Graves Asserts Peace Of World Depends On U. S.

Says Military Strength And Economic Might Partners In Keeping Peace

John Temple Graves II, widely read Southern columnist, speaking last night before the Pitt County Executives Club on "Free Enterprise - The Magnificent American Proposition," discussed the democratic bases of our economy and their relationships to domestic and international affairs.

"The peace of the world," he stated, "depends on America, not only because of its margin of atomic weapons and military power but also because of its great economy." Keeping this economy going, he said, is a "must" in the world today.

Dr. Graves spoke before an audience of approximately 150 men and women at a dinner meeting held in the North Dining Hall of East Carolina Teachers College. Dr. John D. Messick of the college, president of the Executive Club, presided; and D. H. Conley, superintendent of schools in Pitt County, introduced the speaker.

The world has been changed by the introduction of atomic power, and especially by the fact that Russia can now produce the atomic bomb, Dr. Graves told his audience. Outlining differences between Communism and Democracy, he said that the peace of the world lies with democratic governments, which alone can be trusted to keep their pledged word.

He pointed out danger of too great concentration of power in such a man as John L. Lewis. Collective bargaining, he said, is one of the benefits of our economic system. There are laws against monopolies, he said. But, he asked, are the American people adequately protected against men like Lewis and are we in danger of having our economy "cracked like an egg" at the bending of a bushy eyebrow or the rolling of a Scottish R?

Many have come to believe, Dr. Graves stated, that the philosophy with which we have made this economy great is dated, backward, and selfish. Democratic government, he said, makes it possible for men to be free and to better the conditions of life. He stressed the dangers of too much government and of a government too far from the people governed. Human liberty and human welfare, he said, are threatened by the Welfare State and lost under the Police State. Quoting H. L. Mencken, he said, that democracy gives us both "liberty and ham and eggs."

Individual character is essential, the speaker maintained, to preserve our economy and our democratic way of life. We must, he stated, recognize the forces which are robbing us of our character. Among these he cited a lowering of the sense of moral responsibility; a tendency toward "glorifying young people" and letting them develop without discipline and a realization of their responsibilities; and a "libertarian sentimentality" which makes many reluctant, for instance, to keep Communists out of positions in our schools. Religion, he stated, should be the guide in the solution of problems which confront us.

Outlining a dream pointing to world peace, he concluded his address by stating that he has no more splitting of the atom except by free education, and religious men.

President Messick announced at the meeting Thursday evening that Geoffrey O'Hara, composer of popular songs and operettas, will speak at the December meeting of the Executives Club.

Big Three In Jovial Mood At Paris Meeting

High good humor seems to dominate the opening session of the Big Three meeting in Paris, France, Wednesday. U. S. Secretary of State Dean Acheson (left) clasps hands with French Foreign Minister Robert Schuman (right) in front of the beaming British foreign secretary, Ernest Bevin. (AP Wirephoto via radio from Paris.)

President Renews Plea For Action On Civil Rights Laws

Indicates Passage Would Do Much To Spike Criticism Of The United States By 'Our Enemies' Abroad

Washington, Nov. 11—(AP)—President Truman vigorously renewed his call for passage of civil rights laws today, saying they are needed to overcome "discrimination and injustice."

"In view of the fundamental faith of this country and the clear language of the constitution, I do not see how we can do otherwise than adopt such legislation," Mr. Truman declared in an Armistice Day speech prepared for a meeting of the National Conference of Christians and Jews.

The President noted that just a few hours before he had laid a wreath on the grave of the Unknown Soldier.

"No American knows, and no real American cares," he said, "whether that man was a Catholic, a Jew or a Protestant, or what his origin and color were."

"That grave—the grave of the Unknown Soldier—symbolizes our faith and our unity," he said. Mr. Truman indicated that passage of civil rights legislation might do much to spike criticism of the United States by "our enemies" abroad.

"The first step of every enemy of this country has always been to attempt to separate the different strands of faith and belief out of which this nation has been woven, he asserted.

"Our enemies have always tried to set group against group, faith against faith—to create prejudice and to spread hate and distrust among our people."

And he appeared to be referring to the same "enemies" when he said: "The task of achieving greater justice and freedom will be long and difficult. The beliefs on which we have founded our form of government, and our hope of a better world, are under attack."

Armistice Day, 1918

At the eleventh hour of this day, 31 years ago, your correspondent on the allied fighting front in Belgium as peace finally stilled the guns which had been belching death and destruction for four years of world war. It was an unreal and awesome quiet that settled over battlefields which had been rocking with the greatest conflict of history. The fighting men of all ranks were bewildered by the sudden change. Staff officers in their helmets stared blankly at the big maps on the walls. The rank and file stood looking at one another in disbelief. It couldn't be true. A British Tommy in battle-stained khaki and muddy boots sidled up to where I was standing. He saluted precisely, and then said diffidently: "Beg pardon, sir, but could you tell me what is this 'ere armistice'?" "Well, it means, sir, that we don't have to fight any more."

Bar Association Will Recognize N. C. Law School

Raleigh, N.C., Nov. 11—(AP)—The law school of the North Carolina College at Durham will be recognized by the American Bar Association, Attorney General Harry McMillan believes. John G. Hervey of Oklahoma, advisor to the bar association's section of legal education and admissions to the bar, inspected the Negro institution's law school yesterday. McMillan accompanied him on the inspection, along with Willis Smith of Raleigh, former president of the association. McMillan said that although Hervey did not say what his report would be, "we have every reason to expect his report will be favorable and that he will recommend approval of the school."

Report Profits In British Coal

London, Nov. 11—(AP)—One of Britain's nationalized industries—the coal mines—is making money. Fuel Minister Hugh Gaiskell told Parliament yesterday the mines showed a clear profit of £5,000,000 (\$18,200,000) during the first six months of this year. That compared with a loss of £29,000,000 pounds in 1947, the first year of public ownership and a profit of 1,500,000 pounds last year.

Pitt Road Bids

Raleigh, N.C., Nov. 11—(AP)—The Highway Commission has asked for bids on resurfacing 7.6 miles of road in Pitt County. The bids will be opened here on Nov. 22 when the commission opens bids on 20 road jobs previously advertised. The project calls for resurfacing a stretch beginning 1,200 feet north of the Greenville city limits westward to Bill's Cross-roads.

Steel Shortage Begins To Pinch

Detroit, Nov. 11—(AP)—With steel shortages beginning to pinch, the auto industry's unemployment will rise to 42,000 at the end of today's work shift. Latest layoffs are scheduled at Willys-Overland in Toledo, where 7,000 will be idled today.

Auto Industry Jobs To Rise To 42,000 By Week's End

Already there are announcements that another 27,000 will be laid off at other plants within two weeks as a result of the coal and steel strikes. Largest shutdowns to date are at Chrysler. There the closing of three plants Nov. 4 idled almost 35,000 of Chrysler Corporation's 91,000 Detroit area workers. Nash Motors plans to close its two main Wisconsin plants, where 13,000 workers are employed, on Nov. 18. Pontiac Division of General Motors will close down Nov. 23, knocking 14,000 off its payroll.

Romantic Rumors Over Margaret

Detroit, Nov. 11—(AP)—Margaret Truman and Frank P. Handy Jr. of Ypsilanti, Mich., are the center of romantic rumors again. The President's daughter, who will give a concert here tonight, had lunch yesterday with the young son of an Ypsilanti publisher. Last winter they were seen together often, but the White House said there was nothing doing as far as romance was concerned.

Hollywood Will Just Have To Get Along Without Him

New York, Nov. 11—(AP)—Hollywood just will have to do without Arthur Biggs for a while, and Arthur Biggs will have to do without Hollywood. But it's not his fault. The 11-year-old boy, who wants to be a singing cowboy like Roy Rogers, smooth-talked his way all the way to St. Louis by plane. The airline, a bit embarrassed by it all, brought him home yesterday. "You know," he confided to a dozen reporters at LaGuardia Field, "I'll probably get spanked for this. I got spanked the other times I ran away."

Colombia Pre-Election Fighting Now Subsiding

Bogota, Colombia, Nov. 11—(AP)—Pre-election fighting was reported subsiding in most parts of Colombia today as troops held the country under virtual martial law. President Mariano Ospina Perez' conservative party said the violence against authorities and citizens now has found the necessary dike. Ospina on Wednesday proclaimed a state of seige, a modified version of martial law, and placed troops at strategic points throughout the country. There were unconfirmed reports of clashes between conservatives and opposition liberal party members in the interior, but the government said most of Colombia was calm.

Report Profits In British Coal

London, Nov. 11—(AP)—One of Britain's nationalized industries—the coal mines—is making money. Fuel Minister Hugh Gaiskell told Parliament yesterday the mines showed a clear profit of £5,000,000 (\$18,200,000) during the first six months of this year. That compared with a loss of £29,000,000 pounds in 1947, the first year of public ownership and a profit of 1,500,000 pounds last year.

Preparing Plans To Shift Gov't

Washington, Nov. 11—(AP)—Secretary of Defense Johnson says plans are in preparation for possible movement of the seat of government from Washington if the city ever becomes the target for an attack. These plans include movement of the command of the Army, Navy and Air Force from Washington. The secretary said that "certain definite steps" have been taken to guard against "the contingency of a destructive military attack at the seat of this government."

Sec. Johnson Says Steps Taken As Precautionary Move

His comment is contained in a letter to Senator Wiley (R-Wis.) which the latter made public today. Wiley previously had asked Johnson what steps were being taken to decentralize in the event of an emergency. The secretary reported that the prior establishment of a joint command post for the armed forces, and facilities for this command post, were also under study. He said certain projects in connection with the emergency command post would cost money. Congress, he added, will have to appropriate such funds.

Scott Concludes Visit To Coast

Hatteras, N.C., Nov. 11—(AP)—Gov. W. Kerr Scott has concluded his first official visit to the Outer Banks. For the last two days he traveled up and down the narrow strip of sand that separates the ocean from the sounds. He said the folk are in great need of road improvement.

Plans Report On Condemned Man

Raleigh, N.C., Nov. 11—(AP)—Paroles commissioner T. C. Johnson expects to report to Governor Scott Monday in the case of a Negro sentenced to die Nov. 18 for murdering his wife. Johnson interviewed the Catawba county Negro, Lee Heller, on death row yesterday. He said Heller had been examined by a state psychiatrist and found to be sane "although of a rather low intelligence level."

School Bus Runs Over 5-Year-Old

Taylorsville, Nov. 11—(AP)—Donald Little, 5, was instantly killed late Thursday when he was run over by a school bus in the Lilewood section of Alexander County. The youngster is said to have got in front of the bus when it stopped in front of his home to let students get off. The driver, whose name is unavailable, failed to see the boy in front of his vehicle when he was ready to proceed, according to the personnel at Adams Funeral Home here where the body was taken.

James Roosevelt Expected To Run

Los Angeles, Nov. 11—(AP)—James Roosevelt, FDR's eldest son, is expected to announce his intentions for the governorship of California next Tuesday. He scheduled a press conference for the afternoon and a radio broadcast that night. Political insiders figure that Roosevelt, after pulse-taking tours around the state, is now ready to make his candidacy known.

Gray Says U.S. Must Keep Strength; War Too Costly

Riddle Of Soviet Atomic Boasting Hangs Over U. N.

Pittsburgh, Nov. 11—(AP)—Settlement of the strike against the giant United States Steel Corporation appeared only a formality today. Legal talks continued on an agreement reportedly fashioned after the Bethlehem peace plan which cracked industry's fight against free insurance and pensions. The CIO United Steelworkers 35-man negotiating committee stood by at a hotel ready to act on the settlement. President Philip Murray took part in closed door huddles with corporation and union officials.

Vishinsky Says Atom Being Used For Economic Development; A 'Warning'

Lake Success, Nov. 11—(AP)—The riddle of Soviet atomic production hung heavily over the United Nations on this Armistice Day of the pre-atomic first World War. Russia claims she is using the power of the atom for peaceful economic development—for moving mountains—for irrigating deserts. For cutting through jungle and tundra... spreading life, happiness, prosperity and welfare... where the human footstep had not been seen for thousands of years.

But Foreign Minister Andrei Vishinsky added this warning yesterday in a sharp speech before a UN assembly committee: If war comes, Russia could produce atomic bombs—"as many of these as we should need—no more and no less."

The atomic debate, the long-deadlocked attempt to find control of atomic energy, goes on in the U. N. special political committee at an afternoon session today. Thirteen countries are on the list to speak: Argentina, Yugoslavia, Pakistan, Uruguay, Czechoslovakia, White Russia, Norway, Liberia, Nicaragua, Israel, India, Peru and the United States.

No one openly challenged Vishinsky's claim that the Soviet Union is using atomic energy "right now" to raise mountains and irrigate deserts. But there was an underlying air of skepticism among U. N. delegates.

Scientists have said some elements of the atom bomb probably could be used for blasting earth. However, the only known explosive that could do the job is a combination of those elements in the atom bomb. After such a blast, they report, the earth in the area would be radio active but not dangerous after a period of about a month or so.

Eight Fatalities In Highway Crash

Gila Bend, Ariz., Nov. 11—(AP)—Eight men lost their lives and 16 more were injured last night when a truck filled with cotton pickers smashed into a semi-trailer on a highway 17 miles east of here. The men were recruited in the Los Angeles area. Three of the injured are in critical condition. The others are reported in serious condition.

Officials Hint Airplane Engine Exports To Tito

Washington, Nov. 11—(AP)—The United States may follow up its shipment of aviation gasoline to Yugoslavia by exporting aircraft engines and parts to the former Russian satellite state. Officials said that probably will be the country's next step toward helping Marshal Tito in his struggle with Moscow. Applications for such equipment already have been received from the Balkan nation.

Plans Report On Condemned Man

Raleigh, N.C., Nov. 11—(AP)—Paroles commissioner T. C. Johnson expects to report to Governor Scott Monday in the case of a Negro sentenced to die Nov. 18 for murdering his wife. Johnson interviewed the Catawba county Negro, Lee Heller, on death row yesterday. He said Heller had been examined by a state psychiatrist and found to be sane "although of a rather low intelligence level."

School Bus Runs Over 5-Year-Old

Taylorsville, Nov. 11—(AP)—Donald Little, 5, was instantly killed late Thursday when he was run over by a school bus in the Lilewood section of Alexander County. The youngster is said to have got in front of the bus when it stopped in front of his home to let students get off. The driver, whose name is unavailable, failed to see the boy in front of his vehicle when he was ready to proceed, according to the personnel at Adams Funeral Home here where the body was taken.

James Roosevelt Expected To Run

Los Angeles, Nov. 11—(AP)—James Roosevelt, FDR's eldest son, is expected to announce his intentions for the governorship of California next Tuesday. He scheduled a press conference for the afternoon and a radio broadcast that night. Political insiders figure that Roosevelt, after pulse-taking tours around the state, is now ready to make his candidacy known.

Only Formality?

Pittsburgh, Nov. 11—(AP)—Settlement of the strike against the giant United States Steel Corporation appeared only a formality today. Legal talks continued on an agreement reportedly fashioned after the Bethlehem peace plan which cracked industry's fight against free insurance and pensions. The CIO United Steelworkers 35-man negotiating committee stood by at a hotel ready to act on the settlement. President Philip Murray took part in closed door huddles with corporation and union officials.

Truman Accepts Krug Resignation

Washington, Nov. 11—(AP)—President Truman today accepted the resignation of Secretary of the Interior Julian (Cap) Krug and chose undersecretary Oscar L. Chapman to succeed him. The cabinet shift is to be effective Dec. 1. Presidential press secretary C. G. Ross announced the President's action. He would not say why Krug is quitting.

When asked about that, Ross said that an exchange of letters between the President and Krug would be made public, later in the day. He told newsmen to make their own interpretation after reading the exchange of letters. There have been reports for a long time that Krug's relations with the President were declining. Krug had told reporters yesterday that he was quitting, effective Dec. 1.

The general expectation had been that Chapman would get the cabinet post. At 53, veteran of many years in the government, Chapman is a favorite of Democratic National Chairman Bill Boyle and other party officials.

Officials Hint Airplane Engine Exports To Tito

Washington, Nov. 11—(AP)—The United States may follow up its shipment of aviation gasoline to Yugoslavia by exporting aircraft engines and parts to the former Russian satellite state. Officials said that probably will be the country's next step toward helping Marshal Tito in his struggle with Moscow. Political insiders figure that Roosevelt, after pulse-taking tours around the state, is now ready to make his candidacy known.

Ultimate Cost Of World War II May Be Over One Trillion Dollars; Another War Even More Costly; Army Secretary Says U. S. Strength Must Discourage Any Possibility Of New Conflict

By EUGENE PRICE Secretary of Army Gordon Gray, speaking before an Armistice Day gathering of an estimated 4,000, said in Greenville today that the ultimate cost of World War II may be over one trillion dollars. Another war might well cost three and one quarter trillions of dollars, he warned and called for a militarily strong United States in order to discourage aggression by another country or insure victory should another war come.

The North Carolina-born Secretary of the Army was the principal speaker at the greatest Armistice Day celebration ever to be held in Pitt County and the leading such event in North Carolina this year. Speaking in warm 80-degree November weather in the stadium at East Carolina Teachers College, Gray advocated two steps to insure a powerful army. He called for: 1. Retention of the draft act which is scheduled to expire next year. 2. A universal military training system.

In citing the measures the United States is taking to assure peace the Army Secretary acknowledged: "These measures are expensive—21 billion dollars this year. He continued, however, "But when that figure is placed beside the probable cost of another war, it assumes small proportions. And compared to the price of losing another war, it is insignificant."

Gray announced that the initial cost of World War II was 350 billions or 13 times as great as that of the first war. "It has been estimated that the ultimate cost of this war, including expenditures already made and commitments already assumed, will total fourteen hundred and four billion dollars," he said.

The continuing cost of war was illustrated by Gray when he reported that only in 1946 was the last benefit payment to a dependent of a veteran of the War of 1812 made. "The war with Mexico ended in 1847 but there are still 29 dependents of veterans on the rolls," the Army secretary said.

Thousands Saw 'Longest Parade' Procession Over Mile And Half In Length; Eight Bands

Thousands of people from Pitt County and other parts of the state were on hand this morning to swell the streets of Greenville, and watch the longest parade in the history of the city pass in review in the annual Armistice Day parade and celebration. The parade which was over a mile and one-half in length, started on Dickinson Avenue, from there to Washington, to Third, and down Main, following Fifth street to the college stadium.

The parade was headed by the National colors which fluttered briskly in the wind, followed by the post colors of the Pitt County American Legion Post No. 39 and the V.F.W.

Directly behind the colors came the honored guest of the day, Secretary of the Army Gordon Gray. In the car with the Secretary was Congressman Herbert Bonner.

The parade which included eight bands from all over Pitt county was led by the famed 82nd Airborne Division Band from Fort Bragg. This was the same band which led the Victory march down Fifth Avenue at the end of the war. Close on the heels of the band came units of the 82nd Airborne Infantry and Artillery.

The complete line up of the mile long parade, as led by the National colors and the Secretary of the Army Gray is as follows: National colors, Post colors, Secretary Gray, American Legion and V. F. W. commanders, guests, Gold Star mothers, disabled veterans, the 82nd Airborne Division band, which led units of the 82nd division infantry and artillery, the East Carolina Teachers College band, the Air ROTC unit, V.F.W. Auxiliary, Brownie Scouts, Girl Scouts, Greenville High School band leading the National Guard, followed by the Cub Scouts, Boy Scouts, American Legion Auxiliary, American Legion and V.F.W. veterans, the Farmville High School band, Army and Air Force official jeep, Fire Department units, colored veterans, colored Elks, Eppes High School band, colored Girl Scouts, colored Boy Scouts, Farmville colored band and the Ayden colored band.

The 82nd Airborne Division from Fort Bragg, the East Carolina AROTC unit and the Greenville National Guard stood at parade rest on the playing field of the spacious East Carolina stadium during the ceremonies.

A jet fighter plane from Cherry Point put on an aerial demonstration preceding the program. The 82nd Airborne and the East Carolina Teachers College band flanked the speaker's stand which was erected on the east side of the stadium. Dignitaries were feted at a barbecue dinner following the ceremonies.

More List For Leaning Tower

Pisa, Italy, Nov. 11—(AP)—The leaning tower of Pisa, already 16 1/2 feet out of plumb, has listed another three-tenths of an inch in the last 12 years. Scientific measurements showed today.

The Navy's Real Boss

Recent Change In Navy's Top Command Points Up Fact That No Man In Uniform Can Overrule Secretary Of The Navy; Background And Growth Of Authority

By CLARKE BEACH Washington—(AP)—The recent change in the Navy's top command serves to point up one fact. The Navy's real boss is the secretary. No man in uniform can overrule him once he has made up his mind. When a man is made chief of naval operations he becomes the highest ranking active officer in the Navy. He has command of the fleets and has the responsibility for keeping them ready for war. But the secretary always has command of them. The job of chief of naval operations is a relatively new one. It wasn't created until 1915. Before then the secretary personally exercised control over all the fleets and bureaus of the Navy Department. The office of secretary was created in 1788. The bureaus were established in 1842. When the office of the Chief of Naval Operations was created, by law this country was following the British pattern. At the head of the British Navy is an admiral, the first lord of the Admiralty. Under him is a professional sailor who manages the Navy for him. His title is first sea lord. The powers of our chief of naval operations (CNO) were at first rather vague. The law said that he should, "under the direction of the secretary of the Navy, be charged with the operations of the fleet, and with the preparation and plans for its use in war." But the CNO was not clearly in command of the Navy. To correct this during World War II the CNO was made commander-in-chief of the U. S. fleet. Fleet Adm. Ernest J. King held the dual position. Shortly after the war was over, President Truman abolished the office of the commander-in-chief of the U. S. fleet and in an executive order gave a new, clearer definition of the powers of the CNO. The order stated flatly that the secretary of the Navy was the commander of the Navy, under the President, but that the CNO shall have command of the operating forces comprising the general fleets, sea-going forces, sea-frontier forces, district and other forces, and the related shore establishments of the Navy, and shall be responsible to the secretary of the Navy for their use in war and for plans and preparations for their readiness in war. Most of the orders to the various bureaus and other units of the Navy issue from the office of the CNO. In one field, however, he does not actually have command. In matters

Social and Personal

All items for this page received after 10 A. M. will be published the following day. Dial 2386-6 A. M. to Room; 1 to 6:30 P. M.

Mr. J. L. Kilgo and Miss Susanne Kilgo have returned from Mammoth, N. Y., where they attended the wedding of Miss Ann Bovelle and J. L. Kilgo, Jr., on Sunday, November 6.

Mrs. Peggy Hart continues in Pitt General Hospital. Dr. and Mrs. E. T. Beddingfield of Fayetteville and Fort Bragg spent the past week-end with Mr. and Mrs. Willard Wooten on Cedar Lane Drive.

Mrs. Frank Parker, Sr., has returned to Kings Daughters home in Rocky Mount after having spent some time with her children here.

Billie Bryan of Washington D. C. spent last week-end with her mother, Mrs. Billie Bryan.

Mr. B. F. McCally of Baltimore Md. was the guest Wednesday of Mr. and Mrs. Henry Wooten.

Miss Janice Owens a student at Duke University will arrive this evening to spend the week-end at her home.

Reedy Branch Church The regular second Sunday night church service will begin at Reedy Branch Sunday night, November 13, at 7:30 with Rev. D. W. Hansley in charge.

Honored at Dinner Mr. and Mrs. R. Markham entertained at dinner on Wednesday evening at their home on E. Fourth street honoring their son, Romulus Markham, Jr., of Wilson, on his 23rd birthday.

Those present were Mr. and Mrs. Romulus Markham and Mr. and Mrs. D. R. Smith and their son, Mark, of Winston. Mrs. Smith is the sister of the honor guest.

Sorority Pledge Durham—Lola Z. Waldrop daughter of Mr. and Mrs. J. H. Waldrop, 550 E. 10th St., Greenville, was recently pledged to Alpha Delta Pi sorority at Duke University after a three weeks rushing period. The thirteen sororities at Duke pledged a total of 197 freshman girls.

Birthday Celebrated Trilla Gail House, daughter of Mr. and Mrs. E. F. House of Greenville, celebrated her fourth birthday on Tuesday afternoon, November 8, at 4 o'clock at her home on Jarvis street.

Many games were played and balloons were given as favors. After the games Trilla Gail opened her lovely gifts. Ice cream, cake, potato chips, drinks and candy were served. Many of her friends were present.

Revival at Black Jack There will be a two-week revival at the Black Jack Free Will Holiness church beginning Sunday night. The Rev. D. J. Little of the Farmville Pentecostal Holiness church will conduct the services assisted by the Rev. J. W. Norris of the Black Jack Free Will Holiness church. The song services will begin each evening at 7 o'clock.

Collecting Toys for Refugees The Woman's Club is collecting toys for Christmas for the Bavarian children in refugee camps. Durable toys for children from babyhood to 14 are wanted. All club women are asked to bring their toys to the Woman's Club by Saturday, November 19. Anyone else who wishes to contribute call Mrs. Hicks Corey or Mrs. Maude Swartz.

Christian Church Announcements At the Eighth Street Christian Church Sunday morning the male quartet composed of James Ray Pittman, Cliff Sullivan, Ralph Sullivan and Pat McLahorn will sing "Accept Our Thanks." At this service the pastor will preach on "The Holy Partnership." The Christian churches of North Carolina will conclude a three day convention tonight in Washington, N. C., at which time two simultaneous banquets will be held: youth banquet at 6 p. m. at the Christian church and laymen's banquet at the Methodist church at the same hour. Two addresses will be given at 7:30 and following, an address to youth by Robert Pudge, national C. Y. F. president, and an address to laymen by Mark Rutherford, national director of men's work in the church.

40 Years Ago Today

THE DAILY REFLECTOR November 11, 1909 Every incoming train of Thursday as well as the morning trains today brought many people to Greenville to attend the celebration of East Carolina Teachers Training School and the inauguration of President R. H. Wright. They are here from all parts of North Carolina and some from other states. Greenville welcomed the visitors cordially and is entertaining them handsomely. Across the streets are large banners bearing such greetings as "Our Greenville, Yours if You Come" and "Greenville, the Educational Center of the East."

W. M. S. of Immanuel Church The Woman's Missionary society of Immanuel Baptist church will meet Monday afternoon at 4:30 at the church for its regular monthly meeting. The Nettie Patrick circle will have charge of the program and the missionary topic will be "Christ the Answer for Moslem Lands."

Joins Law Firm in Washington James R. Worsley, Jr., recently admitted to the bar as an attorney at law in North Carolina and in the District of Columbia is now associated with the law offices of H. S. C. Klagsbrunn in Washington, D. C. Mr. Worsley was graduated from Harvard Law School last June and is also a graduate of East Carolina Teachers College.

Attention W. S. C. S. Members The W. S. C. S. of the Methodist church urges all members to bring clothing and bedding to the general meeting at the church on Monday, November 14. Boxes will be packed to be sent to New Windsor, Md., from where they will be shipped to church agencies in Europe for distribution among the needy. If enough clothing is brought some of it will be kept here to be given to the needy of our city.

Please bring all usable wearing apparel and bedding and leave them in the Carson Bible class room.

In New York For Game Among those attending the Notre Dame-Carolina football in New York Saturday are Mr. and Mrs. Walter Harrington, Mr. and Mrs. Ty Wagner, Mr. and Mrs. Hoyt Minges, Mr. and Mrs. J. J. Edwards, Jr., Mr. and Mrs. Howard Hodges, Jr., Mr. and Mrs. Clifton Edwards, Mr. and Mrs. Matt Long, Mr. Phil Goodson, Mr. L. M. Buchanan, Mr. S. O. Worthington, Mr. J. Con Lanier, Mr. Jasper Tripp, Mr. David Moore, Mr. T. J. Moore, Mr. and Mrs. D. J. Whitehead, David Whitehead, Connor Merritt, Dick Fleming and Knott Proctor, Jr.

Presbyterian Announcements On Sunday morning, November 20, both the Sunday School and Church Service offerings go to our orphanage at Barium Springs. You are asked to help us make our Thanksgiving offering the largest and most generous in the history of our church. You can spread and express the spirit of Thanksgiving through your gift.

On Sunday evening, November 20, our church will observe the annual youth night service. The program will be prepared and presented by the two groups of young people in our church. Each family of the church is urged to attend. Each evening this week, Sunday through Friday, the pastor will be conducting evangelistic services at Ballards Presbyterian Church. You are asked to remember the services and the preacher in your daily prayers.

The college students will meet at the manse for vesper service and supper 5 o'clock Sunday afternoon. Dr. John D. Messick, president of E. C. T. C. will be the speaker. On Sunday evening, November 20, the Rev. Fred R. Stair, Jr., assistant to the President of Union Theological Seminary, Richmond, Va., will be the speaker. The Women of the Church are sponsoring a Special Bible Study

SOCIAL CALENDAR

FRIDAY
6:30 p. m.—Kiwanis Club
6:45 p. m.—Exchange Club
8:00 p. m.—Greenville chapter E. C. T. C. Alumni meets in Austin building. Larry Averette, guest speaker.
SATURDAY
7:45 a. m.—Credit Women's Breakfast club meets at the Olds Towne Inn.

Season November 14-17. Mrs. S. H. Askew of the Board of Woman's Work, Atlanta, will conduct the study. The schedule is as follows: Monday at 3 p. m.; Tuesday at 7:30 p. m.; Wednesday at 7:30 p. m. and Thursday at 3:00 p. m. All women of the church are urged to be present for all four sessions and to bring someone to the study. The men are given a special invitation. The Deacons will hold their regular monthly meeting on Monday, 7:30 p. m.

The Senior Young People will meet at the church Sunday p. m. at 8:30 o'clock under the leadership of Miss Anne Beatty, the adult adviser. The Pioneers will meet in the College Class room Sunday evening at 6:45 o'clock under the leadership of Miss Peggy Monroe, the adult adviser.

In the absence of the pastor we will not have the mid-week worship service Wednesday evening. The Choir will meet for rehearsal Wednesday evening 7:30 o'clock. You are cordially invited to attend the Annual Harvest Sale at Boyd Memorial Presbyterian church on Friday evening 7:30 o'clock. On Thanksgiving Day there will be a Union Service 10:30 a. m. at the Eighth Street Christian Church sponsored by the Ministerial Association. The pastor of the First Presbyterian Church will be the preacher.

Library News

November 13 to 19 the George Washington Carver Library is celebrating National Book Week, theme "Make Friends with Books." Sunday, November 13, a member from the Library Board will visit from the churches of the city, giving the origin of book week, and telling the public why they should read the wholesome material from the free public library.

Mrs. M. B. Allen will speak at the A. M. E. Zion Church; Mrs. C. R. Graves, Sycamore Hill Baptist Church; W. J. Hester, Holiness Church; Mrs. Lucile Gorham, Disciple Church; and C. G. McGlone, Mt. Calvary.

Monday, November 14, a radio program, Mrs. M. B. Allen, over WGTC, 4:45-5:00 p. m.

Wednesday, stories will be told in the Juvenile Reading Room by Miss F. A. Phillips, Mrs. N. W. Cherry, and Miss C. McKnight. Friday, November 18, Library Quiz over WGTC, 4:45-5:00 p. m. by Mrs. B. C. Maye, librarian, Robinson High School Library, Winterville; Miss B. A. Sowell, librarian, Epps High School Library, and Mrs. Belle Maye Atkinson, librarian, George Washington Carver Library.

Visit your public library, and say as Goldsmith has said, "The first time I read an excellent book, it is to me just as if I had gained a new friend."

"When I read over a new book I have perused before, it resembles the meeting with an old one."

Library hours from 2:0-8:00 p. m. daily.

—Mrs. Belle Maye Atkinson, Librarian

Red Oak News

A committee composed of Mrs. Jarvis Tripp, Mrs. Fenner Allen, Mrs. Ola Kittrell and Mrs. B. L. Tyson met at the home of Mrs. Allen last Monday night and outlined plans for another turkey supper to be given at the Red Oak Club house on Wednesday night, November 16 from five thirty until eight o'clock. Many of our friends who came to the last supper we had have signified their intentions to come back. We sincerely hope they do, and we cordially invite all others who can to come.

Mr. and Mrs. Leon Tyson and Miss Alice Leota Edwards visited Mr. and Mrs. Joe Tyson and son at Roanoke Rapids last Sunday. Many of our folks attended the dedication service held at Mt. Pleasant Church last Sunday. Mt. Pleasant has just completed a remodeling program and they are the proud possessors of one of the most beautiful rural churches in Pitt County.

She's In Dispute With Gar Wood

Mrs. Violet Bellous (left), 31, former secretary of Boatman Gar Wood, meets Louie Bandel, court-appointed receiver, at \$85,000 home in Miami, Fla., over which she and Wood are in dispute. In his suit against Mrs. Bellous, Wood charges she "abducted" the home, along with \$25,000 in cash and bonds. In her reply, Mrs. Bellous called Wood an "Indian giver." Shg and Bandel inventoried the disputed house. (AP Wirephoto).

B&PW Club Holds Meeting

The regular meeting of the Business and Professional Women's club was held last night at the Woman's Club with Ruth Meeks, president, presiding. Marjorie Shearin, program co-ordinator had charge of the program and she introduced Hazel Garris, a Farmville High School senior, who is very active in 4-H Club work. She is the state president of the 4-H club and has completed 35 projects. Miss Garris talked about the activities of the club and showed pictures of the highlights of the 4-H Club camp in Washington, D. C.

Miss Rice of East Carolina Teachers College gave highlights of district meeting held in Mount Olive in October. Miss Grace Utland gave an interesting talk on "socialized medicine" and how it would affect the individual and pointed out why this law should not be passed.

Several members of the Business and Professional Women's Club are leaving Saturday morning to attend the mid-year meeting which is being held November 12-13 at Southern Pines, North Carolina.

Four-State Meet Convenes Today

Asheville, N. C., Nov. 11.—A four-state national Forensic League student congress convened here today.

Approximately 150 students from North Carolina, Tennessee, Virginia and West Virginia were expected for the convention.

Sugar fived in green leaves of plants annually is estimated to represent energy equal to 300 billion tons of coal.

THIRD STREET SCHOOL NEWS

William Penn

William Penn was a Quaker in England. The King of England paid William Penn a debt by giving him some land in America. Today this land in America is called Pennsylvania. Instead of taking the land away from the Indians he made a treaty, and bought the land, for his settlement. William Penn did not have trouble with the Indians. He treated them very kind and they were his friends.—William Leggett, fifth grade.

Safety Patrol

The safety patrol boys and girls of Third Street School have done a fine job of looking after the safety of our pupils. There are about 12 members in this group. We appreciate their good work.—George Ray Shackelford, fifth grade.

Our Art Lesson

We have an art lesson every Monday morning. Our art teacher is Mr. Walker. We like him very much. Our last art lesson was on the new England States. We have these up in our room now. Everyone likes our art lessons.—Margaret Phelps, fifth grade.

Our New Games

Last Friday at our class meeting we decided that we should have some games for rainy days. The president appointed a committee made up of John Ed Arnold, Alton Flye and Mickie Sumrell to pick out some suitable games. These people went up town after school and bought two puzzles on the United States and one on South America. Other games bought were tiddly winks and one set of library games. I think we will

enjoy rainy days from now on.—Mickie Sumrell, fifth grade.

American Education Week

This week is American Education week. We want all parents to visit our school this week. We would like to show you what we are doing. We have art and music along with our other lessons. We would be glad for you to come.—Barbara Fleming, fifth grade.

Fall Is Here

Fall leaves are pretty. They are red and yellow and orange. Squirrels hide nuts in the fall. The leaves are all colors.—Madge Standl, second grade.

Third Grade

Our class is acting a play. We will have the play in the room. We hope they will like it.—Ralph. We have a pretty room. We have some Indian pictures. We do good

666 GIVES FAST RELIEF when COLD MISERIES STRIKE LIQUID OR TABLETS

work. We have two new boys.—Lib. We have two new friends. Their names are Bobby and Gerald. They are nice. Gordon, Mary Retha and Cathryn are absent. We are sorry.—Jasper.

More than 1,000 mercury vapor lamps light the underground roadways of the Pennsylvania Turnpike through the Appalachian Mountains.

A bicycling craze swept this country in the years after 1889.

Winter Legumes Result In Profit

A Pitt County farmer, Fred C. Taylor of Grifton, is convinced that it pays to use winter legume cover crops, says County Agent S. C. Winchester.

Taylor established a legume crop last winter on part of a field of deep sandy corn land. He fertilized

ed this portion of the field with 400 pounds of 4-10-6 and 200 pounds of nitrate of soda, and obtained a corn yield of 60 bushels per acre. On another portion of the field, where no cover crop was grown, he applied the same amount of 4-10-6 and twice as much nitrate of soda, but obtained only 50 bushels of corn per acre. Thus the winter legume in this instance was worth 10 bushels of corn and 200 pounds of nitrate of soda.

The Pitt farmer also seeded a cover crop on five acres of a 10-acre field of cotton land. The yield of lint on the winter legume acreage was 2,625 pounds, compared with

GOING PLACES . . . Wonderful feather-weight gabardine dress with matching bouclé yarn trim on armholes and collar.

AT HOME . . . Typical California house-coat with black bodice and vivid awning-striped skirt of glazed chintz.

a yield of only 2,000 pounds on the other five-acre plot. Fertilization was the same on both plots—500 pounds of 4-10-6 and 100 pounds of nitrate of soda. Taylor figures that in this case the legume was worth 625 pounds of lint and 1,100 pounds of seed. With lint valued at 29 cents a pound and seed at \$4.00 a ton, this would be a value of \$211.31 on five acres, or \$42.26 per acre.

(Dear Judge)

AP Newsfeatures
You can keep yourselves from becoming a cynic by curbing the tendency while you are in your teens. It usually begins when your friends seem to have more than you do. Maybe they dress better than you, perhaps they have bigger allowances, maybe their parents are more congenial than yours.

In any case you might have a tendency to envy them, just a little bit.

One thing you must remember is that the grass always looks greener on the other side of the fence. The girl who has all the spending money she desires at her home, her father or mother might have habits that keep her from bringing her friends to the house.

If you notice yourself speaking sharply to other people for no reason at all, particularly people for whom you have some admiration, you should examine your mind to see whether you are indeed becoming a cynic. Here are some other signs:

1. You never compliment any one but almost always find some thing about him to criticize.
2. People are nice to you even though you are rude to them, so you think you are getting away with something. Actually they feel sorry for you.
3. You are jealous of girls who have nice boy friends because yours doesn't quite measure up.
4. You dislike girls who have prettier faces, clothes and brains, instead of trying to improve your-

self.
5. You secretly think you are the most terrific person in the world but nobody appreciates you.
6. You criticize a person for his religious beliefs.

It isn't just the fact that you are a cynic, and might grow up to be a problem to anybody who is unfortunate enough to marry you, work with you, play with you. It is the fact that you always will see the seamy, dull and unpleasant side of everything, and make your own life miserable. Worse than that, you can't escape payment in kind for the unhappiness you bring to others.

Here's how you can start depositing pleasantries in your personal bank and fighting your tendency to be a cynic.

1. If you can't say anything nice about or to a person, don't say anything. Bite your tongue if necessary.
2. Try to do something extra-nice for somebody at least once a week.
3. Instead of envying somebody who has more than you, use it as a goal to get ahead yourself.
4. Appreciate the things you have. Your mother and father might be poor, but they might be rich in wisdom which can see you through a lifetime.
5. Take personal pride in your clothes, even if they have a home-made look. Show them off to your friends, and you'll get more pleasure out of them, than trying to hide the fact that "Mamma made them."

When you are searching around for a mate, later on in your life, watch for signs of the cynic. You'll find this type of man is the supreme critic. No matter what you want to do or wear, he will put the kibosh on it. He will never enjoy the recreation you prefer. The movie or show you have just seen, even the food you have just eaten, will give him reason to disagree with your enjoyment of it. This man hardly ever says anything pleasant to his wife or anybody else. He will nag at her when they are alone and just as vehemently when she is surrounded by friends. He will criticize your cooking.

Strength FOR THE DAY

RIGHT IN LETTER, WRONG IN SPIRIT

There was a way in which the enemies of Christ understood him better than did his disciples. As Jesus hung on the cross, his enemies cried out: "He saved others, himself he cannot save." They were right. Not that he lacked the power to save himself, but to have saved himself would have meant the forsaking of all he came into the world to do. Here his enemies unwittingly spoke the truth about him.

Jesus has told his disciples many times that he would rise again from the dead, yet when the resurrection occurred, they were utterly amazed. But the enemies of Jesus went to Pilate after the crucifixion and asked that the tomb be sealed, for they remembered that Jesus had said that he would arise, and they feared lest his disciples would steal away his body. The enemies of Jesus remembered an important teaching of Jesus which the disciples forgot.

Often in our own day, the enemies of religion know more about the Bible than do church members. Many a college professor can destroy the faith of his students because as children these students had little or no religious training either in home or church. Parents assumed that the children would absorb religion from their surroundings, but these parents were wrong.

The enemies of Christ are sometimes better informed than are the so-called "believers."

Around Capitol Square

By LYNN NISBET

CHRISTMAS—Although Thanksgiving is still two weeks off many stores are displaying Christmas merchandise. Santa Claus is being worked to a frazzle long before the proper time for his visit, and memory of kids being short he may be worn out or forgotten before December 25. Merchants are alert to catch the early Christmas dollar and there will be a good many of them this year. It is reported that Christmas Saving Clubs throughout the United States will this year release some nine hundred million dollars to nearly eleven million members. This represents money saved during the past year on weekly or monthly basis to finance Christmas shopping. It means an average of \$4.80 to each club member, up from \$4.50 last year.

SPENDING—Expense records kept by Christmas Clubs indicate 36% of this money will go across the counters for retail purchases, 31% will go into permanent savings accounts. The other 33% cannot be accurately accounted for but a large part of it will go for home improvements and investment in durable goods. Such items as painting the house, or buying long-needed automobiles or furniture that could hardly be properly classed as Christmas presents, will take up a large part of the amount.

TREND—Raleigh merchants and presumably the same attitude prevails over the state, report less inclination on part of shoppers to buy "effervescent" merchandise. By that they mean more money is going into sensible, usable and durable gifts than into the grim-cracks and fold-de-rois that featured immediate post-war-time Christmas buying. Some of the merchants do not like this trend. They know that hubby must have a shirt or a suit or a pair of shoes anyway. If he doesn't get 'em Christmas he will have to buy them later. So in some instances the new trend means one sale instead of two. In that connection an attaché of the state revenue department said he looked for good business until Christmas, but he was afraid of a slump in late winter and early spring.

MERCHANTS—How many merchants are there in North Carolina? Perhaps nobody knows, because there are no complete records. Most authoritative record would probably be the registration for sales tax liability at the state department of revenue. More than sixty-one thousand are registered there. The first year after the sales tax law was enacted in 1933 the number of registrants was not much above thirty thousand.

REASON—Although North Carolina has grown rapidly it is not conceivable that the number of retail merchants obligated to account for sales tax collections has more than doubled in fifteen years. The answer must be that more rigid

enforcement of sales tax laws has

induced dealers liable for accounting to register. Many of the registrants are small operators whose collection and payment to the state of sales taxes does not justify the expense of auditing. On the other hand, there is evidence that many retail dealers who used to collect and sales taxes from customers and make no report or payment to the state are now reporting collections. **INCOME**—The last general assembly, following lead of previous sessions and carrying the obligation to more nearly its potential value, authorized a number of additional field auditors for the department of revenue. These auditors are checking the merchants on sales taxes and also checking more individuals on payment of income taxes due the state. Many observers have known for years that there are serious "leaks" in the income tax set-up. This is especially true of farm operators. The salaried man in town pays income tax on his whole salary, out of which he must buy food and pay rent. The average farmer makes up income tax returns on basis of cash crop sales, returns cost of garden and home produced foods to expense, but does not credit garden produce as income. Rigid check on this item alone would add much to the income tax yield to the state.

Boyle's Column

By HAL BOYLE

New York.—(AP)—With politics out of the way for another year let us return to a quaint, old-fashioned subject that enthral's us all. I refer to love—L. Amour, L'Amour, L'Amour.

The news from this crowded field is pleasant indeed to those dwelling in the shady years of life. For with no government subsidies of any kind has been wrought a "fair deal" for the middle-aged man in the politics of love. He has turned out to be the romantic sign for the young man with an apple in his hand. They turn to the older gent with a hundred acres of land. But he doesn't win her with his real estate. It's his sex appeal. For it isn't life that beguiles at 40 for the American man. It's o—ve—you know, L'Amour, L'Amour, L'Amour.

The public awoke to this fact with the discovery that 57-year-old Elio Pinza star of "Sonus Pacific" was affecting the weaker sex in a way no other matinee idol has since

Somebody Told Me...

By L. J. (JACK) EDWARDS, JR.

At one time or another most of us have had the desire to invent something that will make us a million. But usually we decide that everything has been perfected, so we let the urge slip. The next day after it slips by some-

body comes out with a new gadget that we never thought of.

At 63, Alexander E. BeGole has already invented over 3,000 gadgets designed to cope with, of all things, human reactions and emotions. BeGole invented glasses with unusually thick lenses that reverse the fields of vision, causing everything on a person's left to appear on his right, and vice versa. The glasses are used to test a person's alertness and ability to "see" through illusions. They test the speed at which flyers and motorists can orient themselves to rapidly-changing surroundings.

Not long ago an important-looking man came to the company with a request that the lenses be ground to look like normal ones. BeGole thought the man was a psychologist, but he wasn't. He was a well-known mystery writer who had thought up a clever way of murdering the next fictitious victim: the killer would switch his glasses and have him walk right into a speeding truck. Kinda fantastic, isn't it? If you think that one is far-fetched, get this one: One morning before dawn BeGole was routed out of bed by the ringing of his telephone. The call came from the Chicago airport. It was a wealthy Texan in search of a lie detector. He wanted to know if he was really in love, and with whom. BeGole's machine isn't a lie detector, but does test emotions by respiration and blood pressure.

For the test the Texan supplied the names of two women. He was about crazy from trying to decide which to marry. BeGole asked him several questions using the names of both women. Every time he mentioned one of them the linked needle on the revolving drum jumped.

"There is no doubt that one of the two powerfully appealed to the man," BeGole says. "When I told him so he thanked me and declared that he was going to marry the other one. He said the machine had confirmed his fear that his emotions were running away with his head."

You know, if I don't hurry up and get back from New York there is no telling what I'll print in this column. Writing six in one evening drives me to printing stuff like this.

The joker BeGole has invented something practical, though. It's a gadget for testing the speed of a baseball, designed to help a pitcher find out just how good he is. The ball is coated with metal so it'll conduct electricity. Then small electrodes are attached to the pitcher's fingers. As the ball leaves his hand a circuit is broken, which starts a split-second timer. When the ball stops the sound wave stops the timer.

And just to think, that guy makes good money on these things. And I thank you.

George Washington was the son of a Virginia ironmaster.

Ridgeway's
OPTICIANS
At Five Points, Greenville, N. C.

Washington Letter

By JANE FADS

Washington — Mrs. Cecil Murray Harden, Republican Congresswoman from Indiana, said she was reminded of an old political saying common among Hoosiers, when I asked for her impressions of her first year in Congress. "They could have gone a lot farther, could have done a lot worse—and probably will." Actually, she said that her impressions "are both mixed and mixed," and that she was somewhat awed by the magnitude of the government's operations. "I was particularly impressed with the recommendations of the Hoover Commission which reveal the tremendous extravagance and inefficiency which characterize the executive department," she said.

Mrs. Harden hails from Covington, Ind., on the banks of the Wabash, a town of 2,500 where her husband has been an auto dealer for some 30 years. She got her first taste of politics 17 years ago, serving as Republican precinct vice-committee woman. This is the first office she ever ran for. Dark-haired, attractive, extremely modest, Mrs. Harden says she did not attempt in her first session on Capitol Hill to

become known as an expert on legislative matters, being content instead to sit back and listen.

"Nor did I introduce any bills, again feeling it better to wait until I had gained more experience. Rather, I have utilized this first nine and one-half months to get my legislative procedure, and to serve my district." She says she feels she has made progress, particularly in aiding her constituents with problems involving government agencies.

"As to commenting on the achievements, or lack of achievement of this session, I believe we have wasted a lot of time, spent entirely too much money and come out of it with mixed results, some good some bad." Nevertheless, Mrs. Harden still feels the way she did when she first came to Congress last January.

"When you see the Capitol dome you are glad you are an American, and as a congresswoman, a part of this country's great government body."

Mr. Harden drove to Washington to fetch his lawmaker wife. They are driving through the Great Smoky Mountains before returning to Indiana. After catching a brief rest in the big 11-room house in which she lives in Covington, Mrs. Harden expects to climb back in the family station wagon and visit the 10 families of her district. She says she expects to run for re-election to Congress in 1950.

New Weapon For Fight On Cancer

Raleigh, N. C., Nov. 11.—(AP)—The cancer control division of the State Board of Health is acquiring a new weapon to help combat the dreaded disease. The weapon is a \$12,923 powerful new X-ray camera capable of examining a person for cancer in 12 minutes. The camera is the fifth of its kind in the nation. It will be mounted on a tractor-trailer, which will cost another \$13,900, so the instrument can be carried throughout the state. The division of purchase and con-

tract yesterday placed the order for the camera with the Westinghouse Electric Corporation. Dr. Ivan Proctor, head of the cancer control division, said if the experiment with the new camera works it will be highly useful in early diagnosis of cancer of the stomach. This form of cancer kills 96 per cent of those affected and accounts for 40 per cent of all cancer deaths, he said. Dr. Proctor pointed out that the new camera is less dangerous to operators than is ordinary X-ray equipment. It uses smoky film and makes a picture in 10 minutes, as against hours required on standard equipment, he added. It is capable of making between 500 and 1,000 X-rays a month. A cubic foot of lead weighs 708 pounds.

Hicks Variety Of Tobacco Tops 15 Other Types In Production Tests

The Hicks variety of tobacco topped 15 other types in production tests this year at a variety test conducted by the Pitt county agents office in cooperation with J. B. Speight, farmer of Winterville.

The Hicks variety, a relatively new type for this immediate section, brought \$988.24 for 1623 pounds. It was the second year the Hicks variety had been tried at the experiment farm.

Leading the other varieties in the average value for the three year period was the Bottom Special variety which was second to the Hicks type in production this year and averaged \$987.70 in value for the past three years. And that includes last year when tobacco value was low.

Both the varieties are of non-resistant types, Weeks explained. The Oxford 1 line, which is resistant to black shank was well above the average non-resistant varieties in the experiment. Weeks reported. The Oxford 1 yielded 1338 pounds which brought \$774.8 this year. Over the three year period the Oxford 1 averaged 1411 pounds and brought an average of \$829.50.

Oxford 26 is resistant to Granville Wilt yielded 1276 pounds this year to bring \$698.64. Its average for the three year period was 1345 pounds, which brought an average of \$719.29.

Weeks reported that the broad leaf varieties including 402, Golden Harvest, Yellow Special, 401, and Bottom Special, produced more tobacco in the cigarette grades than the old line varieties which include Golden Dollar, Virginia Bright Leaf and others.

Bringing up the rear in the experiment was the Vesta 44 variety which is resistant to black shank. It yielded 961 pounds at the experiment farm this year bringing \$447.55. The two year average for the Vesta 44 is 1033 pounds and a price of \$533.68.

'Victim' Paroles Former Burglar

Raleigh, N. C., Nov. 11—(AP)—A 30-year-old Lenoir County Negro who long ago burglarized the home of the paroled commissioner has been paroled by his victim.

Eugene Forbes was granted a parole yesterday by Commissioner T. C. Johnson, who said he felt Forbes "has served sufficient time for his offenses."

The Negro was convicted in 1936 in Lenoir Superior Court of burglarizing two homes in Kinston, one of which was occupied by Johnson, then pastor of the First Baptist Church there. Forbes, then 17, was given two 30-year sentences, to run concurrently.

Johnson said "the prison department informs me that this prisoner has been of good conduct during the past eight years and he has served, with gained time, more than 18 years of his sentence."

Raleigh Jurist To Preside Superior Court This Month

Judge William T. Hatch of Raleigh will preside over a one-week civil term of Superior Court in Greenville the week of Nov. 21.

Governor Scott assigned the Wake county jurist to preside over the special term.

Judge John J. Burns of Wilmington will preside over a special two-week criminal term of Superior Court starting Monday, November 28. Governor Scott scheduled this special criminal term upon request of the Pitt County Board of Commissioners. An unusually heavy docket will confront the New Hanover county jurist.

Local Marine Now In Yokosuka For Duty

Yokosuka, Japan—Marine Private First Class James C. Snyder, son of Mrs. Kerow Meeks of route one, Greenville, N. C. recently reported for duty with the Marine Barracks, U. S. Fleet activities here.

Enlisting in the Marine Corps in November, 1948, Snyder served with the fifth service depot on Guam prior to his assignment here.

License Examiner Warns Motorists To Report For Tests

Harry Martin, State Highway Safety Division license examiner, on the third floor of the city hall, today again warned motorists whose names start with the letters L and M to report for examination for renewal of their driver's license now and not wait until the end of the year. The deadline is December 31.

Starting January 1, Martin said, motorists whose names start with the letters N, O, P and Q are required to report for examination for renewal of their driver's licenses.

Employees Choose CIO For Agent

Winston-Salem, N. C., Nov. 11—Employees at Western Electric plants here and in Burlington yesterday chose the CIO-Communications Workers of America as their bargaining agent.

The AFL-International Brotherhood of Electrical Workers ran second in the voting conducted under NLRB supervision.

Results of the election gave the CIO affiliate 871 votes, the AFL union 541 and no union at all, 96. Three ballots were voided and 31 were challenged.

New Power Plant For Eastern N. C.

Raleigh, Nov. 11—At time this is written it is not certain who will handle the shovel to turn the first dirt, but it has been ascertained that ground will be broken near Goldsboro on December 2 for a new steam power generating plant of the Carolina Power & Light Company.

Advance incomplete reports indicate the plant will be ultra-modern, of similar type to the semi-outdoor plant put into operation this fall at Lumberton, and capable of generating enough "firm" power to preclude statements that eastern North Carolina development is being retarded by lack of electricity.

Governor Scott has repeatedly said that there is serious deficit of electric power in eastern Carolina. Analysis of conditions leads to conclusion the deficit, if any exists, has been in demand rather than in supply. But demand is increasing now to such degree that the Carolina Power & Light Company recognizes obligation to provide more and more power. Industrial development, which since beginning of the electrical era has been centered in the piedmont, is expanding now to include the far west and the east.

Before the latest world war the mountain counties moved into the industrial picture, and since the war eastern Carolina is moving in. Natural advantages of atmospheric conditions in the central part of the state have been offset by new inventions in the mountains and coastal plain areas. Humidity and temperature can now be controlled by new mechanical devices so that high and low altitude can have the same normal conditions as the middle grounds have naturally enjoyed.

That means industrial development of North Carolina is no longer confined to mid-state communities, but can spread out. And the power companies are alert to the possibilities and are providing the current for which need is anticipated.

Cab Drivers To Stage Walkout

Winston-Salem, N. C., Nov. 11—(AP)—The CIO Transport Workers Union of America has voted to strike at the Camel City Cab Company today at 5 p.m.

G. M. Cathey, president of the cab company, has said he will not recognize the union as bargaining agent for the drivers, the union reported.

NOTICE OF SALE OF LAND BY COMMISSIONER

Under and by virtue of authority contained in that order of sale made by D. T. House, Jr., Clerk of the Superior Court of Pitt County in that action entitled "Howard Hazelton et al vs Ex Parte, being an action to sell land for division, the undersigned commissioner will offer for sale and sell at public auction for cash

before the courthouse door in Greenville, Pitt County, North Carolina, on Monday, December 12, 1949, at 12:00 Noon, the following lands:

Tract No. 1—That certain lot on the south side of Main Street, east of Academy Street and being bounded on the east by the lands of Will Worthington and A. W. Ange, on the south by the Methodist church old lot, on the west by the Beddard lot, the Smith lot and others, and on the north by Main Street, fronting on Main Street approximately 200 feet and running back approximately 480 feet and being a part of the same land that was conveyed to E. L. Hazelton, Sr., by Madison Morris in deed recorded in book G-10 at page 335.

Tract No. 2—That certain lot in the Town of Winterville, east of the Atlantic Coast Line Railroad and on the south side of Main Street, beginning at the corner of Main and Church Streets and running thence with the edge of Main Street in an easterly direction, 156 feet to a ditch, line of the old Academy lot, thence with the ditch and in a southerly direction, 282 feet to the J. W. Harper line, thence in a westerly course and parallel with Main Street, to Church Street, thence in a northerly course with the edge of Church Street, 282 feet to the beginning, being known as the old boarding house lot and the same property that was conveyed to E. L. Hazelton by Melissa by deed recorded in book J-13 at page 378.

This sale is being made for the purpose of division between the heirs at law. The purchaser will be required to deposit 10 per cent of the purchase price on day of sale. Sale will remain open ten (10) days for raise of bid.

This the 9th day of November, 1949.

S. O. WORTHINGTON, Commissioner.

Nov. 11-18-25 Dec. 2.

NOTICE OF SALE OF LAND BY TRUSTEE

Under and by virtue of the power of sale contained in that certain Deed of Trust executed by Henry Renfrew, Jr., and wife, Annie Ruth Bright Renfrew, to J. B. James, Trustee, dated the 30th day of October, 1947, and recorded in Book V-24, at page 506, in the office of the Register of Deeds of Pitt County, North Carolina, default having been made in the payment of the indebtedness thereby secured, the

undersigned Trustee will offer for sale at public auction to the highest bidder for cash at the Court House in Greenville, Pitt County, North Carolina, at 12:00 o'clock, Noon, on Friday, November 18, 1949, the property conveyed in said Deed of Trust, described as follows:

Beginning at the southwest intersection of Eastern Street and Third Street, in the City of Greenville, Pitt County, North Carolina, and running with the southern boundary of Third Street South 66-45 East 105 feet to a stake, a corner; thence North 66-45 West 105 feet to a stake in the eastern boundary of Eastern Street; thence with the eastern boundary of Eastern Street North 22-15 East 50 feet to the point of beginning, and being Lot No. 7 in Block 'G' of Chatham Circle Subdivision, according to survey and map made by H. L. Rivers, C. E., December 20, 1927, and being the same property conveyed to Annie Ruth Bright Renfrew by deed recorded in Book E-24, at page 405, and reference is also made to the following deeds: H. W. Renfrew and wife to Rachel Moore, E-24, page 354; Rachel Moore to H. W. Renfrew, H-24 at page 353; H. W. Renfrew and wife to Ann May, A-25, at page 428, and Ann May to H. W. Renfrew and wife, A-25, at page 429, Pitt County Registry.

This sale will be made subject to all outstanding taxes and municipal assessments.

This the 18th day of October, 1949.

J. B. JAMES, Trustee

Local Dealer Has Blank For KAISER-FRAZER \$200,000 CONTEST

Pitt Motor Co. Greenville, N. C.

... today announced receipt of entry blanks in a \$200,000 nationwide contest to name the new low-priced automobile to be introduced by Kaiser-Frazer Corp. in 1950.

First prize is \$10,000, with 1,023 additional cash prizes. Kaiser-Frazer will match the "Name-the-Car" prize money dollar-for-dollar in a contribution to the Damon Runyon Memorial Cancer Fund in honor of each individual winner, according to Mr. E. M. Cox, head of the local dealership.

An additional feature of the contest is the fact that the prize money for each winner will be doubled if he has his present car appraised when he obtains his entry blank. Contestants need only write their name suggestion on the entry blank and explain in 25 words or less the reason for the selection.

"I want the American people to name this new car," Henry J. Kaiser, chairman of the board of K-F, said in announcing the contest. "It is a car for all America. It will be a companion to the other Kaiser and Frazer cars we are now producing, completing the full line in every price range."

It will be a standard-size model seating five passengers and will give its owner the lowest maintenance and operating costs of any standard automobile on the road, Mr. Kaiser said.

Contest judges, in addition to Mr. Kaiser, include Walter Winchell, columnist and radio commentator who is treasurer of the Runyon Cancer Fund, and Columnists Leonard Lyons and Dan Parker, officers of the fund.

Pirates And High Point In 'Big Game' Saturday Night

Panthers Might Claim Slight Edge, But Both Teams Improved Over Early Starts

By Eugen Price

East Carolina's battling Buccaneers and the Purple Panthers of the High Point, neither having tasted the sweetness of a conference victory this year, clash in a battle of the North State cellar dwellers.

For both teams it will be the sixth family scrap of the year. With the exception of High Point's tie with Guilford, both have taken setbacks in every game in the conference.

That tie with Guilford installs the Panthers as a favorite, but a slight one.

Both teams have already met the more powerful conference opponents and yielded to them. High Point has been downed by West Appalachian, and Elon in conference play.

But the Panthers like the Pirates have played some of the conference's big guns good ball games. They lost to Elon's Fighting Christians by two touchdowns, a team which bowled over East Carolina 33-6.

High Point's greatest show of power was evidenced when they knotted the count with Guilford. Until then Guilford was vying for top honors in the loop, having knocked off even Appalachian's Mountaineers who crushed the Pirates late last week.

Like the Panthers the Bucs have also been very impressive in recent games. They played West Carolina, and Appalachian very good games in spite of losing both of them.

Both teams view the Saturday

night contest as the one in which both hope to break the ice in the conference win column.

The same will see two coaches who produced some of the best high school football teams in the state at the helm of the two teams.

Bill Dole, the man who produced two State Championship squads at Fayetteville, will be sending his East Carolina squad against Coach Ralph James' gridiron James was the high school coach who tutored All-America Charlie Justice and the single wing at Asheville.

But the Panthers will not be using a single wing attack. They will run from a T to utilize the All-High Point backfield which was reared with the T formation.

Three of High Point's backs are lettermen. They include Frank Von Drehle at quarterback, Bill Lloyd at fullback, and Clarence Iderton at the right half post Tommy McGhee is the lone non-letter man who runs in the starting Panther backfield.

The High Point line is experienced, showing weakness only in reserve strength.

Deacons Stress Aerial Defense

Wake Forest, N. C., Nov. 11—Special emphasis is being placed again on pass defense this week as Wake Forest's football squad prepares for its fifth Southern Conference game in as many weeks.

The Deacons, who have made one of the strongest comebacks in the nation, will meet N. C. State's strong Wolfpack at Raleigh Saturday afternoon. A sellout crowd of 20,000 fans is expected for the opening kickoff at 2 o'clock in Riddick Stadium. However, State Athletic officials reported today there are still seats available for the game.

The Deacons have their own marked improvement each week on pass defense and are considerably stronger than they were during the early season when they lost several games. Opponents have found the defense tougher to crack each week although both Duke and Clemson scored by the aerial route.

In games with Clemson and Duke the Baptist scored once each on pass interceptions. Halfback John Solek galloped for 50 yards and a touchdown in the Clemson contest while halfback Bob Jones romped 33 yards for a score after bagging a Duke pass in the final 20 seconds of play. The defense also tightened when Duke reached the two-yard line last week and Dixie Davis batted down a pass on fourth down which would have produced Duke's second touchdown.

LET US DEMONSTRATE

Jaycees Pledge Fullest Support Coach Bill Dole

By CHESTER WALSH

Bill Dole, football coach at East Carolina Teachers College, guest speaker at last night's supper meeting at the Olde Towne Inn, talked "heart-to-heart" with the members of the Greenville Junior Chamber of Commerce about football at ECTC. The Jaycees gave him a warm welcome.

After his interesting outline of his plans for developing a winning football team for the college, the members engaged in a round-table discussion of football prospects. President Louis Gaylor presided.

The Jaycees manifested in a big way that they are interested in athletics at the college. They indicated that they are going to back up Coach Dole; that they appreciate the fine spirit President John D. Messick has manifested toward athletics at the college; and that they will support Dr. N. M. Jorgenson, athletic director.

The Jaycees further manifested their interest in athletics at the college after the meeting when various members discussed prospects with "our coach," as they describe Bill Dole.

Allen Powell, Pitt County auditor, had charge of the program and introduced the speaker.

The Junior Chamber of Commerce plans to provide some "Christmas cheer" and is making arrangements now. Sam Werks reported that the Junior Chamber loving cups for the outstanding 4-H Club boy and girl of Pitt County will be awarded at Achievement Day exercises at the courthouse November 21, at 7:30.

On recommendation of Jimmy Harris, the club's public address system will be turned over to the high school.

John Saied will have charge of the program at the next meeting. John Howard was a special guest of the club.

Choo-Choo Fears Unable To Play Against Irish

Chapel Hill, Nov. 11—(AP)—North Carolina's All-America Tailback Charlie Justice has confirmed reports that he will probably not see action against Notre Dame in New York Saturday with the simple statement, "It doesn't look like I'll play."

Coach Carl Snively said the present condition of Justice's bad ankle "means that Charlie won't play. However," Snively said, "injuries of this type sometimes respond to treatment more quickly than expected."

The Tar Heel head coach said no final decision could be made on the matter "until we see the final condition of his ankle Saturday." Snively said Justice played for some time last week against William and Mary after he had received the injury.

"He said nothing about it until

Visiting Tarboro Jayvees Rally, Win In Final Period

Tarboro's Jayvees drove 70 yards to a touchdown in the last three minutes of play here yesterday afternoon to defeat the Greenville Junior Varsity 19-13.

Greenville scored twice in the first half to hold a 13-6 halftime advantage but the visitors outdressed the home team in the third and fourth quarters to bring their team mates within one point of the Greenville squad.

Then Glover's boys started a drive. They rolled from deep in their own territory to the nine yard

Eddie LeBaron
THE LITTLE QUARTERBACK WHO HAS BEEN DOING AMAZING TRICKS FOR THE COLLEGE OF THE PACIFIC

SEVERAL PACIFIC COAST CONFERENCE COLLEGES SAID HE WAS TOO SMALL... BUT HE GOES ALONG WITH AVERAGE SIXTY MINUTES OF GAME

NO THANK YOU SEE YOU DON'T

HIS SLEIGHT OF HAND MAGIC HAS MADE HIM A FABULOUS SIDKICKER

SOME COAST OFFICIALS HAVE DECLINED TO WORK HIS GAMES

Full Of Tricks... by Pap

Nello Falson, the former New York Giant star now an assistant coach of the San Francisco 49ers, was a guest at the New York football writers weekly luncheon, and all hands wanted to hear about Eddie LeBaron, the sensational College of the Pacific quarterback.

"I saw LeBaron play his first college football game," said Falson, "and I couldn't believe my eyes. Since that time, I think he has improved in every game. All the stories you have been hearing about him are true. The boy is amazing."

"Many of the big schools in the Pacific Coast Conference passed him up because he was just a skinny kid who didn't look anything like a football player. He's about 5-foot-8 and weighs around 155 pounds. But he's as rugged as they come. I'll bet he plays close to every minute of every game. The things the youngster does with the football are unbelievable. Many experts rate him a better T-quarterback than Frank Albert. LeBaron is so tricky that some officials refuse to handle College of the Pacific games. And that's a fact."

Wake Forest, N. C., Nov. 11—Special emphasis is being placed again on pass defense this week as Wake Forest's football squad prepares for its fifth Southern Conference game in as many weeks.

The Deacons, who have made one of the strongest comebacks in the nation, will meet N. C. State's strong Wolfpack at Raleigh Saturday afternoon. A sellout crowd of 20,000 fans is expected for the opening kickoff at 2 o'clock in Riddick Stadium. However, State Athletic officials reported today there are still seats available for the game.

The Deacons have their own marked improvement each week on pass defense and are considerably stronger than they were during the early season when they lost several games. Opponents have found the defense tougher to crack each week although both Duke and Clemson scored by the aerial route.

In games with Clemson and Duke the Baptist scored once each on pass interceptions. Halfback John Solek galloped for 50 yards and a touchdown in the Clemson contest while halfback Bob Jones romped 33 yards for a score after bagging a Duke pass in the final 20 seconds of play. The defense also tightened when Duke reached the two-yard line last week and Dixie Davis batted down a pass on fourth down which would have produced Duke's second touchdown.

Lex And Ragazzo Account For Big Share Of Yardage, Points

Williamsburg, Va., Nov. 11—The underweight tailback and the gangling end have done just about everything that can be expected of them for William and Mary's touchdown combination of Buddy Lex and Vito Ragazzo has accounted for 112 points and most of the yardage that the Indians have accumulated during the 1949 grid season.

Lex, as fine a tailback as there is, amassed 1428 yards running and passing in his first seven games. He's completed 72 of 129 passes for 1118 yards and 14 touchdowns, rushed 81 times for 311 yards, punted 32 times for a 40.6 average, scored three touchdowns, and kicked 22 of 29 extra points! Not bad for a 160 pounder who underwent a knee operation last winter and has been injured in two games this year!

Ragazzo's record is even more spectacular, for he has broken all existing college records for receiving touchdowns passes. In seven games he's snared 12, scoring in all four of the William and Mary losses and in three of the four victories. Only Houston shut him out from scoring or catching any of the 37 passes he's gotten, and that was using a brown ball in a night game in the season's opener.

The 6'3" Vito has gained 721 yards in catching those 37 passes, averaging 19.5 yards per catch. This out-

Set Date For Market Closing

Winston-Salem, N. C., Nov. 11—(AP)—The Winston Tobacco Board of Trade has set Dec 9 for the closing of the Winston-Salem old belt tobacco market. The market began its 1949 season Sept. 16.

Sales supervisor Joe R. Williams yesterday estimated that more than 80 per cent of the crop in this area has been marketed.

Choo-Choo Fears Unable To Play Against Irish

Chapel Hill, Nov. 11—(AP)—North Carolina's All-America Tailback Charlie Justice has confirmed reports that he will probably not see action against Notre Dame in New York Saturday with the simple statement, "It doesn't look like I'll play."

Coach Carl Snively said the present condition of Justice's bad ankle "means that Charlie won't play. However," Snively said, "injuries of this type sometimes respond to treatment more quickly than expected."

The Tar Heel head coach said no final decision could be made on the matter "until we see the final condition of his ankle Saturday." Snively said Justice played for some time last week against William and Mary after he had received the injury.

"He said nothing about it until

The care and feeding of telephones

Telephones, like any other equipment, work best when properly cared for. So if you want to get more and better service from your telephone instrument, just follow these simple suggestions:

1. Always replace the receiver carefully.
2. Be sure your telephone is on a firm desk or table where it is not likely to be knocked off.
3. Be careful to keep your telephone cord straight and even. Too much twisting can damage the wire.
4. Never leave your telephone near an open window where it can be damaged by the weather.

Lex And Ragazzo Account For Big Share Of Yardage, Points

Williamsburg, Va., Nov. 11—The underweight tailback and the gangling end have done just about everything that can be expected of them for William and Mary's touchdown combination of Buddy Lex and Vito Ragazzo has accounted for 112 points and most of the yardage that the Indians have accumulated during the 1949 grid season.

Lex, as fine a tailback as there is, amassed 1428 yards running and passing in his first seven games. He's completed 72 of 129 passes for 1118 yards and 14 touchdowns, rushed 81 times for 311 yards, punted 32 times for a 40.6 average, scored three touchdowns, and kicked 22 of 29 extra points! Not bad for a 160 pounder who underwent a knee operation last winter and has been injured in two games this year!

Ragazzo's record is even more spectacular, for he has broken all existing college records for receiving touchdowns passes. In seven games he's snared 12, scoring in all four of the William and Mary losses and in three of the four victories. Only Houston shut him out from scoring or catching any of the 37 passes he's gotten, and that was using a brown ball in a night game in the season's opener.

The 6'3" Vito has gained 721 yards in catching those 37 passes, averaging 19.5 yards per catch. This out-

distances all other pass receivers in the nation, and his 12 touchdown receptions place him atop the Southern conference scoring heap with 72 points.

Small wonder that William and Mary Coach R. N. (Rube) McCray calls Ragazzo the "best pass receiver I've seen" and Lex the "best tailback in the conference." And he can even pour on more praise, for Lex, incidentally, has returned 10 kickoffs 193 yards for a pretty fair average in that department!

Chapter 24
Another hunting accident. Her father had been killed in a hunting accident Mrs. Cotsen had called murder. What did Kelly mean?

Slowly Arleta descended. "Build up the fire, will you please, how?" Kelly looked at the ring he'd had every intention of thrusting back upon Arleta's finger, then looked at the fire. He supposed he'd have to take care of the fire first.

"All right, there she is; blaze will be up in a minute. Now why this red herring of a fire? You're not going to talk me out of this ring business."

"Oh, that." Arleta looked at him with interest. "Did Calvin give it to you to bring to me?"

"Hardly. He came over ready to wipe up the earth with me. He did land one blow before Duchess caught him. I had her hold him until we had a little chit-chat. He had the crazy idea I was beating his time with you—can you imagine that? Me, beating his time."

"I like him better for thinking such a thing," said Arleta softly. "Humility isn't Cal's strong point. And he can't realize a girl can't accept condemnation and retain her self-respect. That's why I returned his ring. I can't, and I won't continue an engagement until I've regained his trust."

"Look, Chips, you got yourself engaged to a Southerner while you were a Southerner. Now you're a Westerner and the poor guy is floundering. You've changed."

"How, I haven't; not inside."

"Okay, then you sold Cal a bill of goods in Virginia. You were Miss Arleta Langtry, all ruffles and sweetness on the outside. Now he's out here seeing you as you are."

"Which proves it's only fair to let him know the person I am before he makes any more commitments."

we marry."
"Then you still intend to marry him?"

"I don't know. How can I know until this other business is straightened up?"

"What's that got to do with marriage?" Kelly asked bluntly. "And when Arleta didn't answer, 'Believe me, Chips, if I were in Cal's place you'd trot right up to the altar without any of this prenuptial business. And if anybody came up to me and told me my wife's father was a crook, I'd say, 'How far back do you have to go before you find one of the same brand in your own family?'"

"How far back do you have to go?" Arleta inquired innocently.

"How far back? In my family?" Kelly came out of some far dream. "Oh, for Pete's sake, go to bed. It's my grandchildren who'll be pointing me out as the black mark on their escutcheon."

After how left she sank into the nearest chair and considered the eventful day.

Lane had brought suit against her father. He had later withdrawn the suit. Why?

How Kelly had refused to allow her the comfort of the puppy at the lodge and Mr. Carson had said, "Who's afraid she will learn too much?"

Allene Lane had staked a scene to plant distrust in the mind of the chivalrous Calvin Sheridan.

"If I'm not careful," thought Arleta, arising "I'll be as crazy as

the lot of them."

Morning was such a glorious thing she stood at the east window and made obeisance to that great red gold orb which popped over blue hills and flung warmth and brilliance to every corner of her world.

"Oh what a beautiful morning," sang her Aunt Betsy Anne in an off key. "Leta, do come into the garden. Tonia says we may breakfast out there. It's pure heaven."

Heaven had a man in it. Arleta in a yellow slack suit the shade of the daffodils rimming her mother's sun terrace found him sitting there; head as blond as the blossoms, tilted back as he listened to her world.

"Oh, Leta, what a place," Cal Sheridan said. "I know I should be groveling at your feet in sack cloth and ashes, but not here. Forgive me. You do, I know. Leta, do you know why does anyone ever eat anything indoors?"

She'd accept the world as he saw it. "Because they don't know any better."

Tonia, in one of the flowered prints Arleta had found she enjoyed, served breakfast, and Aunt Betsy Anne and a subdued Calvin gossiped about Virginia. And only Aunt Betsy Anne was unaware of men who worked on nearby trees, painting trunks, sticking bands about them that ants might not cross to milk the aphids the sprays

would kill. Men who carried firearms permits.

When the last cup of coffee had been drained, when the last faint blue of Calvin's cigarette had lost itself in the sun haze and when Aunt Betsy Anne had announced she was off to her "green babies," Arleta placed a question.

"How long have you been back, Cal?"

"Two days," he answered.

"Two," she repeated, "not including this morning. What did you do the first day?"

"Oh, well, I signed any number of papers, hired a stenographer, rented a post-office box, visited the Chamber of Commerce and—"

"Let's have it," sighed Arleta.

"All right," he sat up, and his blond hair was ruffled, and to Arleta, suddenly, he looked like a small boy who had to explain why he'd sneaked those birds' nests into his bedroom. "I didn't let you know when I was arriving because of that long distance call from Allene."

Allene, thought Arleta, not Miss Lane.

"Knowing you were here to learn or uncover some mystery, I felt anything I could learn would help you. So I marked time the first morning. She picked me up that noon and we—"

Calvin Sheridan stopped short. "You what?" she prompted.

"Leta," Calvin's eyes begged for understanding. "Allene took me around to some of the people your father bailed."

"Cal," she asked, "could you take me to these people? Do you know where to find them?"

"Of course, but—"

"If," she laid stress on this, "we inherit the sins of our fathers, we also inherit their indebtedness. I've never known these people. I'd like to. If you are the friend you pretend, you'll take me to see them."

"Very well, I'd like you to. Together, Leta, we can better their condition."

(To be continued)

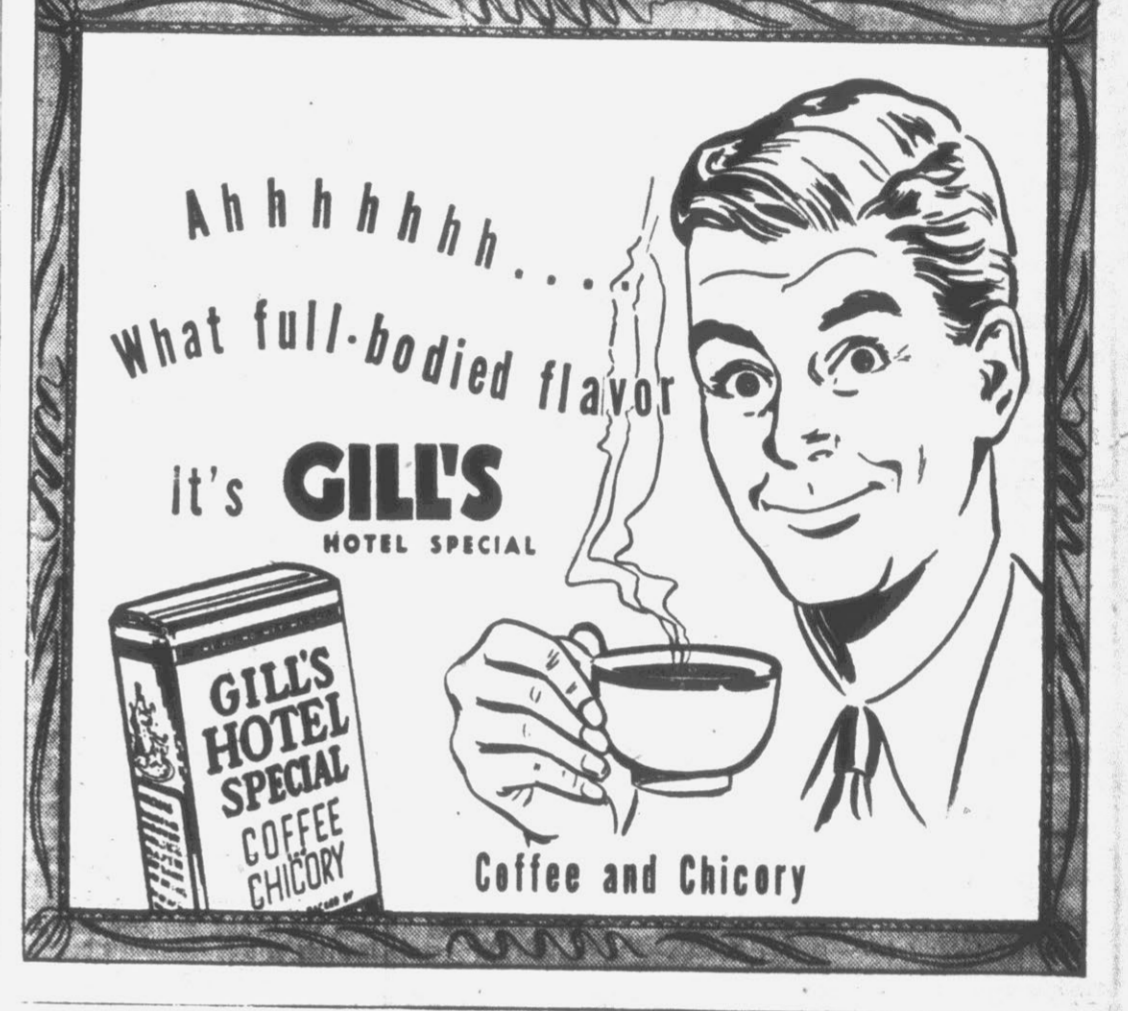

The term "polecat" is sometimes applied to skunks, but really belongs to a related animal of Europe and Asia.

NERVOUS STOMACH

ALLIMIN relieves distressing symptoms of "nervous stomach"—heaviness after meals, belching, bloating and colic due to gas. ALLIMIN has been scientifically tested by doctors and found highly effective. World famous—more than a billion sold to date.

This is HENRY J. TAYLOR, ABC Network, every Monday evening.

That's what we said —

PRICED LIKE A SIX!

PARDON us if we appear persistent on one point.

But we still find people who look over this new Buick SPECIAL, admire its style, its room, its handy but impressive size, and say:

"It's wonderful! Too bad it's too rich for my blood!"

That's our point—How do you know?

Have you gone to see this car—and learn how very much there is in it?

Have you got the actual delivered price figures—including the equipment you want—and matched them against others?

Have you worked out down payment, trade-in, monthly installments? Have you weighed this against the longer period of years you'll be happier with this Buick—and Buick's established high level of resale values?

Some surprising things show up when you do this.

You find you can raise your standard of car travel—step up to Buick levels of style, comfort, handling, ride, power—more easily than you think.

You may even discover you can start enjoying the velvety luxury of Dynaflow Drive* right now instead of waiting until this revolutionary

*Optional at extra cost.

new principle spreads to others, as it's sure to do!

That's why we keep pointing out—this wonderful value-in-head straight-eight, with all its standard looks and qualities, is priced like a six! Actually lower than many.

So do something about it, will you? Take a sharp pencil, see your Buick dealer, replace guesses with facts—and we think you'll see the light and place that order!

TEN-STRIKE!

Only Buick SPECIAL has all these Features!

- TRAFFIC-HANDY SIZE • MORE ROOM FOR THE MONEY • DYNAFLOW DRIVE optional at extra cost • JET-LINE STYLING • NON-LOCKING BUMPER-GUARD GRILLES • HIGH-PRESSURE FIREBALL STRAIGHT-EIGHT ENGINE • COIL SPRING VISIBILITY FORD AND AFT • LOW-PRESSURE TIRES ON SAFETY-SIDE RIMS • GREATER TORQUE-TUBE DRIVE • THREE SMART MODELS WITH BODY BY FISHER

Tar Heel Vanguard Hits Town; 30,000 Expected

New York, Nov. 11—(AP)—The vanguard of an estimated 30,000 North Carolinians who will witness tomorrow's game between that state's Tarheels and Notre Dame's Fighting Irish at Yankee Stadium began pouring off special trains today.

Included among the early arrivals from the South were most of the 2,000 North Carolina students who will cheer their warriors on in what most of the experts believe is a just cause. Many of the students were waving Confederate flags.

The arriving celebrants had their enthusiasm dampened somewhat when they were notified by police authorities that they would not be permitted to hold the gigantic rally they had planned tonight in Times Square.

Someone neglected to obtain the permit necessary for such a demonstration. The police said, however, that they would permit a reasonable number of Tarheel supporters to frolic around the "Crossroads of the World."

In all, more than six special trains have been engaged by the North Carolinians, and thousands are driving up from Raleigh, Durham and other cities. The schools' 110-piece band is scheduled to arrive tomorrow morning and to parade through the downtown streets.

State Claims No Discrimination

Raleigh, N.C., Nov. 11—(AP)—There is no discrimination against Negroes in the state's operation of public schools, the state contends.

The assertion was made in an answer filed yesterday on behalf of the State Board of Education to a suit in which a group of Durham Negroes claim discrimination in school facilities there.

Attorney General Harry McMillan filed the answer to the suit, brought in federal court in Durham against the Durham City School Board and members of the State Board of Education. Among the defendants listed are the state board's chairman, Lt. Gov. H. P. Taylor, and Dr. Clyde A. Erwin, state superintendent of public instruction.

The answer contends there is no discrimination in school matters controlled by the state board — the allotment of teachers and teachers' salaries. It brought out that last year state salaries of Negro teachers averaged slightly higher than those of white teachers.

The answer also contends the state board has no control over the budgets of local school boards, pointing out it is the duty of local boards to provide all capital outlay items—grounds, buildings, furniture, equipment for domestic science, science laboratories and vocational training shops—in which discrimination is alleged.

The suit against members of the board of education, the answer also asserts, is in essence a suit against the state and the state cannot be sued without its consent.

Big Three Plan Talk To Germans

Paris, Nov. 11—(AP)—For the first time since the German war machine was crushed, the Big Three Western allies prepared today to talk directly to a German government about relaxing occupation controls.

The foreign ministers of France, Britain and the United States last night issued "certain instructions and powers" to their high commissioners in western Germany for negotiating with officials of the West German republic.

Details of the two-day talks by the Big Three ministers were kept a closely-guarded secret. There were indications the French, traditionally distrustful of Germany, still shied away from full agreement with the British and Americans on how far to ease Germany's postwar restrictions now.

U.S. Secretary of State Dean Acheson planned to talk to Prof. Theodor Heuss and Konrad Adenauer, president and chancellor respectively of the new West German government. He will fly to Germany later today to visit the Western capital at Bonn.

Acheson's visit will be the first time since the war that so high an American official has conferred directly with the Germans.

The foreign ministers issued only the most general communique concerning the results of their talks. It said they proposed to "support and foster the progressive integration of the German people into the European community."

American Health Standards Rising

This figure didn't include the most recent results from Detroit, where total contributions of \$8,918,000 were 20.3 per cent higher than last year. This may send the overall increase up some more, a spokesman said.

The spokesman said that reports received so far indicated that 56 cities had exceeded or met their 1948 goals and 54 had failed to do so.

Split Opinion On Demo Prospects

Washington, Nov. 11—(AP)—Lawmakers divided today over President Truman's assertion that the Democrats' success in Tuesday's elections will smooth the way in Congress for the party's program.

Mr. Truman's prediction was challenged sharply by Republican Senator Bricker of Ohio. Bricker said the outcome at the polls won't have much effect one way or the other on the future of the President's "fair deal."

But Democratic Senator Kilgore of West Virginia declared: "I honestly believe the election results mean easier going for the administration program."

Senator Byrd of Virginia, a Democrat who has opposed much of the Truman legislation, said the elections didn't change his mind on a single issue.

"I am going to continue to vote my convictions," Byrd said, adding that he still is unalterably opposed, for example, to Mr. Truman's controversial civil rights program.

"And in my opinion," Byrd said, "I think just about every member of Congress who was opposed to that program in the last session will remain opposed."

Another Democrat Senator Fear of Delaware, reacted similarly with respect to that issue.

Armistice Day . . .

(Continued from page one)
pathway that is stained with the blood of their own brothers leads to the wilderness, not to the seat of their hope.

"They are now face to face with their initial test. We must hold the light steady until they find themselves."

Thirty-one years ago—and still strife dominates this sorry world.

The Navy's . . .

(Continued from page one)
concerning the procurement of materials he exercises only an advisory function. This is considered a type of work which can be best done by civilian specialists. So it is handled primarily by the assistant secretaries and the secretary

Lewis Ready To Talk Next Week

New York, Nov. 11—(AP)—John L. Lewis said today he was willing to renew mediation efforts in the coal dispute at a meeting next week with Cyrus S. Ching "or anybody else."

The United Mine Workers president announced his readiness to make another effort to settle the dispute at a press conference at his room in the Ritz-Carlton Hotel here.

However, he did not hold out any olive branch to Ching, director of the federal Mediation and Conciliation Service.

Milder Weather Over Most U. S.

By the ASSOCIATED PRESS
Temperatures again were on the mild side today over wide areas of the country.

The comparatively warm weather extended from east of the Rockies and south of the Great Lakes region. It was cool and rainy in the northern New England states and northern Great Lakes area. There also were some wet spots in the Rocky Mountain states, with rain and snow in the mountains. The weather was fairly cool west of the Rockies.

Acheson Places Wreath On Tomb

Paris, Nov. 11—(AP)—U.S. Secretary of State Acheson placed a wreath on the Tomb of the Unknown Soldier at the Arch De Triomphe in French Armistice Day ceremonies today.

French troops paraded up the Champs Elysees under grey skies. Mankind began using gold earlier than he used silver.

See 'Censorship' In Refusing Ad

Washington, Nov. 11—(AP)—The Democratic National Committee spoke out today against what it called censorship involved in the refusal of three Washington newspapers to accept advertisements giving the views of small business men on the anti-trust suit against the Great Atlantic and Pacific Tea Co.

The committee statement appeared over the signature of Chairman William M. Boyle in the committee's weekly publication, "Capital Comment."

Gold has been in use for some 6,000 years.
