

Tax Boost Talk Renews Demands Reduce Spending

Millikin Doubts Tax Increase Will Be Ap- proved; Excise Tax Cuts

Washington, Nov. 18—(AP)—President Truman's new mention of a tax boost as the only way to erase the federal deficit touched off fresh demands at the capitol today for a spending cut instead.

Mr. Truman repeated at his news conference late yesterday that he knows of no way to balance income and outgo without raising taxes.

Senator Millikin of Colorado, senior Republican on the tax-writing Senate Finance committee, took issue with the President.

"The way to balance the budget," Millikin told a reporter, "is to reduce spending and there is plenty of opportunity to do it."

"I don't think you are going to see any tax increase next year. In fact, there may be some cuts in excise taxes."

The excise levies are taxes on such items as jewelry, cosmetics, electric light bulbs, transportation tickets and telephone bills. The Senate has a committee-approved bill on its calendar which would cut most of those taxes 50 per cent or more — back to 1942 levels.

Millikin said the general economy is in no condition to stand a tax increase. He added that it would "stifle the dynamic spending by business which is necessary for prosperity."

Millikin steered through the Senate the \$5,000,000,000 income tax cut bill which congress passed over Mr. Truman's veto in 1948. The President has blamed that reduction for most of the \$5,500,000,000 budget deficit which the administration expects for this fiscal year, which began July 1.

Another Republican leader, Rep. Wolcott of Michigan, agreed with Millikin that a tax increase next year is unlikely.

"I am against it," Wolcott declared. "The budget can and must be balanced by reducing expenditures. If we can't get along on a budget, financing that the future doesn't look very bright."

Coal Operators Say Emergency Already Exists; Want Action

Pours Out Story Of Slaying Child

Swift Grand Jury Action Pending For 66-Year-Old Man

Los Angeles, Nov. 18—(AP)—Pastor Fred Stroble, 66-year-old baker, braced himself in a county jail cell today for swift grand jury action in the sex slaying of six-year-old Linda Joyce Glucoft.

"I don't deserve to live," an official quoted him. "Any man who would do a thing like that doesn't deserve to live."

Stroble, the grandfather of one of Linda's favorite playmates, poured out his sordid story to District Attorney William Simpson as a 48-hour fugitive search throughout the west and into Mexico wound up yesterday on a stool in a downtown Los Angeles bar—about five blocks from Central Police Station.

Simpson said Stroble, formally charged with murder, admitted that he strangled and bludgeoned the pudgy little girl to death when she resisted his improper advances.

Linda's father, Jules Glucoft, 36, a commercial artist, told reporters: "We are glad the law has been so swift. Now we want swift justice and the supreme penalty."

The mother, Mrs. Lillian Glucoft, said tearfully: "I am happy that he has been found, so that this thing can happen to no other child."

Delivery Boy Is Struck By Truck

Greenville police reported today that a 17-year-old colored boy, Willie James Vines, was hit by a tobacco company truck yesterday morning near the Gold Leaf Warehouse.

Lt. George Crawford, investigating officer, said that the boy was on a delivery route for a local fish market and was struck by a truck operated by Robert Evans, 122 W. 16th Street as the truck pulled away from the warehouse.

Neither the driver of the truck or the delivery boy saw the other at the time that the accident took place.

The boy suffered injuries to his right leg and was taken to a local doctor to be treated.

No charges were brought against the driver of the truck.

Cars In Accident Near Underpass

Two cars were involved in a minor accident yesterday near the underpass on Dickinson Avenue when one car passed another which was attempting to make a right turn.

A car operated by Robert Lee Baker, 22, of Greenville was hit by a car driven by John Thomas Lee, 21, of Virginia as Lee attempted to pass the car on the wrong side of the road. Damage to the two cars was moderate. Lt. George Crawford said no charges were brought against the two drivers.

Scott To Review Administration

Raleigh, N.C., Nov. 18—(AP)—Governor Scott will review the first 10 months of his administration in a state-wide radio broadcast tonight.

The governor will speak from his office at 6:30, and his talk will be carried by at least 40 stations.

State finances, the road program and the governor's campaign to extend electric power and telephones into rural areas are expected to highlight his talk.

Compromise In Britain

Nationalization Of Steel Was Big Project Of Labor Government; Sudden Backflop And Its Implications; A Bid For Middle-Class Votes; Socialism Will Be On Trial

By DeWITT MacKENZIE

There's more than appears on the surface in the British Socialist government's sensational compromise with the conservatives whereby Nationalization of the great steel industry will be delayed until after the next general election.

This steel project was top item in the Nationalization program and the government had been anxious to achieve it before facing the voters again. Their sudden backflop means, as conservative leader Winston Churchill points out, that the election will be "almost a referendum" on the proposition of Nationalization of steel.

Naturally this development has inspired the thought among some observers that it represents one of those patriotic gestures which John Bull characterizes as "pissing Crick-et," that is, good sportsmanship and a Democratic willingness to leave the decision to the people. It may indeed be all of that and we don't see to rob it of its glamour when we suggest that considerably more is involved.

I believe Prime Minister Attlee has made this gesture mainly because he no longer is sure that his party can control a majority of the voters.

He apparently was confident a few months ago that he could win.

"Command Performance" For Wounded War Flier

Capt. Sherman Anderson, his wife and son, Shawnee, gaze through a window in the home of Sedro Woolley, Wash., as Maj. William Fellenbaum points to where two F-84 Thunderjets put on a "command performance." Capt. Anderson, a World War II flier, has been bed-ridden since he crashed over Italy in 1944. The other day he wrote Air Force officers that he had never seen a jet plane. And so the Air Force sent the Thunderjets to give him a private exhibition. (AP Wirephoto).

Coal Operators Say Emergency Already Exists; Want Action

Quick Response To President's State- ment He Will Use T-H Law In Dispute Only In Event Of Nat'l Emergency

No Facilities In Guam's Typhoon

Washington, Nov. 18—(AP)—President Truman's statement that he will use the Taft-Hartley law in the coal dispute only when there is an emergency brought an operator cry today that there already is one.

Mr. Truman took his stand at his news conference late yesterday; he would not say whether he thinks an emergency would exist with another walkout of the miners Nov. 30. That is the end of the present working period decreed by President John L. Lewis of the United Mine Workers.

Joseph E. Moody, president of the Southern Coal Producers Association, replied from Lexington, Ky., that "there already is a national emergency." Moody added in a speech that Mr. Truman "obviously is up against a Nov. 30 deadline even though he denies the existence of a national emergency."

Mr. Truman's stand—keeping out of dispute for the present—the way open for a new peace meeting between Lewis and the operators before the present true runs out. However, no immediate conference was arranged and Moody said he saw no present hope for resuming contract negotiations.

Mr. Truman surprised most people watching the coal situation by flatly stating he would not step in until an emergency arose, and was relying on the Taft-Hartley act in that event. The law provides for an 80-day court injunction to keep production going if necessary to the public welfare. He has used the law before although it was passed over his veto.

Most of the President's advisers had suggested the appointment of a fact-finding board that would look into the dispute and recommend a solution. Mr. Truman had done this in the dispute between CIO president Philip Murray, and the steel industry.

Woman Seriously Injured When Struck By Auto

A white woman was seriously injured this morning about 9 o'clock when she walked into the path of an oncoming car, on a dirt road near Calico Crossroads.

Patrolman Paul C. Whitley investigating officer, said that the woman, Cora Lee Jones, 39, reportedly walked across the highway into the path of a car which was being operated by Leslie W. Lilly, 36, of Route 2, Grifton.

The injured woman was taken to Pitt General hospital where her condition was reported to be serious. She suffered a compound fracture of her left leg and head injuries.

Whitley stated that he is still investigating the accident.

Slayer Refused Walk To Death

Walla Walla, Wash., Nov. 18—(AP)—A wife slayer who refused to walk to the gallows was carried out of his cell and hanged early today at the state penitentiary.

Prison officials tied Wayne L. Williams to a board and applied arm and leg straps before taking him to his execution.

Slayer Refused Walk To Death

Walla Walla, Wash., Nov. 18—(AP)—A wife slayer who refused to walk to the gallows was carried out of his cell and hanged early today at the state penitentiary.

Prison officials tied Wayne L. Williams to a board and applied arm and leg straps before taking him to his execution.

Czechs Imprison 35; Say Big Spy Ring Is Smashed

Prague, Czechoslovakia, Nov. 18—(AP)—A Prague state court announced the smashing of a big spy ring today as it sent 35 Czechs to prison for sentences ranging from life to one year. They were convicted of aiming to overthrow the Communist government.

The group included two former members of the Czechoslovakia security police. Three of the accused were women.

The court charged them with spying for an unnamed Western power, with the goal of trying to overthrow the Czech government.

The trial, which lasted eight days, was one of a series of treason trials going on virtually non-stop in Czechoslovak courts. Most of them are held in secret.

Indications that more espionage arrests and trials were contemplated appeared in a special security police broadcast urging greater vigilance against the "aims of the rotten Western reactionary regime which sends spies and diversionist agents into our country."

The group sentenced today in the court of Prague's big Pantrac political prison was headed by Oldrich Novotny, 47, former security police officer who was ousted when the Communists took over the government in 1948. He was accused of spying for a foreign power—presumably the United States.

Reach Standstill In Pension Talks

Pittsburgh, Nov. 18—(AP)—Pension negotiations between the United Steelworkers and the Aluminum Company of America are at a standstill today after the union rejected an offer covering 16,000 workers in nine states.

Between 16,000 and 20,000 Alcoa workers went on strike last October 17 at nine company plants. The company on Wednesday reached an agreement with the AFL-International Council of Aluminum Workers covering 10,000 workers at other plants.

Eighteen Airmen Die In Stockton B-29 Collision

Stockton, Calif., Nov. 18—(AP)—Eighteen airmen perished in the Wednesday midnight collision of two B-29 bombers five miles up in a mock bombing raid.

Three crewmen survived the double crash.

One of the bombers fell in flames early yesterday on McDonald Island in the rich delta land 18 miles northwest of Stockton. The other broke to pieces on muddy Ridge tract, two miles away. It did not burn.

Workers recovered seven of the eight bodies from the wreckage on Ridge tract. Two men had parachuted to safety. The eighth body was tightly pinned in the battered

Propaganda Weapon

Berlin, Nov. 18—(AP)—A strike of Nuremberg taxi drivers protesting attacks by American soldiers provided propaganda ammunition today for the Soviet-licensed press.

U. S. To Attempt Free Consul By Means Of Notes

Possible Moves In- clude Appeal To Moscow And Direct Approach In China

Washington, Nov. 18—(AP)—New efforts to end the imprisonment of Consul General Angus Ward by the Chinese Communists—termed an outrage by President Truman—apparently will be based on the power of the pen instead of the big stick.

One possible move by the State Department is dispatch of a note to Moscow asking Russian intervention with the Red Chinese government.

Another is a new American appeal direct to the Communist government at Peiping to free the American diplomat and permit him and his whole staff to leave Mukden as soon as possible.

President Truman told a news conference yesterday that he thinks the Communist treatment of Ward is an outrage.

The consul general, ranking American diplomat in Mukden in Manchuria, was arrested along with four staff members on October 24. The Communist radio said he was accused of having physically beaten a Chinese employee of the consulate in a wage dispute.

The American government has had no direct word from him since. Other members of the consulate staff have been permitted to send him and his four aides food and clothing for which they have been given receipts. Their reports to the State Department on the alleged incident which caused the arrests have been suppressed by the Communists.

The American government has been unable to obtain any explanation direct from the Chinese Communist authorities at Peiping. In fact those authorities simply ignored a letter they received from Consul General O. Edmund Clubb asking Ward's release.

There has been no official information as to what the Mukden Communists really intend to do with the American diplomat.

State Department officials privately conceded that the situation is one which in other circumstances might result in the strongest action by this government. But they argue that in this case they have no stick to use—economic, political or military—short of some forceful act, the consequences of which could not be foreseen.

Handful Watched Barkley Wedding

More Newsmen Than Relatives Attend St. Louis Rites

Chattanooga, Nov. 18—(AP)—Army Secretary Gordon Gray said today that "no responsible military officer" believes any new war could be won by long-range strategic bombing alone.

"There is general agreement that only in united and effective action by all our military forces can ultimate victory be achieved," he said in an address prepared for a meeting of the Young Democratic Clubs of America.

Diplomats Plan Quit Chungking

Chungking, Nov. 18—(AP)—An American embassy and consular personnel will leave Chungking, Nationalist China's provisional capital, Sunday for Hong Kong.

Their departure will not affect continued diplomatic relations between the United States and Nationalist China.

Little Faith In Long-Range War

Chattanooga, Nov. 18—(AP)—Army Secretary Gordon Gray said today that "no responsible military officer" believes any new war could be won by long-range strategic bombing alone.

"There is general agreement that only in united and effective action by all our military forces can ultimate victory be achieved," he said in an address prepared for a meeting of the Young Democratic Clubs of America.

Handful Watched Barkley Wedding

S. Louis, Nov. 18—(AP)—Vice President Alben W. Barkley and Mrs. Carlton S. Hadley were married today in a ceremony climaxing a romance that has been in the public spotlight for the past four months.

The vice president, who will be 72 next Thursday, and his attractive bride of 38 were wed by Bishop Ivan Lee Holt of the Missouri area of the Methodist church.

Mrs. Hadley, who first met the vice-president on a cruise down the Potomac last July wore a smartly tailored woolen suit of "Barkley Blue."

Only thirty-three members of the immediate families and newsmen were in the chapel at St. John's Methodist Church when the ceremony began with the familiar words, "dearly beloved we are gathered here in the sight of God."

Newsmen outnumbered the relatives.

The bride did not promise to "obey" the vice-president. The Methodist marriage ritual has not included that word for ten years.

They joined hands as they were pronounced man and wife. The Bishop addressed them as "Alben" and "Jane."

The wedding ceremony, first for a vice-president in office, was concluded with the Lord's prayer immediately after Bishop Holt declared:

"I pronounce that they are husband and wife together, in the name of the Father, and of the Son and of the Holy Spirit. Those whom God has joined together let no man put asunder."

Reliance On T-H Law

Washington, Nov. 18—(AP)—President Truman made a people with a statement he made last February. They're puzzled all over again by a similar statement he made yesterday.

When the nation is faced with a big strike which may hurt it badly, the President can stop it for 80 days—but for 80 days only, and not permanently—by using the Taft-Hartley labor act.

He does it by declaring a national emergency. Then he gets an order from a federal judge forbidding a strike for 80 days. After those 80 days, though, the workers are free to strike.

This is the first and only labor law explicitly giving the President power to stop a strike. But neither Mr. Truman nor his labor leader supporters like the T-H act.

The act was passed in 1947 when the Republicans controlled Congress. This year the Democrats had control. As soon as they came into session in 1949 they set out to wipe out the act.

But many people raised this question: If T-H is killed and there is no law explicitly giving the President power to stop a big strike that might endanger the nation, what can be done?

The President was asked about that at a news conference Feb. 3, 1945.

He said the constitutional and implied powers of the President are sufficient to meet any national emergency, and need not be spelled out in a new law.

And he said his Attorney General told him the President had ample authority to deal with any strike crisis without using the labor law.

Presumably what he meant by all that has never been explained. But Congress went home this fall without after all, changing the T-H act. It still stands as the law.

Now the nation may have another coal strike. When John L. Lewis on Nov. 9 sent his miners back to work after a 52-day strike, he said it would be until Dec. 1.

After that date, he's free to strike unless the President does something to prevent it. Would Mr. Truman use T-H to do it?

Yes, the President told a news conference yesterday, but only if there's a national emergency. He would not admit there'd be an emergency if the miners struck Dec. 1.

He said he was relying on the T-H act, if needed. He said he would

Bonner Says U. S. Outlays In Europe Is Producing Results

The Honorable Herbert Bonner, representative from the First Congressional district, gave students at East Carolina Teachers college an affirmative answer to day to the question "Are the results of American expenditures abroad worthwhile?"

Congressman Bonner, who recently returned from an official tour of various foreign countries, spoke this morning at a special assembly called by President John D. Messick of East Carolina. Approximately 1000 students, faculty members, and guests were present in the Wright auditorium to hear him.

Preliminary to his discussion of American spending in foreign countries, Bonner told of his appointment to and work on the Expenditures committee of the House of Representatives, one of the duties of which became the determination of what values were being received from money spent abroad by this country. Upon recommendation of the Hoover Commission he and four other representatives were appointed to investigate conditions at first hand.

America has been dedicated since the war, he told his audience, to the ideal of world peace. "Winning and maintaining the peace," he stated, "are as expensive as fighting and winning a war."

The money spent by this country abroad, he said through military, civilian, and other agencies has been well spent, and the results are worthwhile. American spending is accomplishing a purpose which has united our people since the war—that of preserving our freedom by checking the spread of Communism.

No one who has been an observer abroad, he declared, can truthfully report "that what we have done is not appreciated... down among the people, where the program is doing the greatest good."

Bonner contrasted present conditions in Europe with those in 1937, when he was in Germany and Italy and saw the military might which meant the approach of war. A more insidious attack is in progress at present, he stated in discussing the methods of the Communists.

He indicated that the future of such countries as base their economy on the importation of raw materials and the exportation of manufactured goods presents a dismal prospect. England and Palestine were cited as examples. "The trend today," he said, "is for industry to move to the source of raw materials."

The influence of the Christian church and men of good will, Bonner told his student audience in closing, will eventually prove strong among efforts to establish peace on earth.

Convicted!

Slumped in his wheelchair with eyes clamped shut, Herbert J. Burgman is wheeled from U. S. District court in Washington after a jury convicted him of treason. The 53-year-old former clerk in the American embassy at Berlin was found guilty of giving aid to Germany in wartime broadcasts over a Berlin radio. He is suffering from a heart attack. Would-Be Rescue Plane Crashes; Five Victims

Scant Hope For Health Program

Lawmaker Says Plan Hasn't A Chance In Next Session

Washington, Nov. 18—(AP)—Rep. Priest (D-Tenn.), a key man in the matter, said today President Truman's compulsory health insurance program "hasn't a chance" in the next session of Congress.

Priest is a member of the Democratic high command in the House and chairman of a Commerce subcommittee handling health legislation.

He told a reporter, he doesn't think the health insurance plan even can get through the committee.

"There is enough opposition, based on the idea or on the cost, to block it in the committee," Priest said.

Under the plan, doctor and dentist bills would be paid through a government insurance system and the people would chip in on the cost with premium payments.

Opponents say the President is trying to socialize medicine. Backers say the program is intended to see that the people get proper medical care at reasonable costs.

Raising \$200

A small group of Greenville citizens today rallied behind the Greenville high school band in an effort to raise approximately \$200 which will be needed by the band if the band members are to accept the invitation to appear at the Carolina-Virginia football game in Chapel Hill November 26.

Earlier this week Principal O. E. Dowd disclosed that the band had been extended an invitation to appear at the game, but the school has no funds to use for transporting the 67 piece band to Chapel Hill. Each year the University invites several of the state's outstanding high school bands to appear at one of the home football games in Chapel Hill.

Voluntary contributions to the band transportation fund may be made to the Greenville high school band and sent either to the high school or to the Daily Reflector.

Rules Coplon To Be Tried As Spy

New York, Nov. 18—(AP)—Federal Judge Sylvester J. Ryan ruled today that Judith Coplon must stand trial with Russian Engineer Valentin Gubitchev on spy conspiracy charges.

Ryan denied a motion by the ex-government girl's lawyer, Archibald Palmer, to hold that the trial would put his client in double jeopardy—that is, put her on trial twice for the same offense.

Social and Personal

All items for this page received after 10 A. M. will be published the following day. Dial 2200-5 A. M. to Noon; 1 to 4:30 P. M.

Mr. and Mrs. Paul Frimelle and son of Wilmington have returned home after having spent some time with Mr. and Mrs. Willard Wooten and Mr. and Mrs. Jenessa Moore.

40 Years Ago Today

THE DAILY REFLECTOR

November 14, 1909

The fall has been so pretty up to now that it makes this cold snap bite harder.

The peanut crop is coming in lively and helping to increase freights for the railroads.

Talk for good roads is heard all over the state. In almost every county the people are expressing interest in the subject.

We read the other day of a man who hid his money in a bed tick. His home burned down and the money with it. Had the money been put in a bank he would have been that much better off after the fire. Some people do not realize what banks are for.

West Greenville P. T. A. The West Greenville P. T. A. held its regular monthly meeting Wednesday afternoon, November 16, at 3:30 in the school auditorium.

The meeting was called to order by the president, Mrs. C. B. West, Jr.

Mrs. Ed Moore led the devotional using Psalm 100 as her text.

Mrs. West introduced Mr. Godwin, county high school supervisor, and Miss Jones, elementary school supervisor. Mr. Godwin showed a movie on "How the Film Aids the Teacher and the Pupil in the Classroom."

Mrs. Jack Teel rendered two beautiful solos accompanied by Mrs. Jack Gates at the piano.

After a report from the standing committees a detailed report was given on the Halloween carnival.

Mrs. West thanked all parents and teachers for the work and cooperation to make the carnival a success.

Miss Harris' fourth grade and Mrs. Wolfe's first grade tied for the attendance prize.

All joined in singing the P. T. A. song, after which the meeting adjourned.

SOCIAL CALENDAR

FRIDAY

6:30 p. m.—Kiwans Club.

6:45 p. m.—Exchange Club.

8:30 p. m.—Rehearsal for the Johnson-Bowles wedding in Memorial Baptist church.

9:30 p. m.—Mr. and Mrs. Roy Coburn and Miss Margaret Lee Duke, receive at an after rehearsal party for the Johnson-Bowles wedding party and out of town guests.

8:00 p. m.—Mrs. Paul Ricks entertains Miss Bratha Reagan, bride-elect, at a dessert bridge party at her home on Harding street.

SATURDAY

11:00 a. m.—Mr. and Mrs. Irvin Hughes Bowles and Miss Edith Bowles will entertain at breakfast the Johnson-Bowles wedding party in the Magnolia room of Hotel Proctor.

4:30 p. m.—The Johnson-Bowles wedding will be solemnized in Memorial Baptist church.

5:30 p. m.—Mr. and Mrs. Irvin Hughes Bowles entertain at a reception, the Johnson-Bowles wedding party and out of town guests at their home, 1900 E. Fourth street.

Notice V. F. W. Members

All V. F. W. members interested in going to the V. F. W. Second district meeting in Farmville Sunday afternoon please meet at the V. F. W. club Sunday afternoon at 2 o'clock. Transportation will be available for any member desiring to go.

Meeting of A.A.U.W.

The regular monthly meeting of the American Association of University Women will be held Monday, Nov. 21, from 7:30 to 8:30 p.m., at the Sheppard Memorial Library.

Turkey Supper at Sweet Gum Grove

A turkey supper consisting of turkey, gravy, dressing, English peas, cranberry sauce, candied yams, home made cakes, hot biscuits and coffee will be served to the public at the Community House Tuesday night, November 22, from five thirty till nine o'clock. This supper is sponsored by the members of the church for the purpose of raising funds with which to improve the interior of the church. The price will be \$1.00 for adults and 50c for children. Call or see Mrs. W. S. Brown, Bethel; Mrs. L. S. Brown, Stokes; or Mrs. J. E. Whichard, Stokes for tickets or reservations.

Belvoir-Falkland P.T.A.

The Belvoir-Falkland P.T.A. met in the school auditorium on Thursday night, November 10, 1949. Each grade in school presented real life characters from books they have read and enjoyed. Those characters visiting us included such favorites as: Little Black Sambo, Snow White, Little Jeems Henry, Daniel Boone, Robin Hood, Mary Poppins, Evangeline, Oliver Twist, Babe Ruth, Elias Marnar, Ann of Green Gables, Ratt Butler, Scarlett O'Hara, and Mme. Loisel with her husband.

The thrill of the program was the first grade's Mother Goose portrayals. As a little girl, dressed for bed in blue pajamas, read Nursery Rhymes from her book, the characters walked from the pages across the stages.

At the close of the business meeting refreshments were served in the teacher's lounge.

Girl Scout News

On last Saturday evening Miss Sheila Dawn Wooten, daughter of Mr. and Mrs. Willard Wooten, was entertained at a birthday party celebrating her tenth birthday at her home on Cedar Lane Drive.

Many interesting and lively games were enjoyed and contests held. The many lovely presents were then received by Miss Wooten and refreshments of ice cream, cocktail jello, cake and lemonade were served. There were eighteen guests attending.

Here For Johnson-Bowles Wedding

Out of town guests who arrived today to attend the Johnson-Bowles wedding are Mrs. Ruffin Penner Johnson, Thurston Smith and Charles Wallace of Raleigh; Mr. and Mrs. John R. Bowles, Walkertown, N. C.; Mrs. Elton Satterfield, Miss Marjorie Calvert and Mr. H. H. Calvert, Danville, Va.; Mrs. William T. Beale, Mr. and Mrs. Emerson Land, Mr. and Mrs. John Green, Mr. and Mrs. Calvin Green, Mrs. A. M. Nickols, Mr. and Mrs. Daniel W. Lindsey, Jr., Mrs. Harold Waters and Misses Myrtle Smith, Lucile Scaff, Edith Bowles and Ruby Steffy of Norfolk, Va., and Mr. and Mrs. Hugh Jones, of Lynnhaven, Va. Fourth street.

Parcel Post Sale and Bazaar

Did you ever hear of a Parcel Post sale?

Well, listen to me and I'll tell you a tale.

The Junior Woman's Club's having a bazaar.

And have something to sell from afar.

We have packages we can sell for half a dollar.

It's loads of fun, won't be much bother.

We will sell it just as it comes through the mail.

That's why we call it a Parcel Post sale.

Tuesday, November 22, we have set the date.

So come buy your package and don't be late.

Just come to the place named below.

Thank you so much now we are all set to go.

Woman's Club building, Tuesday, November 22, 7:30 p. m.

Christian Church Announcements

The annual Thanksgiving service of the churches of Greenville will be held in the Christian Church on Thanksgiving morning at 10:30. The choir of the Christian Church will provide the special music of the service and the Rev. Leonard Wesley Topping of the First Presbyterian Church will bring the message. The public is most cordially invited.

There will be no mid-week service of Bible study next week due to the fact of a wedding in the church at that hour on Wednesday evening.

On November 27 there will be a special service to which all young married couples are invited. The pastor will speak that morning on the subject "Keep the Love Fires Burning" and an appropriate souvenir will be presented to all young married couples.

The finance committee and the board of the church have attempted to persuade all the membership of the church to be paid up-to-date in church dues during the month of November. Accordingly November 20 and 27 are the dates for all to catch up on their church obligations.

Plan Addition For ECTC Staff

Two new faculty members will join the staff of East Carolina Teachers College at the beginning of the winter quarter, November 28, President John D. Messick of the college has announced.

Dr. John J. George, now of Rutgers University in New Brunswick, New Jersey, will come to East Carolina as a member of the department of social studies. Henry Roos of Southwick, Mass., will become a member of the department of science. Because of the present large enrollment at the college, the faculty has been increased by the addition of four new members, two of whom were present for the fall quarter.

Dr. George, a native of South Carolina, has been connected with Rutgers University since 1929. He received his education at Washington and Lee, the University of Chicago, and the University of Michigan, from the last of which he holds a doctorate. During his career as a teacher he has been connected with

the degree of doctor of political science from Cornell, Baylor University, the University of Michigan, the University of California, and others.

Dr. George has written numerous articles on law, economy, public utilities, and government which have been published in scholarly journals, and in addition he is the author of a number of feature articles for leading newspapers of the East. He has been an active participant in community life at his home in New Jersey and is in demand as a speaker.

Mr. Roos is a graduate of the City College of New York and of Teachers College, Columbia University, where he completed work on the master's degree in 1947. During 1948-1949 he was instructor in bacteriology in Springfield College in Massachusetts and before that time was connected with Westfield, Mass., State Teachers College. Mr. Roos has been interested in Boy Scout and Red Cross work for several years and has had experience in various phases of the programs of these two organizations. During World War II he was in the army and served as a laboratory technician.

Mrs. Kittrell Gives Club Program

The Chatham Book Club met on Tuesday, November 15 with Mrs. J. C. Lanier at her home on Rock Spring Drive.

After a brief business meeting the hostess served a delicious salad course with coffee. She was assisted by Mr. F. A. Bendall and Mrs. W. P. Moore.

The subject for the meeting was religion. Mrs. Carl Adams introduced Mrs. J. B. Kittrell who gave a very inspiring program on "Christianity Meets a Challenge of the Modern World."

Books were distributed and the club adjourned.

Mrs. Currin of Oxford was a guest for the meeting.

Red Oak News

A necrology service for Mr. W. S. May, Mrs. H. C. Smith and Mrs. Wyatt Barber will be held at the Red Oak Christian church Sunday morning at 11 o'clock. These former members have all passed away during the ministry of the present pastor, Rev. Harold Tyre, and he will have charge of the service.

Circle No. 1 will meet with Mr. and Mrs. Jarvis Tripp on Sunday evening at 7:30. Every member is invited and urged to attend. Let's have 100 percent attendance.

Circle No. 2 will meet with Mrs. W. L. Greene, Jr. on Monday evening at 7:30. Mrs. Greene lives at 129 Library street. All members are urged to be present.

Florida Students Turn Circus Actors On Campus

On the campus of Florida State University at Tallahassee, students have organized an all-student circus that looks like the "big top" on the road. Left: Jody Clark, a co-ed from Tampa, does a difficult "cloud swing" on the high trapeze. Right: Babs Ellery from Fort Lauderdale is tossed high in the air in an adagio quartet act. Fred Honour (left) of Daytona Beach is the "catcher." The "pitchers" are Brick Bradford of Tallahassee and Jim Kinsey of Fort Lauderdale. The circus, called "Flying High," is coached by Prof. Jack Haskin of the university faculty. (AP Photos).

Military Ball To Be An Annual Affair

The Wright auditorium on the campus will be the scene of a military ball this evening, the first social event of its kind to be given at East Carolina Teachers College. The Cadet Officers Club of the Air Force ROTC unit at the college will be hosts. Guests will include students, all reserve officers on the faculty, other members of the faculty, and members of Air ROTC units at Duke, the University of North Carolina, and State College.

The ball will be a formal affair. According to plans announced by President Virgil Clark of the Cadet Officers Club, it will become an annual social event on the East Carolina campus.

Aiding President Clark in plans for the ball are committee chairmen in charge of publicity, entertainment, and decoration. These are Cadet First Lieutenant Norman Wicker of Hopewell, Va.; Cadet First Lieutenant Milton Glover of Rocky Mount; and Cadet William T. Lloyd of Thomasville.

Bob Lee and his orchestra of East Carolina musicians, featuring vocalist Bernard Ham of Portsmouth, Va., will furnish music for the ball.

Orphanage Gifts Being Accepted

Contributions toward a \$3,000 goal set for Pitt County to aid the Oxford Orphanage are being accepted now by the Greenville Masonic Lodge No. 284, James W. Brewer, chairman of the fund drive committee in Pitt, announced today.

Brewer, in announcing the opening of the drive, said there will be no solicitation but the campaign will be on a voluntary donation basis.

The chairman, who has a 35-man committee to accept the donations, explained that 20 children from Pitt County are being cared for at the orphanage at present. That is the second largest number from a single county in the state.

"Let us remember the wonderful job we are doing in giving these children an even chance in the pathways of life by furnishing them a home," Brewer said today and urged the people of Pitt to give generously to help provide for the children at the orphanage.

"The need is exceedingly great this year," he explained. Brewer said one offering will cover both the orphanage and the Masonic and Eastern Star Home.

THIRD STREET SCHOOL NEWS

Book Reports
This year Mrs. King has asked us to make nine book reports. We have to make five written reports and four oral ones, or five oral and four written. We have each person to have his report on Friday afternoon. We take notes on each report. After the reports, we have a person to discuss each one. We like our book reports very much and enjoy making them.—Mickie Sumrell, grade 5.

Fractions
In our room we are learning how to add and subtract fractions. Our teacher, Mrs. King, taught us how to reduce them to the lowest terms. We all think it is fun, and like it very much.—Jeane Hargraves, grade 5.

Thanksgiving
Thanksgiving will be here soon. It is a great day throughout the nation. A day set aside for all to return thanks to God for his blessings. Of course, many people will have turkey with all the trimmings. Let's not be too busy eating that we cannot stop for a few minutes to be really and truly thankful.—Jo Anna Rook, Grade 5.

Current Events
We have current events on Monday afternoon. Our best ones are put on the bulletin board. The whole class enjoys hearing about the different things that have happened during the week.—Barbara Fleming, grade 5.

Cats
I have a cat. It is black and white. I like her. She can do many tricks. She can catch mice. A little cat comes to play with my cat.—Anne Allen.

Thanksgiving
Thanksgiving will soon be here. The Pilgrims had the first Thanksgiving. We thank God for all we have. We like to celebrate Thanksgiving.—Brenda Joyce, Harris, grade 2.

Mrs. Forbes Speaks Before Book Club

The Athenium Book club was delightfully entertained at luncheon on Tuesday by Mrs. Lyman Ormond. Colorful autumn flowers were used as decorations throughout the home. On arrival the guests were served a two-course luncheon.

Mrs. Ormond presented Mrs. Harry Forbes who in her most attractive manner gave a most interesting talk on the Mardi Gras.

Mrs. W. W. Lee, the president presided over a short business session.

Marriage Licenses

The register of deeds issued marriage licenses to the following couples this week:

White—John A. Kovalchick Jr. of Sagamore, Pa. and Freda A. Sutton of Greenville; Lewis A. Churchill and Rachel Little of Greenville; Gilbert Peel, Jr. of Raleigh, and Betty Estelle Baker of Raleigh. Colored—William S. Atkinson of Stokes and Hilda May Robertson of Bethel.

The first Syracuse University athletic teams wore pink uniforms.

Thanksgiving To Be Holiday Here

Thanksgiving Day — Thursday, November 24 — will be generally observed as a holiday in Greenville and other Pitt county towns. County and city offices, the banks and postoffice and U. S. government offices and business places will be closed. Some drug stores will keep holiday hours and restaurants will be open.

In keeping with the spirit of the day, union worship services will be held at Eighth Street Christian Church at 10:30 a.m. Rev. Leonard Topping, pastor of the First Presbyterian Church, will deliver the Thanksgiving message. The services will include a special musical program.

Thanksgiving Day here, as well as in other parts of the country, is usually observed very much as a "homecoming day," and the occasion is celebrated extensively by fireside gatherings in homes.

Fatal Driver Is Himself Victim

Atlanta, Nov. 18.—(AP)—Hugh D. Gravit was injured in an automobile collision last night, less than two days after his involuntary manslaughter conviction for the traffic accident death of Author Margaret Mitchell.

Gravit and his wife were treated and released from Grady Hospital after Gravit's car and a truck collided. Neither was seriously hurt. DeKalb County Police Capt. Harry Christian said Gravit's car hit the truck as it pulled out of a side road. He said no charges were placed against either Gravit or the truck driver.

Earlier yesterday, Gravit's attorney, A. L. Henson said the former cab driver would not appeal his conviction for Miss Mitchell's death. A Fulton Superior Court jury recommended that Gravit be given a jail sentence of 12 to 18 months. Sentence is to be passed Nov. 23.

Gravit was also charged with drunken driving, speeding, driving on the wrong side of the street and other traffic violations in the death of the author of "Gone With the Wind."

Prior to the accident which proved fatal to Miss Mitchell, Gravit had been charged with 22 traffic offenses. His police record showed that eight of them were dismissed or suspended.

Big Baby Crop Is Below '48 Mark

Raleigh, N.C., Nov. 18.—(AP)—There were 81,932 babies born in North Carolina in the first nine months of 1949, the Board of Health reported today. In the same period there were 23,418 deaths.

The deaths showed an increase over the same period of last year, when there were 22,982, and the births were slightly less than the 83,935 in the first nine months of 1948.

Gabrielson Says GOP Can't Win Without Work

Topeka, Kans., Nov. 18.—(AP)—GOP National Chairman Guy George Gabrielson advised Republicans today that they can't win elections "by sitting around in our offices or clubs and bewailing the shortcomings of the Truman Administration."

In a get-out-the-precinct-vote speech for a meeting sponsored by the party's Kansas state committee, Gabrielson declared:

"A political party, state-wide or nation-wide, is only as good as the sum of its precinct organizations. If you win in the precincts you cannot lose in the nation."

And he predicted that the Republicans will not lose in next year's congressional elections, although he warned against taking that for granted.

Baruch Reveals Plan For Wealth

New York, Nov. 18.—(AP)—Elder Statesman Bernard M. Baruch plans to leave his fortune to promote his pet project—physical medicine.

"It's a field very close to my heart," he told an interviewer yesterday. "I can't think of anything better to do with my money."

But he added that it's nobody's business how much money he has to bequeath. He added with a smile: "It's much smaller than you think. I've spent a lot."

Strength FOR THE DAY

MAKING THE BEST OF THE WORST

On the shores of the Red Sea are the ruins of an ancient city, Eschschlager. The town was swept—and the site of it still is today—by furious winds which blow from the north. Scholars for generations have wondered why such a place should ever have been chosen for a city.

Recent excavations have revealed that the ancients built there an elaborate system of furnaces equipped with flues which took advantage of this terrific wind current, thus practically turning these crude furnaces into the equivalent of modern blast furnaces.

Imagine having to live in Eschschlager. But what the people of that town did was to take advantage of a furious north wind which must have kept them miserable most of the time and use this for the building up of one of the most important industries in ancient times. They turned a liability into an asset. They converted their personal discomfort into the equivalent of modern dividends.

Does one need to moralize on a situation of this sort? There are millions of people today who have turned the unpleasant, sorrowful, disappointing and painful experiences of life into tremendous values which made their lives richer for having passed through such experiences.

GASOLINE TAXES

Two Pitt county mayors—W. S. Stafford of Greenville and Walter Jones of Farmville—voiced the grievances of most North Carolina municipalities Wednesday when they told the state municipal road commission that the cities and towns have great difficulty finding out where the state funds for their streets go.

The spokesmen from Pitt county made known their complaints at the meeting in Williamston at which 14 municipalities of eastern North Carolina met with the governor's commission which was appointed to seek a more equitable distribution of the gasoline road tax money among state highways, county roads and municipal streets.

Over a period of years the municipalities of the state have received annual allotments from the state for the maintenance of streets within their corporate limits, but the funds always have been kept by the highway commission and administered by that group rather than by the individual municipalities. Much of the time the city and town officials have not known, and have had difficulty finding out, just how much of the municipality's allotment has been spent, and where the repair work was done.

Obviously under these circumstances, the municipalities had difficulty in planning their street repairs over a period of a year, and doubtless have not received the maximum benefit of the combined funds spent for street repairs from their own budgets and that of the State Highway Commission.

It also seems unfair that the municipalities are forced to pay road tax to the state on each gallon of gasoline which is burned in the gar-

Somebody Told Me...

By L. J. (JACK) EDWARDS, JR.

A man just back from a week's vacation in New York is bound to have plenty to talk about. I have decided to list the attractions of the state in the order of their worth to us. We've left the Carolina-Notre Dame football game and pep rally off the list because they

are hard to compare with the others. Also, we've left off eating places, but we should mention that our best meal was at Toots Shor's restaurant. We were drawn there by Earl Wilson, the Broadway columnist, who practically lives there and often writes about it. It's strictly a swank restaurant, with prices that are reasonably outrageous.

(1) In first place we put "Mr. Roberts," the Broadway comedy starring Henry Fonda and Murray Hamilton (from Washington, N. C.). The story takes place on a cargo ship in the South Pacific during World War II. Fonda, in the title role, is almost put in the shade by Hamilton, playing Ensign Pulver. Being a veteran helped me to catch the fast GI chatter. (Tickets \$4.80 to way-backs in the balcony for \$1.20.)

(2) "Born Yesterday," also a Broadway comedy. This play has been on Broadway four years; is about a junk-junk trying to make his place in Washington (\$2.40 to \$1.20).

(3) Radio City Music Hall, a movie "That Forsyte Woman" plus "Curtain Time," a musical

at Asheville that water is the greatest resource North Carolina has. He was thinking in terms of power development, refuse disposal and other contributions the streams of the state can make to industry. Maybe he was thinking, too, of the rainfall that makes crops grow, provides pastures for livestock, and such matters. Water is also the biggest nuisance-problem in North Carolina, as attested by testimony of numerous speakers at meetings held by the state municipal road commission on its eastern tour.

"DRAINAGE"—Eastern municipalities have many problems in common with their western neighbors, such as need for more paved streets, demand for getting school houses out of the mud and homes out of mud and dust. But, east of Raleigh the primary concern of city and town seems to be disposal of surplus water. With monotonous repetition spokesmen for nineteen municipalities appearing at Raleigh and seventeen at Rocky Mount mentioned drainage as their most pressing problem.

"NEEDS"—The city of Raleigh needs state aid for opening thoroughfares through the city. Rocky Mount needs especially help in constructing underpasses for railroad crossings. Almost every one of the municipalities having spokesmen at the meeting of the state municipal road commission need streets widened and paved and everyone of them finds itself with demands for municipal services far in excess of its ability to provide with funds in sight. Whatever else they may need, there is urgent demand for taking care of surplus water on the streets. In many instances it is a question of storm sewers, but in some the problem requires more expert engineering. At Elm City, for example highway U. S. 301, which constitutes the most important street, sometimes gets three feet under water in front of the Methodist Church.

"SERVICES"—One issue has arisen in the east that did not come out on the western tour. That is whether municipalities would rather have direct money grants from the state or have the state render services in street construction, repair and maintenance. There is wide divergence of opinion, with larger cities generally favoring the money grant, and smaller communities preferring services rendered. Point was made that the highway commission has a policy of leasing heavy equipment to small towns which are unable to purchase that type machinery. This has not proven satisfactory in most instances, mainly because the towns cannot get the equipment just when they need it. Another new suggestion was made at Rocky Mount with respect to permitted use of such money as the state allocates to municipalities.

Washington Letter

By SIGRID ARNE
(for Jane Eads)

Washington — A special dish for Little Theater fans is being served up right now in Alexandria, Va., the home-town of George Washington. The play is being put on in Gadsby's Tavern, where the General used to drop in for a hot toddy when he came to town from his plantation some ten miles down the river.

The play is being put on in the exact manner in which it was presented during those years, long ago, when the General and Mistress Washington were among the audience. The Little Theater of Alexandria is doing the job. The show is "The Suspicious Husband," written by Dr. Benjamin Hoadley, of London, and put on in London first in 1747.

The Gadsby Tavern ball-room holds only 100 seats, so you must have an invitation before you can

buy a ticket. You swish through the colonial dark and as you approach the tavern little boys in satin pants and tricorn hats rush up to meet you with lanterns. Women in colonial silks meet you at the broad tavern doors and take you in to the candle-light drawing room to see the "clerk" (clerk, to you) who exchanges your invitations for tickets. This is the step at which you pay. From the "clerk" you go to see the "inn keeper" who takes your name, and then calls to one of 20 pretty young women in silks clustered around his desk. The young woman called takes you on to the old ball room where General Washington and General Lafayette used to lead quadrilles. This is now the theater. Here again the light is by candle. A majordomo thumps loudly on the floor with his staff and announces you as you enter. Just when all the audience is seated, and just before the curtain goes up, he sings out, "General and Mistress Washington!" And sure enough there they are. They walk slowly down the aisle to their seats. Then the orchestra, up on a small balcony, breaks into "God Save the King." The curtain goes up.

along with a movie (\$1.50).

(10) "A Streetcar Named Desire," the Broadway drama starring Uta Hagen and Anthony Quinn. This play is a Pulitzer Prize winner, from the pen of Tennessee Williams. Some of you who have seen this play will wonder why W. R. and I put it in 10th place. We wonder why, too, because it's supposed to be one of the best on Broadway. For some reason it just didn't hit us right (\$4.80 to \$1.20).

(11) The famous Latin Quarter takes the bottom of our list. Reason: Out-of-reason prices for a show that is average. Minimum charge per person: \$4.

The attractions of the city are so numerous that you can't hit 'em in a week. We had hoped to see a musical comedy, but the one of our choice, "Kiss Me Kate," was sold out.

And I thank you.

Pro-Civil Righters Win Test Vote In Young Demo Gathering

Chattanooga, Tenn., Nov. 18—(AP)—Torn by a bitter civil rights dispute, the National Convention of Young Democratic Clubs has been asked by Arkansas Gov. Sid McMath to "heal" these breaches in our ranks.

The appeal was made by the keynote speaker last night after the pro-civil righters won a test vote, 311 to 156, for the right to bring the issue before the convention. This action probably will come Saturday.

William M. Boyle, Jr., chairman of the Democratic National Committee, did not mention the civil rights controversy, but urged the delegates to carry the Fair Deal

message to each door in America. "The precinct workers of the Democratic party are the door-to-door salesmen of democracy," he asserted.

The convention split came when the rules committee refused to endorse a resolution commending President Truman's civil rights program.

Selig Harrison of Detroit, chairman of the Michigan delegation, said he would bring the proposal before the entire convention. The committee recommended that all resolutions to the floor be presented by the committee.

An amendment by George Edwards of the Michigan delegation paved the way for the favorable

test vote on the issue. He proposed that any resolution presented to the committee could be presented to the convention, regardless of whether it was approved.

Rep. Wayne L. Hayes (D-Ohio) told the delegates: "This convention can do a lot of good or a lot of harm to the Democratic party. What happens here might determine whether we have a Democratic or Republican Congress in 1950."

In his plea for harmony, Governor McMath said Democrats can work together "without resorting to irresponsible name calling x x x and without picking up our marbles and going home."

Irish-Americans Demand Boycott

New York, Nov. 18—(AP)—Thousands of Irish-Americans joined last night in demanding a boycott on British goods as a move to force the withdrawal of British troops from Northern Ireland.

Such action was urged in resolutions adopted unanimously by some 5,500 persons at a rally of the United Irish Counties Association of New York.

Thomas Barry, former general of the Irish Republican Army, told the crowd that armed conflict could result unless Britain evacuates Ireland's six northern counties.

Fortune Showered On "Blue Baby"

The Junior Chamber of Commerce spread the word around Greensboro, N. C., that six-year-old Phyllis Carter, a "blue baby," needed money for an operation to save her life. And then the shower of dollars started. Phyllis and her parents, Mr. and Mrs. Ford Carter, look at some of the letters which had brought \$3,193.09 a short time after the Jaycees started their mercy campaign. Hours later, the money was still coming in. (AP Photo).

INDIAN WEDDING PARTY—Max Bill Osceola, 26, stands with his bride, the former Laura Mae Jumper, 18, and their attendants at the church in Dania, Fla., following what authorities said was one of the first Seminole Indian weddings under white man's laws of church and state.

Earl Black Puts Appeal Before Supreme Court

Greensboro, N. C., Nov. 18—(AP)—The appeal of Earl Black, one-time butter and eggs numbers game figure, from a contempt of court sentence headed today to the State Supreme Court.

Judge E. Earle Rives of city-county court cited Black for contempt on Sept. 30 for not appearing as a witness against F. D. (George) Smith.

Black said he was once associated with Smith, alleged numbers kingpin.

Black appealed the contempt sentence of 30 days imprisonment, and yesterday Superior Court Judge A. R. Crisp signed an order upholding the lower court's judgment.

Again he appealed, to the state's highest court.

Bull Saw Red

Pulaski, N. Y., Nov. 18—(AP)—Lafayette Petrie's red sedan is in the garage for repairs. A Jersey bull couldn't stand the sight of it.

Petrie reported he parked his car off a rural road near here Sunday while he hunted rabbits. When he returned he found the bull getting set for a new charge. The animal already had banged in one side and the rear of the car, Petrie said. He drove off the bull with rocks and strong adjectives.

Seek Reports On Reckless Flying

Washington—(AP)—The Civil Aeronautics Administration and the armed forces have called upon the public to report cases of "buzzing" or reckless flying by any pilot.

Administrator D. W. Rentzel says reports should be made to the Aeronautics Administration's nearest office which usually will be found listed in the telephone directory under "United States Government". It's important to get plane numbers if possible.

ELECTRIC
Cold Pudding

\$4.80

...making no stirring! Wash the pudding through the hopper, profit glass top. Then simply lift popping bowl out and pour a large serving of crisp, fresh, deliciously hot pudding. Great for parties. Children are wild about it. The entire family will enjoy it. Polished aluminum. Good plastic handles. And what a bargain! Don't miss the enjoyment this little wonder can provide.

Accused Slayer Nabbed In N. Y.

Charlotte, N. C., Nov. 18—(AP)—The FBI yesterday announced the arrest in New York City of a Negro charged with a murder in Gastonia seven years ago.

Charles W. Brown, agent in charge of the Charlotte FBI office, identified the man as James Smarr, about 35. He is charged with slaying Smith Clemmer on Jan. 21, 1942.

Gastonia authorities swore out a murder warrant against Smarr Feb. 6, 1943.

Mishap Not Due Road Condition

Raleigh, N. C., Nov. 18—(AP)—Road conditions didn't cause the Johnston County school bus wreck Tuesday in which six children were injured, says the highway patrol commander.

Col. C. R. Tolar declared yesterday he and Highway Division Engineer T. J. McKin inspected the wreck site and found "there was nothing there to cause this wreck."

"The road is better than the average country road," Tolar added.

The accident happened when a spring broke in the bus. The driver couldn't control the bus and it ran into a ditch.

The spring, Tolar said, was cracked but this would have been very hard to detect when the bus was inspected.

Several of the children probably suffered injury because of the seating arrangement, however, the patrol commander stressed. He added he thought this old-style seating arrangement—with the seats running the length of the bus body—should be done away with at once.

Tolar added that this type seating arrangement probably boosted the death toll of the recent Nash county wreck which killed seven children.

There are more than 500,000 producing oil and gas wells in the United States, located in 26 states.

Rep. Roosevelt Offers Two Ways To Win Cold War

New Orleans, Nov. 17—(AP)—Rep. Franklin D. Roosevelt, Jr. (D-NY) last night advocated a two-prong course to win the cold war against Soviet Russia.

Roosevelt spoke here under the sponsorship of the International House and the Foreign Policy Association.

One measure, he said, was immediate aid to foreign governments by evergreen forest from pole to pole.

and other recovery assistance. The second was America's mandate to deliver an ideal that will work better than any other competing ideal or ideology.

"And to do that," Roosevelt said "we must show by example that our idea is the last best hope of mankind."

The California giant redwoods are believed to be remnants of great forests which once covered many sections of the earth.

It is believed that the earth, once warmer than it is today, was covered by evergreen forest from pole to pole.

Says Brazil Has A Lot Of Coffee

New Orleans, Nov. 15—(AP)—Brazil still has huge stocks of coffee and isn't responsible for recent price rises, an American embassy official said here yesterday.

Claude W. Courand, first secretary of the embassy in Rio de Janeiro, said the explanation of the price hike didn't lie in the Brazilian supply.

"When I left Brazil in September, available figures indicated that the crop just harvested, plus stocks, approximated 21 million bags," he said.

"Shipments during the preceding year amounted to about 17 million bags," he said, pointing out that on that basis no shortage exists.

Courand said it had been reported that 132 million pounds of coffee are being hoarded in the United States.

He was in New Orleans to discuss Brazilian trade with businessmen.

A minnow's teeth are in its throat.

DEFENSE SECRETARY IN HIS OFFICE—Defense Secretary Louis A. Johnson stands at his desk in his office in Washington before a portrait of Gen. George Rogers Clark, explorer, for whom Clarksburg, in the Secretary's home state of West Virginia, is named.

Truman Refuses Help In Primary

Washington, Nov. 15—(AP)—President Truman says he never mixed in primaries. This was his reply yesterday to a news conference request for comment on James Roosevelt's bid for the California governorship.

Mr. Truman would not comment specifically on the Roosevelt race, but said that once the Democratic candidates are picked and ready to take on the Republicans, he'll take a hand if necessary.

This attitude was predicted in advance. Democratic officials who discussed the situation Wednesday said that a hands-off-the-primary stand was not due to the fact that Roosevelt opposed Mr. Truman's nomination last year, but was based on custom and practical politics.

E. George Luckey, rancher who managed Mr. Truman's political campaign in California last year, may run against Roosevelt for the Democratic nomination for governor.

Mr. Truman intervened in a 1948 Democratic Congressional primary in Missouri, but he apparently considered that a personal, home-state matter.

Navy To Reduce Air Squadrons And Bases Soon

Washington, Nov. 15—(AP)—The Navy said today 28 naval and seven marine aircraft squadrons will be decommissioned and the operating status of six air bases reduced within the next four months to save money.

This will bring the attack carrier air groups down from 14 to 10, cut the number of patrol bomber squadrons from 30 to 25 and reduce Marine Corps fighter squadrons from 23 to 16.

The Charleston naval air facility will be inactivated and these air bases reduced to maintenance instead of operating status: Bermuda; Roosevelt Roads, Puerto Rico; San Juan, Puerto Rico; Trinidad; Coco Solo, Panama Canal Zone.

The Navy related its action to need for meeting budget cuts—both current and proposed.

Four Initiated Into Beta Kappa Chapter

The Beta Kappa Chapter of Pi Omega Pi at East Carolina Teachers College last night initiated four students as members of the national honorary fraternity for students of business education. Members were chosen at a recent election on the basis of high scholastic attainment in the field of business education.

Those initiated into Pi Omega Pi last night were Gwendolyn Potter of Belhaven, Jerry O. Bennett of Winston-Salem, Haywood Kelly of Clayton, and Lewis E. Peyton of Kinston.

John Getsinger of Williamston, president of the Beta Kappa Chapter of Pi Omega Pi, presided at the initiation ceremony, which was held in the Commerce Club room of the Flanagan building. A formal reception for the initiates and other members of the organization followed.

The committee in charge of arrangements was made up of Mrs. Dorothy Lewis Wilkerson of the faculty, and Ramona Sawyer of Washington, N. C., and Annie Frances Riddick of Hobbsville. Audrey Dempsey and Lena Ellis are faculty advisors of the local chapter.

ELKS CONVENING

Wilmington, N. C., Nov. 15—(AP)—Members of the Benevolent and Protective Order of Elks from all over the state began registering here today for their annual two-day fall meeting of the North Carolina Elks Association.

This youth, police say, tried to buy sleeping tablets at a drug store in Miami, Fla. The druggist wouldn't sell them without a prescription, and so the young man took them at gunpoint. Later he was found dead in his hotel room from the effects of the sleeping tablets. Policemen identified him as Joseph Boon Cotten, 25, of Little Rock, Ark. (AP Photo).

Accident Rates Show Value Of Safety Courses

Raleigh, Nov. 15—(AP)—The value of the safety courses sponsored since 1942 by the State Industrial Commission is indicated by the low frequency rate of accidents in Tar Heel industrial plants.

This assertion was made yesterday by H. S. Baucum, industrial safety director. He said the safety courses had been given 242 times and total attendance was more than 7,000 key employees.

"The courses have now proven their value," Baucum stressed. He released statistics to show how accidents have been reduced in industry.

The frequency rate in the textile industry in 1944 was 16.4 per million man-hours worked, whereas through August of this year it was 8.25. This is a reduction of 49.7 per cent.

French 'Merci' Gifts Accepted By Gov. Scott

Raleigh, N. C., Nov. 15—(AP)—A trailer containing the exhibit of French "thank you" gifts presented to the people of North Carolina was scheduled to be accepted today by Governor Scott.

The Chief Executive was slated to accept the gift for the state at ceremonies here. The trailer is to be presented by a member of the state-wide committee, headed by Itimous Valentine of Nashville.

Dr. Christopher Crittenden, director of the State Department of Archives and History, declared that "the trailer will make it possible to send these gifts to the people of the state." It will leave on a state-wide tour next week starting in Nash County.

Leading U. S. producers of pumice and pumicite are California, New Mexico, Oregon and Idaho.

Return Door To Historic Tavern

Alexandria, Va., (AP)—Historic Gadsby's Tavern, where George Washington used to spend some of his spare time, is getting its door back.

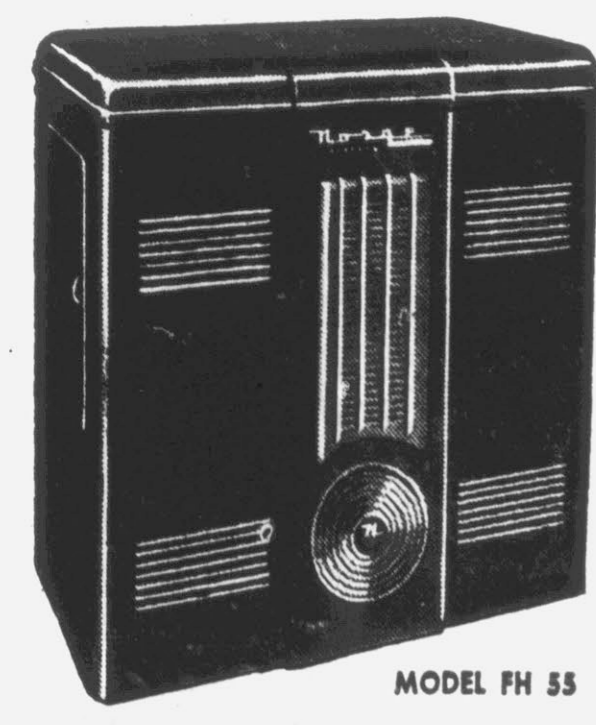

The door was sold 50 years ago to the Metropolitan Museum of Art in New York City and Mrs. Charles Batley Moore have bought it back as a contribution to the campaign to restore the old inn.

Jayvees In 19-12 Win Over Tarboro

Locals Explode For Three TD's In Last Half After Halftime Scoreless Deadlock

Greenville's Jayvee football team exploded with three touchdowns in the last half to break a halftime scoreless deadlock and defeat the Tarboro Juniors 19-12 in Tarboro yesterday afternoon.

Quarterback Eddie Farley passed to score one and set up another touchdown and an intercepted pass gave the local Jayvees their third tally and revenge for a 19-13 loss the Tarboro boys handed them here last week.

The defensive team of Coach Milton Glover's two platoon system held the Tigers to one first down until the last quarter when the losers staged a vain rally to tie the score.

With five minutes to go the Tarboro boys ran a kick back for a touchdown. Later, after Greenville had taken the kickoff, a penalty put the locals back on their one foot line. Farley punted out to the 30.

On the first play from scrimmage the Tigers fired a long pass over the goal for a touchdown. The game ended seconds later.

Greenville scored first in the third period when Farley passed 10 yards to Morgan.

In the fourth period Farley passed to Wincgate down on the one foot line. Morgan bucked over for the touchdown. Quinn made the point.

Later in the same period Greenville Fullback Wooden intercepted a pass on the Tarboro 20 and went across for the third touchdown.

Glover and Assistant Coach George Woods were high in their praise of the performance of the local Jayvees. "It was good team football. The boys worked hard this past week and it paid off," Glover commented.

"They were very alert. We didn't have any mixups at all when we changed teams under our two-platoon system. And that 5-3-2 defense bottled up all of Tarboro's chances to gain ground until we put in our smaller boys in the last quarter," the coach explained.

The Seabright Lawn Tennis and Cricket Club held its first net turn-out in 1884.

Robinson Voted 'Most Valuable'

New York, Nov. 18—(AP)—Jackie Robinson of the Brooklyn Dodgers, batting champion and second base spark of a pennant winner, has been elected most valuable player of 1949 in the National League.

First member of the Negro race to make the grade in modern big league ball, the 30-year-old former UCLA collegian from Cairo, Ga., drew a total of 264 points to 226 for Stan Musial of the St. Louis Cardinals. Robinson said he was "very happy" over his selection.

Twenty-four members of the Baseball Writers Association, three from each city in the circuit, acted as a committee. Each listed 10 players in order of their value and 12 of the 24 put Robinson on it.

Musial, who almost caught Robinson in the final stages of the batting race, drew five firsts. Eno Slaughter of the Cards and two of Robinson's Brooklyn teammates, Pee Wee Reese and Carl Purlito, each received two first place ballots. The other one went to Lefty Ken Heintzelman, the Phillies 17-game winning pitcher. Only Robinson and Musial were on every ballot.

Leon Hart Wins Football Trophy

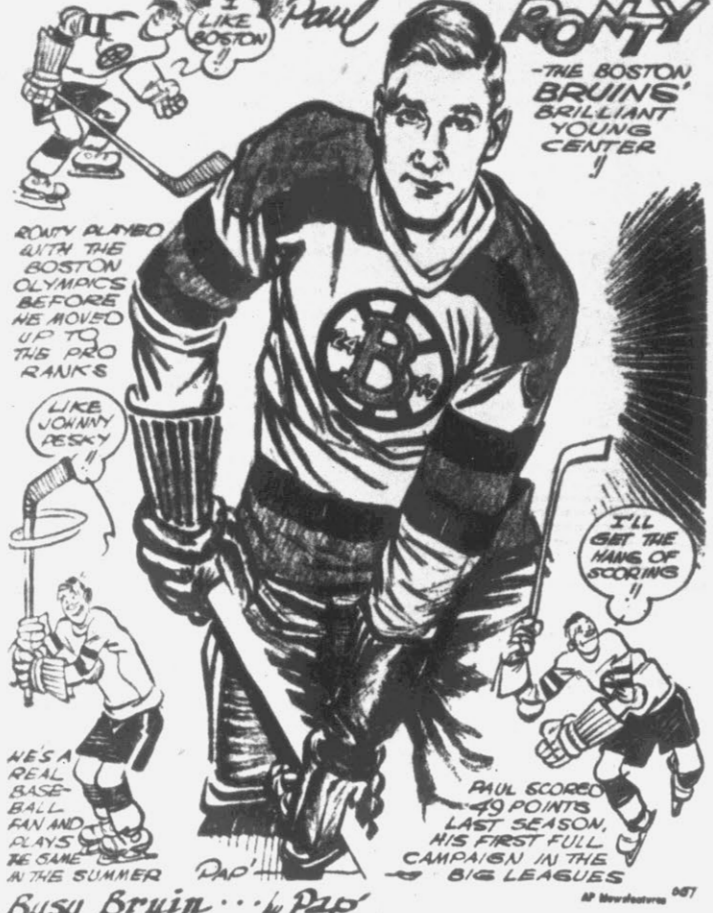

Philadelphia, Nov. 18—(AP)—If the Maxwell Memorial Football Trophy selections are any indication, the lineman in coming into his own.

Leon Joseph Hart, Notre Dame end who was named college player of the year by the Maxwell Club yesterday, is the second consecutive lineman chosen for the honor.

Chuck Bednarik, University of Pennsylvania center now playing with the Philadelphia Eagles in the National Football League, was selected last year. All the previous 11 Maxwell Trophy winners were backs.

Mississippi's football squad went coachless through three early campaigns—1899, 1897 and 1905.

Sport Slants By Pap

Busy Bruin... by Pap
The Boston Bruins have in Paul Ronny, a 21-year-old center, one of the most promising young stars in the National Hockey League. Ronny came into his own as regular last season along about the time when Milt Schmidt and Woody Dumart were beginning to show signs of wear and tear. Centering a line last year with fellow newcomer Johnny Peiron and veteran Kenny Smith, Ronny picked up 20 goals and 29 assists for a total of 49 points. That line is Boston's best, and one of the best in the league.

Ronny came up to Boston two years ago but he was not quite ready for the big time. He was jockeyed between the Bruins and their farm team, the Hershey Bears. In 1946-47, he scored 59 points for Hershey.

Hal Cotton, chief Bruin scout, discovered Ronny in Toronto, and signed him right under the noses of Toronto's Connie Smythe and his scouts. Paul was a skinny six-footer until this season. Lots of ice cream and milk have given him the additional poundage he needed for the rugged play of the National Hockey League. He is of Finnish descent, like Pentti Lund with whom he played in the Boston chain. He is a great baseball fan and plays the game in Canada during the summer off-season.

Pirates End Grid Season As Hoopsters Make Debut

East Carolina's Pirate football team will close its season in Wilson Saturday night even as Coach Howard Porter's Buccaneer basketball team makes its debut against Wilson Teachers College in Washington, D. C.

While Coach Porter rounded his 1949-50 squad of cage candidates in shape for their opener, Coach Bill Dole sent his football charges through heavy workouts in preparation for their game with Atlantic Christian College and the fight for the Bohunk Bucket.

The Pirates, playing the role of favorites for the first time in two years, will be gunning for their first conference win of the year. Winless ACC was installed as a one point underdog after East Carolina tied High Point last week.

The Buccaneers, besides trying to keep possession of the coveted Bohunk Trophy, will be seeking revenge for the 6-0 loss handed them by Atlantic Christian last year in a game played on a sea of mud in Greenville.

Injuries plagued the Bucs on the eve of the contest. Paul Tretman, who has done all the kicking off for the Pirates this year, is out with an arm injury. Keith Kilpatrick and Eddie Tanner, both linemen, will also be hampered by injuries. Extra point specialist Jim Danks has been nursing a leg injury since the High Point game.

But as the Pirates draw the curtain on their gridiron season, Coach Porter will be unveiling his basketball wares in Washington.

Three of last year's lettermen will be missing. They include All-Conference Charlie Bill Moye, Ben Harrison and Bob Shuford. Returning are big Jack Everton, Lou Collier, Fitz Fennell, Len Bauer, Phil Brown and Jim Blake, all of whom played good ball with the Bucs last season.

An array of newcomers who made big names for themselves in high school circles last year will get their first taste of college cage competition with the Pirates.

The Bucs boast possession of Warren (Sonny) Russell, the six-foot-three lad who won recognition while playing for New Bern High School last year. Richard Blake of Camp Lejeune, who made All-State in Class B competition last year; John Postas, six-foot, six-inch Franklin (N.J.) center; Ray Everett, a relatively small but promising lad from Baltimore; Vincent Jones, Kinston High School, and Ray Guthrie from South Carolina.

The Epbes High School Bulldogs held their final workout yesterday as the team prepared to add the Yellow Jackets of Washington to their string of defeated teams this season. The kickoff will be made promptly at 8:00 o'clock.

Thus far in the season the Bulldogs have won three games, lost three and tied one. Therefore, they go into tonight's game needing this victory to place them in the coveted first division.

The Yellow Jackets have announced that they are bringing with them several bus loads of supporters to fill up their rooting section. The Bulldogs, therefore, will need the support of all Greenville in this, their last scheduled game of the 1949 season.

Coaches Crowder and Daniels have taken their boys through vigorous defensive and offensive training and are now certain that they can bring home the bacon.

Capacity Crowd To Turn Out For UNC-Duke Game

A capacity crowd of 57,500 fans will watch two of the top rivals in the Southern Conference—Duke and North Carolina—clash tomorrow at Durham.

If Duke wins or gains a tie, Maryland's idle old line will win the conference championship.

The game is the thirty-sixth between the two arch-rivals. Barring a tie, the winner will take the lead in the long series which began in 1886. Each team has won 16 with three ending in a deadlock.

Neither club will be certain of its offensive backfield punch until game time. All-America Charlie Justice, of North Carolina, is a questionable starter. The Blue Devils won't be certain of the condition of either fullback Jack Mounie or wingback Jack Friedlund until shortly before the kickoff.

With or without Justice, Carolina will offer a highly effective passing attack, sparked by the receiving of end Art Weiner. If and when Justice is in the game, Weiner's pitching partner will be fullback Billy Hayes or tailback Dick Bunting.

The only other conference game sends Clemson to Furman. It will have no bearing on the league championship.

Freezing Blast Felt By South

The southern states got a blast of freezing weather from the Midwest today.

Temperatures dipped to below the 32 degree mark over many spots in Dixie, with the lowest readings in the rural areas. The cool air spread over Mississippi, Arkansas, Tennessee, Alabama, Georgia and the Carolinas. It touched some parts of northern Florida. The mercury hit 38 at Tallahassee.

Eleven Phantoms To Play Last Time For GHS In Game Tonight

Eleven football players will don the green and white of Greenville high school probably for the last time tonight when the Phantoms play host to their traditional rival, the Washington Pam Pack, in the last game of the season.

Leading the host of Greenville seniors who will be in uniform for the last time will be All-Conference backfield candidate Jimmy Cox, the triple threat halfback who has earned a letter with the Phantoms for the past four years.

An investigation of the roster shows the following boys listed as seniors: Julian Vainright, Jimmy Brady, Wallace Conway, Jack Nelson, Billy Tighman, Bobby Flye, Paul Conway, Walter Perry, Walter Coor, and Harvie Bradshaw.

As in most conference games this season the Phantoms will enter tonight's Northeastern conference scrap as an underdog. Statistics give the Pam Pack a one to two touchdown edge over the Phantoms. The locals will be closing their season against one of the most defensively powerful teams in the Northeastern loop. Washington's defense held Kingston to three touchdowns last week, giving the conference winning Red Devils their tightest family fight of the year.

A win for Greenville would give them a conference record of two wins, three losses and a tie. It would put them in fourth place in the circuit. Should Washington lose, it would drop them to fifth place.

Bears Favored To Top Stanford

Palo Alto, Calif., Nov. 18—(AP)—Football oddsmakers must have very short memories. California is favored by seven points (at even money) or 3-5 to larrip Stanford's Indians or 3-5 to larrip Stanford's Indians in tomorrow's Rose Bowl crucial.

Cal's Bears of 1947 and 1948 were favored by top-heavy margins over weaker Indian teams—but won only after getting the scare of their lives. Stanford matched the Bears touchdown for touchdown. Only Jim Cullom's toe saved Pappy Waldorf's lads—by 7-6 last year; by 21-18 two years ago.

Squeeze Box Is Part Of Deal

Boston, Nov. 18—(AP)—If you want me you'll have to take my accordion, too.

That, in effect, was Tony Lavelli's proposition to the Boston Celtics of the National Basketball Association.

So—the Celtics took the former Yale star and the squeeze box. Tony plans to play it between halves of games.

Tony explained that he has been playing at night clubs and theaters in the east and wants to "keep in trim."

Ohio State And Michigan Meet In Big Showdown

Ann Arbor, Mich., Nov. 18—(AP)—Ohio State and Michigan match strikingly similar 21-uses here tomorrow in a big ten football showdown.

The Buckeyes will throw a single wing offense against Michigan's duplicate with the big ten title and a possible Rose Bowl assignment in the balance.

A sell-out crowd of 97,239 will be on hand to see which team has the players to make the plays work.

With the return of halfback Leo Koeski after a month's idleness because of four cracked ribs, Michigan has an extra-sharp weapon at the wingback spot. The same is true at left half, where Chuck Ortmann passes and runs, and fullback with plunging Don Duffer.

Bus Led By Man With A Lantern

Lebanon, Ore., Nov. 18—(AP)—It was so foggy here last night that the bus company hired a man to walk ahead of the bus and tell the driver which way to go.

It was the second night Ray Johnson, bus company owner, decided his bus wouldn't be safe without a foot guide. Wednesday night the bus averaged seven blocks a half hour. Taxis quit running.

Grass Fire Results In Damage To House

Greenville firemen were called to 1415 Broad Street yesterday afternoon about 2 o'clock when a grass fire in the yard of M. E. Cherry set fire to an oil drum which was located next to the house.

The tank set fire to the side of the building, doing moderate damage.

Chapter 30
How Kelly stopped and looked anxiously at Arieta. "Wouldn't you like something stronger than coffee, Chips?" he asked. "I'm going to really hand it to you."
The dark head shook a negative. "He took it standing, didn't he? He let Ace Lane kill him."
"It wasn't Ace, Chips; it was his wife, Allene's mother, Floss Dubois, a sharp-shooting girl he'd picked up at a carnival he was working. Ace wasn't a gunman. I think the confession we're going to get from her—"
Arieta lifted her head. That look she'd seen on the woman's face. Not hatred, but fear, cold, frozen fear. And because she could think of no reason Mrs. Lane should fear her, she had not recognized it.
"I've used that 'double murder' in a dozen different stories." How confessed; "couldn't quite figure the timing. Now I understand. Ace went out, unarmed. He didn't know his wife was following with her rifle. 'I believe,' said Kelly, "that she shot your father from behind Ace. That then she went over to your father, perhaps telling the stunned Ace she'd make it look like suicide, that she'd use the rifle he carried, shoot it and let the coroner con-"

Mrs. Cotsen would say.
"Cotsen! How," she even forgot the ridiculous words he'd been saying. "where did she fit into this?"
"Where do most blab-mouthed women fit in?" he asked. "She was the go-between. . . . Here comes Caro."
It wasn't just Caro who arrived but a dozen of her girl friends and a dozen of How's men friends and

Trying To Write Alcoa Contract

Pittsburgh, Nov. 17—(AP)—Leaders of the CIO United Steelworkers and officials of Aluminum Company of America gathered today to work out a contract for 16,000 to 20,000 employees.

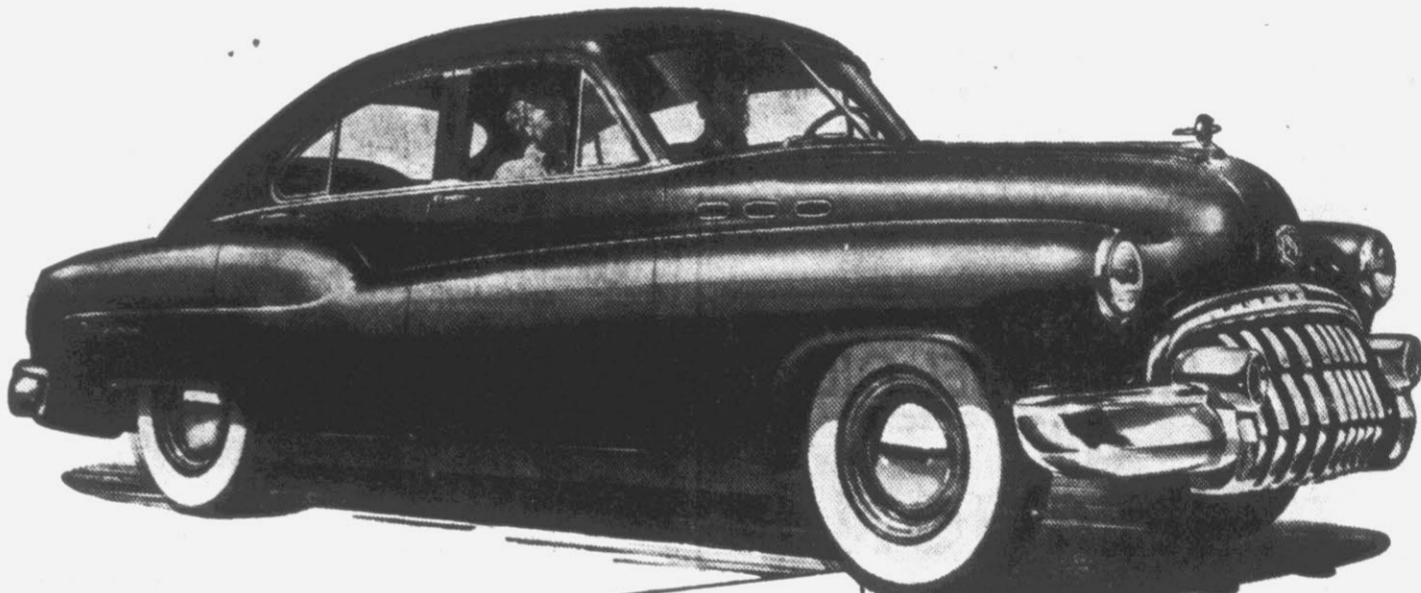

The workers in nine plants in nine states struck October 17 in support of pension and insurance demands. About 300,000 square feet of glass is being installed in the permanent Secretariat building of the United Nations in New York, making it the greatest proportionate user of glass in the world.

LET US DEMONSTRATE

What's YOUR price tag on happiness?

The comfort that's found in all-coil springs, a husky, steady-traveling understructure, cushions that are deep and soft and wide enough to let you spread yourself a bit.

Even that extra swelling of the chest that comes from owning a car you know everyone respects and admires.

In a word — your happiness. It's never out of our mind in planning this car — nor in making very sure each dollar of cost gives you the greatest possible benefit.

That's why we rather proudly ask you to go see — and try — this Buick SPECIAL. It's priced like a six, in spite of the fact that like all Buicks, it's a big-powered Fireball valve-in-head straight-eight.

And we honestly believe that it puts a lower price tag on your motoring happiness than any other car you can buy today! See your Buick dealer and find out about that.

JUST what do you see in this handsome, tidy-sized Buick SPECIAL pictured here?

They're all there, every one of those things. And for a good reason that may go a bit beyond the usual idea in designing an automobile.

The smartest bit of automobile styling on the road today? The standout beauty of tapering fenders — the sturdy protection of a wholly new front-end design?

For, a long while ago, we graduated from the idea that a motorcar is merely a means of getting about.

The prestige that's in the Buick name — the solid, road-wise steadiness Buick has always stood for?

The way you travel is pretty important too. The lift that's yours in knowing there's no prettier picture anywhere on the highways. The "kick" there is in a power plant that's lively and eager and always ready to get in on the fun.

Your chance to get in on the perfect smoothness of Dynaflo Drive* — this being the lowest-priced car on which that sensational new transmission is available?

*Optional at extra cost.

When better automobiles are built BUICK will build them

Damage Hearings To Be Held By State Official

R. W. Price, deputy commissioner of the state industrial commission, was in Greenville today to hold hearings in which individuals of this area are seeking damages allegedly caused by property of the state.

John Corey, a laborer for the town of Ayden, was seeking damages from the state on grounds that he suffered a broken leg on May 13 when

a ditch in which he was working caved in.

Collis Lewis Jr. is seeking damages from the board of education for the loss of two fingers which allegedly were cut off while he was operating a saw in the manual arts shop at Bethel high school.

P. W. Majette is seeking \$21 damages for the loss of a cart which was allegedly destroyed when it collided with a state school bus.

Compromise

(Continued from page one) the balance of power. And the middle class will know exactly what it is

One crew member was killed in this derailment of a freight train on the Florida East Coast Railroad at Jacksonville, Fla. The huge locomotive and several cars are strewn along the tracks. The cause of the wreck was not determined immediately. (AP Wirephoto).

young for it if it votes "yes" it will ensure a continuation of the sweeping Socialist program. If it rebuffs the Socialists and returns the conservatives, it will mean in the language of Churchill himself:

"Should we be returned to power one of our first steps will be to expunge this wanton wasteful and partisan measure from the statute books. We shall allow the steel industry to continue its splendid careers without being dragged into party politics by a fantastic, obsolete discredited Socialist doctrine."

Winter Weather

Winter weather continues to prevail here. The highest temperature yesterday was 56 degrees. Lowest last night was 33. At 8 a.m. today it was 37.

Highest temperature in the Greenville area a year ago yesterday was 67 degrees. Highest a year ago today—70 degrees.

Heavy white clouds were drifting overhead today from the northwest.

the chiropractic treatment. He also reported on the vast amount of research being carried out by the Chiropractic Research Foundation and Chiropractic hospitals on this disease.

Dr. C. F. Keuzenkamp talked on one of his hobbies, stamp collecting, and with the great amount of knowledge and travel, this subject was very well received.

Members present at the meeting were Dr. Wm. I. Gauze, New Bern; Dr. George Byba, Edenton; Dr. W. A. Kaffer and Dr. W. King of Kinston; Drs. Burgess, Maynard, and Oakley of Wilson; Dr. G. C. Bryant, Richsquare; Dr. R. F. Anglehardt, Washington.

The Ladies Auxiliary held a short business meeting also.

Plans for the next meeting were made to be held at Wilson.

This of course means that Socialism will be on trial for its life in England.

Probably that's as should be. After almost five years of experiment with a new ideology the country is entitled to express an official opinion before Nationalization has gone so far as to have utterly disrupted the old system of private initiative.

At present writing some British experts figure the election will be very close.

Eastern District Of Chiropractic Group Meets In Williamston

The Eastern District of the North Carolina Chiropractic Association held its quarterly educational meeting at Williamston, N. C., at the office of Dr. George Horner, Dr. Geo. Harvey, who is associated with Dr. C. F. Keuzenkamp gave an inspiring talk on Diabetes Mellitus as well as

Sees Progress In Accident Rate

Gastonia, N. C., Nov. 18—(AP)—A manpower conservation conference was held last night at North Carolina is making considerable progress in reducing accidents on the industrial front.

The speaker was State Labor Commissioner Forest H. Shuford. He spoke before a meeting of about 40 industrial safety engineers and safety inspectors of the North Carolina Department of Labor.

Reliance On . . .

(Continued from page one) not in that case hesitate to use T-H and all the laws on the books.

But aside from T-H, what laws—specifically—give the President power to stop a strike? The President didn't clarify his statement yesterday any more than he did his statement of Feb. 3.

It was to the T-H act that Mr. Truman turned when the chips were down before. He used the act several times in 1948 to stop strikes. One of them involved Lewis Coal miners, the others concerned Maritime and atomic workers.

COLORED NEWS

Death of Dock Albritton
Dock Albritton, died at 9:45 p. m. Tuesday after a brief illness at his home, 618 Mead Place, Durham, N. C.

Funeral services will be held Saturday at 3 p. m. at English Chapel church, near Greenville, with the pastor, Rev. Samuel Hemby, officiating. Burial will follow in the King cemetery nearby.

Surviving are his wife, Mrs. Mary Albritton of Durham; his father, John Albritton; one sister, Mrs. Rosa King, of Greenville; three nieces, Mrs. Emma Harris of Durham, Mrs. Alberta Tyson and Miss Hattie King of Greenville.

N. Y. Cotton

New York, Nov. 18—(AP)—Cotton futures opened unchanged to 20 cents a bale higher today.

Noon prices were 5 to 30 cents a bale higher than the previous close. Dec. 29.78, March 29.77 and May 29.73.

Hog Market

Raleigh, Nov. 18—(AP)—(NCDA)—Hogs weaker; tops of \$15.25 at Tarboro, Kinston, Rocky Mount; \$15.00 at Greenville, Wilson, Goldsboro, and Washington; Richmond slightly weaker at \$16.00.

Poultry and Eggs

Raleigh, Nov. 18—(AP)—(NCDA)—Fryers and broilers about steady, at mostly 29, few 28; eggs steady, A large 54.

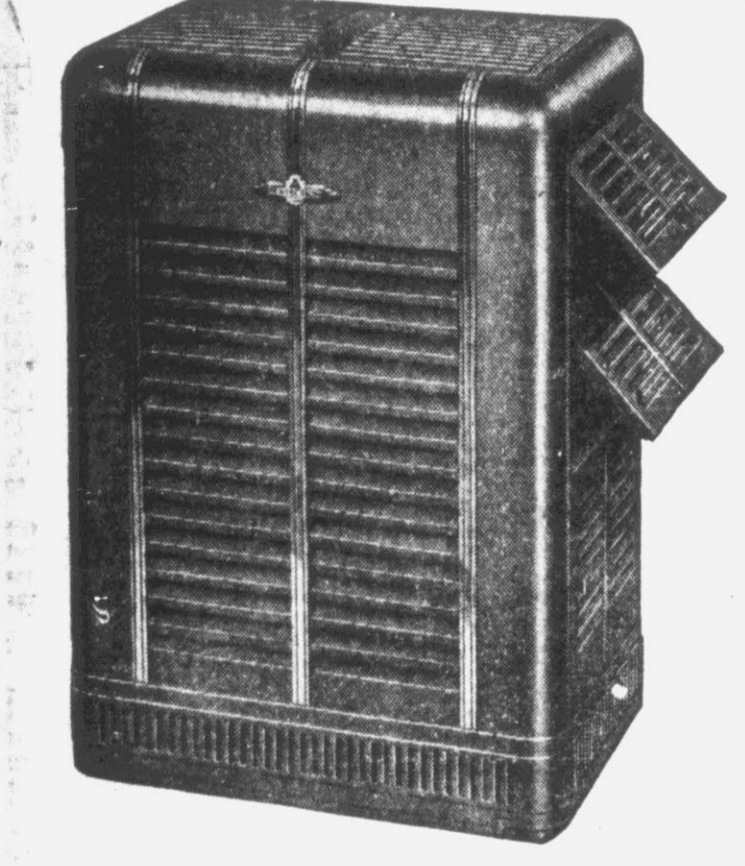

N. Y. Stock Market

New York, Nov. 18—(AP)—Automobile stocks took the play in today's market for the third day running. Gains of fractions to around a point—in a few cases as much as 3 points—were liberally scattered through the list.
