Armed Services Economy Action Nips Lawmakers

Congressmen Caught In Squeeze As Constituents Complain Against Cutbacks

Washington, Aug. 25 — (AP) — Members of Congress found themselves squeezed today between a military economy drive many of them had demanded and the outraged cries of constituents affected by the proposed cuts.

A typical example was offered by a western House member. He said he has been deluged up to now with letters urging him to vote for cuts in appropriations. Now, he said, the same people are complaining bitterly against military cutbacks in his district.

The predicament resulted from Secretary of Defense Johnson's announcement yesterday that the Armed Forces plan to fire 135,000 of their 905,000 civilian employees, while returning 12,073 reserve officers from active to inactive status.

That program aims at a \$200,000,000 saving during the fiscal year which started July 1, and savings of \$500,000,000 a year thereafter. It would help bring next year's military budget down to \$13,400,000,000. The 1949 budget totals \$14,900,000,000.

Johnson said the cuts are those proposed by the three armed services themselves. They will result in the closing of about 50 defense installations and the slimming down of a number of others.

Congressmen whose home districts are involved got the lowdown from Johnson yesterday. Many of them complained bitterly. Others approved.

"It depends," said the western lawmaker wryly, "on whose ox is being gored."

Rep. Taber (R-N.Y.), a leader of the House economy bloc, said his only complaint is that the cuts aren't larger.

Rep. Rankin (D-Miss.) called Air Force reductions "absolutely unjustified" and said the military is following the pre-war Harbor policy of too much cutting down.

Rep. Miller (R-Neb.) backed the reduction proposal "100 per cent" and said there should be more cutting in other agencies.

Says Price Drop Is Insufficient

New York, Aug. 25 — (AP) — A former government economist, testifying for the CIO Steelworkers Union, declared today that recent price declines have been too insignificant to benefit employees.

Robert R. Nathan, former War Production Board official and now head of an economic research organization in Washington, appeared as the fourth union rebuttal witness before President Truman's fact-finding board in the steel industry dispute.

Tax Collections Decline In July

Washington, Aug. 25 — (AP) — Federal tax collections in July dropped \$107,367,000 below July 1948 when the nation's economic boom was at its height.

The Internal Revenue Bureau said collections totaled \$2,252,606,000 last month, which marked the start of fiscal 1950.

A decline of more than eight per cent in individual income taxes was the major factor in the overall drop below last year. These tax payments dropped \$82,078,000 to a total of \$995,380,000.

Not A Good 'Risk'

Tito's Defiance Places Moscow In Position Of Having To Smash Him, One Way Or Another; Imbroglio Of World Importance; Sovereignty Plays Role In Fight

By DEWITT MACKENZIE

Yugoslavia's hard-boiled Communist dictator, Marshal Tito, probably would be the first to admit that he isn't a good insurance risk in these perilous days of his political quarrel with Russia.

Tito's defiance has placed Moscow in the position of having to smash him—in one way or another—or suffer perhaps irreparable damage to its prestige abroad. It remains to be seen whether the Muscovites will take the job over themselves or whether they will delegate it to Yugoslav Bolsheviks who remain loyal to the Kremlin. The Marshal off Tuesday to negotiate "all disputed questions" between Yugoslavia and Russia is still unanswered.

Moscow's temper is made clear by its press, which continues to blast Tito and his regime. The Soviet army newspaper Red Star, for instance, yesterday published a cartoon picturing the Yugoslav Generalissimo as a Fascist dog. Its paws dripping with blood, begging for dollars from a pot-bellied "Wall Street."

That's a nasty dose of medicine to try to thrust down the throat of a man who not so long ago was hailed as a well-meaning power that was in Moscow, and frequently conferred in the Kremlin. Tito has been one of the outstanding figures of Communism.

Since this Tito imbroglio is of

world importance, it's well that we understand its genesis. It isn't particularly complicated, but it does present a curious situation. It is like this:

The Moscow brand of Communism is "International Communism"—the opposite of Nationalism. Communist States like Yugoslavia, Czechoslovakia and so on, must surrender their sovereignty to the Moscow Kremlin and follow the lines of policy laid down by the Kremlin.

To many of the satellite states this surrender of Sovereignty has been abhorrent, but most of them have accepted it in the face of strong-arm methods. However, the independent and fiery people of Yugoslavia, under leadership of Tito, have refused to abandon Nationalism and surrender their Sovereignty. They subscribe to Nationalization of industry and many other Red tenets, but refuse to accept absolute dictation from Moscow, thus they have in effect created their own type of Communism.

This defection from the Moscow line has created a dangerous situation for the Bolshevik world revolution to establish International Communism. Yugoslavia's defiant disobedience affords encouragement to other satellites to rebel, and strengthens the determination of

They're Spending A Week At 4-H Camp

This happy group of Pitt County 4-H boys and girls stopped long enough for a quick picture Monday morning before they piled into the special bus which took them to the 4-H camp on Roanoke Island where they are spending the week. The 35 Pitt county 4-Hers who are attending the camp this week were accompanied by Assistant County Agent C. J. Goodman and Assistant Home Agent Miss Marjorie Shearn. (Staff photo by Roy Hardee.)

County Schools Set To Open Term Beginning August 30

Forty-Five Schools In System Have Record 378 Teachers; No One-Teacher Schools In Pitt This Year

Pitt county schools are ready for the opening of the 1949-50 season which will begin Tuesday morning August 30. Superintendent D. H. Conley said today.

The 18 white schools and 27 Negro schools of the county educational system will have a total of 378 teachers this year—the largest number of teachers in the history of the county school system.

The county superintendent said the increase in the number of teachers in the county school system is due to the decrease in teacher load which was authorized by the state. Only a slight increase in the number of students has been shown in the county school system.

County schools will begin at 9 o'clock Tuesday morning, and Conley said most schools in the system probably will operate on a short schedule the opening day. Last minute preparations for the opening of the county schools were made this afternoon at a meeting of the principals of the schools in the county system.

Another milestone of progress will be passed when the county school system begins operation Tuesday, because for the first time since the system began, there will be no one-teacher schools in the county.

The last one-teacher school in the county system was done away with at the end of the last school year through the consolidation program which had been carried out in the county system for the past several years. In 1930 there were 20 of the one-teacher schools in the county, but since that time all of them have been eliminated.

HEADQUARTERS MOVE

Raleigh, N. C., Aug. 25 — (AP) — The highway Patrol announced yesterday that it soon will transfer one of its district headquarters from Whiteville to Lumberton.

Truman Invites South's Party Bolters Join Up

But Welcome Mat Carries Demand That Those Who Cross It Get In Step With 1948 Democratic Platform

Washington, Aug. 25 — (AP) — President Truman put out the welcome mat for southern party bolters today, but demanded that those who cross it get in step with the 1948 Democratic platform.

He delivered the invitation — strictly on his own terms — at a rousing dinner of the Democratic National Committee a few hours after it had read five southern States' Rights members from the high command.

And, leaving the door open to non-Truman Democrats in congress to fall in line with the Truman program, the committee exempted them from the party purge.

The fires of revolt, however, already were burning anew. States' rights announced they are opening Washington headquarters to spread the flames. The whole thing was sparked by southern dislike for Mr. Truman's civil rights program.

It was Truman the campaigner swinging free style in the manner of his "give 'em hell" stumping of last year—who proclaimed his party of today "a national party, and not a sectional party any more."

"The tail no longer wags the dog," he said.

He went on to say that he won in 1948 without New York, "without the industrial east and without the solid south," and that he was "prouder of that than anything that has happened to me."

Then came the invitation: "And that doesn't mean that we are not inviting the industrial east and the solid south and all the rest of the country to join the party of the people, and help the country go forward. That is exactly what we are going to accomplish in the next two years."

Two Hurricanes Head Northward, Tension Eases

Miami, Fla., Aug. 25 — (AP) — Tension eased along the eastern seaboard today as two hurricanes continued northward in the open Atlantic.

One brushed Cape Hatteras, passing about 20 miles offshore, and headed into the open Atlantic while the second also curved northward to by-pass the Bahamas.

The older storm, known as "Harry's Hurricane" because it coincided with President Truman's visit to Miami Monday brought high seas to the North Carolina coast and a boatman drowned there when he attempted to retrieve a loose skiff.

The other disturbance, which was reported headed toward the south-east Florida coast, curved northward and passed north of Turks Island, eastern outpost of the Bahamas.

The weather bureau here said today that no surface ship observations near the center of the storm had been received.

126 Graduates

East Carolina Teachers College winds up its summer term tomorrow with the awarding of degrees to 126 graduates.

Dr. Clyde A. Erwin, state superintendent of public instruction, will deliver the summer commencement address.

'Rump' Sales Of Tobacco Assailed By Farm Bureau

Executive Committee Condemns Sales Wherein Buyer Representation Poor

So-called "rump" tobacco sales—sales in which buyer representation does not meet the standards set up by the warehouse association and endorsed by the state farm bureau—were condemned last night by the executive committee of the North Carolina Farm Bureau in a meeting in Raleigh.

Haywood Dail of Greenville, member of the five-man executive committee of the North Carolina Farm Bureau, said the group last night "unanimously passed" a resolution asking tobacco warehouses to stop sales by extra sets of buyers until full sets of buyers as defined by the warehouse association are secured for the sales.

The resolution also urged the U.S. Department of Agriculture to prohibit its graders from grading tobacco for a sale unless it is to be bid on by a prescribed adequate set of buyers.

Also present at the meeting were members of the tobacco committee of the farm bureau and the executive committee of the Grange. The meeting was presided over by State Farm Bureau President, A. C. Edwards of Hookerton. Carl T. Hicks of Walsenburg, chairman of the bureau's tobacco group, called the meeting.

Hicks and Grange Tobacco Chairman T. W. Allen of Creedmoor emphasized that there was no criticism of any old or new markets. They said additional buyers were welcome as long as sales "are competitive enough to give proper support to the markets so the farmers will be protected."

The resolution endorsed the definition of an adequate set of buyers adopted by the board of governors of the Bright Belt Warehouse Association last July 20. The warehouse board defined an adequate set as:

1. Buyers for each of the three major domestic tobacco companies
2. Buyers for at least three other recognized companies purchasing tobacco for export or for export and domestic consumption.

The Bright Belt Association was asked to "exercise its best efforts to see that its members abide by its regulations, condemning 'rump' sales."

Edwards said extra sets of buyers have been operating on rump sales in Winston, Wilson, Goldsboro, Rocky Mount and Smithfield.

Some tobacco farmers, he said, have been losing from two to five cents a pound "day after day" at the rump sales. "Our sole interest," Edwards declared, "is to see that the farmer's interest is protected."

Put Limits On 'Excess' Arms

Washington, Aug. 25 — (AP) — Two Senate committees voted today to put a \$450,000,000 limit on the amount of "excess" arms that may be sent to "friendly nations" under President Truman's military aid program.

The combined committees on foreign relations and armed services adopted an amendment by Senator Russell (D-Ore.) writing this ceiling into the arms aid bill.

CRITICAL OF RESULTS

Strasbourg, France, Aug. 25 — (AP) — Criticism that Marshall plan aid is producing little permanent effect on Europe's economy marked the wind-up of the European consultative assembly economy debate yesterday.

Cripps Warns Of Budget Cut For British Govm't

London, Aug. 25 — (AP) — Sir Stafford Cripps told department heads of Britain's Labor government today to get ready for at least a five per cent slash in next year's national budget. Such a cut would bring savings of 150,000,000 lbs. (\$600,000,000).

The chancellor of the exchequer passed the word around barely two weeks before the scheduled start of Britain's dollar crisis huddle with U.S. officials in Washington Sept. 7. A government informant, who told newsmen of the move, stressed that it was not brought on by American pressure. But other informed sources said Washington has been informed in advance of the decision to reduce spending at least an overall five per cent compared with the budget for the 1949-50 fiscal year which began April 1. The current budget totals 3,000,000,000 lbs. (\$12,000,000,000).

The Labor government has been under severe fire from some American political leaders and newspapers who have accused it of inefficient administration and spending too much on social services. Another government informant said yesterday Britain might have to revise drastically its costly cradle-to-grave national health service if the Washington dollar talks fail.

No actual dollars are spent on Britain's social services, but their cost helps keep taxes high. High taxes increase production costs. Production costs affect the price of export goods which Britain must sell in America to earn dollars for raw materials and food imports.

Stages 'Open House' In Wife's Red Brick Tomb

St. Petersburg, Fla., Aug. 25 — (AP) — A 54-year-old postman who lit up his wife's casket with a neon sign held open house last night in the red brick mausoleum he outfitted as a living room.

Roy Acklin was host to several hundred persons who dropped by for a look or a chat.

Acklin himself was just as surprised with all the attention he received as the curious visitors were with the homey atmosphere of his wife's tomb.

The tomb is about 15 feet square and is furnished with an electric fan, ash trays, chairs, wall ornaments, potted plants, and a guest book.

Back of the casket a blue neon sign spells out his wife's name—Beulah. In the corner, fluorescent red and yellow lights burn at night.

The light bill runs about \$6 a month, Acklin reported.

Acklin holds open house every Wednesday night, and people always come from every which way to listen to the mail carrier explain why the mausoleum was built.

It was built, he tells his visitors, to fulfill his wife's desire not to be buried underground.

Acklin always seems surprised at the number of his Wednesday night visitors—1,800 have signed the guest book since his wife's body was placed there last March.

Vaughan Note Turns Up On Maragon's Perfume Flight

Indian Rope Trick?

No, it isn't the famed Indian rope trick, but a machine age variation. Joseph Morin, Jr., looks formal in a box his father put on top of a "bewitched" chain at their home in Fitchburg, Mass. The "bewitching" consisted of welding the links together on their inner surfaces. The slight wave in the chain was added by Morin to further puzzle passersby. (AP Wirephoto.)

Truman's Aide Wrote State Dept. That President Personally Interested In European Trip For Representative Of Perfume Company

Washington, Aug. 25 — (AP) — Senate investigators today turned up a memo from Maj. Gen. Harry H. Vaughan to State Department authorities saying President Truman was "personally interested" in a prospective European trip for John Maragon in August 1948.

Agents of a Senate investigating subcommittee introduced into its records a memorandum by Vaughan, dated Aug. 3, 1945, which said that Maragon was interested in visiting Italy for the Albert H. Verley Perfume Co. of Chicago.

The memorandum contained this pencilled note in the lower left hand corner:

"Col. Vaughan informed Mrs. Shipley (Mrs. Ruth E. Shipley, chief of State Department Passport Bureau) that the President is personally interested in Maragon's trip to Italy—Col. S. agrees that he is 1 D."

It was signed JFS 8-28-45.

The military permit procedure in effect at the time listed as "1 D" persons "whose travel is authorized by the President."

The senators, digging into the question of whether there has been improper influence in the conduct of government business, have wanted to know how Maragon and other agents of the perfume company managed to get passage on military transport planes to Europe in 1948. Committee agents also dug into the record documentary evidence to the effect that:

1. Vaughan, the President's Army aide, gave a letter of introduction to David Bennett, president of the Albert Verley Perfume Co., and an associate, to make a trip to Europe in July 1948. The trip was made in an Army Air Transport plane.

2. Three other representatives of the company, including John P. Maragon, Washington man-about-town who formerly had entree to the White House, made a trip to Europe in July 1948. This trip also was made in an ATC plane.

It was on the return from the July trip that Maragon got into difficulties with customs agents who found he had valuable perfumes disguised as champagne for the White House.

The committee was informed today that Maragon settled that case for \$1,800—including \$1,145 assessed as a penalty.

Francis D. Flanagan, assistant counsel, introduced the various documents, including the State Department memorandum. Flanagan said "JFS" was a "Mr. Scanlon," assistant to Mrs. Shipley.

Senator Mundt (R-MD) commented that he thinks President Truman "probably" had no personal knowledge of what Vaughan was doing.

Mundt said he wanted to get the affair straight. He asked Flanagan whether Vaughan had interfered with Mrs. Shipley—"with or without the knowledge of the President, and in my opinion probably without the knowledge of the President"—to enable Maragon to visit Italy under a classification signifying that his trip had been approved by the President.

Flanagan: "That's correct."

Senator McCarthy (R-Wis.), when Flanagan told of the ATC trips, observed that the trips were made at a time when space on ATC was "at a premium because of the very great number of hospital cases that had to be brought back to this

ECA Says Member Nations' Dollar Earnings Only One-Fifth Of That Required For Western Hemisphere Imports

Washington, Aug. 25 — (AP) — The Economic Cooperation Administration (ECA) today reported a slackening in the rate of European recovery.

In a sober report on its first year's operations, the agency said the dollars earned by the nations of Europe during the period were enough to pay for only one-fifth of their imports from the Western Hemisphere.

"This was the critical problem which the participating nations faced as the European Recovery Program (ERP) entered its second year," the ECA said.

However, the report added, the program's "ultimate objective of a healthy economy independent of extraordinary outside assistance" remains as a difficult but attainable goal.

The report noted that Congress had set up three aims when it authorized the European recovery project: boosting production, stabilizing currencies and stimulating trade among the participating nations.

"In each of these fields," ECA said, "the nations of Europe made substantial progress in the first 12 months of the European Recovery Program."

"As the year drew to a close, however, there were indications of a slackening in the rate of progress,

(Continued on page twelve)

Four Farm Programs

They Are Outgrowth Of First Farm Plan Which Congress Passed In 1933; Purpose Of Each Is The Same; Price Guarantees; What Each Farm Plan Proposes

By JAMES MARLOW

Washington, Aug. 25 — (AP) — Four farm plans are being talked about in Congress now: the Gore plan, Anderson and Brannan plans.

(They're named after Rep. Gore (D-Tenn.), Senator Aiken (R-Vt.) Senator Anderson (D-NM) and Secretary of Agriculture Brannan.)

These four are an outgrowth of the first farm plan which Congress passed in 1933.

All the plans from that time to this, although differing in details, have had one purpose: To help farmers have a good income by keeping farm prices up even if it means government help to the farmers.

When it passed the first plan in 1933—called the Agricultural Adjustment Act, the "triple A" program—Congress said in effect to the farmers:

"We want to see you get for your crops enough money to enable you to buy the kind of things you were able to buy in some previous period when farmers were prosperous. As a yardstick, we'll take the period of 1909-14."

"In other words, we want your purchasing power now (that was 1933) to be on a par with your purchasing power in 1909-14. We will call it parity with that period."

"We can't guarantee you full parity. We'll say that if you can

get a certain price for your crops, that will give you parity. But— "If prices fall to somewhere between 52 and 75 per cent of parity, the government will step in and buy your crops or make you loans on them so you can hold them till the prices go up."

"Which means, the government puts a floor under your crop prices and won't let them fall below 52 to 75 per cent of parity."

Congress decided it would give this kind of guarantee on six basic crops: corn, cotton, wheat, tobacco, rice, peanuts. Remember them. They're important in this farmers' law.

The 1933 law was revised in 1938 and again in 1941. That revision in 1941—called the Steagall amendment, after Rep. Steagall (D-Ala.)—was an important one.

Instead of giving farmers a guarantee of only 52 to 75 per cent of parity, as had been the case since 1933, it raised the guarantee to 90 per cent on the six basic crops, and added others.

The Steagall amendment stayed on the books until 1948. In that year Congress did two things:

1. It revised the Steagall amendment law a little and said this should remain law until Dec. 31, 1949.

2. Thereafter, Congress said

THE DAILY REFLECTOR

August 25, 1909

George Howard returned to Tarboro Wednesday evening. Miss Olive Morrill of Snow Hill, is visiting relatives here. Miss Janie Kittrell of Winterville is visiting Miss Ward Moore.

Mrs. W. J. Turnage and children left Wednesday evening for Farmville.

We are glad to see Mr. Carlos Harris out again after an illness of several days.

Mrs. W. S. Moye went to Farmville this morning.

Misses Eliza and Mary Moore, of Greensboro, who were visiting Miss Ward Moore, left this morning.

Plan Repairs Of City Buildings

The building committee of the Greenville board of aldermen met yesterday with Mayor W. S. Stafford to make plans and recommendations in respect to needed repairs to the city hall and fire station. Mayor Stafford said this morning the work to be done on the two buildings will be submitted to contractors in the near future for bids on the repairs. A total of \$5,000 was set up in the budget for the current fiscal year to be used for repairs and maintenance to the two buildings.

New Police Cars Due Next Week

Greenville's city government was notified today that two new police cars which were purchased recently through the John Flanagan Busby company are to be received by the city within the next week.

A new three-wheel motorcycle purchased by the city for the police department has been received and put into operation on the city streets. Mayor W. S. Stafford said this morning a radio for the motorcycle is on order and will be installed in the vehicle as soon as it is received.

All's Quiet With Law Enforcement Officers In Pitt

"All's quiet on the law enforcement front," Greenville police, the sheriff's office and the state highway patrol reported today. Very few arrests have been made recently in the county.

Greenville police reported only two arrests during the 24-hour period ending at 8 a.m. today. These warrants were sworn out by two motorists involved in a collision. The charges against both is careless and reckless driving.

SOCIAL CALENDAR

THURSDAY

6:00 p. m.—Buffet supper at the Country Club for club members and their families.

8:00 p. m.—V. F. W. Auxiliary meets in the club house.

8:00 p. m.—Rehearsal for Ussell-Gray wedding in Eighth Street Christian church.

9:00 p. m.—Mrs. George Harrison, Jr., will entertain the Ussell-Gray wedding party at a cake cutting at the home of Mr. and Mrs. Godfrey Oakley.

FRIDAY

4:00 p. m.—The wedding of Miss Lucile Gray and Mr. Raymond Ussell will take place in the Eighth Street Christian church.

5:00 p. m.—Mrs. Lucy Gray will entertain at a reception at the Woman's Club honoring the Ussell-Gray wedding party.

6:30 p. m.—Kiwanis Club.

7:15 p. m.—Exchange club meets at the Proctor hotel.

8:00 p. m. to 11:00 p. m.—Dance at Teen-Age club. Free refreshments.

Street Dept. To Change Garbage Collection Route

Superintendent of Streets C. K. Beatty said today a new route and schedule for garbage collections are being worked out by the city street department to be put into effect during the winter months.

Beatty said the new schedule will be designed to give better garbage collection service to citizens in both residential and business sections of the city.

A new garbage truck purchased by the Board of Aldermen last month has been received by the street department, which at the present time is operating eight garbage trucks daily on the collection routes over the city.

109 Shopping Days Until Christmas

There are only 109 more shopping days until Christmas. Monday, September 5, is Labor Day. Halloween is October 30. Thanksgiving Day is November 24, and Christmas comes on a Sunday this year and the following Monday will be observed as a holiday.

Firemen Called When Auto Caught Fire

The Greenville Fire Department was called to the business section of Greenville this morning at 10:13 when a car caught fire, firemen reported.

Three trucks answered the call which came from box 23 at Five Points. There was no damage to the car, firemen said.

DANGER OF TAR RIVER FLOODING HAS PASSED

Tar River, which rose steadily for several days following heavy rains and reached the 7.14 foot level, was falling today, Mrs. B. T. Clark, local observer for the U. S. Department of Commerce Weather Bureau, Raleigh, reported. The river had receded to the 6 1-4-foot level this morning. Normal level of the stream is from three to five feet.

New Band Instructor At High School Announced

James E. Rodgers has been selected as the band and orchestra instructor for the Greenville city schools for the coming year, June 8, Rose, superintendent of city schools, announced today.

Mr. Rodgers has started work with the Greenville High School band which will take part in the Farmers' Day celebration parade to be held in Greenville September 3.

Recently Rodgers met with the band officers to map out plans for the coming year's work, Rose said.

The new band leader is a native of Geneva, Alabama, and a graduate of the University of North Carolina. He was recommended for the position of band director by Mr. Slocum, head of the music department at University of North Carolina.

During his stay in the Army Mr. Rodgers worked with various army musical groups for a period of three years.

In addition to directing the high school band and orchestra, Rodgers will also instruct younger children in the three elementary schools in band and orchestra.

JAMES E. RODGERS

Baptist Student Union Meetings Today And Friday

Dr. Leo W. Jenkins, dean of East Carolina Teachers' College, will be the speaker at the "fall planning conference" of the Baptist Student Union of ECTC at the Baptist Student Center, 404 East Eighth street, at 6:30 this evening.

Rev. Richard E. Hardaway, pastor of Memorial Baptist church, will conduct the evening devotional. Faye Howard will lead the preliminary devotional. Amaylis Long will preside. A picnic supper will be

served. The theme of the conference is "Pressing Forward With Christ."

Friday morning at 9 o'clock, Rev. James C. Cammack, pastor of the First Baptist Church, Smithfield, will make an inspirational talk. Miriam Johnson will conduct the devotional. Joe Mooring will be accompanist for the singing. Frances Wilson will preside over a group discussion, "Pressing Forward In Enrollment," followed by discussion of suggestion about Sunday school classes by Frances Everett, Mrs. Stieg and Doris Edwards.

Following a recess, Vance Lockamy will discuss finances and Lib Glasgow, visual aids. Bill Benham will discuss the Baptist Student magazine and publicity.

Friday afternoon at 2 o'clock, Jeanne Ramsey of Kinston and a student at Mars Hill College, will speak on "Pressing Forward With Christ." After special announcements and a brief business session, Rev. C. W. Basemore, missionary for the Roanoke Baptist Association, will make an inspirational talk.

A group discussion, "Pressing Forward In Our Devotional and Program Life," will follow. Doris Edwards will preside at the vesper services. Knott Braxton will preside over the Baptist Training

Union session. Frank Toothman will preside over the Baptist Youth Fellowship. Helen Duncan will preside over the "Mission Forum." Miriam Johnson will preside over the extension work period. A weiner roast will follow this session.

The fall planning conference will conclude Friday evening at 6:30 with an inspirational talk by Gloria H. Blanton, Baptist student secretary. Pat Sutton will lead a discussion of "Pressing Forward In Our Social and Recreational Activities." Albert Edwards will lead the discussion on "Ideas for Host and Hostess." Doris Broadhurst will close the meeting with prayer.

East Carolina Teachers College students are invited to attend the meetings.

PIANOS

We have a complete stock of new and used pianos, all nationally advertised makes. We invite you to come to Kinston, see and play them yourself.

Greenville Elks Send Boys To Summer Camp

**EVERY MONDAY IS
ELK'S Day**

**FREE SWIMMING TO
ALL CHILDREN**

The accompanying photograph shows the 14 worthy Greenville boys of Greenville Lodge No. 1645 Benevolent and Protective Order of Elks, sent to the North Carolina Elks' Camp near Hendersonville in the mountains, this summer. The boys spent two weeks there and received an intensive course of training in the various crafts.

Some of the youngsters made outstanding records in contests while in camp.

The Greenville and Goldsboro Elks' lodges sent boys to the camp. Heber B. Tripp, chairman of the Boys' Committee for the Elks, started the boys on their journey in buses from here to Goldsboro, where the lodge there added a delegation of boys for the summer camp.

The Greenville and Goldsboro youngsters made the trip without mishap and benefited considerably by the training they received in camp, those in charge reported.

Chairman Tripp entertained the boys at a watermelon feast at Co-tanche Street playground Monday afternoon and provided a swim in the municipal pool. A Daily Reflector staff photographer snapped a picture of the youngsters with city Alderman Heber Tripp, playground committee chairman, on the left, and Mayor W. B. Stafford on the right.

Boys in the group, not identified by positions, are: Ola Forbes, Jr., Tom Forbes, Alvin Jolly, Dennis Bullock, Carl Kinlon, McDonald Nichols, George Ippock, Billy Adams, William Eason, Harold Edwards, Albert Crawford, Carl Everett, Kenneth Ward and Tommie Cannon.

The Greenville Elks Lodge made arrangements with the municipal swimming pool early in the summer for all boys and girls in the city under 15 years old to enjoy a swim free on Mondays.

Erskine Duff, chairman of that committee, reports that more than 1,000 youngsters have been free guests. The picture was snapped in front of the Elks' sign inviting children to enjoy a free swim each Monday.

In Shakespeare's plays, iron is mentioned 48 times and steel 64 times.

don't DO that!

of Yugoslavia as "our enemy."

Rude Pravo, the communist party organ, reported workers in the Red-led trade unions were passing resolutions which stated: "Whoever is the enemy of the Soviet Union also is our enemy."

The resolutions pointed out that the Kremlin, stepping up the bitter propaganda war against the Tito regime, had called Tito an enemy of the Soviet Union.

The trade union daily, Prace, said the recent deal for Tito's government to obtain an American steel mill is "evidence that he now is a trusted member of the imperialist bloc because this mill will be used for armament production."

Sinks Into Grave During Funeral

Athol, Mass., Aug. 25—(AP)—Reading a funeral service, the Rev. Gordon O. Capen of Orange Methodist Church had a sinking feeling.

He said he tried to keep his voice level, however, so that his predicament would not disturb the solemnity.

He succeeded. It wasn't until the service was over that mourners noticed the clergyman had sunk to his knees in earth.

Part of a grave adjoining the new one had caved in.

Found \$25,000 In Center Of Road

Wareham, Mass., Aug. 25—(AP)—An odd looking package in the center of a highway attracted the attention of David Lumiansky, New Bedford insurance broker and prize fight matchmaker.

He stopped his car and picked it

up. It contained \$25,000 in bills of various denominations.

Lumiansky reported to Police Chief Chester Churchill that he found the money.

If no one claims it in a year, it's all Lumiansky's, the chief said.

Medina Denies Mistrial Motion

New York, Aug. 25—(AP)—Federal Judge Harold R. Medina today denied the motion by defense counsel for a mistrial in the seven-months old communist conspiracy trial.

Judge Medina also denied the motion that Russell Janney, a juror, be disqualified and that an inquiry be made as to his possible "influence" on other jurors.

Strength FOR THE DAY
WE DON'T KNOW ENOUGH TO JUDGE

Jesus said, "Judge not that ye be not judged." Why should we not judge others? Why did the Master take such a strong position with reference to harsh judgments and forbid his disciples under any circumstances to indulge in them?

Because no one is wise enough to pass judgment on another. No one knows enough about all the factors involved to condemn his brother for some wrong act. A de-generate commits some unspeakable crime, and we join our voices with those who cry out for prompt justice. But why is that man a de-generate? Perhaps it is his fault, perhaps it isn't. This is an extreme case, of course, but it demonstrates the principle that if we do not know enough about the facts to allocate moral responsibility accurately, certainly we do not know enough to judge people in the case of lesser evils.

This does not mean that we should not have our own strong convictions, and certainly it does not mean that we should be easy on criminals, for we should not. But it does mean that we should not try to arrogate to ourselves the right to judge the motives of any evil doer, because we know too little about all the factors entering into his misdeeds to be able to put the blame precisely where it belongs. Given the same background, heredity, or environment, we, in a similar situation, might do even worse.

TIME WILL TELL

The Democratic National Committee yesterday officially ousted States Rights members from Alabama, Louisiana, Mississippi and South Carolina from the ranks of the Democratic party.

Just what effect this climax to the long family row will have upon the Democratic party will be told only in the outcome of future elections.

Six years ago on the floor of the United States Senate, the late Senator Josiah Bailey of North Carolina issued the challenge for another party in the South when he told Democratic party leaders, "We thought, at one time, we had our rights within our party. We begin to be a little skeptical of late. I make no threats, but carry that far enough."

Several Texas party leaders attempted to follow Bailey's suggestion in 1944, but were quickly purged from the Democratic party. It was only last summer that four states took up the movement to begin another political organization in the South.

Yesterday's action by the Democratic National Committee may be cast aside by some observers as of little or no importance, but for Democrats and States Righters alike, it is an action of great importance.

It will result in the death of the States Rights party as has been the case of third parties through the years, or it will be the beginning of the crumble of the Democratic party's hold on the South, and the emergence of a strong third party which in years to come may hold the balance of power in United States politics.

Around Capitol Square

TOBACCO—The most important problem in eastern North Carolina right now is that of the most satisfactory way to market the tobacco crop. Dozens of conferences have been held by warehousemen and growers with government officials and manufacturing companies and among themselves. Meetings of special farm groups and organizations have been called to discuss ways and means of improving conditions admittedly far from perfect.

BIG BUSINESS—Tobacco is big business for North Carolina, and whether or not that business is profitable to growers depends largely upon marketing systems. The rapid growth of the warehouse phase is shown by the fact that last year 281 warehouses operated in the flue-cured markets of North Carolina, and farmers paid warehousemen selling commissions aggregating \$11,093,000—an average of \$39.478 for each warehouse. In 1933 there were only 146 warehouses and in 1943 only 187. In other words, the number of auction sale tobacco houses increased almost 50 percent in the past five years, nearly doubled in fifteen years.

CONCENTRATION—Six new markets have been recognized in the state within the five year period—Clinton, Dunn, Ellerbe, Fayetteville, Greensboro and Windsor. That means most of the new warehouses have been built on markets already regarded as "big," thus emphasizing the concentration rather than distribution of selling facilities provided the farmers. Meantime, the production center has moved and in some areas long established markets are barely self-supporting, while demand grows for new border-line markets in sections coming into heavy production. Long time operators of profitable businesses naturally do not like to see their investments depreciate, and there comes into the picture a combination of selfish business, new promotions and politics.

HISTORY—Sketchy review of tobacco marketing history for the past two decades shows that manufacturing companies, warehousemen and farmer organizations have all played politics inside their own groups, as well as with the government since beginning of the production-marketing quota system.

Somebody Told Me ...
By J. J. (JACK) EDWARDS, JR.

This is the story of one of those men behind the scenes that many of you never heard of. His name is Robert Bernard Considine, and his profession is ghost writing. While the heroes are still page-one news, Considine writes autobiographies for them and, takes one-third of the "author's" royalties as his cut.

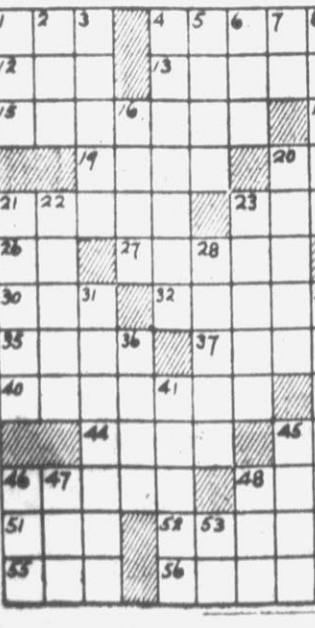

His magazine series entitled "General Walnwright's Story" was in print before Walnwright was out of the hospital. While Ted sixteen years ago. Prior to 1933 the big companies ran the show. They decided where markets would be established, fixed opening dates, determined grades and prices. Then came production control and government grading at request of the farmers. For several years a joint committee of manufacturing buyers, warehousemen and growers handled questions involved in assignment of buyers, markets and opening dates of markets.

Last year the companies withdrew upon warning by attorneys they might be violating anti-trust laws. Meantime, an overall bright leaf belts warehouse association had been formed embracing operators from Florida to Virginia, and last year this group took over responsibility for recognizing and opening markets, in conjunction with the tobacco branch in the federal department of agriculture which assigned government graders.

WAREHOUSEMEN—Transition from almost absolute control by the companies to dominance by the warehousemen was gradual but is now almost complete. Current argument over assignment of buyers and graders, "rump" sales on markets not fully accredited by the warehouse association, and "sixth" sales on some big accredited market are phases of the problem but over which they have little control. It is obvious, however, that if any one group is to be dominant the warehousemen are probably in better position to handle the situation. They come between the grower and the buyer and must stay on good terms with both. They couldn't operate unless the farmers brought leaf to their floors and the manufacturers sent buyers to pay for it.

Is Your Child the "One in Five"?

One school child in five is retarded because his vision is defective. Poor vision is a great handicap to a child. It shows him up in every way. It forces him to work harder to master his studies; handicaps him in his relationships with other children and grown-ups, too. It tends to warp his personality—and generally sets him back in his struggle to get ahead and make his mark. Make sure your child's vision is right! Don't handicap him!

Boyle's Column

By ED CREAUGH (For HAL BOYLE)

New York, Aug. 25—(P)—Adventure is where you find it. And if that's an old saw, a man named Martin Rodgers has given it new sharpening. He looks for—and finds—adventure in the telephone book.

In the past two years Rodgers, uncle of "South Pacific" composer Richard Rodgers, has thumbed the Manhattan directory from A to ZZZZ, Inc., with some startling results.

Among other things, he has found himself:

—Sitting in with Chinese musicians who were making the night hideous (to western ears) with strange instruments like the Hu-K'In and the Yang-Ch'In;

—Dining with New York's homeless, hopeless man at the Municipal lodging house;

—Helping dispatch tugboats in the New York harbor;

—Watching a strange dance in which Albanian men plaster dollar bills on the forehead of Albanian women. (He still hasn't figured out the story behind that one.)

Rodgers is a cheerful, pink-faced man with thinning gray hair and humorous wrinkles at the corners of his eyes.

He doesn't look especially like an adventure-hunter. He looks more like a teacher, which he is. He heads the physical education department of Thomas Jefferson high school in Brooklyn.

But this is his story. Let him tell it:

"One night a young lady and I found we had seen all the shows we wanted to see and done all the things New Yorkers are expected to do. We were in the mood for something unusual.

"On an impulse, we opened the phone book and ran down the listings until we came to something interesting.

"It was"—Rodgers smiled at the memory—"the Chinese musical and theatrical association.

"We called them up and they were very pleasant. They invited us to come and see them. We did. And we had a wonderful time listening to that weird music."

Rodgers and the lady, whose name is Grace Beckenridge, have not lacked adventure since that night. Nor are they likely to, with some 623,000 names in the Manhattan book alone.

"Once," Rodgers remembered, "we called the Moran Towing & Transportation Co., which operates most of the tugboats around New York.

"The night dispatcher, way up in a building overlooking the harbor, was a fine fellow named captain Jordan. He said he was lonesome and why didn't we come down.

"We did, and again it was enormous fun. We heard him talk by radio with one boat that was half-way to Egypt on a towing job.

"The Captain offered to arrange for us to ride in a tugboat then and there. But it was getting late and we decided we'd do that another time."

So it has gone with random calls to foreign restaurants, unusual churches, police stations, off-the-beam societies.

"People," Rodgers said, "seem pleased to find out that a stranger is interested in them. With," he added, rather dolefully, "one exception."

"One number turned out to be a society interested in Yoga, the Hindu system of deep concentration.

"They promised to send us their literature but they never did.

"However," said Rodgers, with a look of deep concentration, "I'm going after them again. We have a 100 per cent record otherwise, and we're not going to have it spoiled by any Yoga."

CANS FOR AMERICANS

New York—(AP)—Americans now open more than 75 million cans a day, says the American Can Co. The estimate is based on government reports which indicate the equivalent of 26 billion standard-size fruit and vegetable cans are being made annually.

Cow Trapped In Silo Has Prospect Eating Way Out

Casco, Wis., Aug. 28—(AP)—A young Wisconsin cow with a long record of misbehavior languished at the bottom of a partly filled silo here today, faced with the not unpleasant prospect of eating her way to freedom.

Snoopy, 650 pound pet of 13 year old Cherine Lampman, had to squeeze through an opening 20 inches wide and 30 inches high to get in. She was inspired at the time, however, since Cherine's father, Everett Lampman, was in hot pursuit.

Lampman caught the adventure-some heifer chomping her way through his best field of green corn. He chased her to the barn and locked the door, but Snoopy headed for what looked like an exit.

Farmer Lampman heard a crash and popped inside just in time to see Snoopy disappear into the silo. Snoopy, unruffled and apparently unhurt, by her 12-foot fall got to her feet and munched last year's silage leftover.

Unlike Grady, the Oklahoma cow that holds the silo-sitting mark so far this year, Snoopy's silo is below the ground rather than above it. The entrance aperture is just about ground level.

Neighbors gathered at the farm, three and a half miles east of here and decided the only way to get Snoopy out is to fill up the silo. Lampman juggled his farming

Farmville School Staff Totals 31

Farmville, Aug. 28—(AP)—Principal Sam D. Bundy of the Farmville school announced today that 31 faculty members will comprise the staff for the Farmville school for the 1949-50 term which will open Tuesday.

The Farmville school staff for the year listed by Bundy is:

Sam D. Bundy, principal, Farmville; Mrs. Johnnie F. Edwards, librarian, Greenville; Mrs. Haywood Smith, piano, Farmville; Miss Alma Whitley, public school music, Enfield; N. C. Maenhout, band, Irving, N.Y.; Miss Ruth Parker, home economics, Fountain; E. P. Bass, agriculture and shop, Farmville.

Mrs. John Dunn, English-Spanish, Pinetops; John Dunn, mathematics, Pinetops; Elbert Moye, physical education, Farmville; Mrs. J. B. Joyner, English, Farmville; Miss Beatrice Player, commerce, Conway, S.C.; J. L. Johnson, social studies, Raleigh; Mrs. J. M. Wheeler, science, Farmville.

Miss Mildred Maddox, English, Snow Hill; Miss Betty Maude Smith, eighth grade, Bethel; Mrs. Mollie Pate, eighth grade, Beaufort; Mrs. J. E. Bynum, seventh grade, Farmville; Mrs. L. P. Thomas, seventh grade, Farmville; Mrs. W. E. Joyner, sixth grade, Farmville; Miss Miriam Johnson, sixth grade, Pendleton; Miss Hazel Baker, fifth grade, Snow Hill.

Miss Edna Robinson, fifth grade, Ivanhoe; Mrs. James Mathis, fourth grade, Salisbury; Mrs. Joseph Batchelor, fourth grade, Farmville; Miss Wilma Stancill, third grade, Farmville; Miss Lula Hardy, third grade, LaGrange; Mrs. Myrtle Harris Wooten, second grade, Farmville; Miss Lillian Herring, second grade, Mt. Olive; Miss Margaret Lewis Darden, first grade, Combs.

Swank For Junior High

SUB-TEEN SMOOTHIES . . . This future deb is all set for school fun in her carefully styled "petite" dresses. Left, plaid spun rayon with dog-leash belt and crew neck rimmed in white pique; right, two-tone blue rayon gabardine with smart scalloped detail at yoke.

By DOROTHY ROE (Associated Press Fashion Editor)

A new age-and-size group has arisen on the fashion horizon—it's the sub-teens, those 11-and-12-year olds who have outgrown childish styles, are not quite ready for regular teen sizes or junior styles.

This year a number of children's dress manufacturers are adding "small teen" frocks to their usual lines, styling them simply but with a few grown-up touches that delight their young wearers. Sizes also take into account the chunkiness of the average 12-year-old figure.

NOTICE OF SALE OF REAL ESTATE FOR 1948 TAXES, TOWN OF BETHEL, N. C.

By virtue of authority vested in us as tax collectors of the town of Bethel and the laws of North Carolina, we will on Saturday, the 17th day of September, 1948, at 12 o'clock noon, in front of the post office building in the town of Bethel, dispose for sale to the highest bidder for cash the following real estate for delinquent taxes for the year 1948:

MRS. C. M. BURTON, City Tax Collector
E. H. MARTIN, Asst. Tax Collector
White 1948 Tax
Mrs. Chester Davenport, IL \$1.43
Claude James, 1 Garage 50.35
Jarvis Lewis, 1 Res 22.28
Isabell Markley, 1 Res. 15.20
E. M. Mozingo, IL 2.85
J. R. Robertson, IL 7.27

which has not yet slimmed out into junior proportions.

For school wear the sub-teens like smooth styles in gabardines or plaids; in woollens or rayons, simple enough to wear to class and smart enough for a date after school.

They don't want "baby" trappings. Their tastes run to the casual styling preferred by their big sisters in college, scaled to their own sizes.

These are the sophisticates of tomorrow, with clothes preferences well defined, and designers have realized that they need and deserve a special styling all their own.

EXECUTOR'S NOTICE
Having this day qualified as executor of the Last Will and Testament of Ida M. Stokes, deceased, this is to notify all persons having claims against her estate to file them with the undersigned on or before the 27th day of July, 1950, or this notice will be pleaded in bar of recovery. All persons indebted to said estate will please make immediate payment.
This July 27, 1949
JAMES B. CONGLETON, Stokes, N. C., executor of the estate of Ida M. Stokes

Psalmist Exalts the Word of God

ILLUSTRATED SUNDAY SCHOOL LESSON

By Alfred J. Buescher

Scripture—Psalms 19:7-14; 105:1, 119.

The statutes of the Lord are right, rejoicing the heart: the commandment of the Lord is pure, enlightening the eyes.

Let the words of my mouth, and the meditation of my heart, be acceptable in Thy sight, O Lord, my strength.

Thy word is a lamp unto my feet, and a light unto my path. I have sworn that I will keep Thy judgment.

I have gone astray like a lost sheep; but I do not forget Thy commandments. MEMORY VERSE—Psalm 105:2.

Psalmist Exalts the Word of God

HIS STATUTES ARE RIGHT, REJOICING THE HEART

Scripture—Psalms 19:7-14; 105:1, 119

By NEWMAN CAMPBELL

TO LEAD good lives—to keep the moral law—that is the task of everyone in the world. Laws and customs vary in different countries, but there are moral laws which are the same in every land and every religion—to love God with all your heart and your neighbor as yourself.

If everyone tried to honestly live up to these simple stated rules, which Jesus said were the two most important in the law, how changed the world would be! In today's lesson the teachings of our Bible are exalted. The Lord's statutes are perfect, converting the soul, says the psalmist.

In last week's lesson we had assigned the first six verses of Psalm 19. Now we have the remainder of the Psalm.

"The law of the Lord is perfect, converting the soul of the Lord is sure, making wise the simple."

"The statutes of the Lord are right, rejoicing the heart. The

as knowledge advances. History books are revised—because we learn more of historical movements and factors. But the moral laws—as set forth in the Bible—are sure. They never change.

We may sin from ignorance and from "hidden" offenses, and be forgiven. Sins that are committed willfully and with defiance, are not so easily pardoned. David prayed to be restrained from such desperate acts, beseeching God that the words of his mouth and the meditations of his heart might be found acceptable in His sight. Wouldn't it be marvelous to so live that we could feel that God would approve of all our acts—even of your thoughts?

The 119th Psalm begins, as Jesus' Sermon on the Mount does, with the word "Blessed." "Blessed are the undefiled in the way, who walk in the law of the Lord."

"Blessed are they that keep His testimonies, and that seek Him with the whole heart."

"Wherewithal shall a young man cleanse his way? By taking

MEMORY VERSE

"Sing unto Him, sing praises unto Him; Talk ye of all His marvelous works."—Psalm 105:2.

commandment of the Lord is pure, enlightening the eyes.

"The fear of the Lord is clean, enduring forever: the judgments of the Lord are true and righteous altogether."

"More to be desired are they than gold. Moreover, by them is Thy servant warned, and in keeping of them there is great reward."

David had reason to know the truth of this latter part of his Psalm, for he was indeed unhappy—heartbroken—when he broke the Lord's laws, and only knew peace of mind when he acknowledged his fault and felt he was forgiven.

The Psalm continues: "Who can understand his errors? Cleanse Thou me from secret faults."

"Keep back Thy servant also from presumptuous sins; let them not have dominion over me: then shall I be upright, and I shall be innocent from the great transgression."

"Let the words of my mouth, and the meditation of my heart, be acceptable in Thy sight, O Lord, my strength, and my redeemer."

Books of science must change, be acceptable in His sight.

Deer Horn Farms Busy In Far East

Moscow—(AP)—In the Soviet Far East special farms are busy growing deer horns. This sounds like a strange occupation, but in fact it is a profitable one. For the deer are the exceedingly rare spotted deer and the young horns of this species

possess medicinal qualities highly valued by specialists.

The spotted deer is found only in the Maritime Districts of the Soviet Far East. The deer farms have a double task—to collect this valuable product and to permit the spotted deer to multiply.

Shawl weaving has virtually ended in India's Vale of Kashmir, where it was a famed industry for centuries.

The Golden Text

A page from the Masarin bible.

"Sing unto Him, sing praises unto Him; Talk ye of all His marvelous works."—Psalm 105:2.

Tobacco Prices Reported Steady

Raleigh, N. C., Aug. 25—(AP)—The federal-state market news service reported tobacco prices were steady yesterday on the flue-cured North Carolina Eastern belt.

On the Carolinas flue-cured border belt, a slightly stronger demand for most grades boosted averages \$1 to \$3 a hundred pounds. Only a few declines were reported, and these were not more than \$1.

Eastern belt averages per hundred were good orange leaf \$54, low orange leaf \$38; fair lemon cutters \$63; choice lemon lugs \$64, fine lemon lugs \$63, good lemon lugs \$60; good lemon primings \$53, fair lemon primings \$40, low orange primings \$19.50; and best thin non-descript \$11.

Border belt averages were fine lemon leaf \$62, good orange leaf \$56, common orange leaf \$27; good lemon smoking leaf \$64, good orange smoking leaf \$59; good lemon cutters \$65, fair lemon cutters \$64; fair lemon lugs \$52, low orange lugs \$35; and best thin non-descript \$14.25.

The cedars of Lebanon are closely related to cedars in the Atlas Mountains of north Africa and other cedars in the Himalayas, but are different from American cedars.

Ballard's X Roads News

Mrs. C. C. Harris was hostess at her home to the August meeting of the Presbyterian Women of the Church. The meeting opened by the group standing for a short period of silent prayer closed by Mrs. Josie McArthur. This was followed by a song, "Jesus, Keep Me Near the Cross."

The Bible study, taken from the 7 and 8 chapters of John, was led by Mrs. Gilmer Nichols, assisted by members of the group.

Mrs. J. D. Jones was program leader and the topic for discussion was "Negro Work in Our Assembly." Mesdames Ray Crawford, P. J. Elks, Annie Flanagan and Josie McArthur presented articles taken from the Presbyterian Survey on the topic.

Mrs. W. B. Crawford presided over the business meeting and plans were made for entertaining the group meeting which will be held with the Ballards church in October. It was voted that the women would sell Christmas and greeting cards to raise some money.

At the close of the benediction, the hostess, assisted by her daughter, Mrs. Norman Wooten, served a delicious iced drink and assorted cakes.

Twenty members were present at the Presbyterian Youth Fellowship on Friday evening. Mrs. Roy Smith, assisted by others of the group, gave a program on "Different Races."

At the business session presided over by Henry Dunn it was voted to extend an invitation to Charles Williams, president of PYP in Albemarle Presbytery, to visit the PYP at Ballards.

After a two weeks' vacation, Rev. E. S. Coates, pastor of Ballards church, will resume services Sunday night at 8 o'clock. A cordial invitation is extended the public to attend the service.

tion is extended the public to attend the service.

Mrs. E. H. Robertson and sons, Earl and Bennie, are spending two weeks with Mrs. Robertson's sister Mrs. Annie Flanagan.

Mrs. Herbert Causey of Greenville was a recent guest of Mrs. Mamie R. Holloway.

Mrs. Jake Tripp of Greenville was a visitor Sunday in the home of her brother J. T. O'Neal.

Misses Jean Crawford, Virginia Crawford, Jo Ann Tyson, Virginia Dunn, Louise Tyson, Vina Crawford, Frances Crawford, Durward Tyson, and Henry Dunn attended a weininger roast Saturday evening at the home of Miss Peggy Heath. After the weininger roast the hostess and guests enjoyed a trip to Whiteharts Beach. Miss Betty Joyner and Henry Fluke were guests of Mr. and Mrs. Buck Buchanan in Raleigh Sunday. Mrs. Buchanan is a former school mate of Miss Joyner.

Mr. and Mrs. Robert Tyson of Trenton, N. J., Miss Thelma Flanagan of Lancaster, Mass., Mrs. Roberta Tyson and Mrs. E. M. Tyson, Jr., attended the showing of The Lost Colony at Manteo last week.

John Flanagan is spending a few days this week in Richmond.

Mr. and Mrs. David Williford and son, Max of Washington, D. C., were recent guests of relatives at Ballards.

Mr. and Mrs. Pittman Wayne and daughters, Shirley and Shelby, and Jylene Nichols attended a presentation of The Lost Colony at Manteo on Wednesday evening.

Ernest Whitley of Wilson was a guest of Miss Edith Tyson Sunday.

Mrs. Sue Roberson visited her sister-in-law, Mrs. Hagans, in Craven county last week. Mrs. Hagans is critically ill.

Mrs. W. H. Tripp, Jr. of Belvoir spent the week-end with her parents Mr. and Mrs. Moses Tyson.

Malaya's Police Strength Gains

Kuala Lumpur—(AP)—The Federation of Malaya's police force is now at full strength—14,522 men—for the first time since the liberation in August, 1945.

At the time of the liberation the police force strength was 7,663 which was considered 269 below the approved pre-war establishment. With the declaration of an emergency in Malaya as a result of the outbreak of a Communist campaign last year it was decided to bring the total to its present peak.

RAF ORPHANS ENJOY HOLIDAY Brussels—(AP)—A second contingent of 50 RAF orphans has been invited to spend holidays in homes found for them by the Belgian Air Force Welfare Section in Belgium. They will stay one month. A third contingent of 50 children will follow one month later.

Band leaders Dean Hudson and Tommy Dorsey are shown above choosing beauties for the movie, "Disk Jockey." Dean Hudson and his orchestra will play here tonight for a dance at Wright gymnasium on the ECTC campus. The dance is scheduled from 8:30 to 12:30.

Eight-Year Old Mystery Solved

Wilmington, N.C., Aug. 23—(AP)—The eight-year-old mystery of what happened to a Carolina Beach mother and her four-year-old daughter was believed solved here today.

The solution, according to District Solicitor Clifton L. Moore, hangs on a confession he has obtained from a 22-year-old Wilmington youth now serving time in the Florida State Prison at Ralfo.

Moore disclosed yesterday that the prisoner, Daniel Webster, alias Robert Anderson, confessed that he stabbed Mrs. Lella Bryan to death and drowned her child, Mary Rachel, and then buried their bodies near Carolina Beach.

Webster would have been 14 at the time of the alleged double slaying.

Digging back into the history of the case, Moore disclosed that Mrs. Bryan, 36-year-old former nurse, and Mary Rachel disappeared May 10, 1941.

Moore added that no trace of the mother and child has even been found, nor of the car in which they travelled the night of their disappearance from their home to the boardwalk area of the beach to do some shopping.

250,000 PROPAGANDISTS

Moscow—(AP)—There are about 250,000 propagandists of the Communist Party in the Soviet Union. Revealing this, "Pravda" said there had been a large growth in their numbers since the publication in 1938 of the "Short Course of History of the Communist Party of the Soviet Union."

What is believed to have been the earliest surviving piece of glass was produced about 5,000 years ago.

Streamline Job

Tokyo, Aug. 23—(AP)—The Japanese brought out a new simplified typewriter today. It's got only 1,132 characters.

That sounds like a lot of characters to an American typist. He only has to concentrate on 56 or so. But consider the Japanese. The old style typewriter has 3,126 characters.

The makers of the new model simply weeded out some of the old, ponderous Chinese characters and substituted simpler, fewer Japanese phonetic characters.

Plan New Series Auto Licenses

Raleigh, N.C., Aug. 23—(AP)—Because of the high number of registrations, the Motor Vehicles Department will issue a new series of licenses next year.

The department announced yesterday that a new record has been set for motor vehicle registrations. A total of 969,493 vehicles have been registered so far this year, compared with 1948's previous all-time high of 958,543.

The department said between 900 and 1,000 registrations are being processed daily. Well over 1,000,000 registrations are expected before the end of the year.

The department said all licenses issued from the Raleigh office next year for passenger cars will carry the letter "W" preceding the numerals. The first license in the series will be W-100.

Licenses sold at branch offices of the state will continue in the present form, the first passenger car tag being 100-001.

A permanent license, bearing the

letter "P" before the numerals, will be issued for state, city and county vehicles. The license will cost \$1. It will be good for the life of the vehicle as long as it is used by the governmental agency.

National Guardsmen, for the first time before the war, will get tags bearing the names of the organization in 1950. The tags will be issued according to rank, beginning with the number 201.

India Proposes Take Over Rule Strategic Areas

New Delhi—(AP)—The government of India proposes to take over the administrations of the two strategic princedom of Tripura and Manipur in Assam province. Tripura is surrounded on three sides by eastern Pakistan and on the east by Assam. Manipur has a wide vulnerable common frontier with Burma and during the last war the Japanese poised their attack on India through Manipur.

Tripura is 4,000 square miles in area and has a population of 500,000. Manipur, with more than double the area, has about the same population.

Manipur has had a history of repeated wars with Burma. Its vulnerable valley, 50 miles long and 20 miles wide, provided convenient route for invaders of India from the beginning of the 18th century to the last war. The young Maharajah of Manipur married for the fourth time in 1943 because palace astrologers had predicted the lucky star of the new bride would ward off the Japanese. But India prefers to strengthen its defenses by direct administration rather than depend on lucky stars of royal brides.

Animal husbandry and farming are each believed to have begun about 10,000 years ago around the eastern end of the Mediterranean.

Late For Chow

Los Angeles, Aug. 23—(AP)—Don Clark, Marine Reserve flier, Denver, Colo., was flying over the ocean near Catalina Island when he radioed his base:

"Call my wife. Tell her I'll be late for chow."

Minutes later the engine of his Corsair plane conked out and he crashed into the ocean as he had anticipated. A fishing boat picked him up wet but unhurt.

Record-Breaking Turkey Crop For North Carolina

Raleigh, Aug. 23—(AP)—North Carolina should have a record-breaking turkey crop this year, the Federal-State Crop Reporting Service declared yesterday.

A survey by the service said 486,000 of the birds probably will be produced this year. This is 35 per cent more than last year, 90 per cent more than the 1936-45 average, and 15 per cent more than the previous record of 421,000 produced in 1946.

"Lower feed prices and the record prices farmers received for turkeys in 1948 brought about renewed interest in turkey production this year," the service said. It pointed out that many of this year's producers are newcomers in the turkey business.

Mr. and Mrs. Elbert Simmons of Brooklyn, N. Y., and Miss Lillian Hayley, of Elyria, Ohio, are spending a week with Mr. and Mrs. Kenneth Moore.

COLORED NEWS

Members of the Bachelor Benedict club and the Cosmologist club local 24 are asked to attend an emergency meeting Sunday, August 28 at 6:30 p. m. at the home of Mrs. Jessie Clark, 115 N. Evans street.

York Memorial A. M. E. Zion

Church, Rev. P. H. Mumford, Pastor. Sunday will be observed as Home Coming Day for the members and friends of York Memorial church. 9:45 a. m.—Sunday school, W. J. Hester, superintendent.

11:00 a. m.—Home Coming message by the pastor. Music by the junior and senior choirs. Dinner will be served in the dining room of the church for the aged and out-of-town visitors.

Cars will be used by the members of the church in transporting the aged members and friends to this old time service.

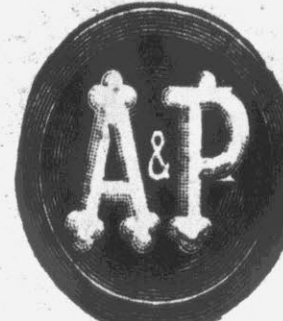

The baby contest for York Memorial church has been perfected and the group leaders for the babies are working hard to win the prize for their babies they are supporting.

The contest will come to a close the fourth Sunday in September at 8 p. m. The general public is cordially invited to share in all of these services and programs.

Raleigh Housing Project Okayed

Washington, Aug. 24—(AP)—Official approval to construct 450 rental units for low-income families under the new public housing program was granted today to Raleigh, N.C. The construction program will take two years to complete.

Cost of the project was not announced. Under the housing act the government is empowered to lend up to 90 per cent of a project's cost to local authorities.

New, Homogenized Swift's Jewel Shortening Gives "Magic" Results in Cooking, Baking and Frying!

MAN AND WIFE AGREE: "JEWEL CAKES TASTE PERFECT"

JEWEL'S "SMOKE-POINT" 40° HIGHER!

Simple test proves it won't smoke up or smell like costliest shortenings!

Dramatic proof that Jewel is smokeless is offered by a recent test comparing Jewel with three costliest shortenings. In every instance, Jewel demonstrated a marked superiority.

The test consists merely of placing equal amounts of Jewel and any costliest shortening in two separate pans of the same size. To verify temperatures reached, a cooking thermometer (preferably two) is used.

As identical heat is applied the expensive brand will begin to smoke and give off odors.

Jewel, however, can be left until its temperature is 40° higher than its competitor's.

Home economists agree that the perfect deep-fat frying temperature is 365° to 375°. Expensive shortenings will begin to smoke at 360°. Jewel, however, could be heated to 400°.

LIGHT, TENDER, FLUFFY... AND THEY COST LESS TO MAKE!

Want to keep hubby happy—and cut down on food costs, too? Then here's good news!

With the new, homogenized Jewel Shortening you can cook to his heart's desire—and save money while you do. For new Jewel—although it costs much less than costliest brands of shortenings—challenges them all when it comes to results.

In Memphis, for example, Mrs. J. A. Perry reported making a Jam Cake that would "just melt in your mouth!" While in New Orleans, another homemaker, Mrs. Alice H. Langston stated that her husband "just loves his biscuits made with Jewel!" Mrs. Langston further commented: "With the amount of shortening we use, we figure our savings on Jewel at about \$8.00 a year. That'd buy plenty of eggs!"

As Swift's famous test kitchens have discovered however, Jewel's magic is not restricted to cakes and biscuits. Piecrusts,

cookies, fried foods of all kinds, likewise benefit when new Jewel Shortening is used.

No Other Shortening Is More Digestible Or More Nutritious!

Don't be fooled—say scientists. Just because a shortening costs more doesn't make it any more nutritious or digestible.

Actually, any fats—including the fine vegetable and meat-food fats in Jewel—are among the most completely digested foods. Furthermore, all fats are important in good nutrition. For they yield 2 1/2 times as many energy units per pound as either carbohydrates or proteins.

In other words, money can't buy a more nutritious or digestible shortening than new Jewel. Not even if you pay \$10 a pound!

CHALLENGES THE COSTLIEST... COSTS MUCH LESS! SAVINGS OF 5¢ TO 7¢ A POUND REPORTED

There's a new "headline" in the shortening field! Swift's new, homogenized Jewel Shortening. Only recently introduced, this new product challenges costliest brands. Yet it costs 5¢ to 7¢ less per pound.

The new Jewel employs a controlled homogenization process in the blending of its fine vegetable oils and meat-food fats.

As a result, the finished product is of highest quality with a remarkable smooth and even texture. No other shortening is more nutritious or more digestible.

Many of the compliments now being lavished on Jewel by enthusiastic homemakers concern its use in preparing fried foods of all kinds. For this new shortening remains smoke-free and free from objectionable odors at extreme cooking temperatures. Actually, its "smoke-point" is 40° higher than costliest shortenings.

The thriftiness of the new product, has also come in for its share of applause. Many homemakers, in fact, state that they have been able to purchase 4 pounds of the new homogenized Jewel for the same price they usually pay for 3 pounds of costliest shortenings.

Like Fried Chicken? Here's How to Add a Touch of "Magic"!

Developed by Swift's famous Martha Logan, here's a special fried chicken recipe featuring new Jewel Shortening. Just follow the 6 magic steps indicated for your convenience.

1. Clean, wash and drain a 3 1/2 to 3 lb. (dressed) chicken. 2. Cut into serving pieces. 3. Measure 1/4 cup flour and 2 tps. salt

into a paper bag. 4. Drop in each piece of chicken separately and shake until coated. 5. Heat enough Jewel Shortening to make 1/2 inch depth in a large skillet. 6. Fry chicken over medium heat, turning until golden brown. Reduce heat, cover and cook about 1/4 hour, until tender. Uncover and cook ten minutes.

Challenges the costliest... costs much less!

"Compare the Quality"

Farmville Public School Plans Opening For Term On August 30

The Farmville Public School will open on Tuesday, August 30, at 9:30 a.m. and will remain in session until 12:00 o'clock noon. Wednesday hours will be from 8:30 to 12:30 p.m. Full schedules will start on Thursday. There will be no formal opening exercises since the auditorium will not hold the entire student body. The half-day session will be given over to enrolling, registering, classifying, and grouping students. Elementary pupils will report to their rooms as designated and will be advised relative to the section to which they have been assigned. High school pupils will report to the auditorium and there will receive instructions relative to home rooms, fees, schedules, etc. and later will report to rooms assigned.

The grouping of elementary pupils will continue on the basis of ability grouping. There will be no fast or slow sections, but pupils will be grouped in sections of relatively the same ability. This is done by taking the list of pupils in a grade which have been listed in the order of the teachers' judgment and then alternate pupils are placed in one section and alternate pupils in the other section. While no system of grouping is perfect, this or similar systems are being used in the vast majority of schools. High school pupils will be grouped according to schedule and subjects as near on the ability grouping basis as possible.

The state and county furnish the major equipment and certain supplies, but the amount furnished is not sufficient for a well rounded program; therefore it is necessary for schools to adopt certain fees. In the Farmville school the fee for grades one through eight is \$3.00 of which one dollar is supply fee, one dollar is visual aid fee, fifty cents is entertainment fee and fifty cents is supplementary fee. The supply fee is used to purchase certain supplies such as drawing paper, construction paper, modeling clay, crayons and the like; the visual aid fee is used to purchase and rent moving picture films and strip-films of an educational nature in order to supplement instruction from the text-book, and to purchase new visual equipment and maintain that now on hand. The entertainment fee is used to contract for five or six educational programs by the Southeast School Assemblies which includes programs of marionettes, puppets, ventriloquism, music, and educational demonstrations; and the supplementary reader fee is

used to purchase readers to give the pupils a varied program of good reading material. The high school fees are \$2.00 and are similar to the above with the exception of the supply fee which is not used in the high school. Also, in the high school there is a \$3.00 rental fee for basal books on the state program which gives each student the basal texts for all high school subjects. Those pupils taking science courses pay a \$1.00 science fee; those pupils taking vocational home economics and vocational agriculture pay a \$2.50 fee; and the commercial students pay a fee of \$6.50 per term or \$13.00 for the year. The science and vocational fees are used to purchase consumable materials not furnished by the state or county, and the commercial fees are used to purchase equipment and to pay part of the commercial teachers' salary.

The lunchroom will again this year be managed and supervised by Mrs. L. E. Flowers and will open on Thursday, September 1. Although the lunchroom lost \$175.00 in its operation last year, the price of lunches will again be twenty cents and may be paid in advance for any number of days. Parents are urged to permit their children to eat in the lunchroom where they will find wholesome and nutritious meals, for it is only by volume of business that it is possible to serve meals for twenty cents that elsewhere would cost fifty or sixty cents.

Sam D. Bundy, who is beginning his third year as principal, states that the largest enrollment in the history of the school is expected. The enrollment will range from 750 to 775. This will cause for crowded and congested room facilities this year, and it is going to be necessary for expansion in the near future.

The staff of the school and other personnel will be the largest also in the history of the school. There will be 31 teachers, 6 bus drivers, 2 janitors and 1 maid, 6 in the

lunchroom, and three connected with the veterans training class thus making a total of 46 for the complete personnel.

Mr. Bundy states that he believes the faculty this year will rank among the best to be found in any public school. All teachers will have "A" certificates with the exception of one and that teacher is working toward that end. All teachers have had previous teaching experience with the exception of one and all new teachers come with unusually good recommendations. Two teachers are this summer receiving Masters' Degrees thus making four in the staff who have received such degree or have completed the necessary requirements. Two other teachers have completed from one-third to one-half the requirements necessary for the Masters' Degree. Thus the Farmville school staff is perhaps the best and most highly trained staff in the history of the school and certainly within recent years.

Graham L. Stocks To Receive His Degree

Marietta, Ohio, Aug. 25.—Graham L. Stocks, son of Mr. and Mrs. Amos Stocks, 108 E. 12th St., Greenville, is among those who will receive degrees at the summer commencement exercises of Marietta College, to be held Sunday, Aug. 28. Mr. Stocks majored in business administration and will be awarded the bachelor of science degree. Upon receiving his degree from Marietta, he will enter business.

The summer graduating class at Marietta College numbers 71.

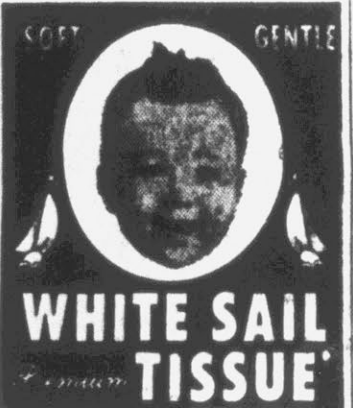

NEW ZEALAND MAKES LOANS
Auckland, New Zealand.—(AP)—The New Zealand Government has loaned ex-servicemen \$258,000,000 for rehabilitation since World War II ended. Loans were made to buy farms, houses, businesses, and furniture.

AMAZING !

That's what they all say about DIXIE'S wonderful flavor.... It's the flavor you have always wanted in margarine.

'JEEP' ALL-WHEEL DRIVE MEANS ALL-YEAR USEFULNESS

Hydraulic implement lift, power take-off, extra seats, fenders and metal cabs are available at extra cost.

The 'Jeep' is handy for hauling on or off the road—its powerful 4-wheel-drive traction takes it where ordinary vehicles cannot go.

There are no idle seasons with the Universal 'Jeep'. With 4-wheel-drive traction and pulling power, it is ready for work any day in the year and there is practically no limit to what you can do with it. The versatile 'Jeep' pulls a plow as readily as it carries a load of milk cans... operates both hydraulic-lift and pull-type implements and can be used with almost any kind of tilling and harvesting equipment... travels on or off the road with trailed loads up to 5,500 pounds. But best of all, the usefulness of the 'Jeep' is not confined to any single kind of work but includes the year-around functions of tow truck, pick-up, tractor and mobile power unit.

The CS Rooster Likes "Hard-to-Please" Shoppers

Said the CS Rooster to the Pekingese
I like you because you're so hard to please.
You expect service and bargains all week long,
So you shop at Colonial and never go wrong.

The CS Rooster stands for courteous service and a friendly greeting—for quality foods at lowest prices.

At Colonial Stores, you can shop leisurely, on early-in-the-week days when stores are free of crowds, and still enjoy Colonial's famous quality, variety and every-day low prices.

Sure, Colonial has specials—plenty of them. They are "bonus specials", good from Thursday through the following Wednesday. They provide our customers the benefit of savings we make through favorable purchases and lower market conditions.

So, if you are "hard to please" when it comes to foods, give Colonial a trial. We pride ourselves on our ability to satisfy the most discriminating folks in town!

For consistent savings every day,
Shop the CS Rooster way.

Goldsboro Cuts Greenville's Lead, Downing Locals 3-1

Greenies' Hitting Power Fails Against Hurler Mangum; Jays Play Here Tonight

By BERT MOYE

The Greenville Greenies find themselves only two games ahead of the Goldsboro Goldbugs for fourth position today as a result of last night's 3 to 1 licking at the hands of Manager Dave Fowler and his boys. The loss for the Greenies was their fifth straight and was Goldsboro's tenth win of the season as against eight losses as the two clubs played their final game of the regular season over in Goldsboro.

Bob Mangum went the route for the Bugs and did a swell job of scattering seven hits to gain his 17th win of the season and his third win over the Greenies during the current season. Mangum struck out a total of nine Greenies and issued six free passes.

Art Mascarella received credit for the loss—his fourteenth of the season—and his fourth loss to the Bugs. Mascarella pitched the first seven frames and gave up all seven of the Bugs' hits and all three runs. He struck out four and walked a like number. Junior Yohn pitched the final frame and put the Bugs out in order.

Both clubs got the same amount of hits, but the Greenies couldn't bunch enough to produce a run after the first frame. Errors at crucial periods of the game accounted for the downfall of the Greenies, with the Bugs scoring a tally in the first frame on a costly miscue by John Tepedino, the shortstop who threw the ball over the first baseman's head in an start out.

The Greenies started like a house on fire in the first frame when they collected three hits in rapid succession off Mangum to score their first and only run of the game. However, after the first frame they were unable to do one thing with Mangum's offerings and with the exception of the seventh and ninth frames were unable to get a man any further than first base. Charlie Graham led off with a single over second base. Straussner was out on a ball hit down the first base line. Mauney got a hit with Graham taking second. Then Pappy Williams singled to bring in Graham. Tepedino was walked, loading the bases, and then Frank Lapovsky hit into a double play to retire the side.

The Bugs scored in the first frame when Ryan singled, Hudson walked, Whitener hit to deep right field with Ryan taking third. Then Ray Kom sneek hit to Shortstop John Tepedino who threw wild to first with Ryan racing home to knot the count at 1-1.

Goldsboro scored again in the sixth frame after Whitener was walked, then stole second and J. W. Deaton's timely single brought him home. Pitcher Bob Mangum drove in the final run of the game in the seventh inning with a double into left centerfield to bring in Paul Fomes who had singled ahead of him.

Rip Ryan and J. W. Deaton each with two singles led the seven-hit attack off the Greenville pitchers. Manager Dave Williams with two singles led the seven-hit attack off Mangum.

Tonight the Greenies play the Roanoke Rapids Jays at home for the last time this season, traveling to Roanoke Rapids on Friday night to wind up the two-game series. They are back here Saturday night to play Tarboro in the first game

Carolina Sales Wins City Title In Softball Loop

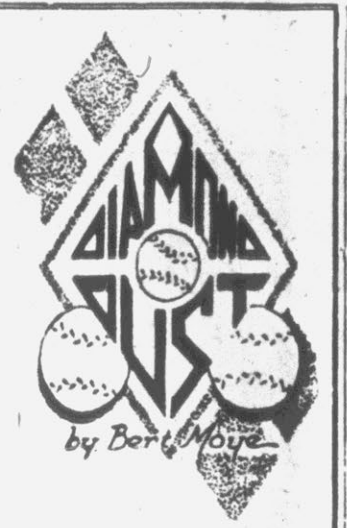

Carolina Sales last evening won the city softball championship by winning their second game from the Jaycees by the score of 12-8.

Sales had a big first inning in which they led the verdict. Good solid base hits and three errors by the Junior Chamber nine enabled the winners to score six times before retiring the side.

The Junior Chamber came battling back and were in the ball game all the way, finishing strong with four runs in the sixth and two in the final frame.

Waldrop, Mosier and Loggett were the leading hitters for Sales while Powell led the Junior Chamber nine at the plate with two for four.

This game ended a highly successful season in city softball play.

Tonight's Games

R. Rapids at Greenville.
Tarboro at Rocky Mount.
Wilson at New Bern.
Goldsboro at Kinston.

Although attendance in the eight parks of the Coastal Plains League during the month of July showed 130,823 paid customers, an increase of 19,338 over the month of June, the eight clubs in the league are still 72,746 below the figures for last year through July 31, according to the official figures released through President Ray H. Goodman's office.

For the period ending July 31, 1949, a total of 405,607 customers had turned the stiles in the eight parks, while for the period ending July 31, 1948, a total of 478,353 paid customers were shown.

Only one club in the league at the present time is enjoying an increase in attendance over last year for the corresponding period—that being the Kinston club—who last season had 55,666 paid customers, while this year they have had 61,266 fans attend the Eagles' home games to give them an increase over last year of 5,600.

The other seven clubs in the league have all shown losses in their attendance with the Tarboro Athletics showing the greatest loss. The Athletics for the 1948 season had 48,093 paid customers, while for the current period they have had only 28,448, a decrease of 19,645 below last year's figures. While on the other hand, the Greenville Greenies, currently in fourth place, have shown the smallest drop in attendance with 50,111 having paid through July 31st of this year as compared with 52,274 last year—a decrease of 2,163.

The eighth place Roanoke Rapids Jays, who last season had a total of 66,970 customers, are this year 16,039 below last season with only 50,931 in paid attendance. The league leading Rocky Mount Leafs, with 71,253 paid customers for the 1948 season, have for the current season through July had only 56,258 paid customers to show a decrease of 15,002 below last year. The seventh place Wilson Tobs, who last season were enjoying a total of 68,244 paid customers, have for the current season had only 55,792 customers, or a loss of 12,452 over the present season. The Goldsboro Bugs with 60,125 paid customers last season are 9,046 below last year's figures with paid attendance to date of 51,079.

During the month of July the Goldsboro Club enjoyed the largest attendance with 26,336 customers, an increase of 8,794 over the previous month of June. The Wilson Tobs with 19,316 paid customers for the month of July showed an increase of 4,976 over the previous month. New Bern with 16,313 customers showed an increase of 3,934 over June. Roanoke Rapids with 16,160 customers showed an increase of 3,480; Kinston with 15,318 customers showed a decrease of 146 from the previous month of June. Greenville with 14,466 customers for July showed an increase of 2,437 over the previous month; Rocky Mount with 12,010 customers showed an increase of 4,267 over the previous month; and Tarboro with 10,704 for the month of July showed an increase of 4,804 over the month of June.

The following table shows the attendance figures for the period ending July 31, 1948 and for the period ending July 31, 1949.

Club	1948	1949
Kinston	55,666	61,266
Greenville	52,274	50,111
Goldsboro	60,125	51,079

Greenville Battery Talks It Over

Pitcher Art Mascarella, victim of last night's 3-1 defeat at the hands of Goldsboro, is shown above talking things over with catcher Sid Varney. Mascarella limited the Bugs to seven hits, the same number picked up by the locals against Bob Mangum. The loss was Art's fourth against Goldsboro. (Staff Photo by Roy Hardee.)

Sugar Ray Wants Shot At New Title

Extra Zip Seen In U. S. Netters

New York, Aug. 25—(P)—Their games razor sharp, Uncle Sam's tennis forces are looking to a sweeping victory over Australia this week-end in the Davis Cup challenge round.

Confidence on the home front has been buoyed by the slashing play of Ted Schroeder and Pancho Gonzales in recent practice sessions. They look unbeatable in singles.

Also the doubles team of Gardner Mulloy and Billy Talbot has picked up plenty of extra zip since their defeat at the hands of Australia's Frank Sedgman and George Worthington in the National championships.

The draw for tomorrow's opening singles matches was scheduled for today.

Cliff Spurle, non-playing captain, said he had not decided whether to play Billy Sidwell or the veteran John Bromwich in the No. 2 singles spot. Frank Sedgman, the young Aussie champ, is sure to play one single.

The U. S. is set on its lineup. It will be scheduled and Gonzales in singles, Mulloy-Talbot in doubles. For all the Aussie hopes he had been dulled by inactivity, Schroeder is at the peak of his game, certainly playing as well as when he won the Wimbledon championship earlier this year.

Cuts Down Belloise In Seven Rounds; Hopes For Chance At Middleweight Crown

New York, Aug. 25—(AP)—"I want a shot at the middleweight title. I think I've earned it."

Welterweight Champion Ray Robinson made the statement last night. It was probably the greatest understatement made in sports all year.

Off his performance he certainly deserves the chance. Whether he'll get it is something else again.

After he cut down socking Steve Belloise in seven rounds at Yankee Stadium last night some 28,312 fans were ready to concede him to be the No. 1 middleweight, Champion Jake LaMotta notwithstanding.

Iron-chinner Jake and Marcel Cerdan, the former 160-pound boss who met in a return clash for the crown here Sept. 26, were among the bumper throng which saw last night's massacre.

Robinson hit Belloise with every shot in the book. He won every round but the fifth when he was bothered for just two minutes by a desperate, do-or-die attack from the balding, 30-year-old ex-sailor.

Sugar Ray flattened Steve near the end of the seventh with as perfect a left hook to the chin as you'll see in the ring or movies.

Referee Eddie Joseph's count was at five when the bell clanged.

Belloise's handlers hauled him to his corner. But Steve was out cold. Seconds later, Belloise's manager, Eddie Walker, signalled to Joseph that it was all over. Under New York rules it took into the book as a seven round kayo.

Robinson weighed 153½ and Belloise 158.

LaMotta and Cerdan have said that the victor of their September bout would meet last night's winner. Nothing is in writing.

MOTOR VEHICLES REQUIRED HAVE CITY LICENSE TAGS

A city ordinance requires all motor vehicles owned in Greenville to have city license tags attached in a conspicuous place. The law provides a penalty for failure to observe it. The police department is checking on city owned vehicles which do not have the required license tags. Warrants will be issued for motorists who violate the law.

Baseball Higher-Ups Disclaim Any Knowledge Of Fixes By Gamblers

New York, Aug. 25—(AP)—If there have been large scale attempts recently to "fix" baseball games, the higher-ups of the sport say they don't know about it.

As for reports that there have been hundreds of tampering efforts in the past few years and even implied threats of violence, Secretary Walter Mulbury of the commissioner's office said yesterday they had "no substance."

He acknowledged there had been a couple of letters addressed to baseball men which aroused suspicion. When they were properly investigated, he said, they were found to be of a crackpot nature.

The New York Post Home News reported yesterday there had been hundreds of attempts to fix games in recent years with "sums up to \$10,000 offered to players."

The article was one of a series dealing with what the paper calls a five billion dollar a year betting racket controlled by gambling mobs.

The paper specifically cited a tampering letter sent to a Brooklyn player and an apparent effort to get to Eddie Dyer, manager of the St. Louis Cardinals.

CPL Schedule

FRIDAY

Greenville at R. Rapids.
Rocky Mount at Tarboro.
New Bern at Wilson.
Goldsboro at Kinston.

SATURDAY

Kinston at New Bern.
Wilson at Goldsboro.
Tarboro at GREENVILLE.
R. Rapids at Rocky Mount.

The final race of the 19-night Harrington, Del. trotting season was won by a horse named Sailor Man—in a driving rain.

Pro Grid League Opens Its Season

New York, Aug. 25—(AP)—The All-America Football Conference, given small chance of survival by the skeptical when it first blinked at daylight in 1946, tomorrow night starts its fourth season in apparently robust health.

The opening game brings together the Buffalo Bills and the Chicago Hornets at Soldier Field, Chicago. Next Sunday the Baltimore Colts and the San Francisco Forty-Niners make their 1949 league debut in a game at San Francisco.

Yugoslavs Like Australian Girls

Melbourne—(AP)—Visiting Yugoslav soccer players are dazzled by Australian girls. They are the most beautiful and best dressed in the world, the Yugoslavs say.

And these lads have been in most countries around the globe. The unmarried ones, however, have met trouble on the road to romance. They can't speak English. But they're still hopeful.

Notre Dame is preparing for its first football season this year.

GREEKS TO PROTEST

Athens, Aug. 25—(AP)—A foreign ministry spokesman said today the Communist-led Albanian government had shipped 2,000 persons of Greek descent from southern Albania to Romania. He said the government will protest to the United Nations.

Presenting the New

Cadillac Coupe de Ville

Illustrated above is the Coupe de Ville—an ultra smart new Cadillac body type, designed for those who seek the low-swept lines and open-airness of a convertible—combined with the comfort, convenience and safety of a closed car.

It is a classic example of modernity and practicality—one of the most desirable and most useful models ever to issue from the boards of Cadillac designers.

Yet—smart and beautiful as it is—the Coupe de Ville's greatest superiority lies in the chassis on which it is built. For, like all Cadillacs, the core of its goodness is found in its performance—in the wonderful capacity of its new V-type engine; in the soft, even, restful manner in which it rolls over the highway; in the easy, effortless response to steering wheel and brakes. It is, truly, a symphony in motion.

We should be pleased indeed to give you full details about this wonderful new body type—as well as the other beautiful models which grace our showroom. Why not come in at your earliest convenience?

THERE OUGHTA BE A LAW!

The HOUSE on LILAC STREET

by FRED BAYARD

Chapter 17
Convinced that for the time being nothing would be gained by antagonizing the older woman, Derris tried to appear friendly. Recklessly, she looked down at her dress. "I'm afraid I'm very wet. Do you think you could let me have something dry to put on?" The other surveyed her critically. "Come in here," she said, leading the way to a bedroom off the kitchen. Mrs. Jason began to rummage in the cupboard. "I might as well find you something to wear tomorrow. This should fit," mentally trying a brownish tweed suit on Derris. "It belongs to my sister. She teaches school out in the country a piece, and quite a lot of her things are here. She's about your size." She found a blouse to go with the suit, and finally a pair of shoes which Derris said "would do."

"Will and Stanley should be back any time now," Mrs. Jason remarked as she bustled back into the kitchen. "Roads must be bad for them to be this late."

Derris looked up at the sound of a car. The hope that perhaps Hal was coming back for her died.

think more clearly, she'd find some way. Her thoughts trailed off as she fell asleep.
(To be continued)

NOTICE TO CONTRACTORS STREET IMPROVEMENTS GREENVILLE, N. C.

Sealed proposals for furnishing materials and construction of Concrete Box Culvert or Multi Plate Bituminous steel pipe on Second Street and concrete sidewalks on Dickinson Avenue in the City of Greenville, N. C., will be received by the Mayor and Board of Aldermen of said City at the City Hall until eight (8) o'clock P. M., E. S. T., on Thursday the first day of September, 1949, at which time and place they will be publicly opened and read.

Consideration will be given only to bids of Contractors who submit evidence showing that they have been licensed under "An Act to Regulate the Practice of General Contracting," ratified by the General Assembly of North Carolina on March 10, 1925, and as subsequently amended.

No informal bids will be considered. A performance bond will be required equal to 100 per cent of the cost of the contract price, conditioned upon the faithful performance of the Contract and upon the payment of all persons supplying labor and furnishing materials for the construction of the project.

Each proposal shall be accompanied with a deposit of cash or a certified check on some bank or trust company authorized to do business under the laws of the State of North Carolina in an amount equal to not less than five per cent of the proposal, said check to be made to the City of Greenville, N. C., as a guarantee that a contract be entered into with the Town within ten days after the award to the bidder and that the required bond will be executed.

The Town reserves the right to reject any or all bids or to accept bid or bids that appear to be to the best interest of the City.

No proposal may be withdrawn after scheduled closing time for the receipt of bids, for a period of ten (10) days.

By order of the Mayor and Board of Aldermen of the City of Greenville, N. C.
W. S. STAFFORD, Mayor
J. O. DUVAL, Clerk

Engineers:
Henry L. & Thomas W. Rivers,
Greenville, North Carolina.

Suspended Navy Official Says Confidential Data In Document

Washington, Aug. 25—(AP)—The suspended navy official who wrote the anonymous memo that touched off the B-36 investigation acknowledged today he put "confidential data" into it.

Cedric Worth also told the House Armed Services committee he had given a copy of the document to plane manufacturer Glenn Martin was entitled to secret information.

The document now has reached many hands.

Committee counsel Joseph B. Keenan suggested that parts of it relating performance figures of the giant, six-engine intercontinental bomber, "might help an enemy or potential enemy."

"I don't doubt that they had it," Worth said.

The exchange on confidential material came shortly after Worth backed down on part of yesterday's testimony.

At that time he told the House Armed Services committee, making the investigation, that he told his boss, navy undersecretary Dan Kimball, four or five days ago that he wrote the memo.

Today Worth said what he actually told Kimball was that chairman Vinson of the committee was saying Worth was the writer.

Worth has been serving as a special assistant to undersecretary of the navy Dan Kimball. He was suspended yesterday from his \$8,500 a-year job. Kimball also was called as a witness before the House Armed Services committee, at his own request.

Kimball followed Worth on the stand to deny flatly Worth's story yesterday of having told him Worth wrote the memorandum.

"Did he tell you he wrote it?" Keenan asked.

"No, sir," replied Kimball.

"Last Monday, Mr. Worth came into my office on matters concerning the reduction of our forces. He said his name had been mentioned on the Hill as having some connection with the document."

But, Kimball insisted, he did not understand Worth's statement as a revelation of authorship.

Kimball said he didn't pay much attention to it.

Worth told the committee he drew up the memorandum at the request of Rep. Deane (D-NC). He said Deane told him he had heard disturbing reports about the B-36 bomber program and wanted to get all the information he could.

Worth added that Deane desired the information for Jonathan Daniels, Raleigh, N. C. publisher who was being considered for appointment as secretary of the Navy.

Local Army Reservists Organize Military Unit

By CHESTER WALSH

Commissioned army officers and enlisted men, veterans of World War II, have organized the 3530th post camp, station complement, in Greenville for the purpose of keeping in readiness for any call that may be made upon them in the future by the War Department. Lt. Col. W. S. Stafford announced today.

Organization of the military group was completed Tuesday night at headquarters in the L. M. Ernest Building, 106 Picklen Street. The group plans to meet on the second and fourth Tuesdays of each month. Present membership is fifteen officers and four enlisted men. Unit instructors are Lt. Col. Warren G. Davis, QMC, and M-Sgt. Richard Conley.

Officers and enlisted men are paid, according to rank, one day's army pay for each meeting they attend.

Lt. Col. E. J. Wallace, executive officer and adjutant, said the purpose of the mission is to organize and train as a unit which may in time of mobilization be capable of immediately occupying an army post and providing all administrative services for such units as may be assigned for any purpose whatsoever. This would enable these troops

to devote full time to the accomplishment of their assigned mission whenever the War Department, in an emergency, may call upon them.

Having reported to this station the following named officers were assigned to duties as follows:

Lt. Col. E. J. Wallace, Jr., executive officer;

Lt. Col. James S. Jenkins, OIC Intelligence Section;

Major Fred T. Langford, OIC plans and training section;

Major J. F. Davenport, Jr., post quartermaster;

Major Milton J. Adams, OIC fiscal section;

Major A. M. Poletti, post chaplain;

Capt. R. J. King, CO Headquarters Company;

Capt. Francis H. Worsley, post engineer;

Capt. F. B. Johnson, Jr., OIC supply section;

Capt. Henry L. Brown, Provost Marshal;

1st Lt. R. E. James, Sig. Corps. Res., OIC Messes.

Col. Stafford, the commanding officer, stated at a recent meeting that there is a vacancy for an administrative assistant with the following qualifications: previous service with minimum tour of overseas duty completed, preferably in the last three grades, prior to honorable discharge; a competent typist, an enlisted man in the Regular Army for three years to serve with the office of the unit instructor in Greenville. Applications should be made to Executive Officer Lt. Col. E. J. Wallace, Jr., Greenville, N.C.

Not A Good . . .

(Continued from page one)

free nations to remain so.

Tito's defiance could, for example, adversely affect the Soviet plans for the Communization of China. General Mao Tse-Tung, the Red leader, may or may not be Moscow's man. The fact remains however, that Nationalism runs strong in China and it is quite possible that a so-called Communist China would be of the Yugoslav brand, that is, Nationalist.

So we see that Moscow is pushed into a corner where it is bound to take strong action to defend its world revolution by bringing Yugoslavia into line. Therefore Marshal Tito's scalp is at a premium right now. But how to get it?

Tito is tough and tenacious. He is endowed with more fearlessness and daring, as regards his personal safety, than falls to the average person. He demonstrated that time and again during the world war when Hitler put a huge price on the Yugoslav leader's head.

Daniels Denies B-36 Testimony

Raleigh, Aug. 25—(AP)—Jonathan Daniels asserted today he had never asked anyone to secure information for him on the army's B-36 bomber program.

Daniels, editor of the Raleigh News and Observer, was asked to comment on testimony heard by the House Armed Services committee yesterday in which Cedric Worth, a special assistant to the secretary of the navy, acknowledged he wrote an "anonymous memo" which resulted in a probe of the air force bomber program.

Worth, who was suspended yesterday from his navy job, testified he prepared the memo at the request of Rep. Deane (D-NC). He added that Deane wanted the information for Daniels who was being considered for appointment as navy secretary.

"I did not request anyone to get information of that nature for me," Daniels said.

"I never heard of Mr. Worth before," he added. "At the time I was considering the appointment as secretary of the navy I did see several documents. None of those documents entered into my decision in regard of the matter (his decision not to accept the appointment)."

European . . .

particularly in the export trade, which gave warning of the difficult problems that must be solved before the goal of economic independence can be attained.

The agency noted that Western Europe boosted its exports during the 12-month period, through April 2, 1949, until they were about equal to the prewar volume. This, it said, was a significant gain.

Police Seek Negro On Charge Stabbing His Wife In Back

Greenville police shortly after noon today were searching for Willie Dyer, Negro, who is charged with stabbing his wife, Margaret, with a knife in her back between the shoulders.

The woman, who gave her address as Cooper's Lane, is at Pitt General Hospital. A surgeon there said she was not seriously wounded.

(Continued from page one)

there would be a new law, called the Aiken law.

This is where the four plans—the Aiken law and the Gore, Anderson and Brannan plans—come in. This is what they would do:

Aiken—set a sliding guarantee of 60 to 90 per cent of parity (instead of the flat 90 per cent, as at present) under the law expiring Dec. 31) on the six basic crops. On other crops there'd be a guarantee from zero to 90 per cent.

Gore—Keep the 90 per cent guarantee on the six basic crops and guarantee 60 to 90 per cent of parity on other crops which the government chooses to help.

Anderson—Give a 75 to 80 per cent guarantee of parity on the six basic crops (instead of the 90 per cent under present law and the Gore plan) and on other crops make it 60 to 90 per cent.

Brannan—Keep a high parity guarantee on non-perishable crops, like wheat, but let perishables, like milk and meat, find their own price level in the public market. But—

Let the government decide what is a fair price for the perishables. If the public market price fell below that level, the government would pay the farmer the difference between the low price he got and the price considered fair by the government.

Last Rites Saturday For Willie Faulkner

Willie Faulkner, 41, of near Hookerton, died in McCall Sanatorium, N.C., Thursday morning at 7:30 o'clock after eight weeks of illness. Funeral services will be conducted from the home Saturday afternoon at three o'clock by the Rev. D. W. Alexander. Free Will Baptist minister of Bethel, assisted by the Rev. Clifton Rice, Free Will Baptist minister of Kingston and burial will be in Rainbow Church cemetery nearby.

Mr. Faulkner was married to Miss Dora Johnston of Green County in 1925. He had spent most of his life in the Hookerton community and was a farmer.

Surviving are his wife, Mrs. Dora Faulkner; three sons, Willie Palmer, Fred J. and Walter Gardner; Faulkner of the home; a daughter, Sylvia Jane Faulkner of the home; his mother, Mrs. Rome Morris of Kingston; and two half brothers, J. R. and Jesse Hardy Morris, both of Kingston.

KIWANIS DIRECTORS MEET TONIGHT AT 6 O'CLOCK

The Kiwanis Club's board of directors will meet tonight at 6 o'clock at Respers' barbecue place on the Bethel highway. President Arthur Tripp will be host to the officers and directors.

In 1893, the U. S. Supreme court ruled that the tomato is a vegetable. But by botanical definition, the tomato is a fruit.
