

Fair and a little cooler tonight and Tuesday.

City's Finances Getting Windfall

By ALVIN TAYLOR, Reflector City Editor. Greenville will receive \$62,880.79 when the State Highway Commission distributes nearly six million dollars in Powell Bill funds this month.

The amount each municipality receives from the fund is determined by the population of the town and the number of miles of paved streets. Half of the fund is distributed on the basis of population and the other half on the basis of street mileage.

Cleared

WASHINGTON (AP) - The Coast Guard announced today it has decided to commission N. Pierre Gaston who graduated from its officer candidate school last April but was not given a commission because of questions raised about the loyalty of his mother.

ILA Calls General Walkout To Support N.Y. Strike

NEW YORK (AP) - The International Longshoremen's Assn. (ILA) ordered today an immediate strike of members in all Atlantic Coast ports in support of the New York waterfront tieup.

Bradley went to the Hudson River waterfront just before the hiring hour and conferred with Thomas Gleason, the union's general organizer, who passed the word that the strike was still on.

The union leader referred to a short-lived agreement reached yesterday between the ILA and a representative of the New York State Joint Legislative Committee on Industrial and Labor Conditions for a hearing of workers' complaints.

charge from Patrick J. Connolly, executive vice president of the ILA. "We will not recommend that they (union members) go back to work . . . We have nothing to offer them now," he said.

The commission has denied any abuse of power and said the union's bitter resistance to its regulations was "just plain lawlessness." It has urged the union to file specific grievances and said it would give them a fair hearing.

Distributing Over \$5 Million In N. C.

RALEIGH (AP) - Checks totaling \$5,711,817.71 in Powell Bill money will be mailed soon to 398 incorporated towns and cities in North Carolina for work on non-highway system streets.

The allocations include: Albemarle, \$52,282; Asheville, \$201,941; Burlington, \$88,568; Concord, \$57,801; Durham, \$215,954; Elizabeth City, \$39,767; Fayetteville, \$118,265; Gastonia, \$101,949; Goldsboro, \$76,288; Greensboro, \$246,841; Greenville, \$62,881; Henderson, \$43,380; Hickory, \$55,873; High Point, \$15,877; Kinston, \$63,955; Lexington, \$6,488; Lumberton, \$43,170; Monroe, \$48,221; Morganton, \$34,273; New Bern, \$49,935; Raleigh, \$195,409; Reidsville, \$40,800; Rocky Mount, \$97,686; Salisbury, \$71,322; Sanford, \$38,899; Shelby, \$52,228; Statesville, \$63,738; Tarboro, \$30,507; Thomasville, \$41,342; Washington, \$33,363; Wilmington, \$131,536; Wilson, \$81,122; Winston-Salem, \$281,714.

East Carolina Students Married In Salisbury

SALISBURY—Miss Shirley Patricia Moose became the bride of Bruce Marshall Phillips on Sunday evening, September 4, at 7:30 o'clock in the First Baptist Church in Salisbury. Mrs. Phillips is the daughter of Mr. and Mrs. James McCullough Moose of Salisbury and Mr. Phillips is the son of Mr. and Mrs. William Cecil Phillips of Raeford.

The Rev. Robert L. Dennen officiated at the double ring ceremony before a background of palms, fern and seven-branched candelabra. Nuptial music was furnished by Mrs. Walter D. Brock, soloist, and Miss Ann Hancock, organist.

The bride wore a waist length gown of white lace over taffeta with a bouffant tulle skirt. The dress was trimmed with an ice blue taffeta band at the neckline, tapering to a point in back and tied in a bow. The round neckline and sleeves were adorned with seed pearls. Her fingertip veil of nylon tulle was attached to a pearl headpiece. Her only ornament was a pearl necklace, gift of the groom. She carried a colonial bouquet of white roses and puffs of blue illusion centered with a white orchid.

Mention of honor was Mrs. Grady L. Hilliard Jr. of Jessup, Ga., sister of the bride, and maid of honor was Miss Linda Moose of Albemarle, cousin of the bride. Bridesmaids were Misses Jean Thompson of Windsor and Phyllis Eisele of Statesville, college roommates. Miss Beth Moose of Albemarle, cousin of the bride, was flower girl. All attendants' dresses were fashioned in the same style as the bride's.

Mr. Phillips attended his son as best man. Ushers were Waverly Akins of Fuquay Springs, Jim Edge and Johnny McPhaul of Raeford, and Gary Matlocks of Southern Pines.

For her daughter's wedding, Mrs. Moose wore a dress of brown lace over champagne taffeta with brown accessories and a corsage of yellow carnations. The groom's mother wore a dress of rose lace with black accessories, and a white carnation corsage.

The couple received in the vestibule of the church. For traveling the bride chose a white linen dress with pink flowers and rhinestone trimming and a pink tunic coat, using white accessories. She wore the white orchid from her bouquet.

Mrs. Phillips graduated from Boyden High School in Salisbury in 1952 and has been attending East Carolina College for the past three years. She will graduate in November with a B. S. degree in art.

Mr. Phillips graduated from Hoke County High School in 1952 and has also been attending East Carolina College for the past three years. He will graduate in February, 1956, with an A. B. degree in English. He is presently employed with the Greenville Daily Reflector.

30 Years Ago Today

THE DAILY REFLECTOR
September 12, 1925

Mr. Dink James, a graduate of the University of North Carolina Law School and who recently passed the State Bar examination, was sworn in this morning by Judge Bond, who is presiding at this term of Supreme Court. Mr. James will be connected with Mr. M. K. Blount in the practice of law.

Miss Mary Bagley Overton left today for Fountain where she will be in charge of the music department of the Fountain school.

Funeral Held Today For Mrs. W. C. James

Mrs. Essie Lancaster James, 73, widow of W. C. James, died at the home of her son, T. C. James, in Greenville Saturday morning at 11:55 o'clock. She had been ill for the past 13 months.

Funeral services were conducted at the Wilkerson Chapel Monday afternoon at 2 o'clock by the Rev. Robert B. Crawford, pastor of the Greenville Free Will Baptist Church. Burial was in the Epworth Cemetery near Vanceboro.

Mrs. James spent nearly all her life in the Clay Root section of Pitt County and was a member of Timothy Christian Church. She was married to Mr. James in 1902 and he died in 1939.

Surviving are seven sons: T. C. and Marvin James of Greenville; L. D. James of Clay Root; Jesse W. James of Vanceboro; O. L. James of Calico; R. James of Norfolk, Va.; and Colton James of Eldridge, Calif.; three daughters, Mrs. Carl Sutton and Mrs. Lyman Sutton of Calico, and Mrs. Julius T. Little of Greenville; a step-daughter, Mrs. S. C. Kirkman of Vanceboro; 33 grandchildren; a number of great grandchildren; two brothers, S. K. and E. Lancaster of Epworth; and two sisters, Mrs. Florence Little of New Bern and Mrs. Newman Skinner of near Grifton.

About 400 of each 100,000 U.S. babies born in 1950 will live to see the year 2050, statistics indicate.

don't DO that!

UNLADYLIKE HABIT... If you smoke, try to do it gracefully. Don't let a cigarette drop from your mouth, give mall style.

Announcement...

Mr. Joe Grimsley

We are happy to announce that Mr. Joe Grimsley is now associated with our firm as salesman for New and Used Cars and Trucks. Christian Church Board Meets

The board of officers of Eighth Street Christian Church will meet in an important session Tuesday evening at 7:30. J. B. Cummings, chairman, will preside.

Paint For Fun Classes Begin

The Recreation Department announces today the resumption this week of their program called "Paint For Fun." The program for adults remains the same as last season, with classes Wednesday morning, 9 to 12, and Thursday evening from 7:30 to 10:30. Announcements of the time of children's classes will be made next week. "Paint For Fun" includes not only painting but other arts and crafts as well, under the supervision of Donna Tabar. There is no charge except for the cost of your material which is nominal. Everyone is cordially invited to attend.

Student Council Holds Assembly

The Student Council of Belvoir-Felkland High School is in charge of the assembly held on September 9 which consisted of presentation of the new officers and a brief talk by Principal O. H. Forrest.

New officers were as follows: Carolyn Dixon, president; Guy Moore, vice-president; Sheila Wooten, secretary; Joan Parker, reporter; and Betty Lou Parker, treasurer.

Guy Moore welcomed the freshmen and Sheila Wooten led the devotional, "Praised Lord Jesus" was sung by Mariene Clark.

The assembly was then turned over to Mr. Forrest. He told of the many improvements to the school during the summer vacation and urged the students to take better care of the school property.

C-O-F-C DIRECTORS TO HOLD MEETING TONIGHT

Chamber of Commerce Board of Directors meet tonight at 8 o'clock in the Chamber office. This will be the regular meeting for September.

When a search was made for the oldest dog and cat in 1946, one dog was found to be 26 years old and one cat 21.

Judy can record 272 words a minute with her futuristic equipment, and has been known to record the off-the-cuff remarks of 48 men in general executive discussion, getting every word spoken for 90 minutes.

When ready for work, Judy looks something like a girl from Mars, with the mask fitted tightly over her mouth, in the manner of skin diving equipment. Her job then is to repeat the words to be recorded as she hears them. Her voice is inaudible to anyone else in the room when the mask is adjusted, and each word is recorded on a disk, which can be transcribed later.

Success Girl Says Secret Is Good Spelling

Girls who want to make good in the world of big business should first learn to spell, says Judy Kurer, who has found glamor, success and world travel in the job of an expert secretary.

Now in Tachikawa, Japan, recording high-level conferences for the U.S. Air Force, Judy took time out for a chat while in New York just before her takeoff. Here are some bits of sound advice she offers to girls who want secretarial jobs:

1. When you apply for a job, always wear a hat and gloves. The casual look is not for business offices.

2. Don't talk too much. Constant yakety-yak can drive an employer crazy.

3. Never be caught out without your pocket dictionary. Even if you think you can spell, you'll find the dictionary comes in handy frequently.

4. Don't take a job with the idea of marrying the boss. Businessmen of today are too busy for office romances. They want somebody to get the work out, not hold hands.

Judy has a unique job. She is what might be called a mechanized secretary. Her speciality is to take verbatim reports of meetings, conversations, speeches and sometimes trials, by talking into a strange device called a stenomask, which is hooked up to a recording machine.

Your serviceman would prefer a new letter from home any day in the week to a great big package. So says World War II hero Audie Murphy. He explains:

"If you want to make a hit with you man in uniform write him long newsy letters as often as possible. Packages are not important usually, because anything you send him can be obtained at post exchanges for a pittance. Besides, packages slow down the mails.

Save your efforts, too, in the knitting department advises Audie. The army furnishes your man clothing for whatever the climate. So he won't need socks, scarves, sweaters from home to keep him warm this winter. He is well fed, too, so don't bake cookies and cakes. And the package has batted around in the mails for a few weeks or months there'll only be stale crumbs to show him for your efforts anyway.

When composing letters, make "Letters are wonderful morale builders, providing you don't go overboard with sad news," he says. "And don't write telling him that you are waiting for him. He doesn't believe it and doesn't expect you to wait, unless you are formally engaged."

As far as being engaged at the point of getting married before that man enters the service, Audie doesn't favor it, although he thinks it all depends on the individual case. It doesn't do young people harm to wait. And it usually works out so that if they are right for each other, they'll wait. After all, at 18 you still have a lifetime ahead of you," he says.

Audie, who earned 23 decorations and the Congressional Medal of Honor, and lived through a series of bad wounds, admits he pinned for mail himself at times. "I didn't know very many girls at the time," he says, "although brothers and sisters (he has eight) were faithful correspondents."

Audie, mad for skin diving at the moment (he goes to a 70 foot depth), thinks the most important news to most men is sports. Read sports pages, digest the news for your man and he'll love you for it, he says.

And oh yes, girls, if modesty has been keeping you from sending your picture to that service man, don't hesitate. He'll love it. He advises: "Send him a good pin-up picture of yourself or he'll have one of Marilyn Monroe decorating his barracks. But don't bother about a frame. He won't have a place for it anyway."

Audie, who has just played himself in "To Hell and Back" (Universal), the movie based on the book he wrote about his army experience, says: "This military fitness program won't do any man any harm and it'll surely increase his chances of surviving in wartime."

TO SCHOOL, TOO
LANDIS, N. C. (P)—Mrs. J. C. Beaver got lonely when her twin sons started school last year. So this year the 25-year-old mother has decided to go to school with them, finishing the last year of high school, which she had passed up to get married. Her husband okayed the idea.

Colorado Miss Is Crowned

ATLANTIC CITY, N. J. (P)—A teen-ager from Colorado who refuses to get flustered and wishes to be an actress dommed her newly won Miss America 1956 crown today with the outlook: "If you think success, then success will come to you."

The titian-haired, 18-year-old Sharon Kay Ritchie—has a philosophy to help her through the exciting yearlong tour that lies ahead.

"There's no use getting flustered," says Sharon, who entered the pageant as Miss Colorado. "If you look for the best, you'll receive the best."

Sharon, who taught Sunday school in the First Christian Church at Grand Island, Neb., where she lived most of her life went to New York City last night with her parents, Mr. and Mrs. Forrest A. Ritchie.

In her first formal interview with newsmen after her Saturday night triumph over 48 other competitors, she said the crown goes to the girl who keeps cool, calm and collected.

A sophomore at Colorado Women's College, she said she had her eye on the Miss America title since she was 8.

She wants to be an actress and plans to study at the Pasadena (Calif.) Playhouse.

She is 5 feet 6, weighs 116 pounds and measures 35-23-35 at the bust, waist and hips.

Sharon, in gaining the crown from her Miss America predecessor, Lee Ann Meriwether of San Francisco, is in line for \$50,000 in prizes and personal appearance fees.

She says she has no romantic entanglements.

Second spot honors in the Miss America 1956 race went to Miss Oregon, Dorothy Mae Johnson of Portland. Florence Gallagher, Miss Chicago, placed third.

GOOD REMINDER
HOUSTON, Tex. (AP)—Police Chief Jack Heard has ordered a large sign pasted on the dashboards of all police cars. It has just one word: Courtesy.

Tobacco Markets Enjoy Period Of Rising Prices

CAROLINAS TOBACCO
By THE ASSOCIATED PRESS
Flue-cured tobacco markets of the Carolinas entered another sales week today against a background of steady to rising prices.

The North Carolina Middle Belt, which opened its season last Thursday, sold 10,767,650 pounds, averaging \$51.01 per 100 pounds, for the two days of selling last week. This was a drop of \$2.94 compared with the same period last year.

The Stabilization Corp. took about 21 per cent of gross sales, more than twice as much as the corporation took during the early sale in 1954.

The big Eastern North Carolina Belt, which operated four days last week because of Labor Day, sold a gross of 56,777,518 pounds averaging \$49.21 per 100 pounds, up 43 cents from the previous week.

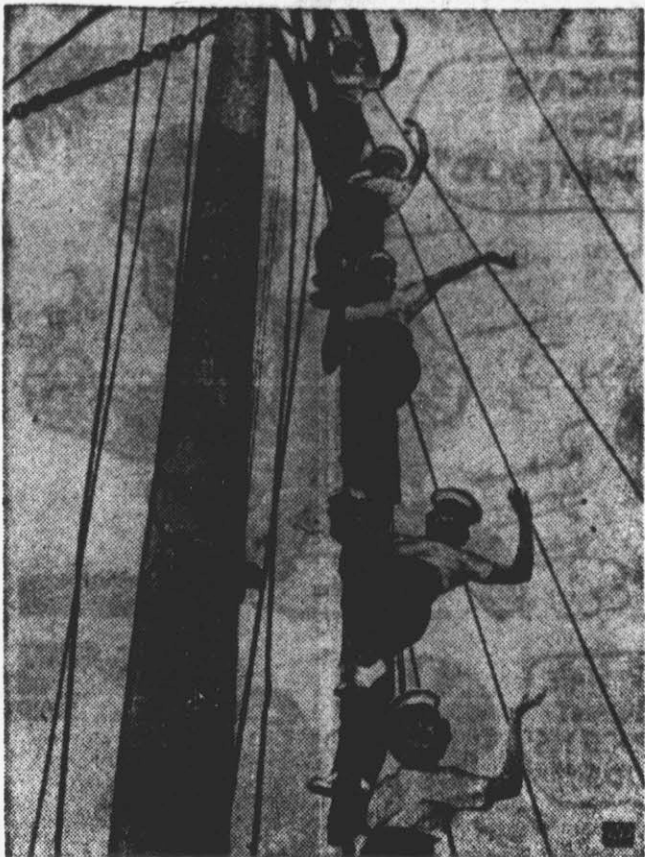

Eastern Belt season sales now are 142,929,934 pounds, averaging \$46.60. During the comparable time in 1954 the markets sold 44,630,364 pounds for an average price of \$53.24.

The Stabilization Corp. took 21.4 per cent of gross sales Sept. 6-8. For a comparable time in 1954 Stabilization took 24.1. For the season the government has taken about 27 per cent.

The North Carolina-South Carolina Border Belt sold 46,292,876 pounds the four operating days last week averaging \$53.05, down \$1.16 from the previous week. Gross season sales now are 256,541,117 pounds, averaging \$54.53.

By states sales on the Border Belt were: North Carolina 21,414,458 pounds averaging \$54.55 and South Carolina 26,678,418 pounds, averaging \$51.87.

Deliveries to the Stabilization Corp. were the smallest of the season last week — 20 per cent. Through Thursday the season take by the corporation was 69 1/2 million pounds, 28.3 per cent.

Rockingham Suit Draws Attention

ROCKINGHAM, N.C.—A segregation suit holds the major interest of the term of federal court which opened here today.

The action was brought by two Albemarle women, Jane and Lillian Doby, to restrain the Albemarle school board from expending school bond money in erecting a school solely for white children. They contend that such expenditures nullify the U. S. Supreme

Court ruling outlawing segregation in public schools.

A three-judge court will hear the case Wednesday. They are Judge Johnson J. Hayes of the Middle District, Judge Armistead M. Doble of Charlottesville Va., and Judge Morris A. Soper of Baltimore. Judges Morris and Soper are members of the U.S. Fourth Circuit Court.

The two women own a tract of land on the edge of Albemarle for which the school board reportedly offered \$30,000. They rejected the offer for a higher price.

The Doby suit holds statewide attention as to whether any school can be erected with public funds if the school is intended to be segregated.

Richmond County last May 24 voted a bond issue for \$1,985,000 but the New York bond attorneys will not approve the issue and they cannot be sold because the proceeds were to be used in erecting the county is to hold another election Oct. 25 on another \$1,665,000.

Two Charged In Auto Accidents

Two drivers have been charged with traffic violations in the wake of three accidents occurring in Greenville over the weekend.

A wreck, 9:30 p.m. Saturday, at the intersection of Evans and 10th Streets brought \$275 in property damage to cars driven by Wallace Moore, Negro, 38, of Winterville and Ramona D. Hall, 26, of 1307 Dickinson Avenue. Moore was cited by investigating officers with making an improper turn.

At 8 p.m. the same evening an estimated \$900 damage was done at the intersection of Charles and 11th Streets when cars operated by Burke Parker, 29, of Route 4 and Bruce Phillips, 21, of 510 E. 11th Street collided. Phillips was charged with failure to yield the right of way.

The third accident, this one 8:35 p.m. Saturday, resulted in property damage estimated at \$450. Damaged were cars driven by John Andrew Wells, 57, Negro, of 1598 W. Sixth Street and Georgia B. Allen, 23, Negro, of 407 Hudson Street. No arrest was made.

Negro 4-H, NFA Cattle Show To Be Held Thursday

The fifth annual Negro 4-H and National Farmers Association Junior Dairy Cattle Show for Greene, Martin, Beaufort and Pitt counties, will be held at South Greenville Park Thursday at 10:45 a.m.

A banquet for the boys and girls participating in the show and their parents will be held at West End Tea Room, 1311 West Fifth street, Greenville, Wednesday night at 8 o'clock. The Negro school principals have been invited to attend the banquet.

The banquet and dairy cattle show are sponsored by the Pitt County Farm Bureau and Board of Pitt County Commissioners, with Greene, Martin and Beaufort counties cooperating.

Pitt County Negro Farm Agent James M. Goode reported today that over 80 animals are expected to be shown at the Junior Cattle Show. He said: "For several months boys and girls have been grooming, fattening and training their dairy animals for this event, and we believe the show will be the best since the program was started in 1951."

Goode said he believes that "not only the participating boys and girls, but members of their families who attend the dairy cattle show in Greenville Thursday will later on be in a better position to judge and select and take care of family milk cows when they are ready to buy." The public is invited to attend the show.

'Patriots' Hold Secret Session

GREENSBORO, N.C.—Patriots of North Carolina, Inc., a pro-segregation group, held its first meeting here Saturday, naming a 15-man executive committee and 60 directors.

The group was incorporated in Raleigh Aug. 22, its aim "to keep

Obliges Driver

Two State Highway Patrolmen, Cpl. Carl E. Whitfield and W. E. Whitehurst, were parked on NC 11 just north of Winterville Friday afternoon when a car containing three Negroes passed.

Since the vehicle was being operated in a proper manner, the two patrolmen did not stop it. Suddenly, about 300 yards up the road, the car pulled off onto the shoulder and the driver got out.

When he approached the officers Whitfield asked, "Is there something I can do for you?" "I came back to get my ticket," the Negro said.

"What do you want a ticket for?" the patrolman asked. "My driver's license expired in February," the man explained. "I've never seen anything to top this in 14 years," Whitfield said.

The driver, with a ticket obligingly given by patrolman Whitehurst, is scheduled to appear in Ayden Recorder's Court.

Flag Announces Boy Has Arrived

COMPTON, Calif.—Mrs. Elaine Fischer's baby was overdue and the neighbors kept inquiring. Finally she told her husband, salesman Hal Fischer: "We're always flying flags on holidays. Tell them we'll fly a flag when the baby's born."

A 6-pound, 6-ounce boy arrived yesterday, the Fischer's fourth child. Fischer proudly hoisted a flag on the front porch. The flag shows a baby lying on a blanket on a deep blue background with the words: "It's a Boy." The child was named Dwight David and Fischer telegraphed President Eisenhower that his namesake had arrived.

Fischer is known as the founder of President's Day, celebrated every March 4 in honor of all American presidents.

the purity... of the white race." C. L. Shuping, Greensboro attorney, was named spokesman for the group which barred the press from the meeting.

Let's Re-Study That Bond Issue Idea

The action taken by the Greenville City Council in defeating a proposal for a permanent improvement bond issue not to exceed \$200,000 is, in our interpretation a postponement rather than an outright rejection of the matter.

Since discussions began on the city's budget for this fiscal year, it has been apparent that a bond issue would be required for some needed permanent improvements. Without a tremendous increase in the tax rate, the Council

Harsh As It May Seem, Survival Is At Stake

It is a rather gruesome thought that the United States has launched a program of training of its military personnel to enable them to better withstand brainwashing techniques in case of capture by an enemy power.

It is somehow disturbing to realize that our own armed forces personnel is being subjected to mental torture like that used in brainwashing of prisoners by the Communists. Yet, we have long accepted the principle that in military training the ability to survive is equally as important as the ability to carry the battle to the enemy.

In modern warfare, the soldier must be able to withstand horrible mental and emotional hardship as well as physical hardship. Our experience with the Chinese Reds and the Russians has shown while the physical torture these barbarians administer to their captives has not diminished, the mental and emotional torture has been receiving increasing emphasis.

When a new weapon such as atomic and hydrogen bombs appear on the world's military scene, our armed forces immediately launch a training program to teach their personnel how best to survive under such attack. Military leaders would not be keeping faith with the men in the ranks or the citizens of the nation if they did not carry adequate training programs in methods of survival when under attack by this vicious new weapon called brainwashing.

We're Getting Used To The Million-Dollar Day

Million dollar days again on the Greenville tobacco market are an encouraging sign in spite of the fact that average prices for tobacco throughout the Eastern Belt are not up to 1954 or 1953 high levels.

For three consecutive days—Wednesday, Thursday and Friday—the Greenville market paid out more than a million dollars each day. Although million dollar days on the local tobacco market still cause some excitement, most people have gotten to the point they more or less expect that during the season there will be several days when more than a million dollars worth of tobacco is sold locally.

There is a sharp contrast between the general attitude now than was the case a couple of years ago when the Greenville market had the first million dollar day in its history. It was difficult for a lot of people in Pitt County to realize it was possible for the local market to fork over to growers a cool million in one day. Greenville's tobacco market had been operating for more than 60 years at the time, and never in all those years was a million dollars worth of tobacco sold in a single day.

Perhaps it is a sign of the times—an indication of our becoming accustomed to more money in circulation—that million dollar days on the tobacco market now cause a mild reaction compared with the raising of eyebrows they caused a few years ago.

found it impossible to meet necessary operating expenses and at the same time launch an extensive pay-as-you-go permanent improvement program.

As outlined at the Council meeting, the bond issue would have earmarked \$172,500 of the proposed \$200,000 bond issue for specific purposes, including a \$126,500 appropriation for drainage projects. All of the projects outlined in the proposal are needed by the city, but there are, we believe, several other projects which should be included if the city is to float a bond issue for permanent improvements.

One project not mentioned in the proposal is a sub-station for the fire department in the eastern section of the city which has been under discussion for more than a year. There are likewise other permanent improvement projects which might well be considered if the city is to submit to its voters the question of a catch-all bond issue.

The Reflector is of the opinion more study might be given to the bond issue proposal by city officials before a specific amount for the issue is set and definite amounts designated for specific projects. Greenville does not make it a habit of floating frequent bond issues for permanent city improvements. If the Council feels it is necessary for the city to issue bonds this year, a careful study of long range plans for permanent improvements should be made before the amount of the bond issue and the items to be included in it are definitely settled.

Frankly, we do not believe sufficient study has yet been given to the matter of a multi-purpose bond issue for permanent improvements. A bond issue of this sort should not be for more money than is actually needed for permanent improvements; but on the other hand officials should be sure it does not leave out projects which need to be undertaken.

There is little to be gained by floating a bond issue which will cover only part of the pressing permanent improvement needs of Greenville. It will be better for the people and its taxpayers if a long range project is definitely set.

Fall Showplace And Work In Duplication

It is possible to get required moisture in the middle of the Sahara desert and to get aridity in the heart of the Great Dismal Swamp. Jordan was enthusiastic about the prospects when he started talking, then he got to thinking about another angle. "Bu, my God," he said "think of what it'll cost!"

In that connection he said he put salesmen, bookkeepers and others on the tank. In case of doubt, check with customers. Unless customers, too, have suffered losses in the disaster, ask them to show receipts if their statements do not conform with reconstructed records.

2. Notify suppliers at once, explaining needs for new goods and ability to make payments. 3. Notify all others to whom accounts are payable. If they do not hear at once they may institute legal action to protect their claims, whereas a frank statement of the situation may gain additional time.

4. Check with your insurance broker if policies were destroyed, he will have duplicates. In any event, he will help you and may find you were protected under little-noticed clauses.

5. Sit down with your banker and try to work out plans for meeting existing debts and gaining additional credit. If he cannot offer further financing, he may refer you to the Small Business Administration, factors or others who can help.

6. Above all show courage. Make plans for restoration of the business and announce them to newspapers, the trade press and others showing determination will win co-operation. Hesitation and uncertainty will bring fore-closers.

7. Furniture that doesn't POP IN UP, OUT OR DOWN A Toledo Ohio, store advertised: "This is a truly nice chair. . . It doesn't recline, nothing pulls out. There are no buttons, no levers and you can't recline it for television. It's on legs. So far as this table is concerned, we're almost embarrassed. There are no levers to lift up, nothing pulls out or up. You cant' do a thing with it except put it under a lamp. . . The lamp is in the same league. All it does is light. Pull the chain on a couple of brass sockets and you've had it. No awnings, no reflectors nothing on the ceiling and no music."

8. We submit these three as our contribution to sanity in the world of design that becomes more confusing by the hour. Trend perhaps? APPAREL BUSINESS SOUNDER THAN IN 1954 Business insolvencies in the apparel industries for the first eight months of this year were 650, compared with 712 in the same period last year, reports Louis S. Stamm, president of Credit Exchange, Inc. "There is every indication that business should be better and insolvencies fewer in the final four months of 1955," he said.

The largest number of insolvencies so far this year, 361, was among women's wear firms, with 122 reported among men's wear companies. Others: children's wear, 86; furs, 39; and textiles, 42.

HOW TO SPECULATE Instead of spending time reading the stock market or studying charts, I advise you to read your city's Zoning Laws and study its Zoning Map. If your Building Inspector cannot give you such a map, buy a small map of your city and copy thereon the different shaded areas from the big map which the official has on the wall of his office.

The official advertisements in your daily newspapers of Appeal Board Hearings on requests to change any Zoning Areas. Attend all hearings which are held by Appeal or Planning Boards and note their recommendations. From these hearings and the action which the City Fathers finally take, you can get a good idea of what real estate price changes will occur. Above all, read the reports of these hearings and the real estate news in your local newspaper, which can become a gold mine to you.

A SAFE FORECAST The residential section of every city is growing fastest and best in some one direction. It may be East or West, North or South. Find out for a certainty in which direction the best houses of your city are being built. Then confine your speculation to this one direction. The shopping area is probably going out that way too. An exclusive industrial area is growing in another direction, and this offers some good speculation. But invest no money where there are two or more groups are mixed.

I forecast that the "best buys" are at the fringe of the different Zoning Areas, where some residential property is likely to be turned into business property. Remember that business property sells the highest per square foot; residential property second, and industrial last. All of these areas usually sell for more than un-zoned property.

There Goes Mr. Nixon

Business Today . . .

Disaster Steps In Business

When fire or other disaster strikes a business and destroys its records the proprietor is confronted with a many-faceted problem. Here, growing out of some experiences in the wake of recent hurricanes are some steps to take: 1. Reconstruct accounts receivable as quickly as possible. Put salesmen, bookkeepers and others on the tank. In case of doubt, check with customers. Unless customers, too, have suffered losses in the disaster, ask them to show receipts if their statements do not conform with reconstructed records.

Notebook On Life

Industry As A New Frontier

NEW YORK (AP)—American industry today has more frontiers than the old Far West ever knew. The Davy Crockett of the business world are pioneers with a new idea or a new product to sell. Nate Halpern, who dresses and looks more like Clark Gable than old rifle-totin' Davy, is at 40 the founder and chief promoter of a new multi-million-dollar offshoot of the video industry called big-screen closed-circuit television.

14,000 dealers gathered in 27 hotel ballrooms, two theaters and one auditorium in 30 cities. It is as a new tool for business communication that Halpern expects closed circuit television to make its greatest success. "It is estimated that businessmen spend 45 million dollars a year on transportation alone going to conventions, and an additional 216 million for room rentals, meals and entertainment," he observed.

GROWING AMERICA 165 MILLION 204.2* MILLION 75.1 MILLION 1900 TODAY 1970

Strength for the Day

By EARL L. DOUGLASS WHAT IS CHRISTIANITY? A man going through a jungle discovered to his consternation that he had lost his way. At last he came upon a native who said he could show him how to get out of the jungle. The native took his broad knife and began cutting a pathway. At last the man, thoroughly alarmed, cried out to the native, "Are you sure this is the right way?" and the native called back over his shoulder "Following my teachings," but "follow me." He did not say

Wealth In Your Own Backyard

By ROGER BABSON BASKIN, Pa. — Readers do not need to go to Colorado and hunt for Gold or Uranium. There is a surer way to make money in your own community. Let me explain how to do so.

NEW SHOPPING CENTERS As readers know, my family is heavily interested in the 45¢ retail "Dime Stores" controlled by the United Stores Corporation, the stocks of which I like to recommend. In view thereof, I have been looking at new shopping-centers this summer in connection with my vacation. These new developments have their usefulness due to "down-town" city parking difficulties. These shopping-centers will continue to be patronized by people living in the surrounding suburbs.

Many people who are now driving some miles to reach a new shopping center may soon get tired of it. Too many accidents are happening on the way to and from the shopping-center. But this is not all. Owing to the high rents and high wage-scales of the new shopping-center stores, they must charge more for their merchandise than do the downtown city stores. Besides, the stocks of the latter are larger. Therefore, a downtown merchant should sign up for a new shopping center too hastily.

MY INTERESTING DISCOVERY In every city which I have visited there is pressure to expand the areas zoned for business. These local fights are a headache to the city officials. Those outside the areas are anxious for the "Business Zones" to be increased; but after getting into such a zone, these same people are selfishly fighting to keep others out.

As a result of this pressure, the price of residential property near a Business Zone gradually rises. It soon becomes so expensive that residential building thereon is retarded. This is bad for the city. A growing city needs active real estate developers, who should be encouraged. Some day this "fringe land" will be zoned for business.

Therefore, it is now usually a good real estate speculation. In fact, readers will be interested in comparing already the "bid prices" for some of this fringe property with the city's assessment thereof. This shows what developers think of it. Let me add that such a comparison should be especially helpful to present property owners in preventing their land from being "stolen from them by speculators who

Small Farmers Don't Get All That Cash

By RAY TUCKER WASHINGTON — A study of the vast Government sums loaned to many large-scale commercial farm operators one loan amounting to \$1,292,472 to a single Mississippi cotton company, sharpens the demand of nonpolitical and bipartisan experts for an entirely new approach to the nation's agricultural problem. Whether with the present parity payment device or an out-and-out subsidy the program proposed would try to discriminate between small farmers actually in need of Federal aid and the wealthy owners of vast acres and plantations. There would be the same differential element that exists in other forms of relief.

NEED FOR DISTINCTION Statistics at Benson's department indicate dramatically the need for making a distinction between great commercial operators and small individual or family-size producers. Benson's figures are revealing. Following is the average amount of cotton which the five largest producers in each of these states have under loan: Alabama \$60,000; Arizona \$197,000; Arkansas, \$300,000; California, \$290,000; Mississippi, \$400,000; New Mexico, \$170,000. The Delta Pine & Land Co. of Scott, Miss., leads the list with cotton valued at \$1,292,472 under loan to the Commodity Credit Corporation. Next comes the Chandler Co., of Saragosa, Tex., with a loan of \$814,800.00. If the cotton price goes up enough to make selling profitable these two firms will dispose of the amount under loan, repay Uncle Sam and pocket the profits. If the market price stays down, they may unload the commodity on CUC thus adding to the existing cotton surplus owned by the Government.

LOANS TO WHEAT PRODUCERS Here is a similar report on the average amount of loans to the five largest producers of wheat, in the following states: Arkansas, \$52,000; California, \$71,000; Colorado, \$33,000; Idaho, \$115,000; Illinois, \$33,000; Kansas, \$71,000; Iowa, \$73,000; Missouri, Nebraska, \$60,000; North Dakota, \$4,000; Oregon, \$140,000; South Dakota, \$23,000; Texas, \$116,000; Washington, \$260,000. The Campbell Farming Corporation of Hardin, Mont., has 208,881 bushels under loan, valued at \$499,601.60. Next comes E. C. Hay & Sons of Tekoa, Wash. with \$243,642 in hock to the taxpayers Senator Homer E. Capehart of Indiana has a \$21,742.08 wheat loan. CORN REPORT Here is the corn report: Illinois, \$61,800; Indiana, \$81,000; Iowa, \$73,000; Missouri, \$33,000; Ohio, \$55,000; South Dakota, \$24,000. Tops in corn was Adams Bros. & Co of Idebolt, Iowa, with \$179,127.30 under loan. It is the same story on rice,

Classy, Glassy Police Building

LOS ANGELES (AP)—The glassiest, classiest police building in the world opens officially for business here today.

It has: Jail cells with three miles of unbreakable glass partitions, used in place of bars in some areas to permit easier supervision of prisoners by 120 jailers.

A "drunk tank" with rubber floors, so inmates can't hurt themselves in falling.

A 400 seat auditorium with a "show up" screen which permits victims to identify suspects without being seen. Electric controls make it possible to reproduce lighting conditions under which victims saw the suspects during a criminal act.

A huge, walk-in refrigerator and deep freeze which can keep evidence, from butter to mink coats, as fresh as the day they were stolen.

The eight-story, modernistic reinforced concrete structure rises amid a hodge-podge of buildings in Civic Center, looking much like a luxury hotel. It brings under one roof police facilities formerly scattered all over the city. The cost was 7 1/2 million dollars.

One drafting error, caught just in time, would have put the lights on the showup screen facing the wrong way.

"That would have been a switch," one officer said. "The prisoners would be identifying police and witnesses."

British intelligence reports that only a trickle of exiles have gone back. It estimates that none of the Eastern European countries can claim as many as 100 "redefectors."

The exiled Pole in London—there are thousands of East European exiles like him here—gave some reasons why the Communist program isn't working too well.

"I'm not going back," he said, a little sadly, "and most of the others won't either. It's true things are better in Poland. We hear from our friends that the government has relaxed."

"But who knows? Things may change again. And one day the police will come and get you."

The refugees from communism have long been a source of irritation to Russia and her East European satellites. Some of them have set up governments in exile to await "the day of liberation."

Some work for Western intelligence services and broadcasting agencies.

Those who go back are paraded in their home countries before news conferences, television and newspaper cameras. Their cases are widely publicized to induce others to follow them.

Intelligence reports received here indicate the returnees are treated reasonably well, although a few have already slipped back across the Iron Curtain.

Russia has a "committee for the return to the homeland" operating in East Berlin.

Polish Refugees Are Being Lured To Return Home

By SEYMOUR TOPPING

LONDON (AP)—The plain grey letter bearing a Polish stamp came early one morning and the middle-aged Polish refugee nervously tipped it open.

"Dear fellow compatriot abroad: . . . This Poland is a very generous country. We don't want to remember the crimes committed. Everyone who honestly wants to come back may return peacefully and without any fear to work for the development of country."

It was signed by 45 supposed non-Communists, including prominent men like the poet Antoni Floniski and Ludwig Grosfeld, a cabinet minister in the wartime government in exile.

This letter received in London is typical of hundreds now being sent to refugees from communists living all over the Western world. "Come home" propaganda also is being directed at exiles through Red broadcasts, pamphlets and advertisements in Western newspapers.

The campaign began last spring. Is it working?

British intelligence reports that only a trickle of exiles have gone back. It estimates that none of the Eastern European countries can claim as many as 100 "redefectors."

The exiled Pole in London—there are thousands of East European exiles like him here—gave some reasons why the Communist program isn't working too well.

Parable-Switch For Farm Use

GREENVILLE — Henry Wallace of the New Deal party of Catawba County has changed the old parable to make hay while the sun shines to "make silage when you have a chance."

Asst. County Agent Frank A. Frazier says Wallace has sent tons of silage while milk has risen from 25 to 40 cents the past few years. And this year when he has to be forced then his two upper milks would hold he staked out a silage field which will hold a ton of silage.

RIVIERA QUEEN — Not yet 16, Francine Raggi holds two coveted beauty titles. Previously known as "Queen of Monaco," she has been named "Queen of the French Riviera."

Longer High School And College Courses Favored

By MARIN L. ARROWSMITH DENVER (AP)—President Eisenhower says America's youth ought to spend more time studying in this "complicated" age. He advocates lengthening regular high school and college courses to perhaps five years.

And he also suggests that older folks are being required to retire from their jobs too early in life.

That practice, he declared with a hearty laugh yesterday, may lead to "a revolution of old men and I am going to be in it."

In that light note maybe there was—and maybe there wasn't—a hint that he regards himself as still too young to pass up bidding for a second term. He will be 65 Oct. 14.

The President expressed his views on education and retirement during an inspection of the temporary headquarters of the new Air Force Academy at Lowry Air Force Base here.

He was chatting informally with Lt. Gen. Hubert R. Harmon, academy superintendent and a 1915 classmate at West Point.

The chief executive—who learned about education problems as president of Columbia University—looked deep in interest in the new academy's study curriculum.

He remarked to Harmon that "when we were kids" a four-year high school education generally sufficed as a preparation for dealing with life's problems.

"But with this complicated life we've got now," he said, "how in the heck do we expect to educate people properly with the same number of years in high school and college?"

He suggested it would be a good idea to keep an open mind about the possibility of making the Air Force Academy course five years instead of four, as now planned.

The talk about retirement came after the President had remarked that medical science in some cases is outstripping progress in other fields. He said people are living longer nowadays, but that generally they still are being required to retire at the same age as before—60 to 65.

Panic Kills Six School Children

CAIRO, EGYPT (AP)—At least six schoolchildren were killed in a panic-stricken rush for safety when an earthquake damaged school buildings near the center of Cairo today.

First aid officials reported that 30 other children between the ages of 6 and 10 were injured. The toll was expected to rise.

Strikes Hit 28 Westinghouse Corp. Plants

PITTSBURGH (AP)—Twenty-eight plants of Westinghouse Electric Corp. were hit today by a strike of 43,000 members of the CIO International Union of Electrical Workers.

There was no immediate indication that the company's other 30 plants, employing about 70,000 workers affiliated with other unions, would be affected.

The CIO-IUE, headed by James B. Carey, ordered the walkout to begin on schedule only a few hours after the company announced Carey had "initiated an agreement" to end a five-week-old strike at the East Pittsburgh plant "and cancel a threatened national strike."

The strike at the East Pittsburgh plant is the cause of today's nationwide walkout. It began Aug. 7 when 2,000 day workers—employees such as crane operators and service employees—walked off the job to protest a company plan to make a time study as an efficiency move.

Local 601, representing the East Pittsburgh plant, said the time study violated the contract. Denying this, the company said it was entitled to manage its own operations.

Robert D. Blasler, Westinghouse vice president, said the agreement initiated by Carey would have permitted the company to continue the time study in one department. He said it also permitted the union wage negotiations scheduled to begin Sept. 15. He expressed surprise that Carey may have misunderstood "what the terms of the agreement mean."

Carey said he had made it clear to Blasler "that nothing in the proposed agreement modified any provisions of the current national agreement between the company and union, particularly the provision regarding filling of grievances, except a clause broadening the representation section on national negotiations."

Picketing began early today throughout the country. Plants are located in Pennsylvania, New Jersey, Ohio, West Virginia, New York, Massachusetts, Connecticut and Indiana.

Burglar Leaves Before Looking

TERRE HAUTE, Ind. (AP)—A young gunman walked into Western Union's downtown office last night and said:

"This is a holdup. Give me the cash box."

Night clerk Mrs. Grace E. Cline glanced toward a window and said: "A police car just pulled up."

There was no police car outside but the gunman didn't come back.

Army Prepares To Fight Wilson Axe

By ELTON C. FAY

WASHINGTON (AP)—The Army, like the Air Force and Navy before it, is sending a mission to Michigan this week to tell Secretary of Defense Wilson why it shouldn't be hit by the administration's economy hatchet.

Secretary of the Army Wilber M. Brucker, former governor of Michigan, and his No. 1 military office and Army chief of staff, Gen. Maxwell Taylor, are to arrive in Detroit Tuesday on the way home from a brief Western inspection trip.

There they will see the vacationing Wilson, and probably be joined also by Deputy Secretary of Defense Reuben B. Robertson.

Secretary of the Navy Charles Thomas and Secretary of Air Donald Quarles have held similar meetings with Wilson, as the result of service worry over persistent reports that further spending cuts in the present fiscal year may be insisted upon.

Robertson, pressed by questions and harried by criticism from Democratic quarters on Capitol Hill, put out a formal statement that Pentagon spending during the year ending next June 30 is "still expected to be approximately \$4 billion dollars as originally estimated" last January.

Robertson issued the statement to counter widespread reports that defense spending might be cut to \$3 billion to help the Eisenhower administration wipe out a budget deficit by the end of the fiscal year. Secretary of the Treasury Humphrey has done nothing to discourage the belief that he is pressing all government departments, with emphasis on the Defense Department, to help wipe out

Open Minded On Political Topics

COLUMBUS, Ohio (AP)—When it comes to politics, the Ashbrooks are open-minded.

John M. Ashbrooks, 27, is campaign chairman of the Young Republican National Federation and chairman of the Ohio League of Young Republican Clubs.

But he publishes a weekly newspaper: The Johnstown Independent.

And his father, William A. Ashbrooks, represented the 17th district in Congress for more than 20 years—as a Democrat.

Last-Minute Pass Play Scores 6-0 Win For Pirates

Cherry Aerials To O'Kelly For Only Score Of Game With Tars

By BRUCE PHILLIPS
Reflector Sports Editor

Its offensive stymied for most of the contest, East Carolina pulled off a 34-yard scoring play on a pass from quarterback Dick Cherry to fullback Harold O'Kelly in the final minute of play to edge Norfolk Navy, 6-0, here Saturday night in football openers for both teams.

End Bill Helms sat up the touch-down play by partially blocking Bill Engman's punt at the 30, deflecting the ball out of bounds on East Carolina's 34. From that point, Cherry uncoiled one of the few aerials thrown, hitting O'Kelly on the dead run at the five. The High Point senior gathered the pigskin in over his shoulder and rambled into the end zone.

Extra-Point Fumbled

The conversion attempt was fumbled from center by Cherry, holding for Emo Boado. Boado picked up the loose ball and tried to pass but it was knocked down.

When the two teams lined back up for the kickoff, less than sixty seconds remained on the clock. Time ran out with the ball still deep in Navy territory.

The game was a battle of mire from the start. Rains began some twenty minutes before game time and continued throughout the contest. Both teams were hampered by the slippery footing and fumbles were numerous on both sides.

Big Scare

Norfolk Navy gave East Carolina supporters a big scare in the opening minutes of play. With quarterback Engman and a little scooter named Don Howton leading the attack, the Tars drove down to the Pirates' 13 yard line. There, however, the Buc line stiffened and ECC took over on downs.

The Pirates made only one serious penetration in the first half. With the second unit in action, the Pirates moved inside the Tars' thirty and down to the 25 before an interception stopped the drive short.

The prettiest run of the evening was clipped off by Howton of the Tars. In the early minutes of the third quarter, the Tars' fireball burst through right tackle, moved over to the middle of the field and hoofed 64 yards before O'Kelly caught him from behind at the Pirates' 15. The play started on Navy's own 21.

At this point, the Tars bogged down again. This time it was the alertness of center linebacker Louis Hallow that clogged the works. The big Goldsboro senior stole a loose fumble and ECC took over on the 10. Otherwise most of the game was played within the 30 yard stripes. Both teams put up click defensive struggles, with the Tars doing a little better in the first half and the Pirates in the second.

Coach Jack Boone's gang just couldn't put together a decent offense in the rain-soaked conditions. Whenever a drive seemed in the making, a fumble or a damaging penalty would spoil it.

Just one of those instances came in the first five minutes of the third period. Engman fumbled on the Tars 42 and end Ray Pennington recovered for the Bucs. With O'Kelly and Emo Boado moving the ball well, the locals moved down to the 15. O'Kelly tried an end-around, but was hit hard by fumble and Carl Schnellback recovered for Navy.

Turning in outstanding games for the Bucs were defensive stars center Lou Hallow, guard Dick Monds, tackle Bull Overton, halfback Bobby Perry and ends Pennington and Helms. Hallow and Monds did a fine job backing the line in the 5-2-1 defense. Overton protected his tackle spot well and the flankers were great at turning plays inward.

O'Kelly was the leading ground-gainer for East Carolina. He toted 13 times for 78 yards, an average of 6 yards. Boado and Jim Henderson made several nice gains from their halfback spots. Second unit backs Bobby Gay, Gary Matlock, Bobby Perry and Bob Maynard also showed up well. Maynard, especially, ran well, gaining 50 yards in seven rushes for a 7-1 average.

Don Howton and Engman were the offensive standouts for the Navy. Howton led both teams in rushing with 109 yards. His 64-yard jaunt accounted for most of that, however.

ECC found the big Navy line mighty tough. Jesse Arnold and Fred Feller held down the ends in fine fashion. The Navy guards were terrific. The combo of Bob Reiderer and Wayne Pearson knocked down Pirate ball-carriers all night and made the middle of the line a mighty unhealthy zone.

Going For Gains

GOING FOR GAINS—East Carolina College fullback Harold O'Kelly (20) skids away from a tackler in the top photo while below, end Ray Pennington scampers for yardage in Saturday's 6-0 win over the Norfolk Naval Air Station here. Guard Bob Reiderer (69) closes in to make the tackle on Pennington. (Photos by C. L. Perkins, Jr.)

Boudreau Given Another Year At Kansas City

KANSAS CITY, Mo. — Lou Boudreau, who has skipped the reformed Philadelphia Athletics to sixth-place in their first season at Kansas City, had another year's contract in his pocket today.

Salary terms, as is customary, were not disclosed, but Arnold Johnson, owner of the Kansas City American League club, said Boudreau deserved "a great deal of credit for what has been accomplished."

A lot of experts figured the transplanted A's would wind up in exactly the same spot as they did while still languishing in Philadelphia last.

Boudreau, former Cleveland Indians and Boston Red Sox manager, said the way "the players have hustled and tried has been a source of real satisfaction to me."

He said he hoped the club's re-

building program will reap "some dividends" in future campaigns.

The A's also announced Saturday the purchase of pitcher Lou Kretlow and catcher Joe Ginsberg from Seattle in the Pacific Coast League "for a considerable amount of cash" and three players, to be named at a later date.

Farmville Wraps Up CPL Title Over Weekend

Cleveland Riding In Driver's Seat

By JOE REICHLER
NEW YORK, N.Y. — The league-leading Cleveland Indians were in Washington today, sitting squarely in the driver's seat and not even the sight of their season-long jinx team could scare Manager Al Lopez and his band of happy warriors.

Although no one would dare say so publicly, the Cleveland players feel the American League flag is as good as theirs now—barring an unforeseen collapse. And that's the farthest thing from their minds.

Yesterday's lead-saving split in New York, thanks to a winning eighth-inning rally in the nightcap, preserved their 1½-game advantage over the Yankees and left them in an enviable position with only 11 games left, none with the Yankees.

The Yanks lost the second game 3-2 after winning the opener 6-1. The second game loss was the bitterest blow of the year suffered by Yankee Manager Casey Stengel. He was a picture of gloom. "You can't win a pennant by splitting four games with your two toughest rivals," he growled, referring to the last two series against Chicago and Cleveland.

"How can you expect to win a championship if you can't get a winning streak?"

There was a different air in the Indians' clubhouse.

"We just want to go the way we are and stay the way we are," said Lopez candidly. "We're in good shape now."

"I figured on a split in New York although I was hoping for two. Had we won both, we'd be in real good shape instead of just good. If we get by Washington, we ought to be in excellent position although it won't be a cinch. I still think it will be real tough all the way."

Neither Lopez nor any of his players can understand why the Senators have proved such a jinx team to the Indians all year. As Lopez said, "We just seem to play our worst against them and they play their best against us."

The records bear Lopez out. Washington with 12 victories over the Indians in 19 meetings so far, is the only club with an edge over the league leaders.

Amateur Tennis King Is Talking Abdication

By ED CORRIGAN
FOREST HILLS, N.Y. — Tony Trabert took his seat in the throne room of amateur tennis today and no sooner did he get his crown adjusted than he began thinking of giving it all up.

"I'm waiting to hear professional offers," he said. "But right now I can say truthfully I haven't had any. I think the promoters were ANY I think the promoters were waiting to see how I did in the 1955 championship before they decided whether I'd be worth it."

Trabert, a crowd's power-hitting Cincinnati, won the title for the second time in three years yesterday, beating Australia's Ken Rosewall decisively in the final 9-7, 6-3, 6-2. Just as at Wimbledon, Trabert went through the entire tournament without losing a set.

"It doesn't make any difference to me who I play for — if I decide to turn pro," he said. "I'd play for the promoter who gave me the best offer."

Trabert is committed to the Pacific Southwest Championships in Los Angeles next week, so it wouldn't be prudent for him to announce publicly he's turning pro at least, until then.

Trabert's cannonball service threw back Rosewall time and again. Tony followed it in for fast kills and had the usually composed Rosewall rushing his shots. Only in the first set, which was decided, was Trabert in anything that resembled trouble. Faulty volleying cost him two service breaks.

Doris Hart of Coral Gables, Fla., defended her women's title successfully when she whipped England's Pat Ward in the final 6-4, 6-2.

Farmville Gridders Du2 For A Week Of Hard Workouts

FARMVILLE—The Farmville club wrapped up the Coastal Plain playoff championship yesterday afternoon here by trouncing Rocky Mount, 5-4, to win the series four games to two.

Manager Bill Kennedy's team thus tucked away the playoff trophy to go with the regular season crown they won earlier this season.

It was Joe Dominguez who put the final touches on the win yesterday. The big Cuban righthander tossed brilliantly and aided his own cause by driving in two runs. Streeter Tugwell and Dominguez teamed up in the RBI department.

Tugwell driving in two runs also. Catcher Norman Catlett led the Farmers in hitting with two hits in four at bats.

The Farmers bunched three runs in the third inning to take the lead. They added two more in the late stanzas to hold off a Rocky Mount rally.

Fifth Game

Farmville won the fifth game Saturday night, 5-1, on the seventh-inning chinking of Roy Vick. The curveball artist got revenge for a earlier defeat in the playoffs. He struck out two and walked four.

The Farmers scored, four runs in the sixth inning of that one. Pete Stuart was safe on an error to open the inning. Tugwell doubled, scoring Stuart. Kennedy made an out and Pete Hill walked. Sanderson singled, scoring Tugwell. Catlett's grounder brought in Hill and Sanderson, scored on a fielder's choice.

Barry Jones and Sanderson led the hitting with two-for-four apiece.

Saturday Game

Score by innings:
Farmville 000 004 01x—5 8 2
Rocky Mount 000 000 100—1 7 2
Vick and Catlett; Gay and Edwards.

Ward Is Against 'Favorite' Role

RICHMOND, Va. — Harvie Ward Jr. snubbed the favorite's role today as the 56th National Amateur Golf Tournament began exactly a quarter of a century since Bobby Jones scored his unprecedented grand slam.

Ward plainly didn't approve of the fact that many of the field of 200 in this blue ribbon classic have put the finger on him as the man to beat.

"I've never gotten past the fourth round," he said. "I seem to be jinxed in this tournament, and I don't like to predict anything for myself in this one."

Then the North Carolina native now playing out of San Francisco quickly began to rattle off a handful of players he thinks have a better chance to come out on top in Saturday's 36-hole finals. Finally, he narrowed his choices down to five, including Don Bispillinghoff, Doug Sanders, Hillman Robbins, ex-champion Joe Conrad and wisecracking Billy Joe Patton.

Still it was Ward, 1952 British Amateur champion, who turned in what probably were the most consistent tuneup rounds over the Country Club of Virginia's toughened James River course, a 6,113-yard, par-70 collection of rolling hills, narrow fairways and exacting greens.

Ward, playing the course for the first time Saturday, fashioned a 69. Yesterday, he scored a 68.

Bobby Jones told the contestants at a banquet Saturday night that "some of you might say it's impossible to win the National Amateur."

"Well, I think it is," but somebody will do it."

Feb. 4, Clemson 7, Virginia, Charlottesville, Va. 11, South Carolina 14, Duke 18, Maryland 21, North Carolina 25, Wake Forest.

young coach declared after last week's tilt. "Left end Bill Owens has a weak knee but it seems to be a minor thing."

The Red Devils are counting on rugged tackle Carroll Wooten and halfback Irvin Allen to spark this week's practice sessions. Farmville is pointing to the Nashville trial with grim determination.

Coach Moyer praised the terrific defensive work against Tarboro of Wooten, linebacker Mac Holmes, Bill Owens, Mark Owens and Bobby Meeks. "Most of our boys did well, considering it was the opening game. Our first half was fine, especially defensively. I believe a lack of reserves hurt us badly in the last two quarters," he said.

The Farmville squad has never met Nashville and Coach Moyer will have to start from scratch in preparation for his new opponents. "It will be their first game also, and we haven't had a chance to scout them," he said.

Moyer, coaching at Robesonville last season, encountered Nashville and remembers them as a tough opponent. Nashville lost all its backfield by graduation but retains a big, fast line of veterans.

"We expect a real thriller," Moyer stated, "and our boys will be fighting all the way."

Indians Don't Choke Up Any More In The Pinches; Keep First-Rung Hold

By ED WILKS
The Associated Press

Time was when the Cleveland Indians took the rap for choking up in the pennant drive. But no more. Now it's the New York Yankees, the club with a reputation for winning the big ones.

The Indians winning 11 of their last 14, were held to just four hits by southpaw Tommy Byrne in a 6-1 first-game defeat at New York yesterday, but they came from behind to win 3-2 in the pivotal nightcap.

A loss would have dropped the

Indians from first place in the American League. Instead, they can sit back and rest while the AL takes a day off today holding a 1 1/2-game lead with 11 to play. Second-place New York has 12.

Bobby Avila, with eight hits in his last 14 at bats and reliever Don Mossi kept the Tribe in there in the second game. But in the end, it was a wild pitch by Whitey Ford, New York's ace, that let the clinching run score.

It was the second game in two days the Yanks let slip away. Saturday, they blew a 6-1 lead and lost to Chicago 9-8 in 10 innings.

The double-header split left Cleveland 3 1/2 games up on third-place Chicago, which divided a pair at Boston. The White Sox won the second 7-2. Boston, six games back, took the opener 6-2.

Avila, hitting .372 after winning the '54 hitting title had four hits in the double-header and walloped his second homer of the day to tie it at 2-1 in the eighth inning of the nightcap. Until then, Ford, 17-7, had a three-hitter.

Hoot Evers followed with a double advanced on a walk and forced, then scored as Ford bounced a pitch in front of the plate.

Moss in relief of rookie Herb Score, scattered three hits over

the last three frames for a 4-3 record. Evers pulled him out of his only possible jam, making a diving catch of Eiston Howard's liner for the final out with the potential tying run in base.

Byrne was great as he won his 15th in the opener, fanning five and walking only two. Yogi Berra knocked in three runs and Joe Collins swatted an inside-the-park homer off loser Early Wynn.

The White Sox hung on as Connie Johnson and Millard Howell, although rapped for 11 hits, tightened in the clutch and left 15 Soxos stranded. Frank Sullivan won his 18th in the first game with a five-hitter while Norm Zaichin drove in three runs as Boston racked up Bob Keegan.

Detroit split at Washington in a pair of four-hitters. Billy Hoelt won his 16th in the first game 8-0 and Nat rookie Ted Abernathy picked up the nightcap 1-0. Washington had 14 hits in the second game, but didn't score off rookie Frank Lary until Mickey Vernon singled with the bases loaded in the ninth.

Kansas City and Baltimore also split a pair. The A's won 4-3, then lost 4-2.

In the National, Cincinnati's Johnny Kippstein one-hit Brooklyn's champs. Pee Wee Reese blooped a single with one out in the ninth for the spoiler as the

Redlegs won the first game of a twin bill 9-0 then made it a sweep with a 5-3 decision. Ted Kluszewski hammered his 45th homer in the opener.

Milwaukee padded its runner-up spot, beating Philadelphia twice, 5-4 and 9-1. Del Crandall homered with three on in a five-run ninth to win the first game. Rookie Humberto Robertson pitched a six-hitter in the second.

Chicago's Ernie Banks and New York's Willie Mays each hit home run No. 43 while the Cubs beat the Giants 7-5 on Ernie Banks' two-run double in the eighth. In another single game, St. Louis edged Pittsburgh 6-5 on a single by Alex Grammas in the eighth.

Comeback Train Filled This Week In Boxing Bouts

The Associated Press

Boxing's comeback trail is jammed this week with ex-champions and former top contenders hoping to get back into title contention.

Three champions Tony DeMarco, Johnny Saxton and Willie Pep, and two heavyweights, Nino Valdes and Don Cockell who were the one-two contenders only a short while ago, are among the top-fighters featured.

DeMarco, who lost his welterweight crown to Carmen Basilio June 10, returns to action for the first time since that knockout defeat, Wednesday. He meets ambitious Chico Vejar, winner of seven straight and unbeaten in his last 12, in the top bout of the schedule in the Boston Garden (9 p.m. EST, ABC-TV, radio).

Saxton, who lost his crown to DeMarco April 11, opposes Joe Shaw of New York at Portland, Me., Thursday night. Pep, the little, onetime featherweight king, meets Jimmy Ithia of New York in a flood relief benefit show at Hartford, Conn., Tuesday.

Valdes, giant Cuban heavyweight who was the No. 1 contender until he lost to Archie Moore and Bob Satterfield, takes on England's Don Cockell in a 10-rounder in London's White City Stadium, Tuesday night.

Isaac Logart of Cuba and Al (Sugar) Wilson, of Englewood, N.J., mix it up tonight in the television 10-rounder (DuMont-TV, 9 p.m. EST) at New York's St. Nicholas Arena.

The Friday night National radio-TV bout (NBC TV, radio, 9 p.m. EST), matches Frankie Ryff of New York and Joey Lopes of Sacramento in a 10-rounder at the Detroit Olympia. The winner may meet Cisco (The Kid) Andrade, Compton (Calif.) Contender, who drubbed Orlando Zulueta last Friday night.

Gene (Cyclone) Fullmer, West Jordan, Utah, faces Al Andrews of Superior, Wis., at Ogden, Utah, tonight. Virgil Atkins, St. Louis, goes against veteran Harold Jones in Detroit in Indianapolis Tuesday night.

Ralph Dupas meets Mickey Northrup, Los Angeles, at Hollywood Saturday night.

Tough Schedule For Duke Eleven

DURHAM, N. C. (AP)—Duke University's football team has the toughest schedule in its long gridiron history. The Blue Devils will play three 1955 Bowl champions.

Duke Orange Bowl champs themselves, meet Ohio State (Rose Bowl winners) on Oct. 15. Georgia Tech (Cotton Bowl) on Oct. 29, and Navy (Sugar Bowl) on Nov. 5.

Indians from first place in the American League. Instead, they can sit back and rest while the AL takes a day off today holding a 1 1/2-game lead with 11 to play. Second-place New York has 12.

MARRIAGE FOR THREE

By ELIZABETH SEIFERT

CHAPTER THIRTY-ONE

Matters between Pinky and Adam seemed to be settled now into a businesslike relationship of owner and builder. All other "things" between them, Ann thought, should now be solved.

But they were not of course. Pinky saw to that. For now she was the one fighting the "other woman" in her man's life. Ann had made her claim and Adam had acknowledged it. Pinky must fight for what she called her rights.

And she would fight. She'd already lost one man in Rod Haggard and had come to regret it. With Adam Laird, she meant to proceed more wisely.

When Adam told her that he had a chance to sell the house, she was quite calm about it. "Make money," she asked.

"Some. Not a lot, with costs what they are but some."

She sat down in a "horse" and swung her long legs. She was wearing light blue denim pedal pushers, and a plaid shirt which looked as if it had lost all its buttons. Her freckles were honestly displayed, her hair was braided into pigtails tied with bows of dark blue ribbon. "You didn't think I'd agree, did you, Adam?"

"Well—"

"I wouldn't have," she assured him, "except that just a night or two ago, a man was in the hotel—he asked me what you were doing, if you were still in Santa Fe."

Adam squinted his blue eyes at her.

"He was down from Los Alamos, said you'd worked with him or for him on the lab up there. His name was Isler."

"I worked for him," said Adam, shooting out his rule and bending again to the board which he was mitering. "What'd he want? Why did he ask you?"

"He'd seen us together," her voice slurred suggestively, reminiscently.

Adam would not look at her.

"Yeah?" he said.

"You'll be hearing from him. I told him you were in the book. As for what he wanted, I think you should listen to him, Adam."

The whine of the saw silenced her. He was making the front door of the house of diagonally set redwood boards. It would be beautiful when waxed and polished.

"He says they're going to build some sort of lab at Cal Tech—on he didn't really say lab—he called it a problem. He said how good you were at grasping technical requirements. It would mean a move to California, or course. But my idea was, Adam that you could work at that problem, and go to school, too, study architecture, and get a degree! You could!"

He nodded. "I could." His imagination flared into pictures of that future.

"This Dr. Isler said too, that you were too good a man to remain a boss carpenter."

"Did you tell him I am in business down here?"

"Yes, but I happen to know that you've always dreamed of a degree in engineering or architecture, and maybe this is your chance to stop dreaming and start doing."

"I wish I had more schooling," he agreed. "But I'd never thought of going to school now." But maybe he could!

"If it's a matter of money, Adam—"

"It wouldn't be. If I'd be work-

Mystery Of Mayerling Appears Finally Solved

By KURT HAMPE

VIENNA (AP)—The mystery surrounding the death of Austrian Crown Prince Rudolf and his 17-year-old sweetheart at Mayerling in 1889 appears to have been finally solved.

The Vienna newspaper *Wochenpost* is publishing a series of documents which officials of the Austrian State Archives accept as a secret report on the "Mayerling Tragedy" by Baron Franz Krauss, then chief of Vienna police.

The papers were discovered in Berlin recently, after disappearing from the state archives during the Nazi occupation of Vienna.

The 200-page report, with many annexes, purports to reveal the full circumstances of the deaths.

The report, in Baron Krauss' own handwriting, confirms that the 30-year-old crown prince shot Baroness Maria Vetsera on her own request with a revolver and then killed himself with a sporting gun at the Mayerling hunting lodge.

Rudolf was married to Princess Stephanie of Belgium but it had been an open secret in Vienna that the sentimental prince was unhappy. He met Baroness Vetsera at a court ball. The romance ended after only a few months with the two shots that rocked the old Austro-Hungarian empire.

Emperor Francis Joseph I issued strict orders to keep secret all details of the death of his son and heir, but the state censorship was unable to suppress rumors. Many of the stories whispered at that time now appear verified by the report of the man in charge of the investigation.

Baron Krauss instructed his assistant, Baron Guroop, to get the body of Baroness Vetsera out of the hunting lodge in a way to create the impression she was alive and unhurt. According to Guroop's report, attached to the documents, the body was seated in an open carriage, completely dressed, and was driven to the neighboring monastery of Heiligenkreuz, there to be buried without any religious ceremony.

The crown prince's death was attributed officially to a hunting accident.

Also published is a letter written to Francis Joseph by Baroness Vetsera's mother, urging the emperor to reestablish her child's honor by telling the truth about the tragedy. She never received an answer.

How much will it cost to send your children to college?

Now, when they're still in the Jungle Jim stage, is the time to start planning your children's college education. But do you realize that the average cost, including tuition, board, room and other fees, is about \$1,250 per year per child?

Where is all this money coming from? In thousands of cases, it comes from the savings accounts that forward-looking parents have built up over the years in insured Savings and Loan Associations. Here are the advantages these Associations offer:

1. Your savings bring excellent returns, for these Associations invest most of their funds in sound, steady-paying home mortgages.
2. Your savings are safe. They are protected by sound management and substantial reserves, and insured up to \$10,000 by an agency of the U.S. Government.
3. You deal with friendly, experienced people. People who really care about you—and your community.

So if you want to be sure your children enjoy all the advantages of a college education, open a savings account in an insured Savings and Loan Association now!

Politics Ignored In Science Meet

DUBLIN, Ireland (AP)—One of the strangest international conferences ever held in these days of world tension came to a close here last week.

The shadow of politics hung overhead—but no word of politics was mentioned at the ninth General Assembly of the International Astronomical Union.

Mingling at the meetings were astronomers from the Soviet Union and Jesuits from the Vatican, star gazers from Red China, the United States and 38 other countries.

Many of their governments do not recognize each other diplomatically, but the astronomers, Presiding over the conference was Dr. Otto Struve of the University of California, who explained:

"Ideological and political differences fade away in our common goal, the exploration of the universe."

Dr. Struve is a White Russian who fought the Communists in the Bolshevik uprising against the Czar and fled to the United States in the 1920s. During the meetings, Struve served at times as an interpreter for Russian astronomers when they ran into language difficulties.

Prof. B. V. Kukarkin, leader of the Soviet delegation, was the busiest man present. He was smiling and shaking hands with everyone, insisting "different political systems don't prevent friendly scientific relations."

Britain's Pubs Undergo Change

LONDON (AP)—Britain's social revolution is catching up with the pubs.

Treasured landmarks are vanishing in the country's general prosperity and faster tempo. The government is concerned. During the past year nearly 400 pubs or inns, as some are known, have been tabbed for preservation because of historic or architectural importance. These buildings cannot be altered without official authorization.

For centuries the pub has been a neighborhood club, a place to visit and argue as well as to drink. But the atmosphere is changing. There are 73,422 pubs in England and Wales—fewer in proportion to population than the 24,000 in the time of Queen Elizabeth I four centuries ago.

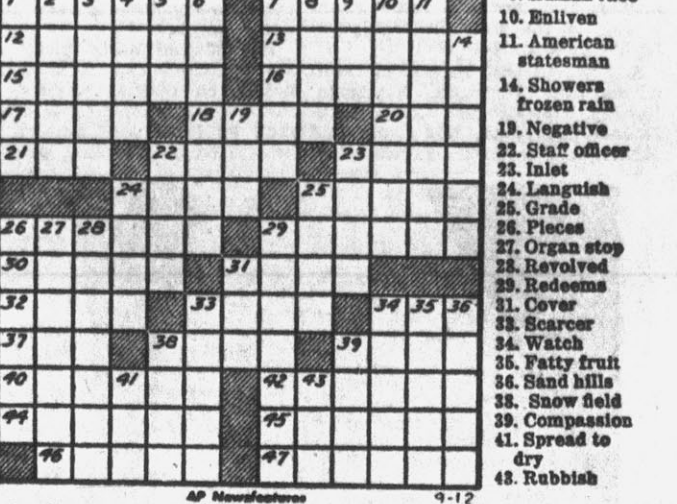

The nightly gatherings for drink and talk are fading away. Television, more automobiles and coffee bars are largely responsible, along with rising costs for upkeep.

Brewers own most of the pubs. They are taking drastic measures. Several have installed special soft drink bars, some now sell ice cream. One brewer is working up a side trade in packaged groceries.

New pubs look more like glittered cocktail lounges than the

Find No Heroes If Confronted By Bank Robbery

BALTIMORE (AP)—An inquiring photographer's poll here on the question, "What would you do if you were in a bank while it was being held up?" doesn't reveal any really Daring Dan's.

The fightingest answer came from a young man who said: "If I had a chance to get away I would, if not, I'd stand there with all the other scared people."

Another man, said he "would not do a thing the money I had wouldn't be worth fighting over."

Of the three women interviewed, one said she would "hand over my money with no fuss." But she added she thinks she'd remember to get all the identifying marks of the robbers. Another said she might try hiding her money in her blouse or a trash can, but "I certainly would not do anything foolish."

The third said she would "Drop dead on the spot."

Midwest Demos Turn Heat On Farm Program Of GOP

INTERNATIONAL FALLS, Minn. (AP)—Midwest Democratic leaders from nine states scattered today after jabbing hard during a two-day strategy session at the Eisenhower administration's handling of farm problems.

"A brazen and ruthless betrayal of America's farmers—that's the way the Democrats described administration agricultural policies in a resolution containing other strong phrases, like 'calculated deceit,' 'callous indifference,' 'flagrant neglect.'

Paul Butler of Indiana, chairman of the Democratic National Committee, said the farm issue promises to be No. 1 in the 1956 presidential campaign.

Butler met with high-level Democrats from Michigan, Wisconsin, Kansas, Iowa, North Dakota, South Dakota, Nebraska, Minnesota and Montana. The Illinois organization

sent no representatives.

At the conference, he disclosed national committee plans to "out-huckster" the Republicans in employment of advertising techniques next year. He said he expected former President Truman to remain on the firing line during the campaign.

Truman's popularity, he said, has "increased tremendously" since "Eisenhower has been in the White House."

He said that five million dollars will be allocated for radio and TV time in the coming campaign, and that by Oct. 2 a selection will be made from among some 20 advertising concerns to take over the party account.

He detailed other plans in the making, including formation of a half-dozen special advisory committees—each devoted to one field, such as labor and agriculture—to be staffed by full-time, paid directors. All will be functioning by Jan. 1, he said.

The conferees called in their resolution for an "effective and realistic" farm program, and predicted a "green uprising" at the ballot box that will bring Democrats into office to put it into action.

Among other things, the program should cover these main points, the resolution said:

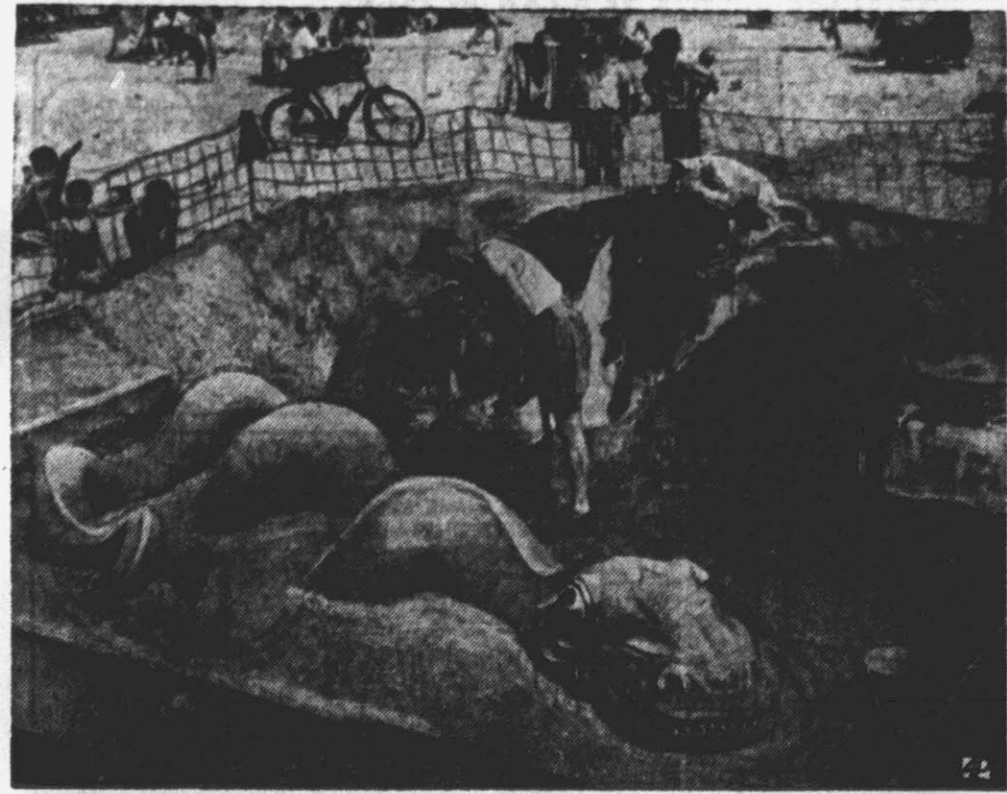

Restoration of 90 per cent of parity price supports for basic commodities but restricting participation of corporation-type farm enterprises, as distinguished from family units.

Extension of 90 per cent supports to livestock, poultry, milk and other perishables, but with provision for production payments as an alternative.

Mandatory supports for grain sorghums, barley and oats based on their feed value relative to corn.

A plan to take marginal acres out of production, and promote soil conservation.

Longer-term, lower-cost credit for farmers, giving preference to those to low-income groups.

INVADER FROM THE SEA—Fred Darrington, sand artist, works on his "Loch Ness Monster" on the beach at Weymouth, England, after a 20-year absence from that resort.

Stranger Paid Prisoner's Fine

NEWPORT NEWS, Va. (AP)—A well dressed stranger stepped into police headquarters and asked if there were any prisoners serving terms because they could not pay fines. The answer was yes.

He asked the desk lieutenant to pick out one at random. The stranger paid the prisoner's fine and departed. The bailor and the bailed did not meet.

Police Lieutenant J.P. Farry said the incident was the only one of its kind in his 23 years of experience.

His Hobbies Are Poison, Posies

IMMOKALEE, Fla. (AP)—Ollie Hancock captures poisonous snakes for excitement and wild orchids for pleasure during his spare time.

Although the hobbies sound poles apart, he explains that he can do both at once, because the reptiles and flowers are found in the same jungle-like woods in this area.

Gleason Adding Two New Career Angles

By CHARLES MERCER

NEW YORK (AP)—Jackie Gleason, a man who plays many parts, is taking on two added roles. He is going to star in a motion picture. He has written a short story about "The \$64,000 Question" which will be televised—probably with Gleason himself starring in it—this coming season.

The highest paid entertainer in television returns to CBS-TV with his regular weekly show Oct. 1. He's been working hard on it all summer, except for one month's vacation in Bermuda.

Now he has resumed filming the "Honeymooners" for his regular Saturday night show. He's turning them out two a week before live audiences in the Adelphi Theater here. He's using Du Mont's new "electronic" TV-Film System, a method which he says delights him because it combines films of the highest quality with amazing speed of production.

"It's sensational," Gleason says.

"Our results already are so good that I'm sure 'electronic' will revolutionize our whole approach to simultaneous telecasting and motion picture film. If you have an honest performance with honest laughs, 'electronic' is the only way to record it. We're really getting what we went after: 'live-on-film.'"

By the end of next January he'll have 39 of "The Honeymooners" series "in the can," Gleason says, adding: "That leaves me free till next August to do some other things I want to."

"Well, about the first of March I'm starting to make a motion picture. Elia Kazan is directing it and Budd Schulberg is writing it. It's based on a short story of Schulberg's called 'The Arkansas Traveler.' That's right, it's about a prominent television personality—but it has other overtones."

Who, else is cooking? Gleason looked about his resplendent and newly refurbished penthouse office. He sat behind his desk which is shaped like an enormous lily pad, and rises from ankle-deep carpeting.

"I wrote a short story," he said. No kidding?

"That's right. I was looking at 'The \$64,000 Question' (CBS-TV) and I got this idea about a guy in Brooklyn who was of little importance to his family—until he got on 'The \$64,000 Question.' It's called 'To Be or Not To Be' . . . No.

An interesting premier tonight is "Medical Horizons" on ABC-TV at 9:30 p.m., EDT. This weekly program, which has the cooperation of the American Medical Assn is dedicated to the idea that it's of public interest and in the public interest to present new developments in medicine.

In the first program physicians of the Mayo Clinic at Rochester, Minn., will show how the newly developed heart-lung "bypass" machine keeps the human heart free of blood and allows a surgeon a clear and dry area on which to operate. "Medical Horizons" has no story line. It figures there's enough drama in the facts of medicine itself.

GREENVILLE

HAS

3 "Million Dollar" Days In A Row

1. Wednesday-2,264,286 pounds... \$1,092,358.68 - Average \$48.24
2. Thursday-2,219,350 pounds... \$1,080,306.84 - Average \$48.67
3. Friday - 2,228,370 pounds... \$1,083,993.28 - Average \$48.64

This wonderful record was made in spite of the fact that on each of these days over 1,000 baskets of tobacco were found to be in wet or damaged condition, (not eligible for support price by Stabilization Corp.) coming mainly from the storm-stricken areas.

These figures include every pound of tobacco sold on all of Greenville's warehouse floors including wet, damaged, nondescript and non-supported tobaccos, and agree pound for pound and dollar for dollar with the government figures.

The Sales Committee has advised that all markets will continue on a five and one-half hour schedule for Monday and Tuesday and then will revert to three and one-half hours per day.

Keep your tobacco dry and market it in as good condition as possible.

CONTACT THE FOLLOWING WAREHOUSES BY PHONE OR OTHERWISE. They will be glad to serve you and sell your tobacco at highest prices.

PUBLIC NOTICE

NOTICE OF SERVICE OF PROCESS BY PUBLICATION NORTH CAROLINA PITT COUNTY

Before the Clerk: Guaranty Bank & Trust Company, Administrator of the estate of David Washington, Sr.

John H. Washington et al and Mrs. George Washington

To Mrs. George Washington: Take notice that a pleading seeking relief against you has been filed in the office of the Clerk of the Superior Court of Pitt County in the above entitled special proceeding.

The nature of the relief sought is to subject Lots Nos. 4 and 5 in Block "T" and Lot No. 9 in Block "G" of the Manford-Arthur Subdivision, Map Book 1, page 2, Pitt County Registry, to sale by the administrator of David Washington for the purpose of making assets.

You are required to make defense to such pleading not later than October 14, 1955, and upon your failure to do so, the party seeking service against you will apply to the Court for the relief sought.

This the 3rd day of September, 1955.

H. L. LEWIS JR., Ass't Clerk Superior Court Pitt County R. B. Lee, Atty. for Petitioner Sept. 5-12-19-26

Stock And Market Reports

NEW YORK (AP)—The stock market made a little progress in the early afternoon today, but the performance had a dull look about it.

Most price changes were small but they ranged from around 2 points higher to 1 point lower with one or two exceptions.

The pace of trading was rather good and just about matched Friday's 2,480,000 shares.

Railroads provided the greatest disappointment for traders. Their prices were narrowly mixed.

Brokers and others have been pinning a lot of hope on the chance that the railroads would move up strongly with enough vigor to match the recently strong industrial segment of the market.

The rails have been getting ahead briskly in recent sessions, but today they dragged along to the disappointment of bullish minded Wall Streeters.

RALEIGH (AP)—(NCDA)—Hog markets were mostly steady to 25 lower today. Tops of 16.50 at Hillsboro, Beulaville, Goldsboro, Tarboro, Enfield, Hamilton, Lumberton and Rich Square; 16.25 at Mount Gilead, Siler City, Wilson, Kenly, Snow Hill, Farmville, Kinston, New Bern, Benson, Rocky Mount, Fayetteville, Clinton; 16.00 at Dunn, Warsaw, Newton Grove, Whiteville, Clarkton, Bailey, Nahunta, Plymouth, Jacksonville and Washington.

RALEIGH (AP)—(NCDA)—Central North Carolina live poultry market today, fryers and broilers steady following one cent decline, farm price 24, f.o.b. plant 25. Raleigh eggs steady, A large 56, Asheville fryers and broilers steady farm price 24 f.o.b. plant.

Marriage Licenses

Nine marriage licenses were issued last week by the office of the Registrar of Deeds. Licenses were issued to the following:

White: Bobby Gene Mazingo, Farmville, and Thelma Dunn Detra, Farmville Rt. 2; Robert Lee Wooten, Macesfield, and Myrna Harrell, Tarboro; Rufus Lee Craft, Grifton, and Carolyn Virginia Jones, Ayden; James D. Livesay, West Frankfort, Ill., and Jackie Carolyn Moore, Greenville; Lindsay Cannon and Kathryn Pierce, both of Ayden; William Dalton Joyner, Farmville, and Glenda Veree Hines, Fountain. Negro: James Wooten and Myra Jean Green, both of Macesfield; Willie Melvin Wilkes, Greenville, and Patricia Gay, Greenville Rt. 1; Roscoe Primus and Lillian Berry Harding, both of Greenville.

Plans Completed For County Fair

Some 3,800 dollars is scheduled to be offered for agricultural exhibits at the Pitt County Agricultural Fair, October 10-15, fair president Larry Averette announced today. The fair, operated by the American Legion posts of Greenville, Ayden and Farmville, will have as its slogan this year "Pitt County On Parade." Capacity of the exhibit and livestock buildings are expected to be taxed and an additional cattle barn has already been erected alongside the present livestock building. In addition, fair officials also announced that the Prell Broadway Shows, the largest such motorized unit in the country, would again provide the entertainment. It will come here direct from an engagement in Maryland. On the midway will be 25 rides plus 10 shows and other concessions. The fair's executive committee is composed of J. Howard Moye, Willard T. Kizer, T. Frank Taylor and Paul C. Eagles, of Greenville; Dr. Paul E. Jones and Charles S. Edwards, of Farmville, and C. E. Hart of Ayden.

Seems Unaware Daughter Dead; She's Implicated

PHILADELPHIA (AP)—A noted psychiatrist said Mrs. Gertrude Silver doesn't admit her daughter, heiress Doris Jean Silver Oestreicher, is dead and will appear in court today without being aware she is accused of being an accessory to a criminal abortion.

Dr. Abraham M. Ornstein, head of the neurological department at Philadelphia General Hospital and professor of clinical neurology at the University of Pennsylvania, said:

"Her appearance in court can aggravate her mental illness and she is being forced to a plea against my wishes."

The physician said he visited Mrs. Silver last night with her attorney Thomas D. McBride. He said he explained the charges to her and told her she would have to be in City Hall Police Court for a hearing at 2 p.m. (EDT) today.

"Her confusion is such that we never got the idea across to her. She doesn't realize what it's all about," Dr. Ornstein said. He said that Mrs. Silver didn't know what McBride meant when he said he was representing her. "She doesn't even admit her daughter is dead," he said.

Mrs. Oestreicher, 25-year-old beauty of suburban Melrose Park, died Aug. 24 in the apartment of Mr. and Mrs. Milton Schwartz. Her mother was in the apartment at the time.

After an inquest, the city medical examiner, Dr. Melville J. Aston, ruled the girl died of a criminal abortion. He said "foreign bodies were inserted in the uterine cavity which entered the blood stream and thence to the lungs and produced death by asphyxiation, collapse of the lungs and overwhelming shock."

Meanwhile, Dist. Atty. Samuel Dash said today he now expects to be able to prove that the girl died "within a matter of minutes" after the foreign substances were introduced into her body. The time element is regarded as the key to the entire case. It was stated at the Sept. 2 inquest that death occurred within an hour or two or less, after introduction of the substances.

Dash said the commonwealth probably will present testimony and witnesses even if Mrs. Silver waives the hearing.

Dr. Ornstein told city officials that "being forced to listen to a repetition of the tragedy in the courtroom is adding insult to injury and cause even deeper depression to Mrs. Silver."

No Recreation In Job Insurance

ATLANTA (AP)—Georgia's job insurance law requires that applicants for unemployment benefits be available for employment and be ready to accept a suitable job when offered.

And being available doesn't mean showing up at the unemployment compensation office in bathing suits, play suits shorts or "dressed for the beach," says Labor Commissioner Ben T. Hulet.

"Not so long ago a man reported to one of the offices in swim trunks," Hulet reported. "He was denied job insurance for a week."

'Police' Range From 10 To 15

DETROIT (AP)—A lot of folk stopped to take a second look at some of the policemen walking beats in suburban Harper Woods this summer. The cops were aged 10 to 15 years.

Harper Wood 28, pledged to "uphold the laws of safety" and to "act in a manner befitting our titles." They were equipped with silver badges and books of tickets. The tickets were used to notify police and parents of traffic violations by other youngsters and placed on cars which ignored the suburb's campaign against parking on residential streets.

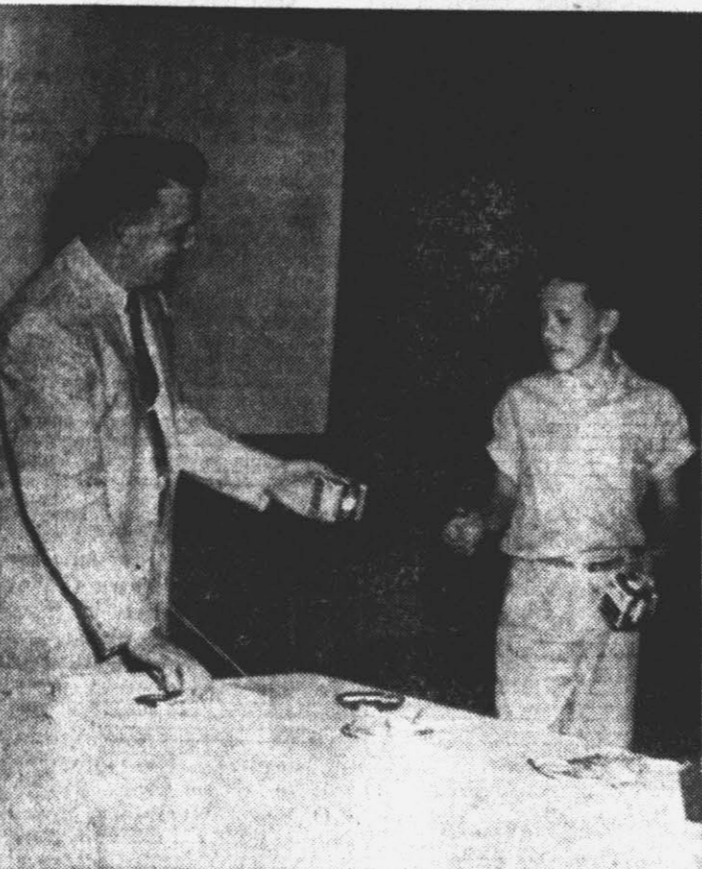

There is no lead in a lead pencil, the so-called lead being graphite.

Will Spearhead Farm Bureau Drive

FARM BUREAU LEADERS—Brantley Speight, (left) Howard Hodges, (center) and Charles Gaskins will be spearheading the Farm Bureau drive for membership during the week of September 21. Speight is president of the local bureau while Hodges and Gaskins are co-chairmen of the membership drive. (Reflector Photo by Bob Hillarup).

Moose Honor Baseballers

Moose Junior Governor J. T. Cox is shown above as he presents an official baseball to Emmett Koonce, member of the Moose Little League team. Each member of the team received a ball at the supper given in their honor Saturday night.

Members of the Moose sponsored Little League team and their coaches were honored at a supper held at the Moose Lodge Saturday night.

Each of the Little Leagueurs was presented with an official league baseball and theatre tickets from the Women of the Moose.

A film, "The Babe Ruth Story," was shown following the supper.

OBJECTIONABLE POINT—Hi-Oink, stand-in for another goose in a new picture, apparently objects to sub-billing and picks at nose of film director William Wyler.

Five Arrested In Liquor Raids

Five Pitt County Negroes were arrested this weekend and charged with violation of laws pertaining to bootleg whiskey.

Inez Mills, of Ayden, was taken into custody when officers found two and a half gallons of bootleg in her house. Sam Gardner, also of Ayden, was arrested when eight gallons of illicit spirits were found in a small outbuilding near his home. The liquor had been hidden under the floor.

Participating in the Ayden raids were Ayden police Sgt. H. G. Sutton, officer Roy Jackson and constable Russell Wooten, assisted by ABC officers J. M. Ward, H. B. Lilly and Walter Taylor.

Also taken into custody during the weekend were Eugene Jones, of Belvoir township, who attempted to pour out half a gallon when he saw the officers drive up in his yard.

Jesse James Anderson was arrested when the ABC men, in company with deputy sheriff Jack Russell, found liquor on his premises.

Alice Mae Atkinson, of 225 Boyd Avenue, was arrested on 15th Street after the officers spotted her carrying a shopping bag containing a gallon and a half of bootleg down the walk.

Issues Warning On Truck Lights

State Highway Patrol Cpl. Carl E. Whitfield today issued a warning concerning proper lights for trucks.

Pick-up trucks, Whitfield said, must be equipped with two red reflectors in addition to a stop light on the rear of the vehicle. In addition, the truck must have a white light over the license with the red marker lights and amber marker lights on the front.

Other trucks, in addition, must have six reflectors, two red on the rear, two red on the side to the rear of the body and one each on the left and right side of the body toward the front.

The law governing these lights was issued by the General Assembly to take effect July 1. Up to now, Whitfield said, violators have simply been warned but active enforcement will begin soon.

Formosa has a population of 8,749,000 an increase of 2,658,991 in the past eight years.

News From Nearby

KINSTON—The Kinston Kiwanis Club joined the growing list of Kinston civic clubs giving financial support to the proposed four-year Presbyterian College by voting a \$1,000 cash gift and \$500 annually for scholarship purposes for the first five years of the college's operation if it locates in Kinston.

KINSTON — Postmaster Emmett R. (Buck) Wooten, local attorney who was named to the post in 1949 after the death of Postmaster Simon C. Silterson, has tendered his resignation to the Post Office Department, effective September 30, or "as soon thereafter as the transfer of duties can be effected."

WASHINGTON—After much discussion farmers of the Beaufort County Farm Bureau decided that there should be a straight across the board cut of 25 per cent in tobacco acreage for next year.

ROCKY MOUNT—A 16-year-old boy beat and shot his father with a 38-caliber pistol Saturday. Stephen Cummings has been released on a \$500 bond after striking his father, Ramon Cummings, with the pistol, four times before shooting him once. Deputy Sheriff Shade Felton said. The officer quoted the youth as saying he shot his father while he was beating his mother.

GOLDSBORO—The seventh annual Wayne County Fair will open today at 6 p.m. at the Fair Grounds on U.S. 117, five miles south of Goldsboro.

GOLDSBORO—The Wayne County Board of Commissioners has pledged cooperation to do what it can to help encourage improvement and use of North Carolina's coastal waterways by pleasure craft and commercial vessels.

Negro HD Council Meets And Adopts 1956 Program

The Pitt County Council of Negro Home Demonstration Clubs was held at County Agent James M. Goode's office on Johnston street Saturday morning at 10 o'clock. President Mrs. Maggie Strong presided.

The council approved the program of work for 1956 and made plans for having three Home Demonstration Club exhibits at the Pitt County Agricultural Fair October 10-15.

Other activities for the year include: A scholarship drive; District Federation meeting at Rocky Mount November 3; Home Demonstration Club Achievement Day; Food and Family Life Leaders' Training.

Hal Boyle . . .

(Continued from page 4)
assistant to Bill Paley, head man at CBS, to gamble on the unexplored field of closed-circuit television. Halpern takes no credit for originating the idea.

"Theoretical engineers talked of its possibilities as long ago as 1947," he said. "All I did was put the idea into effect."

There are now five or six closed circuit TV firms in the field, but Halpern, who predicts the industry soon will have a 25-million-dollar annual income, so far has remained dominant.

Some of his friends regard Nate as something of a renegade from regular commercial TV, but he says:

"We don't hurt either ordinary TV or the movies. We simply give the public and business a new medium they never had before."

Colored News

Mrs. Bessie Harper, 54, of near Chicod and Shelmerville, died Saturday at 3:15 p.m. after a lingering illness at the Good Shepherd Hospital in New Bern. Funeral services will be conducted Wednesday at 2 p.m. at Sweet Hope F. W. B. Church near Galloway's Crossroads with the pastor, Rev. Phillips, officiating and burial will follow in the church cemetery.

Mrs. Harper is survived by her husband, Moses Harper, nine sons, Elijah, Charlie and Lester Harper, all of Baltimore, Md., Cleveland of New York, Herman of Ayden Rt. 2, Moses Harper Jr. of near Winterville, Johnnie Harper of Haddock's Crossroads, Jimmie and William Earl Harper, both of the home; a daughter, Miss Lottie Mae Harper of the home; her mother, Mrs. Addie Chapman of Grimesland; her maternal grandmother, Mrs. Louie Green, also of Grimesland; 12 grandchildren; three brothers, three sisters and a host of relatives and friends.

The body will lie in state at the Norcott & Co. Funeral Home in Ayden until one hour prior to the funeral.

American Legion Notice
Edgar Barnes Post No. 222 will meet tonight at 8 o'clock at Norfleet's Tea Room, West 5th Street. All members are urged to be present. The 1956 membership drive is now on.
