Dear Mrs Fletcher

I was so upside and worried about we were
short of money and I was trying to get
Bennett to Chomva School but then I have
not sent him in the board of school after 1st
of Jan, but then I was just after all so Bennett
can stay with me no matter how much I run
up against ~~it~~, ^{it} and I will tell your son sure
that Mr Knight did not turn the leaf 76
his diary, well I don't know what the people
are doing to against me anyway I'm just telling you
I know and all I see and I can not do more,
then that, and Bennett was so happy
when he was opening the store on Christmas Day
and I thank you very much for all you have done
for me - Yours truly
Mrs Ada Black Jack,

My address

1314 1/2 Seventh Ave,

P.S. Just had letter from Ada. I enclose it. If you have not sent her the money you wrote me about it I believe I would send it to the Dexter-Horton Bank for her. They handled her money before. I seem to feel that Hervey will get some of it away from her otherwise.

I may be wrong about this but seem to have a feeling that way.
