Dear George -

This is a test letter -
If it is not returned in a
month or so I will know you
are all right. You wrote
that she had recently heard
from Larry, so I trust at this
present date you are still
all right. I know September
must have been a busy
month.

Am leaving for two
weeks tomorrow so wanted
to get this ^{off} before then.
This finds you
completely safe and sound, &
please stay that way.
Love -

Mary
