miles of private estates had been yielding him an annual income of 30,000,000 rupees (\$9,000,000). These were brought under direct government management in return for an annual privy purse of 5 million rupees.

The Nizam's privy purse, fixed at 5 million rupees after the police action of mid-September, has now been increased to 10 million rupees. This includes what formerly used to be paid from the state treasury to his two sons and their wives.

The government of Hyderabad is at present drafting rules for taking over 20,000 square miles of private estates owned by a handful of Moslem and Hindu landlords inside the state. The government proposes to pay them annual pensions, to be decreased by stages every year. Payment of a lump sum compensation would amount to a colossal figure.

Compared with what the Indian princes receive, the Nizam is still well off. Two maharajahs receive each one-fourth of what the Nizam is given. They are the Maharajahs of Gwalior and Baroda, each receiving 2,500,000 rupees per year. The rest get considerably less.

Sardar Vallabhbhai Patel, states minister, explained in the legislative assembly the rules of governing the fixation of privy purses for the rulers. "As a general rule," he said, "privy purses were calculated on the basis of 15 per cent on the first 100,000 rupees of the state revenues, 10 per cent on the next 400,000 rupees and 7-1/2 per cent on the remainder, subject to a maximum of one million rupees per year." About a dozen of India's 600 princes get this maximum.

Ayden Lions Are Sponsoring Show

For some time the people in Ayden and surrounding communities have been looking forward to a program sponsored by the Ayden Lion's Club to be held at 8 o'clock Friday night, May 6 at the Ayden High School auditorium. This event is a highly entertaining program of which the final climatic phase will be the crowning of a queen mother.

This program is being made possible by the splendid and wholehearted cooperation of business firms in Greenville and Ayden. The business firms in Greenville and Ayden have donated prizes to be given to the queens. These are many and varied—wearing apparel, household articles, free suppers and many other items, all finding a useful place in the home.

Tickets for this event can be gotten from the stores donating prizes for the queens. These tickets are free. The firms cooperating in this program will appreciate your patronage. They have all joined in helping a worthy cause. There is no need to tell you about the Lion's Club. They help unfortunate people with eye surgery, treatment and glasses. Many other good deeds which are not published are constantly being performed. Robert B. Hawkins, of the Vocational Rehabilitation Department, chairman of the Lion's Club committee, said today. The public is invited.

There are now nine women seated in the United States Congress—one of them in the Senate.

Pittsboro Mason Is Grand Master

Raleigh, N. C., May 5.—(AP)—William F. Horton of Pittsboro yesterday was elected Grand Master of the Grand Lodge of Ancient, Free and Accepted Masons of North Carolina.

Horton and other newly elected officers were installed yesterday at the Grand Lodge closed its 182nd annual Communication here.

Raleigh Man To Head ABC Board

Raleigh, May 5.—(AP)—Robert W. Winston of Raleigh will be the new head of the state ABC board. Winston, who last year managed Governor Scott's campaign in Wake County, was appointed to the post by the governor late yesterday.

He will succeed Carl Williamson, also of Raleigh who submitted his resignation to the governor on April 23. The appointment and resignation will become effective on June 1.

The post pays a salary of \$7,920 a year, and the appointment was for a term expiring April 23, 1952. Winston, who is 57, formerly practiced law with his father in Raleigh, and he represented Wake County in the general assembly in 1917. He now operates a large farm in Johnston County.

A native of Oxford, Winston studied at the University of North Carolina and was captain of the university football team in 1911.

Rocky Mount Scores Three Times In Ninth For Victory

Locals Stage Three Rallies, Held One Run Margin When Going Into Final Frame; Walks Costly In Last Inning

By BERT MOYE
Manager Pepper Martin's Rocky Mount Leafs put on a three-run ninth inning rally here last night to defeat the Greensies, 9-7, for their second straight win. The loss for the Greensies moved them down a notch in the standings to sixth place, three games behind the league leaders—New Bern and Rocky Mount.

Babe Johnson and Joe Browning also doubled. He moved to third on an error on the same play. Shaddix walked and Walt McJunkin walked to fill the bases. Dave Fowler walked to force in a run and Bill Stanton singled for the third tally in the ninth frame.

Rocky Mount went out in front with a three run lead in the third frame when Frank Gardner led off with a single. Saladna was safe on a sacrifice fielder's choice. Hanley walked leading the bases. Stanton walked forcing in Gardner. Pepper Martin hit to third and Saladna scored when Denier errored the ball.

Babe Johnson also hit to Denier and muffed the ball with Hanley scoring for the third tally. The Greensies came back in their half of the fourth frame to knot the count at three all. Tepedino reached first on Stanton's error. Williams and Mauney walked leading the bases. Pete Gillespie grounded out to first with Tepedino scoring from third. Denier singled bringing home Williams with Mauney taking third and then Mauney later scored on a steal home.

The Leafs scored singletons in the fifth and sixth frames to take the lead again. In the fifth Hanley walked, Stanton singled to advance Hanley to third, scored on Johnson's fly to left field. In the sixth, Gardner singled, Saladna sacrificed him to second and McJunkin doubled to bring home Gardner.

Peppy Williams and his boys knotted the count at five all by scoring two runs in the sixth on a double by Cohen, singles by Williams and Mauney, aided by an error and a long fly ball to center fielder by Gillespie.

The Leafs took the lead again in the eighth by scoring a tally on Fowler's single, Hanley's walk and Stanton's two-bagger. The Greensies came back in their half of the eighth to score two runs and take the lead once again, only to lose the game in the ninth when the visitors put on a three-run spurge. In the eighth, Cohen singled, stole second, Mauney doubled to bring home Cohen and Gillespie singled to bring home Mauney.

John Saladna started on the mound for the visitors and was relieved in the sixth frame after yielding five hits and five runs. Lefty Shaddix, who pitched the remaining four frames, held the Greensies to four hits and two runs to receive credit for the game.

Bob Cohen and Willie Mauney each with a double and a single led the nine-hit attack for the Greensies. Three hurries saw mound duties for the Greensies. Chris Romeo started on the mound for the Greensies and pitched the first seven frames in which he allowed seven hits and five runs. He struck out four and walked four. Art Mascarella pitched the last two frames.

Four East Carolina Teachers College tennis standouts will leave for Bacon College and the North State net tournament today. And Coach Jim Johnson declared last night that the locals stood a good chance of bringing back at least one of the trophies offered in the doubles matches.

The tournament gets underway Friday and runs through Saturday. John Heath and Bob Williams will make up one of the ECTC doubles and Charlie Bill Moyer and Ben Harrison will compose the other. Coach Johnson said East Carolina would not have an entry in the singles.

In conference competition this season the locals have defeated Eion and Lenoir Rhyne to hang up a two-to record.

Netters Win

East Carolina's tennis squad scored a five to one win over the Lenoir Rhyne netters here yesterday afternoon.

Coach Jim Johnson's boys swept four out of five singles matches and broke even on two doubles matches to even their conference record at 2-2.

The results: Heath (EC) defeated Bradley 6-3, 6-1; Williams (EC) defeated Peeler 6-3, 6-1; Tate (LR) defeated Bass 6-2, 6-4; Holland (EC) defeated Goodson 7-8, 6-4, 6-3; Hales (EC) defeated Rhyne 6-3, 7-5.

Doubles results: Bradley and Tate (LR) defeated Williams and Heath 2-5, 6-0, 6-3; Harrison and Moyer (EC) defeated Goodson and Peeler 6-1, 6-3.

reila, making his debut with the club, pitched one and one-third innings, allowed four hits and four runs. He walked three men and struck out none. Jim Lewey pitched the remaining two-thirds of an inning and allowed one hit.

Bill Stanton with a double and two singles in five trips to the plate led the 12-hit attack of the three Greenville hurriers.

College Baseball Holding Its Own

New York, May 5—(AP)—College baseball is doing very well, thank you, in spite of the weather and the big leagues. But even the men who are mainly responsible for its success, the coaches, are hard-pressed to find an explanation.

In every part of the United States except the deep South, reports indicate that college teams are playing better baseball and drawing better crowds than they were in pre-war days. Admittedly, the situation couldn't be much worse than it was during and just before the war when the college game was at its lowest ebb.

"College baseball has improved considerably in the past couple of years, and particularly this year," says Art "Dym" Mansfield of Wisconsin, president of the American Association of College Baseball Coaches. "There seems to be a greater abundance of material than usual. I know in our own instance we have several players riding the bench who might have been outstanding a few years ago."

Other observers in the East and Mid-West have made similar reports while the Southwest and Pacific coast, long strongholds of good college baseball, add to the "better than ever" statements. The California Intercollegiate Baseball Association, which has turned out two national championship teams, has been drawing sellout crowds regularly this spring and Southwest conference games have attracted from 2,500 to 5,000 spectators.

TONIGHT'S GAMES

Greenville at Roanoke Rapids. Rocky Mount at Tarboro. New Bern at Wilson. Goldsboro at Kinston.

Sidelights: Willie Mauney continued to display his brilliant defense play in left field and also at the bat as he drove in two of the runs and handled three chances without a miscue. Pete Gillespie was credited with batting in three runs last night. Bob Cohen really lobbed John Hanley of an extra-base knock last night when he had to go up against the centerfielder to grab one of those long drives made by the Leaf's centerfielder. Greenville had 4 men left on bases, and Mauney were the successful base stealers last night for the Greensies with Mauney stealing home in the fourth frame. McJunkin and Fowler were the base snatchers for the Leafs. Only one Greenville was issued a free pass to first last night while the Leafs were issued eight free passes. Official paid attendance was 1,275.

With two radio announcers from Rocky Mount, the radio announcer from the Greenville station and the announcer from the public address system all occupying the press box last night, there was no room there for the official scorer to sit and he had to sit on the front step of the grandstand and score as best he could without benefit of table to write on. This should certainly be remembered at the local park because the correct records of the individual players is most important to these boys out there on the field and without the proper place to keep all records as they are made, makes a mighty difficult task for the scorer. That the press box needs enlarging is no secret because it is very inadequate at the present time to take care of visiting radio men and the local staff.

The new right-handed hurler who made his debut last night for the Greensies is Art Mascarella, rookie hurler. His home is in Brooklyn, N. Y., and he was sent here by the Danville, Va., club of the Carolina League. Business Manager J. Norman McCaskill announced yesterday that Harry Soufas, who batted 348 while playing first base and outfield for New Bern last year, had been signed by the Kinston Eagles. He played third base in last night's game. George Cooper, rookie catcher for the Wilson Tobs, has been recalled by the Greensboro Patriots and sent to Goldsboro. Bill Herring's Pensacola Club is leading the league with a 12-4 standing at the present time. Tarboro has sent George Griffin, shortstop, to Red Springs. Pitcher James Morrisey has been given his outright release while pitcher David C. Bohl has been purchased from Youngstown of the Middle Atlantic league.

Phils Take Five Straight And AL Homers Are Booming Again

By JACK HAND (Associated Press Sports Writer)

Phillies win five straight from Dodgers and Cardinals! That should rate a 21-gun salute and five-year contract for manager Eddie Sawyer. Hardly a man is still alive who remembers any such antics by the Phils. For years they were the doormats of the National League. Now, instead of the futile, they're the fighting Phils.

When the Phils acquired Eddie Waiting and Bill Nicholson last December, the word went around, "If they only had some pitching." Sawyer has uncovered a one-man staff in Ken Heintzelman.

Ever since he hit the majors at Pittsburgh in 1938, the slender lefty never has been over the 500 mark. Now he's 4-0 for the new season. The 33-year-oldster from Missouri has "arrived" with two victories over Brooklyn, one over Boston and a decision over the St. Louis Cards.

Ken needed help last night to get past St. Louis when two walks, an error and a double by Marty Marion put him in a hole in the ninth. Ken Trinkle finally put out the uprising after three runs scored, leaving the Phils with a 7-5 edge.

As a result of the second straight decision over the Cards, the Phils have moved from the cellar to a fourth-place tie, only two games off

Sports Slants

By Pap

There are plenty of folks who cannot overlook the fact that Old Rockport beat Olympia, the red hot favorite to win the Kentucky Derby, in the Santa Anita Derby in February. They have the feeling that the sturdy son of Carrier Pigeon-Tourterelle will again outlast his rival in the gruelling dash down the stretch to the wire at Churchill Downs. There is nothing impressive about Old Rockport's two-year-old record except the fact that, even as a juvenile, he liked to run a distance. In his lone stake triumph of 1948, Old Rockport raced the mile in 1:36.4 under 118 pounds at Goldens Gate Field, across the bay from San Francisco.

Old Rockport Said 'Only Horse' Can Beat Olympia

Louisville, Ky., May 5—(AP)—A lot of the "smart guys" were insisting today that Old Rockport is the only horse with a chance to beat Olympia Saturday in the Kentucky Derby. They could be so right—and for that matter, so wrong.

Old Rockport is the one horse other than Ocean Drive—a stablemate of Fred W. Hooper's Derby favorite—to hang it on Olympia this year. "Rocky" did it in the Santa Anita Derby February 19, collaring the front-running Olympia about 50 yards from the finish to win by a length and a half. Ocean Drive beat Olympia in the Hibiscus Stakes at Hialeah a month earlier.

Sharing the opinion of several Derby veterans that if he did it once, old Rockport could pour it on again was plain Ben Jones, the Calumet Farm trainer. "I still believe Olympia is going to win," said Ben, "but Old Rockport appears to be the only horse with a chance to beat him. If we can take third (with Ponder) I'll be tickled to death."

John Gaver, trainer of the Green-tree Stable entry of Capot and Wine List, wouldn't come right out for Old Rockport, his own pair, or any other horse, including Olympia. "He has been beaten, you know," the Princeton grad declared. Clifford Mooers, who went to Alas-

Pitching Rivals May Tangle Friday When Bucs Play ACC

What has become of the most noted pitching rivalries in the North State baseball conference will probably be renewed here Friday afternoon when the East Carolina Teachers College Pirates and the Atlantic Christian Bulldogs meet on the EC TC diamond in their second clash of the season.

If the coaches follow the same form used in the past five meetings of the two teams, pitchers Bob McCotter and J. D. Thorns will take to the hill in their sixth North State duel in three seasons.

McCotter, has won three of the five past games. But the East Carolina ace was charged the defeat the Bucs suffered at the hands of

Thorne three weeks ago in Wilson. The Bulldogs gained possession of the coveted Bo-Hunk Bucket by virtue of the win and will still be boasting its keep when they invade the local diamond Friday afternoon. The Bulldogs scored the 4 to 2 victory on 10 hits. The Buccaneers, who out hit the AC squad by two safeties left nine men stranded on the base paths. They put four men on base in the last inning but managed but one run.

Currently the Atlantic Christian nine is just one notch above the Bucs in North State standing. A win over the Bulldogs would stand the locals in good position to take over not only the seventh place slot

but the sixth place position as well not to mention bringing the Bo Hunk back to Greenville.

An advantage the Buccaneers may have over their opponents lies in the fact that the Bulldogs will be playing their third game of the week whereas the locals have been resting since last Friday. The entire Pirate pitching staff should be in form for the contest should McCotter get into difficulty.

Following the AC game the Jack Boone coached Bucs will have another week rest before taking on High Point's sixth place Panthers in the final game of the year for the locals.

Peahead Walker Sued By Athlete

Raleigh, May 5—(AP)—Coach D. C. (Peahead) Walker of Wake Forest was named in a \$40,000 suit filed yesterday by a former Durham football star with a bad knee.

Malcomb B. Grandy, a wingback who won his letter in football and baseball at Wake Forest, filed the suit against Walker and Dr. George W. Paschal of Raleigh.

Grandy charged they failed to provide proper medical care when he suffered a broken knee cap in a game between Wake Forest and the University of Chattanooga in 1946.

The suit stated that Grandy "knows he will be a partial cripple for the balance of his life."

Grandy, from Marlborough County in South Carolina, played football at Laurinburg High School in 1944. In his complaint, he said that Walker persuaded him to attend Wake Forest.

He was promised by Walker Grandy said, that "adequate and proper medical attention would be rendered and in case of an injury preventing the further playing of football that the scholarship would still be good."

After the injury, Grandy claimed Dr. Paschal performed an operation and improperly set a bone in his knee.

Five Kentucky Basketball Stars Turn To Pro Game

Indianapolis, May 5—(AP)—Five Kentucky basketball players, four of whom played with the National collegiate champions last season, headed for the professional cage field as a unit today.

They plan to tackle the business end of the game, too, as owners of their own year in the national basketball league.

Virtually writing their own ticket, the young businessmen chose Indianapolis as their professional home.

The stockholder-athletes are Wallace Jones of Harlan, Ky., Cliff Barker of Yorktown, Ind., Ralph Beard of Louisville, Ky., Alex Groza of Martin's Ferry, Ohio, and Joe Holland of Benton, Ky.

Holland graduated in 1948. The others were members of the 1948-1949 team, voted No. 1 in the nation in the Associated Press poll, and played with the championship U. S. Olympic team.

They indicated they might call their team the Olympians.

Their choice of Indianapolis (the NBL said they could have had Louisville or an unnamed third city) dealt a double blow at the basketball association of America.

Besides depriving the BAA of the potential talent they represent, they will be in competition with the Indianapolis Jewels, who now are in receivership.

The four members of the 1949 UN AA champions had been drafted by the BAA—Groza and Barker by the Jets, Jones by the Washington Capitals and Beard by the Chicago Stags.

Leo Ferris, NBL vice-president, said the five players will own a major share of the new franchise at the start and will be the full owners in the three years.

In the meanwhile the league is lending the club \$50,000, and a minority of shares will be offered to Indianapolis business.

Appreciation Banquet Planned For Rawls' Stadium-Drive Committee

An appreciation banquet has been planned by the Veterans Club of East Carolina Teachers College, headed by President Ed Casey of Goldsboro, in honor of chairman Ed Rawl of Greenville and his twenty-three stadium drive committeemen.

Chairman Rawl and his committee helped in the securing of funds for the newly constructed football stadium for the college.

New head football coach, William E. (Bill) Dole, who coached two state high school championship football teams at Fayetteville, will be the principal speaker at the dinner which will be held in the college dining hall. In addition to his talk, Dole will show films of his Fayetteville high footballers and pictures taken during the spring football drills at East Carolina.

Special guests for the banquet will be college President John D. Messick, who will give the invocation, members of the college athletic advisory committee, athletic director Dr. N. M. Jorgensen, and other members of the college coaching staff.

At N. C. State Athletics Show Chance Today In Appeals Court

Raleigh, N.C., May 5—(AP)—N. C. State's baseball, track and basketball teams will stage contests this weekend as part of the college's annual alumni days program, Friday and Saturday.

Headlining the program of three athletic events will be an intra-college contest by Coach Everett Case's Southern Conference basketball champions. They will be concluding four weeks of off-season drills.

Captive alligators have lived 40 or 80 years without showing any signs of aging.

New Quads, Doing Nicely, Delights Amazed Father

New York, May 5—(AP)—The new members of the Collins family—all four of them—were doing nicely today.

That was the report from Lebanon Hospital, where Mrs. Ethel Collins, 37, yesterday gave birth to two boys and two girls.

The quadruplets weighed a total of 17 pounds and 14 ounces.

Mrs. Collins had been expecting triplets. When she learned there were four instead of three babies, she murmured:

"My, how wonderful."

The father, Charles Collins, 29, a brokerage office clerk, got the news by telephone. His comment: A long whistle.

Quadruplets occur about once in every 678,000 births. An average of three sets a year are born alive in the United States.

The babies, placed in an incubator, were put on a diet of sugar and water, with feeding every three hours.

Collins said the four would be named Andrew Raymond, Edward Charles, Linda Carol and Barbara Ellen.

The couple, married in 1941, have one other child, a son, Stephen, two and a half years old.

Asked if his salary—which he declined to disclose—would support a family of seven, Collins replied, "who knows?" but he said he was "delighted, and amazed, to say the least."

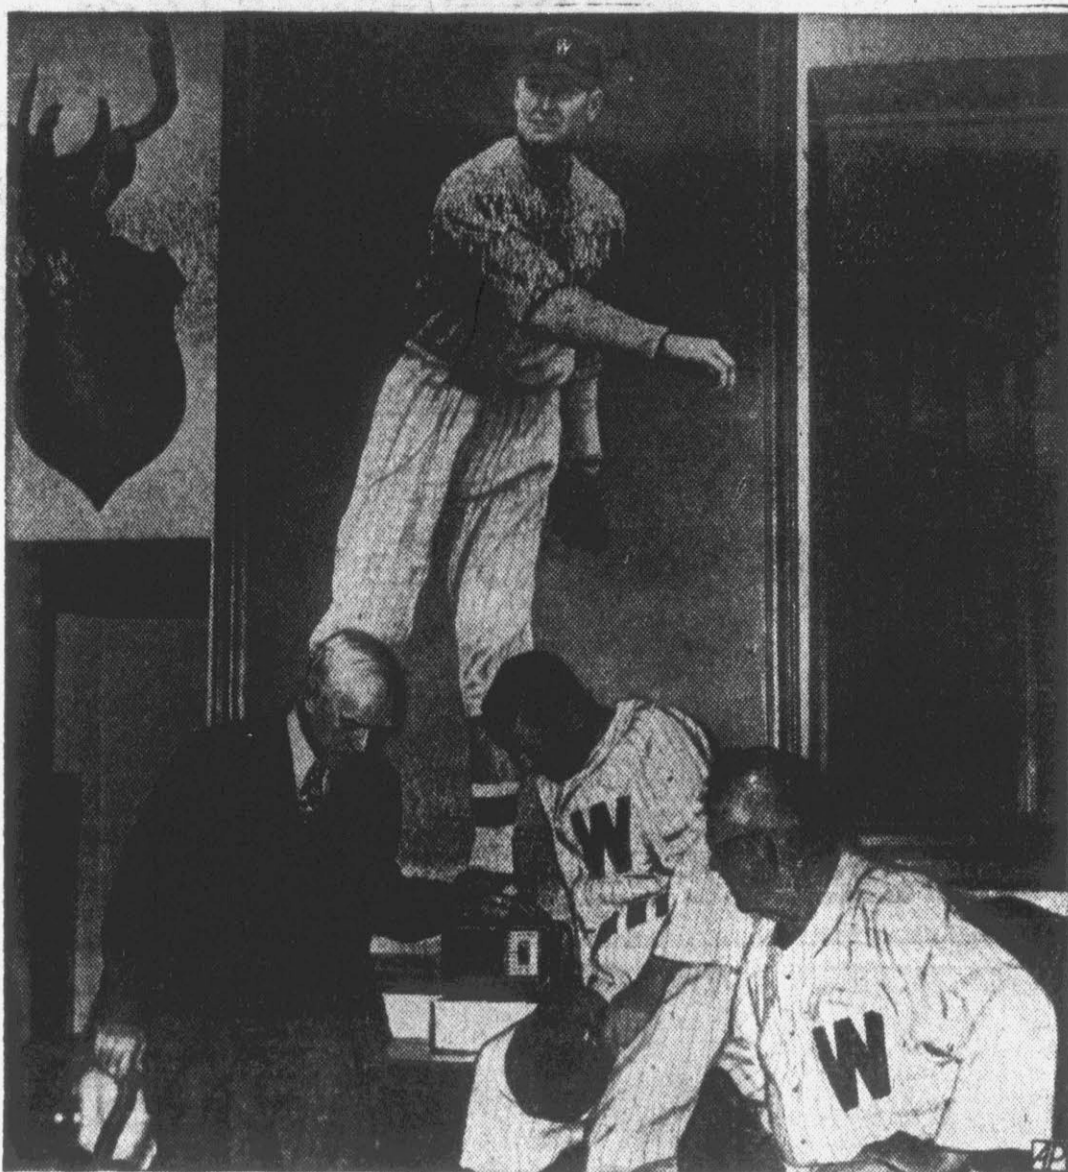

Soviet Dream Of U. S. Depression

Moscow, May 5—(AP)—An American depression—more devastating than ever before—continues to interest Soviet economists.

"The capitalistic economy," writes I. Blumin, in the magazine Problems of Economics, "driven by elemental laws, is heading blindly towards an unavoidable economic crisis."

The economist said optimism is deliberately introduced into the American economic press, and he added:

"But many symptoms of the coming crisis have already appeared—fewer orders, a considerable accumulation of commercial stocks, an increasing number of bankruptcies, the transfer of numerous enterprises to a reduced working week, the tendency to a fall in capitalistic investments, and considerably increased unemployment," etc.

THEY KNEW JOHNSON—Clark Griffith, president of the Washington Senators, and coaches Clyde Milan and Nick Altrock (left to right) sit beneath a portrait of Walter Johnson, famous Washington pitcher, at the ball park, and listen to a radio drama based on his life.

They're Honest

New Brunswick, N.J., May 5—(AP)—Diogenes, the crusty old Greek philosopher, searched all over the place for an honest man.

He should have gone to Rutgers University.

Yesterday's crisp dollar bill was pinned to a "lost and found" notice on a campus bulletin board. The notice read: "Found in telephone booth. Loser please take."

At last report, the dollar bill was still there.

Worst Drought Is Followed By Rains, Floods

Rome, May 5—(AP)—After the drought.

Suffering its worst drought in 30 years, northern Italy's Po Valley today was flooded in many places.

Crops that withered last week were under water. There were still no estimates as to the amount of damage nearly 10 inches of rain in Italy this week has caused.

At least there will be more electricity for Italians who have had several months of daily current shortages because of lack of water-power.

Rival Pitchers Toss No-Hitters

Roslyn, N.Y., May 5—(AP)—Two no-hit games were pitched yesterday in a high school baseball contest here, won by Roslyn over Great Neck, 1-0, in seven innings. Stanley Lima was the winning pitcher. Bob Hales was the loser although, like Lima, he didn't yield a safety.

Roslyn's winning run was scored in the fourth inning on a walk; stolen base, infield out and an error.

Seventeen and one third million women were employed in the United States in November 1948.

Dear Judy

Mother's Day should be an everyday holiday instead of a once-a-year proposition.

Some kids make a big thing out of that one day a year, lots of trimmings and presents, but then Mother is treated like an old shoe the rest of the year. Mother's advice goes down the drainpipe and she is tagged as an old fogey. If she had the slightest inkling that her advice was heeded, occasionally, here would be happiness all year round. There is lots of satisfaction in a job well done.

Here is a letter from a girl which shows that some kids do not stop to think about what mother's chief role is—to put her flock on the right path and blow the whistle when necessary.

"I am 16 years old and I want you to help me. All the other girls in my class at school have dates with boys in our class, but my mother and father say that I'm too young to."

"We are all together in classes

SEALED SHIP—Young Andrew Gilroy studies a colored glass ship that floats in a sealed water container, made in 1840, and exhibited by Ralph M. Meyer in the Chicago Antique show.

and see each other after school, but my mother and father won't let me go out with boys in the evening. The other girls do and their parents don't seem to mind. I can't make my parents see it any other way. They say 18 is soon enough.

"Now we're going to have a class dance, and all my friends have been invited to go with certain of the boys. No one has asked me, because they know the way my parents are. Should I go to the dance all by myself? Or should I stay home?"

"Don't you think, Vivian, that some parents are so old-fashioned that they are just ruining their children's lives? I'd like to run away from it all." (signed) Marjorie.

There doesn't seem to be any reason why you shouldn't be able to discuss this problem with your mother. Marjorie. Why don't you ask mother if you can invite boys to your home? Perhaps if your parents had a chance to know the boys in your class, things would be different.

The first thing to do then is to try to get permission to bring the boy back home. If he is the right sort, mother will be attracted to him. If he is not the right type for you, mother can tell immediately, and perhaps discourage you, which will be to your best interests.

After all most parents want to see their children happy. It is not merely to be spiteful that they try to discourage the attentions of people they feel unworthy of their children's companionship.

There are many instances, of course, where parents do not want to lose their children, so they will

try to influence them to give up any and all other outside attachments. This does not happen usually when the girl is sixteen, however, but much later in her life.

A girl whose mother tells her that she is free to have dates when she becomes eighteen is not plotting to keep her daughter in hand forever. She just wants to make sure that daughter is capable of making a few decisions before she starts to date seriously.

It is Mom's obligation to keep a watchful eye on her young. But if she does give permission to you for an evening out, she should trust you to be home at the appointed hour and not sit at the window or on the porch waiting for you. This would, of course, make you and your date feel stupid.

It would be a little silly to go to the dance without an escort unless it is the thing to do with your group. If other girls go to the dance alone, then perhaps there will be some boys who do not bring a date. In that case you will have a dance partner. It is not smart to go to the dance alone, however, and try to snare the date of a school friend.

If you bring a group of your school friends home for cokes or supper and dancing, occasionally, you can be popular without ever stirring out of your house in the evening. Then when a class dance comes along one of your boy chums probably will invite you.

Wilson's Weekly Bulletin

from the Rector Kitchens

How to PLEASE Mother on MUR Day!

Next Sunday is Mother's Day! Let's really make her "Queen of the Day." Send a card and flowers, and if she's with you... serve her breakfast in bed. And then... crown all your kindly deeds by preparing dinner. We're glad to help with a wonderful meat loaf recipe. It's simple to prepare and just made to order for a family feast. Try it next Sunday.

The Right Meat Loaf Will Be Better 'n' Anything

To start with, you get your meat dealer to double grind three Wilson's CERTIFIED meats—a pound of best chuck, plus a half pound each of veal chuck and pork shoulder. We use a blend of high quality meats—the best for flavor, veal for extra tenderness and pork for juiciness.

These Are the Tricks to Make Meat Loaf Juicy

Put meat to fit loaf pan. Then juices can't run off. They must stay in the meat. Top loaf with Wilson's CERTIFIED bacon or salt pork slices to do an automatic basting job. Bake at LOW temperature 15 minutes. Then pour in hot measured B-V stock or tomato juice with B-V.

A fine, juicy meat loaf is that EASY! Now follow the recipe below e-s-e-a-t-i-y, not forgetting the MAGIC B-V. Better clip this recipe right now before Mother beats you to it and serves it for dinner tomorrow.

EASY-TO-DO MENU

Chilled Tomato Juice Plus B-V's
B-V Meat Loaf
Canned or Frozen Corn
Tossed Green Salad
B-V Gravy
Mashed Potatoes
Mother's Favorite Dessert
Coffee

* See recipe folder in Wilson's B-V carton.

PRIZE MEAT LOAF

Blend together:
1/2 lb. Wilson's fresh pork shoulder
1/2 lb. Wilson's fresh veal chuck
1 lb. Wilson's CERTIFIED beef chuck
1 cup fine bread crumbs
1 onion, chopped
1 1/2 teaspoon salt and
1/2 teaspoon pepper

Blend together:
1 1/2 tablespoons
Wilson's B-V in
1/4 cup warm milk

When B-V is dissolved, add to meat with:
1/2 cup cold milk and
2 slightly beaten Clear Brook eggs

Pack to fit loaf pan. Top with:
2 to 3 slices bacon or salt pork
Place in 325° F. oven (15 minutes), then pour over the top:
1/2 cup hot liquid, as B-V stock or B-V tomato juice.*

Bake another 45 minutes and serve hot.

* Stir 1/2 teaspoon B-V into hot water for stock or into hot tomato juice.

The Wilson label protects your table

BACKACHE, LEG PAINS MAY BE DANGER SIGN Of Tired Kidneys

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up at night, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Belvoir Educator New Head County Teachers

Fodie Hodges of Belvoir was elected president of the Pitt county teachers association last night at the annual banquet of the association. L. V. Godwin of Grimesland and was elected vice president.

Approximately 225 teachers and their guests attended the banquet held in the dining hall at East Carolina Teachers College. Mrs. Beecher Flanagan, president of the association for the past year, presided at the meeting.

H. H. Conroy, superintendent of Pitt county schools for the past 26 years was recognized by the teachers for his outstanding work with schools of the county. Superintendent Conroy in turn recognized W. H. Woolard, recently retired chairman of the Pitt County board of education on which he served 26 years.

An orchid was presented to Miss Reba Proctor, former supervisor of Pitt county schools, who was a special guest at the banquet. A musical program was presented by Mrs. Howard Bodkin and Helen Joyce Whitehurst, Janice Turnage and Margaret Andrews, students of Ayden high school.

Dr. John D. Messick, president

of East Carolina Teachers College, in a short talk, explained to the teachers the building program which is being carried out by the college.

Communists . . .

(Continued from Page One) evidence, one Formosan newspaper only a day ago called many government officials flocking to that island "political rubbish" and urged Formosan officials to extend "no hospitality."

3. The Shanghai garrison command said Nationalists repulsed two Red columns in "a heavy battle" 37 miles northwest of Shanghai on the highway to Nanking. It placed the clash near Taichong, and said the Reds left behind them "several hundred dead and wounded and 12 captured."

4. An American pilot, Ray Bowes of Buffalo, N.Y., flying with a Chinese airline, said he has seen no fighting or troop concentrations around Shanghai the past few days. He reported equally light military activity in the endangered central China base of Hankow.

5. Fire of unknown origin destroyed 4,000 huts in the poorer sector of Shanghai, leaving 26,000 homeless. The garrison meanwhile sought to speed evacuation of some of the city's swollen population.

Soviet Goal . . .

(Continued from Page One) 2. The Marshall Plan began to work and Western Europe grew stronger.

That was all bad medicine for the Russians. But to cap the climax, this country and Western Europe then agreed on the Atlantic pact, binding them all together with hoops of steel in the real sense, for the pact would mean an armed Western Europe, facing Russia. That would be a real discouragement.

So now the secretaries of state of the U.S., Britain, France and Russia will start talking again about Berlin and Germany and other things.

The blockade probably will be lifted

ed around May 13 and the talks begin around May 28.

If Russia can get the West to drop a separate government for Germany and drop the Atlantic pact, it will be a victory for Russia without doing anything more than talking.

This isn't likely to happen, since American diplomats talk of going ahead with their plans. What else could Russia want?

Who knows? But any advantage Russia can get out of its dealing with the West in the future will be tinged so long as the blockade lasted. In addition, the Chinese Communists are taking over China. It's not certain they'll let Moscow lead them by the nose. And Russia may have its hands full in Asia for a while, trying to get things straightened out there to its liking.

When you add it all up—remembering that Communism's long-range goal about the world hasn't changed—you can say to yourself: "Maybe some good will come of these new talks, but I'll wait and see."

Where To Stop . . .

(Continued from Page One) toward men, still it's a move in the right direction.

In making this concession the Muscovites presumably are motivated by two considerations: (1) They have come up against a defense which they can't penetrate and are being hurt; (2) They must shift to other tactics if the Red effort in Europe isn't to die where it is.

This question of Soviet intentions cropped up both before the Senate committee hearing and in the office of General Lucius D. Clay, American commander in Germany, who is retiring from that position. Mr. Dulles said:

"If the Soviet now lifts the Berlin blockade, that may be an act of conciliation towards the west I hope so. But until that is shown by other deeds it would be wise for us to look on it as a change of Soviet method, not a change of Soviet intention."

Former Under Secretary of State Will Clayton told the Senate committee, regarding the lifting of the blockade that "we have won the battle of Berlin" but that is only a small segment of the east-west struggle. He asserted that "on balance, Russia is winning the cold war." He explained:

"Soviet Russia's principal objectives in the cold war are to frighten democratic governments into excessive expenditures for defense and to frighten private capital and initiative so that it will not operate freely."

So far, said Clayton, the Soviet effort to undermine the democracies appears to be succeeding.

Lanier Returns From Long Tour

J. Con Lanier of Greenville, executive secretary for Leaf Tobacco Exporters, has returned from a tour of eight European countries.

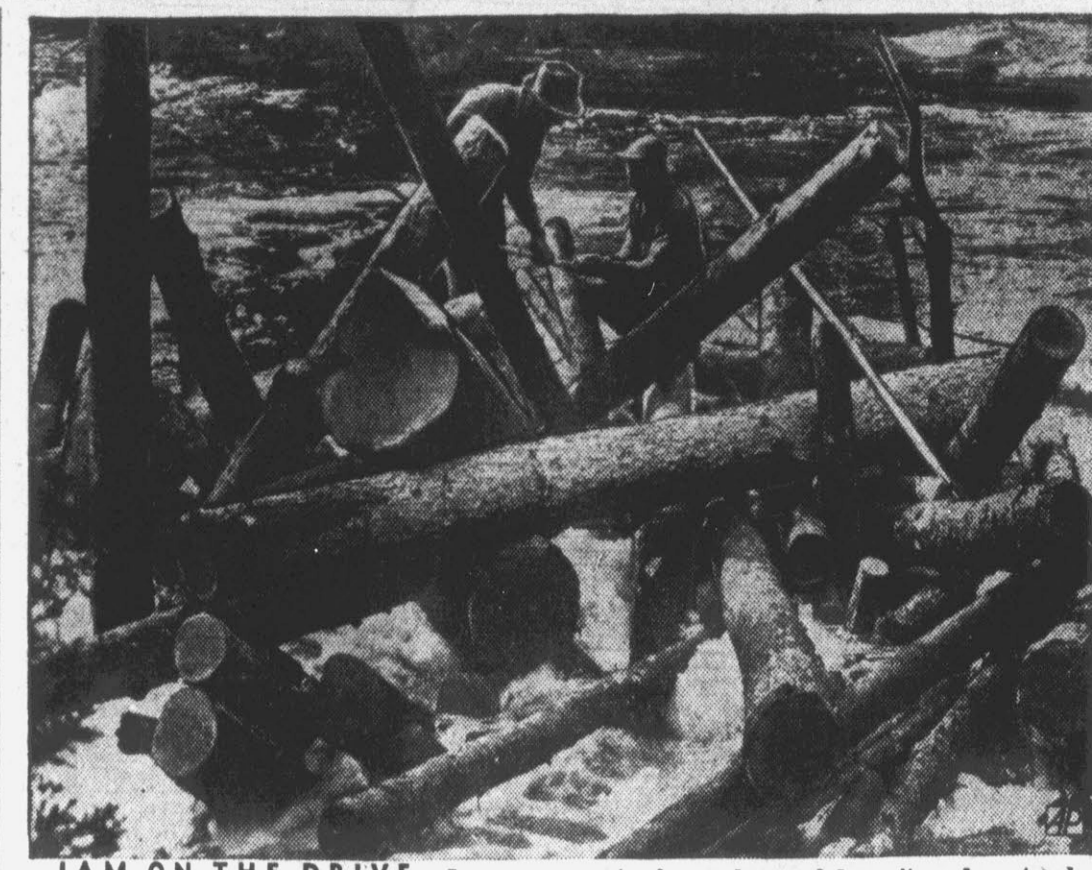

Lanier visited the countries to study the tobacco situation and the possibilities of increasing American tobacco exports to Europe. He returned to the United States aboard the British liner Queen Mary.

The Exact Stand

Since Monday when the Pitt county commissioners failed to give a full endorsement to Governor Scott's school and road program, several of the commissioners have been contacted by persons interested in the exact stand the county officials took on the measure.

The full resolution on the program as passed by the commissioners reads: "Whereas, the Board of Commissioners of Pitt County have received a telegram from Honorable Guy Hargett, District Highway Commissioner, soliciting an endorsement by this Board of the proposed two hundred million (\$200,000,000) dollars road bond issue and the twenty five million (\$25,000,000) dollars special school bond issue to be voted on in the special election of June 4, 1949.

"And, whereas, this Board is in favor of better schools for North Carolina and Pitt County and is in favor of better roads for North Carolina and Pitt County and,

"Whereas, this Board is also in favor of the people of Pitt County and the State of North Carolina expressing their respective opinions upon this question of further increasing governmental debt and approves thereof the idea for any increase in debt being specifically approved by the people in a special election held for that purpose.

"Now, therefore, be it resolved by the Board of Commissioners of Pitt County in regular meeting assembled on Monday, May 2, 1949 that this Board go on record as follows:

- (1) We approve and heartily endorse the idea of better schools for Pitt County and the State of North Carolina.
- (2) We approve and heartily endorse the idea of better roads for Pitt County and all of North Carolina.
- (3) We approve and heartily endorse the idea of having any further increase in the State government debt passed upon by the people of the State of North Carolina in a special election called for that purpose to be held on June 4, 1949."

Lions Sponsor Show By Circus

The Greenville Lions club will sponsor the appearance of Rogers Brothers circus here on Tuesday May 17, Godfrey Oakley, chairman of the club committee said today.

The three-ring circus will have afternoon and evening performances here, and will be located in North Greenville near the airport.

Greater Battle . . .

(Continued from Page One) west has failed. So they look for a leavening of this policy designed to strengthen the propaganda hands of Communist parties in western Europe, and to wangle Communists into influential positions in a central German government.

These are not unanimous views,

Reds To Try 'Sky Scraping

By TOM WHITNEY
AP Newsfeatures

Moscow—Architectural designs of new Moscow "skyscrapers" have begun to appear in the Soviet press.

According to plans these new 16- to 26-story buildings are to be erected during the next few years. Their construction was provided for in a special post-war decree of the Council of Ministers of the USSR.

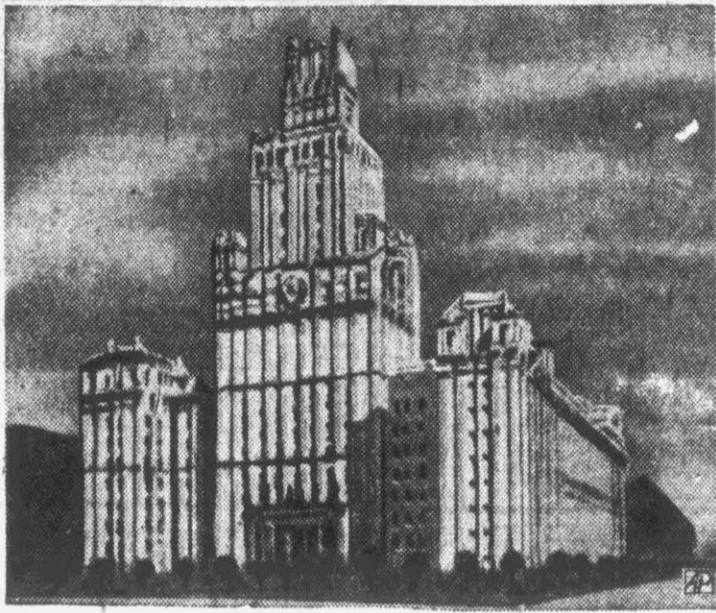

One of the tallest of the new buildings is scheduled to be erected at the highest point in Moscow—Lenin Hills. This skyscraper, which will be visible from all over the capital when illuminated, will be a part of the new Moscow University campus which is being created out of several hundred acres.

Another large building which will be erected at the Red Gates opposite the present Railways Ministry building. The central section of this new building will be used for additional space for the Railways Ministry, and other portions will provide nearly 300 two, three and four room apartments.

Among modern conveniences the building is scheduled to have are air-conditioning, electric refrigeration, vacuum cleaners, television facilities in some offices, fluorescent lighting, incinerator shutles, a subway station, and store and service facilities.

The apartment sections are to be from 10 to 12 stories. The central administrative section is to contain 350 offices and will be about 25 stories high.

The project was designed by A. N. Dushkin, B. S. Mezentsev, and V. M. Abramov, architects in the employ

AT THE RED GATES—A proposed skyscraper for Moscow.

of the Railways Ministry. At present the tallest buildings in Moscow are 15-story structures. One is the Moscow Hotel in the center of the city, which in 1947 housed the American, British and French delegations to the Council of Foreign Ministers.

Berlin—(AP)—Workers in Russian occupied eastern Germany

Seek Officers From Graduates

The United States Air Force has announced a program to build an officer corps composed in large part of graduates from colleges and universities throughout the nation. Capt. Ralph W. Ferrese, recruiting officer said today.

In a letter to college presidents, Gen. Hoyt S. Vanlenberg, Chief of Staff of the Air Force, has asked their cooperation in bringing to the attention of graduating seniors the opportunities for careers as officers and pilots in the Air Force.

"The mission of the Air Force involves problems of management, research, operations, and leadership," General Vanenberg's letter said. "Efficient solutions of these problems depend on a highly competent officer corps composed mainly of college-trained men and women."

"For college graduates interested in flying careers, the Air Force is reserving a number of places in its summer and early fall Aviation Cadet classes," Capt. Ferrese said. "The purpose is to permit seniors graduating in June to begin pilot training with minimum delay. Seniors who apply now will have their papers processed so that, if qualified and accepted, they will be ready to begin training in one of the early classes following their graduation."

After one year of Aviation Cadet training—including flight instruction, academic work, and leadership training—they are commissioned second lieutenants in the Air Force Reserve, with assignment to flying duties. Outstanding graduates of Aviation Cadet training receive Regular commissions immediately upon completing their training. The other, with Reserve commissions, have opportunities to compete for regular commissions while on extended active duty.

Estimate Coats Of Home Repair

New York—(AP)—Keeping the nation's non-farm houses in prime condition will cost American home owners between \$2,500,000,000 and \$3,100,000,000 during 1949.

That sum is being spent on roofing, painting, carpentry work and other repairs this year, according to estimates by the Tile Council of America.

Painting and redecorating, inside and out, are expected to account for about \$30 of every \$100 of home repair expenditures, the report revealed. Repair and replacement of heating equipment will take \$26, and roofing about \$15, on the average.

Installation of showers, tiling of bathrooms and replacement of piping will take \$6 out of each \$100, and carpentry work will account for the same amount. Miscellaneous repairs will account for the rest of the theoretic \$100, according to the report.

talk too much during working hours, says the Communist newspaper, Maerksische Volksstimme published at Potsdam.

"The workers talk too much and inflict extensive damage upon our national property," said the paper. It told the 5,000,000 Russian, some workers that they waste 12 minutes of their daily work hours by talking, thus causing a loss of 30 million marks of national property a year.

About eight and one half million youngsters are now enrolled in United States high schools.

WANTED TO MRS. WILLIAM DE TORE, EVERETT, MASS.

Peddler of Dreams

By Peggy Dern

Chapter 12

A few days after Thanksgiving, Ma Green's Trailer Camp had a surprise visitor. It was Susan Fleming.

Felicity was busy giving the trailer a thorough cleaning. "It would be!" she wailed holding to herself as Susan stood on the bottom step looking at her curiously.

"Forgive me for dropping in like this. But I knew you hadn't come to the beach and—well, I wanted to see you. So I came over to invite you especially."

"That's awfully nice of you," said Felicity, and felt a little less uncomfortable, because of Susan's matter-of-fact manner. "But we've found a place up north of Jupiter that's not private, and nobody seems to mind our using it."

Susan's face flushed a little and she said swiftly, "But you mustn't let the children go swimming just anywhere along the coast. There are places that are unsafe. My beach is always patrolled and the two new bodyguards I've hired for the baby are expert swimmers and ex-life-guards. The children must learn to swim, and since Lanny is a bit too young to keep them busy—why don't you let them teach your youngsters?"

"Thank you but I couldn't think of being such a bother—"

Susan put out a beautifully kept hand on one finger of which a star sapphire caught the sunshine and held it prisoned. "Don't be stuffy," she coaxed gently. "I know my butler was insolent that day, and I'm terrible sorry—but that exquisite child of yours who walked away with my baby seemed a very interesting person, and I'm anxious to know the rest of you. Please come over tomorrow afternoon and we'll have a picnic on the beach—please!"

"But—you must be awfully busy—"

Susan was slightly amused. "I'm a lonely, bored, restless creature, and it would be an act of Christian charity, if less, if you would bring the children—and that very nice young man of yours—and come over tomorrow afternoon! Now, be a good child and say you will."

Felicity could think of no more objections and to her own surprise, found she really didn't want to offer any more. She yielded as gracefully as she could. Susan smiled and took herself off.

Garrett came over, his hair

he had been saved from some very foolish step, yet not at all sure that he wanted to be saved, took himself off.

The children came in to lunch, clamorous with happiness and hunger; wide-eyed with excitement when they heard of Susan's invitation to a picnic the following day.

Ellen, who customarily went about with Hector held close in her arms, to that worshipful animal's resigned submission, held him more closely as she lifted wild blue eyes to Felicity and said breathlessly, "Did she invite Hector, too?"

Felicity hesitated. The dog looked up at her as though he shared his small mistress' anxiety. "Well, take Hector—right along. He'll probably be a riot."

(To be continued)

NOTICE TO CONTRACTORS SIDEWALK CONSTRUCTION GREENVILLE, N. C.

Sealed proposals for the construction of concrete sidewalks on West Fifth Street in the City of Greenville, N. C., will be received by the Mayor and Board of Aldermen in the City of Greenville, N. C., at the City Hall until 10 o'clock, A. M., E. S. T., on Tuesday, May 10, 1949, at which time and place they will be publicly opened and read.

The work contemplated will consist of approximately: 300 Cu. Yds. Excavation 1,740 Sq. Yds. 4" Concrete Sidewalks four (4) ft. wide 40 Ft. 6"x12" Retaining Wall One set of steps.

Plans, specifications and contract Documents are on file with the City Clerk at the City Hall, Greenville, N. C.; the office of the Engineer, Greenville, N. C.; the office of the Associated General Contractors, Raleigh, N. C.

A performance bond will be required equal to 100 per cent of the contract price, conditioned upon the faithful performance of the contract and upon the payment of all persons supplying labor and furnishing materials for the construction of the project.

Each proposal shall be accompanied with a cash deposit or a certified check on some bank or Trust Company authorized to do business under the laws of the State of North Carolina in amount equal to not less than five per cent of the proposal, said check to be made payable to the City of Greenville, N. C., as a guarantee that a contract will be entered into with the City within ten days after the award to the bidder and that the required bond will be executed.

The City reserves the right to reject any or all bids or to accept the bid that appears to be to the best interest of the City.

No proposal may be withdrawn after the scheduled closing time for the receipt of bids, for a period of thirty (30) days.

By order of the Mayor and Board of Aldermen of the City of Greenville, N. C.

J. H. BOYD, JR., Mayor
J. O. DUVAL, Clerk
Engineers: Henry L. and Thomas Rivers, Greenville, N. C. April 28-May 5.

NOTICE TO CREDITORS

Having this day qualified as administrator of the estate of Mrs. Lucy Moore, this is to notify all persons having claims against the estate to file them with the undersigned within twelve (12) months of this date or this notice will be pleaded in bar of recovery. All persons indebted to the estate will please make immediate settlement.

This 27th day of April, 1949.
GROVER SMITH, Administrator of Lucy Moore, Rt. 3, Box 185, Greenville, N. C.
S. O. Worthington, Atty. April 28 May 5-12-19-26 June 2.

NOTICE OF SALE OF SCHOOL SITE

Under and by virtue of authority contained in G. S. 115-86 of North Carolina, and pursuant to a resolution of the Pitt County Board of Education, the undersigned will offer for sale and sell for cash at public auction before the courthouse door in Pitt County, Greenville, North Carolina, on Saturday, the 28th day of May, 1949, at 12:00 Noon the following property:

That certain lot in Beaver Dam Township, Pitt County, known as "Paul's Chapel" school site, on the East side of the new road running from Ruel Willoughby's to the Nicholas Road, beginning at a stake on Ruel Willoughby's line and running South with said road, 70 yards to a stake, thence East 70 yards to a stake, thence North 70 yards to Willoughby's line—thence with said Willoughby's line to the beginning, being the same property conveyed by Allie Joyner to School District No. 9 by deed recorded in book D-5 at page 225.

This property is being sold because it is no longer needed for school purposes and the purchaser will be required to deposit 10 per cent of the amount of the bid on day of sale.

This 28th day of April, 1949.
PITT COUNTY BOARD OF EDUCATION
By W. H. Woolard, Chairman,
S. O. Worthington, Atty.
April 28 May 5-12-19

ADMINISTRATOR'S NOTICE TO CREDITORS

Having qualified as administrators of the estate of Mrs. Bessie McArthur, deceased, late of Pitt County, North Carolina, this is to notify all persons having claims against the estate of said deceased to exhibit them to the undersigned at Bell Arthur on or before the 21st day of April, 1950, or this notice will be pleaded in bar of their recovery. All persons indebted to said estate will please make immediate payment.

This 21st day of April, 1949.
JOHN L. MCARTHUR and A. D. MCARTHUR, Administrators of the Estate of Mrs. Bessie McArthur.
April 21-28 May 5-12-19-26

NOTICE OF SPECIAL BOND ELECTION TO BE HELD ON JUNE 4, 1949.

ON THE ISSUANCE OF TWO HUNDRED MILLION DOLLARS STATE SECONDARY ROAD BONDS, AND TWENTY-FIVE MILLION DOLLARS STATE SCHOOL PLANT CONSTRUCTION AND REPAIR BONDS.

The people of Pitt County will take notice that Governor Scott has called a special election to be held on June 4th, 1949, on the two propositions of whether the State of North Carolina shall issue two hundred million dollars in bonds for paving and repairing secondary roads in the state, and the issuance of twenty-five million dollars to be used by the counties for school plant construction and repairs. Under instructions from the State Board of Elections the registration books for this special election will open on Saturday, May 7th, at 9 o'clock, and

remain open until sunset on Saturday, May 21st. The various registrars in the county will be at their polling places for registering voters on the three Saturdays of May 7th, May 14th and May 21st.

This is not a special registration, therefore all persons who are now registered on the general election registration books will not have to register again for this special election. If you are not now registered in the general election registration

book in your residence precinct, you will have to register to vote in this special road and school bond election. If you are not certain you are properly registered now, you had better check with your precinct registrar on one of the three Saturdays mentioned above.

This 30th day of April, 1949.
PITT COUNTY BOARD OF ELECTIONS
By J. H. Harrell, Chairman
May 2-5-6.

Uncle Natchel's FERTILIZER TALK

There's a real good farmer in our section who's always preaching about cover crops for building up poor land. But he says you need something more for a good corn crop. How come he find out...

He side-dress a five-acre patch with two, three hundred pound of natchel soda. The corn start quick and keep growing good in the dry spells. There wasn't no firing and the ears was heavy and fuller filled. He say the other minerals in soda must help build them ears.
