Truman Elated By Reception On Trip

Determination To Campaign For Election Of 'Fair Dealers' To Congress Strengthened By His Welcome In Minnesota

Aboard Train Enroute to Washington, Nov. 4 — (AP) — President Truman's determination to stump the country again next year to elect "Fair Dealers" to Congress was strengthened today by his reception in Minnesota.

Gordon Gray To Keynote County Armistice Rites

Secretary Of Army To Make Address At College Stadium; Program Completed

Pitt county's Armistice Day celebration Nov. 11 will be keyed by an address by Secretary of the Army Gordon Gray and will feature the same crack 81st airborne division unit which a year ago led the Armistice Day parade down the famous Fifth Avenue in New York.

T. Y. Wagner, commander of Pitt county post 39 of the American Legion, said today the Armistice Day celebration will be the largest in the history of Pitt county, and one of the most outstanding in North Carolina.

Parade Marshal Sherman Parks said a parade more than a mile long will begin from the ACL railroad on Dickinson Avenue promptly at 10:30, and will include the 81st Airborne division band, bands from East Carolina Teachers College, Greenville high school, Farmville high school, Epps high school, and the Negro Elks, the Greenville National Guard unit, the East Carolina ROTC unit, Boy and Girl Scouts, Pitt County V F W and American Legion units, Gold Star mothers and disabled veterans.

Parks said all units participating in the parade are requested to be in position by 10 o'clock, and that each unit will be notified next week of its position in the parade formation.

The parade will follow a route down Dickinson Avenue to Washington Street, on Washington Street to Third Street, then to Evans Street as far as Five Points where it will proceed down Fifth Street to the College stadium. The military units will pass in review before the Secretary of the Army and other officials at the stadium.

A group of Marine planes will fly over Greenville at 11 o'clock as a salute to the city and Secretary Gray.

Wagner said ceremonies at the College stadium will begin at 11:30, and Gray's address will be broadcast over the Tobacco network at noon. A barbecue dinner will be held at the Farmers' warehouse following the ceremonies, and Wagner said, all members of the American Legion who present their 1949 membership cards at the barbecue will be served free meals.

A request has been made to all the principals of Pitt county schools, the Legion commander stated to permit children who want to come to the parade and hear Secretary Gray's address to be dismissed from school Friday morning.

EDUCATORS MEET

Wilmington, Nov. 4 — (AP) — The southeastern district of the North Carolina Education Association staged its annual meeting here today.

Scott Sees No Reason For Appropriation Cut

Raleigh, Nov. 4 — (AP) — The question of a cut in state appropriations isn't a problem at present, says Governor Scott.

The governor made it clear at a news conference yesterday that he has no present intention of making slashes. As director of the budget, he is directed by law to reduce appropriations, if necessary, to balance the budget.

Scott also let it be known that if he has to make a choice between budget cuts and calling a special session of the legislature, he'll cut the budget.

His remarks came in response to questions from Wade Lucas, Charlotte Observer correspondent. Lucas started with: "Governor, do you contemplate an across-the-board cut?"

Scott replied: "No. I don't think it's necessary."

Lucas said R. Grady Rankin of Gastonia, Senate Finance chairman and a member of the Advisory Budget Commission, told him he had come to Raleigh for a special called meeting of the commission today.

The governor commented: "I know Grady's philosophy. x x x he was one of the head knockers that left here with an unbalanced budget. They ought not to put that off on me."

That obviously referred to the 1948 General Assembly's failure to approve new taxes while making appropriations that exceeded anticipated revenue for the 1949-51 biennium.

"It has been suggested, although I shall not guarantee the veracity of this statement, that there is some question whether a coffin containing a corpse should be dutiable as an article of merchandise or considered as the 'usual container' of its contents and hence be free of duty."

If a Frenchman wanted to send over those gloves trimmed with bird feathers, he could write and ask the U.S. customs some questions about the gloves. But— No one can find out, before his

Cheerful Note

Detroit, Nov. 4 — (AP) — The Ford Motor Co. threw a note of cheer into the auto industry's steel-darkened picture today, announcing it would be able to continue nearly full production in all divisions but Lincoln throughout this month.

Earlier the company had planned to shut down its huge Rouge plant between Nov. 11 and 15. That might have meant quick paralysis of the vast Ford system.

Emergency operation of Ford's own steel mill at the Rouge factory and "encouraging news in the press" on the steel situation made the new plans possible, a statement from Executive Vice President E. R. Breech said.

Breech reported the company would continue production of Fords and Mercurys at slightly reduced schedules all this month. Lincoln output will be halted Nov. 11, he said, but should be resumed in December.

Chest Campaign Now Over \$7,000

Officials Fear Drive Will Not Reach Goal By Deadline

The Greenville Community Chest drive entered its last stage today with total solicitations reported just over \$7,000.

Officials of the Community Chest this morning expressed opinions that the drive would not reach its \$10,000 goal by this afternoon when the drive is supposed to end.

Total reports however are not in from all the soliciting groups, and the receipts are expected to be considerably higher when the remaining workers report late today.

Approximately one-half of the Service League house to house canvassers who knocked on the doors in the city residential districts yesterday had yet to make their reports to headquarters this morning.

Officials said the special gift solicitations have practically been completed, and the employe canvassing by the Junior Chamber of Commerce was completed yesterday.

Gives Sermon By Wire Recording

Lancaster, S.C., Nov. 4 — (AP) — The Rev. R. H. Showalter already has spoken his Sunday sermon and prayer to his congregation at Douglas Presbyterian Church in Lancaster County. The technicians say it's pretty good.

The pastor of the small church learned that he would be unable to fill his pulpit because of an appointment in Atlanta. So he made a wire recording for his Sunday service. His flock will gather as usual Sunday morning and hear his message.

Film Land Loses Old Screen Star

Hollywood, Nov. 4 — (AP) — William Desmond, another of film land's old guard, is dead.

His family disclosed the death yesterday. Desmond, 71, a favorite matinee idol in silent movies, succumbed Wednesday night to a respiratory ailment.

Our Stumbling Blocks

Acheson Cites Improvements Necessary In America's Regulation Of Imports; Some Of The Difficulties Foreigners Run Into When Sending Goods To U. S.

By JAMES MARLOW

Washington, Nov. 4 — (AP) — Secretary of State Acheson this week took a few sharp cracks at the trouble a foreigner runs into when he wants to ship goods into this country.

He made a speech which was a plea for better world trade. And he suggested very positively that the United States has to make some moves to help that trade by letting more goods from other countries come in.

As an example of the stumbling blocks set up by this country he cited the red tape that's been wound around world trade by the laws and regulations covering goods imported here.

The customs inspectors, in figuring out how much imported goods are worth and how much tariff should be placed on them, try to guide themselves by regulations which they fill a two-inch thick book the tariff laws, and court decisions.

Said Acheson: "Under present laws and procedures, it sometimes takes as long as three or five years before an importer knows exactly what amount of duty he will be required to pay on a given shipment. Sometimes the duty may, after a lapse

of years, amount to more than the whole amount of the shipment. "An importer can't be sure whether a tire is going to be classified as a tire or an article (made) in part of carbon. He can't be sure whether one of those little pianos you see in night clubs is going to be considered a musical instrument or a toy.

"In order to get in gloves trimmed with bird feathers to meet a sudden feminine fancy in this country, he has to prove that the birds from which the feathers came were tame, not wild, a process which turns out to be very time-consuming.

"It has been suggested, although I shall not guarantee the veracity of this statement, that there is some question whether a coffin containing a corpse should be dutiable as an article of merchandise or considered as the 'usual container' of its contents and hence be free of duty."

If a Frenchman wanted to send over those gloves trimmed with bird feathers, he could write and ask the U.S. customs some questions about the gloves. But— No one can find out, before his

Big Three Slate Paris Talks On German Problem

Fears That Western Powers Drifting Apart On Policies Over Germany

Washington, Nov. 4 — (AP) — The Foreign Ministers of the United States, France and Britain will meet next week in Paris to discuss German problems.

British fears that the western powers were drifting apart on German policy reportedly brought about the meeting.

Some spare work for the session has been done in recent talks at Paris and London.

Reports that plans were afoot for the big 3 to convene spread here, but first actual confirmation came from the British Foreign office in London today.

A Foreign office spokesman said that the meeting, probably would begin next Wednesday or Thursday. The date depends on when Secretary of State Acheson can reach Paris to join British Foreign Minister Bevin and French Foreign Minister Schuman.

Actually, speculation among diplomats here is that when the three officials meet, even though Germany is the primary subject, their discussions may range widely. The general conflict with Russia and particularly the Yugoslav situation were mentioned.

With respect to Yugoslavia the western powers may soon be confronted with the need for a decision on how far they will go in supporting Marshal Tito if Moscow Communists unleash guerrilla warfare against him.

The suggestion for the Paris meeting is understood to have been made first by Bevin.

Tighten Controls On U. S. Exports

Gov't Strikes At Re-shipment Of Goods To Soviet Bloc

Washington, Nov. 4 — (AP) — The government slapped rigid controls on shipment of strategic goods to practically the whole world today to prevent re-shipments to the Soviet bloc.

Communist China and Latin America particularly were covered by the new rules.

Officials told a reporter the step was taken more with the idea of averting future re-shipment difficulties than because of any great current traffic in re-shipments to Russian-dominated areas.

Hitherto the Commerce Department has applied these rigid controls only to Europe and adjacent areas, mostly along the southern rim of the Mediterranean.

The new action extends the control powers to exports to any place in the world except Canada, which has always been in a relatively controlled-free class of its own, even in wartime.

By strategic goods, the department means for the most part industrial items that might contribute to "war potential" of the Soviet.

Main Witness In Court Hearing Fails To Appear

Mooresville, N.C., Nov. 4 — (AP) — A Davie county woman reportedly the only eyewitness to an alleged slaying committed by her husband—was missing today.

Mrs. Will Myers of the Bibb community failed to show up at a hearing for her husband yesterday afternoon in the death of Everett M. Melton.

Magistrate Fred Leachman said this morning that he had issued a capias for Mrs. Myers and indicated it would be almost imperative to hear her testimony.

The magistrate heard the state's evidence yesterday afternoon in the Davie court house. He was denied a defense motion for dismissal at the close of the evidence.

N.C. Farm Income Goes Up Despite National Trend

Washington, Nov. 4 — (AP) — North Carolina was one of the nation's only nine states whose farm income for the first nine months of this year was larger than for the same period of 1948.

The Agriculture Department today gave the figures as \$469,056,000 compared with \$466,677,000.

The national trend was downward. Total 1949 income for nine months was \$19,035,962,000, compared with \$20,763,775,000 for the similar period in 1948.

Iowa led the 12-state Midwest section, as well as the entire nation, with cash receipts of \$1,426,928,000 from farm marketings. This was a drop of 72-million-plus from the first nine months of last year.

Cyrus Ching Arranges Coal Talk With Lewis For Today

Washington, Nov. 4 — (AP) — Cyrus Ching today arranged a meeting with John L. Lewis—the first step in new government efforts to end the coal strike.

Word of plans for a meeting this afternoon was learned by reliable sources shortly after Lewis made a new bid to effect a settlement with a part of the soft coal industry. Lewis offered to negotiate in Chicago tomorrow for an agreement covering mines in the two states of Illinois and Indiana.

Ching, the federal mediation chief, arranged to visit Lewis at the mine workers' headquarters here at an unspecified hour in the afternoon.

The time was left uncertain because Ching was on his way here from steel strike talk in New York.

This afternoon's conference, authoritative sources indicated, may pave the way to a joint meeting between Lewis and soft coal operators next week in Washington.

The leader of the striking miners had made unsuccessful bids earlier this week for negotiations looking toward a settlement with Indiana operators alone.

In effect, he expanded that to a two-state proposal with a telegram today to Gov. Adlai Stevenson of Illinois. His proposal was for negotiations starting tomorrow afternoon in Chicago.

Lewis said that if Indiana coal operators can not be brought into the session, then a wage agreement permits could be negotiated for Illinois' 40,000 miners alone.

Pitt's Criminal Court Docket Still Overloaded

CIO To Attempt Crushing Of UE Opens Fight For Control Of Electrical Unionists

Cleveland, Nov. 4 — (AP) — The CIO opened today what promised to be a long bitter fight for control over 450,000 electrical unionists by appealing to their employers for help.

The 1200 electrical manufacturers holding contracts with the United Electrical Workers were urged not to recognize the old left-wing leadership as bargaining agent.

The request was made in telegrams dispatched to each firm by CIO secretary-treasurer James B. Carey, administrative chairman of a newly chartered, right wing electric union.

Carey pointed out that the old UE had been fired out of the CIO in convention here two days ago and said his group "demands" that it be recognized wherever UE has a contract.

This tactic put employers squarely in the middle, since they are legally bound under old contracts. Right now, UE is engaged in contract negotiations with General Electric and Westinghouse, employing more than 200,000.

Carey's union is known as the International United Electrical, Radio and Machine Workers (CIO). The old union has the same name except for the word "International."

Crippled Bomber Falls Into Ocean; Four Jump Out

Hamilton, Bermuda, Nov. 4 — (AP) — A B-29 Superfortress, crippled by engine trouble, crashed into the sea a mile from shore last night. The big plane caught fire after hitting the water and 10 of the 13 U. S. airmen aboard were killed.

Four crewmen managed to jump out after the stricken bomber plowed into the waves but one died of burns a few minutes later. The three survivors, rescued by an oil company executive in a rowboat, were taken to the U.S. base hospital at nearby Kindley Field with minor injuries.

Bermudians watching from shore could hear the screams of the others trapped in the blazing ship.

Accuse Albania And Bulgaria Of Menacing Peace

Lake Success, Nov. 4 — (AP) — The United Nations political committee approved overwhelmingly today a resolution declaring Albania and Bulgaria an endangerment to peace in the Balkans by assisting the Greek guerrillas. The vote was 38 to 6, with 2 abstentions.

The resolution was jointly sponsored by the United States, Britain, China and Australia. It also calls upon Albania and Bulgaria to stop supporting the Communist-led guerrillas.

Yugoslavia joined Russia and her four satellite countries of eastern Europe in voting against the resolution. Nations abstaining were India and Israel.

Sherman Cracks Down On 'Op 23'

Washington, Nov. 4 — (AP) — "Op 23," a naval agency said to have master-minded the admirals' bitter congressional attack on defense policies, has been junked by Adm. Forrest P. Sherman, new chief of naval operations.

Sherman, a strong supporter of armed forces unification, cracked down on the 30-man unit less than 24 hours after taking over from Adm. Louis Denfeld as the Navy's top uniformed officer.

There were reports some days ago that the Navy's Inspector General, Rear Adm. Allen R. McCann, had seized the group's records and was investigating its activities.

"Op 23" was what the Navy called its Operations Division 23. Actually, its full title was Organization, Research and Policy Division of the Office of the Chief of Naval Operations. It was headed by Capt. A. A. Burke, who testified in Congress against present Pentagon policy.

Sherman's order dissolved the group—which consisted of 13 officers and 17 enlisted men — and handed its work to other Navy agencies. Op 23's "principle functions have been completed," a statement said.

The unit was said to have mapped strategy for the broadscale barrage laid down by top Navy officers in sensational hearings before the House Armed Services Committee last month.

That left 190 cases for the November 28 special term under Judge J. J. Burney of Wilmington.

Among the cases tried in the term which closed yesterday was one against a Greenville Negro boy who had been sitting it out in jail since last May. It was the case in which John Thomas Tyson, 18, was charged with first degree burglary. A true bill was returned in his case back in the May term.

When the August term of criminal court closed there were some 150 cases left. Tyson's was one of them. He had to wait for the October term. So he spent two more months in jail, giving him almost

(Continued on page eight)

VA Reveals System Of Paying NSLI Dividend

Washington, Nov. 4 — (AP) — The order of payment of the \$2,800,000 special insurance dividend to World War II veterans will be based generally on the last three digits of a veteran's service serial number.

The Veterans Administration explained today for the first time the system under which checks will be mailed to veterans holding national life insurance policies. Payments are to begin in January.

Under the procedure, VA said, a veteran whose serial number ends in 000-35496.000 for example—will be included in the first mailing of checks.

On the other hand, a veteran with a serial number such as 100,990 will be among the last to receive his check.

The VA said this method of payment was decided upon after careful consideration, and described it as the most non-discriminatory that could be devised.

The full serial number has nothing to do with the order of payment—merely the last three digits. Likewise, the number on the card which VA sends to applicants acknowledging claims has nothing to do with it.

Hangover Price Set By Russians

London, Nov. 4 — (AP) — If the Moscow cops find you drunk in the street they put you in a vodka-veeetele punk.

This isn't as bad as it sounds, Dr. M. T. Gillies reported today in the British Medical Journal. It just means "sobering institution."

In the morning, each drunk is charged 25 rubles (about a fifth of the average Russian's weekly wage, Dr. Gillies said) for the night's lodging and sent on his way.

Dr. Gillies recently returned to England after a year as physician to the British Embassy in Moscow.

Wild Welcome Is Given Commies

New York, Nov. 4 — (AP) — Eleven top American communists were free on bond last night. Less than three hours later a brick-throwing Harlem mob felled six police in a drive to reduce home for one of the Red leaders.

The Communist bigwigs signed bail totalling \$260,000 and walked out to a freedom that may last a year until the U.S. Supreme Court reviews their recent conviction on charges of conspiring to advocate violent overthrow of the U.S. government.

Aldermen In Long Meeting; Many Topics Discussed

Drainage, Extension Of City Limits, Other Items Put Before Board

Drainage ditches, extension of the city limits to include two new subdivisions, a proposed new street through the college property, the matter of permitting repairs to a building in the fire district, orders for a full study of past operations of the city of three hours last night in the regular monthly meeting of the body. Mayor W. S. Stafford presided with all members of the board present.

A delegation of citizens from the northeastern section of the city, headed by George Brown, renewed their plea that something be done to provide adequate drainage in that section of the city. Members of the delegation declared that a partially tiled ditch was insufficient to take off the water and that as a result the section was a breeding place for mosquitoes and that numbers of children living in the area were suffering from malaria. Dr. Malene Irons stated that she had treated a number of children from that neighborhood for the disease and that she believed it was traceable to the mosquitoes breeding in that area.

The board ordered that a complete survey of the situation be made by the city engineer and that a report on the project together with the estimated costs be made at the next regular meeting of the board.

Miss Ada Jones, appearing in behalf of the Little Theatre Guild, was granted permission for the group to use the city court room on certain nights of the week for its meetings and rehearsals.

The matter of permitting repairs to the Blue Bird Filling Station, within the fire district, was discussed at length with no final action being taken in the matter. Bancroft Moseley, appearing in behalf of the owners of the building, sought permission to make major repairs to the building. The state fire marshal had previously declined to approve the outlined repairs and the board applied to the aldermen for relief. Attorney R. B. Lee advised the board that the only legal way in which the repairs could be permitted was to remove the property from the fire district. Alderman Heber Tripp made a motion that the property be removed from the fire district and Alderman "Yank" Howell seconded the motion. After a lengthy discussion in which the dangers of the precedent that would be set by changing the fire district each time it was requested by a property owner, Howell withdrew his second and Tripp withdrew the motion and the matter was not voted upon.

Mayor Stafford presented to the board a proposition from President John Messick of East Carolina Teachers College whereby property for the extension of Charles Street through the college campus to Fifth Street would be given by the college if the city would grade and pave the street. It was pointed out that the present use of the drive through the college was east Eighth Street to Fifth Street was creating a hazard and the college offer was made in order that the present drive could be closed to public traffic and the new street used instead. The matter was referred to the street committee for full study and report to the next meeting.

J. A. Taylor appeared before the board and again requested that he not be made to pay paving assessments on a piece of property recently purchased by him. Taylor set forth that at the time of purchasing

(Continued on page three)

Hearing Set For Tarboro Assault

Tarboro, Nov. 4 — (AP) — A hearing will be held tomorrow for the son of a Hart cotton mill striker charged with simple assault and threatening to assault with a shotgun children in a family working at the mill.

Police Chief Robert Worsley said James E. Taylor, 19, son of Striker Otis Taylor, was charged yesterday with simple assault on Jane Matthews and threatening her brother, William Matthews, with the gun.

Huge Education Plan

India's Worst Problem Is Poverty, Though Ignorance Ranks High As Nation's Difficulty; A Draft Of Educated Persons To Teach Others; Other Efforts

By DEWITT MACKENZIE

India's worst problem is poverty, as Prime Minister Jawaharlal Nehru told an American audience the other day, and I imagine that if he were questioned further he also would put illiteracy high on the list of his vast country's difficulties.

India has many centers of culture, but the great majority of her 300,000,000 souls are ignorant, and indeed many are primitives. Thus the average percentage of literacy is low.

We therefore are about to witness a development of far-reaching importance in the launching of a new program of mass education for India. Education Ministers Maulana Abul Kalam Azad has announced plans to draft all educated citizens for six months in a drive to reduce illiteracy.

This of course isn't a brand new idea, but rather is the amplification of one which has been employed on a much smaller scale in several countries, including India itself. For example Nigeria and some other African colonies have used the plan for mass education on a volunteer basis, and in some places it has worked well. Apart from the educational value it has developed

a community spirit which has resulted in cooperative enterprises.

India herself for years past has had community centers in the cities and big towns, where the underprivileged have been afforded educational facilities. The educated Indian women have played a large part in this work and have displayed a great sense of responsibility toward the lower class members of their sex.

Hitherto apart from private institutions, many of the primary schools of the country have been very locally run by local authorities which have been short of funds. As a result primary education, where it has existed at all, has been pretty much of the hit or miss variety.

This statement should be qualified by recording that there have been efficient schools in the important centers of culture. However, most of the population lives in tiny villages outside direct poverty.

Apart from formal schooling, a considerable part of the population has acquired a certain amount of "learning" in an unusual manner. Much of India's history—fairy tales, fables, love stories—marital exploits

# Social and Personal

All items for this page received after 10 A. M. will be published the following day. Dial 2386-4 A. M. to Noon; 1 to 4:30 P. M.

Mr. and Mrs. Charlie Griffin of Edenton are spending the week-end with Mr. and Mrs. W. J. Bundy.

Little John William Harper of Rocky Mount is spending a few days with his grandparents, Mr. and Mrs. W. J. Bundy.

Miss Rosalyn Bryan left Sunday for Atlanta, Ga., and Florida after visiting her sisters, Mrs. Edith Harrington and Miss Annie Bryan.

Taylor-Clark  
Reverend and Mrs. J. C. Moye request the honour of your presence at the marriage of their daughter Ruth Moye Clark to

R. L. Taylor on Sunday, November sixth at three o'clock in the afternoon Free Will Baptist Church Greenville, North Carolina

Birth Announcement  
Mr. and Mrs. Charles B. Stokes announce the birth of a daughter, Peggy Lou, on Monday, October 31, in Pitt General Hospital.

Primitive Baptist Church  
Services will be held Sunday morning at 11 o'clock at the Primitive Baptist Church conducted by the pastor, Elder E. B. Denny.

Service League  
The Service League will meet on Monday morning at 10:30 in Shepard Memorial Library.

Theatre Guild Play Postponed  
Due to conflicting play dates with the college and high school, the Greenville Little Theatre Guild has advanced the date of their premiere production, "Return Engagement" until after the first of the year.

Memorial Baptist Circles  
Circles of the Woman's Missionary Society of Memorial Baptist church will meet Monday afternoon at 3:30 as follows:

Armstrong circle with Mrs. E. McK. Johnson, Heck circle with Mrs. E. W. Hellen, Lawrence circle with Mrs. Jack Teel, Sr., Moon circle with Mrs. F. A. Bendall, and Shuck circle in the church parlor with Mrs. Carlton Cosart as hostess.

Members of the W. M. U. of Memorial Baptist church will meet at the church at 2 p. m. Thursday, November 10, to study "Japan's New Day," by Edwin Doster. All are urged to attend this mission study class.

## 40 Years Ago Today

THE DAILY REFLECTOR  
November 4, 1909

Miss Martha Allen of Kinston is visiting Miss Lillian Gray, one of the graded school teachers at the home of Mrs. E. B. Ficklen.

The price of cotton this season is likely to cause the farmers to produce a bumper crop next year, in which case you may look for low prices again.

The Pitt County Club at Chapel Hill met Monday night and elected officers as follows: W. R. Wilson, president; C. C. Armstrong, vice president; J. C. Lanier, secretary and treasurer. The club numbers 13 men this year.

### SOCIAL CALENDAR

#### FRIDAY

6:30 p. m.—Kiwanis Club.  
6:45 p. m.—Exchange Club will meet in the Proctor Hotel dining room.

7:30 p. m. to 7:45 p. m.—Mayor W. S. Stafford and Mrs. Carrie West give talks on Buddy Poppy radio program.

8:00 p. m.—Pitt County Chapter S. P. C. A. meets in the court room of City Hall.

Circles of Immanuel Baptist Church

The circles of Immanuel Baptist church will meet Monday afternoon at 3:30 o'clock as follows:

Nettle Patrick circle with Miss Lella Higgs at the home of Mrs. L. M. Buchanan.

Claude Wilson circle with Mrs. W. T. Cannon.

Julia Meadows circle with Mrs. J. W. Clark.

### Bookmobile Schedule

#### Monday

Conner's Cross Roads—9:15-9:30

Worthington's Cross Roads—9:45-10:00

Winterville School—10:15-12:15

Renston Cross Roads—12:45-1:00

Mrs. C. W. Bright—1:15-1:30

Winterville Public Library—1:45-2:30

Manning's Service Station—2:45-3:00

### Christian Church Announcements

At the Christian church Sunday morning the soloist will be Al Kreker of the college singing, "I Shall Not Pass Again This Way." The soloist, who has just returned with others from the international convention in Cincinnati this past week, will bring the message.

The men of the church are invited to a special meeting for men on Sunday afternoon at 3 o'clock at the Farmville Christian church. At that time Mr. Mark Rutherford, national representative of the Men of the Church with headquarters in Indianapolis will address the men of the Hookerton Union.

The annual convention of the Christian churches in North Carolina will meet this coming week, November 9, 10, 11, in Washington, N. C., and an excellent program has been arranged. Delegates from Greenville and nearby towns will attend for the day and evening sessions returning home after the night session.

### Mrs. Stark, Hostess To Chatham Club

On Tuesday, November 1, the Chatham Book Club met with Mrs. R. W. Stark at her home on Eastern street. Mrs. W. P. Moore, vice president, called the meeting to order. During the business session there were announcements of Art Week in Greenville and World Community Day. The club voted to buy a tuberculosis Christmas seal bond.

The program chairman, Mrs. E. E. Forbes, presented Mrs. Stark who talked on "Women of the Congress." There were nine women in the 81st Congress, eight representatives and one senator, Mrs. Margaret Chase Smith of Maine. Mrs. Smith is the first woman to serve both as representative and senator. Mrs. Mary T. Norton, Democrat, of New Jersey, is the ranking member with 28 years of service in the House. Mrs. Stark gave an interesting and informative background of each congresswoman and told of the power of womanhood in becoming able and valuable public servants.

The hostess, assisted by her daughter, Mary Ann, served a delicious salad course with coffee. Miss Hilda Jacobs was guest for the afternoon.

### Church Notices

#### HOLLYWOOD PRESBYTERIAN

E. M. Williamson, pastor.  
10:00 a. m.—Sunday School.  
3:00 p. m.—Young People.  
7:30 p. m.—Evening Worship.  
Subject, "Self Examination."

#### CHICOD PRESBYTERIAN

E. M. Williamson, pastor.  
10:00 a. m.—Sunday School.  
11:00 a. m.—Morning worship.  
Subject, "A Lesson From a Child."

### Mrs. Boykin Reports On Convention

The Altrusa club held its regular luncheon meeting at the Quinerly Manor on Tuesday, November 1, with Mrs. Cora Powell, vice president, presiding. Mrs. Powell discussed laws and by-laws of the club and asked all members to be present at the December meeting. Mrs. Margaret Cone made a special announcement that Mrs. Ragsdale asked the Altrusa club to assist in an art exhibit at the Art Center. Miss Frances Wahl and Mrs. Key Brown made an explanation that this is National Art Week and gave a schedule of lectures and exhibits to be held in Greenville this week.

Mrs. Margaret Boykin, a delegate from the Greenville Altrusa club gave a very interesting talk and report of her trip to the Altrusa convention held in Richmond on October 27 at the John Marshal hotel. The convention opened with registration, then the parade of projects, followed by an informal reception. Friday—Reports of different committees and the address of the mayor of Richmond. A luncheon at the Commonwealth club in Charlottesville, Va. A tea was given at the Valentine Museum. Saturday—A trip to Williamsburg. A business session at Williams and Mary college, and memorial service, followed by luncheon at Williamsburg Lodge. After a sight-seeing tour, back to Richmond for the Governor's dinner and address by Mr. Porter McKeever, director of information of the United States mission of the United Nations. Mrs. Boykin reported a wonderful trip adventure through friendship.

A delicious turkey luncheon was enjoyed by all club members present.

### THIRD STREET SCHOOL NEWS

A New Addition to Our School  
Third Street school is having a new wing added to it. It will have a lunch room and library combination, a storage room for books and a modern first grade room. The bricks on the outside will be the same color as the ones in the original building.—Betty Sue Staton, sixth grade.

Our New Seventh Grade  
We have a new seventh grade in our school. We are trying to help every new seventh grader to follow the rules on the play ground. We want it to be a safer play-ground for everyone.—Shirley Ann Sauter, sixth grade.

Third Grade  
Mrs. Nobles is our school nurse. She is very nice. We like her very much. She checked our teeth. She checked our throats and she checked our eyes.—Judy Ballance and Betsy Wnedebe.

Safety Movie  
We had a movie. It was a safety movie. We liked the movie.—Gayle Stancil, second grade.

Hallowe'en Party  
I like Hallowe'en parties. I like to play bingo. I like to fish. We had a fishing pond in our room.—Linda Kay Edwards, second grade.

### Football Squad Special Guests Sunday Services

The Greenville Phantoms, along with Coach Bo Farley and Assistant Coach Woodie Wilson, will be special guests of the Immanuel Baptist Church on Sunday morning, November 6, at 11 o'clock. The pastor, the Rev. J. A. Neilson, will bring a message of challenging interest to young and old, especially to the members of the team. His subject will be "Hold That Line!" The Chancel Choir under the direction of Mrs. Moye Dail will sing "The Heavens Resound" by Beethoven. Miss Cora Pauline Moore of Ayden, student at ECTC, will sing "My Prayer" by Don Humphreys. Parents and friends of the Phantoms, as well as high school students are especially invited to attend this service. Members of the Immanuel Baptist Church are urged to be on hand in order that the guests may be assured of a hearty welcome.

**Tells Education Of Safecracker**

St. Louis, Nov. 4—(AP)—An ex-convict meditated in jail today on the disheartening aspects of studying hard to learn a trade. His trade, Jack Doyle told police yesterday, is safecracking. The police acknowledge he's an expert. Doyle, 24, said that after being released from the Missouri State prison last May, he decided to study hard and learn a trade.

This, Doyle said, is how he gained his education: He took notes and memorized details of specifications for strong boxes at the U. S. Patent Office in Washington. Then, posing as a business man, he took refresher courses from safe manufacturers. Finally he studied law, learning safecracking using explosives are open to stiffer penalties than those who don't. He decided to use the feeling technique. It's a quiet method of removing steel plate, with a crowbar and blow torch Doyle explained. Police said he began his career last July. They credit him with 35 jobs since then in the St. Louis area. Doyle's non-explosive technique blew up Sunday. Officers found him in a closed tavern after a tip from the owner and clipped his budding career. He was booked on suspicion of burglary and larceny.

**'Rational' Rite**

Denver, Nov. 4—(AP)—"This is my funeral. The clergy is a racket. I want no religious songs. This is going to be a perfectly rational funeral."

So spoke the recorded voice of Oscar O. Whitenack, 79, at his own funeral yesterday. There was no eulogy or religious music. He had made the recording and planned his funeral several months ago. The voice of the former editor of the Denver Post Open Forum explained:

"I am an atheist and have been for many years." He attacked religion, the Bible and beliefs in God. At the end there was a pause. Then barely audible, his voice said "that's all."

The record was placed in the casket and buried with Whitenack's body in Crown Hill Cemetery.

**Parents Tip Off Authorities; Catch Fugitives**

Raleigh, Nov. 4—(AP)—A tip from anxious parents has led to the recapture of two fugitives from the Camp Butler youth colony.

Prison Supervisor J. G. Sawyer said yesterday that Baltimore police had picked up 23-year-old Harold L. Stutta of Durham and 18-year-old Carl Lee Hall of Asheville. They escaped Oct. 25.

Sawyer said a phone call to Deputy Warden Bruce Poole of Central prison Wednesday relayed a message from Stutta's parents. The message was that Harold had phoned home for money and asked that it be telegraphed to Baltimore, Sawyer said.

Poole called Baltimore police, who spotted the boys 12 hours later. They were brought back to Central prison last night.

**Grant Amnesty For Prisoners**

Batavia, Nov. 3—(AP)—The Dutch government today granted amnesty to "practically all political prisoners in Indonesia, a government spokesman said, as a follow-up to the agreement signed yesterday between the Dutch and Indonesians. He said several thousand will be affected.

At the same time the Dutch army commander in the islands told his troops they all could not count on being home in the Netherlands by July 1950.

**Bible Discourse Planned Sunday; Part Of Series**

A free public Bible discourse will be given this Sunday, at 3 p.m. in the Kingdom Hall of Jehovah's Witnesses, 2 miles west of Greenville on the Falkland highway. The discourse, "Safety in the World Crisis," will be delivered by G. D. Millner, ordained minister of Jehovah's Witnesses, of Brooklyn, N.Y.

This lecture is one of a series of educational talks now being given nationwide for persons of all beliefs. In his discourse Sunday, the speaker will produce an abundance of facts and Scriptures to show how present-day events are the fulfillment of Bible prophecies. His main subject will deal with those prophecies which have not yet been fulfilled, but are due to come to pass in the immediate future upon this present living generation.

The work of Jehovah's Witnesses is non-political, non-commercial, and non-denominational. It is purely educational. They are not for the purpose of changing anyone's religious views.

This week Jehovah's Witnesses of Greenville have been calling upon the many residents of this city and vicinity with an invitation for those of all beliefs to attend the public discourse Sunday. All are welcome.

**Farmer Is Fined \$15,000 In Tax Evasion Case**

Wilson, N. C., Nov. 4—(AP)—John B. Davis, farmer of near Enfield, drew a fine of \$15,000 in federal court here after pleading guilty to income tax evasion. Judge Don Gilliam imposed the fine.

Davis' attorney, using leniency for his client, said the defendant failed to receive a first letter from federal officials warning him that criminal action was pending. Otherwise he declared, Davis would have corrected the matter.

The attorney told the court that Davis, who he said had no more than a fourth-grade education, already had paid the government \$167,300 in taxes and penalties, in addition to \$22,000 he paid to the state. The government valued Davis' 1,068 acres of farm land at \$321,771.73.

**Mother Tells Of 'Down Payment' In Death Plot**

Bremerton, Wash., Nov. 4—(AP)—A mother of two children was held on a charge of attempting murder today after telling authorities she had made a \$324 down payment on a plot to slay her husband.

The woman, Mrs. Margaret Susan Platt, 31, was accompanied by her husband, Willford, 34, when she appeared yesterday to tell her story to Prosecutor James Munro. The husband, an unemployed Navy yard worker, later hired an attorney for her defense.

Two men said by Mrs. Platt to have taken her money with the promise to get rid of her husband also were held on a charge of grand larceny by embezzlement. They are Hollis D. Scott, 23, a former private detective who Mrs. Platt said was to arrange the \$1,000 slaying, and Wallace Mottern, 22. Mottern was introduced to her, Mrs. Platt said, as the runman who was to carry out the plot.

It is believed that the petrified forest of Arizona was once covered by a sea at which time the tissue of the trees was replaced by stone.

The adult frog breathes by swallowing air and has no ribs.

**No Prison, But Training School**

Raleigh, Nov. 4—(AP)—It'll be a training school instead of prison for a 14-year-old boy under a 17-year sentence for assaulting his landlady.

A training school parole for Jesse Edgar Murphy of High Point has been arranged with the consent of Judge Susie Sharp, Paroles Commissioner T. C. Johnson said yesterday.

The boy will be sent to Stonewall Jackson training school at Concord as soon as authorities can accept him, Johnson added.

Murphy was brought to Central Prison here Oct. 8 after his conviction before Judge Sharp in Guilford Superior Court. The charges were assault with intent to commit rape (15 years) and assault with a deadly weapon (two years). He has been in isolation at the prison hospital for psychiatric observation.

Johnson said that after conferring with Judge Sharp here Wednesday, he considered the boy fortunate to have escaped the death penalty.

"Our main concern is his age," Johnson added. The boy is too young to be thrown in with adult criminals, he explained.

**Ireland To Try Nationalization**

Dublin, Nov. 4—(AP)—Ireland's Dail (Parliament) brought the country's transportation system a step closer to national ownership last night.

The Dail, by a 74 to 59 vote, approved a bill to nationalize railroads and other transportation services. The bill now goes to committee hearings and third and final reading in the Dail.

**Aldermen . . .**

Continued from page one  
The property his attorney was advised by City Clerk J. O. Duval that there were no assessments against the property. It later developed that more than \$130 in paving assessments were due and Taylor was ordered to pay same. The board at a previous meeting decided that it was a matter between Taylor and the person from whom the property was purchased and there was no motion at last night's meeting for reopening the matter.

The matter of extending the city limits to take in the Brook Green and Green Springs developments was set for public hearing and action by the board at a meeting to be held on December 8. The inclusion of the two new subdivisions would extend the city limits eastward taking in the property from the Norfolk-Southern Railway at

Fifteenth Street to east Fifth Street. As a result of a request from the city and county boards the Tar River Port Commission last night presented a complete audit of its affairs and activities during its 10 years of operation. The auditors turned the matter over to the finance committee for complete study with a committee from the County Commissioners and to report at the next meeting.

Mayor Stafford reported that copies of the official city audit for the year ending last June 30 had been received and were available for study by members of the board or any citizen. Mentioning briefly some of the recommendations of the auditors the mayor pointed out the warning against overspending the budget and the recommendation for a consolidated audit of the city and Utilities Commission affairs.

Reporting on the recent meeting of the League of Municipalities Mayor Stafford and Assistant Clerk H. H. Duncan stated that rural fire fighting by municipal fire departments was stressed at the meeting as one of the great problems now being faced. The matter of the

formation of definite policies was turned over to the fire committee for study in cooperation with the County Commissioners and report to the board at a later meeting.

Mayor Stafford read to the board a letter of protest against Sunday movies during church hour. The letter was from Mrs. R. H. Evans of the Greenville unit of the United Church Council of Women and voiced the protest as a result of formal action taken by the organization.

A petition for paving of certain streets in the Mill Village was received and placed in the files for future action.

Street lights were approved for the intersection of Holly and A Streets and for Park Drive. A stop sign for the intersection of Tyson and Fourth Streets was approved. Restricted parking on Picklen Street that has been in force during the tobacco season was ordered removed following the close of the market next week, permitting full parking in the area until the beginning of another tobacco season.

The matter of rebuilding of the venetian blinds in the municipal building was turned over to the building committee for study of bids and with power to act.

Strength FOR THE DAY

CONCERNING HANDICAPS A few evenings ago as I listened to a quintet rendering a pleasant program of music, I was amazed to see that the player of the bass violin was minus the third finger of his left hand. Remember that the left hand is very important in the playing of a stringed instrument and that the third finger is particularly important. This man appeared to play as well as the occasion required, and he did it with three fingers instead of four. Evidently he had worked out a scheme by which he made the second and fourth fingers take over the duty ordinarily performed by the third. We are just as much handicapped in life as we permit ourselves to be. There is a minister in this country who was born without arms. He is a chaplain in a hospital for disabled veterans. He writes, eats in public places, goes about with apparently as much ease as anyone else. And of course he had developed in his feet and toes the dexterity usually reserved for the hands.

Around Capitol Square

COLOR—What induces people to visit new places, and consequently what should be emphasized in advertising designed to attract tourists? That was the paramount question before the national meeting of state advertising men at Denver, Colorado, last week which Charles Parker, North Carolina state advertising director, attended. The most unanimous answer was "local color." Not just the colors of the prismatic spectrum—violet, indigo, blue, green, yellow, orange and red, but the broader sense of peculiar and indigenous habits and customs of dress, items of diet, occupational and recreational outlets for people who travel for pleasure and want to find something different from their home surroundings.

ATTRACTIONS—Millions of people go to New York every year because on Manhattan Island is the greatest concentration of humanity and buildings to be found anywhere in the world. Millions visit Niagara Falls because so much water fall so far so fast. But a lot of folks go to New York to visit the famed night clubs and get the local atmosphere of and Greenwich Village and the Bowery. Governor Knous of Colorado told the assembled state publicists that he was surprised to find that 14% of the tourists who visited his state were attracted more by Pike's Peak or other scenic marvels. (Charles Parker says the Carolina mountain square dancers can run rings around the Coloradoans, and the down-staters are as good or better than anything the trans-Mississippi folks can show.)

A Shiny Dome Can't Hold Up The Building

Somebody Told Me...

Last night Rachel and I took in the second of the entertainment series at East Carolina Teachers College, Eugene List, concert pianist. No sooner had List begun to play than an energetic sparrow appeared on the scene and went into his act. "This is really clever," I whispered to W. R. "He's got a sparrow trained to fly around keeping time with his music."

first name 40 words after the handshake. Not only is List an exceptionally good concert pianist, but he's an exceptionally young one. At 31 he has already made a name for himself in the music world. Last night was Gene's second concert since he returned from a European tour with his wife, Carol, a concert violinist. The Lists played many concerts together before their agents split them. The agents believe that Gene and Carol can go further by giving separate concerts, so they sent Carol to Maine and Gene to Alabama. Now they're working toward each other. It takes something like a career to pull couples apart; that is, unless you have a career like mine: being Rachel's husband.

agent—"only meant money." At 26 energetic minister is director of the Protestant Radio Commission. The organization of the nation's leading Protestant church groups is spending \$12,000 this year for 800 religious radio programs to be heard over some 1,000 stations. The programs are organized by Parker and a staff of three. How he decided to embark on this unusual career is quite a story. "I had no particular religious background—and in college I lost any religion I had left," he said. He sold doughnuts from door-to-door, worked as a chef in a Chicago cafe, then started a publicity firm. Then he became program director of a Hammond, Ind., radio station. One day the owner asked him to go out and find a commercial sponsor for a lenten program. "How can anybody sell a religious program?" Parker demanded. "Well, try it anyway," said the owner. Parker finally got a utilities company to act as sponsor. With his flair for drama, Parker made the program a popular feature. It lasted 4-1/2 years and was sponsored by a laundry and a cemetery, as well as by the utilities company. "I found out the influence a church has on a community, and the things a minister can do that no one else can do," Parker said. "So I decided to make the whole plunge—to go into the ministry myself."

Boyle's Column

By HAL BOYLE New York—(AP)—The Rev. Everett C. Parker used to be a press agent for Chicago livestock shows. Now he's an advance agent for the Lord-via radio. He sparkplugs religious publicity over the air-ways. "This means something," he said, "that's why I'm doing it. The other thing"—his former work as a press agent—"only meant money."

WASHINGTON LETTER

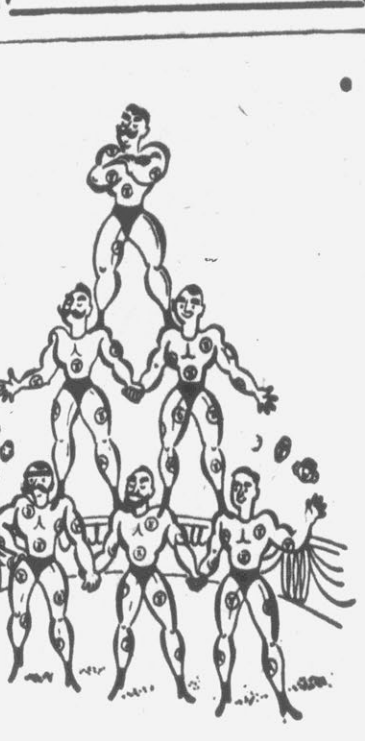

By JANE EADS Washington—Herve J. L'Heureux, a quiet, thinking man, has started a movement that is spreading across the country, with busy Americans everywhere pausing a moment at noon daily to pray for peace. A veteran foreign service officer, now chief of the State Department's visa division, Mr. L'Heureux first introduced his idea to fellow members of the Last Man's Club of the American Legion Post at his home town of Manchester, N. H., last October. At his suggestion the war veterans were doing for one minute at noon each day to pray silently for God's help in securing "an equitable and abiding peace."

Mr. L'Heureux says that during 10 years of service in consular posts in Europe before, during and immediately after World War II he became convinced that "something tangible should be done to correct widespread mistaken impressions abroad of the true character and ideals of the American people. "My experience," he says "impressed upon me the need for something out of the ordinary to demonstrate that the American people essentially are God-loving, God-fearing and peace-minded." Mr. L'Heureux emphasizes that the movement is completely free and non-sectarian. Everyone is invited to join in his own way. Among those endorsing the idea are Catholic Jewish and Protestant leaders. The idea is spreading abroad sixteen foreign countries are represented in the thousands of letters Mr. L'Heureux has received. Buildings are not good plane travelers. They have difficulty breathing at high altitudes.

Cooperation also pays on the telephone party line

Your sense of neighborly cooperation is the most important asset to good telephone party line service. By using your telephone sharingly—by replacing the receiver carefully after calling—by keeping calls reasonably brief you are setting the perfect example for others to follow. Try this good neighborliness and watch it pyramid your party line into the friendliest, smoothest line with the best service in the community.

# Cherry Says N. C. Gaining In Care Of Mentally Sick

Raleigh, N. C., Nov. 4—(AP)—North Carolina has made definite gains toward solving its problem of the mentally sick, former Governor R. Gregg Cherry said today. But its achievement is only a basic beginning, he added.

Cherry spoke at the dedication of a new building for epileptic children at the State Hospital here. It will be known as the Cherry Building, named for the former governor, in whose administration it was authorized.

The \$457,000 building will house 100 patients. It is the first building completed in the permanent improvement program approved by the 1947 General Assembly.

Cherry recited the state's progress in providing for the mentally ill. During 1933-35, he said, state hospitals had an average inmate population of 6,588—one of every 466 North Carolinians.

The average has grown to 9,540—

one of every 375 Tar Heels—by the 1947-49 biennium, he continued.

"The 1949 General Assembly under the leadership of Governor Scott and the North Carolina Hospitals Board of Control and friends of our mental patients here in North Carolina made provision for an average population of 11,250 persons," he said. "So that one person out of every 317 North Carolinians may actually become an inmate of one of these institutions."

Appropriations to operate the hospitals, he declared, have grown from \$1,663,535 in the 1933-35 biennium to \$15,445,697 for the two years ending June 30, 1951.

## First Fire Loss Claim Approved

Raleigh, N. C., Nov. 4—(AP)—Montgomery county is going to get the first fire loss claim to be paid by the state school insurance division.

J. G. McCracke, division director told the state board of education yesterday that fire caused \$6,159.75 damage to the gymnasium of the Star school last Friday.

A check for the state's one-third coverage of the loss \$2,053.25 is going out immediately, he said.

OLIVIA'S FIRST-BORN — Screen actress Olivia de Havilland holds her first child, Benjamin Briggs Goodrich, born in Hollywood. The actress, wife of writer Marcus Goodrich, was confined to her bed during most of her pregnancy.

## Career Ends For Top Playwright

Marblehead, Mass., Nov. 4—(AP)—A nervous disorder apparently has closed the writing career of Eugene O'Neil, Nobel prize-winning dramatist and author of several Broadway hits.

His wife, Carlotta, said last night that he is suffering from Parkinson's disease and that it is "getting progressively worse."

She said his hands tremble so badly he is unable to write in long-hand—his customary form of composing—and efforts to dictate have not been too successful.

The disease also has affected the 61-year-old playwright's speech, his wife said, and he prefers to stay in seclusion on his seaside estate here. He bought the place about a year ago.

His last play, "The Ice Man Cometh," was produced on Broadway in 1946.

Holder of the Nobel prize in literature and three Pulitzer prizes, O'Neil also has authored "Emperor Jones," "Strange Interlude," "Anna Christie," "Mourning Becomes Electra," and "The Hairy Ape."

Lindsey Mills

The defendant, Lindsey Mills, will hereby take notice that a civil action entitled, "Virginia Mills Vs. Lindsey Mills" has been instituted in the Superior Court of Pitt County, North Carolina, for the purpose of obtaining an absolute divorce on the grounds of two year's separation; and the defendant will further take notice that he is required to be and appear before the Clerk of the Superior Court of Pitt County at his office in the courthouse in Greenville, N. C., on the 14th day of November, 1949, or within twenty days thereafter, and either answer or demur to the complaint filed in the office of said Clerk on October 13th, 1949, or the plaintiff will apply to the Court for the relief therein demanded.

Witness my hand this 13th day of October, 1949.  
H. L. LEWIS, JR., Asst. Clerk Superior Court of Pitt County.  
Oct. 14-21-28 Nov. 4.

## Permit Sales Of Aviation Items

Washington, Nov. 3—(AP)—The United States and Britain have eased their ban on the sale of commercial planes and aviation equipment to Yugoslavia. The shipments—limited quantities of gasoline and lubricants, were cleared by the state department today.

Diplomatic officials, reporting the U. S.-British move just before the fuel and lubricants sale was announced, said it marks the latest step by the west to bolster Marshal Tito in his fight with Moscow and her eastern European allies.

## NOTICE OF SALE BY COMMISSIONER

Under and by virtue of authority and power of sale contained in that order made by the Clerk of the Superior Court of Pitt County on October 12, 1949, in that certain action pending in the Superior Court of Pitt County entitled "S. O. Worthington, Administrator of Jane Cooper et als" and by virtue of the authority contained in the statutes for sale of personal property by an administrator, the undersigned commissioner will offer for sale and sell at public auction for cash at the home of the late Jane Cooper in the Town of Simpson, Pitt County, North Carolina, on Monday, the 14th day of November, 1949, at 12:00 Noon, the following described real and personal property:

1. All the household and kitchen furniture and all other articles of personal property which Jane Cooper died possessed of.
2. That certain lot in the Town of Simpson known and designated as lot No. 46 in the Tucker and Edwards division of colored town in Simpson, said lot being 50 feet x 125

# Pirates Again Underdogs In Saturday Night's Contest

## Appalachian Eleven Rated Two-Touchdown Favorite

By Eugene Price

The Pirates of East Carolina Teachers College play host to the mighty Mountaineers of Appalachian here Saturday night.

And it won't be a picnic for Coach Dole's boys.

Appalachian, recovering from consecutive early season losses to Guilford and West Carolina, has some back to annex five games in a row, including four conference wins. They rank only fourth place in conference standing but it takes a mighty good team to make even that in North State competition this season.

Coach E. C. Duggins' losses have both been close ones too.

Guilford surprised the conference with a 13-12 victory over the Apps September 17. A week later Western Carolina, the team which was destined to capture the conference crown, edged the Mountaineers by one touchdown with a 13-6 score.

It looked like Coach Duggins' boys were in for a rough season.

The following week, however, they posted a 14-0 win over Elon's Fighting Christians, the most improved team of the conference. Even then North State followers refused to respect the power of the boys from Boone. Elon had been too easy a team last year for them to make a big do over Appalachian's two touchdown victory.

The Apps made it two straight the next week when they defeated LeNoir-Rhyme's highly touted Bears 19-6 in a homecoming affair at Boone.

The Mountaineers were definitely in the comeback trail.

Catawba fell victims to the Mountaineers 12-6, then came High Point and Appalachian's fourth consecutive win. Last week they walloped Newberry, S.C., 41-6. Counting their season opening win over Apprentice school, that gave Appalachian a 6-2 record for the year.

East Carolina, meanwhile, won over Cherry Point, then suffered consecutive defeats at the hands of LeNoir-Rhyme, Hampden-Sydney, Elon and Western Carolina, and came back to win over Apprentice school and the Edenton Flyers.

The comparative scores which throw the greatest scare in local fans are the ones against Elon. The Fighting Christians gave the Bucs a sound and decisive 33-6 drubbing. The same Elon team, without a doubt the hottest thing seen here this year, lost to Appalachian by two touchdowns indicating that the Apps are seven touchdowns better than the Bucs.

But don't start giving East Carolina and 40 points. It won't be nearly that bad.

The LeNoir-Rhyme games probably give a better indication of what the final score will be when the Apps play here. LeNoir-Rhyme beat East Carolina one point, they lost to the Mountaineers by 13 points. From that one touchdown bet Appalachian in East Carolina. We're inclined to go along with that.

Local fans are still talking about the improvement shown by the Bucs in their past two wins, few followers are predicting an East Carolina victory.

That 26-21 win over Apprentice school and the 67-0 trouncing the Bucs gave Edenton were both impressive but don't carry much weight when they get back into North State competition.

The Bucs, however, did look the best of the season when they played the Flyers. They were blocking, tackling, and running with a perfection they had not shown heretofore. It was an almost unbelievable performance for a team which started from scratch after suffering a season of defeats the year before and four consecutive losses this year.

Had they played the same kind of ball all year their record would show at least some changes. Even then they might not have beaten Elon but the score certainly would have been different.

An upset over the Apps in this week's game would even the Pirates' record at 4-4 and give them their first North State conference victory in two years. It would pave the way for their climbing up the ladder in North State standings. Their next games will be against High Point and ACC. A win over High Point would not be a major upset whereas the Pirates should beat Atlantic Christian. A three-three conference record and a 5-4 record for the season would look mighty good to East Carolina fans.

## Sport Slants By Pap

Lanky Lynn, Grand Old One of Michigan State's Brightest Stars, is Equally Effective on Offense and Defense.

Cliff Shinn, Jr., beams the manner in which the Michigan State Spartans have been overlooked by the football writers simply because they dropped their opening game to Michigan by the slim margin of 7-3. It could happen to any team the first time out, and especially against an opponent of Michigan's caliber.

The manner in which the Spartans have rebounded from that defeat indicates that Coach Biggie Munn has assembled a pretty fair gridiron machine, Shinn insists.

"After the unfortunate affair with Michigan," writes Shinn, "the Spartans came back to defeat Maryland, Maryland, William and Mary and Penn State in decisive fashion. Michigan State piled up 128 points in the four triumphs while allowing only 27 points to the opposing teams."

"By playing a major role in fashioning these Spartan victories, Lanky Lynn Chandross established himself as one of the finest backs in the collegiate ranks. The 195-pound senior right halfback is one of those old fashioned football players who is equally outstanding on offense and defense. He was voted the most valuable player on the squad by his teammates last fall, and he is carrying on in the same vein this year. It was Chandross who threw the pass for the Spartans' first touchdown in their new stadium last year, connecting with Hank Minarik. He would grace anyone's All-America team." Thank you Cliff. He'll get our vote.

## LeBaron Boomed For Big All America Grid Squad

Stockton, Calif., Nov. 4—(AP)—Eddie LeBaron, twice a Little All-America quarterback, is being boomed for bigger things—the Associated Press All-America football team.

Eddie's fans and many Northern California sports writers are plugging hard for the 5-8, 168 pounder. But they admit they are heavily handicapped.

Who's Eddie play for? For the College of Pacific, which meets its major opponents. And COP is playing exclusively in the West this year. So Eastern sports writers—who cast many of the votes for All-

America—are not seeing him. But LeBaron's fans point to this record:

Piloted COP to 24 wins and two ties in 28 starts in three years. Of two defeats, one was a one-point loss to Santa Clara in 1947.

Completed 150 passes in 322 attempts for 3,001 yards and 32 touchdowns.

Does most of his team's punting. The blond, good looking youngster should be dubbed "Durable Eddie." Because of his excellent defensive play, he's averaged over 50 minutes per game in 28 contests.

## 'Rookie Of Year' Title Voted Yankee's Coleman

New York, Nov. 4—(AP)—Gerry Coleman, fancy fielding second baseman of the New York Yankees, was voted today the American League's rookie of the year.

The slim 25-year-old resident of San Francisco, who played an important part in the Yankees' terrific fight for the American League pennant and was one of the heroes of their World Series triumph over the Dodgers, joined Brooklyn's Don Newcombe of the National League as the fresh standouts of their respective circuits.

Both received the accolade in an Associated Press roll of 116 members of the Baseball Writers' Association throughout the major league cities.

Whereas Newcombe breeked past all opposition by capturing 106 votes, Coleman had strenuous competition from Outfielder Roy Sievers of the St. Louis Browns and Southpaw Pitcher Alex Kellner of the Philadelphia Athletics.

The wiry infielder, who piloted a Marine dive bomber during the war, was named on 40 ballot to 33 for Sievers and 30 for Kellner.

## Mangrum Injured; Likely To Miss Tournament Play

Hollywood, Nov. 3—(AP)—Lloyd Mangrum, fourth on last season's list of pro golf money winners, is likely to be out of tournament play the rest of this year as the result of an injured shoulder.

Mangrum, 35, and his wife were passengers in the automobile of a friend yesterday when it was in a collision with another machine. A police report said the golfer suffered an injured shoulder during an altercation with the driver of the other machine.

Mrs. Mangrum said arrangements were made for an operation today in Santa Monica hospital to repair damaged muscles. He will not be able to play in the Philippine open tournament and probably in no other competition earlier than the Los Angeles open in January.

## Slam-Bang Windup Seen At Pinehurst

Pinehurst, N. C., Nov. 4—(AP)—A slam-bang Roman chariot style finish loomed today for the 47th North and South open golf tournament's 36-hole windup.

Leader Sammy Snead was still clinging to a one-stroke advantage he had carved out in the first round, but the Wolves were at his heels.

Snead's 138 was six under par for two trips over the No. 2 Pinehurst Country Club course, a 6,952-yard strip. But the White Sulphur Springs W. Va., professional was only a stroke ahead of Johnny Bulla, veteran Pittsburgh pro and two in front of National open king Cary Middlecoff.

Dangerous rivals at 141, three strokes off Snead's pace, were John Palmer, the Baden, N. C., pro, who went to the finals of the PGA championship won this year by Snead, Denny Shute, PGA champion 13 years back, and Ted Kroil, Philmont, Pa., professional.

Alone at 142 was the only other player under par at the halfway mark, Dick Mayer of West Palm Beach, Fla.

Still possibilities at par 144 were National Collegiate champion Harvey Ward of Tarboro, N. C., and pros Arthur Doering, Henry Ransom and Jack Burke.

Snead added a 70 to his opening 68 in his bid to repeat his 1941 victory in this 47-year-old tournament which carries a \$7,500 prize tag. He had a 35 on each hole.

## Scoring Spree In First Half Gives Williston 24-0 Win Against Eppes

The Eppes Bulldogs were the guests last night at the Williston high school homecoming, and took a 24-0 defeat at the hands of their hosts.

The Wilmington eleven began tearing at the Eppes' line in the first quarter, and after six minutes of play scored from the one yard line. Three more touchdowns were registered during the first half before the Bulldogs were able to solve

the tricky offense.

In the second half, the two teams played on even terms, with neither side able to score.

Line standouts for the Bulldogs were James Streeter, tackle, and Co-captain Howard Pritchard, end. Carlton Tucker and Co-captain Hyman did a fine job of line-backing for the locals.

Next week the Bulldogs travel to Snow Hill as guests for another homecoming game.

## Macauley Adds His Specialty To Cage Quint

New York, Nov. 4—(AP)—The St. Louis Bombers are going to be mighty tough in the National Basketball Association this season.

The addition of "Easy Ed" Macauley, All-America the last two years at St. Louis University, gives the Bombers a flawless ballhandler, noted for his accuracy in passing, as well as shooting. In addition Macauley's smooth work in grabbing rebounds helps the defense.

The Bombers won their second straight league game last night at

## Losing Team Has Pulled 166,000 Into Its Stadium

Seattle, Nov. 4—(AP)—Six times a loser, the University of Washington football team has pulled 166,000 people into its home stadium this year, and that's a record.

What's more, it's the third straight season that a Washington team has lost its way to a 13th high attend-

ance total. Nobody can say just why. Ivan Travis, athletic business manager doesn't ask questions or propound theories. He just has fun—counting the profits. There's one home game left with Washington State the enemy, and Travis expects the all-time mark to soar to 200,000.

**a standard of VALUE in Farm Tractor Power**

**ALLIS-CHALMERS Model C Tractor**

Here is a low-cost, full two-row tractor that delivers more performance per dollar than any other tractor in its power class. Available with hydraulic system. Three styles: standard, single front wheel, and adjustable front axle.

**EXTRA CONVENIENCE**

- No daily greasing. There isn't a single grease fitting on the standard Model C.
- Front-mounted planter, cultivator and fertilizer attachments.
- Model C cultivator parallel linkage assures positive penetration. Unusual stability in gangs stops weed dodging.
- Full line of quick-hitch implements.

Come in and let us show you what a real VALUE this tractor is.

When you talk about VALVE-IN-HEAD you're talking about

**The Power that made Buick Famous**

If you want to know what's "the newest thing" in automobile engines, look at the Buick engine pictured here, and you'll see the words "valve-in-head."

But it happens that this isn't new with Buick. As a matter of fact, the valve-in-head engine was invented back in 1902—U.S. Patent No. 771095—and immediately, Buick adopted the principle, which became the first in a long string of "Buick firsts."

Not everyone went for the idea—then. In spite of the fact that this engine "breathes" more freely—gets fuel in and exhaust gases out more easily—others hung onto their pet ideas.

Then came the airplane, with its need for maximum power from every drop of fuel—and every maker of internal combustion airplane engines adopted the valve-in-head principle.

And more recently—with the hope that higher-octane fuels will become available—a lot of automotive engine designers are taking a new look at the valve-in-head idea.

But just for the record, we'd like to point out that Buick got there first.

And ever since, Buick has gone steadily ahead, building up a name as "valve-in-headquarters." Buick engineers reshaped pistons to put Fireball wallop in these engines. They stepped up compression ratios as fast as better fuels came along.

So perhaps you'll want to remember, when you hear the term "valve-in-head," that this is the type of power that made Buick famous.

If others want to climb on the bandwagon, we say "more power to them"—and no pun is intended.

But Buick has been doing more with valve-in-head right from the start.

And—we might add—it stands to reason that Buick is not through making this type of engine better and better.

**MORE CLEARLY THAN EVER "Buick's the Buy"**

## THERE OUGHTA BE A LAW!

## Heart of Happiness

by PEGGY O'MORE

Chapter 18  
 There was no friendliness in Lucy's eyes as she stood back to let Arleta enter. Nor did she ask her to be seated.

Arleta, a few steps in, glanced around and suddenly began to laugh. "There's nothing as baffling to the uninitiated as simplicity, is there? Your collection of pressed glass in that wall cabinet—"

A reluctant smile tugged at Lucy's lips. "Mrs. Cotsen informed the neighbors I was brave to put up such a front."

"And you were too noble to tell her you could have bought and sold everything she possessed with that one cake platter—"

"Noble? No, just wise enough to know she wouldn't, couldn't believe it, I suppose," she said suddenly. "You think I'm a fiend to turn on an old woman the way I did."

"No," Arleta answered after a moment's thought. "I've always wondered why youth should show such deference to age. After one has lived such a span of years, one should have gained enough wisdom to show deference and be tolerant to youth. If that wisdom isn't there—"

"Do sit down," Lucy's voice was eager. "But she looks so like every grandmother one ever thought of loving. I mean she's symbolic. Lavender and pumpkin pie and reading the Bible at twilight. It's this that gives her the power to do so much wrong."

"But don't people see through her in time?"

"If they're associated with her closely enough. But she's so isolated. And she has such a way of prefacing every barb with a poisonous: 'the dear children, I'd do anything in my power to help them.'"

Arleta waited and the story came in a sudden gush. "This is all I had left after Big Chips Langtry got through with us. She began, 'so when my lungs went bad after my overseas stretch. Dart thought we'd better build here. He'd found work nearby. We did put all our savings into the house. But he had his G. I. loan. He intended

# Ladies Night Is Staged By VFW

The Greenville Post No. 7082 of the Veterans of Foreign Wars was host last night to wives and guests at a ladies' night supper-program held at the VFW clubhouse.

The highlights of the program last night was the presentation by the club of a portrait of the late Charles Gray Morgan, for whom the post was named, to his mother, Mrs. Kenneth Stalon. Morgan was the first man from Pitt county to lose his life overseas in the second world war. The presentation was

made by Carol Chauncey, a past commander of the post, who explained that the club had been working for a long time trying to have a picture made to be placed in the club house along with the charter, and also one to be presented to Mrs. Stalon.

Commander Earl Alder opened the meeting by introducing the many guests and making several announcements about the Poppy Day sale which will be undertaken in Greenville Saturday. The chairman of the various committees announced that booths will be set up in sections of the town. Sherman Parks, chairman of the parade committee for Armistice Day, reported plans being made.

Following the supper, a musical program entertained the assembled group.

Cecil Ellington, a former member of the Hal Kemp band, when it was one of the top attractions in the nation, played several selections with his saxophone and clarinet, rounding out the program with a number in which he played both instruments at the same time.

Ed Conway sang several numbers, which included "Need You" and "Linda." A popular duet, Billie Jean Simpson and Barbara Clement, sang the currently popular "Whispering Hope" and "White Christmas."

### FUNERAL OF INFANT

Funeral services for Jimmy Charles Sutton, infant son of Mr. and Mrs. Charles J. Sutton, of near Grimesland, were held at the home yesterday at 2 p.m. Rev. I. C. Morris, minister of the Church of God, Washington, officiated. Burial was in the family cemetery near the home. Surviving are the parents and his maternal grandparents, Mr. and Mrs. R. H. Manning.

### Cold Weather

The temperature in the Greenville area dropped to 38 degrees last night, only six degrees above freezing, but there was very little sign of frost. Mrs. Carl E. Maiden, observer for the U. S. Weather Bureau at the Greenville Machine Company, reported.

The highest temperature here yesterday was 71 degrees. Lowest last night was 38, and at 8 a.m. today it was 42 degrees. Highest temperature here a year ago yesterday was 76 degrees; highest today one year ago was 79.

### State Highway Employees Honor New President

By CHESTER WALSH

Nearly 100 members of the N. C. State Highway Employees' Association attended the supper meeting here on a recent night, held in honor of the new president, K. B. Scott of Greensboro. Mrs. Scott accompanied him. Pitt County Chairman R. T. Harrison presided.

Earl Crump, immediate past president, in an interesting speech, reviewed the new state ruling governing the five-day work week. He had recently attended a two-day session of the State Personnel Council. He said that a recent survey revealed that 23 of the 48 states are now on the five-day a week schedule. He stated that certain departments would not be affected and that some other departments would maintain a skeleton staff.

The speaker said that the "trial plan," which goes into effect January 1, applies to employees now working on a 39-hour a week basis would be reversed to the five and one-half day week should there be any decrease in service to the public or additional costs to the state. He referred to certain inequalities existing in salaries of employees serving in the same capacity. "The council," Crump stated, "is doing all possible to set up a schedule whereby, eventually, all employees will be on the same basis."

President Scott reported that 7,200 members in the employees' association, and he gave some of the highlights of the recent state convention held at Wrightsville Beach. He gave some interesting data concerning investigations being made by various committees, including the Retirement and Legislative Committee.

E. D. Credle, unit secretary-treasurer, was in charge of arrangements for the supper meeting. Jasper L. Phillips of Kinston said the invocation.

### Pitt's Criminal . . .

(Continued from page one) six months in jail awaiting trial. The case finally came to trial this week, and Tyson was found not guilty.

Court officials expressed the doubt that they will have an opportunity ever again of starting with a clean docket. There were some 150 criminal cases left on the docket at the end of the August

term, and at the end of the last regular criminal term of the year this week, there were 190 cases left on the docket.

Some of the cases will undoubtedly never be tried, officials point out. Over a period of years, and the present docket goes back to 1947, the key witnesses in cases disappear. Many of them will have to be not-processed.

Efforts are made each term to clear the jail cases. In some cases, however, they have to be continued. Most of these instances occur when the charges are brought during or very close to a superior court session and the defense and prosecution do not have time to prepare the case.

### James Ellis Funeral Is Conducted Today

Funeral services for James (Jim) Ellis, 59, who died in Pitt General Hospital at 6:15 o'clock Thursday night after ten days of critical illness, was conducted at the home near Falkland this afternoon at three o'clock by the Rev. Phillip M. Cory, Presbyterian minister of Fountain. Burial was in the Fountain cemetery.

Mr. Ellis, son of the late James and Mandy Owens Ellis, was born, reared and spent most of his life in the Fountain community. He served in the 119th Infantry Division in World War One. He was married to Maida Thorne in 1919 and was a member of the Farmville American Legion Post.

Surviving are his wife; two daughters, Mrs. W. G. Little of near Fountain and Mrs. Jimmy Tolson of Tarboro; a foster son, Charles Taylor of the home; 3 grandchildren; three sisters, Mrs. Ronnie Baker of Walsenburg, Mrs. Mary Jane Mercer of Stantonsburg, and Mrs. Hardy Jones of Black Creek; three brothers, John Ellis of Wilson, Noah Ellis of Rocky Mount, and Ben Ellis of Stantonsburg.

### Juniors Top Record In Subscription Sale

Reports from Greenville high school reveals that the Junior class of 1949 topped all previous records in the magazine subscription sale which it conducted recently.

The class sold a total of \$1906 worth of subscriptions during the two week period that the sale was in effect.

The money received from the sale will be used to take care of the expenses of the annual Junior-Senior honor given each year by the Junior class in honor of the Seniors.

### Ben L. Hemby Died In Baltimore Today

Mr. Ben L. Hemby 54, died at U. S. Marine hospital at Baltimore Md., at seven o'clock Friday morning after several months of illness. Funeral arrangements are incomplete.

Surviving are five sisters: Mrs. Zilpha Rotroff, Mrs. W. S. Moye, Mrs. Nan Moore, and Mrs. Ruby Duncan all of Greenville; and Mrs. W. W. Ellis of Wilson; and a brother, Capt. C. Hemby of Jacksonville, Fla.

### Our Stumbling . . .

(Continued from page one) product actually arrives here for examination by the customs inspectors on the spot, exactly how they'll classify it as to value and so on.

A decision by the inspectors can be appealed to the collector—boss of the customs district. There are 40 such districts. If he upholds his inspectors, the case can be appealed to the Bureau of Customs.

If the bureau upholds the collector and the inspectors, the case can be appealed to the customs court for final decision.

The customs bureau itself has been studying its procedures and regulations for a couple of years. And this week experts of the American, British and Canadian customs services have been going over the American set-up. Why? To see how they may be simplified so that more trade can flow in here.

When Congress comes back the customs bureau may suggest some changes in the laws governing imports.

### Huge Education . . .

(Continued from page one) —has been preserved in Epic poems, and the untold generations these stories have been relayed to the

people by professional reciters. If you stroll through the residential part of an Indian city of an evening you will hear the weird sound of these reciters declaiming to the assembled family. In this fashion at least the folklore of the country is handed down from father to son.

One highly important innovation in recent years has been the installation of radio sets in many village centers by the government—one set to a community. After the day's work is done the villagers gather about this set and listen to a program which is both entertaining and instructive.

However, the personal contact which India now proposes to employ might be expected to produce the best results. It is an experiment which will be watched by educators the world over with intense interest.

### Sponsor Dance At Gym Tonight

The Greenville High School chapter of the National Forensic League will sponsor a dance in the high school gym tonight from eight until eleven.

The dance will climax the N.F.L. week which has been observed in the school this week. The purpose of the N.F.L. week is to acquaint the students of the high school with the work of the club and to create interest in public speaking and debating.

### Dr. McGinnis Will Head Program For Kiwanians Tonight

Dr. Howard J. McGinnis of East Carolina Teachers College will be the speaker on the program at the Kiwanis Club's weekly supper meeting tonight at 6:30. Mrs. H. L. Carter will sing and Mrs. R. R. Willmann will be accompanist. James Ray Pitman, chairman of the Committee on Support of Churches, will have charge of the program. The committee is emphasizing "Attend your own church next Sunday."

### N. Y. Cotton

New York, Nov. 4—(AP)—Cotton futures opened unchanged to 10 cents a bale higher today. Noon prices were 25 cents a bale higher to 5 cent slower than the previous close. Dec. 30.07, March 29.99 and May 29.93.

### Poultry and Eggs

Raleigh, Nov. 4—(AP)—(NCDA)—Fryers and broilers steady at 28 to mostly 29; eggs steady, A large 56.

### Hog Market

Raleigh, Nov. 4—(AP)—(NCDA)—Hog prices steady to slightly stronger. Tops of \$16.25 at Greenville, Goldsboro, Wilson, Washing-

ton, and Rocky Mount; \$16 at Tarboro, and Kinston; Richmond steady at \$16.75.

### N. Y. Stock Market

New York, Nov. 4—(AP)—The stock market looked around for a direction today without much success. Gains and losses were well scrambled, with most price changes in small fractions. Many market leaders swung indecisively between the plus and minus columns and numerous stocks showed no variation at all.
