Charlie Justice Surprise Guest At Alumni Meet

Over 100 Local UNC Graduates At Super Session Here; Football Talked

A not-too-rosy football picture for 1950 was painted for Carolina alumni last night by coaches and officers from Chapel Hill as the Pitt County chapter held its annual banquet at the Country Club.

Charlie Justice, a surprise starter for the first time in his life, appeared on the program in place of Art Weiner, plumping for more football scholarships and the money to pay tuition for football players for the University.

More than 100 local graduates of the University heard the All-American back tell them that in the football seasons to come "you are going to find that Charlie Justice didn't put Carolina on the football map—he just happened to be there when Carolina had some excellent ball players to back him up."

And he reminded the group of grads that if Carolina is to remain "on the football map," more money had to be poured into the athletic till to keep a steady supply of capable players applying for admission to the University.

Assisting Justice from Chapel Hill were Freshman Coach Jim Camp, who this year has taken over the yearling team, and George Hogan, ticket allocation director.

Both painted a glowing picture for freshman prospects, saying Carolina got the pick of the state high school graduates this year. They said there were more North Carolina boys on the team this year than ever before—more than Duke got—and ran down the list of starting players, all from North Carolina.

However rosy the freshman prospects for the coming season are, both Camp and Justice were vehement in reminding the group of headaches to come for Coach Carl Snavely.

They listed the players who depart from the University this June, 13 in all. They said that number includes Justice, Weiner and End Kenny Powell.

Justice said there was some excellent material coming into Snavely's varsity fold from last year's freshman ranks, but the players need grooming, he said, as a working unit, not as individual replacements on scrimmage squads as was the case last year.

After the individual informal talks were over, Camp and Justice showed films of the Georgia and William and Mary games last fall. Prior to the football discussion, J. Marvon Saunders, executive secretary of the Alumni Association, told the group

Cardinal's Aide Says Issues Are Misrepresented

New York, March 8—(AP)—An aide of Francis Cardinal Spellman says the issues have been misrepresented and obscured by critics of the Roman Catholic Church's position on federal aid to education.

The church's stand on the question was defended in a statement yesterday by the Rt. Rev. Msgr. John S. Middleton, New York Archdiocesan secretary for education.

Restating Cardinal Spellman's position, Msgr. Middleton said the Roman Catholic Church does not seek public funds for general support of parochial schools. He said it wants no public money for teachers' pay, maintenance, building repair or construction.

The Cardinal's contention, the nonsignor said, is the parochial schools—as much as public schools—are entitled to government funds for support of such auxiliary services as bus transportation.

Chiang's Fresh Bid

Resumption of Chinese Nationalist Presidency Marks Real Beginning Of Bid To Reclaim His Country; His Confidence And Reasons For It; Reds Take Pasting

By DeWITT MacKENZIE

As the signs read, Generalissimo Chiang Kai-Shek's dramatic resumption of the Chinese Nationalist presidency marks the real beginning of his fresh bid to reclaim his country from the Communists.

The recent successes of the Nationalist air raids against Chinese Communist territory, coupled with the approach of spring and better weather, seem to make this the appointed hour for Chiang to intensify his attack. Moreover, time is of the essence. He must strike before the Reds have consolidated their positions.

In a speech at his headquarters in Taipei, Formosa, the Generalissimo declared that the essentials for triumph and survival are unity, team-work and the complete sacrifice of personal interests. And he added:

"If this is achieved I am confident of eventual defeat of the Communists."

Well, that's strong language. What makes Chiang believe that he can evict the Communists who control virtually the entire Chinese mainland? Has he really a whisper of hope?

Fred Hampson, AP chief of bu-

Refused Offer

Washington, March 8—(AP)—President Truman refused a German surrender offer 13 days before World War II ended.

In reporting this, Admiral William D. Leahy, presidential aide, said the offer was made through Heinrich Himmler, chief of the Nazi Storm Troops, to the United States and Britain. Himmler said he was willing to surrender all German troops on the Western Front, including those in Holland, Denmark and Norway, Leahy recalls.

Mr. Truman turned him down in accord with American pledges to the Russians and the British that nothing but full surrender of all German forces to all the allies was acceptable.

No Solution To Office Problems Of Health Dept.

Discussion Ends In Impasse; Plan Investigate Further Possible Sites

An emergency meeting yesterday afternoon for discussion of finding more room to alleviate crowded county office building conditions ended in an impasse as the eight persons decided to investigate further possible space elsewhere in town.

Present were Mayor W. S. Stafford and D. H. Conley representing the Health Department, Sam Winchester County Farm Agent, Arthur Woolard of Stokes representing the Production Marketing Association, and Miss Jean Steele, Home Demonstration Agent for Pitt.

Meeting in the county commissioners' room in the courthouse, M. Brown Hodges, chairman of the commissioners, presided over the two-hour discussion.

A suggestion by Stafford to investigate the second floor of Drum's Hatchery was discounted on the grounds that too much money would be involved to renovate it.

The old Shelburn home on 5th Street, former offices for the Highway Commission, was thrown out on the same grounds.

Miss Steele said her agency was willing to move out of present quarters in the office building if a like amount of space and facilities could be found.

A suggestion that the auditorium of the present office building be divided into rooms for use by the Health Department met with opposition by the Demonstration Agent. She said her women needed the room to hold their programs in when carrying on cooking and other demonstrations.

(The room has for the past two months housed the Health Department's orthopedic clinics which meets once each month.)

It was brought out that the Pitt General Hospital building would be vacated on or before July 1 and the agencies could move there, having enough space to accommodate them all.

APPROVE ICC NOMINEE

Washington, March 8—(AP)—The Senate Commerce Committee today approved President Truman's nomination of Richard S. Mitchell as director of the Interstate Commerce Commission.

Minor Victories Raise Spirits Of Nationalists

Taipei, Formosa, March 8—Nationalist troops on Hainan, big island off the south China coast, beat down an attempt Monday by 90 Communist troops to invade the northwestern sector of the island. Two hundred Reds were reported killed. Most of the remainder were routed or captured. The invaders apparently sailed from Liu-chow peninsula 10 miles across the strait from Hainan.

There has been no indication the Hainan landing was the forerunner of a large-scale Red attempt to take the island. It might have been a nuisance raid, a reconnaissance in force or an attempt to supply Communist guerrillas held up in Hainan's mountains. The possibility of other coastal raids on Naiman by the Communists was not discounted.

Hainan is defended by 100,000 Nationalist regulars and 90,000 militiamen. They are commanded by Gen. Hsueh Yueh, who fought the Japanese in Hunan province. He and other Nationalist leaders have pledged allegiance to President Chiang Kai-Shek and his government, which is expected to undergo sharp reorganization if Gen. Chen Cheng is confirmed as Premier.

Delayed dispatches from Sikang province said Kangting was retaken by Nationalist guerrillas Sunday from Communist hands.

Blockade Runner Suffers Attack

Hong Kong, March 8—(AP)—Raiding Chinese Nationalist planes riddled the British blockade runner Elsie Moller in Hingwa harbor on the Central China coast Friday, her captain reported today.

The 800-ton coastal vessel limped into Hong Kong with her hull and superstructure pock-marked by holes from 50 caliber, armor-piercing projectiles.

Airliner Crashes Into Home: Funeral Pyre For 15 Persons

Minneapolis, March 8—(AP)—Roaring through a blinding March blizzard, a Northwest Airlines plane crashed and exploded last night to convert a Minneapolis home into a blazing funeral pyre for 15 persons.

The ship carried 12 passengers and a crew of three.

Two children in the house it struck were also trapped in the flaming inferno which spouted from the plane's gasoline tanks.

Originating at Washington, D.C., on NWA Flight 307—made stops at Pittsburgh, Cleveland, Detroit and Madison, Wis. It was scheduled to set down at Rochester, Minn., but that landing was prevented by the heavy weather and the craft was ordered into Minneapolis. It would have proceeded thence to Winnipeg, Manitoba via Fargo and Grand Forks, N.D.

The plane, a Martin 2-0-2 Mars, was trying for an instrument land-

ing here in gusty winds and swirling snow.

Mal Freeburg, NWA operations executive, said he was investigating a report the plane struck a flagpole at the Fort Snelling National Cemetery, just south of Wood-Chamberlain Airport, on its first instrument run, which was unsuccessful. He said this report was borne out by the fact one wing was found eight blocks from the scene of the main crash.

Less than two airline miles from the safety of the airport, the plane plummeted into the home of Franklin Doughty in the quiet residential section along Minnehaha Parkway, near Emerson Ave. S.

Shafts of flame spewed immediately from the shattered airliner to fire the neighboring homes of Mrs. Robert Cahn and Irving Luger. Occupants of these two houses, forewarned by the cannon-like explosion

of the crash, fled to safety. Both houses were heavily damaged.

Janet Doughty, 10, and her eight-year-old brother, Tommy, part of a home television audience, were engulfed by the first rapid sheets of searing fire.

Mr. and Mrs. Doughty and another daughter, Diane, 15, were hospitalized, suffering from burns, shock, cuts and bruises. Their condition was reported fair. Doughty said the children's grandmother, first reported to have been a victim also, ended a visit at their home yesterday.

Reynold Malmquist, Minneapolis fire chief, said "identification of the victims will be all but impossible from what we find in the wreckage." He reported the scorching heat from the 100-octane gasoline reduced "everything but heavy metal parts of the plane and the house's foundation stones into fine ashes."

Kilpatrick Plans Reelection Bid

Frank M. Kilpatrick

Ayden Man Announces Candidacy For Seat In Assembly

Frank Kilpatrick of Ayden, well known farmer and Pitt county representative in the Lower House of the North Carolina General Assembly in 1947 and 1949, today announced his candidacy for reelection at the Democratic primary next spring.

Kilpatrick, served in the past two terms of the General Assembly. The record shows that his voting on measures of state importance was along conservative lines similar to his voting while a member of the Pitt County Commissioners and of the Board of Town Commissioners of Ayden.

While in the Legislature, Kilpatrick served on 13 committees. He was chairman of the Committee on Drainage and vice-chairman of Mental Institutions. His friends and supporters said that, being a farmer, Kilpatrick naturally had the interest of all farmers at heart and gave special service to every phase of a "culture which would tend to advance the interests of North Carolina farmers.

Propose Additions To Truman's Coal Survey

Republicans Suggest Broadening Of Study To Cover Ways Of Coping With Critical Strikes; Mine Seizure Bill Dropped

Washington, March 8—(AP)—President Truman's request for a commission to study the coal industry today ran into Republican proposals that the survey include ways to deal with critical strikes.

The suggestions for broadening Mr. Truman's program came from GOP Senators Butler of Nebraska and Watkins of Utah.

Both are members of the Senate Interior committee. That group plans to hold hearings soon on the President's plan and on similar legislation introduced earlier by Senators Humphrey (D-Minn.), Morse (R-Ore) and Douglas (D-Ill.).

In letters yesterday to Vice President Barkley and House Speaker Rayburn, Mr. Truman withdrew the mine seizure bill which he sent to Congress last Friday before settlement of the coal strike.

At the same time he renewed his request for the coal study commission and submitted a bill to provide for it.

"The end of the coal strike in no way diminished the need for a long range study of the coal industry with the view of finding and putting into effect the best solutions of its problems from the standpoint of the miners, the operators, and, above all, the national interest," Mr. Truman wrote. He asked that Congress approve setting up a nine-member

commission to do the job.

Butler noted that the president, in outlining the scope of the proposed study, said nothing about having the commission look for a more effective way to deal with national emergency strikes.

"The President's idea is constructive as far as it goes," Butler told a reporter. "But I would like to have the commission take a look at the feasibility of putting on the books a permanent law which would let the government take over struck plants or mines.

The mine seizure bill which Mr. Truman withdrew provided for federal operation of the coal mines.

Blood Pressures Rise On Removal Of Naval Critic

Washington, March 8—(AP)—Disclosure that a Navy critic of Secretary of Defense Johnson is being transferred out of his high medical post raised some blood pressures in Congress today.

The officer involved is Rear Adm. Joel T. Boone, who has called Johnson's economy cutback of military hospitals a "shortsighted" policy.

He has been the senior medical officer in Johnson's office, and during his career has served as White House physician to Presidents Harding, Coolidge and Hoover. He won the Congressional Medal of Honor in World War I.

Congressional ire was centered in a House Armed Services subcommittee which has been hearing repeated testimony that without con-

Hoist Planes On French Carrier

Norfolk, Va., March 8—(AP)—A heavy crane hoisted an American bombing plane aboard a French aircraft carrier today—and this nation's billion dollar flow of military aid to Western Europe began.

The bomber, its United States insignia replaced by the French tricolor, was followed aboard by other war planes, the first of three shipments to be carried to France by the escort carrier Dixmude.

Russians Deny Any Connection With Dr. Fuchs

Moscow, March 8—(AP)—The Soviet news agency Tass said today British charges that German-born scientist Dr. Klaus Fuchs gave atomic secrets to Russian agents were a "rank venturism."

In the first public mention in Moscow of the case in which Dr. Fuchs was sentenced in London last week to 14 years for espionage, Tass said Fuchs was unknown to the Soviet government.

Fuchs admitted at his trial that he gave British and American atomic secrets to Russian agents while he worked as one of Britain's top atom researchers.

Tass said no agents of the Soviet Union have had any connection with Fuchs.

First Coal Under New Contract

Two miners watch the first coal come out of the Powhatan No. 2 mine at Powhatan Point, O., under the new contract that ended the long strike. The coal is moving into the tippie on a conveyor belt. It was mined by a crew that went to work at midnight Sunday. About one-third of the nation's soft coal miners had swung back to work by Monday. (AP Wirephoto).

Bidault Gov't Orders Draft Of Utility Workers

Act To Avert Gas And Electricity Stoppage Threatening In Strike Wave

Paris, March 8—(AP)—Premier George Bidault's government ordered the draft of 100,000 public utility workers today to avert a nationwide gas and electricity stoppage threatening on the crest of France's worst strike wave in three years.

Workers in the nationalized power plants had been scheduled to walk out at midnight. Both Communist and non-Communist unions voted the strike to back up demands for wage increases.

The civilian draft order—to be served upon the workers by policemen—makes those who refuse to work subject to loss of their jobs, fines and from six days to five years in jail.

The workers demand increases beginning with a minimum boost of 3,000 francs (\$8.50) for the lowest paid. The government has offered a 4.9 per cent increase which would range from 750 to 6,000 francs (\$2 to \$17).

The middle-of-the-road government, fighting inflation, refused to go beyond this.

Paris limped along in the third day of a transportation strike which partially tied up the city, muddling the subway, bus and streetcar systems. Large numbers of taxis and 3,000 buses manned by the army helped to keep things moving in France's first city.

Some non-Communist unions have been deserting the transportation strike, which was called by the Communists. About 10 per cent of the bus lines were running.

Some 300,000 of the nation's million and a half metal workers were idle throughout. France and automobile factories were hard hit by a walkout.

About 15,500 workers struck in the textile industry at Lille.

At Nancy, Marseille and Clermont-Ferrand, trolley car workers were on strike.

Throughout the country several thousand insurance company employees struck.

The Communist-led General Confederation of Labor (CGT) is directing a strike among coal miners in northern France.

These walkouts have been accompanied recently by a rash of token 24-hour stoppages in various branches of industrial life, notable among dockworkers in the ports.

Thousands Of Rail Workers Recalled

Leaf Marketing Regulations Are Adopted For '50

Board Makes No Attempt To Cope With Problem Of Rump Sales

Raleigh, March 8—(AP)—The board of governors of the Bright Belt Warehouse association has adopted without change the 1950 marketing regulations recommended by a special committee.

Although the regulations were not made public, association officials admitted after their meeting yesterday they made no attempt to regulate rump sales.

The regulations, which set marketing opening dates and deal with the hours of sale, speed of sale, and so forth—will be submitted to the Association's membership for final action at the annual convention at Myrtle Beach, S. C., June 5-7.

The rump sales issue arose last summer when several markets attempted to expand by adding to their number of sales. However, these extra sales did not attract what the association defined as an adequate set of buyers.

The State Supreme Court ruled that the association did not have power to halt the extra or rump sales.

Fred S. Royster of Henderson, Bright Belt association president, said the board of governors felt it was now up to some other agency to handle the ticklish rump sale issue.

He said the board of governors attempted to regulate such sales last year in an emergency situation but that no emergency exists now.

Royster pointed out that the N. C. Farm Bureau Federation recently adopted a resolution reaffirming its opposition to auctioning of tobacco without an adequate set of buyers being present, and he added:

"Our policy at the present time is to follow their lead and be of any assistance possible for the protection of the growers and the welfare of the industry."

Col. W. T. Joyner of Raleigh, general counsel for the association, said that a ban on rump sales "is the one type of regulation which subjects a trade association to hostile criticism" that it is attempting to suppress competition.

Curbs Tightened On Shipments To Red Satellites

Washington, March 8—(AP)—The commerce department clamped tighter restrictions today on shipment of strategic goods to Red China or other points from where they might be re-shipped to countries in the Soviet sphere.

It used an order requiring licenses to export some 600 goods of "strategic importance" to any place outside the western hemisphere, effective March 20.

This supplements an order last Nov. 4 calling for licenses to export 571 goods of top security rating to any destination in the world with the lone exception of Canada.

Coroner's Jury Orders Action By Grand Jury

A coroner's jury at an inquest at the Courthouse last night, ordered that Jesse McKinley Brown, 40-year-old Negro tenant on the R. H. McLawhorn, Jr., farm near Winterville, be held for the grand jury in connection with the shotgun slaying of his pregnant wife, Eula Mae Brown, 31, last Saturday.

Pitt County Coroner Griffin H. Rouse ordered that Brown be held in jail under \$5,000 bail, for the grand jury.

Testimony by Deputy Sheriff Loyd Manning and Identification Specialist S. Brown Dorsey was that Brown and his wife had an argument because he stayed at a store too long. The officers quoted Brown's children as saying that they tried to persuade their mother to "come in the house" and that she refused, and that their father shot her while on the front porch. Brown took his mortally wounded wife to a hospital, where she died 24 hours later.

Deputy Manning and Capt. Dorsey testified that Brown told them that he was afraid of his wife. They also quoted him as saying that the gun fired while he and his wife were struggling for possession of

Russians Deny Any Connection With Dr. Fuchs

Moscow, March 8—(AP)—The Soviet news agency Tass said today British charges that German-born scientist Dr. Klaus Fuchs gave atomic secrets to Russian agents were a "rank venturism."

In the first public mention in Moscow of the case in which Dr. Fuchs was sentenced in London last week to 14 years for espionage, Tass said Fuchs was unknown to the Soviet government.

Fuchs admitted at his trial that he gave British and American atomic secrets to Russian agents while he worked as one of Britain's top atom researchers.

Railroads End Coal Shortage Enforced Furloughs As ICC Announces Restrictions On Coal-Using Railroads To Be Lifted Tonight

Pittsburgh, March 8—(AP)—The nation's railroads recalled thousands of furloughed workers today as the government removed most of the schedule curtailments ordered during the recent soft coal strike.

Steel and other affected industries also headed their stalled production toward normal.

United Mine Worker members in virtually all the soft coal fields were back in the mines digging needed coal.

The Interstate Commerce commission said all restrictions on freight service by coal-using railroads will be lifted at 11:56 p. m. (local time) tonight.

Restrictions also were lifted on passenger service effective at 11:56 p. m. (local time) Friday except for coal-burning railroads having less than 10 days supply.

Those roads were given permission to return passenger service to 75 per cent effective the night of March 10. Passenger service on all coal-burning railroads was cut 30 per cent by an ICC order last month when the coal shortage became acute.

The Baltimore and Ohio Railroad ordered 6,161 furloughed workers back to their jobs.

At the height of the coal shortage, 10,900 employees however, were furloughed.

The B. & O. reported it got 3,687 loaded coal cars yesterday from mine tipples on its lines, a normal day's traffic. From the number of empties ordered by the mines for today, it estimated movements would rise well above the normal by the end of the week.

The western Maryland railway said it moved 450 loaded coal cars yesterday and had orders for 600 empties today. Its normal traffic is about 400 to 500 cars a day.

The Chesapeake and Ohio Railway Company rehired 825 workers last 10 because of the strike said it hopes to have most of the total 7,000 it furloughed back by the end of the week.

The Virginia Railway recalled 200 workers to its shops at Princeton, Va.

Coal production in West Virginia is almost back to pre-strike levels, but one major operation is idle in what the company calls a mis-understanding.

The Island Creek coal company said its 1,200 miners mistakenly think the coal company wants to make permanent an injunction obtained during the strike which banned interference with operations.

Austrians Seek Early Reduction Occupation Cost

Vienna, Austria, March 8—(AP)—Austria has asked the four occupying powers to reduce their forces here, pay their own occupation costs and give up most of their rights in this country, Foreign Minister Karl Gruber told parliament today.

The foreign minister said a note listing Austrian proposals has been sent to Moscow, London, Paris and Washington. The proposals envisage reducing the occupation armies to mere token forces with little power to interfere in Austrian affairs.

The United States already is paying her own occupation costs. Austria wants Russia, France and Britain to do the same. Most of the proposals obviously were directed at the Russians rather than the West.

Nearer To Statehood

House Approval Of Statehood For Alaska And Hawaii Means Nothing Unless Senate Acts This Session; President Status; Arguments Pro And Con; Background

By JAMES MARLOW

Washington, March 8—(AP)—Alaska and Hawaii have moved a step nearer statehood. That doesn't mean they'll get it, at least this year.

In a week's time the house has okayed statehood for both of them. Unless the senate also approves, and it may not, the house action means nothing.

Next year there'll be a new Congress. And, in a new congress, what either house did in a previous congress doesn't count.

In that case, the two territories will have to start from scratch again. Both have been seeking statehood a long time. Here's the story on both.

The U. S. bought Alaska from Russia in 1867 for \$7,200,000. It wasn't allowed to become a territory until 1912.

A territory can elect its own legislature but the President appoints the governor.

The U. S. annexed Hawaii, which was the 1st republic, in 1898 and made it a territory in 1900.

Alaska, twice the size of Texas with its 585,000 square miles, has a population of about 100,000 people, which is more than many of the

40 Years Ago Today

THE DAILY REFLECTOR
March 8, 1910

Greenville was the first town in this section of the State, and perhaps the first of its size anywhere in the State, to establish day current with its electric plant. Many small enterprises in the town get their power in this way and numerous fans, irons and other conveniences for comfort in drug stores, offices and homes are run by electricity.
The ladies of the End of the Century club in session on Tuesday, decided to reestablish the public library if they can get the support and cooperation of the townspeople.

Mission Study Class
On Wednesday and Thursday evenings at 7:30 at the Eighth Street Christian church there will be a mission study of Kerr's book, "Japan Begins Again." Various persons will contribute to the study as follows: Wednesday night, Richard King, Richard Gaylord, Robert S. Moye and Mrs. David Proctor; Thursday evening, T. I. Wagner, D. S. Spain, H. G. Haney and Mrs. Platon Evans. This study is the universal one among the non-Roman peoples. Members of the church are urged to be present and guests are invited.

Card of Thanks
We wish to take this opportunity to publicly thank our friends and neighbors for the many and useful gifts and the thoughtfulness shown us after our recent fire. It is a great help to find that one has so many friends that are willing to help render their service in time of need. Again we say thank you very, very much.
MR. & MRS. CONNER ROEBUCK

On Caribbean Cruise
Miami, Fla.—(Special)—S. E. Allgood of Greenville was a member of a party which left Miami today, via Eastern Air Lines, for a six-day Caribbean cruise as the guests of the Ralston Purina Company.

The party included Purina dealers, and their wives, who had won the all-expense trip as one of the major prizes in a sales contest conducted last year by Purina.

The air cruise will feature stopovers at Havana, Cuba, and San Juan, Puerto Rico where special sight-seeing tours and programs have been prepared for the visitors. The flight will return to Miami.

Service League To Operate Coffee Shop In New Hospital

The March meeting of the Greenville Service League was held Monday morning at 10:30 in the Sheppard Memorial library.

This early spring meeting posed to be one of the most inspiring and interesting ones of the entire year since so many worthwhile projects suddenly sprang to life after careful nurturing.

The president, Mrs. James T. Little, heartily welcomed the provisional members as full fledged voting members. At this time each member has earned her place in the Service League by earning her hours and giving service.

Miss Susanne Kilgo brought a most inspiring and enthusiastic report to the League from the State Red Cross meeting in Raleigh which she had attended. This drive always receives the fine support of the entire membership.

Mrs. Little read again the proposal to the board of the new hospital and proudly announced they had accepted the proposal of operating a coffee shop in the new hospital. Since this is by far the largest project the Service League has thus far attempted each member feels doubly her responsibility in being a member of the Service League.

Two layettes were placed during the month of February and members were asked to offer their services in preparing additional ones. Proposed changes in the constitution and by-laws were voted by the group.

Mrs. R. C. Stokes, Jr., gave a financial report of the Laughing-house Bed fund.

Reports from all committees revealed that much work had been done during the past month. Prior to adjournment the chairman of the Ellington Shelf committee announced the sale of luncheon goodies and that they would continue catering to parties and clubs.

SOCIAL CALENDAR

THURSDAY

12:30 p. m.—Luncheon and Millinery Review by Blount-Harvey Co., Woman's Club building. Special music by Mrs. Herbert L. Carter, and Mrs. J. Paul Davenport.

7:30 a. m.—Credit Women's Breakfast Club meets for credit instruction under Dr. E. R. Browning at Olde Towne Inn.

Millinery Showing At Woman's Club

Through the courtesy of Blount-Harvey Company, members of the Woman's Club and the general public may view the latest creations in hat fashions at a luncheon and millinery review to be held at the Woman's Club on Thursday, March 9, at 12:30 p. m.

Serving as mistress of ceremonies for the Blount-Harvey review will be Mrs. J. B. Spilman and background music will be played by Mrs. J. Paul Davenport, Sr., of Pactolus. Mrs. Herbert L. Carter of Greenville will sing a group of three selections accompanied by Mrs. Davenport.

Luncheon tickets may be secured through Mrs. W. J. Bundy, 405 Eastern street, telephone 3979, through Mrs. J. Hicks Corey, 305 Liberty street, telephone 2363, or through Miss Mary McCallum, third floor of Blount-Harvey Co. All Woman's Club members, their friends and members of the community at large are invited to attend. Tickets are \$1.50 each, and proceeds from the luncheon will be used to redecorate the club interior. As an added attraction, holders of a lucky number will be awarded a Brewster hat as door prize, the hat being given through the courtesy of Blount-Harvey Company.

Pactolus P. T. A. Holds Meeting

The Pactolus P. T. A. met in its regular session Tuesday night, February 21, in the community building at 7:30. The meeting was called to order by the president, Mrs. William Tripp. The devotional was by Mrs. Cavendish.

During the business session that followed, the treasurer's report was heard and accepted. The minutes were omitted. Mr. Forrest gave a short talk on the school problem. He urged the parents to keep their children in school regularly, and to encourage them to become more interested in their school work. Attendance prizes went to Mrs. Cherry's fifth grade and Mrs. Forrest's room won the high school picture.

The program for the month was based on "Founder's Day." Miss Sidney Davenport, historian, gave a talk on the "History of the Pactolus P. T. A." It was the first P. T. A. started in Pitt county in the year of 1928, by Mrs. W. Bland.

Pactolus held its first clinic, a tonal clinic, in 1933. The typing class gave a demonstration on typing. Mrs. Little, goal chairman, asked that each chairman give in a report of his year's work.

The meeting then adjourned.

Special Broadcasts Over Radio Stations

Special radio broadcasts on "Overseas Relief" and "Inter-Church Aid" will be given over the radio this week as follows:

Wednesday through Friday, 9:15 p. m., over station WOTO.

Thursday night, ABC will present a special broadcast from 10:30 to 11 p. m. and Saturday CBS from 6:30 to 7 p. m.

One hundred thousand churches in the United States are supporting this program. Many local churches will receive special offerings for Overseas Relief this Sunday, the ministers announced.

Hearing Hats

By DOROTHY ROE
AP Fashion Editor

Here's good news for women whose glamor has been handicapped by hearing aids. A new group of hats has been designed, flattering, frivolous and feminine as you please, but concealing within trimmings or band all the appurtenances of a hearing aid, including receiver, transmitter, cord and battery.

Sometimes the mechanical device is slipped beneath a rose or a feather. Sometimes it fits into a pocket in the band. In each hat is a small slit through which the cord may be drawn and concealed.

The new "hearing hats," designed by Annabelle Maffris, are smart, wearable and amazingly light in weight. A typical model, complete with hearing aid, weighs only eight ounces. The hats are so designed that the hearing aids may be transferred easily, one device of any make fitting any or all of the hats.

IT'S UNDER THE HAT... This is how a hearing aid is concealed in trimming of a new "hearing hat."

HEAR YE! The two gay spring hats pictured above conceal all paraphernalia of hearing aids. Left, pink straw cloth trimmed with white wings; right, black and white chip straw with white poppy trim.

Reappointed To Head Committee

Rufus H. Harrell, master of Greenville Lodge No. 284, A. F. & A. M., in a stated communication Monday night reappointed James W. Brewer as chairman of the Oxford orphanage and the Eastern Star and Masonic Home committee for 1950.

Brewer in 1949 headed the committee which raised nearly \$3,000 for these two institutions. The following were named to serve with him: J. H. Mobley, B. B. Sugg, F. H. Rogers, Morris Brody, Ed Hicks, F. M. Stokes, Frank Strawn, Frank Diener, L. E. Freeland, W. E. Boswell, C. D. Ward, George W. Smith, Godfrey Oakley, Charles Gaskins, W. J. Bundy, L. F. Stokes, Earl Alder, W. G. Garner, and J. B. Webb. The chairman announced that his committee would begin now to receive contributions and would not, as in past years, wait until the fall to start action.

The following committees had previously been listed by Master Harrell. Fellowship committee: F. L. Whitehurst, chairman; C. L. Lupton, T. I. Moore, and Carey A. Joyner. Finance and Budget committee: J. Howard Moye, chairman; F. A.

Washington Girls Entertain Falkland Girl Scout Troop

Falkland Girl Scout Troop two was entertained by Troop 22 of the Washington Girl Scouts at the hut on N. Harvey street Thursday afternoon during the hours of 3:15 until 4:30.

Patrol three greeted the visiting Scouts at the front entrance, and patrol two showed them around the hut which was effectively decorated in the Scout colors of yellow and green, using ivy, evergreens and large lovely yellow jonquills.

The visitors were invited to register in the guest book by Peggy Paramore and Hope Sheppard, the book being an original design by Peggy Paramore.

Two Make Dean's List At Duke University

Two Greenville students achieved top honors in scholastic work and were named to the Duke University Dean's list, officials announced today.

A "B" average in all academic work is required to receive this honor.

They are Eleanor M. James, daughter of Mr. and Mrs. J. B. James, 410 E. Fifth St., and Alfred E. Saled, son of Mr. and Mrs. John Saled, 418 W. Fourth St.

R. Joyner, chairman; J. R. Carrington, Joseph Palmer, L. F. Stokes, and Kos Hester.

Widows Fund committee: Elton H. Byrum, chairman; L. E. Freeland, Kenneth Baker, and Asa V. Moore.

Reference committee: H. P. Markham, chairman; Jesse W. Brown and L. F. Stokes.
The elected trustees: W. J. Bundy, James W. Brewer, and B. B. Sugg.
House committee: Jesse R. Laughinghouse, F. L. Whitehurst and A. W. Harris.
Past Grand Master W. J. Bundy made an informative talk on Masonic Education.

A large number of members and visitors were present. Before the meeting a delicious supper was prepared and served by the ladies of the Order of the Eastern Star.

Military Forces Attack Island In Huge War Games

Aboard the Transport General Butler in the Caribbean, March 5—(AP)—Combined American military forces struck by land, sea and air today against a well-entrenched "enemy" on Vieques Island in peacetime's greatest war games.

The invasion, led by nearly 1,000 paratroopers from Fort Bragg, N.C., climaxed 10 days of sea and air battles in Operation Portrex. An airfield was the objective of the paratroopers.

Secretary of Defense Johnson, Navy Secretary Matthews and dozens of other military officials answered reveille in darkness for the start of the amphibious assault.

Intensive pre-invasion work began about midnight. Navy underwater demolition teams known as "frogmen" sneaked ashore to blast and burn beach defenses.

"Frogmen" also reported on surf conditions for the guidance of specially trained Army troops. Small reconnaissance patrols were put ashore for last minute intelligence. Night fighters and photographic planes harassed 4,500 "aggressor" troops ashore. Navy assault ships bombarded the eastern end of the little island 25 miles off Puerto Rico.

Landing preparation, like the pre-assault activities, matched wartime intensity. The first of 18,000 Army troops began boarding landing craft three hours before the scheduled landing.

Although use of the atom bomb is not being simulated the entire operation is employing the latest dispersal and other protective measures. Troopships remained in motion throughout the transfer of men to small landing craft and moved out of area without losing anti-bomb formation.

Gaylor-Whitehurst Vows Spoken In Eighth Street Christian Church

MRS. BOBBY GAYLOR

A wedding of impressive beauty and dignity was solemnized on Saturday, February 25, at 5:30 p.m. in the Eighth Street Christian Church when Miss Loraine Whitehurst and Mr. Bobby Gaylor were united in marriage. The ceremony was performed by the Rev. H. G. Haney, pastor of the church.

The church with its background of bridal greenery, white gladioli and white stock illuminated by the soft glow of cathedral candles formed a lovely setting for the impressive double ring ceremony.

As the guests assembled, Mrs. R. R. Willmann as organist rendered a program of nuptial music. Just before the entrance of the bridal party, Mrs. Dink James sang "Because" by De-Hardelot and "Prayer Perfect" as a benediction. The traditional wedding marches were used.

The bride entered the church with her brother, Norwood Whitehurst, by whom she was given in marriage and was met at the altar by the groom and his brother, Fred Gaylor of Wilmington, who acted as best man. She was indeed lovely in her gown of white satin styled with petite pointed bodice, nylon net yoke bordered in off the shoulder effect with tiny satin buttons and the chantilly lace formed an over the hand cuff. Her very full skirt fell in soft folds terminating in a dramatic spread of train. Her chapel length wedding veil was of imported French illusion falling gracefully from a Queen Anne's headdress of pearls. She carried a white prayer book centered with a white orchid and lightly showered with French hyacinths.

Miss Thorburn Whitehurst, sister of the bride as maid of honor, was gowned in Nile green satin.

wearing natural flowers in her hair. She carried a colonial bouquet of colorful spring flowers tied with pastel shades of narrow satin ribbon.

Misses Sarah Gaylor, sister of the groom, and Angeline McLawhorn were bridesmaids. Their gowns and headpieces were fashioned identically to that worn by the maid of honor and were of pink satin. They too carried colonial bouquets.

Little Miss Carolyn Harris, daughter of Mr. and Mrs. Dennis I. Harris, dressed in buttercup yellow satin and carrying a miniature basket of blue and yellow and filled with rose petals, was flower girl.

Ushers were Messrs. Earl K. Fisher and Melvin Norris of Greenville, James Miller of Warsaw and Hugh Gordon of High Point.

Mrs. Whitehurst, mother of the bride, chose for her daughter's wedding a dinner gown of horizon blue crepe with a corsage of pink roses. Mrs. Gaylor, mother of the groom, wore a dinner gown of Turquoise blue, with a shoulder corsage of red roses.

For traveling the bride wore a light gray suit with green accessories with the orchid lifted from her prayer book as a corsage.

Immediately following the ceremony, the bridal party, out-of-town visitors and close friends were entertained at a reception by the bride's mother, Mrs. Allie Whitehurst.

Among the many lovely social courtesies extended the bride and groom prior to their marriage were a Bingo party and miscellaneous shower given by Mrs. James Hubbard on Friday evening. The bride received many lovely and useful gifts and was given china in her chosen pattern by the hostess.

Mr. and Mrs. A. C. Tadlock entertained at dinner on Saturday, February 11, and presented the

bride and groom with a silver covered dish.

Mr. and Mrs. D. C. McLawhorn entertained at a buffet supper at their home in Williamston and presented the bride and groom a Ronson table cigarette lighter.

Mr. and Mrs. Neil Olsson entertained at a dinner at the Proctor Hotel dining room Monday February 20 honoring the bride and groom. The bride was presented silver in her chosen pattern.

Mrs. C. B. Rice and Miss Emily Jean Rice entertained at cards and a miscellaneous shower on Wednesday, the 22nd. The bride received many lovely and useful gifts and the hostesses presented her with china in her chosen pattern.

Mrs. Allie Whitehurst, Miss Thorburn Whitehurst and Mr. Norwood Whitehurst entertained the Gaylor-Whitehurst wedding party, out-of-town guests and a few close friends at an after-rehearsal party Friday night at their home on Meade Street.

Farmville School Is Grade A Restaurant, Health Board Rules

A recent inspection of the Farmville High School cafeteria resulted in a 91 per cent rating for a Grade A eating establishment. The recent addition of milk to the menu without cost has proved satisfying and resulted in additional lunches being sold. It makes for a better balanced meal, particularly for the younger children. The lunch room now feeds approximately 400 per day. Sam D. Bundy, the principal, stated Mrs. L. E. Flowers manages the cafeteria.

ELKS MEET THURSDAY
Greenville Lodge No. 1645, Benevolent and Protective Order of Elks, will meet Thursday night at 8 o'clock. Exalted Ruler Charles E. Blair will preside.

A particle of sea fog is 1-8,000 as large as a light raindrop.

Harald the Fairhaired unified Norway in the ninth century.

The Shetland Islands became a Viking colony about 875.

Venezuela is about the size of Texas and Louisiana together.

Oleo Tax Repeal Passed In House

Washington, March 5—(AP)—The bill repealing all federal taxes on oleomargarine was passed by the house late yesterday 262 to 106. It passed by the senate and approved by the President it becomes law July 1.

Rep. August H. Andersen (R-Minn.) shouted to the house "this is a complete victory" for what he called "oleo trust." The dairy state members protested loudly against the measure. They managed to write into the final draft of the compromise legislation these stipulations:

- 1 When served in public eating places the individual patties must be triangular in shape.
- 2 When sold in stores, there must be on the label of the package (a) the word "Oleomargarine" or "Margarine" in type as large as any lettering on the label, (b) a full statement on all the ingredients of the margarine; and each part of the contents of the package must be in a wrapper which bears the word "Oleomargarine" or "margarine" in type not smaller than 20 point (about 1-4 inch high).

More Nutritious Milk Shakes In Store For N. C.

Raleigh, N. C., March 5—(AP)—More nutritious milk shakes are in store for Tar Heels.

The state board of agriculture adopted an amendment yesterday increasing the minimum butterfat content of milk shakes from two to three and one-quarter per cent. The new regulation, effective April 6, makes the butterfat minimum for the base the same as that established for fluid milk.

KIWANIS MEETS FRIDAY

The Greenville Kiwanis Club will meet at the Rotary building Friday evening at 6:30. President Tige Gardner will preside. Mrs. Ray Tyson will have charge of the program. El Bloom, producer of the annual Kiwanis Minstrel, will hold a rehearsal of the chorus.

Strength FOR THE DAY

"WHAT I DO WON'T MAKE ANY DIFFERENCE"

The water famine in New York and the sudden rumors of a coffee shortage have dramatized some unnecessary human weaknesses among us. In both instances it is reliably reported that the shortage was made by wasteful hoarding.

Too many Americans have not yet learned to live by the Golden Rule when it comes to commodities such as water, sugar, or coffee. But the law of the jungle won't work with every resource to it we are brought that much nearer to the despised rationing and regimentation. Whenever the authorities apply one of these strictures we have lost another bit of our precious freedom of action.

Such little matters as tossing paper out of a car window or littering a picnic spot may seem a mere nothing to the individual. He is likely to say, "What is one more bit of trash." But, if we want to maintain our privileges as free individuals, we must mature in our regard for other individuals. Let us remember that "a free man's right" to hoard or to litter becomes just as much the right of all others to do the same. If all were as thoughtless as some, the result would be intolerable.

A PERSONAL MATTER

From time to time our local law enforcement officers speak before civic clubs and student groups on highway traffic safety. Their message is always an important one, and most of us have heard them at one time or another. It is always the same, a plea to save lives.

It is one of the amazing qualities of human nature that people must be urged to take sane precautions to protect their own lives.

The officers always make an impression on their listeners but the effectiveness of safety talks is hampered by the sameness of statistics, however shocking; and the self-confidence of listeners that they are "different" ... accidents cannot and will not befall them.

On Monday evening Captain David Lambert, of the State Highway Patrol, spoke before a Greenville club on Pitt county's record-breaking highway death toll and the need for greater safety-consciousness. We like setting records in Pitt, but not this kind.

A point which could be emphasized was the Captain's reminder that future automobile drivers are molded by their parents' example. Things are bad enough now without paying the way for more needless bloodshed in future years.

Our road system can represent trails of blood or streets and highways to pleasure. We can make them what we choose, but the choice is up to the individual driver.

Remember, no one is immune to accidents; and an accident or faulty judgment on the part of another can be just as dangerous to you as it is to him. Be as critical of your own driving habits as you are of others. Make "safe driving" a personal matter.

Around Capitol Square

By LYNN NISBET

IMPARTIAL—Because such matters usually are squelched before presentation, it is hardly likely that resolutions of criticism will be offered at the state Democratic executive committee meeting here Thursday afternoon. It is known that a few members are discussing the advisability of formally protesting against the open activities of party officials in behalf of candidates in the primary. Everett Jordan, state chairman, and other officials of the state committee have apparently observed the amenities by remaining neutral or at least inactive as between candidates. Not so with National Committeeman Jonathan Daniels and National Vice-chairman Gladys Tillett. The state committee has no authority over these national party officials, but it has been customary in the past for persons in such positions to respect the neutrality position. Now Daniels and Mrs. Tillett are openly and actively working for Senator Frank Graham. Both sought diligently to keep any other Democrat from entering the race against the junior senator, appointed last year by Governor Scott.

ACTIVE—Charles W. Tillett, husband of the vice-chairman, has flooded the state with letters urging support for Graham. That was his privilege and his wife should not be charged with it, even though she might have been responsible. Monday night Mrs. Tillett herself spent some time in Graham headquarters signing letters with her own hand. Daniels has been very zealous, both as an individual and as editor of the News and Observer, in promoting the interests of the junior senator.

MACHINE—Activity of these party heads. Governor Scott is putting pressure on his appointees and all state workers constitute more nearly a real political machine than the state has had for many years.

CUCUMBERS—Cucumber test farms and toll turnpikes occupies most of the time at the governor's press conference Tuesday. The turnpike, being a multi-million dollar project, properly required more attention which is only a thirty thousand dollar job. The farm topic developed more interesting comment. The subject was opened by a reporter asking Governor Scott if he had any comment on the openly expressed resentment of truck and vegetable growers over the governor's reference some weeks ago to the \$30,000 item for a "cucumber test farm" as one of two causes for the budget being out of balance several million dollars. The other item mentioned then was the dental school at Chapel Hill.

IRATE—The "cucumber farm" equip riled Roy Cates, head of the Cates pickle firm at Faison (one of the biggest in the United States) and a staunch primary supporter of Scott. It also riled most of the vegetable farmers in the southeastern part of the state. The governor admitted he perhaps made a mistake in calling it a "cucumber" station, and also said he had received several letters from Roy Cates about the matter—but did not think they should be made public.

ROAD-BLOCK—The governor

Somebody Told Me ...

By I. J. (JACK) EDWARDS, JR.

If there's anything I hate, it's snakes. In fact, I'm scared to death of them. Maybe that's why I liked Raif Kircher's article in Collier's magazine, named "Snakes are Sneaks," which I consider pass-able:

"There are four kinds of poisonous snakes in this country: the rattlesnake, the water moccasin, the copperhead and the something else. There are also varieties that are said to be nonpoisonous, among them being the garter snake, the black snake, and possibly the cobra. The way to tell a poisonous snake from a non-poisonous snake is to climb a tree until it goes away, after which it doesn't make any difference.

"(Forget what I said about the cobra being non-poisonous. I have just remembered that it was a cobra that raised such a fuss in California not long ago. A snake-loving lady had raised him from a worm. When he got big enough, he bit her. Later he was sold to a zoo for \$50. In this way he helped to settle the lady's estate, the only decent thing he ever did.)

"People who are fond of snakes say that the story of Adam and Eve does serpents a great injustice. Good enough for them, I say. Doing them injustices and hitting them with clubs are about all that snakes are good for anyway.

"There are no boa constrictors in this country, a fact that should always be borne in mind on J. Am. Am. American Day. There are boa constrictors in zoos, however, and I once saw one with a big lump in the middle. The keeper said that this lump was a goat that had been fed to the snake alive. All people who like goats better than snakes will please remember to speak sharply (if at all) to zoo keepers in the future.

"They say that a snake won't bother you unless you bother it first. Like fun! When snakes are not hibernating or entwining on a rock, or hissing at or another in a disagreeable way, they are sneaking around looking for somebody to bite."

When I first started writing this column I went movie crazy. For a while I reviewed almost every one that hit town, but then gave it up. But now and then when I know one is extra good, I still give it a plug.

"Pinky," playing at the Pitt tonight and tomorrow, is one of those that deserves mention. Because the movie deals with the race problem, it has been banned in some towns. The movie is real entertainment, and I can't see that it could cause any disturbance in any locality. It just depends upon how you look at the race problem. To me, the battle against prejudice is one that will be won, slowly but surely. We are making steady progress, but the battle cannot be rushed. Those who try to push it along too fast really retard it.

It would be interesting to know what part of the South the author of "Pinky" had in mind when he wrote the story. Either the displays of prejudice in the movie were exaggerated, or it was intended to be a lot further South than Greenville.

And I thank you.

said this experiment station \$30,000 item was just one of a series running to several millions offered by his opponents in the general assembly to "hold in line" some members who showed signs of slipping in favor of the Scott program. He added he was asked by Frank Taylor, appropriations chairman, which items he would delete, and said he would not delete any—but the legislature ought to balance the budget.

SURPRISE—Chief surprise of the press conference was the governor's statement that, while it might be hard to make the people believe it, "they" asked for more than "we" did. He further declined to name "they" or "we," or specify items and amounts. Answering a question whether he thought all legislation should originate in the executive office, he said he did not; but reiterated insistence the assembly should have balanced the budget.

Seamen Call For Probe Of U. S. Ship Transfers

Baltimore, March 8—(AP)—Four hundred aroused union seamen yesterday urged congressional investigation of the transfer of American ships to foreign registries.

The National Maritime Union sailors met to protest the manning of a new supertanker by 39 German seamen flown here from Germany.

The stormy two-hour session heard proposals from the floor that:

1. They beat up the German seamen.
2. The ship be picketed and an attempt made to "take it over."
3. The offices of the National Maritime Commission be picketed.

But after vigorous word battles, an element led by John J. Smith, local agent for the NMU, won with the resolution asking for the investigation.

The tanker, the 28,000-ton Olympic Flame, is being built by Bethlehem Steel's shipyards here for the Olympic Oil Lines. The company operates several vessels under foreign flags.

Ship owners have claimed at recent congressional hearings on maritime affairs that they can

Ex-Inmate Of Insane Asylum Stabs 7 On Street

Kenneth Kennedy, 23, lies in his blood-soaked clothes on a street in Brooklyn, N. Y., shortly after he and six others were stabbed by a Negro just released from a hospital for the insane. A policeman tries to comfort Kennedy who was attacked while wheeling his baby daughter in her carriage. Four of the knife victims were killed. The 19-year-old assailant, William Jones (right, sits sullenly in Brooklyn police headquarters after policemen trailed him for three blocks and beat him into submission with gun butts. The four stabbed to death were white men whom Jones apparently never had seen before. The youth refused to tell police why he went on a rampage with a 14-inch carving knife and stabbed at the heart of everybody he met on the street. (AP Wirephotos).

High Priced Beef Was Horsemeat

Dallas, Tex., March 8—(AP)—State and federal officials today sought the answer to a number of questions in the case of high priced beef tenderloin that turned out to be horsemeat.

They wanted to know first of all where it was produced. Thousands of pounds of horse meat—processed to resemble choice beef tenderloin—were seized in Houston and Dallas yesterday.

At Fort Worth, the city health department confiscated 3,600 pounds of meat but wouldn't label it horse meat. "We are not sure what it is," said City Health Director W. B. Bradshaw.

Most of the meat shipments came from Kansas City. A federal investigation was launched there. A report at Dallas said it was believed the meat was shipped to Kansas City from Chicago.

Dr. R. S. Martin, chief of Houston's city health department meat inspection division, said an estimated 3,000 pounds of horse meat had been sold to 12 high class Houston restaurants since December.

Sheriff Charges His Own Brother

Maynardville, Tenn., March 8—(AP)—Sheriff Leslie Graves of Union county swore out a murder warrant yesterday charging his brother Carl with the slaying of another brother.

Earl E. Graves, 42 was shot to death Sunday at the home of Clifford Graves, a fourth brother. Carl was released in \$10,000 bail. Sheriff Graves declined to talk about the shooting. "This is a family affair," he said.

Although Samuel Morse gave his first public demonstration of the telegraph in 1838 it was not until 1843 that the first experimental line was set between Washington and Baltimore.

Wrong Name In Army Sentencing

Munich, Germany, March 8—(AP)—An Associated Press dispatch of March 4, reporting a court martial sentence, should have named the defendant as Lt. Col. Richard F. Whitcomb. The dispatch erroneously named the colonel as Richard S. Whitcomb.

The colonel was sentenced to two years at hard labor for removing valuable articles from a requisitioned house in Germany. He also was sentenced to dismissal from the Army.

operate much cheaper under foreign registry because they are not required to pay the high wages prevailing on American ships.

"If you beat up those German seamen," Smith told the meeting, "it won't get you one damn thing but it would be a bonanza to the papers in Eastern Germany."

NEWS FROM CAR RADIO TOKYO—(AP)—"Yomiuri" is the first newspaper in Japan to use two-way radio communication between newsroom and motorized reporters. Reporters will use automobiles with 25-watt mobile equipment. Walkie-talkie sets will be used for on-the-scene coverage in remote spots.

Farmer Saves Negro From Mob

Otho Wiggins (left), farmer of Eastman, Ga., questions his Negro tenant, Jesse Lee Goodman, about a mob attack made on the Negro by a band of robed and hooded men. Wiggins says he fired rifle shots into the mob and scattered the attackers. With Goodman in their cabin are his wife and three small children. The night riders broke into the tenant's home and pulled him out of bed. They accused him of stealing oil and told him they were going to flog him. Goodman denied their charge. Wiggins said his shots routed the men before they could whip the Negro. (AP Photo).

Aware Of Taxes

Los Angeles, March 8—(AP)—At the age of two, Jeanine Caruso knows about paying income tax (deadline one week from today).

Jeanine earned \$1340 for three months work as the child of Mme. Bovary in the movie of the same name. She then collected \$650 in unemployment benefits at the rate of \$25 a week for 26 weeks.

The State Department of Employment would not say that Jeanine is the youngest to be given unemployment benefits, but it concluded she was one of the youngest.

Yesterday Jeanine, with the help of Father Vincent Caruso, sat down to figure out her income tax. What it amounted to is not a matter of public record.

New Zealand soldiers call Marines "Cobbers," meaning pal or buddy.

Eastern Pines Club Had Supper Meeting

The supper meeting of the Eastern Pines Men's Club was held at the Community Building on Wednesday evening, March 1.

The president, Glenn Hardee, presided. The group joined in singing "America," after which supper was served to 55 members and guests. The ladies of the Red Banks Home Demonstration Club a-- grouped in two divisions in a contest. The green side prepared a country ham supper with "krimpings" and lemon pie as dessert.

Further business followed with reading of the minutes, treasurer's report and recognition of visitors. The Constitution and By-Laws were discussed and adopted. The highlight of the evening came when Lyle Lester and assistants showed a film, "More From What You Have."

AMERICAN BANKING IN ACTION

FINANCING 1950 CARS

The great travel factor in the lives of twentieth century Americans has been the automobile. More than twenty-four million American families have automobiles, and roughly two million families own more than one car. As usual, bank credit has helped to finance the manufacture of the new 1950 automobiles. It will also continue to help purchasers to finance the cost of their new cars. Before you buy a car, come in and arrange a low-cost bank auto loan here with us.

Four Teams Advance To Semi-Final Playoffs In Pitt Cage Tournament

Arthur Girls Shade Chicod And Griffon Sextet Upsets Winterville; Ayden Tops Griffon And Winterville Defeats Grimesland

Tonight's Games
6:00—Ayden vs. Belvoir (girls)
7:15—Bethel vs. Stokes (boys)
8:30—Farmville vs. Bethel (girls)
9:45—Farmville vs. Chicod (boys)

The field narrowed last night in the Pitt County basketball play as teams entered tonight's quarter-finals round.

Two close contests—both of them girls—figured in the highlights of the week-long tourney so far.

The Arthur girls shaded Chicod in the first game by the close score of 41-38. In last night's third game the Griffon girls whipped the Winterville Wolverines in the only overtime tiff in the tournament, 51-47. That was the thriller of the evening.

Between the two girls' games, Winterville won from Grimesland in the boys' first game of the evening, 80-31, and the Ayden quint defeating the Griffon quint, 42-24, in the nightcap.

Arthur Girls 41, Chicod 38

The second round of tournament elimination got under way with a near-thriller as the third period of this game decided the issue.

All tied up at the half, 16-11, Arthur held Chicod to only four points in the third frame while scoring 11 themselves. That put the eventual winners ahead, 27-19 at the end of the eight-minute quarter and they remained ahead until the gun.

Despite an 18-point last quarter drive by Chicod's sextet, the Arthur girls hung on for dear life and nosed them out in the latter minutes.

Two forwards realized, for Arthur, which were realized, for Arthur, Virginia Crawford and Betty Lou Jones scored 18 and 14 points respectively to beat out Chicod's high scorers who tied with 12 each.

Selma Shirley and Hazel Adams were the two Chicod girls who led the three-point losers. They both collected 12 points to keep their team's drive alive.

Dorothy Wandorward and Ellen Lloyd backed up Arthur's high-scoring forwards with staunch defensive games. For Chicod on defense, Pearl Halstead and Evelyn Mills played the standout floor games.

The Arthur girls get a rest tonight after drawing a bye in the opening round of play. Friday night they meet the winner of tonight's Ayden-Belvoir game in the third match of the semifinals.

Winterville Boys 50, Grimesland 31

Leading all the way from the initial tipoff, the Wolves advanced to the semifinals and a possible shot at the Farmville Red Devils.

Paced by E. C. Averette with 16 points and Thomas Nobles with 11, Winterville's quint led the floor at the quarter, 11-7, and left the floor at the half, sporting a 15-point advantage, 26-11.

Grimesland had its poorest quarter in the second when they were able to connect with only four points. They collected nine in the third frame and stayed in the running with the Wolves during the fourth when they got 11 to the victors' 12.

Leading the Grimesland five were Elbert Jackson and Jasper Gladson with 15 and eight points apiece. The defensive stars were Jackson and Billy Boyd.

For Winterville, which drew a bye in Monday's games, the ball hawks were Phil Mellon and Nobles.

Griffon Girls 51, Winterville 47

The Griffon sextet pulled the first upset in the Pitt County basketball tournament last night by turning back the favored Winterville girls, 51 to 47, in a game which had to go into an overtime period before the winner was decided.

The Griffon lassies led all through the contest and as the first quarter ended were out front 8-7 and at the halfway mark were leading 27-22. As the third period ended the Griffon girls were leading by a 10-point margin, 40-30.

During the fourth period the Winterville girls came from behind to score a total of 13 points while holding the Griffon girls to three points to find the score deadlocked at 43-43 at the end of the regulation game.

In the extra three-minute period Edna Earl Braxton started things off for Griffon by scoring a field goal to give the Griffon lassies a two point lead. Worthington came back for Winterville with a field goal to knot the count at 45-45. Then field goals in quick succession by

East Carolina's Baseball Tryouts Begin This Week

Baseballers at East Carolina got down to serious work this week.

Head Coach Jack Boone stressed conditioning for this year's diamond prospects, and put much emphasis on his pitching aspirants.

Coach Boone has eleven returning lettermen from last year's Pirate nine. Making up this year's returnees are Jack Wallace, Fred Soles, Frank Cerruzzi, and Bill Smith, infielders; Stan Terrill, and Lou Colie in the outfield; and George Wood and Leon Jones, catchers.

Heading this year's pitching corps will be lettermen Bob McCotter, Hal Whitehurst, and Vernon Jones. McCotter is a southpaw while Jones has been moved in from the outfield to aid in the chunking chores.

About forty new men reported for the baseball tryouts which began Monday afternoon, and leading rookie candidates for this year's team will be Bob Bailey, who is a seasoned second baseman, along with Mark Byrd, a terrific strong arm pitcher, who may be counted heavily for duty this year.

Candidates for this year's East Carolina baseball team which opens its season here March 30, against Guilford are infielders Hugh Hardy, Sonny Russell, George Sauls, Evans, Loyd Bass, Bob Pelton, and Jack Bynum.

Outfielders Earl Stanly, Jim Corbin, Marvin Parker, Dewey Harris, Bill Edwards, Rupert Bonner, Lonny Respass, and Bob Cook.

Catchers will be Carl Morris and Richard Nelson.

Heading the rookie pitching staff will be lefthanders Dick Hobbs, Tony Harris, Carlton Fleetwood, and righthanders Dewey Godwin, Toddy Fennell, J. C. Fields, Larry Kincaid, James Hudson, Noah Buck and Paul Bunn.

Dickey, Giermak In All-Star Game

New York, March 8—(AP)—Dick Dickey of North Carolina State and Chet Giermak of William and Mary will play in an all-star basketball contest in Madison Square Garden, April 1.

The two southern conference players will play with the east squad which will meet a western team.

The contest is for the benefit of the Herald Tribune fresh air fund.

Pee Wee Reese To Miss Games

Vero Beach, Fla., March 8—(AP)—Pee Wee Reese, the Brooklyn Dodger's ace shortstop, will not see action in the weekend games with the Boston Braves in Miami.

The team's captain will go along with the squad but his place in competition will be taken by either Eddie Miksis or Bobby Morgan.

Evelyn Adams, Edna Earl Braxton and Kit McLawhorn put the Griffon girls out front to give them their well-earned victory of 51-47.

Nell Mumford with 19 points and Kit McLawhorn with 14 points led the Griffon attack, while Betsy Castello and Ann Speir with 17 and 15 points respectively led the losers' attack.

Ayden Boys 42, Griffon 24

Coach Stuart Tripp's Ayden quint advanced to the semifinals in the Pitt County tournament by trouncing the Griffon quint, 42-24, in the final game of the second round.

After getting off to a slow start in the first period, which saw the Ayden boys leading, 8-7, they hit their stride in the second quarter and rallied for 11 points while holding the Griffon lads to three points to take an 18-11 advantage at the halfway mark. As the third period ended the Ayden quint were leading 30-18.

After about three minutes in the second quarter Mac Whitehurst shot a field goal to break the 9-9 tie and put the Ayden boys out front, after which they were never headed.

Jimmy McCormick and Teddy Bullock with 12 and 11 points respectively set the pace for the Ayden hoopers. Ray Mumford accounted for 12 of the total points made by the Griffon team.

Pat Harder of the Chicago Cardinals and Gene Roberts of the New York Giants tied for the National Football League 1949 scoring title with 102 points apiece.

Robins' Manager, Randy Heflin

The chances of the Greenville Robins bob-bobbing along this baseball season will depend entirely on the know-how of Randy Heflin, pictured above, the new manager of the club. Heflin, a former Boston Red Sox hurler and since then a pitcher for New Orleans in the Southern Association, is a native of Fredericksburg, Va. He visited Greenville recently, taking a fleeting appraisal at the renovated ball park, while on his way to Melbourne, Fla. He is helping his boss, Roy Dissinger, owner of the Robins, there with his new-talent training school, conducted prior to spring training for the team. The Robins will come to Greenville during the first two weeks of April to begin their exhibition schedule.

Bradley Rated NIT Favorite

New York, March 8—(AP)—Bradley University's Braves are a 7-2 favorite to win the National Invitation basketball tournament opening at Madison Square Garden Saturday.

The odds makers today conceded a couple of Blue Grass entries—Western Kentucky and Kentucky—the best chance to derail the pride of Peoria's march to new honors.

Western was rated a 4-1 choice and sophomore-laden Kentucky was figured at 5-1 in the early line. Odds on the other nine teams spread from 6-1 for St. John's and Duquesne to 30-1 and up for Arizona.

Dolphins Take Swimming Title

Chapel Hill, March 8—(AP)—The University of North Carolina won the Southern Conference swimming championship again last night.

It was the eighth consecutive championship for the host team. The Tar Heels had a total of 69 points.

Virginia Military Institute was seven points behind with 62. North Carolina State finished with 41, Duke with 38 and Virginia Tech with 28.

Grady Hatton Is Out For Hits

Tampa, Fla., March 8—(AP)—Grady Hatton says he's going for hits this year—hits of any kind and not just home runs.

Grady, the Cincinnati Reds' third baseman with a lot of power in his hitting but a little short on size had this to say:

"It doesn't pay to be home run crazy, especially a guy of my size. I got so the past few seasons that I tried to pull every pitch to right field. As a result most clubs pitched me fast balls, high and away. And I chased 'em too."

"This season I'm going to try and hit the ball where it is pitched. That's what I've been concentrating on during every batting practice. I believe it is going to help."

Bucs Stage Final Drills For VAC

Eight-Bout Fight Card Tomorrow Night Will Be Rubber Match; Stargardt's Bout Expected To Be Feature Attraction

By BILL LLOYD

Coach Johnny Long's East Carolina boxers ended drills for their third match against the Virginia Athletic Club gloves with a spirited workout this afternoon.

Tomorrow night's eight-bout fight card to be held in Wright gymnasium will mark the final home appearance of the local college boxers, as well as a deciding rubber match between the two rival ring teams. Both clubs hold one victory apiece in the two previous scrapes.

Many top flight matches will be assured the local boxing fans tomorrow night, as both clubs have built up a terrific rivalry during the regular season, and strong competition is expected in several featured bouts.

Top feature for tomorrow night's bouts will be the pairing of East Carolina's hard-hitting 155 pounder, Ken Stargardt, against a yet named opponent. Smooth-working Stargardt, who is an outstanding holdover from last year's Pirate ring team, has been unheralded this year, but has turned in top performances in all his bouts this season. Hailing from Richmond, Va., Stargardt, who fights in a demon-like manner with a terrific stance right, goes against his home state team with a record of fourteen wins out of sixteen fights. Out to make new additions to his already impressive ring laurels, Stargardt may be paired against VAC's class Clarence Winingar, another 155 pounder.

Another outstanding feature attraction for tomorrow night's boxing agenda was announced by Coach Long yesterday afternoon. This feature will match newcomer Jackie O'Neill against Benny "Red" Barry in the featherweight division. Nineteen-year-old O'Neill, who just came into the East Carolina training camp this week, is this year's New England golden glove featherweight champion, as well as being a semi-finalist in the national golden gloves tournament held in New York City this year. O'Neill

has a highly impressive fight record of winner of over sixty fights.

Opposing O'Neill will be Virginia's outstanding southpaw lefther-slinger, Benny "Red" Barry. Barry is this year's Virginia State golden glove champion in the 125 pound division. The red-headed fire ball is well known in the boxing circles, and has been heralded as the "Pride of Virginia."

In promoting the match, Coach Long stated, "Barry is a terrific southpaw, while O'Neill is looking very good in his workouts, and so the local ring fans should see a slam-bang thriller in the battle between these two outstanding featherweights."

Undefeated Cecil Phillips, East Carolina's powerful welterweight scrapper, will be the third main attraction in tomorrow night's fight calendar. Phillips won the Florida State High School championship two consecutive years, and is a veteran winner in armed forces tournaments. As yet, an opponent for Phillips has not been announced, but Coach Long stated that the dark-haired Pirate pounder will definitely be on tomorrow night's fight card.

Rounding out the feature bouts will be the third match between EC's Crowell Williamson and VAC's Tommy "The Kid" Soboleska. Williamson, a fresh sensation this year, holds two victories over the Virginia middleweight champion. However, strong competition has mounted between the two outstanding mittmen, and Williamson will be striving to hold his mastery over "The Kid."

Penlites Keep Lead In Carbon Bowling Loop

The Penlites remained at the top of the Carbon League bowling standings for the third straight week by beating the second-place Nine Lives two games to one in Monday night's lines.

Having finished 21 games so far in the close competition league, the leaders now hold a 13-8 record and an average of 690 pins.

The Black Cats, who have resided at the bottom of the four-team standings since the league's inception, swept three games from the third-place Evereadys. The clean-sweep wasn't decided until the third game's last pin had fallen as the two teams finished neck and neck with a one-pin difference in score. The final game was decided 671-670 for the Cats.

Fred Steinfurth carried the brunt of the Cats' attack by increasing his average four pins, 101 to 105. Louise Porter complemented Steinfurth in his cut-out task by notching three pins on her average which stands at the end of 21 games at 96.

The Nine Lives increased their three-game-high total from 2,075 to 2,222, yet dropped the two games to the Penlites. Another average in this bracket was increased, too. The Pen-

Harris To Test Cuban Pitcher

Orlando, Fla., March 8—(AP)—Manager Bucky Harris of the Washington Nationals is going to start his new Cuban pitcher, Conrado Martinez, in an exhibition game Saturday with the Philadelphia Athletics at West Palm Beach.

Sport Slants By Pap

Little Jimmy Rooney is rapidly winning the hearts of boxing fans who frequent Madison Square Garden with his own fighting heart—and a devastating left hook. The fact that the hustling, hard-hitting little featherweight from Bridgeport, Connecticut, is Irish hasn't hurt his popularity.

Rooney was orphaned at a very early age and spent his early years in the Norwalk, Connecticut, County Home. When old enough, he was sent out to work for various farmers in the vicinity. But that didn't work out very well because Jimmy was constantly getting into fights. His scrappy nature soon caused him to become involved with the local police. The police decided that the youngster just couldn't help fighting so they decided to use him in several of their benefit programs. In the Golden Gloves, Rooney won the state featherweight championship by stopping his first three opponents and causing his fourth to withdraw.

The little black-haired gamin with deep-set dark eyes has won several of his recent bouts the hard way, coming off the floor to knock out his opponents. Twenty-two of his 36 victories have been scored by knockouts. Rooney's best punch is a left hook. This is only natural since Jimmy is a natural left-hander. His managers taught him to assume an orthodox right-handed boxing stance

Women's Cross-Country Tourney Is Planned For Top Golfers In Spring

New York—(AP)—Women's golf will hit the big time this spring with the \$17,000 cross-country Weatheravene Open. Led by the big four of women's pro golf—Patty Berg, Babe Didrikson Zaharias—the girls will shoot at that total in four separate 36-hole competitions played on four consecutive week-ends in different states, California, Illinois, Ohio and New York.

The first competition for the crack pros, as well as the amateurs, will be staged at the Pebble Beach golf course on California's Monterey Peninsula on April 29-30. On May 6-7, the girls will play on Chicago's Skycrest course; May 13-14 competition will move to the Ridgewood Golf Club in Cleveland with the windup set for Knollwood Country Club, White Plains, N. Y., on May 20-21.

In each of the four tournaments, the girls will be shooting at \$3,000 in prize money and the lowest score for the 144-holes will be worth \$5,000.

Prairie Fires And Dust Clouds Hit Wide Areas Of Great Plains States

By the Associated Press
A double-barrelled threat to farmers—fire and dust—plagued wide areas of the plains states today. High winds whipped up dust clouds yesterday over thousands of acres of cropland. Visibility was cut to half a mile in some parts of Texas and New Mexico.

In Kansas, two traffic fatalities were blamed on dust clouds. At Garden City in western Kansas visibility and ceiling was reported at zero for a 30-minute period.

The dust brought back memories of the "black blizzards" of the 1930s because it started blowing so early in the year. However, it is not anywhere near as severe as in 1935 and 1936 when dust storms destroyed thousands of acres of rich cropland

and ruined countless farmers. Yesterday's high winds also sent

Siamese Twins Joined At Head

Sydney, Australia, March (AP)—Dr. John Starr reported today that s'ames twin girls joined at the top of their heads were born to Mrs. Erskine Smith near Burnie, Tasmania, Saturday night.

He said the babies and their mother are doing well but the babies must lie head to head in an extended cot.

"It is as if you stood one head-first on the other," Dr. Starr told a reporter.

prairie fires whipping across parts of Texas, Kansas and Nebraska.

In Texas four separate fires blackened thousands of acres of choice ranch and wheatlands. All were in the Texas Panhandle.

The largest fire, near Dumas, raged out of control for hours. Leroy Little, chief of the Sunday fire department, was critically burned. Frank Carter, 35, also suffered severe burns.

Firemen from seven towns and hundred of volunteers fought nine hours to control a huge grass fire near Angora in western Nebraska.

Fires also swept thousands of acres in Kansas. Flames blackened about 36 square miles near Ellinwood in central Kansas. Fires blazed near Hutchinson, killing some cattle and destroying haystacks.

Railway Line Is Blocked As Cars Are Derailed

Spartanburg, S.C., March 8—(AP)—The Southern Railway main line was blocked near here last night when 25 or 30 freight cars were derailed.

Normal service was expected to be resumed today. No one was injured.

Railway officials said some of the cars fell from a trestle into the North Tyger River between here and Greenville. Others dangled from the trestle. The engine was not derailed.

Cause of the accident was not determined.

The train was headed for Charlotte from Atlanta. Other trains were rerouted over the Piedmont and Northern Line between Spartanburg and Greenville.

Plan Eliminate The Water Boys

Raleigh, N.C., March 8—(AP)—The call "hey, water boy" may be a thing of the past soon on North Carolina prison road gangs.

The Highway Commission was told yesterday that a high percentage of prison escapes are water boys who go after water for prison gangs and then keep on going.

The commission approved plans of the Prison Department to eliminate water boys by providing other water facilities for the gangs.

Powl cholera killed more than 36,000 ducks wintering in the Texas Panhandle in 1947-'48.

Dear Judy,

What accounts for the singing popularity of Latin boys, particularly those of Italian parentage?

What is it that the Sinatra-Corino-Damone boys and Mr. Pinza have that other boys don't have, and why do girls prefer their warbling to plain Johnny Jones or Jim Johnson?

Curious, I asked Richard Hayes at 19 said to be America's youngest recording star. Dick has made only a couple of records since he started his career, but already his "Old Master Painter," "It Isn't Fair" and "My Foolish Heart" have developed for him a long list of fans.

Being "half-and-half" (Italian-Irish) as he expresses it, Dick feels qualified to speak for the boys.

He thinks primarily the popularity trend is toward the full-throated voices. And who better than Italian boys really can give out with a lusty round tone? he asks.

"After all," says Richard, Italian larynxes have been trained for generations and every baby grows up listening to music in Italy. Is it no wonder that in America, Italian parents are proud to encourage their children to sing?

And this training is not ordinary bathtub crooning, according to Richard. Little Italian boys and Italian-American boys are taught opera tones, and their la-dee-da-da-da, is thrown out full and round, loudly and lustily—one reason they are successful in opera.

Eslo Pinza's success as the romantic lead in South Pacific has done much to further the trend toward round, open full tones, and recently, says Richard, there has been a noticeable trend away from "wavy" or "trick" singing. Some singers who have well-developed throat muscles can rustle up the switch without too much difficulty, but puny little voices that get by because of style might be out of luck.

We knew it would come to this. At Juanita College Huntington, Pa. Uncle Sam's postage stamps are involved in a new glamor trend. Postal clerks report students have deluged them with requests for brightly colored postage stamps. Why? To match the color of the ink they use!

At Pueblo, Colorado boy friends of Risley Junior H.S. students know a lot more about how they stand with their teen-age flames these days. They can tell by hair ribbons the girls wear. The colors reveal:

Yellow—I like a boy and he likes me.
Blue—A boy likes me, but I don't like him.

Pink—I like a boy but he doesn't like me.
Black—We've broken up.
Orange—Jealousy.
Purple—Loyalty, steady dating.
Brown—Don't like any of the boys.

White—We're engaged.
Green—I like a boy, he likes me, but another girl likes him, too.

Red—Can't make up my mind. Some white hair ribbons sport the boys' names.

The reverse English fad has caught on in Baltimore, Md. and to add to the long list already popular in other sections of the country are these: Holidays are called revolting developments; when a girl turns down a date she says "oh, you're too much"; a wild girl in this new order of things is called a "nice girl," 'tis said.

Other vocabulary new to this brood runs like this: A football hero type is known as an Adam bomb; braggards are called three-dollar bills.

Visian

FILES FOR RELECTION
Raleigh, N.C., March 7—(AP)—Rep. Graham A. Barden filed for reelection as congressman from the Third District, today.

House Approves Hawaii Measure

Washington, March 8—(AP)—The House passed a bill yesterday to make Hawaii a state. The vote was 261 to 110.

Last Friday, the House passed the Alaska statehood bill by a vote of 186 to 146.

Senate action on the two measures is uncertain. Two years ago, the Senate Interior Committee allowed a House-passed Hawaiian statehood bill to die without action. The Alaska bill has never before been considered in the Senate.

Only a few House members opposed Hawaiian statehood during debate.

Rep. Cox (D-Ga.) asserted that the island territory is Communist controlled and dominated by Harry Bridges, president of the CIO International Longshoremen's Union.

Rep. Cooley (D-N.C.) challenged arguments that statehood would strengthen the nation's defenses in Hawaii.

Sam Bundy Has Busy Speaking Schedule During February

Farmville—Sam D. Bundy, principal of the Farmville High School, had a busy speaking schedule in February. On Sunday, February 5 he spoke to the Men's Group of the Wilson Christian Church and that night to the Men's Group in the Farmville Christian Church.

Tuesday, February 14 Mr. Bundy was guest speaker at Mattamuskeet Lodge at the Belhaven-Pantego Rotary Club Ladies Night; February 17 at the Ayden Lions Club Ladies Night; February 9 at the Farmville Masonic Lodge; February 28 at the annual Ladies Night of the Kinston Junior Chamber of Commerce.

On Monday, March 6, Mr. Bundy was guest speaker at the annual Ladies Night of the Jamesville Ruritan Club; March 16 he will speak to the Warsaw Rotary Club Ladies Night; March 17 to the Farmville Junior Chamber of Commerce Ladies Night; April 3 to the Wilson T.P.A. Ladies Night; May 12 he will be guest speaker at the Junior-Senior Banquet of Presbyterian Junior College in Maxton.

Expert Predicts Resistant Weed

North Platte, Neb.—(AP)—Are the new chemical weed killers, such as 2-4-D, in danger of producing a race of "super weeds"? It's a good bet under certain conditions in the opinion of Glenn Viehmeier, assistant in horticulture at the University of Nebraska's sub-station here. Assuming that a dose of 2-4-D doesn't kill all weeds, then those that survive must be presumed to be possessed of some degree of resistance. Offspring of the weeds with resistance should inherit some of this resistant quality. Repeat the process regularly enough and the weeds eventually will "reach the highest degree of tolerance inherent in the race under treatment," says Viehmeier.

Test is HENRY J. TAYLOR, ABC Network, every Monday evening.

NOTE THESE STYLE LINES WELL. They're straight out of the Buick Riviera book—and they cloak interiors that are roomy as much-higher-priced cars.

FORE AND AFT - a Beauty and a Buy

It's lithe, long and lovely—and it calls not just for one look, but for two.

See how this sleek Sedan looks coming down the road—bold grillwork shining, broad bonnet purring with power, and the wide, curving, unbroken sweep of a one-piece windshield giving you horizon-wide outlook.

And spot the pretty picture you make going away. The broad, wrap-around rear window and topside styling in the Buick Riviera manner.

The graceful, spacious trunk, the "double bubble" taillights, the sense of high-fashion fleetness in everything from rear fender lines to the curve of the roof.

Yes, that's beauty—beauty in the unmistakable Buick manner. But observe also:

Interiors are extra roomy in all dimensions. The biggest you can buy for the money, we believe—and bigger than many higher-priced cars.

And, since this is a Buick SUPER, there's sensational new power under the hood—Buick's own F-263 Fireball straight-eight, this year's big news in valve-in-head power.

Yes, when you go stepping in this one, you'll really step—with roominess and top-drawer styling and the level going of all-coil springing—yes, and Dynaflo Drive* too, if you choose—making your pleasure complete.

The price? Well, drop in on your Buick dealer, ask about the SUPER 126 and be prepared for happy listening. Here's a buy—so grand a buy you'll lose no time getting behind a Buick wheel.

*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

Features like these mean BUICK'S THE BUY

HIGHER-COMPRESSION Fireball valve-in-head power in three engines, five hp ratings. (New F-263 engine in SUPER models.) • NEW-PATTERN STYLING, with bumper-guard grilles, taper-through fenders, "double bubble" taillights • WIDE-ANGLE VISIBILITY, close-up road view both forward and back • TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius • EXTRA-WIDE SEATS cradled between the axles • SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube • DYNAFLOW DRIVE standard on all ROADMASTERS, optional at extra cost on SUPER and SPECIAL series • WIDE ARRAY OF MODELS with Body by Fisher.

Phone your BUICK dealer for a demonstration—Right Now!

When better automobiles are built BUICK will build them

Would-Be Prophets See Reynolds Opposing Hoey

By LYNN NISBET

Raleigh, March 8 — Several would-be prophets around capitol square predict that when the showdown comes Robert R. Reynolds will file for the full term senate to which Senator Clyde R. Hoey seeks re-election. Instead of the unexpected term sought by Senator Frank Graham, Willis Smith and two others. Most observers fail to accept this probability, although admitting Mountain Bob is fully capable of pulling such a stunt.

Reynolds surprised most of the state a few weeks ago by announcing his candidacy for the seat which by fifty year tradition belongs to an easterner. When he first began talking about staving a comeback—he served in the senate from 1933 to 1945—it was assumed he would seek the place commonly assigned to the west.

The dopesters reason that since Willis Smith has come out against Graham and there is no strong opponent in sight for Senator Hoey, Reynolds may again change his mind and leave the three-cornered race for a two-way scrap. They support this idea by noting that Reynolds has not engaged in his characteristic type of campaigning by ridiculing his chief opponent and think perhaps the reason for this failure is he has not positively decided who his chief opponent will be.

Local supporters of Reynolds hoot at all this talk and say it is nothing more than wishful thinking on part of those who want to

get Reynolds out of the way of Graham or Smith because they are afraid of him.

Tobacco Growers Warned Of Mold

Raleigh, N. C. March 8—(P)—Tar Heel tobacco growers better begin treating their plant beds immediately for blue mold.

The warning was sent out yesterday by T. R. Garris, plant pathologist for the N. C. State College Extension Service. He said the disease has been recorded in Hoke and "two or three" other southeastern counties in its rapid spread.

Garris said the mold is about a month ahead of schedule this year.

TAX SERVICE

Raleigh, N. C. March 8—(P)—The State Department of Revenue and its branch offices throughout the state will open this Saturday from 8:30 a. m. until 12:30 p. m. to help taxpayers with their forms. State income taxes are due by March 15.

Smith, her mother and her father, the match with the text, "My daughter is grieving with a will," according to the Encyclopedia Americana. Adams followed Washington as president; she became a famous writer.

A light raindrop is 125 times as large as a mist particle.

Ruritan Head To Be At Pactolus

Curtis Old, president of Ruritan National, will attend the club officers' training school at Pactolus on Thursday, March 9 at 5:30 p.m. Club officers from Pactolus, Stokes, Grimesland, Community Chapel, Falkland, Bevoir, Fountain, Winterville, Pinetown, Bath, Choconity Alliance, Contentnea, Maury and New Hope will come to this meeting to be instructed in their duties as an officer of a Ruritan Club.

The fundamentals of presiding at a meeting and the duties of the various officers will be discussed in detail.

President Old will serve as instructor for the club presidents' class and will serve as toastmaster for the evening banquet.

Club officers' schools are conducted by the various District Governors over the entire Ruritan field at the beginning of each year. The school at Pactolus will be conducted by H. E. Hill, governor of the Greenville-Goldsboro district, with the assistance of Noel Lee, Jr., treasurer of Ruritan National.

Ruritan stresses the value of community service at these schools and through them have established a program of service that has brought a great deal of praise to the organization.

Ruritan now serves the twelve states called "Dixie" and has over ten thousand members and two hundred and ninety clubs. The membership of the organization is composed 50 percent of farmers and 50 percent of small town business men. It is a rural community civic club that meets once a month.

Tobacco Workers Stage Election

Winston-Salem, N. C., March 8—(P)—Approximately 9,000 employees of the R. J. Reynolds Tobacco Company voted today to determine which one of three unions shall represent them. A fourth opinion was to vote for "no union."

Unions seeking to become the employees' bargaining agents were the AFL Tobacco Workers International Union, the CIO United Transport Service Employees, and the Food Tobacco, Agriculture and Allied Workers.

Four Die When Plane Crashed

Marion, S. C., March 8—(P)—Three men and a boy were killed when their single engine private plane crashed on a farm near here yesterday.

The dead were James Patrick Sullivan, plastics manufacturer of Middlebury, Conn., and his son, James Erill Fortin and Walter Stovekin both of Waterbury, Conn.

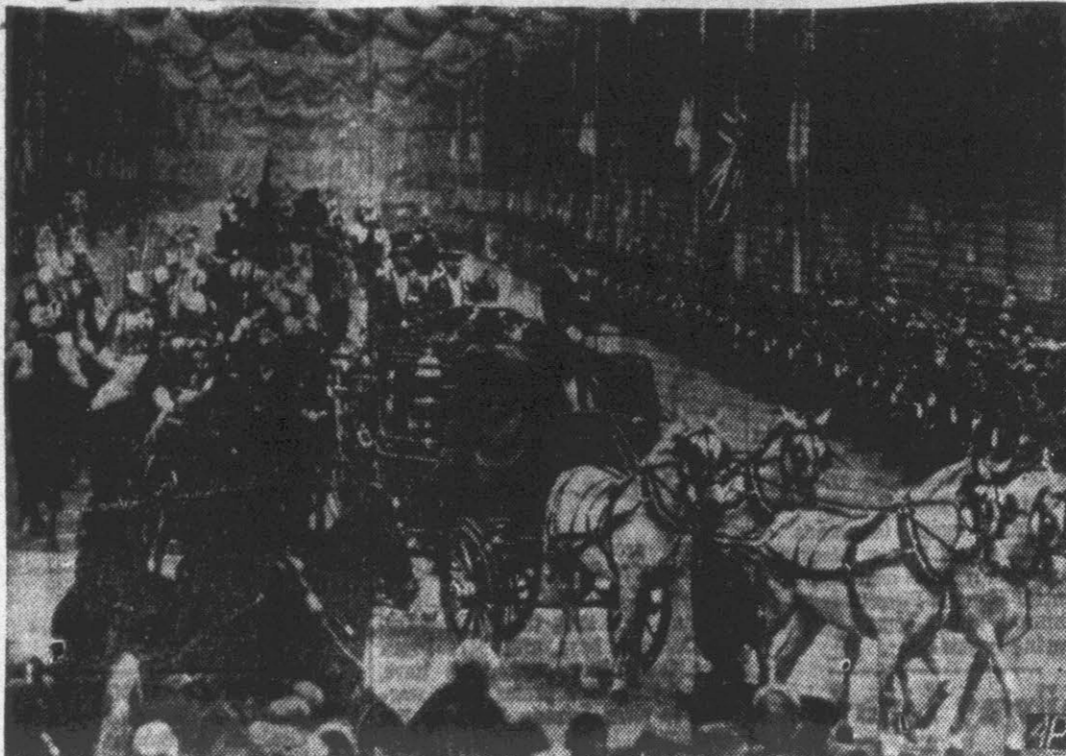

The plane dropped out of a heavy overcast about 2:30 p. m., its motor sputtering. It circled the farm of R. M. Jones briefly and spun to earth.

The occupants were dead when witnesses reached the plane.

Farmville School Is On Accredited List For 10th Year In Row

Farmville.—The Farmville High School, through its principal, Sam D. Bundy, has been advised that it has made the accredited list of the Southern Association of Secondary Schools for the school year 1949-50. This makes ten straight years this high school has been accorded this recognition. The Farmville High School has a

King and Queen Cheered On Ride From Parliament

Great Britain's King George VI and Queen Elizabeth ride in the Irish coach past crowds of cheering subjects in London's Mall on their return from the formal opening of Parliament Monday. The Mall is decorated with flags and bunting in preparation for the official visit Tuesday of French President Vincent Auriol. The King opened Parliament with a speech written for him by Prime Minister Clement Attlee. The weakened position of Attlee's Labor party was reflected by the king's mild address which avoided issues of controversy. (AP Wirephoto via radio from London).

staff of 31 teachers and principals four of whom have Masters Degrees and others who have some work toward this degree. Besides offering the usual academic subjects Farmville offers vocational agriculture and shop, vocational home economics, commercial subjects, physical education, band, public school music. Also, a full time librarian is employed for library work.

CERTIFICATE OF DISSOLUTION

Resolution and Certificate of Dissolution of Greenville Riding Association, Incorporated.

The location of the principal office in this State is at No. 308 Washington Street in the City of Greenville, County of Pitt.

The name of the agent therein and in charge thereof, upon whom process against this corporation may be served, is J. B. Webb, Jr.

We, the undersigned, being a majority of the Board of Directors of the Greenville Riding Association, Incorporated, do hereby certify that at a meeting of the said Board called for that purpose, and held on the 27th day of February, 1950, said

Board, by a majority of the whole Board, did adopt the following resolution:

Resolved, That in the judgment of this Board it is advisable, and most for the benefit of the Greenville Riding Association, Incorporated, that the same should be forthwith dissolved; and to that end it is ordered that a meeting of the stockholders be held on Monday, the 3rd day of April, A. D. 1950, at the office of the Corporation, in the City of Greenville, to take action upon this resolution; and further, that the Secretary forthwith give notice

of said meeting and of the adoption of this resolution, within ten days from this date, by publishing the said resolution, with a notice of its adoption, in the Daily Reflector, a newspaper published in the City of Greenville, for at least four weeks, once a week, successively, and by mailing a written or printed copy of the same to each and every stockholder of this Corporation in the United States.

Be it further resolved, that all the lands and buildings belonging to said Corporation shall be sold at public auction at the Courthouse door in Greenville after first having been advertised by publication of notice once a week for four consecutive weeks, said publication to run in the Daily Reflector, terms of said sale are cash and the same will be sold to the highest bidder, who will be required to deposit ten per cent (10%) of the date of the sale. This sale shall be final and not subject to resale.

In Witness Hereof, We have hereunto set our hands and affixed the corporate seal of said Corporation, this 27th day of February, 1950.

Chapter 37

For the first time in her life, Anne began to realize what it meant to have someone really in love with her. Romantically in love, that is. She had always known a father's love. Mary's love, the twins' love. With the break-up of her near marriage to Tony, she had begun to realize that she even had some sisterly love from Adele. But all this was nothing compared to Don's love for her which proceeded to catch her up and sweep her along on the way of a great emotion.

FRESH FISH, SHRIMP AND Oysters daily. We dress and deliver. F. and T. Cash Grocery, James Ray Pittman, Proprietor, Phone 2964. 3-3-Mon.-Wed.-Thur.-1mo.

from himself. Tony could never mean anything to her again.

And Don meant everything. She could say it aloud, as he seemed to include everything. It was just a month after his return from the West, that he asked Anne to marry him and slipped an engagement ring on her finger. She had been expecting it, but she was also surprised. The ring was not the sort to take her breath away. He said simply that the time had come to tell her he wanted her to be his wife. And she said yes.

When Mary wanted to be told all about it the next day there was nothing to tell. When two newspapers called up there was nothing to report except that she was going to marry Don Carey and expected to be very happy.

Mrs. Carey was at White Sulphur Springs and telephoned warmest congratulations to her daughter. She would give a big party on her return from a cure she was taking. Adele fairly gurgled over the phone in her enthusiasm. At last Anne was being quite sensible.

She went up to try on a new dress Roger had brought home for her in his impulsive way. This time his impulse had been quite correct, because it suited her perfectly. She danced into his room to show him, but he wasn't there. She ran down to the library. He wasn't there either, but someone else was. The afternoon sun flooded over the tall handsome figure sitting at the big desk.

"Tony!" she gasped.

"Hello, Anne. You wonder how I got in? Have you forgotten I still have my key? And my room?"

She came into the room quietly. "It is Don's room now."

"And Tony is quite forgotten?"

"The newspapers will not let us forget our erstwhile friend Tony Raymond even if we should wish to do so."

"Bravo," he laughed suddenly. "I came to see you, Anne. I needed to talk to you very privately."

"I don't think I should care to do so."

"How about my congratulations, Anne? You know you are catching a rich young man who has been chased in vain by many beautiful damsels."

"I haven't chased Don."

"I used an incorrect verb."

"You have changed, Tony. You want only money. You are getting it. You look completely satisfied. I have no doubt you are."

"And you, Anne? You are marrying a rich man."

"I am merely marrying the man I love. If he were out of a job I wouldn't affect my love in the least."

She turned away from him and walked to a window. "Aren't we wasting time, Tony? You didn't come here to talk. Your time is far too valuable for that, if mine is worth less than nothing. Think of all the well paid advice you could be giving."

"I am giving that now. Don't marry Don Carey."

"Why are we talking in circles, Tony?"

"You feel you know everything about him, don't you, Anne?"

"Everything I need to know."

"I wonder," he purred for effect. "Did you know he is married?"

Her eyes opened very wide and she looked at him in amazement. Tony picked up his hat and bowed to her gallily.

"I came to tell you that. When you thought he was out with the cowboys he was out trying to get a divorce. He thinks he got it, but his wife says no, it isn't quite right. So she came to New York to get a good lawyer."

Anne fought for words. "You mean you—"

"Why not, my dear? There aren't enough murders to go around, are there? A little civil practice is good. And Lenore is a cute kid. You probably suspect that—or Don wouldn't have married her. She has been dancing with Gella's show in Chicago. Did he tell you he came through there to see her? Ask him."

Anne stood very straight. "I don't need to ask Don anything. He came back through Chicago because all trains do and he wanted to see the twins."

"Tony's laugh was mocking. 'Did he tell you that? Ask him about Lenore. I'll run along now so you'll have a chance to think about things.'

"Good-bye, Tony."

"Like that?" He grinned. "Aren't you going to order me out and tell me never to darken your door again?"

"Certainly not. But I would like the house key, please."

She held out her hand. He put the key into it, then kissed her hand and was gone. She walked slowly into the front parlor and looked down into the street. Tony was talking to Roger—and laughing. Roger was not laughing. A minute more and Tony popped into his flashy car and whirled away. She drew a deep breath and then ran down to let her father in and show him how well the new dress fitted.

(To be continued)

CITY POACHER

Missoula, Mont. - (AP) - Game poaching reached a new high in brazenness here recently when a deer was killed, dressed and skinned on a city street. It was done at night and reported by City Councilman Fred W. English.

Grand Jury Said Looking Into Dope Ring Case

Smithfield, N. C., March 7.—(AP)—A Johnston county grand jury reportedly is looking into the activities of a dope ring uncovered by arrests last weekend.

Federal and state agents arrested 45-year-old Charles L. Beasley of near Smithfield and two Negroes in a Friday night crackdown. A 60-year-old woman, Mrs. Melissa Godwin, of near Selma, also was arrested in the crackdown.

Beasley and Mrs. Godwin are free under \$5,000 bond. He was arrested on charges of illegal transfer of marijuana and Mrs. Godwin for illegal possession.

NOTICE

Having this day qualified as administrator of the estate of Mrs. N. S. Stocks, deceased, this is to notify all persons having claims against said estate to present them to the undersigned or his attorney, J. W. H. Roberts, at Greenville, North Carolina, within twelve months from the date hereof; otherwise this notice will be placed in bar of their recovery. All persons indebted to said estate will please make immediate settlement.

This the 28th day of February, 1950.

A. J. Fussell, Administrator of the estate of Mrs. N. S. Stocks.
J. W. H. Roberts, Attorney
March 1-8-15-22-29 April 5.

Better Cough Relief

When new drugs or old fail to stop your cold don't delay. Safe, dependable Creomulsion goes quickly to the seat of the trouble to relieve acute bronchitis or chest colds. New 1950 Hudsons... Now on Display!

Greatest Hudsons in History

Only Cars with "Step-Down" Design

Here now! New Hudsons for 1950! New styling—exciting motoring advantages—right along with sensational lower prices!

Take roominess as an example. Hudson's exclusive "step-down" design brings you more seating and head room than in any other car!

"Step-down" design with its recessed floor permits Hudson seats to be lowered and positioned completely ahead of the rear wheels, so seat cushions are up to 12 inches wider than in cars of greater outside dimensions. In Hudson you get the most room—at sensational lower prices!

Hudson's low-built design, which preserves full road clearance, quickly tells you that these remarkable automobiles have the lowest center of gravity in any American car. Thus you know instinctively that Hudsons handle more surely, hug the road more tenaciously and are safer than any other car. Hudson brings you America's best and safest ride—at sensational lower prices!

There are many more thrilling advantages in these great Hudsons. You're invited to enjoy "The New Step-Down Ride"—discover for yourself that Hudson definitely brings you more car for less money!

See for yourself—try "The New Step-Down Ride!"

HUDSON

NOW... 3 GREAT SERIES

LOWER-PRICED PACEMAKER
FAMOUS SUPER
CUSTOM COMMODORE

Hudson's Exclusive SUPER-MATIC DRIVE†

†The only automatic transmission that shifts gears for you just as you want, combines thrifty overdrive, and can be converted to manual operation at the touch of a button.

Only Hudson, the car with "The New Step-Down Ride," brings you these features... Your choice, High-Compression six- or eight-cylinder engine with Chrome-alloy motor blocks which minimize wear and reduce upkeep costs • Triple-Soft Brakes—flexible hydraulic system with reserve mechanical system, plus parking brake • Fluid-Cushioned Clutch • Curved Full-View Windshield and rear window • Weather-Control—Hudson's heater-conditioned-air system, and more than 20 other features that help make "step-downs" designed Hudsons leaders in resale value.

HERE'S WHERE YOU GET MORE CAR FOR LESS MONEY!

Farmville Motor Co.

113 NORTH MAIN STREET
FARMVILLE, N. C.

East Carolina Students Given Privilege Of Evaluating Faculty

Students at East Carolina Teachers College have asked for and been granted the privilege of rating the faculty. The purpose is the evaluation of instruction, and the improvement of classroom procedures and practices through cooperative effort.

A joint committee of faculty members and students has been appointed and will begin work immediately on the project, which is expected to be put into effect during the fall quarter of the 1950-1951 term.

The idea of drawing up a rating sheet through which students might have the opportunity of evaluating the instruction they receive was presented recently to President John D. Messick of the college by a committee from the Legislature of the Student Government Association. The request was presented to the faculty, who approved it and elected a group of three members to represent them in formulating plans.

Ministers Of Pitt Meet Next Monday

The Pitt County Ministerial Association will hold its second quarterly meeting next Monday at 12:15 at the Olde Towne Inn. A conference will follow the luncheon.

Visitation evangelism will be discussed under the leadership of Dr. H. H. Thompson of Atlanta, Ga. All ministers of Pitt county are invited to attend.

The committee are Frank Fuller, guidance counselor and member of the department of education; Audrey V. Dempsey of the department of business education; and Eileen Rion Caldwell of the department of mathematics. Student members of the group, who were appointed by the student Legislature, are Samuel G. Neils of Oxford, senior; William Flanders of Durham, junior; Carl G. Conner of Windsor, junior; and Jack Hedgcock of Greenville and Rocky Mount, senior. Irent Tomaras of Burlington, freshman, will serve as an alternate. The committee will make a study

of rating scales and methods of procedure in other colleges and in universities where similar projects are now being carried out. It will then complete plans for putting into effect the work of evaluating instruction at East Carolina Teachers College.

Interest in the idea of rating instruction, a new approach on the campus here, is being shown by both students and faculty members. The plan is considered a democratic procedure in education and is expected to create a better understanding in class work between students and faculty members.

Organizing YDC Among Students

A group of students at East Carolina Teachers College is now completing plans for the formation of a Young Democrats Club. Joseph Congleton, junior from Halifax, was appointed at a meeting held Tuesday evening March 7, to head a committee to plan future activities of the organization at the college. Mrs. Betty M. Unterberger, faculty member of the Social Studies Department, will act as advisor to the group.

Plans are being completed for a speech to be given later this month by Terry Sanford, president of the North Carolina Young Democrats Club. Organization will be completed and officers elected for the East Carolina group at that time.

At the meeting held March 7, Mr. Congleton presided and explained the purposes of the Young Democrats organization. A period of formal discussion and of questions and answers followed, during which the students present expressed interest in the club.

Approximately twenty men and women students are now ready to join the organization when it is formed on the campus. It is expected that a number of others will join at the next meeting.

Raleigh Speller Loses Appeal To Supreme Court

Raleigh, N. C., March 8—(AP)—Raleigh Speller, Negro under death sentence for rape, lost today in his third appeal to the state Supreme court.

This sets Speller's execution date for March 24 unless Governor Scott intervenes or an appeal is taken to the U. S. Supreme court.

Speller has been convicted three times in Bertie Superior Court of raping Mrs. Aubrey Davis at Windsor on July 18, 1947. Twice the state Supreme court granted him a new trial on the grounds that Negroes were excluded from the jury that convicted him.

At Speller's third trial, in Bertie Superior court last September, a jury was brought from Vance county to hear the case.

Poultry and Eggs

Raleigh, March 8—(AP)—(NCDA)—Fryers and broilers about steady at mostly 31, few 30; eggs steady. A large 35.

Shipkov Is Given Prison Sentence

London, March 8—(AP)—Michael Shipkov, former Bulgarian translator of the U. S. legation in Sofia, was sentenced to 15 years in prison by a Bulgarian court today on his plea of guilty to spying for the United States.

The verdict of the people's court was reported in a broadcast of the Bulgarian news agency.

Shipkov, tried with four others, had forecast his own abject confession in an affidavit released by the U. S. State Department two days before his trial began. His affidavit said he was tortured.

Five-Dollar Radio Set In Offing

New York, March 8—(AP)—The five-dollar radio set may be just around the corner.

That was the word today from one of the scientists attending the annual convention of the Institute of Radio Engineers.

W. K. Volkers, consulting engineer of Schenectady, N. Y., said the five-dollar set may result from a new circuit design that makes three tubes perform as well as five do in present sets.

Divided On AEC Military Role

Washington, March 8—(AP)—A new move to give the military a hand in the administration of the civilian-controlled atomic energy program got congress off to another warm argument today.

The proposal, by Senator Tydings (D-Md) and Rep. Kilday (D-Tex) already has split members of the joint senate-house atomic committee. It is there that the initial battle will be waged.

General 'Feels' Plans Adequate

Washington, March 8—(AP)—General Omar N. Bradley, America's No. 1 military man, said today that present forces cannot give the United States "an absolute guarantee against a disastrous blow."

"But I feel that we are going to achieve the necessary forces to prevent a disastrous attack from crippling this country," the chairman of the Joint Chiefs of Staff said in a speech prepared for delivery before the Women's National Press Club.

Unusually warm weather for this time of the winter is something of a precedent in changes in season, it was revealed today when a reporter questioned half a dozen or more men and women up around the age of three score and ten "about the weather" now prevailing and what it was in years gone by.

If similar weather conditions ever prevailed in this section during March, none of those interviewed could recall the occasion.

One farmer said: "This kind of weather in March means that next summer is going to be unusually cool and that hail is going to worry farmers."

Mrs. Carl E. Maiden, local observer for the U. S. Weather Bureau said her records show this weather is unusual. "There have been warm periods in midwinter, but none that I know of that has lasted as long as this one."

The highest temperature in the Greenville area yesterday was 55 degrees, the Weather Bureau reported. Lowest last night was 45, and at 8 a. m. today the mercury stood at 57 degrees, with indications that it would ascend to the 60s during the afternoon.

The Greenville Ministerial Association, at its recent monthly meeting, completed plans for the visitation evangelism program which starts next Sunday afternoon and will be continued through the following Wednesday evening.

The members of the visitation group will be served supper Sunday evening at Immanuel Baptist Church at 6:30; Monday evening, at Eighth Street Christian Church; Tuesday evening, at First Presbyterian Church; and on Wednesday evening at Jarvis Memorial Methodist Church.

The visitation will be made after supper.

Dr. H. H. Thompson of Atlanta, Ga., chairman of evangelism in the Southern Presbyterian Church, will conduct the program and give instruction to the workers each evening.

The following churches are co-operating: Jarvis Memorial Methodist, Meadowbrook Presbyterian, Free Will Baptist, Pentecostal Holiness, Immanuel Baptist, First Presbyterian, Eighth Street Christian, St. Paul's Episcopal and Memorial Baptist.

Marijuana Crop Found In Trunk

Asheville, March 8—(AP)—Asheville's 1950 crop of marijuana was nipped before the budding today.

Police Captain A. R. Sluder and two patrolmen arrested William "Weeping Willie" Robinson, 41-year-old Negro, after locating more than a pound of the locweed in a trunk at his home.

Sluder said Weeping Willie admitted through copious tears that the seeds belonged to him "and others," and that he "grew a crop" last year.

Colored News

The Pitt County Business and Professional Men's League will meet tonight at D. D. Garrett Insurance Agency, 107 E. Second street, at 7:30.

Funeral services for Theodore Roosevelt Moore will be held Thursday at 2 p. m. from Holy Trinity church, Rev. B. B. Dunn officiating. Surviving are his wife, Mrs. Hannah Moore, one step-daughter, Miss Edna Simmons, one step-son, Mr. Thomas Simmons, all of Greenville, three sisters, Mrs. Nora Johnson of Richmond, Va., Mrs. Cherry Ann Payton and Mrs. Bessie Carr, all of Greenville, one brother, Mr. Mack Moore of Greenville, and five step-grand children.

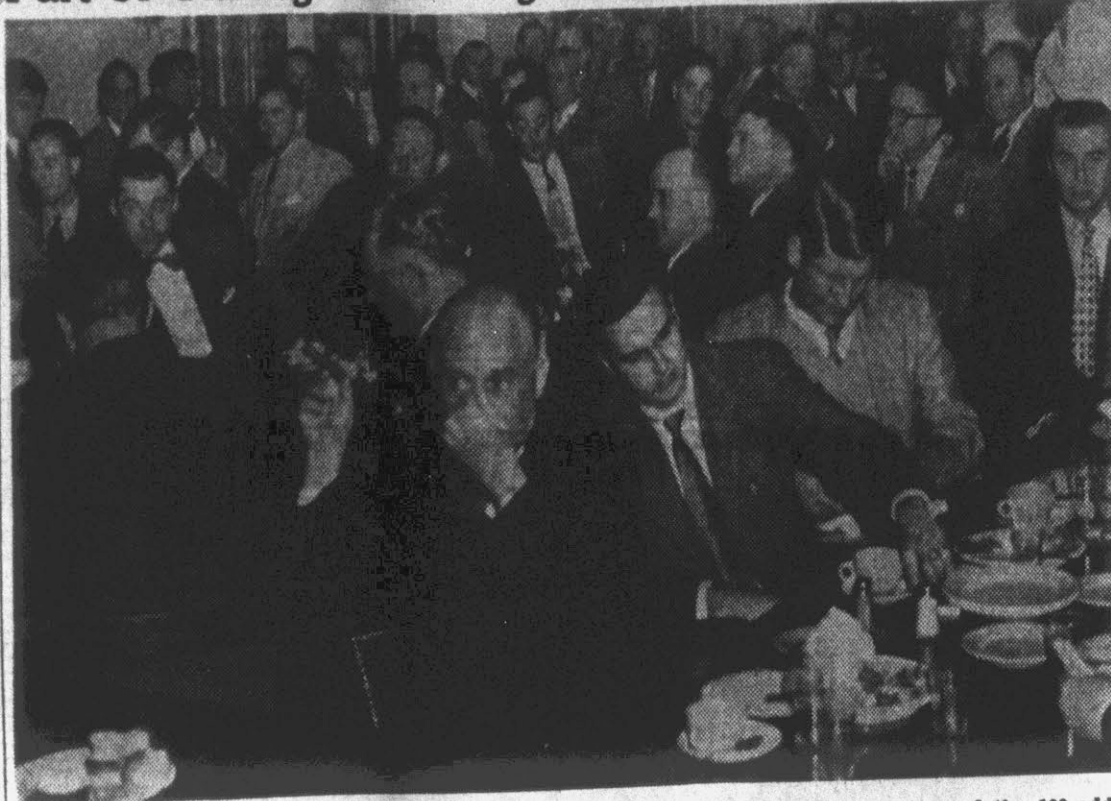

Burial will be in Brown Hill cemetery.

Funeral services for Master James Carver Johnson, who died March 6 in Pitt General hospital will be Thursday at 2 p. m. at the home. Burial will be in Brown Hill cemetery.

The Teen-Age club met Sunday at the home of Harvey Dickson. Special guest at the meeting was Mr. Atkinson.

The next meeting will be next Sunday at the home of William Anderson. All members are asked to be present.

Part Of Throng Attending UNC Alumni Banquet

This picture was snapped at the Carolina Alumni banquet last night, showing a portion of the 100-odd persons attending. Held at the Country Club, the guests of the local club were Charlie Justice and Jim Camp who reported on football prospects for Carolina next fall. (Staff photo).

Unusual Weather Sets Precedent

Unusually warm weather for this time of the winter is something of a precedent in changes in season, it was revealed today when a reporter questioned half a dozen or more men and women up around the age of three score and ten "about the weather" now prevailing and what it was in years gone by.

If similar weather conditions ever prevailed in this section during March, none of those interviewed could recall the occasion.

One farmer said: "This kind of weather in March means that next summer is going to be unusually cool and that hail is going to worry farmers."

Mrs. Carl E. Maiden, local observer for the U. S. Weather Bureau said her records show this weather is unusual. "There have been warm periods in midwinter, but none that I know of that has lasted as long as this one."

The highest temperature in the Greenville area yesterday was 55 degrees, the Weather Bureau reported. Lowest last night was 45, and at 8 a. m. today the mercury stood at 57 degrees, with indications that it would ascend to the 60s during the afternoon.

Ministers Plan On Visitations

The Greenville Ministerial Association, at its recent monthly meeting, completed plans for the visitation evangelism program which starts next Sunday afternoon and will be continued through the following Wednesday evening.

The members of the visitation group will be served supper Sunday evening at Immanuel Baptist Church at 6:30; Monday evening, at Eighth Street Christian Church; Tuesday evening, at First Presbyterian Church; and on Wednesday evening at Jarvis Memorial Methodist Church.

Charlie Justice . . .

(Continued from page one) about the new building program underway at Chapel Hill currently.

The business of election new officers for the next year was discussed with in short order. J. D. "Dixie" Cannon of Ayden was elected president of the group, succeeding L. S. Ficklen, who retired last night.

Howard Hodges Jr. was elected vice president and Tom Webb was elected secretary.

New officers for the Education Foundation for Pitt were elected. Lee Folger continuing in office by unanimous consent. Earl Staton and Bill Speight were elected vice president and secretary respectively.

Kilpatrick . . .

(Continued from page one) den section manifested interest in advancement of the education program in the state and supported East Carolina Teachers College in Greenville.

Frank Kilpatrick, who was recently appointed a member of a nine-member board, set up in the state to extend fire protection to rural areas, expressed himself as believing that this project has great possibilities and will tend to lower insurance rates. He is active in community affairs in Pitt.

"After all, we are an agricultural country and we must look out for the farmers," Kilpatrick commented after announcing his candidacy for a third term.

Tuesday's Cases In County Court

In Pitt County Court Tuesday Frank Powell, colored, pleaded guilty of hit-and-run driving. Judge Dink James ordered him to pay \$64 damage to prosecuting witness and \$25 to the court and ordered that his driver's license be revoked for a year.

G. A. Rollins pleaded guilty to driving drunk. He was fined \$100 and costs and his driver's license was ordered revoked for a year.

Sam Carter and Eddie Lee Lang were not guilty of larceny.

The case charging Harvey D. Wright with assault with a deadly

weapon was not pressed. Sam Carter, colored, was not guilty.

Non-support: John Conway Jr., a capias was issued for him. Jack Pitt Jr. was ordered to pay up.

Possession of non-tax-paid whiskey: Dick Wilkins, colored, of the Bethel community, was adjudged not guilty when the attorney for the defendant showed that the search warrant was not sworn to. Babe Hopkins, colored, of the Bethel community, was not guilty because the search warrant was not properly sworn to.

The case against John Lawrence Jolly, charging abandonment and non-support, was not pressed.

Soccer All-American Harry Little, of Dover, Pa., is captain-elect of the 1950 Penn State booters.

Chiang's Fresh . . .

(Continued from page one) course.

However, it is interesting to note that the present position seems to fit in with the Generalissimo's hopes and plans. He figures on beating the Communists by crippling their shipping, land communications and in-

dustry with his air force, and launching guerrilla warfare at many points on the mainland.

Plans for inspiring the guerrilla outbreaks were laid months ago. Chiang has been biding his time until conditions seemed right.

Meantime nature has been aiding him through the grave famine which has swept a wide area north of the Yangtze river. Millions of Peasants are living on roots and grass. Death is taking toll with a ruthless hand, and experts fear that millions may perish before relief can be provided.

In China, as in other Oriental countries, the people blame the current government for all fortune. That's what the Communist regime is up against until it can secure heavy imports of foodstuffs and other essential supplies.

Nearer To . . .

(Continued from page one) come in. The senate has never voted. So nothing happened.

This year the house now has voted for Hawaii again and, for the first time, for Alaska, too.

The people in both territories argue along similar lines: They've more than served their apprenticeship as territories. They're

both mature in the embosses of running their territories affairs, but nevertheless, congress really runs them, and makes laws for them. Yet, the people in those territories have no voice in shaping those laws.

Although the residents of the territories have to pay federal taxes, they don't receive the full benefits from federal laws that states get. In short, both say they no longer want to be considered colonies.

In addition, they argue that statehood would strengthen this country's hand in the Pacific. Hawaii is 2,000 miles out in the Pacific from California. Alaska is separated from Russia by only 56 miles of water. Some of the congressmen opposed to statehood for Alaska and Hawaii argue this way:

If admitted, Alaska and Hawaii would have two senators each, since every state has two senators. In ad-

dition, Hawaii would be entitled, because of its 840,000 population, two representatives in the house. Alaska with 100,000 population, would have one representative in the house.

In their local elections, about 100,000 Hawaiian residents vote. In Alaska the vote is about 20,000.

Therefore, Alaska would have two senators representing only 20,000 voters whereas states with millions of voters are allowed only two Senators.

Long-lasting Relief For Itchy Skin Irritation

Here's a tip! So many people depend on Rivalin Ointment to relieve smarting, itching, dry eczema, chafing, common rash, it must be good. At all drugstores. The cost is small—relief is great. Try it!
