

Further Secret Atomic Weapons Tests Scheduled

AEC And Defense Dept. Announce Eniwetok Site, But Time Is Kept Secret

Washington, Nov. 30 (AP)—Some more and probably even more deadly atomic weapons are going to be exploded by the United States in a secret test. It will be with a meaning for Russia and the rest of an a-bomb consoling world.

A joint announcement by the Atomic Energy Commission and Defense Department last night gave the place—the mid-Pacific proving ground in Eniwetok atoll—but kept secret the time. It said only that tests are "planned."

There was an obvious reason for concealing the month, week or days on which the tests will be made: to foil any attempt by Russian submarines or airplanes to steal close enough to the atoll to make some technically useful observations.

Russia now has produced her own atomic explosion. Scientists here believe that Soviet bombs are far behind the new and vastly more powerful designs developed by the United States.

Apparently no foreign visitors, friendly or unfriendly, are wanted at Eniwetok for the forthcoming tests.

The announcement said "Full security restrictions as required by the atomic energy act apply to all aspects of test preparations, including the time of the tests." This was interpreted in some quarters to mean that the rigid provisions of the atomic law prohibiting transmission of secret data to any foreign power, would mean that Britain and Canada wouldn't be invited to send observers. This policy would be in line with the previous Eniwetok test of three weapons in April and May of 1948, when none but American military men and scientists of the commission was present.

Up to now the United States has exploded eight atomic weapons. Two of them were dropped in warfare on the Japanese city of Hiroshima and Nagasaki. The others exploded in the initial pre-attack test at Alamogordo, N.M. in the 1945 tests at Bikini and at Eniwetok.

Although thousands of persons have worked on the tests—40,000 at Bikini, 10,000 at Eniwetok—the only people ever hurt or killed were the intended victims, the Japanese of the two cities. Nor have there been any injuries as the result of test explosions.

All FBI Agents On Case Ordered Attend Hearing

New York, Nov. 30 (AP)—Federal Judge S. Chester J. Ryan today ordered all FBI agents who investigated the Caplan-Gubitchev spy conspiracy case to appear Monday at a hearing to determine whether illegal wire-tapping was used.

The order also told the government to show cause on Monday why all evidence obtained through wire-tapping should not be suppressed and why any indictment obtained by these methods against ex-government girl Judith Coplon should not be dismissed.

The orders were obtained by Attorney Archibald Palmer in a continuing fight to keep Miss Coplon from going on trial with her accused co-conspirator, Soviet Engineer Valentin A. Gubitchev.

Lenoir, N. C. Nov. 30 (AP)—Fifty children of the Colletsville consolidated school escaped injury today when their school bus and an automobile collided.

Not A Regulated War

It's Like Putting Cart Before A Horse To Argue About Use Of Atom Bomb In War; Ordinary Weapons Do Great Damage; Peace Organization Real Goal

By DEWITT MacKENZIE

The Anglican Archbishop of York (England), Dr. Cyril F. Garbett, proposes that America and Britain take the lead in calling on the nations of the world to pledge immediate and collective vengeance against any country using the atomic bomb.

That atomic idea is one which the harassed United Nations has been struggling with ineffectually for a long time. Whether the United States and Britain would have any better luck is open to large question, but it probably wouldn't do any harm for them to try fresh tactics.

Even more challenging is Dr. Garbett's idea that the Western democracies should agree to never use the atomic bomb unless it has been used against them first. This seems to put the peace-minded democracies on a nasty spot—like the duelist who holds his fire until after his opponent has taken a pot shot at him. It is heroic but it's carrying sportsmanship rather far.

Anyway, it strikes me that the place to start with lies in the outlawing of war altogether, which is the objective of the United Nations. I could be terribly wrong, but

Report Chungking Captured By Reds

Chiang Arrives At New Sit Of Nationalist Capital; Said Ready To Resume Presidency In Two Or Three Days

Hong Kong, Nov. 30 (AP)—Communist forces moved in on Chungking today and reliable reports from Taipei, Formosa, Generalissimo Chiang Kai-shek's headquarters, said the city fell at noon.

Chiang arrived in Chengtu, new Nationalist capital, shortly before noon. He had been leading the defense of Chungking and trying to get Acting President Li Tsung-jen to return to China from this British colony.

A dispatch from Chungking to a Chinese newspaper here said 20,000 Red troops crossed the Yangtze at 1 a. m. Tuesday, local time, and entered the outskirts of the third Nationalist capital brought under Communist guns this year. A second Red force occupied Kiangshien, three miles west of Chungking across the confluence of the Yangtze and Kialing Rivers.

Nationalist navy headquarters said planes and warships had been pounding Red troops and shipping concentrations south of Shanghai for three days. The air-sea attack is an effort to forestall an expected invasion of the Chusan Islands, off Hangchow. The planes, the navy said, attacked by day and destroyers

swept the Communist areas at night. These developments came as growing dissatisfaction with the Reds was reported in North China where the Communists have ruled for a year.

In Taipei, Formosa, island headquarters of the Nationalists, concern was expressed for the armies of Gen. Soong Hsi-len. Soong's troops supposedly are defending the Szechwan-Hunan border but they have not been heard from in 48 hours.

These troops, Taipei headquarters said, bore the brunt of Red Gen. Liu Po-cheng's drive on Chungking. Four divisions of Chiang Kai-shek's best troops reportedly were airlifted from northern Szechwan for the defense of Chungking.

Chiang reportedly still was in Chungking leading its defense when Taipei communications with the city were cut at 10 p. m. Tuesday, Chungking time. It was said authoritatively in Taipei that Chiang would be forced to resume the presidency in two or three days.

Acting President Li Tsung-jen, who has obtained a passport to visit the United States, still was in Hong Kong, a British colony off the coast of South China.

Lightning Bolts Hit 3 Buildings In Area

One Farm Building Destroyed With \$2,000 Loss; Two Homes In City Damaged In Yesterday's Freak Thunderstorm

Three buildings were struck by bolts of lightning during the freak thunderstorms which hit this area yesterday, with one building being completely destroyed with a large loss, and two others suffering minor damage.

A bolt of lightning, during last night's storm, set fire to a combination stable and corn barn on the farm of J. R. Walters, near Belvoir, about 8:30, destroying the barn and contents.

Fifty barrels of corn and some farm machinery were destroyed by the blaze. The loss was estimated to be about \$2,000, reportedly partially covered by insurance.

The Greenville Fire Department was called to the scene but could not stop the fire as it had gained such a headway by the time the truck reached the scene.

Lightning struck the home of Wiley Vines, colored, 502 Albemarle Ave. around eleven o'clock yesterday morning during the electrical storm. The bedroom of the house was considerably damaged by the fire which resulted when bed covering was set ablaze by a bolt of lightning. The bolt burned out some of the electrical wiring in the house.

The home of J. R. Tripp suffered slight damage when a bolt hit his house. Plastering in the bedroom and kitchen was damaged and the entire wiring system was destroyed.

ABC Chairman Returns To N.C.

Raleigh, N.C., Nov. 30 (AP)—State ABC Chairman R. W. Winston has returned from his conference with the Illinois liquor commission at Chicago.

Winston, who got back to Raleigh last night, made the mid-western trip in an attempt to get the commission to stop the flow of Illinois liquor to Tar Heel bootleggers.

Torch Songs By Operatic Singer

Nashville, Tenn., Nov. 30 (AP)—Mona Bradford, beautiful operatic singer, makes her debut as a night club warbler tonight.

The raven-haired songstress, stranded here when her tour as the star of "Carmen" was cancelled due to financial troubles, says she'll sing torch songs and tunes from Broadway musicals.

She agreed to a week's engagement at a local night club to earn fare back to New York.

Electrical Union Demands Fourth Round Pay Boost

New CIO Organization Seeks Pay Increase, Pensions, Social Insurance

Philadelphia, Nov. 30 (AP)—The economic aims of the CIO's new electrical workers union are on the record today—a fourth round wage boost ranging from nine to 25 cents an hour, pensions and social insurance.

Delegates to the founding convention of the International Union of Electrical, Radio and Machine Workers (IUE) voted for that program yesterday after being told not to worry about court injunctions and to proceed with expansion of the union.

James B. Carey, secretary-treasurer of the CIO and acting head of the IUE, advised the delegates to go ahead with their plans for building up the union despite any court actions brought by the rival United Electrical Workers (UE).

The UE has gone to the courts in a number of instances in an effort to tie up the funds of various locals and otherwise prevent them from shifting to the new organization.

The IUE was organized early this month after the CIO had ousted the UE on grounds it was Communist dominated.

The wage resolution adopted yesterday declared "we want adjustments to bring the wage status of workers in our industry up to that of steel, auto, aircraft."

The resolution listed the average hourly wage in the electrical industry as \$1.448 compared with \$1.708 in autos, \$1.652 in steel and \$1.54 in aircraft production.

The pension to be sought would pay \$100 a month minimum, including social security to workers 65 years of age with 25 years experience. Except for the social security contributions by workers, the cost would be born by management.

This pension plan closely resembles that agreed upon by the Bethlehem Steel Corporation and the United Steel Workers in their strike-ending pact.

Holiday Hobbies Taken Up By Truman Family

Key West, Fla., Nov. 30 (AP)—The Trumans gave their favorite hobbies full play today at this submarine station retreat.

The President went in for long walks, paddling about in the waters of the Gulf, horseshoe pitching and, so the grapevine had it, an occasional bit of poker.

Those being the hobbies of the President, they have, reasonably enough, become the hobbies of virtually his entire staff.

Singing daughter Margaret went around taking pictures, being camera fan enough to own four, including a fancy new gadget which takes and develops pictures simultaneously. She turned to color photograph today.

Says Liberalism Is South's Hope

Chapel Hill, Nov. 30 (AP)—Rep. Hugo S. Simpson (D-SC) says the way to gain human rights is to give people economic freedom, not through civil rights legislation.

The Representative from Orangeburg, youngest member of Congress at 28, added "I believe the future of the South depends on liberalism. We must not let others jockey the South until it seems we are against human rights."

Former Vice-Premier Of Bulgaria Labeled Traitor

Sofia, Bulgaria, Nov. 30 (AP)—Former Communist Vice Premier Traicho Kostov and 10 others were indicted today by Bulgaria's Communist-dominated government on charges of treason, spying and economic sabotage.

They were accused of having worked with Yugoslav agents and American and British intelligence services.

The government published a 20,000-word indictment which said that "with the knowledge and agreement of the English intelligence service, Kostov got in secret criminal relations with Yugoslav leaders."

The indictment said Kostov intended to attempt to deprive Bulgaria of her national sovereignty territorial integrity and independence by her annexation to Yugoslavia, and first of all by tearing away the Pirin (Macedonia) region in favor of Yugoslav Macedonia.

Kostov, the indictment said "got in criminal touch with Col. William S. Bailey, following whose instructions and advice he later on carried on his hostile work against the Bulgarian state."

The indictment also said Kostov was in touch with the American minister to Bulgaria, Donald R. Heath, with regard to moves concerning Yugoslavia.

Study Plane Wreckage For Cause Of Accident

Dallas, Nov. 30 (AP)—Investigators studied bits of wreckage and survivors' statements today in an effort to piece together all details of an American Airlines plane crash in which 28 died.

Eighteen other persons were injured in the pre-dawn accident yesterday.

The 60-passenger plane, bound from New York to Mexico City, slammed into two buildings and exploded in flames on the edge of the Love Field airport. One engine was afire and another was falling before the plane struck. It veered sharply to the left before crashing. Many of the dead and injured were prominent Mexicans. The

Grand Jury's Report Clears Head Of Pitt Prison Camp

Members of the Pitt County Grand Jury serving at the special term of Superior Court, in their report to Judge John B. Burney today, cleared Prison Camp Superintendent Paul Crawford of charges that he had assaulted a prisoner, and also reported conditions at the county home.

The report signed by A. T. Bilbro grand jury foreman was as follows:

1. That we have passed on all bills presented to us.

2. We visited the county home in a body and found the conditions greatly improved, such as necessary new electrical wiring and switches plumbing repairs, and ample food

supplies in pantry and locker. It is our understanding that further improvements will be made.

3. As ordered by the Court, upon the request of prison camp Superintendent, Paul Crawford, we investigated the alleged assault upon prisoner, Paul Hallman, on or about July 25, 1949, by Capt. Crawford at Pitt County Prison camp, and find the charges not supported by sufficient evidence.

Rather, we conclude, in our best considered judgment, weighing the evidence as we find it, that Paul Hallman injured his hand in a fight he provoked with prisoner Billy

Jones, the night prior to the alleged assault. We further conclude that the administration of Capt. Crawford has been, by and large, reasonable and successful. The above conclusions were reached after interview sixteen prisoners, five of whom were selected at random from the cell block by members of the Grand Jury, as well as other witnesses.

We wish to express our appreciation to Judge John B. Burney, Solicitor W. J. Bundy and all city, State and County officers for their cooperation and assistance during this term of court.

Pitt 4-H Youth Is Nat'l Winner

Wesley Manning Wins Scholarship At Chicago Meet

Wesley Manning, outstanding Pitt County 4-H club member, has been declared one of the National winners in Farm Safety.

The honor came with it a \$300 college scholarship.

The Belvoir high school student was announced as one of the eight National winners in Chicago this week where he is attending a National 4-H convention as a result of taking top honors in the State Farm Safety project.

Miss Mary Sue Moser, assistant State Club leader, in a letter to Pitt 4-H leaders, declared this week: "I am sure that you will receive this news with as much thrill as we did. You are to be congratulated for having a State winner and doubly congratulated for having produced a National winner."

Manning became the first Pitt county 4-H'er ever to capture a National award. Local 4-H'ers were high in their praise of the accomplishments of the youth who put Pitt 4-H work in the National picture.

Manning, besides being active in 4-H work in which he carries a number of projects in addition to his Farm Safety program, is outstanding at Belvoir high school as a baseball and basketball player, a boxer and swimmer, and a voice and piano student.

Map Opposition To Truman Plans

GOP Attack On 'Hand-Outs' Of Welfare State Planned

Washington, Nov. 30 (AP)—An attack on President Truman's welfare program seemed likely today to become the choral chant of any Republican policy statement aimed at the 1950 campaign.

Serious doubts exist here that the minority party can agree (1) on whether it ought to write a new platform for the congressional campaign and (2) what any such declaration should contain.

While he said he himself is assailed by these doubts, Senator Smith (R-NJ) told a reporter he thinks the one thing most Republicans can agree upon is opposition to those Truman proposals which the GOP claims would amass more government authority in Washington and provide "hand-outs" for the people at excessive cost.

"I think most of us are opposed to what is called the welfare state, where the people lose the initiative and the government takes over the direction of everyone's life," the New Jersey senator said.

Smith, a former member of the GOP National Committee, said he thinks National Chairman Guy G. Gabrielson has handed Republicans one of their toughest problems in asking them to decide whether there should be a policy statement and, if so, what it should contain.

Gabrielson wrote Republican governors, state and county chairmen and national committeemen yesterday asking for grass roots expression of views that could be laid before a committee he will name to study the platform question.

Smith said he could see a lot of practical difficulties ahead in attempting to compromise the viewpoints of Republicans who are split widely over many domestic and foreign issues.

Does Not Favor Guarantee For Farming Profit

Columbus, O., Nov. 30 (AP)—The American Farm Bureau Federation does not want government to guarantee farmers a profit, Alan B. Kline, Federation president, declared last night.

"Government guarantees of profitable farm prices lead to stabilized mediocrity in agriculture," Kline addressed the 31st annual meeting of the Ohio Farm Bureau Federation.

Declaring the Federation does not want government guarantee of profits to farmers, Kline continued: "If the government guarantees supports at profitable levels, it must then distribute the right to produce on an equitable basis. This would mean among the inefficient and the efficient alike."

Court Upholds Death Sentence

Raleigh, Nov. 30 (AP)—The State Supreme Court today upheld the death sentence of John Robert (Jack) Briggs who was accused of one of Wake county's most brutal murders.

The court found "no error" in Briggs' conviction on a charge of murdering Weston Norris Privette here last February.

Privette's body was found in a grave behind his home near here. His head had been beaten with a rifle butt and he had been buried alive, an autopsy revealed.

But in September, 1949, personal income was \$211 billion, or almost three times greater than in 1939.

Did that mean that Americans—on the average—in 1949 were making three times what they made in 1939? No.

The \$211 billion personal income for 1949 was a total figure. No average was involved.

To begin with, things in 1949 were different from 1939.

In 1939, with 45 1-2 million employed, there were about 9 1-2 million unemployed. In 1949 about 60 million people were employed, with unemployment running about 1 1-2 million.

So the increase in the number of

Changes 'Not Guilty' Plea To One Of Nolo Contendere; Judge Dismisses Fraud Charge Against Secretary

Washington, Nov. 30 (AP)—Rep. J. Parnell Thomas (R-NJ) today withdrew his plea of not guilty to charges of payroll padding, and threw himself on the mercy of the court.

The 54-year-old legislator changed his plea to one of nolo contendere. That means he does not contest the government's charge.

With this startling development, Judge Alexander M. Holtzoff dismissed a charge against Miss Helen Campbell, former secretary to Thomas. She was accused of conspiring with Thomas to defraud the government through padding of the lawmaker's office pay roll.

Holtzoff said that since Miss Campbell seemed to have acted merely as an employee of Thomas, he would dismiss the charges against her.

John R. Fitzpatrick, lawyer for Miss Campbell, had contended at the outset of the trial Monday that every act of Miss Campbell was under "compulsion" from Thomas due to their employer-employee relationship.

Fitzpatrick told the court then that it was true that Miss Campbell had arranged for a niece, Myra Midkiff, and her maid, Arnette Minor, to go on Thomas' pay roll. The government contended that neither ever did any real work; that their salary checks were deposited to Miss Campbell's account in a bank here, and that Miss Campbell in turn transferred funds to Thomas' bank account at Allendale, N.J.

At Own Risk

Washington, Nov. 30 (AP)—Secretary of State Acheson said today American ships enter the Chinese blockade port of Shanghai at their own risk.

He indirectly rebuked the Isbrandtsen Steamship line for having sent its vessels, two of which have been shelled, into area.

Acheson also reported that this government has rejected all requests of the shipping line for American naval convoy.

He said it is not "this government's policy to convoy American shipping through the so-called 'blockade.'"

At a news conference, however, Acheson disclosed that he has sent a strong new note to the Chinese Nationalist government protesting the shelling of the Isbrandtsen Line's Sir John Franklin Monday.

The note possibly lays the basis for a financial claim by the line against the Chinese Nationalist government.

Plot For Murder Starts Divorce

Meadville, Pa., Nov. 30 (AP)—Edward O. Hirschman, 47, wants a divorce from his wife, now serving a prison sentence for plotting to kill him.

Hirschman filed suit for divorce charging indignities yesterday, 18 hours after his wife, Mrs. Theresa Hirschman, 38, was sentenced to an indeterminate term in the Women's Industrial Home at Muncy, Pa.

Mrs. Hirschman was convicted of conspiracy and assault with intent to murder. The commonwealth contended she plotted with her sweet-heart, Clyde Ayers, 34, to kill Hirschman to collect on an insurance policy and obtain title to his \$50,000 farm.

The Government Recently Released Some Figures Showing Personal Income Nearly Triple 1939; Such Factors As Higher Taxes And Cost Of Living Overlooked

By JAMES MARLOW

Washington, Nov. 30 (AP)—When you talk of income, it always comes down to a question like this: What's a dollar worth? How much will it buy? So, even though I'm making more than last year, am I really better off?

A few days ago the government—through the federal reserve board—issued a report on income.

It said that in 1939 personal income—since it was personal income it did not include the profits of corporations—was \$73 billion.

But in September, 1949, personal income was \$211 billion, or almost three times greater than in 1939. Did that mean that Americans—on the average—in 1949 were making three times what they made in 1939? No.

Pitt Goes Over Its Farm Bureau Membership Goal

Final Tabulation Shows 3,561 Members; Big Increase Over Last Year

Pitt County has exceeded its Farm Bureau membership goal of 3,300.

The announcement came last night following a tabulation of written memberships at the Pitt County Agricultural Office. The final tabulation showed 3,561 members.

Last year's total membership was approximately 3,000.

The drive was put over the top with a final burst of enthusiasm, sparked by Drive Chairman Arch J. Flanagan and Farm Bureau President W. A. Allen.

Mrs. Thelma Hardee, Greenville Route 3, spearheaded the Pitt drive with a total of 243 memberships, her credit. G. H. Pittman, Falkland, wrote 163 memberships, which was the highest among the men.

Four of the membership workers will be sent to the National Farm Bureau Convention in Chicago December 10-17. Drawn to attend the convention, partial expenses paid, were Truman W. Haddock, Route 2, Ayden, W. P. Thigpen, Bethel, Miss Etta Lewis, Farmville, and W. W. Young, Bell Arthur.

All the workers writing 10 or more memberships were eligible to go. Chosen last night as winner in the state contest was Mrs. H. B. Randolph, Greenville Route 4.

Farm Bureau President Allen was named as alternate delegate to the state convention and Mrs. Hardee was elected state delegate to the Associated Women of the American Farm Bureau.

At last night's meeting, Chairman Flanagan was highly commended for his efforts in putting the Pitt County drive over the top. Flanagan himself was high in his praise of the leaders who came through with their quotas in the membership campaign.

The drive began two months ago when State Bureau Leader R. Flake Shaw spoke to the local leaders, citing the work of the Farm Bureau and urging the Pitt members to meet their goal.

Coast Guard To Revise Posts Of Weather Ships

Washington, Nov. 30 (AP)—The Coast Guard is about to drop two of its weather-ship stations in the Atlantic and add a third to the two it now maintains in the Pacific.

The weather-ship stations serve a defense purpose along with others. However, weather and safety operations, particularly aid to aviation, were reported as the prime considerations in strengthening the Pacific set-up.

Reductions in the Atlantic were attributed to a new international civil aviation committee agreement under which the U.S. share of Atlantic weather-station maintenance was lowered, that of other countries upped a bit.

## Episcopal Bazaar

December 1st is the date. Now all of come and don't be late. The happy hour will soon be here. Gathering families from far and near.

We must be ready to do our share to give to those for whom we care. For you we have a store of treats. And a couple from heaven you must meet.

Uncle Mistletoe and Aunt Holly. Both of whom are very jolly.

They built their house up in the sky. Surrounded by angels who do not cry.

At Christmas time they bring their things. Down to earth on silver wings; They help old Santa leave gifts around.

In the still of night, not a voice, not a sound. Then when their work is done, they quickly fly. Back to their castle in the sky.

Come to our Episcopal Bazaar, we plead. So we can help with your every need. When entering through the first floor door. You'll look at sweets and ask for more.

Then on to household gifts, you'll see. Handsome things just made for thee.

Upon a line the aprons hang. Styled for cocktail, kitchen, or tea; Waiting for their time to serve. The parties of all three.

The children's clothes are made with care. Every variety that is rare. On to dolls, the delight of all. The childhood days you well recall; Clothes are made for every sort. Tall, medium, and very short.

For those who care for evergreens. Dish gardens, berries and flower scenes; There is a touch of nature's art. Singing a song in every heart.

Then on your way around the room. You will find stuffed animals soon; Christmas toys for girls and boys. Hand-made as you can see. Silent ones and those of noise. For every age they be.

White elephants are fun quite true. Some are old and some are new; Come early and choose the best. Let the stragglers get the rest.

The baby clothes are Oh! so sweet. Pink and blue and white ones too. There will be luncheon served from twelve till two. Come on in we are counting on you; And dinner at night from six to eight. After that hour we close the gate.

**Mrs. Maxwell Dies in Seven Springs**

**Mrs. Winstead Has Atheneum Club For Turkey Dinner**  
Mrs. John Winstead entertained the Atheneum Book club at her home on Greene street Tuesday afternoon at 1 o'clock.

The home throughout was decorated with fall flowers. On arrival the guests were served tomato juice and cream cheese in the form of yellow roses. Mrs. Winstead, assisted by her mother, Mrs. J. L. Fleming, served a delicious two course turkey dinner.

The program for the afternoon was given by Dr. Grady Dixon of Ayden on "Socialized Medicine," which was most interesting and instructive.

Guests for the afternoon were Mrs. J. B. James, Mrs. J. B. Kittrell, Mrs. Helen Hawes and Miss Brogden.

## Dinner Party Honors Miss Bryan

A dinner party was given Miss Frances Bryan, bride-elect, by Miss Lorraine Whitehurst, at the Olde Towne Inn on Friday evening, at 7:00.

An arrangement of white flowers centered the table with white tapers in crystal candelabras at each end.

The hostess presented Miss Bryan with a corsage of white carnations and a gift of silver in her chosen pattern.

**George Perry Gives Club Program**  
The Sans Souci Book club was entertained Tuesday afternoon, November 29 by Mrs. S. T. White at her hospitable home on Seventh street.

Mrs. H. S. Ragsdale, the president, presided over a short business session and after the passing of books Mrs. White introduced Mr. George Perry of the E. C. T. C. department of music who gave the program of the afternoon.

The year 1949 being the 39th anniversary of the death of the Polish composer Chopin, Mr. Perry gave in his memory a program from the compositions of this gifted and famous musician interspersing the numbers with brief remarks as to Chopin's attainments as an artist of the world of music. Saying that melody was Chopin's chief concern that he was a fast writer and a prolific producer, having written twenty-four preludes within a period of seven years. He was a genius and an inventive artist who found new ways of doing things in his profession that were useful and added beauty to music, such as pedaling and a singing tone.

Mr. Perry gave a varied program which included two styles of the polonaise, mazurkas, etudes and preludes and closed with the ever beautiful and majestic "Funeral March." As an interpreter of Chopin, Mr. Perry left nothing to be desired. He played with the skill, beauty and feeling that only a real musician knows.

The club members and visitors were unanimous in their expressions of pleasure and appreciation of this program of lovely music so beautifully rendered.

At the conclusion of the last number the guests were invited into the dining room where Mrs. G. R. W. Hadley and Mrs. J. B. James, assisted by Mesdames J. K. Brown and F. J. Forbes, seated at either end of a beautifully appointed table with cut work cloth, lighted tapers and a centerpiece of red berries and silver foliage served a delectable salad course with coffee. Later cake and candies were passed.

The dining room and entire house were a festive and Christmas air with large vases of red berries and silver leaves placed here and there.

After thanking Mrs. White for such an enjoyable meeting the club adjourned.

### Christmas Lights On Streets To Be Turned On Here Thursday Evening

By CHESTER WALSH  
 Christmas decorations and multi-colored electric lights have been installed on the streets in the business section of Greenville. The lights will be turned on Thursday night, December 1.

The Santa Claus parade, with old Kris Kringle himself, leading the cavalcade, and three brass bands and a kindergarten band, will be held here next Friday, December 2, at 3 p. m.

The Santa Claus parade will mark the beginning of the Christmas shopping season. Stores are displaying Christmas toys and other merchandise, and many of them are attractively decorated.

School bands to participate in the Christmas parade are East Carolina Teachers College, Greenville High and C. M. Epps Negro High school and Mrs. C. D. Smith's kindergarten ten rhythm band.

The parade will form on Ninth street near the railroad. The line of march will be from the Coast Line railroad on Dickinson avenue to the courthouse. Out-of-town judges will select the various winners in the parade.

Everybody is invited to participate in the parade. Trophies and cash prizes will be awarded winners. Children with their pets, and in costume on bicycles and on foot, saddle horses, mule teams, etc., will be in the parade.

Those planning to join the parade should go to the Merchants' Association office, second floor City Hall, and register and obtain their numbers to wear in the parade. No registrations will be accepted after December 1. Executive Secretary Cora S. Powell stated.

### Warehouse Burns

Goldsboro, N.C., Nov. 30—(AP) Fire which followed an explosion destroyed Planter's Tobacco Warehouse here early this morning.

The building, oldest sales tobacco warehouse in Goldsboro, was located on a thickly settled residential street. Firemen saved all adjoining homes, however. They brought the fire under control about 1:20 o'clock.

Damage had not been estimated this morning. Several bales of cotton and some scrap tobacco were burned.

The warehouse was operated by Robert Musgrave the past season.

Portholes in ships were originally the openings through which cannon were fired.

### Many Countries Send Greece Aid

Athens—(AP)—Greek relief isn't strictly an American show. Seven other countries—Canada, Switzerland, Britain, Denmark, Sweden, Norway and Argentina—have been doing a quiet but vital job of helping this strife-torn country get back on its feet.

Maternity clinics from Britain, x-rays mobile units from Canada, shoes and blankets from Switzerland, sanatoriums from Sweden, and millions of dollars worth of food are playing a big role in helping solve one of Europe's toughest problems.

Corps of trained health specialists from Denmark, Sweden and Norway, in a joint Scandinavian aid scheme, are carrying out a gigantic program of examination and immunization. This program will include every Greek child, 600,000 of which already have been examined for childhood sicknesses and tuberculosis.

### Drop Charges On ABC Enforcers

Halifax, N.C., Nov. 30—(AP)—The Halifax County Grand Jury has dropped charges against two ABC officers that they assaulted a Negro with a deadly weapon.

Lee Hill, 29, the Negro, charged the officers beat him after they arrested him at a liquor still Oct. 21. Hill said that because of the beating he confessed the names and whereabouts of his two companions who escaped when the ABC officers closed in.

The grand jury yesterday returned a "not true bill" in the case. The ABC officers involved were E. W. Kilpatrick and S. E. Ewell.

### Drop Charges On ABC Enforcers

Hill and his two companions at the still, who were charged with violating the ABC law, submitted pleas of guilty in recorder's court a week ago and were fined.

### Nearly Half Of Building Plan In Design Stage

Raleigh, Nov. 30—(AP)— Nearly half of the state's \$125,000,000 building program at state institutions has at least reached the design stage.

Assistant Budget Director D. S. Coltrane reported yesterday that \$61,545,495.96 worth of construction under the program has reached the design boards. And of this, \$25,139,621.13 is under construction or has been completed.

Coltrane said bids for these projects were 146 per cent under amounts appropriated by the legislature, showing that the state's general fund will save \$3,649,424.72 on these projects.

He said that if the percentage held up for the entire program, the amount reverting to the general fund would total approximately \$18,000,000.

The American League has won 29 World Series and the National League 17.

### New Zealand Voters Toss Out Labor Party Govm't

Auckland, New Zealand, Nov. 30—(AP)—New Zealand voters in parliamentary elections today tossed out Prime Minister Peter Fraser's Labor government after 14 years in power.

A groundswell of anti-Labor sentiment gave opposition National party candidates a firm lead which political observers said would result in Nationalist control of the 80-member parliament.

The opposition Nationalists had gained eight seats, in early returns—which political observers said definitely indicated a defeat for the Laborite government in power since 1935.

It was predicted by these counts that the Nationals probably would have 46 seats to Labor's 34 in the new parliament.

The Labor party gained power in a landslide election which gave it a majority of 30 in the 80-member house. This lead was cut at subsequent elections.

The Labor party has been led by Fraser since 1940. The National party is headed by Sidney George Holland, the next prime minister if the Nationalists held their gains.

Heavy anti-Labor sentiment was reported from many scattered districts. The main issue has been the Nationalist party's opposition to strict government controls on prices, imports and exports.

Fraser was reelected to parliament but by a majority much less than he received in 1946.

### Italian Reds Call 24-Hour Walkout

Rome, Nov. 30—(AP)—Communist labor leaders called a nation-wide 24-hour general strike today in angry protest against the slaying of two peasants in a clash with Italian police.

The Communist-led General Confederation of Labor (CGIL) ordered the strike to begin at midnight tonight.

The strike call by the CGIL Executive Committee was made despite a stern warning by Interior Minister Mario Scelba that the government "will not accept a general strike" before an investigation is made of the killing of two striking farm hands.

The clash occurred yesterday near Bari, on Italy's Adriatic coast. A government communique said the men were killed when police "involuntarily fired a volley from a submachine gun" at an angry mob.

The CGIL ordered a similar strike Oct. 31 after two landless peasants were killed in a clash with police in Crotona, Calabria, in the south of Italy.

**CHARGE NEGRO WOMAN WITH LARCENY CLOTHING, SHOES**

Police yesterday arrested Leila Slade, 21, colored, on a warrant sworn out by Mrs. Martha K. Parkinson, 613 Dickinson Avenue, charging her with the larceny of clothing from her home. The case will be tried in Police Court Friday morning.

## Strength FOR THE DAY

### CONCERNING DEVALUATION

The ancient Roman denarius, a coin of rather low value, experienced very much the same depreciation that the British pound is now experiencing, but for a different reason. The denarius was depreciated by increasing the alloy, by decreasing the gold, and by clipping. What had once been a quite respectable piece of money became at last a despised outcast. Alloy is necessary in the manufacture of anything in the precious metal. The alloy is necessary in order to hold the precious metal together. But too much alloy means a thing so devalued as to lose all distinction. Whether it be the devalued coin or a life filled with too much alloy, the same process always takes place. We need something in our lives which corresponds to alloy — something to hold life together, and this we get in such things as physical comfort, pleasure and recreation. These are all good in themselves and necessary, but when they become an end in life instead of a means, life becomes very greatly depreciated in value.

And as for clipping, many of our habits and attitudes gradually wear away the valuable aspects of our lives until what is left is miserable and despicable indeed. Life can be depreciated as well as currency.

## Around Capitol Square

By LYNN NISBET

**PSYCHOLOGY**—A lot of folks have been wondering just what the connection is between the state optometric society and the department of psychology at State College. The two agencies are co-operating in a visual occupational study, and this week several meetings of the society were held at the college. Even after the proposition was explained to your reporter, he was still a bit uncertain as to relationship. Senator Hoy helped more in his speech at the joint banquet Monday night, when he pointed out more than half the knowledge obtained by a normal person comes through sight. And psychologists are primarily concerned with making proper use of knowledge.

**PHILOSOPHY**—Philosophy is another high brow word coming into more general usage, such as the announcement that the state municipal road commission is seeking the "rural philosophy" as to proper use of gasoline road tax money. The commission has heard presentations from some two hundred towns and cities, from the League of Municipalities, and the State Highway Commission. On Friday afternoon of next week the commission will meet in Raleigh to hear ideas expressed by representatives of the Grand Farm Bureau and other rural organizations.

**INTEGRAL**—Despite paramourtry or rural needs and alleged efforts to array town and country folks against each other, fact seems to be there is growing tendency on part of state leaders to look upon North Carolina as a whole and its people as citizens with equal rights wherever they chance to live. It is undoubtedly true that main inter-city highways in the past have gotten the lion's share of gasoline money. The \$300 million rural bond issue tends to give the county roads priority emphasis, as that sentiment grows for more state collected gasoline taxes to be spent on city streets, either by the state or by the local government agencies.

**SOUND**—Senator Clyde Hoy is not disturbed about the basic soundness of American economy, although he doesn't like some of the political trends. He told the state optometric society and his guests Monday night that 68 per cent of the people in this country have enough money to buy the necessities of living. This contrasts with less than 30 per cent in that comfortable position during the depth of depression 15 years ago. All the American people need in order to move forward is reasonable assurance that the principles of private enterprise will be maintained. The Senator reiterated his opposition to many phases of the so-called civil rights program, especially FEPC (which he said offers neither fairness nor employment).  
**STORY**—Of course it's a mean thing to publish a speaker's pet story, but this one is too good to miss. Senator Hoy illustrated the American idea of private enterprise by telling the story of a soldier who was not making good with his original company. His captain swapped him to

another command, and a few weeks later the soldier was awarded a medal for outstanding bravery and accomplishment. His former captain met his new commander and asked what had happened. "I just took him off to one side," explained the new captain, "gave him a machine gun and told him he was on his own. Because I was setting him up in business for himself. After that he really went to town with his machine gun."

## Boyle's Column

By HAL BOYLE

New York, N. Y.—Squire Rockefeller has our town in a tizzy.

It's about that Christmas tree he put up between his pond and the RCA building.

The Squire is a right neighborly fellow. Every year about this time his hired hands whack down a tall tree somewhere, and haul it into town and put it up for the community to look at free.

It's got so that the Christmas season isn't official in these parts until the Rockefeller tree is lit. And the natives gather around and watch the ceremony and say things like:

"It's downright purty—and that's for certain."

"I vim, ma, it's taller'n our tenement."

"Last year 'twaren't near so handsome. Young John D. has gone and done it again."

Well, all last week our town was as excited as Dan'l Boone at a turkey shoot. Word had got around somehow that this year the Squire had really outdone himself.

A goodly throng of citizens had gathered in advance to welcome the tree.

"Hear tell it's a ten-ton, 75-foot Norway Spruce—and it's taking two trucks to haul it in," opined one man.

"Law, you don't say," said another. "I heard 't would have seven miles of wiring, 500 of them new-fangled plastic globes and better'n 7,500

## Somebody Told Me...

By I. J. (JACK) EDWARDS, JR.

In spite of the devil himself, this old world will move in cycles. As the years go by the length of women's dresses goes up and down, wars and booms come and go and depressions too. The dresses have already gone down, the war is over, and the boom, so it's time to start worrying about the de-

pression. The best place I can find to worry is behind any one of the pocketbook size magazines. They have articles to create any ailment in the world, and to cure it.

The one I have today is "Everybody's Digest," which has an article designed to bring about a mass shifting of jobs. The feature article in the September issue is entitled "Is your job depression-proof?" The article lists 20 jobs that they call "reasonably depression proof," and implies that everyone in any other field should start worrying. Before quoting the article further let me suggest that some of it be taken with the proverbial grain of salt. After all, the last thing I want to do to my readers is to worry them.

Not only that, the article might not be entirely accurate. For example, it lists "auto parts salesman" (that's my occupation) as a depression proof job, which I hope is true. But it says that competition in this field is small, which is entirely false.

Even with this error, it's interesting to see what the Digest thinks about our jobs. The list of the 20 safe jobs is headed by "grade school teacher," which pays \$2,900 a year to an experienced teacher and provides long-range security. There is no competition in this field, it says here.

Experienced registered nurses get \$200 a month. This is also a profession providing long range security, free of competition. The experienced chemist should get \$315 a month; the field is without competition now but in the future it will be sharp. Those with the most advanced degrees quite naturally have the best chance here.

The list goes on to include as depression proof jobs tool designers, weather observers, accountants, social workers, librarians, FM and television announcers, policemen, secretaries, hospital attendants, airplane mechanics, typewriter servicemen, watch repairmen, monotype keyboard operators (printing), railroad signalmen and signal maintenance men, plastic moulding machine operators and power linemen.

It would be enlightening to know what the author would say about Greenville's products: tobacco, lumber, hostery, flashlight batteries, and corsets. To supplement the opinions of the expert, let me say that all of the others may fall apart, but the corset industry should hold together.

And I thank you.

Ancient galleys with three banks of oars could travel at 15 knots for short bursts.

## Washington Letter

Washington—In 1929, when President Herbert Hoover and his family moved into the White House, they noted and commented upon the absence of books among the permanent furnishings of the nation's first residence. A bookseller who heard of this surprising deficiency spoke to some of his colleagues about it, remarking that a home library is a necessity in every well-ordered home and that the White House should certainly not be an exception.

As a result, the American Booksellers Association presented a well-rounded nucleus of 500 books, carefully selected by a distinguished committee of the nation. Subsequent gifts of 200 books, each selected with equal care, were made

## Her Pet Rabbit Acts Like Cat

Los Angeles —(AP)— All his life he's been doing catty things. So you really can't blame Pinky for thinking he's a cat. Pinky is a little white rabbit— but he doesn't seem to know it. He grew up with Geraldine, an Angora cat which is obviously Pinky's idol. They are the pets of little Kathy and Ann Shelton. When Geraldine licks her fur cat fashion, Pinky takes a bath too. Geraldine laps milk from a saucer. Pinky slurps from another.

Thousands of World War II mine detectors are being sold to jails and prisons to detect metals smuggled in to inmates by visitors.

### Three-Year-Old Girl Has No Feet; Afraid Of Santa

Sharpsburg, Pa., Nov. 30—(AP)—Last February, Evelyn entered Mercy Hospital for an operation that would enable her to have a normal life. The leg stumps were amputated at the thigh.

On August 15 Evelyn got her feet—a present from the Allegheny County Society for Crippled Children which will buy her all the various sets of legs she will need until she is grown up.

"I stand and I walk now," she says in precise English. She pointed to a scuff mark on her size five brown cut-out sandals.

Evelyn is still getting used to the legs. She didn't like them because they were uncomfortable at first, but that all changed after she went to a cousin's birthday party.

"For the first time she was able to stand up like the other kids, her mother reported. "After that, she liked them."

"Tommy (her cousin) stepped on my shoe real hard" piped up Evelyn. "It didn't hurt me. Tommy got hurt."

Evelyn, four years old September 27, can stand on the legs and can walk if someone holds her hand. Her so-called efforts still result in falls but the Crippled Children's Society think it can fix that with some walking instructions.

"It will be a merrier Christmas this year," Mrs. Stypula said. "Even though Evelyn is afraid of Santa Claus."

"I don't like his big boots," said little Evelyn who screamed at the sight of a department store Santa.

### Extends Thanks For Aid To Band

Principal O. E. Dowd today expressed the appreciation of the Greenville school band to the civic clubs of Greenville which made it possible for the school band to go to the Carolina-Virginia football game and take part in the mass band display which was put on at half time.

Dowd said that "without the aid that we received from the Lions Club Rotary Club, Exchange Club and Kiwanis Club, the band would have not been able to make the trip." The cost of sending the 67 band members to Chapel Hill was about \$200.

"About \$35 was left over after the expenses had been paid, and this was put into the band fund to buy new equipment," Dowd said.

In addition to the civic clubs which raised money, we want to thank the private citizens who gave. Dowd stated.

This was the first time that the band has been able to accept an invitation to play at the annual game.

The band left Greenville early Saturday morning and arrived in Chapel Hill shortly after 11:00 to take part in the practice session held by the 15 bands.

**MAYOR'S SOLUTION**

He picked his wife's mother to be his secretary at City Hall.

**COLORED NEWS**  
Miss Gladys Hampton died Sunday November 27 at 6 o'clock. Funeral services will be at Corner Stone Baptist church Thursday at 2:30. She leaves a mother, stepfather, four uncles, 3 aunts, a grandfather and a host of relatives and friends.

Mrs. Katie Mae Jones and son are leaving today for Valdosta, Ga.

**Mrs. B. Maye Atkinson Heads Drive For Christmas Seals**  
The 43rd annual seal drive began Monday morning by Mrs. B. M. Atkinson when a group of women were contacted and asked to sell seals and help to fight tuberculosis.

"Will You Help?" is the slogan. The chairman for the Negro Division says we must raise our quota which is \$400 this year, which is very much needed to promote the cause of tuberculosis control in Pitt County.

Mrs. Atkinson says that she has mailed several letters and bands to business concerns and friends. Our house to house campaign will begin Friday morning with the following workers: Mrs. Gurtrude Latham, Mrs. Catherine Smith, Miss Mary Blanche Forbes, Mrs. Ivery Mae Dilson, Mrs. George Foreman, Mrs. Annie L. Knights, Mrs. Annie Streeter and Mr. James Brewington.

Prof. W. H. Davenport will work with the two schools.  
Buy your Christmas seals today.

**Queen For The Day Contest Closed**  
The Stork Club of the Pitt County Negro Clinic sponsored a Queen for the Day contest, which climaxed November 21, in Eppes high school gymnasium.

Prior to the crowning of the queen, the chairman of the program committee in the person of Mrs. H. H. Brown introduced the master of ceremonies, Mr. Tom Foreman. Mr. Foreman gave to us an enjoyable program which consisted of a solo by Mrs. S. A. Jones, two numbers from the Daga, Waters, Taylor and McGhee quartet, two dance groups from the Fleming Street elementary school and remarks by Prof. W. H. Davenport, and Mrs. B. M. Atkinson.

After which six beautiful queens were presented and seated around the lovely white throne in white chairs with fern and cut flowers arranged resembling a queen's palace.

Social club members who supported queens tirelessly were present in full numbers to witness the crowning of their queens, as Mrs. O. B. Myers and Mrs. W. M. Capehart gave the amount that each queen raised. Names of social clubs and queens with amount as following:

The B. T. Social Club, Miss Hilda Ellis, \$13.70.

Les Hommes Social Club, Mrs. Josephus Lawrence, \$25.00.

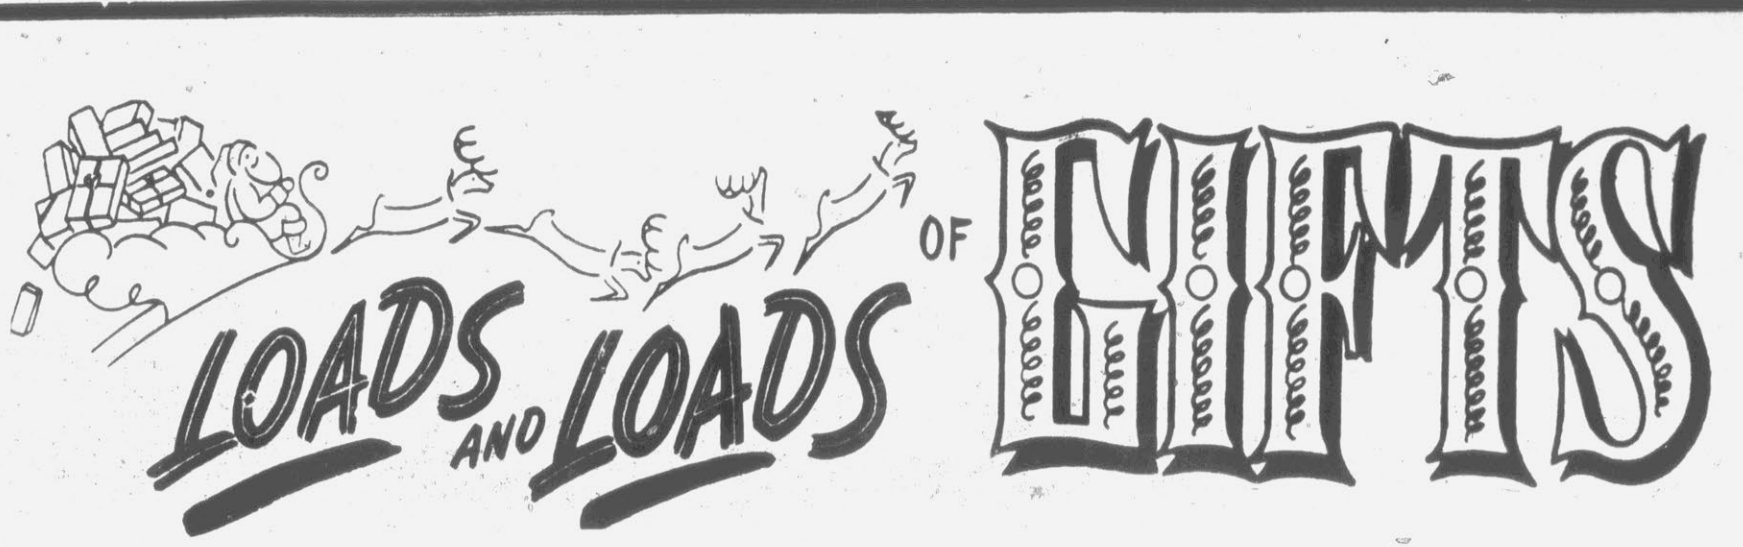

The C. B. S. of Eppes High, Miss Mary Louise White, \$25.55.

The Bachelors Benedict Social Club, Mrs. David Barnhill, \$27.10.

Red Aces, Miss Amey Harris, \$29.70.

Caesars, \$158.25.

Total amount, \$279.10, will be donated to the Pitt County Negro Clinic, a deserving institution.

# Churchill Is 75 Today; Quiet Celebration Planned For Day

London, Nov. 30—(AP)—Winston Churchill, who helped win the war only to lose his post as prime minister in an election, turned 75 today with his next big chance at the polls just ahead.

The burly statesman, warrior, writer, orator and amateur artist planned a quiet celebration at this latest landmark in his eventful career.

Later he intends to turn up in his usual seat in the House of Commons, which is scheduled to meet this afternoon to deal with routine matters.

Tonight his family and a few friends will give a birthday dinner for him at his London house overlooking Hyde Park.

His birthday cake—baked in Manchester, by the same people who prepared the one for Prime Minister first birthday recently—is in the form of a merry-go-round. It could also serve as a symbol of Churchill's own busy and varied life.

Churchill finds himself at home in the House of Commons.

In the five years through the end of the last war he sat there as prime minister. There he rumbled out famous speeches that stirred the British people to the effort that helped the allies win.

In July 1945, less than three months after the Germans surrendered, his conservative party lost the election to the Socialist Labor party of today's Prime Minister Clement Attlee. Churchill kept his seat in Parliament and became the back-tongued leader of the opposition.

Now the Labor government's five-year term is running out. It must call for a new national election within eight months. Best guesses here are that the election probably will be held in February or March.

Churchill, one again leading conservative forces doesn't think he's too old at 75 to take over the reins as prime minister again if his party wins.

He has promised that a Tory victory will turn Britain's economic policies away from the road of socialism and back toward free enterprise.

## Father Of Nine Held In Murder

Detroit, Nov. 30—(AP)—Walter Dotson, 31, Negro father of nine children, was held today in the death of his daughter Addie, 16.

It was one of the strangest stories to come to police attention.

Yesterday morning Dotson, barefoot with street clothing over his pajamas, was found lying in the Rouge Park area.

He could give no explanation; he had not been drinking, police said.

After observation and treatment at a hospital, he was released.

In the afternoon he walked into police headquarters and, according to Lt. Gerald Walters, said he had strangled his daughter two days earlier.

The body of Addie, who was born to Dotson when he was 15, was found in her locked bedroom.

The eight younger children had not known of it. The mother, Lola, is in a hospital.

Lt. Walters said that Dotson declared he killed Addie in a quarrel after the girl had rejected a hominy grits breakfast.

No formal charge was placed against Dotson pending investigation.

## Cattle Rustler Blames Ulcers

Washington—(AP)—Harry C. Barton of Sandy Spring, noticed the cow he just bought "seemed homesick." He noticed also that its horns drooped. And he read that a cow with droopy horns had been stolen.

Checking up, sure enough he found that he had bought a stolen cow. He got his money back. The rustler was traced, confessed, and blamed it all on the fact that he had ulcers, seven children and a house that burned down.

But if it wasn't for drinking, I wouldn't have taken a single cow," he said.

## Japanese Export Of Silk Grows

Tokyo—(AP)—The Japanese government Foreign Trade Corporation for textiles sees signs that the badly-slumped silk business may be reviving. Export contracts for more than 1,000 bales.

Silk men hope exports will reach 10,000 bales a month by the end of the year—but that will still be only one-fifth the pre-war level.

Two of Michigan State's top left halfbacks, Horace Smith and Jesse Thomas, are hurriers on the track team.

## NAZI SONG SCANDAL

Bremen—(AP)—After a drinking party, seven German policemen drove through this city singing Nazi songs. They were discharged from the force, police headquarters reported.

The word "truck" gardens or "truck" crops comes from the French word "troquer" which means to barter.

### Ten-Year-Old Witness In Mass Civil Rights Trial

Rome, Ga., Nov. 30—(AP)—A pint-sized, 10-year-old witness, his feet swinging slowly, gave the mass civil rights trial here its tensesst moment yesterday. The small, fourth-grader, Cecil Foster, was considered qualified as a witness after he observed that if he didn't tell the truth "the boogerman will get me."

Cecil was called by the government in the trial of 12 men accused of conspiring to have seven Negroes seized by a mob of Ku Kluxers and whipped April 2. The boy said he saw Sheriff's Deputies William Hartline, John Bleckley and Stokes McCauley at the erection of a cross last spring. Defense Attorney Frank Gleason pointed to two men and asked, "Which of these two men is Mr. McCauley?" Cecil turned slowly to Gleason and said, "I don't reckon either of them is Mr. McCauley."

### Monday Busy Day In Police Court

In Police Court Monday, Judge J. W. H. Roberts found Norwood D. Conway guilty of driving drunk and gave him six months on the roads, suspended on condition that he pay \$100 and costs. Conway appealed. The court found probable cause against Jarvis Jones, charged with forgery, and bound him over to Superior Court.

Joe M. Newton, two charges of being drunk, first case, \$15 or 30 days in jail, second case, \$20 or 30 days in jail, sentences to be served consecutively. Newton appealed to Superior Court. Eric Sparrow, drunk, \$15 or 30 days in jail. He appealed. Reckless driving: Lee E. Sutton, judgment suspended on payment of \$15. Sam Carney, colored, was not guilty.

Speeding: Thurman A. Stocks, \$20; T. D. Kemp, \$20. Drunk: Robert Gaskins, \$15; David Brann, \$15 or 30 days; Jack McLamborn, \$15; H. E. Weston, \$15; John Mabry, colored, \$15 or 30 days; Clarence H. Powell, \$20 or 30 days; Marion K. Williams, \$20; Isaac Maulsby, colored, \$15. Stephen Joyner, colored, was not guilty of larceny. John D. Sims, colored, improper brakes, \$10 and costs. Corinne Whitehurst, colored, was not guilty of profane language.

### Sock On Jaw Is Road 'Courtesy'

San Pedro, Calif.—(AP)—With bruised jaw and ruffled temper, Mrs. Helen Carlie, a woman driver, ran into the police station and skittered this story. As she pulled up at an intersection a car soared through a stop sign, missing her auto by inches. "Can't you read?" she screamed. At that, the car skidded to a halt. A man popped out, walked over to Mrs. Carlie and without a word clipped her on the jaw.

### Britain Repairs American Ships

London—(AP)—British shipyards are beginning to earn dollars for Britain by overhauling American ships. Wallsend-on-Tyne shipyards have completed the overhaul of the

U.S.-owned tanker Meacham and now are awaiting the arrival of the 10,448 ton oil tanker Umatilla for general repairs. E. J. Hunter, director of the firm, is visiting the United States in search of further orders. The four tires on the average automobile's wheels contain about 800 feet of steel wire.

# Greenies Slated To Be Kept Here

### Unidentified Independent Baseball Operator To Get Team; Complete Details Of Deal To Be Announced Next Week

Greenville will have a representative in the Coastal Plain Class D baseball league.

The words of assurance came yesterday from directors of the Greenville baseball club who said they are planning to transfer the operation of the club to an unidentified independent baseball operator who owns several minor league teams.

An agreement for the transfer has been tentatively made, officials disclosed yesterday, after meeting last week with a representative of the baseball operator.

The agreement was reached by unanimous vote and final details of the transfer will be made in the next 10 days, it was announced.

The complete details of the transfer and new operation of the club can be announced next week after the minor league meeting in Baltimore.

Under the transfer the operation of the club will be under the independent owner. The new operators will bring in necessary players to fill in vacancies from last year.

The Greenville club directors announced earlier that the team will be almost intact next season.

This year the Greenies won the Coastal Plains play-off championship in a story-book finish of a team which squeezed into the series then annexed the crown.

## Agree To Print Baseball News

Tokyo, Nov. 30—(AP)—Asahi, one of Japan's largest newspapers with a combined morning and afternoon circulation of 3,500,000, bowed to popular demand today and began publishing professional baseball news.

Heretofore only the bare results of professional games were published. This in a country where people are as crazy about baseball as they are in the United States.

### TEAM REWARDED

### Clever Crusader

Our southern Holy Cross correspondent Harry Zimmer, admits he is slightly disappointed in the showing of the Crusader football team under the coaching of Dr. Bill Osmanski, but he is far from discouraged. He has written off the 1949 season and is looking forward to next fall and happier days. Harry is basing his future hopes on Paul Gallo, a sophomore back. He writes: "Paul Gallo started the season at quarterback and directed the Holy Cross team in the first five games, but was shifted to halfback where his speed and passing talents could better be utilized. He weighs only 160 pounds but he drives with the force of a fullback. In the Colgate game Gallo galloped 60 yards on the second play of the game. Later in the game, he reeled off a 100-yard run which was nullified by the officials. He came back with another dash of the same distance and this time it was good. Gallo loves to block and tackle. He is one of the smartest defensive players on the team. Coach Osmanski wishes he had more backs like Gallo, and rates him one of the finest in the East. Gallo is the main reason Holy Cross hopes to bounce back next season. And bounce back we will!"

## Thirty-Five Members Of Grid Squad Win Letters

Dr. N. M. Jorgensen, athletic director and Coach Bill Dole, football mentor, announced today that 35 members of this year's East Carolina football team won their varsity letters. The awards were as follows: Linebacker Ed Tanner, Portsmouth, Va.; Dennis Smith, Chocomaury; Bob Bradley, Rocky Mount; Dwight Shoe, Salisbury; John Daughtry, Winston; Crell Windsor, Hertford; Stan Peol, Williamson; Don MacKenzie, Roanoke Rapids; Al Auerbach, Lenoir; Keith Kilpatrick, Kingston; Bill McDonald, Portsmouth, Va.; Ken Booth, North Tarrytown, N.Y.; Reggie Byrd, Portsmouth, Va.; Raz Autry, Dunn; Gorell Bass, Winston-Salem; Paul Trotman, Portlock, Va.; Leon Ellis, Siler City; Mac Lewis, Goldsboro; Buck Wilson, Hertford; Pete Pro-

## Intermediate And Midget Basketball Teams Practicing Here Each Evening

Candidates for this year's Greenville Midget and Intermediate basketball teams have begun working out each evening in the Greenville Armory with Coach Bill Kittrell. Coach Kittrell, who has coached intermediate Eastern North Carolina championship teams for the past two years, yesterday urged all boys interested in playing basketball to report to the armory for practice at 3:30 each afternoon. The Intermediates and Midgets drill for one and a half hours each day. The Midget team is composed of boys who will not have reached their 14th birthday before September 1. The Intermediates are up to 16 years old, boys reaching their 17th birthday before Sept. 1 excluded.

**Command Twirler** — Milwaukee, Wis. — (AP) — Because Marquette University football players are otherwise occupied between the halves of their games, they never had seen the school's marvelous baton twirler, Bruce Stengel, in action. Stengel recently was asked to give a "command performance" at a practice session for the players.

**Furnish Leaders** — Wichita Falls, Tex. — (AP) — Wichita Falls has furnished the University of Texas a football co-captain for three straight years. This season it was Bill Pyle; in 1948 it was All-America Dick Harris and in 1947 it was Max Bumgardner. Joe Parker, tri-captain in 1943, also was from Wichita Falls.

# College Coaching Ranks Already In Revision Stage

New York, Nov. 30—(AP)—There were heavy rumblings today in college coaching ranks, the aftermath of a turbulent football season. A new head coach was named at Oklahoma A. and M., a shakeup was forecast at Arkansas and rumors of changes were quieted at Pennsylvania, Wake Forest and Holy Cross.

J. B. (Ears) Whitworth, veteran line coach at the University of Georgia, was named head coach of Oklahoma A. and M. to succeed Jim Lookabaugh.

Lookabaugh resigned this fall after 11 years at the helm. His team won four games, lost four and tied two this year.

At Little Rock, Ark., there was a report John Barnhill would resign as head football coach today and turn over the reins to a big timer from professional ranks who can "jazz up" the razorback offense.

The Arkansas Gazette, which made the prediction, said Barnhill probably would stay on as athletic director. The Razorbacks won five and lost five games the past season.

At Wake Forest, N. C., coach D. C. (Peabody) Walker said there was nothing to reports he had quit.

Walker was reported in line for the coaching post with the professional Washington Redskins.

At Philadelphia, Harold Stassen, president of University of Pennsylvania, issued a vote of confidence to coach George Munger, whose Quakers lost successive games to Pittsburgh, Virginia, Army and Cornell.

Still another report had Hugh Devore, former Fordham aide, in line for the head coaching job at Holy Cross.

Bill Osmanski, the present coach has been reported on the griddle as the result of nine defeats, climaxed by a 76-0 walloping at the hands of the traditional rival, Boston College last Saturday.

## Reports Racing Prospects Good

New York, Nov. 30—(AP)—Thoroughbred racing was never in a more healthy condition from a standpoint of good sport, good management and good will, President Donald P. Ross of the Thoroughbred Racing Associations said today.

Ross, who also heads the Delaware park track, sounded an optimistic note as he addressed delegates representing 35 member racing associations from 16 states, here for the two-day session of the track's eighth annual meeting.

## Greenville Collie Gets 'Best of Breed' Honor At Wilson Dog Show

"Jo-Jon's Lucky Babe" an eight month old collie owned by Mr. and Mrs. Linwood Hardee of Greenville, Route 3, took all the collie honors in the show held Sunday in Wilson, N.C.

"Lucky" won her puppy class, then went up to compete with the grown dogs. She took first place in this group and was awarded the ribbon for best collie in show.

The pup was shown in the ring by Mrs. J. B. Boyette, Jr., who also was the breeder and operates the Jo-Jon collie kennel in Wilson.

## Heavy Equipment

Pittsburgh — (AP) — Little Gil Mayer, goaltender for the Pittsburgh team of the American Hockey League has a natural weight of 128 pounds. However, when he dons all his equipment for a game he tips the scale at 166. The 38 pounds of steel, wood, leather and wool costs \$300 and requires 30 minutes for dressing and removal.

The Buccaneers of East Carolina and the Quakers of Guilford College meet at Guilford tomorrow night to open the North State conference basketball season.

East Carolina goes into the game with two wins and a loss as a result of non-conference scraps. No reports of any Guilford games were available here.

The Quakers, not too impressive in the North State last year, caught fire in the conference tournament to go into the semi-finals where they were defeated by a close score.

In that respect they were like the Buccaneers from East Carolina. Coach Howard Porter's boys were likewise defeated in the semi-finals.

The Guilford game will mark the fourth consecutive out of town game for the Pirates who took their first defeat last Saturday when they bowed to the Camp Lejeune Marines 61-57 in a game which saw the Bucs threaten to win after being behind by 14 points at half-time.

Coach Porter's hopes for a victory over Guilford lie in the hands of two high-scoring forwards, six foot, seven inch Jack Everton, and six foot, four inch Sonny Russell, both of whom have been high scorers in games this year.

Missing the Camp Lejeune game but expected to be in tomorrow's game will be senior guard Len Bauer who with Louis Colle and Doug Guthrie have been valuable as point makers in Buc games to date in addition to being outstanding defensively.

Fitz Fennell will probably start at center for the Pirates. Fennell, a consistently outstanding sophomore, is seeing his second year on the Pirate varsity.

## Deacs Schedule 25 Cage Games

Wake Forest, N.C., Nov. 30—(AP)—A 25-game basketball schedule for Wake Forest College was released today by Athletic Director Jim Weaver.

He said the schedule has not been completed, and that several games probably will be added.

A highlight of the early season for Coach Murray Gresson's Deacons will be participation in the Dixie basketball classic at N.C. State College Dec. 28-30.

## THERE OUGHTA BE A LAW!

## Short of Murder

By Tom T. Ness

Chapter 10  
"Get your hat, Larry, and let's get going," the detective-inspector said. "I've got some interesting news."  
Hackett did as Larry suggested. "Kelly phoned me just before I left the antique shop."  
"What did Sarge have to say?"  
"Well—" Lavin paused to pick a fleck of tobacco off of his scraggly mustache. "Kelly followed Scott to The Stafford Inn—it's up the Hill a ways. Scott said something to the room clerk and then went home with Kelly tailing him. Afterwards, Kelly went back to The Stafford and learned from the clerk that Scott had asked for a guest named Virginia Lambert, but she'd taken a run-out powder an hour previous without leaving a forwarding address or anything. I'll have a man tail Scott, and maybe that way we'll catch up with the wren. Soon's I get her story I'll put the screws on Scott."  
Hackett produced his notebook and in the light from a store window wrote down the woman's name, "Virginia Lambert—a redhead," he reflected aloud. "She's unquestionably the gal Scott called 'Gin' and 'Ginger'—nicknames for 'Virginia,' of course."  
They boarded Lavin's car at the curb near the "News-Dispatch" Building.  
"Where does Ed Bender live?" asked Lavin as he settled himself at the steering wheel.  
"The Grand Imperial Chateau," "Humph," sniffed Lavin. "You were right in suspecting those encyclopedias in the Daniels' safe."  
His brown eyes opening wide, Hackett draped his arm over the back of the car seat. "Meaning what?"  
"After the fingerprint man and the official photographer did their stuff, I took all sixteen of those encyclopedias down from the shelves in the safe as you wanted to do. Well, the pages of three of the encyclopedias had been pasted together and hollowed out leaving an inch margin of page all around. In two of the hollow books were stacks of banknotes amounting to ten grand all told; and in the other hollow book I found deeds to several apartment buildings Daniels owned. No will, though. I figure the old man's estate is worth fifty grand at least."  
"Whee-uh!" Hackett whistled softly.  
The occupant of Room 208 sat in a tufted chair, holding a sodden cloth against the entire right side of his face. A white pitcher, a small bottle, and a packet of gauze stood on an end-table beside his chair.  
"We are Inspector Lavin and Hackett," the plainclothes officer announced quietly as he crossed the threshold.  
"Sit down," he said ungraciously. "One of you will have to squat on the bed."  
Lavin seated himself in the spare chair, Hackett on the edge of the bed, close to Bender.  
"I had an accident," said the unwilling host.  
"That's too bad," said Lavin in a sympathetic tone. "Have you heard the news of Eben Daniels' death?"  
Bender nodded. "Poor Uncle," he said. "Myron Scott phoned me the news about half an hour ago."  
Hackett said experimentally: "The night watchman tried to reach you here by phone."  
"Is that so? Well, I was driving—"  
Bender broke off as his telephone rang. Answering the call he stood as the wall behind his visitors.  
Hackett had lashed his brain for might examine the medicine bottle on the end-table. Now he listed sharply over Bender's chair and read the prescription label. Then, with a wry smile on his face, he resumed his indolent posture.  
"Yes," Bender was saying into the phone, "an electric plate and an aluminum basin will do. The water from the bathroom faucet

Isn't hot enough for my swollen mug?"

His right cheek was so swollen to have closed his eye, and there was a vertical gash high on his cheek and another one directly in line with it on his forehead.  
While wringing the cloth and applying it to his face, Bender said: "I was out Lexington way in my Cad roadster, with its top down. I got chilly and stopped to raise the top. It was an awkward job, me being alone," he stressed, "and nobody on the opposite side of the car to pull together with me. I pulled on one support but the top budged only a little. Then I went to the other side of the car and gave the support there a yank and it bifled me in the eye. And did I see stars!"  
"Um, that was too bad," Lavin told him, and blinked owlishly at Hackett. "You ought to've put raw beefsteak on it, Mr. Bender."  
His words of affected sympathy gave the newsmen an inspiration. "Modern doctors poo-poo the efficacy of beefsteak poultices," he declared with seeming sincerity.  
Tugging at the lobe of his ear, the inspector nodded. "I guess it is a bit old-fashioned," he agreed. "What would you suggest, Larry?"  
Edward Bender looked inquiringly at the newsmen.  
"Mr. Bender," Hackett said in a brusque though solicitous tone, "you should have bought some tincture of arnica right after the mishap."  
Unsuspecting, Bender promptly replied: "That's exactly what I—"  
He caught himself. Too late. Over his face spread a crimson flush of embarrassment. He stared fixedly at Hackett. Then both men as one reached for the medicine bottle.

*Heavy-Duty Engineered*

**INTERNATIONAL TRUCKS**

America's most complete truck line. 57 basic models, thousands of specialized variations—each heavy-duty engineered.

Every International Truck in the line is all new. And every new International Truck from 4,200 to 90,000 pounds GVW is HEAVY-DUTY ENGINEERED!

That means the new International Trucks give you lower operating and maintenance costs. It means they'll last longer. Look at the record.

For 18 straight years International has been first in the sale of heavy-duty trucks (16,001 pounds and over, GVW). Cost-conscious men who buy these trucks buy on a basis of performance proved by cost records.

The same management, the same engineers, the same production men, the same test experts who have kept International Trucks the outstanding value in the heavy-duty truck field, have developed every single new model in the new International Truck line.

Come in—find out what heavy-duty engineering means in terms of operating economy. See how heavy-duty engineered truck stamina is combined with new comfort and ease of handling. Go over the outstanding new features—each one proved under actual operating conditions in years of tests from coast to coast.

## Wind Storm Flattens Telephone Lines In Idaho

Hundreds of telephone and power poles were blown down by a terrific wind storm sweeping across northern Idaho during the week-end. Here is some of the wreckage near Coeur D'Alene. In this stretch, half a mile in length, not a single pole was left standing. (AP Wirephoto.)

## "Miss America" Visits 4-H Club Congress

Jaquie Mercer (center) of Phoenix, Ariz., "Miss America of 1949," gets acquainted with youngsters from many states at the 28th National 4-H Club Congress in Chicago. ### Minister's Mother Was An Angel And Married A Crook

By CHESTER WALSH

"My mother was an Angel until she married a Crook, and they live at Boone's Mill, Va. Their nearest neighbors are Mr. Wright, Mr. Ruff and Mr. Angel."

That's the way Rev. E. Eugene Crook of Greenville, the new pastor of Mount Pleasant Christian church on the Belvoir road, near Greenville, introduced himself in, the

Daily Reflector office. He succeeds Rev. R. L. Topping as pastor of the church.

The new pastor came here from Atlanta Christian College, Atlanta, Ga. He also attended the University of Georgia. He has an interesting personality and is an eloquent speaker.

He will conduct services at Mount Pleasant Christian church morning and evening on the first and third Sundays of each month.

### Ora Woodall Died Of Heart Attack

Ora Woodall, 47, a guard at the state prison camp, died suddenly of a heart attack at Owens' store, at a rural point, yesterday at 6:30 p. m. Funeral service will be held at the Greenville Funeral Home, 1206 Dickinson avenue, Thursday at 2 p. m. Rev. C. D. Patterson will officiate. Burial will be in Greenwood cemetery.

He was a native of Person county. He came to Pitt county in 1929. Surviving are his wife, Mrs. Ruby Mae Hardy Woodall; two daughters, Janet and Jannie Mae of the home; two sons, Clyde and Rodney James Woodall of the home; three brothers, Fletcher Woodall of Durham, Percy Woodall of Roxboro and Ernest Woodall of Person county.

### 1950 AUTO LICENSES GO ON SALE TOMORROW MORNING

The 1950 North Carolina State motor vehicle license plates will be on sale tomorrow, December 1. They will be sold here at the Page and Barbe Insurance Company's office, 904 Dickinson avenue. City license tags also go on sale at the City Hall.

### Not A Regulated . . .

(Continued from page one) left of the bombarded cities than there was in the last war. And there were the same long lines of hopeless refugees streaming across the strife torn countryside. Many dropped along the roads from fatigue and stark hunger.

So which will you have—an atomic bomb, an ordinary high explosive bomb, or a high explosive shell from a big gun? Or maybe you would prefer gas?

It strikes me that it's rather putting the cart before the horse to argue about what sort of weapons shall be used once war is started. What we want is a really united

## Hot Tractors

North Carolina farmers today were warned against purchasing "hot tractors" — tractors brought into this area and sold at sacrifice prices after changing the serial numbers.

A dealer spokesman said tractors are being hauled into the North Carolina market from overstocked areas and being sold to farmers at cut-rate prices.

Because the serial numbers have been changed, the tractor is not registered with the manufacturer, there is no dealer's warranty and farmers cannot use the serial number to get gasoline rebates, the spokesman said.

peace organization which can keep war from getting under way. Let's have peace—not regulated war.

## How Much Better . . .

Continued from page one than he had in 1939? No.

The higher 1949 taxes and living costs reduced the total and the value of his 1949 income.

For example: Take that same average pay of the worker in the manufacturing industry.

In 1939 his pay was \$23.86. After deducting taxes—this was for a man with no dependents—he had \$23.58.

In 1949 his pay was \$55.72. After deducting the higher 1949 taxes and allowing for the higher living costs, his pay was worth \$28.57 in terms of 1939 dollars and buying power.

To put it another way: In 1949 he had \$4.99 more a week than he had in 1939.

All this—the information comes from the government's bureau of labor statistics—has dealt with the "average" weekly pay of a worker in the manufacturing industry.

Since it's an "average" figure, it means some workers made more a week, some less, than the average of \$55.72.

## N. Y. Cotton

New York, Nov. 30—(AP)—Cotton futures opened 10 to 15 cents a bale higher today. Noon prices were 15 to 35 cents a bale higher than the previous close. Dec. 29.92, March, 29.94 and May 29.90.

## Hog Market

Raleigh, Nov. 30—(AP)—(NCDA)

Hog prices steady to slightly stronger. Tops of \$16.25 at Tarboro, Greenville, Wilson, Goldsboro, Washington, Kinston, and Rocky Mount; \$15.75 at Richmond.

## Poultry and Eggs

Raleigh, Nov. 30—(AP)—(NCDA)—Fryers and broilers steady at 29; eggs steady. A large 54.

## N. Y. Stock Market

New York, Nov. 30—(AP)—A mid-morning flurry of demand for railroad issues helped to stiffen the entire stock market today. Interest in the rails spread to other groups and small gains were liberally distributed. Airline and utility shares tended to lag.

Traders had a strong tendency to go slow pending fresh developments in the argumen between soft coal miners and operators.

## Finest Beef By Texas 4-H Group

Chicago, Nov. 30—(AP)—A bunch of Texas kids can boast today that they've raised the finest beef animal in the world, the Grand Champion steer of the 50th Jubilee International Livestock Show.

Their rust red, white faced Hereford, weighing 1,250 pounds, won the Purple Ribbon yesterday. The kids are the 43 boys and seven girls of the Pecos County 4-H Club.

## NBA Suspends Boxing Champion

Washington, Nov. 30—(AP)—World's Lightweight Boxing Champion Ike Williams of Trenton N.J., was suspended today by the National Boxing Association.

The suspension was at the request of the California State Athletic Commission. The state commission said it would not reinstate Williams until he honors a contract for a contest with Bernard Dogenen or reimburses the Los Angeles Olympic Club for \$2,000 spent on the proposed contest.
