Firemen On The Job

ASSISTANT FIRE CHIEF JASPER JONES... looks over damaged dwelling.

Local Dwelling Suffers Damage Late Yesterday

A fire did considerable damage to a dwelling located at 2706 E. Third St. near Greenwood Cemetery late yesterday afternoon. The house is owned and occupied by Roland Vick Nichols. Firemen said the fire apparently began at an electric water heater located in a small storage room at the back of the house. The flames spread from the heater until the dwelling's attic. Firemen used high pressure lines from two trucks to knock down the blaze. A heavy line was laid from a pumper located at a fire plug a couple of blocks away but the line was not needed. Mrs. Nichols, who was at home when the fire broke out, said she was talking on the telephone when she first smelled smoke. She left the house and neighbors assisted in calling the fire department. Fire fighters extinguished the flames before they burned into the main part of the five-room dwelling. However, furniture and the walls and ceiling received water damage in portions of the dwelling. There was smoke damage throughout the house. A box alarm was sounded for the blaze. The call came in around 5:30 p.m. and firemen fought the fire until after 6:30. Mrs. Nichols said there was insurance to cover the loss.

Sadder, Poorer After 2 Wrecks

COLUMBUS, Ind. (AP) — Edmund Lowe, 28, Salisbury, Md., was a sadder and a poorer man today after two traffic accidents less than an hour apart. As he neared Columbus yesterday he crashed into the rear of a car driven by Norma Jean Everard of Columbus when she slowed to avoid a highway workman. His car received \$100 worth of damages. Then he drove on into Columbus, only to be hit broadside by a car driven by Patricia Lange of Columbus. The damage this time was \$250. For the second accident he was taken before a justice of the peace on a charge of failure to yield right of way. He was fined \$5 and costs.

Castro Seemingly Hedges On Pledge

HAVANA, Cuba (AP) — Forty-three Americans spent the Fourth of July in rebel camps of eastern Cuba today waiting for their own Independence Day. There was no indication when it might come. The U.S. Embassy said it had no word that the Americans and two Canadians kidnapped by the rebels were being freed. Informants said the rebels appeared now to be hedging on their release after turning loose four Americans and one Canadian. A U.S. Navy helicopter flew the five captives to the naval base at Guantanamo bay Wednesday after U.S. Consul Park Wollam conferred with the rebels.

National Debt Is Now Well Over \$276 Billions

WASHINGTON (AP) — Uncle Sam ended the 1958 fiscal year with the largest national debt in 18 months—\$276,444,438,345.81. The total, representing the debt on June 30, was the highest for the end of any month since December 1956 when it came to \$276,731,000,000. At the same time last year, it was roughly \$5,800,000 lower.

The daily Treasury statement, which gives the cash position of the Treasury, gave no reliable indication of how far the 1958 budget may be out of balance. The exact figure won't be known until the next monthly Treasury statement is published in about two weeks. However, top officials have been predicting a 1958 deficit of 2 1/2 to 3 billion dollars—compared with a budget surplus of \$1,645,000,000 last year.

Fleet Is In, And 17,000 Ashore

SAN FRANCISCO (AP) — The fleet's in and 17,000 sailors are on liberty in one of their favorite towns. They sailed into San Francisco Bay yesterday with the U. S. 1st Fleet to commemorate the 50th anniversary of the Great White Fleet's 1908 world cruise, the tour of 27 ships that President Theodore Roosevelt dispatched to show U. S. naval might.

And when the subcommittee disclosed what Goldfine described as Christmas gifts "that we send to some poor workers in different offices," Goldfine commented that "if that is something that is bad, I would like to be told about it."

The subcommittee recessed until next Tuesday its questioning of Goldfine after disclosing that he sent checks of from \$35 to \$75 each to 33 persons it said were present or former employees of the White House and congressional offices—both Democratic and Republican.

The White House confirmed that two of its employees had received checks. One, Miss Laura G. Sherman, said she had received a \$75 check last Christmas. Press secretary James C. Hagerty said Miss Sherman, whose home is at Franconia, N.H., had been at the White House about a year and formerly was on the staff of Sen.

Norris Cotton (R-NH). She now is No. 2 secretary to Sherman Adams, whose acceptance of favors from Goldfine has been aired by the subcommittee. Hagerty said Mrs. Helen Collé, secretary to appointments secretary Thomas E. Stevens, reported getting checks each year since 1950 — a period including three years of the administration of former President Truman. The checks ranged from \$35 to \$75, Hagerty said. Hagerty said neither had any explanation of why they received the gifts, and added that neither ever handled any matters dealing with Goldfine. Subcommittee Chairman Oren Harris (D-Ark.) said another of those listed — as recipients was Mary Ryan, a stenographer for the House Commerce Committee of which the subcommittee is a branch. She was not available for comment.

Informed sources said a snag developed in the negotiations and rebel leader Fidel Castro had decided to hold out for further talks. What he wanted to talk about was not known. The embassy here was believed awaiting new instructions from Washington. There appeared to be some sort of disagreement — or perhaps a breakdown in communications — between Castro and his brother Raul, who engineered the kidnappings. In a broadcast Wednesday night, Fidel Castro said it is possible the kidnapping campaign was a reaction against the recent delivery of 300 U.S. rockets to President Fulgencio Batista's army to replace some of the wrong size delivered last year. But the rebel leader said he nevertheless ordered the captives freed "because they are not responsible for their government's action in sending arms to Batista." Castro has been conducting a guerrilla war for 19 months in an effort to overthrow Batista. Raul Castro was reported drafting an apology "to the parents, wives and sweethearts of the men retained by us," Howard A. Roach of Watertown, N.Y., one of the five captives released, saw it being revised and typed.

Glorious Fourth Celebrants Off To Tragic Start

By THE ASSOCIATED PRESS Traffic 50 Drowning 2 Miscellaneous 1 Total 53

By THE ASSOCIATED PRESS The nation's Fourth of July celebration took off on a tragic start today. Early traffic fatalities piled up at a rate far ahead of that set during the recent Memorial Day holiday weekend.

Multiple-death crashes gave the fatality toll a spurt as millions of cars jammed the highways.

The early death count ran well ahead of advance estimates made by The National Safety Council.

In the first 18 hours of the Memorial Day observance, traffic deaths still numbered in the 30s. The 40-mark was reached in less than 16 hours in the current observance.

Four persons were killed in a head-on collision in Virginia; four others perished in a two-car crash near Orlando, Fla., and three were killed in an Ohio accident.

Four others died when their car pulled out from a combination restaurant - filling station near Weldon, N. C., and was hit by a tractor-trailer truck.

Another large trailer truck was involved in a three-vehicle crash near Eunice, La. Two persons were killed and 23,000 pounds of frozen chickens were scattered

over the highway. The NSC estimated in advance that traffic accidents would kill 410 persons in the 78-hour holiday period starting at 6 p.m. local time Thursday and ending Sunday midnight. The council said 4 1/2 million cars would travel a total of 12 billion miles on the nation's highways.

Traffic deaths were reported in 13 states during the first 10 hours compared with the seven deaths in five states during the same period of the Memorial Day holiday period. The final traffic count for the three-day Memorial Day holiday was 371, plus 132 deaths by drowning and 88 from various other accidental causes. The overall total was 591.

The record traffic toll for a three-day Fourth of July holiday period is 407, set in 1955. The all-accident death toll high for the same holiday is 805, also set in 1955.

The Associated Press, for comparative purposes, made a survey of traffic fatalities during a non-holiday weekend, from 6 p. m. June 19 to midnight Sunday June 22. It showed 339 traffic fatalities, 118 by drowning and 63 miscellaneous types of accidents, an over-all total of 520.

Most states ban the sale of fireworks and only two deaths by fireworks were reported last year compared with one each in 1956 and 1955.

Quiet Start For Pitt's Weekend

The early hours of the long July 4 weekend were quiet in Greenville and Pitt County.

Law enforcement officers had little activity to report as the first night of the weekend came to a close and Independence Day began.

Sheriff Ruel W. Tyson said there had been few calls for his department and ABC Officer J. M. Ward reported it was quiet for his department last night.

Highway patrolmen had no major traffic accidents to report as the holiday got underway despite a heavy flow of traffic on the highways.

A heavy column of smoke which could be seen to the south of Greenville late yesterday afternoon turned out to be a pile of burning tires on a farm in the Red Oak community.

The fire tower said the farmer who planned to burn the old tires had reported it to them beforehand.

Greenville's fire department answered one fire call late yesterday afternoon when a house caught fire in east Greenville.

They also answered a rescue call near the city dump last night when a woman was said to have been assaulted with a soft drink bottle by her husband. Her injuries were not serious.

City police made one arrest for drunkenness, two for assault on a female, and one for assault with a deadly weapon last night.

In Greenville practically all businesses were closed today and Evans St. took on a Sunday appearance.

County and state offices and the banks will remain closed tomorrow.

City and Utilities offices will open Saturday with skeleton crews to serve the public.

Secret List Of Refugees Safe; Loses His Post

UNITED NATIONS, N. Y. (AP) — Povel Bang-Jensen says he will fight to win back his post as a U. N. political affairs officer. He was fired yesterday for refusing to surrender a secret list of 81 Hungarian refugees.

The Danish citizen said he was convinced the U. N. administrative tribunal would reinstate him.

Bang-Jensen was the deputy secretary of the five-nation U. N. committee which investigated the 1956 Hungarian uprising. He said he promised the refugees who testified before the committee not to let anyone else know their names.

Last fall Bang-Jensen refused to turn the list over to Secretary General Dag Hammarskjold for the U. N. archives, saying he feared Communists might see it and take reprisals on the witnesses or their relatives in Hungary.

Hammarskjold suspended Bang-Jensen and a three-man inquiry group ruled that he should be dismissed for gross misconduct. The U. N. employees disciplinary committee upheld the ruling.

McCrory said Robb, an old friend, asked for help for a few days and he complied.

Mack said he is satisfied Goldfine is "not as naive as they would like him to appear and every step that has been taken has been carefully coordinated."

McCrory, who was active in the 1952 Republican presidential campaign, has denied to reporters that either the White House or the Republican National Committee was responsible for his association with Goldfine.

McCrory said Robb, an old friend, asked for help for a few days and he complied.

Mack said he is satisfied Goldfine is "not as naive as they would like him to appear and every step that has been taken has been carefully coordinated."

This Fourth Is A Milestone

LAST FOURTH OF JULY FOR THIS FLAG—Jane Perkins and Lillian Moye, pretty Greenville Misses, unfurl Old Glory for display on the Fourth of July. The flag with its 48 stars will probably be flying on its last Independence Day. Congress has recently voted to admit Alaska to the Union. Thus next July 4 American flags will probably include 49 stars. (Reflector Photo by Martha Pierce)

Wreck Near Weldon Kills 3 Brothers And A Friend

WELDON, N. C. (AP)—Three brothers and a friend met death early today when their car roared away from a roadside restaurant-filling station into the path of a tractor-trailer truck.

Dead were: Roger William Boone, 20; Benjamin Baggett Boone, 14; and Johnnie Taylor Boone, 18, brothers, all of Rt. 2, Spring Hope; and Neddie A. Taylor, 23, of Raleigh.

The grinding crash occurred around 1:35 a.m. on highway U.S. 301 at Mack's Truck Stop, about a mile north of Weldon.

Coroner W. W. Carter said the four youths had stopped at the restaurant and "drove out at a very rapid rate of speed heading south. The tractor trailer was coming north. The car ran out and hit the truck right head on. The car was demolished and the truck right badly damaged."

Three of the youths died at the scene and the fourth was dead on arrival at Roanoke Rapids Hospital.

Carter said the tractor-trailer, owned by Alterman Transfer Co. of Miami, Fla., was driven by Paul Outlaw of Miami. He was uninjured.

Carter said that Outlaw was not being held because "it was no fault of his at all. He had no chance in the world of getting out of their way. He was not running over 25 miles an hour at the most."

The coroner identified Roger William Boone as the driver of the car. He said there were two empty beer cans in the car, but he has no way of knowing whether they had been drinking or not.

Carter said the truck ran into the front yard of a home and stopped within six feet of its front porch.

The brothers were the sons of Mrs. Lucille Boone of Rt. 2, Spring Hope. Their father is dead, but they are survived by five brothers and sisters.

Woman Hurt In Greene Accident

Holiday traffic was reported light throughout Pitt County today as highway patrolmen were out in force on guard against traffic accidents.

Although there were no reports this morning of highway accidents in Pitt County, one Greenville person was injured last night in an accident on highway 264 in Greene County.

Patrolman William Whitehurst reported that Mrs. E. R. Browning

of Orton Drive, Greenville, received a back injury when a mule ran into the rear door of the car in which she was riding. The car was being driven by her son Bob Browning at the time of the accident.

Whitehurst said the accident occurred about 11 o'clock last night when a mule ran into the right rear door of the car and caused the car to swerve, throwing Mrs. Browning out of the automobile. The patrolman estimated damage to the automobile at only \$25. Neither the driver of the car nor the other occupant, Dr. E. R. Browning, were injured, Whitehurst said.

Throughout the county patrolmen reported that traffic was light today as was the case last night. Drivers, said the patrolmen, apparently were operating their vehicles very carefully.

"We just hope it stays this way," one patrolman commented this morning.

Blame Ruptured Detonation Cap For Nike Blast

WASHINGTON (AP) — A ruptured detonation cap is blamed for the Nike missile explosion that killed 10 persons and injured two others at Middletown, N. J., May 22.

The Army gave that explanation yesterday and added: "The procedure which may have caused the accident has been corrected and eliminated."

Eight of the big anti-aircraft missiles were destroyed or badly damaged in the explosion. But the Army said an exhaustive investigation showed "no evidence of gross carelessness, smoking, inattention to operations or any other cause such as sabotage."

The Army said that somehow a detonating cap was ruptured while workmen were replacing an old triggering device from a missile with a new and more efficient type.

There was no evidence the part being replaced could have caused the accident, the Army said.

HAIL AND TORNADES BILLINGS, Mont. (AP) — Damage from a series of tornadoes and hailstones which hammered south central Montana Wednesday was estimated last night at more than five million dollars. The figure was set by insurance adjusters who toured the stricken areas as a gentle rain spattered hard hit Billings.

Advance indications of conditional agreement came both from Secretary of State Dulles and from unofficial comments by British officials. Both Eisenhower and British Foreign Secretary Selwyn Lloyd have made similar suggestions in the past.

They hope that Soviet leaders are seriously interested in coming to some practical agreements on a problem the solution of which would go a long way toward reducing the dangers of an outbreak of war and mark the beginning of disarmament.

However, authorities do not rule out the possibility that the Soviet government may be trying to repair its peace propaganda position. This has been badly damaged in the last few weeks by such things as the breakdown of summit conference negotiations in Moscow, the execution of former Hungarian Premier Imre Nagy and the threat not to attend nuclear test talks at Geneva.

Another purpose, officials said, may be to inject new steam into Khrushchev's eight-month-old drive for a summit conference.

Dulles told reporters that the long exchange between Eisenhower and Soviet leaders over the need to do something about preventing surprise attack might now result in technical talks on the question of what practical steps can be taken.

Hawaiians Head For Washington

HONOLULU (AP)—Three Hawaiian delegations head for Washington tomorrow to press for statehood in this session of Congress.

Quinn's party includes Samuel Wilder King, who has served both as governor and delegate, and Mrs. Joseph R. Farrington, former delegate and president of the Honolulu Star-Bulletin.

Lawmaker Reminds Goldfine Hardly A Babe In The Woods

WASHINGTON (AP) — Rep. Peter F. Mack (D-Ill.) said today there has been a well-organized public relations effort to make Bernard Goldfine appear to be more naive than he really is. Rep. John B. Bennett (R-Mich.), another member of the House subcommittee which is looking into the Boston millionaire's relations with presidential aide Sherman Adams and others, said he considers Goldfine "anything but naive — a very brilliant business man."

Rep. Morgan M. Moulder (D-Mo.) said in another interview that "any man who has been as successful as he has been both in his enterprises and in securing influence is bound to be a very shrewd person."

And when the subcommittee disclosed what Goldfine described as Christmas gifts "that we send to some poor workers in different offices," Goldfine commented that "if that is something that is bad, I would like to be told about it."

The subcommittee recessed until next Tuesday its questioning of Goldfine after disclosing that he sent checks of from \$35 to \$75 each to 33 persons it said were present or former employees of the White House and congressional offices—both Democratic and Republican.

A number of others listed had the same or similar names to present or former employees of the offices of Rep. John W. McCormack (D-Mass.), the House Democratic leader, and Senators Cotton and Styles Bridges, New Hampshire Republicans. Goldfine has woolen mills in New Hampshire.

Most of those with corresponding names were reported out of the city for the Fourth of July holiday, and not available for checking. Goldfine himself named one of the recipients as Eugene T. Kinnally, administrative assistant to McCormack. But Kinnally said he had received only some fancy foods and the like from Goldfine.

Subcommittee Chairman Oren Harris (D-Ark.) said another of those listed — as recipients was Mary Ryan, a stenographer for the House Commerce Committee of which the subcommittee is a branch. She was not available for comment.

McCrory said Robb, an old friend, asked for help for a few days and he complied. Mack said he is satisfied Goldfine is "not as naive as they would like him to appear and every step that has been taken has been carefully coordinated."

Has Rising Of The Chiefs Ceremony

GOCHER COUNCIL . . . No. 60 last night held their installation ceremony at the Red Men's Hall on Broad Street. Three Washington council members presided over the meeting to assist in the ritual ceremony. They are, left to right, Mrs. Gladys Crisp, Great Wagona of Great Council of N. C.; Mrs. Mary Corbett, Incoming P ochantas; Mrs. Martha Crummy, Great Prophetess of Great Council of N. C.; Mrs. Alma Baker, outgoing P ochantas; and Mrs. Faye Sawyer, Great Keeper of Records of Great Council of N. C.

Concerts Scheduled At ECC

Concerts by the Boston Concert Ensemble and Lloyd LaVaux, accordionist, have been added to the Summer Series at East Carolina College. It is announced by the Entertainment Committee. The concerts will take place in the Austin Auditorium.

The Boston Concert Ensemble—a pianist, violinist, harpist, and bass-baritone vocal soloist—will appear in a program of classics, standard works and concert favorites Monday, July 14, at 8 p.m.

Lloyd LaVaux, popular concert artist and radio-television performer, of Chicago, will bring three accordions with him when he appears on the East Carolina Entertainment Series Monday, August 4, at 8 p.m.

The artists comprising the Boston Concert Ensemble are: William Stevens, Canadian pianist; Nancy Cirillo, violinist; Colette Rushford, harpist; and John Horner, bass-baritone. This quartet of young performers will be soloists with the Brevard Symphony Orchestra at Brevard, N.C., July 11, 12, and 13, having been engaged by Dr. James Christian Pfohl for these dates.

These musical artists have wide backgrounds in many phases of vocal and instrumental music, having given outstanding recitals at many colleges, for music associations, and on tours in the East, South, Midwest, and New England states. Critics have acclaimed them for their artistry and musicianship.

LaVaux appeared at East Carolina College a few summers ago, and has gone on to many repeat engagements at colleges throughout the midwest, has gained new audiences by means of supper club, radio and television performances.

Chairman James W. Butler of the Entertainment Committee announces that the concert of these artists this summer are open to the public at no admission charges.

30 Years Ago Today

July 4, 1928

Mrs. E. B. Ferguson and Mr. and Mrs. C. S. Carr left today for Wrightsville Beach.

Mr. and Mrs. H. H. Duncan and children left today for a few days at Pamlico Beach.

Mrs. W. R. Smith and Miss Georgia Smith have returned from a trip to Morehead.

Mr. and Mrs. C. A. White and children have returned from Beaufort and Morehead.

Mr. and Mrs. Roy Currin of Oxford and Roy Currin Jr. of New York, who have been guests of Mr. and Mrs. Frank Bendall, returned home yesterday.

Mr. and Mrs. Durwood Tucker have moved from East Ninth Street to Eighth Street.

Summer Without Ice Cream?

RALEIGH — What would the summer be without ice cream, America's most popular dessert? If you'd ask the kids, from six to sixty, you'd get the same answer—why, if just just wouldn't be summer without it! Just think of all the fun you'd miss making homemade ice cream—cranking the freezer (the electric ones take all the fun out of it), and waiting to figure over who gets to lick the dasher.

Well, how did we come to depend on ice cream so much as a part of summer? According to Ruby F. Tzade, Agricultural Extension Service consumer marketing specialist, it didn't happen overnight. It has taken 50 years for ice cream to become the favorite dessert, but today it's almost an institution at the family dinner table. In restaurants, it outsells all other desserts combined.

If we tried forever, it would be difficult to establish another food as popular that would still be as good for you. Because it has some of all of the nutrients of whole milk, nature's most nearly perfect food, ice cream is good for you. In the interest of calorie-counters, the average serving of ice cream—1-2 to 2-3 cup—furnishes 165 calories. So there are numerous low-calorie, by comparison, ice milks or sherbets on the market for you to choose from.

If you haven't the time to make your ice cream, there's plenty available for you to buy. And according to Mrs. Tzade, the majority of ice cream today is commercially made.

When you get home with that package of ice cream from the store, a problem confronts you. If you have a freezer, you have no immediate problem; but those who don't have a freezer must find some other means of keeping it until it's time to use it. Your best bet is to make room for it in the freezing compartment of your refrigerator.

Mrs. Tzade points out that if ice cream softens and is refrozen the product tends to become coarse textured and shrinks in volume. Ice cream may be stored satisfactorily in a home freezer at about zero degrees for two to three weeks. If it's to be kept more than a week, be sure that the carton is moisture-proof, she concludes.

Social Notes

Mrs. W. A. Eilers continues to be ill at her home at 208 South Summit Street.

It's a big help on washday to have the cuffs of your youngster's jeans "snapped" up instead of permanently sewed in place.

Just attach large snaps to the outer and inner seams of each leg; then the cuffs can be opened flat before washing, brushed free of dust, and pre-scrubbed with thick soap or detergent suds. Furthermore, the cuffs will dry faster when unfolded.

Hang the bag on an ordinary wooden hanger in a convenient spot, at a height easy for a child to reach.

Collecting

The Junior Woman's Club each month presents some type of material object to the Caswell Training School in Kinston.

The club is in the process of collecting old bathing suits and play clothes ranging in adult and children sizes. Mrs. Gordon Goodman, chairman of Caswell Training School for the club, requests that anyone having these clothes contact her at 4287 or call Mrs. Quentin Avery at 5409.

The mentally retarded students will receive the clothes.

Grifton News

Bill and Clint Daws, sons of Mr. and Mrs. W. E. Daws, Pat Oglesby son of Mr. and Mrs. H. C. Oglesby are attending camp for several weeks at Camp Sea Gull.

Mrs. Ross McLawhorn is a patient at Lenoir Memorial Hospital in Kinston.

Mr. and Mrs. Tom Gower have returned from a trip to Gadsden, Ala. They were accompanied home by Miss Louise Mewborn and their daughter Betty Lynn who had been spending sometime in Gadsden as guest of Dr. and Mrs. Dale Smith. Rusty Gower remained for a visit in the Smith home.

Misses Frances Davis and Wilma Patrick leave today to Camp Kanuga near Hendersonville where they will serve as counselors for several weeks. They will be accompanied by Mr. and Mrs. Bryan Davis and Miss Nannie Davis who will also tour the mountains of Western Carolina.

Mrs. Henry Halslip and children, Jane and Gloria, and Miss Maggie Bell Jones of Hamilton spent Monday here with Mrs. J. A. Jerrell. Little Miss Jane Halslip remained for a visit.

Miss Blity Haynes of Pitman, N. J., arrived by plane on Tuesday for a visit with her grandmother, Mrs. G. T. Gardner. She was met in New Bern by Mr. C. R. Cobb and Olivia Reeves.

Miss Lou Raye Mewborn, was in Wilmington during the weekend to attend the wedding of Miss Sally Ann Ottway and John Newell Jr. of Greenville and to serve as bridesmaid in the wedding. Others attending from here were Mrs. Robert Mewborn and Mrs. Tom Gower, Miss Louise Mewborn, Miss Jane Mewborn and Miss Betty Lynn Gower.

Mr. and Mrs. W. I. Bisette were in High Point on Sunday for a visit with Bisettes' mother, Mrs. Myrtle Bisette.

Mr. and Mrs. W. M. Taylor, Charles Wetington and Steve Cox spent Tuesday at South River with Mr. and Mrs. F. L. Cox who are at their cottage for several weeks.

Vacationing this week at Atlantic Beach are Mrs. Jake Worthington, Misses Carolyn McCotter, Ellen Goolsby and they are joined by Mrs. Craven Hughes and children of Greenville.

Mrs. LeRoy Cherry and children have returned from a weeks stay at Carolina Beach, Cherry joined them for the weekend to accompany them home.

Miss Ruth E. Smith has returned from a three weeks trip to the West Coast accompanied by her mother, Mrs. L. S. Smith of Jeffersonville, Ind. Their trip included visits of California and Oregon.

Mr. and Mrs. Paul Mears and children are vacationing with Mr. and Mrs. Paul Boerum, Mrs. Mears, on Chesapeake Bay near Deal, Md. Mrs. Sam Cox and son Jerry of Jacksonville were guest of Mrs. W. C. Mewborn last week.

Mr. and Mrs. Charles Anderson and children, Sara and Noel, of Raleigh were guests at the weekend of Mrs. H. L. Wetington.

Mr. and Mrs. Rudy McAfee left at the weekend for a trip to Swainsboro and other points in Ga.

Howard Holcomb III, young son of Mr. and Mrs. Howard Holcomb Jr., is a patient at Pitt Memorial Hospital in Greenville.

Mrs. T. B. Edwards and daughter Chris of Alexandria, Va. were over night guests on Tuesday of Mr. and Mrs. H. C. Gravelly.

Includes 'Three Ways To Buy CASH - CHARGE - LAYAWAY' and Brody's logo.

Sisters And Brothers Air Peeves

By VIVIAN BROWN

AP Newsfeatures
One of the major problems of some adolescents is a brother or sister, younger or older. Sometimes the little problems created by their existence in the life of an adolescent seem insurmountable.

There's the teen-ager, for instance, who has a 10-year-old brother she describes as "peeping Tom," and it so happens that's his name.

"I caught up with his peeping activities," says she, "when my steady date and I were sitting on the porch. I heard a noise and looked behind the porch swing and there he was hiding and spying. Now he taunts me by telling others about our conversation, and that I called this boy 'Cookie.' My mother refuses to punish him, and he is driving me crazy."

Junior Blues
Another young modern rebels against older sister's popularity and brains.

"I just hate to go to school because they all compare my work to my sister's," she says. "She is two years older, 19, and went to the same school I'm attending. The teachers are forever reminding me that she was better in practically everything. Even the gym teacher made the crack that my sister 'didn't have two left feet like mine.'"

A brother's girl friend can prove a nuisance, especially when she's anti-sister. Writes a sister:

"My brother used to take me out in his car, and sometimes he would go to dances with me, but now he has a girl friend who doesn't like me, and takes up all of his time. The other day she called me a little pest because I sat next to them in the soda store. My brother lets her wrap him around her little finger."

Then there's the perennial complaint about "Daddy's girl." A 16-year-old finds:

"My father prefers my sister two-to-one. As a matter of fact when my sister was my age she got a bigger allowance, and my father has taken her to more places than he takes me. She even goes fishing with him. Sometimes my mother goes, but they usually tell me to stay home and study."

Big Sister's Lament
An 18-year-old college freshman can't bear little sister's "taking ways." It seems that her 12-year-old sister dresses up in her clothes when she's not around. She complains:

"She ruins the heels on my dance slippers, breaks my pearls, gets runs in my stockings and spots on my good clothes, all in the line of play. I have asked her a hundred times not to rely on my wardrobe for her fun, but she takes my possessions on the sly, anyway. There is no way to lock up my things."

The Commission Has A Challenge

Appointment by the County Commissioners of the Pitt County Industrial Development Commission puts Pitt in a position where its county-wide development agency can go to work.

As provided in the enabling act which authorized this special commission, it is composed of one representative from each of the county's 15 townships. In addition it has one member appointed from the county at large and the chairman of the County Board of Commissioners as a member.

Such a membership guarantees every community in Pitt representation on the commission and a voice in the policies which will govern the work of the commission.

It will take time for the industrial commission to organize, secure the personnel it will employ and to outline the development program it will set up for the county. Such things cannot be done overnight.

Now that the commission has been appointed, however, it should go about its initial tasks with as much speed as sound judgment will permit. The sooner the groundwork is done, the sooner Pitt can begin to mount aggressive program designed to stimulate the industrial development of the county and further the county's agricultural development.

Though Pitt has taken important steps in recent years in developing its economy, it still lags behind some of the other counties in this part of the state in the emphasis it has placed on attracting outside industries and creating new home-grown industries.

Certainly the people of the county cannot expect smokestacks to begin popping up like weeds in spring now that the industrial commission has been appointed. They are entitled to expect that the commission will as rapidly as possible begin a sound development program which will lead to a higher economic level for all of Pitt County.

At best this new commission has a tough job before it. In accepting appointment on the part of its members has accepted a challenge which is important to every citizen of Pitt County. The greater the

cooperation the commission receives from the people of the county, the better job it can do and the sooner it can begin to produce results for the benefit of all the county.

The Glorious Fourth Has Seen Day Change

What happened to the Glorious Fourth that used to set every community on its ear early in July?

The flag-waving, the fireworks, the speeches and the big parades have all but become a thing of the past. July Fourth has become just another holiday.

Folks get a day off from work and flock to resorts or just stay around the house to catch up on postponed chores. Downtown streets that used to be the scene of big doings on the Fourth are as deserted as a ghost town. Gone are the days when orators mounted bunting-draped platforms to recount the historic moments in the nation's struggle for independence. Gone are the bands, the crowds, the military parades and the festival air that used to typify July Fourth.

It's not that folks don't appreciate Independence Day or what it stands for. It's not that citizens today are cool toward the mighty exploits which wrested independence for this nation.

It's just that the idea of really celebrating the Fourth has changed over the years. Maybe it's because the outlawing of fireworks took the real festival feeling out of the Fourth. Maybe it's because there are so many parades, speeches and celebrations all during the year that the people as individuals want something different on the Fourth . . . something of their own choosing.

The Fourth is still the Glorious Fourth and it always will be. The difference is that time has changed the motive of the celebration.

They Concede It To Be Blackmail

By JAMES MARLOW

WASHINGTON (AP) — It is not longer just an American, Secretary of State Dulles, who is calling the East German Communists blackmailers. They themselves have made it indisputable that they are both blackmailers and second-raters.

An East German spokesman said Wednesday the nine American soldiers held captive 26 days since their helicopter wandered there would be released at once if the United States would recognize the East German government.

The United States, allied with the West Germany, has refused to recognize the East German Communist government as legitimate. The American position is that the East German Communists are not a government but the puppets of the Russians.

At a news conference set up by the German Reds, the American captives told newsmen they accidentally landed in East Germany the East German police first took them to Soviet army officials, not to East Germans.

This action by the East German police was tacit admission that the Russians, not the East German Communists, were the sovereign power in East Germany. The East Germans have been pretending they are sovereign and should be recognized by us.

After repeated requests the East Germans invited AP's Berlin correspondent Seymour Topping, and eight newsmen who represent European Communist newspapers to a conference with the American prisoners.

How the East German Reds came to do this — in view of

what developed and the position it put them in the eyes of the world — is almost unbelievable for its stupidity and clumsiness.

The Russians, after the American prisoners were delivered to them by the East German police, turned them back to the East Germans. Russia since has insisted the problem of releasing them involved the United States and the East Germans.

This was an apparent effort to force American recognition of the East German regime. Dulles branded these tactics blackmail Tuesday at his news conference.

Dulles took this position: "I can't think of anything that would be worse than, in effect, to pay blackmail to get people out."

"We are willing to use any proper methods to get them out short of paying blackmail. If we started doing that, then that would only encourage further efforts to use Americans as hostages."

This country, allied with Chiang Kai-shek's Nationalist government on Formosa, has refused to recognize the Chinese Communist government on the mainland as the legitimate government of China.

The Chinese Reds had held 40 Americans prisoners. Although this country did not recognize them, it nevertheless carried on long negotiations with the Chinese Reds to get the prisoners released. All but four are now free.

This country will probably attempt to follow the same course in seeking the release of the nine American soldiers now in East Germany.

Five-Year Lag In New Works?

By LYNN NISBET

LAG — One of the major problems facing administrators of State institutions and members of the General Assembly is the lag or lapse of time between recognition and presentation of need for facilities and their construction. Chancellor Carey Boston of State College estimated this lag at about five years.

The institutional administrators figure what they need to discharge their responsibility to the people. They present these items first to their trustees. If approved, they are presented to the advisory budget commission. Then they go to the General Assembly. If the trustees, the budget commission and the General Assembly all approve the projects, there is still time required for drawing plans, submitting projects to bids and construction by winner of the contract.

It often happens that by the time all the red tape has been unwound and contractors are ready to lay brick the original plans are obsolete.

PLANNING — That is why a lot of the emphasis on long range planning is misplaced. Dr. Walter Sikes, superintendent of the State hospital at Raleigh (Dix Hill) told the budget group that just a few years ago the policy was not to permit any electric outlet connections in patients' quarters because of the safety hazard. Policy now is to have outlets everywhere possible because of newly discovered uses of electric current in the therapy.

Who knows but what another reversal in policy will outlaw the numerous plug-ins for electricity presently approved, if medical science discovers better methods of treatment.

HOW FAR? — The big question is how far ahead should advance planning go, and to what extent the State should provide facilities in competition with private enterprise. Dr. J. J. Stewart, dean of students at State College, reports that the college cafeteria is losing business because it is located on the edge of the residential area of the campus and there is not sufficient parking space for student automobiles. Failing to find parking space, the students

drive on to private enterprise restaurants. There is official request for money to provide a new cafeteria in walking distance of the dormitory center. Need for such walking-distance eating place was emphasized with prediction that the time is near at hand when student automobiles will be banned from the campus.

Question arises whether if automobiles are to be banned entirely, any or very many of the boys will want to live on the campus. That involves the further question of whether either the new cafeteria or the new dormitories will be needed.

An interesting sidelight on the cafeteria issue developed when a member of the budget commission asked a State College official if he thought the cafeteria could be financed on a Federal loan basis, like some dormitories are being built. The answer was a very emphatic "no."

Consensus of all the college folks statements was that the students who used the living quarters and eating facilities should not be required to pay for them, but that they should be furnished by the State either free of cost to the users or at very nominal rates.

WASTEFUL — One thing that may come out of Governor Hodges' visit with the Advisory Budget Commission to a number of the State institutions may be elimination of waste in use of highly valuable real estate for non-productive activities.

A case in point is the property of the State school for the blind and deaf at Raleigh. The school owns about 50 acres in Raleigh, adjacent to Pullen Park, and some 400 acres just east of the Raleigh city limits on the old Garner road.

Most of this land is ideally situated for industrial development or some usage other than that for which it is now dedicated. Governor Hodges says, not in exactly these words but in this sense, that it is a pity to "waste" this highly valuable land for a school site, when cheaper land farther away from the city would serve the purpose of the school better.

Great Men Of 1776

By HAL BOYLE

NEW YORK (AP) — "Is not America already independent?" demanded Samuel Adams of Massachusetts after Colonial forces had fought three battles against the British.

"Then why not declare it?" The statesmen of 1776 moved leisurely toward the framing and adoption of "the noblest document in political history."

The North Carolina Legislature voted on April 12 to join any other colonies in a "Declaration of Independence." Virginia on May 15 voted to initiate the declaration. And so on June 7 one of its delegates, Richard Henry Lee, arose in the Continental Congress and moved that:

"These united colonies are, and of right ought to be, free and independent states."

Helped by the wisdom of Benjamin Franklin and John Adams, young Thomas Jefferson composed the historic document in 18 days. To him it was more than a political statement. It was a profound testament of the imperishable rights of all men.

As any young author would, Jefferson writhed at the changes Congress made in his masterpiece. It deleted his censure of the British people and his stirring denunciation of human slavery. It inserted appeals to "Providence" and "lightened a few of his florid phrases."

But the document remains as Jefferson's mightiest monument. Although Congress voted independence on July 2, it didn't adopt the Declaration until July 4 and it wasn't publicly read until several days later.

New York abstained from the voting and Pennsylvania and Delaware cast divided votes. But by July 15th, when the Declaration was ordered engrossed, the vote had become unanimous.

It is doubtful if anyone signed the Declaration the day Congress passed it. Some men who voted for it on July 4 never did get to sign it; some signed it who were not present when it was first passed. The final signature—that of Thomas McKean of Delaware — wasn't affixed until 1781.

What sort of men were they who risked the hangman's noose to put their names to the Declaration? Not at all the immature or irresponsible firebrand types often associated with revolution.

Only two of the 56 signers were bachelors. Sixteen were married twice. The signers fathered 325 children — Carter Braxton of Virginia leading with 18.

Slightly more than half were Episcopalians. The rest were Congregationalists, Quakers, Baptists, Presbyterians and Catholics. Ten were the sons of preachers.

The last signer to die — and the oldest at the time of his death — was Maryland's Charles Carroll of Carrollton. He lived to be 95. First to die after the signing was John Morton of Pennsylvania in April 1777.

Some died violently. George Whyte of Virginia was poisoned by a grandnephew, impatient for his inheritance. Button Gwinnet of Georgia was killed in a duel with a political rival.

Most of the signers remained active in public life. Two later became presidents — Jefferson and John Adams. Elbridge Gerry served as vice president under James Madison.

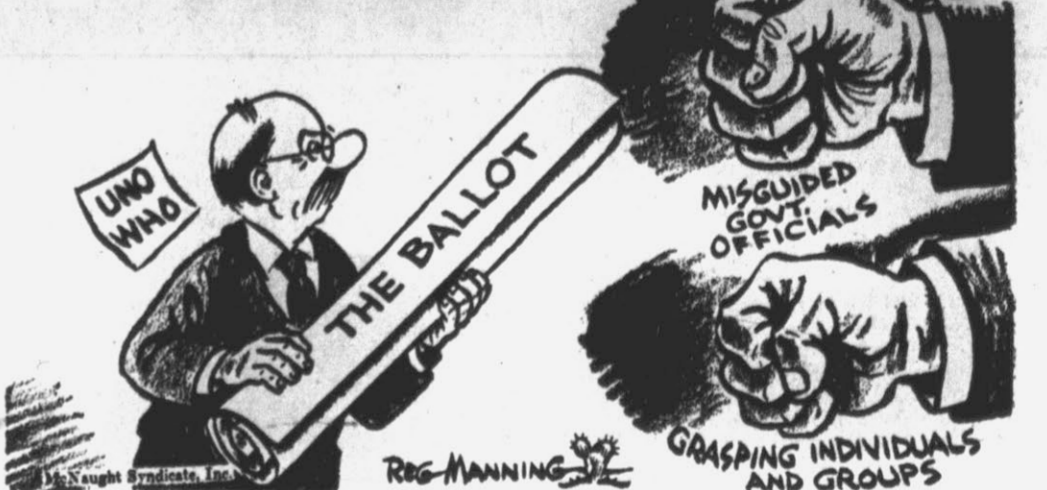

The document itself was nearly captured by the British in both the Revolution and the War of 1812, twice narrowly escaping being destroyed in fires.

Over the years it found refuge in 10 cities in five states before in 1921 the Library of Congress gave it a permanent home, and made it a national shrine.

Independence And Freedom

THREATS TO OUR FREEDOM COME FROM WITHIN—

By ALVIN TAYLOR

Anyhow, There It Was

Sputnik? Explorer? Meteor? What was it that streaked across the southeastern skies of Greenville Thursday night?

There's no doubt that there was an object. It was much larger than the usual falling star although somewhat smaller than the full moon which shone that night.

One observer has described the object as being as large as a grapefruit as seen from the ground.

A lady on S. Harding St. who saw the object said: "It looked like a red ball of fire and had a kind of a tail on it."

The lady, who did not want her name used, viewed the thing as she sat with a neighbor in the neighbor's yard. Both saw the object.

"It looked like it was about the size of a grapefruit and it was nothing compared to a star falling. It lasted a few seconds and then just disappeared. I don't know whether it broke up or went below the horizon."

She said the object appeared in the southwest sky between 8 and 8:30 p.m. Thursday.

The two ladies were the second group to report viewing the strange celestial object.

John Behr and Dr. E. F. McAndrews also saw the thing at 8:15 that night and their description was almost exactly the same as that offered by the lady on Harding St.

Behr, a Dupont official, and Dr. McAndrews, a chiropractor, were inspecting the Moose Lodge's new swimming pool on that night when they spotted the strange object in the skies.

Behr said it moved from west to east and then seemed to break up into fragments. When they first saw it, Behr said, it was white hot. Then it turned to an orange color before disappearing.

It was a terrific ball of fire," he declared. "It seemed to be

very low, as if a rocket." Behr said there was still "a fair amount of light in the sky" at the time the object appeared. It was still twilight.

Thus the unusual object was seen by two groups on opposite sides of the city at the same time.

It could have been a meteor which penetrated further into the atmosphere than most meteors do.

What about the Explorer that was due to fall a few days ago? It's possible. However,

scientists figure that satellite fell some days ago, although it was never sighted for certain.

Howard W. Mims, the Reflector's Linotype machinist, has found a new way for catching fish.

Mims and his wife were fishing below Washington last weekend when a fish took a big leap from the water and landed squarely in the boat.

The little rascal wasn't too big, but he sure appeared awful anxious to be caught.

Other Editors Saying--- Using Common Sense

(Washington Daily News)

We are hearing much about the number of escapes from our North Carolina Prison system. And it does seem that we are having an unusually large number of prisoners escaping.

We ought to expect some men to try to escape, and we should expect some to succeed. We have always had this problem with us, and so long as we have men in prison, we'll still have the problem.

It is no different in North Carolina from the problems facing officials in other states. Until recently in North Carolina when a prisoner escaped, all information had to come from Raleigh about the escape and the prisoner. Local prison camp officials were not allowed to give out information.

W. F. Bailey, Prisons director, recently changed the policy. And his change certainly reflects a common sense view. According to Mr. Bailey's recent order, local prison officials are allowed to cooperate with newspapers and reporters in giving out such information. And the help which local camp officials can give now certainly should be of value.

After all, public enlightenment and public notice of an escape often could help prison officials capture an escapee quickly.

But somewhere along the line the order given out by Mr. Bailey has become fouled up. Recently this writer was talking with a prison camp official in another part of North Carolina. This veteran official made some pertinent observations. He was high in his praise of Mr. Bailey, but at the same time he observed that some of the men between Mr. Bailey and the prison camp officials were not according Mr. Bailey's orders the proper respect.

"We are constantly in the middle, and there is nothing we can do about it," he said.

The Daily News had occasion

recently to find out first-hand what this camp official meant. Twelve convicts who escaped had been caught and were brought to Beaufort County Superior court to face added sentences for escaping. They came to the court house in prison trucks.

We asked local camp officials for the names of the prisoners so that we could save time in court. But a division supervisor was near, and he didn't like the idea. He stepped in and stopped it. This supervisor, in our opinion, was directly violating the order of Mr. Bailey much to the embarrassment of several people.

It was very easy to go into court and get the names. All one had to do was be there in court and listen. We did just that, and we got the names. But it would have been a simple matter for that supervisor to respect the order of Mr. Bailey and allow the names to be written down beforehand.

There is another angle involved, too. We remember what the camp official told us some time ago. He said "if the fellows bear, and we don't like the idea. He stepped in and stopped it. This supervisor, in our opinion, was directly violating the order of Mr. Bailey much to the embarrassment of several people.

We are inclined to appreciate what this man told us in confidence some time ago. If the supervisor here that day in Washington had used common sense rather than authority, all of us would have been better off. And often times authority is a poor substitute for common sense.

Mr. Bailey should be made aware of the fact that his supervisor not only failed to carry out his order but also that he put the local officials on the familiar spot. We have much respect for Mr. Bailey, probably far more than some of the supervisors working under him.

Opinions In Brief

"Has Southern Hospitality spread into the northern states? Many of the Patrons of the Advertiser-Journal Theater Train which has returned from a trip to New York City, believe it has. With few exceptions these 85 people from four southern states found the welcome mat out practically everywhere they went." — Alabama Journal, Montgomery.

reckless youth are the ones who should be frozen out. That's what society is for—to have standards and to require conformity to them." — Memphis Press-Scimitar.

"Now that they are holding graduation ceremonies for dogs at Eastern Illinois University, we expect to be snubbed any time by some class-conscious pooch." — Mattoon (Ill.) Journal-Gazette.

"The lax parents and the

Strength For Today

By EARL L. DOUGLASS

A man at a filling station recently told me something which caused me to ponder. "It is not just running a car around town or on a trip which takes gas," he said. "Most people don't realize that an idling engine eats up a lot of gas. In fact, there are few things that run the gasoline bill up any higher than does idling."

We often fail to realize that when we are what might be called "idling," the devil gets in his worst licks. It is when our minds

are idling that all sorts of unwholesome and evil thoughts creep in. The idle rich are noted for their unhappiness. Very often men who retire after an active career find it painfully hard to get themselves adjusted to a life of idleness.

As a matter of fact, none of us should ever get happily adjusted to a life of idleness. Idleness is too costly — in energy, in quietness of mind. The person who keeps himself busy, who keeps his mind active, who, although he is careful to observe periods of relaxation, never allows himself to indulge in idleness — such a person is sure to be happy.

The idler is never happy. The idle man is restless and anxious. The idling engine eats up a lot of gasoline. Idling in any form is costly.

Revenue Dept. Ruling Consistent

By ELMER ROESSNER

The Internal Revenue Service has issued two rulings dealing with television and charity that chart a course for those who want to contribute their talents. In the first case, the executive director of a tax-exempt organization arranged to appear on a quiz show with the understanding that his winnings were to go to the organization.

The IRS held in Rev. Rul. 58-235 that the director had to pay income taxes on the winnings. In the other case, a television station put on a "teletthon" to raise funds for an exempt charity. The IRS in Rev. Rul. 58-276 holds that none of the contributions are taxable.

SEEMING CONFLICT

At first glance, these two rulings may seem to be in conflict. The proceeds of the teletthon

were tax free; the proceeds from the quiz show were taxable. The unnamed quiz contestant lost money — the amount of taxes on his winnings. Conceivably, if he has won \$64,000 he might have been bankrupt by the tax bill and, if that happened, the government could have seized enough of the prize money, taking it away from the charitable organization, to satisfy its tax claim.

But a little study that the rulings are indeed consistent.

Both are based on an old doctrine that the person with "constructive control" over any income is liable for taxes on it.

The quiz contestant had "constructive control" over his winnings. As the ruling points out, he made all the arrangements with the producer of the show. He had been invited to appear

because of his qualifications. He could have kept the money for himself. Technically, he wasn't giving his services to his organization; he gave it money. It was his income and he was liable for income taxes less, of course, the usual deduction for charitable gifts.

ON THE OTHER HAND

But the television station had no "constructive control" over the money the teletthon brought in. The money was not given to the station, but to the charity. If the station has held on to any of it, it would indeed have been liable to suit if not prosecution.

These rulings show how important it is for businesses and businessmen to use care in making charitable contributions, in helping charities out in other ways.

Some tax experts say the quiz

contestant could have escaped taxes in a different sort of arrangement. If the director of the charity had gone to the show producer and said, "We have this man under contract at a fixed salary. He is required to perform any services we direct. We will direct him to appear on your show if you will agree to pay his winnings to the charity," then the winnings would have been tax free.

Furthermore, if the teletthon had asked viewers to send the money to the station with the understanding that it would deduct expenses before passing the money on to charity, it might have found itself liable.

The rulings prompt this question: Is a nun teaching school liable for taxes on money parents pay for tuition? The answer seems to be no, since she had no control over the money.

The Justice and Mercy of God ILLUSTRATED SUNDAY SCHOOL LESSON

Scripture—Deuteronomy 6: 10:12-11:1; Psalms 145; Micah 6:6-8; Romans 5:6-11.

Moses called the children of Israel together and read the commandments that the Lord had given him.

The children of Israel were commanded by God to teach His commandments to their children in their homes, and as they walked;

"Therefore thou shalt love the Lord thy God, and keep His charge, and His statutes, and His judgments, and His commandments, and tell of His miracles which He did in Egypt unto Pharaoh."—Deut. 11:1.

"I will extol Thee, my God, O King; and I will bless Thee; and I will bless Thy name for ever and ever. Every day will I bless Thee."—Psalms 145:1, 2.

The Justice and Mercy of God

THE LORD IS GOOD TO ALL, AND HIS LOVE IS EVERLASTING

Scripture—Deuteronomy 6: 10:12-11:1; Psalm 145; Micah 6:6-8; Romans 5:6-11.

By NEWMAN CAMPBELL FOR THE younger classes, our editor of Peloubet's Select Notes, Dr. Wilbur M. Smith, suggests that we begin this lesson on the love of God by asking how we know others love us.

love and obey the Lord their God. "Therefore thou shalt love the Lord thy God, and keep His charge, and His statutes, and His judgments, and His commandments."—Deut. 11:1.

The same might be asked of the older pupils, and the emphasis there should be placed on the love of our heavenly Father, the ways in which He has manifested it, and what we owe Him.

Further they were told that the Lord "doth execute the judgment of the fatherless and widow, and loveth the stranger, in giving him food and raiment. Love ye therefore the stranger for ye were strangers in the land of Egypt."—Deut. 10:18, 19.

MEMORY VERSE "The Lord is good to all: and His tender mercies are over all His works."—Psalm 145:9.

Every day will I bless Thee; and I will praise Thy name for ever and ever."—Psalms 145:1, 2.

Moses, whom the Lord designated to lead His people out of bondage, reminds them of this and reads the Lord's laws and commandments to them.

Paul wrote to the Roman church, that even while men were sinners, God still loved them enough to send His son, the Lord Jesus Christ, to die for all.

The Israelites who were listening to Moses' reading knew personally of their miserable escape from captivity, but their children and later generations would know of it only by being told. What a tale it would be to relate to wondering children—of the miracles the Lord performed before Pharaoh; of the long, weary journey by Moses and the wilderness, led by their God! They were told never to forget these things or cease to be based on copyrighted outlines produced by the Division of Christian Education, National Council of Churches of Christ in the U.S.A., and used by permission. Distributed by King Features Syndicate

These words, written so long ago, are as true in our war-and-crime-ridden world today as they were then. If we love and bless God, we thank Him daily for His blessings. If we obey His laws and follow in the footsteps of Christ, when He was on earth, showing it by loving one another, with mercy and justice to all, we too shall be blessed in our lives and please our Father in heaven.

The Golden Text

Christ the consolator. "The Lord is good to all: and His tender mercies are over all His works."—Psalms 145:9.

Red Oak Christian Announcements Our Sanctuary Choir held its rehearsal at the home of Mr. and Mrs. B. Leon Tyson. Following the rehearsal, choir members, their husband or wife and several other guests were taken on a tour of the "Woodside Antique" shop and served delicious refreshments of punch and lemon thins from a rustic table.

Sunday morning will be "Promotion Day" at Red Oak Sunday School. All of the children and young people being promoted will be recognized at 10:00 o'clock by Superintendent Thurston Wynne. They will then go to their new class.

"FREEDOM AND DEMOCRACY" Sunday will be observed at the 11 o'clock service. The Rev. Howard James, Pastor, will preach on "This Nation Under God." The choir Anthem will be "Battle Hymn of the Republic" by Howells. Tommy Langston will play a cornet solo. "Faith Of Our Fathers" S. C. Winchester will report on The Every Member Convent.

Function Committee Meetings will be held at 7:30 p.m. followed by the regular monthly Official Board Meeting. Boy Scout Troop 296 will meet in the Scout Room at the church on Wednesday July 9, at 7:30 p.m.

DENVER (AP)—Loyden-Chiles-Wickham Post of the American Legion claims the largest membership in the country with 6,878 members.

Braves Again Gone 'Limp' At The Plate

By ED WILKS
AP Sports Writer

The Milwaukee Braves have gone limp at the plate again, scoring just two runs in the last 20 innings, but the St. Louis Cardinals and San Francisco Giants have blown chances to close in on the National League leaders.

Robin Roberts, who had lost three in a row, knocked off Philadelphia 3-1 yesterday for Philadelphia. The Braves retained a 2-2 game spread over the second-place Cardinals, who split a two-night pair at Los Angeles, winning 4-2, then losing 3-2. The Dodgers went over the million mark in home attendance.

Third-place San Francisco remained three games behind with

a 4-3 defeat by the Chicago Cubs, who regained fourth place from Cincinnati. The Redlegs were beaten 2-0 by Pittsburgh.

In the American League, the New York Yankees beat Washington 11-3 while the Chicago White Sox spilled second-place Kansas City 7-2. Baltimore defeated Boston 7-5 in 15 innings.

Consecutive home runs by Solly Hemus and Ed Bouchee, playing his first game since his reinstatement after that morals mess, bagged it for the Phils in the eighth inning and handed rookie Carl Willey his first defeat. Roberts, now 6-8, gave up six hits, two by Joe Adcock.

The Cardinals won with a pair of unearned runs in the first game of a walk, error and two

sacrifice flies. They blew a comeback shot in the ninth in a bum gamble against that short left field fence at the Coliseum and Gino Cimoli's arm. Trailing 3-1 in the eighth, Ken Boyer walked and Gene Green and Del Ennis singled with two out. Ennis' hit, his 1,599th in the majors, was off the screen and scored. Boyer, but Green was out down trying for third.

Onetime Dodger Sal Maglie (2-1) went all the way for the defeat, while southpaw Johnny Podres ended his losing string at three for an 8-7 record. Dick Gray drove in two runs, joining Charlie Neal in a back-to-back homer show in the fourth. Boyer hit his 15th for the Cards.

Sam Jones (5-7) won the open-

er, although giving up rookie Norm Larker's third homer (all against St. Louis). He needed Larry Jackson's excellent relief in the eighth, when Larker's third hit scored a run and put two men on with none out. Stan Williams (3-3) lost it.

Rookie George Witt and Elroy Face combined for a seven-hit shutout over Cincinnati. Witt (2-1) won it, giving five hits in 6 2-3 innings. The Pirates had only five hits off loser Joe Nuxhall (4-4) and two relievers, but got three of 'em in the sixth.

Ernie Banks' 21st home run won it for the Cubs, cracking a 3-3 tie in the eighth against loser Paul Giel (1-3). Glen Hobbie (6-5) won it. Dale Long hit a two-run homer.

Builders Bow, 10-7, To Bankers

State Bank, winners of the first half of play in the local Teen-er League, whipped their biggest opponents, Home Builders, last night, 10-7.

Alan McArthur turned in a seven-hit mound performance for State Bank, striking out eight and walking seven. He went the full distance for the winners.

The losing hurlers were Jack Foley, Don Joyner, and Leo Stalling. Between them, they were tapped for eight hits.

State Bankers punched out three runs in the third and seven more in the seventh to rack up their 10 tallies. The Home Builders got two runs in the fifth and five more in the seventh.

Leading hitters for the winners were McArthur and Dick Coltraine. McArthur got two hits, including a double. Coltraine punched out three baseknockers.

For the losers, Larry Roberts had three hits.

Ex-Olympic Star And Kids

FAMILY SWIM—Adolph Kiefer, 1936 Olympic 100-meter backstroke champion, still is active when it comes to his children. He is shown with Kathy, 9, left, and Gail, 6. Behind him are Dale, 14, and Jack, 12.

Advice: Teach'em To Swim When 6

By EDWARD S. KITCH
CHICAGO (AP)—Adolph Kiefer, the 1936 Olympic 100-meter backstroke champion, still is in the swim.

In fact, in or out of the water, Kiefer is doing his bit to advance swimming as a sport and recreation.

A member of the 1950 Pan American Games swimming committee, Kiefer says Chicago is planning big things for the games and will try to make its Latin American guests at home just as his own family is, in the water.

The swimming Kiefers include Dale, 14, a high school freshman and a top swim competitor; Jack, 12; Kathy, 9, and Gail, 6. Mrs. Kiefer formerly performed in water ballet.

"We want to do as well as Mexico City where the terrific Pan American games were held in 1955," Kiefer said between dips in a pool with his children.

Both Dale and Jack already are breaking records as they water. In age group competition, Dale has accomplished the breaststroke, backstroke, free style, butterfly and individual medley—a combination of several strokes.

"Those who swim the most, swim the best," says Kiefer.

To make swimming more convenient, Kiefer plans to install a new 25 by 60-foot pool in the backyard of his Northfield, Ill., home.

"We expect to have all the swimmers over to utilize it. It will be strictly a training pool," says Mrs. Kiefer. "Then we'll have an hour just for bathers."

Kiefer says the secret in teaching swimming is to start a child early, at age 6 or 7.

"Once you've overcome fear, you can teach them anything; that's the reason we'd like to get parents interested. With 10 million boats, our vacations are going to be more and more on the water," he says.

Kiefer's interest in swimming includes a going firm which distributes 3,000 items such as life jackets, race lanes and diving boats. His plant at Minneapolis, Minn., also produces water skis, surf boards and small sailboats.

Adolph started swimming in Texas at age 15. He broke his first world record as a sophomore at Roosevelt High in Chicago. It was the 150-yard backstroke.

He swam for 11 years in national competition and lost only one race in 1945 to backstroke Harry Holliday of the University of Michigan.

While serving with the Navy during World War II, Kiefer trained more than 11,000 swimming instructors.

New Season, New Landis; And He Provides Clincher For Chisox Win

By ED WILKS
AP Sports Writer

Just a year ago, it seemed odd Manager Al Lopez thought a thin rookie outfielder named Jim Landis ever would become a hitter for the Chicago White Sox. Now it's a new season and a new Landis, coming along at .294 at the moment with a .381 average for the last month.

The kid from Fresno, Calif., hit an amazing .423 at Colorado Springs in 1952. But he was only a .212 swinger last year in the American League and finished in the minors.

Now he has hit in 30 of his last 32 games, driving in 22 runs. He is 2-for-4 yesterday, lining a two-run double that provided the clincher in the seventh and adding a two-run single as the White Sox defeated Kansas City 7-2.

That dropped the second-place Athletics 10 1/2 games behind the New York Yankees, who walloped Washington 11-3. Baltimore defeated Boston 7-5 in 15 innings.

In the National League, Philadelphia dropped Milwaukee 3-1. The St. Louis Cardinals split a two-night pair at Los Angeles, losing 3-2 after a 4-2 success. The Chicago Cubs spilled third-place San Francisco 4-3 and regained fourth place from Cincinnati, beaten 2-0 by Pittsburgh.

Right-hander Jim Wilson won his seventh for the White Sox, breezing with a five-hit shutout on a walk and three singles with two out in the eighth. The Sox, who had a 3-0 lead over Earl Blevins' third homer and Landis' double, then scored four in the eighth on a pair of bases-loaded walks and Landis' single. Ray Herbert (3-4) lost it.

The Yankees rapped four homers, all two-run shots, off loser Russ Kemmerer (4-7) and Jack Spring. Mickey Mantle blasted his 17th and 18th. Norm Siebern hit his sixth and Yogi Berra his 13th in support of southpaw Whitey Ford (10-3). Ford gave up six hits, two each by Jim Lemon and Rocky Bridges, who homered for the Nat runs.

Joe Ginsberg's pinch single scored the winner for the Orioles in a two-run 15th at Boston. It was the year's longest game in

the majors. Billy Loes, who lost after southpaw Duane Wilson had blanked the Birds on six hits for six innings in his major league debut. Chuck Beamon and George Zvernick shut out the Red Sox on two hits for 8 2-3 innings before Boston prolonged it by mashing Baltimore's three-run 10th.

Coastal All-Stars Play

The Negro Coastal Boys League will clash in their annual All-Star ballgame tonight at the South Greenville Park.

There will be no admission charged for the contest.

The National Leaguers will battle the American Leaguers, featuring the Dodgers, Giants, Boston, and the Yankees.

Game time will be 7:30.

Scheffing, Rigney Agree Nat'l Race Can Be Tough

SAN FRANCISCO (AP)—Managers Bob Scheffing of the Chicago Cubs and Bill Rigney of the San Francisco Giants agree that just about anything can happen in this National League baseball race.

They speak from somewhat similar positions and with somewhat similar outlooks—higher than they

were last season and banking on youth to keep them there.

"Those injuries to so many Milwaukee players hurt the Braves a lot," Scheffing declared, "but this league is much more evenly balanced than last year.

"Unless Milwaukee pulls away, I think this is going to be one helluva scramble. There's not

much difference between any of the teams this year. Los Angeles was off to a bad start but right now is improving."

Rigney spoke in the same vein when asked what he thought of the race after the Giants' second winning eastward.

"You pick 'em," he said. "They all look good. This should be a tight one all the way."

The Giants hung on three games back of the Milwaukee Braves, even though losing their first home game 4-3 to Scheffing's Cubs. The fact they didn't gain on the Braves irked Rigney since the Milwaukee loss to Philadelphia was posted before the game here was well underway.

"It seems we keep backing away from each other," he declared. "When the Braves lose, we do."

Scheffing was asked if he thought the transplanted Giants were sinking to their true level after the fast start.

"No," he replied. "I think they'll stay right in the race. It's an improved ball club."

Scheffing listed several reasons why his club continues to challenge for a place in the first division.

"We've improved in center field and at second, third and catcher," he declared. "And Dale Long, Ernie Banks and Lee Walls are all hitting better than last year."

Newcomers are center fielder Bobby Thomson, acquired from the Giants in trade, Alvin Dark at third who came from St. Louis, and a pair of Taylors—Tony at second base and Sammy behind the plate.

Night Fisherman Almost Had Owl

WAYLAND, Mich. (AP)—Charles Chapel, of Grand Rapids, Mich., went fishing at night recently in Round Lake near here. Chapel put an artificial mouse on his line and tossed it into the dark waters. Something hit his line, and it began to rise into the air instead of sinking into the water. Chapel snapped on a flashlight and saw an owl at the end of the line.

The bird managed to shake off the hook and fly away.

Field Day For Little League This Afternoon

Today, Greenville Moose Lodge 885 is sponsoring its third annual Little League Field Day at Elm Street Park, beginning at 2:00.

Governor John Behr will give the opening ceremony address of welcome and announce the line-up of events for the afternoon. There will be a ball game for the fathers of all boys in both the North State and Tar Heel Little Leagues, as well as field events for the Little Leaguers. Later, a regularly-scheduled Little League ball game will be played and the evening will be topped off with a picnic for all present.

At 2:15, the Little Leaguers will engage in the field events on the diamond. There will be prizes given for base running, infielder's throw, outfielder's throw, catcher's throw, pitcher's throw, home run hitting, and throwing for distance.

There will be two groups of entrants for the events. One group will consist of youngsters 10 years and younger; the other will be made up of 11 and 12-year-olds.

At 4:00 the fathers of the Tar Heel League will square off against the fathers of the North State circuit for a two-inning ball game. Little League bats will be used, along with a softball. The game is expected to last about 30 minutes.

At 4:30, the regulation North State ball game between the Lions and the Kiwanis will be played.

At 6:00, all those present at the affair will be invited over to the picnic section of Elm Street Park to join the Moose and the Little Leaguers in a feast. All Little Leaguers and their families are invited to attend, as well as their guests and other visitors.

Wimbledon umpires, perched high on their chairs and intoning the score through microphones, don't often get criticized. And when they are, it's generally because of the way they handle a match. To collect bricksbats just because they can't pronounce the tongue-twisting names of some of the foreign players just isn't tennis, in their opinion.

Luckily for the Wimbledon umpires, most of the difficult names are off their scoresheets for another year.

Britain's Angela Mortimer and defending champion Althea Gibson from New York won their way yesterday to the women's final over Suszy Kormanzy (pronounced 'Susy Kormoshy') and Ann Haydon, while Ashley Cooper and Neale Fraser tangled in the men's All-Australian singles final today.

Miss Gibson moved into the finals with an authoritative 6-2, 6-0 victory over Miss Haydon. Miss Mortimer disposed of the Hungarian girl just as easily, 6-0, 6-1.

Wimbledon Umpires Are Taken To Task

WIMBLEDON, England (AP)—Wimbledon umpires, generally suave and imperturbable, are an angry crew today.

They've just been taken to task—in an anonymous letter—because some of them don't know how to pronounce the name of Maria Bueno, the Brazilian teenage bombshell who hit Wimbledon for the first time this year.

"Tell the umpires to pronounce it 'Bwayno' and not 'Bushno' as one uninformed umpire did yesterday," the writer said. "It was most painful and annoying to listen to. Such ignorance is inexcusable."

NEW YORK (AP)—Hymie Wallman's seven-man fight stable has been sidelined in New York by the State Athletic Commission which has slapped indefinite suspensions on Wallman and boxing judge Bert Grant.

Julius Helfand, commission chairman, announced the suspensions yesterday after a special meeting following Grant's indictment Wednesday by a New York grand jury on charges of accepting \$400 in bribes from Wallman. Grant, a judge since 1947, denied the charges and was freed on bail pending trial.

Grant was indicted on one count of conspiracy and 10 counts of bribery involving five fights in which Wallman's boxers appeared from 1954 to early 1958.

Wallman has been referred to by the office of District Attorney Frank Hogan as a front man for Frankie Carbo, a shadowy figure who reputedly has great influence in boxing circles. Wallman was named as a co-conspirator but not a defendant as he had received immunity when he testified.

Fight Stable Is Sidelined In New York State

WIMBLEDON, England (AP)—Wimbledon umpires, generally suave and imperturbable, are an angry crew today.

Rupp Roots For Rainy Weather

LEXINGTON, Ky. (AP)—University of Kentucky basketball coach Adolph Rupp prefers rainy weather during basketball season.

He says if it rains outside, his boys practice with enthusiasm.

If the weather is warm and sunny, Rupp says his players' hearts are outdoors and they only go through the physical motions of practice.

The Yukon territory in Alaska has several types of orchids among wild flowers, ferns and shrubs.

Shock Awaiting American Pros?

ST. ANNE'S-ON-SEA, England (AP)—Gene Sarazen says American pros should be thankful that foreign golfers can't get the bucks to go to the States and play.

"They would win the big money on the American circuit," he said at Royal Lytham and St. Anne's the final 36 holes of the British Open. With a 146, he trailed pace-setting Christy O'Connor of Ireland by 11 strokes.

"Look what the Britons, South Africans and Australians have been doing this week in the British Open to this great old course."

Last month one foreigner played in the U. S. National Open. He was Gary Player of South Africa. He finished second.

"And ask the money lovers and the hot-shot amateurs at home what happened to the Ryder Cup, the Curtis Cup, the Canada Cup. All the hardware has been taken from the Americans by the Japanese and Britons.

"Britain will win the Walker Cup next spring from the Americans."

"American pros used to beat the foreigners' brains out every time they played. The Yanks still think they can."

"But, boy, they will get a shock when they try it again."

Light Heavies Bowdry, Luedee Tangle Tonight

LOUISVILLE, Ky. (AP)—Jesse Bowdry, a rising fighter with deadly hooks, meets slower, heavier-punching Jerry Luedee tonight in a light heavyweight 10-rounder.

The nationally televised NBC Freedom Hall bout begins at 9 p.m. EST.

For Bowdry, 19, the fight represents another stepping stone in the long climb to a title shot.

Luedee, 24, needs a victory to keep in the higher fighting circles. Johnny Scavone, Luedee's manager, said they "are at the stage we have to start beating some guys who are important or be faced with the fact we aren't going anywhere."

Bowdry, of St. Louis, Mo., is ranked No. 3 nationally, and is thought "important" by Luedee's handlers.

John Harvard, founder of Harvard University, died in 1633 of tuberculosis, two months after college classes began.

Comeback Game Tough For Ed

MILWAUKEE (AP)—Ed Bouchee heaved a sigh of relief after playing his first game of the season for the Philadelphia Phillies.

"I'm glad that's over," the 25-year-old first baseman said yesterday. "That was the tough one."

Bouchee meant that he had started a baseball comeback. He had pleaded guilty to a charge of indecent exposure involving two young girls last February. Since then he has spent three months in a mental institution and has been receiving psychiatric treatment.

"I was nervous kneeling out there in the on-deck circle waiting to hit the first time," Bouchee said.

He hit a home run his fourth time at bat to help the Phillies to a 3-1 victory over the National League-leading Milwaukee Braves.

"I did not know how it would be or what the fans' reactions would be," he said. "I was so nervous I didn't even swing the bat the first time up, just took a third strike. That home run helped a lot. I relaxed after that."

Polite applause greeted Bouchee on his first trip to the plate. Only one catcall was heard and that was before the start of the game when his name was announced in the starting lineup.

Bouchee told newsmen that he knows there may be anxious moments in his comeback trail, with players as well as fans. "I'll just wait and see that happens," he said. "You don't know how anybody will react or what they will say in a tough ball game. I have to expect a certain amount of that."

First Division Sweeps Contests

By THE ASSOCIATED PRESS
First division teams swept their games last night in the Carolina League.

Winston-Salem made it eight straight by defeating Wilson 5-4. It was Wilson's seventh straight defeat at home. Roland Passaro hurled a seven-hitter for Winston-Salem but had to have help from Al Sanders in the ninth when Wilson scored one run.

Top place High Point-Thomasville capitalized on bunts and walks to defeat Burlington 3-1. Chris Short pitched a six-hitter for the Hi-Toms, who scored twice in the first and once in the fifth.

Richtshander Verle Tiefenthaler hurled a four-hitter to give Danville a 6-0 win over Raleigh. The Leafs pounded three pitchers for 16 hits. Billy Whiteko paced the attack with four singles and a double.

Greensboro shelled two Durham pitchers for 11 hits for a 10-0 decision behind the six-hit pitching of Duke Addis. Red Irby banged a homer in the second with one aboard.

Holiday twin bills were on tap today and tonight. Afternoon games: Danville at Durham, Burlington at Greensboro, Winston-Salem at Hi-Toms, and Raleigh at Wilson. Tonight's games: Danville at Durham, Greensboro at Burlington, Hi-Toms at Winston-Salem, and Wilson at Raleigh.

Bulgaria, the Balkan republic, has less than half its 42,796 square miles under cultivation. However, one-third of the country is in forests.

CHAPTER 16
Slade Constidine wondered if Frenchy Quebecue would stand by and let the hanging go on without a word of protest. Under the spur of violent temper, Frenchy was capable of almost anything, but he had time to cool off now.

before one of them stung his horse. The rope was tied at both ends now. The necktie party wasn't going to come off exactly according to schedule. Nobody was going to enjoy it much, but it looked like they were going to get the job done anyhow.

As the guitars and fiddles started up again, Martha Kilgore took another quick, surreptitious glance at the watch she wore on a long gold chain, tucked into the waist band of her dress. It was nearly eleven-thirty. After this next dance, considering that they had a ten-mile ride ahead of them, she could ask Wynn Thomason to take her home.

It was questionable, however, whether, now that there had been some blows struck and some noses blooded, Frenchy could stop the mob even if he wanted to do so.

Frenchy picked up the reins and handed them to him. "These way-queek!" he said quietly.

The women, many of them with babies in their arms and small children at their knees, sat on benches along the two long sides of the room. The men clustered in gangs around the windows and doors. Everybody, including black-shawled grandmothers and spindleg-legged children, danced, but they seemed to make a serious business of it. They whirled and skipped to the fast-thumping guitars, with grave, almost wooden faces, holding their partners at arm's length, and it seemed to be a breach of etiquette to talk while dancing.

He opened his lips, half intending to try reasoning with the slim, dark Mexican who seemed to be the leader of the mob, then closed them again without speaking.

Slade kicked spurs to the sorrel and followed Frenchy's lead. A quarter of a mile away, at the edge of New Town, they pulled up. Slade's face was smarting in half a dozen places where the wasps had stung him, and he saw Frenchy put up a hand and rub his own cheeks gingerly.

Martha pushed a wave of hair back from her damp forehead. Her head ached. There weren't enough windows in the room and the air was heavy with tobacco smoke. But not even to herself would she admit the real reason why the evening had lost its savor for her.

He turned to Frenchy. He wanted to tell the big sheepman that he knew now he had made another mistake in jumping to the conclusion that Frenchy had cheered the T. Anehor calf. These Mexicans had known about Frenchy's arrest too soon. Only the man who had left that calf in his cellar could have forewarned them.

Slade answered with a grin that was more than a little sheepish. "Home," he said. "And you can take it as a promise, Frenchy, that when I do get a candidate for that jail, I'm danged sure now it won't be you!"

The reason, of course, was that Slade Constidine had not kept his promise to meet her at the dance.

Frenchy hesitated before turning his horse. "Because you theenk maybe I save your life?" he asked soberly. "Because you theenk you are how you say it? — in my debt?"

Frenchy put out his hand. "We forget it!" he said kindly. "Sometimes — like today — when I'm mad, I also make the meestakes!"

The tracks of Frenchy's big bay lead Slade straight to the Kilgore home pasture. It is almost as if someone had run up a red flag with Frenchy's name on it. More trouble is in store for Frenchy — and Slade — as the story continues here tomorrow.

Frenchy didn't seem to see or hear. He was watching Baecho, his sheepherder, with a queer intent look on his dark face. Baecho was off the little mule, stumbling around in a seeming half-drunken stupor. Slade met his eyes, and the herder smiled fleetingly, then kicked at a mound that looked to be a bit of protruding cottonwood root.

"Hell, no!" Slade said with such emphasis that a smile broke over Frenchy's face. "I know now that you never butchered that calf!" He flushed and hesitated for a moment, embarrassed at how often he seemed to be owing this big, gruff Frenchman an apology. "I'm new at this lawing business. I made a mistake and I'm sorry. Next time I won't be quite so quick to believe the easiest answer is the right one."

LOS ANGELES (AP)—Nanette Fabray says she was injured last April in a Hollywood auto accident. She is asking \$101,200 damages.

The air was suddenly filled with an angry h-m-m-m-ing, s-s-sing sound. Baecho slapped at his cheek and gave another vicious yick into the brownish clump.

"In the morning," Slade promised, "I'm going back where I found that calf and check tracks more carefully. Maybe I can learn something."

PORTLAND, Maine (AP)—An advertiser's science age approach to merchandising his house trailers showed up in this newspaper display.

The next instant saw plenty of action as the Mexicans began fanning their hats. One of the wasps smacked viciously onto Slade's cheek. He ducked his head against his shoulder, wondering with a curious resignation how long it would be

A troubled look came over the Frenchman's face. "I theenk I —" he began slowly, then checked himself abruptly. "But notheenk!" he said in answer to the look of inquiry on the cowboy's face. "Al-

Frenchy didn't seem to see or hear. He was watching Baecho, his sheepherder, with a queer intent look on his dark face. Baecho was off the little mule, stumbling around in a seeming half-drunken stupor. Slade met his eyes, and the herder smiled fleetingly, then kicked at a mound that looked to be a bit of protruding cottonwood root.

Frenchy didn't seem to see or hear. He was watching Baecho, his sheepherder, with a queer intent look on his dark face. Baecho was off the little mule, stumbling around in a seeming half-drunken stupor. Slade met his eyes, and the herder smiled fleetingly, then kicked at a mound that looked to be a bit of protruding cottonwood root.

Urges Redoubled Economy Drive

ST. LOUIS (AP) — Taxpayer organizations are advised by the Middle States Taxpayers Conference to redouble their efforts to ward seeking government economy.

Edward Staples, executive director of the Missouri Public Expenditures Survey, said in a statement in behalf of tax group representatives from 10 states meeting here that "pressures continue for even greater state and local spending."

"As a result," he said, "the strains on revenues will undoubtedly cause a majority of our state legislatures to be confronted with many new tax and other fiscal measures when they convene in regular session in 1959."

The Three Bears Came Knocking

JACKSONVILLE, Fla. (AP) — Three bears came knocking at a home in suburban Marietta last night.

A woman who said she'd heard a commotion outside her house for three nights turned on a porch light and saw a big bear.

Duval County Patrolmen H. B. Seymour and L. B. Williams found the tracks of a big bear, a medium size bear and a small bear. They tracked the trio to a nearby swamp.

Nanette Asking Heavy Damages

LOS ANGELES (AP)—Nanette Fabray says she was injured last April in a Hollywood auto accident. She is asking \$101,200 damages.

The film and television actress said she was hurt when her car was struck by one driven by Peter S. Von Lotes, partner in a lamp shop. He was named defendant in a suit filed yesterday by Miss Fabray and her husband, Ronald MacDougall, 43, film writer and director.

MacDougall asks \$25,000 additionaly for loss of her services.

'Sky Pilot' Can Control Flights

ABILENE, Tex. (AP)—A minister and those who use the heavens reached an agreement. The U.S. Air Force gave the Rev. Bob Jackson — under certain circumstances — the right to tell it when its planes could fly and when they couldn't.

The little, rural Community Baptist Church didn't mind at first when Dress Air Force Base aimed its runway at the small, long-established church building. After all, propeller-driven planes don't make too much noise. Then came the jets. The base

added more and more craft. After a few Sundays of sitting there, more shaken by sound than sermon, the congregation's leaders told the air base authorities their woes.

The Air Force sent a couple of officers to listen to a sermon. They agreed it was a deafening experience.

The Air Force agreed to telephone the Rev. Mr. Jackson and ask permission for mass flights to take off except in emergencies. One night the pastor received a call from a major in charge of a flight of 15 planes from another base.

"Say," the major shouted, "the tower tells me I've got to clear with you before I can take off."

The Rev. Mr. Jackson patiently explained the agreement.

"Well," said the major, haltingly, "is it all right if we leave?"

He got permission. But the agreement didn't pan out. During a recent revival 37 jets were forced to take off in a 30-minute period in the middle of services. The pastor described the visiting evangelist as a nervous wreck.

When the first huge KC135 jet tanker came over, the deacons ran up a white flag and broke ground for a new church three miles from the runway.

The Air Force agreed to telephone the Rev. Mr. Jackson and ask permission for mass flights to take off except in emergencies. One night the pastor received a call from a major in charge of a flight of 15 planes from another base.

"Say," the major shouted, "the tower tells me I've got to clear with you before I can take off."

The Rev. Mr. Jackson patiently explained the agreement.

"Well," said the major, haltingly, "is it all right if we leave?"

Family's Plight Is Being Eased

SUN VALLEY, Calif. (AP)—Many well-wishers have bright-

ened the lives of Lyle Hill, his wife Virginia and their eight children.

They were so destitute that Hill and his wife talked of putting 20-month-old Mike out for adoption. Two older girls ran away last Sunday to prevent it, taking Mike on a 26-hour trek through the San Fernando Valley and Hollywood.

News of their exploit brought offers of help to Hill, an unemployed carpenter. He has been offered three jobs.

The mailman brought 100 letters, many containing gifts of cash.

Three youngsters from Westwood, near Beverly Hills, brought \$36.18 they collected in their neighborhood.

A church pastor brought food and clothes.

Five of the children went to stay temporarily with neighbors.

Among them were Sandra, 16, and Genevieve, 13, the sisters who started everything by running away.

Hill hopes to find a bigger home—better furnished residence has only one bathroom—and reunite the family.

Wherever the home is, said Hill, Mike will stay.

Attorneys Late, Lost 2 Clients

LOS ANGELES (AP)—Because their attorneys were late, Joseph and Georgia Pelham Collins don't need them.

The blonde Mrs. Collins, 31, a former actress, was to court for a pretrial hearing of her pending divorce suit against Collins, 38, a wealthy businessman.

As they waited in the hall outside court, they started conversing. By the time the attorneys got there, their services were unnecessary. The couple decided on amicable conciliation and left arm in arm.

90-Degree Day, Snow On Minds

WOONSOCKET, R. I. (AP)—The temperature was about 90 degrees the hottest day of the year — but residents of Short Street had snow removal in mind yesterday.

They filed a petition with the city asking that their street be incorporated into the Woonsocket road system.

They explained the chief benefit would be that the city would have to plow the snow in winter.

Sixty-three pulp and paper mills now operating in southern states employ 17,239 people whose payroll income totals approximately \$351,306,000 annually.

Jobless Claims At Another Low

WASHINGTON (AP) — Continuing a 10-week decline, unemployment among workers insured for jobless benefits hit another 1955 low during the week ended June 21.

The Labor Department said yesterday the total declined by 93,700 to 2,610,900—the lowest reported so far this year.

However, the department said initial claims for jobless benefits—which reflect new layoffs—rose seasonally by 47,800 during the week ended June 28 to a total of 366,400.

The increase was attributed to new auto industry layoffs, partly due to the beginning of the switch over to 1955 model production and to plant shutdowns for summer vacations.

Despite the drop in insured noted that joblessness in that category still is more than double the 1,268,700 reported for the same week a year ago.

The rate of unemployment among the nation's 43 million insured workers during the week ended June 21 was 6.2 per cent, compared with 6.4 per cent the previous week and 3.1 per cent a year ago.

Police Radio Network Blankets The County

By ALVIN TAYLOR
Reflector City Editor

Every day police radios crackle in six Pitt County towns as law enforcement officers go about their job of preserving law and order.

Greenville, Ayden, Winterville, Grifton, Farmville and Bethel are closely tied together by the intricate police radio network which has sprung up over the past 13 years or so.

"It wasn't until 1945 that the first police radios were installed in the county with the exception of the Highway Patrol cars.

Now there are an estimated 34 mobile units in Pitt County. In addition there are four office transmitters and in Greenville there are two remote transmitters operating off the police radio.

Thus the entire county is well blanketed when trouble comes.

"We have a good set-up in the county as far as radio is concerned," Sheriff Ruel W. Tyson says. He has seen the complete growth of the county's two-way radio system.

"There is no part of the county you can't reach by radio," the sheriff declares. "It's a wonderful system we've got."

Greenville's police station has the most powerful station in the county and that station controls the city's four radio-equipped cars and one motorcycle.

But there are two remote transmitters which operate through the police station. One such unit was recently installed in the fire department to give that department direct contact with its equipment when it is out.

A unit in the sheriff's office is also operated through the city police station.

Actually there are two such units in the sheriff's office. One in the court house office and another in the jail office. Only one is operating at a time, however. The court house unit is switched to the jail at closing time.

Another unit has been added to the ever expanding radio system with the walkie-talkie which the sheriff's department has recently purchased.

Now there are three walkie-talkies in the city. In addition to the sheriff department's, ABC officers have one and the city police and fire departments share one.

There are two autos equipped with two-way radios used by the ABC enforcement officers. In the

Young Brothers Vanish In Night Of Snowstorm

CHOTEAU, Mont. (AP)—Two young brothers, clad only in light hiking clothes, vanished during a light snowstorm in mountainous northwest Montana last night.

Sheriff Tom Dellwo identified the youngsters as Rutie Harper, 11, and his 7-year-old brother Steve.

Dellwo said the boys were last seen at the 8,000-foot level of Continental Divide country west of here. He said rain turned to light snow at that level last night. Temperatures were near freezing.

"I am awfully afraid for the boys because of the snow and low temperatures," said Dellwo.

The boys were with a Methodist church group from Carter, Mont., which included eight men.

"As they were coming out of the Divide country the boys apparently fell behind and lost contact with the men," said Dellwo.

He directed officers from two counties and Forest Service employees in an intensive search today.

State Plans Buy 64 More Cars For Motor Pool

RALEIGH (AP) — An additional 64 automobiles will be purchased by the state for use by its central motor pool.

Gov. Hodges and the Council of State yesterday dipped into the contingency and emergency fund and allocated \$99,200 to make possible the purchase of the cars. It will give the motor pool a fleet of 330 vehicles.

The council also approved an allocation of \$23,500 for an emergency renovation of electric wiring in the State Education Building. The present wiring system is loaded to capacity.

Other allocations approved were \$14,800 to reimburse Appalachian State Teachers College for board and room furnished to 49 children of war veterans who were disabled in action; and \$10,511 to the governor's office to defray the cost of increased operating expenses incurred by the office since the budget for this fiscal year was prepared.

Grace F. W. B. Announcements

Revival at the Grace Church continues through Sunday night, July 6. The Sunday School goal is 325. Our Evangelist, Joe Ange, will speak to a large portion of the Sunday School. He will be speaking in the morning and evening services. The League Training Service will be 7:00 p.m. Monday night at 8:00 p.m. The Men's Fellowship meets at the church. Prayer meeting, choir rehearsal, youth service and Good News Clubs meet on Wednesday night. Visiting teams will meet at the church at 7:45 p.m. and be ready to go out at 8:00 p.m. on Thursday night. A nursery will be provided at the church. The National Association of Free Will Baptists will meet in St. Louis, Mo. on the 8-10 of July. The Pastor is planning to attend this meeting. Baptismal Service will be conducted on July 13th. Communion, Feet washing and reception of new members will be conducted on Sunday night, July 13th.

Helping The Exceptional Child Receives Attention

What to do in order to help the exceptional child and how to do it received attention at a conference on special education at East Carolina College Thursday. Mrs. J. H. Rose, director this summer of the College Speech and Hearing Clinic, acted as chairman of the program.

Dr. Joseph D. Franzoni, director, and Paul Curtis, social worker, with the Pitt County Mental Health Clinic, were speakers at a meeting attended by teachers, members of the Eastern Carolina Chapter of the International Con-

Dealers Believe Car Slump Over

RALEIGH (AP) — Many North Carolina auto dealers believe their business has pulled out of the slump that cut new car sales volume by almost one-third during the first five months of this year.

The North Carolina Automobile Dealers Assn. said yesterday a survey of some 100 dealers showed a sales spurt during May and June. A few said their business during May was the best ever.

The association said tabulations

Only 2 Charter Members Answer

PUEBLO, Colo. (AP) — When the Colorado Police Protective Assn. held its annual convention this year, only two charter members were there to answer rollcall.

They were Robert H. Wraith, 70, retired Colorado Springs police captain, and J. Howard Carver, 64, Denver detective. The association was organized in 1924.

Trial Basis For 'Snorkle' Letter Deposit Boxes

Snorkel-type letter deposit boxes have been installed near the intersection of Evans and 10th streets.

Postmaster J. Knott Proctor stated this morning that the boxes have been placed at this heavily-traveled location on a trial basis.

"If the public's response is favorable," he said, "the boxes will remain at their present location."

The boxes are of the drive-up type and afford the motorist the opportunity of depositing mail without having to leave his automobile. One box is for in-town mail and the other for out-of-town mail.

Only two other deposit boxes of this type are located in the city, both across Evans Street in front of the Post Office.

Forbidden Topic Of Censorship Raised In Russia

MOSCOW (AP)—U.S. Ambassador Llewellyn E. Thompson Jr. has brought up the forbidden subject of Soviet censorship by asking publicly for an end of it.

Thompson's call was in a Fourth of July speech to the Soviet people at the government's invitation. He spoke on Moscow television last night—the first American ambassador to do so—and the 15-minute speech was scheduled for nationwide radio rebroadcast today.

Speaking in Russian, Thompson said, "We believe it would be to our mutual advantage if the citizens of both countries could have full access to the other's publications and to uncensored news dispatches." This was one of the first public mentions here of censorship.

Three-Year-Old Sets Off Search

LYONS, Colo. (AP)—Three-year-old Bena Fidler disappeared yesterday from her home.

Sheriff's deputies and city officials organized a search at the request of the frantic mother Mrs. Don Fidler.

The search was called off after an hour when Bena was found hiding behind a dresser in a bedroom.

"She didn't want her hair combed," explained Mrs. Fidler.

Bing A Grandpa Come January

HOLLYWOOD (AP)—Bing Crosby, due to be a father this summer, will become a grandfather in January.

So says his son Dennis, 23, who announced yesterday that he and dancer Pat Sheehan, 26, are expecting a child sometime that month.

Dennis and Pat were married in Las Vegas May 4.

Bing is expecting a child by his second wife, actress Kathryn Grant.

President Signs Authorization Of Water Projects

WASHINGTON (AP)—President Eisenhower has signed a bill including authorization for more than 1 1/2 million dollars in water projects construction for North Carolina.

The bill, which permits a total of 1 1/2 billion dollars worth of such projects, includes \$44,300 for the Hartwell Reservoir in Georgia and \$4,725,000 for water hyacinth eradication in the Carolinas and other Southern states.

Among North Carolina authorizations are \$1,197,000 for navigation work at the Morehead City harbor and \$413,000 for flood control in Pantego and Cucklers Creek.

The bill was a compromise of a measure Eisenhower vetoed twice before. The President said yesterday practically all the earlier "shortcomings" were eliminated in the bill he signed.

Crop Duster Is Pageant's Hero

LAKE PROVIDENCE, La. (AP)—The selected two preliminary winners in the Miss Louisiana contest last night, but the real hero of the pageant was a 19-year-old crop duster who kept mosquito swarms off the beauties.

Swarms of mosquitoes were hovering over American Legion field waiting for their dinner to show up in the open-air competition.

Crop duster Bob Pitt took to the air with a load of insecticide.

"He really laid down a fog," said Bob Evans of Helena, Ark., the master of ceremonies. "He flew under telephone lines and risked his life to save the girls' lovely skin."

The State Health Department says Utah led the nation with 71.2 per cent of its residents inoculated against polio.
