FBI Asks Larger Outlay For Work

J. Edgar Hoover Says Job Of Protecting Country From Spies Greater Now Than At Peak Of War; Internal Security Problems Growing

Washington, Jan. 26 — (AP) — The FBI says the job of protecting the country from spies is greater now than at the peak of World War II.

Asking for an enlargement of his force, FBI Director J. Edgar Hoover said in a congressional hearing that the end of the war served only to balloon the work of his agents in protecting the nation's internal security.

However, report was contained in House Appropriations committee hearings made public today.

In the same hearing, Immigration Inspector Watson B. Miller said there are approximately 3,000,000 aliens in the United States—some 3,500 of them deportable and free under court bond, but whom "no other nation will accept."

Assistant Commissioner W. F. Kelly said border inspectors found it almost physically impossible to carry out required examinations at border stations.

As an example of the problem, he explained there are between 8,000 and 11,000 persons in Canada who are officially listed by the Canadian government as subversive.

Kelly estimated there are thousands of aliens now in the United States unlawfully, and of whom the immigration service has no knowledge.

Hoover said internal security problems are growing steadily, with the FBI's work load at a record high, and declared:

"The need, I think, is paramount to control the dangers that are inherent in Communism and the subversive activities of foreign-inspired espionage groups that are operating in this country."

"The Communist party, as you know from the recent trial in New York and the conviction of the 11 Communist leaders, has as its aim and program and objective to bring about the forcible overthrow of the United States government."

"Allied with the Communist party are a number of infiltrated Communist front organizations. There are certain foreign nationality groups that participate in this operation and, in addition, the activities of foreign countries that are designed to infiltrate our country and obtain confidential information about secret operations that they have no right to have."

Hoover said "one of the effective"

Spy Conspiracy Trial Under Way

New York, Jan. 26 — (AP) — The government opened its case against Judith Coplon and Valentin A. Gubichev today.

Raymond P. Wheatley, special assistant to the U.S. attorney general, told a federal court jury he would prove that the former government girl and the Russian engineer plotted to steal U.S. defense secrets for the Soviet Union.

U.S. Ambassador Talks With Tito

Belgrade, Yugoslavia, Jan. 26 — (AP) — Premier Marshall Tito and American Ambassador George V. Allen talked over Yugoslav-United States affairs today in an atmosphere, as Allen reported later, "marked by friendliness and frankness on both sides."

Tito received the new American Ambassador six days after Allen's arrival here and less than 24 hours after he formally presented his credentials.

Steel Union Says Price Boost Not Caused By Costs

Claim Steel Price Rise In Excess Of Demonstrable Cost Increases

Washington, Jan. 26 — (AP) — The CIO Steelworkers Union said today recent steel price increases were caused by an industry "publicly changed attitude" and not by higher labor costs.

Some top steel executives said yesterday that even with last month's \$4 a ton general increase, prices are too low for the future health of the industry. But the union said the boost was "unwarranted" and "indefensible."

Otis Brubaker of Pittsburgh, research director and spokesman for the union that claims 1,000,000 members, said the price rise was "far in excess of any demonstrable cost increases."

Brubaker's statement—65 statistics—was prepared for delivery before the Senate-House Economic Committee, which has been looking into the price boosts.

Until today, the committee had heard only from the heads of the steel companies. Without exception they cited higher costs, especially the new pension and insurance programs the steelworkers got after their strike last fall.

These programs are to be financed entirely by the steel companies.

Four of these firms—Inland Steel, National Steel, Jones and Laughlin and Allegheny Ludlum—filed statements with the Senate group expressing the view that prices for their products still are not high enough.

But Brubaker insisted that the industry is seeking "outrageously higher profits." He said that the pension and insurance programs could have been handled without any increase in prices, and declared:

"We are tired of being a public whipping boy for this industry."

Here are some of the main points in Brubaker's argument:

1. The increase, generally listed at \$4 a ton, actually was more than that on a majority of the items sold.

2. Steelmaking costs have declined since the middle of 1948. Brubaker said the industry was saving \$400,000,000 a year on scrap, and another \$80,000,000 on fuel oil and non-ferrous metals.

3. The industry has made "wholly spurious attempts" to blame the union for the rise in prices.

4. "The steel industry is unwilling to absorb, or even try to absorb, costs as long as the market for steel will permit a price increase."

"CREEPING BLOCKADE"

New York, Jan. 26 — (AP) — John J. McCloy, American high commissioner for Germany, is reported today to believe that the increasing Russian restrictions on Berlin traffic mark the beginning of a creeping blockade.

Excursion Boat Skipper Killed; Crewman Is Held

Washington, N. C., Jan. 26 — (AP) — Capt. Glenn Willis, skipper of the excursion-freighter *Lindsay C. Warren*, was shot to death as he approached his boat early today.

Desk Sgt. C. C. Evans said Ralph Midgette, 43, a crew member, had been charged with murder.

The shooting was the outgrowth of a grudge, the officer said. He added that Midgette lay in wait with a shotgun aboard the boat. He did not try to flee afterwards.

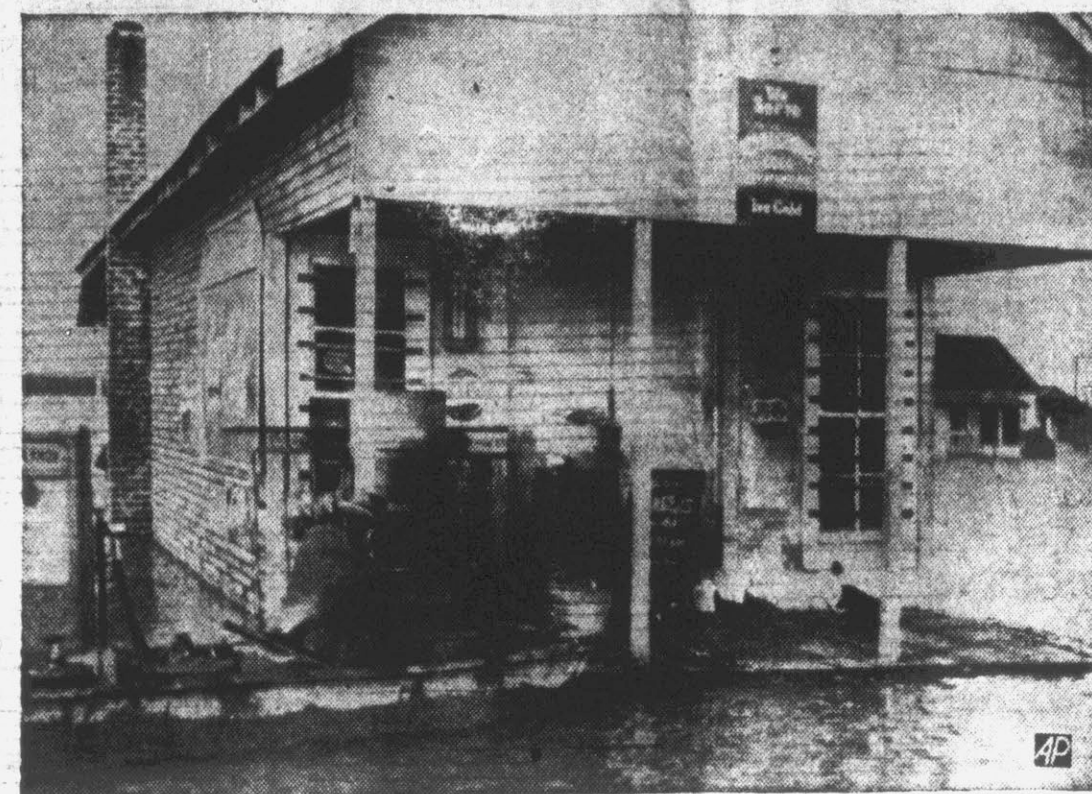

Capt. Willis was well known along the North Carolina coast. He formerly was skipper of the *Hatteras* and the *Ocracoke*, owned by the state.

Coroner Bonner Paul said J. D. Banks of Washington was detained as a material witness. He quoted Banks as saying he went aboard the *Lindsay C. Warren* to visit last night and that Midgette forced him to remain below deck until Willis approached.

After the shooting, the coroner said, Midgette threw the gun overboard. Efforts were made today to locate it.

The *Lindsay C. Warren*, named for the U. S. comptroller general, plies between here and Ocracoke.

Even Ducks Are Marooned In Arkansas Flood

A flood refugee in a boat stops at a grocery store near Dynne, Ark., to feed ducks marooned on the porch by high water from the St. Francis river. The dwelling house in the background has water on the first floor. The flood has driven many people from their homes in this area. (AP Wirephoto).

Acheson Under Republican Fire

Friendship For Alger Hiss Becomes Target Of Criticism

Washington, Jan. 26 — (AP) — Secretary of State Acheson's sudden famous statement that "I do not intend to turn my back on Alger Hiss" stirred Republican wrath today.

A number of those who have been arguing that the Roosevelt-Truman Administrations have been "soft" toward communism prepared to follow the lead of Senator Mundt (R-SD).

Mundt directed a three-hour attack on Hiss, Acheson and Administration foreign policies late yesterday in the Senate.

Of Acheson's statement that he wouldn't turn his back on Hiss—an old friend and State Department associate who has been convicted of perjury in a trial that linked him with Communists—Mundt had this to say:

"The important thing is not the manner in which Dean Acheson permits Hiss to influence the position of his back—the thing that Americans would like to know is how far Dean Acheson has permitted Hiss to influence his mind."

Senator McCarthy (R-Wis.) wanted to know whether Acheson's statement "might be an indication that the secretary of state is also telling"

Mediator Works In Phone Dispute

New York, Jan. 26 — (AP) — A roving government mediator worked today to bring peace in a dispute that threatens a nationwide telephone strike.

On his first stop, William M. Margolis, assistant chief of the federal mediation service, came here yesterday from Washington to meet with officials of the American Telephone and Telegraph Co.

On his first stop, William M. Margolis, assistant chief of the federal mediation service, came here yesterday from Washington to meet with officials of the American Telephone and Telegraph Co.

She's 112—And "Still Young"

Mrs. Mary O'Neill of Wapwallopen, Pa., is all set to celebrate her 112th birthday anniversary January 26—and she says she's "still young."

She is lighting a kerosene lamp in her mountain home. Mrs. O'Neill was declared Pennsylvania's oldest resident in a survey by the State Medical Society. (AP Wirephoto).

Jury Chosen For Trial Of Girl In 'Mercy Slaying'

Bridgeport, Conn., Jan. 26 — (AP) — A jury of nine women and three men—all parents—finally was selected today to try 21-year-old Carol Ann Paignt for the slaying of her father.

Two alternates remain to be chosen before the state calls its first witness in the mercy killing of the girl's cancer-stricken father.

The defense admits that Carol Ann shot her 52-year-old father, Sgt. Carol Paignt, in a Stamford, Conn. hospital last Sept. 23. But the girl is pleading temporary insanity brought on by the shock of learning Paignt was stricken beyond recovery with cancer.

The charge is second degree murder. The penalty is life in prison.

Back To School

By ROY HARDEE
Pitt county's blue boy, Walter Heath, an eleven year old golden-haired lad who underwent a rare medical operation, paid by funds raised by citizens of Pitt county, is now fully recovered and well on the way to leading a normal life with a few modifications.

The boy, who was found to have the rare ailment was taken to Johns Hopkins hospital where it was found that surgery would be necessary at once if the boy's life was to be saved.

On the eighth day of December he underwent the operation. A drive was started in Pitt county to raise money to defray the expenses of the treatments. He has now returned to his home near Ayden, with the hopes of returning to school next week.

In an interview with a Daily Reflector reporter yesterday in the office of Bob Hawkins, district supervisor of vocational rehabilitation in this region, the small lad, who weighs a fraction over 60 pounds in spite of his eleven years, was all smiles as he told of the fine treatment which he received while he remained a patient in the hospital.

The youngster with deep rosy cheeks, is far different from the lad who hovered near death's door for many months before the operation was performed to correct his heart disorder. The ailment which turns parts of the body a bluish color, because of faulty blood circulation

Wallace Denial

Washington, Jan. 26 — (AP) — Henry A. Wallace said today he had "absolutely nothing to do with" wartime uranium shipments to Russia.

Wallace, wartime vice president, testified before the House Un-American Activities Committee. He asked to be heard after Radio Commentator Fulton Lewis Jr. said in a broadcast last month that Wallace helped the Russians get supplies of atomic materials. Uranium is used in making the A-bomb.

In a statement, Wallace told the committee he did not even know the Russians were asking licenses for the shipments.

Warm Weather Is Much Like '49

Greenville continues to enjoy the summer-like weather which has prevailed in this area for the past several days.

Temperatures ranging up into the high seventies, reaching a high of 79 degrees yesterday, was recorded by the local weather observer.

A check with the records in an effort to find if the weather is in keeping with the same period last year, shows it nearly parallel with that of 1949.

On January 25 of last year the high temperature reading was 77 degrees. Mrs. Malden, local observer, termed the weather as running

Predict Lengthy Chrysler Strike

Over 100,000 Workers Idled; Tie-Up May Last Month

Detroit, Jan. 26 — (AP) — The CIO United Auto Workers faced up to a possibly long strike today for the kind of pension plan they want from Chrysler.

Some union sources said the strike which started at 10 a. m. (EST) yesterday, might last at least a month. It immediately idled 106,000 workers.

State and federal labor mediators, however, expressed hope that bargaining talks could be resumed this week.

Both company and union representatives said they were willing to return any time the mediators arranged a meeting.

At a dead stop was the daily production of 7,000 automobiles by Chrysler, one of the industry's three top producers. Chrysler's major rivals are Ford and General Motors.

Basically, the company-union was over the form and administration of \$100 monthly pensions.

After negotiations covering half a year's time, Chrysler offered the pensions. But the union objected to the conditions.

The walkout affected 85,000 Chrysler production workers, most of them in Michigan. The company makes Chryslers, De Soto, Plymouth and Dodge cars.

The Briggs Manufacturing Company, Chrysler's supplier, announced it was laying off 21,000 employees. The firm makes auto bodies.

The union permitted 21,000 office and maintenance workers and supervisory employees to pass through token picket lines.

His views are pretty well known on the rising Red tide in Asia, peace for Japan, the importance of Formosa in the U.S. Pacific defense line.

It is also known he does not think war is imminent. He is known to regard modern war as so nearly all-destructive that any future conflict might prostrate the participants.

But today you would hardly have known he had anything on his mind but a birthday.

There was little ceremony or fanfare.

There were congratulations of course. From his son and wife, from officers who have followed him through hot and cold war, from many friends in many lands and from Sir Alvaro Gascoigne of the British mission here who brought greetings from Tokyo's diplomatic missions.

The general, tall and thin and

Washington, Jan. 26 — (AP) — A split in party lines was reported today on the question of doing away with the electoral college in the election of a President and vice President.

The report came from Senator Lodge (R-Mass.), the chief sponsor of a constitutional amendment which would drastically change the nation's traditional method of electing a chief executive.

The Senate opened debate on the measure yesterday.

New Republic Of India Swears In First President

Former British Dominion Becomes Sovereign Democratic Republic

New Delhi, India, Jan. 26 — (AP) — India today inaugurated her first president and became a sovereign democratic republic.

The installation of 64-year-old Rajendra Prasad, veteran disciple of Mohandas Gandhi, ended the allegiance that for 178 years the vast Asia sub-continent has paid, willingly or otherwise, to Britain's king.

The new republic of India, remains, however, a voluntary economic and political member of the British commonwealth. India joined the commonwealth August 15, 1947, when she and Pakistan became sovereign dominions.

Indians insisted on fulfilling their dream of setting up a sovereign republic. Pakistan has remained a British dominion.

The last chief of state supplied India by the British crown, Governor-General Chakravarti Rajagopalachari, read the proclamation establishing the "sovereign democratic republic." He opened the simple, solemn ceremony in the magnificent government house Durbar Hall that once was the throne room for Britain's viceroys in India.

After the proclamation Prasad, who had been unanimously elected by the constituent assembly on Tuesday, was sworn in as India's first president.

Atop the building the governor general's flag came down and the president's banner went up. A military band blared India's newly-official national anthem, Jana Gana Mana. A 31-gun salute boomed in the courtyard.

Gunfire of another sort was occasioned elsewhere in India by the inaugural. In Bombay today police fired nine shots to disperse an anti-republic demonstration organized by Communists.

The police said eight of them and one girl were injured by the mob. A Bombay hospital said three persons had been admitted for treatment of bullet wounds and more were expected.

Prasad, in his inaugural address, offered thanks to Gandhi as the father of the nation and to "the numerous men and women who by their suffering and sacrifice rendered the attainment of independence and the establishment of this sovereign democratic republic of India possible."

Charlotte Man Held In Plot To Dynamite Tower

Charlotte, N. C., Jan. 26 — (AP) — Police early today arrested a member of the Charlotte Parks and Recreation commission and charged him with conspiracy in the alleged attempt to dynamite radio station WBT's transmitting tower last Sunday.

Taken into custody shortly after midnight by city and county officers was Sterling L. Hicks. The parks official also is business manager of the Charlotte local of the International Brotherhood of Electrical Workers.

The radio station management currently is involved in a labor dispute of 10 technicians discharged by the company last September in connection with the dispute.

MacArthur Is 70 Today, Talks Little About Job

Tokyo, Jan. 26 — (AP) — General MacArthur, the man who has ruled Japan since the Rising Sun set more than four years ago, was 70 years old today.

Physically well and mentally tough, the supreme allied occupation commander talked a little about his increasingly difficult job—but not for publication.

His views are pretty well known on the rising Red tide in Asia, peace for Japan, the importance of Formosa in the U.S. Pacific defense line.

It is also known he does not think war is imminent. He is known to regard modern war as so nearly all-destructive that any future conflict might prostrate the participants.

But today you would hardly have known he had anything on his mind but a birthday.

There was little ceremony or fanfare.

There were congratulations of course. From his son and wife, from officers who have followed him through hot and cold war, from many friends in many lands and from Sir Alvaro Gascoigne of the British mission here who brought greetings from Tokyo's diplomatic missions.

Divided Over Electoral Rule

Washington, Jan. 26 — (AP) — A split in party lines was reported today on the question of doing away with the electoral college in the election of a President and vice President.

The report came from Senator Lodge (R-Mass.), the chief sponsor of a constitutional amendment which would drastically change the nation's traditional method of electing a chief executive.

The Senate opened debate on the measure yesterday.

More Funds Asked For Atom Project

Look To Lewis

Washington, Jan. 26 — (AP) — A direct signal from John L. Lewis appeared today to be the only possible move which could head off (1) the spread of strikes in key soft coal mines and (2) intervention by President Truman.

More and more soft coal miners dropped their tools this week and director James Boyd of the Bureau of Mines told the Senate Labor committee yesterday that unless coal production increases at once, "the National economy, health and welfare of the nation is now or soon will be imperiled."

At least 83,000 miners were reported idle and the number was spreading. Still companies announced more cut-backs and the banking of furnaces for lack of coal. Railroads were laying off workers for the same reason.

The White House submitted the request for additional contract authority yesterday, without waiting for adoption of the budget for the next fiscal year beginning July 1.

The White House said the authority to let \$87,650,000 worth of contracts now is needed for an atomic plant-expansion plan announced last October.

The estimate, said the White House, "provides for the acceleration of certain projects in the reactor development program and initiation of some new projects."

Reactor is the scientific name for a power-producing atomic engine. So far, work on such engines is still in the experimental and development phase. No atomic engines, fueled with uranium, are yet producing power commercially nor are they expected to for some years.

However, the reactor development program is of major interest to those who foresee atomic power as a means of propelling ships. The Navy, seeking submarines of unlimited range and capable of long voyages under the sea's surface, is keenly interested in the reactor program.

In addition to requesting the added contract authority, Mr. Truman also asked for another \$7,000,000 to begin construction of Tennessee Valley power facilities to provide "the large quantity of additional power needed for operation of a new atomic energy facility" at Oak Ridge, Tenn.

The Atomic Energy Commission announced on October 25 that it planned a \$300,000,000 expansion of its facilities. A few days earlier Mr. Truman had announced he planned to ask Congress this year for money to such an expansion program.

In the December tenth fire, the building, its office equipment, scales and other items were destroyed by a blaze of unknown origin.

Clearing of the ruins has been under way for the past several weeks.

Coal Stocks In State Low, But Need Not Great

Raleigh, N. C., Jan. 26 — (AP) — Coal stocks in North Carolina are well below normal but there is no immediate prospect of actual suffering or extensive industrial curtailment, a survey indicated today.

The state's two largest power companies, Duke Power Company and the Carolina Power and Light Company, indicated that their coal stocks are sufficient for the present and the immediate future.

The two power companies, which use both steam and hydroelectric generating plants, supply power to a large percentage of the state's industrial plants and domestic power consumers.

The decision to send a sharp note to the Soviet was reached after a three-hour special meeting of the western Kommandatura.

A previous protest has been ignored until now.

The action came as the Russian guards on the Helmsford border appeared to be tightening a "baby blockade" to the point where only one truck was being passed through every fifteen minutes.

An American army truck convoy crossed early today without difficulty, but nearly 400 German trucks were caught in the jam which began five days ago.

Tries For Quick Excise Tax Vote

Washington, Jan. 26 — (AP) — An immediate vote on a \$700,000,000 slash in excise taxes was sought in the House today by Republican leader Joseph W. Martin.

He ran the risk of being ruled out of order.

The top House Republican formed his excise-cutting bill as an amendment to a measure taxing investment income of life insurance companies.

right to remember that the answer which the churches would give to my question is 'fundamentally right.'

That's strong mustard, coming from a British soldier who has spent some of the best years of his life fighting Germans. In fact his speech tacitly recognized that the taking of such a position is indeed strong mustard. There is, as he stated, "a somewhat long tradition of enmity" between Germany and England.

And why should these old enemies want to be friends? One good reason is the cost of past wars to both of them, in blood and destruction.

"A second good reason," said Sir Brian, "is surely to be found in the fact that both countries today are menaced by a common peril (a reference to the Communist offensive), x x x The threat to our security, or freedom or our common civilization is obvious for all to see. There is yet another reason of more general nature. Our world is contracting. Man's inventions have reduced distance and improved communications to such an extent that

Social and Personal

All items for this page received after 10 A. M. will be published the following day. Dial 2222-8 A. M. to Room; 1 to 4:30 P. M.

Rev. Henry Speight, student of Butler University, is visiting his parents on Greenville, Route 4.

J. L. Stocks and J. W. Gilbert attended the Shrine convention in New Bern today.

Mrs. Heber Cox is doing nicely after an operation Monday in Memorial General hospital in Kinston.

Mr. Fred Forbes returned yesterday from Rex hospital in Raleigh where he has been undergoing treatment.

Mrs. R. E. Corbett has returned from a Richmond hospital, where she has been a patient for several weeks.

Mrs. W. I. Wooten, Miss Lillian Wooten, and Frank Wooten left today for New York.

Birth Announcement
Mr. and Mrs. Walter J. Williams announce the birth of a son, Friday, January 20, at Dr. R. L. Williams' clinic in Farmville.

Birth Announcement
Mr. and Mrs. J. Wilmer Rawls announce the birth of a son, Jeffrey Dwight, on January 24 in Pitt General hospital.

Mrs. Rawls is the former Miss Pauline Worthington of Stokes.

Announce Birth and Death of Son
Mr. and Mrs. Allan Stokes announce the birth and death of a son, on Tuesday, January 24, 1950, in Pitt General hospital.

Mrs. Stokes is the former Miss Anne Ruth Blake, of Lucama, N. C.

Black Jack Free Will Williness
Rev. and Mrs. B. B. Carlyle will conduct services at the Black Jack Free Will Williness church Saturday night, January 28, at 7 o'clock and Sunday morning at 11 o'clock. Everyone is invited to attend.

Pentecostal Holiness Youth Society
At the regular meeting of the Pentecostal Holiness Youth Society at 7:30 tonight two short films will be shown. You are invited to see "Life of Moses" and "Wayward World."

Chicken Dinner at Falkland
The Falkland P. T. A. is sponsoring a chicken dinner on January 26, 5 to 7 o'clock in the Falkland luncheon. Adults \$1.00, children 50c.

Card of Appreciation
The family of Mrs. Martha "Mae" Johnson wish to express their sincere appreciation for the kindness shown them in their recent bereavement.

Redmen Notice
A regular meeting of Withlacoochee Tribe No. 35 Improved Order of Redmen will be held at the Redmen hall Friday night, January 27, at 7:30. Supper will be served at 8 p. m. after which there will be degree work. All Redmen and visiting Redmen are urged to attend. BERRY SUMRELL, Sachem.

Community Sing
The regular fifth Sunday night community sing will be held at the Greenville Free Will Baptist church Sunday night, January 29, at 7:30. Capable choirs, quartets, trios and duets have committed themselves to be present to make this an outstanding service. Groups from Black Jack Free Will Baptist church, the Rev. J. C. Moye family, Ayden Free Will Baptist church, Pleasant Hill Free Will Baptist church and other groups will be present. All singers and the interested public are invited to attend this service.—R. B. Crawford, pastor.

40 Years Ago Today

THE DAILY REFLECTOR
January 26, 1910

From Campus, reported for The Reflector by Miss Mamie E. Jenkins. A valuable addition to the faculty is Mrs. Jennie M. Ogden of Drexel Institute, Philadelphia, a woman of exceptionally fine training and experience. Mrs. Ogden will take charge of the dining hall and deliver lectures on Domestic Science.

Nineteen new students have entered school since the holidays, making the total enrollment 142. It has become necessary to divide some of the classes into two sections.

A book room in which all school supplies are kept, has been opened and placed in charge of Mr. E. C. Dodd.

A room in the administration building has been attractively furnished for use of the Y. W. C. A.

Joint Hostesses To Philathea Class

The Wesley Philathea class of the Methodist church met Monday night at the home of Mrs. K. W. Cobb with a very good attendance. The assisting hostesses were Mrs. Cora Powell, Mrs. Virginia Perkins, Mrs. L. L. Rives, Mrs. J. L. Russell and Mrs. J. R. Barker. Mrs. Allen, the president, presided. Miss Ramona Rouse gave a very impressive devotional. Roll call, collection of dues and the treasurer gave a report. After the business the meeting was turned over to the entertainment committee. The class gave the teacher, Mrs. Harry Forbes, a birthday party. She received several pretty and useful gifts. After she opened her gifts refreshments were served. The February meeting will be with Mrs. J. C. Galloway.

Legion Auxiliary Holds Meeting

The regular monthly meeting of the American Legion Auxiliary was held on Monday afternoon, January 23, at the Legion Home.

The business meeting was presided over by the president, Mrs. G. E. Winders. Reports of the secretary and treasurer, Mrs. Arthur E. Corey, were read and approved. Mrs. H. R. Rogers, co-rehabilitation chairman, reported 27 gifts had been donated by the Pitt County Unit for the Christmas Gift Shop at the Fayetteville Veterans Administration hospital. A report submitted by Mrs. James R. Jenkins, child welfare chairman, was read giving an account of the needy family previously selected for assistance at Christmas time. Several notes of thanks to the Auxiliary were read by Mrs. Q. A. Taylor, hospitality chairman. A past president's pin was presented to Mrs. H. R. Rogers, president of the Auxiliary last year, for her splendid work and untiring efforts in behalf of the unit. Mrs. Boley Farley was welcomed as a guest at the meeting.

A film on the control and treatment of cancer was shown. After the meeting the members were invited into the dining room to a beautifully appointed table where they were served spiced tea, sandwiches, cakes, cheese, straws and minis. Mrs. Clyde Hollowell, hostess chairman, was assisted by Mrs. W. R. Jones and Mrs. C. L. Dupree who poured tea and Mesdames Simon Tucker, Sam Fleming, Ray Tyson, Quinn Bostic, F. A. Jordan and Alex Viola.

Masonic Notice
There will be an Emergency communication of Greenville Lodge No. 284 A. F. & A. M. Friday evening at 7:30 for work. All Master Masons and Fellow Crafts are cordially invited to attend. RUFUS H. HARRELL, master. A. R. HOUSE, Secretary.

SOCIAL CALENDAR

THURSDAY

8:00 p. m.—V. F. W. Auxiliary meets at the club house.
8:00 p. m.—Pitt county group of Alcoholics Anonymous will hold an open meeting in the city hall, which will be followed by coffee hour in the Methodist church.

FRIDAY

8:30 p. m.—Kiwanis Club.
8:45 p. m.—Exchange Club.
9:00 p. m.—Robert Carter, pianist and faculty member of East Carolina Teachers College, will be presented in a recital in the Wright auditorium at the college. The public is invited by the department of music, sponsors of the event, to be present for the program of music by Brahms, Beethoven, and Bach and for the premier performance of Sonata, No. 1, by Alice Hunt-Sokoloff, American composer.

SATURDAY

7:45 a. m.—Credit Women's Breakfast club meets at the Old Town Inn.

Eastern Pines Community News

On Thursday night, January 19, a barbecue supper was held for all the people who contributed in various ways for the building thus far. The men were most cooperative in providing barbecue and drinks, while the ladies of Red Banks Home Demonstration club and others of the immediate neighborhood had charge of the serving of around 300 guests. They provided bread sticks, slaw, yams, cup cakes and coffee. It was a real pleasure to use the newly installed gas stoves and the complete water system which facilitated the job.

Upon arrival, visitors were struck with the glowing oak fire, an attractive arrangement of magnolia leaves and flowering quince decorated the mantel. The tables were lavishly with centerpieces of ivy and quince.

Probably the highlight of the evening came when many of the older ones lingered for a fireside chat and we could almost hear some of them saying within, "Backward, turn backward! O time in your flight, make me a child again, just for tonight."

Reminiscings were heard of the aroma of sweet potatoes roasting.

Again we express our pleasure to have people of Greenville come out and exchange greetings.

Did you ever hear of Santa Claus building the chimney in order that he might descend? Such is the experience of Eastern Pines community workers. Mr. Jack Harrington, an artist at his trade, assisted by his brother, Edward, will always be remembered for his untiring service, mostly in inclement weather. And with new andirons the room becomes increasingly attractive. The iron railing on the front porch also given by L. T. Hardee, Jr., completes the outside appearance.

So many things have been added. Mr. Glenn Hardee and Mr. Kay Stokes worked rain and shine to build cabinets in the kitchen and install sinks.

A plaque fashioned by Mr. Kervin Conway will commemorate the memory of contributing firms for years to come. If a name has been omitted, will you please notify the person to whom you donated?

During the past holidays the community enjoyed a Christmas tree with exercises in which mostly the kiddies took part, displaying their ability in song and recitations.

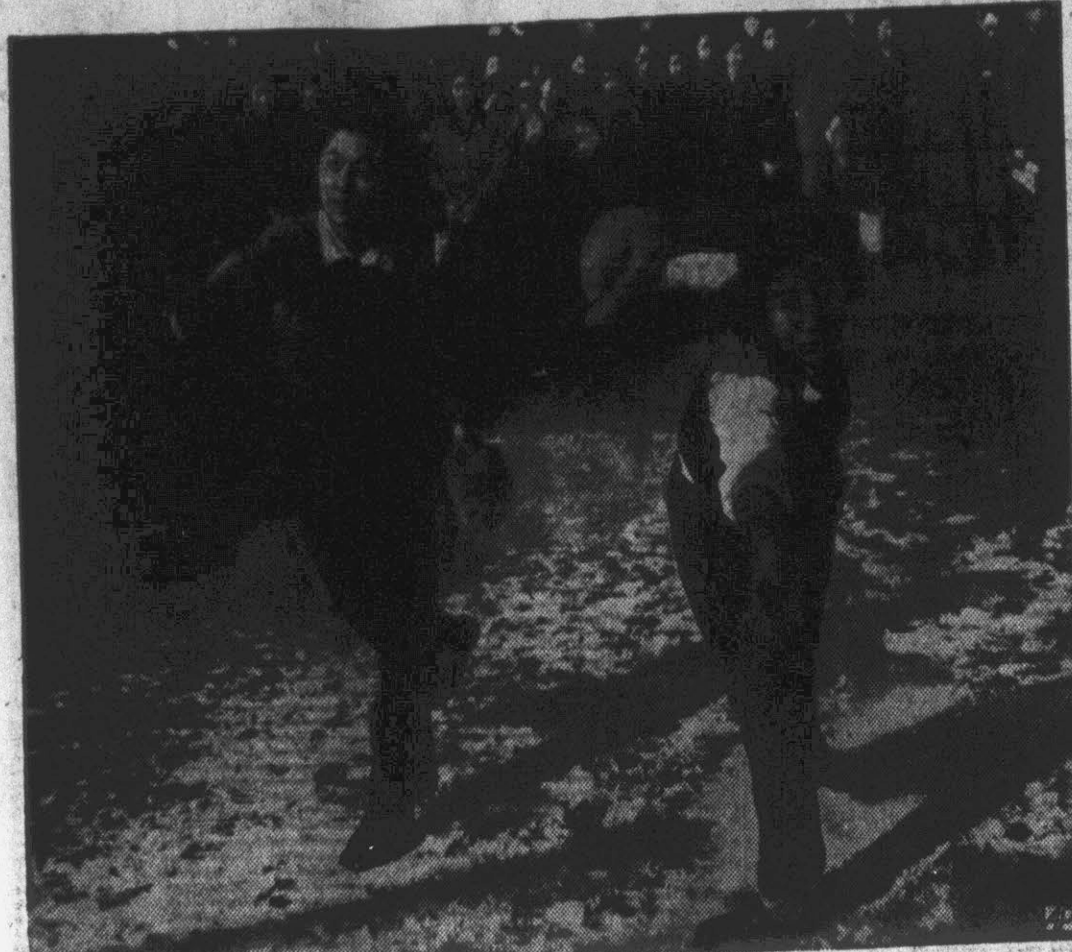

The yearly Hardee family reunion was held on the night of December 24.

Says Sunbathing Possible Cause Of Skin Cancer

Buffalo, N.Y., Jan. 26—(AP)—Sunbathing is dangerous because it probably causes skin cancer, says Dr. Earl D. Osborne, head of the division of dermatology and syphilology of the University of Buffalo Medical School.

"The incidence of skin cancer throughout the world," Dr. Osborne said in a lecture at Canisius College last night, "is in direct proportion to the amount of sunlight which the skin of the white individual receives."

Skin cancer is seven times as common in the South as in the northern states and there are six to eight times more cases among blonds than among brunets, he said.

JAPANESE WOMEN TAKE UP BASEBALL—Two candidates for battery positions warm up at the first tryouts for the women's professional baseball league in Tokyo.

Building Outlay For December Up

Raleigh, N. C., Jan. 26—(AP)—North Carolina building expenditures reported to the state labor department for the month of December totalled \$6,069,258.

This was slightly more than \$2,000,000 higher than the amount reported for December, 1948, department statistician C. R. Fritchard announced today.

Prison Sentence For Arson Plot

Kinston, N. C., Jan. 26—(AP)—Two defendants have been sentenced to prison on charges of conspiracy to burn a house here to collect \$17,000 in insurance.

Charlie Bursell, 48, owner of the house, and Lloyd Cummings, 44, were sentenced by Judge R. Hunk Parker in Lenoir Superior court to five to eight years each for house burning and one to two years for conspiracy. The terms will run concurrently.

WOMEN! Are These Signs Warning You Of CHANGE OF LIFE?

Nervousness, a depressed, irritable, edge, run-down feeling may be warning you of "the change." If so, worrying won't help relieve such discomforts. During this time, jittery times, thousands have found Cardui to be amazingly soothing and comforting. Cardui also helps relax that horrible pent-up feeling, encouraging better sleep for added strength and vitality. Because Cardui has a stomachic tonic action, it gives grand aid in building resistance so often needed during change of life. Make "the change" as easy on you as possible. Ask today for a bottle of Cardui.

Celebrates 112 Birthday Today; Just A Youngster

Waynesboro, Pa., Jan. 26—(AP)—Mrs. Mary O'Neill, the little old lady of Stonerush Hill, is 112 today.

And, although she still insists she's "just a youngster," Mrs. O'Neill will admit 112 is a very unusual age.

"The will of God," is the way she explains it.

Today's balmy weather promised to bring three visitors than last Jan. 26, when Mrs. O'Neill was isolated in her four-room cabin by an ice storm.

The mountainside on which she lives with a granddaughter and grandson is a source of both pleasure and annoyance.

Much of her time is spent looking out over the picturesque river valley below.

"But," she adds, "I don't get out enough. That hill is enough to make anyone puff."

A native of Yorkshire, England, Mrs. O'Neill married when she was 26 and had seven children. Her husband died when she was 50 and she came to America to settle in the Pennsylvania anthracite region.

Two of her children are still living. They are Mrs. Mary Dugworth, 72, of Quebec, Canada, and James O'Neill, Lancashire, England.

What sort of food does a lady of 112 like? A slice or two of toast and a cup of tea for breakfast the same for lunch and a boiled or fried egg for supper.

As a special treat, she says, there's nothing like a rabbit stew.

"I'm just not a big eater, but I remain healthy."

Not one to let her granddaughter,

Nancy, do all the household chores, Mrs. O'Neill helps as much as she can, even baking her own bread.

"Last summer," she said rather proudly, "when Nancy was bedfast with arthritis, I took care of the house and twice walked down the half-mile hill — once to meet the baker and again to meet the mailman."

Partly because she never learned to read or write, Mrs. O'Neill's chief pleasures include listening to her battery-powered radio — her home was never wired for electricity.

Ruritan Honors Work Of Clubs In Civic Service

Myrtle Beach, S.C., Jan. 26—(AP)—Ruritan National concluded its 20th annual convention here last night with presentation of awards to clubs considered to have rendered the most outstanding community service in 1949.

Winners were: Aulander, N.C.; Waverly, Va.; West Rockingham-Mount Clinton, Va.; Carlett-Galverton, Va., and Landrum, S.C.

Garland Gray of Waverly, in his final address as outgoing president, welcomed 54 newly organized clubs into the Ruritan National Association. The association is dedicated to the civic welfare of the smaller communities of the South.

Curtis Old of Great Bridge, Va., is the new president.

The first railroad in America was horse-drawn and was used in 1828 to haul granite for the Bunker Hill monument.

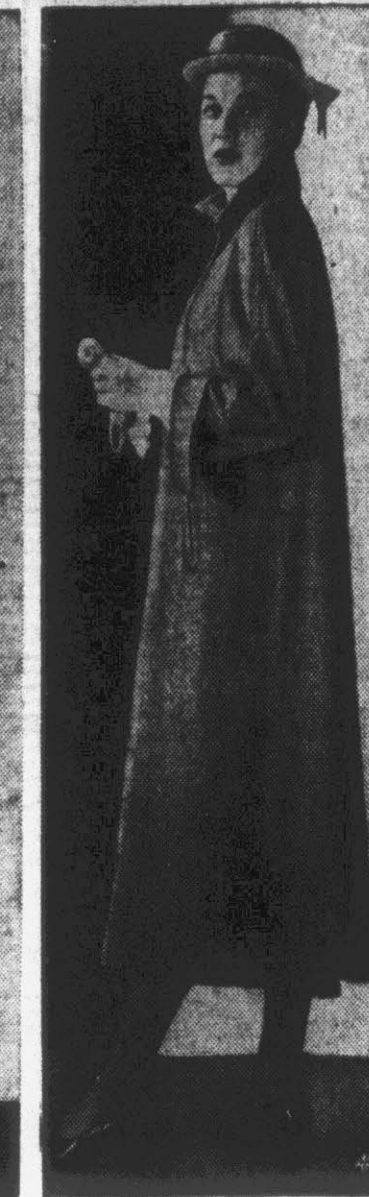

1950 Look.. Straight And Narrow

PLEATS PLUS... The knife pleated jersey skirt has a matching weskit and an air of casual assurance. Contrasting weskits also are shown in plaid woolsens.

TOPS FOR TRAVEL... The all-occasion tweed coat with raglan sleeve, slimlines and velvet on the underside of the collar. All are by Vera Maxwell.

Gather To Draft Sale Regulations

Raleigh, N.C., Jan. 26—(AP)—A sub-committee met here today to draft proposals for regulating fine-cured tobacco auction sales.

The sub-committee was set up and instructed to draft the proposed regulations at a meeting here last week of a committee composed of Grange and Farm Bureau officials from Virginia, North and South Carolina and Georgia, officials of the Bright Belt Warehouse Association and the Export Leaf Tobacco Association, a buying group.

The regulations will cover market opening dates, sales regulations, and market expansion.

If the regulations proposed by the sub-committee are approved by the

various organizations represented on the full committee, they will be submitted to the Board of Governors of the Bright Belt Association for adoption. This would place the duty of enforcing the regulations upon the warehouse association.

How To Relieve Bronchitis

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CREOMULSION for Coughs, Chest Colds, Bronchitis

Giant Gorillas Are Called Myth

PASADENA, Calif.—(AP)—David P. Willoughby was intrigued by tall tales told by African hunters about 9-foot gorillas that inhabited certain sections of the Belgian Congo. So the California Institute of Technology paleontologist went to work, measuring hundreds of gorilla bones, checking photographs and reports by expeditions.

His conclusion: Gorillas are no taller than people. In a report to the American Association for the Advancement of Science Willoughby said the tallest reliably reported height for a gorilla is 6 feet 2 inches, although the animals often weigh more than 500 pounds.

Favor Delay In Tobacco Auction

Oxford, N. C., Jan. 26—(P)—The Granville farm bureau wants a 30-day delay in the opening of tobacco auctions. The bureau made its stand known yesterday and said it would ask the state farm bureau to support its action.

A resolution also was passed opposing any leaf auction where all major buying companies are not represented. The two resolutions will be presented to the state bureau meeting in Raleigh.

Almost half of Spain's productive land consists of pastures and mountains.

By unearthing remains in alluvial deposits, including stranded fish, researchers set the date of the Flood or Deluge, mentioned in the Bible, at 4000 B.C.

New Hampshire is known as the "Granite State."

Happy Is The Day When Backache Goes Away

As we get older, stress and strain, over-exertion, excessive smoking or exposure to cold sometimes slows down kidney function. This may lead many folks to complain of nagging backache, loss of pep and energy, headaches and dizziness. Getting up nights or frequent passages may result from minor bladder irritations due to cold, dampness or dietary indiscretions.

If your discomforts are due to these causes, don't wait, try Doan's Pills, a mild diuretic. Used successfully by millions for over 50 years. While these symptoms may often otherwise occur, it's amazing how many times Doan's give happy relief — help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

**IS HUMAN EXISTENCE ON
THE SQUARE?**

In a certain summer hotel the management has provided picture puzzles for the entertainment of their guests. The boxes containing tiny portions of the pictures cut with a jig saw are spread around on several tables. One day last summer a man, after trying for some hours to put a puzzle together, declared that somebody had lost certain of the pieces. But the next morning when he went into the game room, there was the picture puzzle put together. It had been done by some diligent and intelligent person the night before.

We often complain that life is rigged against us. If God were just He would not allow evil to exist in the world, or He would not allow this calamity or that to happen to us. What, we ask, can a person believe in this world of uncertainty? There is no real measure of truth.

All this is the complaint of the man who insists that the reason why he can't put the picture puzzle together is because all the pieces are not there. Yet others put it together. Millions through the ages have believed in the integrity of life's puzzle, have tried all their life to put it together, and have succeeded. We whine when we say the game is rigged against us. Start putting the pieces together.

**Around Capitol
Square**

By LYNN NISBET
CHEERFUL—Capitol square was one of the brightest and cheeriest spots in the state Wednesday. The temperature was that of late spring; the sun shone brightly on green grass and the premature flowers. But main reason for the brightness was the smiles on faces of the state employees. It was pay day—the first one since December 30. State workers are paid normally on the 25th of the month, but long custom has been to issue the December checks in time for Christmas spending. Spending is heavier then, and it's a long month until next pay day. When it arrived Wednesday everybody was happy, and some of the girls smiled at everybody—including strangers.

LETTERS—One mail this week brought to the governor's office 43 letters from one community about the same subject. They came from Zebulon-Middlesex area and but three or four were handwritten. Mostly pencil, and some of the writing was not too legible, but there was no doubt about the meaning. They wanted telephones.

HANDICAPS—This one batch of mail illustrates the general desire for more telephones, as well as the influence of publicity and effort of personal solicitation. Experience has proven that not all those who want telephones will sign a service contract. That isn't the only handicap to telephone extension. A reporter asked Governor Scott at his latest press conference about the problem of rights of way for telephone and power lines, especially about reported case in his home county of Alamance where refusal of a farmer to permit lines to cross his land was holding up planned extension. The governor said "there are legal methods to get a right of way." He did not elaborate and the question was not pressed. Obviously he meant the right of eminent domain for condemnation of land needed by a public utility. That is a long, tedious and expensive process.

MONOPOLY—It was noted in a recent column that Governor Scott's proposal for canceling franchises of utilities which did not render desired service and turning the job over to a bigger company, tended toward absolute monopoly. Asked the direct question by another reporter, the governor admitted that there is already an absolute monopoly with respect to long distance telephone service, and thought monopoly might be better than the kind of service many communities now get.

BRIDGES—When the highway commission released a news story to effect that 2,190 new bridges were built last year, your reporter thought it would be a good idea to find out how many bridges there are in North Carolina. And that turned out to be a screwy idea. There are about 3,000 bridges of over 20 feet on the main highway system, and approx-

That's A Good Question

-ALL THESE OTHER GREAT COMMUNIST LEADERS, WHO HAD THEIR PICTURES TAKEN WITH YOU, COMRADE STALIN - WHERE ARE THEY NOW?

JOE **MAO OF CHINA**

REG-MANNING

mately 15,000 over 16 feet on the county system. Nobody was able to give any accurate information, or hazard a guess, on how many bridges there are under 16 feet in length. One reason for lack of information on this point is that for several years trend has been to substitute pipe or box culverts for small bridges and the rider along the road is not conscious of the stream below.

CHANGE—Back in horse and buggy days bridges were more noticeable. There were few concrete structures, and not many metal bridges. There was some romance—long since lost—in listening to vehicles cross the wooden bridge with loose planks. A country resident could know several minutes in advance that he was going to have company, because he heard the bridge-croaking. Bridges are not as important in themselves as they used to be. But anybody who doesn't think they are still important should talk to somebody from the Croatan Sound-Alligator river section—or attend a governor's press conference—where the standard question is "What about the bridges?"

Boyle's Column

By HAL BOYLE
New York—(AP)—There is a classic yarn of a jittery ghost who went to see a psychiatrist.

"Doc, you've got to do something for me quick—I'm a nervous wreck," complained the spook.

"And what are your symptoms?" asked the psychiatrist.

"I keep seeing people!" the ghost replied, biting his nails. And that is one of the big troubles with being a ghost. As soon as it sees people—and as soon as they see it—well, they just won't let a ghost alone. People give ghosts the creeps. They bother the life out of them.

A case in point is "Mrs. It," the ghost of a dear old lady named Mrs. Gladys Drury who died 18 years ago in a fine old Victorian home near Bristol, England.

The William Baber family moved into the house in 1937. Reports vary as to how they stirred up Mrs. Drury's ghost. One story said they opened the room in which she died in violation of a clause in the lease that it should remain locked. Another story said the ghost appeared after they opened a closet in which Mrs. Drury's trunks had been stored.

In any event Baber said the ghost began appearing at 6 a. m. every

Somebody Told Me...

By L. J. (JACK) EDWARDS, JR.

To tell the truth, I'm sick "come un perro" (Spanish for "as a dog"). Last night I raked my brain for an hour trying to think of a column idea, and ended up with only one thought: I'm sick with a bad cold.

A man confronted with a problem like this has no business going to see a doctor, because everybody knows that there's no cure for a common cold. Realizing this, I went to the Reader's Digest instead. It offers a cure for any problem: social, psychological, domestic, or economic. It will tell you when the world is coming to an end, to use a certain tooth powder or your teeth will fall out, or the way to prevent an economic crisis. Therefore, I assumed that it would tell me all about curing a common cold. And it did.

In the December issue is an article entitled, "Is this, at last, good-bye to the common cold?" The answer, dear readers, is no, n-o. But let me tell you the story, so I'll have something to write about.

I read the article, which described a new wonder drug which is supposed to solve this cold problem morning and following members of the family around. Also, he said, he woke up the children.

He asked the city council either to find him a new home—or get rid of the ghost. A young vicar of the church of England was called in to exercise poor Mrs. Drury's spectral figure by ancient rites.

The average ghost is much less trouble than the average week-end guest. It doesn't eat you out of house and home, it doesn't run up the electric light bill by reading at night. All it wants to do is to haunt the house in its own quiet way.

Take poor ghostly Mrs. Drury. Who was she hurting? What if she did pad around after the family at 6 a. m.? She was probably lonely from prowling the house all night by herself. Instead of calling in the vicar, wouldn't it have been nicer to borrow a ghost from some other

LONG TRANSLATION
New Delhi, India, Jan. 26—(AP)—India today became a "Sam-poorna Prabhutva Sampanna Lokataratam Ganarajya."

That, government language experts decided, was the official Hindi language translation of "Sovereign Democratic Republic."

The first public railway hauled by a locomotive operated in England in 1825 and covered nine miles in 65 minutes.

**Washington
Letter**

WASHINGTON—Daughters of the nation's big-wigs—the Democratic ones—will serve as "Belles of Democracy," or junior hostesses, at the capital's Jefferson-Jackson Day dinner Feb. 18. Ranging in ages from 15 to 23 years, they will escort prominent diners to their seats at the \$100 banquet to be held at the armory. They'll also pass out programs and lend glamor to the party's fund-raising event, which is expected to draw some 5,000 supporters.

Charles Luckman, who served during 1947 as chairman of the Citizens' Food Committee, is general chairman of the banquet. President Truman is expected to be principal speaker. Co-Chairman is Mrs. O. Max Gardner, widow of the former U. S. ambassador-designate to Great Britain.

"Belles of Democracy" include Miss Jane Hadley, 18-year-old step-daughter of Vice-President Barkley, who is attending the Holton Arms School here; Marjorie and Joyce Clifford, attractive daughters of Mr. and Mrs. Clark Clifford, and Jane Lingo, daughter of Commander Harrison Lingo and close friend of Margaret Truman.

Others include Miss Irene Pawley, dark-haired, blue-eyed niece of the former U.S. ambassador to Brazil and Mrs. William D. Pawley; Miss Zilpha Bosone, daughter of Congresswoman Reva Beck Bosone (D-Utah); Mary Lou and Jean Ann Rutledge, daughters of the late Wiley Rutledge, associate justice of the Supreme Court, and Mrs. Rutledge.

Also, Miss Jean Taft Douglas, daughter of Senator and Mrs. Paul Douglas (D-Ill.); Miss Marian Sue Wilson, daughter of Rep. and Mrs. Frank Wilson (D-Tex.); Jean and Barbara Boyle, daughters of William Boyle, chairman of the Democratic National Committee and Mrs. Boyle, and Miss Agnes C. Deane, daughter of Rep. and Mrs.

Deane (D-NC).

Workmen rebuilding the White House are subject to the same security regulations governing anyone else entering the grounds of the executive mansion. They have to wear special badges and be checked in and out by police.

Judith On Trial

Judith Coplon, former Department of Justice employe, walks through the rain to federal court in New York for trial on charges of espionage conspiracy. She and Valentin A. Gubitchev, Russian engineer, are being tried jointly. She is accused of stealing national defense data from the government and slipping it to Gubitchev for transfer to Russia. (AP Wirephoto).

Fish Fry Holdup Trial Continues

Goldston, N. C. Jan. 26—(P)—The trial of six men on charges of highway robbery at a scheduled fish fry near here last Nov. 3 continued in Wayne Superior court today.

On trial are Norman Hart, R. E. Sherron, Crawford C. Woods, Woodrow W. Stroud, Claude Chappell and Linwood Earle Summerlin.

Stroud and Summerlin, charged in addition with receiving stolen goods, entered pleas of innocent as the trial opened yesterday. The others entered pleas of guilty.

A Wayne county resident testified yesterday that he was robbed of \$450 when he appeared on the scene of the fish fry. The witness, Walter West, added that he was bound to a chair and watched the robbery of seven or eight other men.

Investigating officers said the hold-up extended over a period of about five hours as a total of 11 victims came one after another to the Neuse river Rendezvous, once known as the "Hole in the Wall."

Officers said the hold-up men took approximately \$1,500 in cash and several rings.

On the stand, West identified Hart as one of the hold-up men. West said two others were masked.

It's A Custom

Knoxville, Tenn., Jan. 26—(AP)—Andrew M. Tolmie's reelection as treasurer of his union local didn't startle anybody.

Tolmie, who'll be 66 next March, first was named to the office in 1900.

Every year since then he's been reelected by Hill City Lodge No. 58, International Association of Machinists.

Talks Improving Prison System

Raleigh, Jan. 26—(AP)—A nationally known penologist here to make suggestions for improving North Carolina's prison system talked today with Central Prison Warden Joe Crawford.

Austin H. McCormick, executive secretary of the Osborne Association of New York, expects to spend from four to six weeks in the state.

Girl Facing Trial For Mercy Slaying

He was brought to North Carolina at the request of the state's prison advisory council to make a detailed study of prison institutions, policy, and personnel.

The Highway Commission has authorized the prison department to allocate \$1,000 from prison funds to pay McCormick's expenses. The rest of the cost will be paid by the Osborne Association, a foundation which specializes in prison administration.

McCormick spent his first day here yesterday conferring with prison director J. B. Moore, highway chairman Henry Jordan, and chairman George L. H. White of the prison advisory council.

Carol Paight (above), 21, of Stamford, Conn., is on trial at Bridgeport for the mercy slaying of her father who was suffering with cancer. The father, a police sergeant, was shot in the head. Officers said Miss Paight told them she wanted to spare him the agonies of a lingering death. She is charged with second degree murder. (AP Wirephoto).

Revoked Drivers Licenses To Be Sent To Raleigh

Raleigh, Jan. 26—(AP)—Starting Feb. 1, Tar Heels whose driver's licenses have been revoked will be asked to mail them to the Motor Vehicles Department.

The plan, announced yesterday, will enable the Highway Patrol to put in an additional 800 hours a day patrolling the state's highways, officials estimate.

"At present," Patrol Commander C. R. Tolar declared, "all of our patrolmen are tied up for an average of two hours a day in serving papers on people whose driver's licenses have been revoked."

Under the new plan, the Motor Vehicles Department will mail the necessary papers to the persons concerned by registered mail. Enclosed will be a return envelope for the person to mail in his license.

ENGINEERS MEET

Raleigh, Jan. 26—(AP)—The two-day 32nd annual meeting of the North Carolina Society of Engineers will begin here tomorrow. . . .

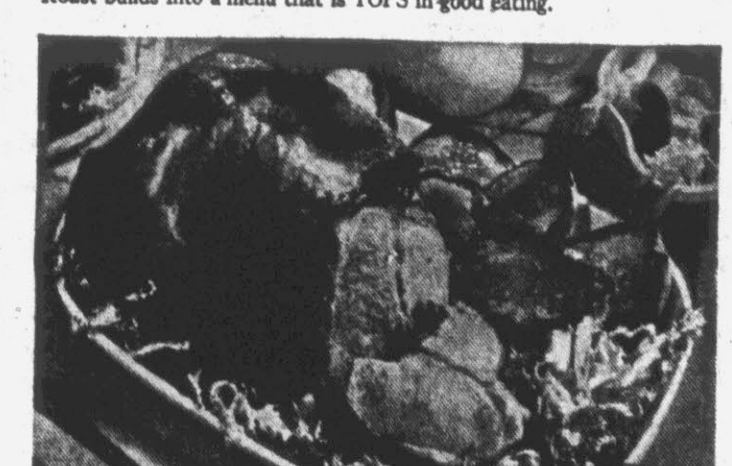

America for actual common-carrier service was "The Best Friend of Charleston," which made its first trip in 1831. On the first run, the engine fell into a ditch but held the rails on later attempts.

United States mail service via the railroads began in 1835.

Wilson's Weekly Bulletin

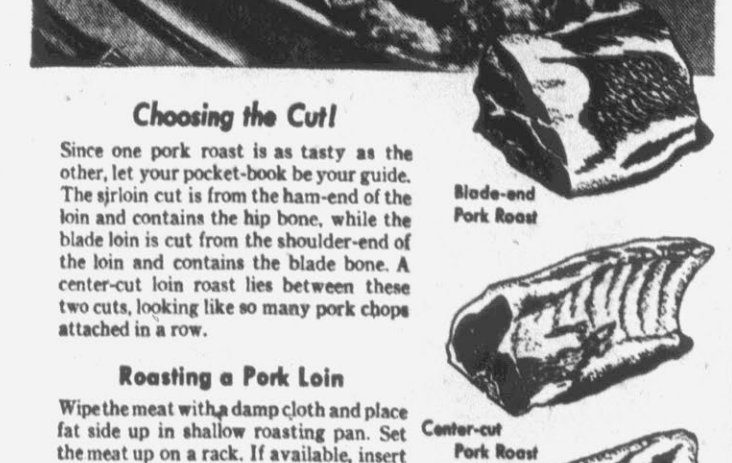

from the **Rector Kitchens**

These are **VALUE DAYS** for All Pork Cuts. Wise homemakers are selecting WILSON'S Pork Loins in one of three cuts—the economy blade-end pork loin roast, the handsome sirloin pork roast, as pictured, or the popular center-cut pork loin which sells at a higher price because it is also very much in demand as choice pork chops. Accompanied with a salad, a crisp relish assortment, baked sweet potatoes and delicious pork gravy, WILSON'S Pork Roast builds into a menu that is TOPS in good eating.

Choosing the Cut!

Since one pork roast is as tasty as the other, let your pocket-book be your guide. The sirloin cut is from the ham-end of the loin and contains the hip bone, while the blade loin is cut from the shoulder-end of the loin and contains the blade bone. A center-cut loin roast lies between these two cuts, looking like so many pork chops attached in a row.

Roasting a Pork Loin

Wipe the meat with a damp cloth and place fat side up in shallow roasting pan. Set the meat up on a rack. If available, insert meat thermometer into the very center of the thickest part of the roast. Do not let it touch the bone. Sprinkle the roast with salt and pepper (using 1 teaspoon salt and 1/4 teaspoon pepper per pound). Place uncovered in a slow oven (350°F.).

Pork-Fresh	Weight	Oven	Meat Thermometer	Minutes per lb.
Center-cut loin	3 to 4 lbs.	350°F.	185°F. or "Well done"	35 to 40
Center-cut loin	4 to 5 lbs.	350°F.	"	30 to 35
Ends { Blade end or Sirloin end }	3 to 4 lbs.	350°F.	"	45 to 50
	4 to 5 lbs.	350°F.	"	40 to 45

Taft Says Discrimination In North Is More Evident

(From the Reflector's Washington Bureau)
Washington, Jan. 25.—There is more discrimination in employment of Negroes in the North than in the South, Republican Senator Robert A. Taft, of Ohio, said today in a column prepared for Ohio newspapers.

Discussing civil rights measures, Taft said, "The most serious discrimination, I think, is in employment and rather more in the North than in the South—that is to say, the jobs open to Negroes are limited in number and character."

Negroes, he said, are more likely to be laid off first when a depression occurs, and they are the last to be put back to work.

To remedy this situation, Taft suggested creation of a Fair Employment Practices Commission to begin a study of the whole problem. But the prominent Ohio Republican made it clear he did not favor the compulsory features of the FEPC bill now being urged by the Administration. This bill is now before a Senate committee, and is being held up by the House Rules Committee.

"I have been opposed to setting up a great federal organization to pass on the possible prejudices involved in any one of the 60,000,000 employment relationships in the United States," Taft continued.

He said the FEPC existing during the war was able to improve greatly the industrial condition of the colored people, though it had no enforcement powers.

Such a commission, he said, after studying an industrial city and determining what the situation is, could call all the employers together and lay out a definite plan for increasing the number of jobs open to Negroes and also for improving the grade of such jobs.

Taft believes all larger employers, with the backing of the President, would go along and set an example for others.

The effort of the government to deal with individual cases, Taft said, is bound to create bitter feeling and increase race feeling and prejudice rather than remove it.

The Ohio senator, sometimes called "Mr. Republican" because of his influence with the Senate GOP, said the Senate will consider the FEPC bill and possibly the anti-lynching bill this month. He said he favors both these bills which are a part of President Truman's civil rights program.

In any event, Taft said he believed the Senate should be allowed to vote on all such bills and not become bogged down in a filibuster.

Radio Replaces Old Fire Gong

PITTSBURGH —(AP)—The resounding clang of the fire gong in district stations of the Pittsburgh fire department will be a thing of the past soon.

A new system to be installed at a cost of \$40,000 will depend entirely on radio. Receivers are to be placed in each station. Firemen will be alerted by a siren. They will listen to the radio to get their calls.

Disappointed Thief Got Soiled Diapers

NORTH HOLLYWOOD, Calif. —(AP)—There's a flabbergasted footpad somewhere in this neighborhood.

Mrs. William A. Lagosier told police that the interesting looking box some thief snatched from her car contained soiled diapers, destined for the laundry.

The population of New York City is greater than that of many countries in Europe.

READY FOR THE RUN — Girl skipper of the Whalaroo, airplane-motored lee sled, waits for her co-pilot before starting a test run on Georgian Bay, Ontario, Canada.

Farmville School Forms Key Club

A Key Club was organized in the Farmville High School on Tuesday of this week under the sponsorship of the Farmville Kiwanis Club. The group met during the activity period and listened to Principal Sam D. Bundy outline the organizational procedure, the background, the workings and value of a Key Club in a high school. Previously, many of the boys had been guests of the Farmville Kiwanis Club when a

program was presented by the Wilson Key Club and for the past year or so many of the boys had been entertained as junior kiwanians.

The original group consisted of 32 boys from the sophomore, junior, and senior classes and represented a cross section of leaders in athletics, music, band, and other extra-curricular activities. Officers elected were James Thorne as president, Robert Pollard as vice-president, Russell Joyner as secretary, and Everette Roebuck as treasurer. Three directors elected were Jack Turnage, Harry Albritton, and Zeb Whitehurst, and will serve with the officers as an executive committee to make plans and recommendations to the club for meeting time and place, activities, etc. In the

near future a Charter Night will be sponsored by the local Kiwanis club at which time the Key Club members will be guests of the club and the charter will be presented by some outstanding Kiwanian.

The Kiwanis Club will rotate having the Key Clubbers as their guest at each meeting and will always have a committee to meet with and advise the Key Club in all of its activities. The present committee is composed of Alex Allen, Alton Bobbitt, and Sam D. Bundy.

The Constitution says the President, Vice President and civil officers of the United States can be impeached for "treason, bribery or other high crimes and misdemeanors."

Pfc Marvin Mobley Taking X-Ray Course

With the 24th Infantry Division on Kyushu, Japan, Jan. 26 — Pfc. Marvin B. Mobley, Greenville soldier now serving with the 24th Infantry Regiment on Kyushu, Japan, is attending a 16 week X-Ray Technician course at the Osaka General Hospital.

Private Mobley is the son of Mr. and Mrs. William Mobley of 104 East 13th Street in Greenville. He enlisted in the Army in April 1947, and served in Hawaii prior to sailing to Japan in June 1949.

Private Mobley has two brothers, Sgt. William and Cpl. Robert, serving in the Army at Conley, Ga.

John Snyder's Daughter To Wed Today In Capital

Washington, Jan. 26—(AP)—A cabinet officer's daughter and a White House aide will be married today (5 p.m. EST) with President Truman looking on and his daughter, Margaret, serving as a bridesmaid for the fifth time.

Miss Edith Cook ("Drude") Snyder, 24-year-old only child of the secretary of the treasury, is to be the bride; Maj. John Ernest Horton, 30, the groom. Horton's father, Leroy F. Horton, lives at Wichita, Kas.

Some 2,000 guests, including top ranking government and diplomatic officials, were invited to attend the Episcopal ceremony in the Washington Cathedral's great choir, and a reception at the Chevy Chase Club in suburban Maryland.

President and Mrs. Truman had a front pew reserved in the church, Washington's largest.

The Snyder and Truman families have been close friends for many years. The presidential family has sent a gift of table silver to Miss Snyder.

Miss Snyder, a graduate of Bradford Junior College, Haverhill, Mass., and of George Washington University here, has announced she was giving up jobs she holds as a radio and television performer and is "going to learn to cook."

Major Horton, a former University of Missouri student, served in Italy with the Fifth Army during the war. He was in the Army's Information Service before his assignment to the White House.

More Work And Pay Earned For December, 1949

Raleigh, N. C., Jan. 26—(P)—In December, for the fifth consecutive month, Tar Heel factory workers put in more hours and earned more money.

A new employment gain of 800 during December brought manufacturing employment at the year's end to 400,000. This was less than one per cent below the state total for December, 1948.

The labor department's monthly analysis, released yesterday, said there were employment decreases of 800 in the state's non-durable goods industries. These were more than taken care of by increases of 1,600 in the durable goods group, according to statistician C. R. Pritchard.

Weekly earnings ranged from a high of \$70.01 in pulp, paper and paperboard mills to a low of \$28.67 in the manufacture of men's and boys' garments.

Hourly wages averaged 111.8 cents in textiles, 127.3 cents in cigarette factories, 95.5 cents in furniture plants, and 84.2 cents in lumber and timber products.

Hourly earnings for all factories were up 0.7 per cent in December, combined with the 0.5 per cent increase in the average work week, this resulted in a 1.1 per cent rise in average weekly earnings over the month. The work week averaged 40.1 hours.

In non-manufacturing industries, the work week was down 1.5 per cent to an average of 39.1 hours. Hourly earnings were down 2.2 per cent, averaging 89.1 cents. Weekly earnings, which averaged \$35.39, dropped 4.5 per cent.

Airborne Force Growth Studied

Washington, Jan. 26—(AP)—The Army is launching a study into how it can build up its small but potentially powerful airborne force.

Gen. J. Lawton Collins, Army chief of staff, said a panel is being created from officers in the operations organization of the 11th and 82nd Airborne Divisions, the Army General Staff, the Command and General Staff College at Fort Leavenworth, Kans., and headquarters of the Army Field Forces at Fort Monroe, Va.

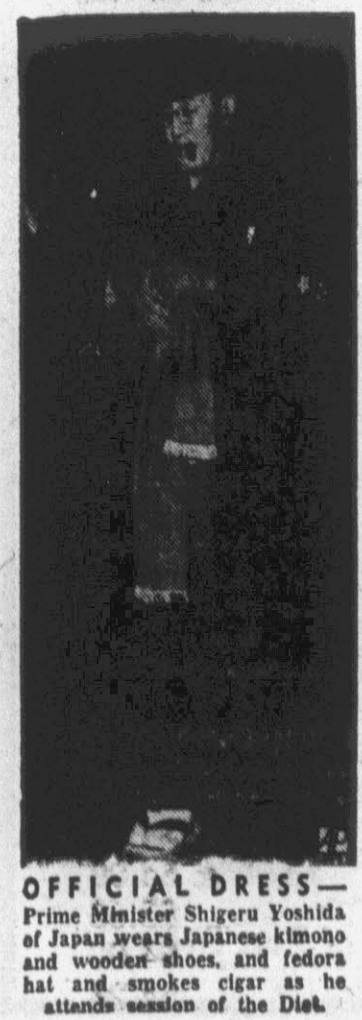

Maj. Gen. William M. Milley, commander of the 11th Airborne, will head the group.

At present, the whole complex matter of airborne operations—specially trained airborne troops, glider experts, specialists in loading and dropping equipment and supplies, crews of transport and glider tow planes—has no central directing agency. Other services, like the infantry and armored forces, have centers which direct and coordinate their work.

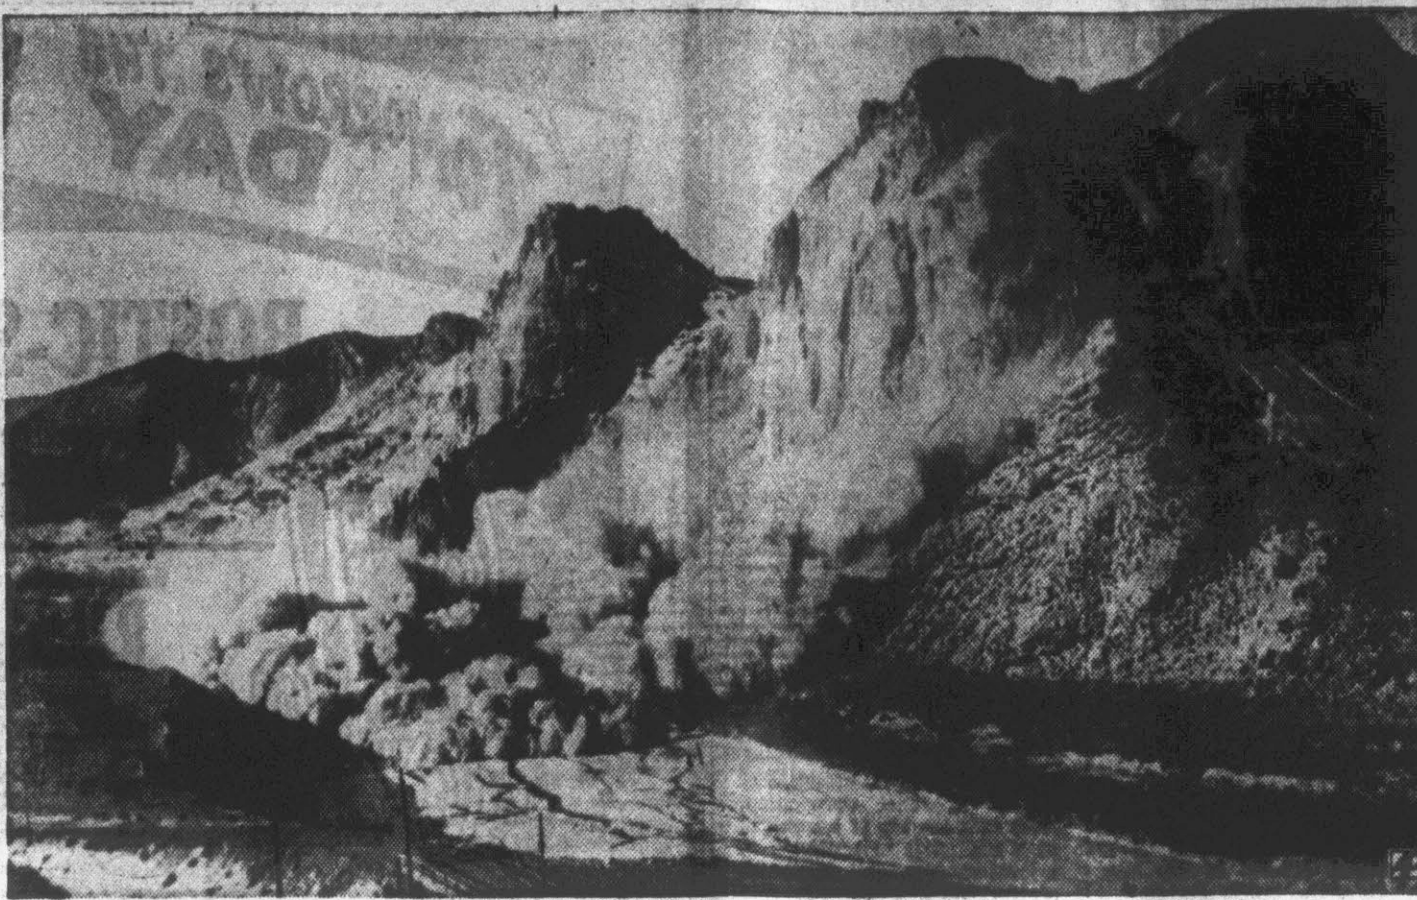

Collins recently told reporters he believed that airborne operations "will play a very important role in any future war." But he commented, there are serious problems to be solved, including methods of getting tanks and heavy equipment to troops dropped by parachute or landed by glider behind enemy lines.

It is these problems which the study panel will consider.

Nevada is the sixth state in area in the U.S. but its population is smaller than that of any other state.

OFFICIAL DRESS—Prime Minister Shigeru Yoshida of Japan wears Japanese kimono and wooden shoes, and fedora hat and smokes cigar as he attends session of the Diet.

BIG NOISE IN WYOMING—Contractors on the Boysen Dam, Wyoming, needed 150,000 cubic yards of rock fill so they exploded two carloads of TNT in the side of a mountain along the Wind River. The roar could be heard fifty miles away.

STUDENT GRANDMA—Mrs. Anne E. Dash, 36, mother of two children and grandmother of two, pauses between Spanish classes at Baldwin-Wallace College, Berea, Ohio.

Slight Delay In Hair Hearing

Raleigh, N. C., Jan. 26—(P)—A preliminary hearing for Raymond D. Hair won't be held before next week, according to Solicitor William Y. Bickett.

Hair, a Wake Forest college student, is accused of murdering Roy W. Coble, a former student at the college.

Bickett said yesterday that he and defense lawyers have agreed to put the hearing off until the state can line up its widely scattered witnesses.

One hundred years ago the latest thing in railroad trains travelled at the speed of 15 to 20 miles an hour.

SOUTHERNERS REUNION—Senator B. Russell Long and wife (left) of Louisiana meet Supreme Court Justice Tom Clark of Texas at Newspaper Women's ball, Washington.

Slot Machine Is Broken By Owner

Goldsboro, Jan. 26—(AP)—A table-model slot machine was brought into Wayne Superior Court yesterday afternoon and cracked open on the courtroom floor by its youthful owner.

The owner, Virgil Dixon, 22, of Kinston, forced the machine into pieces with hammer and chisel and recovered \$31.80 at order of Judge Chester Morris.

Dixon was arrested yesterday

noon on bench warrant after W. S. Uzzell, Wayne filling station operator, told the court a machine found in his place of business was owned by Dixon. Dixon, who is an ice cream delivery man, said it was the only slot machine he owned.

Dixon was fined \$100 and costs and sentence of six months on the roads suspended. Uzzell was fined \$50 and sentence of four months on the roads suspended. The machine's "take" was ordered sent to the Wayne school fund.

Peter Cooper's Tom Thumb engine, the first American built locomotive to haul passengers, was defeated in a race with a horse pulling a car on another track.

Pair In Doghouse With 11 Others

Decatur, Ill., Jan. 26—(P)—Jerry Clark and his grandfather are in the doghouse—along with 11 dogs. Jerry, 15, found a stray dog on his way home from high school. There already was one dog in the Clark household and Jerry's father, Melvin, put his foot down. No more dogs.

Jerry's grandfather, William Clark, who lives nearby, came to Jerry's aid. They hid the dog at his house. But the dog didn't exactly cooperate in the secret. She gave birth to 10 pups.

That was a little too much of a thing to keep secret. Jerry's father

has discovered the plot. Jerry and his grandfather are trying to find takers for the 10 pups.

Grandfather Clark isn't particularly happy about the situation, either.

"A dog is fine for a boy," she says, "but 12 are too many. They are not cheaper by the dozen."

Pilots Warned On Using Drugs

Washington, Jan. 26—(AP)—The Civil Aeronautics Administration warned pilots today to be careful in using any of the antihistamine drugs for treatment of colds when planning to fly.

The CAA said pilots should be certain the drugs do not cause drowsiness or dizziness or other reactions which might affect their ability to fly.

Hadacol Helps Textile Workers

The great textile mills of the Carolinas are booming again with shifts working day and night to turn out the nation's finest materials, and HADACOL is doing its part to keep folks on the job.

Many textile workers have reported the wonderful relief which has been brought them by HADACOL with its five B Vitamins and four important Minerals. A young father employed by the great Cannon Mills at Kannapolis, N. C., recently told how HADACOL had helped him keep his job.

Jay W. Barnhardt, Route 3, Box 343, Kannapolis, N. C., is 30 years old and the proud father of two children. His work in the Cannon Mills

Mr. Barnhardt calls for a great deal of standing up.

"I had been ill for several years," said Mr. Barnhardt as he explained how close he came to having to give up his work. "I suffered with a weak stomach. It became worse and worse with gastric disturbances. I just could not hold food and no food agreed with me. I could not sleep and finally I became so sick that my legs got weak as I worked in the mill each day."

Mr. Barnhardt, like so many sufferers, had tried many preparations without relief, when he heard about HADACOL.

"After the second bottle of HADACOL I began to feel better and to regain the weight I had lost," said Mr. Barnhardt. "My digestion became normal again and today I am as well as ever. My legs no longer bother me. I eat and enjoy my food. I sleep well and have plenty of energy."

Mr. Barnhardt has taken several bottles of HADACOL and now takes the famous Vitamin

and Mineral preparation to help stay well. He has had his wife take it with wonderful results and has recommended it to his friends in the mill.

Mr. Barnhardt suffered from a deficiency of B Vitamins and Minerals, which HADACOL contains.

HADACOL contains not only one but five of the most important B Vitamins and four most important Minerals. HADACOL comes to you in liquid form already dissolved so that your system will not only quickly assimilate these vital elements, but will absorb more than if they were taken in powdered or tablet form.

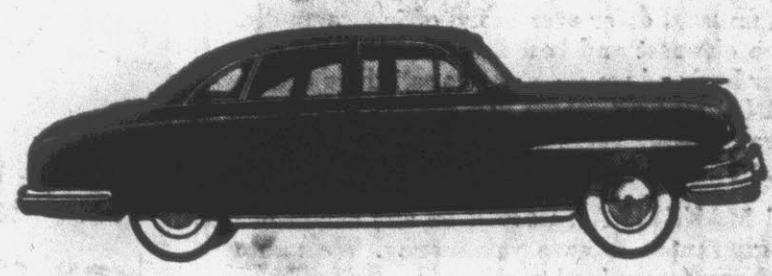

Learn the full facts about HADACOL. Vitamins work better when taken together. That is why we have five of the B Vitamins. Minerals also need the cooperation of one another to function successfully in your system, and Vitamins work better when taken with Minerals.

It is easy to understand, therefore, why countless thousands have been benefited by this amazing tonic, HADACOL. So it matters not how old you are or who you are... it matters not where you live or if you have tried all the medicines under the sun, give this wonderful preparation, HADACOL, a trial. Don't go on suffering. Don't continue to lead a miserable life. Be fair to yourself. Temporary relief is not enough for you. Give HADACOL a trial. Accept no substitute. Insist on the genuine HADACOL.

Sold at all the leading drug stores. Trial size only \$1.25, but save money—buy the large family and hospital size—only \$3.50. We are so firm in our belief that HADACOL will help you that we sell HADACOL on a money-back guarantee. If you don't feel perfectly satisfied after using HADACOL as directed, just return the empty carton and your money will be cheerfully refunded. Nothing could be fairer.

Announcing—1950's First and Foremost Fine Cars

The NEW Lincoln

ON DISPLAY FRIDAY

NOTHING could be finer—inside or out—than the beautiful new 1950 Lincoln and the magnificent new 1950 Lincoln Cosmopolitan on display starting tomorrow in our showrooms.

Outwardly, their superb new body styling stamps them as being the most distinctive fine cars in America.

Inwardly, their rich new upholstery and appointments make them the most luxurious, too. For their brilliantly fashioned new "Salon Styled" interiors are definitely the most beautiful in the world.

And on the road, their new range of performance is unquestionably in a class by itself. In the thick of traffic, or on the wide open highway, they are a sheer joy to drive...instantly alert...powerfully responsive. Just a few minutes behind the wheel will convince you that nothing could be finer in action than the great high compression Lincoln "INVINCIBLE 8" engine combined with HYDRA-MATIC...with freedom forever from gear shift and clutch pedal!

And nothing, you will also discover, could be easier than Lincoln's new velvet-touch steering...or more comfortable than its new weather control system...or more restful than its new Fiberglas soundproofing...or more relaxing than the wonderfully soft Lincoln springing.

If you haven't yet made an appointment with us, by all means do so now. Once you drive the new 1950 Lincoln or new 1950 Lincoln Cosmopolitan, you, too, will be certain that nothing could be finer. And we promise you'll be pleasantly surprised about the prices.

*Optional at extra cost

Nothing could be finer

BE SURE TO COME IN AND SEE THEM...

1901-3 Dickinson Avenue, Greenville, N. C.

That 'Glamorous' Look In Posing For Pictures

BETTY CLARKE
AP Newfeatures Beauty Editor
Beauty is as beauty poses—for a picture, that is.

You'd be surprised how much of being photogenic depends on what you wear, how you stand or sit, and your makeup kit. Many girls who are not even pretty photograph like dream girls because they know the tricks to employ before the camera.

Ray Jones, chief of the still department of a motion picture house (Universal) believes any girl can take a pretty picture if she observes a few rules. Ray, who has been lensing the lovely starlets for more than 25 years, offers these suggestions:

1. Never let a photographer snap you directly in front, in a bathing suit. A head-on snapshot will make you look heavy and broad, no matter how wispy your perfect 34. A side shot or 3/4 shot will make you look more desirable.

2. If your legs are short, never be photographed in bare feet. Wear slippers with high heels, and if you aren't wearing shoes, stand on the balls of your feet for the picture.

3. Never lie down for a picture. The body goes flat and the effect is bland.

4. Take a deep breath for the picture. It helps to make your most interesting parts look solid. Don't slump at the moment of the click.

5. You should cut down on lipstick unless you want to look like a painted doll. Full lips are good. They give a lush feeling. But an overdose changes them to a glibby grin.

6. Too much mascara and eyebrow pencil takes softness away from the face eliminating sex and glamor.

7. Your hair shouldn't be plastered down to your head. It should be worn loose and carefree if you want a glamor picture. If you are tempted to take a more sophisticated picture, don't until you understand more about how to be photographed.

8. If you are having a full length picture taken, you will feel awkward unless you hold something in your hands. Try holding a scarf, parasol or pretty picture hat.

9. Wet your lips just before the photographer snaps the picture.

10. A real sun tan is the best skin.

PRETTY PLEASE . . . Starlet Piper Laurie knows her best angles when it comes to having her picture taken. Here she takes a rear-view side angle position.

hat or high-style dress, or a dress with an all-over large print. A suit and no hat usually is the best combination.

If your figure is not particularly good, and more on the dumpy side, don't insist that you be photographed full length. A sitting portrait probably would be better. If your face is chubby, this should be taken at a three-quarter angle.

Your hairdo should be simple and should not be one that will date easily. If you are unsure what to do about it, part it in the middle or the side, whichever is more becoming, and wear it in a simple straight line.

City Manager Plan Is Growing

NEW YORK—(AP)—Seventy-nine American municipalities adopted the council-manager form of government during 1949. It is reported by the National Municipal League, clearing house of information for local civic groups. This brings the total number of places in which the city manager plan is in effect to 958.

The league predicted that at the present rate, the council-manager plan will become the prevailing form of local government within the next decade.

State Symphony Now Rehearsing

Chapel Hill, Jan. 12—The Little Symphony of the North Carolina Symphony Orchestra is rehearsing this week in Chapel Hill for its fifth annual tour season under the baton of Benjamin Swalin.

The 23 musicians of the Little Symphony are now in the throes of Bach and Bizet as Director Swalin is putting the players through their paces in Memorial Hall on the University campus. Intensive rehearsals are being held for each group of instrumentalists from the string bass to the bassoon.

The Orchestra is also rehearsing with North Carolina soloists who will be heard with the Symphony this season. Since the Tar Heel Symphony is a completely touring orchestra, a larger repertoire is needed and the Little Symphony musicians are practicing two symphonies each day — Bizet's Symphony in C and Haydn's Symphony No. 88. The rest of the concert programs will include a great variety of numbers from a Bach Brandenburg concerto to the light "pop" favorite, "Piddle Piddle."

The rehearsals, which are being held for eight hours each day, have an added variety, for besides the evening concert programs there are special programs for the children's afternoon matinees that require as much attention.

Police Carry Safety Message To Groups

Chicago—(AP)—The newest Chicago police squad is known as the "briefcase brigade." There are eight officers in it. They pack up charts and statistics and go out and preach the gospel of traffic safety before church, school, club, labor union and other groups. The missionary work is a phase of the city's campaign against motor vehicle deaths.

Singapore Loses Chinese Trade

Singapore—(AP)—Three hundred business firms failed in Singapore during the year owing to curtailment of trade with China and strict currency regulations in Indonesia.

Import and export traders who deal with Indonesia and shops dealing in merchandise from China are the sufferers. Total losses are estimated to amount to several million dollars.

Nevada is known as the Sagebrush State and its official flower is the sagebrush.

Great Grandmother Roosevelt

Mrs. Eleanor Roosevelt, widow of the late president, hugs five-month-old Nicholas Delano Seagraves, her only great grandson, at Portland, Ore. She saw the baby for the first time this week. He is the son of Van H. Seagraves and his wife, the former Anna Roosevelt Dahl. (AP Wirephoto).

Cucumber Contracts Now Ready

I wish to announce that I am now ready to write your cucumber contract with Demain Foods, Inc., of Ayden. I will operate a buying and receiving station at Belvoir.

We will pay the following prices:

GRADE NO. 1: To consist of good sound green cucumbers which will pass through an opening of one and one-eighth inches between two parallel sides. Price \$3.50 pr 100 pounds.

GRADE NO. 2: To consist of good sound green cucumbers which will pass through an opening of one and one-half inches between two parallel sides. Price \$2.00 per 100 pounds.

GRADE NO. 3: To consist of good sound green cucumbers which will pass through an opening of two inches between two parallel sides. Price 70c per 100 pounds.

I have been raising and selling cucumbers for about 10 years and I have not found any company to be more honest than Demain Foods, Inc.

I will do my very best to be fair and honest to the buyer and the seller. Don't wait as the acreage is limited. Get yours today!

Floyd P. Harris

No "Harmful Effect"

Benjamin Fairless, president of the U. S. Steel Corporation, looks over the top of his glasses at Washington in testimony to a joint congressional committee on the economic report. He said the recent rise in steel price should not cause any "harmful effect whatsoever" on price levels in other industries. (AP Wirephoto).

Court Says Bike Not A 'Vehicle'

DIJON—(AP)—When Claude Jacquemin, farm laborer, rode his bicycle home without a red rear light he really started something. The policeman, who whistled at him in vain, hailed him into court as being in control of a vehicle which failed to stop. The magistrate, ruling that "a bicycle is not a vehicle because it has no axle," released him.

The public prosecutor appealed against the decision and Jacquemin found himself in the Appeal court here, listening while learned lawyers argued it out. In the end Jacquemin won. The Dijon Appeal court decided that after all a bicycle was not a vehicle.

STEIN COLLECTION
PEORIA, Ill.—(AP)—One stein led to another for George W. Wennerly. He had only one beer mug 12 years ago. Then he started to collect them. Now he has 400 of them. They are made of pottery, pewter, glass and wood and range in capacity from one pint to five quarts.

Old Capitol Doesn't Fit Into U. S. Modern Scheme

By LYNN NISBET
Greenville, Jan. 26.—North Carolina's capitol is one of the architectural show pieces of America. Built more than a century ago, it has gained charm with the years and the beauty of its lines emphasize the solidity of its three feet thick granite walls. Every time suggestion is made to change it, opposition springs up from all about. Fact is, it just isn't adapted to modern needs.

This fact was brought to the fore just this week when preparations were being made for the southern regional Democratic conference Saturday. Although total space is inadequate for a meeting as comprehensive as the Saturday affair is supposed to be, the main problem was not space.

There are 119 seats on the floor of the house hall; a dozen more on the dais, at the clerks' stand and press table. Perhaps another hundred seats can be placed in the lobby. That is enough space to care for the official "delegates" and attaches, although the spectators public will have to look out for itself.

So what's the problem? Just a few things like telegraph, telephone and radio. The capitol was built before Morse sent his first telegraph message, long before Bell made his first telephone conversation, almost a hundred years before radio made impact upon the public consciousness. When the capitol was built in 1792, machines, automobiles and airplanes were only dreams in the minds of crazy folks, and the man who invented the incandescent electric light had not been born. And there have been no basic changes in the capitol's structure since it was built.

Steam heat replaced fireplaces, electric lights replaced the original oil lamps and later gas lights many years ago. These were definite modernizations without basic change in capitol lines. Recent installation of a water cooler, like earlier telegraph and air-cooling units in the governor's office, did not disturb the basic pattern.

Several attempts by Benton Blacklock through years of service in the general assembly to get an elevator in the capitol failed, because of sentiment against the mutilation of the building. The elevator, like the cooling and air-conditioning units, would serve only those who visited the capitol—or had offices there.

The necessity for better press, telephone, radio and photographic facilities is emphasized by reason of their general service to all the people who cannot be present. To have a meeting like this without full newspaper and radio coverage, and without pictures, is unthinkable in 1950. And to fit requirements of these services into a building which hasn't been changed much since it was erected 115 years ago is almost impossible. But it can be done.

Some of the fellows got their heads together the other afternoon. Sam Breitman and Ken Frye, of the national Democratic headquarters publicity division, here to arrange for the conference met with Charles Parker and George Cherry, superintendent of buildings and grounds, met at the capitol to talk things over. They got it worked out so that despite old buildings and modern ideas newspaper writers and cameramen as well as radio folks, will be pretty well taken care of.

The principal agricultural products of Spain are wheat, barley, oats, rye, olives and fruit.

Wine-making is one of the most important industries in Spain.

Delay In Senate May Block N. C. Improvement Bill

By EUGENE PRICE
Washington, Jan. 26.—Delayed action in the Senate may block appropriations for a number of river and harbor improvements in north-eastern North Carolina this session of Congress.

Congressman Herbert C. Bonner says that unless immediate action is taken in the Senate on a Rivers and Harbors bill (H.R. 5472) passed by the House and submitted to the Senate last session, the projects included can not be considered for appropriations.

The projects which may be held up by the delay in the Senate include:

(1) An \$800,000 Oregon Inlet and Manteo Bay project which would accumulate annual benefits of an estimated \$193,455, including a \$150,000 increased catch of fish in the area;

(2) An \$80,000 project in Far Creek near Englehard;

(3) And a \$112,000 Inland Waterway improvement project in the vicinity of Fairfield, N.C., which would drain and make suitable for cultivation 2,500 acres of land.

The bill which provides for the projects was in the Senate at the last session. Had it been approved then, the projects might have received appropriations this session, Mr. Bonner said.

The House Appropriations Committee is now holding hearings on projects already authorized, Mr. Bonner reported. "Projects not fully authorized by law will not be considered," he declared.

However, it is possible that when the Senate considers the appropriations bill, it might include the projects, provided they have been authorized by law at that time, Mr. Bonner explained.

Repeaters

Raleigh, Jan. 26.—(AP)—Prison records show that the majority of the men and women sentenced to Tar Heel prisons last year were repeaters.

A report of the prison department's identification bureau shows 11,891 of the 13,433 incoming prisoners fingerprinted by the bureau last year had served prison terms previously. In 490 cases, according to the report, the incoming prisoner faced more than one sentence.

Ten Reasons WHY YOUR BEST BUY IS NATURAL CHILEAN NITRATE

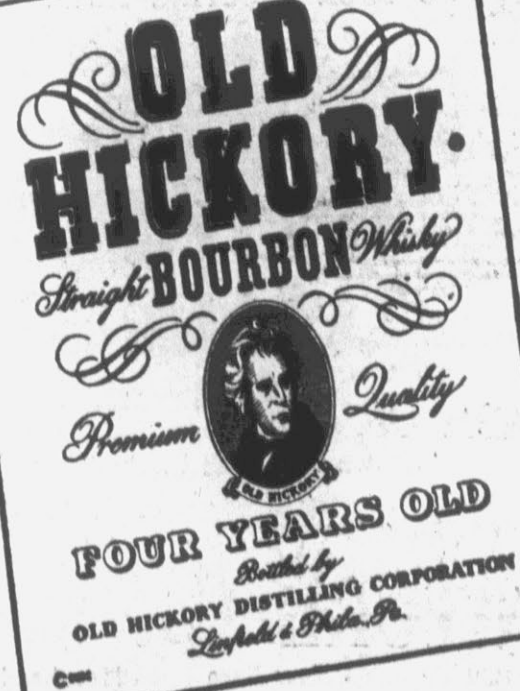

1. Natural. Chilean Nitrate is the only natural nitrate in the world.
2. Nitrate Nitrogen. The nitrogen is 100 per cent nitrate.
3. Sodium. Chilean Nitrate contains sodium equivalent to about 35% sodium oxide (Na2O). This acts like potash (K2O) and helps to make the phosphate in the soil more available.
4. Radio. Chilean Nitrate contains iodine to help meet the needs of plants, animals, and human beings.
5. Other Plant Food Elements. Chilean Nitrate contains small quantities of other elements that contribute to strong, healthy plant growth, such as manganese, potassium, magnesium, boron, calcium, iron, sulphur, copper and zinc.
6. Ideal Condition. Chilean Nitrate comes in free-flowing pellets—easy to handle and to apply in any distributor.
7. Quick Acting. Chilean Nitrate is immediately and completely available.
8. Anti-Acid. Chilean Nitrate helps keep the soil sweet.
9. Time-Tested. Chilean Nitrate has been proved by more than 100 years of research and practical farm experience.
10. Doubly Profitable—Economical. Chilean Nitrate improves the quality of crops as well as the yield. Consistently excellent effect of heavy applications year after year upon crop and soil alike makes it an outstandingly profitable and economical nitrate for every seed and purpose.

"THEY'S ONLY ONE MATCHEL SODA!"

"Just being matchel makes Chilean soda different. Lot of farmers says it's because the nitrogen is all nitrate, and that's how plants like it best. Lot of 'em figure the soda and all the other minerals in it help make good, strong stands, too."

Bucs Play Naval Apprentice For Home Game Tonight

By BILL LLOYD
East Carolina's basketball team, ranked No. 2 in the North State conference, will defend its home court tonight against the potent Newport Naval Apprentice School in the Pirates' sixth non-conference tilt of the season. Tip-off for tonight's contest is slated for eight o'clock in the Wright gymnasium.

Tonight's game will be the second battle between the Pirates and the Apprentices. Coach Howard Porter's cagers previously defeated the sailors, 56-53, in a game played at Newport News.

In five previous non-conference

games East Carolina has a record of three wins against two losses, both defeats at the hands of Camp Lejeune. Since losing to the Marines, the Pirates have rolled to four straight home victories without defeat, winning over Wilson Teachers, Catawba, Elon and Appalachian. The Buccaneers now possess a mid-season overall record of eight wins against four losses.

Coach Porter will probably start his regular starting quint in tonight's game. This team consists of Jack Everton and Sonny Russell, the Pirates' two high scoring forwards, with Toddy Fennell at center and Louis Collier and Len Bauer at guards.

In the event that height is needed in tonight's clash, Coach Porter will call on his taller men of Frank Maennle, Roger Thrift and Doug Guthrie to handle the height situation.

Tonight's game will mark the first home appearance of the Pirates since January 11. They have just returned home after a three-game road trip, in which they won one and lost two.

A preliminary game between Coach Charlie Bill Moyer's Freshman team and Ahoskie high school is scheduled at 6:30.

Farmville Hoopsters Win Belvoir Double Header

Belvoir, Jan. 26.—The Farmville high school basketball team swept a double-bill from the Belvoir boys and girls teams Tuesday night by scores of 55-24 for the boys and 21-15 for the girls.

The boys' win pushed them up the ladder of the Pitt basketball conference, giving them a six-and-one game record for the season.

A capacity crowd in the new gymnasium saw the boys from Farmville use a floating zone defense to hold the locals to 14 points in the first half and 10 in the second.

Pacing the victors were Carl King and Albert Cannon with 16 and 14 points respectively, both taking

high-score laurels for both clubs. For Belvoir the high man was Carl Smith with six points, he also being the best man defensively for the locals.

In the preliminary the girls were all tied up at the first quarter with six points apiece. But from there the visitors pulled out in front to lead at the half by the score of 9-6. Getting the most points for Farmville was B. Moxingbo with 10 points, leading the locals' Jean Jones with six. The visitors' J. Morgan and Jenny Murphy teamed up defensively to pace their clubs' floor. For the locals, outstanding defensively were Betsy Nelson and Cornelia Randolph.

Grifton Quint Defeats Grimesland By 52-45; Girls Also Take Victory

Grimesland, Jan. 26.—The Grifton boys notched themselves higher in the Pitt County basketball standings Tuesday night as they took the count of Grimesland, 52-45.

Now sporting six wins against five losses, the visitors came from a deficit at halftime of 23-29 to take the lead in the last half and walk off the winners.

The girls' betted the boys' cause by winning the opener 26-28, thus sweetening a clean bill from fast-sinking locals.

The boys were paced by Mumford who scored 19 points for high for both teams. Ewell of the victors was runner-up to him with 15 points, edging the locals' Elbert Jackson with 14.

Leading the girls' cause was another Mumford with 17 points to pace the winners. For Grimesland the high scorer was Madeleine Hodges with nine. Defensively for the victors Peggy Barfield was outstanding and for Grimesland club it was Mary Burgess.

GREATEST TRACK ATHLETE

New York, Jan. 26.—(AP)—Jesse Owens, who in one blazing afternoon broke five world records, and tied a sixth and then went on to win four Olympic gold medals, emerged today in the AP's mid-century sports poll as the greatest track athlete of the era since 1900.

Pirate Forwards Nearly Tied Up In Scoring Race

Individual scoring for the local East Carolina Pirates narrowed down to a battle between Coach Howard Porter's two high-scoring forwards this week.

Warren "Sonny" Russell, fresh man star of the Pirate quint, has been in a continuous lead since the opening of the Buc basketball schedule.

However, his advantage of 156 points scored, has been narrowed down to a two-point margin by rangy Jack Everton, who only trails the Buc's freshman by one field goal.

Everton pumped in 22 points in last Saturday night's rival game with Atlantic Christian to gain considerable on Russell who was held to two free throws.

In the team overall average, the Pirates have hit on 255 field goals, while making a 500 percentage of their free throws, making 142, and missing the same number. The Buc's possess an average of 54.6 points per game thus far.

The Pirates return home again tonight after a three-game road trip. They play the Naval Apprentice here Thursday, and entertain the Bears of Lenoir-Rhyne here Saturday.

Scoring of the Pirates:

Player	fg	ft	tm	pf	tp	av
Russell	61	34	38	37	156	13.0
Everton	60	34	33	43	154	12.8

Bowling Teams Organize League

Competition got under way this week as the first Greenville Bowling League began its play with teams from the National Carbon Company comprising the first league in the city.

Qualifying rounds were held last week at the Greenville Bowling Center with tentative teams being lined up for the actual competition that began Monday night.

In the first league to be organized for this new local recreation, the Carbon Company day shift has now formed four teams with six persons on each. The Evereadys are now leading their circuit on the basis of Monday night's lines. They are composed of Whelihan, Venters, Wells, Hester, Turnage and Stokes. Their three-game score for the first round was 2,051 which lead the Nine Lives by 86 points.

The second-place Nine Lives have as bowlers Whelihan, Midgett, Buck, Forlines, Braswell and Bryan. Their three-game score was 1,965. The other teams in the Carbon league are the Penlights and the Black Cats. Their line scores for three games were 1,9004 and 1,897 respectively.

Leading all four teams' bowlers with a high three-game average is Bryan of the Nine Lives with 175. In second place is Bryan's teammate Whelihan with 141 and in third place is Whitley with 136.

The Carbon night shift, composed of four four-man teams, bowled yesterday afternoon with the Torchers batting 1,000 percent for three games. In two, three and four order are the Tamperers, Labelers and Capers. The Torchers got a three-game total of 1,229, leading the Tamperers with 1,182, Cappers with 1,128 and the Labelers with 1,117.

The first three high scorers for the night shift are Eastwood with a high average of 119, Harris with 116 and Letha Smith with 114.

By BERT MOYE
FARMVILLE—Approximately five hundred rabid basketball fans jammed the Farmville High School gymnasium last night to watch the opening rounds of the second annual Gold Medal Basketball tournament, which is being sponsored by the Farmville Junior Chamber of Commerce.

When the curtain had been rung down on the final game near the midnight hour, the opening results found both the boys' and girls' teams of Farmville high victorious, and the girls' team from Snow Hill and the boys from Bethel also winners in their opening rounds.

Farmville 39, Maury 19
Coach Johnny Dunn's Farmville sextette opened play in the tournament last night by taking a 39-19 win over Coach Garland Little's sextette from Maury.

The Farmville girls took a lead in the opening minutes of play and never had any trouble the rest of the route. At the end of the first quarter they had gone out in front 11-4 and as the half ended had increased their lead to a 17-7 margin.

During the third quarter the Farmville girls put on a scoring spree to build up a 27-12 lead as the third quarter ended. During the third quarter the Maury sextette were unable to find the basket until after four and a half minutes of playing time had elapsed.

High scorers for the Farmville lasses was Vancell Moxingbo with 13 points, Dot Hathaway with 12 points, and Raye Hathaway with 11 points, Edna Dail with 13 points led the losers.

Bethel 53, Maury 21
Coach Walter Latham's Bethel Indians advanced to semi-finals play in the first boys' contest of the night as they tramped the Maury quint by a 52-21 in the second round of play.

The Bethel lads, during the first quarter, ran up 10 points before Coach Garland Little's boys were able to find their first basket, which came after the game was almost six minutes old. Playing a tight defense game the Bethel Indians held the Maury quint to two free throws in the first quarter to take the lead at 17-2. At the half the Indians were out front 24-11. In the third quarter the Bethel boys again tightened their defense and held the Maury boys to two lone points and were leading at this stage of the game 39-13.

Johnny Nelson, the Indians' center, with 11 points led the attack for winners, while Edgar Barnhill and Hilton Tetterton collected 8 points each. Every man on the Bethel squad scored at least one point and during the second and fourth quarters Coach Walter Latham used his second string most of the time.

Snow Hill 37, Statesburg 33
Coach Larry James' Snow Hill sextette defeated Coach Dennis Basnight's sextette from Statesburg 37-33, in one of the closest contests of the evening.

Both teams played on an even basis in the first quarter with the score being knotted at 5-5 at this stage of the game. In the second quarter the game was a nip and tuck affair with the lead changing from one team to another at least seven times and also during this period the score was knotted at 13-13 and again at 16-16. With about two minutes to go before the half ended Ellen Eason made a field goal followed by a foul shot by Ruth Skinner to give the Statesburg sextette a 19-16 advantage at the half.

As the third quarter ended the Snow Hill lasses, with accurate shooting by Dixie Walters and Lois Deason pulled into the lead after about five minutes had elapsed in the third period. As the quarter ended Snow Hill was out front 25-25.

In the fourth period the Snow Hill girls continued to hit the basket with the accurate shooting Nancy Moore and after building up a seven point lead in the opening minutes, held onto the lead to take the win.

Dixie Walters and Nancy Moore with 15 points each led the winners' attack with Anne Baxton and Ellen Eason with 13 and 12 points respectively, led the losers' attack.

Farmville 60, Statesburg 31
Coach Elbert Moyer's Farmville Red Devils had little trouble in taking the final game of the evening as they tramped Coach Dennis Basnight's quint by the lopsided score of 60-31. The Farmville boys built up a 14-2 lead as the first quarter ended and were out front 29-13 at the half time.

They put on the steam in the third quarter to add 22 more points while holding the Statesburg boys to a lone four points having a 51-17 lead as the third quarter ended.

Marvin Tugwell with 16 points, Carl King with 14 points, and Joe Smith and Harry Albrighton with 12 and 11 points respectively, led the attack for the Farmville boys. Dokey Grimsley was the big gun for the Statesburg five as he garnered a total of 30 points.

Kramer Victor In Tennis Marathon

Carmel, Calif., Jan. 26.—(AP)—The touring tennis pros—Jack Kramer and Richard (Pancho) Gonzalez—have a new mark to shoot at today.

A four best Gonzales 20-18, 6-3, 1-11, 1-11, 6-3. The marathon first set bettered the 19-17 set at Baltimore which Kramer also won.

"Known For Good Clothes"

Greenville New Bern Morehead City

Isn't it great to PICK and CHOOSE

SURE, it's good looking. "Neat-est looking thing on wheels!" folks say.

And, man alive, is it wonderful to touch toe to treadle and see what stepped-up, still higher compression Fireball valve-in-head power can do!

Pretty slick, too, the way these new Buicks snuggle neatly into tight parking places—thanks to inches saved by that perfectly swell new idea in front-end design.

But know what the sweetest news of all is about this 1950 Buick line?

Mister, you can pick and choose! With nearly a score of body types to choose from—four wheel-bases—five power ratings—Coupe, Sedan, Convertible, Riviera and Estate Wagon models—there's a car here for just about every taste.

Nor does it stop there.

You can have the equipment you want, too. Get these 1950 swifties with a whole host of accessories which you specify to suit your own taste.

As for prices—good sir, just go look at them! They literally cover every price bracket above the very lowest.

This year's Buicks range from eights that are priced like sizes to majestic fine cars that are the value-sensation of their field—some even cost less per pound than certain versions of the lowest priced cars.

Yes, it's really a grand treat to visit a Buick showroom these days. You can pick and choose as you haven't been able to for years.

Get quick delivery, too, on many models.

Why not go see about signing up for one right away?

DELIVERED AT YOUR DOOR

Chapter 22

Far Runner had not made the journey alone. There were others of his people out there, watching. They had witnessed the whole episode, of course.

Others had seen the rising smoke, and already there was a stir of excitement through the town. Several had recognized Underhill, two or three had seen him shoot. He was dragged out of his store almost before he had the blankets hung back in place, while a barrage of angry questions beat at him. His answer was forthright enough.

"Sure I shot him," he agreed. "He snuck into my place and stole three blankets. Had 'em right on him. I yelled at him to stop, and he didn't. So I downed him. What's wrong about killin' an Injun?"

"The main thing," Lundeen said grimly, "is that it will probably mean that we'll have to kill a lot more of them—and some of us will likely get killed at the same time."

They let Underhill go. The damage was done. Lundeen turned to Valse. "It means trouble," he growled. "No doubt of that. You'd better take charge here. What I can't see is how this all got started. There's something funny about it."

"Funny is a mild word for this," That was de Polo, and they turned in surprise at a note in his voice as he entered the room. "What we're up against is plain villainy—and his name is Zachary."

Digs Big Hole In Search For Gold

Miami, Fla., Jan. 26—(AP)—George B. Mobley, 33, is busy digging a big hole in downtown Miami and says he is looking for \$40,000,000 in gold.

So far, the hole, now about 20 feet deep, has yielded a blue glass Mason jar patented Nov. 30, 1888 and a wine bottle dated 1853.

Mobley gave both antiques to speculators.

"I don't want any antiques," he said. "I want the gold that's in there."

A handful of onlookers watched yesterday as Mobley demonstrated his glass, metal and wooden diving rod. It leaned toward the hole, partially filled with water.

Mobley said pirates hid the gold in springs here when they came to get fresh water in the 16th and 17th centuries, but he's leaning heavily on his rod for the exact location.

Two years ago Mobley sought \$4,000,000 in gold in Green Cove Springs, Fla., but found only some old timbers and brass globules.

The first steam carriage on record, built in France in 1789, traveled at three miles an hour and had to be refueled after 15 miles.

Pitt Man Guilty Robbery Charge

The Superior Court Jury reached a verdict this morning in the case of Albert Ellis, Pitt county man, who was charged with highway robbery of an Oak City man's automobile May 1, 1948.

Ellis was convicted of the charge and sentenced to one-to-three years on the roads. After deliberating for approximately an hour yesterday afternoon, the jury reported to Judge Walter Bone that they had not made up their minds and would do so when court convened this morning.

The Pitt farmer was accused of highway robbery after he had forced an Oak City man, Murray Hyman, to drive him back to his Ellis' house after Hyman had picked Ellis up in his car on the Crisp-Tarboro highway.

Hyman, prosecuting witness, stated that he had offered Ellis and a companion a ride late the night of May 1 of last year and they forced him to take them back up the road where they lived. He said they forced him out of his car and one of them hit with a knife and knocked him to the ground. Hyman then ran to the nearby home of a farmer, he testified, where he called officers to report the attack.

Ellis' defense was that he and a companion had been driving home from a dance in Crag and coming upon Hyman's parked car on the road, investigated. Ellis said they

found Hyman drunk and that they offered to help him, saying they'd take him to their house for him to sleep it off. There, he testified, he and Hyman had a drink of whiskey, after which Hyman left the house, going into the woods. As for the car that was left in the yard, Ellis said he drove it to a nearby filling station the next morning where officers picked it up and returned it to Hyman.

Other judgments offered yesterday were:

Jesse Ray Tripp, breaking and entering: nol pros.

Charlie Windham, worthless check: nol pros.

Jake Brown, assault with deadly weapon with intent to kill: 12 months.

James W. Oakley, worthless check: \$75 and costs, three months, suspended on good behavior for 12 months.

Mark Abrams, worthless check: \$50 and costs.

Jesse Donald Brown, drunken driving, hit-and-run, careless and reckless driving: probation for three years on good behavior.

San Sneed, assault with deadly weapon: called and failed; capias ordered.

Jack Corbitt, worthless check: 30 days.

Lee Marshmond, assault with deadly weapon: not guilty.

Joyner Brantley Chamblee, drunken driving: continued for this term.

Robert McLawhorn, drunken driving: called and failed; capias ordered.

Colored News

Increased Sales Of License Tags

With only five more days remaining before the expiration of the present 1949 automobile license tags sales of new 1950 license plates in Greenville are above that of last year, but leaving quite a few tags yet to be sold.

Reports from the local office of the license bureau, located in the office of Page-Barbe Insurance Co. on Dickinson Avenue, there have been 5433 car tags sold this year as compared with 5219 last year.

Over 312 license plates for private trucks have been sold so far against 162 sold last year.

Sale of license tags for small trailers, large trailers and motorcycles are still below the 1949 level.

A breakdown of the sales show that 38 tags for motorcycles were sold in 1949 as compared with 26 this year; small trailer tag sales in '49 were 686, and 613 in 1950; large trailers, 40 tags in '49 with only 36 so far this year.

The above report included licenses which have been sold up to Jan. 24. City Clerk J. O. Duval reported today that the sale of city license tags in Greenville are above the same period last year.

Records show that up until last night the local office in the city hall had sold 1759 tags, while the same date last year only 1625 tags had been sold.

Hookerton Union Meeting Is Held

Between 150 and 175 representatives from 21 churches of Pitt, Lenoir and Edgecombe Counties attended the quarterly meeting of the Hookerton Union of the Christian Church held yesterday in Greenville.

Host church for the fellowship meeting was the Eighth Street Christian Church.

During the afternoon session of the meeting a song service was led by Mrs. H. G. Haney, followed by the devotional led by R. Curtis Brinson, and the welcome by Ray Bears.

Mrs. J. Rogers Brooks addressed the group on the subject "The United Nations and Its Achievements." Godwin Moore discussed the subject "Forward Together in Christian Youth Fellowship."

Leonard Mann sang a solo during the business session of the matter of raising funds for providing ministerial scholarships was discussed, and Dr. H. G. Haney, pastor of the Eighth Street Christian Church, and A. J. Craft, layman of Walstonburg, were appointed as a committee to work out a proposal for the project and report at the next meeting of the Union.

Supper was served the representatives by the host church.

The principal speakers during the evening session were C. W. Riggs of La Grange, state evangelist, and Sam J. Bundy of Farmville, president of the state Laymen's League of the Christian Church. Mr. Riggs took as the title of his address "Forward Together in the Crusade," and Mr. Bundy spoke on the "Manpower in the Church."

A solo during the evening meeting was sung by Mrs. Herbert Carter, and the devotional was led by Zeb M. Deshields.

The next quarterly meeting of the Hookerton Union has been set for April 29 at the Bethel church in Lenoir County.

CLAUDE HERRING DIED TODAY

Claude L. Herring died at his home, 500 East Eighth Street, shortly after noon today. He had been in ill health some time. Funeral arrangements had not been made.

Joe DiMaggio, Dick Wakefield and Johnny Pesky are the only active players who made 200 or more hits during their first full season in the majors. Sixteen players have accomplished the feat.

City Police Court cases tried Monday were as follows:

Drunk: Raymond Blount, Oscar Cherry, Eddie Battle and Moses Moore, Negroes, each paid \$15. Jarvis Jones was guilty of being drunk.

freezing point, with a low of 23 recorded.

Advance weather forecasts give way to expectations that the warm weather is here to stay for a while.

Back to School . . .

(Continued from page one)

through the heart, requires a delicate operation which only a few doctors can perform.

The blue boy first came to the attention of the public when a report was received from the hospital stating that the boy would have to undergo medical treatment at once.

Hawkins, who led the drive to raise money for the care of the boy in the county, stated "the people of Pitt county who donated to the drive can well be proud of the work that they did in saving the boy's life. The citizens who gave to the blue boy fund, gave the youngster the Best Christmas present possible.

When asked how he liked the hospital, Walter, dressed in neat overalls, with a tan hat perched on the top of his head, meekly smiled and replied, "I liked the hospital pretty good, but what I really liked the most was the play rooms." In the play rooms, Walter explained after he was on the way to recovery, the nurses would take him and some of the other children in the ward and allow them to play with the toys and games provided.

Asked how he liked the nurses, Walter said, "most of them were pretty."

As for the food at the hospital, he stated he got plenty of everything except for his favorite, which is "fried Irish potatoes."

The youngster who will enter the third grade next week, has been troubled with the ailment since he was a baby, and has missed three grades in school.

His father reported that the boy's illness was first noticed when he was only three months old but it was not until many years later, that the exact nature of the ailment was discovered by doctors.

The boy's father stated that he was first afraid to allow the boy to undergo the operation, but he finally was convinced by doctors that the operation was the only means of saving the child's life.

The boy stayed in the hospital from December 7 until December 22. From the hospital he was transferred to a private rest home, where he fully recovered and returned to Ayden.

The boy will be able to live a normal life it was stated, with the exception of not being able to indulge in any strenuous activities such as football, or heavy work.

Hawkins stated that since the boy will not be able to follow his father as a farmer, the office of vocational rehabilitation will see that he is properly trained for a job when he finishes school.

The lad will visit the Ayden Lions club Friday night. This group was one of the leaders in securing funds for the care of the boy.

The funds which were raised by the public totaled over \$900, from which the expenses of the treatment of the boy will be paid and the remainder will go into a blue boy fund set up by the Ayden Lions club.

The doctor's fees at the hospital were given free, with only the actual hospital costs being charged.

The Wage-Hour . . .

(Continued from page one)

will use when in doubt about what

Congress meant.

This statement says in one place that maintenance, custodial and clerical workers of firms in interstate commerce are still covered—even though actually employed by an outsider to do that sort of work for an interstate firm.

But in another place the statement says Congress intended to exempt a window washer employed by a local firm to clean windows for firms engaged in interstate commerce.

Thus the case of the window washer may wind up in the courts. In other cases, a lot depends on what an employer does and how it relates to his employer's business.

For example, the man who mows the lawn outside a factory was covered by the old law. He probably isn't under the new one, because his job appears only remotely—"closely"—connected to interstate commerce.

But a man who sweeps trash from around machines so they can be kept producing efficiently might be deemed "closely related" or "directly essential" to production.

Here's another change in the new law:

Coverage formerly applied to any firm shipping "from any state to any place outside" the state. Now it applies to any firm shipping "between any state and any place outside" that state.

This two-word difference means that importing firms, handling foods from foreign countries, are now covered where they were previously exempt. Exporting firms still are covered, as before.

In addition, Congress for the first time defined what it means by saying a worker must get 1½ times his "regular rate" for hours he works overtime.

Regular rate now is defined to exclude gifts, bonuses, certain premium payments, payments for vacation and illness, and other types of payments unrelated to straight pay for employment.

Burial Of . . .

(Continued from page one)

the nations are thrown together as it were much more than in the past.

"England and Germany today live very close one from the other and I am very clear that they should want to be friends."

Sir Brian minced no words in declaring that formidable difficulties lay "in the path which leads toward

solid friendship between our two countries. x x x Your task and mine is to work hard that wisdom may prevail."

Well, now, what interpretation do we place on this speech? We have a right to assume that the general wasn't making an ordinary hands-across-the-sea address. Present in his audience were prominent Germans. He undoubtedly was speaking with the authorization of his government, and perhaps under instructions.

Sir Brian's talk, I take it, was in effect recognition of the undoubted fact that Western Germany is essential to the defensive system being created by Western Europe to meet the Communist drive. To put it another way, Britain is maneuvering to gain for Western Europe the balance of power. Germany must be an integral part of that set-up.

On that basis the idea of burying the hatchet isn't so strange, but there is more than that to the story. While there is much bitterness in England against the Germans because of the world wars, yet through the generations the British people have felt closer to the Reich than to some other nations which we need not name since comparisons are odious. There are many ties between the English and the Germans, not overlooking that there is German blood in the British royal family.

In any event, we shouldn't overlook this paramount point:

The future of Western Europe's defensive set-up depends on getting Germany back into the fold.

"Old at 40, 50, 60?"

—Man, You're Crazy

Forget your age! Thousands are peppy at 70, 75, 80, 85, 90, 95, 100, 105, 110, 115, 120, 125, 130, 135, 140, 145, 150, 155, 160, 165, 170, 175, 180, 185, 190, 195, 200, 205, 210, 215, 220, 225, 230, 235, 240, 245, 250, 255, 260, 265, 270, 275, 280, 285, 290, 295, 300, 305, 310, 315, 320, 325, 330, 335, 340, 345, 350, 355, 360, 365, 370, 375, 380, 385, 390, 395, 400, 405, 410, 415, 420, 425, 430, 435, 440, 445, 450, 455, 460, 465, 470, 475, 480, 485, 490, 495, 500, 505, 510, 515, 520, 525, 530, 535, 540, 545, 550, 555, 560, 565, 570, 575, 580, 585, 590, 595, 600, 605, 610, 615, 620, 625, 630, 635, 640, 645, 650, 655, 660, 665, 670, 675, 680, 685, 690, 695, 700, 705, 710, 715, 720, 725, 730, 735, 740, 745, 750, 755, 760, 765, 770, 775, 780, 785, 790, 795, 800, 805, 810, 815, 820, 825, 830, 835, 840, 845, 850, 855, 860, 865, 870, 875, 880, 885, 890, 895, 900, 905, 910, 915, 920, 925, 930, 935, 940, 945, 950, 955, 960, 965, 970, 975, 980, 985, 990, 995, 1000, 1005, 1010, 1015, 1020, 1025, 1030, 1035, 1040, 1045, 1050, 1055, 1060, 1065, 1070, 1075, 1080, 1085, 1090, 1095, 1100, 1105, 1110, 1115, 1120, 1125, 1130, 1135, 1140, 1145, 1150, 1155, 1160, 1165, 1170, 1175, 1180, 1185, 1190, 1195, 1200, 1205, 1210, 1215, 1220, 1225, 1230, 1235, 1240, 1245, 1250, 1255, 1260, 1265, 1270, 1275, 1280, 1285, 1290, 1295, 1300, 1305, 1310, 1315, 1320, 1325, 1330, 1335, 1340, 1345, 1350, 1355, 1360, 1365, 1370, 1375, 1380, 1385, 1390, 1395, 1400, 1405, 1410, 1415, 1420, 1425, 1430, 1435, 1440, 1445, 1450, 1455, 1460, 1465, 1470, 1475, 1480, 1485, 1490, 1495, 1500, 1505, 1510, 1515, 1520, 1525, 1530, 1535, 1540, 1545, 1550, 1555, 1560, 1565, 1570, 1575, 1580, 1585, 1590, 1595, 1600, 1605, 1610, 1615, 1620, 1625, 1630, 1635, 1640, 1645, 1650, 1655, 1660, 1665, 1670, 1675, 1680, 1685, 1690, 1695, 1700, 1705, 1710, 1715, 1720, 1725, 1730, 1735, 1740, 1745, 1750, 1755, 1760, 1765, 1770, 1775, 1780, 1785, 1790, 1795, 1800, 1805, 1810, 1815, 1820, 1825, 1830, 1835, 1840, 1845, 1850, 1855, 1860, 1865, 1870, 1875, 1880, 1885, 1890, 1895, 1900, 1905, 1910, 1915, 1920, 1925, 1930, 1935, 1940, 1945, 1950, 1955, 1960, 1965, 1970, 1975, 1980, 1985, 1990, 1995, 2000, 2005, 2010, 2015, 2020, 2025, 2030, 2035, 2040, 2045, 2050, 2055, 2060, 2065, 2070, 2075, 2080, 2085, 2090, 2095, 2100, 2105, 2110, 2115, 2120, 2125, 2130, 2135, 2140, 2145, 2150, 2155, 2160, 2165, 2170, 2175, 2180, 2185, 2190, 2195, 2200, 2205, 2210, 2215, 2220, 2225, 2230, 2235, 2240, 2245, 2250, 2255, 2260, 2265, 2270, 2275, 2280, 2285, 2290, 2295, 2300, 2305, 2310, 2315, 2320, 2325, 2330, 2335, 2340, 2345, 2350, 2355, 2360, 2365, 2370, 2375, 2380, 2385, 2390, 2395, 2400, 2405, 2410, 2415, 2420, 2425, 2430, 2435, 2440, 2445, 2450, 2455, 2460, 2465, 2470, 2475, 2480, 2485, 2490, 2495, 2500, 2505, 2510, 2515, 2520, 2525, 2530, 2535, 2540, 2545, 2550, 2555, 2560, 2565, 2570, 2575, 2580, 2585, 2590, 2595, 2600, 2605, 2610, 2615, 2620, 2625, 2630, 2635, 2640, 2645, 2650, 2655, 2660, 2665, 2670, 2675, 2680, 2685, 2690, 2695, 2700, 2705, 2710, 2715, 2720, 2725, 2730, 2735, 2740, 2745, 2750, 2755, 2760, 2765, 2770, 2775, 2780, 2785, 2790, 2795, 2800, 2805, 2810, 2815, 2820, 2825, 2830, 2835, 2840, 2845, 2850, 2855, 2860, 2865, 2870, 2875, 2880, 2885, 2890, 2895, 2900, 2905, 2910, 2915, 2920, 2925, 2930, 2935, 2940, 2945, 2950, 2955, 2960, 2965, 2970, 2975, 2980, 2985, 2990, 2995, 3000, 3005, 3010, 3015, 3020, 3025, 3030, 3035, 3040, 3045, 3050, 3055, 3060, 3065, 3070, 3075, 3080, 3085, 3090, 3095, 3100, 3105, 3110, 3115, 3120, 3125, 3130, 3135, 3140, 3145, 3150, 3155, 3160, 3165, 3170, 3175, 3180, 3185, 3190, 3195, 3200, 3205, 3210, 3215, 3220, 3225, 3230, 3235, 3240, 3245, 3250, 3255, 3260, 3265, 3270, 3275, 3280, 3285, 3290, 3295, 3300, 3305, 3310, 3315, 3320, 3325, 3330, 3335, 3340, 3345, 3350, 3355, 3360, 3365, 3370, 3375, 3380, 3385, 3390, 3395, 3400, 3405, 3410, 3415, 3420, 3425, 3430, 3435, 3440, 3445, 3450, 3455, 3460, 3465, 3470, 3475, 3480, 3485, 3490, 3495, 3500, 3505, 3510, 3515, 3520, 3525, 3530, 3535, 3540, 3545, 3550, 3555, 3560, 3565, 3570, 3575, 3580, 3585, 3590, 3595, 3600, 3605, 3610, 3615, 3620, 3625, 3630, 3635, 3640, 3645, 3650, 3655, 3660, 3665, 3670, 3675, 3680, 3685, 3690, 3695, 3700, 3705, 3710, 3715, 3720, 3725, 3730, 3735, 3740, 3745, 3750, 3755, 3760, 3765, 3770, 3775, 3780, 3785, 3790, 3795, 3800, 3805, 3810, 3815, 3820, 3825, 3830, 3835, 3840, 3845, 3850, 3855, 3860, 3865, 3870, 38
