Pitt's Epidemic Of Influenza Is Said Widespread

Health Officer Says Incidence Close To 30 Per Cent; Most Cases Mild

Adjoining counties to Pitt may be suffering from a mass epidemic of influenza but it evidently flew the coop from Wilson county, alighting here in the past several weeks.

A report from the Wilson health department recently stated more than 20 percent of that county's population had it then or had had it before.

Dr. T. G. Basnight, Pitt's health officer, reported this morning he could safely say Pitt was suffering from the flu as badly or more so than Wilson county.

A great deal of the flu is abroad today, Basnight said, but the majority of it has not been reported. He thought there was more than 20 percent here and would approximate closer to a 30 percent figure, if not high.

Department nurses said "everybody has the sniffles and the wheezes." In their rounds throughout the county they reported they have found many of the children infected with the flu virus as well as their parents. They agreed with Basnight's estimated percentage.

In the nurses' opinion, the epidemic which is usual each year, is not as bad in its overall effects this winter as in years past. Most of the persons in Pitt, they said, have "a touch" of it but are going about their jobs anyway.

Most of them take aspirin and hope they won't have to go to bed, they said.

Poor Prospects For Early Cut In Excise Taxes

Washington, March 9—(AP)—Any prospect for an early slash in excise taxes all but vanished today. It may not come until July 1 or later.

Chairman Doughton (D-NC) of the tax-framing House Ways and Means Committee voiced doubt that a bill will be ready for House action before Easter, April 9. Once the House acts, and that will take some time, the Senate probably will take a couple of months on the bill.

But when the cutting starts it probably will be deeper than what President Truman wants.

There were growing indications the administration may be unable to keep the excise slashing from breaking out of the \$655,000,000 bounds set by the President.

Basic Agreement On New Contract

Washington, March 9—(AP)—Basic agreement on terms of a new anthracite labor contract brought prospects today of comparative peace in the entire coal industry for some time ahead.

John L. Lewis, head of the United Mine Workers Union, and anthracite operators announced last night they were in accord on the principles of a settlement. They left final details to lawyers, expecting to ratify the agreement today.

Business Outlook For 1950 Improves

Presidential Economic Advisers Said Feeling Mine Shutdown Brought A Fright But No Lasting Damage To Prospect

Washington, March 9—(AP)—The barometer of the 1950 business outlook, badly clouded by the coal strike, was reported clearing nicely today to a forecast of sunny and generally prosperous.

President Truman's council of economic advisers, while not issuing any statements, reportedly felt that the mine shutdown brought a bad fright but no lasting damage.

The council, informed officials said, is again standing on its official January appraisal that for 1950 "the economic outlook is good."

Some federal economists feel the pent-up production which now is released may give an extra fillip to business, sales and employment, in the process of catching up on deferred orders.

Others, who had feared a slump after midyear, now believe a let-down may be postponed—possibly even until next spring—when the usual seasonal upturn might cancel it entirely.

Emphasizing that it is too early to gauge the force of industry's rebound, one top-ranking economist noted the ambitious schedules set for restoring output in the steel, auto and metal-working industries. He commented:

"I can't see anything except a very favorable prospect in the coming months."

This could be upset by more big strikes. The impressive gains won by John L. Lewis' miners—which broke an almost solid front of employer resistance to sizeable "fourth round" wage boosts—is expected to inspire other unions to more aggressive demands.

The dangers involved were pictured by John D. Clark, a member of the President's economic council, on February 15, when the coal strike was beginning to choke railroad, steel and public utilities.

The economy does not expand when men are idle, Clark said. If the strike should continue until April or after, he predicted then, it would bring serious unemployment and a "terrible demoralization" of industry.

Instead, Sunday's settlement came in time to ward off disaster. Except for the mining areas directly affected, sales were not lost but postponed.

C. Stuart Carr Resigns Position

Greenville, N.C. (AP)—C. Stuart Carr, secretary of the E. B. Ficklen Tobacco Company, has tendered his resignation to the Greenville concern and has accepted an offer to become president of the E. V. Webb and Company of Kingston, leaf tobacco dealer.

Carr said his resignation is effective June 1 at which time he will begin his duties with the Kingston concern.

Carr has been secretary of the Ficklen tobacco company for several years and has been foreign representative for the company since joining Ficklen in 1938. During his employment with the company he has made several trips around the world, and has made an annual visit to several European countries for the past few years.

City's Tax Take Is 87.3 Per Cent Of Total Levy

Percentage Compares Exactly With Collections To Date Last Year

City Clerk J. O. Duval today reported tax collections for the fiscal year have reached 87.3 per cent of the total levy for 1949-50.

Since last July the city has collected \$235,384.54 in taxes on this year's levy, and only \$34,194.22 in taxes remains uncollected on the city books for the current fiscal year.

The levy for 1949-50 is \$269,578.76. Duval said on a percentage basis, this year compares exactly with the taxes collected to date a year ago, but on dollars and cents basis the city collections are \$51,684.84 ahead of March 1, 1949. He attributed the increase in money to the increased tax rate for the current fiscal year which was advanced from \$1.25 to \$1.50 last year—an increase of 16.7 per cent.

The budget for the city's fiscal year is calculated on the basis of an anticipated 90 per cent collection of the tax levy. Duval said this morning he expects to have collected 90 per cent of the tax levy required by time to advertise unpaid taxes for the year; and he added, "We're confident we will collect 95 per cent of the tax levy before the close of the fiscal year June 30."

The city last year collected between 85 and 96 per cent of the levy by the close of the fiscal year, and the year before the city collected 98 per cent of the tax levy before the end of the fiscal year.

In comparing figures of the 1948-49 fiscal year and the current fiscal year, Duval pointed out the tax levy for last year was \$210,460.96, and that as of March 1, 1949 \$183,699.70 of the levy had been collected. As of March 1 in both years 87.3 per cent of the year's levy has been collected, and 12.7 per cent of the levy has remained uncollected.

Utility Workers Strike In France

Paris, March 9—(AP)—Thousands of utility workers struck throughout France today but a government draft of key personnel kept the lights and gas burning.

The only immediate noticeable effect of the stoppage was a lowering of gas pressure. Householders found it took a long time to cook breakfast.

Industry did not appear to be hit by the walkout which had been scheduled to begin at midnight (6 p.m. EST) last night.

At least ten per cent of the 100,000 workers in the nationalized utilities were at their posts, drafted under the war powers act of 1938. Though all utility workers were subject to the "requisition," which provides jail terms for violators, police yesterday delivered the draft notices only to 10,000 key men, a government spokesman said.

A spokesman at the ministry of commerce and industry said no worker had rebelled at the draft. The ministry had no immediate information on how many of the other 90,000 utility workers had struck.

Reports from outside Paris indicated the strike was having small success in other major French centers.

4-H Club Members Visit Truman In White House

Members of the 4-H Club from several states visit President Truman (seated) in the White House at Washington. They are in the capital to observe National 4-H Club Week. The President holds a paperweight they gave him. On it is mounted the club's four-leaf clover emblem. Left to right: Jacquelin Dube-son of Hamonton, N. J.; Barbara West of Calvants Ferry, S. C.; Miss Jimmy Page of Elko, S. C.; Jack McDowell, Jr., of Backus, Minn.; John Hartley of North Haledon, N. J.; Lucille Robinson of Millersport, Ohio; Charles Sprow of Martinsburg, W. Va.; Rhonwyn Lowry of Moultrie, Ga., and Don Bowman of Limestone, Tenn. (AP Wirephoto).

Prison Sentence For Coplon; Gubitchev Will Be Deported

New York, March 9—(AP)—Judith Coplon was sentenced to 15 years in prison today for plotting to spy for Russia. Her ex-pal, Russian Engineer Valentin A. Gubitchev received a 15-year suspended sentence and was ordered deported to the Soviet Union within two weeks.

The deportation order for the 33-year-old, short, dour-faced Russian was recommended by the government as a result of conferences between the State Department and the Attorney General's office.

Federal Judge Sylvester J. Ryan sentenced brunette little Miss Coplon to five years on a conspiracy charge and 15 years on a count of attempted espionage, the sentences to run concurrently.

He specified that the term imposed might not be served concurrently with a sentence of 40 months to 10 years she received in Washington, D. C., on kindred charges.

The judge refused an application to release her in bail.

Samuel A. Neuberger, attorney for the 28-year-old Miss Coplon, said he would file notice of appeal immediately.

Miss Coplon could have received 25 years in prison and a \$10,000 fine. Gubitchev faced a maximum of 15 years in jail and \$20,000 fine.

U. S. Attorney Irving H. Saypol told the court of the government's recommendation for Gubitchev before sentence was imposed. He said it was the personal recommendation of the Secretary of State and the Attorney General.

"You came here as an emissary of peace," Judge Ryan told Gubitchev, who was suspended from his United Nations engineer position after his arrest on March 4, 1949.

"You were accepted by us in the role of friend," he declared and added that Gubitchev had violated his United Nations oath by his actions.

Gubitchev did these things "with an arrogant smile on your lips and your face," the judge said.

Britain's Labor Party Prepares Showdown Vote

Gov't Plans Resign And Call For New Elections If Defeated On Bill

London, March 9—(AP)—The Labor government made it crystal clear today it would resign and call for new elections if defeated tonight on a motion opposing nationalization of steel.

Herbert Morrison, deputy prime minister and leader of the slender Labor majority in Commons, said today "everybody must understand that it involves an issue of confidence as far as the government are concerned."

All parties are making every effort to ensure that every member is present when the crucial vote comes.

One Tory member, Lord John Hope, has been running a temperature. It has been suggested he might be brought by ambulance from his home for the vote.

At least three Labor members are not expected to be present because of illness but one Tory has not been sworn in and four are ill.

These individual cases assume importance because Labor has an overall majority of only seven, with 311 of the 624 seats filled at the general election.

The independent London Times said today the defeat of the government majority in Commons, was proposed by Conservative Leader Winston Churchill, "must lead to their resignation." Attlee's cabinet was reported by the non-partisan British press association to concur in this view.

If all Labor members are present and voting for the government, then the Attlee regime will survive. Government leaders have put out an urgent call for all Laborites to meet the opposition threat.

The Liberal party—with only nine members in the Commons—could swing the voting either way, if a few Laborites fail to show up for the voting set for 10 o'clock tonight (5 p.m. EST).

The Liberals came out flatly in their election campaign against nationalization of industry. But some observers felt that they might not want to bring on new elections by going against Labor at this time, preferring to wait until they could muster more political strength.

However, the British Press Association said last night the Liberal M.P.s. decided to vote against the government.

Transport Plane In Belly Landing

Newark, N.J., March 9—(AP)—A twin-engine C-46 transport plane with 54 persons aboard slid 300 feet in a safe belly landing last night in rain and darkness at Newark airport.

Airport authorities said the landing gear of the ship, bound from Miami to Newark, collapsed as the plane touched the runway. Most of the 50 passengers thought it was merely a rough landing.

Gubitchev Says No Law Violated

Valentin A. Gubitchev, the Russian engineer convicted of plotting to spy for the Soviet Union with Judith Coplon, protested anew today that the case was "artificially manufactured" against him.

The four-faced ex-pal of Miss Coplon read his statement in federal court before he and she were sentenced by Judge Sylvester J. Ryan. The statement in English was issued to reporters by his attorney before delivery.

As he had at the beginning of the trial, the diminutive Gubitchev, declared:

"The mere fact of bringing me to trial constitutes an unprecedented violation of rules of international law and of the National Law of the U. S. A. itself. x x x

"I am a Soviet diplomat of the rank of third secretary of the Ministry for Foreign Affairs of the U. S. S. R. x x x

"The arbitrary and the provocative character of the actions of the U. S. authorities against me are all the more aggravated since I violated, in no way, any laws of the U. S. A. x x x

"This was established during the proceedings in this case artificially manufactured against me.

"No proof of my guilt was offered despite the fact that the prosecution worked hard to show my very ordinary actions—meeting with a girl, entering a subway, walking into a food store, etc.—as actions which constitute a threat to the security of the U. S. A. x x x

BLUE MOLD IN WAYNE
Goldboro, N. C. March 9—(AP)—Blue mold, the fungus disease on young tobacco plants, has been identified in Wayne county by county agent Mark Goforth. Almost positive evidence of the disease has been found in several plant beds, he reported.

C. STUART CARR
Loca' Civic Leader To Be President Of Kingston Firm

C. Stuart Carr of Greenville, secretary of the E. B. Ficklen Tobacco Company, has tendered his resignation to the Greenville concern and has accepted an offer to become president of the E. V. Webb and Company of Kingston, leaf tobacco dealer.

Carr said his resignation is effective June 1 at which time he will begin his duties with the Kingston concern.

Carr has been secretary of the Ficklen tobacco company for several years and has been foreign representative for the company since joining Ficklen in 1938. During his employment with the company he has made several trips around the world, and has made an annual visit to several European countries for the past few years.

He was instrumental in the campaign to obtain the passage of a county bond election through which local funds were raised for the county's part in the construction of the \$1,400,000 Pitt County Memorial hospital which is nearing completion. Following the passage of the bond issue in 1947 he was named chairman of the hospital board of trustees and has served as chairman of the board since that time.

Carr was born in Greenville and moved to Norfolk in 1916. He returned to Greenville in 1929 to accept a job with the Guaranty Bank and Trust company, and after two years with the bank, he became associated with the Greenville Fertilizer company. He was elected president of the fertilizer company in 1936 and served in that capacity until 1938 when he became associated with Ficklen Tobacco company.

During World War II Carr served in the naval reserve from March 1942 until January 1946 spending most of his time aboard an aircraft carrier in the Pacific theatre. He was discharged from service in January 1946.

He graduated from high school in Norfolk, attended Virginia Episcopal school in Lynchburg, Va., and later graduated from the University of North Carolina.

Nazi 'Werewolf' Gang Is Active

Frankfurt, Germany, March 9—(AP)—Germany's underground "werewolf" organization barred its fangs again today.

(Continued on page eight)

Draft Of Key Personnel Keeps Lights And Gas Burning

Paris, March 9—(AP)—Thousands of utility workers struck throughout France today but a government draft of key personnel kept the lights and gas burning.

The only immediate noticeable effect of the stoppage was a lowering of gas pressure. Householders found it took a long time to cook breakfast.

Industry did not appear to be hit by the walkout which had been scheduled to begin at midnight (6 p.m. EST) last night.

At least ten per cent of the 100,000 workers in the nationalized utilities were at their posts, drafted under the war powers act of 1938. Though all utility workers were subject to the "requisition," which provides jail terms for violators, police yesterday delivered the draft notices only to 10,000 key men, a government spokesman said.

A spokesman at the ministry of commerce and industry said no worker had rebelled at the draft. The ministry had no immediate information on how many of the other 90,000 utility workers had struck.

Reports from outside Paris indicated the strike was having small success in other major French centers.

Judith Coplon Given 15 Year Term

Fort Monmouth, N. J., March 9—(AP)—The army signal corps has announced development of a single-strand wire that can carry a hundred different television transmissions instead of the one image now carried by coaxial cable.

Lavrees Set Out 52 More Trees

Greenville, N.C. (AP)—The Jaycees completed the second planting day in their beautification project for the city.

Fifty-two trees were added to Greenville's dogwood population yesterday afternoon as the Jaycees completed the second planting day in their beautification project for the city.

At least ten per cent of the 100,000 workers in the nationalized utilities were at their posts, drafted under the war powers act of 1938. Though all utility workers were subject to the "requisition," which provides jail terms for violators, police yesterday delivered the draft notices only to 10,000 key men, a government spokesman said.

A spokesman at the ministry of commerce and industry said no worker had rebelled at the draft. The ministry had no immediate information on how many of the other 90,000 utility workers had struck.

Reports from outside Paris indicated the strike was having small success in other major French centers.

Single Strand Of Wire Carries Hundred Images

Fort Monmouth, N. J., March 9—(AP)—The army signal corps has announced development of a single-strand wire that can carry a hundred different television transmissions instead of the one image now carried by coaxial cable.

The new wire could bring about major changes in the present television setup, the signal corps said, criss-crossing the country and carrying television far beyond its present limit of major urban areas.

(Continued on page eight)

Fourteen Die In Sandia Base Guardhouse Fire

Albuquerque, N. M., Mar. 9—(AP)—Oil-fueled flames, leaping lightning fast, snuffed out the lives of 14 military prisoners last night.

Trapped with them in the tinder-dry wood structure, the prisoners' cries, vainly tried to rescue them from behind bars and meshed wire windows. They were overcome along with others fighting the blaze.

Twenty additional officers and men also were treated for smoke effects.

Investigators said there was no doubt the fire started from one of two big oil stoves used to heat the prison. They still sought to determine how and why today.

It was all over 25 minutes after the first alarm was sounded at 7:35 p. m. Thirteen of the prisoners appeared to have died in the fire.

Major Kolster described five of the prison inmates as "bad cases," jailed after conviction on serious charges by a military court. The others he labelled "minor cases." He declined to detail charges on which any were court-martialed.

The Loyalty Program

A Review Of Results During Three-Year Existence Of Government's Loyalty Program; Effectiveness Questioned; How It Works; Claims By Critics

By JAMES MARLOW

Washington, March 9—(AP)—The government's loyalty program is three years old this month. Under it 182 of the government's 2,000,000 employees have been fired for disloyalty.

An additional 2,476 quit while under FBI investigation or—having been investigated—before government officials could make a decision as to their loyalty or disloyalty.

Some Republicans, like Senator McCarthy of Wisconsin and Senator Malone of Nevada, say they still are not satisfied with the program.

Right now McCarthy is charging there still are Communists or Communist sympathizers in the government.

President Truman by executive order set up the loyalty investigation program March 22, 1947. This was at a time when relations with Russia were wretched and congressmen were calling for a loyalty check.

This was the program. All government employees not already checked for loyalty were to be checked over. They had to fill out forms giving the history of their lives for the previous 10 years.

These forms went to the FBI which checked them against information in the FBI files. If anything suspicious was found, the FBI then started a full-scale investigation of the individual.

Of course, information given the government about an employe would bring an FBI investigation, too. The results of the FBI investigation went up to a three-man loyalty board set up in each government agency.

If the FBI report made an employe's loyalty seem questionable, the board held hearings. If then the agency loyalty board thought the man should be fired, he could appeal to the agency head. For instance, to the secretary of state.

If the agency head upheld his board and ordered the man fired, the man could make one last appeal: to the loyalty review board, a 21-man board appointed by the President.

If this board, after hearing the man's case, decided the disloyalty findings against him were justified, he was fired. There was no other appeal. If it found in his favor, he was safe.

(This loyalty review board has restored to their jobs 134 employes.)

Military Aid Begins

Real Start Of Program For Rearing Western Europe Took Place With Loading Of Warplanes On French Carrier; Further Help For Worried France; Goals

America's billion dollar military program for the rearming of the Grand Defense strategy of the United States, approved by President Truman only six weeks ago.

It is worthy of note that the first shipment was to France. This consisted of warplanes which were put aboard the French aircraft carrier Dixmude at Norfolk.

France will get further help, and her acting ambassador, Jean Darlan, declared that the aid program "will facilitate the determined effort which France is making to ensure her own security, a condition and consequence of the security of all."

M. Darlan wasn't employing empty words. La Belle France is vastly worried about her security and with good reason, having been trampled under the hob-nailed boots of invading armies three times since 1910.

As a matter of fact the current state visit of French President Auriol to London is said to be concerned in part with defense of Europe in general and of France in particular. As Paris sees it, the American-western European military strategy is based on Britain.

The French want the defense cen-

Describes Move 'Typically Silly'

New York, March 9—(AP)—Federal Judge J. Waties Waring today described as "typically silly" a movement to have a resolution introduced before the House of Representatives asking for his impeachment.

"This is silly," Judge Waring declared, "just as silly as that affair last year."

40 Years Ago Today

THE DAILY REFLECTOR March 9, 1910

Superior Court Clerk D. C. Moore has received papers to be recorded of the incorporation of the Pitt Building and Loan Association at Bethel. The charter prescribes the limit of shares to the association of 2,000, business to begin when 75 shares are subscribed. The 75 shares are subscribed and business will begin at once.

Looks like the strike situation will keep growing until much of the country gets involved.
It will be well for the Board of Aldermen to cooperate with the Woman's Civic Club, and a good way to begin is by placing metal garbage cans on the streets for public use.

Birth Announcement
Mr. and Mrs. A. J. Sauter announce the birth of a son, Barry Michael, on Saturday, March 4th, at Pitt General hospital.

Birth Announcement
Mr. and Mrs. E. R. Sermons announce the birth of a daughter, Rita Rochelle, on Monday, March 6, in Pitt General hospital.

Birth Announcement
Mr. and Mrs. E. T. Stafford announce the birth of a daughter, Sara Lynn, on Thursday, March 2, in Pitt General hospital.

Announcement
Dr. Frederick P. Brooks and Dr. Davis Lee Moore announce the removal of their offices to 525 Evans street and the opening of the Brooks-Moore clinic.

SATURDAY

7:30 a. m.—Credit Women's Breakfast Club meets for credit instruction under Dr. E. R. Browning at Olde Towne Inn.

Card of Thanks

We wish to express our appreciation to everyone for the many kindnesses shown us at the time of the death of our loved ones, Mrs. Rosa Sutton, Mrs. Loretta Venters and Rose Marie Venters.
The Sutton and Venters Families

Bingo Party in Ayden

The Ayden American Legion Post No. 289 will sponsor a Bingo party Thursday night at 8 o'clock in the Ayden Community building. Bring your friends and come help achieve our goal, a legion hut for the benefit of the whole town.

Girl Scout News

The Girl Scouts will celebrate their 38th birthday tomorrow at 3:30 at the Rotary club. All Girl Scouts are expected to be present and bring their pennies for the Friendship fund.

Masonic Notice

There will be an Emergency communication of Greenville Lodge No. 284 A. F. & A. M. Friday evening at 7:30 for work in the Entered Apprentice degree. All Master Masons and Entered Apprentices are cordially invited to attend.
RUFUS H. HARRRELL, master
A. R. HOUSK, Secretary.

Mrs. Minges Entertains Club

The Cosmos Book club met at the home of Mrs. Hoyt Minges last Tuesday.
After serving a delicious dessert course the hostess showed movies in color of Colorado Springs and Amarillo, Tex.

Altrusa Club Meets At Hotel Proctor

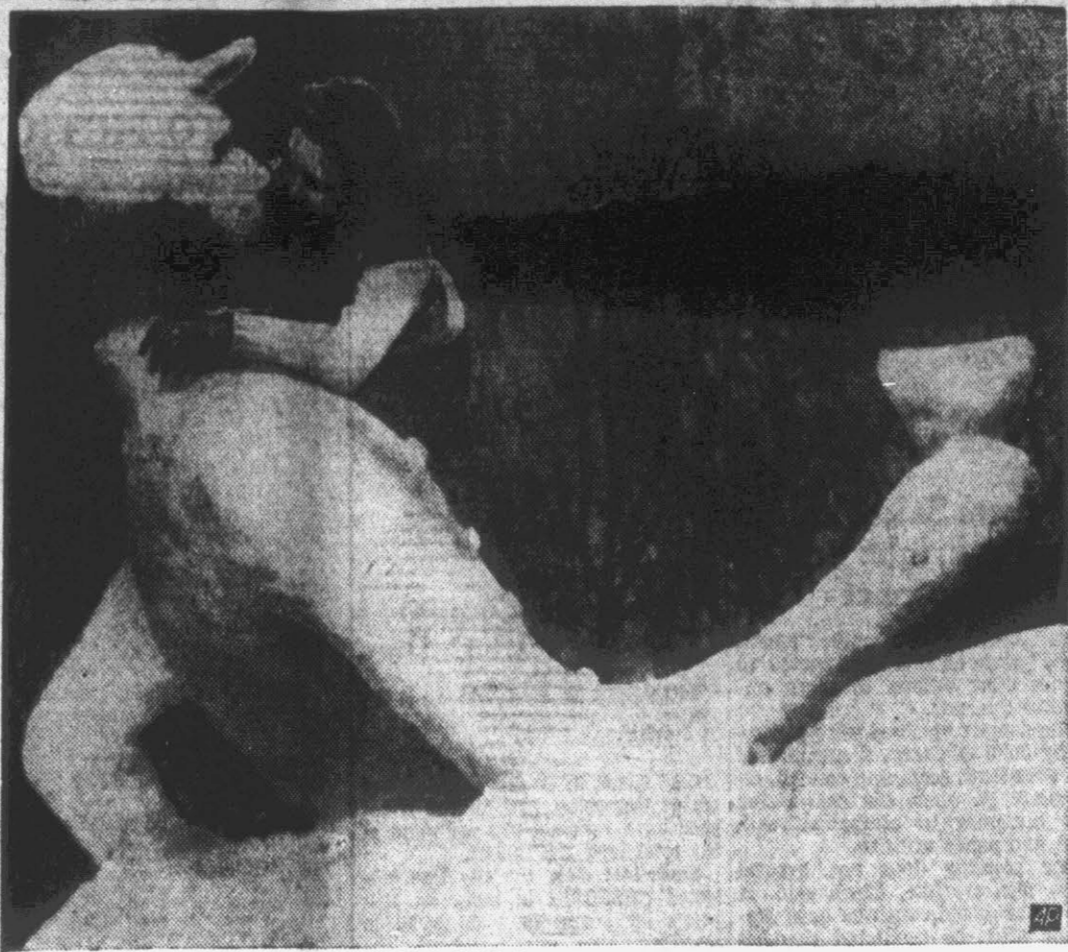

The dinner meeting of the Greenville Altrusa club held at the Proctor hotel Tuesday night was a delightful affair. Mrs. J. B. Spilman, president, presided. Bulletins were passed out on "What Your Altrusa Club Did in 1949."
The club is new and small in number, but members feel that their efforts were not in vain and although they did not do great things, they did small things in a great way.

Mr. Rose Speaks To End of the Century

Mrs. J. S. Ficklen was hostess to the End of the Century club on Tuesday afternoon at her home on Elizabeth street. There were 16 members present. During a brief business meeting two books were presented to the club as Golden Anniversary gifts, "Modern British Poetry," sent by the Athenian club, and "Modern American Poetry," presented by the Round Table. It is with deep appreciation that the End of the Century Club accepts these gifts from sister clubs and with pleasure that we place them upon the Bowen shelf at the Sheppard Memorial library.

Funeral Rites For Odie Conney Friday

Odie Conney, 75, died at Edgewood General Hospital in Tarboro at 11:30 o'clock Wednesday morning after a week's critical illness. Funeral services will be conducted at the home of a son, Leslie Conney, at Red Oak near Rocky Mount at three o'clock Friday afternoon by the Rev. Willie Brantly, Holiness minister of Shiloh, and burial will be in Battleground cemetery.
Mr. Conney was born and reared in Beaufort County and had lived at Old Sparta and near Pactolus and also recently at Leggett. He was a member of Edgewood Free Will Baptist Church near Crisp.
Surviving are his wife, Mrs. Semie Jones Conney; five sons, Johnnie and Odie Conney, Jr. of Scotland Neck, Leslie and Ellis Conney of Red Oak, and Hugh Lee Conney of Greenville; three daughters, Mrs. George Thomas Williams of Belvoir, Mrs. Joe Johnson of near Tarboro, and Mrs. Joe Webb of near Scotland Neck; a brother, Swift Conney of near Pinetops; two sisters, Mrs. Sarah Pollard of Belvoir and Mrs. Jack Westbrook of Kinston; and 29 grandchildren.

'HELP' FOR A FALLEN SKIER — Inge Hanson, of Port Chester, N. Y., embraces figure of a skier during the Snow Flake Saturnalia at Rensselaer Polytechnic Institute, Troy, N. Y.

White Shrine Plans Welcome

On Wednesday night at the meeting of the Greenville White Shrine all plans were completed and set in order for the official visit of Mrs. Zelma Kah, Supreme Worthy High Priestess of the Order of White Shrine of Jerusalem, of Middletown, Ohio.

The occasion will open with a banquet in the Magnolia room of the Proctor hotel. Mrs. Blanche Jackson, Worthy High Priestess, and Willie F. Owens, Watchman of Shepherds, will preside. Mrs. Louise Wells will be mistress of ceremonies. Invocation will be by T. I. Moore. Introduction of guests will be by Mrs. Emogene Duffin. Jasper Phillips of Kinston will deliver the welcome and Mrs. Hughlene Baynor, Worthy High Priestess Coastal Shrine, New Bern, will respond.

Coastal Shrine will be co-hostess for the occasion. Mr. and Mrs. R. C. Duff and Mr. and Mrs. A. C. Tadlock will welcome guests. Distinguished guests from other Shrines throughout North and South Carolina are expected.

A ceremonial will be held at 8 o'clock at the Masonic Temple when eight candidates will be initiated as follows: Mrs. Louise J. McCotter, Mrs. Rebecca H. Worthington, Mr. and Mrs. Jesse H. Wade, Grifton, Mr. Francis Oakley, Mr. and Mrs. A. M. Luman and Mrs. Eva Moya Jackson, Greenville.

Following the ceremonial a reception will be held in the Fred Stokes dining room. All members are invited to attend this occasion.

Fountain News

The citizens of Fountain and community extend to Rev. F. C. Wiggs and family, former residents of Fountain, their deepest sympathy for the loss of two children and their home home that was burned.

Josephine Howell of Crownsville, Md., has returned home after a two months visit with her grandparents, Mr. and Mrs. J. H. Owens.
A. C. Gay, Jr., and John Bishop Gay spent the week with their parents, Mr. and Mrs. A. C. Gay.

Mrs. E. P. Whitakers of Kernersville and Mr. M. V. King, Jr., of Talladega, Ala., were Wednesday night guests of Mr. and Mrs. R. A. Fountain.

Miss Annie Walston of Rocky Mount, Mr. Wallace Whitley of Wilson, Mr. and Mrs. W. D. Thigpen of Beaufort were week-end guests of Mr. and Mrs. M. D. Walton.

Mr. and Mrs. Charles Stroud of Goldsboro were Sunday evening supper guests of Mr. and Mrs. J. M. Horton.

Miss Ann Horton spent the weekend with her parents, Mr. and Mrs. J. M. Horton.

The Fountain Community House committee met at the home of Mrs. Carter Smith Monday evening. The Executive committee was appointed, with Mrs. Albert Bell, president of the Junior Woman's club, acting as chairman. The committee accepted a lot, so graciously offered by Mr. and Mrs. G. E. Travathan as a gift to the community. Plans are rapidly developing for erection of a community house in the near future on the lot.

The Fountain School P. T. A. met in the auditorium Tuesday evening. The fourth grade pupils gave a "Quiz Kid" program. The fourth grade won the attendance prize. A committee was appointed to direct a "Tom Thumb Wedding." It was voted to send flowers to Mrs. Herman Baker, principal of the school, who is a patient at Woodard-Herring hospital in Wilson.

The Fountain Junior Woman's club had a call meeting Wednesday at the home of the president, Mrs. Albert Bell, to discuss the community house project.

There will be basketball games at the school gymnasium Friday at 7:30. Junior Woman's Club versus school girl team, and the husbands of Junior Woman's members versus school boys team.

The Presbyterian circles met at the home of Mrs. R. A. Fountain Tuesday evening. Mrs. W. R. Harris was in charge of the devotional program.

The Falkland Presbyterian church will have an officers installation

Mrs. J. A. Summerlin Funeral Held Today

Mrs. Hetty Edwards Summerlin, 69, died at the home of her daughter, Mrs. Charlie Lewis at the Cobdale farm near Bell Arthur at 3:15 o'clock Wednesday afternoon after several years of declining health. Funeral services were conducted at 2:30 o'clock this afternoon at the home of Mrs. Lewis by the Rev. L. B. Manning, Free Will Baptist minister of Fountain, and burial was in the Edwards family cemetery near Pinetops.

Mrs. Summerlin was born in Edgecombe County and spent most of her life there. She was the daughter of Adams and Temple Webb Edwards, and was married to J. A. Summerlin. He died in 1915.

Surviving are two daughters, Mrs. Charlie Lewis of near Bell Arthur, and Mrs. Jesse Corbett of Fountain; a son, Jimmie Summerlin of Fountain; 15 grandchildren; one great grandchild; a sister, Mrs. W. G. Webb of Greenville; a half-sister, Mrs. W. M. Jones of Macleesfield; and a brother, Marson Edwards of Pinetops.

Dumb Animals Show Surprising Intelligence When Put To Test

By VANCE PACKARD (AP Newsfeatures)

Most Americans are under the impression that the smartest animal in the world is the dog or the horse. Actually the dog is a moron compared with a racoon. And the horse is a rattle-brained nitwit when compared with an elephant.

Scientists have speculated for years about which is the brainiest creature in the animal world. The evidence now indicates that, at least on the basis of tests made, the chimpanzee heads the class.

Chimps can perform feats of reasoning that are beyond some primitive human beings. As in tests they have outreasoned typical five-year-old American youngsters. Prof. Harry F. Harlow, head of the University of Wisconsin's large primate laboratory, states that in some tests the chimps "actually did better than most of the children."

It is not difficult for a chimp to figure how to get a banana suspended far beyond his reach if any boxes are in sight. He will usually quickly get the idea of stacking the boxes to make a platform. Many three-year-old children still can't get the idea of stacking a few blocks to build a tower.

The average chimp can saw wood, hammer nails, sweep up the floor and use a screwdriver as competently as many pre-school youngsters.

A chimp, of course, is a member of the monkey family. The monkeys are almost all mental wizards by animal standards. Monkeys will figure in a few seconds how to open a puzzle box that will baffle dogs for hours.

The standard puzzle box is so easy for a monkey that he will quickly become bored with it. Only when you introduce tricky locks, T-latches and combination serial locks will you cause the monkey to start scratching his head. Once he has learned the secret of a lock it never again troubles him.

Outside the monkey kingdom the

animal that has probably impressed psychologists most with its brilliance is the racoon of American woodlands.

In the psychologist's laboratory the 'coon is a riot. He will put his paws into the psychologist's pocket just to see what is there and he will

SMART CHIMP gets a laugh.

go back into puzzle boxes after he has opened them just for the fun of operating the gadgets (even though the food bait is no longer present).

The elephant, investigators are finding, has a really jumbo-sized

mind. The elephants tested at the Bronx Zoo caught on very rapidly to the idea of pulling strings to get hidden food in the shell game test.

And in the bamboo jungles of Southeast Asia investigators are finding that elephants casually perform tasks requiring a high order of brainwork, much higher, for example, than the work expected of a farm horse. They stack huge teakwood logs neatly into piles. And they give every sign of comprehending a mechanical principle, which is extraordinary for animals below the monkey. One mechanical principle they seem to understand is the log slide. They place logs on the slide, maneuver them carefully into position with their trunks, then give them a push with their front foot—and watch critically while the log swooshes down into the water.

One final animal that apparently deserves mention among the world's brainiest animals is the coyote. Although widely despised by sheepmen and cattle ranchers, the coyote is crafty and a genius at adapting himself to all conditions. He has even been known to hitch rides on wagons or moving flatcars. One authority on coyotes reports they know how to disguise themselves . . . how to play jokes and trick other animals . . . how to imitate the sounds they hear . . . how to get through barbed wire fences . . . and how to hunt cooperatively.

Men who set out trap lines for coyotes often find that every trap on the line has been sprung. And when they investigate they often find coyotes sneaking along behind them. The coyote can best be trapped by playing on his great curiosity. (Curiosity is an index of intelligence.) One trapper reports he has had excellent luck catching coyotes by burying an old alarm clock near the trap. The coyote becomes so intrigued to find what causes the ticking that he steps accidentally onto the hidden trap.

He's Father Of 20th Child At 70

Charles W. Ratcliffe of Detroit, a father for the 20th time at the age of 70, shows off his newest offspring. The baby is a nine-pound, 11-ounce girl and has been named Magline Louise. Papa Ratcliffe is a former auto factory worker. (AP Wirephoto).

Old Mill Village Is Fading From Southern Scene

Chapel Hill, N. C.—(AP)—A deep-rooted tradition of the South—the cotton mill village—is disappearing. Southern cotton mills, which for years have rented scores of village homes, are selling the dwellings to workers.

The break-up of this mill-worker relationship, often termed "feudalistic" by its many critics, is described in a book recently published by the University of North Carolina Press. Harriet L. Herring of the University is the author.

Prize in home ownership and in-

Europe Her Goal

Miss Wilmarose Nicholson, 4-H Club member of Cobb county, Ga., has been chosen by a national committee to spend this summer in Europe in the International Farm Youth Exchange project. She will join 49 other boys and girls from American farms for the trip. Miss Nicholson is a sophomore at Georgia State College for Women. (AP Photo).

Ten-Year Term For Murder Try

Henderson, N. C., March 9—(AP)—A woman who buried alive her six-week-old daughter—who is still living—has been sentenced to 10 years in prison.

The sentence was imposed yesterday by Superior court judge Leo Carr of Burlington. The woman, Gracie Lee White, 25-year-old Negro, pleaded guilty to attempted murder.

The child, now four months old, was rescued about six hours after she was buried in a two-foot grave, according to sheriff E. A. Cottrill. The mother said she thought her illegitimate daughter was dead at the time.

He indicated the grave to officers after an older child told officers she saw the woman take the crying baby to a woodshed and place her in a grave. The grave was at the home of the woman's parents.

The child will be turned over to the Vance County Welfare Depart-

No Funds On Tap In Fact-Finding

Raleigh, March 9—(AP)—State funds to pay the expenses of a fact-finding group in the threatened Duke Power Company bus drivers' strike are not available.

So concluded Governor Scott and Labor Commissioner Forrest H. Shuford after a conference yesterday. Mayor Victor Shaw of Charlotte made the request for state funds Tuesday.

Will Set Plans For Demo Meet

Raleigh, March 9—(AP)—The Democratic State Executive Committee was slated to meet late today to name the time and place for

the next Democratic state convention. The committee also will fix dates for precinct meetings and county meetings. County delegates, named at precinct meetings, pick delegates for the state convention. The local meetings usually are held during the two weeks preceding the state convention.

The three principal language areas of Asia are China, India and the Persi-Arabic nations.

Student Govm't Offices Sought; Campaigns Open

With the announcement of three candidates for the office of president of the Student Government Association at East Carolina Teachers College, interest in approaching elections for positions in leading campus organizations is beginning to mount.

Elections of officers for major stu-

dent posts on the campus will be held Friday, March 17. Posters on bulletin boards and other evidences of brisk campaigns for votes are beginning to appear and are creating interest among the sixteen hundred or more voters on the campus.

The deadline for filing as candidates has not yet arrived, and further opposition to those already seeking offices is expected before students go to the polls. A number of candidates are still unopposed.

Alexander E. Livesay of Rocky Mount, Milton Sawyer of Camden, and Carl G. Conner of Windsor have announced themselves as candidates for the presidency of the Student Government Association, the most influential student office.

Livesay, a junior, was president of the sophomore class last year and is now serving as president of the College Choir. Sawyer is at present second vice president of the SGA. Conner is editor of the student newspaper, the "Teco Echo."

Hogan Gaskins of Greenville, Millard Berman of Portsmouth, Va., R. O. Singletary of Elizabethtown, and Miles Buck of Syracuse, N.Y., have entered the race for the first vice presidency of the SGA. Mary Lou Braxton of Winterville and Irene Tomaras of Burlington are in the race for the position of secretary of the association.

Candidates for positions as student treasurers are as yet unopposed. They are William Flanders of Durham, student treasurer; Thornton Staples of Richmond, Va., first assistant treasurer; and Jerney Minshew of Stauntonburg, second assistant treasurer.

Robert A. Robinson of Washington, D.C., and Kenneth Casey of Goldsboro are candidates as historian of the SGA.

Go-Ahead Order On Coal Trains

Raleigh, March 9—(AP)—North Carolina railroads have been ordered to restore the coal-burning steam engines they sidetracked during the coal strike.

The order went out yesterday from the State Utilities Commission. Railroads throughout the nation slashed coal-burning passenger service by about 60 per cent on order of the Interstate Commerce Commission as a coal conservation measure.

Strength FOR THE DAY

TREASURE

Rich today and poor tomorrow. Hard luck? Yes, but the latter part—poor tomorrow—is the lot of everyone. For every human being at last becomes a pauper. At death, even the millionaire goes from riches to poverty. We brought nothing into the world and we will take nothing out. One second after the heart has stopped beating, everybody becomes a pauper.

Why, then, should we put so much stock in the things we cannot retain? What fools men are who sell their eternal souls for money, and then in the twinkling of an eye find themselves owning nothing. We put great store by the things money can buy. We long for larger income. Yet this sort of thing seldom brings happiness. And the most devastating aspect of the whole situation is that at last we have to let go of everything we own and pass on to another life.

"The things which are seen are temporal, but the things that are unseen are eternal." "Lay not up for yourselves treasures upon earth where moth and rust corrupt and where thieves break through and steal; but lay up for yourselves treasures in heaven where moth and rust do not corrupt and where thieves do not break through and steal; for where your treasure is, there will your heart be also."

Around Capitol Square

By LYNN NISBET

NOT RUNNING—Sam J. Morris, Raleigh attorney and several times candidate for the United States Senate and other major offices on the Republican ticket, says he is not running this time. "I can't afford to oppose Kerr Scott or Frank Graham," he said, "because Scott is the best governor since Dan Russell and Graham is the biggest senator since Marion Butler." To make sure he was not misunderstood he reminded your reporter that Russell was the last Republican governor, and Butler the last Republican senator from the east. They were replaced in 1901 by Governor Aycock and Senator Simmons.

REPUBLICANS—Morris said he regarded the most important task facing the Republican state convention in Charlotte next Tuesday that of selecting a state chairman to succeed Sim DeLapp of Lexington. Several names have been suggested. Apparently majority sentiment in this area favors Clyde R. Greene of Boone, a former president of the state merchants' association. The Republican party does not recognize the east-west allocation in distributing candidates, but because the heavy party vote is in the west there is small chance for an easterner to land the chairmanship.

FILING—Republican nominations for state and district offices are usually made in convention, although the convention nominees must still file with the state board of elections for the primary. In some instances individual members ignore the convention policy and file on their own responsibility. Opinion among the Raleigh Republicans is the Charlotte convention will select candidates for the two seats in the senate, commissioner of insurance and for all vacancies on the supreme and superior courts. These nominees will then file with the state board of elections and if unopposed in the primary will be certified as party nominees for the November election.

LEGALIZED—Senator Frank Graham made his candidacy "legal" Tuesday afternoon when he signed the appropriate papers, including a check for \$125, and handed them to Raymond Maxwell, secretary of the state board of elections. Officially as of Wednesday there are only two candidates for the senate. Willis Smith formally filed two weeks ago. Bob Reynolds, Olla Ray Boyd and Manly Dunaway have announced for the same office but have not put up the money. Neither has Senator Clyde Hoey as an unopposed candidate for re-election to his place in the senate. The books close at noon Saturday of next week, March 18. Some late filers may get caught by chance in time. Until amended by the 1949 legislature the law provided for the lists to remain open until six o'clock. The fellows, if any, who show up half a minute after twelve o'clock noon hoping to get on the ballot will be disappointed.

DISCREPANCY—The state highway commission this week approved contracts for about six million dollars worth of construction work. Informally discussing the bids, commissioners expressed gratification at

the relatively low cost of grading and paving, but some concern over what they think are too high prices on bridges and other structures. Commissioner Joe Graham of the ninth division said he felt there was too much disparity in these figures.

COMPETITIVE—Competition is keener on the road jobs than on bridge building. Some contractors are known to feel that scramble for business on small road construction projects may cut prices to a dangerous margin for the contractor. They also fear that the fewer number of contractors with bridge-building facilities may seek to recoup some road losses through bridge contracts.

Fact is, competitive bidding on all types of road and bridge work is saving the state a lot of money because bids are lower than state engineering estimates.

Boyle's Column

By HAL BOYLE

New York—(AP)—Animals have dens, and ever since I was a small animal I wanted a den, too.

Let me tell you about my den. When we finally became rich enough to afford a four-room apartment a couple of years ago, the wife of my bosom said:

"For ten years you have been howling to have a den. Now I want you to take the small bedroom and make yourself a den. And from now on please do all your growling in it."

Well, first there had to be furniture for the living room and the bedroom, and you know what post-war furniture costs. So for more than a year my den was a storage room for old trunks, boxes and stacks of books.

But about a year ago Frances announced:

"We're solvent again, Rover Boy. How would you like your den fixed up?"

I told her I wanted it in red and green and blue. I said I wanted a beat up old pine desk to work on, and a broken down old oak swivel chair to dream in. I said I wanted to cover the walls with a montage of photos from the war days—and pictures of old friends who had died during prohibition.

"Just a rough and ready den," I cautioned. "Nothing fancy."

Well, a carpenter came and hammered out a high-priced built-in typewriter cabinet. The door is so hard to open that I have never managed to get the typewriter out

Somebody Told Me...

By I. J. (JACK) EDWARDS, JR.

Whoever said when it rains it pours wasn't kidding. Here's another story about a tree and an aching back.

It all started 90 or 100 years ago, when a gum tree came to life on what is now East 10th Street, Greenville. At that time, I doubt if anyone but God knew the tree was in the world.

But the passing of time changes all things, and the tree on 10th street is no exception. It grew to an immense size. In fact, it got so big that it became a hazard to nearby houses that sprung up around it.

The Greenville city officials decided that the tree had to come down. The task of uprooting it was so vast that they decided the most economical method would be dynamiting the tree. Last week the operation was completed.

An unofficial report revealed that it cost the city of Greenville over \$100 to move the tree. Six men worked parts of three days on the project. Twenty sticks of dynamite were used. When the tree was finally uprooted, it was too large for a truck and had to be

dragged to the city dump. The tree was near the house of the Rev. and Mrs. J. A. Neilson. Somebody Told Me that Mrs. Neilson had been bothered for a week from a crick in her neck, and when a discharge of dynamite went off she jumped three feet and lost the crick. This made a good story, and when I called Mrs. Neilson to verify it she regretted to tell me that it was a little distorted.

"Actually," she said, "I was in bed with lumbago."

Mrs. Neilson went on to explain that the men had been blasting with dynamite all morning, but the discharges had been moderate. The blasting quieted down, and she assumed that the crew had gone to lunch.

About that time a terrific charge, the loudest of them all, sounded and literally raised her out of bed. The charge aroused her to the extent that she got out of bed, dressed, and went down stairs to investigate the explosion.

All of the stirring did make Mrs. Neilson forget about her lumbago for a while, but when the excitement was all over she still had it. It takes more to cure lumbago than the explosion of twenty sticks of dynamite. It would have made a better story if it had been a crick in the neck, and Mrs. Neilson and I regret that it wasn't.

And I thank you.

Last Christmas a brown couch—I detest brown—arrived. It was so big we have to leave it in the living room until I paid a man \$8 to take it apart and reassemble it in "my den."

Before that another fellow had put "Little Blowhard," an air-conditioning unit, in the space by the window where I had planned to use my typewriter.

The other day I saw Frances measuring a space by the wall.

"For a television set," she explained. When I objected I didn't want to turn the room into a theater, she asked:

"Are you going to be stingy with your den?"

"If this is a den," I said, "it's for a different kind of hyena than you married."

Frances can't understand this attitude at all. She feels I am very ungrateful.

"I don't see what you're hollering about," she said. "This is a nice room now. I love to come in here and do my sewing."

And that is why I am going to buy a puppet and pitch it in the living room. A man's den is just his wife's idea.

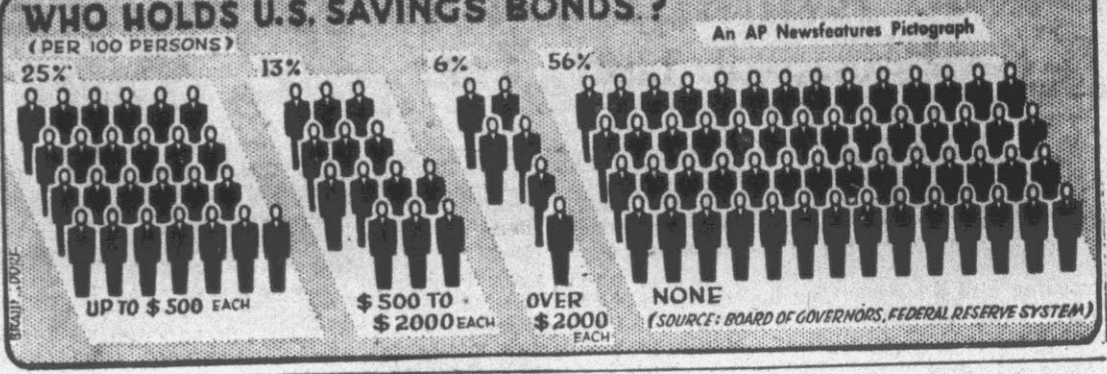

WASHINGTON — For the past three years, Mrs. Elizabeth Richardson has spent most of her time on trains and planes traveling over Canada, from Victoria to Halifax. As director of the medical social service program of the U. S. Veterans Administration, she told me the veteran and the community at large to realize the GI is a civilian before he is a veteran and as such enjoys both the rights and responsibilities of the ordinary citizen. As in this country, certain credits are extended to him — a chance to further his education, an opportunity to set himself up in business, to buy a home. He also has certain rights to medical care and treatment.

If the veteran's other needs are not met within this framework,

Mrs. Richardson says it is one of her service's jobs to help him get benefits — an ordinary citizen in both the health and welfare field. In this connection, Mrs. Richardson is consulting with U. S. Public Health Service officials, the American Red Cross, civilian hospital authorities and other agencies in Washington, Pittsburgh, New York and Boston.

"I want to see how you are using already-established community social services in an effort to avoid overlapping in the program for veterans," she said. "Medical social work is very new in Canada. For a long time specific training for such work was not recognized by the government. Now we are giving training grants to universities for social workers, but we haven't yet caught up with the lag."

Mrs. Richardson says the approach of the medical profession

has changed considerably since the depression and war years. Illness she says, is no longer considered apart from the whole set-up in a person's life. His work, home, family relations, economic outlook are considered in relation to the problem.

Uh um-m-m Syrup of Black Draught! Not as amazing as it may seem, because a young child knows that it is good. Children never mind taking Syrup of Black-Draught when a laxative is needed to aid elimination. Syrup of Black-Draught has a spicy flavor! It's pure! It's scientifically prepared from the finest imported herbs known for centuries for laxative use.

Syrup of Black-Draught is increasing its popularity steadily. So, do as others do when youngsters are crying, fretful and out-of-sorts because they need a laxative, give Syrup of Black-Draught. You will be satisfied with the positive, pleasant results. Remember, for grown-ups, Black-Draught is sold in powdered or granulated form; costs less than one cent a dose. You can always get Black-Draught at the dealer's nearest you.

Washington Letter

WASHINGTON — For the past three years, Mrs. Elizabeth Richardson has spent most of her time on trains and planes traveling over Canada, from Victoria to Halifax. As director of the medical social service program of the U. S. Veterans Administration, she told me the veteran and the community at large to realize the GI is a civilian before he is a veteran and as such enjoys both the rights and responsibilities of the ordinary citizen. As in this country, certain credits are extended to him — a chance to further his education, an opportunity to set himself up in business, to buy a home. He also has certain rights to medical care and treatment.

N. C. Delegation Staffs Cost \$200,000 Each Year

Washington, March 9—One-fifth of a million dollars annually of the taxpayers' money is required to support the secretarial staffs of the North Carolina House delegation, a check of the House payroll indicated this week.

The January payroll showed a total outlay of \$16,864.13 for secretarial salaries—or, according to law, clerk hire—for the twelve North Carolina House offices. On this basis, the annual secretarial payroll would amount to \$202,369.56.

The average cost of a Tar Heel secretarial staff works out at \$1405.34 per month, and Rep. Herbert C. Bonner's office payroll of \$1415.37 strikes closest to this median level. No two office totals in the delegation are alike, however.

Most expensive offices in the delegation are those of Rep. A. L. Bulwinkle of Gastonia, \$1677.87, Rep. Monroe M. Redden of Hendersonville, \$1674.89, and Rep. Graham A. Barden of New Bern, \$1632.54.

At the other end of the scale,

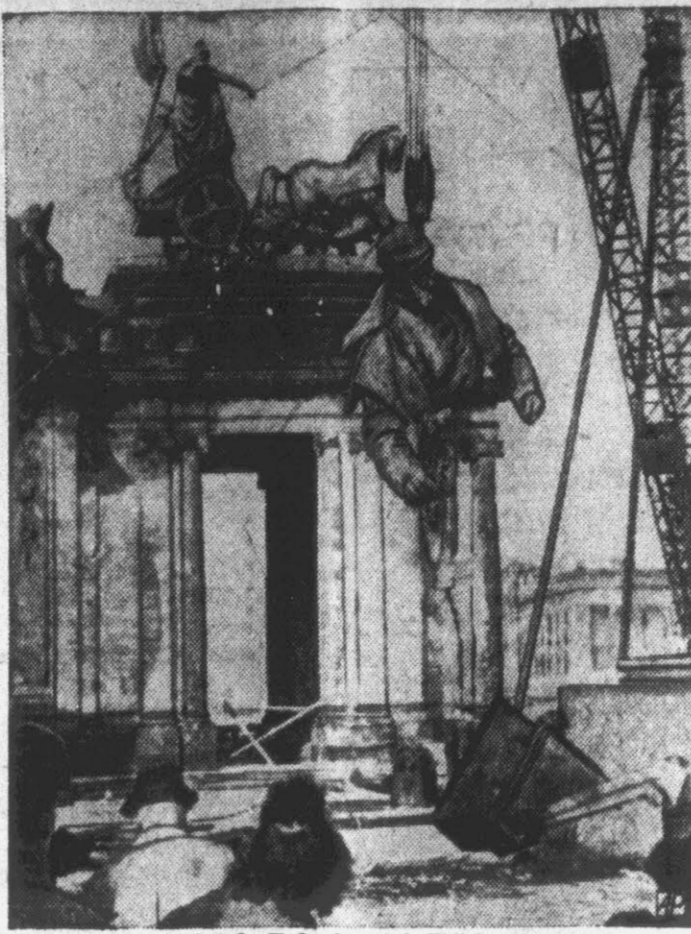

Rep. F. Eitel Carlyle of Lumberton operates the most inexpensive office, with a total payroll of \$663.42 per month. Behind him comes Rep. Robert L. Doughton of Sparta, whose payroll runs up to \$943.22.

A total of forty-one secretaries are carried on the House payroll by North Carolina members, and most of them work in the capital, although a few operate in their respective districts.

Six of the forty-one draw the maximum salary payable to a House secretary, \$643.33 per month. Mainly veterans of House service, they are Tom McGee of Mount Olive, Barden's chief of staff; Henry C. Oglesby of Grifton, in Bonner's office; Harold W. Thomerson of Winston-Salem, Chatham's top aide to Rep. Thurmond Chatham of Elkin; John A. Lang, Jr., of Carthage, Rep. C. B. Deane's secretary; John K. Slear of Charlotte, dean of the secretarial group and aide to Rep. Hamilton C. Jones, and Clifford E. Brown of Clyde, Redden's secretary.

Three other secretaries top the \$600 per month mark—Mrs. Louise W. Snowden of Conetoe, secretary to Rep. John H. Kerr of Warrenton at \$622.58; Miss May Davidson of Huntersville, assistant to Slear at \$620.29, and P. W. Meekins of Le noir, heading Doughton's staff at \$614.53. (Meekins has since resigned as Doughton's top aide.)

Only one relative of a congressman appears on the House payroll. One of Bulwinkle's aides is his son, Lewis Bulwinkle, Gastonia attorney, who is carried at \$404.13 per month. Bulwinkle, who is ill, explained at the time his son was added to his payroll that the young

KAISER GOES TO SMELTER—Bronze bust of Kaiser Wilhelm I. is lowered from the Berlin Palace of Peace enroute to the furnace due to shortage of metals in Russian zone of Germany. This scene is a reenactment for Russian cameramen.

lawyer was giving up part of his law practice to assist his ailing father.

The detailed payrolls of the North Carolina offices, with aides working in Washington unless otherwise specified, follow:

Rep. Bonner: Oglesby, \$643.33; Miss Betty L. Coltrain of Williams ton and Miss Mary A. Whichard of Greenville, \$386.02 each.

Rep. Barden: McGee, \$643.33; Elizabeth P. Grimsley of New Bern, secretary at New Bern, \$500.69, and Mrs. Jeanette Harrison Gunter of New Bern, \$488.62.

Rep. Kerr: Mrs. Snowden, \$622.58; Rex Best, Jr., of Stantonsburg, \$585.18, and Ida D. Martin of Warrenton, secretary in the office there, \$191.53.

Rep. Harold D. Cooley of Nashville: Miss Norma A. Stevens of Raleigh, \$438.39; Miss Katherine R. Kirby of Raleigh, since resigned, \$360.53; Mrs. Margaret W. Graves of Chapel Hill, \$343.78; Miss Evelyn Yelverton of Raleigh, \$343.78, and James M. Johnston of Siler City, \$137.02.

Rep. Chatham, Thomerson, \$643.33; Miss Phyllis Tesh of Winston-Salem, \$398.09; Miss Johnnie J. Butler of Elizabethton, \$283.43, and Mrs. Helen K. McCarthy of Washington, \$259.29.

Rep. Carl T. Durham of Chapel Hill: Miss Minnie Hanes of Chapel Hill, \$524.83; Miss Ida Pearl Petree of Greensboro, \$440.34, and Miss Carolyn Harward of Durham, \$367.92.

Rep. Deane: Lang, \$643.33; Miss Edith Marsh of Monroe, \$387.75; Miss Annabelle Wright of Washington, \$294.29, and Margarette W. Evans of Rockingham, secretary in the office there, \$223.30.

Rep. Carlyle: Lawrence Redmond of Lumberton, \$331.71, and Miss Louise Bridger of Bladenboro, \$331.71.

Rep. Doughton: Meekins, \$614.53, and Miss Margie Halsey of Sparta, \$328.69.

Rep. Jones: Slear, \$643.33; Miss Davidson, \$630.29; Jack B. Kirksey of Morganton, aide in the district, \$181.28, and Mary C. Moore of Washington, \$64.29.

Rep. Bulwinkle: Charles F. Gold, Jr., of Rutherfordton, since resigned, \$440.34; Irene C. Whisenant of Gastonia, \$428.27; Herbert M. Lineberger of Dallas, \$404.13, and aide in the district, and Lewis Bulwinkle, \$404.13.

Rep. Redden: Brown, \$643.33; Dora T. Sossamon of Asheville, \$404.13; Elizabeth J. Mauney of Murphy, \$404.13, and William M. Siles of Asheville, aide in the district, \$223.30.

Mules Earn Keep In Coal Mines

MORLEY, Colo. —(AP)—Morley mine has 134 on its work list which eat heartily every day whether the mine operates or not. But when they do work, these 134 mules earn their 16 pounds of oats daily plus all the hay they can shove down. This is one of the few coal mines in the country where mules are used to haul coal cars, because of gaseous conditions underground.

Dhoda Floyd, a former cowboy, is the stable boss. "Mules are a lot nicer to work with than people," he says. "Mules can't argue with you."

There are more than 1,100 types and sizes of nails. Most nails have "diamond" points.

Color News

All members of the E. S. are requested to attend the regular education Tuesday, March 9, at 8 p. m.

All Farm Bureau members who are planning to go to Greensboro Friday morning, March 10, will please be at the Negro County Agent's office at 8 a. m. All members will be loaded at the office—Dennis Dupree, Negro County Agent.

The Missionary Union will hold its monthly meeting at English Chapel, March 12. A bus to take all members to English Chapel will leave York Memorial Methodist church at 2:30. A complete roll of all churches will be expected.

RIGHT ADDRESS
Ironton, O., March 9—(AP)—Frank Reynolds of Houston, Texas, thought the Ironton Board of Trade could help him find an old army pal, Hugh Mearan.

The letter was delivered to the board's newly-elected president—Hugh Mearan of Ironton.

Colder Weather Follows Period Of Indian Summer

The old adage, "Anything can happen in March," came true again when the high temperature of 74 in the Greenville area yesterday dropped to 30 last night, Mrs. Carl E. Maiden, local observer for the U. S. Weather Bureau, stated today.

At 8 a. m. today the mercury stood at 33 degrees. The sky was partly cloudy during the forenoon and a northwest wind had an edge on it.

was not unusual for this time of March. Weather Bureau records show that on March 6 of last year the temperature soared into the 80s and ranged there frequently until April 1.

Coldest weather during 1948 was the day after Christmas, when the mercury dripped to 13 degrees above zero. Lowest temperature recorded here this year was 19 degrees, last Friday.

Farmville Teams And Ayden Girls, Bethel Boys Advance

Quarterfinal Rounds In County Basketball Tourney Close Out With Defending Champions Pacing Field

No Games Tonight
Semifinals Tomorrow Night

Farmville's girls and boys teams advance to the semi-finals in the annual Pitt county basketball tournament last night, along with both the tournament's defending champions, the Ayden girls and the Bethel boys.

Opening up the quarterfinals play in Wright gymnasium last night, Ayden's sextet had little difficulty in overcoming the Belvoir girls, 57-29. In the second game, the Bethel boys thoroughly trounced the Stokes quint, 51-23.

Most exciting game of the evening's play saw the Farmville Red Devil sextet come from behind in the final two quarters to defeat the Bethel girls, 34-31. Rounding out the four game schedule, Farmville's top-seeded boys team routed the Chicod cagers, 53-24.

Ayden Girls 57 Belvoir 29
Ayden's sextet, already announced participants in the girls state tournament at Southern Pines, smashed Belvoir's tournament hopes last night, as they rolled to a 57 to 29 victory. Two high-scoring forwards, Catherine Wooten and Alice Jean Cox, combined their scoring talents to lead the individual scoring with 26 points apiece.

Getting off to a fast start on baskets by Wooten and Cox, Ayden ended the first quarter of play with a 12-6 lead over their Belvoir opponents.

A terrific scoring attack during the second quarter gave the defending champs a 21 point half time lead, 23-12, as their two high-scoring forwards began a pace-setting offense, with Wooten gathering in 16 points and Cox sinking 13.

Continuing their domination of play throughout the final two quarters, Ayden gained a 42-23 third quarter score, and coasted to an easy victory during the final period.

Claudia Pollard was the only offensive spark for the low-scoring Belvoir team as she gathered six field goals and one free toss to lead the Belvoir individual scoring with 13 points.

Annie Mae Cox was the outstanding floor leader for Ayden lassies as she continuously intercepted Belvoir passes, and led the Ayden guard division.

Bethel Boys 51 Stokes 23
Stokes boys threw a slight scare into Bethel's defending champions during the first five minutes of play last night. However, with Guard Bob Manning hitting on two quick lay-up shots, Bethel overcame a 5-2 Stokes lead in closing three minutes of the first period, and went on to gain a 10-5 advantage as the first quarter ended. They held a 35-13 halftime margin.

Coming out fast during the second half, Bethel continued their romp as forward Edgar Barnhill began shooting with deadly accuracy to run a third quarter score of 42-16.

Barnhill with 14 points, and Manning with 11 points were the leaders for the victors.

For Stokes, Warren looped in eight points, followed by John Cherry's six points. Both boys were also standouts in Stokes floor game.

White Chevrolet Maintains Lead In Bowling Loop

White Chevrolet continued to lead the Industrial bowling league for the fourth straight week as they took two out of three games Tuesday night from Imperial Tobacco.

Leading the White team was Tom Rowlette who bowled the highest score of the evening in single game with 215. Fred Sauve and Jim Lee, both bowling for Chevrolet, teamed with Rowlette to write the whole story of the leaders' success so far.

The latter two keggers filled out the individual bowling Monday night when Lee was runnerup with 201 and Sauve broke 171.

Sunbeam Bakery did not bowl, forfeiting three games to Planagan Buggy. In the other two lines, Post Office dropped three games to Bilbro Wholesale and Carolina Dairy copped a clean sweep from the Independents.

The letter carriers continued their hard luck campaign in losing three straight. Their average at the end of 12 games is second only to White but they dwell in the cellar this week by virtue of the triple killing.

Individually, Rowlette replaced Dave Mosier at the top of the heap by bowling his highest game to date. His average now stands at 161, four pins better than Mosier's 157. Rowlette also notched a pin on his ninth game average.

As a result of this week's lines, a 14-pin spread separates the 10th best from the top. Harry Stokes, Carolina Dairy No. 10, has 147 against 17 week's 150. The spread this week went down four pins over last week's 150-160 averages.

Three men were tied for fourth place in individual totals for three games. Standing at 463 overall are Troy Pollard, Carolina Dairy; Dan Gordon, Independents; and Jim Lee. The top three bowlers in this bracket this week are Rowlette with 495, Sauve with 472 and Tyson Bilbro with 464.

The standings in Industrial league through 12 games:
Team Won Lost Pct Av Team
White Chevrolet . . . 9 3 .750 740
Imperial Tobacco . . . 8 4 .667 690
Planagan Buggy . . . 8 4 .667 631
Bilbro Wholesale . . . 5 5 .500 652
Carolina Dairy . . . 6 5 .500 694
Independents 5 7 .416 671
Post Office 3 9 .250 724
Sunbeam Bakery . . . 2 10 .167 567

By BILL LLOYD
East Carolina's ring team battles the Virginia Athletic gloves tonight in Wright gymnasium. Opening bout for the eight-match fight card gets underway at 8 p.m.

Tonight's rubber match between the two rival boxing teams will be the last stand for Coach Johnny Long's punchers before entering the Southern Conference Invitational boxing tournament to be held at Columbia, S.C., March 16, 17 and 18.

Four main bouts will be the attraction for the local boxing fans tonight, which is rounded out with two more even term matches.

Top feature in the fights tonight will be the squaring off of East Carolina's hard-hitting middleweight, Ken Stargardt, against an unannounced opponent. Stargardt will be fighting against his home states in tonight's battles, and is expected to turn in one of his top exhibitions of the year. Unheralded all season, Stargardt is a smooth-

Big Field Plays At Miami Beach

Miami Beach, Fla., March 9—(AP)—One of the largest and most cosmopolitan fields of golfers ever to compete in this section—225 pros and amateurs—teed off today in the \$10,000 Miami Beach Open over the toughened Bayshore and Normandy Isle courses.

The four-day 72-hole tournament—first of its kind in this resort city in 20 years—will end Sunday with \$2,000 cash awaiting the winner.

The bulky field will be divided for the first two 18-hole rounds. "Name" golfers complete over the 6,440-yard Bayshore course today and shift to Normandy Isle tomorrow to continue their battle over the 6,676-yard windswept layout. Par for each course is 72.

The final 36 holes, for the low 60 pro and 10 amateurs, will be played at Normandy Isle.

Gene Sarazen of Germantown, N.Y., winner of the last Miami Beach Open in 1930, is on hand and has taken the role of defending champion.

Czech Girl Wins Skating Title
London, March 9—(AP)—Europe, which always has had at least one world figure skating champion, will continue its unbroken string another year thanks to graceful Aja Vrzanova.

The beautiful 19-year-old Czech girl won the women's title last night to thwart a clean sweep by the United States in the three-day world championships.

Masterful Dick Button of Englewood, N.J., and Harvard lived up to his reputation as the world's greatest male skater by winning the men's title for the third straight year.

Cincinnati Eyes Holdout Catcher
Tampa, Fla., March 9—(AP)—The Cincinnati Reds were casting covetous eyes at Philadelphia's Andy Seminick today. Seminick is the Phils' holdout catcher and it's no secret the Reds would like to have some backstop help.

"We tried to swing a deal for Andy at the winter meetings," said Warren Giles, the Cincinnati president. "We didn't get to first base with our talks at that time but things may be different now."

According to reports, Bob Carpenter (the Philly President) is peeved at Seminick over his stubborn refusal to come to terms. Maybe he is ready to trade him now. If he is—we're interested."

Sees No Pennant For His Phils
Clearwater, Fla., March 9—(AP)—Eddie Sawyer is a down-to-earth guy with no 1950 pennant visions for his Philadelphia Phils.

"We'll be lucky to finish as high as last year," said Sawyer. "We'll benefit by a little more experience. Where we finish depends on the improvement of the other clubs."

Some Cheer, Some Groan; One Is Indifferent

Mixed emotions are displayed in the top photograph, as many of the fans get on their feet to cheer their team to victory while others watch gloomily as the score mounts against their favorites. Only the small lad seated in the right hand corner seems not to care one way or the other. (Reflector Photo by Roy Hardee).

Cheerleaders For Farmville High School

Farmville's cheerleaders, as they snapped "in formation" during last night's county tournament games. They are, from left to right (front row): Head Cheerleader Nell Harris, and Ruthe Tyson; back row—Margaret Andrews, Julia Satterthwaite, Connie Rollins and Pat Corbett. (Reflector Photo by Roy Hardee).

East Carolina Boxing Team Meets Rival Virginia Club

working, hard-hitting pounder, who is a holdover from last year's fine East Carolina squad. Stargardt has a current fight record of 14 wins out of 16 fights.

Second top flight feature in tonight's boxing agenda will be the staking of East Carolina's undefeated Cecil Phillips against a yet unnamed foe in the welterweight class. Phillips will put his record on the line tonight, as he has won five straight collegiate victories without a loss, two of the wins coming by the knockout route. The dark-haired aggressive slugger is well known in the boxing circles, as he won the Florida State High School champion two consecutive years. And while in service, Phillips was crowned the Austrian armed forces welterweight champ, and was runner-up in the European Theatre of Operations tournament.

A third main feature will be the matching of newcomer Jackie O'Neill against a worthy Virginia state champion in the featherweight division. The New England Golden Gloves champ will not meet VAC's Benny "Red" Barry, as was published yesterday, because of the induction of Barry into the U.S. Air Force. However, Coach Long announced last night that a good match would be scheduled for the New York City national Golden Gloves semi-finalist.

Rounding out the main features in tonight's scraps will be the third match between East Carolina's Cromwell Williamson and Virginia's Tommy "The Kid" Soboleska; Williamson has two victories over the VAC lad. However, a thrilling fight is expected in tonight's middleweight division, as a keen rivalry has developed between the two outstanding pugils, and Williamson will be striving to keep his winning ways over "The Kid." Soboleska is the newly crowned Virginia State middleweight champion, and is expected to try to get into the win column over Williamson.

Other fights on slate for tonight's well-rounded boxing program are East Carolina's Cleon "Little King" Smith against Bob Meade in the featherweight division; Homer Thomas paired with Ray Shaw in the 135 lb. class; Charlie Edwards be striving to keep his winning ways over "The Kid." Soboleska is the newly crowned Virginia State middleweight champion, and is expected to try to get into the win column over Williamson.

Cat In Kiln Is Baked 36 Hours; Came Out Alive

Minerva, O., March 9—(P)—A garden-variety calico cat which came out alive, though singed and thirsty after 36 hours in a fiery brick kiln was the talk of the town today.

Dr. William Orr, the veterinarian in this village, said "it's a strange case that wouldn't happen again in 100 years. The animal's (foot) pads were burned off, the top of its skull was scorched, the end of its nose was charred and its body was burned as dry as a cracker when it was brought to me."

Dr. Orr pumped food into the baked puss's veins after putting the cat under sedatives. Today it was jumping into his lap to be fed.

The cat was sealed accidentally in a kiln at the Metropolitan Brick Company plant here Friday night. Temperature in the oven reached up to 900 degrees. When the kiln was opened Sunday, the durable feline tottered out before the astonished eyes of workers.

The veterinarian said he investigated the case carefully yesterday with plant superintendent Joe Bucola and both agreed that any other explanation was out of the question—the animal had stood the heat for a day and a half and had survived.

Bucola said no part of the kiln could have had a temperature of less than 400 degrees. Workmen doubted if the cat could have found a place cooler than 600 degrees. "It's fantastic but true," Dr. Orr declared.

Mayors Confer On Pay Dispute

Charlotte, March 9—(AP)—Mayors of six Carolina cities met here today to name a fact-finding board which will study a wage dispute between Duke Power Company and its bus drivers.

The mayors also were faced with the problem of how to finance the survey.

The board was the outgrowth of last minute conferences between the company and the Brotherhood of Railway Trainmen. About 600 drivers and mechanics had authorized the union to call a strike unless the company gave them a 20-cent-an-hour wage boost. The company offered three.

Mayor Victor Shaw of Charlotte proposed a 60-day truce, during which the board would make its study and report. The company accepted immediately, the union after several days of deliberation.

Meeting with Mayor Shaw today were mayors of other cities which would be affected by a strike—Winston-Salem, High Point and Salisbury, N.C., and Spartanburg and Greenville, S.C.

Customs Men To Ride The Liners

Tel Aviv, Israel—(AP)—The Israeli government is trying something new to make things easier for tourists. Customs officials are being dispatched to various ports abroad to board all big liners bound for Israeli ports with hundreds of tourists.

They check over the passports of tourists who may be spending a few days or longer in Israel during a Mediterranean cruise. They tell passengers just what they can bring into the country, assess any necessary customs duties and hand over Israeli pounds in exchange for American or other foreign currency. The Israelis have found this system of making part of the voyage with incoming tourists relieves congestion.

Double-Barrelled Hard Luck Tale

Butte, Mont. — (AP) — Robert Jones had this double hard luck story for police:

A portable radio and a shirt were stolen from his room while he slept. He traced the property to the operator of a boarding house who had purchased it innocently. But, said the boarding house keeper sadly, just before Jones arrived the radio and shirt had been stolen again—apparently by the man who lifted them from Jones.

BUDGET WOOLENS for the SPRING PARADE

MODES of the MOMENT

By DOROTHY ROE

CERTIFIED CHECK . . . Big news for spring is this figure-flattering dress in brown and white checked wool, buttoned from neck to hem, with wing collar.

NAVY NOTE . . . Trim two-piece dress in navy worsted with skirt pleated in front, plain in back. Peplum jacket buttons over yellow short-sleeved bodice.

COACHMAN DRESS . . . This is one of spring's best buys, as selected by the Wool Bureau. In pin-check worsted, it makes news with its double-breasted closing, detachable collar and cuffs and penny bank price.

COAT DRESS . . . Top hit for the big parade, in black and white checked sheer wool with starched white pique trim and shiny black patent leather belt.

EASTER PREVIEW . . . Slim little suit in gray and white checked worsted with new brief jacket, three-quarter cuffed sleeves and perky slanted pocket tabs.

SUCCESS STORY . . . Light-weight dress and bolero in gray wool flannel with pearl button trim, white pique frosting.

PASTEL PICTURE . . . This smooth spring frock is in baby blue wool jersey with mushroom-pleated skirt.

"Swift's Blenn,"

New Process

say tobacco men "makes more money per acre!"

BLENN, Swift's specialized crop maker, is helping tobacco growers produce that bright, smooth leaf that brings top bid. By actual test, it does help produce much higher dollar returns per acre.

E. G. Flinchum, Greensboro, N. C., fertilized one acre of tobacco with 1,100 lbs. of BLENN. Another acre in the same field got a similar amount of another plant food of the same analysis.

The results as reported by Mr. Flinchum were: "242 lbs. more leaf from the BLENN-fed acre" — "Average price almost 2 cents per pound higher from the BLENN acre" — "\$164.06 more money from the acre grown with BLENN." "The acre with BLENN under it produced 2018 lbs. of fine leaf."

SWIFT & COMPANY Plant Food Division • Chicago 9, Illinois Buy at the sign of the RED STEER

One reason New Process BLENN produces such superior results is the new way in which it is made. Developed by Swift, the new process combines complete mechanical mixing with complete chemical processing.

This makes New Process BLENN especially good for tobacco because it is so uniform in four important ways: 1) uniform blending, mixing, curing; 2) uniform freedom from caking, lumping, bridging; 3) uniform distribution through your machines; 4) uniform feeding of your tobacco plants.

To make sure you get New Process BLENN, the specialized tobacco crop maker, order early this year. See your Authorized Swift Agent today.

Wilson's Weekly Bulletin

from the Rector Kitchens

Why not take your family south of the border for dinner tonight and live high on a low budget with a Chili Con Carne Mexican Menu?

For an outstanding chili, protein-rich with tender chopped beef in a luscious brown, chili-flavored gravy that is seasoned just right, heat and serve WILSON'S Certified Canned Chili (either with or without beans). It's tasteful meat that is so-o-o good to eat.

For a spicier version of chili choose WILSON'S CHILI ROLL and prepare in 10 minutes according to the directions on the package. Once you are familiar with WILSON'S three varieties of tempting, easy-do chili—Chili with beans, Chili without beans, and the Chili Con Carne Roll, you will find many other tasty uses for these fine products.

MENU Fruit Cocktail Creators or Tostitos Hearty Chili Con Carne Sliced Corn Bread Caramel Sauce or Cheese Fruit Tray Chile for an extra treat serve hot chili over Wilson's Certified Hot Tamales.

SERVE 4-6 AT A MEXICAN DINNER. Directions in package.

SUGGESTED USES FOR WILSON'S CERTIFIED CHILI CON CARNE

SAVORY RICE: To make this, stir until delicately browned 1/2 cup dry, uncooked rice; chopped onion to taste, minced garlic, as desired; green pepper chopped fine and in amounts to your taste in 1 tablespoon WILSON'S Certified Margarine or Clearbrow Butter. When slightly browned add 1 1/2 cups boiling water and cook until absorbed. Then stir in 1 cupful canned tomatoes, 1 teaspoon salt, 1/2 teaspoon celery salt and 1/4 teaspoon pepper. Cook down until juices are all absorbed. Then line a skillet or casserole with the rice.

Pour WILSON'S Certified Chili in center. Top with a layer of shredded or grated WILSON'S Certified Cheese. Or in Mexican style you might prefer to use sweet (Bermuda) onion slices topped with the cheese. Or a mixture of equal parts breadcrumbs and cheese. Bake at 350°F. to brown delicately and heat through. Serve piping hot with a crisp green's salad and corn bread. Ummm!

The Wilson label protects your table

Allot Sum To Cancer Project

Washington, March 9—(AP)—The National Cancer Institute yesterday allotted \$6,600 to the Bowman Gray School of Medicine at Winston-Salem, N.C.

The grant was for continuation of a cancer control project already underway.

All-Negro Prison Camp Considered

Raleigh, March 9—(AP)—An all-Negro prison camp may soon be established in the vicinity of Greensboro, Winston-Salem, or Charlotte.

A Prison Department spokesman, in discussing plans for the camp yesterday, stated it would be located near other Negro institutions. A similar camp has been set up for Indians in Robeson County, where a Lumberton businessman, Harry Locklear, is working as its steward preparatory to taking over as its superintendent.

The department spokesman said the exact location of the Negro camp will be worked out with Governor Scott, the Highway Commission, and the new prison advisory board.

Prisons Director J. B. Moore, meanwhile, announced he is working out plans for a Negro youth center for young Negro prisoners. The center would be patterned after the Camp Butler center for young white prisoners.

"We are going to have to do the same thing for Negro youths as we are doing for white youths," said Moore. The Negro youth camp may be set up at the state hospital at Goldsboro.

ORDERS PAY BOOSTS CAIRO—(AP)—The new Wafdist government has ordered arbitrary pay boosts for every private and public wage-earner in Egypt. These range up to 25 per cent for the lowest paid class. How much private employers must pay out no one can estimate. It will cost the government alone \$25,839,000.

Valuable Information In Farm Census Is Illustrated

By LYNN NISBET Raleigh, March 9—The state board of agriculture was given this week an illustration of what the farm census can mean to North Carolina. J. T. Richardson, director of the farm census program, presented a mimeographed sheet containing maps, graphs, charts and tables portraying the farm status in Hyde County—first of the 100 counties to be mapped.

Graphs show that of the land area in Hyde County 45 per cent is cultivated, 34.2 per cent is woodland, 3.1 per cent pasture, 8 per cent idle, and 9.7 per cent unclassified. The cultivated area is devoted to crops in the ratio of 47.2 per cent soybeans, 39.4 per cent corn, 5 per cent oats, 4 per cent cotton, and 4.4 per cent in other crops.

Tabular data breaks down the acreage devoted to particular crops, the human and animal population, fruit trees and other items by townships.

A glance at the report shows not only how many acres of corn or lespedeza or sweet potatoes are grown in the county, but in which township they are produced. An accompanying map makes it easy to locate in which part of the county certain crop or livestock production is carried on.

The board was told by Richardson and Frank Parker, chief of the federal-state crop reporting and agricultural statistics service, that similar maps, graphs and tables will be compiled for each of the 100 counties. When the census is completed for all counties it will be comparatively easy to assemble total figures for the state, and to indicate in which counties and townships certain crops take the lead.

Young Athlete Takes Own Life

Semora, N.C., March 9—(AP)—A 26-year-old professional baseball player committed suicide yesterday in the feed barn of his father's home near here, Sheriff J. H. Gunn reported.

The sheriff said John Morrison Allen placed the muzzle of a shotgun against his stomach and tripped the trigger with his toe. No reason for the act was advanced.

Pitt's 900 4-H Members Celebrating Nat'l Week

By C. I. GOODMAN, 4-H Club Supervisor
This week 900 Pitt County 4-H Club members join 2,000,000 other members throughout the country in celebrating National 4-H Club Week.
Their record is one to be envied. They do things on the farm—produce, achieve and assume responsibilities. They carry on community activities. They build, serve and assume responsibilities. They improve their health to make America strong. They lead that others may do and serve. They put into action their theme: "Better Living for a Better World."
The 4-H Club organization is national in scope, with 100,000 clubs with approximately 2,000,000 members.
The 4-H Club work in Pitt County is supervised by C. I. Goodman, Assistant County Agent, and Marjorie Shearin, Assistant Home Demon-

stration Agent. An active adult 4-H local leaders organization is assisting the supervision of the club work in Pitt County. Its chairman is Noel Lee, Jr., of the Pachtouh community.
Each 4-H club boy and girl does one or more phase of project work in the home or on the farm. They are practicing democratic procedures and developing a deeper appreciation of life in the country and of the democratic way of life.
This week a chapel program will be given in the various schools in the county where 4-H club work is being conducted. On Saturday at 11:00 o'clock a radio program will be broadcast by station WCTC. The purpose of these programs is to inform the public of the work carried on by the 4-H club members.
On Sunday, March 12, in most rural churches in Pitt County the 4-H clubs will participate in observing 4-H Church Sunday. A special service will honor the 4-H club members and other young people of the community. Each club member is urged to attend one of the services, and to join in pledging their head to clearer thinking, their heart to greater loyalty, hands to larger service and health to better living, in their club, their community and their country.

Farm Youths In Speaking Contest

Pitt county farm youths will participate in a speaking contest tomorrow with soil conservation the subject.
The speeches are to be held in the Belvoir school and are sponsored by the State Bankers Association annually.
Pitt is in group 1-A of the state along with Beaufort, Greene, Hyde, Martin, and Washington counties, and contestants from these counties will compete in the group finals held in Bethel March 17.
Sponsored by the bankers of the state each year in the interest of conserving the soil, the winner in the county will receive a \$25 bond given by the bankers of the individual counties throughout the state. Second prize is \$15.
The finals to be held in Bethel will select a winner from 16 counties of this area and he will be awarded a \$50 bond with the runner-up receiving \$25. The state finals are to be held in Raleigh, March 24, with first prize of \$400, second of \$100, and third of \$50.
The judges for the Pitt event are Connor Eagles and F. F. Hendrix with a third to be named later today. Both Eagles and Hendrix are conservation specialists for Pitt County.

Cold Wave Hits Peach Orchards

Spartanburg, S. C. March 9—(AP)—Spartanburg area peach orchards shivered under the season's worst cold weather blow last night and early this morning and light to substantial damage was reported over widespread sections.
Preliminary checkups by experts brought forth the opinion that enough peaches are left for a good crop but that further severe cold might cut the potential yield below a safe bearing level.

Murray Rejects 'Defense Pact'

Pittsburgh, March 9—(AP)—President Philip Murray of the CIO United Steelworkers today rejected John L. Lewis' proposal for "a mutual aid pact for common defense."
The rejection was included in a letter to the United Mine Workers' chief, acknowledging Lewis' return of the \$500,000 check which the Steelworkers sent the UMW for strike aid.

Business Women Banquet Tonight At Woman's Club

Miss Reeves Fornes, city clerk of Shelby many years and second vice-president of the North Carolina Business and Professional Women's Clubs, will be the speaker at the Greenville Business and Professional Women's Club's annual "Bosses' Night" banquet at the Woman's Club tonight at 7 o'clock.
Mrs. Ruth Meeks, president, will preside. Mrs. J. B. Spilman will present the speaker.
Miss Fornes, prominent in civic and political affairs in Shelby, is a brilliant speaker, a talented musician and she has appeared in several Little Theater plays in her home town.
Tige Gardner, president of the Greenville Kiwanis Club, will respond to the welcome toast by Mrs. Ruth Meeks, president.
Special music will be rendered by Al Livesay, accompanied by Carl Anderson.

City To Become Distribution Point For Firm

Greenville will become the distribution point for Pyrofax gas when the new concern holds its formal opening Saturday.
Heretofore, the company, headed by W. P. White of Hobgood, has had its distribution center in Hobgood, serving all of Pitt and portions of Martin, Edgecombe and Halifax counties.
The company is a subsidiary of the Union Carbide and Carbon Company of New York City and supplies household users with gas for cooking, heating and refrigerating purposes.
At the open house Saturday a Magic Chef stove will be given away as well as other prizes to persons who sign the ledger at the door.
The company's office is located on the site of the old Tucker filling station, two miles from town on the New Bern highway.

Killer Fails In Jail Cell Try At Electrocutation

New York, March 9—(AP)—A mass slayer facing the death chair if he is pronounced sane—tried to electrocute himself in his jail cell yesterday.
The 19-year-old Negro, William Jones, took off his shirt, used it as a sponge to soak his body with water, then put one bare foot in a basin of water, and tried to stick his finger in a light socket.
But Jones, who had slain four men and slash three others in a wild rampage Sunday, lost the bet he made in court.
The slayer, released from a hospital for the criminal insane only four days before the butchery of Sunday, told a judge on Tuesday:
"I won't live 24 hours. I'll bet you on that."
A guard spied his plans by yanking him away from the water before he could make contact with the electricity.

JAVANESE DANCER—Adjena (above), 23, from central Java, adjusts her head-dress before a performance as the featured artiste of a troupe of Indonesian dancers in London.

Plan Attempting High Altitude Parachute Jump

El Centro, Calif., March 9—(AP)—Parachute jumps at altitudes up to 60,000 feet—just under the height where blood boils in your veins—will be attempted this summer at White Sands, N. M., proving grounds.
The leaps will be made from F-80 jets by navy and air force "chutists," says Lt. J. A. Morrison's parachute experimental unit demonstrated new types of "chute-releasing equipment at low altitudes here yesterday.
Morrison said fliers could survive above 60,000 feet only in pressurized, insulated capsules such as those recently developed by the navy. These cockpit capsules can be ejected from the plane in emergencies and are lowered to earth by large parachutes.

Sons and Daughters Of Alumni To Be Entertained Friday

Members of the organization of Sons and Daughters of Alumni of East Carolina Teachers College will be entertained by the Greenville Chapter of the college Alumni Association Friday evening of this week. Approximately 120 men and women students, one or both of whose parents attended the college and have been invited to attend the informal reception.
Officers and committee members of the Greenville chapter will receive guests in the Alumni Office in the Austin building from 8:00 until 9:30 Friday evening. Special guests for the occasion will be alumni in Pitt county whose children are now students at the college.

Circle K Club Has Meeting On Tuesday

The Circle K Club, newly organized campus branch of the Kiwanis International at East Carolina Teachers College, entertained at a dinner meeting in honor of the 1949-1950 basketball squad last Tuesday evening. The meeting was held at the Greenville Woman's Club and was attended by 45 members of the club and their guests.
Two new members, Billy Sutton of Greenville and William H. Pittman of Rocky Mount, were accepted as members of the Circle K Club. Special student guests for the evening were Robert B. Boyd of Norfolk, Va., and Peter Prominski of Red Bank, New Jersey.

Military Aid . . .

(Continued from page one)
the English Channel.
French anxiety is greatly increased because of the country's large and active Communist population. The French Reds are doing everything possible to hamper military preparedness and have announced that shipments of arms under the American military aid program will be sabotaged at the docks.
In short, the French Communists—like Communists in every other Democratic country—are citizens of Red Russia irrespective of their birthrights. They take their orders from Moscow. And the French Communists have made it clear that in a showdown they will side with Russia.

Warplanes Bomb Red Invaders Of Coastal Island

Taipei, Formosa, March 9—(AP)—Nationalist war planes rained bombs incessantly today on the Communist invaders of strategic Welchow Island, off the south China coast.
Radio contact with the Nationalist defenders had been lost. It was not clear whether that meant all resistance on Welchow had ceased.
Welchow is not a large island. But it may become a Red airfield for attacks on Hainan island or serve as a lookout post for any Nationalist attempt to invade the mainland from Nainan.
Reinforcements were rushed by warship to Nationalist defender Tungshan, a small island off the China mainland between the ports of Amoy and Swatow. The island has been under Red artillery bombardment.

S.C. Assembly Is Asked To Pay For Impeachment

Columbia, S.C., March 9—(AP)—The general assembly was asked today to provide \$10,000 to defray the expenses for the impeachment of Federal District Judge J. Waties Waring.
The suggestion was in the form of a bill introduced in the House of Representatives by Rep. Long of Union.
A resolution calling for Waring's impeachment has been prepared for possible introduction in Congress.
Waring's 1947-48 decisions opened state Democratic primary voting and party membership to Negroes. Mrs. Waring, the Charleston jurist's second wife, publicly has called S. U. whites "decadent" and "low," and advocated intermarriage of whites and Negroes "if that's what they want."

Robbers Escape With \$63,933

New York, March 9—(AP)—Five bank robbers forced employees of the Sunnyside, Queens, branch of the Manufacturers Trust Co. into the basement today and escaped with \$63,933.
The robbery was one of the most thoroughly planned that Queens' police have encountered in years.

Turnpike Study Group To Meet

Raleigh, N. C., March 9—(AP)—The state turnpike study committee will meet here next Wednesday for its first session, chairman Orton A. Boren of Greensboro announced today.
The 14-member committee was appointed recently by Governor Scott to study the feasibility of building a turnpike highway across the state.

The Loyalty . . .

(Continued from page one)
who appealed to it.)
Of the 182 fired for disloyalty since 1947, about 106 had been working for the government some time. The remaining 76 were newly hired people. Altogether the FBI thought it necessary to make a full scale investigation of 11,619 employees.
Senator Malone is not satisfied with the set-up of the present loyalty review board which is answerable to the President. He wants Congress to set up a review board which would be an independent government agency.
Malone says that under the President's board, department heads "could and did ignore the board's findings, at will. It's doubtful Congress will do anything about Malone's idea."
(An official of the President's board says there is not a single case where a department head has kept an employee found disloyal by the President's review board.)

Jaycees Set Out . . .

(Continued from page one)
the dogwood trees planted on their property, but one order is for 28 trees.
The chairman this morning blamed wet weather for slowing down "Operation Dogwood" which the local civic club has undertaken, and urged the members of the organization to meet at Person-Garrett Tobacco Company at 2 o'clock Saturday afternoon. "They'll need their buckets and shovels too," he added.

He said more trees will be planted by the group Saturday afternoon, and urged the members of the organization to meet at Person-Garrett Tobacco Company at 2 o'clock Saturday afternoon. "They'll need their buckets and shovels too," he added.

Alcoholism Now Haunting French Wine Drinkers

PARIS — (AP) — Wine-drinking Frenchmen, long held up as models of temperance, are dying of alcoholism at a rate that has their government worried.

Pre-war sellers hailed France with awe as the country where "you never see a drunk on the street."

Apparently French alcoholics were drinking themselves quietly to death at home.

Since the war, alcoholism is climbing back to pre-war heights. Alarmed, Health Minister Pierre Schmitter asked one of the country's foremost experts for a report. Prof. Leon Derobert, chief of the Alcoholism Section at the National Institute of Hygiene has turned in a scorching report.

"There are no such things as 'dangerous drinks' and 'healthful drinks,'" he wrote. "Every drink that has alcohol in it—wine, cider, aperitifs based on wine or on alcohol, liquerurs and brandies are all toxic in exactly the same way."

Before World War II, he reported, France took a leading place, and possibly first place, on the list

'FIGHT FOR FREEDOM' — Queen Fredrika of Greece tells a group of children "we all have to fight for freedom" during a tour of Epirus where King Paul dedicated a school.

of countries consuming alcohol. He blamed this "sad privilege" on "government policy encouraging over-production" and "the habits ac-

quired by the French soldier in 1914-18." In 1939, he found, France was in a "state of ethylic overintoxication never before seen."

Then during the occupation, the situation was such that:

"No country in the world has ever gone through such an experiment, not even the U. S. during the enforcement of prohibition."

Prof. Derobert's tables show that deaths from delirium tremens, up to 1,140 in 1936, were down to 232 in 1944 and back to 1,302 in 1948. Cirrhosis of the liver, which takes longer to show up, has made a slower comeback: 1936 showed — 10,945; 1944 showed—2,939; and 1948 tallied —4,396.

To remedy the situation, he wants 10 per cent of the revenue from alcohol taxes used to fight alcoholism.

He opposes advertising of aperitifs with a high alcoholic content.

Worker Opinion Believed Key To Industrial Peace

LOS ANGELES — (AP) — What is the key problem facing the private enterprise system? "There are no clear channels for workers' opinions to reach the top bosses. For each dribble of genuine worker opinion that reaches the top there is a cataract which does not."

This is the conclusion of Dr. Robert N. McMurray, Chicago industrial psychologist, after studying a national survey of 180,000 employees and 19,000 employers. "Where there has been a sincere effort to uncover the sources of employe discontent," he said, "the results have been gratifying in terms of labor-management good will, productivity and cost saving."

Pressure Zones Stop Bacteria

LA JOLLA, Calif. — (AP) — Bacteria usually die when put for very long in pressure zones much different from their own, says Dr. Claude E. ZoBell of the Scripps Institution of Oceanography.

He put 83 species of bacteria under pressure up to 9,000 pounds per square inch. None were injured by a few minutes of such pressures. Nor were they hurt by sudden releases of the pressure. But after a few hours or days most of them died. On the other hand bacteria taken from the deep sea where pressure is high lived and multiplied under such pressures.

His Last Name Brings Nuisance

DENVER — (AP) — William J. Zwigart has the last name in the Denver telephone directory—and this is about the only reason he regrets leaving Pittsburgh, Pa., to come west.

Several times a week, he says, strangers playfully call him up just to ring variations on the last place theme. Back in Pittsburgh there was a whole page of names after his Zwigart said.

In 1949, harness race driver's licenses were issued to 7,169 horsemen, and 3,720 persons actually drove in races.

WASH WASHINGTON — A workman washes and brushes the statue of George Washington at the National Gallery's London spruces up for visit of President Auriol of France.

ENGLAND'S NEW FLYING BOAT — This is the 77-foot-wide tail of the 148-foot-long flying boat being built at Cowes, England, to carry 105 passengers and seven tons of freight.

Both the Boston Braves and the Cincinnati Reds this season will play only two day games in St. Louis. Each club has nine night games at Sportsman's Park.

NOTICE OF SALE OF PERSONAL PROPERTY
Under and by virtue of the authority conferred upon me by the Superior Court of Pitt County, as administrator of the estate of Mrs. N. S. Stocks, I will on the 24th day of March, 1950, at 12:00 noon, at 207 Ridgeway street, Greenville, North Carolina, the home of the late Mrs. N. S. Stocks, offer for sale for cash to the highest bidder, the following household and kitchen furniture and personal property: 1 goose-neck rocker, 3 chairs, 1 single bed complete, 1 Congoleum rug, 1 oil heater, 1 floor lamp, 1 center table, 1 wardrobe, 1 dresser, 1 gas stove, 1 breakfast room suite—4 chairs and 1 table; 1 kitchen cabinet, 1 radio, table model and 1 3-piece front porch set.
This the 2nd day of March, 1950
A. J. FUSSELL, Administrator

J. W. H. Roberts, Attorney.
March 3-9-16-23.

PRELIMINARY CERTIFICATE OF DISSOLUTION
State of North Carolina
Department of State
To All to Whom These Presents May Come—Greeting:
Whereas, it appears to my satisfaction, by duly authenticated record of the proceedings for the voluntary dissolution thereof by the unanimous consent of all the stockholders, deposited in my office, that the Allen-Jenkins-Churchill, Incorporated, a corporation of this State, whose principal office is situated in the City of Greenville, County of Pitt, State of North Carolina (W. C. Jenkins being the agent therein and in charge thereof, upon whom process may be served), has complied with the requirements of Chapter 55, General Statutes, entitled "Corporations," preliminary to the issuing of this Certificate of Dissolution:
Now therefore, I, Thad Eure, Secretary of State of the State of North Carolina, do hereby certify that the said corporation did, on the 14th day of February, 1950, file in my office a duly executed and attested consent in writing to the dissolution of said corporation, executed by all the stockholders thereof, which said consent and the record of the proceedings aforesaid are now on file in my said office as provided by law. In testimony whereof, I have hereunto set my hand and affixed my official seal at Raleigh, this 14th day of February, A. D. 1950.
THAD EURE, Secretary of State
Feb. 16-23 March 2-9.

Wheat, Cotton Buying Approved

Washington, March 9—(AP)—The Economic Co-operation Administration has approved the purchase of \$27,000,000 worth of American wheat and cotton under the Marshall plan.

The recovery spending approvals were contained in new foreign aid grants totaling \$42,266,000 announced for five European countries.

The wheat purchases totals nearly \$16,000,000 and will cover shipments to Italy and Greece.

The Netherlands and Austria were given authority to buy more than \$11,000,000 worth of cotton.

In addition to the heavy grain and fiber purchases ECA approved the spending of \$13,000,000 by Great Britain to buy petroleum in the United States, Latin America and the middle east.

Hindi Opponent Fails In Effort

Lucknow, India—(AP)—A provincial assembly member threatened to appeal to the United Nations against the introduction of Hindi as the legislative language of Uttar Pradesh province.

Naulana Hasrat Mohani, who favoured Urdu or Hindustani, told the assembly he would go to the supreme court if it adopted Hindi without a referendum. If he failed there, he added, he would take it up with the United Nations. The assembly adopted Hindi anyway.

Right-Of-Way On City Streets Is Commission Goal

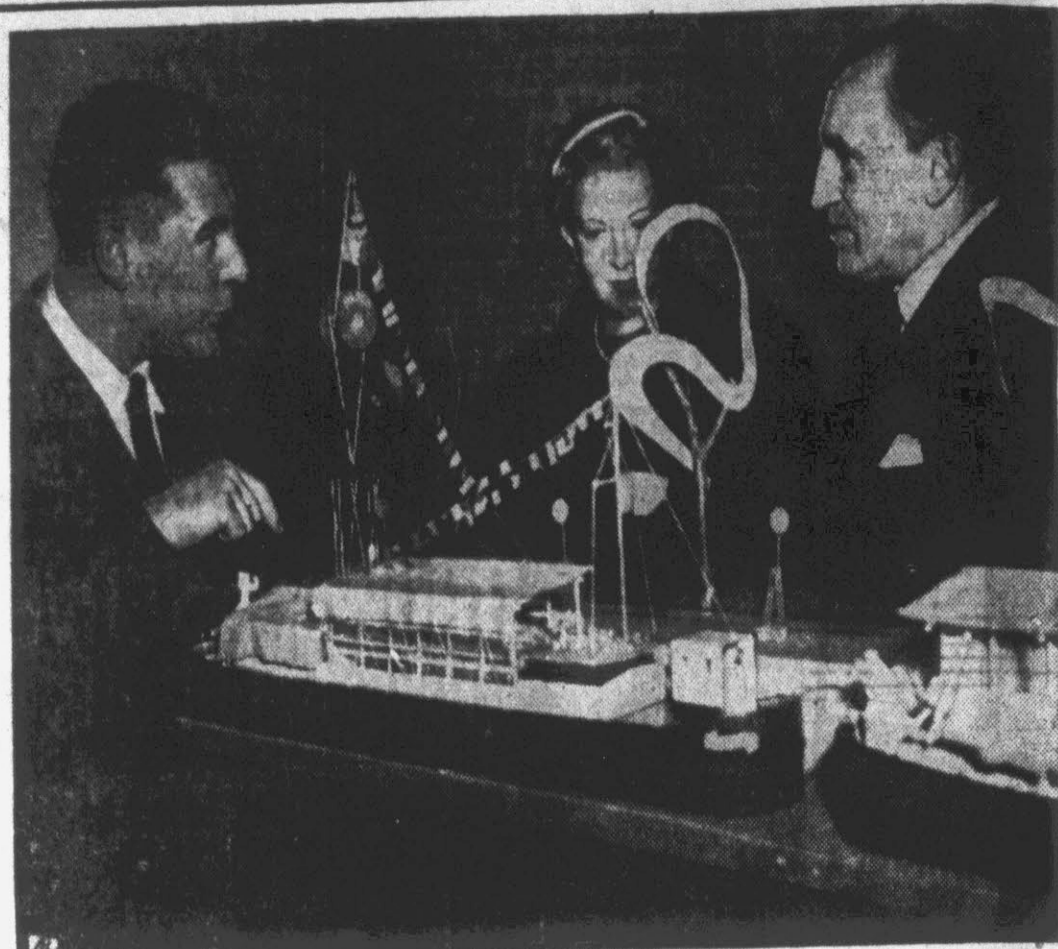

Greenville, N. C., March 9—(AP)—The State Highway Commission wants a 60-foot right-of-way for all streets which might be added to the county road system.

The commission voted to ask the 1951 General Assembly to write the proposal into law.

Since 1938, a 60-foot right-of-way has been standard for county roads. Forsyth county, which has a county zoning law, has set 60 feet as the minimum for rights-of-way through developer's within its borders.

Highway Commissioner Chairman Henry Jordan declared the right-of-way issue has been a big problem on many of the state's road bond projects.

R. Brooks Peters, Jr., the commission's legal counsel, told the commission that the new proposal seems reasonable. He declared, however, only the General Assembly would have the authority to make the plan legally air-tight.

TRAVELING 'SHOP WINDOWS'—Tony Mella (left) shows Mme. de Ferré Chappuis and Charles Vanel in Paris his models of barges which will tour the canals of France, Holland and Belgium with displays of French wines, food, jewelry, books, glass, perfumes and dresses.

Moslems Have Divorce Trouble

Singapore—(AP)—Fifty per cent of Moslem marriages in Singapore over the last 28 years have ended in divorce. The rate of revocation-of-divorce has been 10 per cent, statistics reveal. An authority on Moslem marriages said the high rate of

divorce was due to: Husband and wife tiring of one another. Failure of the husband to maintain his wife and children. Incompatibility due mainly to age differences. Lack of moral restraint on the part of the husband.

KING AND FIANCEE—King Phumphon Aduldet of Thailand, 23, and his fiancee, Princess Sirikit Kittiyakama, leave Lausanne, Switzerland, for homeland where they are to be wed.

Home Girl By Carol Holliston

Chapter 28

Celia's show opened in New York on the first Monday in May. It was a lavish production, it moved swiftly, it was tamer, and Celia was definitely clever and ravishingly beautiful. Don had a box and his mother, Roger, Anne and the twins sat with him in it. Tony came in smiling during the intermission. His dark eyes were proud.

The boys shook hands gravely. Months of publicity had given them poise. Far too much for their grandfather, who had loved the way they jumped up and down when excited. Don introduced Tony to his mother, who bowed. Tony's voice was like honey.

"By the way, Anne, what did you think of the cute little dancer who did the specialty number in this act?" Anne's lovely eyes were steady. "You mean Leonore?"

Don spoke quietly. "Both my mother and Anne know all about Leonore. Tony, And Roger knows too. Should I thank you for having convinced Leonore that she had no personal attention for each dog. Try our 3 day conditioning course, given under veterinarian supervision. De-wormed, defleated, nails clipped, groomed, recommended diet, and any necessary shots. Protect the health of your pet, he would do as much for you. Pick up and delivery. Registered, collie puppies and stud service. Bill Carroll, New Bern highway, Greenville, Phone 3627-0. Feb. 16-23 Mar. 2-9-16

Then it was all over and they went out to Mrs. Carey's car. The chauffeur saluted smartly and seated them, then drove off to drop Anne, her father, and the twins

SOILED RUG SPOTS DISAPPEAR Instantly when odorous Pina Foam is used. Belk-Tyler's 3rd Floor.

PRELIMINARY CERTIFICATE OF DISSOLUTION State of North Carolina Department of State To All to Whom These Presents May Come—Greeting: Whereas, it appears to my satisfaction, by duly authenticated record of the proceedings for the voluntary dissolution thereof by the unanimous consent of all the stockholders, deposited in my office, that the Talley Bros. of Grimesland, Inc., a corporation of this State, whose principal office is situated on Main Street, in the State of North Carolina, County of Pitt, State of North Carolina (Louis H. Elks being the agent therein and in charge thereof, upon whom process may be served), has complied with the requirements of Chapter 55, General Statutes, entitled "Corporations," preliminary to the issuing of this Certificate of Dissolution:

Now therefore, I, Thad Eure, Secretary of State of the State of North Carolina, do hereby certify that the said corporation did, on the 21st day of February, 1950, file in my office a duly executed and attested consent in writing to the dissolution of said corporation, executed by all the stockholders thereof, which said consent and the record of the proceedings aforesaid are now on file in my said office as provided by law. In testimony whereof, I have hereunto set my hand and affixed my official seal at Raleigh, this 21st day of February, A. D. 1950. THAD EURE, Secretary of State, March 2-9-16-23

NOTICE OF SALE North Carolina Pitt County Under and by virtue of the power of sale contained in a certain deed of trust executed by Lydia J. King and Middle King, dated the 7th day of January, 1946, and recorded in Book F-24, page 581, in the office of the Register of Deeds of Pitt County, North Carolina, default having been made in the payment of the indebtedness thereby secured and said deed of trust being by the terms thereof subject to foreclosure, the undersigned trustee will offer for sale at public auction to the highest bidder for cash at the courthouse door in Greenville, North Carolina, at noon, on the 3rd day of April, 1950, the property conveyed in said deed of trust, the same lying and being in the county and state aforesaid, in Chicod Township, and more particularly described as follows:

Tract I, Being the Chaney W. King homestead devised by the will of Chaney W. King to Lydia J. King and Middle King, containing twenty-five (25) acres, more or less, and being further known as the R. N. Williams land, and being the identical parcel of real estate conveyed to Chaney W. King by that certain deed of record in the office of the Register of Deeds of Pitt County in Book V-11 at page 226.

Tract II, Parcel A, Beginning at a stake pointed by gums and small pines in a back corner of the Drainage Company in H. H. Proctor's line and runs with said Proctor line S. 84 E. 120 poles to a stake pointed by small pines; thence with said Proctor line S. 31 3-4 W. 160 poles to a stake pointed by a large pine, said Proctor corner; thence with a new line N. 84 W. 45 poles to a stake with pointers in the burnt pocom in and in the above mentioned Drain-

age Company line; thence with their line W. 18 E. 330 poles to the beginning, containing 100 acres, more or less, and being the same tract conveyed to Chaney W. King by J. D. Cox and wife, Addie Cox, and B. T. Cox and wife, Mary V. Cox, by that certain deed dated January 8, 1927, and duly recorded on January 22, 1927, in the office of the Register of Deeds of Pitt County in Book X-15 at page 427.

Parcel B, Beginning at an iron stake on the South side of the old path leading from the Sutton Road to an old hog lot and in the Kingston Drainage Company line and runs with said line N. 18 E. 137 poles to Chaney King's corner in said Company line; thence with said Chaney King and Barrington line S. 84 E. 270 poles to a stake in the old John Gray Blount line; thence with that line S. 60 W. 238 poles to the second corner of the said grant for 640 acres, the said grant lying in

and on the Great Opening, at a stake with small pines as pointers; thence N. 80 1-4 W. 112 poles to the beginning, containing 170 acres, more or less, and being the same tract or parcel of land conveyed to Windsor King and Chaney King as tenants by entirety, by J. D. Cox and wife, Addie Cox; B. T. Cox and wife, Mary V. Cox, by that certain deed dated December 13, 1928 and duly registered on December 19, 1928, in the office of the Register of Deeds of Pitt County, in Book E-17 at page 362.

Parcels A and B being the same parcels of real estate conveyed to Lydia J. King by S. B. Underwood, Jr., Commissioner, by that certain deed dated December 15, 1942, and duly of record in the office of the Register of Deeds of Pitt County.

Rally To Defend Rent Controls Expiring Soon

Washington, March 9—(AP)—Administration leaders in the senate rallied today for a battle to save federal rent controls, now due to expire June 30.

Before the senate was a \$750,000,000 money bill containing a provision which would order the office of the housing expediter—which administers rent control—to start paying off its more than 4,000 workers, in preparation for closing up shop at the end of June.

This order was attached by the senate appropriations committee to a measure carrying cash to keep various federal agencies running between now and June 30, the end of the 1950 fiscal year.

Senators from states with large cities promised a fight against the rent control amendment.

Legislation to extend the federal rent ceilings for one year beyond June 30—as required by President Truman—was introduced by Democratic leader Lucas of Illinois and Senator Myers (D-Pa.) his assistant, shortly after the surprise move of the appropriations committee.

Housing expediter Tighe Woods estimates that 11,000,000 housing units throughout the nation remain under the federal rental lids.

Woods asked \$3,600,000 to maintain rent controls at present levels until Congress passes on the question of extending them.

Instead the senate committee gave him \$1,000,000 less and directed him to use it "in the payment of terminal leave." The pay a government worker collects when his job ends for days off that are due him.

The committee also told Woods to start reducing his staff at once, without waiting for the June 30 deadline.

Aside from the rent control dispute, the senate added nearly \$17,000,000 to the bill as it was passed by the house.

More than half of this extra money would go for flood control and projects to control forest pests.

Run-Off Vote In Union Election

9—(AP)—A runoff election will be necessary to determine whether more than 9,000 R. J. Reynolds Tobacco Company workers will be represented by no union at all or the Food Tobacco, Agricultural and Allied Union.

In an ULRB election yesterday the workers gave a slight plurality to "no union" over three unions which were seeking to represent them.

The vote: "No union," 3,426; local 22, FTA 3,323; Tobacco and Workers International union AFL; and United Transport Service Employees, CIO 541.

The PTA is one of the unions recently expelled by the CIO for alleged Communist domination.

The unions will have five days in which to file a protest over the election. The runoff election can be held two weeks after that date.

SUCCESS FOR SEAGULLS—The Misses Ollie Sharp, Millie Wiggins and Pepper Lygo toss food to Jacksonville Beach, Fla., seagulls whose supply of cast-off fish and shrimp from incoming trawlers disappeared when the shrimp fleet took off for a new fishing base at Key West.

Warns Farmers To Look Ahead

Asheville, N. C., March 9—(AP)—Farmers must understand their own responsibilities if they are to develop sound programs and services to meet some of the emergencies ahead, Bill Hooks, Columbus county chairman of the State Production and Marketing Administration told some 300 delegates to the PMA county Committeemen's conference here yesterday.

Hooks delivered the address that was to have been made by G. Tom Scott of Johnston county, chairman of the state PMA committee. Scott is attending the convention but was unable to speak this morning due to a recent severe cold.

Governor Scott, who was to have flown here from Raleigh, was unable to attend because of unfavorable flying conditions.

Speaking at the opening session, Hooks said "xxx the return of crop surpluses has brought back the old problem of adjustments and controls."

He pointed to the work being done on a national level to improve storage facilities and told the delegates that "without storage, they cannot control the marketing of their crops in an orderly way and they cannot take advantage of the price support loans."

The U. S. Department of Agriculture says "sap wood" used on the exterior of houses should be protected from moisture by flashing and gutters.

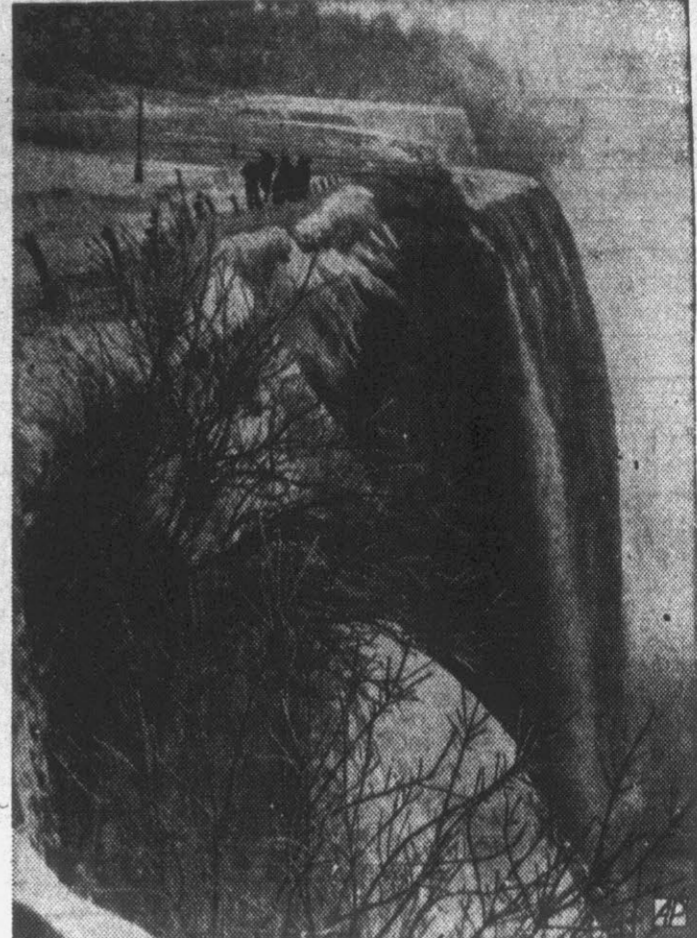

The average salary for public school teachers in the U. S. for 1949 '50 was estimated by the National Education Association at \$2,985.

'WHITTLING' COWBOY—Gene Hoback, former cowboy, shows two miniature covered wagons and a Concord stage coach he hand-carved with a penknife in Apple Valley, Cal.

REWARD FOR FATHER—Lord Mountbatten, captain of "HMS Liverpool" polo team, receives trophy from his daughter, Lady Pamela, after his team defeated Malta Polo Club.

WINTER WONDERLAND—Visitors to Niagara Falls brave a cold wind to view Prospect Point Gorge in winter dress from the ice-crusted parapet alongside the American Falls.

Denies Rumor

(From The Reflector's Washington Bureau) Washington, March 9—Former Senator Robert Rice Reynolds yesterday categorically denied published reports he will oppose Senator Hoey instead of Senator Graham in the May primary.

Between bursts of "belly laughers," Reynolds gasped out the flat statement, "Of course I'm going to run against Senator Graham, and I have no idea of running against Senator Hoey."

The National Education Association estimated that in January 1950 at least 250,000 city children were in school only part time.

Education of the blind in Asia is handicapped because of a wide variety of Braille systems in each language area.

One in 10 American teachers held only emergency certificates in Oct. 1949.

Get ALL TEN advantages of NATURAL CHILEAN NITRATE

- 1. Natural.** Chilean Nitrate is the only natural nitrate in the world.
- 2. Nitrate Nitrogen.** The nitrogen is 100 per cent nitrate.
- 3. Sodium.** Chilean Nitrate contains sodium equivalent to about 35% sodium oxide (Na₂O). This acts like potash (K₂O) and helps to make the phosphate in the soil more available.
- 4. Iodine.** Chilean Nitrate contains iodine to help meet the needs of plants, animals, and human beings.
- 5. Other Plant Food Elements.** Chilean Nitrate contains small quantities of other elements that contribute to strong, healthy plant growth, such as manganese, boron, calcium, iron, sulphur, copper and zinc.
- 6. Ideal Condition.** Chilean Nitrate comes in free-flowing pellets—easy to handle and to apply in any distributor.
- 7. Quick Acting.** Chilean Nitrate is immediately and completely available.
- 8. Anti-Acid.** Chilean Nitrate helps keep the soil sweet.
- 9. Time-Tested.** Chilean Nitrate has been proved by more than 100 years of research and practical farm experience.
- 10. Doubly Profitable—Economic.** Chilean Nitrate improves the quality of crops as well as the yield. Consistently excellent effect of heavy applications year after year upon crop and soil alike makes it an outstandingly profitable and economical nitrate for every need and purpose.

"THEY'S ONLY ONE NATCHEL SODA!"
"Crops seem to like hatchel soda better on account it's got all nitrate nitrogen that plants can draw off easy. And it's got soda and other minerals plants needs for strong healthy growing, too!"
