Neutrals Talked For 'Watchdogs'

Communist Negotiators Include Poland And Czechoslovakia As Possible Observers For Korean Armistice; Exchange Of War Prisoners Delayed By Enemy

PANMUNJOM, Korea (UP)—The Communists Wednesday suggested two Communist and three non-Communist countries to supply "neutral observers" for a Korean armistice.

Red representatives told U. N. delegates in a subcommittee meeting that observers from Denmark, Sweden, Switzerland and Communist Poland and Czechoslovakia would be acceptable to them.

The Communists said there would be "no boss" of the inspection group "except the terms of the armistice itself", the U.N. briefing officer reported.

The Communists had suggested that observers from neutral states visit "ports of entry" behind both lines to see that neither side brought in fresh troops or supplies during an armistice.

Until Wednesday, however, the Reds had refused to name the countries they considered "neutral" and thereby eligible to supply observers. There seemed more question whether the U.N. would accept either Communist Poland or Czechoslovakia as truly "neutral" in the Korean war.

When the Allies Wednesday asked the Reds for examples of countries which could qualify as "neutral" for supplying observers, the Red said they would agree to invite representatives "of those nations not directly taking part in the fighting."

It was emphasized that the five nations were in no sense nominations for a neutral inspection commission, but only a sample of Communist thinking on the subject. The U.N. has not in fact accepted or rejected the principle of neutral inspection.

The Communists blocked an immediate discussion of an exchange of war prisoners in Korea.

U. S. Maj. Gen. Howard M. Turner asked the Reds in a subcommittee meeting if they would agree to appointment of a second subcommittee to consider the prisoner question.

The Communists replied that their senior delegate, North Korean Lt. Gen. Nam Il, has given them no instructions on the matter — first raised by the U.N. in a plenary session Monday — and therefore they could not give a definite answer.

The U.N. wants to arrange an exchange of prisoners as soon as possible because of evidence indicating that nearly 6,000 U.N. war prisoners — mostly Americans — already have died in Communist atrocities.

The U.N. spent the rrst of the nearly 2 1-2-hour meeting trying to get the Reds to clarify their proposal for supervising an armistice.

"We still don't know what they mean by ports of entry," said U.N. spokesman Lt. Col. Howard S. Levie.

Secret Big Four Talks Offer No Hope For Action

Western Sponsors Of Disarmament Goal Admit Differences Too Great

By R.H. SHACKFORD
United Press Staff Correspondent

LONDON (UP)—The secret Big Four talks in Paris on disarmament offer only the prospect of an agreement to talk further about the problem.

Anyone who hopes the Big Four talks, or even any subsequent wider conference, on disarmament will offer any early relief from rearmament burdens is being overly optimistic.

The Western sponsors of a disarmament program are the first to admit that the differences between East and West are still too great to hope for any progress toward disarmament.

Their maximum hope is for agreement with the Russians to sit down with all the other United Nations in a special commission and start along the long, long road that may ultimately lead to reduction of conventional arms and international control of atomic energy.

Given the best will and desire to cooperate on all sides, any tangible agreement on even starting a census of arms, let alone reduction, would be far in the future.

The history of disarmament talks between the first and second world wars is not a pleasant precedent. The statesmen of the world talked and talked for years—and failed to get to first base.

The present campaign inside the U.N. was started by the United States and supported by Great Great Britain and France at the opening of the Paris session of the General Assembly.

Soviet Foreign Minister Andrei Y. Vishinsky always countered with the old Soviet proposal, the first step should be outlawing of the atomic bomb but with no assurances that the Iron Curtain would be lifted to allow neutral inspection to see whether Russia were telling the truth.

The Big Four representatives are now meeting once or twice a day to see whether they can agree on how to talk about disarmament.

There is little prospect that even that will succeed. Vishinsky has played his obvious card—a charge that the West is insincere. He charges that while the West talks about disarmament in Paris, all of the West's foreign ministers ran off to the Atlantic Pact meeting in Rome to hold a "council of war" and talk about rearmament.

Even at the meeting which approved the Big Four secret talks, Vishinsky continued his belligerence. This led U.S. representative Philip Jessup to predict that even the subcommittee's job—to agree only upon procedure—would not be easy.

Winterville Ruritan Club Honored

President Lloyd Worthington (right) of the Winterville Ruritan club is shown accepting for his club the award for outstanding community service presented last night at the district meeting of the Greenville-Goldsboro Ruritan district. The Winterville club was chosen for the community service award among the 19 clubs of the district. District Governor Ernest Cullifer (left) presented the award to Worthington. (Reflector Staff Photo).

District Ruritans Name E. L. Slack As Governor

Winterville Club Receives District Award For Outstanding Community Service During Past Year At Meet

More than 100 Ruritans representing 19 clubs from this section of the state gathered here yesterday for the annual meeting of the Greenville-Goldsboro Ruritan district.

Ernest L. Slack of Bath was elected district governor at the business session yesterday afternoon to succeed Ernest Cullifer of Pinetown who has been district governor for the past year.

The Winterville Ruritan club received the district award for outstanding community service during the past year and the presentation of the coveted plaque was made to club president Lloyd Worthington by District Gov. Cullifer. The Fountain club received the district award for attendance for the past year with an official attendance record of 86.29 per cent.

The district meeting began yesterday afternoon with a discussion of club officers duties followed by a general business session.

At the banquet last night at Respess Brothers barbecue place William B. Rodman, member of the General Assembly from beaufort County, urged the Ruritans to support the educational program of North Carolina and to do their best to see that a larger percentage of the boys and girls of this section complete their high school education.

"There has not been a year yet when as many as 30 per cent of those children who started in the first grade in North Carolina finished high school," the speaker declared. "You must find the answer to why so many of our boys are not finishing their high school education. The day has passed when we can expect to live and hold our place unless we have a sound basic knowledge."

Rodman pointed out that in 1930, 83 per cent of the white children enrolled in North Carolina public schools were in the elementary grades and only 17 per cent were in high school. Among the Negro students in the same year 94 per cent were in elementary grades and only six per cent were in high schools. For the 1949-50 school year, he said, 78 per cent of the white children were in the elementary grades and only 22 per cent were in high school. In 1939 for every 1,000 students who entered the white schools only 287 completed their high school education, and only 88 Negro students out of every 1,000 who entered the first grade finished high school.

"We have a lot yet in the way of ignorance which must be dispelled," Rodman asserted. "Rural schools have shown far greater progress than many of the city school administrations. In many rural schools there are a larger per centage of the students carrying through their high school education."

Rodman, however, vigorously opposed the institution of a program for truant officers to force the children of the state to attend public schools. "If you can not sell the parent and the child the idea that his attendance at school is a benefit to him, you haven't done anything," Rodman stated. He urged the Ruritans to return to their home communities and join hands with the school forces to make better public school education in North Carolina.

Rodman was introduced by Principal H. B. Mayo of Chocowinity high school.

New District Governor Slack in his acceptance address to the Ruritans pledged his best efforts to the organization and requested the cooperation of each club in the district. "We have 19 clubs in the district. We should have 40," he said. "It is up to you to spread Ruritan in your own communities."

Ruritan National past president Curtis Old of St. Brides, Va. congratulated the district on its progress during the year and added, "In a lot of communities progress waits for men to grow in order that their communities might grow."

Hassel Gurganus, chairman of the entertainment committee, introduced Mrs. B. L. Tyson who entertained the Ruritans with songs, numbers on her accordion, and several readings.

Noel Lee, Jr. of Pactolus, treasurer of Ruritan National, Marvin L. Gray, executive secretary of Ruritan National, Edgar Whitley, secretary of the Rocky Mount-Durham district, Allan T. Powell, Pitt County auditor, and Dave Whichard, managing editor of The Daily Reflector, were guests at the meeting.

W. T. Kyzer, manager of the Greenville Chamber of Commerce, welcomed the Ruritans to Greenville in a short talk.

Average Yield Of Small Grains In County Increasing Each Year

The average yield per acre for small grains in Pitt County is steadily increasing each year, says County Farm Agent Sam Winchester.

The farm agent said this morning the average corn yield per acre for the county this year would probably be substantially higher than the state average yield of 34.5 bushels per acre.

The total acreage devoted to corn in the county this year will be between 1,000 and 2,000 acres less than the 1950 figure of nearly 78,000 acres, Winchester said.

He disclosed that the highest weighed corn yield in Pitt County this year was 129.5 bushels per acre. This yield was made by Jimmie Singleton of Grimesland, 16 year-old 4-H Club Corn Champion for the county. "There may have been a higher yield somewhere in the county," Winchester said, "but Singleton's is the highest official weighed yield."

Small grain production in the county this year was outstanding, with wheat particularly good, the farm agent stated. "Yields in the 40-50 bushels per acre range were quite common," he said.

In 1950, the highest wheat yeild in the county was eight bushels per acre, but at that time farmers were not using the new mildew resistant varieties. Last Fall farmers planted the new varieties and experienced great success with them. "Approximately 2,000 more were devoted to wheat, and more than 65,000 bushels were produced in the county this year," Winchester said.

The two new varieities, which were developed by the N. C. Experiment Station, combat "powdery mildew" and "leaf rust" to a highly successful degree, asserted the farm agent. "I think these new varieties have done more to stimulate individual interest in wheat production than any other one factor."

New varieties have also increased oat yields in the county. "Though Pitt farmers raise very little oats for combining purposes, a great deal is planted for hay and feed," Winchester said. There is a new, high-yielding variety of oats called the "Arlington", which was developed two seasons ago by the experiment station.

In variety tests, the "Arlington" produced 20 to 30 bushels more per acre more than its nearest competitor. By way of comparison, Winchester disclosed that if one variety tested produced 75 bushels per acre, the "Arlington" would produce around 100 bushels under the same conditions. "It certainly is a phenomenal producer," he said.

Barley production was limited to a little more than 500 acres in the county this year. It is used as a grain feed for all type of livestock and in some instances, replaces corn. Officials say that pound for pound, barley will produce the same results as corn. "Though acres in barley this year, with the high-yielding variety, "Colonial 2", available, we expect that figure to increase substantially over the next three years," Winchester added.

Pitt School Board Okays Floor Plans Of New School

The Pitt County Board of Education approved the floor plans of four room new school building at Sallie Branch at a meeting of the board Monday afternoon.

The plans approved by the board are now subject to approval by the State Board of Education but the building will be constructed from local funds. The school at Sallie Branch is in the Belvoir township.

A request was made by Walter Latham, principal of the Bethel School and R. O. Everette for some means in which to heat the gymnasium at the Bethel School. They asked for a hot air unit to be put in the gym and advice on installing it.

J W. Griffith, architect, was authorized by the board to check requirements for the installation of the heating unit in the school with the State Insurance Commissioner and the Fire Marshall.

A letter from D. R. Walker, State Superintendent of the Negro Schools, was read to the board in which Walker cited the improvements which have been made in the schools. He commented on the clean buildings and school grounds, the work which is being carried on in the schools, and the expansion of libraries.

The board looked over the rules and regulations of basketball in the county schools which was approved on October 24 and adopted by the Pitt County Athletic Association. The supervisor's reports in the schools were also looked over by the board.

Five Red Jets Shot Down, Five Damaged In Air Fight

Sees No Officials In Tax Shakedown

But House Prober Indirectly Blames Caudle For Situation That Led To Reported Attempt In Tax Case

WASHINGTON (UP)—Chairman Cecil R. King of the House subcommittee investigating government tax scandals said Wednesday there was no evidence that government officials took part in a tax shakedown.

However, he indirectly blamed ousted Assistant Atty. Gen. T. Lamar Caudle for the situation that led to the reported shakedown.

Abraham Teitelbaum, one-time attorney for the late Al Capone, testified yesterday that a friend of Caudle's offered to fix his tax case for $500,000.

Teitelbaum said that Frank Nathan, a friend of Caudle's, made the proposition to him last April in Miami. Nathan and Bert K. Naster, an associate of Nathan's, also told him, Teitelbaum said, that if he didn't come across with the $500,000, they would have him sent to jail.

Teitelbaum said Nathan and Naster claimed to have Caudle and Charles Oliphant, chief counsel of the Internal Revenue Bureau, "in their vest pockets."

King opened today's hearing with a formal statement. He pointed out that no direct testimony had been offered that any government officials had anything to do with the alleged shakedown attempt.

"Lacking such testimony," he said, "we assume they did not."

However, he took Caudle sharply to task for his failure to reject Nathan as a friend.

He said Caudle persisted in this friendship despite warnings by his associates that Nathan, Pittsburgh and Miami promoter, was using him, and despite the fact that another government witness, General Services Administrator Jess Larson, said it should have been apparent to anyone that Nathan was an "influence peddler."

"Nevertheless, Mr. Nathan was able to continue to pose as a man of influence—very largely, it is apparent, because former Assistant Atty. Gen. Theron Lamar Caudle maintained a constant and public, social and business relationship with Nathan," King said.

Caudle's wife, advised of King's statement, said: "That's the only piece of sunshine I've had all day." She said Teitelbaum's story was fantastic. Caudle previously had denied it.

All the officials named by Teitelbaum have denied the story, King pointed out.

"Even if Mr. Caudle was too blind or too self-interested to see the dangers of his association with Nathan, he was warned by close associates in the government of that danger. Instead of heeding these warnings, Mr. Caudle simply contrived that these associates should also be publicly seen with Mr. Nathan.

"Rather than taking firm steps to remove Mr. Nathan's ability to fabricate plausible stories of influence in high places, he contrived to give Nathan's claim of power an appearance of firm foundation...

"Mr. Larson concedes that he held at least 60 telephone conversations with Mr. Nathan, both at his office and at home, after the time that he put Mr. Nathan on the suspect list. In that period of time, Mr. Nathan readily concedes that he was able to realize at least $87,000 in fees from War Asset Administration dealings to which he contributed neither talent nor money.

"If Nathan has been able to do this in the face of what Mr. Larson has said were efforts to be rid of him, one can readily see what opportunities were presented by the avowed, open and constant friendship of an assistant attorney general of the United States."

Chairman

Floyd F. Hendrix of Greenville replaces Brown Hodges of Grifton as chairman of the Pitt County Board of Commissioners. Hendrix was unanimously elected chairman for 1952 at the board meeting Monday. Hendrix is serving his first term as commissioner.

Pitt Countian Dies In Highway Accident

By ROY HARDEE
Reflector Staff Writer

FARMVILLE—A head-on collision between two trucks yesterday afternoon, about six miles north of here, fatally injured a 31-year-old farmer, James Robert Garris of Route 1, Greenville.

According to information released by Highway Patrolman Bruce H. Jackson, investigating officer, the accident occurred on Highway NC 122, around 3:30.

Jackson stated that both trucks hit head-on, with the Garris truck which was traveling north, colliding with a lumber truck that was headed south, on the lumber truck's side of the highway.

Garris was pinned in the wreckage of his pick-up truck, and a farm tractor had to be used to pry away the wreckage in order that he could be removed and carried to the hospital. The entire front of Garris' truck was torn away and the motor pushed into the cab of the truck.

Jackson quoted the driver of the second truck, Charlie Dixon, 35, of Robersonville, as saying that he had just rounded a curve some 50 yards up the road and saw the pick-up truck driven by Garris, leave the road on the right hand side going onto the shoulder and then come back onto the shoulder across the highway and off the left shoulder. "I saw that we were going to hit and put on my brakes but could not stop before we struck," Dixon stated.

Dixon's truck was hauling a load of green timber, and the entire load shifted and pushed in the cab on the truck, but the driver escaped without injury.

Garris died in Pitt Memorial Hospital at 6:15 of multiple injuries some two hours after his arrival there.

For Pitt County, the death brought to ten the total number of persons slain on the county's highways this year. A period of nearly two months had elapsed since the last fatal accident, which brought death to a teen-age youth near Grimesland, on October 12.

Jackson was quoted as saying that tire marks were found 45 yards away from the point of impact indicating that the Garris truck traveled on and off the highway at least 135 feet before hitting the truck.

Coroner Griffin H. Rouse today had not completed his investigation of the accident and it was not known whether he would deem an inquest necessary.

Both trucks were a total loss, the officer reported.

Jackson reported that he was unable to get any information from Garris, due to his condition.

Board May Talk City Wage Hike

The question of a five percent increase in salary for city employees may come up for discussion before the Board of Aldermen at its meeting tomorrow night.

Recently the Utilities Commission voted for a tentative five percent wage increase for salary employees, effective January 1 and it may pave the way for the administrative branch of city employees to ask for the same thing.

The police and fire departments asked for a ten percent increase not long ago but it was turned down by the Finance Committee before it was presented to the Board of Aldermen.

Mayor Lester Page said that he is opposed to such an increase at this time. He said if the proposed increase was granted, it would mean an amendment to the budget which he does not advise at the present.

"If an increase is to be included," Page said, "it should be included in the budget at the beginning of the year and not in the middle of the year."

Acreage Figures Said Misleading

Actually A Slight Cut In Tobacco Quota, Says Meredith

Pitt County tobacco growers are informed today that there will be a slight cut in North Carolina's 1952 tobacco acreage allotment, instead of the previously publicized increase.

James Meredith, secretary of the Pitt County Production and Marketing Administration, said this morning that information recently released in regard to tobacco acreage figures was misleading in most cases.

"In reality, the state's acreage allotment for 1952 is 103 acres less than this year's," Meredith said. "This year's allotment was 740,747 acres. The 1952 allotment is 744,348 acres, including 3,704 acres for adjustment of old farms. The total 1952 acreage figure, less the 3,704 acres for adjustment, sets the true 1952 acreage allotment at 740,644 acres—103 acres less than the 1951 figure."

Meredith explained that no farm with an allotment of less than 125 acres will be affected at all by the cut. Farms with allotments of 125 acres or more will receive a sight cut, but the decrease will be so small as to be "practically nonexistant."

Seven Leave For Service In Army

Seven men left here this morning under orders of the Selective Service Board for Raleigh to be sworn into the Army.

Those who left were: Fred Teel, Jr., colored, Greenville; John Samuel Fleming, white, 411 Greene Street, Greenville; Douglas Earl Tripp, white, Route 4, Greenville; Daniel Robert Hughes, white, Route 1, Tarboro; Rudolph Leon Blake, white, Bethel; Joe Grimes, Negro, Bethel; and Bruce Mellon Green, Negro, Route 1, Grimesland, who was a volunteer.

All of the men are single.

PLAN MORE AIR WINGS

WASHINGTON (AP) — Defense Secretary Robert Lovett said today the budget plans for next year call for an Air Force of 143 wings. The present force is about 90 wings.

Tenth Straight Day Of Deadly Jet-To-Jet Battles; Commandoes Again Raid Northeastern Coast Of Korea And Run Into Enemy Prepared For Action

8TH ARMY HQ. Korea (UP)—United Nations jet planes destroyed or damaged 10 Russian-made jets Wednesday in a series of blazing battles over North Korea.

Five Red planes were destroyed and five damaged. No damage to any U.N. plane was reported by the 5th Air Force in Wednesday's fighting.

It was the 10th straight day of deadly jet-to-jet battles, in which U.N. pilots had fought the Russian-made MIG-15 . . . at great odds and won.

While the air war raged and a lull continued along the 145 mile front, United States and British Marine commandos raided the northeastern Korean coast for the second straight night Tonday, the American Navy announced.

The combined force waded ashore from landing boats below Songjin, 140 miles from the Siberian border, for another attack on north Korea's main rail link with the Russian far eastern base of Vladivostok.

A United States 5th Air Force briefing officer said that a total of 232 Communist MIG jet planes were sighted over North Korea Wednesday.

Not all of the enemy planes took part in the fighting, but they swarmed — always within fleeing distance of their Manchurian sanctuary — in formidable fleets.

One of Wednesday's dog fights lasted 35 minutes, tieing the all-war record for duration.

This, the biggest fight of the day came over the Sinanju area, close to the Manchurian border. Twenty-nine American Sabrejets, on an offensive sweep, saw a force of 80 MIGs which were attacking F-84 Thunderjets on a railroad-cutting mission. The Sabrejets swept in. The fleets broke up into ones and twos and a wild series of individual dog fights lasted for 35 minutes at altitudes of from 20,000 feet to almost ground level — "practically on the deck," as the fliers put it.

The American and British Marines had had an easy time when they caught the enemy asleep on their first commando attack on the northeast coast.

This time the Communists were ready for them. The Reds attacked with grenades, machine guns and rifles after the Marines scaled a cliff-like embankment leading to the vital railway line.

Marine flank guards returned the fire and covered the withdrawal of the rest of the raiders. The Marines suffered two wounded, but a communique said they left behind them "an undetermined number of Communist dead along the closely-guarded line."

Official reports did not mention any demolitions, indicating that the Marines did not complete their mission. They had blasted a northeast coast railway tunnel in a similar hit-run raid Sunday night.

The raiders landed from the American attack transport Horace A. Bass while the destroyer USS Tingey laid down a barrage of five-inch fire just to the north.

Along the main ground front far to the south, U.N. units on the central sector repulsed two Communist probing attacks, each by fewer than 100 men.

Temperatures ranged from five above zero in the east to just below freezing in the west.

Officers Attending District Ruritan Meet

Four of the principals at the district Ruritan meeting held here yesterday paused long enough for a picture following the adjournment of the district meeting. Pictured left to right are Ernest Cullifer, of Pinetown, district governor for the past year; Curtis Old, of St. Brides, Va., past president of Ruritan National; Ernest L. Slack of Bath, new district governor; and Noel Lee, Jr., of Pastolus, treasurer of Ruritan National. (Reflector Staff Photo).

Informal Tea Hour Honors Brides Elect And Bride

On Saturday afternoon between the hours of 4:00-5:00 p.m. Miss Carolyn Rowlette and her mother, Mrs. C. B. Rowlette, were at home for an informal tea in honor of Miss Melba Brown and Miss Jane Massey, brides-elect of December, and Mrs. John Moss, a recent bride, the former Alison Hearne.

The home was tastefully decorated for the occasion with assortments of chrysanthemums and pyracantha berries.

The callers were welcomed at the door by Miss Rowlette, Miss Brown, Mrs. W. S. Brown, mother of Miss Brown, Miss Massey and Mrs. Moss.

The tea table in the dining room was centered with an arrangement of white Garza chrysanthemums in a crystal bowl which was flanked on either side by white tapers in crystal holders. A cut work cloth covered the table and on the buffet, an arrangement of autumn fruit was used.

Tea was poured by Mrs. C. W. Howard Sr., assisted by Miss Lytle Batchelor and Miss Carolyn Clark. Cheese biscuits, party sandwiches, salted nuts, decorated mints and party cakes accompanied the tea.

An informal social hour was enjoyed, at the conclusion of which the honorees were presented with gifts of china in their selected patterns. They were also given corsages of Garza chrysanthemums upon their arrival.

Dessert Bridge Last Night Compliments Jane Massey

Mrs. I. J. Edwards Jr. and Mrs. W. M. Scales Jr. entertained last night at a dessert bridge party at the home of Mrs. Edwards on Shady Lane.

The party was given to honor Miss Jane Massey, whose wedding will be solemnized on Thursday of next week.

The home was attractive with a color scheme of red and white predominating. The tables were set for the refreshment hour and guests found their places by drawing tallies.

The five tables were laid with white linen bridge covers and centered with a red candle encircled with pyracantha berries. Red berries and candles were also used elsewhere. A lemon ice with coffee was served by the hostesses before play was begun. During the progressions, they passed around iced drinks and salted nuts.

After several progressions, Mrs. R. O. Everette was declared winner of the high score prize and was given novelty jewelry. A pair of ash trays was given to Miss Helen Hicks as a consolation prize.

Miss Massey found a corsage of white flowers at her place when she arrived and at the conclusion of the game, she was presented with gifts from the hostesses. Mrs. Scales gave her a compote and Mrs. Edwards gave her a card table.

Mid-Week Worship Service

Mid-week prayer services will be held tonight in the Youth Chapel.

The meditation will be conducted by the pastor, the Rev. Leon Russell.

Immediately following the service at 8:15, choir practice will be held.

The Board of Christian Education will also meet at 8:15 p.m.

SOCIAL CALENDAR

WEDNESDAY

8:00 p.m.—Discussion group, sponsored by the International Relations Committees of the Woman's Club and the American Association of University Women, will meet at 701 E. Fifth Street. Subject, "The Newspaper in International Education."

8:00 p.m.—Junior Woman's Club meets at the club house.

THURSDAY

1:00 p.m.—Mrs. Frank Bendall and Miss Frances Bendall will be luncheon hostesses to honor Miss Jane Massey, bride-elect.

7:30 p.m.—The Greenville-Pitt County Chapter of East Carolina College Alumni Association meets in the Alumni Office.

7:30 p.m.—Altrusa Club meets at Woman's Club.

8:00 p.m.—Mrs. W. J. Bundy and Mrs. John Harper will be hostesses at dessert bridge in honor of Miss Jane Massey, bride-elect.

FRIDAY

11:00 a.m.—Mrs. Bill Corbitt and Mrs. Milo Smith will entertain at bridge luncheon complimenting Miss Jane Massey.

3:30 p.m. — The Woman's Club will meet at club house. A. O. Therkildson will be guest speaker.

6:30 p.m.—Kiwanis Club

6:30 p.m.—Exchange Club

SATURDAY

11:00 a.m.—Mrs. John Clark and Miss Carolyn Clark will entertain at a coffee hour, honoring Miss Margaret Lee Duke, bride-elect.

4:00 p.m.—Mrs. J. H. Waldrop, Mrs. W. I. Wooten and Mrs. J. H. Rose will honor Miss Jane Massey and Mrs. John Moss at a tea at the Waldrop home on E. Tenth Street.

Prayer Service
Memorial Baptist Church

The prayer service of the Memorial Baptist Church will be held tonight at 7:30 o'clock, and will be conducted by the Coleman Circle of the W.M.S., Miss Lou Galphin, leader.

This service is a part of the W.M.S. observance of the week of prayer for foreign missions.

Social and Personal

All items for this page received after 10 a. m. will be published the following day. Dial 3356—9 a. m. to Noon; 1 to 4:30 p. m.

Dr. Joseph Smith is attending the medical meeting at Virginia Beach.

—o—

Mrs. M. T. Barnhill has returned to her home near Stokes after having undergone an operation in Pitt Memorial Hospital. She is getting along fine.

—o—

Miss Dora Coates of Raleigh will arrive Thursday afternoon to spend several days in Greenville as guest of Miss Ola Ross and Miss Ann Redwine.

—o—

Mrs. F. E. Wells has returned home after visiting friends, with Mrs. Maude Baynor Foy of Kinston, in Hertford, Edenton, Elizabeth City, Manteo and Norfolk, Va.

—o—

Mrs. E. B. Linck of Tupper Lake, New York, is spending the winter with her mother, Mrs. Lizzie Crandall, at her home, 305 Eastern St., of this city.

—o—

Mrs. Astor C. Richardson has returned from Durham where she accompanied her husband who underwent an operation at Duke Hospital. Friends will be glad to learn that Mr. Richardson is recuperating very satisfactorily.

Birth Announcement

Sgt. and Mrs. Donald C. Seibert of West End Circle, Greenville, N. C., announce the birth of a daughter on December 4 at Dr. Joseph Smith's Clinic.

Birth Announcement

Mr. and Mrs. Jessie Floyd Oakley announce the birth of a son, Floyd Ivan, on December 3 at Pitt Memorial Hospital.

Mrs. Oakley is the former Katie Lou Smith.

Birth Announcement

Mr. and Mrs. Henry S. Wood Jr. announce the birth of a son, George Henry, on November 25 in Rex Hospital, Raleigh.

Mrs. Wood is the former Miss Arleta Cox of Greenville.

Singing Convention

A singing convention will be held at Pleasant Hill F.W.B. Church on Sunday night, December 9, at 7 o'clock. A program of trios, quartets and duets will be given. The Conway trio will be present.

Turkey Supper

There will be a turkey supper at the Sweet Gum Grove Community Building Friday night, December 7, from 6:00 until 8:00 o'clock. Plates will be $1.00 for adults and 50c for children.

Attending State Art Meet

Mr. and Mrs. Robert Lee Humber, Mrs. J. L. Fleming, Mrs. C. W. Hearne, Mrs. T. Y. Walker, Miss Dora Ciriot, Francis W. Neel, Mrs. T. E. Hooker and Mrs. J.H.B. Moore are in Raleigh today attending the annual meeting of the State Art Society.

They were accompanied by Mrs. W. B. Rodman of Washington, N. C., vice president of the First Congressional District.

40 Years Ago Today

THE DAILY REFLECTOR
December 5, 1911

Mrs. Agnes Blount of Ayden was here on business between trains Tuesday afternoon.

Miss Estelle Exum of Snow Hill, who has been visiting Miss Sadie Exum, returned home Tuesday evening.

Mrs. L. C. Skinner left Tuesday night for Elizabeth City to attend the Minor-Aydlett wedding.

Mrs. T. E. Hooker went to Richmond today.

Miss Lucy Forbes came home Tuesday evening from Weldon.

The following musical program will be rendered tonight at 8 o'clock at the Christmas bazaar in the Proctor building by the ladies of the Methodist Church: Solo—Miss Annie L. Tyson; duet—Mrs. S. T. White and Mrs. J. B. James; solo—Miss Vernessa Smith; solo—Mrs. W. J. Hall; violin solo—Mrs. Savage.

In Veterans Hospital

Calvin Gorman is a patient in the veterans' hospital at Perryville, Md. His address is E. C. Gorman, Perry Point Veterans Hospital, Ward 23-B Room 11, Perryville, Md.

Chicken and Ham Supper At Winterville

Galloway's Crossroads	2:30- 2:45
Simpson	3:00- 3:15

Two Greenville Men Attend Pest Control Meeting On Monday

Two Greenville men attended the organizational meeting of the North Carolina Pest Control Operators Association held Monday in Winston-Salem.

The Greenville men at the meeting were Ivey Coward and W. G. Williams.

The purpose of the state-wide organization as set forth at the meeting is to encourage and insure good work by pest control operators throughout North Carolina. Coward of Greenville was named chairman of the public relations and advertising committee of the organization at the meeting. Officers elected by the association were: President, D. L. Goforth of Greensboro; vice-president, A. T. Best of Durham; secretary-treasurer, Walter Wilson of Winston-Salem; and directors, J. W. Taylor of Wilmington and M. S. Skull of Charlotte.

Special Meditation To Be Held Thursday

As a preparation for the Christian observance of Christmas a special service of meditation and prayer will be held in the Youth Chapel of Jarvis Memorial Methodist Church on Thursday, December 6, from 10 to 11 a.m.

This service is sponsored by the Spiritual Life Committee of the Woman's Society, under the leadership of Deaconess Mamie| Chandler, chairman. The subject of the meditation will be, "In Silence Jesus is Born; In Adoration Jesus is Seen."

The service is open to anyone who desires to accept this opportunity at the beginning of the Advent Season, to make preparation for the right observance of Christmas.

Birth Announcement

Mr. and Mrs. Thel Tyner, 210 W. Eighth Street announce the birth of a son, Thel Matthew Jr., on December 3 at Pitt Memorial Hospital.

Mrs. Tyner is the former Sarah Cook of Farmville, N. C.

Duke Divinity School Seminar Slated Here

DURHAM — The 1952 Duke Divinity School Seminars will be held next January in Greenville and Winston-Salem, Dr. Kenneth Clark, professor of New Testament at Duke and seminar chairman, announced here today.

Conducted under provisions of the James A. Gray Foundation, the seminars are designed to give North Carolina clergymen an opportunity to continue their education after graduation.

The seminars will be on the theme "Our Mission", Dr. Clark said. Identical programs will be held in the Jarvis Memorial Methodist Church, Greenville, Jan. 21-22, and in the Centenary Methodist Church, Winston-Salem, Jan. 24-25.

Principal speakers will be Dr. Daniel Johnson Fleming, emeritus professor of missions at Union Theological Seminary, New York City, and Dr. Robert E. Cushman, professor of Christian theology in the Duke Divinity School.

Dr. Fleming will discuss the foreign missionary aspect of church activities. Dr. Cushman will speak on the mission of the church in general. Evening programs on women's missionary work will be given at both the Winston-Salem and Greenville seminars by leaders in missionary work of the two North Carolina Methodist Conferences.

Dean James Cannon of the Duke Divinity School and other ministers will participate in the seminars.

The Divinity School Seminars were instituted three years ago. Major centers in Eastern and Western North Carolina are chosen each year for the programs. The 1951 seminars were held in the Myers Park Methodist Church, Charlotte, and the First Methodist Church of Wilson.

Masonic Notice

Greenville Lodge No. 284, A.F.&A.M., will have an emergent communication Thursday night, Dec. 5, at 7:30 p.m. There will be work in the First Degree.

All Entered Apprentices, Fellow Crafts and Master Masons are invited.

W. G. GARNER, Master
A. R. HOUSE, Secretary

There may be over a billion star systems in existence, some of them bigger than the Milky Way system with its many billion suns.

Plan Party For City Newcomers

Tentative plans for a newcomers party for new citizens who have moved to Greenville during the past year were made Monday afternoon at a meeting of the program and public relations committee of the Greenville Chamber of Commerce and representatives of the city recreation commission and the Merchants Association.

January 17 was set as the tentative date for the party, and the committee voted to hold the party in the armory. The idea of a party for the newcomers to Greenville was fostered by the Chamber of Commerce, but the committee voted Monday to ask the civic organizations of Greenville to be co-sponsons of the party and held in staging the affair.

Dave Whichard, vice-chairman of the program and public relations committee of the Chamber of Commerce, said the civic organizations of the city will be contacted in the near future to help work out the details of the newcomers party.

Campbell To Be Kiwanis Speaker

A. Hartwell Campbell, manager of the Greenville radio station, will be guest speaker at the Kiwanis Club's weekly supper meeting Friday night. He will discuss "Television for Greenville."

Cecil Ellington will have charge of the program. President H. Glenn Haney will preside.

President Haney, Vice-President Milo Smith and Secretary David C. Moore, Jr., who attended the Carolinas Kiwanis District lieutenant-governors' conference in Goldsboro Monday, are expected to make reports.

OFFER WAGE INCREASE

ROANOKE RAPIDS (UP)—The Halifax Paper Co. offered 400 AFL union employes two and a half cents an hour wage increases Wednesday and said it would join the union in asking government approval of further increases.

Tame Robin Lost In Big City; Help Is Sought

NEW YORK (UP)— Bebop, a tame robin, was lost in the nation's biggest city Wednesday and its owner pleaded for someone to give the confused little bird "a glass of water."

"Just give it a glass of water because it is accustomed to drinking from one," said Mrs. W. Coda Martin, wife of a physician.

Bebop flew out of Mrs. Martin's kitchen window Sunday but fluttered into the French consulate yesterday.

"They drove it out, not knowing it was tame," she said. "They should have known a regular robin wouldn't be here in the winter."

Strength for the Day

By EARL L. DOUGLAS

BE CAREFUL OF YOUR APPRAISALS

The bottom of a lily pond is usually covered with thick black mud. Surely out of this nothing beautiful could ever grow. Yet the lily in all its beauty grows out of these apparently unpromising conditions.

One reason why we are instructed in the Bible never to judge our fellows is because we know too little to enable us to make a just judgment. We are accustomed to believe that people raised in so-called "privileged homes" are destined to be the leaders of their day. As a matter of fact, this seldom happens. The leadership of this and of every other country is constantly being recruited from sources to which we would never go of our own accord to seek great leaders. All over the world there are people holding high position today who arose from the humblest of circumstances. The lily still continues to grow out of black mud.

Knowledge of this should have a salutary effect both on those who come from privileged surroundings and those who come from underprivileged. The privileged folk had better realize that the way to success will be narrow and tortuous for them just as it is for everybody else. The underprivileged should realize that no handicap can hold back a person from the highest position in the world, if he has qualities which humanity can use.

Those Young Heads Are Far From Idle

Political and government problems generally are believed to be reserved for the worries and the squawks of the adults of the nation. For the most part the young people of the country are not given credit for a thought of the immediate and future problems of the country.

The High School Student Congress which was held in Greenville last week-end, should certainly dispell that idea. From the discussions at the congress, it is evident that even the high school students are giving thought to the problems of the nation today, and they are concerned with the outcome of these problems. From the bills they passed while in session, it is at least suggested that the thinking of these high school students along government lines may be somewhat farther advanced than that of the general public.

The list of bills acted on by the student congress included legislation which would prohibit the manufacture of motor vehicles which would travel more than 60 miles per hour. They would limit the highway speed to 60 miles per hour. The youngsters would provide cooperative action with Canada for improving the St. Lawrence River Seaway; provide life imprisonment for persons convicted of peddling narcotics to teenagers; admit Alaska as a state; push the government investigation of corruption into more phases of government activity; require compulsory automobile liability insurance; raise the compulsory school attendance law to 17; and require one year of military training for every male in the nation.

Whether we agree or disagree with the proposals made by the high school students in their congress, it is at least encouraging to see that they are giving serious consideration to the affairs of government. The high school students of today will be the nation's adult citizens of tomorrow, and apparently they will not be citizens without a working knowledge and interest in government affairs.

Our Land Of Plenty Needs More Food

In this "land of plenty" it is somewhat of a shocking surprise that more home gardens should be urged to supplement what is expected to be a record farm production in the coming year.

Only during the lean years of war has the Department of Agriculture ever promoted such undertakings to any serious extent; and it is worth noting that this latest appeal (or recommendation) comes closely on the heels of one of the near-record years for farm production.

The growing population alone cannot be the sole factor involved in the needs foreseen by the governmental agency; nor can it be the gradual decline of this country's farming population. Mechanization is believed to have supplemented the gap caused by a shrinking farm-labor force.

Under normal circumstances, if the need were sufficient, rewards of farming would just naturally keep more families on the farm. But conditions as of now are not "normal"; the need for a greater harvest has become apparent virtually overnight, and not due to a gradually increasing demand in which there is adequate time to develop a larger farm labor force. It can't be described as an emergency, but we simply should be able to count on larger food production in 1952.

Five days ago, when the Department of Agriculture first came forth with its recommendation of increased farm production goals, one Pitt farmer exclaimed, "We simply can't produce more!" He was speaking, of course, of his own and his neighbors' immediate problems encountered during the past year. He reflected a fairly accurate picture of Pitt County's agricultural record: the utilization of as much farming land as could be managed. How then, can this area, or the country at large, further heed the urgings of greater food production?

The "backyard farmer" holds the answer . . . if he can be bullied, cajoled or argued into accepting the added burden of part-time farming to his (or her) other responsibilities.

We are told that the amateurs' labors are needed; that a record food supply is a "must" in planning for 1952.

Let's leave it at that. Let's accept the fact that food is all-important as long as mankind must eat . . . that the market basket of the world at large contains too little . . . that food is a weapon, and the world is re-arming . . . that many of us are in a position to help by a few dozen ears of corn, a few bushels of potatoes, tomatoes or cucumbers. Individually it may not seem much, but in the aggregate it comes to an impressive sum.

If you can do it, plan now for a backyard garden next spring.

National Whirligig

WASHINGTON—The commercial export of blood plasma to such an unfriendly nation as Dictator Peron's Argentina has stirred such bitter and widespread criticism of government authorities that donations to the American Red Cross for wounded soldiers in Korea may suffer a falling-off when winter weather necessitates even larger amounts.

A survey of the plasma problem by this correspondent discloses that the criticism is wholly undeserved, although the handling of the matter by all the various departments involved is open to question.

Their bungling of the publicity on such a serious subject has caused needless concern throughout the country, and led to unwarranted protests to Red Cross officials here and elsewhere.

SPECIALISTS—The question of licensing these shipments was debated anxiously by the Interdepartmental Committee having jurisdiction over non-military exports. This body consists of representatives of all interested agencies—State, Defense, Commerce, Agriculture, Interior etc. Active members are trade specialists, as Cabinet heads rarely intervene.

When this group decided to permit the export of limited amounts of commercial plasma, although realizing that it was a delicate decision, the Commerce Department issued a routine notice to that effect.

The document contained a full and satisfactory explanation, but there was no real effort to insure that it obtained wide publicity, as often is done with less important but politically helpful releases.

ANGRY—Americans in some of these foreign lands learned of this situation and angry word trickled back to this country from them. The correspondent of a newspaper service in Buenos Aires cabled a scare article in which the "lead" paragraph said:

"American blood, badly needed in Korea, is being diverted to Argentina." It created the impression that private pharmaceutical firms were making money from Red Cross donations by selling the plasma to Argentina, which has not sent even a mess kit to help our boys in Korea.

PROFESSIONAL—The Argentina shipment which has caused the most commotion was forwarded by Sharp & Dohme, one of the largest houses in the world dealing in this commodity. It pioneered in the development of storing blood for future use more than twenty years ago. It turned over its patents, its technique and personnel to our government at the start of World War II.

The plasma it handles is bought from paid, professional blood donors, and retails for approximately $25 a pint. It has been shipping the commodity overseas for many years, and the largest amount of these exports is used by United States firms for their American and native personnel—engineers, executives, salesmen, their families and employes generally.

LIMITS—The plasma sent overseas is of the dry type, which will last for years, whereas whole blood can be kept only for several weeks, and the liquid form for about six months. All exports of plasma, including those of other firms, total about 75,000 pints annually, whereas six to nine million pints are used each year by hospitals in this country.

In short, the manufacture, use and export of plasma was an established commercial business for years before its general use in World War II made the public conscious of its importance in peace and war.

Even so, the recent order authorizing shipment abroad of commercial plasma limits it to a total not to exceed the amount exported in the eighteen months before the North Koreans' attack.

FACTS—The Red Cross cannot afford to buy this commercial stuff because it is too expensive. But the important consideration is that no voluntary donations of plasma enter into this commercial field.

Had the government's publicity agents, who now number almost 6,000, taken greater pains to make these simple facts clear to the American people, they would have earned at least part of their salaries.

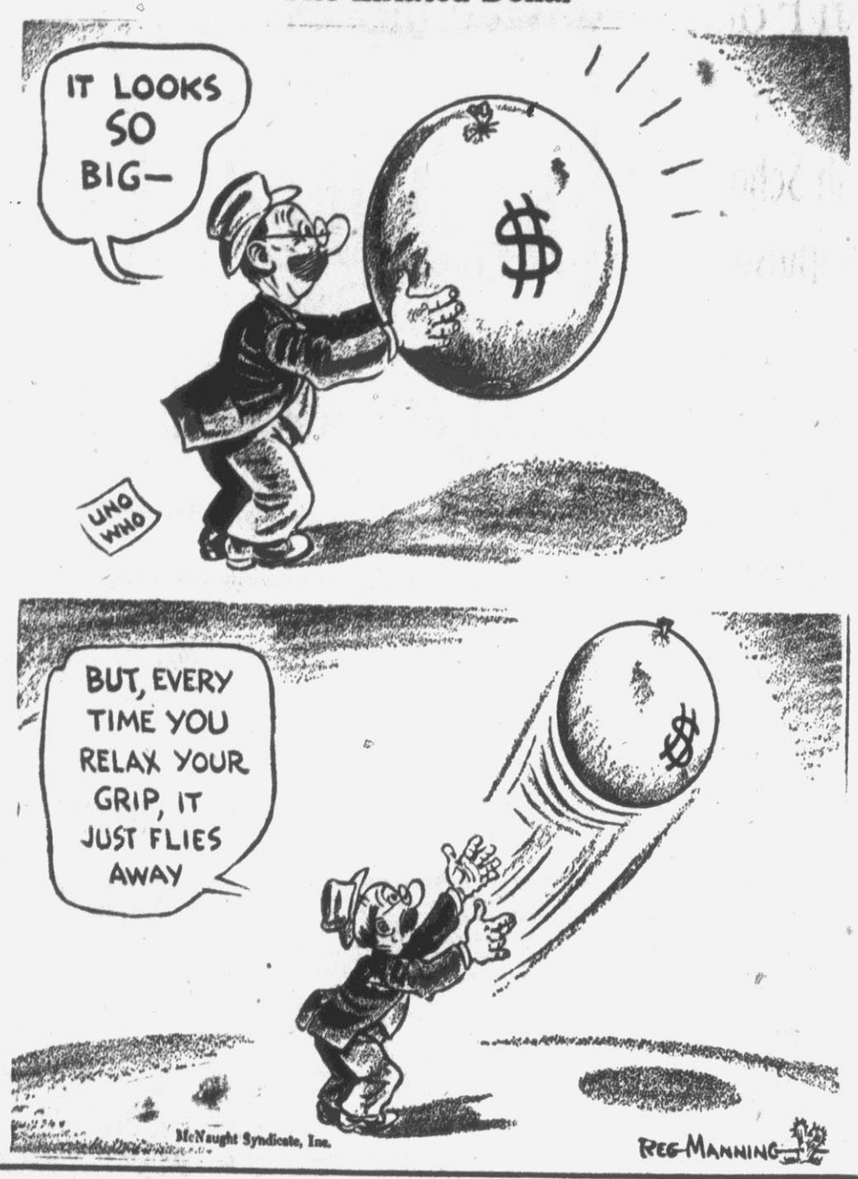

EXHIBIT—One of Franklin D. Roosevelt's Cabinet members—Homer S. Cummings, former Attorney General—would not be particularly happy if he visited the Hammer Galleries in New York City, where many articles owned by the late President and Eleanor Roosevelt have been on public sale. The exhibit closed last Monday.

Although many special gifts were for exhibit and not for public purchase, two presents from Mr. Cummings were on the market. They were nine porcelain plates of historical interest, and a "dirilyte" cocktail shaker. Both were Christmas presents from Mr. Cummings. Presumably to make the articles more valuable, Mr. C's "card of presentation" was sold with the porcelains.

The Cummings cocktail shaker bears the inscription of "Parvum non parvae amicitiae pignus." Roughly translated, that means "A small token, but a token of no small friendship."

Admission proceeds from the exhibit go to the Warm Springs Foundation, but receipts from sales to the Roosevelt family.

The Inflated Dollar

Somebody Told Me

By I. J. (Jack) EDWARDS, JR.

Merrill Liberty, a writer, says that when a child learns the six magic words, who, what, when, where, why and how, it's almost impossible to shut him up. Here's how little Willie plays Magic Words with his father. He sees his father putting on his hat and coat, so he decides to open the game with the word where: 'Where you goin', Daddy?"

"To the store, Willie."

"What you gonna get at the store, Daddy?"

"A package of razor blades, son."

"Why you gonna get a package of razor blades, Daddy?"

By this time, Daddy is beginning to crack. "Because your mother ruined the last one I had, that's why."

"When did Mother ruin it, Daddy?"

"When she was shaving her corns! Now run along and play with your Indian clubs, before I wrap one around your neck!"

Daddy blew up before little Willie even got to the fourth word in his game of Magic Words. This writer says there is a clever way to combat the child who wants to play the game of Magic Words. He did it, thusly:

He was struggling to remove a particularly large package from the back of his car when a neighbor's child arrived on the scene.

"What you got in that bundle, mister?" the child asked.

Not in the mood to play the game, Merrill went to work on him. "What have I got in this bundle? Why, it's a bundle of hay for my donkey, of course. You don't think I want my donkey to suffer from malnutrition or schizophrenia, do you?" The child just stood there, dumbfounded, but Merrill pressed him, "Well, do you?" In a few minutes the child just faded away, and Merrill patted himself on the back for a job well done.

The next day he came home from work to find several large, bare spots in the beautiful yard he had worked on all year. In fact, the yard was ruined. On the front porch, filled to overflowing, stood a bushel basket of grass, torn out by the roots.

He rushed in, shouted to his wife, "The lawn! The lawn! What happened to the lawn?"

"Now don't get excited," his wife said. "The damage is done. But tell me, have you been 'outwitting' the children again?"

"Why do you ask?"

'Well, when I came back from shopping this afternoon, two little boys were busy pulling up the grass. When I scolded them, one little boy said they were just getting some hay for the donkey who lives here. Personally, I think it's a jackass."

And I thank you.

Around Capitol Square

Reflector Bureau — By LYNN NISBET — Asso. Afternoon Dailies

Y.D.C. — The meeting of the state executive committee of Young Democratic Club in connection with a Guilford county YDC rally Saturday afternoon in Greensboro failed to produce much news of immediate significance and practically no enthusiasm. Subsequent developments, however, may give more importance to the occasion than now appears. The occation brought to one place a larger number of actual and prospective candidates for state offices in next year's election than had been gotten together before. It provided the forum from which Senator Willis Smith delivered what may be regarded as a major speech.

SMITH — The junior senator pulled no punches in his warning against current trends in the misuse of Democratic party labels; called for continued support of the true concepts of the Democratic philosophy, and for protesting use of the party as a harbor for the inefficient, the inept or the corrupt; he directly asked party members to forget the false promises of the "fair deal", and to hold out to our people "the hope for a Democratic administration of Democratic principles and policies that have been tried and tested through the years—that constitute freedom and opportunity for all those who are worthy." In normal times or in an election year that sort of talk by a North Carolina senator would be counted heresy. Coming seven months before the nomination and eleven months before the election of a new president, it is still counted by some rabid partisans as heretical. By many others it is counted as real statesmanship to plead for putting welfare of country above welfare of the party organization. Because Senator Smith lacks the national prominence of Governor James F. Byrnes his speech will not get the wide publicity accorded comparable statements made by the South Carolina governor. In some respects it was just as logical answer to Speaker Sam Rayburn's speech before the recent southern governors' confernce for all out support of the Democratic party just because its continued supremacy would assure high ranking places for Democratic members of congress.

RECEPTION — The speech was delivered in Senator Smith's usual calm manner, without oratory or histrionics, and some of the listeners did not realize until it was over that they had heard a major speech. A former member of the general assembly who was in the audience observed that if a Max Gardner or a William Jennings Bryan had made the same speech the crowd would have taken the roof off the armory.

CANDIDATES—There was a good attendance on part of candidates. William Umstead, only announced candidate for governor, was on hand and was given more applause than any other person presented to the audience. Also making very short and appropriate comment, without mention of candidacy, were Judge Hubert Olive, Dr. Henry Jordan and Major L. P. McLendon, all of whom are still counted among the possible aspirants for governor. State Treasurer Brandon Hodges was around during the afternoon, but another engagement prevented his appearing at the armory. Roy Rowe was there and let it be known that he intends to make formal entry into the race for lieutenant governor within a few weeks. Secretary of State Thad Eure, who had been in Greensboro earlier in the day, had to leave before the public meeting. His announced opponent, J. T. Joyner, Jr., was all over the place, wearing a clownish hat and performing serio-comic stunts which were obviously designed to ridicule Eure, but which just as obviously backfired. Associate Justice Itimious Valentine was there, trying to speak to as many folks as did both Superior Court Judge Allen Gwyn and former Forsyth County Judge Oscar Efird, two of the four announced candidates for his place on the Supreme court.

SPEAKERSHIP — Some of those mentioned in the preceding paragraph are not regular attendants at YDC affairs. Representatives Eugene Bost of Cabarrus and Roy Taylor of Buncombe are no strangers around such gatherings.

What Other Papers Are Thinking

COASTAL BRIDGES
(Washington Daily News)

In the coastal counties to the East of Beaufort "strong sentiment" continues for the bridging of Alligator river and Croatan sound, according to reports from the annual meeting of the Alligator - Croatan Bridge Association in Columbia.

The association is relatively new group carrying on an old battle which the Southern Albemarle association, embracing Hyde, Washington, Tyrrell and Dare counties, has been carrying on for more than 15 years, we are told. But, though it is young, it is said to be joining other groups in exerting strong influence for these projects.

Bridges across these two bodies of water are wanted badly by the people of the coastland area, especially in Tyrrell, Dare and Hyde counties where development of larger tourist business, the building of the lumbering business, the marketing of farm crops and seafood is so vitally affected, we are told.

It is easy to see why these bridges mean so much to these neighbors. Their economy and their community ties are affected. In their call for assistance, The Daily News thinks that Beaufort and neighboring counties to the west would do well to consider doing everything possible to help these neighbors. Certainly it would build good will with the 30 or 40 thousand people in that nearby area.

The bridging of these two bodies of water would be a major undertaking and would cost several millions of dollars. And Governor Kerr Scott is in all liklihood right in saving that it will be a good while before the work will be done.

Because of the large expenditure required the projects take on the nature of statewide importance. And perhaps other Tar Heel projects are more important on this basis, as some who view the issue on a statewide basis are reported to contend.

But if that is the case do not the affected counties have the right to ask if delay which stymies progress in their section does not retard the state as a whole? And on that basis should not the job be done now?

Certainly there are many good arguments for early bridging of the Alligator and Croatan. And the Daily News will be glad to see these neighbors see their dreams come true.

Business Today

By ELMER ROESSNER

Although there are some negative factors, a bit more optimism about business is appearing at the retail level.

On the dim side is the report of New York and Los Angeles sections of the National Association of Credit Men that price resistance by consumers has reduced future orders. This resistance was noted in chemicals, plastics, coal, electrical goods, floor covering, office equipment, food, liquor, footwear, lumber, paint, paper, textiles and a number of service businesses. Also on the dim side is the Federal Reserve Board report that total production failed to increase in November.

Christmas shopping is increasing sales, as it always does. However, there is some feeling that, discounting holiday buying, retail prospects are improving.

Clothing sales have made a slight pickup in sales since May, National Credit Office reports. Jerome I. Udell, New York manufacturer and industry spokesman, adds that the upturn in men's clothing sales in November was "notable."

Carpet sellers say they have been taking a beating, but the figures indicate that this feeling may arise from their comparison of current sales to sales during the scare buying a year ago. Federal Reserve and furniture industry figures indicate that for the first nine months of the year, carpet sales were actually more than 6 per cent above the same 1950 period.

Record-breaking attendance at the Popular Price Shoe Show of America last week reflected optimism for rising sales on the part of chain and independent retailers. This was sharpened by offerings of stock at slightly lower prices, which may stimulate consumer buying.

The National Industrial Conference Board says that the recession in civilian industry has begun to flatten out, and adds, "If the remnants of the recession dwindle away in the next few months, as many now expect, the private sector should become more and more responsive to the external influence of th defense build-up."

BANK TRIES TO TEACH HOW TO WRITE CHECKS

Know how to write a check? The Chase National Bank, New York, is distributing a folder showing, step by step, how it's done. You put the current date in space at the top, write the number in the space provided, write cearly the name of the payee, and so on.

Silly? Not a bit of it. Errors in writing checks cost American banks thousands of dollars a month in postage and clerical work straightening out the handiwork of careless depositors.

PREDICTS NATURAL GAS WILL LAST 20 YEARS

There will be plenty of natural gas for twenty years or more, Dr. John F. Foster, fuels expert of Battelle Institute, Columbus, Ohio, forecast. In 28 of the last 29 years, he says, newly discovered reserves exceeded the amount of gas used. New scientifics should increase discoveries, he adds.

After 20 years, he says, the country may have to depend on advance being made in the utilization of shale oil, agricultural wastes and solar energy.

TITANIUM MAY BE NEXT METAL OF FUTURE

Many now living remember when aluminum was a rare and expensive metal; some can recall the excitement when the first kitchenware appeared in their neighborhood. Many now living may someday say, "I can remember when almost nobody knew about titanium."

Titanium is the ninth most abundant metal on the earth's surface. It is lighter than steel, heavier than aluminum, has a high melting point and resists corrosion so well it can be used under salt water.

Now Arthur J. Kerbeck, Jr., graduate student of Columbia University, has developed an economical method of extracting titanium in large quantities. The process is being called to the attention of the National Research Council.

SPOTTER: A non-liquid spot remover for fabrics is being brought to market by Aeroxon Sales Co., 130 W. 42nd St., New York 18. Rubbing a spot with an eraser leaves a white powder which, when brushed off, takes the spot with it.

MOOER: A naturalistic moo features a pull-toy cow of Lustrex plastic being introduced by Alladin Plastics, Inc., 1601 E. 16 St., Los Angeles. Squeezing the puller handle causes the cow to open its mouth and moo.

Hal Boyle's Column

By CYNTHIA LOWRY
(For HAL BOYLE)

The women's magazines, it seems, have a fascination for humorously critical stories written by men describing how, when the wife was in the hospital for a couple of weeks, they were able to turn housekeeper and cook for the family in 15 minutes or so a day.

Most of these guys, who pick up from $75 to $1,500 for these pieces, are engineers. They always explain carefully that they had long thought that the little woman had been operating the home in a highly inefficient manner. And that if the average business were run on such a catch-as-catch-can basis, the firm would be in bankruptcy at the end of a few months.

They also keep charts and time graphs on their flyers into housekeeping. They explain in detail how they were able to cut 10 minutes from the time it takes to make a bed by taping the corners down and sheared another two hours from the work week by doing the weekly shopping at the very time the laundry was in the washing machine.

Dusting and carpet-sweeping is really nothing, they explain, and can be done with the right hand while the left hand—which is completely useless during this period—is plumping sofa pillows. They always boast about their time-saving in cooking. Get a 7-pound roast—and it usually pot-roast, which they seem to think is an economy cut, but now is almost the price of a standing roast—and cook it on Sunday. Then for the next week, heat up slices of meat in gravy. Have baked potatoes, because you can clean up the kitchen and scrub the bathroom floor while they are baking. Skip vegetables and salad—who likes them? If you plan to wash dishes only once a week—or better still use paper plates—you can save endless time.

At the end of thse condescending articles, the individual woman reader has a tendency to be fighting mad, because the inference is, obviously, that she's an idiot who hasn't the wit to figure out how to run through these simple chores fast. Or that she must be deceiving her lord and master into thinking she's slaving over a hot stove or pushing a mop when actually she's lolling around listening to soap operas or entertaining her chums at canasta every afternoon (canasta seems to have taken the place of bridge among the exposers of the housewife).

A student of these articles is entitled to a little righteous anger. For instance, even if the author is the father of six or seven children, they always seem to be in age brackets where it's okay for daddy to hustle off to the office and leave them to their own devices. They never have to hire an "accommodator." When Mother is home, she usually hustles the kids a hot lunch. When Daddy is gathering material for the piece which is going to pay Mother's hospital bill, they take peanut butter sandwiches and like it.

Daddy skips the necessity for laundering and ironing the organdy curtains. He doesn't clean the cellar. He drops his own suit off at the cleaner's on the way to the train—and doesn't leave it for Mother to do. He also picks up his own clothes as he goes along—and hanging them up in the closet eliminates the constant necessity for pressing which is one of his wife's time-consuming chores. He doesn't, apparently, think it necessary to iron the children's clothes. A thorough housecleaning, including taking the rugs outside, is something that is postponed until after the emergency is over.

Most of all, he's proving a point, coping with an unusual situation and he's all fired up with enthusiasm for showing off. If he had to do the same job day in, day out — and this includes emptying his own ash trays—one wonders if he would bring the same speed, zest and superior attitude to his job.

Personally, I'm patiently waiting for the appearance, in a man's magazine, of a piece written by a wife telling how she was able to go into his office and effect some pretty sensational economies of time and personnel. It would probably be used as grounds for divorce.

Washington Letter

By JANE EADS

WASHINGTON — On the walls of her red frame house in Washington's old Georgetown section Miss Ellen Newbold LaMotte has pictures of rhinoceroses. In her living room she has a parrot called Albert.

The rhinoceros is a favorite animal of Miss LaMotte. She liked the idea of its making its own way through the jungle, something she fancies she herself has done in her lifetime.

Offhand, you wouldn't notice Albert as you enter the antique-filled living room with its Victorian type plants, its red-velvet chairs, paintings, busts and statue of General Grant. But Albert notices you and chatters at you.

Miss LaMotte looks and acts many years yojnger than her 78. Perhaps it's because she's been so active making her "own way through the jungle of life." Born in November, 1873, at Louisville, Ky., she first attended fashion-school in Arlington, Va., then went on to graduate from the training school of Johns Hopkins Hospital in Baltimore in 1902.

In 1905 she joined the staff of the Instructive Visiting Nurse Association of Baltimore, specializing in tuberculosis work, and was superintendent of the tuberculosis division in Baltimore's Health Department until 1913, when she took off for Paris to serve as a nurse with the French Army.

In 1916 she went to the Far East with a friend, got interested in the fight against opium, became an authority on the subject and wrote numerous books about narcotics. She received the Lin Tse Hsu Memorial Medal from the Chinese Nationalist government in 1930 for her work against the drug.

When the depression came along Miss LaMotte came to Washington to "get along as best she could" which was all right. She bought and fixed up old Georgetown houses, which she could get then "awfully cheap." Her present house dates back to 1860.

Service League Reports On Follies At Meeting

The Service League of Greenville met at Sheppard Memorial Library on Monday, Dec. 3, at 10:30. The president, Mrs. J. H. Thomas, called the meeting to order and led in prayer.

All chairmen of committees for "The Follies" were asked to stand before the group. The president stated that the League owes to these chairmen a detb of gratitude for their outstanding work in making "The Follies" a success, both as a show and financially. She expressed appreciation to all those who gave so much of their time as members of the cast and working behind the scenes.

Awards were made to the two Service League members selling the most tickets. The first prize went to Mrs. J. Bryan Brown and the second to Mrs. David Hardee. Both recipients donated their awards to the Laughinghouse Hospital Bed Fund,

The president pointed out that November was an exceptionally busy month for Service League members. Much time was given to "The Follies," the Community Chest Drive and the TB Seal Sale. At times it was difficult to keep up with regular duties in the Coffee Shop and Thrift Shop, but now members will have more time to give to these important projects.

A letter of appreciation for the services of the Coffee Shop was read which indicated clearly how much this project means to the families of those who are sick as well as convalescing patients.

After the roll call the minutes of the November meeting were read. A report was heard from the treasurer and several letters were read by the secretary. Then the president called for reports from the various committees and projects.

Mrs. Howard Moye announced that League members collected approximately $550 on the house-to-house canvass for the Community Chest but this report is not final. She expressed appreciation to all those who helped with this work.

The Layette chairman reported that three layettes were given in November and two more are ready when needed.

The Thrift Shop chairman reported that business continues to be good. Minor repairs to the building are anticipated soon. The Shop will be closed for the holidays after Dec. 19th and will re-open for business Jan. 2nd.

Mrs. J. T. Little reported that there will be a paid worker in the Hospital Coffee Shop for three weeks beginning Monday, Dec. 17. Regular workers will start again Tuesday, Jan. 8. There was a paid worker in the Shop during Thanksgiving week also.

A large evergreen Christmas tree is needed for the circle in front of the hospital. If anyone is able to locate an appropriate one, call Mrs. L. T. Shotwell.

Christmas parties for hospital personnel and their families will be held on Dec. 19 and 20. The chairman of Hospital Service will call for volunteers to decorate for these parties and Christmas at a later date.

The chairman of the Hospital Bed Fund, Mrs. R. C. Stokes Jr., expressed thanks again to all those who worked so faithfully to make "The Follies" a success, thereby increasing the Hospital Bed Fund by approximately $2000. Mrs. Stokes read a letter from a person helped by the Fund to show how it is needed and appreciated. She stated that the League spent $205.37 during the month of November and at present have one child under care.

The Placement Chairman, Mrs. Louis Gaylord, called for volunteers for the second term in the Hospital Coffee Shop, Jan. 8 through the middle of March.

The chairman of the Smergency Charity Fund reported on a family helped and called for volunteers who would be willing to provide Christmas baskets.

There being no further business the president adjourned the meeting with best wishes to each member for the holiday season. The next meeting will be on Jan. 7 instead of the second Monday.

Tasmania, an island off the southeast coast of Australia has more potential waterpower than all the rest of Australia put together.

Educator Thinks High School Not Compulsory Issue

CHARLOTTESVILLE, Va. (UP) The president of the University of Virginia said Wednesday that not every boy and girl wants or deserves a high school education. And it should not be forced on them.

Colgate W. Darden, head of the university founded by Thomas Jefferson, said that laws forcing children to attend high school should be modified.

"We've moved everybody into the high schools whether they want to be there or not and whether they have any talent or not," said Darden, a former governor of Virginia.

Jefferson founded the institution, he said, because he felt the select few deserved a chance to improve their knowledge and better their condition. But Darden said that idea had been carried too far.

He proposed that the system of apprenticeship, popular in Jefferson's day and until the middle of the 19th century, could be enlarged. Youngsters could learn trades under older and experienced men, without attending school if they were apprentices.

Virginia education leaders were quick to oppose the suggestion. Robert F. Williams, executive secretary of the State Education Association, said Darden "missed the point."

While Darden based his suggestion in part on the prospect that pupils who really want an education could be given a better one with slower students eliminated, Williams said that overcrowded conditions exist in Grammar schools, not high schools.

"At the end of grammar school you have no better idea of the future mental stature of a child than you have of his physical stature," Williams said.

Dowell J. Howard, state superintendent of public instruction, said he would oppose relaxing the compulsory attendance rule.

Darden proposed that teachers, in conference with school principals, decide whether a student should be dropped from the rolls. He would permit any student to continue classes if he really wanted to.

But if a youth had neither the desire nor talent to continue, he should be permitted to drop out, Darden said.

"The trouble does not lie with our teachers," he added. "It lies in the fact that the state compels attendance without regard to a student's achievements."

West Coast Hit By Heavy Storm

CHICAGO (UP)—A Pacific coast storm which packed winds up to 115 miles an hour roared eastward Wednesday, carrying cooler weather with it.

But most of the nation enjoyed a pre-winter warm spell with temperatures well above normal for the period.

Rain, snow and strong winds were forecast for Washington, Oregon, California and Nevada, but the weathermen promised they would be weaker than those of the past two days which left a trail of destruction and damage over the area.

Clear skies were forecast for tomorrow.

The storm was the third in a series that battered the Far West, causing at least seven deaths. Highway and air traffic was at a standstill in many areas.

Winds up to 115 miles an hour lashed the southern Oregon towns of Coos Bay, North Bend and Reedsport, knocking out power and telephone lines.

The Columbia River was closed to navigation Tuesday because of high seas.

U. S. Highway 40 was closed for a while when the highway patrol reported "cars blowing all over the highway."

Oceanic plankton is a drifting meadow of microscopic life which sustains the fish of the sea.

Prefers Wages To City Office

CRESTLINE, O. (UP)—Ervin Eckert worked today as a laborer, happy that he gave up his title as street commissioner.

All the men in Eckert's department got a pay raise last month but he was left out because of a city regulation.

By dropping his high-sounding title and taking a job as boss on the street department "road gang," Eckert will make $564 more a year. His salary as commissioner was $3,180 annually and will be $3,744 as a laborer with no overtime.

The Bordeaux area is one of the great wine regions in the world's largest wine-producing nation.

Rioters And Egyptian Police Clash In Cairo

CAIRO, Egypt (UP)—More than 3,000 rioting students and workers clashed Wednesday with stave-wielding police in Cairo streets in an atmosphere tense from two days of British-Egyptian gun battles and riots in which 172 persons were reported killed or injured.

A police charge in the Sayeda Zeinab quarter dispersed 3,000 students and workers who had staged an anti-British demonstration. The rioters stoned the police as they charged swinging their staves freely.

Top Egyptian political and military leaders conferred last night over the rapidly worsening situation in Suez.

Workers in the Boulax section of Cairo also clashed with police and attacked a Coca-Cola truck. Cases and bottles were smashed and strewn along the Fuad El Awal road following the fight. Strong reinforcements rushed into the workers residential area broke up the riot.

All schools through Egypt went on strike Wednesday as an anti-British protest.

A national state of emergency, declared Tuesday, was prolonged Wednesday in an attempt to prevent further demonstrations.

All police leaves were canceled by the Interior Ministry. Strong guards were posted around public buildings, bridges and other strategic points in the capital. Guards also were placed along the approaches to the garden city quarter of Cairo, where most of the foreign embassies and legations are situated.

The Interior Ministry Tuesday night said 15 Egyptians were killed and 29 others wounded Tuesday in a clash between a British armored column and Egyptian police and civilians on the outskirts of Suez.

The ministry revised earlier casualty figures for gun battles in the same area Monday, listing 28 Egyptians killed and 58 wounded.

Unconfirmed reports listed British casualties in Tuesday's fighting as one officer and one enlisted man wounded. In Monday's gun and bomb battles, 11 British and Colonial Mauritian soldiers were killed and one British soldier wounded.

Egyptian authorities said 28 persons—19 police and 9 demonstrators—were injured in Cairo Tuesday in anti-British student riots.

An Interior Ministry communique Tuesday night said British forces, spearheaded by seven armored cars, opened fire outside Suez Tuesday on Egyptian mourners marching in the funeral procession of a victim of the previous day's Suez gun battles. Egyptian police rushed to "protect the unarmed men," the communique said.

Fears U.S. Is On Rutted Path Of European Errors

WINSTON-SALEM —(AP)— The United States is in danger of following in the "rutted roadways of wornout European statism", says the international vice president of the U. S. Chamber of Commerce.

Ralph Bradford of Washington, D. C., who coordinates the international interests of the chamber, said here yesterday that the United States is "simply lagging about 15 years behind the things we are spending millions trying to stop."

Bradford addressed a joint meeting of the Winston-Salem Chamber of Commerce and Rotary Club. He pointed out a parallel of European affairs of about two decades ago and the present American drift toward more governmental control.

New Commander For Marine Unit

CAMP LEJEUNE —(AP)— An old devildog with 30 years service in all parts of the world took command of the Second Marine Division here today.

The new boss of the Second is Maj. Gen. E. A. Pollock. He relieved Maj. Gen. Ray A. Robinson who is remaining here as Commanding General of Camp Lejeune.

Thousands of green-clad leathernecks got their first glimpse of their new "C. G." In a full division review in his honor. Brig. Gen. L. B. Cressell, assistant division commander, was the commander of troops for the review.

Believe C-47 In California Crash

ETIWANDA, Calif. —(AP)— A plane believed to be a C-47 transport crashed and burned last night in the foothills about five miles north of here.

A C-47 was long oer due at its Long Beach base on a return flight from Norton Air Force Base at San Bernardino, near here.

This plane carried a first and second lieutenant as its crew and a captain and two sergeants as not made public.

Firemen To Meet In Greensboro

CONCORD —(AP)— The North Carolina Firemen's Association has accepted Greensboro's invitation to hold its 1952 convention in that city next August.

John L. Miller of Concord, secretary of the association, said today that the invitation was accepted by the executive committee. The dates will be determined later.

Modern electronic calculators have taken machine mathematics out of the finger-counting stage. The automatic sequence calculator can "remember" numbers or orders and work an involved computation from start to finish by itself.

Vanceboro News

Mr. and Mrs. Lawrence Burney and son, Richard, have returned to Newport News, Va. after a visit with Mrs. Burney's mother, Mrs. Maude Bryan and Mr. and Mrs. J. W. Buck.

Mr. and Mrs. G. T. Miller and son, Mack, visited Sheriff and Mrs. C. B. Berry in New Bern Sunday.

Mrs. A. G. Lilly has returned after a week's visit with relatives in Ayden.

Here for the funeral of Mrs. Blanche Carawan Saturday were Mr. and Mrs. L. B. Hill of Winterville and Mr. and Mrs. Herbert Wilcox of New Bern.

Mr. and Mrs. M. H. Elliott and daughter, Ruth, of High Point and Mrs. Ruth Lilly of Newport were guests of Mr. and Mrs. Fenner Purser and family Sunday.

Mrs. Dewey Jordan and Mrs. Wilton Edwards shopped in Raleigh Monday.

Mrs. Lizzie Forrest is visiting Mr. and Mrs. Ralph Hill.

Mrs. Fred McRay was the guest of Mr. and Mrs. G. T. Miller Tuesday.

Mrs. Ralph Carawon and Mrs. Harry Smith visited Mr. and Mrs. C. D. Lancaster in New Bern Wednesday.

Mr. and Mrs. Ralph Hill were business visitors in Raleigh Wednesday.

Elmo Hill who was a patient at Duke Hospital in Durham last week returned to his home Tuesday.

Mrs. Abie Cleve, Mrs. Earl Cleve Mrs. Victor Gaskins and Miss Pauline Walker shopped in Raleigh Wednesday.

Mrs. Herman Benson of Washington was the guest of Mrs. W. F. Purcell Thursday.

Mr. and Mrs. E. T. Dudley and Willie Heath spent Thursday in New Bern.

Mr. and Mrs. James E. McLawhorn and boys, Kenneth and Mickey, visited Mr. and Mrs. Clarence Lupton in New Bern Thursday.

Mrs. Kelly Bryan who was a patient at Kafer Memorial Hospital in New Bern for several days was removed to her home Friday.

Bridge Club

Mrs. Victor Gaskins entertained the Weekly Bridge Club Tuesday evening. Mrs. Patrick Herring was a guest with the regular players. High score was won by Mrs. J. E. Ewell with Mrs. Earl Cleve winning the traveling and consolation awards. During play Mrs. Gaskins served Coca Colas and salted nuts. After progressions pecan pie topped with whipped cream and coffee were served.

Birthday Party

On Saturday afternoon Mrs. Elmo Hill entertained with a party for her daughter, Pamela, who was celebrating her fifth birthday. The young guests played a number of games and in a donkey contest Mickey McLawhorn was winner. Present with the honoree were Madge Whitley, Kathie Lancaster, Lou and McRay Powell, Mary Jo and Carol Ann Bryan, Alexis Williams, Ann Oakley, Mickey McLawhorn, James E. White, Jr., Mary Lou Hill, Stevie Whitford and Eddie and Charles Moore Hill. Refreshments of ice cream and the birthday cake were served and balloons and books were presented as favors. Present also were Mrs. Leeth Whitford, Mrs. D. G. White, Mrs. Alton Whitley, Mrs. G. C. Lancaster, Jr., Mrs. L. E. Powell, Mrs. James E. White, Mrs. Alex Williams, Mrs. Charlie Hill, Mrs. James E. McLawhorn, Mrs. Maude Bryan and Mrs. Lawrence Burney. Mrs. Hill served the adults ice cream, salted nuts and Coca Colas.

Griffin-McGowan

The wedding of Miss Margaret Carol McGowan, daughter of Mr. and Mrs. Floyd McGowan to Oliver S. Griffin, son of Mrs. Norma L. Griffin and the late Mr. Griffin of Vanceboro was solemnized on Saturday, November 10, by the Rev. Bennie Ringtoid in the presence of a few close friends and relatives at the home of the pastor in Bridgeton.

The bride was attired in a purple suit, with which she wore gray and purple accessories and a purple throat orchid. After the ceremony the couple left for a tour of western North Carolina, and are now residing on Buck Avenue in Vanceboro.

Mr. and Mrs. Griffin both attended the Farm Life School here, and Mr. Griffin is a civilian employee at the Marine Air Station at Cherry Point.

Ipock-Gaskins

In a ceremony beautiful in its simplicity solemnized Thursday night at 7 o'clock in the Lane's Chapel Church, Miss Emma Olive Gaskins, daughter of Horace Gaskins and the late Mrs. Gaskins of Norfolk, was married to Nezar Ipock Jr., son of Mr. and Mrs. Ipock of Vanceboro, with the Rev. Alton P. Hill, pastor, officiating using the double ring ceremony, with members of the immediate families present.

The bride, given in marriage by her father, wore a dress of winter white wool with black accessories and a corsage of white carnations. Mrs. J. A. Gaskins was matron of honor and Lewis P. Ipock was his brother's best man.

Following the ceremony Mr. and Mrs. Ipock left for a wedding trip to unannounced points.

Couples Club

Mr. and Mrs. Alton F. Whitley entertained the Couples Bridge Club and a table of Canasta at their home on Farm Life Avenue Tuesday night. Guests were Mr. and Mrs. Robert Whitley, Miss Joyce Harris and Miss Helen Butler.

Women's high score in bridge was won by Mrs. Jimmie Huff, with Mr. Huff compiling high among the men. Mrs. George Wood received the consolation award. Mrs. D. M. Robinson was high scorer in Canasta.

The Whitley home was lovely with arrangements of white pom-pom chrysanthemums. During play iced drinks and Christmas candies were served. After progressions Mrs. Whitley served fruit cake topped with ice cream, toasted pecans and coffee.

Debate Whether Churches Meet Needs Of Today

RICHMOND —(AP)— Is the modern day Protestant church doing a good job in tackling the problems of life?"

Yes—says Arthur S. Fleming, president of Ohio Wesleyan University.

No—says Stanley High, roving editor of Reader's Digest.

The two men expressed themselves on the subject here last night in a debate before the Presbyterian Mid-century Convocation.

The convocation, sponsored by the Union Theological Seminary, concludes today with a panel discussion of the individual Presbyterian's role in developing a greater Southland.

Appearing on last night's program, which was broadcast coast-to-coast, were Governors Kerr Scott of North Carolina and John Battle of Virginia. They asked the questions—High and Fleming did the answering.

Fleming cited the increase in church attendance as showing that Americans are more interested in religion. He also pointed to a changed attitude regarding evangelists—how persons are flocking to their meetings in greater numbers than ever.

High, on the other hand, contended that church attendance proves nothing. He produced figures showing that some 8,000,000 Americans are being treated for neurosis.

"The increasing dependence on the psychiatrist's couch is the mark of the decreasing dependence on the Christian church," he asserted.

"By your fruits ye shall judge them," he said of the nation's churches. Referring to recent stories of corruption in government, High added:

"These fruits are a bitter crop indeed. How do you account for the fact that this year, when church membership is at an all-time high, public morals are at an all-time low?"

In response to a question from Governor Scott, Fleming advocated bringing together Protestants into a smaller number of denominations.

High said this would be merely a "mechanical, not a religious achievement."

Governor Battle asked High what he would suggest to improve the churches. I t the "respectable" churches create more "disturbance," he said.

Soviet Air Defense Organizers Are Hurrying Output Interceptor Planes

By ELTON C. FAY
Associated Press Military Affairs Reporter

WASHINGTON —(AP)— The Russians, with an eye on the growing capability of American long-range bombers to strike in darkness or storm at high altitudes, are hastening to get all-weather interceptor planes into the Soviet air defense system.

This was pointed up today in information contained in the newly published edition of Jane's "All The World's Aircraft," a privately-published manual on planes. It comments:

"Russian development of night fighters appears to have been rather desultory but in 1949 or early 1950 there became known the existence of a twin-jet, swept-wing fighter of modern conception. xxx it is credited to Lavochkin (Smyon A. Lavochkin, a Soviet aeronautical designer) though this is not certain.

"This fighter has been said to be a single-seater but in view of the fact that a good deal of radar is housed in the nose it is possible that there may actually be accommodation for a second crew member."

(Some other aviation experts on foreign fleets have reported that at least two all-weather interceptor types are now in use by the Red Air Force.

(The extensive radar equipment in all-weather or night-fighters is used for locating hostile bombers and for automatically aiming guns or the plane itself, in the case of fixed gun mounts, at the target.)

Jane's also reports what "is probably the first really successful" Soviet jet bomber. The publication believes this plane is designated as the TU-10, designed by Andrei Tupolev, who also copied the American B-29 to produce wht the Russians call the TU-4 strategic bomber.

The TU-10, as described by Jane's, appears to be a light bomber.

Significantly, it is reported to have been put into service by the Soviet Air Force in eastern Germany. The function of a light bomber is to support ground troops by close-up bombing or attacks on rail and highway supply routes of enemy ground forces.

The TU-10, Jane's believes, "is heavily armed, especially in the nose and tail, and is thought to have radar." (Radar in this type of plane would be for the primary purpose of locating ground targets such as bridges, tanks, supply dumps, with perhaps other radar gear to detect approaching hostile fighters.)

The publication discusses the MIG-15, widely used in the Korean War against United Nations fighters and medium bombers. It also comments that in the Soviet aviation day show at Tushino last July five new swept-wing, jet fighters were demonstrated.

Russia allowed only certain of her satellites to have anything resembling a modern air force, apparently choosing to keep tight control on this highly mobile and hard-hitting arm of military strength, a study of Jane's indicates.

Particular care seems to be taken by Moscow in the instance of the Balkan satellites, an area of the communist empire from which there was serious defection when Yugoslavia announced her autonomy.

Bulgaria, Jane's says, is permitted to maintain an air force of only 90 planes, of which not more than 70 may be first-line, with personnel strength limited to 5,000. Romania is allowed 150 aircraft, with no more than 100 first-line, and a personnel strength of 8,000. Hungary is permitted the same size force as Bulgaria.

On the other hand, Poland and Czechoslovakia appear to fare better, although Jane's does not estimate the size of ther air forces.

Driving Is Taught In Nearly 8,000 Of High Schools

DETROIT, Mich. —(UP)—Teenage automobile drivers are learning in school courses how to do a better job behind the wheel.

Nearly 8,000 high schools, 40 per cent of the total, offered either classroom or classroom and practice driving courses. A total of 662,370 or 43 per cent of those eligible, participated, according to a report issued by the Association of Casualty and Surety Companies covering the 1950-51 school year.

The report showed an increase of almost 18 per cent in the number of students participating over the previous year, and an increase of 10 per cent in the number of schools offering driver-training courses.

Illegal Whiskey Is Found On Farm

ABC officers Tuesday raided the home of David Dupree, near the Frog Level Community, and found a quantity of non-tax paid whiskey hidden in a corn crib.

Officer J. M. Ward reported that Dupree and his wife, Bessie, were arrested and charged with possession of non-tax paid whiskey for purpose of sale.

The whiskey was under a quantity of corn in the crib located just back of the man's home.

Dupree posted a $300 bond for appearance in County Court next Tuesday morning.

Officers stated that this was the second time they had arrested Dupree on a liquor charge in the past several months.

Officers participating in the raid, in addition to Ward, were, Claude Manning and R. W. King.

Farm Population In U. S. Dropping

RALEIGH, N. C. The number of people living on farms in the United States has been decreasing steadily since 1910, say North Carolina State College agricultural economists.

The farm population is now about what it was in 1900, although the national population is about 75 million greater. The 1950 farm population of 23,577,000 was a drop of approximately five million from the 1940 total.

Pope Air Base Plans 'Biggest' Christmas Party

POPE AIR FORCE BASE The airmen Pope Air Force Base are planning what they consider the world's largest Christmas party for the orphans in the State of North Carolina.

More than 4,000 childrenof all races and religions will receive a gift from Santa's helicopter during the Christmas holidays and, where conditions permit, will be handed their gift from Santa. Each gift will be wrapped and will bear the child's name.

Plans also include a Christmas dinner and stage show at the Air Force base for 1400 or more orphans in the surrounding community.

Funds for "Operation Christmas" will be raised by donation from personnel at Pope Air Force Base. Present plans call for $6,000 to cover costs.

SHIPS UNDER GLASS — Henry Lorentzen, 72, retired Huntington Park, Cal., sea captain, is shown at work on his hobby, making sailing ship models which he fits into bottles.

Jewelry without fears . . . or tears

Enjoyment of jewelry is dimmed if you fear it may be lost or stolen.

So there's only one way to assure 100% enjoyment of jewelry, and that is to get an America Fore insurance policy to protect you against loss due to theft, hold-up, fire, etc., at home, traveling, in storage and elsewhere.

Let us tell you how little this pleasant protection will cost you per year.

HANGMAN'S COULEE

By AL CODY

AP Newsfeatures

Chapter 2

The professor lay in one of the bunks, with his companion on a stool nearby. The professor was like Gentleman Jim—a tall man, dark-haired, serene of face, clean-shaven. Strength and dignity were in his face, and no shadow of fear.

His companion was smaller, slighter, more on the build of Happy. Nervousness lurked in his eyes, but he seemed to draw strength from the calmness of the professor. Gentleman Jim crossed to the bunk.

"Gentlemen," he said. "This is a most regrettable circumstance. Since my friend was more or less involved in the circulstance which later involved you as well, I feel myself responsible. So you have the word of Jim Thornton that nothing further shall happen to you."

The professor raised up on an elbow, regarding Gentleman Jim with frank interest.

"Jim Thornton," he repeated. "You will be Gentleman Jim, then? I have heard of you."

"That's me," Gentleman Jim agreed. "And there'll be little of good in what you've heard, of course."

"Hardly that, sir. Report has it that you're the most cultivated scoundrel—perhaps I should say scamp —that this country has known," the professor retorted.

"My name, sir, is Meader—Timothy Meader. This is my assistant, who tickles the ivory keys—John Widdicombe."

"I'm happy to know you both," Gentleman Jim agreed.

"Did I understand you to say, sir, that you had just come from the town of Hangman's Coulee?"

"I've been up that way, yes."

"That was our destination, as it happened, when this—accident delayed us," Meader said wryly. "I am supposed to go there to conduct a course in civic uplift —instruction and entertainment. These stands usually run about three weeks, and I am going there by invitation. I am afraid the people there will wonder what has become of me."

"I did hear something about a professor or something being expected. "I took it to mean a medicine show. Would that be you?"

The professor looked pained.

" 'Medicine show,' is scarcely the word, Mr. Thornton. I lecture on a variety of topics—uplifting, instructive, entertaining. I show slides with the new magic lantern, views of far and interesting places. Mr. Widdicombe performs on the organ. I might justly claim, I think, that we constitute a two-man chautauqua. Our fee is modest, but commensurate with the services rendered. Medicine men are not invited to a community on such a basis."

A thoughtful look had come ito Gentleman Jim's eyes. One which Happy knew of old.

"Are the team in good condition, the wagon in running order, if we should want to use them?"

"Yeah. There's a big tent in the bottom of the wagon, and a lot of other stuff."

"The tent, which seats several hundred people, is used for our meetings, the other material consists of lantern, slides, make-up and other equipment," Meader explained.

"I think I'll have a look," Gentleman Jim decided.

The professor's team was an excellent one, two matched bays who could pull on the hills or step along on the level. But it was the wagon which interested him most, with its canvas top and the big tent, carefully folded, inside. Gentleman Jim was deeply thoughtful as he returned to the cabin.

"Have you ever visited this section of country before, Professor?" he inquired.

Meader shook his head.

"No, he said. "Wyoming is all new and strange. And, er—even a trifle more turbulent than I am accustomed to."

"But you must have some old friends or acquaintances in Hangman's Coulee, to invite you there to hold this series of lectures?"

Again Meader shook his head.

"No. I know no one there. My reputation, of course, is widely known. I have corresponded with a committee who are interested in the cultural life of their community, who felt that I should come. That is all."

Gentleman Jim pondered. Apparently, and strange as it seemed, the professor was on the level. His only source of income appeared to be his fees or free-will offerings.

"You got a scheme?" Big Nose suggested.

"I think so. One which may get us out of this place, at least. Happy, some hot water, please. I shall have to sacrifice these side-burns and mustache to the good of the cause. We will be on the road at daylight, and with your permission. Professor, I shall borrow you extra suit and endeavor to fill it creditably. Happy will ride beside me, as my assistant. The rest of you will have to go as cargo, well covered in the rear of the wagon."

"By golly, it might work," Happy exclaimed. "That's the last thing them fellers will be lookin' for, a professor driving' along, bold as brass."

"So I trust. It is worth trying, since we can do no other. They will be looking for outlaws, not social uplifters."

"And, if you get out?" Professor Meader suggested.

"The people of Hangman's Coulee are expecting Timothy Meader, Professor Extraordinary. It would be a shame to disappoint them. I flatter myself that I should make an excellent professor. Happy will be my—er, your assistant, John Widdicombe.

"It would be a shame to disappoint the people while Professor Meader is convalescing. We will find some snug place where he can rest and recover, and Big Nose and the Weasel will remain with him to insure his early return to good health."

"Me?" the Weasel snarled. "Nurse him? You're crazy! What I'll do is bump 'em off—"

"At some day in the not distant future. I will discuss with Professor Meader how he has fared," Gentleman Jim said. "If he gives me a good report, fine. Should there be any complaint, you will settle with me, Weasel. Bear, it in mind."

"And you'll be after that hundred thousand, up there!" Big Nose said practically.

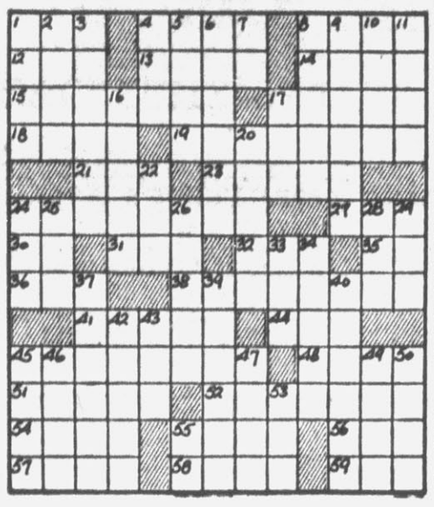

"Naturally."

He hesitated, eyed the Weasel appraisingly.

"So long as you fellows co-operate, we will go fifty-fifty," he added. "But if you overstep again as when you grabbed Happy,then all bets will be off. I warn you! Now let's get to moving."

(To be continued)

Solution of Yesterday's Puzzle

Sound Trucks In Propaganda War

SAIGON, Indochina —(AP)— A fleet of Italian-built sound trucks is carrying the word of truth to the people in the rice paddies, jungle-covered mountains and villages of Indochina.

These, called mobile information units, are operated as part of America's ECA program in Vietnam, Cambodia and Laos.

ECA hadquarters say the mobile units have been singularly effective in telling the people what America is doing to help put Indochina on a firm economic basis.

NOTICE OF RE-SALE
NORTH CAROLINA
PITT COUNTY

A re-sale having been requested and raised bid in the amount required by law filed, and pursuant to an Order of re-sale signed by the Clerk of Superior Court of Pitt County in Special Proceeding entitled, "Alma Phillips and husband, John R. Phillips Jr., George Stancill Hines by his Next Friend, Mrs. Addie Carter, Joan Hines, by her Next Friend, Mrs. Addie Carter, Fannie Mae Hines, widow of P. R. Hines, Elsie Siewers and husband, C. N. Siewers, Mildred Henderson and husband, J. M. Henderson, Horace Hines and wife, Mrs. Horace Hines, Hatton Hines and wife, Mrs. Hatton Hines, Hessie S. Hines, widow of Robert Hines, J. R. Hines Jr., Mitchell Hines and James McD. Hines, the last two being minors by their Next Friend, Mrs. Addie Carter, vs. Royce Allegood and wife, Mrs. Royce Allegood, and Mrs. Emma Allegood" the undersigned Commissioners will on the 12th day of December, 1951, at twelve o'clock noon at the Courthouse door in Greenville, North Carolina, offer for sale and sell to the highest bidder for cash those certain lots or parcels of land lying and being in Ayden Township, Pitt County, North Carolina, and more particularly described as follows:

1st tract: The 17.7 acre lot of cleared land which was conveyed to Ellen Harris by her mother, Elsie Hines, by deed recorded in Book J-12 at page 286 of the Pitt County Registry, which is described as follows: Adjoining P. R. Hines and Emma Allegood and beginning at P. R. Hines' corner, southwest, at an iron stake on the W. and K. right of way and runs S 83-45 E 560 feet to an iron stake in P. R. Hines' line, Emma Allegood's corner, thence S 4 degrees W 1270 feet to an iron stake on the Snow Hill Road, thence N 83 degrees W 632 feet to an iron stake in the W. and K. right of way, thence with said right of way N 7-30 E 1286 feet to the beginning, containing 17.7 acres.

2nd tract: Lying and being situated in Ayden Township, Pitt County, North Carolina, adjoining the lands of Royce Allegood on the North, the old Ayden Road on the East, the lands of Mrs. David Taylor on the South, and the Hart lands on the West, and containing 8 acres, more or less.

This the 26th day of November, 1951.

Conscience Money And Gifts To Government Swell Treasury Fund

WASHINGTON —(UP)— Guilty consciences have netted the United States Treasury $1,804,340.03 in the last 140 years.

Generosity also prompts some Americans to contribute to the Treasury. Such conscience-free donors have mailed in an additional $34,191,166.91 since 1862 just because they wanted to help the government.

Contributors to the Treasury's "conscience fund" confess they have defrauded the government in some way and usually mail in small sums. The first contribution, a $5 bill, was received in 1811. The next payments came in 1827 and have, except for 1848, continued every year since.

Many Quote Bible

Contributors rarely identify themselves and many quote the Bible. Some explain they stole supplies from the armed forces. Others forged unearned government pay checks to themselves.

Still others smuggled goods into the country or evaded income taxes.

The smallest contribution was two cents from a woman who used a two-cent stamp twice. The largest single payment, $30,000, came in 1916 from a man who sent the Treasury several payments totalling $50,000 or "fou. times the sum (he) stole..." He explained he made a fourfold repayment because the Bible said that was the way to atone for a theft.

One contribution came from a westerner who sent 40 cents with the message: "When I was a small boy of about 12 years of age, I made four counterfeit dimes and passed them at a small cafe for hot tamales...for which I apologize."

Mule Paid For

A minister sent in 15 cents because the "rightful ownership cannot be established."

Another man wrote that after a Civil War battle he found a mule straying near the battlefield. He kept the mule and worked it on his farm until it died. Many years later he mailed the Treasury $100 to quiet his conscience.

This year the Treasury received a $10 bill with a note:

"Please find $10 for payment for gasoline I helped take from a CCC tractor back in 1934."

An ex-GI confessed that once on a furlough he took home two sheets and a pillow case "which I can't remember returning." He sent $8.

Flier Makes Amends

An airman who later became a priest sent $15 to pay for a box of razor blades, soap, and shaving lotion he took from a crate of government supplies in Karachi, India, during the war.

Contributions to the fund swelled after the war when many repented their wartime misdemeanors. On the other hand, voluntary gifts to the government soared during the war.

Many Americans too old to fight or earning a wage too small to be taxed sent voluntary contributions to the governme... because they wanted to help defeat the Axis powers.

A flood of letters followed outbreak of the Korea war: One letter received in July, 1950, read:

"Please accept check for one hundred dollars to be used as a help for the United Nations in their effort to stop aggression and bring lasting peace on earth.

"...this will be the best investment a free man ever make."

RIDICULOUS, ISN'T IT?

To the average person the breaking of their glasses is a calamity. A second pair of glasses is never an "extra" pair, when you need them. DON'T BE CAUGHT IN A "PREDICAMENT." FOR COMPLETE EYE GLASS SERVICE, SEE . . .

Ethiopia, Italy Renew Friendly Relationship

ADDIS ABABA, —(AP)— Haile Selassie views the new establishment of diplomatic relations between Ethiopia and Italy, once bitter enemies, as a contribution "to the maintenance of world peace in these critical times".

"It is believed that this establishment of relations will prove to be to the mutual advantageof both countries and will put an end to long-standing hostility," the Emperor said in a November throne speech.

Diplomatic relations between the two countries was effected during a recent visit of the Italian undersecretary of state for African affairs. Italy has already named an ambassador to Ethiopia, which in turn will name an envoy to Italy. The actual exchange is pending.

U. S. Refuses To Accept 'Good Faith' Controls

PARIS (AP)—The United States refused in Big Four disarmament talks here to accept any decision requiring Washington to accept on good faith alone the prohibition of atomic bombs and subsequent establishment of atomic controls. The U. S. insists an international control system must be in effect and operating satisfactorily before atomic bombs are banned.

This was disclosed by American sources today as Big Four delegations prepared for another round of talks on disarmament.

An American spokesman said that the result of the first day's talks yesterday left no doubt in American minds that the Russians still feel that controls should be set up after atomic bombs are banned by U.N. decision or by treaty.

Little Hope Of Making Fortune In Britain Today

HARROGATE, England —(AP)— No Briton going into business these days has much chance of making a fortune, Sir Patrick Hamilton, chairman of a group of engineering companies, told a conference here.

Addressing the British Institute of Management, Sir Patrick said about the only chance of getting into the big money is to seek a career in something new —avoiding large concerns whether nationalized or private enterprise.

Living standards of top executives in Britain today, he said, are somewhere around that of a junior manager in prewar days.

Two States Plan Defense Accord

LANSING ,Mich. —(UP)— Michigan and Illinois have taken steps to formulate a mutual defense pact in case of war.

Civil defense directors from both states have started drafting an inter-state treaty which will provide reciprocal exchange of mobile support teams, defense equipment, medical supplies and other emergency aid.

The proposed treaty, to become operative only in case of war, must be ratified by the legislatures of both states.

COLLIE DOG FOR A PET

Enoch Elisha Jones, humane officer, has a dark tan Collie dog at the city dog pound and the canine has no owner. Some person desirous of having a collie for a pet may pay the pound fee of $2.50 at the police station and have the dog.

VENICE, OF ALL PLACES — Gondoliers guide their craft through flooded St. Mark's Square as Venice became virtually a lake city after rains inundated northern Italy. In background is St. Mark's Cathedral and St. Mark's Bell Tower.

Driver Charged In Accident On County Road

A charge of careless and reckless driving was lodged against a La Grange native Monday night by Highway Patrolman Bruce Jackson after investigation of a single car accident near Ballard's Crossroads.

Robert Heath, Route 1, Snow Hill was charged with driving in a careless and reckless manner after his automobile overturned when it failed to make a curve on the Bell Arthur-Ballard's Crossroads road around nine o'clock.

Stanley Hemby, 28, and Griford Bess Jr., 21, both of near Snow Hill, were taken to Pitt Memorial Hospital for examination and released. They were occupants in the front seat of the car with Hemby.

The vehicle traveled more than 200 feet after leaving the highway before it came to a halt on its right side in a ditch.

Inflation blocked

SALEM, Mass. —(UP)— The Salem Bar Association protected divorce clients from inflation when it boosted standard retainer fees for all other types of legal action but let divorce fees stand.

World's record for the most rainfall in a single day is believed to belong to Baguio, Philippine Islands, with 45.99 inches.

College Schedules Rural Church Music School For Eastern N.C. Area

Approximately 200 members of Home Demonstration clubs in 34 eastern North Carolina counties are expected to attend a "Rural Church Music School" at East Carolina College Thursday of this week, December 6. Ministers from rural churches in these counties have received special invitations to attend.

Meetings will take place in the Training School auditorium on the East Carolina campus at 10:30 in the morning and at 1:30 in the afternoon. Mrs. J. Paul Davenport of Pactolus, chairman of the music committee of the North Carolina Federation of Home Demonstration Clubs, arranged the program for the day with the assistance of Mrs. Verona J. Langford and Lorna Langley, district agents. The school is part of a long-range program of music study by Home Demonstration clubs of the stat and is one of a series of similar meetings to be held in various sections of North Carolina.

The department of music at East Carolina College is cooperating with club members in staging Thursday's program. Talks, demonstrations, discussions, and group singing periods have been planned to improve both vocal and instrumental music in rural churches. The theme of the school in "It's the Spirit That Counts."

Dr. Kenneth Cuthbert, director of the department of music at East Carolina, will speak on the singing during the morning and afternoon sessions, and give a demonstration on conducting techniques in the afternoon.

Other faculty members of the department of music at East Carolina who will participate in the program and their topics are Dan E. Vornholt, the singing of hymns; Mrs. Eleanor E. Tolpliano accompanying; and George E. Perry, organ music.

Dr. Herbon T. Dilday, pastor of the Ebenezer Baptist Church, South Mills, will discuss "The Choir in the Church Service" at the morning program. The Pitt County Choral Group of Home Demonstration Club members, will sing during the afternoon. Mrs. Davenport will lead discussions at the conclusion of the two scheduled meetings.

Those attending the school will be guests Thursday evening in the Austin auditorium at a production of Handel's "Messiah" by the East Carolina College Choir under the direction of Dr. Karl V. Gilbert of the faculty.

Find Jawbone Of Elephant In Iowa

JEFFERSON, Ia. —(AP)— A 55-pound lower jawbone of one of Iowa's native elephants was found recently by Lynn Deal on his farm near here. Excellently preserved, the bone was identified as that of a hairy mammoth. The mammoth, a pleistocene-age relative of the elephant, roamed this part of the world 50,000 years or so ago. It was about the size of the modern elephant.

City Of 16,000 Homes To Assist In Defense Work

LEVITTOWN, Pa. —(UP)— An average of more than 40 carloads of materials will be consumed each working day in building Levittown, Pa., a defense city of 16,000 homes. It will be completed in the next three years on the banks of the Delaware River between Trenton and Philadelphia.

Present plans call for the builders to erect 5,000 houses during 1952 in the model community for industrial workers in the critical Bucks County defense area, William J. Levitt, president of the housebuilding firm, said. Last year the company broke all construction records by building 4,945 homes at Levittown, N. Y., forerunner of the Pennsylvania project.

The first houses in the Pennsylvania project will be ready for occupancy next spring, with completions proceeding at a rate of 35 a day when the Levitt assembly-line production system hits full speed.

By law, the "pattern pieces" of a trial strike made by the U. S. Mint are now carefully destroyed. In early days, however, such coins were often preserved and thus came into the hands of collectors.

Web Of Jet Aircraft Bases Stresses African Strategy

(The strategic potentialities of North and East Africa in the western nations' defense system are surveyed in this dispatch by Harold Guard, who has just completed an 8,000-mile round trip by air from London to Uganda in Equatorial Africa.)

By HAROLD GUARD
United Press Staff Correspondent

LONDON —(UP)— A flying trip to Africa from Britain shows clearly that the development of jet aircraft is bringing the "Dark Continent" into Gen. Dwight D. Eisenhower's strategic command.

All along the 4,000-mile air route from London to Entebbe, seat of the Uganda government in East Africa, air travelers can see a chain of airfields being adapted for jet aircraft.

Areas which in former wars were far-away bases are being brought by the weight and speed of modern weapons into the southern flank of European defense stretching along the North African coast, down through the Anglo-Egyptian Sudan and reaching to Entebbe, which is only half a mile north of the Equator.

Travelers Screened

On the tiny, war-scarred Mediterranean island of Malta air travelers are screened carefully before leaving or entering Luqa Airfield, which forms a permanent base for jet aircraft of Eisenhower's NATO command.

Across the Mediterranean at El Adem, near Tobruk on the North African coast, the British Royal Air Force flag flaps lazily over an airfield, still ringed by land mines laid by Germans during the past war and re-designed in the past year to operate long-range heavy jet aircraft.

From bases such as El Adem, air men said their combat area could include Italy and most of France. From bases further east along the North African coast, jet aircraft could operate over Yugoslavia, Greece and Bulgaria and reach even into the heart of Soviet Russia.

Route Surveyed

Royal Air Force jets already have completed a survey of the route from El Adem to Wadi Halfa on the Sudan border with Egypt, through Wadi Sienda and Juba in the southern Sudan and on to Entebbe, which is the latest link to be complete in the strategic air chain.

Egypt's scrapping of the Anglo-Egyptian treaty and Britain's loss of Palestine also have given the North and East African air route a new strategic significance.

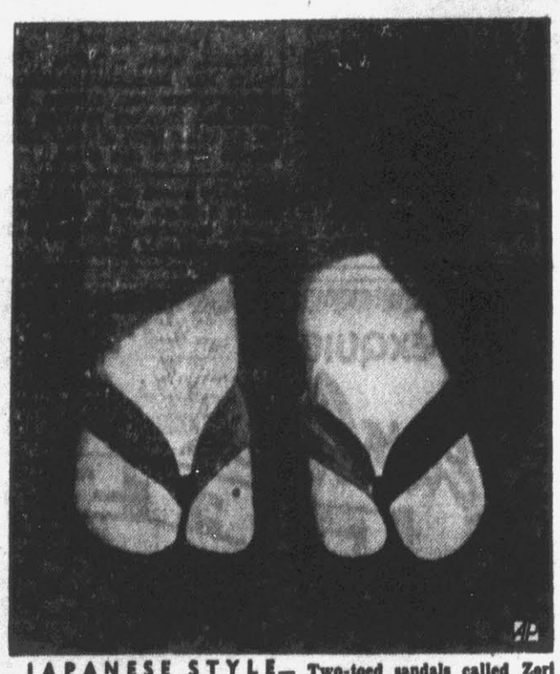

During the last war, the areas formed a westward extension of the vital Suez Canal Zone, whereas today they form an extension to the east of Eisenhower's southern flank in the Mediterranean area.

Link to East

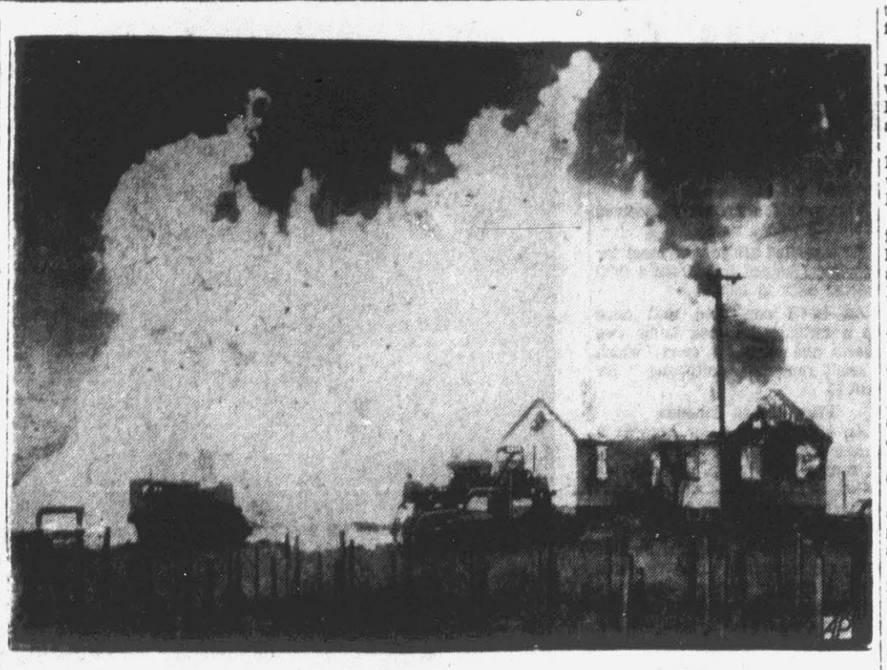

Entebbe, with its airfield designed to operate the heaviest jet aircraft, could be a staging point on a route linking Mauritius and the [illegible] Islands in the Indian Ocean with Singapore, Australia and the Far East.

This route, already surveyed for jet operations, would be an alternative to that through Egypt, Pakistan and India, which would be unworkable if a hostile power was established in the Middle East.

In addition, military planners see the North and East Africa areas as a vast reserve area for whole armies which could remain safe from attack by an enemy not possessing overwhelming naval and air superiority.

JAPANESE STYLE— Two-toed sandals called Zori were worn by Mrs. Mumeo Oku, member of Japanese House of Councillors, on her arrival with a Japanese delegation in London.

PIPE LINE BLAST SETS OFF FIRE:—A deafening explosion ripped a temporary 12-inch gas pipe line in Bethelboro, Pa., a little mining community, and spread fire over a wide area. The blaze spread quickly to the home of Charles Blacey (above) and left itin ruins. Equipment seen in the foreground was later destroyed. No one was injured. The pipeline was being used as a connection between the Big and Little Inch pipe lines which feed the east coast. (AP Wirephoto).

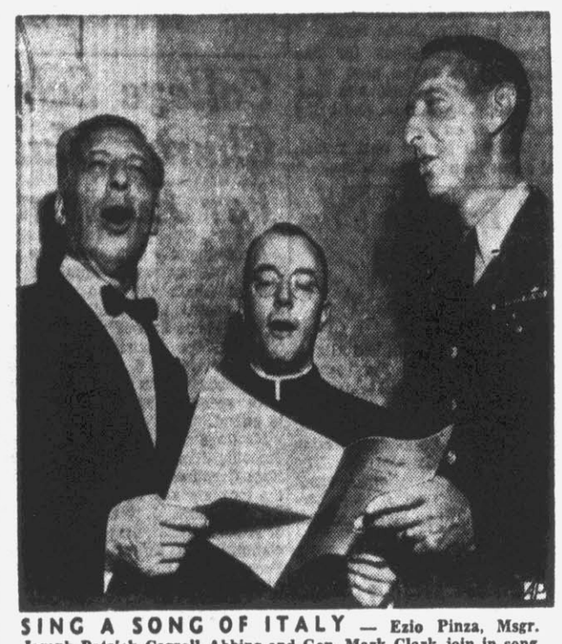

Cultural Groups Convening Today

RALEIGH —(AP)— A series of meetings of North Carolina's cultural societies got underway here today with the North Carolina State Art Society and the Roanoke Island Historical Association holding their annual sessions.

Other groups which will meet tomorrow and Friday are the North Carolina Society for the Preservation of Antiquities, the State Literary and Historical Association, the North Carolina Folklore Society and the North Carolina Society of County and Local Historians.

Highlights of today's 25th anniversary session of the State Art Society were scheduled talks by Hugo Leipziger-Pearce of the North Carolina State College School of Design, and Miss Margarita Salinger, assistant curator on the staff of the Metropolitan Museum of Art in New York City.

Features of the three-day meetings will be the presentation of the Mayflower Cup for the best nonfiction book written by a Tar Heel during the past year, and the awarding of the Cannon Cups for distinguished work in historical preservation. The Mayflower Cup will be presented Friday night at a meeting of the State Literary and Historical Association. The Cannon Cups will be presented Thursday night at the session of the Society for the Preservation of Antiquities.

SING A SONG OF ITALY — Ezio Pinza, Msgr. Joseph Patrick Carroll-Abbing and Gen. Mark Clark join in song at Waldorf-Astoria Hotel, N. Y., before benefit dinner for the Boys Towns of Italy founded and directed by Msgr. Carroll-Abbing.

Ordered To Die For Axe-Slaying

LAURINBURG — (AP) — A 31-year-old Laurinburg Negro has been sentenced to die in the state gas chamber for the axe slaying of a Negro tenant farmer.

A Scotland County jury took less than an hour yesterday to find Dock McCoy guilty of first degree murder for the slaying of Raymond Hall. Hall was killed in the yard of his home near Laurinburg several weeks ago.

Judge Dan K. Moore sentenced McCoy to die Jan. 11.

Shelby Doctor Among Finalists

LOS ANGELES — (AP) — A Shelby, N. C., doctor was one of three finalists considered by the American Medical Association for the honor of "Family Doctor of the Year."

Dr. Everett B. Lattimore of Shelby; Dr. Clayton Willison of Sault Ste. Marie, Mich., and Dr. Albert C. Yoder of Goshen, Ind., were the three finalists.

The AMA house of delegates selected Dr. Yoder for the national honor yesterday.

FORESTS KEPT GREEN

Washington state, one of the first to institute a keep-forests-green program, has one of the most effective. The American Forest Products Industries analysis shows that the sate held fire losses last year to 7,500 acres. In 1949, 41,000 acres were scorched.

Grifton News

Hostess To Club

Mrs. Walter Murphy entertained members of her bridge club on Friday night at her home on Church Street at an enjoyable supper party. Potted plants were used as decorations in the living room where the three tables were arranged for the games. Mrs. Robert McCotter scored high, Mrs. David Parker second high and the visitor's prize went to Mrs. S. E. Coffman. Mrs Albert Tyson was given the consolation.

Other players were Mesdames Edith Lee, Bryan Davis, John Coward, Paul Bradley, Wilbur Murphy, Jake Worthington, Claude Hart, and Heber Wade.

Prior to the games the hostess served a delectable two course supper.

Personals

Joe Quinerly is a patient at Memorial General Hospital in Kinston where he was admitted on Friday night following an automobile accident in which he suffered a broken leg.

Mr. and Mrs. Paul Bradley have moved to their newly completed home on Queen Street Ext.

Mrs. Jake Worthington and Mrs. Jessie Thompson visited Sgt. and Mrs. Lew Curtis at Jacksonville on Sunday.

Mr. and Mrs. W. H. Gower and Miss Esther Hill Coward were guests Sunday of Dr. and Mrs. A. F. Hammond Jr. in New Bern.

Miss Frances Bryan Davis is recuperating at her home here following an appendectomy at Parrott Memorial Hospital in Kinston last week.

Mr. and Mrs. J. W. Scarborough were in Pink Hill Sunday for the burial of Mrs. Lela Pollock.

Mrs. Sam McLawhorn Jr., Mrs. Sherman Odham left Monday night for a week's stay in Florida. They will visit at Englewood with Mr. and Mrs. Joe Miles and at New Smyrnia with Mrs. George Ott. They will be accompanied home by Mrs. Winton Odham who has been in Florida for sometime.

Miss Mary Dawson McCotter spent the weekend in Tarboro with friends.

Mrs. W. T. Smith returned from Kenly on Sunday after a visit there with Mrs. Ida Melvin. Mr. and Mrs. Billy Phillips accompanied her home after a short visit there.

Mr. and Mrs. W. M. Taylor, Mrs. L. O. Cox, Mrs. Addie McCotter were guests on Sunday of Mr. and Mrs. Alton Fields at Swansboro.

Mr. and Mrs. Glendel Tucker were in Lucama on Sunday to visit Mrs. Leslie Renfrew who is recuperating after a recent operation at Duke Hospital.

Miss June Tomlinson, student at ACC in Wilson, spent the weekend here with Mr. and Mrs. W. I. Bissette.

Mrs. E. L. McDaniel left Monday for her home at High Point after a visit here with her daughter, Mrs. Julius Chauncey, and Mr. Chauncey.

Mr. F. L. Cox has returned from a week's stay in Chicago.

Mr. and Mrs. Ralph Johnson Jr. and children of Wilmington were guests Sunday of Miss Bert Johnson and Mr. Herman Johnson.

Mr. and Mrs. Jack Chapman visited Mr. and Mrs. Trent Berry in Weeksville on Sunday.

Little Miss Sandra Murphy is visiting her grandparents, Mr. and Mrs. Henry Butler at Clinton.

Farmville News

The Loyal Women's Class of the Christian Church met Thursday night at the home of Mrs. Z.B.T. Cox. Mrs. Hubert Dixon was cohostess.

Mrs. R L. Corbett presided, urging the members to be thoughtful of the sick.

During the business session committees were appointed to do something at Christmas for the shutins. Mrs. Louise Harris gave a report on sending cards and visiting the sick. A contingent fund was taken.

Mrs. Lloyd Smith gave the devotional using as her theme "The King Has Risen." Scripture was taken from the second chapter of Luke. She pointed out many ways to make Christmas a real joy—not in a commercial way but in sharing what we have with the needy.

Mrs. W. A. Barrett gave a very interesting program.

The hostess served fruit punch, cookies and salted nuts.

Mr. and Mrs. Lloyd Smith had as their guests during the Thanksgiving holidays: Miss Nannie Smith of Henderson who spent Thanksgiving Day and the weekend with her parents, Mr. and Mrs. Julian Smith and son Richard of Greensboro who spent the weekend, and Mr. and Mrs. Julian Clements of Hendersonville and Mr. and Mrs. Erskine Clements of Henderson who spent Sunday with them.

Mr. and Mrs. Manly Liles had as their guests last week Mr. and Mrs. B. C. Allen of Raleigh. The Liles accompanied them home for a few days. Mrs. Liles visited while Mr. Liles took a special course at State College in working income tax.

Pfc James E. Corbett of Camp Breckinridge, Ky. is home on a furlough.

Mrs. C. L. Ivy Sr. spent Wednesday night with her mother in Goldsboro.

Mr. and Mrs. Mark Joyner had as dinner guests Sunday Mrs. Laura McClees, Mrs. James H. McClees and son of Columbia, N.C., Mrs. Bob Joyner of Wilson, Mr. and Mrs. J. M. Ward of Greenville, Quentin Roebuck, Mrs. J. M. Ward, Carolyn Roebuck, Mr. and Mrs. Fred Carr and Mary Elizabeth Carr of Farmville.

Mrs. Laura McClees and Mrs. James H. McClees and son Gray of Columbia spent the weekend with Mrs. J. M. Ward.

Mr. and Mrs. Jack Smith, Mrs. Skinner Willoughby and Mrs. Pete Allen were Raleigh visitors Monday.

Jalmin Bynum went back to the Veterans hospital Sunday.

Mr. and Mrs. R. L. Corbett and daughters, Faye and Linda, were Kinston and Fayetteville visitors Sunday.

Railway Express Rates Rise Today

RALEIGH —(AP)— Railway Express rates were scheduled to go up today in North Carolina.

The State Utilities Commission yesterday put its stamp of approval on increases of from three cents to 10 cents per shipment between points in the state.

The increases will match rates recently approved by the Interstate Commerce Commission. The three-cent boost applies to shipments of food and drink. The 10-cent increases affects all other commodities.

Railway Expres told the commission that its handling costs for the 12 months ending last June 30 totaled $981,440.77 in North Carolina. Revenues, however, totaled only $831,861.24—a deficit of approximately $150,000, the company said.

The new rates will boost the agency's income in the state by approximately $170,000 a year.

VERY FISHY STORY

MADISON, Wis. —(UP)— A Madison man returned from his vacation without any fish but with this fish story for his friends: A fisherman named Basher, living in a neighboring cottage, caught a fish, gave the catch, a pike, to another neighbor named Pike.

Springlike

Spring weather continues in this part of the country, with the temperature ranging high in the upper 60s and low in the upper 40s. Nearly half an inch of rain fell in the Greenville area yesterday.

Highest temperature yesterday was 67 degrees. Lowest last night, 47, and at 8 a.m. today the mercury stood at 49.

Yesterday a year ago, the highest temperature here was 59 degrees. Lowest that night, 30, and at 8 a.m. next day it was 34. A light drizzling rain, sleet and snow fell here that day, Mrs. Carl E. Malden, local observer for the Weather Bureau, reported.

Entertainers Go To Marines In Hospital

Close to 45 people from the Red Oak Community journeyed to the Naval Hospital at Camp Lejeune this past Sunday to entertain Marines at the hospital.

On arrival at the hospital, the group went to the Red Cross recreation room and unpacked about 30 homemade cakes, candies, and cookies to serve to the Marines.

The group of entertainers, which included singers, dressed in costume, and Lawrence Tyson, and Dan Sutton, piano player, and the Conway Trio, visited one of the wards. Here they put on an hour show and coffee, candies and cakes were passed among the sick.

During the day many Marines came to the recreation hall and had their choice of several kinds of cake and coffee. One Marine asked for fruit cake saying "I missed mine at home this Thanksgiving and sure would like to have some now." One bite of the cake and he said it reminded him of home.

Later in the day wheelchair and stretcher cases, along with those who could walk, came into the recreation room for more refreshments and entertainment. Mimeographed sheets with songs were passed out among the Marines and group singing was led by Lawrence Tyson while Mrs. B. L. Tyson played the accordion.

Before the show started in the recreation room, many of the people played cards with the Marines. The recreation room is furnished with comfortable tables and chairs, pool tables, ping-pong tables, a phonograph, and card tables.

When the group started to leave, the Marines invited them back again and asked that they come once more before Christmas. Mrs. Tyson said they will go back sometime in the near future. This is the second time the Red Oak group has taken entertainment to the hospital.

Miss Mary Bryant, recreational director with the Red Cross at the hospital, said the Marines enjoyed such visits and looked forward to having visitors.

The trip to Lejeune was under the direction of Mrs. Walter Taylor, local Red Cross executive secretary. Other than Mrs. Taylor those taking the trip were: Mr. and Mrs. Jarvis Tripp, Jr., Mr. and Mrs. Lawrence Tyson, Mr. and Mrs. Randolph Fleming, Mrs. J.J. Jenkins, Mrs. James Allen, and Mrs. Johnnie Cassick and daughter.

Mrs. Lula Allen, Mr. and Mrs. Johnnie Edwards, Virginia Worthington, Charles Allen, Douglas Allen, Louis Holloway, Dan Sutton, Mr. and Mrs. Earl Simmons, Mr. and Mrs. George E. Whistle, Mr. and Mrs. Ola Kittrell, Mrs. Jackie Carter Kinsaul, and Mrs. William Stocks.

Mary Stocks, Duray Stokes, Hagan Hart, Mrs. and Mrs. B. L. Tyson, the Conway Trio, Kervin, John, and Ed, Jesse Tyson, Norwood Conway, Peggy Boweres, Alice Leota Edwards, Leon Tyson, Myrtle Coburn, H. T. Brown, and Ruth Brady.

Rescuers Battle Volcano's Fumes To Find Victims

MANILA (UP)— Rescuers Wednesday fought heat, fumes and blinding dust to reach an estimated 2,000 persons killed or trapped under volcanic ash and lava from two eruptions of volcanic Mt. Hibok-Hibok on Camiguin island.

Red Cross officials said 157 bodies have been recovered.

A fleet of vessels stood by in case evacuation of the island's 66,000 inhabitants was ordered.

Gov. Paciencio Ysalina of Misamis Occidental Province estimated 2,000 persons had been killed and said "80 per cent of barrio (town) was wiped out." However, Red Cross officials described the governor's figures as "too staggering."

(American Broadcasting Co. correspondent Raymond Spencer reported in a broadcast Tuesday night that at least 2,000 persons were buried alive. Spencer said rescue workers could hear voices of hundreds screaming and pleading for help. He added that an estimated 10,000 people in the vicinity of the volcanic mountain were endangered.)

The 4,370-foot mountain exploded at 7:15 a.m. and again at 6:45 p.m. Tuesday spewing a shower of hot ashes and fiery rock fragments over an area three to four miles square.

A weather observer at Mambajao, the island's principal town at the foot of the volcano, reported the volcano was quiet Tuesday night after the second explosion and "the mountain is dark and there is no glow"

Evacuation of Mambajao, a town of 25,000 population on the northern part of the island, was "completed except for essential men," weather observer Eugenio Omahoy reported.

Camiguin lies 500 miles south of Manila just north of Mindanao.

In September 1948, 25,000 persons were evacuated when Mt. Hibok-Hibok erupted but there was only one death, according to Red Cross records. The volcano erupted violently again in September 1950, and 80 persons were killed.

Rubber Controls To Be Abolished

WASHINGTON (UP)—Practically all controls on production of tires and other rubber goods will be abolished by the end of the year.

The National Production Authority said it will issue an order around Dec. 15, to be effective Jan. 1, permitting unlimited output of rubber products. The decontrol will be possible, NPA said, because increased supplies of synthetic rubber have ended the rubber shortage.

At present, manufacturers of "less essential" goods may not use more than 90 per cent of their pre-Korean rubber supply. Makers of other rubber products are limited to 100 per cent.

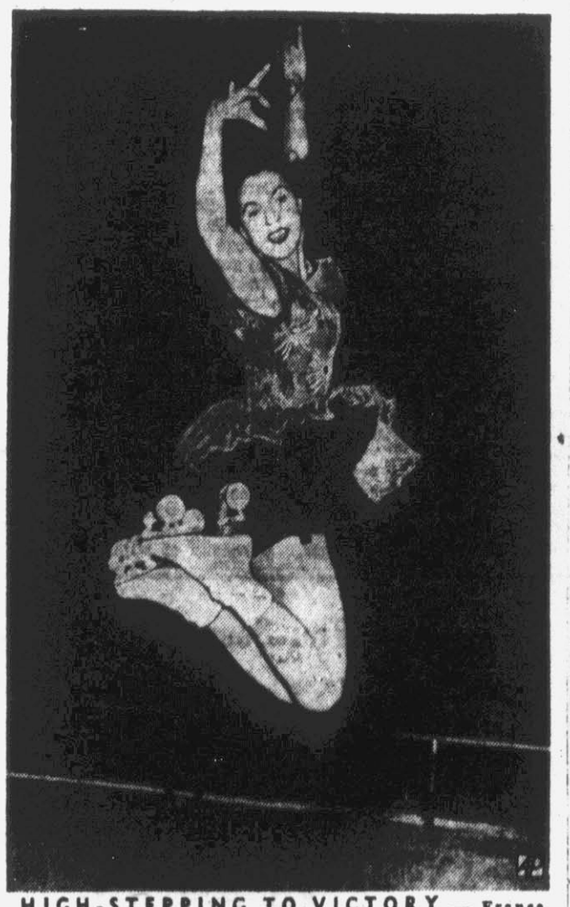

NPA warned, however, that it still will be necessary to conserve natural rubber, which is imported from the Far East. For that reason, the government will continue to limit the amount of natural rubber which manufacturers may mix with synthetic rubber in their products.

NPA said it will continue the ban or white sidewall tires because they require high grades of scarce pigment and crude rubber.

The proposed order, as outlined by NPA at a meeting Tuesday with rubber industry spokesmen, also will abolish rationing of the "general-purpose" type of synthetic rubber by the Reconstruction Finance Corp., sole U.S. producer of this rubber. However, RFC will continue rationing synthetic butyl rubber.

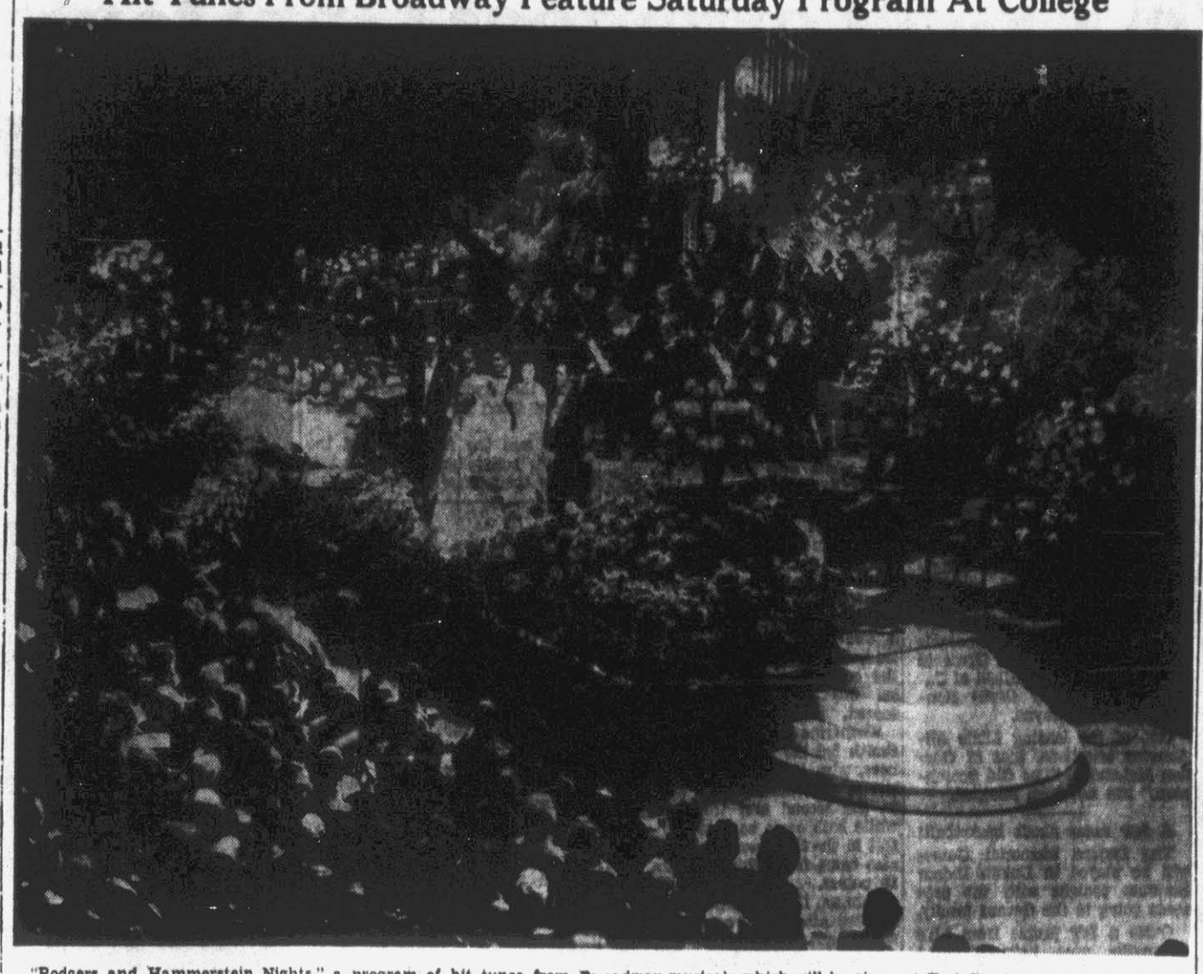

HE'S WISER NOW

BROKEN HILL, Australia —(UP)— Daniel J. Hotchkins was so disgusted with the slot machine he played all night he took the whole works home. When arrested he told police the thing was "an absolute cheat."

HIGH-STEPPING TO VICTORY — Franca Rio, of Italy, executes a figure during competition for the women's world figure roller-skating championship she won in Turin, Italy.

Hit Tunes From Broadway Feature Saturday Program At College

"Rodgers and Hammerstein Nights," a program of hit tunes from Broadway musicals which will be given at East Carolina College Saturday evening of this week, is shown above at a gala performance at St. Paul, Minn. The entertainment will bring to the campus a 30-piece orchestra, a chorus of fourteen members, and four soloists chosen by Richard Rodgers and Oscar Hammerstein III, famous composer and lyricist whose shows provide the music for the occasion. "It's a Grand Night for Singing," from their movie "State Fair" provides the theme for the evening of music. Other numbers on the program will include "Some Enchanting Evening" and "There Is Nothin' Like a Dame" from "South Pacific," "Oh What a Beautiful Morning" from "Oklahoma"; "March of the Siamese Children" from "The King and I," and other equally familiar and popular music. The concert will be sponsored by the College Entertainment Committee and will be given in the Wright auditorium at 8 o'clock Saturday evening.

Presentation Of Famed Oratorio Has 6 Soloist

Six students of music at East Carolina College will be soloists Thursday evening of this week at a presentation of Handel's oratorio the "Messiah" by the College Choir. The program will take place at 8 o'clock in the Austin auditorium.

Mrs. Alison Hearne Moss of Greenville; Bernard Ham of Portsmouth, Va.; Jeannine Ennis of Dunn; Carolyn Eisele of Statesville; Leonard Starling of Rocky Mount; and George Starling of Rocky Mount will appear with the Choir as soloists. Dr. Karl V. Gilbert of the faculty will direct the group, and George E. Perry will be organist.

The public is invited by the department of music at the college to be present for the program. Among the audience as special guests will be members of Home Demonstration Clubs in eastern North Carolina present on the campus Thursday to attend a "Rural Church Music School."

The College Choir is made up of approximately sixty men and women registered for work in the department of music at East Carolina. Thursday evening's program will be the first presentation of the Handel masterpiece by the group, which each year sings a cantata or an oratorio as prelude to the Christmas season. Members of the Choir will wear formal evening clothes for the program.

JAUNT STRETCHED OUT

WHEELING, W. Va. —(UP)— Albert Behrens believes in long vacations. He has returned here from a "summer trip" to Oregon, where he vacationed because "I wanted to see the country out west." Behrens left on his trip in the spring of 1908.

Prices Rising

RALEIGH—(AP)—A gradual increase in cotton prices since the beginning of the harvesting season has been attributed to the action of farmers in holding their cotton.

This was stated yesterday in a report by General Manager M. G. Mann to board members of the North Carolina Cotton Growers Association.

Mann said the 55,000 bales being held by the association members have increased in value by more than $2,750,000 since the start of the ginning season.

ICE CREAM FOR ALL

GAFFNEY, S. C. —(UP)— A 26-yer-old ice cream salesman who finally got his girl to say "I do" showed his elation in the best way he knew how. After the ceremony he went to his truck and passed out ice cream to everyone in sight.

THE DOLL STORE OF EASTERN CAROLINA

Saieed's

The Sport Reflector

By JIMMY ELLIS

Basketball, formerly a strictly post-Christmas proposition, has really moved into high gear with only a few days of December having elapsed.

East Carolina's Pirates, coached by Howard Porter, are taking the lead in local circles. They've played three games and won two of them—both from North State Conference opponents.

The Pirates have a game scheduled Saturday and then two more carded the next week before they knock off for the Christmas holidays. They will take on Camp Lee, Virginia, at Camp Lee Saturday. Then they will hit the road for Camp Lejeune next Tuesday. They'll be idle after that until December 18 when they take on Appalachian College up in Boone. After they get past Appalachian, they'll take time off until January 4 when they return to Wright Gymnasium.

Bo Farley's Greenville Phantoms are also moving around quite a bit. They've already knocked off Wilson of the Eastern AAA Conference but they are going to keep moving in the fast Triple-A circuit for a while.

They journey to Rocky Mount Friday night to meet the Blackbirds of that city and next Tuesday they'll take off for Goldsboro to meet the Earthquakes. The Goldsboro team has a brand-new gym waiting down there and the report from Wayne County is that the Phantom-Earthquake game is going to serve as a sort of dedication affair.

The new gym down in Goldsboro is something that has been needed there for a long time. For years and years, the only place available for basketball was a little "tin can" put up by the WPA behind one of the grammar schools. There were no physical education facilities whatsoever at the high school and only elective course in phys ed could be taught.

This new gym will eliminate all that. It's located behind the high school and they've already started phys ed classes in Goldsboro schools.

With a new gym to play in and some added facilities, it might not be a bad guess to say that Goldsboro stock in inter-school athletics might take a decided rise. The Earthquakes have already gotten a high school stadium for football and they're working on plans for a baseball field to go along with the new gym and the football stadium.

Along with Greenville High School and the college basketball teams, just about all the county schools in this area have begun their 1951-1952 schedules. Last night, most of them got into action and those that didn't start last night will get under way Friday.

The Associated Press version of the Little All-America football team was released today and the North State Conference was represented in Sal Gero. Gero, a first string tackle last year, found himself demoted to the second team this season.

Steve Trudnak, Lenoir Rhyne's great fullback, was given honorable mention on the selection which listed a first offensive and first defensive team plus a second team of 11 men. Other honorable mentions went to Jack Groce of Appalachian, Bill Stanfield of Catawba, and Jimmy (Bull) Newsome of Lenoir Rhyne.

One of the leading Little All-America selections, that of Gordon McLendon, "The Old Scotchman," has not been released.

A few notes about basketball:

The Gerard Memorial Games will be played in Duke's Indoor Stadium tonight with the proceeds going to the Gerard family.

Quite a few people from the Greenville area have signified their intentions of attending. That's good because the game is for a good cause.

A surprise-that-isn't-a-surprise: the scoring punch given the State Wolfpack by Forward Kim Buchanan, a sophomore. In the first two games, Buchanan has scored 43 points and is far ahead of his nearest Wolfpack rival in the scoring column, Bill Kukoy.

Kukoy was expected to take up most of the slack left by the graduation of Sam Ranzino, Vic Bubas and Paul Horvath but Buchanan, the star of last year's freshman squad, has done most of the work.

Last night's great performance against Davidson by the sophomore from Raleigh was just a repeat performance of the showing he made last year as a freshman when State went to Davidson. In the game last year as a yearling, Buchanan scored about 25 or 30 points and turned in a ball handling performance that had the packed house ooo-ing and ah-ing.

If the first games can be counted as anything at all, Duke's Dick Groat seems to be the man to stop again this year. In the game with Temple, the transplanted Pennsylvanian scored 33 points. He will lead the Blue Devils against Carolina tonight.

Carolina is also stacking up as a rough customer in this year's Sonuthern Conference chase. They've had field days against The Citadel and Furman and if they can get past Groat and Duke tonight, they'll be off to a good year.

Tornadoes Get Double Win Over Panthers

Boys Win 51-23; Girls Win Opener

Slippery Floor Causes Confusion In Boys' Game But Whitehurst Leads Win With 11 Points

By MELVIN LANG
Reflector Sports Writer

AYDEN—Ayden's basketball teams blasted out a double victory here last night over Grimesland, winning the girls contest, 51-23, and taking the boys by a score of 33-18.

Coach E. F. Johnson's Tornado lassies ran wild after a low-scoring start in the first period. Neither team scored until two minutes had passed in the contest, and then Ayden's Katherine Bright dumped in a two-pointer to give Ayden the lead, which they held throughout the contest. The winners built up an 8-0 lead before Grimesland scored.

Katherine Bright and Alice Jean Smith led the scoring for the winners, with 19 and 18 points respectively. The tall forwards alternated in the second and third quarters, while both came back into the contest in the final period. Scoring aid also came from Wilma Stocks, with 10 points.

Johnson filled his lineup with substitutes after the beginning of the second quarter, when his team had run the score up to 24-1. The inexperienced Grimesland club was unable to score until the third period when they poured in a total of 15 points.

Joyce Mozingo did the majority of the scoring for the losers, hitting the nets for 15 points. Shirley McLawhorn was next with five.

Guards Peggy Conway and Sybil Meeks led the defensive work for Ayden, while Adrien White and Annie Laurie Taylor were outstanding for Grimesland.

Boys Game

The boys game was actually a contest between the clubs to see which one could slip the most of the gym floor, which became exceedingly slippery because of an excessive amount of moisture within the building.

Coach Stuart Tripp's Tornadoes finally came out on top of the sliding contest and also on top of the scoring, winning 33-18. Captain and center Mac Whitehurst led the winner's scoring with 11 points, backed up by Delano Cox with eight and Randall Harrington with five.

Ayden pulled out to a 11-4 lead at the close of the first period but from that point, the two teams seemed to be evenly matched in the scoring column. The winners held a 19-9 lead at halftime.

Wayland Elks and Roger Mills Paced the Grimesland scoring with six and four points respectively. Center Billy Boyd contributed three points to the effort and was also outstanding on defense.

Curtis Dennis and Hal Edwards paced the Ayden defensive work. Reserve Todd Kittrell also looked good.

This was the first game of the year for both clubs. It was a Pitt County Conference game.

Pinetops Defeats Saratoga; Webbs Lead Scoring

PINETOPS — Ann Webb was the high scorer for both South Edgecombe and Saratoga last night, but "she was two different girls, the South Edgecombe Ann Webb led her teammates to a 43-35 victory over the other Ann Webb by tossing in 19 points.

Although the Saratoga Ann Webb was on the losing team, she had the honor of scoring the most points during the night for either team. She hit the goal for 21 during the game, the first of the year for both clubs.

Second high for the South Edgecombe team was Rachell Corbett, with 17 points. She and Sue Lilly were outstanding on defense.

South Edgecombe's boys also won, taking a close 33-28 decision over Saratoga. Brooks Webb, an All-Coastal Conference football player, showed his ability on the basketball court also as he led both clubs with 10 points.

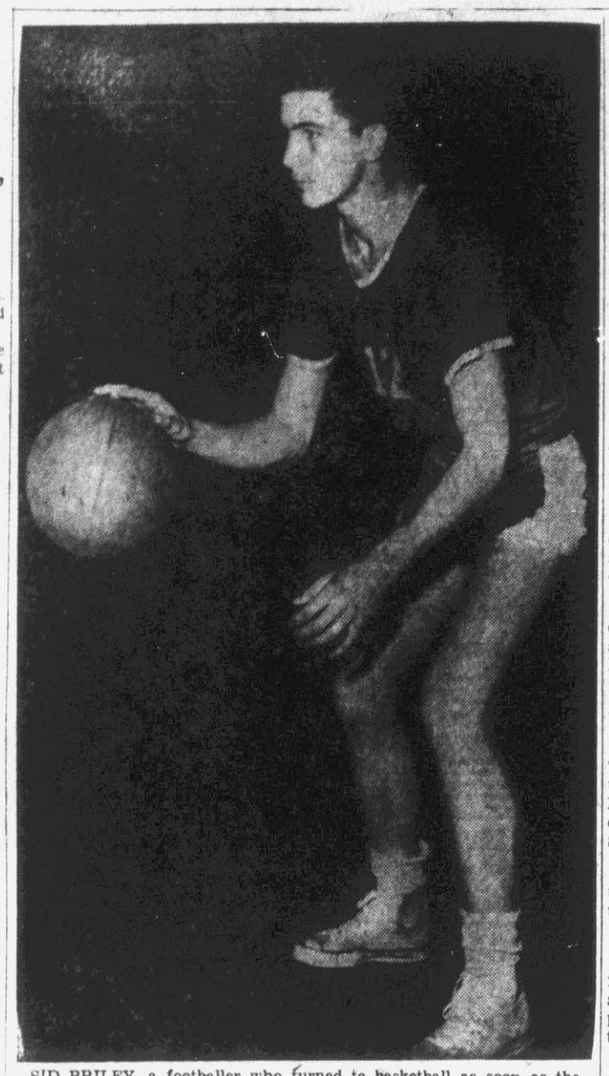

Bundy Releases 17 Game Slate For Farmville

FARMVILLE — Sam D. Bundy, principal of the Farmville Public Schools, today released a 17-game schedule for the local basketball teams.

The Red Devils opened the season last night in Winterville, and have another game scheduled for December 12 in Stokes. Farmville will not have a home contest until January 8, when Robersonville comes here for a Coastal Conference game.

The schedule:

December 12, at Stokes; January 1, at Bethel; 4, at Grimesland; 8, Robersonville; 11, at Belvoir; 15, at Ayden; 18, at Vanceboro; 22, South Edgecombe; 25, Winterville; 28, Open; February 1, at Chicod; 5, Open; 8, at Robersonville; Grifton here (conflict in schedule, one game will be moved to another date); 12, Ayden; 15, Bethel; 19, Vanceboro; 22, at South Edgecombe; 25-29, Coastal Conference Tournament.

SID BRILEY, a footballer who turned to basketball as soon as the gridiron season was over, will be at one of the guard spots Friday night when the Greenville Phantoms travel to Rocky Mount. Briley started at guard against Wilson last week in the Greenville opener and tallied eight points. (Reflector Sports Photo by Roy Hardee).

Tatum Wants Emphasis Placed On Football

HIGH POINT (UP)—Coach Jim Tatum of bowl-bound Maryland called for more rather than less emphasis on football.

In a talk at the winter meeting of the North State Conference Tuesday night, Tatum said, "if we're going to have football let's emphasize it and have the best. Anybody satisfied to lose is a sap."

Tatum said Maryland's decision to accept a bid to the Sugar Bowl without approval by the Southern Conference was for the good of the school. He said Maryland expects to receive $85,000 for improvement of athletic facilities.

"I hope we can go with the blessing of the conference," he said.

Tatum said he agreed that Tennessee is the No. 1 team in the nation and he hoped "we can score four or five touchdowns against them. We know they will score three or four against us."

The North State Conference voted against a merger with the South Carolina Intercollegiate Athletic Association.

Dr. E. G Purdom of Guilford College told the conference that the group, composed of Newberry, Erskine, Presbyterian and Wofford, already had voted against joining the nine North Carolina schools.

The conference certified Lenoir Rhyne as football champion for 1951 and presented the outstanding player trophy to fullback Steve Trudnak of Lenoir Rhyne.

Ed Lutes set a new University of Miami (Fla.) record for yards gained on forward passes in a single game when he carried four tosses for 130 yards against the University of Mississippi.

Gerard Games Tonight At Duke

Durham (AP)—Thousands of college basketball fans will turn out here tonight to honor the memory of one of the game's most popular coaches in the South—Gerry Gerard.

Gerard, who died last January, moulded many fine basketball teams for Duke University and was also known by Southern Conference football fans as a gridiron official.

The Gerard Memorial program in Duke's big gym tonight will feature two games and proceeds will go to the Gerard family. Hanes Hosiery's national women champions meet Iowa Wesleyan in the preliminary game and Duke and North Carolina play in the nightcap.

Players, sports writers, commentators and photographers will all pay to get in—and many Durham business firms have donated soft drinks and other articles for the concession stands.

The program will be sponsored jointly by the Southern Conference Sports Writers Association and the conference basketball coaches.

Reggie Sinclair, top scoring forward on the New York Rangers, was a disc jockey on a Sherbrooke, Que. radio station during the summer.

Ray Bell, American owner of Windy City, England's 1951 winner of the Gimcrack Stakes, is a former champion rodeo bull dogger.

Farmville Lose Twice To Winterville High School

WINTERVILLE—Farmville High School was the victim in two games here last night as Winterville took wins in both the girls' and boys' games. Winterville outscored the Red Devil girls, 69-38, while the local boys pulled down a 47-32 decision.

Dean Wingate led the scoring in the boys' game for the winners, dropping in 11 points. Bobby McGlohon followed close behind him with 10 points, with Ed Evans next with eight.

Wingate shared the high scoring honors with Farmville's Marvin Tugwell, who also poured in 11 points. Charlie Fitzgerald was second for the Red Devils, with nine points.

Bobby Cole and Buck Cleeter were outstanding on defense for Winterville. Farmville was led on defense by Jack and Freddy Allen.

Ann Spier hit the nets for 21 points to lead the high-scoring Winterville sextet. She was followed by Ann Liverman with 18, and Betsy Castelloe with 17.

Farmville's Ila Wooten held the high-scoring honor for both teams, however, with a total of 28 points. The other 10 points for Farmville was spread out over several players.

Ruth Hazelton was outstanding on defense for the winners, while Farmville's defensive play was led by C. Cannon.

This was the first game for both clubs. Winterville plays at home Friday night in another Pitt County game with Ayden, while the Red Devils do not have another contest until December 12, when they travel to Stokes.

Kazmaier Wins Heisman Trophy

NEW YORK (AP) — Dick Kazmaier, Princeton's star tailback, is the 1951 winner of the coveted Heisman Award.

Kazmaier captured the honor, given annually by the New York Downtown Athletic Club to the outstanding football player in the nation, in a landslide.

The Princeton triple threat back collected 1,777 points, highest ever amassed by a player in the 17 years of voting.

Tailback Hank Lauricella of Tennessee finished second with 424 votes and Babe Parilli of Kentucky came home third with 344.

Bob Ward of Maryland was 11th with 92 votes.

Kazmaier, previously named "Football Player of the Year" by the Robert W. Maxwell Club of Philadelphia, led the nation in total offense with 1,827 yards prior to Saturday's games.

The 20-year-old senior dominated the voting in every part of the country.

There is no open season on beaver in the United States. Individual states, however, designate limited periods when beaver may be trapped if there is an oversupply.

Russell Sparks Pirates To 80-68 Win Over Catawba

Buc Foward Gets 26 To Scoring Attack

Blake, Hodges And Russell Lead Rebounding Attack As Pirates Win Second Straight North State Conference Game

By JIMMY ELLIS
Reflector Sports Writer

After being held to a tight score in the first half by the Catawba Indians, the East Carolina Pirates turned on the steam in the third quarter last night to win 80-68 over their North State Conference rivals. The victory was the second without a loss in conference play for the Pirates.

All-State and All-Conference forward Sonny Russell, a junior from New Bern, was the number one thorn in the side of Coach Bob Spangler's visiting Indians as he hit for 13 field goals from the floor and a total of 26 points. Russell did most of his scoring in the first half, tallying 12 in the first quarter and six in the second quarter. He got four points in each of the last two quarters.

Sophomore Bobby Hodges who won a starting position only shortly before game time, was runner-up to Russell in the scoring chase. Before he fouled out in the fourth period big Virpo had 17 points. Dick Blake followed with 14 for the Pirates.

A tight defense against close in shots by Bill Hunsucker, Catawba's star forward, kept that player from reaching the total of 23 points he scored Monday against Atlantic Christian but Hunsucker still managed to throw in 11 points. He had to surrender Catawba's scoring laurels to team mate Charlie Hodgin, however. Hodgin flipped in six field goals and a free throw to score 13 points.

The game was a wide open shooting affair from the opening whistle. East Carolina controlled the tip and the ball was given to Toddy Fennell on the right side. Fennell put the ball through the nets with a set shot and the Pirates never trailed in the game although they had some anxious moments.

After Fennell's first shot, Russell tipped in a follow shot. Larry Graham tossed in a free throw for Catawba but Bobby Hodges extended East Carolina's margin to 6-1 with a great hook shot. Hodgin hit on a push shot from the side for Catawba to close the gap to 6-3 but Russell hit on two quick shots to run the score to 10-3 before Hunsucker sank a free throw.

Russell tapped in a free throw and then Catawba had a mild splurge. Hunsucker hooked one in from out front and Graham followed with a set shot. Larry Taylor tossed in a free throw to close ECC's margin to 12-9 before Hodges came through with another hook shot.

Francis Pleasants and Hodgin both sneaked in for close shots for the Indians and the gap was closed to 14-13. Hodges widened the breach still more with a follow shot and Russell made it 16-13 when he followed up one of Hodges' shots. Russell hit another push shot from the corner and Charlie Huffman also banged in one of the one-handers.

Hodgin hit on a push shot from way out but Blake came through with another left handed hook shot that zoomed the Pirates into a 24-15 lead.

After Blake missed a free throw, football star Joe Popp cracked the nets with a one-hander from well beyond the circle and Graham got loose on the fast break just before the quarter ended to make the score 24-19. Blake made a free throw just at the quarter's end to make the margin 25-19.

As the second quarter began, Catawba spurted briefly to tie up the score. Pleasants hit a jump shot from the circle and Hodgin swished another of his long shots. Graham worked the fast break correctly for two more points and the game was all tied up at 25-25.

Russell took care of that situation for the Pirates. In a great exhibition of ball handling and shooting, the slender forward worked his way into close range for six quick points that put the Pirates into the lead they held for the rest of game. After Russell got through taking the lid off the basket, the Pirates had the game and it was just a question of running, shooting, and then running some more.

Defensively, the Pirates were led by Cap'n Dick Blake, a 6-3 guard who goes ball crazy when he gets under the basket. Blake grabbed his share of rebounds last night plus getting some one's share and turned in a great all-around game under the baskets. He wasn't hampered by fouls and when Coach Howard Porter turned him, Hodges, and Russell loose under the boards, the Pirates did most of the rebound grabbing.

Catawba's ace, Hunsucker, found the way to the goal blocked every way he turned—most of the time by Hodges—but he did a good job of handling the ball. Hodgin showed himself to be more than familiar with the game of basketball and it was he who furnished most of the trouble for the Pirates. Hunsucker, Hodgin, and Pleasant led the rebounding team for Catawba and had spurts where they controlled both boards.

The Pirates will be idle until Saturday night when they journey to Camp Lee, Virginia, to take on the soldiers in Petersburg.

The box:

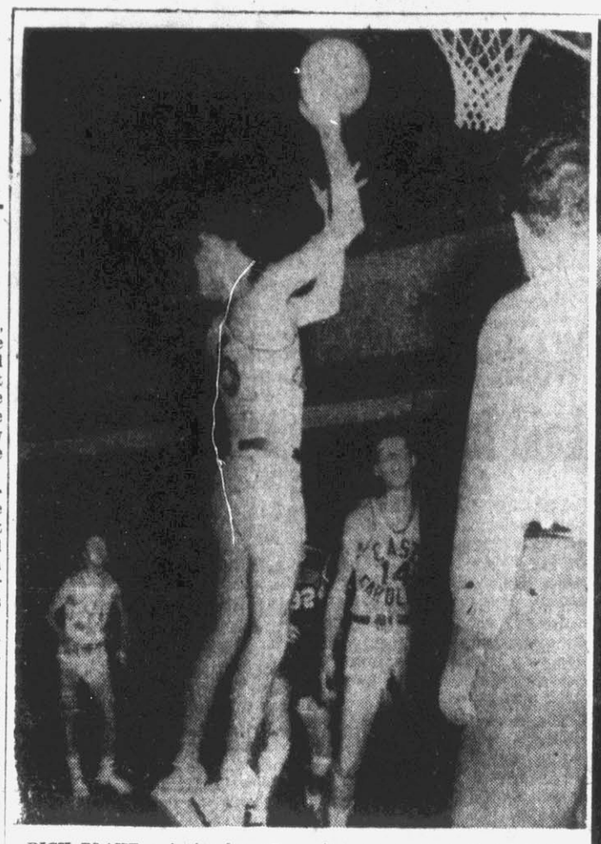

Catawba (68)	fg	ft	pf	tp

Totals	37	6	28	80

Score by quarters:

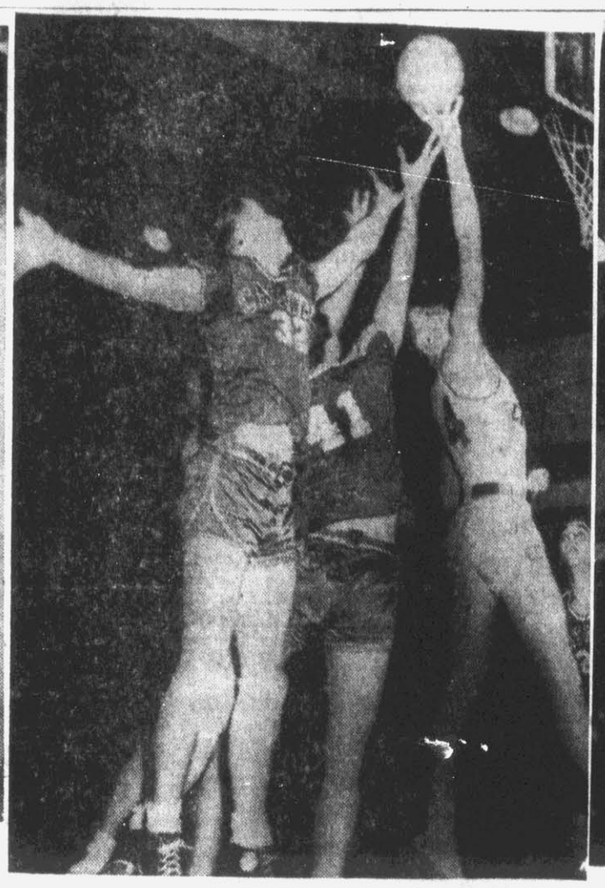

Catawba	19	16	11	22—68
East Carolina	25	16	19	20—80

Free throws missed: Hunsucker—2; Hodgin—2; McKaig—1; Oxendine—7; Graham—2; Popp—1. East Carolina: Russell — 3; Hodges—3; Fennell—1; Blake—3.

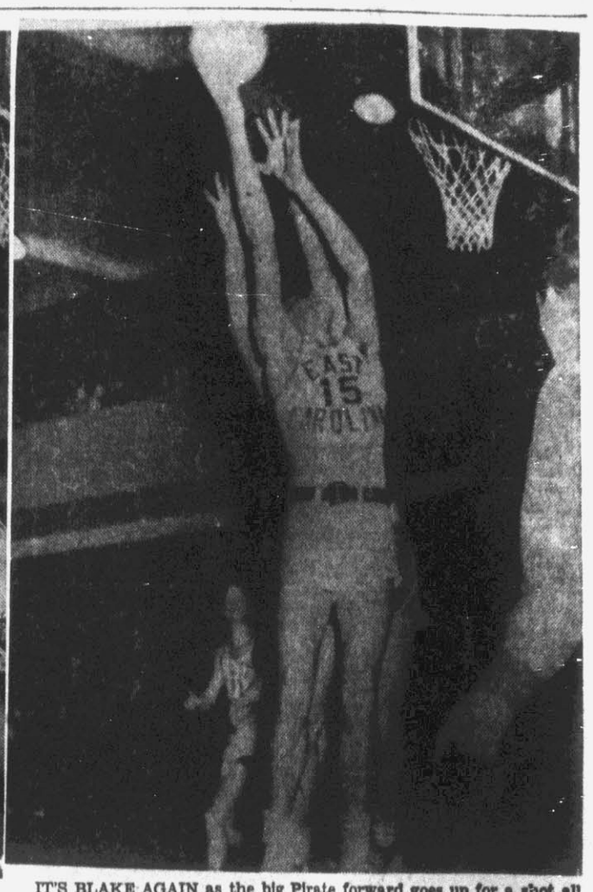

Officials: Bello and Mills.

DICK BLAKE, a junior from Camp Lejeune, was one of the leading defensive performers for the East Carolina Pirates last night and this action shot of last night's game with Catawba shows how he did it. Blake is shown cut-cropping center Francis Pleasants of the Indians for a rebound and the follow-up shot. That's Catawba's Bill Hunsucker to the right of Blake and Pleasants with Lou Collie coming up from the rear. (Photos by Tom Lupton).

JUST HOW SONNY RUSSELL got 26 points last night is partially told in this picture. Russell is shown about to tip the ball in despite the efforts of Catawba's Bill Hunsucker (41) and Larry Taylor (32). Dick Blake is the Pirate behind Hunsucker and Taylor.

IT'S BLAKE AGAIN as the big Pirate forward goes up for a shot all by himself. Blake scored 14 points last night but high scoring honors went to Sonny Russell (No. 14 on the right). Russell got 26 points. Other players in the picture are Catawba's Larry Taylor and ECC's Cecil Heath (13).

State' Carolina Tied For Top In Southern Conference Race

By The ASSOCIATED PRESS

Maryland's Terps and Washington and Lee's Generals make their debut in Southern Conference basketball play against each other tonight at College Park, Md.

Maryland, coached by H. A. (Bud) Millikan, began its season Monday night with a 59-42 victory over Virginia. W&L's only appearance resulted in a 71-59 decision over the Norfolk (Va.) Navy five.

Every member of last year's Maryland quintet is back to employ Millikan's slow style of attack once more. Washington and Lee lost some of its starters of last year, but forward Jay Handlan, one of the nation's top point-makers last season, is back.

North Carolina State's Wolfpack, the league's defending champion, pulled up into a first place tie with North Carolina last night by romping over Davidson's Wildcats, 74-48. It was State's second win in as many starts.

Kim Buchanan, a State sophomore, topped the night's scorers with 18 points. Davidson's leader was forward Bill Brooks with 13. The Wolfpack was too tall for the Wildcats, and State took an early lead and gradually pulled out of sight.

Wake Forest's Deacons suffered their second setback in three outings by bowing to Tennessee, 77-53. The victorious Vols built up a 26-7 lead and coasted on in.

The University of Richmond Spiders opened their season with a 64-50 licking at the hands of the Quantico Marines. Elmo Stephenson, Richmond forward who sparkled for the Marines last year, led all point-makers with 13.

The independent Enka Rayonites tripped Furman, 73-61.

Only game tonight besides the Maryland-Washington and Lee clash finds Clemson's Tigers at Georgia. The Tigers downed Georgia last week at Clemson.

New Laws For Southerners Released By Wallace Wade

RALEIGH (UP)— The Southern Conference has a proposed new constitution and by-laws and some proposed amendments to both but neither answers the big questions —what to do about Clemson and Maryland.

The present by-laws require consent of the conference to play a post-season game. Clemson asked permission and was turned down, but will go to the Gator Bowl anyway. Maryland accepted a bid to the Sugar Bowl without even asking permission.

The new constitution and by-laws, released by Commissioner Wallace Wade, don't mention any punishment for a violator. The conference will vote on the proposals at its meeting in Richmond, Va., Dec. 14-15.

Apparently the conference would still have to meet and decide on a penalty for each infraction and leave it up to Wade to inflict the punishment. The proposed by-laws give the commissioner the responsibility of "interpreting the enforcing the rules" and state that "the commissioner shall impose penalties fixed by the conference."

Under a proposed amendment, the ban on bowl games would be absolute, with or without permission. A recommendation from a meeting of presidents in Chapel Hill would make the by-laws read: "No post-season football games will be permitted."

Vandy Stars Will Play With South In Senior Bowl

MOBILE, Ala. —(AP)— Bill Wade, pride of Vanderbilt's backfield, and two Vandy linemen signed to play with the South in the Jan. 5 Senior Bowl.

Wade's accurate tosses came near upsetting mighty Tennessee last Saturday. He'll team with Kentucky's Babe Parilli to give the South a potent passing combination.

Signing with Wade were Bob Weckle, 215-pound tackle, and Ted Kirkland, 6 foot 5 inch end from Marianna, Fla.

Last night the South picked up Steve Wadiak, South Carolina's fleet running back.

Merger Defeated At North State Annual Meeting

HIGH POINT —(AP)—The long-debated possibility of a merger involving the North State Conference and South Carolina's Little Four—Wofford, Erskine, Newberry and Presbyterian—apparently is little more than a memory—at least for the present.

The matter was passed over quickly at the annual conference meeting here yesterday after the reading of a letter from the South Carolina schools in which they asked that the matter be left open for the present as they were in no position to take action at this time.

The conference elected Bernard Daugherty, Business Manager of Appalachian State, to succeed Dr. J. B. Cummings of East Carolina. Milton Adams of Atlantic Christian was elected vice president, Prof. A. L. Hook was renamed commissioner and Dr. David E. Faust of Catawba was retained as secretary-treasurer.

Although routine matters occupied most of the meeting, a few items came up for prolonged discussion.

The conference voted against using players not eligible for conference play in games with non-conference opposition.

An executive committee suggestion that the group change its name to the North Carolina Intercollegiate Athletic Conference was referred back for further study.

No action was taken on a proposal that the conference commit its football champion to play in the Burley Bowl game at Johnson City, Tenn. each Thanksgiving Day. The matter was left to the discretion of the individual schools.

Hereafter an athlete who enters military service from within the conference will be unable to play in the same sport for another conference school later.

Catawba's Gordon Kirkland suggested that the conference investigate the possibility of joining the N.C.A.A. The president was instructed to investigate the situation.

Kirkland, Bob Davis of High Point and Elon's Jim Mallory were named as a committee to select a site and attempt to secure a sponsor for the conference baseball tournament in the spring.

Spring golf, tennis and track tournaments are expected to be continued, the group indicated.

Bears Lose 71-72 To Presbyterian

By the Associated Press

A non-conference game between Milligan and Appalachian is the North State Conference's only item of basketball business tonight.

East Carolina's Pirates scuttled Catawba 80 to 68 in the only conference activity last night. All-Conference Forward Sonny Russell sparked the Pirates to their second loop win in as many games.

Russell tallied 26 points for Coach Howard Porter's Pirates, while Bobby Hodges added 17 and Dick Blake chipped in with 14. East Carolina's defense kept the Indians well in check. Charlie Hodgin, with 13 points, and Bill Hunsucker with 11, led Catawba's scoring.

Lenoir Rhyne's touring Bears lost a squeaker to Presbyterian, 72-71, at Clinton, S. C. last night. The Bears led through the first three quarters but the Blue Hose tied it up and won in the last 45 seconds of play. Tony Sellari was high man for the Bears with 27 points.

Jap Flyweight Beats Champ In Non-Title Bout

Honolulu —(AP)— Japanese flyweight champion Yoshio Shirai last night scofed a technical knockout over world flyweight champion Dado Marino of Honolulu in the seventh round of a scheduled ten-round non-title fight.

They meet in Tokyo in a championship next May.

Shirai floored Marino six times before Dado's manager, Sad Sam Ichinoise, leaped through the ropes, towel in hand, after one minute and 11 seconds of the [illegible] round. His fighter was flat on his back.

Shirai outpointed the 26-year-old Japanese in Tokyo earlier this year. The Hawaiian was a 1-2 favorite last night.

Voice Of America Says Moslems Fleeing Soviet

NEW YORK —(UP)— The State Department's Voice of America reports that more than 3,000,000 Moslems have fled Soviet Asiatic republics to escape Communist oppression.

The Voice, in a series of broadcasts beamed at the Nea. East and at the fringe republics of the Soviet Union, said that many members of the Islamic faith have fled Russia since the early 1920s, when the Soviets crushed the independence movement of the Turkestanis in Central Asia.

The Voice estimated that additional thousands have fled the Chinese Sinkiang since the establishment there of Communist rule.

Asylum Grant

The Moslem escapees, the Voice said, have sought and received asylum in India, Kashmir, Afghanistan and the Middle Eastern states.

It said that the Chinese cultural delegation which visited New Delhi earlier this month refused to accept an invitation to tour Kashmir by way of protest" against the Kashmir province government's policy of granting asylum to refugees from Sinkiang.

The theme that Moslems are persecuted in Russia, that they are denied freedom to practice their religion and are forced to flee the Soviet Union is one of the foremost propaganda weapons used by the State Department in its broadcast for the Near East and Russia's Moslem-inhabited republics.

Persecution Stressed

U. S. propaganda is leaning heavily on the religious persecution aspect in Russia in its shortwave broadcasts. This policy, Voice officials said, serves a double purpose:

1. It underscores the United States contention that Communism is the gravest threat to the religious and political freedom of Arab states. With the U. S. engaged in an ideological battle for the allegiance of the Arab masses, the emphasis on the religious aspect of the question is seen to be of prime importance.

2. It helps to sow discontent among Moslem minorities in Russia.

Widely Heard

The Voice claims it has intelligence reports showing that its broadcasts are widely heard in the Moslem republics in Russia, and that Soviet police have adopted stern measures to cut down the growing audience of the Voice.

Department officials believe the August bloody revolt of Kazakh peasants in Central Asia was to some extent influenced by the Voice's constant reminders to Russia's Moslems that they are denied the freedom to practice their religion.

The Voice's Near Eastern operations—consisting of daily broadcasts in Turkish, Arabic, Azerbaijani, Armenian, Georgian, Tatar and Turkestani—are directed by Gerald Dooher himself speaks Russian, Turkish and Persian and is responsible for many scripts broadcast to the Near East.

NO PIPE DREAMS HERE — Pre-med student Nuria Schoenberg smokes her favorite pipe as she hits books during study period at the University of California at Los Angeles.

Door Is Shut On Red Cross Hope

GENEVA — (AP) — The International Red Cross committee has disclosed that Communist China had slammed shut the committee's last hope of getting food and medical supplies to allied prisoners of war in North Korea.

The committee has tried since the outbreak of the Korean war to help war prisoners in North Korea in accordance with the new Geneva war conventions signed here only two years ago. Scores of messages from the committee to the Communist government of North Korea have remained unanswered, and no International Red Cross official has ever been admitted to North Korea even to talk to members of the government.

The committee's president, Paul Reugger, visited Peiping in March to request the help of the Chinese Communist Red Cross in sending aid to United Nations prisoners of war in North Korea.

On his return to Geneva, Reugger announced that the Chinese Red Cross had agreed to forward relief supplies to the prisoners. The details of this arrangement were to be worked out later, but no progress in this direction was ever made.

Ex-Nazi Is Now In Advertising; Uses U.S. Style

COLOGNE, Germany, —(AP)— Hans Fritzsche, once one of the smoothest Nazi radio propagandists, is now a smoothie in the American methods, including the comic book style.

Fritzsche was one of the lucky three top Nazis who won acquittal on war crimes charges before the International Military Tribunal at Nuernberg in 1945-46. The others were diplomat Franz von Papen and financial wizard Jualmar Schacht.

But Fritzsche was locked up later by a German denazification court. He didn't waste time in work camp but studied American advertising styles in U. S. newspapers in his spare hours. Upon his release he went to work in a firm founded by his wife and then branched out to do work for larger agencies.

Advises Care Of Farm Machinery

RALEIGH, N. C. —(AP)— The advice of H. M. Ellis, agricultural engineer for the North Carolina State College Extension Service, is for farmers to take good care of their present farm machinery because short supplies of equipment are in prospect.

Machinery should be housed when not in use because it deteriorates very rapidly from rust and other weathering processes, he said. An implement shed will pay dividends in prolonging the life of farm implements. A tractor not in use for 30 days should be housed, Ellis said.

Historic Site Saved

PLYMOUTH, Vt. (—UP)— The Vermont Historic Sites Commission is restoring Wilder House, the dwelling in which Calvin Coolidge took the presidential oath by lamplight a few hours after the death of Warren G. Harding.

FOLLOWS LEADER —Acharya Vinoba Bhave, 56, a disciple of Mahatma Gandhi, rests and eats in New Delhi during his walking tour of India to effect a land reform.

Studied Wife To Learn Burglary

OSHKOSH, Wis. — Capt. Ellis Young of the Oshkosh police department says householders could take a few tips from the story of a convicted burglar, Ralph J. Flick, 32.

Flick was serving a 90-day jail sentence for breaking and entering when Young asked him how he accomplished his burglaries.

"I always watched my wife to see where she put our money," Flick said. "I figured that if she hid our money that way, other people must do the same."

He said he looked in closets, dresser drawers, desks and cabinets for loose cash.

"That's where my wife kept it," he said, "and I find other people do, too."

Rudolph the Red-Nosed Reindeer

Wasted Mileage Laid To Drivers

TOLEDO, O. —(UP)— Automotive engineers at Willys Overland are convinced that the average motorist is his own worst enemy when it comes to economical operations of is car.

After exhaustive tests, Delmar G. Roos, a vice president of the company, said the average driver gets but halfthe mileage he should from a gallon of gasoline.

The reason is negligence, impatience and general incompetence, Roose said.

Speeding reduces milieage as much as half, Ross contended, while negligence, which includes faulty spark setttings, poor cylinder compression and tire pressure, may cut mileage from three to six per cent.

Jack-rabbit starts and quick stops are also gas robbers and come under the heading of incompetence.

Based on figures available for Ohio only, Ross estimated that drivers waste about $80 each per year, or around $204,000,000 all told.

Stowaway Owes Life To Missing Bale Of Tobacco

NORFOLK, Va. (UP)—A stowaway aboard the American steamship Exchester owed his life Tuesday to a missing bale of tobacco.

Ricardo Garcia, 34, of Argentina, was rescued from a hold by crewmen searching for the missing tobacco. Garcia had been trapped in the hold since he slipped aboard the ship in Portugal 10 days before.

Paul Johnson, assistant in charge of the local immigration office, said Garcia was "panting for water." Rescuers gave the stowaway water with a sponge after he gulped it so desperately that he left tooth marks on a metal can.

He was placed in the ship's hospital until it docks in New York.

Pennsylvania produced two million tons of bituminous coal in 1850. In 1950 the state's output was 72,500,000 tons.

NOTICE OF TRUSTEE'S SALE OF REAL ESTATE

Under and by virtue of the power of sale contained in that certain deed of trust executed by Johnnie Payton and wife, Athlene Payton, to J. L. Rollins, Trustee, bearing date of December 6, 1948, and recorded in Book G-25 at page 543 in the office of the Register of Deeds of Pitt County, default having been made in the payment of the debt thereby secured and the owner of the note having called upon the trustee to foreclose thereon, the undersigned Trustee, will on Saturday, January 5, 1952 at 12 o'clock, Noon, at the courthouse door in Greenville, N. C. expose to public sale to the highest bidder for cash, the following described real estate:

That certain lot or parcel of land lying and being situated in the Town of Winterville, Pitt County, N. C., and bounded on the North by R. E. Davenport, on the East by the Ferd Brewington lot, on the West by R. E. Davenport, and beginning at a stake on the North side of the Street Extension, and runs with said street N. 98-35 W. 114 feet to a stake, thence N. 4-00 E. 134 feet to the center of a ditch, thence with the ditch 117 feet to the Ferd Brewington line, thence with the Ferd Brewington line to the beginning, and being the same lot conveyed to Johnnie Payton and wife, Athlene Payton, by R. E. Davenport and wife, Elizabeth S. Davenport, by deed recorded in Book C-25 at page 210 in the office of the Register of Deeds of Pitt County. There is excepted from the above description a lot 50 feet on the street referred to which was conveyed by Johnnie Payton and wife to Sidney Sugg by deed recorded in Book C-25 at page 209, to which deed reference is hereby made for a description of the excepted property.

This the 4th day of December, 1951.

J. L. ROLLINS, Trustee
Harding & Lee, Attys.

CHARLOTTE, N. C.

key to someone's

Merry, Merry Christmas

This is the key to many things.

It's the key to a Buick, as you may well guess.

It's the key to power that is nimble and mighty and always alert—and to miles that are wondrously smooth and supremely pleasant.

It's the key to a prized possession that will keep this Christmas joyous in memory for months and even years.

And it's the key to sparkling eyes and happy smiles and delighted surprise for that very special Someone who receives it.

Want to know why a Buick's key can work such wonders? Come in and find out firsthand.

This, we promise you, is one bit of Christmas shopping that you're going to enjoy.

When you touch off that Fireball Engine that's a high-compression valve-in-head eight—when you set that Dynaflow* pointer at "D" for "Drive"—when you lay hands on that graceful wheel, ease into motion and feed the power—you're going to feel like Santa Claus and all his reindeer as they skim through the air with the greatest of ease.

This is a great car, a great performer, and a great buy.

No need to tell you the shopping days till Christmas are getting fewer and fewer.

There's no time like now for taking steps to make this a Buick Christmas.

NO OTHER CAR PROVIDES ALL THIS:

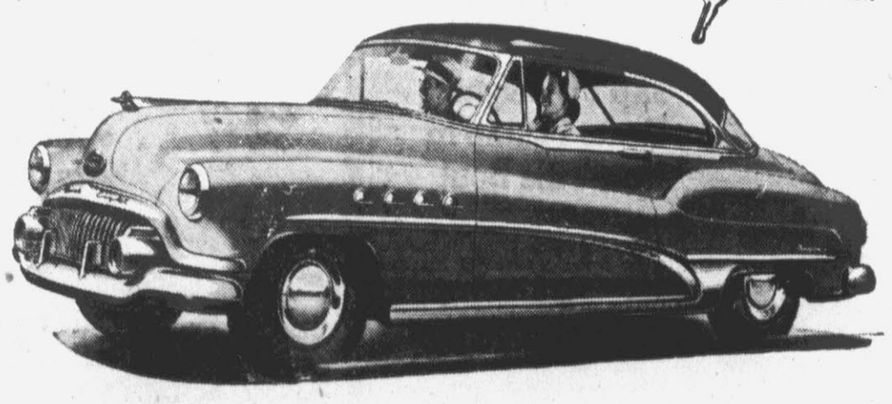

DYNAFLOW DRIVE* • FIREBALL ENGINE
PUSH-BAR FOREFRONT • WHITE-GLOW
INSTRUMENTS • 4-WHEEL COIL SPRINGING
TORQUE-TUBE DRIVE • DUAL VENTILATION
DREAMLINE STYLING • BODY BY FISHER

When better automobiles are built BUICK will build them

Equipment, accessories, trim and models are subject to change without notice.
*Standard on ROADMASTER, optional at extra cost on other Series.

Bus Plows Into Marching Boys; 23 Die, 19 Hurt

CHATHAM, Eng. (UP)—A bus driver whose 25-year safety record was shattered by the worst highway accident in British history sat stunned in his darkened home Wednesday, still unable to tell how he ran down and killed 23 boys and injured 19.

The lumbering red double-deck bus, moving at normal speed but with only parking lights on, plowed into a column of 53 Royal Marine Chatham cadets Tuesday night. The boys, between 10 and 13 years old, were marching along a dimly-lit road three abreast down a hill to a boxing tournament.

The bus came from the rear and plowed through the column.

Little bodies, dressed in dark blue uniforms with red piping were hurled into the air or crushed to the road. Some were found 50 yards away. Others were crushed beyond recognition.

Driver John William George Samson, 57, slammed on his brakes, but too late.

The bus swerved before it reached the head of the column, and crashed into a lamp post. Samson was hauled from his high driver's seat, dazed and taken home.

He knew many of the boys personally. When he heard what had happened he was grief-stricken. Previous plans had called for him to be decorated by his bus company Thursday for 25 years of driving without an accident or even a traffic ticket.

The cadets are youths who prepare for joining the marines when they are of enlistment age. They have a few hours a week training and a summer camp vacation.

Able Seaman Tom Lewis, 26, whose ships were sunk twice in the Atlantic during the war, stood with tears running down his cheeks.

"Six sailors and myself went among the boys to try to comfort them," he said. "I picked up one. He called 'Mummy.' Then he passed away in my arms."

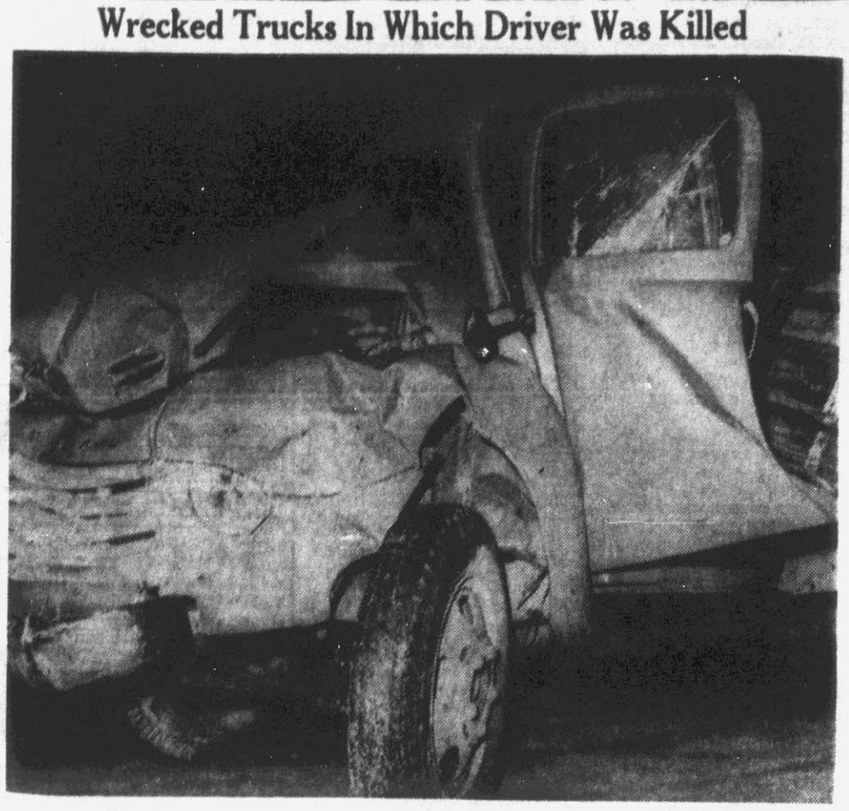

This is a naval arsenal town. There were many sailors from the barracks at the scene of the accident. Some turned their heads to hide tears. Others looked at the mangled bodies and injured boys being taken to hospitals and let the tears run down their cheeks unashamedly.

Messick Attending Florida Convention

President John D. Messick of East Carolina College is attending a meeting of the Southern Association of Colleges and Secondary Schools in Jacksonville, Florida.

The session, widely attended by representatives of public schools and of colleges in the South, will extend through Friday of this week.

Wrecked Trucks In Which Driver Was Killed

Here is the second truck involved in a wreck yesterday afternoon which took the life of a young Pitt County man. The accident occurred six miles north of Farmville on Highway NC 122. The two trucks collided head-on on the side of the highway being used by the truck shown above.

James Robert Garris, 31-year-old farmer, of Route 1, Greenville, was fatally injured yesterday afternoon when the truck which he was operating collided head-on with a truck which it was meeting. Garris died in Pitt Memorial hospital some two hours after being admitted in a critical condition. (Reflector Staff Photos by Roy Hardee).

Colored News

The missionary union held its last meeting at Sycamore Hill Baptist Church on Greene St. Nov. 18. The meeting was opened by a short devotional, and a very warm welcome was offered by the supervisor, Mrs. Fannie Gorham.

Preceding business, a Thanksgiving prayer was made by the president. Two very sick people were remembered with a little offering and plans were made to take packages to two others.

The topic for the evening was "Why I Am Thankful." Mrs. Myrtle Langley, a visitor, sang "Nothing Between My Soul and the Savior."

The next meeting will be held at A.M.E. Zion Church on Sunday, Dec. 9, at 3 o'clock.

Bring the names of all sick people. A small donation will be given each person for Christmas.

The Matron's Social Club met at the home of Mrs. Blanche Peyton on Wednesday night, November 28, with the president, Mrs. Gertrude Latham, presiding over the business session.

The meeting was largely attended. At the conclusion of the business the hostess served a delicious repast.

The next meeting will be with Mrs. Annie Little tonight at her home on South Pitt Street at 8:00.

All members are urged to be present.

The Cosmetologist Club, Local 24, is sponsoring a Queen for a Day concert at the C. M. Eppes High School December 5 at 8 p.m. The public is invited.

Rev. P. H. Mumford, pastor of York Memorial Church, wishes to remind all members of the church of the Church Organization Thursday evening at 7:30. This special Organization will need the presence of every member, both young and old. The entire program of the church is to be planned for the good of all. Let us work together for a bigger and better church.

TORNADO STRIKES

NEW ORLEANS (AP)—A freakish tornado ripped through the uptown industrial section here early today and caused damages estimated at more than $1,000,000 but no one was reported injured.

Acrobatic Thief Stole Sum From Local Business

A robber with acrobatic talent broke into the Diana Shops, 319 Evans Street, Monday night and stole $155 from the cash drawer and passed up about $5 in small manager, reported.

Police said the agile nocturnal prowler climbed a drain pipe on the rear of J. C. Penney & Company's building, then swung by his hands to a metal gutter along the rooof to get to a window in the Diana Shop.

"Cap'n" S. Bowen Dorsey, fingerprint specialist, who investigated the robbery, said the robber kicked out a glass in a window to the rest room in the Diana Shop, and then went downstairs to loot the cash drawer. The robber left no fingerprints, the officer stated.

"It looks like the work of a professional burglar," Dorsey said. Police are continuing thir investigation.

Found Innocent In Hit-Run Case

In Police Court today, Judge Charles H. Whedbee found Jesse Rodman, Negro tenant on the Nobles farm, not guilty of hit-and-run driving.

Testimony was that Rodman stopped after the accident, and did not show any inclination to leave the scene of the collision to avoid payment of damages. Rodman indicated to the court that he would pa. Evans $40 for damage done to his parked car.

Sawmill Operator On Trial Today

DURHAM —(AP)— A husky Durham County sawmill operator went on trial for his life in Superior Court here today.

The defendant, Clarence M. Glascoe, 47, is charged with murder in the shotgun death of Ralph H. Lupton, 35-year-old Raleigh man, on last Aug. 12.

Lupton died from a shotgun charge which struck his chest at close range. The shooting occurred on a country road about five miles from Durham.

Last Rites Thursday For James R. Garris

James R. (Jack) Garris, 31, died in Pitt Memorial Hospital Tuesday night at 6:15 o'clock as a result of injuries received in a truck collision Tuesday afternoon. Funeral services will be conducted at the home near Bruce Thursday afternoon at three o'clock by the Rev. L. B. Manning, Free Will Baptist minister of Fountain. Burial will be in the Falkland cemetery.

Mr. Garris was born and reared and spent most of his life in the Bruce community with the exception of more than four years spent in the service during World War II, three of which were spent overseas. He attended Falkland school and was a member of the Charles Gray Morgan Post, Veterans of Foreign Wars, and the Falkland Ruritan Club.

Surviving are his parents, Mr. and Mrs. J. T. Garris of near Bruce; six brothers, Johnny and J. Z. Garris, both of Greenville, and Ira, W. P., W. R., and Dillon Ray Garris, all of the home; and four sisters, Mrs. Stewart Joyner of Farmville, Mrs. Robert Lee Tripp of Greenville, Mrs. Horace Baldree of Washington, D. C., and Miss Emma P. Garris of Rocky Mount.

Stepinac Freed By Yugoslavia

BELGRADE —(AP)— Communist Yugoslavia today gave Msgr. Alojzije Stepinac his conditional freedom, making it clear he could not with government approval resume his duties as Roman Catholic Primate of Yugoslavia.

The official news agency Tanjug announced the spiritual leader of Yugoslavia's seven million Catholics would live in a parish house at his native village of Krasic, near the Croatian capital of Zagreb.

Msgr. Stepinac was sentenced five years ago to 16 years in prison. He denied the charges of wartime collaboration with the axis and postwar plotting to overthrow the regime of Premier Marshal Tito.

The 53-year-old Archbishop had spent the five years in a small two-room cell in Croatia's Lepoglava Prison.

Two Cars Damaged In Rear-End Collision

Cars driven by John L. Goodwin of Edenton and H. M. Collins of Kinston were considerably damaged in a rear-end collision on the college campus yesterday afternoon. None of the occupants was injured.

Police investigating the case said Goodwin's car collided with the other car when Goodwin slowed down. No arrest was made.
