De Gaulle Standing By As French Assembly Urged To Take Holiday

PARIS (AP)—Charles de Gaulle waited at home today while President Rene Coty tried to get the National Assembly to take a vacation and let the general rule France.

The key to whether De Gaulle would receive power legally or in a military coup was in the hands of the Socialist party, which fears the 67-year-old World War II leader as a potential dictator.

Underlining the rightist determination, the insurgent military-civilian command in Algiers renewed threats of army action if De Gaulle was blocked.

The job which a prospective premier usually handles himself—lining up enough Assembly votes for approval.

continue itself after the formal end of a definite period.

Some Local Observers Expecting Unusually Large Off-Year Vote

By JIMMY ELLIS Reflector Staff Writer Most of Pitt County's veteran political observers believe tomorrow's Democratic Primary will bring a heavy vote in the county's 25 precincts—if the weather is good.

of Farmville. The three-way contest for the Sheriff's office, involving incumbent Ruel Tyson, former Sheriff Sam A. Whitehurst and former constable Ben D. Forrest Jr. has picked up considerable interest.

will not be restricted to Democrats, as other balloting will be. Chairman D. S. Spain, Jr., of the Pitt County Board of Elections has announced that Republicans will be eligible to cast ballots on the tax issue.

contrary to usual off-year election figures, according to one of the county's long-time political observers, but he said he was looking for the heavy balloting "because there seems to be the same interest in this year's races as there have been in prior elections."

New Signs Recession Is Relaxing

WASHINGTON (AP)—Unemployment among workers insured for jobless benefits has declined for the fifth straight week.

A government report yesterday said a decline of 82,000 during the week of May 17 left an unemployed total of 3,019,500 for this category.

Thousands Of Americans Honor Two Unknown Soldier Dead Today

WASHINGTON (AP)—Grateful and mournful Americans heaped highest honors today on the Unknowns of two wars.

the final enshrinement of the two fighting men beside the Unknown Soldiers of World War I, the procession of visitors kept filing past the twin catafalques in unending line.

There were plain tourists, chattering and unconcerned outside a moment before—struck solemn by the occasion.

final ceremony at Arlington National Cemetery.

Scholarships And Awards Go To Outstanding Eppes Students

Scholarships and awards valued at more than \$2,500 were presented last night to Eppes High School's outstanding students as the Senior Class observed its annual Awards Night.

enport are Charlie Dickens, \$150 from Knoxville College; Joe Anderson, Jr., \$275 from Knoxville College; Doris Teel, \$800 from Shaw University; Jean Burnette, \$300 from Livingstone College; Gloria Nimmo, \$200 from Barber-Scotia College; Ruby Early, \$100 from Barber-Scotia College; Mae Esther Baker, \$50 from the Ten Plus Three Club; and Brenda Weathington, \$25 from the Cosmologists Club.

Betty Knox, Barbara Gainer, Gloria Hopkins, Geneva Porter and Jo Linda Ward; English Awards, Clifton Holliday and Mary Jane McClintock; Art Awards, James Adams and Lillian Savage; Hi-Y Awards, Joe Anderson, Jr., and Milbon Cobb; Drama Awards, Carlton Bruce Floyd, James Hines and Loreta Dupree; and French Awards, Velma Adams and Wiley Hines.

EPPESS SCHOOL'S EMMA JEAN HEMBY... With Hunter Keck and Kiwanis Citizenship Trophy.

However, around the amphitheater and the tomb plaza, some spectators settled down to hold vantage positions for the ensuing three or four hours.

Red, white, blue and yellow, they banked the round marble walls, easing the somber darkness of the hushed room. Every few minutes another wreath was laid before the flag—aped twin bronze caskets.

Election Party

Primary results will be available as the counting of boxes is completed tomorrow night.

Byrd Announces Gov't Civilian Payroll Increased

WASHINGTON (AP)—Sen. Byrd (D-Va.) announced today that civilian employees of the federal government increased 9,255 in April as compared with March.

Byrd listed the total as 2,332,202 in April compared with 2,323,947 in March and 2,395,764 in April a year ago.

Forty-Seven Seniors At Eppes High School Will Be Graduated

Handy Husband Sews All His Wife's Dresses

JACKSONVILLE, Fla. (AP) — Mrs. Shirley Ramsey doesn't worry about her clothes — her husband makes all of them.

He turns out chiffons, satins and beaded gowns at what he estimates is a \$75 savings. He's been designing and making dresses for nine years.

George Ramsey majored in fine arts at the University of New Mexico. He formerly was a technical director of the Little Theater here and now is a free lance commercial artist, in charge of floral arrangements and fashion coordinator at fashion shows and stage productions.

He does his sewing as three young Ramseys and two puppies romp through the house.

Mrs. Ramsey is 5 feet 6 and has no figure problems, he says. Sometimes he creates a dress on paper; sometimes as he goes along. At times he fits it as he makes it; at other times he sews from a pattern.

"Any man familiar with construction fields, interior decorating, color, line and detail should be able to sew," he says.

He not only makes his wife's clothes — he made all the furniture in their home, also.

30 Years Ago Today

May 30, 1928

With hundreds of poppies in evidence, a grim reminder of the flower of young American manhood sleeping death's long sleep in Flanders Field, Greenville today paid homage to dead heroes of the World War. Although the exercises were not extensive as in recent years, the graves of World War heroes were covered with a profusion of flowers by the loving hands of former buddies—members of the local post of the Pitt County American Legion and the Woman's Auxiliary. The general spirit of reverence in evidence on all sides made up for the lack of ostentation in observance and possibly enabled many to get a clear conception of the true greatness of the day.

LADIES LUNCHEON

The girls having a committee meeting over lunch at your house? Here's an easy-do menu.

- My Hamburgers
- Shoestring Potatoes
- Salad Bowl
- Hot Garlic Bread
- Lemon Sherbet with Raspberries
- Beverage

MY HAMBURGERS

Ingredients: For each burger — 1-4 pound beef chuck (ground), 1 anchovy fillet, 1-4 teaspoon drained capers, 2 teaspoons grated Romano or Parmesan cheese, butter (for skillet-frying), salt, pepper.

Method: Make two flat patties from each 1-4 pound of beef. Cut anchovy fillet in half crosswise and arrange in center of 1 patty. Put capers and cheese over anchovy. Top with other meat patty. Mold edges together thoroughly with fingers so they won't separate during cooking. Brown rapidly in butter, on both sides, in hot skillet; reduce heat and cook to desired doneness. Sprinkle with salt and pepper during cooking. These are so delicious, you may wish to serve two of the stuffed burgers to each person.

JUST ONE MORE DAY Saturday TO SAVE AT SAIEED'S STORE CLOSES Saturday 6 P.M.

Woman's Club Fetes Rose Seniors Births

The Home Department of the Greenville Woman's Club honored the seniors of Junius H. Rose High School at a Tea Dance at the Woman's Club yesterday afternoon.

Mrs. Howard Mims greeted the guests and introduced them to Mrs. J. C. Galloway Jr., Mrs. Jasper Tripp and officers of the senior class, Edward Buchanan, Kelly Barnhill and Ray Lane.

Other honored guests receiving were Mr. and Mrs. O. E. Dowd and Mr. and Mrs. Junius H. Rose.

Mrs. Vance Perkins invited guests to the Rachel Maxwell Moore Auditorium where, under the supervision of Mrs. Ollie VanNortwick Jr., the seniors had a dance.

The entire club was decorated with roses, larkspur, feverfew and magnolia.

The table was covered with a white cutwork cloth over Carolina blue carrying out the senior colors of white and Carolina blue.

The table was centered with an arrangement of blue daisy chrysanthemums and white feverfew in an antique bowl flanked by blue candles in crystal candelabra.

Assorted party sandwiches, ham biscuits, party shells with chicken salad, cheese dip and potato chips, nuts and cake were served. Mrs. M. W. Maxwell and Mrs. Claude Gaskins poured punch from either end of the table.

Assisting in serving the guests were Mrs. W. C. Harris, Mrs. Lynwood Worthington, Mrs. Edward Ricks, Mrs. H. R. Rogers, and Mrs. H. L. Andrews, chairman of the "Tea Dance."

Births

Gentry
Born to Mr. and Mrs. Coleman Andrew Gentry Jr., 202-B Jarvis Street, a son, James Irdell, May 29 at Pitt Memorial Hospital.

Arnold
Born to Mr. and Mrs. Earl Steven Arnold, Grifton, Route 1, a daughter, Juanita Lynn, May 29 at Pitt Memorial Hospital.

Clark
Born to Mr. and Mrs. Joseph Lee Clark, 2508 East Fourth Street, a daughter, Sharon Lee, May 30 at Pitt Memorial Hospital.

Social Notes

Mr. and Mrs. Bob Smith will leave this afternoon for a three-week vacation trip to California. Enroute they will visit relatives in Winston-Salem and Louisville, Ky.

Mrs. C. H. Barnhill is a patient at Pitt Memorial Hospital.

AT TEA DANCE . . . yesterday high school couples enjoy dancing before the array of party accompaniments were served by members of the Woman's Club. (Photo by Martha Pierce)

Watch Early Spring Sunburn

By Dorothy V. Whipple, M.D.

Every Spring I see a few cases of severe sunburn, some so serious that they have to have hospital care. Decoration Day is the favorite time for this to appear.

Most people do not seem to realize the strength of the sun's rays during the early spring days. The sun is at its maximum intensity on June 21 (in the northern hemisphere). On noon of that day a one-minute exposure to the full strength of the sun in a cloudless sky will produce a mild burn in most light-skinned people. It is at this time that the sun's rays are most vertical and pass through the smallest amount of air in reaching the earth.

From June 21 at noon the relation of the sun and the earth changes so that the least amount of sunshine is received on December 21 at noon. So you can see that toward the end of May the sun is as strong as it is in mid-August when the weather is likely to be hotter. It is not the tempera-

ture that is important—it is the layer of atmosphere that makes the difference in the strength of the sun's rays.

Early Burn

Of course the warmer the day in early spring the more likely children will be to pull off their shirts and expose their winter-white skins. The warm sun feels good and not until hours later do they realize what that nice sun has done to them.

The younger the child the thinner is his skin. Babies sunburn very easily, more readily than older children. The amount of natural pigment in the skin is a barrier to the ultra-violet rays of the sun—the ones that do the burning. Most people develop pigment in the skin in response to exposure to the sun's ultra-violet. A small exposure will stimulate the skin to make this pigment, but a huge exposure just overwhelms it, and the skin is burned. There are a few unfortunate people who are unable to

make this pigment in their skins. Such people never tan and must always be careful of sunshine.

Small Doses

The younger and fairer the child the shorter should be the first exposure of the season. A safe time for the average little child might be about 10 minutes in the middle of the day during May. Early in the morning or late in the afternoon the exposure could safely be twice or even three times this amount. If you are going to be out on an all-day excursion in the early spring and before the children have developed any tan it's a good idea to insist on shirts and slacks being worn from 11 a.m. until 1 p.m. (Sun time—if you live by daylight time add an hour at each end—noon until 2 p.m.) Then let them be exposed before and after these hours, but watch their skins and at the first evidence of any redness get them out of the sun.

Later when they have developed a good coat of tan they can stand hours of strong sunlight.

Lotions

Sun-tan lotions help when the skin is winter-white. They reduce the amount of ultra-violet penetrating the skin. They help, but do not depend blindly on them.

A severe case of sunburn is not only most uncomfortable but it can be very serious. I had a little blond 2-year-old patient who was so badly sunburned I had to put him in the hospital and treat him in the same way as though he had been burned in a fire. He was in the hospital for almost three weeks.

Party Compliments Bride Of June

Roselyn Waters, whose marriage to the Rev. Ralph Lee Norwood will take place June 7 at 4 p.m. at the Winterville Missionary Baptist Church, was entertained yesterday morning.

Hostesses at the Coca-Cola party held at the home of Mrs. Moya Dail were Mrs. S. J. Waters and Mrs. Dail.

To compliment her blue print sheath dress, Miss Waters was remembered with a white carnation corsage.

Greeting the 25 friends and relatives of the bride-elect were the hostesses and honoree, who invited them into the dining room where the refreshment table appointed with pink and green was placed.

A crystal compote holding a floral arrangement of pink roses graced the center of the table which was overlaid with a white organdy cloth over green.

The hostesses, assisted by Mrs. Tom Langston, Miss Mary Virginia Langston, and Miss Alice Waters, served the cold drinks, dainty sandwiches, and potato chips.

Early summer arrangements of pink roses were used throughout. Miss Waters was also presented a piece of her silver in her chosen pattern by the hostesses before the goodbyes were said to Mrs. Dail, Mrs. Waters, and the bride-to-be.

Designer--Girls Look Good In Shirtsleeves

By DOROTHY ROE
Associated Press Women's Editor

This is the year to take off your jacket and run around in shirtsleeves, says Leonard Fisher, a bachelor designer who has definite ideas about what girls should wear, and why.

"Not every girl can wear the chemise blouse, any more than every girl can wear the sack dress," says this handsome young man, who designs high-priced, high-fashion blouses for one of the country's leading manufacturers.

"For fall, the overblouse is the thing to wear with suits, but it need not be loose or shapeless. The most flattering style comes just to the hipbone, and is snugly banded there. I like a standaway neckline, to give a long-necked look to the wearer and also to show her jewelry. The French-cuffed three-quarter sleeve also is important."

"When I design a chemise blouse I make it with an elastic belt which may be worn at the hip-line or pulled up to the waist-line, giving a bloused effect."

Practically all suit blouses for fall will be overblouses of one kind or another, giving a costume

effect when worn without a jacket. Fisher predicts that double-layered chiffon blouses will be more important than ever next fall, and he also will show costume overblouses in a satin-backed wool print with a shabby finish giving a brushed look.

For summer wear his best seller has been a V-neck overblouse in drip-dry pique, worn as a top for skirt, shorts or bathing suit, with a turban to match.

BSU Planning Summer Forums

Hartwell Campbell, general manager of WNCT TV, will be guest speaker at the forum held at the Baptist Student Center at 5:15 p.m. June 2.

The topic to be discussed is "The History of the Bible." This forum begins a series of summer forums planned for graduate and undergraduate students, members of the faculty and friends of the Baptist Student Union. A dutch supper will be served immediately following the program.

On June 9, the forum speaker will be the Rev. Earle Rogers, pastor of First Baptist Church of Washington, N. C., who will discuss "The Kingdom of God." On June 16 the Rev. Josef Nagy, vice-president of the Baptist Youth Committee of Hungary, will speak on "Christianity Behind the Iron Curtain."

Dressed in Bermuda, the five couples spent the afternoon preparing the barbecue chicken and participating in water sports.

Guests from Greenville who attended the afternoon party were Miss Camilla Henderson and Mr. and Mrs. Jimmy Smith III.

Summer Bride Feted In Pactolus

Paul Davenport III was host at an informal "cook-out" and water skiing party Wednesday afternoon at his home in Pactolus honoring Miss Betty Lou Whitley and Milton S. Brown Jr. of Washington, N. C., whose marriage will take place June 6.

When Summer Comes--Sun Gets In Eyes

Americans are becoming more aware of the importance of shielding themselves from overdoses of sunshine, especially during the hot part of the day when rays are most harmful.

If we are aware of how much damage may be done to the skin as a result of overdoses of sunshine, then we must stop to think of the effect of sunshine on our eyes.

Anyone who goes outdoors on a sunny summer day should wear glasses to protect his eyes. Scientific studies reveal there may be

Christian Science Society

How spiritual enlightenment brings freedom from the bondage of materialism will be brought out at Christian Science services Sunday.

Keynoting the Lesson-Sermon entitled "Ancient and Modern Necromancy, alias Mesmerism and Hypnotism, Denounced" is the Golden Text from Romans (12:21): "Be not overcome of evil, but overcome evil with good."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be read the following (227:24-26): "Citizens of the world, accept the glorious liberty of the children of God, and be free! This is your divine right."

Scriptural readings will include the following from Romans (13:12): "The night is far spent, the day is at hand; let us therefore cast off the works of darkness, and let us put on the armour of light."

a 50 to 90 per cent loss in the eyes' sensitivity to light by exposing the eyes to bright sun. This loss of sensitivity to light may make night driving a danger and cause headaches when close work is attempted. Artists, writers, crocheters and knitters may all feel especially the effects of sun saturation.

Even those who wear prescription glasses should wear clipovers, sunglasses that clamp on regular eyewear. These are available now in smart looking nylon frames, as fashionable as those pink, white, black and blue hues available in the standard shapes and harlequin styles. Ground and polished lenses in sunglasses are inexpensive these days, even with the newer nylon frames.

Girls with short hairdos should wear hats with brims if they sit in the noonday sun on the beach to keep the scalp from becoming sore, the hair burned, the disposition sour from the sun's beating. A brimmed hat will offer further protection to the eyes if eyeglasses are worn, but usually doesn't offer enough protection for comfort if sunglasses aren't worn.

Sunglasses are being made more interesting for children also with spring flower motifs trimming open lattice work on frames and little yachting flags on the corners of frames.

The consumption of canned meats in the United States has increased from three pounds per person to 11 pounds in the past 20 years. Much of the increase is in baby foods containing meat.

 Among her bells are those from 10 foreign countries and the oldest is a cow bell dating back more than 200 years.

Green Vegetables Important To Daily Menu

By MARGARET L. STEVENS
 Assistant Home Agent

Go ahead and be frivolous about Spring vegetables. It costs little right now to have the best—with a big flavor plus! If you have your own family garden—and I hope you do—you have a wealth of good eating at your fingertips.

Even if you must buy all of your vegetables, now is the season of the year when they are most economical and tops in quality.

Sure, you like those fresh Spring vegetables, but do you really know how important they are in your daily diet? For years we have studied and lived by the Basic 7 Food Chart. Now, a revision has been made which resulted in "The Big Four" Daily Food Chart. This food group contains all of the foods previously studied, but some groups have been combined. Now will all the fruits and vegetables in one group, we have an abundance of vitamins and minerals in this group for body growth and development.

Greener Vegetables Are Richest
 Vitamin A is one of our most important vitamins being found in abundance in dark green and yellow vegetables. Both the intensity of the vegetables' green color and the part of the plant from which it comes are clues to its food value. In general, the greener the vegetable the richer it is in vitamins and minerals.

Vitamin A is needed especially for healthy skin, including the inner linings of the body, and also helps the eyes to adjust to limited amounts of light. Of course, we know we get a sizable amount of iron, riboflavin and calcium from these same vegetables.

Another vitamin found in large quantities in this food group is Vitamin C. Vitamin C is needed by the body to help coagulate the blood, hold the body cells together and for general maintenance of teeth bones and healthy gums. This vitamin is easily destroyed by heat. This problem can be solved by eating more raw vegetables and/or cooking in small amounts of water.

Thinking in terms of cooking, it is well to remember, the fresher the green vegetables when you use them the better. Flavor, crispness, and perhaps some food value, too, are lost when the vegetables wilt or are stored. If you must hold vegetables a day or two before using, refrigerate them. Keep them moist—in the vegetable crisper or other covered container, or a plastic bag. Be careful not to bruise leafy vegetables in storing. Store peas and beans in the pod if possible, to keep them fresh.

Casserole of Brussels Sprouts
 I would like to share a recipe published by the U. S. Department of Agriculture. It is a Casserole of Brussels sprouts, 1½ tablespoons butter or margarine
 ¼ cup chopped celery
 1-4 cup chopped onions
 1½ tablespoons flour
 ½ teaspoon salt, pepper
 1 cup cooked or canned tomatoes
 1½ cups cooked brussels sprouts.
 Fine bread or cracker crumbs mixed with melted butter or margarine.

Heat the butter or margarine in a fry pan. Add the celery and onion and cook slowly until they are yellow.

Blend in the flour, salt, and pepper, and all the tomatoes. Stir and cook until the mixture is thick.

Put the brussels sprouts into a greased baking dish and add the tomato mixture.

Sprinkle the crumbs over the top. Bake at 350 deg. F. (moderate oven) about 30 minutes.
 Makes 4 servings, about 2-3 cup each.

This casserole is so easy to make, nutritious and appetizing. Brussels Sprouts, of course, are a member of the cabbage family (often known as baby cabbage). They are rather strong in flavor. Before cooking fresh brussels sprouts, these should be soaked in salt water one hour to remove any insects from the tight bud.

As for other leafy vegetables, remove bruised, wilted or yellow outer leaves. When washing, remove greens from the water, so as to leave grit in the bottom of the pan. All vegetables should be cooked in a small amount of salted water to save the vitamins and minerals. Please don't overcook, but leave the vegetables slightly crisp.

Sauce Enhances Flavor
 There are so many ways to serve green vegetables—there's no need ever to tire of something green, on the menu. Various types of garnish are often used, as well as flavored sauces. A favorite sauce-maker recipe is ½ cup flour to ½ cup shortening. These may be mixed in advance and stored. For a thin white sauce use 1½ tablespoons to 1 cup of milk or a medium sauce use 3 tablespoons to

1 cup of milk. Use any sauce sparingly—just enough to enhance the flavor of the vegetable.
 So much for cooked vegetables. Now for a cool, nutritious, refreshing salad.
 How about Coleslaw Parfait. This is an easy salad because it can be made in advance and garnished at the last minute. This salad saves on nutritional value, too, because the vegetable—cabbage—is not cooked. Here's the recipe:

COLESLAW PARFAIT
 1 envelope gelatin
 1 cup cold milk
 3-4 cup Salad Dressing
 1-4 cup cream

1 teaspoon salad style mustard
 1 teaspoon celery seed
 1 teaspoon grated onion
 1 teaspoon salt
 Dash of pepper
 2 cups finely shredded cabbage
 Curley endive
 Peeled tomato wedges
 Cucumber twists

Soften gelatin in ½ cup milk and dissolve over hot water. Cool. Combine salad dressing, remaining milk, cream, mustard, celery seed, onion, salt, pepper and gelatin, and mix well. Chill until slightly thickened. Fold in cabbage and pour into a 6½ inch ring mold. Chill until firm. Unmold, surround with endive, tomato wedges, and cucumber twists.

Even more vitamins and minerals are added in the garnish. Garnish makes the salad more attractive and oh so good!
 Don't forget to have fresh green vegetables in your diet each day. Remember, more good eating begins with fresh Spring vegetables!

EAR RING
 When working in the basement of your home, do you worry about whether or not you will hear the telephone if it rings? Just place the phone on a metal pan on the floor and you will not fail to hear it as the vibrations make the ringing louder.

Now Then, Look At The Returns

In addition to casting votes for the candidates of their choice in tomorrow's election, voters of Pitt County will likewise decide whether the county should levy a special three-cent tax for county-wide industrial development.

Most people are automatically against increasing taxes. But when a small increase in taxes can bring a reduction of the overall tax burden over a period of years, plus leading to a more prosperous economy for all the people of the county, it's a different matter.

The proposed three-cent levy to be voted on tomorrow is a different and special matter.

It is one which we hope the voters of Pitt County will approve. It is a step which will bring Pitt County and its people handsome returns.

The tax levy will mean an average increase of less than \$1 per taxpayer in the county. Certainly that small increase will pose no burden on any of Pitt's taxpayers.

In return the county will afford itself an economic development program which will provide new jobs, new plants, new payrolls, new markets for farm products, and operations that will help Pitt farmers to develop supplementary income.

Consider for a moment what 100 new jobs would mean in Pitt County in addition to the annual payroll they provide.

According to the U. S. Chamber of Commerce, 100 new jobs mean for a community:

- 1. An increase of 296 more people in the community, 112 more households and 51 more school children.
- 2. \$590,000 more per year in personal income in the community and \$270,000 more annually in bank deposits.
- 3. 174 more people employed in the community and 107 more passenger cars.
- 4. Four more retail establishments and an increase of \$360,000 in retail sales.

Is that not a good return on an investment of \$1 per taxpayer for any county?

We believe it can be multiplied many times for Pitt County if the industrial tax is approved by voters tomorrow.

Union County has its own county-wide industrial program supported by a special tax levy. In 22 months of operations that commission has brought about the establishment of seven new plants in Union County which will have an eventual employment of 730 people and an annual payroll of nearly \$2,000,000.

That should give some indication of what can be done through a county-wide development effort. Pitt County needs to make such an effort.

The Reflector urges all the voters of this county to go to the polls tomorrow and vote for the candidates of their choice and for the proposed industrial development tax.

Quality Remains In Big Demand

By LYNN NISBET
QUALITY — The American people today demand quality in materials and service, and they are willing to pay for it. Sure, they gripe about the price—but in the griping there is an element of boasting about the quality they bought.

Long before the Ne-7 Deal had popularized alphabetic designation of government agencies, before the slogan of two cars in every garage had been thought up—even before there was hardly a car in any garage, a famous political campaign slogan was a "full dinner pail." In those days there was a lot of talk about the high cost of living. The first alphabetic political slogan your reporter remembers was HCL—high cost of living. There were those then who contended the problem was not so much the high cost of living as the cost of high living.

The distinction still prevails. People now as then want something better—and are willing to pay for it. They have to pay for it in any event, wanted or not, because the higher standards have become routine.

The distinction still prevails. People now as then want something better—and are willing to pay for it. They have to pay for it in any event, wanted or not, because the higher standards have become routine.

A man complained the other day about a hotel charging him \$8.50, plus tax, for the "same" room he occupied in 1933 for \$2.00, without tax. He thought nearly 500 per cent increase was reasonable, until reminded that it wasn't the "same" room at all. In 1933 there was one ceiling light and one floor lamp; in 1958 there were four floor and table lamps, controlled by individual switches. Then the telephone was on the wall near the door; now it is on a table near the bedside—and plugged in beside the easy reading chair. There was no radio in the room, and television had not become practicable or common. Air conditioning in 1933 was an engineering dream. That man was reminded that when he registered he specified an air-conditioned room with TV.

Fact is, if the man had demanded the same accommodations that were available a quarter century ago the room might have cost him \$20 instead of \$2 or \$8.50—because the hotel man would have had to take out so much modern equipment and pay antique dealer prices for the old stuff.

Despite the "recession" and tight money, most travelers want quality and comfort. "No Vacancy" signs go up first on the better class hotels and motels. Second-rate places get the overflow, but seldom get a first-chance solely on basis of lower price. Family groups on vacation often have to settle for some-

thing less than the best for economy reasons. Even in these cases they prefer the less expensive quarters at really good places, rather than still cheaper second-rate accommodations.

The roadside picnic parks are growing in popularity. Around four o'clock last Saturday afternoon the park between Old Fort and Ridgecrest had six or eight cars, with adults clearing up remnants of lunch and half a dozen kids playing ball. At noon Monday the park near Claremont was crowded with some 15 or 20 cars and apparently every picnic table in use. Reports from the other roadside parks with water and cooking facilities indicate comparable use being made of them. The single-table roadside places are less satisfactory, but on summer weekends they are generally crowded from mid-morning to late afternoon.

A preponderant majority of the cars at these places bear North Carolina license tags, proving that tourists do not all come from outside the state. It is noticeable that many of the cars at motels also bear N.C. tags and a bit of checking on numbers shows that the cars come from hundreds of miles away—but still in North Carolina.

TELEPHONES — The General Services Division has released a new telephone directory of State offices and employees served by the central exchange. This replaces the directory dated January 1, 1956. It includes new names and addresses of departments and agencies established by the 1957 General Assembly. There has been a lot of shuffling within the past year, and sometimes it has been difficult for those familiar with capitol square and its environs to find folks and offices.

Truth of the matter is every telephone directory is partially obsolete by the time it is released for use. Personnel changes will occur almost every day. However, there can be no further changes in agency designations until after the 1959 Legislature, and location of departments seems fairly fixed for more than a year.

NIXON — Newspapers within the past few days have headlined the news that Vice President Richard M. Nixon will visit North Carolina in June. This was not news to regular readers of this Capitol Square column. It was noted here on March 21 that Nixon would be the principal speaker at the Roan Mountain Rhododendron Festival on the Mitchell County-Tennessee line in mid-June. The date has been fixed for June 21-22, and the VP is scheduled to speak on Sunday, 22nd.

The crest of Roan Mountain is the state line, but since the platform for the program is on the North Carolina side the VP's visit is credit to this state.

It Could Be A Tragic Summer In Carolina

It seems that Eastern North Carolina has had more than a normal share of boating accidents and water tragedies during the spring months of this year.

With hotter days and youngsters out of school, the lure of boats and swimming will attract more youngsters and more adults as Spring gives way to summer. If the current rate of water accidents continues to climb, it will be a tragic summer for North Carolina.

When it comes to swimming and boating safety, the matter is left pretty much up to the individual. There are no policemen or patrolmen to keep check on water safety as they do with traffic safety. The careless boater or the careless swimmer does not get a citation to court or a stern lecture by a judge. He's on his own to exercise caution or pay the consequences... often with his own life or that of a loved one.

Water safety, like highway safety, is everybody's problem. Unless the individual exercises necessary caution this summer, it could be a tragic summer indeed for North Carolina.

Real Odd-Ball Of The Century

By JAMES MARLOW
WASHINGTON (AP) — This is the real mystery of Charles de Gaulle: Is he shrewd or confused? One thing is sure: he's one of the real odd-balls of the 20th century.

He expresses faith in himself and the future of France with him as leader. But he has shown personal and political immaturity and difficulty adjusting to the realities of the world he lives in.

His arrogance and his troubles getting along with people associated with him are examples of his personal immaturity. He has demonstrated his political immaturity in his attitude towards politics and politicians.

Example: He brushed aside at his May 19 news conference—without denying it—any idea he wants to be a dictator. Yet he despises politicians and political horse-trading.

He quit as head of the French provisional government in 1946 because of political dickering in the Legislature. He speaks of the "poisons" of the parliamentary system.

Yet, without the parliamentary and the politicians' horse-trading there could be no republic but only a dictatorship. The answer lies in between: a parliamentary system with more stability than France has produced so far.

This writer yesterday polled specialists on France, asking if they had any idea of what De Gaulle really represents and what he might do if he came to power. All agreed he's a French nationalist, a French-firster.

Beyond that there was only puzzlement except for this one opinion: That he was very shrewd at his May 19 news conference. Why shrewd? This was the answer: Because he really didn't say anything.

This writer disagrees that there is anything necessarily shrewd about that. True enough, De Gaulle gave out with nothing but double-talk. But it may have been because he couldn't think straight and had no policy or

plans for France. There is certainly concern in the Western world that De Gaulle, once he led the government, might turn into a manipulated stooge for men far shrewder than he, particularly military men.

He did play a great role as rallying point in World War II for Frenchmen crushed by the Nazis. But some of his performances after the war threw doubts on his awareness of what the world is like.

France owed its liberation to the United States and Britain. But France's very dependence on its allies irritated De Gaulle. After the shooting stopped he flew to Moscow and signed a mutual aid agreement with the Soviet Union.

This seems to have been an effort to play both ends against the middle. Later he expressed surprise and disappointment because Moscow didn't keep its word.

Although he was anti-Communist, he took France's No. 1 Communist, Maurice Thorez, into his cabinet. Yet, with the presence of Allied troops to give him strength, he disarmed the Communists.

In 1948 diplomats here and abroad feared that if De Gaulle returned to power then he would jeopardize the North Atlantic Treaty Organization—an alliance of Western powers for mutual defense against the Soviet Union—then in the process of creation. He was saying:

"It is inconceivable that the defense of France should be assured by anyone other than the French themselves." This was really talking through his hat, since he had seen what happened when France tried to stand up to the Nazis in 1940.

Now again there is concern over what De Gaulle would do if he came to power. All agreed he's a French nationalist, a French-firster.

Strength For Today

By EARL L. DOUGLASS
TAKE NOTICE, LAYMEN
Jesus Christ was a layman. King of kings, Lord of lords, Savior of the world — all this, but he never attended a seminary (that is, a rabbinical school), nor was he ordained by the earthly church to any office. He was, and is, the Son of God, equal with the Father in power and glory; but while he lived on earth, he was a layman as regards ecclesiastical rating.

This situation was repeated in the case of two of Christ's very faithful followers in later centuries. John Calvin, from whom all Reformed and Presbyterian churches spring, was a layman. He was a lawyer. He was never ordained to any holy office. Dwight L. Moody, the evangelist who led a half million persons

Future Stars In Science

By FRANK TIFFANY
WICHITA, Kan. (AP) — Teen-age future scientists are digging into the effects of nuclear radiation at Wichita North High School — with the help of the Atomic Energy Commission.

Their enthusiastic instructor, 32-year-old Jack Rogers, says it's one of the first high school projects of its kind. A course in radiation biology at the University of New Mexico put Rogers in contact with officials of the AEC's Los Alamos laboratory and launched the project at North. He came home with a gift of \$1,600 worth of equipment, and promptly installed it in the school's lab.

Cause for Roger's enthusiasm is interest his students are showing. Pace-setters among the young scientists' experiments have been 17-year-old Jon Cornell's blood count and radiation checks on white rats, given controlled exposure in an AEC reactor at Los Alamos; a similar check by Jack Fishback, 16, of rats exposed to gamma rays from a cobalt "bomb" and to X-rays at a Wichita hospital; and a test in a different field, blood system linkage, by 17-year-old Jack Hiebert.

Young Hiebert, a surgeon's son, joined two rats as Siamese twins by a skillful operation. He's using radioactive tracing element in his study, iodinated proteins.

The first experiments were for the sheer thrill of find out things — without academic credit. But they've done so well that the faculty approved a credit course for seniors next year in radiation physics.

"Young people are developing faster today — partly due, no doubt, to the wars," says North Principal C. E. Strange. "They're a bit jumpy, because they face the prospect of military service — but they're seeing things clearly, and they're doing more things. They're getting a better foundation than ever before — and we've always had the potential to meet the nation's future needs."

"We're encouraging them to take science and lab courses — showing them that such courses, which they used to avoid because they're difficult, are important to future life and understanding."

"But it won't work unless we have an enthusiasm on the part of adults. Parents are going to have to want education for their children, and talk it in their homes — to keep education as something worth shooting at. They must furnish the fertile ground in which education can take root and sprout."

In a dramatic moment at sea,

Can An Elephant Forget?

Brought Close To Home

By ALVIN TAYLOR

Have you noticed the flag flying at half mast over the National Guard armory on Evans St.?

M-Sgt Paul Jewett and W-O Mayo Allen of the two National Guard units housed in the armory tell me Old Glory was flown at half mast to honor the unknown soldiers of World War II and the Korean Conflict.

Orders were to fly the flag at half mast Wednesday, Thursday and Friday, Jewett and Allen said.

Two unknown soldiers from the more recent wars will join the one from World War I in Arlington National Cemetery.

As you might remember authorities chose two unknowns from World War II — one who died in the Pacific Theatre and another who died in the European Theatre.

Just received a card which P.

L. Goodson was handing out upon his retirement.

The business calling card carries the former insurance man's name in capital letters. Under it in smaller letters is the word "Retired".

At the top is printed "No Phone" and "No Address."

At the bottom "No Business, No Worries, No Money, No Prospects."

And then there's another business type card which has come into my possession that should be required reading for all the politicians who have been circulating about Pitt County during the past month or so.

It reads:

Lord, fill my mouth With worthwhile stuff And nudge me when I've said enough."

Opinions In Brief Other Editors Saying--- Warning: Death Ahead

"In writing his latest inside story—this one about Russia—John Gunther reports revealing his having asked a veteran diplomat if the Soviet attitude was, on a certain subject, 'genuine and sincere'."

"The answer, given drily: 'The most menacing thing about this country is that its leaders are the most sincere liars in history. When uttering the basest lies, they are at their most sincere.' —High Point Enterprise."

"It isn't enough to drive defensively. You must drive as if everyone else on the road is an idiot. Unfortunately, too much of the time you'll be right. —Tulsa Daily World."

"Government no longer determines tax policy. Almost the opposite is true. Taxation for everything and anything now emphasizes the government." —Charleston (W. Va.) Daily Mail.

"No doubt our alert teen-agers will take notice of the day's published account of the doings of mature adulthood. A member of the legislature convicted of bribery. A county commissioner in federal court concerning some income tax infraction. A deputy sheriff charged with embezzling from private business. A district judge calling a grand jury

to investigate rumors that a board of county commissioners has misapprehended some \$50,000. Those are not the delinquencies of teen-agers." —The Daily Oklahoman.

"It's passing strange how many goofs in every town can come up instantly with a proper plan to get the government out of its fix—but have no idea whatever as to how to get their own county club on a paying basis." —The Times, El Dorado, Kansas.

"Over 40,000,000 American under 40 have received no polio vaccine. A good many more have received only one shot, or two, instead of three, the complete series. Unless millions of Americans shake off their apathy in regard to this matter and receive vaccine this spring, many will have polio this summer who do not need it." —Lincoln Ledger, Star City, Ark.

"I do not dread these corporations as instruments of power to destroy this country; because there are a thousand agencies which can regulate, restrain and control them. But there is a corporation we may all dread, that corporation is the federal government. From the aggression of this corporation there can be on safety." —Sen. Benj. Harvey Hill (1878).

(Rocky Mount Telegram) On May 30, Memorial Day, the nation will pause to honor its war dead. The National Safety Council has predicted that traffic accidents will kill an estimated 350 persons during the Memorial Day holiday weekend.

The council's predicted toll is for the period from 6 p.m. Thursday to mid-night Sunday. The 350 estimate is about 50 more deaths than would be likely if the period were not Memorial Day weekend, the council said.

It seems ironic that on the occasion when our war dead are honored, so many civilians will die needlessly on the nation's highways. The fact that the holiday will mark an occasion to honor our fallen military heroes does not make the weekend an unusual one as far as the Safety Council is concerned. All holidays see a sharp upturn in traffic fatalities. It only seems more tragic that so many will die while other dead are being honored.

The Safety Council issues its usual — and fruitless — warning about the approaching weekend. "The estimate can be kept lower if a large enough number of motorists and pedestrians use more care and judgment than they do habitually."

An estimated 40 million cars will be on the highways during

the 78-hour holiday period. It will indeed require the utmost in human caution, alertness, patience and courtesy to prevent bloodshed on the roads.

In North Carolina alone, approximately 1,000 persons will die on the highways during 1958. Another 15,000 will be injured. There is no way to estimate the property loss. This continues year after year with monotonous and tragic regularity. In spite of the efforts of our Highway Patrol, safety campaigns, safety groups and other means, motorists continue at a headlong, breakneck pace on the highways, hell-bent on exterminating each other, and these motorists must be given their just due: they're doing a thorough job of it.

Speed is the greatest killer of them all. More drivers drink than ever before. Together they form a formidable team. Autos today are more powerful than ever. The roads have fallen sadly behind the times, as a short study of any crowded highway will testify. All of these factors help boost the death toll.

But, as the North Carolina driver's manual points out, the greatest element involved in driving is the attitude of the driver. Without an attitude conducive to safe and sane driving, no amount of pleading, threatening, punishing and killing will stop drivers from doing what they do.

Everybody Blames Auto Industry

By ELMER ROESSNER
A woman complained to a supermarket manager yesterday that the cheese she bought had holes in it. That's the first thing in a long time that hasn't been blamed on the auto industry.

Most complaints involve two points:

- 1. That auto salesmen aren't selling.
 - 2. That manufacturers are not giving the public what it wants.
- Survey after survey has shown that most salesmen are simply order takers. Newspapers and magazines have sent reporters around disguised as prospects and in most instances no effort was made to sell them. Few salesmen asked the name of persons who wandered into show rooms, some didn't even want to talk to the prospect.

Not like old days. Before the war, if a reporter was assigned to check on auto salesmanship, unless he was very firm he would probably end up buying a car. Today the situation is so dull that the dealer dismisses all salesmen, installing a single order-taker in each agency, and reducing the price of cars by the amount of salesmen's pay and commissions.

True, there is some salesmanship. When the lack of salesmanship was mentioned here before, a Massachusetts dealer wrote a most persuasive letter suggesting I buy one of his cars. His make is just two inches too long for my garage, however. Most of the my salesmanship surveys have disclosed that some salesmen are still working; some would even go out in the rain to show a car. Salesmen for imported cars, notably the British makes, usually were found to be effective salesmen.

Charles H. Brower, the advertising man quoted here yesterday, tells of a Beverly Hills salesman who has a phone in his demonstrator. He calls prospects up from in front of their houses and invites them to step outside for a ride.

DESIGN TROUBLES
Manufacturers have been accused of giving the public too much trim, too much length for parking and garaging, and construction that increases repair costs. Dealers, too, have been blamed for not providing good, reasonable repairs.

J. Gordon Lippincott and Walter P. Margulies, industrial designers, said in their monthly newsletter "Design Sense" that "despite the fact that automobile mufflers have to be replaced every two years at a cost of about \$25 a muffler, a major steel company has had no takers for its lead-coated steel which, for just 8 cents more per muffler, would give a product that would last the life of a car."

One-piece fenders bother many owners, especially since replacement costs seem rising. And engines of some cars can best be reached by midjets—and the shortage of midjet mechanics is terrific.

Many criticize the amount of chrome and other trim, fearing that it unnecessarily boosts the costs. Clare E. Briggs, new Chrysler vice president, disagrees

A New Leader Commissioned ILLUSTRATED SUNDAY SCHOOL LESSON

By Alfred J. Suescher

Scripture—Numbers 27:12-23; Deuteronomy 34:9-12; Joshua 1.

Moses, near death, asked the Lord to name another leader for his people. The Lord chose Joshua, son of Nun. Joshua stood before the priest; Moses laid his hand on him and he became the new leader of the children of Israel.

Moses died, and Joshua became leader in his place. "And Joshua the son of Nun was full of the spirit of wisdom... and the children of Israel hearkened unto him, and did as the Lord commanded Moses."—Deuteronomy 34:9.

The Lord commanded Joshua to study the book of the law which Moses had given. "Meditate therein day and night, that thou mayest observe to do according to all that is written therein... then thou shalt have good success."—Joshua 1:8.

Joshua commanded the officers of his people to prepare food, for in three days they would march, armed, into the land which the Lord had promised them. The officers obeyed the command.

MEMORY VERSE—Joshua 1:9.

A New Leader Commissioned

THE LORD CHOOSES JOSHUA TO SUCCEED MOSES

Scripture—Numbers 27:12-23; Deuteronomy 34:9-12; Joshua 1.

By NEWMAN CAMPBELL. OUR LESSON begins with the Lord commanding Moses to "get thee up into this mount Abarim (a mountain chain over against Jericho in the land of Moab, Palestine), and see the land which I have given unto the children of Israel. And when thou hast seen it, thou also shalt be gathered unto thy people, as Aaron thy brother was gathered."

Moses begged the Lord to appoint a new leader for his people, one whom the people would honor and obey—"Which may go out before them, and which may go in before them, and which may lead them out, and which may bring them in; that the congregation of the Lord be not as sheep which have no shepherd."

leader, but also certain documents containing the laws of the community, which he is to keep safely stored in earthenware receptacles till a place is found on which the Lord shall set His name."—William J. Deane.

"Now after the death of Moses the servant of the Lord it came to pass, that the Lord spake unto Joshua the son of Nun (and a descendant of Joseph), Moses' minister, saying, Moses my servant is dead; now therefore arise, go over this Jordan, thou, and all this people, unto the land which I do give to them, even to the children of Israel.

"Every place that the sole of your foot shall tread upon, that have I given unto you, as I said unto Moses."—Joshua 1:1-3.

"There shall not any man be

MEMORY VERSE

"Be strong and of a good courage; be not afraid, neither be thou dismayed: for the Lord thy God is with thee whithersoever thou goest."—Joshua 1:9.

"And the Lord said unto Moses, Take thee Joshua the son of Nun, a man in whom is the spirit, and lay thine hand upon him; and set him before Eleazar the priest, and before all the congregation; and give him a charge in their sight. And thou shalt put some of thine honor upon him, that all the congregation of the children of Israel may be obedient."—Numbers 27:17-20.

Moses obeyed the Lord, and passed out of life alone on the mountain. No one knows where he was buried.

"Jewish tradition narrates how the dying prophet commits to Joshua not only the office of

able to stand before thee all the days of thy life: as I was with Moses, so I will be with thee; I will not fail thee, nor forsake thee... only be thou strong and very courageous, that thou mayest observe to do according to all the law, which Moses My servant commanded thee: turn not from it to the right hand or to the left, that thou mayest prosper whithersoever thou goest."—Joshua 1:5,7.

Joshua commanded his people to prepare to enter the land which the Lord was to give them. They promised to obey him in all things and to go where he sent them.

LET'S PUT A LEADER IN THE SENATE!

ROBERT LEE HUMBER

IS THAT LEADER

His Leadership Has Been Recognized In Many Fields Of Service

1. For his leadership in helping to establish world peace he has received two national awards.
2. For his leadership in establishing the N. C. Art Museum he has been recognized nationally, and in North Carolina has been named chairman of the State Art Commission.
3. His leadership in the religious life of his county and his state are evidenced by the fact he is a trustee and former chairman of the Board of Deacons of his home church and a former vice-president of the N. C. Baptist State Convention.
4. As chairman of the Roanoke Island Historical Association he heads the organization which sponsors one of our state's greatest tourist attractions—"The Lost Colony."
5. He has devoted much time and effort studying Pitt County's agricultural and economic problems and seeking positive, realistic solutions to these problems.
6. Through many personal contacts across North Carolina and the nation he has helped promote the industrial development of Pitt County and North Carolina.
7. The leadership he has afforded education in North Carolina's public schools and colleges is indicated by his service as a trustee of Wake Forest College and Meredith College.

A man who has worked, is working, and will continue to work for ALL the people of Pitt County.

He is a native of Pitt County, born and reared in Greenville. He knows the people of Pitt County and their problems. He has worked diligently for the betterment of all the people of his home state.

My objective is to promote the agricultural and industrial development of Pitt County—through supplementary farm income and the establishment of new industries—and to strengthen its educational resources in the public schools and at East Carolina College.

Lions Defeat VFW 6-2 To Stretch North State Lead

Kennedy Hurls Win, Gets Three Hits To Pace Club

Table with 2 columns: Team, Wins/Losses. Rows: Lions, Jaycees, Kiwanis, VFW.

The North State League's Lions stretched their lead in the loop by another notch yesterday, whipping the VFW 6-2 at Elm Street Park.

Coach R. B. Starling's club punched out 12 base hits in picking up their six runs, including three doubles by Gilliam, Kennedy and Hudson.

The victory was the fourth of the season for the Lions against only one loss and puts them solidly in the lead, with the Jaycees' 2-2 being the nearest thing to a threat.

Reid Kennedy hurled the victory for the Lions. He went the full distance and limited the VFW club to only three hits. He struck out 12 batters, walked four and scattered the three VFW hits over two innings.

Christopher started on the mound for the losers and was relieved in the fourth by Daniels. It was Christopher's loss.

The Lions tallied in the first, fourth and fifth innings to rack up their fourth victory. Gilliam scored in the opening inning after doubling. He came across on a wild pitch after having advanced on a hit by Joyner.

In the fourth, Kennedy, Hudson, Register and Johnson scored on two doubles, two singles and a pair of VFW errors.

The final Lion run in the fifth was scored by Kennedy. He singled and came in on a sacrifice.

The VFW runs in the fifth were scored by Fuller and Jackson. Fuller walked, Jackson singled and both scored on a double by Griffith.

Collecting hits for the winners were Powell, Gilliam (2), Joyner, Kennedy (3), Hudson (2), and Johnson.

Today at Elm Street Park, a double header is scheduled. The first game will feature the VFW vs the Kiwanis in a North State League game. Immediately following that one, the Exchange and the Pepsi-Cola teams will clash.

SIR WALTER KENTUCKY STRAIGHT BOURBON advertisement with bottle image and price list.

Pepsi-Cola leads the Tar Heel League with a 2-1 record, while the Exchange has a 1-2 mark. First game will begin at 3:30, the second at 5:00.

Dick Christy Named Athlete Of The Year

RALEIGH, N. C. (AP)—Dick Christy, North Carolina State's All America halfback, is the Atlantic Coast Conference Athlete of the Year.

The 5-10, 190-pound native of Chester, Pa., was an easy winner of a poll conducted by the Atlantic Coast Sports Writers Assn. He received 197 points of a possible 304. Second, with 111 points, was Pete Brennan, North Carolina basketball star. Third, with 101, was Dave Sims, Duke's track standout, winner of the honor two years ago.

Christy will receive the Anthony J. McKeivin Award presented by the writers annually.

A vote of 76 association members gave Christy 42 first place ballots. After a preliminary vote yielded 27 names the final ballot listed 16 names. Four points were awarded a first place vote, two for second and one for third.

Christy led North Carolina State to the Atlantic Coast Conference title last year. He is the first football player to win the award in the six years it has been given.

He climaxed a brilliant State career, by scoring all his team's points in a 29-26 closing game victory over South Carolina.

He broke four conference records and seven school marks last season.

Earlier, the 22-year-old Christy had been named top football player for the year in the ACC by the writers.

Christy, who signed a pro contract with Green Bay, will report to the Packers following his appearance in the All-Star game at Chicago on Aug. 15.

Christy also lettered in track and swimming at State.

In addition to the top three, these 13 athletes received votes in the final balloting: Dick Hunter, Lou Fucillo, North Carolina State; Ed Cooke, Andy McDonald, Ernie Betz, Maryland; Herb Buech, Jim Bakhtiar, Virginia; Dave Scurllock, Buddy Payne, North Carolina; Harold Stowe, Harvey White, Clemson; Wray Carlton, Duke; Billy Latham, South Carolina.

The presentation was made last night at the Eppes Awards Night program and honored Green for his outstanding sportsmanship in athletics during his high school career. (Reflector Staff Photo)

With Quarter Of Year Gone, Look At League Races

By ED WILKS The Associated Press

Memorial Day, the first quarter pole in the major league pennant races, dawned with the San Francisco Giants needing no better than a split at St. Louis to retain the National League lead.

In the American, there was a chance for a wholesale shakeup for second place.

The Giants, two games ahead of the world champion Milwaukee Braves, picked Ruben Gomez (5-3) and Mike McCormick (4-0) for their double-header against Wilmer (Vinegar Bend) Mizell (2-5) and Jim Brosnan (4-4) of the seventh-place Cardinals.

This was Ruben's first appearance since calling off his bluff about not paying a \$100 fine for his part in a beanball fracas at Pittsburgh last Sunday. Rookie first baseman Orlando Cepeda of the Giants also decided to pay his \$100 fine.

The Braves were at Pittsburgh with Lew Burdette (4-3) and Bob Rush (4-2) doing the pitching. The third-place Pirates, five games behind the Giants, named Vern Law (5-3) and rookie Curt Raydon (0-1).

In the American League, first-place New York took an unprecedented May 30 lead of 7½ games into a pair against last-place Washington at Yankee Stadium.

Bobby Shantz (4-0) and Whitey Ford (5-2), both southpaws, faced the Senator's Pete Ramos (2-4) and Russ Kemmerer (1-3).

The Yankees, facing their first "crisis" after losing to the Kansas City Athletics in a two-game series sweep, hustled first baseman Bill Skowron back into uniform. The Moose, out since May 11, when he injured his back, will be available for pinch-hitting chores.

The A's, riding a four-game streak, are at home for a morning - afternoon doubleheader against third-place Cleveland. The Indians, who yesterday asked waivers on ailing right-hander Mike Garcia, trail the A's by a

Million Dollars Worth Of Cars In Today's Race

By DALE BURGESS INDIANAPOLIS (AP)—Thirty-three auto race drivers from 13 states will hurl a million dollars worth of glittering cars down the Indianapolis Motor Speedway's main straightaway today.

About four hours after the start of the 42nd 500-mile race, one of these veteran drivers will be a rich man. The trackside guess is that it will be either Jimmy Bryan or one of the three Zink Special teammates.

Prizes, totaling about \$300,000, will not be announced until tomorrow night.

On a short haul, the favorite would be Ed Elisian, who turned in the first 148-mile-an-hour lap in a practice run, or Dick Rathmann, who set an official four-lap qualifying record of 45.974.

Elisian, a hulking Oakland, Calif., veteran of Armenian ancestry, drives with the same furious disregard for his health as his close friend Bill Vukovich, who was killed in a four-car crash while leading the 1955 Memorial Day race.

Vukovich was the last fatality in the race proper. Keith Andrews killed in a practice run last year, was the 47th person fatally injured at the track.

Elisian is one of the three drivers for John Zink, Tulsa, Okla., oil man. The others, Jud Larson, Hickman Mills, Mo., and Jimmy Reece, Indianapolis, also have exceptionally fast cars.

Reece and Elisian will start in the front row with Dick Rathmann whose abode shifts from Trenton, N.J., to Miami to Indianapolis.

Sentiment for Bryan, a husky Phoenix driver with three national championships was increased by his assignment to the flat-engine Ford Special in which Sam Hanks won last year's race a record average of 135.601 miles an hour.

Stout contenders will include Rathmann's brother Jim, who charged from 32nd to second place last year and finished only 21 seconds behind Hanks. Jim has the same big blue Hopkins Special, with important improvements.

Fastest cars on the straightaways — but not on the turns — are the Novi Specials driven by Grandpa Paul Russo, oldest man in the field at 44 and veteran of 12 previous starts, and rookie Bill Cheesbourg, Tucson, Ariz. Russo, of Webster Groves, Mo., has led part of the last two races. The Novis have new engines this year.

Alexander won \$100 first prize. He shot a 69, one under par over the Mount Airy Country Club course.

Tied for second place at 62 were pro Dugan Aycock and amateur Don Herrick, both of Lexington; and pro Tom Case of Greensboro and amateur Posey Jones of Mount Airy. The pros won \$77.50 each.

L. D. Austin Earns One Of 27 Starting Berths

TRENTON, N.J.—A Greenville field Thursday and today's event is expected to be crowded with top-notch drivers.

Austin was one of 27 who has earned a starting berth in the NASCAR sanctioned event.

Drivers from as far as California are slated to try for the stock car prize.

The bulk of the drivers, however, hail from the East Coast with a large contingent from the Southeast.

Frank Schneider of Lambertville, N. J. will have the pole position when the starter's flag goes down. Austin was 6th in the field of 27 starters.

The qualifiers and their starting order: 1. Schneider, 2. Marvin Panch, Charlotte, N.C., 3. John Mackinson, Delta, Pa., 4. Alfred Thompson, Charlotte, N. C., 5. Jim Reed, Peakskill, N. Y., (qualified for Junior Johnson, Ron- do, N. C.), 6. Emanuel Zervakis, Richmond, Va., 7. Mel Larson, Phoenix, Ariz., 8. Charles Cregar, Trenton, N.J., 9. Bill Rose, Hawthorne, Calif., 10. Lloyd "Shorty" Rollins, Corpus Christie, Tex., 11. Junior Johnson, Ronde, N.C. (qualified for Jim Reed), 12. Pete Frazee, Railway, N. J., 13. Mario Rossi, Trenton, N. J., 14. Jim Linke, Old Bridge, N.J., 15. Jerry Draper, Greensboro, N. C., 16. Eddie Pagan, Lynwood, Cal., 17. Lee Petty, Randleman, N.C., 18. Cotton Owens, Spartanburg, S. C., 19. Glen Roberts, Daytona Beach, Fla., 20. Curtis Turner, Roanoke, Va., 21. Buck Baker, Spartanburg, S. C., 22. Joe Wetherly, Norfolk, Va., 23. John Doddy Sr., Glen Burnie, Md., 24. Jack Smith, Sandy Springs, Ga., 25. Red Kagle, Greenbelt, Md., 26. L. D. Austin, Greenville, N.C., 27. Jim Rhoades, Lewiston, Pa.

"We're getting hundreds of letters a day asking about World Series reservations and some even include checks of \$50 to \$100 which we have had to return," ticket manager Peter Hoffman reported today.

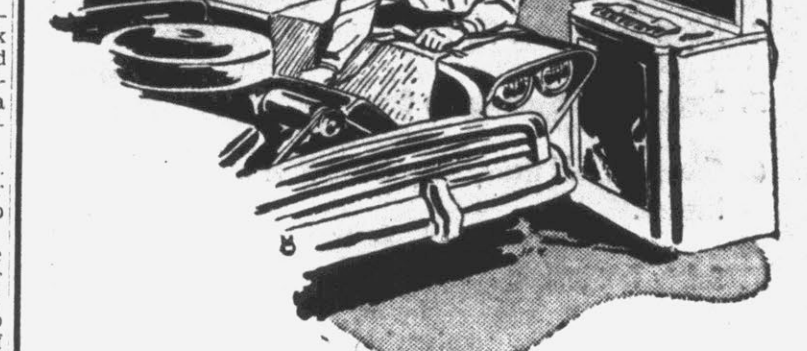

"We aren't accepting any World Series reservations, naturally, but there have been so many requests that we have had to prepare a form letter explaining the situation and thanking people for their interest."

Picked to finish anywhere from fourth to sixth after they switched from New York to the Pacific Coast, the Giants are surprisingly perched atop the National League.

They return Sunday night from a road trip and open a three-game series with the world champion Milwaukee Braves Tuesday night—a date for which all the reserved grandstand seats have been long gone.

"This has been far better than I ever dreamed," Hoffman declared. "We opened ticket offices in downtown San Francisco and Oakland just this week and both are doing a terrific business."

When the French began construction of the Panama Canal in the 1890's, the mosquito spread yellow fever and malaria which 50,000 lives.

Lots Of Practice Paying Off For Junior Linkster

DETROIT (AP)—Eight hours a day on the practice tee and junking "that old do-or-die attitude" is starting to pay off for young Tommy Jacobs.

The 23-year-old former national junior champion, on the professional circuit less than a year, had a two-stroke lead over the field as 146 golfers entered the second round today of the 55th Western Open Tournament.

Jacobs' 64 over the gentle but narrow red run golf club layout yesterday equaled the course record, held by four others. Forty-five players, including two amateurs, mastered the 36-36-72 par for the 6,768-yard course.

"This may sound crazy," Jacobs said, "but I'm really not trying so hard any more. I've al-

ways had the idea that I just had to do well. Now I've eliminated that old do-or-die attitude, and I'm playing much better."

Jacobs, member of a California golfing family, never has won a major tournament.

Two strokes behind him was Masters champion Arnold Palmer, Latrobe, Pa., who carded a pair of 33s and never once exceeded par.

Frank Stranahan blazed home

in 32 for a 67 that earned him a third-place tie with Bob Rosburg.

Australian Bruce Campion, Mike Souchak of Gossinger's, N. Y., Don Whitt of Alameda, Calif., and George Bayer of San Gabriel, Calif., were deadlock at 68.

Defending champion Doug Ford asked to a 75 along with two-time winner Lloyd Mangrum. Another double winner, Sam Snead, had a 70 despite poor putting.

Hydroplanes To Qualify Today

ELIZABETH CITY, N. C. (AP)—Qualifying runs for unlimited hydroplanes today open the first phase of the 1958 International Cup Regatta, sponsored by the Pasquotank River Yacht Club.

After the qualifying, with entries eliminated if they do not burn in a speed of 90 miles an hour or better, the unlimiteds will race tomorrow. The unlimited category is the only one being run at this time.

The 17 other classes will be run during the fall portion of the regatta, set for Oct. 4-5.

The American Power Boat Assn. sanctioned this race for the setting of records. It is the flat regatta for unlimited hydros on the East Coast this season.

Dr. William A. Peters, racing chairman, said entries included:

Gale VI, owned by Joseph Schoenitz of Detroit, Mich.; Wilbur Charlie, owned by the Buffalo, N.Y., Launch Club; and Miss U.S. I and Miss U.S. IV, both owned by George Simon of Detroit.

Robert Schelling, honorary vice president of the American Power Boat Assn. and honorary life member of the Canadian Boating Federation, is referee. Schelling and George Trimmer of the APBA will speak at an awards dinner Sunday night.

Danville Gains Half Game On High-Toms

By THE ASSOCIATED PRESS

Second place Danville gained a half game on High Point-Thomasville last night in the Carolina League by splitting a doubleheader with Wilson while the Hi-Toms were losing to Greensboro.

The seven-game winning streak of the Hi-Toms snapped at Greensboro as the cellar-dwelling Yankees gained a 4-3 decision in 10 innings. A throwing error by pitcher John Anderson on a sacrifice bunt permitted Dave Davis, who had got on by a walk, to score all the way from first base with the winning run.

High Point-Thomasville loaded the bases in the top of the 10th but didn't score.

Danville routed Wilson, 10-2, in the seven-inning opener of their doubleheader at Danville, but the Toms came back to win the second game, 8-6, in 10 innings. Big Al Barth, Wilson first baseman, banded three home runs, two of them coming in the second game. Danville's victory was featured by a three-run homer by Hal Holland in the third and a grand-slam homer by Joe Sparks in the fifth.

The Raleigh Caps defeated the Alamance Indians in a doubleheader at Graham, 7-2 and 3-1. Bob Hardy banded a two-run homer in the 10th to win the second game. Merlin Nippert pitched a five-hitter for the Caps in the seven-inning opener for his seventh win against one loss.

Winston-Salem hung a double defeat on the Durham Bulls, 6-2 and 1-0, at Winston-Salem behind the pitching of Jim Bytuss and Lefty Ernie Evans. Evans bested Paul Gatzka in a pitching duel in the second game. Evans gave up five hits and Gatzka four. Bytuss allowed five hits in the opener.

Tonight's games: Wilson at Danville, Durham at Winston-Salem, Raleigh at Burlington, and High Point-Thomasville at Greensboro.

J. Henry Harrell

For State Senator

- Born and reared on a tobacco farm in Bertie County.
- A citizen and resident of Pitt County since 1930.
- Married a Pitt County girl.
- Still actively engaged in farming.
- A practicing attorney in Pitt County since 1930 with offices in Greenville.
- Educated in the public schools of North Carolina including the University of North Carolina.
- Chairman, Pitt County Board of Elections, for over 15 years.
- A member of the North Carolina Farm Bureau for the past 20 years.
- Active member of the Methodist Church.
- Has three daughters attending school in Greenville public schools.
- As a result of practical experience, is familiar with problems and conditions of Pitt County's predominant industry—FARMING.
- Knows and understands language of the people whom he would represent.
- Is always available to every Pitt County citizen and would continue to be available.
- Has no source of income out of Pitt County.
- Has been and will continue to be interested in the promotion of any program whereby the welfare of ALL Pitt County citizens will be advanced.
- Recognizes that the economic welfare of every member of our society is dependent upon each group of our citizens, farmers, laborers, businessmen and professional people, each receiving a fair and just return from his or her service and labor.
- Has never served or sought to serve any special interest group in the North Carolina General Assembly or elsewhere—the interests of all our citizens being equally important.
- Harrell is Homefolks.
- Your vote and support earnestly and sincerely sought and will ever be deeply appreciated.

Receives Degree At Duke June 2

Donald Hugh Tucker (above), son of Mr. and Mrs. Arden L. Tucker of Greenville, will receive the degree of Doctor of Medicine at the commencement exercises at Duke University June 2, 1958.

Grace F. W. B. Announcements

The Parent-Teacher Training Class meets at 9:45 Sunday morning for New Testament study. The class meets at 7:00 p.m. for study in methods. The superintendent, Elton Reel, with his staff of 35 officers and teachers will be present at 9:45 Sunday morning to lead the multitude of men, women, boys and girls in the study of the Bible. The pastor, the choir, the ushers and the nursery superintendent will be present at 11 a.m. Sunday to lead the congregation in worship. This service will be broadcast on WGTC radio.

Rev. Charles Vestel from Martinsville, Va. will be present at 2:30 p.m. to teach the deaf Sunday school class. The officers of this class, K. B. Dickerson and Johnnie James, invite all the deaf people to attend.

Marvin Sutton, league director, with his staff of workers will be present at 7 p.m. to direct the training program for all ages. Special singing, including a children's choir, will be featured in the evening service at 8 o'clock. The pastor will bring the message.

The Men's Fellowship will enjoy a program of music, food, and fellowship on Monday night at the church at 7:30.

Tuesday at 4:30 p.m. the Junior Choir meets.

The midweek service Wednesday night at 8 o'clock will feature hymns, prayer, and Bible study for adults and young people. This service will be led by the pastor. All boys and girls will meet for their Good News Clubs at the same hour led by Mrs. Samuel Johnson.

The choir, directed by Samuel Johnson, meets at 7:15 Wednesday evening.

Elton Reel and Dennis Sutton with the pastor will lead the visitation teams as they go out on Thursday evening at 7:30.

The next Youth for Christ Rally meets June 7 at Bethany church.

Vacation Bible School begins June 9. Sessions will run 8:30 to 11:00 through June 20.

The Children's Home concert class comes to our church June 13. An offering will be received for the home on that night.

Rev. Joe Ange will be the evangelist for a revival which begins June 29.

EXCHANGES CLOSED

Commissions For 2 Pitt Men

CHAPEL HILL — Two Pitt County students will be among more than 60 ROTC cadets and midshipmen at the University of North Carolina who will be commissioned in the U. S. Air Force, Navy and Marine Corps Monday.

Red Oak Christian Announcements

A Leadership Course on "The Life and Teachings of Jesus" has been completed at Red Oak Church. Teaching the course was the Rev. Bernard Meece, State Director of Christian Education, Wilson, N. C. Certificates of Progress were presented to the following: Jack Allen, James Sydney Allen, Mrs. Rubelle Crawford, Bill Forbes, Ed Harris, Mrs. George Haddock, Mr. and Mrs. Howard James, J. T. Manning Jr., J. W. Phillips, Mr. and Mrs. Bruce Thigpen, S. C. Winchester, and Mr. and Mrs. Thurston Wynne.

To Graduate At Mars Hill College

MARS HILL — Nell Brown Lee, daughter of Mr. and Mrs. R. B. Lee of Greenville, is one of 294 candidates for graduation Monday at Mars Hill College.

Miss Lee will receive an "Associate in Arts" diploma for completion of a two-year course at the Baptist junior college. Graduation exercises will be held at 9:45 a.m. Monday in the Mars Hill Baptist Church and diplomas will be presented by President Hoyt Blackwell.

OH WELL, IT FITS ALBUQUERQUE (AP)—A vandal altered the letters on a sign pointing to Dist. Judge Carl A. Hatch's office so that it read, "U.S. Strict Judge." Moments before the judge had meted out sentences totaling 13 years to three men.

In 1957 more than 55,000 embossed Scriptures were issued to the blind by the American Bible Society.

The Turkish-Greek war was in 1897. The war was ended by intervention of major powers.

Assigned To New 'Dacron' Plant

KINSTON — Sixteen members of Du Pont's Kinston Plant will be transferred to Old Hickory, Tenn., on June 1, Plant Manager W. E. Gladding has announced.

The 16 men, residents of Pitt and Lenoir Counties, will be members of the management organization at the new plant for the manufacture of "Dacron" polyester fiber now under construction at the site of Du Pont's Old Hickory Rayon Plant. During the past few months, they have served on the committee making plans for the new plant.

Names of Pitt County personnel, their position titles prior to joining the committee and the communities they will leave, are as follows:

FROM GRIFTON — W. L. Burkeet, Foreman, Staple Finishing; B. F. McLaurine, Jr., Power House Supervisor; Jim Rooley, Process Supervisor; J. C. Smith, Pipefitter Foreman and P. J. Tracy, Millwright Foreman, both of Works Engineering; and J. D. Boone, Senior Engineer in Process Section.

FROM GREENVILLE — C. H. Manning, Senior Chemist, and K.G. Harris, Jr., Chemist, both of the Process Section.

ECC Grad Wins Special Praise For His Work

MARYSVILLE, Ohio — David W. Granitz, a B.S. graduate of East Carolina College who is currently enrolled in Ohio State University as a graduate Assistant, was recently praised by this community.

Granitz has been conducting classes on speech therapy at Marysville every Saturday since August, working with children and parents. He has a class of 18 pupils at Marysville and another of 10 pupils at Richwood.

Most of the work he does is concerning functional articulation disorders among the children and he also acts as consultant to parents and others interested in the problem.

A newspaper in this area recog-

Bill Norwood, of the television station WNCT staff, has been promoted to program director. The new director has had experience in both radio and television and has also made several tours with USO camp shows. He is married to the former Lorrain Amogene Beauchamp of Winston-Salem, and they have three children. His parents reside in Morehead City.

ized Granitz for his outstanding work in this field. Granitz is married to the daughter of Mr. and Mrs. R. F. Allen of Meade Street, Greenville.

SOME SLIPS DON'T SHOW

By A. A. FAIR (Eric Stanley Gardner)

CHAPTER 22

Barclay Fisher said, "George Cadott had a complete misunderstanding of the situation. I have explained to Minerva. I became intoxicated and—"

"I can forgive intoxication," Minerva Fisher said.

"Apparently I spent the night on the davenport in Lois Marlow's apartment," Fisher finished.

"I cannot forgive infidelity," Minerva Fisher said in a tone of complete, absolute finality.

"Apparently there wasn't any," I said.

"You men," she said, "stick together. George Cadott evidently didn't share your optimistic appraisal of the situation, Mr. Lam."

"George Cadott wasn't there," I told her.

"Neither were you," she retorted.

"All right," I said, "let's go and see Lois Marlow. She was there. We'll hear what she has to say."

"Minerva, my dear, Barclay Fisher said, "I can assure you that there was nothing, absolutely nothing."

Minerva interrupted him to say very firmly, "Let us hope so, Barclay. I could never forgive infidelity."

We went over to the Wisteria Apartments. The street lights were on, a curtain of fog was pouring in from the ocean about a hundred and fifty feet above the tops of the buildings. The air underneath was cold, and Barclay Fisher shivered.

Minerva didn't shiver. She moved along slowly and majestically, a

woman who was completely certain of herself, who knew exactly what she intended to do and exactly how she intended to do it.

At the outer door of the apartment I pretended to ring Lois Marlow's apartment. Actually I pushed a couple of other buttons. One of them gave a signal that released the door catch, and we went up to the Marlow apartment with-out Lois having any idea we were coming.

I pressed the mother-of-pearl button, and the chimes sounded inside the apartment.

Lois Marlow flung open the door.

"You again," she said.

She was evidently planning to go out and she was wearing some sort of a cocktail-gown creation that showed lots of curves.

Then she got a glimpse of Barclay Fisher.

"Egad!" she said. "You! Of all people!"

Minerva Fisher moved forward.

"My wife, Miss Marlow," Barclay Fisher said.

Lois Marlow stepped back, the instinctive action of a woman recoiling from an unpleasant contact.

Minerva took advantage of the situation to sweep on into the room. She said, "I want to talk with you about what happened during the convention, Mrs. Cadott."

Barclay Fisher looked questioningly at me.

I followed Minerva on into the room. That was the only thing to do. It looked as if Lois had a date, and I wanted to cover as much territory as possible before

Would Beef-Up Father's Day

SALT LAKE CITY (AP)—Utah's governor favors a beefed-up Father's Day.

Gov. George Clyde has proclaimed June 15 not only as Father's Day, but also as "Beef for Father's Day" Day.

His proclamations note that fatherhood is a position of trust and responsibility, and that "most men regard a succulent cut of prime beef as the ideal way to build up energy."

In addition to steaks, roasts and hamburger, he urges Utah residents to provide fathers on Father's Day such items as "neckties, sports jackets, golf clubs, fishing gear and other paraphernalia..."

Witnesses told police the windshield was covered instantly and the car almost wrecked before Edwards could stop. Enough asphalt was scraped from the windshield so he could drive to an insurance office and file a claim.

On the North River in West Virginia is Ice Mountain. Here ice can be found throughout the year, even on the hottest summer days.

Car Covered By Asphalt Spray

CHARLOTTE, N.C. (AP)—Red L. Edwards of Orlando, Fla., was eating his automobile through a highway work gang near here when suddenly everything went black.

Police said the gang accidentally turned toward Edwards' car the machine spraying hot asphalt on the highway. The late model car was covered from front to rear with a steaming mixture of asphalt, dirt and cement.

YES

We Want Industry In Pitt County

We agree that agriculture is our basic economy, but NOW, more than ever before, we see the NEED of industry to supplement our agriculture. All of us want to see Pitt County grow, so that we may have better wages, better homes and more conveniences for our families. . . . Well, now is our chance to take positive steps. We need to establish an Industrial Development Program which will seek out new industries for Pitt County, and help our farmers further diversify their agricultural program. That is exactly what WILL BE DONE if we vote FOR the proposed industrial tax levy in Saturday's election.

The Cost To You Is Small

The proposed tax levy is small to the individual tax-payer, and yet, all of us stand to gain from the benefits. The tax is only 3c per \$100 valuation. That means, for example, if you own \$15,000 worth of property, it would be valued for tax purposes at \$5,000 and YOU WOULD ONLY PAY \$1.50 a year for this tax. Is that not little enough to pay for such big rewards?

Union County is now operating such a tax supported industrial commission, and in only 22 months they have secured 7 new industries which are expected to develop an annual payroll of almost \$2,000,000 for Union County. Our commission can do the same for Pitt County . . . and possibly even more!

Vote FOR

The Industrial Development Tax

Big Jim Marks 70th Birthday

NEW YORK (AP)—James A. Farley, onetime postmaster general and Democratic national chairman, marks his 70th birthday today with a family party.

Farley, who masterminded Franklin D. Roosevelt's first two election campaigns, has come back into the political limelight. Friends have urged him to seek the Democratic nomination for U.S. senator, but Farley has declined to say whether he will run.

Farley is now board chairman of Coca-Cola Export Corp.

PUBLIC NOTICE

NOTICE OF DISSOLUTION OF BETHEL THEATRE CORPORATION

Pursuant to Chapter 65, Article 9, General Statutes of North Carolina, notice is hereby given that on the 5th day of May, 1958, Articles of Dissolution of Bethel Theatre Corporation, Bethel, N. C., were filed in the office of the Secretary of State of North Carolina, Raleigh, N. C.

NOTICE OF SALE

Under and by virtue of the power of sale contained in that certain Deed of Trust executed by Cleo Cannon and wife, Maggie Atkinson Cannon and Sarah Atkinson, widow, on the 21st day of August, 1957, and recorded in Book V-29, at page 215, in the office of the Register of Deeds of Pitt County, North Carolina, default having been made in the payment of the indebtedness thereby secured, the undersigned will offer for sale at public auction to the highest bidder for cash at the Courthouse door in Greenville, at Pitt County, North Carolina, at 11 a.m. on Friday, June 6, 1958 the property conveyed in said Deed of Trust, described as follows:

Pitt County, adjoining the lands of Will Williams, Tom Evans and other, and the Greenville-Black Jack Road, and being Lot No. 3 in the division of the lands of Richard Wingate and better known as a part of the late T. C. Cannon lands, containing 15 1/2 acres, more or less, and being the identical tract of land that was conveyed to Jane Jefferson and husband, Jerry Jefferson, by E. Wingate and wife, by deed recorded in Book U-9, at page 357 of the Pitt County Registry, and by the said Jerry Jefferson conveyed to Jane Jefferson by deed recorded in the aforesaid registry in Book A-24, at page 376, to which reference is made; reference is also made to conveyance by Oscar Harris and wife, et al. to Sarah Atkinson and Cleo Cannon and wife, recorded in Book W-25, at page 297.

This sale will be made subject to all outstanding taxes and municipal assessments. This the 12th day of May, 1958. ROBERT D. WHEELER, Trustee. James C. Speight, Atty. May 12-16-23-30

New Pastor Here To Give Sermon Sunday

The Rev. Richard Rhea Gammon, pastor of the First Presbyterian Church, Columbia, Tenn., has accepted a call to the First Presbyterian Church here and will deliver his first sermon as pastor of this church at the 11 o'clock

REV. RICHARD GAMMON
service Sunday morning, June 8. Born of missionary parents and reared in Brazil, Rev. Gammon completed his secondary school education at Gammon Institute, Lavras, Minas Gerais, Brazil. At the age of 17 he entered Davidson College and completed his A. B. Degree there in 1940. He graduated from Union Theological Seminary, Richmond, Va., in 1943, and later returned for his Master's degree in Theology, which was conferred on him in 1952. His first pastorate was in Wilmington Presbyterian at Chincoteague and Bethel Churches. In 1944 he went to Highland Presbyterian Church, Fayetteville, where he served as temporary supply for one year. In October of 1945 Rev. Gammon was called to the First Presbyterian Church, Dunn, where he remained for ten years before accepting a call to the church in Tennessee. The young minister comes to the First Presbyterian Church with a background of experience including counselling at boys' summer camps, directing Young People's Conferences, Synod committees, evangelistic work, as well as participating in a wide range of additional work pertinent to his profession. Married to the former Miss Flora Louise McDonald of Little Rock, S. C., they have one child, Donna, age 12. The Gammons expect to arrive in Greenville the first part of next week and will reside at 116 S. Woodlawn Avenue.

No Casualties

HONOLULU, (AP)—The submarine *Stickleback* sank last night off Oahu Island 5 1/2 hours after being rammed by the destroyer escort *Silverstein* during anti-submarine exercises. No one was injured.

The *Stickleback* was submerged when the collision occurred but immediately surfaced and tied up alongside the *Silverstein* while her crew of 74 men and eight officers escaped, the Navy said. Despite intensive salvage efforts the submarine flooded and sank in 1,500 fathoms 19 miles southwest of the channel entrance to Pearl Harbor. The *Silverstein* reported a damaged bow but said she did not need assistance.

Navy crash boat returned 38 of the *Stickleback's* crew to Pearl Harbor. Lt. Cmdr. Q. R. Schulz, the sub's skipper, and the other 43 headed back aboard the submarine rescue vessel *Greenlet*. A board of investigation will be ordered to determine the cause of the collision, the navy said.

Greene Drivers Win In School Bus Road-e-o

WINTERVILLE — Two Greene County high school students won first place in the District Five School Bus Road-e-o eliminations staged here yesterday.

Wesley Earl Smith of Ayden, Route 1, representing Maury High School, took first place in the boys' division, amassing 369 out of a possible 425 points. The girls school bus drivers division was won by Gayla Faye Letchworth of Snow Hill who scored 353 points.

Both Smith and Miss Letchworth will be presented \$100 scholarships, awarded by the North Carolina Chain Store Council, Raleigh and Hackney Brothers Body Company, Wilson. These scholarships are to be presented at the next meeting of the Pitt County Safety Council to be held in Greenville June 5.

The two district winners will compete in the third annual school bus drivers road-e-o to be held in Chapel Hill, June 16-17 against 58 other semi-finalists.

Contestants are scored on skill, courtesy, ability to maintain order aboard their bus, a clean driving record, and maintenance of schedule, among other things. Finalists will face two grueling days of written exams and driving tests patterned after the rugged professional truck drivers road-e-o. Plans call for four top winners' awards—a \$500 scholarship to each first place boy and girl driver and \$200 scholarships to the runners-up.

James Kirk Briley of Stokes Rt. 1, took second place in the boys' division by scoring 358 points.

Rites Saturday For Lester Earl Baker

Lester Earl Baker, 53, merchant, died in Woodard-Herring Hospital in Wilson Thursday night at 7:45 after several months' illness.

Funeral services will be held at the Wilkerson Chapel Saturday at 11 a.m. Burial will be in Queen Ann Cemetery in Fountain. The Rev. Phillip Cory, Presbyterian minister, assisted by the Rev. L. Manning Free, Will Baptist minister, will officiate. Mr. Baker, son of the late Charles C. and Irene Smith Baker, was born in Pitt county and had lived in Fountain until five years ago when he moved to Falkland. He was a member of Falkland Presbyterian Church.

Surviving are his wife, the former Lillian Williams of Greenville, to whom he was married in 1929; a son, Robert Earl Baker of Columbia, S. C.; a daughter, Nancy Myers Baker, of the home; a grandson, Robert Earl Baker Jr., and two brothers, Vernon E. Baker of Fountain and Cecil Baker of Lakeland, Fla.

GOP Nomination For Adam Powell

NEW YORK (AP)—Rep. Adam Powell Jr. (D-N.Y.), dropped by his own party, has gained the Republican nomination for re-election to Congress from his Harlem district.

New York County GOP leaders endorsed Powell's nomination yesterday by a 6-1 vote. County Chairman Thomas Curran opposed the naming of Powell, but said he would abide by the majority decision. The county committee of Powell's 16th Congressional District is expected to ratify the selection within a week. Powell has said he is running in the August primary as an independent Democrat. In a statement last night the Negro congressman said he would accept the Republican nomination "with a deep sense of gratitude."

Ministerial Student Will Open Evangelistic Series

A Greenville ministerial student will deliver the opening night message in a weekend series of evangelistic services being held in the area through Sunday by the Musical Messengers Quartet.

R. J. Kennedy, son of the Rev. Rashie Kennedy of Greenville, speaks tonight to kick off the Messenger series at the Reedy Branch Free Will Baptist Church, located three miles south of Greenville just off the Ayden highway. Services begin at 7:45.

Twenty-one-year-old Kennedy, a student at Mount Olive College, Mount Olive, sings bass in the Messenger quartet. He is a licensed minister, recently completing his second year of collegiate preparation.

Special musical arrangements by the Messengers Quartet will be featured in each service. The musical ensemble is accompanied at the piano and organ by Dave Cochrane of Long Island, N. Y.

All members of the quartet are from Pitt County. Singing first and second tenors, respectively are Milton and Melvin Worthington.

Decide Merger Is No Violation

WASHINGTON (AP)—The Justice Department has decided the merger of the United Press and the International News Service does not violate the antitrust laws.

Announcing this yesterday, the department said it plans no action against the merger at the present time.

INS' acquisition of INS, announced last Saturday, set off a four-day investigation by the Justice Department's Antitrust Division. Some congressmen urged that the government seek an injunction to halt the merger of the two news services.

The department's decision was made public in a letter from Asst. Atty. Gen. Victor R. Hansen to President Frank H. Bartholomew of the new United Press International.

In his letter, Hansen said the Supreme Court has held that Section 7 of the Clayton Act "did not prohibit mergers when the acquired company was in so-called 'failing circumstances' and there no other purchaser was available." He said Congress specifically approved this.

Hansen told Bartholomew "we have concluded that INS' acquisition by UP falls squarely within the 'failing corporation exemption' to Section 7."

"Accordingly," Hansen concluded, "we do not plan at the present time to move against this acquisition under the Clayton Act, Section 7."

o'clock. The singer is from Bell Arthur. Mrs. Johnson Porter is sponsoring the meeting. The Rev. Hattie M. Cobb is pastor. The public is invited.

The Rev. Hattie M. Cobb will preach at 2 p.m. Sunday at Cotton Chapel F.W.B. Church. A "battle singer" from Hamilton will be there. Services are held the first Sunday in each month. The Rev. Hattie M. Cobb is pastor. The public is invited.

Milestone In A Success Story

ST. LOUIS (AP)—Charles and Patricia Frye reach a milestone next week in a teen-age success story.

Despite parental misgivings they were married 4 1/2 years ago when Patricia was 17 and Charles was a 16-year-old high school senior at Nashville, Tenn.

Tuesday they will graduate from St. Louis University. Charles summa cum laude and his wife also with a high scholastic rating. Charles, who has a full four-year scholarship, and his wife have paid their own way except for her tuition the first semester.

In her spare time he worked as a radio announcer and recreation director, she as a secretary.

"We couldn't have done it if the people at the university hadn't been so good to us, Patricia said. "They always helped us if our working schedule interfered with our classroom schedule."

Charles has been granted a fellowship at Yale, where he plans to work toward a Ph.D. in international relations. If Patricia can't find a job teaching history, she'll work toward a master's degree.

Honors Six Dead In Hong Kong

HONG KONG (AP)—U.S. Consul General James B. Fliche today placed Memorial Day wreaths on the graves of six American World War II dead.

Those commemorated were U.S. Consul F.R. Engdahl, who died in a Japanese internment camp in Hong Kong, and five servicemen believed to have been shot down in an American bomber in 1942.

An honor guard from the U.S. seaplane tender *Floyds Bay* participated in the ceremony. Several representatives of the American community in Hong Kong attended.

Security Council Polled For Date To Hold Hearing

UNITED NATIONS, N.Y. (AP)—Members of the U.N. Security Council were polled today on the date they'd prefer to take up charges by Tunisia and France against each other.

The meeting may be tomorrow or Monday.

Tunisian Delegate Mongi Slim filed a complaint last night charging French forces in Tunisia and Algeria with armed aggression against the Tunisians.

French Delegate Guillaume Georges-Picot countered with a charge that Tunisia had breached an understanding with France concerning the stationing of the French troops in Tunisia. He asked that the Council meeting requested by Slim take this up and also resume consideration of an earlier French complaint that Tunisia is aiding the Moslem rebels in Algeria.

A report from Tunis said French and Tunisian troops fought a five-hour desert battle in southern Tunisia yesterday, but no casualties were reported.

Form Forestry Ass'n For Pitt

A Pitt County Chapter of the North Carolina Forestry Association has been organized locally.

Principal speaker at the organizational meeting was Howard Doyle of Statesville, who is Council forester. Eddie Jackson of Washington, N.C., president of the North Carolina Forestry Association, was also present and spoke briefly to the group.

It was pointed out at the meeting that forestry is the third largest industry in North Carolina and the state ranks fifth in forestry in the nation. Pitt County ranks fourth in the state in the annual volume of stock timber.

Hartwell Campbell was master of ceremonies for the meeting. Those attending included:

Mrs. Elizabeth F. Gorman, Winterville; Mrs. Theraline H. Forbes, Winterville; W. A. Forbes, Winterville; R. A. Morin, Greenville; John R. Hardy, Greenville; Frank M. Wooten, Greenville; T. A. Smoot Jr., Greenville; D. M. Jennings, Birmingham, Ala.; D. O. Speir, Bethel; J. H. Moye, Greenville; Kenneth G. Hite, Greenville; Tom Moore, Kinston; Miss Linda Parker, Raleigh.

Reports Quick Missile Action

MANILA (AP)—The Philippines' No. 1 soldier says a U.S. missile battalion can land in any Southeast Asian country and go into action within hours if necessary.

It was reported by Lt. Gen. Alfonso Arellano, chief of the Philippine armed forces, as he returned today from Japan and Okinawa. He was among high officers from countries of the Southeast Asia Treaty Organization and other anti-Communist Asian nations who witnessed a demonstration on Okinawa of U.S. weapons, including missiles.

Look TWICE before you buy...

See UNDER the tractor, too

Take a crop's eye view of the tractor you're sizing up... look at the daylight under the rear axle of a D-Series Tractor. Here's room underneath to span tall crops, and to work over high ridges or levees.

And look again at the low hood line, step-board platform, and ground-hugging stability of these utility-type models.

Only the D-14 and D-17 Tractors have this Low-Line, High-Crop design that brings you the 2-in-1 benefits of full-clearance, row-crop power, and timesaving utility tractor convenience.
