

Meany Calls For Big Public Works Deal

WASHINGTON (AP) — Organized labor staged a giant rally in the nation's capital today to dramatize the plight of the unemployed. Its slogan: "Wake up Washington." Over 5,000 delegates, many without jobs, filled the National Guard Armory, biggest hall in the capital, in a mass demand for more government jobless aid and job-making moves. George Meany, president of the sponsoring AFL-CIO, drew applause when he minimized Tuesday's government announcement of a nearly 400,000 drop in March in the idle-total. Meany maintained the nation still has a desperate problem with 4,362,000 still unemployed. Listening to glowing accounts of economic improvement from President Eisenhower's administration, Meany said, "you would think the sky is full of bluebirds—that everything is going to be all right. Well of course if we had a little salt we might eat some of those statistics." The throng waved such signs as "Wake up Washington," "30 for 40"—meaning 30 hours a week of work for the present 40 hours pay, and "Put America Back to Work." There were also signs depicting a teed-up golf ball and golf club, and saying "On to Augusta." Eisenhower went to Augusta Tuesday for a golfing vacation. Lucy Monroe, the soprano whose rendition of "The Star Spangled Banner" has opened many political conventions and World Series baseball games, sang the national anthem at the opening. Meany, in introducing her, reminded the audience she is a union member. The Very Rev. George Higgins, director of the Social Action Department, National Catholic Welfare Conference, gave the invocation, saying in part: "Give us this day our daily bread. May we receive it without envy of injustice." There were complaints from Ohio and Michigan delegations of illness, blamed by them on turkey dinners they had Tuesday night on railroad dining cars. Ralph Shadley of Lima, Ohio, said about half a 600-man delegation on a Toledo-Washington train became ill with stomach cramps. About 30 on a Detroit-Washington train were reported to have been sick. Most of those affected were able to attend the conference. Meany urged the administration and Congress to embark on a broad public works and economic aid program, not as a spending plan but as what he called a sound investment toward the nation's future. "It is a safe and sound investment," Meany said. "For the most part the funds invested by the government will be reimbursable. Whatever expenditures are entailed will be more than made up by a tremendous upsurge in tax revenues." More than 5,000 delegates were expected at the National Guard Armory, biggest hall in the nation's capital. They represent both union officials and unemployed workers drawn from major employment areas in the East and Midwest. Besides Meany the program called for addresses from Secretary of Labor James P. Mitchell, speaking for the Eisenhower administration; Senate Majority Leader Lyndon Johnson of Texas, and Auto Union chief Walter Reuther, who promoted the rally. However desperate may be the unemployment situation, some of its urgency was removed by new job data disclosed by the administration Tuesday. This showed a substantial job improvement in March, with employment rising a whopping 1,106,000 and unemployment declining by 387,000. Both changes were twice as good as the seasonally expected improvements, lifting total employment to 62,828,000 and cutting unemployment to 4,362,000 for March.

Hodges Hails Restoration New Bern's Tryon Palace

NEW BERN, N. C. (AP)—People who are proud of their past make good bets for the future, Gov. Hodges said today. He hailed Tryon's Palace, restored to its colonial glory, as a living reminder of Tar Heel history and a source of pride for the entire state. Its value will be endless in the years ahead, he added. Members of the North Carolina Legislature, state officials, and a host of other guests heard Hodges count up the benefits of historic restoration at a luncheon given by the City of New Bern. The luncheon, a feature of the formal opening of the palace, followed brief sessions by the House and Senate in the chambers where the first General Assembly convened in April, 1777. "This event signifies far more than the mere restoration of a building," Hodges said in his prepared address. "To me it symbolizes a growing awareness of the rich heritage that is ours, a realization that pride in this heritage is justified, and even more important, a new-found determination on the part of our people to preserve this heritage as an inspiration to our future generations." Returns on the investment in restoration will come not only in the intangibles of educational and esthetic benefits, he said, but also in economic form. As a spur to tourist business, such attractions are invaluable, he noted. Hodges pointed out that the state "has contributed less than \$300,000 to the restoration of Tryon Palace."

Recover ICBM Nose In Ocean

CAPE CANAVERAL, Fla. (AP)—A powerful two-stage rocket shot a tiny ICBM nose cone of the future 5,000 mile-per-hour Atlas today. It was recovered two hours later for the first time in seven launching attempts. The cone, which could carry power-packed ICBM warheads, was fired on target by an 80-foot Thor-Able rocket. Air Force officials announced that the recovery by ships located in the impact area was "a secondary test objective but an additional bonus to the test program as it will provide physical verification of telemetry (instrumentation) data received. The missile roared aloft at 1:35 a. m. (EST), and appeared to perform perfectly. The main job was to learn how well the cone survived the blazing re-entry from space through the earth's atmosphere at speeds close to 10,000 miles per hour. Two hours after it hit the water, the cone was spotted by a C-54 reconnaissance plane. Earlier, the cone's re-entry, which was like a tiny meteor, was sighted by several ships in the area."

Grifton's Mayor Plans Step Down

GRIFTON—W. H. Gower, present Mayor of Grifton, announced today that he will not seek reelection in the forthcoming elections. Gower, mayor for the past four years, will step down July 1. Grifton will see a mayor, two commissioners and a judge elected this year, but so far only one man has filed for office. Oia Jones filed for the office of mayor late yesterday afternoon. The last date for filing will be April 25 at 5 o'clock. The election will be held May 4.

Hallmark Honor Prize Awarded Painting By Student At Eppes

A painting by James Harrington, 18-year-old Eppes High School student, has won the Hallmark Honor Prize for this region, it was announced today in New York. The prize is the major award in the national Scholastic Art Awards competition. It carries with it a \$100 cash purchase prize from Hallmark Cards. Similar awards were made to high school winners in 36 other regions. The painting, entitled "Tobacco Market Before a Sale," was entered in the competition by Mrs. Madge B. Allen, art teacher at Eppes High School. The painting and those submitted by four other high school students in this region were nominated for Hallmark Honor prizes at a regional exhibition sponsored earlier this year by television station WNCN of Greenville. Harrington's work and that of other prize winners will be exhibited at the National High School Art Exhibition opening tomorrow in the New York Coliseum. The paintings will remain on display through April 19. Judges for the competition were Gara Antreasian of the John Heron Art School, Indianapolis; Dr. Randolph Aurell of New Britain, Conn.; State Teachers College; Charles C. Cunningham, director of the Wadsworth Atheneum, Hartford, Conn.; Stefano Cusumano of New York University; Stewart Khonis, director of the Art Students League, New York; and Alex L. Pickens of the University of Michigan. Harrington is the son of Mr. and Mrs. Marcellus Harrington of 112 West 16th St. He is a member of the Junior Class at Eppes High School.

Music Accompanied Parade Of Beauty Contestants

EAST CAROLINA MARCHING BAND STEPS HIGH . . . in Miss Greenville Pageant parade held yesterday afternoon.

Pageant Entries Paraded

Seven Miss Greenville Pageant participants rode on convertibles through college and the city's main streets yesterday as a preview to the Thursday night pageant. The Miss Greenville pageant will be held in Wright Auditorium tomorrow night beginning at 7:30. Yesterday's special parade, which was viewed by thousands of college students and townspeople, was highlighted by Betty Lane Eyans, Miss North Carolina, who rode in a convertible leading the cars carrying the seven hopefuls. The entire procession was led by the Rose High School band with the East Carolina marching band bringing up the rear. Parade Chairman Douglas Allen lined up the units at the college library. The procession moved through college drives and then proceeded along Fifth St. to Five Points. From there the parade moved along Evans St. and back to Cotanche where it disbanded. The entrants rode in individual convertibles and smiled prettily for the crowds along the parade route. Each of the contestants went through their paces in Wright Auditorium last night as a rehearsal for Thursday night's pageant was held. In addition to practicing their talent routines the contestants were given the chance to walk on the 40-foot ramp which has been constructed in the auditorium. The ramp leads from Wright's big stage into the audience seating area. Chairman of the Jaycee-sponsored pageant, Clarence Tugwell, was enthusiastic following the rehearsal. "After watching the rehearsal, I feel we stand an excellent chance of having another Miss North Carolina from Greenville this year," Tugwell declared. The Jay-cettes will hold a tea Thursday afternoon which will be attended by the contestants and the judges for the pageant to give them a chance to become acquainted. Thursday night each of the girls will make three individual appearances. First they will walk one-by-one down the ramp in evening gowns. For the next portion of the pageant they will present their talent routines. Finally they will appear in swimsuits. Bill Norwood of television station WNCN will be master of ceremonies for the event. His band will furnish background music. Norwood has been master of ceremonies for a Miss North Carolina Pageant. Tugwell said the sets this year are more lavish than ever before. That, along with a live band and the addition of the ramp, "means we should have a bigger and better pageant than ever before," he declared. "We are anticipating a record attendance." A reserve section has been established in the seating areas along each side of the ramp. Other seats and the balcony will be general admission areas. Tugwell reminded that tickets can be purchased from any Jaycee and they will also be on sale at the door. All the judges will be from out-of-town with the exception of Miss North Carolina. They will use the same point system used in the state and the Miss America Pageant.

Suggested Libel Suit To Payton

RALEIGH (AP) — Atty. Gen. Malcolm B. Seawell, target of a threatened libel suit by Boyd Payton, says he suggested the idea of a lawsuit to the union leader. "I don't mind meeting him in court at any time with what we have," Seawell declared Tuesday in Raleigh. He made the comment after hearing that Payton said in a television interview at Greenville that he plans to sue Seawell for libel and defamation of character. Payton, Carolina director of the Textile Workers Union of America has been a leading figure in negotiations seeking to end the bitter Harriet-Henderson Cotton Mills strike. He said he plans the suit because Seawell branded as an "absolute hoax" an alleged rock attack on Payton. Seawell said he suggested the idea of a suit when he conferred with Payton and another union official on Easter Monday. He explained Payton remarked during the conversation, "What you are saying is that there's no way I can get this into court." "I told him it was very simple, that all he had to do was sue me," Seawell stated. "I would be very glad for any jury of 12 to compare his statement of what he said happened with the physical evidence in the case."

Rose High Marching Band To Represent State In Washington

Junius H. Rose High School's 76-member marching band will represent North Carolina in the "Parade of Princesses" feature of the Cherry Blossom Festival in Washington, D. C. this weekend. The parade, which will include units from every state, is scheduled to begin at 7:30 p. m. Saturday. The Greenville band's appearance was arranged through the office of Senator Sam J. Ervin and his administrative assistant, Jack Spain of Greenville. Members of the band, accompanied by Director James E. Rodgers and five chaperones, will leave Greenville at 5:45 a. m. Saturday in two chartered buses. They are scheduled to spend Saturday night at the Howard Johnson Motor Lodge near Washington and return home Sunday evening. The band's participation in the festival is being sponsored by College View Cleaners, Pepsi-Cola Bottling Co., Dunn Building Supply Co., Garris-Evans Lumber Co. and Cox Armature Works. This year's trip is the band's second to the Cherry Blossom Festival. They were official representatives of the state three years ago and will serve in a similar capacity this year. The band will also serve as representatives of Miss North Carolina, Betty Lane-Evans, who declined an invitation to the festival because of an appearance in the Ayden Farmer's Festival this weekend. Miss Evans was a member of the band while in high school and had been invited to participate in this year's parade with beauty queens from other states. While in Washington, band members will visit scenic and historic sites in and around the nation's capital. On Saturday afternoon, they are scheduled to visit a changing of the guard at the Tomb of the Unknown Soldier, the Lincoln Memorial, the Washington Monument, the White House, Blair House, Jefferson Memorial and the Smithsonian Institution. After attending church services Sunday morning, band members will visit the Capitol and Mount Vernon before beginning their return trip.

'Catfish' Begins His Prison Term

LUMBERTON, N. C. (AP) — James W. (Catfish) Cole went to jail here Tuesday to begin serving an 18 to 24-month prison term for inciting a riot at a Ku Klux Klan rally. Cole, former Klan leader, will be transferred to central prison at Raleigh next week for assignment to a work camp. The inciting-to-riot charge stemmed from his Klan rally near Maxton Jan. 18, 1958, which was broken up by Lumbee Indians.

SEATO Council Meeting Opens

WELLINGTON, New Zealand (AP)—The SEATO Council of Ministers opened its fifth meeting today with emphasis on improving economic conditions in Southeast Asia to combat communism. Several speakers stressed that military strength alone was not enough to protect the area from the Red menace. Prime Minister Walter Nash of New Zealand, elected to preside over the sessions, described hunger and poverty as the greatest threats to the security of the members of the Southeast Asia Treaty Organization and their neighbors.

Called It 'Jackpot'

JACKPOT, Nev. (AP) — This hamlet of 100 people just south of the Idaho border shook off "Unincorporated Town No. 1" Tuesday and started life as Jackpot. The name was deemed just right for a string of slot machine clubs eager to oblige would-be gamblers from Idaho.

++ Social Calendar ++

WEDNESDAY
 7:00 p.m.—Jay-C-ettes meet at Woman's Club.

SUNDAY
 12:30-2:00 p.m.—Buffet for members, Greenville Country Club.
 5:30-7:00 p.m.—Moose Lodge buffet supper for members and guests.

Lebanon, Middle East Is Topic

Neil Joseph of Goldsboro spoke to the members of the Eighth St. Christian Church Circle 1-5 Monday about the native land, Lebanon, and the Middle East.
 He has spent most of his life in the United States and has been made a Good Will Consul by the business and service groups of Goldsboro to represent the Christians in the United States to Lebanon.
 A trip to the Middle East—first to Palestine, the Holy Land—was visualized by his speech.
 Joseph said that this religion,

the birthplace of the Christian religion, was populated with 75 per cent Mohammedans. Only 25 per cent of the Middle East countries has more Christians than Mohammedans.
 Eighty-seven per cent of the Lebanese are educated.
 Joseph showed pictures to the ladies of Lebanon and the Holy Land. He described the unusual landscape, and emphasized the cedars that are still in existence which are spoken of in the Bible. Lebanon is the summer resort of the Middle East.

With Farm Women

By ROBERTA GARNER
 (Items this week from Washington, Cherokee, Wake, Franklin, Hoke and Currituck Counties)
Now A Business
 Re-upholstering furniture—once a hobby for Mrs. W. N. Piercy, Washington County, is now a profitable business.
 This Beech Grove Home Demonstration Club member first began by repairing her own furniture—tying springs, then covering the pieces with suitable material. After many compliments on her work, she started re-upholstering for others.
 Now, Mrs. Piercy has rented a store and moved her business downtown, according to Mrs. Frances Darden, home economics agent. Of her "hobby," Mrs. Piercy says, "I just love to work when the results are lovely."

Mail, home economics agent, said she had her home business center arranged as she had instructed the other club members to do.
Currituck Calls
 "Currituck Calls," a new monthly Home Demonstration Club paper created by Mrs. John H. Yon, is being enthusiastically received by the Currituck County homemakers, according to reports by Mrs. Elizabeth Sanderlin, home economics agent.
 Items in the paper include news from each section of the county as well as recipes and humorous notes.
 Mrs. Yon says she got the idea for the paper from Mrs. Dorothy Vanderbilt, Durham County, who has a similar paper for Home Demonstration Club members there.

1,000 Litterbags

Cherokee County 4-Hers distributed over 1,000 litterbags recently to "potential litterbugs." They handed them to motorists from traffic islands in Murphy.
 The white paper bags were lettered in 4-H green, reports Miss Mary Hensley, assistant home economics agent.

Seamstress Saves

Even a new seamstress can save money by making her own clothes. However, Mrs. Lois Woodall, Wake County homemaker, is more thrilled with her sewing knowledge now than the \$16 she saved on two outfits. She was an eager student, says Mrs. Myrtle Swiggood, home economics agent. And, she has done splendid work.

Saves \$10 A Day

After careful shopping and the decision to buy good material for her new suit, Mrs. Paul Gupton, Franklin County, was able to make a suit of which she could be proud.
 Her shopping made her realize that suits of the same quality would cost \$35 more than the price of her material.

Home Business Center

Mrs. Percy Gillis, home management leader for the Phillips Home Demonstration Club in Hoke County, gave a demonstration in her club stressing the importance of a home business center. When questioned, she confessed she had no set-up such as this in her home.
 The next day, however, she recovered an old desk, cleaned it, and set up an area for the business of her home.
 A report later to Miss Josephine

Members Attend District Meeting

FOUNTAIN—Members of the Fountain Club attended the 22th District Federation of Home Demonstration Clubs held in Saratoga High School on Thursday. Mrs. Joe Gay, Vice-President of the local club, served on the Time and Place Committee and extended an invitation for the group to meet in Greenville in the spring of 1960. Mrs. Albert Bell, president of the Local Club, gave the response to the welcome.
 At this meeting Mrs. V. I. Rockaday, president of the North Carolina Federation of Home Demonstration Clubs, recognized Mrs. Bell as District Winner in the A and P Tea Company Leadership Achievement Contest. She is one of twelve Home Demonstration Members in the State to receive this Honor and will be presented a Silver Tray during Farm and Home Week, in June.
 Members of the Fountain Club attending this meeting were Mrs. Sim Weisner, Mrs. Eddie Corbett, Mrs. Fred Moore, Mrs. C. E. Case, Mrs. C. B. Phillips, Mrs. J. W. Gay, Mrs. Alton Moore, Mrs. Carlotta Gardner, Mrs. Willie Kilbrew, Mrs. Beasley Bell, Mrs. Harvey Dilda, and Mrs. Albert Bell, Mrs. Hennie Bell of the Crisp Home Demonstration Club and Miss Calie Roberson of Robertsonville were also members of this group.

News From Fountain

Mr. and Mrs. Jim Owens and daughter Nina Ruth of Fountain and Mr. and Mrs. James G. Webb and daughter Cathy of South Carolina were Sunday dinner guests of Mr. and Mrs. Wright Webb. Other Sunday afternoon guests were Mr. and Mrs. Franklin Morgan and children of Fountain, Mrs. Bobbie Crisp, Mrs. Katie Gardner of Macesfield, Mrs. Jasper R. Webb and son Mike and Mrs. Roy Webb of Elm City.
 Mr. and Mrs. J. T. Owens Jr. of Wilson were Sunday dinner and supper guests of Mr. and Mrs. J. T. Owens. Other Sunday visitors were Mr. and Mrs. Raymond Owens from near Webb's Lake, Mr. and Mrs. Ben Turner Owens and daughter Ange, Mrs. Alice Summerlin and children, Nettie Faye and Jimmie of Fountain.
 Mrs. J. W. Hardy and Mrs. Albert Bell were Kinston visitors Monday.
 Dr. and Mrs. S. S. Morrison and children, Blaine, Eve, Stuart and Emily, of Leesburg, Va. were weekend guests of Mrs. J. W. Hardy and Mr. and Mrs. Albert Bell.
 Mr. and Mrs. R. M. Hardy, Mr. and Mrs. Jimmie Bell and children, and Dr. and Mrs. S. S. Morrison and children were Sunday guests of Mr. and Mrs. Albert Bell and Mrs. J. W. Hardy.
 Mrs. Ellie Eason of Snow Hill, Mrs. Nannie Thomas of Walstonburg, and Mrs. Elmer Hinson of Jacksonville were Monday afternoon guests of Mrs. J. W. Hardy and Mrs. Albert Bell.
 Larry Dilda of N. C. State College is spending the spring holidays with his parents, Mr. and Mrs. S. L. Dilda.
 Charlie Owens and Miss Vivian Crag of Crownsville, Md. were weekend guests of Mr. Owens' mother, Mrs. Daisy Owens. Mrs. Owens accompanied them back to Maryland for an extended visit with Charlie.
 Mrs. L. B. Manning, Mrs. Noah Barefoot and Mrs. J. H. Manning visited Mr. and Mrs. J. E. Page of Chocowinity, Mr. and Mrs. R. Page of Stokes, and Mr. and Mrs. H. L. Tetterton of Bethel Sunday afternoon.
 Mrs. Katie Owens is visiting her son-in-law and daughter, Mr. and Mrs. C. W. Brown of Raleigh.
 Mrs. Sandra Saulter and daughters, Rose and Linda Carol, Mrs. Billy Brann and son Dall of Farmville, Mrs. Sim Weisner of Fountain, Mrs. Marshall Joyner of Winterville, and Mrs. Bell Hinson were guests of Mrs. Mary Everette and Miss Marjorie Everette Sunday.
 Mrs. Zeb Pollard and daughter Melanye Stuart of Bethel are spending a few days this week with her mother, Mrs. W. R. Harris.
 Mrs. E. C. Edwards was a Sunday dinner guest of her son and daughter-in-law, Mr. and Mrs. I. J. Edwards.
 Rev. Wilberton Everton of Middlesex, Mrs. Noah Barefoot and children, Alice Page, Leonard Owen and Mrs. O. H. Barefoot of Benson were Friday supper guests of Rev. and Mrs. L. B. Manning.
 Mr. and Mrs. Alton Moore and children, Parmie and John, and Miss Geraldine Little spent Sunday in Greensboro visiting Mr. and Mrs. Moore's daughter, Fay, a student at Woman's College.
 Rev. and Mrs. Marshall Joyner of Winterville, Mr. and Mrs. Arthur Tyson and daughter Gail of Fountain were Sunday dinner guests of Mrs. Bell Hinson.

Sack Dress Rage In Australia

By DOROTHY ROE
Associated Press Women's Editor

The sack dress may be dead in America, but it's all the rage right now in Australia.

Authority for this bit of incidental information is Herbert Bijur, American pattern company executive, who has just returned from a tour of the land down under, accompanied by three of New York's most glamorous models, a photographer and an assortment of home sewing experts.

Says he: "Australia is about eight months behind the United States in fashion, so the chemise is at its peak there right now. Everybody's wearing it—all the women, that

is—and somehow it looks right on them.

Australians look to America, rather than to Paris, for fashion trends, says Bijur, and most of them make their own clothes. Out of a population of 10 million, 7 million home-sewing patterns were sold there last year. This, he says, is because readymade clothes are not available there in either the quality or the quantity common to America.

Australians were eager to meet the three models who went along on the tour, says Bijur, but were disappointed when the glamor girls showed up wearing voluminous Muu-Muus (bought in Hawaii) and no makeup.

"They said they wanted to rest their faces," says Bijur ruefully. "I guess you can understand that, but it was a blow to the Aussies, who were all set to be bowled over by New York's beautiful cover girls. At first the girls wouldn't even pose for pictures, but later they decided they liked Australians, and the situation improved."

Australian models look better than the American variety, says Bijur, and are very attractive, but the mannikins used in department store windows are years behind those seen in American cities.

The home-sewing expedition passed in Hawaii en route, and there Bijur was impressed by the color and variety of native fashions, particularly the Muu-Muu.

4-H's Participate In Jr. Dairy Contest

The Pitt County 4-H Junior Dairy Foods Contest was held Saturday morning in the auditorium of the Agricultural Building in Greenville. Twenty-seven Junior 4-H girls participated in this contest, giving nine individual demonstrations and nine team demonstrations.

Winners in the individual contest were: first, Mary Virginia Langston from Winterville-Greenville Community Club; second, Laura Braxton, Winterville-Greenville Community Club; and third, Margie Fields from Farmville Jr. Club. Besides these girls, those giving individual demonstrations were:

Donna Stancill, Belvoir; Janie Keel, Belvoir; Gayle Little, Arthur; Lillian Crisp, Chicod; Carolyn Sumrell, Grimesland; and Sandra Payne, Grimesland.

Winners in the team demonstration contest were: first, Betty Ruth Dunn and Ruth Ann Wooten from Fountain; second, Faye Smith and Jeannette Gardner from Chicod; and third, Lynette Manning and Patricia Webb from Fountain.

Other girls participating were: Dianne Sutton and Sandra Umphlett, Arthur Jr.; Pansy Sue Jones and Carol Porter, Chicod Jr.; Mary Agnes Gay and Nettie Faye Summerlin, Fountain Jr.; Gloria Mills and Linda Adams, Chicod Jr.; Kathy Worthington and Barbara Jackson, Winterville-Greenville; and Margie Fields and Frances Thorne, Farmville Jr.

The judges for the contest were six Home Economics students from East Carolina College. They were: Glennie Ellis, Terry Parker, Judy Tolson, Glenda Harris, Ann Jessup, and Beverly Steward.

A total of 52 were present at the contest, including participants, parents and guests.

Each demonstration was different, but all gave the nutritional value of milk and milk products and showed some dish that would encourage the use of milk in a person's diet.

Clark-Davenport Speak Vows

ROBERSONVILLE—The marriage of Miss Betty Jean Davenport, daughter of Mrs. Clayton Davenport of Robersonville and the late Mr. Davenport, and Robert Woolard Clark, son of Mr. and Mrs. Andrew Clark of Everetts, was solemnized Sunday afternoon in the First Christian Church.

The Rev. Wilbur T. Wallace, assisted by the Rev. Carlton Roberson, cousin of the bride, officiated in the double ring ceremony.

Mrs. Wiley B. Rogerson, organist, and Mrs. Irving Smith Jr., vocalist, presented a program of nuptial music which included the traditional wedding marches, "O Perfect Love," "To A Wild Rose," and "The Wedding Benediction."

The bride given in marriage by her uncle, Milton Smith of Washington, wore a formal length gown of Chantilly lace over antique tulle. The lace bodice was fastened with a scoop neckline accented by floral motifs re-embroidered with simulated pearls. Alternating ruffles of lace and fan pleated tulle formed the chapel length train. Her three-tiered fingertip veil of French illusion was attached to a half hat of matching lace trimmed with pearls. Her white prayer book was adorned with an orchid and a cascade of pink sweetheart roses and feathered carnations.

The matron of honor, Mrs. Walter Ellis Everett, sister of the bridegroom, wore a pink nylon organza dress and a matching braided crown with a veil. She carried a deep pink arm basket of spring flowers.

The bridesmaids were Miss Barbara Taylor of Raleigh and Mrs. Bobby Mobley. Their mint green dresses were designed like the honor attendant's and their dark green baskets were filled with mixed flowers.

The honorary bridesmaids were Miss Catherine Everett, niece of the bridegroom.

"Now I have a staff of 50. Every one of them adore me and would gladly die for me," he declared with unblushing immodesty.

Famous Heads

"Soon I will open a new studio, where I will display 3,000 labelled locks of hair which I have cut from the heads of famous clients. Also, I will show my collections of tie pins and ostrich eggs. Would you like to come and see them?"

Alexandre got up to pose pinning a false curl on a mannequin, and came back to tell us that he has two children, Danielle, 16, who studies art, and Michel, 15, who wants to be an architect.

"You may say that I always wear black," he announced solemnly.

"I have made two tours of America, and I adore it. I also adore Grete Garbo, but she won't let me set her hair. She has her personal style, you know, and she only has a hair cut when she comes to see me."

Eugene Williford of Windsor, had her home decorated with arrangements of spring flowers and vases of gladioli.

After the guests arrived, potato chips and fruit punch were served. Later in the afternoon the group was served potato chips, salted pecans, brownies, Japanese fortunes and a frozen pineapple dessert.

Miss Davenport, who wore a corsage of flame glads with her black silk dress, was presented a silver pie dish.

Tea

Miss Joyce Whitefield and her twin sister, Miss Janeyce Whitefield, were hostesses at a tea honoring Miss Betty Jean Davenport.

The guests were welcomed at the door by Mrs. Lester Whitfield and introduced to the receiving line composed of the bride-elect, her mother, Mrs. Clayton Davenport, and Mrs. Andrew Clark, the mother of the bridegroom-elect.

Floral arrangements were used throughout the house. The dining table, covered with lace, was centered with a large bowl of snowdrops flanked by candelabra holding white tapers. Mrs. Walter Ellis Everett poured the fruit punch while Mrs. Bobby Mobley served the party cakes. The other refreshments were mints and salted nuts.

Miss Barbara Taylor of Raleigh presided at the register.

Miss Davenport received a corsage of white feathered carnations to complement her pink dress. She was presented a cookbook as a gift.

After graduating from Robersonville High School, the bride attended E.C.C. Greenville. She is currently employed in the Education Department of East Carolina College.

The bridegroom, a graduate of the School of Agriculture at State College in Raleigh, is engaged in farming.

After the wedding ceremony a reception was held in the Fellowship Hall of the church.

For a trip to Western North Carolina, Mrs. Clark chose a navy blue suit with matching accessories. She lifted the orchid from her prayer book.

The young couple will be at home in Everetts after the 15th of April.

Dessert Hour

Miss Betty Jean Davenport was honored recently at a dessert hour. For this occasion the hostess, Mrs.

Couples Give Club Dinner

Mr. and Mrs. J. Knott Proctor, Mr. and Mrs. D. J. Whichard, and Mr. and Mrs. J. B. Cummings recently gave a dinner party honoring the members of the Atheneum Book Club and their husbands.

Pink azaleas dominated the spring flowers used throughout the Proctor home for decorations.

Following the dinner, a social hour was conducted by Mr. and Mrs. J. Knott Proctor Jr. with club members cooperating.

New Members

ROBERSONVILLE—Mrs. Tom Bunting and Mrs. Walter Baker were welcomed as members of the Homemakers' Club Thursday when it met at the home of Mrs. J. P. House.

Following the business session the hostess entertained with various types of games and contests.

Mrs. Will Beach, Mrs. George Ross, Mrs. W. W. Taylor Sr., and Mrs. Hattie Hardy were announced as the winners.

Wigs Are Now In Fashion

By NADEANE WALKER

PARIS (AP)—If Cinderella were being outfitted for the ball right now, her fairy godmother would almost certainly have to top her off with a wig, preferably diamond-dressed and designed by Alexandre of Paris.

For the wig craze, far from fading, is reaching new dizzy heights. Hats are especially designed for them. The Duchess of Windsor has one, and frankly, you've hardly a hope of getting your name mentioned in the society columns if you turn up at the party wearing your own hair.

The bigwig of the wig business—the man who claims, "I started it all"—is Alexandre Ramon, a 47-year-old Frenchman of Italian parentage. His customers range from the Duchess to Elizabeth Taylor, and from Garbo to the Queen of Greece.

For the 1959 spring hat season, now underway here, Alexandre has designed wigs and hair pieces in collaboration with nearly a dozen top hat makers. The other day, we watched him at work while he told us the inside story of his success as a wig wizard.

Bigwig of Wigs

"I invented the modern wig four years ago. I did it for a glove firm, with wigs in colors to match the gloves and handbags. You see, there was a problem. The mannequins didn't like to have their hair dyed lilac to go with lilac gloves, or green to match a handbag. So I made them wigs."

The hair-stylist paused, flourished a hairpin over the disheveled head of a mannequin waiting to be photographed, and restored order as if by magic.

"At first the fashion houses

wouldn't touch my wigs," he admitted sadly. "But my internationally famous customers started to wear them, people like the Duchess of Windsor, Madame Onassis and Princess Sadruddin. Now all the ladies want wigs for the big balls, to change the color of their hair without re-dyeing it."

What about the snob aspect, we asked Alexandre. Would he like to see wigs for the masses?

"No, no!" he cried. "Wigs are for dress-up only."

Women also have Alexandre to thank (or otherwise) for the current rage for puffy lion's mane hairdos, according to the stylist.

"I invented this coiffure for Princess Ira de Furstenberg, for her wedding," he explained. "I was inspired by a romantic drawing of a lion's mane. And it has become the rage because it is so

youthful, it takes years off a woman's age."

Alexandre, who was born in St. Tropez, started as a hairdresser 20 years ago with Antoine at Cannes. "I was discovered by the Begum Aga Khan," he explained. "I dressed her hair for her wedding. But I was launched by the Duchess of Windsor, who made me come to Paris. My 1952 partnership with Carito was dissolved in 1957."

"Now I have a staff of 50. Every one of them adore me and would gladly die for me," he declared with unblushing immodesty.

What Is Emotional Maturity?

RALEIGH — What is emotional maturity?

"It is not always easy to define," says Mrs. Corrine J. Grimesley, family relations specialist for the N. C. Agricultural Extension Service.

"However there are certain characteristics of the emotionally healthy individual:

- "He can love someone else.
- "He can accept disappointment.
- "He can cooperate.
- "He can judge a situation as it is, not as he wants it to be.
- "He is self-reliant.
- "He makes effective use of his abilities.

"No one stays well adjusted constantly, but you can try to become a more emotionally mature, well adjusted individual."

Attend Meeting

FOUNTAIN — Mrs. Maybelle Tugwell, Mrs. J. M. Horton, Mrs. Clarence Smith, Mrs. Alberta Speight, Mrs. Staniel Dilda, Mrs. Hugh Eagles, Mrs. Henry Smith, Mrs. Jennie Parker, Mrs. Bertha Welsner and Mrs. Albert Bell attended the meeting of the Pitt-Beaufort WMU held in Pactolus Thursday. Ladies of the Pactolus Baptist WMU were hostesses to the county-wide annual meeting.

Mrs. Albert Bell, chairman, presided, and Mrs. C. U. Rogers of Williamston, stewardship chairman of the South Roanoke Association, brought a message on "Stewardship."

John Lee of Rocky Mount, regional prayer chairman, was the featured speaker for the occasion. Mrs. Jennie Parker of the local Baptist Church serves as secretary-treasurer of this group.

Attention Ladies!

The Home Economics students of East Carolina College are teaching a class, "Tips on Entertainment," tonight beginning at 7 o'clock. The class will be held in the Flanagan Building, Room 204. All women interested in knowing the correct way in which to be a good hostess may attend.

Free China Is Woman's World

Free China today is a woman's world, says pert, petite Elizabeth Wang, a member of the Taiwan Legislature, now visiting America at the invitation of the U.S. Department of State.

"We have 64 women members of the Legislature," Yuan out of 500," says Mrs. Wang. "In the National Assembly there are 210 women. There is no field in business, the professions or the arts where women are not making distinguished records."

A graduate of the University of North Carolina, she is married to C. Y. Chang, also a member of the Legislature, and has three sons: Bobby, 17, a student at Cheng-Kung University; Eddie, 15 and Frank, 3.

"We call them by American names," laughs Mrs. Wang. "They have long Chinese names, too, but these are easier."

Daughter of a high official, Elizabeth was born in Kiang-Su province, on the mainland of China, and was educated in Chinese schools and colleges before coming to the United States to take a master's degree at Chapel Hill, N.C.

"I got back to China just before Pearl Harbor," says this modern daughter of an ancient race. "I was married in the early days of the war, and then afterward came the Communist conquest of our country. My husband and I escaped to Formosa with our children."

"The constitution of Taiwan was adopted in 1947, and I have been a member of the Legislature since 1948, as have many other women. There is so much to be done, the need and the opportunity are so great, that the days never seem long enough to get everything done."

Mrs. Wang and her family live in a modern Japanese style home in the city of Taipei, and have three servants — a nursemaid, a housekeeper and a chauffeur to drive the bicycle ricksha which is the family vehicle.

Card of Thanks

The family of P. L. Goodson Sr. wishes to thank his many friends for their visits, flowers and considerations while he was a patient in Pitt Memorial Hospital. He has now returned to his home at 802 E. 14th St. and would be happy to have his friends visit him there.

An average of 80 cans of food is consumed by an individual each year.

Free China Is Woman's World

Free China today is a woman's world, says pert, petite Elizabeth Wang, a member of the Taiwan Legislature, now visiting America at the invitation of the U.S. Department of State.

"We have 64 women members of the Legislature," Yuan out of 500," says Mrs. Wang. "In the National Assembly there are 210 women. There is no field in business, the professions or the arts where women are not making distinguished records."

A graduate of the University of North Carolina, she is married to C. Y. Chang, also a member of the Legislature, and has three sons: Bobby, 17, a student at Cheng-Kung University; Eddie, 15 and Frank, 3.

"We call them by American names," laughs Mrs. Wang. "They have long Chinese names, too, but these are easier."

Daughter of a high official, Elizabeth was born in Kiang-Su province, on the mainland of China, and was educated in Chinese schools and colleges before coming to the United States to take a master's degree at Chapel Hill, N.C.

"I got back to China just before Pearl Harbor," says this modern daughter of an ancient race. "I was married in the early days of the war, and then afterward came the Communist conquest of our country. My husband and I escaped to Formosa with our children."

"The constitution of Taiwan was adopted in 1947, and I have been a member of the Legislature since 1948, as have many other women. There is so much to be done, the need and the opportunity are so great, that the days never seem long enough to get everything done."

Mrs. Wang and her family live in a modern Japanese style home in the city of Taipei, and have three servants — a nursemaid, a housekeeper and a chauffeur to drive the bicycle ricksha which is the family vehicle.

Give Up That Unnecessary Burden

What percentage of the bills and resolutions introduced in North Carolina's legislature pertain to purely local matters of counties, cities and towns?

So far this season there have been 667 bills and resolutions introduced in the Senate and House. Of that number 286 have to do with purely local matters of counties, cities and towns. That number represents 42.8 per cent of all the bills and resolutions.

It has been apparent in North Carolina for years that the legislature is—for its own good and the good of local government—handling too many purely local matters which should be left entirely to local government. The fact that 42.8 per cent of all legislation introduced during the current session is purely local in nature further attests to that fact.

In recent years repeated efforts have been made from the grass roots level of the state to give local governments more autonomy in handling their local affairs. And while some tangible progress has been made in this direction, local governments are still tightly tied to the legislative apron strings in Raleigh. The legislature has not seen fit to give local governments the degree of autonomy in their own affairs which they deserve and should have.

Thus every time the legislature convenes, local governments are forced to send hundreds of purely local bills to Raleigh in order that they can legally carry on the business of local government.

The legislature in turn—while it is already snowed under with matters of state-wide importance—has to enact or reject these local bills. In many instances local bills are enacted in conflict with existing statutes, and the jumble of local legislation becomes more confused with each session.

By giving local governments of North Carolina a greater degree of autonomy in their own affairs—

within bounds of general statutes—the legislature could enable local governing boards to do a better job of carrying on the affairs of the counties, cities and towns. At the same time the legislature could greatly reduce its load of bills and resolutions. Such a move would not wholly eliminate the necessity for local bills, but it would drop the number of purely local bills far below the present level of 42.8 per cent of all the legislation introduced in the General Assembly.

It would enable the legislature to devote more of its time to matters of greater importance, and it would release local governments to go about their own business without having to wait for a legislative nod of approval every two years.

Encouraging Report On Employment Gains

Sharp downturn in federal unemployment figures in March coupled with one of the largest upswings in employment for a comparable period in the past eight years offers new hope the nation is shaking off its recession blues.

The 387,000 decline in unemployment in March was the largest decline since 1950 for the February-March period. The gain of 1,106,000 in the number of employed was the largest monthly gain since 1951.

Both the figures were considerably above the normal seasonal change, and the fact that they were announced at a special news conference is an indication of the importance attached to them by the administration.

The business upturn which began late last year has continued to show strength during subsequent months in spite of soft spots in the economy. The late-winter upturn in employment far above expectations points to increased confidence in the economy by manufacturing firms. It also suggests a further strengthening of the nation's economic situation in the coming months.

With 4.3 million people still out of work, unemployment remains a problem in many parts of the country. These most recent figures show, however, that the nation has gone a long way toward licking the recent recession. As greater progress is made, new jobs may be expected to open up in areas where a high rate of unemployment continues to exist.

The fact that employment in the nation is on the upturn and the number of unemployed is decreasing should stimulate business in every area. Indirectly, if not directly, every section of the nation is affected by the general economic conditions which exist in the country as a whole.

Must Know Of U. S. Strength

By JAMES MARLOW WASHINGTON (AP) — Joe and John stand up to each other, their fists clenched, ready for a brawl. Suddenly Joe says to John: "You fool around with me and I'll knock your brains out. I can do it."

If John believes him, he'll put his fists back in his pockets, and walk away with as much dignity as he can get.

But what happens if John doesn't believe Joe? There'll be an awful mess. Recently the United States played Joe to Soviet Premier Nikita Khrushchev's John. American military leaders—Secretary of Defense Neil McElroy and the Joint Chiefs of Staff—said this country has enough nuclear bombs and bombers to flatten the U.S.S.R. if it starts a war.

This must have been very reassuring to Americans. The important question is: does Khrushchev believe it? That question was raised by Gen. Thomas S. Power, commander of the Strategic Air Command's bombers which would have to do the flattening.

In 50 minutes of brilliant and unbroken testimony before a House appropriations subcommittee, Power summed up the whole problem of what he called the "philosophy of deterrence."

"What we think of ourselves," Power said, "does not really amount to anything so far as deterrence is concerned. It is only what Mr. Khrushchev thinks of our capabilities that is important from a deterrence point of view."

"Therefore, he must be made aware of our strength," he pointed out.

The one starting the next war—since it would be terribly swift with jets and missiles—would have an advantage. The reason: the one attacked would have only a brief warning at best before it could start retaliating.

Worse still, the country attacked would probably have much of its retaliatory power destroyed in the first onslaught. Therefore, Power is banking a lot on keeping a number of manned bombers, equipped with bombs, in the air 24 hours a day so they could strike back instantly if the Soviet Union attacked. That initial Soviet attack might destroy a lot of American

planes still on the ground. But Khrushchev—if he knew a number of American bombers were in the air and could hit back at once—would think twice before pulling a trigger.

He'd know those on-the-ready American bombers could do terrible damage to the Soviet Union even in the U.S.S.R. thereafter, because of its surprise attack, we're able to go on and win the war.

Power would suffer that terrible damage he, for Khrushchev, worth enduring in order to win the war? Only Khrushchev, not the United States, could know the answer to that.

To complicate things, Power said, Khrushchev's idea of how much damage the Soviet Union could suffer might vary from week to week. That brings the story back to how much Khrushchev believes about American strength and how much he believes about Soviet strength.

Power said: "I think Mr. Khrushchev's Sputniks and scientists are telling him they are away ahead. I am sure his air defense command people are telling him they are the greatest."

"If there are any signs of weakness that came out of this country, I think this could become a very dangerous combination. So there is a danger of miscalculation."

"Deterrence is meaningless unless Mr. Khrushchev is impressed with our capability."

As of now, Power said, he thinks this country has so much power that Khrushchev can make no mistake about its adequacy. The general added:

"Our real mission, you might say, is to have that Soviet planner set up from his table every morning and turn to Mr. Khrushchev and shake his head and say: 'Today is not the day, comrade.'"

Then the general threw in the booker. He told the committee this country's deterrent power—power of such obvious strength that Khrushchev would be discouraged from starting war—is deteriorating.

The reason—bombers getting obsolete. He asked for more, and more modern bombers, plus more intercontinental ballistic missiles. Power's command would also handle the missiles.

Strength For Today

By EARL L. DOUGLASS BEGINNING WITH THE INDIVIDUAL

Much of the potency has gone out of modern preaching because it often consists of little more than the setting forth of the preacher's ideas on social and economic questions, or is a pious exhortation to the congregation that they be kind and good.

That social justice, kindness, and righteousness are of the Christian gospel, no one can deny. But these are not the Christian gospel, they are the fruits of the gospel. God sent His Son into the world to save men's souls in the stupendous experience of forgiveness. From this overwhelming truth everything else in the gospel springs. The gospel saves

men's souls, and then saved men go forth with the same remedy in an attempt to save the world. In this fashion, and only in this fashion, are evils eliminated, injustices righted, and cruelties thrust aside.

The gospel of Jesus Christ is not an exhortation but a proclamation. God is in the world working to make it the perfect thing He originally created. It all starts with the individual. Probably because we are used to mass production, we like to think of multitudes being redeemed, great evils swept aside and a better order of life emerging. But it doesn't work that way. God's projects start with individuals and go on to embrace nations.

He Won't Pull Over An Inch!

By JIMMY ELLIS

Some Sadness In It All

If one can believe half of what one hears, the 1959 Azalea Festival was The Absolute Most.

The flowers, we are told, were gorgeous. The visitors defied enumeration. The houseparties were the ultimate in gaiety. The spiritual beverages were of such copious quantity that no thirst went unslaked and no whistled went unwetted.

Everyone who was there to see and feel and know these things first-hand were immeasurably happy for three days or whatever length of time they were in tourist-conscious New Hanover County. They were parties to an unbounded manifestation of *joie de vivre* that, for the time, put all else in the world to shame.

The whole thing was, to quote a young and impressed friend, "... a real thing. I mean

real."

No doubt it will continue to be almost real, for a while at least, for those who have memory of the gentle sweetness of a billion azalea blooms in the warm sun, the calm and orderly beauty of Orton and Arlie, the precision-wildness of Greenfield, the delight in being caught up in the press of a parade-watching crowd, or the clutching rawness of bourbon taken straight.

But, for all the realness and wonder and magic of Azalea Time 1959, the whole affair is a certain sadness.

It is, most certainly a genuine, definable sadness for those who didn't go and who must see the flowers through another's eyes and hear the sounds through another's ears and speak the plea-

sure through another's lips. But, it is a sadness more than that, even for those who were a part of it.

Azalea Time 1959 is a memory now, and nothing more. That is a sadness in itself, although this is not to say that all memories are sad or bad or regrettable, and nothing more.

Memory becomes sadness in that it exists because something else is lost. It cannot be tangible, as the original element was; it cannot be pressed to a breast, as a spray of azaleas might be; it cannot be real, save in the way it is seen by the mind's eye—and the mind's eye has a way of its own in seeing what it will in something that is a victim of time.

Azalea Time 1959 is a certain sadness because it can never be again.

It is gone as a reality, and any memory that lingers must take its place with other, equally impressive recollections—first dates, graduation nights, prize times at county fairs, quiet walks by the moonlight, and fishing trips to shady spots in the summer time.

No doubt Azalea Time 1959 was real in just the way the honest, appealing young friend meant. No doubt it will be almost real to her for a time yet to come.

But, one day, every vestige of reality will drop away, and what was once a beautiful and vital thing will become just another recollection. It will, no doubt, be a beautiful recollection—but it will not be the real thing.

That is the certain sadness in every moment of beauty—it will never be again.

Other Editors Saying ... Elect Man, Not A Family

(Hertford County Herald)

It has been turned up through the press that there are a lot of congressmen who have been playing their jobs for all they are worth. By their own enactments they have set themselves very generous expense allowances: allowances for office rentals, allowances for office help and allowances for this and that. These enactments of the congressmen, do not say that the congressman have to spend all of these allowances—they are set up to be used if and when the individual congressman's duties require these extra expenditures to properly do his job for his constituents and his country.

But, as we were saying, it has been turned up that a lot of the congressmen have been playing their jobs for all they are worth. Whether they have had need for the extra allowances for office space and for help, et cetera, or not, they have been using up all the allowances. Some of them have been renting offices in their own homes in their wives' names and they have put wives, sisters and other relatives on their payrolls at fancy salaries for doing work that was in name only. This is not a very good example for these congressmen to set for the rest of us who are taxpayers. If in business an employee was found padding his expense accounts and playing fast and loose with the company money, he would be

fired from his job. And this is just exactly what the constituents of the congressmen guilty of this practice should do for them—vote them out of office.

There is a big name for the practice of giving lush jobs to relatives. It is called nepotism. It is a poor practice in business. It is equally poor in government. When the people elect a man to office, they elect an individual and not all his family. It is to be expected that the politician elected to public office should show preference to his friends and supporters when there are jobs to be filled—but brothers, sisters, wives, nephews and cousins, that makes too much of a good thing. Giving a man a job in government does not mean that the government or the job is his permanently out of which to make the most, as if it were his private property. When an officeholder loses sight of the fact that he or she is no more than an agent of the public, serving in a public trust, then that officeholder has become a public liability and involuntarily surrendered the virtues to hold public office.

And the above applies not only to congressmen who play their jobs for all they are worth, but all along the line in county and municipal government. We would add, in fairness, that the congressman serving this district has not been listed among those who have padded their expense accounts and payrolls.

Safety Thoughts From Congress

By ELMER ROESSNER

Most cars on the road today would be obsolete if Congress passes even a fraction of the bills pending in the present session.

New cars would have to be equipped with seat belts, sealed speedometers and manufacturers' certificates of safety if some of the proposed legislation becomes law.

The National Highway Users Conference has rounded up all the bills that would affect autos and traffic regulations.

There is considerable concern over exhausts, which generate smog and which may cause cancer and other ailments.

One bill, by Representative Gordon McDonough (R., Calif.) and Paul F. Schenck (R., Ohio) provides for research into the poisonous characteristics of exhaust gases, and gives the Surgeon General authority to prescribe legal limits. Another bill, by Representative Kenneth A. Roberts (D., Ala.) would require the Secretary of Commerce to

make a similar study and report to Congress.

SAFER AUTOS WANTED
Many bills deal with safety. Bills by Representatives Roberts and Sen. Hubert H. Humphrey (D., Minn.) would require seat belts on all new cars.

Four bills by Representative Abraham J. Muller (D., N.Y.) would require manufacturers to certify the fitness of all motor vehicles sold in interstate commerce; regulate the fitness of cars sold to dealers; prohibit the sale of cars whose components the advertiser did not match the realing of speedometers to prevent tampering.

A bill by Representative Thomas J. Lane (D., Mass.) would provide for a Congressional study of ways to make auto travel safer. Another proposal, by Representative Charles E. Bennett (D., Fla.) would authorize the Secretary of Commerce to promulgate standards for "devices for use on motor vehicles designed to provide the public with the safest possible automobiles with-

Jane Invests In Self

By HAL BOYLE NEW YORK (AP) — Jane Morgan, who has 300 hats and spends up to \$2,500 for a single gown, was paid \$25 a week for singing in a ballroom here in 1946.

Right now Jane, known as "the Fascination Girl," is spending exactly one thousand times that to create a new night club act.

"You don't just get up and sing a few songs," she said. "You have to put on a small revue. A new act costs \$25,000—enough to produce an off-Broadway drama.

"But that kind of show has angels to back it. A night club performer has to put up his own dough."

This interesting behind-the-scenes peek at show world finance was given by Miss Morgan over a steak sandwich luncheon. Blonde, blue-eyed and beautiful, she showed up wearing a striking Christian Dior suit the color of mellow old money.

Where will her \$25,000 go? "Half of it will go for getting the material for the show," she said. "I have six writers working on it."

"The other half will go for the wardrobe. Sometimes I envy movie stars. The studio supplies their gowns. We have to buy our own."

In addition to the six writers, Jane's 45-minute act will require the services of a producer, a musical director, a choreographer, a dress maker, a lighting expert, two song and dance lads and 10 fiddle players. Then, of course, there are also her personal manager and her maid-secretary.

All this money and talent is being spent for a four-week engagement beginning late this month in the Hotel Plaza's Persian Room, a top showplace for the national supper club circuit.

"You hope you can make it back on the road," said Jane a bit grimly, "but if the reviews are bad, there may be no road."

"You never really know." It is unlikely Miss Morgan will meet with this particular disaster. She is a top star in one of the most elite circles in show business. It is made up of fewer than a dozen girls who can average \$3,000 a week in swank supper clubs across the country. But her \$25,000 investment is good only for about a year. Last year's night club act is as dead as yesterday's newspaper.

Jane shows no sign of strain, however. She worked 52 weeks last year. Besides her supper club warbling she is also a popular recording artist and one of the busiest guest stars on television.

She turned down an offer to have her own TV network show this summer. "It sounded wonderful," she said. "But what happens to these summer replacement shows, no matter how much the public likes them? As soon as the first cold wind blows, they disappear and are forgotten."

Jane comes from a musical family. Her father was a symphony orchestra cellist, her mother a concert pianist and singer.

Recently she bought a 40-acre farm, "Blueberry Hill," near Kennebunkport, Me., and likes to act in a Maine summer playhouse operated by her brother.

"Sometime I want to do a real Broadway musical," she said. "And I want to work in the theater. That is my real interest."

"I hate night clubs!"

Yep, in spite of those 300 hats, those \$2,500 gowns and that \$3,000 a week salary.

Opinions In Brief

"The good driver does not block intersections. He looks ahead, anticipates trouble and avoids it for himself and others. Blocking intersections and crosswalks is unnecessary, selfish and intolerable. It brands one as both crude and rude at the wheel."—Atlanta Constitution.

"Teach the boy to obey. A boy's own rules turn out to be no rules at all. Take time to be a boy's companion. Be specific with the boy. Uncertainty in youth leaves the door open for lifelong doubt and conflict. Give the boy responsibility. Let him

learn early how to be part of a team. Love the boy. Show him that love is a kind of mutual respect, reflecting itself in one's conduct."—Delta Democrat-Times.

"The great challenge of journalism is deciding whether to print what the public ought to read, or what the public likes to read. This is a decision made daily in every news room. Every good newspaper should lead, inform and entertain. To do all three, and cater to the diversity of readers' tastes, is not simple."—Dallas Morning News.

Oklahoma's Voters Repeal Durable Prohibition Law

OKLAHOMA CITY (AP)—Oklahomans struck prohibition from their constitution Tuesday. With all but 13 of the state's 3,234 precincts in, repeal carried 395,242 to 313,574. The state still isn't off the wagon. Legal liquor is at least two months away. A constitutional amendment substituting privately owned package stores for prohibition was approved by a margin of more than 80,000 votes in a record-breaking special election called at the urging of Gov. J. Howard Edmondson. Edmondson called on state residents to use "good judgement and common sense in the days ahead." The Legislature must validate the amendment and repeal anti-liquor laws before liquor can be sold legally. This probably will take 60 to 90 days. Oklahoma then will emerge from 51 years of prohibition. Mississippi will be the only dry state left in the union. Failure of a county option pro-

posal Tuesday means the entire state will go wet, although liquor stores will be limited to towns of 200 and larger. The county option question, submitted separately, lost 221,520 to 467,928. Had county option passed, each

President And Physician Happy

AUGUSTA, Ga. (AP)—President Eisenhower is happy and so is his doctor. The President is pleased because he is back for another visit at his favorite vacation spot—the Augusta National Golf Club. His physician, Maj. Gen. Howard M. Snyder, is happy because Eisenhower is getting the outdoor exercise and warm sunshine the doctor prescribed. "This is the first summer I've felt in a long time," the President exclaimed with a chuckle as he arrived here from Washington Tuesday. Snyder couldn't have arranged it better if he were in charge of the weather. The temperature was 80 degrees and the sun was a Chamber of Commerce dream. "This is marvelous," remarked Mrs. Eisenhower as she came down the ramp from the President's private plane, Columbine Columbine III. Eisenhower and the first lady motored directly to the golf club. Five minutes after arrival he was out on the famed course where Art Wall Jr. won the Masters Tournament Sunday. The President played 18 holes with Byron Nelson, a former Masters champion; Clifford J. Roberts, New York investment banker and board chairman of the golf club; and William E. Robinson, also of New York and board chairman of Coca Cola.

county would have voted May 12 on whether to allow liquor stores. Liquor can be sold only by the bottle when the new amendment goes into effect. The "open saloon" will be banned, although 3.2 beer still will be sold in taverns. Though whisky still is illegal, there was celebrating Tuesday night. Nightspots were crowded and honking horns reverberated through Oklahoma City. Repeal advocates marched down an Oklahoma City street, carrying a coffin bearing a sign "Old Man Prohibition."

The repeal victory came when Oklahoma was "drier" than at any time since statehood. Edmondson ordered a statewide crackdown soon after taking office in January. State officers have driven hundreds of bootleggers out of business. Many nightclubs closed. The whisky crackdown and intensive campaigns by both the wets and dries helped make this the biggest special election ever held in Oklahoma. The vote total of more than 700,000 topped by far the previous high of 591,000 in the repeal election 10 years ago won by the dries.

Judge's Laundry Issue Cleaned Up

WISCONSIN RAPIDS, Wis. (AP)—A murmur ran through the Wood County Board chambers as the committee chairman, reading a list of bills came to this item: "Jail laundry — Judge's Laundry, \$8.10." "Since when," demanded one of the newly-elected rural supervisors, "are we paying for the judge's laundry?" It was all smoothed over when a city supervisor explained that Judge's Laundry is a local cleaning establishment and the bill was for laundry work for the county jail.

Drill Team Will Participate In Annual Festival

The Honorary Drill Team of the Air Force ROTC at East Carolina College will participate this weekend, April 10-11, in the annual Cherry Blossom Festival Parade at Washington, D.C., and, with other similar teams from ROTC units, military schools, and service organizations, will compete for honors in the National Drill Competition.

Last spring the East Carolina Honorary AFROTC Drill Team placed twelfth in the nation at a similar competition in Washington, in which 52 units took part. Cadet Captain Robert L. Needs of Beaufort is commanding officer of the college team. Twenty other cadets are included in the unit. They will be accompanied to Washington this week by Capt. Vance Lockamy and other members of the staff of the AFROTC at East Carolina.

Members of the Honorary Drill Team, in addition to Cadet Capt. Needs, are Cadets John A. Churchill, Jr., Rocky Mount; William R. Harris, Goldsboro; John M. Ledford, Greensboro; Robert E. Taylor, Sunbury; Berkley C. Roberts, Jr., Raleigh; Harry P. Bayley, Rt. 2, Swansboro; John M. Walston, Rt. 1, Snow Hill; William R. Faulkner, Rocky Mount; Earl E. Scofield, Wilmington; William J. Barfield, Jr., Goldsboro; Edward J. Farrell, Durham; Merle W. Edwards, Kinston; John J. Chapman, New York City; Robert C. Brown, Swansboro; William T. Casper, Swansboro; Joseph R. Huneycutt, Jr., Portsmouth, Va.; Robert A. Ward, Greensboro; Walter Worthington, Rt. 1, La Grange; John M. Warren, Rt. 1, New Bern; and Kirby P. Branch, Greenville.

Canned Laughter Is Apparently To Stay

NEW YORK (AP)—About four years ago TV producer Alex Gottlieb said "Laughter on television filmed comedy shows is a necessary evil and a crutch that we will have to carry indefinitely."

Refuse To Budge On Tax Claims

BOSTON (AP)—Massachusetts today refused to budge from its stand that out-of-state residents who work in Massachusetts should pay this state's income taxes.

The Bay State appears to have the upper hand. At least, she has one resident of adjacent New Hampshire in custody.

He is Annis A. Vautier, 41, of Pelham, N.H., now in residence at Charles Street Jail. Pelham is about 30 miles from Boston.

Vautier was arrested at a Boston engineering office, which employs him as a designer, on an allegation, he owes the state \$140 on earnings he is presumed to have commuted back to New Hampshire.

Back in Pelham, his wife Charlotte, 30, a former tax collector, said she would stand by Vautier. They have three children.

A carload of 35 cars brought 150 irate New Hampshire residents to Boston Tuesday night. They picketed a house and a half outside the jail.

In New Hampshire, the Legislature was working on a bill to petition Congress to draft an amendment to the federal Constitution which would prohibit taxation of nonresidents of any state on their incomes.

The Senate passed it promptly and sent it to the House.

'Not Hoodlums' Sought Kicks

WEST MEMPHIS, Ark. (AP)—Three hillbilly musicians from Nashville, Tenn., were arrested last night after a slingshot assault on Memphis windows.

They were identified as Ray M. Huskey, 30, Basil Everett Burnett Jr., 29, and Thomas M. Williams, 24. They were en route to Corpus Christi, Tex., where the Don Gibson Band opens an engagement Friday night.

Officers said a search of the trio's black Cadillac limousine turned up a .22 pistol, a black jack, three factory-made slingshots and six slings of glass marbles used as slingshot ammunition.

The men admitted breaking windows as they passed through Memphis, across the Mississippi River in Tennessee.

But, said Huskey, "We are not a bunch of hoodlums, I can tell you that."

Burnett denied that the slingshot foray was "for kicks."

"I been shooting at road signs and every other thing since Nashville just to pass the time," he said.

The damage in Memphis ranged from large plate glass windows to second-floor panes. Windows of two West Memphis establishments also were hit.

Each was charged with malicious mischief, disturbing the peace and being a suspicious person. Williams also was charged with carrying a concealed weapon.

Bond was set at \$5,000.

Ervin In Favor Of Strike Probe

WASHINGTON (AP)—Sen. Ervin (D-NC) says he would favor a hearing by the Senate Rackets Committee in connection with strike violence at Henderson, N.C., and the beating of a hosiery union organizer at Franklin, N.C.

"Since I'm a member of the McClellan committee, if a request is made for an investigation in North Carolina I can't very well do anything but favor it," Ervin said.

He explained he would "not want to be put in the position of voting for investigations in other states and opposing them in my state."

Campus And City Cast To Present Romeo And Juliet

A cast from the city of Greenville and East Carolina College has been announced for Shakespeare's "Romeo and Juliet," to be presented May 6 and 7 as part of the annual Greenville Fine Arts Festival.

The production of the Shakespearean tragedy is sponsored by the East Carolina College Playhouse and the Greenville Little Theatre.

Dr. J. A. Withey, director of the playhouse, will direct the play; and Dr. Robert T. Rickert of the college faculty will act as technical director.

"Romeo and Juliet" is the third Shakespearean production to be staged at East Carolina by the campus and the city dramatic organizations.

"Macbeth" in 1956 and "As You Like It" in 1957 began the series.

Mrs. Lois Garren of Greenville, who has appeared in major outdoor dramas, including "The Lost Colony" and "The Common Glory," acted with the Carolina Playmakers and in NBC productions; and August Laube, director of music in the Greenville High School, will have the leading roles of the star-crossed lovers.

Delano Driver of Richmond, Va., East Carolina senior and star of several Playhouse productions, will appear as Mercutio; and Beatrice Chauncey of the college faculty, comedienne in a number of campus plays, will be the Nurse.

East Carolina faculty and staff members who are members of the organizations include Dr. Edgar Hirshberg, Capulet; Mahlon Coles, Capulet's cousin; George E. Perry, Friar Laurence.

College students and their roles are Robert R. Johnson of Smithfield, Paris; Larry Craven of Raleigh, Montague; Charles Worrell of Goldsboro, Tybalt; Nell Alleen Smith of Rt. 2, Nashville, Lady Montague; Shiley Dixon of Greenville, Lady Capulet; William H. Bowen of Pinetown, Balthasar; W. E. Barcliff of Charlotte, Abraham; George H. Baker Jr. of Greenville, Sampson; William J. Barfield of Greensboro, Gregory; Mary Townsend of New Ben, Jenny Cooke of Aulander, and Owen McClamrock of Raleigh, ladies; and Kenneth Kilpatrick of Henderson and George W. Ray of Rt. 1, Durham, officers of the watch.

Among representatives of the Greenville Little Theatre in the cast are Richard P. Heller as Benvolio, Jack Morgan as Friar John, Claude B. West Jr. as Peter, Norman Pierce as the apothecary, and Mrs. Bonnie Stultz, as a lady.

Three pupils in the Wahl-Coates Laboratory school on the campus who will act as pages are Mark Withey, Ben Irons, and David Grattis.

PLAN BLOODMOBILE VISIT—Bob Thompson (left) and Dr. Howard Gradis (right) confer on arrangements for the bloodmobile visit in Greenville April 14, 15. Thompson is chairman of the Moose committee which will handle the blood donors' program next Tuesday at the Greenville Moose Lodge.

Dr. Gradis is chairman of the Blood Bank Committee of the Pitt County Chapter of the American Red Cross. The Bloodmobile will visit the ECC campus next Wednesday. (Photo by S. L. Rowland)

Profits Show Rebound As Reports Are Filed

NEW YORK (AP)—A sharp rebound in profits brightens the business scene today as the big flow of reports on first quarter operations gathers speed.

Two out of three companies reporting so far show significantly better results than in the opening months of 1958, and a majority are doing better than in the final months of that year.

The continuing flow will be closely scanned by stockholders, tax collectors and labor union officials.

Seventy nonfinancial corporations have reported to date, most of them for fiscal periods ending before March 31. Combined they show net income after taxes of \$129,259,900, an increase of 19.5 per cent over the \$108,165,000 the same companies reported in the first quarter of their 1958 year.

In the final three months of 1958 a much larger number of corporations showed profits had rebounded by 13 per cent from the year before.

The nation's largest banks, not included among the 70 corporations above, also have been reporting good operating profits in 1959. Those who slipped below a year ago mostly did so through selling older U.S. government securities at present depreciated prices to take tax losses and to buy newer bonds that pay more interest.

As always, the profit street is a two-way one. Of the 70 nonfinancial corporations 21 had earnings less this year than last. And there were 8 dipping into red ink as against 11 in the same period a year ago.

Already the rebound in profits from the recession period is beginning to show up in dividends. The Department of Commerce reports that in January and February cash dividends totaled nearly 1 1/2 billion dollars, up 3 per cent from the year before.

The sad record of dividend cuts and omissions a year ago also is being reversed. In the first three months of 1959 reported increases came to 306, resumpptions to 57.

Big Difference 3 Weeks Later

OKLAHOMA CITY, Okla. (AP)—James H. Norick knows what a difference three weeks makes. He has been chosen mayor by 23,000 votes over insurance man Charles Burba.

Three weeks ago Norick, a printing firm executive, ran third in the primary election, 62 votes out of the second place runoff berth. He asked a recount and won by one vote over attorney Merton Bulla.

Profits Show Rebound As Reports Are Filed

extra payments to 180, while cuts were 38 and omissions 26. In the like 1958 period there were 148 cuts and 79 omissions, while increases were 157, resumpptions 11 and extras 174.

The U.S. Treasury is as interested as the stockholders in the revival of profits, since it gets into as corporate income tax, not to mention its take from swelling individual incomes through dividend receipts.

In preparing the federal budget the President estimated pretax profits for all of 1959 at between 47 and 48 billion dollars. If profits continue to rise at their current sharp rate, the year's total will top that and make balancing the budget that much less doubtful a task.

What total profits for the first quarter of 1959 actually will be won't be known for weeks. The optimistic think the total when all reports are in will reach an annual rate of better than 48 billion dollars—and will rise still further by June 30. This would compare with 40 billion dollars in the fourth quarter of 1957, and 31 1/2 billion in the recession low, the first quarter of 1957. The Commerce Department estimates that in the final three months of last year they had risen to 44 billion dollars.

Union leaders are watching the returns for talking points in upcoming wage negotiations. A year ago with profits depressed it was harder to make a case for wage increases than it may be this year they figure.

Nixon Silence Puzzles Truman

LOS ANGELES (AP)—Former President Harry S. Truman says he's puzzled why Vice President Richard M. Nixon seems to have dropped out of the news recently.

"I hope they (the Republicans) don't bury him until after the next election. He'll be the easiest to lick."

The former chief executive, now 74, declined at a luncheon meeting Tuesday to indicate whom he will back as the Democratic nominee in 1960, but, he said:

"The man who will be nominated will not divide the country by race, religion or foreign policy. We'll need leadership and we must be sure that the affairs of the world are in the hands of an executive who knows what he's doing and where he's going."

Largest elephant ever known stood 13 feet, 2 inches and weighed about 12 tons. Its mounted skin is now on display in Smithsonian Institute in Washington, D.C.

Still Trying To Figure Winners

BENSON, Ariz. (AP)—City election officials were still trying to figure out today who was elected what in the primary.

Voters were to choose nominees for five council seats Monday. Only 118 of about 700 eligible voters showed up. But here's what they did:

They voted for three Republicans on the Democratic ticket. Five Democrats got votes on the Republican ballot. One Democrat got 15 GOP votes, but none from his own party.

A Republican got 21 votes from Democrats, 19 from his party.

Officials agreed that the votes on the wrong ballot should not count. But they had no solution for the winning candidates who were reluctant to accept nomination.

Bishop Penick's Funeral Today

RALEIGH (AP)—The Church of the Good Shepherd, where he was consecrated bishop coadjutor in 1922, was the scene today for funeral rites for the Rt. Rev. Edwin A. Penick, bishop of the Episcopal diocese of North Carolina.

Bishop Richard H. Baker of Greensboro, his successor in the office, conducted the services. Bishop Baker served as coadjutor to Bishop Penick. The Rev. James McDowell Dick, rector of the Church of the Good Shepherd, assisted in the funeral services. Burial was in Oakwood Cemetery.

Bishop Penick was the nation's senior Protestant Episcopal bishop. He died Monday night at the age of 72. He had been gravely ill at North Carolina Memorial Hospital in Chapel Hill for several days.

A Requiem Holy Communion service for Bishop Penick was held this morning at Christ Episcopal Church, just off Raleigh's Capital Square. There also were special prayers for the family and the Episcopal Diocese of North Carolina.

Penick, son of an Episcopal minister, became Bishop Coadjutor of the Diocese of North Carolina in 1922. Ten years later he became bishop upon the death of Bishop Joseph B. Cheshire.

Finch Hurls Two-Hitters As Phantoms Win Fourth

Major Leagues Open Tomorrow

By ED WILKS Associated Press Sports Writer The exhibition schedule slid into the background today as major league baseball made a final dry run before Thursday's traditional regular season openers at Cincinnati and Washington.

Indians are at Kansas City. Friday's National League schedule sends the defending champion Milwaukee Braves to Pittsburgh and Los Angeles to Chicago in afternoon games while San Francisco is at St. Louis and Cincinnati at Philadelphia in a pair of night openers.

HAND STAND CATCH FOR JOE—Joe Cunningham, St. Louis Cardinal rightfielder, does a balancing act on one hand as he pulls down a long fly hit by Detroit Tiger Johnny Groth in an exhibition game at Lakeland, Fla. Cunningham fell back just in time to make the catch after he had misjudged the ball. (AP Wirephoto)

Managers Show Optimism In Pre-Season Comments

NEW YORK (AP)—Unbounded optimism was the keynote today as the 16 major league managers, gathered for the first time since the season's end, hailed their clubs as "greatly improved" on the eve of the opening of the season.

Two of them—defending champions Casey Stengel of New York and Fred Haney of Milwaukee—stated flatly their teams should win again. Bill Rigney of San Francisco, Danny Murtaugh of Pittsburgh and Al Lopez of Chicago's White Sox, said their teams "could" win the pennant.

Harry Craft of Kansas City and Cookie Lavagetto of Washington boldly predicted their teams would win more games than they did in 1958. Paul Richards called his Orioles the best club that has represented Baltimore since its reentry into the majors in 1954.

Stengel's appraisal of the rest of the American League notwithstanding, the seven other AL managers agreed the race will be closer this year.

Chicod ends win streak. CHICOD—John Bailey hurled a nifty two-hitter yesterday afternoon to send Belvoir-Falkland soaring to their first defeat in the past two years by a 10-1 score.

Giants shoot for pennant. SAN FRANCISCO (AP)—President Horace Stoneham of the San Francisco Giants, looking forward to Friday's opening game with unhidden anticipation, declared: "Certainly we're shooting for the pennant. We've been shooting for it since last fall. Most of the clubs in our league have added strength, but I think we improved ours more than the other seven."

Casey To Coach US Swim Team. NEW YORK (AP)—Swimming Coach Willis Casey of North Carolina State has been named manager-coach of the U.S. team that will compete in Japan this summer.

Wake Forest accepts ruling of Weaver. WINSTON-SALEM (AP)—Wake Forest College says it will not appeal further the ruling of Atlantic Coast Conference Commissioner Jim Weaver in connection with a fight at a basketball game here Feb. 12.

Cottier May Be Braves' Answer. JACKSONVILLE, Fla. (AP)—Chuck Cottier, who cost the Milwaukee Braves a telephone call and a stamp, was added to the team's official roster Tuesday. And he could be one of the biggest bargains in organized baseball.

Chicod ends win streak. CHICOD—John Bailey hurled a nifty two-hitter yesterday afternoon to send Belvoir-Falkland soaring to their first defeat in the past two years by a 10-1 score.

ECC Track Team Drops Meet At U. Of Richmond

RICHMOND, Va.—East Carolina left the U. of Richmond for almost thirteen events yesterday afternoon but the Spiders were able to sweep the last two for a 68-63 victory in their track meet with ECC.

Mike Weinstein, a sprinter for Richmond, was the big man as he took first place in the 100 and 220 dashes and also anchored the mile relay team which won.

For East Carolina, Jessel Curry was the big point-getter as he collected thirteen points with a first in the low hurdles, second in the high hurdles, and a first in the javelin.

Foster Morse captured first in the mile relay and also in the 880 for 10 points. It was the second defeat that ECC has suffered against strong opposition as they lost to Wake Forest and Davidson in a triangular meet last week.

East Carolina went into the meet without their pole-vaulter, Dennis O'Brien, who was unable to make the trip. O'Brien also competed in several other events.

The Pirates will meet Newport News this weekend and State College next Tuesday.

SUMMARY ON ECC SCORING One-mile—Morse 1st (4:52), Freeman 3rd, 446—Edwards 1st (53.9), Ruck 3rd 160—Speight 2nd, Johnson 3rd 580—Morse 1st (2:04.6) Hopper 3rd 220—Speight 2nd, Johnson 3rd Two-mile—Freeman 2nd, Finnigan 3rd

Low Hurdles—Curry 1st (25.3), Atkinson 3rd Mile Relay—(Won by Richmond after ECC led for three laps) Javalin—Curry 1st (156 ft.), Johnson 3rd Shot Put—Holmes 1st (42 ft. 2 1/2 in.) NBA PLAYOFFS BY THE ASSOCIATED PRESS Boston 123, Minneapolis 110 — Boston leads best-of-7 series, 3-0

Celtics Take Third Straight Win In NBA

By JIM KLOBUCHAR ST. PAUL, Minn. (AP)—The Boston Celtics, perhaps the greatest basketball team ever assembled, were on the threshold today of a precedent-breaking sweep of the National Basketball Assn. title playoffs.

The Celtics whipped the Minneapolis Lakers 123-110 here Tuesday night for their third straight victory. A repeat in Minneapolis Thursday night would make Boston the first team in the NBA's nine-year history to win the championship series in four straight.

"Why be modest about it," smiled Celtic Coach Red Auerbach "this is a great team." He got no argument on that from the Lakers after the Celtics' breath-taking show of power Tuesday night.

There was glory in it for all of the Celtic reliables but especially Bill Sharman, Bob Cousy and Bill Russell.

Sharman, the 32-year-old mechanical man, flicked six foul shots in as many tries and thus ran his consecutive free throw record to 55, breaking the NBA record of 55 Bill set three years ago.

Sharman started the string in the first game of the Eastern Division playoffs against Syracuse and hasn't missed since.

Cousy once more was the whirlwind playmaker, steering the Celtics fast break with spectacular dribbling, passing and headwork. And he found time to bag 23 points, second only to Tommy Heinsohn's 26 for the Celtics.

"Cousy never ceases to amaze me," said Laker coach Johnny Kundla. "He had 19 assists and played like a demon. Maybe I've seen him look better once before, but I can't remember exactly when it was."

ROANOKE RAPIDS—Rose High one against one defeat. The veteran Greenville made it four straight last inning rally by Wilson.

Finch pitched two-hit ball while his teammates exploded for six hits and a 9-0 victory over Roanoke Rapids.

I gave the Phantoms a 3-0 conference record and pushed their over-all mark to 4-1. They continue conference play Friday afternoon when they meet Elizabeth City at Greenville.

Greenville sewed up the game in the first inning when they tallied three runs on three hits and an error.

Alan McArthur led off the game with a walk. After two were out, Merrill Bynum connected on the first of his two extra-base blows for a double, scoring McArthur.

Joe Mose and Steve Noble collected back-to-back singles to account for two more runs in the initial inning.

Greenville got two unearned runs in the third when Noble and Aubrey Harrison walked and later scored when they attempted a double-steal and the ball got away from the Yellow Jackets.

Billy Cox set the stage for Bynum's second hit in the fourth frame when he led off with a walk. Bynum, the pitcher who doubled as an outfielder, then lashed a home run to give Greenville a comfortable 7-0 lead.

The Phantoms climaxed their scoring in the fifth inning when a couple of Yellow Jacket errors and a single by Harrison produced two more runs.

Strikes Out Nine For Finch. It was win number Greenville ab r h McArthur, 3b 3 2 1 James, 2b 3 0 0 Bynum, cf 4 2 2 Mose, 1b 4 1 1 Noble, lf 3 2 1 Harrison, c 1 1 1 Roberts, rf 1 0 0 Riley, rf 0 0 0 Finch, p 4 0 0 Totals 27 9 6

By THE ASSOCIATED PRESS At the start of the week, the Clemson Tigers were riding high with nine baseball victories. The defending Atlantic Coast Conference champions had won four conference games.

Now, the Tigers are 4-2 in the conference as a result of two straight losses. North Carolina beat them 6-3 Monday, and North Carolina State won 8-7 Tuesday.

In other games Tuesday, South Carolina tripped North Carolina 8-3, and Virginia edged William & Mary 4-3 in a non-conference game.

Clemson pitcher Ty Cline was coasting along with a two-run lead over State in the ninth when the egg hit the fan. Jim Roller relieved with one out after Cline allowed two straight singles. Roller walked Jim Hill to load the bases and O'Neal Eason singled for two runs.

Harold Stowe came on to relieve Roller and got one man out, but Bennie Latusick doubled to right for two more runs and that was the ball game. Clemson scored once in its half of the ninth, but couldn't pull the game out.

State now is 2-1 in conference play and 5-2 in all games. South Carolina first baseman Ken Rosefield paced his club to victory, driving in three runs with three singles. His performance hiked his batting average to .469.

Roger Groves, who gave up seven hits in seven innings, got credit for the victory. South Carolina now is 3-4 in the conference and 4-5 over all. State has a 2-1 league worksheet and is 5-2 in all games.

Wake Forest Accepts Ruling Of Weaver

WINSTON-SALEM (AP)—Wake Forest College says it will not appeal further the ruling of Atlantic Coast Conference Commissioner Jim Weaver in connection with a fight at a basketball game here Feb. 12.

The conference executive committee announced Tuesday it had upheld Weaver's findings.

The college released a statement over the signature of Dr. Ernest C. Casper, faculty athletic chairman, which said in part: "Although officials of the college still do not agree with all of the conclusions in the (Weaver) report, they feel that a further appeal to the entire conference would not be in the best interest of the college or the conference."

Weaver also placed both teams on probation, asked that other players on both teams be reprimanded, and criticized what he called lack of bench discipline by the coaches Frank McGuire of North Carolina and Horace (Bones) McKinney of Wake Forest.

The fight broke out with only seconds left in the game, after a scramble for a loose ball. Before it was over, many spectators also were involved.

The Wake Forest statement also said: "The college remains acutely aware of the gravity of the incident which occurred in Winston-Salem Feb. 12 and will work with all interested parties to see that a similar incident does not occur."

Officials at the University of North Carolina also protested portions of Weaver's ruling—specifically a reprimand of player Lee Shaffer and the part relating to McGuire—but they did not appeal to the executive committee.

By THE ASSOCIATED PRESS JACKSONVILLE, Fla. (AP)—Chuck Cottier, who cost the Milwaukee Braves a telephone call and a stamp, was added to the team's official roster Tuesday. And he could be one of the biggest bargains in organized baseball.

"Maybe I could have had a bonus when I joined the organization four years ago," the rookie said, "but I accepted before he changed his mind."

The "he" was Walt Widmayer, then scouting for Atlanta and now with the parent club.

Widmayer got wind of Cottier's potential abilities as a baseball player and decided to send him a contract.

At the time, Cottier didn't know that he was a free agent and in a position to pick for himself. Originally with Baltimore, he was put on his own when the Orioles did not give him a 1955 contract.

Cottier telephoned Widmayer and agreed to sign the contract. Manager Fred Haney has since indicated that even though Cottier is a rookie, he shows all the possibilities of working out as a top second baseman.

So far, Haney has been alternating Cottier with Felix Mantilla.

Foam Plastic Smoke Devised For Multitude Of Likely Uses

By ALTON BLAKELEE Associated Press Science Writer BOSTON (AP)—Betsy Lou Raskin has fixed it so you could blow smoke rings out in space — with "holey smoke."

Each plastic particle is composed mainly of air, hence the "holey smoke."

As a generator for the smoke, Miss Raskin modified a gas turbine borrowed from the Army Chemical Corps at Edgewood, Md.

Make your dollars go a long way

License Fifteen To Raise Funds

RALEIGH — During the month of March licenses were granted by the State Board of Public Welfare to fifteen organizations to conduct fund-raising campaigns through public solicitations for the support of their programs, it was announced by Dr. Ellen Winston, Commissioner.

Plastic smoke can be made pure white for artificial snow, or create fog or smog for Hollywood movies; it could be colored pink or other color for sky-writing advertisements, and might be helpful in studying cloud-seeding and rain-making mechanisms.

TWIN BORDER TOWNS:

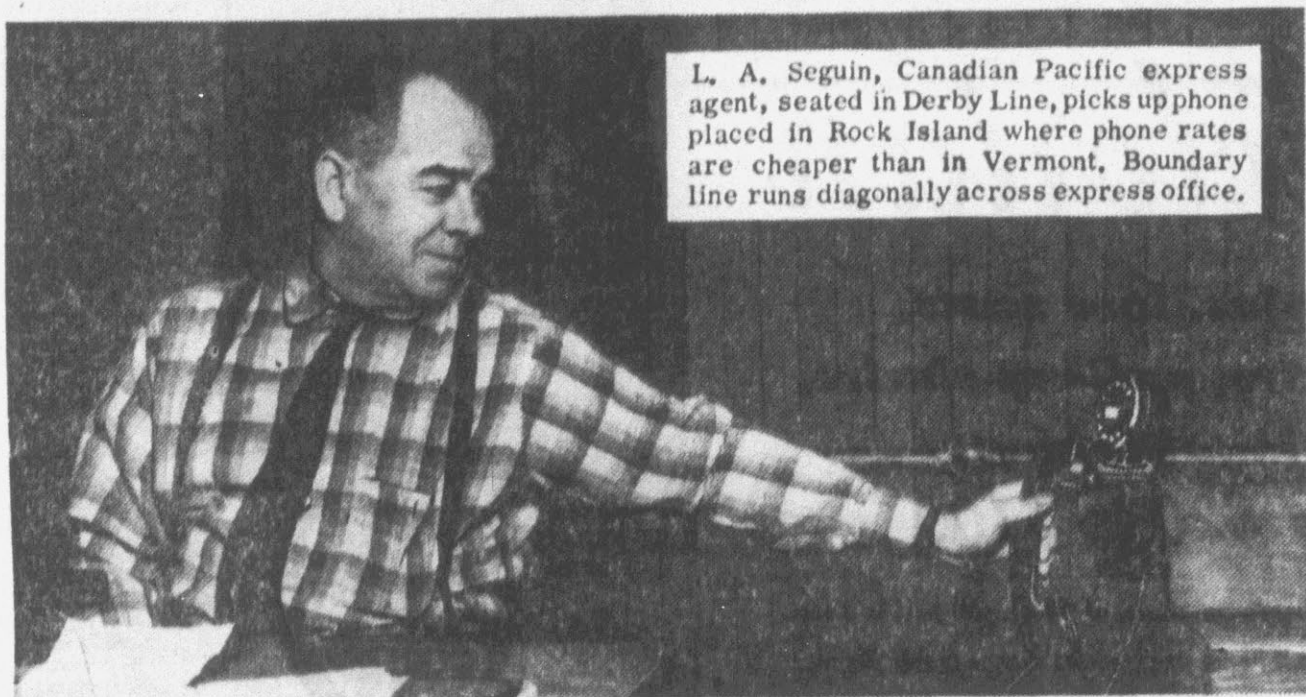

DERBY LINE, VT., AND ROCK ISLAND, QUEBEC, LIE ASTRIDE U.S.-CANADA INTERNATIONAL LINE

Airview of twin towns of Derby Line, Vermont, and Rock Island, Quebec. Rock Island has population of approximately 1775; Derby Line, 800.

Steve Keyas, American, and Pierette Fontaine, Canadian, shake hands under plaque astride the Canadian-U. S. boundary line.

L. A. Seguin, Canadian Pacific express agent, seated in Derby Line, picks up phone placed in Rock Island where phone rates are cheaper than in Vermont. Boundary line runs diagonally across express office.

All towns and villages have their own particular problems, but when an international boundary line cuts through—then some confusing, and, at times, amusing incidents arise.

Such a community lies astride the United States-Canada line. Half of it is Rock Island, in Canada, and the other half is Derby Line, in Vermont. The two are separate municipalities. Each has its own mayor, its own police force, its own public schools. Public utilities are evenly divided. An American company supplies the water. A Canadian company furnishes electricity. The main street runs right through both towns.

American and Canadian residents cross and re-cross the line without any difficulty. They get along wonderfully well, and mingle freely. There is a Rotary Club, with about even membership from the

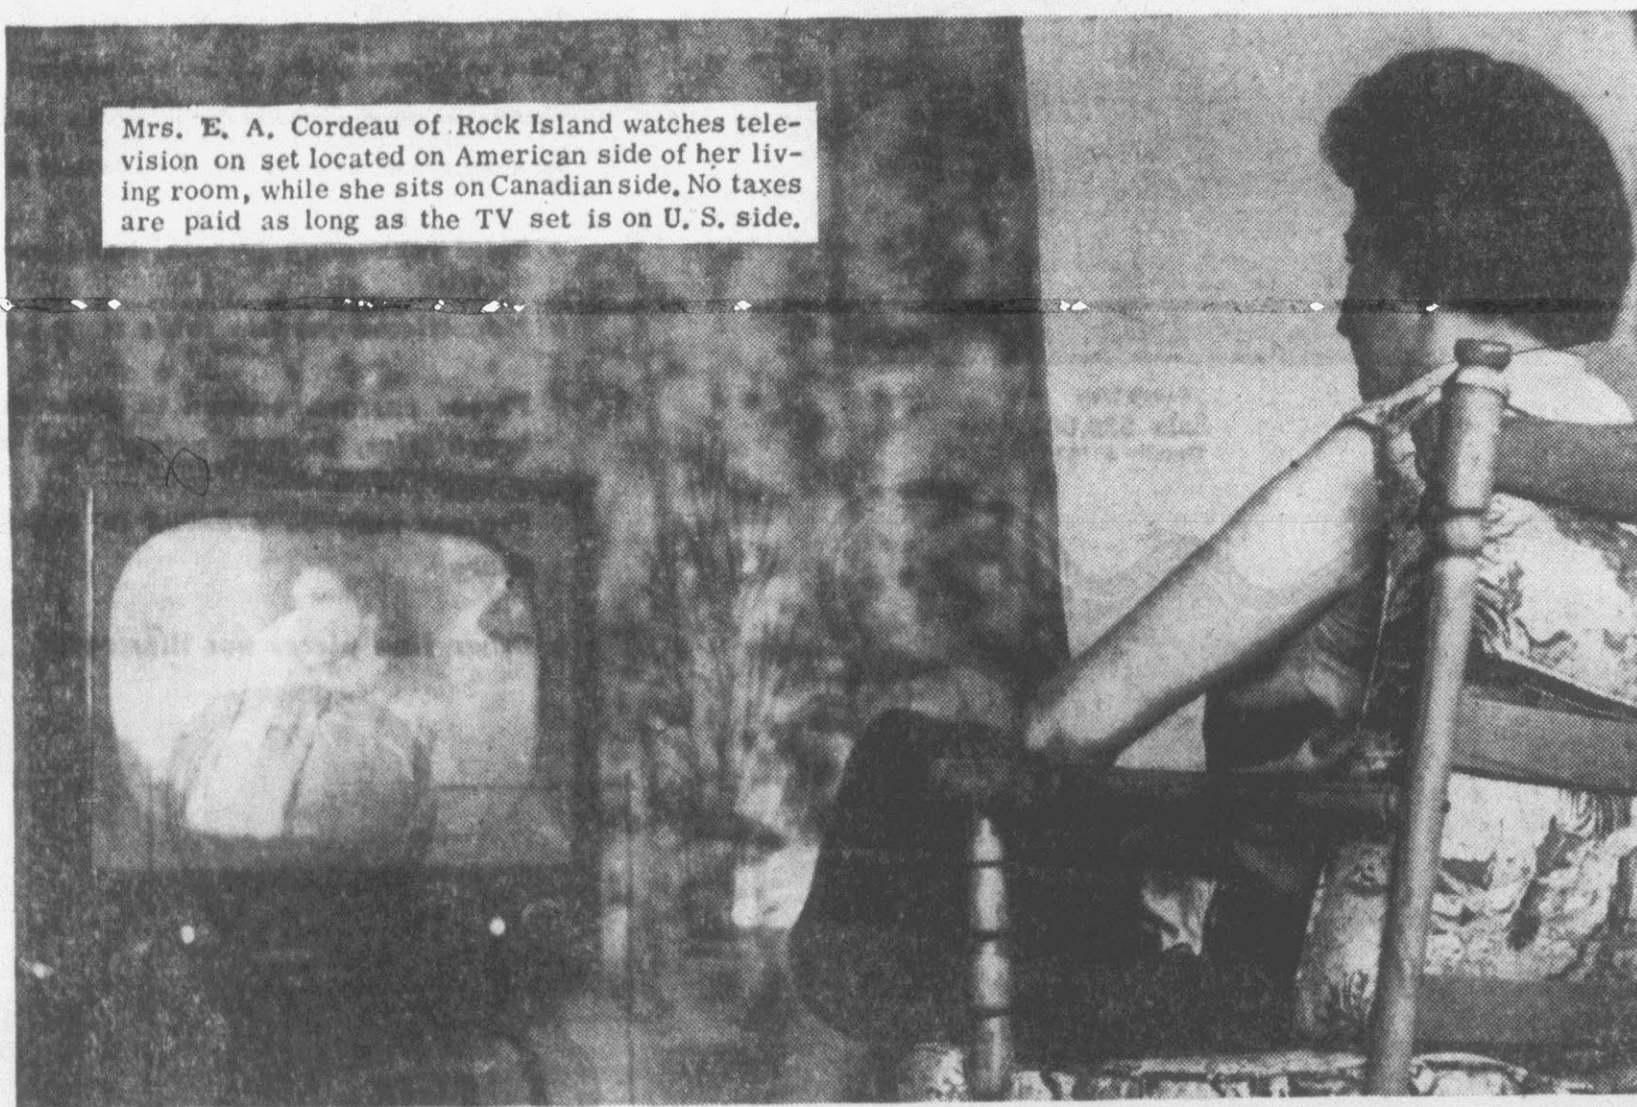

U. S. and from Canada. A joint hockey arena and a movie house serve both towns. Many of the churches have members from both sides of the border.

Several houses lie astride the line. The owner may keep his telephone on the Canadian side of the house to pay lower rates, or his television set on the U. S. side to avoid paying a tax. On a recent occasion, a house was removed from the boundary line, trucked into Canada, and Canadian duties and taxes were assessed on the portion of the house which had rested in the United States.

But there are points where the line is exactly the line. Taxes are paid and are collected right to the line. When a house is repaired or painted, there has to be an accounting to Customs if paint or material is moved over the border. A few restricted items, such as bulbs and plants, have to be accompanied with correct documents.

Canadian and American youngsters square off in hockey game on the international line.

Mrs. E. A. Cordeau of Rock Island watches television on set located on American side of her living room, while she sits on Canadian side. No taxes are paid as long as the TV set is on U. S. side.

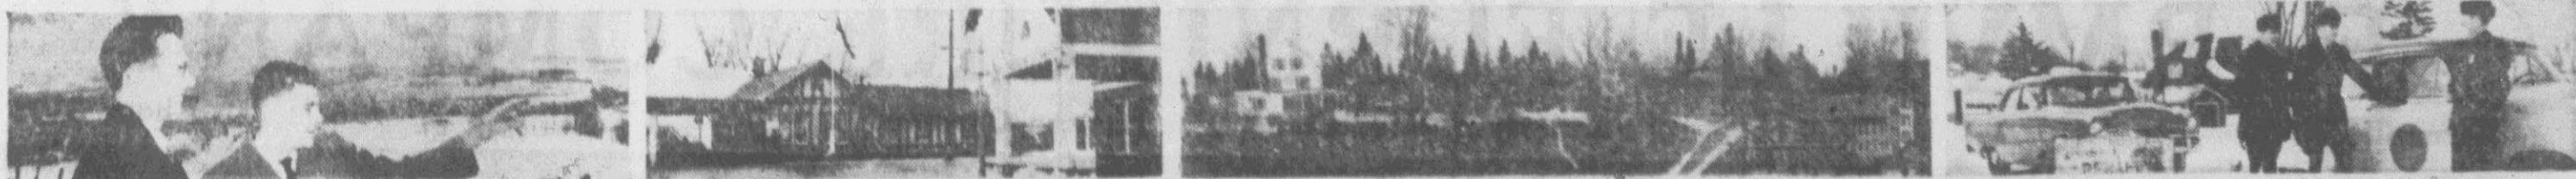

Americans leaving Canada are checked at Customs as they pass through the twin towns.

Main Street runs through the twin towns. In foreground is Rock Island, Quebec, and in back, Derby Line, Vermont.

It Was No Joke As Women Won

FULTON, Kan. (AP)—The men of Fulton thought the Ladies Citizens ticket was the funniest joke in town—until Tuesday.

That's when women won control of the town government.

The voters turned out in record numbers (total vote: 88) and elected Mabel Austin, 72, mayor. Three Ladies Citizens' candidates were elected to the 5-member City Council.

"They (the men) were joking and kidding us about it when we first started talking about running for office," Miss Austin said.

"We just wanted to show the men we could do it."

Miss Austin, a retired employee of the U.S. Internal Revenue Service, defeated Mayor Howard Post, a grocer, 46 votes to 35.

Elected to the council were Margaret Delano, who admits to being older than 70; Esther Watson, 65, and Lois Erie, 40.

Incumbent councilman Bowen Ballah withstood the feminine challenge, and the fifth council seat also will be held by a man. Just which one isn't known yet.

John Clayton and Arthur Johnson tied for the job with 36 votes, and the city mothers haven't decided how to resolve the issue.

A record vote apparently contributed to the ladies' victory.

"We had an unusually good turnout," said City Clerk Howard Coleman. "We haven't had this many voters out in history."

Fulton is 85 miles south of Kansas City on U.S. Highway 69. It has a population of 231.

Miss Austin said she and her colleagues have "several things we'd like to do."

"We'd like to try to do something about getting people to keep their dogs out of other yards and gardens," she said. "Some people have said this town is going to the dogs."

"We like to think it went to the women."

Sacrificed For Police, Science

NEW YORK (AP)—Now it can be told—the story of two New York policemen who temporarily gave up both their digestions and the society of fellow humans for science and the greater glory of the department.

It started in a Brooklyn courtroom, Police Commissioner Stephen P. Kennedy explained Tuesday.

A lawyer challenged the accuracy of the police department's drunkometer—a device used to measure the amount of alcohol in a driver's system. The lawyer claimed onion or garlic on a driver's breath would cause the same reaction on the machine.

Not so, said Kennedy. He called for volunteers to prove him right.

Two chemists in the police laboratory stepped forward. They were Patrolman Jerry Matteece and Detective Davis Inella.

Matteece was assigned to chew and swallow a pound of raw onions. Inella did the same with a sizable hunk of garlic.

Both tried the drunkometer—no reaction. Police observers grinned victoriously. Matteece and Inella staggered away, racked by nausea and reeking of garlic and onions.

Kennedy jubilant, called a conference.

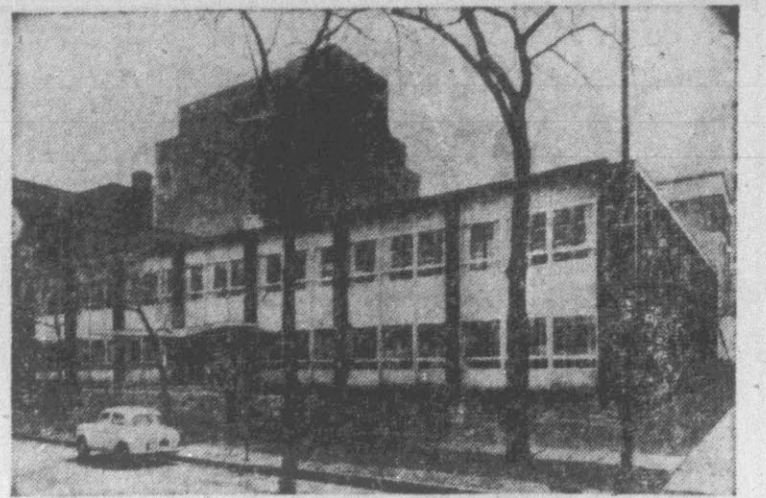

There he explained his findings, and a more fortunate cop gave a demonstration — by spraying essence of garlic and onion on the machine. The machine betrayed no reaction.

Kennedy left the next move to the courts.

The Real End In 'Togetherness'

SAN FRANCISCO (AP)—State College students here, hoping to put an end to such shenanigans, went on a one-hour togetherness binge Tuesday with these results: Eighteen students piled atop a two-wheel motor scooter; 29 oozed into a bathtub; 61 girls drank from the same milkshake container at the same time — with straws.

Oh yes — the telephone booth. A bunch tangled themselves inside but nobody bothered to count 'em.

The new Kiwanis International Building, 101 East Erie Street in Chicago. The general office staff of Kiwanis International and its youth organizations moved into this modern glass, marble and structural metal building on Friday, March 20, 1953. From here, the servicing of all 4600 U.S., Canadian and Hawaiian clubs is now handled.

Kiwanis General Office Moves Into New Building

The General Office of Kiwanis International has moved into new quarters—the just-completed Kiwanis International Building at 101 E. Erie Street in Chicago, it was announced by John A. Collins, Jr., president of the Kiwanis Club of Greenville.

All 115 of the international service organization's general office employees will be housed in the new million dollar structure. From this building 4,600 U.S. and Canadian Kiwanis clubs will be serviced.

The move into the Kiwanis International Building is the final step in a five-year program of finance, design and construction on the part of Kiwanis. Every Kiwanis member contributed financially to the project. According to International President Kenneth E. Lohced of Toronto, Ontario, "the completion of this building is proof positive of the confidence in Kiwanis' future, on the part of all 256,000 Kiwanis members whose generosity and hope for the future made the building a possibility. Further, it reaffirms the belief of Kiwanians everywhere that the organization stands on the firmest of footings—unselfish service to the men, women and children of the communities in which we live."

The new building is constructed of masonry, marble, structural metal and glass. It was designed to express the spirit of Kiwanis—and to provide the best possible facilities for service to Kiwanis clubs and their members. It represents the fourth home office which Kiwanis has occupied in Chicago.

The building consists of three levels. It fronts on Erie Street, a half block west of Chicago's famed "Magnificent Mile." A ground level landscaped court and a parking area share the rear portion of the property.

The Kiwanis International Building is air-conditioned throughout, fitted with modern lighting equipment, sound-deadening ceilings, and light, movable metal partitioning. In the reception foyer stands a 35-foot curved mosaic mural depicting Kiwanis' community service work. This is executed in Venetian tile. In front of the mosaic is a North American ovaloid map of the North American continent (Kiwanis' current field of operations) with numerical lights indicating the scope of Kiwanis outreach.

A beautifully-appointed Past President's Room, a Board Room paneled in curly California redwood, men's and women's lounges, and a small accommodation employee's lunchroom are also features of the new building.

Not Qualified To Wed Couple

LAS VEGAS, Nev. (AP)—Rabbi Max Nussbaum of Temple Israel, Hollywood, Calif., cannot marry Elizabeth Taylor and Eddie Fisher in Nevada.

He is Miss Taylor's selection but three Las Vegas judges informed her Tuesday the rabbi isn't qualified to perform marriages in this state because he doesn't have a congregation in Nevada.

Rabbi Nussbaum instructed Miss Taylor in the history and beliefs of Judaism and then officiated at the ceremony in which she accepted it as her faith. She formerly was a Christian Scientist.

Fisher is establishing six weeks residence in Nevada prior to filing for a quickie divorce from Debbie Reynolds.

Present day Navy destroyers have little armor protection. They have to depend on their speed and maneuverability.

Pitt Negro HD Council Elects New Officers

The Pitt County Negro Council of Home Demonstration Clubs at the quarterly meeting Saturday elected Mrs. Willie Hawkins of Grimesland President.

Mrs. Annie Braxton of Ayden is vice-president; Mrs. M.F. Burney of Ayden, (re-elected) secretary; assistant secretary, Mrs. Martha Jones of Flemsant Plane, and Mrs. J.M. Reaves of Ayden, (re-elected) treasurer.

Retiring Vice-President Mrs. Willie Hawkins, president, and Mrs. M. Hawkins, vice-president, were elected for the coming year.

Plans were made for observance of National Home Demonstration Week—May 3-9—with the following activities: Home Demonstration Woman of the Year. Each club is to present its outstanding member to be presented at a special county program of May 8. Flowers are to be placed in churches with Home Demonstration members attending. Flowers are to be provided 4-H Health Queens at the Health Coronation on May 6, and the Dress Revue and television program and exhibits.

Plans also were made for taking part in the Fashion Show during Farm and Homemakers Conference at A. and T. College, Greensboro, on June 9-12.

Mrs. Maggie Strong, retiring president, expressed appreciation for excellent cooperation during her term of office.

The picture framing workshop was postponed from May 4 to a date to be named the latter part of June.

Mrs. Ruel Tyson and Mrs. John Biggs, representing the American Cancer Society, outlined the cancer research work for active times. Awards will be given clubs with the largest number of members taking examinations. Cancer may be cured if discovered in time, the speakers pointed out.

Home Economics Agent Mrs. Amelia S. Capehart made arrangements for the meeting, which was well attended.

Hawaii voted more than two to one in favor of statehood as far back as 1940.

The telegraph and telephone systems in New Zealand are owned and operated by the government.

Chicago Democrat Mayor Daley Wins Second Term

By WILLIAM J. CONWAY

CHICAGO (AP)—If the reason for Mayor Richard J. Daley's success could be boiled down to a single word, it would be: work.

The mayor, elected Tuesday to his second term, strides into his office between 8:30 and 9 and usually works until 6. Three nights a week on the average, he attends banquets and meetings.

Daley bustled through the four years of his first term without benefit of a vacation of more than a few days. The toll took no visible toll.

Daley's work habits probably have their roots in necessity as well as nature. He had to support Mrs. Daley and their seven children.

The eldest child, Patricia, is a nun. Mary Carol, 20, is away at college. The others—Eleanor, 18; Richard, 17; Michael, 15; John, 12; and William, 10—are in school.

The Daleys live in a plain house at 3536 Lowe Ave., in the same block of the back-of-the-yards neighborhood where Daley was born May 15, 1902.

While he didn't go very far geographically, he went places politically. He spent the 1936-46 period in the Illinois Legislature, worked as state director of revenue 1948-50, and served as Cook County (Chicago) clerk from 1950 until he was elected mayor in 1955.

During his first term there has been an expansion of expressways, thousands of new street lights, a buildup of the police department and other improvements.

But crime has been a persisting problem, documented by daily newspaper accounts of robbers, burglars, musclemen or gunslings.

SUBSCRIPTIONS ARE SWEET

BROKEN ARROW, Okla. (AP)—"The sweetest deal ever offered," was announced by C. A. McWilliams, publisher of the weekly Broken Arrow Ledger.

He said a five-pound sack of sugar would be given to each new subscriber and each person who renews his subscription.

Daley has been Democratic county chairman since 1953. His Democrats won 27 of the 30 county races in the November 1952 election. They took 45 of the 50 seats in the City Council in the February 1953 aldermanic election—a record sweep.

Victory doesn't prompt him to live it up. He takes an occasional drink, but doesn't smoke. He makes short, simple speeches couched in short, simple words.

He tries to limit his participation to events that will further Chicago's interests or, in the case of many distinguished foreign visitors, the nation's good will.

Daley has his petulant moments. He was nettled recently when a man in his audience asked about his dual role of mayor and Democratic chief.

"An individual is not worth his salt as mayor, governor or president," Daley snapped, "if he is not a political leader."

NO GREEN AMATEUR — Veteran worker uses metal disc in cutting jade from its mother stone in Hong Kong shop. Jade carving is one of city's oldest arts.

S. C. Delegation Enters Appeal For Air Service

CHARLOTTE, N. C. (AP) — Greenwood and Anderson representatives entered their pleas for improved South Carolina air service here today during a Civil Aeronautics Board hearing concerning air service in the South.

J. C. Self, Charles R. Walters and Dan Crossland, all of Greenwood, told Trial Examiner James K. Keith that Greenwood needs improved service to Charlotte and also to the eastern and southern parts of South Carolina.

Self said that improved Columbia-Greenwood service "would make a substantial contribution to the air needs of the city."

In a prepared statement, L. C. Chamblie, chairman of the Anderson Airport Commission, said: "We believe Anderson and the State of South Carolina need a state airways system from Anderson to Columbia, Charleston and Myrtle Beach, in season, and possibly to Jacksonville, Fla., as well as to Savannah and Augusta, not to mention Florence and possibly Wilmington."

Chamblie said Anderson needs both improved state and trunk line service.

Other cities scheduled to be heard today in the Piedmont Local Service Area investigation are Charlotte, Winston-Salem, Hickory and Kinston, in North Carolina, and Blacksburg and the New River Airport Commission of Virginia.

Mayor Ben West of Nashville was today's first witness, concluding testimony from the Tennessee city which began yesterday.

Asked to pinpoint the greatest single air need of Nashville, Mayor West said it would be service to and from the Carolinas. However, he said the city now completing a 3½ million dollar jet

Newcomer Files For Town Board

FARMVILLE—Cedric Davis today became the sixth candidate for a place on Farmville's Board of Commissioners which will be named in municipal elections May 5.

Davis, a newcomer to politics, operates a fertilizer and farm supplies business. He is also manager of his family's farming interests.

Other candidates for the board are W. C. (Lum) Wooten, Frank K. Allen and John D. Dixon, members of the present board, and Oliver Murphree and W. E. (Will) Joyner.

Mayor Charles S. Edwards, seeking a third term, is still without opposition.

Last Rites Held For Evans Jackson

AYDEN — Evans S. Jackson, 40, of Grifton, died Tuesday. Funeral services were held at the Britt Funeral Chapel at 3 p.m. Wednesday by Rev. Ralph Epps. Burial was in Maplewood cemetery, Kinston.

Mr. Jackson was a member of the Grifton Methodist Church and a veteran of World War II.

Surviving are his stepmother, Mrs. W. H. Jackson, Robbins; five sisters, Mrs. Ernest Bell and Mrs. Howard Bell, Robbins; Mrs. Walter Patrick, Grifton; Mrs. Jesse Worthington, Kinston; Mrs. Robert Allred, High Point; one brother, Roy L. Jackson, Grifton.

Funeral Thursday For Josiah Corey

AYDEN—Josiah (Jodie) Corey, 71, died at Veterans Hospital, Durham, Wednesday at 5 p.m.

Funeral services will be held at the Britt Funeral Chapel, Ayden, Thursday at 3 p.m. Rev. Bennie Biedler, minister of the First Baptist Church, will officiate. Burial will be in the Corey family cemetery.

Mr. Corey was a jeweler in Tarboro for 30 years. He was a veteran of World War I and a member of the American Legion and of the Bethel Baptist Church. He was a son of the late N. R. and Martha Corey.

Surviving are two sisters, Mrs. Herman Stokes, R-2 Ayden and Mrs. Todd Allen of Ayden.

Adenauer Says West German Policy Will Not Be Changed By Withdrawal

By HERB ALTSCHULL

BONN, Germany (AP) — Chancellor Konrad Adenauer declared tonight West German policy "will not be changed one iota for years to come" with his withdrawal to the less active role of president.

The presidency, he told a national audience, "is far more powerful than people generally believe."

Adenauer's agreement Tuesday to drop the chancellorship to seek the presidency, heretofore a post largely of prestige and protocol, caused repercussions not only in German politics but also in world capitals. East-West negotiations on Berlin and Germany are coming up this spring and summer.

Adenauer has been in the forefront of a hard policy of no bargaining without Soviet concessions, a policy that has run counter to British Prime Minister Harold Macmillan's advocacy of greater flexibility.

Adenauer, 83, said his decision was "designed to secure the continuity of our policies for years to come."

This was Adenauer's first personal explanation for his sudden and surprising decision to run for president next July and quit the chancellorship next September if — as appears certain — he is elected.

Adenauer's decision brought mixed reactions in Europe. The Communists, as expected, said it had been a failure.

West Germans and persons in Allied capitals looked for a new approach to old problems by the new chancellor—but no startling revision in Adenauer's policies.

Allied diplomats cautioned on expecting any major shift in overall Western policy to result.

British newspapers were divided in their reaction to Adenauer's plan to step down.

The Financial Times welcomed the move; the conservative Daily Telegraph expressed doubts. The latter said the Soviets would assume, rightly or wrongly, that Bonn's attitude toward a possible German settlement will become more flexible.

The tone of the French press was that the West may suffer a considerable loss.

New School For Mentally Retarded 'All But Voted'

RALEIGH (AP)—A bill to finance a new training school in western North Carolina for mentally retarded children was all but approved Tuesday in the House.

The bill, introduced by Rep. John W. Umstead Jr. of Orange, bore 86 signatures, more than two-thirds of the House membership. Their support for the bill was a big birthday gift for Umstead, who was 70 Tuesday.

Umstead, chairman of the State Hospitals Board of Control and champion for improved facilities for the mentally ill, introduced a bill several weeks ago to appropriate 4½ million dollars for the training school.

Umstead also received another birthday gift. The eight women who work in the House lined up and each planted a big kiss on him.

Meanwhile, the House and Senate received legislation to improve retirement benefits for state employees and school teachers. It would implement a proposed program of the retirement system to raise minimum monthly benefits from \$60 to \$70 and provide 15 more than \$70 now. The minimum applies only to retired persons with at least 20 years service. Sen. Luther Hamilton of Carteret sponsored the bill in the Senate, and Rep. Grace Rodenbough offered it in the House.

Atty. Gen. Malcolm Seawell told a House Judiciary committee that in his opinion Superior Court solicitors should be on a full-time basis as proposed in a bill now before the Legislature. The measure would carry out proposed court reforms affecting solicitors.

A bill to curtail advertisement of liquor and fortified wine was shuffled to a subcommittee of the House Judiciary Committee. The bill, sponsored by Rep. Sidney Britt of Bladen, a dry, would forbid local ABC boards from buying from distillers or dealers whose products were advertised in papers and other publications circulated in the territory served by the board.

The House Committee on Higher Education approved a bill to reduce authority of the State Board of Higher Education over state-supported colleges and universities.

Destroy A Still, Arrest Two Men

Two men were arrested and a 60-gallon still destroyed yesterday about two miles east of Pactolus.

Officers said the 60-gallon drum type still was in operation and 16 gallons of non-tax-paid whiskey was found at the site when the raid was made.

In addition to the still and whiskey, officers found a radiator condenser, five 55-gallon mash barrels and about 100 gallons of mash.

James Elmer Crisp, 18, and Louis Hickman 20, both of Rt. 3, Washington, were arrested according to J. M. Ward, Chief Pitt ABC Officer, in connection with the raid after a short foot race cross a swamp.

Both Crisp and Hickman were placed in county jail in lieu of \$300 bond for trial in county court April 28.

In addition to Ward, H. B. Lilly and Walter Taylor, both of the Pitt ABC office, participated in the raid.

Order Planning For Resurfacing

FARMVILLE—Preliminary planning for resurfacing Farmville's Home Avenue was ordered last night by Farmville commissioners in their regular monthly meeting.

Town Clerk G. Cooper Grizzard was instructed by the board to obtain specifications for the work and to request bids from paving contractors. No date for opening bids was set and will depend on availability of specifications.

The board also ordered water and lights Superintendent W. A. McAdams to purchase sufficient six-inch pipe to extend present water lines on Wallace St. Extension will run from George St. to Fields St.

Approval was given for town participation in a rat control program, to be conducted in cooperation with the Pitt County Health Department. The board agreed to purchase poisons and furnish personnel from the Street Department to assist Health Department personnel.

Grizzard was commended by the board for his work as town clerk since December when he was named to succeed Cleveland Paylor. Grizzard has resigned the post, effective April 30, because of legal requirements which provide that the office shall be filled by a resident of Farmville.

Pre-School Registration

Pre-school registration of 1950-1960 first graders at Wahl-Coates School will be held tomorrow from 2 p.m. through 5 p.m. in McGinnis Auditorium.

The meeting will be for parents only and they will be requested to fill out registration forms and pick up health cards. School officials have requested that parents bring copies of birth certificates for each child to be registered and, also, to bring copies of immunization certificates, if they are available.

The registration period is one of a series being held in Greenville elementary schools to register students who will enter the city system for the first time next fall.

Card of Thanks

We want to thank everyone for their kind expressions of sympathy toward us in our hour of sorrow. For the food, flowers, cards of sympathy and cars. Most of all — your prayers that held us up under this heavy burden. May God bless all of you.
