Atom Ambitions Strongly Denied

Sec. Johnson Says Military Establishment Has No Part In Hickenlooper Charges; Graham Asks Hearing Before Senate Atomic Committee

Washington, June 7—(AP)—Secretary of Defense Johnson said today the military establishment does not want control of atomic energy developments.

He added in a letter to Chairman McMahon (D-Conn.) of the Senate-House Atomic Committee: "I intend to see to it that this attitude is maintained by the military establishment."

McMahon, whose committee is conducting an inquiry into charges by Senator Hickenlooper (R-Iowa) of "incredible mismanagement" against AEC Chairman David E. Lillenthal, had written Johnson observing he had heard reports that "the armed forces are somehow involved" in that investigation.

"I just want to ask whether or not there is any truth in these allegations," McMahon said.

In reply, Johnson wrote: "The military establishment has not attempted, and will not attempt, to take atomic energy away from civilian control and turn it over to the military. We have had no desire to handle the matter."

"We have none now. We want none of it in the future. We have plenty of jobs of our own to handle. I intend to see to it that this attitude is maintained by the military establishment."

Hickenlooper has said several times during the Senate-House committee's hearings that no question of a return to military control of the atomic development is involved. He is a supporter of civilian control, the Iowa senator has said.

Shortly before the military exchange was made public Senator Graham (D-NC) asked a hearing before the Atomic Energy Committee.

Graham's name has been brought up before the joint congressional committee on at least two occasions. Both were in connection with Hickenlooper's criticism of the manner in which the AEC has handled the clearance of persons for access to secret information.

AEC Chairman David E. Lillenthal, whom Hickenlooper seeks to have fired, has testified that the commission overruled its security advisory board to give clearance to Dr. Graham as head of the Institute of Nuclear Physics. The institute is an organization of educators concerned with atomic studies. Graham at the time was president of the University of North Carolina.

Lillenthal said this was one of the only two cases in which the commission overruled the advisory commission headed for former Justice Owen Roberts. The other case, he said, was that of Dr. Edward U. Condon, head of the Bureau of Standards.

Standing In Line For Free X-Rays

More than a hundred people stood in line this morning for their turn to have a free chest X-ray made at the mobile unit located at Five Points in Greenville.

Over 300 people had X-rays made by the unit on Saturday, the first day of the X-ray campaign in the county and indications were that as many or more X-rays would be made by the unit today.

The four other X-ray units being used in the county were working in rural communities today.

'Menace To Society'

Supreme Court Had To Decide Whether Death Sentence By Judge, Or Imprisonment For Life, As Asked By Jury; Circumstances; Responsibility Of Society

By JAMES MARLOW

Washington, June 7—(AP)—Should a man who has become a "menace to society" be imprisoned for life or executed? It didn't matter to the Supreme Court in a case just decided by the court, although the court didn't raise it, at least directly.

The court was simply deciding on whether a judge was right to sentence a man to death after a jury had recommended life imprisonment.

This was the case: A New York Negro, Samuel Williams, killed a 15-year-old girl while trying to rob a house.

A jury listened to all the evidence offered in the trial. It thought he was guilty of murder but—It didn't want to see him executed. So it recommended that the judge sentence him to life in prison.

Then the judge got some information through the court's "probation department and other sources." This information linked up Williams with 30 other burglaries although he never had been convicted of any of them. The information traced Williams' background and early life.

Pitt Commission OK's Tentative Budget Outlays

Group Holds All-Day Session Monday Studying Budget Request Items

In an all day meeting yesterday, the Pitt county commissioners approved a tentative budget for the welfare department and the county board of education, considered a proposal for the creation of a public ladies' rest room in Greenville, heard reports from various county officials.

The commissioners tentatively approved a budget of \$84,163 for the county welfare department for the fiscal year 1949-50, and tentatively adopted a budget of \$220,842.50 for the operation and maintenance of the county's schools during the coming fiscal year.

Mrs. Viola Baker and Miss Martha Lee Cowell appeared before the commissioners in behalf of the Greenville Business and Professional Women's club in the interest of a public waiting and rest room for ladies in Greenville. They requested \$1,200 annually be furnished by the county to help defray the cost of the operation of the rest room which would be open to the visiting shoppers in Greenville.

Final action on the matter probably will be taken by the commissioners tonight when they reconvene the recessed meeting to continue the study of budget requests from the county departments preparatory to arriving at a county budget for the fiscal year 1949-50.

Francis Jones, first sergeant of the Greenville national guard unit, appeared before the commissioners and requested a sum be placed in the county budget for use by the local national guard unit for repair and maintenance of the local armory. The matter was taken under consideration by the board.

A delegation composed of Rev. P. H. Mumford, J. A. Nimmo, Jr., and William H. Hardee, representing the Negro citizens of Pitt county, presented a questionnaire to the commissioners relative to the hospital facilities which will be made available to Negroes when the new Pitt County hospital is completed. Chairman of the Board of Commissioners M. Brown Hodges advised the group that it would be impossible at the present time to furnish all the information requested, because detailed operational plans for the hospital have been left with the board of trustees of the hospital.

The board authorized the county accountant to invest \$5,000 with the Home Building and Loan Association of Greenville, and the \$5,000 is to be taken from the Greenville township road bond sinking fund. The action was taken because the funds are on hand and drawing no interest for the county, it was stated by an official.

Upon request of the Greenville Lions club, the board of commissioners waived payment of license tax due the county from the club for a circus which presented performances in the county during May.

The commissioners authorized a bond of \$1,000 for Zeb Manning, recently appointed constable of Swift Creek township, and re-employed D. R. Howell of Greensboro, to audit the books of the county departments for the year ending June 30.

In accordance with the state law, the commissioners took the names in the county tax books and general.

Officers Escort Daniels Boys From Court Room

Bennie Daniels and Lloyd Ray Daniels, Pitt County Negro youths, are shown being led from the court room back to the jail during the seven-day trial which ended last night when the pair was found guilty of first degree murder of William Benjamin O'Neal, white taxi driver. Judge Clawson L. Williams sentenced each of the youths to death in the gas chamber. Pictured left to right are Deputy Sheriff L. E. Manning, Bennie Daniels, Lloyd Ray Daniels, Deputy Sheriff Jasper Lee Mills and Capt. S. B. Dorsey.

Death Toll Of Forty-Three Seen In South Atlantic Plane Crash

San Juan, Puerto Rico, June 7—(AP)—A charter plane crashed and sank in the Atlantic early today with a possible loss of 46 of the 73 persons aboard, the U. S. Coast Guard announced here.

The Coast Guard announcement said 26 of the those aboard had been rescued by 6 a.m. EST—almost six hours after the crash. The bodies of two adults and a child were recovered.

The airline's agent in San Juan said those aboard included 53 adults, 10 children between two and 11 years of age, five children under two and five crew members. Most of the passengers were Puerto Ricans bound for the United States.

The plane developed engine troubles and crashed into the sea ten minutes after it left San Juan Airport. The plane sank within six minutes and the pilot, Captain Lee Wakefield, said he believed one-half or more of the passengers and five crewmen went down with it.

Capt. D. H. Dexter, in charge of the Coast Guard base here, said he did not believe more than the 28 known survivors would be found alive.

Search by air and sea craft was pressed. Twenty-six of the survivors swam to small islands and reefs, and crews of rescue craft braved death in the churning and treacherous seas to pick them off and carry them to the mainland.

Two were plucked from the water. The known survivors included both adults and children. The plane, enroute to Newark, N. J. via Miami, was operated by Strato Freight, Inc., a charter service with headquarters at Bradley Field, near Windsor Locks, Conn.

Capt. Dexter said the plane was unable to return to San Juan Airport when the engine trouble developed, and it crash-landed 150 yards off Point Salinas. The Point is four miles west of here, on the north coast of Puerto Rico.

All available U.S. Coast Guard, Air Force, Army and Navy planes and ships in the vicinity were called into the search for possible survivors, bodies and the exact location of the sunken plane.

Large surface craft could not get in among the dangerous rocks and reefs that dot the sea.

Calls On President To Explain Escape Of Spy

Congressman Wants Reasons For Allowing Soviet Agent To Skip Country Without Prosecution; 'Air-Tight' Case Readied

Washington, June 7—(AP)—Rep. Velde (R-IL) said today President Truman "owes it to the American people" to explain why Russian Agent Andrei Schvechenko was allowed to skip the country without prosecution.

Velde is a member of the House Un-American Activities Committee. The committee heard testimony yesterday that:

In 1944 and 1945, Schvechenko tried to get wartime secrets of jet propulsion and plane design by bribing employees of the Bell Aircraft Company at Buffalo, N.Y.

The employees strung him along with doctored information under the eyes of the FBI, with payoffs in cash.

The Russian left the country early in 1946. No attempt was made to arrest him.

The witnesses were Mr. and Mrs. Joseph J. Franey of Niagara Falls, N.Y., and Loren G. Haas of Buffalo, N.Y. It was Velde who popped a question that brought from jet engineer Haas a statement that he helped the FBI build an "air-tight case"

against Schvechenko but his efforts were "passed off" with word that "My Byrnes at the State Department says we can't touch him."

He said he got that information from FBI agents whose names he cannot now recall.

At the time of which Haas spoke, in 1945, James F. Byrnes was secretary of state. He now is in a Washington law firm. To a reporter who asked him about Haas' testimony, Byrnes said:

"Never did I tell any official of the government not to arrest anyone. That is not a matter for the Department of Justice and the FBI."

Veide, continuing, told reporters: "It is President Truman who determined the policy. It is President Truman who should make an explanation. The American people demand it."

"There may be some perfectly good reason why the Justice and State Departments refused to follow through with this case. But good or bad, the people have a right to an explanation."

Lucas Indicates Possible Action For Civil Rights

Washington, June 7—(AP)—The Senate may take a crack at civil rights before this session ends, Democratic Leader Lucas of Illinois hinted today.

Lucas told a reporter he is "happy" that the Senate Judiciary Committee approved a voice vote yesterday a bill to make lynchings a federal offense.

"I hope we'll soon have anti-poll tax and fair employment practices bills on the calendar," the Illinois senator said. "We'll take them up before we are through."

Pressed for an explanation of whether he means they will be brought before the Senate this session, Lucas said that decision will have to wait awhile.

"But this administration is just as interested in civil rights as I ever has been and when the time comes, we will give the Senate a chance to vote on some bills," he added.

The Democratic leader already has said that Congress won't quit on the scheduled adjournment date of July 31 unless it has completed a major share of President Truman's program.

Since action on civil rights legislation was stressed by the President in last year's campaign, Southern Democrats who oppose these bills have begun to think that there will be some new effort made to bring them up.

Some senators outside the South oppose on constitutional ground a bill to ban collection of state poll taxes in federal elections. There is industrial opposition to the FEPC proposal.

Blanks was slated to die Friday for the murder of Freddie Rhodes, Negro, last November 7.

Trial Judge John J. Burney, Solicitor Malcolm B. Seawell, and members of the jury which convicted Blanks in January all recommended clemency.

Raleigh, June 7—(AP)—Governor Scott today commuted the death sentence of Thurman Blanks, 22-year-old Bladen county negro to life imprisonment.

Blanks was slated to die Friday for the murder of Freddie Rhodes, Negro, last November 7.

Trial Judge John J. Burney, Solicitor Malcolm B. Seawell, and members of the jury which convicted Blanks in January all recommended clemency.

See Small Revolt To Taft's Labor Legislation Plan

Rift In Senate Republican Ranks Not Yet Strong But Potential Trouble

Washington, June 7—(AP)—A small but potentially troublesome revolt against the plans of Senator Taft for retaining most of the Taft-Hartley law brewed in senate Republican-ranks today.

So far the rift hasn't given Taft any real concern. But it appeared certain to be a major issue for a party policy conference of all the GOP senators on labor legislation.

The Republicans arranged their post-war while senate debate on the administration's labor bill and counter-measures halted temporarily.

Senator Elbert D. Thomas, sponsor of the Truman bill to repeal the Taft-Hartley law, fired the opening gun in the debate yesterday. He spoke for four hours, and then the senate set the bill aside and agreed to take up the state-commerce-justice departments appropriation measure.

Following action on that bill, the labor debate was to be resumed, possibly late today.

Thomas, chairman of the senate labor committee, told his colleagues the T-H law "has been taking us down the dangerous road toward government intervention and dictation in industry-labor relations."

In calling for quick repeal of the law, the Utah Senator said that last November "the American people in unmistakable terms decided that the Taft-Hartley act was a mistake."

The administration bill would junk the T-H law as union leaders have demanded and re-enact a slightly revised version of the old Wagner act.

Taft and two of his GOP colleagues, Senators Donnell (Mo.) and Smith (N.J.), are sponsoring a substitute which would make 28 changes in the present law but retain its basic provisions.

That substitute has the backing of a big bloc of Republicans and apparently about a dozen Southern Democrats.

Tactfully acknowledging the strength of that group, the senate's Democratic leadership is supporting five amendments which would write some Taft-Hartley provisions into the administration. The compromise is designed to woo votes away from the Taft substitute.

Report New Peak In Unemployment

Increase In May Contrary To Bureau's Expectations

Washington, June 7—(AP)—Unemployment jumped 273,000 in May to a new post war peak of 3,289,000.

The Census Bureau, reporting this today, commented that "ordinarily unemployment drops between April and May and the increase this year was, therefore, contrary to seasonal expectations."

The new high in unemployment is 68,000 above the previous top reached last February. Unemployment had declined slightly in March and April.

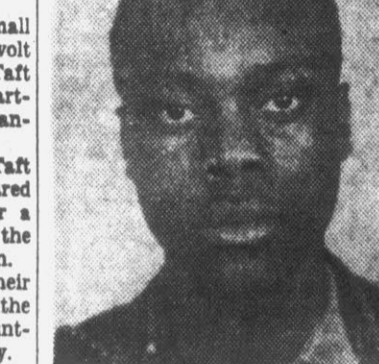

The bureau said that despite the increase in unemployment, more people had jobs in May than in any of last year. There was also a rise in employment from April to May.

It said one reason the number of job seekers—outside of farming—rose faster than the number of job opportunities was because of school age youths turned out for commerce or post graduation work.

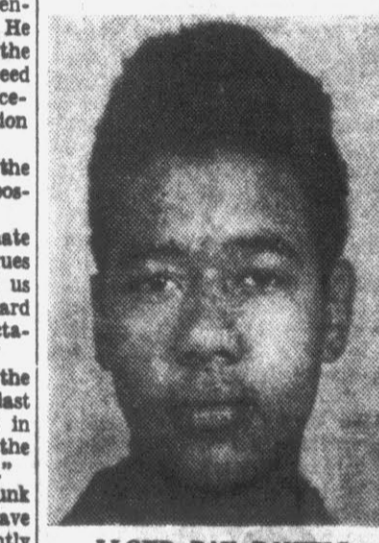

Because of the seasonal upswing in farming, employment moved up climbing 875,000 in May to a total of 58,940,000—slightly above the same point last year.

Daniels' Cousins At State Prison

Facing Death

BENNIE DANIELS

LOYD RAY DANIELS

Defendants Give Notice Of Appeal To North Carolina Supreme Court As Judge Metes Out Death Sentence; Executions Set For July 15

Judge Clawson L. Williams, in Pitt County Superior Court here last night, meted out death sentences to Bennie Daniels, 19, and Lloyd Ray Daniels, Negroes, 18, for the murder of William Benjamin O'Neal, white taxi driver, at a lonely spot several miles from Greenville on the night of February 5.

Judge Williams set the executions for Friday, July 15. Both defendants gave notice of appeal to the North Carolina Supreme Court.

The sentences of the two Negro youths and their immediate removal to death row at state prison in Raleigh ended the trial that got under way here Monday last week and included four night sessions.

After more than three days were taken in the argument of motions and the selection of a jury, testimony was begun on Friday morning and concluded early Saturday night. Two of the addresses to the jury were delivered Saturday night and the two final arguments before the jury were made yesterday morning.

Judge Williams spent more than three hours yesterday afternoon in his reviews of the testimony and direct charge to the jury on the points of law as they applied to the case. The case was finally placed in the hands of the jury at 6:50 o'clock and Judge Williams instructed them to take time for supper before going into consideration of the matter.

Exactly 40 minutes later one of the jury officers informed Clerk of Court D. T. House that the jury was ready to return its verdict. Judge Williams, who had ordered a brief recess, was notified and he returned to the court room shortly thereafter. Court was resumed and at exactly 8:30 the jury filed into the jury box. The clerk of court called the roll. Through its foreman, Fred J. Broadwell, the jury returned a verdict of "Guilty of first degree murder as charged" against each of the defendants.

Members of the jury, after the court had adjourned, stated that the verdicts were arrived at on the first ballot.

Motions by defense counsel that the verdicts be set aside and a new trial be ordered were denied by Judge Williams and the defense excepted to the action. The motions for a new trial were based on contention that errors had been committed by the reception of incompetent evidence and the rejection of some competent evidence.

Immediately after denying the motions Judge Williams sentenced each of the defendants to death in the gas chamber on Friday, July 15.

Each of the defendants filed notice of appeal and affidavits to appeal as paupers were permitted by Judge Williams. The next session of the Supreme Court for the hearing of cases from this district will be held the middle of October and Judge Williams granted the prisoners 60 days in which to effect their appeal and granted the state 45 days thereafter to prepare its briefs.

Before court was adjourned and the verdict had reached the ears of the crowds waiting on the outside, the prisoners were removed from the courtroom and placed in waiting automobiles for transport to state prison. When the cars had departed from the court yard Judge Williams publicly thanked the

Farmer Caught Wanted Gunmen

Young Desperadoes From Minnesota Nabbed In Kansas

Fairbury, Neb., June 7—(AP)—Two of three Minnesota gunmen sought for killing a policeman, kidnapping and robbery, were captured by a party of farmers south of here in Kansas this morning. The third man gave himself up yesterday.

Sheriff Dwight Young of Fairbury reported the capture occurred after the gunmen wrecked their car.

Sheriff Young said he had been informed by Sheriff Bill Smith of Washington Kas., that the two men and an unidentified hitchhiker with them had been taken to a Marysville, Kas., hospital.

He said they have been identified as Carl Bistrom, 27, and Allen G. Hartman, 20. The Nebraska state safety patrol subsequently reported the third man had given the name of Junior Beatty.

The pair have been sought since Saturday in the killing of a Minneapolis suburban police officer and the kidnapping of a Mandan, N.D. police officer who sought to question them. Subsequently they kidnaped five other persons but released them too.

Young said Sheriff Smith told him the gunmen wrecked their car when they ran into a bridge wash-out and the least seriously injured one went to a farmhouse for help.

Young reported the farmer recognized them and on the pretext of returning to his home for a chain police officer summoned four neighbors. They came with shotgun and guarded the men until Sheriff Smith and his deputies arrived.

Red Hands In China

If It Is True That Molotov Has Been Assigned The Task Of Handling Soviet Policy In China, It Marks Decision To Organize That Country As Keystone In Orient

By DeWITT MacKENZIE

Moscow at long last apparently is getting set to take a major hand in the development of a China that rapidly is coming under control of the Chinese Communist armies seizing down from the north.

Thus far the Russians have maintained a studied hands off attitude. Now, however, a responsible east European diplomat in Paris says Soviet Deputy Premier Molotov has been placed in charge of Russia's policies in the Orient. This informant predicts an early shift in Moscow's attitude of "aloofness" towards the Chinese Reds.

Molotov's appointment in itself would lend support to this forecast, for he is Stalin's right hand. As a matter of fact observers have been expecting just such a development in Russian policy towards China. The time has come to start organizing that vast country as the keystone of Red influence in the Orient.

Heretofore Russia has played a very cautious game. She brought Manchuria within her sphere of influence, and then seemed to be most punctilious in her relations with Mao Tse-Tung, the hard-boiled

and efficient leader of the Chinese Communists.

Moscow's caution may have been due largely to the fact that Mao is a powerful leader and has exhibited Nationalist tendencies which don't fit in with Russia's edict that the sovereignty of Communist nations must rest with her. In short, there has been much speculation abroad whether Mao was developing into another Yugoslav Vito who would refuse to recognize Moscow's supremacy.

Whether this does indeed represent Mao's attitude remains to be seen. He is a good deal of an enigma. He got his start as a revolutionist back in 1911 in the rebellion which overthrew the Manchu Dynasty. He holds that the peasants and not the working proletariat should form the basis of the Chinese upheaval. Pursuant to this idea he always has practiced fierce expropriation of holdings of landlords and the redistribution of land to the peasants.

However—and here is the puzzle—when critics say his party is out

AK News for the week ending after 10 A. M. will be published the following day. A. M. to Noon; 1 to 4:30 P. M.

40 Years Ago Today

THE DAILY REFLECTOR
June 7, 1909

After a most delightful automobile trip to the coast of North Carolina, Mr. John A. Park has returned to Raleigh bubbling over with enthusiasm over the proposed mountain-coast automobile route across the state. The possibility of such a thing as a good smooth road from one end of the state to the other is not so vague as might appear on first thought and indeed, from the interest that is already being shown by wide-awake cities and towns it looks like the highway will soon be a reality.

Transferred to Columbia, S. C. Maj. and Mrs. W. M. Shelton and daughter, Lynn, who have been visiting Mrs. Shelton's mother, Mrs. R. C. Abbe, left yesterday for Columbia, S. C. Maj. Shelton has been transferred from March Field, Calif., and has a three year assignment with the Air National Guard at Columbia, S. C.

Named to Phi Beta Kappa
A total of 206 Duke University students received special honors at commencement exercises held June 6 in Durham. Two Greenville girls, Lillian Wooten and Katherine Van Nortwick graduated as members of Phi Beta Kappa.

St. Paul's Church School Picnic
The annual church school picnic of St. Paul's Episcopal church, will be held this year on Wednesday afternoon, June 8th, at the Cotanche street playground. The picnic will begin at 2 p. m. and children on arrival will be given tickets for swimming in the municipal swimming pool. Someone will be stationed on the playgrounds near the drink stand, to hand out these tickets. Pupils, teachers, and parents, are urged to come to this picnic and bring swim suits, towels, and a lunch with them.

Greenville White Shrine
The Greenville White Shrine No. 7 will have its regular meeting in the Masonic Temple.
All officers and members are urged to be present as this is the last meeting before fall.

Carris Wilson Class
The Carris Wilson class of Immanuel Baptist Church will meet with Mrs. H. L. Elks on Dickinson Avenue Wednesday night at 8 o'clock.

To Attend Wedding
Mr. and Mrs. E. W. Harvey, Jr. Mrs. E. W. Harvey and Mrs. Ned Carville of Kinston left today for Wilson to attend the wedding of Miss Betty Barnes and Bob Simpson which will take place Wednesday afternoon in the Presbyterian church. Miss Barnes is the niece of Mrs. E. W. Harvey, Sr.

Miss Allgood Sings At Meeting
Miss Geraldine Allgood will sing several selections tonight at the Eighth Street Christian Church accompanied by Miss Frances Tucker. These young women have been in attendance at Salem College and are at home for the summer.
The men of the church and Sunday school are invited to be present at 7:30 at which time the officers of the church will transact the short business session and the program of fellowship will follow. Every man is urged to be present at 7:30. Mr. L. B. Fleming is chairman of the board of officers and Mr. E. B. Sugg, Jr. is secretary.
Mr. E. B. Sugg and Mr. David A. Evans will be in charge of the fellowship program tonight.

Asphalt is found in lakes or in rock-like outcroppings and is also made in the process of refining petroleum.

SOCIAL CALENDAR

TUESDAY

8:00 p. m.—Mrs. Charles Tucker and Mrs. Nathan Thomas will entertain at the Red Oak Community building honoring Miss Vivian Allen, bride-elect.
8:00 p. m.—Mrs. Levy Corey will entertain honoring Miss Grace Tripp, bride elect.
8:00 p. m.—Business Woman's circle of Immanuel Baptist church will meet with Miss Ruth Williamson.
8:00 p. m.—Chapter 149 of the Eastern Star meets.
9:00 p. m.—Mr. and Mrs. Hogan Gaskins and Hogan Gaskins, Jr., will entertain in honor of Miss Rosamond Nicholson and Hoyt Minges.

WEDNESDAY

11:00 a. m. to 12 Noon—Mrs. F. L. Allen, Mrs. James Allen and Mrs. B. L. Tyson will be hostesses at a coca cola party at the home of Mrs. James S. Allen to honor Misses Grace Tripp and Vivian Allen, brides elect.
11:00 a. m.—Mrs. O. L. Joyner, Jr. and Miss Hennie Long will be hostesses at a coffee hour to honor Miss Rosamond Nicholson, bride-elect.
4:00 p. m. to 5:30 p. m.—Mrs. Samuel Tilden White and Mrs. Helen White Hawes will be "At Home" honoring Miss Rosamond Nicholson.
8:00 p. m.—The Greenville White Shrine No. 7 will have a regular meeting in the Masonic Temple.
8:00 p. m.—Carris Wilson class of Immanuel Baptist Church meets with Mrs. H. L. Elks.

THURSDAY

12:30 p. m.—Mrs. J. H. Thomas and Mrs. James T. Little will be luncheon hostesses at the Greenville Country Club to honor Miss Rosamond Nicholson.
8:00 p. m.—Buffet supper at Country Club for club members and their families.
8:30 p. m.—George B. Singletary chapter U. D. C. meets with Mrs. T. T. Hollingsworth.

FRIDAY

11:00 a. m.—Mrs. E. S. Flanagan will entertain at a coffee hour in compliment to Miss Rosamond Nicholson.
4:30 p. m.—Mrs. Reid Perkins and Mrs. W. F. Young will be hostesses at tea at the home of Mrs. Perkins complimenting Miss Rosamond Nicholson.
8:00 p. m.—Kiwanis club.
7:30 p. m.—Red Men meet.
8:00 p. m. to 11:00 p. m.—Dance at Teen-Age club. Young people of Greenville invited.

SATURDAY

7:45 a. m.—Credit Women's Breakfast club meets at the Old Towne Inn.
11:00 a. m.—Mrs. Knott Proctor will entertain at a coffee hour to honor Misses Rosamond Nicholson, Ann Morton and Mary Ann Townsend, of Farmville, brides elect.
8:00 p. m.—Miss Elizabeth Tibbatts and Miss Sonora Moore will be hostesses at a dinner in the Magnolia room of the Proctor hotel to honor Miss Rosamond Nicholson and Hoyt Minges.
8:00 p. m. to 10:00 p. m.—Dr. and Mrs. F. P. Brooks will hold open house.
8:00 p. m.—Mrs. Carey Joyner and Mrs. Alfred F. Kennedy, Jr., will entertain for Miss Evelyn Williams, bride-elect, at the home of Mrs. Kennedy, 200 Library street.

Junior Woman's Club Reviews Year's Work

"Citizenship in Action" took form through the Greenville Junior Woman's Club in the inspirational challenge of public welfare. The Watson Memorial Service committee was most active in its services performed in the way of buying articles and equipment for the children's wing at the Pitt General hospital. An electrically refrigerated oxygen tent was bought for \$630, and \$28 was spent for toys and books.

Current magazines from the club members homes aid in the comfort and relaxation of the children and waiting parents. Mrs. Watson, wife of the late Dr. T. M. Watson, presented the club with some of her husbands books. These books were placed on special shelves in the children's wing so that they would be available to the doctors as well as club members at all times. Expenses incurred during the prenatal period and delivery of Mrs. W. B. O'Neal's baby will be assumed by the club. We assisted in the O'Neal tag day which was sponsored by the American Legion Auxiliary on Saturday, February 19, proceeds going to the O'Neal Foundation. A case of lacte acid milk was purchased each month for a family of dependent children; \$12.45 was spent for 150 ascorbic acid tablets for a girl in another family who could not buy these. Tonsillectomies for three underprivileged children cost \$62.50. The club made a donation to the Colored Pitt County Clinic. Thymus gland treatment was financed for two colored children during the past summer; \$414.95 was cleared from Watson Memorial Tag Day on October 9 to carry on these activities. The club sent two birthday gifts to children in correctional institutions and savages wrought by the war and the needs of others in our world neighborhood, the club sent gifts of clothing and toys to children in Austria and St. Maximin, France. In cooperation with the Greenville Recreation Commission, we chaperoned and sponsored a dance twice a month at the local youth center for the school children of our community. Club members furnished sandwiches for the snack bar at each dance. The Junior club officers served at the September for school and college faculty members and parents. The club went 100 per cent for the 10 Penny Art Fund. A demonstration on flower arrangement was given by one of our club members with many ideas expressed for children's enjoyment and recreation. Some girls helped with Girl Scout activities. Dr. Carl Adams, local psychologist at East Carolina Teachers College, is scheduled on this year's program to speak on Child Psychology. Club members assisted in the Poppy Day sales and the Cancer drive. We are beginning a savings fund for a refrigerator for the Woman's Club. This will be used for both children and adult activities held in the club. City manager form of government was recently discussed at a meeting in hopes of helping each member realize the advantages and disadvantages in various forms of city government so that we may help make a better community in which to rear our children. At the Woman's Club Christmas show, we decorated a room at Santa Claus Land with a child's tea table, Christmas tree and other toys and trimmings that go along with a child's idea of Christmas. Of course there was a real Santa Claus who reassured each child that he would get his most cherished and looked for gift under his own tree. There was a dance review the first week in May sponsored by the club. The proceeds will be used in our Watson Memorial fund to help children from indigent families get a new lease on life through healthier and sounder bodies.

centered with a bowl of pink peonies. Mrs. Jonathan Overton and Mrs. M. D. Yelverton assisted in serving coca colas, sandwiches, cheese straws, date bars, party cakes, peanuts and mints.
Miss Yelverton was presented a silver bon bon dish.
Mrs. Glenn Scott entertained the guests with several selections on the solo-vox.

Coca-Cola Party Honors Bride-Elect

Mrs. Robert Fountain, Jr., and Miss Betty White Fountain were hostesses at a coca cola party Friday morning at 11 o'clock honoring Miss Doris Yelverton of Fountain, bride-elect.
Guests were greeted by the hostesses and the honor guest and were invited into rooms which were attractively decorated with summer flowers.
The dining room table was covered with a pink damask cloth and

Rotarians Hear WGTC Director

By WYATT BROWN

Radio stands next to schools and the church in importance as an influence on the daily lives of the country we live in. Hartwell Campbell, director of radio station WGTC, indicated last night in talking to the Rotarians about the place of radio in the community. His greatest enthusiasm was manifested in a few words about television.
In commenting on the future of station WGTC Mr. Campbell revealed a bag full of plans were at hand. He summed it up by saying, "It is going to take some time before we can bring Greenville what we want to bring."
Next he took a few minutes to talk about the "newest baby of radio"—television. "Television will do more to change the way of life in America than anything I can conceive of. It is going to return Americans to their homes for their recreation and getting of information. If far-sighted planning, ingenuity and courage all backed by your cooperation can do it, we will have television in Greenville in five years or less."

The Rotarians voted last night to sponsor a softball team in the Civic Club League being organized by Bill Dole under the summer recreation program of the Recreation Commission. The feeling last night was that the Rotarians would not only sponsor such a team but provide the players as well.
In the course of the Rotary meeting last night Rotarian J. H. Rose, who is in professional life the superintendent of city schools, presented to the Rotarians Agnes Walters, a recent honor graduate of Eppes high school. Mr. Rose referred to her leading in scholarship and citizenship development. He called her one of the fine citizens and leaders of her generation. Agnes has been one of the group of girls who has been waiting on table at the Rotary Club for several years. The Rotarians greeted Mr. Rose's remarks with loud applause.
Mrs. J. Knott Proctor invited the Rotarians to have supper at Camp Hardee on June 15th and to come any other time they will. She thanked them for their contribution to the carrying on Camp Hardee which affords so much happiness to so many Girl Scouts.
Miss Lula Belle Highsmith of Raleigh was a guest of the Rotarians last night. Ernest Willard, club president, presided. The program was presented by Program Chairman Howard McGinnis.

Asparagus belongs to the lily family.

Services Held Today For Albion Dunn, Jr.

Albion Dunn, Jr., 38, died in Pitt General Hospital at 3:10 o'clock Monday afternoon. He had been in ill health for the past year and critically ill for the past two weeks. Funeral services were conducted at the chapel of the S. G. Wilkerson & Sons Funeral Home Tuesday afternoon at 3:30 o'clock by the Rev. R. E. Hardaway, pastor of the Memorial Baptist Church, and burial was in Cherry Hill cemetery.
Mr. Dunn was born and reared in Greenville and attended in Greenville city schools. He also attended Randolph Macon Academy at Bedford, Va., and Augusta Military Academy at Staunton, Va. He had been employed in the tobacco business until falling health caused him to retire. He and his mother had been making their home with his aunt, Mrs. E. V. Carter of Greenville. He was a member of the Memorial Baptist Church.
Surviving are his mother, Mrs. Irma C. Dunn of Greenville; his father, Judge Albion Dunn of Greenville; a sister, Mrs. Thomas Allen of near Greenville; two nieces, Judith and Anne Allen of near Greenville; a half-sister, Ann V.

To Demonstrate Frozen Goods

Mrs. Myron Clnard Luttrell, Home Economist for International Harvester Company of Charlotte, N. C. will demonstrate the preparation of frozen foods for the freezer and for the table at the Woman's Club Thursday 2:30 p. m. Mrs. Luttrell's background in Home Economics is varied and interesting. She majored in Home Economics at Middle Tennessee State Teachers College, Murfreesboro, Tenn., was for 10 years employed by Ball Brothers Jar Co., of Muncie, Indiana, as Home Econ-

omist, covering 14 states teaching food preservation to extension, farm security, college and utility groups. For 2 years she served as Sales Promotion Representative for Foley Manufacturing Company, working throughout the east and midwest and exhibiting for Foley at National Home Economics convention, dietetic, medical and nurses' annual meetings, as well as housewares shows. "Frozen Food Facts" is being presented daily by Mrs. Luttrell in various sections of the Carolinas. A recent survey given in McCall's Magazine reveals that 50 per cent of the nation's farm families are now freezing their own fruits, vegetables and meats either at home or in local lockers. This meeting should be of great interest to our local housewives.

Mine Detectors Now Available

Washington, June 7—(AP)—The army is making available about 3,000 surplus mine detectors for sale to local law enforcement agencies to use in searching for criminal evidence. The Army Department said today that this is in response to numerous requests. The electronic device will locate buried firearms, and any other object with metal parts.

Strength FOR THE DAY

A STORY OF SIN One of the great novels of American literature is "The Scarlet Letter" by Nathaniel Hawthorne. In a story laid in seventeenth-century Boston, Hawthorne traced the consequences of a sinful act on the lives of the characters of his book, thus producing both a fascinating tale and a penetrating study of the problem of sin.

Around Capitol Square

C and D—For the first time since the department was established in 1927 the board of conservation and development will have a woman member. Governor Scott announced Tuesday appointment of Mrs. Roland McClamroch of Chapel Hill as one of the five full term appointees.

Someone Dropped a Cigarette - He Thought the Stub Was Dead - Gentle Breezes Fanned the Spark Upon Its Piny Bed - Crackling, Gay, a Flame Appeared - It Danced, Then Quickly Spread

"Fires Rage", THE HEADLINES CRIED; TEN THOUSAND TREES ARE DEAD! McNaught Syndicate, Inc., N.Y.C. REG-MANNING

Greensboro. POLICY—These C and D and A and T appointments carry out the policy which Governor Scott has stated for his administration. During the pre-election campaign and since he has insisted that Negroes should have more recognition on boards dealing with matters affecting them, and that more farmers ought to be on state boards.

Somebody Told Me...

By L. J. (JACK) EDWARDS, JR. Pretty soon the lives of people all over the country will be affected by what goes on in the city of Greenville, North Carolina. Every minute someone in America loses some valuable article, and many of those people whip out their pen-size flashlights to aid them in searching for the valuables.

Boyle's Column

Somewhere in Normandy, June 7 (AP)—War hurts the land less than the people who live on the land. And this story could just as well be detailed "with the American forces in Normandy in memory."

They aren't show-off about this. They just believe that life isn't as hedged in by the hedge rows they dwell among as it is confined in wider countries that put their faith in modern plumbing. Here indoor plumbing isn't a fact so much as it is a fancy upper class adventure.

WASHINGTON LETTER

By JANE EADS Washington—Growing orchids is a millionaire's hobby, but for more than 20 years it's been William B. Hansen's everyday job. In charge of the National Botanic Garden's orchid house, he is responsible for some 8,000 to 9,000 of the delicate, care exacting plants, which draw more than 6,000 visitors most every Sunday and additional scores weekdays.

"Raising orchids takes about as much care as raising children—only the orchids don't talk back," Mr. Hansen says. Visitors keep Mr. Hansen and the other people at the orchid house constantly on their toes. They want samples, but they all go out without them, though some folks try once in a while to sneak out some.

THE PHANTOM

CHANGE YOUR MIND ABOUT RUNNING AWAY, PRINCESS? THERE ARE SAVAGES! ALL ABOUT US! HEAD-HUNTERS, CANNIBALS - I RECOGNIZED THEM FROM PICTURES. THERE!

THE PHANTOM

THEY ARE SILENT, STURDY, FLAXEN-HAIRED, ROY CHECKED PEOPLE WHO INSIST ON DOING THEIR FARM CHORES THOUGH THE WORLD AROUND THEM GO DOWN IN FLAMES. PARIS, MOSCOW AND NEW YORK MAY ERUPT IN RUINOUS FLOWER FROM ATOM BOMBING, BUT THE NORMAN WILL STILL JOG TO CHURCH ON SUNDAY, DRESSED IN A BLACK SUIT. AND HE'LL GET THE MILK HOME IN THE EVENING PAIL. NOTHING WILL CHANGE THE PATTERN OF HIS LIFE EXCEPT DEATH, AND HE ACCEPTS THIS INTERRUPTION OF HIS ROUTINE ONLY BECAUSE HIS GRANDFATHER DID.

THE PHANTOM

So it will always be as it has been for centuries. Hundreds of thousands of Germans and Americans and Britons fought across this soil five years ago. Normandy was choked with their noise and their weapons. What is left? The graves of those who stayed.

THE PHANTOM

The Norman peasant gave the world a historic battlefield. But he never left himself be drawn too much into the struggle. He speaks a few words of German, a few words of English—but he still understands the language of his milk cows better than anything except his own close-mouthed family.

THE PHANTOM

They aren't show-off about this. They just believe that life isn't as hedged in by the hedge rows they dwell among as it is confined in wider countries that put their faith in modern plumbing. Here indoor plumbing isn't a fact so much as it is a fancy upper class adventure.

Job Placement 'Honeymoon' Is Over Claims Career Specialist

New York, June 7—(AP)—The honeymoon in job placement is over, the "boys are actually letting the employers interview them," says Robert F. Moore, director of placement, Columbia University.

Job placements this year, Moore reports, are a little better than the last normal year, 1939-40. The greatest demand seems to be in accountancy. Salaries range from \$225 to \$450 a month, depending upon the profession and the educational qualifications of the student.

Each year Moore conducts a career clinic at Columbia. For eight weeks, college students hear leading industrial, management, personnel and professional figures get down to cases in advising which job to seek, what to study to prepare for a career, where to look for a job and how

to get a job. These clinics have proved so successful, says Moore, he has written a book, "How to blueprint your success," which probably will be the basis for a course for credit he plans to offer at Columbia. Only one other University in the country—Indiana—offers such a course for credit.

Here's what Moore tells the boys in his career clinics: Ask yourself, "What am I? What do I want? Where do I fit?" Most people fail in a job, he says not for lack of skill, but for failure to possess such personal qualities as the ability to express oneself orally and in writing; ability to get along with people; patience in attaining job goals; perseverance; alert minds, not necessarily Phi Beta Kappa, but more than merely willing to get by; leadership ability; adaptability; proper attitudes and mobility.

The interview is the first important step in getting a job. It's a 50-50 proposition. The employer finds out what you have to sell that he can use. The interviewee discovers whether the company offers opportunities to satisfy his aims, interests and qualifications.

The employer wants to know about such personal qualities as appearance, manners, grooming, ethical

make-up and how well you meet and impress people.

You want to know if the job gives you an opportunity to make the best possible use of your qualifications; whether it is a worthwhile investment in terms of selling your services, loyalty and the best hours of your life. What are the drawbacks and disadvantages of this job? Moore offers some practical tips on how to get ready for an interview. He tells the boys to learn something about the job and the company. This calls for self-analysis of your objectives, aims and interests. "If you are looking for a management job, don't go in dressed like a sloppy Joe," he said. "Look like an executive."

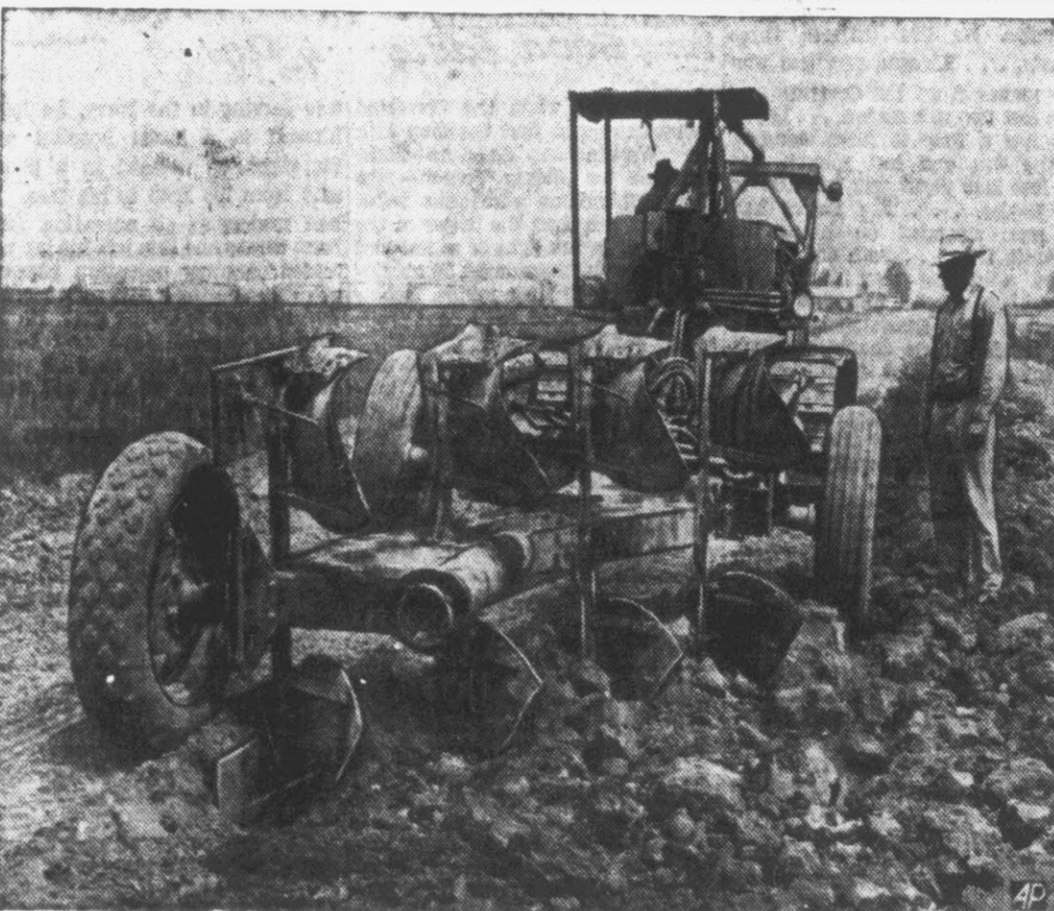

Looking for a job is a business. Keep it on a business basis. Keep appointments and acknowledge letters of prospective employers. Go in with your best foot forward. If you're not up to par, don't go in. Visualize yourself in the interviewer's shoes.

Don't, warns Moore, think in terms of the money you are going to make right off. The first five years are really an internship.

In good times or bad, concludes Moore, jobs exist if you can find them. It's up to you to go find them and sell yourself.

SISTER OF A FORMER KING—Princess de Bourbon, sister of ex-King Umberto of Italy, walks with her children, Guy, 8, Chantal, 2, and Remy, 7, on her estate at Mandelieu, France.

REVERSIBLE PLOW—Harry A. Pursche, of Bell, Calif., watches one of the two sets of tongues on his "Two-Way Reversible Plow" operate. Top set of tongues is used when plow is reversed.

Crew Sticks To Sinking Ship; Brought To Safety

Charleston, S.C., June 7—(AP)—This port today added another chapter to its sea saga—the story of 43 sailors who refused to abandon their helpless oil tanker.

The 10,803-ton Sinco, flagship of the Sinclair Oil Company, was towed in on the rising tide late yesterday, all hands safe. For two days she had been near sinking after a water circulation casing broke in the engine room some 95 miles southeast of Charleston.

Today they began transferring her cargo of 128,000 barrels of crude oil to another vessel. The fully-loaded Sinco was en route from Corpus Christi, Texas, to Marcus Hook, Pa., when she ran into trouble early Friday.

Her low midsection was only five feet above the waterline as she swung at anchor in Charleston's 50-foot harbor.

Capt. Joseph H. Tibbets of Chester, Pa., praised the crew.

"For a whole day there (Saturday) it was a tossup whether we would sink or float. The crew was given an opportunity to abandon ship, but voted to stay with her. Everyone worked hard and there was no griping," he said.

"The only time I saw any movement toward the lifeboats was when a huge oil tank broke loose below decks and began banging against the bulkheads as the seas tossed the Sinco about. It sounded like the whole ship was tearing apart. I saw several men make for the boats but they changed their minds."

The sea-going tug Marlon Moran sighted the Sinco Saturday, and towed her to the harbor entrance the next day. Both vessels there drifted at ease while water was pumped from the Sinco and her cargo was shifted.

Find Mildew On Cucumber Plants

Downy mildew on cucumber plants was found yesterday for the first time this season in Pitt county on Vernon Elks' farm near Hudson Cross Roads, according to County Agent S. C. Winchester.

Winchester said the mildew last year struck in Pitt county late in the season and did considerable damage, and that this year a serious mildew case in Pitt county could destroy up to two-thirds of the county's cucumber crop.

The county agent said this morning, "There is no cure for the downy mildew, but there is a preventative and we strongly urge the cucumber growers to take precautions against the mildew."

He recommended the cucumber crops be dusted with tri-basic copper sulfate, 5 per cent metallic copper every 10 days using 25 to 50 pounds of dust per acre, depending upon the size of the plants. There are approximately 1,800 acres of cucumbers in Pitt county which are subject to be seriously damaged by the mildew if measures are not taken to prevent it, Winchester stated.

The whitish mildew spots appear on the under side of the leaf, the county agent said, and eventually will destroy the leaf system of the plant.

Six From Pitt Given Diplomas At Chapel Hill

The University of North Carolina at Chapel Hill conferred degrees on a record class of more than 1500 at its 155th commencement exercises held last night.

United States Senator Frank P. Graham, former president of the University, gave the commencement address, and Governor Kerr Scott presented the diplomas.

Pitt county was well represented at the commencement as six Pitt students received their degrees.

Dean William Wells presented Bachelor of Arts degrees to the following: Roy E. Davenport, Jr., Winterville who served this year as the senior class president, and James C. Lanier, Jr., of Greenville. Isaac L. Edwards, Jr., of Greenville, was awarded a Bachelor of Art degree in journalism.

A Certificate in Medicine was presented to Giles P. Corey, Greenville.

Elbert A. Darden and Edgar A. Denton of Greenville were given degrees in commerce.

Molotov Said In Charge Of New Policy On China

Paris, June 6—(AP)—A responsible Soviet European diplomat said today Soviet deputy Prime Minister Vyacheslav M. Molotov has been placed in charge of Russia's policies in China and elsewhere in the Orient.

The informant forecast an early change in Russia's attitude of diplomatic aloofness toward the Chinese Communists.

No official confirmation was available from Russian sources in Paris.

The informant said Molotov was given the task of shaping and carrying out a Soviet "big brother" attitude toward the emerging red Chinese regime.

In effect, the move could mean

Tilden Trio

South Bend, Ind.—(AP)—Chicago's Tilden Tech high school will be prominent in Notre Dame football this fall. Bill Gay, one of the heroes of last year's 14-14 Southern California tie, is expected to play left half. Mike Swistowicz figures as the first string fullback and Ralph McGehee has a good chance to win a starting tackle position. All three are Tilden grads.

Twenty-Two Die In Plane Crash

Athens, June 7—(AP)—Twenty-two persons, including a Greek army general, perished last night in a

plane crash 17 miles north of Athens. The plane, a Greek Airlines Dakota, caught fire and struck a hill near the village of Malakasa, causing the deaths of 18 passengers and a crew of four.

Paulette Seeks Mexican Divorce

Hollywood, June 7—(AP)—Paulette Goddard filed suit for divorce in Mexico, but as far as she knows, she is still married to actor Burgess Meredith.

The actress arrived by air from Mexico City yesterday to deny a report that she won a decree last Friday in Cuernavaca, Mex.

She admitted filing the suit, but added she didn't get the decree before she left. "If it's been granted since, I don't know about it," she added.

Cites Dangers In Kite-Flying

New York—(AP)—It's easier for today's kite-flying youngsters to draw electricity down a kite string than when Benjamin Franklin made his discoveries. For that reason, says Frank L. Jones, president of the Greater New York Safety Council, modern kite-flying can be far more dangerous.

Jones says that if a kite comes into contact with power lines—which were non-existent in Franklin's days—it may conduct enough electricity to cause serious accidents. He warns against using this wire or wire-

Kinston Explodes For Five In Final Frame To Win, 9-4

Greenies Overcome Early Lead To Tie Up Game 4-4 In The Eighth But Five-Run Outburst In Ninth Upsets Hopes

By BERT MOYE

Manager Steve Collins and his Kinston Eagles staged their famous rally again last night against the Greenies to take a 9 to 4 win. This time they rallied for five runs in the ninth after two men had been retired to cop their second straight win over the Greenies.

With the score deadlocked at 4-4, in the top of the ninth the Eagles turned three singles, doubles by Harry Soufas and Pinch-hitter Steve Collins a wild pitch and two walks into a five run outburst, all of which were off the offerings of Jim Lewey with two men out.

John Backo started off the ninth by going out short to first, Joe Boehmer singled, Steve Collins pinchhitting for Voiselle doubled and when Boehmer tried to come home was caught at the plate on a relay throw from centerfield. Al Taffet drew a walk, Frank Lapovicy singled to bring home Collins with both Taffet and Lapovicy advancing on the throw home in an effort to catch Collins. Len Romankowski singled to bring home Taffet and Lapovicy, Harry Soufas doubled bringing in Romankowski and two successive wild pitches by Pitcher Jim Lewey enabled Soufas to come on home from second for the fifth tally.

The Eagles took a 4 to 0 lead by scoring two runs in the second frame and two in the fourth. Two doubles and a single gave the Eagles their first two runs and a walk double and a single gave them two more runs in the fourth frame.

The Greenies scored one run in the fifth frame when Pappy Williams singled, Chute reached first on a fielder's choice forcing Williams at second, Godfrey singled advancing Chute to third and then Norman Clark went in to pinch hit for Suggs and came through with a single to bring home Chute.

They put across two more runs in sixth frame on Tepedino's single, a passed ball, a walk, an error, stolen base and Chute's fly to deep right field. They knotted the count at 4-4 in the seventh frame when Tepedino led off with a triple into left centerfield and Pete Gillespie singled to bring him home.

Raymond Suggs started on the mound for the Greenies and after pitching five frames in which he allowed seven hits, four runs, struck out five and walked one, was replaced by Jim Lewey who pitched the remaining four frames allowing six hits, five runs, walked three struck out three and made two wild

itches. Lapovicy, Romankowski, Rosenwinkle and Boehmer each made two hits apiece to lead the 13-hit attack off the two Greenie hurlers. Claude Voiselle started on the mound for the Eagles and after pitching full eight innings was taken out when Manager Steve Collins went in to pinch hit for him in the ninth frame. Al Osofsky who had won the game for the Eagles over in Kinston Sunday, pitched the final frame.

John Tepedino with a triple and two singles was the big gun in the nine-hit attack off the two Eagle hurlers.

The Greenies play again at home tonight when they meet the Tarboro Athletics at Guy Smith Stadium.

Harvie Ward To Play Tarboro Exhibition

Tarboro, June 7 — Harvie Ward Jr. and Gene Hamm, Hills County Club pro, will be matched against Palmer Maples, Benvenue pro and Grover Bullin, pro from the Wilson Country Club, here Wednesday afternoon with the tee off scheduled for two o'clock sharp. The public is invited.

Tonight's Games
Tarboro at GREENVILLE
Wilson at Goldsboro
Kinston at New Bern
Roanoke Rapids at Rocky Mount

Sidelights:—The win for Claude Voiselle was his sixth of the season and his third straight win over the Greenies. He has suffered three defeats. . . Kinston now has won four games from the Greenies and have lost two this season. . . Lewey now has a four to three standing in the win and lost column and the loss last night was his first to the Eagles. . . The Eagles had six men stranded on bases, the Greenies five. . . Both clubs completed a double play during the contest. . . John Tepedino really played a great shortstop last night and handled nine chances without a miscue. . . All of the runs made by the Eagles were earned off the two Greenville pitchers, while two of the four made by the Greenies were of the earned variety.

Here and There:—Ben Hayes, Jr. has been given his release by the local club. . . Sid Varney is scheduled to do the catching for the Greenies behind the plate tonight. . . Joe Montepare has been given his release by the Jays and Harry Owens, pitcher, Bob Testa, pitcher, and Glenn Novack, a third sacker, have been added to the Jays' roster in an effort to help the club. . . Lenny DeRoma, who played first for the Jays since the season opened and who was turned back to the Yankees a few days ago, has been sent to the McAlester, Oklahoma, club of the Sooner State League. . . The Tarboro Athletics are reportedly seeking "Skeeter" Webb of Pinetops, former Rocky Mount player, as shortstop. . . Another deal to get Jimmy Townes left flat, and Ralph Caldwell and Ray Komaneky can't get their release so that they can go to Tarboro. . . Caldwell is doing his performing with Durham while Komaneky has returned to the lineup for the Richmond Colts.

Sport Slants by Pap

Last winter, when the Cleveland Indians swapped first baseman with the Washington Senators—Eddie Robinson for Mickey Vernon—the World Chimpions were quite satisfied that they had the better of the exchange. In the light of subsequent developments, there must be considerable doubt in their minds, Robinson has a decided edge on Vernon at bat and in the field.

It was Robinson's big bat that sparked the Senators on their sensational winning streak, and his hustle and spirit around first base has been an inspiration to his teammates. Eddie is a terrific competitor. He battles every step of the way. His great fighting heart is the main reason Eddie is in the big league today. He has overcome obstacles that would have demoralized a lesser man.

Five years ago when Robinson was serving in the Navy, he found himself in a Naval hospital with his right leg encased in a plaster cast from his knee to his toes. He had undergone an operation for a bone tumor and this left his leg paralyzed. Another operation necessitated his wearing a cast nine months, and a brace following that. He figured his baseball days were behind him and hoped only that he would be able to walk. He was still wearing the brace when he reported to the Indians in 1945 and even had a brace built into his baseball spikes. Through constant and diligent treatments, Eddie has regained some 90 per cent of his foot's former efficiency. That's about all it can be cured. Even so, he manages to get around well enough to make life miserable for opposing hurlers.

William And Mary Tennis Circles Will Miss Coach

Williamsburg, Va., June 7.—(AP)—Four of William and Mary's crack tennis stars will pick up their diplomas next week, but the "graduate" who'll be missed most is Coach Sharpy Umbeck.

Umbeck is the man who lifted William and Mary to the very top in collegiate tennis. And when he leaves July 1 to become president of Knox College in Galesburg Ill., there's going to be much moaning low at America's second oldest educational institution.

When the stocky Illinois native came to William and Mary 11 years ago the Indians had never stirred the slightest ripple in tennis circles. Now, he's bowing out with the team the number one talk of collegiate tennis with a record smashing streak of 76 consecutive victories.

Umbeck—whose main position at William and Mary for the past three years has been that of dean—was "roped in" for the net coaching job. As he tells it:

"I started out as a sociologist. Then in 1942, the president (of William and Mary) called me in and asked if I could help out with the tennis team. At that time, the school hadn't won a match in two years.

"With a few new faces we won some matches the next season—14 in fact, lost two. Some more new faces and in 1945 we began making ourselves known.

"We've had amazing success—why I don't know exactly. Maybe it's because we do so much exercising. Our boys run a mile and a half every day, you know. Then too maybe it's because the fellows have had that winning urge."

ings will be held at West Greenville on Thursday morning and at Third St. Friday morning at 9:30 a.m. Boley Farley will be at these meetings to aid in the selection of the various teams and conduct practice sessions until league play begins.

Tops At Home

Cincinnati—(AP)—The Cincinnati Reds had the best home run percentage at home of any National League team in 1948. Sixty-eight of the team's 104 circuit blows were hit at Crosley Field for a percentage of .654. The Pittsburgh Pirates were second with a percentage of .639. The Reds' total was fourth high in the league.

Tight National League Race Beyond Anything Predicted

By JOE REICHLER, Associated Press Sports Writer

This tightest of all National League pennant races, has everybody going around in circles. Even Ford C. Frick, highly optimistic president of the circuit, never dreamed it would be anything like this.

Sure, he predicted an eight-team race right down to the wire. But when he always does. This hum-dinger is beyond his fondest hopes.

Here it is in June, with one third of the season almost out of the way and a mere half game separates the first four clubs.

At the moment, Brooklyn and the New York Giants share first place. St. Louis and Boston are only a half game behind, with the Cards holding third place by .002 percentage points over the Braves.

Ralph Kiner Hits .366 For Season

New York, June 7—(AP)—Riding high on a 15-game hitting streak Pittsburgh's Ralph Kiner was the No. 1 batsman in the National League today with a mark of .366.

The home run slugger, who had had only one 300 season in his three years in the big leagues, has been cracking out singles and doubles in addition to four-baggers this season in what is easily his best ever.

Through games of Sunday, June 5, Kiner had collected 59 hits in 161 times at bat to take a four-point lead over Willard Marshall. The New York Giants' outfielder was hitting .362.

Eddie Kazak, rookie infielder of the St. Louis Cardinals, was right on the heels of the top two with a .360 percentage. Other Redbirds in the top ten included Red Schoendienst, .335, for sixth place, and Enos Slaughter, whose .333 tied the Giants' Sid Gordon for seventh.

Brooklyn's Jackie Robinson, tied with Bobby Thomson of the Giants for the most hits in the league, 63 ranked fourth with .342. In fifth place was the surprising Emil Verban of the Chicago Cubs. The veteran infielder has a lifetime mark of only .273.

Thomson's .318 was good enough for ninth place, two points better than the .316 figure compiled by Ted Kluszewski of the Cincinnati Reds.

The period in which the cave man lived is most often called the Mousterian, taken from a cave in southern France, Le Moustier, where remains of the race were found.

There are more than 120 species of asparagus.

Swimming, Diving Exhibition At Pool On Thursday Evening

By I. J. EDWARDS, JR.

Thursday evening at eight o'clock the Greenville municipal swimming pool will be the scene of a swimming and diving exhibition by some of the state's top performers.

Buddy Crone of Goldsboro, University of North Carolina student and the champion diver of the Southern Conference, will execute fancy dives from the one- and three-meter boards. The number three diver in the Southern Conference, Jack Whichard of Greenville, will team with Crone for the exhibition.

Lyn Bond of Tarboro, another UNC student and former coach of the Tarboro team, will bring ten swimmers to Greenville for the exhibition. Included will be Bruce Fountain and Paul Godfrey, members of the 1948 prep school All-American team. Bond will bring midget boys and girls, not older than 14, who will compete with each other in breast stroke and free style events and enough senior men swimmers to swim eight events.

The exhibition will be given in an effort to stimulate interest in swimming in Greenville. Jack Ameyette, a student at East Carolina Teachers College from Kinston, will coach a team in Greenville this summer. Thursday's exhibition will be followed by a call to all Greenville youngsters interested in coming out for the team. An announcement will be made in the immediate future as to when practice sessions will get underway.

An effort is being made to reorganize the old East Carolina Swimming Association, which existed before the war. Letters have been written to Goldsboro, Kinston, Wilson, Tarboro and Rocky Mount asking if those towns will have teams and if meets can be scheduled with the Greenville team. If enough of the towns have active swimming teams the association will be organized.

Benches will be provided for spectators who attend the exhibition Thursday night. There will be no admission charge.

Notre Dame To Straighten Out Huddle System

Colorado Springs, Colo., June 7—(AP)—Notre Dame is going to straighten out its football huddle next season.

Coach Frank Leahy told the Colorado College coaching school that the Fighting Irish won't circle around the quarterback to get their signals.

Instead, the three running backs and ends will line up in a straight line with the tackle, guards and center in front of them. They will face the Notre Dame quarterback and the opposing team.

The maneuver will permit the Ramblers to look over their opponents while getting the next play, and enable the Irish to run more plays per game.

Wonder If Death Was By Murder Or By Own Hand

Lumberton, N. C., June 7—(AP)—Authorities today sought to learn whether the death of a construction foreman found hanging in an out-house yesterday was murder or suicide.

The body of George W. Marvel, about 50, of Norfolk, Va., was found yesterday near an abandoned dwelling. He was hanging from a wire.

Marvel was a labor gang foreman at the steam generating plant the Carolina Power and Light Company is building in the High Hills section three miles from here. A passerby found him about a mile from the project.

David McNeill, at whose Lumberton boarding house Marvel was living, said he was last seen Sunday morning. Sheriff Willis C. Britt of Robeson County said wire marks on the neck were the only bruises on the body.

Only one member of Michigan State College's gymnastics team weighs more than 160 pounds.

Jockey Killed As Mount Stumbles

Boston, June 7—(AP)—Jockey Joe Molbert, 29, of New Iberia, La., was killed yesterday when his mount stumbled at the Suffolk Downs starting gate and stepped on his chest.

Molbert was dead when physicians reached his side. He was

Kell Bidding For League Batting Title With .341

Chicago, June 7—(AP)—With Gus Zernial shelved for at least two months with a broken collar bone, Detroit's veteran third sacker George Kell, is making a bid for the American League batting lead.

Kell has notched .341 in 185 times at bat. Zernial, the Chicago rookie injured at Cleveland 10 days ago has .355 in 138 trips. Zernial is not expected to return to action until late July.

The other leaders: Dom Di Maggio of Boston with .339; Cass Michaels, Chicago .327; Eddie Robinson, Washington, .325; Dick Kryhoski, New York, .323; Eddie Joost, Philadelphia, .322; Gene Woodling, New York, .321; Ted Williams, Boston, .317 and another Yankee, Tommy Henrich .315.

Athletics Sign Brother Of Star

Philadelphia, June 7—(AP)—The Philadelphia Athletics have signed the kid brother of George Kell, Detroit third baseman.

Brother Everett native of Swifton, Ark., and recent graduate of the University of Arkansas, is a third baseman, too. The 20-year-old infielder was assigned yesterday to the A's Moultrie, Ga., farm club in the Florida-Georgia League.

LUCKIES PAY MORE to give you a finer cigarette!

Yes, at tobacco auctions Lucky Strike pays millions of dollars more than official parity prices for fine tobacco!

There's no finer cigarette in the world today than Lucky Strike! To bring you this finer cigarette, the makers of Lucky Strike go after fine, light, naturally mild tobacco—and pay millions of dollars more than official parity prices to get it! So buy a carton of Luckies today. See for yourself how much finer and smoother Luckies really are—how much more real, deep-down smoking enjoyment they give you. Yes, smoke a Lucky! You'll agree it's a finer, milder, more enjoyable cigarette!

DAN CURRIN, independent warehouse operator of Oxford, N. C., has smoked Luckies for 20 years. He says: "To me, Luckies taste better. I've seen the makers of Luckies buy fine, prime tobacco, you know!" Here's more evidence that Luckies are a finer cigarette!

America is buying Studebakers at an all-time record rate!

Studebaker's the stand-out in solid money's worth

Volunteer Workers In County Help To Push X-Ray Campaign

Commenting on the valuable assistance being given by volunteer workers throughout Pitt County, Dr. Thomas G. Basnight, acting health officer, today made public a list of persons who are taking the lead in publicizing the mass chest X-ray survey in Pitt County outside of Greenville. A list of Greenville workers will be available soon.

Dr. Basnight said, "I wish I could see each one of these people individually and tell them how grateful the Health Department staff is for their help. The staff alone could not hope to reach the thousands of people in the county who ought to be x-rayed during this mass x-ray survey, and we are depending on the interested persons in each community who have promised to help us." These volunteer workers have already begun work in some communities, and in others

will be working a few days ahead of the x-ray date. Their assistance is in visiting their neighbors, making arrangements about transportation, making announcements at public gatherings, putting up posters, and serving as hostesses when the unit is in operation."

Home Demonstration Clubs, under the direction of Mrs. Verona Lee J. Langford, Home Demonstration Agent, and Miss Verna Belle Lowry, Assistant Home Demonstration Agent, are taking responsibility in their communities. The person in charge in each of the club areas is as follows:

Ballard's, Mrs. E. W. Mills; Belvoir, Mrs. H. A. Moore; Bethel, Mrs. Ralph Carson; Black Jack, Mrs. Heber Dixon; Cannon's, Mrs. Willie B. Wilson and Mrs. Wilbur Worthington; Chicod, Mrs. Latham L. Smith; Clark's Neck, Mrs. Edgar Latham;

Farmville, Mrs. C. G. Morgan; Fountain, Mrs. C. E. Case, Jr.; Hollywood, Mrs. Clarence P. Stokes; Littlefield, Mrs. M. E. Hart; Pactolus, Mrs. Hubert Simmons and Mrs. J. P. Davenport, Sr.; Pierce, Mrs. T. Stamey Worthington; Red Banks, Mrs. E. H. Boyd; Red Oak, Mrs. E. A. Hooks, Sr.; Renston-Nobles, Mrs. Obed Castelleo.

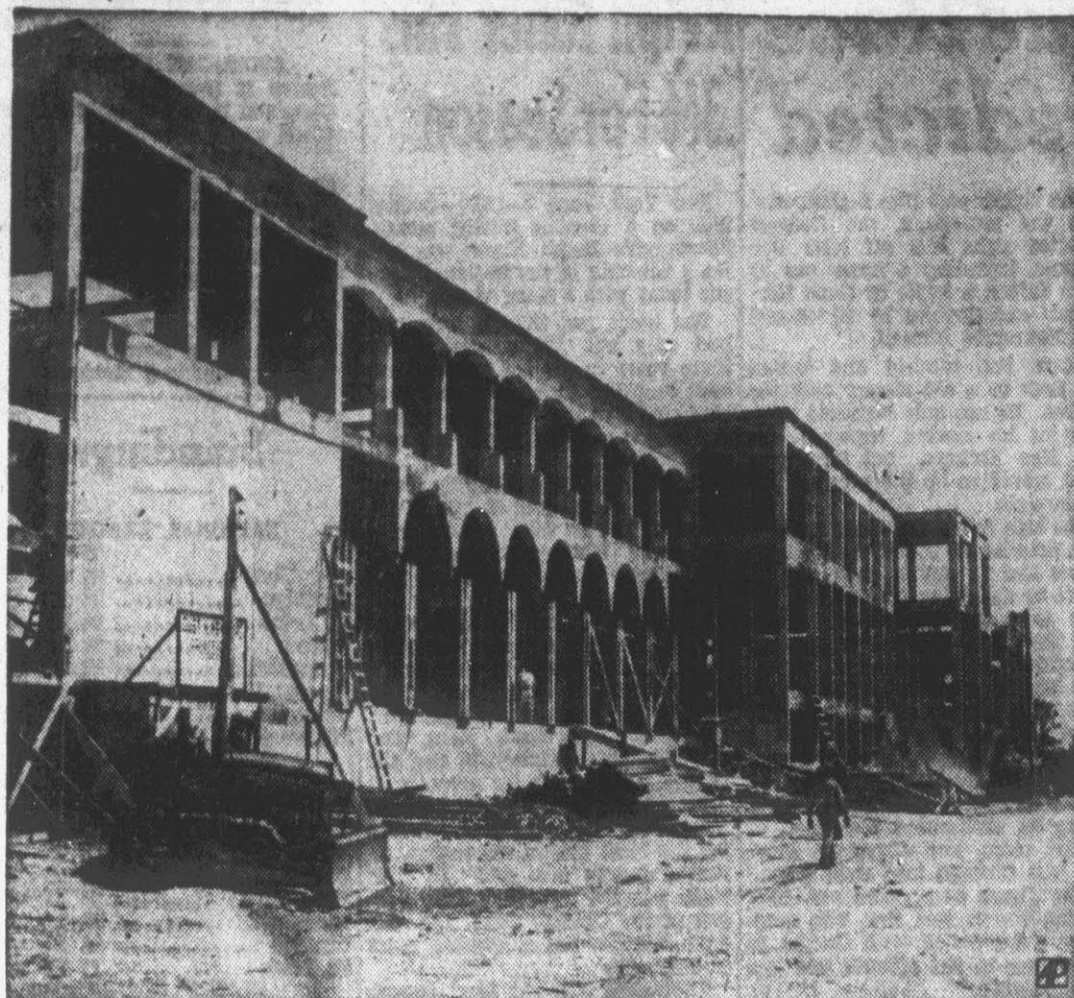

Seven Pines, Mrs. David Little; Simpson, Mrs. J. R. Godley; St. John, Mrs. J. L. Quinerly; Sweet Gum Grove, Mrs. C. Heber Briley; Timothy, Mrs. Corey Stokes and Mrs. Alton Gardner.

The Stokes Home Demonstration Club is working under Mrs. Tyree Stokes in cooperation with the Stokes Ruritan Club, whose president is Mr. Harold Watson.

In communities where there is no Home Demonstration Club, other interested groups and individuals are carrying out the necessary activities. Responsible persons in each of these communities are:

Grimesland—Miss Jennie Outlaw and the Ruritan Club, Clinton Elks, president; Ayden, S. M. Edwards and the Rotary Club, Leslie Stocks president; Mt. Pleasant Community, Miss Pattie Jenkins; Bell Arthur, Mrs. G. R. Gurganus and Mack G. Smith; Winterville, Vernon Cox; Fountain, J. A. Mercer; Grifton, Mrs. R. B. Mewborn; Farmville, Miss Tabitha De Visconti, chairman, and a committee representing the various civic organizations there, R. A. Joyner is serving for the Rotary Club and Mr. Harry Joyner for the Kiwanis Club.

Barnhill Dairy Section, Mrs. Roscoe Barnhill.

RESUMED AFTER 23 YEARS — Abandoned in 1926 when a hurricane caused defaults on pledges, work has started again on the University of Miami's main classroom building.

cited for "devotion and understanding" which "encouraged her husband in the successful completion of his college career."

Vacuum Cleaner For Front Lawn

Altus, Okla.—(AP)—It stopped traffic . . . but using an electric vacuum sweeper did the trick in cleaning up R. W. Moore's front lawn.

Moore decided to try the sweeper after his dog, Rip, scattered feathers over the front lawn. All the feathers were quickly gathered by the sweeper, but not before a gallery of neighbors and passers-by had collected.

Colored News

Mrs. Bessie Tyson died Saturday, June 4, leaving behind a husband, Mr. Eddie Tyson, 1 son, 6 stepchildren, 1 brother, 2 sisters, 2 aunts, 1 uncle and a host of relatives and friends. Funeral services will be held at St. Johns Wednesday at 2 p. m. in Falkland.

The Sophisticated Aces social club is calling an important meeting tonight at 7:30. All members are urged to be present.

Pidgin English Is Descriptive

New York—(AP)—Pastor Robert Salau, South Sea Islander who was converted to Christianity and became a pastor of the Seventh Day Adventist Church, paid a visit to the Bronx Zoo here.

In the pidgin English he learned on his native island of Vela Lavella, he described the animals like this: Camel—"Long fella, two backs." Lion—"No pussy cat." Elephant—"Big fella ears." Hairy Orang-utan — "Long fella grass."

Honor To Wives By University

Bethlehem, Pa.—(AP)—"Commencement for Twos" will be observed by Lehigh University at its annual ceremonies June 20. Not only will married seniors at this men's university receive diplomas, but their wives will get certificates of recognition as well. Each wife of a bachelor will be

HERE'S WHY ONLY NASH

"I have averaged 25 miles to the gallon—added no oil between changes. Most mileage was put on about 70 M. P. H." John Goad, 15412 Fernway Drive, Maple Heights, Ohio.

CAN OFFER ALL THIS!

Here's why Nash offers the most in size—in style—in features—in performance—in economy!

It is the first car with the Girder-built, Unitized Body-and-Frame—a revolutionary development that means more for your money. More in safety, with less weight. More in roadability!

It is the reason a Nash only 62 inches high has more road clearance than before. It provides more interior room for comfort. . . with seats so wide they can turn into Twin Beds.

It is the reason why Nash has the smoothest ride known, with all four wheels cushioned by coil springs.

It is why a Nash has incredible security on curves. . . and economy never before possible—with better than 25 miles to the gallon of gas, at average highway speed, for the Nash "600."

It is why Nash, and only Nash, has a curved, one-piece windshield on all models . . . and the Uniscope . . . and Cockpit Control.

See your Nash dealer—get the thrill of driving a 1949 Nash "600" or Nash Ambassador.

Compare the size—the design—the exclusive features—the delivered price. Then you'll know why Nash is the smart buy of the year's smartest buyers!

Select USED CARS

The next best car to a brilliant new Nash Airflyte is a Select used Nash. You'll be sure of getting the features you want most in an automobile . . . many that are available only in a Nash. You'll be sure of getting a car that your Nash dealer is proud to display with his famous "Select" used car tag. You will find the best-looking, best-running, best values in town at your authorized Nash Dealer.

NEW GERMAN COINS — A cashier of the Landes Zentral Bank in Frankfurt puts into circulation for western Germany new 10-pfennig coins made of an alloy of copper and zinc.

The word "artillery" was first used for all engines used to discharge missiles, but in more recent times it has been used only for firearms of long range capable of discharging a bursting projectile.

Beer was brewed by most of the monasteries of the Dark and Middle Ages. The development of the brewers' art owes much to the superior Arsenic is a metal.

DON'T SAY FLOOR PAINT—SAY Flor-Ceal

DOES MORE • COSTS LESS

\$1.95 per qt.
only \$6.25 per gal.

ONE COAT SEALS PROTECTS IN ONE OPERATION

Yes, Flor-Ceal does all the work with just one coat—and in one operation! It leaves a lasting beautiful floor that's protected from dirt and wear, oil or grease . . . a floor that's easy to keep clean! All for a cost of only about 1 cent per square foot!

EASY TO USE—DRIES OVERNIGHT!
Flor-Ceal goes on just like any paint—with a brush, spray or roller coater. One coat covers! And you can paint it on one day, use it the next!

GUARANTEE...
Flor-Ceal is guaranteed not to crack, chip or peel. It is absolutely non-slippery. Treat your floors to new beauty and life with Flor-Ceal!

For ALL SURFACES • INSIDE OR OUT

CONCRETE	WOOD OR LINOLEUM	BASEMENTS
Flor-Ceal is the ideal paint for concrete porches, garages. It seals against stains, wear and weather. Won't chip or peel! No extra preparation needed except for newly laid concrete. In 4 colors and black and white.	Clear (transparent) Flor-Ceal brings out all the natural beauty of your wood floors without the need for shellac, varnish or wax. It brightens and protects linoleum, makes continuous waxing unnecessary.	Basement floors can be brightened and protected against grease, oil and dirt easily and quickly with Flor-Ceal! Absolutely non-slippery for added safety in laundry and rampus rooms.

Chapter 10

Jeff started the repair of the fence as soon as it was light the next morning. He saw at once that the destruction was not the result of accident; some posts had been snapped off, but others had been dragged from the ground. That it had been done by Chuck Gale he did not doubt.

Jeff didn't worry unduly about the cattle; they were purebreds, well branded and earmarked, and entirely too hot for a rustler to handle. So he worked all day Monday and Tuesday until noon. It wasn't until Wednesday afternoon that he started the search for his missing Herefords.

He rode about in ever widening circles the whole of the afternoon without sighting one of them, and it was with some apprehension that he turned in that night. Thursday found him up before dawn, and he rode almost to Cougar in order to start at that end of the valley and work toward the Crown. He didn't stop for dinner, and when dusk fell was near the Crown headquarters.

He rode to the bunkhouse as the crew were coming in and asked them if they had seen any JT cattle in the upper valley. They hadn't.

of him. There wasn't a rock or a pile of stones large enough to afford Jeff shelter while he turned and shot it out.

And then, where the two converging cliffs were about to meet, he saw a narrow cleft. Just a crack in the rock wall it was, but wide enough to permit the passage of man and horse. He risked straightening in the saddle and sent Red lunging toward it.

(To be continued)

The arteries are always empty after death of an organism and early anatomists believed they were normally filled with air.

EXECUTOR'S NOTICE

Having this day qualified as executor of the Last Will and Testament of Mary E. Nobles, deceased, this is to notify all persons having claims against her estate to file them with the undersigned on or before the 31st day of May, 1950, or this notice will be pleaded in bar of recovery. All persons indebted to said estate will please make immediate payment.

GEORGE GORHAM, Executor
Albion Dunn, Attorney.
May 31 June 7, 14, 21, 28 July 5.

PRELIMINARY CERTIFICATE OF DISSOLUTION

State of North Carolina
Department of State
To All to Whom These Presents May come—Greeting:

Whereas, it appears to my satisfaction, by duly authenticated record of the proceedings for the voluntary dissolution thereof by the unanimous consent of all the stockholders, deposited in my office that the Coastal Housing Corporation, a corporation of this State, whose principal office is situated at 119 West Third Street in the City of Westville, County of Pitt, State of North Carolina (James R. Worley being the agent therein and in charge thereof, upon whom process may be served), has complied with the requirements of Chapter 55, General Statutes, entitled "Corporations," preliminary to the issuing of this Certificate of Dissolution:

Now therefore, I, Thad Eure, Secretary of the State of North Carolina, do hereby certify that the said corporation did, on the 27th day of May, 1949, file in my office a duly executed and attested consent in writing to the dissolution of said corporation, executed by all the stockholders thereof, which said consent and the record of the proceedings aforesaid are now on file in my said office as provided by law.

In testimony whereof, I have here-to set my hand and affixed my official seal at Raleigh, this 27th day of May, A. D. 1949.

THAD EURE, Secretary of State.
May 31 June 6-7-14-21.

NOTICE

Having qualified as administrator of the estate of J. H. Taylor, deceased, late of Pitt County, North Carolina, this is to notify all persons having claims against the said estate of said deceased to exhibit them to the undersigned at Greenville, N. C., on or before the 23rd day of May, 1950, or this notice will be pleaded in bar of their recovery. All persons in-

debted to said estate will please make immediate payment.

This 23rd day of May, 1949.

Weather Favors Crops In Fields

By CHESTER WALSH
The highest temperature recorded in the Greenville area yesterday was 92 degrees during the afternoon, the highest of the season. During the night the thermometer dropped to 66 degrees, and at 8 a. m. today it stood at 74 degrees, and was rising. Mrs. C. E. Maiden, U. S. Department of Commerce Weather observer in Greenville, reported. The Weather Bureau's report on rainfall here during June to date this year was 63 one-hundredths of an inch. For the same period last year only 6 one-hundredths of an inch fell in this area. Last year the recorded rainfall in this territory from January 1 to June 1 was 24.54 inches. For the same period this year the

rainfall was 17.51 inches. Farmers will recall that in 1948 heavy rains fell during January, February and March, and the ground was so wet that very little midwinter work was done on farms and harvesting of the peanut crop was delayed several weeks. The rainfall in this territory this year has been more uniform and there was no excessive downpour during any of the first five months of this year. Light showers featured the precipitations. A farmer recalled today that when tobacco was transplanted in this section last year the weather was so dry that considerable replanting had to be done in the fields. This year the seasons have been favorable to a good start and the crops are flourishing. A compilation of rainfall here in 1948 and this year follows:

January	1948	1949
February	5.88	3.36
March	7.49	3.39
April	4.20	4.37
May	2.50	4.50
June	4.47	4.50
Total	24.54	17.51

al election registration books for the preparation of scrolls which will be placed in the county jury box to be used for the next two years. The meeting was recessed until tonight when the discussion of the county's business will be continued.

Red Hands . . .

(Continued from Page One)
for agrarian reform only (as I myself have been told in China) he explodes: "Make no mistake about it. Ours is a party of Communism." In any event, it will take a Molotov to iron out the wrinkles. Naturally one would expect the Soviet to proceed with studied diplomacy in dealing with a tough leader like Mao. It will be surprising if the Russian program isn't one of tempered advice and material assistance which will bring China into the Soviet fold gradually.

'Menace To . . .

(Continued from page one)
in deciding upon the death sentence. But a majority of the Supreme Court justices saw it another way. They said: "A judge is not confined to the 'narrow issue of guilt'—his task, within fixed legal limits, is to determine what punishment a convicted man gets. It calls this 'individualizing sentences.'" The justices praised "prevalent modern philosophy of penology that the punishment should fit the offender and not merely the crime

"The belief no longer prevails that every offense in a like legal category calls for an identical punishment without regard to the past life and habits of a particular offender." But deep within that reasoning, although not mentioned by the court, is this problem: If a man has a long record of crime, is it all his fault? Or how much allowance should be made for the things that made him what he is? For instance, his background, family life, childhood, companions, and the twisted slants because of where and how he grew up. What caused him to be an habitual criminal in the first place? Is he normal? Or is he subnormal? And if he is, should he be judged on the same basis as a so-called normal person? And what responsibility must society share in the shaping of a criminal? Can it judge a man who grew up in the slums on equal terms with one born in better circumstances, with better care, wealth, health, and hope for the future?

Many of those waiting outside the courthouse were not aware that the trial was over until they saw the cars bearing the prisoners to Raleigh leave the courtyard. Sheriff Ruel Tyson, accompanied by Deputy Sheriff L. E. Manning and Capt. E. B. Dorsey arrived at state prison and turned the prisoners over to the warden shortly before 11 o'clock last night.

Hog Market

Raleigh, June 7—(AP)—(NCDA)—Hog prices steady. Tops of \$20.50 at Greenville, Wilson, Goldsboro, Washington, Tarboro, Kinston, and Rocky Mount; Richmond steady at 21.

Poultry and Eggs

Raleigh, June 7—(AP)—(NCDA)—Fryers and broilers steady at 26; eggs steady, A large \$1.

Grain Market

Chicago, June 7—(AP)—Corn led other grains upward toward the close of today's board of trade session. Corn receipts were light, and bookings on a to-arrive basis were placed at only 26,000 bushels. The result was a higher cash market which was reflected in futures. Wheat, which had had difficulty in advancing earlier in the session pushed upward with feed grains. A better cash market at Kansas City was reflected in the late advance. At the finish wheat was 1/2 to 1 1/2 cents higher than the previous close, July \$1.87 1/2-5/8. Corn was 1 cent to 1 1/2 higher, July \$1.30 1/2-3/4. Oats were 1/2 to 1 cent higher, July 58 1/2-3/4. Rye was 2 to 2 1/2 cents higher, July \$1.34, soybeans were 2 cents higher to 1 1/2 lower, July \$2.17 1/2-17 and lard was 5 cents a hundredweight higher to 10 cents lower July \$10.80.

N.Y. Cotton

New York, June 7—(AP)—Cotton futures opened 5 cents a bale higher to 5 cents lower today. Noon prices were unchanged to 10 cents a bale higher than the previous close. July 32.26, Oct. 28.84 and Dec. 28.65. Short covering in nearby July gathered momentum toward the close and carried cotton futures into new high ground for the day. Futures closed 95 cents to 1.75 a bale higher than the previous close.

	Open	Last	Pvt.Cl.
July	32.24	32.56	32.24
Oct.	28.84	29.02	28.83
Dec.	28.64	28.85	28.64
March	28.53	28.75	28.54
May	28.40	28.60	28.37
July	27.64	27.87	27.64

Middling spot 33.62, up 36.

N.Y. Stock Market

New York, June 7—(AP)—A creeping rally got underway in the stock market today after a slight morning setback. The advance, timid though it was, followed a drop yesterday which knocked the market to a two-year low. Gains were fractional for the most part, a handful running to a point or more. The losses which dotted the list were equally small.
