

Merchants Urge City To Provide Parking Lots In Business Section

Call On Aldermen To Take Steps For Ac- quiring Necessary Property

In a resolution passed last night, the Greenville Merchants Association officially called upon the city administration to provide public parking lots in or near the Greenville business district.

The resolution also requested meeting of the board of directors of the Merchants Association requested the Aldermen to begin immediately negotiations for the lease or purchase of available property with the view of setting up Greenville's first city-owned parking lot.

The resolution also requested the aldermen, in setting up the city budget for the coming year, to earmark city revenue from parking meters for off-street parking lots until adequate off-street parking is provided for the city.

The matter of off-street parking in the city has been under study by the Merchants Association for several months, and the action proposed by the directors of the association last night is patterned after solutions to the parking problem which have been worked out in other cities of the state.

Charles E. Blair, J. H. Blount, L. S. Garris and H. L. Ormond reported on the highlights of the North Carolina Merchants Association convention held in Raleigh, N. C., May 20-22.

Mrs. Lettie Bilbro who was voted the outstanding Credit Women's Breakfast clubber for the year was also honored at the convention.

Membership Committee Chairman Ercell S. Webb reported six new members of the Merchants Association. The new members are College Esso station, Serve-U Service station, C. G. Waters Service station, George Pugh Service station, Paden Service station and Varsity Shell station.

Appointed last night by President Charles White to represent the Merchants Association on the Steering Committee for Farmers Day are C. W. Harvey, Jr., Bancroft Moseley and Thomas E. Wilson.

A brief report of the meeting of Tobacco Associates, held May 20, was made by J. H. Blount.

President Signs Bill Extending Soil Subsidies

WASHINGTON (UP)—President Truman yesterday signed a bill extending for two years the present program of direct federal payments to farmers for certain soil conservation practices.

Under the Soil Conservation Act, the payment system was supposed to switch next Jan. 1 from direct federal payments to federal grants in aid to the states, which would in turn make the payments to farmers. Some states have not yet set up machinery for handling the payments.

The bill, introduced by Chairman Allen J. Ellender (D-La.) of the Senate Agriculture Committee, would continue the present system to Dec. 31, 1954, so that all states could change to the new system at the same time.

Axe-Slaving Is Related By Boy

RALEIGH (UP) — A 12-year-old Negro boy calmly told police here that his father, Albert Copeland, 47, killed his mother with blows from an axe Sunday afternoon.

Detectives said they found the boy, Waddell Copeland, sitting on the front porch when they went to the home to investigate. "The boy told us his dad had killed his mother," they said.

Knife Blade Embedded In Piece Of Skull Is Evidence At Trial

The most gruesome item of evidence to be presented in superior court in many months was offered here yesterday in a case which drew Thomas Frazell, Negro, from nine to 10 years in state prison.

Charged with assault with a deadly weapon with intent to kill, Frazell pleaded guilty to stabbing a young Greenville Negro through the head with a knife, the blade of which was broken off and remained embedded in the youth's skull.

Testimony on the case against Frazell, introduced by Police Chief J. H. Blount, disclosed that the wounded youth now suffered partial paralysis and had a portion of his skull removed when he was taken to Duke Hospital after the affray.

Chief Lucas then produced a piece of skull about two inches in diameter which still contained the

Special Honors, Awards Presented GHS Graduates

Greenville High School seniors closed the second page in their graduation exercises last night when they held the annual awards night in the High School auditorium at which time members of the senior class were singled out for special honors and prizes.

Thus with all the programs, special activities and parties behind them, the Highlight of their High School year is just around the corner with graduation ceremony scheduled for Wednesday night in the Wright auditorium.

At this time, seniors of Greenville High will perform their last high school duties when they stroll across the stage for the long awaited diplomas.

Presentation of the awards were made by Greenville City Schools superintendent June H. Rose.

Rose also introduced to the audience, the four students who will next year guide the student government of the local student body, as well as the new editors of the school publication, Green Lights.

A gavel was presented by the Student Government to this year's outgoing president Glenn Scott. The awards were:

Woolfolk Memorial Scholarship, Sidney Briley; Keesch Distinguished Service Cup, Marty Hadley; Dixon Athletic Trophy, Sidney Briley; The Daily Reflector Memorial Scholarship, Charles Ray Ross; Woman's Club Scholarship prize, Bobby Nichols; National Forensic League Key, Betty Lou Small; Dramatics award, Doug Mitchell; American Legion Oratorical winners first and second places, Bobby Nichols and

Betty Lou Small; Debate Medal, Lula Mayo; World Peace Medal, Johnnie Simmons; Band, Bobby Nichols; Art, Cidny Ann Holden; Home Economics award, Frances Glenn Cahoon; French, Marty Hadley; Music, Curtis Hendrix and Janet Watson; Library, Ruby Pagent; Cheer leader, Nancy Proctor; Journalism, Billy Arnold; Dramateers, Betty Lou Small; The Tau leadership award, Shariene Howard and Paye Sermons.

Opening the evening's events last night was a one act play given by members of the senior class. The original production was written by senior Betty Lou Small and was entitled "Trapped".

Following the presentation of the play the mixed chorus under the direction of Miss Ona Shindler rendered "You'll Never Walk Alone".

WIN SCHOLASTIC HONORS: The three Greenville High School students above were presented with the four top honors given last night at the annual Awards Night honoring the senior class. Charles Ray Ross (left), was named recipient of the newly-established Daily Reflector Memorial Scholarship; Martha Emily Moye Hadley received the Keesch Distinguished Service Cup; and two-time winner Sidney Briley who was awarded both the Dixon Athletic Trophy and the Woolfolk Memorial Scholarship. More Koje Island Deaths Disclosed

Fifteen Additional Prisoners Of War Slain In Clashes With Allied Guards; Over-All Total Now Is At Least 238 Dead

KOJE ISLAND, Korea (UP)—The deaths of 15 more Communist war prisoners in clashes with Allied guards on turbulent Koje Island were disclosed today.

These brought the over-all total of Communist prisoners killed by guards or by their fellow prisoners on Koje to at least 238.

Dr. Stephen Geleger of Flint, Mich., commander of the United Nations hospital on Koje, said the 15 previously unreported deaths occurred in scattered minor clashes with guards over a period of weeks. All major outbreaks had been reported earlier, he said.

He put the total number of prisoners known to have been killed in fights with Allied guards at 123. Another 115 were known to have been "executed" by fellow prisoners after "trials" before Communist kangaroo courts within the prison compounds, he said.

There were unconfirmed reports that some prisoners executed after the "trials" were chopped into bits, their skulls smashed and the remains hauled outside the compounds in sewage buckets.

There were other rumors that many prisoners had been buried inside the compounds at night and thus never listed by the Allies as dead.

Ridgway Believes Attack Possible

PARIS (UP)—Gen. Matthew B. Ridgway arrived today to assume command of the Allied armies of Western Europe, and said at once that a Russian attack is possible.

Ridgway, the first United States general to land in France with the liberation armies of World War II, came back to assume the command which Gen. Dwight D. Eisenhower is giving up.

At a press conference he was asked if there is a chance of a Soviet attack on Western Europe. "Anything which has capabilities is a possibility and there is great capability there," Ridgway said.

More than 15,000 French police and troops gathered against threatened hostile demonstrations against Ridgway by the Communists. But his motorcade proceeded through Paris from the airport without incident.

He said he would spend the rest of the week in conference with Eisenhower, who leaves for Washington Saturday.

"I came over here with confidence in the leadership of General Eisenhower and to get the problems at first hand," Ridgway said.

KNOW-HOW COUNTS
Chicago (UP)—Officials of the Milk Foundation selected Nancy Elsiebach, 16, as Chicago's dairy dream girl because "she knows how to milk a cow."

MIG Downed By Air Force Ace

Sky Fight Over South Korea; Ground Ac- tion Reported

SEOUL, Korea (AP)—The Air Force said U. S. Sabre jet pilots shot down a Communist jet today in an aerial duel over North Korea.

On the ground action was limited to patrol skirmishes.

Jet Ace Maj. Donald Adams, Mt. Clemens, Mich., was credited with destroying the MIG, raising his total bag of Red jets to 6's.

An Eighth Army staff officer said one of the sharpest ground fights today was a 3-minute clash at dawn northwest of Korangpo in the Western Front. Small arms, automatic weapons, artillery, mortar fire and hand grenades were used to throw back a reinforced Red platoon. Ten Communists were reported killed.

The American minesweepers Murrelet and Swallow exchanged fire with Communist shore guns Monday off the east coast. Neither ship was hit, the Navy said.

The U. S. cruiser St. Paul fired its 42,000-lb shot of the war.

The Navy also reported today that 24 South Korean seamen were killed and 21 injured when the Korean frigate Apnok and the American ammunition carrier Mount Baker collided in Korean waters last Wednesday.

There were no casualties on the American ship, which suffered only minor damage.

Jury Criticizes Unidentified JP

An unidentified Pitt County justice of the peace was exposed to sharp criticism yesterday when the Grand Jury submitted its term report to Judge John J. Burney.

Quoting from the Grand Jury report: "It has been brought to the attention of the Grand Jury that a certain justice of the peace has been trying cases in his court, which he was without jurisdiction in trial of same. It is recommended that those who hold the office of justice of the peace be immediately instructed by proper officials as to their authority to try cases in violation of the law."

The report stated that all bills of indictment given to the Grand Jury right in number, were found to be "true bills." No other business was transacted and the Grand Jury thanked Judge John J. Burney, Solicitor W. J. Bundy and other state and county officials for their help during this term of court.

Six-Nation Army Treaty Is Signed; Reds Begin React

Unprecedented Peacetime Pact Now A Reality; U. S. And Britain Pledge As- sistance; Confer In Emergency Session Tomorrow As New Berlin Blockade Ap- pears Shaping Up

By EDWARD M. KERRY
United Press Staff Correspondent
PARIS (UP) — Six Western European nations including Germany today signed a treaty unprecedented in peacetime to merge their armies into one to defend democracy against Communist aggression.

Under the treaty the troops of Western Germany, France, Italy, Belgium, the Netherlands and Luxembourg will combine to serve under Gen. Matthew B. Ridgway as Allied supreme commander, along with separate American, British and Canadian armies.

As the treaty was signed at the French Foreign Office, the United States and Great Britain pledged themselves in a special declaration to defend the six nations, and the Allied-held sectors of Berlin, against attack "from any quarter." In Berlin, the Russian and East German Communists, enraged at the signing of the army treaty and the peace pact with Germany in Bonn, started cutting telephone and telegraph communications to the outside world. They also barred Allied military patrols from the main highway to the West.

Fearing this might be the first move toward a new blockade of Berlin, Secretary of State Dean Acheson, British Foreign Secretary Anthony Eden and French Foreign Minister Robert Schuman set an emergency meeting here tomorrow to discuss the situation.

The signing of the six-nation army treaty, establishing a historic "European Defense Community," was carried out in the famous clock room of the Quai d'Orsay, the French Foreign Office. It still must be ratified by the various parliaments and by the U. S. Senate.

Along with the treaty, 14 other documents — two of them secret — were signed by various members of the North Atlantic Treaty Organization.

Taken along with the German peace treaty signed in Bonn yesterday, the new agreements will effect a vast merger of democratic forces, one never before attempted in world history except in actual wartime, to meet any Russian attack on Western Europe.

Ridgway, arriving here to take over the supreme command from Gen. Dwight D. Eisenhower, said at once that he believes such an attack possible. Acheson said at the signing ceremony that today's action is "one of the most important and most far-reaching events of our lifetime."

"I believe we are standing on the threshold of a new Europe and a new world," Acheson said. The six-nation pact, he said, is a means to the end of "an ancient dream—the unity of free peoples of Western Europe."

The 131-article, 50-year treaty establishes for the first time in history a six nation peacetime army wearing a single style uniform, receiving the same rates of pay, and commanded by a mixed general staff.

The treaty also sets up a ruling council, an advisory chamber, a court of arbitration and an operative commission for what is to be known as the European Defense Community.

France will contribute the largest number of divisions to the new army — 14 — but her erstwhile enemies, Germany and Italy, each will furnish 12. The Benelux countries — Belgium, the Netherlands and Luxembourg — altogether will raise five divisions.

Germany alone will contribute an estimated 400,000 ground troops, 85,000 airmen, 12,000 naval troops and men and 1,350 of the army's 5,200 tanks. The ground forces will be divided into four infantry, four armored and four mechanized divisions, each commanded by German officers.

German generals also will serve on the mixed general staff.

Cut Defeated

WASHINGTON (UP) — The Senate today defeated a move to trim an additional \$1,000,000,000 from the \$5,900,000,000 foreign aid bill.

The vote was 35 to 27 against the cut.

Chairman Tom Connally (D-Text.) of the Senate Foreign Relations Committee led the fight against the reduction. He said the cut would have a "disastrous" result and would "probably force a reconsideration of the whole defense set up in Europe."

Sen. Herman Welker (R-Idaho) and 10 other Republicans sponsored the drive to trim the measure.

A final vote on the foreign aid bill is expected by late tomorrow or Thursday. The Senate agreed today to limit debate on the bill and all pending amendments.

Shattered, Stolen Safe Is Located

The battered safe belonging to the Standard Oil Company which was taken away by robbers some time after midnight Saturday is shown above where it was found on a deserted woods path near the Stantonburg highway. Discovery of the safe was made yesterday afternoon. More than \$200 contained in the safe was removed after the bottom of the safe had been opened but most of the company's papers were found to be in good condition. (Reflector Photo by Roy Hardee).

Fascists Gain In Italian Elections

Democratic Bloc Keeps Control Of Rome, Lose 2 Cities

ROME (UP)—Pro-Western democratic parties beat the Communists in the bitter municipal election fight for control of Rome today, but lost key Southern Italian cities to the resurgent neo-Fascists.

The democratic coalition held a comfortable 72,000 vote margin over the leftist bloc in the Rome city council struggle. But the democratic parties failed to form a single bloc for the Rome province contest and lost to the Reds by 79,000 votes.

The powerful showing of the neo-Fascist Italian Social Movement (MSI), testifying to the comeback of extreme rightism only seven years after the death of Benito Mussolini, was marked by their apparent victories in the big port of Naples, the Adriatic seaport of Bari and the great bomber base city of Foggia.

The neo-Fascists won or were leading in at least nine other cities and communes of the south.

Almost complete returns for the city of Rome assured the anti-Communist coalition, led by Premier Alcide De Gasperi's Christian Democrats, of continued control of the municipal administration of the capital and the seat of the Roman Catholic Church.

In Rome province the democratic parties, running singly, won a higher popular vote than the Communist bloc. But the Red bloc won 20 of the provincial council's 30 seats.

In the municipal elections, the law provides that any party of united bloc getting a plurality of the popular vote automatically gets two-thirds of the seats contested. While leftists united everywhere in a single ticket, the democratic parties often split on local issues and ran separately.

Battered Stolen Safe Found Near City Limits

Located By Employee Of Firm Near Rural Paved Road; Cash Is Gone, But Im- portant Papers Are Recovered

Discovery of a battered safe, taken from the Standard Oil Company here sometime in the early hours Sunday morning, in a wooded section near Greenville yesterday afternoon, spurred local law enforcement officers to renewed efforts on the case today.

An employee of the firm, spotted the missing safe on a woods path leading off the old Stantonburg highway about three and one-half miles from the Greenville city limits.

Lenwood Stoneham located the safe and its spilled contents on a woods path some 100 yards from the rural paved road, sometime after one o'clock yesterday afternoon.

Stoneham had been sent by the Company's manager out into the section and told to search the byways and paths on the rural roads around the city.

Local police officers headed by Chief Guy C. Langston, Pitt County Deputy Sheriff Loyd Manning, and SBI agent S. G. Gibbs, converged on the spot and began an intense investigation of the area, combing it for any possible clues as to identity of the robbers.

Clearly in view from the road way, officers theorized that the thieves were attempting to remove the safe as far from the road as possible before they attempted to open it but were prevented from carrying the heavy burden further because of the wet ground in the area.

Once on the woods path the robbers proceeded to burst open the end of the safe to reach the contents.

More than 200 dollars in cash contained in the safe was looted, but the business papers of the firm were for the most part found to

(Continued on Page Eight)

Two Hours Of Freedom For Pitt Prison Camp Escapee Yesterday

Freedom was short-lived for a Pitt County prisoner yesterday afternoon; for, some two hours following his bid for freedom he was once more back in the custody of local prison officials.

Joe Miller, 32, sentenced from Mecklenburg County in December, 1951, escaped a road construction crew around 3:30 while the gang was engaged in clearing right of ways for a new road back of the Elmhurst housing project, on the outskirts of the city limits.

Miller was serving a 4-7 year sentence for breaking and entering of a store and the escape attempt was his fourth. His present term for

store robbery is his fourth, also. Once the alarm was sounded, highway patrol cars, sheriff's deputies and ABC officers joined hands with prison officials and began a dragnet search for the fugitive.

First indication that the man was still hemmed up in the woodland near where he made his bid for freedom came when Captain S. H. Mitchell of the highway patrol spotted the man in the woods near the railroad tracks which run parallel with 14th Street.

Mitchell fired at the man but was unable to halt him due to the thick covering of undergrowth which sheltered the man from view.

From this point on, bloodhounds picked up the man's trail and he was then found to have crossed the railroad and gone into another path of woods.

The net soon began to close in on the fugitive, and around 5:45 Captain Mitchell and the prison dogs flushed the man from his hiding place still in the area where he was first spotted.

For Miller, the escape attempt will mean the loss of all privileges gained by him to date, plus ten days in the "Hole" on a diet of bread and water. Then for six months he will wear prison stripes and chains as further punishment for his attempted escape.

Social and Personal

All items for this page received after 5:30 a. m. will be published the following day. Dial 2297-0 a. m. to Room; 1 to 4:30 p. m.

Mrs. Russell Wiggins of Boston and Mrs. C. S. Carr of Norfolk are visiting Mrs. S. B. Picken.

Mr. and Mrs. Grover C. Henley and little son of Jacksonville, Fla. are spending a short visit with Mrs. Henley's father, Heber B. Tripp. Mrs. Henley is the former Gladys Best Tripp.

Mrs. J. Lester Simmons has returned to her home on Greenville, S. 8, from the hospital of the Medical College of Virginia in Richmond.

Mrs. Michael Kachmer left yesterday for Aberdeen to visit her aunt, Mrs. G. C. Seymour, who is very ill.

Mr. and Mrs. T. A. Felton and children of Virginia Beach spent the weekend with Mr. and Mrs. Ed W. Barnhill, 1907 E. Fourth St.

Miss Peggy Barnhill is spending the summer with her brother, Ed W. Barnhill at Virginia Beach.

Dance Revue To Be Presented This Week

Marie's School of Dance will present its annual revue on Friday and Saturday nights of this week. The performances will be given in Austin Auditorium, under the sponsorship of the Junior Woman's Club, who will use proceeds from it to swell their Watson Memorial Fund.

The revue this year will center around pageants and special festivals which have become a part of the life in North Carolina. Entitled "The Ole North State," the show will depict the four seasons in the state and events that are connected with them in various song and dance numbers.

The first quarter of the program will depict winter festivals and scenes, with the scene laid to resemble the famous live oak tree in Wilmington which is so beautifully decorated for the Yuletide season. Fifteen dance numbers will be featured.

In the second quarter of the program Autumn in North Carolina will be illustrated in song and dance numbers as "Harvest Moon," "Carolina in the Morning," "Peanut Festival" and "Tobacco Festival." In the latter number both the bright leaf and the burley will be played up in song and dance.

Act III will show how spring comes to the state. The first number in this act will play up the Pitt County Community Arts Festival, followed by the Strawberry Festival, Piedmont Music Festival, and the Flower Festival renowned throughout the state.

Act IV plays up the Carolina folk festivals, the pageants which are given in the summer in Manteo and Cherokee and the peach festival. The finale centers around the praise of the state as a whole.

Mrs. Christine Smith will act as accompanist for the revue.

The Great Lakes contain half the fresh water on earth, says the National Geographic Society.

Social Calendar

TUESDAY
7:30 p.m. — Little Theatre Guild meets at the lounge of the Greenville Recreation Center in the Army.

7:30 p.m. — Within Council degree of Pochontas will meet.
8:00 p.m. — Alumni Glee Club of Greenville High School meet. Miss Shindler at high school.

8:00 p.m. — The American Legion Auxiliary will meet with Mrs. W. S. Stafford.

8:00 p.m. — Past Matrons and Patrons Club meets with Mrs. Nash Joyner on Woodlawn Ave.
8:00 p.m. — Miss Patsy Smith and Miss Molly Heister will entertain at the home of Miss Smith for Miss Janet Waters, bride-elect of June.

WEDNESDAY
11:00 a.m. — Mrs. Fred Saue and Mrs. M. D. Lassiter entertain informally as a compliment to Miss Carolyn Rowlett at the home of Mrs. Saue.

4:00 p.m. — Mrs. Cora Powell entertains for Miss Janet Waters at a supper party at the Satterfield-Powell cottage on Broad Oesek.
7:15 p.m. — Beaux Arts Club meets at Third Street School hut.

THURSDAY
1:00 p.m. — Mrs. Ty Wagner and Mrs. Hoyt Minges are hostesses at luncheon in honor of Miss Carolyn Rowlett, June bride-elect.

7:30 p.m. — Mrs. W. H. Tolson will present her piano pupils in recital at the Woman's Club.
8:00 p.m. — The Arles Book Club meets with Mrs. John Reynolds.

8:00 p.m. — Miss Carolyn Rowlett will be honored when Miss Frances Benda entertains at bridge in her home.

FRIDAY
1:00 p.m. — Miss Carolyn Rowlett will be complimented at a luncheon party, at which Mrs. H. L. Hodges Jr. will be hostess.
6:30 p.m. — Kiwanis Club.
7:30 p.m. — Red Men meet.

8:00 p.m. — Marie's School of Dance will be presented in annual recital in Austin Auditorium.

SATURDAY
1:00 p.m. — Mrs. C. H. Edwards Jr. and Mrs. Claude Gaskins will give a luncheon at the home of Mrs. Gaskins to compliment Miss Carolyn Rowlett.

8:00 p.m. — Marie's School of dance will be presented in annual recital in Austin Auditorium.

Engagement Announced
Mr. and Mrs. C. H. Briley of Robersonville announce the engagement of their daughter, Ann Elizabeth, to Robert J. Tatum, son of Mr. and Mrs. Julius Tatum of Elizabethtown. The wedding will take place June 21.

Birth Announcement
Sgt. and Mrs. Frederick Horne of Greenville, Rte. 2, announce the birth of a son on May 26 at Dr. Joseph Smith's Clinic.

Supper And Luncheon Honor Miss Perry And Mr. Merritt

Miss Janice Perry of Louisville, who will be married to Connor Merritt of this city in June, has been extended a number of pre-nuptial courtesies here and in Louisville.

On the night of May 16, Mr. and Mrs. A. C. Ruffin were host and hostess at a buffet supper at their home in Brookgreen. Guests were invited for 7:00, at which time a two course supper was served to eleven couples.

A color note which emphasized a yellow scheme was carried out in choice of flowers and table appointments. The table in the dining room was laid with a white cover and centered with a bowl of yellow roses and Dutch iris with tiny white accents. Silver candleholders with burning yellow tapers were tied with maline bows in which were gathered small yellow and white daisies. The auxiliary tables in the living room were centered with candles which were similarly decorated.

Mrs. W. B. Perry of Louisville, mother of the bride elect, and Mrs. J. Lloyd Horton served the meal and salad course from the dining table.

Miss Perry and Mr. Merritt were given a gift of china in their selected pattern. Miss Peggy Edwards and Tom Rowlette, another bride couple, were also remembered with a gift of crystal by the Ruffins. The presents were attractively wrapped and tied with narrow streamers of yellow ribbon.

Miss Perry and Mr. Merritt were again complimented on Saturday of this past week when Mrs. P. K. Anderson was a luncheon hostess to eight couples.

A pink color note was observed in the choice and arrangement of flowers. The dining table was centered with a bowl of pink larkspur and assorted summer flowers were used in various other arrangements.

A two course luncheon was served buffet style, after which the hostess presented the couple with a gift of silver.

Masquerade Act Featured At Class Meetings

An unusual and attractive recreational program was conducted by Mrs. Brantley Speight when the Ada Cherry Sunday School Class met on Monday night for its regular monthly meeting.

The meeting was held in the Fellowship Hall of Jarvis Memorial Methodist Church, with a business session conducted by the president, Mrs. George Smith. She opened the meeting with a song and a union prayer, after which the current reports. Mrs. Smith appointed a nominating committee to secure a slate of officers to present at the next meeting, which will be held on June 12. This meeting, she announced, will be a weiner roast to be held at the home of Mrs. J. C. Galloway on River Drive. This will be the annual picnic meeting, which closes the class meetings for the summer.

During the recreational hour, a masquerade fashion show was held. Participants brought costumes from home, and after donning them they modeled them across the stage, to the accompaniment of music provided by Miss Sarah Brown. Many of the class members participated, and those who had not come prepared with a costume acted as an audience, which judged the winners by applause. All kinds, varieties and style periods were represented in the clothes and costumes which were worn.

First prize, a steak which were cut from the prize-winning steer in the FFA stock show, was presented to Mrs. E. W. Griffith, who was dressed as Mae West. Second prize was awarded to Mrs. Earl Fleming, who was dressed as an Indian maid.

Third prize went to Mrs. George Smith, who was dressed for a garden party in a gown of 1925 vintage.

Fourth prize was won by Mrs. J. C. Galloway, who was dressed as a gypsy. Mrs. Ronald Finch, costumed as a Japanese, was given the fifth prize, while Mrs. James Phelps, who wore a gown which had been woven and made by an ancestor in 1850, won the sixth prize. All of these received attractive gifts for the kitchen.

During the refreshment hour the committee headed by Mrs. Stanley Hathaway, served iced punch, sandwiches, cookies and nuts from an appointed table at the back of the recreational room.

Twenty-Five Years Plus Club Meets For Final Time.

Mrs. J. Frank Harrington entertained members of the Twenty-Five Years Plus Club of the Order of the Eastern Star on Thursday evening, May 22, at her home on Paris Ave.

The home was lovely with arrangements of mixed summer flowers, which were used throughout the house.

A short business session was presided over by Mrs. F. S. Corbett, president of the club. After the minutes of the April meeting, which was held with Mrs. Hugh Ragdale, were read and treasurer's report given by Mrs. P. E. Wells, it was decided not to meet during the summer months, and plans were made for a summer picnic. It was reported that cards, letters, flowers and visits had been made to sick members and friends, and cards were signed by all present to be sent to four more who were on the sick list. Two cards were to go to Eastern Star members, Miss Sharlene Howard, graduating from Greenville High School, and Miss Annette Watson, completing her Master's Degree at East Carolina College.

During the social hour that followed, an interesting program about the York Rite Memorial Chapel Consecration at the Masonic Oxford Orphanage, on Sunday May 4th, was given by Mrs. Hugh Ragdale. A delicious sweet course was served by the hostess, assisted by Mrs. T. I. Moore.

Presented in Recital
Mrs. Karl V. Gilbert presented piano pupils in a studio recital on Monday evening, May 26.

Those taking part were: Ruth Cotton Clark, Mary Harrington, Bryce Cummings, Judy Jolly, Jane Perkins, Lois Eaton, Pete Eaton, Margaret Evans, Nelson Blount, Sally Beard, Sylvia Bonner, Ruth Evelyn Topping and Curtis Patterson, all of Greenville; Garry Patrick Bergeron Jr. of Farmville; Melissa Whichard and Barbara Rouse of Grimesland.

Charles D. Cobb Leaves School Position
Charles D. Cobb of Greenville, principal of Cherry Point School for the past three years, has resigned his position with the school in order to attend George Washington University where he will complete work on his degree of Doctor of Education.

In accepting Cobb's resignation, A. P. Olmstead, chairman of the school board said, "I wish to express the regrets of the Committee and of the community that school principal this coming year. Your work with this school system during the past three years will leave an indelible mark on the line you will not continue as our progress toward the ultimate goals of education in this area."

During the three years Cobb has been principal of Cherry Point school, the enrollment of the school has grown from 450 to 750 students. The physical plant of the school during the period has been expanded by six classrooms and a cafeteria which are now in operation, and a new 24 classroom plant which is nearing completion.

Span Of Bridge To Be Removed
RALEIGH (UP)—One span of a bridge across the White Oak River along State Route 24 will be removed Thursday to allow barges piled high with bridge-building equipment to pass, the State Highway Department said today.

The bridge, which links Morehead City and Jacksonville, will be closed to traffic for six hours (9 a.m. to 3 p.m.) and a 10-mile detour will be arranged via Silverdale, Stella and Pelletier.

The department is building a new bridge to handle traffic along the route.

To The Voters Of Chicod Township
I solicit your vote for Constable in the Democratic Primary May 31. I will do my best to make all of you a good officer. I will appreciate your vote and support.

Merit Shoes

Women In The Church

By MARY FOWLER

Sister Dorothy Beale of the Methodist Hospital at Himadan, New Ireland, Territory of New Guinea, has been made a "Member of the Order of the British Empire." Sister Beale went from Queensland 18 years ago and served in New Britain before the war. With three other Methodist nursing sisters, she was captured and imprisoned by the Japanese. No sooner had Sister Beale returned to Australia than she offered again to serve in New Britain. She has been busy establishing hospitals, training local nurses, and saving hundreds of lives. Recently nurses from the native population, trained by Sister Beale, were accepted by the Government Medical Board. They are the first accredited non-European nurses in New Guinea.

"Boards of foreign missions are frequently faced with emergency situations due to physical disasters which require large sums of money," said Mrs. Charles H. Sears, of the American Baptist Church, recently. "Often these funds have to be called immediately to alleviate the suffering of large numbers of people. Recently a cable came to one board saying that three of the buildings of a large school in Yokohama, Japan, had burned. Many of the families had suffered greatly from bombings during the war and these men who are on the faculty of the school were just beginning to recuperate financially and restore their libraries. Last year the intense suffering in India due to the bad crops posed a real problem. One of the worst earthquakes on record in forty years occurred in the Himalayas in the borders of Assam, India, and again relief money had to be sent by cable."

"When is a congressman a 'good congressman'?" asked Methodist women in a recent "U. N. Seminar" in Washington, D. C., under the leadership of Miss Theima Steven, of the Woman's Division of Christian Service. And a "jury" of men and women decided: "A good congressman is one who has an open mind and is willing to grow, willing to stay on the job, willing to rise above his own party in interest of the nation, one who has not passed his usefulness in age and physical ability, one who does not sacrifice the nation's future by voting 'expedient.'"

Bride Elect Remembered At Morning Party

On Saturday morning Mrs. Charles White and Mrs. S. T. White II were hostesses at an informal party to compliment two girls who will be married this summer.

Miss Carolyn Rowlett, who will be married to Ensign W. A. Bowen in a few days, and Miss Peggy Edwards of Grimesland, who will be married to Miss Rowlett's brother, Tom, were the honorees.

The guests were greeted informally and invited into the dining room for refreshments, where iced drinks, assorted sandwiches, pastries, nuts and candies were served by the hostesses.

Arrangements of pink roses made a lovely setting for the conversational groups which gathered in the living room and on the porch. In the dining room a low bowl of pastries, interspersed with baby's breath and larkspur, centered the table.

Both brides-elect were remembered with wedding presents from the hostesses, who presented the gifts at the end of the social hour.

NO WAY TO RUN A RAILROAD
LOUISVILLE, Ky. — (UP) — The first steam locomotive built in the United States was the "Best Friend of Charleston" in 1930 but in less than a year it came to a bad end. The fireman, annoyed at the hiss of escaping steam, sat on the safety valve lever and the engine blew up.

Red Guerrillas Attack Small U.S. Army Post

TONGNAE, Korea — (AP) — About 30 guerrillas overran a small U. S. Army camp here Friday, killing five American soldiers and a Korean houseboy.

Two other Americans were wounded, and two escaped injury. Survivors said it was a well-planned Red raid to obtain weapons. The guerrillas got two .30 caliber machineguns, 2,000 rounds of ammunition and seven rifles. The small American force was stationed in a grave pit here, about eight miles north of Pusan. The guerrillas, armed with U. S. rifles, attacked without warning about 2:30 a.m.

A Negro soldier said the guerrillas killed a sentry, then began shouting and throwing grenades, apparently at random.

The survivor said the few soldiers in the camp jumped to defense posts. He said a red-haired American named a machinegun and that he protected the machinegunner's back with his carbine.

The soldier said his carbine jammed and he was hit. The red-haired soldier fired until killed by a grenade.

The Negro was wounded. He said he pretended he was dead as a guerrilla took off his shoes.

He said the raiders struck soon after a convoy of 15 dump trucks left the gravel pit.

"I knew we would be alone for two or three hours until the trucks came back."

If the guerrillas suffered any casualties, they carried them back into the hills less than an hour after the attack began.

The fighting was heard at a U.N. hospital for prisoners of war. A jeepload of Americans and South Korean police, summoned by one

of the two uninjured survivors, arrived at the burning camp at 2 a.m.

They found bodies scattered over a wide area.

Two wounded Americans and two dead soldiers were in the area about the tents. The Korean houseboy had been flung over an embankment onto the dry creek bed.

Inside one of the tents, Korean police found a fatally wounded American crane operator and a wounded Korean laborer.

Pays A Nickel Each Week To Support Mother

PATERSON, N. J. (UP) — Building contractor Clarence Bennett must report to the probation director here every Friday and pay a nickel for the support of his aged, bed-ridden mother.

Bennett, 46, testified in criminal district court yesterday that he was so hard up for cash trying to meet business and other obligations he could not pay \$5 weekly for his mother's care as ordered by the Passaic County Welfare Department.

"I won't dignify you by directing that you pay the \$5 a week," Judge Milton Schumacher said. "but I do order you to pay five cents through the probation department."

Bennett had told Schumacher that his new building business has yielded him only a \$50 weekly salary from which he must pay \$58.55 monthly toward the mortgage on his \$16,000 home. He said he also had to support his wife and two children.

Draft Officials Quit In Dispute

ANDERSON, S. C. — (AP) — Four of the five members of the Anderson draft board have resigned in a dispute involving Wilton Hall Jr., son of the publisher of Anderson's two daily newspapers.

The resignations were announced yesterday by Chairman Fred Williford. He said that he and three other members had given their resignations to Maj. James Hunter, state Selective Service director. The remaining member is considering resigning; also, Williford said.

Williford said he resigned because Gen. Lewis B. Hershey, national Selective Service director, has issued a directive permitting young Hall to enlist voluntarily in the armed forces.

Hall's father, informed that the draft board had resigned in protest, said:

"It is regrettable that any group of men would be so zealous of their power to draft our boys into service that they would resign in protest because a young man sought to enlist as a buck private in the Army."

It was pointed out that Hall had sought to enlist on two occasions but was rejected because of what the local draft board's physician termed a condition of the foot. The young man has undergone surgery on the foot twice.

Hall, who has served as an accredited correspondent with the Sixth Fleet for the past year, recently requested and obtained a physical examination at the Armed Services examining station in Columbia. He passed the examination and volunteered.

Williford said the others who resigned were H. B. Moore, Anderson; Hargrove Baskin, Iva; and D. Ace Acker Jr., Anderson. He added that Joe Maddox of Iva, the other member, has his resignation under advisement.

In The Services

Sgt. Bobby Mobley (left) and Cpl. Marvin Mobley (right), sons of Mr. and Mrs. W. B. Mobley of Greenville, have met in Germany after a three-year separation. Sgt. Mobley is serving with Headquarters Company of the First Battalion, Armored Cavalry. Cpl. Mobley is with the 505th Medical Holding Company.

Airman 2nd Class Joseph E. Sawyer, son of Mr. and Mrs. Edward M. Sawyer, 107 Raleigh Ave., Greenville, is serving with the 766th Aircraft Control and Warning Squadron, Limestone, Maine.

Seaman Carl B. Denton, USN, son of Mr. and Mrs. A. T. Denton, 807 Forbes Street, Greenville, recently graduated from the U. S. Naval Preparatory School at Bainbridge, Md.

Pfc. Curtis E. Ruffin, son of Mr. and Mrs. John Ruffin, Route 1, Grimesland, recently received the Combat Infantryman Badge for front line combat duty with the 7th Infantry Division in Korea. Pfc. Ruffin is a rifleman in the 31st Inf. Regiment. He entered the Army last August.

Pfc. Orgetorix P. Warren, husband of Mrs. Maruella Warren of Bethel, recently was assigned to the Army band at the Augsburg Military Post in Germany.

Pvt. Clarence J. Wade Jr., whose parents live on Route 2, Grifton, is serving with the Second Infantry Division on the front lines in Korea.

Major Jesse Perry (USAF) of Greenville is serving as chief of the airborne branch of the combat operations sections of the 315th Air Division. Although Major Perry is a staff officer, he has flown fifty combat missions with the Far East Air Force.

Mild Weather

The temperature in the Greenville area continues to range in the 80s, with the wind from the northwest.

The highest temperature here yesterday was 84 degrees. Lowest last night, 62, and at 8 a.m. today the mercury stood at 69 degrees.

Yesterday a year ago, the highest temperature here was 86 degrees. Lowest that night, 63, and at 8 a.m. next day it was 70. No rain.

McGranery Lays Aside Judicial Robes Today

WASHINGTON (UP) — James Patrick McGranery laid aside his judicial robes today to become President Truman's third attorney general and take charge of a new administration attempt to "clean up" corruption.

Associates said the 56-year-old Philadelphia was determined to show up his congressional Republican critics who charged he was unfit to head the Justice Department and unlikely to weed out corruption.

McGranery, who gave up a lifetime job on the federal bench for a seven-month-at-appointment to the Truman cabinet, declined to discuss his cleanup plans in advance of his formal swearing-in by Chief Justice Fred M. Vinson.

There are 165 daily newspapers in Great Britain.

JUDGE OSCAR O. EFIRD

He has served as a trial judge for 14 years and formerly was a law teacher at the University of North Carolina. His home town newspaper has this to say about him:

"In native ability, knowledge of the law, character, experience and temperament, Judge Oscar O. Efird is one of the best-fitted men for a Supreme Court post among all the lawyers and jurists of North Carolina." — (From an editorial in the Winston-Salem Journal) (Oscar O. Efird)

Negro Migrant Wins A Fortune

MIAMI, Fla. — (AP) — A Negro migrant worker has come into \$180,000 through court approval of an agreement to divide an estate.

Zeke Campbell, 56-year-old son of a pioneer Miami real estate owner, D. A. Dorsey, received the approval in County Judge W. F. Blanton's court yesterday.

Campbell had been fighting in the courts for three years, claiming a third interest in Dorsey's estate, variously estimated as worth between \$750,000 and one million dollars.

Dorsey's death in 1940 was followed within three months by that of his second wife, Rebecca Dorsey, leaving as sole heirs an adopted daughter, Susan, and Dorsey's missing son by a first marriage, Zeke.

The son, Zeke, bears the surname of Dorsey's first wife rather than Dorsey's, which sometimes occurs among Negroes.

Just as the search was about to be abandoned, Zeke was found, sick and begging his way through a hard life at nearby Hallandale.

3 Little Words Inspires Quarrel

DETROIT (UP) — "Three little words" had two Detroit clothing store owners embroiled in a legal spat today.

It all started when Harry Kohn, 64, painted a sign in tall letters across the front of his store. It read:

"Lowest prices in town." All was well until his next-door competitor, William Broad, painted a sign at the same level and in the same letter style which read: "At Wm. Broad's."

To the passers-by, the signs appeared as one and read: "Lowest prices in town at Wm. Broad's."

The usual warm greetings exchanged by Kohn and Broad became heated words yesterday and police were called to break it up. The two wound up before assistant Prosecutor Nathan Kaufman.

A surveyor's report showed the word "at" in Broad's sign straddled the property line between the two stores. Kaufman ordered Broad to remove part of the letter "A" or be charged with trespassing.

Scientist 'X' To Hear Indictment

MINNEAPOLIS, Minn. (UP) — Joseph W. Weinberg, accused as the "Scientist X" who allegedly fed atomic secrets to Soviet agents, appears before a U. S. commissioner today to hear an indictment charging him with perjury. Weinberg is free on \$10,000 bond. He was seized Friday after the indictment was issued in Washington charging that he lied when he told the House Un-American Activities Committee that he never was a Communist.

Shipping Hit By Deckhand Strike

SAN FRANCISCO (UP) — AFL deckhands turned their stop-work meeting into a full-fledged strike against Pacific Coast shipping today to back demands for wage increases and overtime at the sea.

Harry Lundberg, head of the AFL Sailors Union of the Pacific, announced the strike last night. He said union members voted for it, 3,300 to 67.

The strike tied up ships manned by the SUP at all American ports but its effects were felt chiefly on

the Pacific Coast. Neither union nor company sources could estimate the number of ships idled by the strike.

OWN TRUCK RUNS OVER HIM HOUSTON, Tex. — (UP) — Danny Garcia Luera, 17, swerved to miss another car and wound up being run over by his own truck. The truck went out of control, slammed

med into a telephone pole and tossed Luera out. The force of the crash turned the truck around and it came back and stopped over Luera, who was knocked unconscious.

The River Jordan flows into the Dead Sea.

Strength for the Day

GET THE RIGHT SEQUENCE

Many bewildering teachings in Christian theology have arisen from the fact that the theologians have tried to use their brains in areas where the use of the brain was not indicated.

Take the doctrine of predestination for instance. Nothing could be more logical. If we admit that God is all-powerful, then the willingness of many persons to accept the Christian faith and live by it appears to have been the result of God's will. Therefore John Calvin and others before and after him concluded that God sent some people into the world to be saved and others to be damned.

But the trouble with such a doctrine is that it is not true, and a fair reading of the Bible clearly reveals that it is not true. God never sent anybody into the world to be damned. The entire testimony of Holy Scripture is against such a monstrous idea. But how did people ever get such an idea? Simply by trying to make religion fit into their forms of logic.

Christian truth is not contrary to logic but superior to it. Its basic concepts are far beyond the grasp of the intellect. Calvin and others simply tried to use their intellects in realms where the intellect alone is not sufficient.

Truth is first in religion; intellect and logic follow faith.

The Era Of Risk Is Just Beginning

Signing of the "peace contract" with West Germany doesn't solve any of the big problems confronting central Europe and the world; it only clears one hurdle and brings nearer that day of decision between East and West, between War and Peace.

Despite the risk of bringing closer that perilous test, our country and the countries of Western Europe have chosen to go ahead... daring all, rather than grope longer in the fog of uncertainty.

The coming months will see mounting tensions in Europe expected to dwarf the period of the Berlin Airlift. Nerves of already worried peoples will be taunted by new strains that a new phase of "cold" warfare are to bring. Either a faltering step or an over-rash action in this period can weave a pattern of events leading to disintegration of Western morale, a retreat by the forces of Communism, or open conflict. The path of the future is open to either of the three courses now that it has been decided to break the status quo.

Knowing the risks involved, it is to the credit of the West that they have accepted the challenge to break an impasse that has been preventing a return to normalcy in global relations. The long wait for acceptable proposals by Russia to resolve the German problem has been fruitless. Germany is too valuable in the world society to further waste time and her potential contributions.

The risk is not limited to what the Russians or the East Germans might do; there remains a very big question mark as to whether the Bonn Republic will prove to be an asset or a liability to the free world. We must not forget that while we see the need for securing the Germans to the West, that they are likely to feel the stakes are too high in the game of power politics. More than anything, they hope for a united Germany; and are presumably more willing to take risks for the achievement of that goal than anything we can offer them.

Despite this gloomy outlook, it would have been intolerably worse should no effort have been made toward admitting West Germany into the allied family of nations. By an open display of friendship for a former enemy, it may even persuade other peoples that the West is not populated by two-headed monsters who eat babies and thrive on the blood and sweat of the underdogs.

The principal feature of the peace contract is an end to sitting back and letting nature take its course, or Russia capitalizing on Western inaction. This time, it is we who are taking a positive course and leaving to the Kremlin those worries about "safe" counter-measures. That is a real change in Western foreign policies.

Vacation Land At Your Front Door

A season that draws more yearning dreams than even the Yuletide is right

around the corner. Vacation-time is at hand for millions of people all over America.

Some Tar Heels who look forward to vacationing out of their native state might be surprised at the thought that a small horde of other holiday-seekers look to North Carolina as their Mecca of a vacation pilgrimage. In fact, the Old North State is literally coining money out of the tourist industry, and every year sees more attention being turned to this activity.

North Carolina is proudly referred to as "variety vacationland," and for sound reasons. The state boasts the highest mountains in Eastern America and some 320 miles of Atlantic coastline. All are accessible by good roads, sheltered waterways or by air. In brief, every basic requirement of a vacationland is within our borders. There is more, too.

There are state parks, and (at last count) four of the popular and famous outdoor historical dramas. The whole set-up is keyed, both by nature and by native genius, to enjoying vacation time.

Yet, while thousands of people pour into North Carolina to share its offered pleasures, other thousands will wander outside the borders and seek their days of relaxation elsewhere. It's an odd situation.

National Whirligig

By RAY TUCKER

WASHINGTON—Another furtive but threatening invasion of private industry has been undertaken by the Truman Administration, but so indirectly and subtly that only owners and executives of the companies faced with federal competition or absorption are aware of it.

Although this new scheme for bureaucratic expansion is still in the embryo stage, it follows the same tactics by which the government has become a major producer and retailer of electric power. It is known here as the "foot in the door" or "nose under the tent" strategy.

The latest adventure in paternalism involves the telephone industry in the nation's rural and suburban communities. It has been inaugurated by the Rural Electrification Administration in an attempt to preserve that agency as a permanent concern.

Unless REA finds a new field for expansion, it will soon become only a minor appendage instead of a bureau in Agriculture or some other department. For it has electrified 90 per cent of American farms. Having fulfilled its statutory function, it must find new work to do somehow.

LOANS—REA has solved this life-and-death problem by initiating a program of loans to rural cooperatives for purchase of local telephone systems, of which there are about 6,000 in the United States. They serve such units as towns, cities, counties. In certain sections, such as western New York, the Middle West and Hollywood, they are substantial firms.

In only two years Administrator Claude R. Wickard has loaned approximately \$31,000,000 to 44 co-ops to buy out commercial firms. For the current fiscal year he has the sum of about \$34,000,000 for this purpose. Incidentally, one of the first operations of this kind swallowed up the telephone service in Wickard's home town of Camden, Ind.

THREAT—The amendment giving REA this authority and funds was first introduced in 1945 by Senator Lester Hill of Alabama, but it did not become law until 1949. It attracted such scant notice that when the heads of these independent companies were warned of its possible implications, they paid no attention.

The Hill proposal was simply designed to make Wickard's agency a sort of RFC for rural telephone firms, enabling them to expand and survive, and to improve service to customers. But, as REA has done in the field of power by methods under attack in the courts, the government agency is now collaborating with the co-ops to create a telephone system rivaling commercial lines.

It is understood that these government-financed operations are being integrated so that they may become a serious threat to private interests on a large scale. Wickard's long-range plans are revealed by his creation of a new "telephone division" in REA.

COMPETITION—The problem of government competition was first discussed seriously by the industry when the Independent Telephone Company Executives held their national convention at Colorado Springs early this month. Regional reports reflected their fears over the situation.

Instead of using REA funds to modernize their own systems, the co-ops are buying out commercial firms, with federal encouragement. They offer such fancy prices that owners find it difficult to refuse to sell. By promising improved and expanded service, the co-ops jack up rates to customers. They can do so easily because they are immune from state regulation.

In the past the private companies have shied from borrowing from Wickard. Ninety-one have obtained only \$23,000,000, a far smaller proportion than the co-ops have got from the government.

By formal resolution, the Colorado Springs convention agreed to make heavier borrowings from REA in the future. In that way they may exhaust the fund so that the kitty for financing this new experiment may be diminished.

EMPIRE—Although the analogy is not complete, REA played a similar role in expanding and tightening the government's grip on production and sale of power in the Southwest.

When Congress specifically denied the Southwestern Power Administration, a federal agency, the right to build steam plants for generating electricity, REA intervened. It advanced money to super co-ops to enable them to build power plants for rural electrification.

The co-ops then leased their plants to Interior under a 40-year, liquidating contract, meaning that the government would own and operate them at the end of that period.

As a result of this and other expansions, Interior now produces 36 per cent of all hydroelectric power in the United States. It manufactures 7 per cent of all forms of energy generated by all known methods.

Both percentage figures will skyrocket under present and proposed schemes—a power empire never envisaged when Franklin D. Roosevelt persuaded Congress to build TVA, Grand Coulee, Bonneville etc.

It is possible that the telephone industry may face the same fate.

Selected Shorts

(The Charlotte (N.C.) News)

Some of the sophisticates in these parts, if such there are, are wont to declare on occasion that there's no such thing as "Southern Cooking," that they prepare things for eating the same way in Minnesota or Maine.

Tush, we say. "Southern Cooking" does exist. And it is not simply culinary in its connotation, although it is that. "Southern Cooking" is a way of life. In evidence let us offer Mr. Martin Ryell's recently published volume: Tennessee Cookbook. It is, pardon us, replete with goodies especially designed for the Confederate potato.

Would there be Chestnut Soup ("pinch thyme, 3 sprigs dandelion greens," in Bar Harbor)? Or Catfish Stew or Pork and Greens? Or Hopping John (peas, pork, rice, salt, pepper, butter)?

Or Possum and Chestnuts (possum, sweet potato, chestnuts)?

Or Tennessee Cracklin' Bread or Chattanooga Popovers, or President Polk's Strawberry Pudding, or Knoxville Never Fail Cake, or Sevier's Wild Rose Cake (with everything from rose water to Brazil nuts), or the five types of Chess Pie mentioned by Mr. Ryell?

And for the younguns, a comforting beverage called Syllabub, wherein the...

older, sugar, nutmeg and milk. And yet they say there's no such thing as "Southern Cooking."

Bases Loaded, None Out, Heavy Hitters Coming Up

Somebody Told Me

By L. J. (Jack) EDWARDS, JR.

Do you have that problem of feeling neglected now and then? There are two completely unrelated suggestions I have to combat that feeling: (1) open a few charge accounts, (2) hit yourself in the face.

Let's cover these suggestions one by one. If you pay cash for everything you buy, the merchants will not have the proper appreciation for you. For years I paid cash for all the drugs I bought, for example. Let's say that you take six trips to the drug store a month, buying an average of \$4 each time. The pharmacist rings up the money in the cash register regards you as a customer, but doesn't realize how much you trade.

If he has to go to the trouble of mailing you a bill at the end of the month he notices when he gets

to your page in his ledger that you have bought \$24 in drugs from him. "A pretty good customer," he would say to himself. Then, when he receives your check by return mail, he is really impressed. He will have so many customers that he will be very pleased at your promptness. A charge account, properly used, is a good deal for customer and merchant alike. And when you have charge accounts and pay promptly the merchants love you. Believe me, you will never get that neglected feeling.

My second suggestion to avoid that feeling is (2) hit yourself in the face. You can walk around Greenville with a bandage on your face and people will ask you about it that you didn't even realize knew you. Then, when you tell them how you were cut they will

fall all over the sidewalk laughing at the lie you have told them.

Sunday night I was groping in the dark to turn the television set on. There is a piece of glass on top of the set for protection, and even though the glass is polished on the corners, it still is pretty sharp. You know the rest: I slightly misjudged the position of the set and cut my forehead on the corner of the TV set.

When I tell people that I cut my head on a TV set they say, "I don't blame you for coming up with a new one, Jack. That old story about running into a door is completely worn out."

If you think you walk around Greenville unnoticed cut yourself in the face and you'll realize how many friends you have that will call you a liar.

And I thank you.

Around Capitol Square

By LYNN NISBET

COMMITTEEMAN—Jonathan Daniels will not be Democratic national committeeman from North Carolina after the national convention adjourns in Chicago the latter part of July. Ever since he was named to the position three years ago upon nomination of the North Carolina committee at suggestion of Governor Scott after the death of the late Joe Blythe, a large segment of State Democrats have wanted his removal. He made it unanimous last Thursday by telling the delegates-elect to the national convention he would not seek reelection. Theoretically the national convention names the executive committee, upon nomination of the delegates from the affected state as to members representing that state.

SUCCESSOR—If that policy is followed the North Carolina delegation at the Chicago convention will name a successor to Daniels as committeeman and re-elect or name a successor to Miss Beatrice Cobb as national committeewoman. Who the new committeeman will be depends to great extent upon developments between now and July 21. Governor Kerr Scott has shown considerable interest in the post and is known to have "suggested" to friends that he would be available. Other "suggestions" have been made in behalf of Major L. P. McLendon of Greensboro, Everett Jordan, present state chairman, and L. Y. Bentine, commissioner of agriculture. Several others have been mentioned but no name has captured as much popular support as that of Robert L. Doughton, who is retiring next January after 42 years as representative in congress.

SPONTANEOUS—Acclaim for Doughton was spontaneous upon first mention of his name

as a potential committeeman. It required all the diplomacy and strategy of party leaders to prevent all-out endorsement of "Mr. Bob" at the state convention last Thursday. Even these efforts could not block a resolution of endorsement in his own ninth district meeting. Party leaders took the position that it would be unfortunate to inject that issue into the overall situation before the primary and with two months remaining until the national convention.

COMMITTEEWOMAN—There is some sentiment for replacing Miss Beatrice Cobb of Morganton as national committeewoman. So far as your reporter can ascertain there is no criticism of or objection to Miss Cobb except mere desire for change and for distributing the honors around. She has been a member of the committee through the tenure of half a dozen or more committeemen from this state. Several women from the eastern part of the state have been suggested as possible successors to Miss Cobb if the desire for change grows. Among them are Mrs. B. B. Everett of Halifax, former state vice chairman; Mrs. D. A. McCormick of Robeson, present vice chairman; Mrs. W. T. Hatch of Wake and Mrs. Taska Meekins of Martin, both of whom are long time active workers in the party. In the event an easterner becomes national committeewoman, it is likely that pressure will be brought to have the state vice chairman selected from the western half of the state.

MANAGERS—Traditionally the governor-nominate chooses the state chairman and vice chairman, because a large part of their duty is to direct the general election campaign in the fall. It is natural that the governor should choose the manager

who successfully handled the primary. If that practice is followed Carlisle Higgins, if Umstead is nominated, Raymond Earp if Olive is nominated, will be tendered the chairmanship. The governor-nominate also is accorded considerable voice in selection of members of the national committee, although these choices are influenced more by national trends. It is further customary for the manager-chairman to be appointed to some good salaried position in state government after the new regime takes over, which means that there is rapid turnover in party chairmanships.

ACCOMMODATIONS—The 1952 edition of Collins' Travel Book, a privately published pamphlet with general endorsement of the State Travel Bureau, lists 30, 354 rooms for travelers in 817 establishments having 10 rooms or more. It is estimated that the total available of all paying guest accommodations, including small tourist homes, camps and assemblies is 75,000 rooms. The listings are given in three major groups—mountains, piedmont and coastal. Admittedly incomplete because many places have been built since the survey was made and some might have been overlooked, the several groups are broken down as follows: Mountains, 463 establishments, with 13,063 rooms; Piedmont, 47 establishments with 12,472 rooms; Coastal, 207 establishments with 5,319 rooms.

DOUBLED—Based on experience records of multiple occupancy of rooms, the Travel Bureau estimates that these accommodations can easily take care of 150,000 normally, and a great many more on special occasions like Fourth of July and Labor Day peaks. It is further noted

(Continued on page ten)

What Other Papers Are Thinking

NEED FOR RECONSIDERATION (Greensboro Daily News)

Superimposed on the difficulties which North Carolina hospitals and health centers are experiencing in securing nurses for their expanding program is the stepped up effort of the Army Nurse Corps to enlist at least 2,000 more nurses. And one of its representatives is currently touring Tarheelia trying to get some of them.

Between the Veterans' Administration and the Nurse Corps, the government's needs for additional nurses, many of them required to see that Korean war victims get the kind of attention

which spells the difference between life and death, the government's need for this trained personnel has grown and is likely to keep on growing apace.

All of which leads the Daily News to reiterate what it has repeatedly said: The closing down of one school of nursing after another in North Carolina by imposition of standards which they cannot meet, what some spokesmen of the hospitals affected term "harrassment" or any other misapplication of power delegated by the General Assembly, is as indefensible as it is incomprehensible.

We need every trained nurse we can get, and it simply does not make sense to say that all the young women who would take nurses' training in or near their respective homes will go possibly several hundred miles to take it or, if they do, will return to their local communities to render service that is not only badly needed but must be provided if the rural health program to which the state is committed in particular is to accomplish the results which have been envisioned for it.

Reconsideration of this whole situation in North Carolina ought to be among the matters which the 1953 Legislature has well to the forefront on its calendar.

Business Today

By ELMER ROESSNER

This being December 31—or whatever day it happens to be—it is an important time for every owner of a small business to review what may happen if— heaven forbid — he dies.

While it has been obvious ever since inheritance taxes first started to climb, the death of a sole owner or the major partner of a small or medium size business can mean the end of that business. The tax burdens are high and the amount the heirs can obtain in a forced sale is relatively small.

When the owner of such a business or part of a business dies, unless sound arrangements have been made in advance, there is a heavy tax assessment. Its often necessary to sell the interest, and the logical buyers are few: competitors, surviving partners or employees. There are many other individuals and groups that specialize in buying estates, but they are looking for bargains and rarely pay more than a bare minimum. In many cases they are justified in this attitude because a business without the managerial talents that brought it to success is like a watch without a mainspring.

After an inopportune sale, taxes, administrative costs and other charges may leave very little for the heirs.

One of the best ways to preserve a business, or to assure a reasonable part of its value for the heirs, is the use of insurance. Life and partnership insurance is very effective to this end.

But insurance itself may not be the complete answer to the problem. The principal of a business may profitably call in an income tax consultant to help him work out the problem. The Revenue Act of 1951 made important changes in the tax considerations of partnerships. With proper guidance, the owner or partner of a business, in preparing a will, the eventualities of death may find it advantageous to make his wife and children (or other heirs) partners or shareholders. Such a plan will require considerable forethought, because if the partners predecease the original owner he may be burdened with an inheritance tax he might otherwise avoid. But if that is not likely, the risk of death taxes may be lessened and then insurance may be considered to cover the lesser amount. In addition, such partnerships can also minimize taxes while the original proprietor still lives.

ABOLISH BUSHELS, CONFERENCE URGES
The National Conference of Weights and Measures has discovered that few people measure commodities by the bushel any more.

It has passed resolutions asking states to substitute the pound or the hundredweight. As a step in the right direction, this is somewhat pigeonholed, because there is no universal standard for the hundredweight. In England it consists of

112 pounds, or eight stone. Only in the United States, which is notoriously lacking in imagination, does it consist of 100 pounds. Maybe the metric system is the answer.

STATES DOUBLE TAX ON FIVE SOURCE

Since 1946, state governments have about doubled tax collections from five principal sources, Commerce Clearing House reports. These, and their increases since 1946, are: Gasoline, up 87 per cent; income tax, up 80 per cent; motor vehicles, up 98 per cent; sales and use, up 118 per cent, and tobacco, up 110 per cent.

COMPANY HITS BACK ON SOIL CLAIMS

Monsanto Chemical Co. worked for years developing its new soil-conditioning compound, Krilium. It could not keep developments completely secret because it had called in a large number of agricultural institutions to assist in testing.

Shortly before it was put on public sale, several other companies put soil conditioners on the market.

This must have stung Monsanto, judging from telegrams to editors, stating that its compound was the most effective per pound of material, that it was not based on acrylonitrile, and that the raw materials were under Monsanto's control.

MEN'S WEAR SALE UP 18 PER CENT OVER 1951

Sales in the average men's wear store in April were 18 per cent above a year ago according to the National Association of Retail Clothiers and Furriers. However, they conceded that the results were influenced by the later date of Easter.

LIQUID: "Liquid sandpaper," containing solvents said to remove brushed-on shellac, varnish and lacquer finishes, is being manufactured by Liquids Corp., Baltimore, Md.

WASHER: A washing machine with a non-rigid container has been patented by Henry J. Rand, Westport, Connecticut. Clothes are put into a bag containing fins and fingers, said to keep wash from collecting in a ball. A flexible diaphragm, serving as a cover, squeezes clothes dry when water and air are pumped out.

HANDLER: A magnetic remote handler for radioactive materials, said to provide greater safety, has been developed by Tracerlab, Inc., 130 High St., Boston 10, Mass. It is of light-weight aluminum tubing, with a chrome-plated flexible gooseneck leading to a stainless steel tip in which a permanent magnet is encased.

GRINDER: A cup grinding wheel said to retain its sharp service life has been announced by U. S. Rubber Co., 1230 Sixth Ave., New York. Because its shell of tough resin-bonded abrasive resists rounding, even wear across entire face of wheel is possible, permitting accurate corner grinding.

Hal Boyle's Column

By HAL BOYLE

NEW YORK — (AP) — It is hard to be hopeful about the future of Europe's venturesome situation.

The diplomats have this as a great striped-pants victory, but it is not in the bag as yet, and it remains to be seen whether the all-European Army ever will march up a hill and down.

Even after the diplomats okay the creation of this strange hybrid creature the Parliaments back home have to vote the men and money to make it a reality. Until they do so this effort to restore stability in Europe must be catalogued only in the realm of verbal good will.

There are some basic facts that make it doubtful it will ever be a successful Army.

Gen. Eisenhower has thrown the tremendous weight of his personality behind the project, first deciding it wouldn't work.

Most Americans can't even name the six nations who will contribute men to this million-man force.

They are France, West Germany, Italy, Luxembourg, Belgium and the Netherlands.

Significantly, the French are scared to death of the West Germans, who are supposed to contribute 400,000 men, and the West Germans are reluctant as the devil to be committed to this effort because they really want to see-saw between the United States and Russia until they can again unite all Germans under one flag and one government.

For political reasons at home no major statesman in either Britain or the United States has come out boldly in favor of making British and American troops constituent parts of the European Army.

But, looking at the cold facts of history, it is hard to see how a real European Army can be welded without making both British Empire and American troops an integral part of that Army.

They are in it, of course, as separate entities, by virtue of their membership in NATO, the North Atlantic Treaty Organization.

But this half-partnership by two world powers, Britain and America, makes the smaller six nations of Europe feel a bit like catspaws before the vast power of Soviet Russia.

They have two fears—fear of a resurgent Germany, fear of the Russian Bear. Even with Britain and America saying, "Don't worry, we'll back you," they would rather both countries came in as full partners, committed to mutual security to the last man, pound and dollar.

Many professional military men will view the proposed United European Army with misgivings until both Britain and the United States come into it all the way.

So far they have pledged troops to it—but they really haven't joined the Army. And any army must

be a unit to be a real military force.

There is only one real international army in existence now—it is fighting under the United Nations flag in Korea.

Washington Letter

By JANE EADS

WASHINGTON — Youngest and probably most glamorous of possible First Ladies is Mrs. Brien McMahon, wife of the Democratic senator from Connecticut who is candidate for his party's nomination to the Presidency.

A tall, blue-eyed, mannish-type blonde of 33, noted for her style, she has been a decorative figure in capital social circles for several years. The daughter of the late Arthur Turner, New York Times and Baltimore Sun newsman, she was brought up in Washington. Her mother now lives with her.

She is not so excited at the prospect of living in the White House as her daughter Patricia, 11, a sixth grade student at exclusive Holton Arms school, who thinks it would be "great fun."

"I'm not unconscious of the honor, but I kind of like it here," Mrs. McMahon told me in the home where she entertains graciously and often. She would be a gracious White House hostess as well, but the big difference would be purely a "necessary duty" for not more than 12, where everybody gets a chance to meet and talk to everybody else."

Mrs. McMahon will go with her husband on any campaign trip he plans to wedge in between his duties as a senator and chairman of the Senate House Atomic Energy Commission. She firmly insists, however, she will have no part of speech-making and refuses to discuss politics anywhere. "I've never written a speech nor made one, and politics I leave entirely to my husband," she said.

She did a little witty campaigning, however, last fall, when her husband was seeking re-election to the Senate. And, actually, she did make speeches. "People would come up to me at the end of the program and say 'Oh, Mrs. McMahon, we just loved your speech — you were so secure!'"

Rosemary McMahon went through Western High School here and after two years at Holton Arms entered George Washington University to study journalism, hoping to follow in her father's footsteps. A month after school started friends introduced her to Senator McMahon, who had just resigned as assistant attorney general in charge of the Justice Department Criminal Division. They were married in February 1946.

The Nice Long Vacation

By William Neubauer

AP Newsfeature

Chapter 13
Aunt Hattie was watering her plants on the sun porch when the postman came ambling up the drive to the lovely old house. "Mail for you," Mr. Powers cried. He stuffed the letters into the box nailed beside the front door. He walked down the path to the gate and went off, whistling, along the road which carried across the hill to Lily Goldsborough's estate. Aunt Hattie, looking at him, sniffed. They would have to retire him soon. She made a mental note to write to the Town Commissioner that Pittsfield could use a new postman, but, as usual, the mental note was forgotten by the time she had finished watering her plants. She made herself some breakfast and ate it in the dining room. Once her niece had asked her why she went to the trouble of eating such a little meal in the dining room, and remembering that, she scowled as she poured coffee into her second cup of coffee. Jane had never been able to understand so many things. Her remark that day to the effect that life should always be lived graciously had gone completely over the girl's head. Just as her remarks to the effect that a girl didn't have the right to come between a man and his wife had gone completely over her head the day they'd had the bitter argument. She sighed. She missed the girl, missed her terribly. Difficult

and a letter from Jane! Tears misted her eyes and fogged the lenses of her glasses. For one of the few times in her life she cried out with pleasure. Her hands trembling, she scurried into the note and sat down at the same desk between the windows that she had used the afternoon she had decided, after all, to do her duty. She sliced the envelope open with the mother-of-pearl letter opener she had inherited from her grandmother, and again she cried out with pleasure when she discovered that Jane hadn't written one of her maudlinly brief notes this time. Humming, she went back into the kitchen, heated up the remainder of the coffee, then sat down on the wicker sofa in the sun porch and settled back for a good half-hour of reading. And it was a letter that didn't let her down. It began in a chatty, rambling way—in itself an indication that this was one letter that was really going to be different. As she read, Aunt Hattie became acquainted with Mike O'Reilly, a new recruit, Evelyn Moore and Dr. Bruce Hall. She had the chance to exult over the niece's stunning victory in the swimming meet, and she also had the chance to wonder, with her niece, through the lovely woods which surrounded Camp Joy on all sides. Finally, she had the chance to weep with her niece as her niece read page seventy-five of a certain diary and learned that George, grateful to an overworked nurse who had saved his life, had attempted to give that overworked nurse the romance and recreation she seemed so desperately to need. It was the end of a dream. Aunt Hattie read through her tears. This was the end, you might say, of a certain nightmare. Just like that, the romance was over, over for good. Worn out emotionally, Aunt Hattie replied the pages in the envelope and sat rocking agitatedly on the porch. About the gardens swarmed scores of bees, but, although she had always been very fond of bees, they being industrious creatures, too, she scarcely noticed them. Nor did she notice a ruby-throated humming bird which came with a high trill of excitement to feed from the throats of the nasturtiums. "Blast him!" she said, disgustedly. "Blast him, blast him, blast him!" Now her opinion of Jane underwent a big change. Now she saw her niece in the position of being abused and cast aside, and she longed to have a pointed talk with the man who had hurt her. But presently her anger ebbed. Presently she could see his side of the argument. Helped, he in turn had endeavored to help. It had been an utterly stupid way to try to help a person, but at least his motives had been good. And Jane was lucky to be out of the nightmare at last. Yes, Jane was very lucky indeed. When you cling to a dream, a childish dream of romance, you usually ended up as an old maid. (To be continued)

HEY KIDS! IT'S TIME TO FINISH FILLING IN WALT DISNEY'S "SNOW WHITE" PICTURE!

Collect all 16 end seals to complete the scene!

Don't miss out on the fun! Finish your picture first! Fill it in with the 16 "Snow White" end seals on N B C White Bread. Just cut the seals out and paste them where they belong. Fun and easy! Remember—these seals appear only on enriched N B C White Bread. Buy a loaf today!

ROOM FOR ONE MORE—County Judge Edward K. Jarecki (left) hands adoption papers to attorney Charles A. Boyle (right) in Chicago for Lorna Irene (center, white dress), five-year-old orphan. When Boyle father of six, told his wife, Helen (seated, left), that he wanted to adopt the little girl, she said, "Bring her home! There's always room for one more." The six happy Boyle children are (left to right): Michael, 3; Thomas, 8; Mary, 8; Patrick, 10; Rose, 6; and Larry, 2. (AP Wirephoto).

Vanceboro News

Observe 4-H Sunday

International 4-H Club Sunday was observed at the Vanceboro Methodist Church in the evening worship service. The theme: "Serving as Loyal Citizens Through the 4-H." Welcome and greetings were extended by the pastor, Rev. Alton P. Hill Jr., with Kay Bryan responding. Special music was rendered by Miss Joanna Williams of the senior club. The scripture and meditations were given by Kenneth McLawhorn. Charles Witherington and Jimmie Taylor served as ushers.

H. D. Club Meets

The May meeting of the Home Demonstration Club was held Tuesday afternoon at the home of Mrs. G. C. Lancaster Sr. on College Ave. Mrs. W. E. Cleve, president, was in charge of the business session. Mrs. Fred Williams gave the devotional, followed by the Club Collect repeated in unison. Food notes were given by Mrs. Donald Witherington and Mrs. Lancaster gave the garden notes. An interesting demonstration and lecture on "Food Conservation" was presented by Miss Jessie Trowbridge, home agent of New Bern. Under the direction of the club's recreation leader, Mrs. J. W. Buck, a number of games were enjoyed. During the social period the hostess served ice cream and cookies and samples of preserved and canned figs which were used by Miss Trowbridge in the food demonstration.

Eastern Star Meets

The regular meeting of Vanceboro Chapter, Order of the Eastern Star, was held Wednesday night at 8:00 o'clock. Presiding was the Worthy Matron, Mrs. Virginia McLawhorn. Following the ritualistic opening and flag ceremony, the Worthy Matron thanked the members for their splendid cooperation in serving the Alumni Banquet of Farm Life School on May 16. The sale of semi-lasse Eastern Star cups was discussed with the chapter voting to do this at a later date. The chapter voted to purchase a punch bowl and cups and several other items needed by the chapter. A suggestion was made by Mrs. E. P. Blair that the annual dues be increased from three to four dollars a year. Greeting cards were distributed to be sold by the members. Mrs. Jack Laughinghouse reported on those ill in the community and the courtesies extended them since the last meeting. The Worthy Matron thanked Mrs. Laughinghouse for assisting her in preparing the chapter room which was attractively arranged with delphinium, sweetpeas and roses, and appointed Mrs. J. E. Hellen and

Mrs. W. W. Butler to prepare the chapter room for the next regular meeting to be held on Wednesday, June 4, at 8 o'clock.

Personals

Among those attending the spring Shrine Ceremony in Wilmington are Mr. and Mrs. Lawrence Lancaster, Mr. and Mrs. Jathier McLawhorn, Mr. and Mrs. Fred Williams, Mr. and Mrs. J. E. Hellen and Mrs. Patterson Weiss.

Mrs. Donald Witherington, Mrs. W. E. Cleve and Mrs. Ted Williams attended the Craven County Council of Home Demonstrations Club in New Bern Monday. Mrs. Cleve has been appointed to serve on a committee to plan for Achievement Day to be held in November.

Mrs. Donald Witherington, Miss Beverly Witherington and Mrs. R. D. Ippock attended the Folk Dance Concert at Meredith College in Raleigh last week. Miss Janis Witherington, daughter of Mr. and Mrs. Donald Witherington, is a member of the class and participated in several numbers presented at the concert.

Mrs. Norman Wade and children have returned to Morehead City after a visit with Mrs. Wade's parents, Mr. and Mrs. H. L. Forrest. Kenneth Earl McLawhorn, Jerry Lilly and Harvey McLawhorn spent the weekend at Minnesota Beach. Miss Jean McLawhorn, student at East Carolina College in Greenville, spent the weekend with her parents, Mr. and Mrs. E. C. McLawhorn.

Weekend guests of Mrs. J. W. Huff were Mr. and Mrs. Edgar Butler and daughter Anne of Marion, S. C. Mrs. Butler and daughter remained for a visit with Mrs. Huff.

Mr. and Mrs. Marvin Aldridge are spending several days in Durham. Miss Larue Farrow, student at East Carolina College in Greenville, spent the weekend with Mr. and Mrs. Zack Whitford.

Mrs. Sallie Blane of Cleveland, Ohio is visiting relatives here.

Miss Ann Peterson of Winston-Salem spent the weekend with her parents, Mr. and Mrs. J. L. Patterson.

Little Camille Dixon is confined to her home on Farm Life Ave. with measles.

Mrs. A. G. Lilly Jr. is visiting relatives in Norfolk, Va.

Mrs. W. C. Williams has returned to North Harlowe after a two-week visit with Mr. and Mrs. B. L. Witherington.

Walter Taylor visited his brother, Sgt. Robert Taylor, at Fort Bragg Sunday.

Mr. and Mrs. P. M. Ross, Mrs. Ada Smith and Mr. and Mrs. Ernest Ross attended a family reunion at the home of Ned Warren near Belhaven

Grifton News

Mr. and Mrs. Richard Yonkee have returned to their home in New York after a visit here in the home of Mr. and Mrs. J. G. Chaucery.

Among those from here attending the Shrine Ceremony in Wilmington on Thursday were Mr. and Mrs. L. D. McCotter, Mr. and Mrs. C. T. Jackson, Roger Johnson, Mark Phillips, Josh Worthington, J. L. Tucker, Tucker McElhannon, R. L. Jackson and A. D. Wall, who will attend also the Pharmacists Convention in session at Pinehurst.

Mr. and Mrs. Ed Peele and son Charles Elliott of Elm City were supper guests on Thursday night of Miss Marie Chapman and Mr. Lloyd Chapman.

Mr. and Mrs. W. I. Bissette were in Pinehurst the first of the week to attend the annual warehousemen's convention in session there. Mrs. Walter Murphy and daughter Sandra spent a recent day in Beaufort as guests of Mrs. Cecil Miller.

Mrs. J. L. Quinerly is a patient at Duke Hospital in Durham, having been admitted on Thursday. She was accompanied by Mr. Quinerly and her sister, Miss Hazel Patrick, who remained with her overnight.

Among those from here in Raleigh on Thursday for the Democratic rally were Messrs: W. C. Chaucery, W. A. Evans, W. I. Bissette, M. E. Hodges, W. M. Taylor, Thurman J. Williams.

Mrs. W. T. Byrd has returned to her home at Mount Olive after a visit here with Mr. and Mrs. F. L. Cox. She was accompanied home by her grandson, Billie Cox, who will be her guest for several days. Mrs. Edwin Reeves Jr. returned to her home at Burgaw on Friday after a visit here with her parents, Mr. and Mrs. George C. Sugg.

Bridge Hostess

Miss Marie Chapman was a gracious hostess on Thursday night when she had as guests for supper and bridge 12 members of her contract club.

Artistic arrangements of lilies and other garden flowers were used to decorate the rooms in which the guests were entertained. Following a delectable chicken salad plate with individual pies and tea, bridge was played at three tables.

Mrs. H. P. Quinerly was highest scorer for the evening and Mrs. L. L. Mewborn second highest. The visitor's award went to Mrs. H. C. Oglesby.

Other players were Mesdames J. S. Chapman, Thurman J. Williams, R. A. Nelson, W. I. Bissette, Robert Mewborn, Alton Chapman, J. W. Short, Miss Louise Mewborn and Miss Bert Johnson.

Farmville News

Attorney Leo T. Norville of Chicago spent the weekend in Farmville with his parents, Mr. and Mrs. R. T. Norville. He left Sunday for Oak Ridge Military Institute where he delivered the commencement address on Monday morning at the 100th anniversary of the institute. Attorney Norville graduated from Oak Ridge 25 years ago.

Mrs. Helen Horton spent several days this week in Washington, D. C. with Mrs. George King, who is ill at her home.

Mr. Matthew Dali, patient at Duke Hospital, is reported as much improved.

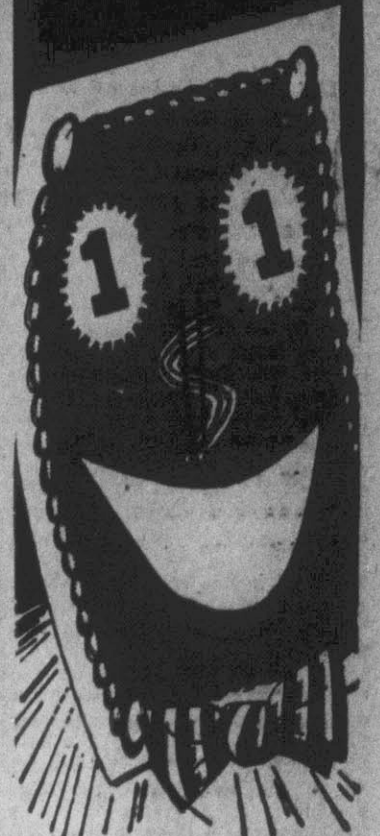

Cpl. James E. Corbett, who has been stationed in Korea since January, is now chief clerk of A.G. operations branch. Corbett is the son of Mr. and Mrs. R. L. Corbett of Farmville.

Mr. and Mrs. C. L. Ivey Sr. accompanied Joan and Cherry Nichols to their home in Morehead City Sunday. Mr. and Mrs. Ronald Nichols moved their residence to Morehead several weeks ago, while the girls remained with their grandparents, Mr. and Mrs. C. L. Ivey Sr., until Sunday.

Mrs. Lee Corbett spent Wednesday night and Thursday with her sister, Mrs. Garland Duke in Kinston.

Reynolds May and W. L. Allen, finalists in the championship flight of the Greenville Golf Club's Championship Tournament, have postponed their championship match until June 7 and 8. May is intending to enter two amateur golf tournaments during the first part of next week, and has to leave town this weekend on business, therefore, Allen consented to have the match postponed one

A trio of New York Yankees round out the top five. Hank Bauer, hitting for distance in his new role as leadoff man, has a .551 average. Next in line are Gene Woodling at .500 and sophomore Mickey Mantle with .481.

Elite Field Set In Speedway Race

Mullin was riding high when the Tigers made their first tour of duty. East and the veteran outfielder was confident that the fine start might, at long last, enable him to finish the season in the coveted circle of 300 hitters. Pat posted a mark of .345 in 1941 after he had been brought up from Buffalo to

Huge Ordnance Center Tests Weapons Of War

By HARMAN W. NICHOLS
United Press Staff Correspondent
ABERDEEN, Md. (UP) — One of the biggest cogs in our defense machine is located here in the storied Ordnance Corps' testing, teaching, and training center.

The public generally does not realize what goes on around the sprawling, 74,000 acres of the proving ground.

But here, skilled technicians use all the tools and tricks of science to create combat conditions for pre-battle tests. Arms and ammunition, trucks and tanks meet every challenge they may one day have to meet in battle.

The men work 24 hours a day the year around to make sure America can field the best equipment in the world. Present weapons are compared with every known type of similar material.

The proving ground has been in operation for 33 years. During that period, thousands of vehicles have traveled nearly 6,000,000 miles over the multi-type roadways. More than 1,000,000 artillery and small arms weapons have fired more than one billion rounds of ammunition on the ranges. And 100,000,000 man-hours have been

spent in the shops to perfect new equipment.

There is a school which has provided technical training for 150,000 officers since the first world war. The replacement training center and related emergency training facilities have "graduated" 350,000 soldiers.

Two unusual research machines used in the laboratories were developed by scientists as labor of love—or off-duty hobbies.

One of these is the intricate electrical numerical integrator and computer. It calculates firing tables faster than the time required to shoot the guns. The other is the highest-speed camera in the world. Its revolving mirror exposes 10-billion frames per second.

Another impressive tool used in research work is the supersonic wind tunnel. Machines here measure the time of flight for new shells, guided missiles and bombs.

Cost is not in this operation. The machines test inexpensive miniatures, built to scale. Thus the hazards and costs of using full-scale models of this ammunition are eliminated.

Another important division here is the development and proof service. There are exhaustive tests

Korean 'Police Action' Talked In Terms Of Years, By Experts

WASHINGTON (UP) — The men who should know most about it are talking of the Korean police action in terms of years, three years, maybe. It could be more. They acknowledge that the United States and the United Nations have very little and the Communists have very great control over the situation. So long as it fits Communist plans to continue the truce talks as a propaganda device for the Kremlin, the talks probably will continue.

As of today there is no evidence that the Communists desire honest negotiations and a real truce. Nor is there any immediate evidence that the Communists want to resume all-out combat.

About 40 per cent of the effective ground forces of the United States is pinned down in Korea plus large naval and air elements. The financial cost is terrific and the loss of life irreparable. Our intelligence does not know how great a strain the Korean action may be on Chinese and Russian facilities.

The standstill fact upon which prime emphasis is placed here is that the Communists are in command of the situation. As of now they can have war or peace as they desire, or continue truce talk propaganda. Their refusal to negotiate merely indicates their present choice which is to continue the mockery of negotiations.

Few doubt the ability of the Communist negotiators to continue their present tactics for months and years, so long as Moscow writes the script that way. Perhaps the Communists have their eye on the weakest spot in the defenses of the free nations.

That spot is the fact that many nations are involved on the free side in Korea. The United States carries nearly all of the load. But there is a British division in action there, and there are smaller units from several others of the United Nations.

If frustration, expense, or whatever caused even one of these participants to pull out, great damage would have been done. The anti-Communist cause. The Kremlin may believe some of the Allies will fall out if the truce stall is continued long enough.

Authorities have noted a build-up of Communist strength in the Far East. Much progress has been made since truce talks began in converting Russian air power to jet propulsion. Perhaps the Communists simply are building up for an all-out blow.

Our best men do not know. Glazed tiles came into general use in Europe during the second half of the 12th Century.

Hens Making Up For Lost Time

NORFOLK, Va. — (AP) — At first the hens laid no eggs at all and then all of a sudden one Rhode Island Red laid two king-sized eggs.

The hens, the property of Mrs. Elmer McCollough, were fed growing mash for the first two months

and laying mash for the next six. Nothing happened so Mrs. McCollough switched to feeding them corn and table scraps. The hens started laying normal-sized eggs until the recent oversized ones showed up.

The biggs of the two measured 2 3/4 inches in length, 1 3/4 in circumference at the larger end. It weighed 100 grams.

HOMES FOR AMERICANS

AP Newsfeatures
ECONOMICAL TO BUILD, this simple rectangular plan eliminates costly frills. It features what the architect calls a sound buffer zone, consisting of center hall and a row of closets to keep the three bedrooms in the rear of the house quiet. Stairs to the basement open directly from the side service entry, adjacent to kitchen and work clothes closet. Frame construction, wide siding, colored asphalt shingles and a touch of brick facing are suggested. This is plan C-227 by the Small House Planning Bureau, St. Cloud, Minn. It covers 1,150 square feet; 22,021 cubic feet.

Lifeguards Also Have Sidelines

LONG BEACH, Calif. — (AP) — Long Beach lifeguards don't spend all their time sun bathing, charming pretty girls and saving an occasional floundering human.

They also must record ocean temperatures and surf conditions. Each day, a guard takes three thermometer readings and a gander at the Pacific's mood from Long Beach's Horseshoe Pier. Local newspaper and radio stations pass the information along to the public, says Roy J. (Dutch) Miller, lifeguard captain.

Monday's Cases In Police Court

By CHESTER WALSH
In Police Court Monday, Judge Charles H. Whedbee found O. C. Morris, Negro, guilty of assault with a deadly weapon on Charlie Whichard, Negro.

The court gave Morris two years on the roads, judgment suspended on payment of \$85 medical expenses of Charlie Whichard, and payment to him of \$150 for loss of time from work and pay court costs. The judgment also provides that Morris be placed on probation two years, and that he is not to possess a weapon of any kind.

Samuel Williams, Negro, who pleaded guilty of possession of non-tax-paid whiskey for purpose of sale, was given 12 months on the roads, sentence suspended on payment of \$50 and costs, and he is not to violate any law for two years.

In the case of Wilbert May, Negro, charged with the larceny of an automobile, the property of Copeland Motor Co., Greenville, the court found probable cause and bound the defendant over to Superior Court.

Herbert Barrett, Negro, found guilty of possession of non-tax-paid whiskey for purpose of sale, was given 12 months on the roads, sentence suspended on payment of \$50 and costs, and he is to remain of good behavior and not violate a law for two years.

Lee Mitchell, Negro, paid \$15 for assault on a female.

James E. Bridges, Negro, paid \$15 for speeding.

The case in which Robert Jurley was charged with being a vagrant was not pressed.

Drunk: Gray L. Hardee, 30 days in jail, sentence suspended on payment of medical expenses for himself resulting from his slashing of his throat last Friday evening in an alleged suicide attempt. The court fined him \$10, and he is to remain of good behavior for six months.

James L. Hillard, drunk, 30 days in jail or pay \$10. E. J. Murphy paid \$10 for being drunk. Charley Reeves, Negro, also paid \$10 for being drunk.

John Jordan, Negro, was given 90 days for driving drunk, sentence to be suspended on payment of \$100 and costs, and he is not to operate a motor vehicle for a year.

William L. Credle, Negro, guilty of issuing a worthless check, was given 30 days in jail suspended on payment of \$5 for the check to Robert Elks and \$15 fine and costs.

Prayer for judgment was continued in the case against Louis Harper, Negro, charged with assault with a deadly weapon.

Fire Hydrants Graded By Paint

WISCONSIN RAPIDS, Wis. — (AP) — This city has painted its fire hydrants so firemen can tell at a glance how much water to expect from the water main.

The color of the paint shows the size of the main. The colors red, white and blue painted on the hydrant cap denote 4-, 6- and 8-inch mains respectively. Hydrants painted all yellow are connected to 10-inch mains while green hydrants indicate 12-inch mains.

Army Returning Japs' Property

YOKOHAMA, Japan — (AP) — The U. S. Army is rapidly going out of business in this bustling port city. Maj. Gen. Walter L. Webb, commander of the Japan logistical command, has announced that by early summer the major portion of occupation-held property in downtown Yokohama will have been returned to Japanese owners.

He said that since Jan. 1 the Army has released some 15 million square feet of land and more than 300,000 square feet of building space.

Syrian And U. S. Trade Is Rising

DAMASCUS, — (AP) — Syrian trade with the United States in 1951 in both export and import branches was triple the value in 1950, it was officially revealed.

Exports from Syria to the United States amounted to \$36,278,985, with total imports of \$23,730,510 in the year 1951. This compared with \$8,738,550 exports and \$6,973,850 imports in 1950.

Stocks And Market Reports

NEW YORK (UP)—Prices firm on the stock exchange around mid-session today in moderately active dealings.

Gains throughout the list were very small. A large number of pivots held at their previous close.

Chemical issues as a group displayed the most strength. American Cyanamid rose a point to 118 1-2 and Dow Chemical added 1 1-4 points to 114 3-8.

Railroad equities registered slight declines. Fractional losses were noted in Santa Fe, Pennsylvania Railroad and Southern Railway. Atlantic Coast Line countered with a gain of 1-4 to 100 1-2.

Steel shares held steady. Bethlehem Steel improved 1-4 to 48 3-4 and U. S. Steel was unchanged at 38. Automobiles eased.

Sales in the first two hours of dealings totaled 430,000 shares, compared with 380,000 in the same period yesterday.

Land Fever Reaches To Columbia River Basin

SOAP LAKE, Wash. (UP)—Land fever swept the rolling, barren, sage-brush country of eastern Washington today as thousands of tourists and prospective pioneers poured into the Columbia Basin.

They were here to see the beginning of a modern agricultural miracle. For next Friday the waters of the mighty Columbia River will begin turning the great semi-arid sagebrush country into a garden.

A Reclamation Bureau official at Grand Coulee Dam will turn a valve to release the water which eventually will have the economic effect of adding a new state to the union.

The towns of Ephrata, Quincy, Soap Lake, Moses Lake, Othello and nearby Wenatchee were choked with visitors.

Hotels, rooming houses, and tourist courts were jammed. Tent and trailer towns were springing up on the flats and dormitory facilities set up in public buildings.

Restaurants and stores already were tugging the prosperity expected to come to this area through irrigation of more than 1,000,000 acres of previously worthless land.

The land-hungry, history-making crowd descended on this oasis-land for the Grand Coulee Cavalcade—a panorama of the history of the Pacific Northwest with a cast of more than 700. The cavalcade was a history of the hopes and prayers, the heartbreak and the rugged fortitude of pioneers who fought the desert on their own for more than 50 years.

Tourists came from Washington, Oregon, Idaho and beyond for a preview of the miracle which is expected ultimately to bring \$17,000,000 annual business to the Columbia Basin.

There were whole families with their belongings piled high in family cars and on trailers. They traveled highways instead of Indian trails, but they were pioneers nevertheless.

Once they purchase their land and their water, they must build homes on the desert, plow under the sage and plant crops where dust-devils swirl in the sun.

The experts say it's a sure thing. But it takes a pioneer to stake his future on a windswept waste.

Colored News

Mrs. Carrie P. Mobley died Saturday at the home of her daughter, Mrs. Rosa Darden, after a brief illness. She suffered a heart attack on Friday.

Funeral services will be conducted Wednesday at 2:00 p. m. from St. John's Baptist Church in Stokes. Burial will follow in Brownwood Cemetery in Greenville.

Surviving are her husband, Rev. Robert Mobley; two daughters, Mrs. Rosa B. Darden and Mrs. Ida M. Latham; one sister, one brother and nine grandchildren and six great grandchildren.

Revival services are being held this week at Bell Chapel Church. Rev. E. M. Isler has charge of the preaching. You are welcome to attend and hear the Royalist Singers.

ONE-FOOTED THIEF? PATERSON, N. J. (UP)—A salesman advised the thief who stole 77 shoes from his automobile to start looking today for one-legged men.

The salesman told police the shoes were "style samples and therefore not in pairs."

Graduation

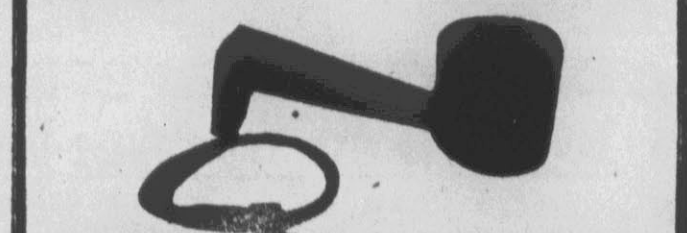

Thirty-five boys and girls will graduate from C. M. Epps Negro High School at commencement exercises tonight at 8 o'clock.

Prof. W. H. Davenport, principal of the school, will preside. Larry Taft and Annie L. Jones, seniors, will deliver addresses.

J. B. James, chairman of the Greenville City Schools Board of Trustees, and Prof. Davenport will present the diplomas to the graduates.

Guests at the commencement exercises will be invited to inspect the Epps High manual training classroom and buildings.

Severed Head Is Found In South Bend City Dump

SOUTH BEND, Ind. (UP)—The severed head of a red-haired man was found in a city dump and police said today that he apparently had been murdered.

Detectives sought to identify the victim as the first step toward solving the mystery. They launched a search for the body.

The head was found by Theodore Milewski, 45, a paint company employee who went to the Beck's Lake dump at the west edge of the city with a load of trash yesterday.

"There's that head staring at me," Milewski said. "It was neatly placed on a cement block lying on the dump pile."

St. Joseph County Coroner Edward Shelly said a hole "the size of a half dollar" had been punched in the left temple.

The head, he said, was not decomposed and it appeared that death had taken place only four or five days ago.

"The hand that severed the head certainly was a capable one," he said. "It appears to have been done in one clean cut."

However, he said there was little possibility at the head had been used for medical training purposes.

Police Chief Richard J. Gillen gave Illinois, Michigan and Indiana authorities a description of the victim's features which, he said, were easily recognizable.

Shelly said the face was slim with a slender nose but seemed to be covered with a black, greasy substance which the coroner planned to have analyzed.

Dump attendant James McGinnis Jr. said the head was not in the dump when he inspected it Sunday.

Gillen believed the head was placed in the dump Sunday night. He said Kolon Broadway, another dump worker told him the cement blocks where the head was found were placed on the trash heap Friday.

Shelly estimated the victim's age at 30 or 35 years.

'Wizard' Denies Role In Flogging

CHESNEE, S.C. (UP)—Imperial Wizard Thomas L. Hamilton of the Ku Klux Klan of the Carolinas came here last night after posting \$10,000 bonds on flogging warrants and denied he was ever a fugitive from the law.

"Those two-bit reporters were unfair in calling me a fugitive from justice," Hamilton told 500 listeners in a robeless, hoodless Klan meeting here following his appearance in Whiteville, N.C., to post bonds on charges that he ordered two Klan floggings in that state.

Hamilton referred to mention that he could not be reached by officers who sought to arrest him at his Leesville, S.C., home. When he surrendered 20 hours later he said he had been out of the state.

In his one-hour speech, Hamilton told the gathering held under surveillance of county and state police that Negroes acted "wisely" in deciding to withdraw from a special county school trustee board election after receiving "KKK" letters advising against the candidacy.

The Klan boss matter-of-factly posted the bonds with the clerk of the Columbus County Superior Court at Whiteville in connection with the floggings of a Negro woman and a White mechanic during a wave of Klan terrorism in that area.

Battered Stolen . . . (Continued from Page One) the same manner as other safes have been which have been stolen in the eastern part of the state recently. That was applying some have meant a serious loss.

Opening the safe was made in blunt instrument to the bottom of the safe and pounding out the bottom through the reinforced concrete there.

It was only several weeks ago that a safe robbed from a Plymouth firm was found open in the same manner on a rural road near Frog Level.

Some authorities believe that Damascus is the oldest city still inhabited in the world.

Tension Growing In West Berlin Zone

BERLIN (UP)—The Communists cut telephone service between East and West Berlin today and barred Anglo-American military police patrols from the main highway linking the former capital with Western Germany.

The moves might be a prelude to a new Berlin blockade in retaliation for the separate peace concluded by the U. S. Britain and France with West Germany yesterday.

Suspension of telephone service between the Western and Eastern sectors of Berlin cut off contact between the U. S. High Commission and its military mission at Potsdam in the Soviet sector. However, the mission still could travel through the Soviet-zone by car.

It also prevented East Berliners from dialing 23 or 2400 to receive a continuous tape telephone relay of news broadcast by the American sponsored radio stations RIAS. The Communists protested recently the telephone news relay was "poisoning" the minds of East Berliners.

Russian guards halted both American and British military police patrols setting out on their daily runs along the main superhighway between Berlin and Western Germany.

However, the Soviet border guards did not interfere with other Allied and German traffic traveling in both directions along the 110-mile Autobahn across the Soviet zone.

The regular U. S. military morning train from Frankfurt in West Germany also arrived in Berlin without incident.

U. S. Army authorities said Soviet border guards offered no explanation for halting American and British military police patrols at the Helmsdorf and Berlin checkpoints at either end of the superhighway.

Allied authorities adopted a "wait and see" attitude toward speculation that the Soviets may intend to renew their 1948-49 total land blockade of Western Berlin.

The new ban also came only a few hours after the Communist East German government announced it had ordered reinforcement of the border between East and West Germany and other "strong measures" to prevent further infiltration of subversive elements, spies and terrorists.

The East German announcement last night of border-tightening measures was the first indication the Allies could expect more difficulties. C. A. Fix, U. S. transportation and trade director, predicted that Berlin "undoubtedly would become more isolated," but said it was too early to tell whether a new blockade was impending.

Gerhardt Eisler, propaganda chief for the East German Reds, told a mass meeting in East Berlin after the signing of the West German peace treaty yesterday:

"The Allies smiled today. They will cry tomorrow when the contractual agreement treaty backfires in their faces."

Thanks Workers In Cancer Drive

L. M. Buchanan of Greenville, campaign chairman of the 1952 Pitt County Cancer Crusade, this morning extended thanks and congratulations to his co-workers for their efforts in the annual drive.

"Latest reports indicate that Pitt County has exceeded its quota of \$4,850 by more than \$200," the chairman said. "That showing is commendable because of so many other drives that conflicted with the cancer crusade."

Under the leadership of Mrs. J. R. Jackson of Greenville, who conducted a house-to-house canvass, local workers raised \$1,000 in Greenville alone. Buchanan stated their efforts are greatly appreciated by the Pitt County Cancer Organization.

"In raising approximately \$5,100 in the drive, and considering the many disadvantages we have encountered, I think all workers have done a great job," the chairman asserted.

"Only a very few communities failed to meet their quotas, and many went far above them."

Part of the money collected in Pitt County will remain in the county for the treatment of cancer patients here. Other portions will go to the home of indigent cancer patients at Lumberton, which is one of only three in the country.

Parents are especially invited. Eagle Awards will be made to two boys, one of them, the youngest Boy Scout ever to receive an Eagle Award in Eastern Carolina.

Other awards to be presented tonight are star and life and first and second class awards and various merit badges.

LAOSSOES RUNAWAY PIG JACKSON, Miss (UP)—Jack Bolin, 16, had often dreamed of being a cowboy but he never thought he would rope a runaway pig from a motor scooter. He did so when a porker bought by the Bachelor's Club for its annual barbecue escaped and ran wild through a residential neighborhood here.

Oil Field Will Rely On Water For Pressure
CENTRALIA, Ill. — (AP) — A new twist in oil production from a Southern Illinois field calls for building an artificial water system vast enough to supply a city of 200,000.
The Texas Co. hopes its 25-acre project, to be completed in 1953, will help force 500 million dollars worth of vital oil to the surface of the Lake Centralia field.
The water will be used to provide pressure in recovering oil which otherwise would be left underground after previously used methods were stopped as no longer economical. The Texas Co. says the field's life will be extended 20 years.
Five oil-bearing strata underlying 20,000 acres will be flooded. A Texas Co. spokesman estimated it would take 5,000,000,000 gallons of water to fill the space voided by oil and gas since the field's discovery in 1927.

Rubber Firm Is Leaving Malaya
KUALA LUMPUR, Malaya. — (AP) — Because of "mounting difficulties of supervision and sabotage" a British rubber company has sold its 228-acre estate and is transferring business elsewhere.
The Wilkinson Process Rubber Co. said it plans to deal in linarex produced in Jamaica.

Oil Field Will Rely On Water For Pressure

IT PAYS TO PLAY

New 'Resident' For Big City
NEW YORK. — (AP) Park Avenue has a new "resident"—a 29-story glass and stainless steel office building on "stilts."
It's the six million dollar "Lever House", headquarters of Lever Brothers. The building appears to rise on stainless steel columns. There are 1,404 green and blue-tinted windows.
The ground floor features an outdoor terrace garden and a soundproof theater.

DON'T KNOW WHERE WE ARE. I'VE NEVER SEEN THIS PLANET BEFORE... BE CAREFUL!
LOOK, JOHNNY! LOOK WHAT'S HEADED THIS WAY!

Oil Field Will Rely On Water For Pressure
CENTRALIA, Ill. — (AP) — A new twist in oil production from a Southern Illinois field calls for building an artificial water system vast enough to supply a city of 200,000.
The Texas Co. hopes its 25-acre project, to be completed in 1953, will help force 500 million dollars worth of vital oil to the surface of the Lake Centralia field.
The water will be used to provide pressure in recovering oil which otherwise would be left underground after previously used methods were stopped as no longer economical. The Texas Co. says the field's life will be extended 20 years.
Five oil-bearing strata underlying 20,000 acres will be flooded. A Texas Co. spokesman estimated it would take 5,000,000,000 gallons of water to fill the space voided by oil and gas since the field's discovery in 1927.

Rubber Firm Is Leaving Malaya
KUALA LUMPUR, Malaya. — (AP) — Because of "mounting difficulties of supervision and sabotage" a British rubber company has sold its 228-acre estate and is transferring business elsewhere.
The Wilkinson Process Rubber Co. said it plans to deal in linarex produced in Jamaica.

President Says Budget-Slashers Are Doing 'Their Bit' To Help Commies

WASHINGTON — (AP) — President Truman has accused budget slashers in the House of doing "their bit to help the Communist side."

The president declared in a speech last night that cuts in defense spending were "a foolish, reckless act" which may force a sharp reduction in U. S. armed forces in an hour of peril.

He expressed hope that Vice President Barkley will be able to persuade the Senate to restore House cuts in both the defense and foreign aid programs.

The President chose a dinner last night commemorating the completion of a colony in Israel named for him—Kfar Truman—for a bitter assault on the House. It recently reduced his defense recommendations from around \$1 billion dollars to \$6 billion and the mutual security program from \$7,900,000 to \$6,174,600 last Friday.

The President said of the House cut in armed services funds: "This was a foolish, reckless act. It jeopardizes our defense buildup. It may require us—in this hour of peril—to demobilize a substantial part of our armed forces. Think of that."

He declared: "There are some people who would rather embarrass the White House than to checkmate the Kremlin."

"The majority of the House picked the two places in the world where the danger is greatest—Europe and Asia, where the Communist threat is strongest, and they did their bit to help the Communist side."

He said the reductions in aid to Europe would mean that the Allies would not be able to raise and equip forces needed to defend the West against Soviet power.

The President then told the nearly 1,000 dinner guests that the House cut economic and Point Four aid to Asia by well over 100 million dollars.

A "cray, crippling amendment" will cut the Point Four program in Asia by about \$50 million more, he said, and this "opens the way to Communist subversion in these countries."

He said Friday's vote reduced the program for Iran in half on the very day the Soviet Union sent Iran a threatening note warning against taking any more U. S. military aid.

The Senate continued debate today on the foreign aid bill, but there was little prospect of the Senate voting on proposed additional cuts in the \$6,900,000 total until tomorrow or Thursday.

Papers In Stolen Safe Are Found In Fairly Good Shape

Apparently foiled in their attempt to bury a safe called away from the Standard Oil Company here early Sunday morning, robbers covered a portion of the papers contained in the safe as shown above. Most of the firm's records were found to be in good shape despite being buried. Officers believed the robbers attempted to bury the safe, but after digging to an insignificant depth encountered water. (Reflector Photo by Roy Hardee.)

Scouts' Summer Plans Announced

Some important announcements were made last night at the monthly round table meeting of the troop leaders of Boy Scouts of Pitt County at Jarvis Memorial Methodist Church.

Jack Dowdy, district commissioner for Pitt County, said these conferences are for the purpose of discussing programs and scoutmaster training. Announcement of coming Boy Scout events and a fellowship period usually feature the meetings.

The program of activities for the period ahead includes pioneering work, emphasizing axmanship. Program planning for June consists of a county fair demonstration of scouting skills used within a troop.

The district commissioner said the summer Boy Scout encampment at Camp Charles, near Wilson, will be held June 8 through July 19. The beach camp will be held at Manteo July 20 through 26. Dowdy said a special events program for scoutmasters and commissioners will be held at Camp Charles, near Wilson, June 14 and 15.

All scoutmasters and commissioners are urged to attend the encampment at Camp Charles. The program will include: fellowship, inspiration and training.

Executives Club Board Convenes

The board of directors of the Executives Club at a luncheon meeting at the American Legion Home today made plans for selecting speakers for next year's programs.

President Sam D. Bundy, principal of the Farmville High School, presided.

An official of the Associated Executives Clubs was at the conference to assist in making of the list of nationally known speakers.

Engineers Club Meets May 28

The May meeting of the East Carolina Engineers Club will be held in Roanoke Rapids on Wednesday, May 28, 1952. Guest speaker for the meeting will be Mr. Harold Couch of the Babcock and Wilcox Company — one of the leading manufacturers of steam boilers and associated equipment.

Mr. Couch will speak on "Steam for Power" and will present a short color movie illustrating recent developments and techniques in this field.

The meeting will be held at the Virginia Electric and Power Company's recreation hall at 7:30 p.m.

In recent months the Great Lakes have risen to more than four feet above normal.

Answer Protest

SEOUL, Korea — (AP) — Canadian protests regarding the transfer of Canadian troops to riot-torn Korea as guards of Red prisoners of war were answered today by an Eighth Army spokesman.

"This army is a United Nations army and the prisoners on Korea are United Nations prisoners," he said. "The Canadian unit (one company) was dispatched to Korea with the concurrence of the senior Commonwealth commander in Korea."

In Ottawa Monday the government expressed displeasure and concern in a strongly worded note to the U. S. State Department.

Palace Is Opened To Tourist View

BEAULIEU, England. — (AP) — Lord Montagu of Beaulieu, a 25-year-old bachelor, is the latest Briton to ease his tax-hit finances by throwing open his stately home to all comers — for 35 cents a head.

As well as Beaulieu's 750-year-old Palace House visitors can see five ancient motor cars, including the one in which King Edward VII and a museum of naval relics.

LIFE SAVINGS BURNED:—Mrs. Elbert E. White talks to her disconsolate husband at their home in Dayton, O., after she apparently burned \$43,550—their life savings—while burning trash. The money was in a muslin bag which Mrs. White usually kept tied to her slip. (AP Wirephoto.)

Olive, Umstead Intensify Races As End In Sight

RALEIGH — (AP) — With Saturday's Democratic primary only five days away, gubernatorial candidates William B. Umstead and Hubert E. Olive prepared to step up their campaigning today.

Olive was scheduled to tour Charlotte and rural Mecklenburg. He will wind up his Mecklenburg visit tomorrow, moving over to Cabarrus in the afternoon.

Umstead has radio and television programs scheduled tonight. He plans to deliver a 15-minute radio talk over a 20-station statewide hook-up. Also on schedule is a five-minute television program at 9:30 p.m. over WBT-TV.

A big rally is planned for Umstead tomorrow in Smithfield at the Johnston County Courthouse. Meanwhile, Umstead issued a statement yesterday in which he said he "had nothing whatsoever to do with the nomination of the state of delegates" from North Carolina to the Democratic convention.

Umstead stated that he wanted to clarify the matter "because some of my friends have asked me about any participation I might have had in selecting the delegates."

Gov. Scott declined to sit on the speaker's platform at the state Democratic convention because a change was made in the list of delegates.

Scott said he and State Democratic Chairman Everett Jordan had agreed the list would contain the names of Charles M. Britt, chairman of the State Board of Elections, and Bill Staton, president of the Tar Heel Young Democrat Clubs. Instead they were chosen alternates.

The governor accused Jordan of substituting names of Umstead supporters for Britt and Staton. Scott is a supporter of Olive for governor. Jordan told newsmen he could not compel the convention to name Britt a delegate.

He added that he was merely trying to avoid trouble on the convention floor, when Britt was put on the alternate list.

At Asheville, Britt said yesterday the reasons given by Jordan for removing his name from the list of delegates "are far fetched."

Locomotive Used To Heat Building

MARION, Ill. — (AP) — Three men stoke a railroad locomotive's firebox around the clock but it isn't going anywhere.

Allen Industries, which processes tarpaulins, leased the engine from Illinois Central Railroad. Its steam is piped into the Allen building for heating purposes.

TOO MANY DOGS

JACKSON, Miss. — (UP) — Sylvia McKenzie's parents were pleased when their 11-year-old daughter's pet Boston terrier, Miss Boots, presented her with three puppies. They weren't so enthusiastic when a stray fox terrier Sylvia adopted the next day gave birth to four pups.

Australia Organizes Tough New Division Of Paratroops

SYDNEY, Australia (UP) — Australia is training a "de-glamorized" paratroop division which it believes will rank with the world's best in toughness and striking potential.

At Williamtown air base, 10 miles from industrial Newcastle, two initial groups of what will be Australia's first airborne division have graduated and a third group is in rigorous training.

On a two-mile-square patch of sandy soil, scratched out of virgin bush about 100 miles from Sydney, the Australian school of combined land and air warfare is doing its bit to make Australia the southern Pacific bastion of the democracies.

Here, Australia's toughest fighting men, in a brief but intensified four weeks, are training under strict British methods and British experts.

Planned To Fit In

The Australian airborne division, when completed, will be capable of integration with either United Kingdom or United States units. It will be able to stand alone as an integral part of the Australian armed forces.

Only a short refresher-conversion course will be needed to fit the Australian paratrooper into any United States outfit, even though American methods vary considerably from those of the United Kingdom.

As Squadron-Leader C. Bourn, chief instructor and brains behind the Aussie "sky-soldier," said: "Our boys will be able to fight anywhere, any time and with anybody."

Different Pattern

"We've used the British method of paratroop instruction because it is simpler than the U. S. system. The Americans stick closer to the German idea of paratroops with their costly equipment and 'muscle-kan' selection of potential airborne soldiers."

"Our idea here at Williamtown is to de-glamorize airborne troops and make parachute jumping an every-day affair."

"That way we're going to have more paratroops, with a better outlook on paratroop combat methods, and suffer not at all from any fall in the standard of the firm."

ished sky-soldier."

Rigorous physical and mental standards must be passed by every potential paratrooper, however.

The Australian Army man who wants to become a paratrooper merely has to volunteer to be taken into consideration.

Examination Tough

He must then pass a tough medical examination which basically requires each paratrooper to be at least 6 feet one inch in height and no less than 150 pounds weight.

After the "medical" comes an examination by expert army psychologists before the budding paratrooper is ready for Williamtown school and the heavy four weeks' training that will mould him into a type of fighting machine rapidly increasing in military importance.

In four weeks at the school, each trainee has heart-breaking, sinew-stretching ground training on "mock up" training gear.

The "mock-up" gear is equipment designed to simulate the aircraft from which the paratrooper will jump, the parachute that brings him to earth, and the dangers he will meet in drifting some 1,000 feet earthward at the mercy of the elements and the enemy.

Trial Is Tough

Few paratroops can forget their first introduction to the jumping towers at Williamtown.

Some 30 feet off the ground, the trainees leap from a platform into space, to be stopped short with a sickening, shoulder-wrenching jerk, simulating exactly the same way they will experience in leaving an aircraft flying over a dropping zone.

It is at those towers that the

expert instructors weed out those who wouldn't make good paratroop material. If the nerves of any of the trainees are to be broken, it is better that they break during the training stages, and if the jumping towers don't break them, nothing will, instructors believe.

AUTHOR DIES:—Fulton Oursler, 59, (above), author of 'The Greatest Story Ever Told,' a book based on the Bible, died in New York City. He wrote a number of books and magazine articles, many of which in recent years reflected strong interest in religion.
