Varied 'Bumps' Await President On His Tour To Begin Aug. 26

Dawning Of 'Big Two' Diplomacy And Allied Rivalries Pose 2 Head-aches

LONDON (AP) — All sorts of bumps await President Eisenhower on his tour beginning Wednesday of the countries where he scored his greatest World War triumphs.

The President's main task will be to get America's allies used to the idea of the dawning era of "Big Two" diplomacy.

Each of the three major West European government chiefs hosted and showed the others behind the scenes when arrangements were being made for the President's nine-day tour of West Europe.

Eisenhower, for example, had hoped to meet all his partners together in one place to chart strategy for his meeting with Khrushchev.

West Germany, France and Britain—as well as some of the smaller countries of the Atlantic Alliance—want first to be assured that a cold war truce with the Soviet Union will not spell the end of their defensive partnership with the United States.

Eisenhower probably will have his roughest time in France. De Gaulle wants to restore his country to its old glory.

Adenauer, meanwhile, has let it be known that he will go all out to quiet any fears the President may have over De Gaulle's policy.

The aged chancellor is expected also to warn the President against appeasing the Soviets and against any softening of Allied policy toward Soviet communism.

Macmillan intends to press his view that any first step toward an accommodation with the Soviet Union must be in the field of disarmament.

Producers will elect three committees to elect three community chairmen in each community with the high man serving as chairman and second high as vice chairman.

Laotian Outposts Close To Capital Seized By Reds

VIENTIANE, Laos (AP)—Government troops have surrendered two points only 60 and 50 miles from the Laotian capital to Communist rebels.

Reliable sources said the rebel advance is threatening strategic communications and supply routes between Vientiane and the south.

The defense Ministry did not confirm the reports, saying the Foreign Ministry had ordered that no further communiques be issued about Laos' struggle against Communist forces.

The sporadic fighting that started late in July had until now been largely confined to the northern provinces of Sam Neua and Phongsavaly.

The government has placed the rebel strength in the north at 2,500. They operate in bands of 150 to 200 men.

On the plane with the bridal couple were more than 60 other passengers.

Immigrations and public health officials went aboard the craft in order to expedite the formalities necessary for them to re-enter this country.

At an airport news conference, young Rockefeller said he and his wife just wish "to disappear."

The new Mrs. Rockefeller spoke only two words during the 15-minute press conference.

Where they will spend it remained a mystery. They might go to the Rockefeller ranch, in a remote section of Wyoming.

Another possibility was a cruise off the coast of Maine aboard the 65-foot Rockefeller yacht, Nirvana.

The agreement headed off a strike. The old contract expired at 8 a. m. Sunday, but the plant continued in operation.

Joe Brown, mill manager, said other issues agreed upon included an additional holiday, increased vacation benefits, jury pay, funeral leave and increased insurance benefits.

Brown said the 3 per cent increase will result in a new rate of \$1.79 to \$3.56, depending on job classification.

The unions involved are the Brotherhood of Pulp, Sulphite and Paper Mill Workers, United Paper Makers and Paper Workers, International Brotherhood of Electrical Workers and International Union of Operating Engineers.

Mild Tremors

WEST YELLOWSTONE, Mont. (AP)—More earth tremors were felt Sunday night and today in West Yellowstone, but none as sharp as one Saturday night which touched off a rock slide.

Police said there were four or five new tremors but none apparently caused any damage.

The Saturday night jolt brought rangers and tourists from their beds in the Old Faithful area of Yellowstone National Park.

It was here that the devastating quakes of last Monday night and Tuesday were centered. Tremors have been felt each day since then.

Sunday's early morning shock caused a big rock slide which blocked a forest road in the Hebgen Dam area.

About 20 summer homes are in the 10 mile vicinity, but police here said it was believed all the cabins were unoccupied.

Navy Plans Rely On Carriers As Basis Of Power

MINNEAPOLIS, Minn. (AP)—The Navy plans a fleet of about 40 ballistic missile submarines, but the aircraft carrier will remain the backbone of U.S. sea power.

Vice Adm. Wallace M. Beakley, deputy chief of naval operations for fleet operations and readiness, said Sunday that the Navy will resist any efforts to increase the missile sub fleet beyond the size planned.

Beakley did not elaborate on his comment about keeping the sub fleet down, but he appeared to be referring to the opinion in some congressional quarters favoring a larger force of the missile subs.

Beakley gave three reasons for keeping the fleet down to about 40.

"First, because the deterrent-reliability strength of the United States must be a diversified mix of systems; second, your forces do not need to be enormous when they are relatively secure of attrition; and third, the Navy's requirements to meet limited aggressions will be exceedingly heavy."

Legion committees spent the weekend hearing speeches and preparing resolutions for the convention. Three days of business sessions start Tuesday.

Pilot Unhurt As His Jet Crashes

MOREHEAD CITY, N.C. (AP)—A jet plane pilot apparently escaped serious injury today when his A-1H Skyhawk jet crashed following an explosion and plunged into the water near here.

First Lt. William Foley, 25, was making a radar-controlled instrument approach to the nearby Cherry Point Marine Air Station when the crash occurred.

He said he felt a violent explosion rock the aircraft and the cockpit filled with flames. He was ejected from the burning plane and parachuted about a mile south of the municipal dock.

He said he felt a violent explosion rock the aircraft and the cockpit filled with flames. He was ejected from the burning plane and parachuted about a mile south of the municipal dock.

Suspect Prisoner Caused Fire In Jail Fatal For 8

TOMS RIVER, N.J. (AP)—The Ocean County prosecutor said today the disastrous county jail fire was caused by matches or a lighted cigarette passed to a prisoner in a padded cell.

Howard Ewart, the prosecutor, said one of the two trusty inmates handed a cigarette and matches or a lighted cigarette to a "General" Petersen, 35, a Lakewood Negro held in the padded cell on a drunkenness charge.

The fire that broke out in the cell filled the jail with smoke, caused an explosion, and took the lives of eight prisoners, including Petersen.

Ewart said the trusty inmate's gesture apparently was an act of kindness without criminal motive. He said two trusties had access to the corridor where the padded cell was located and it has not been determined which one handed in the cigarette or matches.

Petersen burned to death in the padded cell, a box-like affair which could be moved on rollers, on the second floor of the two-story jail.

The seven other victims were in other cells on the second floor where rescuers were unable to reach them because of smoke, flames and the explosion.

Twelve persons were injured. Sheriff Harry Roe said matches and cigarettes are forbidden to prisoners in the padded cell.

A fight among several prisoners in a first-floor cellblock preceded the fire. Guards were trying to break it up when the fire was noticed by one of the prisoners, who yelled a warning.

Roe said burning foam rubber in the padded cell caused a combustion wave. Witnesses said there were at least two explosions.

The victim in the padded cell was "General" Petersen, 35, of Philadelphia, a Negro who had been arrested on a drunk and disorderly charge. He was to have been transferred to a mental institution.

Sixty-five prisoners were in the jail, which the sheriff said is supposed to house only 23.

Gerard Lau, 40, a shipfitter second class stationed with the Naval Air Reserve training unit at Freeport, N.Y., was seated on the front porch of his father's house across the street from the jail when the fire broke out.

Lau raced for the jail when he heard the prisoners yelling. He ran to the second floor where three women prisoners were screaming, but was blown down stairs by an explosion. He crawled out critically burned.

Firemen who raced up the stairs were blown down by a second explosion. In the confusion keys to cell blocks were lost.

Undersheriff Robert J. Miller, 35, freed all the prisoners on the first floor. Firemen then managed to rescue four inmates on the second floor. The three women were among them.

One of the dead was Richard Cavileer, 22, of Toms River, who was being held without bail charged with the murder of his 22-month-old daughter, Deborah.

The other victims were: Stephen J. Wolf Jr., 30, a former policeman, of Manassquan, held on a bad check charge; Thomas A. Hughes, 38, of Philadelphia, held on a forgery charge; Wilson C. Lells, 19, of Cedar Run, held on charges of sodomy, rape and carnal abuse; Adam Bodzani, 42, of Atlantic City, serving 90 days for disorderly conduct; William C. Lehman, 21, of Toledo, Ohio, a sailor stationed with Helicopter Squadron 2 at nearby Lakehurst Naval Air Station, awaiting trial on charges of hold-up and robbery; Joseph Booker, 45, of Hartley, Del., held on a larceny charge.

The fire burned for about an hour and a half in the building's interior which is largely steel and concrete. The jail was put up in the late 1800s and rebuilt in 1925.

Three of Sunday's escapees surrendered without a struggle after holding a Fort Madison minister's wife, her two children and a neighbor boy at knife point for 2½ hours. The fourth was captured in the woods near the prison shortly after the 9 a. m. break.

A house-by-house search was launched for the two at large. The Rev. William W. Swift was away conducting services at St. Luke's Episcopal Church here and in a mission at Montrose when three of the escapees, Charles Carlyle, 30, Ronald Bessler, 22, and Samuel Parris, 40, broke into his house less than a mile from the prison.

Mrs. Swift, and her children Olivia, 5, Bill, 3, and Charles, 10 weeks, were home.

"One of them (Parris) had a nasty cut over his eye, and his blood made an unwholesome mess of our upstairs bathroom," Mrs. Swift said. "Otherwise they did no damage to us or the house, and they even helped warm a bottle for the baby."

The convicts held a kitchen knife in Mrs. Swift's back when a neighbor boy, Robert Thomas Jr., 17, called up and offered to come over and keep her company.

"They made me tell Robert to come over, and then they made a prisoner of him, too," Mrs. Swift said.

"I tried to run away once, and got the children out of the door. But they caught me and made me call the children back."

The three were captured about 11:30 a. m. by Deputy Prison Warden Bernard Nelson, a member of the Rev. Mr. Swift's church who had been at the Swift home many times.

The Thomas youth had signaled to police that the convicts were in the house. Nelson broke into the basement, crept up the stairs and got the drop on the convicts.

Another escapee, Wilbur Bilhain, 28, was captured earlier a short distance from the prison.

Still at large were Charles Robert Wallerick, 25, and Allie Harrison Elliot, 25.

All the convicts had been serving sentences of 10 years or more.

Six Convicts Saw Way Out Of Iowa Prison; Warden Says 'Embarrassed'

FORT MADISON, Iowa (AP)—Authorities on both sides of the Mississippi River sought today the last of six Iowa convicts who saw their way out of the state penitentiary Sunday.

It was the second such escape from the century-old gray walled institution in three months. Four long-term prisoners sawed through outside window bars after overpowering guards last June. They were recaptured next day.

One of Sunday's escapees, Charles Robert Wallerick, 25, was captured today by Illinois State Police in Dallas City, Ill., across the river from Iowa.

Still at large was Allie Harrison Elliot, 25, who drove a stolen car through a police roadblock north of Fort Madison, crashed the bullet punctured auto in a ditch and fled on foot.

Three of the convicts held a minister's wife and her three children hostage more than 2½ hours before they gave up Sunday. Although threatened, the family was not hurt.

The other prisoner was captured in the woods near the prison shortly after the 9 a. m. break Sunday.

The six men, armed with homemade knives, broke out during prison church services.

"This is damned embarrassing," said Warden John Bennett.

L. Wentz, Belmont; Benny Lee Davis III, 13, Cullowhee; Lenora Taylor, 61, Elm City; and Asa Cromartie, 73, near Maxton.

Mrs. Lillian Capps, 50, and her 5-year-old daughter, Mandy, drowned in the Roanoke River near their Williamston home. Their truck was found in the river.

James Richard Hanner, 26, of Greensboro was believed to be a drowning victim also. His body was recovered from Eadin Lake, but blood on the face prompted authorities to order an autopsy.

A 10-year-old boy, Leroy Fowler of East Laurinburg, drowned at a lake near Hamlet and Robert Smith, 21, of Rt. 1, Tar Heel, drowned while swimming in the Cape Fear River near Elizabethtown.

A Negro man, Nelson Pope, was shot to death at Raleigh and a Negro woman, Rose Griffin, 45, was jailed in connection with the shooting.

The weekend toll was swelled by late reports of highway fatalities. They included Joseph W. Adams, 65, in an accident at Charlotte, and Harold G. Barnes, 29, of Rt. 1, Moravian Falls. The Highway Patrol said Barnes either "jumped, fell or was thrown" from a moving vehicle on N.C. 18 some six miles south of Wilkesboro.

Mrs. Lula Faircloth Smith, 78, died in a Fayetteville hospital after a two-car collision near there in a heavy rainstorm.

TO VISIT HUSBAND DAYTONA BEACH, Fla. (AP)—Marta Batista will fly to Lisbon sometime this week to visit her exiled husband, ex-Cuban President Fulgencio Batista.

Rockefellers Fly Into N. Y. Today

NEW YORK (AP)—Mr. and Mrs. Steven Rockefeller—the millionaire's son and the family maid who wed and won in a modern fairy tale romance—arrived from the bride's native Norway today to set forth on an American honeymoon.

The newlyweds and the bridegroom's parents, Gov. and Mrs. Nelson A. Rockefeller, flew in to Idlewild at 9:52 a. m.

They were greeted at the airport by about 50 reporters and photographers, plus a scattering of spectators.

Plymouth Unions Voting Tonight

PLYMOUTH, N.C. (AP)—Some 1,200 union employees at the big North Carolina Pulp Co. mill here will vote tonight whether to accept or reject a new two-year contract.

Union and company officials announced Sunday they had reached agreement on all major points in the contract, which calls for a general pay raise of 3 per cent the first and 4 per cent the second year.

The agreement headed off a strike. The old contract expired at 8 a. m. Sunday, but the plant continued in operation. Four unions are involved.

Joe Brown, mill manager, said other issues agreed upon included an additional holiday, increased vacation benefits, jury pay, funeral leave and increased insurance benefits.

Brown said the 3 per cent increase will result in a new rate of \$1.79 to \$3.56, depending on job classification.

The unions involved are the Brotherhood of Pulp, Sulphite and Paper Mill Workers, United Paper Makers and Paper Workers, International Brotherhood of Electrical Workers and International Union of Operating Engineers.

Weekend For 23 Ended Violently

By THE ASSOCIATED PRESS A woman fainted, fell and struck her head on a dresser drawer. Lightning struck a drag race spectator. A boy ignored his father's warning about riding his bicycle on the highway and pedaled into the path of a truck.

They were among the violent deaths recorded in North Carolina over the weekend. The toll: Traffic.....15 Drowning.....5 Miscellaneous.....3 Total.....23

Mrs. Mary Frances Smith Brown, 36, of High Point was the victim of the fainting accident at her home. Gary Lee McNabb, 18, of Waynesville was struck by the lightning while watching a drag race near Asheville. Bobby Dale Miller, 12, was struck by he truck while riding his bicycle near his Lenoir home.

Two two-car collisions, about a mile apart near Swansboro, claimed six lives — four in one wreck and two in the other.

Henry Van Patterson, 35, of Camp Lejeune and Springfield, Ohio, was killed in a car which collided with a vehicle carrying five New Bern women to a club meeting. Killed in the women's car were Mrs. Lilma Norman Whitford, 48, Mrs. Cathleen Chadwick Powell, 53, and Mrs. Eva Brantley Miller, 60. The accident occurred on N.C. 24.

Within hours, a car carrying two Navy hospital corpsmen stationed at Camp Lejeune, collided with another vehicle on the same stretch of N.C. 24 and killed the two Navy men. They were Richard R. Martin, 26, and Vincent J. Cosetta, 23.

Other traffic victims were East- Janet Chantry, 50, Clarkton; Ira

James Richard Hanner, 26, of Greensboro was believed to be a drowning victim also. His body was recovered from Eadin Lake, but blood on the face prompted authorities to order an autopsy.

A 10-year-old boy, Leroy Fowler of East Laurinburg, drowned at a lake near Hamlet and Robert Smith, 21, of Rt. 1, Tar Heel, drowned while swimming in the Cape Fear River near Elizabethtown.

A Negro man, Nelson Pope, was shot to death at Raleigh and a Negro woman, Rose Griffin, 45, was jailed in connection with the shooting.

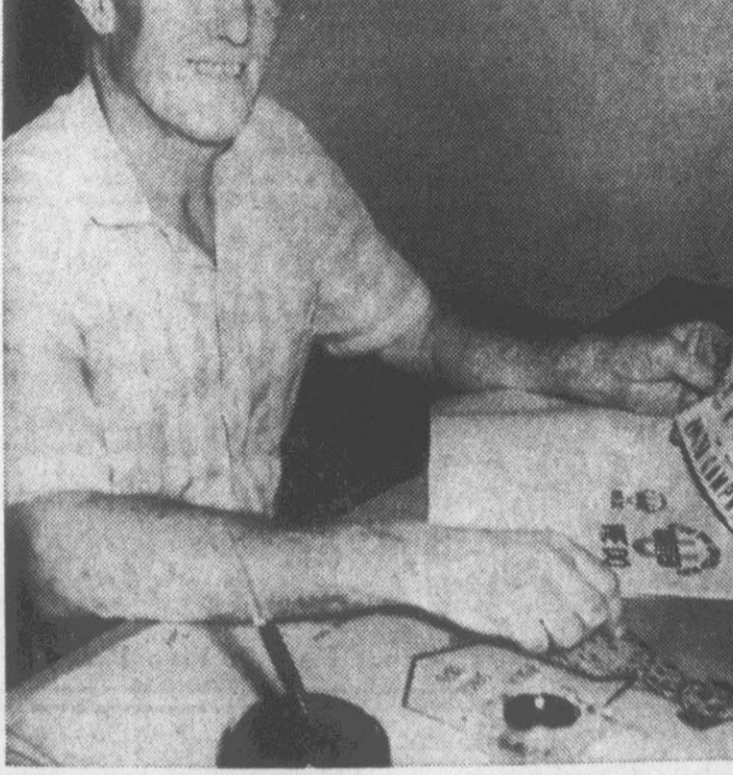

The weekend toll was swelled by late reports of highway fatalities. They included Joseph W. Adams, 65, in an accident at Charlotte, and Harold G. Barnes, 29, of Rt. 1, Moravian Falls. TO VISIT HUSBAND DAYTONA BEACH, Fla. (AP)—Marta Batista will fly to Lisbon sometime this week to visit her exiled husband, ex-Cuban President Fulgencio Batista.

Offices Being Readied By Pitt United Fund

DR. HOWARD J. MCGINNIS . . . New executive director for Pitt County's United Fund gets ready for September's opening date for the new campaign.

With the opening date for the new campaign little more than a month away, Pitt County's United Fund is rapidly preparing its newly-located office for the rush.

By Sept. 28 when the campaign gets into full swing, Dr. Howard J. McGinnis, the Fund's new executive director, hopes and plans to have everything in order in the new office on the State Bank building's fourth floor.

McGinnis, who retired as registrar at East Carolina College in 1950 after more than 30 years' service, began to organize the new office July 27 and is making great headway, with the help of his secretary, Miss Mary E. Karraker, toward "getting everything ready" for the campaign opening.

After being located on the second floor of the same building last year, the new office is situated in what is planned to be a permanent location, according to the retired educator.

"I've handled administrative and office work for many years," says McGinnis, "and I've learned many different methods of being both speedy and accurate." He adds that it's nice to do things as quickly as possible but that speed should never cause a sacrifice of accuracy.

He has devised several methods for quickly obtaining approximate estimates which are accurate enough for his use. He points to efficient organization, which he's "trying hard to have ready for the campaign," as the prime factor and tool in the efficient operation of any office and adds that "when the busy season hits this office, brother, we'll be busy!" The retired registrar says that the toughest job is, "of course," (continued on page twelve)

# Linda Whichard Weds Gene Brown

In a ceremony of simplicity and beauty, Miss Linda Ruth Whichard, daughter of Mr. and Mrs. James Lunwood Whichard of Greenville, and Eugene Moseley Brown, son of Mr. and Mrs. Frank M. Brown, also of Greenville, pledged their wedding vows and were united in marriage on Sunday afternoon in the Immanuel Baptist Church. The Rev. Irby Jackson, pastor of the bride, performed the double ring ceremony.

Mrs. Paul Toll presented a program of nuptial music prior to the entrance of the wedding party. The traditional wedding marches by Wagner and Mendelssohn were used as the processional and recessional.

Mrs. Moye Dall, soloist, sang "O Perfect Love," "I Love Thee," and "All For You." As the couple

knelt for prayer, Mrs. Dall sang "The Wedding Prayer" as a benediction.

The church was decorated with a background of seven-branched candelabra, bridal greenery consisting of emerald, huckleberry, palms, and plumosus. A large basket of white gladiola and white chrysanthemums centered the floral arrangements. This was flanked by seven-branched candelabra holding cathedral candles. The vows were spoken before an altar of prie dieu with white silk cushions and bows of bridal satin. On either side were single candleholders with tall cathedral candles decorated with sprays of white gladiola. Pews were marked with white satin bows and plumosus greenery.

The bride, escorted and given

in marriage by her father, wore a formal gown of white hand-clipped rosepoint lace with a full chapel train. The bateau neckline was illumined with pearls and sequins. The long, tapering lace sleeves ended in calla lily points over the hands. The bouffant lace overskirt was supported by tiers of pleated tulle ruffles.

Her fingertip veil of pure French silk illusion was attached to a sweetheart lace cap accented with iridescent sequins and seed pearls. She carried a bouquet designed in the shape of double wedding bands of tulle over satin. Joining the bands was a cluster of three white orchids showered with green velvet leaves and bridal satin ribbon.

Miss Margaret Stokes of Greenville, cousin of the bride, was maid of honor. Bridesmaids were Miss Rosemary Eagles and Mrs. Franklin Brown of Greenville, Mrs. James M. Smith of Tarboro, and Miss Elaine Yates of Burgaw.

They wore tea length dresses of seafoam nylon sheer lined with matching taffeta. The bouffant bubble skirts overlapped a front panel which featured a rose on either side at the hemline. The headpieces were clusters of velvet leaves of various shades of green with a circular veil attached at the top. Complimenting their outfits were matching mitts and shoes. They carried wedding band bouquets of pink nylon tulle encircled with pink sweetheart roses and tied with narrow pink satin.

Little Misses Jane Jackson of Greenville and Corrine Smith of Tarboro, niece of the groom, served as flower girls. They wore dresses of pale pink nylon sheer lined with matching taffeta. A pleated cummerbund having a bow effect in the back enhanced the bubble skirts, fashioned like those of the other attendants.

They carried pink baskets of seafoam nylon tulle and sprays of pink sweetheart roses filled with pink rose petals and tied with seafoam satin.

Frank M. Brown, father of the bridegroom, was best man. Ushers were Franklin Brown, brother of the bridegroom, Jimmy Perkins, Bob Miller, and Jerry Short. Junior ushers were Tommy Whichard and Linwood Whichard, brothers of the bride.

Mrs. Whichard chose for her daughter's wedding a beige lace sheath delicately trimmed with matching satin. Complimenting her outfit were accessories of the same color. Her corsage was a purple hybrid orchid.

Mrs. Brown wore a dress of gentian blue lace over net featuring shirred panels of crepe along the front. She wore a pure white or-

child corsage.

Mrs. J. T. Martin, maternal grandmother of the bride, and Mrs. J. L. Whichard, paternal grandmother of the bride, wore corsages of white carnations tied with narrow white satin ribbon.

For her wedding trip the bride changed to an eggshell costume suit enhanced with accessories of natural linen and a contrasting leather hat. The jacket featured a scalloped at the bottom. She wore the orchids lifted from her bridal bouquet.

Mrs. Brown is a graduate of Greenville High School and is a senior at East Carolina where she is majoring in business education.

Mr. Brown graduated from Greenville High School and is also a graduate of East Carolina where he majored in business administration. He was a member of the Delta Sigma Pi fraternity and the Arnold Air Society.

After a trip to western North Carolina Mr. and Mrs. Brown will be at home in Greenville until he receives his orders as a commissioned officer in the United

States Air Force.

### Cake Cutting

Following the rehearsal of the Brown-Whichard wedding on Saturday night, Mr. and Mrs. James M. Smith, Mr. and Mrs. Franklin Brown, and Mr. and Mrs. Frank Brown entertained at a cake cutting at the home of the latter. The color scheme for this event was pink and white. Arrangements of pink gladiola and feverfew were placed throughout the house.

The bride's table, covered with an imported cutwork cloth, was centered with an arrangement of pink carnations and baby's breath, flanked by candelabra holding pink candles which were trimmed with puffs of matching tulle and small white flowers.

After the bride and bridegroom cut the first slice of their three-tiered wedding cake, Mrs. Linwood Whichard served the guests cake and Mrs. Frank M. Brown presided at the punch bowl. Refreshments consisted of punch, nuts, mints, and cheese straws.

At the close of the evening, the bridal couple presented gifts to their attendants.

Mrs. Eugene Moseley Brown

## ++ Social Calendar ++

- MONDAY**
- 6:30 p.m.—Rotary Club
  - 6:40 p.m.—Optimist Club meets at Cinderella Restaurant.
  - 7:00 p.m.—Pilot Club to have a picnic at the home of Miss Annie Moore, 1043 W. Rock Spring Rd.

Charcoal Grilled Burgers on Buns  
Whole Tomatoes  
Cucumber Sticks  
Fresh Fruit  
Grace's Brownies  
Beverage

**GRACE'S BROWNIES**

**Ingredients:** 2 squares (2 ounces) unsweetened chocolate, 1-4 pound (1/2 cup) butter or margarine, 2 eggs, 1 cup sugar, 1 teaspoon vanilla, 1/2 cup sifted flour, 1-2 teaspoon salt, 1 cup coarsely chopped walnuts.

**Method:** Melt chocolate and butter together over hot (not boiling) water. Beat eggs with rotary beater (hand or electric) until thick and lemon-colored; gradually beat in sugar, then vanilla, until very thick. Stir in flour and salt until blended; fold in 3/4 cup of the walnuts. Turn into buttered baking pan (8 by 8 by 2 inches); sprinkle with remaining 1-4 cup walnuts. Bake in moderate (350 degrees) oven 20 minutes or until top has shiny thin crust; do not overbake. Cool in pan placed on wire rack for five minutes. Run spatula around edges to loosen; cut into squares; remove from pan with spatula; finish cooling on wire rack. Store, when cold, in tightly covered container.

**FLOOR MOTIF**

Classic designs for area rugs now provide inspiration for designs in solid vinyl and rubber flooring. A wide variety of pre-cut borders and motifs in these resilient flooring materials make it easy to achieve a custom look.

# Weakness In Lame Duck Session

Lynn Nisbet, veteran Raleigh reporter on government affairs in North Carolina pointed out in his column in Thursday's Daily Reflector several reasons why a special legislative session on constitutional and court reforms may not be held.

The reasons seem valid, and they deserve the attention of North Carolinians who are inclined to favor bringing about the court and constitutional reforms as soon as possible.

Nisbet points out that the bitter feelings which developed among legislators during the hotly debated issue may not yet have subsided sufficiently to permit a profitable special session on the matter before the end of the year. After the first of the year, with major political campaigns developing for the May primary, any special session would have many political implications both in the gubernatorial race and in legislative contests throughout the state.

It should be added that following the May primary in which a new governor and legislators will be nominated, it would be presumptuous on the part of Gov. Hodges to call a special lame duck session of the General Assembly prior to leaving office.

There is no question about the need for constitutional reforms and court reforms in North Carolina. The sooner we can bring about these reforms, the better off the state will be. But North Carolina would be better off in delaying the day when genuine reforms can be obtained than it would be rushing into some haphazard scheme which would do only part of the job and perhaps not do even that part well.

The best hope for North Carolina, as The Reflector has said before, appears to be using the next 15 months before the 1961 General Assembly convenes to lay a solid foundation to bring about the changes which are needed. The need for the changes was recognized this year by citizens and legislators alike. The conflicts which resulted in both the court

and constitutional changes being scrapped in the final days of the 1959 session are best understood by the legislators themselves.

By and large the people of North Carolina favored most of the proposed court reforms and constitutional changes proposed by the special commissions which made recommendations to the 1959 General Assembly. In spite of the legislative scrapping of these proposals, the public support for the needed changes does not seem to have lessened.

Because of the obstacles which now stand in the way of a truly constructive special legislative session this year or next to handle these problems, the best course for the state is to hold off until 1961.

Between now and next May, citizens of the state should make amply clear to its candidates for the legislature and other state offices that the changes are needed and should be made. If such a course is followed a genuinely constructive court reform and constitutional revision program will be adopted by the 1961 General Assembly.

## A Possibility That An Easterner Is Next

Besides those already prominently mentioned as possible candidates for governor, there is still a great deal of speculation about a possible dark horse from the Piedmont moving into the race and capitalizing on the heavy vote in that section of the state.

It was rather surprising therefore that an astute observer of North Carolina politics—who has done his observing both from the midst of political battles and from the sidelines—suggested that the people of the Piedmont might be ready for another Eastern governor come the 1960 May primary. The fact that the man doing the talking has spent most of his life in the Piedmont part of the state made his statement even more surprising.

When Lt. Gov. Luther Barnhardt announced more than a week ago that he would not be a candidate for governor, it left the Piedmont without a front-running candidate for the state's top post. Most people had more or less taken for granted that Barnhardt would seek the office of governor. Although there undoubtedly has been a lot of back-stage maneuvering in the Piedmont since Barnhardt's announcement, no strong contender has yet emerged. We must keep in mind, however, that election day is still a long way off and a good many things can happen between now and then.

At present the field of leading contenders is made up entirely of Easterners, and it possibly could stay that way . . . just possibly.

# Unique Event In Laurinburg

By LYNN NISBET

**Laurinburg** — The Industry Appreciation Day staged in Laurinburg under sponsorship of the chamber of commerce was unusual in many respects, if not unique. Immediate occasion was the formal welcome of the Ingraham Company into the business life of the community. This company makes watches, clocks and other delicate timing and metering gadgets. It adds variety to the manufacturing interests, for that most of the other plants deal with products of the forest and soil—fertilizer, food processing, lumber and textiles.

For that reason the Ingraham Company assumes significance beyond its basic contribution in payroll and local trade. It suggests pioneering in new fields for staid old Scotland county. The coming of such a business was adequate justification for celebration. Similar affairs have been staged in many communities to welcome newcomers.

What made the Laurinburg event different, and almost unique, was the fact that just as much appreciation was shown for the old established industries as for the new member of the family. Many visitors from other communities, and there is evidence that many of the home-folks shared that view, were surprised to discover that these old textile and lumber plants are old only in the sense that they have continued operations for a long time. The machinery and process activities, even most of the buildings, are as modern as if they had begun business within the past few months. Local people manifested as much pride in these plants as in the shiny new watch factory. And the Ingraham officials made it clear they did not feel like strangers in such company.

**Autonomous** — If there is any such thing as competitive cooperation Laurinburg offers a good example of it. Most of the established business is entirely locally financed. Manufacturing plants, commercial enterprises and banks have to very large degree interlocking ownership. And all these oldtimers joined to help get the new Ingraham plant located and put on the road to successful operation. They gave evidence of readiness to help other new business that will fit into the total community plan.

Some folks say, and there is

basis for the opinion, that it took the threat of outside competition, there can be no doubt that within the past decade Laurinburg has moved out of the doldrums into the ranks of pulsating economy. Witness the modernization of old plants, the buildings of libraries and recreational facilities, the location of a great Consolidated Presbyterian College, two or three new banks—and a clock factory.

**Monument** — Whether it was cause or effect one old resident didn't know, but he said it is a fact that Laurinburg's march of progress began when the Confederate monument was moved from the middle of the main highway intersection to the courthouse yard. So long as that monument stood as a menace to traffic safety and a reminder, to home folks and casual passers-through alike, that Laurinburg was living in the past, progress was slow. When that barrier was removed and highway traffic, it seemed to sort of remove a barrier against progress in every area, said the oldtimer.

**Advantages** — Laurinburg boosters spiel off the list of advantages their community has such as rail and highway connections, climate and water, and always mention that their town is right in the middle of things—100 miles from Raleigh, and the same distance from Wilmington, Columbia and Charlotte. A peculiar advantage is the old Laurinburg-Maxton airbase, now owned outright by the local airport commission. The tract contains about 5,000 acres, on which are more than 40 miles of paved roads; 20 miles of water and sewer lines with ample water supply; spur tracks to ACL and SAL main lines; natural gas and electric power. Several runways more than a mile long of 14-inch pavement—containing concrete to build a two-lane highway 100 miles long. The chamber of commerce admits there might be basis for other communities claiming as good water and transportation facilities, but nobody else has anything like this ready-made industrial park site to offer.

**Cotton** — There are cotton fields all around, and the textile plants use very little other fiber—only small amounts of synthetics—but a lot of the cotton they use comes from California and West Tennessee.

## How To Interpret Political Double Talk

## By HAL BOYLE Knowledge In The Mail

NEW YORK (AP)—Things a columnist might never know if he didn't open his mail:

If you hate alarm clocks, you can also start hating Leonardo da Vinci, the artist, who died in 1519, also is credited with inventing the world's first alarm clock. It woke a sleeper by tickling his toes.

We're getting to be an around-the-clock civilization. Some 16 per cent of the nation's workers, not counting burglars, now perform their jobs between nine in the evening and six in the morning.

Comedienna Mimi Hines applied for a \$100,000 policy on her six buck teeth and was turned down.

Safety note: One of every four adults in the United States has been involved in an auto accident in which someone was hurt.

Lo, the poor Indian: Some 300,000 of America's 500,000 Indians

still live on reservations. The government spent only 11 million dollars on Indian welfare in 1923. Last year it was 163 million.

Nature note: Most spiders have eight single-lens eyes, which enable them to see in eight directions at once. Unfortunately, they don't see much. Spiders are near-sighted.

A survey by the Bon Ami Institute found more little boys than ever before are now helping mother do the family dishes. Helping mother? Don't they mean father?

Do you hoard old toothpicks for fear of a shortage? Well, stop worrying. A billion forest trees spent over 15 billion dollars seeing the sights of their own land.

In show business the adage that "clothes make the man" is taken seriously. Example: Singer Frankie Lane, who earns up to \$800,000 annually, spends about \$10,000 a year on clothing.

Woman's work is never done. One third of all U.S. women now hold jobs outside the home. The 22 million women in the labor force include 3 of every 10 married women, and 2½ million women who have children under six years.

When the last will and testament of Francis R. Belais was opened, this is what it said: "I owe much. I have nothing. I give the rest to the poor."

## Other Editors Saying Denying Old Age Benefits

(Henderson Dispatch)

Early in the present session of Congress, Representative Cooley offered a bill which would allow payment of Social Security benefits to persons above 65 and at the same time permit the beneficiary to earn up to \$3,000 a year on his own efforts. As it is now, recipients of such aid cannot earn more than \$1,200 and still remain on the roll.

Cooley says he has had numerous communications from persons interested in passage of this legislation, and that he hopes it will be enacted into law at the earliest practicable date. But little attention is being given the measure by the House Ways and Means Committee, which has not even scheduled any action.

Cooley writes that he feels "changing economic conditions make such an amendment to the Social Security Act necessary" and he hopes "these same changing economic conditions will bring support in the House for my bill." The congressman added that "the formula now in effect is unrealistic and is causing undue hardship on many deserving people who are trying to live on the limited income permitted under the present social program."

Cooley emphasized his "continued interest" in the measure, but can give no assurance of any action whatever. The fourth district representative is on the right track in offering this proposal, and would do a distinct service to many individuals if he would press the issue at this session of Congress. Indifference on the part of the committee is characteristic, however, of Capitol Hill approach to legitimate services that would benefit a sizable number of people.

We reiterate what has been said repeatedly hitherto, that the whole system of benefits under Social Security in this particular bracket is wrong. Under the present plan, the government never fails to get its pound of flesh, but is far less interested in justice to those who do the paying.

The individual who has contributed the maximum in Social Security taxes since the law became effective twenty-two years ago, and who has qualified from the standpoint of age to receive income on what he has actually paid should be permitted to receive full benefits whether he earns \$1,200 a year or \$100,000 a year. By right and justice he has bought, paid for and earned, and should be entitled to the fruit of his taxes.

Congress could make this change applicable if it would. But this is one of many instances where Congress is not interested, since the sizable vote involved is not sufficiently impressive for the lawmakers. It is but another example of unfairness to citizens as to taxes and benefits.

## Opinions In Brief

"We're amused at the Charlotte bank which set up a branch and then, because business grew, had to build a branch for the branch bank. Reminds us of down Montgomery way, headed for the coast, where they've got a bypass that bypasses a bypass."—Birmingham News.

"It's true that everything comes to him who waits—provided he works while he waits."—Elberton (Ga.) Star.

"The fellow who hasn't learned to control his temper will never be worried with a big job."—Sparta (Ga.) Ismaelite.

"Since the President gave his \$77 billion balanced budget last January, Congress has been busy thinking up schemes to make big increases in the over-all figure. The result—an unbalanced budget with deficit financing and continued inflation. It looks to us as if Congress is playing Russian roulette with our destiny."—Orem-Geneva (Utah) Times.

## Flood Of New Cigarette Brands

By ELMER ROESSNER

Predictions here of a number of new brands of cigarettes have come true, largely because they were based on advance information. But this prediction is based purely on an analysis of basic facts:

There will be many more new brands of cigarettes. There are two major reasons for expecting this:

1. Cigarette sales are rising, despite the cancer scare—or because of it. Some smokers, it seems, after shifting to filtertips in fear, increase the number of cigarettes they buy to get more smoke.

2. Cigarette preference is in a turbulence. The confusing claims of many new and many old brands have smokers shifting from one find to another. There is also a suspicion that manufacturers, well aware of this state of flux, are tossing in new brands in hope that the latest

one will catch on.

**UPWARD INTEREST PRESSURE**

Here are more predictions, based on evaluation of current trends:

Higher bond rates. The rising need of more money for schools, highways and public services is forcing more states, cities and bonding districts to seek more borrowed funds. Totals to be offered in the next dozen months may far exceed the normally available total of investment funds; higher interest rates will be needed to draw money from other investments.

This will tend to push up all interest rates.

Costlier salmon. The late run in Pacific Northwest salmon promised to diminish the shortage, but the run fell off quickly. So canned salmon will cost more than ever—even the cat grades. Cheaper grapes. Good weather in California is producing an

abundant crop of table grapes, and from now until frost prices will be slightly lower than a year ago.

**MORE FIBER COMPETITION**

New synthetic. Chemists of several nations have been working on a new synthetic fiber, which will soon be ready for introduction on the United States market under the name of Zantrel. It is said to be competitive with both cotton and rayon.

No housing record. Although housing starts for the first half of the year set a new record, the total for the year will be under the 1955 record. Reason: the steel strike, strapping many home buyers; and the rising interest rate, pushing monthly payments out of reach of many families.

**OLD PROMOTER WANTS TAX ON MAN WITH BOOKLET**

"If cities and states want to raise money, why don't they put a special tax on the man with

# Valued Items Stored

By ROGER BABSON

BABSON PARK, Mass. — Many of my readers will be visiting their old homesteads during the summer. I urge them to go up into the attic and see what it contains in the way of discarded furniture. There may be something of value which was brought from New England by your grandparents or great-grandparents.

**STORY OF A POOR TEACHER**

When I first met Miss Helen Temple Cooke she had borrowed \$1,000 to start a small private school for girls in Wellesley, Mass., which she named "Dana Hall." Around that time I started a small school for boys in Wellesley. Miss Cooke and I became very good friends, helping each other in many ways. She came to me one day and asked if I had any ideas about investments for a "poor school teacher"! She added that she had been thinking of buying old furniture, of the proper periods, believing that this would gradually become more valuable. I agreed that her plan seemed wise. Thereupon she started to put her savings of a few hundred dollars a year into the purchase of old furniture. She had decided to auction off this old furniture and other treasures — for which Dana Hall should get around \$100,000.

Some two years ago Miss Cooke passed on to a better world and left this furniture to Dana Hall (which has become a very well known institution). As the school is now raising money for new buildings, the Trustees have decided to auction off this old furniture and other treasures — for which Dana Hall should get around \$100,000.

**STUFFED FURNITURE OF NO VALUE**

The fact that a thing is old does not necessarily make it valuable. Stuffed furniture — however old — is of little value; old books, in general, sell at auction for perhaps 20 cents each; and old pictures have little value. But if the furniture is made of mahogany and is of the right period, it makes little difference how badly it may be broken. An antique dealer can usually replace a missing part.

Another thing to look for is old glass — makers which are now sold in the dime stores. Almost every grandmother, however, has a few pieces of actual Sandwich glass. A set of half a dozen of these goblets should be valuable even if your grandmother is still using them in her kitchen.

Certain kinds of old-fashioned jewelry have a good market, but such items should be appraised by an accredited jeweler. Any diamonds acquired over fifty years ago would have to be recut in order to be salable today. Old gold and silver, however, always have a value, selling by weight. An antique dealer is usually interested in old jewelry, even if they did not cost much at the time. Modern costume jewelers have not copied all of these braches because of the labor involved.

**STAMP COLLECTIONS MAY HAVE VALUE**

Many young people collect postage stamps. I saw an album the other day which had only two stamps of any worth out of a collection of five thousand, but these two stamps are valued at several hundred dollars each. Foreign stamps are not often worth much. The World Wars have upset foreign countries; furthermore, some of the newer countries are constantly printing new issues in order to sell them to collectors, and this disturbs the foreign stamp market.

I advise interested young people to confine their collection to U.S. stamps. Old letters found in attics may have value. United States stamps on them that could be sold at a good price to an honest dealer. Probably your public library has a stamp catalogue which will give you a price quotation for each of these U.S. stamps.

**WHAT CAUSES INFLATION?**

The government can always print more money. Therefore money in the bank or elsewhere is not a good hedge against inflation as it may become slowly but constantly of less value. An inflation hedge should be something whose supply cannot be increased.

"You know, you see an ad and you fill out the coupon for a free booklet. Just about the time you've forgotten it, a little man appears and he has to present the booklet to you personally, regardless of wives or secretaries who run interference for you.

"So he hands you the booklet and a twenty-minute talk on why you should buy a lot in Florida, an insurance policy, or an encyclopedia of fishing terms. The man with the booklet is a harmful drain on time and patience, and he should be taxed as such as other harmful drains, such as tobacco, alcoholic beverages, cosmetics and automobiles."

I agreed. There ought to be a tax on Old Promoters, too.

# Afternoon Rites Unite Couple

Miss Patsy Ophelia Tripp and John Thomas Perry were married Saturday afternoon at the Elm Grove Free Will Baptist Church with the Rev. James C. Lynn officiating. The wedding music was presented by Mrs. J. T. Beddard of Ayden and the soloists were Miss Emily Wallace of Charlotte, a former classmate of the bride, and James Savage of Greenville. The bride is the daughter of Mr. and Mrs. Bruce L. Wade of Grifton and the groom is the son of

Mrs. John Thomas Perry

Mrs. Lillian Perry and the late William Perry of Greenville.

The bride, given in marriage by her stepfather, wore a gown of Chantilly lace which she designed with a stand out collar attached to a fitted bodice buttoned in the front with self-covered buttons and long sleeves coming to a point at the hand. The bouffant taffeta skirt had paneled overskirt of matching lace extending into a short train. Her veil of French illusion was attached to a headpiece outlined with sequins and she carried a bouquet of white roses on a nurse's prayer book.

Mrs. Loretta Kirkley of Hamlet, a former roommate of the bride, was matron of honor. She wore a dress of white eyelet organdy over sky blue polished cotton fashioned with a bateau neckline coming to a V in the back and a matching cummerbund, completed with white organdy picture hat and blue shoes.

The bridesmaids were Mrs. Patricia Boyette of Rockingham, a former classmate of the bride, and Miss Nancy Wade of Grifton, an aunt of the bride. Little Miss Linda Hardy, a niece of the groom, acted as flower girl. 11 of these attendants wore dresses identical to the honor attendant's except their cummerbunds were white.

James Savage of Greenville served as his nephew's best man, and the ushers were Ray Hardee of LaGrange, brother-in-law of the groom, and Aury Tripp of Grifton, brother of the bride. The bride is a graduate of Winterville High School and the Hamlet Hospital School of Nursing in Hamlet. The groom is a graduate of Tri City High School and East Carolina College in Greenville. He has just completed two years in the Army at the Medical Laboratory in St. Louis, Mo. and will continue his education at the Medical College of South Carolina this fall, where the couple will make their home.

Mrs. Leslie Hart entertained at a rehearsal party in the parlor of Elm Grove Church for the members of the wedding party and other invited guests.

# With Farm Women

By MAIDRED MORRIS  
(Items this week from: Franklin, Bladen, Henderson, Wilkes, Perquimans, and Rutherford Counties.)

**New Vegetable Introduced**  
Mrs. L. F. Perry, foods and nutrition leader in her local club, not only tries to reach goals set up for each club member but likes to share her findings.

According to Mrs. Lillie Mae Dean, home economics agent in Franklin County, Mrs. Perry brought some Assyrian cucumbers, resemble long cantaloupes, she also brought samples of pickle made from the new vegetable. Several members are now planning to try Assyrian cucumbers next year.

**Credit—A Friend in Need**  
Do you have any credit problems? Home Demonstration Club women in Bladen County recently studied advantages and disadvantages of various types of credit.

Mrs. T. C. Burns told of saving approximately \$40 by saving to pay cash rather than making time payments. Other women said that they would be without many labor saving devices had it not been for a convenient credit plan. Mrs. Fleta L. Harrison, home economics agent, reports that the discussion proved to be a real "eye-opener."

**Save Surplus Eggs**  
Mrs. Otha Lyda of Edneyville in Henderson County, had a good idea about surplus eggs. While eggs were cheap and abundant, she needed a way to save her eggs.

With some thought given to the quantity in which the eggs would be used, Mrs. Lyda started freezing her eggs. Individual eggs were frozen in an ice-cub tray, which after freezing could be stored in blocks. Mrs. Justine Rogers, assistant home economics agent, says that Mrs. Lyda followed set directions carefully so that her eggs would have good keeping qualities.

**Mail Boxes Receive Face-Lifting**

Mail boxes in the Pleasant Ridge community in Wilkes County received a face-lifting recently. According to Mrs. Annie H. Greene, home economics agent, the home demonstration women got together, purchased paint and paint brushes, put on their working clothes and went to work. The club women not only had fun but made their community more attractive.

**Check Furniture Construction**  
Construction details of furniture were recently pointed out to the Home Demonstration Club women in Perquimans County by their home economics agent, Mrs. Paige Underwood.

Joints, corner blocks, and drawer guides were discussed as areas seldom inspected when buying furniture. The members learned that furniture had four important qualities. It should be functional, economical, beautiful, and show individuality.

**Adequate Home Wiring**  
Rewiring, proper fuse and wire size, proper grounding, protection of appliances, lightning protection on TV antennas, and safety measures were recently discussed at Home Demonstration Club meetings in Rutherford County.

According to Miss Eugenia Ware, home economics agent, Eija Tyson, agricultural engineer for Duke Power Company, gave the women a better understanding of electrical systems.

## + Births +

**Johnston**  
Born to Sgt. and Mrs. Joseph S. Johnston Jr., 927-D Chilton Rd., Fort Jackson, S. C., a son, Joseph Sicily III, on August 11 at the Base Hospital, Fort Jackson.

**Pace**  
Born to Mr. and Mrs. J. G. W. Pace of Greensboro, a son, J. G. W. Jr., on August 20.

# Julian-Langford Marry

ROCKY MOUNT—The home of the Fred T. Langfords at 951 Sycamore Street was the scene of the wedding of his sister, Miss Ruby Langford, and Paul Revere Julian Saturday afternoon.

The Rev. Hoke H. Ritchie, minister of the Trinity Evangelical Lutheran Church, officiated and wedding music was provided by Miss Elizabeth Lang of Farmville, pianist, and Mrs. Guy C. Dixon of Rocky Mount, soloist. Miss Lang

rendered soft wedding music prior to and during the ceremony. Mrs. Dixon sang "Because" and for the wedding prayer "O Perfect Love."

The home was decorated with mixed arrangements of white gladiolus, pom pom chrysanthemums, carnations and fern accented with a touch of pink flowers. Burning white tapers in a five branch brass candelabra on each end of the mantel which was centered with a large arrangement of the mixed white flowers forming an impressive background for the wedding ceremony. Palms were used on each side of the mantel.

The bride descended the decorated stairway wearing a ballerina length model of aqua lace over a matching shade of taffeta. The bouffant skirt was complimented by a fitted bodice featuring a caplet collar edged in taffeta and accented by petite taffeta bows. Her aqua, shell, feather hat was touched with sprays of delicate harmonizing flowers. She wore a pure white orchid which was accented by white elbow length gloves.

She was given in marriage by her brother, Fred T. Langford, with whom she has made her home for the past several years. The bride is the daughter of the late Mr. and Mrs. Clark Langford of Columbia, S. C. She holds a master's degree from East Carolina College and has been a teacher of mathematics in the Smithfield High School in Smithfield for the past several years.

Mr. Julian, son of the late Mr. and Mrs. Robert Julian of Julian, N. C., is Director of Dietary Service of East Carolina College.

Reception  
Immediately following the ceremony, Mr. and Mrs. Langford honored the bridal couple at a reception. The tea table was covered with a white lace and linen outwork table cloth Crystal candelabras with white burning tapers and an arrangement of white bridal flowers centered the table.

Punch was served by the bride-sister, Mrs. J. F. Rawl of Columbia, S. C. Wedding bell sandwiches, rum squares and party cakes in pink and white with mints and nuts were served by Miss Carol Julian of Norfolk, Va. and Misses Emily Monk and Ann Joyner of Farmville, N. C. Goodbyes were said by Mr. and Mrs. Langford.

After a wedding trip to the mountains of North Carolina and Tennessee the couple will be at home at 1506 East Fourth Street in Greenville.

For going away the bride wore a full suit in brown with a tan blouse and matching feather hat, shoes and purse with a white orchid.

**Wedding Breakfast**  
The couple was honored at a wedding breakfast in the New Orleans room at the Ricks Hotel at noon by Mr. and Mrs. Fred T. Langford. The tables were covered with pink linen table covers. The bride's table was centered with an arrangement of pink and white carnations. The guest plates were marked with attractive wedding ring mint cups and place cards. The bride's place was marked with a corsage of small yellow orchids. She wore for this occasion a yellow dacron dress with a bodice trimmed in lace and appliqued flowers. Out-of-town guests at the wedding were guests at the breakfast.

Out-of-town guests attending the breakfast and wedding were: Mr. and Mrs. Paul Julian, Paul Derth and Carol of Norfolk, Va.; Mr. and Mrs. Gerald Julian, Gerald Jr. of Norfolk, Va.; Mrs. T. E. Joyner Sr., Mr. and Mrs. T. E. Joyner Jr. and Ann, and Mr. and Mrs. Robert Monk and Emily of Farmville; Mr. and Mrs. J. F. Rawl and Mr. and Mrs. Clark H. Langford of Columbia, S. C.; Mr. and Mrs. Paul W. Langford of Elizabeth City; Dr. and Mrs. George S. Langford of College Park, Md.; Mr. and Mrs. Garner Sanders and Mrs. R. S. Fleming of Smithfield.

# Taylor-Ricks Say Nuptial Vows

DURHAM—Saint Philip's Episcopal Church was the setting for the wedding of Miss Katherine Yvonne Ricks, daughter of Mrs. Thomas Addison Ricks of Durham and the late Mr. Ricks, and Rodney Bruce Taylor, son of Mrs. William Harrison Smith, Jamestown, Va., and William Bymel Taylor, Murray Hill, N. J. Miss Ricks is the granddaughter of the late Mr. and Mrs. William Hyman Ricks of Greenville.

The ceremony was performed Saturday, August 22, at 7:30 p.m. with the Rev. L. Bartine Sherman officiating at the double-ring ceremony.

The church was decorated with altar vases of assorted white summer flowers and lighted cathedral candelabra.

A program of nuptial selections was presented by David Pizarro, organist.

The bride, given in marriage by her maternal grandfather, Devere Lasker Mangum, of Creedmoor, also formerly of Greenville, wore a formal dress of Chantilly lace and pure silk organdy fashioned with fitted bodice, sabbine neckline designed in lace, seed pearls, and iridescent sequins and short sleeves capped in lace and pearls with full skirt of tucks ending in a full court train. Her fingertip veil of silk illusion fell from a lace cap embroidered in seed pearls and iridescent sequins, and she carried a cascade bouquet of stephanotis with orchids centered with a large white cathyia orchid.

Matron of honor was Mrs. Walter Nicholas Collison Jr. of Alexandria, Va. Bridesmaid was Miss Dorothy Anne Robinson of Richmond, Va., former roommate of the bride, and junior bridesmaid was Miss Jean Ricks Veazey of Washington, cousin of the bride and daughter of Mr. and Mrs. Ralph Floyd of Washington.

They all wore identical dresses of ballerina length peacock pure silk organza with fitted bodice and portrait neckline formed by soft folds and detailed by a small flat bow in the back and a full skirt. They wore matching bandeaux designed with peacock-colored flowers and tiny pearls and matching shoes. They carried cascade bouquets of white Rubrum with Briardiff roses tied with bluish pink ribbons.

Captain Walter Rogers, U.S.M.C. of Tarawa Terrace, served as best man and ushers were David Davidson, Summit, N. J.; Jim Underwood of King; Harry Woosley of Julian; Gerald Mepham of Williamsburg, Va., and Bailey Hobbard of Durham (vestibule usher).

The mother of the bride wore a slate blue silk organza dress over matching taffeta trimmed in Chantilly lace, portrait neckline of scalloped lace, and short cap sleeves. She wore matching accessories and a corsage of white orchids.

The bride's grandmother, Mrs. Devere Lasker Mangum of Creedmoor, wore a mauve lace dress

over matching taffeta fashioned with V-neckline formed by soft pleats and short cap sleeves. She wore beige accessories and a corsage of bluish pink cymbidium orchids.

The bridegroom's mother wore a beige sheath dress of Chantilly lace, sabbine neckline, brief sleeves and scalloped capelet attached to the shoulders extending to the waistline. She wore matching accessories and a corsage of green cymbidium orchids.

A reception was held by the bride's mother in the Parish House of the church following the ceremony.

For traveling the bride changed to a moss green and beige small-checked butcher linen costume dress with matching accessories and feathered hat and wore the Cathyea orchid lifted from her bouquet.

After a wedding trip to the New England States and Canada, the couple will be at home at 1 Wingfield Place, Alexandria, Va.

The bride was graduated from St. Mary's Junior College of Raleigh and attended the Pan-American Business School, Richmond, Va. For the past two years she has been employed with the Virginia State Health Dept., Richmond.

Mr. Taylor received his B. A. and M. A. degrees from the University of North Carolina and attended graduate school at the University of Virginia and the College of William and Mary. He is a member of Phi Delta Kappa professional honorary fraternity. Mr. Taylor is currently a member of the Groveton High School faculty, Fairfax County Public Schools, Alexandria, Va.

# News And Notes From Bethel

Russ Wilson, grandson of Mr. and Mrs. A. L. Whitley, is now spending some time in Rocky Mount with his mother, Mrs. Eddie Bullard.

Mrs. B. N. Poplin of Norfolk, Va., was a visitor two days last week of Mr. and Mrs. A. L. Whitley.

Miss Eleanor Weeks has recently returned from Virginia Beach where she was a guest of Miss Ruth Roberson.

Mrs. Alva Jackson, her daughter, Ann Jackson, Miss Jane Crandall and Ann's cousin of Colerain, Frieda Ruth White were joined by Mrs. J. P. McDowell, Jr., John Pat and Walton Wilson Cherry of Leggett are spending this week at Atlantic Beach.

Misses Julia Aussell and Abby Rives of Wilson are spending this week with their grandparents Dr. and Mrs. H. L. Rives. They are also guests of Mrs. Frances Rowlett and her daughter.

Miss Candy Roberson of Virginia Beach, spent the weekend visiting Bobby Weeks.

Mrs. F. E. Price, Sr. and her two granddaughters, Susan and Patricia, who have been staying with her for a week, are in Charlotte home of the children. Mrs. Price will stay in Charlotte with her son F. E. Price, Jr. and family for a week before returning to Bethel. Mr. and Mrs. Price have added to their family a son, James Carter. He was born in Charlotte Memorial Hospital, last week.

On Saturday night Mr. and Mrs. F. B. James and children, Larry and Janet, and Mrs. F. C. James and supper with Mr. and Mrs. Roy James and family of Bethel. Last Sunday morning F. C. James and family returned to Charleston.

The Pat Burton Kindergarten will begin in October. The date is to be announced later. Those who wish to attend please contact Mrs. Cleve Burton, Jr. Bethel.

Mrs. D. J. Hillburn and daughter, Emmie Lou, from Wilmington, and Mrs. Russell Davis, Bill and Russ spent Tuesday with Mr. and Mrs. M. T. Whitehurst, her parents.

Mrs. Dalton Whitehurst is now convalescing at home after medical treatment in Bethel Clinic.

Mr. and Mrs. J. H. Foster, Louise, James and Mary Jane from Springfield, Va. spent the weekend with Mrs. Foster's mother, Mrs. J. S. Moore.

Mrs. D. O. Speir and Mrs. J. L. Gurganum have returned from Durham where they attended the local Officers Clinic of the Woman's Society of Christian Service.

### CHAPTER 17

WHIT HENDERSON was busy restocking a shelf with canned goods when Link Asbell walked into his store.

"You," whit accused, with the freedom of old friendship, "are spending more time in town than you are at the ranch these days. What's the matter—no cows to raise out at Big Five any more?"

"Raising cows there and maybe a little touch of hell in other places," Asbell retorted in kind. "Then there's another point. I want you to order in another stove for Big Five—line camp cabin size."

"That sounds like you intend to build again above Rosebud?" "We do. The old stove up there was pretty rickety, and going through the fire didn't improve it any."

The storekeeper finished with the last of the cans and tossed the empty packing case into a corner before asking, "What's the word on Nels Madison?"

"Everything considered, it couldn't be better." "Now that I like to hear!" Henderson exclaimed. "The best of folks, Nels and Mandy." He indicated Asbell's gun. "You, I see, are getting smart."

"It seems to make sense," Asbell admitted soberly. "You know, Whit, when a set of conditions that have held over the years along a range finally begin breaking up, you sure see sides to people you never thought were there. It makes a man wonder."

Outside, hoffs muttered along the street, and over in front of the Imperial a buckboard pulled up, with a rider swinging in beside it. Jonas Dalmar was driving the buckboard and the rider accompanying him was one Wiley Goss.

Jonas Dalmar did not leave the rig immediately. Instead, he sat hunched forward, staring at Link Asbell's horse, tethered further along the hitch rail.

From intent consideration of a Big Five horse, with a rifle slung under the saddle fender, Jonas Dalmar presently straightened and swung his narrow head in a quick survey of the street. After which he droned a few thin words of instruction to Wiley Goss before leaving the buckboard and making his gaunt, angular way into the saloon.

Wiley Goss left his saddle, tethered both his own horse and the buckboard team, then took up position at a corner of the Imperial, tipping a leaning shoulder against the wall and fashioning a smoke while his head swung back and forth, his glance seemingly casual, but nonetheless careful.

From inside the shadowed doorway of the store, Link Asbell these actions and wondered.

"Now there's a lovely pair who act like they might be fixing to raid somebody's hen roost," Henderson murmured. "Or would you say that Jonas Dalmar has acquired a bodyguard? Else why would a hard nut like Wiley Goss be tagging along and keeping such an alert eye on this and that?"

"I'm going over there and find out," Asbell said. "Just why should Jonas Dalmar be so interested in my horse and gear?" "You got a point there," admitted Henderson. "But watch yourself, my friend. Once in my travels I turned over a rock and uncovered a side-winder. That fellow Goss has always reminded me of such."

Asbell moved out, crossing the store porch, dropping off it into the street. He tramped over, ducked under the hitch rail and came up with a quick swing that put him facing Wiley Goss.

"Would you be looking for somebody, Goss? Me—maybe?"

Wiley Goss held his posture against the building, negligently leaning. He took another drag on his cigarette before answering Asbell.

"Why'd I be lookin' for you? You're no interest to me. Can't a man take the sun without bein' asked fool questions?"

"Let's go inside!" Asbell ordered. Intentness deepened Wiley Goss's stare. "Go ahead."

"You, too—and first!" Asbell said. Tautness stole through Goss. "Wrong time of day for a joke, Asbell."

"No joke. We're going into the Imperial, you and me. And like I said before—you first!"

"There," said Wiley Goss, "is something we could argue on."

"So we could," was Asbell's stony retort. "You want to—now?"

Slowly, Wiley Goss pushed away from the building, carefully squaring himself. He measured Asbell again.

Asbell was still then, letting the full pressure of his intent pile up and weigh heavier and heavier on Wiley Goss. Presently the pressure broke through. A big blob of sweat gathered under Goss's hat, squeezed free and trickled down his jaw. He shrugged, mumbling,

"If that's the way you want it, it ain't worth arguing over."

He moved past Asbell with dragging spurs and turned in at the Imperial door, Asbell at his heels.

Ben Dillon was at the far end of the bar, watching the rear door of the room. The door was open and beyond it sounded the rasp of harsh words. And now Frank Dalmar came stumbling through into the barroom.

The upper part of his shirt lay wet and dark against his chest and shoulders. Water ran down from his soaked and tangled hair, streamed across his liquor-punctured face and leaked into his hand and beyond it sounded the rasp of harsh words. With a dazed, uncertain motion he tried to wipe his eyes clear with the back of his hand.

Behind Frank stalked his father, gaunt and contemptuously angry. He carried Frank's hat in one hand and an empty water bucket in the other.

When looking past Frank Jonas Dalmar saw Asbell, he broke off a sneering tirade at his son, dropped the water bucket to the floor, put his free hand on Frank's shoulder and gave him a shove toward the front door of the place.

He nodded to Wiley Goss. "Go with him!"

Goss moved to obey, but Frank came around on his savagely. "Stay away from me!"

Goss shrugged and remained as he was.

Ben Dillon said, "Your horse is at the livery barn, Frank. It was put up for you, last night."

Frank said, "Thanks," turned and went out.

Jonas Dalmar, full of a banked, frustrated anger, had to turn it loose somewhere, so chose Wiley Goss.

"I told you to stay outside and keep an eye on things. Why didn't you?"

Wiley Goss had no answer, but Link Asbell did.

"I persuaded him he'd better come inside with me."

"Now that's taking a hell of a lot on yourself. Just why?"

"A hunch I had," Asbell drawled. "When you drove up you were so interested in my horse and gear, I thought you might be interested in me, too. And when a certain breed of human shows particular interest in me, then I want 'em in front of me, where I can keep an eye on them. Goss, being one of yours—that's where I wanted him."

Jonas Dalmar waved an angry hand. "That kind of talk goes

# House Of Representatives Today Without Delegates

WASHINGTON (AP) — For the first time since 1800, the House of Representatives today found itself without a delegate.

The nation has run out of territories from which delegates may be elected.

The last of a long line of delegates dating back to pioneer days lost his seat in the House last Friday when President Eisenhower proclaimed Hawaii the 50th

state. He is John A. Burns. Today he yielded his seat to Dan Inouye, Hawaii's first elected representative to Congress.

But the House still has a commissioner, A. Fernos-Isern, who represents Puerto Rico, a commonwealth, as distinguished from a territory. A commissioner represents an area not intended to become a state.

Delegates and commissioners have no voting rights in the House, although they can debate with other members and serve on committees. Their pay has been the same as a voting member. They may make motions.

Congress started the practice of allowing territories to send delegates to the House in 1794, when James White took his seat as a delegate from "the territory south of the Ohio River." In 1796, the territory became the state of Tennessee and Andrew Jackson became its first representative in Congress.

In 1800, the House received another delegate, from the "territory northwest of the Ohio River." Two years later the territory was admitted to the union as the state of Ohio.

The number of delegates varied as new territories were carved out of the South, the West, the Northwest and the Midwest. At one time there were 10 delegates in the House, representing the territories of Arizona, Colorado, Idaho, Montana, Nebraska, Nevada, New Mexico, Utah and Washington.

The number fluctuated from Congress to Congress as the territories became states. At the start of the present Congress in 1958, there were only two — from Alaska and Hawaii. Alaska shed its territorial status for statehood last year.

In 1871, even the District of Columbia was given a delegate in Congress, but Congress ended the District's territorial status in 1874 and established a commission form of government.

Puerto Rico, which was ceded to the United States by Spain, was allowed to send a commissioner to the House in 1901. In 1904, the commissioner was given the same powers and privileges as delegates from the territories. The Philippines had a commissioner until the islands became a republic.

The Virgin Islands have no commissioner in the House, but legislation is pending to give them one. Future proposals are expected to propose commissioner representation for other island possessions.

EXTENDED WEATHER OUTLOOK FOR N. C. Temperatures will average about 5 degrees above normal for next five days. Not quite as hot in latter part of week. Total rainfall of one-tenth inch or less in widely scattered thundershowers.

New Jersey fishermen haul in about half a million pounds of lobster each summer.

## Babson

(Continued from Page 4)

be increased — such as ocean-front property and underground resources. The same principle applies to old mahogany furniture, Sandwich glass, and old U.S. postage stamps. This is a good test to apply when buying anything for your home.

round and round, getting nowhere. What are you driving at, anyhow?"

"At anything you want to make of it," Asbell told him coldly.

For the briefest moment Jonas Dalmar's eyes showed a hot glitter. Then he waved his hand again and walked out, a lank, venomous old man.

"Bardo considered Frank Dalmar with angry astonishment. Here was a new Frank, defying any semblance of authority with outright challenging emphasis. The story continues tomorrow.

## Auto Wrecker Offers 'Ransom' For Battlewagon

SEATTLE (AP)—Is the battleship West Virginia worth her weight in scrap iron?

A Seattle auto wrecker says she is willing to put up the scrap to save her from the scrapheap.

The West Virginia, smashed in the Japanese attack on Pearl Harbor but later rebuilt, is now at the Puget Sound Naval Shipyard in Bremerton.

Last week, the Navy sold her to a New York metal company for \$781,289.89. The company said it would scrap the battlewagon on the West Coast because she's too big to go through the Panama Canal.

"It's a crime," said Trudeau. "She's a beautiful vessel. They just don't make them like that any more."

So Trudeau, who has long cherished the dream of a floating museum, got busy on the telephone.

By Sunday, he said, he had put together a group of 105 men — junk merchants, farmers, automobile dealers who had pledged a thousand tons of scrap.

He fired off a letter to the Union Metals and Alloys Co. of New York offering equal tonnage of scrap for the big battleship. Where is the scrap coming from?

Well, said Trudeau, an automobile dealer promised 25 old cars. Farmers pledged their rusty old ploughs. Carnivals and lumber mills chipped in with obsolete equipment, and so on.

How much will it take to ransom the West Virginia? "I don't know," said Trudeau. "I never weighed a battleship."

## Quake Rattled West Coast Area

LOS ANGELES (AP)—An earthquake rattled windows Sunday in parts of Los Angeles and Orange counties.

Residents in Fullerton, Anaheim, East Whittier, Pomona and Covina reported feeling the jolt. There was no damage.

MONDAY AFTERNOON, AUGUST 24, 1959

Sports Scope

by Johnny Hudson

Football is here for East Carolina College. The opening practice is just around the corner and the coaching staff, managers, and trainers will be at full work this week.

As I see it on the eve of another gridiron season, this year—1959—could be a crucial year in football for the local college.

Fate Will Be Determined
The fate of East Carolina's future may not be determined by the coaches or the team itself but could well be determined with the over-all promotion of the games and by support of the people in this area.

Last year was a fruitful fall. The Pirates broke a couple of losing seasons to register a respectable 6-4 record. The personnel losses were few and the Pirates should provide another brand of interesting football this season.

Plans For Better Programs
The college is striving to make two big improvements this fall. First, they hope for more participation in the Pirates Club, the real "bread and butter" of the athletic program.

Under the latter, an attractive and full-scale college program is included. This is a phase that East Carolina has been far behind on in past years.

Bring Fame To Greenville
One of the facts we often fail to realize is that once East Carolina obtained football stardom, it would not only mean prestige to the college but it would bring more business to the merchants of Greenville.

This year, the college has laid out a model program which will consist of thirty-six pages. This would be a tremendous step in making our football games more attractive.

East Carolina is an exception from most of the larger schools. They make small request in comparison. A meeting is not called, checkbooks passed around, with expectations of donations of \$100 - \$500 from each person.

East Carolina is an exception from most of the larger schools. They make small request in comparison. A meeting is not called, checkbooks passed around, with expectations of donations of \$100 - \$500 from each person.

East Carolina is an exception from most of the larger schools. They make small request in comparison. A meeting is not called, checkbooks passed around, with expectations of donations of \$100 - \$500 from each person.

Phants Open 2nd Week Of Practice

The Greenville prep gridders were slated to get down to their second week of work today as they continue twice-a-day workouts in preparation for their September 11th opener against Ahsokie.

Coach Bud Phillips states that morning practices will still be held but the last practice session has been moved from late afternoon to night under the lights at Guy Smith Stadium.

The change in the practice schedule will give the squad a little more rest between sessions and it will also be cooler at night which should allow Phillips and his staff to move at a faster pace.

Only minor injuries were reported during the opening week of practice. Blisters and pulled muscles kept several gridders from full participation with no serious injuries reported from the opening contact work.

Reggie Johnson, a starting guard last season, is the only letterman of an anticipated 15 returnees that has not reported to practice. His absence has forced Phillips to dig for another starter from his 42-man squad.

SCATBACK—Tommy Henderson, a senior, will be one of the halfbacks that Coach Bud Phillips can call on this fall.

New Grid League Will Offer Better Salaries

By HAROLD V. RATLIFF
DALLAS (AP) — The American Football League flexed its muscles today and promised competition for the staid old National Football League with better salaries for both players and game officials.

Most everything is set for the first venture of the newly organized professional league in 1960. Naming of a commissioner and a decision on whether to expand to eight clubs will be handled at a meeting Sept. 12-13 in Los Angeles.

A committee of Lamar Hunt, the young Dallas oil man who founded the league when he couldn't obtain a franchise in the NFL; H. P. Skoglund of Minneapolis and Barron Hilton of Los Angeles was appointed here Sunday at the windup of the circuit's second meeting, to select the commissioner.

Dallas, New York, Houston, Minneapolis-St. Paul, Los Angeles and Denver make up the league and it was explained that all were backed by sufficient money to operate for several years without profit although some of the club owners said they didn't anticipate they would lose anything even at the start.

Big television contracts were considered in the offing and Harry Wismer, the noted broadcaster who is one of the New York owners, said games would be televised in New York on Saturday afternoons. This would conflict directly with the National Collegiate Athletic Assn. game of the week.

Hunt said the league planned to offer 10 per cent more minimum salary than the NFL; that it would also pay the officials more, and that players would receive more money for exhibition games.

Apparently the chances of the league expanding to eight clubs for its first season rest with Seattle. If that city can obtain the University of Washington Stadium it will get a franchise. Then another city would have to be taken in. There are plenty of applications—Buffalo, Miami, San Diego, Kansas City and Vancouver, Canada. The latter wasn't expected to be given much consideration however, because it is in Seattle's territory and besides Hunt said "we wouldn't want to hurt the Canadian League."

The method and date of the league's first draft also will be set at Los Angeles. The draft is to be in December.

Raleigh's Capitals, assured of at least a tie for the Carolina League pennant, can clinch the race with one victory in its six remaining games.

Wilson had a 3-0 lead after six innings Sunday before Winston-Salem began its rally. The Red Birds tied the score with three in the sixth, won it with one in the eighth and added two more runs in the ninth behind the six-hit pitching of Sam McIntyre.

Raleigh, which plays at Winston-Salem tonight, was handed an 8-0 licking by Durham. Southpaw Dickie Smallwood held the Capitals to five hits and rapped out a two-run double to spark the victory.

Greensboro and Burlington were not scheduled. In other games tonight, Burlington is at Wilson and Durham at Greensboro.

Wilson will have to win all its remaining games and the Caps lose theirs for the Tobs to wind up in a tie with Raleigh for the pennant.

Coffman's Blast Marines Twice

Coffman's made it four straight over Camp Lejeune Saturday night as they drubbed the visiting Marines in a doubleheader, 9-6 and 4-3.

The local softball outfit broke the first game open with a five-run fourth inning after blowing a three-run lead. Coffman's had scored three in the first but the Marines had come back with three in their half of the first and then two more in the third to go ahead.

Bill Branley started on the mound and vent the distance although getting off on a shaky start. Ponk was the loser.

Charlie Yates picked up the second game victory although a couple of late inning threats by the visitors almost caused trouble. Yates had a four-run cushion to work on after the third inning but the losers came up with a single run in the fifth and then added two more in the sixth.

Perry Hurls Three Hitter For Tribe

By JOE REICHLER
Associated Press Sports Writer

Until this year trader Frank Lane always has boasted his best deals were those which brought pitcher Billy Pierce and second baseman Nellie Fox to the Chicago White Sox. The voluble Cleveland general manager is now ready to add a third.

On March 21 of this year, Lane traded veteran Larry Doby to Detroit for a utility outfielder who batted only .254 last year. His name? Tito Francona. It has turned out to be Lane's best trade as an Indian chief.

The 25-year-old Francona has been the Indians best hitter ever since he was placed in the regular lineup. He is the league's No. 1 hitter with a .379 batting average, 17 home runs and 64 runs batted in, but has not been at bat enough times to qualify for the top spot officially. Doby, incidentally is in the minor leagues.

Francona hit two home runs Sunday. His first came in the ninth inning of the opener, snapped a scoreless pitching duel between Cleveland's Jim Perry and Boston's Tom Brewer, and gave the Indians a 1-0 victory.

It was the third time this season Tito has hit a game-winning homer in the final inning. His second homer came in the first inning of the nightcap, also won by the Indians 6-2. The sweep advanced the Indians to within a game and a half of league-leading Chicago.

The White Sox lost a full game to Cleveland when they were held to a split in their twin bill with New York. The Yankees won the first game 7-1 but the Sox came back to take the nightcap 5-0.

Detroit trounced Baltimore 9-5 before rain washed out the second game of their scheduled twin bill. It was scheduled to be played today. Washington split with Kansas City, winning the first game 7-3 and losing the second 5-2.

Milwaukee climbed past Los Angeles into second place in the National League by defeating Chicago's Cubs 2-0 while Pittsburgh was taking two from the Dodgers, 9-2 and 4-3 in 10 innings. Cincinnati knocked off St. Louis 5-3. Rain forced postponement of a doubleheader between San Francisco and Philadelphia.

A three-run homer by Minnie Minoos featured Cleveland's five-run blast in the fourth inning, snapping a 1-1 second-game tie. Jack Harshman, doing out only four hits in five relief innings, was credited with his second victory in a week. Young Perry allowed only three hits in posting his ninth victory in the opener.

The seventh was the vital inning in each game of the White Sox-Yankee doubleheader. In the first game, pinch-hitter Enos Slaughter singled in two runs with the bases full to snap a 1-1 tie and give Art Dumar his ninth triumph and Early Wynn his

Boyd, Winfield Tingle, James Hardy, Billy McRoy, James McRoy, Earl Tripp, Bob Dash and Gilbert Hopkins. The game was sponsored by the College View Cleaners.

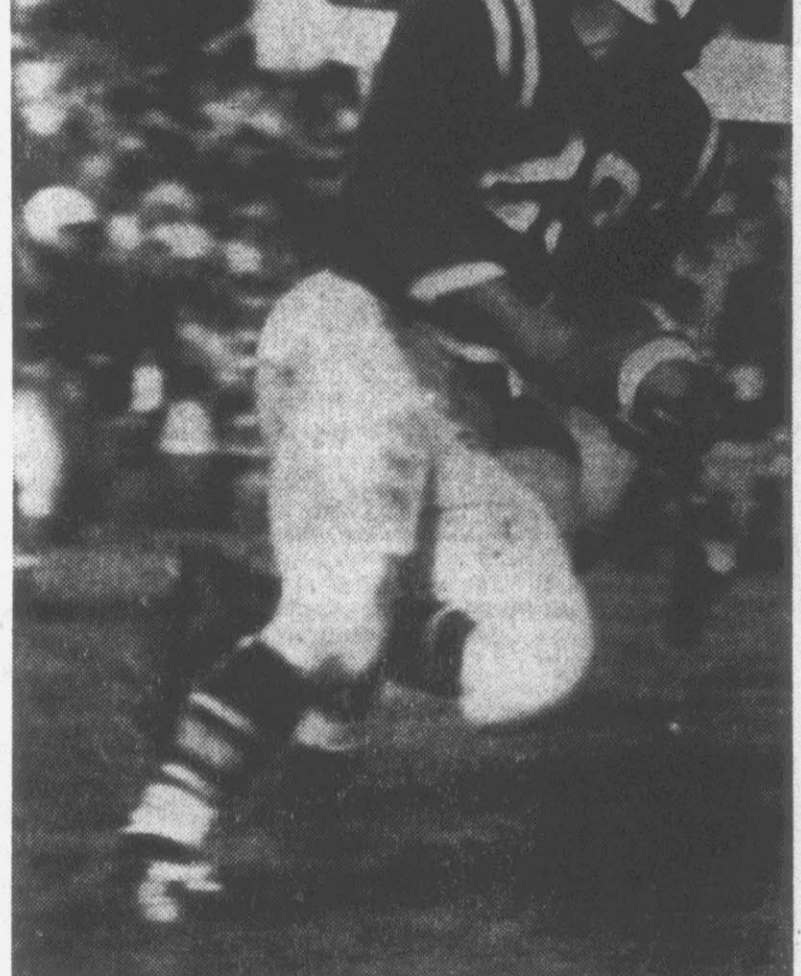

Coffman's ..... 310 500 0-9 Camp Lejeune ..... 302 000 1-6 Camp Lejeune ..... 000 012 0-3 Coffman's ..... 202 000 0-4

eight defeat. In the second game, Sherman Lollar clouted his 19th home run in the seventh to ignite a five-run rally against Ralph Terry. A crowd of 44,250, largest of the year at Comiskey Park, saw young Bob Shaw hurl a six-hitter for his 13th triumph and second shutout.

Eddie Yost hit a grand slam homer and Harvey Kuenn, the league's official leading hitter, had five for five to help Detroit's Frank Lary post his 16th triumph.

Baltimore's Bob Nieman hit two home runs in a losing cause and had another wiped out when rain interfered after a half inning of the second game.

Kansas City scored all its five runs in the third inning of the second game to gain its split with Washington as Johnny Kucki turned in a four-hitter. Camille Pascual won his 12th for the Senators in the opener. He was assisted by second baseman Ker Aspromonte who rapped two doubles and a single.

BACK AGAIN . . . James Speight and No. 29 will once again be familiar to East Carolina football fans this fall. The Greenville halfback will be playing his final year for the Pirates this fall but it should be his best.

Basilio To Fight Fullmer Friday

By ED CORRIGAN
Associated Press Sports Writer

Carmen Basilio steps into the San Francisco Cow Palace ring against Gene Fullmer Friday night.

If you live in the 48 states governed by the National Boxing Assn., the 15-round bout will be for the world middleweight championship.

But if you live in New York or Massachusetts — or your name happens to be Sugar Ray Robinson — it's just another Friday television offering.

The NBC has shorn Robinson of his middleweight title because of inactivity and blessed the Basilio-Fullmer argument as a title brawl. New York and Massachusetts decided to let Sugar Ray keep his title. Neither is a member of the NBA.

So no matter how it comes out, one result will be confusion because there will be two world champions.

As for the fight, Basilio is rated an 85 favorite in the early cover. Each has won the crown from Robinson, then lost it back. In fact, the last time Robinson fought for the title he regained it from Basilio. That marked the fifth time Sugar Ray won it back after losing it.

\$305,000 with another \$175,000 being tossed into the pot by television. Basilio gets 35 per cent of the swag and Fullmer 25 per cent. The bout will be telecast by NBC starting at 9 a.m. EST with the San Francisco area blacked out.

Two other world champions will be in action during the week, both in non-title bouts. Don Jordan, who holds the welterweight title, meets his Los Angeles neighbor, Art Aragon, in a 10 Tuesday in Los Angeles.

Lightweight champion Joe Brown meets Santiago Ramirez of Cuba in a benefit 10 in New Orleans Wednesday.

Rudell Stith, the No. 2 ranking welterweight, shows his stuff for the home folks in Louisville Friday night against Luis Rodriguez, undefeated Cuban welter champion. This is the regular ABC TV offering. Time is 9 p.m. EST.

Wilson had a 3-0 lead after six innings Sunday before Winston-Salem began its rally. The Red Birds tied the score with three in the sixth, won it with one in the eighth and added two more runs in the ninth behind the six-hit pitching of Sam McIntyre.

Raleigh, which plays at Winston-Salem tonight, was handed an 8-0 licking by Durham. Southpaw Dickie Smallwood held the Capitals to five hits and rapped out a two-run double to spark the victory.

Greensboro and Burlington were not scheduled. In other games tonight, Burlington is at Wilson and Durham at Greensboro.

Carolina Loop Sets Playoffs

DURHAM (AP)—The Carolina League will open its 1959 Shaughnessy playoffs Saturday, the day after the season closes.

Directors of the Class B circuit met here Sunday to play the playoffs. They also voted President Bill Jessup permission to proceed toward an eight-team loop next year. Jessup said High Point, Thomasville and Rocky Mount will be given first consideration.

The league's fall meeting was awarded Raleigh on Sept. 22.

Wilson had a 3-0 lead after six innings Sunday before Winston-Salem began its rally. The Red Birds tied the score with three in the sixth, won it with one in the eighth and added two more runs in the ninth behind the six-hit pitching of Sam McIntyre.

Raleigh, which plays at Winston-Salem tonight, was handed an 8-0 licking by Durham. Southpaw Dickie Smallwood held the Capitals to five hits and rapped out a two-run double to spark the victory.

Greensboro and Burlington were not scheduled. In other games tonight, Burlington is at Wilson and Durham at Greensboro.

Wilson will have to win all its remaining games and the Caps lose theirs for the Tobs to wind up in a tie with Raleigh for the pennant.

Nikita's Itinerary In U. S. Is Set; A Pattern For Ike

By GEOFFREY GOULD WASHINGTON (AP) — Soviet Premier Nikita Khrushchev's American itinerary now is official and it apparently sets the pattern for President Eisenhower's later visit to the Soviet Union.

That would seem to cancel any plan Eisenhower might have had for traveling across the U.S.S.R. and returning by way of the Pacific.

Los Angeles is next, Sept. 19, and San Francisco Sept. 20-21. Sept. 22-28 are to be spent at Des Moines, Iowa, with side trips to Ames, Iowa, and probably to the farm of Roswell Garst at Coon Rapids, Iowa.

# OIL IS WHERE YOU FIND IT

Last year, more than 18 million barrels of crude oil were consumed throughout the world every day. For every barrel consumed, the oil industry—currently celebrating its 100th anniversary in America—must find one and a half new barrels to maintain the essential reserve.

This means that the search for new reserves can never stop. And, as the more accessible fields are depleted, oil companies must range to more desolate areas. One of these is the swamps of southern Louisiana. Into this gloomy, jungle-like bayou country come today's explorers, searching for potential oil-bearing formations. These are the men of the seismic crew, such as the Shell Oil group shown in these photographs.

The crew starts out in boats. Men and equipment are carried through winding, narrow waterways until heavy vegetation and marshy banks halt their passage. Then, with trouser legs tightly taped for protection against snakes and leeches, the men go over the side to finish the trip on foot.

Up to their waists in water, members of the party press ahead carrying a supply of explosives, coils of wire, pipe, a gasoline engine and a set of "jugs"—instruments for detecting sound waves the oil men send into the earth as they make their tests.

If the reports are encouraging, the company brings in a huge floating drilling rig. Trees are felled, the swamp is cleared. If oil is found it is pumped into field tanks and from there to barges or pipelines that take it to a refinery.

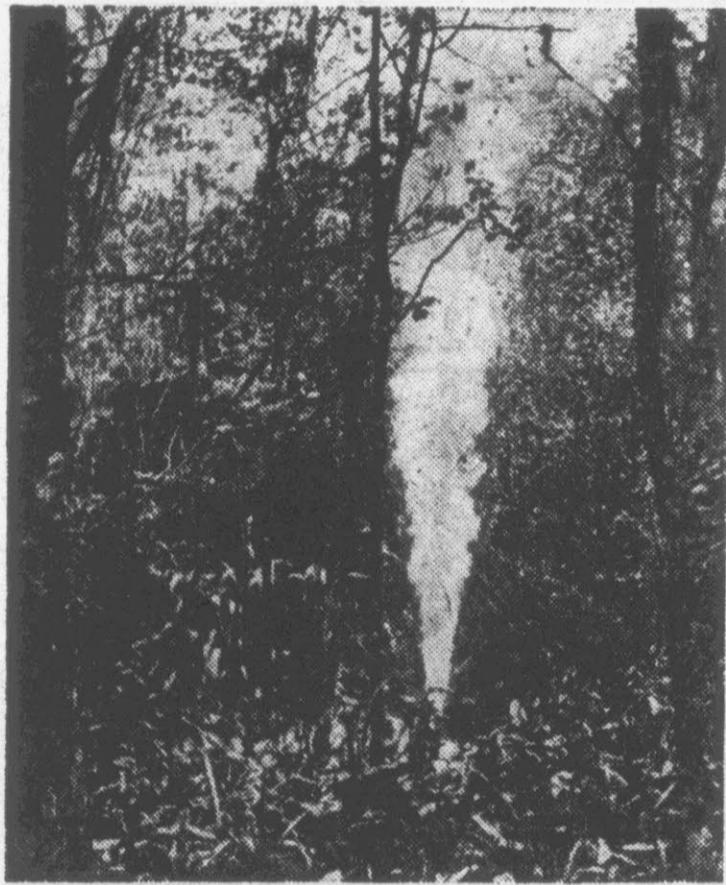

Meanwhile, the seismic crew has been slogging through another area, searching for another promising site. Again, the swamp is cleared, ready for the next drilling rig.

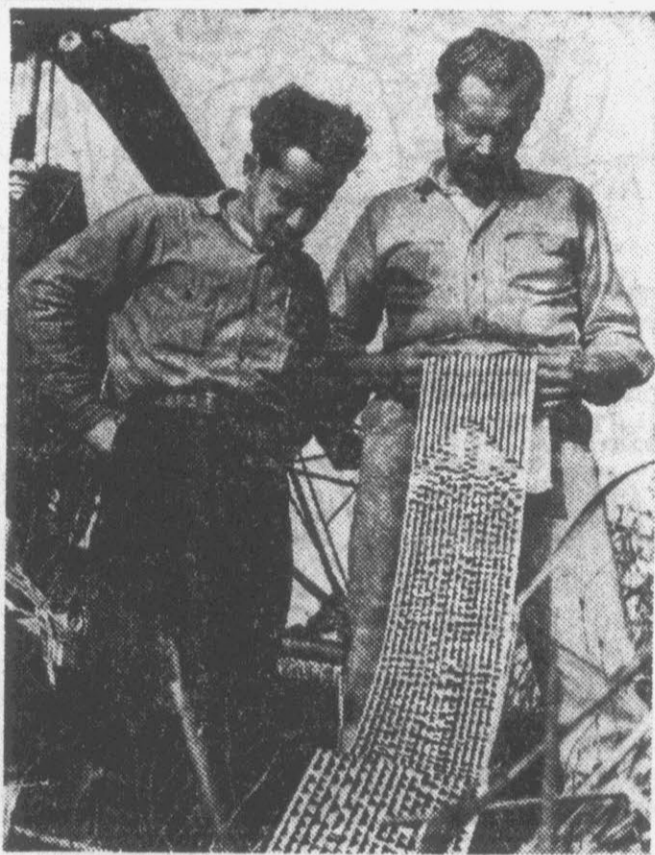

Waist-deep in water, the crew prepares shot hole for seismic blast by pumping water at high pressure into casing as it is wrenched down into swamp mud. A charge of dynamite will then be lowered into casing. Delicate instruments will pick up vibrations from explosion.

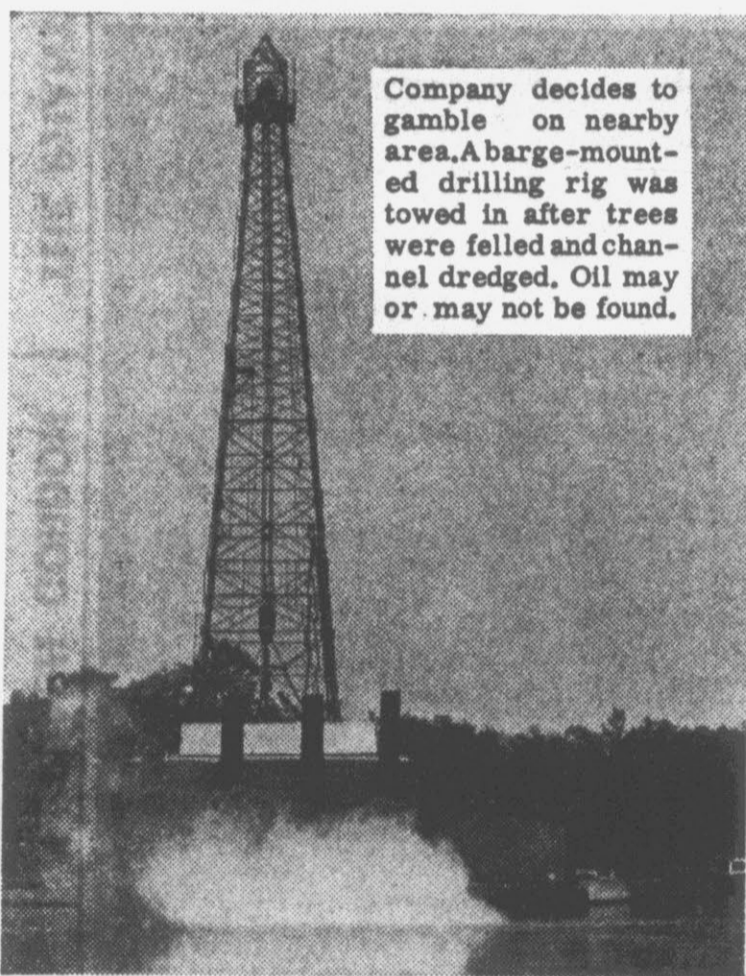

Laden with equipment, crew slogs through swamp in search of oil-bearing formation.

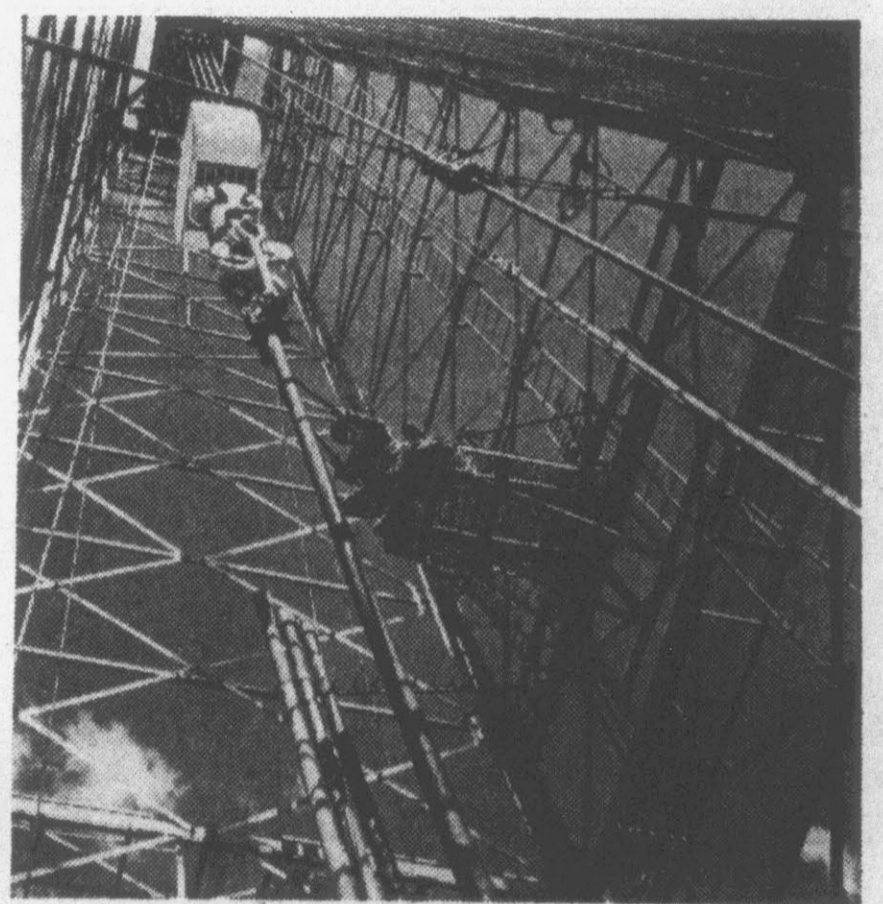

Dynamite is exploded. Vibrations from shot are reflected from formations far underground and recorded on the seismograph.

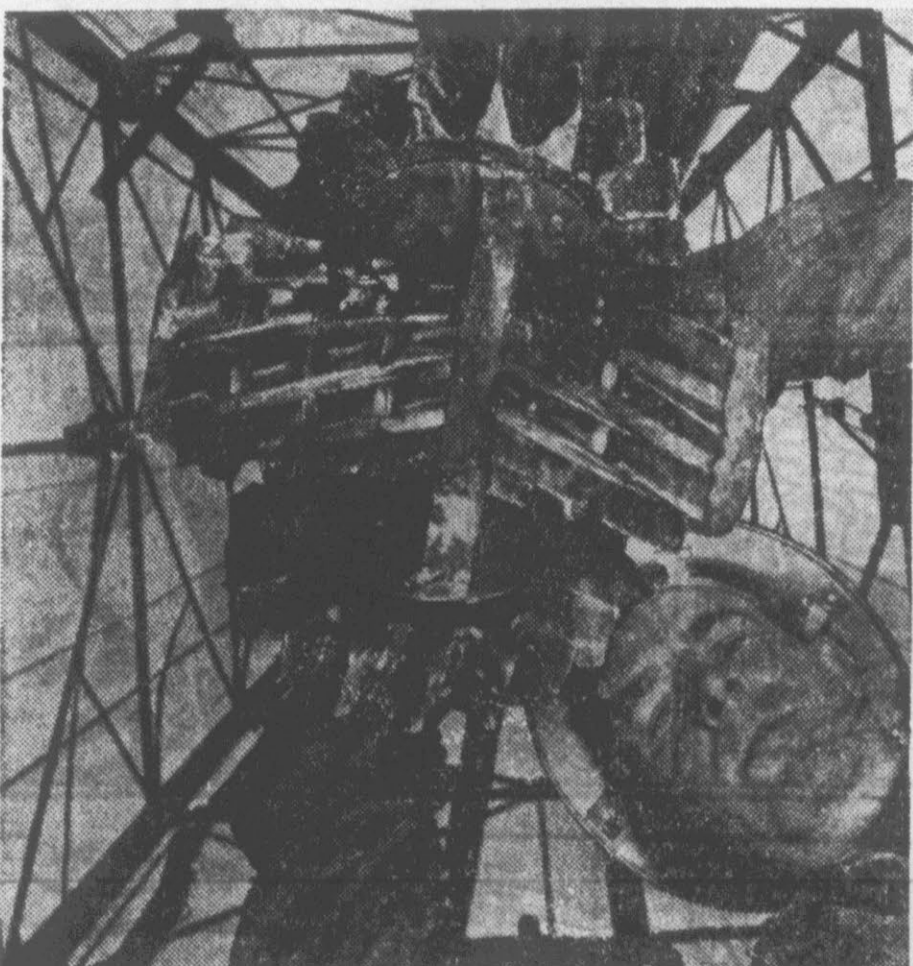

This seismic record is one of many made on job. Correlation of them gives indication as to whether underground formations are favorable to the accumulation of oil.

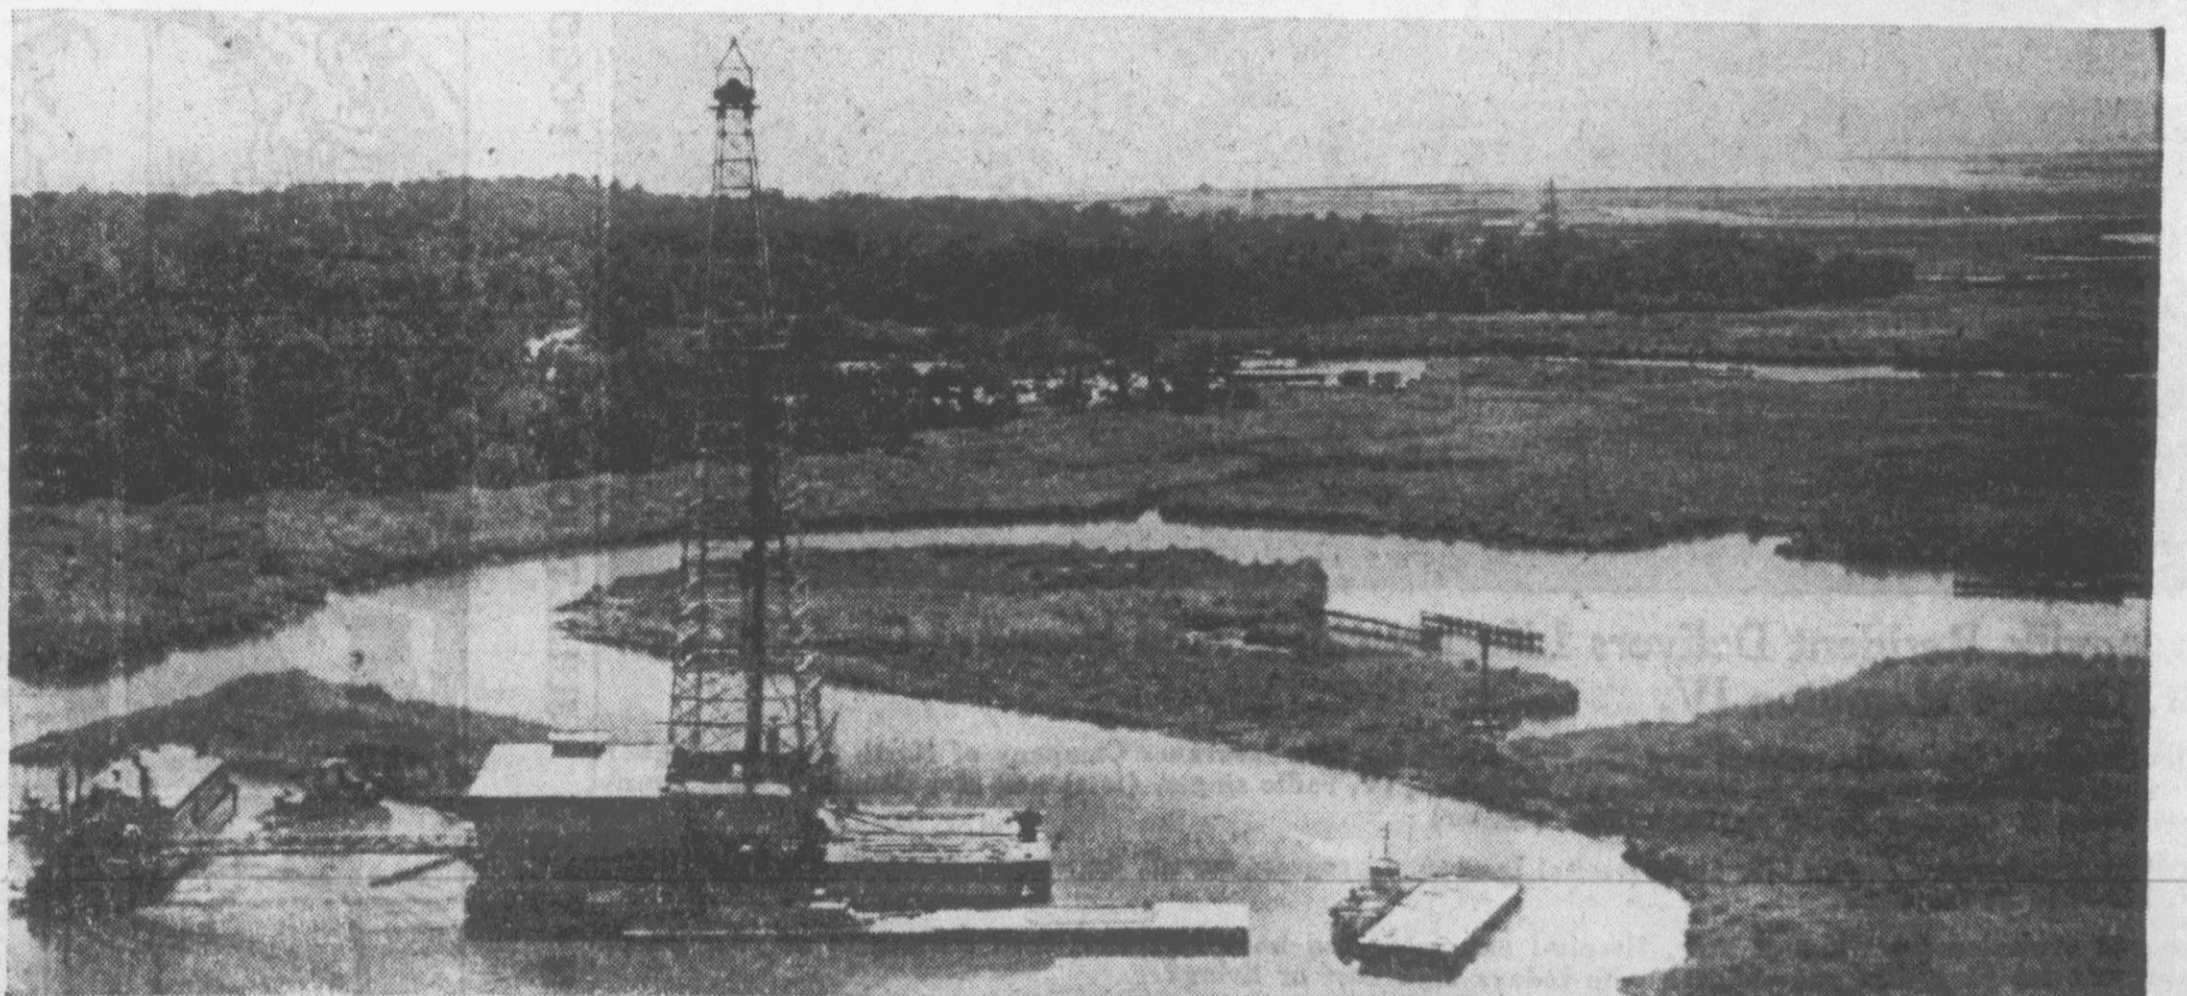

Company decides to gamble on nearby area. A barge-mounted drilling rig was towed in after trees were felled and channel dredged. Oil may or may not be found.

High up on derrick, workman loops free end of a secured rope around pipe, unlatches elevators, and man-handles pipe into racks near his platform.

This is what the drill bit looks from below. The bit and the heavy steel drill stem are hung from the traveling block.

Towering 180 feet, this drilling rig is operating in a Louisiana marshland where oil has been found. Search for new oil fields goes ever on.

NEW YORK (AP) — A church-sponsored truce between street gangs on Manhattan's lower East Side came to a bloody end Sunday night, leaving a 15-year-old Negro girl dead and six other teen-agers injured.

The girl, Theresa Gee, said to be the sweetheart of one of the gang leaders, was cut down on the street by bullets from a passing car.

Police believe the trouble started when one gang, the Sportsmen, invaded the area claimed by another gang, the Forsyth Street Boys. The move set off a chain reaction of violence.

Both gangs were made up of Negroes and Puerto Ricans, according to police.

The two gangs met head on, and Julio Rosario, 14, was stabbed in the back. A bystander, Manuel Cutron, 11, was shot in the face. Both were taken to a hospital in serious condition.

Thirteen blocks away about 20 youths and girls lounged on a street corner. Nearby a street preacher was holding forth. Half an hour after the first clash a car cruised by the corner and six shots rang out.

The Gee girl, reported to be the girl friend of the Sportsmen's leader, fell dead on the sidewalk.

shot in the head. Another girl, Ernestine Singleton, 15, was shot in the leg. Robert Combs, 16, was wounded by another bullet. Both were hospitalized.

A few minutes later in another neighborhood, Luis Santos, 17, dropped with a bullet in his hip. He told police he was shot as he left a movie theater.

Soon after that, police said, a group of Sportsmen found Luis Morales, 15, said to be a former member of the Forsyth Street Boys, walking with a Negro girl.

He told police the five Negro youths slapped the girl around, then dragged him into a hallway and slugged him repeatedly. He was taken to a hospital.

It was the first serious gang violence on the lower East Side in three years. That was when the gangs agreed to a truce, arranged by an Episcopal minister, who brought the gang leaders together to settle existing differences.

Two guns were found near the scene of the fatal shooting.

About 100 police were assigned to the case. They rounded up about 20 youths for questioning.

The lower East Side was once largely made up of Jewish and Italian families. The most recent newcomers to the area are Negro and Puerto Ricans.

## Not Temperamental, But Carroll In Feuds

By BOB THOMAS  
 HOLLYWOOD (AP) — Carroll Baker has had feuds with the director and producer of her last two pictures, but she says she is not temperamental.

Says she: "People say I'm temperamental because they relate my behavior to the way movie stars used to behave. It's not the same thing at all. If I seem difficult, it's because I'm serious about my work. Nothing else matters to me when I'm on the set. And when I get interference, I rebel."

She was vocal in her feelings about Irving Rapper, director of "The Miracle." When a friend asked recently how she liked his direction, Carroll replied: "What direction?"

She told me: "Irving was impossible to work with. He only seems interested in having a good time on the set. I had five death scenes to do in 'The Miracle.' I needed concentration."

"Ella Kazan insists on five minutes of quiet before his actors do a scene. Walter Lang was especially thoughtful in 'But Not for Me.' If I was doing a love scene with Clark Gable and four persons were standing in my line of vision, he'd ask them to move."

"One day on 'The Miracle,' I had to do a death scene outdoors. There were a hundred extras looking on, plus the usual distractions of sunshine and birds, etc. This was how Rapper started the scene: 'Roll 'em. Somebody go over to Sardi's and get Walter Slezak a corned beef sandwich. Action!'"

Told of Miss Baker's remarks, Rapper replied: "I have never engaged in fencing with a personality. But if you'd talk to Bette Davis, Fredric March and some of the other fine actors I've directed, they'd tell you that I am a very strict and severe disciplinarian."

"Fortunately, I have a sense of humor to get over certain incidents."

Rapper told of his first meeting with Miss Baker. He said she said: "Directors do nothing for me."

He said that when he reminded her of her work with Kazan and William Wyler she retorted that the former couldn't direct love scenes and the latter "doesn't know much—I had to tell him everything."

Rapper added: "I'm delighted to be in her company."

Wettest place on earth is Cherrapunji, India, in the Khasi Mountain range. Yearly rainfall there averages 450 inches.

## ABOVEGROUND DOUBLE-WALL SHELTER

AN OUTDOOR aboveground fallout shelter may be built of concrete blocks. It is recommended for houses without basements or for regions where water or rock is close to the surface, making it impractical to build an underground shelter.

Two walls of concrete blocks are constructed at least 20 inches apart. The space between is filled with gravel or earth. The walls are held together with metal ties placed in wet mortar as the walls are built. The roof is a six-inch slab of reinforced concrete, covered with at least 20 inches of gravel or earth. Most people would have to hire a contractor to build this shelter. Plans appear in the OGDM 32-page booklet, "The Family Fallout Shelter." For free copies write: Box Home Shelter, OGD, Battle Creek, Mich.

### Greenville Resident Delivers Life Insurance And Hospital Contract To Mr. George Hamilton IV.

Allan Mozingo, Greenville resident and General Agent for Life Insurance Company of North Carolina (right) is shown delivering a policy to Mr. George Hamilton, IV, radio singer, (left) and Mr. Connie B. Gay, President Town & Country Radio Network, Inc. (center)

Mr. Gay purchased a Group Life and Hospital insurance program for all the employees of the network with Mr. Mozingo as the agent.

Are you protected from loss of time, Hospital expenses, and have sufficient cash coming in at your death to provide for your wife and children with todays high cost of living?

Life Insurance policies, like fire insurance, bought several years ago would not provide for your family in some instances for as much as a year.

Call or See Allan Mozingo for a personal evaluation of your individual needs. No obligation.

## More Work And Less Leisure; Hard To Sell

By SAM DAWSON  
NEW YORK (AP) — You have too much leisure: You don't work hard enough? A presidential fact-finding committee says that's why Americans with their eyes on the better life could be in danger of falling behind the Soviets in a race for survival.

More work and less leisure will be hard to sell to most Americans. But the fact is that their leisure time has increased notably in the last generation. And the sums they will spend this year on fun of various kinds will run to 17 or 40 billion dollars, depending on how much you include as recreation and leisure time activities or lack of them. All agree the sum is strikingly above just 10 years ago.

Products tuned to this latter day leisure time add up to a sizable part of manufacturing.

Some of them are just for having fun. Some have taken on the aura of status—the newer cliché replacing the older one about keeping up with the Joneses.

Defenders of leisure time and fun—and that's almost everyone except those who from time to time can't have either—say the practice is healthy both physically and mentally, and therefore a national asset, not a liability.

Some of the ways Americans spend their money for fun:

Two billion dollars for boating and the same amount on photography. (Bell & Howell breaks the latter figure down to \$85 million dollars in amateur photographic equipment last year.) Film, flash bulbs, chemicals and commercial equipment makes up the rest.

Bowling is said to total one billion dollars a year. (Brunswick-Balke-Collender officials say this includes what bowlers spend at

the centers and on equipment, and what the proprietors spend each year.)

Admissions to spectator amusements add up to 1 1/2 billion dollars. (A business research firm, Sindlinger & Co., of Ridley Park, Pa., says movie attendance is higher this summer than at any time since 1948 with two-thirds of it at drive-ins.)

Spending for radios and TV sets, records, musical instruments, phonographs, tape recorders and repairs are put at five billion dollars.

Americans are putting 600 million dollars into swimming pools this year and 300 million into power lawn mowers. Flower seeds and potted plants take nearly one billion dollars. Bell & Howell figures club and fraternal organizations and parmutel machines getting about one half billion dollars each.

Add one billion for books and maps and two billion for nondurable toys and sports supplies and you're up to 17 billion.

To reach a higher figure you can add some three billion dollars for domestic travel and about as much for overseas travel. Still more billions go into garden equipment, playing cards, outdoor furniture, magazines, newspapers, Sheet music, golf fees and other recreations beyond room to mention — not forgetting the gas it takes to where you think the fun is.

### THERE OUGHTA BE A LAW! By FAGALY and SHORTEN

**JIMMY HOLLAND MOORE**  
vs.  
**BETTY JOYCE ROBINSON**  
MOORE

**TO BETTY JOYCE ROBINSON MOORE:**

You will take notice that a pleading seeking relief against you in the above entitled action has been filed in the office of the undersigned Clerk of the Superior Court of Pitt County asking that the property owned by you and Jimmy Holland Moore as tenants in common be sold for division, such property being located on the northeast corner of the intersection of Library and First Streets, in the City of Greenville, North Carolina, and being known as Lot No. 1 in Block "K" of the Chatham Circle Subdivision, Second Addition.

You will further take notice that you are required to be and appear before the undersigned Clerk of the Superior Court of Pitt County on or before the 18th day of September, 1959, and answer or demur to the pleadings in this cause, or the relief prayed for therein will be granted.

This 30th day of July, 1959.

## Economy-Sized ICBM For U.S.

LOS ANGELES (AP)—The possibility that the United States has an ocean-spanning missile that is smaller and cheaper than anything in Russia's arsenal was raised today by James H. Doolittle.

"In five years we have almost caught up (with the Russians)," the retired Air Force lieutenant general said, "despite the fact that they started an intensive program eight years before we did."

"In some ways we are probably better off than the Soviets because—in all likelihood—we have a more compact, smaller, cheaper ICBM than they have."

Doolittle, now board chairman of Space Technology Laboratories, referred to the intercontinental ballistic missile rivalry in a speech opening a four-day meeting of the nation's space experts. The symposium is sponsored by STL and the Air Force Ballistic Missile Division.

Doolittle admitted Russia has more powerful rocket boosters and said that country has "cleverly exploited" them in space probes.

**Boys Read Of Their Demise**

ST. LOUIS (AP)—Mike Debaets, 16, and Bill Litzinger, 19, were reading a Montana newspaper, five days after both slept through the earthquake in Yellowstone National Park.

"What do you know?" said Bill. "Two of the boys with the rodeo in Lewistown were killed in the earthquake."

Then they saw the names. "It's us, they exclaimed. The boys bolted for

# Stock And Market Reports

NEW YORK (AP)—The stock market edged irregularly lower in dull trading early this afternoon. A few issues showed gains or losses of fractions to about a point.

Aircrafts took some fairly sharp losses, apparently affected by curtailment of defense contracts. Utilities showed a steady tone as some investors took refuge in more stable issues.

After a flurry at the start, trading slackened to a rate even slower than Friday's two million shares.

As the steel labor negotiations remained stalemated, leading steelmakers were mostly on the downside. Motors were mixed.

The big oil stocks were steady. Rails inched downward.

The pattern was mixed among electronics and other "science" stocks.

Losses of about 3 points by such blue chips as Goodyear and Du Pont dragged at the industrial average. Du Pont later halved its loss.

Martin Co. slipped about 3 then recouped a fraction.

North American Aviation fell more than a point. General Dynamics was off about a point. Polaroid was down about 2. Texas Instrument picked up a point. U. S. Steel was off about a point.

The Associated Press average of 60 stocks at noon was off 10 cents to \$229.80 with the industrials off 30 cents, the rails off 30 cents and the utilities up 30 cents. Government bonds edged lower.

RALEIGH (AP)—(NCDA)—Hog prices steady 25 higher. Top of 15.25 to 16.00 at Kinston. New Bern, Benson and Mount Olive; 14.75 to 16.00 at Wilson; 14.75 to 15.50 at Albemarle, House's Mill and Lillingston; 14.75 to 15.25 at Tarboro, Enfield, Scotland Neck and Rocky Mount; 14.50 to 15.25 at Smithfield; 15.25 at Clinton, Fayetteville and Elizabethtown; 15.25 at Bethel, Murfreesboro, Grimesland, Edenon, Sunbury, Rich Square, Harrellsville, Farmville, Castle Hayne, Burgaw and Goldsboro; 15.00 at Lumberton, Dunn, Greensboro, Clarkton, Four Oaks, Whiteville, Clayton and Taylor City; 14.75 at Siler City.

Wilson cash cattle prices weaker: steers and heifers, choice 26.00 to 28.00, good 23.00 to 25.00, commercials 20.00 to 22.00; cows, beef type 16.00 to 18.00, heavy weights 14.00 to 16.50; bulls, light weights 15.00 to 18.00, heavy weights 19.00 to 21.00.

RALEIGH (AP)—(NCDA)—North Carolina poultry markets: fryers and broilers, farm price 15 with few at 15 1/2.

Eggs—prices paid for graded, sized, minimum 80 per cent a quality: Raleigh and Charlotte, about steady, large 39; prices paid on graded out basic: A large 38.

# Share Profits With Employees

RALEIGH—Employees of Win-Dixie Stores Inc., operators of nearly 500 supermarkets throughout the South, this week shared in the company's profits to the extent of \$2,662,867.50, it was announced by J. W. Nease, vice president of the firm's Raleigh division.

The distribution, a record high, was made to 3,585 employees who are eligible for participating in the Employees' Profit Sharing Program through completion of five years' service with the company.

Under the program, the company sets aside a portion of its profits each year for eligible employees. A portion of the funds is paid to employees in cash and the balance is credited to individual trust accounts for retirement benefits.

The latest distribution comprised cash payments totaling \$662,867.50 and allocations to participants' retirement accounts amounting to \$2 million. The total assets of the retirement fund held by the trustees are valued in excess of \$15,660,000, Mr. Nease said.

The employees themselves are not required to contribute any part of the cost of the program. "Our Profit Sharing Program allows our employees to share in the profits they themselves help create," Mr. Nease commented. "Through this program—along with low-cost life, hospitalization, surgical and accident insurance; college scholarships for employees' children, sick pay, stock purchase plan and others—we believe that we have one of the finest employee benefit programs in the nation today."

# Special Venire Expected For Stocks' Murder Trial

Only 24 men remained on the jury list this morning for the curatory term of Pitt County Superior Court which is scheduled to hear the murder trial of 41-year-old Thomas Abner Stocks, indicted for murder of his former wife, Helen Edwards.

After Grand Jury selections were complete, several names were stricken from the list and the persons excused from jury duty by Judge William J. Bundy this morning as the court began its two-week session.

Solicitor Robert D. Rouse Jr. said he expects a special venire will have to be drawn in order to seat a jury, acceptable to both sides, for the Stocks trial which is scheduled to come before the court today.

After the opening formalities, the court dealt with divorce cases most of the morning and it was expected that the Stocks trial would come up this afternoon.

Stocks was indicted last January for the Dec. 20, 1958, murder of his former wife and for assault with intent to kill E. Harvey Lewis Jr. of Tarboro, Lewis was a guest in the home of Mrs. Max Minges, where Miss Edwards was a resident, the night of the slaying.

Police said that Stocks burst into the home on the night of Dec. 20, shot Lewis in the chest, and forced his former wife into his waiting car. Miss Edwards' body was found later that night on Iced-over Hardee's Creek near Port Terminal after Stocks had been apprehended following an auto crash in which the fleeing man received a broken spine.

Special venires can be drawn from Pitt County, some adjoining county, or any other county deputed. Legal specifications, however, place restrictions on when each type of venire can be drawn.

# Several Traffic Mishaps Noted

Several accidents were reported over the weekend by Greenville police, none of which was serious.

Saturday, cars operated by James Albert Cherry, 33-year-old Negro of 212 East Second St. and Mrs. E. B. Thompson of Route 4, Greenville, collided at the intersection of First and Sise Sts.

Police reported only \$40 damage in the wreck and no charges were placed.

Two hundred and fifty dollars damage was reported to a car operated by Robert Lee Shriver, 37-year-old Negro of 614 Clark St. when it collided with a vehicle operated by Thomas Hatten Langley, 38, of Route 2, Greenville.

The collision which occurred at the intersection of Dickinson and Grande Aves. caused an estimated \$40 damage to the Langley car.

Officers charged Langley with having improper equipment as a result of the collision.

Yesterday, a three-car wreck at the Tar River Bridge caused an estimated \$460 damage.

Investigating officers said a car driven by Kenneth Rogers Nelson, 18, address unknown, allegedly struck the rear of a car operated by Dalton Thomas Knox, 19, address unknown, which in turn, hit a third car driven by Hilton Ray Benton of Route 3, Greenville.

Officers set damage to the Nelson and Knox cars at \$200 each and placed damage to the Benton auto at \$60. No charges were placed by investigators.

# Colored News

The Gospel Chorus of Selvia Chapel F.W.B. Church will rehearse at the church on Tuesday night at 8 p.m.

The body will remain at Flanagan and Parker Funeral Home until the time of the funeral.

# Arrest Youth On Larceny Counts

Deputy Sheriffs arrested a Greenville youth in connection with the theft of a sum of money from a rural home over the weekend.

Deputy Sheriff Loyd Manning said James Earl Adams, 18-year-old Negro of 109 N. Washington St., has been charged with breaking, entering and larceny. He is in Pitt County Jail under \$400 bond.

The short woman called the sheriff's department to report the theft over the weekend. She said someone had entered her house sometime Saturday and \$37 was missing from a wardrobe.

She also said \$45 had been taken from her home on Aug. 8.

Adams was arrested following the investigation.

Participating in the investigation in addition to Deputy Manning were Deputy Ralph Tyson and City-County Identification officer Walter Thomas.

# Extermination Fears Voiced

NEW DELHI, India (AP)—Tibet's struggle for freedom from Red China has cost 90,000 lives and the Himalayan kingdom is heading toward extermination, the Dalai Lama claims.

"With more Chinese than Tibetans now in my country, the complete extermination of the Tibetan race in its own motherland is now in progress," the god-king told newsmen Sunday at his exile home in Mussoorie.

Tibet's youthful ruler said he had every reason to believe the Chinese Reds had arrested the Panchen Lama, Buddhist leader, the Communist installed as a puppet in his place.

"After all the Panchen Lama is a man with feeling for his country, people and religion," the Dalai Lama said. "His father is a man of strong will and has been loyal to the people and the religion of Tibet, and the Chinese must have tortured him, and this would have affected the Panchen Lama's feelings."

Reports from the Indian border town of Kalimpong said the Chinese have advised Indians not to visit Tibet either for a pilgrimage or trade purposes.

# More Gasoline Leaks On Street

For the second time this month firemen were called to within a block of Five Points to wash down the streets when an auto gas tank began spilling its volatile contents on the pavement.

Saturday the department's high pressure hose lines washed Evans St. down in front of 416 Evans when a gas tank began to leak.

Two weeks ago firemen answered a similar call to 112 West Fifth St. when a gas tank ruptured there.

Trucks also responded to a call from the Elks Lodge yesterday about 5:20 p.m. when a heating unit blew soot into the building.

Fire officials reported no damage resulted and no fire was prevented.

# Last Rites Set For Mrs. Louis E. Elks

Mrs. Carrie Hardison Elks, 76, widow of Louis Edward Elks, died in Richmond Memorial Hospital in Richmond, Va. Monday morning at 4 o'clock following four weeks of critical illness.

Funeral services will be held at the Wilkerson Chapel Wednesday afternoon at 2 o'clock by her pastor, the Rev. W. W. Knox. Burial will be in Greenwood Cemetery. The body will arrive in Greenville late Tuesday afternoon.

Mrs. Elks, a native of Washington, lived in Grimesland for many years before moving to Richmond in 1942, where she made her home with a daughter, Mrs. Robert Bryant. Mr. Elks died in 1947. She was a member of East Highland Park Baptist Church in Richmond.

Surviving are four sons, Clarence H. of Grimesland, John Edward of Greenville, Harold of Baltimore, Md., and Douglas of Alexandria, Va.; two daughters, Mrs. Clyde Coleman and Mrs. Robert Bryant of Richmond, Va.; 16 grandchildren; eight great grandchildren; and a sister, Mrs. J. J. Morris of Kenly.

# Funeral Held Today For L. W. Edwards

Lennie Wardell (Jaybird) Edwards, Greenville tobacco warehouse operator, died at Pitt Memorial Hospital at 1:15 Sunday morning following a heart attack suffered about an hour earlier. He was 50 years of age.

Funeral services were held at the Wilkerson Chapel at 4:30 Monday afternoon by his pastor, the Rev. Howard James, assisted by the Rev. Harold Tyre of Bath, a former pastor. Burial was in Greenwood Cemetery. Members of the Greenville Tobacco Board of Trade and Elders and Deacons of the Red Oak Christian Church were honorary pallbearers.

Mr. Edwards, son of Mr. and Mrs. Henry Edwards of near Greenville, was born and reared near Greenville and attended Greenville High School. He had been engaged in the tobacco industry for the past 30 years and at the time of his death was operating Keel's Warehouse in Greenville. He was a Deacon of the Red Oak Christian Church, and a member of the Tobacco Board of Trade.

Surviving are his wife, the former Dorothy Tyson, to whom he was married in 1926; a daughter, Alice Lee Edwards, and two sons, Robert Leon and Raymond Wardell Edwards, all of the home; his parents; and five sisters, Mrs. Scott Heath, Mrs. R. G. Page, Mrs. J. T. Braxton Jr., Mrs. S. A. Paramore Jr., and Mrs. J. S. W. Brown, all of near Greenville.

# George W. Pittman Funeral Held Today

FOUNTAIN — George Walter Pittman, 65, a native of Pitt County, died Sunday at his home. He was a member of the Aspen Grove Church, where the funeral services were held today at 3 p.m. by the Rev. L. D. Manning and the Rev. R. L. Norville. Burial followed in the Otters Creek Church Cemetery.

Surviving are his wife, Mrs. Dolly Hayes Pittman; a daughter, Mrs. R. L. Jones of Fountain; four sons, Paul of Fountain, Walter and Henry of Macesfield and James of Wilson; three brothers, Willie of Zebulon, Charlie of Tarboro and Preston of Hookerton; 13 grandchildren.

# Restless Night For Aged Vet

HOUSTON, Tex. (AP)—Walter W. Williams, 116, had a restless night and remains in critical condition, his daughter reported.

"He hasn't been resting too well," Willie Mae Bowles said. "I got a little liquid nourishment down him, however."

Williams, Confederate veteran who is the Civil War's last surviving soldier, has been on the critical list several weeks.

# Farmville Plant Begins Function

FARMVILLE—Farmville's newest industry, the Farmville Manufacturing Company, began operations this morning on schedule as its electric sewing machines arrived here early today.

The machines had been expected last week but delays en route from Des Moines, Iowa, caused this morning's late arrival. The temporary site of the garment factory, the Duke Pontiac-Buick building, was made ready for the new firm's use last week.

Also, Plant Manager, Thomas Anderson arrived this morning to begin the pilot operations of the new plant. A group of 10 women began the training period. It is expected that more will be added next week and each week thereafter for orientation and training until a working force of about 80 is reached.

Ultimate employment is planned to reach between 140 and 150 after the firm moves into a proposed new 30,000-square-foot industrial building which will be financed by the Farmville Economic Council.

# Goldsboro Pair Begin Ski Trip

WASHINGTON, N.C. (AP)—A boy and girl from Goldsboro set out from fog-shrouded Pamlico River early today on what they hoped would be a record non-stop water ski trip to Charleston, S.C.

Miss Linda Thompson, 15, and Ceddie Rose, 20, hope to complete the 335-mile trip in 14 hours. Each is traveling on one ski.

Miss Thompson, daughter of Dr. and Mrs. Winfield Thompson, set an East Coast water ski record of 115 miles in 1957 on a one-ski trip from Washington to Morehead City.

Heavy fog delayed today's adventure an hour and 20 minutes. The two skiers had planned to leave at 4 a.m. Otherwise the weather was fine and the water was calm.

Dr. Thompson followed the two part of the way to Morehead and reported all was going well. The pair expect to skip by way of Waccamaw River, reaching Charleston at 9 p.m. They are being pulled by two 17-foot cruisers powered by 70 horsepower engines.

The skiers expect to average 25-32 miles an hour. They will be fed sandwiches and drinks as they travel.

The current water ski record is held by Johnnie Lacey of Charleston, who traveled from Charleston to Jacksonville, Fla., 325 miles on two skis last year.

# Two Arrested During Weekend

Greenville police received a call yesterday from Pitt Memorial Hospital stating a Negro man had come in with a cut hand.

Investigating officers found Linwood Powell, 22-year-old Negro of Route 3, Greenville at the Emergency Room of the hospital suffering from a cut on the hand. Powell told officers he was cut at the corner of 12th and Railroad Sts. but added, he did not know who cut him.

Police did not locate the one who allegedly did the cutting but they arrested Powell on charges of public drunkenness.

Officers also arrested a 24-year-old Cherry Point Negro on charges of assault with a deadly weapon, carrying a concealed weapon and resisting arrest after the man allegedly threatened several people near 711 Fleming St. with a pistol he was carrying.

Investigators identified the man as Raymond A. Ruffin. He was placed in jail under a \$600 bond.

# Traffic Toll

RALEIGH (AP)—The Motor Vehicle Department's tally of high way deaths and injuries for the period from 4 p.m. Friday through 10 a.m. today:

Killed—14  
Injured (rural)—107  
Killed this year—716  
Killed to date last year—606  
Injured to June 1, 1959—9,124  
Injured to June 1, 1958—7,519
