Senator Prepares To Fight 'Purge'

Virginian And Friends Set For Possible Scrap Following President's Comment, 'Too Many Byrds'; Others Rally In Defense

Washington, May 10 (AP)—The reported crack by President Truman that there are too many Byrds in Congress spurred Senator Byrd (D-Va.) and his friends to arm themselves today against a possible purge movement.

Asserting that "if the President wants to purge me from the Senate, I'll be around when the purging starts," Byrd said he intends to keep fighting for the slash in spending he doesn't think the President wants.

Gilbert Harrison, national commander of the Americans Veterans Committee, quoted the President after a White House conference yesterday. Harrison said:

"He told us there were too many Byrds in Congress. He wants us to see that congressmen are elected who are able to see these things in the terms of national interest, rather than local interest and to make large plans rather than small plans."

Repeating, Byrd said: "I'm going to continue to make some small money plans that the President won't like at all."

"And I've got to see to it in a big plan, too. I'm going to see to it if I can, that the Senate doesn't confirm the nomination of Mon Whalgren to head the National Security Board. He's definitely not big enough for that job."

Byrd furnished the necessary Democratic vote when Republicans on the Senate Armed Services Committee bottled up the Whalgren appointment weeks ago.

Since that time, the Virginian has not been on good political terms with the President, who has said repeatedly that he wants Whalgren confirmed for the post.

The President's reputed remarks about Byrd were criticized by Senator Wherry of Nebraska, the Republican floor leader.

"The President is not understanding," Wherry said. "We need the Harry Byrd kind of men in the United States Senate. If the fiscal policy of the President is not halted, it will lead to printing press money or to wartime taxes, one or the other."

Senator Ellender (D-La.) said he doesn't agree with the President. "I just wish we had more men of Harry Byrd's type in the Senate," Ellender said. "If we don't have some economy in government, we're going to be headed for financial bankruptcy."

In a formal statement on the incident, Byrd said: "I owe my allegiance to my constituents in Virginia. So long as I remain in the Senate, I will vote as my conscience dictates and to represent the wishes of my constituents."

Byrd's friends said the President's crack probably will make the Virginian more solid than ever with the voters of his state. They usually resist outside interference in their choice of officials.

If any serious purge attempt seemed likely, Byrd would be almost certain to seek return to the Senate when his present term expires in 1952. He has been talking of retiring at that time.

Economists Gain Heavy Backing In Spending Attack

Democrats And Republicans Alike Throw Support To Council Of Advisers

Washington, May 10 (AP)—Democrats and Republicans alike in Congress threw support today behind a reported recommendation by President Truman's Council of Economic Advisers for a cut in government spending.

The council was said to have held that because of unsettled business conditions it would be safer to trim spending than to try any sharp tax increase.

Responsible officials said the economists went even further—to suggest the possibility of cutting some excise taxes and of delaying six months a social security payroll tax boost scheduled for July 1.

Each of these proposals got considerable backing from the lawmakers.

But the final decision on which way to turn in the face of obviously increasing financial pressure on the nation's economy rests with Mr. Truman. Thus far he has refused to back down on his repeated demands for \$4,000,000,000 in new taxes.

The economic advisers were said to have urged the President to accept a "lesser goal" than this. "If the national income is shrinking because business is shrinking, it would be nonsense to clamor more taxes on a falling economy," Sen. George (D-Ga.) told a reporter. "Our only hope is to cut expenditures."

Similarly, Chairman Doughton (D-NC) of the tax-writing House Ways and Means Committee, said he is "encouraged" by the advisory report.

"We should cut expenses all possible," he said, adding: "I agree that a big tax increase might have a harmful effect on business."

Commenting on the report, Democratic National Chairman J. Howard McGrath observed:

"I'm the kind who thinks that when you hire a doctor you ought to pay pretty close attention to his advice."

The economic advisers were reported to have found that no major part of the nation's economy is in serious trouble now, but that there are hazards ahead which must be watched closely—particularly the possibility of fourth round wage increases and top-heavy crop surpluses.

Lost Her Voice To Laryngitis

Washington, May 10 (AP)—Margaret Truman lost her voice temporarily during a three week attack of laryngitis, the White House disclosed today.

Mrs. James Helm, social secretary told reporters at a news conference that the President's daughter has now recovered, however. She returned last Sunday to New York where she is taking singing lessons.

Hankow Defense Starts As Reds Continue Attack

Mid-Yangtze Industrial City Said Already Seeking A 'Regional Peace'

Shanghai, May 10 (AP)—A Central News Agency dispatch from Hankow today reported that the battle for the defense of that mid-Yangtze industrial city started yesterday.

The agency said 600 Communists drove into Liangkulow about 20 miles north of Hankow. The attackers suffered 100 casualties, said the agency, but were reinforced.

Another dispatch from Hankow quoted a government army source as saying a movement for a regional peace in the area was "in full swing."

The army source told Central News Agency that some of the leading Hankow residents have formed a "security maintaining committee."

Committees of this nature usually are formed to administer cities between the time the Nationalists withdraw and the Reds arrive.

Earlier a Nationalist garrison commander here claimed a "decisive victory" at Liuhou, 30 miles northwest of Shanghai.

The government started counter-offensive in that area yesterday. Despite Nationalist claims, however, the Liuhou action from this vantage point appeared small.

The communiqué said the "extent of the Nationalist victory is now being ascertained."

Liuhou has not been mentioned in recent communiqués. It is a hamlet on a small stream entering the Yangtze from the south bank a short distance from Kunshan. The northern fork of a Red two-pronged drive toward Shanghai has been pointed at Kunshan for a week.

Nationalist forces also counter-attacked west of Kunshan yesterday, driving back a Communist force. The garrison reported 200 casualties were inflicted on the Reds in this action.

While these actions were going on, 1,000 Reds struck at Taichang, which is a few miles north of Kunshan. The communiqué said this attack was beaten back and 200 Reds were killed.

The communiqué did not mention the Kashing front where the Communist southern prong is moving toward Shanghai. Presumably the Reds are still in the vicinity of Kashing, about five miles west of Kashing. The Communists took Kashing Sunday.

Nothing was said in the communiqué about the central and southern China front where the Communists have been driving westward and eastward into Chekiang and toward Fukien Provinces. The whole vast area is in turmoil and the situation is clouded by the fog of war.

States Righters Talk Division Of Tax Revenue

Jackson, Miss., May 10 (AP)—A plan for the states to share federal income tax revenue awaits approval of States' Rights Democrats who convene here today.

A spokesman for the party confirmed yesterday that the plan would be submitted for approval by a special subcommittee.

The States' Rights executive committee met last night and the general convention assemblies today exactly a year from the founding session.

The spokesman said the proposal would call for a constitutional amendment. It would split the income tax receipts with the states 50-50, and abolish state income taxes.

He indicated the tax proposal is one of the first planks in a special platform being built for a States' Rights congressional campaign next year.

British Socialists Pass Nationalization Of Steel

London, May 10 (AP)—A hotly-disputed bill to nationalize most of Britain's iron and steel industry went to the House of Lords today. It was passed last night by the House of Commons.

The Lords planned to bring the measure—main item in the Labor government's socialist program—to early consideration. It is expected generally the upper chamber will riddle it with amendments, and return it to Commons which then will restore it virtually to present form, to become law.

Socialists call the bill an "attack on the heart of capitalism," because control of iron and steel means control essentially of British manufacturing, from bicycles to battleships.

The bill, proposed by the Labor government, went to the House of Commons to reject it was defeated 330-203.

It authorizes the government to buy the stock of 107 companies, but actual direction of the companies would stay in the hands of the men who run them now as private enterprises. The companies would work under a government holding corporation, retaining their present firm names. They would be free to compete with one another, but not to the point of clashing with the holding corporation's overall general plan.

Methodists Add 750,000 To Rolls

New York, May 10 (AP)—More than 750,000 new members have been added to the rolls of the Methodist church during the past ten years.

The figure was given by Bishop Ivan Lee Holt, of St. Louis, President of the denomination's council of Bishops, in a statement issued here by the church.

Always A Struggle? Concerning The Little Guy, Any Little Guy, Who Now Lives From Day To Day Wondering If There Can Ever Be A Little Less Shoving Around; It's Everywhere

By JAMES MARLOW

Washington, May 10 (AP)—The little guy, any little guy on this 10th day of May, 1949, wet his finger and held it up to see which way the wind was blowing. He couldn't tell.

High in the sky he saw a bird flying. "The dove of peace—maybe maybe," he said to himself. He wanted to think it was. He couldn't be sure. He trudged along, eyes straight ahead.

Russia and the west were going to end the Berlin blockade and talking of settling issues. But they had been talking of that off and on since the war and things hadn't been settled yet.

Knowing the nature of man, he couldn't be sure they ever would be and he thought: "I wonder if they'll ever be settled in my lifetime or anybody's lifetime, now or hereafter."

He didn't feel blue or gray or happy or depressed. He was living from day to day, wondering about next week and next year, hoping he could just live out his life quietly.

But deep tides were running all over the earth, tides of people and ideas, changing the lives and ways

of people, tides that were lapping closer to the shores of the world he lived in.

In China communism was rolling over 450,000,000 people, over 100,000,000 people in Russia and Siberia over more millions in eastern Europe, trying to get through the edges of western Europe.

And here and in western Europe people were banding together to build dikes of steel and planes and men in uniform to stop the eastern tides.

And while the tides moved and the dikes were being built, the statesmen in their natty homburg hats were getting ready to sit down together to find some way of living side by side without explosions.

What would happen in the end he didn't know, since he wasn't a prophet himself and didn't know anyone who was, although plenty of brass characters bob up, claiming to know truths, present and future.

But struggle, struggle, struggle. He had read in books that man is an animal and struggles to survive and this is a natural thing. But

Stresses Soviet Political Threat

Witness In Atlantic Pact Hearings Says Military Threat Secondary; Opposes Guaranty Of West European Borders

Washington, May 10 (AP)—James P. Warburg former New York banker and writer on international affairs said at the senate's Atlantic Pact hearings today that the real threat from Russia is political and not military.

"There has been and is a very definite Soviet threat to peace," he said. "But this Soviet threat has been and still is primarily a threat of Communist penetration, of subversion and only secondarily a threat of military conquest."

The Foreign Relations committee heard Warburg as the first witness on a speed-up schedule leaders have mapped out with the aim of getting senate approval by July 1 of both the pact and a \$1,300,000,000 arms program.

This stepped up schedule was arranged after a conference by Secretary of State Acheson with Senators Connally (D-Tex) and Vandenberg, (R-Mich.)

The pact would pledge the United States, Canada and 10 western European nations to mutual aid in opposing aggression. Signed here April 4, it will become binding on the United States only when approved by a two-thirds senate vote.

Warburg said that if the United States intends to defend western Europe's frontiers in event of war, then he would oppose the pact.

But he said he would approve if this nation is "committed to avenge and liberate, but not necessarily to prevent invasion."

"Either we are or we are not undertaking to defend western Europe against invasion," Warburg said. "If we are not—if we are merely undertaking to deter invasion—let us not permit our friends to be deceived."

If the pact means this nation is to "secure the frontiers of western Europe against invasion," Warburg said, then the proposed \$1,300,000,000 arms program "is merely the first bite."

He said "it is folly" to think the French, Dutch and Belgians would fight a delaying action for the benefit of Britain and the United States "if they knew in advance that their countries would be overrun and occupied."

"Surely it is folly to weaken our own military strength," he added, "by putting in the hands of our stock of weapons in the hands of troops who in the event of war would be forced to surrender them to the invader."

Governor Here Buyer Income For March Down Falls Three Percent Below Peak Reached Last December

Washington, May 10 (AP)—Consumer income dropped in March for the third consecutive month, falling three per cent below the peak reached last December. After the drop it was still four per cent above March, 1948.

The commerce department, reporting this today, said March consumer income fell \$2,000,000,000 below February to an annual rate of a \$214,300,000,000.

Declines in wages and salaries, easily the biggest item of consumer income, and in receipts of owners of farms and unincorporated businesses were chiefly responsible. They were partly offset, however, by increased unemployment compensation payments.

The term "consumer incomes as used by the government, means practically all income receipts by individuals as distinguished from income received by corporations."

Besides payrolls and earnings of unincorporated businesses, it includes such things as net rents to landlords, dividends and interest received by securities owners, and social security payments.

The department said payrolls showed in March the biggest drop so far in 1949, but that the coal mine "holiday" caused the fall to be greater than in January and February.

Layoffs and shortenings of the work week in many manufacturing plants accounted for most of the reduction in wage and salary receipts to a \$132,400,000,000 annual rate in March. The rate was \$134,700,000 in February.

Let Contract On Sidewalk Today For W. 5th St.

The contract for grading and laying 1,740 square yards of concrete sidewalks on west Fifth Street was let to Clark Construction company of Greenville today at a called meeting of the city board of aldermen.

The Clark Construction company which submitted the only acceptable bid on the project was awarded the job with a bid of \$4,902. City Engineer H. T. Rivers said work on the project is expected to begin immediately.

The contract let this morning calls for the paving of a four foot sidewalk on the south side of west Fifth Street from Elizabeth Street to Tyson Street, and on the north side of west Fifth Street from Nash to Latham Street.

Three Injured In Auto Accident On Pactolus Highway

An automobile with three school boys in it left the highway this side of Pactolus this morning, jumped a shallow ditch and then turned over, injuring all of the occupants. State highway patrolmen said the injured persons were taken to Tayloe Hospital in Washington. Patrolmen had not ascertained their names. James Davenport of Pactolus took the injured men to the hospital.

Officers said the car was not traveling too fast and that it was evident that some mechanical defect developed.

Grange Chiefs Meet In Raleigh

Raleigh, N.C., May 10 (AP)—North Carolina Grange officials met here today to discuss the federal government's new farm program.

A statement of the organization's stand on the program was not expected before late today.

Taking part in discussions were the Grange executive committee and the following commodity committees: Tobacco, Cotton, Peanuts and Truck crops, Dairy, Livestock, and Poultry.

Testifies Polish UN Delegate In Espionage Group

Former Military Attache Of Embassy Says Goals A-Bomb Secrets

Washington, May 10 (AP)—The former military attache of the Polish Embassy here testified today that a Polish representative to the United Nations was sent to this country "to do espionage in the atomic bomb field."

He called the Polish Embassy "the center of a spying apparatus and subversive activities directed against the United States."

The statements were made to a senate judiciary subcommittee by Gen. Isidor Modelski. He said he was in the United States to "try to expose what he called a network of Communist activities here and has been working closely with army intelligence."

The subcommittee is conducting hearings on a bill by Senator McCarran (D-Nev.) to tighten America's immigration defenses.

Modelski identified Ignacy Zlotowski as the Polish United Nations representative he said had been sent to this country to carry on espionage in the atomic bomb field.

Modelski said that during the war, Zlotowski was in France "with Curie-Joliot, head of the French atomic commission and a prominent member of the French Communist party."

Modelski said that after the collapse of France, Zlotowski came to this country to become a professor and worked here as a scientist for four years.

"Zlotowski was a prominent Communist and I have heard that he was a great scientist," Modelski went on. "In 1946 Zlotowski returned to Poland after teaching at four universities. He subsequently returned to the United States as Polish representative to the United Nations and a deputy to the Polish Ambassador."

Modelski said Zlotowski again went to Poland about 1948, and then the witness added:

"It was the job of Zlotowski, whose real name was either Goldberg or Goldman, to do espionage in the atomic bomb field because he was a physical scientist and specialist in this field."

Emily Post Rules On Road Conduct

'Motor Manners' By Etiquette Expert To Be Given Drivers

New York, May 10 (AP)—A gentleman will no more cheat a red light or stop sign than he would cheat in a game of craps.

Emily Post speaking. "A courteous lady will not 'cold' rationally with her automobile horn any more than she would act like a 'fishwife' at a party."

"Primitive, irresponsible, discourteous and impatient behavior behind the wheel of an automobile has no place in society."

"The wellbred person will see courtesy and well-mannered human conduct in practically every traffic rule."

These are quotes from a traffic safety booklet, "motor manners," issued today by the National highway users conference.

Mrs. Post, whose name has been synonymous with rules of etiquette for many years, wrote the pamphlet free of charge.

It is to be distributed free to individual motorists. The grateful highway users—an organization of groups such as truck drivers and the American automobile association—tendered Mrs. Post a luncheon at the Plaza hotel this noon.

The New Constitution For A German Republic; Provides Greatest Degree Of Democracy They Have Known; Turnabout From Recent Past; They Have A Chance

By DeWITT MacKENZIE

Western Germany's new Republic constitution—modeled on the American and British system of government—is one of the most remarkable documents of the kind ever drafted. It is truly the product of our new era.

This constitution provides (on paper, at least) the greatest degree of democracy the country ever has known. Indeed, one might say it provides virtually the only democracy Germany has experienced, because of the short-lived Weimar republic (1919-33) died an unnatural death before it could fulfill its promise.

Even more striking is the fact that Germany—twice the instigator of world wars within a generation—not only outlaws aggressive war but provides for the transfer of a United States proud sovereignty to the United States of Europe. And Germans who only a short time ago were bowing the neck to the Hitlerian dictatorship are given a sweeping bill of rights which declares that "the dignity of man shall be inviolable."

What a transformation! There still are knocking about plenty of us "old timers" who hark back to the days of Kaiser Wilhelm II, the "all-

highest" who fathered World War I, pursuant to his policy of imperial expansion. The Kaiser was an autocrat who believed that he ruled by divine right, a fact which inspired an American to write the famous satirical poem "Me Und Gott," which infuriated the Emperor.

The old Kaiser was the epitome of Prussianism. Under his "Me Und Gott" rule, aiming at expansion, there was a rapid rise in taxation because of the cost of armament, and a large class of the population was dissatisfied with the militaristic organization of the country. It was this period that saw the great expansion of the Krupp armament works in the Ruhr.

Then came the World War which resulted in the abdication of the Kaiser. The Weimar republic tried to inaugurate Democracy only to be overtaken by the Hitlerian Regime, which represented one of the most terrible dictatorships of all time.

Now we get the violent revolution to all this in the new constitution. German political leaders claim it is the

Preparations Set To End Blockade

Ford And Union Officials Agree To Negotiation

Strike Idling 65,000; 40,000 Others Face Layoff Within Another Week

Detroit, May 10 (AP)—The Ford strike idling 65,000 men — and threatening as many more — was carried to the peace table today.

On the sixth day of the "speed-up" deadlock management and the CIO United Auto Workers sought a solution together.

Their initial negotiations were set for 2 p.m. (EST).

In keeping with other events of this first major labor battle in a year in the auto industry, the agreement to negotiate came yesterday with dramatic suddenness.

Young President Henry Ford II acting swiftly, accepted a proposal for talks from President Walter Reuther of the union.

The two acted as strike-caused layoffs in Ford and supplier firms already were mounting into the thousands.

A full 40,000 more Ford workers face idleness within a week if the strike is not settled. Ford has warned it may have to shut down all its 49 plants.

In agreeing to negotiations Ford said his company assumed that the talks would be "continued until this strike can be brought to a close."

He declined two accompanying proposals from Reuther, however. Ford said he would neither appear personally at the negotiations nor would he engage in a public debate with Reuther if the dispute weren't settled by Friday.

The red-haired union chief, in a public statement, later, deplored Ford's answer on those two counts by the carrier the matter no further.

It was only a little more than two hours after receiving Reuther's invitation to negotiate that Ford returned his formal assent.

Almost immediately the initial session was arranged—in the same Detroit building where the futile peace talks of last Thursday collapsed shortly after the strike deadline last Thursday.

Reuther asked Ford's personal presence at the negotiations so that he would be "apprised of all the facts in the situation which you obviously do not have."

However, Ford said he was leaving the negotiations to John S. Bugas, vice president in charge of industrial relations who headed the company team in the previous talks.

Sampson County Asks ABC Vote

Clinton, May 10 (AP)—A county-wide election on the question of establishing ABC stores in Sampson County was requested yesterday by the Board of Commissioners.

The board, taking the action in special session, sent the request to the County Board of Elections.

Documents Refute Red Propaganda On Prague

Washington, May 10 (AP)—Allegations that Communist propaganda claims, the United States today offered official wartime evidence that American troops were ready to free the capital of Czechoslovakia, but held back at Russia's request.

The State Department made public records bearing on the point because Moscow and the Czech Communists have been giving Russia all the credit for the liberation of Prague from the Nazis four years ago.

Among the documents released yesterday was a Soviet request to Gen. Dwight D. Eisenhower to halt his fast-moving American troops at Pilsen, some 50 miles short of the Czech capital, Eisenhower complied. Four days later the Soviet army routed the last Nazis from Prague.

In taking the U.S.-Russian messages out of storage, the State Department said that the American forces were acting for military purposes—in this case to avoid confusion with the approaching Red army—not for political reasons.

In a message dated May 4, 1945, Eisenhower notified the Russian high command that his forces were ready to sweep on to the Elbe and Voltauva Rivers and thus enter the valley in which Prague is situated.

The next day brought this prompt letter from Gen. Antonov, chief of the Red Army general staff:

"The Soviet command requests General Eisenhower to refrain from advancing the allied forces in Czechoslovakia beyond the formerly designated line." That line ran through the towns of Karlsbad, Pilsen and Budweis—and that's where the U.S. troops halted their advance.

Weevil Attacks Tobacco Plants

Raleigh, May 10 (AP)—The vegetable weevil's larvae has damaged about three of every four tobacco plants beds in the central and eastern parts of the state.

In most cases only a few plants have been eaten said Dr. Henry J. Townes, tobacco insect specialist for the agricultural experiment station, yesterday.

THE DAILY REFLECTOR  
May 10, 1909

Forty-four years ago one of the bloodiest civil wars in history came to an end. Since that time patriotic spirits through the South have each year observed the 10th of May as a day memorial, a day to decorate the graves of those who gave their lives for the South and to pay loving tribute to their memory, and a day for reunion of the survivors of the great struggle. It was an interesting scene to witness the gathering of old Confederates on this memorial day. The exercises began a little before 10 o'clock when the Bryan Grimes Drum Corps formed at Five Points and marched to the court house and passed in review of the old soldiers assembled about the square. For the last few years the question had been at times considered in Greenville. A committee was appointed to solicit subscriptions. After exercises dinner was served the veterans on the court house square.

### Library Notes

Winners of the awards in the Children's Spring Book Festival are now on display in the Sheppard Memorial Library. The Children's Spring Book Festival is sponsored by the New York Herald Tribune and has as its chief feature an ex-

hibit of spring books for children. In connection with it three prizes are awarded. An award is given the best book in each of three classes: for younger children, for middle-aged children and for older children. In addition four honor books are chosen in each group. In addition to the spring festival winners the books awarded the Caldecott and Newbery medals for 1948 are on display. Announcement of these awards were made in March by the children's section of the American Library Association. Children, parents, and teachers are invited to the library to see and examine these outstanding books for children.

May Day Festival The public is invited to attend the annual May Day festival at Third Street school Wednesday afternoon at 2:30. The program will consist of the crowning of the May king and queen, band music, singing and dancing.

P. T. A. of Third Street School A short business meeting of Third Street School P. T. A. will be held Wednesday afternoon immediately following the May Day festival.

as encores, the popular "Londonderry Air" and Schumann's "Traumerl." The young artist was warmly received by an audience from the college and the city, and by a group of special guests from Durham. Mrs. Margaret Gilbert pianist, accompanied Mr. Adcock.

Mary Wallace Foy of Pollockville, soprano, assisted Mr. Adcock in his recital. She sang Grieg's "My Johann" and the aria "Sheep May Safely Graze" from Each's "Birth-day Cantata." Accompanying her in the latter number were Mr. Adcock, Mrs. Gilbert, and William Adcock of Durham, clarinetist.

Attending the recital from Durham were Mr. Adcock's parents Mr. and Mrs. G. E. Adcock, Mrs. G. G. Wheeler, Miss Ellen Adcock and Miss Minnie Daniel.

### Winterville High School Students Visit Washington

Ten Winterville High School seniors, chaperoned by Woodrow Worthington and Mrs. Agnes Barnes, have returned from a sight-seeing visit to Washington, D. C. and Arlington, Va. While in the nation's capital they visited the Washington monument, Lincoln Memorial, the Capitol, Smithsonian Institution and Arlington cemetery and other places of educational value.

The party stopped during their five-day trip at the Washington Tourist Camp in East Potomac Park. The seniors said they didn't miss a thing on the trip. They attended the Capitol Theater and Club Kanokas, where they heard Buddy Baer, brother of Max Baer, sing, and "Stubby" Pastor, brother of Tony Pastor, lead his band. Anne Russell was the star of the show at the

Capitol Theater. The students were profuse in their thanks to Woodrow Worthington for his hospitality and Mrs. Barnes' chaperonage. The party returned by way of the Skyline Drive. Seniors in the party were: Lillian Cayton, Joyce Branch, Peggy Bright, Evelyn Hodges, Peggy Langston, Roy Brickhouse, Thomas Costelloe, Billie House, Donald Paramore and Elton Cox.

### SPTC To Meet Thursday Night

The Student - Parent - Teacher Council of the Greenville High School will hold its last meeting of the current school year next Thursday night at 8:00 in the GHS library. SPTC president John A. Neilson will preside.

An executive discussion of the present extra-curricula activity set-up in the high school will be the topic of the program. The history, present condition, and future of the activity program will be examined by a panel of administrative officials, parents, teachers, and students. Following the presentation of the subject by the panel, the floor will be opened for comment by the parents, students, and teachers present.

Those taking part on the panel will be J. H. Rose, Mrs. W. F. Young, R. B. Starling, Howard Proctor, Mrs. J. H. Waldrop, Mrs. Luther Herrin, Mrs. T. M. Watson, Fred Brooks, Miss Frances Lamb, and O. E. Dowd. "I strongly urge all GHS students, parents, and teachers to attend this most important meeting and freely discuss and make known their ideas on the present extra-curricula activity program," stated the Reverend John A. Neilson, SPTC president.

The Student - Parent - Teacher Council is an independent group of students, teachers, and parents of the Greenville High School. The council is endeavoring to foster inter-cooperation between students, faculty, and parents and to assist in the solving of school problems which relate to all three groups.

### Williford Host To Kiwanians At Supper Meeting

Edgar H. Williford, member of the Kiwanis Club's Board of Directors, was host to the club officers and directors and several committee chairmen and others at a barbecued chicken supper at the American Legion Home last night. President Arthur Tripp presided.

The board of directors handles all of the Kiwanis Club's business at the monthly meetings. Committee reports read by Secretary David C. Moore, Jr., indicated that the club is in a flourishing condition, with a membership of about 80. The recent Kiwanis minstrel was a fine success. It was announced that the Greenville Club will be well represented at the Kiwanis International Convention at Atlantic City in June. The Underprivileged Child Committee made a gratifying report. The Key Club, recently organized with 16 outstanding high school students as members, is active and doing good work.

Officers are: Arthur Tripp, president; N. C. Brooks, past president; Tige Gardner, vice-president; and David C. Moore, Jr., secretary-treasurer. Directors: W. H. Woodard, Dr. Melvin F. Root, Wyatt R. Highsmith, Hunter B. Keok, J. Bryan Brown, V. A. Merritt, J. Archie Rogers and Ed H. Williford. Special guests at the supper meeting were: Past Lieut.-Governor Ed E. Rawl, past president, J. M. Barrett and N. C. Brooks; and David E. Evans, Bill Taft, J. A. Collins and Chester Walsh, committee chairmen.

### ROTC Instructor Gives Program At Lions' Meet

Sgt. Bruce Baxter, instructor in the R.O.T.C. department of East Carolina Teachers College, presented the program at the weekly meeting of the local Lions Club on Monday evening. The film short "Operations Crossroads," which depicts the B-29 atom bomb tests, was shown by Sgt. Baxter. This service film pictured in detail the great amount of preparation necessary prior to the actual dropping of the bomb, the tremendous destructive power of the bomb and the careful study made by the scientists attached to "Operations Crossroads" of the effects of radioactive masses produced by the explosion. Perhaps the most sensational scenes were those taken at the moment of explosion, one of which scenes was taken from directly overhead by a Navy cameraman.

Lion Ernal Willis reported that the Lions sold a total of \$1250.18 worth of Easter Seals during the Seal Sale Week.

Lion President E. B. Aycock presided over the meeting.

The Notre Dame football team will face Indiana, Washington, Purdue, Tulane, Navy, Michigan State, North Carolina, Iowa, Southern California and Southern Methodist in 1949.

### Rotarians Hear Report On Meet Held In Kinston

By WYATT BROWN

The conference at Kinston last week of the 188th District of Rotary International was reported on last night by some of those who attended sessions from the Greenville club. Dr. H. J. McGinnis spoke first mentioning the high quality and importance of such conferences to Rotarians.

Those reporting were L. M. Buchanan, J. B. Kittrell, Jr., E. L. Willard, J. B. Kittrell and Wendell Smiley, Howard McGinnis, a member of the local club, appeared on the program in Kinston handling the subject about new members in Rotary.

Arturo Andrade, better known as "Pete," was presented as the Junior Rotarian of the month last night. E. L. Willard, club president, presided.

### Commendation Is Sent Recruiter

Charles C. Albert, officer in charge of the navy recruiting station in Greenville, has received from the commandant of the sixth naval district a letter of commendation for "initiative and diligence" in the organization of a naval reserve unit in Greenville.

The letter of commendation to Albert stated in part, "By virtue of your efforts there gathered together an enthusiastic group of naval reservists whose purpose was to establish a volunteer naval reserve unit in the city of Greenville, North Carolina . . . and the successful formation of this unit may be attributed in a large degree to your laudable support of the naval reserve program."

The winning players' shares in the 1948 World Series, which saw each Cleveland Indian collect \$6,772.06, set a new record.

### Municipal Band To Give Concert At Courthouse

The Greenville municipal band will give a concert on the third street portico of the courthouse next Sunday afternoon at 4:30, under direction of Bandmaster John Arant. Radio station WGTC will broadcast the program. In case of rain the concert will be given in the courtroom.

Post 39, American Legion, is sponsoring the municipal band. The Legion has invited all civic organizations to join in sponsoring it. The post band committee is B. B. Sugg, Jr., and James L. Jenkins. Jenkins said that with two concert bands, two hillbilly bands and the college symphony orchestra, the municipal band, after it has secured permanent public support and favor, will have no trouble making replacements for vacancies. Musicians of Greenville and Pitt county are invited to join the municipal band.

The band will practice at the high school band room Wednesday night at 8 o'clock.

### Circus To Give 2 Performances

On Tuesday, May 17, the Greenville Lion's Club will sponsor Rogers Three Ring Circus. There will be two performances, one at 3:00 in the afternoon and the final one at 8:00 in the evening. This will be the first time in several years that a circus has been to Greenville, and promises to be the finest which has ever been here. Included in the circus are over 200 animals and a host of trapeze artists, tumblers and high-wire performers.

The circus will be held on the new American Legion property adjacent to the airport. The price of admission is \$6.00 for children and \$12.00 for adults. Tickets may be obtained from any member of the Greenville Lion's Club.

# Graduation Exercises To Open Saturday, For 3 Days At College

Commencement exercises at East Carolina Teachers College will begin Saturday, May 14, with Alumni Day and will extend through graduation exercises Monday morning, May 16. Speakers at chief events during the three-day period will be Dr. John Dale Russell, director of the Division of Higher Education of the U. S. Office of Education, and Dr. Riley B. Montgomery, president of Lynchburg College in Virginia and president-elect of the College of the Bible in Lexington, Ky.

Programs will center around the graduation of 215 students at the college. Of these 160 are candidates for the bachelor of science, professional degree for teachers; 41 for the bachelor of arts, liberal arts degree; and 14 for the master of arts, also a degree primarily for teachers.

Dr. Malene Grant Irons, Greenville pediatrician, will receive Saturday morning at a meeting of the college Alumni Association the award granted annually to an outstanding graduate of the college. The presentation will be made by Dr. Howard J. McGinnis, director of the bureau of field services at the college. Mrs. Dubose Bullard of Wilson and other recently elected officers of the Alumni Association will be installed at the meeting.

Reunion of the classes of 1914-1919, 1924, 1929, 1939, and 1948 will be held during the day. Other events will include an alumni luncheon in the college dining hall, a tea at the home of President and Mrs. John D. Messick, an allegiance service for 1949 graduates joining the Alumni Association, and a recital by students of music.

## Wins Scholarship

Fredrick Phillips Brooks, Jr., 17-year-old Greenville high school senior, has won an honorary college scholarship in a national scholarship competition held by the National Association of Secondary Schools Principals, Washington, D.C., it was learned today from Principal Orren E. Dowd.

The scholarship was won in competition with 5,915 selected high-ranking students from 1,492 schools throughout the nation. Each student was a senior member of the National Honor Society.

Seven National Honor Society Honorary Scholarships were awarded to students who had distinguished records, but who were not in need of financial assistance to attend college. The students attained the highest grades on the General Aptitude Test. In addition to the seven honorary scholarships given there were 10 scholarships of \$300 each given to a student who needed financial aid in going to college.

The Greenville scholarship winner is the son of Dr. and Mrs. F. P. Brooks, 431 West Fifth Street. After graduation from Greenville high school Frederick plans to enter Princeton University in September. In Greenville high school he holds the office of treasurer of the student body, president of the Greenville chapter of the National Forensic League, charter member and executive of the Electrical Engineers, chairman of the judicial committee of the student government and a member of the Varsity debate team.

In addition to these offices, he is well known as a singer and a church worker. He served as the president of the local and sub-district of the Methodist Youth Fellowship.

Brooks won honorable mention in the Westinghouse science talent search, and ranks at the top of his class.

## Warns Merchants Of Counterfeit 20-Dollar Bills

By CHESTER WALSH  
Greenville Police Chief Lester D. Page today warned the public to be on the lookout for counterfeit \$20 bills. Bristol, Va., police radioed local police that two men and a woman had passed many of the bogus "twenties" in Bristol, that they had warrants for them, and that the trio had left for other fields, presumably Greenville. Chief Page informed the Merchants' Association.

The serial number of the counterfeit \$20 bills passed in Bristol all bore the same serial number—G-97958599-C.

Bristol police described the bogus money manipulators as white. One man is between 35 and 40, 170 pounds, 5 feet, 11 inches tall; tan complexion; wearing tan straw hat, red tie and white shirt and gray trousers.

The other man was described as being between 40 and 50, weighing about 200 pounds; 5 feet, 11 inches tall; very short hair, army dress shirt; no tie; tan trousers, darker than shirt; bareheaded.

Bristol police had no description of the woman in the party. They stated that the method is to make a small purchase and give a \$20 counterfeit bill. Their mode if travel is unknown.

Businessmen are warned to scrutinize all \$20 bills and remember the serial number of the counterfeit bills—G-97958599-C.

Organist In Recital On Sunday Evening  
George K. Perry, faculty member of the department of music at East Carolina Teachers College, was presented Sunday evening in an organ recital at the Immanuel Baptist church of the city. Sponsoring the event was the Greenville Music Club. Mr. Perry's recital was the last program to be given during the 1948-1949 season of the club.

A large group of club members and of others from Greenville was present to hear Mr. Perry. The program was also broadcast over the facilities of WGTC, local radio station.

If you will think back with me, you'll remember that last week I mentioned in this little column of news that our goal for Sunday school Sunday was 160. I'm very happy to report that we reached our goal and even went over it. We had 163 present—the largest attendance ever recorded at Sunday school at Piney Grove. I sincerely hope that we'll be able to keep this wonderful record up. Won't you help us do it by attending Sunday school with us, if you aren't already enrolled somewhere?

For services yesterday the church was filled to capacity. Every seat in the church was occupied and even more chairs had to be brought out of the Sunday school rooms. It being Mother's Day our pastor, Rev. R. N. Hinnant, called for a show of hands of all the mothers present. Both the youngest, Mrs. Earl (Spooky) Morgan, and the oldest, Mrs. Bettie Allen, were presented a potted plant. The oldest father was Mr. Joe Follard.

## Norfolk Alumni Hear Messick

Dr. John D. Messick, president of East Carolina Teachers College, was guest speaker at a dinner meeting of the college alumni chapter in Norfolk last Friday evening. Organized in April as the second out-of-state chapter of the college alumni, the Norfolk group was represented at the meeting by 78 members.

Recent progress at the college and plans for expanding of services and facilities were discussed by Dr. Messick. Mrs. Ruth Garner, alumni secretary at the college, introduced the speaker. C. O. Armstrong of Norfolk president of the chapter presided.

## New Officers Chosen For Canterbury Club

Gordon Pindexter of Warrenton, junior at East Carolina Teachers College, will serve as president of the Canterbury Club for the 1949-1950 term. The organization, made up of student members of the Episcopal church attending the college carries on an active program of religious and recreational work during the school year.

Also recently chosen as officers of the group are David Jones, Greenville, vice president; Lina Worthington, Greenville, secretary; and Carl Anderson, Elizabeth City, treasurer.

Judy all received third year pins. I'd like to say in this connection that Judy has not missed a Sunday being at Sunday school since she was one month old. What a record—I wonder if another Sunday school can top it.

Dear Judy,

If you want to be a popular mermaid this summer, now is the time to watch that waistline. Some girls are lucky enough to get the tipoff before they pose themselves ungracefully on the diving board at the local swimming pool. Normandy H. S., St. Louis, athletes make no bones about the subject. Their edict is that "girls had better go on a reducing diet if they expect to get a date to the Letterman's annual dance."

The Lettermen have selected "Ounce Bounce" as the title for their dance again this year, and that means the cost is a penny for each pound the girl weighs

This is a good excuse for a young man to take out that nice slim chick who just moved into the neighborhood. After all, his crowd can't object. It's his duty to get the slimmest girl he can find.

o-o-o  
So get busy, girls. Even if you live hundreds of thousands of miles from St. Louis, and will not be asked to the dance anyway, remember, boys will be boys whether they are from San Francisco, Detroit, San Antonio, Miami, or New York. They all like the feminine form curved—but in the right places. If you have an added tire roll at the waistline or extra padding at the hips and thighs, give yourself a break—get rid of that extra fat at once.

o-o-o  
If you are in good health and are from 5 to 10 pounds overweight, you can lose it in a jiffy. The first day, go on a liquid or fruit diet. For the rest of the week eat plentifully of such things as raw celery, carrots, tomatoes and lettuce (no salt or dressing). These are wonderful to nibble on in between meals or just before dinner. If you let them take the place of a dinner appetizer, very often you can cut your dinner ap-

petite considerably. o-o-o  
Experts say the best way to diet when you just want to lose a few pounds is to cut everything that you normally eat in half—all except meat, unless you eat great quantities of it. You can eat a small portion of dessert after meals, certainly nothing between meals, and still lose weight. If you have been accustomed to a high sugar diet. It may be easier and quicker to lose weight, however, if you can skip the dessert. A girl who is very much overweight should carefully count calories while on the diet. She can include in her diet a slice of whole wheat toast for breakfast and a boiled or baked potato at dinner without spoiling her chances of losing weight. o-o-o

As long as you are going to devote a week to dieting, take a whirl at some exercises. Walk home from school or take a walk after dinner in the evening. Supplement this with some hip rolling exercises before you go to bed. Waistline benders also come in handy and these are good for hips and waist. If you want to do a

really good hip rolling, lie flat on the floor, raise left leg and roll over trying to reach your outstretched right hand. Repeat this as often as possible. Then raise right leg and do the exercise the same number of times.

## Bears Do All Their Scoring In Fourth Frame Of First Game; Score Eight Runs In Big Seventh Of Night-Cap

By BERT MOYK

The New Bern Bears swept a doubleheader from the Greenville Greenies down in New Bern last night with a 3-0 shutout in the opening game and then came back to take the night-cap, 10-3. The win for the Bears gave them full possession of first place in Coastal Plain League standings.

**First Game**  
The New Bern Bears bunched five of their six hits off the offering of Junior Yohn to score three runs in the fourth frame and win the opening game.

Yohn, after pitching hitless and scoreless ball for the first three frames, weakened in the fourth as the Bears began to growl. Neil Howard and Roy Kennedy led off with singles, Jake Daniels doubled into deep left centerfield to bring them home and then Joe Wheeler singled, with Daniels taking third and Bill Paden hit to Shortstop Tepedino, who bobbled the ball with Daniels racing home on the error. That was the only frame during the seven inning affair that they had a chance to score.

Rookie Teddy Weygant pitched the route for the Bears and scattered six hits very effectively over a period of four frames. Paul Strausser, with two singles in three trips to the plate, led the six-hit attack off Yohn.

Score by innings:

Greenville ..... 000 000 0-0 0 1  
New Bern ..... 000 300 3-0 6 0  
Yohn and Mauney; Weygant and Anthony.

### Second Game

After scoring a run in the third and one in the sixth, without the benefit of a hit, the Bears came back in their half of the seventh and scored eight runs on six hits, four walks, three stolen bases, one wild pitch, a passed ball and one error to put up the score of 10 to 3. Joe Padgett went the route for

the Bears and gave up a total of seven hits with the Greenies bunched three hits in the eighth, aided by a walk to score three runs and save themselves from a second shut-out.

John Tepedino walked, Cohen singled, Mauney forced Cohen at second, Pappy Williams doubled to bring home Tepedino and Mauney and Steve Denier singled to bring home Williams for the Greenies only runs of the game.

Gariand Little started on the mound for the Greenies and was relieved in the seventh after yielding eight hits, ten runs, eleven walks, made two wild pitches and struck out three. Manager Pappy Williams pitched the remainder of the game and allowed one hit and no runs.

Bob Cohen with a double and a single in five trips to the plate led the seven-hit attack of the Greenies.

Bill Bevil with three singles in six trips to the plate and Russ Hand with two for five led the nine-hit attack off the two Greenville hurlers.

Score by innings:

## Training Site Is Country Club

Chicago, May 10—(P)—Sunset Hills Golf and Country Club near Moneese, Ill., about 50 miles south of Chicago, will be the training site of Edvard Charles for his heavyweight title fight with Jersey Joe Walcott. Charles will open camp May 20. Walcott's manager, Felix Boochichio, was due to arrive in Chicago today to look over prospective sites at Kenosha, Wis., and Waukegan, Ill., for Jersey Joe.

## Catcher Laid Up For Two Weeks

Chicago, May 10—(P)—The Philadelphia Athletics probably have lost the services of veteran catcher Warren (Buddy) Roar for two weeks. Roar left the team here last night to return to Philadelphia for treatment of a torn knee cartilage. He suffered the injury to his left knee in the A's 3-1 win over the Chicago White Sox in the second game of Sunday's doubleheader during a homeplate collision with the Sox' Gordon Goldsberry.

**Sidelights**—The double loss for the Greenies last night dropped them a notch in league standings. . . The seven-inning game last night was reeled off in one hour and five minutes. . . In the first three frames of the opening games only nine men faced Yohn. . . The shutout was the first suffered by the Greenies this season. . . Not a single man was walked in the first game at New Bern last night. . . Little made up for it in the second game when he issued 11 free passes to first. . . Pappy Williams, who pitched the final one and one third frames last night was a proud thing when he walked off the mound in the eighth after striking out Neil Howard. . . The Bears stole a total of five bases in last night's second game which the Greenies were unsuccessful in this field. . . Well, unless rain interferes the two teams will meet in a twin bill here tonight. . . Three down and four to go in the matter of twin bills for the Greenies.

The Kinston Eagles have bought Aaron M. Ososky, limited service pitcher from Smithfield, and acquired a southpaw hurler, Lefty Ray Kys, and a rookie catcher, Joe Boehmer from Anderson, S. C. . . The Eagles put out one grand for Ososky. . . The Rocky Mount Leafs have released veteran Jim Gudger and he has gone to Hendersonville of the Western Carolina League. . . Lonnie Smith, a veteran, formerly with the Leafs, is now with Winston-Salem of the Carolina League. . . Emmett Cheek, graduate student at the University of North Carolina and new assistant coach at Guilford College, has signed a contract to play with the Wilson Tobs. . . He is an outfielder. . . Brantley Aycock, Atlantic Christian college's catcher, has announced that he plans to sign a professional contract with a Coastal Plain League Club. . . His contract announcement is expected to come after ACC's final game with High Point College Saturday afternoon. . . Bob Latschaw, first baseman of the Wilson Tobs part of last season, is now playing first for the Lynchburg Cardinals of the Piedmont League. . . Rumors flying around the circuit are to the effect that Sam McLawhorn will return to the Kinston Eagles within a few days and take over the managerial post.

## Predicted 'Also Rans' Turning Into Near-Perfect Baseball Club

By JOE REICHLER  
Associated Press Sports Writer  
One swallow doesn't make a spring and one week doesn't make a season. But during the past seven days the New York Giants have been as near perfect as a baseball club can be.

Here are some of the amazing feats accomplished by Leo Durocher's men—the team experts predicted would wind up an also-ran because the pitchers would give away more runs than the hitters could manufacture.

Including last night's handy 7-2 triumph over the Chicago Cubs, the Giants have won their last seven games and a half and a half lead in the National League race.

During that stretch, Giant pitchers have gone the route in all but one game. And in that one, Sheldon Jones, who went all the way last night, was removed for a pinch hitter after allowing only one earned run in eight innings.

In six of the Giants' last seven games, Durocher has used the minimum nine men throughout. Only a pinch hitter and a two-inning relief job by Hank Behrman last Thursday marred a perfect week.

The club has used a four-man rotating system on the mound throughout the season—Clint Hartung, Larry Jansen, Monte Kennedy and Jones. No other pitcher has started a game. This Big Four has allowed only 14 runs in the last seven games.

While holding the opposition to two runs per game, the Giants pounded enemy hurlers for 48 during the week.

Last night's homer hitters were Gordon (No. 7) and Marshall (No. 10).

3). Rigney was the big gun, however. He collected a single and double and drove in three runs.

Vern Bickford pitched the Boston Braves into second place, a game and a half behind the Giants, with a three-hit 4-1 triumph over the Pirates.

The Braves got eight of their 10 hits and three runs off loser Murry Dickson, who also came back last night after failing to finish the first inning Sunday. Merv Bickert and Jimmy Russell paced Boston's attack with three and two hits, respectively.

In an afternoon affair, the St. Louis Cardinals snapped a three-game losing streak by thrashing the Brooklyn Dodgers, 14-5, to move out of the cellar. The loss dropped the Dodgers into third place, a half game behind the Braves.

A pair of rookies—Eddie Kazak and Tommy Glaviano—sparked the Redbirds' 15-hit attack against six Dodger hurlers. Kazak, the league's

leading batter, rapped out a single and grand slam home run to drive in five runs. Glaviano drove in four mates with a single, double and homer.

The American League leading New York Yankees, who have been surging through the west in old championship style, received a surprising 4-1 setback by the Tigers in Detroit. Young Ted Gray limited the Bronx Bombers to five hits to outpitch Vic Raschi.

Dick Wakefield started the Tiger, off on a three-run second inning by blasting Raschi's first pitch for a home run. Johnny Lupon's single with the bases loaded furnished the Tigers with two more runs. A single by Johnny Lindell followed by Jack Phillips' triple spoiled Gray's shut-out bid.

All other American League teams enjoyed a day off. The scheduled night game between Cincinnati and the Phils in Philadelphia was postponed by rain.

## Cream Of Kentucky Derby Run Again In Preakness

Baltimore, May 10—(P)—The makings of a tight horse race for Saturday's preakness is at old Pimlico today.

The cream from the Kentucky Derby is on the grounds ready for the second leg on the triple crown.

Five of the 14 starters at Louisville have arrived and they're enough to assure a crack-field for the preakness.

Only the best came up from Kentucky. They were the first four and seventh colts across the Derby line. All that remains now is for the outsiders to come in and determine the size of the field. The best guess now is that it will be around ten.

Each starter will throw another \$2,000 into the overall pot, which now stands at \$101,870.

The train from Louisville today brought in Calumet Farm's Derby winner, Ponder, second place Capot, and Model Cadet, the seventh finisher last Saturday. They joined Palesting, the Derby show colt and fourth place Old Rockport, both of

which arrived yesterday.

Trainer Hirsch Jacobs promptly announced a change of riders for Palestinian. He hired Eddie Arcaro to make the preakness ride. Headley Woodhouse was up on Palestinian in the Derby.

Arcaro was left without a mount when Fred Hooper decided not to run Olympia in the preakness after the thoroughbred finished sixth at Churchill Downs. Arcaro will be after his third preakness victory.

But a new pacesetter to replace Olympia may have been found yesterday in Noble Impulse. The Crispin Ogleby colt demanded consideration by setting a new Pimlico track record for a mile and a sixteenth. That's two sixteenths short of the preakness distance.

Noble Impulse was clocked at 1:42, two fifths of a second better than the old record, and he did it while winning by five lengths. Trainer J. P. Jones said afterwards Noble Impulse would start Saturday if the track is fast.

# New Bern Bears Get Early Lead, Edge Phantoms 5-4 In Conference Game

### GHS Nine Does All Of Scoring In Big Second Inning; Vainright Allows Five Hits In Holding Visitors To Close Contest

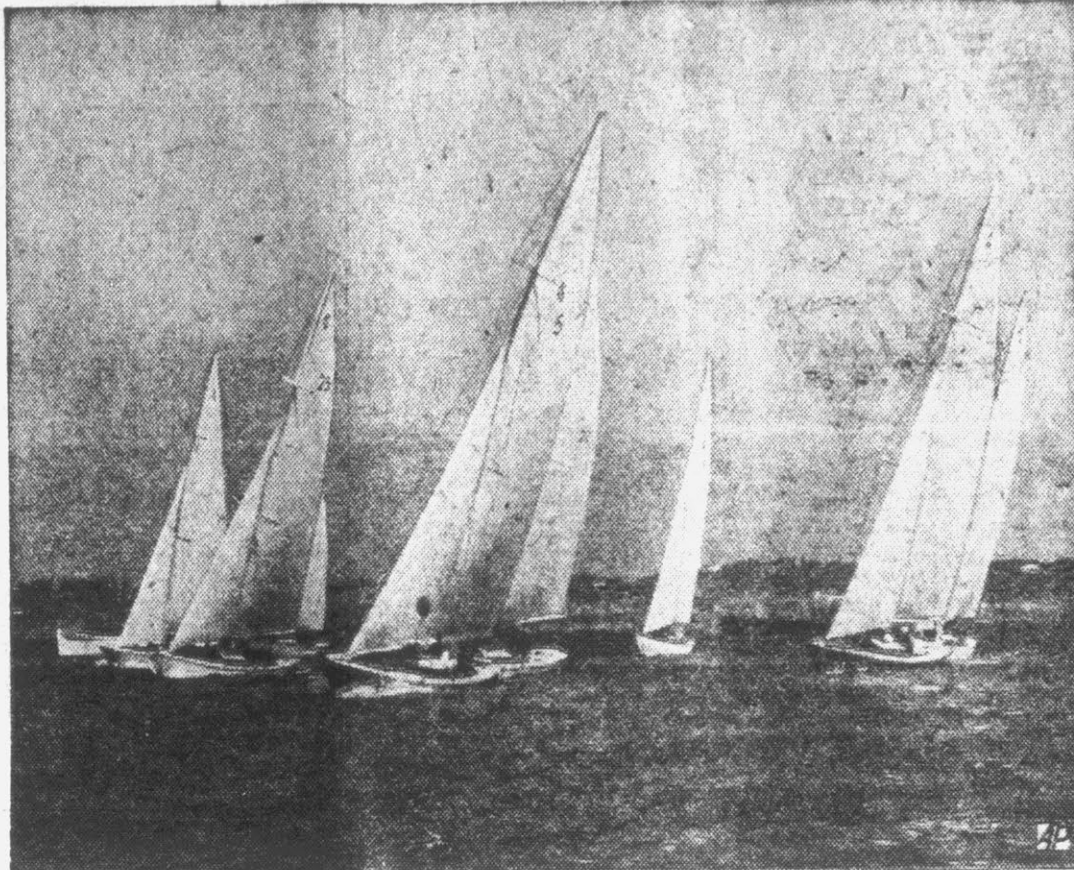

The New Bern Bears took an early lead in the first frame yesterday to beat the Greenville Phantoms 5-4 in a Northeastern tilt played at Guy Smith Stadium.

New Bern's first score came in the top half of the first inning when an error by Greenville's left fielder allowed a man to reach base and a single by Russell sent home the first score.

Greenville started a rally in the bottom of the second frame and pushed across four runs when Joe Allgood rapped out a single, Briley walked, and a single by "Little" Bland scored Allgood and Briley. Moore reached second base on an error, and a single by Joyner brought Moore home, as the Phantoms took a commanding 4-2 lead.

The Bears came back in the fourth inning when Gardew connected for a triple to deep center field which scored Hoke and Taylor, who had reached base by virtue of an error and a base on balls. A run in the sixth inning knotted the score at 4-4. The game remained tied up until the seventh inning when New Bern pushed across the winning run on singles by Hoke and Cowley and a sacrifice play by Wheeler.

In the seventh inning the Phantoms pulled a double play which closed the game. Allgood to Moore

to Jordan to Briley.

Julian Vainright, who handled the mound duties for the Phantoms, allowed five hits, fanned four men and issued four bases on balls. New Bern's pitcher, Taylor, gave up six hits and struck out six batters.

Russell was the big-gun in yesterday's game as he reached Pitcher Vainright for two singles in four trips to the plate.

The only sub to see action in the game for Greenville was Flye who batted for Bland in the seventh; and Brown for Patterson and Gaskins for Westbrook in the Bears' lineup.

## Rebellion Coming On 'Sanity Code'

New Orleans, May 10—(AP)—Resentment against the sanity code of the National Collegiate Athletic Association may flare into the open at Birmingham, Ala. next week, two southern sports editors predicted today.

William Keefe, sports editor of the New Orleans Times-Picayune wrote in his column "Viewing the News," that "the majority of the member institutes of the Southern Conference and the Southwest Conference x x x have made up their minds to quit being pushed around by the minority, like so many NCAA members do."

He said the rebellion is due to be launched on May 20-21 when Southern and Southwest conference delegates meet with the SEC directors at the SEC track meet and annual session of directors at Birmingham.

Sports Editor John Bradberry of the Atlanta Constitution, in supporting Keefe's prediction, remarked that the South had given the NCAA system a year's try-out and that it "really amounts to an insanity code."

Fred Johnson, Michigan State's 104A indoor and outdoor broad jump champion, is the holder of eight school track records in the broad jump, sprints and hurdles.

William Keefe, sports editor of the New Orleans Times-Picayune wrote in his column "Viewing the News," that "the majority of the member institutes of the Southern Conference and the Southwest Conference x x x have made up their minds to quit being pushed around by the minority, like so many NCAA members do."

He said the rebellion is due to be launched on May 20-21 when Southern and Southwest conference delegates meet with the SEC directors at the SEC track meet and annual session of directors at Birmingham.

Sports Editor John Bradberry of the Atlanta Constitution, in supporting Keefe's prediction, remarked that the South had given the NCAA system a year's try-out and that it "really amounts to an insanity code."

Fred Johnson, Michigan State's 104A indoor and outdoor broad jump champion, is the holder of eight school track records in the broad jump, sprints and hurdles.

# Bigger 3 Ways... DODGE gives you extra value

**WIDER on the inside... NARROWER outside!** There's extra value in the spread-out elbow room of the wide, wide seats. Yet the new Dodge is smaller on the outside... easy to park, easy to garage, easy to thread through crowded traffic.

**LONGER on the inside... SHORTER outside!** The new leg room in Dodge gives extra value in stretch-out comfort. Doors open wide, too... let you get in and out easily without squirming or twisting—and without knocking your hat off, either.

**If you want extra value, you'll want DODGE!**

There's extra value in Dodge beauty that flows from true functional styling... in the design that provides more head room, more leg room, more elbow room, greater vision for all passengers.

There's extra value in Dodge's Get-Away engine with its surging acceleration... its higher compression that squeezes extra miles from every gallon of gas... the smoothness of Dodge All-Fluid Drive at no extra cost.

Yes, you'll want Dodge for the extra value you get all the way from double-life hydraulic brakes and Safety-Rim Wheels, to the luxurious comfort of full-cradled ride and knee-level seats.

Add to these the Dodge reputation for dependability and economy and you'll discover why wise buyers say... "If you want extra value, you'll want Dodge."

**GYRO-MATIC... FREES YOU FROM SHIFTING**  
(Available on Conrod Models)

**HIGHER on the inside... LOWER outside!** More head room is another Dodge extra value you'll appreciate. Instead of low, slanting seats that force a cramped position, Dodge knee-level seats are actually higher for relaxing comfort, better vision.

OLD SOLDIER STEPS OUT — Sergeant Major George Murphy, of the Irish Guards, 82, tells a dancing partner, Doreen Smith, 21, of his campaigns, at Old Time Ball in London.

Can't Give Money Away In Baltimore, He Finds

Baltimore—(AP)—Want to give money away? Don't come to Baltimore to try it.

William Bond and Charles McCordie made a bet the other day after Bond mused aloud that money was so cheap nowadays you couldn't give it away. McCordie thought otherwise, and backed up his thinking with a \$50 bill.

Then, in broad daylight, they began walking a stipulated three blocks. McCordie courteously offering a \$1 bill to the first pedestrian they met.

The first pedestrian glared and wouldn't accept. They stopped some more. Several already had a buck. Several figured McCordie had a gimmick. He tried ten times and found no taker.

The eleventh, however, took McCordie. He was a cop who formed a notion that McCordie was trying to move the dollar into the other direction, for reasons of his own.

So McCordie, who lives at Norristown, Pa., was hauled into magistrate's court. The charge: Panhandling.

McCordie told his strange story. The magistrate dismissed the charge. The buck wound up in the police poor box.

## Peddler of Dreams

By Peggy Dern

Chapter 16

To Felicity's surprise, Tippy's absence from the trailer didn't seem to upset the other children unduly. She had been particularly worried about Denny. Would he sit in a corner and mope for his lost twin, the dazzling little beauty who used to be the unquestioned leader in all their activities? That had been her first thought when Susan Fleming had so unexpectedly suggested adopting Tippy. She discovered that Denny had taken on a new air of importance. He had been a subdued little boy, crushed behind Tippy's rather lawless, pugacious personality. But now he seemed to blossom with a singleness of purpose that won the little girl's instant love and gratitude. He saw to it that Ellen had fun, yet that she was protected; that she didn't play too hard or get too tired. He fished with her for hours from one of the old piers that thrust planks out into the shining blue of the lake; he baited her hook, threw the line out for her.

Tippy came calling a week afterwards. A real Tippy, wearing a sheer yellow linen frock, with delicate hints of hand-embroidery on the smocked yoke, and with a big yellow hair-ribbon holding her shining curls in order. She had the air of a small queen bestowing largesse on the more humble of her peasant subjects, but Felicity hugged her hard and demanded anxiously to know if she was happy.

"But of course I'm happy, Fliss," answered Tippy, slightly annoyed at such a question. "Living in that beautiful house with Susan—and she's swell! I come down to tea in the afternoons and she introduces me to people and they all make a terrific fuss over me."

It was a week-day and Jason came in from fishing at the lake, burdened by more than fifty pounds of fish, for which he would receive an average of eight cents a pound when he delivered them at the fish market near town.

Jason stared at her, his brows lifted a little, the color staining his face beneath the newly acquired sunburn.

"Well, well, if it isn't the little Queen!" he drawled. There was a note in his voice that made Tippy's small face flush with resentment. "What is this, Duchess?" he asked. "Your day for being kind—in a royal way of course—to the slaves?"

Tippy turned away with a flourish of brief skirts and said haughtily, "I've brought you all some presents. I'll have the chauffeur bring them in, and then I really must be going. Susan said I must be back for tea."

When she had gone the other children looked at each other silently above the little heap of tissue-wrapped presents, and nobody made any move to untie a package.

"Tell you what let's do," Felicity said eagerly, almost ashamed of the look she saw on the other children's faces. "It's only two weeks until Christmas. Let's put these away unopened and pretend Christmas morning that Santa Claus brought them—shall we?"

"Okay, Fliss," said the children docilely in a sort of Greek chorus effect, with their usual complete conviction that anything Felicity did was exactly right and proper.

At Susan's repeated insistence, they went occasionally to the beach for the children's swimming lessons; but to Felicity's deep regret there was now a barrier between Tippy and the others. A barrier that Tippy herself had raised, and which the other children showed no inclination to cross.

It was at one of these informal little tea parties on the beach that Susan invited Felicity to the Christmas dance she was giving.

"Tell you what, Felicity—it's a costume party," she said. "And I'll wager that among your mother's stage costumes there's something that will make you the belle of the ball. Is there any way you can get something of your mother's to wear at the dance? You've simply got to come even if you wear a bathing suit and label yourself 'The Spirit of Miami.'"

Felicity's eyes widened. "That would be fun. I'd love to wear one of Mother's costumes. I'll write to Uncle Charles and ask him to send me something out of Mother's old stage wardrobe."

Susan felt a little rush of tenderness for the girl. "That's marvelous, darling. And your young man—Garry—be sure to bring him along, too," she said, kissing Felicity's cheek lightly.

"That night in the trailer after supper was over, and Garret had agreed that if 'Uncle Charles' would send a man's costume, too, he would go to Susan's party, Felicity wrote her letter."

It was a long letter and told a good deal of what was happening. Felicity told of meeting Susan Fleming, and of her own need for a costume and one for Garry as well. And at the last she tucked in a hurried postscript:

Please don't laugh, Uncle Charles—but I've written a play. I'm sending it along by express, because that's a lot cheaper than mail; and if you have time to read it, I'll promise not to get my feelings hurt no matter how

you lambast it. I know it's not good—but it was fun writing it, anyway.

Isn't it grand that Father is working again? He sent us some money last week and it's going to make us a grand Christmas.

(To be continued)

**Plane Retraces Historic Flight**

Lisbon, Portugal, May 9—(AP)—The "Truculent" Turtle landed at Lisbon airfield today, retracing the historic 1919 flight of the NC-4. The Navy bomber landed at 12:07 p.m. (6:07 a.m. EST).

The commemorative flight by the two-engine plane across the Atlantic was uneventful. The Turtle, which took off yesterday from Floyd Bennett Field in New York, flew by way of Newfoundland and the Azores. The trip took 16 hours and 50 minutes.

The time was in sharp contrast to the 19 days it took the canvas and plywood NC-4 to make the trip 30 years ago. The NC-4 was the first plane to span the Atlantic.

Pilot of the Turtle, a Lockheed P2V-2 Neptune, was Cmdr. Thomas D. Davies of Chevy Chase, Md., who also commanded it on its 1946 record non-stop 11,236 mile hop from Perth, Australia, to Columbus, O.

Rear Adm. Albert C. Read, who piloted the NC-4 on its historic flight, and his flight mechanic, Chief Aviation Pilot Eugene S. (Smoky) Rhoads, were passengers aboard the Turtle on the commemorative crossing.

## Gives Up Smoking; It Was Worth \$19,320

Brisbane—(AP)—A decision to give up smoking by an Australian tramway man, Norman Payne, of Paddington, Brisbane, brought him \$19,320. Mr. Payne sold his tobacco, papers and cigarettes to his colleagues and with the proceeds bought the winning ticket in a lottery in Brisbane. When told of his win Mr. Payne immediately accepted a cigarette offered to him. He says, however, that he's determined to give up smoking.

No player on either club hit a triple during the 1948 World series.

### Entire Irish Potato Crop In State Said Endangered

If weather conditions remain favorable for the spread of the late potato blight, and the crop is not treated against the disease, the entire Irish potato crop in Eastern North Carolina may be wiped out within the next 10 days, according to an extension service official.

Howard R. Garris, plant pathologist of the State College extension service, in an emergency call to the Pitt county agent's office shortly after 1 o'clock this afternoon, warned that the disease which destroys the potato plant leaves is spreading in the eastern area of North Carolina, and growers must take immediate action to prevent a complete loss of the crop.

He recommended that all farmers begin immediately to spray or dust plants with the disease killing chemicals which have been recommended by the extension service. A spokesman for the Pitt county agent's office this afternoon urged all potato growers in the county to make preparations to treat the plants and to contact the county agent's office for information on obtaining the proper chemicals and methods of using them.

### Car In Sideswipe Collision Turns Over On Highway

State highway patrolmen reported today that a car owned by John L. Vines of Greensboro and driven by Carl Willis Vines of Greenville and a car driven by Jack L. Edwards of Washington sideswiped in a collision about four miles this side of Falkland yesterday morning. Vines' Cadillac, with only 700 miles on the speedometer, turned upside down in a ditch. Both cars were damaged. None of the occupants was injured beyond a shaking up, patrolmen said. The case will be tried in Police Court here Friday morning.

### Over 150 Attend Mothers' Party

Over 150 Pitt County women attended the annual Mothers' Day picture show party yesterday sponsored by the Pitt Theatre and the Daily Reflector.

The Greenville Floral Company presented beautiful bouquets of roses to each of the mothers over 55 years old attending the party, and the AA taxi company furnished free transportation for each of the mothers who had no way to get to the party.

Mrs. Lula Little, 84, mother of Mrs. E. E. Rawl of Greenville, received the three tiered Mothers' Day cake given by Morton's Bakery for the oldest mother present at the party. Manager T. Y. Walker of the Pitt Theatre extended a cordial welcome to the mothers attending the party, and D. J. Whichard, publisher of the Daily Reflector, presented the cake to Mrs. Little.

### Music Club Installs Officers For Year

A business meeting of the Greenville Music Club was held Sunday afternoon at which installation of new officers and discussion of plans for the 1949-1950 activities of the group were the chief events.

Charles A. White, who will serve as president of the club for next year, and the following other officers were inducted into office: George E. Perry, first vice president; Mrs. J. Knott Proctor, second vice president; Mrs. J. A. Karsnak, recording secretary; Mrs. Agnes Settle, corresponding secretary; Mrs. L. E. Tyler, secretary for the North Carolina Federation of Music Clubs; J. L. Oppelt, treasurer; and Ruth Lambie, reporter-historian. Mr. White succeeds Mrs. R. R. Willmann, president of the club for the past two years. Mrs. Willmann was active in organizing the club and has in large measure been responsible for its success from the time of its beginning to the present.

In the Middle Ages only kings were permitted to own swans, which were part of the regalia of European courts.

### Prowling Dogs Kill 8 Chickens

A report on file at the police station today states that five dogs jumped over the fence into M. K. Blount's chicken yard in the Rock Springs community the other day and killed eight laying hens and ate one of them. A report to police last February stated that marauding dogs killed 15 chickens at the same place. Complaints about dogs killing chickens are sent into police headquarters almost daily. The Board of Aldermen recently bought a truck and hired a dog-catcher, and he is now on the job.

### Always A . . .

(Continued from Page One) couldn't they struggle without eating one another All he wanted was less shoving.

Even here at home, the struggle. But here it was a struggle of words between Democrats and Republicans in Congress, arguments, wrangling, denunciations, politicking, promises of "I can do it better." Show me, the little guy thought. The little guy ambled along, thinking of suddenly of "Lippy" Durocher of the Giants and he began to grin: "People go to baseball games to have a good time, and even there there's struggle. Think of all the scrapes Lippy's been in. And the fans pay their good money so they can call people names."

### Product Of . . .

(Continued from Page One) most progressive in existence. Well, they are going to have their chance to prove that claim.

They still will be under allied supervision until such time as they have demonstrated their fitness to walk alone, but the allied purposes is to encourage them to stand on their own feet.

The constitution, of course, can only apply to the three zones of western Germany at the outset, but it has been drawn up so as to include Soviet-controlled eastern Germany as soon as a United Nations can be achieved. All this is clearly specified in the preamble which says that "the entire people is called upon to accomplish, by free self-determination, the unity and freedom of Germany."

The framers of the constitution have nailed down their bill of rights by prescribing penalties for would-be dictators who "by force or threat of force" change the constitution or deprive the head of state of his powers. Strange as it may seem, the most severe penalty is life imprisonment.

The new Germany has abolished capital punishment.

### Senator . . .

(Continued from Page One) as demonstrating a new irritation on the part of the President at those within his party who do not go along with his legislative program.

Recently, Mr. Truman tried to crack the patronage whip on members of Congress who oppose his measures.

Noon prices were 25 cents a bale lower to 10 cents higher than the previous close, May 33.80, July 32.82 and October 29.20.

Futures closed 20 cents a bale higher to 20 cents lower than the previous close.

### Grain Market

Chicago, May 10—(AP)—Grains developed a firmer tone toward the close of today's board of trade session. The action of wheat at Minneapolis and Kansas City was reflected in additional buying here. The May wheat contract was inclined to drag at times, but other wheat deliveries and corn pushed to the day's high.

At the finish wheat was 1 1/4 to 1 1/2 higher than yesterday's finish, May \$2.22 1/4-23. Corn was 1/4 to 1 cent higher, May \$1.33 1/4-4. Oats were 1/4 to 1/2 higher, May 66 1/4-7. Rye was 1/4 higher, May \$1.26 1/2. Soybeans were 1 cent higher, May \$2.29 1/4-4. Lard was 8 to 10 cents a hundredweight higher, May \$11.70-72.

### N.Y. Stock Market

New York, May 10—(AP)—Mild selling pressure tilted the stock market a bit lower today. The trend was far from decisive but losses were in a majority and buying forces showed little inclination to offer any real support. Turnover was at the rate of only 700,000 shares for the full session.
