

Mostly cloudy, windy and warm with scattered showers tonight. Wednesday mostly fair and a little cooler.

Charge Israeli With Killing 38, Wounding 31 Egypt Cites Border Attack

CAIRO (AP)—Egypt charged Israel today with unleashing the most violent attack along the Israeli-Egyptian border since the 1949 Palestine armistice. The Cairo government accused Israeli forces of killing 38 Egyptian soldiers and wounding 31 others in a "sneak" attack last night on an army headquarters two miles inside Egypt's coastal Gaza Strip. Five hours after the first Egyptian announcement, an Israeli spokesman in Jerusalem counter-charged that the Egyptians had crossed from Gaza into Israel to attack an Israeli unit. The Jewish spokesman said the battle had "continued into the Gaza Strip" and the Israelis "suffered a number of casualties" before repulsing the Egyptians. From the Jordan sector of Jerusalem, however, an announcement from the U.N. truce organization supervising the Palestine armistice charged the Egyptian version. A spokesman said observers in the Gaza area had reported that an Israeli army unit had penetrated into the Egyptian territory and opened fire on Egyptian army troops. The U.N. spokesman said Egyptian casualties were put at 37 officers and soldiers killed and about 30 wounded but that Israeli casualties were not known. Earlier Egyptian announcements had put the toll at 38 dead and 21 wounded but the latter figure was increased later today. In the first report of the action, Egypt's director of Palestine affairs, Lt. Col. Salah Gohar, said the Israeli forces surrounded the Egyptian unit and blasted it with mortars, demolition charges and automatic weapons, then ambushed a truckload of Egyptian reinforcements on their way to the attacked position. "The Israelis even threw Molotov cocktails of blazing gasoline into the wrecked truck," the Egyptian spokesman reported. "Twenty were killed and 14 were wounded. None escaped being either killed or wounded." Gohar said 16 Egyptians were killed and seven were wounded in the opening attack. These casualties were believed to include one civilian dead and one wounded, he added. He charged also that the attack destroyed a well supplying one-third of the water for the ancient town of Gaza, population about 40,000. It was expected Egypt would act quickly to bring the incident before the U.N. Security Council. In Tel Aviv last night an Israeli army spokesman accused the Egyptians of operating a spy-saboteur net in southern Israel from the adjacent Gaza area. Citing this charge, Gohar declared: "It is obvious the attack on the army camp near Gaza was a carefully planned aggression, and the Israelis laid a propaganda groundwork in advance by making such charges even while the attack was taking place." The rectangular Gaza Strip, 12 to 16 miles wide, extends about 20 miles northeast along the Mediterranean from Egypt's Sinai Peninsula. It was awarded to the Arabs by the 1947 U.N. partition of Palestine and has been occupied by Egypt since 1948. It has been the scene of hundreds of border incidents in the past year.

Bomber Crashes In Residential Area Killing Five People

LAKE CHARLES, La. (AP)—A crippled B47 jet bomber smashed into a suburban residential area last night, killing five as it cut a fiery swath into a trailer park. The dead included the three crewmen and a young couple whose house was demolished by flaming debris. The six-engine Stratofortress was trying to land at Lake Charles Air Force Base when it hit a power line, crashed and exploded in a field. Heavy metal pieces hurtled into the residential area. The air base said the plane reported one engine had failed. Capt. George Spotswood, base public information officer, identified the dead crewmen as: Capt. Clarence Wilson, 34, pilot, California; Capt. Mark M. Veck, 34, copilot, Downville, Calif.; and Capt. Elwyn B. McBeck, 33, observer, Fort Worth, Tex. The Calcasieu Parish (County) sheriff's office identified the dead civilians as Albert Morgan, 24, and his wife Kate, 20. T. Sgt. James C. Sapp, of Lake Charles, said the wreckage when debris ignited his trailer home. His wife was uninjured. Wreckage of the plane was scattered over an area more than 250 yards long and 75 yards wide. The main part of the plane careened into the Morgans' house, carrying the bodies of the pilot and the copilot. The body of the observer was found in the field. Cole Olen, a resident of the area, said he saw the wreckage hit the Morgan house and he ran to it. He kicked in the front door, but was driven back by searing heat. The impact of the crash apparently hurled the sleeping couple from their beds into the bathroom. Several unoccupied houses and several trailers also were burned. Spotswood said evidence indicated the plane was coming in for a landing when an engine went out, causing it to lose altitude quickly. "The flames must have gone 1,000 feet into the air," reported William Denton, of Houma, La., who was a mile away when the plane hit, then hurried to the scene. "The people were running in every direction around the tourist court. The wreckage appeared to be all in one fiery heap down toward the back of the court."

Says U. S. Lead Is Overwhelming

LONDON (AP)—Prime Minister Churchill said today the United States had an overwhelming lead over Soviet Russia in the knowledge and the power to make nuclear weapons. "Only three countries possess, in varying degrees, the knowledge and the power to make nuclear weapons. Of these, the United States is overwhelmingly the chief." Churchill said Britain has started making a hydrogen bomb. The United States explored its first hydrogen device in the Pacific in November, 1952. The Soviet Union declared last month that Russia leads the United States in hydrogen bomb production. Charles E. Wilson promptly challenged this. He said the United States was in the lead and that the Russians knew it. Churchill said the United States and Britain must be able in the event of war to strike at a number of Communist bases in the first few hours and deal a paralyzing blow at the outset.

Flash Of Atomic Test Largest Yet

LAS VEGAS, Nev. (AP)—The third shot of the 1955 atomic tests converted the pre-dawn darkness into daylight for a brilliant moment at 5:30 a.m. today. Observers here said it was the largest flash of this year's series. It flared yellow at first, then orange and finally faded away. The flash lighted up light clouds and flash seemed to go up unusually high. The flash was plainly visible in Los Angeles 250 miles to the southwest. Shortly after the flash, the familiar mushroom cloud appeared, rising straight into the still sky. In darkness, the cloud was a deep bluish-purple shadow. Gradually the top turned pink from reflected light of the sun, which had not yet risen. The shot went off about 70 miles northwest of Las Vegas. Low hills lay between the 3,000-foot detonation tower at Yucca Flat and this resort city. No appreciable jolt was felt here. The lack of wind allowed the cloud to maintain a perfect mushroom shape as it rose and expanded. Earlier reports from the Southern California city said many households there had set their alarm clocks so they could rise in time to see the flash. A group of newsmen will track the atomic cloud for the first time. Scheduled to take off in a B25 15 minutes after the detonation, the reporters were prepared to fly a regular fallout tracing mission with a crew picked and trained by the Air Force. Along with 18 other aircraft from Indian Springs Air Force Base near the test site, the plane was designated to follow the atomic cloud for a minimum of 2 1/2 hours. Extra radiation monitoring equipment was loaded on the plane for the benefit of the observers, including Gladwin Hill, New York Times; Colin McKinlay, representing the Las Vegas Sun and United Press; Joe McClain, Las Vegas Review-Journal; Julian Hart, Los Angeles Examiner and International News Service; and Bill Becker, The Associated Press. The Indian Springs planes are a vital part of the radiological safety team that protects the public from fallout from the atomic cloud. The Air Force usually has about 100 men aloft tracking clouds in each test.

Consumption, Exports Down; Competition Up Tobacco Decline Continues

RALEIGH (AP)—Developments in the flue-cured tobacco industry during the past year include a further decline in domestic consumption of cigarettes a slight decrease in exports, and "the fiercest competition in foreign markets that has ever existed." J. B. Hutson of Washington, D.C., president of Tobacco Associates, Inc., outlined these developments today in his report to the organization's 8th annual membership meeting here. Hutson said 1954 domestic cigarette consumption amounted to about \$69 billion cigarettes, compared with 387 billion in 1953, a drop of 4.6 per cent. "It has been generally recognized that the decline which began in April, 1953, was primarily due to the tremendous amount of publicity given to the reports of some medical research people indicating that smoking cigarettes is injurious to health," Hutson said. "These

damaging reports have been fed to the public almost continuously during the past year, and... Total cigarettes manufactured in this country last year amounted to 402 billion, compared with 423 billion the previous year, he said. Flue-cured exports for 1954 amounted to 422 million pounds. Compared with the 431 million pounds average for the 1952-53 period, this represented a decrease of 2.1 per cent, Hutson said. Hutson said the keen competition in foreign markets has developed since World War II. Many of the countries which produced flue-cured leaf prior to the war have not increased their output substantially since many other countries have started leaf production, he said. Although the quality of foreign leaf is generally lower than the U.S. product, "well-organized and adequately-financed" efforts are

being made to improve quality and yields per acre, Hutson asserted. As these efforts produce results, the competition will increase, he predicted. "We must continue full speed ahead in our efforts to improve quality and, above all, to find new ways and means of reducing the cost of production," he stated. Developments with respect to quality, costs, and prices "will have an important bearing on the amount of tobacco we sell over a period of years," he said. Members of the organization from the five flue-cured producing states of North Carolina, South Carolina, Virginia, Georgia and Florida also elected a slate of 15 directors and heard a report from Mrs. Irby Walker of Greensboro, treasurer. Tobacco Associates works to promote the export sale of flue-cured leaf.

Regional Health Meets Prepared

By EDWINA HAYMES Reflector Staff Writer The first in a series of 1955 regional Rural Health conferences throughout the state will be held March 17 at East Carolina College. The conference is sponsored by the Committee on Rural Health and Education of the Medical Society of North Carolina, in cooperation with the advisory group to the committee. Theme of this year's conference is "Rural Health: Our Wealth." The program, which will be held in McGinnis Auditorium, will begin with registration at 9:30 a.m. At 10 o'clock Dr. Charles I. Harris Jr. will preside over the morning session, which includes the invocation by the Rev. J. Malloy Owen, pastor of St. James Methodist Church; welcome by Dr. John D. Messick, East Carolina College president; and responses by Dr. C. F. Irons, president, Pitt County Medical and Dental Society, and Dr. Karl B. Pace, "American Medical Association 1954 Doctor of the Year." The conference theme will be presented at 10:30 a.m. by Dr. Frederic C. Hubbard, chairman, Rural Health Committee, N. C. State Medical Society. Four addresses scheduled for the morning session include "Rural Health as It Relates to the Agricultural Economy," by Hon. R. Flake Shaw, executive vice president, N.C. Farm Bureau; "Dental Health—A Problem Today," by Dr. John C. Brauer, dean, School of Dentistry, University of North Carolina; "Farm and Home Safety Practices," by Dr. Charles C. Cameron, Jr., director, Accident Prevention Section, N. C. State Board of Health; and "Mental Health Needs in North Carolina," by Dr. Roger Howell, School of Public Health, University of North Carolina. At noon the meeting will be adjourned for lunch. Signature of the afternoon session will be the address "We Look at Our Investments," with the subjects to be discussed including personal health, mental health, dental health, sanitation, nutrition, hospitalization, accident prevention, recreation, social and economic welfare. Moderator for this forum will be Dr. Walter C. Humbert, Pitt County Health Director. Panel members are Dr. J. Street Brewer, Roseboro; Dr. Paul A. Toll, East Carolina College Department of Sociology; Eugene S. Edwards, senior sanitary engineer, Halifax County Health Department; Ralph Andrews, director, N. C. Recreation Commission; Agnes Gunter, home economics department, Lucama High School; Mary Brice Deavors, nutrition consultant, N. C. State Board of Health; Leonard F. Bloom, superintendent, Greenville Utilities Commission; and Harry Simmons, assistant county agent, Wake County Extension Service. Resource members of the panel will include Shaw, Dr. Brauer, Dr. Howell and Dr. Cameron. At 3:15 p.m. there will be a social period for refreshments, followed at

Missing British Atomic Expert In Russia Today

MOSCOW (AP)—Bruno Pontecorvo, the Italian-born British scientist who disappeared from the West in 1950, said in a letter to Soviet newspapers today he has been working on "peaceful" atomic projects in the Soviet Union since that time. The letters accused Britain and the United States of "using atomic and nuclear weapons as a means of achieving world domination" and appealed to Western scientists to protest against the use of atomic energy for military purposes. (Pontecorvo took part in British-American work on the first atomic bomb. The U.S. Joint Congressional Atomic Energy Committee in 1951 rated him as a "first-class scientific brain" and "a storehouse of knowledge about Anglo-American Canadian atomic projects." It said he also had knowledge of later hydrogen bomb developments.) Pontecorvo's identical letters, the first definite word of him since his disappearance, appeared in Pravda and Izvestia, the Soviet Communist party and government newspapers. Without saying so specifically they indicated he is working in Moscow. Ascertaining he quit the West because preparations there for military use of atomic energy made him "ashamed of my profession," the letters said. "The atomic threat hanging over the world forces me as a scientist having relations with atomic problems to make the present statement." The imperialists of such countries as the United States and Britain are subjugating the peoples of atomic energy in preparation of a new war using atomic and nuclear weapons as a means for achieving world domination." Pontecorvo said he was convinced that the chief attention of scientific forces in the Soviet Union is directed toward using this greatest scientific discovery (atomic energy) for the welfare of humanity.

Abandon Village In Volcano's Path

PAHOA, Hawaii (AP)—A spectacular volcanic eruption spouted with fury today and civil defense officials declared a state of emergency. One small village was virtually abandoned. An estimated 100 acres of sugarcane fields and timber were ablaze with molten lava. More than 400 persons fled their homes in the path of the fiery rivers moving relentlessly forward. Civil defense headquarters reported tons of fluid rock spreading out in three directions. Fountains of boiling lava shot 50 to 100 feet in the air from four white-hot craters rising higher by the hour. The state of emergency will permit officials to order people out of their homes. Some have refused. Sightseers are stopped at Pahoa. There have been no casualties and no homes have fallen before the boiling streams. Through the night, officials at Red Cross headquarters in Pahoa High School cast worried glances westward, where fumes were reported breaking out of a new rift of dormant craters five miles from here. "If that erupts, Pahoa will be in danger," said Robert Spence Red Cross disaster chairman. Early today the main lava stream had traveled about 2 1/2 miles and was still about 4 1/2 miles from the ocean. Police said it was amazing no one was hurt among the estimated 20,000 sightseers whose cars choked five miles of access roads from the eruptions to Pahoa. The eruptions started at 8:10 a.m. yesterday when a cane field five miles southeast of Pahoa in the Puna district blew up in a shower of molten lava. Since then three other fissures have opened, filling a blazing triangle bounded by the villages of Kapoho, Opihikao and Pahoa. It was the first sign of life from Paulina crater in more than 50 years. Sixty families were evacuated from Kapoho, two miles ahead of the largest lava flow. Police reported a few families refused to leave their homes until all hope was lost. The main flow had picked up speed and shortly before midnight had moved 500 feet in two hours.

'Show Is Over' Says GOP Committeeman Scales Tipped Against House Tax Cut

WASHINGTON (AP)—The scales of the Senate Finance Committee appeared tipped today against a House-passed tax cut of \$20 a person to take effect next Jan. 1. "The show's over," said one committee Republican, asking anonymity, when he heard that Sen. George (D-Ga) had stated he would vote to knock out the cut. In any event, the issue appeared likely to be carried to the Senate floor later in the week. Republicans said their seven committee members were holding fast against the cut, although some expressed uncertainty about Sen. Malone (R-Nev). Malone declined to say how he would vote. But with Chairman Byrd (D-Va) and George committed to vote to strike out the tax cut, the GOP side could win even with one defection. Sen. Barkley (D-Ky) proposed a compromise to put into gradual effect the income tax reduction. It would provide a \$10-a-person cut in 1956, \$15 in 1957 and \$20 starting in 1958. This attracted no immediate support from those opposing any cut at this time. The House bill would make the \$20-a-person reduction effective Jan. 1 next year. It would cost the Treasury about \$2,200,000,000 a year. It would also extend for a year the present corporate and excise rates scheduled to drop April 1. This provision, asked by President Eisenhower, would continue about three billion in annual revenue.

Secretary of the Treasury Humphrey vigorously attacked the committee. He said the bill would make the \$20-a-person reduction effective Jan. 1 next year. It would cost the Treasury about \$2,200,000,000 a year. It would also extend for a year the present corporate and excise rates scheduled to drop April 1. This provision, asked by President Eisenhower, would continue about three billion in annual revenue. Secretary of the Treasury Humphrey vigorously attacked the committee. He said the bill would make the \$20-a-person reduction effective Jan. 1 next year. It would cost the Treasury about \$2,200,000,000 a year. It would also extend for a year the present corporate and excise rates scheduled to drop April 1. This provision, asked by President Eisenhower, would continue about three billion in annual revenue.

North and the neutralization of special interest groups which are hindering the refugee program. It is urgent, Diem said, that security now disturbed by dissident troops of the Hoa Hao religious sect be restored before May. Otherwise, he said, it will be impossible to transplant the refugees to rice lands in time for the planting intended to make them self-sustaining. Dulles and Diem also examined the question of total autonomy for the Vietnamese army which continues to be staffed by many French officers. Dulles is said to have been satisfied that the program of replacing the French with Vietnamese is progressing satisfactorily. An aide to Dulles threw cold water on Burmese suggestions that the United States send an unofficial mission to talk with Red Chinese Premier Chou En-lai. The aide said Burma had not yet relayed to Dulles Chou's offer to receive such a mission. But the United States, he continued, mostly likely would take the position existing channels are sufficient to handle the case of 13 Americans imprisoned by the Reds on espionage charges and four other U.S. fliers held by Peiping.

Oppose Dealings On U.S. Airmen

WASHINGTON (AP)—Senators Knowland (R-Calif) and Mansfield (D-Mont) said today they oppose direct negotiations with Red China for the release of 15 imprisoned American fliers. This was their reaction to Burmese Premier U Nu's disclosure in Rangoon that he had passed along to Secretary of State Dulles a Communist suggestion that the United States send an unofficial mission to Peiping to discuss the fliers' fate and other causes of U.S.-Red Chinese tension. The State Department yesterday gave the roundabout proposal a chilly reception. "We don't want discussion," said Knowland. "We want release of the 15 men in compliance with the terms of the Korean armistice." The fliers were captured by the Reds in the latter stages of the Korean War. Eleven of them had been sentenced on "spy" charges. Mansfield, a colleague of Knowland's on the Senate Foreign Relations Committee, said in a separate interview he regards the indirect proposal as "just a propaganda move" by the Communists. "There is nothing to discuss and nothing to be gained by any conference," Mansfield said. "The airmen are being held illegally in direct contravention to the Geneva convention on prisoners of war."

Robert G. Little Named To Board

New ex-officio member of the Sheppard Memorial Library Board is Robert G. Little of Grimesland who represents the county commissioners. Little was appointed to replace F. F. Hendrix, who went out of office this year. There are nine official members of the library board, plus two ex-officio members representing the county commissioners and the city council. PUBLIC HEARING WASHINGTON (AP)—Senate subcommittee on government reorganization has scheduled public hearings to start Thursday on a bill proposing to create a special commission to study the government's security program.

Murder Charged To Mother, 3 Children

MARYVILLE, Tenn. (AP)—A night through the edge of the Great Smoky Mountains when Davis stopped the car at the edge of an embankment and said: "You had better all start praying, as we are all going to hell together." At that the family began brating him. In the statement, Mrs. Davis gave no reason for her husband's action. The sheriff said Davis' body was found in the parked car on the highway. Final Approval WASHINGTON (AP)—Congress gave final approval today to a 50 per cent pay increase for its members, raising them to \$22,500 a year. House passage sent on to the Senate yesterday the bill accepted by the Senate yesterday. With the President's signature, the lawmakers will begin drawing the higher pay as of March 1. It is the second major piece of domestic legislation to clear Congress in this session. The first was a bill continuing GI educational benefits for men who entered the armed services prior to Jan. 31.

Law Enforcers Complete Public Relations Course; Certificates Presented

Climaxing a two-week course stressing the importance of good public relations for police officers acting as representatives of a city certifying agencies and night to 34 local law enforcement officers by Dr. J. D. Messick, president of East Carolina College, and Mayor W. L. White. Greenville law enforcement officers and personnel receiving certificates were: Gladye E. Norris, Lawrence Jackson, Hubert McGee, Caesar Corbett, W. R. Elks, J. G. Stokes, J. W. Piver, Sr., Eleanor Harans, Frank Brickhouse, Odell Owens, Ruth Doss, J. F. Pasciano, J. L. Whitchard, W. C. Flake, J. B. Cannon, K. E. Warren, W. M. Carr, T. E. Gladson, H. H. McCowan, R. T. Rogerson, H. L. Jewett, W. E. Peterson, N. H. Byrd, R. W. Harris, H. E. Wooten, H. F. Lawson, and Bruce Buck. G. G. Gibbs, Greenville chief of police, Sheriff Ruel W. Tyson, and deputy sheriffs Jack Russell, Jasper

Lee Mills, Arthur Andrews, and Sarah Jones, also were awarded certificates signifying completion of the public relations course. The course was sponsored by the local law enforcement agencies and East Carolina College. Among those participating in the course or delivering lectures were Dr. Leo Jenkins, Dean of East Carolina College; W. I. Wolvorton, pastor of the Episcopal Church; Jim Butler, ECC Alumni Secretary; and Dr. Kathleen Stokes, of the ECC faculty. Lectures were presented on the following subjects: "What are our Community Resources?"; "What Public Relations is and is Not?"; "The Police Department and the Community's Youth"; "Tools of Public Relations"; and "The Police in Government Relations." A panel discussion was held on the topic, "What We Expect from Our Police." A film titled "Telephone Courtesy" was also shown to the law enforcement officers.

Vehicle License Tag Hike Offered For Revenue

RALEIGH (AP)—A Bertie County legislator who said he is against a tax on tobacco and food offered a tax proposal last night to help bridge the revenue gap during the next biennium. Rep. J. A. Speight introduced a bill which would increase the cost of auto and truck license plates to \$18. The extra money would go to the general fund. At present, all license tag receipts go to the highway fund. Speight estimated his proposal would bring the state \$7,290,000 a year. Meanwhile, legislation to regulate egg marketing in the state was passed by the Senate and sent to the House. The bill would forbid false and misleading advertising of eggs. Egg distributors would be required to obtain licenses from the state agriculture commissioner. The House passed and sent to the Senate a bill to require that merchants who collect sales tax in excess of the 3 per cent rate pay the excess to the state. Rep. Speight, who introduced the bill, described his measure by saying, "It's just like a man with a leaky bucket—he stops the leaks." This bill stops a tax leak. Revenue Commissioner Eugene Shaw has said the bill would not have any appreciable effect on revenue collections. Sen. W. D. James of Richmond offered a bill which authorizes insurance companies to do business in North Carolina and to impose fines on insurance companies and agents who violate the state's insurance laws. The bill would provide for penalties up to \$500 for agents who violate the laws and up to \$5,000 for companies which violate the laws if the company or agent refused to pay. Civil action would be instituted in Wake Superior Court at present. Gold may suspend or revoke the license of a company or agent, but he told the Senate Insurance Committee two weeks ago this so drastic a measure is seldom used. The House passed on its second reading a bill which would restore short-term fishing licenses for out-of-state visitors. It would allow non-residents to buy a one-day license for \$1.00 and a five-day permit for \$2.60. For nonresidents who desired to fish for mountain trout, the levy would be increased to \$2.10. The House received a bill which would give the juvenile courts jurisdiction over 16-year-old first offenders. At present, such offenders are under the jurisdiction of criminal courts. Rep. Arthur Goodman of Mecklenburg introduced the bill, backed by the State Legislative Council. It would exclude 16-year-olds charged with felonies or with violations of the motor vehicle laws. Meanwhile, the Senate gave final approval to a resolution urging President Eisenhower and Congress not to adopt tariffs which would be unfavorable to the textile industry. The resolution had passed the House.

Sergeant Repeats Claim He Feared For His Life While Prisoner In Korea

FT. BRAGG, N.C. (AP)—Defense counsel for M. Sgt. William H. Olson produced more testimony today that the career Army man feared for his life while he was a prisoner in Korea. Olson has been on trial before a court-martial for more than two weeks on charges of collaborating with his Red Chinese captors. The 40-year-old native of Youngsville, Pa., yesterday denied again that he had aided the enemy. He said death threats were responsible for a speech praising prisoners held by the enemy. He said he was not his intent to aid the enemy with a speech. He said he did not write the speech nor make the speech shown in a prosecution exhibit. Two Ft. Bragg artillerymen testified Olson was a good soldier and they would be glad to serve with him in combat. They were M. Sgt. Robert W. Deiger and Sgt. Farrell Davis, neither of whom were POWs. session when Olson testified that he previously had lied under oath but hadn't done it knowingly. Later he was asked, "Have you ever been in Benningville, S.C.?" Again the defense got an out-of-court hearing. The Army career man is accused of seven counts of collaboration, one that he made a speech derogatory to the United States. Olson said that other prisoners, one of whom testified against him, also made speeches. He said it was not his intent to aid the enemy with a speech. He said he did not write the speech nor make the speech shown in a prosecution exhibit. Two Ft. Bragg artillerymen testified Olson was a good soldier and they would be glad to serve with him in combat. They were M. Sgt. Robert W. Deiger and Sgt. Farrell Davis, neither of whom were POWs.

## SOCIAL AND PERSONAL

All items for this page received after 10 a.m. will be published the following day. Dial 6166-9 a.m. to noon; 1 to 4:30 p.m.

Mr. and Mrs. S. M. Edwards and Mr. and Mrs. Alton Gardner of Ayden have returned from a motor trip to the Southwestern states and by plane from Laredo, Texas to Mexico City.

Mr. and Mrs. Frank Jones Jr. have moved from 110 Rotary Ave. to their new home, 100 Dogwood Dr., Lakewood Pines.

**Visitation Evangelism Program**  
The City-Wide Visitation Evangelism Program will be conducted tonight at 6:30 o'clock in the Fellowship Hall of the First Presbyterian Church.

**To Sponsor Bake Sale**  
St. John's Home Demonstration Club will sponsor a bake sale Saturday, March 5, at 9:00 a.m. in the Grifton Plumbing and Heating Co. Store. Proceeds will go for Club House improvements.

**Cottage Prayer Meeting**  
There will be a cottage prayer meeting tonight at 1111 Washington Street, for Nannie Mae Baker. All who can be urged to attend and bring an offering to help buy her a TV set. The time is 7:30. God will bless you for helping a shut-in.

**Wednesday Club Meets**  
BETHEL—The Wednesday bridge club met with Mrs. Larry N. James at 2:30. The living room was decorated with lovely arrangements of Dutch iris and jonquils.

Between the second and third progression, the hostess served delicious pecan pie, cheese straws and coffee to her guests.

After several progressions of play, the high score prize was awarded to Mrs. Jasper Smith.

Others who attended the party were Mesdames K. E. Manning, J. C. Smith, Alton Carson, Z. V. Bunting, F. F. Pollard, Wadie Ward and Miss Camille Stator.

**Entertains Bridge Club**  
GRIFTON—Mrs. A. D. Wall was a gracious hostess on a recent evening when she had as guests members of her bridge club. The home on Church Street for the occasion was decorated with early spring flowers. As guests arrived they found their places at the card tables and were served a delectable turkey plate and later as a dessert devil's food cake was passed.

Mrs. Robert Mewborn was high scorer for the evening and second high was held by Mrs. L. D. McCotter. Other players were Mesdames J. L. Quinley, W. I. Bissette, L. L. Mewborn, J. W. Short, Eleanor Gower, Thurman Williams, Jack Tucker, Miss Marie Chapman, Miss Louise Mewborn, and Miss Hazel Patrick.

### Children's Party Is Birthday Event

GRIFTON—Walter Eugene Gaskins celebrated his twelfth birthday on Saturday with guests for games and contests at his home on Queen Street. Seventeen young people were invited for 7 o'clock and greeted by the honor guest and his mother, Mrs. Eugene Gaskins, who with the assistance of Misses Louise and Barbara Corey directed the games.

At the refreshment hour the guests were invited into the dining room where the table was covered with a yellow and blue linen cloth. The cake, decorated in yellow with 12 candles, was used as the centerpiece. This was cut and served with ice cream and nuts.

Those present were Dorothy, Jean and Jack Groat, Marguerite Mewborn, Emily and Marian Nelson, Kathy Shackelford, Sharon Stone, Betty Jo Gaskins, Barbara Baldwin, Carol Ann Gaskins, Bill Goolsby, Wayne Baker, Gary Williams, Bill Mahler, Phillip Manning and Ray Hardison.

**Celebrates Birthday**  
BETHEL—On Friday, February 25, Bob Whitehurst, son of Mr. and Mrs. R. J. Whitehurst, celebrated his seventh birthday with a party at the school. The guests were the members of the first grade.

The birthday cake was beautifully decorated with miniature animals on it and topped with seven candles. The traditional song was sung and Bob blew out the candles and made his wish.

The children enjoyed ice cream and cup cakes, also topped with a miniature animal, and wax toys.

The honoree received many nice and useful gifts from his friends.

### Dinner Party Is Given For Bridal Couple

On Thursday evening, Mr. and Mrs. Kenneth H. Meroer entertained at a semi-formal dinner party in the dining room of the Hotel Proctor honoring Miss Florence McPadden and Mr. William K. Kittrell, bride and groom-elect.

Upon arrival Miss McPadden presented a corsage of carnations and invited guests to the dining room where covers were laid for sixteen. The table was covered with a pink cloth and centered with an arrangement of pink snapdragons and carnations. Pink candles with net and fern in five branch silver candelabra completed the centerpiece. Bridal place cards followed the all pink color scheme.

Following the three course dinner Mrs. Lily Carr entertained briefly. The honorees were presented a silver tray by the host and hostess.

**County Tournament Champions Honored By Hosts At Supper**

BETHEL—On Friday night, February 25, Mr. Van Taylor, Jr. and Mr. Alton Whitehurst entertained the Bethel Boys Basketball team with a supper at the Respass James Barbecue House in Greenville. The occasion was to honor the boys for winning the County Basketball Tournament.

Before the meal Dalton Briley expressed appreciation on the behalf of the team to the host. He gave the total of points and the average per game for each individual player. After the meal was enjoyed by everyone Coach Walter C. Latham gave a few remarks. He congratulated his boys on their hard work, stressing cooperation. He gave the good points about each boy and pointed out to them their weaknesses on which they need to improve. Mr. Sam Dewar, Junior Varsity coach, gave a few hints about basketball, also stressing team work.

The basketball squad includes: Carlton Keel, Dan Anderson, Dalton Briley, Bryan Latham, Wade Ward, Charles Ward, Vance Taylor, Ramon Latham, Durwood White, Danny Manning, Tommy Cooper and Jack Manning. The other guests were Mrs. Latham, Mrs. Dewar, Mrs. Taylor and Jim. Mrs. Whitehurst and Sally Ann. Mr. and Mrs. Z. V. Bunting, Mrs. Nick Noble and Sue Trenton.

The U.S. marriage rate reached an all-time peak of 16.2 per 1,000 population in 1946 and has been declining since that time except for an upswing in 1950 when the Korean war started.

## Bethel Book Clubs Meet

BETHEL—The regular monthly meeting of the Book Exchange Club met on Thursday afternoon with Mrs. Ruth Thomas with Mrs. Henry Rogerson as co-hostess. The home was very attractively decorated with bouquets of jonquils and other early spring flowers.

A short business meeting was held with the president, Mrs. G. A. Jackson, presiding and the secretary, Mrs. Mitchell Alexander, giving her report.

The program was then turned to Miss Caroline Wright, public school music teacher. She played several selections on the piano which were very entertaining and enjoyed by the group.

Mrs. Thomas and Mrs. Rogerson served a delectable chicken salad plate with Coca-Colas during the social hour.

There were seventeen members present and the visitors were Misses Wright and Marion Burton.

On Friday at one o'clock Mrs. Ralph Carson entertained the members and invited guests at a luncheon at the Ballie Tucker Book Club. Lovely vases of buttercups were used in the hall and living room.

Soon after arrival of the last guest, the hostess invited them into the dining room. The appointed table was centered with an original arrangement of Dutch iris and pink gladioli flanked by pink burning tapers in silver holders. Pink candles were also used on the buffet.

The menu consisted of ham garnished with pineapple and potato balls, congealed vegetable salad, butter beans, squash casserole, hors d'oeuvres, hot rolls, apple pie a la mode and coffee.

The business meeting was presided over by Mrs. Ronald Riddick, president and Mrs. Alton Carson, secretary, read the minutes and called the roll with fourteen members present. Books were exchanged at this time.

The hostess introduced Mrs. Tom Andrews, Jr. who gave a most interesting review of her trip to Bermuda this fall. She discussed the homes, transportation and other facts concerning the way they live. The ladies enjoyed the films which Mrs. Andrews had taken on her trip.

The guests for the afternoon were Mesdames Andrews, Frank Whitehurst, James Grandell, Raymond Whitehurst, C. P. Womack and William Andrews.

### Volunteer Firemen Have Ladies' Night

BETHEL—The Bethel Volunteer Firemen entertained their wives and other guests at the annual ladies night. The supper took place in the Rotary Building on Thursday night at seven o'clock.

The invocation was given by Rev. C. P. Womack after which the group enjoyed a delicious ham supper served by several women of the Pentecostal Holiness Church.

The president, Major James, gave a word of welcome to the ladies, members of the Board of Commissioners and the preachers and their wives, and S. H. Martin, chief of police.

Mr. W. J. Smith was in charge of the program and gave a most colorful description of the town during the past 80 years. He began by naming several of the men who owned grants of land and brought out the building of the churches and schools. Everyone enjoyed the review after which Rev. Tom N. Cooper dismissed the group with a prayer.

Accidents in which five or more persons were killed took 1,200 lives in the United States last year, the smallest number in the last five years.

## Social Calendar

**TUESDAY**  
7:30 p.m.—Woodmen of the World will meet at the Church of God.

3:30 p.m.—The Woman's Club will meet at the Club House.

6:30 p.m.—Exchange Club will meet with Mrs. W. Z. Mouton Jr.

### Minister Speaks At Lions Meeting

"Man will get no satisfaction out of life unless he turns back to God," the Rev. Robert McKenzie Jr. declared when he spoke to members of the Lions Club last night.

Rev. McKenzie, assistant pastor of Jarvis Memorial Methodist Church, asserted, "Souls come from God, and they are restless until they return to God."

The minister related some of his experiences as assistant pastor of the church, and said his duties include preaching, visiting the sick and shut-in, and working with the young people of the church. He also serves as a counselor on marriage and other problems.

During the business session J. L. Harris Jr. read a letter from the local Chamber of Commerce which pointed out what just one new industry would mean to Greenville.

It was announced the state Lions Convention will be held in Charlotte May 29-31, and members who are planning to attend were asked to make their reservations immediately.

**Figured 'Guest' Had Taken Over**  
DENVER (AP)—Joseph J. Fried won a divorce yesterday after testifying that every time he put his arm around his wife, a man living with them would "sick" the family dog on him.

Fried said he and his wife took in the man 10 years ago and also have sheltered another man the last two years "because we felt sorry for them." He said his wife paints pictures and the two men had been married 31 years.

Mayor Fred Reader and Mrs. Reader of Scottsville, Michigan, who had been spending the winter at Florida resorts, are spending several days in Greenville as guests of Mr. and Mrs. Herman L. Norris, 1906 East Fourth Street. The Readers visited Greenville during World War II when their son, Fred Reader Jr., was with the Marines at Camp Lejeune.

## Pre-Nuptial Courtesies Extended February Bride

Among the pre-nuptial courtesies extended Miss Louise Morris was a morning Coca-Cola party given by Mrs. W. L. Allen, Mrs. D. H. Conley and Mrs. Nelson Bowden on February 18th at the home of Mrs. Allen. Early spring flowers were used to decorate the entrance hall and living room.

An artistic arrangement of pink snapdragons centered the dining room table laid with a blue satin damask cloth where beverages, ham biscuits, cheese dainties, nuts, mints and cakes were served. The hostesses presented Miss Morris with a corsage of pink carnations upon her arrival. Miss Morris was the recipient of a beautiful silver vegetable dish, a gift of the hostesses. Miss Florence McPadden, bride-elect was remembered with a silver and crystal ash tray.

On February 19th Mrs. Bill Sermons and Miss Faye Sermons complimented Miss Morris with a Coca-Cola party. Upon her arrival, Miss Morris was presented with a corsage of white carnations. The guests were invited into the dining room where Mrs. Ernestine Sermons poured punch. Dainty sandwiches, cakes, candies and nuts were served from the table centered with a miniature bride arrangement banked with ivy. White carnations were used in the dining and living rooms.

The hostesses presented the bride with crystal in her chosen pattern. About thirty guests were present.

The Miriam B. Ryan Sunday School class of the Eighth Street Christian Church honored Miss Morris at a miscellaneous shower on Wednesday night, February 23 at the home of Mrs. J. R. Carnation with Mrs. A. W. Harris, assisting hostess. Upon her arrival, Miss Morris was presented with a corsage of white mums. There was much merriment over the various games led by the hostesses, climaxed by original portraits of the bride drawn by each guest. A bountiful basket of "shower gifts" was presented to the honoree. The guests were invited into the dining room where Mrs. Harris poured punch from a beautifully appointed punch bowl. The center arrangement on the table was banked jonquils flanked by crystal candelabra. Dainty sandwiches, nuts, mints and cakes were served.

On Friday night, February 25th, after the wedding rehearsal, Dr. and Mrs. H. G. Haney entertained the wedding party and out of town guests for the Speight-Morris wedding. The spacious rooms were tastefully decorated with early spring flowers. The bride's table was laid with a lace cloth centered with a music box bride and groom. White narcissus and ivy circled the music box. Punch was poured by Mrs. Robert Moye. Bridal cakes, mints and nuts were served to about forty guests.

Following the marriage of Miss Louise Morris and Mr. Henry F. Speight, Jr. on Sunday, February 27, the Christian Women's Fellowship of the Eighth Street Christian Church entertained at a reception in the social hall of the church. White bridal flowers, festoons of ivy and white candles decorated the hall. Mr. and Mrs. R. B. Moye received in the vestibule. Mr. and Mrs. J. B. Cummings introduced the guests to the receiving line composed of the parents of the bride and groom; the bridal couple and attendants. Receiving throughout the hall were Mr. and Mrs. Phil Averette, Mr. and Mrs. Nelson Bowden, Mrs. Paul Ricks and Mrs. W. H. Woolard.

Serving at the beautifully appointed table were Mr. and Mrs. Plato Evans, and Mr. and Mrs. Milo Smith. Assisting with the refreshments were Jane Winchester, Letha Brewer, Hannah Proctor, Sara Adams and Nancy Harris.

The planning committee was composed of Mesdames Bill Sermons, W. L. Allen, D. H. Conley, Preston Cannon, Will Whedbee and J. R. Carrington.

Seated at the register were Mesdames Knott Proctor and Reid Perkins.

Goodbyes were said to Mrs. Ethel Tucker and Mrs. L. B. Tucker.

Mr. and Mrs. F. L. Cox, Mrs. L. O. Cox, Billy Steven and David Cox were in Kenansville on Sunday to attend the dedication of the Duplin County Hospital on their return they were supper guests of Mr. and Mrs. W. T. Byrd in Mount Olive.

Mr. and Mrs. Paul Fisher and son Marsh have returned from a week end in Richmond, Va.

Mrs. Leo Weaver and son Joe of Fayetteville are guests in the home of Mrs. N. S. Janetos.

Miss Arlene Bullock has returned from Kinston where she spent the week end with her grandparents, Mr. and Mrs. S. R. Bullock.

Mr. and Mrs. Don Casey spent the week end in Goldsboro as guests of Mr. and Mrs. W. D. Casey.

J. H. Hooten a student at UNC in Chapel Hill spent the week end at his home here.

Mr. and Mrs. John Oglesby and children, Nancy, Patay and Bob were week end guests of Mr. and Mrs. J. T. Oglesby in Morehead City.

Mr. and Mrs. Ed Owens had as

# Teen-age Turnout

By FRANCES ADAMS and MARY WILL LONG

Although Greenville's Phantoms lost the tournament to Kinston, they are still the champions in the eyes of the Greenville fans. A huge crowd attended the game, and the tension mounted as the game went on. The scene after the game was a repetition of the one after the Kinston game when the Phantoms beat the Devils February 18, but the Greenville fans were doing the cheering and the Kinston fans the cheering.

There will be a play-off game between Kinston and Greenville in Rocky Mount tomorrow night to determine which team will go to the state tournament. Since a neutral court is required for a game of this sort, the new gymnasium was agreed upon by both coaches. The entire student body and the Greenville citizens are still behind the Phantoms and know that they are the best team. If luck is with them, everyone thinks they are capable of winning the game. Superintendent J. H. Rose called an assembly again yesterday morning to assure the team and Coach Parley of their backing. He stated that the law of averages was against them Saturday night. This is the general opinion of most Greenville fans. Mr. Rose and the student body joined in giving the team and the coach a big round of applause. Everyone is urged to go over to Rocky Mount tomorrow night and cheer our team on to victory.

**Social Life Goes On**

Even though the spirits were dampened by the outcome of the game Saturday night, many members of Greenville's younger set joined in the merrymakings around town. Some headed for the Country Club, and some were seen hanging out at the Teen-Age Club.

Joanna Hardee, Pat Herring, Jane Winchester, Kitty Collins, Patsy Madry, Marjorie DeSavigny, and Janet Powell made their way out to Norma Barnhill's house in Lake-wood Pines. The event was a pajama party honoring Janet Powell on her eighteenth birthday. Before retiring in the wee hours of the morning, the girls sat around eating and gabbing.

**Gang Returns Home**

Many of the college and prep school crowd were home this weekend to join in the week-end events. Ann Ruffin, Nelson Blount, and Miriam Elks were home from St. Mary's. Boys home from Carolina were Billy Bost, Edwards Dowd, and Topsy Smoot. Completing the list of alumni seen around were Marilyn Bested, Lou Winstead, Sylvia Weeks, Ann Ross, Charlie White, and others.

**Staff to Sponsor Dance**

Next Friday night, the GREEN LIGHTS staff will sponsor "The Newsprint Prom" in the high school gym. The event will be highlighted by a floorshow and the crowning of Mr. and Miss Newsprint. Music will be provided by the "Midnighters."

**Got Change From Obliging Bandit**

BUFFALO, N.Y. (AP)—A spunky woman teller in a collection office of the Niagara Mohawk Power Corp. met an obliging holdup man. When the man poked a revolver at Miss Margaret A. Bock, 49, yesterday and ordered her to put cash into a brown paper bag, she pushed about \$200 at him and told him to put it in the bag himself. He did.

"I thought I'd done enough just by letting him have the money," she said.

Then she asked for some money back to make change for her customers. The holdup man gave her a \$5 bill and a few singles.

## Got Change From Obliging Bandit

**NEVER UNITED?**

LONDON (AP)—A. I. Mikoyan, Soviet first deputy premier, said today that if the Paris treaty to rearm West Germany are ratified, Germany will never again be united. His speech at the Leipzig Trade Fair was broadcast by Moscow radio.

The United States had 29 1/2 million children 5 to 17 years old enrolled in public schools in the fall of 1954.

# Christine Jordan, Mr. Thomas Wed In Afternoon Ceremony

In a wedding of simplicity and beauty, Miss Agnes Christine Jordan and Elbert Aaron Thomas, Jr., were united in marriage at 4:00 Sunday afternoon in the Jarvis Memorial Church. The Reverend Robert Mackenzie officiated at the impressive double ring ceremony.

The bride is the daughter of Mr. and Mrs. R. L. Jordan of Greenville, N. C. The bridegroom is the son of Mr. and Mrs. E. A. Thomas, Sr., of Wilmington, N. C.

A program of nuptial music was presented by Mrs. Paul A. Toll, organist, and Mr. E. O. Parkinson, Jr., soloist, who sang "Through the Years" and "God Touched the Rose" prior to the ceremony.

Ushers were Mr. Ted R. Thomas of Wilmington, N. C. and Mr. John Homer Thomas of Elizabethtown, N. C., brothers of the groom and Mr. Jesse B. Jordan of Greenville, N. C., brother of the bride.

The bride and groom entered unattended and pledged their vows at the altar which was decorated with an arrangement of white gladioli, white chrysanthemums, potted palms and fern, with wrought iron floor candelabra holding white candles in the foreground. The traditional wedding march and recessional were used.

The bride wore an imported afternoon gown of winter-white lace over ice-blue taffeta, with a long torso and V-neckline, topped by a fitted jacket of the same material. Her off-the-face hat, of the same color, was trimmed with a small design using pink and blue stones. Her accessories were of matching blue. She carried a satin and lace covered Prayer Book with a spray of miniature lilies and stephanotis and white satin streamers.

Mrs. Jordan chose for her daughter's wedding an afternoon dress of navy blue and pink with matching accessories and a shoulder corsage of pink roses.

Mrs. Thomas wore an afternoon dress of dusty blue antique taffeta with pink trim, a matching hat, and a shoulder corsage of pink roses. The wedding party received in-

# Joint Hostesses Entertain For Local ACEI Unit Wednesday

The teachers of West Greenville and Brookgreen schools were joint hostesses to the local unit of the Association for Childhood Education International on Wednesday afternoon February 23 in the Activity Building at West Greenville.

Upon arrival approximately forty members were received by Miss Agnes Fullilove who introduced the members new to the system this year. Mrs. Astor Richardson, Mrs. Reginald Gray and Mrs. Roger Taylor of West Greenville, Mrs. Peterson, Mrs. E. J. Carter of Brookgreen and Miss Marian Polk, music supervisor. All were directed to a beautifully appointed table where refreshments were served by Mrs. Tom Rowlette, Mrs. John Reynolds, Mrs. Jimmy Harris, and Mrs. Carter Studder.

The balmy days gave impetus to a spring theme in floral arrangements of hawthorne, jonquils, carnellia, wreath of spring and gladioli in pastel shades.

After the social hour, the president Mrs. Sally Klingenschmidt, presided over a brief business session during which plans were made for representative delegation to the regional meeting in Rocky Mount, Saturday, March 5. Financial results of the benefit games party were reported and profits divided between books for Korean teachers and the new ACEI headquarters building in Washington, D. C.

The program for the afternoon was given by Mrs. Lorena Bradshaw, Mrs. Sue Rouse, Mrs. Ann Keel, and Miss Rachel Caudle who discussed in turn questions of Grouping, Discipline, Science, and the relationship of the Kindergarten. The group adjourned to meet in April with Third Street teachers as hostesses.

# American Bathing Suit Is One Item Most Countries Agree On

By DOROTHY ROE, AP Women's Editor

There's one thing on which the nations of the world are in complete accord, says Louella Ballerina, of Portland, Ore.—the American bathing suit.

Head of a staff of nine designers turning out three million bathing suits a year, Mrs. Ballerina has been doing some extended globe-trotting lately, studying the swim fashions of the rest of the world. Her conclusion: "No matter what language they speak or what their native styles may be for street wear, people of every country do their swimming American style."

Louella was doing a business which grossed a million dollars a year on her own in Los Angeles, designing casual fashions before she joined with the Jantzen bathing suit firm a couple of years ago.

Her first big designing success in her native California was the introduction of the Bulgarian peasant dirndl skirt for American casual wear.

A part of Louella's job today is keeping a finger on the pulse of world trends in fashion, and coordinating the styles produced by her firm's 24 plants, located in practically every corner of the earth. She says: "Recently one of the big West Coast stores wanted to do a fashion show of swim styles from all over the world, so we had samples sent in from all our plants. When they arrived, they were all identical with our current American line. The promotion manager was frantic. He called me up and said, 'Quick, Louella, you've got to help us out.' Design something that looks foreign."

The outstanding trend in current swim styles, she says, is the family group.

"Every father swells out his chest when he sees his little boy wearing a bathing suit just like

his own. Mothers like to dress DeBarcsy, who says he's the world's oldest living midget, celebrated his 70th birthday yesterday as a guest of the Lions Club.

DeBarcsy, a native of Hungary, stands three feet in cowboy boots and weighs around 25 pounds.

The cigar-smoking midget has been a familiar sight on Drummond streets for 43 years. He retired from show business in 1932.

## False Economy In Higher Education

Duplication of services and courses offered by the state-supported educational institutions cannot be entirely eliminated if those institutions are to adequately serve the people of North Carolina.

Each college must offer a variety of courses of study rather than limit its curriculum to one specialty. Otherwise North Carolina will be limiting its educational services to the youth of the state by placing an insurmountable economic barrier in the path of many who seek a college education.

Obviously there are many young people throughout Eastern North Carolina who would not have received a college education if they had been forced to go to Greensboro, Raleigh or Chapel Hill to attend college. Likewise many who have attended East Carolina would not have received a college education if they could have received only teacher training at the local institution.

## The Old Rules No Longer Hold?

Throw out the piggy bank? Spend more than the pay envelope holds? Ask a salary cut? That's the way to balance a family budget?

Well, in effect that's the advice offered in a special report by Leon Keyserling on how to balance the federal budget.

He's the former Truman economic adviser, and directed the Conference on Economic Progress in a private study of the nation's economic problems.

His advice: tax cuts, higher minimum wages and increased federal spending.

The report says this would balance the budget, increase national income and avoid inflation.

Sounds to us as though the whole fabric of economy has been turned inside-out by the New Deal-Fair Deal Keyserling group.

Cut taxes, increase spending and balance the budget?

The boys better lay off that stuff. It's pure poison.

## Strength for the Day

By EAR L. DOUGLASS  
HOPE AND PROMISE

What is this thing called "life"? A man full of health starts to cross a street and is struck by an automobile and instantly killed. One moment he is a living vibrant being; the next moment his body is an empty shell. "Life" has departed from him.

But what is "life"? It would appear to be something which God gives and takes away. It is a divine thing. It is spiritual, for nobody has ever seen this thing called "life." We do not know where it comes from; we do not know what its nature is while it is here; and nobody has ever come back to tell us where life goes when it leaves the body.

The resurrection of Jesus from the dead fills us with confidence that a good God has made provisions far beyond our understanding for those who achieved the kingdom of God through repentance and faith. But even the Bible tells us very little about the nature of "life" and very little about the exact conditions under which it exists after it leaves the earthly body.

The Biblical message regarding "life" is vibrant with hope and promise.

## National Whirligig

## An International Body - Blow

By RAY TUCKER

WASHINGTON—Government officials admit ruefully that a lack of trustworthy corroborative witnesses and evidence may enable the self-confessed liars and professional perjurers in the nation's extensive Communist hunt to escape prosecution and conviction. They also concede that such a bizarre climax will mean dancing in Red Square, and tend to damage us with Allies and important neutral nations.

The Matusow-Natvig-Watson sensation has ballooned into an international crisis rather than a mere Congressional or judicial fiasco. For years, Russian spokesmen have charged that all our heralded revelations of Red spying were baseless and nonsensical. Their various United Nations emissaries have maintained that "The Americans see bogies under every bed."

CRITICAL OF U. S.—Indeed, a former Lord High Chancellor of Great Britain, Earl Jowitt, wrote a thick volume to question whether Alger Hiss had really been proved guilty. It is standard British opinion that, not only at home but abroad, the United States has grown too "hysterical" on the whole question of Communist subversion and expansion.

Thus, if key witnesses on Capitol Hill, as well as in Federal and State courts, turn out to have been untrustworthy, our foreign critics will enjoy a macabre laugh at our expense.

JUDICIAL QUAGMIRE—Federal prosecutors admit that they are caught in a judicial quagmire. If they prove that the trio lied in their original testimony in order to punish them for contempt or perjury, they weaken or destroy their case against alleged or convicted Communists.

The latter may be held to be entitled to a retrial, with the Government's key witnesses discredited by their own confessions.

IS IT A RED PLOT?—On the other hand, if Attorney General Herbert Brownell Jr. can demonstrate that their current retractions are falsifications, which would make them liable to contemporary charges of

the highly specialized colleges of engineering, medicine, law because of the limited number of students in those fields and the high cost of operating such colleges. We cannot, however, justify the limiting of general college curricula in the various institutions so long as the number of students to be served is commensurate with the expense involved. That same supposition would likewise apply to graduate courses.

In a nutshell, it does not seem justified to us for the state to establish rigid lines of demarcation intended to limit the growth of some of the smaller (or larger) educational institutions either as the growth pertains to the student body or the curriculum to be offered.

We seriously question whether such a move, in the long run, would afford the state any real economies in the operation of its educational institutions, and we are of the opinion such a move would seriously impede the potential service each institution can render to the people of its particular geographical area.

## Touchy Tax Matter Slowing Legislative Work

It is becoming apparent that things are not clicking in the current session of the General Assembly as has been the rule in most sessions in the past.

Obviously the unusually complex money question which faces legislators in the current session has made it more difficult for the representatives to get their heads together and draw the tight lines which normally have become apparent before two months of the session is over.

We attribute this condition this year to two things:

1. The legislators are reluctant to cut too extensively the spending of state departments, agencies and institutions; and
2. The legislators are reluctant to levy new taxes because they know the people much prefer that taxes not be raised.

Through the shadow-boxing so far in the session, we see the lines beginning to form so far as the new taxes are concerned.

It appears to us there is increasing sentiment among the legislators in favor of broadening the base of the sales tax rather than branching off and levying new special taxes on individual products. In the long run, the broadening of the sales tax will cause serious objections from some groups, but in general it probably will not bring the cry which the levying of special taxes might encourage.

As we see it, the legislators, in raising the necessary additional revenue, are seeking to spread the total as thinly as possible over the entire citizenry of the state.

## Selected Shorts

BRODHEAD, WIS. INDEPENDENT-REGISTER—From less than a million in use in the early 1930's, there are today more than 4,000,000 tractors on American farms—pulling everything from plows and harrows to cultivators and harvesters. They mean more manpower output, fewer backaches, and a rise in farm production of more than 40 per cent in the last 20 years.

## Development Of N. C. Mineral Wealth Is Progressing

By C.A. UPCHURCH JR.  
MINERALS—North Carolina earth contains over 300 minerals, about 75 of which occur in such quantity and quality that they are considered of commercial value. Thus far, uranium ore is not one of the 75, although a few small samples have been collected in the Avery-Burke-Caldwell area.

However, the Atomic Energy Commission thinks the region is worth prospecting because it has the hornblende gneiss rock formations similar to those in the Colorado Front Range Mountains where one of the best uranium ore mines in the nation is located.

REQUEST—Because of the wide variety of minerals in North Carolina, and the fact that the State is poorly mapped geologically, Director Ben Douglas of the Department of Conservation and Development is seeking from the Legislature enough funds to employ a State geologist on a full-time basis and to put out two field parties, of two men each, to search for new mineral sources and to produce geological maps.

The State has reached the point where new mineral resources must be hunted out, since the happy period of finding the obvious is past. The Advisory Budget Commission has approved funds to employ a full-time geologist and one field party, and Douglas has asked the Joint Appropriations Committee to make the second field party possible.

For the past 15 years, Dr. Jasper L. Stuckey, veteran teacher

## Vair Difficult To Keep Cooks

## Weekend In Florida, By Plane

The response to the opening of St. James Methodist Church Sunday was terrific! Additional chairs had to be brought in for the morning service and the open house during the afternoon was widely attended. If you missed the opening, you are cordially invited to visit us at any time!

This is one example of what I call really living: Mayor pro tem Gene West and City Councilman Wesley Harvey were discussing the fact that they would like to take a hop. Gene has his own plane at the local airport and Wesley is a licensed pilot.

So Friday morning the two went to work as usual, but when the weather looked favorable they got together, threw a few duds in a bag and took off for Miami. They spent the first night in Jacksonville, Fla., then flew on to Miami. On the way back they stopped at Myrtle Beach. They were back at work Monday morning.

To me, flying in a small private plane is twice as much fun as flying a commercial flight. Flying a commercial flight is just like sitting in a rocking chair up in the sky, whereas the maneuverability of a smaller plane gives you the feeling that you're really up in the sky.

For a businessman who's pressured by overwork, what could be a more delightful escape?

Note to wives: Think you want a sewing machine? It's one of the finest appliances you can get, but

please explain to the husband in the house that you're not going to use it 24 hours a day.

Poor Wife Rachel is taking a lot of ribbing. Last night I heard W. R. crank up the machine and cupped my hand to my ear. "Hey!" I said. "There's a strange noise in here! One I've never heard before! What is it?"

As usual, W. R. took it calmly: "I'll have you to know that you aren't here when I use this machine!" She didn't even give me the satisfaction of getting in an uproar.

So if your wife gets a sewing machine, don't expect her to use it much. She won't have time.

And I thank you,  
JACK EDWARDS

building will be \$39.5 billion—a new record.

Arno Johnson in THE SPECTATOR states: "An immediate opportunity for a ten per cent increase in sales of consumer."

Here in North Carolina, Robert M. Hanes of Wachovia Bank and Trust Company states: "Nineteen fifty-five will 'weigh-in' as a strong and healthy year for business and may prove a worthy contender for the championship record now held by 1953. An upward movement which began in mid-1954 and became fairly general in the economy by late fall is certain to continue."

Wendell Wilkie used to say that "only the productive can be strong and only the strong can be free." The strength not only of America, but the entire Free World rests upon the economic strength and prosperity of the United States. These predictions for a prosperous 1955 therefore are welcomed straws in the wind, not only for us but for the cause of freedom.

## What Other Editors Are Thinking

WILL 1955 BE A PROSPEROUS YEAR? (Rocky Mount Telegram)

According to those best in a position to know, the country is in for a prosperous year in 1955. The Federal Reserve Bank of Richmond has released a summary of BUSINESS FORECASTS FOR 1955 compiled from leading American economists, industrialists, businessmen and analysts. Despite a conservative predisposition toward caution, these experts are almost universally optimistic.

This is the way they forecast 1955: The F.W. Dodge Survey of 186 economists indicates "there will be a very mild rise in total business activity" although "housing starts and plant and equipment outlays will drop." The same survey predicts upward trend in hourly wages.

Harvard Economist Sumner H. Slichter predicts gross national products will increase over \$14 billion and total over \$370 billion. He also predicts that, because of income increases personal consumption in America this year will go up over \$1 billion.

BUSINESS WEEK predicts "1955 will be a better year than 1954, without causing inflation." Dunn & Bradstreet Survey of 1,309 executives indicates that "the worst of the 'inventory adjustment' appears to be over."

The U.S. Chamber of Commerce predicts "business activity will be greater in 1955 than in 1954; a rise in employment and a healthy retailing year." FORTUNE says there "will be a steady all-over growth in the economy."

AMERICA'S TEXTILE REPORTER has some cheerful news for the textile industry so vital to Rocky Mount's economy: "Cotton textiles up 7 per cent; woollens and worsteds up 4.5 per cent; synthetic fibers up 5 per cent; textile machinery sales up 7.4 per cent."

The U.S. Departments of Commerce and Labor believes: "In 1955 total expenditures for new

cause of income increases personal consumption in America this year will go up over \$1 billion.

## Development Of N. C. Mineral Wealth Is Progressing

By C.A. UPCHURCH JR.  
MINERALS—North Carolina earth contains over 300 minerals, about 75 of which occur in such quantity and quality that they are considered of commercial value. Thus far, uranium ore is not one of the 75, although a few small samples have been collected in the Avery-Burke-Caldwell area.

However, the Atomic Energy Commission thinks the region is worth prospecting because it has the hornblende gneiss rock formations similar to those in the Colorado Front Range Mountains where one of the best uranium ore mines in the nation is located.

REQUEST—Because of the wide variety of minerals in North Carolina, and the fact that the State is poorly mapped geologically, Director Ben Douglas of the Department of Conservation and Development is seeking from the Legislature enough funds to employ a State geologist on a full-time basis and to put out two field parties, of two men each, to search for new mineral sources and to produce geological maps.

The State has reached the point where new mineral resources must be hunted out, since the happy period of finding the obvious is past. The Advisory Budget Commission has approved funds to employ a full-time geologist and one field party, and Douglas has asked the Joint Appropriations Committee to make the second field party possible.

For the past 15 years, Dr. Jasper L. Stuckey, veteran teacher

worked part-time for C&D and the college, doing an outstanding job for both.

RESULTS—Since the beginning of World War II, development of North Carolina mineral resources has made considerable progress. Tungsten, a highly strategic metal, was found in great quantity at Townsville in Vance County in the early 1940's. The mine there now is the largest single tungsten mining operation in the nation and ranks second in production. Virtually its entire output goes into defense projects.

During the war, a plant was built at Kings Mountain to mine and process spodumene which contains lithium. The lithium oxide extracted there goes to the chemical industry and is a highly strategic product. It is used in, among other things, lubricants including airplane motor oil which can remain fluid at 60 degrees below zero. A new plant is under construction at Bessemer City, with stockpiling of spodumene ore already under way.

The area now is regarded as one of the most important in the nation for spodumene.

OTHERS—North Carolina is the nation's leading producer of feldspar and kaolin, both mined in the Spruce Pine district. Kaolin, a white clay, is used in pottery, high-grade china, porcelain and tile. Feldspar comes out of the earth harder than steel and is ground down to a white powder used in pottery, china and glass.

In 1918 after a study, it was reported North Carolina had less than a million tons of kaolin re-

serves. Sources of feldspar were being exhausted.

About 15 years ago, however, geologists started research on alkali, contained in a rock formation underlying a 250-square mile area near Spruce Pine. From it, kaolin and feldspar could be obtained. Now, the kaolin reserves in the area are estimated at 50,000,000 tons, and three big, new feldspar mines are in operation where there was only one before, and there are three modern flotation plants turning out processed feldspar. C&D helped in the field studies to determine the extent of the alkali.

COPPER—Many years ago there was a famous copper mine at Ore Knob in Ashe County. When the miners dug out all the ore they knew how to get in those days, the mine shut down. Recently a Canadian firm with plenty of know-how began test drills. Their test revealed at least a million tons of copper are in sight, and they believe there is more farther down than they drilled. This outfit now is making tests in the Virginia district on North Carolina-Virginia line where other minerals, including gold, have been mined profitably.

URANIUM—As for uranium, the department is getting many inquiries from folks who want to strike it rich. Most of them ask about getting leases on government-owned land. They can get permission from a government agent in Asheville to prospect in national forests but not in national parks, and they still can't stake off a claim in the forests. However, if they find any uran-

## FTC And Fair Trade

By ELMER ROES'NEB

Few Federal Trade Commission statements ever got more study than this week's announcement of its position on so-called "fair trade."

The announcement is being weighed by pros, anti-trade association leaders, business executives and legislative lobbyists.

A jewelry trade association asked the FTC to act because, it said, manufacturers were not enforcing fair-trade agreements among discount houses.

The FTC said the McGuire Act "does not impose on the commission any affirmative regulatory duties" and that the act merely exempts retail pricing under state fair-trade acts from the anti-price fixing provisions of Federal anti-trust laws.

That's clear. The FTC doesn't have any right to mix in matters under fair-trade laws.

But what interests most observers is that the FTC didn't stop the FTC from saying that state court decisions make clear that if a manufacturer discriminates in the enforcement of his fair-trade contracts, or even fails to show "reasonable diligence" in enforcing them, a seller has a right to disregard the resale price set by the manufacturer. The FTC also said that retailers could go into court and ask for injunctions restraining discount houses from selling fair-traded articles at less than fixed prices. The only thing a retailer would

have to show is that the discount knew what the fair-traded prices are and that he willfully disregarded them.

The jewelry trade association complained that to cut fair-trade prices to meet discounters' prices was a practice they were under "moral compulsion" not to adopt. To this the FTC said, "It cannot be suggested that price competition is morally reprehensible."

What the FTC said can be read well enough, but what it means is subject to varying interpretations. Some regard it as a signpost pointing to the end of price fixing; enforcement of fair-trade laws, if the FTC interpretation is correct, depends entirely on what courts consider "reasonable diligence" in enforcing prices.

Others regard the statement as a call to action, since it seems to say that there won't be any fair trade unless retailers as well as manufacturers use the courts to make it work.

IRS HOLDS PHONE GUARANTEES TAXABLE

There's no Federal tax on calls costing less than 24 cents when made from a pay station.

But, the Internal Revenue Service rules, if a businessman guarantees a certain amount of income from the pay station he has to pay a tax on the guarantee, and on any service charge as well. That's true whether the guaranteed sum comes out of the businessman's pocket, or whether it is met by telephoner.

## Make Men The Equal Of Women

By HAL BOYLE

NEW YORK (AP)—Curbstone comments of a pavement Plato: Congress is missing a bet. Rep. Katharine St. George of New York, who is both a lady and a Republican, has introduced a bill you'd think every man in America would back.

It proposes a constitutional amendment to give women equal rights. Naturally her male colleagues, who may feel they are ready to live in a civilization dominated by feminine muscle, don't act very excited.

They aren't interested in giving women even more power. And the bill seems to have disappeared down a deep dark well, the same well it vanishes into every year that Mrs. St. George introduces it.

But what the gentlemen in Congress are overlooking is the fact that they may be missing a rosy opportunity. They will "weigh-in" as a strong and healthy year for business and may prove a worthy contender for the championship record now held by 1953. An upward movement which began in mid-1954 and became fairly general in the economy by late fall is certain to continue."

Wendell Wilkie used to say that "only the productive can be strong and only the strong can be free." The strength not only of America, but the entire Free World rests upon the economic strength and prosperity of the United States. These predictions for a prosperous 1955 therefore are welcomed straws in the wind, not only for us but for the cause of freedom.

Editor's Note:

(Can this be possible?) (Boyle's note: Well, I have been in North and South Dakota and never met a husband there strong enough to tear even a dollar bill from his wife's closed paw.)

The lady legislator chivalrously admits many states have passed laws giving special protection to working women. But she feels most women would willingly forego these special privileges for the chance to compete with men on equal terms.

Why doesn't Congress leap at this golden chance? Anything that tends to equalize the sexes before the law can't help but hold out the hope of giving a better break to America's frustrated, beaten-down males.

Granting the exceptions listed by Mrs. St. George don't women by both custom and the actual working of the law enjoy vast advantages over men today?

They have special privileges in everything from getting a seat in a crowded bus to getting away with marital murder. A man who kills his wife in a fit of rage after 20 years of in-

cessant abuse goes to the chair or to prison for life. But a wife can cold-bloodedly mow down her husband, invent any defamatory lie about him she can think up to explain her act, and still have an odds-on chance to cry her way to freedom. She may even later marry a sympathetic bachelor on the jury.

The energy men burn up in out-worn forms of gallantry-running errands for women, lighting their cigarettes, straining themselves pushing revolving doors so the girls can walk through without so much as even lifting their little pinky—probably is one explanation why men die younger.

One man I know even blames his baldness on his chivalry. "My mother taught me at the age of 5 to remove my hat in the presence of ladies," he said. "After 35 years of taking off my hat and putting it on again I finally got a bald spot on my hair off. And what is my reward? Women laugh at me now."

There is also the little legal matter of alimony. A wealthy woman now can marry a poor and innocent young man, turn his boyhood home into a palace, and then—after he gives her the best years of his life—toss him aside penniless and go on to another man. If he tries to sue her for a fair share of her boodle, he is laughed out of court as a bum.

The 20th Century has been a one-way street for the ladies too long. Let's climb on Mrs. St. George's bandwagon, boys, and force women once and for all to take equal rights. If they are made equal in law, they must in time accept equality in social customs, whether they want to or not.

Let the girls tip their hats to us every time we tip ours to them. Let them light our cigars every time we light their cigarettes. Let them do their fair share of pushing in revolving doors. Let them divvy up some of that 70 per cent of the nation's wealth they now control. When they go on maternity leave, let us sit on paternally leave.

An equal rights amendment that shifted more of the world's burden on women would help free a man from worrying about what would happen to his widow. It might result instead in leaving him a care-free, cheerful old widower himself with nothing on his mind except where to find the right cozy blonde to soothe his sadness while they spent the insurance money.

# March May See India-Pakistan Reconciliation

By EUGENE LEVIN  
NEW DELHI, India (AP)—March may provide India and Pakistan a bright new prospect for reconciliation.

For the first time in more than a year, the two countries are voicing good will toward each other, and rumors are current of a solution in disputed Kashmir and on many of the other issues dividing the feuding neighbors.

In the first week of March, "steering committees" of high Indian and Pakistani officials will meet, probably in New Delhi. They will discuss dozens of minor disputes and do the spadework for a New Delhi meeting at the end of the month between Prime Ministers Jawaharlal Nehru of India and Mohammed Ali of Pakistan.

At the moment, relations are better than they have been since Ali and Nehru met in 1953, in the same atmosphere of good will now prevailing. This atmosphere was quickly dissipated in charge and countercharge, however.

But the pendulum started to swing back New Delhi and Karachi agreed to reopen talks, under the auspices of the World Bank, on a division of Indus Canal waters. A railroad link was opened between India and West Pakistan for the first time since partition in 1947. Bitter relations again gave way to good will, and in January Pakistani Gov. Gen. Ghulam Mohammed visited New Delhi to join in India's Republic Day celebrations. The March negotiations were scheduled.

Minor issues range from the payment of pensions to trade and travel regulations. The World Bank will be allowed to continue its efforts to resolve the canal matter while Kashmir is left to the prime ministers.

Rumors current in New Delhi and Karachi say Ali and Nehru may agree to settle Kashmir on a "status quo" basis — incorporating those parts of Kashmir now in Pakistani hands in Pakistan, and the Kashmir areas under Indian control in India. The present cease-fire line drawn by the U. N. Security Council, would become the border between Pakistan and India. The question remains whether Indian and Pakistani opinion would accept this solution.

**OFFERS TITLE FOR FUNDS:** — Mrs. Lina von Lamezan, 81, looks at an old photograph album in her home in Chicago as she awaits answers to her ad printed in a local newspaper. Mrs. von Lamezan, who calls herself a baroness, with authentic credentials to prove it, ran an ad offering to adopt whoever wants the title — in return for an unspecified sum of money. Mrs. von Lamezan, a childless widow, told a reporter she needs the money. In return for it, she added, she would share the title with an individual, a couple or a family. (AP Wirephoto).

# Rotarians Elect New Officers For Year

N. O. VanNortwick, Jr. was elected president of the Greenville Rotary Club last night as the club named its officers for the coming year.

Bancroft Moseley was elected vice-president. Wendell W. Smiley was re-elected secretary-treasurer, and Dr. E. W. Larkin, Jack Boone, Dr. Carl Adams, Bob Wilfong and Dave Whichard were elected to the board of directors. The new officers will begin their duties July 1.

The movie "The Great Adventure," celebrating the 50th anniversary of Rotary International was shown at the club at its meeting in commemoration of the 50 years of service of Rotary throughout the world. The film will be televised over station WNCN Sunday afternoon at 3 o'clock.

It was announced that the annual ladies night banquet of the club will be held on March 14, and will be held in conjunction with the Golden Anniversary celebration. The annual district conference of the 27th Rotary district will be held in Kingston March 3 and 4.

Guests at the meeting included

Miss Mildred Coreman, daughter of Rotarian Henry Coleman, Bill Moyer, son of Rotarian Joe Moyer, Dr. S. M. Crisp, Al Kirks Jr. of Illinois, and visiting Rotarians S. M. Edwards of Ayden and Dr. Harry Comer.

# Monday's Cases In Police Court

By CHESTER WALSH  
In Police Court Monday Judge Charles H. Whedbee found Joseph Tyson, Negro, 605 Tyson street, guilty of assaulting Arthur Lee Tyson, Negro, and ordered the defendant to pay Dr. J. L. Winstead \$50 for surgery, and \$15 to the victim to compensate him for loss of time from work.

Testimony was that Joseph Tyson assaulted Arthur Lee Tyson with his teeth, and that "he bit his victim's face and lower lip until it looked like sausage."

Judge Whedbee sentenced Joseph Tyson to three months on the roads, sentence to be suspended on condition that he pay \$50 to the surgeon and \$15 to his victim.

Sylvester Vick Sr., carpenter, a regular defendant in the Greenville Police Court for being drunk, was fined \$10. Coincidentally, while the Police Court clerk was turning over a copy of the court docket to a reporter, two policemen came into police headquarters with Sylvester Vick Sr. in custody again and on the charge of being "drunk and a public nuisance."

Drunk: James Parker, Negro, Moore street, \$10; Christopher C. Henderson, 1212-B Cotanche street, (and disorderly) 30 days in jail; Otis Wilson, Rte. 3, Greenville, \$10; Milton Ward, 917 Taylor street, (and disorderly), \$15.

Fountain G. Harrington, Rte. 6, Greenville, drunk, \$10; possession and transportation of non-tax paid whiskey, 30 days in jail, sentence suspended on payment of \$25, costs deducted. The judgment also provides that Harrington is not to violate any law for a year.

James E. Stevenson, Negro, Rte. 1, Winterville, violating terms of a suspended sentence for improper passing, was given 60 days on the roads.

Henry H. Pollard, 200 West Gum Road, failure to stop at a stop sign, prayer for judgment continued on payment of \$5 on costs. The judgment also provides that he is not to operate a motor vehicle for 30 days, except to and from work, unless and until, he makes restitution for property damage.

Riddle Mack Davis, Negro, Williamston, non-support, six months, suspended on payment of \$25 for support before his release. In addition, he is to pay \$10 a week beginning March 5, 1955, for support. The judge ordered this cause to be retained for further order.

Rosa Lee Saunders, Negro, 48 Watt street, disorderly conduct, prayer for judgment continued on payment of \$5 on costs. The judgment also provides that she is not to visit the Roxy Theater for 30 days and must remain of good behavior.

Joe Louis Anderson, Rte. 2, Greenville, improper brakes, 30 days, suspended on payment of costs and he is not to operate a motor vehicle without proper brakes.

Lonnie Jones Jr., Negro, of Fountain, was found not guilty of larceny of an automobile from W. E. Yelverton.

Guy L. Mosingo, Richmond, Va., speeding, \$15.

Leroy Smith, Negro, 1304 Clark street, assault, 30 days, suspended on payment of costs and he is to pay \$13 medical bill for Watt Smith.

Jesse Ray Taylor, 404 East Gum Road, was found not guilty of failure to yield right of way.

Johnnie Moyer, Negro, Rte. 4, Greenville, 30 days, suspended on payment of \$200 and costs and he is not to operate a motor vehicle without an operator's license. The court recommended that Braxton's operator's license be revoked for an additional two years.

payment of costs, and he is not to operate a motor vehicle without an operator's license.

# Southland Life Reports Increased Business In 1954, And Expansions

DALLAS, Tex.—In his annual report of Southland Life Insurance Co. for 1954, President Dan C. Williams has announced an increase of 51.4 percent new paid business in 1954 over the preceding year. The actual sum for 1954 amounted to \$206,702,366.

New Accident and Health premiums were disclosed to have reached an all-time company high, increasing 89 percent over the performance of 1953 Group Accident and Health premiums collected to total \$814,507, an increase of 83.7 percent.

During the year, the company's insurance in force showed a gain of over 14 percent, and as of December 31, 1954, totaled \$96,079,134.

Williams cited company expansion during the past year, going into the District of Columbia and other states. A service office was also opened in Greenville, N. C., bringing the total of branch offices to 55.

Mr. D. L. Shearin is district manager of the Greenville office located in the Fleming Building, corner of Fifth and Evans Sts. The office is headquarters for agents servicing the towns of Williamston, Washington, New Bern, Kingston, Greenville and surrounding territory.

# New Skyscraper Built On Pontoon

MEXICO CITY (AP)—Mexico City's newest and tallest skyscraper — 43 stories and 600 feet — is built on a floating foundation like a pontoon.

Construction of the office building, twice as tall as any other in the city, made the foundation a special problem. Mexico City is built on wet clay. Pressure on the clay forces out the water and it shrinks. Bedrock is so far down beneath the clay that engineers cannot put the foundation on the rock.

Planners for the Latin American Insurance Co. owner of the building decided to float part of the weight. A hole was dug 45 feet deep over all the area the building occupies. Water-tight walls and floor were braced inside. The result is that the upward pressure of the water and clay around the building support part of the weight, just as the upward pressure of the water supports a ship. Piles which mushroom out at the bottom support the rest of the weight by friction with the clay.

# Plan Checks On Atomic Blasts

TOKYO (AP)—Japan's weather bureau plans nine new stations "to determine the site and measure the strength of atomic and hydrogen bomb explosions." Also three ocean-going weather ships are under construction for checking water radioactivity in the Pacific and to plot approaching typhoons.

The weather bureau has been under criticism because of disastrous typhoon damage and national anxiety over radioactivity detected following American and Russian atomic tests.

# Exemption, But No 'Dependent'

GREENSBORO — P. K. Sanders, Director of Internal Revenue, said today that while a taxpayer may obtain a deduction for the personal exemption of his wife, under no circumstances may he claim her as a dependent on his Federal income tax return.

"Some people are under the impression that a taxpayer may claim a deduction of \$600 for his wife as an exemption under the Internal Revenue Code of 1954 and also claim an additional deduction of \$600 for her as a dependent," Mr. Sanders said. "Others believe that a taxpayer may claim his wife as a dependent even though she has income of her own and files a separate return."

"The Internal Revenue Code of 1954 contains a new provision designed to broaden the definition of 'dependent' to include persons for whom no deduction was allowed under prior law, such as foster children and children in the taxpayer's home awaiting adoption. It does not include, however, the spouse of a taxpayer who has always occupied a unique status for income tax purposes because of the marital relationship. The spouse of the taxpayer has never been included within the definition of a dependent."

"As was the case under prior law, when a joint return is filed, the husband and wife are each allowed a \$600 deduction for personal exemption. If the taxpayer files a separate return, he may also obtain a \$600 deduction for the personal exemption of his wife, as well as a \$600 deduction for himself, provided his wife has no gross income and is not the dependent of another taxpayer."

# Canadians Will See Atom Tests

WASHINGTON (AP)—Canada will send a small group to the current atomic tests in Nevada, the Defense Department announced today. It will be the first active foreign military participation in a United States nuclear training test.

The Canadians are members of a radiological defense group composed of about 60 army, navy and air force officers and men. The Pentagon said that they will conduct an exercise in a radioactivity area for the purpose of training other Canadian military personnel.

# Not His Meat, And Wants None

YONKERS, N.Y. (AP)—James E. McCue, deputy public safety commissioner, is fed up with the meat business. That is because so many people called his nonlisted telephone number and gave him orders for such items as steaks, pork chops and hog dogs.

His unlisted number was listed erroneously in a telephone directory as the number of the meat department of a super market.

Now McCue has obtained a new nonlisted number.

# Dirty Job To Recover Loot

MUSKOGON Mich. (AP)—Police cleaned up an old burglary with the arrest of two youths, but it would be a dirty job to recover the loot.

Sgt. Andrew Plouhar said the two admitted breaking into a drug store in 1953 and burying the loot alongside an old dock on Muskegon Lake. The area now has been filled in with tons of dirt and houses a construction company.

# Helicopter Came To Wrecked Car

HOUSTON (AP)—When a first lieutenant received injuries in an automobile wreck near here, a patrolman called for an ambulance and received a helicopter.

The craft dropped between power lines, settled near the accident scene, and corpsmen had 1st Lt. Herschel Williams, 27, Mobile, Ala., at a base hospital in 10 minutes.

"Williams needed an ambulance and our rescue teams needed practice," said a spokesman at Ellington Air Force Base.

by Bruce Phillips

EAST CAROLINA WRITES FINIS TO CAGE SEASON

Tournament time has come and gone for Coach Howard Porter's East Carolina cagers. The Purple and Gold briefs of the basketballers are to be replaced soon by the heavy woolen of the baseball player.

So the Pirates failed to capture the NAIA District 26 playoffs which they won so handily last year, but, gracious man, look what they did do!

With seven freshmen aboard their traveling squad of 12, they finished third in conference play, and were on the leaders' heels every inch of the way. Their 13-4 loop record is a formidable mark to compile in any league.

The Pirates were counted out as contenders long before the season commenced. Their losses via graduation were too heavy, said the various coaches and scribes. Sure, they missed Bobby Hodges and Charlie Huffman but they more than made up for that in hustle and fight. Even their most critical opponents were impressed with the Pirates desire to win.

"We'll be satisfied to win 12 of our 22 games scheduled," was Coach Porter's pre-season commentary. Today, he is well-pleased with his bunch. The yearlings wanted to play college ball and were eager to learn. The quite, bearded master never ceased priming.

With veteran Cecil Heath and J. C. Thomas, plus the seasoned Sophomore Don Harris around to comprise the backbone, Porter methodically went to work on newcomers Carvel (Nick) Nichols and Guy Mendenhall, and it wasn't long before forecasters were eating their crystal balls.

East Carolina's downfall in the NS and NAIA tournaments is easily explained. The Pirates didn't have a breather on their entire card. They had to sweat every game and the pace was bound to tell. A foreign court and a fired-up ball club was too much weight for a team predominately freshmen.

It is a pleasant thought that Thomas, Harris and the frosh brigade are to be back next season. Heath and Waverly Akins will be missed naturally, but can you see any reason why the Bucs shouldn't be as strong or stronger in the coming campaign? One thing is as sure as the sunrise—a Porter-coached team is going to be a contender!

ACC'S WIDGON, AN OUTSTANDING PLAYER INDEED

Thirteen of the 14 votes cast by sports writers and radiomen at the North State Conference tournament Saturday night supported Atlantic Christian's Billy Widgon as the tourney's outstanding performer. The swift little blond was head and shoulders above the rest in the four-day tournament. His 29-point exhibition in the finals against Lenoir Rhyne defeated all challenges for the award.

His play against ECC in Kinston last night was the big factor in ACC's win. Although his 14-point total was below that of John Marley, Kim Buchanan and Jerry Williams, it was more significant. The former Newport News High School star scored just when ECC would threaten to head the Bulldogs off or when ECC was behind to the point his points practically wiped out their hopes.

He has given every indication of becoming one of the league's all-time standouts. The thing that singles him out from his teammates is his team play. With such remarkable accuracy, he is obviously tempted to shoot a lot, especially from outside, but almost invariably hands off to a fellow Bulldog when he has a easy scoring opportunity.

TOMMY BOLT SEEMS UNDER CONTROL AT LAST

Tommy (Thunder) Bolt, the terrible-tempered golfer who once called North Carolina home, appears to have gotten control of himself. Having built up a gaudy reputation as a show-off and clown-extraordinary when he was actually a fine golfer wasn't paying off for the nice-looking Bolt.

He won the Tucson Open a while back with a fine display of golf and didn't wrap a single club around a single tree. His only display of showmanship was doffing his cap to the crowd, which is a mild gesture for Tommy, indeed.

For months and months Bolt made headlines by his brilliant scoring and displays of temperament. Whether this was for publicity or a natural letoff of steam was a debatable question.

Now he is changed, and a changed golfer making good in a big way. Although he could cool off to the point where he would be a mechanical golfer with no color, that isn't likely. With his temper under control and his game at its epitome, he'll be a Thunder Bolt of another kind.

NORTH CAROLINA HAS 44 PLAYERS IN MAJOR LEAGUES

The Carolinas are no longer king in the matter of professional baseball clubs in operation, but the cornbread and collard greens country is still front-and-center in production of major leaguers.

Every club in the major leagues will have at least one native Carolinian on its roster this year, and three teams may wind up with five apiece.

Bucs Defeated In NAIA Opening Round

Baseballers Open Spring Training

By JOE REICHLER ST. PETERSBURG, Fla. (AP)—The citrus and cactus season—baseball's spring training—got under way today on widely scattered fronts in Florida and Arizona.

This is the day baseball officially opens the long grind that will lead to the World Series seven months hence. Thirteen clubs will get through their pre-season in Florida while three more—the world champion New York Giants, Cleveland Indians and the Chicago Cubs—are in Arizona.

The clubs will have 10 days to get into shape for the exhibition season beginning March 10. This late opening of training, put through by the players themselves, has proved unpopular and it wouldn't surprise anyone if the rule were changed in the near future.

In fact, only yesterday Commissioner Ford Frick fined the Milwaukee Braves \$500 and 14 of the club's players lesser amounts for breaking the rule.

"This March 1 deadline was imposed by the players themselves," said Frick. "I think it's a bad rule. I think spring training should be governed by the clubs themselves. But as it's a baseball law my office will enforce it."

Attracting almost as much attention at the start of training are the efforts of the Indians to get their players under contract and the big question of whether Ted Williams is going to return to the Boston Red Sox.

The American League champions still have 10 players outside the fold and General Manager Hank Greenberg said: "Someone's being unreasonable, and it's not me."

All told, 35 major leaguers still have not signed contracts.

J. C. Thomas takes to the air lanes to dunk two points for East Carolina against Atlantic Christian last night in Kinston. Thomas scored 22 points but he and his teammates were 98-107 losers to ACC in the first round of the NAIA tournament playoffs. Billy Widgon (9) shields himself from the flying Thomas. ACC's Kim Buchanan (4) and Ron Percise (behind Widgon) are also shown in the photo. (Reflector Sports Photo by Alvin Taylor).

San Francisco Tops Cage Poll For 4th Week

By THE ASSOCIATED PRESS

For the fourth straight week the University of San Francisco today was named the No. 1 college basketball team in the weekly Associated Press poll with Kentucky and LaSalle still in close pursuit of the defense-minded Dons.

Of the 104 sports writers and sportscasters voting, 43 named San Francisco as the top team. The Dons, boasting the best defense among major colleges, amassed 888 votes. The balloting was based on records of games through last Saturday, with points on the usual basis of 10 for each first-place vote, 9 for second, etc.

Duquesne, seeded No. 1 in the National Invitation Tournament, experienced the biggest drop when bowing to Dayton. The Flyers seeded it fell from fourth to eighth after ed No. 2 in the NIT, moved up from 11th to 10th.

Marquette, North Carolina State, Minnesota and Utah all climbed one notch in the rankings as a result of Duquesne's setback. UCLA held ninth place.

The leaders, with first-place votes in parentheses:

- 1. San Francisco (43) . . . . . 888
- 2. Kentucky (15) . . . . . 723
- 3. LaSalle (9) . . . . . 640
- 4. Marquette (8) . . . . . 620
- 5. N. C. State (1) . . . . . 425
- 6. Minnesota (1) . . . . . 369
- 7. Utah (4) . . . . . 359
- 8. Duquesne . . . . . 348
- 9. Dayton (6) . . . . . 285
- 10. Alabama (4) . . . . . 265
- 11. Iowa (3) . . . . . 252
- 12. G. Washington . . . . . 115
- 13. Oregon State (2) . . . . . 77
- 14. Tulsa (1) . . . . . 68
- 15. Vanderbilt . . . . . 55
- 16. Illinois . . . . . 42
- 17. Maryland . . . . . 40
- 18. Memphis State (1) . . . . . 37
- 19. Missouri (1) . . . . . 35

Fast ACC Start In 107-98 Victory

By BRUCE PHILLIPS Reflector Sports Editor

Atlantic Christian's newly crowned North State Conference champs appeared on their way to another tourney title last night with a 107-98 win over East Carolina in the NAIA District 26 playoffs.

Coach Jack McComas' Bulldogs have to get past Lenoir Rhyne's Bears in the final round tomorrow night to win a berth in the tournament at Kansas City. Lenoir Rhyne defeated Presbyterian last night in Hickory, 100-90.

For Coach Pap Hamilton's Bruins, it will mean another shot at the high-flying Bulldogs. ACC whipper Lenoir Rhyne handily in the finals of the North State tourney last Saturday night.

Last night's game concluded all cage affairs for Coach Howard Porter's Pirates. The setback was their second in first-round tournament play in the last five days.

East Carolina was the defending champion in Kinston but ACC's reputation for upheavals was widespread. This setting brought some 2,400 persons into Granger High gymnasium to watch the action.

The game was a thriller throughout. Each team hit on 60 per cent of their shots in the opening half and ACC wound up with a remarkable 62.1 percentage for the entire game. ECC's overall accuracy was 48.1 per cent.

Fast Start

ACC jumped off to a 12-point lead before ECC could break a sweat. Tall John Marley and little Billy Widgon, the most valuable player in the NS tournament, combined their talents to push ACC ahead, 16-4. From this point, the Pirates began to close the gap steadily.

ECC's first five—Don Harris, Nick Nichols, Guy Mendenhall, J. C. Thomas and Cecil Heath—collected a bucket apiece and East Carolina narrowed the score to 18-14.

Heath popped in a two-hand push shot to deadlock the score at 22-all with 12:24 showing on the clock. This was the only time ECC managed to catch the Bulldogs all night. East Carolina stuck with the point-happy Bulldogs for the remainder of the half and the intermission score was ACC 56, ECC 51.

The scoring of Nichols and Thomas kept the Bucs within challenging distance most of the way. Marley of ACC was the leading point-maker for both teams. The 6-11 center canned 27 points. Nichols and

Play-Off

FARMVILLE—Robinson Union of Winterville and P. C. T. S. of Grimesland will meet at 7:30 p.m. tomorrow night in Sugg High gym to determine who will reign as the Pitt County Interscholastic Athletic Association champion.

The two teams go into the game with identical conference marks of 5-3. Falkland and Sally Branch boys will meet in a preliminary game.

Buchanan Hot

Besides Widgon, two other Bulldogs were sizzling in both the scoring and rebound departments. Jerry Williams collected 22 points and Kim Buchanan recorded 20 and a like sum of rebounds. The tap-ins by Buchanan were very instrumental in ECC's downfall.

Mendenhall played a good ball game for the losers. He had a terrific height disadvantage against Marley and Bill Beacham, reservist center. The blond freshman scored 12 points and did a commendable job rebounding.

Close Again

East Carolina pulled within one point of the Bulldogs midway the second half. Thomas' one-hander: jacked ECC's total to 78, just one count behind ACC's 79. But Marley and Buchanan hit two quick baskets and the Bulldogs held a controlling lead again.

ECC might have caught the Bulldogs had Harris, Mendenhall and Heath not fouled out in the dying minutes. With the 6-5 Mendenhall on the bench, Nichols was left to guard Marley, who is seven inches taller.

East Carolina's overall won-lost mark is 16-8.

The box:

Player	fg	ft	pf	tr
Hester, f	0	0	0	0
Williams, f	6	10	2	22
Buchanan, f	8	4	4	20
Marley, c	9	9	1	27
Beacham, c	1	0	0	2
Percise, c	3	5	4	11

# ON THE HOUSE

By DAVID G. BARUTHER, Real Estate Editor

How to modernize a house turned out to be one of the most significant although little noticed problems taken up at the recent Chicago convention of the National Assn. of Home Builders. If house-holders in general could have squeezed into that convention, which overflowed all the Loop's hotels, they would have rushed for that session on keeping homes up to date.

The builders were so enthusiastic about the more than a million new homes they are going to build this year that they had to be convinced that there is a lot of good business in remodeling our great majority of older homes—even though they will be taking some of them as trade-ins on their new models.

One of the speakers—Sam Paul, a Long Island, N. Y., architect—took the bull by the horns and admitted to the builders "when you remodel an old house, you are in a sense competing with new homes."

He explained:

"Every effort should be made to incorporate into the old structure as many as possible of the features that ordinarily are found in the sleek new homes of today."

From that point on, there was plenty of sound advice for every homeowner who would like to bring his house up to date.

The new housing law, which provides more liberal financing terms for modernization jobs, and the fact that the government generally is seeking to stimulate improvement of old houses were stressed by Architect Paul as working toward the advantage of everyone involved.

"Value received in a purchased modernized home," he said, "will be equal to, or perhaps greater in some cases than a new home—provided the renovation is carefully planned and carried out."

"Eight years ago, we were the architects in the remodeling of a white elephant in the village of Hewlett Neck, Long Island. The house, on a 3/4-acre plot in a very fine residential area, had been purchased for \$10,000. Another \$10,000 was invested in the modernization. When the job was completed, the owner was offered \$30,000, but didn't want to sell. Today, that

home is worth \$50,000.

"There is no home that cannot be remodeled, but the cost factor in modernizing may not warrant it. In that case, you stay away from it."

Being an architect, he naturally emphasized the importance of having an architect on any remodeling team. Why not? Design has played a bigger part in hastening the obsolescence of homes in the past 10 years than it ever did before in a quarter of a century. And since design is so important in new homes, you certainly need it in bringing any home up to date.

Why? Paul answered that question this way: "Many basic changes have come about in American family living habits in the past 20 years. We now have the problem of locating a television set. . . A family room, or recreation room has become almost mandatory. A very common deficiency in old houses is the lack of adequate bathrooms. To add another bath is costly, but it will increase the saleability of the house. . . Other deficiencies you can be sure of are the kitchen areas, auto storage and closet space. . ."

"The remodeled home also will require space for the do-it-yourself people—sewing area, workshop and hobby space."

Here's a summary of the principles Paul advocates for putting an older house in competition with new homes—"the same principles of good planning as applied to new construction":

- 1—Open planning.
- 2—Proper orientation.
- 3—Adequate light and air.
- 4—Ease of traffic circulation through the house.
- 5—Simple construction and good mechanical equipment.
- 6—Pleasing exterior.

## Beans Solved Bird Problem

SAN ANTONIO, Tex. (AP)—They tell this one about Maj. Gen. Clements McMullen (ret), former commanding general at Kelly Air Force Base.

When starlings persisted in landing on all surfaces of B38 bombers, soiling them and creating "drag", the general ordered children's beanle caps fixed on parked bombers' tail sections. Their whirling plastic propellers frightened the birds away.

# NEW MERCURY WINS RAVE REVIEWS FROM AMERICA'S TOP AUTO EDITORS

"In my book, the 1955 Mercury Montclair is the best-looking car made in America regardless of price. . . The '55 Mercurys have nearly everything—looks, top performance and roadability."

**TOM McCAHILL**  
True Magazine's "Automobile Yearbook"

"On looks, (Mercury) is sleek enough to draw whistles. . . a doozy to drive—quick, smooth, and sure-footed. It is the kind of car you would want as a good companion on a long, fast trip."

**FRANK ROWSOME, JR.**  
Popular Science Monthly

"With its all-new styling and high speed, (the new Mercury Montclair) may become 1955's most popular car. . . I love its looks, visibility, speed and handling. . . It's hot as a pistol."

**HARVEY B. JANES**  
Auto Age

"Performance-wise, all three lines (Custom, Monterey, and Montclair) are bombs, triggered by big 292 cubic-inch engines with plenty of torque for spine-tingling pickup when you want it."

**AUTO EDITORS**  
Mechanics Illustrated

Mercury Montclair, Monterey, Custom on the test track at Dearborn, Michigan. All 10 models in Mercury's 3 new series are powered by new Super-Torque V-8 engines (198 horsepower in the Montclairs, 188 horsepower in the Montereyes and Customs). Dual exhausts are standard equipment on the

Montclairs and Montereyes. Mercury's pickup and passing power has been boosted in every speed range. Tests show acceleration increases of as much as 30 per cent, and you get far more usable power for safer passing and hill climbing. Get behind the wheel of a new Mercury. Feel the difference yourself.

IT PAYS TO OWN A MERCURY—FOR FUTURE STYLING, SUPER POWER

Don't miss the big television hit, Ed Sullivan's "TOAST OF THE TOWN". Sunday evening, 8:00 to 9:00. Station WNCT, Channel 3.

# Stock And Market Reports

**NEW YORK (U)—**The stock market continued its rise today for the second straight session, but the advance was labored.

Railroads and steels were active and higher in their leadership role. Aircrafts were backward.

Gains went to around 2 points in a few instances. Losses usually were cut off at around a point.

Business was moderate. Except for the opening rush, the tape idled along at about the rate of yesterday's 2,620,000 shares.

Motors and radio-televisions were steady. Rubbers were lower. Oils were usually higher.

Western Union was strong in the report that it made more money in January of this year than in the first two months combined last year.

Also higher were Bethlehem Steel, U.S. Steel, Woolworth, American Telephone, Kennecott Copper, New York Central Seaboard Railroad, Union Pacific, Royal Dutch Petroleum and U.S. Gypsum.

Superior Oil of California sold at 1040, up 45 1/2 and again at 1025 up 30 1/2. Yesterday the stock was ahead 94 1/2 at 994 1/2.

A block of 15,000 shares of Olin-Mathieson Chemical traded off 1/4 at 53 3/4.

**CHICAGO (U)—(USDA)—**Salable hogs 7,000; fairly active; bulk butchers unevenly 25 or more higher; top however only steady with Monday; sows generally 25 up; most choice 190-230 lb butchers 16.00-16.50; a few loads and lots down 16.00-16.75; 240-280 lb 15.50-16.00; 290-350 lb 14.50-15.25; a load 263 lb 14.65; choice sows 460 lb and lighter 13.75-14.50; 450-600 lb 12.75-13.75; good clearance.

Salable cattle 5,000; salable calves 300; slaughter steers fully steady; heifers about steady; cows irregular, averaging steady to weak; bulls weak; vealers fully steady; stockers and feeders steady; a few loads and lots high choice and prime steers 28.50-33.50; most choice steers and yearlings 24.25-27.50; good to low commercial and 24.00; two loads cow choice 19.50-24.00; utility Holsteins down to 19.50; good and choice heifers 18.00-23.25; a load of light utility heifers 14.50; utility and commercial cows 11.00-13.50; a few lots up to 14.00; most utility and commercial bulls 14.00-16.00; good and choice vealers 20.00-25.00; most utility and commercial vealers 10.00-19.00; a few light cuts down to 5.00; high medium to choice 7.00 and 9.75 lb steers and yearlings on replacement account 18.00-22.00.

Canadian officials report that average temperatures in their country are rising at a rate of three degrees every 70 years.

He pulled out numerous hand-size Atomic Age gadgets and asked his audience if anyone could name or identify them, all apparently new instruments just put on the market.

"We need motors", Coates said, "to take the place of seventy-five cents an hour labor."

He noted that more farmers now (1955) have electricity "than did not have electricity in 1935".

# Use Of Electricity On Farms Stressed

Pitt County 4-H student leaders who attended the meeting of the 4-H County Council in Greenville last night are shown imbibing refreshments after listening to an address by E. S. Coates, Extension specialist from State College. The 4-H students also discussed plans for the observance of "National 4-H Week", March 5-13. (Reflector Photo by Robert Smith).

"I am disturbed about these things", said E.S. Coates, Extension 4-H worker from State College, to members of the County Student 4-H Council, which held its monthly meeting last night in Greenville.

The extension worker was referring to the unwillingness of many farmers to adopt electrical labor-saving devices and motors to help in farm work.

He pointed out as an example that "our hens like to have warm water like we like to have warm water", and they need it in the wintertime, and "will lay more eggs with warmed water". Coates then displayed a gadget that was designed to heat water for farm animals in cold weather.

"I've seen icicles dropping out of the noses of cows", he declared, to illustrate his point that electric water-warming devices should be used in winter weather.

Earlier in the program plans were discussed for the observance of "National 4-H Week," March 5-13. The 4-H Council plans to place cards indicating that 4-H week is forthcoming on tables in several restaurants around town. "We're not trying to advertise", asserted Mrs. Elizabeth Johnson, County 4-H-Home Demonstration worker, "and yet we are".

The 4-H Club also hopes to have the 4-H flag displayed on the court house lawn during National 4-H week.

A television program is scheduled to feature a 4-H family on Wednesday night, March 9. C.J. Goodman, Assistant Farm Agent, will appear on the program along with the parents and family of 4-H Club member Larry Dilda of Fountain.

Several local radio programs are scheduled during National 4-H Week to outline the ideals and purposes of 4-H club work in Pitt County and the nation.

3:30 with a summary of the meeting by Aubrey D. Gates, field representative, American Medical Association, Council on Rural Health. Dr. Zack D. Owens, president, N. C. State Medical Society, will deliver the concluding remarks and appreciations.

The local Rural Health Committee of the Pitt County Medical and Dental Society is composed of Dr. Humbert, chairman; Dr. M. E. Massey; Dr. Clifton Davenport, Ayden; and Dr. W. A. Moody, Bethel.

Conference local arrangements committee consists of Dr. Humbert, chairman; W. M. Pate, Sam C. Winchester, Mrs. James J. Smith, Mrs. Lillie Little, Dr. Toll, Dr. Ray D. Minges, Greenville, and Mrs. Edna Earle Baker, Farmville.

Members of the Ladies of the Auxiliary to the Pitt County Medical Society will serve as registrars and hostesses for the conference.

**Hickory Woman Identified As Highway Victim**

TAYLORSVILLE, N.C. (U)—A woman whose body was viewed by more than 2,500 persons has been identified as Mrs. Alice Vinson, 30, of Hickory. She was found Sunday on the shoulder of a road in Alexander County in front of the Oxford Memorial Baptist Church.

Two men are being held in connection with the case.

J. C. Maine of Hickory identified her body last night after it had been viewed by more than 2,500 persons as it lay in a funeral home here. He said she worked for him as a housekeeper and he had last seen her Saturday. He added she was separated from her husband.

There will be a crew meeting at Mrs. Annie Little's home, 1108-A Pitt St., Thursday at 3:30 p.m. This is an important meeting.

The Junior Choir of Cornerstone Baptist Church will rehearse Wednesday night at 8 o'clock.

**C-of-C Film Is Shown Schools**

Through the courtesy of the Greenville Chamber of Commerce the film, "It's Everybody's Business", was shown to both white and Negro high schools of Pitt County during February.

Mrs. Edna Earle Baker, county supervisor, made arrangements for the showings. She was assisted by the principals, Zeke Satterthwaite and Miss Hazel Jordan.

The film was viewed in 13 high schools by 1,743 students and 96 adults.

Mrs. Baker reported the film was received "with much enthusiasm, and we feel that it was time well spent."

**Regional Health . . .**  
(Continued From Page 1)

company has failed to give damage "in accordance with terms of the (issued) policy."

In another filed brief, Ernest Mills and Robert Mills seek to collect \$1,500 for harvested tobacco destroyed by fire on the same date in Farm Bureau Mutual Fire Insurance Company. Mills states that he lost 2300 lb (valued at \$1,150) of harvested tobacco in a fire which destroyed a building on a farm in Winterville Township. The fire occurred, Mills said, on August 28, 1954, and declares that the fire insurance

**Pie-Throwing Is \$5 Privilege**

WESTERVILLE, Ohio (U)—For \$5, Walter Bonnett discovered, he could have the privilege of throwing a chocolate pie in the face of the Otterbein College librarian.

Seems the Student Council recently came up with the idea of holding an auction, with all sorts of privileges to the highest bidder, to raise money for four organizations which help students go abroad to college.

Bonnett, a junior from Dayton, tossed the pie at Otterbein librarian John Becker. Bonnett scored a hit. The professor grinned.

**Three Soldiers Die On Gallows**

LANSING, Kan. (U)—Three soldiers who killed a taxicab driver died on the gallows early today in Kansas' first triple execution since the state resumed capital punishment two decades ago.

The three Negro enlisted men, hanged under Army supervision, were Chastine Beverly, 25, Bally, Va.; Louis M. Suttles, 26, Chattanooga, Tenn.; and James Riggin, 28, Birmingham, Ala.

All wore regulation army uniforms stripped of insignia. They went to their deaths quietly.

They were convicted at Ft. Leonard Wood, Mo., of fatally beating Harry Langly, a Waynesville, Mo., cab driver and stealing his cab and money in September, 1951.

Military authorities and President Eisenhower upheld the death sentences fixed by a court-martial.

# GOP Votes Sue Over Incident

MIAMI, Fla. (AP)—Dade County Republicans last night voted to sue the Urmye Hotel over a Lincoln Day dinner incident in which 24 Negroes were asked to leave.

The Republican County Executive Committee also:

Apologized to guests of Negro committee members who were embarrassed by the incident.

Commended the action of officers and committee members who walked out of the dinner in protest.

Ordered a resume of the facts to be sent to President Eisenhower.

Called for a federal investigation to determine if civil liberties were violated.

Joe Miller Jr., a Young Republican leader, blamed Edward N. Claughton, owner of the hotel. Miller said that while plans for the dinner were announced six weeks in advance, Claughton registered objections only three days before it was to be held.

Bert Acker, co-chairman of the dinner and twice candidate for governor of Florida, said he had notified Wesley Garrison, state committee man and co-chairman, three days before the Feb. 12 incident. Claughton said Negroes could not be served in the dining room.

Acker said he urged Garrison to heed Claughton and asked the Negroes to stay away.

Garrison said, however, that Joe Clemmons, operator of the dining room, agreed to serve the Negroes.

No details over size of the suit or what charges may be brought were announced.

**Math Teachers Discuss Work**

Mathematic teachers of the Pitt County schools met in the superintendent's office Monday to discuss the work in all classes of that subject.

The teachers shared materials on bulletin boards and vocations pertinent to math, and Mrs. Eva Jackson, Winterville, presented recommendations and suggestions for the high school bulletin during the next year. These suggestions were discussed and accepted by the group.

Motto selected to head the math portion of this bulletin is "He who knows not mathematics cannot know any other science; and what is more, he cannot discover his ignorance or find its true remedies," by Bacon.

Mrs. Nannie Manning, Ayden, was elected chairman of the group for the 1955-56 school term.

Presiding at the meeting was Miss Elizabeth Edwards of Farmville. County Supervisor Mrs. Edna Earle Baker distributed materials to the teachers.

**Colored News**

The Modernettes Social Club met last week at the home of Mrs. Geraldine Atkinson on Hudson St., at which time the birthdays of Mrs. Thelma Jones and Mrs. Doris White were celebrated. The hostess served a delicious repast and gifts were received from the members.

The next meeting will be at the home of Mrs. Thelma Chaucey, 208 W. 1st St., Tuesday, March 1, at 8:30 o'clock.

The Matron's Social Club will meet Wednesday night with Mrs. Blanche Smith, Douglas Ave., at 8 o'clock. The club welcomes back Mrs. Mary Worthington.

Funeral services for Mrs. Clara Joyner, wife of Mr. Charlie Joyner, who died at 4:30 Sunday morning in Durham, will be held at Rock Spring F.W.B. Church Wednesday at 1 p.m. with Rev. Samuel Hemby officiating. Burial will be at Bell's Cemetery, Falkland. She is the daughter of the late John Bell of Falkland.

Surviving are her husband; a sister, Mrs. Olivia Dupree of Clinton.

# Ayden Rotarians Stage Ladies Night Banquet

AYDEN — At the Ayden Rotary Club's annual "ladies night" banquet last Friday night, the 50th anniversary of Rotary International was observed.

District Governor Ralph Wellons and past District Governor Jean P. Booth recited some of Rotary's history and described its innumerable community and international activities.

Wellons, in his brief speech, stressed importance of the district Rotary meeting to be held in Kingston March 3 and 4. Booth reminded that Rotary International now has 400,000 members in 65 countries, and is continuing to grow.

President-elect Harry Stillman was master of ceremonies. Bob Booth introduced the guests, Way-

land McElhohn welcomed them, and Mrs. Elbert Davidson responded. President Roy Turnage made club announcements, and Corey Stokes told about Rotary's activities in Ayden.

Dr. Grady Dixon gave some of the Ayden Club's early activities, including details in connection with organizing the club in 1923.

Miss Bonnie Rutledge sang two selections, with Mrs. Berkeley Rutledge, her mother, accompanying her at the piano. Faust Johnson directed a period of games and contests.

Warren Kinlaw led the singing of Rotary songs and Wilbur Ormond was accompanist. Jack Fogelman said the invocation.

**March Bows In With Spring Day**

March came in today under typical spring conditions—shifting breezes, mild temperature and indications of rain.

The highest temperature here was 77. Lowest last night 56, and at 8 a.m. today it was 65. Drizzle of rain. Yesterday a year ago, the highest temperature here was 79. Lowest that night 47, and at 8 a.m. next day it was 49. Nearly one inch of rain fell in this area that day.

# Three Civil Damage Suits Are Filed Here Monday; Ask Total Of \$4,150

Three civil damage suits totaling \$5,150 were filed in the Superior Clerk's office yesterday asking the court to order two fire insurance companies to pay for the loss of harvested tobacco destroyed in fires.

In the case of Ernest Mills vs. Farm Bureau Mutual Fire Insurance Company, Mills states that he lost 2300 lb (valued at \$1,150) of harvested tobacco in a fire which destroyed a building on a farm in Winterville Township. The fire occurred, Mills said, on August 28, 1954, and declares that the fire insurance

company has failed to give damage "in accordance with terms of the (issued) policy."

In another filed brief, Ernest Mills and Robert Mills seek to collect \$1,500 for harvested tobacco destroyed by fire on the same date in Farm Bureau Mutual Fire Insurance Company. Mills states that he lost 2300 lb (valued at \$1,150) of harvested tobacco in a fire which destroyed a building on a farm in Winterville Township. The fire occurred, Mills said, on August 28, 1954, and declares that the fire insurance

company has failed to give damage "in accordance with terms of the (issued) policy."
