Federal Reserve Board Predicts Construction Up

Joins Secretary Of Labor Tobin In Better Business In The Months Ahead

Washington, Aug. 17—(AP)—A forecast of further moderate increases in construction work in the near future came from the Federal Reserve Board today.

Because construction is one of the main bulwarks of business activity and employment, this furnished some backing for a prediction by Secretary of Labor Tobin that employment will go up by 1,000,000 the rest of this year.

The Reserve Board, in a publication, noted contract construction was providing jobs for more than 2,000,000 workers at mid-year.

Even while activity declined substantially at the nation's factories and mines in the spring and early summer, the board report showed construction was scoring a more than seasonal rise from its low winter levels.

That was one factor credited by the Commerce Department with cushioning the decline in the total output of goods and services—the "gross national product"—during the second quarter of 1949.

This output was at an annual rate of \$256,100,000,000 in the second quarter, down 2.4 per cent from the preceding quarter and down 5.3 per cent from the peak reached in 1948's final quarter.

The Commerce Department blamed a cutback in business inventories for the decline since that outback narrowed the market for goods and services.

The Reserve Board bulletin credited a pickup in private housing recently to a variety of factors, including:

- 1. "A small decline in interest rates generally," and "perhaps more important"—the availability of federal funds to buy mortgages from institutions which felt "loaned up," thus providing them funds for use in new lending.
- 2. Availability of new houses "at somewhat lower prices," a shift to construction of smaller homes, and improvement in "the quality of design, equipment and workmanship in most areas."
- 3. The fact that many families all set with plans to buy and bolstered by relatively high level incomes and savings for the nation at large, simply "have become reconciled to the high level of prices."

Cars Damaged In Wreck Monday

Two cars were involved in a wreck near the Port Terminal Inn Monday night about 8:15. State Highway Patrolman Paul Whitley reported today.

Whitley said that one car driven by John Smith, 19, Greenville, suffered damages estimated at \$100 and that the car operated by Liddle A. Arnold, Rt. 3, Grimesland, was damaged to the extent of \$150.

Naval Antarctic Trip Is Cancelled

Washington, Aug. 17—(AP)—There will be no Navy expedition to the Antarctic this fall.

The Navy announced yesterday that, due to "compelling reasons of economy," it had cancelled plans to send Rear Adm. Richard E. Byrd back to the South Polar region to continue the explorations he started in 1946.

Old Rivalry Renewed?

If Germany Is Truly On The Road To Becoming A Nation, Probability Arises That Race For Leadership Of Europe May Be Renewed With England; Outlook

By DeWITT MacKENZIE

This column yesterday expressed the view that the outcome of the parliamentary elections for a new government in Western Germany constitutes a rebirth of that nation—a beginning of its revival as a power. If we accept that as a valid premise it opens up startling possibilities. Foremost is the strong probability that we shall see development of a fierce rivalry between Germany and England for leadership of Western Europe. Britain already seems to be taking note of this likelihood. For example, the London Daily Express, after referring to charges of German abuse of the allied occupation powers, says bluntly:

"Before it is too late the British should get tough with the Germans, who have not given up the hope of working our humiliation and ruin. Great Britain's authority must be restored and this will occur only when she is seen to be strong in her own right."

The Daily Mail says: "German nationalism still lives and the influence of the Nazis is still great. It Western Allies must be more careful than ever to keep a watchful eye on future trends."

"Mr. Churchill's raising the question of German admission to the Council of Europe is of great importance. The allies must keep Germany harmless, but she should be inside the Western Union because, if allowed to stand alone, she might either enter the Russian sphere or make a third attempt to dominate her neighbors."

Explorer Sees Deep Sea Secrets

Scientist Dives To Unbelievable World

Marine Explorer Descends 4,500 Feet Into Ocean; Plans No Further Deep Dives For Some Time

Smuggler's Cove, Calif., Aug. 17—(AP)—An "unbelievable world," 4,500 feet under the sea and filled with weird and wondrous creatures, has got its first glimpse of man.

The strange, luminous forms of marine life which inhabit the depths of the ocean yesterday saw a white sphere suddenly lower itself into their midst.

Inside the sphere was a creature they had never seen before—a man. Armies of spiraling shrimp hurried themselves in a barrage against a window in the sphere through which the man was intently peering.

The man was Otis Barton, marine explorer, who in his new diving bell, the Benthoscope, set a new deep sea diving record yesterday. He descended to 4,500 feet, bettering his own record of 3,028 feet, achieved in 1934 off Bermuda with Naturalist William Beebe.

Barton telephoned his observations to an assistant on the barge from which the Benthoscope was being lowered by cable.

After passing 3,028 feet—the old record—"This is an unbelievable world down here. I wish Dr. Beebe were down here with me. He might know what some of these things are. I don't recognize them."

At 4,000 feet he said, "There are so many things going by that it kind of makes me dizzy." At 4,100

Further Drop In Industrial Jobs

Figures Do Not Represent Permanent Lay-Offs In State

Raleigh, N. C., Aug. 17—(AP)—Employment in North Carolina factories dropped during July for the 10th consecutive month.

The state department of labor reported today, however, that a net drop of 5,900 in factory employment was due largely to summer vacations in the textile industry and did not represent permanent lay-offs.

"Many textile mills reported that they were closing down one week for vacation during July," said C. H. Pritchard, labor department statistician. "Employment in all branches of the textile industry was 3,300 below the June figure."

The chemical industry laid off some 600 workers, he reported, due to a seasonal decline of operations. For all manufacturing industries employment in July total about 360,000 as compared with 365,000 in June and 391,500 in July 1948.

The furniture, apparel, food products, printing fabricated metals, and stone, clay and glass products industries reported minor gains in employment. Cigarette plants, ameteries and redrying plants were steady, and lumber and timber industries reported small drops.

Arms-Aid Faces Tough Sledding In Lower House

Barrage Of Amendments Readied By Critics; Sponsors Aren't Disturbed

Washington, Aug. 17—(AP)—The administration's \$1,450,000,000 arms-aid bill starts through the House today. The odds are better than even that it will emerge without major change about Friday.

Today's entire session was set aside for debate, with voting to start tomorrow.

Critics are waiting with a barrage of amendments to fire at the program. It is the Truman administration method of helping Western European nations, plus Greece, Turkey, Iran, Korea and the Philippines, arm against possible Soviet aggression.

The men responsible for steering the big measure through the House aren't disturbed about amendments designed to kill the program outright.

They are concerned about proposals to cut the amount of the program, to limit its length, and to hem it in with restrictions.

Speaker Say Rayburn (D-Tex.) predicted there would be no substantial change.

Democratic Leader McCormack of Massachusetts wouldn't make a prediction but said it would be "most unfortunate" if the bill were riddled with major amendments.

"It will be a real fight," Rep. Richards (D-SC) told newsmen. Richards is spearheading a strong effort to put some restrictions into the bill. In short, he wants some of the money held back until there is assurance that the recipient nations are going to pull together as a team.

Chairman Kee (D-WVa) of the Foreign Affairs Committee, which sent the bill to the House by a 14 to 5 vote, said he felt confident that the House would follow the committee's recommendations.

Substantially, the bill approved by the committee follows what the President wants.

Ports Program Work Is Started

Morehead City And Wilmington Projects Given Push

Raleigh, N. C., Aug. 17—(AP) The State Ports authority is not losing any time in putting a \$7,500,000 port improvement program into effect at Wilmington and Morehead City.

Meeting yesterday, the authority retained two engineering firms for the work and agreed to pay off the Morehead City port commission debts.

A. G. Myers, of Gastonia, authority chairman, said the group hopes to get leases within a week for a portion of the government-owned ship yard at Wilmington, and for the present port terminal facilities at Morehead City. These compose the site of the proposed developments.

Actual construction work will begin "just as quickly as we can" after acquiring these leases, Myers declared.

The engineering firms, which will be paid costs plus four per cent and supervise the construction plans and construction work. Their retention is subject to approval of the governor and the council of state.

The firm of Robert and Company of Atlanta was approached for the work at Wilmington. J. F. Griner Company of Baltimore and Durham will do the work at Morehead City.

The authority hopes to receive a 50-year lease from the U. S. maritime commission for the Wilmington property for a rental of \$1 a year. It also expects to get a 75-year lease from the Morehead City Ports Commission for the terminal facilities there.

Barkley To Talk At Salisbury

Salisbury, Aug. 17—(AP)—Vice President Barkley has promised to make a speech in Salisbury within the next 12 months.

A group from Salisbury was in Washington yesterday and invited Barkley to come down anytime and make a speech. Sen. Graham (D-NC) added an extra inducement to the invitation. He said the vice president does have North Carolina forebears. Barkley's folks—the Cateys and the Barkleys—came from Rowan, Iredell and Lincoln counties.

Lady Alcoholics Said Increasing

Philadelphia, Aug. 17—(AP)—Women alcoholics and habitual drunkards in the United States have increased to an all-time high of 800,000, an officer of the Woman's Christian Temperance Union said today.

Mary B. Ervin, vice president at large of the WCTU, told the organization's executive committee the current increase in women drink victims is at the rate of 120,000 a year.

Large Election Fund For Union

AFL Plans To Raise \$1 Million For Political Spending

Toronto, Aug. 17—(AP)—Plans for raising a \$1,000,000 fund for use in next year's elections were approved yesterday by the political section of the American Federation of Labor. The money is to be used to help elect men considered pro-labor and in an effort to defeat men marked as anti-labor by the AFL.

The Administrative Council of Labor's League for Political Education, meeting in conjunction with the quarterly session of the AFL Executive Council, approved the plan. The AFL council members also sit on the league's council.

Joseph Keenan, director of the league, said a per capita assessment of \$2 would be sought from the federation's members for the 1950 campaign. The contributions will be divided evenly with the state federations for campaign work in local precincts. Last year the federations did their own collecting. The league collected \$400,000.

William Green, AFL president, told a news conference the league would be shooting mainly for Senator Taft (R-Ohio), co-author of the Taft-Hartley Act. Other targets would be Senator Donnell (R-Mo.), Senator Capehart (R-Ind.) and Senator Millikin (R-Colo.).

Keenan said the league had decided against supporting Senator Tydings (D-Md.), adding "we made a mistake in backing him before."

Liquor Sales In July Continue Downward Trend

Raleigh, N. C., Aug. 17—(AP)—The downward skid in liquor sales continued during July.

State ABC Chairman R. W. Winston reported yesterday that last month's sales were down eight per cent compared with July, 1948.

Gross whiskey revenues in the ABC areas totaled \$3,433,100 last month, compared with liquor purchases in July, 1948, of \$3,723,376. However, last month's sales showed an increase over those for the previous month. June purchases amounted to \$3,053,077. Mecklenburg was last month's leader with sales of \$791,402. Asheville was second with \$402,016, and New Hanover was third, with \$287,396.

Duplin County Is Voted Bone Dry

Kenansville, N. C., Aug. 17—(AP)—Duplin county is now legally bone dry. Citizens yesterday voted against establishment of ABC liquor stores, after having voted out beer and wine a year ago.

The unofficial vote from 17 of the 20 precincts was: Against liquor stores 1,420, for 1,466.

Rain held down the vote. There was a registration of about 12,500.

Hedrick Expects Higher Opening Market Average

Dept. Of Agriculture Specialist Says Eastern Belt Leaf Better Than '48

Raleigh, Aug. 17—(AP)—Auctioning of tobacco will begin Friday on North Carolina's huge Eastern belt—world's largest flue-cured tobacco belt.

Farmers who have been working with their golden crop all year were beginning to move it to warehouse floors.

They had a right to be fairly optimistic about prices because Eastern belt prices—grade for grade—probably will be in line with those on the Carolinas Border belt where a total of 94,881,744 pounds had been sold through Monday at an average price of \$50.61 a hundred pounds.

In fact, W. P. Hedrick, tobacco marketing specialist for the State Department of Agriculture, said he expected the opening average to be "a little higher than the Border because they've got some good tobacco down there."

Hedrick who made an inspection trip of the Eastern area yesterday, said "the tobacco looks good."

"It's a better crop than they had last year. It's lighter, but it cured up well, and there's a lot of good smoking tobacco."

The U. S. Department of Agriculture has estimated Eastern belt production at 399,900,000 pounds based on conditions as of August 1.

On opening day last year, the Eastern markets sold a total of 9,646,840 pounds at an average of \$51.93 per hundred, and for the 1948 season producers' sales totaled 354,486,865 pounds at an average of \$50.03.

Originally the Eastern belt had been scheduled to open tomorrow, but this was postponed one day in order to give additional sales time on markets of the Georgia-Florida belt.

Hedrick said he expected heavy sales throughout the Eastern belt on opening day and for several days thereafter. He explained that recent humid weather would make it necessary for the farmers to market their leaf. In addition, he said many farmers had worked their leaf in preparation for the opening tomorrow.

Bank Resources Drop Reported

Raleigh, N. C., Aug. 17—(AP)—In line with a nationwide trend, North Carolina's bank resources declined \$117,269,205 in the fiscal year ending June 30.

Commissioner of Banks Gurney P. Hood announced yesterday that total resources of state and national banks were \$1,710,074,949 on June 30. This compares with \$1,827,344,154 on June 30, 1948.

Chinese Naval Forces Sent To Besieged City

Canton, Aug. 17—(AP)—A Nationalist spokesman said tonight strong naval forces had been sent up the Min river to the relief of Communist besieged Foochow.

The spokesman said the coastal city still was in Nationalist hands. Commercial radio contact with Foochow has been out here for many hours.

This might indicate Communist troops have occupied the city. But there has been nothing here to confirm this. A big battle for Foochow has been reported underway. The city is about 450 miles northeast of Canton.

Meanwhile, a Nationalist army spokesman angrily denied Red troops had driven into Kwangtung province. Canton, the Nationalist capital, is also the Kwangtung provincial capital.

(There was no denial, however, of private reports yesterday that the Nationalists were withdrawing from Nanshing (Hamyung, 135 miles northeast of Canton and just inside Kwangtung.)

The Nationalist foreign office received a request from the United States Embassy for the safe conduct of the liner General Gordon to remove Americans wishing to leave China. The Nationalists have Communist ports, including Shanghai, under blockade.

A foreign office spokesman said the safe conduct request was under consideration. Previously it had been indicated the request would be granted. (The Communists in Shanghai have given the ship permission to call there.)

Senate Kills Off Welfare Office Of Cabinet Rank

Second Part Of Reorganization Plan Seen As Administration Victory

Washington, Aug. 17—(AP)—The Senate turned today to a brisk scrap over President Truman's reorganization plan No. 2, after handing the Chief Executive a stinging defeat on his plans for a welfare department in the cabinet.

Both sides said the fight on No. 2—to transfer the Bureau of Employment Security from the Federal Security Administration (FSA) to the Labor Department—probably would wind up in an Administration victory.

Democratic Leader Lucas (Ill.) told reporters flatly the plan would go through.

He got a grudging second from one of the leading opponents who said privately that the necessary 49 votes—the required majority of the full Senate—could not be mustered to support the resolution of disapproval.

Opponents of the plan have contended that the Employment Bureau would be more fairly administered in the FSA than in the Labor Department. President Truman and others have said that the bureau belongs in the department most concerned with labor.

The Senate was to vote on the resolution at 4 p. m. (EST). The resolution was offered by the executive expenditures committee which voted 8 to 3 against the plan.

The President's plan for a new welfare department combining the functions of health, education and welfare under a single secretary of cabinet rank was sidetracked late yesterday by a 60 to 32 vote—11 more than required.

British Bonds' Decline Follows Hoffman Speech

London, Aug. 17—(AP)—Heavy selling of British government bonds broke out on the London Stock Exchange today.

Some issues lost as much as one pound five shillings (\$5) on a par 100 lbs. (\$400) share by midday.

Brokers blamed the decline mainly on a statement from Paul Hoffman, chief of the European Recovery Program, that he is not satisfied with Britain's effort to overcome its dollar shortage.

Hoffman made his statement at a meeting of ERP mission heads last night in Paris.

"I would not undertake to say what incentives would get a Britisher into action," Hoffman said. "But the incentives are very much needed."

The Senate Logjam

Senators Talking So Much They Can't Get Their Work Done On Time; Good Example In The Appropriations Bill; Another Stop-Gap Action Is Probably In Offing

By JAMES MARLOW

Washington, Aug. 17—(AP)—The Senate, which talks so much it can't get its work done on time, is snarling up the government again.

The only way the government can run at all is on money voted by House and Senate for the various departments and agencies.

The government does business on a fiscal year basis, with the fiscal year beginning on July 1 and ending the next June 30.

Since Congress begins each regular year's job early in January, it supposed to get its appropriations finished before the fiscal year begins July 1.

A lot of work goes into the appropriating. All the government agencies and departments tell Congress early in January how much they'll need to run on for another fiscal year.

Then the appropriations committee of House and Senate hold long hearings where the department heads are questioned about the money they ask for.

The committees' job is to be sure the money is needed and to try to cut down the amount asked for.

When the committees finish, they send appropriations bills one after another up to the full House and Senate to be voted on. Each bill covers the money needs of one department or a number of departments and agencies.

Solon Makes Demand As Witness Tells Of Paying \$1,000 To Vaughan's Friend For Trying To Get Sugar Rationing Suspension Order Lifted

Washington, Aug. 17—(AP)—Senator McCarthy (R-Wis.) today remanded that John Maragon, a key figure in the Senate five percent inquiry, be indicted for perjury.

McCarthy made his demand after Milton R. Pollard, a Milwaukee insurance man, swore that he paid Maragon \$1,000 for trying to get a sugar rationing suspension order lifted in 1946.

Pollard testified before a Senate investigations subcommittee. He said he got in touch with Maragon after meeting him at a party given by a Milwaukee brewery for Maj. Gen. Harry H. Vaughan, President Truman's army aide.

Maragon is a former Kansas City bootlegger who once had a pass to the White House.

Just before Pollard took the witness chair, testimony which Maragon gave under oath when he appeared before the Senate probers July 28 was read into the record by Assistant Committee counsel Francis D. Flanagan.

Maragon flatly denied in the testimony that he ever was paid any money by anyone for negotiating business with the government.

After Pollard, in reply to a cross fire of questions, acknowledged that he did pay Maragon \$1,000, McCarthy said.

"I think we should ask the justice department to take this matter over and ask that an indictment for perjury be returned against Maragon."

In his sworn testimony last month, Flanagan said, Maragon did not list any income, on his tax returns, from either Pollard or the allied Molasses Company of Perth Amboy, N. J.

Maragon, who called top government officials by their first names and by first and last initials as a good friend, gave his witness behind closed doors.

Pollard testified today that he got in touch with Maragon in behalf of the New Jersey Company. He said his nephew, Harold W. Ross, is the president of Allied Molasses.

An agriculture department spokesman said yesterday that Vaughan and Maragon four years ago sought aid at the agency for the Molasses firm. He said they didn't get it and the case went to the justice department.

The agriculture department statement was made by Wesley McCune, assistant to secretary of agriculture Brannan. McCune declined to say to whom in the department the two men talked.

Committee records show the Molasses firm was accused of exceeding its quota of sugar for use in a high-grade syrup furnished to a soft drink company.

As the Senate probers turned to the Molasses case they left up to the army the fate of Maj. Gen. Alden H. Waitt, suspended chief of the chemical Corps.

Waitt, fidgeting nervously, acknowledged at yesterday's session that he wrote highly critical reports on eight fellow officers in line for his job. He said he prepared the documents at Vaughan's request.

He also told the committee he dictated a full-of-praise report on himself, intended to have Vaughan submit it to Mr. Truman as Vaughan's own evaluation of Waitt, but withheld it when "my brass broke down."

Wilkerson-Lewis Vows Spoken Sunday

Farmville — Miss Dorothy Hope Lewis and James Wilton Wilkerson were united in marriage in a double ring ceremony on Sunday afternoon, August 14 at 5 o'clock in the Farmville Methodist Church. The Rev. H. L. Davis, pastor of the church, officiated.

Wrought iron candelabra holding white candles and baskets of white gladioli arranged against a background of woodwardia fern formed the setting before which the vows were spoken.

The bride is the daughter of the late Mr. and Mrs. Samuel Taylor Lewis of Farmville. Mr. Wilkerson is the son of Mr. and Mrs. Melvin Vaden Wilkerson of Sims.

Proceeding the ceremony, chimes were played by Lou Taylor Lewis, niece of the bride. Nuptial music was rendered by Mr. Fred O'Keefe of Rocky Mount and Harris Bullard of Wilmington, with Mrs. Harris Bullard at the organ. Miss Barbara Earl Modlin of Portsmouth, Va., niece of the bride, sang "The Lord's Prayer" following the ceremony.

The bride was given in marriage by her brother, Samuel Taylor Lewis, Jr. She wore a gown of nylon marquisette over satin with a rounded yoke outlined in chintilly lace. The skirt extended in circular train and featured rows of chintilly lace running the length of the skirt. Her fingertip veil of illusion fell from a tiara of matching lace. She carried a bride's Bible topped by a white orchid and showered with tube roses.

Mrs. John W. Price of Jackson attended her sister as matron of honor. The bridesmaids were Mrs. Frank Currin of Oxford, sister of the groom, and Mrs. Irvin C. Young of Raleigh. They wore identical gowns of orchid marquisette with rounded yoke and hoop skirt. Each wore a matching picture hat. The matron of honor carried a bouquet of orchid asters and yellow roses, while the other attendants carried bouquets of purple asters and pink roses tied with rainbow ribbons.

Miss Elizabeth Baker, little niece of the bride, was junior bridesmaid and was dressed identical to the bridesmaids.

Little Miss Margaret Louise Speight, Farmville, niece of the bride, was miniature bride and was dressed identical to the bride. Ring bearers were Melvin Leroy Gay, Jr., nephew of the bride. He wore a white suit and carried the rings on a white satin pillow.

Melvin Vaden Wilkerson, Jr., was his best brother's best man and ushers were Delmon F. Williamson of Goldsboro, William Burtis Upchurch of Apex, Richard T. Duke of Potocast and George A. Upchurch of Raleigh.

Honorary bridesmaids were Misses Ruth Parker and Peggy Bagley of Farmville, Mrs. Egbert Rouse of Bailey, Mrs. Andrew Winslow of Elizabeth City and Miss Katherine Wilkerson, Sims, sister of the groom.

room. For her sister's wedding, Mrs. Herman Baker wore a black crepe dress, black accessories and an orchid corsage. Mrs. Wilkerson, mother of the groom, chose a dress of dusty rose crepe and lace, black accessories, and an orchid corsage.

Immediately following the ceremony a reception was given by the bride's sisters, Mrs. Earl Modlin, Mrs. Melvin Gay, Mrs. John Price and Mrs. Archie Speight on the lawn of the Speight home.

Greeting guests were Mrs. Melvin Gay and Mrs. Gertrude Lewis. Mrs. Herman Baker introduced the guests to the receiving line composed of Mr. and Mrs. Wilkerson, parents of the groom, the bride and groom, and the bridal attendants. Presiding over the register were Mrs. Earl Modlin and Miss Betty Joyner. Mrs. Earl Bagley assisted Mrs. Speight in serving lime punch from a table covered with a cutwork linen cloth and centered with an arrangement of orchid flowers flanked by white candles in crystal candelabras. Bridal cakes, nuts and minis were served by the honorary bridesmaids. Mrs. J. B. Joyner invited the guests into the house.

Mrs. S. O. Gardner welcomed guests on the porch and Mr. and Mrs. T. W. Lang received in the living room. Mrs. Sam Lewis of Farmville and Mrs. James L. Whitfield of Raleigh presided in the gift room. Goodbyes were said by Mrs. T. E. Joyner and Mrs. Ellen Lewis Carroll.

Later in the evening the bridal couple left for a wedding trip. After August 21 they will be at home at Farmville where Mr. Wilkerson is manager of the Pecan Grove Dairy Farms.

For traveling, Mrs. Wilkerson changed to a Mary Elizabeth crepe dress in twilight blue, light rose satin hat with black velvet trim, black accessories and the orchid lifted from her Bible.

The bride received her A.B. and M.A. degrees from East Carolina Teachers College, where she was president of the student body and member of Pi Omega Pi. In 1947-48 she was registrar of Wilmington College. At present, she is a member of the faculty of East Carolina Teachers College, where she teaches business education.

Mr. Wilkerson received his B.S. degree from N.C. State College, where he was a member of Alpha Zeta and Mu Beta Psi.

Following the rehearsal on Saturday evening, Mr. and Mrs. Herman Baker and Mr. and Mrs. Sam Lewis entertained at a cake cutting at the Baker home in Farmville honoring the Wilkerson-Lewis wedding party. Mrs. Sam Lewis greeted the guests at the door.

The bridal table was covered with a white cut-work cloth and centered with an arrangement of white tube roses and fever-few flanked by candles in crystal candelabra. Mrs. F. W. Lang served the wedding cake after the bridal couple cut the first slice. Goodbyes were said to approximately 50 guests.

On the day of the nuptials, members of the wedding party and out-of-town guests were entertained at a luncheon at the home of Mr. and Mrs. B. F. Lewis by Mr. and Mrs. Lewis, Miss Nancy Lewis and Mrs. Ellen Lewis Carroll. A three-course barbecue dinner was served to 80 guests.

Social courtesies and hostesses:
Luncheons — Mrs. Melvin Gay, Farmville; Mrs. James Whitfield, Raleigh; Mrs. Jack Edwards, Greenville.

**Mary Lee Wethington
Becomes Bride Of
Charles N. Anderson**

Grifton.—In a ceremony of beauty and simplicity the marriage of Miss Mary Lee Wethington, daughter of Mr. and Mrs. Harry Lee Wethington of Grifton, and Charles Noel Anderson, son of Mr. and Mrs. Albert Delton Anderson, of Macclesfield, was solemnized Sunday, August 14, at 5 o'clock in the Grifton Methodist church. The Rev. Lawrence Kessler of Leggett, cousin of the bride, officiated at the double-ring ceremony.

Native pine, oregon fern and am-lax formed a screen of greenery for the floor baskets of white gladioli and pom-pom chrysanthemums, standards of cathedral candles completed the altar decorations, the pews were marked with bows of ribbon and gladioli tips.

Mrs. J. R. Wilson of Tarboro, organist, presented a program of wedding selections and accompanied Mrs. Frederick Cox who sang "I Love You Truly" and "My Hero." The traditional processional and recessional wedding marches were used.

Given in marriage by her father, the bride wore a gown of white swiss embroidered organdy, with double berth, fitted bodice and very full skirt. Her fingertip veil of imported illusion was held in place by a tiara of seed pearls and illusion. She wore elbow length mits of lace and carried an old fashioned bouquet of roses, tuberoses and gladioli tips centered with a white purple-throated orchid.

Miss Mary Wilson of Charlotte was maid of honor. She wore an aqua, French shadow organdy over taffeta fashioned like that of the bride, mits of net and bandeaux completed her attire. She carried a colonial bouquet of pastel garden flowers showered with yellow satin ribbons.

Miss Catherine Dexter of Richlands and Mrs. Emmett Sherron of Raleigh acted as brides maids. Their gowns of pink organdy were similar to that of the maid of honor and they carried garden flowers tied with white green ribbons.

Little Misses Patricia Anderson, niece of the groom and Betsy Haynes were flower girls. They wore blue organdy dresses identical to the other attendants and carried miniature bouquets tied with pink satin ribbons.

Honorary attendants were Misses Pauline Lamm of Rocky Mount, Julia Barnhill and Evelyn Ray of Tarboro, Bettie Ann Snyder and Meredith Cash of Charlotte, Katherine Ulmer of East, S. C., Inez Wilson of Raleigh, Sallie Anderson and Mrs. Ledger Harrel of Macclesfield, Mrs. William Bradford of Huntersville.

The bride-groom was attended by his brother, William Albert Anderson, of Rocky Mount, as best man. Ushers were Messrs. Charles Wethington, brother of the bride, Martin Anderson, of Winterville, David Bryan Anderson and George Anderson, brothers of the groom, all of Macclesfield.

Mrs. Wethington wore an afternoon gown of sheer aqua crepe, and a corsage of pink rosebuds. Mrs. Anderson, mother of the bride-groom, was gowned in gray crepe and lace afternoon dress and had a corsage of pink roses.

Mrs. Anderson is a graduate of Meredith college in Raleigh and taught in the Lenoir county schools, prior to her marriage and was doing welfare work in Tarboro and Edgecomb county. After the first of September she will be connected with the Domestic Relations Courts in Raleigh and Wake county.

Mr. Anderson, son of Mr. and Mrs. Albert Delton Anderson of Macclesfield is attending State College in Raleigh where he is majoring in Electrical Engineering. They will reside at 309 Chamberlain street in Raleigh.

For travel the bride changed to a handmacher suit of wheat color and wore accessories of palmiro brown.

and the orchid from her wedding bouquet.

A reception was given immediately following the ceremony by the parents of the bride at their home on the Greenville highway. Guests were received by Mrs. Robert Mewborn and presented to the receiving line formed in the living room receiving with the bridal couple were the members of the wedding party. From a beautifully appointed table Miss Dorothy Glenn Sugg and Mrs. Tommy Willis of Raleigh, served lime ice punch, Mrs. Heber Wade and Mrs. Roy Smith assisted in serving brides cakes and mints. Misses Meredith Cash and Sallie Anderson presided at the register. Assisting elsewhere were the honorary attendants, Mrs. George Sugg, Mrs. Granger Haynes. Goodbyes were said to Mrs. L. D. McCotter.

Out-of-town wedding guests were Mr. and Mrs. W. H. Miller, Mr. and Mrs. James Weeks, Mr. and Mrs. H. F. James, Jr., Mr. and Mrs. Harvey James, III, Mr. and Mrs. Robert Wilson, Mr. and Mrs. L. W. Kessler, Mrs. J. R. Wilson, Miss Julia Barnhill, Miss Evelyn Ray, Miss Nola Norris, Mrs. C. H. Fluck, Charles E. Weeks of Tarboro; Mr. and Mrs. W. A. Umstad and Miss Paula Lamm of Rocky Mount; Messrs. Robert Sutton and George Ellis of Goldsboro; Mrs. Joe Norris and Miss Irene Norris of Hologood; Miss Mary Wilson, Miss Meredith Cash and Parks Berryhill, Jr. of Charlotte; Mr. and Mrs. Tommy Willis, Mr. and Mrs. E. B. Sherron of Raleigh; Mrs. Frank Fernando of Norfolk, Va.; Mr. and Mrs. A. M. Hooper of Elizabeth City; Mrs. Cleveland Duke of Washington; Miss Esther Hardee of Greenville and Miss Catharine Dexter of Richlands.

Saturday evening following the rehearsal for the Anderson-Wethington wedding Miss Catherine Dexter and Mrs. Emmett Sherron entertained in the church parlor at a cake-cutting for the wedding party and out-of-town guests. A color note of bridal white and green was carried out by the use of magnolia bows, bowls of white asters and pom-pom chrysanthemums. This with lighted white tapers made a pretty setting.

After the honored couple had cut the first slices from the three tiered cake Mrs. H. L. Wethington, mother of the bride-elect finished the serving. Mrs. Albert Anderson, mother of the bride-groom-elect poured punch. Little Miss Sandra Broadhurst of Deep Run assisted in serving nuts and mints.

On Sunday at 1 o'clock Mr. and Mrs. Emmet Sherron of Raleigh entertained at the home of Mrs. Sherron's parents, Mr. and Mrs. J. W. Scarborough for the attendants of the Anderson-Wethington wedding party at a delightful buffet luncheon. A color note of white and green was carried out in the decorations throughout the home. The table was covered with a white linen cloth and held an arrangement of white asters, baby's breath and fern. This was flanked by crystal holders with lighted white candles.

There were twenty-five guests present.

Strength FOR THE DAY

WE CAN CARRY IT TOO FAR

What is heresy? The word is derived from a Greek word, "hairesis," which means "a choosing." Heresy is choosing one doctrine and rejecting another.

Many of the great religious figures, including Jesus, have been regarded as heretics by their generation. They protested certain beliefs which had become too well established or had become established without any justification.

But after everything has been said in favor of heresy which can be said, it remains at least many of us regard it as a fact, that there is a body of truth which God has revealed to men. When we begin to pick and choose between these beliefs, two things are liable to happen: first, we choose to accept the belief which most pleasantly suits our fancy; and secondly, we violate the authority of the religion we profess and thereby tend to render it impotent.

Believing some parts of the Bible and discarding others appeals to some people as being the very badge of intellectual superiority. But this choosing has to be carried only a little way until we find ourselves without any real beliefs upon which we can rely.

Heresy—a choosing between doctrines. Ponder this and its consequences before you carry the right of personal choice too far.

Around Capitol Square

ROADS—The board of conservation and development, state advertising and other topics got brief attention at Governor Scott's latest press conference, but roads occupied most of the time. Besides the questions fired at the governor about Carolina Road Builders petition against use of rural road construction bond money to buy machinery, numerous questions were directed at Charles M. Upham, former N. C. state highway engineer and for several years past with the national road builders association at Washington. Present also was Henry Jordan, chairman of the highway commission, and Bill Snider, his public relations man.

PROSPECTS—Upham is a recognized authority on federal aid to public roads, and he has intimate personal knowledge of North Carolina conditions. He indicated that prospects for more public road money are good, but because of higher construction costs the prospect for new mileage is not so bright. Last year, for instance, the states with federal aid spent nearly twice as many dollars as were spent in 1938, the previous record year, but actually fewer miles of new road were built.

MAINTENANCE—Maintenance every year imposes a heavier burden on state and local road funds. The federal government does not participate in maintenance costs, and Upham said there is little chance it ever will. He explained that if federal aid were available for maintenance the several states would be inclined to dump that responsibility on the federal government. He admitted possibility, though remote, that continued federal aid for new construction might increase road mileage to the place where maintenance would impose an intolerable burden on the states. He voiced the hope and belief that pending legislation would be enacted maintaining federal aid at approximately current amounts.

LOCAL—Of particular interest to Governor Scott was Upham's prediction that the congress will provide a minimum of a hundred million dollars for aid to purely local roads, on matching basis by the states. It is contemplated that North Carolina's share of this fund can be matched by proceeds from the rural road bond money. While the state's share of federal money would be small, probably not more than two million dollars, it would add several miles to the rural road system. Up to now the federal government has participated in construction of primary and secondary highways, but has not helped out in the increasingly important projects of purely local roads.

PARKS—T. W. Morse, director of state parks, says patronage at the various recreational areas has broken all records this summer. Weekends particularly have loaded facilities to capacity and during the week special parties have used the picnic grounds and swimming pools to greater extent than ever before.

COLORED—Most noticeable increase in attendance has been re-

Somebody Told Me . . .

By L. J. (JACK) EDWARDS, JR.

You might call me a hobby snoper. The minute I discover that someone in Greenville has an interesting hobby I telephone them and ask them a million questions.

My target for last night was Jimmy Rouse, who operates the radiator shop between Moseley Electric Company and Curtis Perkins' on East Fifth Street. Jimmy's hobby is flying model airplanes, and he combines it with his business by selling airplane construction kits (they come pre-fabricated), fuel to fly the planes, engines, and parts.

Just about any sunny afternoon after six o'clock Jimmy can be found with two other model enthusiasts, Vernon Tyson (of Tyson's Florist) and Ray Wooten (a student at ETCO), flying his model planes at Guy Smith Stadium, the Third Street School ball diamond, or at the ETCO football field. Occasionally the modelists fly at the Greenville Airport, but usually the wind is too strong there for the models.

Jimmy's four planes vary in wing span from six feet to eighteen inches. The planes are held in tow by two thin but strong wires, which keep them flying in a circle. The gauge of the wire is .016 and its strength is approximately forty pounds. With this wire the "pilot" can control the up-and-down movement of the plane by pulling one wire to increase elevation, another to decrease it. Jimmy's largest plane, the six-footer, travels around a diameter of 140 feet, which means that the wires are seventy feet long.

The efficiency of model airplanes has been greatly increased recently by the development of a special type of spark plug known aren't cooperating.

Cats get into the news. So do elephants and monkeys. Even fish are splashing their way into the headlines, to say nothing of some publicity hungry birds that have been loitering hopefully around newspapermen's hangouts.

But dogs? Except for Pop, the wire-haired terrier, they've turned as camera-

Personal Social and
Mrs. Cherry Hostess To Book Club
 Stokes.—Mrs. W. E. Cherry was

hostess to members of the Jane Austen Book Club, Thursday, August 11.
 Following a brief business session, Mrs. Cherry, who was program chairman for the meeting, gave an interesting paper on the life of "Katherine the Great."
 Mrs. Cherry, assisted by Mrs. Gordon Clark, served lime ice punch, cakes, and nuts.
 Books were exchanged and the

meeting adjourned until September. Guests for the meeting were Mrs. J. B. Congleton, Jr. of Stokes, Mrs. Leonard Hildebrandt of Baltimore, Md., and Mrs. Herman Wellemann of Brooklyn, N. Y.
 A clay table unearthed in ruins 200 miles north of the site of Babylon and now preserved at Harvard University, is believed to be the oldest map in the world.

Nell Gray Dall and Edward G. Patrick United In Marriage
 Miss Nell Gray Dall of Grifton and Edward Grady Patrick were united in marriage in a private ceremony on Saturday evening, August 13, at 8 o'clock at the home of the Rev. and Mrs. Jack Rountree in Kinston. Only close friends and relatives were present. The Rev. Mr. Rountree and the Rt. Rev. Thomas H. Wright, D. D. of Wilmington, officiated at the double-ring service.
 Miss Jessie Fugh Quinerly as maid of honor wore a street-length dress of heavenly blue crepe and a corsage of red roses.
 The bridegroom had as his best man, Charles Lester Wade of Grifton.
 The bride wore for her marriage a street-length white sheer crepe dress with kelly green accessories and a corsage of yellow rose buds.
 Immediately after the ceremony the couple left for a brief wedding trip to unannounced points after which they will make their home for the present with the parents of the groom in Grifton.
 Mrs. Patrick, a daughter of the late Mr. and Mrs. Clifton Dall of Grifton, made her home with her maternal grandmother, Mrs. Charles Dudley, and is a graduate of the Grifton high school.
 Mr. Patrick is the son of Mr. and Mrs. Bruce Dearborn Patrick of Grifton and is a graduate of East Carolina Teachers College, Greenville, and is now employed by the Branch Bank and Trust Company in Kinston.

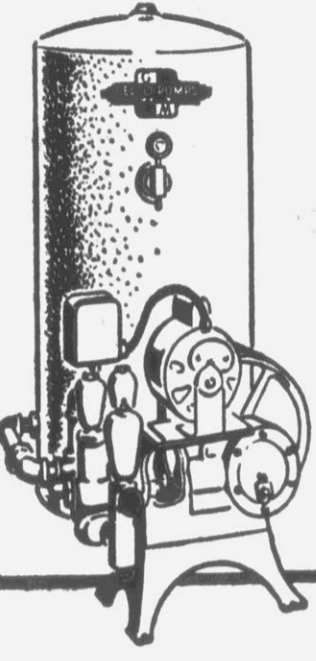

Civil Superior Court Next Week
 Forty cases are on the calendar for trial at the civil term of Superior Court to be held here next week.
 Seventeen of the actions are for divorces. Eight of them were instituted by men; nine by women. Nearly all of the divorce cases are based on the grounds of two years' separation.
 The 23 other civil cases range from collection of accounts to suits for damages, etc. The divorce cases are scheduled on the calendar for hearings at Monday's session of court.
 Judge R. Hunt Parker of Roanoke Rapids will preside over the civil term of Superior Court. He will convene court next Monday morning at 10 o'clock.

the Pitt County Negro Clinic as of June 30, this year. The announcement was made public with the showing of a copy of a letter of resignation dated May 26, 1949, to

George M. Jones, president of the operation at St. Agnes hospital in Raleigh and that she is recuperating nicely.
 The friends of Mrs. Julia Barnhill are glad to know that she has returned home after undergoing an

operation at St. Agnes hospital in Raleigh and that she is recuperating nicely.
 Mrs. Luvania Strong of Ayden is the guest of Mrs. Joan Nobles.

Three Pitt 4-H Members Chosen To Attend Camp

Three Pitt County 4-H Club members have been selected to attend the State Wildlife Camp at Camp Millstone August 22-27.
 These boys are Charles Hagan, Bud William Harris, from the Belvoir club, and Robert Lee Edwards Jr. from Chocod. The boys are being sponsored by the Pitt County Wildlife Club.
 They have been selected on the basis of project records and achievement in wildlife club work. While at camp they will receive training in nature study, birds, trees and wildlife practices in protection and conservation on the farm.
 A full week of fun and study is planned for the 4-H Club boys who are selected throughout the state.

Carmen Cavallaro To Play At College For Dance Friday Evening

Carmen Cavallaro, "Poet of the Piano" brings his music to East Carolina Teachers College on Friday, August 19, for an informal dance between the hours of 8:30 p. m. and 12:30 a. m.
 Cavallaro, one of the outstanding pianists of the modern music era, leads one of the finest musical groups in the business. They have scored at such well-known spots as the Waldorf-Astoria in New York; Ciro's in Hollywood; Hotel Syracuse; Hotel Statler, Detroit; Hotel Statler St. Louis; Cleveland Hotel, Cleveland; Ritz Carlton, Atlantic City; Carlton Hotel, Washington; Rainbow Room in New York City—in motion pictures and on records and radio.
 Carmen specializes in playing show tunes which he thinks are especially good, but which are comparatively unfamiliar to the public. He goes out of his way to popularize such songs as "The Most Beautiful Girl in the World" from the Rodgers and Hart musical "Jumbo," and "Just One of Those Things" by Cole Porter who is usually associated with "Night and Day" and "Begin the Beguine."

Upward Trend On Border Belt Is Broken Tuesday

Raleigh, N.C., Aug. 17—(AP)—An upward trend was broken when tobacco prices on the Carolinas flue-cured belt dropped an average of \$1 to \$3 yesterday.
 A few medium and lower quality leaf and lug grades, according to the U.S. and State Departments of Agriculture, dropped as much as \$4 to \$6.
 Sales volume was heavy and little change in quality of offerings was noted. However, the percentage of leaf continued to increase.
 Fine lemon leaf brought \$60, fine lemon smoking leaf \$63, good lemon cutters \$64, good lemon lugs \$60, and best thin nondescript \$13.50.

 You Are Always Welcome At
J. A. COLLINS & SON

Friday, August 19th, the Greenville Tobacco Market opens with the brightest prospects that they have had in several years. We rejoice in this optimism and hope that the farmers in Pitt County and vicinity will receive even more than anticipated.

We live and do business in an agricultural section and depend on each other for our living and extra savings. Therefore, our success depends on the success of our farmers, who have always been the backbone of our community.

We extend a welcome to all of you to make our store your headquarters when you come to Greenville, whether you buy or just come to look. But we know that if you anticipate buying furniture this season we can suit you in both style and price.

Look For The Big Mirror In Front Of Our Store.

WELCOME
Mr. FARMER...

The College View Cleaners and Laundry extend a hearty welcome to the farmers to come to Greenville this fall and make this tobacco center your trading center.

Our doors will be open to you and your family at all times, regardless of any money you may spend.

Our success depends on your success; therefore, you have our best wishes for a very prosperous season.

Southworth On Verge Of Breakdown, Takes Holiday

Boston, Aug. 17—(AP)—Tired out and worn to the edge of a nervous breakdown, Billy Southworth, manager of the National League champion Boston Braves, today was somewhere near his Sunbury, Ohio, home beginning a rest that will last through the remainder of the season.

"I think too much of Billy—we all do—to have him continue working the way he works when he obviously isn't fit," explained Tribal President Lou Perini.

"I suffered a similar breakdown myself about 15 years ago and if ever I saw a man on the verge of such a condition, Billy is that man. Asked directly if Southworth would be back as Braves manager next year, Perini replied: "Very, very definitely. He is the best manager in baseball and he is a fine fellow."

Johnny Cooney, in and out of the Boston National League system for more than 30 years, reluctantly took over the managerial post.

"I never wanted to be a manager and I don't now. I'm just taking over for Billy for the remaining six weeks of the season. I doubt if I'd do it for anyone else."

Southworth's big league teams never have been out of the first division.

He has been plagued all season with injuries. Jeff Heath just returned to action after suffering a broken ankle late last year.

Right-handed Pitcher Johnny Sain who won 24 and lost 15 last season when Southworth piloted the Braves to their first pennant in 34 years has been a said disappointment this year. His record shows eight victories and 13 losses.

Navy's Grid Mentor Is Already Less Certain

Annapolis, Md., Aug. 17—(AP)—With Navy's pre-season football training five days away Coach George Sauer already has begun to temper what little optimism he expressed last spring.

Back in April, after watching the Midshipmen wind up a six-week session of workouts, the coach said his crew looked "deeper and stronger" than the 1948 outfit.

So much deeper and stronger, he added, that perhaps this fall his boys might be using the platoon system.

But these high notes were missing in the song he sang yesterday when he announced 72 academy prospects will hoist anchor Monday on the pre-season training grid.

"We lost our three centers, three quarterbacks and Bill Hawkins, as well as key men in the other positions," Sauer grumbled.

Hawkins, you'll recall, scored two of Navy's three touchdowns in that 21-21 "upset of the year" tie with Army last year. The 200-pound Richmond, Va., fullback also was a bone-crushing tackler on defense.

In fact he was so good that, even though two of Sauer's 11 lettermen are fullbacks, he's still lacking an experienced one. The holdovers are Dave Bannerman, who spent most of his time on the bench watching Hawkins, and Roger Drew, primarily a placekicker.

Although still a Midshipman, Hawkins has used up his eligibility.

Bob Allison, a halfback on last season's unbeaten plebe team, has been converted by Sauer in hopes of plugging up that big cavity at fullback.

Los Angeles, Aug. 17—(AP)—Japanese swimmers returned to International competition with a terrific splash as Hironoshin Furushashi, the Japanese distance champion, and his teammate, Shiro Nashizume, both lowered the world's record for the 1500-meter free style yesterday.

Lanky Hashizume won the first heat of the 1500 preliminaries in 18:25.7. That was well under the 1938 world record of 18:58.8 by Japan's Tomikatsu Amano.

Then along came stocky Furushashi. Flailing smoothly like a non-stop churn, the "flying fish of Fujiyama" reeled off the 30 laps in 18:19, roughly equivalent to the dreamed-of four-minute mile in track.

Then 19-year-old Sumio Tanaka, "baby" of the six-man Japanese squad took the third heat in 19:19.3.

Iron-Man Stint By Young Hurler

Little Rock, Ark., Aug. 17—(AP)—Right-hander Frank Lucas, in an Iron Man role, pitched two three-hitters last night as the Little Rock Doughboys won the sixth regional American Legion Junior baseball playoffs by defeating Holsum-Fortier of New Orleans 10-2 and 10-1.

New Orleans moved into the finals with consecutive victories over Sunset high of Dallas and the Doughboys. Little Rock defeated Marks, Miss., then lost to New Orleans, but went to the finals by eliminating Dallas last night.

50 Candidates At Lenoir Rhyne

Hickory, N. C., Aug. 17—(AP)—Fifty candidates are expected by head coach Clarence Stasavich to report to Lenoir-Rhyne college's opening football practice here September 1.

Of that group 22 are lettermen, the largest number of veterans scheduled to report here since the gridiron sport was resumed in 1946.

Fails To Break Speedboat Mark

Coniston, Eng., Aug. 17—(AP)—Donald Campbell, son of the late Sir Malcolm Campbell, failed today in an attempt to break the water speed record held by his father.

Young Campbell wrecked the engine of his speedboat, Bluebird II, after achieving an average of 135.34, only 4.4 miles slower than Sir Malcolm's Mary, set here with the same boat in 1939.

He hit 138.46 on his first one mile run over Lake Coniston and got up to 132.35 on the return trip.

 Others rained out.

The game that was rained out in Kinston last night will be played as part of a double-header on the closing day of the season, September 5th. The rain also washed out two other games in the league: New Bern at Tarboro and Goldsboro at Roanoke Rapids which means that all these contests are scheduled for doubleheaders on closing day. Only one contest was played last night, that being Rocky Mount at Wilson, who handed the Tobs a 2-0 white-washing job. The game moved the Leafs to within one game of the league-leading Bears. Weather permitting, the Greensies are scheduled to play away from home again tonight when they meet the Rocky Mount Leafs in a twin bill. The first game will start in the fourth frame where rain halted proceedings on the night of August 5th with the Leafs having a four-run advantage when the game is resumed.

Including tonight's double-header there are a total of 22 more games remaining on the Greensies' schedule with ten more home games and 12 contests away from home. There are two more Sunday games here at home. The Greensies at the present time are solidly in fourth place with a record of 63 wins and 55 losses. They are three and one-half games out of top place, two and one-half games from second-place Rocky Mount and one full game back of third-place Kinston. The schedule for the remaining games shows that we play New Bern two more games; the Rocky Mount Leafs five more games (including tonight's double-header); the Kinston Eagles three more games including the twin bill on the season's closing date; the Goldsboro Goldbugs four more games; the Tarboro Athletics two more games; the Wilson Tobs two more games; and the Roanoke Rapids Jays four more games.

Now let's look at the record of the Greensies with these other clubs as they stand at the present time. Greenville has won seven games from Tarboro while losing eleven; they have defeated Rocky Mount twelve times while losing four; have defeated Roanoke Rapids twelve times while losing four; with the league-leading Bears they have won seven contests while dropping eleven; with the Kinston Eagles they have won seven and lost ten; with the Wilson Tobs they have won eleven while losing seven; and with the Goldsboro Goldbugs have won

The HOUSE on LILAC STREET

by FRED BAYARD

Chapter 10
As Derris disappeared through the door, Haid's manner underwent an abrupt change.

"O. K." He swung on Holway.

"What's the gas?"

The other straightened in obvious surprise, putting down the glass he had been holding.

"I don't think I follow you. Say, what's eating you, anyway?" as Haid quickly crossed the room and closed the door.

He came back across the room.

"This Martin girl—does she come over here very often? She a close friend of yours?"

Holway shook his head. "She's a friend of Cherry's. This is the first time she's been over in about a month. Why?"

Haid watched Holway's face closely. "That," he said slowly, "was the blond girl I told you about. The one on the bus."

If Holway was surprised he managed to cover it up well.

Thoughtfully he lit a cigarette. It was a minute or so before he spoke.

"You're quite sure?"

"Absolutely."

Holway was thoughtful. "I wonder what she's up to."

"How so?" Haid eyed him intently.

"What did she mean by that San Francisco business and all this talk about counterfeiting?"

"Maybe she saw something in the papers, although it could be just a shot in the dark, but it's getting close to home at that."

"Sure you didn't tell her anything? After all, from what you told me, things were sort of mixed up that night."

"Not as mixed up as all that. I'm not in the habit of shooting off my mouth—you should know that, Holway."

"Don't get sore," the latter placated him. "I was just thinking out loud."

"Well, don't," Haid made no effort now to hide his anger. "If you hadn't been so suspicious, things wouldn't have worked out the way they did. I didn't know those two tails were your men, though I might have guessed it."

He added bitterly, "Before you get them to shadow anybody else, you better make sure they take a few lessons. The only reason I didn't try to dodge them was because I wanted to see what they were up to. Then when they turned up at Harman's place, after I got away from the police, I began to get worried. For all I knew they might have tipped off the cops who made the raid. Right then and there I decided it was time to stop playing games. I saw a chance to get rid of them and I did. It wasn't my idea for the girl to take me to her place."

"You've got to hand it to her,"

IT'S THE FOUNDATION THAT COUNTS

In building a career, as in building a house, everything depends upon the foundation. Your college training is the foundation for your life's work. If you plan to seek success in the field of business, listen to the words of these business men . . .

W. W. Pondleton, personnel department, First and Merchants National Bank, Richmond—". . . we here at the First and Merchants National Bank have, during the course of years, employed many graduates of the Smithdeal-Massey Business College, and in each case have found them to be very satisfactory. . . . Nine members of our present staff received their training at Smithdeal-Massey."

L. S. Daniel, L. S. Daniel, Inc., Beathors, Richmond—". . . the business training I received at Smithdeal-Massey gave me a foundation that has been of great benefit to me throughout the years I have been in business. I am convinced that the training . . . Smithdeal-Massey gives is a good foundation for any person going into the business world . . ."

Leifon W. Pair, Jr., associate, C. S. Urvey & Co., registered accountants, Emporia, Va.—". . . I firmly believe Smithdeal-Massey Business College to be one of the finest in the South. I studied accounting at Smithdeal-Massey and in my business I find the instruction which I received to be of invaluable service to me."

In the 82 years of its existence Smithdeal-Massey Business College has trained 40,000 students and is recognized by business men as a dependable source of competent employees. The school now occupies new and modern quarters in the heart of downtown Richmond.
