

Presented Trophy By Junior Chamber

Jay Sears (center) a member of the class of 1950 at Greenville high school last night received from J. H. Rose, superintendent of the city schools, a handsome trophy presented by the North Carolina Junior Chamber of Commerce, and a certificate from the United States Junior Chamber of Commerce. Young Sears was presented the awards at the meeting of the Greenville Jaycees in recognition from the state and national organizations for his outstanding accomplishments in the "I Speak For Democracy" contest which was conducted earlier this year. Sears won the state championship, and was highly regarded in the national contest. Bancroft Moseley (left), president of the Greenville Jaycees, watches the presentation. (Reflector staff photo).

Robert Reynolds And Top Backer Swing To Smith

Reynolds To Speak For Raleigh Attorney; McDonald Joins Smith Ranks

Raleigh, N.C., June 9—(AP)—Former Senator Robert R. Reynolds today was joined by one of his strongest supporters in backing the candidacy of Willis Smith for the Democratic senatorial nomination. Smith headquarters announced that Wesley E. McDonald of Washington, partner and former secretary of Reynolds, has cast his support to Smith. Smith, conservative Raleigh lawyer, has called for a runoff primary with Liberal Senator Frank Graham. In the first primary on May 27, Graham led a field of four by a 53,000-vote margin. Smith headquarters also announced that Reynolds, who ran third in the first primary, will make some radio speeches in behalf of Smith during the runoff campaign. The headquarters last night released the statement from Reynolds pledging his support to Smith. McDonald, in a statement released by Charles P. Green, Smith's campaign manager, urged all those who voted for Reynolds in the first primary to vote for Smith in the runoff. He declared that he was endorsing Smith in order to preserve "a free and independent electorate" in North Carolina. At Charlotte, another Reynolds backer in the first primary announced he will support Graham in the runoff. Haywood Robbins, Charlotte lawyer, said "Bob had bungled his own campaign from the very beginning, as everybody knows. Now he has followed through and bungled Willis Smith's."

Truman Indicates Further U. S. Help Abroad When Marshall Plan Is Ended

Pitt Scouts Awarded Honor For Advancement

These Greenville Boy Scouts had little trouble putting on their best smiles for the cameraman last night at the Pitt District Court of Honor as they received certificates for their advancement in scouting during the past year. Left to right are: Jack Clifford, Dickie Newell, Preston Jarvis, Ronald Duffin, Bill Taft, Ray Evans, Cleidith Oakley and Joe Taft. Other scouts who were awarded badges last night were not present at the Court of Honor to receive their awards. (Reflector staff photo).

President Says U. S. Must Continue Contributions To Free Nations Lest The Communists Move In: Looks To Day When International Force Can Keep Peace

Columbia, Mo., June 9—(AP)—President Truman declared today that post-Marshall Plan abandonment of aid to Western Europe would be disastrous to peace. In a world "full of dangers," he declared, the United States must continue its contributions to free nations lest "the Communists move in." He made it clear in an address prepared for graduation exercises of the University of Missouri that he is convinced "our vital national interest in a healthy world economy will not end when Marshall Plan aid stops in 1952. "You hear a lot of talk these days to the effect that the world is full of dangers, and that our civilization is heading straight for disaster," the President asserted. "Of course, the world is full of dangers—the world has always been full of dangers, for people in every country and at every period of history. "But in spite of these dangers, he said, "our civilization need not wind up in disaster." "It can go on to greater heights. Those who are frightened and dismayed do not have faith that men will use scientific advances for good ends. They see only the dangers in the world—not the opportunities." Mr. Truman's speech was part of a program including his being awarded an honorary doctor of laws degree and a membership key in Phi Kappa Phi, the scholarship society. He was to return to St. Louis this afternoon for a reunion of the 35th Division in which he served in the first world war. The President's speech added up to an implied warning to Russia that the emotions stirred up in this country by foreign policy debates do not indicate weakness in a democracy. He explained: "The democratic process is not always easy. It involves us in great public debates. Emotions are aroused and feelings run high. "But when the shouting is ended and the decision is taken, the resulting choice rests on the solid foundation of the common wisdom of the people. "Dictators and tyrants, who thought our political debates indicated indecision and weakness, have found to their dismay that, instead, those debates are a source of wisdom and a sign of strength." He cited American foreign aid to the democracies after the last war when it "became clear that one nation did not want to help world recovery." Obviously speaking of Soviet Russia, he continued: "Instead, that nation wished to prolong and intensify the misery of others, so that it could gain domination over them. The plain intent of that nation was to overthrow the tradition of freedom which is shared by our country and many others." He said the United States chose to work with other countries to build up strength to withstand aggression rather than to abandon the rest of the free world and "try to become strong enough all by ourselves." The program, Mr. Truman said, calls for a community of nations which can resist communism where their aggression takes the form of "internal subversion or external attack." He said military measures undertaken by the United States and its partners "are defensive only," and added: "We look forward to the day when international forces under the United Nations will keep the peace."

City Tax Rate Tentatively To Remain At Present Rate

New Fire Truck And Increased Salary For City Employees Included In Proposed Budget

Greenville's tax rate for the coming year will likely remain at the present \$1.50 per \$100.00 despite the inclusion of a new fire truck and a five per cent salary increase for city employees in the tentative budget now under consideration by the city aldermen. The tentative rate was set at last night's adjourned meeting of the aldermen and the finance committee was ordered to continue its study of the tentative budget with a view to keeping the grand total within the present tax rate although more money is to be required for some departments and capital outlays in some instances may have to be greater than last year. In addition to consideration of the budget the board heard requests from citizens for various improvements and projects and authorized payment of monthly bills totaling \$7,577.96. Sylvester Wilson representing the Negro Pitt County Democratic Club presented a petition for the hiring of some Negro policemen and presented a list of 12 names which he said had been approved by his organization as possible appointees to places on the police force. D. D. Garrett representing the Greenville Negro Civic League presented a three point request to the board covering a swimming pool for the Negroes next summer if possible, a Negro social welfare worker, and the inclusion of Negroes on the police force. In requesting the social welfare worker he pointed out that the Negro and white population of the city were about equal in number and stated that possibly a Negro social welfare worker might be in closer touch with the needs of the race and hence prove more beneficial. With reference to the swimming pool request Mayor Stafford advised Garrett that the city had the matter under consideration and hoped to provide the facility as early as possible. It was pointed out by City Attorney R. B. Lee that it was illegal for the board to provide money for a swimming pool without a vote of the people and that such a vote would be necessary before

Points Up Slow Defense Program

Bradley Says U. S. Unable To Fight Even By July, 1951

Washington, June 9—(AP)—American armed forces won't be sufficient to fight a major war even by July, 1951, Gen. Omar N. Bradley has told Congress. The chairman of the Joint Chiefs of Staff added, however, in testimony before the Senate Appropriations Committee, that he feels the U.S. is on the way to attaining "the necessary forces to prevent a disastrous attack from crippling this nation." "I also believe that our forces in being and our mobilization base will be sufficient, together with the forces and potential of friendly nations, to win a war if it comes," Bradley said in testimony released by the Senate committee. The nation's No. 1 military man, testifying in support of a \$13,000,000 military budget for the year beginning next July 1, said the aim is to build up forces which, in the event of an attack, "can strike a retaliatory blow that will be strong enough to slow down the aggressor while we mobilize." "Beyond that point," he said, "we must rely on the tremendous power of our industrial potential, our reserve forces, our military educational system—in fact, what we term our mobilization base—ultimately to win a war if it is thrust upon us. That is a risk that we take."

Death Sentences For Four Czechs Labeled 'Spies'

Prague, Czechoslovakia, June 9—(AP)—Czechoslovakia wound up its big treason trial last night, meting out death sentences to four persons and life imprisonment to four others on charges of spying for western powers. A state court convicted all 13 defendants at the conclusion of the eight-day trial. The remaining five received prison terms ranging from 15 to 28 years. One of those condemned to death was a woman—Mrs. Milada Horakova, former national-socialist party deputy in Parliament. The prosecution described Mrs. Horakova as "the criminal organizer of the whole plot" and said: "she is and remains an incorrigible opposer to our regime."

Gargantua Still Rates Spotlight

New Haven, Conn., June 9—(AP)—Yale's peabody museum said today that Gargantua's skeleton has been set up as central figure in an exhibit titled "the great Apes and man."

DIE IN LANDSLIDE

Tokyo, June 9—(AP)—At least 26 persons were killed today, 24 were injured and 23 were missing in a landslide that buried 70 persons at Kumandara, about 60 miles northwest of Tokyo.

Police Hunting Pair In Fire At Proctor Hotel

Two Young Men Are Sought For Questioning After Smoldering Fire In Fourth Floor Room Is Discovered

Greenville Police officers today are searching for two young white men who are wanted for questioning in connection with a fire which broke out in a fourth story room of the Proctor hotel last night. A fire in room 420 of the hotel was discovered around 10:15 last night when the hotel sprinkler alarm system sounded reporting the fire. Greenville firemen responding to the alarm found the room filled with smoke and steam coming from the burning mattress inside. Hotel patrons had turned fire extinguishers on the burning beds before the fire department arrived on the scene. Firemen ventilated the room and smoke and steam poured out, revealing the damage. A single bed

Ayden Board Backs Chief In Gambling House Attack

Ayden, June 9—The Ayden town board Tuesday night unanimously agreed to stand behind Police Chief J. M. Whitehurst in an effort to break up so-called "gambling houses" in the town of Ayden. Chief Whitehurst told a Reflector representative this morning the gambling in Ayden "is about like it is everywhere else. We've got two or three places that we know about indirectly, but directly we don't. Gambling is going on and we've got a movement underway to break it up." At the regular monthly meeting of the board, N. L. Bradshaw and Robert Harris were sworn in as town commissioners to replace J. D. Cannon and Stancel Sumrell. The board discussed the advisability of hiring an assistant town manager and also another member for the Ayden police department. Mayor J. R. Taylor, who presided at the meeting, appointed committees to present to the board at the next meeting men who are qualified to fill the two positions in the town government. It was brought out in the board meeting that the curb and gutter work being done in the town by the state highway department has been completed, and that the paving of

McCarthy Looses New Blast Against Acheson

Milwaukee, June 9—(AP)—Senator McCarthy (R-Wis) loosed a bitter new blast at Secretary of State Acheson today and demanded again that Acheson be fired immediately. Referring to him as "the Red dean of fashion," McCarthy declared that Acheson had "worked on the team of world strategy to create a Red China and a Red Poland" and "should be removed from the high command of our foreign policy at once." McCarthy spoke out in a speech prepared as the keynote address of the Wisconsin Republican State convention. Acheson, he said, is at the forefront of what he called the Truman administration's policy of "war-mongering abroad while it

Charges Leak In U. S. State Dept.

Former OSS Officer Answers Critics In Amerasia Case

New York, June 9—(AP)—A former executive officer of the wartime Office of Strategic Services, charged today that a State Department "leak" slipped two secret documents into the offices of Amerasia magazine. O. C. Doering, Jr., now a partner in a New York City law firm, issued a statement which he said was an answer "to criticism of OSS by an assistant attorney general regarding the Amerasia case." "The dis very fact that Amerasia had obtained secret government papers was through the alertness of a member of the OSS staff," Doering said. He said the staff member, who was not named, read an article in the magazine which "set forth the contents of a secret government document" he had prepared. The OSS raid on the defunct publication's office followed, Doering said, and five copies of the published secret document were recovered. Saying that there was no indication that anyone with OSS was responsible for any breach of security, Doering added: "On the contrary, they found clear indications that the principal cause of the leak was in the State Department because in the office of Amerasia they saw hundreds of other confidential, secret, and top secret, Army, Navy, State and other government documents bearing a stamp showing that they had been obtained from the State Department." Doering said Gen. William Donovan, director of the OSS, informed the results of the investigation, rounded Edward R. Stettinius—then Secretary of State—out of bed and held a conference with the secretary "within the same hour." Donovan also delivered to Stettinius all of the official documents recovered from the Amerasia office, Doering said.

Harry Gold Is Indicted By Jury

Washington, June 9—(AP)—A Brooklyn grand jury today indicted Harry Gold, Philadelphia chemist, and two unidentified persons on charges of atom spying against the United States. The indictment was announced here by the Justice department. In addition to Gold, the indictment named "John Doe, 'as John' and Richard Roe alias 'Sam'" and asserted that "the true and correct names" of these persons were unknown to the jurors. The project will be completed in the near future. Mr. Sawyer also reported that the deep well pump which is being installed will be put into operation shortly. Fire Chief Gene Smith and Joel Wingate reported to the board on the state fire school which was held in Charlotte, and the board also discussed the possibility of purchasing a new fire truck for the town fire department. Chief Smith was asked by the board to get the information and specifications of a truck from the various fire equipment companies and report to the board at a later meeting. The board ordered that the names of persons having access to the town sewer lines and have not connected with the sewer lines, be turned over to the county health department. The board also took under consideration the matter of draining some of the low property in Ayden. The board voted to purchase a set of encyclopedias for the town library, to install new shelves, and to raise the salary of the librarian \$5 per month. The board also passed a motion that the town pay half the cost of the tile for the drainage project on the Ayden high school property.

Claim U.S. B-29 Shot Itself Down

London, June 9—(AP)—A United States B-29 bomber which fell in flames into the North Sea Wednesday with a loss of at least three lives shot itself down during gunnery practice, headquarters of the 3rd air division said today. Bullets from the plane's 50 calibre machineguns struck the right outboard engine during a firing run on a gunnery range off the Norfolk coast, setting the plane on fire, a spokesman reported.

Problem Of Equality

No Easy Solution For Southern States To Question, 'What Is Equal?'; Court Says It Isn't Measured By Material Things; Regional Schools Questioned

Washington, June 9—(AP)—What is equal? Finding the answer to that may not be easy for the Southern states. Still, they'll have to find the answer in order to give Negroes higher education opportunities equal to those of whites in their states. The U. S. Supreme court this week made it unmistakably clear that Negroes must get such equality. If the Southern states produce what they say is the answer, the Supreme court is always in the position of having final say on whether it is or no. Negroes can always appeal to the court for decision. A Texas Negro wanted to get into the University of Texas law school which was for whites only. He was turned down because he was a Negro. He fought this in the courts. Finally Texas set up a law school for Negroes. But this particular Negro said "no," he still wanted in at the U. of Texas law school for whites. Why? Because, he said, the Negro school was inferior to the white one and therefore he was being deprived of an education equal to that which the white students were getting.

Problem Of Equality

The Supreme Court — which repeatedly has ruled in the field of education and other things that Negroes must get equal treatment with whites—agreed with the Negro in this case. First, the Supreme court said the Texas Negro law school lacked the same size faculty, big library, variety of courses and other advantages of the white school. Then the court added something which can't be measured in buildings and books and money it said: "What is more important the U. of Texas school possesses to a far greater degree those qualities which are incapable of objective measurement but which make for greatness in a law school. "Such qualities, to name but a few, include reputation of the faculty, experience of the administration, position and influence of the Alumni, standing in the community, traditions and prestige." So the court apparently has set up two tests for equality between white and Negro schools: the facilities, and the traditions and prestige. (Continued on page ten)

'Unforgivable' Blow

West's Position Strengthened By Soviet Handing Over Part Of East Germany To Poland; Unacceptable To West Germans; Probable Reason For Russian Move

The Western Allies' position in Germany has been strengthened by the new boundary agreement between the Soviet-dominated governments of Poland and East Germany. Politicians in Western Germany have had one fairly solid club to wield in their tussles with the occupation authorities: the implied threat that if the allies do not treat them right, their people might swing over to the Russian side. "But now that the Russian puppet governments have agreed to slice off from Germany the 40,000 square miles of territory east of the Oder-Neisse River line, the Germans will be permanently alienated from the Soviet sphere. It is about as unforgivable a blow as the highly nationalist Germans could have been dealt. Any more Soviet talk about the unification of Germany under the new conditions will have a very hollow ring to German ears. The U. S. State Department yesterday took full advantage of the situation, denying the legality of the land transfer. The American position since the Potsdam agreement of 1945 has been that the Poles should administer the territory temporarily, that they should acquire some of it eventually, but that the permanent boundary between Poland and Germany should not be settled until a peace treaty has been negotiated. Thus the appeal to the nationalistic instincts of a nation threatened by communism becomes again one of the strongest arguments on the side of the Western democracies in their fight against Communist imperialism. The mystery about the new land deal is why Russia chose to antagonize the Germans at this time by setting the issue, which she has used to her advantage ever since the war by playing off the Poles against the East Germans. The region has been in German hands for centuries, although the Poles held some of it in the Middle Ages. The Poles were given administration of the area after the war, when Russia took a slice of territory from eastern Poland. About 5,000,000 Poles were removed from that territory and resettled in the new German section, called by the Poles "the recovered lands." Since then almost 9,000,000 Germans have been expelled from their homes east of the Oder and

This is the same NBC nation-wide network program in which Dr. Ralph Sockman is heard in the winter. The first speaker will be Dr. John A. Redhead, Greensboro, followed by Bishop Ivan Lee Holt of St. Louis, Bishop Arthur J. Moore of Atlanta, and a United Lutheran speaker, speaker to be named. The hour is 10:00-10:30 a. m., EST, 9:00-9:30 a. m., CST, each Sunday.

Brides-Elect Honored At Picnic Supper

Bethel.—Miss Betty Smith of Bethel, Miss Helen Joyce Whitehurst of Ayden, and Miss Martha Whitehurst of Bethel and Williamson, all brides-elect, were honored at a beautiful picnic supper by Mrs. M. M. Edmondson, Mrs. Grover Whitehurst, and Miss Ola Nell Edmondson, Saturday night at the home of Mrs. Edmondson. A bountiful menu consisting of barbecue, Brunswick stew, fried chicken, potatoes, salad, slaw, deviled eggs, sandwiches, relishes and cakes was served.

The two Misses Whitehurst were presented silver in their chosen patterns and Miss Smith was presented crystal in her chosen pattern.

Approximately 40 guests were present.

POSTMASTER NOMINEE
Washington, June 9—(AP)—President Truman sent to the Senate today the nomination of Leslie P. Gardner for postmaster at Goldsboro, N. C.

Mr. and Mrs. Carr Feted Buffet Supper

Kinston.—Outstanding in attractiveness was the buffet supper at which Mr. and Mrs. Richard P. Moss entertained about 100 guests on Saturday evening honoring Mr. and Mrs. C. Stuart Carr, who are moving from Greenville to make Kinston their home.

Guests were received at the residence of Mrs. S. P. Hines being greeted at the front entrance by Mrs. E. Y. Speer. At the archway entering the living room, the host and hostess received and made introductions to the honorees and to Mr. Carr's mother and sister, Mrs. C. S. Carr and Mrs. Franklin Waddell of Norfolk.

In the living room, Mrs. J. S. Ficklen and Mr. James Ficklen, Jr. of Greenville and Mr. and Mrs. "Dusty" Skinner of Wilson were introduced by Mr. and Mrs. John Blount Long, Mr. and Mrs. Julian B. McCullen directed guests to the punch bowl in the den, where Dr. and Mrs. Oscar W. Crans and Dr. and Mrs. Fleming Fuller presided over the silver punch bowl. Trays of assorted hors d'oeuvres were passed.

Later a turkey supper was served, buffet style, in the dining room, where a rose and silver cloth was used on the dining table and a large frozen Della Robbia fruit and vegetable mold, surrounded by colorful pickles and relishes, formed the center decoration. Serving at the dining table were Mrs. Arthur P. Wilson and Mrs. Walter C. Jones. Individual frozen desserts were passed at the end of the meal. Guests seated themselves in informal groups throughout the rooms and on the terrace.

Decorations in the hall, living room and den were of roses, gladiolus and larkspur in shades of pink and red. A large arrangement of magnolia leaves and buds was used against the south wall of the living room.

Mr. and Mrs. Carr and small daughter, Betty, will come to Kinston this week and will occupy the home of Mrs. Hattie C. Hill on Mitchell street.

Mrs. Hart Hostess To Bridge Club

Ayden.—Mrs. Chester Hart entertained the members of her bridge club at her home near Ayden on Thursday night. A delicious cold plate supper with iced tea, and ice cream and cake was served.

At the end of play Mrs. Clarence Hart was remembered with a novelty cup and saucer for high, while Mrs. Wilbur Dunn was given dusting talc for runnerup.

Guests included Mesdames Hart, Dunn, Tucker, Tripp, Joe Tripp, Mac Edwards, Marvin McCormick, Leslie Stocks and Raymond Cox.

Ferrell Rollins Receives Degree

The degree of Bachelor of Science in Commerce was conferred upon Ferrell L. Rollins of Bethel, son of Mrs. Charlie Rollins of Bethel, June 5 at the 15th commencement exercises of the University of North Carolina.

Rollins finished high school in Bethel and entered the University of North Carolina in June 1947 and continued through the three regular school years and summer sessions majoring in marketing, merchandising and advertising.

He has accepted a position with Montgomery Ward and will begin work June 15 in Raleigh. Rollins will be training for managerial duties.

Dr. Jorgensen Speaks On Recreation

The Greenville Business and Professional Womens Club held its regular monthly meeting last night at the Womens Club Building.

The president, Mrs. Ruth Meeks, opened the meeting by having Miss Allison Hearn to sing a solo, accompanied at the piano by Mr. Rupert Browning.

Mrs. Hugh Ragsdale gave a report on the recreation program, and suggested that some name be given to the playground near the mill village other than the "Mill Playground."

The meeting was then turned over to Miss Elizabeth Deal, who introduced Dr. N. M. Jorgensen, who gave an interesting talk on "Recreation."

After all business was taken care of Mrs. Meeks thanked the club for its cooperation during her tenure in office. She read a very appropriate poem, "Abundant Living," after which she turned the meeting over to the new president, Mrs. Ruel Tyson. Mrs. Tyson had the club to give Mrs. Meeks a rising vote of thanks for her services. Mrs. Tyson announced that she, Mrs. Chester Walsh, and Miss Mildred Lang would be delegates at the state convention being held in Winston-Salem this weekend. She announced too that Mrs. Susie Webb has been appointed to be reservation chairman for the year. The meeting was then adjourned.

Cake Cutting For Hardee Buck Wedding Party

Ayden.—Mr. and Mrs. Marvin McCormick and son, Jimmy, and Stuart Tripp entertained the members of the Hardee-Buck wedding party and other guests and relatives at their home on Friday night at 9 o'clock at an after rehearsal cake cutting.

The home was very pretty in its setting of bridal flowers and other arrangements.

The guests were greeted by Dr. and Mrs. S. M. Edwards. In the dining room upon a beautifully appointed table covered with a linen cutwork tablecloth, centered with a beautiful arrangement of gladioli and sweet peas the bride and groom cut the first slice from a huge three tiered wedding cake which was topped with a miniature bride and groom. Satin bows showered at each end of the table enhanced the beauty of the table. Lighted tapers on the table and buffet added beauty to the room.

Mrs. Wilbur Dunn, assisted by Miss Christine Stocks and Mrs. Clifton Jackson, served bridal cakes, nuts and mints. Mr. and Mrs. Joe

Tripp served delicious lunch punch

The hosts and hostess remembered the wedding party and those who assisted in serving with corsages.

Misses Martha Finch Worthington and Betty Lou Worthington were remembered with corsages. Also the hosts and hostess remembered Miss Martha F. Worthington with a novelty plate.

Pictures were taken during the party.

Around 70 guests called. Jimmy McCormick was best man and Stuart Tripp was an usher in the wedding which took place in the Free Will Baptist church at Black Jack on Saturday. Hugh Hardee is the son of the former Louise Tripp and grandson of Mrs. N. C. Tripp of Ayden.

Vacation Bible School Opening Set For June 12

The annual Vacation Bible School will be held at Memorial Baptist Church, Fourth and Greene Streets, beginning Monday, June the 12th and continuing through Friday, June 16th. The sessions will begin each morning at nine o'clock and close at 12 noon. There will be three departments for beginners, primaries and juniors; and children from four to twelve years of age are invited to attend.

Following is a list of the workers: Mrs. R. E. Hardaway, principal; Carolyn Branch, assistant to the principal; Kathleen Whitchard, secretary; Pauline Bell, chorister; Mrs. E. S. Hamrick, pianist; Frances Hobgood, playground director. Beginner Department: Mrs. Daniel E. Todd Jr., superintendent; workers: Helwina McMullen, Carolyn Hines, Helwina Odum and Mrs. E. N. Smith. Primary Department: Mrs. E. S. Webb, superintendent; workers: Betty Sue Branch, Grace Fleming, Verly Howard and Evelyn Smith. Junior Department: Mrs. Linwood Worthington, superintendent; workers: Mrs. N. C. Brooks, Mrs. E. K. Fisher, Mrs. Ben L. Rouse, Joan Yvette Johnson, Sara Lee, Pat Simpson and Smith Worthington.

Greenville Elks Hear Reports Of State Convention

The Greenville Elks Lodge, in regular session, with Exalted Ruler Jesse R. Moyer II presiding, agreed to supply the Greenville Girl Scouts with some cups and plates to replace those stolen from Camp Hardee after the camp closed last year.

The Elks also agreed to pay the expenses of two worthy girls at the Girl Scout camp, on Pamlico River, overlooking Pamlico River, below Chocowinity, this summer.

Herman Norris and Howard Summerville, delegates to the N. C. State Elks Association convention at Southern Pines last week, made reports last night.

The Greenville lodge, organized about nine years ago, now has more than 200 members and it is in a flourishing condition.

National "Flag Day," originally started by the Elks lodges of the United States, will be observed at the lodge here on June 14, with appropriate exercises.

Eastern Pines Men's Club Has Meeting On Wednesday Night

Promptly at 8:00 o'clock Wednesday evening President Glenn Hardee called the Eastern Pines Men's Club to order; and following the invocation and singing, the members of the Red Banks Home Demonstration Club served a barbecue dinner. The program featured stunts and harmonica playing. Program chairman Worth Hines awarded the stunt prize to Lonnie Tucker for producing the quickest "atomic explosion" by compressing air in a ball.

The bingo party sponsored in May was reported as being very successful and as providing sufficient funds for screening the club house. The members were so enthusiastic about the party that a motion was passed to sponsor another bingo party on the 21st of June at 8:00 p. m. Thirty-four members offered prizes which included 1 bag of fertilizer, \$5.00 worth of dry cleaning, 1 bag of Purina feed, 4 chickens, 1 gallon of Vita-Var paint, 1 box of Hershey candy, 3 bags of flour, 10 loaves of bread, 3 crates of drinks, 20 pounds of sugar, 25 pounds of chicken feed and 13 \$1.00 prizes.

Bethel News

Mrs. J. D. Rollins returned this week after visiting three weeks with her daughters, Mrs. J. D. Pledge in Newport News, Va., and Mrs. J. J. Riddick in Portsmouth, Va.

Little Nancy Pledge of Newport News, Va., is visiting her grandmother, Mrs. J. D. Rollins in Bethel.

Mrs. A. J. Crane, Mrs. Malena W. Powell and Margaret Rose Powell left yesterday to spend the summer at Montreat.

Mrs. L. L. Ward and Mr. Harvey Ward returned last Saturday after spending two weeks with Mr. and Mrs. J. T. Nelson in New York.

Loretta Bullock returned Wednesday after spending several days with her cousin, Frances Orsburn in Rocky Mount.

Mr. and Mrs. L. T. Renshaw and Tommy returned Sunday after visiting Mr. and Mrs. S. T. Renshaw for two weeks in Decatur, Texas.

Mr. and Mrs. Bill McDonald and daughter, Mary Ruth of Decatur, Texas, visited Mr. and Mrs. L. T. Renshaw several days this week.

Junior Chamber Honors Student

The Greenville Junior Chamber of Commerce's bi-monthly supper meeting at the Olde Towne Inn last night was featured by City Supt. of Schools June H. Rose in his tribute to Ray Sears, honor graduate at Greenville high school.

An impressive part of the luncheon club's program was where Rose reviewed "the romances and adventures, past and present, of President Bancroft Moseley." Fellowship featured the meeting, one of the best of the year.

The city schools superintendent, who presented Sears, to receive a loving cup awarded by the Junior Chamber of Commerce, for meritorious service, paid him fine tribute.

Sears, 17, a nephew of Mrs. Milo Smith of Greenville, graduated from Greenville high school last week. He was a debater for three years in the National Forensic League and at commencement was awarded the key. Sears is a pupil in speech with Mrs. June H. Rose and did his forensic work under R. E. Staring at the school. Sears was a member of the Glee Club and the National Honor Society, and was a marshal at commencement exercises.

Mr. Rose, in his talk to the Jaycees about the brilliant high school student, paid tribute to Sears for his continuous good record in school. In responding, Sears spoke feelingly. He recalled the community work the Jaycees are doing all over the country and the widespread interest in the contest.

Plans for softball games were discussed and other routine business was transacted.

Julian White Jr. and H. G. Wells were guests of the club.

The amaranth, among whose species are the garden flowers loved by the ancients to decorate tombs and images of gods.

Funeral On Saturday For Joseph B. Tripp

Joseph Benjamin Tripp, 71, died at his home in Winterville Thursday night at 11:15 o'clock after several years of declining health.

Funeral services will be conducted at the chapel of the S. G. Wilkerson and Sons Funeral Home Saturday afternoon at three o'clock by the Rev. D. W. Alexander, Free Will Baptist minister of Bethel, assisted by the Rev. Walter B. Nobles, Free Will Baptist minister of Winterville. Burial will be in Reedy Branch Church cemetery.

Mr. Tripp, son of the late Redden and Sara Britton Tripp, was born and spent his entire life in the Winterville community and was a farmer. He was a member of Reedy Branch Free Will Baptist Church.

Surviving are his wife, Mrs. Claudie Stocks Tripp; two sons, Johnnie Ray Tripp of Elizabeth City and Edward Alton Tripp of Winterville; two daughters, Mrs. Clarence Reams of Winterville and Mrs. Calvin Buck of Gates; 12 grandchildren; three great grandchildren; and two brothers, Will and John R. Tripp of Winterville.

Auto Was Afire, His Home, Also

East Hartford, Conn., June 9—(AP)—Leon Martin drove up alongside a fire department pumper here, calling out "my car is on fire!"

After firemen extinguished the blaze yesterday, Martin asked what they were doing there. A fireman pointed to a dwelling farther along the street where there was a fire in the basement.

"Holy smoke!" Martin yelled. "That's my house."

Neither house did much damage. The first ambulance corps operated during the Napoleonic Wars, and consisted of French soldiers assigned to the work of removing casualties from the field on stretchers.

Abernathy - Worthington Nuptials Held In Ayden

The Ayden Methodist church was the scene of a candlelight wedding on Sunday afternoon, June 4th, at 5 o'clock, when Miss Martha Finch Worthington became the bride of James Reagan Abernathy, Jr. The bride's pastor, the Rev. W. A. Cade, officiated.

The church was decorated with a background of palms interspersed with floor baskets of gladioli and snap dragons.

Proceeding the ceremony, a program of wedding music was presented by Mrs. Polly Taylor, organist. Miss Esther Wake Hollowell of Raleigh, N. C., sang "Ich Leibe Dich" and "Through The Years," and Mr. Warren Kinlaw of Ayden sang "Because."

The bride entered the church with her father, by whom she was given in marriage. Her gown was of candlelight satin fashioned with a fitted bodice and yoke of sheer illusion with a berth of imported Al'con lace. The sleeves extended into calla lily points over the hands. The overskirt which extended into a cathedral train was edged in Al'con lace. Her fingertip veil of French illusion fell from a lace colonial bonnet which was trimmed with seed pearls. Her only ornament was a single strand of pearls. She carried an arm bouquet of carnations and lilies of the valley centered with a white orchid and showered with satin ribbons and lilies of the valley.

Miss Betty Lou Worthington was her sister's maid of honor. She wore a gown of pale pink nylon marquisette, made with bouffant skirt

trimmed with dainty pleating, tight bodice made with the Parisian half cape. She wore a matching poke bonnet and gauntlets and carried a cascade bouquet of aqua carnations tied with aqua ribbon.

Bridesmaids were Misses Marie Walthall of Richmond, Va., Miss Betty O'Brien of Richmond and Dunn, N. C., Mrs. Keith Hudson of Wilson, and Mrs. Ralph Worthington of Ayden. They wore gowns of aqua identical to those of the honor attendant and carried bouquets of pink carnations.

The junior bridesmaids were Misses Linda Avant of Whiteville and Betty Lumpkin of Jacksonville. They wore identical dresses to the bridesmaids with matching bonnets and bouquets.

Miss Laura Worthington, cousin of the bride, was flower girl. She wore a dress of similar design and carried a pink basket of rose petals. Bryant Lumpkin of South Hill, Va., was the best man. The ushers were Charles Taylor of Danville, Va., Reader McClary, of Richmond, Va., John Ohrne of Oslo, Norway, and David Finch of Bailey, N. C.

The bride's mother wore an original gown of deep aqua tissue faille with matching Quippe lace, mauve gloves, and hat with mauve trim and an orchid corsage. The bridegroom's mother wore a gown of dusty rose crepe and lace combination, a hat of rosebud illusion and an orchid corsage.

The bride was graduated from Virginia Intermont College and the University of North Carolina where she was a member of the

MRS. JAMES REAGAN ABERNATHY, JR.

Theta Psi Epsilon sorority.

The bridegroom graduated from Fork Union Military Academy and is now attending the University of Richmond.

For traveling the bride wore a frost suit of champagne silk shantung with cocoa accessories and the orchid lifted from her bouquet.

After a northern trip, the couple will make their home at 6818 Carnegie Drive, Richmond, Va.

Following the wedding Mr. and Mrs. Theibert G. Worthington entertained at a reception at the Community building.

It was decorated in the traditional green and white. Palms interspersed with floor baskets of white gladioli were used. Ivy was arranged on the mantels in an artistic manner with center arrangements of gladioli and huge white candles.

Guests were greeted by the receptionist, Mrs. O. C. Stroud, and they were introduced to the receiving line by Mr. and Mrs. J. H. Whitaker. It being composed of the bridal party, Mr. and Mrs. Worthington, and Mrs. Abernathy, mother of the groom.

Dr. and Mrs. W. H. Gooding invited them to the dining room, where Mr. and Mrs. Jack Quinerly invited them to be served.

Mrs. W. S. Avant of Whiteville, aunt of the bride, and Mrs. Emmett Edwards served bridal ices and decorated cake, mints and nuts. They were assisted by Misses Janice Warren of Spring Hope, Judith Finch

of Bailey, Cora Pauline Moore and Margaret Celia Andrews of Ayden. The table was covered with cut work cloth and centered with a lovely arrangement of white carnations, snapdragons and gypsophelia in a silver container which was surrounded by white net bows.

This was flanked on either side by two five-branched candelabras with net squares in the holders and bows of net tied at the base. An airy miniature brides bouquet of sweetheart roses and gypsophelia showered with satin ribbon fell gracefully from the sides of the table near the centerpiece.

Mr. S. F. Nobles and C. R. Tynald invited them to be served punch. Mrs. W. W. Salsbury and Mrs. S. M. Edwards, assisted by Dr. Edwards, served the punch from a table covered with a lace cloth, decorated with ivy and crystal candelabras which held epergnettes filled with dainty white flowers. Misses Madge Smith, Sue Jackson and Barbara Worthington assisted in serving at this table.

Dr. and Mrs. G. G. Dixon invited them to the library, where Misses Ann Walker of Richmond and Eschler Wake Hollowell of Raleigh presided at the register.

Goodbyes were said by Mr. and Mrs. R. H. Worthington. Music was rendered throughout the evening by Miss Virginia Belle Cooper.

Mrs. Ella Finch, grandmother of the bride, and Mrs. Julian Finch of Bailey served as hostess at the home of the bride where the gifts were on display.

Out of town guests for the wedding included: Mr. and Mrs. Leland Warren, Mr. and Mrs. Mike Griffin, Mrs. R. L. Glover, Mrs. Vivian Finch, Mrs. D. R. W. Finch, Mr. and Mrs. S. E. Finch, Mr. J. E. Finch, Miss Rachel Bissette and Mr. Edwin Finch of Bailey.

Mr. Warren Finch of Louisville, Mr. and Mrs. Wm. Pearson, Mrs. J. Sam Lumpkin, Mrs. B. P. Lumpkin of South Hill, Va.

Mr. and Mrs. W. S. Avant, Sherwood and Janice Avant of Whiteville.

Mr. L. M. Adcock of Burlington, Rev. E. H. Cannady, Misses Betsy and Frank Cannady of Richlands.

Mr. and Mrs. Everett Lumpkin of Jacksonville.

Mr. Claude Kidd of Wilson, Miss Emma Starkey and J. H. Ellis, Mr. and Mrs. C. C. Martin of Kinston.

Mr. and Mrs. Eugene Sexton of Rocky Mount.

Mr. and Mrs. D. H. Conley of Greenville.

Mr. and Mrs. W. I. Bissette and Mrs. N. H. Lockhart of Grifton.

Mrs. Esther Davis of Farmville, Mr. and Mrs. W. H. Newsom, Mrs. Wilma O'Brien and Beulah Graham of Dunn.

Miss Ludie Cannady of Lumberton.

Dr. and Mrs. Joe Lindley, Mr. and Mrs. J. S. Chadd, Hatcher Crenshaw, Jr., James A. Jerrett, Mr. and Mrs. Carl L. Altmar, Jr. of Richmond, Va.

Mrs. J. H. Whitaker and Mrs. W.

S. Avant of Whiteville honored Miss Martha Finch Worthington and Mr. James Reagan Abernathy, Jr. on Saturday evening at a cake cutting prior to their wedding which took place on Sunday afternoon.

The home was lovely throughout with spring flowers and candles. The table in the dining room was beautifully decorated with a centerpiece of white lilies, shaster daisies and snapdragons, flanked by silver candelabras. Above this hung silver and white wedding bells.

At one end of the table was a beautifully decorated three-tier wedding cake, at the other the punch bowl.

Mrs. Mabel Abernathy, mother of the groom, poured punch and Mrs. Avant served the cake.

Nuts and mints which were of bridal designs were also served. There were about 45 present.

Mrs. R. H. Worthington entertained at her home on Wednesday night at a dessert bridge party for Miss Martha Finch Worthington, bride-elect. The entire home was used to where ten tables of bridge was played. The home was very lovely with the different bridal arrangements. Upon entering the home lighted tapers showered upon each table enhanced the beauty of the party where the hostesses served a sweet course with salted nuts to the guests. A sweet pea was added to the platter for each guest. The bride's table was marked by a corsage of roses. Miss Joyce Whitehurst and Mrs. T. G. Worthington were also remembered with corsages.

The living room in its setting of bridal white was very beautiful, the mantel was very beautiful with its large lighted tapers, showered with white satin bows.

In the hall an arrangement of bride's dolls was displayed. These were owned by little Miss Barbara Jean Worthington.

Little Miss Laura Worthington in her charming manner passed the guests their tallies upon entering the home.

The other rooms in the house were decorated with a profusion of early summer mixed flowers. A mixed fruit drink was served during play.

At the end of play Mrs. Odell Caton was given a novelty kitchen set for high, while Mrs. Wayland Harrington was remembered with a piece of pottery for runner up. Low, a tea towel was given Miss Virginia Belle Cooper. A crystal pitcher with silver trim was given to Miss Worthington, while Miss Helen Joyce Whitehurst was remembered with a mayonnaise bowl.

Guests included Mesdames Joe Whitaker, Jack Quinerly, S. M. Edwards, Sr., Stacion Ross, H. W. Gooding, R. M. Creech, Hubert Worthington, C. C. Little, Brice McCoy, Corey Stokes, T. G. Worthington, W. O. Jolly, Jr., Wayland McGlohon, Marvin McCormick, Wayland Harrington, Larry Davis, Bill Shelton, J. R. Taylor, Harry Stillman, Clay Stroud, Jr., Hal Edwards, Joe Tripp, Bill Johnson, Harry Mumford, P. R. Taylor, W. W. Salsbury, Pierce Sumrell, Emmitt Edwards, Mac Eure, Loyd Turnage, Clyde Tyndall, S. J. Worthington, C. Y. Griffin, James Everett, Misses Betty Lou and Martha Finch Worthington, Helen Dixon, Joyce Whitehurst, Virginia Belle Cooper and Adilade Darden.

One of the loveliest parties of the season was given last Tuesday afternoon by Mrs. S. M. Edwards and Mrs. Jack Quinerly at the home of Mrs. Quinerly in Miss Martha Finch Worthington, bride-elect of June.

The entire home was beautiful in its arrangements of early summer flowers. The bridal arrangements were used very profusely to heighten the beauty of the party. An old fashion bridal nosegay upon the stair case on entering the home was indeed lovely. Nine tables of bridge were in play. The mantel in the living room was very beautiful with its arrangement of dolls, which were a collection of Mrs. Mary Darden Quinerly Loringo.

After cards were laid aside Mrs. Quinerly invited the guests into the dining room of bridal display. Upon a beautifully appointed table centered on a satin cover was a bridal doll showered by lovely crystal for the honoree. The guests toasted and drank to Martha Finch as the display of gifts were uncovered.

The hostesses presented corsages to Misses Martha F. Worthington, Betty Lou Worthington, Joyce Whitehurst, Mesdames T. G. Worthington, J. B. Dennis, Bobbie Eure and Bill McGlohon.

After a merry time in the dining room, scores were added and for club high Mrs. W. W. Salsbury was given a crystal fruit juice pitcher

Mrs. Hugh Hardee, Jr., whose marriage took place in the Free Will Baptist church at Black Jack on Saturday at 2 p. m. Mrs. Hardee is the daughter of Mr. and Mrs. Scott Buck of Greenville, Route 2. Mr. Hardee is the son of Mr. and Mrs. Hugh T. Hardee of Greenville, Route 3.

er and glasses. Runner up, Mrs. J. H. Whitaker, was remembered with glasses. Guest high fruit juice set, was given Mrs. H. W. Gooding, runner up. Mrs. J. R. Taylor was remembered with glasses.

The hostesses remembered the new brides to Mrs. Bill McGlohon and Mrs. Bobbie Eure a set of crystal compotes. Miss Joyce Whitehurst and Mrs. J. B. Dennis were remembered with crystal snack sets. The honoree was remembered with crystal plates in her chosen pattern of Dolly Madison.

On the high cut at each table an old fashioned nosegay was given. The hostesses then served bridal ices, decorated cakes and salted nuts to the following guests.

The merry matrons, Mrs. Joe Whitaker, Mrs. Lillian Turnage, Mrs. S. J. Worthington, Mrs. John Burgess, Mrs. W. W. Salsbury, Mrs. P. R. Taylor, Mrs. T. G. Worthington, Mrs. Clyde Tyndall.

Guests, Misses Martha Finch Worthington, Betty Lou Worthington, Joyce Whitehurst, Janice Turnage, Clyde Stokes; Mesdames Ralph Worthington, R. H. Worthington, R. H. McGlohon, Bill McGlohon, J. B. Dennis, Emmitt Edwards, Dalton Gardner, William Shelton, Bobbie Eure, May J. Eure, G. C. Dixon, Fred Darden, Harry Dail, Jack Collins, Clinton Foster, J. L. Jenkins, H. W. Gooding, J. R. Taylor, Stacion Ross, Alton Gardner, James Everett, Hal Edwards and Robert Hawkins.

Navy Plane Said Down In Atlantic

Washington, June 9—(AP)—The Navy said today that a Navy PB4M plane carrying a crew of three was reported down at sea off the Atlantic coast.

Two Coast Guard cutters were dispatched from Norfolk, Va., to search an area about 75 miles east of Cape Henry, Va.

The Navy said three other PB4Ms flying with the craft before the crash were aiding in the search and that other planes had been sent to the area from Elizabeth City, N. C.

The Coast Guard located the scene of the crash at 37 degrees 13 minutes north and 74 degrees west. At Baltimore Municipal radio station WMH said it had picked up a Coast Guard broadcast reporting the plane down about 75 miles east of Cape Henry.

The station said the Coast Guard at Norfolk, Va., asked ships in that area to "keep a sharp lookout for survivors."

The Navy had no further details of the crash.

Jail Sentences Order Lawson, Trumbo To Start

Washington, June 9—(AP)—The writers John Howard Lawson and Dalton Trumbo, who have been called Communist sympathizers, were ordered today to start serving one-year sentences for contempt of Congress.

They also must pay \$1,000 fines for refusing to tell the House un-American Activities Committee whether they ever were Reds.

There is a possibility their sentences can be reduced within the next two months.

Lawson, who was described to the committee as "in direct charge of Communist activity" in Hollywood, was ordered committed by federal Judge Edward M. Curran. Judge David A. Fine handled the Trumbo case.

Lawyers for the two writers argued the defendants ought to be put on probation. Instead of being sent to jail or least that their sentences be reduced substantially.

News Behind The News
WASHINGTON, June 9—An alarming report from Democratic political agents in the field lies behind President Truman's belated willingness to give favorable consideration to the Tydings-McMahon proposal that he name a jury of distinguished Americans to pass final judgment on the question of Communists and perverts within the government.

EXPERT—Although the McCarthy charges produce no reaction in certain sections they have aroused concern and suspicion in the populous cities and in the farm areas by stirring the Catholics and Protestants, respectively. It was the surprisingly large Democratic turnout in these contrasting spots that accounted for the Truman victory in 1948.

CONDEMNATION—The conduct of the Democratic majority on the Tydings committee has drawn special and severe condemnation in this and other reports. Indeed, it is now the general opinion that they have decided on a "whitewash," and it is doubtful if their verdict will be accepted as honest.

HORRIFIED—He permitted one assistant to characterize the stolen, wartime, government documents as "trivial." In the contrary, one chart listed the location of twenty-five U. S. submarines in key Japanese waters.

ACCOMMODATIONS — North Carolina is better prepared than ever before to take care of this increased patronage. Collins Tourist Handbook lists more than 20,000 rooms in hotels, motor courts and guest houses in the coastal, mid-state and mountain resorts.

VIOLATED—Capitol Hill experts on foreign relations have urged President Truman to issue an order confining official members of the Russian diplomatic family here to their barracks at Washington.

SCOFF—The "confine 'em" school of Congressmen scoff at State's rejoinder that such action would only antagonize Moscow even further than our present "cold war" statements and preparations.

Zephaniah Calls to Repentance ILLUSTRATED SUNDAY SCHOOL LESSON

Scripture—Zephaniah.

By Alfred J. Buescher

The Lord said that He would search Jerusalem with lamps, and punish those that were living in luxury, indifferent to Jehovah said Zephaniah.

These wealthy, but idolatrous people, should not long enjoy their luxuries, Zephaniah prophesied, but their houses would become a desolation.

"Seek ye Jehovah, all ye meek of the earth, that have kept His ordinances: it may be ye will be hid in the day of Jehovah's anger."

"Fear not; Jehovah thy God is in the midst of thee, a mighty one who will save." Zephaniah promised. MEMORY VERSE—Psalms 86:5.

Zephaniah Calls to Repentance

JEHOVAH WILL SAVE THOSE WHO SEEK HIM

Scripture—Zephaniah.

By NEWMAN CAMPBELL THE PROPHET whose dire warnings we study today may have been distantly related to former kings of Judah. If he was, as indicated by the introduction to his prophecies, he was doubtless familiar with the habits—moral, physical and spiritual—of the wealthy but unbelieving people whom he so heartily berated. About this time, we are told, there was a temporary incursion of Scythians into southwestern Asia. This was in the year 627 B. C. Zephaniah was sure that the day of reckoning had come for his people—indeed for the world as he knew it. His prophecies never have come true, but as the world grows older and men of science discover more and more of earth's secrets, we wonder sometimes if the destruction so vividly pictured by the prophet of old may not come true, if we disregard God's warnings. There were many prophets in

ly, even the voice of the day of Jehovah; the mighty man crieth there bitterly. "That day is a day of wrath, a day of trouble and distress, a day of wasteness and desolation, a day of darkness and gloominess, a day of clouds and thick darkness. "A day of the trumpet and alarm, against the fortified cities, and against the high battlements." Picturesque language this, giving us a dismal picture indeed of what the prophet foresaw. The men the poet threatened were those who lived at ease, without troubling themselves about social or spiritual righteousness. They had grown indifferent to their religion—possibly did not believe there was a Jehovah, or at any rate that He interfered for either good or evil in men's affairs. Children are punished by their parents or guardians for their faults, not because they do not love them, but because they do. They must be taught what is

MEMORY VERSE

"For Thou, Lord, art good, and ready to forgive, and abundant in loving-kindness unto all them that call upon Thee."—Psalm 86:5.

the world today, warning us, as Zephaniah did his people; they plead with us to realize our danger, to repent of our iniquities, to return to God, and join with all holy souls to save the world. Only man's soul, a modern poet tells us, is stronger than the atom bomb. It can control that bomb with His help. Zephaniah's language is direct and forceful. Speaking in the name of the Lord, he said: "And it shall come to pass at that time, that I will search Jerusalem with lamps; and I will punish the men that are settled on their lees, that say in their heart, Jehovah will not do good, neither will He do evil. "And their wealth shall become a spoil, and their houses a desolation: yes, they shall build houses, but shall not inhabit them; and they shall plant vineyards, but shall not drink the wine thereof. "The great day of Jehovah is near, it is near and hasteth greatly. Based on copyrighted outlines produced by the International Council of Religious Education and used by permission. Distributed by King Features Syndicate.

right and what is wrong, so that they will grow up to choose the right and reject the wrong. Older people suffer for their sins, too. For what we call crimes, they are shut up in prison; sometimes they forfeit their lives. But whether we are caught and punished physically for what we do, we suffer, for the voice of God within us informs us when we do evil. Drastic as Zephaniah's threatenings were, he finished his short book on a joyous note—a comforting word. "Seek ye Jehovah, all ye meek of the earth, that have kept His ordinances; seek righteousness, seek meekness; it may be ye will be hid in the day of Jehovah's anger. "Jehovah thy God is in the midst of thee, a mighty one who will save; He will rejoice over thee with joy; He will rest in His love; He will joy over thee with singing."

son family are making arrangements for the annual family reunion on the fourth Sunday in August. Rev. Willis Wilson will deliver the sermon.

Bible School Of The York M.A.M.E.Z. Church Opens June 12

The Daily Vacation Bible School of the York M.A.M.E.Z. Church will be conducted from June 12 to June 23. Class hours will be from 8:30 to 11:30.

The course, for boys and girls between the ages of 4 and 14, will include Bible study, music, stories, handwork and recreation.

Members of the faculty are: Miss Eunice Forbes, Miss Hattie Savage, Miss Jean King, Miss Helen King, Miss Gloria Allen, Miss Ruth Allen, Miss Frances Vines, Miss Alethea Frizzell, Miss Blondie Wilkins, the Rev. Churchill Thomas, Helper Mrs. Mollie Fleming and Directress Mrs. Fattie Garrett Grimes.

Berlin's Soviet Zone Is Calling Self Democratic

Berlin—(AP)—The word "Russian" has recently acquired a new synonym here. It is "democratic." Signs have been erected proclaiming the Russian sector of Berlin as the "democratic sector." Russian-controlled newspapers have adopted the idea. Also, the Russian-controlled radio refers to itself as the "democratic radio." This is opposed to the American, British and French sectors of the city, which are designated, individually and collectively, as the "gangster sectors" or the "terror sectors." Those freshly-painted "democratic sector" signs were up on the bord-

Mackeral Returning To The West Coast

Terminal Island, Calif.—(AP)—A 5-pound Monterey Spanish mackerel has been landed here after a game fight. This is news because this fish once an important commercial type on the west coast, disappeared completely in 1890. It was not until 1927 that it was seen again. Since then only seven have been caught. The last one took 200 yards of line in his first rush.

Says Inaccurate Claim Was Filed

Morristown, Tenn., June 9—(AP)—A chancery court judge says the CIO Textile Workers Union on strike at the American Enka Corp. Rayon plant here, has given an inaccurate statement to the Senate Labor Committee.

Chancellor Ben Robertson said last night it is untrue that an injunction to forbid violence by strikers has been declared "null and void."

Earlier, John W. Edelman, the Union's Washington representative, filed a statement with the committee. It quoted the chancellor as saying court employees here in Hamblen county had added to the injunction a ban against strikers' gatherings miles from the plant.

Questioned at Sevierville, Robertson asserted he had given the Union "no statement that would give them any basis for such charges."

Meanwhile, a field for contention opened in the bitter, violence-studded strike when two petitions for a National Labor Relations Board election were filed at Atlanta. Both the company and AFL Union Textile Workers Union asked NLRB to determine the bargaining agent for workers.

Local 1054 of the CIO Textile Workers called the strike and says it is providing food for more than 500 of the 70 workers who struck March 28. But the AFL Union claims 75 per cent of the employes as members.

Girls' State To Wind Up Tonight

Greensboro, N.C., June 9—(AP)—The 11th annual Tar Heel Girls' State will end at Woman's College here tonight.

The 235 delegates—outstanding girl students from high schools throughout the state—heard an address on world government this morning by Miss Maxine Garner, director of religious activities at W.C.U.N.C.

Judge Wilson Warlick of Newton is scheduled to deliver the closing address at a banquet tonight. Two of the delegates, Blanche Wilkins of Rocky Mount and Barbara Worthington of Winterville, will represent North Carolina at the Girls' Nation in Washington this summer. Tar Heel Girls' State is sponsored each year by the State Department of the American Legion Auxiliary.

Teen-Age Youth Is Released On Killing Father

Charleston, W. Va., June 9—(AP)—Fifteen-year-old Jimmy Basham gripped his chair as he watched the jury file back into the courtroom last night. It had been out for three hours. To those 12 persons Jimmy had told how he thought he did the "right thing" by shooting his father to death . . . how on April 2, he took down the family rifle and shot Charles Ted Basham 45-year-old coal miner, while he slept in a living room chair after a drinking bout. He shot his dad, Jimmy had related, because "he threatened to kill me and because he had beaten me and mother many times." The foreman rose. " . . . Not guilty."

Favorable View Of Toll Highway Given Governor

Raleigh, N. C., June 9—(AP)—Governor Scott has received a favorable report on a preliminary survey of a proposed high-speed, toll highway across North Carolina.

Charles F. Jones, of Durham, President of the First Securities Corporation, said the preliminary study indicated the proposed super highway "would be a sound financial investment."

The next step, Jones said, would be a thorough study of the feasibility of the road. Two engineering firms have been employed to make this study which will include an aerial survey of the route.

Jones said he hoped this study would be ready for presentation in September to a turnpike committee which Governor Scott appointed. The committee is expected to make its recommendation to the 1951 legislature.

Under a proposed routing the road—if it is authorized and built—would cross North Carolina from near Charlotte to the vicinity of Durham with a branch passing north near Winston-Salem.

The proposal calls for the road to be financed through the issuance of bonds which would not be an obligation of the state. The bonds would be paid and the road maintained through tolls collected from its users.

London, June 9—(AP)—Hope dimmed today for the safety of four airmen missing since their flaming B-29 bomber dived into the North Sea Wednesday. Three others died in the crash and four survived.

Hope had risen earlier today when a dinghy with two men aboard was reported sighted off the Norfolk village of Winterton. Rescue ships failed to find it, however.

All day yesterday American and British planes and surface craft combed the crash area, 23 miles off Great Yarmouth on England's Norfolk coast.

The survivors, who were plucked from the icy waters of the North Sea by rescue craft, still are under treatment in hospitals.

The 11 airmen bailed out of the Superfortress when one of its engines caught fire at 500 feet, during a gunnery flight.

Flock Of Owls Attacked People

Detroit, June 9—(AP)—A flock of owls ganged up on a group of innocent people last night.

It was rough, too, until a gunshot drove off the birds. Mr. and Mrs. Henry Sheppard were entertaining friends. As the guests were leaving Sheppard walked out on the front porch with them.

Colorado boasts the highest transcontinental railroad route in North America at Marshall Pass, 10,846 feet altitude, where the Rio Grande Railroad crosses the Continental Divide.

Down came the owls. One clawed a gash in Sheppard's scalp. Others dove for the group back in the house. The Sheriff's road patrol answered a summons. One shot by Deputy Henry Bates killed one owl. The rest flew off.

There's a Way for You to SEE, WHILE YOU'RE ALIVE How Your Estate Would Be Handled

The problem of putting the disposition of your entire lifetime's accumulations into someone else's hands is really important. Possibly you have wondered how a qualified institution such as the Guaranty Bank and Trust Company would handle your affairs.

There's a way to find out now, while you're alive—through a LIVING TRUST.

By setting up such a trust for part of your estate, you can have the opportunity to observe how income payments are made as you designate. You can also observe the effect upon beneficiaries, our manner of handling investments and securities, any possible need for changes in terms and many other factors which will make this an invaluable experience. Your LIVING TRUST is prepared by your own attorney.

You can, of course, revise or terminate it at any time. It's the best way we know to give you a working picture of how your estate would be administered for the benefit of your heirs.

And that's something well worth considering—don't you think?

Cotton May Be Losing Ground Because Its Price Is Too High

Washington, June 9—(AP)—Is the price of American cotton too high? That question bobs up between the lines of resolutions passed at a meeting of world cotton experts here last week. The meeting was called to study ways of increasing international trade in the fiber crop.

The resolution studiously avoided pointing at any country. But it did say that cotton as a crop is waging a losing battle as a material to clothe the people of the world. Synthetic fibers—such as rayon and Nylon—are gaining rapidly in use throughout the world.

Why is cotton losing ground? The experts said it is the high price of cotton in relation to competing fibers.

Representing the bulk of the world's cotton-consuming and producing countries, the experts said also that technical progress has

considerably improved the quality of synthetic fibers.

The indirect finger-pointing at the United States was contained in a resolution which invited all producing countries to "give serious consideration to such modification of their respective national production and price policies as may be required to enable the world's consumers of cotton and cotton goods to receive maximum benefit from technology and efficiency."

United States farm policies are holding cotton prices above levels which would prevail if the economic law of supply and demand was allowed to operate. This is accomplished by means of price-support programs and production control measures.

Because it is the largest crop, American cotton tends to set the price in the world market. That is, the higher the government supports prices of American cotton, the higher are the prices other countries are able to charge.

American cotton is being supported at 90 per cent of parity. Parity is a standard for measuring farm prices declared by law to be equally fair to producers and users alike.

The present price support averages about 28 cents a pound. It tends to reflect production costs when more expensive hand labor was requested to produce the crop.

The experts said in effect that if cotton were a little cheaper, perhaps countries like the United States would not have to resort to rigid production controls to prevent surpluses.

"The population in the countries

where the level of income is low is generally very dense and under-clothed," the experts said. "Even a small increase in the per capita consumption of cotton goods in these countries would bring about a large over-all increase in world consumption of cotton."

Madame Chiang's Brother Resigns Kuomintang Post

Taipei, June 9—(AP)—T. V. Soong, millionaire brother of Madame Chiang Kai-shek, has quit the Kuomintang—China's Nationalist ruling party—rather than come to Formosa where his sister and Generalissimo Chiang Kai-shek have pledged to die.

The general executive committee of the party announced his resignation today.

Soong, a former foreign minister of Nationalist China and once acting premier of the government, was last reported in New York with his brother-in-law H. H. Kung, banker.

The Kuomintang said that Soong, one of the wealthiest men in the world, chose to resign rather than come to this Communist threatened island, refuge of all that Chiang has left of his once populous nation.

Soong left China shortly before the government fled to Canton from Nanjing late in 1948.

At that time there was a move afoot to have him donate to the Nationalist cause a part of his fortune, reputedly scattered in French, English, North and South American, Indian, South African and waypoint banks.

So far as is publicly known here he ignored the requests and left Canton hurriedly for British Hong Kong and then Paris. He said he was ill and needed medical attention.

He soon dropped out of the limelight, which he held as foreign minister during the war years as Chiang's representative in Washington.

There have been recurrent rumors in Nationalist China for a long time that Chiang and Soong did not see eye to eye.

His suave, svelty sister Madame Chiang, educated in an American college, visited with him in New York when she went to the States to seek financial aid for tottering Nationalist China.

Banks Grow

Raleigh, N.C., June 9—(AP)—Resources of North Carolina banks have increased nearly \$3,000,000 in the past year.

This was reported yesterday by Banking Commissioner Gurney P. Hood.

As of April 24, resources of all banks in the state totaled \$1,779,727,833.82, as compared with \$1,776,789,975.33 in April 1948, Hood reported.

The FBI has identified Edward Clyde McAllister (left) and Carl Baskin Hensley (right) as two of the fugitives captured in South Carolina in a man-hunt that began near Chattanooga, Tenn. McAllister, described as a former convict from Huntsville, Ala., was seized in a light truck near Chesnee, S. C., Monday. The FBI said Hensley and his red-headed wife, Martha Louise Hill Hensley, were caught near Cowpens, S. C., Tuesday. Bottom: County Officer Fred Phillips at Spartanburg inspects the truck in which McAllister was captured. The chase started when three desperadoes held up a Tennessee highway patrolman and took his automobile equipped with a machine gun. (AP Photos).

Surplus Butter Offered 'Free'

Washington, June 9—(AP)—"Uncle Sam has offered to give away unlimited quantities of surplus butter and cheese for relief purposes abroad.

The dairy products would be taken from stocks bought by the Agriculture Department under a producer price support program.

Earlier in the year, the Department offered both cheese and butter for relief distribution in this country.

The distribution for relief abroad will be made through private relief agencies which must pay the cost of transporting the products from points of storage in this country.

The Department now has about 137,000,000 pounds of butter—about one month's supply for American consumers—and 43,500,000 pounds of cheese.

So far, about 6,500,000 pounds of butter and 3,200,000 pounds of cheese have been distributed for relief use in this country.

The Department is paying 58 to 60 cents a pound for butter and 31 cents a pound for cheese under the price support program.

Other surplus commodities being donated for relief in this country and abroad include potatoes, dried eggs and dried milk.

Boy Runs Away From Cash Prize

Charleroi, Belgim—(AP)—A Charleroi exchange agent has been searching for a young boy for seven years to give him \$4,000. In 1943 the agent was holding the prize money for a wartime "Winter Aid" raffle. A boy about 12 presented himself at the agent's office with the winner number and demanded the money. Thinking him a bit young, to walk out with 200,000 francs in his pocket, the agent told him to return with his father or mother. The youngster returned two days later without his parents but still determined to pick up the cash. Suddenly he turned and ran out of the office and hasn't been heard of since in spite of advertising and police searches in schools.

Letter Carriers Open Convention

Charlotte, N.C., June 9—(AP)—Members of the North Carolina State Association of Letter Carriers opened their 50th annual convention here today.

The opening session featured an open forum conducted by Dan R. Sullivan of San Francisco, national vice president.

Spencer Locke of Orlando, Fla., is scheduled to address the approximately 400 delegates at a general meeting tonight.

STING INSURANCE IS MUST

Corby, England—(AP)—Tenants of public housing here must take out bee-sting insurance if they want to keep bees. The council ruled that each beekeeper must have a \$2,800 policy to pay off any passerby who got stung.

At Least One Lawmaker Talks 'Ike' For President

Washington, June 9—(AP)—Gen. Dwight D. Eisenhower was back in the political limelight today with at least one lawmaker suggesting the Columbia University president already has a presidential platform.

Senator Morse (R-Ore.) told a reporter that Eisenhower's warning against bleeding the economy by two military outlays—coupled with his new criticism of government subsidies and unbalanced budgets—sounded to him "like an Eisenhower presidential platform."

The general made a commencement address at Columbia yesterday that read like a Republican campaign document to Senator Brewster of Maine, chairman of the GOP senatorial campaign committee.

"I am very glad that a man of General Eisenhower's experience and influence is recognizing the dangers which the Republicans have been pointing out and I welcome his cooperation," Brewster said.

Eisenhower told departing students that if military expenditures aren't watched they may "dangerously bleed the economy and even destroy what we seek to protect."

He struck at "growing dependence" on federal subsidies, said an unbalanced budget nullifies the gains of workers and farmers and listed high taxes, medical care, educational aids and industrial strife as top issues of the day.

He even took note of the Washington uproar over Communists in government with the observation that ways must be found to protect

the nation "against insidious and even traitorous corruption in responsible places."

This must be accomplished, the general said, by means which "neither endanger nor reduce our civil rights."

Some lawmakers recalled that a recent statement by the general that defense outlays were being reduced beyond what he regarded as the safety point caused an about face here with indications that Congress will order more money poured into aircraft buying and some other fields than it had planned.

Eisenhower's position as a possible candidate for the Republican presidential nomination in 1952 has party members divided.

Big Projects In State Proposed

Washington, June 9—(AP)—At least two projects totaling over \$3,000,000 in North Carolina are included in a \$596,000,000 military program agreed on by a Senate-House conference committee.

They are:

- Camp Lejeune \$3,000,000.
- Extension of runways for jet operations at Marine Corps Air Station, Cherry Point; Naval Air Station, Norfolk, Va.; Naval Auxiliary Air Station, Oceana, Va.; and at such other stations as needed \$8,190,000.

Pray For End Of Polio Epidemic

Burlington, Wis., June 9—(AP)—They recite the Rosary every night at Mrs. Theodore Stang's front lawn grove, praying for an end to the polio outbreak which has stricken six residents within ten days.

Mrs. Stang began the practice Tuesday night when she called neighbors together and asked them to join her in prayer.

No new cases have been reported since Monday.

Iron Age Tombs Found In Sicily

Catania—(AP)—A group of 350 tombs belonging to the iron age has been discovered in the area of Realmi, near Enna, Sicily. Some of the tombs were opened during the Byzantine domination, but many were still intact. In one of the latter the remains of 11 bodies were discovered together with 32 vases.

Archaeologists say all the tombs were built before the ninth century B. C. long before the Greek domination of Southern Sicily.

WAINWRIGHT IN KINSTON
Kinston, N.C., June 9—(AP)—General Jonathan Wainwright is scheduled to be the principal speaker at the annual state convention of Disabled American Veterans to be held here June 15-18. An attendance of about 500 is expected.

The chief source of the world's supply of amber in the Baltic coast of Germany, Lithuania and Latvia.

No Answer For The Avid Aphid

Riverside, Calif.—(AP)—"WANTED: An iron cure, or something, to stop the green peach aphid." No such public appeal has been made by the University of California citrus experiment station here, neither have its experts been able to halt the spread of the green peach aphid.

The creature flies through clouds of insecticide without turning a hair, spreading a virus that causes pantoupe mosaic. This is a disease which on two recent occasions has ruined a third of the early melon crop hereabouts.

Search Ended

Miami, Fla., June 9—(AP)—Search for 29 Puerto Rican migratory farm workers missing from a plane crash Monday night 300 miles northeast of Miami has been called off.

The search ended at sunset yesterday, the Coast Guard said, and the cutter Aurora was ordered back to its base at Savannah, Ga.

The search had been under way since early Tuesday. Eight died in the crash and 37 others aboard were rescued, including the three crew members.

Coast Guard air and surface craft searched for three days but found no trace of the 29 missing passengers.

Tobacco Cooperative Believes Stocks Now On Hand To Move

The Fine Cured Tobacco Co-operative made the announcement late last week that the 1946 and 1947 tobacco crops would "move satisfactorily off Co-operative warehouse floors, although it is too early to make a forecast."

The Stabilization Corporation made this announcement to tobacco growers in this area via a statement of the number of pounds bought in 1946 and 1947 and the profits derived therefrom.

In its first year of incorporation, 1946 the corporation bought 66 million pounds of the leaf from 88,000 growers and sold all of it.

The following year 10,000 pounds were left on hand after selling 222 million pounds out of 232 million bought from 294,000 growers.

Plan WAC, WAF Interviews Soon

Wilson, June 8.—Interviews will be given Monday, June 19, to young women who are interested in careers in the Women's Army Corps or the Women's Air Force.

Sergeant L. G. Mode, WAC-WAF recruiter, will be at the Army and Air Force Recruiting Station, Post Office Building, Wilson, N. C., for the purpose of explaining career opportunities, assisting applicants in filling out application forms and giving qualifying examinations.

As a result of returns from the first two years' crops, the cooperative gained a profit of \$65,000 which it reports, is too small to distribute among the growers. The program prohibits any of the profits to be distributed until the entire year's crop is sold. In the case of the 1947 crop no profits have been distributed because there are 10 million pounds left on warehouse floors of the cooperative.

Consequently, the \$65,000 derived from the 1946 crop has been set up as a reserve fund of the organization under authority of the board of directors.

All money borrowed from the Commodity Credit Corporation to finance the 1946 and 1947 crops has been paid plus 3% interest on the total amount, the corporation reported. Twenty-four million dollars was borrowed to finance the first year's crop and \$94 million was borrowed toward the 1947 crop.

At the present time the Corporation owns its own building, the cost being financed from capital stock funds (\$5 per member) of \$1,800,000. All the capital stock is invested in government notes with exception of the cost of the lot and building plus office equipment, equaling \$235,000.

The annual stockholders meeting will be held at Pullen Hall on the State College campus June 30. Reports for the past fiscal year and the entire operational period of the

corporation will be given. Three directors will be elected this year when the terms of three outgoing directors expire. They are: T. W. Allen, Creedmore; Joe Blount Loris, S. C. and D. F. Bruton, Adel Ga. Three new directors will be elected from the three areas represented by those whose terms expire.

WANTS MORE JEALOUSY

Cairo—(AP)—What has become of male jealousy? That's the question Egypt's Chamber of Deputies keeps asking. The questioner is a deputy S'ikh Mohamed Korany Bey. He took the floor recently to express astonishment that men should allow their wives to dance with other men.

Baby chicks eat no food or drink no water the first 24 hours or so of their life.

Jackie Walker (above) of Pascagoula, Miss., 18-year-old honey-blond sophomore, has been elected "Miss University of Mississippi" for 1950. She won the honor in a campus contest. (AP Photo).

Vincent Flemming (right), 44, an off-duty policeman accused of turning bandit, is held at gunpoint after his capture in the attempted hold-up of a tavern in Brooklyn. The officer holding him at bay was not identified. Flemming was badly beaten by tavern customers who disarmed him after a patron was slain when he tried to call police. (AP Wirephoto from New York Daily News).

Americans Like Farm Program As Tried In Greece

Athens—(AP)—Four American farm leaders, following a four-day inspection of Marshall Plan agricultural projects in Greece, have commended ECA's "grass roots" approach to farmers and their problems. "There seems to be a very genuine and successful attempt to bring

and successful, attempt to bring the American farm program right intimately concerned," declared Allen Kline, of Chicago, president of the American Farm Bureau Federation.

Included in the group with Kline were James G. Patton, of Denver, president of the National Farmers Union; Jess Sanders, of Washington, special assistant to the president of the National Grange; and John H. Davis, of Washington, executive secretary of the National Council of Farmer Cooperatives.

Can Pierce Iron Curtain By Phone

Berlin—(AP)—You can pierce the iron curtain here and get an American newscast in German merely by dialing your telephone. And about 40,000 Berliners daily, more than a third of them in the Russian sector of the city, are doing that. The broadcasts come from RIAS Radio in American sector. America's voice behind the iron curtain.

The idea of running off newscasts over a tape by telephone was born during the Russian blockade of Berlin, when frequent power shutdowns cut off radio reception. When the Communists banned the Russian sector of the city, the plan was revived.

The Communists got their postal authorities to block the number to prevent Soviet sector inhabitants from listening. RIAS retaliated and added another number. Telephone experts claim it will take the Communists at least six months to block that one.

India Is Pushing Hindi Language

New Delhi, India—(AP)—The government has directed state governments to make Hindi compulsory in all upper primary classes. Hindi, spoken by nearly 70 per cent of the people, has been adopted as the national language. Non-Hindi speaking areas have been given 15 years to learn the language. The government also is making arrangements to teach to employees who do not know the language.

Similar arrangements have advised for the state government's employees Hindi, Arabic and Persian, is not yet fully developed. A committee has been set up to find suitable equipments for technical and scientific terms.

"A New Improved Method of Tobacco Curing!"

ASSURES UNIFORM GOLDEN CURE

HERE'S WHAT Airovac MEANS TO A TOBACCO FARMER

Assures HIGHER PRICE Per Pound:

By setting and maintaining a uniform lemon color in all types of tobacco, even in the tips.

UNIFORM CONTROL Assures GOLDEN CURE:

Preserves quality of good leaf; improves grade of bad.

ELIMINATES SWEATING and SPONGING:

By scientific control of the air circulation, when and as needed, even during unfavorable weather conditions.

REDUCES CURING and ORDERING TIME:

Because tobacco dries faster and absorbs moisture quicker when the air circulation is speeded up.

CURES MORE TOBACCO Per Barn:

Because AIROVAC'S forced circulation of the air permits closer hanging of tobacco in the barn.

IMPROVES Working Conditions:

By providing forced circulation of air in the barn, during hanging and taking out of tobacco.

HOW DOES AIROVAC WORK?

AIROVAC offers the only scientific way of bringing tobacco to its best color and quality. To obtain this result, there are two units which control the circulation of heat and air, under the many varying conditions of weather and tobacco when harvested. By definite control of the air which circulates up through the tobacco leaves, curing can be scientifically conducted, without guessing or any of the old hit or miss methods of the past. NOTE cut away section below showing how air is taken in, circulated, and expelled.

Manufactured by
AIR CONTROL, INC.
1139 PEACHTREE ST., N. E. ATLANTA 5, GA.

EASY to INSTALL in YOUR BARN

AIROVAC Equipment can be easily installed in any tobacco barn, either new or old. The unit is designed to work satisfactorily with any type of heating unit, stoker, oil burner, electric or the old conventional wood burner.

AIROVAC PRODUCES AMAZING RESULTS!

The AIROVAC method of curing is today tried, tested and proven by many of this State's most successful tobacco farmers—ask your county agent or let us furnish you with actual performance records on barns where AIROVAC units are in operation. Call, write or come in today for detailed information.

HOSPITAL SAVING OF CHAPEL HILL

there's a difference . . .

The Only Plan in North Carolina Approved by Both BLUE CROSS and BLUE SHIELD—The Highest Possible Endorsement.

Be sure of receiving the finest in health protection—get **BLUE CROSS-BLUE SHIELD**

- Our protection differs from ordinary hospital insurance. Instead of providing a small cash allowance, limiting protection, Blue Cross pays for most of the hospital services, regardless of cost.
- Remember, Hospital Saving Association, your official **BLUE CROSS-BLUE SHIELD PLAN** is sponsored by the Medical Society of the State of North Carolina and the North Carolina Hospital Association.

Three More Entries Sign Up For Soap Box Derby

The number of Greenville entries in the Eastern Carolina Soap Box Derby rose to four yesterday and this morning as three more boys registered for the event and secured the wheels and axles to begin construction of their racers.

Billy Norman, chairman of the Greenville division of the derby, said the registration period for the contest will close on June 18—one week from today.

New entries in the derby from Greenville, are Billy Mark Tripp of 1108 Evans street, who is 14 years old and a student at Greenville high school; Tommy Maiden of 106 Ridgeway street, who is 12 years old and attends the West Greenville school, and Pick Arthur of 404 East 14th street, who is 12 years old and attends the Training School.

Robert Earl Walford, who Wednesday registered for the derby, was the first Greenville driver to declare for the event.

The boys who enter the derby are furnished regulation wheels and axles by the sponsors of the event and must construct their own soap box racers. The racers, according to regulations, must not cost more than \$5, not including the wheels and

axles. Boys between the ages of 11 and 15, inclusive, may register for the derby at White Chevrolet Company in Greenville. The Eastern Carolina Derby is to be held in Kinston on July 12, and the winner of the event on that day will receive an all expense paid trip to Akron, O., to participate in the National Soap Box Derby in August.

City Tax . . .

(Continued from Page One) Street between Fifth and Tenth were approved and included in the present Clark Construction Company contract. The projects are to be paid for in cash by the property owners in the areas involved.

The board authorized the circulation of a petition for establishment of a drainage district within the city along the course of Greene's Mill Run and the mayor was authorized to sign for the city covering any city properties that might be involved. Mayor Stafford expressed the belief that if the drainage project was carried out it would mean much to the entire city in the way of better health.

Among University Graduates

JOSEPH F. BOWEN, JR.

J. CARLTON TAYLOR

JULIAN TIMBERLAKE III

HARVEY W. TURNAGE, JR.

JACK S. WHICHARD

ED S. WILLIAMS, JR.

Pictured above are six of Greenville's 11 graduates who received their diplomas from the University of North Carolina at graduating exercises Monday night. Joseph Frances Bowen, Jr., son of Mr. and Mrs. J. F. Bowen, and Edward Sutherland Williams, Jr., son of Mrs. Novella Moye Williams, received degrees in Bachelor of Arts. John Carlton Taylor, son of Mr. and Mrs. W. Clarence Taylor, Julian Timberlake III, son of Commander and Mrs. Julian Timberlake, of Virginia Beach and Greenville, and Harvey William Turnage, Jr., received degrees in Bachelor of Arts in Commerce. John (Jack) S. Whichard, son of Mr. and Mrs. D. J. Whichard, Jr., received a degree in Bachelor of Arts in Journalism. Others receiving degrees but whose photos were not available were Otha Allen Barnhill, Bachelor of Science in Medicine; Leonard Randolph Briley, Edwin E. Rawl, Jr., Bachelor of Science in Commerce; William Grey Smith, Bachelor of Laws and William Benjamin Harris, Certificate in Medicine. (Yackety Yack photos from U. N. C. News Bureau).

Report On Japan Textile Promise

Liverpool, Eng., June 9—(AP)—Britain's cotton mission returned from the Far East today with a reported Japanese promise to follow fair trade practices in marketing its textiles.

Sir Raymond Street, chairman of the mission, said Japanese leaders gave the pledge to both the United States and Britain. He spoke at the group arrived here by the Cunard Lines Britannic from Japan.

"Time alone will show, but we believe our journey to Japan and the United States has been a successful beginning to the task of dealing with the latent problem of Japanese competition," he told newsmen.

Both British government officials and members of its vital textile industry had publicly expressed fears that Japanese "dumping" of textiles made with low-cost labor would cripple British production.

"We have made no attempt to promote a concrete arrangement covering the extent and nature of Japanese participation in international trade on cotton textiles," Street said. "No quick solution to the problem is likely to be found by anyone. The question is too complex and difficult for that to be expected."

But, the British expert added, talks with leaders in the Japanese cotton industry were in a most cordial atmosphere.

Cain Launches Full Filibuster On Rent Control

Washington, June 9—(AP)—Senator Cain (R-Wash.) bitter foe of rent control, blocked today an attempt to set a date for a senate vote on a bill extending controls beyond June 30.

Then he launched into an all-out filibuster against the measure.

Cain's action touched a bitter debate in which senate Democratic leader Lucas of Illinois, accused Republicans of trying to keep the senate from acting on the bill.

"We're going to vote on a rent control bill in the United States Senate if we have to stay here until Christmas," Lucas stormed.

The senate bill would extend rent ceilings for six months and let committees keep them six months longer if they vote to do so.

Offer Potatoes To Feed Stock

Potatoes are now available for livestock consumption to any buyer who wants them, provided he complies with Production and Marketing Administration procedures in obtaining them.

The local PMA office announced that prospective buyers of this year's crop of potatoes may buy them from government points of purchase after filling out the necessary forms first.

The buyer must notify the office how many spuds he wants and pay for them at the time of notification. The PMA office will then notify him when and where he can pick them up from the vendor's sheds throughout this county and others surrounding.

The buyer may purchase the potatoes in three ways.

Cost of bulk potatoes not loaded is one cent per hundred weight. Loaded in bulk cost six cents. Spuds not sacked cost 23 cents for new sacks; for used sacks the cost is 13 cents. Spuds sacked at point of purchase cost 26 cents in new sack; used sacks cost 16 cents.

The buyer can either pick up the spuds at point of purchase with his own truck or he may have them shipped to him. He will have to pay freight costs from vendor's shed to point of unloading. Either way of picking them up is optional to the buyer, the PMA office said.

Ask Crackdown In Coffee Trade

Washington, June 9—(AP)—A senate committee today asked a justice department crack-down on speculative trading in coffee.

The request was made by the agriculture subcommittee, headed by Senator Gillette (D-Iowa) which has been investigating the sharp rise in coffee prices in recent months.

The oldest European assembly is Iceland's althing, or parliament, first convened in 930 A. D.

Would Subpoena Forrestal In Investigation

Washington, June 9—(AP)—Senator Knowland (R-Calif.) demanded today that senate investigators looking into the 1945 Amerasia case subpoena the diary of the late defense secretary James Forrestal.

Knowland noted that Forrestal had been named as possibly being the high government official reported to have suggested arrests in the case be delayed.

He told the senate that Forrestal, who died in a plunge from a window at the naval hospital near here last year, cannot speak for himself. But, he said, there is a diary in custody of the White House that can speak for the late defense official.

Log Market

Raleigh, June 9—(AP)—(NCDA)—Log prices mostly steady. Tops of \$19 at Tarboro, Goldsboro, Washington, Robersonville, Greenville, Kinston and Rocky Mount; Richmond 25 cents higher at \$19.50.

CONSUL GENERAL
—Dr. Heinz Krekler (above), 43, whose appointment as first post-war German Consul General in the U. S. has been approved by the U. S. government.

'Unforgiveable' . . .

(Continued from page one) Neise and have been thrown on the charity of occupied Germany.

One good guess as to Russia's motives is that she has concluded she will never win the allegiance of the Germans and that now is the time to solidify her position in Poland.

Poland, strategically situated as a buffer between Russia and the West, is being built up as an industrial nation and as the chief producer of steel in Eastern Europe.

Russia is sending her own scarce industrial equipment to build up industries in Poland. The index of industrial production in Poland rose from 100 in 1938 to 180 in 1949. Between 1938 and 1948 Poland made greater gains in the process of industrialization than any other country in Eastern Europe.

Awards Given To Pitt Boy Scouts

More than 30 awards last night were presented to Pitt county scouts for their advancement during the past year at the first court of honor of the Pitt district held in more than one and one-half years.

Advancement Chairman Erroll Webb presided at the court of honor and opened the ceremonies with the assistance of Scouts Jack Clifford of troop 30 and Preston Jarvis of troop 36.

Dr. Howard McGinnis addressed the approximately 40 scouts and parents who attended the court of honor, and pointed out the good which is done through scouting and what it means to the boys who take part in the scouting program.

Commissioner Jack Dowdy of the Pitt district called for the scouts who were to receive awards at the court, and the badges for the various ranks were presented by members of the district committee. District Chairman Wyatt Brown presented the first class awards, John G. Fleming presented the second class awards and Sherman Parks presented the merit badge awards.

Following the presentation of the awards and badges, a movie on Camp Charles, the Scout camp for the East Carolina Council, was shown by Field Executive Jack Hogarth of the council staff.

Poultry and Eggs

Raleigh, June 9—(AP)—(NCDA)—Fryers and broilers steady to slightly stronger mostly 26, few 27; eggs steady. A large 38.

Police Hunting . . .

(Continued From Page One) and mattress near the window of the room was on fire, and steam was pouring out from the bathroom. Furniture and fixtures in the room were in a disorderly state.

Upon examination, the firemen found that the sprinkler system had gone off in the bathroom because a large quantity of bed covering, pillows and feathers from the pillows had been burning in the bathtub. The sprinkler put out the burning bed coverings before any serious damage could result in the bathroom. Water and feathers poured out from the bathroom into the bedroom and hall.

Water was running in the tub at the time of the fire.

The sprinkler unit in the bedroom did not go off. Manager Kenneth Phillips explained that the units are set so they will go off when the temperature in the room reaches 155 degrees. The fire was a smouldering one, and did not create enough heat to set the sprinklers off.

Several hotel guests stated that they saw the two occupants of the room leaving the fourth floor about the time the fire was discovered.

The men arrived at the hotel on Wednesday without baggage and were scheduled to check out by four o'clock, the manager stated.

Descriptions given by the persons who saw the men were as follows: No. 1, white, age 22, five feet 9 inches tall, weighing about 166 pounds, "h" black hair. When last seen he was wearing a red sport shirt, marine shoes and carried a dark blue coat over his arm. The second man wanted has the following description: age 23, six feet tall,

weighs about 190-200 pounds, black hair, wearing a green sport shirt and marine shoes.

The men are wanted for damage to property of the hotel, Detective M. E. Corbett stated today.

Manager Ken Phillips said this morning that estimates of the loss last night has not been determined yet. In addition to the damage of the bedroom and bathroom in which the fire originated, the water from the sprinkler and bathroom tub drained down into the bed rooms directly under them, causing damage as far as the dining room on the main floor of the hotel.

In several of the rooms, plaster which became water-logged, began to fall and repairs are now in progress.

The loss was insured. A total of 82 persons were in the hotel at the time the fire broke out.

Problem . . .

(Continued From Page One) If the court is going to consider any new Negro school unequal to its white counterpart because it lacks the latter's "traditions and prestige," then how a new Negro school ever be considered equal to an old established white school of high standing?

That's a question for the south to consider before it starts spending money on new schools for Negroes, since setting up separate schools for Negroes in higher education is a costly project.

In recent years southerners have been moving toward the idea of setting up large regional schools for Negroes to give them what white Southerners consider education.

But there's a possibility the Supreme court would not accept that

These Facts Carry WEIGHT With Wise Tobacco Farmers

- | Specifications of FLORENCE-MAYO 6-Burner Tobacco Curer | Specifications of COMPETITIVE MAKE 6-Burner Open Flame Curer |
|---|---|
| ★ Heat Spreader: 32" wide x 72" long | ★ Heat Spreader: 23" wide x 59" long |
| ★ Air-Intake Duct: Big duct brings in air from outside the barn directly over burners where it is properly heated before being evenly released throughout the barn. Eliminates "hot" and "cold" spots. | ★ No Air-Intake Duct Because: Courts of law stopped its use in this and all other open-flame curers except Florence-Mayo. The courts have upheld the Mayo patent covering "air-conditioning" tobacco curers requiring an air-intake duct. |
| ★ Casing: All Galvanized 72" long | ★ Casing: Part Black Iron, Painted, 59" long |
| ★ Burners: Most fire-resistant, self-sealing burners exclusive in Florence-Mayo tobacco curers. More economical, more efficient, longer lasting by far. Original burners in 50 Mayo curers ever sold are still in good condition after curing over 90 barns of tobacco! | ★ Burners: Smaller, and old-fashioned by comparison with Florence-Mayo. 20 to 25% less efficient according to heating engineers. Compare these burners . . . then ask an impartial heating expert which is most efficient! |
| ★ Gross Weight: Florence-Mayo 6-burner unit: 76 Lbs. | ★ Gross Weight: This Competitive 6-burner unit: 50 Lbs. (32% lighter than Florence-Mayo!) |

WHY BUY A "BANTAM" SIZE CURER WHEN THE MODERN GIANT FLORENCE-MAYO AIR-CONDITIONING CURER COSTS NO MORE!

UNCONDITIONALLY GUARANTEED to require no more fuel than any other open-flame curer, and up to 25% LESS FUEL than curers requiring smoke stacks.

Florence-Mayo Curer is \$50.00 to \$75.00 greater value than any other open-flame curer.
