School-Age Clubs Map Exhibits

County 4-H, FFA And FHA Clubs Share Major Portion In Fair Activities

Boys and girls of the county 4-H, FFA and FHA clubs will share a major portion of the exhibit booths when the Pitt County Fair opens here Monday afternoon.

Since early in the summer all groups of the school-age clubs have been making extensive plans for the projects they will have on display throughout the week.

Four county 4-H clubs will work together in displaying the uses of cotton, beginning with the production and carrying it through to the finished product.

Both the Belvoir and Stokes senior clubs will display the planting and harvesting of the crop and other phases of the growing season. Belvoir boys will exhibit the recommended practices for best cotton production and Stokes will follow that with new methods in controlling the boll weevil and other insects which this year proved highly destructive to the county crop.

Following the boys' exhibits in production, the girls of the senior clubs at Chicod and Bethel will display cotton articles. Chicod girls will exhibit cotton articles of clothing while the Bethel club will enter furnishings made from cotton such as bedspreads, towels, curtains and the like.

One booth in the exhibit hall will be on farm safety, presented by Milton Spain, member of the Belvoir senior club.

The Junior Purebred Swine show is shaping into the best display of pigs the Fair has ever had. Last year it was judged by state judges as the best show outside the State Fair in Raleigh. This year promises to be even better with more prizes offered the winners in each division.

Again this year Drum's Hatchery in Greenville will give a registered Duroc pig to the boy showing the champion pig. It can be won by any member of the Future Farmers of America or 4-H club in the county.

Members of the county farm agents' office yesterday announced any boy could bring his pig for entry without a reservation having been made before entry. There will be plenty of room for each entry this year and all will be housed under the same roof.

A new exhibit this year will be small crafts which promises to be the best one in the hall. Prizes will be offered to the best article made for domestic use in the home, on the outside grounds or on the farm.

The farm agents reminded all members of the three organizations to bring their exhibits to their respective schools Monday morning. They will be taken to the exhibit hall for them and will be registered under their name.

Third Worst

Washington, Sept. 28—(AP)—It now appears that 1950 will be the third worst polio year on record, the Public Health Service said today. The worst are recorded as 1949 and 1916.

There were 2,176 new cases of polio last week, 1 1/2 per cent more than in the preceding week—which, in turn, showed a 2 1/2 per cent increase over the week before.

Furthermore, the Service said, the peak of the disease is occurring later than at any time in the past 30 years except for 1932.

The cumulative total since the disease started its upswing last March is 18,403 cases.

That 38th Parallel

Collapse Of Red Army In South Korea Poses Urgent Question Of Whether United Nations Forces Will Go North; Delicacy Of Situation In Global Affairs

By DeWITT MacKENZIE

The toughest question which the United Nations faces is whether its military forces shall be sent across the 38th parallel from South Korea.

The problem not only is tough but it is urgent. The fate of the North Korean army already is sealed and with its complete collapse must come a quick decision about crossing that imaginary line which looms more realistically than the Great Wall of China.

But why cross the 38th parallel at all? Well, because the U.N. envisages the establishment of a free and united Korea, and that can be achieved only under supervision of the peace organization. A military halt at the border might defeat this plan by leaving Korea a country divided against itself.

The delicacy of the situation lies in the fact that Korea is of great importance strategically. It not only touches Communist China but also adjoins Soviet territory close to Russia's great naval port of Vladivostok.

So naturally both Moscow and Peking are watching Korean developments with a weather eye. Probably they are asking themselves if America has any ulterior objectives

in view—whether, for instance, she is maneuvering into position for a move against the Soviet.

Of course the United States has disavowed any territorial or permanent military interest in Korea, and has made clear that she has no military designs against Russia. In addition American officials in Washington are figuring that if the U.N. decides to order troops into Northern Korea, there are now plenty available without using American forces. This idea of not using U.S. soldiers is, of course, premised on the assumption that neither Russia nor China will move armies into Northern Korea.

While this hush-hush question of crossing the 38th parallel still hangs fire in the U.N., the peace organization is going ahead with plans for Korean peace and rehabilitation. Great Britain is taking the lead in this and has drafted a program which includes the establishment of an independent and united Korea, with a democratic government elected under U.N. supervision.

This program also calls for the establishment of a strong U.N. com-

Where Mop-Up Fighting Is Raging In Seoul

Black arrows on this map locate the three prongs of the Allied assault that has liberated the city of Seoul, capital of South Korea. American and South Korean Marines and army infantrymen are now engaged in fiery mop-up fighting with about 5,000 Reds still inside the city. Thousands of North Korean troops fled to the northeast. Allied forces were reported near the governor's palace and between the French consulate and the U. S. embassy. The map also locates other strategic points in the recaptured city. (AP Wire-photo Map).

AMA Data Shows Greenville Lacks Enough Doctors

(Special to the Reflector)

New York, Sept. 28—In line with an acute shortage of physicians reported in various sections of the United States, such a deficiency exists in Greenville at present, according to data gathered by the American Medical Association. Furthermore, the measures recently taken by Congress allowing the drafting of doctors may add to the local situation.

Greenville has a total of 21 physicians with local offices or residences, equivalent to one doctor for every 876 people. This compares unfavorably with conditions throughout the country generally where there are 201-278 doctors, or one for every 750 persons. However, in the State of North Carolina as a whole there is one doctor per 1,175 inhabitants.

The growth in the medical population in the past 20 years is pointed out by Dr. George Lull, secretary of the AMA. In 1930 the nation had 134,500 doctors serving a total of 122,775,000 people, or one for every 793 persons. Since then there has been a slow but steady increase, with most of the new practitioners flocking to the larger centers.

What the country needs, according to the Federal Security Agency, is a net addition of 30,000 doctors in the next ten years. To produce that number would be a \$321,000,000 project, it states.

As a long range goal, to properly serve the medical needs of the country, there should be a doctor for every 585 people, holds the FSA.

To suit that condition, now with its present population, Greenville would have to have a total of 31 doctors, or 10 more than at present.

IN FAIR CONDITION

Asheville, N.C., Sept. 28—(AP)—Gen. Robert E. Eichelberger continues in a fair condition at Memorial Mission Hospital, it was reported today.

Husband Held In Brutal Slaying Of Young Wife

Icepick, Hammer And Glass Bottle Are Weapons Of Death; Man Held Without Bail; Inquest Set For Monday

By CHESTER WALSH Greenville police are holding without privilege of bail John Frank Green, 21-year-old Negro tobacco factory worker, on the charge of murder in connection with the "hammer, glass bottle and icpick" slaying last night of his 17-year-old wife, Victoria Hardy Green.

Pitt County Coroner Griffin H. Rouse said Green and his wife were estranged. Green went to her mother's home, Mrs. Victoria Hardy, near the courthouse, where his wife was staying. The coroner quoted persons in the house as saying that the first inkling of the impending tragedy came when they heard the young woman scream, "Don't kill me!" Mrs. Victoria Hardy, the victim's mother, and Mrs. Susie Barnes,

her grandmother, were in the room, police stated.

The coroner and a physician said the victim had one hole through her skull behind the right ear; three holes in the scalp behind the right ear; five holes in the right side of the neck; four cuts in front of the right ear and one cut on the right cheek.

Police Chief Guy D. Langston said there were 19 icpick wounds on the victim's back, one on the right arm and three on the upper part of her chest. She died shortly afterwards at Pitt General hospital.

Detective Lieut. M. E. Corbett and Identification Specialist S. Bowen Dorsey, who investigated the killing, quoted Greene as saying that his wife and two small children were staying with her mother; that he had had an argument with his mother-in-law about not supporting his wife and children while they were staying at her home.

The officers quoted Green as saying, "I must have been crazy when they arrested me. I was sober when they arrested me and I was on the premises shortly after the killing."

Coroner Rouse will hold an inquest at the City Hall next Monday night at 7:30.

Bonner Expects Successful Rally

Promise 'Best' Rally District Democrats Have Staged

The political rally to be held here for all Democrats of the First Congressional District is headed for the most success of any shindig of its kind ever to be held in the District.

So said Congressman Herbert Bonner, district representative to the House, as he conferred with county Democratic leaders yesterday.

Bonner stated the event on October 18 will be the "best rally the Democrats of the District have ever had."

The biennial rally, which is held in one or the other counties of the District, will be staged at the courthouse in the afternoon. Guests of Bonner and other Democratic leaders will be State Democratic Chairman Everett Jordan and Governor Kerr Scott. Jordan will preside over the meeting.

County chairman John G. Clark stated this morning he had not been able to confer with Jordan concerning a specific time for the rally. However, he expects to announce that either later today or

Third Pitt Man Killed In Action

Pitt County's third death casualty of the Korean war was announced this morning by the Department of Defense with the announcement that a Farmville soldier had been killed in action.

The soldier, Private Barnabas Joyner, age 25, Negro, of Route 1, Farmville, was attached to the 25th Division.

He was the son of Mrs. Lee B. Joyner, of Joyner's Cross Roads. Joyner attended the Farmville city schools until the ninth grade, when he left school and later entered the Army prior to the closing of the second world war. After serving his first hitch in the Army he re-enlisted and was attached to the 25th Division. He was sent to Korea at the outbreak of the war over there.

Previously, two other Pitt Countians had been reported as killed in action with several others reported

Battle's End

Seoul, Korea, Sept. 28—(AP)—The battle for Seoul has ended.

Col. Lewis (Chester) Fuller of Salsuda, Va., commanding the First U.S. Marine Regiment, fixed the hour of final Allied victory in this capital at 6 p.m. Wednesday.

That was the time, he said, when the last Korean Red pulled back north and east, giving the Americans complete mastery of every part of Seoul.

post; in terms of prestige, he got the best. Traditionally the assignment to the Court of St. James had often been a prize political plum.

His selection fits a pattern noted in other recent personnel changes. Louis Johnson, whom Mr. Truman let out two weeks ago as secretary of defense, was one of the President's most industrious backers in the 1948 election campaign. Many insiders credit him with raising the funds to fuel the drive which produced the Truman victory.

Now Johnson is completely out of the administration—replaced by Gen. George C. Marshall, who has said he spent so many years as a soldier that he never developed any personal politics. When he served formerly as secretary of state, Marshall ran a strictly bipartisan shop and kept rigidly clear of political involvements.

Mr. Truman telephoned Lovett at his home at Lucust Valley, N.Y., offered him the appointment and got prompt acceptance.

It had been expected from the time Mr. Truman named General Marshall as defense secretary, after the resignation of Louis A. Johnson, that Marshall would call upon Lovett to serve under him.

Since Congress is not in session, Lovett will be given a recess appointment. The appointment later will be subject to Senate confirmation.

Robert Lovett Chosen As Deputy For Marshall

Washington, Sept. 28—(AP)—Former Undersecretary of State Robert A. Lovett was picked up by President Truman today to be deputy secretary of defense.

He succeeds Stephen T. Early, who is leaving the defense post Saturday to return to private business. Lovett is a close friend of Secretary of Defense Marshall, under whom he served as undersecretary of state. He is now in the investment banking business in New York with Brown Brothers, Harriman and Co.

Walker Says Red Invaders No Longer Exist As Army

Asks Truman To Take Action On Price Situation

Senator Sees No Improvement In Prospect; Urges Control Machinery

Washington, Sept. 28—(AP)—Senator Ives (R-NY) declared today the price situation is getting out of hand and he called on President Truman to set up control machinery speedily.

"I hate to see price control come," Ives said, "but I think it must if there has been no marked improvement in the present picture by the first of the year. And no appreciable improvement appears likely."

Ives told a reporter he figures it will take the government until at least Jan. 1 to organize a price control agency which could operate on a big scale.

A report from the Federal Reserve board, meanwhile, made it plain that the nation's current standard of living is due for a lowering.

The report pointed to the heart of the growing economic problem with a showing that:

1 Although barely beginning to feel the impact of expanded defense orders, the nation's industrial machinery is pouring out goods and materials at a rate not far from that achieved at the height of the second World War.

2 Even so, it hasn't managed to keep up with soaring business and consumer demand, much less fill that demand with a left-over capacity for defense goods production.

Already, the excess of demand over supply has produced "additional sharp rises in prices," the board said.

Its report implied that satisfying defense needs still to come will mean reducing civilian supplies available regardless of prices.

One hint of possible future effects of the nation's mobilization on consumers came yesterday when the interior department set up a Minerals and Energy Administration (N.E.A.) with power to parcel out supplies of coal, gas, oil, electric power and raw materials for defense.

With that action came word that curbs may shortly be imposed on the octane ratings of automobile gasoline and even commercial aviation fuel.

The department has said there is plenty of auto gasoline and that rationing is definitely not in prospect. But officials said there may shortly be restrictions on the amount of alkylate so as to preserve supplies for high grade military aviation fuel.

Alkylate is the ingredient which boosts the octane rating and efficiency of gasoline. Its cutback in auto gasoline might bring some reduction in engine performance.

Fewer Privately Owned Aircraft

Charlotte, N. C., Sept. 27—(AP)—The The Civil Aeronautics Administration said today that civilian aircraft in North Carolina have decreased by 44 since last year.

The CAA offered no explanation for the decrease. The state now has 1,702 privately owned planes.

State Officials Begin 'Sweating Out' Budget

Advisory Budget Commission Hearings Over, Scott And Body Now Must Decide Where Requests Must Be Cut

Raleigh, Sept. 28—(AP)—State officials began sweating today over a problem that faces every home-how to make out the budget.

With advisory budget commission hearings over, Governor Scott and the six members of the commission now have to decide just how much they will recommend that the legislature appropriate to the various state agencies and institutions for their operations during the next two fiscal years.

If all the requests were met, it would cost taxpayers a whopping \$349,460,487 to run the state government for the 1951-53 biennium. This is \$65,000,000 more than the current two-year budget of about \$284,000,000 a year.

Most of the huge total requested was made by the State Board of Education. To operate Tar Heel schools the way it wants to, the education board is asking for \$211,003,347 for the two-year period.

State school spending for the current biennium will total about \$177,000,000.

Scott and members of the commission went into executive session today over the biggest items in the permanent improvement requests are \$6,414,942 for the medical care commission to continue a local hospital building program and \$3,996,264 for cultural arts center. The state has appropriated \$125,000,000 in the last two years for permanent improvements.

Items in the permanent improvement requests are \$6,414,942 for the medical care commission to continue a local hospital building program and \$3,996,264 for cultural arts center. The state has appropriated \$125,000,000 in the last two years for permanent improvements.

Besides the big budget requests, the huddled officials must resolve an allied problem. How to meet permanent improvement requests totaling \$45,960,894? Will a bond issue be needed to meet the permanent-improvements request, even if it is sliced substantially? or would unexpectedly large surpluses accumulating this year and in the following biennium be large enough to meet the permanent improvements program?

Decisions made by the commission as a result of today's discussions will not be revealed until budget bills are handed to the General Assembly for action in January.

Budget requests for the upcoming biennium break down this way: \$172,292,462 the first year and \$171,168,025 the second year.

The requests submitted to the advisory commission call for increases of about \$3,000,000 a year for executive and administrative departments, \$4,000,000 a year for charitable and correctional institutions, \$5,000,000 a year for educational institutions, \$1,000,000 for state aid and \$16,000,000 for public works.

Items in the permanent improvement requests are \$6,414,942 for the medical care commission to continue a local hospital building program and \$3,996,264 for cultural arts center. The state has appropriated \$125,000,000 in the last two years for permanent improvements.

Members of the Utilities Commission yesterday morning met with a smoke abatement engineer to continue study of what to do about that smoke from the steam plant stacks.

The engineer, H. B. Lammers, representing the Coal Producers Committee of Cincinnati, A. advised the Commission to wait until he could consider the problem and draw up plans and recommendations.

Lammers is the smoke specialist brought to this area by a peoples committee in Kinston to study the smoke problem there.

New High Set On Greenville Mart

A new high was hit on the Greenville tobacco market yesterday as the average for the day's sale soared to \$58.08 per hundred pounds.

It was the highest daily average recorded on the market during this record-breaking season; and it came on the first day of sales following the week-long holiday. The market yesterday sold 1,347,502 pounds of tobacco and paid \$783,724.08.

W. L. Whedbee, sales supervisor for the Greenville market, said this afternoon, "Today's prices have strengthened on every single grade. We have a full sale today, and we are expecting full sales Friday and Monday."

The previous high average for a single day on the Greenville market this season came on August 31 when the market averaged \$57.13 per hundred. The average yesterday was 95 cents per hundred over the August 31 average.

Ready To Assist Latin Americans

Washington, Sept. 28—(AP)—The United States today advised Latin American countries that it is prepared to put up \$12,000,000 for cooperative technical assistance programs in the Western Hemisphere.

Edward G. Miller Jr., assistant secretary of state, and Capus Wainick, administrator for the point four program, made the announcement to a meeting of the Inter-American Economic and Social Council at the Pan American Union.

Plan Establish Morale Centers

New York, Sept. 28—(AP)—Associated services for the Armed Forces announced today that it will establish 13 additional centers within the next month.

The centers are designed to meet the moral needs of servicemen and servicewomen in communities near large military and naval installations.

Eighth Army Commander Claims Foo Reduced To Cut-Up Pockets Of Dwindling Resistance, Headlong Retreat; Awaits Order On 38th Parallel

Tokyo, Sept. 28—(AP)—The Red invader army as a whole has been defeated, the allied command in Korea said today, and is reduced to cut-up pockets of dwindling resistance and headlong retreat.

This was the appraisal of Lt. Gen. Walton H. Walker, U.S. Eighth Army commander, as the allied armored vanguard tightened in and around Seoul, the capital.

American forces to the south recaptured three more cities—Taejon, Namwon and Hadong.

"The North Korean army is in complete rout and no longer exists as an organized force," Walker told war correspondents at his headquarters in Korea.

He said all Red troops south of the Pusan-Taejon-Seoul highway, captured three more cities—Taejon, Namwon and Hadong.

Safeguards From Reds

Many Protective Measures In Anti-Communist Law Will Be Ineffective For Years, But Government Has Other Means Of Protection Against Communist Infiltration

By JAMES MARLOW

Washington, Sept. 28—(AP)—Although it may take several years for some parts of the new anti-Communist law to work, the government still has protection against Communists.

For example, one part of the new law makes it a crime for a Communist or member of a Communist front (even though the latter was an innocent dupe) to hold a government job.

But even though the law went into effect Saturday, Sept. 23, it isn't a crime for either of them to hold a government job now.

And it would be three or four years before there may be a long court fight and, until the question is finally settled, it won't be a crime. In the meantime the government has its own program for keeping them out of government jobs: the loyalty program.

Under that program, it is not a crime for a Communist or Communist front to hold a government job.

But the purpose of it is to root out Communists or sympathizers in the government and fire them.

And a number of them have been ousted. But, since it is still not yet a crime for a Communist to work in the government, none of those fired has been jailed.

Then there's the problem of keeping Communists out of defense plants. The new law says it's a crime for a Communist to work in a defense plant.

Still, that's not a crime now and won't be, perhaps for several years, until this whole question has been settled in court.

Nevertheless, the government, through the FBI, can check on people working in any plant doing important work for the government. And this has been done.

The new law says, further, whenever the secretary of defense wants to, he can post a notice that a Communist must stay out of such and such a plant, under penalty of going to jail.

(This law won't go into effect until the whole point has been settled in court.)

But, the law says, when the secretary posts such a notice, he must make the fact public. There's been some concern, expressed by the

Miss Kittrell Guest Of Honor At Luncheon

Mrs. S. M. Crisp and Miss Mary Rose Crisp were hostesses at an informal luncheon on Tuesday at their home on Fifth street as a compliment to Miss Frances Kittrell, who will be married to Mr. John Checkley Fritchman on October 7.

The home was attractively decorated with arrangements of fall flowers. Red dahlias, spider lilies and chrysanthemums were used in vases in the entrance hall and living rooms.

In the dining room a golden color pattern was carried out in floral decorations of bronze chrysanthemums. An ecru lace cloth covered each place.

A three course luncheon was served by the hostesses. The guest of honor was presented with a corsage of a single golden mum upon her arrival and was remembered with a gift of silver.

Mrs. L. A. Nowell, the mother of Mrs. Crisp, was an out of town guest at the luncheon.

Dessert Bridge For Brides Elect

Miss Frances Kittrell and Miss Dorothy Ormond were guests of honor at a dessert bridge when Mrs. W. J. Bundy and Mrs. John A. Harper, Jr., graciously entertained on Tuesday night.

The honorees and their mothers, Mrs. J. B. Kittrell and Mrs. Lyman Ormond, greeted the guests at the door with the hostesses. The brides-elect were given white corsages when they arrived.

The home on Eastern Street was lovely throughout with flower arrangements in pastel pink and white. In the living room a low bowl holding pink gladioli, white asters, and maidenhair fern was placed on the piano. Individual card tables set for the dessert course were covered with white linen cloths and were centered with single silver candlesticks holding pink candles.

The dining table was attractive with crystal appointments. A cut glass bowl containing bluish pink glass and ageratum was flanked on either side with three-branched candelabra in which pink tapers were burning. A side buffet was graced with a similar arrangement.

The guests were served an ice course with coffee upon their arrival. Assisting the hostesses were Misses Dolly Best and Ann Hamric.

At the conclusion of the bridge game, Mrs. Clara Moyer Shackell was given an assortment of jellies as holder of high score, and Miss Joyce Corbette received cologne as a low score prize.

Miss Kittrell and Miss Ormond were remembered with gifts of silver by the hostesses.

SOCIAL CALENDAR

THURSDAY
4:00 p. m. - 5:30 p. m.—Mrs. W. E. Hooker and Mrs. David W. Hardee, Jr. will be hostesses at tea honoring Miss Dot Suggs Ormond and Miss Frances Kittrell, brides-elect.

8:00 p. m.—Bridal and canasta tournament at Woman's club sponsored by Junior Woman's club.

8:00 p. m.—V. F. W. Auxiliary meets at the club house. Mrs. Mary Stubbs, district president, guest speaker.

FRIDAY
11:00 a. m.—Mrs. C. H. Edwards, Jr., and Mrs. Claude Gaskins entertain at a coffee hour at the home of Mrs. Gaskins to honor Miss Dot Ormond.

1:00 p. m.—Mrs. B. B. Suggs, Sr., will entertain at a luncheon at her home in honor of Miss Frances Kittrell.

3:30 p. m.—Fashion show and tea at Country Club sponsored by Service League.

6:30 p. m.—Kiwanis Club.
6:30 p. m.—Exchange Club.
6:30 p. m.—District Christian Youth Fellowship meeting in the Christian church at Ayden.

SATURDAY
1:00 p. m.—Miss Sarah Kirkpatrick entertains at a luncheon at the Woman's Club to compliment Mrs. Louis Collier, recent bride.

1:00 p. m.—Mrs. Tim Payne and Mrs. Evelyn Glenn will entertain Saturday at the Washington Country Club at a luncheon complimenting Miss Frances Kittrell.

4:00 - 5:30 p. m.—Mrs. J. H. Rose is entertaining at a tea in honor of Misses Dot Ormond and Frances Kittrell.

Theatre Guild Elects Officers

At a meeting of the Greenville Little Theatre Guild last Tuesday night the following officers were elected to serve for 1950-51: Annie Laurie Askew, president; Mrs. Lindsay Savage, vice president; and Mrs. Ruth Meeks, treasurer. Mrs. Phyllis McGlohon is the new secretary.

A short business session was presided over by the president during which time the Play Reading committee, composed of C. B. West, Carolyn Clapp and Mrs. Mildred West, discussed and reviewed prospective plays for production by the group. Announcement of the Guild's first production will be made in the near future.

Try-outs were held for "The Case of the Absent Husband," a radio play to be given next month during Business Women's Week in cooperation with the BPW club, under the direction of "Kip" West.

Anyone interested in becoming a member of the Theatre Guild is invited to attend. Regular meetings are held the second and fourth Tuesday nights in each month at Sheppard Memorial library at 7:30.

Free Motion Picture Films To Be Lent By Recruiting Office

The local Army recruiting office today announced that a variety of 16 mm. motion picture films have been received by the local office for use by any civilian organization which would like to have them.

The officer said that the pictures are non-military, and may be obtained by contacting the local Army and Air Force station located in the Post Office. At least two weeks' notice should be given the local office in order to book the films and to eliminate any confusion, Sergeant Fare said.

When a club or other organization wants to use the movies, a man will be sent down with movie equipment and the selected films and show them free of charge.

Social and Personal

All items for this page received after 10 A. M. will be published the following day. Dial 3356-9 A. M. to Noon; 1 to 4:30 P. M.

40 Years Ago Today

THE DAILY REFLECTOR
September 28, 1910

Greenville comes along with the best of cotton markets too. The price today was 12 1/4 to 13-8. About twenty bales in one string of wagons on the street this morning made things look lively.

It is getting cooler, but we hope frost is some distance off yet.

Mr. R. L. Humber went to Winston today.

Miss Myrtle Pope of New Bern is visiting Mrs. W. J. Hardee.

Jarvis Tripp, Jr., is recuperating from an illness at Dr. Smith's clinic. Miss Hilda Jacobs of New Bern is visiting Mrs. Luther Bowling.

Mrs. J. S. Barr has returned from a week's visit in Richmond and Blackstone, Virginia. While in Blackstone she was a guest of Mrs. J. E. Lewis.

Birth Announcement
Mr. and Mrs. Clarke Stokes of Sanford announce the birth of a son, Randolph Clarke, Jr., on September 20 at Lee County hospital. Mrs. Stokes is the former Catherine Jolly of this city.

Cub Pack 33
Pack 33 will meet tonight at Eighth Street Christian Church at 7:15. Parents are urged to attend.

Recalled to Air Corps
John C. Gotsinger of Williamston has been recalled to active duty in the Air Corps and has reported to Biloxi, Miss. for reassignment. Mrs. Gotsinger will live with her grandmother, Mrs. S. B. Currin, during his tour of duty.

Degree of Pocahontas
The Degree of Pocahontas held its regular semi-monthly meeting Tuesday night, Sept. 26 in the Red Men Hall.

Cassie Sawyer presided as Pocahontas. Several business items were discussed and approved by the council.

Geneva Webb was appointed to represent the council at a District meeting with the Red Men Tribe to be held in Farmville, October 5, beginning at 2:30 in the afternoon. Barbecue supper will be served at 6:00 p.m. All members of the Degree of Pocahontas are urged to be present at this meeting.

Birthday Club Meets Monday Night
The Birthday Club met Monday night at Respass-James Barbecue House for supper in celebration of the birthday of Jane Mize, new member of the club. The club presented Mrs. Mize with some lovely gifts which she unwrapped while the group was waiting to be served.

After the supper, several of the members visited an absent member, Evelyn Heidenreich. The reason for Mrs. Heidenreich's absence was a very precious one—a three day old daughter.

C. Y. F. District Meeting
There will be a district Christian Youth Fellowship meeting at the Christian church in Ayden Friday, September 29, at 6:30 p. m. Miss Peggy Thomas, new president of the International Christian Youth Fellowship, will be present for this important meeting. All young people of the Pitt County C. Y. F., which includes youth groups of Ayden, Bell Arthur, Farmville, Greenville, Rountree, Timothy and Winterville are cordially invited to attend.

Each person will bring a bag supper and the host church will provide drinks.

Masonic Notice
An Emergent communication of Greenville Lodge No. 284 A. F. & A. M. will be held in the Masonic Temple Friday night at 7:30 for work in the Entered Apprentice degree. All Master Masons are cordially invited.

R. H. HARRELL, Master
A. R. HOUSE, Secretary

Marvin J. Bas (top), an attorney, and William J. Drury (bottom), former police lieutenant, were shot to death in gangster fashion in Chicago Monday night. Bas had been digging up crime syndicate information for a Republican candidate running for election as Cook county sheriff. A representative of the U. S. Senate Crime Committee was trying to arrange a meeting with Drury to get information about Chicago criminals. (AP Wirephoto).

Greer Garson To Become Citizen

Fort Worth, Tex., Sept. 28—(AP) Movie Actress Greer Garson said she wanted to keep her application for American citizenship secret because she didn't want to "fire the cannon before the flag goes up."

"This is the time for filling out forms," she told the Fort Worth Star Telegram by telephone last night from Albuquerque, N. M. "The time to celebrate is when you're admitted to the family."

Trawler Is Saved By Coast Guard

Norfolk, Va., Sept. 28—(AP)—A Coast Guard crew on the patrol craft SCG 83427 out of Southport, N.C., early today saved a trawler sinking off Cape Fear.

The trawler Claudia J. radioed for help when she began filling with water early this morning. Coast Guardsmen found the craft about half full of water, but managed to pump her out enough to tow her into Southport.

Edgecombe Scout District Stages Finance Study

The Edgecombe District of the East Carolina Council, Boy Scouts of America held an Area-Wide Finance-O-Rec under the leadership of District Organization Chairman Pembroke Nash of Tarboro, at the office of the Carolina Telephone Company on September 26.

This was the last of the fourteen District Finance-O-Rees held in the twenty counties of the East Carolina Council. The meeting was a training session for volunteers in each community of the District, who will call on their friends and neighbors to support the Boy Scout program during the coming year. The team captains and workers present represented almost every community in Edgecombe County, plus Farmville and Fountain in Pitt County.

H. Dail Holderness, Tarboro, East Carolina Council, campaign chairman, explained the Council campaign plan, and challenged the group with the opportunity they have to provide scouting to a larger number of neighborhoods in their districts.

Fashion Show On Friday At Country Club

The Greenville Country Club will be the scene of a fashion show and tea sponsored by the Service League

on Friday, September 29, at 3:30 p. m. This will be one of the outstanding social events of the early fall, and admission will be by ticket only. This affair is being held in an effort to raise funds for the Laughinghouse Bed, a major project of the League since February, 1939. This bed is maintained at the hospital for the use of indigents, and it is occupied most of the time. Because it requires substantial funds from

the League all year, several special projects are sponsored during the year by Service League members in efforts to maintain this service to the community.

The narrator for the fashion show will be John Clark, Jr., who will introduce the models and describe the fall fashions presented from the House on Fourth. Style-wise gentlemen as well as ladies will find it interesting to view the newest designs as worn by local models.

Mr. George Perry, member of the music department of East Carolina Teachers College, will provide musical accompaniment for the style show. He will also offer several selections for the pleasure of the audience at intervals during the afternoon.

Following the fashion parade, tea will be served by members of the Service League. Tickets may be purchased from The House on Fourth, from League members, or purchased at the door.

The following ladies will model the clothes: Mesdames Lee Folger, Howard Hodges, Jr., Robert Arthur, James Jenkins, Charles Gaskins, Walter Harrington, M. P. Hoot, Louis Tebeau, M. L. Wright, Betty Pott Young, John Lautares, Buddy Harrington, Lee Hannah, Sidney Dunn, Jr., C. H. Edwards, Jr., J. T. Cheatham, Misses Lillian Wooten, Muriel Shotwell, Dot Suggs Ormond, Carolyn Rowlette, Carolyn Clark, Sue Lassiter, Mary Ann Waldrop, Virginia King Perkins, Catherine Clark, Helen Terry Flanagan, Mary Rose Crisp, Mary Leah Thorne of Farmville and Katherine Ives of New Bern.

Engagement Announced

Miss Hilda Hatton Johnston is the daughter of Mr. and Mrs. Joseph S. Johnston of Greenville, who announce her engagement to James Earl Buck, son of Mr. and Mrs. Floyd M. Buck of Grimesland. The wedding will take place in November.

BPW District Meet Held In Beaufort

The district meeting of the B. & P. W. clubs was held September 24 at Beaufort, N. C., with the Cartaret county clubs as hostesses at luncheon to the delegates.

Mrs. Harmon Hardy, district chairman, presided over the business meeting, which followed the luncheon. Reports were given by district officers and official delegates of the individual clubs. Mrs. Ruel Tyson, president of the local club, reported on its activities of the past year.

Mrs. Thornton Meeks, who is the district international relations chairman, outlined program plans for the year and conducted a round table discussion on problems concerning international relations.

Mrs. Chester Walsh, assistant recording secretary for the state organization, brought greetings from the State Federation. An announcement was made of the spring district meeting, which will be held in Warsaw with the Duplin county club acting as hostesses.

Those from Greenville who attended the meeting were Mesdames Thornton Meeks, Ruel Tyson, Chester Walsh, Floyd Hendrix, Cora Powell, Ruth Peterson, F. A. Jordan, Dave Proctor, Misses Grace Outland, Bertha Sutton, Lucille Rice, and Ruth Williamson.

Mrs. Phillips Hostess To Semi-Centi Club

The home of Mrs. Floyd Phillips was the meeting place for the Semi-Centi Book club on Tuesday, September 26.

The new books for the year were distributed among the members. The entire listing of books will make interesting reading for everyone and there are books to please every individual according to her taste. After the business discussions, Mrs. Ike Straughn turned the program over to Mrs. Mackie Frye.

The club is fortunate to have such an eloquent speaker in its own membership. Mrs. Frye gave a very interesting discussion on the life of Fritz Kreisler, who is not only one of the world's greatest violinists, but also a great humanitarian. Her review of his life began when he was six years old with a small violin and a vast love and talent for music. She carried it through the years filled with indecision, hardships, and success until the present time when he has decided to leave the stage to younger musicians.

After the program refreshments were served and the meeting adjourned.

Farmville News

Mrs. Irene Case spent Sunday with her daughter, Mrs. Jack Yelverton and attended service at the Presbyterian Church.

Mr. and Mrs. Josh Dixon spent the week end with their daughter, Mrs. Ernest Cartwright in Elizabeth City.

Mr. and Mrs. James Askew spent the week end in Washington, D.C. with Mr. and Mrs. Perry Chadwick. Mr. and Mrs. John Eason and children were Washington, D. C. visitors during the week end.

Master James Lloyd Chadwick who has been spending three weeks with his grandfather James Askew, has returned to his home in Washington, D. C.

The first football of the season was played last Friday night. The high school band furnished music during the entire session.

Bob Barrett of Camp Lejeune spent the weekend with his family here.

Mr. and Mrs. Russell Carraway and daughter Jennie Rae visited Mr. and Mrs. Dalton Hollomon Sunday afternoon.

build for the future. Evidently the old fashioned truant officer still has a place in society. His authority should not be limited to surveillance of school children alone; parents are also to blame for the failure of their children who are inexcusably absent from school rooms. The failure of these parents is largely responsible for future defeats and frustrations of their children, and contributes to a poverty of the mind which we can well do without.

The record shows too many young North Carolinians cannot pass a mental examination which the Army's educational experts say is suited for the young man who has completed six years of schooling. Something must be done about this disgraceful showing, no matter how drastic the required measures must be.

Once Again, Man Is Mankind's Worst Enemy

Unless and until one has seen a great city smashed into rubble, it is impossible to appreciate the tragedy of Seoul.

In such fighting, great buildings are gutted and crumbled; the very streets are ripped up. The little homes, those that escaped the searing fires, are pocked with bullet holes and their open doors look sightlessly out on a scene of desolation.

The pity, horror and futility of war is never more apparent than in such destruction.

Mankind destroys lives, sacrifices wastefully the product of centuries; incurs poverty, famine and disease; expends the wealth of nations in a mad frenzy.

In our eyes, the fight for Seoul was a bitter necessity, brought about by the death struggle of an enemy.

At the same time, the march of history seems to prove that mankind's greatest enemy is man.

National Whirligig

News Behind The News

WASHINGTON, Sept. 28—Although Harry S. Truman will not campaign actively in the forthcoming off-year elections, he has taken complete charge of selecting a Democratic Congress with insistent instructions that the party's candidates make his foreign policy their major issue.

Irked by several prominent Democratic Senators' action in recalling the party's domestic accomplishments under Franklin D. Roosevelt, whom they mentioned more frequently than his successor from Missouri, he angrily reminded a conference of Congressional and headquarters strategists that "it is the Truman record you are running on, not Roosevelt's."

He demanded that they take the offensive against their Republican opponents instead of defending or apologizing for Yalta and Potsdam, and the ensuing Truman-Acheson foreign program in the Orient. As Harriman's attack on Senator Taft demonstrated, he ordered his publicists, propagandists and political machine to brand the GOP as "isolationist," whose recent attitude, in his opinion, duplicates their reluctance to rearm in pre-World War II days.

DIVIDE—Mr. Truman feels confident that this strategy will weaken and divide the enemy as did the Willie and Dewey campaigns in 1940, 1944 and 1948. In those years, he figures, many internationally minded Republicans and independent voters preferred to place their trust in F.D.R.'s knowledge of foreign problems than in his opponents'. They deserted their historic political allegiances in the shadow of a darkening world.

The President believes that his foreign policy, like F.D.R.'s has a greater appeal to big business, industry and corporate interests in general than the GOP's. They have been the principal beneficiaries from purchases under the Marshall Plan, and they will profit from the \$30,000,000,000 rearmament budget envisaged for an indefinite number of years. Proof is that they are contributing more generously in the form of political money to Democratic National Chairman William M. Boyle Jr. than they are to his opposite, Guy Gabrielson.

REFORMS—Mr. Truman and National Chairman Boyle are sure they can hold Congress with this kind of divide-and-rule tactics. Here is the basis of their reasoning:

They count on strong support from their ancient allies, which includes organized labor, farm beneficiaries of agricultural subsidies, racial and liberal blocs. Despite the Truman failure to force enactment of any of his major "fair deal" pledges—repeal of the Taft-Hartley Act, passage of an FEPC law, adoption of the Brannan Plan and a start toward National Health Insurance—they will still promise to obtain these "reforms" if and when the world crisis ends.

SMEARIEST—Thus, if they can split the opposition with international pledges, and retain the support of these different domestic blocs, they figure they will squeeze through in November by a narrow margin. At a minimum, they expect to control the House and Senate by nominal majorities as a psychological booster for Truman's reelection in 1952.

There will be one other result from the kind of strategy and tactics which the Truman-Boyle forces have planned. It will be one of the dirtiest, meanest and bitterest campaigns in recent political history, with no prospect of national unity, no matter how it eventuates.

LETTER—"Another letter the President should not have written" is the caption which editors of the "Congressional Record" placed over a communication from the White House to Representative Walter Norblad of Oregon.

Mr. Norblad began the correspondence by asking whether the President favored the Interior Department's fantastic scheme to irrigate Southern California with water hauled from the Columbia River in the North Pacific region, almost 1,000 miles distant. He asked whether the White House had first ascertained the economic and engineering feasibility of the project.

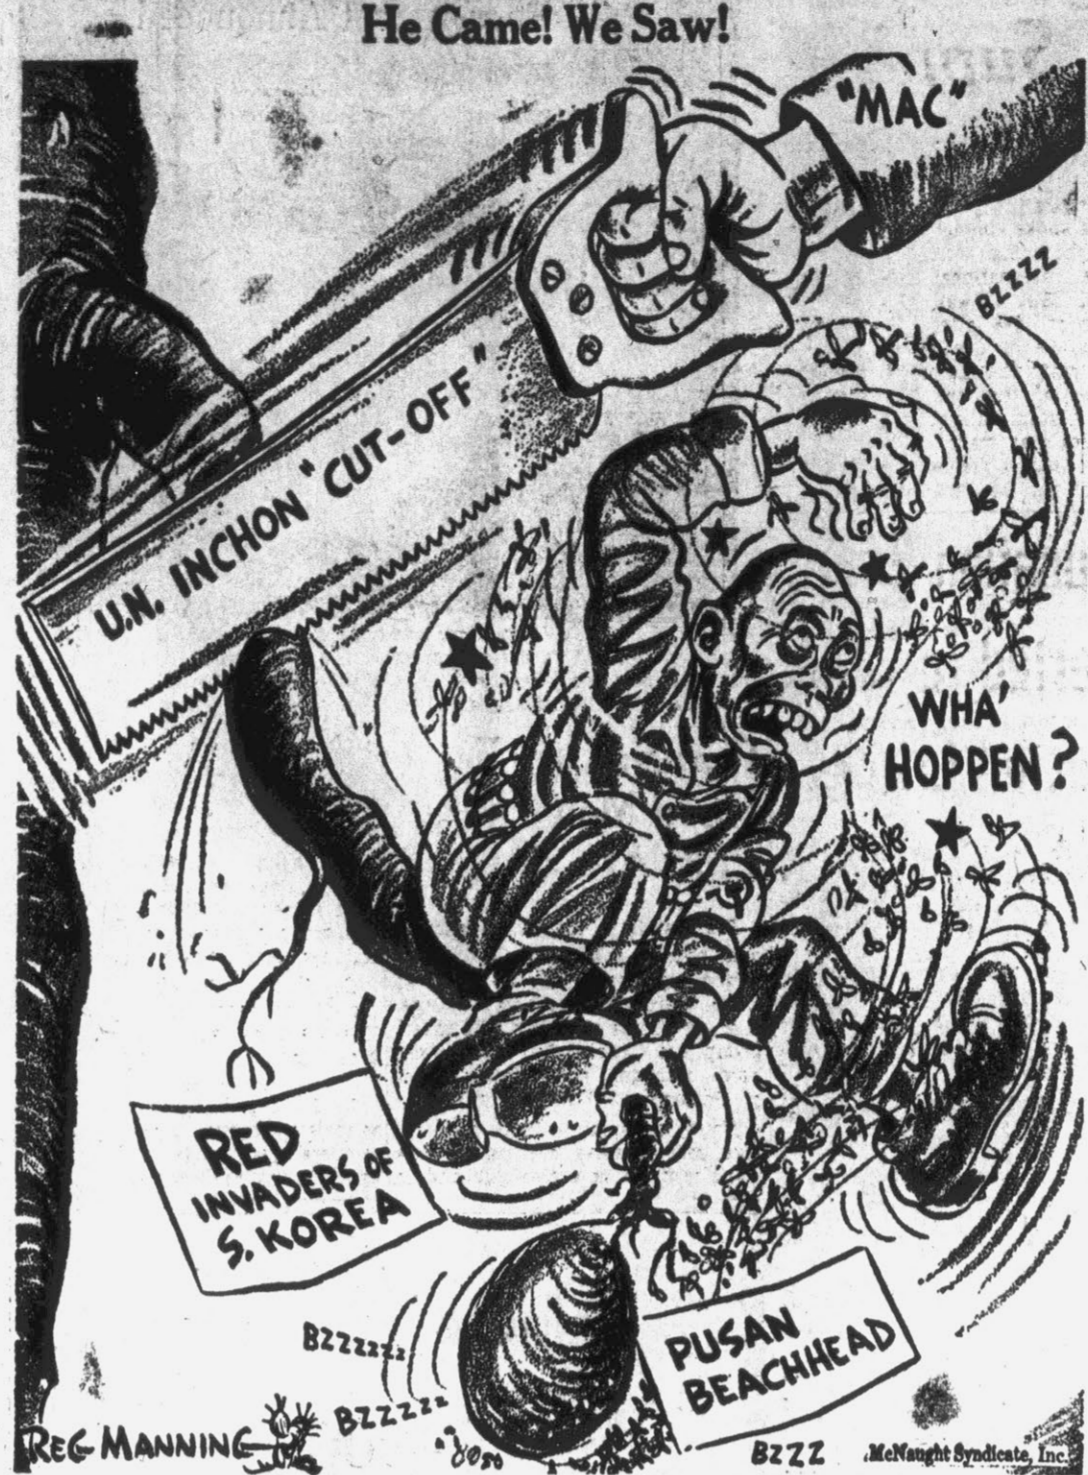

Mr. Norblad made several other acidic points. He noted that Democratic and Republican members from California opposed the idea. He estimated the cost at from five to ten billion dollars. He also pointed out that the proposed pipeline would have to surmount heights of 5,000 feet.

SALTY—Whoever wrote the reply for President Truman will probably be fired without any publicity. For Mr. Truman explained that it was not proposed to take the water from far up the Columbia River, thus depriving Oregon and Washington of water they may need for their own power and irrigation purposes.

The President pointed out that the water would be siphoned off "at the point where it flows into the Pacific Ocean," that there were 140,000,000 acre-feet available from this point, and that the drain would not deprive the two northern states of irrigation or power resources.

Unfortunately, as Mr. Norblad replied, the water which Mr. Truman plans to ship to California from "where it flows into the Pacific Ocean" is so salty that it could not be used for any purpose hydroelectric or agricultural. It would kill crops and ruin turbines. In fact the high tides carry salt as far as 300 miles up the Columbia River.

So far Mr. Truman has not even acknowledged the second Norblad letter or apologized.

Somebody Told Me

By I. J. (Jack) EDWARDS, JR.

The war in Korea looks good for us, but even its abrupt end probably wouldn't effect the plan for increasing America's military strength. Most of the Greenville men I know in the draft age group have accepted the fact that they will have to go, regardless of the trends of the war.

The men in the reserves have also become resigned to their chances of being called, but it's harder for them to take. At the end of W.W. II a man who was sworn into the reserves was saying, "Uncle Sam, if you need me, I'll be ready, no matter how long I served, how much I fought, or how many children I have to leave." Quite often, a man in the reserves has more to stay home for than a person in the draft age.

Such was the case with Vaught Mast of Boone, N.C. Vaught is the brother-in-law of Martha Ross of Greenville, and Martha told me the other day that he had been recalled to the Navy. He's 42, married, and the father of two children. A week after Vaught was called he was en route to Japan, and wrote his wife (Martha's sister) when he landed 35 miles south of Tokyo.

Excerpts from his letter: "This time the government is taking income tax out of my pay. Things don't look too bright over here. There is too much troop movement and activity, like it was the other time. No doubt there will be a big invasion before too long. (How right he was). But I doubt if that will end things. I don't know how long they'll keep me over here. Some say two years, some say 30 months, but you never know."

"You might as well tell Linda and Barbara (Vaught's two daughters, ages four and seven), where I am and explain everything to them. Linda is old enough to wonder why it's night here when it's day over there. Tell them that the little girls here just have rags to wear and if they have any shoes at all they are wooden paddles."

"All the work here on the base is done by Japs. They serve us at meal time, just like in an American cafe, clean the living quarters, wash our clothes and even shine our shoes. They go about their work in a hurry, on the run. If you tell them to bring more food they trot off with their wooden shoes clacking."

Vaught is gifted with the ability to express himself, and although I don't know him, I'm looking forward to more correspondence from him, through Martha.

And I thank Vaught and Martha.

Around Capitol Square

Daily Reflector Bureau By LYNN NISBET Raleigh, N. C.

USE—The increasing use which citizens of North Carolina are making of services provided by the state government was given emphasis in the department of agriculture's presentation to the advisory budget commission. By means of charts, supported by typed statements and explanations, Commissioner L. Y. Ballentine pointed out how demands upon his agency have grown in two years. Similar stories have been told by other agencies. The only difference in the agricultural presentation and those previously made by health, library, welfare and other services was that the comparison was more easily noticed because of the charts and tables.

EXAMPLIES—More than thirty comparative statements were charted, from which a few examples are taken to show the growth and diversity of the department's work. In 1947-48 the market division inspected 15,063 cars of fruits and vegetables; during the fiscal year of 1949-50 they inspected 24,934 cars. Two years ago the markets division graded 210,000 pounds of dressed poultry; last year 2,098,900 pounds were graded. In 1948 the seed laboratory tested 15,429 samples; in 1950 the tests went up to 25,727. For the year ending June 30, 1948, the soil testing laboratory checked 42,000 samples; for the year ending June 30, 1950, the number was 85,000. For the same periods cattle testing for Bang's disease jumped from 151,014 to 219,276, while tests for tuberculosis in cattle went up 51,636 to 86,276. Paper work increased, too. Last year the department released 495,326 copies of reports, compared with 220,760 copies two years before.

UPWARD—Not only are the aggregate costs of government service going up all the time; there is definite trend on part of all government levels to pass the buck upward. Municipalities want the state to assume a large share of street maintenance; counties want the state to take over obligation for school buildings and original purchase of school buses. Meantime, the state is looking more and more to the federal government to provide the services demanded by the people. When Hiden Ramsey had presented to the budget commission some of the board of education program for larger state aid in building and bus items, Governor Scott asked the same question that had been asked in connection with hospital building and other phases of development: "Is there any chance that the federal government might afford help in these fields?" In almost every instance the answer was to the effect that "we hope so."

What Other Papers Are Thinking

ALREADY CAST (Greensboro Daily News)
 There should be no surprise that State agencies and institutions are asking for higher appropriations for the next biennium. Just where the funds are to be found remains the problem, but found they are going to have to be because the commitment was made, in spirit if not in actuality, two years ago.

What is happening is that additional funds must be forthcoming to put into effect and operation, so it will serve the people of North Carolina, the permanent improvements program for which the 1949 General Assembly voted funds. While all of this program has not been completed, great part of it has and, unless the building situation gets much tighter than it is, completion will occur before or during the biennium for which operating and maintenance funds are now being asked. As an illustration, the state's mental institutions will require more personnel to initiate the program of therapy and staff the new buildings which will enable them to receive more patients on the waiting list. The same goes for the additional beds provided for the tuberculosis sanatoriums, for the medical, dental school and other expansions at the University of North Carolina, for maintenance of the greatly expanded road program which we are executing, et cetera. These huge investments must be protected and utilized in terms of public service and benefits or they cannot be justified. Certainly any failure to follow through should be catalogued as gross inefficiency, shortsightedness and waste. The only way in which physical expansion can be justified is in terms of results for the people of North Carolina. This point was clearly made before the last General Assembly acted; the commitment was made then and the obligation is to meet that commitment.

As the argument already begins over new taxes, increased funds, the Daily News, looking upon North Carolina's material progress and the indicated shape of things to come, is confident that North Carolina has the will, the ability and the resources to do that to which it has set its heart, mind and hand. The die for next year's biennium, in so far as maintenance and operating costs are concerned, was cast two years ago when we decided which way we were going in North Carolina.

Business Today

By ELMER ROESSNER
 Profits ratios on sales have increased for many retailers. Part of the increase is a result of larger sales resulting from the wave of scare buying and firmer demand since then. Many retailers are enjoying a large dollar volume with no increase in rent or wages, hence the cost of making each sale has been less. This automatically increases the profit ratio.

But the biggest gains have been in the sharp reduction of mark-downs, discounts and loss-leaders. With demand as strong as it is, there has been little need to make these price concessions. The gains are almost all profit.

It works this way: Suppose a retailer buys an appliance at \$70 and sells it at \$100. And suppose his expenses run 18.8 per cent of sales. These are reasonable assumptions; they are based on actual operating experiences of appliance stores doing between \$25,000 and \$50,000 a year, as compiled for January to May 1 by the Accounting Corporation of America. Now suppose last May this particular appliance wasn't selling and the retailer offered a 10 per cent discount. There would be a smaller share of his costs charged to a \$60 sale than to a \$100 sale, but in spite of that, his profit would be \$3.08 instead of \$11.20.

But when demand increases so that he doesn't have to offer a discount, his profit ratio and his profits are almost trebled.

There are still occasional discounts, still some end-of-season mark-downs, and, more rarely, a loss leader. But there are not as many as a year ago.

The Controllers Congress of the National Retail Dry Goods Association reported that, among department stores doing more than \$1,000,000 in sales a year, between February 1 and July 31, mark-downs accounted for 6.9 per cent of sales compared with 8.2 per cent in the same 1949 period. Net profits increased to 1.9 per cent from 0.8 per cent in the same period. While the net is regarded as unsatisfactory, it is still more than double the previous net.

In specialty stores, mark-downs were reduced to 7.2 per cent from 9.1 per cent but because total sales were off and expenses up, the net profit actually declined.

These NRDGA figures include only one month, July, and five pre-Korea months, during which there were many mark-downs. Since there have been sharply fewer mark-downs in August and September, current figures probably show much better profit ratios, and that holds true for most retail lines.

SHARE NO CHARITY HELD NO PRICE CUT
 Giving a percentage of a purchase price to charity is not a price cut, a Los Angeles court has ruled.

An appliance dealer offered 13 or 20 per cent of the purchase price of a price-fixed appliance to the buyer's favorite charity and the manufacturer charged this was selling below the fixed price. The court held that as long as the money was actually

paid to the charities, the deal was legal. Dealers should be cautious in being guided by this ruling, since it is subject to review by higher courts and other states may not accept the California precedent.

REFUNDS OFFERED DRAFT PROSPECTS
 Retailers in most parts of the country report that sales of clothing and haberdashery to men of draft age has slowed down. A St. Louis clothier (Well) is offering to refund deposits or purchase price on suits or coats if the buyer enters military service. The offer holds good after alterations are made, but not after a garment is worn.

COMMODITY IMPORTS ALMOST EQUAL EXPORTS
 The United States is an exporter of foodstuffs and its production has helped feed hungry areas of the world. Yet it is quite an importer of food, too. The Department of Agriculture reports that the U. S. in July imported 3,564,000 pounds of cheese, 12,994,000 pounds of canned beef, 1,002,000 gallons of olives, 9,719,000 pounds of barley malt, 4,164,000 pounds of cashew nuts, 337,000 tons of sugar, and 2,358,000 pounds of white potatoes.

Total value of these and other commodity imports in July was \$704,937,000 and the total value of commodity exports in July was \$762,463,000.

NEW AND HOT POPPING
 This home popcorn package containing a 10-ounce can of popcorn and a 4-ounce bottle of popping oil will be introduced in mid-October. (By Embro Popcorn Co., 1020 S. Fourth St., St. Louis 4).

KIT: A toiletries kit is lighter and can stand rough usage because the kit itself and two enclosed bottles and two enclosed containers are made of flexible plastic sheeting. (They are made of Vinylite and Bakelite polyethylene by Simmons Kit Co., 105 W. 40th St., New York 18).

SPRINGLESS: A mattress soon to come on the market has no springs, but 136 resilient plastic air-filled cubes. It was invented by Count H. George Morner, a Swede, and is being made by Susquehanna Mills, Inc., 404 Fourth Ave., New York.

JUICE: After being market tested in Springfield, Mass., Erie, Pa., and Indianapolis, a tomato juice concentrate is being introduced in the Eastern states now and will soon be available nationally (by Birds-Eye Snider, 383 Madison Ave., New York).

GUARDS: Because the asset of a manufacturer (Hickok Mfg. Co., Rochester 1, N.Y.) is bringing out a line of 17 tie guards. Some of the designs are derived from antique ascot tie guards.

BROOM: A 33-inch toy broom, which may also be used by grown-ups to reach difficult saces, has jastic bristles which electronically attract dust. (It is made of Bakelite styrene by Emence Industries, 200 Fifth Ave., New York 10).

Hal Boyle's Column

On the road to Seoul—(AP)—There is a lift of laughter along the front.

For the first time the American soldier can look at the Korean campaign with a real sense of humor.

He has lost his grudge against his country. For long weeks he was dazed by the realization that a land wealthy beyond belief—but a land too weak militarily to quickly settle a peace-threatening war in an obscure and backward oriental nation.

Men and machines now have appeared on the battlefield to end the days of sacrifices and to muscle through to victory.

And that has restored the faith of Army men in the American homeland. Some of them have been overseas so long that subconsciously they had come to think of the United States chiefly as a supply base that had helped them occupy Japan in comfort.

The middle and upper level Army brass, however, is less happy than the average rifle-carrying foot soldier.

The casualty rate, as usual in warfare, has been particularly high among junior officers and non-coms. They are the ones who must generally tell the men to get up and go—and who must then personally lead the privates into battle.

At the combat level the Army feels it has lost, in a small-scale war, too many trained soldiers who ought to be saved for a possible large scale action.

These include the battle experienced sergeants from the second World War and the young graduates of West Point, in whom the country has invested thousands of dollars to learn the tactics and the strategy of warfare.

A cynical officer of the National Guard would put it this way: "The war in Korea came up so fast that the regular Army had to fight. They didn't have time to corral and train the civilian draftees."

But a staff officer of the regular Army said: "We had to fight with what we had. We have lost in combat men who ought to serve as a training corps for the future."

"And we have killed off future leadership here during an emergency that we may need later in a bigger war. The West Point class of 1949 in particular has been hard hit. We have lost lieutenants we might want as generals 10 years from now. And they are gone."

This doesn't concern the average soldier in an army he joined for security and which suddenly had plunged him into the insecurity of battle. More signed up

Washington Letter

By JANE EADS
 WASHINGTON—Sometime next month "Project Memorandum 49-T" is expected to be completed, and the world's largest private telephone branch exchange will be expanded to 33,000 phones.

Project Memorandum 49-I involves a consolidation of the Department of Defense telephone system begun in July 1948.

Press Branch Fact Sheet No. 121-508, from the Pentagon, says the idea of the project is to "combine ultimately the telephone services of the national military establishment located at the Pentagon, Navy, Navy-Arlington and Naval Communications Annex (the last two being satellites from a single system with one telephone number."

Anyone calling from outside the system can dial one number—Liberty 6-8700 and be connected directly with any one of the 33,000 phones. At least 150,000 miles of cable will provide connections for the 33,000 phones, which normally would serve a community of 200,000 persons. The consolidated system will be staffed by 184 persons and the phone bill, it is estimated, will be about \$140,000 a month.

The Government Printing Office (GPO) reports it has started a third printing of 15,000 copies of the Atomic Energy Commission's book "The Effects of Atomic Weapons" to meet requests from doctors, civilian defense and other civic organizations. In addition to the 20,000 already sold, GPO has about 10,000 on hand but expects these to be exhausted before long. "No other government publication that we can remember has sold so fast in such a short period of time," a GPO spokesman says.

Pentagon Has Gnawing Worry Of Collapse In Public Support

By ALTON C. FAY
AP Military Affairs Reporter
Washington, Sept. 28—(AP)—A gnawing pentagon worry over a possible ebbing of popular support for the nation's defense program was aggravated today by Russia's latest peace propaganda play and the prospect of an early end to the Korean war.

Military officials, charged by Congress and the President with the task of rebuilding the armed forces to discourage more Communist aggressions, has expressed deep concern over the possibility months ago.

They emphasized, in talks with newsmen, that after both World Wars a strong public reaction set

in against maintaining anything but a skeleton military force.

The swing of the pendulum after World War I swept aside projects to keep a reasonably sized military force-in-being and ultimately carried through to the second phase—wholesale naval disarmament. Congress, responding as it should to popular will, frowned on any military appropriations other than those for the bare bones of a feeble army and navy.

The recession from the flood tide of World War II military strength was not as extensive but it was swift. Demands for demobilization, the quick return of men under arms to civil life resulted in the rapid deflation of the army, navy, marines

and air force to a fraction of the strength they had only a few months before.

A few military and diplomatic officials spoke timidly about the need for continuing defense in a world where international tension continued. But it was not until the spring of 1948, after the Communist seizure of Czechoslovakia, had made plain the aggressive intentions of Russia, that the tide began to turn. A start on rebuilding national defenses was made.

The historic trends made military men of this new era cautious.

Education Board Alerted To Issue Teacher Checks

Raleigh, N. C., Sept. 28—(AP)—State Board of Education finance officials have been alerted to be ready to issue \$7,000,000 in bonus checks.

The order followed a decision of the advisory budget commission yesterday regarding a contingent teacher pay boost for the last fiscal year. The commission said the contingent boost should be paid in December provided the general fund's revenues maintain their present high level through October.

Revenues, which have been on the upgrade for several months, are expected by most observers to hold up at least through October.

The pay boost was promised by the last legislature on condition that revenues and the surplus of the general fund justified an increase.

The general fund wound up the last fiscal year, which ended June 30, with a balance of \$13,000,000.

About \$7,000,000 will be required to make payments to the more than 26,000 eligible teachers who hold "A" "B," and graduate certificates.

Payments are executed to range from \$139 for "A" certificate teachers with no experience up to \$436 for "A" certificate teachers with 11 years of experience.

Explosion Rocks Maryland Town

Princess Anne, Md., Sept. 28—(AP)—An explosion rocked this eastern shore town early today, setting fire to three business places and showering an entire main street block with broken glass.

Unofficial estimates put the damage at between \$100,000 and \$200,000.

A chain food store, a five and ten and a restaurant were complete wrecks. At least 20 stores and offices on both sides of the street had broken windows.

No one was hurt. Fire Chief Raymond Carey reported. He said the cause or exact location of the blast could not be determined immediately.

The explosion, heard more than a mile away, aroused many residents. Some of them said they at first thought their own oil burners had exploded. Others reported the blast sounded like dynamite.

The blast hurled a 10 by 3-foot sign across the street and shot bricks from the side of the Arden Inn across a narrow alley smashing windows in the Bank of Somerset.

Free Beer From Breweries Going To Men In Korea

Washington, Sept. 28—(AP)—The armed forces in Korea are going to get 1,200,000 free cans of beer, a gift from brewing interests.

The Army yesterday accepted the offers of 600,000 cans each from the Joseph Schlitz Brewing Co., Milwaukee, and Schenley Industries Inc., New York.

The Army said the offer was made some time ago after a ration of one can a day to front line troops had been cut off. There were some complaints in Congress and elsewhere about issuance of beer to fighting men, but the Army said it had received no formal complaints from organizations.

Fichelberger In Serious Shape

Asheville, N. C., Sept. 27—(AP)—General Robert L. Fichelberger spent a "fairly comfortable" night but his condition is still "serious," Memorial Mission Hospital, where he is a patient reported today.

Fichelberger, who underwent a major abdominal operation Sept. 14 took a turn for the worse last night and the hospital said he had developed a pulmonary infarct—which Webster's Dictionary defines as a blood-caused disturbance in the lungs.

Men Win Prizes On 'Ladies' Day'

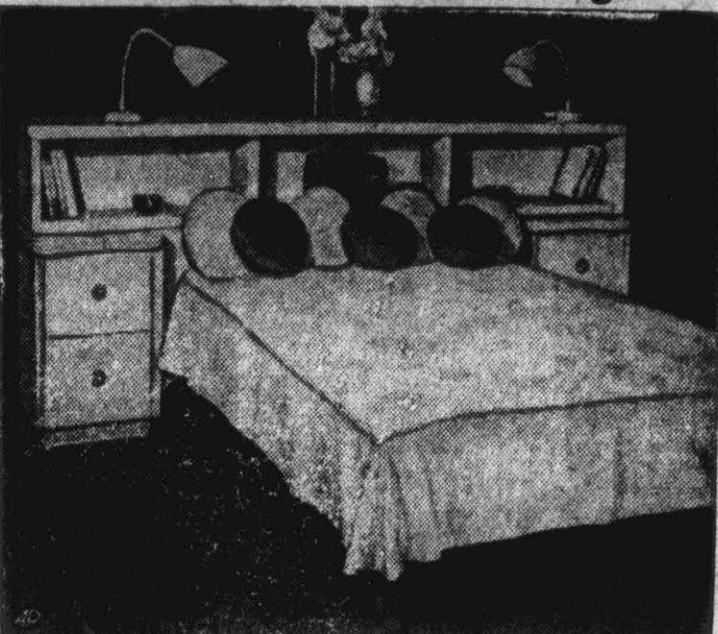

Pomona, Calif., Sept. 28—(AP)—The men won 16 blue ribbons during ladies' day at the Los Angeles County Fair.

Ralph Borge, San Bernardino, exhibited the best padded baby bonnet. John W. Selby, 75 Orange, had the best knit lady's sweater. W. E. Haynes, Hollywood, crocheted the best dollies.

And Orchestra Leader Billy Mills took a cooking first prize with his corn relish entry.

Scabrin, a new insecticide no under study by the U. S. Department of Agriculture, has been four more potent than pyrethrum against flies.

Bedroom Enters Plastic Age

PLASTIC BOUDOIR... This combination bed-end table-book case is just one unit of an entire bedroom suite of a new plastic (panelyte) said to be alcohol resistant, chip proof and stain proof. Nail polish can be removed without harming the glossy surface. Available in gray.

Francis Gay To Head Men's Glee Club At College

Francis Gay, Raleigh freshman, was chosen this week to head a newly organized men's glee club at East Carolina Teachers College. Also elected as officers of the music group are Charles Self of Greensboro, manager, and Bernard Ham of Portsmouth, Va., secretary.

Thirty men students at the college met Monday evening of this week to organize a glee club and to

plan activities for the school year. The club is sponsored by the department of music at the college and is the fourth group of student vocalists on the campus. Membership in the glee club is open to all men students at East Carolina, and the group will soon be increased in number, according to present plans.

Dr. Rudolph R. Willmann, director of the department of music at East Carolina, will direct the men's glee club.

U. S. Agriculture Department scientists believe improper storage temperatures is the chief cause of eggs' failing to hatch.

Kaiser Plant In Israel To Open

Haifa, Israel —(AP)— The first Kaiser-Fraser cars to be assembled in Israel are expected to start rolling out of a plant here by the end of November.

One hundred workmen now are busy putting a plant in shape for operation. Once production is started, the employment rolls may

go up to 250 to 300 men. The enterprise, in the Haifa Bay area, is backed by American and Israeli interests. Most of the vehicles assembled here are to be exported, although a limited number will be for sale within Israel.

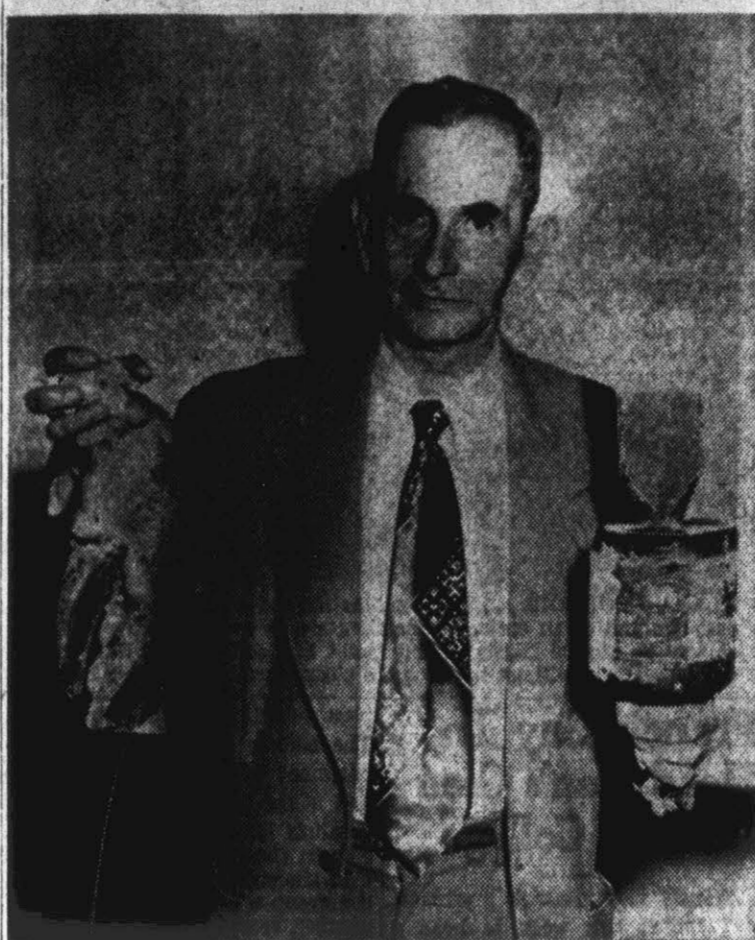

Wave Of Strikes In East Austria

Vienna, Sept. 27—(AP)—Eastern

Austria was gripped by a wave of strikes today as communist agitators continued their protests against the government's new wage and price increases.

An estimated 50,000 workers in Russian-controlled factories in and near Vienna set the pace when they refused to go to work this morning. The strikes spread as far as Graz, a large industrial city in the British zone.

Catches Giant Lobster

Lebrun S. Spence of Melbourne, Florida, formerly of Greenville, is shown with the claw from a 13-pound lobster he caught in a trap recently. The claw contained two pounds of meat. In his right hand, Spence holds the buoy which marked his trap set some 30 to 40 feet deep in the water. Each fisherman had a buoy with his name on it so he could pick his trap from another fisherman. (Reflector Staff Photo by Roy Hardee).

By CHESTER WALSH

Lebrun S. Spence of Melbourne, Florida, recently caught a giant lobster weighing 13 pounds off the coast of Gloucester, Mass. He was fishing with baited traps for the crustaceans on a boat with Capt. Bunt Davis.

The lobster's claw, in the Daily Reflector window, contained two pounds of meat. Spence, who is visiting in Greenville, stated.

He explained that lobster fishing is done with box traps, baited with fishheads, in water from 20 to 40 feet deep. Each fisherman has a buoy containing his name and number attached to his trap. The

fisherman has no way of knowing he has made a catch unless he hauls up his heavy trap.

"The lobster I caught," Spence quoted the boat captain as saying, "must have been the granddaddy of all of the lobsters off the Massachusetts coast."

Spence said Charles R. Flye of Greenville and Florida, who accompanied him on a fishing trip to New England a year or more ago, declined to accompany him this time because Spence and his wife made the trip both ways by airplane. The Spences were visiting Mr. and Mrs. Arthur Case in Gloucester.

Man Survives 7200-Volt Shock

Anderson, S. C., Sept. 27—(AP)— A North Carolina lineman working near here survived a 7200-volt shock and a fall from a 30 foot pole yesterday afternoon.

George Teal, an employe of the Rough Construction Company of Greensboro, N. C., is in Memorial Hospital today suffering from burns and a shaking up. He apparently has no broken bones.

Find Boy's Body In Tavern Icebox

Tampa, Fla., Sept. 27—(AP)— The body of nine-year-old Bobby Tipp swathed in a sheet, was found in an ice box at his mother's tavern today.

The boy's red-haired mother, Mrs. Lois M. Tipp, is being questioned about the death, police reported. Deputy Leslie Swann said there appeared to be a small bullet hole in the top of the boy's head.

Offer Money For Truman's Letter On Marine Corps

Washington, Sept. 23—(AP)—Rep. McDonough (R-Calif.) says he has received "several bids" for President Truman's famous letter describing the Marine Corps as "the Navy's police force" with "a propaganda machine that is almost equal to Stalin's."

He said he is willing to sell it, but not to "just anyone," and he intends to give the proceeds to the Marine Corps League.

McDonough estimates the letter is worth \$10,000 as an historic memento. He has insured it for that amount.

Mr. Truman wrote the letter to McDonough on Aug. 29, rejecting a suggestion from the Congress member that the Marines have equal representation with the Army, Navy and Air Force on the nation's top military board, the Joint Chiefs of Staff.

McDonough put it in the Congressional Record.

McDonough would not say who has bid for the original letter, or

how much he has been offered, but told a reporter the letter will not be sold without approval of the Marine Corps League.

"And I will not consider any bid of less than \$1,000," he added. "It ought to be much higher."

He wouldn't say how much higher but indicated that \$10,000 would be considered a reasonable offer if it came from "the proper source."

Pitt Patrolmen Named To Staff Special School

Two Pitt County State Highway patrolmen have been appointed to the staff of the new highway patrol training school which will open in Chapel Hill in October.

Lt. T. B. Brown and Cpl. John Laws have been placed on the staff as instructors in judo and firearms, in that order. The school is being held in an effort to fill the ranks of the patrol vacant because of recent resignations of some patrolmen to enter private business or the armed services.

To be eligible for the patrol the applicant must be at least 26 years of age and not over 31; a citizen of the United States; and undergo the same tests given for entrance into the Army.

Application blanks may be ob-

Eastfoto, a New York picture agency which distributed this photograph, says it came from the China Photo Service at Peking with caption describing it as showing "A Group of American Prisoners of War in Korea." The caption adds that a Korean official in the foreground is talking to a Major Dunn and a group of captured American officers. The caption identifies Dunn as a member of the 21st Infantry regiment of the U. S. 24th Division. (AP Wirephoto).

tained at the Greenville patrol office located in the City Hall Building.

Short Circuit Brings Firemen In A Hurry

Greenville firemen answered their second fire alarm in less than 14 hours yesterday afternoon when a short circuit at a house on West First Street caused some alarm.

Firemen reported that there was no evidence of any fire when they arrived on the scene.

Signs Extension

Washington, Sept. 23—(AP)—All Coast Guard enlistments expiring between now and next July 9 were extended 12 months by President Truman.

The President acted after signing a law giving him that authority and putting the Coast Guard within the provisions of the Selective Service Act.

The extension includes enlistments in the Coast Guard Reserve.

Strangled Self; Bedecked With Imitation Pearls

Savannah, Ga., Sept. 23—(AP)—The nude body of a married Atlanta toy salesman, bedecked with ropes of imitation pearls, was found in a bolted hotel room, Coroner Harold M. Smith reported last night.

Smith identified the salesman as Charles E. Pfoertner and said he committed suicide by strangling himself with a three-foot chain attached to the bedstead.

The coroner added these details: The doors and windows in the room were bolted from the inside. Two strands of pearls were wrapped tightly around Pfoertner's throat beneath the chain, and a third strand extended almost to his waist.

The first Lenox car, built in 1893 had a 1-1-2 horsepower motor.

The first U. S. internal-combustion automobile patent was granted in 1895 to George B. Selden.

Fountain News

The Fountain Parent-Teachers Association Wednesday evening held its first meeting of the school year in the school auditorium.

Mrs. Jasper Morgan, president, presided.

The first and fourth grades gave a very interesting program of songs and the devotional.

A moving picture was shown, "Meet North Carolina."

The teachers and parents held a get-acquainted session during the social hour. Iced punch and cookies were served.

A barbecue supper will be held at Fountain school gymnasium Friday, September 29, at 6 p. m. The benefits will go to the Fountain First Baptist Church.

Mr. and Mrs. Leroy Owens of Fountain, RFD No. 1, announce the birth of a daughter, Nancy Carol, Sept. 4, at Edgecombe General Hospital at Tarboro. Mrs. Owens is the former Miss Mae Bell Hamilton of Fountain, RFD No. 1.

Mr. and Mrs. Beasley Bell of Farmville RFD No. 2 near Fountain announce the birth of a son, Sept. 4, at home. Mrs. Bell is the former Miss Eunice Hobgood of Farmville RFD No. 2.

Miss Nancy Winstead of Farmville spent last week visiting Mr. and Mrs. Albert Bell.

Miss Peggy Bell, a student of Kings Business College, Raleigh, spent the week-end visiting her parents, Mr. and Mrs. Albert Bell.

Mrs. Lum Jefferson last week visited her brother, Mr. Roy Gallo-way, at Woodard-Herring Hospital, who was operated on Wednesday of last week.

Mr. Calvin E. Baker of Walsenburg, son of Mr. and Mrs. Calvin Baker, entered Woodard - Herring Hospital, Wilson, for medical treatment Tuesday of last week.

Mr. and Mrs. Jarvis Capps of Mt. Tabor, N. J., announce the birth of a son, Michael Denis, at Mt. Tabor Hospital. Mrs. Capps is the former Miss Lorraine Jefferson of Fountain.

Mrs. S. F. Powell and daughter, Margaret Rose of Bethel spent a few days of last week visiting Mrs. J. W. Redrick.

Mr. and Mrs. W. W. Owens and daughter, Judy, spent Sunday visiting Mrs. Owens' parents, Mr. and Mrs. T. B. Heath of Greenville.

Mrs. Carrie Jefferson and daughter, Jean, and granddaughter, Linda Kay, spent the week-end visiting Mrs. Jefferson's brother and sister.

In-law, Mr. and Mrs. W. H. Lilly near Sharp Point.

Mrs. Johnnie Gardner and children spent Sunday in Macclesfield visiting Mrs. Gardner's mother, Mrs. Henry Phillips.

Mrs. D. Gay is a patient at Pitt General Hospital, Greenville.

Mrs. M. D. Velverton and Mrs. F. L. Eagles attended a luncheon Tuesday at the Country Club at Tarboro, given in honor of Mrs. Larry Eagles.

Mr. and Mrs. P. D. Owens' son, Charlie, was drafted and left for Fort Jackson, S. C., for his boot training, Sept. 26.

Mrs. E. B. Beasley, Mrs. Hardy Johnson, Mrs. G. E. Trevathan, Mrs. Ben H. Owens, Mrs. R. A. Fountain and Mrs. Jack Speight Tuesday attended the meeting of the fifteenth district of North Carolina Federation of Women's Clubs, at the Parish House of the Episcopal Church, Washington, N. C.

Mr. and Mrs. Chester Langley of Farmville, Mr. and Mrs. Calvin

DOUBLE WEDDING

By Adelaide Humphries

Chapter 11

Sitting down, Grant said, "This must be on me. Let's see, what are you drinking, Sandy? I hope you won't object to my calling you Sandy. Stephanie, I know you'll have a burgundy and soda."

"Ah, he remembers your tastes, Stevie, my love!" Sandy gave her another wide grin. His blue eyes were lighted with mischief. He appeared to be enjoying the novel

situation, but he was not, actually. He had already decided that he did not like this guy Hale. The fellow was a party-waist, one of those nice little rich boys. What the heck had Stevie ever seen in him?

"Make mine scotch and soda," he said. "But the drinks will be on me, old man, if you don't mind. Sure, go right ahead and call me anything you like. This is my party. In fact, it's a celebration. Right, Ste-

vie? We're celebrating my return to prison. Not one run by those little yellow monkeys. The old bastards from nine till five. I'm back in harness at my old job come morning."

"That's fine," Grant replied politely. It was apparent that he did not particularly care for Sandy's type of humor.

"Sure, it's fine. It's wonderful," Sandy agreed. "Almost as wonderful as this meeting. You see, I was saying only the other day, remember, Stevie? that I thought we three ought to be buddies. We have so much in common. Ha! that's a good one, isn't it?" He threw back his head to laugh heartily at his own joke, since no one else would. "Seriously," he added, "there's no sense in your stepping out of the picture. Rather a novel one, isn't it, old man? I wish you'd step back in. I really do—in fact I insist upon it. I want you and Stevie to be friends."

"I am sure Stephanie knows that I have never stopped being her friend," Grant said quietly. His eyes smiled into hers. He did not ignore Sandy, yet he managed to put him on the fringe of a more exclusive gathering.

"Then that's settled," Sandy refused to be ousted. His grin remained cheerful, his tone too loud, his humor too strident. His manner said that he was as good as any Hale, maybe a darn sight better. He might not have as much worldly goods, but what did worldly goods matter in a democratic country anyhow?

He proceeded to carry on, much to Stephanie's dismay, monopolizing the conversation, exaggerating the stories he told so that they became preposterously unbelievable. He drank too much, or let what he did take go to his head.

Unless, Stephanie thought, he is doing it all purposely. Not so much to embarrass me as to make an outstanding contrast between himself and a Hale. The goldspoon Hales and the tough Vaughns. Take your choice, weigh the two, see which is more to your liking, Stevie.

She would have been angry had she not suspected that Sandy was behaving so badly because of that pride of his, too.

"Would you care to dance, Stephanie?" Grant asked, when the music began once more. "That is, if you don't mind, Sandy?"

"Why should I mind?" Sandy returned. "What's in a dance, old chap? I'm a generous and modern fellow. Always willing to share the little wife with a pal."

"Really, Sandy!" Stephanie protested, that faint color burning her cheeks. She was glad to get up and escape for a while. Sandy had carried his idea of a joke far enough.

Again the orchestra was playing a tune to which she and Grant often had danced here in the Rainbow Room. They danced, as they used to, in silence, their steps matching, as if from much practice. Then, holding her a little away, looking down into her eyes, Grant said, "You're very beautiful tonight, Stephanie. Very beautiful, but—forgive me, please, I have to say this—Why didn't you tell me? Why did you try to make me believe that you were happy?"

"But I am!" She knew her response came too hastily.

He shook his head, his look still holding hers, refusing to let her look away, demanding the truth. "You ought to know you can't make me believe that. I have only to look into your eyes, Stephanie. Your eyes have always given you away. Do you know how they look tonight?"

She shook her head, not trusting herself to speak. Her heart seemed to have risen to her throat. She knew she ought not let Grant talk this way to her. She was Sandy's

wife now, and to have Grant saying such things, looking at her in such a way, brought back too many memories of when she had been his.

"They look as they did that very first time I saw you—remember?" He pulled her gently back against the hardness of his chest. She could feel his heart beating against her own.

(To be continued)

NOTICE OF RENTAL OF REAL PROPERTY
North Carolina
Pitt County

Under and by virtue of the authority conferred upon me as guardian of Fennie White, I will offer for rent for the year 1951, at public outcry and to the highest bidder, at the Courthouse door in the City of Greenville at 12:00 o'clock on Thursday, October 19, 1950, the following farm lands:
Being that certain piece or parcel

of land in Greenville Township just south of the Farmville-Greenville highway and adjoining the lands of Alvin Bunting, Heber Allen and others, and known as the Fennie White farm, containing approximately 37 acres of cleared land, tobacco allotment on this farm in 1950 was 6.1 acres.

The terms of rental shall be cash. This the 27th day of September, 1950.

GUARANTY BANK & TRUST CO., Guardian for Fennie White.

J. W. H. Roberts, Attorney.
Sept. 28 Oct. 5-12-18

NOTICE
Having this day qualified as administrator of the estate of Oscar Hardee, deceased, this is to notify all persons having claims against said estate to present them to the undersigned or her attorney, J. W. H. Roberts, at Greenville, North Carolina within twelve months from the date hereof; otherwise this notice will be plead in bar of their recovery. All persons indebted to said estate will please make immediate settlement.

This the 18th day of September, 1950.

THELMA E. HARDEE, Admra. of the estate of Oscar Hardee.
J. W. H. Roberts, Atty.
Sept. 14-21-28 Oct. 5-12-19

Estimates of the U. S. dog population run from 15,000,000 to 25,000,000,000.

Wilson's Weekly Bulletin

from the RECTOR'S KITCHENS

The savory, crispy-brown goodness of WILSON'S CERTIFIED PURE PORK SAUSAGE, when fried, is beyond compare. With hand-browned potatoes, it makes a platter that is known over the nation for its goodness.

Perfect for breakfast. Ideal for luncheon. Tasty for an easy-to-prepare supper, especially on crisp autumn or winter days, WILSON'S CERTIFIED PURE PORK SAUSAGE is truly tempting food.

Wilson's Certified Pure Pork Sausage

Cut links apart into pairs using:
1 lb. Wilson's Certified Pure Pork Sausage.

Place in a cold, heavy skillet. (If your skillet is a thin one, add a small amount of cold water to cover the bottom). Cover with a lid and cook slowly 12-15 minutes. Remove cover and increase heat. Pour off drippings as they collect, saving them for other frying. Then cook uncovered until browned on all sides, turning as needed. (Sausage should be cooked well done). Serve piping hot, to four.

Hand-browned Potatoes
Peel, then shred enough cold, cooked potatoes to make:
4 cups finely shredded, cooked potato (This takes about 4 medium potatoes)

Add seasonings and toss to mix, using:
1 tablespoon shredded or grated onion
1 teaspoon salt and a dash of pepper.

Heat in a 10-inch skillet:
3 tablespoons butter or margarine and
3 tablespoons sausage fat

When bubbling hot, add potatoes and pack down firmly with a pancake turner or spatula. Push away from edge of skillet so the fat can bubble up around the edge to brown edges. Brown 15 to 20 minutes over medium heat to a crispy, golden-brown crust. Cut two one inch gashes, opposite one another, at outer edges to facilitate folding. Fold one half over the other and serve hot with flavorful, fried Wilson's Certified Pure Pork Sausage. Um-m-m!

The Wilson label protects your table

Order Re-Arrest Of 8 In Miami Brassiere Brigade

Miami, Fla., Sept. 28—(AP)—Orders went out today to re-arrest eight members of Miami's "brassiere brigade" and authorities moved to recover some of the estimated \$100,000 loot.

The Southern Bell Telephone and Telegraph Company signed complaints against six women and the husbands of two of them. County Solicitor Robert R. Taylor ordered their re-arrest.

Those named in the re-arrest order were:

Marie Orr, 21; her mother, Mrs. Gladys Orr, 47; Mrs. Bonnie Jean Hebert, 22; her husband, Lawrence, 23; Mrs. Betty Corrigan, 23; her husband, William Edwards, 24; Mrs. Billy Ruth McNabb, 27; and Mrs. Rita Orr, 18.

The husbands and Mrs. Gladys Orr were charged with receiving stolen property. Mrs. McNabb was named as "principal in the second degree" and the others were charged with grand larceny.

Circuit Judge George E. Holt signed an order impounding all money, automobiles and other property of 11 persons allegedly involved in the case, including \$10,000 now in the hands of the court.

The tieup of property included the eight named in the criminal action, together with Michael Orr, 31, husband of Rita; Cecelia Hay, 30, and William Matthew Albert, 31, who police said was engaged to marry Marie Orr.

In the oral confessions, later re-

Acorn Sprouted In Tot's Nose

Pensacola, Fla., Sept. 28—(P)—Four-year-old Julia Ann King was brought to a hospital here late Wednesday.

Julia Ann had a sore nose, reported her mother, Mrs. George King of Milton. In addition, she had been upset and had lost her appetite, Mrs. King said.

Doctors operated, removed an acorn from Julia Ann's nose. Attendants looked closely at the acorn—it had sprouted.

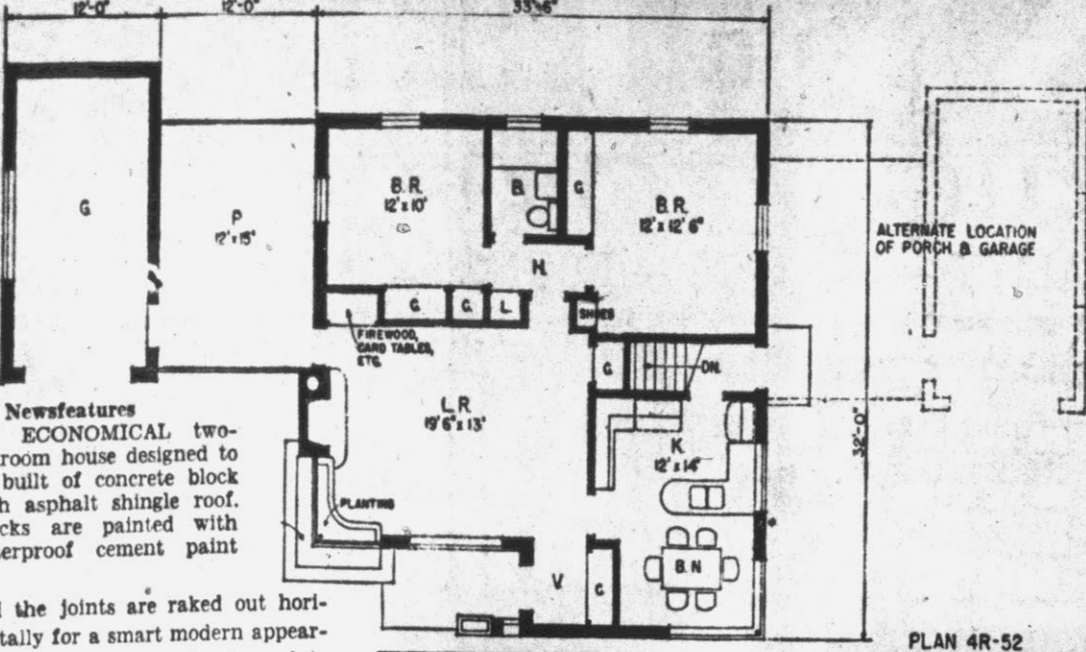

'MEAL' BIT BACK

Olean, N.Y., Sept. 28—(AP)—Police fed live crabs to Allie, their pet baby alligator, until a small crab bit back.

Allie and the crab finally settled down at opposite ends of the aquarium, eyeing each other in a deadlock.

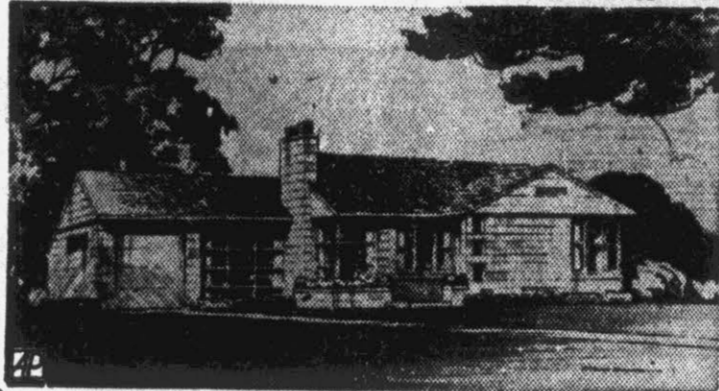

The scientific name for ox-eye-weed is heliopsis.

HOMES FOR AMERICANS

AP Newsfeatures

AN ECONOMICAL two-bedroom house designed to be built of concrete block with asphalt shingle roof. Blocks are painted with waterproof cement paint and the joints are raked out horizontally for a smart modern appearance. The breezeway is planned to be glassed in for a winter porch and this, with the garage, gives the house a broad facade. This is Plan 4R-52 by Elmer Gylleck, A. I. A., of 120 South Grove Ave., Elgin, Ill. The architect points out that the house could be built of 8-inch solid brick walls and still retain its character. With a full basement, the house contains 18,900 cubic feet; garage adds 2,880 cubic feet. Rooms are efficiently arranged with sleeping quarters secluded and there are eight closets.

Informers Claim Missing General May Be Prisoner

By JACK MacBETH

With U.S. First Cavalry Division, Korea, Sept. 8—(AP)—American counter-intelligence officers said today South Korean informers reported they recently overheard Communist army officers planning to move Gen. William F. Dean from Chingju's stockade to Seoul. General Dean has been missing since the July retreat from Taejon.

General Dean was commander of the U.S. 24th Division.

Three South Koreans who escaped from the Chingju stockade told American officers they heard North Korean officers discussing General Dean on Saturday.

This was in connection with the reported plan for his removal to Seoul.

The American did not say whether the South Korean informers actually had seen the general before they escaped from the stockade.

Chongju was captured by the First Cavalry Division in a 100-mile

Couple Waited; Parson Forgot

Wollaton, England—(AP)—The Rev. M. F. Giles reversed the pattern and left the bride and groom waiting at the altar.

Arriving nearly an hour late, he found the couple already signing the marriage register after having taken the vows in front of a hurriedly summoned substitute.

"I'm sorry," apologized the Rev. Giles. "I forgot about the wedding."

Syrians Plan To Spread Arabic

Karachi, Pakistan—(AP)—The Syrian minister in Pakistan, Syed Omar Bahauddin El-Amiri, has pledged his country's support to spread the Arabic language in Pakistan.

He announced plans to open Arabic reading centers in Karachi and to obtain Arabic books from Damascus to popularize the language in Pakistan.

Wilson Hall Officers Are Recently Chosen

Joe Gullidge of Raeford was recently chosen as president of the House Committee of Wilson Hall, men's dormitory at East Carolina Teachers College, and now heads the group of officers chosen to conduct activities there during the 1950-1951 term. Serving with Gullidge will be Von F. Johnson of Thomasville, vice president, and Jerome M. Sandford of Goldsboro, secretary.

Six members-at-large of the House Committee were also selected in the recent elections at Wilson Hall. They are Jack Britt, Fairmont; John Swart, Wilmington; Warren S. Russell, Cherry Point; Wajlon C. Upchurch, Sanford; Jack S. Gray Buxton; and Robert Klutz, Dudley.

Au insecticide, scabrin, has been extracted from the roots of the ox-eye weed.

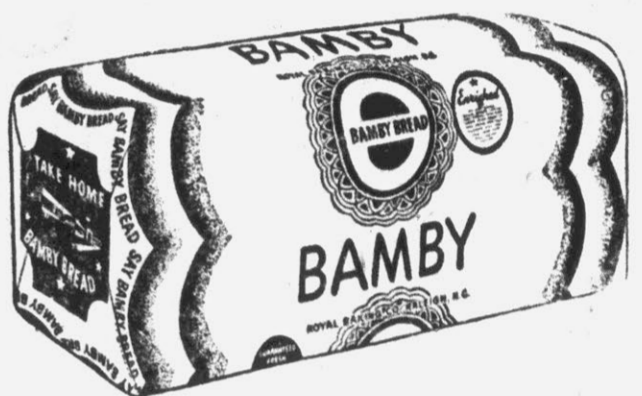

The ox-eye is found on dry soils. The French engineer Lenoir built along river banks from Maine to the first known internal-combustion engine automobile. The first French Lenoir automobile traveled six miles in 80 minutes, remarkable in 1863.

Tire Rubber Economy Never Possible Before

Into the national achievement record has gone this phenomenal tire rubber economy—never known or possible before!

Not an ounce of wasted rubber yet each tire can give every owner years, instead of miles, of safety and service—his one tire investment for years to come.

With local communities solidly backed by extensive dealer investments in service and maintenance equipment, all of the original safety mileage of these unique tires is continuously renewed and renewable—when other tires are giving up their lives.

They are tires that work and serve at the very heart and core of the national economy in normal times, and in every possible rubber emergency.

They have set up entirely new standards of safety and mileage by which other tires are now being judged and measured, everywhere in the United States.

Whether with black, or with whitewalls, they provide their exclusive Protective Curbguard, their new Royaltex Tread and Traction, and they deliver up to 60% more safe mileage.

They have resulted from many years of continuous research, experience and U. S. Rubber investment. They are the only such tires in the world, priced as low as life and safety permit.

They are the tires that now roll and serve with the nation, with tire rubber economy never known before, remaining fresh and new in safety when other tires are giving up their lives.

Prospective Draftees Are Handicapped Getting Jobs

By LYNN NISBET
Raleigh, Sept. 28—Substantial progress has been made through continuing campaigns in behalf of employment of the physically handicapped. These efforts are not limited to aiding veterans who suffered loss of a limb or sight in service, although the idea originated for their benefit.

There is another group in equal need of some special assistance in getting jobs. It is made up of the young men subject to draft for military service, but who have not been called up for examination or induction.

Your reporter overheard a conversation among several business men in a hotel lobby the other night. They admitted that these young fellows needed jobs and were entitled to work, but at the same time they were unanimous in saying "I can't afford to hire one of them." One man explained that it requires six to ten months in his line of business to train a recruit so he is worth anything. On that basis he figures that he must be

reasonably assured of at least three years tenure before putting a new man on the payroll.

Another man said he gave high priority to veterans and would like to employ some of the boys before they are called up, but just can't fit them into his scheme of things. Then all agreed that it would be better for the boys as well as for prospective employers if there was more certainty about military service. Universal military training, requirement that every male person be required to spend a year or so at fixed age limit in training camp, would relieve the situation.

As it is now, the lads just leaving school and looking for their first regular jobs, are seriously handicapped by the uncertainty of when they will be called for service. Attitude of the employers is understandable—which doesn't help the guy who needs a job until his big uncle calls for him.

Windmills became common in Germany and Holland before the 12th century.

Rufus C. Aikens (left), 31, of Rockwood, Tenn., is held for strangulation slaying of his wife, Ona (right), 22, and their son, Danny, 5. He is being questioned by Police Chief J. H. Williams. Aikens, police said, told them he dreamed he was "struggling with a beast" and awoke to find his wife and son choked to death. (AP Photos).

Austrians Have Red Disturbance For Third Day

Vienna, Sept. 28—(AP)—Scattered communist disturbances broke out for the third day in Vienna this morning as Russian-organized Red workers continued to harass the Austrian government.

Communists seized control of two

Danube river bridges connecting suburbs in the Russian sector of the four power city with the central part of the town.

One railroad station on the line from Vienna to Bratislava, in Czechoslovakia, also was occupied by communist demonstrators—but the Austrian government diverted trains by another route.

The Danube bridges—one of which bears the name of the "Bridge of the Red Army"—were blocked by automobiles and communists sitting astride the road.

Business Chief Of Prison Dept.

Raleigh, N.C., Sept. 28—(AP)—A 39-year-old native of New Bern takes over Oct. 1 as the State Prison Department's first business manager.

He is Otis Banks, prison auditor since 1946 and with the Highway Commission, which supervises the Prison Department, since 1931.

NATIONAL BISCUIT COMPANY

Driver Is Thrown Thirty Feet By Force Of Crash

Two men were seriously injured Wednesday morning when the car in which they were riding turned over about a half mile from Bethel on N. C. 11.

Patrolmen Delton F. Perry listed Don Elphonsa Johnson, 37, as the driver of the car, and Muray Liverman, Jr., of Oak City, 19, as a passenger.

Johnson was thrown about 13 yards from the car after it overturned, while Liverman remained in the car. The condition of Johnson was described as being critical, with the possibility that he suffered serious head injuries. Late yesterday he had not regained consciousness at Edgcombe General Hospital in Tarboro.

Perry stated that Liverman suffered chest injuries, bruises and cuts about his legs and body. He also was in the hospital in Tarboro.

According to Patrolman Perry, the car operated by Johnson was coming into Bethel, had just rounded a curve in the highway and went about 200 yards down the highway, turned over once coming back right side up.

Liverman's brother was following behind the Johnson car, and picked up Liverman and carried him to the hospital. In the darkness could not find the body of Johnson, which was about 40 feet from the car and he was left behind until the patrol arrived.

"That car is a total loss," Perry stated today, in commenting on the fact that investigation of the accident is not yet complete. "I have

Nearly 1,400 Of Dog Population Been 'Arrested'

Enoch Elisha Jones, humane officer and driver of the city of Greenville's humane truck and in charge of the city's dog pound, has taken up on streets 1,381 dogs since the department was established July 1, 1949. When Jones was first appointed to the job he was known as the dog catcher.

During Mayor W. S. Stafford's administration the sign on the truck was changed to "humane department." This department works in cooperation with the local branch of the Society for the Prevention of Cruelty to Animals. Bill Drum is president of the SPCA.

Since starting the work Jones has taken 1,381 dogs off the streets. Many of the canines were redeemed by owners by paying fees. Unclaimed dogs may be redeemed by payment of a \$2.50 fee. Many of the unlicensed dogs taken up on the streets were destroyed by a veterinarian.

A city ordinance provides that owners of dogs shall pay a license

tax of \$1 on males and \$2 on females. The ordinance also provides that it is unlawful for dog owners to allow the canines to run at large on the streets of the city.

Jones estimates the dog population of Greenville to be between 8,000 and 10,000.

Only 325 owners have bought license tags for their dogs. A city ordinance provides a fine for violators of the dog ordinance. License tags are available at the police station.

Phillies And Yanks Find Path Strewn With Difficulty In Dash For Pennants

Both Clubs Missed Opportunities Yesterday To Take Charge; Yanks Lost To Athletics While Phils Drop Twin Bill To Giants

By RALPH RODEN
Associated Press Sports Writer
So near and yet so far.
Both the Philadelphia Phillies in the National and the New York Yankees in the American are within two victories of a World Series meeting but the road is strewn with glass.
The Yanks and the Phils have a chance to end it all today but the task is not as easy as it appears on paper.
New York can clinch with the help of the St. Louis Browns. The Yanks will have to beat the Philadelphia Athletics and the Browns must cooperate by downing the Detroit Tigers in order to assure New York of its 17th pennant.
The Phils can nail down their first flag since 1915 by taking a doubleheader from the tough New York Giants. The Phillies can also win if they split with the Giants the Brooklyn Dodgers divide with Boston or if the Dodgers lose a doubleheader to the Braves.
Both the Yanks and Phils missed opportunities yesterday to take charge. The Yanks fumbled a chance to assure themselves of no worse than a tie by dropping an 8-7 decision to the Athletics while the Tigers nosed out St. Louis, 5-4.
The Phils dropped a doubleheader to the Giants, losing the first 8-7 in 10 innings and bowing to Jim Hearn in the nightcap, 5-0. The Dodgers divided with the Braves, winning the opener, 9-6, but losing the nightcap, 4-2. A Philly sweep and the flag would have been in the bag.
Sam Chapman doomed the Yanks by banging a two-run homer off Whitey Ford in the ninth inning to win the game. The loss was Ford's first compared to nine victories.
Washington eliminated the third place Boston Red Sox by sweeping a doubleheader at Fenway Park, 3-0 and 6-3, behind Con Marrero and Gene Bearden.

NOTRE DAME STARTERS

Chapel Hill, Sept. 28—Four University of North Carolina Tar Heels who started against Notre Dame in New York last November will be in the starting lineup Saturday. They are backs Dick Bunting and Billy Hayes, and linemen Bill Kuhn and Julian King.

WEDDING WIN

Hamilton, Ont.—(AP)—Don Van der Werf celebrated his afternoon wedding this season by pitching the Hamilton Cardinals to a 1-0, four-run win over Bradford last night. The Hamilton infield contributed six double plays, tying the Pony League record.

High Tribute

New York, Sept. 28—Heavyweight champion Ezzard Charles paid a high tribute to Joe Louis after beating the former titleholder at Yankee Stadium last night.
Speaking over the Columbia Broadcasting System network just before leaving the ring, the Cincinnati fighter said he was proud to win the title and he gave thanks for the spiritual help and guidance which led him to the title.
He said he hoped he could be as clean and as great a fighter as the man he had just outpointed—Joe Louis.

Farley Stresses Offensive Drills

Greenville's high school Phantoms worked long and hard yesterday preparing themselves for their opening game here with Coach Elie Fearing's Hertford eleven.
Greenville, loser to New Bern last week, 13-0, and tied by Edenton, 0-0, the week before, will be striving to get their grid machine rolling with a great effort here Friday night against a strong Hertford team that downed Farmville last week, 25-0.
Coach Farley sent his charges through a lengthy scrimmage, working on offensive plays for Friday night's tilt before the home folks.
Leon Moore, flashy fullback for the Phants, and Sidney Briley, passing quarterback for the Farmvemen, did the passing chores for the locals, while Ends Joe Aman and Willy Gardner were on the receiving end.
Guard Johnny Merwin worked well in his guard position, to lead the Phantom line play, along with Tackle Mac Crawford, Wallace Conway, another bruising tackle, also worked well in the line for the Greens.
A large crowd is expected to fill College Stadium Friday night as the local high school gridgers make their debut of their home grid schedule.

A Halfback To Be Watched

Here's one leading halfback for Coach Farley's Greenville Phantoms who will bear watching in Friday night's tilt with Hertford here. He is Kent Lee, hard-running back from the Phantoms "T" formation. Lee, a reserve last year, broke into the starting lineup this year, and has been one of the consistent ground-gainers for the Farmvemen this year. He'll see plenty of action in Greenville's opening home game Friday night. (Reflector Photo by Roy Hardee).

Titlist Beverly Hanson Big Threat In Wichita

Wichita, Kas., Sept. 28—(AP)—Amateur Champion Beverly Hanson appeared the chief threat to the "big four" in the fifth annual Women's Open golf tournament starting today.
Miss Hanson, a Fargo, N.D., girl now playing out of Indio, Calif., is the new National Amateur title holder.
The big four are winners of the previous opens—Patty Berg, Minneapolis, 1946; Betty Jameson, Dallas, Tex., 1947; Babe Didrikson Zaharias, Denver, Colo., and Prarie View, Ill., 1948, and Louise Suggs, Carrollton, Ga., 1949.
The 72-hole meet is being played over the 6,203-yard Rolling Hills Country Club course. Par for women is 75. The fairways are straight, putting a premium on the long, straight shooters. A field of 52 is entered.
Mrs. Zaharias was the favorite to cop first money—\$1,250—in the \$5,000 payoff mainly because she has already won \$12,500 of the \$50,000 available in women's tournaments this year. Miss Suggs and Miss Berg each have pursued better than \$6,000.
Miss Hanson has been playing her "best game," so she says, since winning the Texas Open last October. She had seven straight tournament titles on the Pacific coast before copping the National Amateur.

Sport Slants By Pap

Hopp Helps

(BEFORE THEY CHANGE THEIR MINDS)

JOHNNY HOPP SHOULD BOLSTER THE YANKEE BENCH.

OH BOY! A WOULD BE CUT FOR PITTSBURGH THIS SEASON

THE 34-YEAR-OLD VETERAN CAN PLAY THE OUTFIELD AND FIRST BASE EQUALLY WELL

If history repeats itself, Johnny Hopp should come through and help the Yankees to another American League pennant. That's what happened in 1947 when the Yankees picked up the veteran George McQuinn and won the flag. Johnny Mize proved helpful last season in clinching the pennant and in the World Series against the Dodgers after the Yankees had purchased him from the Giants. Now it is Hopp's turn to help out the faltering Yankees.
Just how the 34-year-old Hopp was batting at a .340 clip for the Pirates was passed up by the other National League clubs and permitted to move into the American League was something of a mystery. To the Yankees he is welcome insurance for Johnny can play either first base or the outfield. He may not have all of his once vaunted speed but he still moves faster than most players in either league. He could prove very useful as a left-handed pinch hitter should the occasion arise.
Hopp spent seven seasons with the St. Louis Cardinals before he started hopping around the National League. He was with the Braves and Dodgers before he wound up his career in the senior circuit with the Pirates. It was like a dream come true when Hopp learned that he had been traded from the lowly Pirates to the pennant-contending Yankees. After 34, baseball players don't have too many such golden opportunities to look forward to.

Injuries Dampen Farmville Spirits For Friday Tilt

Coach Elbert Moyer's Farmville grid eleven lost more than a 25-0 football game to Hertford last week. Two major injuries to a couple of Red Devil key men dampened the hopes of Farmville in Coastal conference play.
Opening up their league schedule Friday afternoon at Coach Bob Lee's Robersonville, Farmville will be minus the services of Quarterback Randy Allen and End Albert Cannon.
Allen, star field general and ace passer for the Red Devils, was hurt on the third play of last week's Hertford contest, suffering a severe sprained ankle. A doctor's report indicated that the Red Devil leader will be out of action at least three weeks.
Ace pass receiver Al Cannon suffered a broken hand in the spirited scrap, and it is feared that the star flankman will be lost to the Red Devils for the remainder of the season.
Pessimism arose from Coach Moyer's view of his squad this week as the Red Devil mentor looked for replacements for his two key men.
Young and inexperienced Charlie Fitzgerald, who took over Allen's signal-calling last Friday night, looks like the probable starter at the QB position in this week's clash. In Cannon's spot, three men are scrapping for the flanker slot. Robert Nanney and Wilbur Morris are up from the reserve squad, while Moyer may use Guard Ray Flora, an experienced linesman, at the pass-snagging spot.
"We're really in bad shape physically," stated Coach Moyer in view of his oncoming game Friday, "and we have an extreme shortage of personnel."
Farmville travels to Robersonville Friday afternoon to play Coach Bob Lee's eleven. Kickoff time is set for 3 p.m.
Robersonville lost their opening conference game to Ayden last week, 40-0.

Buccaneer Crew In Lengthy Drills For Hampden-Sydney

By BILL LLOYD
A lengthy drill yesterday afternoon, and another session under the college stadium lights last night, featured East Carolina's practices yesterday as the Pirates worked hard for their home opener against a strong Hampden-Sydney eleven here Saturday night.
Coach Bill Dole drilled his charges in the defense to be used against the aggressive Tigers here Saturday night, then tapered off with work on pass defense, kicking extra points under pressure, and punting under pressure. The afternoon drill was concluded with a short scrimmage session.
Extensive work on pass patterns

was stressed in the night session of the Pirates. Quarterback Roger Thrift and Sandy Siler alternated in tossing to Ends Dwight Shoe, Frank Maennle, Ott Alford, and Bobby Hodges.
Halfback Bill Darby did the punting chores for the Bucs in the afternoon preparations while Buck Hardee, who has kicked six out of seven attempts from placement thus far this year, worked on place-kicking.
Injuries from last week's game with Lenoir-Rhyne still plagued the Pirate players yesterday.
Dennis Smith, Don McKenzie, and Bobby Hodges, all linemen, are still suffering from lime burns, while defensive end Cecil Winslow took it easy because of a bad shoulder. End Ed Tanner, who missed last week's game, was still on the sidelines with a wrenched knee, and did not participate in the drills.
"We're still nursing some injuries from the bruising game with Lenoir-Rhyne," viewed Coach Dole after yesterday's practice. "I

thought we would be at top strength for Hampden-Sydney, but it appears unlikely."
Several new faces may be in the starting berths for Saturday's tilt as a result of these injuries. Al Auerbac, a letterman tackle, will probably step into the offensive tackle slot because of the ailing "Doc" Smith, with Jess Aldridge moving into an offensive guard spot because of a shoulder injury to Leon Ellis. Freshman Keith Melton may be moved into a defensive end position, taking injured Cecil Winslow's place.

Purelube

The New Trolene MOTOR OIL

PURE

Take your motor off your mind

In these times and at this season, change over to this entirely new motor oil for a wonderful new "sure feeling" about your car!

You have worries enough these days without worrying about that car of yours. So you'll be glad to know about new Purelube—the sure motor oil—to take your motor off your mind!

Purelube has what it takes to end all doubts about engine lubrication. Laboratory tests and road tests prove Purelube is sure all ways—superior not in just one or two qualities, but in the whole combination of qualities you want in a motor oil.

It gives you sure protection against wear . . . freedom from corrosive acids . . . a cleaner, safer motor with a lot longer life plus the basic economy of lower oil consumption!

With new cars hard to get . . . with winter coming on . . . drive into your Pure Oil dealer's and change over to new Purelube, the sure motor oil.

Then drive into the future with new peace of mind!

Be sure with PURE

Purelube

THE SURE MOTOR OIL

NOW! Road tests prove Purelube gives lower oil consumption!

Imagine operating your car 24 hours a day, day in, day out, at speeds averaging 53 miles per hour. Over searing desert roads 130 degrees hot . . . up punishing mountain grades . . . in stop-and-go traffic! That's exactly how a test fleet of stock passenger cars measured Purelube against other premium-quality oils.

In 83,000 miles of driving, Purelube showed less oil consumption than any of the leading oils tested—actually 17 per cent lower oil consumption than the average of the competitive brands. That means real economy in addition to sure protection!

'Louis Era' Ends; Joe Loses By Unanimous Decision

Ezzard Charles Proves Old Champions Can't Return

New York, Sept. 28—(AP)—Joe Louis knows today that they never come back.

Ezzard Charles, a vastly underrated heavyweight champion, buried the ghost of Louis last night at Yankee Stadium in 15 cruel rounds. It was the same sad story that Jack Dempsey and Jim Jeffries learned years ago. You can't beat Father Time.

Puffed to 218 and shaky in his timing, Louis absorbed a bloody beating in his unfortunate bid to become the first heavyweight champion ever to recapture his title. He missed by plenty.

The 29-year-old Charles did everything but knock out the bewildered Joe Louis of 1936, a 36-year-old man whose iron fists had rusted away. Joe groped blindly toward the top rope in the 14th to save himself. He probably wouldn't have lasted many more rounds.

"I just didn't have it," he said in his dressing room, swabbing his swollen-shut left eye with an ice pack.

"I just didn't have it in any department."

He didn't have to say so. It was obvious. Only in the 10th round when he hurt Charles with a flash-

ing his old idol and friend. But he came out punching.

Hooking to the body, throwing a right hand to the head, Ezzard completely outboxed Louis. Joe plodded straight ahead in his usual style but when he caught Charles he couldn't put over the old equalizer.

Throwing hard body punches and moving in close before Louis could counter was the Charles victory pattern. It was fool-proof. When he chose to hit and run, his going-away punches were more effective than Louis' whistling right hands into the air. The way he moved on top of Louis you would never suspect he was the man giving away 33 1-2 pounds.

Ezzard was in trouble twice, in the fourth and 10th. A left-right to the head buckled his knees in the fourth but he came back strong at the bell. Louis had his one big chance in the 10th when he shook up Charles with a short right to the head and chased him the rest of the round. He never could set him up.

of the Louis of old did he excite the crowd of 22,357 that paid a gross \$205,370. Some 25,000,000 more watched on television.

Charles fought a brilliant fight to earn the unanimous vote of all three officials. Referee Mark Conn gave him a 10-5 edge, Judge Joe Agnello 12-3 and Joe Frank Forbes 13-2. The AP card had it 12-2 with one even.

It is too bad that Louis' failure will take much of the overdue credit away from Charles. The lean 184-1-2 pound Cincinnati Negro, previously recognized as National Boxing Association champ, now is also certified in New York state.

The British recognize Lee Savold of Paterson, N. J. as their champ. He may be next on the list for Charles.

"I'd like to fight Savold or anybody," said Charles.

Louis was the popular favorite as well as the 5 to 8 1-2 betting choice last night. But at the end, everybody had new respect for Charles.

This was no awed youngster in there with Louis. Sure he was fight-

Southern Conference Has Plenty Of Good Fullbacks

Richmond, Va., Sept. 28—(AP)—speaking. The old-timers can remember when a fullback was the fellow who cracked into the line for the yard or so needed for a first down. Not so, nowadays. The current crop of fullbacks are a lot more versatile than that. They pack skill as well as beef.

There's hardly a team in the Southern Conference area which does not have a fullback adept at the arts of running and passing, as well as booming into the center for short gains.

This year's crop of standout fullbacks is as large as any produced by the conference in its long history.

There are the old reliables, already established stars, such as Fred Cone, of Clemson; Andy Davis, of George Washington; Billy Hayes, of North Carolina; Jack Mounie, of Duke; and Jim O'Rourke, of North Carolina State.

Then there are the Johnny-come-latties, as, for instance, Joe Purnial, of the University of Richmond; Walt Michaels, of Washington and Lee; Ed Magdziak, of William and Mary; Bill Miller, of Wake Forest; Bob Cilento, of George Washington University; and Joe Stump, of Virginia Military Institute.

Most of these fullbacks act a lot like halfbacks. One, as a matter of fact—Andy Davis—does move to halfback when Cilento comes in for George Washington.

Romance in the Air . . .

For the young lady who is merry, friendly, good fun. Because she can see right. Before she had her vision corrected, she was timid, awkward, retiring; now she has poise, self-confidence, and is a good mixer.

It's surprising what a difference good vision can make. Smart girls know this, and have their vision corrected with lovely, streamlined glasses that add to their appearance by giving full, fresh beauty to their eyes and full freedom to their attractive personality.

Ridgeway's
OPTICIANS
Raleigh
Greenville Greensboro

FIRST BIG WEEK by Mun' and Frank Eck

EAST

Army over Colgate (Too much Stephenson and Cain). Brown to beat Yale (Buildog has not bite). Columbia to rout Hobart (A breather for the Lions). Cornell over Lafayette (Big Red is powerful). Dartmouth to nip Holy Cross (Green has Clayton). Penn State over Georgetown (Nittany Lion has class). Maryland to edge Navy (Terps a southern power). Penn to nip Virginia (Out to average 26-14 upsets). Princeton to rout Williams (Tiger the class here). Washington & Lee over West Virginia (Generals have Bocetti at T).

MIDWEST

Nebraska to edge Indiana (Figures to be close). Northwestern over Iowa State (Might do it with Sophs). Kansas State to beat Colorado (Improved over last year). Wisconsin to trim Marquette (Big Ten team the class). Michigan over Michigan State (By more than 7-3 as in '49). Missouri to beat Clemson (Glory for Glorios). Notre Dame to trim North Carolina (Nobody beats the Irish). SMU to nip Ohio State (Kyle Rote is pitching). Oklahoma over Boston College (It was 46-0 last year). TCU to trim Oklahoma Aggies (A wild scoring game).

SOUTH

Tulane to edge Alabama (String with the champ). Vanderbilt over Auburn (Tabor may tear loose). William & Mary to beat Cincinnati (Good sing wing backs). Duke to halt Pitt (Blue Devils have fine backs). VMI over George Washington (Cadets have 27 lettermen). Georgia Tech to nip South Carolina (North at fullback). Tennessee over Mississippi State (Lauricella pitching). Wake Forest to beat Richmond (Adequate says Peahead). Texas to crush Purdue (Southwest favorite).

FAR WEST

Utah State to trim Wichita (Holds 2-1 edge). California over Oregon (It was 41-14 in '49). Idaho to beat Montana (Returning lettermen: 19). Stanford to rout San Francisco (Class of the coast). UCLA over Washington State (Some good veterans). Minnesota over Washington (A Big Ten team).

Classic League Bowling League Race Is Realigned

Classic Bowling League week and didn't score below his average for league play last spring. His lowest game was 189, coupled with 189 and 220 for the league leading average to date of 160.

The rest of the Carolina bowlers sided Harrington's effort by recording a new record for three games. They set the mark at 2,326 which is 18 pins better than the mark they set last week.

Hodges took over possession of first place in whipping Wagner-Waldrop two games in three. Joe Smith led the way for the five keggers in recording games of 184, 143 and 177 for a total of 504. Hodges didn't need the five-pin spot to take the two as actual scores were enough to do it. They won the two games on scores of 702-632 and 793-716. W-W took its lone game, 744-677.

The simple tools used by American craftsmen to blow glass today—a slender hollow tube, wooden paddles, a caliper—are the same as those used for centuries by foreign workmen.

Harrington hit his stride this

ABSOLUTE PROOF HADACOL HELPS FOLKS

SUFFERING STOMACH DISTURBANCES

when due to lack of Vitamins B1, B2, Iron and Niacin in the system!

Mrs. John W. Geary, attractive and charming woman of 840 Ursuline St., New Orleans, Louisiana: "I'd been sick quite some time and the doctors told me it was a nervous stomach. I couldn't eat regularly and lots of times I was unable to hold the food on my stomach. Then I heard about HADACOL. After the first few bottles I could tell a definite improvement. Now my stomach doesn't trouble me at all. I eat anything I want, and my nerves are fine." (Give HADACOL a chance to help you.)

Mrs. Hilton Shuff, a loving mother of Rt. 1, Box 42, Ville Platte, Louisiana: "My son, Mark Wendell had been sick for some time. A lot of the time he couldn't hold anything on his stomach. He was very weak and pale. Then I started giving him HADACOL, and he improved in just a short time. He's gained weight and has more energy than a dozen wild Indians." (HADACOL is great for puny, nervous kiddies with easily upset stomachs due to lack of important Vitamins B1, B2, Iron and Niacin.)

Mrs. Alma Kincaid, 2125 E. Adelaide, St. Louis, Missouri: "I've been taking HADACOL for over a year. Before taking it, I had stomach distress for some time. Nothing seemed to help me. Then I took my husband's advice and took HADACOL. A good friend of his told him of the wonderful results he had from HADACOL. Now that I'm taking HADACOL I eat anything. I recommend HADACOL to all my friends." (A big improvement is often noticed within a few days.)

WHY CONTINUE TO DOUBT

These are just a few of thousands upon thousands of letters that constantly pour in telling of the wonderful results the great new HADACOL is giving. It's only a very foolish person who would continue to 'doubt' HADACOL'S effectiveness and continue to suffer in view of such overwhelming evidence.

Relieves the Cause of Stomach Distress Due to Such Deficiencies

So if you are suffering from stomach disturbance (gas pains, indigestion, heartburn), if the food you eat disagrees with you because your system is lacking Vitamins B1, B2, Iron and Niacin—don't delay—start taking HADACOL today. HADACOL is not a quick-acting

antacid which gives symptomatic relief—instead, HADACOL actually relieves the REAL CAUSE of such stomach misery due to such deficiencies. And continued use helps prevent such painful distress from coming back.

Hundreds of Doctors Recommend It

Hundreds upon hundreds of doctors recommend HADACOL. It not only supplies weak, deficient systems with extra quantities of important Vitamins B1, B2, Iron and Niacin but also beneficial amounts of precious Calcium, Phosphorus and Manganese—elements so vital to help maintain glorious health and guard against such deficiency ailments. And so inexpensive. Costs only a small amount a day. Trial-size bottle, \$1.25. Large family or hospital size, \$3.50. (C) 1950, The LeBlanc Corporation.

UNC Publicitor Almost Matches Leahy's Moaning

South Bend, Ind., Sept. 28—(AP)—Notre Dame's 1950 edition of the fighting Irish will open its 62nd football campaign Saturday against North Carolina before a sellout crowd of 57,000 in Notre Dame Stadium.

Coach Frank Leahy's Irish will enter the game against the Tar Heels with a 38-game undefeated football streak which spans the past four years. The head man came through with his usual gloomy prediction:

"I don't see how we can win." But his walls were almost matched by North Carolina's publicitor, Jake Wade.

"We had the most horrible pass defense in the history of football last Saturday against North Carolina State," moaned Wade. Nevertheless the Tar Heels beat North Carolina State, 13-7.

In spite of Wade's misgivings, Notre Dame remembers the first 40 minutes of the game with the Tar Heels in Yankee Stadium last year and is inclined to be wary. Coach Carl Snayley's Southerners held the great 1949 Irish eleven to a 13-6 lead at that stage, before Notre Dame pulled away to a 42-6 triumph.

Yesterday, for the first time in five years Notre Dame cancelled scrimmages for the final week of practice for its opening game. Coach Leahy, fearful of further injuries to his key men, decreed dummy drills and pass protection measures for the remainder of the week.

Bill Gay and Bill Barrett, two experienced halfbacks from Chicago already are nursing injuries and may not be at their best Saturday.

Notre Dame's 1950 ensemble will present the youngest team in years—an average age of only 19. Leahy is pessimistic over the chances of the Irish in this year's campaign, but admits that because the team is young it should improve from game to game. However, he has only quarterback Bob Williams returning from 1949's starting lineups with such stalwarts as Leon Hart, Emil Sitko and Jim Martin departed from the scene.

Cub Scout Pack Will Meet Friday Night

Cub Scout Pack nine will have its first fall meeting Friday night at 7:30 at the Immanuel Baptist church. The pack is sponsored by the church, and R. O. Everett is cubmaster.

Members of the pack as well as other boys between the ages of 8 and 11 have been invited by scout officials to attend the meeting. Parents of the boys also have been invited to attend the meeting.

Consumers, Taxpayers Face Rougher Going Even After Victory In Korea

By SAM DAWSON
New York, Sept. 27—(AP)—After final victory in Korea it's going to be tougher than it is now—tougher for you as consumer and taxpayer, tougher for you to do business if you're a businessman.

Maybe you think you're going to relax when the shooting ends. You're on notice today that you aren't. Top officials tell you today: the cost of living is going up; taxes are going to be higher; controls are around the corner; there'll be fewer gadgets in the stores so that more guns can be made.

This won't stop with the fighting in Korea, Washington re-affirms. Korea was the straw that broke the back of the democracies' patience. From now on they are re-arming.

For the United States this means that the present \$14-billion-a-year defense bill will be hiked to \$30 billion by next summer. Some think it will go to \$40 billion the following year, perhaps to \$50 billion.

The important thing to remember is that the program hasn't really started yet. You've scarcely felt it yet, either as a consumer or as a merchant or manufacturer.

Let's leave the special problems of the businessman till tomorrow, and look at what economists, as well as Washington officials, say is in store for everyone, if the end of

the Korean war doesn't reverse public support for the re-arming program to which we are committed:

1. Taxes. Less take-home-pay, starting next week. Even less next year. The drive to "pay as we go" is going to be tougher on your pocketbook than you now realize, says Treasury Secretary Snyder.
2. Prices. Living costs are going up, the Commerce Department predicts today. Already near the 1948 peak, prices in general will go still higher—both for food and manufactured goods, the Department says.
3. Controls. Government controls "are not too long away," says Commerce Secretary Sawyer. Some think Price controls are due early next year, unless commodity prices break sharply with the collapse of the Reds in Korea—and stay down, which many think unlikely. Wage controls may follow, to halt the inflationary spiral.
4. Credit curbs. Present mild restrictions on instalment buying are likely to be tightened further before the year is over to make it really tough to buy on the cuff. New restrictions on some mortgages may be clamped on even sooner.
5. Homes. It will grow harder and costlier to finance the building of a new home. Defense plants will take more copper, zinc, steel

and lumber. Only one-third as many homes will be started next year as are being built this year, the Commerce Department thinks. The National Retail Lumber Dealers Association, however, believes the home building boom will deflate so rapidly that within two months there will be more lumber than the public will buy.

6. Goods in the stores. The rush to build up inventories of consumer goods has swamped some manufacturers with orders. But if the defense program really gets into high gear next year, production of civilian goods will be slowed.

For one thing, there will be short supplies of steel, copper, aluminum, rubber, nylon and so on, for purely civilian production. Defense production will have first call.

For another, factories making purely civilian goods will lose labor to factories making war goods.

Industry after industry has assured us that it can meet the demands of defense and fill all the essential needs of civilians—if the defense program doesn't go beyond announced plans.

But the frills will be trimmed off many persons' living standards. Victory in Korea notwithstanding.

Larger Supplies And Lowering Of U. S. Meat Price

Washington, Sept. 28—(AP)—Government promises of larger supplies and lower prices of meat today showed signs of fulfillment.

As the Agriculture Department predicted several weeks ago, the movement of cattle and hogs from farms to slaughter market is beginning to increase. Likewise, slaughterers are beginning to cut their buying prices. These price cuts should soon be reflected in retail price levels.

It is normal for meat supplies to be lowest and prices highest in the late summer. That is the season of smallest marketings of meat animals. Farmers are busy then with crop cultivating and harvesting operations and with fattening of meat animals.

Normally, farm sales begin to expand in late September. They usu-

ally reach the year's highest level in December and January. Similarly, prices generally are lowest during those months.

As evidence of increasing meat supplies, the Agriculture Department reported that meat production by federally-inspected slaughterers last week totaled 328,000,000 pounds. This was an increase of 6 per cent over previous week and 11 per cent above production in the corresponding week last year.

The bulk of this increase was pork. Hog slaughter was 9 per cent greater than in the previous week.

Market receipts of hogs last week were said to have been the largest for the season to date and of record proportions for this time of year.

Supplies of beef cattle at major markets also were the largest of the season. Receipts showed an increase over the previous week, but unlike hogs were considerably smaller than a year ago.

Atlantic Luxury Airliner By 1952

Fort Worth, Tex., Sept. 28—(AP)—England will have a luxury air liner flying the Atlantic by 1952, the general manager of Bristol Aeroplane Company declared.

R. S. Brown said the plane, being built for British Overseas Airways, will carry 100 passengers and contain sleeping berths, cocktail lounge and a dining room seating 32 persons.

Report No Trace Of Pitt Escapee

A check with Pitt County prison camp officials today revealed that so far no trace of the escaped prisoner who broke away from a Pitt work gang recently has been found.

The prisoner, Peter F. Baxter, age 27, jumped from a moving prison work truck in the heart of the business district of Greenville and then led officers of two counties on a chase for three days before stealing his third car in Pitt and escaping.

The car was traced to Lincolnton, his hometown, but there the trail of the escape ends.

While officers were searching for him, Baxter left a trail of crimes which included two stolen cars and one truck, robbery of two houses, larceny of a shotgun, raincoat, and a bicycle.

He was serving a 15-year sentence for murder.

Terrorists Face Propaganda War

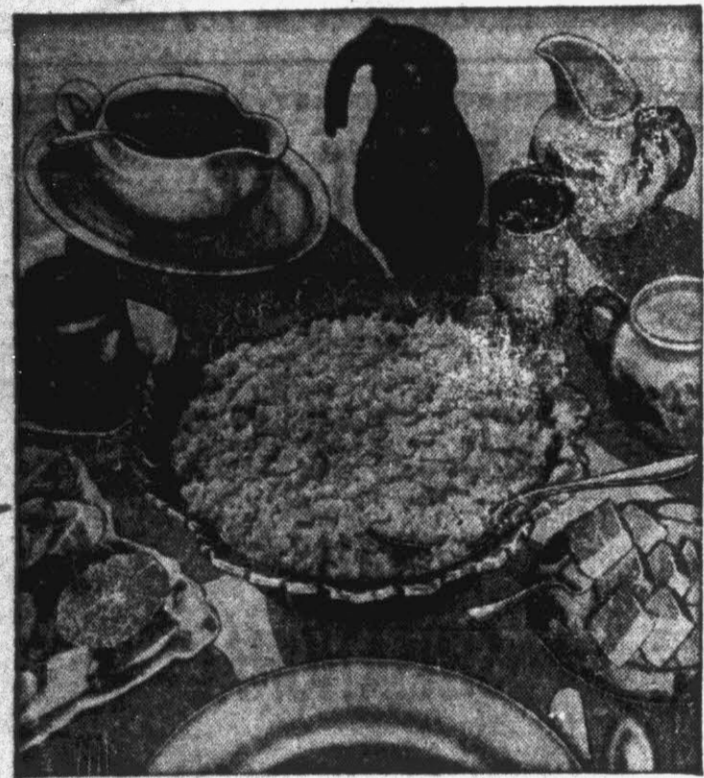

Singapore—(AP)—Malays will shortly begin waging psychological warfare on the Communist terrorists who have been fighting the government for over two years.

A top-ranking British propaganda expert is due from London shortly. The propaganda offensive is part of the so-called "Briggs Plan" to end terrorism in the country.

Coincidence

Pekin, Ill., Sept. 28—(AP)—The towboat "Franklin D. Roosevelt" struck and damaged a pier on the railroad bridge on the Illinois River south of Pekin Jan. 31.

A few days ago another towboat struck the same pier and finished the job of flattening it. The boat's name? The "Harry S. Truman."

Seven Favorite Ways To Serve Fluffy Riceland Rice

Seven Quick Ways To Serve Riceland Rice

Many good cooks know more than 200 different, delicious ways to serve Riceland Rice.

Delicious Riceland Rice is a favorite ingredient in the better recipes for soups, chili, stews, meat loaves, croquettes, casseroles, jambalayas, chicken dressing, griddle cakes, muffins, salads, puddings, pies, bavarians, custards and countless other dishes.

And, of course, Riceland Rice is the basis of dozens of rice main dishes such as Rice Fiesta, Mexican Rice, Spanish Rice, Flemish Rice and Turkish Rice, to name just a few.

Tender-cooked, fluffy Riceland Rice is wonderfully delicious "as is", served plain, so you can enjoy the steaming, wholesome goodness of the world's most delicious rice itself. Many families serve it that way with every meal, often with one or more of the following additions:

7 Quick Ways To Serve Riceland Rice

- Riceland Rice With Gravy**
Whenever you serve meat, make a lot of rich, brown gravy to put over individual servings of hot fluffy Riceland Rice. Meat, rice and gravy just naturally go together.
- Hot, Buttered Riceland Rice**
Let a slice of butter or margarine melt down through each individual serving of hot, fluffy Riceland Rice. Mmm! Mmm! What flavor!
- Sugared Riceland Rice**
Like it sweet? Then after the butter or margarine has melted through the hot, fluffy Riceland Rice, sprinkle white or brown sugar over the top. Many folks also add a light sprinkling of cinnamon.
- Hot Riceland Rice With Sugar And Cream**
For breakfast serve hot, fluffy Riceland Rice with sugar and cream. Riceland Rice can be cooked the day before and heated in a jiffy for a quick, energy-rich breakfast.
- Serve Riceland Rice with sugar and cream for a delicious, nourishing lunch.** Wonderful for hungry children after school, too. Wholesome and easily digested.
- Riceland Rice with sugar and cream makes a quick, economical and delicious dinner dessert.** Sprinkle lightly with cinnamon if desired.
- Riceland Rice Is Easy To Cook! Tender! Fluffy!**
To get the best results with this recipe and all rice recipes, be sure to use Riceland Rice. It's the world's most delicious rice—grown in the heart of the quality rice belt of America. Only the choice, perfect-cooking rice grains are packed in Riceland packages.
- This quality rice is quick and easy to cook.** Riceland Rice cooks deliciously tender with white, fluffy, individual grains.
- Most grocers now feature this better-cooking, wonderfully-delicious, packaged rice—and at economical prices, too!** Riceland Rice costs only one-cent a serving.

Hot Tips On Hot Water ... by Coleman

AN ACRE OF DIRTY DISHES EVERY YEAR!
... And It Takes 3650 GALLONS OF HOT WATER To Wash Them!

YES... IN THE AVERAGE HOUSEHOLD IN A YEAR'S TIME... SOMEONE WASHES ENOUGH DISHES TO FILL AN ACRE OF SPACE. BUT AUTOMATIC HOT WATER CUTS DISHWASHING TIME AND TOIL IN HALF WITH A COLEMAN!

It Costs Only \$1.46 A Year For Fuel...

...TO HEAT THE 3650 GALLONS OF WATER NEEDED FOR THOSE DISHES, A COLEMAN OIL WATER HEATER BURNS LOW COST FUEL OIL....

IS COMPLETELY AUTOMATIC!

Traffic Program Making Progress

By CHESTER WALSH
In line with the city administration's plans for improving traffic conditions and providing more parking space in Greenville, Police Chief Guy D. Langston today had a squad of officers installing traffic signs, indicating lead-in zones and passenger bus zones.

Mayor W. S. Stafford, Alderman James E. Collins of the police committee and Police Chief Langston recently made a survey of traffic and parking conditions in the business sections of the city. Marking off of loading zones near intersections will considerably facilitate this type of motor vehicle traffic. The yellow line in the center of Fifth Street, from east to west, across Evans at Five Points, warns motorists that there are no left turns there. New traffic markings on Dickinson Avenue are facilitating the movement of traffic on that thoroughfare, it appears. One traffic detour in Greenville now is the parking of cars too close to corners at intersecting streets, numerous businessmen and others have pointed out to the police. Plans are under way to eliminate this hazard.

Traffic police today pointed out that all parking meters here are for two hours. Dimes cannot be used. Pennies and nickels are all right. A penny pays for 12 minutes parking time. Five of them give you one hour. If a motorist wants to park for two hours and is going to

use pennies and a nickel, the five pennies should be inserted first, the nickel afterwards.

Chief Langston today said that the proposed traffic improvement program in Greenville will be carried out as rapidly as possible. The chief said his department will appreciate constructive suggestions from businessmen and others.

Remodeled Store Is Opened Today

The new, completely remodeled Brody's Department Store opened this morning after undergoing complete renovation in every department.

Morris Brody said today that "the main reason for the changes being made in the store, was that Greenville is growing and we want to grow with it, keeping our store as modern as possible."

Previously the store was a general department store, but now there are separate departments for dresses, shoes, accessories, hosiery and other items. By having the store so set up, "we will be able to speed up service to customers and offer them a larger display than before," Brody stated.

In addition to the setting up of individual departments, seven private fitting rooms for the use of customers have been built upstairs on the balcony where the suit and dress sections are located. New furnishings on the shoe section which has been reworked with glass display windows all around.

Throughout the store merchandise is shown off by mirrors placed behind it. An entirely new lighting system, designed to offer the best in daylight-type lighting has been installed. The new fixtures were hand carved and are of walnut wood. In addition, the entire store has been repainted in pleasing colors. Brody's first opened in Greenville in 1934.

Pitt Underwriters Cited By Nat'l Body For Its Membership

Washington, Sept. 28.—The Pitt County Association of Life Underwriters was cited today by the National Association of Life Under-

A U. S. Marine climbs over a shattered barricade in the business district of Seoul at the height of fighting for possession of the South Korean capital city. Americans and South Koreans liberated the city and launched a street-to-street mop-up campaign to wipe out a small force of Reds still holding out. Max Desfor, Associated Press staff photographer, made this picture. (AP Wirephoto via radio from Tokyo).

Kansas City Site Of Crime Hearing

Kansas City, Sept. 28.—(AP)—The Senate Crime Investigation Committee today opened hearings expected to delve into the political interests of the underworld.

Approximately 30 witnesses have been summoned for the hearings which will continue through Saturday. Among those subpoenaed is former State Attorney General Roy McKittick, a Missouri candidate for governor in 1948.

McKittick previously had testified that Charles Binaggio, Kansas City Northside Democratic leader, offered him \$30,000 if he would withdraw from the gubernatorial race and run for attorney general.

Binaggio supported the present governor, Forrest Smith. Last April 5 Binaggio and his henchman, Charles Gargotta, were shot to death. Their slayers have never been found.

Other witnesses include several persons whose names have been linked with Mafia, secret Sicilian society. The committee is expected to look into the political interests of Mafia.

Kansas City is the committee's first stop in a series of hearings on gambling and organized crime. Other scheduled stops include Chicago and Philadelphia.

Senator Kefauver (D - Tenn), chairman of the committee, said on his arrival here last night that the purpose of the hearings will be to get a clear picture of interstate crime.

Lawyers Assert Threats Made Regarding Case

Dunn, N.C., Sept. 28.—(AP)—Two Harnett County lawyers who have been employed to prosecute two Kinston youths charged with assaulting a Dunn minister, say they have received threatening letters regarding the case. The lawyers are Duncan C. Wilson

Offers Similar Plan For Korea

New York, Sept. 28.—(AP)—American sources today outlined a six-point peace formula for Korea calling for a unified country to be put back on its feet by the combined resources of the United Nations.

The elements the United States considers essential for Korea's future follow closely proposals advanced by Britain and Canada. The British are rushing work on a post-war plan for the nation.

Junior College To Get Bequest

New York, Sept. 28.—(P)—Pfeiffer Junior College of Misnehimer, N. C., has been notified that it will receive a \$68,000 bequest from the estate of the late Mrs. Louise Foote Pfeiffer.

An estate tax appraisal made yesterday disclosed the bequest among some 600 others made to various charitable and educational institutions and others.

That 38th . . .

(Continued from page one) mission which would see that the organization's plans were carried out. The commission would have strong Asiatic representation to deal with this Asiatic problem.

It is difficult to see how the U.N. plans could be carried out without sending a strong military force across that 38th parallel into North Korea. The U.N. commission cer-

Favors Revision Of Mobilization

Washington, Sept. 28.—(P)—Rep. Vinson (D-Ga) today urged revision of the draft law to correct the "inequalities" he said result from the call-up of National Guard and reserve forces while men without previous service stay home.

Opening hearings into the Army's manpower needs and the way it uses the forces it has, Vinson said the House Armed Services committee heads should "get into the subject deeply enough to propose remedies for such inequalities."

Vinson noted in a prepared statement that the present draft law exempts from induction men with dependents.

Yet, he continued, in calling up the National Guard and reserves, the Armed Forces are "taking men who have had four, five, even six years of military service during the last war."

"We are taking in men who have many dependents," Vinson said. "We are finding that men without previous service are still at home. Yet veterans are being ordered into service. Many men without previous service have married and are unavailable to the draft under present regulations, but we hear talk of taking veterans under the draft."

Members of the Guard or reserves who are in school, "some in highly specialized fields," are being called up while their non-reserve classmates are being deferred, Vinson continued.

He called upon the Army to say how long it proposes to hold members of the Guard and reserve on active duty. The draft limited service to 21 months.

Political Circles . . .

(Continued from page one) President, that this would pit off Communists on secret plans. But—even if the law were in effect now on that point, the secretary wouldn't have to post such a notice if he didn't want to. He could still rely on the FBI and military intelligence to try to keep Communists out.

Still, this part of the law would help the government in this way: For example, say the government wanted to keep Communists out of jobs on the railroads, which haul

Happy Is The Day When Backache Goes Away . . .

As we get older, stress and strain, over-exertion, excessive smoking or exposure to cold sometimes slows down kidney function. This may lead many folks to complain of nagging backache, loss of pep and energy, headaches and dizziness. Getting up nights or frequent passages may result from minor bladder irritations due to cold, dampness or dietary indiscretions.

If your discomforts are due to these causes, don't wait, try Doan's Pills, a mild diuretic. Used successfully by millions for over 60 years. While these symptoms may often otherwise occur, it's amazing how many times Doan's give happy relief—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!
