

Light rain and cool tonight and Friday.

House Moves To Require Excess Sales Tax Take Be Paid Govm't

Sponsor Says Some Merchants Making Profit On Present Sales Tax Terms

RALEIGH (AP) — A bill which would require North Carolina merchants who collect more than 3 per cent sales tax to pay the excess to the state cleared its first legislative hurdle yesterday.

The House Finance Committee gave a favorable report to the proposal sponsored by Rep. J. A. Speight of Bertie. At present, merchants pay 3 per cent on gross sales, or the actual amount of the tax collected, whichever is greatest.

The amount of revenue the proposal would bring in is "relatively negligible," Revenue Commissioner Eugene Shaw told the committee. Shaw said Speight's bill would "set at rest once and for all the complaints that a profit is being made on the sales tax."

"It is not right" for them to make a profit on the tax, Shaw asserted. He added that Speight's bill would "set at rest once and for all the complaints that a profit is being made on the sales tax."

The Joint Finance Committee gave a favorable report to identical bills in the House and Senate to regulate the marketing of eggs. The measure would set up a grading system for eggs sold in the state and calls for an inspection fee of 1-15th of 1 per cent for each dozen eggs sold to support the administration of the act.

The joint committee also approved three bills which would bring state income tax laws into line with federal statutes. One bill would: (1) permit farmers to deduct from their income taxes for a single year the cost of equipment and improvements for soil conservation and irrigation, and (2) allow corporations to deduct in a single year the cost of capital expenditures connected with national defense.

Another bill deals with the listing of depreciation of business assets for income tax purposes. Shaw told the committee these two bills "will mean expansion of business and new payrolls for North Carolina, with subsequent tax revenues."

The rate was upped to 4 1/2 per cent. On Jan. 27 it was raised to 3 1/2 per cent from 3 per cent. This step tends to tighten credit policies throughout the worldwide sterling area.

A spokesman for the bank said the new increase not only could be regarded as an inflation check move but also might help strengthen the pound on world money markets.

The Planning Board and Zoning Commission will meet tonight at 8 o'clock to discuss the possibility of hiring a consulting engineer to prepare a master street plan of the city.

Such a plan would be used in designating set-back lines for the city's streets. Meeting with the boards tonight will be W. F. Babcock, consulting traffic engineer from North Carolina State College.

The boards met earlier this month and voted to ask Babcock to attend the February 24 meeting for the sole purpose of discussing

'Negative'

NORFOLK, Va. (AP)—The Navy has completed its evaluation of the reported sighting of two unidentified submarines off Nags Head, N. C. Tuesday with negative results, a spokesman for Atlantic Fleet Headquarters said today.

He said the evaluation was brought to a close last night by the Eastern Sea Frontier Command in New York, which had control of the search and evaluation activities.

The spokesman said a number of factors led to the negative report—the lack of any substantiated reports on the submarines since Coast Guardsmen said they saw them Tuesday morning; the shallow water 7 1/2 miles off the shore; and the presence of fishing boats and whales in the same general area.

The Navy gets reports "all the time" on what people believe to be unidentified submarines, he said, but these are not publicized because of the rash of similar reports they would cause.

Report Federal Aid Not Needed

WASHINGTON (AP)—A presidential commission has here today a report declaring federal aid "is not necessary" for the construction of new schools.

The report came to President Eisenhower's Commission on Intergovernmental Relations as some members of Congress were accusing the administration of being too stingy with federal funds in its school building program.

Prepared by a commission study group, the report recommended that the government gradually withdraw from the school lunch program, sharply curtail its aid to vocational education and stay clear of assistance to community libraries.

It said, "Federal aid is not necessary for either current operating expenses for public schools or for capital expenditures for new school facilities." The states can afford to spend more of their own money, it added.

Eisenhower has presented a program designed to stimulate the spending of seven billion dollars in the next three years to reduce an estimated shortage of more than 300,000 classrooms. The federal share of 1 1/2 billion would be used mainly to enable the states to issue more construction. About 200 million dollars would be allotted directly to needy school districts.

Cotton Growers Are Assured Of Support Level

WASHINGTON (AP)—Farmers were assured today of a continuation of cotton price supports at 90 per cent of parity for another year, and a farm organization leader predicted there will be no reduction for several years at least.

The Agriculture Department announced late yesterday that the 1955 cotton crop will be supported at the maximum level authorized by the administration's new flexible farm price support law and at the same level in effect for several years.

Earlier in the day Walter Raleigh, vice president of the American Farm Bureau Federation and an Alabama farm leader, told the House Agriculture Committee he expected the 1956 and 1957 crops to be supported at the same 90 per cent level.

of. It specifies that no display can be used, and that no person who is not a resident of the premises can be employed specifically in connection with the home occupation. The changes proposed will not affect home occupations already established nor will it affect home businesses set up in business or industrial zones. However, City Manager James S. Hughes has pointed out that some home businesses in residential areas are now being operated in violation of present city ordinances covering home occupations. A second zoning ordinance change will be brought up at the March 10 meeting to define a rear yard as

Bonn Opens Vital Defense Debate

BONN, Germany (AP)—Overriding a Socialist motion for postponement, the lower house of the West German Parliament today opened a crucial three-day debate on the Paris treaties to arm 500,000 Germans in Western defense.

Most observers agreed with government predictions that the pact would win final approval. Armed anti-air police guarded the Parliament building against possible demonstrations as the Bundestag brushed aside the opposition Socialist move on a show of hands.

Socialist Deputy Chairman Carlo Schmitt said ratification of the treaties would wreck any chance of reunifying divided Germany. He said the Socialists were more convinced than ever that Russian readiness to settle the German problem should again be tested by the Western powers at the conference table.

Replying for the government, Christian Democrat Deputy Kurt Kiesinger declared the only way to reunification was through ratification. West Germany must first achieve security before it can restore freedom and security to the 18 million Germans in the Soviet zone, he added.

All four parties in Chancellor Konrad Adenauer's ruling coalition voted solidly against the Socialist motion.

House Demos See Tax Cut Passage

WASHINGTON (AP)—Democratic leaders predicted the House would pass a \$20-a-person income tax cut in a bitter showdown late today. President Eisenhower's lieutenants sought to line up a solid "no" vote from Republicans.

Rep. Halleck (R-Ind.) said "I think we'll succeed" in killing the tax cut move. Other key Republicans said privately the odds were against them. Both sides conceded the outcome might hinge on a handful of votes.

The Democratic bill would provide a \$20 tax cut, starting next July 1, for each taxpayer and each dependent. It would reduce revenues about \$15 billion dollars for the fiscal year starting next July 1, and about \$2,300,000,000 over a full year of operation.

Democrats wrapped this reduction into package with Eisenhower's request to continue present corporation income and excise tax rates for one year. These rates are now scheduled to drop by almost three billion dollars annually April 1. There is almost no opposition to the extensions.

Republicans pinned their chief hope on knocking out the income tax cut in the Senate even if beaten in the House.

Misprinted Bill Turned Up Here

Gladys Norris, secretary to Greenville Chief of Police S. G. Gibbs, is now a member of that exclusive Club of North Carolinians who have received some of the "funny money" which has been circulating during the past several days.

The bills are genuine, but extensively misprinted or blurred. On some of the one-dollar bills, George Washington's picture has been over-printed, making it appear in two distinct images.

Miss Norris prized one-dollar bill is misprinted on the green side. Superimposed at the top are the two words "silver certificate," in grey contrast to the green color of the remaining part of that side of the bill.

There is no misprinting on the black side of the bill. Miss Norris plans to keep the bill for the present.

Tennessee Plans Ask Courts Kill SEC Approval

NASHVILLE, Tenn. (AP)—Tennessee will ask the courts to set aside the Securities & Exchange Commission approval given the financing of the Dixon-Yates power project. Gov. Frank Clement said yesterday.

"This matter is of such importance not only to the people of Tennessee and the Tennessee Valley but also to the taxpayers of every state in the union that we cannot morally justify failing to do everything possible to stop the deal," Clement said.

"The state of Tennessee is going to appeal the decision," he said. The SEC on Feb. 9, authorized the issuance and sale of 5 1/2 million dollars of common stock by the Mississippi Valley Generating Co. to finance a power plant at West Memphis, Ark.

Senators Vote For Pay Boost

Overwhelming 62-24 Approval; Bill Awaits Alignment With House Measure

WASHINGTON (AP)—A pay raise of at least 50 per cent was assured today for senators and House members. A 67 per cent boost—approved by the House—appeared probable.

The Senate yesterday rolled up a big vote, 62-24, in favor of an increase in congressional pay from the present \$15,000 to \$22,500.

The measure was at once sent to conference with the House, which last week voted 283-113 for a \$25,000 salary. Both versions include boosts of \$7,500 to \$10,000 for all members, approximately 400 federal judges.

The five Senate conferees on the bill include several members who favor at least a \$25,000 salary. This seemed to make it quite likely that the House figure would be accepted in the end.

Sen. Kefauver (D-Tenn.) heading the Senate group, told a reporter, "We will defend the Senate position as strongly as we can." But he added if House conferees are adamant, "we will have to make some adjustment."

The three House conferees all were strong backers of the \$25,000 salary. Kefauver told the Senate yesterday he thought a \$25,000 salary was "fully justified," and Senators Kilgore (D-WVa.) and Dirksen (R-Ill.) other conferees have supported a \$27,500 figure recommended last year by a special commission.

The salary boost will be the first since 1946 for the lawmakers. However, since then they have voted themselves an income tax deduction of up to \$3,000 for living expenses in Washington. This is not part of the pay legislation.

The Senate bill contains one bonus not included by the House. This would allow expenses for five trips to members' home states each year, in addition to the 20 cents a mile they now receive for one round trip.

Before passing the bill, the Senate overwhelmingly defeated a series of alternatives that would have whittled away some or all of the raise.

Vice President Nixon and House Speaker Rayburn (D-Tex.) are assured of a \$5,000 raise to \$45,000 each. Both bills contain this.

Tanker Plane In Spectacular Fire And Explosion

WINDSOR, Mo. (AP)—A four-engine tanker plane on a fueling training mission caught fire shortly after takeoff last night, crashed and exploded. Nine of the 11 men aboard were killed.

Two crewmen parachuted to safety as the flaming craft neared the ground. The plane, which took off from the Sedalia Air Force base, crashed on a farm about six miles northwest of this central Missouri town.

A conductor riding in a caboose on a Rock Island freight train saw the huge craft flaming in the air. "In a matter of seconds it had burst into a regular torch," said Asa Gunn, 62, Eldon, Mo., "and then it disappeared over a knoll ahead of the engine."

"There was an awful flash—it went way up in the air. I knew then the plane had crashed and exploded, though I couldn't hear the noise because of the train."

Workers at two plants organized today's protest demonstration in Parliament Square.

SEATO Powers Set Up Council And Defense Unit Take Specific Steps

BANGKOK (AP)—Manila Pact nations took specific steps today to implement the Southeast Asia Defense Treaty against Communist aggression and subversion south of Red China's borders.

The eight nation conference set up a Council of Representatives with ambassadorial status and headquarters in Bangkok.

Then the member nations approved the formation of a committee on military affairs. Military attaches attending the meeting went right to work although few of them are expected to be on the permanent committee which will be named later.

With that out of the way, the delegates swung into a discussion of anti-subversion action and overall economic problems in this part of the world.

U. S. Secretary of State Dulles told the conference that a general answer to Red subversion would not be found in the present meeting. But he said the United States would be prepared to designate a security representative to sit with representatives of other nations and work out details of future plans.

A working paper submitted to the conference called for mutual assistance, exchange of information on suspected persons and their activities, propaganda, and exchange of information on the movements of known Communists.

Harold Stassen, chief of the U. S. Foreign Operations Administration arrived from Manila just before the economic questions were taken up.

Stassen told the conference the United States recognized the importance of economic work in the SEATO area, and would cooperate with the other nations.

But the FOA chief said that while the United States would give preference to the Manila Pact nations, it would continue to aid such other Asian nations as Japan, Nationalist China, South Korea, Indonesia and India.

Stassen said that economic aid in general would be supplied each member nation, with the emphasis on defense problems.

Australia's minister of external affairs Richard G. Casey, said that no country at the moment was trying to meet the economic needs of Southeast Asia. He added that the treaty organization must consider the countries most directly threatened—Laos, Cambodia and South Vietnam.

Dulles gave a dinner tonight for British Foreign Minister Anthony Eden and Casey. Beforehand, Eden told newsmen he expected the question of Formosa to be discussed but there were no reports how the conversations went.

Dulles stressed the importance of Formosa to the over-all defense of Southeast Asia in his talk to the closed conference yesterday.

In a sweeping review of the Far East situation he said potentially greater dangers face the free world now because of internal pressures on the Communist hierarchy.

In the face of these dangers, he stressed, not only the resources of Formosa but those of South Korea, Japan and Indochina are deeply involved in Southeast Asia security and he wished they were represented at the Bangkok conference.

Twenty South Korean divisions and 300,000 Nationalist Chinese troops ready to fight in Formosa and the offshore islands put a damper on Red China's warlike ambition in the Far East he said.

Northern, central and southeast Asian forces, together with the mightiest U. S. Pacific fleet and air striking power in history, make Red China chary of starting what might quickly develop into a three-front war which China wants to avoid he said.

He said Chiang Kai-shek's government on Formosa and Syngman Rhee's Republic of Korea must be maintained.

Dulles will visit Rangoon, capital of neutralist Burma, Saturday. He will look in on troubled Laos Sunday and visit Cambodia and South Viet Nam Monday, then fly to the Philippines for a conference of American Far Eastern ambassadors Tuesday.

His itinerary beyond the Philippines has not been made public but there are strong indications that he may visit Formosa.

In the closed meeting yesterday Dulles ticked off these components of the American force he said could strike anywhere in the Pacific:

A fleet of 400 warships including carriers and 300,000 men. Fifty divisions of 350,000 men. Thirty squadrons of Air Force jet bombers and interceptors plus other strategic forces.

He argued against breaking up this powerful force and assigning parts of it to Manila Pact nations. He urged instead that it be kept intact, able to strike anywhere needed, and that the separate nations add their strength to that of the U. S. Pacific force.

Few 'Noes'

RALEIGH (AP)—The Senate today approved and sent to the House legislation to realign the state's judicial districts and to increase the number of regular Superior Court judges from 21 to 32.

Only a scattering of "Noes" were heard as the Senate approved the judicial redistricting measure on a voice vote.

New legislation included a bill by Sen. Nelson Woodson to turn over to the State Board of Parole, instead of the governor, the power of issuing paroles. This would be in accordance with a constitutional amendment approved by the people in the general election last fall.

Says D. W. Worthington Admitted Ticket Changes Special Agent Takes Stand

WASHINGTON, N. C.—A special agent with the U. S. Department of Agriculture this morning testified that D. Woodrow Worthington, warehouseman from Winterville admitted to him adding ungraded and unweighed tobacco to piles on the warehouse floors and making changes in floor sheets and tickets.

Leon S. Venters, special agent from the Department of Agriculture's Division of Compliance and Inspection, spent the entire morning on the stand testifying in the case against Worthington, who is charged on 22 counts of violating the tobacco inspection act.

The special agent, who investigated the case, told of finding a number of discrepancies which led to Worthington's arrest on the charges. The tobaccoist has pled not guilty to the multiple charges.

First 11 charges against Worthington alleged that he changed weights on piles of tobacco. Five of the alleged charges were said to have been made in October, 1951. During that month the warrants state, tickets were changed from 88 pounds to 288, 78 to 278, 30 to 230, 60 to 260 and 44 to 244.

The next four charges alleged weight changes in September, 1952: 44 pounds to 244, 72 to 272, 28 to 228, and 44 to 244.

Two other charges were said to have been made in October, 1952 when Worthington was charged with changing tickets from 90 to 290 pounds and 12 to 272 pounds.

Worthington was also charged on 11 additional counts of adding ungraded and unweighed tobacco to the baskets involved in the preceding cases before they were shipped to the companies.

Yesterday afternoon the government presented several farmers and buyers who testified that the 11 piles of tobacco involved were sold at the original weights on the warehouse floors and making changes in floor sheets and tickets.

The trial of the case got underway late yesterday morning after a jury was picked to hear the trial. Woodrow Worthington was the second Pitt County tobaccoist to be tried in Federal court here this week on charges of violating the tobacco inspection act.

A mistrial was declared in the case of James A. Worthington yesterday morning after the jury had

been out since the preceding afternoon. James Worthington had been tried on eight counts of violating the tobacco inspection act.

His case will be re-tried at a later date.

Presiding Judge Don Gilliam also continued cases against two other Pitt County warehousemen yesterday. Charged in those cases were George B. Jones and John E. Worthington.

Representing Woodrow Worthington in Greenville attorney Albion Dunn and Jesse Jones of Kinston.

Lawrence Harris, assistant U. S. district attorney is conducting the case for the government.

World Day Of Prayer To Be Observed Here Friday At Local Church Service

Greenville residents will join with people in 119 countries around the globe tomorrow when they attend the World Day of Prayer service at Jarvis Memorial Methodist Church.

The service will begin at 11 a.m. and the Rev. Percy B. Upchurch of Memorial Baptist Church will deliver the message. Theme of the worship hour is "Abide in Me."

Special music will be rendered by Mrs. Herbert Carter, soloist, with Mrs. L. E. Smith, Mrs. Charles V. Wilkerson and Miss Venelia Cox taking part in the program.

Program chairman is Mrs. Bill Sermons, with this year's service written by a woman of Argentina. The service is sponsored by the Greenville Council of Church Women each year as the first Friday in Lent is observed as World Day of Prayer.

Local merchants have been requested by the Council to close their businesses at 10:45 a.m. to permit their employees to join in the worship program, and the Board of Directors of the Merchants Association has recommended that this request be followed.

Atom Flash Lights Los Angeles Sky

The sky behind the Los Angeles City Hall glows with the light from an atomic explosion on the AEC's Nevada proving grounds some 260 miles away. The pre-dawn sky appears bright orange from Los Angeles as the device, the second in a series and classed as a medium-sized one, was detonated at 5:45 a.m., Pacific standard. Note clock at lower left. (AP Wirephoto).

Public Hearing On Zoning Ordinances Set March 10

By ALVIN TAYLOR, Reflector City Editor. Local citizens will have a chance to express themselves on proposed changes in the zoning ordinances concerning home occupations on March 10 when a public hearing on the matter is held before the City Council.

The change as proposed will limit a home occupation to use of 20 percent of the floor space in the dwelling. It also defines a home occupation as: "Any occupation carried on by a member of the immediate family, residing on the premises, which use is clearly incidental and secondary to the use of the dwelling for dwelling purposes, and does not change the character there-

of." It specifies that no display can be used, and that no person who is not a resident of the premises can be employed specifically in connection with the home occupation. The changes proposed will not affect home occupations already established nor will it affect home businesses set up in business or industrial zones. However, City Manager James S. Hughes has pointed out that some home businesses in residential areas are now being operated in violation of present city ordinances covering home occupations. A second zoning ordinance change will be brought up at the March 10 meeting to define a rear yard as "a yard extending across the full width of a lot and being the required minimum horizontal distance between the rear lot line and the rear of the main building or any projections thereof, other than projections of uncovered steps, unenclosed balconies, or uncovered patios or porches."

It also specifies that a rear yard will be no more than 10 percent of the average lot depth and in no case less than 15 feet. Still another section to be taken up at the public hearing defines house trailers and says that individual trailers may be used in residential areas for living purposes only "provided each trailer so used must provide a front, side and rear

yard as required herein, and provided further, each trailer so used before an occupancy certificate shall have a permanent connection to water and sewer of the City of Greenville."

The proposed changes also specify that "unenclosed and uncovered stoops, porches, terraces or other structures designed and erected without walls or any type of support shall have a permanent connection to a required rear yard provided that such structure shall not project into any required minimum front, side, or rear yard more than one-third of the width of such required yard."

The change, shorten minimum front yard depth from 35 feet to 25 feet as well as stating that front yards are to be measured between

### SOCIAL AND PERSONAL

All items for this page received after 10 a. m. will be published the following day. Dial 6166—9 a. m. to noon; 1 to 4:30 p. m.

**Bake Sale**  
St. James Methodist Church will have a bake sale Saturday morning February 26 at Overton's Super Market.

**Kindergarten Party**  
The Protestant Kindergarten invited younger brothers and sisters to spend the morning Feb. 22.

**Movies were shown**, including *Brer Rabbit*, *Gingerbread Boy*, *The Little Rabbits Who Wanted Red Wings*, and *Nursery Rhymes*. All the children participated in rhymes and activities which the younger children enjoyed. Chocolate pudding was made by the children.

**Honored on Birthday**  
BETHEL—Mr. Eddie Beverly, son of Mr. and Mrs. W. E. Beverly, entertained the members of the second grade at school with a birthday party on Tuesday afternoon. He was celebrating his eighth year anniversary.

The cake was very lovely with its decorations, using a theme of George Washington's birthday. The cake was cut and served to his classmates and Bobbe Sue Martin. Other refreshments consisted of ice cream, sundaes, bubble gum and whistles as favors.

The group sang songs and played games for the remainder of the afternoon. There were thirty guests present.

**Bible Study Class Ends Tonight**

Tonight ends the four-session Bible Study Class on the topic "Jesus' Concern For Women" now being held in the Fellowship Hall of Jarvis Memorial Methodist Church. The class taught by Miss Mamie Chandler has been well attended by the women of St. James and Jarvis churches. All class members are urged to attend the last session tonight. The public is cordially invited. A deep spiritual blessing awaits you.

**We Give**  
**J. & N.**  
**Green Stamps**  
**WARRENS**  
**DRUG STORE**  
Walgreen Agency  
408 Evans St. - Dial 3514

**Falkland P.T.A.**  
The Falkland P.T.A. will meet Thursday night, Feb. 24, at 7:30 in the school auditorium.

**Masonic Notice**  
Greenville Lodge No. 284, A.F. & M., will hold an Emergent Communication Friday at 7:30 p. m. for work in the Master Masons Degree.

All Master Masons are cordially invited to attend.  
R. L. SMITH, Master  
H. E. ALDER, Secretary

**Entertain At Dessert Bridge**  
GRIFTON—Mr. and Mrs. G. L. Tucker entertained on Tuesday night at a dessert bridge at their home here with guests for three tables. For the occasion the home was decorated with pink gladioli and spring flowers.

During the interesting progressions Mrs. Stan Gamble and Mrs. John Griffing compiled the highest scores and were remembered with gifts. Other players were Dr. and Mrs. B. C. Troutman, Mr. Gamble, Mrs. Tom Gower, Mrs. Archie Rogers, Mrs. Robert Mewborn, Mr. and Mrs. Roger Johnson.

Chocolate pie with ice cream and coffee was enjoyed at the refreshment hour.

**Cottage Prayer Meetings**  
A series of cottage prayer meetings are being conducted by the Grace Free Will Baptist Church. Last week the attendance was 216. Tonight cottage prayer meetings are being conducted in the following homes:

Zone 1 with Ernest B. Tinnin, 308 Manhattan Ave.; Zone 2 with Clarence Vincent, 104 Davis St.; Zone 3 with Wilton Evans, corner of Jefferson and Franklin Streets, in Colonial Heights; Zone 7 with Kinsey Smith on Farmville Highway.

Friday night cottage prayer meetings are being conducted in the following homes: Zone 3 with Ray Stokes on the Old River Road; Zone 6 with Willie Evans, 313 East 14th Street.

A warm welcome is extended to all.

### Births

**Horton**  
Born to Mr. and Mrs. Stalvey M. Horton, 308 Manhattan Ave., a son, Milton Nicholas, on February 23 in Pitt Memorial Hospital.

**Buck**  
Born to Mr. and Mrs. Elmer C. Buck, 1117 Evans St., a daughter, Cathy Malone, on February 24 in Pitt Memorial Hospital.

**Vogen**  
SIOUX FALLS, S. D.—Born to Mr. and Mrs. Paul Vogen, a daughter, February 22 in Sioux Valley Hospital.  
Mrs. Vogen is the former Joan Oppelt of Greenville.

### 30 Years Ago Today

THE DAILY REFLECTOR  
February 24, 1924

On Tuesday afternoon at her home on Greene Street, Miss Lillian Hooker was hostess at eight tables of bridge in honor of Mrs. J. C. Lanier, a recent bride. The reception hall and drawing room in which the tables were arranged were attractively decorated with cut flowers and potted plants. Miss Frances Wheabee making the top score was presented a pair of silk hose while the honoree was given a beautiful hand painted vase. After the games, a tempting salad course with hot tea was served. The party was one of the most enjoyable of the season and Miss Hooker proved an ideal hostess.

### Guest From Kinston Speaks At Grifton Garden Club Meeting

GRIFTON—The Grifton Garden Club met on Monday afternoon at the home of Mrs. R. B. Mewborn on McRae Street. Joint hostesses for the afternoon was Mrs. L. L. Mewborn. In the living room where the members assembled early spring flowers and greenery made pretty decorations.

Mrs. Thurman Williams called the meeting to order and presented Mrs. M. B. Hodges, program chairman, who introduced the speaker of the day, Mrs. John Tyler of the Kinston Garden Club who spoke in a most interesting manner on landscaping, annual and perennial borders, with her talk pictures were shown as illustrations. Mrs. Joseph L. Roberson was a visitor at the meeting. Sixteen members were present.

The hostess served Coca-Colas and cookies at the conclusion of the meeting.

### First Grade Students Give Program At Chapel Hour Tuesday

GRIFTON—Mrs. Vance Abbott's first grade presented an interesting program at the chapel hour for the primary grades and parents Tuesday.

Judy Faye Bond was the "Announcer", "Mothers Valentine" was said by Judy Kay Carter; Our Valentines, by Shirley Ann Moore; My Little Duck, by Sharon Littleton; Nothing to Fear, Sally Cheryl Harrison.

Two playlets were given, the first entitled, "When I Grow Up" taking part were Joey Patrick, the Carpenter; Farmer, Doug Haddock; Cook, Edith Cooley; Dressmaker, Donna Reed; Teacher, Sally Harrison; Pilot, Dick Jones; Doctor, Steve Rogers; Nurse, Clara Moore.

The second play "Who Knows" was on health and safety and the answers given to the questions asked by the teacher were in rhyme. Acting as teacher was Edna Nelson, first graders were the pupils. Concluding the program were three songs, Little Nut Tree, Merry Go Round, and The Candy Shop.

### Social Calendar

THURSDAY

6:30 p. m.—The Jaycees will meet at the Rotary Club.  
6:30 p. m.—Bible Study in Fellowship Hall of Jarvis Memorial Methodist Church. Miss Mamie Chandler, teacher.

7:00 p. m.—The American Legion Auxiliary, Greenville Unit, will hold a dinner meeting at the Silo Grill.

7:00 p. m.—Mrs. Vance Perkins, Mrs. Joe Taft, Mrs. Sam Northrop and Mrs. Plato Evans will be hostesses to members of the Inter Se Book Club, and their 7:30 p. m.—Amateur artists will meet at Recreation Center, Kim husbands, at the Woman's Club. St. Park.

8:00 p. m.—Chapter 1308 of the Women of the Moose will meet.

8:00 p. m.—V.F.W. Auxiliary meets at the club house.

11:00 a. m.—World Day of Prayer Jarvis Memorial Church. Bring discarded nylon.

6:30 p. m.—Kiwanis Club  
6:30 p. m.—Exchange Club  
7:30 p. m.—Red Men meet.

8:00 p. m.—Rehearsal for the wedding of Rev. Henry F. Speight Jr. and Miss Louise Morris at Eighth Street Christian Church. Rehearsal party after given by Dr. and Mrs. H. G. Haney at their home on W. Rock Spring Road.

**FRIDAY**  
7:30 a. m.—The Credit Women's Breakfast Club will meet at the Old Towne Inn.

8:00 p. m.—Rehearsal for the Thomas-Jordan wedding at Jarvis Memorial Methodist Church.

9:00 p. m.—Mr. and Mrs. Jesse B. Jordan and Mr. and Mrs. Fenner L. Allen Sr. will entertain at a cake cutting at the Red Oak Community Building honoring the Thomas-Jordan wedding party and out-of-town guests.

**SUNDAY**  
4:00 p. m.—The wedding of Miss Christine Jordan and Mr. E. A. Thomas Jr. will take place in Jarvis Memorial Methodist Church.

5:00 p. m.—Speight-Morris wedding at Eighth Street Christian Church. Reception immediately following in Social Hall given by Christian Women's Fellowship.

### Music Teacher Gives Program At Round Table Club Meet

BETHEL—The regular meeting of the Round Table Club met on Tuesday afternoon at 3:30 with Mrs. Larry N. James. Lovely bouquets of Dutch Iris and jonquils were used to decorate the home.

Mrs. J. B. Bunting presided at the business meeting and there were ten to answer roll call. Old and new business was transacted.

Mrs. James introduced Miss Caroline Wright, public school music teacher. She gave a most entertaining and enjoyable musical program which was well-planned. She played several selections on the piano and an encore was then rendered. Miss Wright explained the type of music which she played.

The hostess served a congealed salad plate, cherry tarts and coffee. The visitors were Mesdames J. P. Hooker, C. P. Womack, Ralph Highsmith, F. F. Pollard, Misses Wright, Janice Albritton and Frances Warren.

Books were exchanged and the meeting adjourned.

**Sunday School Class Meets**  
BETHEL—The Young Ladies Sunday School Class of the Bethel Baptist Church met with Mrs. Bert Carson on Monday night.

During the short business meeting, Joanna Abernethy presided and called the roll with six answering. Mrs. Carson then gave a most interesting story entitled "Your Part of the Bargain." This was given in a most pleasing manner.

For the social hour, the hostess served cherry ice cream and cake.

In 1954, the infant mortality rate in the United States reached a new low of 26.7 per 1,000 live births.

### Far Off Places Studied At Book Club

GRIFTON—The Grifton Book Club met in regular session on Tuesday afternoon at the home of Mrs. Alton Chapman who gave the paper of the day, containing the study interesting Far Off Places, on Norway and Sweden. Mrs. Chapman stated these were no longer the home of the Vikings but the country of peaceful, intelligent and hard working people. Farming folk who would use any level patch of ground to plant seed. The main crop being hay and nine acres the average size of the farms, fishing leads in the industries in this whaling is the big "bread and butter job".

She told something of the leading cities of Bergen, Oslo and Stockholm. In Oslo it is noted that one fifth of the industries of the country are found. The people are highly educated as education is compulsory, they are a very enthusiastic people and love the outdoor sports.

The business was conducted by the president, Mrs. G. L. Tucker. Mrs. Tom Gower, chairman for the "Finer Carolina" committee asked the support of the book club in the projects outlined for the year.

Members voted to take part in the educational program, helping with the high school library according to their time and ability.

The hostess passed hot tea, sandwiches and cookies.

Present were Mrs. Tucker, Mrs. Gower, Mrs. Thurman Williams, Mrs. Ivan Bissette, Mrs. H. P. Quinley, Mrs. Bryan Davis, Mrs. Jack Tucker, Mrs. Cecil Cobb and Miss Bert Johnson.

### Dr. Judson White Recent Speaker For Garden Club

The Greenville Garden Club held its regular meeting on Friday, Feb. 18th at the Woman's Club House. After the president, Mrs. Sam H. Mitchell welcomed the members, Mrs. J. E. Phelps, treasurer, gave her report.

Among the committee reports that of Mrs. S. M. Crisp on Elizabethan Garden is of special interest. This project at Marvaco, N. C. is progressing splendidly due to statewide cooperation.

Nominations for the Nominating Committee were taken from the floor, and the following ladies were elected: Mrs. J. E. Phelps, Mrs. R. V. Keel, Mrs. J. Hicks Corey, Mrs. Percy E. Wells and Mrs. J. B. Smith.

Mrs. J. D. Messick then introduced the speaker of the afternoon Dr. Judson White. Dr. White gave a very interesting and informative talk on "Cultivation of Roses." He described in detail the different varieties and how to select them for best results in this section. He gave concrete information about controlling plant pests and diseases as well as difficulties of soil and climate. Dr. White told of his methods for successfully growing his roses and especially advocated heavy feeding and watering at regular intervals. The Garden Club received a real inspiration to grow more roses from Dr. White's enthusiastic description of his special hobby.

Mrs. S. H. Mitchell thanked the following hostesses for the lovely refreshments and decorations done in the theme of George Washington's birthday: Mrs. Tige Gardner, Chairman, Mrs. D. S. Spain, Mrs. Victor Wells, Mrs. J. B. White, Mrs. C. W. Willard, Mrs. W. H. Woolard, Mrs. C. C. Hilton, Mrs. A. C. Howard and Mrs. Percy E. Wells.

**WITH MAJORITY**  
WASHINGTON—Sen. Ervin and Scott, North Carolina Democrats, voted with the majority as the Senate voted 62-24 yesterday to raise congressional salaries from \$15,000 to \$22,500 and give comparable increases to federal judges.

About two-thirds of all American households own at least one car.

### Poahontas Plan To Form New District

Twenty-nine members of Withla Council No. 42 met at the Woman's Club Tuesday night for their semi-monthly meeting. Lillie Haddock, Poahontas, presided over the meeting. The Keeper of Records, Betty Nobles, called the roll, noted absentees and read the minutes of the last meeting.

It was noted that the Keeper of Records had been sick in bed and that Kathleen Woolard was unable to be present. Emma Phillips and Maude Sumrell thanked the council for the get-well cards recently sent them.

Betty Nobles, Gladys Forbes and Elizabeth O'Neil contributed to the birthday fund. All members sang Happy Birthdays to them.

It was reported that it was voted at the meeting in Washington, D.C., recently, that an Eastern District be formed. This meeting will be held in Greenville, on April 4th.

All members were requested to meet at the Free Will Baptist Church in Greenville on Wednesday night, March 9th, to represent the council and to sit together in one section.

The Council contributed \$5.00 to

the Radio Free Europe Campaign. A Love Fund was taken and it was agreed to put \$827.00 which had been donated to the council by different people in the treasury to be spent as they see fit.

Rev. D. A. Windham was in charge of Good of the Order. He delivered a message which was enjoyed by all.

After the meeting adjourned, Thelma Vincent's committee served delicious refreshments which consisted of punch, Cokes, and nuts. The table was beautifully decorated carrying out the motif of George Washington's birthday, with flags, etc.

### Premier Polite, But Sped Away

TOKYO (AP)—A policeman stopped a car going 60 miles an hour yesterday, the newspaper Asahi said, and asked the Japanese equivalent of "Where's the fire, buster?"

It was Prime Minister Ichiro Hatoyama, rushing from one speaking engagement to another in his whirlwind campaign for reelection. The policeman released Hatoyama, with a polite warning.

# Layno-Taylor Vows Spoken Sunday

GRIFTON—In a candlelight ceremony of impressive dignity on Sunday afternoon at 6 o'clock in the Ayden Christian Church, Miss Ramona Meredith Taylor, daughter of Mr. and Mrs. Ernest Seton Taylor of Grifton, became the bride of George Layno of Kinston, son of the late Mr. and Mrs. Charles Layno of Endicott, New York. The Rev. Franklin F. Beach, pastor, officiated at the double ring rites. Altar decorations were floor vases of white stock, pom poms and aster lilies, standards of fourteen and seven branched candelabra arranged against a background of oregon fern. Family pews were marked by three branched candelabra tied with ribbons and flowers.

Prior to the ceremony a program of nuptial music was rendered by Mrs. Darrell Taylor, organist, of Williamston, and Mrs. Rosa J. Little, of Ayden, soloist, who sang "I Love Thee," "O Perfect Love," "Barney," and a benediction "Wedding Prayer," Dunlap.

The bride, given in marriage by her father, wore an ivory satin and lace dress with cathedral length train. The waist and long sleeves of lace featured a yoke of illusion which was embellished with appliques of opalescent sequins and seed pearls. On the very full skirt were sequin-finished lace appliques. The two tiered fingertip veil of illusion was attached to a coronet of sequins and pearls. She carried a cascade bouquet of bride's roses, freesias and white orchid, showered with satin ribbons.

Miss Anna Bell Griffin of Norfolk, Va., college roommate of the bride, wore maid of honor. She wore a floor length gown of fantasy rose nylon over tulle. The dropped shoulders and waist were draped to form the long torso. The full skirt was worn over hoops. Mary Queen of Scotland bonnet with matching mitts and small pearl necklace completed the costume. She carried a colonial bouquet of pastel flowers tied with complimentary ribbons.

Bridesmaids were Misses Jean Dodd and Bonnie Jackson of Kinston, Miss Roselyn Taylor of Jacksonville, cousins of the bride, and Miss Jeanne Wimlish of Martinsville, Va. They wore gowns and bonnets similar to those of the honor attendant's and carried arm bouquets of sweetheart roses tied with wide satin ribbons and nylon net.

Little Miss Lana Gail Edwards, daughter of Mr. and Mrs. Lyman Edwards, was flower girl. She wore

Married Couples Class Meets Tonight

The Married Couples Class of Jarvis Memorial Methodist Church will meet at 8:00 tonight with Mr. and Mrs. Charles Hudson and Mr. and Mrs. Bill Hudson, 121 Eastern St.

John C. Havrila, brother-in-law of the groom, Endicott, served as best man. Ushers were Stephen Samsonick Jr., nephew of the groom, of Endicott, Darrell Taylor of Williamston and Rudolph Wells and Thomas Whitney of Kinston.

The bride's mother wore a lace floor length dress of azure blue over satin a small satin, lavender and red trimmed hat, with lavender orchid corsage. Mrs. Stephen Samsonick, sister of the groom, chose a periwinkle blue satin and lace dress and orchid corsage.

Mrs. Reddin Jackson, maternal grandmother of the bride, wore a mauve lace dress with matching accessories and an orchid. Mrs. Alton Sugg, Ayden, directed the wedding.

Immediately following the ceremony, the bride's parents entertained at a reception at their home near the city. Mr. and Mrs. John Shackelford of Hookerton greeted the guests at the entrance and presented them to the receiving line which was formed in the spacious living room. Here a white-green color note was had with the mantel banked with smilax and having candles arranged in graduated heights. On the secretary was a massive bouquet of snow princess gladioli. Mr. and Mrs. Vaughn Taylor of Kinston were at the dining room door. In the dining room the table was covered with a lace cloth over satin. At each corner was a tulle and satin bow. A five branched silver candelabra with epergnettes filled with alium and fern graced the center. The buffet held three branched candelabra, pom poms and the piano snapdragon.

Miss Mollie Hart served punch and Mrs. John C. Havrila served individual bridal cakes. The honor attendant assisted in serving mince, nuts. Others assisting were Mrs. L. D. McCotter and Mrs. Roy Smith.

From the hall Mr. and Mrs. Lee Edward Gaskins directed guests to the gift room. Here Mr. and Mrs. Greg Havrila of Endicott received. Mr. and Mrs. Eugene Jackson directed guests to the den where Mrs. Reddin Jackson and Mr. Virgil Taylor of Jacksonville, uncle of the bride, presided at the register. White asters, hyacinths, smilax and top tier of the bride's cake made lovely decorations for the den. A silver wine cooler of Picardy gladioli was the centerpiece. The Goodbyes were said to Mr. and Mrs. Harold Detwiler of Washington, D. C.

Music throughout the evening was rendered by Miss Virginia Belle Cooper.

For a wedding trip to unannounced points the bride changed to a dressmaker suit of silk and worsted blend in the new purple shade. The jacket was smartly flared and enhanced by the corded trim. A small mauve rose velvet hat with veil and sequin trim and blouse of same shade and black accessories and the orchid from her wedding bouquet completed the ensemble.

Mrs. Layno attended the Grifton school, graduated from Ayden High School. She received her degree at Lynchburg College, Lynchburg, Va., has done post graduate work at East Carolina College in Greenville, and is now a member of the Contentnea school faculty.

Mr. Layno attended the Endicott school, is a veteran of World War II, having seen duty with the Marines in the Pacific. He is now with the West Machine Company in Kinston.

After March 1st the couple will be at home at 1907 Rosedale Ave. in Kinston.

On Saturday night following the rehearsal for the Layno-Taylor wedding, Mrs. Reddin Jackson, grandmother of the bride, and Misses Jean Dodd and Bonnie Jackson entertained at a cake cutting for members of the wedding party and out-of-town guests in the Ayden Community Building. Greeting guests was Mrs. L. D. McCotter. The entrance hall was decorated with smilax and white candles. In the reception room the mantel was banked with magnolia and large twisted candles and white wedding bells. The bride's table was laid with a cut work linen cloth over pink. The center arrangement was a crystal bowl of pink and white gladioli and gypsophelia. Crystalline candelabra held lighted pink tapers. A miniature bride's bouquet of roses and lilies of the valley was placed at the side of the three tiered wedding cake which was decorated in pink roses and tracery of green and wedding bells. This was topped with a miniature bride and groom. Auxiliary tables held arrangements of gladioli and smilax. After the bridal couple had cut the first slice from the cake, the serving was completed by Mrs. Stephen Samsonick, sister of the groom, and Miss Bonnie Jackson poured fruit punch. Nuts, mints and ham rolls were passed.

Tests Prove Foams Clean Rugs Brighter

Naturally you want your carpeting and upholstery to look bright after you have worked to clean it.

Make this test; clean the carpeting in one room with the new triple strength Fina Foam and another room with any other type of rug cleaner. Let the results of this test be your guide. Nothing cleans rugs like foam and no foam like the new Fina Foam. Now easily applied with a long handle brush—no more getting down on hands and knees.

Mr. and Mrs. Eugene Jackson assisted in the entertaining during the evening.

On Saturday afternoon Miss Ramona Taylor entertained at an informal supper party for her attendants at her wedding. The party

## AAUW Program On Proposed Amendment For Women's Rights

The meeting of the American Association of University Women on Monday night, Feb. 21, began with a brief social and business period and closed with a thought-provoking program by Dr. Lucille Turner, chairman of the committee on Status of Women, and Miss Torah Larsen, a member of her committee. Their talks, which were the outgrowth of a study group on the proposed federal amendment for equal rights for women, gave the arguments advanced for and against the amendment.

Hostesses for the social hour were Dr. Bessie McNeil, Miss Elizabeth Walker, and Miss Alice Wooten.

At the business meeting Mrs. D.S. Spain, Jr., the president, spoke of the stimulating Conference on World Affairs at Chapel Hill which she and Mrs. Daniel Taylor had recently attended as representatives of the group.

Dr. Turner introduced the program by pointing out that the amendment on equal rights for women had first been proposed in Congress 33 years ago, and that in the past the A.A.U.W. has always opposed it without special safeguards for the welfare of women. Now the association is attempting to rethink its position in the light

of the present, and has asked its branches throughout the country to study the question and vote, before the national convention, on the official position to be taken.

Miss Torah Larsen gave the arguments advanced for the passage of the amendment, pointing out particularly that at present women do not have equality under the law as citizens of the United States and that the proposed change would bring this country in line with the UN charter.

Dr. Turner then gave the various arguments against the passage of the amendment. She gave the number of national women's organizations opposing the amendment, and cited the opinion of bodies of lawyers that the amendment is too vague and general, that it would probably invalidate state laws for the protection of women and make every such law an issue to be settled by the Supreme Court, and that it would infringe on states' rights.

Dr. Turner asked the members to be ready to vote at the next meeting.

Dr. Turner also gave a significant summary of the 1953 report from the Women's Bureau of the U. S. Department of Labor on the status of women today.

## District President Of U.S.C.S. Guest Speaker At Bethel Meet

BETHEL—Monday afternoon the regular meeting of the Woman's Society of Christian Service was held in the Methodist Church.

Mrs. Van Taylor, Jr. opened the meeting. The group then sang "A Story to Tell to the Nation". Mrs. Taylor made a few interesting remarks on "How to be a Transformed Person" and closed her discussion with a prayer.

Mrs. Harold Braswell, District President from Whitakers was then introduced and chose as her topic "New Ventures on Old Roads". She brought out that the new churches are beginning to send missionaries to other countries. She also made the remark that young people were taking such an active work in the church.

Mrs. S. W. Anderson, District Secretary of Christian Social Relations from Whitakers, talked about the problems and importance of the social relations department and highly recommended the local secretary, Miss Camille Staton.

Mrs. J. C. Wynne, Jr. read letters from two missionaries who expressed their thanks to the society for their efforts and contributions.

Mrs. R. J. Whitehurst then presented life membership pins to Mrs. S. C. Whitehurst and Mrs. Wynne. The certificates were awarded to the following children: Beth Manning, Christine Speir, O. H. Roebuck, III, and Deborah Weeks. The ladies were then invited to the Fellowship Hall for a tea.

The appointed table was covered with a red cloth, centered with lovely white chrysanthemums flanked by blue candles. The color scheme was used in honor of George Washington's birthday.

The refreshments consisted of cherry tarts, candies, cheese spread and crackers, and nuts and hot tea.

There were approximately 100 who attended the meeting which included ladies from Stokes, Robersonville and Hamilton.

## Masons Have Annual Ladies Night Monday

BETHEL—The Masons of the Bethel Lodge had their annual ladies' night Monday at Respass Brothers. There were approximately 100 to attend.

The past worshipful master, John Lloyd Watson, called the meeting to order after which "Best Be The Tie" was sung and led by John B. Bunting.

Invocation was given by Rev. C. P. Womack and the group then enjoyed a delicious fried chicken and barbecue supper.

Mr. W. J. Smith welcomed the ladies and other guests and the response was given by Mrs. Roscoe Everett.

The present officers were installed: Worshipful Master, Archie Coburn; Senior Warden, Roscoe Everett; Junior Warden, Herbert Brown; Secretary, Linwood Briley; treasurer, R. L. Martin; Senior Deacon, W. C. Whitehurst, Jr.; Junior Deacon, James Alton Manning; Stewards, W. E. Beverly and J. R. Bunting; Tyler, S. H. Martin, Mr. R. L. Martin, District Deputy Grand Master for the Fifth Masonic District, recognized all the past masters. Mr. Martin then presented twenty-five year service awards to Larry N. James, John M. Lloyd who joined in 1893 and never had received this award and E. O. Burroughs, Jr. and afterwards gave Mr. Watson a past master's ring and addressed several complimentary remarks to which Mr. Watson responded.

Two past masters of the Greenville lodge and their wives were introduced. They were George Smith and James W. Brewer, who is Grand Steward of North Carolina. Mr. Brewer then introduced the principal speaker, past Potentate of the Shrine of this state, Mr. Ed Rooker, Jr. of Warrenton.

Mr. Rooker, in his usual entertaining manner, gave a most interesting speech on "Americanism". He discussed how small towns should be on the alert to take active parts for a national situation which would make our country a better one. He brought in how members of the Masonic Lodge are working toward this goal.

The meeting was dismissed with a prayer by Rev. Tom N. Cooper.

## Bethel Bridge Clubs Meet

BETHEL—Mrs. Harold Staton entertained her bridge club on Tuesday afternoon at 2:30 o'clock. Lovely potted plants and greenery were used in the living room.

Between progressions, a delicious and attractive hostess plate with Coca-Colas was enjoyed by the guests.

After the scores were added, high score prize was awarded to Mrs. J. C. Wynne Jr. Others who attended were Mesdames Tom Andrews Jr., B. J. Whitehurst, Walter C. Whitehurst, Clayton Carson, James Womack, Joe Butterworth and Leighton Blount Jr.

Tuesday night Mrs. C. B. Rowlette Jr. entertained members of her bridge club. Japanese quince and jonquils were used in the hall and living room for decorations.

After the first progressions, the hostess served potato chips and Coca-Colas to the guests. At the end of play delicious cherry tarts were enjoyed.

Those who played were Mesdames Eugene Carson, Bob Young, Don Carson, Van Taylor Jr., B. F. Manning, James Crandell and Robert Weeks.

When the scores were tallied, high score prize was given to Mrs. Weeks.

## Recent Bridal Couple Honored At Shower

BETHEL—Mr. and Mrs. Francis Dorey of Greenville honored a recent bridal couple, Mr. and Mrs. Eugene McLawton, at the home of Mr. and Mrs. McLawton near Bethel. The shower took place on Friday night and the guests were greeted by the hosts.

The home was very lovely with mixed arrangements of spring flowers and potted plants. The appointed table, covered with a lace cloth, was centered with a lovely vase of ivy flanked by white burning tapers in crystal holders.

The refreshments, served buffet style, were punch, bridal cakes, party sandwiches, salted nuts.

Approximately 25 remembered the honorees with very nice and useful gifts.

## Home Wiring Is Discussed In Club

BETHEL—A lecture-demonstration on electrical wiring in the home was presented by Mrs. Doris Leggett, home economist with the Virginia Electric and Power Company, at the fifth in a series of adult meetings held here by Mrs. Lucille T. Mayo.

Mrs. Leggett's demonstration was entitled "Octopus in the Home." She presented a house plan and discussed the wiring needs in each room. She also warned against overloading circuits and advised periodic checks to determine if the wiring is sufficient for the equipment used on it.

The last demonstration in the series will be presented March 9 by R. E. Tunnel of Quinn-Miller and Stroud on "Cleaning Rugs and Care of Floors."

## Car Crashed Into Fuel Oil Truck

ELIZABETH CITY, N. C. (AP)—James Thomas Snell, 44, of Norfolk, Va., was injured critically in an automobile accident just outside the Elizabeth City limits yesterday.

Officers said his car hit a fuel oil truck that had stopped at a crossing while a train passed. He was alone.

## Don't Overlook What Is Being Decided

The country has been watching and hearing the big hullabaloo over the Dixon-Yates power contract for many months now, wondering just exactly what it was all about.

Those who would be impartial in assaying the issue are pretty well drowned out by the din of condemnation and denials. No wonder then, the chances of a realistic appraisal by the "sideliners" are materially reduced. The waves of bitterly partisan shouts appear deliberately designed to prevent reaching an unbiased conclusion by the citizenry at large.

The Charlotte Observer recently made this point: "Stripped of all its verbiage, twisted argument, and misrepresentation of fact, this Dixon-Yates controversy boils down to one single issue: public vs. private power—just that and nothing more."

But is there nothing more?

It strikes us that the whole fabric of governmental philosophy in the field of political economics is involved.

As of today the United States Government is the biggest single business tycoon. It operates more than 100 separate business enterprises in which it has invested over thirty billion dollars. Among other distinctions, as Dean Clarence E. Manion (MBS commentator) points out, the Federal government is our largest money lender; our biggest insurance company; biggest warehouse and biggest wheat merchant. It is also our biggest water transport and trucking company. Most important of all the Federal government is the greatest producer of electric power in the Nation.

How far and how fast shall these government-owned (socialistic, if you please) power-producing facilities be extended?

The Carteret County News-Times puts it bluntly: "Fighting the Dixon-Yates proposal are those who would like to see the Federal government get deeper and deeper into the power-generating business . . . Where private industry can do, at reasonable cost, a job Uncle Sam wants done, private industry should do it. It can do it

cheaper because it has the know-how. Power men should run the power-business and government run the government."

Is it not the duty of the Federal government, to its taxpayers, to obtain full value out of every dollar it expends in contracts? But when Lewis I. Strauss, chairman of the Atomic Energy Commission testified before a congressional committee that "cost to the AEC for power would be at rates lower, on a comparable basis, than rates under existing contracts with TVA or other private utilities", there seem to have been few who listened.

It is not in the interest of the people of the United States for the government to kick private enterprise overboard and monopolize the power industry. This would be tantamount to killing the goose that lays the golden egg, hitting the American taxpayer and taking the country a big step nearer complete state socialism.

Involved in it all, is, of course the TVA. Its proponents are the loudest in raising objections to the prospect of private industry competing on a big scale with the government-owned and operated power set-up.

The Darlington (SC) News and Press put its finger squarely on the sore point of the dispute, which every lawmaker in the land should ponder and ponder well.

"If it is right to have socialized electricity in the Tennessee Valley, it must be right to have it in all other areas. And if it is right to socialize the electric power industry, it must be right to socialize the coal mines and the railroads and all other industries. Whichever way the question is decided, we should never overlook WHAT is being decided."

## It's All Just Part Of Political Game

The President's irritation over Democratic-sponsored legislation to cut income taxes \$20 per person doesn't seem really believable.

Actually, it's all just part of the game. In past Democratic administrations it was the Republicans who stormed for tax relief—budget or no budget. Now the same old ball is being carried by the other faction.

It works like this: lawmakers who figure it's time to get a little favorable attention put their heads together on a tax reduction bill. It might get through the House, and the administration (with its hands mighty full trying to balance an expensive budget with never-enough income) begins to feel a little nervous. The fire gets pretty hot under them when the Senate gets around to talking it up.

In the end, the dream of a tax cut is shelved and common-sense prevails again.

There's no use kidding ourselves about cutting taxes, because the government can't pay its bills without money. And for the present there seems no end to the expenses.

## Strength for the Day

By EARL L. DOUGLASS  
NATURE OF MIRACLES  
What is a miracle?  
We read of miracles in the Bible. Some were nature miracles such as our Lord's stilling of the storm, walking upon the water, and feeding the five thousand. Others were healing miracles. It would be difficult for anyone to maintain that he is a Christian believer and yet deny miracles.  
People have tried to explain miracles in many ways. One explanation is that we know only a few natural laws, but when natural laws of which we are ignorant begin to operate, or even when the natural laws we know begin to operate in unusual combinations, things of a miraculous nature occur. According to this definition, a miracle therefore is just the working of natural laws in ways with which we are presently unfamiliar.  
The more spiritual explanation of a miracle is that there is a vast difference between the physical and the spiritual realms. Such being the case, when the perfection of the spiritual realm touches the imperfection of the physical realm, then disease, infirmity, emotional disturbance, and the bondage of evil impulses are overwhelmed. The perfection of the spirit touches the imperfections of the flesh and brings health, peace, and that spiritual emancipation which is best described by the Biblical word "salvation."  
And, of course, the greatest of all miracles is the spiritual miracle of salvation.

## National Whirligig

## 'Fair Trade Law' Difficulties

By RAY TUCKER  
WASHINGTON—Members of Congress and the Federal Trade Commission have never received so many protests as recently against the so-called "Fair Trade Law" in the 17 years of this statute's appearance on the books. Prompt repeal or substantial modification has been demanded by many retailers, consumer and labor union groups.  
The FTC's staff is now conducting a field study of the operation of the law, which permits a manufacturer to fix prices for his product at the retail level, if the state adopts an enabling act. If one retailer signs a price-fixing contract, that agreement becomes binding on every retailer in the state. This provision causes most of the complaints.  
RUINOUS COMPETITION—Thousands of retailers have become dissatisfied because of ruinous competition from "discount houses" and rivals who refuse to observe the "Fair Trade Law's" provisions. Even some of the largest stores evade the law with bargain sales and excessive trade-in allowances. Consumer-labor groups, once favorable to the underlying theory, express resentment with the resulting confusion in the marketplace.  
According to Congressional and FTC mail, buyers who have paid the normally higher "Fair Trade" figure feel cheated when they discover that more selective purchasers have paid one-third or one-half less for the same product.  
SELLING TO CUT-RATE OUTLETS—Until lately, the major producers have neglected this problem. Some have been selling to known cut-rate outlets, injuring the retailers who live up to "fair trade" procedures. Some manufacturers have said that they will make no attempt to insist upon co-operation from their retail buyers.  
There have been suggestions that the FTC enforce the law. Obviously, this would require an enormous army of agents, with prohibition, and the expenditure would be heavy. Nor does the basic law provide for Federal enforcement. It simply provides that price-fixing arrangements do not amount to collusion under the anti-trust statutes. It is merely permissive

## People In Glass Houses

## Somebody Told Me

## Donuts To Help GHS Band

Could I interest you in a donut? or a dozen? In a community like ours it's essential to have fund-raising campaigns often which raise too often? In order to meet the demands. Last year when the Elm Street park fund was lagging the Women's Auxiliary of the Veterans of Foreign Wars came to the rescue. They decided to sell donuts on a single Sunday afternoon.  
The results surprised them in many ways: They exhausted Peoples Bakery's supply of 500 dozen; many people gave them \$1 for their donuts instead of the required 30 cents, and they could have sold many more if they had known in advance how big the project was going over.  
But the biggest surprise of all came when Mr. Diener of the

Bakery, who had agreed to give the girls wholesale rates, made them an outright gift of the 500 dozen donuts.  
In view of the whopping success of this project last year, the girls have decided to repeat it Sunday, except this time for the Greenville high school band.  
School funds do not provide for band uniforms and special instruments that are needed. So in the past the band has asked Greenville merchants to provide for new uniforms, which they have always done. But the call has been recent and the band continues to expand beyond expectations. The leaders of the band decided that the merchants have been hit hard. So a GHS Band Boosters Club was organized to execute projects that would make its own way.  
The girls of the VFW Auxiliary have come to the Band Boosters Club. If you like donuts, let the girls know now! If you give them your order in advance they will deliver the donuts to your home, allowing more coverage during their Sunday afternoon drive.  
Your order will be taken by: Mrs. Arthur Andrews (phone 3908)  
Mrs. Evelyn Elks, 3441  
Mrs. B. T. Joyner, 4137  
Please give them your order now and if possible give them \$1 for the donuts (50 cents if that suits you better) or even the required 30 cents will certainly be appreciated.  
And I thank you.  
JACK EDWARDS

## What Other Editors Are Thinking

BANGKOK CAN BULWARK UNITED STATES POSITION (Charlotte Observer)  
Secretary of State Dulles is off to Bangkok for a conference that will try to put some teeth into a toothless alliance. The Southeast Asia treaty provides only that the signers will consult in case of Communist aggression against any of them and then each member will decide for itself whether it will give a help to the beleaguered country or not.  
It provides nothing like the North Atlantic Treaty Organization for the common defense. Hence, if any concrete system of defense is to be set up, it will have to be done through supplementary agreements. To form a basis for such agreements is the purpose of the Bangkok conference.  
Under present conditions the basis is probably all that can be had at the time, although situation throughout the area is pressing and calls for some definite stand against Communism.

Such a stand ought to be taken as a continuation of the American pledge to defend Formosa. It is a matter of exposition to that pledge by the Labor party in England and by timid groups in this country, our best strategists—both diplomatic and military—are agreed that it is the only possible course we can take. Where one or the other must back down, but neither can afford to do it. Secretary Dulles and Foreign Minister Anthony Eden have deliberately forced that showdown, because they know that any other policy would result in another damaging retreat for the West.  
The Asiatics had already lost a great deal of faith in the western powers as a result of the fall of northern Vietnam, because

they knew that a few more battalions or a squadron or two of planes could have saved Dienbienphu and averted the surrender at Geneva. Being by nature bandwagon-jumpers, they will go over to the side that seems to be winning. Up to now the communists have appeared to be the winners.  
Therefore, the firm stand at Formosa was essential to recover some of what we lost at Dienbienphu and Geneva. If Formosa goes the whole idea of SEATO goes with it.  
It is necessary that the stand at Formosa be strengthened by a strong agreement at Bangkok, providing for actual and workable means of defense against any further aggressions. If the United States had not held its ground at Formosa, it could get little support at Bangkok. Our firmness there will stiffen the backbones of the SEATO countries. The one complements the other.

## Around Capitol Square

## Reaction Shows Lawmakers Favor Some Positive Step

By LYNN NISBET  
SEGREGATION—Reaction of the House of Representatives to comments by a Virginia visitor leaves little room for doubt that the members favor some sort of positive statement or action on the question of segregation in the public schools.  
Harold Purcell and C.W. Cleaton, members of the Virginia House of Delegates, and also members of the Virginia Governor's special commission on segregation, spent a couple of days in North Carolina. They visited the Legislature Monday night and Purcell was asked to say a few words. He made them pointed. He said that Virginia had been bothered for many years with evil-smelling winds from across the Potomac, and he hoped that had come to North Carolina to seek encouragement, not to influence Tarheel legislation, and that they had been alarmed at the "defeatist" attitude existing here.  
He said Virginia means to keep its schools segregated, and Virginians believe that where there is a will there is a way. Admittedly the way hasn't been found, but he is confident it will be.  
At conclusion of Purcell's brief remarks, Speaker Latta observed that North Carolina has "always traveled with our sister State of Virginia," and indicated his purpose to go along now. The Virginians' remarks were given a standing vote of applause and approval, and numerous back-stage remarks indi-

cated many of the members are quite ready to take a more positive stand than has yet been recorded against integration of races in schools, despite decisions of the U.S. Supreme Court.  
Governor Hodges and educational leaders for most part have been reluctant to take a strong approach, a sort of watchful waiting attitude until the high court promulgates decrees effectuating its historic decision of May 17, 1954.  
LATUUS—In keeping with that cautious attitude the Governor sponsored introduction of bills transferring from the State Board of Education to local boards full authority for enrollment assignment and transportation of public school pupils. He has indicated that it is as far as he can go in the matter until the high court goes right now.  
Last week Rep. Sam Worthington of Pitt introduced a bill providing for submission of a constitutional amendment that would permit the Legislature to authorize grants in aid to individual pupils and to operators of private schools, in lieu of requirements for the State to maintain a public school system. Governor Hodges told newsmen that this idea "came out of the blue from one individual and is extreme and untimely."  
Conversations with many members of the Legislature and the reaction to the Virginians' talk Monday night convinces your reporter that the Worthington idea has much greater support than the auditor over post-auditing, the checking of expenditures after they are made.

Bridges favored the strengthening provisions, but vigorously opposed transfer of the original or pre-audit functions. His own testimony, however, developed that perhaps 15 to 20 percent of the State's mid-state pre-audited by his department. All institutions outside of Raleigh colleges, hospitals and correctional schools—and most of the big departments in Raleigh such as highway, revenue, conservation-development, motor vehicles and the state board of education operate on the "disbursement account" plan now.  
Bridges also raised the constitutional question of whether an elective official should be subjected to control of an appointed official.

## Business Today

## Executives Studied

By ELMER ROESSNER  
The professors have been looking at business executives. They are generally pleased with what they see.  
Among the lookers have been Dr. I. deSola Pool and Dr. F.A. Bauer, of the National Opinion Research Center, and Dr. Robert M. Wald and Dr. Roy A. Doty, of the George Fry management consulting firm.  
Drs. Pool and Bauer looked at top business brass through the eyes of public opinion polls. They interviewed 800 executives. Fifty-six per cent of the interviewees found the bosses different from what they had expected, and half of them said interviews with them have changed their opinions. Of these, 79 per cent said that the change had been toward a more favorable point. One of the things that impressed the interviewees was the fact that executives had a much broader view on world affairs than they had expected.  
Drs. Wald and Doty have been studying executives for some time. They have found that certain major environmental traits appear among most top executives. These traits are:  
1. Reared in American culture.  
2. Product of an above-average socio-economic background.  
3. Has a happy home and family life.  
4. Has an above average academic training.  
5. Had an opportunity to be a leader before entering business.  
6. Enjoyed good health as a youngster and continues it throughout his working life.  
7. Has a family life adjustment conducive to maximum utilization of his abilities in business.  
Dr. Wald added that their studies show that behavior patterns of business executives in-

dicte that they are of superior mental and analytical ability, know how to get along with other people, predominantly interested in people, aggressive in seeking new work to be done and new ways of doing it, and at least average in emotional adjustment and self-consciousness.  
Today's executives depart radically from stereotypes established in the age of Andrew Carnegie, Henry Ford and J.P. Morgan, Dr. Wald said. And he could have added that they differ from the stereotypes in the recent rash of books and television shows depicting tycoons of industry.  
CLEARING UP A POINT IN WATCH TARIFF DRIVE  
The American watch industry is campaigning for higher tariffs on imported watches. This will raise the price of Swiss watches here thus giving American manufacturers a larger share of the market. This will make them profitable and give the country the benefit of their machines and skills in event of war.  
But the nation cannot have those facilities unless someone pays for them. In this case, the payers will be American buyers of American-made watches.  
Now it may be the best idea in the world to assess watch buyers for the support of a defense facility. Certainly, we assess whiskey and tobacco buyers for similar purposes. But we ought to understand exactly what we are doing and recognize the fact that we won't be getting something for nothing.  
INSTALLMENT JEWELERS TOP OTHER TYPES  
Installment credit jewelers did better in 1953 than the cash and open credit stores, a Dun & Bradstreet survey shows.

## She Scouts Rare Foreign Foods

By HAL BOYLE  
NEW YORK (AP)—If you don't like to nibble on Mexican fried worms, Mrs. Evelyn Haines won't quarrel with you.  
"They taste something like a crisp rice cracker, and make a good conversational tidbit at cocktail parties," she said. "But I prefer the flavor of Florida rattlesnake meat or French larks stuffed with truffles and goose liver."  
Mrs. Haines, a tall, attractive Pennsylvania Dutch housewife, has an unusual job. She is a good scout who searches the markets of the world for rare foreign menu items unknown to most American palates. Her own palate has few prejudices and she feels she has one of the most interesting and enjoyable careers of any woman in America.  
"Right now I'm trying to find someone who imports chocolate-covered ants," she said. "They are quite a delicacy in South America, I understand and I'm very curious to see how they taste."  
Other delicacies Mrs. Haines has received orders for, but so far has been unable to fill: Roasted grasshoppers, canned bats from Guam, and French-fried bumblebees from Burma.  
"One customer wanted me to get him some bumblebees to guess, because he had heard the old Roman emperors used to snack on them," she said, smiling. "But I think he was merely trying to send me on a wild goose chase."  
Mrs. Haines was launched on her odd career after her employer, Max Hess, head of a department store in Allentown, Pa., returned from a trip abroad convinced his customers might like to try exotic foods they had read about but perhaps never tasted.  
Husbands, he soon found, were willing to buy dishes like Japanese boiled quail eggs. But their cautious wives restrained them. They did, that is, until Hess got the idea of having Mrs. Haines open and sample the delicacies before their eyes, and show the wives how to prepare and serve them.  
"I had a pretty good background for the job," said Mrs.

Haines. "My dad—he was an undertaker—was a gourmet. As a child I got used to eating strange foods such as calves' tonsils and oxtails."  
She has found men are far more willing than women to adventure with foreign delicacies. Former servicemen, she says, like to sample new dishes they ate in other lands during wartime.  
"Some people buy things such as the Mexican fried worms only as a gag," she said, "and then are surprised to learn they like them. We've had quite a few repeat orders for worms. They are one of our best-selling items. They look rather like empty black locust shells. But they aren't as tasty, of course, as rattlesnake meat. That tastes rather like veal."  
Other food rarities which Mrs. Haines stocks and tastes, with more or less enjoyment, are dried seaweed and octopus from Japan, canned alligator and muskrat, elk steak buffalo stew, Chilean hot peppers stuffed with red snapper, canned grouse from Scotland, and Spanish stuffed cuttlefish canned in its own ink.  
The ink tastes fine, but the cuttlefish is more on the order of a rubbery sardine.  
"Sometimes I bring new foods home to let my 80-year-old mother taste them," she said. "Mrs. Haines 'She took a bite of rattlesnake, then said:  
"Well, I do believe I'd rather have a bottle of beer—and a platter of crab patties."  
Her husband, a steelworker, refuses to be a guinea pig, sticks stoutly to potatoes, meat and gravy.  
"Only once has her palate rebelled against Mrs. Haines. That was when she tasted a canned brood of eels in olive oil."  
"They are like a nest of small threads, each about a half inch long," she said. "When I spread them on a cocktail cracker, I could see their little eyes looking up at me. Their little black eyes."  
After her bout with the infant eels Mrs. Haines feels sure those chocolate-covered ants will be a welcome appetizer.

### Winning Apache Patrol

These Boy Scouts of Troop 30's Apache Patrol won first prize of \$5 for obtaining the most signatures endorsing the Crusade for Freedom yesterday. One patrol went out from each Boy Scout troop in the city and obtained signatures of persons desiring to help people behind the Iron Curtain, distributed Freedom pamphlets and accepted any contributions for the Crusade. Members of this prize-winning patrol, who got more than 100 names for their troop, are, left to right, patrol leader Erskine Duf, patrol scribe Garris Evans, assistant patrol leader Skip Wright, Johnny Bryan and Jimmy Forbes. B. B. Drum is troop leader. (Reflector Photo by Edwina Haymes).

## Feels Quemoy, Matsu Are Potential Threat

WASHINGTON (AP)—Sen. H. Alexander Smith (R-N.J.) said today he believes Secretary of State Dulles wants the Quemoy and Matsu islands held as a potential threat against the Red China mainland.

Smith joined Rep. Richards (D-SC) in urging the Eisenhower administration to defend the two islands off south China and to resist what both said would be intensified British efforts to have the islands returned to the Chinese Nationalists.

Richards, chairman of the House Foreign Affairs Committee, said yesterday secret testimony before Congress passed the defend-Formosa resolution convinced him that the administration has decided to defend the two islands. He called on the administration to say so publicly.

Smith and Chairman George (D-Ga.) of the Senate Foreign Relations Committee said they had received no clear-cut impression that any decision to defend Quemoy and Matsu had been made.

Rep. Zablocki (D-Wis.) said he

got the same impression as Richards, but Rep. Vorys (R-Ohio) said in a separate interview House testimony did not produce a specific statement that the islands would be defended.

Smith said the loss of Quemoy and Matsu would "practically neutralize" Chiang Kai-shek's Nationalist armies on Formosa. This, he added, would nullify their threat against any expansion of Red Chinese imperialism.

The "British are working night and day" to get the United States to give up the offshore islands, Smith said. Richards told the House in a speech that one of British Foreign Secretary Eden's "avowed purposes" is "to convince us that we have no stake in Quemoy and Matsu and to lead us further down the road of appeasement."

Dulles has said the United States does not intend to defend the coastal islands "as such," but would do so if convinced an assault on them was aimed at conquest of Formosa.

NO SCORE—Tiny Nanchishan, 3-mile-square island north of Formosa and northeast of the Taishans, was the center of an invasion scare, but no attack developed. It appeared the Communist ships diverted their course to mainland harbors. Meantime, Chinese Nationalist planes continued a t t a c k against Red China's buildup base on the Taishans. (AP Wirephoto Map).

**IN METER BUSINESS**  
BALTIMORE (AP)—The nation's sixth largest city is going into the parking meter business. Baltimore City Council voted last night to authorize the installation of almost 3,000 meters on about 40 business streets.

**INVITE SEC. DULLES**  
TAIPEI, Formosa (AP)—Nationalist China has invited U. S. Secretary of State Dulles to visit Formosa on his present trip to the Far East. Dulles is in Bangkok for the Manila Pact conference.

### Flew From Paris To See 'Fanny'

NEW YORK (AP)—Coming from Paris to Broadway to see a show, 22 persons, mostly Americans now living abroad, arrived by yesterday, seven hours late but not too tardy to see the night's performance of the musical "Fanny," starring Ezio Pinza.

Bad weather diverted the plane

from here to Boston to Pittsburgh to Washington before it made Idlewild Airport here.

After the play, the group which purchased round-trip plane tickets, was entertained by Pinza at a backstage party.

### Drama Granted \$10,000 By N. C.

RALEIGH (AP)—"Lost Colony" drama, which ended the 1954 sea-

son with a deficit of \$17,987.04, has been granted a \$10,000 allocation by Gov. Hodges and the Council of State.

Bad weather was blamed for the pageant's deficit. The allocation from the state's contingency and emergency fund was approved yesterday under a 1945 law which provides that the Council of State may make grants of up to \$10,000 to the play in a year to bolster its budget.

## Stormy Weather In Mid-Century

By THE ASSOCIATED PRESS  
Stormy weather spread over broad areas of the mid-continent today.

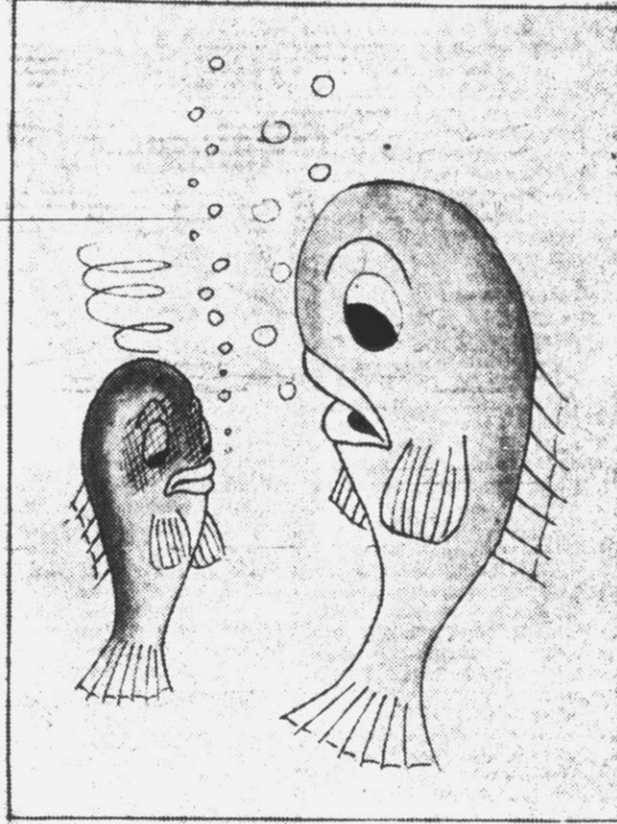

The cold arctic air which sent temperatures tumbling far below zero in the Dakotas penetrated southward to extreme northern Texas and Oklahoma early today. It extended from the eastern slopes of the Rockies eastward to Minnesota, Iowa and northwest Missouri.

Temperatures in the cold belt were 5 to 20 degrees lower than yesterday morning. The coldest weather was in the Dakotas with temperatures generally under 10 degrees below zero. Dickinson, N.D., reported -19 early today. It was 70 in Miami.

Blowing snow hit some Midwest areas, curtailing travel. A belt of snow 100 to 200 miles wide behind the cold front moved eastward and was expected to spread over all of the Midwest by tomorrow.

Fairly mild winter weather prevailed east of the cold front with readings generally freezing or only slightly below over the Ohio Valley and Northeast. Temperatures were mostly in the 40s and 50s in the Southeast.

### BUBBLES By Jim Lee

"Junior! I told you not to swim in that polluted creek!"

### Hodges Asked To Support Plans For Toll Bridge

RALEIGH (AP)—Gov. Hodges was asked yesterday to lend his assistance to plans for a toll bridge across Alligator River and to provide funds for rebuilding the highway between Asheville and the Tennessee line by way of Marshall.

The requests came from two delegations. Highway Commissioner Emmett Winslow of Hertford acted as spokesman for a group from eastern North Carolina appearing in support of the proposed toll bridge. He estimated the bridge and its approaches would cost \$3,200,000.

Madison County Sheriff E. Y. Ponder and Highway Commissioner J. F. Snipes of Marion headed a Madison delegation urging the state to develop the highway through Marshall as the west's federal interstate highway route.

### No Receipts For VA Checks Says State Witness

GREENSBORO (AP)—No receipt was ever written on separate Veterans Administration checks of \$10,399.84 and another for \$5,123.50, an auditor testified in the embezzlement trial of N.C. Webster here yesterday.

Webster, former bursar at A&T College is charged with embezzlement of more than \$39,000 in college and student funds.

M. L. Widenhouse investigator for State Auditor Henry L. Bridges, testifying on direct examination regarding the two checks said: "Mr. Webster got it."

Defense attorneys objected to most of the questions and frequently asked the court to strike his answers.

Widenhouse spent three months on the campus in 1953 investigating the alleged shortages which amounted to more than \$116,000. Webster is pleading innocent.

Costa Rica started coffee production in the 1820s and coffee still is the country's chief export.

TIME FOR THOUGHT: — Harvey Matusow, hands to his face, ponders a question as he testifies in Washington before the Senate internal security subcommittee probing the story that he falsely accused hundreds of persons as Communists and pro-Reds. Matusow, 28-year-old self-styled reformed "perpetual liar," said he had been advised the government would find it difficult to convict him of perjury despite his admission of lying under oath. "If the government just tries to make me the scapegoat," he said, "I'm going to fight it." (AP Wirephoto).

# Mamie Van Doren Says No Wedding Bells Yet

By BOB THOMAS  
**HOLLYWOOD**—Marriage for Mamie? She says no. When band leader Ray Anthony dashed off to Mexico for a divorce, folks naturally thought he'd return to claim Mamie Van Doren as his bride. They've been chums for some time. When I saw her in the U-I commissary, she was wearing, among other things, a jeweled pin in the form of a trumpet, which Anthony plays. "When are you going to do it?" I asked. "Do what?" "Get married, of course." "Oh, I doubt if Ray and I will ever marry. He's a lot of fun to be around, but I don't think we'll ever get serious enough for marriage." Besides, there's her career. It's

beginning to gain some steam. The blonde charmer recently finished "Ain't Misbehavin'" and soon starts "The Second Greatest Sex" (don't ask me which it is). And she has a disc contract with Decca—she was once a band singer. But I wouldn't count the Anthony alliance out. She celebrated her 22nd birthday recently and he showered her with presents, including gold earrings from Mexico, an alarm radio and a remote control for her TV set. It's delightful to have Sir Cedric Hardwicke among us again. He's here for "The Vagabond King" and will stay over for "The 10 Commandments." Despite the seeming dignity of his title, he's a piker. The assistant director bawled for him to report to the set, and I asked if he allowed such behavior.

## THERE OUGHTA BE A LAW By FAGALY and SHORTEN

"I guess I'm getting old," he sighed. "In the old days, I would have ordered the British navy to sail up the Los Angeles River and protect me. It's time we reclaimed these colonies."

### Tony Started As Band Musician

By WAYNE OLIVER  
**NEW YORK**—If he'd been a better musician, Tony Martin might not be a singer today. Now one of the most successful vocalists in television, radio, films, phonograph records and night clubs, Tony started out on the saxophone and clarinet with no thought of being a singer. He recalls it was almost by accident that he sang a number with a band with which he was playing during his sophomore year in St. Mary's College in California. "Then the boys started giving me more and more songs," he says. "Pretty soon I noticed they weren't giving me any clarinet and saxophone parts and I began asking why. They'd say, Oh, we have you doing some songs tonight and we thought we'd let you rest in between."

"I guess it was fortunate for me I wasn't a good musician and got into this business."

It came as a bit of a surprise to some of Tony's TV fans when he played the clarinet during his Monday night show on NBC. "But any similarity between what I played and real music was purely coincidental," he declares. "I hope James Petrillo wasn't tuned in or I may lose my card." Martin still carries a membership card in Petrillo's AFL American Federation of Musicians which he joined when playing with bands. Tony's first broadcast as a singer was on a radio pickup during a musical program Walter Winchell conducted in the 30s. His first network performance as a featured soloist was on the Burns & Allen show a little later. Since then he has become one of the highest paid singers in the business and has made 14 films, the latest of which is Hit The Deck, for MGM.

**NO MORE WASHING**  
**TORONTO** (AP)—Dr. Elliott R. Dausig, a Philadelphia ceramics engineer, told the Society of Automotive Engineers that edible plates could be made of a gelatine substance. After holding the main course, they could be eaten as dessert, he said. Sugar cane has been widely cultivated for less than 800 years.

### Locomotive Just Troublesome; It Refuses To Run

**MOSCOW** (AP)—There's a children's story in the United States about the little engine that COULDN'T. Here in the Soviet Union there's a story about the locomotive that won't. The newspaper Soviet Estonia, printed in Tallinn, tells about it: Last April the railway workshops in Tallinn took the locomotive of a concrete factory for repairs. Soon the word went out to "come and get it." "But as soon as the locomotive engineer got into the cab... it refused to move forward, and would only move backwards. When they attached a load to the locomotive it stopped moving altogether—either forwards or in reverse. "Won't you take it? It's all right, really," the railway men started to wheedle. "You know every sick man, after his recovery is still weak and takes his first

steps with great difficulty. And this is a big locomotive—naturally it starts slowly. But it will improve. "But the concrete factory people refused to take the locomotive and left it for a 'final treatment.' "Then in October they received a telegram to 'come and take your locomotive. It is in wonderful shape.' "Again the people from the concrete factory decided to test the locomotive before taking it away. And again they had to buy tickets to return by passenger train. "The next telegram was received in November. "At first the locomotive ran very well, but then it again began to demonstrate its old caprices. It preferred its favorite backward movement. But, in addition, it had a new whim. Having acquired full speed, it didn't want to stop. Only with great difficulty could they stop it because the brakes would not take hold. But when it stopped—it decided to stay stopped and not move again. . . .

"And since that time the locomotive remains under repair. "And soon it's April again and they will celebrate the first anniversary of this operation on the capricious locomotive." **Trouble Catches Up With Him**  
**COLUMBIA, S.C.** (AP)—Former Chicago police officer J.C. Bedenbaugh told the judge he'd toured a Windy City beat for four years and never met violence. Now an officer here, Bedenbaugh asked a cursing man what the trouble was. "All I got was trouble," Bedenbaugh told the court. The man was fined \$100 for attacking the officer with fists a stick and knife, told the judge he didn't remember slugging Bedenbaugh. The albatross often flies at around 60 miles an hour.

**Glamor Potato Package Needed**  
**IITHACA, N.Y.** (AP)—Prof. F.M. Izenberg of Cornell University's vegetable crops department says potatoes are in declining demand, but would sell better if attractively packaged. Izenberg said a recent test in Maine showed that potatoes washed and displayed in transparent wrappers outsold unwashed spuds by more than five to one. He said growers were enthusiastic over the experiment. **RADIOACTIVE DUST**  
**ROCHESTER, N.Y.** (AP)—The Eastman Kodak Co. reports radioactive dust from the Nevada atomic tests fell on Rochester Monday. Amounts were too slight to be dangerous, said the company. St. Augustine, Fla. was founded in 1565.

## It's highway robbery!

For sheer fun out on the road, Chevrolet's stealing the thunder from the high-priced cars!

Up to this year, maybe there were reasons for wanting one of the higher priced cars. If you demanded something extra in driving fun... something really special in the way a car handled and felt and responded to your wishes... you simply had to pay a premium to get it.

Not any more! The Motoramic Chevrolet for 1955 has changed all that. In fact, it's stealing the thunder from the high-priced cars on their own home-grounds—out on the highway. Talk about excitement! You have 162 high-compression horsepower under the hood with the

new "Turbo-Fire V8" (180 h.p. is optional at extra cost in all V8 models if you want it.) Or you can take your pick of two new "Blue-Flame" 6's—the hottest, highest powered sixes in the low-price field! Any one of these three engines brings you all the good things that come from Chevrolet's long leadership in valve-in-head design.

As for drives, just name it. Chevrolet offers new Overdrive, Super-Smooth Powerglide (extra-cost options), or a new and finer Synchro-Mesh transmission.

You're headed for fun in the Motoramic Chevrolet! You're headed for a ride such as you'd expect only in highest priced cars. You're headed for "heads up" stopping, too, and easier steering. All this, with Chevrolet's traditional economy. Come in and put this "show car" on the road!

### City's Supply Of Gas Cut Off As Pipeline Breaks

TOPEKA, Kan. (AP) — Residents of this city of nearly 100,000 and seven other communities shivered in subfreezing temperatures today after a pipeline break cut off the area's gas supply.

The majority of homes use natural gas for heating.

Appliance stores reported a run on electric heaters. There also was a rush to buy ready-cooked foods.

The break in the 16-inch transmission line of the Cities Service Gas Co. was caused by a defective weld. It has been repaired, but it may be 24 hours before service can be resumed to all buildings.

Workmen had to turn off each

individual connection and then turn them all back on again. The disconnections are necessary to eliminate all hazards when the gas pressure is restored.

Approximately 32,000 homes and business places were affected.

Heavy use of electricity in heaters and cooking ranges overloaded power lines. The power and light company appealed to residents to turn off all ranges not being used for cooking purposes.

Hospitals, most commercial establishments and industries have a standby fuel such as oil and were not affected.

Most schools were dismissed. They are heated by standby fuels but the city opened them to families as emergency shelters.

Other communities affected in addition to this state capital are Valley Falls, Oskaloosa, Ozawie, Meriden, Perry, Lecompton and Grantville. All have populations of 1,500 or less.

In 1926, two Americans George Harbo and Frank Samuelson, rowed an 18-foot boat across the Atlantic using neither sails nor motor.

### Machine Shop Jewelry

GLAMOROUS HARDWARE . . . Television star Jayne Meadows tries on her new machine-made jewelry at her New York apartment. Necklaces, bracelets and earrings are made of hardware items such as nuts, bolts and cotter pins in lightweight aluminum, dyed in vivid colors.

#### AP Newsfeatures

In the what-won't-they-think-of-next department is a new collection of costume jewelry made of machine-shop items such as nuts, bolts, washers, cotter pins and pipe filters such as you would expect to find in a hardware store instead of a jewelry shop.

The idea was dreamed up by two New York girls, Pat Smith, an industrial designer, and Willis

Percival, a magazine photographer. They collected light-weight aluminum hardware items dyed them in brilliant colors put them together in bracelets, necklaces and earrings and then started showing their samples to store buyers.

Today the girls are working full-time at their new business, have a factory in production and are shipping the novel jewelry to stores throughout the country.

### PROTECT WALLS AND PROTECT CHILDREN

AP Newsfeatures

A CHILD'S ROOM gets the heaviest wear and tear on the lower portions of the walls. A tough and durable wainscot can prevent this and also protect children from scratches against rough plaster or masonry. Modern hardboard panels make the construction of a wainscot easy and attractive. Decorative effects can be obtained by using types of hardboard known as leatherwood, which has the natural dark brown finish of Spanish grain leather. These can be painted any color, finished in two tones, or left natural.

### Barber-Trainer Had No License

ST. JOSEPH, Mo. (AP) — Frank Berry has operated a barber college here for 17 years. In that time he has graduated about 500 bar-

bers. Yesterday, the 74-year-old Berry was fined \$10 in Magistrate Court. The charge: barbering without a license. Berry said he will appeal. The U.S. death rate in 1954 has been estimated at 9.2 per 1,000 people.

### Granddaughter In Her Movie Debut

HOLLYWOOD (AP) — Dian Friml has signed a Paramount contract to make her film debut in "The Vagabond King" for which her grandfather, composer Rudolf Friml, wrote the music.

Miss Friml, 19, daughter of Mr. and Mrs. Rudolf Friml, Jr., visited a friend at the studio, was noticed by director Michael Curtis and producer Pat Duggan and was signed yesterday, the studio said.

She will have a supporting role with Kathryn Grayson and Oreste Kirkop. Her father, a former orchestra leader, now is a musicians' agent.

### Offers Idea To Get \$1 Million

OKLAHOMA CITY (AP) — The State Senate has figured out a way to make one million dollars for Oklahoma — by selling half dollars for \$1 each.

The Senate passed a resolution yesterday asking the U.S. Treasury to issue two million half-dollars in 1957 commemorating Oklahoma's 50th anniversary of statehood.

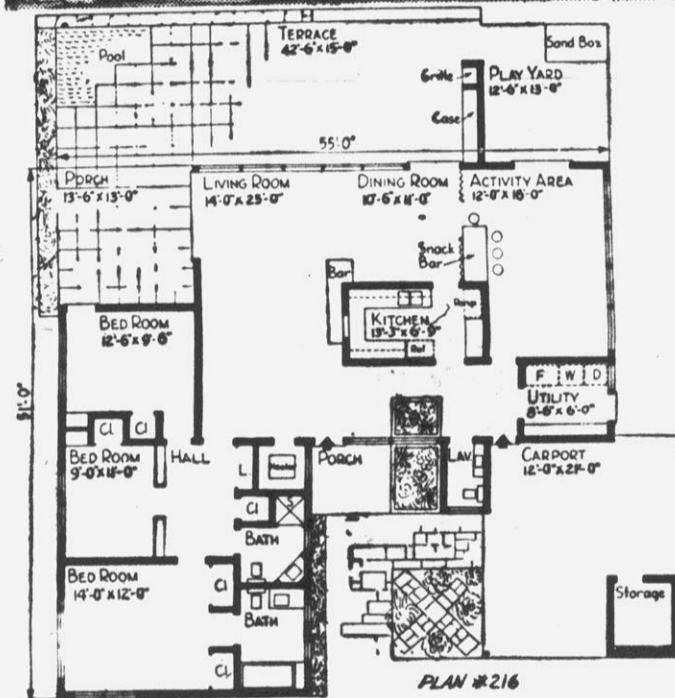

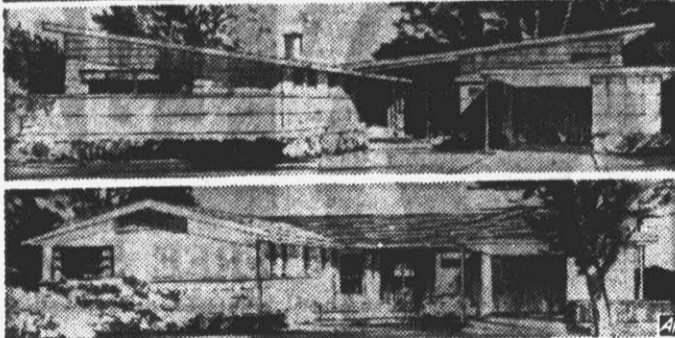

Then the state treasurer would be authorized to purchase the entire group at a cost of 50 cents each. Profit from the transaction would be used to pay for the celebration.

One senator proposed that \$5 bills be turned out and sold at \$10 each, "so we could make 10 times as much."

In 1950, there was one U.S. auto for every three persons over 13 years old and the Twentieth Century fund estimates that by 1957 there will be one for every two to two and a half people in that age group.

Until recently it was believed that only leguminous plants can fix nitrogen from the air but a recent discovery indicates that a species of alder tree can do it.

### HOMES FOR AMERICANS

AP Newsfeatures

MODERN VENTILATION makes an interior kitchen practicable for this unusual plan suitable for different exterior treatments. This can be a contemporary house with butterfly roof, or a more conventional ranch style. Three bedrooms and two bathrooms are completely segregated from living quarters, which include an informal activity room. This is Plan 216 by Paul T. Haagen, 360 N. Michigan Ave., Chicago 1, Ill.

### No Quick Lunch For Henry VIII

CHICAGO — If a number of Americans are moved to visit Great Britain to dine on champ and syllabou, it might be because Robin Howard talked to them.

Howard, 30, is proprietor of the Elizabethan Room of London's Gore Hotel. He's touring the United States as a salesman for the "Come to Britain" campaign of the British Travel Assn.

But he's not averse to saying a good word for U.S. restaurant fare—at least some aspects of it.

"Americans excel in the art of quick lunches, which you seem to be able to get anywhere," Howard says. "I think I appreciate most here the native regional dishes such as Boston baked beans or Southern fried chicken."

But, he says, most American dishes are no novelty to the Britisher.

"Often they are old English favorites that have been preserved in your country," Howard explains. Hamburgers and frankfurters? Well, the Americans may lay claim to them, and welcome. But you'll find them at British lunch counters.

However, Howard's conversation sparkles on the subject of Elizabethan food. The champ is an American potato, he says, found by Sir Walter Raleigh and brought back to England. Syllabou is a cream with raspberry and Madiera wine.

Other dishes which Howard has made a specialty include Good King Henry, a wild spinach which the first Queen Elizabeth used to favor for breakfast. Seldom cooked since 1606, it has been revived by Howard who found some growing in an Essex field.

If you drop into the Gore, you may also order boar's head, roast peacock, lobster pie, cucumbers in wine, or gooseberry tansy.

### Undercover Shape For Spring

LONG TORSO LOOK — The French line basque length strapless bra at left lifts the bosom and smooths the midriff to conform to the lines of the new long-torso dress at right, typical of the favorite silhouette for that new spring outfit.

By DOROTHY ROE  
Associated Press Women's Editor

A lot of girls who go shopping for a new Easter outfit are going to find that some changes in underpinning are necessary to do justice to the new alphabetical silhouettes as launched by Paris and adapted by American designers.

The tight-fitting, long-torso lines of the new spring dresses and suits don't look their best when the line is broken by midriff bul-

ges. Although there has been much discussion of the relaxed silhouette, you'll find that most of the new things must fit smoothly and snugly through the middle in order to look as they were meant to look.

There are several ways to re-shape the long-suffering body to conform to the new lines, to wit: high-rising girdle extending several inches above the waistline, worn with bandeau bra; all-in-one corselet; basque length boned strapless bra.

For dresses with skirt fullness starting at the hipline, one of the favorite silhouettes for spring, the long boned bra is proving the most popular underpinning, since it holds the midriff firmly smooth, is designed to lift the bust slightly and give a longer line through the torso.

For sheath dresses the all-in-one corselet is the answer, since control must extend below the

### Marilyn To Ride Pink Elephant

NEW YORK (AP)—If you attend the charity premiere here of the circus you'll see Marilyn Monroe riding on a pink elephant.

Showman Mike Todd announced yesterday that Miss Monroe will be the main attraction opening night performance March 30 of the Barum and Bailey and Ringling Bros. circus at Madison Square Garden—on behalf of the New York Arthritis and Rheumatism Foundation.

Todd said Miss Monroe will wear a leopard form-fitting theatrical costume while the elephant will be "pinked up" for the event.

### Japan Repatriates 949 Detained By Red China

MAIZURU, Japan (AP)—The Japanese repatriation ship Koan Maru docked at this central Japan port today with 949 Japanese back from Red China, where they had been detained more than 10 years.

That boosted the Japanese repatriation total to 28,175 since early last year.

Many of the repatriates who arrived today are technicians who said they were forced to work for China. One said China was "many years behind the Japanese level technically."

"The Communists are still trying to restore what the Japanese had built before the war," said Motonosuke Shimizu, an engineer.

"It may take 10 more years for the Communists to restore the 1937 industrial output," Dr. Seiryu Tsukino said. "Chinese medical science is at least 30 years behind the Japanese level."

Tsukino, who had been working at the Sian clinic in central China, said China had only 10,000 licensed doctors when the Communists took over.

"Medicines and drugs are also perennially short," he said. "British-made streptomycin is now being sold at 20 times the Japanese retail price."

Tatsuo Shiraki, correspondent for the newspaper Asahi who made

### Keeps Records On Wood Slabs

DALLAS, Tex. (AP)—Accountant Leo Branch calls John N. Osborne Jr., a 31-year-old ditching contractor, his "most unusual" client.

So that wind won't blow away his notes and records, Osborne uses pieces of lumber—some rather large—on which to write up some transactions.

Usually he transcribes the notes to paper before giving them to Branch. But unusually good business recently caused him to fall behind.

And yesterday he delivered his "notes" to Branch—a bushel basket of wooden blocks and slabs.

If all the cars and trucks exported from New York Harbor in a year were placed end to end, they would stretch from Manhattan to Indianapolis, Ind.

### His Sixth Wife Seeking Divorce

TULSA, Okla. (AP) Mrs. Rena Matthews Wallace filed suit for divorce in District Court yesterday, charging her husband of less than 15 minutes with incompatibility.

Her petition alleged her mate, Robert Arthur Wallace, deserted her within 15 minutes after they were married Feb. 16. She said she was a "good and dutiful wife" during those 15 minutes and gave the defendant no grounds for deserting her.

**\$2,343.88 puts it in your driveway!**

Base delivered price of the 3-door, 4-passenger Buick SPECIAL Sedan, Model 48, illustrated. Optional equipment, accessories, state and local taxes, if any, additional. Price may vary slightly in adjoining communities. Even the factory-installed extras you may want are bargains, such as Heater & Defroster... \$81.70; Radio & Antenna... \$92.50.

CHANCES are, you'll be way over if you guess at the local delivered price of a 1955 Buick. Most people are.

And that's easy to understand when you look at a Buick. It's big, broad, roomy—powered for thrilling action. In prestige alone, it would seem to carry a high price tag.

But when you check into things, you discover this surprising fact: Buick is in the nation's top three when it comes to sales volume—and when it comes to low prices that make such huge popularity possible.

The price we show here is one proof of that. And an even bigger one is the soaring success of the 1955 Buick—hottest car in all Buick sales history.

So why miss out on Buick style and power and room and ride when you can have it all if you can afford any new car?

Why do yourself out of the fun and pride and deep satisfaction of bossing a big and brawny beauty like the one pictured here, when the dollars you pay for this Buick buy you so much more sheer automobile?

And why pay extra for things like direction signals, oil-bath air cleaner, full-flow oil filter, automatic lighting in the glove compartment—when such things, and more, are yours in every new Buick as standard equipment at no extra cost?

Drop in for a visit this week and start checking things.

We believe that when you look into this great car—when you see what you get for the low price you pay—and when you discover what happens when you nudge that gas pedal—you'll say it's gospel that Buick's the thrill and the buy of the year, hands down.

# Alaska Eskimo Scouts Keep An Eye On Soviet Activities

By ELTON C. FAY  
AP Military Writer  
FT. RICHARDSON, Alaska (AP)—On the farthest corner of America, U.S. soldiers keep watch on what goes on in Russia.

Between this country and the Soviet Union—Little Diomed Island in the United States, Big Diomed across a few miles of water in Siberia.

The Eskimo scouts (actually some of them are Indians) are probably the only members of a reserve type organization who are always on active duty without being called up or inducted into federal service. What they do in their daily work—hunting, fishing, trapping—fits perfectly the mission they would have if on constant government duty.

day, toward the approaches over ice or by water.

Scouts say there isn't much migration or travel between Soviet and American territory now. They do not say there is none. A few years ago fishing and hunting parties of Eskimos often crossed the boundary.

Alaska's Eskimos had other visitors from Asia 15 years ago. In 1940, they reported to the territorial government that a Japanese survey party had landed at one point looked over the country and people and left. This was more than a year before Japan declared war and succeeded in gaining a foothold in the Aleutian chain.

The Eskimo reconnaissance force is organized into two battalions, one with headquarters at Nome the other at Bethel. Organically, they have two missions: a territorial militia for home defense; members of the national guard which is a civilian component of the Army.

Although the Eskimo knows far more about the science of scouting and patrol in the arctic and sub-arctic than white members of a military organization, he must be trained to adapt his knowledge to the requirements and operational techniques of a regular military force.

Therefore, the Army operates at Ft. Richardson a three-week course at a noncommissioned-officers school and a two-week course in radio. Here the scout NCOs learn to look for the specific intelligence the military needs and the forms of reporting information.

If there is a stranger in their land, they are almost certain to know about it. Perhaps they see him. Or perhaps there are only tell-tale signs—footprints, marks on a beach where a boat has landed, or the attitude of nervous game whose eyes and ears are even more sensitive than those of an Eskimo.

For generations, the Eskimo has lived by his skill at stalking food and fur animals. He has a natural and amazing skill in the art of camouflage of moving fast, shooting accurately.

The U.S. Army has no illusions about using the Eskimo scout as a combat infantryman in a regular unit. He is neither armed nor temperamentally equipped for it. His great value to the Army is for patrol and, in some degree, guerrilla action. The scouts serve as a reconnaissance screen at the outermost perimeter of the defenses.

For years, the scouts were armed with obsolete Enfield and Springfield rifles, hand-me-downs from World War I. Only now are they being equipped with modern M-1 rifles. When the scout leaves his village for a hunting trip along the coast, he carries two guns—his own game rifle and his military weapon.

The scout keeps sharp watch not only afield but at home. On Little Diomed, American Eskimos could give an almost hour-by-hour report on the movements of their neighbors on Big Diomed, whom they watch by telescope.

On St. Lawrence Island, 150 miles to the south, the same vigilance is maintained, 24 hours a

## Child Survived Double Hazard

WOODBURN, Ill. (AP)—Mrs. William Barth drove to town for some medicine because she thought her son, Glade, 9, showed symptoms of measles.

Glade, playing cowboy, climbed into a trunk. The lid clamped down and locked. His mother searched for an hour before noticing his cowboy coat near the trunk. Glade was unconscious and barely breathing.

After he was revived by neighbors and a physician he was put to bed with the measles.

# Businessman Finds Fun And Profit In Airways

READY TO GO — Jack Ford and copilot Jimmy Gible.

By DIAL TORGERSON  
AP Newsfeatures

BURBANK, Calif.—Ferry Pilot Jack Ford, 37, knows the wild blue yonder like a bus driver knows his route—except that Ford's routes are as changeable as the skies he flies.

He runs the world's biggest aircraft ferrying service. He and his crews have flown 18 million miles, through North Atlantic storms, through intrigue and gunfire, in and out of a thousand airports.

His crews have been called soldiers of fortune and accused of being war criminals. But Ford insists the pilots and crewmen of Fleetway, Inc., are just hard-working businessmen helping him prove a point:

"There's only one good way of delivering airplanes—by air."

Fleetway has delivered 5,000 planes. "There's only one place we haven't been," says Ford, "behind the Iron Curtain."

It's just as well. One of Ford's pilots learned after they made a delivery of B-25's to Formosa that the Chinese Reds had condemned the Fleetway crews to death, in

absentia, as "war criminals." Today's sleek, new transports and executive planes are far different from the war surplus hulks Ford and his pretty wife, Mary, now 33, flew when they opened Fleetway in 1946.

Ford profited when buyers suddenly realized that surplus craft set out to rust and oxidize after World War II were valuable properties. Two of his men even hand-reconditioned a B-25 a North Dakota farmer had been using for a chicken coop. It later sold for \$10,000.

"We still deliver a few old clunkers," said Ford, "but we've been getting more and more new plane contracts."

Ford piloted a new DeHavilland Otter single-engine plane, which Fleetway leap-frogged from field to field around the subarctic rim of the North Atlantic between Canada and Scotland. The little plane, one of few one-engine jobs ferried across the ocean made the trip in 68 hours.

"It could have taken weeks by boat," Ford said. "A plane has to be coated with preservatives, crat-

## Suited Him, But Wife Objected

DALLAS, Tex. (AP)—A divorce-seeking husband wore the evidence to court. He told District Judge Dallas A. Blankenship a fight started because his wife didn't like the suit he was wearing.

The judge studied the suit — pink coat, pink vest and pink slacks, with pink shirt and pink handkerchief as accessories. Then he granted the divorce.

## Impartial Judge Talked It Over

BALTIMORE (AP) — Judge John B. Gontrom cautioned members of the grand jury to be completely impartial.

To illustrate, the judge recalled an incident when, as a young lawyer, he rested a case. The presiding judge said he would give the verdict the next day "because I'll have to talk it over first with Ma and the girls."

## Rank Confusion Before Court

CONCORD, N.C. (AP)—A civil claim was thrown out of court here by Judge W.H.S. Burgwyn, because "No 12 men on this earth can understand the various charges, claims and counter claims in this suit (covering a 30-year charge account) in the limited time of a session of the Superior Court."

"And this includes this presiding judge," he added.

## Watching Stars While TV Idle

LINDEN, N.J. (AP)—Leo Kuhn believes in doing it yourself. Kuhn, who runs the stockroom at a research center, didn't have the \$700 for the type of telescope his astronomy-minded son, Jeff, wanted. So he made one with an outlay of \$61.50.

Now the family TV set is gathering dust while the Kuhns watch the show in the heavens.

There are enough autos in the United States to carry every person in the country with all the rear seats empty.

## NOTICE OF SALE OF LAND NORTH CAROLINA PITT COUNTY

Acting under authority of an order of the Superior Court of Pitt County, made in that certain action entitled, "Lydia J. King, et al. vs. J. T. May, et al.," appearing of record in the office of the Clerk of the Superior Court in Judgment Docket Book No. 39 at page 276, and of the indebtedness thereby secured under and by virtue of the power of sale contained in a certain deed of trust executed by Lydia J. King and Mittie King to F. M. Wooten Jr., Trustee, dated the 7th day of January, 1946, and recorded in Book F-24, page 581, in the office of the Register of Deeds of Pitt County, North Carolina, default having been made in the payment of the indebtedness thereby secured and the conditions of the said order and judgment of the Court not having been complied with; and under and by virtue of the power of sale contained in a certain deed of trust executed by Lydia J. King and Mittie King to John B. Lewis, Trustee, dated the 10th day of March, 1943, and recorded in Book W-23, page 654, in the office of the Register of Deeds of Pitt County, default having been made in the payment of the indebtedness thereby secured and the said deed of trust being by the terms thereof subject to foreclosure, and the holder of the indebtedness thereby secured, being also the holder of the indebtedness and owner of the judgment, of record in Book No. 39, page 276, referred to above, having demanded a foreclosure thereof; and whereas Jack Edwards was made substitute Trustee by an instrument of writing dated the 6th day of June, 1950, and recorded in Book Q-25, page 296, in the office of said Register of Deeds, and an action against said substituted trustee and others was instituted on November 24, 1953, as appears in Judgment Docket, Book 40, at page 140, in the said Clerk's office, and now the said substituted trustee joins in this notice for the purpose of satisfying said indebtedness; now therefore the undersigned Trustee will offer for sale at public auction and will sell to the highest bidder for cash at the Court House door in Greenville, Pitt County, North Carolina, on Monday the 28th day of February, 1955, at 12:00 o'clock noon, the following described lands, to-wit:

FIRST TRACT: That certain tract or parcel of land lying and being in Chicod Township, Pitt County, N. C., being the Chaney W. King Homeplace devised by the will of Chaney W. King to Lydia J. King and Mittie King, containing twenty-five (25) acres, more or less, and being further known as the R. N. Williams land, and being the identical parcel of real estate conveyed to Chaney W. King by that certain deed of record in the office of the Register of Deeds of Pitt County in Book V-11, at page 226.

SECOND TRACT, PARCEL A: That certain tract or parcel of land situate and being in Chicod Township, Pitt County, N. C., beginning at a stake pointed by gums and small pines in a back corner of the Drainage Company in H. H. Proctor's line and runs with said Proctor line S. 84 E. 180 poles to a stake pointed by small pines; thence with another said Proctor line S. 31 W. 169 poles to a stake pointed by a large pine, said Proctor corner; thence with a new line N. 84 W. 45 poles to a stake with pointers in the burnt pocuson and in the above mentioned Drainage Company lines; thence with their lines W. 16 E. 330 poles to the BEGINNING, containing 100 acres, more or less, and being the same tract conveyed to Chaney W. King by J. D. Cox and wife, Addie Cox; and B. T. Cox and wife, Mary V. Cox, by that certain deed dated January 8, 1927 and duly recorded in the office of the said Register of Deeds, in Book 2-18, at page 427.

SECOND TRACT, PARCEL B: That certain tract or parcel of land situate and being in Chicod Township, Pitt County, N. C., BEGINNING at an iron stake on the South side of the old Path leading from Sutton Road to an old hog lot and in the Kinston Drainage Company line and runs with said line N. 18 E. 137 poles to Chaney King's corner in said Chaney King line; thence with said Chaney King and the Barrington line S. 84 E. 270 poles Kinston Drainage Company line and runs with said line N. 18 E. 137 poles to Chaney King's corner in said

Company line; thence with said Chaney King and the Barrington line S. 84 E. 270 poles to a stake in the old John Gray Blount line; thence with that line S. 60 W. 235 poles to the second corner of the said grant for 640 acres, the said grant lying in and on the Great Opening, at a stake with small pines as pointers; thence N. 80 1-4 W. 113 poles to the beginning, containing 170 acres, more or less, and being the same tract or parcel of land conveyed to Windson King and Chaney King as tenants by entirety, by J. D. Cox and wife, Addie Cox; B. T. Cox and wife, Mary V. Cox, by that certain deed dated December 13, 1928, and duly registered in the said office of the Register of Deeds, in Book E-17, at page 362.

Parcels A and B being the same parcels of real estate conveyed to Lydia J. King by S. B. Underwood Jr., Commissioner, by that certain deed dated December 15, 1942, and duly of record in the office of the Register of Deeds of Pitt County.

The highest bidder will be required to deposit ten per cent of bid on day of sale, pending confirmation of sale.

This the 27th day of January, 1955.

F. M. WOOTEN JR., Trustee  
Feb. 3-10-17-24  
Jack Edwards, Atty.

## Middlecoff And Littler Favorites In Houston Tourney; Field Of 155

HOUSTON, Tex. (AP)—Cary Middlecoff and Gene Littler were the favorites today as 155 golfers began a 72-hole chase for the winter tour's biggest prize, \$6,000 in top money in the \$30,000 Houston Open. Middlecoff's habit of playing good golf in Houston made him a natural in the favorite's role. He held only a narrow edge, however, over Littler, the young Californian who is playing the sprawling 7,200-yard, par-72 Memorial Park course for the first time.

Other long drivers who were expected to use the long, wide fairways to advantage included Tommy Bolt, the winner at San Diego and Tucson, and Big Mike Souchak, the new Texas Open champion. Then there were such name players as Marty Furgol, the 1951 Houston champion who had a final warmup 66 yesterday, and National Open titlist Ed Furgol, who had a 67.

The only name players missing were Sam Snead, Ben Hogan, Lew Worsham and Bob Toski. Middlecoff appeared pleased with a 4-under 68 in his final practice round. The Memphis dentist, winner of the Bing Crosby Invitational, won the Houston tournament in 1950 and took a five-way playoff in 1953. He was runner-up by one stroke to Johnny Palmer in 1949 and by two strokes last year to Dave Douglas.

## Babe Zaharias Dubious Starter; Confined To Bed

SARASOTA, Fla. (AP)—Babe Zaharias, the defending titlist, was a doubtful starter today in the annual Sarasota Women's Open Golf Tournament.

The Babe, who won the Sarasota title in 1953, was confined to bed at her Tampa home with a virus attack. She informed tournament officials she would try to make it. The tournament is to be played on the 6,277-yard Bobby Jones course with a par of 75.

It's hard to pick out a favorite, with the defending circuit tournament winners are here. These are Fay Crocker of Montevideo, Uruguay, who won the recent Miami Beach Invitational; Patty Berg, Chicago, who won the St. Petersburg Open and Mrs. Jackie Pung, Honolulu, the Sea Island Open. Mrs. Zaharias won the Tampa Open.

Among the top amateurs to play in the 72-hole contest which ends Sunday are Pat Lesser of Seattle; Marjorie Burns of Greensboro, N.C.; Willy Smith of La Canada, Calif., and Jean Hopkins of Cleveland.

The tournament also will decide the four places for the annual Ladies Professional Golfers Assn. round robin to be played this spring. Miss Crocker leads LPGA members for the spots with an average of 77.15 strokes per round. Most of the topflight pros automatically qualify for the round robin because they have won major tournaments.

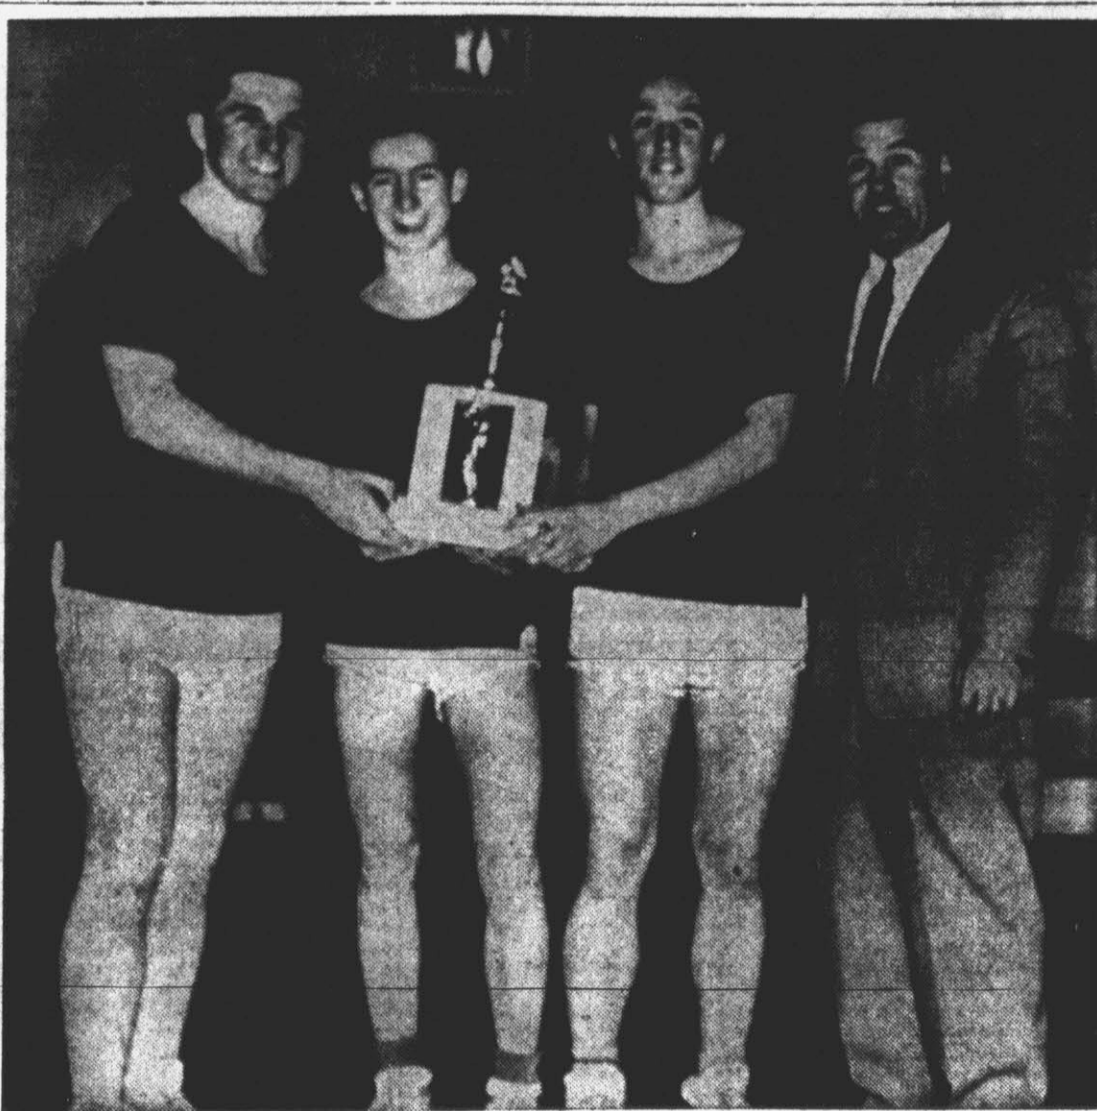

## 'Preacher' Roe Hangs Up Gloves For Last Time

BALTIMORE (AP)—Ewain Charles (Preacher) Roe, the colorful south-paw pitcher from Ash Flat, Ark., who compiled a .600 winning percentage in the big league, has announced his retirement from baseball.

Reached by the Associated Press early this morning at his present home in West Plains, Mo., the veteran hurler confirmed a report that he was quitting.

Roe was purchased by the Baltimore Orioles last December from the Brooklyn Dodgers. The Orioles gave up \$70,000 and two minor league players for Roe and third baseman Billy Cox.

The Baltimore Sun reported Roe's not entirely unexpected retirement yesterday. "This is no spur of the moment decision," the Sun quoted Roe. "I kept telling them all last summer at Brooklyn that it was my last year. And then after the season I told them I wasn't going to play any more."

TO THE VICTORS . . . goes the trophy

## Three Games Tonight Open Northeastern Tournament

Three games open the slate tonight in the annual Northeastern Athletic Conference AA tournament, the feature event of the evening. Greenville Phantoms sitting out the first round with a bye.

The tournament goes through three days of play with the semifinals rounds tomorrow night and the finals and consolation games on Saturday night. All games will be played in East Carolina College Memorial gym with plenty of tickets remaining on sale.

**Bears Vs. Yellow Jackets**  
The program is started tonight at 6:30 when the New Bern Bears and the Elizabeth City Yellow Jackets tangle. The winner of this game has the right to play the Greenville Phantoms on Friday night.

The New Bern-EC game should prove to be one of the most interesting games of the evening. New Bern finished the season in fourth place and Elizabeth City was fifth. New Bern is given a slight advantage on their superior height and in Durwood Hancock, the con-

By The Associated Press  
MIAMI BEACH, Fla. — Hector Constance, 149 Trinidad, outpointed Kid Gavilan 154½, Havana, 10.  
SPOKANE, Wash.—Jimmy Martinez, 157½, Phoenix, outpointed Bobby Jones, 156½, Oakland, Calif. 10.

KLAMATH FALLS, Ore. — Jimmy Grow 134, Boise, Idaho, knocked out Teddy Hall, 133, Seattle, 8.

HAMILTON, Bermuda — Yova Kid, 175, Havana, outpointed Herman Harris, 172, Asheville, N.C., 10.

ference's second leading individual scorer.

**Kinston-Roanoke Rapids**  
The second game of the night is the feature event of the evening. Kinston, the number two team in the conference, will be playing the only winless team in the loop this year. Kinston downed Roanoke easily this year in both contests. Kinston has two all-tournament

## Pirates Playing High Point Five

LEXINGTON, N. C. (AP)—East Carolina, the No. 3 team, meets High Point in the first game and Lenoir Rhyne meets Appalachian in the nightcap of tonight's doubleheader in the North State Conference Basketball Tournament here.

Lenoir Rhyne had a 14-2 conference mark took top honors. Last night in the 12th annual run Elon defeated Guilford, 102-60, and Atlantic Christian beat Catawba, 83-62, in the opening games.

Elon set a new tournament team scoring record, bettering the old one set last year by ACC against Catawba.

Ed Juratic led Elon's scoring with 35 points. ACC and Catawba had a nip-and-tuck first half which gave the Bulldogs a 36-31 advantage. But in the second half, Bill Wigdon poured in 24 points and John Marley, 22, to put ACC out front.

Catawba's best effort was from Bill Cline, a 6-4 freshman, with 15. Guilford was hampered because Bill Atkins, top scorer, was limited in playing due to an injured ankle.

## Bethel Slipped By In Closing Seconds

By WAYNE BISHOP  
Reflector Sports Writer  
Farmville's girls and the Bethel boys came through in the clutch last night as they won the championships for the Pitt County Conference tourney. Farmville used a fine last half effort and a well-rounded scoring punch to whip the Winterville girls 63-51, while the Bethel boys held off a last ditch Stokes-Pactolus rally to eke out a slim 57-56 win in a thriller.

The boys game was a fitting climax to a fine tourney as the lead changed hands several times in the last few seconds before the Bethel squad got the final verdict. The winning goal came on a long one-hander by R. Taylor with 38 seconds to go. Stokes then held possession of the ball until the last 11 seconds when they tried a shot that missed and Bethel had the ball and the game wrapped up.

Brian Latham had 22 points for Bethel and high scoring honors for the night. Taylor hit 14 points for Bethel also. Doug James led the Stokes scoring with 19 points and Perkins had 12.

**Stokes Rallies**  
Bethel moved into a quick 8-2 lead but the Stokes squad came back to get into contention of the game. The Bethel squad had a 16-14 lead after the first quarter, then moved on to a 34-24 advantage at halftime with Latham leading the way.

Soon after the intermission Stokes got hot and tied the game up at 38-38, displaying the best shooting performance of the tourney. The Stokes squad gradually forged ahead and held a 43-41 advantage after the third period. In the final quarter Coach Latham's charges from Bethel just had too much and came through with the clutch points.

**Girls Game**  
In the girls game Jewel Gardner, Jane Joyner, and Sue Flanagan put on a brilliant show of teamwork and all-around scoring strength as they outscored the Winterville lassies. Gardner wound up with 30 points while Joyner got 21 to lead the Farmville scoring. Jean Little poured in 34 points to pace the Winterville scoring. Little wound up with high scoring honors for the tournament, firing in 122 points in three games for an average of 40.7 per game. Gardner had 91 for a 30.3 average.

Farmville moved out front in the first quarter at 15-10 and Winterville never could quite catch up after that although they came close on several occasions. Farmville had a slim 26-23 halftime edge but moved away in the third period and stayed seven points ahead most

of the rest of the way. All-County Team  
After the games, county school superintendent Don Conley gave the awards and medals. The championship trophies of course went to the Farmville girls and Bethel boys. Runners-up trophies went to the two losers. Griffon's girls and Chiodi's boys won the sportsmanship trophies for the year. Individual medals were given to the members of the championship teams and runners-up.

The all-county team was announced by Mr. Conley. On the team were girls: Mary Jo Wynn, Bethel; Jean Little, Winterville; Fatsy Mills, Chiodi; Dawn Smith, Griffon; Jane Bullock, Stokes; Sue Flanagan, Farmville; Jennie Whitehurst, Bethel; Betty Nobles, Winterville; Nan Williams, Farmville; Florence Harold, Belvoir; Frances Meeks, Stokes; and Ann Reddick, Bethel.

The all-county boys team had Doug James, Stokes; S. W. Heath, Grimesland; Bill Farris, Farmville; Worth Craft, Griffon; Gene Tripp, Winterville; Doug Worthington, Ayden; Bryan Latham, Bethel; Jack Sawyer, Winterville; Doug Parker, Belvoir; and Graydon Tripp, Winterville.

The boxes for the games:  
**Girls Game**  
Farmville (63) Winterville (51)  
Flanagan 12 J. Little 34  
Gardner 30 Evans 2  
Joyner 21 Corey 10  
Williams 14 Castelle 8  
Oakley Jones 6  
Little Nobles 6

**Score by quarters:**  
Farmville . . . . . 15 16 19 18-63  
Winterville . . . . . 10 13 13 15-61

ADVICE FROM EXPERTS: — John Malangone, 22, rookie catcher from New York City, gets some catching tips at the New York Yankee's rookie school in St. Petersburg, Fla., from two catching greats, Mickey Cochrane, left, and Bill Dickey, right. Eight years ago, at the age of 14, Malangone walked into Yankee Stadium in New York, glove in hand, and asked for a tryout. Now he's getting it for sure after 2 years in the Army. Both Dickey and Cochrane are in baseball's Hall of Fame. (AP Wirephoto).

# Gavilan Disagrees With Verdict Of Officials

MIAMI BEACH, Fla. (AP) — Kid Gavilan's defeat by Hector Constance hasn't convinced the once-mighty Cuban that he's too far over the hill to fight his way back to the welterweight throne.

Constance, a smart, quick youngster from Trinidad, beat Gavilan to the punch often enough last night to score a unanimous decision over the former champion before a national television audience.

Badly upset by the loss, Gavilan told reporters the decision was as "funny" as the one against him last Oct. 20 in Philadelphia, when he lost the title to Johnny Saxton.

This time, though, there weren't so many on the Kid's side. Of the 13 working newsmen at the ring-side, seven voted Constance the winner. Five thought Gavilan won and the other called it a draw.

Yamil Chade, a Cuban banker who became Gavilan's manager recently, said the decision was "very bad" and would be appealed to the Miami Beach Boxing Commission and the National Boxing Assn.

Judge Gus Jacobson scored the fight 97-95 for Constance. Judge Morris Feingold had it 99-97 and Referee Cy Gottfried 96-95. The Associated Press gave Constance a 97-96 edge.

Gavilan 29, said the loss had not affected his hopes of regaining the championship.

"Sure, I keep on fighting," he said. "I think I have another fight next month in New York. This funny decision not going to stop the Kid. I win every round tonight."

The 24-year-old Constance, who became a pro fighter in 1951—about the time Gavilan was winning the welterweight crown from Johnny Bratton in New York—grinned when he heard of Gavilan's comment.

"The people on television all saw me win," he said. "Gavilan wasn't as tough as I expected him to be." Gavilan weighed 154½, Constance 149.

## Second Round Slated For Tourney Tonight

FARMVILLE — Second round of the Pitt County Basketball Tournament will get underway tonight when the Pitt County Training School and Bethel boys' teams clash in the opening game of the evening.

In the second game Suggs High girls will play the Bethel girls.

First round of the tournament was played Monday night with Winterville girls defeating Ayden girls 30-26, Bethel boys winning over Suggs High boys 44-33, and Bethel girls defeating Pitt County Training School girls 30-19.

In the first game of that night Ayden girls controlled the board during the first half of play and led Winterville at the intermission 20-15. In the third quarter the Eppes Quint Has Its Last Home Game On Friday

Eppes' Bull dogs will play Williston High, of Wilmington, in the last home game of the season Friday night. Eppes, beaten in its last encounter, with Beaufort by 6 points, hopes to return to the winning column against Williston.

Veterans Brewington and Armfield will probably be starting forwards with Rasbury likely for center position. Two of the season's fastest guards, Streeter and Outerbridge, will control the backboards.

The scrappy Eppes Junior Varsity will be playing a formidable Williston Jayvee team in the opening attraction for the evening.

The Eastern Golden Gloves championships will be held in Madison Square Garden on March 9.

### Wolfpack Plays Tigers In Opener

By THE ASSOCIATED PRESS

Defending champions North Carolina State will meet Clemson in the first game of a night double-header on their home court, at Reynolds Coliseum in Raleigh next Thursday as the second annual Atlantic Coast Conference basketball tournament gets underway.

Conference rules makes pairings automatic. The team finishing first (State) plays the No. 8 team (Clemson) in the first round and No. 4 meets No. 5.

Friday night North Carolina (8-5) plays Duke at Durham and Wake Forest plays South Carolina Friday and Clemson Saturday. Wake's record is 6-6. A North Carolina loss and two Wake Forest victories would tie the teams for fourth place. Any other combination would leave North Carolina alone in fourth and Wake Forest fifth. Since the No. 4 team meets No. 5 the outcome of their remaining games will not affect the first round tourney pairing.

Team No. 3 meets No. 6 and No. 2 plays No. 7 in the afternoon games—but that's unsettled.

Duke (10-3) is second and Maryland (10-4) is third, but if North Carolina beats Duke, a draw will be required to determine the placings.

Tonight Maryland plays out of conference Georgetown, as Clemson, also in a non-family game, plays Furman.

# GRAND OPENING!

### Cases Heard In City Police Court

By CHESTER WALSH  
 In Police Court Wednesday, Judge Charles H. Whedbee disposed of 19 cases, 17 of them involving motor vehicle and traffic law violations and two cases were for being drunk and resisting an officer in the performance of his duty.

Thomas J. Cox, Route 3, Greenville, careless and reckless driving, fined \$50, costs deducted, and he is not to operate a motor vehicle for 30 days. The court continued prayer for judgment on payment of costs on the charge of not having an operator's license. Cox was found not guilty of driving after his operator's license had been revoked.

The court found Max Pollard, Route 1, Tarboro, not guilty of speeding and careless and reckless driving.

David L. Crain, 106 Sylvan Drive, no operator's license, continued on payment of costs and he is not to operate a motor vehicle without an operator's license. The court found Crain not guilty of careless and reckless driving.

Elm Roy Carmon, Negro, 1218 Davenport Street, paid costs for resisting arrest and \$10 for being drunk and disorderly.

Walter A. Beavans, Roanoke Rapids, failure to stop at a stop sign, prayer for judgment continued on payment of costs. This case was retained for further order.

Alma W. Reese, Negro, Route 1, Greenville, was found not guilty of failure to stop at a stop sign.

Speeding: Samuel F. Atkinson, Negro, 225 Boyd Avenue, prayer for judgment continued on payment of costs, and he is not to operate a motor vehicle for seven days. Joseph B. Bass, 2700 Sunset Drive, \$15; Paul R. Corcoran, Camp Lejeune, \$815; Albert L. Griffin, Cherry Point, \$25, costs deducted; Richard E. Greene, Cherry Point, \$20, costs deducted, and George A. James, Bethel, Route 2, \$15.

### Housework Easy Without Nagging Backache

Nagging backache, loss of pep and energy, headaches and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 16 million of kidney tubes and filters flush out waste. Get Doan's Pills today!

SUNSET SAILING ON THE ZEE—Iceboats skim over frozen Gouweze illuminated by setting sun. Gouweze is part of IJsselmeer in The Netherlands formerly the Zuider Zee.

### Music Training School In Kinston

All Pitt County residents interested in music are invited to attend the Music Training School to be held in Kinston March 1.

The school, which will be conducted in the Agricultural Building, is sponsored by the North Carolina Public School Music Department. This is the second year it has been held in this area for five counties, Pitt, Lenoir, Greene, Wayne and Wilson.

The local Home Demonstration office has mailed letters to members of its County Chorus, Home Demonstration club presidents and music leaders, and members of the city and county Ministerial associations extending an invitation to attend the school.

The session, which will begin at 10:30 a.m. and last until 3:30 p.m., will be conducted by Dr. Arnold Hoffman, state director of music, and his assistants.

**REAL GEORGE!**  
 ASBURY PARK, N. J. (AP)—Mrs. Ernest Washington's son was born Feb. 22. She said today she has had no trouble picking out a name: George.

**PROTEST PARADE**

Greenville, N. C.

### N. C. Praised For Policy In Getting New Industry

RALEIGH — North Carolina's policy of not offering the moon with a fence around it—to attract industry is paying off.

That's the word from Oliver Greenway of Philadelphia, executive vice president of International Rectifiers, a major electronic manufacturer which has put plants at Asheville and Boone within the last two years.

Greenway spoke briefly at a joint meeting of the House and Senate committees on conservation and development as the guest of Ben Douglas, C&D director, who described the visitors as "the best North Carolinians living in Philadelphia."

Greenway said he canvassed most of the continental United States in

searching for new plant sites. "Your department here (C&D) has done a better job than any other state I've contacted in efforts to develop your State," he said. "I've been unimpressed by states that offer free taxes and all the other things they want to give you for nothing. We're not looking for that. We are impressed with the businesslike, forthright attitude and approach taken by North Carolina. And your advertising has been honest."

He quoted Bill Guthrie, industrial development engineer for C&D, as telling him when inviting Greenway's firm to locate plants in North Carolina: "we don't have much to offer you for nothing, but we can offer you good climate, labor, water and transportation." And that, said

Greenway, was just what he wanted. "Everything we've hoped for and expected in North Carolina has come to realization," he said, "and most things have far exceeded our expectations. We like it so much here that we are constantly carrying the word about our State to other people in the electronics industry. We are continually being asked why we went to North Carolina, and we're glad to tell these other industries how well we like it here."

**STUDY OF MEANS**  
 WASHINGTON (AP)—Sen. Bennett (R-Utah) has introduced a bill that would set up an 18-member commission to study ways of defending the country against atomic attack.

Although Panama has steaming jungles on the Atlantic side, the part of the country on the Pacific side is dry and open.

### Princess Hailed 'Royal Success'

PORT ANTONIO, Jamaica (AP)—Tanned by the Caribbean sun and hailed by her hosts as a royal success, Princess Margaret today reached the end of her visit to Jamaica.

She was scheduled to sail aboard the royal yacht Britannia for the Bahamas her last stop before flying home next Wednesday. She began her tour of British possessions in the Caribbean 3 1/2 weeks ago.

After shooting the rapids of the Rio Grande River on a raft yesterday, Margaret attended a festive beach party. Among the guests were Adlai Stevenson, Democratic candidate for U.S. president in 1952 who is vacationing in Jamaica, and playwright Noel Coward.

In the second game, North Carolina will meet Wake Forest.

PUBLIC NOTICE

NOTICE OF PUBLIC HEARING UPON THE QUESTION OF EXTENDING THE CORPORATE LIMITS OF THE CITY OF GREENVILLE BY ANNEXING A CONTIGUOUS TRACT OF LAND THEREON

The owners of all the property hereinafter described, the same being contiguous to the City of Greenville, having filed a petition requesting the City Council of the City of Greenville to annex said property to the City pursuant to Article 36 of Chapter 160 of the General Statutes of North Carolina, public notice is hereby given that the City Council will on the 10th day of March, 1955, at 9:00 o'clock p.m., EST, at the council room in City Hall, Greenville, N. C., hold a public hearing on the question of the adoption of an ordinance extending the corporate limits of the City of Greenville so as to include the following land:

BEGINNING at a point in the present City boundary line, said point being at the intersection of the southern edge of a "proposed" road from N. C. Highway No. 11 to Evans Street, or the existing Arthur Street, if extended, and the western right-of-way line of the A. C. L. Railroad, and thence with the western right-of-way line of the A. C. L. Railroad in a southerly direction 375 feet, more or less, to a stake; thence in an easterly direction and parallel with Arthur Street to the eastern line of Greene Street, if extended; thence in a northerly direction and with the eastern line of Greene Street, if extended, to the south-east intersection of Arthur and Greene Streets, a point in the present City boundary line; thence with the southern line of Arthur Street and the present City boundary line in a westerly direction to the point of the BEGINNING.

All citizens of the City of Greenville and other interested persons are requested to be present and will be given an opportunity to be heard. By order of the City Council. H. H. DUNGAN, City Clerk R. B. Lee, City Atty. Feb. 10-17-24 Mar. 3

# Stock And Market Reports

**NEW YORK (AP)**—The stock market eased quietly today but most declines in the early afternoon were fractions.

There was some scattered demand for medium and low priced issues. But all major sections of the market—steels, motors, oils, utilities and railroads—favored the minus column.

The market opened higher and for a brief period the ticker tape could not keep up with the many transactions, mostly at improved prices. But after the tape cleared, trading slowed and most stocks edged downward.

The Bank of England raised its bank discount rate for the second time within a month, this time a full percentage point from 3% to 4% per cent. The action unsettled the London stock market and most U. S. brokerage houses attributed the "Big Board" decline to a sympathetic movement.

Lower stocks included Bethlehem Steel, Bullard Co., General Motors, Goodrich, Boeing, Radio Corp., American Telephone, Kennecott Copper, General Electric, New York Central, Union Pacific, Standard Oil (NJ) and Eastern Air Lines.

Inspiration Consolidated Copper was strong on a raised dividend.

# Heart Fund Nets Over \$1,000 To Date In Campaign

A total of \$830.98 in Greenville and \$232 in Ayden has been collected thus far in the Pitt County Heart Fund drive which was held Sunday.

County chairman Mrs. C. W. Howard, Jr. reports the total collection figures are not yet complete.

"So many people were not at home Sunday because of the fine weather, that we did not have enough 'not at home' envelopes to leave for mailing in contributions," she said. She urges anyone who desires now to contribute to the heart fund to send the contribution to the Pitt County Heart Association, Greenville.

This is the first time the drive has been held in this city, and Mrs. Howard termed the response "excellent. We feel the drive was very successful," she declared, "especially since this was only house to house solicitation."

No rural districts were solicited but Mrs. Howard urges any rural residents interested to send their contributions to the Pitt County Heart Association.

The chairman expressed her appreciation to everyone who participated in the drive, thanking particularly Mrs. E. E. Rawl, Jr. and Mrs. Wiley Forbes, co-chairmen of the city drive; Mrs. J. B. Kittrell, Jr., publicity chairman; Mrs. Harry Stillman, Ayden chairman; and Tom Forman chairman of solicitation for the colored district of the city. C. W. Howard, Jr. served as treasurer for the campaign.

# Will Dedicate 2 Buildings On E C C Founders Day, March 8

East Carolina College will celebrate Founders Day this year on Tuesday, March 8, by dedicating two recently completed buildings named in honor of former state officials.

Members of the North Carolina General Assembly will be guests on the campus during the afternoon and evening. While at East Carolina, they will attend the dedication ceremonies and participate in a series of events planned for their entertainment.

President John D. Messick of the college has announced the program for Founders Day. The anniversary of the establishment of the college in 1907 will focus attention on the James Yacklin Joyner Library and

# Found Guilty Of Pistol Slaying

**MORGANTON, N.C. (AP)**—A 24-year-old Glen Alpine man was convicted here yesterday of second degree murder for shooting his brother-in-law last Nov. 21.

Burke Superior Court Judge J. C. Rudisill was expected to pass sentence today.

Lawrence Biggerstaff was convicted of pistol slaying Amos Adrain Clontz, 29, also of Glen Alpine, at Biggerstaff's place of business near here.

Mrs. Clontz, widow of the slain man, testified the shooting resulted from an argument over Biggerstaff's 18-year-old wife. There had been no previous trouble between the victim and slayer she said.

# Forty Years For Beating Child

**CORONA, Calif. (AP)**—For administering severe and repeated beatings to her 10-year-old daughter, Mrs. Trinidad Vera has been sentenced to 40 years in prison.

The 30-year-old mother's child cells was permanently maimed. Superior Judge Mildred Little said the girl had been subjected to "hideous and terrible brutality."

The Board of Trustees of the California Institution for Women yesterday ordered that sentences on six counts of assault and mayhem are to run consecutively.

# Brought His Gun To Make A Point

**LOS ANGELES (AP)**—Three years ago Bernard Schwartz bought a pair of shoes. They began hurting his feet.

He said the store where he purchased them refused to take them back. Small Claims Court also rejected his case. His feet still hurt.

Yesterday, police said, he returned to the shoe store, fired six wild shots from a gun. Nobody was hurt.

But 73-year-old Schwartz was booked on suspicion of assault with a deadly weapon.

# Flanagan Named Ass'n Secretary

**DURHAM (AP)**—Curtis H. Flanagan, assistant fire chief at Farmville, is the new secretary of the North Carolina State Firemen's Assn.

His appointment by the organization's executive committee was announced today by Fire Chief Cemo Cox of Durham, the association's president.

Flanagan succeeds Fire Chief Charles L. Miller of Concord, effective April 1.

# Will Dedicate 2 Buildings On E C C Founders Day, March 8

Clyde Atkinson Erwin Hall. Both Dr. Joyner and Dr. Erwin served North Carolina in the position of state superintendent of public instruction.

Dr. Lewis Quincy Mumford, Librarian of Congress and a native of Ayden, will make the principal address at the dedication ceremony, which is scheduled for 7:15 p.m. in the Wright auditorium. The program will be open to the public.

Dr. Charles L. Carroll, state superintendent of public instruction and chairman of the East Carolina College Board of Trustees, will dedicate the two buildings. Dr. Messick will accept them for the college.

A portrait of Dr. Joyner will be presented during the exercises by his son, the Hon. William T. Joy-

# Predicts Sweet Potato Price Decline In 1955

An Extension Marketing specialist told Pitt County sweet potato farmers in a county-wide meeting yesterday afternoon that sweet potato production is expected to increase and prices decline in 1955.

George Abshir, who was one of three specialists who spoke at the meeting, outlined the general outlook for sweet potato production in the American economy for the present year.

Mary Covington, Extension Horticulture specialist, traced the total production picture, including sweet potato planting, fertilization, cultivation, grading, and marketing.

Howard Garriss, Extension pathologist, declared that sweet potato diseases can be controlled by proper seed selection and treatment. He emphasized that scurf and black rot can be wiped out because they are strictly underground diseases, involving the roots of the plant. In transferring plants from the planting bed to the field, plants should be cut off at the top of the ground and not pulled up by the roots, he noted.

The pathologist also recommended a seed treatment for the planting bed that would be effective in controlling scurf and black rot. Sweet potato seed, he explained, should be dipped in a solution using one pound of "Semasan Bel" mixed with seven and a half gallons of water.

County Farm Agent Sam Winchester asserted that the meeting was a very successful one.

# Devoured Glass To Impress Jury

**LOS ANGELES (AP)**—Atty. Raymond G. Stanbury had to eat a glass sandwich to win his case in court.

Stanbury represents actress Esther Williams and her husband, Ben Gage, who operate a restaurant where Ward E. Willcutt claims he was served ice cream containing glass particles. He asks \$51,239 damages, claiming the glass injured him internally.

Stanbury, demonstrating for the jury yesterday, smashed a piece of glass, put the pieces between slices of bread and ate the sandwich to prove the glass wouldn't hurt him. The impressed jury voted in favor of his clients.

# Mystery Writer Enters Hospital

**LA JOLLA, Calif. (AP)**—Mystery novelist Raymond Chandler—creator of private eye Philip Marlowe—is under observation in the psychopathic ward of San Diego County Hospital.

The 66-year-old writer was taken there after police found him sitting on the floor in the shower bath of his home Tuesday with a revolver in his lap.

Police Capt. Bruce Weston said Chandler had fired two bullets into the ceiling after calling police and saying he intended to shoot himself. Weston said Chandler had been despondent since his wife's death in December.

# Colored News

The World Day of Prayer will be observed Friday from 12 noon until 1:30 p.m., sponsored by the Ministerial Alliance, at York Memorial A. M. Zion Church. Rev. O. James Rooks will bring the message. The public is invited.

The Celebrity Social Club met at the home of Miss Connie Langley last Sunday. Dinner was served by candlelight, then pictures were made. The next meeting will be held Thursday at the home of Mrs. Esther Mae Woolard, W. 14th St., at 8 o'clock.

# Will Dedicate 2 Buildings On E C C Founders Day, March 8

Dr. Wallace I. Wolverton, Rector of St. Paul's Episcopal Church in Greenville, will make the dedicatory prayer and pronounce the benediction.

Selections by the East Carolina Orchestra and the East Carolina Choir, appearing under the direction of Dr. Kenneth N. Cuthbert of the department of music, will be included on the evening's program. Mrs. Gladys White and Dr. Elwood Keister will appear as soloists and will be accompanied by George E. Perry, pianist.

Members of the General Assembly are expected to arrive on the campus at four o'clock in the afternoon. A tour of the campus, a recital of organ music, an informal reception at the home of President and Mrs. Messick, and a dinner in the North Dining Hall are being planned in their honor.

# Predicts Sweet Potato Price Decline In 1955

The Budget Shop, 517 Dickinson avenue, carrying a complete line of ladies' and children's ready-to-wear, will have its formal opening Friday morning at 11 o'clock. The public is invited.

H.M. Fulcher of Robersonville, owner of the Budget Shop, who has had 20 years' experience in the department store field, also operates a similar store in Robersonville. The Budget Shop is modern and has all conveniences, including air-conditioning.

Fulcher's experience in retail merchandising includes being manager for well-known chain stores in Durham, Winston-Salem and Richmond. He is active in community affairs in his home town of Robersonville. He is vice-president of the Chamber of Commerce, teacher of a men's Bible class in the First Baptist Church there, member of the Robersonville Rotary Club, and a Mason and Shriner.

# Firm Has Formal Opening Friday

Continued from page four

That question has been batted around ever since the budget system was inaugurated 30 years ago but has never been taken to court. One reason may be that the constitution says that the Legislature shall prescribe the duties of the elective officers. If those prescribed duties include co-operation with the budget bureau there would seem no constitutional violation.

Despite the protest of Auditor Bridges, which is the only open opposition noted by any officer or agency to the re-organization program, the bills are expected to be approved by the committees and enacted by the Legislature. Just one thing bothers some of the Legislators: There is growing fear that the budget bureau may be getting a little bit too big for its britches, and that continued grants of extended authority tend toward dictatorship.

# Funeral Set Friday For Eddie Monk Page

**KINSTON—Eddie Monk Page, 39, died of a heart attack at the home of his brother, Wayne Page, 604 West Blount street, Thursday at 6:30 a.m.**

Funeral services will be held at 8 p.m. Burial will be in the Casper family cemetery in Jones county.

He was a son of the late Tom and Zeddie Page of Jones county. He was a member of the Free Will Baptist Church in Jones county. Surviving are a son, Tommy Page of Kinston; three sisters, Mrs. Annie Smith of Tarboro, Mrs. E. W. Corley of New Bern and Mrs. Willie Lee of Kinston, and four brothers, M. P. Page of Greenville, Cary Page of New Bern, Wayne and Woodley Page of Kinston.

**By MRS. ROBERT WEEKS**

Mrs. J. D. Hemingway and Mr. and Mrs. John D. Hemingway and daughter, Jackie Lee, of Robersonville were the week end guests of the former Mrs. Hemingway's parents, Mr. and Mrs. E. F. McCoy in Sumter, S. C.

Mrs. Burley Bullock returned the middle of the week after spending about ten days with her sister, Mrs. Alvin Hornsby, and Mr. Hornsby in Tampa, Florida.

Mrs. George Watson spent from Tuesday until Sunday with her sister, Mrs. Margaret Beaufort, in Raleigh. Mr. and Mrs. Heber Cannon and daughter, Sue Ellen were there for the week end and Mrs. Watson returned home with them.

Dr. Jack O. Carson of Spring Hope was home on Thursday visiting his mother, Mrs. D. C. Carson, in Tampa, Florida.

Mr. Joe Bowers, Mr. Cecil Cherry and Mr. H. I. Briley, Jr. returned to their respective homes on Tuesday after enjoying an extended tour of Florida for four or five days.

Friends of Mr. W. R. Hunnicut will regret to know that his mother, Mrs. J. H. Hunnicut, is a patient in Watts Hospital in Durham.

Visiting Mr. and Mrs. W. C. Latham for the week end with their son, Bill, who is a student at Carolina. Mr. and Mrs. Latham and Mr. and Mrs. W. J. Carson had Mr. Harry Biggs of Williamson and Capt. and Mrs. Howard Gunn of Rocky Mount as guests on Sunday.

Mrs. P. C. Rives left on Monday to enter the North Carolina Memorial Hospital in Chapel Hill. She will undergo surgery the middle of the week.

Mrs. Bessie Moody of Rockingham is visiting her son, Dr. W. A. Moody and Mrs. Moody for several days.

For several days last week Mrs. Ben Manning visited Mr. and Mrs. Allen Weeks, Jr. in Speedy. Sunday Mrs. Weeks and daughters, Patsy, Sandra and Diane, were the guests of Mrs. Manning and Mr. and Mrs. Linwood Heath.

Visiting Mr. and Mrs. R. G. Mullens from Tuesday until Sunday are Mrs. Mullens' nephew, Mr. C. T. Lewis, and Mrs. Lewis and children of Williamsburg, Va.

Master Edward Hammond is confined to his home with chicken

pox.

Mr. and Mrs. B. F. Manning and daughter, Norma, Mr. and Mrs. L. E. Barnhill and Franklin Whitehurst, Jr. visited Mr. and Mrs. Edgar Barnhill and infant son in Durham on Sunday.

Mr. Sammy T. Carson returned to Edwards Military School on Sunday after spending the week end with his parents, Mr. and Mrs. Ralph Carson.

Mr. J. E. Carson had as his guests on Friday night, Mr. and Mrs. John Franklin Carson and boys, Frank and Mike of Edenton. Saturday they visited Mrs. J. E. Carson in Washington whose condition remains the same.

Mr. Bob Bowers spent the week end with his mother, Mrs. Roland House and Mr. House and returned to Carolina on Sunday.

Dr. and Mrs. C. G. Garrenton have just returned from Old Point Comfort, Va., after attending the Tri-State Medical Meeting there for several days.

On Sunday Misses Joanna Aheyounis, Carolyn Cooper and Lois Griffin were in Rocky Mount attending the Roanoke Association Y.W.A. Council and the reception which followed the meeting.

Mrs. J. E. Hammond is confined to her home with sinus infection.

Mr. John Mayo returned home from Park View Hospital on Tuesday.

If all the natural ice on earth were to melt, it would release enough water to raise the level of the oceans about 100 feet, says the National Geographic Society.
