

Continued fair through Tuesday. Heavier and tonight. Warmer Tuesday.

Six Represented Pitt Jaycees In Directors' Meet

Three From Farmville And Greenville Clubs At Greensboro Session

Six Pitt counties representing the Greenville and Farmville Jaycee organizations attended the quarterly state board of directors meeting of the Junior Chamber of Commerce held Saturday and yesterday in Greensboro.

Representing the Greenville club were President Bancroft Moseley, Secretary Alan Powell, and State Director David Whitchard. Representing the Farmville club at the meeting were President Bill Creeks, Arthur Joyner and Bill Candler.

During the business session Saturday afternoon it was announced that the Greenville club will give an award this year to the Jaycee club in North Carolina which shows the best public relations during the year.

Micou F. Brown of Raleigh, president of the North Carolina Jaycee organization, was endorsed by the state Jaycees as a candidate for the presidency of the United States Junior Chamber of Commerce.

National Jaycee President Cliff Cooper who addressed the group yesterday declared, "We must speak up more for the type of system which built America to its vital economic position. We must keep our eyes on the goal of producing goods."

Cooper called for the support of the Hoover commission report to cut unnecessary government spending, and struck out at the American Legion and other organizations which are seeking to block the adoption of recommendations of the commission report. "If the individual does not have the maximum of power," Cooper said, "he will not have maximum liberty. Money in the hands of the national government is a tremendous power."

The national president asserted, "The political philosophies must be stopped in America which are trying to split the country into selfish groups. The only place you can solve any problem is on the community level where you can get the hearts, the hands and the souls next to the problems."

Family Awaits Rescue From Flood

This family near Marksville, La., waits on front porch for national guard "ducks" to take them from their home to higher ground as flood waters menace them. The swollen Red river has flooded 200,000 acres in Avoyelles Parish. Marksville is expected to be isolated in a few days. (AP Wirephoto).

GHS Entries Win Two Honors In Speech Test

Rodney Fulcher And Carolyn Clapp Place Third In Respective Divisions; Contest's Growth Has Starling 'Worried'

Two Greenville High School students won two top prizes in the fifth annual speech tournament held in Greenville High School Saturday.

Rodney Fulcher and Carolyn Clapp, speaking in the Original Oratory and Declamation divisions respectively, gathered the two honors for Greenville. Only one school, Ayden, took more than two awards.

The winners in the three divisions were:

Division No. 1, first place, Pat Murphy, Asheville; second, David Wright, Greensboro; third, Isabel Madrey, Kinston; fourth, Violet Ruth Puckett, Concord; fifth, Medge Smith, Ayden.

Division No. 2, original oratory for experienced speakers: first place, Alex Panas, Greensboro; second, Hazel Garris, Farmville; third, Rodney Fulcher, Greenville; a tie was declared in the fourth place standings, with Eugene Featherston, Roxboro, and Allen Johnson, Ayden; fifth, Bobby Bradshaw, Wilson.

Division three, declamation: first, Marian Gibbs, Asheville; second, Anne Calfee, Athens, West Virginia; third, Carolyn Clapp, Greenville; fourth, Tim Ellen, Wilson; and fifth place, Sue Jackson, Ayden.

In the ratings given by the judges, Marian Gibbs and Alex Panas won with a perfect score of six first place standings by the judges.

Of the students taking part in the speech contest, only two members were winners last year. Hazel Garris of Farmville and Marian Gibbs of Asheville each took awards in the fourth annual speech contest.

Report Revolt Against Reds In Farming Region

Taipei, Formosa, Feb. 20—(AP)—The Nationalist defense ministry today said 100,000 farmers had revolted in the Tungting Lake region of Hunan Province killing many Communists.

The ministry said the revolt was sparked by excessive requisitioning of rice by the Chinese Communists.

The communication ministry announced an agreement had been reached whereby Washington had revoked an order for the seizure of Chinese merchant ships under a mortgage to the United States. The ministry said installments and interest on the mortgage had been paid through the end of last year by the Nationalist government.

Yesterday three Nationalist Mitchell bombers damaged a power plant at Nanking, scoring a hit on a big transformer.

Mayor W. S. Stafford said this morning he has issued a call for a special meeting of the Greenville board of aldermen tomorrow morning at 11:15 in the aldermen's room of the city hall.

Stafford said the meeting is for the purpose of considering the layout of a sub-division of the Smith property beyond the Guy Smith stadium west of the city limits.

Stafford said the city officials have approved the layouts of sub-divisions adjacent to the city limits before the sub-divisions can be brought into the city limits.

Tomorrow's meeting will be the third call meeting of the local board of aldermen since the regular monthly meeting of the board on February 7.

Trial Opens For Accused Doctor

International Attention On 'Mercy-Killing' Angle

Manchester, N.H., Feb. 20—(AP)—Dr. Hermann N. Sander, a slim, quiet country doctor, goes on trial on a charge of murder today in the mercy killing of a dying cancer patient.

Dr. Sander, 41-year-old one-time Dartmouth College ski team captain, is accused of killing Mrs. Abbie Borroto, 59, by injecting air into her veins last December.

International attention is focused on the case because of the euthanasia-mercy killing-angle.

Press representatives from the major cities of the United States and England are on hand to record the details of the trial that will unfold in a 43-year-old red brick courthouse in this typically New England industrial city.

The tall, mustached physician has been in seclusion since he was indicted in January. He was absent yesterday when his pastor, at Sunday service in the Congregational Church in nearby Candia, prayed for his speedy acquittal.

The State of New Hampshire charges Doctor Sander injected 40 cubic centimeters of air into the veins of Mrs. Borroto as she lay dying of an incurable bowel cancer in Hillsborough County General Hospital.

As attorneys for both sides wrapped up their strategy there was no hint whether the doctor would take the stand.

Legal observers were of the opinion that "mercy killing" would become a subordinate issue if Dr. Sander is not a witness.

According to the hospital records signed by Dr. Sander, Mrs. Borroto died of cancer. A notation also reported that 40 cc's of air were injected into her veins shortly before she passed away.

The feeling of those close to the case was that the defense would not call the doctor to the stand and that therefore the "mercy killing" angle would not play a prominent part in the testimony.

After Judge Harold E. Wescott opens court the main task will be

Severe Penalty Urged Court As Spy Trial Closes

American's Final Statement Says No Force Behind His Confession

Budapest, Hungary, Feb. 20—(AP)—The trial of U.S. businessman Robert A. Vogeler and six others on spy charges ended today, with the prosecution demanding "the most severe punishment." Court was adjourned until tomorrow, when the verdict will be read.

Vogeler, in an abject "last word statement" to the people's court, declared he had confessed to the charges without "any pressure or inequity."

"I know I have to suffer punishment," the assistant vice president of the International Telephone and Telegraph Co. said, "but hope that the court will consider my request for a mild sentence and also the argumentation of my lawyer."

The attorney for the 38-year-old businessman admitted to the court that Vogeler's activities "caused tears and blood," but he said Vogeler's deeds cannot be considered from the same standpoint as similar deeds by Hungarian citizens.

Prosecutor Gyula Alapi, the same man who prosecuted Josef Cardinal Mindszenty and former Vice Premier Lasso Rajk, called Vogeler a great spy whose punishment should be commensurate with his deeds.

Alapi told the peoples court that Vogeler "is a spy who lost and was unmasked."

He made the charge after nine witnesses had paraded to the stand to testify that Vogeler and his co-defendants were guilty of sabotage against the United States intelligence services.

Vogeler, who has pleaded guilty, was described as "a great spy."

"The sentence should bring him the fate of such persons," said Alapi. Alapi declared that every charge against the seven defendants "was proved in the course of this trial" and demanded the "most severe punishment which corresponds with their deeds."

Vogeler, on trial with six co-defendants, asked for a mild sentence Saturday after pleading guilty. He said he used his business connections as a cover for professional intelligence activities and that nearly all American businessmen in Eastern Europe were required to turn in intelligence reports to the U.S.

Wedding Staged At Her Bedside

Los Angeles, Feb. 20—(AP)—Mrs. Floyd Osborne has missed three of her children's weddings since she entered the tuberculosis unit of General Hospital in 1943.

So Ernal Osborne, 30, had his wedding yesterday at his mother's bedside, complete with bridesmaid, best man, wedding cake and decorations. Forty nurses, patients and doctors looked on as Ernal married Katherine Perdue, 22 Alta Loma.

Rowland, N. C., Feb. 20—(AP)—Police investigating the fatal shooting of two Negro men during a dancehall riot Saturday night had arrested five Negroes today.

Police Chief W. H. Straghan reported that between 50 and 75 shots were fired during the free-for-all he said he understood the shooting broke out after an argument "over women" at the dance.

New No-Strike Order Issued Against Lewis And Miners

Three Offered For Board Of Elections

Back To School

Los Angeles, Feb. 20—(AP)—Mrs. Terry Lee Auer, 45, is ready today for a post-graduate course at driving school — although she had just graduated from the school with honors.

She "soloed" yesterday with her husband in their new car. Police said she forgot about the steering wheel when she made a turn. Result—the car ran into a house. Her husband went to a hospital with face cuts.

Miners Continue Prolong Strike

Refusal To Return To Pits Puts Issue Up To Government

Pittsburgh, Feb. 20—(AP)—Striking soft coal miners, refusing to work again today for the seventh week, put the next step in the big "no contract no work" strike squarely up to the government.

Federal officials in Washington debated taking action leading to a possible contempt of court charge against the United Mine Workers with new urgency.

Throughout the coal fields, idle diggers were steadfast in refusing to work until they get a contract. They were continuing their walk-out.

No UMW mines were operating in Pennsylvania, All Indiana and eastern Ohio pits failed to reopen. The strike was pushed with undiminished vigor by West Virginia's 120,000 UMW miners.

Another 2,000 UMW diggers were idle in the Canton and Danville, Ill., area. Canton strikers were reviving food which rolled into town on a truck bearing this sign:

"Food for the striking coal miners of Fulton county, Ill. from the Union at Sioux City, Ia."

Passengers Take To Lifeboats As Ship Burns

Copenhagen, Denmark, Feb. 20—(AP)—Flames swept a little Danish steamship in fog-covered Kattegat strait early today, driving 118 passengers into lifeboats for safety.

All the passengers—traveling from Oslo, Norway, to Copenhagen, aboard the 3,000-ton Kronprins Olav—were picked up safely a short time later by a Swedish-American liner which answered the burning vessel's distress call.

A spokesman for the Kronprins Olav said all passengers were taken aboard the Swedish American liner Stockholm but a few were injured in abandoning ship.

Although the sea was calm, fire hampered the rescue work.

Offers Review Chages Of Reds In State Dept.

Washington, Feb. 20—(AP)—Senator Hoyer (D-MD) said today that the Senate's special investigations subcommittee will take a look at any charges laid before it by Senator McCarthy (R-Wis) that there are 57 card-carrying Communists in the State Department.

McCarthy prepared to tell the Senate itself about the alleged Communists.

The Wisconsin senator said that on the basis of his Senate speech, he may ask the investigations group headed by Hoyer to make a formal inquiry.

If that happens, Hoyer told a reporter he will have his staff check first into the committee's jurisdiction to be sure it has authority to undertake an investigation of that kind. The group was set up primarily to look into government expenditures.

McCarthy contended that expenditures were involved inasmuch as he said the 57 still are drawing pay from the government.

The Wisconsin senator was expected to repeat in the Senate the demand he made on a circuit of political speeches that President Truman open the government's loyalty files to disclose the records of the 57 under fire.

McCarthy said he wasn't trying to embarrass President Truman politically in making his charges. He

Harrell, Joyner And Booth Submitted To State Board For Appointment To Pitt County Posts

The names of J. Henry Harrell, of Greenville, T. E. Joyner Jr. of Farmville, and Robert Booth of Ayden have been submitted to the state board of elections for selection of two of the men to serve as Democratic members of the Pitt County board of elections. The law requires that at least three names for the two posts be recommended. Harrell and Joyner are at present members of the board.

The action on the recommendations was taken at a luncheon meeting of the Pitt County Democratic executive committee at Rappahannock Saturday with County Chairman John G. Clark, as host.

Chairman Clark reported that Pitt County sent in 4780 for the recent Jackson Day dinner tickets which was 150 percent of its 5000 quota.

Mrs. W. C. Spencer, county vice chairman, urged committeemen from the various precincts to see to it that women vice-chairmen from each of the precincts were named at the coming precinct meetings.

Gilbert Peel, committeeman from No. 4 Greenville precinct, paid tribute to County Chairman Clark for his efforts in behalf of the party and congratulated him for the large Democratic majority piled up in Pitt County at the last election.

Peel and others praised the activities of J. H. Harrell as chairman of the county board of elections in the past and expressed hope that he would continue in the position if named by the state board to succeed himself.

Stating that it was too late for such a change this year, Chairman Clark pointed out the advisability of creating more voting precincts in the county in the interest of making it more convenient for voters to get to the polling places and less waiting in line to vote. He said he believed that such a step would result in more Pitt County citizens availing themselves of the opportunity to cast their ballots in elections.

All 30 of the county's precincts were represented at Saturday's meeting. Those present were L. R. Whitchard, George W. Davis, Mrs. W. C. Spencer, W. J. Bundy, Jack Edwards, C. W. Everett, T. B. K. Fountain, Clinton Elks, J. W. Buck, J. B. Barnhill, J. T. Dupree, Earl Trevaathan, L. M. Buchanan, Gilbert Peel, Urban Cox, W. I. Bisette, Douglas Spencer, J. J. Raspberry, Dixie Cannon, and Ray Ogleby.

City subscribers who do not receive their Reflector by six p. m. are requested to report same by telephoning 3356 between six and six-thirty p. m. After that hour the circulation department will be closed and deliveries will be made of papers missed.

Choosing Tax Forms

A Difference In Best Forms To Use For Married Couples; Points To Remember About The Three Forms; Examples; Who Should Use Which Income Tax Form

By JAMES MARLOW

Washington, Feb. 20—(AP)—Married couples, in choosing the right form for their 1949 income tax return, have a problem slightly different from that of single taxpayers.

For instance, what form for a joint return, or a difference in deductions. And the married couples in community property states have still another kind of problem.

Remember, there are three forms on which return can be made: form 1040-A—the easiest, with the collector figuring the tax for you; the 1040 short form—next easy, where you find your own tax in a table on the back; and the 1040 long form—where you figure your own tax.

Remember, this, too: form 1040-A is for the under-\$5,000 who had the full tax, or most of it, withheld from their wages or salary in 1949. The 1040 short form is for the under-\$5,000 people who can't use form 1040-A.

Before looking at examples of who can use what forms, here's a point: If you use form 1040-A or the 1040 short form you get, without asking or itemizing, a deduction of about

10 per cent for personal expenses like hospital bills or charitable contributions. But with those two forms you can't claim more than 10 per cent. If yours were more than that, then use the 1040 long form. There you'll have to itemize but you can claim your deductions in full.

And—if one partner in a marriage wants to claim more than a 10 per cent deduction and therefore use the 1040 form to itemize, the other partner has to use the long form, too, and itemize.

Now for the use of the forms. You can use form 1040-A only if your total income was under \$5,000 and all of it—except for no more than \$100 in untaxed wages, interest or dividends—was in wages or salary from which full tax was withheld in 1949.

If you don't fit that rule, but your income was under \$5,000 you can use the 1040 form. Examples: If full tax was withheld from your salary but you had \$100 other untaxed income in wages, dividends or interest, you could use form 1040-A.

40 Years Ago Today

THE DAILY REFLECTOR
February 20, 1910

Miss Mary Lucy Dupree spent Saturday and Sunday with relatives in Farmville.
The long expected electric chair has at last arrived at the state prison and is being placed in readiness for use in executing condemned criminals.
If money the government and the states waste in printing worthless documents was put to a better use, there would be a big cutting down of expenses.

Birth Announcement

Mr. and Mrs. Charles W. Jones of Greenville, Route 5, announce the birth of a son, James Daniel, on February 18, at Dr. Joseph Smith's clinic.

Birth Announcement

Mr. and Mrs. Billy B. Vandiford of Greenville announce the birth of a daughter, Katie Patricia, on February 19 at Dr. Joseph Smith's clinic.

Birth Announcement

Mr. and Mrs. Wm. Preston Boyd of Greenville, Route 4, announce the birth of a son, John Wayne, on February 19 at Dr. Joseph Smith's clinic.

Christian Science Service "Mind" was the subject of the lesson-sermon in all Christian Science churches and societies on Sunday, February 19.

Golden Text: Isaiah 33:5. "The Lord is exalted; for he dwelleth on high: he hath filled Zion with judgment and righteousness. And wisdom and knowledge shall be the stability of thy times, and the strength of salvation." Among the citations comprising the lesson-sermon are the following from the Bible: "The eyes of the Lord are upon the righteous, and his ears are open unto their cry." (Psalms 34:18). And from the Christian Science Textbook by Mary Baker Eddy: "We can have but one Mind if that one is infinite." Page 469.

SOCIAL CALENDAR

MONDAY

8:30 p. m.—Rotary Club.
7:00 p. m.—Lions Club.
7:30 p. m.—Mrs. Neil F. Oleson will be hostess at a dinner party honoring Miss Lorraine Grace Whitehurst, bride-elect, in the Magnolia room of Hotel Proctor.
8:00 p. m.—A. A. U. W. games tournament in north dining room at E. C. T. C.

TUESDAY

7:00 p. m.—The Laymen's League of St. Paul's Episcopal church will meet for supper at the home of Mrs. James T. Little.
8:00 p. m.—Chapter 140 of the Eastern Star will meet.

WEDNESDAY

8:00 p. m.—Mrs. Charles B. Rice and Miss Emily Jean Rice will be hostesses at a miscellaneous shower to honor Miss Lorraine Whitehurst, bride-elect.

THURSDAY

7:30 p. m.—Called meeting of the B. and P. W. club in Shepard Memorial Library.

FRIDAY

10:00 a. m.—World Day of Prayer at the Methodist church sponsored by the Council of Church Women. Robert Lee Humber will give the address.
6:30 p. m.—Kiwanis Club.
6:45 p. m.—Exchange Club.

And from the Christian Science Textbook by Mary Baker Eddy: "We can have but one Mind if that one is infinite." Page 469.

Attention, B. & F. W. Club Members
There will be a called meeting of the Business and Professional Women's club Thursday night at 7:30 at Shepard Memorial Library.

Garris Cottage To Be Dedicated
The cottage erected at the Methodist Orphanage in Raleigh by Mrs. L. B. Garris in memory of her late husband, has been completed and will be dedicated Thursday, February 23 at 3:30 p. m.
Friends are invited to attend this service and the "open house" which will follow.

Will Appear At Tuesday Concert

Herbert L. Carter (left) and George E. Perry (right), faculty members of East Carolina Teachers College, will appear with the 60-piece Concert Band of the college in a program to be presented Tuesday evening, February 21, in Wright auditorium. Mr. Carter will conduct the band when it presents at that time its annual winter concert. Mr. Perry will be guest artist on the program, and accompanied by the band, will give a series of selections for piano by contemporary American composers. The program will begin at 8:15 o'clock. The department of music, sponsor of the concert, extends the public a cordial invitation to attend.

Women In The Church

Mrs. Frank G. Brooks, of Mount Vernon, Iowa, national president of the Woman's Society of Christian Service of the Methodist church is now in Europe en route to Geneva, Switzerland, as the American woman representing the World Council of Churches on its new "Commission on Life and Work of Women in the Church." The Commission, authorized by the World Council, will be in session in Switzerland from March 6 to 10. It's major task will be to study and remedy "the inferior place which women are usually given in church bodies." En route to Geneva, Mrs. Brooks is visiting Brussels and Paris, where there are union missionary centers for the training of missionaries going to Africa; and Methodist centers in Algeria and Tunisia, where the W. S. C. S. has sent eight new missionaries among the Kabyles and Arabs.

Miss Angela Trindade, of Madras, India, one of India's most distinguished younger painters, is spending 1950 in the United States, giving a series of lectures and exhibiting her work. Most of her paintings are of Christian scenes—many of them Biblical—on an Indian background. A number of her Madonnas are regarded as classics in Indian art. Miss Trindade is in the United States on invitation of the Liturgical Art Society, the East and West Association, and is sponsored by the Catholic Medical Mission, Philadelphia, and the National Christian Council, India.

"Faith for Our Time" is the theme of the World Day of Prayer to be celebrated in more than 10,000 communities across the United States on the first Friday in Lent, February 24. The World Day of Prayer was originated in 1887 by an American woman, Mrs. Darwin R. James, who asked women of the Presbyterian church to pray together on a specified day for mission work in this country. The day has become an annual event of most Protestant churches, directed by the United Council of Church Women. This year it will be celebrated by Christians in 92 countries. Its prayer offerings will help support mission work around the world. Offerings last year in the United States alone amounted to over a quarter of a million dollars. In American communities the service will be celebrated in churches, hospitals, factories, and homes. A special prayer for world brotherhood is being shown in many motion picture houses, and radio broadcasters and mayoral proclamations are urging citizens to observe the day.

Tomorrow's Gardens

By The Greenville Garden Club
In answer to numerous questions, we give a few suggestions to help in selecting and planting shrubs for foundation planting, for property lines and for specimens on the lawn.
It is still safe to plant most shrubs and small trees. March 15th is a fair dead line.

Plant carefully according to the rule for the specimens planted. Most evergreens should be planted a little deeper than they were in the nursery. Dogwoods require shallow planting. Camellias need a large, well prepared hole but when firmly set should be slightly higher than they were in the nursery.

Caring for newly planted shrubs is most important. Soak the earth at least once a week in dry weather. If the days are windy or very sunny spray the leaves on your newly planted shrubs at least once a day, just enough to keep them from drying out. This is especially important for broad-leaved evergreens.

Place the shrubs carefully. Know what they require and what to expect of them in future growth. Jumpers will tolerate some shade but prefer full sun. Camellias will grow either in sun or shade depend-

formal opening in the Sir Walter hotel.
It was not known whether Graham would be on hand for the opening.

Shrine Club To Hold Dance Here Thursday Night

The Greenville Shrine Club will be host to all Shriners, and their ladies, at a dance to be held Thursday, February 23, at the Women's Club building in Greenville.

This is the annual entertainment, sponsored by the local Shrine Club, at which all members of the official Divan of the Sudan Temple are invited to attend, in order that all Shriners of this city, and surrounding communities, might come in contact and enjoy fellowship with the Sudan Temple official family, as well as with the local membership.

Shriners from Bethel, Ayden, Grifton, Grimesland, Fountain, and other communities are invited to the dance, and will be in attendance. All Shriners and their ladies are invited to attend the dance as guests of the Greenville Shrine Club, with the dance starting at 9 o'clock p. m. and ending at 12 o'clock midnight, with music by Cecil Elington and his group.

Last Rites Tuesday For Mrs. J. M. Morris

Mrs. Mary McCafferty Morris, 78, died at her home in Vanceboro at 12:15 o'clock Sunday morning following a long illness. Funeral services will be conducted at the home at 2:30 o'clock Tuesday afternoon by the Rev. W. R. Crowder, Methodist minister of Vanceboro, and burial will be in Ellsworth Cemetery nearby.

Mrs. Morris, daughter of the late Tom and Winnie Wetherington McCafferty, spent all her life in the Vanceboro community. She was married to J. M. Morris of Vanceboro in 1890, and he died in 1922. She was a member of the Methodist Church.

Surviving are four grandsons, J. Earl Morris of New Bern, James H. Morris of the U. S. Army, now stationed in Hawaii, Jack R. Morris of Monroe, N. C., and Murray G.

Morris of Statesville; a grand-daughter, Mrs. Doris Leith of Chicago, and six great grandchildren.

World Day Of Prayer, Feb. 24

How great is your faith in prayer? There are many today who believe it is the mightiest force in the world. The World Day of Prayer gives expression to such a faith. It occurs each year on the first Friday in Lent.

On February 24th millions of people in 90 countries will kneel at the altar of God to pray. It is the World Day of Prayer, sponsored nationally by the United Council of Church Women and locally by the Greenville Council of Church Women. More things are wrought by prayer than this world dreams of.

Proclamation

Whereas, it is the conviction of the United Council of Church Women, in fellowship with all those who seek the divine guidance of our Creator, that the many problems confronting us today can be solved only with the help of Almighty God; and
Whereas, World Day of Prayer has been designated on an international, interdenominational, interracial basis to join the peoples of the world together in furtherance of the doctrine "The Lord Is Thy Keeper"; and
Whereas, in order for the church to fulfill its important role exerting practical witness to the fact of God's purpose in human affairs, thereby advancing the international cause of peace on earth, it is necessary that we be ever mindful of the vast power of prayer in furthering His word and His work and in combating the forces of evil that surround us.

Now, therefore, I, W. S. Stafford, mayor of the City of Greenville, do hereby proclaim Friday, February twenty-fourth, 1950, as "World Day of Prayer" in the city of Greenville, and call upon the people of our city to observe this day as an individual invitation to attend the World Day of Prayer service at ten o'clock in the Methodist church, that we might together ask God to give us light to guide us, courage to support us and love to reunite us.

Witness my hand and seal of the City of Greenville, this 20th day of February, 1950.

Makes Down-Payment On Car With Jug Of Dimes

O. C. Boyd of Greenville (right) rests a jug containing 5,501 Roosevelt dimes on the fender of a car he has purchased from manager Billy Brown (left) of the Brown-Wood company. Boyd said he has been collecting Roosevelt dimes since 1947, and plans to continue the hobby. He used the 5,501 dimes to make a down payment on a used car from the Brown-Wood company.

There are few people in Pitt county who have ever seen a jug full of dimes, and even fewer who have ever saved that many 10c pieces.

O. C. Boyd, who lives at 1206 Washington street in Greenville, recently made the down payment on a car from the Brown-Wood company here with a gallon jug three-fourths full of Roosevelt dimes.

According to Boyd's records, the jug contained 5,500 Roosevelt dimes which would amount to \$550. Billy Brown, manager of the Brown-Wood company, accepted the dimes as the down payment on the automobile from his used car lot, and had the jug full of silver sent to the bank to be counted. The bank found Boyd had miscounted his dimes. He had 5,501 instead of the 5,500.

Boyd, who works with the highway commission, said he never saved dimes or anything else particularly until 1947 when he decided to collect Roosevelt dimes as a hobby. During the first 18 months of this hobby, he said he found the coins difficult to obtain, but later

they became more plentiful, and his collection grew rapidly. Each time he would get a Roosevelt dime he would put it in a box until he got \$10 worth, and then transfer the dimes from the box to the jug. On the jug was pasted a piece of paper on which he kept a record of the dimes.

Boyd said he did not have an automobile in mind at the time he began saving the dimes, but after the money pile grew, and with a few persuasive words from Salesman Arthur Smith, he decided to use the 5,501 dimes for a down payment on a car.

The three year-old hobby paid off in this case, and Boyd commented, "As long as I'm able, I'm going to save Roosevelt dimes. It is a good hobby and a good way to save money."

Boyd said the only other time he remembers his company transacting an automobile sale on a strictly silver basis was back in 1929 when his father, the late W. S. Brown, sold a car to a Negro man who brought him 1,400 silver dollars. The silver dollars, he said, were stored in small sugar sacks.

tion for two years. The court ordered her not to enter any store or mercantile establishment in Greenville for a year.

Richard Joyner, colored, was given 30 days in jail for contempt of court.

David G. Barnes, colored, disorderly conduct and assault, 30 days on the roads.

Drunk: Jesse J. Stancill, \$15, Grady E. Stocks, prayer for judgment continued.

Assault on a female: Gus Hardy, colored, 60 days on the roads, prayer for judgment continued and he was ordered to raise support payments to \$28 a week. James Carr, colored, was not guilty.

Assault: Square Barrett, colored, 30 days on the roads.

Assault with a deadly weapon: William Barrett, colored, 30 days on the roads; Beatrice Barrett, colored, not guilty.

Careless and reckless driving: Harry Hardy, colored, \$15; Grover C. Barfield, 60 days on the roads, suspended on payment of \$50. He gave notice of appeal. William K. Griffin, 30 days on the roads, suspended on payment of \$25, and the court recommended that his driver's license be suspended for six months.

Marvin B. McGee paid \$25 and costs for driving without a drivers license.

E. A. Jackson, worthless check, paid the check and court costs.

John Davis, Jr., colored, larceny, paid \$20 and is not to operate a motor vehicle for six months.

Charles L. Tucker, disorderly conduct and profane language, 30 days, suspended on payment of \$20. He gave notice of appeal.

SPRING COOLIE—This Spring hat, inspired by the Chinese coolie hat, and shown by Dior, Paris, is made of two tiers of bamboo-like straw trimmed with field flowers.

OPENS SENATE RACE

Washington, N.C., Feb. 20—(AP)—Olla Ray Boyd of Pinetown, hog raiser and plant nurseryman, will open his campaign for the U.S. Senate here tomorrow.

Most popcorn expands 30 times.

'Below Normal' Weather Ahead

Washington, Feb. 20—(AP)—It looks like "below normal temperature" for the next three weeks from lower New York state almost to New Orleans, the weather man said today.

The chilly area will extend from the lower section of New York state south along the coast and southwest along the Appalachians to the central sections of the Gulf states.

Thieves Almost Trip Up Stork

Olean, N.Y.—(AP)—Thieves almost tripped up the stork here when they siphoned some gasoline out of an ambulance.

The vehicle ran dry before reaching the hospital. However the expectant father following the ambulance in his own car was able to push it to the hospital.

Bevin Announces Scheme For Post-ERP Recovery

London, Feb. 20—(AP)—Britain's election campaign dragged toward a close today with a statement by Foreign Secretary Ernest Bevin that his labor regime is discussing steps with the U. S. to get economic assistance when the Marshall plan ends in 1952.

Meanwhile, both big parties braced themselves against last minute maneuvers aimed at swaying the crucial on-the-fence vote between now and the balloting on Thursday. Door-to-door canvassing efforts and speech schedules have been stepped up throughout the nation by candidates seeking the 625 available Parliamentary seats.

Bevin made his U. S. aid announcement last night before a political audience in suburban Croydon. He said:

"We are already discussing with the United States the situation which may arise (when the Marshall

plan ends). We are taking every possible step in order that there will be no economic crises and catastrophe and to ensure that we move steadily over from one system to the other, which is what America wants to see—Europe on its own feet and with its own dignity contributing once again to the great civilization whose cradle she rocked and developed over so many centuries."

"We are working hard," he added "to see whether we can bring about a new payment scheme in exchange which will not involve us in this gold and dollar business, and which will not cut across our own Commonwealth and overseas territories."

Over the weekend both laborites and conservatives accused each other of promoting stunts in an effort to stampede the voters. The laborites concentrated their fire on 75-year-old Winston Churchill, who spearheads the Tory campaign.

Bataan Veteran Dies Of Gunshot

Luray, Va., Feb. 20—(AP)—A retired army captain, veteran of Bataan and four years in Japanese prisons, was found shot through the heart in his country-home near here yesterday.

His wife, Mrs. Barbara Parks, 26, a slim red-head, told authorities it was an accident.

Commonwealth's Attorney I. R. Dovel said no charges would be placed pending the hearing.

There had been five shots but only one of them struck Robert Franklin Park, 38, according to Dovel's daughter, Miss Mary Elizabeth Dovel. She said she and her father were the first to arrive at the Parks' home.

Parks was killed late Saturday night, according to Page County Coroner George H. Long. He said

the victim's nude body showed no signs of a struggle.

Mrs. Parks' face was badly scratched, Dovel said. She was held last night in the Page County jail pending an investigation.

Miss Dovel said Parks' body was stretched out, face upward, at the foot of the bed. A pillow was under the head. Mrs. Parks told authorities she had put the pillow under his head after he was shot and tried to talk to him.

She said Parks had been trying to show her how to operate the .38 calibre pistol when it went off.

Mrs. Parks then ran three-quarters of a mile to notify Sheriff J. Abram Brubaker, she said.

Cases In Police Court On Friday

By CHESTER WALSH

In Police Court last Friday, Judge J. W. H. Roberts found Avant Long, Jr., guilty of driving drunk, speeding and careless and reckless driving, and gave him six months on the roads, sentence suspended on payment of \$100 and costs. The court recommended that Avant's drivers license be revoked for a year. He gave notice appeal to Superior Court.

Willis D. Cooper, colored, was not guilty of possessing non-tax paid whiskey for the purpose of sale and he was found not guilty of possessing distilling equipment.

Mrs. Vernell F. McLawhorn, colored, found guilty of shoplifting, was given six months in jail, suspended on condition that she pay \$20 court costs, and she was placed on proba-

Strength FOR THE DAY

IN THE WAY HE SHOULD GO
John Adams and his wife Abigail trained their son John Quincy Adams for the greatness which he attained. The father took the boy on an important diplomatic trip when the youngster was eleven years old, and at fifteen John Quincy was secretary to a very important diplomatic mission to Russia.

Abigail Adams, writing to her son on one of these European trips, said: "Adhere to those religious sentiments and principles which were early instilled into your mind, and remember that you are accountable to your Maker for all your words and actions." Later she wrote him: "Your conscience is the minister plenipotentiary of God Almighty in your breast. See to it that this Minister never negotiates in vain. Attend to Him in opposition to all the courts in the world."

John Adams lived to see his son John Quincy Adams become President of the United States, as he, the father himself, had been. Before Abigail Adams died a few years before her talented son reached the presidency. John and Abigail Adams stand as two of the most conscientious, intelligent, and successful parents produced in the history of our country. It is interesting to note that the training of their distinguished son was definitely and avowedly on a religious basis.

Around Capitol Square

ADVERTISING — Progress reports made by the state advertising division at Wilmington last week following similar reports to western and central groups, were highly gratifying to those interested in developing the state. Pledges of cooperation from chambers of commerce and civic clubs all over the state, backed up with numerous instances of actual performance, leave no room for doubt that all agencies are working together very satisfactorily. There is still rivalry among the communities and between the sections, but far less jealousy and cross-purpose activity than prevailed when the state first started national advertising of its resources.

DIVERSIFIED — Director Charles Parker explained that activities of his division embrace a lot more than preparation and placement of advertisements. That part of the job is handled by Tom Evans, account executive for Bennett Advertising Agency. Other divisional efforts include publication and distribution of 200,000 new road maps with illustrated data about places of interest and industrial possibilities; compilation of a booklet for distribution among school children in and outside North Carolina, bearing essential facts about the state; establishment of tourist information centers on US-19 at Cherokee. Special attention has been devoted to elimination of speed traps and other practices of local law enforcement officers which give the state a bad name among tourists.

CO-OPERATION — Not only are individual chambers of commerce lending aid to the state program, but two groups — Western North Carolina Associated Communities and Southeastern North Carolina Beach Association — are directing full force of their combined efforts to increase tourist business and attract permanent citizens. Result of the recent conferences at Asheville, Sedgefield and Wilmington indicates the fear voiced by some folks last summer that changes in the advertising set-up would prove detrimental were without foundation.

style," she predicted.

AZALEAS—An ardent booster for the Wilmington area was asked if he could prove the claim of a "million azaleas" in regional publicity. He said he thought so, but was sure nobody could disprove it, because an actual count would be almost impossible. Spot-check and sample counting around Greenfield Lake, Airlie and Orion plantations indicated nearer three million azaleas, he said. A drive through those places last Friday showed evidence he was right. The blooms will be at height in about ten days, but already there are solid masses of color at many spots. Signs are that azaleas and camellias will reach peak together, thus enhancing the beauty. Naturally the local people regard the blooming ahead of dates fixed for the Azalea Festival the first week in April. When the dates were set, the weatherman hadn't arranged for summer weather in December and January.

their own talent."

So he'd like to create a community where they could come, either to live or spend a vacation, and develop talents. They'd sing folk songs themselves, learn square dances—"They're ten times more fun than ballroom dancing"—and paint, make pottery, do leather work, weaving or any other type of handicraft.

"The big need today is self-expression just for the fun of it," he said. "The trouble is now if a kid does show a little talent of any kind, his parents right away want to put him in the entertainment business."

Burl said that a town he'd start out with a Dude ranch, one "without any money atmosphere." He hasn't decided what to name his village yet, but it definitely won't be "Culture City."

"I hate that word culture," Ives said, making a face through his whiskers. "It started as an honest-to-god word, but it has lost its strength. It is already 'pink tea' and has a curse on it."

Just how he'll find time to develop his project, Burl doesn't know. Last year he gave 131 concerts and 150 benefit performances, made 75 radio and television appearances, sang four weeks of hotel engagements, appeared in one movie and three plays recorded 20 folk songs, learned to fly an airplane and finished the first draft of his second book, "Capra Corner."

This would keep the average fat man thin. But Burl not only gained weight on the schedule—he found

time to indulge in his hobbies, sailing, photography and amateur painting.

"I travel so much that about the only thing I can paint is the view from hotel windows," he said. "I always ask for an outside room."

His other pleasures are good food, good beer, good cigars and good talk.

"All I need to get fun is to have something to do that gets me excited—and they keep coming along. I get a lot of fun out of living."

Right now he's engaged in his annual diet to cut his weight from about 300 pounds down to 240. When friends warn him his present pace will kill him, Burl says:

"Well, nothing shortens life more than living."

Washington Letter

By JANE EADS

Washington—The Army's Quartermaster Corps still winces when it recalls the GI it followed all through the Pacific with pairs of size 14-double-E shoes. The chap with the over-size dogs was an exception. But even so the Army has enough headaches with feet. In order to shoe all its men properly it keeps stocked with 85 different sizes, ranging from petite 5-A's to 12-double-Es.

During World War I and World War II the Army used what is known as the Munson last. During the last war this last was modified to get a better design. Now the Quartermaster Corps is trying to develop an entirely new last that will fit more men and cut down the different sizes almost by half. The research is being carried out at Fort Knox. The corps, which supplies all the clothing, equipage and footwear for men and women in the Army and the Air Force as well, is constantly employing the latest scientific developments to get better clothing all around.

It has a research laboratory at Philadelphia working on textiles and working on clothes to meet different climatic conditions from 60-below-zero weather with winds, for instance, to 150-above temperatures. The corps figures that a man in battle has two enemies—his foe and his environment. The less time and energy he has to use to combat his environment, the more time he has to give to fight his foe. The theory is to get the best type of clothing for his protection end service that science can produce.

As new items are developed they are tested by GIs in the field under all kinds of weather and conditions. Average GIs wear 8½-D shoes. Of the 100,000 measured in a special survey it was found that 5,570 men required shoes of size 9-D. Only 10 of the 100,000 examined wore the smallest size, 5-A. There were 64 calls for the largest stock size, 12-EE. The corps issues 40 different sizes of pants. The most frequently called-for were pants with a 30-inch waist measure and a 31-inch in seam. Size 7 field cap with visor was the most used, and a 34-regular was the most issued field jacket size. The average GI, the survey showed, wears a shirt with a 14½-inch collar and a 33-inch sleeve. Only one out of the 100,000 required the largest issue, with a 17¼-inch collar and a 33-inch sleeve.

Boyle's Column

By HAL BOYLE

New York—(AP)—Anybody got a used town for sale—cheap?

Burl Ives, the big, bearded ballad singer, is in the market for a second-hand small town, in good condition, if it has a mountain or two around it and the price is right.

He'd like it for a purpose—to see if he can build a community where Americans can have some real down-to-earth fun again.

"People don't have real fun anymore—not honest-to-god-fun," complained "the wayfarin' stranger," as he sat in slippers ease comfortably overflapping an overstuffed chair in the Hotel Plaza.

"I'd like to build a place where they could go and have fun, and do the things they want—a creative place."

"It would be an inside-out place rather than an outside place. By that I mean I'd want people to get the spirit of having inside rather than coming from inside themselves."

Burl, who earns more singing folk songs than Beethoven did writing symphonies, explained he thought people had less fun nowadays because "they are expressed at—instead of expressing themselves."

"And that ain't good for the soul. Radios, movies, television, sport-ting events—they're all good, but they don't allow people to give out with

PICTURES — It might sound strange to most folks to hear that changing styles in clothes and the way women do their hair might cost the state of North Carolina a good many thousands of dollars. That's because a large part of the photographic files have been rendered obsolete. Dress styles and length of skirts can be handled by using models in swim suits or slacks, or by partially hiding them behind other objects. The hair-do is a more serious problem. An out of state publisher was looking through his negative files the other day and found just what he wanted—an attractive young woman standing on a mountain cliff. He couldn't use it, because the hair and skirt style dated the picture as pre-war. One of the young ladies attached to the advertising division suggested that the old negatives not be destroyed. "They'll come back in

'CRIME' CLARIFIED
Hawthorne, Calif., Feb. 20—(AP)—A woman called police and said she had seen a man stuff a boy in

the trunk of a car.
As he drove off, she said, she copied the license number.
Police traced the car to the home

of Harry Scroggs.
Scroggs laughed and produced the boy, Harry, Jr., 15.

"The car has a rear end rattle," said Harry, Jr. "I thought I could ride back there and find it."

Too Young

Frankfurt Germany, Feb. 20—(AP)—The Army's top chaplain wants to keep teen-age soldiers out of the U.S. occupation force in Germany because they are too young to resist moral temptations here.

Maj. Gen. Roy H. Parker, chief of the U.S. Army chaplains, told the Army newspaper Stars and Stripes he was considering recommending that only soldiers in their second enlistment period, or Germany, be assigned to duty in Germany.

This would eliminate teen-agers, since an enlistment period is for three years.

Bonner Advances In His Committee

Washington, Feb. 18.—Rep. Herbert C. Bonner of Little Washington today moved up to the post of ranking member—in effect, vice chairman—of the House Merchant Marine and Fisheries Committee as a result of the death yesterday of Chairman S. Otis Bland (D-Va.).

Rep. Edward J. Hart (D-N.J.), the committee's ranking member under Bland, moved up to the chairmanship today, with Bonner moving to the seat at his right.

Bonner, a longtime associate of Judge Bland, was among those who took the floor of the House yesterday to pay him tribute following his death from a cerebral hemorrhage.

The veteran—Virginia lawmaker, fifth member of the House in point of seniority, was, Bonner said, "an American who gave and gave freely to the cause of freedom and to the causes which best served our country."

He praised Bland's devotion to his committee work, and particularly his efforts to build up a strong Merchant Marine in this country.

Home Ec Club Elects Officers

Thelma Russ, of Kelly, junior at East Carolina Teachers College, will serve as president of the Home Economics Club at the college during the 1950-51 term. Miss Russ is vice president of the group at present.

Other officers chosen by club members at a recent election and slated to direct activities during the coming school year are Betty Ann Shaw of Weldon, vice president; Grace Giles of Linden, treasurer; Doris Edwards of Selma, secretary; Carrie Mae Smith of Seven Springs and Rachel Kirby of Lucama, reporters on the staffs of the college newspaper and the yearbook.

Six From Pitt Make Honor Roll

Chapel Hill, Feb. 18.—Six students in the General College (freshmen and sophomores) of the University of North Carolina, from Pitt county made the Honor Roll during the past quarter.

George Elton Cox, of Winterville, made all As (95-100) on all his work.

Others on the Honor Roll included: Claude A. Barnhill, of Stokes; Virgil F. Burney, of Ayden; Thomas E. Castelle, of Winterville; Joseph F. Centrone, of Grimesland and Lewis S. Lawrence of Falkland.

'Trust Islands' Going To School

PEARL HARBOR.—(AP)—Education has arrived in the U.S. trust islands of the Pacific—and everyone wants to go to school. Grown-ups too. They want to learn to speak English so they can sell to American traders. They want to learn arithmetic so they can tell if they're making money.

The heads of school districts in the Marshalls, Truk, the Palaus, Saipan and Yap told about it at an educational conference sponsored here by the Navy. The U. S. took over the islands from Japan.

Sea slugs are sold in Chinese markets smoked and sun-dried.

Two Greenville Men On Seaplane Tender

Two Greenville Navy men are serving aboard the seaplane tender USS Norton Sound with the Pacific Fleet.

The men are: George R. Minshew, seaman, UEN, of 801 East Fourth St., and Jesse A. Hardy, seaman USN, son of Mr. and Mrs. George Hardy, Sr., of 1008 Chestnut St.

Both men, graduates of Greenville High School, are 1948 entries into the Naval service. Each received his recruit training at the Naval Training Center, San Diego, Calif.

May Find Trace Of Early Man

Tuebingen, Germany.—(AP)—A large cave which may reveal traces of human beings who lived 300,000 to 500,000 years ago has been discovered near here. Experts found the bones of giant bears and other bones which may have been the remains of early man.

Tuebingen lies 110 miles south of Heidelberg, where the remains of the "Heidelberg man," who lived about 600,000 years ago were found.

How Legislators Of State Voted

Washington, Feb. 20.—Members of the North Carolina congressional delegation cast the following votes of record last week:

HOUSE

Question of dispensing with further proceedings under call of the House, forced to a vote in a maneuver to delay consideration of FEPC: Rep. Harold D. Cooley, for; Reps. Graham A. Barden, Herbert C. Bonner, F. Eitel Carlyle, C. B. Deane, Robert L. Doughton, Carl T. Durham, Hamilton C. Jones and Monroe M. Redden, against; Bonner, for, and Bulwinkle, Cooley, Doughton and Kerr, not voting. (Rejected, 126-196).

McCormack motion to dispense with further proceedings under call of the House, forced to a vote in a maneuver to delay FEPC consideration: Barden, Carlyle, Chatham, Deane, Doughton, Durham, Jones and Redden, against; Bonner, for, and Bulwinkle, Cooley and Kerr, not voting. (Agreed to, 234-96).

SENATE
No votes of record were taken in the Senate last week.

Policeman Fined In Blackjacking

Smithfield, Feb. 20.—(AP)—Benson Policeman R. Lee Edwards has been fined \$250 and costs for assaulting Princeton Mayor R. G. Gurley with a blackjack.

A 12-man jury deliberated less than half an hour in returning a guilty verdict in Johnston Superior Court.

Judge W. H. S. Burgwyn in pronouncing judgment declared that the blackjack blow struck by the policeman "was in every possible way unjustifiable." He told the policeman "I would send you to the roads" if "I had any idea that there had been malice behind the act."

SUBMARINE ESCAPE SUIT—A new inflated submarine escape suit worn by a British Navy man at Portsmouth, England, holds a bulb which lights when immersed in salt water.

Three Lawmakers Try Movie Acting

Washington, February 20.—Three North Carolina lawmakers became motion picture actors for a bit this week-end—but their acting will not be seen on the screen in your favorite motion picture theater.

The actors were Senator Clyde R. Hoey and Reps. Harold D. Cooley and Herbert C. Bonner—they were filmed by cameramen for a Film, Inc., who are producing a documentary picture on the functioning of the government.

The picture will be distributed for use by schools and also may be reproduced on television. In addition, the State Department plans to send copies overseas in connection with its Office of International Information's program for teaching the rest of the world what the United States is like.

Meanwhile, as the three legislators turned actor, a widely known North Carolina photographer, Robert L. Shoaf of Lexington, and his assistant, Charles E. LeFevre, arrived in the capital to spend some time gathering a series of camera studies of distinguished Tar Heels.

in Washington. Shoaf is engaged in a program which when it is completed will have seen virtually every North Carolinian of prominence, in government and in other fields, pose for his camera.

Early Action On Bonner Bill Seen

From the Reflector's Washington Bureau

Washington, Feb. 20.—Early action on a bill by Rep. Herbert C. Bonner of Little Washington to protect from unwarranted reductions the acreage allotments of growers of Virginia-type peanuts was promised here today following a conference of state officials with congressmen.

Rep. Harold D. Cooley of Nashville said he would set the bill for a quick hearing by the House Agriculture Committee, of which he is chairman.

The state officials, Agriculture Commissioner L. Y. Ballentine, Harry Westcott, retiring chief of the marketing division of the state agriculture department, and John A. Winfield, Westcott's successor in the department, met with Cooley, Bonner and Reps. Graham A. Barden of New Bern and C. B. Deane of Rockingham yesterday afternoon.

The state group was seeking congressional action to set up a peanut acreage allotment system somewhat similar to that used for tobacco—in which allotments would be made on the basis of type of peanuts rather than on an overall basis. Bonner's bill, in which Rep. Watkins M. Abbott of Virginia has joined, would do this, and Ballentine said the measure was satisfactory to North Carolina growers.

The agriculture commissioner explained that Virginia-type peanuts, grown exclusively in North Carolina and Virginia, were not in long sup-

Judge Announces Not A Candidate

Warsaw, Feb. 20.—(AP)—Judge Henry L. Stevens of Warsaw announced yesterday that he will not be a candidate for the U.S. Senate. Judge Stevens had been rumored as a possible candidate against Dr. Frank P. Graham.

In a prepared statement, the judge asserted that he thought he would win the election. However, he declared that he was not in the position to make the personal sacrifice that being a United States senator would entail.

ply—that as a matter of fact, that type of nut is selling well above the support price level, because of the fact there is no surplus crop. "We simply want to avoid an acreage reduction for our growers under the circumstances," said Ballentine. "If allotments were made on an overall basis, we would sustain cuts, and that we don't want."

Considering 'Substitute' Capital In Event Of Attack By Enemy

Washington, Feb. 20—(AP)—Senator Tydings (D-Md) said today defense officials have been studying for some time the advisability of setting up a second U. S. capital to be used in event of an enemy attack.

The chairman of the Senate Armed Services committee discussed the situation after Rep. Hollifield (D-Mich) had proposed the establishment of an alternate capital, perhaps underground. There have been similar suggestions in the past, especially from Senator Wiley (R-Wis).

Hollifield planned to introduce in the House a joint resolution to create a seven-member commission. It would study the feasibility of a substitute capital and report to the President and Congress by January 31, 1951.

Paul J. Larsen, new head of the Office of Civilian Defense, already

is talking of a plan of defense which includes scattering of functions and putting some of them underground.

Larsen, who takes over March 1, said at Albuquerque, N. M., yesterday:

"Our first job will be re-location and re-design of the present governmental office set up in the capital."

Dispersal, even out of the Washington area, and underground installations either in or out of the capital, will be our chief means of defense.

Larsen is the former director of the Atomic Energy Commission's laboratories at Albuquerque.

Rep. Hollifield said in a statement prepared for House delivery that a single bomb on Washington could paralyze the "nerve center of our nation."

Senator Tydings, in commenting on Hollifield's plan, said that it "deserves the greatest study," he added.

Hypnosis Brings Heart Symptoms

San Francisco—(AP)—Hypnosis can produce symptoms of heart disease in healthy people says Dr. Leslie L. Bennett of the University of California medical school. He reports experiments in which subjects showed no heart damage before or after the tests. He says the experiments show some of the difficulty which faces doctors who try to diagnose heart disease.

ASK HOSPITAL BIDS

Washington Feb. 20—(AP)—Bids will be advertised this year for the 1,000-bed Veterans Administration hospital at Salisbury, N.C. the VA announced Sunday.

The firm of Tobey, Tobey, Tobey and Midgley handles Brown University's two-mile relay business. Jon and Josh Tobey are twins, Joel is a younger brother.

'Smear' Charged In NCEA Voting

Winston-Salem, Feb. 20—(AP)—Charges of "smear" have enlivened the campaign for election of a new president of the North Carolina Education Association.

Supporters of Mrs. Margaret McDermott of Winston-Salem said over the week-end that she has been stirred by "half truths" from unidentified groups working for her opponent.

Mrs. McDermott is opposed for the presidency by C. M. Abernethy of Lenoir, superintendent of schools in Caldwell County.

Balloting is going on by mail. The ballots are to be counted Thursday.

At Lenoir, Abernethy said he knew nothing of the alleged smear campaign and had no comment on

the McDermott group's statement. Mrs. McDermott's campaign headquarters here said it has been charged that if she is elected president teachers salaries "will take a tremendous cut when the Legislature meets."

Miss Sarah Olive Smith, McDermott's campaign manager, said "Everybody knows that she has always fought for higher salaries for teachers."

Find Species Of Square Fish

Haifa, Israel—(AP)—"Wonna" do some square fishing? The finny ones come that way in the Gulf of Elath at Israel's southern-most top—really square.

A department of fisheries mission of Elath found many exotic-looking, inedible tropical fish, including one species that is perfectly square.

Steam, formed from moisture in the kernel, is what pops popcorn.

Blue Mold Found Moving To North

Raleigh, Feb. 20—(AP)—A northward invasion of blue mold, the tobacco farmers' curse, has been spotted in Marion County, S. C.

Reporting this, N.C. State College plant pathologists warned tobacco growers in southeastern North Carolina to take immediate control measures.

Dr. J. H. Jensen, the college's plant pathology head, reminded "There is no cure for blue mold. The recommended chemicals are

only preventative, so they must be applied before the disease arrives."

He added that tobacco farmers in the northern part of the state could delay their applications until further word of the advance.

The South Carolina report came a week after Cook County, Ga., reported the earliest appearance on record of the disease.

Fire Failed To Stop Services

Charlotte, Feb. 20—(AP)—The Rulane Gas Company here continued to service its customers today despite a \$50,000 flash fire which roared through the firm's storage yard Saturday.

The fire broke out while a tank truck was being filled with propane gas from a railway tank car. A hose coupling, dropped against concrete, touched off a spark which started the fire.

The blaze set off a series of explosions, which ripped huge pieces of tin from a company warehouse and hurled them over a 100-yard area.

"LISTEN TO 'COUNTER-SPY'—TUESDAY AND THURSDAY EVENINGS, YOUR ABC STATION"

East Carolina Quint Ends Season With 58-35 Victory

Defeat Arch Rival AC By Big Score

Lou Collie Paces Pirates With 22 Points For Evening; Junior Varsity Makes Evening Complete With 64-24 Pastings

A roaring battle crowd saw East Carolina's Pirates ring down the curtain on their regular 1950 basketball show here Saturday night, as they trounced arch-rival, Atlantic Christian, 58 to 35.

Star of the offensive act for the Buccaneers was staged by little Lou Collie, sophomore set shot artist, who hit on eleven field goals for a grand night's total of 22 points. Unofficial records gave Collie credit for hitting on over fifty percent of his shots taken.

Getting off to a very slow start, East Carolina trailed the visiting Bulldogs after five minutes had elapsed from the opening tip-off, 7-0. At this point, Collie hit on his first bucket of the night, making the score read 7-2.

After twelve minutes of play, ACC still led the Bucs by a 13-10 score, but with a quick basket by tall Jack Evertson, followed by a bucket by Roger Thrift, East Carolina sailed ahead of the hapless Bulldogs, 14-13, with six minutes remaining in the first period, and were never headed or seriously threatened throughout the rest of the game.

During the closing five minutes remaining in the first stanza, Freshman Sonny Russell combined with Collie on hitting with two baskets apiece, as Len Bauer added another, to give the Pirates a nine-point halftime lead, 23 to 14.

Putting the final trimmings on their last appearance before the home fans, East Carolina continued their scoring tricks during the second half with Collie leading the way. Midway of the final stanza, East Carolina soared to a 14-point lead as Evertson and Collie registered with two pointers, making the score read 41-27.

Lanky Jack Evertson, Pirate senior forward, who made his last appearance on the East Carolina court Saturday night, concluded his brilliant basketball career here in a showman's fine style, as he scored the final bucket for the Pirates, and was in control of the ball as the final whistle blew.

Evertson, who is an all-conference prospect from East Carolina, shared runner-up scoring honors with his fellow forward mate, Sonny Russell, in Saturday's tilt, as both players gathered in 11 points apiece. Russell turned in a great floor game as he concluded his first year here at East Carolina.

Scoring leader for the ACC team was Paul Glazer, who hit on six shots from the floor and two free throws for 14 points.

In a preliminary game, East Carolina's Jayvee squad thrashed Atlantic Christian's JV's by a 64-24 score. Jim Fife and Jim Corbett led the Baby Bucs with 15 points each.

Pirates To Play Lenoir-Rhyne In Feb. 23 Pairings

A flurry of activity marked the basketball scene in North Carolina over the weekend.

North State Conference teams ended their regular season and turned their attention toward their annual tournament which opens Thursday at Statesville.

In the Southern Conference Wake Forest clinched a berth in the loop's tourney next month in Durham by dumping the Citadel, 62-57, Saturday night. North Carolina, Duke and North Carolina State already have earned spots.

High Point has the No. 1 seeding in the North State tourney, followed by Appalachian, Catawba and East Carolina. Opening round pairings for Thursday are East Carolina vs Lenoir-Rhyne, Catawba vs Elon, Appalachian vs Guilford and High Point vs Atlantic Christian.

In winning 15 of 16 conference games High Point compiled one of the best, if not the best, records in North State history. Larry Graham of Catawba was the loop's top scorer with a point average of 15.34 for 23 games. Ed Susta of High Point was second with 14.55 for 22 games.

Saturday night High Point topped Lenoir-Rhyne 87-81. Appalachian trimmed Catawba, 76-71, East Carolina defeated Atlantic Christian, 58-35, and Elon downed Guilford, 74-52.

Other games Saturday night saw North Carolina State defeat the University of Louisville, 66-52, Duke returned to the win trail to edge George Washington, 58-56, and the University of Maryland finally defeated Davidson, 64-61.

None of the state's teams in the Southern Conference plays tonight. However, Elon takes on non-conference McGary at Elon.

Maryland Edges UNC, 34-26, In Saturday Meet

College Park, Md., Feb. 20—(AP)—Maryland edged out the University of North Carolina, 34-26, in the third annual invitational track meet here Saturday.

Most of the way it was strictly a two-team race with Maryland holding a big edge in the number of entries. The absence of Olympic star Bill Albans, who had an injured back, also handicapped North Carolina.

Ten teams were entered. Final score: Maryland 34; North Carolina 26; Virginia Tech, 14; Navy, 13; Duke, 13; Virginia Military Institute, 10; North Carolina State, 3; Catholic University, 3; William and Mary, 3; Wake Forest, 0.

Sewanee Takes Swimming Title

Chapel Hill, N. C., Feb. 20—(AP)—Sewanee Military Academy of Tennessee has the Southern prep school swimming title for the second straight year.

Sewanee scored 48 1-2 points to top the prep here Saturday in the fourth annual Southern interscolastic swimming meet.

Needham-Broughton of Raleigh earned 23 points to take the high school title, succeeding Alexandria.

Chapel Hill, N. C., Feb. 20—(AP)—The Carolina Baseball League opens its season this year on April 19 and closes September 14. The 154 games make up the longest schedule in league history.

In announcing the schedule, President Glenn E. (Ted) Mann pointed out that the All-Star game has been discontinued. The semi-final playoffs will begin September 16. They will be three out of five games instead of four of seven. Final playoffs will be four of seven.

The St. Louis Cardinals open their home season with a night game against Pittsburgh on April 18. It's one of 54 home night games for the Cards.

Crusaders Tally 22 Wins In Row

New York, Feb. 20—(AP)—Unbeaten Holy Cross, the nation's No. 1 college basketball power, is the first team in more than 10 years to roll up 22 straight victories.

Not since 1939 has any team gone through its first 22 games without a setback. In that season, Long Island University recorded 24 consecutive triumphs without a defeat, a mark Holy Cross can tie by downing Boston College tomorrow night and Brown next Saturday.

The Crusaders, top-ranking quintet in the Associated Press poll, also can be the first major team in six years to finish with a spotless record. Army's 1944 squad (15-0) was the last to turn the elusive trick, according to figures of the National Collegiate Athletic Bureau.

However, Boston college figures to be tough for Holy Cross. The Eagles, though sporting an unimpressive 10-4 record, upset highly regarded Villanova Saturday and no were out to avenge an early-season 93-46 shellacking by Holy Cross.

Other games on the Crusader schedule include Valparaiso, New York, AC, Columbia and Yale. The last three are road games.

Albans To Again Lead Tar Heels In Annual Games

Chapel Hill, N. C., Feb. 20—(AP)—Bill Albans again will try to lead the University of North Carolina to victory in the 15th annual Southern Conference indoor games here Saturday.

However, the New Jersey speedster is not expected to repeat his great performance of last year which won him five events. He hurt his back playing football last season, and his training program has been curtailed.

The games will include conference, non-conference, freshman and high school competition. Last time Georgia Tech won non-conference honors, Maryland took the freshman competition, and Alexandria, Va., led the high schools.

Long Schedule In Carolina League

Durham, Feb. 20—(AP)—The Carolina Baseball League opens its season this year on April 19 and closes September 14. The 154 games make up the longest schedule in league history.

In announcing the schedule, President Glenn E. (Ted) Mann pointed out that the All-Star game has been discontinued. The semi-final playoffs will begin September 16. They will be three out of five games instead of four of seven. Final playoffs will be four of seven.

The St. Louis Cardinals open their home season with a night game against Pittsburgh on April 18. It's one of 54 home night games for the Cards.

Set Shot by Pap

One thing that stamps the Redmen of St. John's University as an outstanding basketball team is the manner in which the players have shared the scoring honors in piling up their impressive string of victories. Zeke Zawoluk the sophomore center, and Captain Jerry Calabrese have paced the team in scoring several times but on other occasions Jack McMahon and Al McGuire have supplied the winning punch.

When the Redmen decisively trounced Temple in Philadelphia, Calabrese set the pace with 19 points. In the dressing room after the game, it was revealed that the players wanted it that way because it happened to be Jerry's birthday.

In this his final year of varsity basketball, Calabrese has blossomed out as a real star and lived up to the promise he showed as a schoolboy sensation at Cliffside Park (N.J.) high where he won all-state honors and created a scoring mark which was later erased by Sherman White, now starring at Long Island University. As a freshman, Calabrese suffered a knee injury that hampered him for three seasons. Only this season did Jerry discard a cumbersome brace. Today, he is driving with complete confidence and there are few faster men operating in the collegiate ranks than Jerry when he cuts in for a lay-up. At the rate Calabrese is scoring he is destined to join the slim ranks of seasonal 300-point scorers for St. John's—Harry Boykoff, Ray Wertis, Dick McGuire and Zowoluk.

Houston Next Stop For Golf Tournament Stars

Harlingen, Tex., Feb. 20—(AP)—Golf tourists rolled on to Houston today for another \$10,000 Open golf tournament with young Jack Burke, Jr., winner of the Rio Grande Valley Open, the little man of the hour.

The boyish son of Houston's famed professional—the late Jack Burke—moves into the city that knows him best as second leading money-winner of the year. He laid down a six-under par 65, featured by two eagles, on the 6,065-yard Harlingen Municipal course yesterday to a finish with a record-breaking 72-hole 264 and grab first money of \$2,000 in the \$10,000 Valley Open.

Burke, who registers from White Plains, N.Y., ran his total money winnings for the year to \$4,940. Ahead of Burke in money-winnings in only Sam Snead of White Sulphur Springs, W.Va., with \$7,558. Snead is playing at Houston. He decided to skip both the Rio Grande Valley and Houston opens. Jimmie Demaret of Ojai, Calif., who was second money-winner last week, won only \$196.66 here and fell to third place with a total of \$4,778.66. Demaret had 272 for a tie for twelfth place.

Harvie Ward Is Tourney Winner

St. Augustine, Fla., Feb. 20—(AP)—For the second straight year Harvie Ward has won the tournament of Golf Club Champions.

The University of North Carolina star defeated another North Carolina in Saturday's finals. Ward won 5 and 4 over Dick Chapman, Carolina amateur champion from Pinehurst, N. C., in a 36-hole match. Putter accuracy made the difference.

Costly Close Ones

BOSTON—(AP)—The inability of the Boston Red Sox to win a majority of their close games was a factor in their second place finish in the 1949 American League race. The Red Sox win 19 games decided by one run and lost 21 by a single marker. By contrast, the champion New York Yankees posted a 28-21 record in 49 one-run games.

Present Teague Awards Tonight

Winston-Salem, N. C., Feb. 20—(AP)—Charlie Teague and Jackie Swaim Fagg will receive Teague trophies as the outstanding amateur athletes in the Carolinas for 1949 at a banquet here tonight.

Teague, star second baseman on the Wake Forest College baseball team, will be honored as the No. 1 male athlete. Mrs. Fagg, outstanding player on the Hanes Hosiery basketball team, will get the women's award.

High Hurler

WASHINGTON—(AP)—Tallest rookie of the 1950 American League spring training season is Jim Pearce, coming up to Washington from Charlotte, N.C., of the Tri-State League. The right-handed pitching hopeful stands six feet, six inches and won 10 and lost 10 in 1949.

May Decide Eighth Quintet In Southern Tournament Tonight

Richmond, Va., Feb. 20—(AP)—The question of who'll be the eighth team in the annual Southern conference basketball tournament may very well be settled tonight.

Only two games are on the league slate—but the two teams locked in a mathematical squabble for the eighth tourney berth are involved.

Virginia Tech, which needs only one more victory to clinch the berth plays at home against second-place William and Mary, Clemson, which now can make the grade only by winning three straight games while Tech loses twice, invades improving Washington and Lee.

Any combination of a Tech triumph or a Clemson defeat tonight will mean a blue-ribbon event appearance for the Techmen. The best

Clemson can get from here out is a tie with Tech for the last spot. Already assured of places in the tourney March 2, 3 and 4 are North Carolina State, three-time league champions; William and Mary, George Washington, North Carolina South Carolina, Duke and Wake Forest.

Saturday night's loop games saw Duke and Wake Forest clinch tourney bids by defeating George Washington, 55-52, and the Citadel 62-37, respectively. Furman almost eliminated Clemson's hopes with a 56-52 win. Other conference contests saw William and Mary topple Virginia Military, 74-57, and Maryland edge out Davidson, 64-61.

State's Wolfpack, paced by Sam Ranzino's 29 points, continued

its bid for national honors with a 66-52 conquest of the University of Louisville, and Virginia Tech trounced non-league Virginia, 78-64.

While the tournament-seeking was reaching its climax, South Carolina center Jimmy Slaughter continued for the second straight week to pace the conference's individual scoring race. The Gamecock ace has tossed in 289 points in 14 loop games.

Trailing Slaughter are four more centers—Sherman (Memo) Nearman of North Carolina, with 263 points; Chester Gierman, of William and Mary, with 239 points; Alton McCotter, of Wake Forest, with 235 points; and Sumner Tilson, of Virginia with 226 markers.

Stokes Quintet Tops Grimesland

Stokes, Feb. 20—A fighting Stokes quintet took an early lead in the game against Grimesland Friday night, held onto it, and walked away with an upset victory, 53-33.

The contest marked Stokes' fifth win of the season against 10 losses in Pitt County competition.

The local five was never headed, holding leads of 9-4 at the first quarter and 17-11 at the half.

High scorer for the victors was Jack Cherry with 20 points. He was followed by Pete Fleming with 16. The defensive guns were Donnie Cherry and Loyall Corey.

Tucker collected 12 points to lead the Grimesland team. Runnerup was Gladson with eight.

In the preliminary, the local girls lost their 15th game this year by a score of 38-17.

Legion Officials To Attend Meet

Wiley M. Pickens, state vice-commander of the American Legion and manager of the Veterans Administration in the state, and James M. Caldwell, for many years adjutant of the North Carolina Department of the American Legion, will be among the prominent guests at tomorrow night's regular meeting of Pitt County Post of the American Legion home on Evans Street at 7 o'clock and all Legionnaires are urged to be present.

Three Reasons Advanced For Fred Wilt's Defeat

New York, Feb. 20—(AP)—There are three reasons being advanced by way of explaining Curt Stone's victory over Fred Wilt in the National A. A. U. indoor three-mile championship.

The one which seems most plausible is that Stone, the former Penn State athlete now running for the Shanahan Catholic club of Philadelphia, simply can outrun Wilt at distances longer than two miles. There's no denying that Fred, the FBI man by way of the New York A. C., can win as he pleases at two miles.

If you go for the more involved explanations, consider these two (he opened up for laps from the finish).

1. Wilt waited too long before putting on the pressure. Had he started sooner, he could have built up a big margin which stone could not have made up.

2. He started too soon. He could not sprint the entire four laps, and thus could not shake Curt. Had he waited, he could have poured it on, say, two laps from the end.

Any of the three could be the real explanation of the stunning upset in Madison Square Garden Saturday night. Stone outspurred Fred in the last lap, and halfway home the latter gave up. Stone was clocked in 13:57.2 and is the first American to break 14 minutes since Greg Rice.

Hanes Hosiery Wins Cage Crown

Asheville, N. C., Feb. 20—(AP)—Hanes Hosiery of Winston-Salem is winner for the second straight year of the Carolinas Textile League basketball championship.

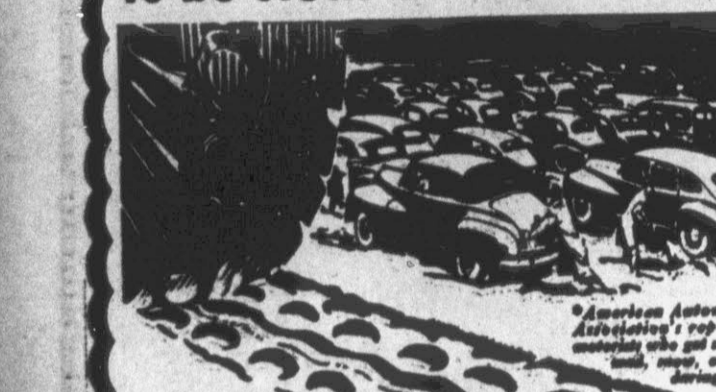

Hanes defeated McGary Eagles of Asheville, 50-48 in the league's tournament finals Saturday.

Engineers' Club Meets Wednesday

H. D. Jones, president of the North Carolina Society of Engineers and Safety Director of the North Carolina Department of Highways, will be the principal speaker at the February meeting of the East Carolina Engineers' Club which will be held in Greenville on Wednesday at 7:00 p.m.

The meeting place will be the Olive Towne Inn.

Home Girl

By Carol Holliston AP Newsfeatures

Chapter 13
She didn't tell her father that she had seen Tony briefly and he had told her they couldn't get married until he had made some money, but that might come quickly as soon as the courts opened again in the fall. In answer to her direct question he told her he had a case or two but didn't want to discuss it until he had proved what he could do. She let it go at that, because he seemed much happier, and merely told him the house was always open to him. In fact, he retained his key. It gave her a strange feeling of security when he showed it to her.

It was August before Don Carey put in his appearance at the house. She had just finished dressing for dinner in her front bedroom overlooking the street when she glanced out and saw him get out of a big sport car and ring the bell. He had a dog under each arm.

She could tell by the roaring greeting that Don had not been forgotten. Every day the boys had asked when Don was coming and she had been glad to say he was out with the cowboys. Now he was there. She could hear Mary, all excitement over the dogs, and her father crying, "You must stay to dinner. We shall lock you in with us if we must. We have been waiting for you, my dear sir. And where is Anne? Boys, find Anne and tell her Mr. Carey is here at last."

She heard them start up the stairs, shrieking, "Don is here! Don is here!" She darted into the bathroom, since no place else was sacred to them. That at least had been Celia's teaching. She could hear them talking excitedly, wondering what to do. They knew not to call out. Also, she was sure they wouldn't wait, with the dogs below. Sure enough, it was no time before she heard them dashing downstairs again. Going into the hall, she could hear them heading for the back yard. A glance from the bathroom

A "Big Package"—At a Low Price!

Kaiser-Frazer's new low-priced automobile is a "big package," as is demonstrated in the luggage display above. The 17 bags, including a steamer trunk and a foot locker, fit neatly into the sedan's new-type giant luggage compartment, which is formed by folding down the rear seat. And there's room left over for three front seat passengers. With the rear seat upright, the car is a roomy five-passenger sedan. The low, sleek styling of the new model is emphasized in the lower picture.

The Kaiser-Frazer Low-Priced Car

Our new low-priced car, which will reach the nation's highways next July, culminates seven years of experimental work with more than 50 prototypes. This new model represents the realization of one of my great ambitions.

We began in 1943 to explore the whole picture of what the public really wanted and should have in a piece of transportation. We went into research in materials, specifications, performance and marketability. The engines in our prototypes ranged from 10 to 100 horsepower. We experimented with front wheel drive and rear engines. We worked with such materials as aluminum, magnesium, plastics and wood, and applied new techniques in using them.

We came to the early conclusion that the American public doesn't want anything radical or revolutionary and, certainly, it doesn't want a "small" car.

The public wants a car of conventional size with enough modern styling distinction to instill pride of ownership. Our research made it clear that our car should have three things above all—price, appearance and performance.

In terms of functional styling, appearance means size as well as beauty. That's why we've built a car with space and head and leg room to comfortably seat five to six persons.

In planning performance for this car, we worked from the knowledge that Americans have to travel up and down mountains and through muddy roads, as well as on modern high-speed highways.

We settled on offering buyers a choice of four or six-cylinder engines that will give good performance and, at the same time, exceptionally good fuel economy. These engines deliver upward of from 30-35 miles to the gallon.

We didn't sacrifice the use of basic automotive parts of standard design in engine or chassis.

We introduced such stylized features as body side-spears, wheel cut-out flanges, and other sheet metal detail that incorporates rigidity, manufacturing advantage and style as a triple function.

The modern beauty and maneuverability of this automobile—easy to drive, easy to turn, easy to park and easy to put in a garage—make it a car which meets every transportation need in step with the economic and social progress of America.

Push Plans For Construction Of Atomic-Engine Submarine

Washington, Feb. 20—(AP)—An informed source disclosed today that the United States is pushing plans to start construction of what it hopes will be the world's first atomic-powered submarine.

This source said that discussions are underway between the navy and the Electric Boat Corporation at Groton, Conn., in regard to construction of a submarine hull in which could be installed an atomic energy reactor that may be developed by the Atomic Energy Commission. The company built many of the navy's submarines in World War II.

The discussions were described as so far advanced that quite likely Congress will be asked to add an appropriation for the work to the 1951 navy budget for the year beginning July 1. Some lawmakers said a week ago that a race between the U. S. and Russia to be first to develop an atomic-powered sub was a possible complication in efforts to produce a hydrogen bomb.

The Atomic Energy Commission in a report last month revealed that considerable progress has been made toward developing reactors suitable for submarine or ship propulsion. Study is also being made on a proposed reactor for aircraft.

Nuclear reactors are machines for putting nuclear energy to work under controlled conditions. In contrast, an atomic bomb explosion is instantaneous, an uncontrolled nuclear reaction.

Under controlled conditions, scientists say, the amount of nuclear fuel that is destroyed in a small fraction of a second by an explosion may be utilized for months and perhaps even for years to give off useful energy.

Some lawmakers believe that a nuclear-engine submarine might well revolutionize naval warfare. Such a sub might have an almost unlimited range of action.

Sleepy Driver's Auto Is Wrecked

William Talton, Route 2, Smithfield, suffered minor injuries last night when his car left the road and turned over on the "Moye Curve" of Highway 264 just outside of Greenville.

Patrolman Ernest Guthrie said Talton explained he had become sleepy and lost control of his car. Damage to the car was estimated at about \$350. No charges were brought against the driver.

Wid C. Matthews (above) of Hattiesburg, Miss., has been signed by the Chicago Cubs as director of playing personnel. His reported salary will be \$20,000 a year. He succeeds Charlie Grimm who resigned to manage Dallas in the Texas League. (AP Photo.)

Pranksters Set Off Stink-Bomb In Pitt Theater

A stink bomb set off by pranksters in the Pitt Theatre Saturday night caused the entire audience to vacate the auditorium.

T. Y. Walker, manager of the theatre, reported this morning the bomb was set off at 8:50 Saturday night and that the crowd of 150-200 patrons were out of the building about 20 minutes.

He said it was the first time he has ever had any trouble of that nature in Greenville. He nor the police have as yet determined who pulled the prank.

Walker said, "Evidently the person or persons were pranksters with a poor sense of humor because things like that make some persons sick."

He thought more than one bomb was burst but didn't know who might have done it.

Nearly 150 At District Meeting Of VFW Posts

Nearly 150 delegates and guests attended the district meeting of the VFW posts in this area yesterday, held in the Kinston Club room. District Commander, Larry Averette of Greenville, presided over the meeting, which opened at 2:00 o'clock.

Glenn Haynes, post commander of the Kinston Post of the V. F. W. group, and second Vice Commander of the district, welcomed the guests to the meeting.

The program was highlighted by a speech made by Bill Gibson, a member of the Federal Bureau of Investigation.

Gibson spoke briefly on the dangers which at the present time are threatening the Nation. He outlined the methods which will be needed to combat them.

Gibson told the assembled group of men and women, that during the past year, there was not a single act of violence against the United States property in our country that could be traced to a foreign nation. "Crime is on the increase this year, the federal agent stated, and will probably go above the rate last year." Reports for the first six months of 1949 show that crime was up nearly five per cent, with indications that the last six months will go as high.

No longer is the crime element confined to the northern parts of our nation he said but more and more, the criminals are invading the southern lands. "One out of every 22 persons whom you meet on the streets each day has some previous police record for one offense or another," the agent stated.

Following the joint meeting a business session was held in the Junior Chamber of Commerce building. The members of the auxiliary remained in the club building to prepare supper and hold a business meeting.

Carry West, 2nd District auxiliary president from Greenville, presided over the meeting held by the ladies.

At the business session held in the J. C. building, Jasper Tyndall, of the Pink Hill group, was elected junior vice commander to fill the unexpired term of Earl Putrell who moved from the district.

It was announced at the meeting that the Pink Hill club will hold the dedication of their club house on April 29th.

Williams S. Humphries, State V. F. W. commander, A. C. Ingram, adjutant quartermaster, and D. M. Derrick, athletic director, who attended the meeting, spoke briefly on the membership and work being conducted by the clubs.

The LaGrange club invited the district clubs to meet with them for supper meeting on May 21. Clubs which were represented at the meeting were: Kinston, Washington, Farmville, Greenville, LaGrange, Pink Hill and Goldsboro.

Again Called To Faulty Chimney

Greenville Firemen were called to 1209 Pitt Street, last night about 11:40, when a faulty chimney set fire to a house, owned by Gaddie Dupree.

Firemen reported that there was very little damage, mostly from smoke. This was the second call which local firemen have answered in two days to fires caused by faulty chimneys.

Firemen have warned people to inspect their stoves and flues before firing them. With colder weather, many people overload the heating units, causing them to become overheated and dangerous.

EARNINGS FALL OFF

Boston, Feb. 20—(AP)—Pacific Mills reported 1949 earnings were more than \$6,000,000 below the previous year.

New No-Strike . . .

(Continued from page one) be a defense for the union. It has been held that a union is responsible for the mass action of its members. Lewis and coal operators were due to resume contract talks in mid-afternoon. But these court-ordered negotiations apparently were not progressing very fast.

Miners Continue . . .

(Continued from page one) ered for several UMW local meetings at which the latest Lewis work order was read. No local voted on it. The men just listened and went back home.

As one digger expressed it: "We want to see Lewis' name on a contract—not on a telegram."

Trial Opens . . .

(Continued From Page One) the selection of a jury. A special secret venire—from an urban population in Manchester and surrounding cities and towns—has been summoned to augment the normal panel of 40. A few women are known to be included.

Choosing Tax . . .

(Continued from page one) If that other untaxed income in wages, interest or dividends amounted to \$101, you'd use the 1040 short form.

If you had any income at all from other sources, like rent or farming, no matter how small it was and even though the total income was under \$5,000, you couldn't use

Wishful . . .

(Continued from page one) anti-Communist strategy on a policy of power.

That declaration was made less than a fortnight ago, and the situation certainly hasn't changed since then. What the Western world has to recognize is that Russia is waging her cold war under a concrete plan. It was worked out long ago and is aimed at communizing the world.

Thus far nothing has been allowed to stand in the way of this Red drive, excepting insurmountable obstacles. The plan has been adapted to conditions over which Russia had no immediate control, but it always has swung back into its straight line when those conditions finally had been met.

The supreme example of this Soviet policy was the part Russia played as an ally of the Western powers against the Hitlerian forces. That took her far off her direct course of world revolution, but she accepted the inevitable. She may even have

Kelly and his wife had \$5,000 or more income. It was all his, she had none. They have no choice of forms. They can't use form 1040-A or the 1040 short form. They must use the 1040 long form. There they can file a joint return. From a money-saving standpoint, it wouldn't make sense, in a cost where the husband had income and the wife none, for the wife to fail to file jointly with her husband and lose the benefit of split income.

(Continued from page one) staged last year. A final tabulation of the number of students present for the contest reveals that 103 students from 17 schools were on hand for the contest.

The speech tournament was sponsored by the Greenville Lion's Club, and cash prizes of \$46 were given to the five top speakers in each of the three divisions.

The contest was directed by student members of the Greenville High School National Forensic League, under the general direction of student chairman Peggy Joyce Barrow.

Committee chairmen for the contest were: housing, Peggy Bowen; decorations, Margaret Fleming; entertainment, Barbara White; and finance, Ralph Smiley.

Coach R. B. Starling stated that he was highly pleased with the contest and that his only worry now is that the annual event is growing in such proportions that the crowd will be too large to handle next year.

When asked how he thought the Greenville speakers came out as compared with the speakers from the other states, Starling termed the results as splendid. "I think that they completed one of the best years in our speech work." Most of the schools which they were competing against, Starling pointed out, have a regular speech program in the schools and teachers who teach and train the students. All of the speech work carried on at the Greenville High School is an addition to the regular class and club work, there is no teacher who trains and conducts class in speech work, Starling stated.
