Senators Dream Of Adjournment At Early Date

Lucas Predicts Congress Can Complete Work On Legislation July 31

Washington, June 15—(AP)—Adjournment fever appears to be running high in the senate several weeks early.

Sideline observers wondered whether it was the real thing or more of a contest between Democratic and Republican leaders.

Democratic leader Lucas, of Illinois, has been taking daily opportunities to predict that Congress can complete action on a big jam of must legislation and get away by July 31.

Yesterday two senate Republican leaders, Wherry of Nebraska and Taft of Ohio, got into the act by agreeing with Lucas after carefully inserting some "ifs."

Whereby, the Republican floor leader, said Lucas had handed him a list of more than 20 bills that should be passed before Congress quits to go campaigning.

If Lucas would trim his list in half, Wherry opined that everybody could go home about August 5.

A few hours later the senate Republican policy committee held a long closed-door strategy session.

Emerging from this with a broad smile, Chairman Taft said it "is possible for Congress to adjourn August 1 if."

And Taft then announced that Republicans would insist on a senate vote on two things:

1 Reduction or elimination of the federal excise taxes, first imposed during the war on a long list of items ranging from jewelry and furs to passenger transportation and cosmetics.

2 A restriction on President Truman's power to cut import duties under the trade agreements program.

The Republicans designated Wherry to consult with Lucas upon a program looking toward adjournment.

Taft said that if Lucas would agree to a "reasonable program" he would "certainly" support it.

Truman Watches Marines Display Fighting Power

Quantico, Va., June 15—(AP)—Picked units of heavily-armed marines went into action today in a display of fighting power for President Truman at this Marine Corps base.

The President, a World War I artilleryman, watched with keen interest as the "devil dogs" in mock war maneuvers seized a fortified beach with rifles, flame throwers, tanks and air craft.

Then he moved on to see something new in warfare—the landing of troops in combat by helicopters.

Mr. Truman came here last night on the presidential yacht Williamsburg after a cruise down the Potomac River. He went ashore early this morning to receive full military honors, including a 21-gun salute.

Suspect Volcano Cause Of Vast Pacific Cloud

Honolulu, June 15—(AP)—A vast haze still hovered over the middle Pacific today, covering possibly two million square miles.

Scientists say it isn't an atomic mist since geiger counters showed no radioactivity.

Just nature on a binge, they speculated. The flinger of suspicion was pointed at massive Mauna Loa, still spouting fire and brimstone as it enters its third eruptive week.

Mauna Loa, on the island of Hawaii, southeast of here, is putting on its greatest show of modern times. One river of red-hot rock still rolls into the sea; two others have cooled.

The mysterious cloud stretches from Wake Island, 2,000 miles west of Hawaii, to an area 1,900 miles east of Honolulu. Plane reports fixed the eastern boundary about 300 miles east of Hawaii. But officers of the Hawaiian Fishery said they ran into the haze last Friday 1,900 miles east southeast of Honolulu.

Officers said the muck prevented any naval or star sightings the last four days at sea. The ship docked Monday on a trip from the Panama Canal Zone. Few ships and no planes travel that route.

SBI Report On Moore Due Soon

Raleigh, N. C. June 15—(AP)—A probe of charges against prison director B. Moore will not be completed today.

SBI director Walter Anderson said he "might possibly" have the report ready tomorrow for presentation to Governor Scott and Dr. Henry W. Jordan, chairman of the state highway commission.

The SBI investigation was ordered Monday after Jordan conferred with Governor Scott on allegations that Moore used state-owned materials and prisoner labor for building work at his home here.

Plan Let Bids On Improving Schools

Additions And Renovations To Four County School Buildings To Be Let July 3; New Units For Colored Schools

Bids for additions and renovations to four Pitt County school buildings are to be let July 3. Schools coming under the summer improvement program are Grimesland elementary, Farmville white, and Fountain and Ayden Negro.

County School Superintendent D. H. Conley reported today new units will be added to the two colored schools.

Fountain will have a new six-room unit constructed. The school, when it opens in the fall, will then have nine rooms in addition to three that are being rented at the present time.

The other colored school, Ayden, will have six new classrooms built plus a two-room library which can be converted into classrooms if needed. A new boiler room is in the plans, also.

Farmville's school will have renovations to include installation of new lighting and wiring facilities plus renovation of the present toilet. The school at Fountain will undergo major repairs, consisting of reconditioning of the floors, ceiling, roof and new wiring.

Other items on the planned program for the summer include small additions to schools in Ayden, Grimesland, Belvoir and Bethel.

Inspect Work On Utilities Project

Commission And Consulting Engineer See Progress

Members of Greenville Utilities Commission inspected the water and electric plants with William C. Olson, consulting engineer in charge of the project from Raleigh, during their regular monthly meeting Tuesday afternoon.

The commission as a whole reported the electric project 90 percent complete. All the inside equipment is on the line—generator, boiler—and except for minor details are ready to be put into use. All the members approved the project as progressing according to original schedule.

The commission was told that the sewer project for Pitt Memorial Hospital will be completed in about 30 days, or as soon as the hospital is ready for use.

The project calls for roughly 4,000 feet of 10- and 8-inch sewer pipe, extending from the West Third Street pumping station to the hospital. All landowners have given their consent to crossing their property. The line will run through the Page-Ayers estate and the Moye property and will cost \$10,000.

Bids were received for laying about 2,400 feet of sewer line along the Bethel highway beginning at the Tar River bridge and extending almost to Farmers' Warehouse. Cost to the Utilities will be approximately \$13,000, the contract going to Clark Construction Company. This project and the hospital project are parts of the overall Utilities plan for improving the city sewer system.

Another French Airliner Crashes

Second Heavy Death Toll In Two Days Over Persian Gulf

Bahrain Island, Persian Gulf, June 15—(AP)—Another big French passenger plane—the second in two days—crashed into the shark-infested Persian Gulf near here last night. At least 22 persons were killed in the new crash and 17 were missing.

A crash of another Air France plane at almost the same spot Tuesday killed 46 persons. Since both planes were en route from Indochina, where Communists lead a revolt against the French, the possibility of sabotage has not been discarded.

Twelve survivors of last night's crash were rescued last night and this morning, including four of the eight crew members. There were either 50 or 51 persons aboard.

The four-engined Air France C-34 Skyliner was bound from Saigon to Paris.

The circumstances of both crashes were similar. Both planes went down as they were preparing to land at Bahrain, 20 miles off Saudi Arabia's east coast. Each sent a last message announcing preparations to land, then was heard from no more.

Bad weather conditions prevailed on both occasions in this area of sudden, strong storms.

Tugs of the British-owned Bahrain Petroleum Company and local launches scoured the crash area for more survivors. A U. S. Air Force rescue plane also aided in the search.

The plane was lying in about 30 feet of water. Searchers believed the bodies of most of the missing still were trapped inside it. A crane barge was moored over the submerged hulk in an effort to lift it from the water intact.

Last night's disaster brought to more than 100 the number of persons dead or missing in French air crashes in two days.

Bone Of Contention

Question Of Japanese Peace Treaty To Be Discussed When Johnson And Bradley Meet With MacArthur; Soviet Bitterness Over U. S. Domination In Nippon

By DEWITT MACKENZIE

U. S. Secretary of Defense Johnson and General Omar N. Bradley, chairman of the joint chiefs of staff, are due to arrive in Tokyo in a few days for a conference with General Douglas MacArthur, and the red-hot question of an early Japanese peace treaty is expected to feature the discussions.

One uses the term "red-hot" advisedly. America's dominating influence in this island empire, and Washington's obvious determination to continue protection of U. S. interests, is a circumstance which has been causing bitterness in Soviet quarters.

The reason, of course, is that Nippon is a key position in the Far East, both militarily and economically. At this writing there is small chance indeed that any treaty can be drawn up to suit both America and Russia. And the answer to that would seem to be that the U. S. and the other Western Allies will have to go ahead on their own.

MacArthur has been insisting that an early treaty is essential. Not only is it necessary for the solving of economic problems, but the general maintains that military occupation loses its effectiveness in three to five years. This being so, American oc-

Stockholders Of Country Club To Improve Set-Up

Vote Issuance Certificates Of Indebtedness To Add New Facilities

Stockholders of the Greenville Golf and Country Club in a special meeting yesterday unanimously voted to issue certificates of indebtedness not to exceed \$35,000 for the construction of nine additional holes for the golf course and "other permanent improvement."

The special meeting of the stockholders yesterday was the result of the annual meeting of the stockholders of the club earlier this year at which time the board of governors was instructed to investigate the possibilities of adding nine more holes to the present nine-hole golf course and add other permanent facilities to the club property.

It was pointed out at the meeting yesterday that money from the sale of the \$35,000 worth of certificates of indebtedness of the club probably would provide the funds necessary for the construction of a swimming pool, tennis courts, badminton courts and other additional recreational facilities.

The certificates of indebtedness will be of \$100 denomination and will be payable 10 per cent on or before June 15, 1953 and 10 per cent each year for the next nine years.

President Lee A. Folger Jr. of the Greenville Golf and Country Club said this morning the sale of the certificates of indebtedness of the club will not be restricted to members of the club. "The club feels these new facilities will be a big thing for Greenville," Folger commented, "and local people other than club members may want to purchase these certificates. I think it will be a fine thing for Greenville. It will draw people here from many of the surrounding communities as far away as Plymouth."

The committee which was appointed to work out the financial arrangements for financing the proposed improvements at the club was composed of John Proctor, Bill Allen, J. Con Lanier and Ercell Webb.

Folger said committees will be appointed within the next few days to begin work to sell the certificates of indebtedness to raise the money necessary for the improvements.

The club at the present time has 21 life members, 131 stockholding members, 50 social members and approximately 35 non-stockholding members.

Given Key Post In Farmers Day

Plans are rapidly being developed to make Farmer's Day a continuing success," F. Badger Johnson, chairman of the Farmer's Day steering committee, said this morning.

Johnson announced that Van C. Fleming Jr., chairman of the Farmers' Day activities last year, has been named chairman of the finance committee for the program this year.

He said the other members of the finance committee will be announced in the near future as well as the plan for this year's budget.

While the exact budget for this year has not been announced, the general chairman stated the budget for this year's activities "will be about the same or possibly less than last year."

For the Farmer's Day last September the committee spent \$3,144.73, although the original budget was estimated somewhat higher.

Johnson said various activities are being planned for the rural people who visit Greenville on Farmer's Day, but definite programs for the day will not be announced until later.

Chiang Removes Brothers-In-Law From Bank Jobs

Taipei, June 15—(AP)—President Chiang Kai-Shek has ordered three of his brothers-in-law removed from the board of directors of the central bank of China, the nationalists' leading state bank.

Swept off the directorate by the Presidential order were T. V. and T. L. Soong, brothers of Madame Chiang, and Dr. H. H. Kung, husband of Madame Chiang's sister.

Only last week T. V. Soong, one of the richest men in the world, resigned from the Central Executive committee of the Kuomintang, Nationalist China's ruling political party, rather than come to Red threatened Formosa. He was last reported living in the eastern part of the United States with Dr. Kung.

Senate Refuses House Version

Excise Tax Cut?

Washington, June 15—(AP)—Democratic tax law drafters were reported today, after a surprise secret hurdle, to be in virtual agreement on a billion-dollar-plus excise tax cutting bill that could avoid a presidential veto.

The hurdle, understood to have been attended by House Ways and Means Democrats and Speaker Rayburn, changed the whole outlook for tax legislation—which had been dark for this session.

Washington, June 15—(AP)—Chances for quick action on extending rent controls beyond June 30 rested with the House today.

The Senate yesterday refused to accept the House version of an extension bill, and now House spokesmen will be asked to take the Senate's. If they will, it should be clear washing because even Senator Cain (R-Wash.), bitter foe of any extension told a reporter he would then subsidize.

John Peurifoy Is Expected To Be U.S. Ambassador

Washington, June 15—(AP)—John E. Peurifoy, 42-year-old native of Waterbury, S. C., is expected to become American Ambassador to Greece.

The present Ambassador, Henry F. Grady, recently was designated Ambassador to L.A.

Peurifoy's selection has not yet passed through the usual channels of diplomatic appointments but is expected to do so without difficulty.

If his appointment is confirmed, Peurifoy will not leave his duties here until September. He now is deputy undersecretary of State for administration. He has been in government work 15 years.

He is a long time associate and personal friend of Secretary of State Acheson.

The 40 Senate Rules

The Senate Parliamentarian Who Knows Precedents And Advises On Interpretations Of Rules; Mental Gymnastics Involved; Precedents Being Compiled For Use

By JAMES MARLOW

Washington, June 15—(AP)—Charles L. Watkins is a thin, mild man who holds a job in which he's supposed to have the impartiality of Solomon.

He must be doing all right because he's had his job a long time in a place where tempers are shot and suspicions sharp.

Watkins, who is 70, is senate parliamentarian. In fact, he's the only full time parliamentarian the senate ever has had.

In this job he's supposed to walk down the middle, looking neither at the Democrats nor Republicans, while unscrambling the senators from their own red tape, of which there is plenty.

Until 1883 the senate had 44 rules. In that year, in what must have been an economy wave, the senate reduced its rules from 44 to 40.

It still has the same 40 and it does its business according to those rules.

Rotarians View Work At Pamlico Camp

Staff of the Girl Scout camp at Camp Hardee were hosts yesterday to members of the Greenville Rotary club at the Scout Camp on the Pamlico. A large delegation from the Greenville club was in attendance to view the work which has been done to the camp in the past weeks, and to take part in the supper. Each year the Rotary club gives money to help fix the camp for the summer opening. In the top picture the men line up for supper which was spread outdoors. (Reflector staff photo by Roy Hardee).

Rotarians Visit Girl Scout Camp

Review Improvements For Preparation Of Opening Day

Members of the Greenville Rotary Club journeyed to the Girl Scout Camp at Camp Hardee yesterday afternoon where they were the guests of the staff of the camp.

Each year the Rotarians contribute money with which the camp is put in shape for the summer opening. The camp will officially open on Saturday, June 17, camp authorities reported yesterday.

One of the main projects conducted by the local civic club this year was the building of two cement block bath houses for use by the girls campers.

The two houses, one for the younger girls located at one end of the camp and the other for the older girls have complete toilet arrangements and ample showers to meet the needs of the girls while they are at camp.

Prior to the building of the buildings there were no modern plumbing units at the camp.

A spokesman for the local club placed the cost of the buildings at around \$3,200 which was believed to be very reasonable for the amount of work done according to the spokesman.

In many of the cabins new windows for ventilation have been cut and small porches have been added to all the camp units so that in bad weather the windows can be kept open without the rain coming in the camp house.

All of the cabins have been freshly painted and much work done on the grounds. A play area which the camp has lacked for some time has been cleared and will be put into use by the time the camp opens. The play field will give the girls a place where they can carry on all types of athletic events.

Recently all of the silverware at the camp was stolen by vandals but this has now been replaced and everything is in top shape for the opening, camp officials commented.

Preparations for the pumping of sand onto the beach area on the water front have been made and a 100' foot long beach of deep sand will await the swimmers when they come to the beach Saturday.

The staff of the camp were on hand yesterday to begin their work in preparation for the opening of the camp.

Following a tour of inspection of the camp by the club members the men were the guests of the camp for a barbecue chicken dinner with all the trimmings.

Rotarians View Work At Pamlico Camp

Annual N.C. Institute Parents, Teachers Set

Event To Bring To East Carolina Teachers College Several Hundred Members Of PTA Throughout State

The 23rd annual Summer Institute of the North Carolina Congress of Parents and Teachers will meet June 19-22 at East Carolina Teachers College. The event will bring to the campus and the city several hundred representatives of PTA associations throughout the state.

Dean Leo W. Jenkins of East Carolina, chairman of school education for the State Congress, is director of the Institute.

This summer for the first time, the annual institute will meet at the college here. In the past, this week of learning has been held at the University of North Carolina-Chapel Hill or at Woman's College, Greensboro. It is expected that the 1951 institute will return to Greensboro and that in the following year it will be held in western North Carolina. "This system of rotation has been made to meet more effectively the needs of one of the state's largest organizations," C. W. Phillips of Greensboro is chairman of institutes for the State Congress.

Mrs. Marguerite Scheid of Chicago, field consultant for the National Congress of Parents and Teachers, will attend the meeting here as national representative and will participate in the programs offered.

A number of representatives from the city of Greenville and from East Carolina Teachers College will also participate in the programs of the institute. On Monday, at the opening meeting at 7:30 in the evening, President John D. Messick of the college will make the main address. Dean Jenkins will extend greetings to the PTA representatives. J. H. Rose, superintendent of city schools; D. H. Conley, superintendent of Pitt County Schools; and Mayor W. S. Stafford of Greenville will also welcome guests present for the meeting.

Dr. Edgar M. Finck, visiting professor of education at East Carolina Teachers College and a nationally known authority on guidance and family relationships, and Mrs. Dorothy W. Perkins, speech and hearing consultant in the college department of education, will participate in programs offered during the four-day session.

Following the opening meeting Monday evening, a reception and social hour will be held, at which delegates will meet members of the state Board of Managers.

John Peurifoy Is Expected To Be U.S. Ambassador

40 Years Ago Today

THE DAILY REFLECTOR
June 15, 1918

The home of Miss Mattie Moye King, on Dickinson Avenue took on the appearance of gayety which numerous young people's merry-makings have made characteristic when Miss King was at home to a large number of friends Tuesday night in honor of her guests, Misses Sallie Pierce of Warsaw and Laura Carter of Wilson. Progressive dice was one of the amusements of the evening, the prize going to Miss Lillian Carr. The receiving party consisted of Miss Carter with J. B. James, Miss Pierce with Burney S. Warren and the hostess with Beacom L. Wilson. Early in the evening punch was served in the rear hall, Miss Lillian Carr with Joe Anderson and Miss Margaret Blow with Charles Haskett, presiding at the bowl.

Invitations were sent to 25 of the young people of the town.

First Summer Issue Of Teco Echo To Be Released On Friday

Bernard West of Greenville, editor during the summer session of the "Teco Echo," student newspaper at East Carolina Teachers College, has announced that the recently appointed staff of the paper will issue the first summer edition on Friday afternoon of this week.

West, a senior specializing in English and the social studies, was sports editor of the "Teco Echo" during 1946-1948. He then served as sports editor of the Wilmington "Morning Star" and the Wilmington "News" in 1948-49. Last fall he returned to East Carolina as a student, and in the spring of this year was elected by the Student Publications board to head the staff of the East Carolina newspaper during the summer.

Tractors Easing Delayed Springs

Washington—(AP)—The late spring this year might have brought more farm troubles except for the tractor, says the U. S. Department of Agriculture.

U. S. farms have increased their use of tractors immensely in the last few years.

When planting is delayed a farmer can catch up by running his tractor night and day or for long hours that would not be possible with animals, the department says. The net result this year is that much more of the U. S. crop will be planted properly than would have been possible when the number of tractors was smaller.

DUE IN MANILA

Manila, June 15—(AP)—Secretary of Defense Louis Johnson and Gen. Omar Bradley, chairman of the joint chiefs of staff, will arrive here by plane tomorrow from Guam. The group is scheduled to leave for Tokyo a few hours later.

SOCIAL CALENDAR

THURSDAY
8:00 p. m.—Carris Wilson class of Immanuel Baptist church meets with Mrs. H. L. Eiks.

8:00 p. m.—Rehearsal for Whichard-Taylor wedding in Jarvis Memorial Methodist church.

8:00 p. m.—Fidelis class of Memorial Baptist church meets in the church parlor.

8:00 p. m.—Mr. and Mrs. J. Hicks Corey will entertain the Whichard-Taylor bridal party at a cake-cutting at their home, 303 Library street.

FRIDAY
4:00 p. m.—The wedding of Miss Mary Barden Taylor and Mr. Eric Whichard will take place in Jarvis Memorial Methodist church. Reception immediately following the ceremony at the home of the bride's grandmother, Mrs. Sallie D. Corey, 304 W. Second street.

8:00 p. m.—Mrs. Louise McKinney will be hostess to the Eastern Carolina Cosmetologist Guild Board meeting.

8:30 p. m.—Exchange Club.

8:00 p. m.—Miss Mary Anne Keel will entertain at bridge honoring Miss Mary Lea Abee at her home on Maple street.

SATURDAY
11:00 a. m.—Misses Nancy Eiks and Polly Day will entertain at a Coca-Cola party honoring Miss Mary Lea Abee, bride-elect, at the home of Miss Eiks on East Fifth street.

SUNDAY
4:00 p. m.—The wedding of Miss Mary Lea Abee and Mr. Robert Russ will take place in Memorial Baptist church.

5:00 p. m.—Mrs. Carl Abee, Sr., will entertain at a reception at her home on Chestnut street to honor the Russ-Abee wedding party and out of town guests.

Mrs. Wagner Hostess To Athenium Club At Atlantic Beach

On Tuesday, June 6th, the members of the Athenium Book club had a delightful overnight trip to Atlantic Beach as guests of Mrs. Tyrus Wagner at the Flanagan cottage.

Leaving Greenville in the morning the party had a very enjoyable ride, stopping along the way for antiquing, lunching at Morehead City and reaching the beach around one-thirty.

During the afternoon surf bathing and canasta were enjoyed by some and just plain relaxing by others. Highlight of the afternoon however, was a short program led by Mrs. Norman Warren during which the good sportsmanship of each member was put to a test. Each one was presented a slip of paper on which was written a certain task to perform. These ranged from the ridiculous to the sublime. A vote revealed a tie between Mrs. Reid Perkins and Mrs. Graham Flanagan for having performed their tasks most thoroughly. Mrs. Perkins doing the Charleston (instead of the hucklebuck which she said was too modern for her) and Mrs. Flanagan removing all make up so everyone could see her as she really was. (Added touch, artificial freckles).

Included in this program was an impromptu contest. The point being to guess which member of the club each one was attempting to imitate.

All in all it was decided that all present could take plenty of ribbing and proved to be very good sports.

The president presided over a brief business session during which it was voted to make a donation to the Greenville Girl Scouts proving that the club after all has its serious side.

Each one was asked to carry her book to Mrs. J. J. Perkins, librarian, as soon as possible so that they can be turned over to the library.

Following a most delicious three-course dinner, however, there was still more fun with canasta, palm reading and what have you?

Mrs. J. J. Perkins was presented a lovely canasta cloth for high score in canasta.

Wednesday morning after enjoying an "out of this world" typical southern breakfast and sunbathing the party reluctantly left the most attractive and hospitable Flanagan cottage, voting Mrs. Wagner and her mother, "Miss Rosa" as the most charming hostesses.

Club members enjoying the hospitality of Mrs. Wagner were Mesdames Norman Warren, K. B. Pace, J. B. Cummings, Walter Harrington, Lyman Ormond, John Winstead, J. J. Perkins, Reid Perkins, C. H. Edwards, W. W. Lee, Owen Marshall, Foster Young and J. J. White. Other guests included Mesdames Graham Flanagan, J. H. Thomas and Miss Iva Shelburn.

VICTIMS OF TRAGIC RIVER OUTING

A CLOSE FRIEND, J. R. Montgomery (left) comforts John C. Krieg, 28, of Oakmont, Pa., who lost his wife when the cabin cruiser in which they were sailing was swept over a spillway of the Allegheny River dam at Pittsburgh. Four persons were drowned when the craft missed a 11-foot lock. At right, Charles J. Reilly, 35, of Verona, Pa., one of the four persons rescued, is given first aid. (International Soundphoto)

Peruvian Troops Subdue Uprising

Lima, Peru, June 15—(AP)—At least 40 persons were believed today to have been killed in a two-day revolt during which rebels captured most of the city of Arequipa. The government announced loyal troops, moving into the city, had put down the revolt.

The government blamed Communists for the uprising.

Arequipa, with a population of 93,000, is Peru's second largest city. The rebels at one time held the city hall, military headquarters, the airport, a radio station and other buildings.

No official figures on casualties were announced, but there were many wounded in addition to the 40 estimated dead.

Loyal troops crushed the revolt as soon as they reached the city, the government announcement said. Censorship imposed when the revolt began, was lifted this morning.

While the rebels held control of Arequipa they announced by radio that "many places in southern Peru have revolted against the government." But authorities here said the uprising was confined to Arequipa and that quiet prevails in the rest of the country.

When the Japanese army threw the entire impact of its forces against a pitifully weak American and Filipino army and forced the Americans to retire from the islands, General MacArthur promised the Filipino people that "I shall return," meaning that regardless of the time involved, or the sacrifices necessary, the American people would never let the Filipino nation down.

Spurred on by the knowledge that their freedom was guaranteed by the greatest nation on earth, the Filipino people banded together in guerrilla forces and harassed the enemy in order that they would have a part in the promise being kept. Valiantly fighting and heroically sacrificing all, they struggled on.

And, as we all know, General MacArthur and the American people kept their promise. After months of bitter fighting in the torrid jungles and the far-flung islands of the Pacific, the mighty American forces

returned to the Philippine Islands and drove the Japanese into utter defeat.

How the Filipino people fought so valiantly and the heroic sacrifices they made in their own defense are portrayed in the great film "Outrages of the Orient" which will have its premier showing in this city at the State theatre for a limited run starting June 21. It is a story filled with thrills and action from start to finish and is one that you will long remember.

IN COPENHAGEN
Copenhagen, Denmark, June 15—(AP)—Mrs. Franklin D. Roosevelt arrived here today on her current tour of Scandinavia. She was welcomed by Mrs. Eugenie Anderson, the U. S. ambassador, and Foreign Minister Gustav Rasmussen. Accompanying Mrs. Roosevelt were her son Elliott, and his two children.

Mount Pleasant News

The adult Bible class of Mt. Pleasant Christian church met Monday night, June 5, in the Community building. Devotional was given by Mrs. Jasper L. Stanley and Mrs. Clifton Bullock.

Mr. A. C. Rowland, president, conducted the business meeting. It was decided that the annual Sunday school picnic would be held at Whichard's Beach on Wednesday afternoon, June 21.

At the conclusion of the business session Mr. and Mrs. Elmo Dupree conducted several games and served refreshments.

The next meeting will be with Mr. and Mrs. W. L. Mayo.

There were 27 members present. The Ladies' Aid Society held its regular monthly meeting Monday afternoon at 3 o'clock in the Community building.

Mrs. J. L. Harris presided over the meeting and devotional was given by Mrs. Clifton Bullock.

A very inspiring program was presented by Mrs. Luella Stancill.

After the meeting Mrs. J. J. Jenkins and Miss Pattie Jenkins, hostesses, served refreshments to the 21 members present.

Mr. William Clifton who conducted the youth revival last summer at Mt. Pleasant Christian church will preach at the morning and night services Sunday, June 18.

Mrs. Rufus Dudley who has been ill recently is able to be out.

The National Geographic Society says 40,000 acres were devoted to raising safflower, an oil plant, in the U. S. in 1949.

Pactolus Ruritan Club Has Session

Pactolus, June 15—Pactolus Ruritan Monday night held their regular monthly meeting which was high lighted by a talk by James O. Mattox of Louisville, Ky.

Mr. Mattox, who is in the Pactolus community assisting with the Bible school at the Baptist church, talked to the club on church work and the Bible school, and the advantages of correct training of children in the home.

Cecil Satterthwaite, chairman of a special committee on telephone service, reported to the club that a petition signed by 22 people living in the rural area between Greenville and Pactolus has been forwarded to the telephone company requesting telephone service in the community. Copies of the petition also had been forwarded to Governor Scott and the state utilities commission.

District Governor H. E. Hill of the Greenville-Goldsboro district spoke to the club on the work being done by clubs in other counties of the district. A general discussion of the committee work being done by the Pactolus club was also held.

President George Cherry of the club presided at the supper meeting, which was held in the Community building at Pactolus.

Practical Course In Air Support

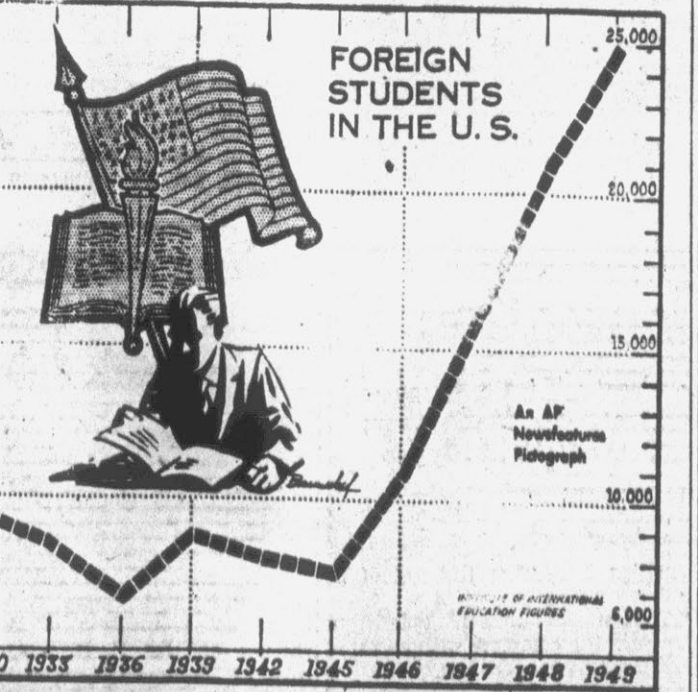

Fort Monroe, Va., June 15—(AP)—A new program planned to give small units of the Army and Air Force practical training in tactical air support operations was announced here yesterday.

The program will acquaint personnel of ground tactical units within the continental United States with the firepower and reconnaissance capabilities of tactical aircraft. It will also serve to train commanders and staffs in the mechanics of obtaining close air support when required in combat.

Air Force personnel will also be given training for combat operations in support of ground troops.

The training program in the course of battalion combat team exercises will center about eight army establishments throughout the country beginning July 1. They are Fort Bragg, Pine Camp, N.Y.; Camp Hood, Texas; Yakima, Wash.; Camp Carson, Colo.; Fort Benning, Ga.; Fort Devens, Mass., and Fort George G. Meade, Md.

The 11th and 82nd Airborne Divisions will be among those taking part.

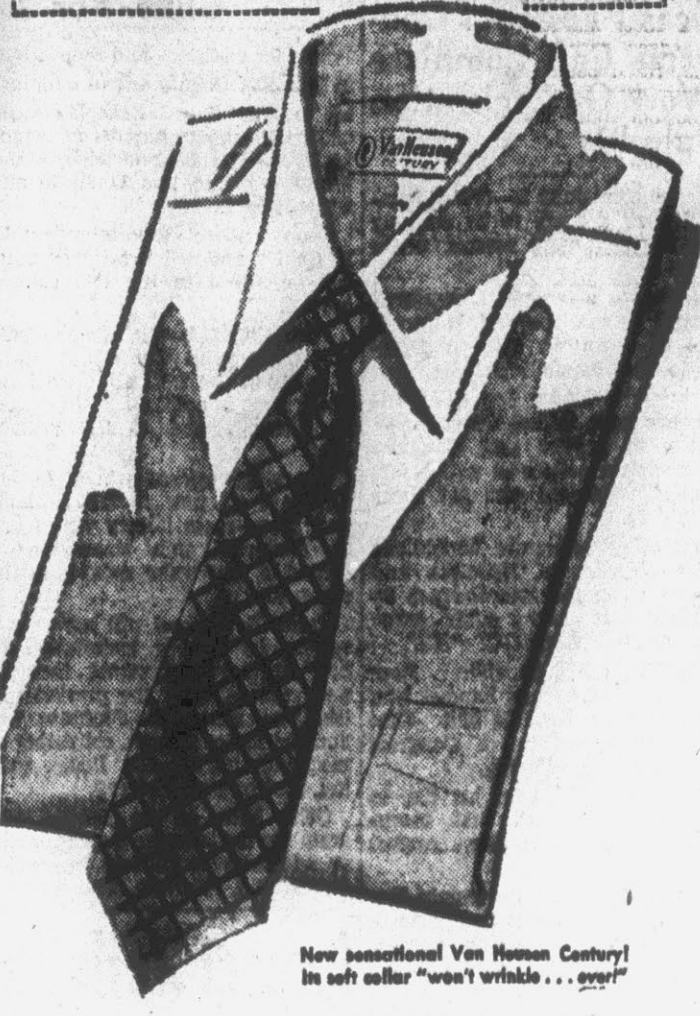

TAX NOTICE

By Order of the Board of Aldermen, I will advertise all unpaid real estate taxes for 1949 and prior, week of second Monday in July. Please pay your taxes now and save additional cost.

Miss Ann Duncan Becomes Bride Of Robert Louis Smith

Norfolk.—The marriage of Miss Ann Duncan, daughter of Mr. and Mrs. William Tazewell Duncan, to Robert Louis Smith of Lynchburg, Va., formerly of Norfolk, son of Mr. and Mrs. Robert Rogers Smith of Norfolk, formerly of Greenville, N. C., took place Saturday afternoon, June 10th, at 3 o'clock in Trinity Baptist church with the Rev. J. E. Sandridge officiating.

The church was decorated with white gladioli, stock, snapdragons, evergreens, palms and lighted candles.

Miss Joyce Jones, organist of the church, played the wedding music, and Miss Arline Bradsher sang "Because," "I Love Thee" and "The Lord's Prayer."

The bride was given in marriage by her father. She wore a wedding gown of white taffeta fashioned with a sheer marquisette and lace yoke, edged with a chantilly lace bertha, fitted bodice, and the very full skirt with a wide ruffle around the bottom topped with matching lace, formed a sweeping train. She wore white taffeta gauntlets. Her finger-tip veil of chantilly lace was arranged from a lace bonnet with brim faced with pleated illusion and orange blossoms, and she carried a white prayer book topped with a white orchid and showered with stephanotis.

Miss Dolores Wooding Duncan was her sister's maid of honor and only attendant. She wore a gown of yellow marquisette over taffeta and carried a lace fan arranged with a purple orchid and contrasting ribbon of orchid and yellow.

She wore a lily headdress.

Donald Haga of Norfolk was best man, and the groomsmen were Douglas Knight of Norfolk, and Bill Hooks of Raleigh, N. C. Mrs. Lucille Hill was mistress of ceremonies.

The bride's mother wore a street length dress of aqua crepe with white accessories and a corsage of pink tea roses. The bridegroom's mother wore a street length dress of Nile green sheer and lace with black accessories and a corsage of pink tea roses.

After the ceremony a reception was given at the home of the bride at 2934 Simpson Street. Later Mr. and Mrs. Smith left for a northern wedding trip, and upon their return they will reside at 2111 Carrington Road, Lynchburg, Va. The bride wore for traveling an aqua summer gabardine suit, white picture hat, white accessories and an orchid corsage.

Among the out-of-town guests were Mrs. G. O. Duncan, Mrs. R. T. Weatherford, Misses Rosalie and Josephine Weatherford, of South Boston, Mr. and Mrs. C. M. Oldens of Suffolk, Mr. and Mrs. O. E. Lewis of Clinton, Md., Mrs. Josephine Meade of Lynchburg, Mrs. L. H. Smallwood and L. H. Smallwood, Jr., of Boydton, Mrs. A. G. Hooks of Kenly, N. C., B. D. Hooks of Raleigh, N. C., Mr. and Mrs. H. V. Gaskill, Al Rowe Gaskill, of Selma, N. C., Mrs. R. M. Batts of Fremont, N. C., Mr. and Mrs. J. N. Edwards, and Miss Norma Edwards of Richmond, Mrs. Graham Byrum, Miss Betty Wiggins Byrum, and Mr. Vance Byrum of Sunbury, N. C.

Mr. and Mrs. Joseph Earl Joyner of Greenville announce the engagement of his daughter, Lillian Corinne to Mr. John Edward Pope, Jr., son of Mr. John Edward Pope of Williamston and the late Mrs. Pope. The wedding will take place in August.

Mrs. Burwell H. Dixon, who before her marriage on June 3, was Miss Sarah E. Spain, daughter of Mrs. J. L. Spain of Greenville, Route 4. Mr. Dixon is the son of Mr. and Mrs. Ed Dixon of Greenville, Route 1.

eral months ago, and a 38 per cent increase to \$13.50 in the daily minimum for drivers.

Plan Inquiry To Be Kept Private

Washington, June 15—(AP)—A special senate inquiry into reports that there are many sexual perverts among federal employes will hold all of its meet — in private.

The chairman of the investigating group, Senator Hoya (D-NC) said the inquiry would be "complete and thorough" but not public.

Bone Of . . .

(Continued From Page One)

Word from Tokyo is that the Japanese government is willing to have American troops stay on after the projected treaty is signed. Moreover, informed sources in the Japanese capital say the government would also agree to maintain bases required by American forces.

Naturally Russia can be expected to battle any such set-up to a finish just as America and the Western Allies need Japan for defense against the Communist offensive in Southeast Asia, so do the Muscovites need it if they are to succeed in their conquest of the Far East.

America is hardly likely to surrender the advantage which she now holds in Japan in face of the Soviet's Asiatic drive which, if successful would be followed by an intensification of the cold war against the western world. As a matter of fact the Western authorities can maintain that the manner in which Japan was forced to surrender in the world war gives Russia no grounds for special privileges.

The mountain bluebird was believed sacred by Navajo Indians.

Boulder, Colo., draws its water from its own glacier, the Arapahoe.

Fire-Blackened Area On Peak Is Air Crash Site

Circleville, W. Va., June 15—(AP)—A fire-blackened area near the top of Spruce Knob—highest mountain in West Virginia—marked the spot today where nine airmen were killed in the crash of an Air Force bomber.

The Utah-bound B-25 smashed into the mountain at dawn yesterday. Its two engines were found 1,500 feet from the point of impact. The wings were sheared off. The fuselage was reduced to twisted pieces.

Two bodies were thrown into trees. Fire burned over a quarter-mile of the 4,800-foot high mountain, about 25 miles from the West Virginia-Virginia border.

The plane was bound from Olmstead Air Base at Middletown, Pa., for a stopover at Offutt Base in Nebraska. From there it was going to its home field near Ogden, Utah.

'Hunger Artist' Reaches 50 Days Without Food

Frankfurt, Germany, June 15—(AP)—Willy Schmitz, self-styled "hunger artist" today equalled his own starring record when he spent his 50th day without food in a sealed glass box in Frankfurt's zoo.

After a thorough medical examination Willy laid down for another three days in his cage in an attempt to set a new fasting world record.

When told of an Indian competitor in Lille, France, he smiled wanly. Friends had told him that the Indian fakir was sealed in with a hundred snakes.

"Now reports say that there are only 80 snakes in the cage," they told him. "Probably he has eaten the other 20."

But there is no international starving association to which he could appeal any record which might be set by the Indian.

Joe Doakes Now Used To Role

Binghamton, N. Y., June 15—(AP)—A 36-year-old carpenter in this city has become resigned to having his name used by commentators and cartoonists as the symbol of the so-called "little man."

"At one time," he says, "I used to startle me to hear my name come over the radio. No more."

J. Joseph Doakes now seems pleased that his name denotes the average citizen.

No Agreement In Milk Strike Seen

Pittsburgh, June 15—(AP)—AFL union officials claimed today one small firm has broken the solid front of the strike which has paralyzed the dairy industry in Pittsburgh and six western Pennsylvania counties.

The claim was made as the strike of 3200 dairy workers went into its seventh day.

However, there is no sign of industry-wide peace. Highways are crowded with motorists driving to farms to buy milk.

A two-hour negotiating session broke up without agreement last night and another was set for today.

The union didn't comment but an industry spokesman said:

"We don't seem to be near agreement at all."

Harry A. Tevis, president of AFL local 205, milk and ice cream salesmen and dairy employes, said he has signed a contract with the D. and M. dairy. Alfred Rombach, co-owner with Steve Devaty, said the plant—employing 10 workers—would start processing milk "sometime this morning."

The union is asking the other 67 members of the greater Pittsburgh Milk Dealers Association to agree to the same terms as D. & M. These include:

A 40-hour week with 48 hours pay for inside workers, restoration of a two-cents-a-bottle cut drivers suffered when prices were lowered sev-

Telephone Cable Is Damaged; Repairs Made In Short Time

Interruption of telephone service for a limited time in a small area of Greenville Wednesday was due to outside interference.

A company official reported that workmen preparing to lay cement curbing at Fourth and Cotanche streets damaged an underground telephone line cable, disrupting service for a limited time.

The curbing is to replace that removed when tree experts cut down two immense trees opposite the Flanagan Bury Company.

Telephone repair crews restored service late yesterday.

Marcella Henson (above) of Jasper, Ala., was chosen Radio Queen of the South at annual contest in Miami Beach, Fla. She poses with her sceptre, robe and trophy cup. Miss Henson flew to Havana to be the guest of the Cuban government. She won the title in competition with 50 girls from many parts of the country. (AP Wirephoto).

Wilson's Weekly Bulletin

from the RECTOR KITCHENS

Sunday, Dad is "KING FOR A DAY"! No doubt you are planning a Father's Day dinner with the whole family gathered around. The great celebration certainly calls for "America's Finest" food and plenty of it.

Our Poll-of-Dads settled the menu problem for you. They agreed on Wilson's Tender Made Ham. Their reasons for favoring it were: "It's juicy, fork-tender, mighty fine ham, perfect eating for Father's Day Dinner."

Then as if this weren't enough reasons they chorused, "For easy carving, make it Wilson's Tender Made Canned Ham" . . . every cut is a centerpiece . . . it's entirely boneless and skinless . . . cooked with natural juices left in.

We at Rector Kitchens are sure mothers everywhere will like this selection because it's among the "best buys" and you can select the weight to suit your family.

Strength for the Day

By EARL L. DOUGLAS
WHAT IS YOUR UNIVERSE LIKE?
There was a news story recently of how in a western city a gang of teen-age boys, armed with fire trons, had gone through the city smashing everything they could lay hands on and injuring a number of pedestrians.

Tony Made A Mistake; Now Moore Is "Indiscreet"

Mr. Moore "at least was indiscreet," so Governor Scott said in commenting on allegations that the prison director has used prison labor for doing construction work at his home.
Governor Scott's statement brings back a vivid recollection of his comment when the former highway patrol commander was called to face court charges for the second time in a matter of a few weeks.

All in all, it seems to us there have been a good many mistakes made in the Scott administration even though Scott has been in office a relatively short period of time.
When Governor Scott took up his residence at the Governor's Mansion, he declared he would be the new broom which would sweep clean the state's bureaus.

The Second Primary Is Of Great Importance

In contrast to the heated first primary campaign between Senator Frank Graham and his opponent Willis Smith, the second primary campaign seems to be slow in getting underway.
The quietness of the campaign would tend to indicate a light vote will be cast in the election a week from Saturday.

In Pitt county there were approximately 10,000 people who voted in the first primary. That was considered a heavy vote, but what about those 8,000 other registered voters who failed to go to the polls?

The Reflector hopes the people of Pitt county will take the second primary even more seriously than the first primary, and the voters of the county will go to the polls and vote in even greater numbers than they did three weeks ago.

Tobacco Prospects Seem Good For Pitt

The outlook for the Pitt county tobacco crop for this year seems to be as good or even better than in any year in quite some time.

Two news stories published this week in The Reflector would indicate the tobacco farmers of Pitt county have more to look forward to out of the 1950 crop than in the crops of the past years.

Sales Supervisor W. L. Whedbee of the Greenville market has reported this year's crop as the "most beautiful I ever remember." With favorable weather conditions it should develop into as fine a crop as the county has had.

R. M. Garrett, president of Person-Garrett Tobacco company, who has just returned from a trip to England, Northern Ireland and France, said factors point to a stronger demand for American tobacco from the European purchasers this fall, and the price of the leaf should remain at least as high as it has been, or perhaps go even higher.

Of course there are a great many things which could occur between now and the fall to have an adverse effect on the Pitt county tobacco crop and the price it brings, but right now it looks as if the county will have a prosperous harvest.

National Whirligig

WASHINGTON, June 15—The happiest public official at the Capital today is kindly, likable and easy-going Fred M. Vinson of Kentucky, Chief Justice of the Supreme Court and the only Democrat who is regarded as a presidential prospect if Harry S. Truman surprises everybody—and himself—by refusing to run again in 1952.

As Chief Justice Vinson winds up his first four years on the highest tribunal next week, he will have two important achievements to his credit, in the opinion of leading jurists and lawyers.

He has succeeded in eliminating personal and judicial friction among his colleagues, after several decades of stormy, intra-court bickering, and he has persuaded them to confine themselves to interpreting rather than making law.

On such bitterly controversial questions as segregation of colored people on trains and in schools, and on the government's property rights to tideland oil, the Supreme Court recently voted 9-0 and 8-0, respectively. It would have been 9-0 in the tidelands decision, if Justice Clark had not refrained from voting because of his previous connection with the case as former Attorney General.

FEUDING—For almost fifty years, or ever since those robust dissents of Justices Holmes and Brandeis, the nine, black-gowned men have been fighting and feuding and fussing among themselves. Five-to-four rulings, which have an unhealthy effect, were frequent.

Franklin D. Roosevelt's court-packing attempt, as well as his appointment of men with hardly any judicial experience and background, aroused bitterness. There were periods when such intense personalities as Justices Jackson, Black and the late Frank Murphy did not speak to each other. And everybody resented Justice Felix Frankfurter's interruptions and cavillings on hearing days.

In short, Mr. Vinson took charge of an extremely unruly and unpredictable group when he was sworn in on June 24, 1946. Now, he seems to have them under gentle but firm control.

CONCILIATOR—Even more promising is the new spirit of restraint which has descended on the nine young men, with Mr. Vinson largely responsible. When he served for many years as a leader in the House, and subsequently in various handyman roles during World War II, he was known as a harmonizer and conciliator. The only man to match him in this respect was "Sunny Jim" Byrnes of South Carolina.

The court's action on the segregation issue is typical. Fiercely Civil Rights apostles have groused because the tribunal did not meet the question squarely and dispose of it once and for all.

There has been the suggestion that the eight Democrats were "playing politics," ducking the problem for fear that a sweeping anti-segregation ruling might hurt the party before the Mason and Dixon Line.

EVOLUTIONARY—In the case involving Negroes' right to eat on railroad diners, the court simply relied on an Interstate Commerce Commission regulation that there should be no discrimination against passengers.

In the Oklahoma school matter, it held that a colored student forced to sit in an anteroom was not deemed to be enjoying "equal facilities." No where did the Vinsonian body come to grips with the underlying problem.

The explanation is that Mr. Vinson's court favors evolutionary rather than revolutionary processes. Unlike predecessor bodies, it will cross constitutional bridges only when a crossing becomes necessary.

In other words, it is "chipping away" at the ancient social structure instead of knocking it down with a bulldozer blow.

RELUCTANCE—In a case involving twenty-one Germans arrested by American military in our occupation zone, Justice Frankfurter hit hard on this point. The twenty-one had demanded a right to resort to a habeas corpus proceeding, maintaining that, if they had been arrested unjustly, there must be a remedy.

Mr. Frankfurter seemed to agree, but he pointed out that this was a question for the lawmakers to solve, not the Supreme Court. Here, as in many other instances, the court virtually asked Congress to act. Indeed, the professorial Felix and father of the "brain trust" even descended to slang in setting forth the court's reluctance to intervene. He said: "There is no need to throw out the baby with the bathtub, or to burn down the house to roast a pig!" Fred must have roared with laughter at that.

IMPORTS—Customs Commissioner Frank Dow, one of the ablest custom men in government service, is taking the White House and State Department off an embarrassing spot with respect to Russian imports. With typical commonsense, he has reduced the question to a matter of law instead of high diplomacy. Several members of Congress demand that Soviet

Somebody Told Me

By I. J. (Jack) EDWARDS, JR.
Everybody agrees that the telephone is one of the greatest luxuries in existence today. From the looks of that statement, you would think I have stock in A T & T. But I don't; it's just that I have an appreciation of the gadget that saves thousands of miles of travel daily. That appreciation made me perk up when I saw an article on the treatment of the telephones received at Harvard University.

Around Capitol Square

By LYNN NISBET
Raleigh, N. C.
PRIMARY—Despite reports of apathy and indifference which have come into Raleigh, fact is the people are really interested in the second primary for nomination to the United States senate between Frank Graham and Willis Smith. On a "quickie" trip through several Piedmont and mountain counties your reporter found more popular interest than Raleigh headquarters of the two candidates had indicated.

What Other Papers Are Thinking

SOCIALIST QUALMS (Daily Telegraph)
London, Eng.
There is wide support in this country for the view expressed by Lord Layton in the House of Lords debate yesterday that the Schuman plan is "the most promising that has yet been proposed in post-war Europe." How far that view is shared by the Socialist Government is still obscure, since neither the Prime Minister last week nor Lord Addison yesterday went beyond generalities. From French sources, however, it would appear that the British Ministerial attitude is somewhat clouded by doctrinal obsessions about the public ownership of the "industries concerned." The French Government holds, we believe rightly, that the question of ownership is irrelevant to the prospect of the plan. That was specifically stated by M. Schuman in his original declaration, and he said: not the smallest obstacle to his scheme in the fact that France would be entering it with a coal industry that is nationalized and a steel industry that is not.

By ELMER ROESSNER
Night lights on Main Street all over the country are twinkling brighter and longer now, days, as more stores institute night openings. George E. Plant of National Retail Dry Goods Association's store management group, reports.

At least 21 cities have joined the night opening parade during the past year, Plant says. That's in addition to the 144 Main streets whose merchants already kept open nights.

Only one town found night openings unsatisfactory and cut them out this year. Of course, not as many merchants are observing a night opening as in 1948, when the War Manpower Commission recommended the practice to facilitate shopping for war workers, and thereby reduce absenteeism in war plants.

But the trend is unmistakably towards the night opening in big towns as well as small. Even some of Fifth Avenue's snootiest department stores are now keeping open one night a week.

There are basic reasons for the trend to night shopping. More and more women are working at full time jobs, not only single girls, but married women too, the Bureau of Labor Statistics reports. Night openings are increasingly important for home furnishings departments too, in this period when many families are fixing up new homes.

Monday is the favorite day for the late opening in larger cities, while smaller towns stick to the traditional Saturday night.

Thursday and Friday are other popular days. But while the shoppers like the night openings, employees naturally are not so keen on the idea. Merchants in some towns solve problem of working hours by opening later some mornings to keep down the total number of hours. In several cities, some of the leading stores are even staying closed all day Monday.

Whisk—A telescopic whisk broom has three different degrees of bristle firmness for suede, upholstery and clothing. Bristles are washable plastic. It's made by Emencee Industries, Incorporated, 200 Fifth Avenue, New York.

Toy—An inflatable little boat made of plastic can be used either in the toddler's bath or in the backyard. (It's made by Plastictronics, Inc., 54 Greene street, New York.)

CONCERNING: A fresh clean smell can be reproduced indoors by a new ozone lamp which makes odors less perceptible. First use is in automatic clothes dryers, the manufacturer (General Electric Lamp Department, Nela Park, Cleveland, O.) has announced.

VIDEO: There's been a lot of talk in the industry about the possibilities of a 16-inch television set selling under \$100. Now one has been definitely promised for the near future (by John Meek Industries, Chicago, Ill.)

DEALERS FREEZE TO END TV FREZZE
Appliance and radio dealers are bombarding the Federal Communications Commission and Congress with demands for the unfreezing of television stations. Radio business itself has stopped flat in areas that have

NEW AND HOT.
Fixtures—New incandescent spotlight fixtures which can be coordinated with a store's fluorescent lighting to play up special displays, direct traffic around a particular area, etc., have been introduced (by Sylvania Electric Products, Inc., 1740 Broadway, New York).

Pressure Bringing Grocery Renovations.
With or without the federal aid grocers asked for at last week's convention, business experts see a boom ahead in store renovations in food shops. Independent grocers are increasingly convinced they must install self service systems and become neighborhood "superettes."

Hal Boyle's Column
New York.—(AP) — Thousands of beautiful girls try each year to get a foothold in the glamorous business of modeling.

Washington Letter
By JANE EADS
Washington.—There are approximately 18,000,000 bicycle riders in the United States, of whom about 90 per cent are children, says the Bicycle Institute of America. The institute estimates there will be 25,000,000 by 1960.

The National Commission on Safety Education considers that with bicycles and motor vehicles increasing in number each year, exposure of accident is also increasing. It says proportionately more accidents will occur unless the school, the home and the community act together to create greater safety in bicycling.

Photographers are inundated with pretty girls of this type," Tony continued. "When they see a girl with real individuality and charm, they pounce on her. It's her naturalness that pays off."

There's an old wisecrack that you can tell a man who's out of work because he dresses so neatly. It's that way in modeling.

"One of the top girl models—she makes up to \$500 a week—comes to work wearing glasses and with her hair in curlers," said Tony.

"And the girls who aren't working—they come in wearing nine hats," chimed in Joan, herself a successful model.

"She was a Red Cross girl in a Riviera rest camp when Tony met her on leave at war's end. They were married there.

Last January they bought the model agency so they could have the same working hours.

"We bought it on Monday, say it on Tuesday, and founded on Wednesday," laughed Joan. "The place was rather rundown looking."

But thirty of the models—who earn from \$15 to \$30 an hour—volunteered to help them repaint the offices. They got the job done over weekends. The whole experience has left Webster amazed.

"What amazes me most is the number of women who want their children to be models," he said. "Some of them write to us from

But, as Mr. Dow points out, Russia would take us into our own courts, if we barred her goods on this ground. The Department of Justice would have to prove, with facts and figures, that a can of crabmeat or what-have-you was actually the product of Communist slaves. Despite our general belief of the truth of this contention, the United States has no courtroom evidence to support the accusation.

Republican Attitude Attributed To Willis Smith In Radio Address

Raleigh, N. C., June 15—(P)—Senatorial candidate Willis Smith came under fire last night as having "adopted the Republican attitude on our national administration."

The criticism was made by Hubert K. Olive of Lexington in a statewide radio speech in behalf of Senate candidate Frank Graham, who faces Smith in a runoff primary June 24 for the Democratic Senatorial nomination.

From the Smith camp came an attack on what was termed efforts to smear the Raleigh attorney by calling him a Republican.

J. C. B. Ehringhaus, Jr., of Raleigh, son of the late former Governor, said in a statewide radio broadcast in Smith's behalf: "This smear phrase is merely a phrase of desperation now so dutifully and slavishly mouthed by the opponents of Willis Smith."

Plans for active support of Smith meanwhile, were announced at Hot Springs, Ark., by former Senator Robert R. Reynolds, who ran third in the May 27 primary in which Graham led Smith by 52,000 votes. Reynolds said he does not plan to do any actual stumpng, but is writing friends and transcribing radio talks in the candidate's behalf.

"Mr. Smith's views are more in conformity with mine in regards to states rights and other matters," Reynolds declared.

Commenting on the first primary he said: "I did not take the campaign too seriously because I merely wanted to present a platform representing my fundamental political beliefs on domestic and international problems."

Reynolds, who has been in Hot Springs two weeks, said he will not return to North Carolina until a few days before the primary. He planned to leave today for Florida. Senator Graham headed today

from Marion for Lincoln on the third day of a "handshaking" tour of Western counties.

Yesterday he visited Shelby, Ruthford, Lawndale and Columbus en route to Marion. Last night he spoke in the Marion courthouse, reiterating a call for a nation strong in military, air and atomic power, in its agricultural program, and in its race relations. D. Hiden Ramsey, Asheville newspaper executive, appeared with him.

Today Graham was scheduled to go from Lincoln to Gastonia, Charlotte and Concord.

Smith headquarters announced that L. R. Varner, former Associate Justice of the State Supreme court, will make a statewide radio address for Smith.

Charles P. Green, Smith's state campaign manager, also announced that Louis Guthrie, Morehead City manager for Reynolds in the first primary, had pledged his support for Smith in the runoff.

Olive, former superior court judge and past commander of the American Legion in the state, and a former state elections board chairman, said Smith has used in his campaign the words "welfare state." These words, he added, "are a slogan of derision, aimed at the Democratic party, coined and adopted by the Republican party."

Canary Returns To Cage After 'Holiday'

Montreal—(P)—Oscar the canary has decided that his cage is safer and more comfortable than the world outside. He disappeared for a week recently and his owners never expected to see him again. He finally turned up, however, without a clue to his adventures, walked wearily into his cage, took a bath and settled down to a long sleep.

States Righters Pledge Struggle

Montgomery, Ala., June 15—(P)—A determined band of States Righters held out today for another chance to show President Truman that Alabama and other Southern States are against him.

Up in arms over the U. S. Supreme Court's recent anti-segregation rulings, about 100 of them from throughout Alabama met here yesterday and pledged themselves to a retreat, no-surrender campaign against the Democratic party's national leadership.

They demanded, without a dissenting vote, the right to keep Alabama's 11 electoral votes from the Democratic nominee in 1952. Two years ago, Alabama's votes went to the Thurmond-Wright states rights ticket.

To fight for what they called "the Southern way of life," delegates voted to set up grass roots

organizations in all of Alabama's 67 counties.

The key note speaker at yesterday's rally, Sam Johnston of Mobile, observed that the only way the South can defeat anti-segregation policies in Washington is through a political education program and unyielding opposition to candidates who refuse to join the states righters in the fight.

DAV Convention Opens In Kinston

Kinston, N.C., June 15—(AP)—A downtown parade officially opened the annual convention of North Carolina Disabled American Veterans here today.

Three bands, state and national DAV officials, and numerous state and local organizations took part in the parade.

New officers are scheduled to be installed at a banquet Saturday night. Col. Cecil P. Lessig, chief of air intelligence at Maxwell Air Force Base, Montgomery, Ala., will be the principal speaker.

William Molsky (above) of St. Louis, part owner of Pioneer News Service, denied to senate investigators in Washington Tuesday that racing news in St. Louis is controlled by the underworld. He appeared to testify voluntarily. (AP Wirephoto).

Reynolds Reveals Purpose In Race

Hot Springs, Ark., June 15—(AP)—Former Senator Robert R. Reynolds has announced his support for Willis Smith, Raleigh corporation lawyer, against incumbent, Frank Graham, in the June 24 North Carolina Democratic primary runoff for U. S. senator.

Reynolds, who ran third in the May 27 primary, declared in a statement last night that "Mr. Smith's views are more in conformity with mine in regards to states' rights and other matters."

Reynolds said he doesn't plan to do any actual stumpng for Smith, but is writing friends and making transcribed radio addresses in the candidate's behalf.

Commenting on his own defeat, Reynolds said: "I did not take the campaigning too seriously because I merely wanted to present a platform representing my fundamental political

beliefs on domestic and international problems."

Reynolds planned to leave here today for Florida. He said he will not return to North Carolina until a few days before the primary.

Boulder, Colo., is known as the "Gateway to the Glaciers."

Happy Is The Day When Backache Goes Away . . .

As we get older, stress and strain, over-exertion, excessive smoking or exposure to cold sometimes slows down kidney function. This may lead many folks to complain of nagging backache, loss of pep and energy, headaches and dizziness. Getting up nights or frequent passages may result from minor bladder irritations due to cold, dampness or dietary indiscretions.

If your discomforts are due to these causes, don't wait, try Doan's Pills, a mild diuretic. Used successfully by millions for over 60 years. While these symptoms may often otherwise occur, it's amazing how many times Doan's give happy relief—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

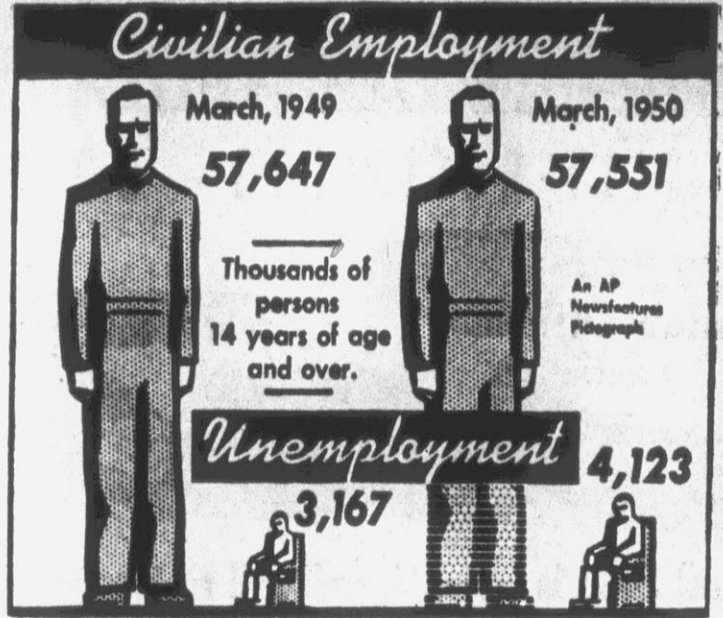

Assails Senate Plan To Extend Rent Controls

Chapel Hill, N.C., June 15—(AP)—The Senate's proposal yesterday for extension of rent control drew fire here last night from the president of the North Carolina Association of Real Estate Boards.

In an address to the third annual realtors institute, Joe Chiott declared, "It looks like our legislators in Washington are determined to crucify the owners of property."

He expressed hope that the House of Representatives would reverse the Senate's action.

Chiott also scored the proposed Spence bill now before Congress and the Brannan agriculture plan.

The hogs are getting all the milk they can drink on the Swihart dairy farm near Canonsburg, Pa., as a result of the dairy workers' strike. "We have got to get rid of the milk," says Dairy Worker Red Newell (right) as he dumps it into the hog trough. Gary Swihart (left) and Sharon Mullie (center) got their share before the hogs were fed. The dairy is unable to reach normal markets with the milk because of the strike. (AP Wirephoto).

Malachi Pleads for Sincere Religion

ILLUSTRATED SUNDAY SCHOOL LESSON

Scripture—Malachi.

By Alfred J. Buescher

"Have we not all one father? hath not one God created us? why do we deal treacherously every man against his brother, profaning the covenant of our fathers?"

"Will a man rob God? yet ye rob Me. But ye say, Wherein have we robbed Thee? In tithes and offerings. Ye are cursed with the curse; for ye rob Me," saith the Lord.

"Bring ye the whole tithe into the store-house, that there may be food in My house, and prove Me now herewith, saith Jehovah of hosts, if I will not open you the windows of heaven."

"And I will rebuke the devourer; and he shall not destroy the fruits of your ground; And all nations shall call you happy, saith Jehovah."

MEMORY VERSE—Malachi 2:10.

Malachi Pleads for Sincere Religion

ACCUSES NATION OF ROBBING JEHOVAH

Scripture—Malachi.

By NEWMAN CAMPBELL. MALACHI, last of the minor prophets, and with whose short book the Old Testament closes, uses a different method of pleading with his people to return to Jehovah, God of Hosts—than his predecessors—the question and answer system.

The people ask questions—through the prophet's lips—then God answers them in the same manner. It is a later way of rationalizing, and of a different manner of presentation than that used in the other books of prophecy. It was characteristic of the day in which the prophecy was given—somewhere between 425 and 400 B. C.

The word Malachi means "messenger", in this case, "messenger of the covenant." Some Bible students believe that there was no such prophet of that name, but that the book is a rabbinical message.

This was a time of great suffering for the nation of Judah. They may well have questioned Jehovah's love. They had, for 70

turned aside from Mine ordinances, and have not kept them. Return unto Me, and I will return unto you, saith Jehovah of hosts. But ye say, Wherein shall we return?

"Will a man rob God? yet ye rob Me, even this whole nation." People were poor. The tithe of course meant one-tenth of their incomes. They had not been bringing the tenth of their goods to the large chamber where such goods were stored.

"Bring ye the whole tithe into the store-house," the Lord commanded, "that there may be food in My house, and prove Me now herewith, saith Jehovah of hosts, if I will not open you the windows of heaven, and pour you out a blessing, that there shall not be room enough to receive it."

"And I will rebuke the devourer for your sakes, and he shall not destroy the fruits of your ground; neither shall your vine cast its fruit before the time in the field, saith Jehovah of hosts. "And all nations shall call you happy; for ye shall be a delight-

MEMORY VERSE

"Have we not all one father? hath not one God created us? why do we deal treacherously every man against his brother, profaning the covenant of our fathers?"—Malachi 2:10.

years, been slaves of a cruel people—the Ammonites and Samaritans—and after that they were a feeble people.

Their crops were carried away by armed marauders, or the seeds washed out by unseasonable rains, or made useless by mildew or drought. Their children were hungry and they had no food to give them.

The book begins: "The burden (or subject) of the word of Jehovah to Israel by Malachi. I have loved you, saith Jehovah. Yet ye say, Wherein hast Thou loved us?"

"Have we not all one father? hath not one God created us? why do we deal treacherously every man against his brother, profaning the covenant of our fathers?"

Jehovah made us brothers, so why do we—today as well as in those ancient times—cheat and steal, deal in all manner of treachery against our brothers?

Next Malachi turns to the priests who set a very poor example for the people: "From the days of your fathers ye have

some land, saith Jehovah of hosts."

This time has never come, and all the world is waiting for it, and we hope working for it, in spite of "cold wars" and fears of active ones.

At the end of the book of Malachi, God promises to send Elijah, the prophet back to earth. Elijah was prophesying when his people were totally lacking in faith in God. You remember he was snatched up to heaven in a chariot of fire.

The energy and power with which Elijah worked to lead that ungodly generation to the God of their fathers was again needed in Malachi's time.

It is needed terribly in our own time to still the warning of war drums and lead us back to God; to insist that all men are brothers and should act as such and make the world a happy family of nations.

Jesus was a descendant of good King David—the true Messiah who will eventually lead us to the peace if we have faith.

Based on copyrighted outlines produced by The International Council of Religious Education and used by permission. Distributed by King Features Syndicate.

The Golden Text

Malachi rebuking and encouraging Judah.

"Have we not all one father? hath not one God created us? why do we deal treacherously every man against his brother, profaning the covenant of our fathers?"—Malachi 2:10.

Elephants Learn Bulldozing Trade

Gangala Na Bodio, Belgian Congo—(AP)—Sixteen units were added to the Belgian Congo's fleet of petrol-driven bulldozers and dirt registers last month. They were the 16 elephants which survived this year's elephant hunts and were found fit to enter Gangala Na Bodio's academy. There they will learn their trade.

Twelve other elephants were shot dead or were turned free as untrainable.

Singapore Bans Five U.S. Films

Singapore—(AP)—The Pan Malayan Film Censor, Jack Evans, has banned five films from showing throughout the country.

They are Academy Award winner "All The King's Men," for an assassination scene; "Three Came Back" for excessive brutality; "Secrets of Life" for sex interest; "The Blue Lamp" for excessive gunplay, and "Knock on Any Door" for gangsterism.

Janitors Go To College; Special Courses Opened

New York—(AP)—Interested in becoming a good janitor? In learning how to fire and lay up a boiler? Maid service in schools? Refinishing furniture and chalk boards? Managerial problems? Practical aspects of time and motion study? Then go to Columbia University's Teachers College this summer.

One hundred school-building supervisors, custodians, janitors, and engineers are about to start a school care workshop under Dr. H. H. Line, professor of education and director of the course. The purpose of the workshop, says Dr. Line, is to stimulate the interest of building service employees in their jobs, as well as to help them become more efficient and economical in the operation of their school plants.

Bug Likes Weeds But Hates Food

Berkley—(AP)—A remarkable bug is Heliothis Phloxiphaga—he likes weeds better than food crops.

Agricultural research here has found that this insect—related to the corn ear-worm—goes for such plant outcasts as tarweed, vinegar weed, phlox, milkweed, candelion, California poppy, and plantain. It is also found on clovers and alfalfa, but in the laboratory it eats corn, alfalfa and lettuce only when deprived of weeds.

It eats tomato, cabbage and spinach only as a last resort.

See No Violation In FCX Letter Backing Graham

Washington, June 15—(AP)—The Justice Department held yesterday that a letter promoting the candidacy of Senator Frank P. Graham which was circulated by a North Carolina Cooperative appears not to have violated the corrupt act.

James M. McInerney, assistant attorney general, made public a letter to J. L. Crouch, Charlotte hardware dealer. The letter answered a complaint Crouch and nine other Charlotte men addressed to Attorney General J. Howard McGrath.

The 10 men asked an immediate investigation and prosecution of the Farmers Cooperative Exchange of Raleigh, known as FCX, alleging that it violated the corrupt practices act "by utilizing corporate funds to promote the political candidacy" of Senator Graham, who is opposed for nomination in a June 24 Democratic primary runoff by Willis Smith, Raleigh lawyer.

The complaint contended that general manager M. G. Mann of the FCX on May 27 sent out on Corporation stationery a letter which the 10 men said was "obviously a clear-cut endorsement of the Graham candidacy."

"It does not appear that the provisions" of the U. S. code "have been violated by the FCX," McInerney wrote in citing two court decisions, one by the supreme court and one by the second circuit court of appeals.

The assistant Attorney General said the Supreme court decided it was not a violation of the corrupt practices act for a Union or corporation in the regular conduct of its business to advise members, stockholders or customers in periodicals of the dangers or advantages to their interests through the adoption of measures or the election to office of men favorable to the enactment into law of such measures.

The second circuit case involving a Union, centered upon an expenditure to furnish political advertising in a newspaper and radio time in connection with a federal election campaign, McInerney said.

Mann said in Raleigh last night that he "knew there could be no real question of any violation of the law in my communication, x x x I would like to express my strong feeling that the charges made by a stock broker and big city merchants were the same sort of charges which have been brought by those against the farmer and his organization for years."

Folk Festival To Get Under Way

Chapel Hill, June 15—(AP)—The third annual Carolina Folk Festival—with all the trappings—is scheduled to open in Kenan Stadium here tonight.

More than 600 participants are enrolled for this year's big show, which continues through Saturday night.

Folk dancers, ballad singers, banjo pickers, fiddlers and other entertainers are expected from the Carolinas, Virginia and Texas. They'll be wearing, among other things, 10-gallon hats, Highland kilts and long swirling skirts.

Bascom Lamar Lunstord, folklore expert from South Turkey Creek, N.C., is in charge of the program this year. He recently directed the first festival night at the Virginia Music Festival.

A highlight of the program again this year will be Mrs. Lillie Lee Baker, of Austin, Tex., and her troupe of square dancers and string band.

Following the festival, she and

her troupe will conduct a three-day institute here on Southwest folk dancing.

Power Pumps On Farm Boost Use Of More Water

Washington—(AP)—Electric pumps boost farm family use of water, says the U. S. Dept. of Agriculture. Families which pump water by hand often use about six gallons per day per person, it says. After a few years of using power pumps this may rise to 50 gallons per person per day.

Many families which use hand pumps do not know how much time they spend pumping and carrying water, the department suggests. It estimated that each cow, horse or mule uses 10 to 15 gallon a day. A hog drinks two gallons and 100 laying hens two or three gallons. Much water also is used in cleaning milk equipment and vegetables for market.

Child Bride Is Granted Divorce

Nathanya, Israel—(AP)—A rabbinical court awarded a divorce to an 11 year-old Yemenite girl from her 40-year-old husband. The girl told the tribunal she had been sold in the Yemen for 55 cents to become the bride of a Yemenite named Salem Tauref. Then was only ten years old.

She said her love couldn't be bought. She tried to kill herself. She ran away from her husband. He traced her to an immigrant camp here. The girl appealed to camp authorities, saying she was a child and wanted to go to school.

Many of the Yemenite immigrants coming to Israel have girl brides.

Ballad Singer To Give Concert Here

Susan Reed, one of America's favorite ballad singers, comes to East Carolina Teachers College on Thursday, June 22, to give a concert in the Austin auditorium at 8:00 o'clock under the auspices of the College Entertainment Committee.

Miss Reed plays her own accompaniments, alternating on several instruments including the Irish harp; the zither; and the "ever-lovin'", a lute-like instrument which

she found high up in a village of the Smoky Mountains.

The pretty red-haired girl has recently made her first motion picture, "Glamour Girl," and her recordings, issued by RCA Victor, are bestsellers.

Miss Reed's repertory includes more than 300 traditional songs, many of which she has recorded for the Library of Congress. Alan Lomax, America's leading authority on folksongs, and formerly director of folksongs at the Library of Congress, said recently in introducing Susan Reed to a Town Hall audience in New York: "Susan Reed's songs are a garland of the greatest things in our whole Anglo-American folk tradition."

Malayan War Is Raising Costs

Kuala Lumpur, Malaya—(AP)—Malayans will in future have to pay more for whiskey, beer, coffee, sweets, confectionery and all kinds of usual instruments to help cover the cost of the anti-Communist campaign. Duties on the imports have been increased.

The war against the Communist is costing Malaya \$40,000,000 this year. This is \$10,000 a day more than last year.

New Member Of Park Fund Board

Washington, June 15—(AP)—Charles W. Tillet of Charlotte has been appointed a member of the National Park Trust Fund Board by President Truman.

The non-salaried board accepts and administers gifts of personal property to the National Park Service.

Safflower has become a commercial crop in the northern great plains after 20 years of experimentation.

THE GOOD NEWS SPREADS ALL OVER North Carolina

"Magic" Cooking, Baking, Frying Results Are Easy with New, Homogenized Swift's Jewel Shortening!

MAN AND WIFE AGREE:

"JEWEL CAKES TASTE PERFECT"

JEWEL'S "SMOKE-POINT" 40° HIGHER!

LIGHT, TENDER, FLUFFY... AND THEY COST LESS TO MAKE!

Want to keep hubby happy—and cut down on food costs, too? Then here's good news!

With the new, homogenized Jewel Shortening you can cook to his heart's desire—and save money while you do. For new Jewel—although it costs much less than costliest brands of shortenings—challenges them all when it comes to results.

In Memphis, for example, Mrs. J. A. Perry reported making a Jam Cake that would "just melt in your mouth!" While in New Orleans, another homemaker, Mrs. Alice H. Langston stated that her husband "just loves his biscuits made with Jewel!" Mrs. Langston further commented: "With the amount of shortening we use, we figure our savings on Jewel at about \$8.00 a year. That'd buy plenty of eggs!"

As Swift's famous test kitchens have discovered however, Jewel's magic is not restricted to cakes and biscuits. Piecrusts,

cookies, fried foods of all kinds, likewise benefit when new Jewel Shortening is used.

No Other Shortening Is More Digestible Or More Nutritious!

Don't be fooled—say scientists. Just because a shortening costs more doesn't make it any more nutritious or digestible.

Actually, any fats—including the fine vegetable and meat-food fats in Jewel—are among the most completely digested foods. Furthermore, all fats are important in good nutrition. For they yield 2½ times as many energy units per pound as either carbohydrates or proteins.

In other words, money can't buy a more nutritious or digestible shortening than new Jewel. Not even if you pay \$10 a pound!

CHALLENGES THE COSTLIEST... COSTS MUCH LESS! SAVES 5¢ TO 7¢ A POUND

There's a new "headliner" in the shortening field! Swift's new, homogenized Jewel Shortening. Only recently introduced, this new product challenges costliest brands. Yet it costs 5¢ to 7¢ less per pound.

The new Jewel employs a controlled homogenization process in the blending of its fine vegetable oils and meat-food fats.

As a result, the finished product is of highest quality with a remarkable smooth and even texture. No other shortening is more nutritious or more digestible.

Many of the compliments now being lavished on Jewel by enthusiastic homemakers concern its use in preparing fried foods of all kinds. For this new shortening remains smoke-free and free from objectionable odors at extreme cooking temperatures. Actually, its "smoke-point" is 40° higher than costliest shortenings.

The thriftiness of the new product, has also come in for its share of applause. Many homemakers, in fact, state that they have been able to purchase 4 pounds of the new homogenized Jewel for the same price they usually pay for 3 pounds of costliest shortenings.

Like Fried Chicken? Here's How to Add a Touch of "Magic"!

Developed by Swift's famous Martha Logan, here's a special fried chicken recipe featuring new Jewel Shortening. Just follow the 6 magic steps indicated for your convenience.

1. Clean, wash and drain a 2½ to 3 lb. (dressed) chicken. 2. Cut into serving pieces. 3. Measure ½ cup flour and 2 tps. salt

into a paper bag. 4. Drop in each piece of chicken separately and shake until coated. 5. Heat enough Jewel Shortening to make ¼ inch depth in a large skillet. 6. Fry chicken over medium heat, turning until golden brown. Reduce heat, cover and cook about ½ hour, until tender. Uncover and cook ten minutes.

Simple test proves it won't smoke up or smell like costliest shortenings!

Dramatic proof that Jewel is smokeless is offered by a recent test comparing Jewel with three costliest shortenings. In every instance, Jewel demonstrated a marked superiority.

The test consists merely of placing equal amounts of Jewel and any costliest shortening in two separate pans of the same size. To verify temperatures reached, a cooking thermometer (preferably two) is used.

As identical heat is applied the expensive brand will begin to smoke and give off odors.

Jewel, however, can be left until its temperature is 40° higher than its competitor's.

Home economists agree that the perfect deep-fat frying temperature is 365° to 375°. Expensive shortenings will begin to smoke at 360°. Jewel, however, could be heated to 400°.

Challenges the costliest... costs much less!

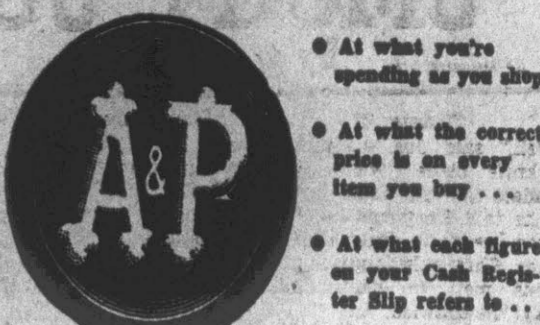

NEW!
HOMOGENIZED!
THRIFTY!

Based on a new and different formula—blended by homogenization for extra smoothness and even-texture. So economical you can purchase 4 pounds for the same price you usually pay for 3 pounds of costliest shortening brands.

IT'S DIGESTIBLE... AND NUTRITIOUS TOO!

SMOKY JOE

By W. F. BRAGG

Chapter 27

"Well," said Joe, snapping open the knife blade, "you're a likely candidate for the man in black. And he told Shay how he had discovered the knife, dropped near the dummy, Shay only laughed.

"This man in black sounds spooky," he drawled, "but if I started out to kill you, I'd use a gun. Any way, that night I was up in the hills lookin' for Monty McDevitt."

"Jane Morgan believes the man in black killed her father. But he used a shotgun on him, like on Elven."

"You can't trust that Morgan woman. She's twistin' you and McDevitt around her finger. She's dead gone on Pack Rogan."

"Why, I figured Nevada Kate was Rogan's sweetheart," Joe said shrewdly. "I heard mention, too, that she used a knife like this one in some of her Spanish dances. She'd do 'most anything for Rogan."

For the first time Shay lost his serenity. He strained at his ropes, cursing Joe from the corner of his tight mouth.

"Why, Pecos," Joe said innocently, "I wouldn't figure Kate would upset a hard case like you over a little affair with Pack."

"She ain't sweet on Rogan."

"Appearances are deceivin' then." And he described how he had encountered Kate in Rogan's office, powdering and painting in front of Rogan's big mirror.

"Blast you," said Pecos between his teeth, "she's not Pack's sweetheart. It's just a business deal between 'em. That knife you're talkin' about, they come a dime a dozen on the border. Why, it would be easy—! Then his face cleared and he grinned, although his eyes still looked as flat and angry as those of a cooled rattlesnake. "You had me goin', he laughed.

At dawn, Monty's cattle were turned up the landslide trail. The big drive included not only McDevitt cattle but animals stolen from the Munros, Rogan's Wrench outfit, and a dozen hill outfits. There were also several hundred head of longhorns out off the Bar Sixty-Six herd

Senator Hill To Speak At N. C. Legion Meeting

Charlotte, N.C., June 15—(AP)—The North Carolina Department of the American Legion, which opens its annual convention here June 24, will have Senator Lister Hill of Alabama as its principal speaker.

Hill is scheduled to speak at the final session of the convention June 27. Following his address department officers will be elected.

Col. Paul R. Younis, general chairman of the arrangements committee, announced last night that Hill will replace Senator Tom Connally of Texas who had accepted an invitation to speak. Younis said he had been informed Connally would be unable to attend the convention because of pressing Senate business.

Approximately 5,000 Legionnaires are expected for the convention.

Stiff Sentences Set By Israel For Bad Drivers

Jerusalem—(AP)—The ministry of communications is cracking down on Israel's reckless drivers to halt the rising death rate on highways.

The Knesset (parliament) has just given the green light to the ministry to vigorously prosecute all traffic offenders.

Sentences are going to be stiff. Reckless drivers, for their first offense, may get a maximum of two years imprisonment and a \$1,000 fine.

If a motorist is convicted the second time on any one of 13 different traffic violations, he faces a five year prison sentence and revocation of his driving license for all time. From 20 to 30 persons are killed in automobile accidents monthly in Israel. The seriously injured run between 40 and 50 persons.

Basin Divide. We're takin' Shay there along with my own cattle he stole. We'll give him a trial when we get there." He grinned. "You can come along, if a Munro will trust himself in McDevitt territory."

Joe rode along behind the bellowing herd. They reached the forks in the trail. Joe reined up. Here he must choose the way he would ride: with the McDevitts to the trial of Pecos Shay or toward the foothills with the Hale cattle.

But as Joe sat pondering over the decision, a dozen riders topped the ridge ahead and cantered down to the herd. The grim McDevitts met them, rifles across their saddle forks. But they eased up when the grizzled leader of the newcomers held up his hand in the peace sign.

It was Long John Hale. With him galloped a half-dozen Texas men, and his hot-eyed son, Rance.

Another rider was in the crew, a dark, boldly handsome man. It was Pack Rogan.

When Joe and Monty rode up they were ready for a fight, but Rogan never laid hand to his gun.

Instead he glared past Joe at Pecos Shay, who sat his horse with his hands tied to the horn.

"My own foreman," rasped Rogan. "To think how I trusted him. And he turned thief on me. The dirty skunk!" He turned and shouted at old McDevitt. "I hope you killed 'em all."

"We did," McDevitt answered grimly.

"Then let's clean up the works," snarled Rogan, and he whipped out his gun and tried to line it on the amazed Pecos Shay.

Shay would have died with Rogan's bullet through his heart, had not Joe fired first. Rogan's pony flinched as the bullet whined past. At the same moment Monty threw the spurs into his pony and rode against Rogan's mount, almost hurling the animal off its legs.

(To be continued)

Monthly Cramps

Now—A Tested Way to Real Relief Without Pain-Deadening Drugs

Here's welcome news for thousands of girls and women. Recent research indicates that cramps and pains of menstruation may be often due to abnormal contractions of the organ muscles. Tests show Carbol ease this kind of pain in many cases and in some cases actually goes away with its removal. Get Carbol and enjoy the wonderful new freedom from cramps it may offer by helping to establish a muscular action free from cramping contractions. Ask your dealer for Carbol today.

CHICKEN EVERY SUNDAY and between times, too, is the way to please your family! There are so many ways to fix chicken. You can put it on the table fried crisp and juicy... stewed tenderly... with noodles or a picture... in casserole dishes. If there's any left over, it's so handy for soup, for sandwiches, your budget... and make meal planning a snap—by serving chicken often.

SOUTHERN FRESH CHICKEN—Clean chicken and cut in pieces for serving. Half in flour seasoned with salt and pepper. Brown in deep hot and finish cooking. Arrange on hot platter and garnish with parsley. Make cream gravy, using the drippings.

SCALLOPED CHICKEN

- 1 cup cooked chicken
- 1 cup chopped onion
- 1 cup soft bread crumbs
- 1 teaspoon minced parsley
- 1 teaspoon salt
- 1 slightly beaten egg
- 1 cup chicken stock

Put chicken in rather large pieces. Alternate layers of chicken, onion, crumbs and parsley in greased shallow dish. Add milk and eggs to pour over chicken. Bake in oven at 350 degrees F. 1 1/2 to 2 hours. About 400.

Robins Sweep Twin Bill Against Kinston 7-6, 9-6

Locals Staged Another Of Those Rallies In Final Frame

Lautato Hits Grand Slam Homer In Third Frame Of Second Game; Curfew Intervenes

By BERT MOYE

The Greenville Robins made a clean sweep of their twin bill with the Kinston Eagles last night by taking the seven-inning opener, 7-6, and then taking the nightcap, 9-6, which was halted after seven and one half innings on account of the midnight curfew.

First Game

The Robins rallied for two runs in the last inning to edge a 7-6 win over the Kinston Eagles in the first game of a twin bill last night.

Three walks loaded the bases in the last of the seventh to set the stage for the rally. Then errors at third and short on grounders by Paul Strausser and John Tepedino respectively produced two runs and ended the game.

The Eagles scored four runs in the fourth frame on a walk, two singles and two errors and scored two more runs in the fifth on two singles and a double to take the lead at this stage by a margin of 6-5.

The Robins scored two of their runs in the third after two were out on two walks, a single by Vince Lautato and an error and came back in the fifth frame to score three more runs on two walks, a single by Hall and Scarpa's double.

Manager Walter Millies used four hurriers in an effort to stop the Robins, but to no avail as they walked a total of 13 men between them. Tom Swanson, who relieved

sive game in the second contest and executed two beautiful double plays.

Manager Heflin used three hurriers in this contest with Ray Keys being taken out in the fifth frame after giving up nine hits and all six of the Eagles' runs. Pinky White, who pitched the next two and two-thirds innings, held the Eagles scoreless and to one lone hit, but had to have help from Vince Jones in the eighth frame after he had walked two men in a row.

Ronald Root, the Eagles' right-fielder, with a double and two singles in four trips to the plate, led the 10-hit attack off the three Robin hurriers.

The Robins likewise accounted for 10 hits, with Lautato getting a grand-slam homer and a single and Guidice and Hall each collecting two singles to pace the attack.

The Robins journey over to Kinston tonight to meet the Eagles in a return contest there and then return home on Friday night when they meet the cellar-dwelling Goldsboro Cardinals in a single game.

Second Game

In the second contest the Robins scored in every frame but one, scoring singletons in every frame but the fourth and the third when Vince Lautato's homer over the scoreboard in left field with the bases loaded accounted for four runs.

What proved to be the winning run came in the fifth frame when Joe Guidice singled, Hallow sacrificed him to second and then when John Baktis flew out into right field for the second out of the inning Guidice raced off to third and came home when Rightfielder Ronald Root threw wild at home.

The Robins put up a great defen-

Tonight's Games
 Greenville at Kinston
 New Bern at Tarboro
 Wilson at Rocky Mount
 Roanoke Rapids at Goldsboro

Sidelights: Greenville's twin killing of the Eagles last night marked their third meeting with the Eagles in bargain bills and in every instance the Robins have won both games in each contest. "Shoes" Scarpa did nice relief work in last night's contest and won his first game of the season as he held the Eagles hitless in two full innings. The win over the Robins have dropped three games to the Eagles. Manager Randy Heflin was ejected out of the park last night by Umpire Tolle, when Heflin got into a heated argument with him over a base decision at home plate. In the opinion of the writer and those sitting around the press box last night, Randy had every reason in the world to argue over Tolle's decision. To put the matter very plainly the play was not even close for any one who could or was watching the play. Pinky White gained his third win of the season in last night's second game and now has a record of three wins with only one loss.

Jackie Price put on a great show last night out at Guy Smith Stadium during the intermission between the two games with his clowning antics. Included in his repertoire was chasing balls in the outfield with a jeep and catching them as he drove over the outer garden; hitting and catching while swinging from a trapeze bar; catching fly balls in the outfield in various and sundry positions, and many others.

Boys' League Baseball

The Phillies continued their winning streak yesterday at the expense of the Giants. They rained basehits all over the lot, to take an easy win by the score of 15 to 4. Larry Flye and Stoney Briley on the mound for the Phillies held the Giants to seven safeties while their teammates were pounding Bobby Watson for fifteen. Doug Morgan and Hilton Quinn were the big runs for the winners with three hits apiece. Quinn, especially was poison to the Giants, getting a triple and homer. Joe Sawyer and John Sideris got two hits each for the Phillies. The Giants got only seven hits divided among a like number of players. Roy Taylor's triple was the only extra base blow for the Giants.

Training School's Braves won their second game of the season with a final inning rally yesterday at Third St. when they came from behind to take the Dodgers 10 to 8. They also had scored twice in the sixth, giving them a total of five runs in the last two frames. The Dodgers, a greatly improved team over last year's entrants, has yet to win a game, having played to a tie with the strong W. Greenville Cardinals. Speight with a homer and single was the only player on either side to get more than one hit. Hooks for the Dodgers and Oakley for the Braves got triples.

West Greenville's Red Sox continued their heavy hitting to lambast the Wildcats from the Training School 19 to 1. Larry Powell, Carawan and Wes were the leaders for the winners with two hits each. The Wildcats were held to three hits by Tommy Morris.

Third Street's Cubs remain undefeated yesterday, winning over the Indians at W. Greenville 13 to 7. The Cubs ran up a big lead in the first three innings and then coasted in for the win. Joe Moyer with three singles was the only player on either team to get more than one hit.

Schedule for Friday:
 Tigers vs Indians, Third St., 2:00 p.m.
 Red Sox vs Robins, Third St., 2:00 p.m.
 Dodgers vs Cards, W. Greenville, 2:00 p.m.
 Pirates vs Giants, Third St., 9:00 a.m.

Sport Slants By Pap

Aussie Ace

Little fellows who dream of hitting booming drives down the fairways should take a run up to the Wykagyl Country Club in New Rochelle, N. Y. when the Palm Beach Round Robin golf tournament gets underway, and watch Norman Von Nida of Sydney, Australia, hit a few. The little Australian with the big golf game will be a revelation to them.

Von Nida is making his first appearance in the Round-Robin and he should prove a worthy challenger for the top American pros. Other foreign entrants have done very well in the Palm Beach tournament in the past. Bobby Locke of South Africa won this event twice, in 1947 and 1949. Martin Pose of Argentine, Dick Burton and Henry Cotton of England have helped make the Round a colorful event in the past.

The long-hitting little Australian scored his greatest successes in Great Britain, which he first visited in 1946. In 1947, he was the leading money winner there, taking five tournaments and the Vardon Trophy with a scoring average of 71-25 strokes for 52 rounds. Between trips to the British Isles, Von Nida won the Australian professional championship in 1946 and 1948, and was runner-up in the Philippine Open last year. He plans to compete in the United States and British Open championships this season.

Jaycees And Exchange Club Win In Opening Games Of Softball Season

The Jaycees opened its summer softball season by beating the American Legion last night 6-3 at Third Street School.

Jimmy Warren hit a homerun in the top of the seventh to drive in three runs, scoring John Saleed and Bill Taylor ahead of him. John Lautares accounted for the game's first run when he knocked a long triple in the first inning. Taylor drove him in from third on a sacrifice fly.

The Legion went ahead in the fourth when they scored three runs to lead 3-1. Manager and pitcher Gene Skinner loosened up a bit in that frame to give up three hits for the tallies.

Line score:
 Exchange 100 000 5-6 6 1
 Amer. Legion 000 300 0-3 3 2

The Exchange Club opened its schedule by beating the Lions 12-7. There were five homeruns hit in the seven-inning tilt, two by White of the losers.

Su... pitching for Exchange, gave up nine hits during the game against the Lions pitcher Lautares who was nicked for 13 safeties.

Wither Harvey hit the Lions' other homerun while Crandall and Joyner were getting one each for Exchange.

Line score:
 Exchange 061 203 4-12 13 4
 Lions 005 100 1-7 9 2

All-Star Votes Put Doerr And Reese In Lead

Chicago, June 15—(P)—Bobby Doerr, Boston Red Sox second baseman, and Harold (Pewee) Reese, Brooklyn Dodgers' shortstop, took over the leadership for starting positions today in the National fans' all star baseball poll.

The poll, to select starters for the annual game July 11 in Chicago's Comiskey Park, opened Monday and will continue until midnight July 1.

Doerr moved ahead of Cass Michaels of the Washington Senators, with 5,000 votes to 4,423 for Michaels. Reese took the lead from shortstop race by collecting 5,584 votes only 81 votes more than Marion.

Industrial League Schedule For Today
 Scott Motor Sales vs Waldensian Baker, W. Greenville School
 Post Office vs Wagner-Waldrop Motors, No. 2, Third Street School
 Carbon Company vs Bilbro Wholesale, No. 1, Third St. School
 Ormond Wholesale vs Bilbro Wholesale, No. 3, Third St. School

Each scored a pair of victories in yesterday's quarter-final and semi-final competition.

Parker won from Jimmy Vance of Greensboro, 3 and 2 in the quarter-finals, then came back to oust one of the tourney favorites, Frank Little of Greensboro, 1 up.

Langley beat two of Parker's Charlotte colleagues, III, first victim, by a 6 and 5 count, was Jack Cooper. Then he went on to nip Tuffy Henderson, 1 up.

The Dutch ate many flower bulbs during the war but found them non-nourishing, unappetizing and disturbing to digestion.

Farmville Wins See-Saw Contest Over Fremont

Farmville, June 15—A slugfest last night that netted 30 runs for both clubs resulted in Farmville's retention of a tie for first place in the Bright Belt loop as Norm Clark's sluggers beat Fremont 17-13.

The game saw both teams' pitching raked over the coals for 28 hits. The fielding went askew during the full nine innings when Farmville committed five miscues and Fremont four.

Eibert Moyer began the game and got credit for the win although he was relieved in the eighth inning after being hit hard. Willie Mauney replaced him in that inning and Pol'ard came in in the ninth to finish up.

Mauney came in for his share all around—fielding, pitching and hitting. He led the Farmville attack with two triples and a single in five times, driving in two runs and scoring three himself.

D. Davis, Fremont shortstop, got the games only homerun for his only hit. Hines, who came on the mound to relieve started Davis for the victors, hit a triple in his first time up. He was relieved in the fifth by Best who pitched from there on out.

Robins Maintain Greenies' Old Pace; Dissinger Teams Average 4th Place

By JOHN SPINKS JR.
Greenville's double win last night over Kinston shoved the Robins just shade over the 500 percentage mark—509 to be exact. The move into the 500 bracket comes on the heels of a drop below that even-stein figure which was caused by the loss to Wilson Tuesday night after a 17-inning deadlock the night before.

With a record of 28 wins against 27 losses, the Robins have room to spare in their first division fourth place. Wilson trails in fifth place by virtue of their win over Rocky Mount last night which enabled them to unseat Tarboro for the position in the standings.

A year ago the Robins—Greenies—trailed in fifth place with identical percentage—509—on a won-lost record of 27-26, one game lower than this year. So it would seem the Robins are holding their own pretty well with a majority of new ballplayers and under a new management and manager.

The league has played ball pretty much the same this year as last, according to a comparison of percentages. Rocky Mount leads the CPL currently at a figure of .618. Goldsboro brings up the rear with .400, a difference of 218 points. In 1949 for the same date, New Bern was leading the league with 596 and Wilson was trailing in the cellar at 387, a difference of 209 percentage points.

Also there was last year a hot race for first place. Between June 8 and June 14, New Bern had made its way from third place to first, leading Rocky Mount by a half game. This year all is different. Rocky Mount leads the pack by at least three games with New Bern and Roanoke Rapids fighting it out for second place.

With Greenville in fourth place—or third since there is a tie for second—in the Coastal Plain League, it brings to mind that all the clubs on the Roy Dissinger chain throughout three states are averaging just about fourth place. The latest edition of the Sporting News reports none of his five clubs any lower

than sixth place. That lowest team is Anderson, South Carolina, in sixth position in the Tri State, with a figure of .458 on a record of 22-26. That's a hot league and includes such larger Class B cities as Charlotte, Knoxville, Asheville and Spartanburg. Between Asheville's Tourists, the leaders, and Sumter, the cellarites, only 134 percentage points separate.

Another one of Dissinger's clubs—Hammond, Louisiana—is riding the Evangeline circuit in fourth place as of June 8. Only 131 points separate the first place and the eighth place teams. In that league, two clubs are fighting it out for second place, all tied up at present, and Lafayette is pushing Hammond for sole owner of fourth.

The three other teams owned by Dissinger are in North Carolina. Outside the Coastal Plain, Dissinger has Lumberton in the Tobacco State and Mooresville in the North Carolina State League.

Lumberton is doing better than any of the five, on June 8 riding the second spot with a record of 27-12 and a figure of .692. Both Lumberton and Sanford have been fighting it out for tenancy in the top spot. As of today Lumberton is trailing Sanford by 70 points.

Mooresville is holding onto fifth place only by virtue of the score keeper placing Mooresville first in the position in the league standings. The Spinners are tied with Concord and both have records of 17-19 or .472.

From the foregoing the record shows Dissinger with three clubs in the first division, the only four spots that pay off in the final analysis of the Shaughnessy playoffs. This writer thinks Dissinger has done well by all his clubs. In that he taken what players reported to him during spring training, swapped them around from time to time to the different clubs and made stronger units out of each he has proved himself capable as a ball player's trader.

At the beginning of the Coastal Plain season, Greenville fought it out with Tarboro for almost a month to see which was to get a strangle-

hold on the cellar. About the middle of May the Robins began their long climb to their present position. And they're pretty secure where they are as a result of last night's games. The addition of Tepedino at short, Lautato at second and Baktis catching the dead-wood was removed from its times at bat and the overall fielding got tighter.

Gone are Musumeci, Ouzts and Lakind at those respective positions. The latter two were given outright releases. The Moose was moved over to Lumberton where for over a month he was battling cleanup and his hits in that lineup enabled the team to maintain a tighter grip on

Unfamiliar Cheers For Jake Lamotta Sounded

Monticello, N.Y., June 15—(AP)—Jake Lamotta perked his ears at the strange noise. Somebody actually was cheering.

"J for Jake, L for Lamotta. 'Yea, yea, Jake Lamotta.' The Bronx Bull usually hears 'cheers' starting with b and ending with ooooooooooooo. An old Bronx custom."

Jake seemed a little out of place in the Monticello High School gym, his emergency indoor training quarters.

The rain forced him downtown from his swanky Concord retreat at L. Kiamasha—his first trip to school since he left P.S. 55.

Some 300 teenagers crowded into the folding bleachers to watch the middleweight champion of the world—except Pennsylvania. It was a gala occasion at M.H.S. after school relief from regent week.

A wiry little grey-haired man stepped to a microphone. He was Mike Wittenberg, Jake's press representative.

All in all, the Robins have come a long way under Randy Heflin's managing. Greenville folks, of course, would like to see them go even further. That remains to be seen.

They're the same Robins out there every other night that were playing hapless ball during the first three weeks of the season, but in name only. They're the same Robins that baseball fans hereabouts looked askance at when the lovable old Greenies got a new tag on their uniforms and new names in the lineup.

"You lucky people," he said, "are going to get a chance to see the champion." The kids didn't know how lucky they were. They applauded politely.

"Folks boy to box with the champ is Jimmy Taylor," Mike continued. Six or eight large mats, normally used for tumbling and wrestling in gym classes, provided a makeshift ring. No ropes. No canvas. No nothing. Just Jake, three sparring partners and his handlers.

A right by Jimmy Taylor shook up the champ. He made Al Fischer and Leon Daughtry, his other sparring partners, pay for the punch. Daughtry went down twice on the sippy mats.

Later in a locker room downstairs, Jake talked about his June 28 title defense at the Polo Grounds against ex-champ Rocky Graziano.

"Sure, we're frie—" he said, "no use pretending this is a grudge match. But he's my worst enemy when we get into that ring."

Equipment Installed At Greenville Playgrounds

New play equipment has been installed on the playgrounds of Greenville and arrangements are being made to offer swimming lessons to all the children of the city.

The announcements were made today by Alderman Heber B. Tripp, chairman of the city recreation commission.

A small baby slide and two baby swings have been placed on the Cotanche Street park, and new equipment has been added at the other parks throughout the city. Chairman Tripp reiterated the invitation to the children and adults of the other towns and rural communities of the county to make use of the parks and recreation facilities of Greenville at any time they wish.

A group from Winterville visited the city playgrounds several days ago, a group from Falkland visited the city swimming pool, and a group of young people from the Free Will Baptist churches of the county made use of the Third Street school park recently and were furnished with bats and balls, and other city recreational equipment.

Tripp said, "It has been very pleasing to note the attendance of mothers and nurses with small tots" at the city playgrounds making use

of the equipment which has been purchased for the use of the smaller children. He added that rest room facilities are being made available at the city playgrounds this summer.

Negro Drive For Boys Is Success; Organizing Team

Tag Day for the Negro recreation fund was highly successful, according to all reports from the committee in charge of the Colored Civic League.

The drive to date has netted \$305.50 from overall contributions. Volunteer workers, Boy Scouts and various committees worked toward the project which provides funds for uniforms and equipment for colored recreation.

Uniforms for the boys have been ordered and on Monday, June 19, all boys between the ages of nine and 13 will report to the South Greenville playground (Cooper Field) for try outs. Percy Daniels will supervise the midget team.

Hard Times And Enemy Batsmen Hitting Joe Page

By JACK HAND
(Associated Press Sports Writer)
That ever happened to fireman Joe Page of 1949—the greatest relief pitcher ever?

Recent work of the New York Yankees' bullpen artist reminds fans of the page of 1948—an in-and-outer who flopped after a glorious pennant year in 1947.

Highest priced of all Yankee pitchers with a \$30,000-plus wage, Page failed the World champs yesterday for the second day in a row. With manager Casey Stengel struggling along on a seven-man staff, Page's trouble is most serious. Last western trip they won nine in a row. Now they've lost the first two.

Bothered by a sinus infection during the long home stand, Page saw little action. He had a week's rest before Stengel tried him in Chicago Tuesday night. Joe didn't have it.

Allie Reynolds was one out away from victory yesterday when the White Sox caught up with him. With two gone in the ninth and New York leading, 2-1, a single and walk by pinch hitter Floyd Baker and Luke Appling and a single by Chico Carrasquel tied the score.

Stengel took the ball from Allie and saved in Pake. Joe's third pitch to Dave Philley sailed into the lower left field seats for a three-run homer and the ball game 5-2.

Last season Page strode from the bullpen 60 times. The Yanks won 42 lost 17 and tied one of those games. So far in 19 appearances by Page New York has won 11 and lost eight.

Especially alarming to Stengel is Page's new habit of throwing the home run ball. Five batters hit homers off him so far. Only seven did the trick all last season.

Page's failure cost the Yanks a chance to gain on Detroit. Instead the Tigers clung to their half game lead despite an 8-2 defeat by Philadelphia.

Jim Hamilton Is New Coach For Lenoir-Rhyne

Hickory, N. C., June 15—(AP)—Jim Hamilton baseball star for the University of North Carolina, is the new Lenoir-Rhyne College head basketball coach.

The college last night announced he would succeed Brice J. Hall who resigned. Hamilton will report Sept. 1. He will be assistant professor in the department of physical education and will assist in the coaching of other sports.

He coached the freshman basketball team at North Carolina the last three seasons.

He was captain and second baseman on the 1948 North Carolina team that won the Southern Conference title.

Texas, Rutgers To Open Baseball Tourney Tonight

Omaha, June 15—(AP)—Defending champion Texas will open the 1950 NCAA baseball tournament in Omaha tonight matched with Rutgers, middle Atlantic states champion.

The Texas, favored by many to repeat because of its veteran lineup have called Murray Wall, six-foot-three hurler to Chuck against Rutgers in the opener. Wall has an 8-2 record for the season and was one of the trio who pitched Texas to the 1949 title.

On the mound for Rutgers will be another six-foot-three collegian, Herman Hering, who is undefeated in college competition.

Middleground To Miss His Jockey

New York, June 15—(AP)—If Middleground runs in the Dwyer Stakes at Aqueduct on June 24, it will have to be without his regular rider, Bill

Boiland. In the Derby and Belmont Stakes he has a fractured right ankle. It is expected to be Boland on the line for three weeks or more. A wave of speculation in tulips in Holland and adjoining countries in the 1630s.

--Listen Tobacco Farmers--

We have gone through our third curing season with Dixie Air Curers and you can imagine how happy we are to hear so many good farmers that used Dixie Air Curers say that with the experience they have had with many other different methods of curers, that Dixie Air Curer was superior to any other, in their knowledge.

First they say safety in Dixie Air means a great deal in today's expensive crop. Second, economy is very important. We have had farmers to tell us that they had saved many dollars by changing over to Dixie Air Curers. Third, so easy to operate. You don't light but one time and you are through. No flaring, no smoking.

We have farmers to say they have gone below 100 gallons of oil on some barns. They say Dixie Air Curers do have proper equalization and when you save several hours in time, you save several gallons of oil. We want you to read just what many of our best farmers say about Dixie Air Curers.

LISTEN TOBACCO FARMERS—I have been offered many different methods of curing tobacco, and I have tried part of them, and I was not satisfied with the service I was getting. Late in 1949, I bought nine Dixie Air Curers for nine barns and they did everything and more than they said they would. I feel like the tobacco farmers would be very happy to know that is true one time. They are so safe and easy to operate and made of material that can give them long life. I would like to pass that information on to anybody.

DENNIS McLAWHORN

LISTEN TOBACCO FARMERS—I would like to say to my neighbors and all tobacco farmers, that I have used different tobacco curers, but in '49, I used Dixie Air Curer and that Curer proved most satisfactory of any method of curing that I have used. First, Dixie Air has safety which means a great deal to lay down on your bed at night satisfied. Second, you just light one time and you are through. No flaring, no smoking. Third, Dixie Air has material that could last many years. Write me for information.

REV. D. W. ALEXANDER, Bethel, N. C.

LISTEN TOBACCO FARMERS—I would like to tell you our experience curing tobacco with Dixie Air Curers. We used them in 1947 and we did like them very much. Now we notice first the safety of the Dixie Air Curer, and you can see the superior quality materials in this curer. Dixie Air does have what we are going to want most of all times and that is economy. We went below 100 gallons of oil on some barns. We would be glad to have you write us in regards to Dixie Air Curing.

J. C. LATHAM, Washington, N. C.

LISTEN TOBACCO FARMERS—Late in '47 we demonstrated three makes of curers in our barn at the same time. We and our neighbors like Dixie Air most of all and we have been asked many times for the answer why, here it is. Showed more safety, burned less oil and does carry the best material that I know.

GROVER HODGES, Greenville, N. C.

P. S. I have also found that Dixie Air Curers have shortened my curing time per barn of several hours.

I built a new barn in 1949 with confusion in the county about curers. I did not know what to buy. Mr. J. A. Mills of Greenville advised me if I wanted to go to sleep and be satisfied, buy Dixie Air Curer, and I did. And Dixie Air Curer did everything he said it would. Now I can understand why so many farmers say so much about Dixie Air.

The Dixie Air Curer is so safe, easy to operate, has material for long life. Most of all, so conservative, I would be glad to pass the information to all farmers.

MRS. TOM WALLACE, Washington, N. C.

Now, folks, don't buy a substitute, if you want Dixie Air Curer—Call 2741.

TEEN TALK

(Dear Judy)

AP Newsfeatures

Father's Day is a good time for father and son to get acquainted. Some organizations promote this in father and son outings, functions which usually are looked forward to with as much eagerness on Dad's part as Junior's.

It just so happens that there are not enough of these little father-son get-togethers throughout the year. Sometimes the modern father is so bogged down with his social and business interests that he doesn't have time for his son. Very often it is sonny boy who has too many social engagements to spend time with father—and discourages father's interest.

Over a period of years, the relationship between father and son has cooled to the point where mother often must accept full responsibility for her male off-spring. In days gone by it was as much Dad's job as Mother's to assure moral and social betterments of his son.

Many boys write and complain that Dad is just the man who slumps into an easy chair at night, reads his papers until bedtime and then, policeman-fashion, leaves or-

ders to curtail the activities of the youth of the family. Why doesn't Dad discuss these problems instead of just making ultimatums, they ask?

There was a day when father-son companionship ran high. When father went fishing or horseback riding with his son, invited him along on "for men only" picnic, baseball and football excursions. Today, he frequently leaves Junior to his own devices and then wonders why he is "girl crazy," "moody," inattentive to his studies and aloof to his parents.

All of this boils down to the type of men young women of today must cope with. Some of them are completely selfish, because they haven't learned the meaning of companionship. Therefore it often is left to the girls to do the courting, wooing and even the proposing. Whereas marriage used to be a partnership on a 50-50 basis the man now thinks if he is the wage earner he fulfills the major share of responsibility.

Unless Dad can impress upon his son that he, himself, assumes family responsibility, and that the same thing is expected of Junior when he begins to rear a family, how else will Junior get the point?

Women enjoy being sheltered, loved and babied by men. But if men continue to heap responsibility upon them, don't be surprised if the next generation of women rival the Amazons of yore for leadership and strength. If what we want is to make women stronger and men weaker, we're getting closer to it every day, to hear the girls talk.

Many young people never think of going to their parents with problems. In a booklet entitled "How to Solve Your Problems," Robert Seashore and A. C. VanDusen of the

With doctors' certificates in hand, parents and children line up at a dairy plant in Washington to get emergency quotas of milk that is being rationed because of the dairy workers' strike. A quart a day for each child is the established quota in the national capital. (AP Wirephoto).

Psychology Department of Northwestern University suggest that often young people feel their parents won't understand or be sympathetic. Most parents, they assure, are eager to have you come to them with problems. By talking this over, you might find the difficulty cleared up sooner than you'd hoped.

Other persons who can help are school counselors, teachers, clergymen, family doctors and sympathetic adults.

Sometimes you can solve a problem yourself by thinking it out clearly, suggests the booklet.

If, for instance, you need a part-time work experience in order to find out more about the job fields in which you are interested, list the obstacles that stand in the way of your solving the problem. Then list your assets, possible solutions to the problem, and the result of the solutions.

Choose the solution that is best for you (not for your best friend).

Keep in mind that the school placement office always is a good bet and that a job with father would be a good idea for experience.

MCCORMICK HOUSE SOLD
Chicago—(P)—One of Chicago's best known mansions are passing out of the hands of the families that built them. The latest is the 42 room residence of the late Cyrus H. McCormick, son of the man who developed the reaper. It was sold to the Batman school.

Season Is Open For Hurricanes

Miami, Fla., June 15—(AP)—The hurricane season opened officially today.

All that means at present is that a special teletype hookup will link 27 cities along the Atlantic and Gulf coasts to coordinate weather reports. Miami and 11 other Florida cities will be tied into the Weather Bureau's hurricane warning system.

Few hurricanes occur in June and July, said Chief Forecaster Grady Norton of the Hurricane Warning Service.

"The percentage for June is very small, and July is about the same," he said.

"Of all the hurricanes which have reached Florida in the past 64 years," Norton said, "nine per cent came in June and eight per cent in July. August had 15 per cent, September 31, October 33, and November four per cent."

An Army-type radar to pinpoint hurricanes while they are as much as 200 miles away has been added to the hurricane charting equipment in Norton's office here.

It will supplement but not replace hurricane hunting planes that

go out to check on storms. The warning system ends officially at midnight on Nov. 15.

Pupils Awarded Certificates In Art Exhibition

The North Carolina Federation of Women's Clubs in cooperation with the Departments of Art of the Women's College of the University of North Carolina and of the University of North Carolina recently announced that Annette Dunn, 6th grade of Third Street School, Sammy Pollard, 3rd grade of Third Street School, and Charles McBrayer, 1st grade of the Training School, were awarded certificates for outstanding art work in the annual North Carolina School Art Exhibition.

Charles McBrayer's work will be sent to foreign countries for exhibition and educational purposes. Thousands of North Carolina school children's works were submitted and selections were few in comparison to the number submitted.

Twenty-five drawings and paintings done under the supervision of James A. Walker of the city schools were entered by the Woman's Club of Greenville.

Center of the Dutch bulb industry is the sandy, irrigated area between Leiden and Haarlem.

You can haul more loads... more miles...for less... with Chevrolet Trucks

Take time out to talk to some Chevrolet truck users. You'll find it revealing. You'll discover that Chevrolet trucks pay their way by hauling more loads—more miles—for less! And you'll find that this extra measure of value is even more apparent in the new Chevrolet models. Definitely, they're America's first-choice trucks. Heavy-duty units feature a brand-new 105-h.p. Valve-in-Head engine with the power to pull heavy loads and conquer steep grades. They offer new Power-Jet carburetion for smoother, quicker operation. They bring you the fast, safe shifting of Chevrolet's 4-speed Synchro-Mesh transmission. But whatever your hauling requirements, Chevrolet trucks are your best bet. See them in our showroom. You'll agree.

ADVANCE-DESIGN TRUCKS

White Chevrolet Co., Inc.

Greenville, N.C.

PERFORMANCE LEADERS

Here are the most powerful Chevrolet trucks ever built! Two great Valve-in-Head engines—the Thriftmaster 92-h.p. and the new Loadmaster 105-h.p. engine have stepped-up power and performance.

PAYLOAD LEADERS

Low operating and repair costs of Chevrolet trucks are due to finest engineering and rugged construction. Chevrolet trucks let you deliver the goods with real reductions in cost per ton per mile.

POPULARITY LEADERS

For the last full year, Chevrolet trucks have outsold the next two makes combined! That's evidence of the owner satisfaction they have earned—proof that Chevrolet is the nation's most-wanted truck.

PRICE LEADERS

You're money ahead with Chevrolet trucks! Chevrolet's rock-bottom initial cost—outstandingly low cost of operation and upkeep—and high trade-in value, all add up to the lowest price for you.

Parked Truck In Runaway Mishap

A sand truck parked at the Shell Service Station, Fifth and Greene streets, yesterday afternoon, started rolling down hill, collided with a guy wire on a heavy electric transmission line, breaking it, and then hopped the curb and collided with Fire Chief George Gardner's car, parked in the Fire Department's driveway, damaging it. The truck was slightly damaged. Damage to the fire chief's car was estimated at about \$50.

William Wainwright, driver of the truck, who was in the Shell station paying for service, and station attendants and others chased the meandering vehicle to recover it. One man succeeded in getting on the running board to turn the steering wheel and caused the run-away truck to miss striking a high power electric line.

Witnesses to the truck's movement across the street, said Wainwright had his gear in reverse and his emergency brake on. He had failed to set a "kick" on the dashboard of the truck which regulates free-wheeling, it was stated.

Authorities who investigated the accident said very little damage was done and no one was injured. They said Wainwright, driver of the truck, agreed to pay for any damage done.

Telephone and electric lines were not interrupted.

Women Pilots Begin Air Race

Montreal, June 15—(AP)—Women pilots took off from here today in a 1,500 mile plane race to West Palm Beach, Fla.

Pit-t to takeoff in the 1950 powder puff Deri, was Louise Thaden of Roanoke, Va. She was followed down the runway by Ann Shields of Asheville, N. C.

The planes are handicapped according to their speed and power.

Ousted Postmaster Argues Case In Court

Asheville, June 15—(AP)—Carl W. Hunter, who claims he was illegally ousted as postmaster at Alexander, N.C., argued his case before the Fourth U. S. Circuit Court of Appeals today.

Hunter, who was appealing from a decision of the U. S. District Court at Asheville, told the four-judge appeals court he had been deprived of his job through political appointment, in disregard of civil service regulations.

Agree To Study Firing Of Aliens In U.S. Employ

Washington, June 15—State department officials today promised careful study of a recommendation that the agency fire all the aliens it employs abroad and hire Americans instead for security reasons.

The recommendation came from Senator Green (D-RI) and Lodge (R-Mass) who traveled to Europe last month to survey the department's security set-up overseas. They said last month in a report to the senate:

"Aliens are the most likely means of foreign penetration and the effort to penetrate our security abroad is constantly growing."

The low pay the aliens in American employ receive "makes them a prey to bribery and pressure," report added.

Cosmetologists To Meet Here Friday Night

Cosmetologists numbering approximately 100 from all parts of eastern North Carolina are expected to meet here tomorrow night for lectures by beauty experts.

Mrs. Louise McKinney, president of the Eastern North Carolina Cosmetologists Guild, said Murray Zingman, one of the country's leading authorities on beauty culture, will be the principal speaker at the meeting. He will demonstrate and lecture on the latest hair styling and permanent waving.

Also on the program will be Miss Adele Bauman, expert in hair conditioning, and Miss Lackey Anderson, expert on hand care and color make-up.

The meeting will be held at the Greenville armory, and will be open only to beauticians.

File Reports On Political Costs

Raleigh, N. C., June 15—(AP)—Preliminary reports on their runoff campaign spending were submitted by Senatorial candidates Willis Smith and Frank Graham yesterday—the deadline.

In his report to Secretary of State Thad Eure, Smith said he has received contributions of \$1,432.50 and has spent \$1,396.90.

Graham reported contributions of \$1,237 and expenditures of \$1,050.

Colored News

The Civic League met June 13 in the Pythian hall.

Before the reading of the minutes Mr. Norcott, representing Mt. Hermon lodge, presented \$22 to the Civic League for the midget baseball team.

Minutes of last meeting were read by the secretary, J. S. Alexander.

Mr. D. D. Garrett, of the Petitioning committee reported as follows: Petition to the Board of Aldermen regarding swimming pool.—Nothing could be done this year.

Regarding social worker.—No comment.

Regarding Negro police.—Matter referred to proper committee.

Tag Day committee reported all money collected amounted to \$305.50. Samples of suits for midget team were presented to the league for approval.

Mrs. Sally Ann Walker of the Cosmetologist club presented the league a check for \$11.

The League plans to publish a list of all club and personal donations in the near future.

Twenty-five members were present.

Mr. William B. Perkins, 48, died in Lincoln hospital, Durham, N. C., Tuesday, June 13th, after being ill for the past two months. Funeral services will be held in the Chapel of Flanagan and Parker funeral Home Friday, June 16, at 3 p. m.

Surviving are his wife Mrs. Beatrice Perkins, one daughter, Mrs. Callie B. Watson, one sister, Mrs. Liza Johnson, one brother, Mr. Roscoe Perkins, four grandchildren, all of the home. Burial will be in Brown Hill cemetery.

Senators Dream . . .

(Continued from Page 1) through between June 7 and Aug. 6.

Both Democrats and Republicans are . . . that before they quit there must be final action on these matters:

The social security bill; an extension of the peacetime draft act which expires June 24; billions of dollars in appropriations, most of which already have cleared the house; an authorization and later actual funds to carry out the program for helping anti-Communist nations re-arm; and expansion of the government's synthetic rubber and tin smelting programs; and a federal highway aid measure.

The 40 Senate . . .

(Continued from Page One) off in another direction, setting a new precedent.

Maybe here you see . . . "But the senators keep a copy of the rules beside them; plus a copy of the precedents?"

The trouble is: Those precedents never have been gathered together except in Watkins' head and his own typewritten notes.

It has gone back to 1883 in the Congressional Record—the daily Journal of the Senate's doings—and read every page of every day the senate has been in session since

time. It that way because every dispute about a rule was buried between tons of oratory, copies of bills, and the other stuff that gets printed daily in the Journal.

Watkins took full notes on every dispute and now has 10 fat volumes of them in his office. Even so, his records go only from 1883 to 1932. He hopes to bring the precedents up to date.

Then, he expects the senate will have this whole history of precedents printed by the government printer for the use of future senators.
