

Considerable cloudiness with occasional light rains or drizzle tonight and Wednesday morning, becoming partly cloudy and warmer Wednesday afternoon.

Highest Average For Leaf Season On Local Market

Over 1,300,000 Pounds Of Tobacco Sold For Average \$55.94 Monday

Greenville's tobacco market yesterday registered its highest daily average of the season as 1,343,408 pounds of leaf were sold on local warehouse floors for an average of \$55.94 per hundred pounds.

Sales Supervisor W. L. Wheeler said this morning, "This is the peak of the season. This average is not any second, third or fourth pulling aside, or any other selected hand-picked average, but included every pound of tobacco sold on all of Greenville's 17 warehouse floors, including green, common, non-descript, trash and damaged tobacco; and gross pound for pound and dollar for dollar with government figures."

The government report for sales on the eastern belt markets for last week shows tobacco continued to be marketed at a rapid rate during the week. Average prices for the belt held firm to higher than the previous week, and the general quality of the offerings was improved.

The week's average for the entire eastern belt, according to the government report, was \$51.57 per hundred as gross sales totaled 47,880,143 pounds. The average price for the entire eastern belt was \$2.72 higher than last week, but sales were approximately four million pounds lighter.

The government report shows gross sales for the eastern belt for the season through Friday amounted to 270,433,948 pounds and the entire belt has averaged \$46.63 for the total sales.

Based on the September 1 government crop estimate of 384,400,000 pounds, and allowing for resales slightly over 60 per cent of the 1949 crop has been sold in 25 days, the government report says. In some sections, the report states, the crop is more than 75 per cent sold.

Agreement On Arms Aid Speeds On Way

News Of Atomic Blast In Russia Brings House Reaction; Higher Senate Figure Is Adopted

Washington, Sept. 27—(AP)—Swift agreement in a Senate-House committee on a \$1,314,010,000 overseas arms program sped along today one U. S. answer to Russia's A-bomb claims.

The news of an atomic blast in Russia served to speed agreement among the lawmakers that friendly nations must be strengthened against the threat of Communism.

A Senate-House conference late yesterday sidetracked a House economy move and agreed, in three hours, on the higher cost program voted earlier by the Senate. The discarded House figure was \$869,415,000, or \$444,595,000 less than the agreed-upon Senate figure.

The conferees worked on final small points today. This will clear the way for final Congressional action.

Chairman Connally (D-Tex) of the Senate Foreign Relations committee told reporters the Russian atomic reports "have given the arms program new strength."

Republican Senators Bridges of New Hampshire and Klowland of California agreed. Usually, conferees appointed to settle Senate-House differences reach agreement by an in-between compromise.

Atomic Control Ideas All Of The World's Powers Want International Control For The Atom, But Soviet And West Far Apart On How To Do It; No Agreement In Sight As Things Stand

By DeWITT MacKENZIE

Russia's demand for international control of the atom bomb (which she now claims to possess, and quite likely does), finds complete agreement among the Western powers—providing an acceptable method of control can be devised.

However, there's nothing new in that. It's a statement which could have been made at any time since June of 1946 when the subject first came before the United Nations in a big way. Both sides call for control, but the trouble has been that the Soviet and the West have been as far apart as the poles on what the controls should be.

Moscow calls for the absolute prohibition of atomic weapons. Well and good—three cheers by all concerned. However, the Russians want the destruction of present atomic stockpiles before any convention is signed. They also insist on the retention of the veto in matters affecting atomic control, and this veto power could virtually nullify the terms of an agreement.

One of the hottest points of controversy is Moscow's insistence that each nation—rather than a United Nations commission—should do its own inspections to make sure that there are no violations.

Tax Law Revision Gets Top Priority

Congressional Action In 1950 May Produce Some New Taxes In Drive To Balance Nation's Budget; Red Ink Books Opposed

Washington, Sept. 27—(AP)—A general revision of federal tax laws was assigned top priority today for Congressional action in 1950. It may produce some new taxes in a drive to balance the nation's budget. Whether the new tax law will bear any resemblance to President Truman's now-abandoned 1949 proposal for a \$4,000,000,000 increase—no one now can say. As a general rule, Congress is not disposed to raise taxes in an election year—while 1950 would be.

There were indications that while hunting for new sources of revenue Congress may actually reduce some levies—probably in the excise list. Some members believe the wartime excise rates to be burdensome both to taxpayers and to business.

House speaker Rayburn disclosed the tax bill priority for 1950 in calling for immediate House action on a pending measure calling for expansion of the government's social security program.

The idea, Rayburn said, is to clear the way for the House Ways and Means committee to tackle overall tax revisions early next year.

The speaker did not say definitely what he expects in the new tax law but he did comment, significantly, that the government cannot indefinitely continue deficit financing—that is, borrowing to pay for day-to-day spending.

This followed a recent statement

Fate Awaited

San Francisco, Sept. 27—(AP)—The fate of Iva Toguri D'Aquino, charged with treason as the "Tokyo Rose" of wartime radio Tokyo, was still in the hands of the jury today.

At 11:11 p. m. last night, weary court attaches, and scattered spectators were informed that the jury of six men and six women was retiring for the night.

Well Above Last Year's Mark, But Far Below Hopes

The campaign to sell 800 season tickets to Greenville High School athletic events rolled into the homestretch this week far below its original goal but at the same time considerably above last year's total.

O. E. Dowd, Greenville High superintendent, reported this morning that approximately 120 tickets had been sold at the high school. George Lautes, spearheading the adult ticket sales, reported that well over a hundred adult tickets had been sold. He is believed that the adult sales are around 150.

No more than 200 tickets in all were sold last year, it was pointed out.

Though the school officials found little cause to complain with the results of the campaign, they pointed out today that the sale was far below their hopes. "We're pleased to have sold so many tickets but still we haven't sold enough to finance the athletic program we have planned," Dowd explained.

The ticket sales will close on Friday night at the Greenville-Jayden football game. Meanwhile the Lions, Kiwanis, Rotary and Jayces of Greenville are still selling tickets in an effort to run the total sales higher.

Fear 13 Dead In Crash Of Bomber

Tulihina, Okla., Sept. 27—(AP)—A B-29 Air Force bomber crashed and burst into flames near this southeastern Oklahoma town early last night, possibly snuffing out the lives of 13 crew members.

Tinker Air Force base officers in Oklahoma city said the plane was on a non-stop navigational training flight from Smoky Hill base, Salina, Kas.

Airforce authorities did not disclose names of the 13 men who boarded the plane on its takeoff.

Dorsey Band Was Dorsey Favorite

Los Angeles, Sept. 27—(AP)—Sometimes when Bandleader Jimmy Dorsey came home late at night he would play one of his recordings as many as 100 times, his wife testified in obtaining a divorce.

"If anybody brought records by some other musicians into the house, he would smash them," his wife of 21 years, Jane, said yesterday. She won the uncontested divorce, charging cruelty.

German Women Ordered To Die

Rastatt, Germany, Sept. 27—(AP)—Three young German women were sentenced to death today for war crimes they committed in the Nazi Ravensbruck concentration camp for women.

The Germans, Maria Minges, Ingeborg Schulz and Ruth Schumann, were convicted by a French war crimes court here. They were former Nazi SS (Elite Guard) overseers at Ravensbruck.

'Biggest Need' Is Telephones

Raleigh, N. C., Sept. 27—(AP)—North Carolinians now rate telephone service as their biggest need, Governor Scott said today.

Britain's Profit Tax Increased To Thirty Per Cent

Cripps Acts To Offset Inflationary Effect Of Cheapering The Pound

London, Sept. 27—(AP)—Sir Stafford Cripps raised Britain's profits tax by one fifth today to offset the inflationary effect of cheapering the pound.

The tax on profits now is 25 per cent. Cripps told the House of Commons he is increasing it "as from today" to 30 per cent.

The Chancellor of the Exchequer also warned British business men: "If there is any further breaking away from the voluntary limitation of dividends I shall consider myself at liberty to introduce legislation to restrict dividends in the next financial year."

Cripps opened the crucial debate in the House of Commons on the devaluation of the pound. He was fortified by a labor party caucus which, informants said, decided to stand behind the government on the currency issue.

A treasury spokesman said Cripps has authority to raise the tax on business and industrial profits at once. Later, the spokesman said, the Chancellor presumably will submit some sort of formal motion asking House of Commons approval, which would be virtually automatic in view of the heavy labor majority.

Informed observers saw the action as a sop to rank and file labor which has been complaining that the little people will suffer most from the cheapering of the pound from \$4.03 to \$2.80.

The trades union congress has been insisting that even a slight rise in the cost of living would prove unbearable to the lower paid British workers. The TUC has not yet given the government, of which it is the most powerful pillar, its public support on the devaluation policy.

In his address today Cripps insisted that food price increases "are not likely to come either in labor measure or soon." The price of bread, however, already is up a penny.

Cripps said that it may be that by the end of the year the cost of living index figure may be up above a point.

Mother And Three Quadruplets Die

Chicago, Sept. 27—(AP)—Mrs. Bernice Ecker, 33, and three of the quadruplet babies born to her last night were dead today.

The remaining infant, a tiny girl, was given a 50-50 survival chance by physicians at Holy Cross Hospital.

HIGHER AND HIGHER Reading, Pa., Sept. 27—(AP)—Just a day after she claimed a new altitude record for light planes, Mrs. Mildred Zimmerman, 27-year-old Reading housewife, soared to an unofficial new mark of 26,400 feet.

FAIRBANKS HONORED Rome, Sept. 27—(AP)—Film Actor Douglas Fairbanks, Jr., was given an Italian decoration today for his work in organization of "CARE" packages.

Grooming Livestock And Poultry For County Fair

Pitt County 4-Hers, FFA boys, veteran trainees and adults are grooming their livestock and poultry today for the big Pitt County Fair which gets started here Saturday.

And they have reason enough to be making their animals look their best for the show too.

A look at the premium list shows there will be \$250 in prizes offered in the dairy cattle class alone. It was pointed out that premium money will be paid on a 3-2-1 basis.

Animals placing in the blue ribbon group will receive premium money not to exceed \$15 and the prizes will taper downward for the runnersup.

Three ribbons and premium money will be offered to the top three Jersey heifer yearlings and calves and the three top Guernsey heifer yearlings and calves in the Dairy Cattle department.

Also in the Livestock Department under Henry T. Smith, will be eight first and second place awards

for Poland China pigs and hogs in addition to the four awards to be made to the champions.

Like awards will be made to Duro-Jerseys, Hampshires and other breeds. Prizes range from \$77.50 for the winners to \$5.00 for the second place animals.

In the Poultry Department, under the direction of Roy Bowling, will be awards of five dollars and three dollars for the best White and dark Barred Plymouth Rocks, New Hampshire Reds, and S. C. Rhode Island Reds. The Mediterranean Class chickens will be judged separately with prizes of five dollars and three dollars going to the winners and runnersup of the S. C. White Leghorns and the Anconas.

Awards are also offered for the best turkey hen, the top pullet and the pen of turkey judged best. Awards run from three dollars to five dollars, officials said.

All the animals will be exhibited at the fair from Tuesday until Saturday, the premium list booklet shows.

Utilities Expansion Project Is Given Tentative Approval

A project which could mean electrical service for approximately 2,300 additional homes in rural sections of Pitt, Craven and Beaufort counties was given tentative approval last night by the Greenville Utilities commission.

Members of the commission in a special session passed a resolution authorizing their engineer to proceed to prepare the data necessary for an application for a loan from the Rural Electrification Administration to make proposed extensions of rural lines.

According to the data compiled for the Greenville utilities by L. E. Wooten of Raleigh, consulting engineer approved by the REA, the proposed extension of rural lines by the local utilities will take 302.8 miles of additional primary lines in outlying areas. It was pointed out by engineers and members of the commission in last night's meeting that the entire extension of rural lines now proposed by the Greenville utilities is within the territory served by the Greenville power plant.

A breakdown of the prospects which would be afforded electrical service by the proposed extension

of Greenville power lines shows 1,586 homes in Pitt County, 603 homes in Craven County and 112 homes in Beaufort County. Existing rural lines of the Greenville utilities total 672,883 miles and serve 3,688 customers in rural areas.

Martin Swartz, superintendent of the Greenville Utilities, told members of the commission last night the present facilities of the Greenville power plant are adequate to take care of the additional load which the proposed extension would put on the power lines.

A spokesman for the Utilities commission said last night's action is a continuation of the program of extension of rural lines which was begun by the local commission in 1939 when Greenville received a loan of \$80,000 from the REA for extension of its lines to serve people in rural areas.

The new extension of rural lines has been under consideration by the local utilities commission for approximately six months, and approximately three months have been spent by engineers in compiling maps and other data of the territory served by the Greenville utilities.

Members of the utilities commission last night expressed the intention of discussing with the board of aldermen proposed extension of lines as soon as a report on the application for a loan can be received from the REA office in Washington. Dr. K. B. Pace, chairman of the Utilities commission, said after approval of the project by the Utilities commission and the board of aldermen will be necessary before the extension of the lines begin.

State Police Guarding Against Coal Violence

Pennsylvania Patrol Alerted; Violence In West Virginia As Roving Pickets Try To Close Non-Union Mining Operations

Pittsburgh, Sept. 27—(AP)—Scores of state policemen patrolled highways in western Pennsylvania today to prevent an outbreak of violence in non-union coal fields.

Last night an unestimated number of officers from widely scattered points gathered at the Clearfield barracks. Fourteen operators of 30 mines closed by picket violence last week prepared to operate as usual. Most of the mines are strip operations—where the earth's surface is scooped away to reveal shallow veins of coal.

Reports of violence came from West Virginia yesterday. Two pickets were arrested and one unidentified person injured as bands of roving pickets closed all non-union coal mining operations in Gilmer County, and in Tuscarawas County in Ohio, nearly 200 men forced truckers hauling non-union mined coal to dump their loads.

"We are going to protect property and see that no damage is done," said Sgt. James Stuck of the state police. "So far we've arrested four men on charges of rioting or damaging property. We'll continue to enforce the law in Pennsylvania."

In Clearfield developments came as the strike of John L. Lewis' 480,000 United Mine Workers entered its ninth day. The miners walked out after trustees of the soft coal welfare and pension fund cut off payments—and after Lewis has emphasized that some southern operators had quit making the 30-cents-a-ton royalty payments.

There are no signs the strike will end soon. The UMW is scheduled to meet Wednesday with southern soft coal operators at Bluefield, W. Va.—apparently on the question of back royalty payments. Lewis has served notice he'll not bargain on a new contract, to replace the one which ran out last June 30, until they ante up.

China Formally Charges Russia Backing Red War

Lake Success, Sept. 27—(AP)—Nationalist China made a formal complaint to the United Nations today charging Russia is backing the Chinese Communist war to overthrow the Kuomintang government at Canton.

The case was presented by T. F. Tsiang, chief Chinese Nationalist delegate in U. N. He asked urgent assembly action against the Chinese Communists.

Details of the charges were not made public immediately. Tsiang presented the case in two letters. One was addressed to assembly president Carlos P. Romulo an outspoken foe of Communism. The other letter was addressed to Trygve Lie, U. N. secretary-General.

Patrol To War On Novelty Bird

The State Highway Patrol announced today a crackdown on all cars which have any novelty birds attached to their windshields.

The patrol office said that the state patrolmen will begin citing to court all motorists who have those colored novelty birds attached to their windshields, side glass, or the rear window.

The reason for the new step by the patrol is a state law which prohibits car owners from driving with their windshields clustered in such a way as to block their vision.

In recent months many car owners have put novelty birds on their windshields. The birds must be off by Wednesday, the patrol office said.

Military Pay Bill Wins Acceptance

Washington, Sept. 27—(AP)—The House accepted Senate amendments today and sent to President Truman a bill raising the pay of personnel of the Armed Forces.

The Senate changes in the \$300,000,000-year measure were so minor that Rep. Kilday, (D-Tex.), who headed the committee that drafted the original House measure, said there was no disagreement worth sending to conference.

Webb Urges 'Point Four' Program OK

Undersecretary Of State Urges Approval By Congress In Interests Of World Security

Washington, Sept. 27—(AP)—Undersecretary of State Webb today urged Congress to approve President Truman's "point four" aid program for backward areas "in the interests of world security."

"Democracy is most secure where economic conditions are sound," Webb told the House Foreign Affairs committee.

The State Department official appeared before the committee as the first of a parade of administration witnesses who are expected to ask Congress to act on the program before adjournment. With Republican opposition mounting, there seemed little likelihood that this will happen.

The program calls for \$45,000,000 to start 18 kinds of improvement projects in the world's undeveloped countries. The aim is an eventual boost in living standards.

In his prepared remarks, Webb said that since Mr. Truman mentioned the idea of such a program as a major point in his inaugural address, it "has aroused great hope throughout the world."

"As originator of the proposal, we in the United States are being looked to for constructive leadership in carrying it forward," he added.

Communist China Flag Is Chosen

Shanghai, Sept. 27—(AP)—Communist China's flag will be red with a large yellow star in the upper left surrounded by four smaller yellow stars, pro-communist newspapers said today.

China Formally Charges Russia Backing Red War

Lake Success, Sept. 27—(AP)—Nationalist China made a formal complaint to the United Nations today charging Russia is backing the Chinese Communist war to overthrow the Kuomintang government at Canton.

The case was presented by T. F. Tsiang, chief Chinese Nationalist delegate in U. N. He asked urgent assembly action against the Chinese Communists.

Details of the charges were not made public immediately. Tsiang presented the case in two letters. One was addressed to assembly president Carlos P. Romulo an outspoken foe of Communism. The other letter was addressed to Trygve Lie, U. N. secretary-General.

Senator Doubts Russia Can Stockpile A-Bombs

Washington, Sept. 27—(AP)—Senator O'Mahoney (D-Wyo.) said today every sign indicates Russia doesn't have the industrial know-how or facilities to stockpile atomic bombs.

O'Mahoney, who led one congressional group in the drive to tighten the secrecy around American atomic developments, told a reporter he doesn't agree with Senator Hickenlooper (R-Iowa) that information leaks may have speeded Soviet efforts to fire an A-bomb.

"The basic scientific information has been no secret," the Wyoming senator said. "It's the industrial know-how of making the bombs that's important."

"The Russians just don't have the technical abilities nor the facilities to stockpile bombs. Just look at their attempts to produce automobiles. They are far behind and this certainly is a much more complicated matter than producing automobiles."

President Raps Critics Of Fair Deal In Address

Seeks New Women Recruits For Democratic Party In Campaign-Like Talk

Washington, Sept. 27—(AP)—President Truman declared today that those who denounce his "Fair Deal" program as "Allen or dangerous" are "just 160 years behind the times."

The chief executive sought new women recruits for the Democratic party with a campaign-like promise to press forward with housing, educational aid, expanded social security and labor objectives of the 1948 platform.

He asked the women of the country to "look beneath the labels to see the facts" and not to be "misled by political slogans."

He said women's interest in government "goes far beyond job holding or partisanship."

He spoke via radio from the White House on "Democratic Women's Day" on a broadcast with Mrs. India Edwards, director of the women's division of the Democratic National committee.

Also on the program were Mrs. Elsie West, Lothian, Md., Mrs. Albert C. Hulihan of Slippery Rock, Pa., and Mrs. George London of Raleigh, N. C., introduced as typical American women representing farm, labor and business respectively.

The President said the Democratic party offered the women a program of "practical measures."

"It is not a blueprint imposed from on high by a little group of theorists," he said. "Neither it is a set of platitudes concocted by a group of corporation lawyers in a smoke-filled room. Our program is an expression of the desires of the people."

He added that this program, "unshakably founded on the principle that the power of government should be used to promote the general welfare," is "as American as the soil we walk on."

In saying that those who make "outries" against his proposals as "something alien or dangerous" are 160 years out of date, Mr. Truman said they want the people "to forget the language of the constitution."

'Anti-Freeze' Mixture Poisons Negro Convict

A Negro prisoner at the State Prison Camp, near Maury in Greene County, quenched his thirst for an alcoholic beverage last Sunday by drinking some "anti-freeze" solution and he died "suddenly," Capt. J. H. Austin, prison superintendent, reported.

"King" Solomon Spencer, Greenville Negro, serving time for breaking, entering and larceny and being drunk, drank the scorching liquid, a product usually used in motor vehicle radiators to prevent freezing in cold weather, a guard stated.

"King" Solomon was convicted in Police Court in Greenville last July 4. He was given six months. Testimony was that he stole a coat suit from Anna Lee Fleming, colored, and a coat and two pairs of trousers from Abraham Johnson, colored. He was well known to local police and was a frequent offender in Police Court, authorities said.

Quebec Jeweler Is Declared Sane

Quebec, Sept. 27—(AP)—A Quebec jeweler accused of blowing up a plane with a time bomb to murder his wife and collect \$10,000 insurance, is sane, according to police.

They said the jeweler, J. Albert Guay, was found sane yesterday by Dr. Gustave Desrochers, Quebec psychiatrist, and other experts after a mental examination.

Truman's Four Roads

The President's Inaugural Address And Proposed Policy On International Relations; 'Bold New Program' And Point Four; Steps Taken To Accomplish Goals

By OVID A. MARTIN

Washington, Sept. 27—(AP)—Bareheaded on bright, cold Jan. 30, President Truman stood on the temporary wooden stand at the capitol and delivered his inaugural address, beginning his full, four-year term.

In that address he outlined four roads down which he thought the U. S. should travel in its international relations in the years ahead. He listed them as four points in this country's foreign program:

1. We should continue to stick by the United Nations. This the U. S. is doing.

2. We should continue our program for world recovery. For example, the Marshall Plan. Later this year Congress voted to continue the Marshall Plan.

3. We should help strengthen friendly nations against fear of aggression. Congress has acted on that. It approved the Atlantic Pact, linking us in a military alliance with Western Europe. And then it voted arms for our allies.

4. We must set out on a "bold new program for making the benefits of our scientific advances and our industrial progress available for the improvement and growth of un-

Mr. and Mrs. Chauncey L. DuPree, Misses Emilie DuPree and Sarah Stancill, Mrs. Jarvis Tripp and Carlton Wilson have returned from Hazelton, Penn., where they attended the DuPree-Kirschner wedding on September 24.

Conrad Taylor has returned to Nashville, Tenn., after spending two weeks in Greenville with his parents, Mr. and Mrs. O. A. Taylor, Sr.

Mrs. Royce Jones, Mrs. Jake Dixon and Mrs. Alton Clapp of Greenville and Miss Alice Hodges of Kinston, left this morning for Winston-Salem and Statesville to meet with the registered nurses of that area.

Miss Jean Warriner has returned from a visit to Virginia Beach and is visiting Mrs. Doyle's mother, Mrs. Roy C. Flanagan.

Miss Jean Warriner has returned to her home in Portsmouth, Va., after spending the week-end at ECTO.

Vanderburgh-Gladson and Mrs. L. R. Gladson of Grimsland, N. C., announce the marriage of their daughter, Betty Frances, to Mr. Myron Vanderburgh, son of Mr. and Mrs. William Vanderburgh of Jackson Michigan, on August 29 at Angola, Indiana.

40 Years Ago Today

THE DAILY REFLECTOR
September 27, 1909
The Barkoot Amusement Co. is conducting a carnival here this week.
The attendance at the Methodist Baraca class has taken a slump for the past month, but it is hoped that with more agreeable weather a new vigor will be demonstrated and once more the class room will undergo a "full house." During the month of September the total number attending was 149, an average of 37 each Sunday. The collection was \$4.80.

To Represent Class at Meredith Sweet girl graduates through the years will be on display in miniature at Meredith College on Tuesday, September 27, when the college observes its 50th anniversary with a special all-day celebration.
The class of 1903 will be represented by Mrs. S. J. Everett of Greenville, the former Miss Margaret Shields. She will be recognized along with members of each succeeding graduating class, by President Carlyle Campbell, preceding an address by Senator Frank Porter Graham on the occasion of Meredith's Golden Anniversary celebration.

Junior Kings Daughters The Junior Kings Daughters will meet Thursday afternoon at 3:30 in Sheppard Memorial Library.

Riggs-Briley Mr. and Mrs. Jesse A. Briley request the honor of your presence at the marriage of their daughter Frances Earle

Mr. Howard Manly Riggs on Saturday evening, October first, nineteen hundred and forty-nine, eight o'clock, Salem Methodist Church, Simpson, North Carolina.

Bridge Tournament The Junior Women's club will hold its annual bridge tournament Thursday night, Sept. 30, at 8 o'clock at the Woman's Club building. The proceeds from this tournament will be used to pay for a refrigerator for the club. For reservations call Mrs. Maude Swain, phone 4729 as early as possible.

V.F.W. Auxiliary Holds Meeting

The Ladies Auxiliary of the Charles Gray Morgan Post No. 7032 of the Veterans of Foreign Wars held its regular monthly meeting last week with Mrs. Margaret Brown, the president, presiding. Reports were heard from Mrs. Lillian Parks, Mrs. Lillian Thomas, Miss Jane Broadwell and Mrs. Margaret Brown, four of the delegates who attended the district meeting which was held recently in Washington.

Mrs. Lillie Pearl Joyner was elected conductress. Mrs. Annabelle Averette made announcements concerning the Buddy Poppy sale which will be held in November.
Hostesses for the evening were Mesdames Edith Williams, Mavis Alder, Zula Waters and Maude Whitley.

C. E. Bray Aboard Vessel Taking Part In Amphibious Test

Cecil Everett Bray, son of Mrs. M. M. Bray, 706 West 5th Street, Greenville, is on active duty aboard the U.S.S. LSM(R)512 which is taking part in the demonstration landing on Carson's Beach, Old Harbor, Boston, Mass. on September 29.

This will be the largest amphibious landing ever held in an East Coast metropolitan area the size of Boston. Under the command of Captain Richard M. Phillips, USN, the task group is comprised of eight seagoing ships, three small landing ships, Battalion Landing Team Two a Reserve Marine Corps aid detachment from Naval Air Station Squantum, Mass., and Marine jet fighters and helicopters. Some 3,000 Navy and Marine Corps personnel will participate in this assault which will be conducted as realistically as possible. The landing demonstration is given in connection with this year's annual national assembly of the Marine Corps League.

Bookmobile Schedule

For Thursday
Falkland Post Office—10:30-10:45
Falkland School—10:50-12:15

4-H Clubs Elect Year's Officers

Officers of the following 4-H clubs in Pitt County were elected this week to serve for the 1949-50 year, as announced by Miss Marjorie Shearin, assistant home demonstration agent.

Fountain 4-H Club: President, Catherine Baker; vice president, Billy Baker; secretary, Sylvia Gardner; and reporters, sigbe Dilda and Shirley Tugwell.
Falkland 4-H Club: No president; vice president, Tanya Anderson; secretary, Don Wooten; reporter, Sarah Curry.
Bethel Jr. 4-H Club: President, Sammy Carson; vice president, Becky Keel; secretary, Julian Smith, and reporter, Mary J. Wynne.

Bethel Senior Club: President, Mary Ruggles Tetterton; vice president, Donald Anderson; secretary, Joyce Wilson; and reporter, Janelle Whitley.
Stokes 4-H Club: President, Barbara James; secretary, Jimmy Robertson; and reporter, Jack Warren.

Musical Program For Lions Club

The Greenville Lions Club enjoyed a most entertaining musical program at their regular meeting last night at the Woman's Club. Mrs. Louise Carter was the featured vocalist on the program, and Professor George Perry of the East Carolina Teachers College music department interpreted two compositions on the keyboard. For her first group of numbers Mrs. Carter sang with much expression a collection of three selections of and about children. In more serious vein she presented the lovely melody, "The Clothes of Heaven." To conclude the vocal portion of the program Mrs. Carter sang the exciting, "Let My Song Fill Your Heart."

As a preface to the piano selections, Dr. Perry stated that it was evidently George Gershwin Week. He played Gershwin's "Second Prelude" in true Gershwin style. He concluded his portion of the program with a boogie selection much to the delight of the club. He played Eddie Haywood's arrangement of "Begin the Beguine."

Lion President Ernul Willis pre-

sided over the meeting at which time several committee reports were made. Chairman George Lautares of the Boys and Girls Committee reported that while he did not have a final report on the sale of season tickets to the Greenville High School athletic events it did appear that the revenue would exceed any previous year. Lion Frank Brown made a report of the organizational meeting of CROP which the Lions Club is assisting. He stated that the commodity for Pitt County to collect and send as foreign aid was corn. Lion President Willis reported that the Greenville Lions Club was quite active during the month of August with some 17 projects and activities to its credit.

First 'Green Lights' Issue Out Wednesday

The first issue of Green Lights, Greenville High School publication, will come out tomorrow, it was reported at the high school this morning.

The paper, which will be published every three weeks this year, is under the co-editorship of Tommy Lupton and Miss Anne Rae Waters. Mrs. G. C. Frye is advisor.

Aged Survivors Of Confederacy Plan Last Meet

Little Rock, Ark., Sept. 27—(AP)—Tales of long ago—the War Between the States—were told anew today as the dwindling ranks of Confederate veterans opened what probably will be their next-to-last reunion.

Eight of fewer of the 28 surviving men who wore the gray were expected to attend the get-together here, which will continue through Thursday. Three affiliated organizations also will meet.

Among the opening day's features will be two concerts by the U. S. Marine Corps band, appearing under an act of Congress.

Three former men of Gen. Robert E. Lee—102-year-old James A. Thrasher of Louin, Miss.; Gen. James W. Moore of Selma, Ala., 98,

Rotarians Hold Meeting Monday

By WYATT BROWN
The custom of having newer Rotarians tell about where they come from and why was indulged last night by the Rotarians when they called upon Rotarian Alan Hurlbert to "tell all." What appealed to the Rotarians most was Dr. Hurlbert's telling how he decided to come to East Carolina Teachers College because the faculty was so gracious, the campus so beautiful and the city of Greenville so attractive.

J. H. Rose, superintendent of the city schools, made an additional report on the Rotarians' sale of high school athletic season tickets. The Rotarians sold a total of \$280 worth of tickets. John Fleming, Badger Johnson and Herbert Hadley accounted for the increase over the last report.

Program Chairman Elmer Browning threw the meeting last night open for anyone to say what was on his mind. Jasper Winslow told how he had observed the absence in Greenville of free drinking water where it did not have to be requested—the warehouses are closed. He further called attention to the absence of seats for visitors and no public toilets. Rotary President Erzell Webb accepted the challenge for the club to do something about the matter.

Guests of the club last night were Dr. W. E. Marshall of the ECTC faculty, Angus McMillan of Bristol, England, and Frank W. Webster of Raleigh. Visiting Rotarians were Arthur H. Vall and Long Palmer, both of Huntington, Long Island, New York. Erzell Webb, club president, presided.

The annual harvest of oysters in the United States is about 11,700,000 bushels, valued at \$5,000,000 more.

Three different types of oysters are taken from U. S. waters, the large eastern oyster, the small native Olympia oyster found on the west coast and an imported, large Japanese oyster.

Mortality From Ulcers Is Down

New York, N. Y.—Ulcers are popularly supposed to reflect the increasing tempo of modern life, but actually the mortality from these conditions has been on the down trend for many years, according to the statisticians of the Metropolitan Life Insurance Company. Among the company's millions of Industrial policyholders, the death rate from peptic ulcer in 1948 were nearly 30 percent below the peak reached in 1935.

The recorded improvement has been greater for the mortality from ulcers of the stomach than of the duodenum (the part of the small intestine nearest the stomach). Among males, the chief victims of these conditions, the death rate from stomach ulcer in 1944-1948 was nearly one fourth less than that a decade earlier. The decline extended to all age groups under 65 years and was greatest at the younger ages. On the other hand the death rate from duodenal ulcers has changed little for many years.

Among women, who have always had a lower death rate from these conditions, the mortality trends have been more favorable. As a result, the death rates among males from ulcers are now seven times as high as among females, the statisticians observe.

The outlook for ulcer patients has greatly improved in recent years, and their length of life has increased. This has been brought about by advances in diagnosis and in the medical and surgical treatment of the disease.

Every once in a while some organized body in the North comes out with a brand new idea by which they may take control of some phase of national life.

This time it is the National League of Nursing Foundation, with its headquarters and controlling officials in New York. They are trying to figure out a way to stop nurses' training in North Carolina hospitals, as well as hospitals in other states when their approval is not forthcoming.

The League claims that their control would be a step in raising the nursing standard, but Registered Nurses emphatically disapprove of their idea and has issued a statement declaring that they would lower the nursing standard instead of raising it.

It seems that the New Yorkers want to arrange the training so that nobody can be a nurse except those who get their training in colleges. They are declaring that nurses should devote themselves to public health, education and social work, prevention of illness, research, etc. They ignore entirely the fact that we'll still have sick people who need nursing. They ignore the fact that splendid nurses are turned out every year by hospital training classes not connected with colleges at all.

Take Rocky Mount and Kinston, for instance—we have numbers of fine nurses who went straight from high school to hospital training centers. Some of them would not have been financially able to go to colleges like Vanderbilt and others. The whole State of North Carolina would be in sore straits about caring for sick people if there were no nurses except those who received their training in colleges.

Naturally, we do need the college-trained nurses. We need nurses equipped for educational work, research, laboratory, and various other phases of health prevention, and it is to be hoped that we'll have

Capital News Is Slow In Moving

Washington—(P)—Fred Bailey, an official of the National Grange went to see an Agriculture Department official. While waiting he casually asked a stenographer what she thought of the Brannan plan of farm price supports.

"Who's Brannan?" asked the stenographer.

"Why," replied Bailey, "he's Secretary of Agriculture!"

"He is? Then what became of Clifford Anderson?"

Grandfather And Son At College

Chapel Hill, Sept. 27—A 44-year-old grandfather and his 18-year old son are registered in the freshman class at the University of North Carolina this fall.

When Henry Peterson Leighton retired from active duty with the Army last May, he began making plans to get started on a college degree. At the same time, his son, William Wood Leighton, was completing his senior year at Chapel Hill High school. Now father and son find themselves as classmates in their first year of college.

Seek To Control Nurses' Training

Every once in a while some organized body in the North comes out with a brand new idea by which they may take control of some phase of national life.

This time it is the National League of Nursing Foundation, with its headquarters and controlling officials in New York. They are trying to figure out a way to stop nurses' training in North Carolina hospitals, as well as hospitals in other states when their approval is not forthcoming.

The League claims that their control would be a step in raising the nursing standard, but Registered Nurses emphatically disapprove of their idea and has issued a statement declaring that they would lower the nursing standard instead of raising it.

It seems that the New Yorkers want to arrange the training so that nobody can be a nurse except those who get their training in colleges. They are declaring that nurses should devote themselves to public health, education and social work, prevention of illness, research, etc. They ignore entirely the fact that we'll still have sick people who need nursing. They ignore the fact that splendid nurses are turned out every year by hospital training classes not connected with colleges at all.

Take Rocky Mount and Kinston, for instance—we have numbers of fine nurses who went straight from high school to hospital training centers. Some of them would not have been financially able to go to colleges like Vanderbilt and others. The whole State of North Carolina would be in sore straits about caring for sick people if there were no nurses except those who received their training in colleges.

Naturally, we do need the college-trained nurses. We need nurses equipped for educational work, research, laboratory, and various other phases of health prevention, and it is to be hoped that we'll have

more of them as the years go by. At the same time we are in dire need of the hospital nurses' training courses which are doing such a good job every year. It is to be hoped that some way will be found to make those smart-alecky New Yorkers get themselves back in a corner and shut their mouths unless they can say something that has more sense to it.—(Adv.)

At the same time we are in dire need of the hospital nurses' training courses which are doing such a good job every year. It is to be hoped that some way will be found to make those smart-alecky New Yorkers get themselves back in a corner and shut their mouths unless they can say something that has more sense to it.—(Adv.)

Diverse Use Of Public Roads In Mapping Project

By LYNN NISBET
 Raleigh, Sept. 27—(AP)—The public roads administration of the federal government, the state highway commission and local communities frequently have conflicting ideas about most appropriate location of a highway.
 The federal agency is concerned only with through traffic and money allocated for highway construction out of the national pot is required to be spent on projects that will serve large groups of people and wide areas of territory.
 The state highway commission is chiefly interested in roads that will connect important population centers

BEACH BALLET—Lillian Jarvis and John Marsha, of Volkoff Canadian Ballet, rehearse their routine on a Georgian Bay beach, Ontario, during practice for the coming season.

and serve large numbers of people so far as the state system is concerned. But the state commission is not so concerned about county and neighborhood roads, designed and located to serve local communities and more or less isolated farms.
 Your reporter inadvertently got in a conference Monday between

a citizen of an eastern county and the chairman of the state highway and public works commission, when the topic under discussion was a federal-aid state road. The citizen didn't like the proposed location of the road; the state highway chairman wasn't enthusiastic about it, but insisted there wasn't anything he could do, since it was a federal-aid project.

There wasn't much difference among the ideas of location. The local man claimed the proposed route would by-pass several homes; the federal engineers said the new survey would make a better through road; the state was in the middle. Similar problems have arisen in almost every county in the state and in every instance the basic issue is that the agency which puts up the money has a voice in how and where it will be spent. Federal aid means federal engineers have a big say-so, state financing means state engineers control location and type of construction.

Under the rural road program financed by the recently voted state bond issue, county commissioners and representatives of the several communities have been accorded a lot of authority in selecting projects for priority in construction. But even in this instance, the overall state system has been given first consideration and the roads finally selected for first attention are those that fit in the whole state network for most use by most people.

After all is said and done about "local government," fact remains that the government level which puts up the money is the authority for saying how and where that money will be spent.

MEREDITH ANNIVERSARY
 Raleigh, Sept. 27—(AP)—Meredith College celebrated its 50th anniversary today with a Founder's Day address by U. S. Senator Frank P. Graham.

The first bell to be used atop a church is believed to have been placed by the Bishop of Nola about 400 A. D.

Coal Shortage

Raleigh, N. C., Sept. 27—(AP)—North Carolina coal dealers will meet here Thursday to discuss a shortage which generally has struck throughout the state.
 H. M. Davidson of Greensboro, president of the North Carolina Retail Coal Merchants Association, called the meeting. He said dealers would be asked to rally their resources to meet the serious conditions which have arisen from the coal work stoppage.

Murder Victim In Burlap Bag

Franklinton, N. C., Sept. 27—(AP)—The skeleton of a strangled Negro woman was found in a sack near here yesterday.
 Coroner Willis Perry said the woman had been dead from eight to 12 months. She had been strangled with a man's leather belt and thrust into a burlap bag, Perry added.
 The remains were found near U. S. highway 1 and sheriff John R. Moore said he thought she had been killed elsewhere and then dumped on the side of the arterial highway.

To Close Lakes In Sandhills For Big Clean-Up

Raleigh, N. C., Sept. 27—(AP)—The Wildlife Resources Commission will close lakes in the Sandhills recreation area Friday to fishermen.
 The commission said yesterday it plans to drain some of the lakes in the area this winter. They haven't been cleaned since the beginning of the war.
 After cleaning the lakes, which are in Richmond and Scotland counties, the commission said it would restock them and repair spawning areas.
 The lakes will be reopened next spring after the army completes maneuvers in the area.

February was 1948's safest month with 7,500 accidental deaths in the United States, Aug. the most dangerous with 9,200.

Pirates' Defensive Play Has Spoiled Oppositions' Attack

By FRANK HOGG
 Coach Bill Doie and East Carolina fans are mighty proud of the Pirates' defensive play. Facts, figures and motion pictures show that the Pirates' defensive team has really caused the opposition much trouble. Many "breaks" were considered the key factors in the East Carolina 24-0 win over Cherry Point but motion pictures of the game proved that the so-called "breaks" were nothing but the result of hard tackling and alertness on the part of the defensive team. Hard driving tackles jarred the ball loose from Marine ball carriers four times and on each occasion alert Pirate defenders recovered the ball. Stan Peel, end; Ken Booth, and Keith Kilpatrick, tackles, and Pete Prominski, center, all recovered Marine fumbles. One recovered fumble was converted into a Pirate

Harder, Trippi Help Card Score

Chicago, Sept. 27—(AP)—Pat Harder and Charley Trippi led the Chicago Cardinals to a 38-7 National football league triumph over the Washington Redskins last night. There were 24,136 fans in Comiskey Park for the first league contest of the season for the Cards and Redskins.

Harder and Trippi each scored two touchdowns. Harder also contributed a field goal and five points after touchdowns. Babe Dimancheff scored the other Cardinal touchdown.

PeeWee Reese, brilliant Dodger shortstop and team captain, is the only member of the team who was around when Brooklyn met the Yankees in the 1941 World Series.

Tim Curley, intercollegiate 145-pound champion from Syracuse University, is captain of the cross-country squad.

Batting Title Is Near For Williams

Chicago, Sept. 27—(AP)—Only a stretch-run slump apparently can keep Boston's Ted Williams from capturing his third straight American League batting title and his fifth since 1941.

Official figures computed through Sunday's games gave Williams a 349 listing, seven points ahead of Detroit's injured George Kell, who had 342.

Kell, sidelined for two weeks by a fractured thumb, will try to catch Williams this weekend in the three-game windup series between the Tigers and Cleveland Indians at Detroit.

The league's 10 leading hitters include five Red Sox players. Other leaders included: Dale Mitchell, Cleveland, and Bob Dillinger, St. Louis, 315 each; Dom DiMaggio, Boston, 314; Johnny Pesky, Boston, 313; Cass Michaels, Chicago, 309; Bill Gooden, Boston, 304; Vic Wertz, Detroit, 303; and Bobby Doerr, Boston, 302.

Williams last week surrendered the leadership in hits to Mitchell, who had 193, but he continued to hold the top in four other specialized departments—home runs with 43; runs batted-in with 158; two-baggers with 39; and runs with 147. Dillinger maintained the stolen base lead with 18.

Top pitcher with an .821 percentage on a 23-5 record was Boston's Ellis Kinder. Detroit's Virgil Trucks kept ahead in strikeouts with 151.

Eppes Opens '49 Football Season On September 29

On Sept. 29, Eppes High School will open its 1949 football season with West Street High School in New Bern.

Coaches Crowder and Daniels are particularly anxious to wipe out the memory of what New Bern did to them in last year's game, 13-0. The coaches feel that the team has improved over last year's team in experience and added strength from newcomers.

It was only three weeks ago when Coaches Crowder and Daniels called their Bulldogs together; since that time there has been no let up in drills, stressing blocking and tackling.

Among the newcomers, Calton Bruce Tucker is expected to come through with honors, but one cannot overlook Dagg, Adams, Jenkins, Green, Hemby, Gorham, G. Streeter and others. They have given added strength to the forward wall. There is no question about work horses: Herb Griffin, "Big" Lee, Hymn and Tincy Hines, scat back, and punt returner, "The Seven Iron Dukes," as they call themselves, are looking good in spots.

They are: Ends, H. Fritchard and Dallas Daniels; tackles, Joe Myers and James Streeter; guards, George Streeter and Bennie Williams, and center, David "Clown" Williams. Others that will see plenty of action are Fred Otterbridge, H. Lawrence and Frank Streeter.

Two Pittsburgh Games Could Be Card Downfall

Pittsburgh, Sept. 27—(AP)—St. Louis followers who have insisted all year long that the Cards go as Stan Musial goes, were viewing the current two-game series against the Pirates here with a great deal of concern.

Through the years they've learned that Forbes Field has been the toughest park for the great Cardinal slugger to hit in. With the pending bad days by Musial may mean the difference between a flag winner and a second place team.

The Cards were a game and a half to the good today, but a pair of defeats here and a Brooklyn victory in Boston tomorrow could throw the two teams in a first place deadlock before the Cards leave Pittsburgh.

Sport Slants By Pap

Top Tackle... Pap

Over a twenty-year stretch, the name of Wistert has played an important role in fashioning gridiron successes at the University of Michigan. Starting with Francis, winner of All-America recognition at tackle in 1933, the Wistert family has given three outstanding performers to the Wolverine gridiron cause. Albert duplicated his brother's success and last fall, Alvin blossomed out as a tackle of All-America caliber. And Alvin bids fair to outshine his illustrious brothers before he winds up his football career.

'Offside Coach' Keeps Players On The Beam; Saves Lots Of Yardage

Dallas—(AP)—Probably the only coach who works to cut down yardage instead of making it is E. O. (Doc) Hayes.

Hayes looks at one item in the football statistics to see how he's doing. The smaller the figures the better his record.

Hayes is called the "officiating coach" of Southern Methodist University. It is his major duty to watch the squad in practice and tell them the rules of play. If a boy is offside, Hayes calls his attention to it. If a back is in motion, he informs the young fellow what it will cost his team if he does it in a game.

Illegal use of the arms on offense is the most prevalent fault, Hayes says.

Doc came to Southern Methodist University in 1947. He had been a football and basketball official for more than a dozen years. He really knows rules.

Cardinal Batters Press Robinson In Nat'l League

New York, Sept. 27—(AP)—Jackie Robinson today continued to lead the National League's individual batting parade, but the Brooklyn second baseman was being pressed by a couple of St. Louis Cardinal stars, Enos Slaughter and Stan Musial.

Robinson dropped from 344 to 343 during the past week but Slaughter also slumped, falling from 341 to 338.

Musial tacked five points to his mark during the span and ranks third, a point behind Slaughter at 337. Brooklyn's Carl Furillo climbed from seventh to fourth place, jumping his average nine points from 305 to 314.

Rounding out the top ten are Bobby Thomson, New York, 308; Ralph Kiner, Pittsburgh, and Wilford Marshall, New York, 306; Whitey Lockman, New York, 305; Ted Kluzewski, Cincinnati, 304; and Red Schoendienst, St. Louis, and Del Ennis, Philadelphia, 300.

Phantoms, Ayden Tornadoes Turn To Heavy Drills

Coach Bo Farley's Greenville High School Phantoms and Coach Stuart Trippi's Ayden High Tornadoes settled down to heavy workouts this week in preparation for their Friday night clash at the East Carolina Stadium here in Greenville.

It will mark the first time the two squads have met on the gridiron in a scheduled game.

The Greenville club, a member of the fast Northeastern Conference, is favored to win despite Ayden's impressive 34-0 win over Zeblulon last Friday.

Coach Farley's boys, who held the potent New Bern Bears to a two-touchdown victory here Friday, will be gunning for their second win of the year. They edged Edenton's Aces 13-6 in their opener. The Aces' 'n turn defeated Elizabeth City's highly touted Yellow Jackets 15-13.

The Tornadoes, expected to be one of the more powerful teams in the Coastal Athletic Conference, are viewed by the Greenville squad, however, as a formidable foe. The Phantoms were impressed by Ayden's opening lopsided win.

Coach Trippi's Tornadoes are reportedly light and inexperienced this season but their showing against Zeblulon immediately set them up as one of the most promising gridiron aggregations.

Wolverines Can Tie Grid Record With Two Wins

New York, Sept. 27—(AP)—By beating Stanford and Army in the next two games, Michigan can tie the modern collegiate football record for winning streaks—26—Cornell won such a skein in 1921-24—Army's great wartime team, featuring Doc Blanchard and Glenn Davis won 26 in a row in 1944-46—The longest unbeaten string was achieved by California's Bears from 1920 through 1925—fifty victories and four ties without a setback—Notre Dame now has gone 29 games without a defeat but has been tied.

Opening day crowds indicate a boom rather than a sagging gate for the rah-rah sports—there were 97,299 in Michigan's expanded stadium—a crowd of 62,787 saw Southern California and Navy at Los Angeles—Ohio State had its biggest opening day crowd in history—66,510—to watch the Buckeyes edge out Missouri, 35-34.

New Yorkers' Dreams Of Subway Series Gets Jolt

By RALPH RODEN
 Associated Press Sports Writer
 The possibility was strong today that the nation's railroads—and not New York's famed subway system—will transport the participants in the 1949 World Series.

The right of way between Boston and St. Louis is the expected route of the Series personnel instead of the hour ride via the underground from Ebbets Field to the Yankee Stadium.

New Yorkers' hopes of a "subway" World Series suffered another jolt yesterday when the torrid Boston Red Sox defeated the New York Yankees, 7-6, to snap their first place tie and move a game in front of the floundering Yanks in the American League race.

The dreams of a dime classic were jarred Sunday when the St. Louis Cardinals moved a game and a half in front of the Brooklyn Dodgers by downing Chicago while Brooklyn succumbed to Philadelphia.

Both the Red Sox and the Cards renew their pennant drives on foreign fields today while the Yanks are at home and the Dodgers idle.

The Red Sox, riding a ten game winning streak, take on the last place Senators in a night game at Washington while the Yanks entertain the better equipped Philadelphia Athletics. The Cards meet the sixth place Pirates in a night game at Pittsburgh.

Joe Dobson (13-11) has been nominated to pitch for the Red Sox against Senator Ace Rae Scarborough (12-11). The Yanks will send Vic Raschi (19-10) against Dick Fowler (14-10).

Big Red Munger (15-7) has been picked to pitch for the Cards against Lefty Bill Werle (11-12).

Both the Red Sox and Yanks have five games left to play. The two contenders wind up the season in the Stadium with single games Saturday and Sunday following their three game series against Washington and Philadelphia.

The Cards clash with Pittsburgh

THERE OUGHTA BE A LAW!

DOUBLE TROUBLE

Chapter 15
Turk took his jackknife from a pocket and began to cut away Jay's bloody shirt. Full consciousness was returning now, though his brain was deadened from shock and the terrible pain. Turk bent and looked at the bluish-colored hole and then took him by an arm and slipped a horny hand beneath his side.

"Easy now, boy. Grit your teeth. I've got to roll you over."

A groan burst from Jay as he went over on his face. Ellen twisted his head sideways and her hand stroked his face as she bent down close and kissed him. "Joe, forgive me," she whispered imploringly. "I was angry. I don't care what you've done or what you ever do, I still love you. Don't die, Joe. Don't die!"

"He won't," Turk said. "But that's

By FAGALY and SHORTEN
n't carry. "I rode up here all the way just to accuse him of loving that Spanish girl . . . and a few minutes later he was shot."

"You love him very much, don't you, darling?" Mary asked.

"More than anything else in all this world. He quarrels with me, he's even slapped me, but there's something in his wild, untamed nature and that handsome face of his that goes through me like a knife every time I think of it. As soon as he gets well enough I'm going to marry him and Dad can go hang."

"I think Harry understands perfectly. All the way out here on the train he could talk of nothing but you, seeing you again. He told Father he was going to ask you to marry him. But I'm sure he understands now."

Mary and Ellen got ready for the night vigil. They covered the windows with old newspapers and barred the door. Jay still lay silently, his smooth-muscled body motionless in the light of the lamp. He was either asleep or unconscious, Ellen thought.

As a matter of fact, he was wide awake. He heard them tiptoeing and talking in whispers, and presently Mary undressed and lay down on Turk's blankets. Ellen sat beside him as the night wore on. Some time in the early morning hours he dropped off to sleep for a period and then awoke with a groan, thirst burning his mouth. He saw Mary's anxious face over him and heard Ellen come up quickly from the bunk.

"What is it, darling?" she asked. "Water," he croaked.

She brought the glass and lifted his head while he drank and then brought him a second glass. She wiped the wetness from around his face and neck and he closed his eyes again.

Presently he dozed off once more. (To be continued)

NOTICE OF SUMMONS BY PUBLICATION

Pitt 4-H Council Elects Chicod Youth President

Eighty-four 4-H members and enthusiasts, giving promise of one of the greatest Pitt County 4-H programs ever to be enjoyed here, were on hand last night for the 4-H County Council meeting at the Agriculture Building here.

Chicod 4-H'er Robert E. Edwards Jr. was elected president for the coming year by the group which more than doubled any County Council congregation of last year.

Among the other officers elected were: Julia Stokes of Belvoir, vice-president; Sylvia Gardner of Fountain, secretary; Wesley Manning of Belvoir, treasurer; and Jean Lee of Paeolus, reporter.

The new officers will be installed at the Achievement Day program on November 21, Miss Marjorie Shearin, Assistant Home Agent, announced following last night's meeting.

Both Miss Shearin and C. J. Goodman, assistant county agent, expressed their pleasure at the large attendance at the meeting. "It looks like we're going to enjoy one of our best years in 4-H work," Miss Shearin commented this morning.

At the meeting last night, Goodman explained in detail the duties of each officer elected.

A social at the Woman's Club where the 4-H members were led in the Virginia reel and square dancing by Miss Shearin followed the business meeting. Music was furnished by records.

Among the special guests at the meeting were New Home Agent

Miss Jean Steels, Assistant Agent Miss Verna Belle Lowery and four former 4-H'ers now enrolled at East Carolina Teachers College.

Elderly Negro Woman Dies Of Heart Attack

Pauline Thomas, colored, about 70 years old, died suddenly yesterday in her yard, 1216 Battle Street, of a heart attack and the infirmities of old age. Pitt County Coroner Griffin H. Rouse said a child told a passerby, Geneva Harris, colored, that her grandmother had fallen in the yard. Victoria Smith, a trained nurse, examined the woman and said she was dead. County Health Officer T. G. Basnight and Dr. H. B. Kelly, Negro physician, examined the woman and said death was due to natural causes. The body was taken to Flanagan and Parker's Funeral Home on Second Street.

REPORTS SHOOTING QUAIL OUT OF SEASON NEAR HERE

The police department received a report from an unknown informer that a person, or persons, had been seen shooting quail in the field near the Pitt-Greenville Airport out of season. Game wardens are checking on 'solators of the hunting laws. Several persons have been arrested in the county for shooting out of season.

Although, in the western world, octopuses are used mostly for fish bait, many people find them good eating.

Court Fines Man For Not Stopping

By CHESTER WALSH
In Police Court Monday Judge J.W.H. Roberts found Joseph A. Lee, of near Greenville, guilty of passing a Paetolus school bus while it was loading and unloading passengers, and fined him \$25.

His Honor imposed severe penalties on 10 Negro defendants charged with gambling. They were: Coburn Ward, \$25; Arthur Wooten, \$25; Ed Pratt, 30 days in jail or \$25; Mamie Boyd, 30 days or \$50; Lemuel Palmer, 30 days or \$25; Artis L. Briley, 30 days or \$5; Milton Ward, \$25; William A. Mercer, \$5; Leroy Daniels, 30 days or \$25; John Wesley, 30 days or \$25.

Other cases disposed of included the following: Charlie Banks, colored, assault and disorderly conduct, 30 days or \$15, and he was forbidden to visit Martha Harris' cafe for a year.

George Clapp paid \$15 for a parking violation.

William C. Whitehurst paid \$30 for speeding.

Assault with a deadly weapon: Jesse Smith, colored (and disorderly conduct), \$15, and he was forbidden to visit Martha Harris' cafe for a year.

Edward E. Hardy, colored, paid \$20 for indecent exposure.

Arthur Lee House and Andrew Little each paid \$25 and costs for driving without an operator's license.

Carrie Corey, colored, paid \$15 for disorderly conduct and assault and \$15 for forcible trespass.

James R. Crawford, driving drunk, paid \$100 and costs and his driver's license was ordered suspended for a year. He was not guilty of reckless driving.

William L. Mills was not guilty of reckless driving.

James H. Clemmons, colored, paid \$15 for disorderly conduct and profane language.

Haywood Carney, colored, paid \$15 for assault on a female and \$15 for assault with a deadly weapon.

Alton J. Wilcox paid \$15 for assault with a deadly weapon and he was ordered not to drink intoxicants for six months.

Drunk: James E. Bethum, colored, \$15; L. D. Taylor, colored, 30 days or pay \$25; Clarence Taft, colored, \$15; Elbert W. Spear (and indecent exposure), \$15; Clifton Jones, 30 days or \$20; Dave Keys, colored, \$15; Joseph C. Pyne, \$15.

Colored News

Troop 131 of Sycamore Hill M. B. church will render its annual anniversary program the second Sunday night in November at 8 o'clock. All troops of the city are invited. A special committee will arrange the program and music. Committee: Mrs. Frank Norris, chairman, Miss Phillips, Mrs. A. Atkinson, Mr. Frank Norris, Mrs. J. S. Alexander and Mrs. Olivia Hines, den mother.

The scout master of Troop 131 is requesting all Scouts to meet at the church basement Wednesday night at 8 o'clock.

Rev. P. H. Mumford, pastor of York Memorial church, wishes to remind the choir and members of the church of the special service that is to be rendered at the A. M. E. Zion church in Washington, N. C., next Sunday at 3 p. m. In the quarterly meeting we trust that every member of the choir will register in this service.

The baby contest was deferred from last Sunday until this coming Sunday at 7 p. m. at which time we ask that all group leaders and the parents of the babies be present. Prizes will be given to the babies, who have raised the highest amount of funds.

At 11 a. m. Sunday there will be a drive on conference claims. Come prepared to play your part. Remember the conference is depending on you.

Truman's Four . . .

(Continued from page one) guarantee that American businessmen would get some protection on the money they invested in the backward places. For example, a guarantee that this country would protect them against loss if their investments were seized.

Under No. 2, Congress is asked to vote \$5,000,000 to cover the expenses of getting the technical part of the program under way. For example, the expense of sending engineers, scientists or economic advisers into the backward places.

Today James E. Webb, Undersecretary of State, was to go before the House Foreign Affairs Committee to plug for that second part of the Point Four program: money for technical help to backward areas.

"Because Congress is so close to finishing up its work for 1949—or all the work it wishes to finish before going home—no action is likely on Point Four before Congress returns in January to start its 1950 work."

Meanwhile, the U. S. is taking part in various programs to help backward countries through international tie-ups. For example: The food and agriculture organization, both of which have sent experts into countries which need help in health and farming work.

Atomic Control . . .

(Continued from page one) however, Nobody is looking for war now. The Western nations are anxious for atomic control and there even is speculation that President Truman might send a message direct to Stalin urging a fresh attempt through the United Nations to solve world problems, including atomic control.

Meantime Moscow appears to be getting some propaganda value among her satellites from announcement that Russia possesses the atomic bomb. For example, in Czechoslovakia the army newspaper Obrana Lidu says this means that the Soviet "now has the crushing upper hand" in world power. The paper says it is a warning to the warmongering West, and adds pointedly that it also is a warning to Czechoslovak "reaction." This reference to "reaction" is directed to the anti-Communist difficulties in that country.
