High Allied Sources Present Different View French Say Plan Accepted

By EDDY GILMORE LONDON (AP) — High French sources asserted today the nine-power conference on European defense had accepted a plan by French Premier Pierre Mendes-France to control continental troops and armaments under a seven-nation European pact.

Simultaneous admittance of the Bonn government into the new seven-power alliance and NATO. The seven-power pact would be an enlargement of the 1948 Brussels pact, whose present members are France, Britain, the Netherlands, Belgium and Luxembourg. The new members would be West Germany and Italy.

Western-faced, 78-year-old leader made a "good impression" on Mendes-France. The only comment from German sources was that the meeting was so important the pair talked for 15 minutes beyond the scheduled opening of the nine-power conference.

Dies With 12 Other Crewmen Of Patrol Bomber At Philippines Air Field

A Falkland youth was killed when a Navy airplane crashed in the Philippines while taking off for a routine patrol yesterday. Dead, along with 12 other crew members of the Navy amphibious patrol plane was William Douglas Mercer, aviation technician apprentice. He was the son of Mr. and Mrs. J. D. Mercer of Falkland.

Authority Members Vote Unanimously To Drop Project Eastern Airport Abandoned

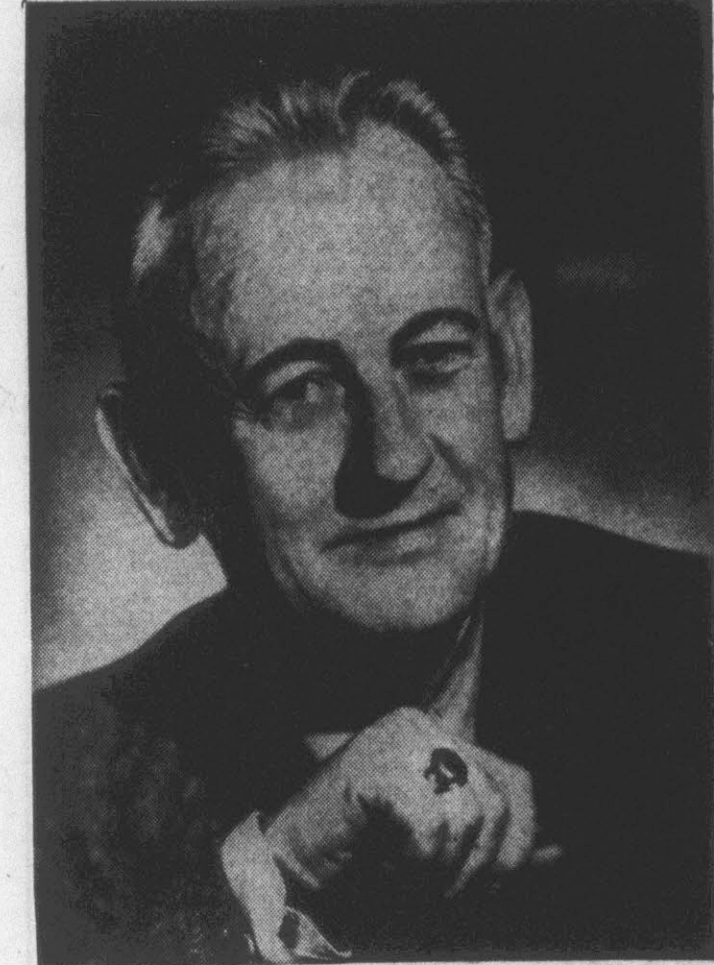

Hopes for a joint airport for Eastern North Carolina died last night as the Eastern Carolina Airport Authority voted unanimously to disband and to abandon its efforts to get a joint airport to serve four cities and four counties of this area.

PHOTO OF A FUNERAL—Members of the Eastern Carolina Airport Authority met in Rocky Mount last night to disband the authority and bury their hopes for a joint four-city, four-county airport for this area.

Technically the authority will continue in existence until the 1953 act which created it is repealed by the General Assembly. Get Back Money Action by the Authority last night will mean approximately \$30,000 will be returned to the four cities and two counties which paid in funds to the airport authority since last July.

Popular Novelist James Street Dies

CHAPEL HILL, N.C. (AP)—Author James Street collapsed at a meeting here last night and died shortly afterward. Street, who wrote "The Gauntlet," "Tap Roots," "Goodbye, My Lady," and other best-sellers, suffered a heart attack after presenting awards at a meeting of the North Carolina Associated Press Broadcasters.

Special Need Of Blood Donors In Area Emphasized

An appeal for blood donors tomorrow and Friday was issued today by Dr. Walter C. Humbert, Pitt County Health Director.

Humbert said reports from Norfolk headquarters of the Tidewater Regional Blood Center, indicate a great need for blood. "The county must come through with its quota these next two days," the Director asserted, "as we have made no donations as a county unit since June."

Enrollment Up By 703 Pupils

Pitt County school enrollment during the first month showed a gain of 703 students over last year's figures, Superintendent D. H. Conley has revealed.

This year's total school enrollment so far is 12,440 as compared to last year's total of 11,737. Enrollment in the elementary white schools are 4,365 students, while 1,485 are attending the white high schools. The Negro elementary schools have an enrollment of 5,538, with 1,052 enrolled in the Negro high schools.

Refund Breakdown

Greenville, \$4,345; Pitt County, \$4,937.50; Rocky Mount, \$7,110; Edgecombe County, \$4,937.50; Wilson, \$5,925; and Tarboro, \$2,400.

R. M. Fountain of Tarboro praised particularly the work of President Ray Bandy, Speight and Watson for their work in connection with the projects. As the authority moved to its final item of business last night which was a motion to disband, President Bandy commented, "I assume the Eastern Carolina Airport Authority is now like the Dodo bird."

Prepare Home Accident Study In Pitt County

Pitt County is the most active county in North Carolina in relation to the problem of home accidents, a representative from the North Carolina State Board of Health declared here yesterday.

It's Christmas For Dying Girl

BETTENDORF, Iowa (AP)—It is Christmas today for young Linda Cargill.

The laughter and joy around the excited 7-year-old girl's home belies the fact that doctors say she is incurably ill of leukemia. The fresh autumn air likewise gives no hint of the Christmas season. But a letter from Santa, postmarked "North Pole," advised the winsome blonde to get ready for "a wonderful Christmas" today.

List Thirty-Nine Draft Delinquents

Three volunteers left for Raleigh this morning for induction, the local Selective Service office reported.

The volunteers were James Durward Tucker, Larry Moore McLawhorn and Charlie Thomas Buck. There were no delinquents today, but the Board has listed 39 registrants who are delinquent. The office would like to contact these registrants for information.

Sen. McCarran Collapses, Dies

HAWTHORNE Nev. (AP)—Veteran Sen. Pat McCarran of Nevada, a lone wolf Democrat who battled national Democratic administration most of his 22 years in Washington died last night—brief moments after a vigorous speech aimed at strengthening his waning grip on state Democratic circles.

The 78-year-old lawmaker fourth in Senate seniority, collapsed as he walked up an aisle surrounded by well-wishers following a Democratic rally in this western Nevada town. Chatting and shaking hands, the white-haired McCarran suddenly fell to the floor of the civic center. He was pronounced dead 20 minutes later after two doctors had worked over him with a respirator.

Old Municipal Swimming Pool To Be A Parking Lot

Greenville's long-idle swimming pool will become a parking lot. At a special meeting this morning, the City Council gave unanimous approval to a proposal that the abandoned swimming pool be filled with dirt and the area made into a public parking lot.

City Manager James S. Hughes said work will begin this afternoon on removing fences and other obstructions at the pool sight, and trucks will begin dumping dirt into the pool tomorrow morning.

The action of the Council this morning culminated consideration of the project for approximately six months. Dirt Available Now Mayor W. L. Whedbee said the special meeting on the matter this morning was called because the city is in a position to obtain at nominal cost approximately three-fourths of the dirt which will be necessary for the project.

Whedbee explained that the project was discussed in detail by the City Council approximately six months ago, but was tabled because the council felt the cost of filling the swimming pool area to convert it into a parking lot was prohibitive. At that time, he said, it would have cost the city approximately 75 cents per yard to acquire the dirt and haul it to the site.

Luncheon Fetes Bride-Elect

Mrs. E. E. Rawl, Mrs. J. J. White, and Mrs. E. E. Rawl, Jr. were luncheon hostesses at one o'clock yesterday afternoon at the home of Mrs. E. E. Rawl, Jr. on Rock Spring Road to honor Miss Lillian Wooten, bride-elect.
Twenty-five guests were received in the playroom where they were served tomato juice and hors-d'oeuvres by Miss Matt Barnes. The bride's table in the dining room held two arrangements of white full chrysanthemums and pink roses. White place cards decorated with individual wedding bells were used. The table in the breakfast room was adorned with fall flowers.
A three course luncheon with demi tasse was served.
Miss Wooten wore a fall wool dress in charcoal grey with matching accessories. A white linen handkerchief tied with white ribbon formed her corsage. Household gifts were presented the bride-elect.

Mrs. Frank Harris Dies; Rites Thursday

Mrs. Victoria Venters Harris, 79, widow of the late Frank Harris, died in Pitt Memorial Hospital at eight o'clock Tuesday night after having been critically ill for a week.
Funeral services will be conducted at the Wilkerson Funeral Chapel Thursday afternoon at 3:30 o'clock by the Rev. C. M. Fogleman, Jr., Methodist Minister of Ayden. Burial will be in Greenwood Cemetery.
Mrs. Harris was born and reared in the Sheldermine community. She was married in 1900 to Mr. Harris, who died in August, 1954. She was a member of the Macedonia Methodist Church near Venters Crossroads.
Surviving are three sons: Elwood and Raymond Harris of the home, and Stuart Harris of Greenville; two daughters: Mrs. Thad McLawhorn of Ayden, and Mrs. W. A. Strickland of Arthur; seven grandchildren; and a sister, Mrs. Fronie Gaskins of Black Jack.

Elder J. B. Roberts Rites On Thursday

Elder J. B. Roberts, 78, Primitive Baptist Minister of Greenville, died at his home at 1:40 o'clock Tuesday afternoon. He had been in failing health for five years and critically ill for several days.
Funeral services will be held at Damascus Primitive Baptist Church in Farmville at three o'clock Thursday afternoon and burial will be in Hollywood Cemetery in Farmville. Elder A. P. Mewborn of Farmville, assisted by Elder J. E. Mewborn of Snow Hill, will conduct the services. The body will remain at the Wilkerson Funeral Home and will be carried to the Church one hour prior to the time of services.
Elder Roberts was born and reared in Wayne County and came to Greenville to live in 1923. He had lived here since that time except for twelve years that he lived in Farmville. He had been a minister in the Primitive Baptist Church for more than fifty years. At the time of his death he was the pastor of Damascus Primitive Baptist Church in Farmville, and he had formerly served as pastor of Meadow Church near Farmville and Hancock's Church near Ayden. He had been the Moderator of the Contentnea Primitive Baptist Association for the past twenty years.

Industrial Arts Club To Take Part In Homecoming Celebration Event

The Industrial Arts Club of East Carolina College at its first meeting of the school year began arrangements Monday to participate in events of Homecoming Day for Alumni on the campus.
President Charles B. West, senior from Dunn, welcomed approximately thirty members. Leroy Henderson of Hubert gave a summary of club activities and objectives.
Plans were begun for participation by industrial arts students in Homecoming Day for Alumni, annual event to be observed on the campus October 16. Members decided to carry out again this fall the project of awarding a plaque to the dormitory most attractively and appropriately decorated for the occasion.
An Industrial Arts Queen who will take part in the Homecoming Day parade and other events of the day will be sponsored by the club, according to plans made at Monday's meeting.

College Veterans Club Is Organized

The Veterans Club of East Carolina College has organized for the school year of 1964-1965. Fifty-two students are enrolled as members at present, and others are expected to join the group during the fall quarter.
David A. Lee of Tarboro, senior at the college, heads the Veterans Club as president. Dr. Carl L. Adams, director of the department of psychology, is faculty advisor.
Plans have been made to hold weekly meetings each Thursday at 6:30 p.m. in the second-floor auditorium of the Joyner Library.
A report on activities of the organization, made by President Lee at a recent meeting, presented a summary of 1963-1964 accomplishments, including the presentation to the college of a Victory Bell and its installation near the Memorial Gymnasium.
For the benefit of new members, Harvey L. Davis, Jr. of Warrington explained the Veterans Loan Fund, a club project to help worthy students receive an education, and discussed its values to the club and the college. B.C. Gray, Jr., of Trenton, vice president, reported on receipts from a concession stand operated by the Veterans Club at football games on the campus.

Mrs. Maddrey Speaks At Dinner Meeting

The Greenville Woman's Club will have its first meeting of the year on Thursday evening at the Club House. Mrs. R. P. Rogers, the president, will preside. This dinner meeting will begin at 6:30. The guest speaker for the occasion will be Mrs. C. Gordon Maddrey of Ahsokie. Mrs. Maddrey is well-known throughout the state, not only for her work in the North Carolina Federation of Women's Clubs, but for her activities in the Baptist church.
Among the offices held by Mrs. Maddrey in the State organization are Citizenship Chairman of N.C. F.W.C.; Chairman of International Relations Department, and she recently completed a three year term as president of the Ahsokie Woman's Club. At this time, she is also president of the Baptist Woman's Missionary Union of North Carolina.
In connection with the theme of the State Federation for the year, "You Are the Light of the World," Mrs. Maddrey has selected as her topic, "Mrs. America, and Today's World."

Funeral Thursday For Mrs. Carlos Harris

Mrs. Dessie Kittrell Harris, 71, widow of Carlos Harris, died in Pitt Memorial Hospital in Greenville at 1:20 o'clock Wednesday morning after having been critically ill for the past three weeks.
Funeral services will be conducted at the Wilkerson Funeral Chapel at 2 o'clock Thursday afternoon by her pastor, Dr. H. G. Haney, and burial will be in Cherry Hill Cemetery.
Mrs. Harris, daughter of the late John Harrell and Clara Nobles Kittrell, spent her early life in the Nobles Community near Winterville. She came to Greenville to live in 1903 and was employed as a sales lady here for more than thirty years. She was married to Mr. Harris in 1915, and he died August 21, 1930. She was a member of the Eighth Street Christian Church.
She is survived by a number of cousins.

'Boy Reporter' On His Hollywood Beat

By LOB THOMAS
HOLLYWOOD — They were shooting Abe Lincoln again, and I went out to watch it.
 The assassination was taking place on a 20th-Fox stage for "Prince of Players," the biography of Edwin Booth, Philip Dunne, a studious type who is directing his first picture, told me the set was an exact replica of Ford's Theater "too darned exact," he complained. "I have trouble getting my camera into it."
 President Lincoln was being played by a London-born dancer named Stanley Hall. This fellow can boast the most contrasting assignments of the year. His last job was with the Jack Cole dancers in a Marilyn Monroe number for "There's No Business Like Show Business." That's how makeup head Ben Nye happened to see him and admire his Lincoln-esque facial structure.
 All Hall had to do was sit in the box and get shot. But John Wilkes Booth had to do the dastardly deed and then leap 15 feet to the stage. Booth is played by John Derek, a foolhardy lad who wanted to make the jump himself.
 Director Dunne decided he wanted no actor with a broken leg, and so a stunt man was called. The fellow made the leap, landing in a nest of rubber cushions below the level of the stage. Then Derek jumped, but only to another platform a few feet below the presidential box.
 I asked Derek if he didn't feel qualms about playing one of the arch villains of American history. "Not at all," he replied jauntily. "They gotta hate me before they love me."
 Over the "Untamed" set Susan Hayward was acting out a tense

scene with Richard Egan for this South African film of life before the veil. The red head sighed wearily. Almost every day since last May, she has been before the camera.
 She swore off all film making until 1955. "What a joy it would be not to be working at Christmas for once in my life," she said.
 Still she is enthused about her next project—a loanout to MGM for "I'll Cry Tomorrow." That's the saga of Lillian Roth, who went from stardom to alcoholism and back again. Susan got a preview of her assignment by watching Miss Roth re-live her story on Ralph Edwards' "This Is Your Life."
 "By the time it was over, I was bawling like a baby," Susan confessed. This is her second job as a real-life songstress, the first being the Jane Fongman story.

And so to U-I, where they have cracked up a plane for "The Lookers." The story concerns some air crash victims and their rescuers, who struggle over \$250,000 discovered in the plane. One of them, Ray Danton, starts killing off the others one by one.
 I met Danton and he ruined my whole day. I think this Danton will make it. Stardom, I mean. A New York boy he is darkly handsome and has a deep voice that should set the girls a-tingle. Besides, he has played a deep-deeped heavy in his first two pictures. As Derek said, there's nothing better for an actor to get ahead.
 Here's how my day was ruined. As I left, Danton, who claims he is 23, remarked: "I'm glad to have met you, sir."
 Sir! Me, the one they used to call boy reporter. It was an awful blow.

Rose Marie Had Mishap In Play

ST. LOUIS (AP) — Rose Marie Florey, 17, studied hard for the role of "The Girl Who Falls Down" in the St. Louis Municipal Opera production of "Oklahoma!" and did just that in a rehearsal, breaking her foot. The part went to a good friend and "just about broke my heart as well as my foot," Miss Florey said.

Want To Discuss Obsolete Ruling

NORFOLK, Va. (AP) — The Virginia State Ports Authority wants the U. S. Department of Agriculture to discuss the so-called Liverpool lard agreement with the British. It seems that the British some 35 years ago declared that if any meats went bad which were shipped in summer from a U.S. port south of Philadelphia the sellers would bear the loss. This risk not only limited summer shipments — American sellers used northern ports the year round rather than alternate.

Picking Of Fruit Against The Law

RED BANK, N. J. (AP) — There are enough signs on the Garden State Parkway to keep you from getting lost, but if you do you shouldn't starve. The North Jersey shore superhighway boasts of peach and apple orchards in the center island and outer margins plus berries, mushrooms and vegetables.

Of course, unless you are lost and starving, picking berries and fruit is forbidden. A parkway official put it this way: "The highway would become a desert in a short time if motorists were allowed to forage at will.

Absentee Voting Should Be Restricted

With the general elections just five weeks away, requests for absentee ballots are being received by the various election boards chairmen throughout the state. We are in agreement with the law that permits persons away from home serving in the military forces to cast an absentee ballot, but beyond that we are not willing to go.

Because of the abuses and evils that accompanied the use of the absentee ballot in North Carolina, the privilege (except for persons serving in the armed forces) was outlawed for the primaries. Yet the law still permits the general use of the absentee ballot in the general election by any person who will be absent from his or her polling place on election day.

With North Carolina being almost a one-party (Democratic) state with the exception of a few western counties where there

is considerable Republican strength, it is possible that the dominant party in the state finds it still necessary to cling to the evils of the absentee ballot in the general elections in order to hope for victory in those few counties?

We reiterate that persons compelled to be absent from home to serve in the armed forces should still be permitted to exercise their right of franchise by the use of the absentee ballot; but there is no excuse to extend such a privilege to civilians. If the absentee ballot was too corrupt for general use in the Democratic primaries (and there are few who will deny that it was), it likewise is not fit for use in general elections. The next General Assembly should abolish it altogether except for persons serving in the armed forces.

What About The Agricultural Program?

Along with its other campaigning, the administration is stressing the new tax law as an aid to greater prosperity. According to its proponents, the new tax law will bring out hidden money for investment in new industries or expansion of present businesses creating more jobs and greater production with resulting prosperity.

On the surface such talk may sound good in some industrial areas and may gain some votes, but in view of the fact that agriculture is still the backbone of the nation, we are wondering what is to become of all the wares to be produced by the new and expanding industries if the farmers, because of the administration's curtailed farm program, cannot buy them.

Industrial prosperity and farm prosperity must go hand in hand and without one, the other does not exist.

Next Week A Helping Hand For The Blind

In cooperation with other Lions Clubs all over the state the local club will begin its campaign next week in behalf of the county and state blind associations. The work of the blind associations is supplementary to the work of the State Blind Commission and consists mainly in prevention of blindness by early medical attention, proper glasses for the partially blind, and a rehabilitation of blind persons enabling them to be partially or wholly self-supporting.

Those of us who have our sight and are able to enjoy the beauty around us should gladly extend a helping hand to the less fortunate who cannot see. When you are solicited by a member of the local Lions Club be sure that you make a contribution.

Strength for the Day

By EARL L. DOUGLASS
WAITING
One of the things about which the British complained—and joked, too—most during the last war was waiting. Half of their humorous cartoons in those days seemed to turn on someone's having to stand in line for something. There were other kinds of waiting, too: waiting for the invasion which fortunately never came; waiting for bombers, or casualty lists, which came all too often.

Much of life is made up of waiting—and much of the hardest part of it, too. Veterans of combat will tell you that the action, when it finally comes, is not the bad part. Men's spirits rise to meet the crisis, and they acquit themselves well. It is the waiting that tears at their morale.

Quite apart from war, there are always millions of ordinary, everyday people spending their days waiting for some future event. Some hold on cheerfully through poverty or distress with their eye on better days to come. Others must steel themselves for a blow which they know must fall.

If you are one who must wait, I would say this to you. Take courage! Your climb is at its steepest now. When you get to the top, whatever the result, the worst will be behind you. You will find joy ahead, or if not, you will be given strength to meet your needs. Be of good cheer!

National Whirligig
A Losing Rear-Guard Action
My RAY TUCKER
WASHINGTON—The United States is fighting a losing rear-guard action in its attempt to prevent Communist China from becoming a member of the United Nations as a replacement for Chiang Kai-shek's Nationalists, according to reliable reports from U. N. circles at New York and the advice of foreign diplomats at Washington.

The 49-11 vote in favor of mere postponement of the issue did not reflect accurately the sentiment of a majority of the members of the U. N. Assembly, according to this interpretation. The American viewpoint prevailed only because of the reluctant support of the British Commonwealth bloc, and the South American Republics. The Russian and Asian groups voted for Mao Tse-tung.

However, the British and the South Americans secretly oppose our position. They lined up with us, as they informed U. S. Delegate Henry Cabot Lodge, only because they did not want to break the solid front of the democracies in the face of Russia's recent diplomatic victories. They also feared that any split would jeopardize the current effort to organize some kind of a Western European defense force.

RED CHINA ADVOCATES IMPATIENT—The pro-Red China advocates, which include representatives of the countries that backed our demand for continued exclusion, are growing extremely impatient over our stiff-necked position. They insist that there can be no peace in the Orient until the Communists' control of China is recognized as an undeniable fact.

Recent visitors to Peiping maintain that Mao Tse-tung would be amenable to negotiations for Korean and Indo-China settlements more satisfactory to the West, if he were given full membership in the U. N. But he will continue guerrilla warfare along military and political lines as long as he is barred. And he will focus his animosity against the U. S. as his principal foe.

DISTRUST CHIANG KAI-SHEK—None of our U. N. allies has any faith or trust in Chiang Kai-shek.

Somebody Told Me

The Blood Bank Needs Boost

Remember the old days when somebody was hurt badly and needed blood? Remember that it took priceless minutes to line up donors and then possibly only a small percentage would have the type to match the victim? In those days, many died in this process. Now all we have to do is get the right type from the bank at the hospital.

Believe me, those days could come back! Last year Pitt County filled about 60 per cent of its quota for blood! The other counties in the Tidewater region (which includes Pitt) are holding us up. If they should slip, there's a possibility that we would be out of the Red Cross blood program.

Tomorrow here in Greenville we'll have a chance to give the blood program a boost. The Bloodmobile will be at the Greenville Armory from 11:00 to 5:00. In

Farmville, the unit will be at the Presbyterian Church from 10:00 to 4:00.

Of course not all have been slack. After tomorrow there's to be a group of Pitt County donors who will be honored by induction into the Gallon Club. So far there's only one member on record in Pitt County: Joseph A. Ray of Ayden. However, Joe qualified for the Club while in Norfolk, received his certificate and gold pin. Now he already has six pints on his second gallon, which will make him a member of the two gallon club. Then he'll receive a gold pin with two stars.

If you have any question as to how many you've contributed, check by calling 3225. The record is complete and up to date. Thursday will be my 5th and if you'll pardon the repetition from other blood columns, if I can give blood, so can any other healthy person.

In case there's any doubt in your mind, absolutely no money paid for the administering of blood goes back to the Red Cross. The price paid is not for the blood, but for the laboratory fees charged by the hospital and the physician's fee.

Any person 21 through 59 who's in good health may give blood and those 18 through 20 may give with the consent of their parents. Donations may be made once every eight weeks, but not more than five times in any 12 months. The body replaces the pint of blood completely within a matter of hours after it is taken.

It takes such a small percentage of us to keep it going; let's go down tomorrow and give. You never can tell when it might be you who will need blood for your survival.

And I thank you.

What Other Editors Are Thinking

UNSWING HEROES ALL
(The Concord Daily Tribune)
The other day a touching little drama was enacted in the Ohio countryside. Two aging electrical linemen — the men who fix your power lines when they go down — were high on the poles repairing the ravages of a storm. Suddenly, tragedy struck.

One of the men was hit by a loose, swinging line charged with nearly 7000 volts of electricity. He was electrocuted. The other, seeing the accident, climbed desperately upward to where his friend's body dangled. He tried unsuccessfully to administer artificial respiration.

The men had been inseparable companions at work for 30 years. I was not the first time trouble had hit them, but it was the first time their luck didn't hold. They had labored together through

long years, battling storms and their aftermath, risking their lives at great heights. Why?

So you, with hardly a thought, could flick a switch in your home and have light, or television, or ice cubes, or any of the countless other things power brings.

While they worked, these men may or may not have thought of themselves as heroes of a sort. Nevertheless, they were. And the largely unconscious heroism their efforts symbolized is something you can find again and again in the complex pattern of our modern industrial living.

The men who run the trains and buses and streetcars seven days a week in any weather; the people who bring all kinds of services to your door; the men who get out and repave a busy street from midnight till dawn so your

passage won't be interrupted; the men who do the dirty dangerous jobs in steel mills and other basic factories, these are heroes all.

Many may not like what they are doing, may gripe about it, and wish they were somewhere else. But the important thing is: they stay on the job, see it through no matter how distasteful.

Without them, without their faithful performance day in and day out, this life we lead would be reduced to a chaotic shambles in a matter of hours.

Let us offer tribute to the lecherly linemen who met sudden death atop a high pole in Ohio, and in so doing give recognition at the same time to the unconscious heroism which shows itself in big and little ways all over this land every day that passes.

Judge Grady's Service; Politics And Farm Program

By LYNN NISBET
GRADY — Judge Henry A. Grady is the oldest both in age and in tenure of all the judges on the North Carolina Bench. He observed his 53rd birthday on September 19 and on December 31 will have completed thirty two years as a superior court judge. Significantly exactly half of the service has been since he "retired". Despite his advanced years and emergency status, he is credited with holding more courts last year than any other judge in North Carolina.

This unique record occasioned an unusual testimonial party at the Kinston Country Club last Friday night. Members of the sixth district bar association—Onslow, Duplin, Lenoir and Sampson counties — and the Wayne county bar were joint hosts. Besides the lawyers from these areas there were several dozen from other parts of the east, including an even dozen judges and ex-judges of the superior court.

With John G. Dawson of Kinston presiding, Judge Paul Fritzel of Snow Hill led off a series of short tributes to the honoree. All of the talks noted Judge Grady's thorough knowledge of the law and his zeal for meticulous justice in the court house. Major emphasis was upon his knowledge of human nature, his genuine love for humanity, his ability to temper justice with mercy.

Responding to these tributes, the honor guest reviewed his nearly fifty years as lawyer and judge, reminisced about his associates at the bar, and complimented the present judiciary of

North Carolina.

The occasion was typical of the informal fellowship and genuine hospitality practiced by North Carolinians, especially in the middle east where such testimonials are frequently given around the festive board instead of around a crepe decked coffin.

POLITICS — Administration of the Federal farm program has been singularly free of politics at the local level. There has been a lot of big politics at the top and in relation to enactment of legislation. At the point of contact with the individual farmer through state and county PMA (now ASC) committees partisan politics has been completely absent in North Carolina.

For many years under the Democratic regime the chief State PMS officer was a Republican voter in Johnston county, and many of the county committees had Republican members, elected by their neighbors on basis of ability to do the job and without regard to partisan affiliation.

In occasions some concern now among farm leaders to hear that the chairman of the Republican State Executive Committee is writing county and local party leaders urging them to make sure that Republican farmers attend the meetings where ASC committees are to be nominated obviously for the purpose of seeing that Republicans are named to the local committees.

NEWSPAPERS — Two years ago the top leadership in the National Democratic party complained bitterly about a one-party press, charging that the newspapers were biased in favor

of Republicans and unfair to Democratic candidates. The situation seems to be different now. Stephen Mitchell, chairman of the National Democratic Committee, is quoted as telling reporters in an interview Sunday that he is depending upon the newspapers to give the facts about the present administration's policy in government and attitude toward electric power, particularly the Dixon-Yates deal. He said the press has done and is doing an excellent job in that respect.

POTPOURRI — Lex Ray, the Foundations man at State College, has a word of comfort for those who are confused and don't know where they are going much of the time. He has discovered a new attitude: "Blessed is he who runneth around in circles, for he shall become a big wheel."

Reports from the tenth district are the Chesley Sedberry, Democratic candidate for Congress, is making hay with his speeches. For awhile he attempted to deliver speeches prepared in advance, often by somebody else, and they made dull listening. Now he has thrown away the script and wades into the speech like he used to do Richmond county politics and before juries.

Like Harry Truman and Kerr Scott he can talk a lot more effectively than he can read somebody else's stuff.

Report of the Labor League for Political Education (AFL) that it has contributed \$10,000 to the Kerr Scott senatorial campaign occasioned no surprise around Capitol Square. Politically-minded folks are waiting with interest for the report of CIO Political

Business Today Cigaret Spectacle

By ELMER ROESSNER
The cigarette industry is a strange and wonderful thing. It has been clobbered by the cancer scare and kicked in the teeth with the Federal Trade Commission's idea on how it should advertise.

And now—possibly just to show it doesn't give a darn—it is knocking itself unconscious with brands.

P. Lorillard Co.'s introduction of king size, filter-tip Old Golds shows just how confused is the market. The company also makes the smokes in regular and king size without filters, and Kent cigarettes with another kind of filter. About the only thing left for it to bring out is short Old Golds with filters and short Kents without.

Other manufacturers have been pouring as many brands and variations on the market and reports in trade circles say Lorillard's action is causing other manufacturers to "fill out" their lines, and that soon every big producer will have both shorts and longs, filters and nonfilters, in two, three or more brands.

Then somebody may bring out gold-tipped ciggies, and the industry will go around again. All this is fine for package designers and advertising agencies, but it is sure mixing things up for distribution outlets.

Take supermarkets, which now sell more packs than any other kind of outlet. In fear of pilferage, supers keep cigarettes right at the check-out counter. Space there is at a premium.

A few years ago—about the time supers were moving into the top position—five short sizes and one king-size dominated the mar-

ket. A super could stock those and one or two lesser brands popular in the particular locality, and everybody was happy.

Now a super can stretch its racks as high as a clerk can reach, and in will come a little fellow who will look over the Luckies, Chesterfields, Camels, Fatimas, Pall Malls, Raleighs, Cavaliers, Spuds and Whatnots and say, "But I want Gaspers!"

And when he comes back, and the manager says, "We're stocking Gasper kings for you," he'll say, "But I don't want Gasper kings, I want the short ones with the cork tips."

Then there are vending machines. They can carry seven to twelve kinds of cigarettes and that's all. Tavern owners are being driven crazy by people who yap because they don't carry Corn Silks.

Some leaders in the cigarette industry are worried. They are afraid that brand confusion may completely scramble the market and that out of the mix up new favorites may arise—and they won't be their brands.

HOW \$1,000 TAX SAVING EQUALS \$41,667 IN SALES
The importance of taking advantage of all possible tax saving is dramatized by Prentice-Hall thusly:

If a firm's profit margin on sales before taxes is 20 per cent, then a cost saving of \$1,000 will net as much as \$5,000 in sales, but a tax saving of \$1,000 will net as much as \$10,417 in sales.

And if the margin is 5 per cent—slightly above the department store average—then a \$1,000 cost saving is as good as \$20,000 in sales, and a \$1,000 tax saving is as good as \$41,667 in sales.

Lady Pipesmokers 'Fascinate'

By HAL BOYLE
NEW YORK (AP)—What happens to a girl who smokes a pipe in public?

"Plenty," said Marie Quackenbush, an inventive young fashion consultant, who has freed lady pipesmokers of the problem of where to carry their tobacco pouches. She designed one that can be worn as a garter.

"Any woman knows she can get attention from men by taking a dog out for a walk. But a pipe is much better than a dog. Men are fascinated by them."

Miss Quackenbush, who has been puffing her pipe openly for more than a month, is hardly a pioneer. The pipe has had a large but hidden feminine following in America for many years. The pipe industry estimates the number of secret lady pipesmokers at about 150,000, not including the corn cob model addicts.

"Since last July when pipes specifically styled for ladies were first put on the market, some 350,000 have been sold," said Bernard Gould, vice president of the Kaywoodie Co., the nation's largest pipe manufacturer.

Ladies pipes are now for sale in most of the major department stores and tobacco shops. Plans are afoot to have them peddled even by cigarette girls in night clubs.

Why is it then you see so few women smoking them in public? Are they only a passing novelty, as most men believe? "One reason you have seen so few on the streets so far is women are bashful. They want to be sure they can handle the pipe properly in public. And then, of course, you know nobody wants to be the first couple on a dance floor."

"Another important reason is that manufacturers have been slow to develop the right clothing accessories for the pipe-smoking woman. But that is being corrected. They are bringing out a handbag with a compartment to carry a pipe. The belt industry is also working on some new belts with attachable tobacco pouches and pipe holsters."

Pipe holsters? Shades of Hopalong Cassidy: "How about that . . . that combination garter and tobacco pouch?" I asked, purely in the

interests of science. "Now . . . ah . . . just how does that work?" "Unfortunately, I didn't wear mine today," said Miss Quackenbush, ruining a fine luncheon. "But it is worn just above the knee. You can fill your pipe from it at a restaurant table without even being noticed."

Editor's Note: Not if Boyle's there. He's always squirming under tables, looking for fallen napskins, he says.

Miss Quackenbush has had some interesting experiences with her two pipes—a jeweled job for business hours, a black and white formal pipe for evening wear.

"Most men think my pipes are more feminine than cigarettes," she said, asking for a match and giving me a stern look when I absentmindedly handed her a packet and let her light up herself. It is going to take even the present race of mouse-men a generation to bow to the fact they have to learn how to light a lady's pipe for her.

"At one cocktail party," she recalled, "I was sitting on a sofa, and a gentleman said I was holding my pipe wrong, well, he got down on his knees before me to show me the way he thought I ought to hold it, and the other ladies at the party turned a quiet green with envy."

Other men doped by to compliment her choice of tobacco when she stormed the exclusive ramparts of El Morocco and the 21 Club. When she pulled out her pipe at Toot Shor's restaurant, however, its pachyderm proprietor went over and bit the nearest bus-boy, then sat down and began to brood about the old days.

At Sherman Billingsley's Stork Club she met a firm counter-attack. A waiter quickly put a sign on the table.

"No pipesmoking, please." So far, Miss Quackenbush admitted, no man has been willing to carry her pipe for her, and none has put his arms around her and said, "I love a girl who smokes a pipe."

She feels she has discovered the real reason men enjoy pipes. "It just gives them something to chew on—and hold in their hand while they talk," she said, waving her pipe.

Then she borrowed another match.

'Sunny Acres' Stable's Mighty Chief Winner At Norfolk Show

Thoroughbred horses from Hugh Winslow's "Sunny Acres" Stables near Greenville were winners at the recent Kempsville Woman's Club Horse Show at Norfolk, Va., and three other shows.

Mighty Chief, chestnut pride of the Winslow stables, and his rider, Ray Pittman, are shown in the picture receiving the Oscar Prommel Smith Memorial Challenge Trophy for the second straight year. Miss Ann Charles, granddaughter of the trophy donor, presented the cup. If Mighty Chief, five-gaited champion,

wins in 1955, the trophy becomes the permanent property of the Winslow stables.

Another Greenville winner at the Kempsville Woman's Club Horse Show in Norfolk was Blue Fire, with Hugh Winslow up, who placed third in the amateur five-gaited championship stake.

Stonewall Starlet, with Winslow driving, placed third in the open fine harness stake and fourth in the fine harness stake. Reverie's Thunder, with Pittman up, placed third in the open walk-trot event, and was fourth in the walk-

trot stake.

Mighty Chief, with Ray Pittman up, was the five-gaited champion at the Farmville Veterans of Foreign Wars' Horse Show in late August. Stonewall Starlet, with Hugh Winslow driving, won the fine harness stake. Reverie's Thunder, with Pittman up, won the walk-trot stake.

Stonewall Starlet, with Ray Pittman driving, won the Carolina five-gaited championship in the model class at the Clinton Lions' Club Horse Show in August. Stonewall

Starlet also won the open fine harness stakes. "Sunny Acres" Mighty Chief, with Pittman up, won second place in the gelding class.

Other "Sunny Acres" thoroughbred winners were: Reverie's Thunder, fourth in the walk-trot stake; Tuxedo Junction, fourth in the open walk-trot, and Blue Fire was fourth in the novice five-gaited stake.

"Sunny Acres" Stable horses will participate in the Junior Chamber of Commerce's Horse Show in Greenville October 9 and 10.

New Floor Care Ends Waxing

One of the most difficult jobs of housekeeping is to keep linoleum and asphalt floors waxed and gleaming. Now, thanks to Glaxo, it is no longer necessary to wax and scrub. All you do is apply Glaxo with a brush about twice a year. It maintains a high luster, non slip coating that seals out dirt. Glaxo dries in one hour and is water clear. It's cheaper than wax in the long run besides saving a terrific amount of work, plus truly a beautiful floor. Glaxo is available at Belk-Tyler's on the third floor.

Odds Don't Mean A Thing Says Durocher

Leo Isn't Making Prediction

By ED CORRIGAN
NEW YORK (AP)—Being the underdog is nothing new with manager Leo Durocher of the New York Giants, so the 18-10 odds favoring the Cleveland Indians to win the World Series don't impress him. "Odds don't mean a thing to me," snapped Durocher before sending his club against the tribe in the Polo Grounds today. "You win them on the field, not with bets. Naturally, my guys think they're going to win."

That was about as close as Durocher has come to forecasting the result of the series. He has a self-imposed rule that he doesn't make predictions on the outcome of Giants' games.

Durocher's opening day pitching choice—ancient Sal Maglie—produced no eyebrow lifting among the experts. Leo, in fact, explained his decision in a way that made "experts" look good. It's just how they figured.

"I'll have two shots with Maglie, which is what I want," he said. "The Barber needs considerable rest between starts. I can still get three shots with Johnny Antonelli if I need them. I'm not saving anyone. That's a cinch. This thing can go only seven games."

As to the rumor that has been circulating that Don Liddle might get the call as a dark horse, the Lip said:

"As far as Liddle is concerned, I'm not pitching anyone just to get him in the series. The pitchers we think can win will be the ones who will do the pitching."

The Liddle rumor started when Boston Red Sox manager Lou Boudreau told some newspapermen that he thought Don, a left-hander, would give the Indians trouble. "I learned a lot pitching to the Indians in the spring," he said.

Antonelli goes in tomorrow's game and at the rate Durocher is planning, Johnny could win three games and at the rate Durocher is youngster would be only too happy to pitch every day.

Like Durocher, Captain Al Dark, played it cagey when asked his prediction on the series outcome. "Let's see now," grinned Dark, a former college football star, "who's Notre Dame playing Saturday?"

Durocher's operatives are in excellent physical shape. Their only casualty is reserve infielder Foster Castleman, whose lame knee hampers his fielding.

Lopez Says Win Today Will Do It

By FRITZ HOWELL
NEW YORK (AP)—A couple of Ohio's top baseball men couldn't get together today on a favorite to win the 1954 world series.

Warren Giles of Cincinnati president of the National League, opined that New York's Giants would take it all. Al Lopez, Cleveland manager, said his Indians had it wrapped up.

Giles took a look at the 18-10 odds in favor of the Indians, and the fact that only 17 of 54 writers picked the Giants, then warned: "Someone's going to lose some money if they bet against the Giants at those odds. No series is that one-sided."

But Lopez, leading with his ace, 23-game winner Bob Lemon, appeared confident the Tribe would get away on the right foot today.

"And if we win the first one, they'll never catch us," the event-empered senior predicted.

Bobby Avila, the American League's leading hitter and snappy second sacker, offered a new reason for a Cleveland victory.

"Three of my brothers and my cousin came up from Mexico for the series," he said. "I would be ashamed if we lost while my brothers were here."

Avila, in addition to his batting and second-base chores, is president owner and general manager of the Mexico City Reds. He also turned author, writing his World Series experiences for Mexico City papers.

"We want to wind up the series in a hurry," Avila said. "My team opens its league season this weekend, and I want to get down there as soon as I can."

The Indians had their chance today to see how well they learned their one-day practice lessons yesterday. They spent almost two hours at bat, trying to pull balls into the stands only 287 feet down the right field line, and 279 down the left.

Lopez said he thought the short foul lines could be the deciding factors in the games here.

Bobby Feller, the erstwhile fireball pitcher, doesn't know yet whether he'll start a game for the Indians, but he's the sentimental favorite of everyone to get a chance.

On the punny side the press box boys were saying: "The Indians go after that early win today. Tomorrow they go with Early Wynn."

Bucs Carefully Rehearse For Catawba On Saturday

By BRUCE PHILLIPS
Reflector Sports Writer
East Carolina's Pirates hustled through a brisk workout yesterday afternoon, polishing up on offensive blocking and play patterns.

Coaches Jack Boone and Jim Malloy put the Bucs through their paces in serious contemplation of the Catawba game here this Saturday night.

A brisk offensive scrimmage was the main item of concern on yesterday's agenda. Three units of varsity linemen worked against a freshman bunch. Every phase of

line play was carefully rehearsed and emphasized in view of the fact that Coach Clyde Biggers' forward wall averages in well above 200 pounds.

The first unit was comprised of J. D. Bradford and Larry Rhodes, ends; Willie Holland and George Tucker, tackles; Don Burton and George Rice, guards; and Louis Hall, center.

Alternating on the other two units were Ray Pennington, Bill Helms, Bill Cain, and Bob Chambers, ends; Ray (Bull) Overton, Charles Smith, James Knight, and Chester Rogerson, tackles; Paul Popov, Grady Dickerson, Tim Kermion, and Don Larimore, guards; and Waverly Chesson and Galtier Gline, center.

The backfields ran through a dummy offensive scrimmage, checking patterns and timing. Milton Collier and Gary Matlock continued to share the quarterback role, with assistance yesterday from Frosh Eddie Dennis of Durham, Harold O'Kelly again filled in for injured Claude King at fullback. King was in light gear limbering up a stiff

leg. Bobby Gay, reserve fullback out last week with tonsillitis, was also jogging in light equipment.

Tippy Hayes and Eno Boardo ran from the number one halves. Jim Stanley, James Hejderson, Bobby Perry, and Tom Ailsbrook also took turns.

All-Conference Guard David Lee made a brief appearance during the practice. He was out exercising a stiff knee. He is expected to be recovered from a strained knee by game time Saturday.

Boyd Webb, quarterback, still is hampered by a bruised hip. He hopes though to have it limbered up in time for the Indians.

The Catawba game will be the second conference match for the Pirates and affords them an opportunity to unseat front-running Appalachian. Catawba, on the other hand, will be out to whip the defending champs any way they can.

The Pirates are looking to this game especially. A fiery rivalry was ignited in Salisbury last fall. It'll be another big obstacle in the Bucs path to retaining the league crown.

Roy Mack Needs Just \$750,000

NEW YORK (AP)—Roy Mack today embarked on a final, desperate two-week search for \$750,000 in cash to gain control of the Philadelphia Athletics.

It was learned that Roy has given the American League written assurance he will listen to outside offers to buy the club which his father, Connie, founded in 1901 if he can't raise the money.

Roy refused comment on his chances. So did his brother, Earle, who has been in favor of selling right along. Roy would use the money to buy out Earle and his father.

Roy Mack gained his two weeks of grace at a seven-hour session of American League owners here yesterday in the same hotel room in which the league voted exactly a year ago to move the St. Louis Browns to Baltimore.

The owners listened to two detailed plans to buy out the Macks. One came from Arnold Johnson, a Chicago real estate man who wants to move the club to Kansas City. The other came from Thomas Richardson, president of the Eastern League and a director of the Athletics.

Each of the offers was for \$3,375,000. This would cover Connie Mack Stadium in addition to the franchise. The Mack family would have to pay its debts, estimated at more than 1 million dollars, out of the proceeds.

Richardson's offer, which he said came from a small group of moneyed friends, would keep the A's in Philadelphia in 1955. But, he said, he needed assurance the league would allow a move to any one of six or seven cities if we decide Philadelphia definitely no longer is a two-team town."

Busy Bench by Pap

Without taking any credit away from Willie Mays, Johnny Antonelli, Al Dark and other star players of the New York Giants, it does appear that a nod in the direction of their "bench" is very much in order. The Giants won the National League pennant through a team effort, with several solid substitutes giving the club some timely lifts. The Giants really became pennant-conscious when the team took over first place through the amazing deeds of a "daddy" hero. Pitchers came in from the bullpen to halt threatening rallies and batters walked out of the dugout to come through with run-producing hits.

The Giants' reserves made Manager Leo Durocher look like a genius when they produced in story-

Phantoms Rest Atop Conference Grid Standings

Coach Bill Kittrell's Greenville Phantoms, on the basis of their 7-6 eclipse of Kinston last Friday night, are perched atop the Northeastern Conference football standings.

Boasting an unblemished 3-0 overall mark and a 2-0 record in conference play, the Phantoms are a game and a half out in front of second-running New Bern. The Bears have a 1-0-1 standing in loop competition.

Greenville's upset of Kinston was the league's biggest attraction last week. Jerry Drum, reserve quarterback, and End Bob Howell collaborated on a 75-yard pass play in the third quarter and a touchdown. After the marker, Drum hit James Speight in the end zone with a point-after pass for the margin.

New Bern ran roughshod over Roanoke Rapids 34-6 in a one-sided fray in New Bern. Washington tied with its third straight opponent, Elizabeth City 6-6. Jacksonville and Camp Lejeune battled to a draw also, 7-7.

Games this week find Jacksonville at New Bern, Greenville at Washington, Wilson at Kinston, and Elizabeth City at Roanoke-Rapids.

The conference's standings including games played through September 24:

Mary Lena Faulk And Georgia's Champion Clash

THOMASVILLE, Ga. (AP)—Mary Lena Faulk of Thomasville, former National Women's Amateur champion, faced Georgia State Champion Frances Rich of Bainbridge in today's first round of the women's Trans. S. Mississippi golf tournament.

Miss Faulk tied Minnie Lee Ashley of Gadsden Ala., yesterday for qualifying runner-up honors at 78, one over women's par. Vonnie Colby of Hollywood, Fla., won medalist honors with a 77.

Miss Ashley was paired against Mrs. Norma Shook of Morganton, N.C., who yesterday tallied a 80.

Marge Burns of Greensboro, N.C., with a 78, was paired against Mary McCutcheon of Gadsden, 89.

Mrs. Marjorie Lindsay McMillen, Decatur, Ill., 81, was paired against Mrs. Pearson Meecher, Southern Pines N.C., 95.

Catfish Proved Too Overweight

STUART, Fla. (AP)—While fishing the other morning W.D. Anderson pulled in a one and a half pound catfish. He figured this would be plenty for breakfast when mixed with a little bacon grease and a corn pone on the side.

He changed his mind about his menu for breakfast a few minutes later when he opened the fish and out fell a two foot poisonous water moccasin.

Boating Has Its Own Slangage

HARTFORD, Conn. (AP)—A girl watching an outboard race on the Connecticut River remarked: "my boy friend's got a hog in his boat; he hit a sleeper and dug in."

To an inquiring reporter she gave this translation: Hog, a buckling in the planks. Sleeper, an unexpected wave. Dig in, bow plowing into the water instead of riding above it.

Deacon Football Captain Chosen

WAKE FOREST, N.C. (AP)—Ed Stowers, 209-pound end of Norfolk, Va., will serve as captain of the Wake Forest College football team for the remainder of the season.

A senior, Stowers is currently eighth in the nation in pass receiving with seven catches for 83 yards and one touchdown. The squad had been electing a captain for each game, but decided to name him permanent captain on the basis of his leadership on and off the field.

Wilbert Robinson, playing with the Orioles in 1894, hit six singles and a double in seven times at bat — still a record.

SPORTS SHOTS

by Bruce Phillips

BASEBALL'S CLIMAX: Leo Durocher, a fast and adroit man with a deck of cards or a baseball maneuver, was at his most audacious in the first ten minutes of the 1951 World Series.

Playing his cards as though his Giants were facing the Mudville All-Stars instead of the favored Yankees, Durocher led with his fourth-best pitcher, Dave Koslo, who had gone nine innings only five times all year. In the first inning the Giants started briskly by scoring a run, and had men on second and third with two out and Bobby Thomson the hitter. In his last turn at bat the previous day, Thomson had delivered the play-off home run against Brooklyn that won the pennant. The Yankee pitcher was Allie Reynolds, who in his last effort had fashioned his season no-hit, no-run game for the Yankees.

Every schoolboy knows the approved procedure in a situation like that, when you have a good pitcher on the ropes. It is simply to swing from downtown and try to knock the pitcher out before he can regain his poise. So what did Durocher do? He gave the office to Monte Irvin, who broke for the plate and got away with the first steal of home seen in the World Series in thirty years. Having thrown confusion into the Yankees from the opening gun, the Giants had no trouble winning the first game, 5-1.

Just an illustration of the harassment of managers and baseball clubs in the most renowned of sporting events - the Series.

This year it's those same Giants with the same Durocher, but new opposition in the Indians of Manager Al Lopez. Knowing The Lip, the 9-5-odds underdog role sports writers around the country have tagged his Giants will be considered an advantage instead of the conventional disadvantage.

Cleveland has the best club ever, some say. Their mound staff of Bob Lemon 23-7, Early Wynn 23-11, Mike Garcia 19-8, Bob Feller 13-3, Art Houtteman 15-7 and Don Mossie 10-7 has had few equals since Doubleday patented the game.

The Giants, on the other hand, have Willie Mays who clouted 41 homers and The Barber, Sal Maglie who won 14 and lost six during the season. Some say that's plenty! Johnny Antonelli's 21-7 record also indicates he's ready to match wits with Cleveland's elite-six.

But when the bats boiled down, its strategy that pays off on the Series . . . and a kind of Masterminding the average baseball fan isn't accustom to seeing.

Winning the flag and the World Series are two entirely different

propositions. Durocher is obliged as the underdog, to dream up a stratagem that will alter the impending course of events. The resident orator in the other dugout Lopez, cannot afford to sit-back either.

Although there are strong forces pulling the managers the other way, the logic of trying to beat the percentages in the World Series is evident. They'll employ "the ridiculous, the old standby, "element of surprise" has no better application. The terrific pressure will provide the opportunity. Who'll take advantage of it? . . . and successfully.

Don't block the view but move in close to your TV screen and watch the tactics. A warning though, trying to second guess the managers is like trying to fill the hole-in-your nose with an elbow.

It happened at a "pot of gold" contest at the ball park. Kids were told they could have all the coins they could stuff in their pockets in 20 seconds from a wheelbarrow loaded with money. The baseball players taped Gary's socks over his trousers, money went into his waist and netted \$52.

Those Last Days Are Worrisome

NEW YORK (AP)—The "September days" in a baseball season give veteran players additional worries — mainly their jobs for next season.

Willie Miranda, shortstop of the New York Yankees, summed it up when his team was trying to overtake the Cleveland Indians in the final days of this season's race. "I am going good now," he said. "I stop grounders with my teeth. And my snap throws clip runners off first."

"But, everytime I walk off the field I see a new group of youngsters coming on for a tryout. And 99 times out of a hundred, it seems to me the youngsters are trying out for shortstop."

Southwest Sees Feud Renewed

AUSTIN, Tex. (AP)—There is quite a show of gridiron bulldogging in prospect for the Southwest Conference in this season's football race.

The Texas Longhorns, who tied with the Rice Institute Owls to lead the conference race last season, will find the Owls again their most threatening competitor. Also the Longhorns will find the Baylor University Bears a rival with a strong team which is coming back for revenge.

Texas beat Baylor last season by the slim margin of 21 to 20.

There is no golf course in the business section of Longsight, Ind., but County Auditor Richard oil found a golf ball inside a broken window in his courthouse office.

Tears for the Bride

By ROBERT MARTIN

SYNOPSIS

Jim Benn A, noted sleuth of Cleveland, Ohio, accompanies his secretary, Miss Sandy Hollis, to her family home in rural Ohio, for a week-end of pheasant shooting. He is received well by Sandy's parents, and rugged Rex Bishop, their farm-hand regales him with tales of "shootin' days" in the old west. Jim also meets Sandy's war-vet brother, Ralph. He had recently broken his engagement to handsome, spirited Judy Kirkland, in favor of docile Eileen Fortune. Everyone, including her father, Jake Fortune, had expected Eileen to marry Earl Seltzman, Jake's partner in a cattle-buying business.

CHAPTER THREE

After dinner, Homer Hollis and Rex Bishop went outside to finish up the evening chores and Ralph and I helped to carry the dishes into the kitchen. We offered to help dry them, too, but Mrs. Hollis shooed us out saying that we would only be in the way. Ralph winked at me and we returned to the living room. He said, "Jim, if you want to get your bag, I'll show you your room."

"Fine," I said, and went out to my car. I got my bag, and Sandy's and on the way back to the house I paused a moment to look at the night. It was clear and cold, with a bright moon and many stars. Over the hill on my left I could see a faint glow in the sky from the village of Ridge Center. A few cars were humming along

the highway, and as I entered the house by the front door I saw a pair of headlights turn into the lane and come up toward the Hollis farm. Inside, I said to Ralph, "Looks like company's coming."

"Yes," he said, as I followed him up a wide open stairway off the entrance hall. "It's probably Jake Fortune, Eileen's father. Mom asked him for supper, too, but he said he couldn't make it, but might stop in afterward." We reached the top of the stairs and he opened a door off the long hallway. "Here's your room. The bath is right down the hall. If you need anything just holler." He moved away, carrying Sandy's bag.

My room was big and high-ceilinged, with white-painted woodwork and flowered wall paper. An old-fashioned country bedroom.

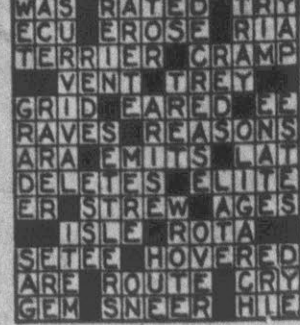

After unpacking my bag I tidied myself and went downstairs to the living room.

Someone had put more wood on the fire and several bronze floor lamps added a soft glow to the light dancing on the walls. A man was standing by the fireplace talking to Ralph Hollis, a big man with a rough weathered face, rather small, gray, wide-spaced eyes, thin blond hair graying over his ears. Even if Ralph hadn't told me, I think I would have known that he was Eileen Fortune's father. He was wearing gray tweed slacks and a heavy gray flannel shirt, the pockets of which bulged with note books and yellow lead pencils. In one hand he held a

small glass of whiskey, the stub of a cigar in the other.

Another man sat nearby, idly leafing the pages of a magazine. He was young, about Ralph Hollis' age, I guessed, and was dressed in sharp contrast to the man by the fireplace: dark blue suit, sober tie, polished black shoes. He was thin, with a pale, delicate face and dark hair clipped in a crew cut. The freight gleamed on his rimless glasses.

Ralph Hollis turned away from the fireplace and made the introductions. The big man was Jake Fortune, the father of Eileen as I had guessed. The young, thin man was named Earl Seltzman. Fortune's grasp was firm and hearty; Seltzman's was limp. His voice was nasal, and immediately he sat down again and resumed his listless leafing of the magazine. The big man grinned, showing strong yellow teeth. "Pleased to meet you, Bennett. Homer told me that Sandy worked for a private dick—is that what you are?"

"Yes," I said, a trifle wearily. Over the years I'd become a little surly with people who regarded my profession as outlandish, something away from the norm—a fantastic, slightly sordid occupation,

not real except in fiction, on the radio, or the television and movie screens.

"Well," Jake Fortune said heartily, "it takes all kinds, I guess." He grinned at me, showing that he had no hard feelings.

Mrs. Hollis came into the room, followed by Sandy and Eileen Fortune. Mrs. Hollis smiled at Jake Fortune, and said to the thin young man, "Why, hello, Earl. How have you been?"

He gave her a wan smile without getting up. "I haven't seen Ralph since he got home," he said, "and Jake asked me to come along." He looked at Eileen, and added bitterly, "I hope it's all right."

Eileen flushed. "I—I'm glad to see you, Earl," she stammered. "I knew you would be," he said with a kind of sly, cold-smear, and I decided in that instant that I did not like Earl Seltzman.

Sandy said in a too-gay voice, "Well! It looks like we need some ice and glasses." She went into the kitchen, and I followed her. While she got glasses from a cupboard, I broke ice cubes from a refrigerator tray. "Having fun, Jim?" she asked over her shoulder. I noticed that she'd changed

to a soft cashmere sweater and a rust-colored skirt. Her shining brown hair curled crisply above her shoulders, and I decided that she was one of the prettiest girls I knew.

"Sure," I said. "Tell me about the people; the big bluff character with the pocketful of pencils is the father of Eileen, the father-in-law to-be of your brother Ralph?"

She nodded, polishing glasses. "Jake Fortune. He's a widower, and Eileen is an only child. They say he gambles a lot, and likes his fun and makes frequent trips, done a little of everything—farmed, dabbled oil, raised horses, sold farm implements. At present I hear he's ealing in cattle."

"And the sullen young man with the poetic face? Seltzman, is that it?"

Sandy frowned a little and paused in her glass polishing. "To tell you the truth, Jim, I'm surprised that he's here. It's liable to create a—a situation. You see, Earl was in love with Eileen Fortune for a long time—still is, I suppose. He and Ralph went to Ohio State together to major in agriculture. Then, after Ralph and Judy Kirkland quarreled, Ralph began to see Eileen and, well, I guess she liked my brother better than Earl, and she and Ralph became engaged just before Ralph enlisted. I told you about it."

"I remember," I said. "And then Earl Seltzman and Judy Kirkland got together?"

She shook her head. "No, it didn't work out that way. I'm afraid that Earl isn't Judy's type. I think it worried Ralph a little—after all, he was Earl's friend—but he never talks about it."

"All's fair," I said.

"I know," she said soberly, "but I wonder if—well, if Ralph really loves Eileen."

"She sure loves him," I said. "It sticks out all over her."

Sandy sighed. "I know."

"I'm just a nosy old fool," I said, "but what's the connection between Jake Fortune and Earl Seltzman? Outside the fact that Earl is sweet on Jake's daughter? They came here together?"

"They've probably been out on a cattle-buying trip," Sandy said. "Earl is quite wealthy. His parents are dead and they left him half a dozen farms around here. Dad wrote me that Earl has the idea that he wants to compete with the Texas beef market, and is building up a herd. I suppose Jake Fortune is doing the buying for him."

"All right," I said, "now tell me more about Judy Kirkland. She sounds—uh—interesting."

Sandy gave me a mocking look. "Banish that glint from your eye."

Stock And Market Reports

NEW YORK — The stock market worked lower today in a quiet manner in the early afternoon.

Almost all major divisions of the market were mixed to lower. Losses went to between 1 and 2 points while gains extended to around a point.

Trading hit a pace right around yesterday's low 1,800,000 shares traded in a mixed market.

Wall Street was well represented at the opening game of the World Series, and close attention to baseball instead of business had a dampening effect on the market.

Lee Rubber, which ran up 6 points the first two days this week, lost around 5 points shortly after announcement of a regular dividend. Evidently much more had been expected.

Among lower stocks were U.S. Steel, International Telephone, Santa Fe, New York Central, Royal Dutch Petroleum, Douglas Aircraft, Du Pont, Radio Corp. and General Motors.

Higher were Studebaker, Remington Rand Cities Service, Continental, Celanese, and Chrysler.

Directors of Lee Rubber declared a dividend of 75 cents quarterly and a 50-cent extra, the same as a year ago when a 5 per cent stock dividend also was paid.

Junior Tobacco Show Judging Is Started

Judging of some 34 acres of tobacco entered in the Junior Tobacco Show and Sale began this morning.

Thirty-two 4-H and Future Farmers of America Club members began unloading their tobacco on the floor of Raynor and Harris Warehouse yesterday in preparation for today's sale.

Awards for the prize winners will be presented tonight at a banquet for the young farmers and their parents at Respass James Barbecue House. The supper is scheduled to begin at 7 p.m.

Speaker at tonight's banquet is to be E.L. Norton, District Agent of the North Carolina Extension Service from Raleigh. The invocation will be pronounced by W.T. Kyzer, B.B. Sugg vice-president of the Greenville Tobacco Board of Trade will welcome the guest and a response is to be given by Larry Dilda of Fountain after which C.J. Goodman, assistant county agent will recognize guests present.

The awards are to be presented by W.L. Whedbee, Sales Supervisor of the Greenville Tobacco Market and Norton is to be introduced by S.G. Winchester, Pitt County Agent.

Consider Appearance Judging the tobacco entered in today's contest for floor appearance are Luther Finch, government grader and Judson Whitehurst of Raynor and Harris Warehouse.

The tobacco will be graded by Government Grader Bill Bradshaw. In judging the tobacco entered today the judges are considering the appearance of the leaf, its condition and the manner in which it is assorted. After the judging a government grader will go over the tobacco and grade it.

The young farmers were required to enter a minimum of one-half acre in the show with a maximum of one and one-half acres from tobacco raising projects they have conducted this summer. The regulations state that the entire project is to be displayed and sold at the show and sale.

Only 4-H and FFA members in good standing are eligible to participate in the show and sale. Following the judging of the crops entered in the show contestants who desire can enter the three-hand show. Each of the youths enters a sample consisting of three normal size hands in one or all of the following four classes: lugs, cutters, smoking leaf, and leaf.

Under the show rules the samples entered in the three-hand show must be selected from the project tobacco.

In the crop show a possible 100 points can be awarded by the committee judging the show. Each entry can receive 50 points for acre value, based on yield and price per pound paid in competing bids, the previous year on a Government Grade basis; 15 points for freedom from damage; 20 points for recommended practices followed; and 15 points for the record book on the project.

Prizes to be Awarded Prizes to be awarded in the Crop Show and Sale include: First prize—\$75; second prize—\$50; third prize—\$35; fourth prize—\$25; fifth prize—\$15.

In the three-hand show five prizes are being offered in each of the following classes: lugs, cutters, leaf, and smoking leaf. The prizes are: first—\$15; second—\$10; third—\$7.50; fourth—\$5; fifth—\$2.50.

In addition winners from this show and sale will participate with other winners from the entire Eastern and Border Belts for state awards. Prizes in that contest include: first—\$200; second—\$100; third—\$50.

"We are expecting the show to be a success," says Assistant County Agent Sam Weeks, who is in charge of the show and sale. The farm agent stated that last year the Pitt County show had the largest number of entries of any show in the state. In addition, last

year's state winner came from Pitt County.

The tobacco entered in the show will be sold at a special sale tomorrow at the warehouse. Weeks said that head buyers from the tobacco companies represented on the local tobacco market will follow the sale.

Sponsoring the show is the Greenville Tobacco Board of Trade. Sponsors of tonight's banquet are: Ficklin Tobacco Company, Person-Garrett Tobacco Company and Greenville Tobacco Company.

Superior Court Judge To Retire

RALEIGH — Superior Court Judge W. C. Harris has announced he plans to retire because of ill health, closing a career of 42 years on the bench.

He served for 15 years as judge of City Court in Raleigh and has been resident judge of the Seventh Judicial District comprising Wake and Franklin Counties for 27 years. He is North Carolina's oldest Superior Court judge in point of service.

The veteran judge has been ill for the past eight months with a throat ailment which twice has necessitated surgery. He said physicians had advised him to retire.

Two men were mentioned in speculation as possible successors. They are William Y. Bickett, who has served as solicitor for 20 years and was not a candidate for reelection this year, and William T. Hatch, who served as special Superior Court judge for four years during the administration of former Gov. W. Kerr Scott.

The Democratic candidate for the judgeship will be chosen by the six-member Democratic Executive Committee for the Seventh District. The successor elected on Nov. 2 will complete Harris' term which runs through 1958.

Family, \$82,000 And Young Bank Teller Disappear

NEW YORK — A young bank teller has disappeared with his wife and three children and more than \$82,000 from the bank where he had worked for more than two years.

The money was discovered missing yesterday after 23-year-old John Siemer failed to show up for work at the West Brighton branch of the Staten Island National Bank and Trust Co.

Sidney O. Simonson, Richmond County district attorney said the teller's case was checked after bank officials received a phone call that Siemer had overslept and would be late. The call came from a woman who identified herself as a member of the family.

The bank reported that all paper money had been taken from the cage. It figured the missing money amounted to a little more than \$82,000—all in small bills.

Two Judgments Nat'l Head Of Signed Tuesday Association Here

Judge Joseph W. Parker signed two consent judgments yesterday as the second day of the Superior Court civil term here was completed.

The judgments came in the cases of A. C. Monk and Company, Inc. and Affiliated FM Insurance Co. vs. Lang Grain and Seed Co., Inc. and R. A. Fountain, et al. vs. Lang Grain and Seed Co., Inc.

In the former case the defendant was ordered to pay plaintiff \$2,000 and the costs of the court, while in the latter case the plaintiffs were ordered to recover \$918.95 plus costs from the defendant.

In the case of Home Furniture Co. vs. Namond J. Green and Beatrice Petteway, the defendant Beatrice Petteway was given 30 days in which to file an answer to the complaint.

Another case, Edward L. Allen vs. N. L. Bradshaw, was begun yesterday and continued in today's session of court.

Cars In Collision At Intersection

Cars operated by Mrs. Bettie W. Batts of Tucker's Circle and Hubert Mills of Greenville Route 3 were involved in a collision at the intersection of U. S. Highway 254 and N. C. 43 yesterday morning.

Damages to the two cars amounted to approximately \$350. No charges were placed. The accident was investigated by Traffic Officer V. C. Aekert.

Jocelyn Jones, daughter of Mr. and Mrs. William Jones of Davenport Street celebrated her sixth birthday on Sunday from 4-6 o'clock. The children enjoyed swinging, sliding, and playing games led by Mrs. Frank Wilson Jr.

Popular Novelist

His wife and their daughter, Ann, were at his bedside when he died. Other survivors include two sons, James Street Jr., of New York and John Lee Steet of Greenville, N. C.

In 1927, Street became assistant state editor on the Arkansas Gazette at Little Rock and in 1928 became an AP correspondent at Memphis, later working for the AP at Nashville, Tenn., and in Atlanta. From Atlanta, he worked as a roving AP feature writer and moved to New York, where in 1934 he became a feature writer and columnist for the Hearst chain.

He was assistant city editor of the New York World-Telegram in 1937, and later became a free lance writer. He worked for a time with H. Allen Smith, author of "Low Man on the Tolem Pole."

He wrote his first short story while he was broke in New York City. The story sold and was made into a movie. Since he poured 200,000 words into his "Oh, Promised Land" 13 years ago, he had written several books and numerous stories.

Other books he wrote include "Mingo Dabney," "The Biscuit Eater," "The High Calling," "By Valour and Arms," "Look Away," and "In My Father's Arms."
