Dulles Declares U. S. Not Barred From Duty By Soviet Threats

Declares President Has Authority To Act To Preserve A Free Lebanon

WASHINGTON (AP)—Secretary of State Dulles today said the United States is not barred by Soviet Communist threats from doing its duty anywhere in the world. He made the statement at a news conference in discussing the crisis in Lebanon. The Soviet Union has issued warnings against any interference in Lebanon's internal affairs. Dulles said the President has plenty of authority under a Middle East policy resolution adopted by Congress more than a year ago to act to preserve Lebanon's independence and integrity if necessary and if requested to do so. He declared that Lebanon would not have to be attacked by international communism in order to make the resolution effective. But he also asserted emphatically that the U. S. government is not anxious to have a situation develop that would serve as a pretext for introducing U. S. forces into the area. Since the Middle East resolution—sometimes called the Eisenhower Doctrine—is normally considered a statement of American intention to protect friendly Middle Eastern countries against attack by international communism, Dulles was asked whether he was broadening the U. S. Middle East policy by interpretation. He replied that Congress had written into the resolution a sentence stating that the independence and integrity of Middle Eastern countries is vital to the peace and security of the United States.

Hopes For Truce Rise In Lebanon

BEIRUT, Lebanon (AP)—Opposition leaders who have directed 10 days of violence against Lebanon's pro-Western government conferred with a mediator today, raising hopes of a truce. Raschid Karami, leader of rioters in the North Lebanese port of Tripoli, arrived last night at the request of Raymond Ede, a political leader trying to end the strife. Karami conferred with Saeb Salam, a former premier who directs the Beirut opposition front, and other opposition leaders. Ede said he was not pessimistic about the negotiations. He said Karami refused to commit himself until he talked with other opposition leaders. Karami's forces took a beating Sunday from government security troops in Tripoli, where the violence was launched May 10. Karami called a halt to the fighting when the death toll reached about 60. Since Sunday Tripoli has been quiet under an uneasy truce. This defeat added weight to speculation that the opposition might be willing to call off its efforts to oust pro-Western President Camille Chamoun despite Salam's earlier pledge to continue the street fighting until Chamoun resigns. The opposition is seeking a government policy oriented toward President Nasser's United Arab Republic. An estimated 200 persons have been killed in street fighting and in battles in the mountains. Both sides are under increasing pressure to end the strife to prevent a civil war and to revive business. Government forces struck for the second day in an effort to isolate Druze tribesmen led by Kamal Jumblatt in the Chouf Mountains.

GM Says Final Offer Submitted

DETROIT (AP)—General Motors today appealed to 330,000 hourly rate workers for prompt agreement to the only wage proposal the company says it intends to make. GM President Harlow H. Curcio made the appeal in a letter mailed to employees yesterday. In the letter Curcio again went over the heads of United Auto Workers leaders who have rejected the GM offer to renew the 2 1/2 per cent wage formula of the present contract. The company estimates union demands, exclusive of profit sharing, would amount to an increase of 73 cents an hour per employee. The union denies this but has given no estimate of its wage and fringe demands. Curcio followed up a similar letter he sent employees May 3. This time he sent it with a 27-page booklet entitled "Ten Years of Industrial Peace at GM and the Progress It Brought to You and Your Family." GM's bid for rank and file support came as the UAW's contract talks with GM, Ford and Chrysler were deadlocked under mounting pressure of deadlines.

POLICE USE RACKETS HAGERSTOWN, Md. (AP)—Police used tennis rackets to swat down and dispatch a band of bats that invaded the Garlock Nursing Home. Having used their best forehead and backhand strokes to bring them down, police explained tennis rackets were used because the bats couldn't feel them coming.

Servicemen Get Increased Pay As President Signs

WASHINGTON (AP)—President Eisenhower today signed legislation boosting military pay, with the aim of making career service more attractive. The first year cost is figured at half a billion dollars. The increases, effective for payrolls next month, would go to most persons on active duty in the Air Force, Army, Navy and Marines with more than two years service. Draftees and young officers in their initial required duty hours would get no increase, but boosts in base pay range from \$399 a month for the five members of the Joint Chiefs of Staff down to \$6.20 additional for some privates and apprentice seamen. Reservists on active duty or taking periodic training would share in the increases. Retired personnel would get a flat 6 per cent cost-of-living increase, except for retired three- and four-star generals who would get larger increases. The increases also apply to uniformed members of the Coast Guard, the Public Health Service, and the Coast and Geodetic Survey. The military payroll already is above 10 billion dollars annually. The estimated increase for the first year is \$76,438,000, or some 64 millions above the top amount recommended by the Pentagon. The hope is that money will be saved in the long run by retaining men trained at great expense. The new plan originated last year with a presidential commission headed by President Ralph J. Cordiner, Jr. of General Electric. The commission said a basic pay revision was needed to retain trained and skilled experts for the complex new weapons systems that include missiles, supersonic aircraft and nuclear submarines. President Eisenhower recommended a modification of the Cordiner plan early this year and

Bandit Holds Up Stokesdale Bank

STOKESDALE, N. C. (AP)—A Negro bandit held up the Stokesdale Commercial bank shortly after noon today and escaped with an undetermined amount of money. The Guilford County Sheriff's office said the man abandoned his car and the loot between Oak Ridge and Stokesdale, about three miles from the bank and fled on foot into nearby woods. Bloodhounds and a posse were sent to the scene. Officers said the man was armed with a shotgun. Gerald Richardson, bank cashier, said the man was wearing a white kerchief about his neck with his face uncovered. He walked into the bank about 15 minutes past noon, carrying a sawed-off shotgun concealed in a coat. Richardson said the man went to a teller's cage operated by Mrs. John R. Warren, handed her a paper bag and told her to fill it. He told Richardson to lie down on the floor in front of Richardson's office. When the teller handed the bandit the bag of money he backed out of the front door and said, "Gimme five minutes." As soon as he was through the door, Richardson said, the cashier, got to his feet, ran to his desk and grabbed a pistol. Richardson ran to the front of the building and fired at the robber who fled in an old black Buick. The alarm was given immediately and officers gave chase. Richardson said an undetermined amount of money was thrown from the car by the bandit during the chase. This money was returned to the bank. The cashier said he did not know immediately how much money was taken, nor how much was returned.

Stokesdale is about 15 miles northwest of Greensboro near the Rockingham County line.

THOSE DAYS GONE BALTIMORE (AP)—The gold rush days are over, said the judge in ordering a man convicted of totting a six-gun on the streets to leave town — without waiting for sundown. Warren Van Meter, 64-year-old retired Arcadia, Calif., businessman, was fined \$250 for pointing a loaded revolver at a passing motorist and possessing a deadly weapon.

Church Groups Call For End To Nuclear Testing RALEIGH (AP)—The Public Affairs and National World Affairs committees of the North Carolina Council of Churches today urged the stopping of nuclear bomb testing by the United States. The two groups, acting jointly, notified President Eisenhower, Secretary of State Dulles and the North Carolina congressional delegation by mail. The committees called on the officials to support a foreign policy aimed at universal, inspection.

French Assembly Applause For Pflimlin; Showdown Vote Near

PARIS (AP)—Premier Pierre Pflimlin was greeted with applause today in the National Assembly as he stood up to seek a virtual vote of confidence to meet France's darkest postwar crisis. Most of the deputies appeared to be solidly behind him. Applause broke out from all but the right wing when he declared his government will crack down on all extremists, whether of the right or left. The Moderate Premier delivered a blistering attack on the rebellious Gaullists in Algeria. Moderate parties were reported banding in self-protection to turn back Gen. Charles de Gaulle's bid to take over the government with extraordinary powers. Pflimlin asked the deputies to give his six-day-old government a renewal of the emergency powers to fight the Moslem rebellion in Algeria, where De Gaulle civilian and military backers have seized control. The Moderates can check De Gaulle by supporting Pflimlin's request. The Algeria special powers bill cleared the Committee of Interior by a 22-3 vote. The Moderate parties of the center supported the bill, extremist Poujadists of the far right opposed and 11 Communist abstained. Many thought this indicated a trend for the Assembly

Airliner Crashes Following Aerial Collision With Jet

BRUNSWICK, Md. (AP)—A Capital Airlines turboprop plane and a military plane collided in clear skies over the Potomac River today and witnesses said the seven passengers and four crew members of the Capital Viscount were killed. A 12th body, believed to be that of a second man in the military plane, was found about a quarter of a mile from the main crash scene. The pilot of the Maryland Air National Guard plane, Capt. Julius R. McCoy of Baltimore, parachuted and was taken to a hospital at Frederick, Md., suffering from severe burns on his face and hands. A hospital spokesman said McCoy doesn't remember what happened. Harry Nicholson of the Brunswick volunteer fire department said the passenger plane fell in an open field. "Bodies were scattered everywhere," he said. "Oh, it was an awful sight. No, no question about anybody living after that. I understand it came right straight down after it collided with that military plane." He said that by the time the first fire truck got to the scene, about five miles away, there was much smoke but no flames. He said an eyewitness told him it appeared that the military plane was attempting to fly over the passenger plane but seemed to catch fire and dip into the side of the Capital craft. The military plane, believed to be a T33 jet trainer, was from the 104th Fighter Group of the Maryland Air National Guard, based at the Martin Co. field near Baltimore. The civilian plane was Capital's flight No. 300 out of Chicago, by way of Pittsburgh, for Baltimore. Capital said in Washington the pilot was Capt. Kendall J. Brady of Chicago. The copilot was Paul F. Meyer, also of Chicago. The airline said state police reported the Capital airliner "hit in-tact," meaning it did not come apart in mid-air despite the collision. Capital said police reported the airliner burst into flames after crashing to earth. Capital's Chicago office said the plane left there with 34 passengers. Most of the passengers presumably stopped in Pittsburgh. Clifford Grant, 9-year-old school boy who was playing in the school yard at nearby Brownsville, told police he happened to look up and saw a large plane and a small plane collide. The big one, he said, began diving and trailing smoke. He said he saw a parachute leave the smaller one and float to the south. The volunteer fire department here said that three quick calls came in shortly before 11 a.m. that a plane had crashed near the small community of Landers, about three miles from here. Fire fighting equipment and ambulances in the area were dispatched. Other witnesses who saw the planes falling said the passenger plane, a Viscount, fell for a short distance then exploded. The military plane, they said, exploded shortly before it hit the ground. State Police said a helicopter had been ordered to search the surrounding area for a parachute.

Virginia Seeking Schools Delay

RICHMOND, Va. (AP)—Virginia studied possible new delaying tactics today to offset Supreme Court action pushing the state nearer the choice between school integration or closure. The high court yesterday turned down the state's appeal of a federal court order directing the admission of seven Negro children to three white schools in Arlington County, adjacent to Washington. Virginia, whose law calls for closure of public schools in which integration occurs, has 25 days to ask the Supreme Court to reconsider. But whether Gov. J. Lindsay Almond Jr. and Atty. Gen. A. S. Harrison will take such a course was highly uncertain. Even if such a request were made on the last possible day, June 14, the court most probably would hand down a decision before adjourning late in June, leaving the state even less time to come up with new legal expedients. Unofficial sources suggested Virginia might well use its revamped Pupil Placement Act — effective June 27 — as a jumping-off point for a new round of appeals. The state might insist that the Negro children seeking admission to the white schools of Arlington submit to the provisions of the new placement act in September. Thus, an entirely new series of appeals in higher and lower courts might be born, while the schools remained segregated. Gov. Almond said in Miami,

Recapture Four Of Criminally Insane

RALEIGH (AP)—Four of five inmates who saved their way to freedom from the State Mental Hospital's ward for the criminally insane last night were recaptured early today. One of the four was 33-year-old Leroy Shadrick, former coal miner who boasted of trying robbery to finance an assassination attempt on former President Harry S. Truman. He was recaptured at Durham by Orange County Sheriff's officers. A. E. Walden, 30, serving a 15-year armed robbery sentence from Mecklenburg, was still at large. He was admitted to the hospital last January. Leroy Riley, 32, of Long Island, N.Y., was recaptured by hospital police. He was headed toward Garner. The others, Bobby Ballance, 21, of Lucama, and Floyd Puckett, 30, of Greensboro, were apprehended by sheriff's officers at Durham. The three captured in Durham fled from a car when two patrolmen drove up, but were quickly nabbed. With them was Nancy Faye Hammock, 18, Raleigh. She was booked in Durham for "investigation of aiding and abetting an escape" but later was released in the custody of her uncle without any formal charges being filed. The escape was discovered at 8:45 p.m. yesterday by an attendant making the rounds. The five convicts had sawed a hole through a steel screen which covers the

The three captured in Durham fled from a car when two patrolmen drove up, but were quickly nabbed. With them was Nancy Faye Hammock, 18, Raleigh. She was booked in Durham for "investigation of aiding and abetting an escape" but later was released in the custody of her uncle without any formal charges being filed. The escape was discovered at 8:45 p.m. yesterday by an attendant making the rounds. The five convicts had sawed a hole through a steel screen which covers the

RALEIGH (AP)—Four of five inmates who saved their way to freedom from the State Mental Hospital's ward for the criminally insane last night were recaptured early today. One of the four was 33-year-old Leroy Shadrick, former coal miner who boasted of trying robbery to finance an assassination attempt on former President Harry S. Truman. He was recaptured at Durham by Orange County Sheriff's officers. A. E. Walden, 30, serving a 15-year armed robbery sentence from Mecklenburg, was still at large. He was admitted to the hospital last January. Leroy Riley, 32, of Long Island, N.Y., was recaptured by hospital police. He was headed toward Garner. The others, Bobby Ballance, 21, of Lucama, and Floyd Puckett, 30, of Greensboro, were apprehended by sheriff's officers at Durham. Church Groups Call For End To Nuclear Testing

RALEIGH (AP)—The Public Affairs and National World Affairs committees of the North Carolina Council of Churches today urged the stopping of nuclear bomb testing by the United States. The two groups, acting jointly, notified President Eisenhower, Secretary of State Dulles and the North Carolina congressional delegation by mail. The committees called on the officials to support a foreign policy aimed at universal, inspection.

Diplomas Will Be Awarded 471 Pitt County Seniors Wednesday And Thursday

Diplomas will be awarded to 471 Pitt County high school seniors in ceremonies planned for Wednesday and Thursday evenings. Five Negro high schools will graduate 173 students Wednesday and nine white schools will graduate 298 students Thursday. Largest classes in the county are at Farmville High School, where 58 students will graduate, and at H.B. Sugg High School, also in Farmville, where 54 students will graduate. Commencement addresses will be delivered by students in at least seven of the schools. Bethel, Grimesland, Winterville, South Ayden, Bethel Union, Robinson Union and H.B. Sugg. The other schools will have outside speakers to deliver the graduation messages. Programs for the graduation exercises include the following: Ayden Dr. Cleveland Bradner, Director of Religious Activities — East Carolina College, will be principal speaker at graduation exercises for 45 Ayden High School seniors. Two members of the class, Valedictorian Brenda Davis and Salutatorian Tommy Edwards, will also speak. Diplomas and scholarship awards will be presented by Prin-

Camp Hardee Ready For Campers

Final plans for Camp Hardee, which is owned and operated by the Pitt County Girl Scout Council, Inc., were announced this morning.

Any girl between the ages of 7-17 is invited to attend one of the three camping periods to be held this summer. Camp dates are: June 15-20, June 29-July 12, and July 19-26.

At this camp, located on the south side of the Pamlico River in Beaufort County 28 miles from Greenville, a host of activities have been planned.

Not only will classes be held in boating, archery, swimming, crafts, campcraft, badge work and outdoor cooking, but special instruction will be given in nature, music and dancing, tennis and

badminton as well.

There are 11 cabins, recreation hall, director's quarters, infirmary and a craft hut which are planned to accommodate the needs for established camping purposes.

Each of the cabins has facilities for six girls. This camp serves the needs of both Brownies and Girl Scouts in Pitt County.

Registration for the camp periods must be made June 15, June 29 and July 13 at the Girl Scout Office, Municipal Building, between 2-5 p.m. Campers will depart between 10 a.m.-12 noon on June 26, July 12 and July 26 for their homes.

Mrs. J. Knott Proctor, Executive Director, announced today that the Camp Hardee staff is complete.

Serving on the staff will be: Mrs. Proctor, director; Mrs. Eleanor Yeiverton, dietitian; Miss Janice Harrison, waterfront director; Mrs. Blanche Cherry, nurse, of Greenville; Miss Sandra Bethune, program director, of Lenoir; and Miss Brenda Barrette, arts-crafts, Farmville.

Unit leaders are: Miss Mary Will Long of Greenville; Miss Patricia Hamer of Lenoir, and Miss Elaine Carrawan of Washington.

Assistant Counselors will be: Miss Nancy Brown, Miss Judy Jolly, Miss Florence Norman, and Miss Camilla Henderson, all of Greenville, and Miss Martha Bland and Miss Mary Lewis of Goldsboro.

Serving as waterfront assistants are: Carey Liveray and Carl Doughtie of Tarboro. Cooks for the summer will be Minnie McDaniel and Gertrude Cherry.

Camp Hardee Day will be observed May 24 when "clean-up day" will be held at the camp.

Pitt County girls donate the proceeds of their annual cookie sale to Camp Hardee and the Pitt County Council contributes to its support.

Dried Arrangements Explained To Elmhurst Garden Club By Speaker

Telling the kinds of flowers and foliage of plants to dry and different methods to use, Mrs. Tom Brown discussed "Dried Arrangements" at the Elmhurst Garden Club meeting last night at the home of Mrs. Durwood Harris.

Mrs. Brown also brought five arrangements to illustrate her talk. One of these was an unusual arrangement made of driftwood and sea shells. Mrs. Dave Fowler introduced the guest speaker.

During the business session plans were made for the next club meeting which will be held at Elm Street Park June 16 at 8 p.m. This

event will be a family picnic.

The president, Mrs. Howard Wilson, gave a report on the Garden Club Convention held in Raleigh April 24. Mrs. Brown and Mrs. Woodrow Flannery were also representatives from the Elmhurst Club at the convention.

Club members voted on and accepted the following new members: Mrs. Carleton Taylor, Mrs. Billy Laughinghouse, Mrs. C. L. Kinlaw, and Mrs. Gene T. Skinner.

Following the meeting and program, the hostess and co-hostess, Mrs. Norman Cameron, served strawberry shortcake and coffee.

30 Years Ago Today

May 20, 1928

Little Elizabeth Louise Park celebrated her birthday yesterday afternoon by giving a party to a number of her young friends. Games were played and refreshments served.

HEALTH—good health—is so precious a commodity that no one has ever dared to put a price-tag on it. Yet millions who could have health and vigor dilly-dally and delay. Consult your doctor now. Let him help you back on the Highway to Health. And, yes, of course, we hope you'll bring his prescriptions to this fine pharmacy for our careful compounding:

Stokes News

Mrs. J. H. Chauncey of Miami, Fla. has returned after spending a few days with her sister-in-law, Mrs. A. L. Woolard.

Mrs. J. M. Cutchin, III, has returned to her home in Whitakers, after spending the weekend with her mother, Mrs. J. L. Perkins.

Miss Patay James and Mr. and Mrs. Jack Garcia visited Milton Spain and Mrs. Julia Marshburn in Richlands over the weekend.

Mrs. H. D. Gurganus and her daughter, Mrs. Paul Tyndall, of Swansboro visited Mrs. Howard McDustrell in Wilson during the weekend.

Local Club Wins

RALEIGH—Credit Women annually make an award to the club best carrying out the current president's theme in their year's club work. Chosen from among the 25 clubs in the state to accept this year's award Monday was the Greenville club.

The theme was "Keys to Unity"—a demand for more unity among members in club projects.

Native Named To State Office

MRS. WENDEL JORDAN . . . the former Miss Clara Crumpler of Greenville and daughter of Mr. and Mrs. Cadmus Capehart of this city, was recently installed as president and director of the Junior Women's Clubs in Georgia. Mrs. Jordan has been the recipient of a number of awards and has been active in a number of civic and community projects and drives in Waycross, Ga., serving many as president.

Social Notes

Mrs. Jasper Stanley's sisters and brother-in-law, Miss Lavina Prather and Mr. and Mrs. Bill Hagler of Charlotte, spent the weekend with Mr. and Mrs. Stanley.

Mr. and Mrs. Milton White have left for Norfolk, Va. and Virginia Beach where they will spend two weeks.

Meetings . . .

To Install Officers
On Wednesday night at 8 o'clock at the Woman's Club the Junior Woman's Club will install incoming officers and announce the Junior Woman's Club Member of the Year.

League Annual Business Meet
The Greenville Service League's annual business meeting will be held Wednesday at 11:30 a.m., instead of 11 a.m. At this meeting reports for the year will be given.

Local Girl Joins Nat'l Fraternity

DURHAM—The weekend of May 9-11 the new Epsilon Gamma chapter of Kappa Kappa Gamma Fraternity at the University of North Carolina held its first pledge weekend.

This weekend, the first of what in the future will be annual events, was highlighted by a formal dance May 9 in the Crystal Room of the Washington-Duke Hotel. At this time the 24 pledges, who are the colonizing members of Kappa Kappa Gamma at UNC, were formally presented. Among those presented was Miss Sylvia Meade Bonner, daughter of Mr. and Mrs. W. S. Bonner, 109 S. Eastern St., Greenville. Each girl wore a long, white formal gown and carried fleur-de-lis, the fraternity flower.

The weekend also consisted of an informal party Saturday night and an all-day outing for the girls and their dates Sunday at Buggs Island in southeastern Virginia.

Nat'l Theme Used In Pilot Program

Last evening the Pilot Club members were entertained at the home of Mrs. W. W. Howell, president of the club. Mrs. James Malory, immediate past president, was joint hostess at the dinner-program meeting.

The hostesses also presented the program in keeping with the Pilot International theme for 1958-1959, "Understanding—Our Hope For The Future."

Recent Bride Honored Guest

ROBERSONVILLE—When Mrs. Kenneth Eads, the former Miss Shirley Roebuck, was honored at a miscellaneous shower Saturday night, the home of Mrs. W. K. Roebuck on Green Street was decorated throughout with spring flowers interspersed with greenery.

The hostesses for this occasion were: Mrs. Furney James, Mrs. Russell Mizelle, Mrs. J. R. Crandall and Miss Janie Edmondson.

The guests were greeted at the door by Mrs. James and the recent bride and directed to the register where Miss Millie Roebuck presided.

As the gifts were received they were unwrapped and displayed on five card tables covered with white cloths centered with floral arrangements. Mrs. Eads was presented a red rosebud corsage to complement her blue silk dress.

Mrs. Mizelle invited guests to the dining room. The table from which Mrs. Crandall poured the fruit punch was spread with lace. The centerpiece was a bowl of crimson roses flanked by candelabras holding lighted tapers.

Ribbon sandwiches, potato chips, cucumber sandwiches, cookies, mints and salted pecans were served buffet style.

Mrs. Edmondson said the good-byes to the 30 callers.

Choir To Give Program

The Carol Choir of the Memorial Baptist Church will present a program of sacred music Wednesday at 8 p.m. in the Fellowship Hall of the church.

This choir is made up of boys and girls 9-12 years of age and is under the leadership of Mrs. Claude S. Kidd.

The program will consist of music the boys and girls of this choir have learned since they were organized in September 1957.

Included in the program will be "I Will Praise Thee, O God" by Carr, "We Thank Thee" by Licht with Betty Lee Carr, soloist, "O Savior Sweet" by Bach, "Pray Without Ceasing" by Keegan, a folk melody, "Learn of God's Love," "But the Lord is Mindful of His Own" by Mendelssohn and

Mrs. Little Is Hostess To Club

The End of the Century Book Club met for lunch Tuesday at the home of Mrs. James T. Little.

The house was decorated with spring flowers in shades of pink and rose. The luncheon was served at flower laden auxiliary tables to members and guests.

Following lunch Mrs. Little turned the meeting over to Mrs. M. K. Blount who presided over a short business meeting that brought to a close the year's business.

Guests for the afternoon were Mrs. Sallie Cotton Wiggins and Mrs. Elba Cotten Wesson.

Ceremony Unites Mizelle-Crawford

ROBERSONVILLE—Miss Peggy Jean Crawford and David Harper Mizelle Jr. were married in Williamston on May 1 with the Rev. J. Spencer Arnold, minister of the Macedonia Christian Church, officiating.

The bride is the daughter of Mrs. R. C. Crawford of Robersonville and the late Ronald Crawford. The bridegroom is the son of Mr. and Mrs. Mizelle of Plymouth.

Mrs. Mizelle graduated from the Robersonville High School and attended East Carolina College.

The couple will make their home in Norfolk, Va.

Mom Acts As Labor Arbiter

By DOROTHY V. WHIPPLE, M.D.
CHRIS AND TED were cutting the lawn. The day was hot, the lawn was big and the boys were not very old. Ted was Chris' best friend and he was spending a month with him. Cutting the lawn was paid work for the boys.

"What do you mean strike?" asked Chris.
"I mean let's make a labor union and tell your Mom the wages are too low. No work unless more pay."
"Okay, but suppose she does pay us more. Then we'd have to do it," said Ted.
"Yes, I thought of that," said

Ted. "but if she did we could buy some night crawlers and we would not have to hunt them or even have to dig worms for bait."
"All right, then maybe we could go fishing after this."
Two hot, flushed little boys trudged up to the porch where Mom was.

"Tired, boys?" asked Mom.
"There is a pitcher of lemonade waiting for you in the refrigerator."
On Strike
"You tell her," said Chris. "I'll get the lemonade. Shall I bring you a glass, Mom?"
"Thanks, Chris, please do. What do you have to tell me Ted?"
"Chris and I have made a labor union and now we are on strike," said Ted.

"Oh," said Mom, as she tried to suppress her amusement.
"Yes," said Chris, now back with lemonade. "It's too hot to work for 50 cents an hour and besides the lawn's too big anyhow."
"What do you want?"
"We want 60 cents an hour," said Ted.

"Then we can buy our bait and we won't have to spend all the rest of the day hunting it," added Chris.

"Well, boys, I think that proposition is pretty reasonable. Let's draw up a contract," said Mom.
"What's that?" said Ted a bit suspiciously.

"When a labor union makes a deal with an employer they put it down in writing. Go get a pencil and paper, Chris."

"Want to write it, Ted?"
"What'll I write?"
"Let's begin Agreement between Chris-Ted Lawn Cutting Union and Mom-Underwood."
Ted wrote it down.
Lawn to be kept properly cut for the rest of the summer, the union taking full responsibility for deciding when and how often the job needs doing. Wages to be 60 cents an hour per employe payable at the end of each week.

ABOUT FREEZER FOODS
Do not refreeze thawed foods. After they are cooked, however, they may be returned to the freezer.

New Knitted Beachwear A Natural For Knitters

CHEMISE CROPPER—This brief cropped jacket may be worn over shorts or skirt and is a breeze to knit at home. Wide boat neckline and side buttons are new style notes.

By DOROTHY ROE
Associated Press Women's Editor

Knitted swim suits are top news on fashionable beaches this summer. And if they are hand-knit, they're even more distinguished. Women who are handy with their knitting needles can turn out a wardrobe of swim suits and sweaters for summer sun-and-surf wear that will put them in the swim of fashion. Some of the new beach and sports designs are simple to knit at home.

If you knit your own swim suit, make it to fit snugly, and wear it over a brief rubber panty girdle and a strapless bra, for figure control.

Free directions for making the knitted fashions pictured here may be obtained by sending stamped, self-addressed envelope to: National Hand Knitting Yarn Assn., Room 1806, 15 East 26th Street, New York, N. Y.

SWIM SUIT—The last word in summer surf styles is this bold striped knit suit and matching shoulder cape which doubles as a brief skirt. Knit in sock and sweater yarn, it uses two contrasting colors.

MIDDY CARDIGAN—The new look in sweaters is loose and bulky. This sailor-collar cardigan is right for wear with shorts or skirts, is done in navy with red and white trim in stockinette stitch.

Most Important Crop Of The Year

Pitt County harvests another crop this week and next . . . A crop more important than all the tobacco all the corn, all of the cotton the county could possibly raise.

Pitt harvests another crop of high school graduates.

Approximately 625 high school seniors from all parts of the county will walk across the stage of their schools to receive high school diplomas which represent 12 years of work by each of the graduates.

But that 12 years is only a fraction of what diplomas represent.

They represent thousands upon thousands of dollars in tax money which provide the schools and teachers that enabled the young graduates to obtain an education. They represent years of labor by parents of the children in order that they may finish high school. They represent countless sacrifices by countless individuals who have assured that today's crop of graduating seniors could receive a free education in a free society.

More than that, the diplomas represent the hope of Pitt County for the future. The youngsters who receive the diplomas this week and next will be the leaders of this county in years to come. Some will go on to college and later return to take up jobs on the farms, in businesses, in industries and in the schools of Pitt County. Others will hang up their spanking new high school diplomas and take their places in the next few months on the farms and in jobs throughout the county.

For some of this year's high school seniors, graduation will bring an end to their close association with this county. They will move to other areas, perhaps other states, in quest of better opportunities than they see at home. Their success or failure will in a large measure depend upon the training they have received during their years in the public schools.

All of the graduates will assume in time responsibilities as adult citizens in their communities. In time they will be looked to for leadership in every phase of community life. Upon their shoulders will rest the burden of the destiny of our communities.

In every locale graduation time represents a moment of culmination of years of effort, and the beginning of a new era.

It is a moment in which a community harvests another of its most precious crops . . . its high school graduates.

Well-Deserved Honor For Unselfish Service

Recognition by the North Carolina Junior Chamber of Commerce of the community service rendered during the past year by one of Greenville's young men is an honor of which the entire city can be proud.

It is an honor richly deserved by the recipient and one which bespeaks unselfish community service far beyond the call of individual responsibility.

At their annual convention in Raleigh, the North Carolina Jaycees honored W. M. (Booger) Scales, Jr., of Greenville by selecting him the young man in North Carolina who contributed most during 1957 to the betterment of his community.

The honor which Scales received is the highest award the North Carolina Junior of Commerce presents to an individual. The recipient of the award is selected annually by a special committee which reviews the contributions to community improvement made during the year by those men who have received Distinguished Service Awards presented by local Jaycee organizations throughout the state.

The numerous and varied civic activities which brought Scales the award touched almost every phase of community life in Greenville. His contribution toward the improvement of this community is one for which local citizens are grateful.

Designation as North Carolina's Community Man of the Year is an honor richly deserved by Greenville's W. M. Scales, Jr.

Dictators Get Same Handling

WASHINGTON (AP) — The cold war against Communist dictatorship of the left makes strange bedfellows for the United States, which preaches democracy but does business with dictatorships of the right.

This is one of the great American dilemmas at mid-century. The immediate effect may be too limit the spread of communism. The long-range effect can be had. For example: in Latin America which has thrown out seven strongmen since 1955 and has three left. The effect can be had elsewhere too.

This is why Vice President Nixon — home after being stoned and spat upon in Latin America — has reportedly decided to recommend this kind of American policy in the future.

To be stiff and formal in dealing with Latin American strongmen but friendly with democratic regimes. In the meantime this country has close ties with dictatorships abroad. For example: it does business with the Spanish dictator, Francisco Franco, because it wants to keep American bases in Spain.

The United States, anxious to keep the Middle East oil lines open, only last year gave a warm reception to the King of Saudi Arabia, who gathers in all the American money he can for his family. Little trickles down to his people.

Nixon received his worst and most violent treatment in Venezuela. Only last January that nation threw out its dictator, Gen. Marcos Perez Jimenez, who then was given asylum in the United States.

In 1953 Milton Eisenhower, the President's brother, made a Latin-American good will tour similar to Nixon's this year. When

he reached Venezuela he announced he was carrying a personal message to Jimenez from President Eisenhower.

That same year in Colombia the U. S. Embassy gave a banquet honoring Milton Eisenhower and the Colombian strongman, President Gustavo Rojas Pinilla. Pinilla was thrown out in 1957.

That same year in Peru Eisenhower and President Manuel A. Odría, military dictator, toasted each other in champagne. Odría was thrown out later.

Here are other Latin-American countries which have rid themselves of strongmen since 1955: Argentina (Juan D. Peron); Haiti (President Paul E. Magloire); Honduras (Julio Lozano Diaz); Nicaragua (President Anastasio Somoza, assassinated).

But the strongmen are still going strong in Cuba (President Fulgencio Batista); in Paraguay (President Alfredo Stroessner, military dictator) and the Dominican Republic (Rafael Trujillo).

In the meantime the Communists — blithely ignoring the fact that their regime any place they establish it is a dictatorship — make propaganda against this country for its footsie-playing with dictatorships of the right.

But the American problem goes even deeper. For example, in its desire to keep France in the Western fold it has had to watch the colonial-minded French unsuccessfully try to hold Indochina.

And this country, advocate of democracy and by the very nature of colonialism, has had to sit on the fence while the French sought to crush the revolt of the Algerian natives.

Yet this Algerian effort has now brought France — because of the internal pressures — to the edge of chaos today.

Why? You must often have pondered, as most men have, about the utterly unprecedented and wonderful age in which we are living. Right at this moment, the air waves are full of pictures and messages. Millions are, or within a few hours will be, tuning in on radio and television programs.

Yet the air waves have been here since the first moment of creation. We are just learning at present how to utilize them.

But much more significant than the air waves are other realities by which we are surrounded and which were undoubtedly old when the air waves were created. We refer to those vast spiritual forces which men of faith have always believed pervade the whole of the created universe. What do we mean by spiritual forces? Heaven, the heavenly host, the hierarchy of angels, the Holy Spirit, the Son — God Himself. These eternal verities have always been here. Religious faith is the power by which we turn in on them. Faith and worship are the devices at our hand.

We avail ourselves of radio and television. Why do we neglect the God-given means by which we may come in contact with realities greater than anything sent out over the air? Why?

Things One Recalls

By HAL BOYLE
NEW YORK (AP) — Things do change — for better or worse.

Do you remember when: All underwear was colored red?

The only time you got orange juice was when you needed castor oil?

A kid's idea of being daring was simply to ride a bike without holding on to the handlebars?

People could hardly wait until they were 60 so the Townsend Plan could enable them to lead a richer, fuller life?

The hair net manufacturers were mad at Irene Castle because she got America's gals to bob their locks?

One of your favorite heroes was the friendly guy who pedaled by the willight and lit the gas street lights in your block?

Bobby Feller was the school-boy sensation of the American League?

California was a mystery land to anyone who lived in the East because it took 3½ days by train to get there?

Any child that had to be pushed in a baby buggy after its second birthday was regarded as mentally retarded?

More people were killed by fireworks on July 4 than by motor cars?

A kid actually would bring an apple to his teacher because he loved her?

You could break an arm or lose your front teeth cranking up an auto?

You air-conditioned a room by opening the window?

Anyone had a legal right to smash a hard straw hat being worn after Sept. 15?

Nobody had heard of a Volkswagen, but Mayor Jimmy Walkers roamed the town in a Duesenberg?

The big excitement of a boy's day was being allowed to hitch a ride on the ice wagon and toss off chips to the other kids?

Everyone hurried home before 7 o'clock so they wouldn't miss Amos and Andy?

You bought milk at the corner grocery store by the dipper instead of the carton?

Miniature golf was a national epidemic?

People who didn't know their own pedigree didn't insist that the family dog prove his?

Everyone ran to the window when an airplane went by?

The big thrill in dating a girl was taking her to a midnight movie on Saturday night?

Nobody wanted the car on Sunday afternoon because that's when everybody in the house took a nap after dinner?

No toothpaste contained a single new miracle ingredient?

The dad who bought his son a double-dip ice cream cone was regarded as the neighborhood showoff?

You were still young enough to believe the stories your uncle told you about how he whipped the Kaiser single-handed?

The whole family gathered around the piano and sang "Annie Laurie" and "The End of a Perfect Day"?

You had to bring your own popcorn to the movie? And every Saturday afternoon Ruth Roland, the serial queen, was left dangling from a cliff?

All it took to win a reputation as a Casanova was to be the first at a party to suggest, "Let's play pool office"?

If a child broke into the conversations of grownups at the dinner table, there was a shocked pause?

The world held no greater ecstasy than chasing fire flies and putting them in a glass jar on a warm summer night?

By ELMER ROESSNER
There's something new in food retailing.

It's the "bantam super." For years supermarkets have been growing bigger, carrying more items and boasting larger parking lots.

Two thousand new supermarkets will be opened this year, according to trade estimates. But the super-expansion of supermarkets may be slowing down.

For one reason, good supermarket locations are becoming scarcer and more costly. For another, the decline in housing starts means fewer new communities to support giant markets. For a third reason, financing is harder to find. And for still another reason, the cost of equipping and operating super-spreads has become so high that fewer merchandisers are willing to take the risk. An operator today must drop a million dollars into the supermarket slot

'Latin' From Moscow

By DON SCHLIENZ

destined for junk pile

a word to the wise: If you too have been collecting and saving your favorite records for another day, to be played before admiring guests and wide-eyed youngsters . . . don't bother.

don't bother, that is, if recording companies haven't done something in recent years to give their platters a greater degree of permanence than before.

It isn't just the passage of time that wrecks records, changes of temperature and humidity are a part of the story, so, odds are that if you have a ten-year-old recording tucked away in the cabinet of your phonograph, it isn't much good anymore.

This writer recalls even at the thought of estimating how many hard-earned dollars went into his collection of records he dreamed of showing off to a generation unfamiliar with artie shaw, bennie goodman, bing crosby, and similar stylists.

there is also a few albums from Broadway hits, a symphony, excerpts from some concertos, music with a latin beat and some from the land of cowboys and hawaiian music, songs that briefly caught the popular fan-

(Henderson Dispatch)

From Moscow comes the word that the Soviets have sent up another sputnik. This one reportedly is a ton and a half in weight, and is a long cone-shaped space device.

Two satellites have been thrust aloft by the United States. They are supposedly still flying around the earth at the rate of some eighteen thousand miles an hour and one of them may remain aloft for years, according to scientific opinion.

The great contrast in Soviet successes and ours, however, is in the size of these missiles. If they can be called that. Ours are only a few pounds, whereas this latest Russian triumph is with a device weighing around three thousand pounds. If reports are correct, what the advantage is in size and weight is a thing for the scientists to determine. Of one thing there can be reasonable certainty, however, and that is that the Russians have discovered some sort of force that can hurl vastly larger masses of metal and instruments into outer space than any that have been fashioned here.

One hears talk that the Cape Canaveral experiment base has something in the works that will rival this newest Soviet satellite. We are still far behind them in what has been accomplished thus far or what may be in the immediate future, unless something is ready for use which has not been revealed in detail.

The value in these experiments is that we are still learning. The world's two greatest powers are sharing information in this pioneering effort. Why this is so is not so important as the necessity for catching up and then holding our own or forging ahead. So long as the Communists are able to maintain supremacy we cannot hope to be more than a second-rate power in this area of scientific venture. Unfortunately, they seem to have discovered a formula for which we are still groping, with no concrete assurance of early success. That hurts us in the eyes of the rest of the world.

well, live and learn.

they're just too doggone plentiful.

after having once composed a lament for the passing of the pipe and pipe tobacco, it's hard to eat those words only a few months later.

but before me are some figures from the pipe and tobacco council showing that "the boom in pipe smoking is more than a pipe dream."

It says here that smoking tobacco sales for the first three months of 1958 are up 11.23 per cent over the like period a year ago, and march production ran 27.73 per cent ahead of march 1957.

things like that brighten my day.

to think I once feared pipes would become museum pieces and curing pipe tobacco a lost art.

Opinions In Brief

"Still, the soaring cost of medical and hospital care is a vastly disturbing aspect of our American economic picture. Medical care is not a luxury to take or leave; it is a necessity for rich and poor alike." — Greensboro News.

"The fact is that among nations as among men, the soft touch may be quite popular with those who have their hands out, but he isn't very much respected." — Wall St. Journal.

"By making the price of aggression prohibitively high, and the penalty swift and sure, NATO is doing its vital job effectively, and in fulfillment of the high hopes of mankind." — Los Angeles Examiner.

"If taxation can be used as a weapon to prevent the airing of the views of any business or group, we can write freedom off as a dead duck in this country." — Industrial News Review.

The 'Bantam Super' In Retailing

before he can pull the handle — and even then he may get three lemons.

THE BANTY ANSWER However, the bantam super may provide new opportunities, and, at the same time, permit a continuous expansion of the food industry.

Bantams are not to be confused with superettes, which are usually regular grocery stores converted to self-service. Bantams are carefully engineered, smaller markets designed for maximum economy.

At least four chains are now experimenting with bantam superettes. "Progressive Grocer" reports. Results so far have been encouraging.

A typical experiment store in Brooklyn has five-foot aisles instead of the six-foot aisles usual in supermarkets. Shopping carts have been narrowed from 24 to 18 inches. Shelves are not so deep but are slightly higher.

Produce, dairy and meat cases are four-decked, displaying more stock in less space. Most meats and vegetables are prepackaged. The most modern equipment is used for faster checkouts.

There may not be smoked oysters or canned snake meat, but there are plenty of the kind of staples that go into the typical shopping cart.

Customers may not have a choice among three brands of canned tomatoes or between two brands of baked beans. With smaller shelf space, there will be room for only one best buy of each.

As Progressive Grocer points out, there are deep implications for manufacturers. Bantam superettes can afford to be interested in only fast-moving lines. They

will need adequate markups and cannot afford to experiment with specialties and oddities, no matter how good the margins.

They can afford to be interested in only products that command consumer interest, and which are backed by substantial advertising. Bantams will insist on maximum assistance from salesmen and detail men.

And while these smaller stores cannot stock as many items as other stores, they have advantages for shoppers. They are not confused by the great number of items or are they slowed down by the necessity of making choices among many brands. They can complete their shopping in minimum time.

SO, PROBABLY, HAS THE TOP OF HIS HEAD

Betty Lane Knows How To Sacrifice

By ANNE SINGLETON
Reflector Woman's Editor

An accomplished singer, organist, dancer, and pianist, Betty Lane Evans has learned the meaning of the word "sacrifice."

In order to further her future musical career, this brown-haired beauty has often had to practice or attend lessons instead of spending after-school hours in the local drug stores or at teen gatherings.

But, her sacrifice is one she enjoys. Music (all phases of it) is at the top of her list of interests and it was through her vocal rendition of the popular song "Make Believe" that she won over the other nine beauty contestants in the talent division of the local Miss Greenville pageant.

An unusually poised 18-year-old girl with peaches-and-cream complexion, Betty Lane walked away with the beauty division of the contest, too, and received the biggest thrill of her life when she was crowned "Miss Greenville, 1938."

Introduced To Piano Early

The day Betty Lane entered the first grade she began taking piano lessons which she studied along with dancing, organ, dramatics, and speech through the years.

It is only during the past year that this versatile senior at Junius H. Rose High School began developing her voice through lessons, although she has been a member of the high school glee club for four years and has appeared in floor shows at a host of school dances and social events.

Every Sunday morning she serves as organist at the Red Oak Christian Church. Also, as a result of her seven years of dancing lessons she is now an accomplished ballet, toe, and tap dancer and acrobat.

Finds Time For Dates, Hobbies, Too

But music does not occupy all of this popular girl's time. Escorted by Lawrence Perkins, her steady boyfriend, she enjoys attending school functions, dressed preferably in green, which is her favorite color.

An amateur decorator, Betty Lane spends many hours surrounded by her doll and stuffed animal collection in her bedroom while she adds souvenirs and remembrances to a gigantic bulletin board placed on the bedroom wall.

But, in her hurried schedule of school, lessons, dating, studying, and majorette practice, she often finds time to pause and spend quiet afternoons walking with her father, Amos Evans, in the woods that surrounds their home on Hooker Road.

"Many of the students like to tease me about being a country girl," said Betty Lane with a quick laugh. But, she believes her home in the country and her contacts and school life in the city have been a pleasant, interesting combination.

Winning Contest Not New To Her
Although winning the local beauty title was a very big event in her life, it is not a new experience. Students at Rose High named her "Best Looking" as a Senior Superlative and she also is reigning as "Homecoming Queen" for 1937-38 at the high school.

Her first contact with a beauty contest can be traced back to when she was three years old.

It was at this age that she was selected to serve as crown bearer for the Pitt County Health King and Queen and also as mascot for Winterville High School.

Not too long ago Betty Lane received another honor when she was named district Solo Singing winner in a contest held in Greenville. She selected for this contest an Art Song which she sang in German and English. She later went to Raleigh and competed at the state contest.

While in high school she was also awarded the Curved Bar Girl Scout award and has been an active member of the National Forensic League.

Looking Forward To First Flight
Admitting that she is still floating on a cloud after being crowned at the local pageant, Betty Lane is now looking forward to the all-expense paid three-day trip to Miami.

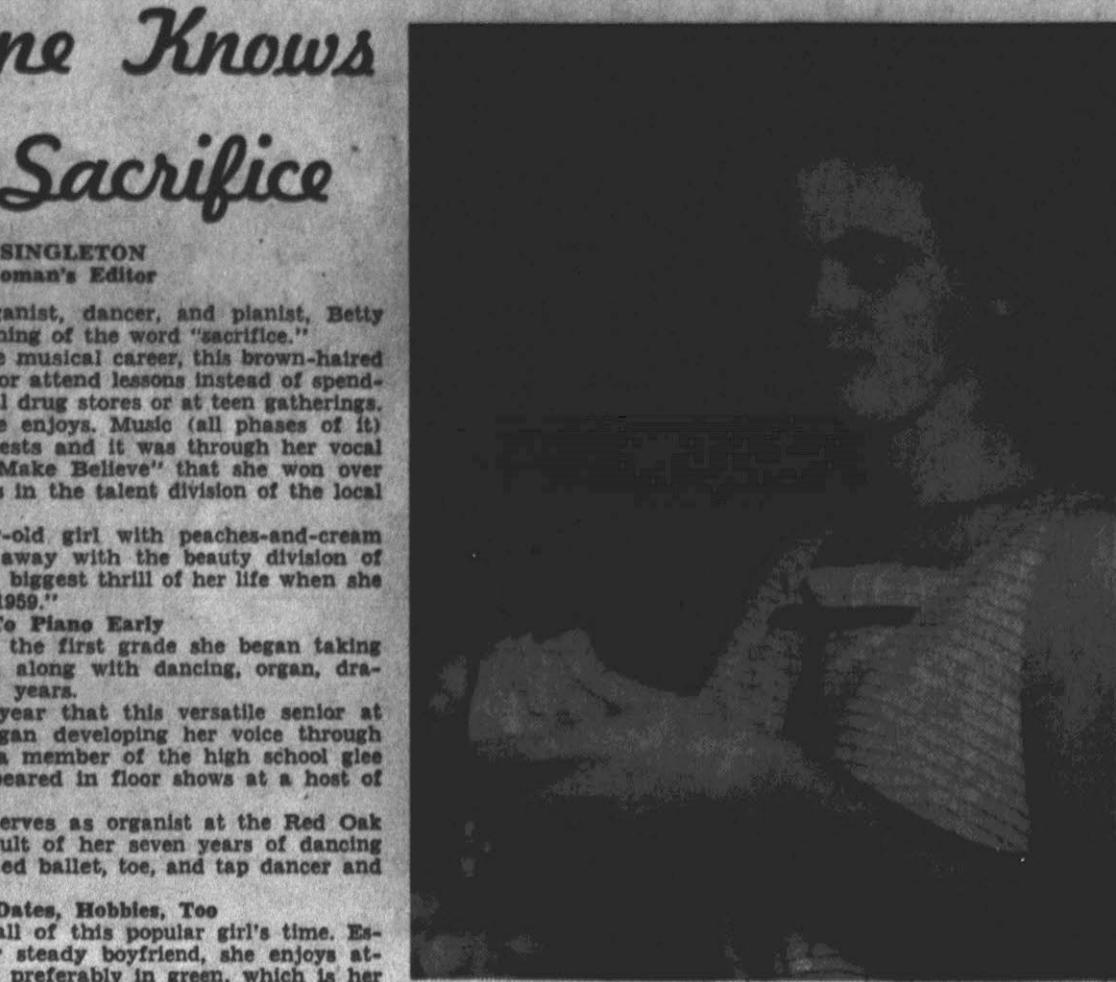

"I've never ridden on a plane before, and I'm really looking forward to the trip," she exclaimed with brown eyes sparkling. She will be accompanied by her mother.

Tentative plans for the trip call for them to leave Greenville June 5. "I just want to get a good sun tan, swim, and have a good time," she reflected.

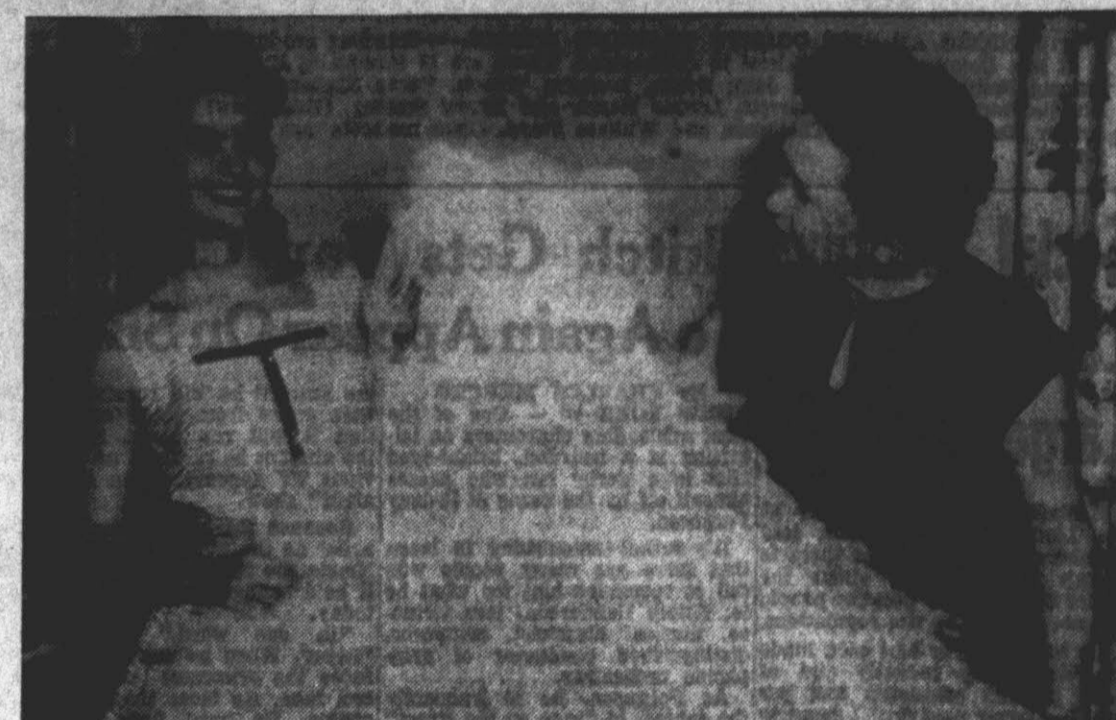

Following the exciting Miami visit, she will begin preparing for the state beauty pageant which will be held in Charlotte July 17-19.

"I feel it will be an honor to represent Greenville at the state beauty pageant," noted Betty Lane who is still pondering whether she will appear at the state contest wearing a red or white bathing suit.

It is definite that she will sing a popular song for the talent division. "Everything has been just wonderful," she sighed. In September, this attractive, talented girl will enter East Carolina College with plans to major in music and minor in dramatics.

WHIPPING UP SALADS . . . is one of Betty Lane Evans' many hobbies.

Van Cliburn Given Big Reception In New York

NEW YORK (AP) — A lanky blond Texan who plays the piano was a hero in his own country last night.

All but two of the 2,840 persons who jammed Carnegie Hall welcomed home Van Cliburn with a tumultuous ovation.

At the intermission that followed the first of his two offerings, Cliburn was able to report backstage, as he changed his sweat-soaked shirt, that the feeling was mutual.

"I'm so happy to be home again," he said.

Today the city gives the 23-year-old Texan a ticker-tape parade.

The two who did not join in the applause at the recital last night were Harvey Lavan Cliburn Sr. and his wife, the former Rildia Bee O'Bryan. They seemed transfixed with the reception their son had received.

This was the first time Cliburn was heard here since he won the international Tchaikovsky contest in Moscow a month ago and became somewhat of an international good will ambassador.

W. G. Rogers, Associated Press arts editor, wrote in his review of Cliburn's recital: "He had a spectacular technique, and an impressive tone and body that will grow to match it."

Paul Henry Lang wrote in the New York Herald-Tribune: "The sum total of Mr. Cliburn's performance leaves one with the feeling that he is undoubtedly a pianist with extraordinary talent and genuine attachment to his art."

Moth Escaped, Husband Didn't

SOUTH AMBOY, N.J. (AP) — Mrs. Roman Fernecz tried to bag a moth with a hammer. A few minutes later she called police and announced: "I don't think my husband is breathing."

Officers found the husband out cold on the floor. The woman explained that she had tried to swat the moth but had connected instead with her husband's finger.

Fernecz was revived and treated for the bruised finger at a hospital.

The moth is still at large.

FALSE TEETH That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little PASTERETH, the alkaline (non-acid) powder, on your plates. Hold false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get PASTERETH at any drug counter.

Reshuffling For Atlantic Fleet

NORFOLK, Va. (AP) — Unsettled conditions in the Mediterranean have caused the Atlantic Fleet to reshuffle some of its combat units so they will be ready for immediate redeployment if necessary.

The Navy said in an official statement that the regrouping is intended "to improve our defense capabilities during the present unsettled period."

It gave no elaboration but unofficial sources said the regrouping will increase the fleet's mobility and readiness for deployment if tensions in the Middle East make it necessary to reinforce the 6th Fleet.

Certain fleet units have been placed on a four-day standby alert basis, it was learned.

SENIORS AT PITT COUNTY TRAINING SCHOOL.—Smallest graduating class among the county's five Negro high schools is at Pitt County Training School in Grimesland. There are 19 seniors in the class, including (first row, left to right) Falice Boyd, Jimmie Smith, Alice Harris, John Evans, Barbara Wilson, Verna Highsmith and Carrie Boyd; (second row) Bea Pitts, Estella Cox, Charlie Barnes, Christine Barrett, Lonnie Harris and Edrow Smith; (third row) Dorothy Wilson, Walter Boyd, Linwood Leary, Arthur Harris, Galloway Thompson and William Floyd. Class mascots are Wayne Edwards and Barbara Ebron. (Reflector Staff Photo)

Social Security Skitch Gets Van Cliburn Law Said To Be Largely Ignored

Kenneth Whichard, speaker at the Lions Club last night, told members of the club that there is "cause for concern" about the Social Security law because people are not abiding by the regulations.

He said a survey had been made in Pitt county recently and of 3,215 persons contacted 88.9 per cent has never paid Social Security taxes. Whichard pointed out that if a person earns as much as \$52 in any 13 week period during a year he is required to pay Social Security. If the tax is not paid at the time the wages are earned, then, at a later date, the employer becomes responsible for payment. This may require not only the tax at that time, but also a penalty and interest, he said, and it could go back as far as 1951, when the law became effective.

Most of the cases where persons have failed to pay the tax have come to light when an employee has applied for benefits under the law.

Whichard warned club members that "failure to comply with the law may be quite costly" and he urged them to "get your house in order."

The following slate of officers was approved by the club. Election will be next Monday.

President, John Biggs; 1st vice president, Dick Worsley; 2nd vice president, Harry Allen; 3rd vice president, A. A. Hines; secretary-treasurer, Frank Dal; assistant secretary-treasurer, Clarence Tugwell; Lion tamer, Clarke Stokes; tail twister, Charles Marston.

Board of directors: Frank Brown Jr. and Norwin Pierce.

Skitch Gets Van Cliburn To Again Appear On Show

By CHARLES MERCER

NEW YORK (AP) — One of the most misleading characters on television is a bearded, bright-eyed idiot in a derby hat who passes himself off by the name of Sydney Ferguson.

It's rather astonishing to learn that there are many people who fail to recognize him for what he is: Skitch Henderson, jazz virtuoso, musical classicist, composer, distinguished conductor of symphonic orchestras.

As Ferguson, he is frequently the subject of "man on the street" interviews on the Steve Allen Show. As Henderson, his life is infinitely wiser, richer and more worthwhile.

Ferguson doubtless never heard of Van Cliburn, the young American pianist who recently won the Tchaikovsky competition in Moscow. But Henderson knows him well, has encouraged him in his career. As musical director of the Allen Show, he phoned him in Moscow after he won the competition and said, in effect, how about appearing on the program when he returned home?

"There was a moment of silence that might have been caused by a bad connection, but probably wasn't," Henderson recalled the other day. "Then Cliburn was a little merry at the expense we paid him on the old 'Tonight' show. In those days when we didn't have any budget to speak of and Cliburn was a most promising student Steve and I paid him 75 bucks to appear. I also believe I took him to dinner."

To come right out with it, Cliburn will appear on the Allen Show Sunday and play the last movement of Tchaikowsky's famed Piano Concerto. Henderson's bearded lips are sealed on the amount he will receive, but a wise guess from trade sources is that it will run about 100 times the amount he received on his previous TV appearance on the "Tonight" show.

Because there's as much of the artist as the popular performer in Henderson it's natural to ask him if he'd change places with Cliburn today.

"In one word," he replied, "never. When he comes home he faces the grimmest test any man can face. He faces the New York critics. He must have good reviews in New York. His greatest ally in the contest for musical longevity is his youth."

The population of the United States (including Armed Forces overseas) is 172,830,000.

No Longer Need 4 College Years To Attain Wings

RALEIGH — The Marine Corps Officer Procurement Office has announced college men who have completed two years are now eligible to apply for the Marine Aviation Cadet Program and become Marine Aviator with the bars of a Second Lieutenant.

In the past all Marine pilots have been required to complete four years of college prior to being assigned to flight training. It is no longer necessary.

Under the new program, cadets will receive 15 to 18 months of pre-flight, basic flight and advanced flight training.

Interested college men may contact the nearest Marine Corps Unit or write "United States Marine Corps, Raleigh, N.C." for complete information and details.

Dad Caught Him, Offers Regrets

SUN VALLEY Calif. (AP) — A week after someone stole the hubcaps from Mrs. Rosalie M. Sparacino's car she found them in her yard—with this note: "My dad caught me damn it. So here are your hubcaps. Sorry I inconvenienced you."

It was signed: "Midnight Auto Supply Sun Valley."

FURNISH THEIR OWN

DETROIT (AP) — Wayne State University now is requiring first-year medical students to furnish their own skeletons. Prices range from \$70 for a "low quality second grade" skeleton to \$375 for a premium grade skeleton.

After Two Decades, New Cemetery Is Still Unused

WALPOLE ST. ANDREW, England (AP) — For two long decades Walter Hammond, gravedigger and custodian of the New Cemetery, has been waiting patiently for his first customer.

The cemetery was laid out in this Cambridgeshire village (population now 907) in 1928. There seemed to be a need. For years residents had been getting themselves buried in the jam-packed churchyards of neighboring parishes.

The Rural Council erected a fancy fence with wrought iron gates around the acre of ground, put Walter in to run the show, and sat back to await business. They, and Walter, are still waiting.

Each day Walter tramps the lonely road to his cemetery, opens the wrought iron gates, and does a little caretaking. On the side he grows a truck garden in the spaces where the graves ought to be.

In desperation the Council advertised in the newspapers last February that new cemetery "is now available for burials." No response.

"Maybe," said Council Clerk Ronald Dixon, "people insist on being buried where their parents and grandparents are buried. We have done all we can. It's a lovely little cemetery."

Walter, sadly weeding his onions, radishes and lettuce, said he sometimes despairs of ever making a start on his life's work.

"You know," he said, "I think once one person is buried here others will follow."

"The trouble is, nobody seems to want to be first."

SMALL FRY—Neely James, of the Recreation Department, is working with approximately 120 boys between the ages of eight and 12 to form the Small Fry baseball league this summer. All boys between those ages who wish to play ball may attend practices at Elm Street Park. Games are being lined up and James says, "Any youngster who comes out will play." Above are some scenes from yesterday's workouts. (Reflector Sports Photos by Billy Arnold)

Yank Road Trip May Be Answer To Prayers

By THE ASSOCIATED PRESS
If the rest of the American League is going to escape complete demolition by the marauding New York Yankees, now is the time to do something about it... while the league leaders are in the West.
None of the Eastern teams could cope with the Bronx Bombers, who built up a record 6 1/2-game first-month lead. Eastern teams contributed to 17 of their victories and only four of their defeats. The Yanks have won six straight for a 19-5 record.
Their getaway is the fastest in American League history. Not the 19-5 figure, but the 6 1/2-game lead. The 1946 Boston Red Sox won 21 of their first 24 but the Yankees that year hung on with them, and the gap was 5 1/2 lengths after the first two dozen games.
There was no American League action yesterday.
A couple of exhibition games were played with National League teams. The San Francisco Giants drubbed the Chicago White Sox 10-1 and the Philadelphia Phillies nipped the Washington Senators 7-6.
The Yankees' first Western stop is in Chicago, the league's biggest disappointment. Dick Donovan is slated to oppose the New Yorkers tonight with Johnny Kucks opening for the Yankees. Southpaw Billy Pierce and Whitey Ford will clash in Wednesday's finale.
The second-place Athletics will take on the Washington Senators tonight, the third-place Indians will engage the Boston Red Sox and the fourth-place Baltimore Orioles will be guests of the Tigers.

Lions Trim VFW By 6-1 To Remain Undefeated

Coach R. B. Starling's Lions grabbed the first substantial lead in the North State Little League yesterday, tripping up the VFW, 6-1, at Elm Street Park.
The game brought together the two undefeated teams in the loop. Both clubs had 1-0 marks before the game. The Lions remain unbeaten with a 2-0 record and the VFW is now 1-1. Behind them are the Jaycees and the Kiwanis with 0-1 records.
Yesterday Coach Starling pulled some Casey Stengel switches in his lineup that had the scorekeeper panting, and ultimately came out with the 6-1 win. Altogether, Starling made six major switches in his lineup—all after the game was underway—thoroughly confusing everybody, including the VFW.
He began Taylor on the mound and then pulled him out in favor of Robbie Powell. Then he shoved Taylor into rightfield and moved his rightfielder to second base and his second baseman to shortstop and then reversed himself and put Taylor over into centerfield and moved his centerfielder into right.
After that, the VFW hardly knew who was where and ended up snaring only two hits for the game and suffering their first defeat of the year.
Adding to the general confusion and certainly to the VFW's defeat, were three quick Lion runs in the first inning. A hit and two walks loaded the bases for the Lions and third baseman (or was he?) Register punched out a double that buster across two runs. The other was scored on a pass ball by VFW pitcher Johnston.
The VFW came back in the second on a hit and a bunch of walks. After Lion hurler Taylor turned in four straight bases on balls, Coach Starling made his mad switch.
From there on out, Powell kept the VFW well in hand, giving up no more hits and chalking up his club's second win of the season.
The Lions added three final runs in the fifth inning to sew up the game. Gilliam, Joyner and Kennedy scored.
Coach Starling's club picked up five hits off Johnston and Highsmith, with Powell and Register collecting two each. Gilliam got the other one.
Galloway and Christopher got one hit each for the VFW.
Today, at 4:00, the Tar Heel League will see its third game of the season, featuring the Elks versus the Exchange Club. The Exchange record is 1-0, the Elks have an 0-1 mark.
Arnold Averette coaches the Elks and Billy Dunn is working with the Exchange outfit.
VFW 010 000-1 2 3
Lions 300 030-5 0
Johnston, Highsmith (1) and Owens; Taylor, Powell (2) and Kennedy.

EC Eliminates G-Men With 1-0 Victory

ELIZABETH CITY — A lowly-ranked Elizabeth City Yellow Jackets assumed a giant-killer role here yesterday afternoon to tumble Rose High School out of the Northeastern Conference baseball title race.
They dumped the Phantoms 1-0. The loss moved Elizabeth City's season mark to 7-4 and left Greenville holding a second-place bag at 9-3. Kinston moved into the championship with a 10-2 mark, without having to raise a glove. The Red Devils were defending champions.
Pat McDowell, the Yellow Jackets' all-around athlete and major choice for All-Conference selection, pitched the entire game for the home team and was tagged for seven Phantom hits. Despite the fact that the Greenville club out-hit their hosts, 7-3, none of the Phantom hits came when needed.
Elizabeth City's three baseknocks were split, with one early in the game and two more bunched up in the sixth inning. However, those final two were enough to chalk up a run—the game's only run—and give them the victory. Fred Ehrldige singled in the sixth and later scored on a single by Nicky Hillger.
Dick Evans, G-Man first baseman, collected two of Greenville's seven blasts.
Joe Moye went the distance for the Phantoms, limiting the Jackets to those three hits and collecting credit for the loss. He fanned two batters and walked three. McDowell struck out 12 and didn't issue a single walk.
A victory for Greenville yesterday would have thrown the Northeastern Conference into a two-way tie for the title position and a playoff game would have been forced between Greenville and Kinston.

Crawford Fights Better Against Big Namers

NEW YORK (AP)—Mickey Crawford says he fights best against "name" opponents so his manager is trying to line up a couple for his young welterweight contender.
Crawford racked up his fourth straight victory by beating 21-year-old Andy Figueroa a former sparring partner in a television 10-rounder at St. Nicholas Arena last night. Mickey 24 of Saginaw Mich. won decisively but didn't distinguish himself against his eager aggressive opponent.
"I just couldn't get myself up for it," said Crawford. "I seem to fight better when I'm in there with a guy who means something. I needed the workout anyway."
This was Crawford's first outing since he whipped veteran Gil Turner at Madison Square Garden March 28. That was one of his best performances.
"We're working on fights right now with Kid Gavilan and two Italians Giancarlo Garbelli and Emilio Marconi," said manager Art Greenwald of Detroit.
It took two rounds for McKey to get going against Figueroa. Making his first start in a 10-rounder Andy swept the first two rounds with his aggressive tactics against a dullish Crawford.
The rangy 4-1 favorite snapped out of his lethargy in the third round when he nailed his pressing opponent with a solid left hook to the jaw that shook Figueroa and sent him back a few feet. That was the best punch of the fight. Crawford was the boss after that. Mickey weighed 151 1/2 to Andy's 153 1/2.

Schedule, Changes Released By USC

COLUMBIA (AP)—A five-game freshman football schedule and two changes in game sites for the varsity have been announced by the University of South Carolina.
The freshmen will play at Wake Forest Sept. 26, Georgia Tech here Oct. 3, at N.C. State Oct. 10, Clemson here Oct. 22, and Duke here Nov. 4.
The varsity changes are a shift from Columbia to Greenville for the Nov. 8 game with Furman and a shift to Columbia from Raleigh for the Nov. 22 N.C. State game — to avoid conflict with a Duke-North Carolina game that date.
Also, the Oct. 4 game at Georgia will be in the afternoon instead of at night as originally scheduled.
The other varsity games are Duke here Sept. 20 at night, at Army Sept. 27, at North Carolina Oct. 11, Clemson here Oct. 23, at Maryland Nov. 1, Virginia here Nov. 15, and Wake Forest here Nov. 29.

USC Ballplayer Signs Contract

COLUMBIA (AP)—A University of South Carolina football player who had another year of eligibility has signed a professional baseball contract.
Varsity end Buddy Nidderfer's signing with the New York Yankees was announced yesterday by Yankee scout Ted Petoskey, former baseball and assistant football coach at the university.
Nidderfer, 6-1 and 190 pounds, is from Elizabethton, Tenn., after completing his college work, he will join Greensboro of the Class B Carolina League at the close of this school year. He batted .292 this season at the university as an outfielder.

Goldwyn Claims To Be Writers' Best Friend

By BOB THOMAS
HOLLYWOOD (U) — Though he sometimes battles with them, Samuel Goldwyn claims to be the writer's best friend.
 "Everybody says we should do something about getting better writers, but nobody has done anything about it—except me," said the veteran producer.
 "I've always upheld the writer, and this dates back to the days when I brought to Hollywood 38 of the world's greatest authors to write films for the old Goldwyn company."
 His latest contribution to the writing craft has been a creative writing award for University of California at Los Angeles students. Goldwyn is proud that the three previous winners of the \$1,000 prize have all found success in selling their works.

and offered these observations on budding authors:
 "Eighty per cent of all writers can expect little more than a roof over their heads and food on the table."
 "Don't be afraid of criticism. Anyone who can fill out a laundry slip thinks of himself as a writer. Those who can't fill out a laundry slip think of themselves as critics."
 "The length of your writing is not important. The 23rd Psalm is only 119 words, and it will be remembered long after 'Some Came Running'."
 "Don't seek John Barleycorn as a collaborator. I've tried it and it doesn't work. It only lost me two magazine jobs and several friends."
 "There's one thing about writing—it gets better and better when it gets tougher and tougher."

Transport Will Fly 2,000 MPH

LOS ANGELES (U) — Lockheed Aircraft Corp. says it has designed a new transport plane capable of cruising at 2000 m.p.h. and that a prototype will be flying within three years.
 Hall L. Hibbard, a Lockheed vice president described the craft at the Atmosphere and Space Travel Symposium of the convention of the Financial Analysts Society.
 He said it will cruise at 7000 to 8000 feet yet will land slowly enough to use present runways. Jet-powered it will carry 90 to 100 passengers.

AYDEN HIGH SCHOOL'S CLASS OF 1958—Ayden High School's Senior Class has 45 members who will receive diplomas Thursday night. House Committee Favors Civilian Space Leadership

WASHINGTON (U) — A special House committee, choosing civilian over military efforts to make America the world's space leader, called today for agreement among nations for peaceful exploration of outer space.
 The House Space Committee approved a bill to create a new civilian agency, headed by a single director, to work on broad civilian projects. Purely military aspects would remain in the Defense Department, but the civilian agency would push exploration.

With committee approval, Chairman John W. McCormack (D-Mass) and Rep. Kenneth B. Keating (R-NY) asked a House Foreign Affairs subcommittee to approve a resolution calling for international agreement for peaceful space exploration.
 McCormack told newsmen that what the proposed new agency actually can accomplish will depend on the man whom President Eisenhower names to head it. The House measure would create a National Aeronautics and Space Administration headed by

Evangelist

Simple Memorial To Big Disaster

KANSAS CITY (U) — A simple memorial is the only structural reminder that a year ago today a tornado whirled through suburban Ruskin Heights at more than 80 miles an hour.
 Forty-seven graves are an eternal reminder.
 The flattened homes, the unbelievable rubble, the upturned cars are no longer there. Ruskin Heights has been rebuilt.
 The work that has been done is not so much reconstruction as it is resurrection.

The tornado was spawned at 5:30 p.m. from black rain clouds at Emporia, Kan., some 100 miles away. It moved northeastward, killing at Ottawa and Hill City in Kansas, destroyed Martin City, Mo., and did its worst at Ruskin Heights.
 Thirty-nine persons were killed and 483 homes destroyed or damaged there.
 The memorial, a brick structure about 15 feet high, is located at the center of the devastated Ruskin Heights area. It was dedicated yesterday while 2,000 persons watched.
 It has three windows at the top. "They symbolize faith, hope and love," said N. M. Roach, president of the Ruskin Heights Homes Assn. "They are the things that rebuilt Ruskin Heights."

If you didn't go through those frenzied minutes yourself, you have to look at pictures to see the change.
 From the air today the streets form the same gentle S curves they did after the tornado. But then they looked mushy, like a wheatfield after harvest. Today you are struck by the sharply defined lines of the light rooftops.

SAVING THE BARK
ASHLAND, Ky. (U) — A beech tree over 75 years old will be cut down here, but persons who carved their initials on the tree can have the bark. Harry D. Barnes, director of the cemetery where the tree is located, said there is too much sentiment attached to the tree to throw away the bark.

Sure we can afford the best.
 We used time payment
 To feather our nest!
 It isn't a "luxury" to enjoy fine
BIGELOW carpets today... just a
 small down payment is all
 we needed to get them in our
 home... we pay the balance in easy,
 monthly installments.

Take the wheel... get the Swept-Wing feel!

You spend a lot of time in your car—driving to work, shopping, taking trips. How your car rates on the road is important to you. So all we ask before you invest in a new car is this: Come in and take a "road rate" drive in a Swept-Wing 58

Dodge. Really compare it thoroughly on every count. We honestly believe it rides better, handles easier, responds quicker than any other car you've ever driven. But we'll leave the verdict entirely up to you. You be the judge.

YOU BE THE JUDGE! THINGS TO NOTICE IN THE SWEEP-WING 58:

- The feel behind the wheel**—You feel different because you sit differently. Low and snug and secure, completely in control, almost a part of the car.
- The view around you**—The glass area is tremendous. The visibility is outstanding in every direction—front, sides, rear.
- The ease of push-button driving**—Once you try Dodge Push-Button TorqueFlite you'll never be happy with outmoded lever types. Ladies love it.
- A ride that's a glide**—There's no sway on curves, no dip at stops. Torsion-Aire is standard equipment, too.
- This power steering is different**—No power steering is like Dodge power steering. It works full time, yet leaves you the feel of the road.
- Horsepower and stopping power**—You get up to 320 hp. You get new-design Total-Contact Brakes.

THERE OUGHTA BE A LAW!

By FAGALY and SHORTEN

NAACP Turns Guns On Rep. Adam Powell

NEW YORK (AP) — The National Assn. for the Advancement of Colored People has accused Rep. Adam Clay Powell Jr. of what it calls "extreme racialism."

The NAACP also said yesterday: "We cannot condemn racism in others while using it ourselves."

In a statement issued by Executive Secretary Roy Wilkins, the NAACP disassociated itself from the Harlem Negro Democrat's squabble with Tammany hall.

Particularly, Wilkins said, the association "wishes to disassociate itself completely from the threats made by Mr. Powell or the Powell organization against any person's right to go freely about the city of New York or about the nation."

This referred to a remark by Powell last Sunday at the Abyssinian Baptist Church, of which he is pastor. Powell said Hulan Jack, Negro Manhattan borough president, and Carmine DeSapio, head of Tammany Hall, "better not walk up and down Harlem streets too much."

Powell added: "We're not going to give them the same treatment the Communists gave Vice President Nixon and his wife, but we will make it mighty uncomfortable for them."

At an NAACP antisegregation rally last Saturday, Powell declared the United States is a "white man's country."

He called his Negro political opponents "Uncle Tom" tools of white political bosses, denounced DeSapio as a "Mississippi boss" and accused him of trying to change "Harlem into Mississippi."

Powell has been associated with the NAACP for years. Jack, a Tammany Hall leader, struck back at Powell, accusing the congressman of "hooliganism" and of preaching racial and religious hatred. Jack had been hissed at the rally Saturday.

Last night, Powell said Jack "has been dumped by the people of Harlem and he's trying to grasp at a straw to save himself."

Powell said he deplores hooliganism and added: "There is a

hissing and booing committee in Harlem of about 450,000 people. I have no hissing and booing committee and don't want one."

Powell has been dumped by Tammany leaders, ostensibly for supporting President Eisenhower in 1956. At that time, Powell said he was crossing party lines to support the President for re-election because of the civil rights issue.

Called 'Insane' And He's Angry

LINCOLN, Neb. (AP)—Testimony on the sanity of mass slayer Charles Starkweather resumes today with Starkweather angry because a key defense witness called him insane.

Starkweather was so mad yesterday at the testimony of Dr. Nathan Greenbaum, Kansas City psychologist, that he told a defense psychiatrist he could kill Greenbaum.

Dr. Greenbaum testified he believes Starkweather has a severe mental disorder and "his emotional gun is always cocked and he has a hair trigger on it."

During a recess Dr. John J. O'Hearne, defense psychiatrist from Kansas City, asked Starkweather what he thought about that testimony.

Dr. O'Hearne testified that Starkweather exploded. "If I had a grenade . . . I'd kill Greenbaum."

The psychiatrist said Starkweather is so concerned over the insanity plea of the defense that he also wants to kill T. Clement Gaughan, chief defense attorney.

Starkweather is being tried in the slaying of Robert Jensen, 17, one of 10 persons in whose death last January he has admitted involvement.

Since 1948, the American Bible Society has published 75 million pocket Gospels in 16 languages.

Trujillo Announces He Loves Kim Novak

HOLLYWOOD (AP) — Lt. Gen. Rafael Trujillo Jr. says he is in love with actress Kim Novak.

The head of the Dominican Republic's air force broke his long silence on his personal life last night on a television program. He said of Kim: "She's a nice girl. She's very sincere. And I like the way she is."

When interviewer Paul V. Coates asked him if he was in love with her, the uniformed, beribboned general paused, then said: "Yes."

He said that he and his wife Octavia formally separated last December, and that he started divorce proceedings in March. He said that Octavia will retain custody of their six children.

Trujillo said the United States had never sent money to his country, where his father is the strong man. U.S. aid has been in the form of materials, he said.

"I like to spend money," he said. "And I spend my own money." He said it came from sugar refineries and ranches owned by his family.

Trujillo, 28, said he met Miss Novak, 24, at a Hollywood dinner party. The expensive car he gave her was "a surprise," he said. He said the costly gifts he gave Zsa Zsa Gabor were just presents "to an old friend."

In fact, he said, he had given cars to three other friends — his secretary, an aide, and a countryman who was a fellow student at the U.S. Army Command and General Staff School at Ft. Leavenworth, Kan.

Trujillo said he would leave for Ft. Leavenworth today.

He said he would return to the Dominican Republic in July — probably from Los Angeles, and probably in a yacht.

Asked Coates: Will this be a honeymoon trip?" Replied Trujillo: "You never can tell."

Trujillo said he was introduced to Zsa Zsa four years ago by a polo-playing pal from the island republic, Porfirio Rubirosa. He said that since his name hit the headlines from Hollywood he had received a cable from Rubirosa, who is in Paris. He said it read: "My God, you have replaced me."

People Prove To Be Space-Minded

WASHINGTON (AP) — People around Hickory and Morganton, N.C., are proving to be very space-minded.

Rep. Charles Raper Jonas (R-N.C.) found that out recently when he offered to send any of his constituents a space pamphlet published by the President's Science Advisory Committee.

"By using everyday language, the authors of this document have brought the mysteries of outer space within the understanding of the man on the street," Jonas said.

Most of the requests since the offer was made less than a month ago have come from Hickory and Georgetown and not from children, but from grown-ups, he added.

They're Selecting Candidates In Maryland And Pennsylvania

By THE ASSOCIATED PRESS

Minnesota, is battling Pennsylvania and Maryland voters select candidates for senator and governor today, with Harold Stassen pinning his hopes for a political comeback on a big primary turnout in Pennsylvania.

Stassen, three-time governor of Minnesota, is battling Pennsylvania's Republican state organization for the GOP nomination for governor. Official party support is behind Arthur T. McGonigle, wealthy pretzel manufacturer. Two other aspirants also are in the race.

Stassen, until recently President Eisenhower's disarmament adviser, concedes he will need a large turnout to win. He optimistically forecast a big vote.

But political observers expect fewer than 40 per cent of the Keystone State's 5,134,133 registered voters to go to the polls.

In Maryland, chief interest centers on the Democratic race for the U. S. Senate nomination.

There are four major candidates: Thomas D'Alesandro, 54, mayor of Baltimore; James Bruce, 64, wealthy financier and former ambassador to Argentina; and George P. Mahoney, 56, Baltimore paving contractor who has run unsuccessfully in past years for both governor and U. S. senator.

The winner probably will face incumbent Sen. J. Glenn Beall, who has only taken opposition in the GOP primary.

State Comptroller J. Millard Taws is regarded as a sure bet to defeat two little known opponents for Maryland's Democratic gubernatorial nomination. The winner's november opponent will be Rep. James P. Devereux, World War II Wake Island hero, who is unopposed in the Republican primary.

In Pennsylvania, advance samplings indicated Stassen's opponent, McGonigle, 51, would win if the vote is light.

Also seeking the GOP gubernatorial nomination are William S. Livenwood Jr., former state secretary of internal affairs, and Harold J. Vaughan, a sales executive.

On the Democratic side, Pittsburgh's Mayor David L. Lawrence regarded as "Mr. Democrat" of Pennsylvania, is backed by the party organization for the nomination for governor.

Lawrence, 68, has based his entire campaign in support of the administration of Democratic Gov. George M. Leader, 40, who is running on the organization ticket for the U. S. Senate nomination.

Lawrence is opposed by Edward Paul Lavelle and Roy E. Furman. Rep. Hugh Scott, former Republican national chairman, is the GOP organization candidate for the Senate seat being vacated by Republican Edward Martin.

BIG CATCH
TRACY CITY, Tenn. (AP) — Billy Thomas, fishing in Grundy Lake, hooked \$685 in bank notes dated as old as 1902 and drawn on banks from Denver, Colo., to Tracy City. The FBI was notified of the catch.

FOUND HIM WANDERING STREET:—A motorist found this boy wandering on a street in Knoxville, Tenn., and took him to police headquarters. He says his name is Billy Link and he insists he is not lost. (AP Wirephoto).

President Goes To Vote Today

WASHINGTON (AP) — President Eisenhower goes to Gettysburg today to vote in Pennsylvania's primary. Then he flies on to New York for a major speech tonight on efforts to end the business slump.

Among the candidates in the Pennsylvania primary is Harold E. Stassen, former disarmament adviser to the President. Stassen is in a three-way race for the Republican nomination for governor.

A week ago Eisenhower smilingly declined to say for whom he intended to vote in the primary.

Eisenhower's 30-minute speech tonight on the nation's economy was billed by the White House as a major address.

It will be broadcast nationwide on television and radio at 9:30 p.m., EDT.

He will speak at a dinner concluding a two-day economic mobilization conference sponsored by the American Management Assn. About 2,000 business leaders from all sections of the country are attending.

LEARNED SOMETHING
ANNAPOLIS, Md. (AP) Diane Zang learned something from the book "Going Steady," which she reviewed for a ninth grade English class. "I thought the book was very good," wrote 14-year-old Diane, "and I learned not to get married until I am old enough and know what I am doing."

SOME SLIPS DON'T SHOW

By A. A. FAIR (Eric Stanley Gardner)

CHAPTER 13

I folded the carbon copies of George Cadott's letters and put them in my pocket. I hurriedly glanced at my wrist watch and gave the desk a frisking.

I knew that a man has to take chances once in a while, if he is going to do a job for a client.

I found a leather-covered notebook, some six inches by nine and a half. I looked at it. It was a diary. I put it in my pocket. I couldn't find any more diaries.

I left Cadott's apartment, making certain I had left no fingerprints. I stopped at a luggage store and got a brief case. I put the diary, the carbon copies of the letters, and the keys in the brief case.

I took a taxi to the depot at Third and Townsend, popped the brief case in a key locker, put the key in the locker in an envelope, and left the envelope in charge of a waitress at the lunch counter, giving her a dollar and telling her to hold the envelope until I returned.

From that point on I was clean. I could be searched as thoroughly as anyone wanted but there wasn't a thing on me.

I left my rented car parked, took a taxi to the Wisteria Apartments.

I wanted to see Lois Marlow's face when she learned what had happened.

I tiptoed quietly past the Dutton apartment, number 316. I could smell the aroma of coffee coming through the transom and assumed that the Duttons were cooking a late breakfast.

I pressed the button on 329.

Lois Marlow said through the door, "Who is it?"

"Donald Lam," I said.

She hesitated a moment, then I heard the sound of a bolt on the other side of the door, then a safety chain was loosened and the door opened.

Lois Marlow was wearing a housecoat, mules, an expression of tolerant good nature and apparently nothing else.

"The demon detective," she said. "Don't you give a girl a chance to get dressed?"

"You're dressed," I told her. "I'm not dressed. I'm covered."

"Do I talk here in the corridor for everybody to listen to, or do I come in?"

"There is another alternative."

"What?"

"That you don't talk at all."

I simply smiled and said, "I wanted to pay a bet."

"What sort of bet?"

"You bet me I could not find George Cadott. I bet you I could. Now I'm going to go home."

"You didn't find him, did you?"

"Would I be paying otherwise?"

"What did we bet?"

"I don't know," I said. "What did we bet?"

"Come on in," she invited. "I'm always interested in gentlemen who want to pay bets. I have an acquisitive disposition."

She uncrossed her legs and pulled the housecoat into place. She reached for a cigarette, tapped the end, scraped a match into flame, took in a deep drag, and said, "I suppose you're one of the eager Beaver types and you've been up for hours."

"Not too long."

"Want coffee?"

"Uh-huh."

"Okay, I'll put your name in the pot as soon as I finish this cigarette. I want to sit back and relax and take time to figure what it really is that you have in mind."

"Paying a bet," I told her. Remember?

"Yes," she said. "I remember. That was the opening gambit."

"Perhaps if I'd make a reasonable payment on the bet, you'd tell me where George Cadott is?"

"Didn't he?"

"Apparently so. I'm wondering just how it happened you could tell him to make himself scarce, and he would act with such complete promptitude and with such docile obedience."

"I told him a private detective was on his trail."

"That bothered him?"

"That bothered him."

"You knew it would?"

"I thought it might."

"Mind telling me why?"

"Look, Donald, I want to sit back and enjoy my cigarette. I want to relax before I start matching wits. Then I want to have some coffee and, if you want to be a nice boy, you can scramble some eggs and cook some bacon while I'm dressing. Then we could have breakfast and sit and talk."

"Well," I said, "settle back and finish your cigarette. However, I have on question I want to ask before you put on the coffee."

She shifted her position slightly, took a deep drag at the cigarette, regarded me speculatively, and said, "What's the question?"

"What started George Cadott on this great crusading venture of his?"

She smiled and said, "That's the

sixty-four-thousand-dollar question, isn't it?"

"It seems to be."

She ground out the cigarette, said, "Well, I'll put on the coffee."

She got up and went through the door to the kitchenette. I had an opportunity to admire the back of the housecoat. It had nice lines.

I heard the coffeepot being filled with water, then the scrape of metal on the stove, and she was back.

"I like percolated coffee," she said.

"So do I."

"I use the fine, ground coffee. Turn it off as soon as it has given about fifteen spurts through the percolator. I'm going to put on some clothes. You watch the coffeepot."

She went into the bedroom and kicked the door shut with her heel. It didn't quite latch.

"You watching that coffee, Donald?" she called through the crack in the door.

"Not yet." A watched pot never boils.

She opened the door, standing there in her slip. The light, streaming through the bedroom window, made an intriguing silhouette.

She laughed, looked down at the silhouette and said, "Some slips don't show, Donald."

"What do you mean by that?" I asked.

She laughed and said, "That's one you have to figure out for yourself. You're the detective. I just wanted you to know that some of my slips don't show—at least I hope they don't. Now, go on out and watch that coffee. Bacon and eggs are in the icebox."

Donald is told: "He murdered his grandfather..." Continue the story here tomorrow.

By CHARLES BISSETTE

Bye Bye Batteries!

We're featuring something completely new at the store this week. It's so different I'm sure you'd like to hear about it. It's the Kodak Generator Flashholder—a pocket-size flashholder that never needs a battery.

This wonderful new flashholder has built-in power that never runs out, never fails. A twist of the dial and it generates its own power, ready to fire the flashbulb. It comes in types to fit nearly all cameras, it folds to fit in your pocket.

Speaking of new products (and I like to . . .) we also have the new Kodak Cavalcade Projector that makes slide-showing completely automatic. You simply set a dial, and the projector takes it from there—shows your slides and changes them for you at the interval you've selected.

There are other choices, too, of course. You can operate the Cavalcade manually . . . or by remote control: Sit across the room and direct the whole show, simply pressing the remote-control switch when you're ready to change your slide.

While I'm on this new product subject, Kodak's just come out with a brand new 16mm sound projector that's priced just a step above an ordinary silent machine. But that's a pretty big story—and one I'd better save until I see you.

Why don't you drop in soon and get the story on all of these new products?

It Was No Joke: His Leg Stolen

MADISON, Wis. (AP)—No one was kidding Patrolman Richard Peterson when he was called to a tavern to investigate a report that a patron lost a leg.

The call was legitimate. A 55-year-old man had lost a wooden leg. The bar man said the patron fell asleep in a booth and efforts to

dislodge him resulted in loss of the artificial limb.

Police removed the man from his lodged position, helped him strap on his leg and sent him home.

Noted novelist Zane Grey was born in Zanesville, Ohio.

Eggs — Prices paid by distributors for clean, sized, minimum 50 per cent A quality: Raleigh and Charlotte about steady, large 36 1/2, Durham steady, large 36, mostly 37; prices paid producers on graded out basis: Asheville unreported.

NEW YORK (AP)—Steels and aircrafts were in demand as the stock market moved higher in moderate trading early this afternoon.

Key stocks rose from fractions to a point or more. There was an occasional loser.

Steels rose from the start as the industry picture became more encouraging.

Rails, coppers and building material shares also improved. The minor automotive shares continued active and a bit higher.

U. S. Steel was up to a new high for the year as it rose more than a point. Youngstown Sheet made a similar gain. Lukens was a 1-point gainer. Bethlehem and Republic Steel added major fractions.

Boeing, Republic Aviation, United Aircraft, Bell Aircraft, General Dynamics and North American Aviation were each up around a point. North American rose 1/2 to 3/4 on a block of 5,000 shares then extended its gain.

Kennecott rose more than a point. Anaconda a fraction.

Nickel Plate had a flurry and rose about 2 points following a statement by its president to stockholders that the regular dividend on common be paid. Southern Pacific rose fractionally. Reading Co. first preferred was unchanged at 33 1/2 on a 10,000-share block sold for cash.

Gypsum was ahead about a point, Johns-Manville a fraction.

Bell & Howell rose about 2 and Polaroid continued its retreat of yesterday, dropping more than a point. An investment publication said Polaroid's picture - in-a-minute camera might face a rival Bell & Howell product. American Motors continued its rise, gaining a fraction. Studebaker - Packard was firm and active.

The Associated Press average of 60 stocks at noon was up 40 cents to \$167.70 with the industrials up 70 cents, the rails up 50 cents and the utilities up 10 cents.

Added \$1,000 To Briley Fund

Pitt County's "Gayle Briley Fund" is \$1,000 richer today.

That amount was deposited by Eastern Pines Men's Club, founders of the fund and sponsors of a county-wide, door-to-door sale of bread Saturday night. The money will be used to help defray medical expenses of the eight-year-old Greenville child who died Friday night after seven months of illness. Gayle's family incurred a tremendous medical expense.

Ralph Tucker, one of three trustees for the fund, said the club's contribution represented net proceeds from the sale of 2,000 loaves of bread. The money will be added to other contributions to the fund through Post Office Box 367 in Greenville.

Tucker and other trustees, Hugh Hardee Jr. and Noah T. Hardee, said contributions will continue to be accepted by the fund.

"During her seven months of illness, Gayle's family incurred a tremendous medical expense," Tucker said. "All contributions to the fund will be reserved for use by the family in paying the medical bills."

The fund was established Thursday by the Eastern Pines Men's Club.

Scout Leaders' Course Set Here

A basic training course for Cub Scouts, Boy Scouts and Explorer Scout leaders will be held tomorrow afternoon.

Dr. Keith D. Holmes, Chairman of the Pitt County District's Training Committee, announced this morning that the course will be held on the third floor of Graham Building at East Carolina College. The course's three sessions are scheduled to begin at 7 p.m. and terminate at 9 p.m., Dr. Holmes said.

C.O. Pratt of Ayden will serve as chairman of the Cub Scout Leaders course. Assisting are Robert Lettwith, Wendell Smiley and Dr. Tom Patterson of Greenville and Rev. Robert Eason of Ayden.

The Boy Scout Leaders course will be directed by Frank Steinbeck of Greenville, assisted by Lewis Lawrence of Falkland and Calvin C. Edwards, Dale Gidley, M. E. Cavendish, Rev. J. Malloy Owen, III, Dr. Ed J. Carter, Dr. Keith Holmes, Erskine Duff, John Behr and Harold Bowers of Greenville.

Dr. Holmes stated that he expected a good turnout for the three sessions.

Young Bicyclist Hurt In Mishap

An eight-year-old boy was seriously but not critically injured here yesterday afternoon when his bicycle collided into the rear of an automobile.

The injured youth has been identified as William Baxter Allen, son of Mr. and Mrs. W. M. Allen of 101 N. Warren Street.

He suffered a mild concussion and abrasions of the right arm, shoulder and head. According to an attending physician his condition is "good" today.

The accident, investigating officers report, occurred near the corner of East Fourth and Ash Streets around 4 o'clock. Rudolph V. Fleming of 1909 East Fourth Street was the driver of the automobile involved. No traffic violation was cited.

Probe Break-In At Tea Room

Police are probing a break-in at the West End Tea Room on West Fifth Street last night.

Officers report that approximately 300 pennies were taken from a cash register in the store along with over a half-box of cigars. A juke box and a cigarette machine were also broken into. No estimates were given as to the amount of money missing or property damage.

Entrance to the building was made through a rear window. No structural damage was reported by P. J. Norfleet, operator of the local cafe and dance hall.

RECEIVES AWARDS—In recent ceremonies at the First Presbyterian Church, Pecos, Texas, Ross Ligon, age 10, was awarded the Webelos Badge, the highest rank in Cub Scouting. Stark Ligon, right, age 12, has attained the Eagle Scout rank to become one of the youngest Scouts in Texas ever to receive this rank. Both boys are grandsons of Mrs. Ray Tyson, 415 West Fourth Street.

Preliminary Approval Given United Fund Constitution And By-Laws

The constitution and by-laws of Pitt County's United Fund received preliminary approval last night at a meeting of the organization's committee on constitution and by-laws.

Members of the committee which drew up the constitution and by-laws are W. H. Watson, chairman, J. T. Marston Jr., vice chairman, Woodrow W. Wooten, Mrs. Paul Davenport and E. E. Rawl Sr., president of the local United Fund and an ex-officio member of the committee.

Diplomas . . .

(Continued from Page 1)

Eleven members of Grimesland High School's 32 Seniors will have speaking roles in the school's graduation program. They are Sophia Clark, Shelby Jean Barrow, Jimmy Edwards, Lendy Edwards, Faye Morgan, Peggy Warren, Geraldine Mills, Fred Stokes, Elaine Gurganus, Shirley Singleton and Joe Bell.

Representative Frank M. Wooten Jr., of Greenville will present awards to the graduates and Chairman R.B. Wilson of the Grimesland District School Committee will present diplomas. Senior Betsy McRoy will pronounce the invocation and Principal James E. Hudson will introduce each of the speakers.

Pitt Co. Training School
Dr. W.R. Stassner, president of Shaw University in Raleigh, will be principal speaker at graduation exercises for 19 Seniors at Pitt County Training School in Grimesland.

Barbara Jean Wilson and Roxanna Falce Floyd are co-valecticians of the class and Gallotina Thompson is salutatorian. They will also have prominent roles in the school's 42nd annual commencement program.

Stokes-Pactolus
A former superintendent of Roanoke Rapids City Schools, Dr. I.E. Ready, will be principal speaker at Stokes-Pactolus High School where 24 Seniors will receive diplomas.

Dr. Ready is now director of a special curriculum study for the North Carolina State Board of Education. He will be introduced by Principal W.J. Edwards, who will also present diplomas and awards to the graduates.

Sylvia Nelson will give the valedictory and Frances Toler will present the salutatory. The Rev. W.D. Sabiston will pronounce the invocation and the benediction, and members of the high school glee club will present special music.

Winterville
Diplomas for Winterville High School's 35 Seniors will be presented by Chairman Vernon Cox of the Winterville District School Committee.

Linwood Rouse will announce winners of scholarship awards, and other awards will be presented by Principal Paul J. Clark. The valedictory will be made by Barbara Manning and the salutatory will be by Margaret Jane Case.

Other student speakers will be Van Jackson, Joyce Wilson, Jimmy Runkle and Janet Allen. Music will be by the Glee Club and the high school band.

Robinson Union
"The Tree — The Strength of America" will be the theme for student speakers at Robinson Union High School in Winterville where 27 Seniors will receive diplomas.

Seniors Class President William Henry Hammond will introduce the theme for other speakers who will be Daisy Lee Ennis, Vera Lee Edwards, Verneine Sanders, Iris Jean Patrick and Thelma Elizabeth Aldrich. Following completion of the talks, Mrs. B.C. Maye, class advisor, will present the class for graduation.

Music will include two selections by the school choir.

Cases Heard In City Police Court

By CHESTER WALSH

Judge Charles H. Wheabee disposed of an unusually light docket in Municipal Recorder's Court Monday. Eighteen cases were tried, only five involving traffic or motor vehicle law violations.

John L. O'Mary, 512 Pitt St., was found not guilty of driving while drunk.

Mrs. Donald Oetigen, 1906 W. Third St., no driver's license, prayer for judgment continued on payment of court costs.

Matilda Bunch, Negro, 1409 S. Greene St., no driver's license, prayer for judgment continued on payment of costs, and the judgment provides that she is not to drive a car without a driver's license. For failure to yield right of way, Matilda Bunch was fined \$20, costs deducted.

Racy Mainor, Negro, 118-B Greene St., no operator's license, prayer for judgment continued upon payment of costs, and she is not to drive without an operator's license.

Non-support: Cary Sheppard, 1901 S. Pitt St., Negro, was found not guilty. Arthur L. Heath, Negro, 405 Bonner's Lane, six months on the roads, sentence suspended on payment of \$7.50 per week beginning May 26, 1958, for support.

This cause was retained for further order. Clinton Burnette, Negro, 500 Bonner's Lane, 60 days, suspended on payment of \$63 to Mandy Burnette.

Edward P. Richardson, Negro, 113 S. Washington St., possession of non-tax paid liquor for sale, six months on the roads, suspended on payment of \$300 and costs. He was placed on probation for four years and is not to possess any intoxicating beverage. Mandy Burnette, same address, paid court costs for disorderly conduct.

Jim Freeman, 902 Fourth St., drunk, 30 days on the roads. In another case of being drunk, the court gave Freeman 30 days on the roads, to be served concurrently with the first case.

Jesse L. Willis, Negro, 110 S. Side St., assault on female, 30 days in jail, suspended on payment of \$20, costs deducted, and he is to be of good behavior one year.

Linwood Spruill, Negro, 601 Tyson St., was not guilty of carrying a concealed weapon.

A. J. Freeman, Negro, Bell Arthur, profane language, failed to appear and a capias was issued.

Suspended sentences were ordered for two of the defendants by Judge Joseph W. Parker, presiding at the one-week mixed term of court. One of the other defendants had a verdict of not guilty returned and the other had a nol pro entered.

Edward Earl Smith, on probation listed, was placed on address for five years and ordered to pay costs as conditions for suspension of two one-to-two years jail sentences. Smith was charged with forgery, and forgery and uttering a forged check, and pleaded guilty in each case.

Michael Landon Wilson, 36-year-old Negro of 1700 West Third Street, had a 12 months sentence suspended upon payment of costs and a \$50 fine, plus being required to remain free of violating any liquor laws for two years. Wilson was charged with possession of non-tax-paid whiskey for the purpose of sale, but entered a plea of guilty to possession only.

Douglas Brantley of Greenville was found not guilty of assault with a deadly weapon, and a nol pro was ordered in a case charging J. T. Vincent, no address listed, with failure to pay cab fare.

Lodge Giving Supper Tomorrow Evening

There will be a chicken and pastry supper at the Moose Lodge tomorrow evening beginning at 7:30.

The meal is free to all paid receipt members of the lodge. J. E. Collins, supper chairman announced.

Ad Awards Go To Two Local Merchants

AVERETTE, BROCATO, STOKES . . . displays a smile and the winning newspaper advertisements. (Reflector Photo)

RALEIGH—Two Greenville merchants received advertising awards yesterday afternoon at the 56th annual convention of the North Carolina Merchants Association here.

Larry Averette of Larry's Shoe Store received a third place award in the shoe store division in cities under 25,000 population. Pitt Hardware Company, represented by Clark Stokes, also received a third place award in the hardware stores division.

The awards were based on general excellence in retail newspaper advertising. More than 2,000 entries were judged in the contest from large and small newspapers through the state. Sixty-one prizes valued at over \$1,000 were awarded.

Judges for the contest were N. E. Brown, Advertising and Sales Promotion Manager, Tapps Department Store in Columbia, S. C. John W. Creamy, Publicity Director, Heironimus of Roanoke, Va.; and Charlie Godfrey, Advertising Manager, Spartanburg Herald-Journal, Spartanburg, S. C.

Ivey's of Charlotte won the Grand Award in the contest which was presented by R. H. Carson

of the public relations committee of the advertising executives.

The advertising awards were presented at a luncheon yesterday afternoon at which Arthur H. Motley, president of Parade Publications, Inc., New York, told merchants "the public is willing and able to buy if they are offered a real bargain and made aware of it."

"We need local advertising and lots of it in a successful retailing program," Motley pointed out. "I think we are at the bottom of this slump and on the way up."

More than 400 merchants attended the convention yesterday morning and afternoon. They were told that "the pace of political activity of every businessman in the nation must be increased."

According to John Hazen of Washington, vice-president of the National Retail Merchants Association in charge of government affairs, said more political action is necessary because of the impact of growing government structure, more union monopoly and more deficit spending.

Hazen urged the merchants to take more active interest and participation in government on local, state and federal levels.

Attending yesterday's special session from Greenville were Mr. and Mrs. J. H. Blount, Mrs. Dorothy Johnson, Mrs. Cora Powell, Henrietta Johnson, Mrs. Frances Cassick, Mrs. Ruth Braddy, C. E. Blair and Mike Brocato, member of the Daily Reflector's advertising staff.

Pair Charged On Bootleg Counts

A local Negro man and his wife were arrested late last night by Pitt County ABC officers who charged the two with possession of non-tax paid whiskey.

Chief ABC officer J. M. Ward has identified the duo as Redmond Anderson, 44, and Rosa Lee Anderson, 38, of 1605-A Fleming Street. Each has been released under a \$200 bond.

According to Ward they poured a jar of non-tax paid whiskey into the bath tub before officers could enter their residence. A portion of the whiskey was saved, he noted.
