PRISONER EXCHANGE TERMS SET

Wilson Emphatically Denies Vandenberg Claim

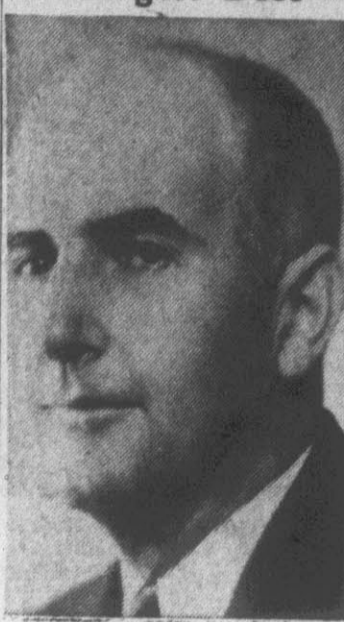

'Best Air Force' Promised

WASHINGTON (UP) — Defense Secretary Charles E. Wilson told senators "most emphatically" today the nation will continue to have the best—not the second best—Air Force.

Wilson said the Air Force record in estimating production and spending funds previously provided "certainly shows very poor estimating, a disastrous slippage in the program or poor coordination and management."

Wilson said the Air Force record in estimating production and spending funds previously provided "certainly shows very poor estimating, a disastrous slippage in the program or poor coordination and management."

Hargett Dies

RICHLANDS (UP)—W. Guy Hargett (above), about 55, highway commissioner for the Second District under Gov. W. Kerr Scott, died of a heart attack at his home near here today. He is survived by his widow and two children.

Delegates Meet Again Tonight; ROK Objections Biggest Hurdle

Cease-Fire Line Next Item

By LEROY HANSEN United Press Staff Correspondent PANMUNJOM, Korea, Tuesday (UP)—United Nations and Communist truce teams, with an agreement on prisoner repatriation signed, met today to work toward their final step—a full armistice agreement that will end the shooting in the three-year-old Korean war.

And even as a full agreement on a final armistice seemed very near, South Korea's irreconcilable President Syngman Rhee once more called on his people to "risk our lives and fight on to a decisive end" despite any truce the Allies and the Reds might reach.

It was indicated that the delegates, at their meeting at 11 a.m. (9 p.m. EST Monday) might take up the chief issue still outstanding, the fixing of a new cease-fire line.

The chief obstacle to peace lay not between U. N. and the Communists, but between the U. N. and the Republic of Korea government.

Owners Slow In Paying Taxes Get Final Notice

Public Sale Slated July 13

By HOWARD LINDSAY Reflector Staff Writer Greenville property owners who have been slow about getting in their 1952 real estate taxes have been notified by the city clerk that the property will be turned over to the city attorney June 15 to be offered for public sale July 13.

Pursuant to Section 1715, Chapter 310 of the Public Laws of North Carolina, and on authority of the city council, the auction will be held in the steps of the Pitt court house at that date.

Final notices already have been sent out also to personal property holders who have not settled up and City Clerk H. H. Duncan said today that collections had stepped up as a result.

Seoul Is Bombed

And Near-Panic Seizes Populace

SEOUL, Korea (UP)—Communist planes bombed the South Korean capital tonight, throwing the city into a state of near panic as at least 15 bombs exploded and injured seven persons.

Crops 'Greased' Also Urges No Alienating Of S. Korea's Friends

Rhee Asks 'Keep Fighting'

SEOUL, Korea (UP)—President Syngman Rhee called upon his people tonight to "risk our lives and fight on to a decisive end in case the United Nations accepts the truce and stops fighting."

At the same time, Rhee directed South Koreans to "refrain from resorting to unfriendly expressions and discontent with our allies."

His views, which were issued in a printed statement, were his first public expressions since agreement was reached earlier in the afternoon at Panmunjom on the prisoner of war issue.

Attitudes which might make our foreign friends resent us. "Even though our allies take different views from ours, we should not forget that we owe them much," Rhee said.

Unanimous Vote On School Bonds

GRIFTON—A \$110,000 school bond issue was carried in a special election in Grifton Saturday with no votes cast against the issue.

Out of 302 persons registered to vote, 220 cast ballots but none of those 220 persons voted against the school bond issue proposed to expand school facilities in Grifton.

Cecil Cobb, chairman of the Grifton School District committee, indicated yesterday that he was very pleased with the results but was rather disappointed that not all of those registered came to the polls.

ROK Units Driving Hard To Regain Lost Outposts

SEOUL, Korea (UP)—South Korean troops pushed forward on the eastern front today in a campaign to regain lost ground before the Communists and allies fix the battleline in a cease fire agreement.

The ROK 12th Division opened a counterattack against North Koreans occupying a strategic outpost known as "Luke the Gook's castle," scene of bloody fighting for almost two weeks.

Eighth army headquarters said the ROKs jumped off at 4 p.m., the same moment that the enemies in the 35-month-old war were signing a prisoner exchange agreement

at the other end of the battlefield. The ROK assault broke a night-long lull in the fighting. Heavy rains along the 155-mile battleline had slowed ground fighting, but Allied aircraft defied the bad weather.

Nine TB Cases, Six Of Lung Cancer Found

With only eight days remaining for the X-ray survey in Pitt County, nine cases of tuberculosis have been found in addition to six cases of lung cancer.

The findings were received from 445 recalls in large X-ray films taken at the Pitt County Health Department and sent to Wilson for readings. The "recalls" were made from the 16,059 thin films read.

Through June 4, 21,321 persons have had X-rays; and of the original films, 195, or 1.2 per cent, showed some cardiac trouble.

Wrecked Truck Which Brought Pitt Its Fifth Traffic Fatality

Wrecked truck which brought Pitt its fifth traffic fatality in traffic accidents this year. He wife and a passenger, Sarah Biddersage in Pitt Memorial Hospital. (Reflector Photo by Roy Hardee)

Car Overtakes, Six Marines Only Bruised, In City's Rash Of Weekend Auto Accidents

By ROY HARDEE Reflector Staff Writer Six Cherry Point Marines escaped serious injury or death early this morning when their automobile overturned at Fifth and Elizabeth Streets and caught fire.

Investigating officers T. E. Glendon and R. C. Gaudin identified the driver of the car as being Louis J. Toscano, of the Cherry Point Marine Base.

They said that Toscano told them he was driving at a speed of 40 miles per hour at the time of the accident. The 18 occupants escaped with only slight bruises in the accident which demolished their car and caused it to catch fire.

The marine driver was charged with careless and reckless driving and was convicted in city Police Court this morning. He paid a fine of \$25 and had his operator's license suspended for a period of ten days.

Investigating officer W. B. Cole listed damage to both cars as being \$100. No arrests were made in a two-car accident at Ninth and Evans Streets Saturday night.

Social and Personal

All items for this page received after 10 a. m. will be published the following day. Dial 3355-8 a. m. to Noon; 1 to 4:30 p. m.

Mrs. Pearl Worthington entered Pitt Memorial Hospital Thursday afternoon.

Joseph M. Taft and William H. Taft are attending a Philco convention in Atlantic City, N. J.

White Shrine Meets Wednesday
Greenville White Shrine will meet Wednesday night at 8 o'clock. Important business will be discussed.

There will be a meeting of the Creasy K. Proctor chapter of DeMolay Tuesday night, June 9, at 8:00 o'clock at the masonic temple. The installation of officers will be held at this time. All DeMolays are requested to be present. All master masons are invited to attend.
EDWARD D. AUSTIN
Chapter Advisor

Attending Grand Chapter Session
Mrs. Thelma Maxwell, Mrs. Betty Nobles, Mrs. Ethel Allen and Mrs. Lillie Dell Briley are in Raleigh attending Grand Chapter session of Order of Eastern Star. Mrs. Maxwell and Mrs. Nobles were appointed as Worthy Grand Matrons to serve as Grand Pages at this session.
Mrs. Maxwell is junior past matron and Mrs. Nobles holds station of Ruth in the local chapter. Mrs. Nobles was chairman of Scrap Book Committee for 1952 and took the chapter's scrap book to Grand Chapter.
Mrs. Briley and Mrs. Allen served as flagbearers and also as co-chairmen of Finance Committee in local chapter the past year.

New Arrivals

Mr. and Mrs. Edward Sutherland Williams Jr. of Chapel Hill announce the birth of a daughter, Princess Anne, on Friday, June 5, at James Walker Memorial Hospital in Wilmington.

Mrs. Williams is the former Princess Anne Stellings of Wilmington and Mr. Williams is the son of Mrs. Novella Moye Williams of Greenville.

Mr. and Mrs. John Lee Hudson of Grimesland Rte. 1 announce the birth of a son on June 7 at Dr. Joseph Smith's Clinic.

Towns called New York, Boston, Hingham, Dedham, Norwich, Dartmouth and Braintree can be found in England.

News From Farmville

By JOYCE CORBETT

Mr. and Mrs. J. C. Corbett and daughter Pat spent the week-end with Mr. and Mrs. J. G. Etheridge of South Mills.

Mrs. Richard Welsh of Baltimore, Md., is the guest of her mother Mrs. S. G. Bardner.

Mr. and Mrs. Skinner Willoughby and son and Mr. and Mrs. Charlie Potter visited Mrs. D. R. Ham, sister of Mr. Willoughby in Newport News, Va., Sunday.

Madames Jack Smith, Dalton Corbett, Charlie Potter, Louis Willoughby and little Phyllis Corbett were Raleigh visitors Thursday.

Mrs. G. E. Thompson returned to her home Thursday after spending five weeks with her mother Mrs. G. W. Johnson, friends and relatives of Danville, Va.

Little Susan and Jimmy Darden underwent tonsillectomies at Pitt Memorial Hospital last week.

Children's Day was observed at the Christian Church last Sunday. Special music by a choir from the Vacation Bible School, under the direction of Mrs. W. A. Pollard was furnished.

Bible School closed Friday and has been most successful, much credit is due to the superintendent, Mrs. Penwell Burnett and all the teachers and workers.

The annual Sunday School picnic will be held at the municipal park June 19.

The Christian Church Group 1 met with Mrs. Cliff Jones at the Ballard's Community House Tuesday evening. Mrs. Thad Cox, assistant leader presided in the absence of Mrs. Ted L. Albritton.

Final reports for the closing year were compiled.

Mrs. R. N. Fiser was devotional leader and used as a topic, "Sound of Many Voices," based on scripture readings from Amos. Mrs. Thad Cox conducted the Hidden Answers from World Call. Mrs. J. B. Briley and Mrs. Fiser made a report on serving refreshments at the Vacation Bible School. During the social hour the hostess served strawberry ice cream pie.

Group 3 met with Mrs. L. W. Allen Tuesday night at her home. Mrs. L. E. Turnage gave the devotional "Lost and Found," was the subject, Scripture lesson was taken from Matthew 18:11.

Mrs. A. C. Turnage leader, led in group acting as hostess for the Christian Women's Fellowship meeting Monday afternoon. In the pleasant social hour Mrs. Allen served strawberry ice cream pie.

Group 4 met at the church Tuesday night with Mrs. J. E. Russell, hostess. Mrs. Edison Moore was in charge of the worship hour. Mrs. Flava Darden conducted the World Call program. Final reports for the closing of the year work were made during the business presided over by Mrs. Louise Harris.

Women In The Church

Concert-singer Mrs. Rosa Page Welch, recently returned from an interracial and international goodwill tour to mission centers of Asia, Africa, and the Near East—introducing Negro spirituals to many new groups—says: "In every country I visited, the first question people always asked was about Negro-white relations in America. In Africa especially the second question was 'Do Negroes and whites in America go to the same church?'... What we really need is enough time to be with these people and get to know them, as well as letting them know us."
"We should be mighty proud of our Christian missions abroad," says Mrs. Welch. "If it had not been for missions, we would not have the respect we have today in those countries." But if America is to win real friendship from the dark-skinned majority of the world's people, she urges that there be "more colored faces in responsible jobs overseas."

Decrying a growing U. S. "climate of slander, accusation and distrust," the women's section of the National Council of Churches declares these "threats to American freedom" are "among the most serious ever faced by our people." United Church Women notes further that such "forces of dissension" can "undermine the very institutions that can overcome communism." In a statement entitled "A Christian Declaration of Loyalty," the group, representing ten million women, points out that as Christian Americans they are "alert to the threat of communist thought and conspiracy," but that they despise "men in responsible positions and self-appointed groups and individuals who are 'spreading mistrust of churches, of charitable foundations, and of loyal American citizens with whom they disagree.'"

The women declare they will throw back these "forces of dissension" with the "superior force of Christianity." The message asks all church women to inform themselves thoroughly on civil rights, especially as set forth in the Bill of Rights, and to express their stand on American freedom to congressmen, clergymen and school officials. The message says also that "we ourselves may for our beliefs face disapproval, insinuation or slander," but "we will stand!"

ASKS PAY FOR BUMPS
NEW BRITAIN, Conn. (UP)—George Head filed a bill with the City Council for \$94, alleging that four trips over a bumpy road cost him an average of \$24 each trip. He said he practically had to rebuild his automobile.

July Wedding Planned

Mr. and Mrs. Joseph Roy Martin, of Greenville, N. C. announce the engagement of their daughter, Peggy Lillian, to Rev. Wilbur A. Ballenger, son of Mrs. Wilbur A. Ballenger of Columbia, S. C. and the late Mr. Ballenger. The wedding will take place July 26.

Local Students Receive Degrees

RALEIGH—State College at commencement exercises here Sunday awarded diplomas to 817 students. Chancellor J. W. Harrison, appearing at the graduation service his final time before retiring as head of the college, conferred the degrees during a formal ceremony in William Neal Reynolds Coliseum.

Rt. Rev. Henry Irving Louist of Orlando, Fla., Episcopal bishop of Southern Florida, delivered the baccalaureate sermon.

The number of candidates from North Carolina far exceeded the number from other states, territories and foreign countries.

The following Pitt County students were awarded diplomas: Fred Timms Langford of Farmville, Wil-

liam Edward Little of Grimesland; Evin Ray Jones of Greenville; Daniel Kenyon Owens of Greenville; Donald Jennings Haddock of Winterville; McDonald Bland of Greenville; Spyridon Nicholas Sideris of Greenville; Maynard Graydon Thorne of Farmville.

Daniel Gordon Rose, son of Mr. and Mrs. June H. Rose of Greenville, who received a degree in textile engineering, has accepted a position with the DuPont Company, near Grifton.

Concerned Over New Generation

SAN FRANCISCO (UP)—An elderly Californian is concerned about the liquor capacity of the younger generation.

Max Fromm, 80-year-old wine taster, said he tastes 200 sips of wine an hour while his sons can average only 66.

News From Ayden

By MRS. JAMES EVERETTE Mrs. MARVIN McCORMICK

Marshall Tripp, Bobby Smith, Gwen McGlohon and Miss Virginia Belle Cooper are attending conference at Atlantic Christian College, in Wilson this week.

Mr. and Mrs. Heber Sumrell have returned from an extended visit with relatives in Texas.

Mrs. Billy Rodgers and son, Kenny, have returned to their home in Dallas, Texas, after a visit with Mr. and Mrs. Alex Cuthrell, Sr.

Mrs. Rosa Little and Mrs. Elbert Davidson attended the graduation exercises of Miss Barbara Little at Woman's College, Greensboro over the week-end.

Mrs. T. G. Worthington and Mrs. William Avant of Whiteville are

spending several days at Atlantic Beach.

Mr. and Mrs. Jack Quinerly spent Friday in Clinton where they attended the graduation exercises of their nephew.

Dr. H. H. Gooding left on Sunday for Paris Island, S. C. where he will join the Armed Services. Dr. Gooding was in the Navy Reserve.

Mrs. Hattie H. Cox and Mrs. Pearl Wheeler of Norfolk, Va., and Miss Pat Thornton of Benson, were the Tuesday guests of Mr. and Mrs. Ernest Hardee. Mrs. Cox and Mrs. Wheeler attended the graduation of Miss Thornton in Benson the first part of the week.

Mrs. Fred Stauffer and Mrs. Ernest Hardee left on Wednesday for a visit in Washington D. C.

Truman Becomes Indian Chieftain

KANSAS CITY, Mo. (UP)—Former President Harry S. Truman was an "honorary Indian chieftain" today, a title bestowed upon him by a group of "honorary" Oklahoma Indians.

Mr. Truman received the title, along with an authentic Indian war bonnet which he wouldn't put on, in a colorful ceremony Sunday night in front of a Kansas City hotel.

The presentation was made by Oklahoma State Junior Chamber of Commerce President Bill Douce of Bartlesville. Douce and 140 other Oklahoma Jaycees were en route to the National Junior Chamber of Commerce convention in Minneapolis next week.

Only 'Nerve', Is Job Requirement

NEW YORK (UP)—A pretty girl with "no experience" can earn \$100 a week for only a few hours work if she has "plenty of nerve."

An Atlantic City, N. J., firm advertised for the girl today and offered a full season's work. All she has to do is dive, astride a horse, into a tank of water from a height of 45 feet.

EASY PICKINGS
NEWARK, N. J. (UP)—Alex Maturri found it easy to report to police his coat had been stolen. It was taken while he was attending a testimonial dinner in honor of two members of the force newly promoted to lieutenant.

Order Of Eastern Star Chapter Initiates New Members

NEW OFFICERS ORDER OF THE EASTERN STAR—Above photo shows the new officers of the Order of the Eastern Star at initiation ceremonies at the Masonic Temple. FRONT ROW—Mrs. Blanche Smith, conductress; Carey Joyner, associate patron; Mrs. Blanche Jackson, associate matron; Mrs. Mildred Kennedy, worthy matron; Alfred Kennedy, worthy patron, Mrs. Anne Satterthwaite, Electra. SECOND ROW—Mrs. Marjha Forrest, chaplain; Mrs. Eula Mae Cannon, Esther; Mrs. Florence Scott, organist; Mrs. Pattie Mizelle, warden. THIRD ROW—Mrs. Bettie Nobles, Ruth; Mrs. Lucille McArthur, associate conductress; Mrs. Julia Harris, marshal; Miss Alya Ray Taylor, secretary, and Leland Mizelle, sentinel.

In an impressive candlelight service last Tuesday evening, George W. Smith, John Carrington, Clifton Stokes and Patricia Hall were initiated into Greenville Chapter 149 Order of the Eastern Star.

Mrs. Ossie Lee Nelson was received by affiliation. George Smith is the husband of Mrs. Blanche Smith, who is conductress. John Carrington is the husband of Mrs. Sadie Carrington, who is Marjha in the Order, and Clifton Stokes is the husband of Mrs. Jennie Stokes.

Prior to the initiation, the chapter was opened with the officers marching in formal white dresses. Mr. and Mrs. Alfred Kennedy, presiding officers, presented corsages to the officers, and they are to be worn throughout the year. The American, Christian, Old North State and Order of the Eastern Star flags were presented by Mesdames Julia Harris, Martha Forrest, Lucille McArthur and Blanche Smith.

Mrs. Louise Wells, grand representative of the Grand Jurisdiction of Virginia, was presented, welcomed and given a seat in the East. She spoke briefly on her appointment, her visit to the Grand Chapter session last year in Virginia, and she gave some helpful pointers on the Grand Chapter work. She brought greetings from the grand jurisdiction.

The Order of the Eastern Star Chapter was draped in honor of Brother A.R. House, a charter member, past patron and present treasurer, who died June 1. While Mrs. Florence Scott played the hymn, "Jesus, Lover of My Soul, Mrs. Eva Corbett placed a basket of flowers at the treasurer's station.

The Chapter voted to send a gift to Bettie Hilliard, who graduated at Oxford Orphanage on June 5. Mrs. Ray Bisette, past matron of Griffin and several others from there were recognized.

Miss Alya Ray Taylor reminded the group of the Grand Chapter meeting June 7-10. Group pictures were made by Mrs. Lee Spurgeon and a local photographer.

Refreshments were served in the Fred Stokes dining room. A beautiful arrangement of blue hydrangeas, feverfew, white lilies and gardenias were used on the appointed table.

Mrs. Florence Eatman, co-chairman, and Pecolia Ayers, served lime-ice at the ends of the table. Amelie Watson, Anne Cole and Birdie Williams served nuts and individual cup cakes in the five-point colors. Others on the committee were Frances Andrews, chairman; Lucille Rogers, Bessie Elks, Nanie Williford, Mae Sawyer, Minnie Brooks, Keith Cain, Frances Coble and Josephine Ratcliffe.

Mrs. Sadie Carrington, Mrs. Marie Clark and Mrs. Eula Cannon arranged baskets of spring flowers in the Masonic Hall and dining room.

New Officers Elected By North Carolina Vet Group

NAGS HEAD (UP)—Forrest V. Dunstan, an Elizabeth City attorney, today headed North Carolina's 20,000 Veterans of Foreign Wars.

The VFW encampment here elected Dunstan yesterday to succeed Charles T. Myers of Charlotte, as State Department commander. Dunstan, former senior vice commander, established the New Bern field office of naval intelligence during World War II and was later attached to the district intelligence office in Panama.

The veterans ended a four-day convention here after choosing Asheville as the site of the 1954 convention. The Western North Carolina city won out despite competition from Greensboro and Durham, which also made bids for the meeting.

Other new officers are Jack Dunson, Asheville, senior vice commander, and Rufus Joyner of Rocky Mount, junior state commander. Joyner won in a hot three-way race with Edwin Mescock of Winston-Salem and Holmes Preston of Mooresville.

The Rev. Robert M. Varner of Mooresville was named chaplain. Graham Carlson of Salisbury, judge advocate, and Dr. Harold E. West, of Charlotte, department surgeon.

Ruby Finehart of Hickory was

Traffic Rulings Include Puzzler

PITTSBURGH (UP)—Motorists today puzzled over these temporary traffic regulations outlined by City Traffic Engineer Michael Gittens: "The street will be posted as a one-way street. At night when possible, it will be used as a one-way street. But there will be times when traffic officers will make it a two-way street. But it will still be a one-way street. After the contractors get cleaned up about June 15, then it will be a four lane street."

Pope Pius XII has received more people in audience than any other pope in history.

Birth Rate Runs Ahead Of 'High'

WASHINGTON (UP)—The nation's birth rate in the first three months of 1953 ran ahead of last year's all-time high.

The U. S. Public Health Service reported today that some 971,000 babies were born in January, February and March—about 29,000 more than in the same months of 1952.

TAILLESS CALF

ARGADIA, R. I. (UP)—Farmer Thomas Zambini owns a tailless calf, born to a Holstein cow whose tail had been broken. The cow previously had borne two normal calves. Zambini figures the tailless one is going to have quite a problem dealing with flies.

GOES TO EGYPT—Robert Hankey, trouble-shooting British diplomat, was sent to take charge of British Embassy in Egypt, where Anglo-Egyptian relations have worsened.

Pair Trying To 'Live Off Sea' Rescued After Ordeal

NEW ORLEANS (UP)—Two men plucked from the Gulf of Mexico by a fishing boat said today their plan to "live off the sea" during a world voyage ended in a five-day ordeal of hunger, fatigue and sunburn.

Wallace H. Haynes, 41, of South Haven, Mich., and Joseph F. DeMontmolin Garcia, 33, of Van Nuys, Calif., were brought to the Public Health Service Hospital after their rescue yesterday.

Their schooner sank Wednesday only a few hours after they embarked, they said. For 76 hours they had clung to seaward. Then they found a dinghy from the schooner and spent the rest of the time rowing toward shore. The fishing vessel Julie Ann picked them up as they reached the mouth of the Mississippi River.

"I thought I knew boats," said Garcia, veteran of a schooner voyage from Australia to South America. "I should have known she was too small to stand up in the gulf." Their schooner hit rough seas 65 miles southwest of Pascagoula,

M's., starting point of their experimental cruise, and sank in a seaweed bed before they had time to lower their dinghy.

"We started to gather up stuff to make a raft but couldn't do much good," he said. "We were plenty scared. Then a gallon jug of water came up. We grabbed it and held on to it and each other.

"We didn't drink any of the water until the second day. There were a lot of sea gulls around and we expected to see a fishing boat—but we didn't see a one until we were picked up.

"We kept swimming around until we spotted the dinghy. It was bottom-side up in a kelp (seaweed) bed. We got it upright and found a couple of paddles. We rowed it for 16 miles."

LONDON (UP)—British air authorities have grounded Maj.

Chris Draper, 61-year-old World War I pilot who flew a light plane under 15 Thames River bridges last May 5.

Draper, an unemployed salesman, explained he performed his stunt in hopes of getting a job.

Feeling OLD and Worn-Out At 40?

Work-Strain-Worry Getting You Down—All tired out—no energy—never feel like going out evenings any more—wake up still tired and discouraged?

Thousands who fail to get from their food all the Vitamins-Iodine and Iron they need, have felt just like that until they started taking FERRIZAN.

FERRIZAN—gives you a generous supply of valuable B Vitamins and Iron with precious Iodine for the ductless glands. Accept This Generous Offer Today—You've nothing to lose and everything to gain. You must feel better—look better—work better and rest better. Be completely satisfied with FERRIZAN in 30 days or your money back.

Still Work To Be Done In School System

Although school is out, and youngster's thoughts have turned to other fields at least for a few months, it is worthwhile to look at a few statistics concerning the graduation classes from the high schools of Greenville this year.

From Greenville High School and C. M. Eppes High School a total of 116 students were graduated last week. Of that number, 66 students, or 56.9 per cent of the graduating classes have indicated they will enter college or professional schools to continue their education.

State Has Profited Greatly By Investments

One of the things which W. Kerr Scott did when he became governor of North Carolina in 1949 was to insist that the idle dollars of the state be put to work.

It has been obvious that in the past four years that the insistence of former Governor Scott and the subsequent investment of the idle funds of the state certainly has paid off.

The investment of state dollars made by Treasurer Brandon Hodges since the action was authorized by the 1949 General Assembly will have netted the state \$12,515,447.58 in interest by the end of this month. That amounts to an average of \$7,650 per day in interest North Carolina has earned on its once "idle" funds in the past four years.

Results of the investments has meant the state had twelve and one-half million dollars to spend that did not have to be drawn from the taxpayers. While three million dollars a year is not a large per cent of the state's expenditures, it certainly represents more than the proverbial "drop in the bucket" in paying the costs of operating the state government.

The average interest earned in one day — \$7,650 — would more than pay the salary of \$7,500 which Treasurer Hodges drew annually before January when the treasurer's salary was boosted to \$10,000.

It can hardly be questioned, in view of those figures, that the investment of "idle funds" have proven a profitable step for the state.

Strength for the Day

REAL JOY
The sexton of a Scotch church, who for sixty years had performed his humble services to the glory of God, was lying on his deathbed. His minister leaned over him and asked softly, "Donald, how are you feeling?" The sexton opened his eyes, smiled and said, "I am getting quite excited. It's been fun to be a Christian, and now it's a joy to go on."

There is only one thing in the world worth working for, and that is a little declaration of six words: "Well done, good and faithful servant." If the Lord says these six words to us in the last great day, we will have been successful. But be we king or president, be we billionaire or the most glamorous idol before whom a worshipping public has ever prostrated itself—none of these distinctions will mean anything if those six words are not uttered. The degrees, the medals, the citations—some day these will be rolled up like a garment and pitched onto the bonfire. "Thou fool," said God to the foolish householder who would pull down his barns and build greater, "this night is thy soul required of thee. And these things that thou hast had, whose shall they be?"

It's fun to be a Christian. We can understand, can we not, what the Scotch sexton meant as to his deathbed, he murmured, "I am getting quite excited."

Planning For Any Future Slump

By RAY TUCKER
WASHINGTON—Another New Deal reform has been drafted by the Eisenhower Administration as a result of the major assignment of the White House has framed for its new Council of Economic Advisers. When funds for the agency have been provided by Congress, its first task will be to draw up definite blueprints for anti-depression action.

Presidential aides emphasize that they do not anticipate a decline within the next few years, if then. Treasury Secretary George M. Humphrey and Commerce Secretary Sinclair Weeks, as well as Eisenhower himself, have given assurances on that point. It is now the official viewpoint.

IKE'S PRIMARY OBJECTIVES—But Eisenhower believes that, as an Army needs advance planning for all contingencies on the field of battle, so the nation must have in readiness a far-reaching program to check or cushion a slump.

In view of the still fresh and bitter memories of the Hoover era, he feels that a depression under the first Republican Administration in 20 years would be calamitous. It could mean the end of the GOP.

On the other hand, Ike thinks that if he can end the Korean conflict, avert a global war and maintain the present level of prosperity, the Democrats will undergo the same sort of exile the Grand Old Party did from 1933 to 1953. Those are his immediate and primary objectives.

PROFESSOR TO HEAD NEW AGENCY—Dr. Arthur F. Burns, the former Columbia economics professor, who will head the new organization, is a veteran student of economics ups and downs, more conventionally known as "business cycles."

Although he refers to popular "obituaries on the business cycle" as "romantic expressions of human impotence," he believes that they can be alleviated with proper research and preparation.

The first reaction to a down-turn would be a resort to so-called orthodox and classical remedies. It would mean a reversal of the very anti-inflationary policies adopted by the Administration in its first few months.

Business Today

Consumer Credit Ins.

By ELMER ROESSNER
Sales of consumer credit insurance are rising and hundreds of thousands of families enjoy its protection. This type of insurance pays off instalment and mortgage debts in the event the borrower dies, and often pays his family an additional sum. Some policies cover illness and injuries as well.

However, fringe operators in the field are creating problems. Victor H. Nyborg, president of the Association of Better Business Bureaus, told the annual conference of the Consumer Credit Insurance Association at Asheville, N.C.

Mr. Nyborg congratulated the insurance association on its accomplishments, but urged greater efforts to eliminate certain practices, such as: Overcharging — "pulling new notes on top of old ones before they expire and pyramiding more credit insurance and finance charges on top of each note."

Including credit insurance in a loan without the borrower's knowledge, and without issuing either policy or certificate.

Rebating excessive commission, much the same as the auto financing pack, to the lender-agent.

Charging excessive rates, "such as one example I have with me, of \$13.03 for life, health and accident coverage on a \$50 three-months reducing loan."

Sale of credit insurance in violation of the law, as a mandatory requirement for the loan.

Sale of credit insurance by lenders in states where they are restricted from acting as agents.

"We have been told by some lenders that without their income from credit insurance sales, they couldn't stay in business," he said. He told the insurance association that, because insurance is an intangible persons having unhappy experience with one kind of insurance sour on all insurance, and unless the industry regulat-

es itself, it is in danger of onerously restrictive governmental controls.

U.S. LISTS 55 PUBLICATIONS ON CARE OF THE HOME

A description of 55 government publications containing helpful hints for homeowners and builders has been printed by the Superintendent of Documents, Washington 25, D.C. The list is free, but the publications described cost from 5 cents to \$1.50.

The list should be useful to real estate men, hardware dealers, paint and building material dealers and repairmen, as well as house-holders and builders.

BRAND NEW IDEA

The Old Promoter was expansively happy when he dropped in today. It was easy to see that he was on his way toward his fifteen hoped-for million dollars — and his first real million.

"This is it," he said. "Did you see that an outfit called Ver-O-Meter is introducing a portable polling machine for public-opinion surveys? I've taken that idea and the idea of selling airplane insurance policies with coin-in-the-slot machines and come up with a real money-maker."

"My machine is the Blow-Off-Matic. You drop a quarter in and out comes a sheet of paper. You write a letter to your Congressman on the sheet and press a button. The machine sticks the letter into an envelope and airmails it, correctly addressed, to your man in Washington. No longer will you have to get up courage before telling your Congressman off. All you have to get up is 25 cents."

"Sounds interesting," he said. "Glad you think so," the ir-repressible one said. "I have you down for \$2,000 worth of preferred stock —"

"No," he said firmly.

"Well, \$2 worth —"

"No," he replied. "But here's 20 cents. This time get yourself a good cigar."

Around Capitol Square

State-Owned Building Insurance And How It Works

By LYNN NISBET

INSURANCE — The State of North Carolina is currently buying fire and other types of damage insurance carried on 539 State-owned buildings with estimated value of \$227,673,593. The premium cost for this coverage is \$133,189. This represents approximately 57 per cent of insurable State buildings and contents in which no unit is included with estimated value of less than \$50,000. These other interesting facts about State insurance are contained in report by Commissioner of insurance Waldo Cheek to Governor William Umstead as of June 1, 1953.

RATES — From enactment of the self-insurance law in 1947 until the 1951 Legislature the State was not permitted to purchase insurance in the market. Recognizing that the reserve which has made aside for payment of losses was utterly inadequate, and that this reserve as well as the entire contingency and emergency fund might be completely wiped out — as well as large chunks from other general fund accounts — by one fire, officials obtained authority to re-insure in the same way private companies distribute the risk load. Working through the association of insurance agents, Commissioner Cheek was able to develop a very low rate. Presently quoted rate is about 0.75 per cent annual basis, scaling down to as low as .585 for term policies. Under this plan the State assumes full risk up to \$50,000 on one building covered, and pays regular premiums for protection above that amount.

COVERED — The present policy covers 539 buildings with estimated insurable value of \$190,336,802 and contents valued at \$37,336,791, for a total of \$227,673,593. This represents about 87 per cent of all such property in the state. The remaining 14 per cent has not been premium-rated, but when the rating is completed it is expected there will be little change in the present rate, although the total value will be around \$261 million.

DISTRIBUTION — Accompanying the report is a list of covered

risks by agencies, departments and institutions, which is perhaps one of the most accurate and complete records of State investment in buildings and equipment. The capital account figures carried in the budget are presumed to represent cost at time of acquisition and consequently are utterly absurd as indication of true values now. The budget book for example, carries the whole University plant at Chapel Hill at \$9,246,436 including the land. The insurance list includes 84 buildings and contents at a value of \$44,499,166. The three units of the Consolidated University account for \$97,256,392 or 42 1/2 per cent of all insured State property. The other institutions of higher education bring the total in education plants to \$138,562,816, showing that 60 per cent of all insured property is devoted to higher education. Public school buildings are insured through another department. The mental, tubercular and orthopedic hospitals have insurable value of \$54,507,505.

DEDUCTIBLE — It is to be remembered that no building is included which does not exceed \$50,000 in value, and no land is included in these appraisals. For example, only two buildings are listed for the State Fair and only six at Butler Hospital. Six buildings are listed at Central Prison in Raleigh and only five others for the entire Highway and Public Works Commission. It is interesting to note, too, that while in most instances the value of the building far exceeds the value of contents, there are exceptions in the cases of storage warehouses, power plants and libraries. The highway warehouse at Raleigh is listed at \$202,000 and its contents at \$1,577,000 while the new headquarters building is valued at \$1,900,000 and its contents at \$280,000. If any of these buildings should be completely destroyed, the State would collect the listed value — less \$50,000.

HONORARY — The tables were turned on Governor Umstead Friday. A lot of people have been sworn into public offices to which he had appointed them beside his

big desk. Friday he was on the swearing in as he took the obligation for honorary membership in the Alpha Kappa Psi business student fraternity. The obligation was given by Wilbert Redmon of Leaksville, newly elected president of Alpha Tau Chapter at Chapel Hill in the presence of a dozen or more brothers, including Senator Arthur Kirkman of High Point. After he had taken the obligation, which almost as impressive as his oath as Governor, and been handed a certificate of membership Alpha Tau Chapter, the Governor had a few words for the group.

OPPORTUNITY — He told the business school students that he hoped they would find in North Carolina to fulfill their destinies. "North Carolina is a land of opportunity and adventure," he said. He recalled that when the University was chartered more than 160 years ago one of its objectives was to train young men to take advantage of and to develop these assets. Throughout its history the University has been training leadership, but a tragically large number of the graduates have gone elsewhere. He told these young men that North Carolina needs them and he felt sure that they could find happiness and success here. The young fellows seemed to be impressed, but they made no promises to heed the Governor's advice comparable to the obligation imposed upon him to adhere to the high standards set for active and honorary members of Alpha Kappa Psi.

USED UP — The State Board

of Education held its last monthly meeting of the biennium Thursday and heard a report from the building committee that \$48,200,510 of the \$50 million State-aid school plant fund authorized in 1949 has been allocated. Counting some expenses other than direct construction and improve-

ments, that means there is just about one million left out of the fifty for buildings. Sometime this fall an election will be held on another bond issue of \$50 million for the same purpose, and if the voters ratify the issue there will be that much available for future building.

WORTH NOTING

(The Recorder, of London)

Out trade with China is still big and growing elsewhere.

Whether the Americans are right in urging us to stop this trade is a matter of high policy.

One cold fact is that the Japanese are now jumping in to capture all the China trade they can.

At heart the Englishman has only a feeling of pity for other peoples who must dwell elsewhere. He is sure that everything really worthwhile is here.

This feeling is best expressed in an old nursery rhyme: "Germans live in Germany, "Italians live in Rome, "Turkeys live in Turkey,

"No, I regret to say. Unfortunately, one of my grandfathers ate an Englishman, and therefore I am of mixed blood."

Another interesting coronation visitor was Chief Sobhuza II of Swaziland. The bearded 54-year-old chief apparently had little faith in England's rule.

He brought along two casks of his own brand of beer and ingredients to brew in the basement of his hotel.

A visitor here is often startled by the insularity of the English, considering the length and breadth of the empire they founded. The sons of this tight island may range far and wide, but England remains the center of the universe to them.

Looks Like Good Hunting In There

A Visitor's Notes On Britons

By HAL BOYLE

LONDON (AP)—Notes by another innocent abroad:

London is still laughing at this coronation tiff:

Guests at a garden party were puzzled by a short dark man whose hair hung halfway down his back and was curled at the ends. None could figure what part of the British Empire he was from.

Finally, the little man courtously explained he was a Dyak chieftain from Borneo.

"Are you pure descent?" one guest asked. The small man shook his curls in mock sadness and replied:

"No, I regret to say. Unfortunately, one of my grandfathers ate an Englishman, and therefore I am of mixed blood."

Another interesting coronation visitor was Chief Sobhuza II of Swaziland. The bearded 54-year-old chief apparently had little faith in England's rule.

Former Socialites Now Engaged In Toy-Making

By ALINE MOSBY
 United Press Hollywood Reporter
HOLLYWOOD (UP)—In a toy factory on a dreary, industrial street in suburban Venice, two sisters bend over sewing machines today to make dresses for 89 cent dolls.

These women sew ruffles, paint smiles on clown's faces and pack boxes of toys bound for dime stores.

But when the two factory workers talk, it's with a deep, Park Avenue and Bond Street accent.

The toy-makers for the Woolworth trade are the fabulous Morgan twins, Gloria Morgan Vanderbilt and Lady Thelma Furness, society beauties of the '20's and '30's.

Gloria was married to the late Reggie Vanderbilt, and their daughter, Gloria, Jr., is the wife of conductor Leopold Stokowski.

Thelma was the bride of the late Lord Furness of the English steamship monarchy.

From their names I would expect to find the Morgan sisters endorsing cold cream, or posing in fifties and some old pearls for those society pictures in Vogue. Instead, the still beautiful sisters are worrying about making deliveries to the dime stores on time.

"Well everyone in the world has changed," said Lady Furness in her cultured, casual tone. "You know, with income tax and all . . ."

king-sized bed with satin coverlet, deep freezer, TV set, mirrored dressing table and shrubbery for the roof garden.

"We were tired of those rose-covered cottage games," explained Mrs. Vanderbilt.

Man Who Knows, Says Army 'Tops'

WASHINGTON (U.P.)—M-Sgt. John C. McCool is no ordinary soldier.

He has none of the enlisted man's usual suspicion of "brass" for he is also a major in the Organized Reserve Corps. After completion of a series of courses he will be prepared for the rank of lieutenant-colonel in the Reserve.

McCool feels that the Army is the oldest and most honorable of all professions and that it gives back what you put into it. He seems to have proved it, for, at 45, he is a veteran of almost 30 years' service which will enable him to retire at 75 per cent of his base pay—with a fair share of his working life still before him.

McCool enlisted at the age of 17 and served continuously as an enlisted man until 1942 when he received a direct commission as a first lieutenant. While an officer he served with Russian and Free French troops.

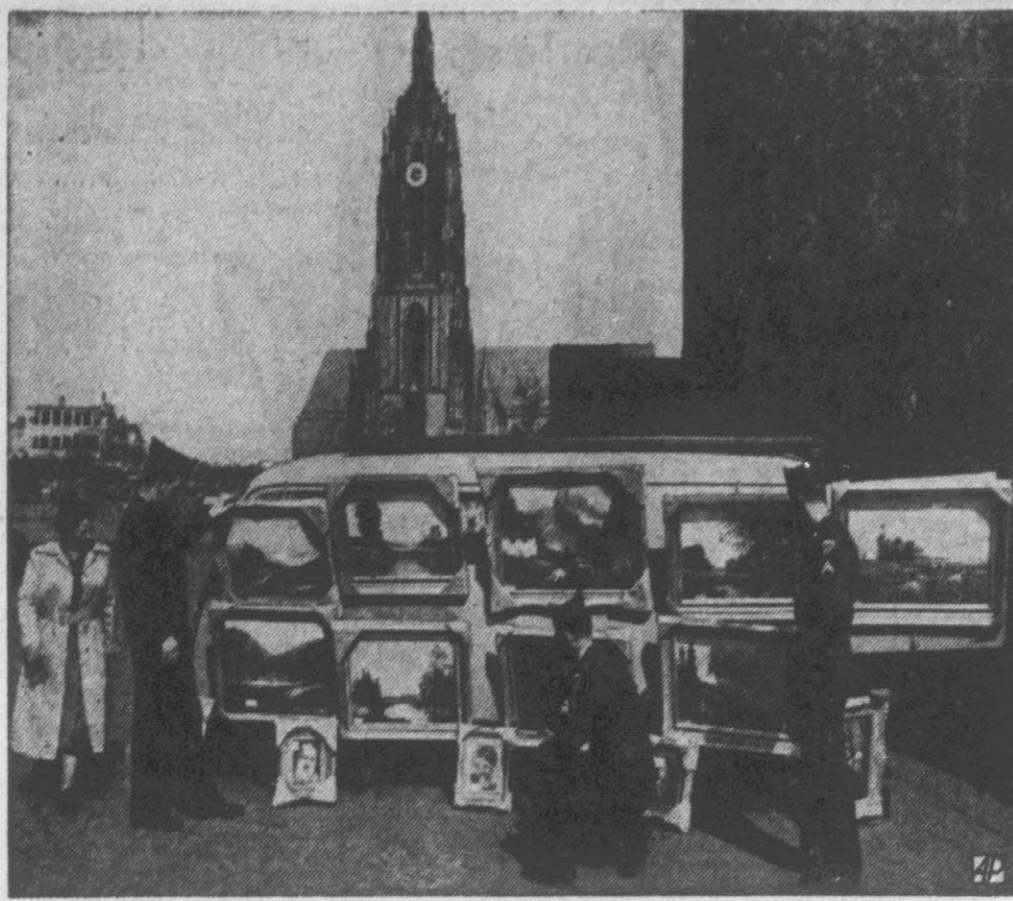

He was separated from the service as a captain in 1950 but immediately re-enlisted as a master sergeant. He retained his commission in the Reserve however, and advanced to his present rank of major.

In spite of varied tours of duty which took him to Hawaii, Ireland, England, France, and Germany, McCool has distinguished himself as a family man as well as a soldier.

He is the father of five children. The oldest, Richard, 20, is serving with an Army anti-aircraft battery in Germany and has three years of service time.

McCool who expects to write after retirement, compares the satisfaction and monetary compensations of a career in the service favorably with one in civilian life.

"When the top grade as an enlisted man is reached and retirement is in view (the Army) is as fruitful as that of most businessmen. . . And the financial remuneration is equivalent or perhaps better than a great many professions."

ART WITH MOBILITY—American servicemen look over paintings on side of owner's small bus in Frankfurt, Germany. In background is Frankfurt Cathedral. Owner Rudolf Brocks makes a living traveling about Western Germany in the auto and selling the paintings.

Saved Twice By Friendly Giraffe

RIO DE JANEIRO (UP)—An enraged ostrich that attacked keeper Messias N. De Almeida at the Rio Zoo Friday was driven off by a friendly giraffe. De Almeida was bruised but not otherwise injured. It was the second time the giraffe has rescued the keeper from the surly ostrich.

Sweden boasts she has more telephones and more radio sets in proportion to population than any nation except the United States.

The Weaker Sex, Men, Girls Told

STOCKHOLM (AP)—Husbands, lay off those dishes when you get home from a hard day's work. Let the little woman handle the household chores. She's stronger than you are.

The male sex, says Dr. Eiler Perman, head surgeon in a large hospital here, is much weaker than the female. He bases this announcement on "professional experience at the operating table" which showed women bear up much better under major surgery than men.

Chinese Wedding Staged In Texas

WACO, Tex. (AP)—They had a Chinese wedding—complete with fireworks instead of rice—on the staid campus of Baptist-operated Baylor University.

Miss Grace Wang, Baylor school of nursing student, married Dr. Daniel Han, resident physician at a hospital here. The wedding climaxed a romance which began a childhood friendship in China.

Traditional Chinese wedding customs prevailed at the wedding. The principals wore Chinese clothing. Altar decorations were in red. Firecrackers popped as the couple left the church.

Why Sweat Out the Summer?

Work Cool! Sleep Cool!

NEW GE ROOM AIR CONDITIONER

Beautiful • Kitten QUIET! • Dependable!

AN AMAZING DIFFERENCE! HEAR IT! SEE IT! FEEL IT! Have you made up your mind not to suffer through another miserable summer? Are you fed up with sweating out muggy days and sleepless nights? Then the new G-E room air conditioner is the one you want. For you get wonderful relief—with the beautiful and surprisingly inexpensive General Electric Room Air Conditioner.

Night after night, you'll sleep blissfully cool and comfortable while the rest of the world sweats. Day after day, you'll find new happiness, new efficiency in an office delightfully cooled by G-E. This handsome G-E air conditioner is smartly styled to fit in perfectly with either modern or traditional setting. And it's so quiet you'll hardly know when it's on.

COOL AND COMFORTABLE! Beyond the wonderful cooling, you enjoy these other comforts: Humidity reduction—often as important as cooling for real summer relief. Year-round fresh air circulation. Filters out dust and dirt. Reduces air-borne pollen.

Your G-E Room Air Conditioner—with Automatic Temperature Control at no extra cost—requires no plumbing, is installed quickly and easily. Why not work cool—sleep cool! Why not see about a new G-E Room Air Conditioner before another day goes by.

- LOOK WHAT G-E GIVES YOU:**
- AUTOMATIC TEMPERATURE CONTROL (at no extra cost)
 - QUIET-FLOW BLOWERS
 - 3 NO-DRAFT AIR DIRECTORS
 - KITTEN-QUIET PERFORMANCE
 - FACTORY-SEALED COOLING SYSTEM (covered by G-E 5-year written protection plan)
- AS LOW AS \$349.00 up**
- INCLUDES AT NO EXTRA COST 5-year service on sealed motor parts on all other parts as provided in written warranty!
- Now! Automatic Temperature Control At No Extra Cost.**
- Cooling effectiveness is automatically controlled!

- At last! Air Conditioning with all these features!**

Braves Drop Phils Twice; Yanks Take Eleventh Game

Dodgers Win, But Fall From First; Last Place Cubs Hand Giants Two Losses; Indians Beat A's In Two

NEW YORK (UP)—Somebody but the Dodgers better get into the act or there could be a Milwaukee walk-away to match the Yankee runaway in the major league pennant races.

The Braves were back in first place today, seven percentage points ahead of Brooklyn, after twice smiting the third place Phils, 6-0 and 5-3, on a combination of timely home runs and effective pitching. They now have won five out of seven on their current eastern road stand, two out of three from Brooklyn and three out of four from the Phils.

The Dodgers lost ground, even though they won, 10-1, from the fourth place Cardinals in a single game, and the fifth place Giants skidded badly by dropping 10-5 and 5-2 decision to the last place Cubs. Cincinnati won two from Pittsburgh, 6-1 and 11-6 to extend its winning streak to four games, its longest of the year.

In the American League where it takes a fan with a sharp memory to recall when the Yankees last lost a game, the New Yorkers made it 11 in a row by toppling the Browns twice 9-2 and 7-2. Cleveland more or less kept pace 1-2 games in arrears by coming from behind twice to defeat Philadelphia, 8-4 and 4-3, while Washington crushed Chicago 16-2, then lost 5-1. Detroit equalled the longest losing streak in its history by dropping its 13th in a row to Boston, 4-1. The 1920 Tigers lost the first 13 games they played.

Lefty Johnny Antonelli pitched a slick five-hitter for his sixth victory and Sid Gordon, Andy Pafko, Ed Mathews, and Ebba St. Clair hit Milwaukee homers. Mathews' was his 16th, putting him one behind Roy Campanella of Brooklyn for the major league lead. In the second game, after a homer by Willie Jones put Philly in front 2-0, the Braves countered with a two-run homer by pinch-hitter George Crowe and a bases-empty blast by Johnny Logan as Bob Buhl gained the victory in relief. It was his fourth.

Carl Erskine pitched for hit ball and the Brooks collected 15 in an easy decision over the cards, who

U.S. OPEN GOLF CHAMPIONSHIP

Snead Seeks Only Golf Title He Has Never Won In U.S. Open

Roberts Matches First Big League Win With No. 100

PHILADELPHIA (UP)—Big Bob Roberts compared No. 1 with No. 100 today and while they both sparkled, the Philadelphia Phillies ace right-hander thought that No. 1 looked better.

No. 1 was his first major league victory—back in June of 1948, a 3-2 victory over Cincinnati. No. 100 was his three-hitter against the Milwaukee Braves Saturday.

"This was a swell one," Roberts said. "But somehow, I don't know. That one back there was mighty important to me. Maybe I like it the best."

"It came on June 23," Robbie continued. "I pitched my first game against Pittsburgh and lost on June 18. Then I beat Cincinnati."

Roberts who won 28 and lost seven last year and who has a 9-3 log this season, is the first Philly pitcher since the fabulous Grover Cleveland Alexander to win 100 games. Some say he's the only one to do it—other than Alexander with the Phillies.

Charlie Ferguson, who pitched from 1884 through 1887 and who died in 1888 at the age of 25 is credited in some records with 100. The baseball encyclopedia gives him 99 for his four-year hitch.

In reaching the century mark, Roberts, who has lost 60 games, pitched five perfect innings before he lost a potential perfect game by Jack Dittmer's single and rookie Harry Hanerink's pinch homer in the sixth. Dittmer singled again in the eighth for Milwaukee's third hit.

Roberts Matches First Big League Win With No. 100

PHILADELPHIA (UP)—Sammy Snead goes out after the only major golf title he never has won Tuesday when the first of two qualifying rounds of the U.S. Open is played and it looked like now or never for the West Virginia hill-billy.

Not only is time running out on Snead, who has been trying for the championship for 16 years, but this could be the end of the line for him as one of the world's best golfers.

He has a hand injury that could keep him from getting back to the top—even if he is able to continue to play regularly.

Snead is going out after this one under the handicap of a broken bone in his left hand which has not healed properly. Surgery will be necessary to correct the ailment and if that is not successful he may be through.

So this is the biggest one of all for Snead, and while he is not allying in advance, he admitted that his hand was giving him trouble.

"It hurts," he said, "especially when I lose my grip on a club."

The fact that the broken hand had not healed properly was not discovered until several weeks ago.

Roberts Matches First Big League Win With No. 100

OAKMONT, Pa. (UP)—Slammin' Sammy Snead goes out after the only major golf title he never has won Tuesday when the first of two qualifying rounds of the U.S. Open is played and it looked like now or never for the West Virginia hill-billy.

Not only is time running out on Snead, who has been trying for the championship for 16 years, but this could be the end of the line for him as one of the world's best golfers.

Park Dedication

Dedication of the new park at Third Street School will be held tomorrow evening at 7:30. Lights, a fence and stands were erected at the field about three weeks ago and the Men's Softball and Pony Leagues have been playing in the park for two weeks.

Two games will be played tomorrow after the dedication program. The first will be a softball game between Garner-Wayne-Manning and Home Builders, and a Pony League game will follow.

Rawls Captures Women's Eastern Open Golf Meet

READING, Pa. (UP)—Betsy Rawls was \$1,250 richer today after winning the Women's Eastern Open golf tournament, but the prize almost eluded her in the last 18 holes of a regulation 72-hole match.

The defending champion from Spartansburg, S. C., blew an eight-stroke lead in the final round here Sunday and Patty Berg tied her at 293 by firing a sizzling three-under-par 69. Miss Rawls then copped the sudden-death playoff with a four-foot putt on the first hole.

Miss Berg also needed a four-footer to halve the extra hole, but she tapped the ball too softly and it rolled off center and past the cup. She collected \$900 as second prize and set a new record for women with a brilliant 33 on the incoming nine.

Miss Rawls appeared an easy winner when she started the final 18 holes with a comfortable eight-stroke margin. But she shot a 77—five over par—and wound up deadlocked on the rain-swept course.

For the losers Red Sauls was the top hitter with one for two. Sam Stell clouted a three-base blow for the victorious Red Sox.

Farmville is host to Tarboro Wednesday night when they will be seeking their seventeenth win against only five defeats.

Winterville Has Rally To Defeat Greenville

Winterville scored 10 runs in the seventh and eighth innings Saturday to knock Greenville from a first place tie in the Tobacco Belt League as the locals were downed 10-8 in a game played at Guy Smith Stadium. Yesterday's game in Winterville was rained out.

Dave Dickinson had held the Winterville batters scoreless for six innings, but he weakened in the seventh and four runs were scored. A two-run homer over the right-field fence by T. Shivers and a triple by Paramore highlighted the inning.

Six more runs were scored by Winterville in the eighth inning.

Winterville Has Rally To Defeat Greenville

Bill Kittrell relieved Dickinson with runners on second and third with no men out and the score 5-4 in favor of Greenville. The starter for the locals was the losing pitcher.

Webb Bats Home McDaniels In 12th For Red Sox Win

MILLARD WEBB'S single in the bottom of the twelfth inning scored Red McDaniels from second base to give Farmville a 4-3 victory over Stauntonburg in a Bright Belt game Saturday night in Farmville.

A walk to McDaniels started the final inning for the Red Sox. Winning pitcher Red Benton sacrificed him to second. Paul Gay, the game's leading batter with three for five, lined out to second base, and with two men down Webb came through with the hit that drove in the deciding run.

For the losers Red Sauls was the top hitter with one for two. Sam Stell clouted a three-base blow for the victorious Red Sox.

Farmville is host to Tarboro Wednesday night when they will be seeking their seventeenth win against only five defeats.

Fraley Picks Hogan To Take U.S. Open

OAKMONT, Pa. (UP)—On course betting, long a subject of bookmaking debate, came into its iron-clad own at Oakmont Country Club today with little Ben Hogan established as an odds-on favorite to win the U.S. Open.

That's like picking the chalk horse any time out. It's akin to naming Native Dancer in Saturday's Belmont Stakes or figuring that the horseless carriage is here to stay.

With a field of 300 making this tougher than the Grand National at Aintree during the Irish rebellion, you could get a morning line which goes something like this:

Ben Hogan: One to beat.
Julius Boros: Winner last time out.
Sam Snead: Long overdue.
Lloyd Mangrum: Fit contender.
Tommy Bolt: In tough spot.
Lew Worsham: Sharp at times.
Cary Middlecoff: May repeat here.

Jackie Burke: Needs more conditioning.
Bobby Locke: Always tough.
Claude Harmon: Could take it all.
Porky Oliver: Carries too much weight.

Rawls Captures Women's Eastern Open Golf Meet

READING, Pa. (UP)—Betsy Rawls was \$1,250 richer today after winning the Women's Eastern Open golf tournament, but the prize almost eluded her in the last 18 holes of a regulation 72-hole match.

The defending champion from Spartansburg, S. C., blew an eight-stroke lead in the final round here Sunday and Patty Berg tied her at 293 by firing a sizzling three-under-par 69. Miss Rawls then copped the sudden-death playoff with a four-foot putt on the first hole.

Miss Berg also needed a four-footer to halve the extra hole, but she tapped the ball too softly and it rolled off center and past the cup. She collected \$900 as second prize and set a new record for women with a brilliant 33 on the incoming nine.

Miss Rawls appeared an easy winner when she started the final 18 holes with a comfortable eight-stroke margin. But she shot a 77—five over par—and wound up deadlocked on the rain-swept course.

For the losers Red Sauls was the top hitter with one for two. Sam Stell clouted a three-base blow for the victorious Red Sox.

Farmville is host to Tarboro Wednesday night when they will be seeking their seventeenth win against only five defeats.

Fraley Picks Hogan To Take U.S. Open

OAKMONT, Pa. (UP)—On course betting, long a subject of bookmaking debate, came into its iron-clad own at Oakmont Country Club today with little Ben Hogan established as an odds-on favorite to win the U.S. Open.

That's like picking the chalk horse any time out. It's akin to naming Native Dancer in Saturday's Belmont Stakes or figuring that the horseless carriage is here to stay.

With a field of 300 making this tougher than the Grand National at Aintree during the Irish rebellion, you could get a morning line which goes something like this:

Ben Hogan: One to beat.
Julius Boros: Winner last time out.
Sam Snead: Long overdue.
Lloyd Mangrum: Fit contender.
Tommy Bolt: In tough spot.
Lew Worsham: Sharp at times.
Cary Middlecoff: May repeat here.

Jackie Burke: Needs more conditioning.
Bobby Locke: Always tough.
Claude Harmon: Could take it all.
Porky Oliver: Carries too much weight.

Full-Scale Armistice Seems Assured Soon Now In Korea

By PHIL NEWSOM
United Press Foreign News Editor

A full-scale armistice in Korea seems almost a certainty now, and quickly.

Allied and Communist negotiators cleared what should be the last major hurdle early today when they initiated the agreement on handling of war prisoners unwilling to go home.

The official announcement said that only "administrative" details of an armistice remain to be worked out.

This is a war that has cost the United States more than 25,000 lives and \$15,000,000,000 in three years. And until an armistice actually is signed, still other men must fall in the fiftieth of a Korean rice paddy or among Korea's ruthless mountain peaks.

This has been a dirty war, stripped of all pretense of glamour. The men who fought it, did so grimly often with a sense of utter frustration because the enemy they fought was faceless. His pawns appeared in the battle line and at the conference table. His voice was heard from Moscow. It echoed over the Feipig Radio and from within the United Nations.

The truce talks at Panmunjon have been the longest in the history of modern warfare.

They marked the first time that two powerful, undefeated armies attempted to sit down and reach agreement across a truce table.

As a truce nears, the U.N. nears a major victory. It has proved in its first big test that it can meet aggression and by a united effort throw it back.

But it is typical of this war that its shooting phase approaches the end on a note of discord among the Allies themselves.

If South Korean President Syng-

man Rhee accepts the truce agreement he will do so only under the strongest pressure, brought on by President Eisenhower himself.

Rhee has threatened that he and the South Koreans will carry the war on "by ourselves."

Rhee's South Korean forces are at the peak of their strength, with 12 battle-hardened divisions and two more forming.

But actually he is unlikely to run counter to the United States which has proved itself his best friend.

He speaks from bitterness. He fears the political conference which is to follow a truce, believing it may only solidify the division

between North and South Korea. He seeks continued strong United States support of his life-long campaign for a free and united Korea.

He speaks also from a devastated land whose ruin has been compared to the sack of ancient Carthage.

In South Korea alone, nearly 6,000,000 persons were made homeless. The dead run into the hundreds of thousands.

A report prepared for the U.N. Korean Reconstruction Agency estimated the first of this year that South Korea would need \$1,750,000,000 in aid to become self-supporting. It said \$400,000,000 would be needed immediately, once the fighting ends.

Ike's Birthplace Termed Firetrap

DENISON, Tex. (AP)—President Eisenhower's birthplace has been termed a firetrap.

A team of fire-hazard investigators, making a routine inspection of the little white house in this North Texas city where Mr. Eisenhower was born, discovered:

A serious gas leak in an antique cookstove.

Two open chimney flues.

A weakened structural condition caused by a previous fire which charred walls of a bedroom and hall.

The recommended painting interior walls with fire-resistant paint, filling chimney holes with concrete and replacing the roof with fire-proof material.

The birthplace is now a national shrine.

Twister Kills Ten In Family Reunion

ARCADIA, Neb. (UP)—Ten persons, gathered for a family reunion and Sunday dinner, were killed instantly by a prairie tornado that rolled across Nebraska farmlands like a "big black ball" and struck with the power of an exploding bomb.

The twister hit the Mad Madsen farm home near here with incredible force, tearing the house to pieces, crumpling steel auto bodies and even stripping the feathers off barnyard chickens.

Jack Witte, whose wife and three children were killed, was later found alive at his own farm home nearby. He was believed to be a victim for a time; Telephone lines

were down and it was not possible to reach Witte to learn why he did not attend the family reunion.

Other tornadoes Sunday buffeted at least four other Nebraska communities, and damaging high winds lashed two other cities. Twisters were also sighted in Kansas, Colorado and Iowa.

The bodies found in the ruins of the Madsen frame house five miles east of here were battered and widely scattered by the big wind.

"They didn't know what hit the . . ." said R. Glenn Fox, Custer County sheriff who rushed to this valley county community to help with rescue operations.

"It was a complete mess," he

added, describing how every building on the farm was demolished. Fox said that the five adults and five children had apparently saved themselves for Sunday dinner when the twister struck at about 4:25 p.m. e.d.t.

The twister that struck here did not assume the traditional funnel shape, witnesses said, but appeared to be a "big black ball."

Authorities said they had to dig Lester Hubbard, bachelor farmer, out of his wrecked home near here. He was in "critical condition" at the Ord, Neb. hospital.

Farmer Guy Lutz, who lived across the road from the Madsens, said he hurried his family and hired man to a storm cellar just before the storm hit. Although his house was constructed of concrete blocks, it was almost demolished.

Lutz said he could feel pressure on his eardrums building up steadily for an hour before the storm.

Tornadoes flattened buildings on two farms near Mason City, Neb.,

about 30 miles southwest of here—and mowed down trees like a mower, witnesses said.

Another "rolling twister" struck Hooper and Winslow, Neb., about 100 miles east of Arcadia, doing heavy damage but causing no deaths.

A tornado that touched down near Mill City, Kan., did little damage. A twister sighted at Julesburg, Colo., apparently missed dwellings.

Unconfirmed reports in Iowa said tornadoes may have hit Spencer, Spirit Lake and Sergeant Bluffs. Winds up to 100 miles an hour whipped Sioux City.

Awaits Signals For T-H Action

WASHINGTON (UP)—Chairman H. Alexander Smith (R-N.J.) of the Senate Labor Committee said today he expects to get White House signals this week on an administration program for amending the Taft-Hartley law.

He and Senate Republican Leader Robert A. Taft agreed, however, that it is unlikely that Congress will complete action this year on a labor bill. Taft is the senior Republican member of the labor committee and co-author of the Taft-Hartley Act.

Smith said he would prefer to have labor legislation enacted this year but would settle for getting a bill out of committee for action next year.

Taft, too, said he would like to get some provisions of the law amended this year. He told reporters however, that he believes that the pressure to adjourn Congress by the end of July will force a postponement of all labor legislation until next winter.

The bones of the Indian chief, Sitting Bull, have been moved from North Dakota to South Dakota.

Shocked Townspeople Plan End 'Tobacco Road' Life For Family

Laurinburg, N. C. (UP)—Shocked townspeople pledged food and medical care today to end the "tobacco road" hardships of a tenant farm couple, their starving twins kept in apple crate beds, and five other children.

Volunteers already have installed screens and a refrigerator in the rural home of ailing James Locklear, 30, and provided cribs to replace the apple crates for five-year old Glenn and Hezzy.

Welfare workers found the diaper-clad twin boys who together weighed just 31 pounds, had occupied the apple crates so long they cannot straighten their arms and legs.

Authorities said Locklear is seldom able to earn the \$2.50 a day as a laborer in the nearby tobacco fields and his monthly \$79 relief check must be divided among the parents and the seven small children.

Mrs. A. B. Hafer, a leader among the volunteer helpers, said three civic groups, merchants and housewives have planned a seven month program to nurse all the children to health.

"We hope the small baby can be treated," she said. "The twins need to go to some school. After seven months we'll review the case

and decide what to do next."

She said a county health worker will spend Tuesday at the Locklear home to show the mother how to prepare wholesome food.

A physician feared that unless much of the help goes for better food the six months old baby girl will become as frail as Glenn and Hezzy.

Dick Brown news director of radio station WEWO, said the condition of the red-haired, identical twins earlier was "shocking."

Brown found their faces were "black with flies," they had been fed little but milk, wore makeshift diapers, and "had barely enough strength to lift a bottle of milk."

The mother worked hard keeping the house "spic and span," washed clothes twice daily and seemed to love her children, he said, but appeared to know little about nutrition.

"One Sunday dinner," he reported, "they had fried chicken, soft drinks (Pepsi-Colas) and cake. Any thing that fills them up—that's what they think they need."

Mrs. Hafer and other women who have begun making regular milk deliveries said another great need of the five-room frame house six miles from here is more furnishings. There now is only a stove, twin

beds, a table, several chairs and a few pieces of broken china, she said, and except for the twins and the baby all the children sleep on the floor.

"The house is unusually clean," she said, "and their attitude is just remarkable. They're so appreciative of every thing that has been done for them."

"They (The parents) do seem to have a great deal of love for the children. They are extremely kind."

Research Center To Devote Study To Cotton Pest

WASHINGTON (UP)—Agriculture Department scientists will seek ways to control the pink bollworm cotton pest at a new \$73,000 research center at Brownsville, Tex., it was announced today.

Avery S. Hoyt, chief of the Bureau of Entomology and Plant Quarantine, said that Texas Southmost College will build the laboratory on a five-acre site near the Rio Grande River.

The bureau will lease the laboratory from the college for 20 years paying about \$900-a-month rent the first 10 years and \$300-a-month the last 10. Aides said the rent amounts to amortization costs plus maintenance.

Hoyt said the southern tip of Texas—the area most heavily infested with the pink bollworm—is "an ideal location" for the research center. A sub-laboratory on bollworm research is also being set up at Lubbock, Tex., he said.

RIDE TO WORK TANDEM
EAST HARTFORD, Conn. (UP)—Defense plant workers Edward Freedman and Paul Riley really "share the ride" in getting to work at an aircraft factory. They ride a bicycle built for two. Freedman is "pilot" of the tandem.

Kindergarten Teachers Inspect Room

Several of the more than 60 volunteer kindergarten teachers from North Carolina attending the Kindergarten Workshop at East Carolina College last week are shown as they look over some of the homemade furniture in the kindergarten room at the Training School on the college campus. The local workshop is the first of its kind in North Carolina educational history. (Reflector Photo by Tommie Lupton).

Rhee's Whole Life Has Been Devoted To Making Korea Free And United Land

Editor's note: This dispatch was written by Ernest Hoberecht, United Press vice president and general manager for Asia, who has known Republic of Korea President Syngman Rhee for many years. Hoberecht reported the liberation of Korea in 1945, was in Seoul for the inauguration of the Republic and has covered the war and truce negotiations.

He has talked frequently with President Rhee.

By ERNEST HOBERECHT
United Press Asiatic Chief
TOKYO (UP)—Korea is the most important thing in the life of Syngman Rhee.

Nothing comes before it. His goal is free, united Korea. He is not worried about the rest of the world—or what it will think

of him. The big question he asks himself in times of stress is this: What will the Korean history books say about me?

While many persons may disagree with Syngman Rhee, few who know him and his life's work challenge his sincerity.

His methods and his statements frequently have come in for criticism and there are some who believe he has acted on "emotion" rather than "reason" more than once in his long career.

Even though top United Nations leaders here probably disagree with him on a lot of points, there is no doubt but that they have considerable sympathy for him and his problems.

"There is a great deal to be said for the old gentleman," one of the highest U. N. officials in this area said recently. "He has many good arguments on his side."

Friends of Korea, even though they do not always stand behind Rhee 100 per cent, are inclined to point out that he—more than any other man—was responsible for the birth of the republic.

He has devoted his entire lifetime to building an independent and democratic Korea. His work has led him to be called "revolutionist," "missionary," "patriot" and even "despot."

Rhee was born March 26, 1875. By the time he was 19 he was in the thick of Korean politics. He campaigned against the old Korean monarchy, even though he claimed royal blood.

Slapped into jail, he stayed there seven years. He was tortured daily during the first half year of imprisonment. He was handcuffed, his feet put in stocks and a 20-pound weight slung around his neck. His fingers were mashed and lighted sticks were jammed beneath his finger nails.

When he became Korean president more than 50 years later, he still had the habit of blowing on his damaged finger tips.

Methodist missionaries visited him while he was in jail and he became a Christian.

He was released in 1904 and went to the United States to study at George Washington University, Harvard and Princeton, where he won a doctor of philosophy degree in theology.

That same year, 1910, Japan took over Korea and Rhee returned to agitate against foreign influence. He finally had to flee and went to Hawaii.

In 1919, a group of anti-Japanese Koreans met in Seoul and named Rhee president of what they called the Korean provisional government. During the years that followed, Rhee badgered countries around the world to recognize him as a chief of state. Although the United States refused, he lived most of the time in Washington.

He even carried his plea to the League of Nations in Geneva and it was there that he met and married Francesca Donner, an Austrian who contributed much to his career. She is with him in Seoul today.

Rhee and his wife returned to Korea soon after the end of World War II.

The Japanese were gone, but the country was divided at the 38th parallel.

In 1948, South Korea held its first elections and selected a legislative assembly. The assembly named Rhee president.

His ambition had been only partly achieved. Soviet-controlled Communists held the northern half of the nation and efforts to unite the country by conferences were fruitless.

Rhee was very grateful when the United States rushed troops to Korea to meet the Communist attack. However, he always has insisted that the Communists would not have attacked if South Korea had been given sufficient arms and ammunition to defend herself.

Many Koreans believe the United States "invited" the Communist attack by repeated statements from high officials to the effect that Korea was outside the U. S. Far East military defense line and was "indivisible."

Rightly or wrongly, Rhee and many other Koreans feel the United Nations promised—after the war began—to unify Korea.

Rhee knows the pre-war "unification" talks were fruitless and he fears any subsequent political efforts will be just as unsuccessful.

'Kindly Man' Is Innocent Victim

TAMPA, Fla. (UP)—Police said today a "kindly, harmless" man was the "innocent victim" of Tampa's apparent 17th gangland slaying of two decades. None of the previous slayings has been solved.

Henry J. Hicks, 61, early yesterday died instantly when two shotgun blasts shattered the plate glass window and screen door of the silver Meteor bar where he worked as janitor.

Police said they had not established who was the target of the blasts but said Hicks definitely was "a kindly, harmless man who was an innocent victim."

Police said the target may have been either Paul Ferraro, reputed "bolita banker," who was cut by flying glass, or Joe Provenzano, alleged underworld "political fixer" who was sipping a drink at the bar.

The gunman obviously hit the wrong party," said State Attorney James N. McEwen.

Police said they had no knowledge of where the blasts came from.

Ferraro, bartender in the combination bar and restaurant, has a record of six arrests on lottery counts but police had not discarded the possibility that Provenzano might have been the intended victim.

"I was sitting there, wasn't I?" said Provenzano 43, who in 1949 was identified by Mrs. Ida Valasco as the slayer of her husband, Jimmy. He afterward was acquitted of the slaying charge.

Police said an investigation of

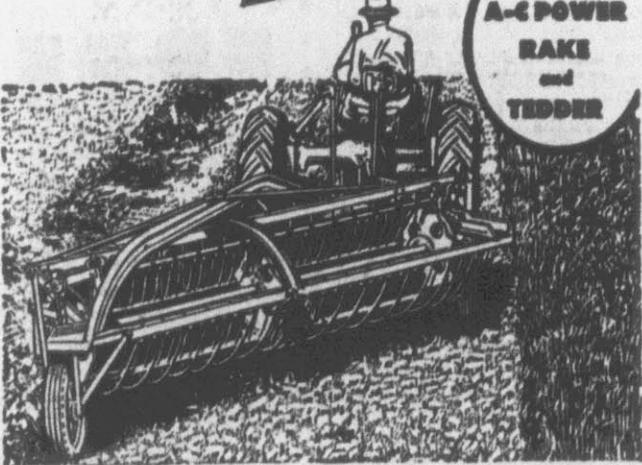

Hicks's background showed him to be a family man who spent much of his time with his stepson's four small children. At the time he was mourning his wife's recent death, police said.

Growing Grass In Desert Costly

TUCSON, Ariz. (AP)—Growing grass in public parks is an expensive proposition in the desert area. The city council has on a proposal to grass Oury Park because the park department funds have been almost completely committed. The park is named for the man who was elected delegate from Arizona to the Confederate Congress in the Civil War but who never took his seat and later became a civic leader in the Territory of Arizona.

Titanium is the fourth most common metal in the earth's crust.

THE RAKE THAT MAKES Better HAY

- ✓ Power take-off driven; designed exclusively for operation behind modern tractors.
- ✓ Two forward reel speeds — in conjunction with selective tractor speeds assure the right reel speed for every crop or condition.
- ✓ Reverse gear instantly converts rake into a tedder for hurry-up curing.
- ✓ Handy lever angles teeth correctly for clean raking or tedding.
- ✓ Fixed rear wheel steers rake true and straight for easy-to-follow, single or double windrows.
- ✓ It's a tractor-speed rake . . . 33 roller bearings; rubber tires; 3-point suspension.

Ask us about this hay-saving rake. Also available with front and rear tandem wheels for rough land or irrigated fields.

SO Advanced

it's the **OIL OF THE FUTURE**

FROM the laboratories that gave the world its first special motor fuel—Amoco-Gas—now comes an "ahead-of-its-time" motor oil—the new Permalube Motor Oil. Designed with tomorrow's cars in mind, it's here today to give today's cars super-lubrication, super-protection against acids, sludge, friction, super-cleaning power to help dissolve gummy carbon and varnish.

If you think the old Permalube was a great motor oil, wait till you try the new Permalube Motor Oil! It's doubly wonderful!

MORE cleaning power **GREATER** protection against acid **BETTER** lubricating action

Traffic Tickets For Young Bicycle Riders

MANHATTAN BEACH, Calif. (U.P.)—The kids are getting real traffic tickets these days, and the program has been termed "satisfactory" after four months of operation.

Harry Karson, juvenile officer, said the plan of giving boys and girls tickets for bicycle violations was brought on "by so many kids getting hurt." He said the officials decided on the ticket plan on a trial basis last January.

"I've yet to have a second offender," Karson said.

The ticket looks very official. Officers stop violators and fill in name, address and the number of city or vehicle code ordinance allegedly violated. The child is instructed to give his half of the ticket to his parents, who are asked by Police Chief Henry G. Sights to telephone Karson within five days.

Friendly Lectures
Karson said all parents were "completely cooperative." The children, he said, appreciate being treated like adults although they seem shocked when they first receive the tickets.

"If the parents, after phoning me, want to send the child to me for a heart-to-heart talk or join it themselves, I'll always help out," Karson said.

"We don't like to roust kids, of course, and I talk to them on a nice, friendly basis. I tell these boys and girls—they're really upset about getting a ticket—that we want them in one piece. Then I show them traffic accident pictures especially those showing a kid who's been hurt while riding a bike."

Karson said the program's success seemed assured because of the "terrific cooperation" of parents and his fellow-officers.

He said most bicycle accidents are caused by showing off and that the most common violations, in order, were riding two on a bike, riding against traffic, and going through full stops.

Scots Going For New-Old Drink

NEW YORK (AP)—The Scots have come up with a drink they think is even better than their famous Scotch whisky, reports British Information Services. It's called "Atholl brose," known in the Highlands for centuries, but now being produced commercially.

It's a combination of heather honey, oatmeal and whiskey (some recipes include cream). It was mentioned in Robert Louis Stevenson's classic "Kidnapped," and dates back as far as the reign of James III.

Prefers Prison To County Jails

DAVENPORT, Ia. (UP)—When Lester Gregory, 32, was arrested on burglary charges he told authorities to "hurry up and get me sent to your prison—I don't like county jails."

He got his wish Friday a judge sentenced him to 10 years in state prison.

Saw-Sharpener Invention Sells

ROCHESTER, N.Y. (U.P.)—Days are brighter for German-born Henry Hamberger now that industrial firms across the country are clamoring for his new little machine.

The 50-year-old toolmaker is going in for mass production of his patented machine that sharpens circular, metal-cutting saws.

The device solves a big problem for numerous industries and tool shops. Up to now dull saws were either thrown away or sharpened by hand-operated machines. Both were costly.

Hamberger's simple, compact machine ends all that. It can handle saws from 1/2 to 14 inches in diameter. It can also make new saw teeth on a plate, and can be set up for a job in five minutes.

The cheerful craftsman tried four times before he got his idea to work right. Many times he wanted to give up but his wife, Paula, urged him on. Through the early days in his tiny garage shop, and in his present second-floor location, they went without household needs to make money available for experimentation with the machine.

At first Hamberger made his machine by hand. He had to fire a salesman because he couldn't make them as fast as the orders rolled in. Now he has 55 machines working for satisfied customers in various parts of the United States and Canada, and mass production will enable him to hire not fire, salesmen.

Civil Defense Is Growing Slowly

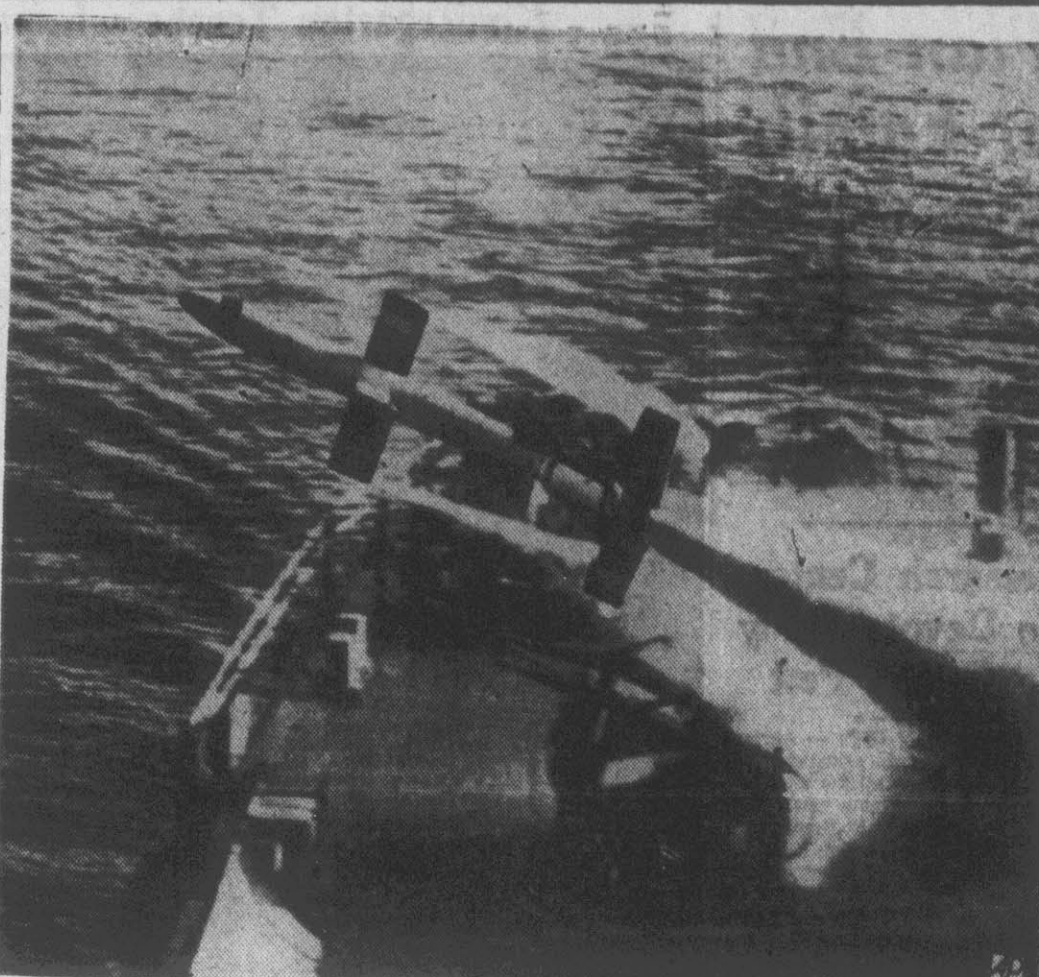

CHICAGO (UP)—A study by the American Municipal Association shows that some cities have increased their civil defense appropriations while others have cut expenditures.

Thirty cities between 200,000 and 550,000 were included in the survey. Most civil defense programs emphasize an organizational framework and the training of a core of volunteers in essential services, capable of rapid expansion if needed.

Portland, Ore., reported the highest civil defense budget for 1953—\$640,000. Last year Portland budgeted only \$40,000. San Diego, Calif., boosted its budget from \$43,000 to this year's \$257,000.

Kansas City, Mo., with a current budget of \$85,000, and Akron, O., with \$12,000, tripled their 1952 budgets. Minneapolis, Minn., with a budget of \$69,000, Birmingham, Ala., with \$132,000, and Dayton, O., with \$67,000, doubled their outlays.

Those That Cut
By contrast, Columbus, O., cut its civil defense budget to \$50,000, a reduction of almost 50 per cent. Indianapolis reduced appropriations a third, to \$28,500. Other cities that cut their budgets were Memphis, Tenn., Oakland, Calif., Jersey City, N.J., Fort Worth, Tex., Long Beach, Calif., Providence, P.I., and Jacksonville, Fla.
Some cut their budgets after making major expenditures for civil defense installations and equipment.

The Lark, a guided anti-aircraft missile, zooms from its launching site aboard the USS Norton Sound, the U.S. Navy's guided missile ship, in this first photograph to be released showing the weapon's takeoff at sea. Smoke from the rocket boosters, which drop off when the Lark's own rocket motors take over at flight speed, partly obscures the ship's deck. The Lark, currently being tested by all three of the armed services, originally was designed as a defense against Japanese suicide planes late in World War II. (AP Wirephoto)

DULLES REVIEWS SYRIAN GUARDS—U. S. Secretary of State John Foster Dulles reviews Syrian Guards on the Syrian-Lebanon border during tour of the Middle East.

Czechs Mum On American's Fate

WASHINGTON (UP)—Czechoslovakia is keeping mum on the whereabouts of John Hvasta, Hillside, N.J., youth who was arrested by Czech police on espionage

charges in 1948. The State Department tried recently to get some information about his disappearance but failed. The Czechs have maintained they have no word about him.
Hvasta, Czech-born naturalized American, was arrested in October, 1948, and given a three-year jail sentence. On appeal, the sentence was increased to 10 years. The Czech government reported in January, 1952, that the 26-year-old youth escaped from prison.

Later reports said he was recaptured, but the Czech government has never confirmed or denied this. State Department spokesman Lincoln White told newsmen Friday the United States has taken new steps to secure information

about Hvasta, but he refused to go into details. The last reply received from the Czechs, he said, came last month when once again the Red government said it had no information about his whereabouts.

There were reports that President Eisenhower may be planning to write a personal letter to Czech President Antonin Zapotocky appealing for some definite word about Hvasta. Mr. Eisenhower sent a similar letter to the Czech chief of state shortly before Associated Press newsmen William N. Oatis was freed from a Czech jail.

Dog Named Hank Answers Queries

BUFFALO, N.Y. (U.P.)—Hank is not just an ordinary dog of college-German shepherd persuasion. He has psychic powers, according to his owner, Roy R. Salisbury.

Hank was recently asked who would win the fourth race at Oaklawn. Hank looked in his master's eyes and barked six times. Salisbury checked the form and found that No. 6 was strictly a hayburner, but when the results were in so was No. 6—first.

Hank also solved this one: If bananas cost 72 cents a dozen and I bought three of them, how much would I pay? Hank barked 18 times. Check it.

Combinations have also been solved by Hank while Salisbury pointed at random to two numbers—among several—on a piece of paper. The dog answered promptly.

Dr. J.B. Rhine of the Duke University psychology department, wrote Salisbury, stating that "Often dogs that can answer questions by a certain number of barks cannot perform when screened from the view of the owner."

Salisbury tried it and found that Hank would bark, but the answers were guesses.
"I do not consciously give Hank any cues," Salisbury said, "but I have noticed he performs best when he has his front paws on my knees and he looks me straight in the eyes."

Salisbury is still working on the behind-closed-door problem and hopes to have an answer for Rhine soon.

MARINE 'VET'—Two-year-old "Corporal" Floyd C. Robbins salutes like a veteran at Marine Corps School, Quantico, Va. The youngster, son of Marine Sgt. Richard E. Robbins of Garrett, Ind., wears uniform made by grandmother.

New Zealand Seeks Use For Geo-Thermal Steam

WAIRAKEI, N.Z. (U.P.)—Pains-taking New Zealand scientists, taking a cue from Italy, are quietly probing a unique natural resource that may rival uranium for cheap power. New Zealand is looking for the "white gold" of natural geothermal steam—from bores punched into the "hot" ground of her North Island.

tilation. From this, a small but steady quantity of heavy water can be realized. After distillation the steam can be used for power without any appreciable loss of energy.

Stock And Market Reports

NEW YORK (UP)—Stocks edged upward early today in slow trading.

All departments joined in the upswing which was extension of Friday's modest advance. Despite the firmness displayed by the market, investors appeared highly cautious. They generally awaited developments in the Korean situation.

As a result sales in the first hour totaled only 230,000 shares, compared with 270,000 in the same period Friday.

At the end of the first hour, the industrial average rose 47 cents to \$288.79 and the rail component moved up 32 cents to \$106.60.

Selected rails featured in the upswing. New York Central stole the spotlight on volume with an opening block of 7,000 shares, up 1-8; then moved to 24 1-8, up 1-4. Rock Island rose 1-4 points to 73 3-4. St. Regis Paper also was active and it appeared on the tape in large blocks. It was traded at 24 5-8, unchanged.

Elsewhere, steel shares moved irregularly. U. S. Steel was up 1-8 to 38 1-4 and Bethlehem was down 1-8 to 50 1-2. Chrysler and General Motors rose slightly in their group. Utilities improved a few cents. Tires firmed with Firestone in the van with a gain of a point to 60 1-2.

RICHMOND, Va. (UP)—Hog market 1.50 lower than Thursday, topping at 24.00 for good and choice 200-225 lb barrows and gilts.

Auto Accidents Occured Often

Five highway accidents in Pitt over the past weekend left in their wake one killed, two seriously injured and thousands of dollars in property damage.

John Curtis Ricks, 31-year-old Negro of Tarboro, was killed instantly when the truck which he was driving plowed into an Atlantic Coast Line freight train at Whitehurst Station, four miles east of Bethel.

Seriously injured in the accident were Ricks' wife, Mrs. Maude Ricks, who suffered facial lacerations and other injuries. Both her condition and that of Sarah Bridgers, 48-year-old Negro, were termed by Pitt Memorial Hospital officials today as being only "fair."

The Bridgers woman was reported to be suffering from a fractured skull.

The death of Ricks brought to five the number of persons killed on the county's highway since the first of the year.

No date has been set for an inquest into the death as yet, according to Coroner Griffin H. Rouse.

The death truck struck the third car behind the engine of the train, demolishing the truck which was loaded with fertilizer.

A car driven by Johnny Dixon Buck, 42, of Route 3, Greenville, overturned on a wet highway at Haddock's Crossroads yesterday morning around 12:45. Patrolman William Whitehurst reported today.

Whitehurst said that the Buck car was headed in the direction of Venter's Crossroads at the time of the accident.

Slack tires and wet pavement was attributed by Whitehurst as being the cause of the accident.

Damage to the car was estimated at less than \$1000 by the officer. No injuries or charges were reported.

Around \$200 in property damage resulted yesterday when a car driven by Frank Earl Haddock, 26-year-old Negro of Route 1, Snow Hill, overturned when he attempted to pass a car.

After leaving the highway the car overturned into a swamp, about one-half mile east of Ayden.

None of the occupants were injured, Whitehurst stated.

A charge of careless and reckless driving was lodged against an Ayden man Saturday afternoon after his automobile plowed into the rear of a second vehicle.

Charged was Jessie Cannon, 36, of

Heavy Balloting Marks Wind Up In Italian Vote

ROME, Italy (UP)—Italy today wound up two days of balloting in its crucial parliamentary elections with a spurt of heavy voting which was expected to assure victory for Premier Alcide De Gasperi and his pro-Western democratic coalition.

Polls closed at 1 p.m. (8 a.m. EST) and election boards immediately began counting the ballots.

To win De Gasperi and the parties in his coalition must chalk up 50 per cent or more of the popular vote.

A heavy turnout of eligible voters is considered essential to their victory. Yesterday's turn-out, under sodden skies, was considered disappointing to the De Gasperi chances for victory.

But in today's balloting voters surged to the polls from the northern Alps to Sicily.

The pro-Western center coalition headed by De Gasperi fought the elections in a bitter three-way battle against the Communists on the left and the extreme nationalists and pro-fascists on the extreme right.

While the Communists and extreme rightists had nothing in common, their combined vote could rob De Gasperi of the percentage of popular votes required to continue control of the government.

Today's heavy balloting followed warnings from government leaders and appeals from party leaders which pointed out that the government faced defeat unless Sunday's 80 per cent turnout of voters was boosted to 92 per cent or more in today's polling.

As the polls closed, city after city reported that 90 per cent or more of registered voters had cast ballots.

U.S. Officials Believe Armistice Near Reality

WASHINGTON (UP)—American officials said today the signing of a prisoner exchange agreement at Panmunjom was the "first sure sign" that the three-year old Korean war is headed for an early end.

They anticipated no trouble in working out the "administrative details" that remain to be settled before the actual signing of an armistice.

The one big question mark still hanging over the truce negotiations was South Korea's attitude. But officials said flatly this country is determined to go ahead with armistice plans even if South Korean President Syngman Rhee spurns President Eisenhower's plea to accept the terms.

Mr. Eisenhower told Rhee, in a personal letter made public by the White House Sunday, that the United Nations would not be justified in prolonging the war to force unification of Korea. But he said that if Korea would abandon its threats to "go it alone" in continuing the war, the United States would join South Korea in a mutual defense pact, continue economic aid to help the ravaged country get on its feet, and make Korean unification the "central objective" of the post-armistice political conference.

Rhee told reporters in Korea early today that he had not decided whether to go along with Mr. Eisenhower's proposal.

But South Korean Ambassador You Chan Yang said here that he personally considered Mr. Eisenhower's assurances inadequate and hoped his country would continue to fight.

When American officials were asked what steps would be taken by U.N. forces in Korea if the South Koreans ignored a cease-fire, they replied that plans have been made for every contingency. They refused to discuss the matter further, expressing hope that the problem would not actually arise.

Some Republican members of Congress who have been on record in the past as favoring an about drive to oust the Communist from North Korea, also were less than enthusiastic about the truce terms, and expressed misgivings about the durability of an armistice based on a divided Korea.

But most lawmakers appeared ready to back Mr. Eisenhower's decision to accept the terms as the best available solution to the long-stalemated conflict.

Mrs. Mary Jane Hillard of Winter Hill, Rte. 1 died in Pitt Memorial Hospital after a lingering illness. Funeral arrangements are incomplete.

Prof. W. H. Roberson of Winterville died at his home after a lingering illness. Funeral arrangements are incomplete.

Mrs. Willie Hoggard, daughter of Mr. J. Anderson of Winterville, died in Bertie County Sunday. Funeral arrangements are incomplete.

Choir rehearsal of Holy Trinity Church will be Tuesday night at 8 o'clock.

There will be a revival meeting at Allen's Chapel Church June 9 with Rev. John Wilks, his choir and congregation of Selbia Chapel.

On Wednesday night, Rev. Leroy Perkins, his choir and congregation of Cedar Grove will render services.

Thursday night, Rev. P. H. Mumford, his choir and congregation of York Memorial A.M.E. Zion Church will officiate.

This church is located about one mile from the city limits on the Falkland highway.

Funeral services for H. L. Carrington of Bethel, who died at his home Friday night, will be held Tuesday at 2:30 at Reddick Chapel Baptist Church.

Surviving are four sons, Vardy of Washington, D. C., Henry of Philadelphia, Jashept of the U. S. Army, stationed in Germany, H. L. Jackson, three daughters, Mrs. Gustavus Harper of the home, Mrs. Isabell Whitehead of Norfolk and Mrs. Elma Wooten of Greenville.

Flanagan Parker will have charge of the funeral.

Mrs. Nannie Lee Harris and her daughter Verree left Friday night to spend three weeks vacation with her aunt, Mrs. Hattie Sapp, in St. Augustine, Fla.

Tense Wait For UN Diplomats

UNITED NATIONS, N. Y. (UP)—United Nations diplomats waited anxiously today for the cease-fire in Korea that will signal the beginning of political negotiations which may lead to peace in the troubled Far East.

With final agreement on a truce at Panmunjom, action in the long-standing Korean dispute will shift from the battlefield to the conference table. Preparations already under way to put U.N. machinery in motion as soon as an armistice is signed.

Lester B. Pearson of Canada, president of the U.N. General Assembly, sent word from Ottawa that he was ready to call a meeting of the assembly "if and when" the truce is completed.

When awakened at his home early today with news that truce negotiators had signed a prisoner repatriation agreement, Pearson said he had no immediate comment but "might have something to say later in the day."

The first step after signing of an armistice would be formal notification of the U.N. Security Council. It was the Security Council which on June 25, 1950, branded North Korea an aggressor and urged all U.N. members to give military aid to South Korea.

The Security Council, which can be called into session on 24 hours notice, is expected to simply "take note" of the truce agreement and then recess.

Sees Big Waste From Prejudice

DELAWARE, O. (UP)—Secretary of Health, Education and Welfare Oveta Culp Hobby said today racial prejudice is costing the nation "astronomical amounts" each year.

In a commencement address at Ohio Wesleyan University, she said some economists estimate the total cost of discrimination "at from \$15,000,000,000 to \$30,000,000,000 a year."

She said the estimate takes into account the losses that result from "people not allowed to reach their full potential, not permitted to earn the salaries their work merits, and therefore not able to expand the domestic market for the goods we produce, or to pay the taxes they realize by being there."

Mrs. Hobby told the graduating seniors that there is one safe rule for avoiding prejudice: "If you are presented with a stranger, don't reject him on the basis of his nationality, his color, his religion, his accent or his clothing. Look at him for his qualities of character as an individual, and as an individual, judge him for what he is."

Sweden has about one bicycle for every two people.

Lighting System Draws Approval

Greenville's new "white way" lighting system on Evans Street blinked on for the first time last week and the results brought pleased comments from a number of Greenville citizens on their initiation.

Mounted on aluminum poles, the new Mercury Luminaries, as they are called, are suspended over the streets by curved arms and provide a considerable boost in candlepower from their 21-foot mounts.

Supt. Martin Swartz of the Greenville Utilities Commission said today that the bluish effect in several of the lights would become brighter after the lights have been on longer and "some of the bugs are taken out."

The 13 new mercury globes were turned on for the first time Monday along Evans between Five Points and the Post Office. Costing an approximate \$250 per unit, they replaced 16 of the older type which will be added where needed at other points in the city's system. Swartz said.

'The Big Heat' Is Yet To Come

WASHINGTON (UP)—The National Geographic Society thinks you might as well know it now—the big heat is yet to come.

Summer, it said today, will start June 21 "at precisely noon Eastern Standard Time."

"For the next 90 days," the society said, "the sun will rule the land. Chances are the weatherman will be right three days out of four when he predicts, 'fair and warm.'"

On June 21 "the sun will work the longest hours of the year"—15 hours, 37 minutes at Minneapolis; 14 hours, 31 minutes at Chattanooga; 14 hours, five minutes at New Orleans.

Thereafter with the sun headed south again, the solar work day gets shorter and shorter until it starts getting longer again come the afternoon of Dec. 21.

The odd thing is that, though the days get shorter after June 21, the heat gets hotter for the next three months.

The society explains it this way: "Once the earth's air blanket gets warm... it takes less sunshine to sustain high readings—even after the sun is well on its way south."

Freed On Bond In Assault Case

A Pitt County Negro was released from the county jail this morning on \$100 bond pending a hearing in county court tomorrow on charges of assault.

He is Jesse Teel, about 25, of Route 4, Greenville, charged with assault on Thad Willis, Negro, also of Route 4, which is on the Belhaven road.

According to Deputy Sheriff Jasper L. Mills, who along with ABC Officer H. B. Lilly made the arrest, Teel threatened to use a loaded single-barrel shotgun on Willis.

Mills said Teel was arrested in his car as he was preparing to drive away from one of the houses in the neighborhood. The shotgun was in the car, the deputy said. Teel told him they had been in a poker game.

Officers arrested the Negro about 9 o'clock last night and brought him to the county jail where he posted his own bond this morning.

Dockworkers To Oppose Clean-Up

NEW YORK (UP)—Thousands of dock workers planned to stage a protest demonstration in midtown Manhattan today when Gov. Thomas E. Dewey opens a public hearing on proposals for creation of a state agency to regulate hiring on the racket-infested New York waterfront.

The longshoremen called an unauthorized one-day "holiday" to show their opposition to a series of "clean up" recommendations by the New York State Crime Commission. The walkout was expected to tie up shipping on several New York piers.

The dock workers, members of the AFL International Longshoremen's Association, planned to assemble along Hudson River docks at 8:30 a.m. e.d.t. and parade to the New York Bar Association Building on West 44th St. near Fifth Avenue. More than 250 extra policemen were assigned to the parade route and to patrol the area in front of the building where the longshoremen planned to picket.

Dewey was scheduled to open the waterfront hearing in the Bar Association Building at 10 a.m. e.d.t. with a group of public officials, shipping executives and union leaders invited to testify.

C-of-C Board To Meet Tonight

The Board of Directors of the Greenville Chamber of Commerce will meet tonight in the Chamber's offices at Five Points at 8 o'clock.

President W. W. Speight said reports will be heard, including that on the Farmers' Festival, and other routine business will be taken care of.

The president urges full attendance of the board in addition to other members of the chamber.

Rooming House Blaze Quelled

Greenville firemen quickly quelled a blaze in a rooming house early Sunday morning located at 311 West Fifth Street.

Slight damage resulted when a bed on the second floor of the building caught fire around three a. m.

The house was occupied by Lindsey Formes.

Firemen said that it was believed that a roomer had gone to bed smoking and set the bed on fire.

No estimate as to the damage was made known. The fire was confined to one room.

Italy is about the size of New Mexico.

Funeral Tuesday For Mrs. James H. White

Word was received here yesterday that Mrs. James Harry White of Winston-Salem died Sunday afternoon, June 7.

Funeral services will be held Tuesday morning in Winston-Salem and burial will follow Tuesday afternoon in Rocky Mount.

Mrs. White was the former Pricella Willford of Rocky Mount and was married to James Harry White, formerly of Greenville. Mr. White is the brother of Mrs. E. H. Foley, Mrs. D. D. Overton and Milton H. White, all of Greenville.

Slight Damage As Stove Flares

Slight damage resulted this morning when a stove in the home of Lillian Allen, 831 Fleming Street, caught fire.

Oil from the cook stove had spilled over the stove and when lighted flared up.

The alarm was received at 10:15 from box 74, located at Fleming and Pamlico.

Around four o'clock this morning firemen were called to Fourth and Elizabeth to put out a blaze in an automobile which had wrecked at the intersection and caught fire.

The car was driven by Louis J. Toscano, Cherry Point Marine. The car was destroyed.
