

Airlift Is Again Main Source Of Berlin Supplies

Planes Fly 8,000-Ton Daily Schedule As City In "Semi-Blockade"

Berlin, May 26—(AP)—Once again, airlift planes roaring in on an 8,000-ton daily schedule are Western Berlin's main source of supply. Millions of dollars of railway cargo has piled up at the Soviet zone line and in Berlin's strike-bound rail yards in what now amounts to a semi-blockade.

Allied officials accused the Russians today of imposing a new type of Berlin blockade by "stubbornly refusing" to conciliate 12,000 anti-Communist railway strikers who want to be paid in Western-occupied marks. The Russians replied that the strikers are to blame if Berlin has been cut off by rail from Western Germany.

The Western allied command of Berlin met in extraordinary session today to map new action in the rail crisis which has caused a staggering freight tie-up. Unofficial reports were that the three Western commandants might directly order the anti-Communist strikers to handle incoming trains.

The strikers have not handled the cargoes because the railways technically are under Russian control. The strikers want, besides payment in West marks—worth four times the East mark—assurance that all strikers will be taken back on their jobs and recognition of their independent union.

The Kommandatura already has sent Communist-controlled East sector police out of the West sector rail yards, replacing them with allied-trained police. The ouster came after rioting by demonstrators in which two persons died.

Since this action Tuesday, four days after the strike began, only a half dozen West German supply trains have reached Berlin. Hundreds of loaded freight cars still are untouched in the West Berlin yards. Some 38 West German trains are reported blocked by the Soviet zone and perishable foods aboard are said to be rotting.

In the breach, the British-American airlift is bringing in 8,000 tons of supplies a day. Truck fleets are shuttling between East and West Germany. Some slow barge traffic has started up, but the planes are Berlin's principal reliance.

The British military government has charged the Russians with bad faith in maintaining an economic stranglehold on this city. With the reported backing of British Foreign Secretary Ernest Bevin, the British sent a volley of communications at the Russians last night, and some viewed this as indicating a possibility that the foreign ministers meeting in Paris on Germany may be headed for a breakdown.

Missouri River Basin Program Told By Brannan

Washington, May 26—(AP)—Secretary of Agriculture Brannan proposed today a \$3,092,000,000 program for speeding up development and conservation of agricultural resources in the Missouri River basin.

He said the program would do in 30 years what otherwise would take 100 years—and very much more money—at the present rate of progress.

The program would supplement a \$5,000,000 flood-control plan for the Missouri River and its main tributaries already authorized by Congress and known as the "Pick-Sloan Plan."

In a report Brannan said his program is "imperative if we are to preserve the resources with which the basin is richly endowed and assure their full employment for the continuing good of the people."

Squabble Over AEC

The Congressional Investigation; What They're Looking For; The National Research Council; Its Work; Communist-Hunting; Lillienthal's Viewpoint

By JAMES MARLOW

Washington, May 26—(AP)—When a man is being educated with government money, how far should the government go in trying to find out whether he's a communist? That's one of the important questions emerging from the present rumormongering over the way the Atomic Energy Commission does things. Congress is investigating the AEC now. It all started this way:

Because this country badly needs the best scientific brains it can develop in the field of atomic energy, Congress has voted the AEC millions of dollars to encourage and help educate outstanding young men.

The work they're picked to do is of two kinds: secret work for the government in the field of the atom; or non-secret work, using some product of the atom, such as in cancer research.

The AEC itself doesn't do the picking. It leaves that to the National Research Council, made up of distinguished older scientists who can judge the talent of the younger men.

The council has been primarily interested in a young man's brains,

Ask Assurance On Berlin Promises

Foreign Ministers Of Western Powers Keeping Eye On Berlin While Meeting With Soviet; Demand Terms Be Met

Paris, May 26—(AP)—A British diplomatic source said today the west is demanding assurance from Russia that her promise to end Berlin blockade restrictions will be carried out to the letter.

The foreign ministers, going into their fourth meeting of the current session on Germany were reported being kept fully informed on developments in Berlin, where western authorities charge Russia has started a new type of blockade by refusing to conciliate Berlin rail strikers.

This foreign ministers conference was called on Russia's promise to end the travel and trade restrictions in Germany on May 12, and the allied counterblockade of eastern Germany was lifted on those terms.

The British informant said that unless the Russian-controlled administration in Berlin gives a "satisfactory" assurance that "continuing difficulties" will end, the western foreign ministers will call on Soviet Foreign Minister Andrei Y. Vishinsky to intervene.

The Briton called the present situation in Berlin "continuation of a modified blockade."

Foreign Secretary Ernest Bevin of Britain was expected to speak first today on questions relating to German political and economic unity and to four-power control in Germany. Diplomatic informants say the west will demand that Russia release her grip on east German industries as a condition for economic unity in Germany.

Dean Acheson told the council of foreign ministers yesterday about a third of the industries in the So-

Hoover Commission Appeals For Action

Winds Up Two Years Of Work With Urgent Plea That Congress Give President Power To Reorganize Government

Washington, May 26—(AP)—The Hoover commission today wound up two years of work with an urgent appeal to Congress to give President Truman the fullest possible power to reorganize the government.

"We cannot afford to lose this opportunity to put the operation of the federal government on a sound and efficient basis," the 12-man bi-partisan commission declared in its final report to Congress.

"The tremendous financial burden of government on our people today makes it imperative that full value be received for the taxpayers' dollar."

The group headed by former President Herbert Hoover asked the lawmakers to—

1. Let the President present plans for a thorough modernization of the huge federal establishment without hampering him by exempting certain agencies.

2. Let his proposals take effect unless the senate and house both

Bunche Declines Honor Of Post In State Dept.

Washington, May 26—(AP)—A grandson of a Negro slave returned to his work today as "Peacemaker of Palestine" after turning down a chance to become an assistant secretary of State.

Honors are nothing new to Dr. Ralph B. Bunche, but he helped write another chapter in history

when he called on President Truman yesterday.

There, in the White House, the 44-year-old Negro heard the Chief executive praise his work and offer him a top-ranking post in government.

It was a "very great honor," he assured Mr. Truman, but he could not see his way clear to accept it.

To reporters, afterwards, Bunche assigned two reasons: his desire to continue his work with the United Nations, and his inability to give his children a college education while working in Washington for the \$10,000 salary paid to assistant secretary of state. This salary is subject to federal income taxes, whereas he now draws \$14,000 tax-free as director of the United Nations' trusteeship division.

Bunche is now serving as acting mediator and head of the United Nations mission in Palestine.

When the Israeli-Syrian armistice is finally negotiated, he will take up where he left off in the trusteeship division.

Four Kittens

Joined Together

Austin, Tex., May 26—(AP)—Four Siamese kittens—looking like a four-leaf clover—were born here yesterday.

A common growth joins the stomachs of two cats and the legs of two others. There are four heads and 15 legs (counting as a leg two growing together). The mother cat and her kittens were in good condition last night.

REDUCED IN APRIL

Raleigh, N. C., May 26—(AP)—A drop during April in the number of children under 18 certified for employment was reported today by labor commissioner Forrest H. Shuford.

U.S. Policy Said Keeping Contact With Red Zones

Goal Reported To Be Keeping 'Working Relations' With Communists

Washington, May 26—(AP)—The United States was reported determined today to maintain practical working relations with Communist governments over the world. This is despite its strong disapproval of Communist ideas and methods.

This basic policy is now being worked out in the development of a new American attitude toward China as that country comes progressively under Communist control. It is dramatically illustrated also by the appointment of a new American Minister to Communist Hungary.

In both instances the movement of American policy is based on the idea that the presence of a diplomatic mission is highly useful to the United States. It is argued that such representation implies neither approval nor disapproval of the kind of political system in power there.

The Hungarian situation arose as a result of charges made against American Minister Selden Chapin early this year during the Communist government's trial of Cardinal Mindszenty. Chapin was accused of working against that government and violating Hungarian laws.

In February Hungary demanded his recall. He was promptly brought home "for consultation" and the United States formally reserved all its rights in connection with the issue of whether Hungary, as a former enemy state operating under a peace treaty, actually had any right to force him out.

The United States might have sought to force Hungary's acceptance of Chapin. However, that would not have offered a practical solution to the problem of maintaining a strong, observant legislation staff in the Russian satellite country, because whatever its legal rights may be the American government has to face the fact that Chapin's usefulness in Hungary was ended.

President Truman therefore announced yesterday the appointment of Washington P. Davis, a veteran career diplomat, to be minister to Hungary at the same time he made public a highly laudatory letter to Chapin, expressing his confidence in the retiring minister, and in effect denouncing the charges which the Hungarian government had made against him.

Coal Talks Due

Pact Bargaining Stalled 24 Hours By Lewis Demand

Bluefield, W. Va., May 26—(AP)—Bargaining for a Southern soft coal pact was due to move ahead today after John L. Lewis stalled it 24 hours with a demand that negotiators show their credentials.

Contract talks had barely begun yesterday when the United Mine Workers chief insisted that the Southern Coal Producers Association itemize—showing tonnage—the groups it has authority to represent.

This caused adjournment to 3 p.m. (EST) today to allow the credentials committee of two men from each side to finish its work.

Lewis questioned whether the association—weakened by withdrawal of two operators groups from the

Lilienthal Says AEC Twice Overrode Security Officer

Washington, May 26—(AP)—David M. Lilienthal told congressional investigators today that the Atomic Energy Commission (AEC) cleared two men for secret work despite adverse recommendations from its security officer.

The AEC chairman named the men as Dr. Edward U. Condon, head of the Bureau of Standards, and Dr. Frank Graham. At the time of the commission action Graham was president of the University of North Carolina. He is now a Democratic senator from North Carolina.

Lilienthal was the first witness as the Senate-House Atomic Energy Committee opened hearings into charges of "incredible mismanagement" in the AEC.

The charges, and a demand for Lilienthal's removal, came from Senator Hickenlooper (R-Iowa), a member of the committee and its former chairman.

At the outset, Lilienthal was permitted to make a long statement in which he said atomic development was once bogged down but is now "really rolling" and that present research is directed at developing new atomic weapons of greater reliability.

Lilienthal asked that the inquiry embrace the accomplishments as well as the errors of the commission, and proposed a list of 30 scientists and others who should be called as witnesses. One was Gen. Dwight D. Eisenhower.

Chairman McMahon (D-Conn.) told him the witnesses would be called, but remarked that Lilienthal apparently did not know that "Congress wants to go home by Aug. 1."

Senator Connally (D-Tex.) commented that such an inquiry might "tend to obscure" specific investigation of Hickenlooper's charges.

Hickenlooper objected that Lilienthal was attempting to emphasize "the emotional end of bomb making." What he is interested in, he said, is the policies of the commission.

"From the standpoint of actual production the Atomic Energy program has gone forward due to the zeal and loyalty of the scientific and technical personnel in charge of the various projects," Hickenlooper conceded.

"The point of my objection," he added, "is not to the activities of these people but to the administrative policies which the commission under Mr. Lilienthal's guidance and influence, has followed and continues to follow."

"These I believe to be harmful and not in the best interests of the continuing development of the basic programs outlined by Congress."

Rep. Elston (R-Ohio) demanded to know if the commission had ever overruled its security officer.

Lilienthal replied that it had done so in only two cases, so far as he could remember. He identified John Ginchrich as the security officer involved.

Lilienthal then said the AEC had cleared Condon and Graham despite adverse recommendations.

Budget-Cutters Say Foreign Aid Bill Unopposed

Promise Measure Will Go To Senate Without Major Change By House

Washington, May 26—(AP) House budget cutters promised today to let a foreign aid money bill go to the Senate without major change.

They announced agreement to an administration proposal to let the economic cooperation administration operate during the next year on almost as much money as President Truman requested.

The agreement does not restore any of the \$629,780,000 chopped by the appropriations committee from the ECA budget. But it permits the money to be spent in a shorter period than the committee had proposed.

"We will not oppose the amendment," Republican leader Martin of Massachusetts told newsmen. "As a matter of fact, we favor it."

Rep. Taber of New York, top Republican on the appropriations committee and one of the economy leaders in the House said he has no objections to the amendment.

Government officials had objected vigorously to the cut made by the committee. Undersecretary of State Webb told a news conference yesterday that it "would constitute a serious blow to the European recovery program."

The agreement reached between administration and Republican leaders would give ECA \$4,642,470,000 to finance its foreign aid program until May 15, 1950. This averages \$344,000,000 a month.

Mr. Truman had asked \$5,272,200,000 for use between now and June 30, 1950. This would have permitted a monthly spending rate of \$351,000,000, effective last April 2.

The compromise does not restore the \$150,000,000 cut by the appropriations committee from the \$1,000,000,000 sought by the President for Government and relief in occupied areas. Neither does it affect \$50,000,000—the amount the President wanted—carried in this bill for special aid to Greece and Turkey.

The funds are in an omnibus \$5,642,470,000 bill financing ECA, occupation projects, and Greece Turkey aid. Mr. Truman had asked \$6,328,200,000.

Truman Reviews Future Shakeups In State Dept.

Washington, May 26—(AP)—President Truman is finally reviewing plans for the top level shakeup in the State Department and an announcement of a lengthy list of changes is due shortly.

Under the reorganization previously authorized by Congress in line with Hoover Commission plans, Secretary Acheson and Undersecretary of State Webb are being given a total of 10 assistant secretaries of state. Two will be specially designated as "deputy undersecretaries."

Five new assistant secretaries are slated for appointment and five old ones remain in their present assignments, according to the plans laid before Mr. Truman for final approval.

Adding Channels For Television

Washington, May 26—(AP)—The federal communications commission said today it hopes to open additional television channels in the ultra-high frequencies by "late fall."

These would supplement the present 12 channels in the very-high frequency band, for which most receivers now are equipped.

The commission's announcement indicated that the present channels will not be disturbed.

A Display Of Power

Capture Of Shanghai Further Demonstrates Power Behind Red Offensive; City Will Provide Mighty Problem For Conquerors; Food Supply Hinged On ECA

By DEWITT MacKENZIE

The Communist capture of the great international port of Shanghai is a further demonstration of the power behind the Red offensive which is sweeping southward in China, but it is a victory which may prove to be a mixed blessing.

The question immediately arises as to how the conquerors are going to feed the population in this fourth largest city of the world.

It takes a lot of doing under the best of circumstances to provide for some 6,000,000 souls. And the circumstances surrounding this vast metropolis now are far from "best."

Before the present crisis Shanghai was fed under an arrangement with the American Economic Cooperation Administration. The administration provided half the food required, and the Chinese Nationalist government undertook to get the other half, buying it from the Asiatic rice-growing countries like Burma, and from the countryside near Shanghai.

The ECA has had a great responsibility in the feeding of Shanghai, and still has on hand close to \$50,000,000 which Congress has authorized to spend for China during the current year. However, the ECA has

worked under a basic policy precluding the expenditure of this money to assist Communist-held areas. Therefore, unless there is some change in this policy, the supplies must now halt.

The ECA has figured on maintaining a 30 day supply of food and fuel oil in Shanghai. Nothing has gone into the city during the past week, owing to the Red siege, and so there may be about a three-week supply on hand.

After that—what? Even if the ECA continued to function, the task of securing sufficient food would be terrific, especially in view of crippled communications. Should Shanghai get really hungry, the situation would be appalling.

Presumably the Communists will have to purchase supplies in foreign countries from private sources—and move mighty fast in doing it. In that connection, while ECA is barred from trading with the Communists, there is nothing to prevent the Reds buying from private sources in the United States, provided those sources want the business.

Mr. Frank Jolly has been moved from Pitt General hospital to Duke hospital.

Mrs. B. R. Corey has returned from a visit to Southern Pines and Columbus, Ga.

Mrs. Nan Barber, Greenville, Route 2, is a patient in Pitt General hospital.

Dennis Bailey, Jr., underwent an appendectomy Monday in Upper Marlboro, Md., Washington County hospital. Mrs. Bailey left yesterday to be with him.

William McGee Tucker who is attending Northern Illinois College of Osteopathy in Chicago has arrived at home to spend a few days with his parents, Mr. and Mrs. W. D. Tucker on West 4th street.

Mrs. E. G. Flanagan, Mr. and Mrs. T. I. Wagner, Mrs. Walter Harrington and Hoyt Minges will leave for Buena Vista, Va., tomorrow to attend the graduation of Miss Rosemond Nicholson from Southern Seminary.

Operetta Tonight at Third Street School
"Goldilocks Adventure," a fairy operetta, told in music, dance and song, based on the charming story of Goldilocks and the Three Bears, will be presented by Mrs. C. D. Smith's kindergarten at Third Street school auditorium at 8 o'clock tonight.

Party For Children Who Help in Poppy Sale

The American Legion Auxiliary has scheduled an ice cream and theater party for school children participating in the sale of poppies on "Poppy Day" at 3:30 p. m. Monday, May 30. All children who assisted in the sale of poppies are requested to meet at the Carolina Dairy at 3:30 p. m. School children wishing to help in the sale of poppies will register and secure their supply of poppies at either Penney's Store on Evans street or Harrison's Drug Store on Dickinson Avenue by 9 a. m. Saturday, May 28. Special prizes will be awarded to the three children selling the highest number of poppies.

In Piano Recital

The following piano pupils of Mrs. L. B. Tucker were presented in recital on Monday and Tuesday evenings in Sheppard Memorial Library: Monday—Geraldine Mills, Nina Harper, Beverly Dunn, Patricia Nelson, Jo-Anne Eagles, Joan Parker, C. Briley, Lois Brown, Patsy Moore, Polly Batts, Betty Ann Hardy, Eva Ann Jackson, Nancy Harris, Barbara Jackson, Anna Fleming, Dee Hux, Rosemary Eagles, Joyce Mayo, Ann Coleman Rooke, Miriam Elks, Jackie Moore, Carolyn Rogerson, Betty Lane Evans, Ray Evans, Ann Ross, Patsy Jean Crawford and Ginger Worthington. Tuesday—Joyce Ann Dixon, Shirley Rose Mills, Elizabeth Suggs, Woody Manning, Leroy Morris, Della Ann Stokes, Nadine Morris, June Turner, Mable Lewis, Preston Cannon, Magnolia Duckworth, Helen Odum, Jesse Ray Boyd Jean Tyson, Mary Lou Valbright, Russell Smith, Betty Lou Stokes, Peggy Forrest, Jonquelyn Simpson, Delores Harper, Johnnie Carrington, Howard Ellis and Thelma Jane Hardee.

Presbyterians Meet at Montreat

The General Assembly of the Southern Presbyterian church will meet at Montreat, N. C., May 26 to June 1. The commissioners from Albemarle Presbytery are ruling elders Mr. Cliff Rhodus of Meadowbrook Presbyterian church, Greenville, Mr. E. A. Williams, Evan Quarter, N. C. and ministers Rev. Samuel H. Zealy, First Church, Washington, and Rev. Leonard W. Topping, First Church, Greenville. The General Assembly asks all churches and members to remember the annual meeting in prayer "that God would of His great mercy so give the general assembly the wisdom that cometh from above, and so direct all its plans, discussions and decisions as to promote His own glory and to advance the Kingdom of Jesus on earth."

During the meeting of this 89th session of the general assembly important and inspiring reports of the work of the church will be made by the leading secretaries of executive communities. The opening session on Thursday evening will be

40 Years Ago Today

THE DAILY REFLECTOR
May 26, 1909
The International Harvester Company of America has established a distributing point in Greenville for its different makes of machinery including automobiles.
Bruce Hooker and Conrad Lanier have returned home from the University at Chapel Hill.
Misses Jamie Bryan and Ethel Skinner came home Wednesday evening from the N. & I. college at Greensboro.
The automobile fever is growing more contagious here.
preached by the retiring moderator, Rev. C. Darby Fulton, D. D.

Fellowship Club Has Annual Meet

More than 126 men from Pitt and surrounding counties gathered yesterday at Camp Contentment on the Moccasin River near Ayden for the annual meeting of the J. B. Pierce Fellowship club.
The unique organization, made up of citizens from all walks of life in Pitt and surrounding counties, had its first annual meeting in May 1924 when the late J. B. Pierce invited a few of his friends to an afternoon outing at Peel's beach below Washington in celebration of his birthday. Since that time the organization has grown into a fellowship club which meets once each year to afford its numerous members an opportunity to renew friendships.
President Mat R. Long presided at yesterday's meeting, and after the barbecue dinner recognized Congressman Herbert Bonner and Highway Commissioner Guy Hargett who made brief comments. Congressman Bonner expressed his delight at attending the meeting, and welcomed the new members to the organization.
G. W. Prescott of Ayden reviewed a brief history of the Fellowship Club, and urged the members to keep the organization the non-political group it has been since its origin a quarter of a century ago.
New officers elected at yesterday's meeting for the coming year are H. W. Stillman of Ayden, president, Dr. E. V. Tucker of Grifton, vice president, and A. F. Rowe of Ayden was re-elected secretary.

Illiteracy data last collected by the Census Bureau in 1930, showed illiteracy in the United States had been cut to 4.3 per cent.

Cooler Weather

The highest temperature recorded by the local U. S. Weather Bureau yesterday was 77 degrees during the afternoon, a considerable drop from temperatures of the past several days. During last night the mercury dropped to 51 degrees and at 8 a. m. today it was 62. The sky was partly overcast by clouds during the forenoon.
Reports from farmers in different section of Pitt county indicated that crops in the fields are off to the best start they have had in many years. Garden crops are bountiful and more locally grown vegetables are available now than in the past three years.

Three Civic Clubs Hold Banquet For Athletes

By CHESTER WALSH
The three Greenville civic clubs paid fine tribute to the athletes of Greenville high school last night, when they had the boys as guests at a banquet at the Woman's Club. Larry Averette, of the Lions Club, presided.

Dr. E. B. Aycock, president of the Lions Club, James W. Brewer, representing the Kiwanis Club, and Wyatt Brown, the Rotary Club, extended greetings to the young athletes who made up the football, basketball and baseball teams during the past season.

City Supt. of Schools June H. Rose, "always cheerful, always optimistic," spoke briefly in honor of the players. Coach Boley Farley, designated by one boy present last night as "a boy's best friend," spoke with considerable feeling in thanking the boys for their good work, and he "gave his blessing" to the seniors who graduate shortly.

Withers Harvey, long-time member of the Lions Club and well known as an umpire and referee in high school athletic contests, said some nice things to the boys that they will remember pleasantly.

High School Principal O. E. Dowd was eloquent in his "very personal message" of appreciation of the Greenville high school athletes and he elicited a round of applause when he said, "You boys have made a great record for Greenville High School, and we never had a complaint about your conduct when you were away from home."
Chester Walsh, Daily Reflector reporter, the last speaker, reminded the high school athletes of the saying that—"When the One Great Scorer in Heaven comes to write against your names, He will not write whether you won or lost, but how fairly you played the game," and the speaker applied it to the Greenville high school boys whom the Lions, Kiwanians and Rotarians were honoring at the banquet.

Indiana's state motto is "The Crossroads of America."

CRIMINAL CARELESSNESS . . .
There is no excuse for endangering lives and property by leaving a smoldering camp fire. Always extinguish every spark with water or soil.

"Poppy Day"

Next Saturday will be "Poppy Day" in Greenville and the American Legion and the Women's Auxiliary are sponsoring the sale of the tiny memorial flowers on the streets of the city for the benefit of the rehabilitation fund and child welfare. School children and Auxiliary members will sell the poppies. They are sold for a dime or whatever amount the donor is willing to give for a very worthy cause. Disabled World War veterans make the poppies in Veterans' hospitals and they are "manufactured for their services. Buy a poppy Saturday for the benefit of a good cause."

German Theater Has Tough Time

Frankfurt, Germany—(AP)—An estimated 50 per cent of Western Germany's private theaters closed after last year's currency reform. There are even some state-subsidized houses which fear their curtains will never rise again.
Some people feel that the Germans have lost their interest in cultural things. Balding, bespectacled Erich Otto, president of Western Germany's Players' Association, says no.

"Germans are as hungry for stage plays as they were fifty years ago," he added, "but they don't want to be disillusioned." Eighty per cent of Germany's playhouses were either destroyed or badly damaged when the war ended. New theaters were soon started in barns, cinemas and private houses.

"But you can't perform an opera of Verdi or a French comedy in a former gymnasium. It's too disillusioning. This especially is meant for those depressing ultra-modern plays. If they see a play like this performed on a pastry board, people become bored."
He says Carl Zuckmayer, German-born American playwright and author, keeps open German theaters with his "The Devil's General." This play features the end of German Luftwaffe Gen. Ernst Udet, whose conscience conflicted with his sense of military obedience to the Nazis. He ended his struggle by taking his own life. The play had all-time high attendances throughout Western Germany.
"If there were no Zuckmayer," Otto said, "we would have been in desperate straits."

MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief
When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages of uric acid and burning sometimes shows there is something wrong with your kidneys or bladder.
Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Rep. Hatch Talks For Bond Issues

Representative W. T. Hatch of Wake county spoke before an audience of approximately 300 people in the Grifton school last night as he discussed the 200 million dollar road bond issue to be voted on by North Carolinians June 4.

Hatch, author of the road bond bill passed by the recent General Assembly, explained the road building project to his listeners, and urged their support of the bond issue.

Thurman Williams of Grifton head of the Better Schools and Roads committee, presided at the meeting.

Two other meetings sponsored by the Better Schools and Roads committee were held in Pitt county last night as J. E. Winslow, Haywood Dall and Jack Edwards spoke in behalf of the bond issue in Fountain, and Hugh Winslow and Arthur Tripp spoke at Stokes.

Similar meetings will be held at Winterville tonight and at Chocod school tomorrow night. In the county courthouse in Greenville Tuesday night G. P. Hood, State Commissioner of Banks, will speak in behalf of Governor Scott's road program.

way of Wake Forest announce the birth of a son May 20 at Park View Hospital. Mrs. Hathaway is the former Louise Hinson.

Mr. and Mrs. W. W. Owens and daughter Judy were Sunday dinner guests of Mr. and Mrs. T. B. Heath of Greenville.

Mrs. C. F. Abrams and son were Saturday afternoon guests of Mr. and Mrs. J. H. Owens.

Mrs. Joe Gay of Farmville was a Saturday evening guest of Mr. and Mrs. Johnnie Gardner.

Mr. and Mrs. James Joyner were Sunday afternoon guests of Mr. and Mrs. Johnnie Gardner.

Mrs. Cella Owens of Danville, Va., is visiting relatives and friends here.

Mrs. R. L. Jones and twins of Wallace were Tuesday visitors of her parents, Mr. and Mrs. B. F. Lewis.

She is going to Richmond on business, after which her brother, Franklin, will accompany her back.

Mr. and Mrs. Willie Varnell were Sunday guests of Mrs. Varnell's mother, Mrs. Tommie Owens of Elm City.

Mrs. Bettie Redrick has been visiting places of interest in Florida. She was accompanied by her mother, Mrs. Howell Lowe, and her cousin and his wife, Mr. and Mrs. Ben Gardner.

Mrs. Mary Mercer entertained a quilting party at her home Monday afternoon. She served refreshments.

Mrs. Edna Mae Owens and daughter Judy were Sunday evening guests of relatives in Fountain.

Mrs. Anna Taylor was a guest last week of Mr. and Mrs. W. E. Smith of Fountain.

Church News
The Fountain First Baptist Church and the Fountain Presbyterian Church are combining a Daily Vacation Bible School to be held at the First Baptist Church during the period June 6-17 from 9 to 11 a.m. with four departments in session: (1) Nursery group, which will be taught by Mrs. Edgar Case and Mrs. W. W. Walker; (2) beginners group, which will be conducted by Mrs. Carter Smith and Mrs. Cary Gaynor; (3) junior group, by Mrs. Clarence Smith and Mrs. Mack Smith; (4) and the seventh through ninth grades, by Rev. Richard L. West.

Rev. Phillip M. Cory will be superintendent, while Mrs. W. R. Harris will be pianist. All children are cordially invited to attend.

The Presbyterian Woman's Auxiliary birthday services were held Monday evening at the church at 7:30, with 18 persons present. A very interesting program was given concerning the needs of missionaries in Brazil. Collection received at this meeting will be used for this work and for the American Bible Society.

Mrs. Gertrude Owens, hostess, served delicious refreshments.

The Presbyterian Church revival closed Friday evening with one addition to the church. Rev. James Lowery of Williamston was guest speaker; Mr. Charles Baucum of Farmville was song leader. Baptismal services were held Sunday at 11 a.m. at the church.

School News
New officers for the Fountain P. T.A. have been installed for the school year 1949-1950. Mrs. Jasper Morgan succeeds Mr. F. L. Dilda as president; Mr. Pete Baker succeeds Mr. Henry Smith as vice-president; Mr. Albert Bell succeeds Mr. Willie Killebrew as secretary; Mr. Roscoe Bell succeeds Mr. Albert Bell as treasurer.

Rev. L. C. Vereen, Methodist minister of Warrenton, will speak at the eighth grade exercises May 26 at 8 o'clock.

Piano Recital—Mrs. Carlos Walston, teacher, May 24 at 8 o'clock.

The fifth grade gave an interesting and informational program in chapel Friday, May 20, on North Carolina. This climaxed their study of the state.

The annual school picnic will be held at the school May 27 at 12 noon.

Social Item
Mrs. Carrie Jefferson and Mrs. Jarvis Capps entertained a Stanley party Friday evening at their home. Games were enjoyed by all and prizes were awarded to winners. Mrs. Levi Owens demonstrated and displayed the Stanley products. The hostess served refreshments.

Strength
FOR THE DAY

ORDEAL OF FIRE

Daniel Defoe has left the world
a picture never to be forgotten of
the plague which broke out in the
City of London in the year 1665.
People died in such numbers that
the well people of the city working
night and day could scarcely get
them buried. It was said that no
sound was heard in the street but
the rumble of wagons as the bury-
ing of the dead went on. The ter-
rible plague attacked old and young,
rich and poor alike.

Suddenly the great fire broke out.
It seemed as if this was the last
extremity of desolation. But what
medicine and water and good care
could not do to rid the city of the
great epidemic, the fire did. The
congested centers of the city, which
were breeding places for the disease
burned up like tinder. Two great
results followed. The plague stop-
ped almost immediately, and a new
City of London arose out of the
ashes of the old.

It sometimes takes the ordeal of
fire to cleanse the life of a man,
as the great fire cleansed the life
of London. A great fire is an
agonizing experience, but very of-
ten it proves to be a cleansing one
also.

THE OTHER SIDE

Governor Scott is making
much ado about the petro-
leum industry openly oppos-
ing his proposed \$200,000-
000 road bond issue on which
the citizens of the state will
vote June 4; and as a retali-
ation he is suggesting legis-
lation that would place of-
ficial state controls over the
oil companies.

We have no brief for the
oil companies and do not
think it is up to us to fight
their battles for them, but on
the matter of voting the propo-
sed bonds, we do not think
the real issue should be cov-
ered up by a campaign of
prejudice against those who
feel it their right to oppose
the matter.

If this type of campaign
is to be the basis upon which
the people are to decide the
issue, we believe it would be
well for them to investigate
and consider the sources of
the funds that are being
spent in behalf of Governor
Scott's proposal.

It is common talk that the
major part of the funds for
carrying on the campaign
for the bond issue is coming
from the road contractors in
this state. It is further said
that their participation in
the campaign was at the in-
sistence of Governor Scott
who made clear that if the
road builders did not "kick
in" for the campaign the
state would purchase its
own machinery and do the
road work itself if the bond
issue carried.

All this indicates a politi-
cal campaign rather than
considering the merits of the
proposed bond issue, and our
people should want no part
in it.

We hope that every one
of our rural residents will
consider the matter care-
fully rather than being stamp-
eded into voting for some-
thing that in the end is going
to bring them disappoint-
ment.

As we have said before in
this column, we are not op-

The New Swimm' Hole

posed to progress and we
want to see every rural road
in the state paved just as
quickly as possible, but we
do feel, after careful study,
that under the huge bond in-
sue plan only a small portion
of the roads will be paved,
and the rest of the rural resi-
dents will be left in the mud
permanently.

If you are in doubt as to
this matter, the best plan is
to vote against it. If the bond
plan is worthy we will have
another chance at it in two
years and not too much time
will be lost. On the other
hand, if it is bad, and we
vote it now, the harm will be
done and it will be too late
to be sorry.

Around Capitol
Square

PAROLES—Dr. T. C. Johnson
after about a month on the job
as commissioner of paroles has
changed some of his former ideas
about the system. He commented
on a radio broadcast the pre-
vious night, listing eleven paroles
granted by the governor at his re-
quest. The list included brief de-
scriptions such as "highway robber,"
"manlaughter," and similar of-
fenses for which the prisoners had
been convicted. Dr. Johnson ad-
mitted it sounded bad and he can
well understand how the public
gets a wrong impression from
casual newspaper and radio reports.

SUPERVISION—Actually, many
of the paroles are released just
a short time before their prison
terms would expire for the purpose
of keeping them under supervision
for two or three years. The parolee
must report to his local welfare
superintendent once a month for
a stipulated period, usually not less
than two years. If the prison term
were completed the prisoner would
be released without any legal curb
on his activities. The new com-

missioner says he is giving most
of his attention now to cases in which
terms are nearing expiration. There
have been several instances in the
past when prisoners declined to ac-
cept parole in order to avoid the
necessity for reporting to welfare
officers.

KEY—Paroles have been fewer
since beginning of the Scott ad-
ministration, which recalls a cute
little story. An attorney who has
had considerable practice with the
paroles office encountered Hatha-
way Cross, former commissioner, on
the street the other day and after
preliminary greetings, asked: "Say
did you carry the d--- key to the
jail away with you when you left
the paroles commission?" The law-
yer added that it seems like they
can't get the doors open any more.

BOOST—Result of the ABC elec-
tion in Wayne county was accepted
by capital square as another illus-
tration of the paradoxical attitude
of North Carolinians on the liquor
question. The city of Goldsboro
gave substantial majority for the
liquor stores, but Mt. Olive, second
biggest town in the county, went
more than two to one against them
while Fremont went better than two
to one for the stores. The county
as a whole turned in 1,064 majority
against the legal sale of liquor out
of a total 8,074 vote. Twelve years
ago the total vote was 5,999 with a
majority of only 81 against the ABC
system. Comparison of these fig-
ures gives considerable boost to
hopes of anti-ABC forces through-
out the state. This hope is streng-
thened by the fact it had been gen-
erally conceded the Wayne vote
would be close.

CONTRAST—Precinct count in the
Wayne vote tends
to weaken the argument that all
towns will vote for ABC stores
while rural precincts will vote
against them. It also tends to sup-
port the claim that activity on pre-
cinct level has more to do with re-
sults than genuine sentiment about
the question. It is hardly likely,
for example, that sentiment in Gran-
tham precinct would be seven to
one against ABC stores while in
Whitehall it was two to one for
them. Explanation evidently lies
in the efforts put forth by local
workers on and before election day.

EFFECTIVE—Experienced politi-
cians know the value of this kind of
personal work. That is major rea-
son most of the prophets predict the
road and school bonds will be voted
next Saturday. While there will be
some organized effort to get out the

vote against the bonds, it is not
expected to compare with the activ-
ity on part of bond advocates.

AMBASSADOR—Capus Wayne
scheduled to be sworn in as am-
bassador to Nicaragua in Washington
Friday, ducked some pointed ques-
tions about that country just be-
fore leaving Raleigh. He said he
had been cautioned by the state de-
partment about making careless
comment. Although the nation to
which he has been assigned is small
both in area and population, be-
cause of its strategic location it is
regarded as one of the most im-
portant countries in the world in
relation to the United States. Its
area is slightly more than that of
North Carolina, and its population
about one-third that of this state.

Boyle's Column

By HAL BOYLE
New York —(AP)—The sweet
young thing had a stormy look in
her eyes as she marched up to my
desk.

May I be of any assistance to
you, ma'am?" I inquired cautiously.
You have to be cautious in a
newspaper office these days when
pretty girls come up to you. You
never know whether they want you
to be the last man in their Pyra-
mid Club, or to tell you they just
shot down their dear old grand-
mother for reading too many comic
books.

"Yes, you can help me," she said.
"You wrote a piece telling college
men graduates how to get ahead in
life. But how about the girl gradu-
ates? Haven't you anything to
tell me?"

"Have I?" I asked, looking to see
which ear she wanted filled first.
"Sit down, my dear."
The only seat I have for callers
is an iron-ribbed wastebasket. She
stood and stared at it in careful
helplessness. I sat and stared at
her, too. Then I got up and sat down
on the wastebasket, and she moved over
and sat down in my chair.

"I don't think there is anything
I can tell you," I said.

"Why?"
"Because you just showed you
have already learned woman's most
important art—how to get men to
do what you want."

"Oh, men?" she said. "I sometimes
wish all the men in the world were
dead—not that they probably
are."

"Why are you mad at men?"

"Because they take up so much
space. What chance has a woman
who wants a career? Men hold the
big jobs. If there's a soft touch in
life, it's theirs."

She said this — and me sitting
there cramped on an iron waste-
basket.

"Look," I said. "You've got life
backwards. Men lost out in the
struggle to rule the world long ago.
It's a woman's world today. The
prime aim left to men now is to
make women happy. Men work
women spend. This isn't just a
feminine age we're living in—it's
a feminine rampage."

"Well," she said. "I can see why
they call you the poor man's philo-
sopher. You certainly aren't the
poor woman's Socrates — or Gable
either, for that matter. What about
equal rights?"

"What about equal wrongs — do
you want those, too?" I asked. Ein-
stein couldn't figure a formula to
give women equal rights. And it
wouldn't be fair to them if he did."

"How can I have a successful
career?"

"Work hard, use your brains, be
friendly—just like I told the col-
lege boys And don't try to capital-
ize on sex in business."

"Is there any way I can avoid
it?" she pleaded.

"No, I guess not," I sighed. "Not
for another 30 years. Then it won't
make any difference. What's your
name anyway?"

"Just call me Jane College," she
said. "I came to see you on a date."

As she turned to leave, I said:
"Can I give you just one more
piece of advice? Few women — or
few men either—ever found com-
plete happiness in a career alone.
It's better to be queen in a kitchen-
ette than a sub-princess in a 20-
room office. Find you a nice healthy

Somebody Told Me...

By L. J. (JACK) EDWARDS, JR.

Tuesday night I dropped by to
see Charlie Howard, Jr., who has
recently returned from a two-
months stay in Europe. Charlie's
mission was selling tobacco for
his firm, the Greenville Tobacco
Company.

In 1944 Charlie took a trip to
Europe with a different mission.
He was a member of the Infantry
Company of the United States
Army, which was there to dispose
of Germans. They almost beat
him to the draw when he was
wounded in the leg. So Charlie has
the Purple Heart as evidence of his
first trip to Europe, but prefers the
evidence he has of his second
trip: orders for tobacco originally
sold in Greenville, North Carolina.

Charlie spent most of the two
months in Germany, but made
business contacts in Norway, Den-
mark, Holland, Switzerland and
Belgium. He even passed through
Weasel, Germany, where his Infan-
try Company crossed the Rhine
River during the war.

The black market on cigarettes
has fallen through, Charlie re-
ports, but coffee and cocoa are
still bringing three times their
value. Smokes sell for 66 to 80
cents a pack, but American serv-
icemen or civilians on passport
can buy them in Post Exchanges
for ten cents a pack. Ironical, isn't
it? Residents of the richest coun-
try in the world can buy ciga-
rettes 86 to 70 cents cheaper than
the residents of their host coun-
tries.

Of all the Europeans, Charlie
thinks that the Germans have
the best outlook. They realize that

if it weren't for the Marshall Plan
most of them would really be in
sad shape, and consequently they
appreciate America's effort to
help rebuild Europe. The Germans
seem to have more hope for the
future than other Europeans,
Charlie says.

Europeans realize that the air-
lift is a big deal, but Charlie says
they are so used to it that it's
more or less taken for granted.
Even though the Berlin blockade
has been lifted, the airlift will
continue until a back-log of sup-
plies are delivered to Germany.
The lift carries each day the same
amount of supplies that could be
brought in by 28 freight trains,
each 50 cars in length. If one of
the planes misses the runway in
attempting to land it's impossible
for him to circle the field and
shoot another landing. Believe it
or not, he has to go all the way
back to his home base without
landing at all. The reason is that
a plane lands every three minutes,
and the field's landing pattern is
set up for precision timing, al-
lowing for no misuses.

Charlie picked up this informa-
tion as he was flying back to the
States with a civilian pilot who
flies the lift.

More on Charlie's trip tomor-
row.

And I thank you.

WASHINGTON
LETTER

Washington—"Women are trying
like mad to get free from their
household chores. More and more
they are seeking escape from home
and homemaking interests."

"Why? They don't get any re-
cognition for the job they are doing
in the home—not from their hus-

bands, not from their children, not
from the world at large. And—
many of our problems today, juve-
nile delinquency, divorce, etc., are
due to the fact that homemaking no
longer carries prestige. Homemak-
ing needs a public relations pro-
gram more than any other profes-
sion."

Guess who's talking? The wo-
man behind the famed Betty Cro-
cker service, Mrs. Marjorie Husted
She came to Washington to accept
the Women's National Press Club
Award, presented by President Tru-
man, for her "contribution to con-
temporary thought and outstanding
achievement in the field of busi-
ness."

In making the award the club
agreed that Mrs. Husted had done
more to sell the inspiration for
homemaking to the women of this
country than any other single in-
dividual. Women all over the coun-
try listen to her radio programs,
hear her lectures, read the things
she writes.

Two years ago, Mrs. Husted was
made consultant to her company's
executives and the advertising
agency executives on all services to
women in fields of advertising and
public and home services.

"Perhaps you've been thinking
that women of today are better off
than they've ever been, but women
in the Middle Ages had the legal
and social rights that women have
today—plus a deep inner assurance
of their value to the family and
community which women today
lack," she says.

Women, she says, must be help-
ed to realize that no matter how
many housekeeping duties modern
life takes out of the home, the chief

function of the homemaker still re-
mains—to "give the love and se-
curity and the training for charac-
ter and attitudes which make for
successful living."

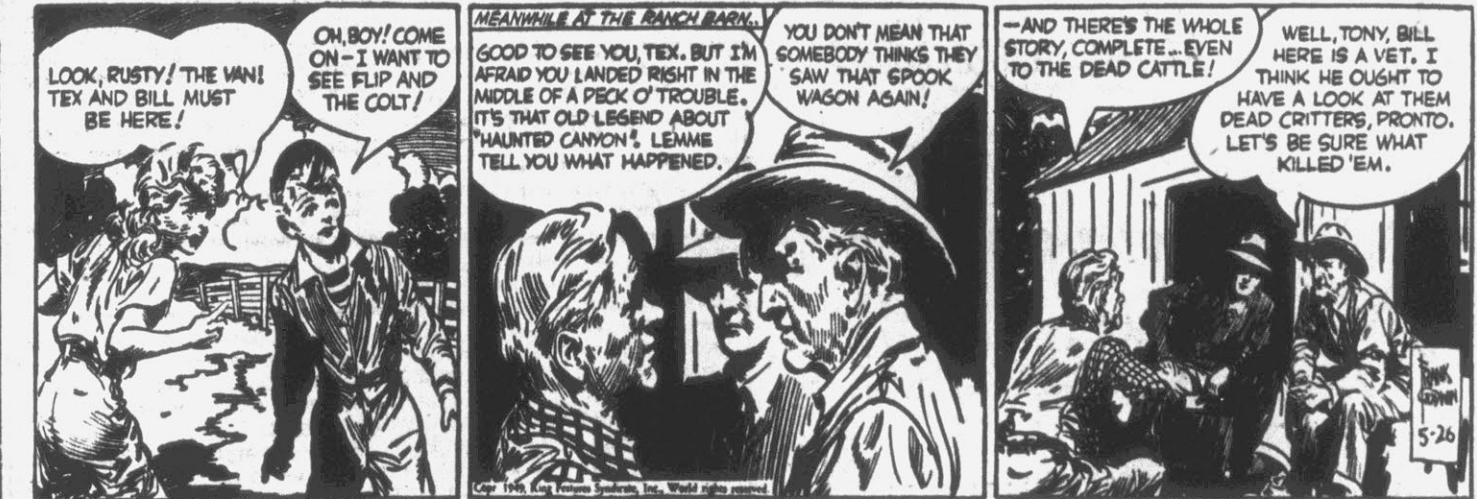

Mrs. Husted, a tall, handsome wo-
man with fabulously blue eyes, was
born and brought up in Minne-
apolis, Minn., and went to work 24
years ago, as head of her com-
pany's home service department.
Accompanying her to Washington
was her equally tall and handsome
husband, Wallace Husted, public
relations specialist.

Violent Adventures Of Doomed Ax-Slayer Appear Nearing End

Walla Walla, Wash., May 26 — (AP)—The violent adventures of Jake Bird appeared to be nearing their final hour today.

Unless the U.S. Circuit Court of Appeals at San Francisco grants a last-hour stay, the convicted ax-slayer will die at 3:30 a.m. (EST) tomorrow on a gallows he has cheated for a year and a half.

Behind him, if and when he goes the North Carolina Negro leaves an almost incredible story of bloodshed, guile and hexes.

During his imprisonment, officers say the 47-year-old transient has confessed involvement in or knowledge of 44 slayings. He was sentenced to die in connection with the budget killing of Mrs. Bertha Kludt and her daughter on Oct. 31, 1947, in Tacoma, Wash.

During his battle to escape the noose, Bird brought his case twice before the U.S. Supreme Court, three times before the Washington State Supreme Court, once before a federal district court and a half dozen or more times in State Superior Court on appeal. He has delayed executions set for Jan. 16, 1948, and Jan. 14, 1949.

When he received his first death sentence, Bird told Superior Judge E. D. Hodge:

"Wait and see. All of you who had anything to do with this case will die before I do."

This was the famous Bird hex. Judge Hodge died a month later.

Army Duties Are A Private Issue

Maverhill, England — (AP)—David Taylor of the Territorial Army, or national guard, is a key man in his company.

The company consists of a commanding officer, sergeant major, three sergeants, three lance corporals and one private.

The private's duties consist of guard duty, fire watch, kitchen police, clerking in the orderly room—to list a few.

And Taylor is the private.

"Some people think it's a great joke that one soldier should have so many 'superiors,'" he said. Private Taylor made it plain he did not think it funny.

of a heart attack. These others died during the next few months: Undersheriff Joe Karpach, Chief Court Clerk Ray Scott, Detective Sherman Lyons and Atty. J. W. Selden, who defended Bird.

Bird declared yesterday, however, that the hex "is a lot of hokey." Bird mailed his petition to the San Francisco court Tuesday night after he failed to win a stay of execution through a petition—and two hours of arguing in his own behalf—in U.S. district court here.

Bird's plea for clemency is based

on his contention that he was forced to confess to the Kludt slaying because of third-degree methods by Tacoma police.

Jake awoke in his prison cell yesterday with a yen to talk with all who would listen. He wanted to talk, in particular, about two cases—one of which he claims took place in Iowa 20 years ago and another in Chicago. Warden Tom Smith told Bird to put it on paper and the document would be turned over the proper officials and the press after the execution.

Acheson Stares At Vishinsky

U.S. Secretary of State Dean Acheson (right) turns in his chair to stare at Russian Foreign Minister Andrei Y. Vishinsky at the Big Four council of foreign ministers in Paris. Vishinsky is talking with reporters before the opening session of the council. (AP Wirephoto via radio from Paris).

Greenville Woman Receives 'Thanks' From Germany For Magazine Gift

Mrs. J. E. Winslow of Greenville this week received a letter from a German youth in a Frankfurt hospital thanking her for a magazine

contributed to Books for Germany drive which was conducted in Pitt county last winter.

The 18-year-old boy, Juenter Conradus, expressed his deep appreciation for a copy of Collier's magazine dated November 22, 1947 which bore a label with Mrs. Winslow's address.

The letter said in part: "You need not fear that I am going to ask for something—I am rather going to thank you for the November 22, 1947 copy of Collier's which now lies on my bedside table and which helped me to fill quite a few hours which otherwise would have been filled with nothing else than tediousness. You must know that I am in the hospital at the very moment."

"A school mate of mine brought me a couple of magazines the other day—American magazines. The said copy bore a label with your address. I don't know how this copy happens to come to Germany. I don't know where my school mate happened to pick it up. But I do know that it did much good to me especially as I am not at home in Frankfurt and there is very little to read to get hold of."

ELKS CONVENE

Greensboro, N.C., May 26 — (AP)—The North Carolina Elks Association opened its annual convention here today. The convention will end Saturday.

Dear Judy,

Contrary Mary, Jane, Sally, Sue and Flora, how does your garden of romance grow?

If you want every blossom to bloom, pull out the weeds occasionally, and give your Johnny and your William a fighting chance. Many a girl has lost a devoted beau because she enjoyed being contrary.

Take for instance a very pretty redhead with saucer-eyes, blue eyes. When asked what had happened to her handsome date who was booked for the big cotillion, she said: "He's the most selfish, but the most selfish boy I've ever met, I'm glad I found out."

Pressed for the details, she explained that after a movie the young gallant had taken his petulant beauty to a local eatery. She had been very, but very impressed, by his selection of the nicest place in town, had taken into consideration that he had only an after-school job which paid him off virtually in bright green polly seeds, and decided immediately that she would have only milk and cinnamon toast at his expense.

Thereupon, the young man tried to persuade her to have something more substantial, but she didn't, and as she says, "being that magnanimous made me feel like a positively wonderful character... because I really was starving."

Everything was wonderful and stardust until her young man ordered for himself sirloin steak, fried potatoes and smothered onions, whereupon his fine feathered date decided she would but nibble at her toast and teach him a lesson. Obviously, he didn't even notice, increasing her wrath. She says "any young man so inconsiderate is just downright selfish."

As one popular boy says: "Girls never do say exactly what they mean that's the trouble with them. They thrive on gestures." Boys queried in this respect cite the following example of the girl...

Who... when offered the salt, pepper or bread, says "help yourself first" and then gets miffed when he does...

Who... says "of course, if you want to listen to the ball game go ahead" and then sulks because he turns off the sweet music and turns in to the double header...

Who... turns down his offer to bring ice cream and cokes for that evening-at-home and then gets positively chilly when he asks for a snack.

Who... says "don't bother, I'll answer the door" and then freezes when he doesn't try to beat her to it.

Who... when asked if she would rather go to a movie or take a walk, says "whatever you want to do" and then retaliates with stony silence when he decides on the walk.

Who... says "Isn't Jane the cutest girl?" and then gets suspicious when he agrees readily.

Who... says "don't hurry over this evening" and then pouts because he is a half-hour later than usual.

Who... asks him how he likes her new hairdo and then resents his "I liked it better the other way."

Who... asks his opinion about a movie or play and is furious when he doesn't share her viewpoint.

It seems there is no silk curtain separating city girls and their country cousins... girls are the same over all the world according to the boys. It adds spice to their romance to be little martyrs.

But one thing is sure. The first girl out of her corner with a down-to-earth new technique will win the golden gloves... or so say the boys.

Sylvia

Town Leader Is Paid Big Honor

Union City, Okla. — (AP)—This farm community in central Oklahoma owes a lot to one man—and it doesn't forget.

The man is Dr. D. P. Richardson, who was surprised by 500 persons who joined in celebrating his 80th birthday with a basket dinner and program. Dr. Richardson has been practicing 55 years here and has been the only physician since the turn of the century.

Besides his profession, the doctor is also president of the town's only bank, the only drugist and its former postmaster—an office now held by his wife.

Dr. Richardson also has been mayor more times than he can remember and has served as president of the Oklahoma State medical society and as a member of the Oklahoma banking commission.

Shorter Hair

Washington, May 26—(AP)—Think women are wearing their hair too short now? Wait until next fall.

"It's going to be shorter than short," says Miss Ethel Gilchrist, president of the Washington Hair Dressers and Cosmetologists' Association.

The Hair Fashion Council of America meeting here figured out 15 different hair styles. Although cut short, it will be "very feminine," Miss Gilchrist insists. "No shingles, but soft little wispy curls on the napes of the neck, short bangs and high feathered things on the side—very soft and very flattering."

payment of court judgments.

Ralph H. D. Fugatt, 29, a combat veteran, was released after spending 62 days in jail.

The court judgment, totaling \$2,682.39, arising from an automobile accident, was paid by Edward Sanders of Memphis, who said he read of Fugatt's plight and "sympathized" with him.

Sanders was impressed with Fugatt's war record. He was shot down on his 20th mission over Germany and spent several months in a German prison during the war.

Sanders, a member of the New York Cotton Exchange, owns the E. H. Sanders Cotton Co., of Memphis, and operates a cotton plantation at Hughes, Ark.

Fugatt was met by his wife, his mother and his brother upon his release.

"Can he go right now? Can he go right now?" his excited young bride kept repeating, apparently disbelieving the order that released him.

"I'm happy for my family and to be able to get out now to seek a job to support my wife and child," Fugatt said through tear-dimmed eyes.

Of Sanders he said: "He must be a most generous and bighearted man. I'm deeply grateful."

Says State Aid Is Only Hope For More Schools

Mount Airy, N. C., May 26—(UP)—State aid is the only hope for adequate school buildings, the controller of the state board of education said last night.

Paul Reid said \$150,000,000 in school building is needed in North Carolina. He said this is because of a lack of building and repair during the war, and inability to finance from local funds.

The controller spoke before a meeting of local civic clubs. He called for support of a \$25,000,000 school building bond issue and a \$200,000,000 road bond issue.

"Our need for adequate school buildings is tied in directly with the need for all weather roads, as approximately one-third of the school children are transported daily over the roads by school buses," Reid said.

DOG POUND FULL
Greenville's dog catcher said today the city dog pound again is filled with canines of all sizes and descriptions, and urged persons who have lost dogs and those who want dogs to go to the city pound and make a selection.

According to Elijah Jones, the city dog catcher, the local ordinance provides that dogs kept in the pound must be disposed of in some way after staying in the pound for a certain period.

Addresses Eppes Seniors Sunday

Dr. Gordon B. Hancock, professor of sociology at Virginia Union University in Richmond and pastor of the Moore Street Baptist Church of Richmond, will deliver the baccalaureate address to the graduating class at C. M. Eppes high school here Sunday afternoon at 5 o'clock.

This year's graduating class of 27 members is the largest at Eppes high school since before the beginning of the war.

The invocation will be pronounced by the Rev. J. A. Nimmo and the scripture will be read by the Rev. P. H. Munford.

W. H. Davenport, principal of Eppes high school, will introduce Dr. Hancock.

Music for the service will be furnished by the high school chorus under the direction of Mrs. S. L. Davenport. Included in the music for the program will be "Rejoice Ye Pure in Heart" and "I never Turn Back No More" by the mixed chorus and a solo "If With All Your Heart" sung by Emma Jean Harris. "God of Our Fathers" will be sung as the processional for members of the graduating class.

Supper Honors Chicod Juniors

The Juniors of Chicod High School were honored at a chicken supper given by their Grade Parents on Friday evening, May 20. The supper was served in the school cafeteria. The menu was chicken pie, pickles, corn muffins, tea, and ice cream and cake.

After supper the tables were pushed back and games were played and enjoyed by everyone.

The Grade Parents are Mrs. Currier Spencer of Black Jack, Mrs. M. K. Porter of Porter Town, Mrs. L. C. Venter of near Shelderville, and Mrs. Newman Lewis of Chicod who was formerly of Beaufort. These outstanding women of the Chicod community have been our Grade Parents since we were in the first grade. They were assisted by the friendly manager of the school cafeteria, Mrs. Frank Dixon of near Black Jack.

MONEY IN ISLANDS

Manila, May 26—(AP)—U. S. Ambassador Myron M. Cowen said today that by 1951 the United States will have spent \$2,150,000,000 in the Philippines since the end of the war.

SCOTT AT SNOW HILL

Governor Kerr Scott will speak at 4 o'clock June 4 in the Snow Hill high school on behalf of his road bond issue.

Municipal Swimming Pool To Open May 31 For 1949 Season

By CHESTER WALSH

The municipal swimming pool, on Fifth street near the high school has been cleaned out in preparation for opening it for the summer season and many improvements have been made in the building, Alderman Heber Tripp, chairman of the City Parks and Playground Committee, stated today. The Greenville Recreation Committee will supervise operation of the swimming pool this summer. It has employed Bill Kittrell as manager, and he has selected capable young people for attendants at the pool.

The swimming pool will be opened Tuesday, May 31, for the benefit of the Greenville High School senior class members. It will open to the public next Wednesday, June 1. The open hours will be announced later. Admittance fees will be the same as last season—children up to 12 years old, nine cents, children over 12, 15c and 3 cents federal tax.

The building at the pool has been repainted inside and out. Better service will be afforded patrons of the popular recreation spot. The lockers have been improved and special arrangements are made for depositing valuables. Outside rest rooms have been provided for men and women. A refreshment stand will be provided for the convenience of Cotanche Park visitors.

Alderman Tripp expressed pleasure over appointment of W. E. Dole, formerly of Fayetteville, the new football coach at East Carolina Teachers' College, as city recreation director during the three-month summer recreation program which starts June 1. Present plans provide for getting the playgrounds in order for formal opening Monday, June 6. The outdoor programs and the names of leaders and assistants will be announced later.

Two standard size pool tables have

She's Accused Of Poison Death

Mrs. Cola Lemming, 43, of Bogalusa, La., enters court at nearby Franklin to stand trial on charge that she killed Mrs. Mamie Furr, a neighbor. Mrs. Furr died last January 25 after a visit to Mrs. Lemming's home. A state chemist report showed poison in Mrs. Furr's stomach. (AP Wirephoto).

been installed at the Teen A's Center, which will be opened later on.

New equipment has been ordered for two Negro playgrounds and extra equipment for Negro and white playgrounds and special equipment will be installed on vacant lots where the

services of neighbors can be obtained for recreation direction. Some equipment has been ordered for a park area in Hillsdale.

Growth Of Press In Russia Hailed

Moscow—(AP)—The Soviet Union now has 7,200 newspapers. They appear, according to a lead editorial in the newspaper "Pravda", in a total edition each time they come out of 31 million copies.

The Soviet Union this year celebrated the 37th anniversary of the first "mass" edition of "Pravda" itself—the organ of the Bolshevik Press Day.

"Izvestia" on this occasion stated that before the revolution there were in Russia altogether 859 newspapers with a total one-time edition of 2.7 million copies.

Newspapers are now published in 80 languages of peoples of the USSR in the Soviet Union, including 20 languages which were not written languages even before the Revolution. This compares with 24 languages in which newspapers were issued in Imperial Russia.

Turkey, with an area of 396,503 square miles, has only some 26,000 odd miles of roads of every description.

Total income of U. S. Life Insurance companies in 1947 was more than nine billion dollars.

Greenies Lose As Kinston Rallies In Eighth For Six

With Two Out, Soufas Homers With Two On To Start Comeback; Greenies Took Early Lead; Desperate Bid In Ninth Nearly Paid Off

By BERT MOYE

Manager Steve Collins and his Kinston Eagles came from behind a 4 to 1 deficit to put across six runs after two men were out in the eighth frame and take a 7 to 5 win over the Greenies here last night.

Harry Soufas' home run over the leftfield fence with Backo and Robinson aboard and a three-run double by Joe Boehmer into leftfield featured Kinston's big eighth-inning rally.

The Greenies went out in front with two runs in the first stanza when Strausser singled, stole second, Tepedino was walked, Pappy Williams singled to bring home Strausser with Tepedino taking third, and then a passed ball by Catcher Boemer enabled Tepedino to cross the plate for the second run of the inning.

The lead was increased by the Greenies 4 to 0 in the third frame when two more runs were shoved across by the Greenies. Gillespie and Chute drew walks, Williams singled to bring home Gillespie, and then when Hayes forced Pappy Williams at second, Collins threw the ball wild to first in an effort to complete a double play with Chute coming home on the error.

The Eagles narrowed the lead 4-1 in their top of the fourth frame when Romankowski reached first on Tepedino's error and came home on Hepler's double into deep left centerfield.

The Greenies final run of the game came in the ninth inning when Gillespie singled into centerfield and went to second when centerfielder Robinson let the ball get away from him. Williams was walked and then Willie Mauney singled to bring home Gillespie.

Ed Masonis started on the mound for the Greenies and after seven frames had given up four runs, four hits, struck out nine and walked eight. Dick Woods pitched the final two innings giving up two hits, one run, struck out two and walked one. Manager Pappy Williams with two singles in two official trips to the plate led the Greenies' six hit attack. All of the Greenies' hit were singles.

Larry Doby Hits Longest Homer In Griffith Park

Washington, May 26 — (AP) — Cleveland's Larry Doby last night hit one of the longest home runs in Washington's baseball history.

Repeating his Yankee Stadium performance of last Friday the Negro outfielder slammed at an inside, fast ball and hit it over a sign atop Griffith Stadium's right-centerfield wall.

Veteran baseball writers who date back past the Babe Ruth era estimated the wallop carried some 500 feet. It cleared the sign, which is 55 feet above the ground, by about 10 feet.

It was reported later that the ball landed on a roof-top well outside the stadium. The report came to a housewife who telephoned to complain that the ball hit her roof and woke up her children.

Doby's homer with Ken Keltner aboard supplied the only two runs for Cleveland as the Indians dropped a 6-2 decision to Washington. It was the Indians' tenth loss in the last twelve games.

"It was my fifth homer of the year—I think the longest I've ever hit," Doby said in the clubhouse.

"I'm pretty sure it was the longest 'cause I can remember most all of the long ones. That one I hit in Yankee Stadium was a long one and that one I hit here in Washington last year was pretty long, too. It hit the loudspeakers in right center. I also hit a good homer in Boston that some said was the longest ever hit in Fenway Park."

It's beginning to seem that this 34-year-old lefthander is going around making monkeys of the fences that were built to hold the immortal and equally left-handed Babe Ruth. Owner Clark Griffith erected Griffith Stadium's high rightfield wall to stop Ruth. That wall in those days was 35 feet high. It still is except where Doby hit the ball. The advertising sign on top of the wall is 20 feet high itself.

Lots Of Action Before Tourney

Wake Forest, May 26 — (AP) — Wake Forest's great baseball team will have plenty of activity during the next two weeks prior to competing in the District III competition of the NCAA baseball tournament to be held at Charlotte June 9, 10, and 11.

Between the Deacons hook up with the University of Kentucky in one of the feature opening day attractions they will, the weather permitting, play at least eight games, possibly more. The current schedule calls for eight games with Williams, 1b leading semi-pro and independent teams in the State.

Tonight's Games
Greenville at Kinston
Goldsboro at Roanoke Rapids
New Bern at Tarboro
Rocky Mount at Wilson

Sidelights:—Ed Masonis, credited with last night's loss against the Eagles, suffered his first defeat of the season. He had one win to his credit, that being against the Eagles here by a score of 6-3. . . . The loss was number 7 at home for the Greenies with 12 losses being away from home. . . . The win for Kinston was their third over the Greenies this season with two defeats. . . . And speaking of those Eagles, they are really soaring to new heights, coming from the cellar to fourth place standings within a week's time. . . . The Greenies at the present time are six and one-half games out of first place and two full games behind the fourth place Eagles. . . . Kinston had five men left stranded on bases while the Greenies had eleven men stranded. . . . The Greenies made the only double play of the game. . . . Paul Strausser had a busy night out at center field last night, handling a total of eight chances. . . . Oddity: John Backo, who went in to pinch hit for Pitcher Carl Johnson in the eighth frame, did a pinch-hitting job twice in that frame; he singled the first trip and struck out the next trip. . . . The Greenies were successful on three base stealing jobs last night.

Remember Luis Arroyo who hurled for the Greenies at the start of last season and who is now pitching for the Greensboro club in the Carolina League? Well, on Tuesday night Arroyo went into the game in the second frame and then proceeded to fan 16 as Greensboro rallied for its 13-10 victory over Martinsville. Arroyo came in with a six-run deficit staring him in the face. The Pats scored nine runs in the fifth inning on seven hits for Arroyo to receive credit for the win.

The White Sox' string of 25 scoreless innings, which included a carry-over of 19 from the Cleveland series, ran out in the Boston seventh, May 17, when three successive hits gave the Red Sox two runs and Boston went on to win, 4 to 3.

Brooklyn bats become silent when Morris Martin goes to the mound. The four-hit shutout pitched by Vern Bickford of the Braves May 14 was the second whitewashing suffered by the Dodgers this season, and Martin lost them both.

Hank Borowy celebrated his 33rd birthday May 12 by pitching the Phillies to a 4 to 3 victory over his former team, the Cubs. Hank hurled his fourth complete game and matched two losses with a pair of wins.

Third Baseman George Kell of Detroit couldn't get a hit off Ned Garver of the Browns in 15 times last season. However, this is another year and in eight trips to the plate, the Tiger infielder has nicked Garver for six safeties.

13 Schools Enter N. C. Track Meet

Chapel Hill, May 26—Thirteen schools have certified competitors for the annual state high school track meet on Fetzler Field here Saturday when Durham will seek to win its fifth straight title.

A meeting of coaches will be held in Wooten Gymnasium at 10 a. m. Saturday for drawing of positions. Frank Murray of the University Physical Education department will have general charge of the meet. Other members of the staff will assist in officiating.

Sports Slants

Coach John Francis Monkey has a pair of talented sophomore track athletes who promise to make his 50th season as track and field coach at Cornell University one of the most memorable in his long and brilliant career. The youngsters are Bob Mealey, Jr., and Charley Moore, Jr., both sons of former outstanding track performers. Young Mealey crashed the headlines last winter by romping off with the National A. A. U. indoor 1,000-yard championship, while Moore had to wait until the current outdoor season to step out in sensational fashion.

The son of a former Penn State hurdling ace and a member of the 1924 Olympic team, Moore caused a great stir when he skinned over the 440-yard hurdles in 52.1 seconds at the Penn Relays to establish a new carnival record for the event. A week later he returned to Franklin Field for a dual meet with the University of Pennsylvania squad and turned in the fastest quarter-mile of the current season—47.2 seconds. That constitutes a new Cornell record for the distance and installs Moore as the favorite in the coming International outdoor 440-yard title run. For good measure, he ran also on the Cornell mile relay team which reeled off a 3:14.9 clocking.

Wants Olympics Held Every Year

Lexington, Ky., May 26 — (P) — The Olympic games should be held every year instead of once every four years, Kentucky basketball coach Adolph Rupp said here last night.

Has Scholarship In Trophy Case

Champaign, Ill., May 26 — (P) — Dike Eddleman, University of Illinois athletic ace, has added a scholarship award to his trophy case which already contains 11 varsity letters in track, football and basketball.

Cowboy Has His Ups And Downs

Lawton, Okla. — (P) — Cowboy Jack Hownestine of Cache, Okla., is going to stick to his bucking bronchos.

Patrolmen Busy In Last Month

Raleigh, N.C., May 26 — (AP) — North Carolina's highway patrolmen were a busy, far ranging lot last month.

Eight Top Pros Face Probable Elimination In PGA Scramble

Richmond, Va., May 26 — (AP) — Eight top-drawer professionals faced probable elimination today as the thirty-first PGA tournament became a wild scramble to overhaul George Snelter of Ogden, Utah, in the battle for medalist honors.

Bucs Lose Games And At Same Time, Gaining Fans

Pittsburgh, May 26 — (P) — Every body loves a winner but nobody can figure out the popularity of the Pittsburgh Pirates.

College Credits In Fishing Trip

Norman, Okla. — Students at the University of Oklahoma will get college credits for going fishing.

Today's test over the 6,677-yard Hermitage Country Club layout was the second 18-hole round of 36 holes of medal play. It will narrow the field of 136 down to 64 for the start of match competition Friday.

They keep losing games and winning fans.

The Pirates are mixed in seventh place, six games out of first. Aside from the first bright days of the season, they have spent most of the time precariously near the National League cellar.

But the fans love them. They flock to Forbes Field as though every game were a world series contest.

"It's amazing," said club treasurer Al Schlensker, with a shake of his head, "I can't explain it. I've never seen anything like it."

For the 11-game home stand just concluded—the Buccos won only four—attendance was 259,925. The total for 15 home games to date is 348,454.

That's 66,587 better than the Pirates drew in a corresponding period last year, and that in a league where every other club is complaining of plummeting attendance.

The Pirate fans are not only loyal

but hardy. No fair-weather friends are they. Tuesday night Brooklyn was here. It rained and rained right up to game time. The seats were soaked, it was a chill, damp night.

The weather "held" the crowd to 29,625.

Night games and doubleheaders find Forbes Field bursting at the seams. The park seats 33,800. The ball club no longer permits the overflow to stand on the playing field.

A stroke behind Snelter was surprising Jack Isaacs, Langley Field, Va., professional, whose only claim to country-wide golfing fame is that he won the National Service Men's championship at San Angelo, Texas, in 1943.

Mustached Lloyd Mangrum of Niles, Ill., and Howard Schmidt, an unknown from Chino, Calif., started today's round deadlocked for third place with 68's.

Bunched with Snelter with 69's were Clayton Heafner of Charlotte, N.C., Herman Barron of White Plains, N.Y., Henry Ransom of St. Andrews, Ill., and Ray W. Hill of Shreveport, La.

Cleveland's First Tour Was A Flop Despite Doby's Hits

By JACK HAND
Associated Press Sports Writer
Flop is the word for Cleveland's first eastern trip despite the long distance clouting of Larry Doby.
Only the home run hitting of the talented Negro outfielder saved the Tribe from complete disaster. He couldn't do it all.
The world champions left their lake shore wigwag May 11 after whipping the New York Yankees in a night game. They were in second place. No matter what happens tonight when they wind up their tour at Washington, they'll go home in seventh place. No wonder Bill Vecek wants to start the season all over again.
They have a 2-6 record against the Red Sox, Yanks, A's and Senators. Doby took care of one victory all by himself with a 450-foot plus homer, believed by many to be the longest ever hit at Yankee Stadium.
Last night Cleveland lost again, although Doby hit another. This time it was a long drive that cleared a sign atop the right centerfield scoreboard at Washington. If it hadn't been for that, Sid Hudson would have had a shutout. As it was he won, 6-2.
Once again Manager Lou Boudreau's pitchers failed him. Steve

Gromek, who pitched two innings on relief Sunday and worked one inning Tuesday night at Philadelphia before the game was rained out, failed to get past the first inning. In fact, he failed to get anybody out. A base hit and three walks sent him to the showers.
If things ever get tough at the Yankee Stadium, Tommy Byrne can make a living beating Detroit. The New Yorker did it for the fifth straight time of his career yesterday, 6-2, striking out 12 men. That was the season high for strikeouts, passing Mel Parnell's 11 total in an 11-inning game.
Connie Mack's Philadelphia A's making a determined bid, protected second place by downing the Chicago White Sox, 6-4, last night. The A's remained 3½ games back of the leading Yanks.
A five-run spurt in the fourth inning against Marino Pieretti and Clyde Shoun did the job for the Mackmen.
The St. Louis Browns, humiliated twice by the Yankees, turned on the Boston Red Sox to win an 8-4 game. Jack Graham's eighth homer helped the Browns pile up an early lead for Cliff Fannin that Al Zarilla's three-run homer in the sixth couldn't overcome.

Brooklyn tightened the National League race by thumping Pittsburgh, 8-6, while both Boston and New York were losing. The Dodgers are only a game out of first, winning seven of nine in the west. Jackie Robinson continued his batting spree with a two-run homer and single, boosting his rbi total to 34.
Howie Pollet looked like the Polle of 1946 as he pitched the St. Louis Cardinals to a six-hit 3-0 win over the leading Boston Braves. Warren Spahn had one bad inning—the fourth—when St. Louis scored all its runs.
Chicago's Cubs took the heat off themselves by defeating the New York Giants for the second straight day, 3-2. Bob Rush decisioned Monty Kennedy with the help of Hank Edwards who drove in one run and scored another.
Bud Lively came through with another well-pitched effort as Cincinnati shaded the Phillies, 3-2. A double by Danny Litwhiler, Johnny Wyrostek's single and an outfield fly broke a 2-2 tie in the sixth.

Doggy Show

Newark, N. J., May 26—(AP)—A new kind of dog show will be on the program after the ball game, on June 11 at Ruppert Stadium—home of the Newark Bears.
Kids who bring their dogs with them in these events:
Longest dog, tall tip to nose; smallest dog, two years old or over; cleanest; best puppy; typical mutt; best-looking dog; longest ears; best tricks; and most obedient.
Every kid entering a dog will get a prize and the three top dogs in each class will be ribbons.

Kirk Manning Is Captain Of Team

Chapel Hill, May 26.—Kirk Manning, resident of Bethel, and Grant Lynch, resident of Winston-Salem, were named to captain the 1950 lacrosse team. Both boys are students at the University and will enter their senior year in September.
Lacrosse was inaugurated into the athletic program at North Carolina in 1949.
Kirk played midfield on the Tar Heel team.

Doctor Warns Athletes To Keep Weight Balanced

Washington, May 26—(AP)—That old sports cry—"on your toes, men"—goes up in almost every game. Yet the athletes who literally need it may be cutting short their own careers.
What's needed, Dr. Eugene Sutton said today, is to keep one's weight evenly balanced.
He thinks a baseball player's professional life may be lengthened four or five years by keeping him off his toes.
Dr. Sutton, of Clarksburg, W. Va., has been foot doctoring the St. Louis Cardinals. His views came today in a release from the National Association of Chiropractors. It's all a part of National foot health week.
Getting right down to the foot of the problem, Dr. Sutton has his athletes stand on a special electric pad. This registers the way the weight is distributed on the feet.
Maybe too much weight is put on one foot. Or maybe on a part of one foot.
A special tape, invented by the Doctor, makes a light, flexible bandage which, when applied properly, may correct the trouble.
Dr. Sutton figures he's helped many of the Cardinals at their base-

Morale-Booster For DiMaggio

New York, May 26—(AP)—Joe DiMaggio, who has spent the season nursing an aching heel, is going to get a "morale-booster."
The Italian Historical Society of America said today it planned to honor the New York Yankee outfielder as the outstanding American of Italian extraction in the field of sports.

Derby Winner In Three Straight

New York, May 26—(AP)—Steve Brooks, who rode Ponder to victory in the Kentucky Derby this year, steered home three consecutive winners at Belmont Park yesterday.
He was up on Othello \$12.50 in the first; Whirl Awhirl \$12.50 in the second and Ellie G. \$18.00 in the third. Othello and Whirl Awhirl combined for a \$61.50 daily double.

CORRECTION

In yesterday's Daily Reflector all metal folding chairs were advertised for \$1.00. It should have been all wood. Price remains the same.

903 Diekmann Avenue

Sammy Baugh Asserts Next Season Is 'Finale'

Tumple, Tex., May 26—(AP)—Sam Baugh says this is it. Next season, declares the passing great of the Washington Redskins, will be his last in football. It will end thirteen seasons on professional gridirons.
The former Texas Christian University star is here where his mother is in a hospital. He owns a big ranch near Rotan, Tex., which is 80 miles from Sweetwater.
"The 1949 season will finish me up with football," he said emphatically. "Guess I'll spend most of my time on the ranch, and maybe do a little roping during the rodeo season."
If it hadn't been for the T formation, he added, he'd have been out of football long ago anyway.
"Before we started using the T, the pro game was the roughest thing out," Baugh said. "But the new formation made it a little easier for me at quarterback."
"It helped more the last few years than it did at first. An old man like me can't stand up to much of the hard knocks that a backfield man gets and the T has relieved a lot of it. If I'm not passing, I push the ball to some younger fellows and let them run with the thing."
Baugh, now 35, said this was the third time he had made plans to quit football.
"When I signed my first contract with the Redskins," he said, "I had intentions of playing only one year. But I like it so well I just couldn't give it up."
More than 23 million youngsters from five to 17 are enrolled in U. S. public schools.

SOAK THE RICH

Paris—(AP)—Harder economic conditions for the rich seem reflected in a Paris press report that the network of state-controlled pawnshops will soon be extended to more wealthy districts of the city, where they expect to receive mainly luxury goods such as jewels and furs.

HOT WEATHER THIRSTS CRAVE COOL, FRUITY ORANGE-CRUSH

Sparkling, Delicious, Refreshing; Nation's Choice for "Fresh Fruit" Flavor

STOP . . . FOR Orange-CRUSH. Yes, stop . . . let the engine cool a bit, and allow all in your motor party to thoroughly refresh themselves where you see the road-stand sign, "Orange-CRUSH ON SALE HERE." It's the sign of good-fellowship, and especially, good taste . . . delicious, cooling, "fresh fruit" flavor Orange-CRUSH . . . hot weather thirst delight.

Orange-CRUSH HOT WEATHER SPECIALS

The alert hostess knows that the ever-welcome treat to beat the heat is a long, cool delicious drink. But the difference between usual servings and those that seem to require a spark of genius is often so quick and easy—just a tiny bit of know-how. Here are three unusual hot-weather treats you can prepare in a few moments with fruity, delicious Orange-CRUSH—treats that look cooling, taste wonderful, mark you the perfect hostess.

ORANGE ALE. Combine equal quantities of chilled Orange-CRUSH and Old Colony Ginger Ale. Serve in tall glasses with tasty sandwiches or any desired snack.

ORANGE-PINEAPPLE. Combine 3 parts chilled Orange-CRUSH with 1 part chilled pineapple juice. Pour over cracked ice in tall glasses. Real fancy with mint or cherry garnish.

ORANGE-LEMON. Make iced lemonade, using half Orange-CRUSH and half water for the liquid. Slices of lemon, sugar "as you like it." You'll refill the glasses again and again.

FAMILY THIRST-QUENCHER "PUT ON ICE"

HOORAY! ANOTHER CASE OF DELICIOUS Orange-CRUSH TO HELP US KEEP COOL! Look, Mother, Daddy's brought another case of yummy Orange-CRUSH! Now we can have those last four bottles, cold from the refrigerator, for all of us. Then you

can fill up every spare space. Oh, mother—cookies too! Great way to beat the hot weather . . . with Orange-CRUSH and Jack Frost to help us . . . right in our own kitchen! Yes, "fresh fruit" flavor Orange-CRUSH is always a home "hot weather" delight.

Parents, Children Say: "Bottled Orange-CRUSH is 'TOPS IN TASTE'!"

Best-Loved Summer Drink

Family folks—men, women and children by hundreds, when asked, "What do you want a hot-weather drink to be?"—reply without hesitation, "Something fruity, something cool." That's bottled Orange-CRUSH. Right out of the ice box. Luscious, "fresh fruit" taste of choice, grove-ripened Valencia oranges . . . tingle of sparkly, gentle carbonation . . . rapturously cooling to parched throats . . . tempting treat to tired tastes—who wouldn't love it?

Orange-CRUSH achieves the real "party" flair in hot weather hospitality. Real chummy, quick and informal. Double-cool, double good! Especially when served with tasty sandwiches, crackers or cookies. Never be without plenty of bottled Orange-CRUSH on ice, ready to serve. It's the "friend in need" every time.

"Fresh Fruit Flavor"

"Orange Sparkle Pleases"

"Natural Tasting"

"Fresh-like Flavor"

Make "Orange-Sides"

Youngsters love 'em! Simply pour Orange-CRUSH into refrigerator ice cube compartments. When partially frozen insert a blunt wooden skewer in each cube. Finish freezing. Better'n candy!

Only Tree-Ripened Valencia Oranges Used

FROM SUNNY GROVES come the luscious Valencia oranges that are used in preparing Orange-CRUSH. Only the choicest oranges are selected, picked at the very peak of their maturity. These select oranges are rushed to the plant where they undergo a special processing developed over many years by Orange-CRUSH technicians. In this way, every bit of flavor and goodness is saved for your enjoyment in a bottle of Orange-CRUSH.

Orange-Crush

CARBONATED BEVERAGE

Juice of tree-ripened Valencia Oranges, filtered carbonated water . . . flavor of orange peel, citric acid from lemon juice, sugar syrup . . . that's Orange-CRUSH!

HE MAKES SHOPPING EASIER . . . because he knows families in growing number are buying Orange-CRUSH, in brown bottles, "by the case." So he keeps well stocked with cases of Orange-CRUSH, and helps shoppers remember to buy with a well-displayed reminder to "BUY IT BY THE CASE."

YOU'LL BE HAPPY AT HOME . . . if you buy Orange-CRUSH by the case—and keep a few bottles always cool and handy in your refrigerator. Delicious, cooling refreshment between home tasks . . . for active, thirsty children . . . for "drop-ins" while you chat . . . for parties . . . for the unexpected, always!

...THE DRINK WITH THAT "FRESH FRUIT" FLAVOR

Seeks To End Fifty-Year Exile For U. S. Violinist

By TOM REEDY

Berlin—Fifty years ago President McKinley patted a little boy violinist on the head and wished him bon voyage to the European concert stage.

Today, President Truman wants to know what can be done to bring the violinist back.

In the intervening half century about everything possible has happened to the violinist, Florio Reuter.

Now, pushing toward 60, Reuter lives in a bare, tiny apartment in Berlin with a small American flag tacked onto the door. He is broke and hungry.

Appointed by kings, knighted by the Rumanian throne, impoverished by war, about all Reuter has left are his two highly valuable violins, a Maggini and an Obici.

The Germans say he is an American so they can't help him. The Americans say he has to live on the German economy. This is what happens to an American who is away from home too long and winds up in an enemy country.

Into this lost soul existence there crept a new note a short time ago. Some distant relatives in Reuter's home state (he was born in Davenport, Iowa) heard about his plight. They wrote to the White House. The President instructed Secretary of the Army Royal to look into it. Royal sent it on to Gen. Lucius D. Clay, commander in Germany.

American military government investigated Reuter thoroughly. They found he had been stuck here in 1941 after war's outbreak through no fault of his own. He elected to remain here with his Swiss-born wife rather than leave her.

Through the decade, Reuter ignored the Nazis though Furtwangler played Reuter's own compositions. He taught violin and managed well enough.

The inquiry showed also that Reuter now known as Von Reuter because he had been made a baron by Queen Elizabeth of Romania had helped Jews out of Berlin. Nazi files also revealed numerous quizzes by the Gestapo and a \$600-mark (then \$200) fine for possessing British leaflets.

The United States consul gave his stamp of approval to Reuter and has drawn up a passport for him. The only rub now is that somebody in the U. S. has to offer him a job either as a concert violinist or as a music teacher. That is required for an American to be repatriated after such a long absence.

"I would like the American people to hear me play again," Reuter said. "Especially in Iowa where I was born."

Hit Segregation Within Church

Buffalo, N. Y. May 26—(AP)—The 161st general assembly of the Presbyterian church in the U. S. A. was on record today as condemning racial segregation within the church.

The stand was taken in adopting a board report of the division of social education and action which the assembly approved yesterday in its closing session.

The section on racial segregation said that "we hold that the presence of segregation synods and Presbyteries within the structural framework of our denomination based on either race or nationality is not in accord with basic Christian principles."

Ministers and elders of Southern Presbyteries represented in the Presbyterian church in U. S. A., fought against passage of the section.

Some church leaders feel the segregation issue is a primary block toward reunion of the Northern church and the Presbyterian church in U. S. or Southern church.

The Rev. W. Howard Lee of St. Augustine, Fla., asked for elimination of the passage on the basis that it held "empty promises that could not possibly be fulfilled below the Mason-Dixon line and that are not fulfilled in our churches in the North."

To Sell Letters From Thackery

London—(AP)—Letters from William Makepeace Thackery will be sold in London by descendants of one of the novelist's intimate friends.

One of them, an invitation to dinner, bears a note scribbled in the handwriting of the "Vanity Fair" author: "I have two bottles of wine and credit at the butcher."

The letters are in an album prepared by Mrs. Kemble Gatin, whose ancestors were John Kemble and William Donne, intimate friends of the author.

Boy Kills Dad At His Command

Four-year-old Doyle Talbert (above) of Mt. Pleasant, N.C., obeyed the command of his father, Fetzor Lee Talbert, 37, to shoot him to death a few moments after Talbert had killed his wife. The slain woman was the mother of seven children. She and Talbert had been estranged. Talbert fired seven rifle bullets into his wife's body, then placed the gun against his own chest and ordered little Doyle to pull the trigger. The child followed directions while his five-year-old sister, Judine, watched. (AP Wirephoto).

Danube Canal

Bucharest, Romania, May 26 —(AP)—The government announced plans today to start immediate construction of a canal from the Danube to the Black Sea.

Once planned with British aid as a guarantee against Russian control of the Danube, the canal will be built with Russian aid, reliable sources said. It will stretch about 60 miles from Cerna-Voda on the Danube to Lake Tassau, near the coastal port of Constanta.

The official explanation said it will give deep sea shipping a shorter and more reliable route than the Danube course, and will be more economical. The communists did not give the cost. The British engineers who had worked on the plans in the 1930's had estimated it would be a five year project.

Boy Charged In 'Dream' Murder

Cumberland, Md., May 26—(AP)—A 16-year-old boy who said he got up from a bad dream and shot his brother and sister-in-law was being held here today on a charge of murder.

The sister-in-law, 18-year-old Mrs. Katherine Brewster, died yesterday of two shotgun wounds in the neck. Her 23-year-old husband, Thomas, was shot in the leg.

State's Attorney Morgan C. Harris said the youth, Randolph Brewster, told him he "had a bad dream" while sleeping in his brother's modest home on the outskirts of Cumberland.

"When I got awake I was dazed," young Brewster's statement continued. "Something told me to get the gun, and I got it and shot him and she jumped up and screamed and I shot her."

After the shootings, Harris said the youth told him he put the victims in his brother's car and took them to a hospital.

Young Brewster then fled in the car after leaving his brother and sister-in-law at the accident room. He was later captured by state police who chased him at an 85-mile-an-hour clip over mountain roads.

Thomas Brewster told police from his hospital bed that he could not explain the sudden shootings. The Brewsters have two sons, 9 months and two years old.

Big Steel Ready To Talk On Coal

Pittsburgh, May 26 —(AP)—The U. S. Steel Corp. has informed John L. Lewis of its willingness to meet with the United Mine Workers' chief to write a new contract for its "captive" coal mines.

So-called captive mines are those owned and operated by the Steel Corporation in connection with its steel production.

In a letter to Lewis yesterday Harry M. Moes, president of the H. C. Frick Coke Co., a U. S. Steel subsidiary, wrote that the company preferred to begin negotiations after a contract has been reached with commercial operators.

Moes added, however, that if Lewis is "adamant on an earlier meeting, I will, of course, meet with you at a time and place convenient for you, preferably after June 19, 1949."

Lewis opened negotiations with the Southern Soft Coal Operators Association yesterday at Bluefield, W. Va. The UMW contract expires June 30. He would not comment on the letter last night.

Lewis on May 13 wrote to Moes and U. S. Steel President Benjamin F. Fairless notifying them of expiration of their contract and offering to confer on a new agreement.

Mixed Business With Pleasure

Washington, May 26 — (AP)—Mixing business with pleasure is bad—even for safecrackers.

Three men who ate sandwiches and drank beer while trying to crack a safe at the Southern Venetian Blind Co. were surprised by police last night. One got away but two were captured.

Horned toads eat ants and other insects, catching them with a darting tongue.

Calcutta's Port Breaks Record

Calcutta—(AP)—The Calcutta port has established a peacetime record in cargo handling.

Docks Manager K. Mitter reports that the port handled 718,000 tons in March, 1949, excluding petroleum landed in bulk. Such a high figure was previously achieved only during World War II, when Calcutta was a major port of supply for the allies in the China-Burma-India theater.

Mitter adds that tonnage presently being handled in Calcutta is on a par with that of any major port in the world, and certainly more than any port east of Suez.

Wilson's

Weekly Bulletin

from the Rector Kitchens

PICNIC FAVORITES. Decoration Day is just around the corner. Next Monday to be exact. It's the opening day for the happy summer season of out-door eating. All summer long you can get out of the kitchen's heat with picnics at the Wilson's Certified Meats used either hot or cold.

Your family will enjoy "America's Finest," Wilson's Certified Cold Cuts sandwiched generously between their picnic breads. When picnic days turn cool, all picnickers "love" broiling these meats around the bonfire. (See recipes.)

MAKE IT A FIX-YOUR-OWN-PICNIC. In sultry weather easy-does-it best with Wilson's fine Salads in jars—ham, chicken, or pork; Certified Potted Meat or Devilled Ham plus a tasty bit of Wilson's Mayonnaise or Salad Dressing. You'll find you just can't beat a Wilson canned meat, and they're pre-cooked ready for eating. All Mom has to do beyond laying the plans is give the call to "Come and get it!" U-m-m-m!

CHEESE RAVES: Wrap a cube of Wilson's Certified American Leaf cheese in a bacon strip. Roast on broiling stick until the cheese melts and the bacon becomes crisp. Wrap a cut bun around. Stand pull from the stick.

HI-HAT HOT DOGS: Sit a Wilson's Certified Frankfurter on one side. Insert a stick of Certified cheese. Wind Wilson's Certified bacon around outside. Place it on broiling stick. Broil.

BARBECUED MEAT CUBES: Make cubes of Wilson's Certified New England Sausage, or your favorite Wilson Certified Cold Cut (Bologna, Pickle and Pimento Loaf, Regal Loaf, Macaroni and Cheese Loaf and Baked Loaf). Alter taste meat cubes with small onions, halved. Dip in Barbecue Sauce either before or after broiling.

BROILED FRANKS: Insert peeled and of broiling stick into each Wilson's Certified Frankfurter. Broil until brown over glowing embers.

SAUSAGE KABOB: Bundle green onions and a stick of cheese in a wrapping of sliced cold cut on end of green stick. Broil.

CHEESE BUNDLES: Wrap a stick of cheese in two slices of cold cut (your choice) but make it Wilson's Certified for quality. Broil.

THERE OUGHTA BE A LAW!

Peddler of Dreams

By Peggy Dern

Chapter 30

"Meet the Family" opened with a pleasant fanfare of publicity. Felicity grew almost accustomed to seeing her own picture looking up at her from the theatrical pages. To granting interviews to the press — which was what the show's press agent called handing out mimeo-graphed copies of stories about her to various newspapers.

She herself was hysterical as she tried to get dressed for the evening, and snarled at Garrett with such insolence that, momentarily realising what she had done, she stared at him appalled.

Garrett's eyes glinted a little as he looked down at her. And then deliberately he took her two slim shoulders between his hands and shook her hard. Dazedly, she stared at him, wide-eyed. And then she burst into tears and clung to him with both shaking hands.

It was pretty bad, but when it was over she said shakily, "I-thanks, Garry. I'm s-sorry."

"Skip it, infant," said Garrett firmly. "And for Pete's sake, get this blasted opening over with so you and I can start for California. And if you ever even dare to look like you're so much as thinking of another play, I'll spank the daylight out of you!"

"California!" exclaimed Felicity. "Yes, California," explained Garrett.

His police reporter series had interested Hollywood. The deal gave Garrett a handsome salary on the studio's writing staff.

Felicity stared at him, breathless and excited. "Oh, Garry — you're marvelous!" she whispered.

She leaned toward him. "You know something, Garry?" she asked softly. "I'm never going to write another play as long as I live! Never!"

"Of course you will!" "No! You know there was only one real story in my life. Meet the Family was it, and I don't ever want to think of another."

They reached the theater to find everything in apparent confusion. But the curtain went up on time, though Felicity hadn't believed that possible.

There was a generous outburst of applause after the first act, and Garrett came back to find Felicity, his eyes shining a little.

"I've got a surprise for you, angel-face," he told her, and drew her back to the "green room."

He flung open the door and stood back; and Felicity stood in the doorway, staring wide-eyed and incredulous. At Burton and Ma Green, and the children; and Susan and Chal-

Life Underwriters Elect New Officers

At a recent meeting of the Pitt County Association of Life Underwriters, Joe E. Parkerson, agent for the Metropolitan Life Insurance Company, was elected president; Henry L. Brown, Pilot Life Insurance Company, and Godfrey P. Oakley, Occidental Life Insurance Company, vice presidents; H. M. Swayne, Pilot Life Insurance Company, secretary-treasurer.

L. B. Swayne, Pilot Life Insurance Company, was named national committeeman; C. D. Tunstall, Occidental Life Insurance Company, state committeeman.

Directors are: Jake M. Madley, Security Life and Trust Company; Earl E. Ryals, Southern Life Insurance Company; J. Paul Simpson, Security Life and Trust Company; Leslie A. Jones, Jr., Prudential Insurance Company of America, and P. L. Goodson, immediate past president of the Shenandoah Life Insurance Company.

The new officers will be installed at the June meeting.

FLIES TO SCHOOL
 Lawton, Okla. (AP) — Junior Akin, Lawton student who lives 10 miles northeast of here, has a pigeon which follows him faithfully. When Junior gets on his motor scooter to go to school, the bird flutters behind him.

Big, Mad Bulldog Is Electrocuted

By CHESTER WALSH

A big bulldog with hydrophobia, with foaming mouth and snapping teeth, running wild near Fleming Street Negro Elementary School shortly before noon today, caused a panic in the nearby office of the Pitt Milling Company, routed attendants and others and then entangled itself in electric wires leading to a baby chick brooder and was electrocuted, Greenville Policeman George Crawford and Roscoe Tripp reported.

H. K. Leggett, the manager, took refuge on top of a desk when the mad dog entered the office. Johnny Lee Waters, Negro employee, picked up a long-handled shovel to protect himself from the vicious attack of the enraged bulldog and the shovel handle bore marks of the animal's teeth.

Leggett managed to get the telephone and called police. When Crawford and Tripp responded to the mad dog alarm they could not, at first, find the canine. Search with cocked pistols for the dog resulted in discovery that it had gotten in contact with wires attached to the chicken brooder and the electric current killed it. The dog had positive symptoms of hydrophobia, the officers and Leggett declared.

Wrong Numbers

The number of members of the graduating classes of Bethel and Belvoir schools in yesterday's Reflector were incorrect.

Bethel will graduate 34 seniors and Belvoir will graduate 26 seniors in exercises Friday.

Cuts Red Tape So Aly And Rita Can Wed Friday

Cannes, France, May 26—(AP) The wedding of movie star Rita Hayworth and Prince Aly Khan will go off on schedule tomorrow—thanks to Communist mayor Paul Derigon's decision to cut the red tape.

A delay in the ceremony was feared because the Prince didn't want to go through with formalities normally required for French marriages. He frowned on having a notice of intention to marry posted for 10 days on the city hall door of the village of Vallauris. He also didn't want to publish a notice of intention abroad.

Mayor Derigon of Vallauris, with French gallantry in such matters, decided he could do without official word that those formalities had been waived. In fact, they have been waived, but official word has not filtered down through government channels.

Bond Opponent Talks In Raleigh

Raleigh, N.C., May 26—(AP)—S. Gilmer Sparger, speaking in opposition to issuance of \$200,000,000 in rural road bonds, asserted today "this is not the time for the state to engage in rash financial practices."

Sparger, executive secretary of the N.C. Petroleum Industries Committee, said in a speech prepared for delivery to the Raleigh Civitan Club, that "in these uncertain and unsettled times when farm prices are falling, factories are suspending operations and unemployment is causing serious concern x x x North Carolina would do well to follow those policies which have brought it along so far x x x."

KIWANIS CONVENTION

The Greenville Kiwanis Club will be well represented at the annual convention of Kiwanis International at Atlantic City, June 19-21. President Arthur Tripp and Jesse R. Moye II are delegates. Past Lieutenant Governor Ed Raul and Director Edgar H. Williford will have parts on the convention program. The Kiwanians' wives will accompany them.

(Continued from Page One)

Appropos of the continued Communist successes in China, the United States is urging all nations with direct interests in the Far East to agree on a common policy toward the Chinese Communist regime, and not to grant official recognition hastily, Washington has taken this matter up with more than a dozen nations, but the chief concern of U.S. leaders is for unity of action between Britain and America.

Britain has greater business interests in that theatre than the United States. For this reason there has been considerable concern in American circles lest London might be more anxious to establish working relations with the Communists.

There are indications that Britain wishes to reach a modus vivendi for areas which the Chinese Communists now control. She is said to lean to a policy of giving de facto recognition to the government which actually is running the country, such recognition of course merely being acknowledgment of the fact without putting a stamp of approval on the government.

However, Britain appears to be agreed that such recognition should be made on a common basis. As a matter of fact, it seems likely that the United Nations would enter into any sort of Chinese recognition. After all, China is a member of the Big Five nations—America, Russia, Britain, France and China. Therefore none of the powers would be expected to rush heading into recognition of a Communist government.

Vinson To . . .

(Continued from Page One)

The B-36 bomber. He added: "For days there have been disturbing rumors and gossip in the Congress and in the press with respect to this giant bomber and those connected with it."

"It is high time that those who have been the object of this steadily increasing tide of criticism and innuendo be given an opportunity to put their case squarely before the committee, the Congress, and the public."

Vinson did not say what the rumors and gossip have been, nor who has been connected with it.

However, Van Zandt declared yesterday that Consolidated Vultee has profited from large orders for B-36's at the expense of other aircraft firms whose contracts have been cancelled.

Squabble Over . . .

(Continued from Page One)

Lillenthal and representatives of the Research Council say now that in the future any fellow doing even non-secret work will first be asked to take an oath of allegiance to this country and swear he is not a Communist.

Several senators—particularly Republican Senator Hickenlooper of Iowa, who thinks Lillenthal ought to be fired—said a loyalty oath isn't enough, that an FBI check is necessary.

But why should the top scientists—and Lillenthal, who says he accepts their judgment in the matter—be against an FBI investigation of young scientists not doing secret work? They argue:

Some of those badly needed young scientists in the atomic field would be discouraged from entering it at all if they thought they had to go through an FBI examination of their lives. And—

If an FBI probe starts in this field, simply because government money is being used although no secret work is involved, it's the first step toward opening the door to the FBI in other fields of education.

Dr. Alfred N. Richards, president of the National Academy of Sciences, said this would introduce into our system of education "a type of governmental interference which is not too far away from what the Nazis had and what the Russians have now."

But Senator Vandenberg, Michigan Republican, raised a point which throws the whole question into even sharper focus. He said: "It is unthinkable to me that communists should be educated at public expense."

But how far can that idea be carried? What of the veterans receiving their education in colleges now at government expense under the GI Bill of Rights?

Should every one of them be investigated by the FBI to see whether he's a communist. Just where is the line drawn?

Coal Talks . . .

(Continued from Page One)

talks before they started — could speak for enough of the industry to make a contract. The present one

runs out June 30.

Apparently Lewis referred to an SCPA by-law that nine of the 14 operators groups represented on the board of directors must approve major policy decisions, such as a contract.

But two of the 14—the Virginia and Winding Gulf (W.Va.) operators—pulled out of the conference, saying they believed separate negotiations between the UMW and SCPA would get nowhere. However since they retained membership in the SCPA, they presumably also retain a vote on the board.

It was a credentials fight that broke up negotiations for a national bituminous contract a year ago in Washington. There the UMW held that SCPA President Joseph E. Moody was not eligible to bargain for Southern producers because the SCPA itself had not been a signer of the previous contract.

Hoover . . .

(Continued from page one)

disappear them within 60 days.

3. Take the hand of Congress out of administrative fields, thus freeing the executive branch of present restrictions.

In the past few months, the commission—set up by Congress in 1947—has offered some 277 recommendations, with aid from some 300 "task force" experts. Hoover has estimated that the group's proposals might save the taxpayers \$3,000,000,000 a year.

"There is perhaps no time in history," the final report said, when it has been more important to evaluate the effectiveness of the executive branch of the government in carrying out the will of Congress and the people."

Budget bureau analysts figure about a third of the recommendations can be put into effect simply by Presidential or departmental order, but Congressional action is needed for the rest.

Hog Market

Raleigh, May 26—(AP)—(NCDA)—Hog prices stronger. Tops at \$19.25 at Kinston, Tarboro, Greenville.

Wilson, Goldsboro, Washington; \$19.50 at Rocky Mount; Richmond stronger at \$20.

Poultry and Eggs

Raleigh, May 26—(AP)—(NCDA)—Fryers and broilers steady, 3 1-2 to 3 pounds mostly 26, few at 24; eggs steady, A large 51.

N.Y. Cotton

New York, May 26—(AP)—Cotton futures opened 5 to 30 cents a bale lower today.

Noon prices were 5 to 15 cents a bale higher than the previous close. July 22.90, Oct. 26.80 and Dec. 26.60.

Futures closed 20 cents a bale higher to 5 cents lower than the previous close.

	Open	Last	Prev. Cl.
July	22.26	22.29	22.27
Oct.	26.82	26.87	26.87
Dec.	26.62	26.67	26.68
May	26.34	26.38	26.37
July	27.56	27.60	27.56

Grain Market

Chicago, May 26—(AP)—An increase in selling pressure toward the close sent grains and soybeans lower on the board of trade today.

Trading volume picked up on the sell-off, but still was not very large. Reports of good rains in central west Saskatchewan, extending over the Alberta border, apparently caused part of the late selling in wheat.

Wheat closed 1/4-1 1/2 lower, July \$1.95 1/4, corn was 1/4 to 1 cent lower, July \$1.31 1/4, oats were 1 to 1 1/2 lower, July 50 1/4-54, rye was 1/4 lower, July \$1.38 1/4, soybeans were 2 1/4-3 1/4 lower, July \$2.21, and lard was 3 to 5 cents a hundred pounds lower, July \$11.42.

N.Y. Stock Market

New York, May 26—(AP)—Advances and declines finally achieved fairly close balance but changes either way were too small for the most part, to be conclusive. Turnover was at the rate of only 660,000 shares or so for the full session.

SLEEP

sleep on a **KARPEN** *Pil-O-Rest*

The relaxing comfort of sleeping on fluffy channeled pillows, supported by a firm completed innerspring unit, can be yours—only if you sleep on a Karpen Pil-O-Rest mattress. There's nothing to compare with this combination of just the right amount of "cushioning comfort" with just the right amount of healthful support. Karpen spent years in research to determine just how much cushion and just how much support was necessary . . . and the patented construction of the Pil-O-Rest is the result. We're proud to present this outstanding mattress.
