Joint Stand By Indian, Russian Premiers

Urge Formosa's Surrender

MOSCOW (AP)—The Premiers of Russia and India came out jointly today for the surrender of Formosa to the Chinese Reds.

They also urged a U.N. seat for Communist China and a ban on atomic weapons.

The declaration was signed last night by India's Prime Minister Nehru and Soviet Premier Bulganin, and published this morning at the end of Nehru's 17-day visit to the Soviet Union.

The statement contained little that the two men or their governments had not said before.

Nehru and Bulganin called also for a "simultaneous and substantial reduction of conventional armaments" with "effective international control."

The document was published less than three hours before Nehru boarded a plane for Warsaw to spend three days before pushing on to Belgrade, Vienna, Rome and London.

The crowds which lined the streets this morning to see Nehru off numbered far less than the estimated million which turned out for his arrival.

Nehru was accompanied to the airport by Bulganin, Soviet Communist party chief Nikita S. Khrushchev, Deputy Premier Georgi Malenkov, Defense Minister Georgi Zhukov and other Soviet leaders.

Bidding the Indian leader farewell, Bulganin hailed the joint document as "a solid basis for further development between our two countries and as an example to the rest of the world of peaceful coexistence."

In addition to championing Red China's cause and echoing Russia's disarmament ideas, the declaration:

- 1. Reaffirmed the five principles of international coexistence which Nehru drew up with Red Chinese Premier Chou En-lai at their conference last year and which Yugoslav President Tito later espoused.
2. Urged full implementation of the Indochina armistice provisions calling for elections to unify North and South Viet Nam in July 1956.
3. Called for admission to the U.N. of "all states which are qualified for membership in terms of the charter."

- 4. Acclaimed the results of the Asian-African conference at Bandung, Indonesia, last April.
5. Welcomed the advent of Australian independence.
6. Noted "signs of improvement in the general international situation" and "lessening of tension in the Far East" but warned that the causes of friction still remained in the Far East. Red China's failure to get Formosa and a U.N. seat were the only causes cited.
7. Agreed to promote and strengthen economic, cultural and scientific relations between India and Russia.
8. Hailed improvement of relations between Russia and Yugoslavia.

(In Washington, the State Department said it would have no immediate comment.) Regarding China, the two Prime Ministers said it was their "earliest hope . . . that it will be

possible by peaceful means to satisfy the legitimate rights of the Chinese People's Republic in regard to Taiwan (Formosa).

They said that "continued refusal" to admit the root of many troubles in the Far East and elsewhere "lies at the root of many troubles in the Far East and elsewhere."

The call for U.N. admission of all qualified applicants named no countries specifically.

In referring to the Indochina armistice, the declaration pointed out that Russia had been a co-chairman of the Geneva conference and India was chairman of the armistice supervisory commissions for Viet Nam, Laos and Cambodia.

The implementation of the armistice agreements "has on the whole so far been satisfactory"

but "the progress . . . is now in some danger of being obstructed by new and unexpected developments."

Presumably this referred to reports from Saigon that the South Viet Nam government might oppose the holding of the July 1956 elections.

The two Premiers said no international question is "more pressing or fraught with graver consequences to the issue of war and peace than that of disarmament."

"The tendency to build up arms and armaments, conventional as well as atomic, has increased . . . a prevalent fear and suspicion among nations and has had the effect of diverting national resources from their legitimate purposes, namely the uplift of peoples."

In the opinion of the Prime Ministers, nothing should be allowed to stand in the way of the imposition of a complete ban on the production experimentation and use of nuclear and thermonuclear weapons of war."

As the session opened its fourth day, there still was little public comment on the Soviet foreign minister's speech and his challenge to the West to make the next move in reducing world tensions.

French Foreign Minister Antoine Pinay was second on today's list of speakers.

A later speaker, Nationalist China's Foreign Minister George Yeh, was almost certain to blast Molotov's demands that Red China be seated in the U.N. and that Formosa be handed over to the Peiping regime.

Belgian Foreign Minister Paul-Henri Spaak said of Molotov's speech:

"The entire tone was conciliatory and the speech is certainly worthy of the West's attention."

Others said privately, however, they felt Molotov would have been much more effective if he had stuck to his peace bid and omitted any reference to controversial issues. They also felt he made a mistake in blaming the West for the cold war.

Brig. Gen. Carlos P. Romulo of the Philippines said Molotov's record "was the same old broken record" he had heard in the Molotov had violated the rules of the anniversary session by raising controversial questions and criticizing other nations.

Molotov Re-Raises Old Issues

Some Diplomats Feel Talk Unintentionally Damaged His Peace Offensive

By MAX HARRELSON SAN FRANCISCO (AP)—Western diplomats said privately today that the U.N. Molotov may have dealt an unintentional blow to his own peace offensive by raising anew all the major cold war issues.

Some small countries were plainly disappointed, but one Western diplomat expressed the belief that the U.N.'s anniversary meeting needed something like Molotov's speech yesterday to jolt it back to reality.

As the session opened its fourth day, there still was little public comment on the Soviet foreign minister's speech and his challenge to the West to make the next move in reducing world tensions.

French Foreign Minister Antoine Pinay was second on today's list of speakers.

A later speaker, Nationalist China's Foreign Minister George Yeh, was almost certain to blast Molotov's demands that Red China be seated in the U.N. and that Formosa be handed over to the Peiping regime.

Belgian Foreign Minister Paul-Henri Spaak said of Molotov's speech:

"The entire tone was conciliatory and the speech is certainly worthy of the West's attention."

Others said privately, however, they felt Molotov would have been much more effective if he had stuck to his peace bid and omitted any reference to controversial issues. They also felt he made a mistake in blaming the West for the cold war.

Brig. Gen. Carlos P. Romulo of the Philippines said Molotov's record "was the same old broken record" he had heard in the Molotov had violated the rules of the anniversary session by raising controversial questions and criticizing other nations.

In addition to recommending a halt in manufacture, he said "it would be better" if inoculations have been postponed "until this fall, when it does not have the potential danger it does now." Polio is more prevalent in the summer.

Dr. John F. Enders, of Children's Hospital, Boston agreed, saying, "It seems to me the part of wisdom to wait a little while."

That approach was disputed by Dr. Rivers, of the Rockefeller Institute for Medical Research, New York City, and Dr. Joseph E. Smadel, of the Army's Walter Reed Medical Center.

ROME (AP)—Four New Yorkers plan to continue their tour of Europe after being held seven hours by Rome police yesterday in connection with a record New York bank robbery. All a mistake the cops said later.

Only one of the four, husky 26-year-old Joseph Michael Vitacco, of Brooklyn, was questioned about the holdup—of the Chase Manhattan branch at Woodside, Queens, last April 6. The \$305,243 in cash taken is a record for a U.S. bank holdup.

Vitacco said the police also ransacked their hotel room but found nothing suspicious. Otherwise, the Americans said, they played pinball in the cops' station and "even bought the cops lunch."

The other three men gave their names as Peter J. Riordan, New York City; John Timothy O'Connell, Flushing, and Daniel William McGuire, New York City.

Hospital Trustees Ask Restoring Of 5-Cent Levy

Budget Hearings Concluded

Pitt Commissioners wound up their budget hearings last night and prepared to delve into the matter of fitting county expenditures to anticipated revenue for the 1955-56 fiscal year.

A resolution from trustees of Pitt Memorial Hospital was presented to the commissioners asking that the maximum of five-cent tax levy for support of the hospital be levied by the county again in the coming fiscal year.

Hospital Asked Levy Increase When voters of the county approved the bond issue for construction of the new hospital, they also approved a special levy of up to five cents per year to supplement income from hospital operations.

For the first three years the hospital was in operation the full five-cent levy was paid by county taxpayers. During the current fiscal year the hospital levy has been only two cents. If the Commissioners follow the recommendation from the hospital board, the levy will move back to the five-cent figure during the coming fiscal year.

Hospital trustees in their resolution said they felt the levy was necessary in order to assure the hospital a comfortable operating margin. The five-cent levy would produce an estimated \$34,250 during the next fiscal year.

Although the budget hearings with department heads have been completed by the Commissioners, it was apparent from last night's meeting the governing board has a great deal more work to do before the county's budget is set.

The board was informed by County Auditor H. Reginald Gray that all departmental requests for the coming fiscal year would necessitate a tax rate of \$1.06 in addition to the non-tax revenue which is used to defray county expenses. The county tax rate this year has been 89 cents. It was apparent at last night's meeting the commissioners have no intention of such a tax increase for the coming fiscal year.

In addition to receiving the resolution of the hospital board, the commissioners last night discussed budget requests with several other county departments.

The request of the Pitt County Board of Elections presented by Chairman Gilbert Peel asked for \$6,120 for the coming fiscal year; an increase of \$2,254 over the amount budgeted this year. Peel explained to the commissioners that during the current fiscal year the elections board had to provide election officials for only the November general elections. During the 1955-56 fiscal year, he said, there will be one and possibly two primaries for Democratic nominations for major state offices as well as for some county offices.

Should there be no second primary next year, he informed the board, election expenses would be approximately \$2,000 less than the amount requested.

For the department of building and grounds which is headed by Graham Leggett, requests totaling \$17,997 were presented the commissioners. The amount would cover operations, repairs, and upkeep on county office building and the Tucker building.

The county home budget request was \$1,100,000. The county home budget request was \$1,100,000.

Otherwise received attention of the commissioners last night. A request of \$22,770 was presented for the coming fiscal year, a decrease of \$463 from the amount budgeted this year.

Also discussed by the commissioners at the work session were tax listing costs of the county. Gray pointed out to the commissioners that with the exception of Greenville other municipalities of the county receive free of charge duplicate tax listing abstracts for compiling their own town tax lists. Greenville and the county share the entire cost of listing taxes in Greenville township on a "50-50 basis" Gray said.

Commission Chairman W. Jasper Smith of Bethel asserted the county's policy on tax listing should be altered so each town would pay its proportional share of the cost of tax listing information now being furnished them free by the county. "Either that or Greenville should get its tax listing done free by the county too," Smith asserted.

WASHINGTON (AP)—The Senate buried under a 77-4 vote yesterday an effort by Sen. McCarthy (R-Wis) to force Big Four discussion of Russia's satellite states.

Sen. Barkley (D-Ky) said today, "That settles it—the President does not need our advice" in forthcoming negotiations with the Prime Ministers of England, France and Russia at Geneva in July.

WASHINGTON (AP)—The Senate buried under a 77-4 vote yesterday an effort by Sen. McCarthy (R-Wis) to force Big Four discussion of Russia's satellite states.

McCarthy Motion Crushed In Senate

WASHINGTON (AP)—The Senate buried under a 77-4 vote yesterday an effort by Sen. McCarthy (R-Wis) to force Big Four discussion of Russia's satellite states.

Sen. Barkley (D-Ky) said today, "That settles it—the President does not need our advice" in forthcoming negotiations with the Prime Ministers of England, France and Russia at Geneva in July.

McCarthy, his political support in the Senate obviously at a low ebb, told newsmen rejection of his resolution was "a great mistake."

He promised to go right on talking about "getting some concessions" from the Russians at the summit conference. But he indicated no move for any further Senate test.

His resolution had the combined opposition of the Eisenhower administration and of Senate leaders of both parties.

Sen. Fulbright (D-Ark), bitterly attacked by McCarthy in the stormy debate, said he viewed yesterday's action as "a further affirmation of the vote to condemn Sen. McCarthy last December."

Recalling that the Senate had voted 7-22 then to condemn some of McCarthy's actions, Fulbright said McCarthy yesterday was "down to his last four votes."

Down to his last four votes. McCarthy was Republican Sen. Jenner of Indiana, Langer of North Dakota and Malone of Nevada.

Despite attempts by McCarthy to withdraw or amend his resolution, and a last-minute effort by Jenner to substitute a mild version for the original proposal.

It would have asked President Eisenhower and Secretary of State Dulles to obtain a preconference commitment from the Russians that they would discuss the status of their satellite states. Lacking such a pledge, the resolution would have put the Senate on record as opposing the conference.

In a session that at times veered toward the rowdy, McCarthy clashed bitterly with some who had been his political friends as well as with Democrats.

He told Sen. Knowland of California, the Senate GOP leader, he was "surprised, shocked and disappointed" at Knowland's opposition to the resolution.

When McCarthy went on to assert that the Democratic record was one of "whining and whimpering" over the Communist question, Knowland fired back heatedly that he was not "whining and whimpering."

McCarthy Motion Crushed In Senate

Down to his last

# Highsmith-Clayton Vows Spoken

Miss Dorcas Elizabeth Clayton, daughter of Mr. and Mrs. Marion Clayton of Winterville, N. C., and Staff Sgt. William Stanley Highsmith, son of Mr. and Mrs. W. B. Highsmith of Ayden, N. C., were united in marriage on Saturday, June 18, at five o'clock in the afternoon in the Bethany Free Will Baptist Church near Winterville. The Rev. N. D. Beaman of Snow Hill, pastor of the bride, and Rev. W. H. Hollowell of Ayden performed the double ring ceremony.

The church was tastefully decorated with wide leaf camador, narrow emerald and plumose greenery. Large standards of white gladioli were placed at the altar. Seven branched candelabra with myriads of cathedral candles were placed between the greenery. In the center was a large brass vase of stocks and white snapdragons. A decorated prie dieu with white silk cushion was placed in the center and on either side were three branched candelabra holding tall cathedral candles. Pew ends were marked with white satin bows.

Mrs. Berkeley Rutledge of Ayden rendered the organ music. Mrs. William May of Winterville, soloist, sang "Through the Years," "My Hero," and "The Lord's Prayer." The bride entered the church with her father, who gave her in marriage. She wore a wedding gown of white satin. A profusion of delicate tulle was inserted for the yolk. From a petal pointed bodice with satin covered buttons down the back was a full skirt that fell into gathered folds to a sweeping train. Her veil was a finger tip illusion edged in Chantilly lace fashioned to a tiara. She carried a white satin prayer book with a white orchid and showered with Stephanotis. Her only ornament was a string of pearls, a gift of the groom.

Mrs. Marvin Mills, sister of the bride, was matron of honor. She wore an orchid waist length net dress over taffeta with fitted bodice and full skirt. She wore a matching picture hat and matching shoes. She carried a green nylon colonial bouquet of orchid asters and yellow mums tied with Nile green satin.

Mr. Osbourne Highsmith of Ayden, brother of the groom, served as best man. The ushers were Wilbur Clayton, Winterville, brother of the bride, Alton Lawhorn, Ayden, and Carroll McLawhorn, Ayden, and Marvin Mills, Greenville.

Mrs. Clayton, mother of the bride, was becomingly attired in a navy blue lace dress with white accessories. She wore a purple hybrid orchid corsage. Mrs. Highsmith chose for her son's wedding a pink lace dress with white accessories and wore a purple orchid corsage.

Immediately following the ceremony the couple received guests in the church vestibule. The guests were greeted by Mr. and Mrs. Wilbur Clayton and presented to the receiving line, which was composed of the parents and members of the wedding party.

For a southern wedding trip the bride wore an imported pale pink dress with pink shoes and bag. She wore the white orchid from her wedding bouquet. After the wedding trip the couple will make their home in Nicville, Fla. where S-Sgt. Highsmith is stationed in the Air Force.

Mrs. Highsmith graduated from Winterville High School and has been employed with Meadowbrook Guaranty Bank in Greenville. The groom graduated from Ayden High School. He has served in the U.S.A.F. since 1952 and has had duty in England.

Following the rehearsal on Friday evening, Mrs. Marvin Mills entertained the Highsmith-Clayton wedding party and close friends at a cake cutting in the Bethany Educational Building.

The bridal table was overlaid with a white damask cloth and decorated with a floral arrangement and burning tapers.

The cake was encircled with ivy. After the couple had cut the first slice, Mrs. Wilbur Clayton served the

cake, with Miss Arlene Clayton pouring punch. Mints and salted nuts were served by Miss Faye Highsmith and Miss Faye Mills.

Here For Melvin-Messick Wedding Out-of-town guests who have arrived for the Melvin-Messick wedding are: Mrs. R. L. Fox, Alexandria, Va.; Mr. and Mrs. Frederick Willett Jr. and children, Ricky and Margaret, of Wilmington, N. C.

To Entertain State Officials Greenville Chapter 149 will be co-hostess on Friday evening, June 24, at 8 o'clock in the Masonic Temple with Ayden Chapter 52, Grifton 154, Alice Harper Parker Chapter 145 and Greene County Chapter 242 for the official visit of the Worthy Grand Matron, Mrs. Hilda S. Halliburton of Clyde, N. C. and Worthy Grand Patron William H. McNeill of Aberdeen.

Many other grand officers will also attend this meeting. All officers and members are urged to be present at this last meeting before disbanding for the summer months and visiting Stars are always welcome.

Termites can live for 30 years.

## SOCIAL AND PERSONAL

All items for this page received after 10 a.m. will be published the following day. Dial 6166-9 a.m. to noon; 1 to 4:30 p.m.

Miss Carol Townsend Nichols of Durham is spending the weekend with Miss Ann Wilkerson.

Miss Elizabeth Ann Williams arrived home yesterday from the University of Wisconsin to spend the summer vacation with her parents, Mr. and Mrs. J. N. Williams.

Mrs. L. E. Tucker and Miss Faye Taylor have returned from a trip to the New England states and Washington, D. C.

Don King, of Greenville and Goldsboro, will leave Saturday for Levittown, Pa. He has accepted a position with the Levittown Daily Press.

### Funeral On Saturday For John M. Garris

Mr. John W. M. Garris, 76, died in Pitt Memorial Hospital at 3:45 o'clock Wednesday afternoon. He had been in failing health for the past four years and critically ill for the past week and a half.

Funeral services will be conducted at Elm Grove Free Will Baptist Church near Ayden at three o'clock Saturday afternoon by the Rev. J. C. Lynn, the pastor, assisted by the Rev. R. B. Crawford, pastor of the Greenville Free Will Baptist Church. Burial will be in Greenwood Cemetery. The body will be taken to the home Friday afternoon from the Wilkerson Funeral Home and then will be moved to the church one hour prior to the time of service.

Mr. Garris was born and reared at Littlefield near Ayden. He was married to Hattie Jackson of near Ayden in 1902 and had lived in the Winterville Community since that time. He was one of the oldest members of Elm Grove Free Will Baptist Church. He was a retired farmer.

Surviving are his wife; three sons: Herman Lee Garris of near Greenville, Amos Allen Garris of the Belvoir Community, and John Garris, Jr. of the home; five daughters: Mrs. William A. Pugh of Portsmouth, Va., Mrs. Ira S. Waters of Silver Springs, Md., Mrs. J. Garland Whitehurst of Norfolk, Va., Mrs. Charles H. Waters of Silver Springs, Md., and Mrs. Hattie Mae Flippin of the home; 37 grandchildren; 11 great grandchildren; four brothers: Elias B. Louis, Amos, and Grover C. Garris of near Ayden; and three sisters: Mrs. Susan Beppard, Mrs. Lanie Baldwin, and Mrs. Charlie Worthington of near Ayden.

Funeral services will be conducted at the Wilkerson Chapel Friday at 4 p.m. by his pastor, the Rev. W. M. Howard, pastor of the Jarvis Memorial Methodist Church. Burial will be in Greenwood Cemetery. The body will be at the home until Friday afternoon. Members of the Greenville Service Station Association will be honorary pall bearers.

### Births

**Hughes**  
Born to Mr. and Mrs. Rudolph Hughes Jr. of Goldsboro, a son, Rudolph Alton, June 15 in the Bethel Clinic.

Mrs. Hughes is the former Miss Van Lec McWhorter of Bethel.

**Harris**  
Born to Mr. and Mrs. Thomas Earl Harris of Farmville, a son, William Earl, June 9 at the Fitzgerald Medical Center.

Mrs. Harris is the former Miss Jean Braxton.

**Moore**  
Born to Mr. and Mrs. Cecil R. Moore of Farmville Rte. 1, a son, Cecil Gentry, June 11 at the Fitzgerald Medical Center.

Mrs. Moore is the former Miss Geraldine Baldrice of near Farmville.

**Wooten**  
Born to Mr. and Mrs. Paul R. Wooten of Farmville Rte. 1, a son, Paul Rhoderic Jr., on June 11 at the Fitzgerald Medical Center.

Mrs. Wooten is the former Miss Dorothy Lee Taylor of Farmville Rte. 1.

### Elbert J. Peaden Funeral On Friday

Mr. Elbert J. Peaden, 50, died suddenly early Thursday morning at his home, 1807 East Fourth St. in Greenville. He had had an heart ailment for several years.

Funeral services will be conducted at the Wilkerson Chapel Friday at 4 p.m. by his pastor, the Rev. W. M. Howard, pastor of the Jarvis Memorial Methodist Church. Burial will be in Greenwood Cemetery. The body will be at the home until Friday afternoon. Members of the Greenville Service Station Association will be honorary pall bearers.

Mr. Peaden, son of the late Elbert Joseph and Mollie Brooks Peaden, was born and reared near Falkland. He had been an operator of a service station in Greenville for the past 12 years. He was a member of the Greenville Moose Lodge, the Greenville Service Station Association, and the Jarvis Memorial Methodist Church.

Surviving are his wife, the former Mary Norville of Greenville to whom he was married in 1932; a daughter, Ann, and a son, Ed, of the home; a brother, Wyatt Peaden of Greenville; and a sister, Mrs. Joe Gurganus of near Falkland.

## Final Plans For Travel-Study Tour Prepared

East Carolina College is now making final arrangements for a study tour of the West coast and the Canadian Rockies, according to Dr. Ed J. Carter, director of the Bureau of Field Services.

The 32-day trip is scheduled for July 13-August 18. The last day to register for those who wish to be members of the tour is July 1, Dr. Carter states.

The program, combining sight-seeing and study, will be made by chartered air-conditioned bus. The travel schedule is being arranged by the college with the cooperation of Circle Tours. Stops will be made at approved hotels and motor courts. Dr. Carter will serve as director and instructor on the tour. Experienced conductors and guides will be provided at various points of interest along the route.

The itinerary includes St. Louis, Denver, Salt Lake City, San Francisco, Banff Park and Lake Louise, Yellowstone National Park, Chicago, and other points of interest.

The tour is offered by East Carolina on a credit or non-credit basis to senior and graduate students and also to selected adults desiring to make the trip as auditors. Nine quarter hours of credit may be earned by participants and may be used toward a degree or toward raising or renewing the teaching certificate.

Preceding the tour, an orientation period on the campus July 13-16 will include discussions and illustrated lectures by professors in the geography, science, and social studies departments at the college.

India has less than a million radios for its 370 million people.

## 30 Years Ago Today

June 23, 1925  
Mrs. T. C. Young was hostess Wednesday afternoon to members of her bridge club in honor of Mrs. B. S. Young of Danville, her house guest. Mrs. Louis Gaylord making the top score was presented a box of stationery, while the honor of power was remembered with a box of powder. Guests of the club were Mesdames Louis Gaylord, N. O. Warren, C. M. Warren, Richard Atkinson A. J. Moore and Miss Charlotte Sumrell. The hostess served a sweet course.

Friends of Miss Clara Louise Moyer will be interested to learn that she is getting along nicely after an operation in a hospital in Gastonia.

### Church To Show Religious Film

Elder Jack Martz, pastor of the Seventh-Day Adventist Church, announced that W. H. Murphy, of Wilson will show the film "The Birth of the New World" Friday evening in the church, located on East Tenth Street Ext. The showing of this film, with sound, will inaugurate a series of seventeen, one each Friday evening. Murphy, a layman of the Wilson church, purchased these films of the outstanding preachers and as one of his religious activities shows them, without cost, to groups requesting them.

Beginning at 7:30 p.m., there will be a half hour song service conducted by Lawrence Tyson. The public is cordially invited to attend all these meetings.

## Joint Hostesses Honor Miss White At Morning Party

At an informal party on Wednesday morning Mrs. Walter Harrington and Mrs. J. Hampton Thomas complimented Miss Barbara White, bride-elect of July 2.

Summer flowers were used to decorate the rooms of the Harrington home on East Fifth Street where callers were received by the hostesses, their honored guest and her mother, Mrs. Charles A. White.

The bride and her mother were presented corsages of white asters. In the dining room the table was spread with a white linen cloth and had as a centerpiece a green crystal bowl of magnolias with frosted grapes.

With Pepsi-Colas, assorted sandwiches, cheese biscuits, pickles, mints, cakes and other party refreshments were served by Misses Mary Harrington and Mary French Haves.

### Missionary To Speak

Rev. T. H. Willey, director of Missions for Free Will Baptists in Cuba, will speak tonight at 7:45 at the Greenville Free Will Baptist Church. Rev. Willey has directed a work for the Lord in Cuba that has gained international recognition among mission boards. The Belfry Quartet will sing and Rev. Crawford urges and welcomes a large attendance.

# Make Swim Suit Pay Off In Glamor

By VIVIAN BROWN  
 AP Newsfeatures Beauty Editor—If last year's bathing suit doesn't flatter you invest in one that enhances your figure. It might be late to begin a diet that will put you back in glamor proportions. But you can still find a suit that will camouflage extra pounds.

Milo Anderson, bathing suit designer, advises sitting down in the bathing suit you intend to buy to test the fit across the hips. If it follows your body contour comfortably and other factors are to your liking, it is a good bet.

"Most girls make the mistake of buying a bathing suit too small," he says. "The psychology behind the investment apparently is that they think cramming into a smaller suit will make them look smaller than she is."

A bathing suit should play up attractive features. Strapless suits are ideal for the girl with attractive shoulders and bosom. The flat-chested girl, unless her bathing suit has a built-in bosom, would be better off with a high neckline. Skinny types do well in suits that have full skirts rather than hip-buggers.

Beautiful colors may be treacherous. Pastels flatter to well-built girls, may make rounded types look like butterballs. Darker shades usually are better for plump types, although white sometimes can be especially flattering.

A good suntan is an aid to the plump figure, giving a more slender appearance to the body. If you have gained weight and feel self-conscious in your swim suit, perhaps you'll need to take up other sports this summer rather than develop a complex about your appearance.

One model has a solution to this problem. Whenever she gains a few pounds and feels a little awkward, she makes dates for sailing, hiking, tennis, golf or another sport that permits her to wear attractive Bermuda-length shorts or slacks and colorful shirts. She finds this technique a real morale booster while she is trying to lose weight.

SWIM SUIT GLAMOR... Movie starlet Pat Blake wears a strapless white flower-sprigged swim suit, ideal for her type.

## Attractive, But Not Too Much

KITCHENER, Ont., June 23 (AP)—A writer of religious novels says pastors' wives should try to be attractive—but not too attractive.

Miss Grace Irwin observed in a talk here: "It is suspected that some Christians may resent an attractive minister's wife."

She had further advice: "A minister's wife must be the most adaptable person in the world. She must be ready to change her role according to the size of her husband's congregation."

"A minister's wife's first function is to complement her husband. Often a charming, capable woman can make an otherwise dull, stodgy wearer of the collar achieve much in his parish."

The wife may have a special talent for organization, but she must repress it for the sake of women in the congregation who may be jealous.

A minister's wife and family can never come first. "He is God's man, under God's authority not the wife's."

"A sympathetic ear and verbal discretion—hard for any woman—are far more blessed than more showy talents."

Miss Irwin is the author of "Least of All Saints" and "Andrew Conington." She teaches at Humberstone Collegiate Institute, Toronto.

FASHION FLIGHT—Dress of printed surah with face-framing white collar is modeled during fashion show held aboard plane flying from Rome to northern Italy and back.

## Bethel News

By MRS. ROBERT WEEKS  
 Charles Ward is at Camp Charles, near Bailey, where he is a counselor. When he leaves there he will go to Camp Croatan, near New Bern to stay several weeks.

Mr. W. R. James of Charlotte was here this weekend visiting relatives. Mrs. Reginald Elberidge and son, Reggie, of Greenville spent the weekend with her parents, Mr. and Mrs. W. H. Carson.

Visiting Mr. and Mrs. Bob Michaels for the weekend were Mr. and Mrs. Thomas T. Hay of Durham and daughter, Susan. Little Susan spent several days with little Marty Michaels.

Mr. and Mrs. Sam Dewar and children, Don, Sammy and Elaine and Mrs. Charlie Rasberry and son, Charles, spent Saturday and Sunday in Pendleton with Mr. and Mrs. M. B. Johnson.

Miss Ann Jackson has returned home after spending a week in Colerain as the guest of her cousin, Miss Frieda Ruth White, and grandmother, Mrs. Mary Jackson.

Mr. and Mrs. Winfred Thigpen and daughters, Laurel and Teena, and Mrs. Ralph Highsmith and daughter, Peggy, left Monday for an extended tour of New York, the New England States and Canada.

Mr. and Mrs. Guy Mills of Aurora spent Sunday with Mr. and Mrs. High Weeks. Returning home with Mr. and Mrs. Mills was their daughter, Guylene, who spent last week here.

Mr. Thad Thigpen of Mt. Olive visited friends here last Thursday. Mr. Thigpen formerly worked here

in the Farmer's Merchant Bank. Mrs. L. G. Manning and daughter, Carol, left Monday for Washington City to visit Mrs. Robert Ross and Miss Alvie Whitehurst.

Mrs. Ruth Thomas and boys, Jesse Gray and Tay, are in Washington, D.C. enjoying a sightseeing trip of the capital.

Mr. and Mrs. Walter C. Whitehurst and Buddy are spending a few days at Morehead.

Mr. and Mrs. W. C. Latham and Mr. Harry Biggs of Williamston spent Sunday at Camp Morehead visiting Bryan and Harry Latham.

Mr. and Mrs. W. J. Barnhill of Portsmouth, Virginia, Mrs. Hubert Johnson and children, Larry and Sheryl of Lynchaven, Va. were the guests of Mrs. W. O. Grimes this weekend.

Mr. H. V. Staton and Miss Eleanor Ward Staton left Monday afternoon to spend a few days with Mr. and Mrs. S. Murray Hodges and family in Norfolk.

Mr. and Mrs. Irvin Taylor were in Hertford for the weekend as the guests of Mr. and Mrs. T. G. Howard.

Mr. W. R. Bullock Jr. has been confined to his home since Saturday with illness. Mrs. Lenwood Heath spent Tuesday and Wednesday with her husband who is still a patient in Duke Hospital in Durham.

Mrs. John Lloyd Watson and children, Mary Sue and John, returned on Tuesday after spending last week with Mrs. Watson's parents, Mr. and Mrs. E. M. White in Portsmouth, Va.

Mrs. Harvey Manning and Mary Ann Manning spent several days at

Broad Creek as the guests of Mr. and Mrs. Harold Staton.

Mr. Joe Whitehurst will return on Sunday after being at Fort Jackson, South Carolina for the past two weeks.

Mrs. R. J. Whitehurst and children have returned home after spending a few days with Mrs. Whitehurst's parents, Mr. and Mrs. J. C. Johnson, in Mayodan.

Visiting Mr. and Mrs. J. C. Wynne Jr. is their niece, Davy Armstrong, of Bladenboro.

Mr. and Mrs. Wadie Ward and Mr. and Mrs. Stewart Davis of Williamston left Tuesday to spend the remainder of the week at the Greenville Tobacco Cottage on Durham Creek. Mr. and Mrs. W. R. Hunnicutt and Joe and Sue visited them on Wednesday.

Mrs. Clara Robeson returned Tuesday after attending an Insurance Convention for several days in Asheville.

Mr. Sammy T. Carson had as his guest on Sunday Miss Betsy Rose of Wilson.

The Baptist Sunday School will hold their regular annual picnic on Wednesday afternoon at Rocky Mount. Members will meet at the church at two o'clock and rides will be provided for all.

J. C. Harris of Conetoe is spending this week with his grandmother, Mrs. Maude Harris.

Mr. L. L. Andrews Sr. returned to his home the first of the week after being a patient in Park View Hospital.

Mrs. Tommy Sullivan and children are visiting Mrs. L. M. Ernest this week at Broad Creek.

Mrs. Emma Hudson of Elm City is spending some time with Mr. and Mrs. Russell Carson.

Mr. and Mrs. F. L. Andrews Jr. and Mr. and Mrs. J. B. Bunting spent Sunday in Morehead.

Woodmen of the World, Camp 1071 will meet Friday night at eight o'clock in the Bethel Rotary Club. All members are urged to be present.

Mrs. Bill Bonner and girls, Cherry and Peggy, returned on Sunday after spending last week with Mrs. Hancey Hollowell and Olivia in Durham. Mr. Bonner joined them for the weekend.

## Social Calendar

### HEAVY DONOR

COLUMBUS, Ohio (AP)—Every time Otto W. Weber bleeds, his coworkers at Philadelphia brewery ask in jest: "When are you going to dry up?" Today the answer is still indefinite. The 54-year-old German-born grandfather here on his vacation, yesterday donated his 14th pint of blood to the Red Cross. His nearest competitor, he says, has given 71 pints.

### ON RECEIVING END

CHARLOTTE, N. C. (AP)—Frank F. Jones, 82, for years sent cards to thousands of persons he didn't know bearing good will messages. Doctors ordered him to give up his hobby after he was hospitalized here in serious condition. He can only receive cards now.

JELKA OFF TO PRISON—Mildred F. (Mickey) Jelke (foreground), oleomargarine heir convicted of compulsory prostitution, heads for a prison van in New York after he was sentenced to a two-to-three-year term in Sing Sing. He is handcuffed to another prisoner. (AP Wirephoto)

## N.C. Pioneer In Education Dies

CLINTON, N. C. (AP)—A. McL. Graham, 81, one of North Carolina's educational pioneers, will be buried here tomorrow.

Graham died at his home yesterday afternoon of a heart attack. He helped organize the State Board of Education in 1927 and had served continuously as a member.

Graham was a former mayor of Clinton and represented Sampson County in the General Assembly in 1927. He was a graduate of the University of Virginia Law School and attended the University of North Carolina. A native of Pender County, Graham began the practice of law in 1901.

Commenting on his death, Gov. Hodges said that Graham was "truly one of our educational pioneers and he will be greatly missed."

Funeral services will be held tomorrow at 4 p. m. at St. Paul's Episcopal Church here. Burial will be in the Clinton Cemetery.

Survivors include his wife, Mrs. Allie Lee Graham, and three daughters, Mrs. Paul A. Moore of Clinton, Mrs. Joe Wilkinson of Sanford and Mrs. James Beckwith of Raleigh.

## Driver Charged In Auto Mishap

A charge of failure to give a hand signal was placed yesterday against a Factory Street Negro after his car and one operated by David A. Wiggins, 23, of 216 W. Gum Road, were involved in a traffic accident on Green Street.

Robert E. Wooten, 26, of 1304 Factory Street was cited for the violation as the result of the crash which did \$150 damage to Wiggins' car and five dollars to the one operated by Wooten.

No injuries were reported by investigating officers W. E. Peterson and H. H. McGowan. The accident occurred about 1:15 p. m.

## But Three Cases In Police Court

In Police Court Wednesday morning, Judge Charles H. Whedbee tried three cases.

Nathan Lasker, Brooklyn, N. Y., speeding, \$25, costs deducted.  
 In the case in which T. J. Davis, Rt. 2, Greenville, was charged with assaulting a female, the court taxed the prosecuting witness with court costs.

Robert E. Wooten, Negro, 1304 Factory street, was found not guilty of failing to give a hand signal.

Polar bears have been seen swimming in the sea 200 miles from land.

## Long Range Planning? Where?

How far should Greenville's City Council go in cutting proposed budget items before considering a slight increase in taxes or attempting to secure more money from the Utilities Commission for general fund operations during the coming year?

Is it wise to deprive the city of many essential budget items just for the sake of obviating the necessity of raising taxes or seeking more Utilities funds for city operations?

In its budget work sessions, the Council has cut many items from the proposed budget which appear to us essential if Greenville is to put into practice this long range planning the Councilmen have so loudly harped on for the past two years.

For the second consecutive year the majority of the council has flipped away the possibility of the city's employing a much-needed full time engineer. Last year the council merely turned down the item. This year on a split decision they so far have left more money than appears necessary in the engineering category if the city is to continue to retain an outside engineer for services, and yet they cut the amount requested for an engineer sufficiently so it will be impossible to get a full-time engineer with the amount still in the budget.

Obviously Greenville needs more land for parks and playgrounds; but the Council this week removed from the budget the modest amount of \$1,500 which was proposed for this item. Is that long range planning? Likewise erased by the Council was \$1,500 of the \$2,000 proposed for development of Green Springs Park. Does that indicate an eye for planning for the future needs of Greenville?

After much talk in recent months about a master street plan for future development of the city, the Council sliced from Planning Board requests all but \$500 which leaves precious little for any significant long range planning program.

The Reflector certainly does not advocate unreasonable expenditures by government. The Reflector would be reluctant to see the tax rate raised in Greenville. Yet in government, as in most businesses, there comes a time when more revenue

## Strength for the Day

By EARL L. DOUGLASS  
A HIDDEN FACE

Dr. Henry Van Dyke used to tell an interesting story about a portrait of the famous medieval Italian poet Dante. Tradition had it that Dante's portrait was painted on a wall in an old palace in Florence. But no one knew exactly where it had been painted; no one alive had ever seen it; the general opinion was that the picture had long since been destroyed.

Finally an artist who was determined to behold this famous portrait if it was humanly possible studied the stories about it, examined the palace carefully, and decided upon the room where it must have been. It was now a store room, filled with lumber and rubbish, the walls covered with whitewash. First he had the room cleared; then he began slowly and gently to clean the walls. At length he found a trace of color under the whitewash, and little by little the face of Dante reappeared on the wall.

Great art treasures sometimes survive considerable hazards, but human nature is even more persistent. No man is without traces of the rudiments of love, courage, strength, and generosity, if only he himself or his friends will search for them painstakingly enough. Christian love, like the artist, assumes the best in man and patiently and gently seeks to make it appear.

## National Whirligig

## Warning From Labor's Ranks

By RAY TUCKER

WASHINGTON—A solemn warning against an attempted economic or political dictatorship by organized labor was delivered recently by one of the movement's veteran and most respected members—Guy L. Brown, Grand Chief Engineer of the Brotherhood of Locomotive Engineers.

His remarks were inspired by the proposed merger of the American Federation of Labor and the Congress of Industrial Organizations. They were directed in particular toward Walter P. Reuther, CIO head and author of the so-called "guaranteed wage plan," and George L. Meany, AFL president.

Reuther and Meany are expected to be the No. 1 and No. 2 officers in the forthcoming merged labor organization, which will have a membership of between 15,000,000 and 20,000,000 workers. Even before the formation of the AFL-CIO merger, Reuther has just demonstrated his power by wresting unusually favorable contracts from the Ford Motor Company and General Motors.

Neither firm felt that they could resist his economic threat to close them down in a period of profitable production and sales.

OPINION OF BROTHERHOOD HEAD—Addressing a recent convention of the Locomotive Engineers, Brown announced that they would not join the new combination. Neither his objections nor the reasons motivating him received serious notice in the so-called "labor press," for considerations that will become clear.

Brown declared that "shorter hours and more pay," while a worthy objective, is not "labor's most important business today." Nor should unions, he

must be had if customers (citizens) are to be furnished the type and kind of service they need. Members of the city's governing board are elected by the people to administer municipal affairs as efficiently as possible and in the best interest of the city.

If the best interest of the city demands that more revenue be raised to meet essential expenditures, it is the responsibility of the City Council to seek that revenue either through taxes or another source.

## Disillusionment For A Forward-Looking Town

The people of Garland, North Carolina, must have been quite disillusioned when the federal government stepped in and closed the shirt factory in which they had invested \$100,000 and which employed a substantial number of people in that small town.

Operated by a New York concern and its North Carolina subsidiary, the plant was closed by the federal government because of the alleged failure of the company to pay withholding taxes.

Garland citizens, in their quest for industry to provide new jobs in their community, had raised funds with which to construct the recently completed factory. Apparently they followed sound principles in setting up the lease with the operating company to repay the local people for the money they had put into the factory. But somewhere there was a slip-up. Perhaps it was not the fault of the Garland people. Perhaps it was.

Yet the matter between the government and the operating company may be settled and the Garland shirt factory will again provide jobs for residents of that town. At worst the Garland people have a factory on their hands; and there are plenty of good companies looking for suitable plants in North Carolina.

What has happened in Garland should come to the attention of every community in North Carolina which is seeking to promote its industrial development. The Garland incident should not discourage other communities from constructing buildings for new industrial plants, but it should encourage them to be extremely careful in investigating the company for which the plant is constructed or to which a plant is leased.

For the town of Garland the beautiful bubble has burst only 30 days after the new factory building was completed and operations started in a limited way. It is a bitter experience for the citizens of that community who financed the \$100,000 project; but it is an experience by which many other North Carolina communities in addition to Garland may benefit.

CANNELTON, IND., NEWS: "Our great freedoms, our tremendous industrial assets, our great farm endeavors, our record of discoveries and inventions and countless other fundamentals which combine to make us defenders of our theory of life have not come by accident. They have all been possible because we live in a nation of free enterprises."

THE NATION'S BUSINESS—"Survival in an atomic age," he enjoined them, "is the nation's business. It is labor's business, and survival is now being defended on the skilled manpower front."  
"Yet labor—the bulk of it—is talking about pre-determining foreign policy, the handling of skilled labor and all other facts purely by one criterion—whether or not a candidate's internal economic views (higher wages and shorter hours—Ed. note) agree with ours."

POWER OF LABOR LEADERS—Brown pointed out that a minority of labor bosses—Reuther, Meany and John L. Lewis—can control the majority of workers, including such skilled men as locomotive engineers. "They can force experts off the job by calling a strike. Since it is the specialists, in his opinion, who can best safeguard our security and welfare, he questions whether they should be under the domination of leaders of mass and unskilled unions."

Brown drew on economic history to prove that, once any private group uses its power to threaten the nation's basic interests, it has been restricted and regulated by the state. He recalled what happened since 1900 to the railroads, the banks, the insurance companies, Wall Street and other interests that "grew too big for their britches."

Incidentally, Chief Engineer Brown says that he speaks for many labor leaders deeply concerned over recent trends in the expanding labor movement.

## Education In A Talk-Session

Every now and then you run into an education in a drug store session. That happened to me yesterday. Three Greenville businessmen, Robert Elks of Friendly Furniture Store, Jimmy Harris of Globe Hardware and Ed Williford of Carolina Sales, were in a session on business at Biggs Drug Store.

The point of the first phase of the conversation was that the customer, as well as the merchant, gains from salesmanship. This is one of the several stories told to illustrate the point.

Right here in Greenville a man went into a store to buy a garden hose. It was soon after the plastic type hoses were put on the market.

The customer howled when he found out the price, \$5.25. "That's high," he said to the clerk.

"Well, it is kinda' high," the clerk agreed. So the customer took a quick exit.

In the second store, the price was the same, the clerk's reaction the same—also the customer's.

At the third store the customer found the hose to be \$5.95. "That's too high for me," he said to the clerk.

"Where do you usually have failure in a hose?" the clerk shot back, ignoring the too-high statement.

"Around the ends, I guess," the customer said.

"Look at this feature of this hose," the clerk continued. "It has a clamp that's easily removable. When there's failure around the end all you have to do is release this clamp, cut off the few inches of defective hose and re-

clamp it. Then your hose is like new again."

Not only did the customer buy, paying 50 cents more for the same hose, but he bought three lengths!

The business session also revealed a man who was selling appliances at cost plus 10 per cent. His reputation was far and wide for giving the customer an unusual break. How did he do it?

Very simple. He showed the customer the invoice price of the appliance. Then he added the 10 per cent.

Very simple. He showed the customer the invoice price of the appliance. Then he added the 10 per cent.

And I thank you. JACK EDWARDS

## What Other Editors Are Thinking

### RUINING WATERMELONS

(Goldboro News-Argus)  
Watermelon. What does the word bring to your mind? Some fond recollection of childhood? Of a trip to Uncle Ben's in the country. Of a mid-summer day with the heat heavy on the watermelon patch. Of picking a big one by the "thump-thump" method. Of breaking it against the ground. Of scooping out the hot heart and eating it in great delighted gulps, the sticky juice running down your mouth and chin.

It was a great day every year when the first melons appeared on the market. Much later than they appear now. For the marvels of iced trucks and iced cars and overnight whisking of produce of Florida to more northern climes had not been dreamed of them.

### Around Capitol Square

By LYNN NISBET  
COLLECTORS — State "reformers" were given a briefing last night by the Department of Archives and History on the mechanics of their tax collecting jobs. Some 60 or more auditors, inspectors and supervisors of the Department of Revenue assembled in the Senate chamber Tuesday morning to hear Commissioner Eugene Shaw and his first assistant, Ben Eaton, explain changes made in the tax laws by the recent General Assembly.

Before the technicians took a brief pep talk, in which he told the tax collectors they could not expect to be very popular—they never have been from Bible times to date—but they could make their jobs a lot easier and collect more money due the State by being always courteous. Such little things as how they answer the telephone, or greet taxpayers make a lot of difference in results, he said.

The Governor asked the fellows to help him and Commissioner Shaw make good on their challenge to the General Assembly. "We told the legislators if they would give us \$640,000 for extra help we would collect \$7 million more State revenue," he said. "They did their part, now it's up to us."

He reiterated his belief that North Carolinians are willing to pay more taxes to get the services they want, if and only if (1) they feel every penny is being treated alike, and (2) they think the State employees who get most of the tax money are doing a good job and rendering a full day's work for a day's pay. He expressed confidence that the tax collectors would meet these requirements and therefore meet

the challenge of the Legislature. TRYON'S PLACE — Enactment of HB-221 transferring to the Department of Archives and History some of the functions heretofore performed by the Department of Conservation and Development may have material effect on two projects. It is quite likely that operations at Fort Macon State Park may have to be split so that the parks division will continue to handle the recreational facilities and A&H will take over management of the historic old fort.

Most significant change will be in the management and operation of Tryon's Palace at New Bern after restoration work has been completed. The restoration and construction work is being done by the Tryon's Palace Commission with money donated and bequeathed by Mrs. Maude Latham. The original gifts and bequests have increased in value to the point that there is now about \$3 million in the trust fund of which a large has been spent on the restoration project.

The transfer of authority from C&D to A&H does not affect the activities of the commission until it is ready to turn the completed job over to the State for management. Then A&H will take over instead of C&D.

Other projects transferred by statute are the birthplace sites of Zebulon B. Vance in Buncombe and Charles B. Aycock in Wayne. Likely to be transferred under terms of the act are such historic places as Rendezvous Mountain in Wilkes, Town Creek Indian Mound in Montgomery and Alamance Battlefield in Alamance.

The act provides that in event the A&H and C&D departments cannot agree on which sites are primarily historic and which should be administered as parks or recreational facilities, the Governor and the Council of State shall make the decision.

OPTIMISTIC — Merchants throughout the country are optimistic about prospects for summer business. The Bureau of Advertising of the American Newspaper Publishers Association as-

surely is a puny, pint-sized, icebox fellow.

That was bad enough. Now they are bragging mightily that they have perfected a seedless melon. That is another step toward ruination of one of nature's greatest gifts to mankind.

Like the old lady who enjoyed the sermon and shouted "amen" to what the preacher was saying. She kept shouting "amen" as he ticked off this sin and that. Then he blasted gossipping and she put a frown on her face. Pushed back energetically and stiffly and said "He's done and quit preaching and gone to messing in somebody else's business."

That's what science is doing when it takes the watermelon and makes icebox melons. Or when it perfects a seedless melon.

## Business Today

# SBA Life-Extension

By ELMER ROESSNER  
WASHINGTON — Observers expect Congress to extend the life of the Small Business Administration for two years and to increase the size of maximum permissible loans to \$250,000.

Now that the Reconstruction Finance Corporation has been knocked off by Congress, the SBA is the only remaining "bank" for businesses, and it is open only to little fellows.

Since it was given lending power late in 1953, the SBA has approved 1,511 business loans amounting to \$77,671,000. That's a fairly modest sum in this valley of billions. On many occasions the late RFC risked that much on single loans. And of these loans, the SBA persuaded banks to participate in two thirds.

During the same period, the SBA received 5,330 applications for loans totaling \$301,634,532. The difference between loans applied for and loans granted does not show the number of applications turned down, since some are still pending.

In other cases, the SBA finds banks willing to lend the whole amount. The SBA will lend money only if there is reasonable hope of repayment and if a bank refuses to make the loan by itself. A field officer from California says that a common reason for a bank refusal is the fact that it is "loaned up" at the moment.

One man applied to the Los Angeles office for a loan and his security was so good that the officer was amazed that the bank named and turned the man down. He called up the banker. "Oh, that was last week," the banker said. "We were loaned up

then but we have some funds now. Send him back and we'll give him the money."

Statistics on loan applications reveal no special activity or distress in individual industries. Applications are almost evenly divided between manufacturing and nonmanufacturing industries. The largest number of applications have come from firms in wholesale and retail trades, followed by services, machinery manufacture and food manufacture.

AMERICAN INVENTIVENESS AIDS COFFEE GROWERS  
After coffee beans are picked, the mucilaginous outer pulp must be removed. The usual way is to ferment the beans from 12 to 30 hours, letting the pulp rot away. Then beans are washed and dried.

This involves considerable risk. Some beans may ferment too much, some too little; sometimes an entire batch is spoiled. It takes time and costly concrete fermentation and drying bins.

Two employees of the Foreign Operations Administration have developed a fast, sure and inexpensive machine to remove the pulp. The machine, called a Cafepro, uses a solution of wood ash and lime, which cleans them in three minutes, with no risk and no loss of weight. The men, Merriam A. Jones and Edgar de L. Davies, who have been working for the F.O.A. in Guatemala, have patented the machine and assigned use of the patent to the government without royalties. Several hand-made machines are now in use; later they will be mass-produced for less than \$200. This is within the means of small growers who cannot afford the old concrete bins.

## A Big 'Kick' For The Crown-Ups

By RON GILBERT  
AP News Service

INDIANAPOLIS — If you like boys a lot and baseball a little, get out and manage a minor league team in the Little League.

They probably need help, especially if it's a young operation like ours, and you'll have the time of your life.

The minors aren't for serious ex-ballplayers, to whom precision and victory are important. They are up in the majors, managing 10, 11 and 12-year-olds who have developed some skill and discipline.

That's why you have to like boys a lot and baseball a little in the minors. You're surrounded by a screaming mass of the one, and you see very little of the other, from the point of skill and experience. You're dealing with green 8 and 9-year-olds who may know a little of what's going on, and a scattering of older boys who haven't made the majors.

The logical way to start is to drill on fundamentals like throwing and catching, fielding and batting, but you can't keep them at that very long. The boys would rather play that practice.

Somehow they get sorted into squads, and you start out to build a team. You ask, "Who can pitch?" and eight of the nine wave their hands and shout. Some of them probably can't throw the ball as far as the plate, but they're eager.

You try different ones and finally find one who can cut the plate occasionally. You pick out the biggest and slowest and put him in a catcher's mask and protect the pitcher's matter that he can't throw to second base because the second baseman seldom covers and he couldn't hold the throw if he did.

The first one who shows any ability to stab and hold wild throws is tagged for first base. Those who can't stop an occasional grounder and reach first base with a throw get the other infield spots. The ones who can't do anything become outfielders. No-

body is going to hit one as far as the outfield anyway.

For a while you don't call balls and strikes or let them steal. If you did, everybody would be wailing and stealing bases.

Sometimes a batter hits a grounder and digs for second as the fielder jumps for the ball. You yell at him to hold up at second, but he keeps right on going. The fielder throws the ball over the third baseman's head and your runner scores standing up.

Everybody wants to bat first, unless you're a pitcher. The ball hitters usually bat third and fourth. Then you can't even get a leadoff man until you tell them he should be the fastest man on the team. The pitcher reluctantly goes to the bottom of the batting order and you tell him that's where they always bat in the majors.

You stop the action every few plays and try to explain to them how it should be done. A few of them listen.

Some of them don't come back after a few sessions. You hope you haven't been impatient and scared them, remembering that eight really is a tender age to be playing a man's game. You tell yourself that some kids just don't care for baseball and you'd be better off doing something else, anyway.

June turns into July, and some of them start to develop. You listen to solid hits and watch catches and throws that are pretty good. They're a long way from a precision machine, but they're more a team and less a mob. You've accomplished something. You feel good.

The real payoff comes the next year, when you go out and watch your boys try out for the majors. Some have lost interest, but the best of them are there.

Taller, stronger, more confident, they take a vicious cut at the plate and whip the ball around the field. They're still boys, but they're beginning in a small way to become men. And you've helped them a little. It was well worth the time and trouble.

ed 60 retailers in 41 different market areas the question: "Do you expect your 1955 summer sales volume to increase, decrease or remain unchanged from last year?" Not a single merchant expects decrease, 15 per cent look for no material change, 85 per cent expect better business than last year. One reason for the anticipated increase is the merchants plan to do more advertising. Seven per cent will decrease advertising budgets, 48 per cent will hold about the same as last summer, while 45 per cent plan substantial increase in advertising budgets.

# Her Cocktail Dress Can Be Girl's Best Friend

FLATTERY AFTER 5 . . . This white silk organdie cocktail dress is embroidered in Chinese red coin dots, accented by bustline tie and streamers of red velvet.

SUMMER SORCERY . . . Black and white pin-checked organza makes this endlessly useful cocktail dress by Hannah Troy. Black velvet streamers add back interest.

By DOROTHY ROE  
Associated Press Women's Editor

A fashion strictly of our times is the cocktail dress, which usually turns out to be one of the most useful and versatile items in a woman's wardrobe.

This is a category of fashion which has come into general popularity only in the last dozen years — yet today few women can get along without one.

Today the cocktail dress is worn for almost any dressy occasion after 5. It's endlessly useful for those dinner parties when the men don't dress — and often serves as a sufficiently formal outfit even if your escort wears a dinner jacket.

Before World War II we had something called the afternoon dress, which served somewhat the same purpose, except it usually was street length, well equipped with sleeves, and couldn't possibly double as a dance frock or dinner dress. Ladies wore this kind of thing to bridge luncheons and afternoon tea parties, and black satin or navy taffeta were the favorite versions of it.

This summer cocktail dresses reach a new peak of gauzy glamor, with some of the most flattering styles seen in many years. Favorites are sheer silk organzas, in either solid colors or prints, which look as cool and delicate as clouds of mist on warm summer evenings.

Hannah Troy, a designer who is known for her skill with flattering dress-up styles for sophisticated women, has done a series of these filmy cocktail dresses, which can double as dance frocks or dinner gowns. In pastels or vivid prints, they will be seen brightening up the landscape in some of our plush resorts and clubs these summer evenings.

## Hodges Endorses 1985 Celebration

RALEIGH (AP) — Gov. Hodges has put his endorsement on a proposal to hold a big celebration in 1985 marking the 400th anniversary of the landing of the English on Roanoke Island.

The governor told a delegation from the Albemarle section yesterday he thinks the proposal is "a magnificent idea." The 1955 General Assembly authorized the creation of a commission to make plans for the anniversary.

The celebration was proposed by Lindsay Warren, who recently retired as comptroller general of the United States, in a speech several months ago before the Pasquotank Historical Society in Elizabeth City.

The Rev. George F. Hill of Elizabeth City, who headed the delegation calling on Hodges, told the governor the commission should be instructed "to visualize nothing less than a world's fair of the first magnitude." He said the proposed exposition "may involve millions of dollars." He added it would require a decade to prepare the site and construct the buildings.

Hill said the Piedmont section of the state "would be better suited for the site of a major state effort than the eastern tidewater."

## Jazz Will Liven Symphonic Show

BALTIMORE (AP) — Symphony Conductor Massimo Freccia, living up to a promise to liven up the local classical music scene plans to present "Concerto for Jazz Band and Symphony Orchestra" at a concert next fall.

On the outer fringe of the Lyric Theater stage will be the 86 pieces of the Baltimore Symphony. In the middle will be what the program calls a progressive jazz ensemble — the 19-piece Sauter-Finnegan Orchestra.

The concerto, written by a modern German composer named Lieberman, is essentially a dialogue between the jazz group and the symphony orchestra, Massimo said.

## Vote Endorses Housing Program

WASHINGTON (AP) — The House Banking Committee voted yesterday to recommend a low-rent public housing program of the size President Eisenhower has asked — 35,000 units in each of the next two years.

That is the rate currently authorized. In the Senate, however, the Democratic leadership pushed a bill to authorize 135,000 new units in each of the next four years.

## TRIAL SEPARATION

HOLLYWOOD (AP) — Actress Vivian Blaine and her husband Manny Frank, her business agent, are separating. They called it a trial separation and said yesterday that "there are no plans for divorce." They were married in Los Angeles Jan. 10, 1945.

## Italy Begins Search For A New Premier

ROME (AP) — President Giovanni Gronchi began his search today for a premier to replace Mario Scelba, Italy's fourth government chief in the last two years.

The pugnacious little anti-Communist quit yesterday after 15 months in office a victim of revolt within his own Christian Democratic party. Following parliamentary custom, the President asked Scelba and his Cabinet to stay on until a successor is found.

Gronchi scheduled a series of conferences on the crisis with leading political figures, starting with ex-President Enrico de Nicola. Next to be received was Giuseppe Pella, leader of the rebellious right wing of the Christian Democrats and one of the chief architects of

## Group Named To Mosquito Study

RALEIGH (AP) — A seven-member commission has been named to study ways and means of controlling the salt marsh mosquito in coastal North Carolina.

The recent General Assembly authorized the commission and appropriated \$15,000 for the study. Gov. Hodges announced the make-up of the commission yesterday.

He appointed Dr. W. W. Johnston, Manley; Charles J. McCotter, Bayboro; Dr. C. B. Davis, Wilmington, and Edward McKinley, Morehead City.

Dr. W. R. Norton, state health officer, named Charles M. White, chief of insect and rodent control, to represent the State Board of Health.

Clyde P. Patton, executive director of the Wildlife Resources Commission, designated Yates N. Barber Jr. of Wrightsville Beach, a game management specialist, to represent the Wildlife Commission.

Ben Douglas, director of the Conservation and Development Department, appointed Paul A. Griffith, assistant state forester, to represent the department.

The commission will make recommendations to the governor and the next General Assembly.

## Out Of Asylum To Stand Trial

WASHINGTON (AP) — Mrs. Lucille Miller of Bethel, Vt., has been released from a mental hospital here to stand trial on an indictment charging that she attempted to influence young men against the draft.

Her release yesterday from St. Elizabeth's Hospital followed a court order handed down by a federal judge in Vermont Monday.

Mrs. Miller was seized May 3 after U.S. marshals used tear gas to get her from her Vermont home. Her husband Manuel had stood off the marshals for 12 hours with a rifle in an effort to prevent her commitment to the hospital.

Scelba's downfall was due largely to the efforts of Pella's adherents, who want an all-Christian Democrat government.

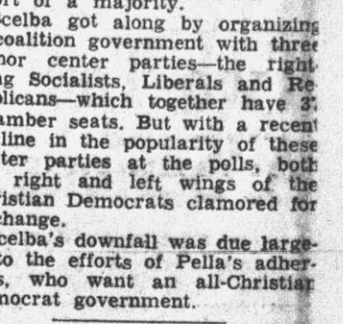

Whoever he is, Gronchi will have an important voice in choosing him. Under the Italian constitution, the President has little real power except in times of crisis like this. Then he steps forward as an element of stability.

The Christian Democrats have 262 of the 590 Chamber seats, 34 short of a majority.

Scelba got along by organizing a coalition government with three minor center parties—the right-wing Socialists, Liberals and Republicans—which together have 33 Chamber seats. But with a recent decline in the popularity of these center parties at the polls, both the right and left wings of the Christian Democrats clamored for a change.

Scelba's downfall was due largely to the efforts of Pella's adherents, who want an all-Christian Democrat government.

Formal training for registered nurses in the United States was first started in 1873.

SENTENCED TO HANG—Mrs. Ruth Ellis (above), 28, blonde British model has been sentenced in a London court to be hanged for killing one of her two admitted lovers when he tried to leave her. She is a divorced mother of two children. (AP Wirephoto)

## Annual Meeting Of N. C. HD Club Federation Held Today

RALEIGH (AP) — The 29th annual meeting of the North Carolina Federation of Home Demonstration Clubs and a swine program featured today's session of the 47th annual Farm and Home Week.

The four-day session will close tonight with an address by Mrs. Mildred B. Flagg, lecturer and author.

Gov. Hodges told the farm men and women last night that in his opinion, "The great majority of our citizens—both races included—prefer to keep our schools separate." "We do not know what the future has in store for us" as a result

of the U. S. Supreme Court's segregation decision, the governor stated. He added, "This is a time for calmness and courage."

Hodges declared, "Some solution must be found to save our schools and our traditions."

Pointing out that he was born on a tenant farm, Hodges said he realizes the important position agriculture holds in North Carolina's economy.

He said, "We must continue the improvement in agriculture which has taken place in the past 15 years. This means better farming and better family living."

lina must "endeavor to raise the per capita income of the people working on our farms." He pointed out that during 1953, North Carolina ranked 44th in the nation in per capita income. Several reasons have been offered for this low per capita income, he said.

One answer is that North Carolina has an excessive number of small, marginal farms—operated manually and low in productivity, the governor stated. Another reason is that the state has comparatively few industries making use of highly skilled labor.

Hodges said his small industries plan offers something for the farmer. The privately financed program, he added, hopes to encourage the creation of more local capital and more actual individual interest in local processing plants to handle the products of farms and fields, "as well as from our waters which are abounding in sea food."

Pointing out the importance of a water conservation program, Hodges told the group, "It will be virtually impossible to operate any successful water conservation program without the wholehearted support of our farm people."

## Autonomous Sikh State Is Goal Of Indian Educator

By RANGASWAMY SATAKOPAN  
NEW DELHI (AP) — A fiery schoolmaster is determined to create an autonomous state for Sikhs — the "lions" of India. He is causing some anxious moments for government officials.

The six million Sikhs, a warrior sect within the Hindu religion, are concentrated in Punjab state but are a minority there. Some of the more extreme Sikh nationalists want a new state, with a Sikh majority, carved out of the Punjab and neighboring states.

The Sikh demands carry potential dynamite in an India where religious tensions sometimes explode into a bloody rioting. The Sikh nationalist agitation last year resulted in riots in Amritsar and Ludhiana. This spring Punjab officials banned the shouting of slogans in organized processions.

The ban was a signal for the Sikh extremist organization, the Shiromani Akali Dal, to launch a "morcha" — literally an agitation. It started with Sikhs first going to their temples, then walking into the streets shouting slogans in open defiance of the government ban.

The "morcha" still is going strong although thousands of Sikhs have been arrested, including the Akali Dal leader, Master Tara Singh. His title of "master" derives from his former schoolmaster career. His flowing white beard matches his white robes and white turban. He does not hesitate to talk in terms of revolution, bloodshed and "direct action" to achieve his objective.

The word "Singh," meaning lion, is part of every Sikh's name. It designates him as a fearless warrior. The Sikh was established in 1675, partly as a reform movement within Hinduism, partly as a militant brotherhood aimed at the Moslem Moghul invaders of India.

Orthodox Sikhs do not cut their hair or beards, for they refuse to let a knife touch their skin — unless it happens in battle. Turbans cover their long hair. Their religion requires each to carry a dagger.

SYMPATHY COSTS  
CHICAGO (AP) — For weeks irate motorists were complaining that they were being ticketed for over-parking although the time on parking meters had not run out. Yesterday police discovered the reason: Thomas Ponczko, 13. He said he had been slipping pennies into meters beside ticketed cars because he felt sorry for the motorists. A magistrate fined him \$2, to be inserted penny by penny in parking meters.

GIRL MISSING — Patricia Ann Cook (above), 14, disappeared mysteriously from her home at Rome, Ga., and police fear she may have been kidnaped. A neighbor reported seeing her leave home with a strange middle-aged man in a small motor truck. (AP Wirephoto)

### Only Municipal Pool In Pitt Is Popular Spot

Summer time means swimming for Farmville youngsters and finding a safe place to swim is no problem since the town operates its own swimming pool. The heavily used pool is the only municipally owned pool in Pitt County at present. (Reflector Photo by Alvin Taylor.)

## Peron Campaigns Against Those Who Tried To Rebel

**By JIMMIE PAYNE**  
BUENOS AIRES (AP)—Backed by new pledges of military and political support, President Juan Peron pushed a dual campaign today against those who tried to overthrow him in last week's bloody revolt and persons spreading rumors of upsets still to come.

Statements pledging loyalty to Peron were issued yesterday by the six-million-member General Labor Confederation (CGT), the President's chief political bulwark, and by both the men's and women's Peronista parties.

The roundup of rumor mongers followed repeated statements by Lucero that numerous false reports were circulating and should be ignored.

Federal police announced 14 persons were arrested for spreading untruths in Buenos Aires province, which surrounds the capital city but does not include all armed services.

SHOPPING FOR THE BABY THEY HOPE TO ADOPT—Sgt. George Vinansky and his wife are shopping in Charleston, S. C., for clothing for a 16-month-old English baby Joyce McDonagh, whom they want to adopt. Thomas McDonagh, father of the child, has appealed to British Queen Elizabeth for aid in allowing the baby to be brought to the United States so that she "will have a better chance in life." The sergeant and his wife are visiting her parents in Holly Hill near Charleston. (AP Wirephoto.)

## Scientific Issue In Vaccine Talks

**By ALTON L. BLAKESLEE**  
AP Science Reporter  
NEW YORK (AP)—An issue in the latest Salk vaccine discussion seems to be a scientific one on how to make the best polio vaccine.

Dr. Jonas E. Salk believes the safest way is to use killed virus that cannot cause polio, but can produce antibodies against it. Killed-virus vaccine cannot cause polio when properly made.

Dr. Albert Sabin, of Cincinnati, favors using live-virus vaccine and is testing his vaccine on a small number of humans. He uses strains of live virus which cannot cause paralytic polio. He believes the live viruses will produce antibodies against polio longer than the protection conferred by a killed-virus vaccine, and perhaps for a lifetime.

Sabin expresses concern over use of the "Mahoney" strain of virus in the Salk vaccine. To explain there are three types or "families" of virus which cause human paralytic polio. There are many members in each family. Mahoney is one member of Type I family.

Sabin calls Mahoney the "most virulent" of Type I viruses and seems to imply worry whether it can be safely killed. He prefers — and uses — a nonvirulent Type I virus in his vaccine.

Salk expresses confidence that, when properly made, his vaccine containing Mahoney virus is safe. The Public Health Service endorses the safety of Salk vaccine — even using Mahoney strain — with the safety requirements asked of manufacturers.

## Science In The Elementary School Discussed At Conference At ECC

Science instruction aimed at developing in the young child the ability to think critically and creatively received emphasis at a conference on science in the elementary grades at East Carolina College Wednesday of this week.

Dr. Bond gave practical suggestions about experiments suitable for use in the lower grades. Through demonstrations he indicated that good teaching in elementary science may be done with simple, inexpensive equipment.

Julia Wetherington, supervisor of elementary education in the State Department of Public Instruction, was principal speaker. Addressing her remarks to approximately ninety men and women, most of them public school teachers, she based her talk largely on the concepts of science instruction and on the contents of the new state manual for science in the lower grades.

Dr. Austin Bond of the East Carolina department of science acted as chairman at the conference. Dr. Charles W. Reynolds, director of the department, prefaced the scheduled program with a brief introduction to the conference theme of science for young people.

## Happy Is The Day When Backache Goes Away . . . .

Nagging backache, headache, or muscular aches and pains may come on with over-exertion, emotional upsets or day to day stress and strain. And folks who eat and drink unwisely sometimes suffer mild bladder irritation . . . with that restless, uncomfortable feeling. If you are miserable and worn out because of these discomforts, Doan's Pills often help by their pain relieving action, by their soothing effect to ease bladder irritation, and by their mild diuretic action through the kidneys — tending to increase the output of the 15 miles of kidney tubes.

Double your fun and stretch your budget with these sale-priced vacation togs!

# James Perry Shuts Out Greenies On Two Singles

## Roberts Scares Smith, But Wins

By ED WILKS  
The Associated Press

Robin Roberts may be the only pitcher in baseball who figures to be around for the second inning after getting clobbered for three home runs and blowing a 3-0 lead in the first.

That's Robin's way. He gets hit the hardest, yet wins the most.

Even so, the ace of the Philadelphia Phils' staff must give Manager Mayo Smith credit.

Last night at St. Louis, he trailed 4-3 after the Cards whacked him for three homers, two in succession, in the first frame. Yet he stayed around and wound up with his 13th complete game and 10th victory of the season, 9-6.

That put the Phils back in fifth place a percentage point ahead of Cincinnati in the National League. The Redlegs lost 4-3 to the New York Giants, who ended a six-game losing streak.

First-place Brooklyn edged Chicago 3-2, leaving the Cubs just half a game ahead of the third-place Milwaukee Braves, who whipped Pittsburgh 5-0.

In the American, the New York Yankees held their two-game lead by beating Kansas City 6-1. Runner-up Chicago trimmed Washington 3-0 and third-place Cleveland rapped Baltimore 5-0. Fast-climbing Boston defeated Detroit 12-7, leaving the Red Sox just a game short of the fourth-place Tigers.

Roberts, leading off with a double for the Phils, got a three-run rally going in the seventh that decided the game. The Phils had 14 hits—three by Roberts—off six St. Louis pitchers.

The Cards got 10 from Robin, including another homer—second of the night for Stan Musial, who also tripled.

The Dodgers won behind Ed Roebuck's relief work after scoring an unearned run in the eighth on an error by Hal Jeffcoat, who lost in relief.

Home runs by Hank Thompson and Bobby Hofman broke a 2-2 tie for the Giants in the ninth as Seay Maglin breezed behind his eighth straight victory.

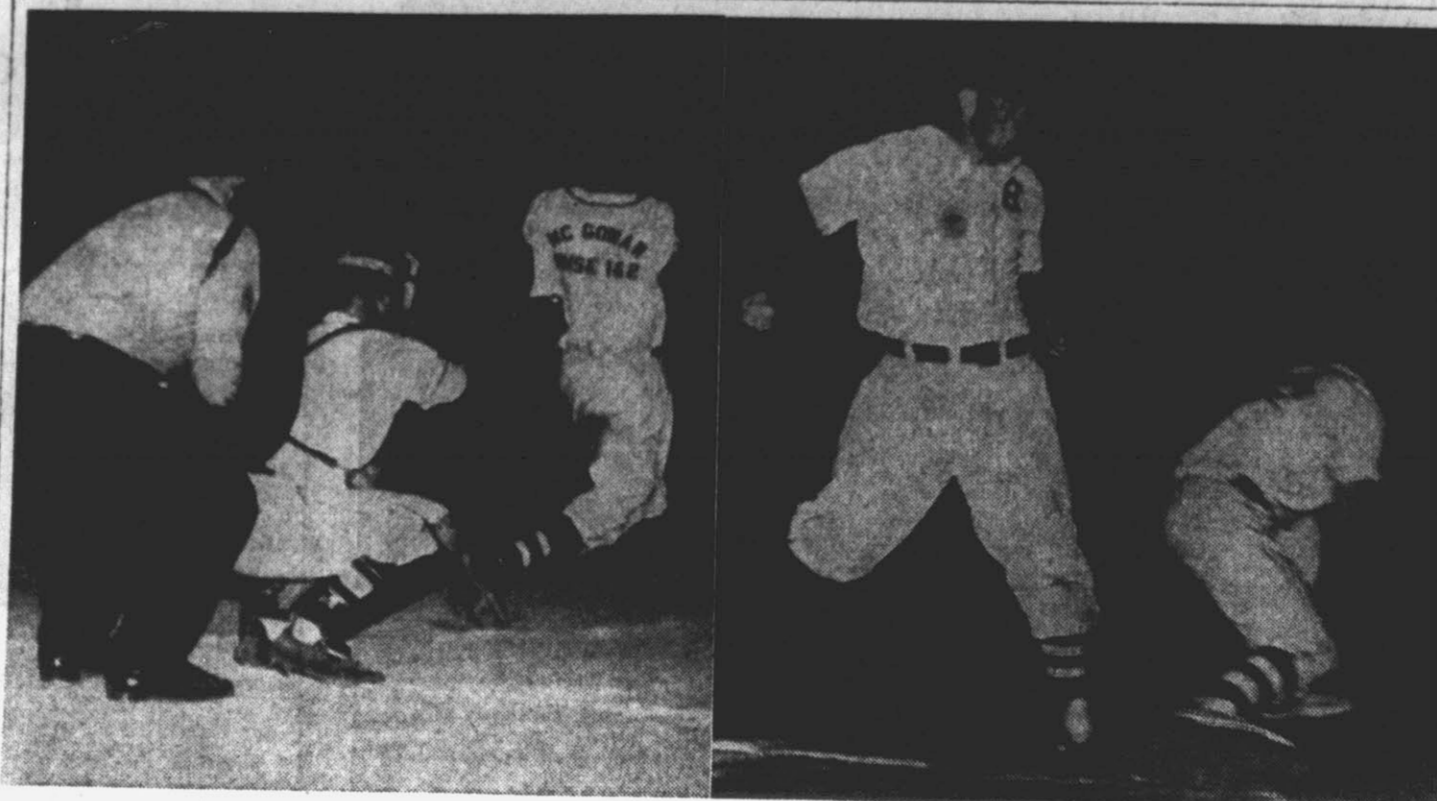

Warren Spahn kept the Braves rolling, blanking the Bucs on six hits while contributing a one-on-one homer. Batterymate Del Crandall also homered off loser Max Surkont who left in the seventh.

The White Sox breezed behind Dick Donovan's four-hitter. Walt Dropo knocked in two of the Sox runs. Loser Dean Stone and Bob Ramos stopped Nellie Fox's hitting streak at 17 games.

Early Wynn won his ninth while handing Baltimore its sixth shut-out in the last nine games. Cleveland had 15 hits, four by Al Smith.

Detroit rookie Frank Lary was rocked by the first of Ted Williams' three doubles and Norb Zauchin's three-run homer and left the game as the Red Sox went on to score six runs in the first inning. Winner Tom Brewer and Leo Kieley gave 15 hits, but eased in as Boston made it 13 out of 15.

Mickey Maule hit his 18th homer with a man on and Yogi Berra lined a base-loaded single, driving home two Yankee runs in support of Ed Ford who scattered nine Kansas City hits. Art Ditmar was the loser.

CPL ACTION—In the left-hand photo, Greenville's J. T. Mills takes a hefty cut at the ball but failed to connect. Williamston's Charlie Cherry is shown on the right straining to beat a throw at first. Sal Crusano made a nice stop to the ball to catch the runner by a step. (Reflector Sports Photo by Bruce Phillips.)

By BRUCE PHILLIPS  
Reflector Sports Writer

The Greenville Greenies had their first taste of Williamston's James Perry last night and it was anything but sweet as the young chucker sat the locals down with two stingy hits and a 6 to 0 defeat.

The tall, lanky righthander was making his Coastal Plain debut after having pitched Williamston High School to the State Class A title. From the outset, the locals knew they were in for a tough time and it was eight innings later before they solved Perry's slants for a base hit.

Earl Tripp finally got to him for a single in the eighth with one man out. Tripp's sojourn ended on first base, however. Blaney Moyer collected the other hit, also a single, in the last of the ninth.

Perry's effort was undoubtedly the finest performance by a Coastal Plain pitcher this season. Utilizing a blazing fastball and wicked low curve ball, he struck out 16 batters. Twice he retired the side on consecutive strikeouts.

While Williamston's Braves were getting their fine pitching, their hitters were finding James Pollard tough but touchable. They scored all six runs in the first three innings on timely knocks.

Early Score  
Charlie Cherry scored the first Brave run in the opening frame. He singled to lead off and was driven home by Ed Stalls Jr.'s ringing triple to the leftfield barrier. Moments later, Stalls was caught at home when he tried to score on a passed ball. Catcher Bobby Flye made a nice peg to pitcher Pollard to nab the sliding runner.

In the second, Williamston tallied twice. Bob Brown worked Pollard for a base on balls. Jim Leggett was safe at first on a fielder's choice that nibbed Brown at second. Ronald Forbes hit a fast grounder to second trying to get a ringgit. The throw was off and both runners were safe. Perry came to the plate with two outs and helped his cause with a two-run single through the box that almost undressed the Greenville pitcher.

Three more scores were added in the third. A base on balls, a single and a three-base error by right-fielder Earl Tripp accounted for the markers.

Not Greenville Night  
It just wasn't Greenville's night as it appeared a defunct ball club for eight stanzas. Not a single Greenie reached first base until Earl Tripp's single. Perry was throwing aspirin and the locals had an off-night at the plate—a losing combination in any league.

Actually Greenville never threatened to score. No Greenville man got the feel of second base throughout the ball game. After Earl Tripp had gotten on in the eighth, Perry struck out Carlos and Flye to retire the side. After Moyer got on, he struck out Mat Hall.

Pollard's fine hill work was just overshadowed by Perry, although the former threw a masterful six-hitter. Only one Brave got more than one hit and that was, ironically, Perry the pitcher. Cherry, Stalls, Wobblen and Brown collected one-base affairs.

The loss was the 11th against 14 wins for Greenville and dropped them further behind league-leading Farmville. The win was No. 9 for Williamston against 15 losses.

## Archie Moore Knocks Out Olson In Third--Bout With Marciano Next

By MURRAY ROSE

NEW YORK (AP)—Archie Moore's explosive punches have accomplished what all his oratory could not—earned him a shot at Rocky Marciano's heavyweight crown.

The 38-year-old light heavyweight champion did it with three punches. The right, right and left to the jaw demolished middleweight king Bobo Olson in 1:19 of the third round at the steaming Polo Grounds last night and set aging Archie on the path to a September heavyweight title scrap.

"I guess that's it, the end of my long campaign," he said. "They can't duck me now. Marciano is a great fighter. But any man I can hit, I can lick—and there's not a man I can't hit."

That goes for Marciano. I think I can beat him and knock him out.

There's still a little dickering to do but promoter Jim Norris has no doubt as to what's coming next.

"It's got to be those two," said the president of the International Boxing Club. "It will draw three-quarters of a million dollars. I'll sit down and talk to Al Weill (Marciano's manager) and Charley Johnston (Moore's manager) in the next few days."

Marciano, who watched the fight on television at his Brockton, Mass., home, said, "There's no question that arrangements will be made for me to defend my crown against Moore in September."

While Moore was looking ahead to the "climax fight of my career" crestfallen Bobo, beaten for the first time in over three years, moved back into his own division. He didn't even wait around long enough to talk to newsmen but rushed from the ballpark to Idlewild Field for a plane to San Francisco.

The first real hard blow of the fight started the blown-up middleweight king on the way out. It was a jarring right to the jaw. Another swift right thudded against Bobo's jaw and then a left hook dropped the jiggling Ham on his back.

He turned sideways and tried desperately to get to his feet. But his brain was numbed and his legs wouldn't respond as Referee Ruby Goldstein tolled the full count.

Nothing much had happened in the first two rounds except that Olson, heaviest of his career at 170 1/2 pounds, backed and sidestepped away instead of piling on the pressure as he normally does. Archie went after him, but he didn't catch solidly until the fatal third.

It appeared an easy win for the 175-pound Moore but he said, "No, it wasn't. It was experience that did it. I trapped him. It was the fault of my 20 years of experience."

Olson had his 21-win streak snapped but he had about \$74,745 from the \$200,704 gross gate and \$100,000 radio-television fee to console him. The crowd was announced as 27,435.

Archie, the 12-5 favorite, received about \$81,540, the biggest purse of his 19-year-old career.

## Durocher Rumored As On Way To Cardinals

MINNEAPOLIS (AP)—Rumors that he would leave the New York Giants to manage the St. Louis Cardinals followed Leo Durocher to Minneapolis today where his team meets the Millers in an exhibition game.

"It just has to be no comment," Durocher said when asked if he had heard reports circulating in New York that he was going to leave the Giants.

"I've had 30 to 40 calls from all over the country, and that's what I've told all of 'em. What's the use of trying to say anything else. One story would just start another one, so I'm just saying nothing."

The report was that Bill Rigney, a Giant infielder for eight years and manager of the Minneapolis club—a Giant farm—would move into Durocher's post at the Polo Grounds.

Horace Stoneham, president of the Giants, is supposed to be in Minneapolis for tonight's exhibition game. In New York last night he said:

"There is absolutely nothing to the story. I have never mentioned Leo's name to any of the officials of the Cardinals except in the usual course of baseball chitchat. Rigney also said he was in the dark on the report."

"I haven't heard a thing," said the 35-year-old Minneapolis pilot at Charlottesville, W. Va., where the Red Sox played a double-header last night.

"I think the rumor is a phony," the 1954 world champion defeated Cincinnati 4-3 last night to snap a six-game losing streak. With pitcher Johnny Antonelli in relief, Eddie Mays in a slump and Davey Williams nursing a bad back, the Giants are in fourth place, 1 1/2 games back of the Brooklyn Dodgers.

In the past Durocher has said repeatedly that "when I'm through with the Giants I'm through with baseball."

He became manager of the Giants July 16, 1948, resigning as pilot of the Dodgers.

Eddie Stanky was fired as the St. Louis Cardinals manager May 23, and was replaced by Harry (The Hat) Walker, manager of the Cardinals' Rochester farm club.

against second seeded Clifton Mayne, taking the California netman 6, 2, -1.

Fourth seeded Jack Frost of Stanford was victor over Jim Read of UCLA -3, -2.

The doubles team of Jacques Grigry and Allen Cleveland of UCLA defeated Buzzy Heltman and Bobby Gren of Duke 7-5, -1.

## Wimbledon Fans Think Seixas May Be Through

WIMBLEDON, England (AP)—Lawn tennis fans at Wimbledon speculated today on whether Vic Seixas has played his last Davis Cup match for the United States.

The 31-year-old Philadelphia form in a Wimbledon bump tournament at London's Queens Club. Yesterday he came up with more shoulder trouble and lost his singles match to Gil Shea, of Los Angeles.

There is no greater fighter on the courts than Seixas. But the big question now is whether he can produce those amazing physical exertions that have played such a big part in his past successes.

After losing to Shea, Seixas was noncommittal, saying only, "We hope the shoulder pulls around."

Seixas will team with Tony Trabert, of Cincinnati, in the Wimbledon men's doubles championship and he will be anxious to prove that he's still in the top shape and ready for another Davis Cup round. The pair meet Britain's Tony Pickard today in the second round. They are top seeded in doubles.

Failure by Seixas would put the United States on the spot in Davis Cup selections. The Australians, regarded as a certainty to challenge for the cup, have no team worthy of Ken Rosewall, Lew Hoad and Harry Hopman, the Australian manager, is confident of regaining the cup at Forest Hills, N.Y., starting Aug. 26.

The United States has no ready-made successor to Seixas. Ham Richardson, of Baton Rouge, La., was the third player on the team in last year's Davis Cup competition. He was eliminated in the first round at Wimbledon by Sweden's Sven Davidson.

Trabert is showing the fans why he's favorite for the men's singles title. Playing at the top of his form, he meets another American, big blond Hugh Stewart, of Los Angeles, in the third round. Stewart knocked out Jackie Brichant, Belgian Davis Cup player, in yesterday's second round.

Rosewall, Trabert's biggest rival for the title, goes against John Barrett of England.

## Kiwanis Beat Lions To Win Loop Title

The Kiwanis came through with one of their most brilliant efforts of the season yesterday afternoon, and the reward was the first half championship of the North State League.

The Kiwanis and Lions tied at the end of the first half, so both teams allowed this regular season second half game to be the playoff game also. James Earl Braxton came through on the mound to pitch a three hit shutout and save the 1-0 win for the Kiwanis. In the second round of the doubleheader yesterday, the Moose also had a shut-out performance and won 3-0 over the Elks.

Playoff Game  
In the playoff game both teams were out to win all the way. Mack MacKenzie, one of the top pitchers in the league, hurled for the Lions in the first inning Burt Aycock Rogers then smashed a single to left and Aycock came around to score on the play. That was the only run of the game but it was all that Braxton needed to win.

From then on MacKenzie pitched

one hit ball and completely handed the Kiwanis, but the damage had been done. Braxton held down the Kiwanis all the way in the top of the second Tadpole Cates doubled and Lonnie Staton singled with two outs, but Braxton got Rob Moffett on a pop up.

The win puts the Kiwanis in a tie for second place in this half with the VFW. The Jaycees are first and the Lions are in last place.

Score by innings:  
Lions 000 000 000-0 3 4  
Kiwanis 000 100 000-1 2 1  
MacKenzie and Brock; Braxton and Conway.

Tar Heel League Game  
Two Kenneths, Kenny Joyner and Kenny Cox, pitched the Moose to a 3-0 win over the Elks in yesterday's Little League play in the Tar Heel League. They combined to pitch three hit ball without giving the Elks a run.

The Moose jumped on Gene Briley for three runs in the last of the fifth and sewed up the ball game. Donald Joyner's triple was the big blow in the inning.

No player on either team was able to get more than one safe hit. Cox was the winning pitcher. He pitched the last three and two-thirds innings.

Score by innings:  
Elks 000 000 000-0 3 3  
Moose 000 03x-3 3 2  
Briley and Corbett; K. Joyner, Cox and D. Joyner.

## Top Seeded Sammy Giammalva Enters Quarterfinals Of NCAA Tennis Meet

CHAPEL HILL, N.C. (AP)—Top seeded Sammy Giammalva faced fifth seeded Bill Quillian of Washington today in the quarterfinals of the National Collegiate (NCAA) tennis championship.

Giammalva had to extend himself somewhat yesterday in defeating Bill Demas of California. Giammalva dropped the first set 4-6 and came back 6-3, 6-2.

Quillian stopped Joaquin Reyes of Southern Cal 3-6, 6-1, -4.

Johnny Hernandez of the University of Texas took on Tulane's Jose Agüero.

Hernandez drew applause yesterday with a smooth performance

MEMPHIS, Tenn. (AP)—The Memphis and Shelby County Medical Society today announced the subject for panel discussion at its dinner meeting next month: diseases of the stomach.

DEMONSTRATION  
SANTIAGO, Chile (AP)—About 4,000 Roman Catholics demonstrated in downtown Santiago last night marching and shouting "Christ, yes—Feron, no."

## Elks Made Fine Comeback Says Coach

By BRUCE PHILLIPS  
Reflector Sports Writer

Coach Tom Rowlette's Elk Little League team may not be a world beater but it has done as much, if not more, than many of the clubs with better win-loss records.

Last year the Elk aggregation was loosed with stars and went through the season without a defeat. This summer, however, many of the standouts had reached the age limit and the team was left with only a fragment of last year's strength.

But this was only a challenge to the youngster who greeted Coach Rowlette at the first day's practice. They were advised to field a team that would hold up to the winning ways set by their forebears.

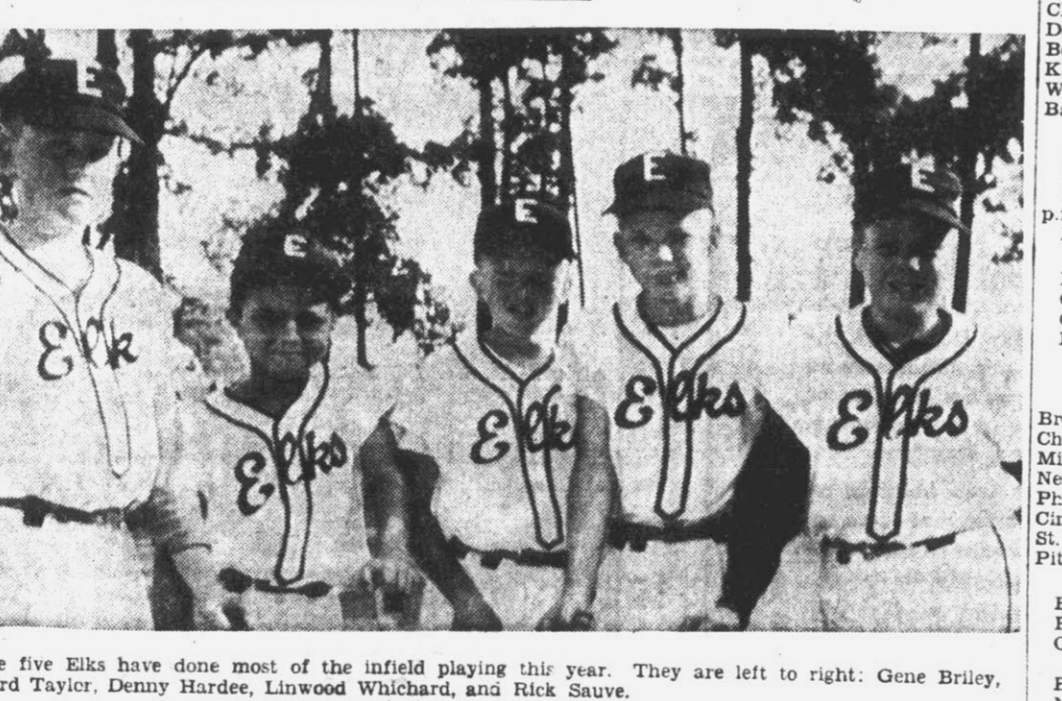

The Elks got off to a poor start but after three straight losses began to jell and at the conclusion of the first half of play, they were solidly in second place behind the Exchange.

"You have to give them credit for that," Rowlette said. "They are certainly the most improved team in the league. Besides, the boys are all young, around eight and nine with a lot of promise. Of course, experience is the biggest thing they need now."

Top Foursome  
The four "veterans" on Coach Rowlette's nine are catcher J. D. Proctor, outfielder Ray Corbett, pitcher and infielder Rick Suave and pitcher infielder Denny Hardee.

"These four form the backbone of our team," Rowlette declared. "All have been outstanding this summer and should receive much attention for the All-Star team."

Ray Corbett is a picture ball player. The little guy is very fast outfielder. He is hitting around .320. Rowlette labels him the best fielder in the league.

These five Elks have done most of the infield playing this year. They are left to right: Gene Briley, Millard Taylor, Denny Hardee, Linwood Whichard, and Rick Suave.

Rowlette was quick to single out Suave as an outstanding moundman. The shortstop-pitcher is a good hitter besides being crafty on the hill, according to his coach. He is the only Little Leaguer to pitch a no-hit game this season.

As a shortstop, he has quick hands and terrific throw from the shortfield. He covers to his right very well and throws accurately under hand.

Proctor is a stumpy little fellow with a big mitt and heart to match. He catches the bigger boys like a

major leaguer and gets that occasional hit. The other man in the foursome is Denny Hardee, pitcher and third baseman. Hardee is a righthander, as are all the Elks pitchers, and a good clutch chucker. He also is a steady hitter from his alternate hot corner post.

Regular Lineup  
The remainder of the Elks' regular starting lineup includes: Lenwood Whichard, lf; Milton Taylor and Bobby Briley, alternates at second base; Gene Briley, 3b; Bobby Aman, lf; and Bill Greene, cf.

"You might say we're a building

## Rocky Plans To Stay Home A Week

BROCKTON, Mass. (AP)—Rocky Marciano, world's heavyweight champion, is back home for a brief stay for the first time since April and hopes to do a few things around the house.

Marciano drove into town yesterday and said he planned to stay about a week. Rocky left nearly three months ago to start training for his recent title defense against Britain's Don Cockell.

"I want to do a few things around the house," he said. "The grass is two feet high and the cellar is a mess. I've got to get those things straightened out."

Marciano indicates he's going to spend several weeks at a summer resort with chances strong he'll go to training camp next month to start working for a possible September date with Light Heavyweight Champion Archie Moore.

## Tony DeMarco Has Nose Operation

BOSTON (AP)—A nose operation on ex-Welterweight Champion Tony DeMarco yesterday at Massachusetts General Hospital has been termed a success.

The surgery by Dr. Maurice Evans was to correct a deviated septum in his nose which had bothered DeMarco for some time. The condition is one in which breathing is made difficult by bone obstruction.

The operation lasted three hours.

## Yesterday's Stars

PITCHING — Dick Donovan, White Sox, won his ninth of the season with a four-hitter while posting his fourth shutout in a 3-0 victory over Washington.

HITTING — Stan Musial, Cardinals, hit two home runs and a triple in four trips, but it proved too little in 9-6 defeat by Philadelphia.

## Cox Will Not Report; To Undergo Operation

### Don Newcombe Has Good Chance To Win 30 Games

BALTIMORE (AP)—Billy Cox is scheduled for a hernia operation, probably next week, his wife said yesterday in disclosing the real reason for the veteran infielder's retirement from baseball.

"I was shocked when Billy told me he had this groin trouble" the evening Sun quoted Billy's wife Anna in a telephone interview from Newport, Pa. "I was hoping up to then, that he would finish the season with Cleveland, since I thought his troubles were simply with his legs."

Mrs. Cox said she kept hinting for Billy to continue playing, when he told her the groin injury was the real reason he had quit. She said Billy thought he must have got it during the past month with the Baltimore Orioles.

Cox and outfielder Gene Woodling were traded by the Orioles last week to the Cleveland Indians for outfielders Dave Pope and Wally Westlake and some cash.

His retirement threw a monkey wrench into the deal and for a time it appeared that Commissioner Ford Frick would have to decide the final outcome. But the two clubs reached an agreement in New York yesterday, with the Orioles reportedly returning the original cash plus an additional sum.

### Bobo, Get Up!

HILLSBOROUGH, Calif. (AP)—"Bobo, get up!" was the cry that son of Mrs. Dolores Olson pleaded as she saw, via television, her man flattened by Archie Moore in the third round at New York last night.

Mrs. Olson and the four Olson children were joined by a roomful of relatives, friends and neighbors in the Olsons' new home in this plush San Francisco suburb.

"I thought Bobo would get up and at the same time I thought to myself the referee was counting too fast," she said.

"I'm not going to cry but I sure wish the children hadn't seen their daddy on the canvas."

## Mountain of Muscle

MOUNTAIN OF MUSCLE—Paul Anderson, 22, the 315-pound weightlifting champion from Toocoo, Ga., shoulders an 800-pound pair of iron wheels in a demonstration of his strength. The Georgia strong boy and his American teammates won the acclaim of Russians during the 1954 world weightlifting meet in Moscow and Leningrad recently. Anderson, who used to live at Elizabethtown, Tenn., took the title from his Russian opponent with a lift of 397 pounds. (AP Wirephoto.)

Scientists Plan Gigantic Snare

WELLINGTON, New Zealand (AP)—Scientists here are planning a giant marine trap to snare a monster from the ocean depths of Cook Strait. They do not know exactly what they will catch. "The possibilities are fascinating," says Prof. L. R. Richardson, head of the zoology department at Victoria University College, Wellington.

"Sworn statements by experienced mariners indicate that there are at least four types of giant ocean creatures still unknown to man. Some people call them sea serpents. There are reports, going back to the 1870s of occasional strand-

ings along the shores of Cook Strait of giant squid, fearsome creatures with plate-sized eyes, bodies 10 feet across with 10 tentacles up to 25 feet long. With echo soundings taken a few years ago, the probable home of these giant squid was charted. This is a 6,000-foot-deep canyon connecting the Palliser Bay end of the strait with the Pacific Ocean. Cook Strait is the turbulent stretch of water between the north and south islands of New Zealand.

**TRAFFIC HAZARD**  
GLEN BURNIE Md. (AP)—Otis Morley's power mower got away from him and went chugging across Crain highway all by itself. Morley said a motorist narrowly missed hitting the wandering mower, then reacted in the fashion of annoyed motorists a round the globe. He honked his horn at it. Sixty per cent of the coal mined in Indiana is produced in strip mines compared to a national average of 23.6 per cent.

The hottest thing this summer won't be the weather...

...it'll be sales! Do you know that people buy more in Summer months than most other months of the year? No wonder, since, as surveys show, more than 90% of the people are at home on an average day during the Summer! Do you know they'll spend more than 43 billion dollars this Summer?

Whatever you sell, sell it all Summer long. And to everybody in the area who can possibly buy! That, of course, means in newspapers.

There's no summer replacement for the newspaper! People keep on reading the newspaper all Summer long—for news, for amusement, for the advertising.

The surest way to reach the most customers, most often, most effectively, is in the newspaper. If you haven't already planned a steady series of Summer selling ads—call us today!

All business is local... and so are all newspapers!

This message prepared by BUREAU OF ADVERTISING, American Newspaper Publishers Association, and published in the interests of fuller understanding of newspapers by The Daily Reflector

## Auto Giants Squirm Beneath Attack By Walter Reuther

By JAMES MARLOW  
Associated Press News Analyst  
WASHINGTON (AP)—Walter Reuther made the auto giants squirm by tackling them separately. They're so competitive they'd probably rather continue to squirm separately than work together to block Reuther.

Henry Ford II suggested this week the auto makers should force Reuther into industrywide bargaining so he'd have to deal with them all at the same time.

General Motors made no comment but reportedly is opposed to Ford's idea. Reuther, the CIO auto workers' president, said his union was against it.

If the auto makers under Ford's industrywide bargaining plan balked at some future demand of Reuther and his union struck, all plants would be shut down simultaneously with no company having a competitive advantage over another.

As it is now, with company-by-company bargaining, one after the other, Reuther can play off one against the other. He has done it consistently and again this year in his negotiations with Ford and GM.

He put the heat on Ford first. Ford in the greatest race of its history to outsell GM's Chevrolet, could ill afford a strike while GM was left free to pump out Chevrolets. Ford signed up. This put GM over a competitive barrel.

If it balked at Reuther's demands—the same ones he made on Ford—and forced a strike, it would not only lose out in the Chevrolet race against Ford but would lose on the sales of its other cars. It signed up in short order.

The most sensational issue in the two negotiations was the guaranteed layoff pay, which Reuther calls a guaranteed wage, and which the companies themselves refer to as supplemental pay for laid-off workers.

The companies agreed to give any of their employees thrown out of work some pay for a maximum of 26 weeks to supplement state unemployment benefits.

It's just possible—judging from what GM's Vice President Harry W. Anderson said, although his

words were ambiguous—that GM might have balked at the guaranteed layoff pay even if it meant a strike, if Ford hadn't first agreed to it.

After the GM negotiations Anderson told Reuther: "Walter, we had a lot of disagreements in there... but I do want to congratulate you on your judgment in going somewhere else (to Ford) first to get it (the guaranteed layoff pay)."

But in this period of prosperity and record-breaking car sales, perhaps GM would have caved in to

Reuther if he had tackled it first instead of Ford. Neither company said it couldn't afford to meet Reuther's demands.

GM might have struggled harder to give less than Ford agreed to but probably not hard enough to cause a strike. What they gave Reuther was far less than he demanded.

Oxygen, mostly in combination with other elements constitutes about half the earth's crust and another quarter of the total is silicon.

## Effects Of Love Bad For Commies

TOKYO (AP)—As it must to all humankind, love has come to the youth of Red China. And the Communists are pretty unhappy about it.

China Youth, a Communist magazine, grows at the way "part of our youth devote themselves to love and throw themselves into a frenzy of lovemaking."

This is called "detrimental to the national interest."

Some love is okay, the magazine concedes, but you've got to look at it from "the right angle." Here is the right angle:

"We must succeed in one thing: that is to place love in a secondary position in one's life."

That means we must not allow lovemaking or the vexation arising therefrom to affect our political and labor ardor, much less to become pessimistic and to sacrifice oneself for the sake of love."

Some young engineers up in Manchuria, home of most of Red China's big factories, just about expire from love and can't devote themselves to work," the paper said.

But all is not bleak. There was the young hero who was sent out West and pined for his girl. So he went back to Shanghai and played around for six months. Then he turned his face resolutely and patriotically to the West once more. As China Youth reported, "He learned that if the flower of love did not bloom on the foundation of socialist construction, it would fade very soon."

## Authorities Plan To Build Roads

PAPEETE, Tahiti (AP)—This French equatorial island has discovered that it has some temperate climate.

High on the plateaus of the inland mountain mass the air is cool and bracing. Authorities are planning to build roads to the plateaus so health resorts can be established far from the coastal heat.

## Almanac Finally Says It's Wrong

LANCASTER, Pa. —The fame usually cold, with high winds and plenty of snow in the North. And here is the book's forecast for August of next year, when the two major political conventions will be held: high winds, squalls, tornadoes over wide areas.

Long-time residents of this southern region of Pennsylvania say that thousands of farmers and others live by the almanac, planting by the moon as it suggests, and taking its exalted counsel in many other ways.

As 1956 is Leap Year, the manuscript comes through with sharp advice to girls on how to make the most of the opportunity. One tip: Be demure, but roll the eyes, using subtlety.

Let romance be withered, the book exhorts. "Eliminate that onion breath." And how? "Just don't eat onions."

Women who have landed husbands are told how to keep them. They are told also how to take care of their homes, their clothes.

A suggestion: If the veil of your hat becomes limp and lifeless, press it between sheets of waxed paper. Better than that, get your husband to buy you a new hat.

Published in Lancaster, picturesque heart of the Pennsylvania Dutch country, Baer's almanac has an international distribution. Total circulation, it was reported, may run to 250,000.

## Summer Perks Up Hopes Of Air-Conditioning Firms

By SAM DAWSON

NEW YORK — Summer is perking up the hopes of the air conditioning industry after its shakedown earlier this year.

Estimates on this year's retail sales of central units for homes are being raised today by one of the leading makers. He now says they'll be installed in twice as many houses this year as last.

Inventories of room coolers have been cut about 12 per cent—after considerable financial pain and some dumping. This price slashing helped retail sales in the off-season winter months climb 30 per cent over a year ago.

The Air Conditioning and Refrigeration Institute reports sales of window units are continuing at higher pace. And C. A. Tatum Jr., president of Dallas Power & Light Co., gives the Edison Electric Institute an estimate that in 10 years the air conditioning load on power lines will increase five fold.

Cloud Wampler, president of Corp., estimates this year's sales of window devices at 1,100,000 units, as against 90,000 last year. He says retail sales of central residential air conditioning equipment so far this year are almost double those of last year—150,000 units as against 75,000.

George S. Jones Jr., managing director of the Air Conditioning & Refrigeration Institute, says a prolonged hot spell won't be needed for the industry to sell more than a million unit sales of room coolers this year, because "they're no longer considered a luxury."

But no matter what industry leaders say about conditions being a necessity rather than a hot weather luxury, want to bet they aren't praying for a real sizzling spell soon?

# Malaya's Comm unists Work To Upset Singapore Order

By LARRY ALLEN  
SINGAPORE (AP)—Malaya's Communists are driving hard to upset law and order in this rich British crown colony.

Strikes are spreading. Rioting is being fomented. Communist-inspired Chinese high school students are openly defying the police.

Businessmen in this great Far Eastern port city—one of the world's busiest—face the future with undisguised fear and skepticism.

The 17,000 whites on Singapore Island are beginning to fear for their lives.

A storm of protest is rising swiftly against the new Labor Front government headed by David Marshall, a Singapore attorney. Civic organizations and individuals are demanding that industrial unrest and lawbreaking be curbed lest this rubber and tin metropolis become "a lawless city."

Of the city's 1,167,000 people, 910,000 are Chinese. Marshall, with an eye to elections four years hence, is reluctant to hit trouble-makers hard—and most of them are Chinese. He says now is the time for "nursing" rather than whipping the students who, siding with strikers, have spearheaded rioting the hostile demonstrations against the government.

Sparking the threatened violence is the most intensive subversive campaign the Red Chinese underground has waged on the island colony since it unleashed guerrilla warfare in the jungles upcountry in the spring of 1948. The Communists apparently feel that Marshall's "go easy" policy leaves the door wide open to a determined effort against law and order.

On the Malayan mainland, the Communists have slackened direct armed attacks on villages, towns, highway convoys and communications. But in Singapore they appear set upon getting the upper hand by wile and subversive tactics. They are infiltrating labor unions and student groups.

About 7,000 of the 80,000 students in private Chinese high schools form the hard core of resistance to the government. They lead the open defiance of police orders, march in picket lines, urge strikers to fight on until their demands are met. When the government threatened to expel ringleaders and close three of their schools, the students threatened "serious trouble" and the authorities backed down.

Police finally did arrest 127 pickets for obstructing them. But big gatherings of students and strikers still go on.

The students say they want no

interference with the Red Chinese doctrines they are being taught in many of their classes. They have forced teachers to quit when they tried to teach courses prescribed by the government. They have staged "sit-in" strikes or refused to attend classes.

The government, which pays for part of the instruction, feels English and principles of democracy must be taught. But Marshall and his ministers haven't found a way to see that it is.

Marshall's young regime also is being plagued by spreading industrial unrest which at times threatens to paralyze the city's transport and commercial life. As fast as one walkout appears settled, another is started. A general strike last week brought out less than a seventh of the colony's labor force. But the unions made clear they would try again.

BUICK SPECIAL 2-Door, 6-Passenger Sedan, Model 48R

## They're making it the BIGGEST-SELLING BUICK OF ALL TIME

Maybe you'd better see for yourself why folks just won't do without this great car.

PEOPLE say success makes success—but we say people make success, and how!

It's people—just like you—who are snowballing Buick sales this year to an all-time peak.

It's people—just like your neighbors down the street—who are snapping up these gorgeous new Buicks almost as fast as we get them from the factory, and causing Buick production to climb to new levels every month, to handle the unparalleled demand.

And it's people—just about from every walk of life—who keep Buick sales soaring without letup—and

who have moved Buick more solidly than ever into the charmed circle of America's top best sellers.

But why? Why this phenomenal swing to Buick on the part of people who can choose any new car? Because Buick's a buy—definitely.

And because it's a bold beauty that catches the eye and holds it—that's for sure.

And certainly because it's supremely level of ride—and a sweet joy to handle—and a mighty bundle of high-voltage V8 power to melt away the miles and the high hills.

But most of all, because Buick this year is a performer like no earth-bound vehicle ever was before...

Because Buick—and only Buick—has the airplane-principled magic of Variable Pitch Dynaflow\* where you switch the pitch for big gas savings in cruising—or for whip-quick getaway response and acceleration when you need a sudden safety-surge.

It's sheer thrill, and pure pleasure, and a big boon to your gasoline budget—and you really ought to try it.

Come visit us soon—this week, at the latest—and see for yourself why this is the car folks just won't do without—the biggest-selling Buick of all time.

\*Dynaflow Drive is standard on Roadmaster, optional at extra cost on other Series.

# Food Industry Plans Removal Of More Work

By SAM DAWSON  
NEW YORK (AP)—The food industry plans to take still more of the drudgery out of kitchen work. It counts on using the atom to make better food and automation to provide cheaper food.

Americans will spend for food about 65 billion dollars this year—four times as much as before the war. Even allowing for dollar devaluation, that's still twice as much as 15 years ago.

Leaders of the Grocery Manufacturers of America, say these things are in store for us:

Lower prices can be achieved through greater production. They believe new machinery and new methods should boost production by cutting present high costs.

The revolution in the kitchen is to continue and may be speeded up in the near future. What the industry calls convenience foods have brought about the revolution. Packaged foods that eliminate the kitchen drudgery by preparing vegetables and fruit and even meats ahead of time are to be increased in number and volume.

Since World War II processed foods have increased 45 per cent—while population climbed 15 per cent.

Research is going to be the watchword of the industry from now, in the opinion of GMA's president, Paul S. Willis. He describes some of the projects under consideration now as "breath-taking."

Atomic radiation is expected to play a double role. First, it's believed that in the years ahead radio activity will show the farmer how to produce better food stuffs, and more cheaply. It is also counted upon to combat the insects and disease that plague the farmer now. Second, atomic science is expected to have a major impact on food processing.

There is a good chance that soon manufacturers will be exposing various foods to atomic radiation to eliminate bacteria and thereby greatly increase their life of their products.

It is estimated there is a traffic accident every three seconds, on the average in the United States.

## Most Smokers Not Influenced

WINSTON-SALEM, N. C. (AP)—Unsubstantiated claims of the anti-cigarette "Carrie Nations" have not influenced 96 per cent of the nation's smokers, according to E. A. Darr, president of the R. J. Reynolds Tobacco Co.

Darr said yesterday that estimated figures of the U. S. Census Bureau showing four per cent of the nation's smokers have given up the practice in the past year and a half is a "mighty small figure."

## Bids Are Opened For Equipment

Bids for hospital laundry service were opened by Pitt Memorial Hospital's Board of Trustees at their regular meeting Tuesday night.

A contract for this service was not awarded pending further study of the bids.

Once a year the hospital calls for comparative bids for laundry service. Administrator C. D. Ward said the contract would be awarded when all bids have been investigated more completely.

# Revised Version Of Tied Up Military Reserve Program Expected To Pass

WASHINGTON (AP) — Rep. Brooks (D-La.) predicted today a revised version of President Eisenhower's stalemated military reserve program will pass the House next week "with no trouble."

But Rep. Powell (D-NY) declared the new measure is "worse than before" and faces another strong fight over racial segregation issues.

A House Armed Services subcommittee, headed by Brooks, yesterday voted 11-1 to approve a new compromise bill. It is designed to break an impasse created a month ago by Powell's amendment to bar assignment of reservists to segregated National Guard units.

In an effort to avoid this issue, the new measure avoids all mention of the National Guard, although Guard spokesmen objected that they need the additional manpower.

It also contains force language in authorizing the Pentagon to establish a new six months' training program for teen-agers volunteering for the reserves.

The evident purpose is to avoid the parliamentary tangle which House leaders say permitted opponents virtually to kill the bill before by supporting Powell's anti-segregation amendment. This alienated Southerners needed to pass the measure.

In other respects the compromise measure parallels the shelved bill which Eisenhower has called "vital" to national security. The measure goes to the full Armed Services Committee Tuesday for expected approval and quick routing to the House.

Powell said he already has prepared an anti-segregation amendment which he declared can be offered to the bill as now written. He said his fight is based upon the expectation the Senate may put back features to which he objects, regardless of the final form of the House bill.

Brooks said in a separate interview he did not see how opponents of the training program could oppose the new measure because "it is protected against any thought of extending" it into any form of universal military training.

The measure provides that youths under 18½ years can volunteer for reserve service under "such regulations as prescribed by the secretary of defense." Testimony showed these regulations would include a requirement to accept six months' training.

In return, the volunteer who keeps up reserve training would be free of all military obligations after serving eight years. The President could extend this program to a maximum of 250,000 men a year.

Under the original bill, the youth had to volunteer directly for the training program opponents said this would be the "back door" to UMT.

The compromise measure also contains these other provisions:

1. The reserve obligation for other servicemen would be lowered from eight to six years. The maximum for active duty and training reserve service would be five years, with the other year in the standby or inactive reserve.
2. Reservists would be obliged to maintain training requirements—48 annual drills and 17 days' summer camp, or the equivalent—or face recall to 45 days' active duty. Those who complete active service prior to July 27, 1953, would be exempt.
3. The Pentagon would be authorized to increase the active reserves more than four times, to 2,900,000 men, by 1960. The President could recall up to one million active reservists to duty, without consulting Congress, in a presidentially declared emergency.

ARGENTINA'S CHIEF—Gen. Franklin Lucero (right), Argentina's new armed forces chief, is pressing ahead with efforts to return the revolt-bloodied country to normal. His troops rescued President Juan Peron's government from Thursday's navy revolt. Peron placed Lucero's army in full command of the nation during the weekend. Lucero is shown with Peron (left) during a recent military review. (AP Wirephoto)

## Army Calls Out Ceremonial Unit To Greet Taylor

By ELTON C. FAY

WASHINGTON (AP)—The Army ordered ceremonial troops out today to welcome Gen. Maxwell D. Taylor, whose arrival in Washington is to be Army chief of staff signals a shakeup in its top civilian-military command.

Taylor's arrival to take over the job held by Gen. Matthew B. Ridgway follows closely the resignation of Robert T. Stevens as secretary of the Army.

Ridgway, approaching retirement age, was not chosen by President Eisenhower for a second two-year term as commander of the Army. The general's views about the need for a continuing big Army conflicted with those of Eisenhower and Secretary of Defense Wilson.

The President and defense chief decided to continue reduction in Army manpower. Ridgway made speeches insisting that the advent of atomic age weapons required more, not fewer, soldiers.

The White House and Defense Department quickly picked a successor to Stevens yesterday, naming Wilber M. Brucker, his nomination almost within minutes of the arrival of a formal resignation from Stevens. Brucker has been general counsel of the Defense Department.

Rumors of Stevens' resignation had persisted for more than a year, ever since he fell into the prolonged and often sharp wrangle with Sen. McCarthy (R-Wis.) over the latter's charges that Communists were being "coddled" in the Army. However, the administration apparently waited for the Stevens resignation until most of the fire had gone out of the dispute.

There was expression of regret both from the White House and Wilson, matched by Stevens' statement that he was "extremely sorry that compelling personal reasons forced him to leave the administration."

Dr. and Mrs. W. R. Newton and children of North Wilkesboro spent Friday night here visiting Dr. Newton's mother and sister-in-law, Mr. and Mrs. E. C. Newton.

Mrs. Osa Edwards suffered a stroke last week and is confined to her bed at her home.

Mr. and Mrs. Percy Owens, Mr. and Mrs. Alton Heath and children spent the weekend in Newport News, Va., visiting Mr. and Mrs. Owens' daughter and son-in-law, Mr. and Mrs. Walter Gardner.

Mrs. Lum Jefferson returned from a visit in Baltimore Sunday and was admitted to Woodard-Herring Hospital in Wilson for medical attention.

Mrs. Sim Weisner returned to her home near Fountain Sunday to recuperate from a throat operation she underwent Saturday in Park View Hospital in Rocky Mount.

Mrs. Lizzie Wooten of nee Sharp Point is visiting her sister, Mrs. Osa Edwards.

Mrs. J. W. Redick had as her weekend guests Mrs. Bertha Crayne and Mrs. Malena Powell of Bethel.

Mr. and Mrs. Harold Rouse and children of Farmville, Mr. and Mrs. Leslie Yelverton Jr. of Fayetteville and Mrs. W. W. Walker and Billie Walker and Mr. and Mrs. Leslie Yelverton of Fountain spent last week at Atlantic Beach.

Mr. Ben Owens went to Park View Hospital Thursday for a heart ailment.

Ann Stator Everett, Parmie Moore, Lili Dilda and Annette Little are attending the 4-H Girl's Camp at Manteo this week.

Circle No. 2 of Fountain Presbyterian Church met Tuesday night at the home of Mrs. W. R. Mercer. The program leader, Mrs. Paulie Burnett, conducted the Bible study, "The Struggle for the Soul," which was taken from the seventh chapter of Romans, verses 14-25. Miss Wilma Grace Owens presented an article on "Opportunities Great, But Divisions Thwart Portugal's Reformation," by Leopoldo de Figueroa. Eight members and one visitor were present.

On Thursday, June 16, members of Fountain Presbyterian Sunday School had their annual picnic at the Farmville Municipal Park and swimming pool in Farmville. About 7:00 o'clock a delicious and bountiful barbecue supper was served after

the invocation by Rev. Philip Cory. Approximately 150 persons were present.

Mrs. David Owens was hostess to a Stanley party in her home Thursday night. Mrs. Hazel Pittman of Maclefield directed games and awarded prizes to the winners. At the conclusion of games and the demonstration the hostess served refreshments and social hour was enjoyed.

Mrs. W. R. Harris entertained members of her bridge club Friday afternoon. Mixed summer flowers were used throughout the home. A sweet course was served preceding the game. Mrs. J. M. Horton and Mrs. E. B. Beasley received bath powder for scoring high.

Mrs. Noah Thigpen and Mr. and Mrs. John C. Pierce and sons, Michael and Mitchell, of Greenville were weekend guests of Mrs. Pierce's mother, Mrs. Carrie Jefferson.

Miss Rose Johnson of Wilson spent a few days last week with Miss Jewel Gardner.

Mrs. Rebecca Galloway of Stanfordsburg spent last week with Mrs. Katie Owens and Mr. and Mrs. Ronny Lee Owens.

Mrs. Carrie Jefferson and Linda Jefferson spent last week in Greenville visiting Mrs. Jefferson's daughters and sons-in-law, Mr. and Mrs. John O. Pierce and Mr. and Mrs. Troy Harris.

Mrs. Bertha Crayne and Mrs. Malena Powell are spending a few days at Fort Bragg visiting Maj. and Mrs. R. L. Perley.

CONDITIONING THE AIR—Slow evaporation of water in open jars helps to lower room temperatures as Indians try to beat New Delhi's 100-degree-plus summer heat.

## News From Fountain

Mr. and Mrs. W. H. Sangston and daughter Nancy of Hopewell, N. J. spent Monday night here with Mrs. Sangston's sister and brother-in-law, Mr. and Mrs. E. C. Newton. Nancy stayed over to spend the summer visiting her aunt and uncle.

Mrs. L. R. Bell was admitted to Park View Hospital, Rocky Mount, Thursday for medical attention.

Mr. and Mrs. R. L. Owens had as dinner guests Sunday Mr. and Mrs. J. M. Mangum, Mr. and Mrs. Bruce Mangum and children, Dianne and Debbie, Mr. and Mrs. W. P. Mangum and son Steve, Mrs. Lillie Ellis of Durham, Mrs. Preston Mangum, Mrs. Essie Mangum, Mrs. A. F. Ball, Mrs. J. P. Harper and children, Ollie and Ponga, Mrs. C. B. Mangum of Bahama, and their Sunday afternoon guests were Mr. and Mrs. Roy Mangum and daughter, Libby of Smithfield, Mr. and Mrs. Fred Mangum and daughter Sandra of Elm City, Mr. and Mrs. A. G. Mangum and sons, Johnnie Ray and Grant, of Walstonburg, Mrs. Mollie Man-

gum and Miss Eleanor Mangum of Wilson and Mr. and Mrs. H. F. Hientz of New Orleans.

Mr. Bill Boney and children and his mother, Mrs. George Boney, of Kinston were guests of Mrs. C. L. Owens Sunday.

Mrs. J. L. Dozier is spending this week near Burlington visiting her sister, Mrs. Ralph Crawford.

While riding her bicycle Saturday morning Linda Jefferson suffered a painful injury to her heel when she accidentally caught it in the chain and sprocket of her bicycle.

W. D. Baker of Saratoga is spending this week with his cousin, Jimmy Everett.

Sunday afternoon, Mr. and Mrs. Mark W. Owens visited Mrs. Owens' relatives, Mr. and Mrs. A. S. James and son Ashley Jr. of Greensboro, Mr. and Mrs. Gerald James and son Billy of Edenton and Mr. and Mrs. W. R. James and son Richie of Charlotte, all of whom were visiting Mr. and Mrs. W. C. House in Bethel.

CLIMAX TO A FESTIVAL—Night skies over Alexander III Bridge across Seine River are lit up in dazzling fireworks display marking the end of two-day Festival of Paris.

### BIRTH OF A NEW WORLD

An Outstanding Bible Movie Showing The Rise & Fall Of Nations To Very End Of Time

- Are we near the end of time?
- Will one nation ever again rule the world?
- These and other questions answered from this outstanding Bible film.

WHEN?—Friday Night, June 24, 7:30 P.M.

WHERE?—Seventh Day Adventist Church

10TH ST. EXT. — HIGHWAY 264 AT CITY LIMITS

Song Service by Lawrence Tyson | A Hearty Welcome to All Admission Free

Full Of Pep, Says Old Farmer

POUGHKEEPSIE, N.Y. (AP)—Gabriele Cicala, who has already raised a family of 10 children, aged 38 to 83 has started anew at the age of 85.

Cicala, a retired farmer, remarried after the death of his first wife seven years ago. Yesterday his second wife Venera, 33, gave birth to a seven-pound boy.

"I'm still full of pep," said Cicala.

Economy Move For S.C. Court

COLUMBIA, S.C. (AP)—City Magistrate Bryan H. Lumpkin thought 13 defendants too many to transport to the courtroom, so he held court at the jail.

Nine men and four women were in jail after a rowdy weekend party.

Sentences ranged from \$25 or 30 days to \$200 or 60 days.

Floating Stills Found In S.C.

LEXINGTON S.C. (AP)—Sheriff H.M. (Bill) Caughman is having trouble with water-borne moonshiners. He couldn't find a still in an area where he was sure one was operating. After a frustrating search, he took a look at a raft anchored in a pond. There was the still.

Since then, he has found another amphibious outfit on a flatboat on the Edisto River.

YOUNGEST INSTRUCTOR PITTSBURGH, Pa. (AP)—Paul Kleppner, 19, a Duquesne University sophomore, believes he's the youngest high school instructor in the Steel City. In his off school hours, Kleppner tutors the St. Justin High School debating team.

LOSE UGLY FAT IN TEN DAYS OR MONEY BACK

If you are overweight, here is the first really thrilling news to come along in years. A new & convenient way to get rid of extra pounds easier than ever, so you can be as slim and trim as you want. This new product called DIATRON curbs both hunger & appetite. No drugs, no diet, no exercise. Absolutely harmless. When you take DIATRON, you still enjoy your meals, still eat the foods you like but you simply don't have the urge for extra portions and automatically your weight must come down, because, as your own doctor will tell you, when you eat less, you weigh less. Excess weight endangers your heart, kidneys. So no matter what you have tried before, get DIATRON and prove to yourself what it can do. DIATRON is sold in extra portions and automatically your weight must come down, because, as your own doctor will tell you, when you eat less, you weigh less. Excess weight endangers your heart, kidneys. So no matter what you have tried before, get DIATRON and prove to yourself what it can do. DIATRON is sold in extra portions and automatically your weight must come down, because, as your own doctor will tell you, when you eat less, you weigh less. Excess weight endangers your heart, kidneys. So no matter what you have tried before, get DIATRON and prove to yourself what it can do. # THE BOSS OF BROKEN SPUR

By Nick Summer

## CHAPTER THIRTY-FOUR

Christie looked at him levelly. They'd both been drinking. The second man leered. "Come if you have a look at y' sweetheart through the bars, huh? Don't look so good that way, does he?"

Christie battled down her urge to slap the insolent red face. The other man spat again.

"Looks awright to me. Only way I can think of he'd look better is danglin' at the end of a rope. He'd look real good that way, the dirty murderin'!"

"Could be," his friend hiccupped. "Could be!"

Christie whirled past them. Her boot-heels struck a savage rhythm from the planks of the sidewalk as she strode toward the livery stable. Here she mounted her waiting horse and rode furiously toward Broken Spur.

Lacey Farran had been spending an uncomfortable half-hour with Rob. All afternoon Rob had been packing the living room like a caged lion, with the furies fastening on his soul. He had to recognize the hopelessness of trying to drive his battered and depleted crew into action against the nesters a gain without a breathing spell, but the galling necessity of doing nothing, the feeling of having his hands tied, had built up a temper that was formidable, even to him—and the unfortunate sheriff had received the full brunt of it. After thirty minutes at the mercy of Rob's tongue, he felt as if he'd been beaten over the head with a quirt, and he welcomed the whirlwind entrance of Christie into the room.

"Here, girl!" Rob crossed the room in long, swift strides and put a supporting arm about the spent girl. "Sit down. I'll get you something to drink."

She shook him off. "Never mind me. I'm all right. Get you come back to town with me!"

"What's happened? Is Kerry all right?"

"The nesters—" Visibly she pulled herself together. "They're in an ugly temper. They've been doing a lot of drinking, I guess. Any-

bration to me!"

Kerry dragged himself up to the side of his bed. "What do you think, Rusty?"

"It sounds to me like they're out for blood—an' I got an uneasy kind of a feelin' it might be ours."

Tense on the edge of his cot, drenched in cold sweat from the effort of sitting up, Kerry listened. Now that his ears were opened, there was no mistaking those shouts of joviality. Those were angry men making that noise—men with a deadly purpose behind their anger. A sense of their helplessness descended on Kerry like a crushing weight.

"Rusty!" he groaned. "I got you into this!"

"Hush up, Kerry boy. This ain't no time to waste time talkin' foolishness. Might as well say I got you into it—y'might better. When y' team up with a lightin' rod, y're liable to have the lightin' hit too close around you for comfort. An' this looks like bein' about the biggest bolt I ever attracted!"

"Rusty, what do we do?"

"I'd say the first move was to get hold o' that critter that goes under the name of deputy sheriff. Rusty commenced a vigorous banging on the bars.

The noise along the street was getting louder and closer. Eventually Jim Farrell came shuffling up to cell-door. The lamp he carried was shaking so that the light played queer tricks with his face, but Kerry could make out that he looked more than ordinarily like a scared rabbit, with his pale eyes all but starting out of his head.

"Sheriff," Rusty drawled, "sounds to me mighty like that mob's headin' this way."

"Don't you worry," Farrell's slack-jawed imitation of Lacey Farran's best official manner was so ludicrous that all the danger of their situation couldn't keep Kerry from grinning in the darkness. "I know my duty. I'll defend my prisoners."

"Reckon you'd die defendin' 'em," Rusty agreed placidly. "Mighty white o' you, Sheriff, but it wouldn't be much comfort t' Kerry an' me when we was danglin' from the end of a limb. I figure it'd be more to the point if you had some help. Got a couple guns around?"

"Why—yeah—"

"Then how 'bout breakin' 'em out an' unlockin' these doors?"

Farrell hesitated, his loose jaw wagging in indecision. "Armin' prisoners an' turnin' 'em loose—No, 'fraid that wouldn't be reg'lar."

"For God's sake, Jim!" Kerry burst out in an agony of impatience. "Havin' a lynch mob break into your jail isn't regular, either. You can't stand them off all by yourself!"

See the Red, Yellow, and Blue Balloons on the Wrapper!

- MOTHER! HERE'S HOW WONDER BREAD HELPS BUILD BIGGER, STRONGER BODIES 8 WAYS!
- MUSCLE.** As much Protein as a serving of roast sirloin of beef.
  - BONES & TEETH.** As much Calcium for bones and teeth as contained in a helping of cottage cheese.
  - BODY CELLS.** As much Phosphorus for cell metabolism as 1 egg.
  - BLOOD.** As much Iron for rich red blood as found in 3 lamb chops.
  - APPETITE.** As much Vitamin B<sub>1</sub> to help maintain appetite as supplied by a serving of fried liver.
  - GROWTH.** As much Vitamin B<sub>2</sub> for growth processes as 3 slices of yellow American cheese.
  - BRAIN.** As much Niacin to help maintain mental health as 6 sardines.
  - ENERGY.** As much Energy as supplied by the carbohydrates, fat and protein of 2 glasses of milk.
- \*This amount consumed daily is not a substitute from a nutritional standpoint for the total nutritional value of the various foods listed.

We want to thank the thousands and thousands of women who have recently tried Wonder Bread for the first time.

Thanks for telling us that you did not know what you were missing and that you are now regularly serving this famous bread every day for every meal.

To those who still struggle in the outer darkness we most cordially say, try Wonder Bread today and delight your family with the finest bread in the whole U. S. A.

For many, many years Wonder Bread has been the nation's favorite.

More mothers serve Wonder Bread than any other—because this is the bread that helps build strong bodies 8 ways.

Growing children need it.

And growing children go for Wonder Bread like a cat after canned salmon.

They can't get enough, and of course they can't get too much because every delicious slice has so much of what they need.

Look at the chart which shows just how vital are the benefits of this famous Wonder Bread.

So hurry, hurry, hurry to your nearest food store. Delay this delight no longer. Get Wonder Bread today.

You'll know it by the famous red and yellow and blue balloons on the wrapper.

extending the corporate limits of the City of Greenville by annexing the following land:

Beginning at a stake in the western line of Cedar Lane at the southeast corner of Lot No. 1 in Block "C" of the Colonial Heights Subdivision, and running with the line of the Colonial Heights Subdivision, North 59 deg. 30 min. West 585.6 feet to a stake, cornering; thence continuing with the line of the Colonial Heights Subdivision, South 29 deg. 15 min. West 339.5 feet to a stake, cornering; thence running South 59 deg. 30 min. East 589.6 feet to a stake in the western line of Cedar Lane, thence running North 39 deg. 13 min. East along the western line of Cedar Lane 341.4 feet to the beginning.

All parties interested and citizens will be given an opportunity to be heard at the hearing.

By order of the City Council.

H. H. DUNCAN, City Clerk

R. B. Lee, City Atty.

June 16-23-30 July 7

# Stock And Market Reports

**NEW YORK (AP)**—The stock market advanced cautiously today with plenty of losers in the list.

Most changes either way were small. Trading was brisk in the first hour when prices were at their best, but the volume tapered off when prices began to slide away from their tops.

Railroads and steels were leaders on the rise. Steels later turned mixed while railroads maintained their headway.

Airlines did well together with movie issues, chemicals, and copiers.

Radio-televisions were down. Aircrafts presented a mixed picture. Utilities bent lower.

American Hawaiian Steamship lost around 4 points after directors voted to suspend dividend payments at this time.

Rayonier, up 1 1/2, yesterday in a split proposal, gained around 3 points today.

Kimberly Clark, up 3 points yesterday on a merger plan was ahead between 1 and 2 points today after starting on 3,000 shares up 2 at 58.

Texas Pacific Coal & Oil had a block of 19,000 shares unchanged at 55, 10,000 shares of Selve sold at 7 off 7 1/2, and 10,000 Lone Star Gas traded at 31 off 34.

**CHICAGO (AP)**—(USDA)—Salable lower on butchers; hogs 25-50 low; hogs 9,000; slow and uneven; 25-75 lb; most decline on weights over 400 lb; choice No. 1 to 3 180-200 lb butchers; 20.00-21.00; mainly 20.75 and above on mixed choice No. 1 and 2 190-220 pounds; around a double deck choice No. 1 and 2 215 lb at 21.25 and a double deck choice No. 1 around 215 lb at 21.40; most 240-250 lb; a few 290-lb heavier weights scarce; a few 290-lb and lighter 15.00-17.75; a few 400-lb and lighter 15.00-17.75; a few choice 275-300 lb 18.00-18.25; most

**RALEIGH (AP)**—(NCDA)—Hog prices 50 to 1.25 lower mostly 50 to 75 lower. Tops of 20.50 at Castle Hayne and Rich Square; 20.00 at Dunn, New Hope, Shalotte, Beulaville, Lumberton, 19.75 at Tarboro, Enfield, Hamilton, Kenly, Wilson, Jacksonville, Plymouth, Kinston, New Bern, Benson, Washington and Rocky Mount; 19.50 at Duke, Newton Grove, Nahunta, Clarkton, Warsaw, Whiteville, Ballew and Smithfield.

**RALEIGH (AP)**—(NCDA)—Central North Carolina poultry markets: Fryers and broilers steady, farm price 27, f.o.b. plant 29; Raleigh fryers and broilers 26 1/2; Asheville fryers and broilers about steady; farm price 26 1/2, f.o.b. plant; eggs steady large 39-43.

## Hodges Reappoints 2 Special Judges

**RALEIGH (AP)**—Gov. Hodges today announced the reappointment of George Patton of Franklin and Leland McKethan of Southern Pines as special judges.

The governor told his news conference that his appointments to a special segregation study commission have been "well received" by the public. He revealed that the commission is holding its first meeting here today after lunching with him at the Executive Mansion.

Hodges was asked about a speech he made last night in which he expressed the opinion that "the great majority of our citizens—both races included—prefer to keep our schools separate."

In answer, he said many persons had told him that Negroes and whites were given their choice of schools "the great majority" would return to the schools they have been attending. He added that if the great majority should do this "that takes care of it."

## Cheaper A-Bomb Believed Found

**CHICAGO (AP)**—Members of the Atomic Scientists of Chicago say the United States may possess a new, cheaper and more powerful bomb than the one recently tested in Nevada.

The ASC, a group describing itself as an organization of scientists concerned with the impact of science on public affairs, released the statement yesterday.

"Scientists have suggested," it read, "that the hydrogen bomb detonated in the Pacific in March of 1954 was actually a new device—a hydrogen-uranium bomb yielding thousands of times the radioactivity produced by the atomic bombs tested in Nevada, or by simple hydrogen bombs."

A speech made at the University of Chicago June 3 by Dr. Willard F. Libby of the Atomic Energy Commission, the statement said, "was the first major speech to give sufficient information supporting this hypothesis."

The statement said Libby indicated that "ordinary, cheap uranium" was the major explosive content of the Pacific bomb and "the significance of this is held to be enormous."

"To physicists it means that Russia or any other country able to make ordinary atomic bombs can with little effort create super-weapons of the megaton (million ton) class," it added.

## Hail Merger Of Churches In '57

**COLUMBUS, Ohio (AP)**—The merger of two Protestant denominations has been hailed by leaders of both churches as one of the most important unions of Protestant sects in the country's history.

The merger of the Evangelical and Reformed Church and the Congregational Christian Church was announced here yesterday after a three-day meeting of both groups.

The two churches have a combined membership of more than two million.

The union—which had been discussed since 1942—will be effective June 25, 1957, church leaders said.

The new combined church will be called the United Church of Christ. Church officials estimated the new church would be ranked eighth or ninth in size among Protestant sects.

Evangelical and Reformed Church membership numbers 761,325 and has 2,735 churches in the United States. The Congregationalists have 1,283,754 members and 5,573 churches. All figures are for 1954 as listed by the Year Book of American Churches.

The merger will be accomplished in several steps. Studies and discussions will be held this year and next on the basis of union and interpretations. Church members from each sect will exchange visits.

Also, during 1956-57, the constitution for the new church will be drafted.

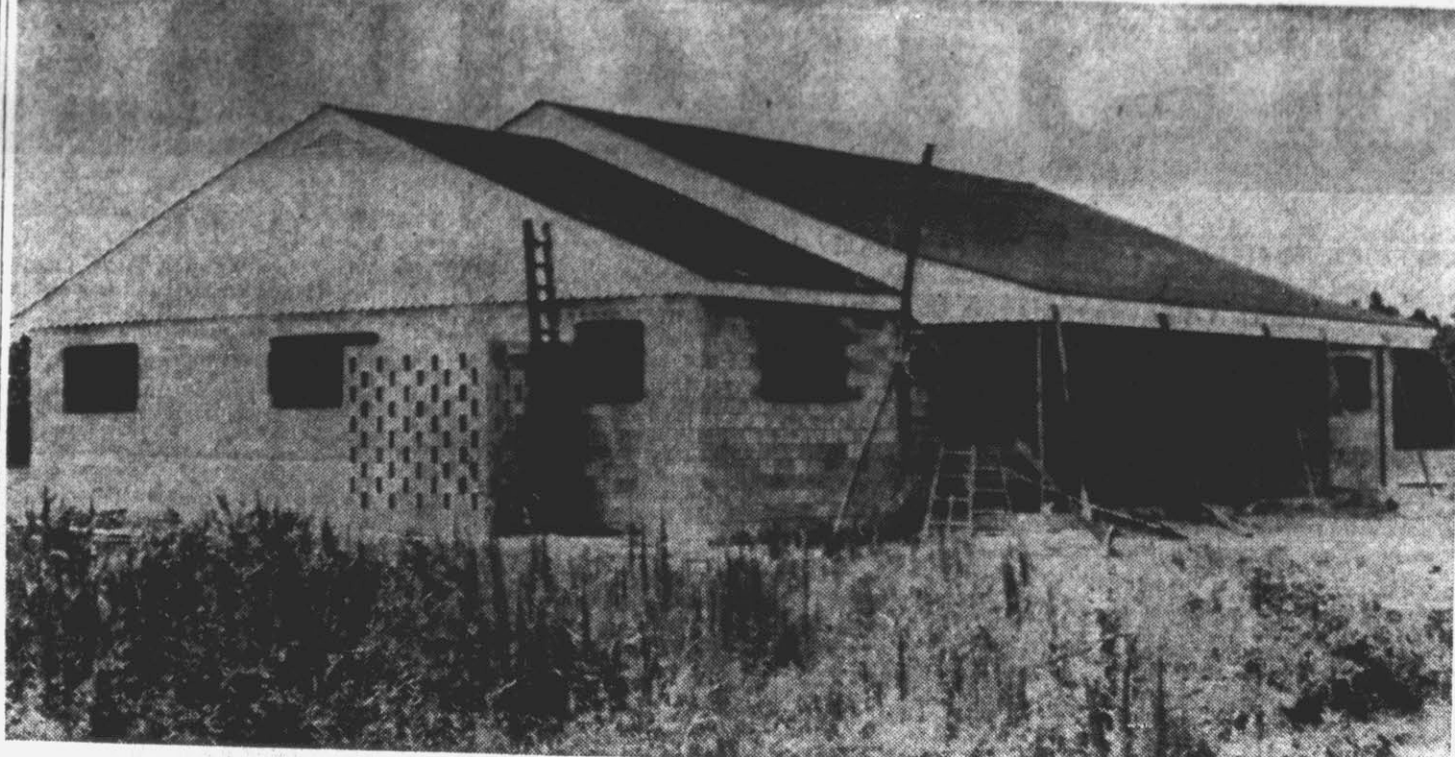

## Tobacco Co-Op To Hear Reports

**RALEIGH (AP)**—Three directors will be elected and annual reports will be made at the ninth annual stockholders meeting of the "Cured Tobacco Cooperative Stabilization Corp." here tomorrow.

Several hundred tobacco growers from the Carolinas, Virginia, Georgia and Florida are expected to attend. The principal speaker will be Joe R. Williams, deputy director of the U. S. Department of Agriculture's Commodity Stabilization Service.

## New Legion Home Shaping Up In Farmville

Nearing completion is this new \$12-\$15,000 American Legion building near the country club in Farmville. The building will include an assembly room, rest rooms, office, kitchen facilities and a refreshment room. Handling the details of the construction of the new building has been the Farmville Post No. 151's building committee. Serving as chairman is Archie Cayton and serving on the committee are J. R. Bynum, Sr., and O. G. Spell. Commander of the Farmville Post is C. B. Marshburn, Jr.

## 125,000th Phone Is Installed By Telephone Firm

Carolina Telephone and Telegraph Company marked another milestone in its continuously expanding service Wednesday when it installed its 125,000th telephone in the home of Mr. and Mrs. Lee E. Kleinmaier at Kinston.

New residents of Eastern North Carolina, the Kleinmaiers recently moved to Kinston from Ohio and live in Club Pines, a new suburban development of Kinston. Mr. Kleinmaier is a chemical engineer at the Dupont plant there.

## Power Plant For Memphis Sought

**MEMPHIS, Tenn. (AP)**—Mayor Frank Tobey called a special meeting of the City Commission for today to authorize the building of a municipal steam plant.

The commission has said repeatedly that Memphis would not buy power from the controversial Dixon-Yates steam plant now under construction at West Memphis, Ark.

It also said that if it became apparent that the Tennessee Valley Authority couldn't furnish Memphis' future power needs, then the city would build its own plant.

The commission said it would follow the recommendation of Thomas H. Allen, head of the City Utility Commission.

Allen said Tuesday he would recommend that Memphis build its own plant. He said he made the decision after receiving a telegram from Sen. Carl Hayden (D-Ariz.) saying "it appears impossible" to get Senate approval on funds for additional TVA generating plants.

The proposed Memphis plant will cost 100 million dollars and have a capacity of 600,000 kilowatts. It would be financed through revenue bonds.

The plant is expected to take about three years to construct. The city's present contract with TVA for power expires in three years.

## Elmhurst School Virtually Ready

With the exception of the insulation of the kitchen and the installation of its equipment, the new elementary school in Elmhurst was completed today.

Superintendent of City Schools J. H. Rose said some new furniture has already been moved in the building, and more has been ordered.

The school will open this fall with all 12 classrooms in use. Rose said it is expected the school will be completely filled on the opening day in September.

It had originally been planned to use only three or four of the classrooms in the new building, but the Superintendent reported all 12 had to be put into use because of increased enrollment.

## Ayden Rotarians Hear Overton

**AYDEN**—Johnnie Overton of the Guaranty Bank and Trust Company's staff in Greenville, was guest speaker at the Ayden Rotary Club's supper meeting last week. He discussed the four objectives of Rotary International. President Roy Turnage presided.

Rotarian Bill Moore, who recently returned from a hospital, won the "fellowship" prize. Garland Bullock won the "on time" prize. Hal Edwards gave the Little League baseball clubs a boost and said the attendance should be larger.

## Falling Power Lines Short; Call Firemen

Firemen were called to Center and Mills Sts. this morning when falling power lines snarled out. The fire fighters stood by until power line crews arrived.

## Report Decline In New Polio Cases Over U.S.

**WASHINGTON (AP)**—New polio cases reported over the nation last week dropped to 266 from 300 in the week before. It was the lowest total for the comparable week since 1951.

The 266 cases in the week ended June 18 compared with 421 in the corresponding 1954 week. This put the total number of cases since April 1 behind the comparative 1954 figures for the first time in some weeks.

The "disease year" for polio starts about April 1. Totals for this disease year and last were 2,038 and 2,087, respectively, through last week.

Cases in this calendar year have consistently run behind 1954 and now stand at 3,102, compared with 3,640.

The Public Health Service, which keeps these figures, also reported today that confirmed cases among contacts of persons given the Salk vaccine had risen to 149 and confirmed cases among vaccinated persons had numbered 168.

The special discussion of the post-vaccination situation said that during June 8-21 an additional 12 paralytic cases and 14 nonparalytic cases were listed among vaccinated persons. It said 30 paralytic cases and 16 nonparalytic cases had been listed additionally among those in contact with vaccinated persons.

Some six million persons have been inoculated since the vaccine was licensed April 12. Six who were vaccinated and six who developed the disease after contact with a vaccinated person have died.

The Public Health Service has repeatedly said there is no conclusive evidence the vaccine caused any of the cases.

Discussing the nationwide situation the service said "a definite trend in most states is not apparent" but that "one exception is Texas, which has shown a steady increase in cases during the past six weeks."

Texas has listed 341 cases April 1 but the incidence is lower than in 1950, 1952, and 1954.

## Local Kiwanians To Attend Meet

The Greenville Kiwanis Club will be represented at the Kiwanis International Convention in Cleveland, Ohio June 26-30. The convention opens Sunday night with a vast religious assemblage and it concludes with announcement of officers for next year and the place of the next international convention.

President Charles V. Wilkerson and Vice-President J. Ed Waldrop are delegates. Past President John T. Barnhill and Secretary John O. Reynolds will attend the convention. The Kiwanians' wives will accompany them to the convention city.

## Colored News

Mrs. Mildred Horton Barrett, Rte. 2 Greenville, died suddenly in Pitt Memorial Hospital Tuesday morning. Funeral services will be held Friday at 2 p.m. at Burney's Chapel Church near Black Jack with Rev. E. Brown officiating. Burial will follow in the church cemetery.

Surviving are her husband, Mr. Perry Barrett; her parents, Mr. and Mrs. Clarence Horton of Jacksonville; two sisters, Mrs. Roberta Moore of Greenville and Mrs. Annie Mae Holmes of Richmond, Va.; a brother, Moses Darden of near Greenville.

Les Gaylanettes Social Club met Thursday night at the home of Mrs. Jean Hartley. The home was beautifully decorated with ferns and gladioli. A delicious repast of potato salad on lettuce, crackers, ice cream and cookies was served by the hostess. The club will meet tonight at the home of Mrs. Theima Jones on Tyson Street.

Elder Sister Carrie Bailey of Washington, D. C. will preach at the House of Prayer Church on Fleming St. Monday night, June 27.

Melvin Norflett, grandson of Mr. and Mrs. James Shirley, left Saturday night for New Haven, Conn. where he will spend his vacation with his mother.

## Court Test For Powers Of Probe Bodies Proposed

**WASHINGTON (AP)**—A Senate subcommittee's legal staff suggested today a court case to test the power of congressional investigators to obtain documents from the executive branch.

Two members of the three-man Civil Service subcommittee were served with the issue further before deciding. They are Sens. Olin D. Johnston (D-SC) and Carlson (R-Kan.). The third, Sen. Neely (D-WVa.), previously has urged a court test.

The issue, practically as old as the Constitution itself, cropped up anew at the group's investigation of the Eisenhower administration's employe security program.

Wendell B. Barnes, head of the Small Business Administration, was served with a subcommittee subpoena last week directing him to turn over the SBA's personnel and security files pertaining to George V. McDavitt, director of the agency's Office of Compliance and Security.

Barnes said that such files contained confidential investigative material and that he was prohibited by presidential order from furnishing them to the subcommittee. He offered instead to supply a digest of McDavitt's background and a copy of his job application.

Former Sen. Guy Gillette (D-Iowa), the subcommittee's chief counsel, read at the start of today's hearing a 13-page brief reviewing the long history of the issue and noting that it never has been passed on by the Supreme Court.

Gillette said the feeling of the legal staff was that the subcommittee might well consider the possibility of making a test case out of Barnes' refusal to produce the files of McDavitt.

## Gen. Taylor Welcomed By Officials On His Return

**WASHINGTON (AP)**—Gen. Maxwell D. Taylor, arriving in Washington to become the new Army chief of staff, was greeted ceremoniously today by officials of the army. Outgoing Army Secretary Robert T. Stevens and outgoing Chief of Staff Gen. Matthew B. Ridgway were included.

Taylor told newsmen the problems with which he expected to deal included determination of the "proper role and contribution of the Army" to national defense.

Taylor said he just heard by radio while flying here this morning of the resignation of Stevens and the nomination of Wilber M. Bruckner to succeed him.

He said he regretted the departure of "my old and respected friend" Ridgway. He also said that "I regret the departure of Mr. Bob Stevens, my friend, but welcome the opportunity of working with Mr. Brucker."

Taylor said "I had a lump in my throat on leaving Japan and Korea, particularly Korea" where he served in combat with his troops. He said that Japan "requires our most careful consideration" in the plans for the Far East.

In the welcoming group at the airport were Ambassador Iguchi of Japan and the American ambassador to Korea, Ellis O. Briggs.

## Hit By Lightning

**ANDOVER, Mass. (AP)**—Hilton Cormey, 23, a telephone company workman, emerged from a manhole yesterday. Lightning struck him and somersaulted him 30 feet down the street. He merely was shaken up.

More than 800 kinds of birds have been seen in the Shenandoah National Park.

**TARBORO**—The Edgecombe Board of County Commissioners, to make way for a "pay as you go" plan for school building construction, may have to increase the tax rate to \$1.40 per \$100 property tax valuation. This would be a 25 cent increase over the current rate of \$1.15.

**ROCKY MOUNT**—An electronics industry which is eventually scheduled to employ up to 1,200 persons has decided not to select Rocky Mount as the place to locate the plant, Chamber of Commerce Secretary Ray Bandy reported. "The reason given for not locating here is the fact that Rocky Mount did not offer the company free property."

**KINSTON**—The Board of Trustees of the Kinston Graded Schools, in session at Supt. Jean P. Booth's office at Grainger High School on Tuesday, voted to accept the new Teachers Memorial School Wednesday. The board also renewed its contract with an insurance company on pupil-teacher accident insurance, and agreed to attend an important meeting in Greenville next Monday to get an interpretation from state authorities on the new school laws. Chairman C. Stuart Carr Jr. presided.

**KINSTON**—Eastern Carolina's Soap Box Derby will get underway at noon next Sunday with a colorful parade of racers and drivers through the heart of Kinston. Bob Cramer and Graham Knott are co-chairmen of the annual event. One hundred and 15 entrants are listed. The race starts at 1:15 p.m.

**ROCKY MOUNT**—Thomas J. Pearsall of Rocky Mount has been named by Governor Hodges as chairman of a seven-man committee on education to make a continuing study of the potential problems resulting from the U. S. Supreme Court's ruling against segregation.

**FAYETTEVILLE**—Hail damage to tobacco and other crops in Cumberland County was reported after Wednesday night's storm. Heavy rain also fell over a large area of the county.

**GRIFTON**—R. B. McCotter, retired Grifton farmer, has been named by the Grifton Town Board to serve as judge of the new Recorder's Court which is to begin functioning here in the near future. Appointment of a solicitor will complete organization plans for the court, which replaces the current Mayor's Court. Mayor-elect W. H. Gower and the new members of the board will be installed at the meeting on July 6.
