

Cloudy with occasional showers tonight and Friday. Little change in temperatures.

County Budget Requests Increased By About \$100,000

By BOB BOYETTE, Reflector Staff Writer. Pitt County Commissioners began discussing the budget for the coming fiscal year yesterday in a meeting at the County Court House.

Buses For Negro Transportation. County Superintendent of Schools D. H. Conley, when discussing the Board of Education need, told the Commissioners of the need of 13 new school buses.

1953-54 fiscal year. This amounts to \$4,225. The County administrative cost request showed an increase of \$2,193.96 over the past year.

Tax Collector Department Down. The request for the tax collecting department is \$108,470 less than last year. This big drop can be explained by the fact that \$110,000 was spent during 1953-54 on the tax revaluation program.

General Hospital Building request is \$710 less than the 1953-54 budget. Last year's budget totaled \$10,187 while this year's request is for \$9,457.

Another request for more than \$1,000 more than was in last year's request comes from the county jail. Last year that budget amounted to \$11,420 while this year's request is for \$12,422.

The third request for an increase of better than \$1,000 over last year's budget came from the Register of Deeds office. Last year the budget was \$17,346 while this year's request is for \$18,890.

coming fiscal year totaled \$9,485 while last year's budget was \$8,825. This shows an increase of \$660. A \$530 request marks the Negro home demonstration agent department. Last year the budget was \$3,575 while this year's request is for \$4,105.

Says Democrats Promoted Feud

WASHINGTON (AP)—Sen. McCarthy asserted today the lengthy hearings on the Army-McCarthy row were promoted by the Democrats and that the Democrats "will suffer and bleed because of it."

It was one of numerous thrusts with a political tinge which came into the 36th, and possibly final day, of the McCarthy-Army hearings.

Strives To Keep Peace Talk Alive

By EDDY GILMORE. GENEVA (AP)—French Foreign Minister Georges Bidault plunged into a series of high level diplomatic talks today in an effort to save the Indochina peace talks from collapse.

Armed Forces Reported Poised On Border For Assault On Red Regime

By SAM SUMMERLIN. TEGUCIGALPA, Honduras (AP)—Guatemala called on Honduras last night to stop anti-Red Guatemalan exiles reported massing on the border for an assault against President Jacobo Arbenz Guzman's Communist-influenced regime.

The Guatemalan envoy said Valenzuela had given him assurances that Honduras "will prevent any incidents at the border and has given orders for seizure of any arms there."

Guatemalan Exiles Said Massing

and an unknown number earlier. The sources also said a well-armed boat left the Honduran port of La Ceiba yesterday, apparently for a strike at Puerto Barrios in Guatemala.

A dispatch from Associated Press Correspondent Jack Rutledge in Guatemala, delayed five hours by the new strict censorship, reported last night that the capital city was quiet and international airlines had resumed normal service after a temporary government-ordered halt.

to Citizen President Arbenz. El Salvador's embassy in Guatemala City was reported bulging with 24 refugees who sought asylum there from the government roundup. Exile sources say 600 or more opponents of Arbenz and the Communists already are under arrest.

Would Resign If No Peace Attained

PARIS (AP)—Pierre Mendes-France told the French National Assembly today that if he is voted in as France's new premier, he will offer his resignation if he has not achieved peace in Indochina before July 20.

The British and American leaders had dinner with Bidault last night and discussed this question at length. They met again today to try to firm up plans which would satisfy Bidault and still permit the two diplomats to get away from Geneva.

Youthful Guard Is Brutally Slain

BISHOPVILLE, S. C. (AP)—A 14-year-old boy, posted as a guard in a fish market here, was found critically beaten and stabbed when the store opened for business today.

Drops \$250,000 Damage Charges

ST. LOUIS (AP)—Ira C. Lowe of Festus Mo., who blamed his lung cancer on heavy cigarette smoking, has withdrawn his \$250,000 damage suit against four tobacco firms and a food store chain.

Two At Large In Road Gang Break

MARION, N. C. (AP)—Officers combed the Golden Valley section of northern Rutherford County today for two of five convicts who escaped from a McDowell County prison camp road gang Tuesday.

Slightly Above Figures For Same Period Last Year

By ALVIN TAYLOR, Reflector Staff Writer. Unemployment is somewhat higher this year than it was for the corresponding period last year, figures released by W. B. Dillingham, local Employment Security Commission manager, show.

The figures indicate that the employment office was carrying 978 continued claims at the end of the first week of June this year as compared with 843 continued claims during the same period last year—an increase of 135.

Biggest Money Bill Of Year Is Ready For Vote

WASHINGTON (AP)—The biggest money bill of the year came up for possible Senate passage today amid Democratic cries that the Eisenhower defense budget is taking a "terrible gamble" with the nation's security.

Liquor Sales In State Show Drop

RALEIGH (AP)—A drop of \$205,349.45 was reported in North Carolina's ABC liquor sales during May in comparison with May last year. Figures released yesterday by State ABC Chairman Tom Allen showed sales during May totaled \$4,850,699.05, compared with \$5,056,048.80 in May last year.

Mecklenburg County led with total receipts of \$814,953.65. Next was Greensboro with \$464,437.95. Asheville was third with \$378,989.45. Wake's sales were \$318,581.10, followed by Winston-Salem's \$296,820.80.

Public Appeal By Churchill For Closer Teamwork Is Anticipated

By JOHN M. HIGHTOWER. WASHINGTON (AP)—British Prime Minister Churchill may appeal to the American public for closer U.S.-British teamwork, possibly in an address before Congress, during his visit in Washington for talks with President Eisenhower.

Fair Weather For Title Bout

NEW YORK (AP)—The weatherman's forecast for tonight when the Rocky Marciano - Ezzard Charles heavyweight title fight will be held in Yankee Stadium: "Fair tonight and continued cool. Highest temperature today will be in the low 70's with 50 tonight in the city and the high 40's along the coast. Moderate southeast winds."

Federal Jury Still Deliberates On Puerto Rican Woman's Fate

By LEWIS GULICK. WASHINGTON (AP)—Mrs. Lolita Lebron waited alone as the sole subject of jury deliberations today on the fanatical shooting in the House of Representatives March 1.

A federal jury of seven men and five women, behind closed doors for 8 1/2 hours emerged late last night with verdicts of guilty on all 10 counts of assault lodged against her three male associates: Radael Cancel Miranda, 29, and Irving Flores Rodriguez, 28.

Under the law, each defendant could possibly receive a sentence of up to 10 years apiece on each of the weapons counts and 15 years apiece on each of the intent-to-kill counts, or a maximum of 125 years. The judge has discretion as to whether the sentences should run concurrently, however, and Judge Holtzoff has announced he will not impose a total of more than the 75 years allowable under the intent-to-kill finding.

Black Jack F.W.B. Church Sunday, June 20th, is a special day at the Black Jack F. W. B. Church. Sunday School begins at 10 a. m., followed by sermon at 11:00 a. m. by the pastor, Rev. Floyd Cherry. At 12 o'clock dinner will be served picnic style on the church grounds. From 1:30 to 4:00 p. m. the Youth Choir is sponsoring a singing convention. There will be lots of good singing. Come and bring a basket and enjoy real fellowship.

30 Years Ago Today

THE DAILY REFLECTOR
June 17, 1924

There are 26 cases of typhoid fever in Pitt County today. The homes in which these cases are confined are not screened. Not a single sanitary privy at any of the homes. Not a single person suffering with the disease in Pitt County today has ever been vaccinated with the typhoid serum. There is no excuse, for any man, woman or child having typhoid fever in Pitt County and every person who is affected is suffering because of somebody's laziness, procrastination and neglect for the whole time health officer gives typhoid vaccination free.

Mrs. W. H. Tolson has returned from New Orleans where she attended the finals of Tulane University. Her brother, Dr. G. G. Brown, was a member of the graduating class.

Bridge Clubs Meet During Week

Andrews Jr. entertained the Couples Bridge Club at their home on Thursday night. The home was very lovely with arrangements of carnations and gladioli which were used throughout the living room and dining room.

The hostess, assisted by her daughter, Mrs. Frank Winesette, served a delicious fruit punch soon after arrival and at the end of play finger ale floats with cake were served to the four tables.

Miss Gamble Station was winner of high score prize for the women and Mr. Irvin Taylor received the prize for the men. Mrs. Dick Rouse, who was a visitor from Grimsland, was also recommended with a gift.

On Friday night Mrs. Ralph Carson was hostess to her bridge club. The home was very lovely with beautiful arrangements of lilies.

Mrs. Carson served punch between progressions and later the guests were served seven-up floats with assorted cakes.

Those who attended were Mesdames James Crandell, Harold Manning, Dennis Hardy, Harvey Manning, Walter Gray, Mary Bullock, William Andrews and Brantley Chessoms.

When the tallies were added, high score prize went to Mrs. Harvey Manning.

Mrs. B. F. Manning Jr. entertained her bridge club on Tuesday night. The home was very attractively decorated with white gladioli, gardenias and roses.

Between progressions, the hostess served strawberry ice cream pie and nuts to Mesdames Brantley Chessoms, Van Taylor Jr., Don Carson Jr., Eugene Carson, Walter Gray, James Crandell, Robert Weeks and Miss Jean Cullifer.

At the end of play, Mrs. Crandell was awarded high score prize.

Miss Williamson In W.C.T.U. Program

BETHEL.—Mrs. Claud Williamson was hostess to the Bethel Woman's Temperance Union Monday at 3:30 p. m. at her home. The Union's president, Mrs. R. L. Whitley, called the meeting to order and presided. The group sang in unison, "What a Friend We Have in Jesus," followed with prayer led by Mrs. J. P. Harris Sr. After the roll call, and the reading of the minutes of the last meeting by the secretary, Miss Athleen Rollins, a financial report was given stating that all the dues of the State W.C.T.U. Treasury had been met 100%.

The program was then turned over to Miss Norma Williamson. She began by reading the scripture taken from First Corinthians 3:9-17 and 6:19-20. Her topic for the afternoon was "Spiritual Building" which was very interesting and given in a pleasing manner. She also gave sketches and highlights of her recent trip to the Y. T. C. Encampment. Mrs. Whitley then read an article from the Union Signal titled "Are Alcoholics Sick?"

The motion was then made to adjourn and Mrs. W. R. Bullock closed with a prayer. The hostess served delectable refreshments for the guests.

Home Office Honors Local Representative

W. E. Manning, 2112 South Village Drive, Greenville, was one of 11 salesmen for the J. R. Watkins Company, Winona, Minnesota in the southern area, to win an airplane trip to the company's main offices.

The company "awarded Manning a gold and diamond lapel pin to distinguish him as one of the firm's outstanding salesmen in the south."

Connecticut has about 23,000 acres in tobacco.

Sixteen Years Of Preparation At Stake In Atlanta Meeting

ATLANTA (AP)—Sixteen years of preparations will be at stake next January when members of the three Presbyterian Churches in this country accept or reject a "plan of union."

The plan, which amounts to an amendment of the constitution of each branch of the Church, has been referred to the Presbyteries of each for "advice and consent" after approval at meetings of General Assemblies.

This action closely parallels that needed to amend the Constitution of the United States, where ratification by three-fourths of the states is required after an amendment has been recommended by Congress.

Presbyteries are the lowest Church courts including more than one congregation, and there are 84 of them in the Southern branch of the Church. Three-fourths of them must approve the plan in order to make union possible.

In the Northern branch affirmative votes from two-thirds of the Presbyteries are needed, and in the third branch, the United Presbyterian Church, a simple majority will be enough provided at least two-thirds participate.

Church authorities said that rejection of the merger by any one of the three would block the union under present authorizations. But, they added, if two of the branches approved the union there would be nothing to prevent a new plan for their unification.

The groups which will do the voting, the Presbyteries, are not directly responsible to the congregations, although they represent a geographic area. A Presbytery Court is made up of two representatives of each congregation, the

minister, and an elder and each must vote on the basis of his own belief and conscience. "Instructed" or "pledged" voting is forbidden by Church laws.

Voting will come in January, 1955, when almost all Presbyteries hold their "spring" meetings. Results of voting by Southern groups will be forwarded to E. C. Scott, of Atlanta the stated clerk of the Southern General Assembly.

Returns from Presbyteries of the Northern branch will be gathered at Philadelphia, and returns of the United Presbyterian branch tabulated at Pittsburgh. It will be at least a year, church authorities say, before the outcome of the voting will be known.

The plan which Presbyterians will vote on started when Southern Church members invited the Northern to join in negotiation for union in 1938. It will not only heal the split made by the war between the states, but will add a group which has never been part of either Northern or Southern branches.

This group, the United Presbyterian Church, came from the union in 1922 of two Presbyterian bodies established separately in this country by the Scottish Church. It was not affected by the war between the states, which split the larger Presbyterian Church of the United States of America, since it was located within the area of Northern sentiment.

It was the "Gardiner Spring Resolution" adopted by a majority attending the 1861 General Assembly which caused Southern Presbyterians to secede from the parent group. The resolution sought to force all Presbyterians to uphold the federal government. Southerners could not accept this, and

Fills Position

Miss Olene Pleasants begins her service with the First Presbyterian Church as Director of Christian Education. She will have as her responsibility the work of the church Sunday School, Leadership education of the church school officers and teachers, and youth groups, and all other phases of the Christian Education program.

Miss Pleasants' home is near Angier, N.C. She received her training at Flora MacDonald College, Red Springs, N.C., and at Peace College, Raleigh. In May she was graduated from the General Assembly's Training School, Richmond, Va., with the Bachelor of Religious Education degree.

Air Reservists Gather Tonight

Flight "D" of the 9949th Air Force Squadron will hold a meeting tonight at 8 o'clock in the Men's Day Room of the Austin Building at East Carolina College.

All reservists who are members of the local unit are urged to attend the meeting and interested Air Force reserve personnel are invited to attend the meeting.

formed instead the Presbyterian Church in the Confederate States, changing the word "Confederate" after the war to "United" but without re-uniting the Church.

The bitterness which endured after the war between the two Presbyterian organizations resulted in many heated words in 1951, paving the way for reunion the assemblies of both expressed official regret for words used at the time of the split.

Fashion Goes Dutch Treat

BACK DETAIL . . . Big success of Amsterdam's fashion week is this evening dress, "Maxim's," of Jolo Couture of Utrecht. The Dutch are bidding for world fashion buyers.

IF WINTER COMES . . . A coat offered by Dutch ready-to-wear industry.

AP Newsfeatures

AMSTERDAM — Picturesque, quaint and bulky—from the bottom of her wooden shoes to the top of her perky white cap—that's the fond idea of Dutch women that is cherished around the world.

It may come as a surprise then, that the Dutch ready-to-wear industry — its styles heavily influenced by Paris fashions—is a booming business.

And that's more, it's bidding for a world market. During a recent fashion week, scores of Dutch and foreign buyers flocked to Amsterdam to look over the offerings and place their orders.

Dutch ready-to-wear industries are reporting enthusiastic comments from their American and Canadian buyers. A Montreal department store and post order firm not long ago sold within a few hours 1,000 Dutch-made toppers they had advertised in a special

catalog. Several Amsterdam makers of women's coats are now jointly trading in the United States through their "Netherlands Fashions, Inc." at New York.

Another firm transferred its seat from Amsterdam to Montreal after its subsidiary there seemed to be a big success. This company exports apparel from Jolo Couture of Utrecht, among others. Jolo Couture recently booked its first American order on top quality dresses.

Exports to other countries besides the United States show an upward trend too. Amsterdam businessmen say their sales to foreign countries are higher so far this year than in 1953. Imports of foreign ready-to-wear clothing to The Netherlands seem on the decline.

As to styles, Dutch designers heavily rely on their Paris colleagues. The influence of Fath, Dior, Desses and others from Paris can

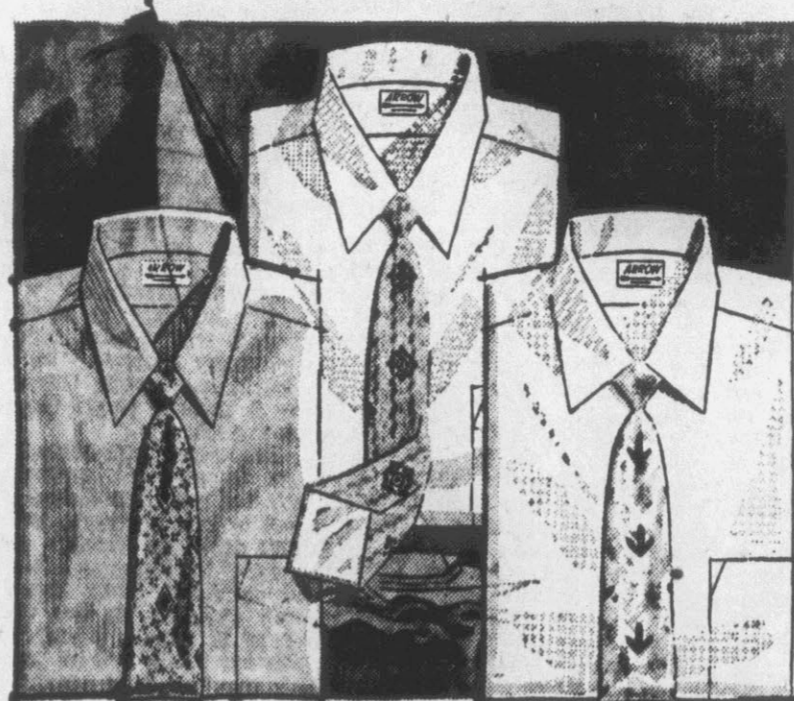

clearly be seen in the collections. As a De Groot and Co., official says: "In Paris they make the coats and dresses for the Upper Ten, while we over here make the same styles available for the middle class and laborers about half a year later."

That's why the Dutch woman in the street will buy a coat or dress this fall with the features created by Paris this spring. A little late, maybe, but quaint and bulky — definitely not.

SPRINKLING PAYS OFF
OAKLAND, Calif. (AP) — Meat from a blazing house threatened a 150-year-old, 50-foot oak tree. Firemen turned a hose on it, keeping it drenched until the fire was extinguished. They believe they saved the tree.

Paving Project Well Advanced

Workers are shown above as they complete the work of paving Oak Street from Tenth Street to Fifth. The paving project is a part of an extensive paving program now being carried out. City Manager James S. Hughes said today that Fourth Street from Meade to Hilltop had been paved and Hilltop from Fourth to Fifth. In addition Pennsylvania Avenue from Dickinson Avenue to Chestnut Street will be hard surfaced. White Street from Colonial Avenue to Fourth Street is to be included and one block of Nash Street from Fourth to Third is to be paved. (Reflector Photo by Alvin Taylor)

Majorettes And Band To Stage Outdoor Concert On Saturday

Light popular music played by the 110-piece band of the East Carolina College Summer Music Camp and a program by eighty majorettes will be chief attractions of an outdoor concert at the college stadium Saturday afternoon of his week at 5:30 o'clock. The public is invited.

The band, composed of talented high school students from North and South Carolina, Tennessee, and Virginia, was organized here Monday, when the college opened its First Annual Summer Music Camp with more than two hundred people in attendance.

Herbert L. Carter of the East Carolina music faculty has conducted rehearsals of the group this week. He will be conductor at Saturday's program.

Eighty majorettes who are registered at the camp have gone through maneuvers during the week under the instruction of Shirley Leary and Toni Gill of Elizabeth City. Both advanced and beginning groups will participate in the concert program, and the two attractive instructors will stage a special show.

Mr. Carter has announced a program made up largely of spirited marches and light tuneful selections. Among highlights will be excerpts from "State Fair" by Rodgers and Hammerstein; marches by Sousa, King, and others;

and numbers by Bach and Elgar and such modern composers as Morrissey and Erikson.

A featured selection will be "Jim Dandies" by Harold Walters, performed by nine trumpeters selected for their talent and ability. They are Carletta Blades, Elizabeth City; James Bradshaw, Raleigh; Pearl Folk, Bishopville, S.C.; Calvin Hooks, Wadesboro; Billy Jones, Roanoke Rapids; Allen McCutchen, Bishopville, S.C.; Ray Neel, Washington; Paul Royer, Manassas, Va.; and Tommy Wilson, Bishopville, S.C.

These trumpeters and the Summer Camp majorettes will appear on a program televised by WNCN-TV of Greenville Sunday, June 20, from 1:00 to 1:30 p.m.

HARD ROCK JOB
EL CERRITO, Calif. (AP) — A huge rock slid down a hillside and blocked a street. Three contractors failed to break it up by using games in drilled holes, sledges and wedges and dry ice. The fourth contractor dropped a big steel ball on it and cracked it to pieces.

The distance from the Earth to Mars varies from 35 million miles to 235 million miles.

The extinct elephant bird of Madagascar was sometimes 14 feet high.

Arm Broken In Wrestling Game

KNOXVILLE, Tenn. (AP) — Fourteen-year-old Mack Garrett has decided two things: wrestling isn't what it's cracked up to be and women aren't the weaker sex.

Mack and his 11-year-old sister Anna decided to imitate a pair of wrestlers they'd been watching on television. Anna applied an armlock and Mack went flying over her shoulders.

Last night hospital X-rays revealed Mack has a broken left arm.

PLANE THEFT
RICHMOND, Va. (AP) — Somebody took a plane belonging to an airline here. Newspapers carried stories of the theft. A couple of days later it reappeared on the ticket counter.

The wing spread of the plane was 24 inches.

Tractor Operators' Contest Saturday

Some 12 to 15 4-H boys are expected to enter a tractor operator's contest to be held at the Pitt County Fair Grounds Saturday morning at nine o'clock, Assistant Farm Agent C. J. Goodman said today.

The winner of the contest will enter a state tractor operating contest in Raleigh on July 2.

Goodman noted that the contest will be divided into four parts. Entrants will first take an examination on safety and service of a tractor. The second section of the contest will include the daily inspection and starting of a tractor; the third, operation of a tractor and the fourth, belting.

The assistant county agent said that the contest will be open to all boys between the ages of 14 and 21. He noted that a 30-minute practice period will be provided at which time the dealers or other persons may give instruction in correct and safe operation of the tractor and for the contestant to acquire the "feel" of the tractor.

Goodman urged all 4-H members who are interested in entering the contest to either contact him at the farm office in the old hospital building or to be at the fairgrounds at nine o'clock on Saturday.

The first portion of the contest will consist of a written examination in which the contestant will be asked questions pertaining to tractor maintenance and safety.

In the second event of the contest contestants will check fuel, water level, air cleaner, and tire pressures. They will also check for safe starting and start the engine in a safe and proper manner. Finally they will allow the engine to idle for one to two minutes, assuming that the contestant is starting with a cold engine. He will indicate to the scorer when he considers the tractor ready for operation.

In this event points will be deducted for failure to check the tractor, to start it correctly and for failure to observe safety features. The gear shift lever must be in a neutral position before starting the engine. No time will be kept for the event.

In the third portion of the contest, operation of the tractor, the contestants will start and warm up the tractor in the stall. He will then drive the tractor to the starting line and signal the timer and scorer when he is ready to begin.

Next the contestant will drive to an implement and, spot the drawbar and attach an implement. From there he will proceed over a driving course set up for the occasion.

The contestant will not be allowed any assistance in spotting the implement. The tongue is to be adjusted to the correct height by the contestant and he will place the pin when in position. He will not be allowed to lift or move the spreader

tongue more than one-fourth inch to make the connection.

Safety violations will be noted by the scorer. Whenever dismounting the contestant must set the brakes, and with tractors with hand clutches, the gear shift lever must be in neutral position if the engine is running. Time will begin on a signal from the scorer at the starting line and will stop when the contestant returns to the starting line and stops the engine.

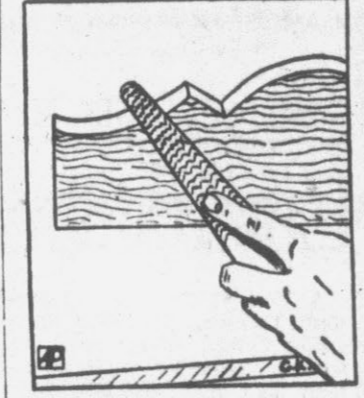

In the final event of the contest the contestant will be required to align a tractor pulley with an implement pulley, unroll and put on a belt without assistance.

The contestant will be scored on his ability to line up the tractor, belt to a machine, and operate at half-throttle for a few seconds. When operating an open belt, the contestant will be required to tighten it sufficiently so that the top part will not drop and touch the bottom part.

Goodman said that prizes will be furnished for the contest by local implement dealers. The farm equipment dealers will also furnish tractors and other equipment for the contest.

HEAVY TRAFFIC
SUFFOLK, Va. (AP) — A couple of escapees took an early morning stroll. Before the sun was over gardens had been trampled, fences broken down and the police called in. The escapees were "Blanche" and "Toby," elephants from a visiting circus.

Many Will Interpret That Bond Vote

A good many people locally and in other areas, will read a lot of different meanings

A Powder Keg On Our Doorstep

The fuse is growing shorter on the Western Hemisphere's powder keg.

It appears that any day now the critical situation in Guatemala may blow sky high. When it does, it is going to affect the entire South American continent, and all the Western Hemisphere.

Communists have made many inroads into the leftist government in Guatemala. According to reports, communists hold high places in the government. At the same time, they have not been able to solidify their control to the complete exclusion of all other factions.

As we understand the present crisis in the government of that nation, it is a climax in the struggle for power between the Red-tinged government which is in power, and the other factions which are resisting complete communist control.

Its outcome will affect not only Guatemala, but its neighbors as well. If the Reds can be ousted from control in Guatemala, it will be a major defeat for the Kremlin program to gain a foothold in the Western Hemisphere. If they are able to maintain and strengthen their gains, communist progress will spread from Guatemala to other nations in the Americas.

In the closely knit community of nations of the Western Hemisphere, what happens in one nation today affects the other nations just as rash actions in one county of North Carolina can affect the situation in the other 99.

Guatemala can no longer be considered by the people of the United States as a minute segment of the Western Hemisphere map. It is much closer to the United States geographically and in many other ways than Korea and Indochina. And what happens in Guatemala in the future likely will be of greater importance to the U. S. than what goes on in segments of Asia.

Strength for the Day

By EARL L. DOUGLASS
GOOD SOIL IS IMPORTANT

In a few moments we go to the polls to vote on a moral issue. There is no feeling on the part of anyone that if this moral issue is defeated, the community will go to the dogs overnight, or if the moral issue is triumphant that everyone will sprout wings. Our contention is only that if an evil is legalized in our midst, the soil will not be as satisfactory as it should be for the growing of morally healthy personalities.

Some time ago in our home we planted seeds in a seed flat and got unsatisfactory results. The reason was that the soil had not been thoroughly sterilized. We purchased what we thought was sterilized soil but found that it had not been sterilized enough and the result was that the few seeds that sprouted were weak and puny.

Not only is liberty held at the cost of vigilance—moral standards are held in the same way. Just as the gardener has to start his plants in the right kind of soil and the fight weeds all summer, so we have to fight sins in our lives as long as we live and keep up a constant battle against them in every community.

Give the sprouted seeds a chance. Give the kids a chance. Give the adolescents and young parents a chance. It has seldom been harder than it is today to live a clean, upright life. Keep the soil in good condition.

National Whirligig

A Lobby With Heavy Pressure

By RAY TUCKER

WASHINGTON—A rural lobby long identified with the Democratic Party has just demonstrated why it is almost impossible for President Eisenhower to keep his promises to save money for the taxpayers. It is an extraordinary laboratory example of "gimme" tactics at Washington.

The organization is known as the National Rural Electrification Co-operative Association, and it is headed by former Representative Clyde T. Ellis of Arkansas. It presumes to protect the interests of rural electric consumers, individuals and co-operatives, in the annual appropriation battles. It has become a formidable body on a nationwide scale.

It was FORMERLY INVESTIGATED BY THE SENATE—It was organized by Ellis after he was defeated in the Democratic senatorial primary in Arkansas in 1942, and he receives \$20,000 as general manager and Washington representative. Some years ago, a Senate Committee investigated his operations on demand of Harry Slattery, then REA Administrator, and Ellis was forced to disband an insurance company he had formed in the rural electrification field.

Under Claude Wickard, Truman's REA head, the Ellis organization contributed to Democratic success in normally Republican farm states, with rural electrification as the major issue. Wickard, an Indiana farmer, was generally credited with having won the Vice-Presidential nomination for Henry A. Wallace in 1940. Both Wickard and Wallace were extremely friendly and generous toward the Ellis group's demands.

The lobby's latest activity, which involved REA's 1954 budget, was exposed and denounced by Senator George D. Aiken of Vermont, a firm believer in REA and one of the farmers' best friends on Capitol Hill. Aiken and quiet man, his attack on the Ellis tactics found general agreement among his colleagues.

OUT RESTORED—The REA appropriations bill reached the Senate with a \$35,000,000 cut that had the approval of the full Committee on Agriculture and Appropriations after careful scrutiny. But the reduction was restored in a jiffy through an amendment offered by Senators Clay (Iowa), Paul

into Greenville's negative vote on the swimming pool bond issue.

The referendum is significant not only from the standpoint that the city will not now enter into a construction program of swimming pools for white and Negro citizens. It holds even greater significance, we believe, in the fact it is the first municipal bond issue to be defeated in the history of the city.

Unquestionably the Supreme Court ruling on segregation had a great bearing on the outcome of the election. By a margin of seven to one, the voters of the city indicated they do not think this is the time for Greenville to spend some \$200,000 for separate swimming pools for white and Negro citizens.

It is apparent from the vote also, that members of both the white and Negro races of Greenville are opposed to the appropriation of the designated amount for the construction of two pools at present.

Regardless of how outside sources may interpret the outcome of Greenville's bond election, it was certainly not a case of the white citizens voting one way and the Negro citizens voting another. Had that been the case, the number of votes cast in the election, and the distribution of the votes for and against the bond issue would have been appreciably different from what they were.

The door has not been closed on acquisition of a pool or pools; rather we think the vote indicated a proper reluctance to enter upon so large a project in a period of uncertainty. Another year or two may bring about a clarification of the future which would justify presenting a new pool bond issue election to Greenville's citizens. Tuesday's voting was a long way from being a death-blow to our recreation program; there is much that can and will be done in that direction, we are sure.

The Reflector still feels that the city needs public swimming facilities and they should be provided when the time comes that money spent for such facilities can be spent wisely on a long range basis. We sincerely feel that the alternative selected by the vast majority of the voters, to defeat the proposed expenditure now, was the wiser of the two alternatives.

Selected Shorts

BOONTON, N. J., TIMES BULLETIN: "With Benjamin Franklin, we say: 'When men are employed, they are best contented; for on the days they worked they were good-natured and cheerful, and with the consciousness of having done a good day's work, they spent the evening jollily; but on our idle days they were mutinous and quarrelsome.' If we think on this, we appreciate it the more."

HALF MOON BAY, CALIF., REVIEW: "Taking the nationwide average in manufacturing industry, for every dollar received from the sales of its product a firm will spend 49 cents for materials and supplies; 29 cents for wages, salaries and other employee benefits; nine cents for taxes; six cents for repairs, replacements, etc.; three cents for research and promotion—keeping four cents out of each dollar as profit."

UNEXPENDED BALANCES—Although an REA enthusiast, Aiken denounced Ellis' figures and statement as "erroneous and inaccurate." Ellis failed to point out, he said, that REA had unexpended balances of \$500,000,000, or more than enough to finance current and prospective loan applications. He intimated that Ellis' motive was to aid the three Democrats—Gillie, Douglas, Humphrey—in states which the Republicans hope to recapture next November.

Senator Edward J. Thye of Minnesota, another REA supporter, backed Aiken.

"Nothing could be more damaging," said Thye, "than to attempt to confuse and mislead the farmers into believing that the REA program is being jeopardized. I wish to commend the Senator from Vermont for placing these facts in the Record."

Aiken also denounced propaganda designed to create the impression that the Administration is crippling REA, as Ellis frequently charges. He notes that REA funds in Ike's first year exceeded Truman's final appropriations by almost \$25,000,000. He also argues that applications are being handled more promptly.

Rural electrification, which has lighted up one-dark countryside, increased production and brightened the lives of farmers and their wives, is a major issue in every rural area, including states not listed as agricultural. Aiken does not intend to let the Arkansas Democrat kidnap it for his Party—again.

Tea Time

Somebody Told Me

Entertainment World Shifts

A look at the entertainment world this week will reveal interesting trends: Advancement for one Red Button, a setback for another. Two years ago Red came from small parts in show business up to a rating among the top five TV shows.

But during this year his rating dropped sharply. His sponsor, Maxwell House coffee, decided to drop him for a completely new show this fall, despite the fact that his rating did come up during the past few months. Red will no doubt be back, but this situation remains a blot on his career.

The brighter side is news about Gary Crosby. All of Bing's four sons can sing, but the only one who seems to care for it is Gary. Phillip and Dennis, the 19-year-old twins, are interested in running the Crosby 25,000 acre ranch in Nevada and the 16-year-old Lindsay hasn't decided which way he wants to go.

But Gary last week started his first show on his own, a recorded series over CBS radio. Naturally Bing is a big factor in the show, or should say that Bing's friends are a big factor. Bill Morrow and Murdo Mackenzie are directing and writing the Gary Crosby Show, as it is called. Ken Carpenter, who for many years has been the announcer on Bing's shows, is emcee of Gary's show. Bing told Gary: "Always be on time," but stayed away from the first recording session in case he might make Gary nervous.

The question is: Is Gary on the air because he is Bing's son or because of Gary's talent? In my opinion, he would not make the grade as yet without the Crosby name, but it's possible that he might have the real stuff after he is seasoned. He has the same ease of delivery that Bing has, but not the quality.

CBS will carry the show

throughout the summer whether it is sponsored or not. (Bing is currently sponsored by General Electric.) Then, Gary will go back to Stanford University, where he is majoring in speech and drama and has about a C average. After graduating from Stanford next year he'll have a two-year session with Uncle Sam, where he will no doubt get additional theatrical experience entertaining troops. To say that Gary has it made would be the understatement of the year.

Gary wants to make it on his own. "I want to make good," he says "but I'd just as soon get there on my own."

The sad story of Red Buttons combines with the joyous one of Gary in the same week. But show people will tell you, "That's show business for you."

And I thank you. JACK EDWARDS

What Other Editors Are Thinking

THE PEOPLE'S CHOICE (Wilson Times)

We hear a lot about the "people" when a political campaign rolls around. What will they say? How do they think? And how can we make those people believe that one man as against another is their choice? It's the answers that disgust a lot of people with politics. For they're well aware, if they're observing, that parties and candidates, like shows, must be staged. If they're improperly staged, the "people's choice," as such, may never emerge. We saw that in the 1952 political convention. It was Jackson of Tennessee, Earl of Kentucky, Crawford of Georgia and Adams of Massachusetts, Jackson received the most votes, but not the majority required by the Constitution. When, then,

was, as he felt, cheated out of the election by Congress, he promptly announced that he would run again in 1952. And by 1952 he was in complete control of his party.

With Martin Van Buren's knowledge of politics, the Democrats set up the first political convention in that year. It was held in Baltimore. Not to be outdone by the Democrats, the Whigs did the same thing, offering Clay as their candidate. In doing so, however they took the "people's choice" away from the people, depositing it in the hands of the professional politicians. It's been going that way ever since. Tom Dewey, Jim Duff and a few men of that type captured the nomination for Eisenhower. Harry Truman, Walter Reuther and a few of that type captured the nomination for Stevenson.

The college as a means of choosing a President, we know, is obsolete. It should be abolished. But when they abolish the college, we should likewise abolish the convention system. In its place we should substitute a primary, giving the people an opportunity to express a real choice. Then it could truly be said that

Eisenhower and Stevenson were the people's choices. As it stood in 1952, we might very well conclude that Eisenhower was Dewey's choice, that Stevenson was Truman's choice. The people chose only between those two men. Apparently the thing of Truman in quiet bitterness as his countrymen forget him."

But how long can we go on kidding the public? Will it not wake up some day and express itself. Television may have something to do with the change. It gives all of us some idea of what goes on at the conventions. It shows us how the professionals stage the affairs. When, if ever, do we really get the "people's choice"? Taft may not have been able to win, had he got the nomination; but under the primary system he could, at least have found out. Russell or Kefauver either might have been the Democratic nominee had the people been given an opportunity to express themselves. But when the next pusher tells you that so and so is the people's choice, take it with a grain of salt. All candidates would like to think they're the people's choice, but only on rare occasions does it turn out that way.

Business Today

Web Of Distinctions

By ELMER ROESSNER
Whether the government should be in or out of business — and how far in either direction — will be a question long after Eisenhower's history. Obviously, the government cannot sublet such jobs as creating an army and, on the other hand, it cannot attempt to sell peanuts from whistle-wagons. Some place between is the line. Or perhaps there are many lines, a web of distinctions.

Take mailbags. Two business groups descended on Howard R. Gaetz, the rubber man with the Eisenhower grin in the get-the-government-out-of-business section of the Department of Commerce.

One group wanted the government to get out of the business of making mailbags. The other group wanted the Post Office to get out of the business of repairing them.

Mr. Gaetz found the Post Office is making 1,140,000 new bags this year. It has its own factories. When requirements are greater than facilities, it lets the work out. Mr. G. brought bag-makers and postal officials together. It developed that because the bagmakers had steady business from other sources, their overhead was being met and they could therefore probably make bags cheaper than Uncle Sam. Mr. G's suggestion was that normal orders be placed with private industry failed to keep up with demand. Something may come of this.

Then Mr. G. took representatives of the repair companies to the Post Office. They saw tight routines; they saw Post Office men checking bags for repairs the same time they examined them for overlooked mail; they saw repair requirements classified on the spot, and saw most of them made on the premises.

The repairs were amazed at the efficiency and they probably reckoned how much it would cost them to take bags from Post Offices to their plants and return them. They said they would look further into the matter of government competition. Mr. Gaetz hasn't heard from them since.

Yup—we gotta get government out of business. But not ALL business.

AGRICULTURE PERSISTENT ON CONGO MELON LOADING

You folks stuffing Congo watermelons into railway cars had better stop putting them in lengthwise. Put them in crosswise or you'll hear from the Department of Agriculture.

Last July 7, the Department sent us a press release saying

that studies showed that Congos bruised on the blossom and when loaded lengthwise, but the tougher sidewalls prevented damage when loaded crosswise. Eight pair of test cars shipped from the same point proved it, the release said.

Now the Department has issued another release saying damage can be cut two-thirds, and that crosswise melons suffered 70 per cent less damage, 69 per cent fewer cracked melons and 47 per cent less surface scarring, judging by shipments in 50 test cars and 52 check cars.

THE AUTO IMPASSE—IN KITCHEN TERMS

Relations between auto dealers and auto manufacturers have moved to the twin-beds stage. The dealers say the manufacturers are making too many cars; the manufacturers say dealers aren't selling hard enough.

Frederick J. Bell, executive vice-president of the National Automobile Dealers Association, in a recent speech summed up the dealers' case in these culinary words:

"Detroit is like a cook with a sweet tooth who has long been denied the necessarily ingredients of sugar, spices, flavoring extracts, cream and butter. Now that all restrictions have been removed, she's feeding the family sweets five times a day. The family's digestive system wasn't prepared for this sickly surfeit. To make things worse, the cook next door is trying to prove that her kitchen can turn out even more cakes and cookies. As a result, both families have the colic; they are feverishly searching every medicine cabinet for a remedy that will give them even temporary relief; their brains aren't functioning normally and their screams of anguish are keeping the neighbors from going about their own work."

Retired Admiral Bell certainly sustains his similes!

SAYS SALES MEETING DON'T SELL SALESMEN

Most sales meetings "trigger a chain reaction of confusion, bewilderment, anger, rebellion or total apathy and send the sales force back to their territories feeling they have been victimized by their bosses," the Weiss and Geller advertising agency declares after a study of sales meetings. The Chicago agency points out that salesmen like to feel dominant and treating them like pupils wrecks their egos. The only way to teach salesmen in meetings is to make each one feel that he is a teacher, the agency says, adding that it is important to choose the right personality to explain advertising and promotional materials.

United Europe's Big Backer

By HAL BOYLE

BONN, Germany (AP)—Here where Beethoven was born and wrote some of the world's mightiest music a 78-year-old German statesman is trying to bring true a mighty dream—the dream of European unity.

And time is running out for the old man.

As of the first of this year Chancellor Konrad Adenauer was the strongest and most influential political figure between London and Moscow.

By the end of this year Adenauer will probably either go down in history as a kind of European Abraham Lincoln—or merely another old titan with a faded dream, cultivating his rose garden in quiet bitterness as his countrymen forget him."

The issue is simple. His coalition German Federal Government so far has gone along with him in his program for European defensive cooperation. But the coalition is wavering. How long can he hold it together in the face of France's refusal to vote for a six-nation European army in which French and German troops would serve together?

Just last week the sturdy elderly Chancellor told a group of visiting American former war correspondents about his dream of European freedom. Lean and erect, he has the dark impressive facial immobility of an Indian chieftain.

But although he has lived eight years beyond man's Biblical age, his voice was firm and strong, his eyes bright and intense, as he talked for more than an hour on the present plight of Europe.

Many German leaders now like to play down the question of Germany's guilt in the last war. But Dr. Adenauer makes no concessions to his people's desire to forget the past. He despised Adolf Hitler's aggression in the latter's lifetime and has no wish to minimize now the disaster that Nazi policies brought to the world. Then turning to communism, he remarked:

"But a terrible dictatorship has gained control of half of Europe. This dictatorship is even worse and stronger and more cruel than that of Hitler."

The Chancellor remarked he thought it a delusion for leaders in his own or other individual countries to believe they could deal separately with Soviet Russia. He said nothing impressed Russia's Communist rule, but power equal to their own, and the only power they now feared was the United States.

Then he went on to add that if the six-nation European army did become a reality the Russians would find that within four years it would no longer even serve their purposes to continue the cold war.

The strong old man sat there a moment, his firm face framed against the white-walled reception room in the Palace Schaumburg, then he rose and quickly walked out.

Seeing him leave, some of us couldn't help wondering who, if Dr. Adenauer falls, would have his strength of will or purpose to weld a free and united Europe. He seems the tallest tower in a dubious landscape still darkened by ancient fears and old distrust.

Around Capitol Square

Beaufort County Plans To Observe Bath Anniversary

By LYNN NISBET
BATH — The Town of Bath, oldest incorporated municipality in North Carolina and one of the oldest in the United States with continuous corporate existence, is planning observance of its 250th birthday next year.

Laid out in 1704 by John Lawson, the British surveyor and explorer, the town was incorporated on March 8, 1705. It was the county seat of Bath county, both county and town taking the name from John Granville, Earl of Bath, one of the Lords Proprietors. About the time the town was incorporated the name of the county was changed to Pamlico, and in 1712 it was changed again to Beaufort. In 1738 the county seat was moved from Bath to Washington.

There was a settlement as early as 1696, and by 1700 there was a functioning Episcopal congregation. St. Thomas Episcopal church was built in 1734. The church building has been largely restored and after periods of inactivity the congregation is again functioning with regular services every Sunday. Last Sunday was observed as "Bride and Groom Day" when hundreds of couples and descendant of couples married in the church assembled for a special service and picnic. It is expected that the birthday observance will center around old

St. Thomas church, which retains substantial part of the original structure and the congregation of which has been so closely identified with the community for well more than 200 years.

Bath Town was the victim of a Tuscarora Indian massacre in 1711, and for thirty years thereafter was observed as a day of fasting and prayer.

(The foregoing historic information is taken mainly from the North Carolina Guide, published as a WPA writers project in 1937. A revised edition of the Guide is now in preparation as a joint venture of the N.C. Department of Conservation and Development and the North Carolina University Press.)

CELEBRATION — A committee of representative Beaufort county citizens is working on plans for the 250th birthday observance. One idea is for a historic pageant or symphonic drama, patterned after the Lost Colony and Unto These Hills. Other suggestions include the initiation of a restoration program similar to that at Tryon's Palace and Old Salem, with a permanent museum for preserving local historic items. One thing the Bath and Beaufort county people are determined about is that the celebration will be worthy of the tradition of the oldest town in

North Carolina, which is still going after 250 years of buffeting by economic elements.

BIGGER — The observation of a lady in Washington who has watched government officials, bureaucrats and lobbyists come and go for a quarter century is apropos to conditions in Raleigh or any other capital city. She said that nearly everybody who stays in Washington as much as two years gets bigger.

"Some of them grow, but most of them just swell," she said. "And it isn't too difficult to distinguish in a few months which course their bigness is taking," she added. One criterion is that those who grow do not need to say anything about it, but those who just swell have to keep reminding themselves and others how big they are.

Which recalls the adage that public speakers who need long introductions do not deserve them, and those who deserve them do not need them. And that further reminds that adjectives are often misused. If a man is "prominent" of "leading" it is not necessary to so classify him; if he is not, the classification in printed stories or oral declarations does not make him so.

ority for that observation is no less than Sandy Graham, chairman of the North Carolina Highway and Public Works Commission.

sion. He was not talking about the purely advertising billboards and

Radford Warns Diabolical Threat Confronting U.S.

LOS ANGELES (AP) — The United States, says Adm. Arthur Radford, is confronted with "the diabolical enemy of international communism," and the threat is growing.

The chairman of the Joint Chiefs of Staff recalled last night President Eisenhower's warning that American freedom is threatened so long as "the world Communist conspiracy exists in its present scope, power and hostility."

"Today, the threat seems even more intense," Radford said in addressing the national convention of the American Red Cross.

The admiral spoke at the concluding session of the three-day meeting. Earlier, the organization's national chairman had some more to say about cities which accept Red Cross money when disaster strikes but fail to make reimbursements to the relief agency from supplemental funds raised locally.

This was a subject which touched off a cross-country controversy Monday night.

Radford, in discussing the Communist menace, termed Red China "obviously empire-bound, seeking not so much an 'Asia for Asiatics' as they claim but seeking instead what might be called a 'Red Asia for Asiatic Reds'."

They want all of Asia incorporated into a Red Asia, one that is a basic part of the long-term Communist dream of one "big Red world."

The military situation of free Asia and southwest Pacific nations could be improved materially, he said, "by an effective Southeast Asia collective security arrangement."

"Positive collective actions by countries which have vital interests in that area would help prevent further Communist empire building in that part of the world," he said. "Such actions would help pave the way for building that peaceful world which is the aim of free societies everywhere."

PTA HAS HOME
CHICAGO (AP) — For the first time in the 57 years of its existence, the National Congress of Parents and Teachers, with eight million members throughout the United States in 39,000 local chapters, has occupied its own building.

Norfolk Quartet To Sing Next Week At Reedy Branch Church

The King's Messengers of Norfolk Va. (above, right to left) Joe Creech, bass; Randy Cox, baritone; Blount Ferguson, second tenor; and Bill Gardner, first tenor, are scheduled to sing at religious services to be held at Reedy Branch Free Will Baptist Church, near Winterville, the week beginning Sunday, June 20. Services will be held each night at 8 o'clock.

Russian Chess Players In Lead

NEW YORK (AP) — A team of Russian chess masters, the odds in their favor, romped to a 5-1 lead early today in the first round of a match with America's top players.

The Russians, playing on U.S. soil for the first time, won four of their games and drew two in an encounter that lasted well past midnight.

Two matches, being played by Americans Donald and Robert Byrne, were not finished when the time limit of five hours ran out. They will be completed today.

The top American player, Samuel Reshevsky, played to a draw with the No. 1 Russian, Vassily Smyslo, and another young American, Arthur Bisguier, duplicated that feat against Tigran Petrosyan. The teams scored half a point for each draw.

One American chess official said in a speech of welcome that the Russian team represents the "greatest aggregation of chess masters ever seen in the history of the world."

A crowd of more than 1,000 jammed the grand ballroom of the Hotel Roosevelt for the match. Russian and American flags hung side by side against the green backdrop. Both sides traded speeches, with the emphasis on possible future cooperation between the two nations.

Plenty Of Pills Await Children

KANSAS CITY, Kan. (AP) — A month ago Patrolman Jack Eskridge in a casual conversation with a Baltimore drug firm's salesman mentioned that some children here might need some vitamin pills.

Yesterday Eskridge received three 5-gallon drums containing 50,000 vitamin B-complex pills from the firm.

"It's enough pills to feed an army," Eskridge said. He plans to offer them to children's homes.

Class Records Stolen By Thief

SAN FRANCISCO (AP) — At least some of the eighth-grade pupils at Lagunitas Elementary School probably were pleased today.

A thief decamped with the report cards, achievement records, and progress reports of the class, which is due to graduate this afternoon.

"It was probably the work of some troublemaker who wasn't going to get any grades," theorized School Principal Mrs. Isabel C. Lankensau.

Evangelist Stresses Christian Standards

"You will never be a vessel for the power of God until you make the channel to God clean and pure," warned Evangelist Eddie Martin last night at the large Gospel Tent near the Pitt County Memorial Hospital. In spite of the rain the crowd held up last night. The evangelist did not use his announced subject but chose instead to speak on "Daniel in the Lion's Den."

In his opening remarks Mr. Martin discussed how young people were being disturbed in their faith by some college instructors who "refuse to accept any revelation their pigmy minds cannot work out. Remember the Bible is the word of God."

Being a child of God sets one apart—one must be different—the evidence of reality is that a man's life begins to change when he is saved," he declared.

Then he cited five ways a Christian must stand: publicly, alone, not minding the consequences, and away from home.

Eddie Martin said there were many people who went to church every Sunday but never took a stand publicly. "It is time every Christian takes his stand in the open. It is not enough to live one's life for Christ. Everyone rightly must testify for Christ with words from his mouth" even if the public thinks you a fanatic.

"If you are not on our side; get on your own side and stop hurting our testimony with your life."

The man who gets along with every sinner in town is not living for God in the opinion of Mr. Martin. "A Christian who takes an uncompromising stand for God will lose some friends. But you will not have to give them up; they will give you up," he advised.

Next he made the point that the way a man is when he is filling out his tax return is the way he really is. He was developing the idea of taking the Christian stand when away from the pressure of home. What a person does on vacation reveals what the person really is.

"You will never put yourself on God's side and come out on the short end. The only reason you have been left in the world now that you are saved is so you can win another person to Christ," declared Reverend Martin concluding.

The announcements included the statement that Mrs. Robert Martin, the mother of evangelist Eddie Martin, will give her testimony Thursday night of this week. The sermon topic Thursday night will be "God Broke Up the Party."

"ALL CLEAR YET?"—Choo Choo, a pet kitten a Civilian Defense headquarters in Holyoke, Mass., knows a good shelter when it sees one. With an assist from photographer Vincent D'Addario, here is the way Choo Choo waited for "All Clear" during a practice alert in the town. (AP Wirephoto)

Fire Chief Asks Families Stop False Alarms

Fire Chief George Gardner today urged parents to caution their children against turning in false alarms.

The chief noted that two false alarms had been turned in the College View section in recent weeks. One of the alarms, he said, was turned in from a box at Fifth and Student Streets and the second at Third and Library Streets.

"If the families will talk to their children and tell them the dangers of turning in a false alarm it will help a lot," the chief emphasized.

Gardner said that he had had one or two reports of children playing around the boxes just before the alarms were turned in. He indicated that he preferred to let the families handle the matter rather than having the fire and police departments check on the matter.

"If it continues the police and fire departments will have to step in which might be embarrassing to the families of the children involved," he continued.

Gardner noted that numerous dangers are involved when the fire equipment moved out on an alarm.

"We could be way out on the edge of town for a false alarm and a fire on the opposite side of town might break out," he said. "It would give the fire a chance to spread and then too, it's dangerous for the equipment to be racing back and forth across town."

The chief said that in addition to the fire equipment some 36 volunteer firemen attend every box alarm, which provides an additional hazard.

A city ordinance provides for a fine of \$50 and 30 days in jail for turning in a false alarm.

Plans Filming Tolstoy Novel

HOLLYWOOD (AP) — David O. Selznick says he will return to film production with a movie version of Tolstoy's "War and Peace."

The producer made "Gone With the Wind," greatest money grosser of all time.

Selznick said yesterday he considers "War and Peace" similar in scope to "Gone With the Wind" and that he intends to produce it as such.

His last production was "Duel in the Sun" in 1946 which starred his wife, Jennifer Jones.

Closing Down In Old Wild West

SPARKS, Nev. (AP) — Ah, the once-wild West.

The Sparks city council has adopted an ordinance against assault and battery.

Henceforth, Sparks citizens who punch one another will be liable to fines up to \$500 and jail sentences of up to 250 days, or both.

The councilmen furthermore decided that two people who fight in public and thereby terrorize their fellow citizens shall be guilty of an affray. Such rowdies will be subject to a maximum penalty of 150 days in jail, a \$300 fine, or both.

BITE'S ON HIM
MANCHESTER, Conn. (AP) — John Van Housen, an insurance claims adjuster, called at a home to investigate the validity of a dog bite claim. The dog promptly bit him.

Cases Heard In City Police Court

In Police Court Wednesday, Judge Charles H. Whebede found Harrison Bridges of Portsmouth, Va., guilty of non-support of his two children who live here. The court denied a defense motion to quash the indictment, and the defendant appealed to Superior Court.

Silas M. Cherry, 603 Griffin street, careless and reckless driving, fined \$25, costs deducted.

T. H. Hodges, Route 1, Stokes, was found guilty of passing another motor vehicle at an intersection. The court gave him 30 days in jail, suspended on payment of \$5 on court costs. The judgment also provides that he is not to operate a motor vehicle for 60 days unless he makes adequate restitution for property damage.

Ida M. Boyd, Negro, paid \$10 for being drunk in a public place.

Mexico's population increased 75 per cent between 1920 and 1950 says a United Nations report.

Will Propose State Help On Waterfront Problem

BELHAVEN, N.C. (AP) — A proposal will be laid before the State Board of Conservation and Development at its meeting next month to employ a man to help North Carolina's coastal villages and towns improve their waterfront appearance.

The proposal was approved yesterday by members of the Board's Committee on Water Resources, Inlets and Coastal Waterways. The action was taken after the members had completed a 333-mile cruise through sounds and rivers of the northeastern area. The cruise began Sunday.

Miles Smith of Salisbury, committee chairman, said, "What we need is a representative of the department who can go around to these communities and help them with their problems."

Smith said that such a man could not only advise the communities on how to improve their waterfronts but could tackle such problems as dredging harbors and inlets, and seeing that strategic channels are kept open. The man also could represent the state in dealing with the federal govern-

ment on rivers and harbors work.

The committee members agreed that many of the waterfronts they saw were cluttered with shabby buildings and sagging wharves.

"It's just like what people look for in a motel," said Scroop Enloe of Spruce Pine. "People aren't going to stop at a place unless it is clean and attractive."

C & D Director Ben Douglas agreed that the waterfront in most towns the group visited could be improved.

Charles J. Jenkins of Aulander cited the absence of commercial shipping from the inland waterways. He expressed the opinion that there is a real need for developing water transportation.

The committee members said they were impressed with the need for dredging at several points along the route they traveled.

ELECTRONIC GHOST
GRAND RAPIDS, Mich. (AP) — Neighbors called police when they heard music and strange voices in a vacant apartment. A clock-radio, left behind by the departing tenants, had started operating.

Dorm Officers Elected At East Carolina College

Women students attending summer school at East Carolina College and living in campus dormitories have elected officers to head student activities in the residence halls.

Chosen by their fellow students as dormitory leaders and officers of the Student Government Association are the following:

Fleming Hall — Janet Latta of Roxboro, president; Carolyn Jones of Elizabeth City, Secretary-treasurer; and Peggie Guthrie of Fuquay Springs, Rebecca Best of Warsaw, Shirley Lassiter, Four Oaks, Jo Sue Wallace of Aberdeen, Joyce Boyd of New Bern, and Ruth Dawson of

Portsmouth, Vt., members-at-large of the SGA:

Jarvis Hall — Cornelia Beems of Goldsboro, president; Linda Lewis Taylor of Elizabeth City, vice president; and Doris Faircloth of Clinton, Bertha Herrin of Norfolk, Va., Christine Brett of Asheville, and Margaret Holmes of Zebulon, members-at-large of the SGA.

Wilson Hall — Miriam Sutton of Newton Grove, president; Eileen Lilly of Gatesville, secretary-treasurer; and Norma Long of Nakina, Mary Pendorgrat of Durham, Betty Jane Boyce of Jackson, and Jo Ann Flowers of Elm City, members-at-large of the SGA.

Church Dedication Ceremonies Here Sunday

The J. N. Williams Educational Building

The First Pentecostal Holiness Church

Dedication of the First Pentecostal Holiness Church of Greenville, with the new educational building and other property, in special services on Sunday, June 20, has been announced by the pastor, the Rev. Harvey E. Johnson.

Guest speakers will include the Rev. W. Eddie Morris, superintendent of Goldsboro, and the Rev. A. H. Butler, of Falcon, founder of the local church. The evening sermon will be delivered by the Rev. Mr. Butler, also.

The occasion will mark the completion of a new educational building which has been named the J. N. Williams Educational Building and the new installation of oak pews, pulpit furniture, and chancel.

Happy Is The Day When Backache Goes Away

Nagging backache, loss of pep and energy, headaches and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday conditions, such as stress and strain, cause this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages. Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 16 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

Also to be dedicated in the newly renovated church parsonage on the large lot at the corner of Cotanche and 13th streets in Greenville.

The Rev. Mr. Johnson is the 10th pastor to serve the Greenville church. During his pastorate here since September 1, 1951, the parsonage has been brick veneered, the pipe organ has been rebuilt, the new educational building has been completed, and other improvements made to the property.

The First Pentecostal Holiness Church grew out of a series of tent revival and cottage meetings conducted by the Rev. A. H. Butler and the late Rev. J. B. Williams, and other ministers in the late teens and early twenties. The minutes of the original organization session note that a meeting was held in the home of the late Mrs. J. B. Baker on Wednesday evening, October 5, 1921, and that "after reading a lesson from First Thessalonians, chapter five and commenting on same,

REV. H. E. JOHNSON

the Rev. C. B. Strickland (North Carolina Conference superintendent) read and explained the Basis of Union and General Rules of our Discipline. . . . the following gave their names as charter members:

"Heber C. Baker, Thomas Jackson, J. H. Ward, Mrs. J. H. Whitfield, Mrs. Janie Doughty, Mrs. Junie Etta Holmes, and Rev. C. W. Bass. Heber C. Baker was elected deacon, Thomas Jackson secretary-treasurer, and C. W. Bass was appointed pastor to serve until the next annual conference."

Pastors serving the church include, in addition to the Rev. Mr. Bass, October-November, 1921, the Rev. W. B. Godwin, now of Wade, 1921-1923; the late Rev. N. J. Medford, 1923-1926 and 1942-1945; the Rev. A. H. Butler of Falcon, 1926-1928; the late Rev. W. J. Noble, 1928-1929; the Rev. I. H. Presley, now residing in Florida, 1929-1932; the Rev. J. W. Berry of Williams-ton, 1932-1937; the Rev. J. G. Spivey

NOW YOU CAN LICK ATHLETE'S FOOT WITH KERATOLYTIC ACTION

T-4-L, a keratolytic fungicide, SLOUGHS OFF the tainted outer skin, exposing buried fungi and kills on contact. Leaves skin like baby's. In just ONE HOUR, if not pleased, your 40c back at any drug store. Today at Bell's Pharmacy, Warren Drug Co.

of Roseboro, 1937-1942; the Rev. Ralph R. Johnson of Wilmington, 1946-1951; and the Rev. Harvey E. Johnson, 1951 to the present.

Three of the former pastors are now deceased and two, the Rev. Mr. Butler and the Rev. Mr. Spivey, are superannuated.

Sunday's dedication service will begin at 10:50 o'clock a.m. with the call to worship by the pastor, and includes musical selections by the choir and Mrs. J. N. Williams, organist, especially arranged for this occasion. The church history will be given by the Rev. A. H. Butler who will also offer the morning prayer.

As a part of the Father's Day observance, the male quartet of the church will sing "Faith of Our Fathers," followed by the sermon by the Rev. Mr. Morris. After the sermon, led by the Rev. Mr. Morris, Pastor Johnson, and members of the official board, the service of dedication will be conducted.

The church will hold open house for inspection of the new educational building and the newly decorated sanctuary on Sunday afternoon from 2:30 until 5:30 o'clock.

The radio broadcast from the church, heard each Sunday morning, will feature a pre-view of the dedicatory services and continues from 8:30 to 9 o'clock a.m. The Sunday school, with Marvin Gardner as superintendent, begins at 9:45 o'clock and Sunday morning will be centered around the dedication theme. The closing service of the day, with the Rev. A. H. Butler as preacher, will be conducted at 7:45 o'clock Sunday evening.

The building program has been supervised by W. J. Lewis, a son-in-law of the late Rev. J. B. Williams. The educational building was recently completed.

Officers of the church and its auxiliary agencies include: Minister, Harvey E. Johnson; trustees: J. N. Williams, W. B. Peel, and W. H. Ward; official board: J. N. Williams, W. B. Peel, Marvin Gardner, L. W. Gaskins, deacons; Mrs. Charles A. Rumley, secretary-treasurer;

Sunday School Board: Marvin Gardner, superintendent; Louis Jones, Mrs. J. W. Bunch Jr., assistant superintendents; Roland Veillette, secretary-treasurer; J. D. Adams, assistant secretary-treasurer; Woman's Auxiliary Board: Mrs. Joe Tripp, president; Mrs. W. H. Ward, vice president; Mrs. J. N. Williams, secretary-treasurer; Mrs. L. W. Gaskins, assistant secretary-treasurer.

P.H.Y.S. Board: Mrs. Royce Willoughby, president; John David Cannon, vice president; Miss Frances Adams, secretary-treasurer; J. D. Adams, reporter.

Music: John David Cannon, choir director; Mrs. J. N. Williams, organist; Miss Mable Lewis, pianist.

The church averages an annu-

contribution to world missions in excess of \$1,000 and also contributes to The Falcon Orphanage around \$1,000 a year, in addition to supporting its local church activities.

Two churches have grown out of the First Church, the recently organized Carson Memorial Church in North Greenville and the Winter-ville church.

One missionary, Miss Mavis Lee Oakley who recently returned to Hong Kong, China after a furlough, and who has many years of service in this field, is a product of this church. Three ordained ministers in the North Carolina Conference, the Rev. J. Floyd Williams of Goldsboro, the Rev. J. W. Bunch, Sr. and the Rev. J. Edward Dandford, both of Greenville, are recognized as sons of the First Pentecostal Holiness Church.

Disappointed By Army's Orders

KANSAS CITY (AP)—Sgt. Henry O. Butcher, 34, a soldier 11 years, says the Army promised to send him to Germany when he reenlisted.

So he and his German-born wife planned happily for the move. During his last two years of duty at Ft. Riley Kan., Mrs. Butcher worked in an Abilene Kan. bank and saved money for the trip to see her parents again.

It didn't quite work out that way though. Today the sergeant shoves off for Japan.

His wife and their 2-year-old daughter are going to Germany for a visit anyhow.

New Zealand moas which became extinct in the 14th Century sometimes were as much as 12 feet tall.

Only one in 15 British households own washing machines.

Army, McCarthy Hearing To Date

WASHINGTON (AP)—Here is a summary of the Senate Investigations subcommittee's inquiry into the dispute between Sen. McCarthy (R-Wis) and top Army officials:

The Original Charges—Secretary of the Army Stevens and Army Counselor John G. Adams accused McCarthy and two subcommittee aides Roy M. Cohn and Francis P. Carr of using improper pressures to win favored Army treatment for Pvt. G. David Schine, a subcommittee consultant who was drafted.

McCarthy and his aides in turn accused Stevens and Adams of trying to use Schine as a "hostage" in efforts to cause McCarthy to halt or divert an investigation of alleged subversives in the Army, particularly at Ft. Monmouth, N.J. They also accused Asst. Secretary of Defense H. Struve Hensel of seeking to discredit the subcommittee.

The subcommittee dismissed Carr and Hensel as principals on a 4-3 party-line vote May 26.

Pertinent Past Testimony—Stevens denied trying to halt McCarthy's probe, but testified he objected to methods he said gave a distorted picture of the Army.

McCarthy's aides subjected him to threats of an "exceedingly serious" nature in seeking Army favors for Schine.

Adams testified Cohn threatened that if Schine were sent overseas Stevens would be "through as secretary" and the Army wrecked. He said Cohn brought pressure that was "extremely hard to bear."

Cohn said Stevens and Adams repeatedly sought to stop the Ft. Monmouth probes. He said Adams often referred to Schine as "the hostage" and once said he would "stop at nothing" to block subcommittee questioning of members of the Army's top loyalty board.

McCarthy denied under oath seeking favors for Schine and said he does not know of "one iota" of improper influence on behalf of Schine. He testified Army officials filed "blackmail" charges against him and his aides to prevent exposure of those who "coddled" Communists.

McCarthy portrayed Stevens as a "fundamentally honest" man who was "mousetrapped" by others into a plot against McCarthy and the Republican party.

Carr testified Adams made persistent demands that the McCarthy probes of the Army be stopped.

Yesterday's Highlights—McCarthy said he regards as true everything in his side's complaint against Stevens and Adams. He termed "very insulting" any suggestion that he would allow favors for an Army private to influence his investigations.

Special Army Counsel Joseph N. Welch recalled that McCarthy had said earlier he had never seen an application by Schine for an Army commission. Welch produced a signature by McCarthy on a printed form and said it was part of Schine's application. Welch and McCarthy finally agreed McCarthy had witnessed Schine's loyalty oath, which accompanied the application.

Welch suggested McCarthy was not being gracious in saying, as a witness, that the charges against Cohn and Carr had been proved baseless. McCarthy said he could not be gracious if false charges were made against them.

Welch and McCarthy tangled again when the Army lawyer said the senator had no monopoly on Communist-hunting. Welch finally said he does admire "the work you do when it succeeds." He and McCarthy agreed there is room for both the Army and congressional committees in the search for subversives.

McCarthy said he regards the situation in the Central Intelligence Agency as worse than in the Army.

McCarthy said he regards the situation in the Central Intelligence Agency as worse than in the Army.

AUTOMATIC CALL
INDIANAPOLIS (AP)—A driver got quick official attention after his car hit a utility pole. The crash set off a fire-alarm box. The motorist wasn't hurt but he was charged with drunken driving.

Cugat's Ex-Wife Marries Again

HOLLYWOOD (AP)—Lorraine Allen Cugat, former wife of band leader Xavier Cugat, and Stanley Stalford, 35, Beverly Hills, Calif., businessman, were married in Santa Ana, Calif., June 4, it was disclosed yesterday.

Rabbi Philip Rosenberg performed the ceremony at Temple Beth Shalom.

Mrs. Stalford, 31 divorced Cugat in Los Angeles in January 1952. Cugat obtained a divorce in Las Vegas, Nev., in April, 1952 and the next month he and his featured singer, Abbe Lane, were married in Miami, Fla.

From 1920 to 1953, per capita production of steel in the United States rose from 886 pounds to 1,388 pounds.

Tips For The Trip

VACATION REFRESHERS... Lavender scented toiletries kept in a plastic kit in the glove compartment can keep you refreshed and clean on a motor trip.

By VIVAN BROWN
AP Newsfeatures Beauty Editor
So you're going on a vacation. And after much planning, chances are you may arrive at your chosen spot minus many things that will make you comfortable, better groomed and more content.
The best way to avoid that possibility is to make a list weeks in advance of your vacation, if possible. Carry it in your handbag or tack it up in your bedroom and jot down items whenever you think of them.
Make a list of categories such as "sports," "beach" or "mountains" (as the case may be),

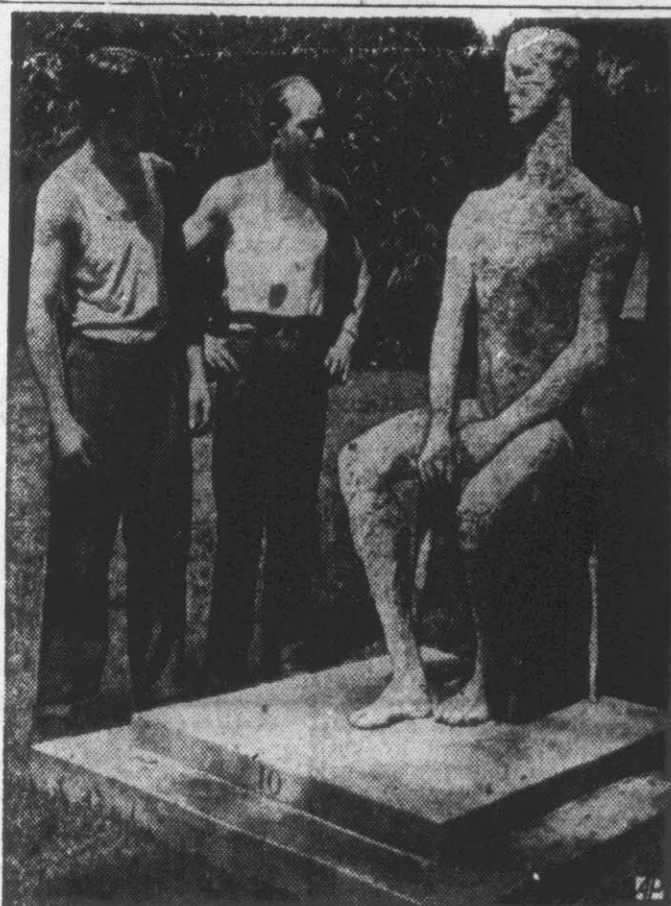

"evening wear," "bedtime," car (if you plan to motor), "beauty." Take each category on a head-to-toe basis. For car travel for instance, you'd want a bandanna or a brimmed hat, sun glasses, a light but comfortable suit or dress with jacket.
In the beauty department you'll want a little kit to carry in the glove compartment for quick brush-ups at roadside washstands. Equip a little plastic bag with a shaker of talc, soap, wash cloth, sachet, comb and brush. A light scent such as lavender in your toiletries shouldn't irritate the driver, and will give you a pleasant and re-

freshed lift each time you make use of them.
Be sure to wrap such grooming aids as nail polish, nail implements, lipsticks and perfumes in cotton batting or cleansing tissues and stuff them into shoes or slippers. Such things as sweaters are easily forgotten if you depart for your vacation resort on a hot day. But a warm sweater, and even a coat, will come in handy if the weather turns chilly. Then, too, don't be afraid you'll flunk the weather by taking along your umbrella and raincoat. These are handy items to keep available in the car.

Do-It-Yourself Craze Spreads To Ladies' Heads

AP Newsfeatures
The do-it-yourself craze has gone to most women's heads. A survey of more than 1,500 women concludes that 96 per cent of them regularly do their own hair grooming.
Hair care includes shampooing, conditioning, setting, massaging and use of tonics and home permanents. According to the survey, prepared by a beauty institute, many women feel personal hair conditioning is practical.
Sixty per cent of the women questioned live in urban areas, 40 per cent in rural sections. Income seemed to have little influence on the frequency of home care: 33 per cent of the women were over the \$5,000 bracket, 31 per cent from \$3,000 to \$5,000, 37 per cent under \$3,000.
Wide differences are shown in methods of using hair preparations successfully. Some women use them before or after shampooing, and some between washings.
Recommended by the institute is a pre-shampoo treatment with a pure petrolatum hair tonic and a hot oil method which calls for steaming the head with hot, wrung-out towels.
The national survey, which took six months to complete, reports many women make the mistake of dousing the head with oil. Tonics should be used sparingly, just enough to lubricate the dry ends and give the hair a gloss.
Customs in hair care vary with age, dwelling and geography, the survey shows. Home grooming is more popular with Westerners, Southerners, farm women and women over 30 years old.
City-dwellers, young women and Easterners tend more toward professional hair care.

Motorists Face Danger In Sleep
DETROIT (AP)—Fatigue and sleepiness are among the most dangerous problems faced by motorists, says L. M. van Noppen, auto finance company official.
Most drivers try to travel too far in a day, he says.
"If you get sleepy while driving, pull off the road and go to sleep. If you doze off on the highway, you probably never will wake up," he adds.

FEELING IS MUTUAL—Shirtless workmen exchange stare for stare with "Seated Man," by Elizabeth Frink, at International Exhibition of Sculpture in London's Holland Park.

Pakistan Women Remain Largely In Background

By EUGENE LEVIN
KARACHI, Pakistan (AP)—At first glance, Karachi looks like a men's world. The streets are crowded with men. The few women who can be seen hide their faces behind veils or "burkabs," hoods with eye slits.
Purdah—the seclusion of women practiced by many Moslems—still is alive in Pakistan despite the growing influence of modern ideas.

Young Pakistanis are anxious to modernize their customs, to bring women out into the open and to give them a place in business and society. But the new ideas are taking hold slowly.
Although the concept of purdah is not backed by any specific authority in the Koran, tradition and customs over hundreds of years have given the practice a sanctioned place in most Moslem communities on the subcontinent.
The custom is a hard one to change, even for a modern young Moslem girl like Zohra Hamid. Zohra (that is not her real name since she asked to remain unidentified) has attended school in the United States and is now one of the few women working in the government offices here.
"Few women, no matter how modern they might be in outlook, are ready to accept work," she says. "Even if they wanted to work, their husbands or families might object."
"When I marry I fully expect to have to quit work. Most young men probably would object to my being in purdah, but they still would not me to stay home as much as possible. They consider it backward to wear a burkab, but they still are not prepared to let their wives roam the streets at will."
"Here in Karachi I never go shopping alone, or to a restaurant or movie alone. The men just wouldn't understand it. They would point at me, perhaps question my morals and possibly insult me."
"I have girl friends who are as modern as I am. They also work for the government in Karachi. But when they go back to their home villages, no matter how short the visit might be, they return to purdah."
The clinging to the past keeps

Moslem women from working in stores and offices, from appearing in large numbers in restaurants and from shopping in droves.
Air-Conditioned Her Fur Coat
DALLAS (AP)—"My husband said he was going to air-condition it for me," the complaining wife told Justice of the Peace Bill Richburg. She showed the judge a fur coat, one arm cut off and several long slashes in the back. Her husband used a long sharp knife, she said.
"Where were you when he was slashing up the coat?" asked the judge.
"I was afraid you were going to ask me that," came the answer. "My husband asked the same thing..."

Anyway, Richburg put the angry husband under a peace bond.
Let 5-Year-Old Son Drive Auto
CLYDE, N. C. (AP)—Eimer Roosevelt Mason, 30, will be tried here July 12 on a charge of letting an unlicensed minor—his son—drive his car.
State Patrolman W. R. Wooden, who made the arrest, said he saw the Mason car going about 30 miles an hour with a driver who looked a bit short in the saddle, Mason protested that his son is a capable driver who also runs a farm tractor.
The boy wasn't charged. He's 5.
The asteroid, Eros, sometimes approaches within 14 million miles of the earth.

Nurse Lady

ADELAIDE HUMPHRIES

Norman Brandt and nurse Cynthia Doyle had first met at the scene of an accident near Washington, D.C. He'd tried to "kiss" her to pay her court, but Cynthia's romantic interest centers about Dr. Sellers with whom she works at the clinic. It was not until the doctor discovered that he had a rival for Nurse Doyle's esteem, that he began to see her as a woman as well as a nurse. He is gravely concerned when Cynthia accepts an invitation to dine with the handsome Mr. Brandt, so much so, that he, himself, endeavors to date her.

CHAPTER TEN

THE OTHER two girls had wondered why Roz had been at home so much. It was not like her to sit at home and wait for any man. How could Norman possibly tell her that he was not interested in her, and never had been? Cynthia wondered. He could not simply blurt it out and hurt Roz's feelings. He would have to be very diplomatic.

"The phone rang," Roz continued, "but it was never the right voice at the other end. So now I have to think up some good reason to do the calling. Which is why I dreamed up a party. Don't you two think that's a clever idea?"

"Very clever," Nora said. Nora thought that both Roz and Cynthia were far cleverer than she was. But neither of them could be as happy. She was so happy because Alan was coming home she could almost have died of it. She wanted everyone else to be happy, too. E. she added, "I'll ask Tommy. He's young, but he's a sweet boy. And it will be a wonderful opportunity, Cyn, for you to make an impression on Dr. Sellers."

"Right you are," Roz said cheerfully, before Cynthia could comment. "It does a man good to see a little woman in a domestic setting. Makes him realize all he's missing."

Cynthia got up from the table to carry out the dishes and bring in the coffee. She felt like a heel. A run-down one. Yet, maybe the party was not a bad idea. After it was over perhaps Roz would realize that Norman was not interested in any setting. Or maybe Roz would realize that Norman wasn't the man she wanted after all.

She wished now that she had not kept anything secret—that first accidental meeting at the scene of the accident, running into Norman when she went to see Julius at the hospital, dinner with him last night.

Once you got yourself involved, it became harder and harder to wiggle out. Well, it was up to Norman. It was his problem, not hers.

Announcement

Dr. Joseph C. Bateman
Announces The Opening
of Bateman's Veterinary
Hospital And Boarding
Kennels on Memorial Ave.

Now, upon more sober reflections, she decided that perhaps Norman Brandt had been handing her a line. He simply could not have fallen in love with her, made up his mind to want to marry her, when he had seen her only a few times.

Maybe, she thought, feeling a little better, it would all turn out all right eventually, since she could never fall in love with Norman. How could she, when she was in love with Walt and when he was the kind of man she wanted to marry even if Walt himself did not know it.

"... and I think hot canapes first, since a buffet supper will be mostly cold. And you must make one of your fudge-icing cakes, Nora. We were discussing what we would have Friday night," Roz informed Cynthia as she came back into the living room, one corner of which served as their dining room.

"Friday night!" Cynthia almost spilled the hot coffee. Why did Roz have to pick Friday? Still, on second thought, as she already had a date with Walt for that evening, it might work out for the best, too.

"Yes. We decided that Friday would be the best night. That will give us all day Saturday to clean up the mess. And Nora says that Tommy goes to night school through the week." Roz took it for granted that Friday would be satisfactory with Cynthia, so Cynthia let it pass.

"Suppose Mr. Brandt won't come?" Nora said. That would be terrible, when the whole party was really on his account.

"Oh, he'll come," Roz appeared quite confident. "He told me he hoped I'd invite him back to the house-remember, Cyn? He also said he wanted to meet you, Nora."

"He did? How nice of him," Nora was always pleased at any compliment. There was no reason for it, since she was a very sweet girl and quite pretty, but Nora sometimes suffered from what Roz bluntly called being unable to blow her own horn. "I tell you what," Nora came up with an idea, "I'll bake the cake but you can let Mr. Brandt think you did it."

"That's generous of you," Roz made a small grimace, "but I doubt if Norman would swallow that one. He knows I'm not the type. Cyn, I want you to arrange the flowers. You're good at that. I wish," her expression was even slyer, "I were good for something besides being ornamental."

"Oh, but you are!" Nora was loyal. "Any girl who has her R.N. has proved she's worth a lot—so Alan says."

"I got mine by the skin of my teeth," Roz said. "I never would have gone on and taken extra courses in physical therapy, as Cyn did. And I'd never have the patience to wait on old people, or cranky sick ones, like you, Nora. No, my forte is being pleasing-to-the-eye and most men are more interested in how a gal looks than what she's like underneath the war paint."

Nora was glad that Alan was not that kind. She never could understand how it had happened that Alan had chosen her when there were so many prettier and far smarter girls in the world. But he had.

Cynthia didn't say anything, as

there didn't seem to be anything she could say. But she thought that Roz could be wrong. Some men cared more about what a woman was like than how she looked. Norman had not claimed to have lost his heart because he considered Cynthia a beauty. He had given, of all the odd reasons, the one that he first had seen her kneeling with a child's head in her lap.

Well, Walt certainly had seen her upon enough occasions administering to children, presenting just such an appeal, and it had never made the slightest impression upon him. So maybe it would be a good idea to let Walt see her in an entirely different setting.

She decided to tell him, next day when there was a slight lull in the treatment room in the clinic, that it was to be a party Friday evening, not a twosome. Again this would show him she was not over-anxious to have dinner alone with him. Keep him guessing—old tactics, but usually good.

"A party, eh?" Walt said. "Well, that will be nice." If he was disappointed that he was not to have her to himself, he certainly did not show it. "I hope I won't have to dress up," he added since like most men he hated the ordeal of getting into dinner clothes.

Cynthia assured him that he could come just as he was.

"In this getup?" He indicated the long, enveloping white coat he had on. "I'm afraid you'd be ashamed of me," he said, a twinkle in his eye. "I'd never stand up to your fine-feathered friend, the one who ran down the little Mancini boy. . . . I presume he's invited to your party too?"

"Yes, he is," Cynthia said. She wished Walt would stop referring to Norman as a man who had committed manslaughter. If the two became acquainted at the party Friday night, Walt might change his mind about Norman. And Norman might discover that Walt did not always wear a scowl, or try to tower above everyone else.

She did not bother to correct Walt's idea that Norman was her particular friend. But she did say, "I wouldn't be ashamed of you—ever, Dr. Sellers."

He said, "Thank you for saying that, Miss Doyle." His eyes were still twinkling. "I had hoped I might have the opportunity to discuss something with you—something very important. Since we can't very well have a private conversation Friday evening, why can't we have dinner together tonight? That is, of course," again his mouth was humorous, "unless you are dining again with your dark and handsome friend."

"His name is Norman Brandt," Cynthia said. Walt made Norman sound wicked and sinister. "I'd be glad to have dinner with you tonight," she added. She wondered what it was he wished to discuss with her. Something of a private nature. She hoped it would be something personal, for a change.

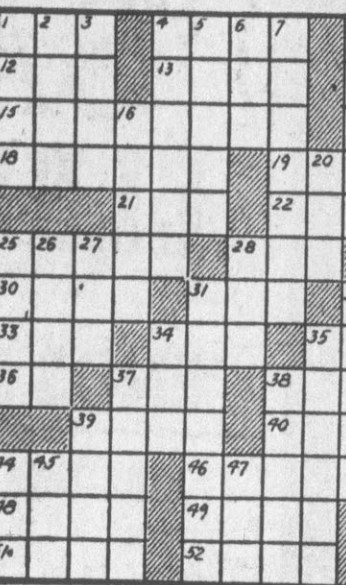

"That's fine. Don't bother to go home to change. As you just told me, you'll do very well as you are. I thought you'd find a place nearby. There's a little Italian place—would that suit you?"

Cynthia said it would. She had to smile to herself, wondering what Walt would say if he knew that the "little Italian place" was where she had had dinner with Norman Brandt.

THERE OUGHTA BE A LAW By FAGALY and SHORTEN

Future Labor Relations To Be Affected By Steel Parley

By NORMAN WALKER
WASHINGTON — Whatever happens in the current steel industry negotiations is likely to shape labor relations for many months to come.

Steel is a traditional pattern-maker. Its labor contract terms considerably influence other industries. So do its prices.

The steel wage settlement in 1946, for instance, and subsequent steel price increases, touched off an era of postwar inflation. The same thing, happened to a lesser extent as an aftermath of the big 1952 steel strike.

So, in assessing potential 1954 labor trouble spots, steel must go to the top of the list. This is not to say there will be another two-month strike like that in 1952 or that steel will start now-stable prices off on a new spiral.

In fact, there is every prospect for a peaceful settlement. The big steel firms get along better with the present CIO United Steelworkers president, David J. McDonald, than they did with his predecessor, Philip Murray. McDonald recently made a good-will tour of U.S. Steel plants with Board Chairman Benjamin Fairless.

But McDonald's union has just pitched a fat set of new contract demands at Fairless and other steel employers, including requests for a "substantial" pay boost, higher pensions and a guaranteed annual wage.

The steel industry is operating at about 70 per cent of capacity and appears reluctant to boost wage rates now averaging well above \$2 an hour. A strike could happen after present agreements

expire June 30. Other possible labor trouble spots are in the electrical manufacturing, maritime, rubber and telephone industries.

Nothing is permanently settled, either, in the New York waterfront labor controversy. A renewal of pier strife between rival unions there would surprise no one.

In coal, John L. Lewis has let more than six months go by without exercising an option to ask mine owners for more pay and welfare benefits for miners. The mine operators are more in a mood to seek a wage cut, something Lewis has pledged he will never allow.

It is possible, though doubtful, that McDonald and Lewis, who have had their heads together frequently of late could team up in a combined coal-steel wage boost drive.

It's more likely that Lewis will wait in hopes that coal business will improve next fall and that McDonald may, before then reach a peaceful settlement in steel.

In the textile industry strikes have developed in New England mills when employers, because of falling clothing prices, tried to institute wage cuts.

The South is another potential area for labor strife. More workers are organized by unions in Southern states than in any other region. A renewed union effort, such as that recently announced by the AFL Teamsters Union, could be expected to meet determined employer opposition.

The "no raiding" agreements being negotiated between the AFL and CIO and within the AFL itself could touch off new union organiz-

ing efforts.

If these pacts can be made to stick—and there is some doubt of this—it would release union organizers and funds now being used for "raiding" other union memberships for drives on unorganized workers. The South is the most obvious target.

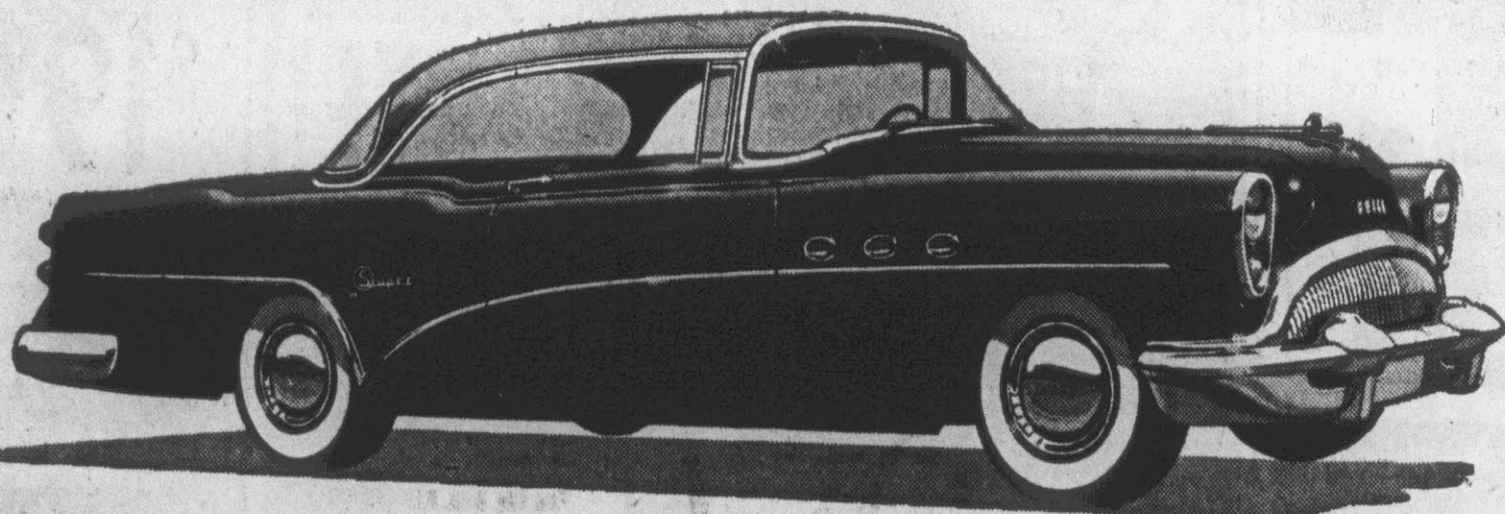

Of the nearly 60 million workers in the nation, only about a fourth have been organized into unions.

The present economic situation is not without its effect on unions. Unemployment among union members means reduced revenues from dues. As far as can be ascertained, this has not yet had much effect, but a worsening employment situation could begin to hamper union activities.

Far from showing any financial pinch, most unions—the larger ones anyway—appear fairly affluent. Some are erecting elaborate new headquarters buildings on choice sites here in Washington, tangible evidence they intend to stay in business for a long time.

"You can expect the most raiding in the best melon patch"

You can bet your bottom dollar on it.

Come next year, or the year after that, you'll be seeing on other cars some of the styling features you see in Buick today.

We expect it. It has happened before. And there is good reason for it—popular appeal.

Take, for example, the car model shown here.

We call it a Riviera. Most people call it a "hardtop."

When Buick introduced this body type in 1949, it was a completely new thing. And it was an instant hit.

Today, Buick "hardtops" outsell all other models in the line. It's the styling America has taken to its heart.

So today you find that every major car maker has his own version of this Buick original. (And we can't blame them a bit. They know a good thing when they see it.)

Maybe you've noticed other such borrowings from Buick.

The diagrammatic sketch shown here lists some of the Buick advances that are now

reflected in the styling of other cars—or will be soon.

For you can be sure that the great panoramic windshield first shown by Buick this year will be copied. It's too good to pass up.

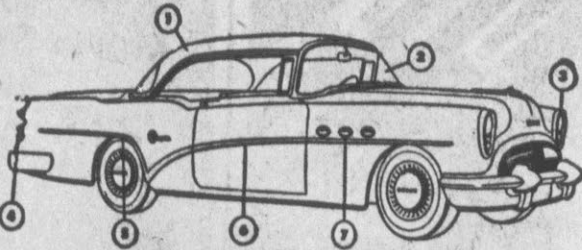

And you can be sure that the full rear-wheel cutout now on every 1954 Buick Riviera and Convertible will show up elsewhere in the future. It's a sports-car touch that hits a really popular note.

We're sure of such things.

We're sure because the tomorrow-styled Buick of today seems to be just what people want. Because Buick sales are soaring. Because Buick now outsells every other car in America except two of the so-called "low-price three."

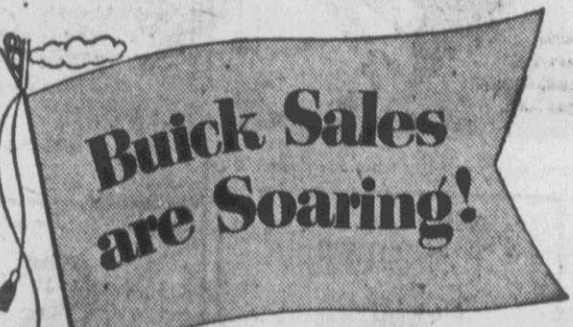

So to you we say—why wait another day to see and drive a new Buick? It's the beauty of the year. It's the buy of the times. And it's a wonderful way to head up the parade.

Drop in this week for a demonstration, won't you?

KEY TO SOME STYLING "FIRSTS" BY BUICK

- Riviera "hardtop" body type
- Panoramic windshield
- Visored headlamp grouping
- Hooded tail light assembly on Skylark
- Full rear-wheel cutout
- Fender sweep-spears
- Ventiports (Remember Buick's first ventiports on front fenders? Some folks even bought copies of those chrome rings to put on jalopies!)

Comedian Will Try New Road To Fame

By BOB THOMAS
HOLLYWOOD—This Saturday night, Alan Young launches yet another chapter in his amazing up-and-down career in show business. The bright, youthful Canadian comic will be the guest star on NBC-TV's Saturday Night Review, and he'll appear eight times on the show this summer. He'll be doing what he does best—sprightly sketches of a well-meaning man caught in the web of circumstance. This fall he may be back with a regular show for which NBC has high hopes. It's tentatively called "That's Life," and Young plays a bumbling Mr. Flit. He also has plans for his own show in which he and a stock company would play comedy sketches. And so his star is again in the ascendancy. He has been in Hollywood exactly 10 years this month and now can view his hectic career with some candor. "I've never been out of work since 1938," he reflected, "but my career has certainly had its highs and lows." Born in England, he started out

in show business as a monologist in Canada when he was 13. He became a top radio comedian on the Canadian network, then was lured by offers from the United States. He caught on with radio audiences in this country and came to Hollywood. He landed a contract with 20th Century-Fox and scored a success in "Margie." But after a couple of so-so films he was dropped by the studio. He also went off the air. "So I worked up an act to play theaters," he said. "That was fine, except that I played four and that's all there were. I was very discouraged when I was playing Detroit, and I went up to Canada to scout the possibilities of going back there. I had decided to return when I got a call from my agent that CBS was interested in having me for a TV show. He talked me out of going back to Canada." The CBS deal jelled, but Young had one more date to play in New York. The picture on the bill was poor. Young got second billing to a child pianist and audiences were surly. A comedian had stolen

Japan Dropped Military Titles

TOKYO (AP)—The men who command Japan's security forces have strictly unimpaired titles such as superintendent. So there was some surprise today when the U.S. Navy base said Rear Adm. Yasumaro Taniguchi had visited the aircraft carrier Boxer. Inquiry showed that U.S. officials have been privately translating titles to military rank. Taniguchi is vice superintendent of the coastal safety force. A Navy spokesman was mildly surprised when asked about it all. "You mean they have some other titles?" he asked.

Bomber's Crash Kills Crewman

TOKYO (AP)—An Air Force B26 crashed and burned 65 miles north west of Hiroshima today, killing one of four crewmen. The Air Force said the other three men parachuted and escaped. No names were announced. Six of Shakespeare's signatures still are extant.

Town Is Caught Without Water

CHARDON, Ohio (AP)—Mayor Donald C. Muchmore declared a

water emergency last night and warned Chardon residents: "If we have a fire tonight, there's no use calling out the fire department; we have no water. An ermine is a stoat when its fur turns white in winter."

Little League Regional Tournament To Be Played Here

Eight Teams To Come For Regional Games

By JIMMY KELLES
Reflector Sports Editor

Little League Baseball's Region Five Elimination tournament to determine a Southern representative to the Little League World Series will be held in Greenville August 14, 17, 18, and 19. Regional Director Warren Carroll announced today.

Carroll was notified of the selection by the Tournament Committee of Little League Baseball. Selection was made after weighing recommendations made by the various sites that had requested the tournament. Greenville was selected over Rome, Georgia; Orlando and Fort Pierce, Florida; and Auburn, Alabama. The selection was based on available facilities and plans.

The tournament was held in Greenville last summer with representatives from seven states competing. The local champion, Birmingham, Alabama, went on to win the Little League World Series by defeating Syracuse, New York.

Eight Teams Coming

This year's tournament will bring in eight teams. The teams will come from sections in the Southern (Fifth) Region. The sections have not yet been determined by regional or national officials. Last year's regional competitors were state champions with the exception of the Florida team which represented North and South sections of Florida.

Last year's tournament was sponsored by the Greenville Junior Chamber of Commerce. The Joycees have already requested that they be permitted to support the tournament again this year but Carroll pointed out this morning that the sponsoring organization cannot carry the complete load of underwriting the tournament by itself. Last year, and it is presumed that the same plans will be followed this year, other civic organizations rallied to assist in the conducting of the playoff. That was one of the details taken into consideration by the national Tournament Committee, since one of the primary jobs of the promoting and host group is to keep expenses of visiting teams at a minimum.

Carroll said that this year's tournament will bring 112 boys, their coaches, and fans to Greenville. Last year, there were approximately 500 parents and other fans who followed the teams to Greenville for the playoff. Last year's budget was more than \$2,000 excluding meals and entertainment, amount that is expected to remain about the same for this year's tournament. The expenses are met through contributions from backing organizations, advertisements in the tournament program, donations at the games, concession sales, and sales of Little League materials at the games.

As regional director, Carroll's job now is to select sectional tournament directors and approve their recommendations for district and area directors. He expects to complete that work as soon as National Headquarters, located in Williamsport, Pennsylvania, determines the policy for selecting sectional contestants.

Bonus Baby by Pap

Charles Determined To Win Last Chance

By MURRAY ROSE

NEW YORK (AP)—Ezzard Charles bucks the explosive power of heavyweight king Rocky Marciano and a 54-year-old tradition of the ring tonight in a final try to become the first ex-champion to regain boxing's most prized crown. The odds are 5-18 that he fails.

"It's now or never for Ezzard," said Co-manager Tom Tamas. "H knows it's his last chance and he's never been so determined before. He's right on edge. I hope we don't get any rain to spoil it."

The forecast is for fair and warmer although an earlier prediction by the weatherman called for a threat of late-evening thunder showers. But possible postponement which could force a week's setback of the 15-round title fight in Yankee Stadium was uppermost in the minds of the principals and promoters as they anxiously peered at the sky. A canopy was placed above the ring to keep the canvas dry.

The promoting International Boxing Club said it will go up to the ball park this evening with \$400,000 in the till. Promoter Jim Norris is looking for a 40,000 crowd and \$500,000 at the gate with a break from the weatherman.

In addition to the gate receipts the fighters will share (Marciano 40 per cent, Charles 20) in close to \$200,000 from the coast-to-coast theater-television, \$35,000 from the ABC network radio broadcast and a possible bonanza from the movies if the fight is sensational.

"There will be no home television. The bout will start at 9:30 p. m., EST.

While the 32-year-old Charles will be seeking to accomplish what eight former champions, including himself, have failed to do, the 29-year-old Marciano will be facing a less potent heavyweight jinx. Only 5 of 17 heavyweight rulers have been able to get by a third defense. This is No. 3 for the Brockton Bruiser.

Charles was outpointed by Jersey Joe Walcott in Philadelphia, June 5, 1932, in his first effort to regain the title.

How does he intend to fight the strong, brawling, blitz-minded Marciano, who has won 40 of his 45 bouts by knockouts? That's the big question. Charles is the enigma of this production. Everyone knows the muscular, power-packing Rocky will come out swinging, trying to end it with every punch he throws.

His power is so respected that he's rated a 5-12 choice to stop Charles. It's 6-1 that Rocky won't be stopped.

Will Charles elect to box, hoping to hold off Rocky's bulging drives? Or will he try to match bombs with the bomber?

Future Looks Really Rosy For League-Leading Indians

By BEN PHEGAR
AP Sports Writer

Rarely has the future looked so rosy for the Cleveland Indians.

The cripples are coming back with a bang. The club has a three-game hold on first place. And the next eight games, all at home, are against second-division teams.

The Indians ran their current winning streak to seven last night with a 5-1 victory over Washington that marked the return to partial action of Bobby Avila, the league's leading hitter.

Al Rosen made his first appearance in almost two weeks the night before. He's last year's Most Valuable Player in the American League and is running second to Avila in hitting.

Avila, on the bench with a chipped thumb, came in as a runner and stayed around to bat once. He delivered a two-run single.

Rosen drove in three runs as a pinch hitter Tuesday night and singled once in two tries last night.

Even in the eight games that both Rosen and Avila missed, the Indians moved forward at a rapid pace, winning six.

The other two teams in the three-team American League race also won yesterday. Second-place Chicago beat Philadelphia 11-6 and the New York Yankees edged Baltimore 2-0. Last-place Boston broke an eight-game losing streak with a 3-2 victory at Detroit.

The New York Giants stayed atop the National League with a 4-0 verdict over Cincinnati. Brooklyn remained a game behind the Giants by whipping Milwaukee 8-2. St. Louis at Philadelphia and Chicago at Pittsburgh were rained out.

Rain Delays Tournament; Play Only Three Matches

Rain delayed the Greenville city tennis tournament somewhat yesterday afternoon although three of the singles matches were completed.

Boyce (Butch) Cox reached the finals of the boys' division by downing Charles Smith 6-0, 8-6 in as thrilling a contest as will be seen in the second set.

Cox jumped off to a good start in the first set but found himself on the defensive when Smith led 5-3 in the second set. From there Cox put on the pressure and tied up the set at 5-5. After splitting the next two games Cox won two in a row and had the contest.

Joe Sawyer completed his men's singles match with Clark Noble that was rained out yesterday after two sets. Sawyer had to go only one more set against Noble to win 4-6, 6-1, 6-1.

Sawyer then reached the semi-finals of the men's division by beating Wayne Bishop in their quarter-final match. Sawyer and Bishop had to go the full three set limit in what some observers call the best match of the tournament. Bishop was playing good tennis in downing Sawyer 6-3 in the first set, but in the last two sets Sawyer seemed to get the most important points to win 6-4, 6-1.

All other matches were rained out yesterday. A full schedule is prepared for today with all the divisions having to cram in extra games because of the rain that has delayed progress in the tourney for the past two days.

Pepsi Cola Beats Exchange For First Win Of Season

By WAYNE BISHOP
Reflector Sports Writer

After going through the entire first half of the season without winning a ball game the Pepsi-Cola put on their hitting shoes yesterday afternoon and dumped the Exchange 7-4 between raindrops at Little League Park.

The Pepsi rallied in one big inning, in which they scored all seven of their runs, and held off the last-inning rallies of the Exchange to take the lead in the second half.

Five bases on balls, four hits, and one error paved the way to the seven runs for the Pepsi. Trailing 7-2 after the third inning the Exchange club tried to get back into the ball game but their opponents were just a little too far ahead.

In the fifth the Exchange pushed over one run on two hits, and in the sixth they were in the midst of a big inning when Gray was nipped at the plate after only one run was in.

Jack Whitley went all the way for the Pepsi and hurled creditable ball all the way. The Pepsi pitching phenomena gave up only six hits and all the runs off him were unearned.

Gray was the only Exchange batter to have much success of Whitley's pitching with two hits in three trips to the plate. Jackson Williams led the Pepsi punching with three hits in three bats.

The second game that was scheduled for yesterday was postponed because of the rain. The game will be played this evening at 8 o'clock before the Joycees-Kiwanis game. The postponed game is between the V.F.W. and the Lions.

Hogan Is Tabbed As Man To Beat

By HUGH FULLERTON JR.
SPRINGFIELD, N. J. (AP)—Thirty years after he won his only National Open golf championship, Walter Hogan today tabbed Ben Hogan as the man to beat in the 54th National Open, starting today at Baltusrol.

Hogan, more interested in cutting up touches with some of his old cronies than in picking winners, merely strung along with the majority in picking Hogan to win his fifth Open title. But a note of admiration crept into Sir Walter's voice as he talked about the trim little Texan.

"You've got to string along with the little man, he's got the head," E. bby Cruickshank suggested.

Hogan nodded agreement and added: "He's got the game too. Those other fellows are out there playing practice rounds. Ben already has played the course the way it will be for the tournament."

"I think he's smart not to practice in this cold wind. If you're not on the stick the day before a tournament, you're not going to be on it."

The lengthy Baltusrol lower course where 182 of the nation's top golfers began competition today and where one will be crowned champion, isn't the same as the courses Hogan played in the 1915 and 1936 Opens. The original Baltusrol course was torn up in 1920 and what is now the upper course was used in 1936.

This one is a 7,027-yard terror, especially if the weather remains damp and windy, as it was for yesterday's final practice round. The chilly east wind, blowing against the players on the two long finishing holes, made it difficult to approach the tournament par of 34-36-70.

So far only Hogan has dared to predict that his Open record of 276 for the 72 holes will be threatened here. Most of the others say 284 should be good enough to win and some predictions have run much higher.

Regardless of the quality of the field, the 54th Open figures to be a duel between defending champion Hogan and overdue Sammy Snead until someone else comes along to prove otherwise.

Bracketed with them as possible contenders were past champions Lloyd Mangrum, Julius Boros and Cary Middlecott; Bobby Locke, the smooth-putting South African; Bob Toski, the big winner of the tournament circuit; Ted Kroll; Jackie Burke; George Fazio; and Jimmy Demaret.

Reports On National Open Has Talbot Very Baffled

By GAYLE TALBOT
NEW YORK (AP)—Although we might not have been paying strict attention, having been busy getting a couple prizefighters ready for a rousing fight, it still seems here that several questions remain to be answered in connection with the National Open Golf tournament starting today at Baltusrol over in Springfield, N. J.

The first: Are Ben Hogan and Sammy Snead the only entrants? The answer to that one, we learn, is no. The course will be alive with other players, many of them good. It's just that the advance stories have been almost entirely concerned with whether Hogan, who has won four opens, will beat Snead who has made a career of almost winning the big one.

Second, there must be many fans who are honestly confused as this writer is concerning the physical infirmities of the two principal antagonists. Because of the conflicting claims, it appears impossible to say which of them is in worse shape and it might be necessary to go the full 72 holes to settle the issue.

This much is certain—Hogan got sick first. When he landed here more than a week ago the Bantam said he felt so terrible he might not be able to play at all and that if he did somehow manage to stagger to the first tee he probably would louse up the course. He had a virus that was something awful.

To this, Snead responded within a few days that he was suffering with aches and pains through his back and across his shoulders that made it an agony to swing a golf club at all. He said that he, too, might be forced to withdraw.

At the last report we saw, that was substantially the way things stood as the two 40-plus and creaking warriors prepared to tee off today. Some observers thought that Hogan weakened his clinical report by getting out of bed and shooting a 64 in a practice round last Saturday.

This latter feat, incidentally, is much toward muddying up the third major question which has caused tempers to flare in advance of today's opening round. Is Baltusrol a regular torture chamber of a golf course, diabolically lashed and toughened to the point that it is unfair, or is it actually an old ladies' layout waiting to be taken apart?

16 Boys Competing For Prep Crown

WATERDOWN, Conn. (AP)—Sixteen youngsters teed off today, all seeking the individual match play title in the 38th annual Eastern Interscholastic golf tournament.

Woodberry Forest School of Virginia won the team title yesterday with 819, and Steve Jonas, an 18-year-old Haverhill, Mass., boy playing for Huntington School of Boston, won the medal with 72-75-147.

Sted Morris, Salisbury, N. C., boy from Woodberry Forest, was two strokes behind Jonas with 74-75-149.

Browne Advances

WEST POINT, N. Y. (AP)—First seeded Herb Browne of North Carolina meets Clyde Barker, ranked fourth from Cornell, and second seeded Tim Coss of Swarthmore takes on unseeded Dick Raskind of Yale in the semi-final round of the Eastern Intercollegiate tennis championships today.

Browne ousted fifth seeded Alan Englander of Yale, 6-3, 8-6 in the quarter-finals yesterday. Coss defeated Browne's teammate, Don Thompson, 6-3, 6-4 and Barker eliminated Bobby Payne, another North Carolinian, 6-3, 6-4. Raskind defeated Jack Vradewelt of Western Michigan 6-4, 6-4.

Catcher Carl Sawatzki of the Chicago White Sox previously played for the Chicago Cubs. He was acquired on waivers last December.

Rollins Defeated In College Series By Missouri U.

OMAHA (AP)—A home run over the left field fence burst the hopes of little Rollins College and made Missouri a champion after one miss in the NCAA college baseball World Series.

It was hit in the second inning and was the blow that counted what turned out to be the winning run for Missouri in a 4-1 victory over the Florida team representing the smallest college ever to compete in the big double elimination meet.

Missouri was leading, 1-0, when right-handed Cox stepped up and nicked southpaw Bill Gary for the long ball.

The finals of the tourney attracted a crowd of 7,810 to see the two sentimental favorites play—Rollins because the tars represented the "little fellow" and Missouri because the Tigers represented the home conference and because the school had missed in the 1932 finals.

Junior Tourney In Second Round

CHARLOTTE (AP)—With the early favorites riding high, the fifth annual Carolina Golf Assn. Junior tournament moved into its second round today over the Myers Park Country Club course.

Defending champion George Warren of Hampton, S. C., faced Ed Justa of Rocky Mount in the feature match of the championship fight's upper bracket.

In the lower bracket, medalist Warren Stanley of Charlotte, 14-year-old sensation, met George Allen of Lumberton.

Both Warren and Stanley breezed by their first-round opponents yesterday. Warren dropped John McKee of Morganton, 2 and 1, while Stanley whipped John Shaw of Charlotte, 2 and 1. Justa had little trouble with Joe Bell of Charlotte, 5 and 3. Allen defeated Manley Carroll of Shelby, 5 and 4.

Other favorites are Teddy Garrison of Morganton, who conquered Melvin Mattison of Ware Shoals, S. C., 5 and 3, and Buzzy Basinger of Charlotte, who dumped WALTER Hewitt of Florence, S. C., 8 and 6.

Garrison met Mike Marksal of Statesville in an upper bracket match. Basinger, playing in the lower division, faced Charlie Feezor of Salisbury.

Other upper bracket matches: Al Harris of Spartanburg, S. C., and Dickie Melton of Columbia, S. C., vs Gene Smith of Greensboro.

Lower bracket pairings included: Bobby McCarty of Camden, S. C., vs Gary Heeseman of Charlotte, and Tommy Helms of Morganton vs John Isenhour of Salisbury.

Five junior and three pee wee flights are playing.

Winners of a driving contest yesterday were McKee in the 15-17 year-old division, Stanley in the 12-14 year-old division, and Wilson Glasgow Jr. of Charlotte in the pee wee group.

The team title in the qualifying round went to Myers Park with an aggregate score of 306.

Marine Meet

CAMP LEJEUNE, N. C. (AP)—The second annual All-Marine and All-Navy track championships started today with top service athletes entered.

The San Diego Naval Training Center team is favored to win the Navy meet. The Camp Pendleton team heads the Marine entries. The championships end Friday.

Ted Lopez, insider for the Boston Red Sox, was captain of the Boston Hall nine in 1960.

Promoter Talking About Title Bout For Del Flanagan

DETROIT (AP)—Promoter Nick Londes flew to New York today to start negotiations for a Kid Gavilan-Del Flanagan title fight in Detroit this fall.

"I plan to talk with Angel Lopez," Londes said. "Maybe we can reach an agreement soon."

Lopez is Gavilan's manager.

Flanagan, a fancy dan with seven years experience took a firm hold on his No. 2 welterweight contender ranking last night with a unanimous 10-round brouse over Detroit's Allie Gronik, a willing but pathetically crude boxer.

Flanagan quickly spoiled any hopes Gronik had of becoming big time. He stabbed, jabbed and danced to an easy victory in their nationally televised fight at Olympia Stadium.

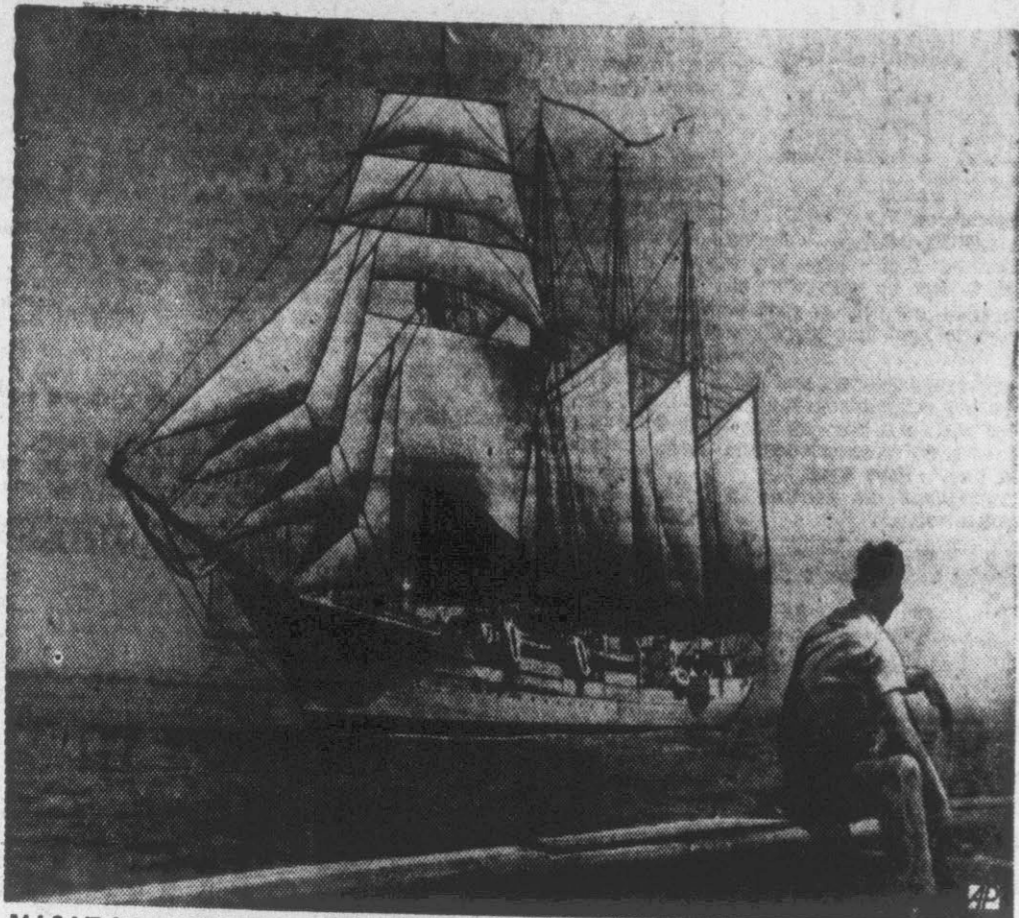

Real Contender For Bannister

KENMORE, N. Y. (AP)—Whitley, a 9-year-old colt, started running when a thunderstorm began yesterday. A woman caught him 45 minutes later—nine miles away in downtown Buffalo.

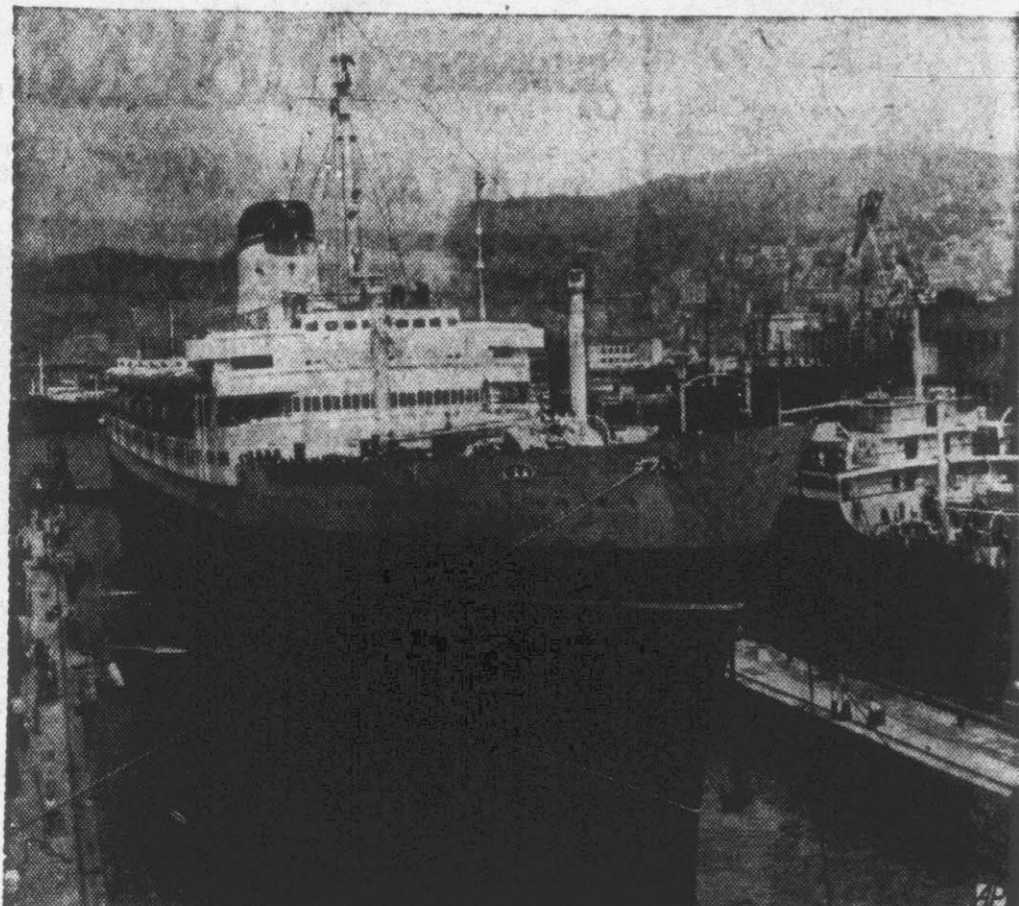

Whitley's address was on his collar. The SPCA returned him to owner Daniel Gruber.

LEA FALLS IN WINNING RACE—Jim Lea, Southern California's NCAA quarter-mile champion, falls to track as he crosses finish line to win a step ahead of J. W. Mashburn, unattached, in 440-yard run at Grand Street Boy Club and Thane Baker, right, formerly of Kansas State, was fourth. Lea's time was 47.1 seconds. (AP Wirephoto)

VISITOR FROM ABROAD—Spanish Navy four-masted training ship Juan Sebastian Elcano, with auxiliary engine, glides up the harbor at Boston, Mass., for a six-day visit.

NEW PASSENGER LINER—The Cristoforo Colombo, a sister ship of the Italian Line's SS. Andrea Doria, arrives in Genoa for final tests before being put into service.

Pentagon Upset Over Unlocked Windows 'Case'

By ELTON C. FAY
WASHINGTON (AP)—Somebody left some windows unlocked in the Pentagon.

That was 60 days, 8 memoranda and 1,000 words ago.

It seems that on the night of 14 April, at about 2000 hours, G-2 agents found a couple of windows unlocked. (That means about 8 p.m. on April 14. G-2 is Army intelligence, normally concerned with ferreting out information on a foreign power or foiling foreign agents.)

The Pentagon has 7,600 windows. The unlocked ones were in the suite of offices used by H. Strove Hensel, assistant secretary of defense for international security affairs. (Hensel's "international security" is high-level stuff, including such things as the North Atlantic Treaty Organization.)

Came the night of 28 April, between 2000 and 2130 hours: three more unlocked windows. These were in the press room.

By May 3 (or 3 May) a memo had been issued to the proper authorities, starting out "Subject: Security Inspection of Pentagon Perimeter," and discussing the matter of the unfastened windows. Instructions were issued to "notify occupants that it is a violation of building security regulations to unlock or open any windows."

Who unlocked 'em?

Suspicion pointed first at the corps of window washers. But on 13 May the foreman of the janitorial staff dashed off a memorandum, "Subject: Unlocked Windows." He said the window incident of 14 April couldn't have been his men, because they didn't wash those windows until 15 April. Moreover, his washers reported that a clerk in Hensel's office wanted fresh air.

The interoffice communications rolled on and on—and from the Pentagon building security officer; to and from "Headquarters Military District of Washington, Office of the Army Headquarters Commandant"; another one from the "Administrative Facilities Planning Branch, Office of the Secretary of Defense."

Finally the file climbed up to a 1,000-word total. The last issue locks up the case—and presumably the windows. This one is a broadside, aimed at "all occupants of the Pentagon"; the subject: open windows; the order: keep 'em closed.

The reason: it upsets the air-conditioning system—and also upsets the G-2 agents and security officials.

Grandma Is Class Valedictorian

CHICAGO (AP)—The valedictorian of the graduating class of the Central YMCA High School is Mrs. Anita Karoll, a red-haired grandmother.

Mrs. Karoll, 44 also is president of the student council, secretary

of the senior class and chairman of the YMCA World Service Committee. She said she planned to continue her studies at Northwestern University.

A fathom was originally the distance between the tips of a man's two middle fingers when his arms were outstretched, later standardized to six feet.

Have Fun, Help Hike Sales, Too

AP Newsfeatures
CHICAGO — Not only paid vacations but vacations with all expenses paid go to an increasing number of top U.S. salesmen.

It has become big business. Industry will pay out about 20 million dollars this year in vacation expenses, says Harold Heister who arranges package vacation contracts for many companies. Salesmen, dealers and their wives have the fun, the companies pick up the check.

Often the people are told: "You can leave your wallet at home," says Heister. Mostly the vacations are given as prizes to those who sell most or who reach fixed sales goals. One firm reports increasing sales 65 per cent during one 61-day period.

Often there are luxury touches — orchids for wives, swank hotels, cruise ships and entertainment. Heister says that some of the best known auto radio, television and electric appliance companies in the United States are adopting sales incentive vacation plans.

He also says that slowing of final sales for some heavy industry has increased the use of the plans. The plans are not new. One major firm had a large-scale program in the 1930s. Now dozens of firms are trying them.

In some cases, the companies stage sales convention sessions as part of the trip. But they spent 10 million dollars in 1963 to pay for fun and will double that figure this year, Heister says.

Tooth Disease Is A Widespread Ill

DES MOINES (AP)—Tooth disease is more widespread than any other ailment of mankind except the common cold, Dr. Leslie M. Fitzgerald, Dubuque, Iowa, president of the American Dental Assn., says.

He estimates it would take 280 million fillings to fix all the cavities of children 6 to 18 years old in the United States and that 97 per cent of the population suffers from some form of tooth decay or gum disease.

U. S. Armstrong Mister U. S. A.

BAKER, Ill. (AP)—Mr. and Mrs. U. S. Armstrong are among the few in the nation with the initials of U.S.A. Armstrong, 65, says:

"My father was Don Armstrong and he was a great admirer of Gen. U. S. Grant. But while I have the same first name as the general and

late president—Ulysses—my middle name is not Simpson, as his was. It is Stinson, so the full name is Ulysses Stinson Armstrong."

Wonderful New Gift Idea!

Teakoe ICED TEAMAKER

FULL 1/2 GALLON CAPACITY

Just arrived—the perfect wedding and shower gift! Our new Teakoe Iced Teamaker brews a full half-gallon of perfect tea so that you can make it in the morning and enjoy it all day long! It's the first Teamaker especially designed for making iced tea... and it's beautifully styled for serving, too! Every housewife will love one!

Taste the wonderful difference!

Exclusive stainless steel Infusion Basket lets you get fullest flavor of tea leaves—has thousands of tiny holes for efficient filtering—permits removal of tea leaves at exactly the right instant.

Mid-June Brings First Real Business Figures

By SAM DAWSON
NEW YORK (AP)—Mid-June brings businessmen's first general and official figures to back up their feeling that times are getting better.

Steel mills this week are operating at the highest rate in more than three months.

The Federal Reserve Board's index of industrial production has turned up on a seasonally adjusted basis—only slightly, to be sure, but it's the first upturn after almost a year of declines.

Auto men are cheered by the report that for the first time in months the stocks of unsold new cars are declining.

Unemployment among workers covered by state jobless pay benefits has slipped below the two million mark for the first time since the start of the year. And the filing of new claims for jobless benefits has dropped to the lowest level since last October.

A new record is in sight this year for construction spending. The U. S. Labor and Commerce departments now estimate spending will hit a new high peak of 36 billion dollars in 1954. This would top last year's spending by 2 per cent. It is also two billion dollars above the estimate the two departments made last November, indicating that the public's confidence in the future is surpassing the early hopes of the Washington experts.

Most of the construction gains reflect a higher rate of home building than the departments had expected last fall.

And the unexpectedly good gains in Europe's economic health are giving the exporters of American goods more cheerful prospects. The U. S. Department of Commerce reports that for the first four months of this year, exports of commercial goods were running slightly ahead of 1953.

European business has been gaining steadily, if slowly and Europeans now have more dollar and gold reserves to call upon if U. S. traders can interest buyers.

See Preparation For Red Invasion

TAIPEI, Formosa (AP)—The Interior Ministry's T'aiwan News Agency said today 100,000 Chinese Communist troops stationed in Tibet are studying the languages of India and Pakistan as a preliminary to invasion.

Tatao, which claims contacts on the Red-held mainland, gave no source.

Reminds Power Mower Is Possible Accident-Source

The power lawn mower, the latest time-saver available to aid the home handy man, can be a source of many serious accidents if not properly used and maintained, Dr. Walter C. Humbert of the Pitt County Health Department warns.

The health director pointed out that the power mower is the fastest selling home appliance on the market today and thousands have been brought into North Carolina's homes in the past few months.

He called attention to the two major types of power mowers and pointed out the specific hazards relating to the operation of each.

The reel type mower depends on a sharp cutting edge whereas the rotary type depends on the mauling action of the cutter bar to trim the grass.

The rotary type mower is usually provided with a guard, but due to its construction a space must be provided between the blade and

the ground. This necessary space makes it possible for stones, sticks, and other debris to be picked up and thrown out with great force.

This clearance space also provides an opportunity for the foot or shoe to enter into the whirling blades and a score of serious cuts have been reported to the Accident Prevention Section of the North Carolina State Board of Health.

A reel type mower operates at a slower rate of speed it may be equipped with a guard or catcher to prevent the throwing out of stones and sticks. The user should be particularly careful to avoid adjusting the blade while the motor is running.

Other general rules, listed by Dr. Humbert, include:

1. When lowered by an electric motor always have a third, or ground wire firmly attached to the framework. In case a defect develops this ground wire will reduce

the electric shock hazard. This machine should not be used or used under wet conditions.

2. When powered by a gasoline motor, never make adjustments or do other repair work unless the ignition wire has been disconnected. If one should spin a reel or cutter bar while the engine is hot there is a possibility of its starting unless it has been properly deactivated.

3. Regardless of the type of machine other precautions are:

- (a) Proper guards and covers on all moving parts.
- (b) Do not allow children or other inexperienced persons tamper with or use the machine.

FARM INCOME DOWN

WASHINGTON (AP)—The Agriculture Department reported today that farmers received approximately \$10,300,000,000 from sale of farm products during the first five months of this year. This was 4 per cent less than they received in the corresponding period last year.

Fans have been used in China since about 3000 B.C.

Brief Jail Stay Makes Friends

KALAMAZOO, Mich. — Police Chief Howard Hoyt thinks it's a good idea to lock up youngsters at the city jail — but only as part of a program to fight fear of policemen.

"We encourage teachers and parents to bring children's groups to the police station so we can show them, first hand, what we do and how we live," Hoyt says.

The youngsters are shown the entire police setup.

Conscience Hurt Burglary Try

DETROIT (AP)—Mr. and Mrs. J.D. Molloy of Grosse Pointe Woods felt as a matter of duty they should make a belated report to police yesterday on their "conscience-stricken" burglar.

During the weekend while they were away someone broke into their home and took 150 pennies and a .32-caliber pistol from a dresser drawer.

Then Sunday night, while they were home the pennies and gun were placed inside a screen door. There was a note:

"I tried to take these things but my conscience wouldn't let me. And by the way, I cilled your gun."

"It's the fear angle we want to fight," Hoyt says. "You watch any group of youngsters playing cops and robbers and you'll find as many who want to be robbers as cops."
Patrolman Leland Marks shows the guests around and says officers "always make a point of telling the children that we policemen aren't hired to put people in jail."
Chief Hoyt puts it this way: "It's usually their first trip to a real jail for most of these kids. We hope our tour and talk help make it their last."
Colorado has 48 peaks more than 14,000 feet high.

Fountain News

Mrs. Ernest Smith went to Duke Hospital Durham Monday for an examination. She is improving slowly after having been ill for several weeks.

Rev. M. E. Godwin of Dunn, the guest speaker at the King's Cross Roads Free Will Baptist Church revival service is spending the nights

or one with a pitch of only two inches or so, but you had to use built-up roofing or other systems. Well, a lot of people didn't care much for the look of black roll roofing on a house—especially when pitched roofs blossomed out in blue, red, green, pink and other hues. So the daring young architects were more or less saddled with gabled roofs.

Now it turns out that you can build a rain-tight, wind-tight roof with a pitch as low as two inches per foot, and use popular asphalt shingles if you do it in the right way. First you attach a metal drip edge along the eaves and along the rakes of your roof. Then you cover the roof deck with two layers of No. 15 asphalt saturated felt.

You start this underlayment with a 19-inch starter course laid along the eaves to overlap the metal drip edge. The starter course is then covered with quick-setting asphalt cement and a full 36-inch width of the felt is then laid to overlap the starter course completely.

From then on, each 36-inch width of felt overlaps the previous strip by 19 inches and is cemented to the previous strip. All of this material is further secured to the roof deck by 3/4-inch roofing nails—with only enough nails used to hold the material in place until the shingles are applied.

Then another starting strip is applied along the eaves. This can be a row of asphalt shingles reversed, or a strip of 90-pound mineral surfaced roofing. The first course of shingles will completely cover this strip.

An exposure of only 5 inches is allowed for each course of shingles. Four nails are used for each shingle strip and all tabs are cemented down firmly without squeezing the cement out over the exposed surfaces. Shingles along the rakes of the roof are cemented to the metal drip edge and to each other.

This method was developed in 18 months of testing and research by the Asphalt Roofing Industry Bureau. A specially designed "storm machine" was used in the tests. Panels of roofing remained completely weather-tight at the end of six hours of simulated, continuous 60-mile-per-hour wind and a 2-inch per-hour rainfall.

For parts of the country where the January daily average temperature is 25 degrees or less, additional felt is specified for 24 inches back from the inside wall line of the building.

this week with Rev. and Mrs. L. B. Manning.

Mrs. Jimmy Sutton and daughter Brinda Kay will spend this week as house guests of Dr. and Mrs. E. L. Knox and Mr. and Mrs. R. H. Williams of Raleigh at Moore's Beach Belhaven.

Mr. and Mrs. J. D. Mangum of Roxboro, Mrs. G. L. Linker of Durham were weekend guests of Mr. and Mrs. Ben H. Owens.

Mr. and Mrs. F. J. Causey and children Marjorie, Bruce and Lewis of Pinetops and Mrs. Causey's mother, Mrs. Anna Taylor of Fountain visited Mrs. Taylor's son and family Mr. and Mrs. Frank Taylor near Fountain Sunday. Mr. Frank Taylor, a patient in the Veterans Hospital in Oteen arrived home Saturday for a ten-day visit with his family.

Mrs. J. W. Redrick left Tuesday of last week to spend the summer in Arizona with her daughter, Mrs. R. L. Perley and family.

Mr. and Mrs. Mark W. Owens had as their guests for dinner Sunday Mr. and Mrs. Gerald James and son Billy of Edenton, and Mrs. Ella Grimsell of Harlingen Texas.

Mrs. Georgia Baker of Greenville spent last week with her grand-son and family, Mr. and Mrs. Robert Oakley.

Mr. and Mrs. A. C. Gay and Mr. John Bishop Gay attended the Bishop Family Reunion in Bath Sunday.

Mrs. R. A. Fountain has returned to her home in Fountain after spending a week in Kernersville visiting relatives and friends.

Mrs. Maggie Baker of Elm City is spending this week with her daughter and son-in-law, Mr. and Mrs. Jimmie Everette and children. Mrs. Laura Lewis of Sharp Point is spending a few days with Mrs. E. C. Edwards this week.

Mrs. Noah Barefoot and children, James, Oliver, Leonard and Christopher of Benson are spending this week with her parents, Rev. and Mrs. L. B. Manning.

Mr. and Mrs. Parlia Hudson of Benson were guests of Rev. and Mrs. Philip M. Cory Sunday.

Anne Johnson of near Benson spent a few days last week visiting Sarah and Sandra Smith.

Aspen Grove Free Will Baptist Church annual Sunday School Picnic will be held at Goldsboro's Municipal Park Sunday June 20.

Mr. and Mrs. Albert Morgan will leave June 19 for Baltimore where they will visit Mr. and Mrs. Earl Franklin and children for a few days. They will leave there for Niagara Falls on the Canadian side of the falls. They will go to Montana and Oregon and will return home by way of Salt Lake City, Denver, Colo. and the western part of North Carolina.

Edward Bruce Beasley III is at Camp Morehead for three weeks.

The Canadian National Railway with 24,150 miles of main track and 7,000 miles of secondary track is rated as the largest in North America.

ON THE HOUSE

Roofs are going to become flatter. This is not a style note from the Paris of the home builders. It is just an obvious conclusion warranted by the development of a new method for using asphalt shingles.

Changes in house design have been brought about before by new building materials and new ideas for using them. You can cite the window wall, made practicable in northern climates by vacuum-sealed double glass. And there is the trend to wide roof overhangs, which at least was aided and abetted by the need for shade to increase the efficiency of summer cooling systems.

The reason you can now virtually get on gables becoming squatter

—maybe disappearing in an almost flat shed slope—is that your money will be saved if you're paying for the building job.

Architects have been flirting for years with what they call "flat tops." The structural lumber and roofing material required to build a pitched and gabled roof have been obvious extravagances. So in recent years, you have seen the slopes of roofs on new houses becoming steadily lower.

But when roof slopes got down to a drop of less than four inches per horizontal foot, economy seemed to end. Economical shingles could no longer be used, because of the problem of water backing up under them on pitches of less than four inches. You could build a flat roof,

Oppenheimer Security Review Said Spurred By Possible Investigations

By RUSSELL BRINES
 WASHINGTON (AP)—Congressional sources said today one reason the administration decided to conduct a security review of atomic scientist J. Robert Oppenheimer was to head off a possible congressional probe.

William L. Borden wrote the FBI Nov. 7, 1953, after resigning as executive director of the Senate-House Atomic Energy Committee, that his study convinced him Oppenheimer "more probably than not... is an agent of the Soviet Union." The letter was made public Tuesday night in the transcript of the Oppenheimer hearings before a special three-man review board. Many scientists who testified called Oppenheimer, a principal developer of the atomic bomb, both loyal and an excellent security risk.

publication of the full security panel hearings, meanwhile, showed that atomic scientist I. I. Rabi of Columbia University voiced fear that controversy over the Oppenheimer case may result in free tips to the Russians on how to perfect the H-bomb.

Dr. Rabi, chairman of the AEC's General Advisory Committee—a post Oppenheimer held in the post-war years—made it plain he does not think the Russians have perfected an H-bomb.

AEC Chairman Lewis L. Strauss has said the Russians have exploded "a weapon or device" involving fusion, the hydrogen bomb process. His use of the word "device" suggested it might be only a laboratory-type model.

Rabi testified in the Oppenheimer hearings he was "pretty certain" the Russians would perfect the H-bomb "in time," and he added:

"What I am afraid of is this controversy over this case may hasten the day because of the sort of attrition of the security of technical information—all sorts of stuff appearing in the newspapers and magazines and so on that sort of skirts around it (the H-bomb).

"You know you have a filter system for information. You put bits and pieces together. They (the Russians) already know something."

When Borden, now with Westinghouse Electric Corp., sent his letter about Oppenheimer to the FBI, members of the congressional atomic committee were informed of it. Those who could be reached declined comment today.

"It represented his own thinking," said Rep. Price (D-Ill.).

Meanwhile, Rep. Hinshaw (R-Calif.) said the committee was informed officially that AEC Commissioner Eugene M. Zuckert had lost a semisecret 100-page summary of the Oppenheimer testimony and that this was one reason for releasing the full transcript.

Hinshaw said Zuckert took the

summary with him Friday to Stamford Conn., then noticed it was missing when he left the train. He said the summary was located Sunday in the lost-and-found department of an unspecified railroad station.

It contained excerpts from the then unpublished Oppenheimer testimony and some FBI documents that still have not been released, Hinshaw said in an interview.

The congressman said the AEC then voted 4-1 to release the transcript, on grounds that its secrecy might already be compromised and after learning that Oppenheimer's attorneys intended releasing part of it.

Zuckert was not available for comment.

Sen. Hickenlooper (R - Iowa), committee vice chairman, said the group probably "would take a look into this (Zuckert) matter."

Flying Safety Is Discussed At CAP Meeting

Flying safety was discussed at the weekly meeting of the Greenville Squadron, Civil Air Patrol Tuesday night.

First Lt. Ray Od, Squadron commanding officer, led the discussion with various members of the unit taking part by explaining situations in which they had been in or had heard about.

Several visitors were on hand for the meeting. Most of them were seeking information on the Civil Air Patrol so they could join the squadron.

Next week, the group will discuss code and navigation. Lt. Hood urged all members to be present for the meeting.

In 1953, tractor accidents killed 45 Minnesota farmers and injured 2,000.

May Apply For Wheat Allotment

Farmers who own land on which no wheat was seeded for grain during the years of 1952, 1953, and 1954 may apply for a 1955 wheat acreage allotment, according to G. Carl Scott, chairman of the Pitt County Agricultural Stabilization and Conservation Committee.

Scott said that to be considered for an allotment on a farm which had no wheat seeded for grain during the years 1952, 1953 and 1954, the farmer must apply in writing to his county ASC committee by June 30.

He noted that blank application forms are available at the county county ASC office for use in filing requests for allotments.

James Meredith, Pitt County ASC secretary, indicated that anyone buying wheat this year should check with the ASC office before making any purchase.

He noted that if a farmer has an allotment the buyer will be responsible for the penalty if he buys without first checking on the allotment.

Capitol Square

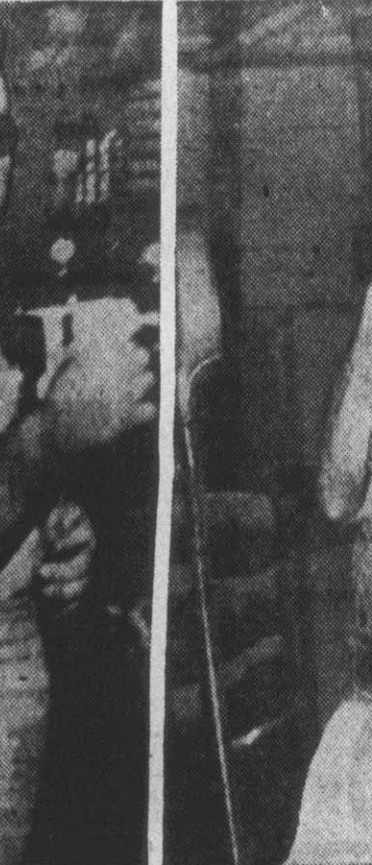

(Continued from page four)

signs which clutter the landscape just beyond the limits of the right of way of the public roads. Some of these are obnoxious, and in some instances—especially with glaring Neons after dark—they constitute definite traffic hazards.

Chairman Graham concedes that most of the official signs, such as those noting mileage to towns and cities, designating side roads, warning of speed zones or curves or narrow bridges ahead, are justified and in the overall contribute to safe traffic. He isn't so sure that the multiplicity of signs advising that speed is electrically timed, or requesting everybody to keep North Carolina green; or those temporary trial-basis signs along U. S. 1 about "a mile a minute, there's no future in it," "if you must kill yourself get off the highway," et cetera, serve any useful purpose.

The chairman didn't have anything to say about the historic markers along the roadsides, but others have commented that they constitute traffic hazards since it is impossible for a driver to read the inscriptions about what General or Governor or Senator was born or lived near this point without interfering with the smooth flow of traffic.

It is understandable that the Blue Star folks should like to have highways marked, that historians want important places designated, the forestry and civil defense and other organizations recognize the importance of keeping travelers alert to their projects. It is also readily understandable that the business of roadside signs can be overdone to the point where the signs not only lose their significance, but actually contribute to highway accidents.

LOSES WEIGHT, GAINS A BRIDE—Marvin "Fat" Samples, 307-pound Atlanta parking lot attendant, fell in love. The object of his affections insisted he lose 127 pounds. He trimmed down to 180 in just eight months and they were married. The bridegroom, 35, kept on his rigid diet and now weighs a mere 170 pounds. At left is how Marvin looked before. At right, he shows how rope climbing helped him get rid of sagging, flabby skin (AP Photos)

No Political Favoritism When Painting Presidential Murals

LOUIS BOUCHE

By W.G. ROGERS
 Associated Press Arts Editor
 NEW YORK (AP)—"What a thing to ask!" exclaims Louis Bouche, painter to our painter President, when I want to know if he's a Republican.

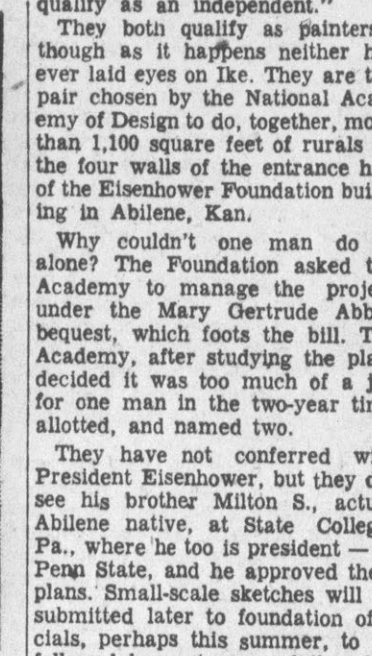

"No comment!" he cries with a hoot of laughter, and then confesses, "Obviously if I were a Republican I wouldn't put up this argument. Anyway, you don't have to say so, do you?"

"But far from alarmed at the prospect that I may, he adds: "If you have to say I don't belong to his party, you can at least add that I do belong to his club."

It's New York's Century Club, where I talked to this half of the pair of painters who have the enviable task of painting the life story of President Eisenhower—himself this country's most publicized artist.

Second member of the lucky team is Ross Moffett, of Provincetown, who admits a bit more discreetly:

"In politics I think I perhaps

ROSS MOFFETT

qualify as an independent."

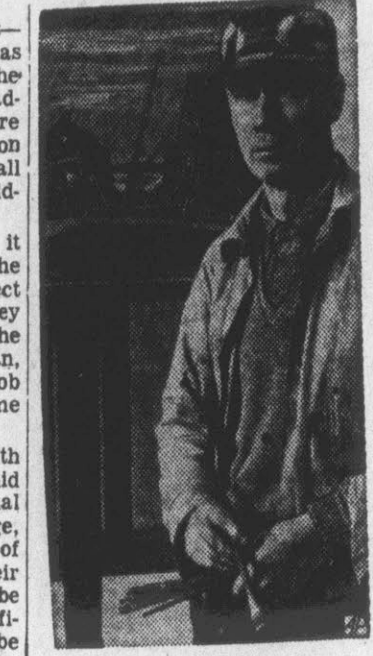

They both qualify as painters—though as it happens neither has ever laid eyes on Ike. They are the pair chosen by the National Academy of Design to do, together, more than 1,100 square feet of murals on the four walls of the entrance hall of the Eisenhower Foundation building in Abilene, Kan.

Why couldn't one man do it alone? The Foundation asked the Academy to manage the project under the Mary Gertrude Abbey bequest, which foots the bill. The Academy, after studying the plan, decided it was too much of a job for one man in the two-year time allotted, and named two.

They have not conferred with President Eisenhower, but they did see his brother Milton S., actual Abilene native, at State College, Pa., where he too is president—of Penn State, and he approved their plans. Small-scale sketches will be submitted later to foundation officials, perhaps this summer, to be followed by cartoons and then the finished works. The murals will be done on canvas in the artists' own studios and transported to Abilene and fixed on the walls there.

Moffett is to do two panels each 7 by 38 feet. "Each panel will be divided into five to seven episodes of the life of the President. One wall will deal with the early life, up to and including his marriage. The other will have the inauguration as President as central theme."

Bouche will have the other two walls, each measuring 12 feet high by 25 wide. He plans to spread a series of scenes over two basic maps, one of the Mediterranean and the other of the European theater of war. In one, Eisenhower will be the central figure in a Gibraltar tunnel, and in the other, in his London headquarters pre-

Mrs. ANNIE MAE ALLGOOD JONES

paring for the cross-Channel invasion.

They began their assignment by reading everything available about their subject. Bouche does not expect the two years specified in the contract will be needed to complete the job.

HOME AND MOTHER
 TRENTON, Mo (AP)—Alva, 74, quit his trash-hauling job and took up watch repairing. That allows him to stay at home and care for his 98-year-old mother.

Forceps' Inside'; Is Suing Hospital

BALTIMORE (AP)—Mrs. Annie Mae Allgood Jones pressed her \$100,000 suit against Johns Hopkins Hospital today over a pair of forceps sewed up inside her abdomen without the surgeon as a co-defendant.

Counsel for Mrs. Jones, now a resident of New Castle, Del., announced at the conclusion of testimony yesterday the case against Dr. Amos R. Koontz was being dropped.

Yesterday, Dr. Charles Reid Edwards of the University of Maryland faculty testified the "regrettable incident" stemmed from a "break in teamwork" of operating room personnel.

Mrs. Jones came from her former home in Athens, Ga., to Hopkins for the long and difficult hernia operation in April 1952.

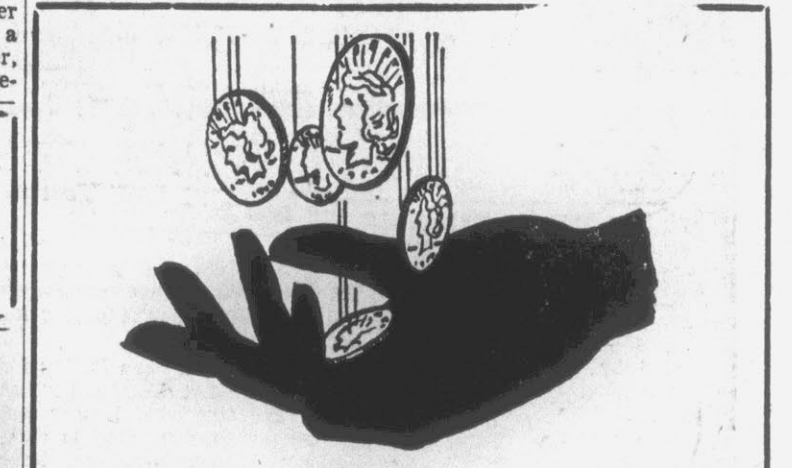

It was testified at the jury trial the operation involved creation of an artificial abdominal wall through insertion of 144 square inches of titanium mesh.

A second operation was necessary later to remove the instrument left inside the patient.

SAFE DEPOSIT
 INDIANAPOLIS (AP)—The prisoner, arrested on three charges, including drunken driving, was really "loaded." Bond was set at \$1,000. He pulled up his pants leg, pulled out a wad of bills from an artificial leg and counted out \$1,000.

London, England, claims that its fleet of 1,750 trolley buses is the largest in the world and carries 750 million passengers a year.

COASTAL CHEMICAL CORP.
 Cannon's Warehouse - Phone 3639 Greenville, N. C.

New engine power! New operating economy!

New Chevrolet Trucks... do more work per day... more work per dollar!

You save hours on the road. Thanks to greater acceleration and hill-climbing ability, you can save time without increasing your maximum road speeds.

You save extra trips. That's because of extra load space. New pickup bodies are deeper, new stake and platform bodies wider and longer.

You save time on deliveries. New truck Hydra-Matic transmission saves time and effort at every stop. Optional at extra cost on 1/2-, 3/4- and 1-ton models.

You save on operating costs. The "Thriftmaster 235" engine, the "Loadmaster 235," and the "Jobmaster 261" (optional on 2-ton models at extra cost), deliver greater horsepower plus increased operating economy.

You save with lower upkeep, too. There are heavier axle shafts in two-ton models, bigger clutches in light- and heavy-duty models, stronger frames in all models.

And your savings start the day you buy. Chevrolet, you know, is America's lowest-priced line of trucks!

Come in and see all the wonderful new things you get in America's number one truck.

Now's the time to buy! Get our BIG DEAL! Save with a New Chevrolet!

Stock And Market Reports

NEW YORK (AP) — The stock market faltered and turned mixed in the early afternoon today after a higher start.

Yesterday the market hit a new high since 1929, and it continued to march ahead at the opening today.

Prices spread out over a range of between 1 and 2 points in either direction. At the same time the rate of trading slowed to a pace below yesterday's 2,070,000 shares.

A few stocks were strong. The government's decision to buy lead for stockpiling sent St. Joseph Lead, National Lead and American Zinc up briskly.

South American Gold Platinum was higher after the company disclosed plans for diversification.

RALEIGH (AP) — (NCDA) — Hog prices 75 to 1.25 lower. Tops of 21.50 at Beulaville, Kenly, Warsaw, Wilson, Dunn, Newton Grove, Fair Bluff, Mount Olive, Goldsboro, Lillington, Burgaw, Bailey, Jacksonville, Clarkton, Kinston, New Bern and Benson; 21.25 at Hillsboro, Colerain, Plymouth, Windsor, Weldon, Wilmington, Scotland Neck, Rocky Mount and Rich Square; 21.00 at Taber City, Siler City, Micro, Fremont, Whiteville, Laurel Hill, Lumberton, Fayetteville and Clinton; following markets closed for clearance of supplies on hand: Tarboro, Edenton and Enfield; Richmond, 1.00 lower at 21.85 to 22.00.

RALEIGH (AP) — (NCDA) — Central North Carolina poultry markets: Fryers and broilers steady, farm prices 22 F.O.B. plant prices receipts too few to quote, Raleigh eggs steady, A large 40-42. Asheville fryers and broilers steady at 22 1-2; eggs steady, A large 37-39.

CHICAGO (AP) (USDA) Potatoes: arrivals 122; on track 347; total

U.S. shipments 906; supplies moderate; demand good; markets steady; firm undertone for best; California long Whites \$4.60-85; Pontiacs \$4.35; Alabama Pontiacs \$3.90-95; Lasotas \$3.65; Arizona Round Reds \$3.75-4.00.

CHICAGO (AP) — (USDA) — Salable hogs 8,000; general trade slow and very uneven; butchers steady to 50 lower than Wednesday's average; mainly 25 or more off; but choice light weights 50-1.00 lower than early Wednesday; top lowest since Dec. 9; sows largely 25-50 lower; choice 180-230 lb butchers 22.00-23.00 with several load choice No. 1 and 2 around 22.00 lb down 22.25-23.50; 240-270 lb 20.25-21.75; 280-300 lb 19.50-20.50; choice 330-400 lb sows 15.75-18.25; choice lighter weights 18.50-19.25; 425-600 lb 13.50-16.00.

Salable cattle 2,500; calves 500; steers and heifers slow; steady to weak; cows and bulls steady to 25 lower; vealers opened weak to 1.00 lower; later trade 1.00-2.00 off two loads high prime 1,200 lb Colorado steers 26.50; good and choice steers 19.50-23.50; load utility 1,000 lb dairy type 15.50; good and choice heifers 18.50-22.25; utility and commercial cows 11.75-14.50; canners and cutters 10.00-11.75; few light canners down to 9.50; mostly utility and commercial bulls 12.00-12.50; few choice and prime vealers early 21.00-22.00 but later top 20.00; culls down to 8.00; stockers and feeders slow; weak to 50 lower; load choice yearling feeding steers 21.25.

Forecast Large Supply Of Meat

RALEIGH (AP) — A big supply of meat is forecast for the nation for the next two years at least, and consumption will stay at a comparatively high figure of more than 70 pounds per person.

This prediction was made yesterday by Harold Breimyer, head of the U. S. Department of Agriculture's Livestock Marketing Service. He spoke at the 14-state interregional livestock production and marketing conference which began Monday and wound up yesterday. Some 80 livestock experts attended.

Breimyer said "production of hogs is again on the rise. Cattle production is staying large, but it probably will not increase much further. As a result, output of meat will continue high in the next year or two or possibly longer."

He said 25 billion pounds of red meat were produced last year, and consumption was 154 pounds per person, highest since 1908. Breimyer told the group he expects the seasonal decline in hog prices next fall to be greater than usual.

Driver Charged In 3-Car Crash

Aaron D. Hart, Negro, was charged with following too closely yesterday as the result of a three-car collision at the corner of Greene and First Streets.

Hart, who lives at 312 Reade St., is alleged to have crashed into the rear of a second vehicle operated by Dallas H. Briley of Greenville Route 5, knocking it into a third car operated by Jessie C. Daniels, Negro, of 1105 West Sixth Street. Damage to Daniels' vehicle amounted to \$75 and to Hart's \$300. Briley's car was not damaged.

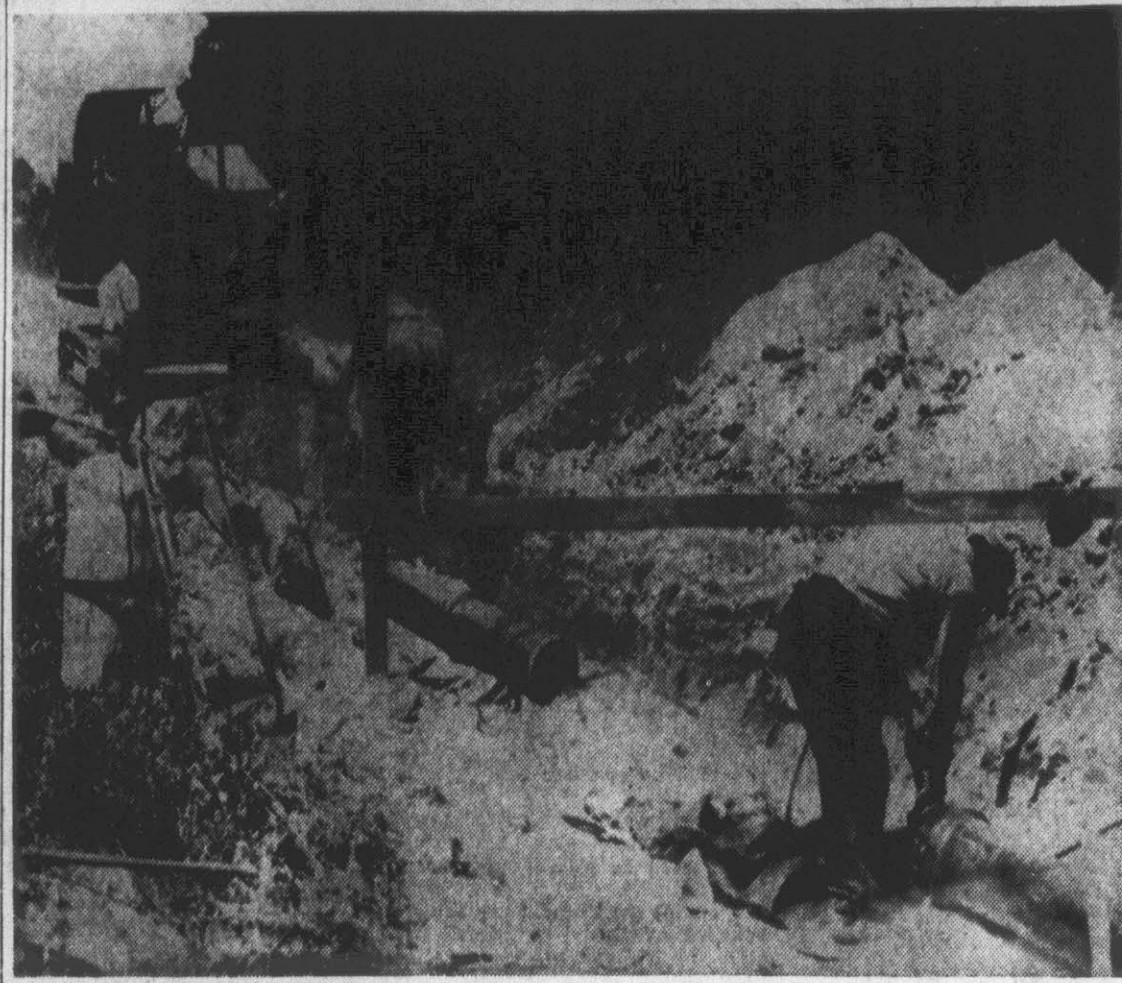

The accident was investigated by Sgt. Tommy Gladson.

Sees Progress In Israeli-Arab Talk

CAIR, Egypt (AP) — President Eisenhower's special envoy in the Middle East, Eric Johnston, says "substantial progress" has been made toward working out a plan for joint Israeli-Arab development of the Jordan river.

Johnston announced yesterday after four days of conferences here with representatives of Egypt, Jordan, Lebanon and Syria that "an acceptable plan may be formulated" in the near future.

Utilities Laying New Sewer Line Connection

Greenville Utilities workmen are shown above as they lay a sewer line connecting the area around the new Saint James Methodist Church with the main sewer line on Tenth Street. Eight inch sewer pipe is being used to tie the area in with the Tenth Street line. (Reflector Photo by Alvin Taylor)

Forecast Large Supply Of Meat

RALEIGH (AP) — A big supply of meat is forecast for the nation for the next two years at least, and consumption will stay at a comparatively high figure of more than 70 pounds per person.

This prediction was made yesterday by Harold Breimyer, head of the U. S. Department of Agriculture's Livestock Marketing Service. He spoke at the 14-state interregional livestock production and marketing conference which began Monday and wound up yesterday. Some 80 livestock experts attended.

Breimyer said "production of hogs is again on the rise. Cattle production is staying large, but it probably will not increase much further. As a result, output of meat will continue high in the next year or two or possibly longer."

He said 25 billion pounds of red meat were produced last year, and consumption was 154 pounds per person, highest since 1908. Breimyer told the group he expects the seasonal decline in hog prices next fall to be greater than usual.

Grain Specialist To Address Club

Albert Johnson, State Department of Agriculture specialist in grain inspection, will speak at the Greenville Kiwanis Club's supper meeting Friday night at 6:30. President John T. Barnhill will preside.

Manager Fred Webb of the G. E. Grain Mills elevator on the Bethel Highway will have charge of the program. He said Johnson will review the grain industry in North Carolina, especially as it affects Pitt County and this section of the state.

Calls For Filing Acreage Reports

H. K. James, general agent for the Federal Crop Insurance Corporation, today urged all farm operators who have not filed their 1954 Federal crop insurance acreage report to do so immediately. James noted that second notices are being sent out to farmers who have not yet filed. He said that the acreage reports are necessary in the event that disaster strikes crops of the insured.

ADMISSION ADULTS 35c CHILD. 15c ENDS TONIGHT RED SKELTON IN "THE CLOWN"

Pitt Budget . . .

(Continued From Page 1) last year's budget. The budget last year was \$131,625 while the request is for \$112,820.

Requesting Large Increase The school department is requesting a large increase over last year's budget. As explained above this is for purchasing 13 new school buses. The request for next year is \$347,804 while last year's budget was \$283,487.73. This is an increase of \$64,316.27.

Meeting Action Today Pitt's County Commissioners continued the study of the budget by meeting again this morning. The meeting yesterday began the long discussion on the efforts of getting the budget within the money available.

No formal tentative approval was given any of the above requests; however, a first "O.K." was placed on some and some of the requests were cut. A more complete story telling of the Commissioners' actions on the request will come later.

Less Than Half Inch Of Rain For Area This June

Rainfall in the Greenville area the first 16 days of June totaled less than one-half an inch, and the precipitation occurred on three separate days.

Mrs. Carl E. Maiden, local observer for the U. S. Department of Agriculture, reported that today one year ago, nearly two inches of rain fell here. The rain started about 7 a.m. and continued until 9:30 that night. The weather observer added, "The highest temperature here yesterday was 89 degrees. Lowest that night 70, and at 8 a.m. today it was 73."

Highway Toll

RALEIGH (AP) — The Motor Vehicles Department's tally of highway deaths and injuries for the 24 hours ending at 10 a.m. today:

Killed	1
Injured (rural)	14
Killed this year	384
Killed to date last year	474
Injured to April 1, 1954	3,027
Injured to April 1, 1953	3,221

Once Doomed, Granted Parole

RALEIGH (AP) — A 40-year-old Negro who entered prison in 1941 scheduled to die for first degree burglary and rape has been released on parole.

The State Paroles Board reported today that Charlie Shaw was one of eight prisoners paroled. Shaw was convicted in Currituck County in September, 1941. The Paroles Board said that because of his mental condition the death sentence was commuted to life imprisonment on April 2, 1942.

The life sentence was reduced to 25-30 years on March 10, 1952. Shaw suffered a cerebral hemorrhage in January, 1949, and his physical condition is not good, the board said. "He will live with his brother in Maryland."

George Goolsby, 21, convicted in Chatham County in December, 1947, and in Rockingham in January, 1951, of larceny of an auto and wrecking it and robbery with dangerous weapon, and sentenced to 7-10 years; Willie Moody, Negro, 45, convicted in Robeson in May, 1952, of manslaughter and sentenced to five years; John W. Williams, Negro, 62, convicted in Columbus last September of assault with deadly weapon and sentenced to two years; J.W. Foster Jr., 20, convicted in Alamance in February, 1953, of breaking, entering and larceny and sentenced to 2-3 years; Joe Willie Moore, Negro, 32, convicted in Martin in March, 1940, of second degree murder and sentenced to 20-25 years; and Jerry Miller Cook, 20, convicted in Cabarrus in April, 1953, of slander and sentenced to two years.

Border Patrol Driving To 'Evict' Wetbacks

EL CENTRO, Calif. (AP) — Law enforcement agencies moved in mass against the wetbacks today, carrying out Atty. Gen. E. Brownell's order to send home Mexican nationals who are in this country illegally.

Three of the drive's leaders said advance publicity had rendered Operation Wetback a premature success. They said most of the wetbacks apparently had taken the hint and scurried across the line.

They based this view on the fact that officers were having some difficulty rounding up the aliens, and at the same time they expressed some concern over the voluntary exodus.

One of the three leaders, Herman E. Landon, district immigration director at Los Angeles, said he feared those who departed ahead of the drive may be hiding out across the border, waiting for an opportunity to hop back into the United States.

He said he felt easier about those who are officially escorted out, since they are sent into the interior of Mexico.

Landon, Marcus T. Neely, district immigration director at El Paso, Tex.; and Harlon B. Carter, chief of the U. S. border patrol, told a news conference yesterday of the government's plans for the drive.

Carter said the border patrol force, in California and Arizona, would total about 750, or 500 more than the normal total. He said a mobile striking force has been set up in addition to the patrols along the border in the two states.

This task force, said Carter, emphasizes speed and mobility, making use of jeep-aircraft teams, roadblocks on roads leading north and other techniques.

The three officials said that pre-drive efforts in the last five days have rounded up 9,380 wetbacks, mostly transients, in California and Arizona. Of these, 5,222 were sent by bus to Nogales from El Centro.

Mrs. Evelyn Beddens honored her mother, Mrs. Gertrude Latham, with a birthday party Thursday night.

The house was beautifully decorated with glads and mixed flowers. Music and games were enjoyed by all. Prize winners were Mrs. Rosa Hinton Miss S. I. Sautler, Mrs. Evangeline Chance, Mrs. Elnor Brewington, Mrs. Julia Barnhill.

Other guests were Mrs. Ruth Payton, Lilla Mae Spell, Mary Payton, Lilla Jones, Ailie James, Lydia Thompson, Council C. Marshmond, Launa Brewington, Rosa Bradley, Blanche Payton, Hattie Ellis, Mrs. Ethel G. Barnhill, Mr. Weaver and George Brown of Tarboro.

Mrs. Latham received many wonderful gifts. A delicious repast was served.

Mrs. Elizabeth Robinson of New York is here for a visit with Mrs. Laura "Missy" Wain.

Carter said the border patrol force, in California and Arizona, would total about 750, or 500 more than the normal total. He said a mobile striking force has been set up in addition to the patrols along the border in the two states.

This task force, said Carter, emphasizes speed and mobility, making use of jeep-aircraft teams, roadblocks on roads leading north and other techniques.

The three officials said that pre-drive efforts in the last five days have rounded up 9,380 wetbacks, mostly transients, in California and Arizona. Of these, 5,222 were sent by bus to Nogales from El Centro.

Mrs. Evelyn Beddens honored her mother, Mrs. Gertrude Latham, with a birthday party Thursday night.

The house was beautifully decorated with glads and mixed flowers. Music and games were enjoyed by all. Prize winners were Mrs. Rosa Hinton Miss S. I. Sautler, Mrs. Evangeline Chance, Mrs. Elnor Brewington, Mrs. Julia Barnhill.

Other guests were Mrs. Ruth Payton, Lilla Mae Spell, Mary Payton, Lilla Jones, Ailie James, Lydia Thompson, Council C. Marshmond, Launa Brewington, Rosa Bradley, Blanche Payton, Hattie Ellis, Mrs. Ethel G. Barnhill, Mr. Weaver and George Brown of Tarboro.

Mrs. Latham received many wonderful gifts. A delicious repast was served.

Border Patrol Driving To 'Evict' Wetbacks

EL CENTRO, Calif. (AP) — Law enforcement agencies moved in mass against the wetbacks today, carrying out Atty. Gen. E. Brownell's order to send home Mexican nationals who are in this country illegally.

Three of the drive's leaders said advance publicity had rendered Operation Wetback a premature success. They said most of the wetbacks apparently had taken the hint and scurried across the line.

They based this view on the fact that officers were having some difficulty rounding up the aliens, and at the same time they expressed some concern over the voluntary exodus.

One of the three leaders, Herman E. Landon, district immigration director at Los Angeles, said he feared those who departed ahead of the drive may be hiding out across the border, waiting for an opportunity to hop back into the United States.

He said he felt easier about those who are officially escorted out, since they are sent into the interior of Mexico.

Landon, Marcus T. Neely, district immigration director at El Paso, Tex.; and Harlon B. Carter, chief of the U. S. border patrol, told a news conference yesterday of the government's plans for the drive.

Carter said the border patrol force, in California and Arizona, would total about 750, or 500 more than the normal total. He said a mobile striking force has been set up in addition to the patrols along the border in the two states.

Hog Prices Drop To Lowest Level Since November

RALEIGH (AP) — Hog prices in North Carolina declined yesterday to their lowest level since last November.

Price drops of 75 cents to \$1.25 were reported at cash hog buying stations. It was the sharpest decline of the season, according to Curtis Tarleton, editor of the Market News Service for the State Department of Agriculture.

Hog prices have been dropping steadily since mid-May. Top hogs yesterday were reported at \$22.00 to \$22.50, compared with \$23.75 to \$24.00 on the same date a year ago.

The price drop, Tarleton said, is attributed to a decline in dressed pork and an increase in hog receipts on the nation's leading markets. Hog prices normally go up in June and reach their peak in July and August, Tarleton said.

The trend reverses in September with gradual declines followed by sharper drops in October and November.

The peak was expected to be earlier than usual this year, Tarleton pointed out, because of an increase in production and movement of winter farrowed pigs.

Following a pattern of past years, consumption of pork dropped with the beginning of hot weather, Tarleton said. As a result, there has been a general weakness in the dressed market.

Cautioning farmers not to get panicky over the market condition, Tarleton advised those who have top hogs ready for the market to go ahead and sell. He said that hogs still under the top weight range should be fed to heavier weights before being sold.

Bandit Routed By Bank Teller Despite Warning

TULSA, Okla. (AP) — A man approached Mrs. Dorothy Raiford's teller window in the Peoples State Bank yesterday and shoved her a note.

"I said her husband — a city detective — and her son were outside in an automobile and instructed her to hand over a sack of bills or they would be harmed.

"Don't be foolish," it added. To the bandit's astonishment, Mrs. Raiford darted outside her cage. The man fled, minus any loot, with Mrs. Raiford in pursuit and shouting to other employees to follow.

Within 10 minutes police found the fugitive hiding in a garage less than a block from the bank. Detective Sgt. Felix Raiford was home with their son at the time of the attempted robbery.

Later in the day federal charges of bank robbery were filed against Ralph J. Addington, 34, of Tulsa.
