Poland Leaving World Bank As Loan Is Refused

Organization Said Tool Of Marshall Plan; First Resignation Since Formed

Washington, March 15 (AP)—Russian-dominated Poland has withdrawn from the World Bank. The 48-nation financial institution announced the withdrawal today. It was the first resignation from the bank since it was organized in 1945. It was understood Poland also had quit the World Monetary Fund, sister institution to the bank, but there was no immediate statement from the fund. The bank was set up after the war to finance reconstruction of war-damaged countries and to aid in development of backward areas. Czechoslovakia is the only other member of the bank and fund from the Russian bloc. There was no word as to whether the Czechs would follow the lead of the Poles. The bank made public a letter from Poland's ambassador here, Jozef Winiwicz, stating that Poland had quit the bank and citing failure of the bank to grant Poland's request for a \$200,000,000 loan. The Polish ambassador said: "The bank refused to grant Poland a loan, because Poland rejected the proposition of acceding to the so-called Marshall Plan, which has as its aim the subordination of Europe to the United States and the rebuilding of the war potential of Germany. . . . The bank clearly confirms in its report for the year 1947-48 the fact of the subservience of the bank's policy to the Marshall Plan and to its tendency to restore the economic power of separatist western Germany, dependent upon the United States." (The bank report was issued last September at the bank's annual meeting here. The Marshall Plan has been in operation a couple of years.)

Calmer Seas For Pres. Truman And His Staff

Aboard the U.S.S. William C. Lawe, March 15 (AP)—Storms and seasickness behind them, President Truman and his staff cruised southward today through tranquil waters. The White House yacht Williamsburg and this escorting destroyer were 60 miles off Jacksonville, Fla., last midnight carrying the presidential party on a three week vacation trip to Key West. Navigators set a course 41 miles east of St. Augustine and 20 miles east of Fort Pierce with arrival at Key West scheduled for tomorrow. Press Secretary Charles G. Ross, a victim of the rough seas of yesterday and Monday, was well enough to talk with reporters aboard the escort ship by radiotelephone yesterday.

Grewless Train Was A Runaway

Philadelphia, March 15 (AP)—A crewless elevated train, made up of two cars and carrying some 40 riders, ran away in reverse today until a fast-thinking passenger slammed on the emergency brakes. The train had traveled about a block and a half. The train stalled on an incline because of a power failure and the entire crew got out to investigate, the last man out using an emergency door which released the brakes. Sensing what was wrong, Michael O'Connor, a Pennsylvania Railroad engineer, applied the brakes and relieved his fellow-passengers' anxiety.

A Difficult Decision

Belgium's King Leopold Must Decide Whether To Accept His Slim Majority In Sunday's Plebiscite As Sufficient Basis For Return; A Harsh Alternative

One of the toughest decisions a man could face was that called for from exiled King Leopold III of the Belgians in Switzerland yesterday by Belgian Prime Minister Gaston Eyskens. Sunday's plebiscite in Belgium showed 57.68 per cent of those voting desired Leopold to return to his capital and resume his throne. Now Eyskens wanted to know his Majesty's desire. There were two alternatives. 1. The king could signify a wish to accept this vote as a mandate from the people for him to return. 2. He could turn the tiny majority down as too small, and abdicate in favor of Crown Prince Baudouin. Many observers held that the second alternative was, from almost any angle one viewed it, the logical one to choose. In fact, the prime minister was reported to have advised the king at the outset of their fateful meeting. Why this harsh second alternative, which meant that Leopold must sacrifice his birthright? A majority had voted for him. Well, the true answer lies in that tiny majority. In these days of democracy there is only one reason for the existence of a king. He is the emblem of unity—higher above politics—binding together all classes and parties and creeds. A king must have the love and support of all his people—not half, or three-quarters but all of them. Approval of 57.68 per cent of the voters isn't good enough by a long shot, or of 75 per cent or of any number much less than the absolute maximum. There are strong divisions in the Belgian population—political, racial, religious. If the country's constitutional monarchy is to be a success the king must be above these differences, in truth an emblem of unity. Unhappily for all concerned, the king has pushed Leopold into some situations which have made him also the subject of controversy. The first of these events was his surrender of the Belgian army to the invading Germans at the outbreak of the world war, he himself becoming a prisoner. That was a terrific blow to the allied cause, and brought about the British disaster at Dunkerque. (Continued on page eight)

Probers Expect To Get Loyalty Files

Tydings Says Peurifoy Has Indicated State Dept. Files Will Be Made Available; McCarthy Takes Time Out To Rest

Washington, March 15 (AP)—Senator Tydings (D-Md.) said today Senate investigators expect to get State Department files on persons accused by Senator McCarthy (R-Wis.) of Communist leanings. He told a news conference that John E. Peurifoy, deputy under secretary of state, has indicated to him that the files will be made available. Tydings is chairman of a Senate foreign relations subcommittee which is investigating McCarthy's contentions that Communists have infiltrated the department. In four days of committee hearings, McCarthy has named nine individuals he called subversive or bad security risks. He also has handed the committee a list of 26 other State Department employees he said are apparently bad risks. The State Department has declared that all those named publicly by McCarthy—if they ever worked for the department—were thoroughly investigated and found to be loyal. Some of those he named never were State Department employees. Others no longer are. Tydings discussed the prospects as to the files after a closed door committee session to consider future procedure. The committee has been pressing McCarthy for more names to back up his charges. He has replied that he needs "a couple nights of sleep" before he proceeds. The Wisconsin Republican's plea for more time came after Dorothy Kenyon, one of those he had accused of being pro-Communists reported that: "There is not a Communist bone in my body." Miss Kenyon, former American delegate on a United Nations commission, took the witness stand yesterday afternoon. She denied emphatically McCarthy's contentions that she has a background of "deeply rooted Communist activities." Her denial came on the heels of disavowals, too, on the part of others whom McCarthy accused yesterday of being bad security risks.

Over One-Fifth Of Goal Reached

Approximately \$2,500 Turned In For Red Cross Drive

Red Cross headquarters in Greenville reported approximately \$2,500 of the \$11,280 goal for Pitt County has been turned in by the local special gifts committee up to noon today.

Lester Turnage, chairman of the county Red Cross fund drive, said this morning reports from the other communities in the county will be received tonight, and the actual percentage of the goal which has been collected throughout the county can be determined.

Special Gifts Chairman Henry Brown said this morning 19 of the 31 special gifts teams have made their reports so far, and the others are expected to report before tomorrow morning. "We're still enthusiastic," Brown commented.

Tomorrow morning at 9 o'clock some 60 members of the Greenville Service League and other women of the city are scheduled to launch a house to house canvass which will cover all the residential sections of the city. Mrs. James T. Little, chairman of the Service League, said the canvass of the residential sections is expected to be completed by tomorrow afternoon. Mrs. Tyson Billie is chairman of the Greenville Service League committee for the house to house canvass.

The Greenville quota for the 1950 Red Cross drive is set at \$6,000 of which \$3,700 is assigned to the special gifts committee.

The quotas of the other communities of the county as announced by Chairman Turnage are: Bethel \$450, Fountain \$300, Ayden \$800, Bell Arthur \$130, Belvoir \$130, Chioch \$265, Falkland \$200, Grimesland \$300, Grifton \$300, Facticals \$170, Farmville \$1,800, Stokes \$265 and Winterville \$400.

Attlee Modifies Seretse Orders

London, March 15 (AP)—Prime Minister Attlee took cognizance today of the stark and modified the hotly controversial order making Seretse Khama and his wife bride exits from their African tribal kingdom.

Attlee said the Negro king might live in his British-protected homeland until his English wife bears the child she expects late in June.

Filmland Morals Draw Attention Senate Probers

Angry Critic, Sen. Edwin Johnson, To Be Chairman Of April Hearing

Washington, March 15 (AP)—The Senate Commerce Committee set the stage today for a mid-April airing of Hollywood filmland morals. Its angry chairman, Edwin C. Johnson (D-Colo.), was in the director's chair.

Johnson, who erupted in the Senate yesterday about the Ingrid Bergman-Roberto Rossellini romance, told a reporter the motion picture industry is going to be called on the carpet to explain why the morals of some of its stars aren't better.

"I'm not a Prude or a Puritan and I love good movies," Johnson said. "But it seems to be the industry is getting to the point where all an actor has to do is get arrested for something or get messed up in some immoral affair and stardom is guaranteed."

The Motion Picture Producers Association fired back in a statement saying that Hollywood has no more than its share of people who violate the moral code. It said further that Johnson's proposed method of attacking the situation would menace American freedoms and was "a police state bill."

Johnson proposed crack-down legislation under which every American actor and producer would have to be licensed by a Commerce Department bureau and a \$10,000 permit obtained for interstate shipment of every motion picture.

Actors and producers could be denied licenses if they had been convicted on morals charges or admitted committing acts "constituting the essential elements of a crime involving moral turpitude."

Last night, the radio and television industries came in for some public criticism also. Chairman Wayne Coy of the Federal Communications Commission said in an Oklahoma speech it was time for them to clean house in the matter of crime programs and "lively stable humor."

If broadcasters don't act, he said, public opinion will demand the more drastic remedy of government regulation.

A movie fan of 40 years standing, Johnson criticized what he called the "nauseating commercialism" of RKO studios in releasing the picture "Stromboli" about the time Miss Bergman gave birth to Rossellini's son. Bergman was the star, Rossellini the director.

He said that action "sets an all-time low in shameless exploitation and disregard for good public morals."

Owes A Debt To 'Honest' Thief

Blakpool, Eng., March 15 (AP)—Thomas Grever is going to his weekly lodge meeting tonight just brimming over with brotherly feeling.

On his way to last week's meeting he forgot to mail his selections in a football pool and stuffed the envelope in his coat pocket. The coat disappeared. But whoever took it mailed in the football pools ticket.

Grever got a call from the pool operators today saying the ticket won \$30,101, tax free in Britain.

Doubts Bergman Divorce Will Have Approval

Stockholm, Sweden, March 15 (AP)—A Swedish foreign office spokesman said today it is "doubtful" whether the Stockholm circuit court ever will recognize Ingrid Bergman's Mexican divorce from Dr. Peter Lindstrom.

"If the svea hovratt (circuit court) does not recognize the Mexican divorce decree of Miss Bergman," the spokesman added, "she cannot marry (Director Roberto) Rossellini in either Italy or Sweden, because both countries are parties to the same marriage convention of 1902."

"In order to get married they will have to go to a country which is not a party to that convention, such as the United States or Mexico."

No Sunday Suit For Prisoners

Sacramento, Calif., March 15 (AP)—The idea of giving men in California prisons a Sunday suit was rejected by the State Senate Finance Committee yesterday.

The lawmakers knocked out a \$40,384 budget item to pay for prison-made khaki Sunday clothes for the inmates. Senator Bradford Crittenden was for allowing the suits. His reason: They would boost morale.

White Shrine Chapters Honor National Official

The Greenville chapter of the White Shrine and the coastal chapter of New Bern were co-hostesses last night at a supper held in the Proctor Hotel dining room. Mrs. Zelma Kah, Supreme Worthy High Priestess of the Order of the White Shrine of Jerusalem, was the main speaker. Pictured in the above photo with Mrs. Kah are left to right: Mrs. R. C. Duffin, W. Gubitchev Will Leave Country

Federal Judge Notified; Tuesday Action Reversed

New York, March 15 (AP)—Convicted spy Valentin A. Gubitchev today notified Federal Judge Sylvester J. Ryan that he will sail for Russia on Monday.

Gubitchev's attorney, Abraham L. Pomerantz, informed Judge Ryan of the jailed Russian engineer's decision.

Pomerantz's statement was a reversal of his action yesterday when he refused to drop the appeal of Gubitchev's conviction.

U. S. Attorney Irving H. Saypol had indicated that Gubitchev waive all right of appeal of a 15-year prison sentence which was to be suspended on the condition Gubitchev go back to Russia "never to return."

The 33-year-old Russian engineer was offered a suspended sentence on condition that he leave this country "never to return." It was agreed that his pending appeal would be withdrawn.

The "deal" was suggested by the State Department as a move to forestall possible reprisals against Americans in Iron Curtain countries.

Miss Coplon remained in jail today, still unable to raise the \$40,000 bail allowed her on Monday for freedom pending appeal of her conviction and sentence.

Record Flood Of Tax Returns To Revenue Office

Raleigh, March 15 (AP)—The final filing day brought a record flood of income tax returns to the State Department of Revenue today.

Revenue Commissioner Eugene Shaw said the morning mail landed 40 bags of returns at the department's offices. Yesterday's mail had brought 25 bags and there were 20 on Monday.

The staggering load was the heaviest on record for this stage, Shaw said. The filing deadline is midnight tonight.

While the returns were pouring in, Shaw appeared before the Advisory Budget Commission to ask for more personnel to crack down on tax evaders.

Easy Money Is Scarce, Crime Wave Goes Up

York, S. C., March 15 (AP)—A shortage of easy money is responsible for a recent increase in crime in upper-central South Carolina.

That's the opinion of Solicitor W. Gist Finley, just back from three weeks of court in the sixth judicial district.

"There has been a heavy increase in robbery, homicide and sex crimes lately," the solicitor asserted, "and these crimes show no sign of abatement."

He said that in court sessions in Winnsboro, Lancaster and Chester dockets were unusually filled with "really serious crimes."

Drunk on Driving Tops Court List

Manslaughter Charges Run Second On Docket For March

Drunken driving tops the list of cases to be heard in the March term of Pitt Superior Court with manslaughter charges running second.

The mixed term of court which opens with civil actions March 20 will continue with the criminal term the following week. Judge Walter J. Bone of Nashville will preside.

Fourteen drunken driving charges are scheduled to appear for trial along with four manslaughter charges. Of the latter, three are to be heard by the Grand Jury with trial following any day a true bill of indictment is returned.

One murder indictment is scheduled for appearance this term, that of Jesse Brown, Negro, who is indicted for allegedly murdering his wife two weeks ago.

Only two liquor cases are up for hearing during the week, compared with a majority of cases during the January term. One larceny and two assault cases will be heard along with three reckless driving charges.

Of the civil actions tried next week, the number of requested divorces is low compared to past terms, there being only five. There are 19 civil actions scheduled to be heard during the four-day term.

Revenue Commissioner Eugene Shaw said the morning mail landed 40 bags of returns at the department's offices. Yesterday's mail had brought 25 bags and there were 20 on Monday.

The staggering load was the heaviest on record for this stage, Shaw said. The filing deadline is midnight tonight.

While the returns were pouring in, Shaw appeared before the Advisory Budget Commission to ask for more personnel to crack down on tax evaders.

Child Actress Reverses Story Of Mistreatment

Home of Rev. Alfred Sundstrum in nearby Burbank.

He said she told him "I had to get away, I couldn't stand it any longer."

The girl had stayed with the minister during last month's custody battle. The Michels were awarded care of the child over the objections of her natural mother, Mrs. Lena Brunson of Nederland, Tex., who had relinquished her several years ago.

In granting custody to the Michels, Judge Scott advised them to take the child out of the movies. A few weeks later, however, she went back to work in a picture.

Gov't Aims At Sterner Action On Tax Evasion

Seek Mop Up Past Cases In A Hurry; Record Sum Offered Tax Informers

Washington, March 15 (AP)—The government trained its guns on tax dodgers—past and future alike—as it came up to the 1949 income tax payment deadline at midnight tonight.

To get help in bringing to light new evasion attempts, it dangled before prospective tax informers a \$500,000 pool of funds available this year for evidence uncovering tax frauds.

To mop up on cases involving income amassed in the big war profit year of 1945, it asked grand juries over the country to rush indictments today lest the law's time-lapse limits bar further action. An indictment, or some other form of action such as the filing of a bill of complaint, has to be in the record by midnight to get within the time limit as to 1945 returns.

As for informers, they will have a chance to ring up a record haul this year for the third year in a row. There are more than 40,000,000 persons subject to the federal income tax. How many will try to cut corners is just a guess.

Last year was a big year for informers—and the government. The government paid out \$449,986 to 97 informers, in rewards ranging from \$25.86 to \$47,072, for aid that led to the recovery of \$8,187,914 in taxes that otherwise would have escaped detection.

That completely overshadowed the previous record tallied in 1948, when informers rewarded totaled \$99,976 and led to recoveries totaling \$2,351,908.

The main reasons for tax informers' patriotic desire to prevent evasions, disbursement of money with their bosses, family feuds and jealousies, and women scorned—endure in peace as well as in war.

A paid informer has to produce something that will serve as evidence in court—not just say "so and so is evading taxes." He also has to ask specifically for a money reward in order to get one.

One of the more notable tax cases involved a bribe to be who got left standing at the church. She was not only the balking bridegroom, but also his father and other relatives.

Tax agents got their biggest kick however, out of a case where the bureau picked an informer for extra taxes—which he owed on a reward he had received but hadn't reported as income on his next return.

Smith Opens His Headquarters In Raleigh Hotel

Raleigh, March 15 (AP)—Willis Smith promised today to carry his campaign for the Democratic senatorial nomination into every county in North Carolina before the May 27 primary.

Smith spoke briefly to a group of well-wishers who gathered for the formal opening of his campaign headquarters in the Sir Walter Hotel here.

As the Saturday deadline for filing neared, Edgar T. Williams of Charlotte, filed with the State Board of Elections for the Democratic nomination to Congress from the 10th district in opposition to Rep. Hamilton C. Jones.

The McCarthy Show

No Telling How Long The Senator's Attack On Loyalty Of Present And Past State Dept. Employees Will Last; The Chance He's Taking; Denials Flow In

Washington, March 15 (AP)—This is a strange show here. The hearings on Senator McCarthy's attack on the loyalty of present and former employees of the State Department.

No one is predicting how long the hearings will continue. The Wisconsin Republican's attack on the loyalty of present and former employees of the State Department.

People listed as suspects by McCarthy will be given a chance to answer him in front of the same subcommittee and the lights and cameras.

One of them, Miss Dorothy Kenyon who testified yesterday and flatly denied McCarthy's charges against her, spoke of the damage to her reputation and wondered whether her denials could ever catch up with McCarthy's charges against her.

Senator Hickenlooper of Iowa, a Republican colleague of McCarthy, questioned Miss Kenyon and then said he has no doubt about her loyalty.

Whether the other charges, (Continued on page eight)

Tuesday, March 14, the Literature Department of the Woman's Club met at the home of Mrs. H. G. Haney. Assisting hostesses were Mrs. J. W. Tetterton and Mrs. J. C. Wooten. Mrs. Haney's guest was Mrs. F. E. Lanchie.

Mrs. J. C. Wooten and Mrs. W. H. Woolard served delicious refreshments at a table made especially pleasing with an attractive arrangement of candles, jonquils and greenery.

Mrs. J. Lindsay Savage, in her charming and humorous way, reviewed "First Ladies" (1789-1865) by Mary Ormsbee Whitton. This is a book of realistic life stories of our "First Ladies" from the period when "ladies were seen but seldom heard" down to the time of Mary Todd Lincoln, who was heard too often.

Mrs. Robert Lee Humber presided at the short business meeting. The next meeting of the Literature Department will be held on March 28. Hostesses will be Mrs. B. McKay Johnson, Mrs. J. C. Galloway, and Mrs. N. M. Posey. Program hostess will be Mrs. T. C. Basnight.

**Girl Scouts Celebrate Birthday**  
About 170 Girl Scouts with their leaders celebrated the 38th anniversary of Girl Scouting in the United States with a "birthday party" on Friday afternoon at the Rotary Club. Each Scout troop contributed to the delightful impromptu program by presenting a skit, song, dance, or pantomime.

Mary Will Long kindly brought her projector to show some of the films of interesting places and beautiful scenes that her family had made when on various trips. The films were in color and were enjoyed by all the Scouts.

Mrs. S. M. Crisp, Juliette Low chairman, provided very exciting refreshments and table arrangement. Camp Hardee was the theme carried out. On one end of the table was a miniature swimming area with sandy beach and boats. She had prepared one large birthday cake on top of which, outlined in red icing, was a picture of the lodge at camp. Three small cakes were similarly decorated to represent the Mohawk, Cherokee, and Aztec units. The Scouts literally "ate-up" Camp Hardee in addition to the cream that was served.

The Scouts brought their pennies to add to the "Juliette Low World Friendship Fund" which is used to promote international friendship among the youth of the world.

One troop presented their completed "Schoolmates Overseas Bags" at the party. This is another gesture that the Scouts are making to the youth of the war-torn European countries to encourage a lasting respect for friendly and cooperative living.

**Waited 80 Years To Taste Jam**  
Los Angeles, March 15.—(AP)—Eighty years ago Irwin S. Pierce's mother gave him a jar of black-berry jam. He opened the jam yesterday and said it tasted fine. "I couldn't resist the temptation any longer, said the 90-year-old Vineand, N. J., man.

**Delilah Clips Another 'Samson'**  
Detroit, March 15.—(AP)—Benny M. Sasser, 20, of Detroit, was proud of his long hair. And then his 19-year-old wife, Murtis, applied the shears while he slept, and he was aghast. Sasser took his complaint into court, and Monday received a divorce from Murtis. They were married in November, 1948.

**Laborites Again Defeat Censure**  
London, March 15.—(AP)—Britain's labor government last night beat a third conservative attempt in Parliament to upset the Socialist regime. The Tories unsuccessfully attacked laborite spending policies. The motion of censure by opposition leader Winston Churchill was defeated 308 to 288, giving the laborites a winning margin of 19.

The conservative attack was indirectly aimed at laborite handling of the nation's vast health scheme, leaders of which had asked for extra appropriations over the amounts of their 1949-1950 budget.

But before the vote was taken Sir Stafford Cripps, chancellor of the exchequer, told the House of Commons a halt would be called to expansion of the national health service. He also warned other departments to adhere to their budgets.

**Attempt Unsnarl NCEA Elections**  
Raleigh, March 15.—(AP)—An attempt to unsnarl the N.C. Education Association's presidential election tangle was scheduled to be made late today.

After a recount, C. M. Abernethy of Lenoir was declared the association's new president by the NCEA's canvassing committee Sunday night. He was declared victor over Mrs. Margaret McDermott of Winston-Salem, retiring vice-president, 8,830 votes to 8,812.

Miss Sara Olive Smith of Winston-Salem, Mrs. McDermott's campaign manager and a member of the canvassing committee, protested. She said the original count, never officially announced, had Mrs. McDermott the victory by 14 votes instead of loser by 18.

Today's special hearing was called yesterday by C. Reid Ross of Lenoir, chairman of a special consulting committee of NCEA directors. He called for a meeting of the consulting committee.

According to the minutes of a recent meeting of the board, the consulting committee was created "to settle questions arising concerning the work of the canvassing committee from whose decision there shall be no appeal."

## Tea and Dinner

### Honor Miss Brooks

Miss Lina Worthington entertained at a tea on Saturday afternoon at her home on East Eighth street, honoring Miss Virginia Brooks, bride-elect of Saturday.

Guests were greeted by Miss Worthington, Miss Brooks and Miss Anne Beatty.

Mrs. W. D. Pruitt, mother of the bride-elect, invited the callers into the dining room where delightful party refreshments were served by Miss Catherine Spearman and Miss Christine Jordan.

The bride-elect was remembered with a gift of china in her pattern and a corsage.

Out of town guests were Misses Eloise Morton and Pat Morton of Wilmington, Melba Brown of Bethel, and Miss Marjorie Williams of Kinston.

Miss Brooks was again honored on Monday evening at 8:30 when Miss Eunice McGee was hostess at a dinner party.

For table decorations Miss McGee used white tapers with white carnations and fern.

The hostess presented her honor guest hand-painted salt cellars made from sea shells.

An out of town guest was Mrs. Montie Bryan, of Hillside, Ariz., aunt of the bride.

**Mrs. Spilman Speaks To Inter Se Club**  
On Tuesday afternoon, Mrs. David Evans has hostess to the Inter Se Book club. Her new home proved a delightful setting for a spring day meeting. Jonquils, hyacinths and snapdragons, lent a spring atmosphere to the entire lower floor.

Mrs. Wendell Smiley, the club president presided over a short business session. Mrs. Smiley, the hostess, also had charge of the program.

Mrs. Evans introduced Mrs. J. B. Spilman, and announced that she had asked Mrs. Spilman to use any phase of her recent European trip that she would like to present to the club.

Mrs. Spilman, based her talk on Art and Literature intermingled with historical highspots and personal experiences. Famous women a-1 men of by gone days were mentioned and interesting facts were brought to light from the days of Disraeli and Queen Victoria. With interest the group followed Mrs. Spilman to the scene of Romeo and Juliet and other highlights of Shakespeare. Several familiar English poets were mentioned and quotations were given from them.

At the close of the program, books were distributed, after which the hostess invited the club into the dining room. Seated at the dining room table with its Italian cut cloth with pink snapdragon centerpiece, were Mrs. L. B. Garris and Mrs. J. H. B. Moore, who served a delicious salad course with coffee. Sweets were passed by little Miss Ann Evans, daughter of the hostess.

Guests were Mrs. J. B. Spilman, Mrs. Guy T. Evans, Mrs. L. B. Garris and Mrs. J. H. B. Moore.

**Attempt Unsnarl NCEA Elections**  
Raleigh, March 15.—(AP)—An attempt to unsnarl the N.C. Education Association's presidential election tangle was scheduled to be made late today.

After a recount, C. M. Abernethy of Lenoir was declared the association's new president by the NCEA's canvassing committee Sunday night. He was declared victor over Mrs. Margaret McDermott of Winston-Salem, retiring vice-president, 8,830 votes to 8,812.

Miss Sara Olive Smith of Winston-Salem, Mrs. McDermott's campaign manager and a member of the canvassing committee, protested. She said the original count, never officially announced, had Mrs. McDermott the victory by 14 votes instead of loser by 18.

Today's special hearing was called yesterday by C. Reid Ross of Lenoir, chairman of a special consulting committee of NCEA directors. He called for a meeting of the consulting committee.

According to the minutes of a recent meeting of the board, the consulting committee was created "to settle questions arising concerning the work of the canvassing committee from whose decision there shall be no appeal."

**Laborites Again Defeat Censure**  
London, March 15.—(AP)—Britain's labor government last night beat a third conservative attempt in Parliament to upset the Socialist regime. The Tories unsuccessfully attacked laborite spending policies. The motion of censure by opposition leader Winston Churchill was defeated 308 to 288, giving the laborites a winning margin of 19.

The conservative attack was indirectly aimed at laborite handling of the nation's vast health scheme, leaders of which had asked for extra appropriations over the amounts of their 1949-1950 budget.

But before the vote was taken Sir Stafford Cripps, chancellor of the exchequer, told the House of Commons a halt would be called to expansion of the national health service. He also warned other departments to adhere to their budgets.

This Spring, fashion is frilly... feminine... and so very nice! Yes, nice and natural... nice and graceful... nice and colorful! It's as natural as your own shoulder line... as your own waistline. It's graceful in its soft shirring, drapery and in the easy, flowing sleeves that give every woman a courtly air.

It's colorful in the range of colors... from the palest of pinks to the most vivid of violets... it's a blaze of color from your bra to your gloves.

Fashion is the subtle charm of a collar that is a cape... a cape that is a collar... in the inseparable separates that make the most of every wardrobe.

Spring is the sprightly, smart gal who wears her straw sailor at a forward-looking tilt... or frames her short, suave hair-do with a trim cloche.

Fashion for Spring is a mood that glitters at the ear with pendant earrings... glitters at the neckline with a bib necklace... that cinches the middle with a draped bodice-belt.

Yes, Spring is a lovely season and fashion is her hand-maiden with gay accessories of color and charm that cast a lovely spell.

### 'Family Night' Celebrated By Music Club At Meeting Tuesday

'Family Night' was celebrated at the Woman's Club Tuesday evening when fifty members of the Greenville Music Club met. Following a routine business meeting the program chairman, George Perry, introduced the program given by eight members of the club and their families. The result was an interesting and varied program and a pleasant experience for all the club members present.

Mrs. Charles A. White and her children presented the first musical group. It included the themes from Brahms' First Symphony and Schubert's unfinished Symphony and Song of India arranged for rhythm band piano and cornet. Miss Barbara White sang 'My Hero' from the Chocolate Soldier. She was accompanied by the family orchestra. Members of the rhythm band were Anna, Elizabeth, Barbara and George White. Charles White Jr. was cornetist, Elizabeth White, tonettist and Mrs. Charles White was at the piano.

Among the vocal soloists for the evening were Mrs. J. Knott Proctor and Mr. Spruill Spain, accompanied at the piano by Hannah Proctor and Sudie May Spain, respectively.

Mrs. J. L. Oppelt also accompanied her husband who sang two numbers. The Howard Bodkin family was represented by Mrs. Howard Bodkin, her son, and Miss Ruth Little of Winterville. Miss Little sang 'Caro Mio Ben' and 'The Star' by James Rogers. Mrs. Bodkin accompanied her at the piano and later played for her son who did a tap number. Mrs. J. H. Waldrop and her daughter Miss Mary Anne Waldrop sang a duet. Grayson Waldrop accompanied them at the piano. Mary Anne then accompanied her mother as she sang the solo 'Yesterday and Today.' Dr. H. G. Haney presented an unusual musical monologue entitled 'Memories of the Old Sweetheart of Mine.' Mrs. Haney furnished the musical background.

The program closed with an instrumental group by the K. V. Gilbert family, a seventeenth century Sonata in G, minor written especially for piano, flute, and strings.

Refreshments were served by the hostess committee, Mrs. J. L. Oppelt, Mrs. H. G. Haney, Mrs. J. Vance Perkins, Mrs. Harvey Ward, and Miss Ona Schindler.

### Morning Blaze Destroys School

Fayetteville, March 15—(AP)—Fire of undetermined origin today destroyed the Central High School in Eastover township, about nine miles from Fayetteville.

The flames were discovered about an hour before classes were scheduled to start. By the time Fayetteville firemen reached the scene, the building was a mass of flames. Damage was estimated at between \$150,000 and \$200,000.

It was the township's third school fire in the past 15 years. The one-story structure which burned today had replaced the Eastover school which burned in 1938. Two men were convicted of setting that fire and were sent to prison. The Eastover school had been built in 1936 to replace another burned out school building in the same vicinity.

The Central school, one of the largest consolidated high schools in Cumberland county, has an enrollment of 283 students. Its staff of 11 teachers is headed by Principal D. S. McCormick.

Marty Costa's 32 points against American U. and his team's 82 points against West Virginia represent new scoring highs for Penn State basketball.

### Wants Help For Tax Crackdown On N. C. Evaders

Raleigh, March 15—(AP)—With the state's income tax deadline at midnight, Revenue Commissioner Eugene Shaw announced he wants more personnel to crack down on tax evaders.

Shaw scheduled an appearance before the Advisory Budget Commission today to ask for permission to hire 25 additional auditors, and deputy collectors.

Shaw said that a number of new workers added to his staff since last July have collected \$16 for every \$1 they cost. He estimated that 25 more employees added to his staff would bring in \$12 for each \$1 they cost the state.

### Invite Reuther To Talk Strike

Washington, March 15—(AP)—Federal Mediator Cyrus S. Ching invited Labor Leader Walter Reuther today to discuss the auto workers' strike at the Chrysler Corp. The bid indicated mounting government concern over the long deadlock.

The strike began Jan. 25 over the union's demand for a 10 cent hourly allocation per worker to cover \$100 monthly pensions or a wage increase. The company refused to earmark any pension amount for each employee, and the 90,000 production workers walked out.

Strength FOR THE DAY THE SCARLET LETTER The year 1850 marks the one hundredth anniversary of the publication of "The Scarlet Letter" by Nathaniel Hawthorne. The passage of a century has only confirmed the place of this book as one of the great American novels. Current editions by a dozen publishers testify to its unflagging popularity. The appeal of "The Scarlet Letter" for generations of readers has a sound basis. The story is a gripping one, laid in the fascinating historical setting of seventeenth-century Boston. The plot is concerned with great love and great hatred, enduring strength and intense weakness — qualities so central to human life that they always draw and hold us. But in addition to being a powerful story of life and death in early America, "The Scarlet Letter" is a great and moving allegory. It shows us in a pageant of fire and darkness the inevitable consequences of sin. A single sinful act is selected by the author, and its effects and counter-effects are patiently traced. Like the ripples from a stone dropped in water, the results from the original act spread wider in all directions, engulfing the lives of those most nearly concerned, and visibly stirring, in one way or another, the community as a whole. To read "The Scarlet Letter" is an experience which no mature person should deny himself.

IRONICAL! On the eve of March 15 when millions of people throughout the country were struggling to meet the payments of their income taxes — a large portion of which has been levied under the auspices of President Truman — the press releases related that the President and his yacht were struggling in heavy seas off the Southern coast. The seas are running high for Truman, but the people of the Southern States had nothing to do with the sort of coast would have for the President. On the other hand, federal taxes are running high for the individuals of the South as well as all other states of the union, and President Truman has had a great deal to do with the rough sailing the tax payers of the nation are encountering.

THE RED CROSS The Pitt county chapter of the American Red Cross is now in the midst of its 1950 drive for funds. More than 200 volunteer workers throughout Pitt county this week are devoting their time to soliciting funds for this worthwhile organization. Hardly a week passes without the papers throughout the nation carrying an account of the Red Cross aiding people in some locality who have been stricken with a disaster. The major feats of this organization of mercy hit the headlines, but the routine missions of mer-

cy which are performed every day by the thousands of local chapter offices throughout this great nation go almost unnoticed amid the hustle and bustle of our harried lives. The Red Cross serves not only large groups in time of disaster, but hand-fuls of people and individuals who are in need. These are the qualities which make the organization an essential part of the life of every community. Pitt county, it is true, fortunately has not had to call on the Red Cross because of a catastrophe, but when a freak cyclone destroyed several homes in the Grifton community a few years ago, the Red Cross immediately sent aid to the stricken families. Hardly a day goes by in which some individual is not helped through the local office. The Red Cross, in the service it is rendering not only to the people of Pitt county, but to peoples all over the world, is worthy of the support of every person in the county.

Around Capitol Square INSPECTION — The current "friendly row" between the department of agriculture and the department of revenue over inspection tax liability of fuel oil may uncover some things which many people would just as soon not have publicized too much. The state gas

was bashed. Worn out, I rushed home to tackle the topic of the day: income tax. If you have time to read this column you completed your tax listing weeks ago. But this stuff I'm writing today will only make you wish you had the blank back to make a few corrections. Ed Lockett in Collier's magazine sheds some interesting light on the tax question in his article entitled "How Lax Is Your Income Tax?"

Ed says U.S. tax collectors will find about one out of every four of the 53 million forms to be incorrect, either accidentally or on purpose. "At least half a million taxpayers will forget to sign their names to their returns. Many others will send in last year's refund checks. Others will present Uncle Sam with all the difference between what they earned and \$600, the lowest income on which a tax return must be filed. "Most mistakes on tax returns are altogether unintentional and mathematical. In other cases taxpayers honestly misunderstand tax form language, like the woman who thought 'surtax' applied only to men, or the man who sent in \$10.40 for taxes because the figure 1040 printed in the upper right-hand corner of the tax blank was 'the only thing I could understand.' "Another big slice of errors falls into the 'maybe-this-will-get-by' category. One man deducted depreciation on his wife. When the collector disallowed it, he complained, 'I don't know why. She's about worn out, and can't even get breakfast any more.' "Taxpayers who misunderstand regulations or make honest mistakes seldom suffer severe penalties if they admit error and pay up. The man who tries to deduct expenses for a Florida trip on doctor's orders to take a rest is

was reached before a controlling decision was handed down. VALUATIONS — Almost every county and practically all the towns in North Carolina are facing serious problems of property valuation for tax purposes. Municipalities are hardest hit, because valuations are fixed by county commissioners who often do not have intimate knowledge of municipal problems or of city values. Chief cause of present trouble is the fact there has been no general comprehensive revaluation of property since the war. OUTMODED — Other states are having similar trouble. The appraisal committee of the National Association of Assessing Officers is reporting in a recent news release as saying there is no longer justification using pre-war price levels for determining present values. "All available evidence indicates that, except in the event of economic changes of catastrophic proportions, the nation's economy will never return to the pre-war level," the committee said. The failure of assessing officers to employ a realistic price level has resulted in unrealistic tax rates and false pictures of financial stability, the committee added. LEGISLATIVE — For many years general law has required complete revaluation of real estate in North Carolina every four years. Every session of the legislature has had numerous local bills, and some of statewide application, postponing the revaluation. Charlotte and Mecklenburg county have just made a contract with a special assessing firm to revalue property there. Cost of the appraisal survey will be nearly \$400,000. Almost certainly the 1951 general assembly will be forced to take some positive action on the valuation matter. That will be just one more hex for the legislators — whose Pandora's box of bothersome problems is already full. Distribution of school building money, matching funds for health and welfare, and other phases of state-local cooperation make it almost necessary to establish state uniformity in basic values.

VALUATIONS — Almost every county and practically all the towns in North Carolina are facing serious problems of property valuation for tax purposes. Municipalities are hardest hit, because valuations are fixed by county commissioners who often do not have intimate knowledge of municipal problems or of city values. Chief cause of present trouble is the fact there has been no general comprehensive revaluation of property since the war. OUTMODED — Other states are having similar trouble. The appraisal committee of the National Association of Assessing Officers is reporting in a recent news release as saying there is no longer justification using pre-war price levels for determining present values. "All available evidence indicates that, except in the event of economic changes of catastrophic proportions, the nation's economy will never return to the pre-war level," the committee said. The failure of assessing officers to employ a realistic price level has resulted in unrealistic tax rates and false pictures of financial stability, the committee added. LEGISLATIVE — For many years general law has required complete revaluation of real estate in North Carolina every four years. Every session of the legislature has had numerous local bills, and some of statewide application, postponing the revaluation. Charlotte and Mecklenburg county have just made a contract with a special assessing firm to revalue property there. Cost of the appraisal survey will be nearly \$400,000. Almost certainly the 1951 general assembly will be forced to take some positive action on the valuation matter. That will be just one more hex for the legislators — whose Pandora's box of bothersome problems is already full. Distribution of school building money, matching funds for health and welfare, and other phases of state-local cooperation make it almost necessary to establish state uniformity in basic values.

And I thank you.

Boyle's Column By HAL BOYLE New York—(AP)—There are two unusual things about Herbert Fischbach. He is one of the few men in America who collect silver cornerstone-laying trowels. And he is the only man in America who is building what he calls "the largest single unit apartment house in the world." At 31 Fischbach is the current Boy Wonder of Manhattan real estate. He is supervising the erection of a \$12,000,000 massive, luxury-type apartment building for 651 families on a Riverside Drive site where only one family used to live. But the family was that of the late Charles

Schwab, the steel Titan. The new building will replace the elegant 75-room stone chateau built by Schwab at the peak of his wealth and once known as "the finest home in the United States." Schwab poured from \$5,000,000 to \$10,000,000 in it, and died insolvent. An odd fact about the chateau: Its refrigerators could hold 25 tons of meat, but Schwab in his last years ate only a boiled egg for dinner. "Steel started going up for the building last week, and it'll be finished by Nov. 1," said Fischbach. "But already it is 70 per cent rented."

The apartments have about everything the wife of a city slicker might ask: automatic waste-disposal units, electric dishwashers, fireproof paint, big closets with built-in drawer space, and maid, valet, catering and shopping services. Most apartments have either two or three television outlets. "Many families today find one television set isn't enough for their needs," he explained. "There is a growing trend toward more gracious living." There must be, as the apartments rent from \$1,200 a year for a two-room unit to \$3,600 for a super-duper penthouse. But Fischbach feels the market for suites in this price range is far from glutted. He hopes to build more. How he got the assignment to build the new "Schwab house"

project is quite a business success story in itself. Fischbach quit college at 20 to learn the building business from his father, an electrical contractor. He and a partner started their own real estate firm ten years ago on a \$500 investment. The partner dropped out in 1941, but Fischbach, gambling on a growing America, kept expanding his firm rapidly. When the Prudential Life Insurance Company bought the Schwab home site for a mammoth apartment house, Fischbach did some preliminary surveys for it. "For reasons of their own, however, the Prudential people decided to abandon the project—and to sell," he said. "Every big builder and investor in town then tried to acquire the site."

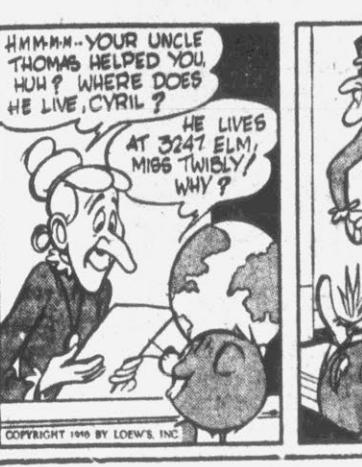

Young Fischbach and the syndicate he operates with won by a simple gesture. "We put up \$1,650,000 cash—and nobody could top it," he recalled. "That convinced the life insurance company we were investors—not speculators—and they financed the mortgage for us..." During the planning of the project Fischbach learned that the cornerstone for the old Schwab chateau had been laid with a silver trowel. He located and bought it. Then he found out that in the old days special silver trowels were fashioned for the cornerstone layings of fam-

ous buildings, a custom that now has pretty much died out. He has about 20 of these fancy old trowels—they cost from \$25 to \$100—but he has to keep them in his office. "I do that to keep them away from my wife," he grinned. "She wants to use them for cake knives."

18-Foot Shark Jumped In Boat MELBOURNE—(AP)—When a 18½ foot shark leaped into their small fishing dinghy, two men and a woman fought it for 10 minutes before killing it. Fred Gay finally killed the shark by hitting it on the head with the tiller. Neither Gay, Douglas Miller nor Miss Edna Martin were seriously injured by the shark's thrashing tail and snapping jaws. Said Miss Martin: "I'll never go fishing again."

### Asserts Coffee Profits Remain At Former Level

Washington, March 15—(AP)—The president of the A.&P. Coffee Division said yesterday his company is making exactly the same profit on a pound of coffee that it did a year ago.

Francis M. Kurtz told a Senate agriculture subcommittee that A.&P. made 1.05 cents before taxes on a pound of coffee last year. The profit for the year ending Feb. 25, Kurtz said, was exactly the same.

"This one cent per pound is the total profit A.&P. receives for procuring and processing the green coffee, importing, roasting, packing, transporting, grinding and retailing it to the American consumer who buys it in our stores," Kurtz said.

"To my knowledge, this is the first time A.&P. has ever divulged its profit per pound of coffee, and I am personally sorry that it has not been done before as it is an accomplishment of which any company in any country can be proud."

The committee, headed by Senator Gillette (D-Iowa), has been investigating food prices, particularly the skyrocketing coffee prices of last fall.

Kurtz conceded that A.&P. had raised the price of coffee at a time when its costs weren't going up. But it did this, he said, because it felt the increase should be gradual.

"Otherwise," he said, "we would have had to increase the price 25 cents a pound overnight as soon as our supply ran out."

To have done otherwise, he said, would have been "very disorderly marketing."

He didn't have much encouragement for the possibility of a price drop.

If demand remains the same, he said, prices are likely to remain at or near the present level.

Research on radar, war-developed detection device, actually began as far back as 1932.

### Leopold Wins By Close Margin

Belgians voted by a narrow margin Sunday in favor of restoring King Leopold to the throne from which he was barred for surrendering to the Germans in World War II. The ex-king poses with his wife, Princess de Rethy. The referendum was only an advisory vote. The slim margin of approval for recall, 57 per cent, threatens to touch off a political crisis if pro-Leopoldists actually try to force parliament to restore him to the throne. (AP Wirephoto).

### Byrd To Address Tar Heel Group

Raleigh, March 15—(AP)—The N.C. Citizens Committee met today to elect new officers and hear Senator Harry F. Byrd of Virginia.

Byrd, a Democrat and an economy advocate, will be introduced at tonight's dinner session by former U.S. Senator William B. Umstead of Durham.

### Caesarean Birth Reported Safer

Pittsburgh, March 15—(AP)—A panel of top-flight baby doctors reports birth by Caesarean section—surgical delivery of a baby—has become safer for a mother than for her child.

At a meeting of some 700 physicians, members of the American College of Surgeons, Dr. Franklin L. Payne, professor of obstetrics and gynecology at the University of Pennsylvania, declared Caesarean deliveries are now ten times safer for mothers than they were 30 years ago.

Since 1920, Dr. Payne reported, the death rate for mothers following Caesarean deliveries has dropped from one in ten to one in 100. The decline in infant mortalities following such operations, he said, has not been as great. The infant death rate, he said, is now about six in 100.

Another member of the panel discussion which yesterday marked the opening session of a two-day meeting was Dr. Charles J. Barone, Pittsburgh surgeon.

Dr. Barone said recent medical advances have turned the tables on age-old tradition which held Caesarean deliveries were always more dangerous for the mother than for her unborn infant.

Caesarean deliveries have been known to medicine since the time of the Roman Empire 2,000 years ago. They are named for Caesar, not because he was born that way, but for a law issued during his reign which ruled that such births were legal.

### Britain Will Get U. S. Superforts

Washington, March 15—(AP)—Great Britain will get B-29 super fortresses under the arms aid program, the Defense Department announced yesterday.

It said the first flight of four of the bombers will take off next Monday for England from Andrews Field, Md., near Washington. They will bear Royal Air Force markings but will be flown by American crews.

The total number of superforts to be sent to Britain was kept secret.

The department said the four leaving Monday will be the first American planes to reach Europe under the military assistance program.

The French aircraft carrier Dixmude is loading 48 Navy-type planes in Norfolk, Va. The carrier is expected to start for Bizerte, French North Africa, about March 17. In the meantime, French naval airmen and ground crews are being trained in the handling of the American craft.

### Distrusts 'Love At First Sight' As Poetic Idea

Washington—Dr. Winfred Overholser, superintendent of St. Elizabeth's hospital here, doesn't take much stock in love at first sight. "There are times when you can't trust your instincts, and the selection of a mate is one of them," says Dr. Overholser, who also has been professor of psychiatry at George Washington University Medical School since 1938.

Dr. Overholser says the "love at first sight theory" is a figment of the poets. An engagement should be a matter of months "to be sure there is compatibility and no jarring traits." Even the so-called "love at first sight" romance of Dante and Beatrice was legend, he says. He visited Florence, Italy, last year and says that if Dante fainted on seeing Beatrice on the Santa Trinita bridge over the Arno it was "from some other reason." The poet had known Beatrice, whom he immortalizes in his "Divine Comedy," since early childhood.

Love that develops into a lifetime teaming-up is built on a reasonable period of understanding and adjustment. It's not the result of a flash-in-the-pan relationship. He says:

"In general the betting is better for good marriage relationships if each of the parties knows the other well and they have a common religious, racial, economic, social and educational background." Dr. Overholser says many marriages which result in divorce are neurotically conditioned.

"A lot of people don't grow up," he says. "Often a man is looking for someone to replace the mother-figure in his juvenile imagination, or the woman a replacement of the father-figure." He thinks considerable damage is caused by over-affection on the part of parents, especially mothers, who because of their closer contact with the child, are prone to pamper.

"I am convinced more damage is done by over-protection than by neglect," he says. It's different in the marriage set-up. He concedes that "husbands are still pretty much like children and expect to be pampered." The successful marriage, he says, depends more on the wife than the husband. She must learn to make more adjustments.

"Women are biologically stronger than men and endure longer. Any man who expects to be boss is kidding himself," says Dr. Overholser, who has been married, but happily, for 30 years and ought to know what he is talking about.

### The Hard Way

Cumberland, Md., March 15—(AP)—A couple of burglars either can't read or like to pull a job the hard way.

They broke into a safe here yesterday after hacking at the handle and finally removing the pins from the safe's door hinges. The loot was a razor and 20 cents.

On the side of the battered safe the company had painted: "No money inside." And beneath that—the combination.

### Cold War Shows Profit To Soviet

Berlin, March 15—(AP)—Russia makes an annual profit of \$500,000,000 from the cold war in Germany while the United States loses at least \$700,000,000, Western allied economists estimated today.

The economists put it this way: Untrammelled by four-power restrictions, the Soviet government takes its profit in the form of current production from East Zone industries.

Labeled "repairs," East German heavy machinery, chemicals, optical goods, electrical apparatus and other manufactures flow steadily to the Soviet frontier.

In addition, the Kremlin physically owns 30 per cent of East German factories as Soviet stock companies.

By contrast, the United States has pumped as much as \$1,000,000,000 dollars a year into West Germany as postwar relief and recovery aid. Such American expenditures during the current year are expected to reach \$700,000,000.

### Prison Sentence For Lye-Thrower

Laurinburg, N.C., March 15—(AP)—A lye-throwing thief yesterday drew 32 years in prison.

Eddie Lee Russell, 40-year-old Laurinburg Negro, threw lye in the face of a woman storekeeper in early February and scooped about \$40 from the store's cash register.

Mrs. Solomon McCormick, 53, sustained severe facial, leg and arm burns.

### PREPARATION FOR LIVING

The United States has more students in secondary schools than all the rest of the world put together. Today, more and more parents are saving regularly in order to give their children the benefits of higher education. Many others borrow to pay tuition costs. The American banking system through its deposit facilities, its loans for educational purposes and its cooperation with schools and colleges, is helping our country to raise its educational standards to a still higher level.

# Worst Defeat In 20 Years For Rupp

### CCNY Slaughters Kentucky, 89-50, In Quarter-Final Round Of NIT; Duquesne Ekes Victory Over LaSalle

New York, March 15—(AP)—The National Invitation Basketball Tournament—an old bugaboo for Adolph Rupp—again is haunting the Kentucky mastermind. This time "the Baron" sees Beavers running about.

The Beavers—from CCNY—dealt Rupp his worst defeat in 20 years at Kentucky at the quarter-final round of the NIT last night. The score was an unbelievable 89 to 50.

Thus, City's white-hot quintet will meet Duquesne in the semi-finals Thursday night. Duquesne advanced with a 49-47 victory over LaSalle of Philadelphia in the opener. Bradley and St. John's will play in the other semi-final game, with the finals set for Saturday.

"I figured we'd win this thing," Rupp said following the rout. "No excuses, my boys were the worst ever."

Defeat in the NIT is nothing new for Rupp, his "fabulous five" was blasted out in the quarter-finals last year by Loyola of Chicago. In 1947 it was Utah's "Cinderella" outfit which upset Kentucky's favored apocryph in the final. The Wildcats did take the NIT title in 1946 with a 47-46 victory over Rhode Island State.

Nat Holman's slick crew could do nothing wrong. Powered by Ed Warner, Irwin Dambot and Ed Roman, the Beavers rallied to a 13-1 lead and held a 45-30 halftime lead over the bewildered Southeastern Conference champs.

The Wildcats drew within 16 points in the second half, but City promptly whipped in 16 straight points as partisans in the crowd chanted "pour it on, City; pour it on, City."

Bill Spivey, Kentucky's seven-foot center, was shackled with four fouls and spent nine minutes of the first half on the bench. He netted 15 points.

## Pressure Is Off On Johnny Groth

Lakeland, Fla., March 15—(AP)—Johnny Groth, acclaimed as rookie of the year last spring, is happy to be "just another ball player."

"It is a lot better with the pressure off," said the 23-year-old Detroit center fielder. "Now I'm just another ball player."

Last spring the boys pulled out all the stops when raving about Groth. He was the greatest rookie since Joe DiMaggio. Slick magazines flashed his handsome photo from every newsstand. "Can't miss" was the capsule comment.

Groth started out like another DiMaggio, too. Two home runs opening day. Then another. And another of three weeks he was hitting .393. "Nobody could keep that up."

"I was almost afraid to go up there and make out," said Groth with a grin. "I knew it had to stop soon."

It did. Gradually the batting average declined to more modest proportions. He finished up at .293, missing the last six weeks because of a broken wrist.

"I think I learned a lot last year," said Groth. "I worked hard, trying to learn how to hit that curve ball better. Maybe I throw to the right base more often. But there's so much more to learn."

## Middlecoff And Ransome Going Into Final Round

Palm Beach, Fla., March 15—(AP)—Defending Champion Henry Ransome and National Open Champion Cary Middlecoff battled for top money today in the final round of the 11th annual Seminole Golf Club's \$4-hole \$10,000 tournament.

Middlecoff, playing out of Ormond Beach, Fla., set a new competitive course record yesterday over the rolling 6,395-yard Seminole course with his eight under par 64 and a 36-hole total of 137.

Ransome, of St. Andrews, Ill., who led the field of 42 professionals on opening day with a three under par 69, was one stroke better yesterday with 34-34-68. Ransome won the tournament in 1948 and 1949 and has been under par on every round in the three tournaments.

## Cincinnati Has Slugging Team

Tampa, Fla., March 15—(AP)—Maybe it's just an early spring surge of power but those Cincinnati Reds suddenly have become sluggers.

They only have a 2-2 record in their first four exhibition games, but in the last three tilts they have belabored Detroit Tigers and Philadelphia Phil pitchers for 25 runs on 36 hits. The hit production has included eight home runs, four triples and seven two-baggers.

The Reds came through with a 7 to 5 triumph over the Phils yesterday with Ted Kluszewski and Ron Northey contributing the homers.

## Backfield Star Going To Duke

Goldboro, N.C., March 15—(AP)—W. D. Junior McCoy, star backfield man on Goldsboro high school's football team, has announced he will enter Duke in the fall.

McCoy, widely sought, starred as a fullback and quarterback. He is 5-10 and weighs 150 pounds.

## Single Contest Tonight Will Open Midget Tourney

The first game of the Greenville Invitational Midget Tournament goes on the floor tonight at 7:30, pairing the Red Imps of Farmville against Wolves of Winterville.

Except for tonight's single tilt, the remainder of the three-day tourney will be a consolation affair. The first-round losers battling it out for a consolation trophy. The Farmville-Winterville game tonight will be sudden death to the loser.

Advance information concerning the two teams would indicate Farmville the winner. Coached by Frank Ceruzzi, East Carolina student, the Red Imps hold a record of nine wins in 14 outings. They hold two wins over the Ayden Midgets and a like number over the Kinston team. They also won the Pitt graded school tournament held at Fountain three weeks ago.

Employing a zone defense, the Farmville five is paced by Teeny Hathaway, a guard who has averaged 12 points per game. Others on the squad backing up Hathaway are Jack Allen, center, who shoots equally well with either hand, and Bert Warren who uses a push shot for his scoring. Carroll "Hump" Allen is the defensive mainstay.

The Winterville Wolves are coached by Rommie Mallison, now in his first season as coach, the team there having been organized this year. They have played no games against outside competition but have been playing among themselves for three years.

The Wolves are led by guard Ed Evans and center Dean Wingate. Both boys are close to 5'8" in height.

The winner of the game tonight will meet Kinston tomorrow night in the quarterfinals at seven o'clock. All games are to be played in the high school gymnasium.

## Kiner Sprains His Right Wrist

San Bernardino, Calif., March 15—(AP)—Home run slugger Ralph Kiner sprained his right wrist yesterday in the Pittsburgh Pirates' exhibition game with the Chicago White Sox. Kiner will be out of the Blue lineup anywhere from two days to a week.

The mishap occurred in a collision with White Sox first baseman Herm Reich. In attempting to make a catch in the fourth inning Reich backed across the number one sack and bumped into Kiner. Ralph fell on his right hand.

## Feller Set For His First Stint

Tucson, Ariz., March 15—(AP)—Bob Feller, who hopes to become a 20-game winner again this year, was set to make his first exhibition start for the Cleveland Indians today.

Manager Lou Boudreau listed him for a four-inning stint against the Oakland Oaks of the Pacific Coast league. The tribesmen returned to their home base after the New York Giants handed them a 5-3 beating yesterday in Phoenix.

Four golfers — Francis Ouimet, Chick Evans, Bobby Jones and Johnny Goodman—have won both the U.S. Amateur and Open during their careers.

Jackie Jensen is in a fine spot to build a future with the New York Yankees. As a bonus player, Jackie must be retained by the Yankees, or sold at the waiver price. Under the circumstances you may rest assured that the Yankees are going to give him every chance to make the grade.

The former University of California All-America footballer was assigned to centerfield when he reported at the Yankees' camp in St. Petersburg, Fla. In Oakland, where he played his first and only year of professional baseball, Jensen was a left fielder. Manager Casey Stengel, most likely, considers Jackie as future replacement for Joe DiMaggio. After all, Jolting Joe is going on 36, and even the great

## Two East Carolina Contenders

Two East Carolina contenders in the annual Southern Conference Invitational boxing tournament to be held at Columbia, S. C., this week are shown above with Coach Johnny Long and Dr. N. M. Jorgensen, college athletic director. They are Cecil Phillips, undefeated 145 pounder, who is expected to carry the hopes for the Pirates in the annual glove event, along with Cleon Smith, featherweight fighter, and captain of this year's boxing team. Phillips is shown at left, while Smith is pictured at right. Bill Torrains, Pirates' third entry, was not present when picture was taken. (Reflector photo by Roy Hardee).

## Stargardt Out Of Buc Lineup For Tournament

Loss Is Blow To East Carolina's Hopes In Southern Invitational Boxing Event; Williamson In Exhibition

Disheartening words came from East Carolina's boxing coach, Johnny Long, early this morning as it was reported that fighter Ken Stargardt would be unable to participate in the Southern Invitational boxing tournament.

According to Dr. C. F. Irons, college physician, Stargardt has a severe case of influenza, and would be unable to participate in the annual glove event.

The outstanding 155 pounder's loss will be a severe blow to East Carolina's hopes for the boxing tournament.

Three members of this year's boxing team departed this morning, along with Coach Johnny Long and Athletic Director Dr. N. M. Jorgensen.

Members making the trip were Cecil Phillips, Bill Torrains, and Cleon Smith. These fighters are expected to carry the hopes for East Carolina, as the local ring team makes its first bid in the "big stepping" against strong Southern conference competition.

Many southern colleges and universities are entered in the three-day boxing event to be held at Columbia, S. C., this week, March 16, 17 and 18. They include Louisiana State, national collegiate boxing champs; University of Maryland, Eastern champs; and University of South Carolina, Southern conference ring champs, who are acting as host to the boxing tournament.

Other schools entered are Miami U. and Catholic U. of Washington, D.C.

Undefeated Cecil Phillips, 145 pound slugger, will be the leading contender for Coach Long's squad. Dark-haired Phillips has not suffered a loss in five collegiate bouts this year, and is a former holder of the Florida State high school championship for two consecutive years. Phillips also won recognition while in service, as he was a winner in the Austrian armed forces tournament, and runner-up in the ETO glove event.

Battling Bill Torrains, 165 pounder, and Cleon "Little King" Smith, 125 pounder, will also make strong bids for East Carolina in the light heavyweight and featherweight divisions, respectively.

Torrains is a winner of 14 out of 17 matches, and recently defeated VAC's Charlie Weeks here, while Smith was captain of this year's Pirate pug.

In addition to the above threesome, Crowell Williamson, sensational freshman fighter this year, has also been extended an invitation to the SIBA event on recommendation by Rex Enright, commissioner of the annual event.

Williamson will meet South Carolina's Ernest Gurney in an exhibition bout in the 155 pound class.

## Black Cats Move Up In Carbon Bowling League

The Black Cats of the Carbon bowling league, late cellar dwellers among the four teams, emerged Monday night and moved into a tie with the Nine Lives for second place.

The Cats vacated their quarters by beating the Nine Lives two games to one. By virtue of the two-team tie, the Evereadys, a hot and cold team, now resides in third place due to a clean-sweep administered to them by the league leaders, the Penites.

Joe Tabar carried the hopes of the Cats in winning the two by bowling lines of 153 in the first, 108 in the second and 117 for the third. Supported by Ila Gay, whose high-point game was the second with 134, both notched two pins on their last week's average, Gay with 98 and Tabar with 113.

The Penites continued to be the class of the league in the triple killing of the evereadys. Five of the six bowlers either raised their average or maintained it as is. Gordon Terry was the only one to go under, dropping one pin from 126. Sam Brooks, the night's high single leader with 457, raised his 21-game

## Calumet's Citation In A Hurry To Win Million

San Bruno, Calif., March 15—(AP)—Trainer Jimmy Jones today pictured his pet speedster, Citation, as a horse in a hurry. A great hurry to earn a million dollars, and retire to the stud.

Citation, the great, surged near the millionaire ranks in \$25,000 to \$100,000 spurts. Then he was injured and retired for 14 months to rest.

Returned to the races at Santa Anita's rich winter meeting, the Calumet star appeared certain of becoming the first horse ever to collect \$1,000,000 in purses. But a dark brown streak named Nour outsped the brilliant bay in both the \$100,000 Santa Anita and \$50,000 San Juan Capistrano handicaps.

That left Citey with a mere \$909,200.

So now, says Jones, "We're in something of a hurry. We have a definite goal. We want Citation to be the first horse to earn a million dollars. When he does that, he'll be retired to the stud."

"We're here to run; make no mistake about that."

That can mean only one thing, Citation, who used to spurn small purses except for an occasional prep, is going to shoot for peanuts—or hay and oats, at Tanforan race track here. And at nearby Golden Gate fields, which follows Tanfo.

## President Of Pittsburgh Nine Says He's Satisfied With Club Progress

San Bernardino, Cal., March 15—(AP)—Frank McKinney, president of the Pittsburgh Pirates, says he's satisfied with the progress being made toward the goal the owners set themselves when they bought the club three years ago.

"Our setup now gives us the opportunity to separate the wheat from the chaff," McKinney said. "The results over the past two seasons have been toward that young team each club strives for—but has

## Ayden Girls Win Second Round Of All-State Event

Southern Pines, March 15.—(Special to the Reflector)—Pitt County's girl champions got the scare of their lives last night before beating a valiant Fairmont team 37-30 in the second round of the Invitational Tournament to determine an unofficial state girls champ.

The Pitt County sextet spotted the Fairmont team three quarters, trailing at the half 21-16 and 25-24 at the third.

But they came back in the final eight minutes to break a tie with three minutes remaining to go ahead for keeps. Even-even at 30-30 with three minutes to go, Alice Jean Cox pushed in a tie-breaking goal to put her mates ahead two points.

From there on in they froze the ball. Fairmont came out after it and as a result Ayden laid in three extra goals to deep-freeze the score.

Cox, the game-saver of this one as in last Saturday's Pitt tourney against Farmville, was the night's high scorer with 21 points. Catherine Wooten was runnerup with 14 to again round out the Cox-Wooten combination which has put the Torrades on the basketball map.

Annie Mae Cox, Margaret Andrews and Dot Jackson were the defensive stars in the game for Ayden.

Leading the Fairmont team was Nell Hardin, a 6'3" center, with 19 points, followed by Ann Lewis with five. Defensively, Floyd was the back-court standout for the Robeson team.

Tomorrow night Ayden plays the winner of tonight's Cool Springs-New Bern game.

Approximately 75 persons from Ayden attended the game last night, driving the 150 miles in the afternoon and going back just after the game.

## Four Dolphins Go To Annapolis

Chapel Hill, March 15—Four University of North Carolina swimmers, accompanied by Coaches Dick Jamerson and Ralph Casey, will leave today for Annapolis to compete in the NCAA eastern championships Thursday, Friday and Saturday.

They are Jimmy Thomas, Norman Sper, Jr., Cecil Milton and Jack Whitehead, who recently led the North Carolina team to its eighth consecutive Southern Conference championship.

## Top Net Troupe Is At Davidson

Davidson, N.C., March 15—(AP)—Jack Kramer and Pancho Gonzales will meet here tonight in the feature match of a professional tennis exhibition.

Frank Parker and Pancho Segura also will meet in a singles match. A doubles match will send Kramer and Parker against Gonzales and Segura.

The touring troupe will play in the North Carolina State Coliseum at Raleigh tomorrow night.

## Grifton Sextet Goes Into Finals

Vanceboro, March 15—Grifton and Beaufort basketball sextets moved into the finals tonight of the Invitational Girls Tournament as a result of wins last night in the quarterfinal round.

The Grifton team wrapped things up at the world go over the local team, jumping into a 9-1 first-quarter score and settling things for the night at the half with a margin of 22-9.

In the other game, the last of the evening, Beaufort decisively whipped a previously high-scoring Deep Run team, 58-34. Carol Willis for the Carteret girls paced her teammates with 39 points, second high score for the games thus far.

Eunice Nobles, high scorer to date with 53 points in the game against Belvoir Monday night, was held to 20 last night.

A consolation game will be played, in addition to the finals tonight, pitting last night's losers against each other in the preliminary.

## Six Footballers Changed Minds On Their School

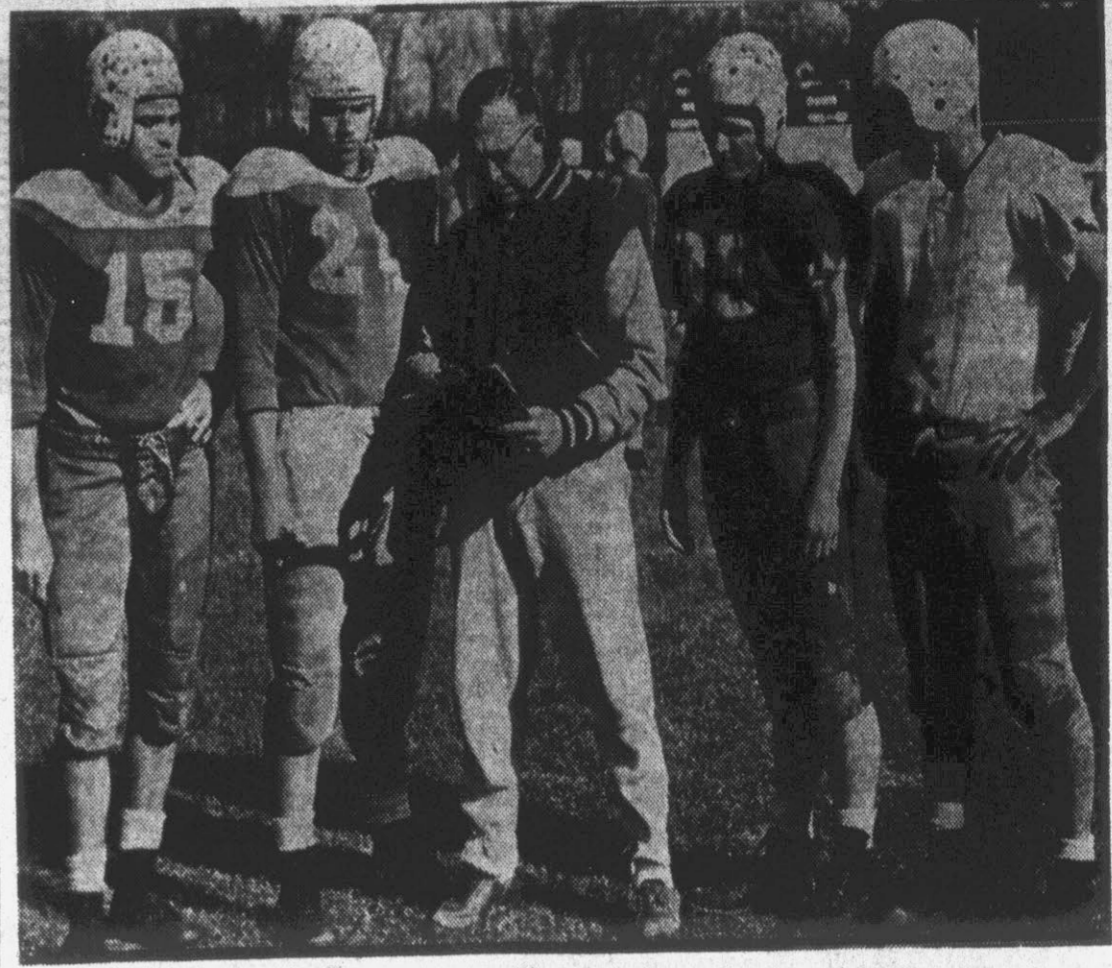

Corpus Christi, Tex., March 15—(AP)—Six University of Tulsa football prospects, "absent" from spring drills yesterday, turned up at the University of Corpus Christi — and created a bit of surprise at both schools.

Head Coach J. O. (Buddy) Brothers at Tulsa said teammates quoted the candidates as saying they "had been made such tremendous offers they couldn't stay here."

Will Walls, football coach at the University of Corpus Christi, said the first he knew of the matter was when Brothers called him yesterday morning and told him the men were bound for "UCC or Nevada."

"It's very regrettable that this mess happened," Walls said. "But they said they were determined to leave."

## Grifton Sextet Goes Into Finals Light Drills For Pirate Gridders

Pass protection, punting and extra point kicking were stressed in yesterday's East Carolina football workouts.

Letterman Bill Darby and Sandy Siler did the punting chores for their respective teams during the afternoon session, while all-conference quarterback Roger Thrift and Siler combined in the passing department.

Ends Dwight Shoe, Dennis Smith, Ott Alford and Ed Tanner were on the receiving end of the two ace passers' aerials.

Place kicking for the Buccaneers was handled by newcomer Tom Swain and flankman Ed Tanner.

Only two more practice days remain for the Pirate gridders, as they stage their first annual Purple and Gold intra-squad game here, Friday night.

A large crowd is expected to witness Friday night's affray, which will conclude eight weeks of winter drills for Coach Bill Dole's grid charges.

The Purple and Gold tilt will give the local football fans their first glimpse at the 1950 grid prospects for next fall. Many newcomers have been added to this year's East Carolina eleven.

Membership cards to the Educational Foundation Fund are still on sale at various Greenville business places, which includes Kares Restaurant, Flanagan Buggy Company, Biggs Drugstore, Hill's Clothing Store, and Bissett's drug store. Civic clubs are also promoting the sale of the EFF membership cards, which entitles the holders to admittance to the annual intra-squad grid clash.

Varsity club members, sponsor for Friday night's game, are making a canvass of urban homes in a house-to-house promotion for the sale of membership cards. Proceeds from the annual intra-squad tilt will go for football scholarships for the forthcoming 1950 gridiron season.

### New Cheap Way To Make Costly Hormone Is Found

New York, March 15—(AP)—A new, cheap way to make some of man's scarcest, costliest hormones has been discovered in cancer research.

It is done by keeping tiny pituitary glands alive in glass houses. The glands are taken from rats. But they keep living and growing in a special fluid bath.

They become living factories, delivering tiny amounts of hormones three times a week. One hormone is ACTH, a wonder drug for arthritis and other diseases. Another hormone stimulates the sex glands to produce sex hormones. Another controls body growth. Another governs the thyroid gland.

These fantastic factories are pale-pink, and about the size of a pea. They have been kept alive and growing as long as 10 weeks, and probably can be kept producing even longer.

The amounts of hormones harvested from them are small. The method still is experimental, but it offers hope for practical mass-production of these hormones, says Dr. Leonard Scheele, surgeon-general of the Public Health service.

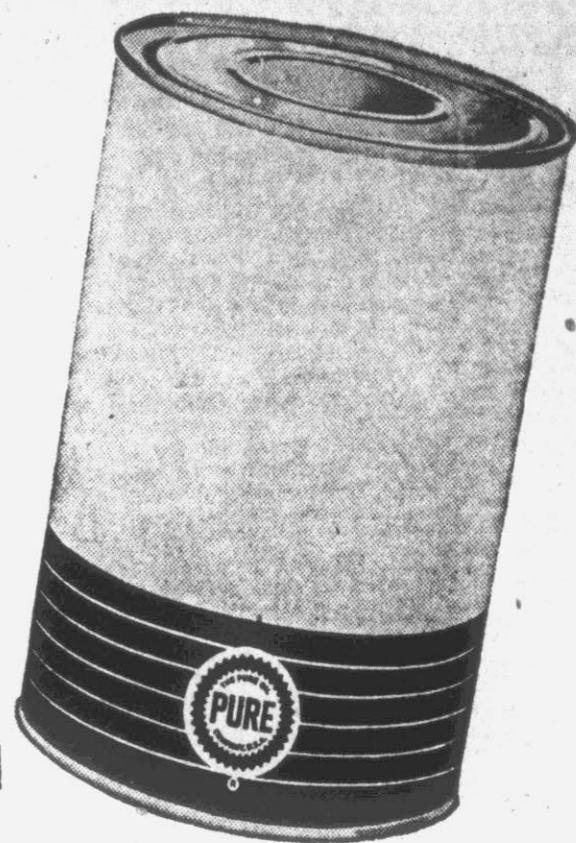

Dr. Scheele described this medical achievement in speaking at the premier of a new film on cancer research. The half-hour film, "Challenge—Science Against Cancer," was produced jointly by the National Cancer Institute and Canadian Department of National Health and Welfare.

The pituitary gland is a master gland of life. It lies at the base of the brain, and produces hormones that regulate other glands. These include the sex glands, the thyroid, and the adrenal glands.

Rat pituitaries produce the same hormones. Teamwork at the National Cancer Institute succeeded in keeping the rat glands alive, and getting harvests of their hormones.

## A BRAND NEW MOTOR OIL

## made in A BRAND NEW PLANT

## with A BRAND NEW NAME

## to give you A BRAND NEW PEACE OF MIND

There's no feeling like that *sure* feeling, especially when you're driving a car.

You get it from new tires, you get it from good brakes, and you get it from the good steady hum of a healthy motor happy at its work. For these mean *safety*—and these mean *saving*.

So Pure Oil built a brand new multi-million-dollar plant at the largest Pure Oil refinery, near Beaumont, Texas, to build a brand new premium quality motor oil for you—Purelube—the *sure* motor oil.

Engineers will explain its *sureness* in terms of its amazingly high V.I., its stable pour point, its detergents, oxidation inhibitors, etc., which make it "tailor made" for the new high-compression motors, and better for all motors. You will feel its *sureness* in the new peace-of-mind that comes from knowing your engine is protected by as tough, thrifty and fine a lubricant as money can buy.

It's for you—for that new *sure* feeling when you drive.

DANVILLE, Va. —(AP)— After 289,000 miles of walking, Postman Richard Gamewell Lewis is in the hospital with a broken leg. He is anxious to get well so he can get out and do some more walking.

He is 78 years old and started carrying mail here in 1892. That was before there were any automobiles. He had no serious accidents until a car hit him recently. He retired in 1936, but the records show he walked the equivalent of 11 1/4 times around the earth in his 44 years of service. On the record, too, is the fact he carried more than 2,000,000 pieces of mail in that time.

# Road Builders To By-Pass A Gun-Toting Road Block

Denver, March 15—(AP)—Unable to budge "Clear Creek Annie," the Colorado Highway Department will try to by-pass the gun-toting road block temporarily.

Mrs. Annie Davis, a 61-year-old miner lives in a converted railroad car smack in the path of a \$3,500,000 highway the state wants to build. There's a slight difference of opinion as to the value of the 80 acres of public domain on which she has a claim. She wants half a million dollars. The assessed valuation is \$210.

Annie pans enough gold from nearby Clear Creek to keep herself

in groceries. And she figures her land has gold. That's why she doesn't want to move.

However, her brother, Ivo Lee, said he thought she and the state could reach a reasonable settlement. The state has a court order which will evict her in 45 days, but it can't wait that long to start a bridge over clear creek. Melting snow will make it a roaring stream by then.

So, tomorrow, it will go to court in Georgetown asking permission for crews to cross Annie's land to set the footings for the bridge—on the other side of the creek.

# Jessup Returns For His Reply To Sen. McCarthy

New York, March 15—(AP)—U.S. Ambassador at Large Philip C. Jessup returned from Europe by plane today to answer charges made before a Senate investigating committee that he had been "friendly toward communism."

Asked if there was any substance to the charge of Sen. Joseph R. McCarthy (R-Wis.) that there were Communists in the State Department, Jessup replied, "There is no substance to them at all."

He said he did not know whether he would appear before the Senate subcommittee investigating alleged Communist front activities in the department. But he added he had returned to be available "if they wish me to appear."

# 'Game' Backfired

Los Angeles, March 15—(AP)—John S. Hayes and Oscar S. Aguirre, both 19, played the game but lost.

The two are held today on suspicion of grand theft merchandise. Officer J. M. Jordan said he saw them remove two steel disks from a car and then drive away.

"It's like a game," Hayes told the officer. "Somebody takes two from me so I take two from somebody else."

The "somebody else" in this case happened to be Officer Jordan. The disks were taken off his private car.

# Reds Say Pact Made France A U.S. Satellite

Paris, March 15—(AP)—Communist deputies, defeated in their attempt to delay debate on American arms aid, declared today that the Atlantic defense pact had made France a mere satellite of the United States.

Non-Communists last night defeated overwhelmingly a Communist motion to halt the discussion until the National Assembly can consider proposals to ban armaments and atomic weapons. The vote was 404 to 179, with only the Communists and their sympathizers in favor of the motion.

In a calm session devoid of the violence and fistfights which marked sessions last week, pro-Communist Deputy Pierre Cot said:

"There's a lot of talk about satellites. Well, we are just that. We are a protected country."

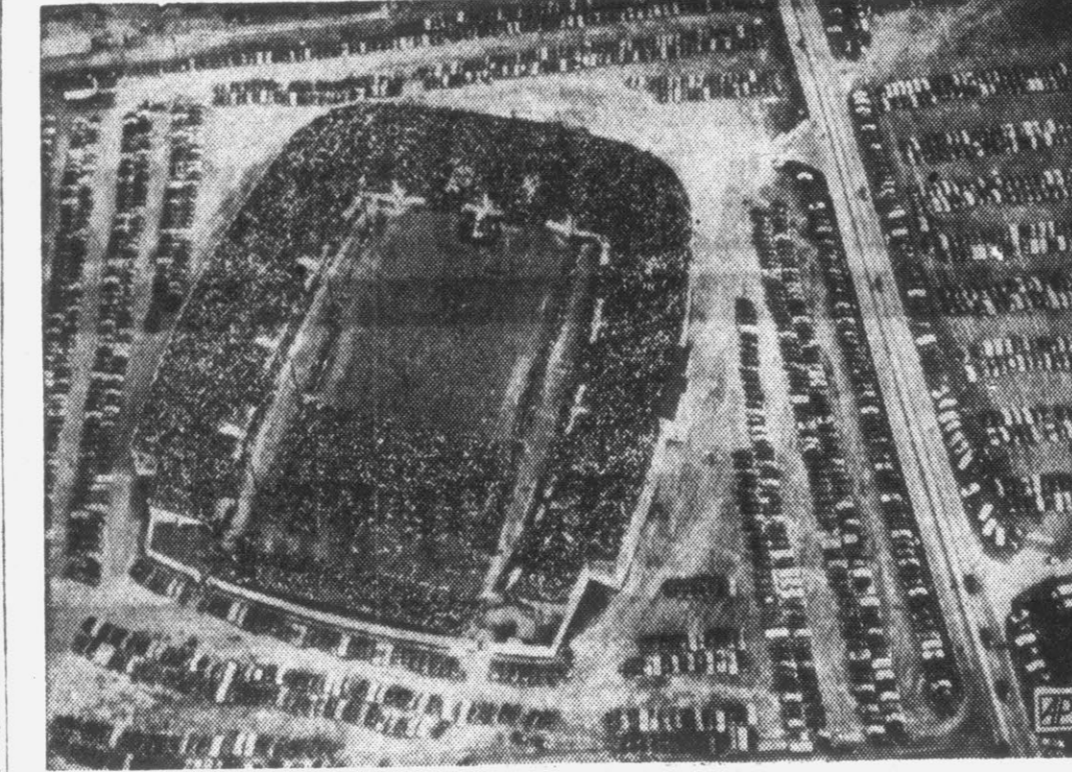

# Bishop Refutes Arrest Rumors

Paris, March 15—(AP)—Bishop Gerald P. O'Hara, papal nuncio to Romania, said by telephone today from Bucharest that reports of his impending arrest are "all nonsense."

The bishop was commenting on a report by an American Broadcasting Company correspondent in Rome that said the Catholic prelate would be arrested soon by Communist Romania on spy charges.

This aerial view was made Sunday when more than 40,000 people jammed the University of South Carolina football stadium at Columbia to hear Evangelist Billy Graham. That's about 5,000 more than ever witnessed a football game in the same stadium. Last fall's Clemson College-University of South Carolina game drew a record crowd of 35,000. The State Highway Patrol said about 10,000 people were turned away from Graham's revival service because the stadium was filled to capacity. The theme of Graham's sermon was: "Unless we have a spiritual revival, we are on the brink of a catastrophe in the world." (AP Photo).

# Assault Charged By ABC Officer

Wilson, March 15—(AP)—W. V. Bissette, Wilson county ABC officer, was arrested today on an assault charge and ordered to appear in Wilson county court Monday, no bond was required.

The warrant against Bissette, issued by Court Clerk Charles C. Lamm, was signed by Percy Bryant.

Bryant charged Bissette assaulted him after he was arrested recently at the site of a liquor still by ABC Officer Turner Woodard.

Bryant is facing trial in the county court on prohibition law charges.

Atlanta, March 15—(AP)—Harry B. Rush played it smart and sent in his U.S. income tax return well ahead of tonight's deadline. Wasn't long before he received a refund check of \$26.50.

His joy was short-lived. Son Dolad two, got the check and chewed up half of it.

Rush mournfully mailed the other half back to U.S. Collector of Internal Revenue Marion Allen. Allen promised to rush a duplicate forthwith.

# A Difficult . . .

(Continued from page one)

Leopold was assailed not only by the allies but by his own people. Later the world took a more kindly view, it being widely accepted that his motive was to save little Belgium from annihilation by the Germans.

Another thing which some Belgians disapproved was Leopold's second marriage. This was while he was a prisoner of the Germans in his castle, Laeken, near Brussels. He married a commoner, Mile. Mary Lillian Baels, daughter of a former cabinet minister. In 1941, she renounced the rank of queen and took the title of Princess De Rethy.

Leopold's first wife was the beautiful Princess Astrid of Sweden, who was widely beloved by the people. She was killed while motoring with the king in Switzerland when the car, with the king at the wheel, swerved from the road into a tree. The ruler was grief stricken and remained in comparative seclusion for years.

Sunday's referendum, instead of deciding the issue, served to accentuate differences among the Belgian population regarding the ruler.

# Admits Shooting Of Baby-Sitter

St. Joseph, Mo., March 15—(AP)—A 15 year old girl, taking care of six small children, was shot to death last night in front of one of the children.

Chief of Detectives Verne Starmer said 23-year-old Clarence C. Speer, Jr., readily admitted shooting baby sitter Caryle Roberta Johnson.

The shooting followed an argument over whether the girl should accompany Speer to a movie or serve as a baby sitter.

Starmer quoted Speer as saying: "I thought I might scare her. But I blew my top and pulled the trigger. I kept pulling the trigger until I heard it click on an empty shell. She was sitting on the lounge when I fired and I was standing up."

The shooting occurred in the home of Mr. and Mrs. Edward Speer. Mr. and Mrs. Speer were in Kansas City where one of their triplets is critically ill. Clarence Speer is a nephew of Edward Speer, Starmer reported.

Capt. Edward Burke, assistant chief of detectives, said Speer has served several sentences for burglary, larceny and attempted jail breaks.

# The McCarthy . . .

(Continued from page one)

they come here to state their case, will make out well remains to be seen. But, of course, this isn't a one way street for McCarthy.

When he undertook to throw suspicion on the loyalty of a number of Americans, he was sticking his neck away out. If he can back up his charges, he has done a public service in uncovering disloyalty.

But if it turns out that he can't back them up, the public memory is long, and, although McCarthy does not have to run for reelection until 1952, this situation probably will not be forgotten.

Senator Tydings of Maryland, chairman of the committee, for the first two days of the hearing which began last week, gave McCarthy a rough time, making him stop every minute to explain in detail the charges he was making.

But, beginning Monday, Tydings has remained fairly silent, letting McCarthy rattle off the names and charges.

The reason no one can predict how long the hearing will last is because no one can predict what McCarthy is going to do. Last week he indicated he could finish in four hours or so on Monday.

He didn't. He continued on

through half of Tuesday. And he still is not finished.

## The Ptomaine Canary

By Helen Traubel

Chapter 3  
(Synopsis—The Met's brightest star, Soprano Brunhilde Wagner, is an avid detective-story reader, so her manager-husband, Bill Wagner, invites all the nation's top mystery story writers to hear her sing and then have supper at the Wagner apartment. Present too are Otto Furst, Met conductor, and his former wife, Lily. Brunhilde has been feuding with Otto. At the supper party, excited and gay, she treats each of her favorite writers to an enthusiastic analysis of his work.)

Her next target was a woman. Brunhilde spoke in a voice that carried firm conviction.  
"Understand, dear, I like my stories occasionally leavened with romance, because I am myself a romantic. But why must your heroine go stumbling into dark attics and cellars just because they hear suspicious sounds? That's very silly, especially after six or seven murders have already been committed."  
The author addressed managed a polite smile. Then her face reddened, for Brunhilde was quoting a passage from her last book.  
"Had I but known, on that fateful night as we sat around the campfire on Angler's Island what ghastly horrors were in store for all of us, especially Casper, and how it would end with Lucy's lovely throat..."  
She stopped and left the rest of it hanging unspoken.  
"Know what I mean?"  
"Can you do better, Madame Wagner?"  
"Yes," said Brunhilde. "As a matter of fact I already have."  
She was instantly the bull's eye for a barrage of inquiry.  
"You mean you wrote a mystery?"

demanded Elery Queen, the detective novelist and editor, sniffing out material for his magazine.  
"Yes," Brunhilde was placid.  
"What's it about?" asked John Dickson Carr.  
She shook her head. "I'm not telling."  
"How many murders?"  
"Twelve."  
"All done the same way?"  
"None. All done differently."  
The assembled authors were now suffering from an acute attack of curiosity. Twelve different murder methods. It seemed impossible. Hanging, drowning, shooting, poisoning, strangling, stabbing, bashing—what else was there?  
But Brunhilde was adamant. She refused to tell. Some day, perhaps, they would see her story in print.  
"Can you tell us the title?"  
She just smiled.  
"Please," Agatha Christie was pleading.  
"All right," said Brunhilde. "It's called: 'Murder at the Met.'"  
"Admirable," said John Dickson Carr.  
"Excellent," said Rex Stout.  
That seemed to be the consensus of opinion.  
Then Agatha Christie pointed at the bird cage and said, "That is the singiest canary I ever heard. What do you feed her?"  
"Italian Coloraturas."  
Everyone joined into her roar of laughter. As usual, there were some moments before she had her breath back.  
"And not only does the canary sing," she said, "but her repertoire contains a very unusual trick."  
"Oh no," groaned Otto Furst, making a sour mouth. "Not again."  
"Oh yes," Brunhilde was firm. "I want them to see how clever Galli is."  
"Galli?" Eric Stanley Gardner looked puzzled.  
"That's the canary's name. Galli-Curci. She doesn't have quite the same range, but she loves singing every bit as much as her namesake."  
The author addressed managed a polite smile. Then her face reddened, for Brunhilde was quoting a passage from her last book.  
"Had I but known, on that fateful night as we sat around the campfire on Angler's Island what ghastly horrors were in store for all of us, especially Casper, and how it would end with Lucy's lovely throat..."  
She stopped and left the rest of it hanging unspoken.  
"Know what I mean?"  
"Can you do better, Madame Wagner?"  
"Yes," said Brunhilde. "As a matter of fact I already have."  
She was instantly the bull's eye for a barrage of inquiry.  
"You mean you wrote a mystery?"

## Languages Upset India Parliament

NEW DELHI, India — (AP) — Northerners and southerners in India's parliament don't always understand each other. They're all supposed to speak English until the northern language, Hindi, becomes the official language 15 years from now. But some insist in speaking Hindi anyway, and members from the south sometimes retaliate.  
Transport Minister N. G. Ayyangar, asked a question in Hindi recently, replied in his mother tongue, Tamil, that "I do not understand Hindi and therefore cannot reply."  
About 1,300,000,000 pounds of butter are produced in the United States annually.

# NOW ITS YOUR TURN TO BLOSSOM OUT

Time in HENRY J. TAYLOR, ABC Network, every Monday evening.

You've seen it happen with the family down the street, the friends across town, the folks you went to school with.

They started out, as most folks do, with a car of modest size—and still more modest price.

Maybe they moved themselves up a bit, step by step, to the top-bracket models in that particular price range.

Then they discovered something.

It doesn't cost much more—sometimes no more—to really blossom out in a Buick.

It's not such a long stretch to take command of a great-hearted valve-in-head straight-eight—to move into the room and restfulness and steady going of a Buick—to cloak yourself in styling that's today's height of highway fashions.

You can know the good, satisfying feel of a Buick wheel in your hand—you can have the gentleness of soft coil springs on all four wheels—you can revel in the handiness of cars that are big in room and big in repute, yet traffic-sized and easy to park and put away.

Maybe—who knows till you inquire?—you can manage the magic silkiness of Dynaflo Drive\* in all its 1950 perfection—of a certainty you'll find the model that's twin to your heart's desire among the many choices Buick gives you for 1950.

So why not make this your year to blossom out in a Buick, as so many have before you? Why not

find out the dollars-and-cents story of Buick—it even includes some very happy figures on gas economy—from your own Buick dealer?

See him now, will you—and help yourself to some real fun this season!

**BUICK ALONE HAS Dynaflo AND WITH IT GOES:**

HIGHER-COMPRESSION Fireball valve-in-head power in three engines, five hp ratings. (New F-263 engine in SUPER models.) • NEW-PATTERN STYLING, with bumper-guard grilles, taper-through fenders, "double bubble" taillights • WIDE-ANGLE VISIBILITY, close-up road view both forward and back • TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius • EXTRA-WIDE SEATS cradled between the axles • SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steady torque-tube • WIDE ARRAY OF MODELS with Body by Fisher.

# Local Airport To Be Base For Crop Dusting Program

## Farmhand Held In Triple Killing

Gary, Ind., March 15—(AP)—Three men were found shot to death on a farm near East Gary today and a farmhand was lodged in the town jail.

Lon Daugherty, town marshal, said the farm worker, Michael Saganovich, was "too drunk to talk about the triple killing."

The dead were Paul Shuman, about 55; his nephew, Ignace Gerashek, about 80, and a farmhand who was not identified immediately.

The marshal said Saganovich was "dead drunk." Fisher took him to the East Gary jail.

The marshal said Saganovich's body was found kneeling beside his bed, with a gunshot wound in the head.

Daugherty said no shotgun was found in the house, but a .22-caliber rifle was found near Saganovich's body.

Saganovich usually slept on a cot in Saganovich's bedroom, he said.

Crop dusting operations for the agricultural section east of Wilson to the coast will be handled from the Greenville airport during the growing season.

It was learned yesterday that the operators of the Wilson and Washington airports had bought an interest in the local airport and will originate their dusting operations from the field.

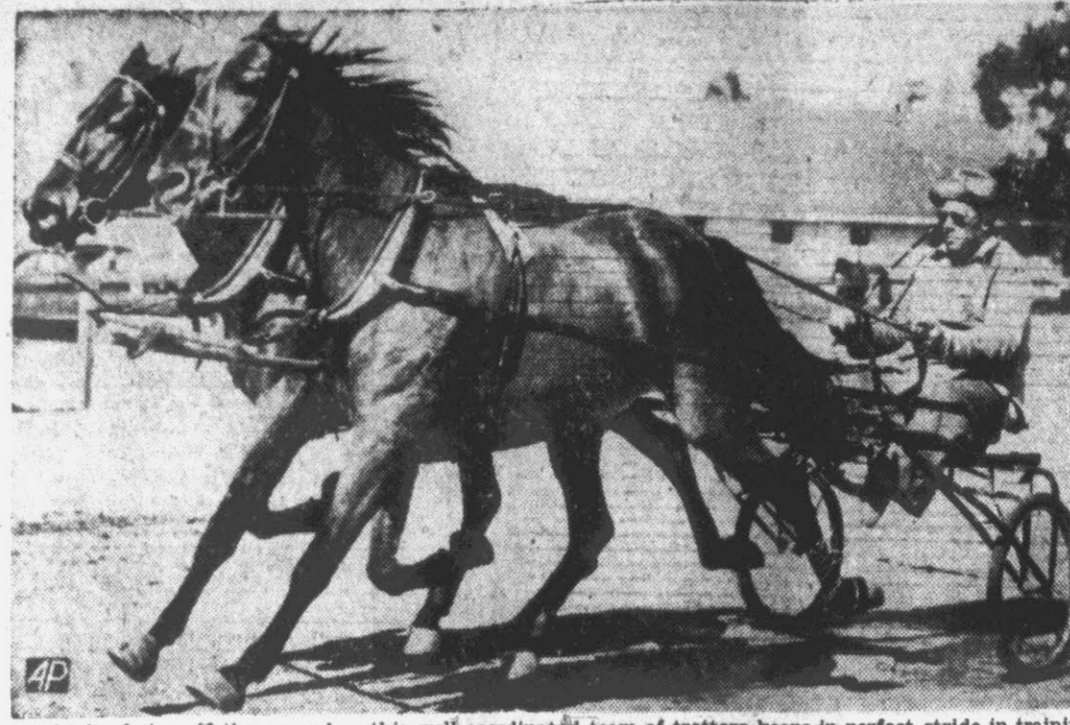

Tommy Sellers, one of the lessees of the airport reported he had sold his interest to Tom Boland of Wilson and Bob Godley of Washington.

Both Gene West of P. S. West Construction Company and Sellers leased the airport from the city of Greenville in January, 1948, after commercial flying schedules ceased here.

Boland and Godley will operate five airplanes to carry on the dusting program. The area served will extend from Wilson to the ocean and from below Kinston to the Virginia line, Sellers reported.

The operation will get underway here in about five days when Irish potatoes will be dusted in the Asheboro area. It will last for about five months, or the length of the growing season hereabouts.

In addition to the new facilities at the airport, the GI training program and private flying will be continued with no change, West stated.

Eight hoofs are off the ground as this well-coordinated team of trotters keeps in perfect stride in training at Pinehurst, N. C. Franklin Safford of Keene, N. H., drives the horses which are named "Fast Talk" and "Brown Pegasus." More than 200 harness racers are in winter quarters at Pinehurst. (AP Photo).

## Pactolus Ruritan Hears Crop Plan

The Pactolus Ruritan Club heard County Agent Sam Winchester give a talk Monday night on general growing recommendations as handed down from the United States Department of Agriculture.

Winchester outlined a five point program whereby farmers can get the most out of their crops this season if the program is followed. He outlined:

1. Efficiency in recommended practices as handed down by the State College Extension department.
2. Cutting unnecessary expenses by protecting machinery from weather, the use of surplus stocks, and skill in buying.
3. Increasing yield through the decrease of unit costs and the practice of better labor management.
4. Balancing crop quality against quantity.
5. Gearing of production to the high markets.

Winchester also urged the farmers to fight their three greatest enemies: insects, weeds and erosion.

Presiding over the meeting, which was preceded by a chicken dinner, was G. E. Cherry, president of the club.

Cecil Satterthwaite, chairman of a special telephone committee, reported his group was working to secure rural telephones for all persons in Pactolus who needed them.

He urged all persons who desired telephone service to contact a member of the committee.

## Bill Lives Again

Washington, March 15—(AP)—The House Labor Committee pulled federal aid to education from a day-old pigeonhole today and set April 17 to consider a \$300,000,000 teachers' pay bill.

The vote to take up the measure was 13 to 12, the same margin by which the committee yesterday shelved a Senate-passed \$300,000,000 bill to help the states with general school operating expenses.

## Georgia County Unit Election System Upheld

Atlanta, March 15—(AP)—Georgia's county unit election system, unique protector of rural political power, was upheld as legal today in a two to one special federal court decision.

Attorneys quickly announced an appeal to the U. S. Supreme Court. They said they would press for a final decision before the State Democratic primary, set for June 28.

Judges Samuel Sibley and T. Hoyt Davis agreed that the unit system discriminates against big city voters in Georgia but declared that federal courts cannot intervene.

State law assigns from two to six election units to counties, in theory like the national electoral college. But in practice, it gives rural counties up to 122 times more power per vote than city counties.

FUNERAL SERVICES. Funeral services for Mrs. Leora Thomas, who died at her home in Ayden last Sunday, will be held at the Free Will Baptist Church in Ayden Thursday afternoon at 2 o'clock. Burial will be in the Ayden cemetery.

## Brannan Urges Testing Program On Potato Crop

Washington, March 15—(AP)—Secretary of Agriculture Brannan urged Congress again today to apply the Brannan farm plan with its "production payments" provision to the 1951 Irish potato crop.

The secretary indicated to a Senate Agriculture subcommittee that he figures it will be cheaper.

As an example, he estimated the current huge potato surplus would have cost the government "between 25 or 35 million dollars" under the Brannan plan. Under present price supports the cost will run "between 80 and 100 million dollars," he said.

The secretary was called to give his views on measures to clamp rigid controls on potato crops in 1951 and following years. He has complained he now lacks authority to set up effective controls by the bushel and bag.

Bruce Alford, New York Bulldogs' end, flew 35 missions as an Eighth Air Force pilot.

## ASCAP Limited By Court Rulings

New York, March 15—(AP)—Two anti-trust judgments against "ASCAP"—the American Society of Composers, Authors and Publishers—have limited its music licensing practices and forced changes in its organizational setup.

The decrees were signed in federal court yesterday, with ASCAP agreeing to terms drawn by the anti-trust division of the Department of Justice.

ASCAP, functioning as a pool of music writers and publishers, grants performing rights and collects royalties or almost all the copyrighted music in America.

The decree will have a wide effect on both foreign and domestic music business, but mostly in a financial way.

The main provisions of the decrees will do this:

1. Force ASCAP to cut all ties with international organizations that might lead to a monopoly of foreign music in the U. S.
2. Make ASCAP end all arrangements giving it sole control of a foreign country's music, or which require similar foreign societies to deal with ASCAP.
3. Require ASCAP to offer movie producers and television stations a single license to cover all performances of music in a film or telecast.
4. Prevent ASCAP from suing movie exhibitors (theater owners) for royalties.
5. Give any commercial user of music who questions ASCAP's royalty rates a court review of them.
6. Allow any of ASCAP's 2,400 members to license his music independently or to resign from the society at any time.

## Advices Caution In Pressing Case Against Waring

Washington, March 15—(AP)—A South Carolinian in Congress has advised his state to exercise caution in pressing a proposed impeachment action against U. S. District Judge J. Waties Waring.

After advising the State House of Representatives to make sure it has a "sound legal" basis for its suggested action, based on the accusation that Waring "advocated a Negro revolution against white supremacy," Rep. Richards (D-SC) said:

"I do not think anybody should go off half cocked."

Richards, who is chairman of his state's delegation in the U. S. House of Representatives, said the delegation agreed they would take no further steps until "strong evidence against Waring is presented by the petitioners."

## Slot Machines, Liquor Is Found

Shelby, N. C., March 15—(AP)—Officers raided the Elks Club here today and seized 87 gallons of liquor, six slot machines and 11 cases of beer and arrested three men.

Officers said Clyde Franklin Shook, 20, of Route 1, Taylorsville, one of the trio arrested, was driving a "souped up" automobile capable of running 120 to 130 miles an hour. It was equipped with a safety belt for the driver and a special, high compression motor.

## Boy With A Stick Kills Oversize Crow

A black crow, measuring 42 inches from wingtip to wingtip, was recently killed by Ronald Crisp, 10, near Pactolus.

The lad was walking along a ditch bank when he heard a rustle in the grass nearby, picked up a stick and struck at the noisemaker. Only after he had killed the bird did he learn what he had killed.

# Death Asked For Trio In Massacre

Kosciusko, Miss., March 15—(AP)—The state of Mississippi, which rarely has executed a white man for killing a Negro, planned to seek the death penalty today for 25-year-old Windol Whitt.

Whitt and two other white men are charged with murder in the massacre of three Negro children in their home near here Jan. 8.

Whitt goes to trial today and the other two defendants follow in consecutive weeks. They are Leon Turner, 38, and Malcolm Whitt, 27, brother of Windol. All have entered pleas of innocent.

District Attorney Henry Rodgers said the death penalty—execution in the electric chair—would be asked in each case.

In today's case, Windol Whitt is charged with the murder of four-year-old Ruby Nell Harris, daughter of Negro tenant farmer Thomas Harris.

Rodgers described the shooting of Ruby Nell and of Frankie Thurman, 12, and Mary Bunsie, 8, as a vengeance slaying. The prosecutor said the three white men believed the Negro family turned them in on complaints of burglary and attempt to rape Harris' wife.

College boxing began in the east as the aftermath of World War I and the first dual meet on record was held in 1919.

# Blame Influence By University

Reno, Nev., March 15—(AP)—Charges that Temple University kept a noted Philadelphia surgeon a virtual prisoner in his last years and gave him "exaggerated personal attention" in order to win his wealth were made by the man's daughter in a will contest action here.

The action by Mrs. Janice Chase King of Silver Spring, Md., was filed yesterday. Attorneys indicated it was the first legal step toward having set aside the \$1,400,000 in gifts of the surgeon, Dr. Theodore Chase, 84, to Temple.

# Wrong Man

Asheboro, N. C., March 15—(AP)—A hearing in Randolph County Recorder's Court concerning an illegitimate child wound up in short order yesterday.

Jesse Ray Stout, who vigorously denied being the father of the child, was hailed before the court. The prosecuting witness, Beulah Beans, 16, took one look at him and declared "that is not the boy."

Jesse Ray, it developed, had been hauled to court on a warrant issued for Jesse Wayne Stout, Judge A. I. Perree immediately ordered Stout's release with the comment "it looks as if we have the wrong man."
